Chapter 3131 The devil is stunned

In Murong Zhentian's long-standing impression, Ye Feng is just a young man with some potential, but his current strength is not very good.

It still takes various experiences and growth to be worthy of being friends with him.

The main reason why Murong Zhentian protected Ye Feng this time was because of his sister.

Therefore, deep down in his heart, Murong Zhentian, the young master of the Yiyuan Dao Sect, actually did not value the young man Ye Feng very much.

But what happened just now completely overturned Murong Zhentian's outlook on life.

Such a terrifying monster from the primitive ocean could slap Murong Zhentian and the Holy Lord of the Water Sacred Land aside with just one slap.

But he gave in in front of Ye Feng? ??

What is this concept?

This is simply incredible!

Therefore, Murong Zhentian could be said to be completely bewildered at this time.

He stared at Ye Feng, wanting to know the reason for all this.

This incident almost broke Murong Zhentian's Taoist heart.

At this time, Ye Feng looked at Murong Zhentian in front of him, his eyes began to glow red, and his eyes suddenly showed a look of astonishment.

Isn't this guy about to go crazy?

Ye Feng immediately said: "Young Sect Master, don't be excited. This matter is not as incredible as you think. The reason why that unparalleled monster from the primitive ocean gave me a face is because I am the same as him." The relationship between friends is very good, so he gave me this face."

"Is it really?"

Murong Zhentian suddenly showed a hint of gasping in his eyes.

But at the next moment, he suddenly seemed to realize something, and suddenly stared at Ye Feng, and shouted incredulously: "What did you say? The kind of friend who is aloof, like a god, the unparalleled demon, Have a good relationship with you? Such a great demon must be an earth-shattering being. You can actually become friends with that kind of being? And you are also a very good friend? "

Murong Zhentian was even more shocked and stunned at this time.

In the end, the reason was actually that his self-esteem suffered a huge blow.

Originally, Murong Zhentian felt that he must be the most powerful being among the younger generation. Regardless of his background or strength, he was arrogant to everyone.

Even though Ye Feng was so valued by his sister, Murong Zhentian was only a little jealous at most and did not feel that he was surpassed by Ye Feng. \u003c

But now, what happened just now made Murong Zhentianmo stunned to the extreme.

The great demon slapped him aside casually.

But in front of Ye Feng, Ye Feng calmly solved all the crises.

Moreover, Ye Feng only said one very elegant sentence from beginning to end: Can you give me a face?

Just one sentence solved all life and death crises.

This is so elegant!

Too pretentious!

This made Murong Zhentian feel very ashamed.

Unfortunately, I had always looked down on young men like Ye Feng before.

I didn't expect Ye Feng's real connections to be so terrifying.

One sentence made the earth-shattering and unparalleled monster retreat.

While Murong Zhentian was stunned, the eyes of the Holy Lord of the Water Holy Land were filled with deep surprise, but also full of deep awe, staring at Ye Feng.

The Holy Lord of the Water Holy Land had just fought against the Zombie Dragon King.

He deeply understood how terrible and terrifying the other party was!

But such a terrifying and terrifying existence gave Ye Feng a huge face, allowing Shui Sacred Land to escape unscathed within three days.

Uh-huh!

The Lord of the Water Holy Land immediately came to Ye Feng, hugged his fists deeply, and said loudly: "Thank you Ye Feng! From now on, Ye Feng, you will be the savior of our entire Water Holy Land! As long as you say a word from Ye Feng, We are the holy land of water, and we will never frown even when we are on the mountain of swords or in the frying pan!"

Ye Feng looked at the excited Water God Lord with some astonishment. He looked helplessly at the two super masters in front of him who were both extremely excited. He thought to himself, didn't he just say something?

Why does it cause such a big psychological impact on them?

Where is your demeanor as a super master?

However, at this time, Ye Feng did not dwell on anything, but immediately spoke to the Holy Lord of the Water Holy Land: "Holy Lord, now is not the time to talk nonsense, you should quickly gather everyone in the Water Holy Land, we Hurry up and get out of here. In addition to the threat from the primitive ocean, there may also be secret murderous intentions from other hostile forces.

We'd better brace ourselves and prepare for these potential crises. "

When the Holy Master of the Water Holy Land heard what Ye Feng said, he immediately said very seriously: "Okay! I will gather all the disciples of the Water Holy Land now, and during this time, I have also arranged everything so that The members of the most powerful group of elders all form a joint monk formation in the outermost area of the entire team. If there is an enemy secretly attacking on the road, they can make a quick counterattack at any time. "

When Ye Feng heard that the Holy Master of the Water Holy Land had prepared everything, he immediately couldn't help but smile and said, "That's great."

The Holy Lord of the Water Holy Land nodded, and immediately flew towards the depths of the Water Holy Land, and began to gather all the members of the Water Holy Land.

Ye Feng's words bought the Water Sacred Land three full days, which was enough for them to leave here.

At this moment, after the Holy Master of the Water Holy Land left, Ye Feng saw that Murong Zhentian, the young master of the Yiyuan Dao Sect, was still standing there, muttering something unknown.

Ye Feng couldn't help but walked up to the young sect leader helplessly, patted him on the shoulder, and said loudly: "Young sect leader, stop thinking nonsense, don't forget that your mission is to protect me, start a fight. Come on spiritually."

Murong Zhentian seemed to have come to his senses when he heard what Ye Feng said.

But he became more silent than before. The young sect master just nodded and said nothing more.

However, Ye Feng noticed that the young sect master's eyes looked at him. Instead of the indifference before, it turned into one of deep curiosity and solemnity.

In fact, Ye Feng could see a kind of awe for the unknown from the depths of the young sect master's eyes.

Ye Feng was completely convinced by the young sect leader. It is estimated that his words just now made Murong Zhentian think about a lot of things.

But Ye Feng didn't bother to care about this.

Anyway, this time, as long as I can safely bring everyone in the Water Holy Land into the territory of the Yiyuan Dao Sect, it will be fine.

"Brother Ye Feng! I just heard from my father that you were here! I came to see you right away!"

Suddenly at this moment, a sweet sound like a silver bell sounded not far away.

Ye Feng turned around and immediately saw Shui Lingxi, the little princess of the Water Holy Land, with a joyful expression on her beautiful little face. She flew over from a short distance and jumped directly into his arms.

\u003c

br\u003e Ye Feng smiled and looked at the cute little girl in front of him, and said aloud: "How has your training been during this period? You should be able to release some of the power of the innate extreme cold body, right?"

"A body born with extreme cold?"

Murong Zhentian seemed to wake up from his silent state. He stared at Shui Lingxi who was holding Ye Feng's arm and said slowly: "The innate extreme cold body is a very special physique with huge potential. And she is a natural assassin. Girl, would you like to join the secret cabinet I formed? "

Ye Feng's eyes were a little surprised. He didn't expect Murong Zhentian to be so interested in Shui Lingxi's talent, and he even took the initiative to invite him to join the dark pavilion he established.

Ye Feng knew that Murong Zhentian's requirements and standards were very high, and those who could join him were definitely top-notch geniuses.

Shui Lingxi just looked at Ye Feng at this time and said aloud: "I don't want to join some messy dark pavilion, I just want to be with brother Ye Feng."

When Murong Zhentian heard Shui Lingxi say this, the corners of his mouth twitched slightly.

If it were anyone else, if they were invited by him, the young master of the Yiyuan Dao Sect, they would definitely kneel in front of Murong Zhentian instantly, shed tears of gratitude, and declare their allegiance.

Because this is a great reward.

But this time Murong Zhentian met someone who ignored him at all.

Murong Zhentian coughed slightly in embarrassment and said: "I come from the Yiyuan Dao Sect and am the young master of the Yiyuan Dao Sect. If you are willing to join my dark pavilion, you will definitely practice in our Yiyuan Dao Sect in the future. Then you can be with your brother Ye Feng. If you don't join, you can only practice in the primitive forest garrison in the outskirts of our Yiyuan Dao Sect, and then you won't be able to see your brother Ye Feng every day. "

When Ye Feng heard what Murong Zhentian said, his eyes showed a hint of surprise. Unexpectedly, this young sect leader also knew how to use his connections to attract talents like Shui Lingxi who were born with extremely cold bodies.

However, Ye Feng did not stop him. After all, if Shui Lingxi could really join the Yiyuan Dao Sect and become a member of the secret grid established by Murong Zhentian, the young sect leader, he would definitely receive huge training resources.

This is of great benefit to the growth of Shui Lingxi's innate extreme cold body.

However, Shui Lingxi was not moved at all at this time. The cute little girl just stared at Ye Feng in front of her and said very affectionately: "What do you think, brother Ye Feng? I listen to brother Ye Feng in everything! Hehe!"

Chapter 3132 I will come back

Hearing what Shui Lingxi said, Murong Zhentian just twitched his eyelids, as if he didn't expect that Ye Feng had such good connections in the Water Sacred Land.

