Chapter 3141 Looking for the Bloodline of the Holy Spirit

Next, the two of them didn't waste any time and flew directly towards the Yiyuan Dao Sect's exotic beast breeding farm.

Soon, under the leadership of Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, the journey was smooth and they arrived directly at the alien beast breeding farm area.

At this time, Ye Feng immediately saw that there was a huge grassland in front of him, and the entire grassland was shrouded in a special formation.

There are a huge number of alien beasts living in this grassland, and each alien beast exudes a very terrifying evil spirit, giving people the feeling that they are ancient evil beasts that have traveled through the ancient wilderness.

Ye Feng's eyes suddenly lit up when he saw so many strange beasts, each of which contained a huge amount of blood energy.

Ye Feng couldn't help but look at Murong Mingyue beside him and asked: "Miss, can I get all these strange beasts?"

"cannot."

Murong Mingyue was shocked by Ye Feng's bold idea. She rolled her eyes at Ye Feng angrily and said loudly: "Even my father, the head of the Yiyuan Dao Sect, has no right to decide whether the entire alien beast breeding farm has aliens." The ownership of the beast, let alone the younger generation like me, you should hurry up and look for the bloodline of the four ancient holy spirits. If you can find the bloodline heirs of the four ancient holy spirits, I may be able to use some of my eldest lady's privileges to go secretly bring out the blood heirs of the four great holy spirits."

At this time, hearing what Murong Mingyue said, Ye Feng could only temporarily give up his crazy idea of swallowing up the entire alien beast breeding farm.

Ye Feng nodded slightly and said aloud: "Then let's look for it and see how our luck is."

Uh-huh!

Uh-huh!

At this time, Ye Feng and Murong Mingyue both jumped into the exotic animal breeding farm in front of them.

Murong Mingyue didn't know how to search, so she could only follow Ye Feng and help Ye Feng observe the surrounding situation.

If someone stops them, Murong Mingyue can reveal his identity.

Buzz!

At this time, Ye Feng exuded his huge soul power, covering a large area of the surrounding alien animal breeding farms.

However, Ye Feng's soul power is not yet able to cover the entire alien beast farm. After all, the alien beast farm covers an area that is too large.

It is simply an endless prairie!

Ye Feng even felt that he had arrived in an era where evil beasts roared and fought for hegemony.

At this time, Ye Feng said aloud in his mind: "Emperor Chu, you try your best to stimulate the power of the soul gem, and also help me explore the blood and aura of the four ancient holy spirits."

Emperor Chu immediately nodded in his mind and said aloud: "Okay, don't worry, although the area of this exotic animal breeding farm is extremely wide, with the speed of the two of us exploring, we should be able to cover the entire breeding farm very quickly. The whole place was searched."

"Um."

Ye Feng nodded, and then quickly flew around.

Uh-huh!

At this time, Emperor Chu also turned into a red light, struck out from the center of Ye Feng's eyebrows, and searched in another direction.

The two of them search separately from different directions, so the efficiency will be very high.

"Roar....."

There are many powerful evil beasts living in the entire alien beast breeding farm, and there are continuous beast roars everywhere.

Although Ye Feng's current cultivation level has been raised to a very good level, there are some evil beasts that Ye Feng can feel, and he has a frightening feeling. They are obviously more powerful than Ye Feng.

This made Ye Feng sigh inwardly. The Yiyuan Dao Sect's strength was indeed very powerful, and it was able to keep so many extremely powerful ancient evil beasts in captivity.

If these ancient evil beasts are combined with human warriors, they will become the most terrifying evil beast cavalry on the battlefield that frightens the enemy. They are extremely destructive and more terrifying than some heavy weapons of war.

Buzz!

Suddenly at this moment, a silver-white snake suddenly charged towards Ye Feng, and actually attacked Ye Feng.

Obviously, many evil beasts in this breeding farm have not been completely tamed. Ye Feng rushed in and instantly aroused the hostility of many evil beasts.

At this time, Murong Mingyue, who had been following Ye Feng, immediately took action.

A long sword emitting bright light appeared in her hand, and she smacked the big silver-white snake directly. Instead of killing the big snake, she slapped the big silver-white snake with the blade of her sword. In the distance, a piece of land was smashed.