At this time, Ye Feng looked at Shui Lingxi in front of him and said seriously: "If it is my suggestion, you can join the young sect master's secret pavilion. Because you join the young sect master's secret pavilion, you will be one yuan in the future." You can indeed get good resources from the Taoist sect, and you will grow very fast."

Hearing Ye Feng's words, Shui Lingxi nodded immediately and said, "Okay, since Brother Ye Feng thinks I can join, then I will join."

Murong Zhentian had an awkward expression on his face at this moment, because he did not expect that his identity as the young sect leader for the first time would be somewhat difficult to use in front of others.

It was only because of Ye Feng that Shui Lingxi joined the dark pavilion he established.

If anyone else had this attitude, Murong Zhentian would have kicked her out long ago with her aloof temper.

However, Shui Lingxi's innately extremely cold body really made Murong Zhentian appreciate it very much.

He felt that if Shui Lingxi could be properly cultivated, he would definitely become one of the best in the Dark Pavilion in the future.

Faced with such a peerless talent, Murong Zhentian was naturally unwilling to let go.

This will be of great help in enhancing the overall strength of the dark pavilion he will control in the future.

It has to be said that Murong Zhentian still has some measure of tolerance.

And he is also learning to tolerate everything.

In this case, he is qualified to become the King of Darkness.

If you want to be a lone ranger in the dark, you only need to be decisive and powerful.

But if you want to become the king of darkness and command such a huge force and many geniuses, you need to be very open-minded. After all, the prime minister's stomach can support a boat.

At this moment, Murong Zhentian gave Ye Feng a grateful look.

Then, he looked at Shui Lingxi in front of him and took out a black token from his storage ring.

This black token seems to have been specially created by Murong Zhentian.

He handed the black token to Shui Lingxi in front of him and said in a very solemn voice: "After the entire Water Sacred Land is moved to the primeval forest, you can take this token and go directly to Yiyuan Dao with us. Zong, I will arrange accommodation for you and arrange the following training in the dark pavilion. I am very optimistic about your future."

Shui Lingxi took the black token and didn't feel how noble her status had become or how promising her future was.

She just tilted her head, looked at Murong Zhentian, and said loudly: "Then I can meet brother Ye Feng more often in the future, right?"

Hearing Shui Lingxi's innocent question, Murong Zhenzhen wanted to scold him: He has no ambition! madness!

But in the end he swallowed his breath, forced a smile on his stern face, and said loudly: "Yes, you can meet your brother Ye Feng more often in the future."

"That's great!"

Shui Lingxi immediately cheered.

Uh-huh!

At this moment, the Water God Lord from a distance flew over, looked at Ye Feng, and said loudly: "We are all ready and can leave directly."

Ye Feng looked at the empty surroundings

For a moment, his eyes couldn't help but froze, and he asked aloud: "Where is the person?"

Shui smiled divinely, and suddenly stretched out his hand, holding a palm-sized emerald green bead in his palm.

He said slowly: "This is the Mountain and Sea Pearl passed down by our ancestors. It contains a mountain and sea. Hundreds of thousands of people from our Water Holy Land are staying inside."

"Pearl of the Mountains and Seas?"

There was a hint of surprise in Ye Feng's eyes.

This small bead turned out to be a kind of magic weapon. It can accommodate hundreds of thousands of people, which is very miraculous.

At this time, Ye Feng immediately smiled and said: "That would be great. If hundreds of thousands of people go together, it will be too overwhelming and will attract a lot of potential dangers. In this case, the three of us will be on our way. "

At this time, Ye Feng looked at Shui Lingxi beside him and said loudly: "You also enter the Mountain and Sea Pearl. There will be danger outside."

Shui Lingxi immediately said anxiously, "But I want to stay with brother Ye Feng outside."

Ye Feng smiled and touched the opponent's little head, and said loudly: "It is very dangerous to drive outside. If you are outside, you may drag us down, so you should go into the mountains and seas and be obedient."

Hearing what Ye Feng said, Shui Lingxi nodded a little disappointedly, and then entered the Shanhaizhu, very obedient.

When the Lord of Water God saw this scene, he immediately grinned and said loudly: "Ye Feng, your words are the best. During this time, I have been persuading this girl Lingxi to stay in the mountains and sea pearls. This girl is so stubborn Very, she has been unwilling to wait for you outside, Ye Feng. "

"Ha ha."

Ye Feng smiled slightly, and then said aloud: "Don't worry about Lingxi's future Holy Master. She will directly enter the most mysterious institution of Yiyuan Dao Sect in the future, and her potential is unlimited."

When the Lord of the Water God heard what Ye Feng said, his eyes immediately lit up, but he did not ask any more questions, but said loudly: "Then let's set off directly. Although Shanhaizhu can accommodate hundreds of thousands of people, there are no Reiki provides practitioners with life energy, so ordinary warriors can only survive for half a month in the Mountain and Sea Pearl."

Murong Zhentian suddenly spoke up at this time: "Half a month is enough. Let's get going and don't waste time."

"Okay, let's set off directly."

The Lord of Water God immediately nodded. Although he didn't know the identity of the bodyguard beside Ye Feng, the strength of the other party was very terrifying. He was definitely the top powerhouse of the younger generation in the Yiyuan Dao Sect, and his identity was definitely extraordinary. He was still very polite.

Ye Feng also nodded at this time and said aloud: "As long as we are fast enough and go smoothly along the way, we can reach the virgin forest area in half a day."

Uh-huh! Uh-huh! Uh-huh!

The three of them jumped up at this time, left the empty Water Sacred Land headquarters, and flew quickly towards the Yiyuan Dao Sect in the distance.

The Holy Lord of the Water Holy Land took one last look at the base camp behind him, his eyes seeming to be nostalgic.

After all, this is a place passed down from our ancestors, full of memories.

But now there is no other way but to leave here temporarily and leave home.

There seemed to be a trace of unwillingness in the eyes of the Holy Lord of the Water Holy Land, and he secretly murmured in his heart, "I will come back..." Hearing Shui Lingxi say this, Murong Zhentian just twitched his eyelids, as if he didn't expect it. Ye Feng's connections in the Water Sacred Land are so good.

At this time, Ye Feng looked at Shui Lingxi in front of him and said seriously: "If it is my suggestion, you can join the young sect master's secret pavilion. Because you join the young sect master's secret pavilion, you will be one yuan in the future." You can indeed get good resources from the Taoist sect, and you will grow very fast."

The Holy Lord of the Water Holy Land took one last look at the base camp behind him, his eyes seeming to be nostalgic.

After all, this is a place passed down from our ancestors, full of memories.

But now there is no other way but to leave here temporarily and leave home.

The Holy Lord of the Water Holy Land seemed to have a trace of unwillingness deep in his eyes, and secretly murmured in his heart, "I will come back..."

#### Chapter 3133 Unconditional Agreement

"Lord Water God, you actually want to escape secretly? The grudges we have had for many years should be settled today!"

However, just when Ye Feng and the others left the base camp of the Water Holy Land, they had not walked for a few minutes when a large number of powerful beings rushed out of the surrounding jungle.

The leader was a burly man wearing a golden robe. He was like a giant spirit god, full of violent brute force.

This burly man held a golden steel sword in his hand, and his aura was very ferocious. He stared at the Water God among the three and said loudly: "You want to escape without a fight?"

Obviously, this burly man is also a Holy Lord-level figure, and his cultivation and combat prowess are extremely terrifying.

The breath released at this moment made Ye Feng feel a little suffocated.

Ye Feng suddenly had the urge to become stronger.

Although I have improved a lot in a short period of time after entering the Origin World.

But it is still far behind the real super masters in the world of origin.

At this moment, Ye Feng didn't say much.

Because Ye Feng's main role this time is to connect the Yiyuan Dao Sect and the Water Sacred Land.

In terms of combat effectiveness, it was left to the Master of the Water God and Murong Zhentian, the young master of the Yiyuan Dao Sect.

The Lord Water God wanted to say something at this time, but Murong Zhentian's eyes showed a cold and fierce light, and he said loudly: "Stop talking nonsense, don't waste time, just take action!"

boom! !

Almost at the moment Murong Zhentian finished speaking, Murong Zhentian instantly turned into a black light and disappeared directly on the spot.

Uh-huh!

The next time he appeared, Murong Zhentian had already appeared in front of the burly man. A very small black dagger appeared in his hand and stabbed directly in front of the burly man.

"Golden Yuan Armor!"

br

The burly man was startled. He didn't expect that this young man would appear in front of him in an instant, and he felt a severe sense of life crisis for him.

In an instant, the burly man directly released the powerful armor cultivated in his body.

"Click, click, click..."

Suddenly, a large piece of golden armor immediately enveloped the burly man.

when! !

Murong Zhentian's black dagger pierced the golden armor in front of the burly man's throat, and there was a huge roar immediately.

Although the dagger did not kill the burly man instantly, the terrifying impact made the burly man take a dozen steps back.

"What? So powerful!"

The burly man's eyes suddenly revealed a look of deep horror. He couldn't help but stare at Murong Zhentian and said loudly: "How can you be so young and have a cultivation level comparable to that of a Holy Lord!"

Murong Zhentian said nothing and just continued to attack the burly man.

The Lord of Water God also reacted at this time and directly released his endless waters, charging towards the burly man in an instant.

The burly man immediately shouted: "Lord Water God, if you can fight for a fair fight!"

The Lord Water God just smiled coldly and said: "The winner will live, the loser will die. I have helpers, why not use them?"

When the burly man heard what the Water God Lord said, his eyes suddenly became extremely ugly.

Facing two Holy Lord-level figures, he naturally couldn't beat them.

Uh-huh!

The burly man immediately ran away quickly towards the distance.

When Murong Zhentian saw this scene, he immediately said to the Water God Lord beside him: "Don't chase the poor bandits. The most important thing for us is to get within the scope of our Yiyuan Dao Sect as soon as possible. As long as we reach the territory of our Yiyuan Dao Sect, Within the range, there is no threat."

The Water God Lord immediately nodded and prepared to stop.

But at this time, Ye Feng immediately said: "Hurry up and chase him, beat him up! Kill this saint-level figure! I want his body to be of great use."

In desperation, Ye Feng could only make up a random reason and said: "I need the corpse of a Holy Lord-level person to make elixirs!"

Ye Feng naturally wouldn't say that he was trying to devour this burly man's Holy Lord-level power, so he could only make up a temporary and reasonable reason. .??.

When he heard Ye Feng say this, Murong Zhentian's eyes showed a hint of hesitation.

But I thought about Ye Feng's importance to Yiyuan Dao Sect, and that Ye Feng had also helped him recruit Shui Lingxi, the little princess of the Water Holy Land.

Murong Zhentian immediately nodded and said: "Okay, then, Lord of the Water Holy Land, let's work together to kill that burly man. Anyway, this burly man is the enemy of your Water Holy Land. Killing him can also be regarded as an end. some future troubles."

The Lord of the Water God laughed loudly at this time and said loudly: "Ye Feng said that he needs the body of this golden-armored foreign leader, so naturally I will do my best to help Ye Feng, and I must do my duty!"

boom!

boom!

After saying that, Murong Zhentian and the Water God Lord immediately increased their strength, directly surrounding the burly man and shrouding him in the endless water.

Then Murong Zhentian unleashed a terrifying Wuji attack, frantically destroying the burly man's vitality.

No matter it is Murong Zhentian

, are still the holy masters of the Water Holy Land. Although both of them have holy master level combat power and very noble status, they both agreed unconditionally to Ye Feng's request.

I have to say that if others saw this scene, they would definitely be shocked.

After all, Ye Feng's cultivation level is not high. He is just a young man, but he is able to get two Holy Lord-level figures to take action and work hard for him.

If this scene were to spread, it would probably make many people's eyes pop out in horror.

"You are disgusting!!"

At this time, the extremely powerful and burly man immediately roared angrily.

Boom!

Suddenly, a huge golden soul rushed out of his mind, and for a moment it broke through the area sealed by Murong Zhentian and the Water God Lord.

Boom!

But at this moment, red laser beams suddenly flashed out of Ye Feng's eyes. It was the power of the soul gem, which destroyed the golden soul in one fell swoop.

"Ah! My natal soul!!"

The burly man immediately started to bleed from his orifices and screamed. He never thought that Ye Feng possessed a powerful soul-killing weapon, the Soul Gem.

Boom!

And in the next moment, Murong Zhentian and Lord Shui Shen seized the opportunity and instantly unleashed their own unique moves.

The terrifying energy poured down like a vast ocean from the sky, immediately bombarding the entire body of the burly man and causing him to fall to the ground, killing him instantly. An extremely powerful golden-armored alien leader, a saint-level figure, fell like this!

I have to say that this time, Murong Zhentian, the young sect leader, really came to the right place.

Ye Feng's eyes lit up and he immediately flew towards the place where the burly man fell.

Chapter 3134: Enlightenment all the time

Uh-huh!

At this moment, Ye Feng did not hesitate and directly put the body of the fallen burly man into his storage ring.

Murong Zhentian and Lord Shui Shen, who were standing next to him, saw a trace of surprise in their eyes when they saw Ye Feng's excited look.

They didn't expect that Ye Feng's alchemy would need the corpse of such a strong man. It seemed that the alchemy process was indeed weirder than they imagined.

At this time, the three of them continued on their way, flying quickly in a certain direction in the distance. .??.

On the way, Ye Feng did not hesitate and secretly began to absorb the huge power from the corpse of the burly man in the storage ring.

This burly man is a super strong man on the same level as the Holy Lord of the Water Holy Land, and is the leader of a powerful race.

Therefore, it can provide Ye Feng with a huge amount of energy.

"Rumble..."

Ye Feng immediately felt that his skills had undergone a huge transformation.

Originally, Ye Feng's cultivation had just broken through to the tenth level of the Divine Palace Realm, and it might be very difficult to break through again.

Because if we continue to make breakthroughs, it will be a breakthrough in the entire big realm, not a breakthrough in a small level within a realm.

But even though it was very difficult, after Ye Feng devoured the huge skill of this golden-armored alien leader, he immediately felt that his skill had skyrocketed and his cultivation strength had undergone a huge transformation.

"boom!!"

As Ye Feng's body burst out with a huge and boundless momentum, Ye Feng's cultivation level directly transformed.

From the tenth level of the Divine Mansion Realm, he suddenly broke through to the Half-Step Heaven Realm.

"What?!"

Ye Feng's breakthrough immediately dumbfounded Murong Zhentian and Lord Water God around him.

Why did Ye Feng suddenly break through while walking?

And that's not all.

What shocked them even more was that they almost stared out of their eyes.

"boom!!"

Ye Feng's body once again burst out with an extremely powerful breakthrough momentum.

He actually broke through from the half-step Heaven-Bearing Realm to the real Heaven-Bending Realm first level!

"Depend on....."

Even if it's Murong

Zhentian, the extremely accomplished young master of the Yiyuan Dao Sect, felt stunned at this moment.

The Lord of the Water God also looked quite shocked. He stared at Ye Feng and said, "Master Ye Feng, what are you...?"

"I had an epiphany."

Ye Feng gave this universal reason and said it quite casually.

Murong Zhentian, the young master of the Yiyuan Dao Sect, felt more and more that Ye Feng was becoming more and more unfathomable.

The young sect leader suddenly stared at Ye Feng and said loudly: "Didn't you just have an epiphany a few days ago? How come you have an epiphany again?"

Ye Feng shrugged and said, "I don't know, maybe my talent is just too evil."

Murong Zhentian: "..."

During the next journey, Murong Zhentian, the young master of the Yiyuan Dao Sect, was a little unhappy. He seemed to feel that in addition to his connections, Ye Feng's martial arts talent seemed to be even more powerful than he was at the time.

To put it this way, Ye Feng simply humiliated him, the noble young master of the Yiyuan Dao Sect, in all aspects.

At this time, Murong Zhentian finally admitted that Ye Feng was not someone who relied on his reputation to make a living.

The rest of the journey was uneventful, and basically nothing too dangerous happened.

However, the three of them still encountered many lurking killers, all from the Killer Alliance and other killer forces.

It is estimated that someone hired these killers. It is not known whether they are here to deal with Ye Feng or the Water Holy Land.

However, these killers were basically eliminated by the Water Divine Land and Murong Zhentian working together.

It has to be said that the person who secretly hired the killer this time would never have thought that Ye Feng, an ordinary disciple of the small Yiyuan Dao Sect, would be surrounded by powerful young sect leaders who would personally protect him.

Throughout the whole journey, Ye Feng didn't even need to do anything, he just sat back and enjoyed the results. He also secretly absorbed the skills of many powerful killers, and his cultivation level directly broke through to the third level of Tongtian Realm.

After entering the third level of Tongtian Realm, Ye Feng's actual combat power has also improved a lot, and he can finally be regarded as a true master.

And successive sudden

Broken, Ye Feng had to face the stunned expressions of the two people around him.

In this regard, Ye Feng still gave the same reason: "Don't look at me like that. I don't know why I keep having epiphanies. I have high talent and can't help it."

Murong Zhentian, the young master of the Yiyuan Dao Sect, seemed to really believe Ye Feng's words.

He touched his chin and stared at Ye Feng. After thinking for a while, he said seriously: "Ye Feng, maybe you really have some kind of ancient physique. The ability of this physique is epiphany."

The Lord of the Water God also continued speaking at the side, and said aloud: "Master Ye Feng is extremely talented and possesses the ability of enlightenment that defies the heavens. He will have a bright future, great blessings, unrivaled in the world, and invincible forever." .?? .??

Seeing the serious expressions of the two people beside him, Ye Feng curled his lips inwardly.

How can I have any epiphany or breakthrough?

It was just a matter of secretly devouring the skills of those masters along the way.

However, Ye Feng actually does possess the gift of enlightenment.

That was the wordless heavenly book awakened by Ye Feng's chaotic body when he stepped into the seventh heaven.