The silver-white snake immediately realized the terror of Murong Mingyue and ran away, disappearing in the blink of an eye.

Murong Mingyue did not kill the big snake. She looked at Ye Feng, who seemed a little confused, and said slowly: "Every evil beast here is cultivated by the staff of our breeding farm with hard work. So even if I don't kill them directly, it will definitely be a huge loss. These are powerful evil beasts that can arm our Yiyuan Dao Sect cavalry in the future."

When Ye Feng heard what Murong Mingyue said, he immediately nodded slightly. This time, he completely gave up the idea of devouring the blood and energy of these evil beasts.

At this time, Ye Feng concentrated on searching for the breath of the four ancient Holy Spirit bloodlines.

"Um?"

Suddenly at a certain moment, Ye Feng seemed to sense something, his eyes suddenly lit up, and he said loudly: "Miss, I seem to have sensed a very special kind of fluctuation of the blood of the ancient Holy Spirit, but I don't know which kind it is. Descendants of the ancient Holy Spirit."

When Murong Mingyue heard what Ye Feng said, her eyes showed surprise, and she quickly said, "Then let's go over and have a look."

For Murong Mingyue, if she can help Ye Feng find the original bloodline left by the Four Ancient Holy Spirits, Ye Feng can practice the most powerful inheritance from the Heritage Temple, the immortal magical skills of the Four Ancient Holy Spirits.

Then Ye Feng's next strength will be greatly improved, and the success rate of assassinating the prince will also be greatly improved.

Murong Mingyue doesn't have any pressure now. The only pressure comes from the domineering prince who wants to gain control of the Yiyuan Dao Sect.

Therefore, as long as she can help Ye Feng improve her strength and successfully assassinate the prince, she is willing to do anything, even if she is about to kill a precious spiritual beast with the blood of one of the four ancient holy spirits.

Swish!

At this time, Ye Feng and Murong Mingyue quickly rushed in that direction.

"This is....."

When they arrived at their destination, both of them had a hint of shock in their eyes.

In front of the two of them, in a huge quagmire, lay a huge turtle with an emerald-colored shell. Its aura was unfathomable and ancient. Next, the two of them didn't waste any time and flew directly towards the Yiyuan Dao Sect's exotic beast breeding farm.

At this time, Ye Feng said aloud in his mind: "Emperor Chu, you try your best to inspire the power of the soul gem, and also help me explore the blood and aura of the four ancient holy spirits."

Emperor Chu immediately nodded in his mind and said aloud: "Okay, don't worry. Although this exotic animal breeding farm is extremely wide, with the speed of the two of us exploring, we should be able to cover the entire breeding farm very quickly." The whole place was searched."

When they arrived at their destination, both of them had a hint of shock in their eyes.

In front of the two of them, in a huge quagmire, lay a huge turtle with an emerald-colored shell. Its aura was unfathomable and ancient.

Chapter 3142 Emerald Turtle

Murong Mingyue looked at the huge turtle not far in front, and couldn't help but show a trace of fear in her eyes, and said loudly: "Ye Feng, this emerald turtle is probably very powerful. You should step back first." A little, let me see if I can beat it?"

At this time, Ye Feng's eyes showed a hint of thinking, and he said aloud: "The aura exuded by this emerald turtle has the blood aura of the 'Xuanwu' in the ancient Holy Spirit. Miss, be careful, this The giant turtle may have very ancient magical powers and methods."

"OK."

When Murong Mingyue heard Ye Feng's reminder, she immediately nodded, then holding the long sword emitting bright light in her hand, she slowly approached the emerald turtle not far away.

"Roar....."

The moment Murong Mingyue approached the emerald turtle.

boom! !

The Emerald Turtle immediately sensed the enemy's appearance, and instantly a divine light erupted from his body.

Rumble...

His huge emerald-colored turtle shell unexpectedly expanded rapidly at this moment, becoming the size of a mountain, full of majesty and vastness.

It has to be said that this emerald turtle is worthy of being the descendant of the ancient creature Xuanwu. Even if it may only contain a trace of Xuanwu's blood, it can still burst out with terrifying and boundless magical power.

"Thousands of swords and bright moon!"

boom!

At this moment, Murong Mingyue didn't hesitate and directly unleashed her strongest swordsmanship.

The long sword in his hand suddenly burst out with tens of thousands of divine light, and then condensed thousands of great swords of light, and also merged with the power of the bright moon in the sky, and instantly bombarded the emerald turtle not far away.

"Rumble..."

These sword lights are extremely gorgeous, and each sword light is full of extremely terrifying killing power.

Things to know

Dao, Murong Mingyue's cultivation is very powerful, and she is the leader of the younger generation in the Yiyuan Dao Sect, second only to the prince and his brother Murong Zhentian.

Therefore, Murong Mingyue's all-out attack at this time was still very terrifying.

After those sword lights bombarded the shell of the giant emerald turtle, they immediately smashed the shell of the emerald-colored turtle, causing terrifying cracks. The entire huge body of the giant emerald turtle couldn't help but move back. He took several steps back.

When Ye Feng saw this scene, his eyes suddenly lit up.

I have to say that Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, is really powerful, and her fighting power is really terrifying.

If it were him, it would be impossible for him to be the opponent of this Emerald Turtle now.

"Roar!!"

At this time, the giant emerald turtle also realized how terrifying Murong Mingyue was, not as weak as it initially imagined.

This is a very terrifying human master!

At this moment, the giant emerald turtle roared loudly, and sprayed out a beam of emerald-colored light directly from its mouth. It was full of extremely terrifying destructive power. It could penetrate the sky and hit Murong Mingyue in one fell swoop.

"Sacred Shield!"

Murong Mingyue shouted coldly, and a palm-sized silver shield suddenly rushed out from his body.

The shield quickly rotated and grew in size in front of her, directly blocking the light beam released by the giant emerald turtle.

At this moment, the entire silver shield was shaking violently, which was enough to show how terrifying the light beam attack released by this emerald giant turtle was.

However, the attack of the giant emerald turtle did not have much impact on Murong Mingyue.

Murong

There are too many magic weapons in Mingyue's body, and they are too powerful.

The giant emerald turtle relies entirely on the magical power of its own bloodline, and it is difficult for it to parry a human practitioner like Murong Mingyue who has all kinds of trump cards.

"Vault of Holy Light Technique!"

boom!

At this moment, Murong Mingyue took advantage of the emerald turtle attacking her shield, and Murong Mingyue immediately jumped directly into the sky.

Then a very ancient and terrifying killing technique was displayed. .???.??

Buzz!

At this moment, in the dark sky behind Murong Mingyue, the dark clouds suddenly dispersed, and a bright moon appeared.

The light of the bright moon shone on Murong Mingyue's body, filling Murong Mingyue with a sacred and supreme feeling at this moment.

She has arrived like the moon goddess!

Murong Mingyue's whole body turned into a bright moonlight, which hit the ground directly in an instant, and instantly bombarded the emerald turtle.

"Pfft!"

Although the Emerald Turtle was extremely powerful, it was unable to resist Murong Mingyue's terrifying attack.

In an instant, his entire body was pierced by Murong Mingyue's holy light.

"Roar!!"

The giant emerald turtle immediately let out an earth-shattering roar and tried to escape into the distance.

At this time, this evil beast was really scared.

It senses life-threatening danger.

Boom!

But at this moment, Ye Feng had already blocked the way of the giant emerald turtle.

boom!

Ye Feng wears the Poseidon Crown on his head, releasing the power of three divine gems.

Three extremely terrifying shock waves instantly hit Ye Feng's head.

The Poseidon Crown struck out, instantly scattering the last bit of life force of the giant emerald turtle.

"Boom!"

The next moment, the huge body of the Emerald Turtle, a very rare descendant of Xuanwu, finally fell to the ground and completely perished.

At this time, Ye Feng finally breathed a sigh of relief, finally knocking down the emerald turtle.

Uh-huh!

Murong Mingyue landed from high altitude. Ye Feng saw it. The eldest lady's face was also a little pale. It was obvious that the terrifying attack that broke out at that moment was almost Murong Mingyue's strongest force and consumed a huge amount of money.