However, Ye Feng can only use it once every three months. After enlightening some martial arts inheritance, there is no way for Ye Feng to break through in cultivation, so it is quite useless.

The three of them encountered various obstacles along the way and killed many strong men. After spending three days and three nights, they finally arrived at the primeval forest area around the Yiyuan Dao Sect's territory.

After entering the territory of Yiyuan Daozong, even if the three of them were masters, they couldn't help but breathe a sigh of relief at this time.

During these three days and nights, they were really afraid of encountering some irresistible masters.

Although the Water God Lord and Murong Zhentian are both super powerful, there are some things they cannot resist.

For example, the Zombie Dragon King that Murong Zhentian encountered at the Water Holy Land's base camp made the young sect master almost doubt his life and broke his Taoist heart.

"Great, it's finally here!"

The Water God Lord also breathed a sigh of relief at this time.

Uh-huh!

At this time, he took out the previous Mountain and Sea Pearl, and then released all the hundreds of thousands of disciples and elders in the Water Sacred Land, letting them

They began to settle in this primeval forest area, and then slowly stabilized and continued to develop.

At this time, Murong Zhentian looked at Shui Lingxi among the crowd and said, "Let's leave here together and go to Yiyuan Dao Sect."

Shui Lingxi nodded, then took the initiative to hold Ye Feng's hand next to her, and said with a smile: "Brother Ye Feng, let's go together."

Murong Zhentian rolled his eyes when he saw Shui Lingxi being so enthusiastic towards Ye Feng and yet so indifferent towards him, thinking to himself, as expected, little girls like this kind of people like to be handsome, but don't pay attention to connotation and strength. .

"I am a person of substance."

Murong Zhentian secretly encouraged himself.

"Ye Feng, who is she?"

Suddenly at this moment, a graceful, elegant and cold woman descended from the sky.

It turned out to be the eldest lady of the Yiyuan Dao Sect, Murong Mingyue!

At this time, the eldest lady's eyes were fixed on Shui Lingxi, who was holding Ye Feng's hand, and her tone was inexplicably cold: "It seems that I came at the wrong time."

When Murong Zhentian saw this scene, he immediately glanced at Ye Feng, his eyes were a little proud of watching a good show, and he thought to himself: "Ye Feng, you are such a romantic guy, how will you end up? I didn't expect that my sister came here in advance to greet you. "

But the next moment, what shocked Murong Zhentian was that Ye Feng didn't have any embarrassed expression on his face. Instead, he smiled slightly and said to Murong Mingyue who was not far away: "No, the eldest lady came at the right time."

After finishing speaking, Ye Feng pulled Shui Lingxi beside him and came directly to Murong Mingyue. Then he actually took Murong Mingyue's hand and said loudly: "Miss, let me introduce to you, this is Shui Lingxi. She is the little princess of the Water Holy Land, and she is a very good friend of mine."

When Murong Mingyue heard what Ye Feng said, she didn't get angry. She just glanced at Ye Feng meaningfully, then looked at Shui Lingxi in front of her, showed a standard smile, and said loudly: "Ye Feng and I are too. Very good friend, nice to meet you, Shui Lingxi."

Murong Zhentian, who was standing aside, watched Ye Feng holding the hands of his sister and the little princess of the Water Holy Land respectively. Such a harmonious scene made the young sect leader's face suddenly dull: "How did he do it?"

Chapter 3135 A dangerous choice

No matter how doubtful Murong Zhentian, the young sect master, was about life, after Ye Feng introduced Murong Mingyue and Shui Lingxi to each other, he said, "Let's start setting up the water formation."

At this time, Ye Feng directly took out ice blue beads one by one from his storage ring.

These ice blue beads all exude a very rich water attribute energy.

Uh-huh! Uh-huh! Uh-huh...

Each bead was flying high into the sky at this moment, all pulling together with each other, spreading a water-attributed energy light shield, covering the nearby area.

At this time, Ye Feng's eyes showed a hint of satisfaction.

In this case, the Water Sacred Land can stay here with peace of mind.

As for how it will develop in the future, that is all a matter for the future and there is no need to think about it for the time being.

Many disciples and elders of the Water Holy Land looked up at the sky at this moment and saw a large ice blue light shield covering the entire sky. They felt that all the energy dissipated in the surrounding space and air was water attribute energy. Breathing, their eyes suddenly showed deep surprise.

Originally, everyone thought that after leaving their hometown this time, their future life and living area would definitely be very harsh and difficult.

But now it seems that this place is very good. With this huge water-attribute formation covering the entire forest area, all of them, the water-attribute warriors of the Water Sacred Land, will naturally practice very well.

At this time, many disciples from the Water Holy Land showed deep gratitude in their eyes.

They all looked at Ye Feng, who was not far away, and said respectfully: "Thank you Master Ye Feng for your great kindness. All of us in the Water Holy Land will never forget it!"

At this moment, hundreds of thousands of disciples and elders from the Water Holy Land spoke out together.

\u003e

The sound was so loud that Murong Zhentian, who was not far away, had a hint of surprise in his eyes.

At this time, Murong Zhentian happened to be standing next to Ye Feng, and suddenly saw a scene that no one else could see, that is, there was an ambitious smile in Ye Feng's eyes.

Murong Zhentian's heart suddenly froze, and his eyes showed a deep solemnity.

The young sect leader suddenly understood why his sister asked Ye Feng to complete this matter.

It turned out that it was for the behemoth of the Water Sacred Land.

You must know that the Water Holy Land is not an ordinary force, but a second-tier force second only to the top power such as Yiyuan Daozong, and its background is also very terrifying.

Now the Water Holy Land can be said to be Ye Feng's die-hard fan.

And Ye Feng is Murong Mingyue's subordinate.

In this way, Murong Mingyue controlled the entire Water Sacred Land through Ye Feng.

At this time, Murong Zhentian suddenly flew to Murong Mingyue's side and whispered: "Sister, your subordinates are not necessarily your subordinates. Are you really so confident that Ye Feng will become the great benefactor of the Water Holy Land? "

Murong Mingyue glanced at her brother beside her, and a faint smile appeared on her beautiful and cold face.

She looked at the young man in white clothes who was admired by thousands of people in the sky not far away, smiled slightly, and said slowly: "Don't worry, brother, Ye Feng is not a threat to my future, he may not have this ambition. "

"Isn't this the ambition?"

When Murong Zhentian heard his sister say this, his eyes suddenly showed a look of astonishment.

.

Immediately, Murong Zhentian looked at Ye Feng not far away again, and suddenly realized that this seemingly ordinary young man in white might be much more mysterious than he thought.

...

Next, the water was divinely settled.

Murong Zhentian seemed to have suffered a big blow this time and left silently.

Ye Feng and the eldest lady Murong Mingyue also left the Water Holy Land. ??

As for Shui Lingxi, she planned to stay in the Water Holy Land for a few days to help her father arrange the next plans for the entire Water Holy Land, and then go to the Yiyuan Dao Sect alone to join the dark pavilion established by the young sect leader.

Anyway, Murong Zhentian had already given the tokens exclusive to the members of the Dark Pavilion to Shui Lingxi, and Shui Lingxi could go whenever he wanted.

On the way back to Yiyuan Daozong.

Murong Mingyue suddenly looked at Ye Feng beside him and said: "By the way, I'll tell you some bad news. The leader of the Prince Alliance, the Prince, received the inheritance of the ancient God Emperor in the nest of the ancient sacred mountain. Having stolen the bloodline of the ancient God Emperor, now that our cultivation has greatly increased and our ambitions have been exposed, we may soon have to fight against the Prince Alliance. "

Hearing this, Ye Feng nodded immediately and said, "Even Miss, you are so afraid of that prince. It seems that the prince of the prince alliance is indeed a very scary guy. By the way, the young sect master and this prince, Who is more powerful?"

Murong Mingyue spoke up and said: "The prince is like the legendary son of luck. He is unparalleled in the world. Whether it is inheritance or luck, he is amazing. He sweeps everything with an invincible attitude. My brother and I join forces to understand each other. Dark, his talents can compete with the prince, but now that the prince has obtained the inheritance of the ancient god emperor from the nest of the ancient sacred mountain, and has also stolen the blood of the ancient god emperor, his strength is estimated to increase dramatically. My brother and I may not be able to suppress it if we join forces. live

When he comes back, there will definitely be a huge change. "

When Ye Feng heard Murong Mingyue say this, a trace of surprise suddenly appeared in his eyes, and he couldn't help but say: "It seems that the eldest lady has already made some plans."

Murong Mingyue glanced at Ye Feng, smiled and said: "Sure enough, you still understand me. I do have an immature plan, which is to select all the strongest assassins in the dark pavilion to assassinate the prince."

"Assassinate the prince?"

Ye Feng was stunned and said: "Are you sure that assassinating a person like the prince will work?"

Murong Mingyue stared at Ye Feng and said: "My brother and I cannot show up yet, otherwise we will tear our faces with the prince. So, I hope you can lead this assassination mission. "

"What?"