At this time, Ye Feng immediately clasped his fists and said a little gratefully: "This time, I really want to thank you for your help, otherwise I would not be able to subdue this terrifying giant emerald turtle."

Murong Mingyue just nodded slightly, and then said aloud: "Look at how to extract the Xuanwu bloodline from the body of this emerald turtle, don't waste the opportunity."

"good."

Ye Feng nodded immediately and walked directly to the body of the giant emerald turtle.

It is actually very simple for Ye Feng to extract the Xuanwu bloodline of this giant emerald turtle.

As long as he releases his Devouring Domain and devours all the blood energy of this giant emerald turtle, it will be fine.

The Xuanwu bloodline contained in the blood energy will naturally be integrated into Ye Feng's body.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain.

Buzz!

Suddenly, a large devouring domain directly enveloped the entire body of the Emerald Turtle.

Murong Mingyue, who was standing aside, saw a hint of surprise in her eyes when she saw this scene.

Because Ye Feng's method seemed very magical.

Chapter 3143 Emperor Chu is trapped

"Boom!"

Along with Ye Feng's devouring, the huge blood energy contained in the body of the emerald turtle was continuously extracted by Ye Feng and injected into Ye Feng's body.

At this moment, Ye Feng's skill was greatly improved.

You must know that this emerald turtle can compete with Murong Mingyue, the eldest lady of the Yiyuan Dao Sect.

And it's an ancient evil beast.

Therefore, the blood energy contained in the body is as vast as the vast ocean.

At this moment, Ye Feng didn't even have time to carefully sense the breath of Xuanwu blood. He immediately felt that his cultivation level was about to break through quickly. ??

boom!

The fourth level of Tongtian Realm!

boom!

The fifth level of Tongtian Realm!

boom!

The sixth level of Tongtian Realm!

boom!

The seventh level of Tongtian Realm!

At this time, Ye Feng's cultivation level simply achieved a huge breakthrough.

Breaking through the fourth level in a row!

This made Murong Mingyue, who was standing next to her, dumbfounded.

She had never seen such a weird and terrifying way of breakthrough.

At this time, Ye Feng sucked up the entire emerald turtle.

The huge body of the emerald turtle had shriveled up and then turned into fly ash.

At this time, Ye Feng sat cross-legged on the ground, carefully sensing the traces of Xuanwu blood in the majestic blood energy, and directly integrated the Xuanwu blood into the mysteries of the immortal magical power of the Four Ancient Holy Spirits that Ye Feng had previously obtained.

Buzz!

At this moment, Ye Feng immediately felt that his understanding of this set of immortal magic skills had been greatly improved.

At this time, Ye Feng immediately understood that his fusion of Xuanwu bloodline had become

Once it's done, it's integrated without even realizing it.

I have to say that the devouring ability is really powerful.

If it were anyone else, if they wanted to extract the Xuanwu bloodline from the emerald turtle, they would probably need very complicated methods and techniques to extract it.

Then integrating it into your own body requires a series of complex processes.

But Ye Fengtong doesn't need it.

A devouring ability allows Ye Feng to quickly fuse the Xuanwu bloodline successfully.

"There are four ancient Holy Spirits in total. The Xuanwu bloodline is done, and there are three left."

Ye Feng murmured at this time, with a hint of joy in his eyes.

Ye Feng was originally desperate, thinking that it would be impossible to obtain the blood of four rare ancient holy spirits in just half a year.

But now, in just half a day, they have obtained a quarter of the Xuanwu bloodline.

At this time, Murong Mingyue, who was standing next to her, suddenly said: "Ye Feng, your dark realm can actually absorb the blood and energy of other living beings to strengthen you. I finally understand that you and I have I said I want all the alien beasts in the entire farm, it seems that I want to absorb their blood and energy, but your physique is really special. With a human body, you can actually contain the energy of such ancient evil beasts. It makes me look at you with admiration, Ye Feng, you are really much more mysterious than I thought."

When Ye Feng heard what Murong Mingyue said, his eyes flashed slightly but he didn't say much.

What made Ye Feng breathe a sigh of relief was that Murong Mingyue did not intend to get to the bottom of it and ask Ye Feng's identity.

Murong Mingyue looked in a certain direction not far away and said aloud: "I sensed a very violent energy fluctuation. Could it be

Did your friend have a conflict with a strange beast? "

Hearing what Murong Mingyue said, Ye Feng suddenly remembered that Emperor Chu was also searching quickly in the other direction.

It is possible that another bloodline of the Holy Spirit has been found!

This made Ye Feng very happy.

I didn't expect that I was so lucky.

But it's normal to think about it.

You know, this breeding farm is a breeding farm passed down from generation to generation by Yiyuan Daozong. ??

There are almost all kinds of ancient evil beasts gathered together.

The possibility of an evil beast possessing the blood of the four ancient Holy Spirits is also very high.

Uh-huh! Uh-huh!

At this time, Ye Feng didn't hesitate at all, and he and Murong Mingyue flew quickly towards the direction of the energy wave not far away.

At this time, Ye Feng clenched his fists. After breaking through to the seventh level of Tongtian Realm, Ye Feng found that his strength had improved a lot.

This time, not only did he find Xuanwu's bloodline, but his skills also increased a lot, which can be said to be a huge gain.

Just as Ye Feng was thinking secretly, they had already flown to their destination.

At this moment, this is the end area of the breeding farm.

There is a cliff here. Below the cliff is an endless dark abyss. It looks very terrifying, and it seems that there is some kind of terrifying existence contained in it.

At this moment, Ye Feng sensed the violent energy fluctuations just now, which came from the depths of this dark abyss.

Ye Feng immediately looked at Murong Mingyue beside him and said loudly: "I sensed the aura of my friend Emperor Chu. He may be in danger under this abyss. Let's go down together."

At this time, Murong Mingyue's eyes showed a hint of fear, and she said aloud

: "I have seen this abyss from the ancestral home of our Yiyuan Dao Sect. It is a taboo place on the breeding farm. Ordinary disciples are not allowed to approach it. Even I have never entered this abyss, because there seems to be a very scary and evil existence hidden inside."

Hearing what Murong Mingyue said, Ye Feng's eyes showed a hint of anxiety. If there really was something terrifying and evil, then Emperor Chu might be in danger now.

Although Emperor Chu used the soul gem to burst out very powerful power.

But Emperor Chu did not return to his peak state after all.

Even with the use of soul gems, it is impossible to fight against some taboo existences.

"I can't control that much anymore!"

Uh-huh!

Ye Feng rushed directly towards the abyss and landed into it.

Seeing Ye Feng rushing into the abyss without any hesitation, Murong Mingyue was startled and quickly followed her. She was really afraid that Ye Feng would fall into the abyss and die immediately.

And Ye Feng is now the hope of brother and sister Murong Mingyue and Murong Zhentian.

Therefore, although Murong Mingyue was very afraid of the abyss, a forbidden place recorded in ancient books, she had no choice but to risk her life and follow Ye Feng into the abyss.

And the moment the two people just jumped into the abyss, they saw a horrifying scene.

At the bottom of the abyss, in the endless darkness, a huge blood-red eye opened.

It looks like the eyes of death in hell!

When people see this blood-red eye, their whole soul will collapse!

At this moment, Ye Feng suddenly saw that Emperor Chu, who had turned into a giant of red light, was actually trapped by this blood-red eye with red energy threads. Emperor Chu was struggling.

Chapter 3144 Blue Dragon Bloodline

The huge red eyes in the darkness under the abyss look very strange.

It feels like the eyes of death.

It's like the other side of the abyss leads to dark hell.

At this time, Emperor Chu immediately shouted: "Ye Feng! There is a green dragon with very pure blood sealed under this abyss!"

"What?"

Hearing what Emperor Chu said, Ye Feng's eyes immediately lit up and he hurriedly said: "How to remove the seal?"

Emperor Chu shouted: "Find a way to obliterate this huge red eye in the abyss. This huge red eye is the strange existence of the nightmare clan."

"The Nightmare Clan?" .??.

When Ye Feng heard this, he immediately thought of something and said fiercely: "You can use the spirit control technique taught to me by Senior Necromancer to summon all the undead here and attack that huge blood-red eye."

The Nightmare Clan, which Ye Feng had encountered before, was a kind of creature that existed in the form of a soul body, which was very special.