Ye Feng's mouth twitched, and he said: "The eldest lady and the young master can't beat the prince together, so I'll just die if I go."

Murong Mingyue immediately laughed and said: "If we don't go to assassinate now, the prince is refining the inheritance and bloodline of the ancient emperor in the nest of the ancient god mountain. The will of the ancient emperor can't be subdued casually. It takes at least half a year or even a year. During this time, my brother and I will use various resources to help you grow up, Ye Feng."

Ye Feng was silent after hearing this.

Although Ye Feng was very confident in his talent, the other party was an unparalleled prince.

However, Ye Feng also knew that if he didn't agree, he would not get the huge resources of the eldest lady and the young master.

This is a choice.

A very dangerous choice.

Murong Mingyue didn't say much at this time, just looked at Ye Feng quietly, waiting for Ye Feng's decision.

#### Chapter 3136 The Eighteenth Floor of the Heritage Temple

Murong Mingyue looked at Ye Feng for a while and said, "I don't force you to carry out this assassination mission. You have the right to choose."

Ye Feng suddenly asked: "Is there no other more suitable candidate?"

Murong Mingyue nodded and said: "The most suitable candidate is my brother, but neither my brother nor I can come forward, because if the assassination fails, there is still room for buffering with the prince, and the other killers in the dark pavilion are quite powerful. , but I don't trust them very much, and I think they are not as good as you, Ye Feng, who is the potential talent I value most."

When Ye Feng heard what Murong Mingyue said, he couldn't help but ask: "How long do I have to grow up?"

Murong Mingyue's eyes immediately moved and she said, "You agreed?"

Ye Feng nodded slightly and said aloud: "I can give it a try, but you need to give me the best resources."

Ye Feng knew that this was a huge gamble.

If the bet is successful, Ye Feng can not only get rid of the great enemy of the Prince Alliance, but also achieve huge improvement and growth himself. ??

But once the bet is lost...

That could be the cost of life.

Because the prince is an extremely terrifying figure.

Therefore, no matter what time it is, wealth and danger always go hand in hand.

At this time, Ye Feng's eyes showed a trace of determination and he said: "Okay, I agreed, how much time do I have?"

Murong Mingyue said aloud: "At least half a year, at most a year, it depends on the situation. We specially sent people to observe secretly in the nest of the ancient sacred mountain, and formulate the next assassination plan based on the prince's movements at any time."

Ye Feng nodded and said, "Okay, what should we do next?"

Murong Mingyue stared at Ye Feng and said loudly: "This half year or even a year will be your last..."

Growth opportunities, my brother and I will do our best to cultivate you, so next, you go with me to the inheritance temple of Yiyuan Dao Sect. I will use my identity privileges to choose a powerful inheritance suitable for you. , you should practice this inheritance well in the past six months and be fully prepared for your next mission of assassinating the prince. "

When Ye Feng heard this, he nodded immediately. In terms of inheritance, Ye Feng doesn't think it is too important now, because Ye Feng himself controls a lot.

Ye Feng continued to ask: "What happens after you choose inheritance?"

Murong Mingyue smiled slightly and said aloud: "I have nothing to do with you next. After I take you into the inheritance temple, you need to join my brother's secret pavilion. He will do his best to help you improve your strength from all aspects. , Don't worry, he is professional in this area."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he said loudly: "I believe in the strength of the young sect master, but how is the young sect master going to train me?"

Murong Mingyue said: "I don't know about this, but I believe in his professionalism."

"Um."

Ye Feng nodded slightly and said nothing more.

When the two returned to Yiyuan Dao Sect, Murong Mingyue did not waste any time and took Ye Feng directly to the inheritance temple in the deepest part of the sect.

This was Ye Feng's first time coming to the Heritage Temple.

This is a very huge palace. The entire palace is made of a very special kind of purple crystal. It looks very beautiful, but it is also full of sacredness and grandeur.

Murong Mingyue said aloud: "Ye Feng, this is the inheritance temple. The inheritance temple is very special. Every time you enter it, you can only

You can enter alone, so you can only enter it alone. I have already said hello and no one will stop you. "

Hearing what Murong Mingyue said, Ye Feng suddenly showed a trace of solemnity in his eyes and said, "Okay, I understand."

"correct."

Murong Mingyue suddenly grabbed Ye Feng, who turned around, and said loudly: "The inheritance temple has its own temple spirit, with a total of eighteen floors. After you enter the temple, you must strive to get the temple spirit. As long as you can get the approval of the spirit of the temple, you will most likely be able to obtain the truly precious inheritance in the inheritance temple. Those ordinary inheritances may be very good for ordinary disciples, but for those who are about to be assassinated, As a prince, you don't mean much, so Ye Feng, you must remember to get the approval of the spirit of the temple."

Hearing this, Ye Feng's eyes showed confusion and he couldn't help but ask: "How can I get the approval of the temple spirit? This is my first time and I have no experience."

Murong Mingyue smiled mysteriously and said, "Don't worry, you will find out when you enter the Heritage Temple."

"good."

Ye Feng nodded slightly, and then walked directly in the direction of the Heritage Temple.

When Ye Feng arrived at the gate of the Heritage Temple, he immediately felt a vast and vast feeling.

It was as if his whole body was like a little ant in front of this inheritance temple.

It has to be said that the Heritage Temple is indeed the most core and precious place of Yiyuan Dao Sect. It contains the heritage of Yiyuan Dao Sect passed down from generation to generation, and it is the most valuable place of Yiyuan Dao Sect.

After all, the inheritance temple contains all the inheritance secrets of Yiyuan Dao Sect since ancient times.

The building is gone and can be cast again.

If there are no more disciples, you can recruit them again.

But if the secret book of inheritance is gone, then there is really nothing.

In the world of cultivation, among every major force, the inheritance of secret books is the most important thing, because these inheritance secrets can cultivate a wave of talents for the Yiyuan Dao Sect.

"I hope to get the strongest inheritance..."

Ye Feng murmured, then took a deep breath and stepped directly into the inheritance temple.

For Ye Feng, as the eldest lady said, ordinary inheritance has no meaning at all, and it is not as good as the inheritance and good fortune that Ye Feng has gained through experience outside.

Therefore, since Ye Feng shoulders the important task of assassinating the prince this time, has the privilege to enter the inheritance temple, and has unrestricted access to high-level inheritance, then Ye Feng will naturally do his best to get the best and most powerful inheritance. .

Moreover, Ye Feng must also work hard to obtain the most powerful inheritance, because his future opponent will be the unparalleled prince!

Buzz!

When Ye Feng walked into the Heritage Temple, there was a hint of shock in his eyes.

I saw that the space in the inheritance temple was very vast.

From the outside, the Heritage Temple looks like a very small hall, but inside it is a small world of its own.

At this moment, Ye Feng was standing on the edge of this small world.

This small world has a total of eighteen sky domes, which look full of majesty and grandeur.

"It seems that these eighteen sky domes are the eighteenth floor of the Heritage Temple..."

Ye Feng looked at the vast eighteen domes of the sky and couldn't help but murmur.

Then his eyes became extremely determined, looking at the highest sky: "I must climb to the highest level."

Chapter 3137 The Crown Prince's Greed

Uh-huh!

At this time, the moment Ye Feng finished speaking, he immediately jumped directly to the first level of the sky.

At this moment, Ye Feng came to the first dome of the sky and immediately felt a very terrifying cold air.

This cold air is so terrifying that it can freeze Ye Feng's entire body into an ice sculpture in an instant.

boom!

At this moment, Ye Feng immediately released his own flame.

Wow!

Ye Feng's natal flame immediately surged out from Ye Feng's body.

Like a sea of fire, all the cold air around Ye Feng was burned into water vapor, and all evaporated.

Ye Feng immediately understood. It seemed that in this inheritance temple, if you want to reach the final eighteenth floor, you must pass the test of various harsh environments.

For example, the first level of the sky is filled with extremely cold air, which can instantly freeze all the blood and energy in a warrior's body.

But this cannot stop Ye Feng's speed, because Ye Feng's natal flame is very powerful, and it can completely allow Ye Feng to break through the constraints of countless cold air in this layer of sky.

At this time, Ye Feng's whole body was burning with terrifying flames, as if he had turned into a young fire god. He rushed into the depths of the first sky and flew quickly towards the second sky.

As Ye Feng continued to fly, the cold air became more and more terrifying. In the end, even Ye Feng's flames could only burn within about half a meter of Ye Feng's body, and could not burn further.

But at this time, Ye Feng had already passed through the entire first dome and arrived at the starting point of the second dome.

At this moment, Ye Feng immediately discovered that the biting cold air around him had completely disappeared.

Ye Feng immediately understood that he had passed the test of the first sky.

"Buzz..."

At this moment, Ye Feng suddenly discovered that a large ray of light appeared in the void in front of him.

These rays of light formed chapters of inheritance, emerging in front of him.

Obviously, Ye Feng can choose the inheritance chapter at any time.