At this time, Ye Feng did not hesitate and directly used the spirit control technique taught to him by the Necromancer.

"Buzz!"

"Buzz!"

"..."

Almost at this moment, undead appeared around Ye Feng.

These undead were basically the ones who strayed into this dark abyss and were killed by that blood-red eye.

At this time, Ye Feng summoned all these undead souls.

Thousands of undead souls, filled with great resentment, suddenly swarmed towards the blood-red eyes at the bottom of the dark abyss.

"Crunch, crunch, crunch..."

These resentful undead, like a swarm of locusts, quickly gnawed at the blood-red eye.

"howl!!"

The blood-red eyes immediately let out a shrill howl, which resounded throughout the abyss. The sound made people couldn't help but get goosebumps all over their bodies.

.

Through these undead, Ye Feng successfully disrupted the shackles of the blood-red eyes.

Uh-huh!

Emperor Chu immediately broke free from the prison of blood-red eyes and flew directly to Ye Feng's side.

When Murong Mingyue, who was not far away, saw this scene, a trace of surprise appeared in her beautiful eyes.

This huge blood-red eye was very strange. Murong Mingyue felt that she didn't know how to fight against it, but Ye Feng had a method.

It has to be said that there are specialties in the art industry.

Although Ye Feng's cultivation level is currently not as good as Murong Mingyue's.

But there are some methods that Murong Mingyue can't do, but Ye Feng can do it.

At this time, Emperor Chu looked at Ye Feng beside him and said: "Now this huge red eye is entangled by so many undead. It is a good opportunity for us to take action. Let's attack together. Let's see. Let's see if we can kill these huge red eyes!"

"good!"

Ye Feng nodded immediately.

boom!

boom!

Almost at the next moment, Emperor Chu and Ye Feng both activated their soul powers, directly forming two huge soul shock waves, bombarding towards the red eyes below.

Boom!

Along with a huge roar, cracks appeared on the surface of the red eye in the darkness, and then shattered with a "bang" and turned into countless blood-red lights.

"Success!"

When Emperor Chu saw this scene, his eyes immediately showed joy.

He quickly looked at Ye Feng beside him and said loudly: "Ye Feng, hurry up and absorb the broken blood-red light. Dream

After the creatures of the Nightmare clan disintegrate, the light formed will be of great benefit to your soul power. "

"Okay, I understand."

Ye Feng nodded, immediately rushed down, and then released the Devouring Domain, quickly absorbing these spots of blood-red light.

Buzz!

At this time, Ye Feng could feel that his soul power was growing rapidly.

Previously, Ye Feng's soul power had been raised to level 700,000. This time, after Ye Feng absorbed the soul power of this nightmare clan, his soul power was directly raised to a full 100,000 level, directly accumulating to 800,000 level soul power. It can be said that it is Extremely powerful.

"That is....."

And just after the huge blood-red eyes shattered and disappeared, a shriveled dragon body was seen lying on the ground under the abyss.

The scales and skin of this giant dragon are all blue, and it looks full of an ancient and vicissitudes of life.

This is a green dragon that has fallen for many years!

What makes Ye Feng quite disappointed is that this green dragon has lost all its blood energy and has no value for swallowing. Otherwise, his cultivation level can reach another level.

But Ye Feng was able to find a complete green dragon corpse with pure blood, which was already a huge gain.

Uh-huh! Uh-huh!

At this moment, Ye Feng landed directly under the abyss and came to the side of the green dragon's corpse.

Buzz!

At this moment, Ye Feng stretched out his hand and pressed it on the scales of the green dragon corpse, trying to sense whether there was still a trace of green dragon blood in the corpse.

"have!"

The next moment, Ye Feng reached out and grabbed it.

A drop of cyan blood was sucked out of the corpse by Ye Feng.

This drop of cyan blood is still exuding an extremely powerful force at this moment.

The great dragon power seems to be telling the glory of this green dragon in the past.

Buzz!

The next moment, Ye Feng didn't hesitate and swallowed the drop of Qinglong's blood directly, and then integrated it into his body.

Buzz!

It's the same as Ye Feng's fusion of Xuanwu blood before.

The moment Ye Feng merged with this drop of Qinglong's blood, he immediately felt that his understanding of the immortal magic of the Four Ancient Holy Spirits became more profound.

"Among the four great holy spirits, the natal bloodlines of Qinglong and Xuanwu have been fused, and there are still two others left, Baihu and Suzaku."

Ye Feng murmured at this time.

However, this time, he was able to obtain the blood of two creatures from the local exotic beast breeding farm of Yiyuan Dao Sect, which was already a stroke of luck.

The two remaining bloodlines may really be able to be collected in the next six months, allowing Ye Feng to unleash the power of the Immortal Magic of the Four Ancient Holy Spirits, the most powerful inheritance.

At this time, Emperor Chu returned to Ye Feng's mind.

At this time, Murong Mingyue landed next to Ye Feng and said loudly: "Ye Feng, I didn't expect the progress to be so fast. In just half a day, the original bloodlines of two ancient holy spirits were merged."

Ye Feng nodded slightly and said with a smile: "I didn't expect to be so lucky."

Buzz! Buzz!

At this time, Ye Feng was using the Immortal Magic Power of the Ancient Four Holy Spirits. In the void behind him, a majestic green dragon shadow suddenly appeared, and the ocean-like basalt giant turtle shadow appeared. It looked very vast and vast, full of energy. The breath and power of ancient times.

Ye Feng looked at Murong Mingyue beside him and said: "There are still two bloodlines of the Holy Spirit left. I am going to go to the station of the Water Holy Land and ask the Water Holy Lord, who has lived in the primitive ocean and primitive forest for generations. At the junction, you may know some secret information."

Murong Mingyue nodded immediately and said, "Okay, be careful along the way."

Chapter 3145 Red Sparrow

Ye Feng got a huge harvest from the breeding farm this time. Not only did his cultivation level improve, but he also got the original bloodline of two creatures.

However, Ye Feng is not arrogant, because time is indeed very tight, and he must grow up quickly within half a year.

The most powerful inheritance obtained from the inheritance temple and the immortal magical skills of the Four Ancient Holy Spirits may become Ye Feng's strongest secret skill in the future against the prince.

So at this time, Ye Feng said goodbye to the eldest lady Murong Mingyue and flew directly towards the outside of Yiyuan Dao Sect.

In half a day, when Ye Feng came to the surrounding virgin forest, he saw that the entire virgin forest had been shrouded by a huge water barrier. .??.

When Ye Feng passed through this water attribute barrier, he immediately saw that the entire base camp of the Water Sacred Land had been initially established.

Buildings stand on the ground one after another, looking very majestic.

However, the Water Holy Land did not spread the territory of the station to a large area. After all, deep in the primeval forest, there were terrifying taboos that the Water Holy Land could not afford to offend.

At this time, Ye Feng directly found the Holy Master of the Water Holy Land.

The Lord of the Water God is currently busy arranging projects to rebuild his home. However, when he saw Ye Feng's arrival, the Lord of the Water God naturally welcomed Ye Feng very enthusiastically into the main hall in the center of the current station.

Then the Lord of the Water God asked aloud: "Master Ye Feng came in such a hurry, there must be something special, right?"

Ye Feng nodded slightly and said: "I really need the original bloodline of the four ancient holy spirits. Now I have collected the bloodline of Qinglong and Xuanwu, but I have no clue about the bloodline of White Tiger and Suzaku, so I would like to ask you, the Water God. You have lived at the junction of the ocean and the forest for generations. I wonder if there is anything about the White Tiger and the Suzaku in the ancient books.

Record? "

Hearing Ye Feng's question, the Lord of the Water God's eyes moved slightly, and then he said: "When I was young, I seemed to have seen the four ancient holy spirits in my ancestral home of the Water God. The record of the beast, but the memory is very far away. I need to find that ancestral book to see if I can find some useful information. "

When Ye Feng heard what the Lord Water God said, his eyes suddenly lit up.

Looks like there's something going on!

Ye Feng immediately said: "Okay, Holy Master, hurry up and take a look. By the way, where is Shui Lingxi? I am here just in time to escort her back to Yiyuan Dao Sect and let her join the Young Sect Master's institute. The secret cabinet formed."