However, Ye Feng knows very well that the inheritance of the first level must be

Not great.

So Ye Feng directly omitted the inheritance chapter in front of him and flew towards the second level of the sky.

"Rumble..."

At this moment, the terrifying flame power surged directly towards Ye Feng.

"It seems that the test of the second sky is the burning power of fire."

Ye Feng immediately released his own natal flame and directly began to absorb the burning power of these flames.

What surprised Ye Feng was that the power of flame burning had a very good effect on improving the quality of his natal flame.

At this moment, Ye Feng stopped leaving and began to float in the air. Then he released his own natal flame with all his strength, and then used the ancient Burning Heaven Technique, a set of extremely powerful fire attribute inheritance, to quickly absorb the endless burning around him. flame.

Buzz!

Ye Feng immediately felt that his natal flame was rapidly improving.

This made Ye Feng's heart suddenly filled with joy.

Unexpectedly, the dangerous place that tested his disciples would now become Ye Feng's place of opportunity.

Ye Feng can completely absorb the endless flames in the sky to greatly enhance the power of his own natal flame.

"Boom!"

At this time, streams of extremely powerful flames surged into Ye Feng's body rapidly and continuously.

Ye Feng immediately felt that his flame quality was constantly changing.

Ye Feng's previous level of natal fire was at the beginning of the fifth level.

But now, the quality of Ye Feng's natal flame is constantly being upgraded.

boom!

Fifth-grade mid-level!

boom!

Fifth grade high level!

boom!

Fifth-grade success!

boom!

The fifth level of perfection!

This time, Ye Feng really absorbed it with great pleasure.

His natal flame has been greatly upgraded, directly accumulating to the fifth level of perfection.

At this moment, Ye Feng could feel that once his natal flame was released, it would become the most terrifying burning power in the world.

At this time, Ye Feng looked around, and was suddenly shocked to find that all the flames in the second sky had been absorbed by him.

"This...should not have any consequences, right?"

Ye Feng couldn't help but murmur in astonishment at this time.

But Ye Feng can't control that much now. Anyway, what he needs most now is to improve various methods to help him improve his overall strength.

So at this time, Ye Feng directly entered the third sky.

Wow...

In the third sky, there are all kinds of violent hurricanes.

It even formed a wind blade as sharp as a divine sword.

Those wind blades slashed at Ye Feng's body, and immediately made a "dang-dang-dang" impact, just like a divine sword, making a sound of metal delivery, which sounded very harsh.

However, Ye Feng's chaotic body is strong enough to deal with these hurricanes.

Ye Feng rushed directly towards the direction of the fourth sky, it was simply unstoppable, soaring into the sky!

And when Ye Feng continued to pass through each layer of the sky, what Ye Feng didn't see was that in the endless sky of this small world, there was a huge eye, just like the eye of the world. , looking at him.

This is the spirit of the temple!

The spirit of the temple generally does not take the initiative to reveal an eye.

But this time, a huge eye of the world was directly revealed, which is enough to show that the spirit of the temple attaches great importance to Ye Feng.

And just when Ye Feng was struggling to break through in the inheritance temple.

A place very far away from Yiyuan Daozong.

This is an ancient and wild land.

There are towering trees everywhere, as well as all kinds of miasma, deep water and swamps, and ancient evil beasts roaring at the end of the earth.

In the center of this ancient wilderness, there is an ancient mountain stretching tens of thousands of meters.

Deep in this ancient mountain, the earth shattered, and a huge giant appeared.

The cracks even formed an abyss.

In this abyss, a young man wearing a golden robe, as terrifying as a god, was suppressing an ancient heroic spirit that was roaring up to the sky.

This young man in golden robe is the leader of the Prince Alliance, the Prince!

At this time, the ancient heroic spirit he suppressed was the will of the ancient God-Emperor.

Uh-huh!

Suddenly, above the abyss, a figure wrapped in black clothes flew over, and said to the prince in the abyss: "I'm telling the prince, in the Yiyuan Dao Sect, the eldest lady and the young master have been with a young man in white during this time. He walked very close, as if he was intent on cultivating the young man in white."

While refining the ancient God Emperor, the prince revealed a pair of majestic eyes, looked at the man in black robes above the abyss, and said indifferently: "That young man in white comes from the second level realm outside the Eastern Region?"

The man in black said: "No, the boy in white just came from a lower world and used some special means to sneak into the world of origin."

When the prince heard this, the look in his eyes became even more indifferent, and he said: "I thought the super geniuses from the higher realm turned out to be just ants from the low-level interface. Don't worry about it, Murong Zhentian and Murong Mingyue These brothers and sisters only play some dirty tricks and pose no threat to me. Now you mainly keep an eye on Murong Zhentian's secret chamber to see if he has recruited other latest talents. If so, report it to me immediately. "

The man in black suddenly said: "The young sect leader has really recruited a very special genius recently. She is the daughter of a second-tier Holy Lord, named Shui Lingxi, who has an innate body of extreme cold."

"What did you say?"

The prince's originally indifferent eyes suddenly burst out with a divine light. The divine light was fleeting, but it almost illuminated the entire endless abyss.

The prince's tone seemed to have a trace of greed at this time, and he said aloud: "I need to concentrate on refining this old thing like the Ancient God Emperor now, and I can't get away from it. Black Snake, you go to the Yiyuan Dao Sect and convert this innate cold The body brought it to me. I need this source of extreme coldness in my life to help me resolve the curse of the God of Fire in the ancient sacred mountain. Hahaha, I really can't find it even if I wear iron shoes. It's free of charge. Kung Fu, bring me the innately cold body immediately!"

The man in black who seemed to be called "Black Snake" immediately said respectfully: "Yes, Prince!"

Chapter 3138 Gem of Wisdom

One Yuan Dao Sect, in the inner small world of the inheritance temple.

"boom!"

When Ye Feng smashed the energy beast in front of him with one punch, he immediately breathed a long sigh of relief.

At this moment, Ye Feng had a hint of surprise in his eyes.

Unexpectedly, with such a powerful fighting power, it took him half a day to reach the eleventh level of the sky.

You know, the entire inheritance temple has eighteen floors!

But now Ye Feng actually feels like his strength is about to be exhausted, and he is quite weak.

However, Ye Feng's recovery power is naturally extremely powerful. After recovering a little strength, Ye Feng continued to rush towards the upper level quickly.

For Ye Feng, since he has come to the inheritance temple, he must make good use of this opportunity to get the most powerful inheritance, otherwise his trip will be in vain.

Because Ye Feng knows very well that only the most powerful inheritance can play a huge role in the future against the prince.

Even some rather advanced inheritances are of no use. Only the most advanced and powerful ones are useful.

But just when Ye Feng was about to rush to the twelfth level of the sky, Ye Feng suddenly saw a huge eye suddenly appearing in the uppermost sky of the entire inheritance temple.

Just like the eye of the world, it gives people a deep feeling of palpitations.

"Is this the spirit of the temple that inherits the temple?"

Ye Feng suddenly showed a hint of surprise in his eyes.

He had heard the eldest lady Murong Mingyue say before that there is the spirit of the temple in the inheritance temple.

Only by being recognized by the spirit of the temple can we get the most powerful inheritance.

If you want to be recognized by the Temple Spirit, you must prove your huge potential.

At this time, Ye Feng did not hesitate at all, and continued to explode with his most powerful power, rushing towards the top quickly.

The twelfth level of the sky!

The thirteenth level of the sky!

The fourteenth floor...

Finally, Ye Feng reached the seventeenth floor.

At this time, Ye Feng's body was already covered in scars, but his eyes were still filled with determination and decisiveness.

You must reach the final eighteenth floor to satisfy Ye Feng!

"boom!!"

Just when Ye Feng arrived at the seventeenth level of the sky, a terrifying wave of death suddenly surged towards Ye Feng from all around, submerging Ye Feng in the endless wave of death.

What this layer of the sky tests is obviously the passer's understanding and views on death.

In this regard, Ye Feng did not show an expression of panic on his face. Instead, he faced the terrifying death spree very calmly.

But before Ye Feng could make any move, the Necromancer in his mind suddenly spoke in surprise: "Boy Ye, the power of death outside seems to be very strong, and it will be of great help to me."

When Ye Feng heard this, a look of astonishment suddenly appeared in his eyes, and then he asked in his mind: "Senior Necromancer, what do you want me to do?"

The necromancer from another world immediately said happily: "Didn't you collect my hundreds of thousands of meters tall body of death into the storage ring? Now take it out, I That body of death can actively absorb the power of death in these death crazies, and may be able to rejuvenate my body of death. In that case, at a critical moment, I can enter my body of death and burst out the ancient god of death. the power of."

When Ye Feng heard the Necromancer say this, his eyes suddenly lit up.

If the Necromancer can return to his dead body and regain his vitality, he will definitely be able to explode with terrifying destructive power.

Because Ye Feng knows that this necromancer is a great mage from another world who has just entered the realm of domination. Using the body of death, even if it can only explode one ten thousandth of the power, it is earth-shattering.

Uh-huh!

At this moment, Ye Feng did not hesitate and took out the storage ring he had collected before.

Refers to the body of death within.

The body of death, as tall as a giant mountain, was covered in shriveled parts, like a skinned skeleton hundreds of thousands of meters high.

But now after being taken out by Ye Feng, this body of death is rapidly absorbing the surrounding death frenzy.

The death frenzy that originally posed a huge threat to Ye Feng was now completely absorbed by the body of death.

Ye Feng was hardly affected at all.

Ye Feng was very satisfied when he saw this scene.

Because even if the dead body cannot be rejuvenated, being able to withstand the test of the seventeenth level of the sky for itself has already produced a huge effect.

This means that he can safely enter the last layer of the eighteenth sky and obtain the peerless inheritance in the most powerful inheritance temple.

"Crash..."

As the body of death continued to absorb the surrounding death frenzy, the death frenzy in the entire seventeenth level of the sky gradually disappeared.

It is somewhat similar to the power of fire that Ye Feng absorbed before, almost destroying a place of testing.

Regarding this, although Ye Feng felt a little guilty, he could only let nature take its course now.

"good very good."

At this time, the Necromancer said happily in his mind: "After absorbing so much power of the origin of death, my death body finally glows with some vitality."

Hearing what the Necromancer in his mind said, Ye Feng's heart suddenly moved.

Perhaps, the life of this dead body today may be of great help to him in the future.

When the Necromancer settles into the body of death, even if he can only exert a trace of power, it is definitely a very powerful weapon.

At this time, Ye Feng withdrew the majestic body of death that was hundreds of thousands of meters in front of him, then raised his head and rushed towards the last level of the sky, which was the eighteenth level.

But just when Ye Feng was about to enter the eighteenth level of the sky, he was shocked to find that the eighteenth level

There was nothing in the sky, it was completely empty, but at the end of the world, there was a huge eye that spanned the sky, floating there.

This scene is extremely visually impactful!

Ye Feng felt that all his secrets at this time were unreserved in front of this huge eye that spanned the sky.

What shocked Ye Feng even more was that Emperor Chu suddenly spoke in his mind: "This eye is the gem of wisdom, the most special gem among the nine supreme master gems in the world."

"Gem of wisdom?"

When Ye Feng heard this, his eyes suddenly trembled.

Since ancient times, only the Chaos God Emperor, the most mysterious and powerful master, has evolved nine supreme master gems, scattered throughout the world.

Every domination gem is extremely rare.

Unexpectedly, Ye Feng encountered another domination gem at the highest level of the inheritance temple.

And it is the most special gem of wisdom.

Emperor Chu said aloud in his mind: "It turns out that the spirit of the temple of Yuandao Sect's inheritance temple is the gem of wisdom. But Ye Feng, don't even think about getting this gem of wisdom. The gem of wisdom is the most precious among the nine master gems. The special one has become a living being of its own and belongs to a separate individual living being. It has infinite wisdom and can see through the past, present and future, and know the future destiny. When you face the wisdom gem, it is like facing an old man who has lived for countless years. "

When Ye Feng heard this, he nodded slightly.

Without Emperor Chu's reminder, Ye Feng also knew that to be able to become the spirit of the temple that would inherit the temple, the gem of wisdom had already become a spirit.

Ye Feng slowly stepped forward and stood in front of the huge eye that stretched across the sky. He clasped his fists and said loudly: "Senior, disciple Ye Feng, this time he broke into the 18th floor in order to pursue the inheritance in the temple. Come with the most powerful skills."

Ye Feng didn't say any meaningless nonsense, he directly pointed out his purpose.

Because he knew very well that in front of an existence with infinite wisdom like the Wisdom Gem, playing tricks would have no effect. It was better to get straight to the point and express his truest thoughts.

Chapter 3139 Divination

The eye of the world that spanned the sky derived from the gem of wisdom suddenly made an ancient voice: "I smell the scent of my companions, but they are all lifeless, have lost all spirituality, and have been completely assimilated. I'm a little angry about this."

Hearing such words coming from the Eye of the World, Ye Feng was immediately startled.

Is this wisdom gem angry with me because I have refined several other domination gems?

That would be such a loss.

After finally reaching the highest level of the inheritance temple, he ended up encountering a formidable enemy.

At the next moment, the Wisdom Gem continued to speak: "However, I maintain the highest respect for the greatest Hongmeng bloodline. Young man, you are very lucky."

When Ye Feng heard this, he breathed a sigh of relief.

However, there was also a trace of surprise in Ye Feng's eyes.

Didn't expect that my Hongmeng bloodline, which has not yet awakened, could be so capable of bluffing people?

Even the Wisdom Gem, which is said to have infinite wisdom, maintains such a respectful attitude towards the Hongmeng bloodline.

At this time, Ye Feng couldn't help but feel an inexplicable great yearning for his first-generation ancestor of the Ye family, the most powerful master in the ages known as the ancestor of Hongmeng.

How earth-shattering would that be?

At this time, the Wisdom Gem suddenly spoke again, saying: "You are here to pass on the most powerful secret skill in the temple. Since you have passed the first seventeen levels, then you are indeed qualified to get the most powerful one." Great secret."

Buzz!

After finishing speaking, the Eye of the World transformed into the gem of wisdom suddenly released a piece of golden light. These golden lights formed three boxes in front of Ye Feng.

Ye Feng was about to reach out and take all three boxes.

"You can only choose one."

The Eye of the World spoke.

Ye Feng's eyes moved slightly, but he did not resist. In front of this mysterious wisdom gem with infinite wisdom, it was better to be honest.

Ye Feng was staring at the three boxes composed of golden light at this time, seeming to be considering which one to choose.

Suddenly Ye Feng asked: "Senior, I would like to ask, when the prince came here, which one did he choose?"

Ye Feng knew very well that with the prince's unparalleled talent, he would definitely be able to reach the highest level in the inheritance temple.

The Wisdom Gem immediately spoke out: "The prince has his own unparalleled inheritance, so he has never been to the inheritance temple."

"What?"

When Ye Feng heard what the Wisdom Gem said, there was a hint of surprise in his eyes.

Unexpectedly, the prince was so crazy that he didn't even bother to enter the inheritance temple.

Because Ye Feng knew very well that with the prince's status in the Yiyuan Dao Sect and the fact that there were so many old antiques in the elder group supporting the prince, he could naturally enter the inheritance temple at any time if he wanted to.

But the prince did not enter the inheritance temple, so it shows that the prince is extremely arrogant, but the more arrogant he is, the more terrifying the prince's power and methods are.

At this time, Ye Feng used his Divine Eye of Creation, trying to see through what kind of inheritance was hidden in the three boxes in front of him.

But Ye Feng discovered that his Divine Eye of Creation could not penetrate the barriers of the three boxes.

Ye Feng asked in his mind: "Emperor Chu, Senior Necromancer, do you have any suggestions?"

Emperor Chu said in his mind: "Your divine eye of creation can't even see through it, and there's nothing I can do about it."

The necromancer said with great interest: "Young man Ye, wait a moment, I will use a special divination technique to see if I can choose the best inheritance for you."

"Divination?"

Ye Feng's eyes showed a look of surprise, and at the same time there was a trace of curiosity. This was the first time he heard about the special skill of divination.

A special secret technique.

In his mind space, the Necromancer transformed eighteen turtle shell-like things in front of him, then quickly rotated these turtle shells, and finally arranged them in a special way, and then frowned. , watch carefully.

Ye Feng and Chu Huang were confused and couldn't understand at all.

This magical divination technique should be a secret technique evolved from the alien cultivation civilization of the Necromancer.

At this time, after the divination was over, the necromancer watched it carefully and said slowly: "Boy Ye, choose the box on the far right. This is the result of the divination." ??

"good."

Ye Feng still has great faith in this extremely powerful mage from another world.

Uh-huh!

At this moment, Ye Feng immediately reached out and took the golden box on the far right in front of him.

Seeing Ye Feng pick up the box on the far right, the Eye of the World flickered slightly. It was obvious that Ye Feng had picked up the right box.

At this time, Ye Feng directly opened the golden box in his hand, and inside lay a yellowed ancient book. On the cover, several big words were revealed in Ye Feng's field of vision: "The Immortal Magic Power of the Four Ancient Holy Spirits"

When Ye Feng saw the name of this inheritance, his eyes suddenly showed a trace of surprise. This seemed to be a very special and powerful inheritance.

The Eye of the World transformed from the wisdom gem spoke: "If someone else obtains this set of inheritance, it will be equivalent to wasting the only chance to choose the strongest inheritance, because this set of the most powerful inheritance can be practiced in the world. There are very few people, even the current master of Yiyuan Dao Sect is not qualified to practice. "

When Ye Feng heard what the Wisdom Gem said, his eyes suddenly showed a hint of surprise, and he couldn't help but say, "Is it such an exaggeration?"

"certainly."

The Wisdom Gem said aloud: "If you want to practice this kind of inheritance, you must be able to withstand the extreme

The blood energy of the four ancient Holy Spirits, and young man, you have the strongest Hongmeng bloodline, so you should be able to withstand the blood power of the four ancient Holy

Spirits. Others, even the descendants of some ordinary masters, cannot withstand the four ancient Holy Spirits. However, your Hongmeng bloodline is the greatest bloodline, surpassing ancient and modern times, and is enough to carry the bloodline of the four holy spirits. "

Hearing what the Wisdom Gem said, Ye Feng's eyes suddenly showed joy.

It seems that the divination skills of the old master Necromancer are still very accurate. This set of inheritance is the strongest inheritance of Yiyuan Dao Sect.

The Wisdom Gem suddenly asked: "Don't you rely on luck? I see you hesitated. You must have a special method to choose this inheritance. It is very suitable for you. Someone is secretly helping you. ? And it is an earth-shattering existence, with the ability to predict all unknowns. "

Hearing what the Wisdom Gem said, Ye Feng suddenly showed a look of surprise on his face.

It seems that the other party is indeed a wisdom gem with infinite wisdom, and he has basically made a rough guess.

However, Ye Feng did not answer this. He just smiled and said: "Senior, since I have obtained the strongest inheritance, I will take my leave first."

The wisdom gem suddenly spoke: "If you want to successfully cultivate this set of powerful inheritance, you must find the blood of the four great holy spirits from the ancient times and refine them into your body, so that you can achieve great success."

"What?"

When Ye Feng heard what the soul gem said, his eyes suddenly showed a look of astonishment, and then he couldn't help but said: "In today's era, endless years have passed since the ancient times, how can I find the blood of the four holy spirits? ? Even if the four great holy spirits still exist in the world, with my current strength, I don't dare to provoke them. Even the leader of the Yiyuan Dao Sect, I'm afraid I don't dare to provoke the four great holy spirits from the ancient times, right?"

After Ye Feng knew this, he suddenly felt that choosing this inheritance might be a trap, because he didn't have the conditions to practice it at all.

Chapter 3140 Alien Beast Breeding Farm

Ye Feng understood that this set of inheritance actually required the blood of the four ancient holy spirits to be able to practice, and his face became a little stiff.

Unexpectedly, the conditions for cultivating the powerful inheritance he received were so harsh.

Not only does one need to possess the supreme bloodline and bear the power of the four Holy Spirits, but one also needs the natal bloodline of the Four Holy Spirits as a pulling force to start this inherited path of practice.

If the wisdom gem in front of him wasn't a very scary ancient creature, Ye Feng would have even wanted to yell at him. He actually put this kind of inheritance out for him to choose. Isn't this a trick to himself?

At this time, the Necromancer said in his mind: "Boy Ye, it's not that I'm cheating you. The ones selected for divination are the most powerful and the most suitable for you. I just didn't expect that the conditions for practice are so harsh."

Ye Feng's heart suddenly sank when he heard the Necromancer say this.

I worked hard to break into the last level, but got a set of powerful inheritance that cannot be cultivated immediately.

Really unlucky.

Because the reason why Ye Feng entered the inheritance temple this time was to obtain a set of powerful inheritance that could be cultivated immediately, so that he could practice it to a great extent and use it to fight against the terrifying figure of the prince.

Unexpectedly, I got a tasteless one.

Perhaps in the future Ye Feng can collect the natal bloodlines of the four holy spirits to practice this set of inheritance.

But it won't be of any use in a short period of time.

What Ye Feng needs now is to grow up in a short time.

Ye Feng didn't believe that he could find the bloodline of the four holy spirits in just half a year.

Emperor Chu suddenly spoke up at this time: "Ye Feng, the four ancient holy spirits are Qinglong, White Tiger, Xuanwu and Suzaku. Among them, Qinglong and Xuanwu both live in the primitive ocean area. Maybe you can ask, now The Holy Master of the Water Holy Land in the Yiyuan Dao Sect's outer camp may have some information. As for the two holy spirits, White Tiger and Suzaku, one should live in the deep water swamp, and the other lives in the Flame Mountain area. Among them, Ye Feng, you have awakened the talent of enlightenment. In the past six months, if you can find the blood of the four holy spirits, you can instantly enlighten your powerful inheritance to the state of great success."

Hearing what Emperor Chu said, Ye Feng nodded slightly, but did not become optimistic because of it.

Because although there is some hope, it is not very promising.

But Ye Feng is really planning to ask the Holy Lord of the Water Holy Land.

After all, this Holy Lord-level figure lives in the primitive ocean all year round.

Moreover, the origin of the Water Sacred Land is in the primitive ocean.

Maybe he really does have some inside information.

It just so happened that Ye Feng was going to the Water Holy Land this time, so he could take Shui Lingxi, the little princess of the Water Holy Land, to the Yiyuan Dao Sect and enter the secret pavilion of Murong Zhentian, the young sect leader.

Shui Lingxi's talent of being born with an extremely cold body cannot be wasted like this. She needs to enter formal practice as soon as possible so that she can grow quickly and explode with powerful power as soon as possible.

After thinking about everything, Ye Feng clasped his fists at the Wisdom Gem in front of him and said, "Senior Wisdom Gem, since I have received this powerful inheritance, let me leave first."

But just there

When Ye Feng just turned around, the wisdom gem suddenly said: "I have infinite wisdom, and sometimes I can even predict the future. I saw the bloody disaster from you. You are so anxious to cultivate this kind of power." Inheritance, is it to fight against the prince you just asked?"

It has to be said that it is difficult to have secrets in front of the wisdom gem.

The wisdom gem possesses infinite wisdom and can predict what a person wants to do through just a few words.

Ye Feng nodded slightly and said loudly: "Yes, I do want to fight against the prince. As for the bloody disaster..."

When he said this, Ye Feng grinned and said loudly: "I never believe in the so-called illusory destiny. I only believe that man can conquer nature!"

Uh-huh!

After saying that, Ye Feng took firm steps and turned around to leave.

Behind the scenes, the last voice of the Wisdom Gem came: "You inherit the greatest Hongmeng bloodline. Please respect your life and don't act recklessly. The fall of Hongmeng bloodline is a loss to the entire origin world."

Ye Feng did not respond to the Wisdom Gem, but left the Heritage Temple directly.

When Ye Feng walked out of the inheritance temple, the eldest lady Murong Mingyue was still waiting outside.

Seeing Ye Feng coming out, Murong Mingyue immediately stepped forward and asked with some anticipation: "Ye Feng, what level of inheritance have you obtained?"

Seemingly noticing that Ye Feng's face was a little ugly, Murong Mingyue immediately smiled and said: "Don't be too discouraged, no one can get the strongest inheritance in one go. As long as you can get the fifteenth level, even The inheritance of the sixteenth level is already a very powerful inheritance. My father, the master of the Yiyuan Dao Sect, practices the inheritance of the seventeenth level. "

"What I got is the eighteenth level, the top inheritance." Ye Feng said aloud.

"What?!"

Hearing what Ye Feng said, Murong Mingyue immediately couldn't help but said with some ecstasy: "Have you obtained the strongest inheritance? Have you been recognized by the spirit of the temple?"

Ye Feng nodded slightly and said: "However, that set of powerful inheritance is very difficult to cultivate. It requires the blood of the four ancient holy spirits as the medicine to start the inheritance."

"The bloodline of the four ancient holy spirits?"

When Murong Mingyue heard what Ye Feng said, her originally ecstatic expression turned slightly solemn.

At this time, Murong Mingyue suddenly grabbed Ye Feng's hand, walked quickly in a certain direction not far away, and said loudly: "Come with me to the exotic beast breeding farm of our Yiyuan Dao Sect."

Ye Feng's eyes showed surprise: "Exotic animal breeding farm?"

"Um."

Murong Mingyue nodded and said: "The Alien Beast Breeding Farm is a place where our Yiyuan Dao Sect specializes in breeding all kinds of rare and exotic beasts. There are alien beasts in it that are specialized for fighting, as well as those that are used as food supplements, and there are also those that assist in cultivation. Alien beasts, anyway, there are many different types of alien beasts, all of which are accumulated by our Yiyuan Dao Sect from generation to generation. Alien beasts

with various special bloodlines. Perhaps among these alien beasts, there are four ancient holy spirits. Heir of blood."

Ye Feng's eyes suddenly brightened up when he heard this, and he said loudly: "That's right, it doesn't have to be the blood of the four ancient holy spirits themselves. As long as it is the descendant of the four great holy spirits, there is a trace of the holy spirit. I can extract the blood through alchemy and use it as a medicine!" Ye Feng's face became a little stiff when he realized that this set of inheritance actually requires the blood of the four ancient holy spirits.

Unexpectedly, the conditions for cultivating the powerful inheritance he received were so harsh.

Not only does one need to possess the supreme bloodline and bear the power of the four Holy Spirits, but one also needs the natal bloodline of the Four Holy Spirits as a pulling force to start this inherited path of practice.