The Master of the Water Holy Land immediately spoke out: "That girl is now helping me arrange the construction of the entire Water Holy Land garrison. However, the construction of the Water Holy Land's current garrison is almost complete, and we cannot keep delaying that girl's cultivation. After all, the innately cold body is a destiny given to this girl by God, and she must not let it go to waste. "

Ye Feng nodded slightly, then walked out of the central hall and flew quickly in a certain direction.

Soon, under the influence of Ye Feng's soul power, he found Shui Lingxi who seemed to be guiding the construction of a giant tower.

Although Shui Lingxi looked very cute, the Water Holy Land encountered such a big change this time, which made the little princess of the Water Holy Land become more stable.

The way he moves his hands and feet gives people a very calm temperament.

But when she saw Ye Feng coming over, Shui Lingxi immediately changed into the same little girl as before, cheered and said quickly: "

Brother Ye Feng, why are you here all of a sudden? "

Ye Feng came to Shui Lingxi, smiled and said: "I came here this time to ask your father to do me a favor, to see if I can find out the news about the four ancient Holy Spirit bloodlines. That is very important to me, and This time I am here to pick you up and return to Yiyuan Dao Sect."

Shui Lingxi nodded immediately and said happily: "Brother Ye Feng is really kind. He came to pick me up specially. By the way, brother Ye Feng, does the four ancient holy spirits you mentioned include Suzaku?"

Hearing Shui Lingxi's question, Ye Feng's eyes moved slightly, and then he said aloud: "The four ancient holy spirits do include Suzaku. What's wrong?"

A mysterious smile appeared on Shui Lingxi's face, and she said aloud: "During this period, I led many experts from the Water Holy Land to search for various rare and exotic fruits and medicinal materials in the surrounding virgin forest. I accidentally met a little red sparrow who was very bragging. The little red sparrow said that it was a Suzaku that was cast into the mortal world. It also said that it would accept me as its disciple and let me feed it with good food and drink every day. I felt that That little red sparrow is very cute, so I keep it in my house. But I'm not sure whether what I said about the little red sparrow is true, because I feel that it is just a very ordinary fire-attributed bird. "It's just a bragging thing to fool people, and I want to trick people into eating and drinking. I thought it was cute, so I took it in."

"Little red sparrow?"

Hearing what Shui Lingxi said, Ye Feng's eyes immediately moved, and then he asked aloud: "Where is that little red sparrow now?"

Shui Lingxi immediately said: "It has always lived in my house. Because I gave it good food and drink, it never left."

Ye Feng nodded immediately and said loudly: "Then you take me to see whether that little red sparrow is

You're bragging, and I'll help you verify whether that little red sparrow has any ulterior motives. "

"good."

Naturally, Shui Lingxi would not refuse Ye Feng's request. She simply stopped what she was doing and led Ye Feng towards the big house where she lived.

When Ye Feng followed Shui Lingxi to the big house where Shui Lingxi lived, he immediately saw a bird's nest on a huge tree inside the house.

In the bird's nest, there lay an extremely fat red sparrow, stroking its belly and sleeping soundly.

Ye Feng's eyes revealed a look of astonishment, and he couldn't help but ask: "This is the little red sparrow you mentioned who calls himself Suzaku. He feels fatter than a cat."

Shui Lingxi's cute and delicate face showed a trace of embarrassment, and she said loudly: "When we first met, she was thin and cute. During this period, I may have given you too much food and drink. Now, this little red sparrow has become the fat sparrow it is today."

Ye Feng nodded slightly and walked forward. He indeed sensed that this red sparrow had a very mysterious fire-attribute energy fluctuation.

Snapped!

Seeing the red sparrow sleeping, Ye Feng slapped it awake.

"Damn! Who is it? Who is so incompetent! Who dares to disturb my good sleep?" The fat red sparrow immediately yelled.

But at the next moment, Ye Feng directly grabbed the red sparrow by its tail, lifted it in front of his eyes, and asked: "You little monster, what are your intentions in getting close to my good friend Shui Lingxi? Recruit truthfully!"

Ye Feng naturally wants to scare the red sparrow now, so that he can make the other party cooperate with him later.

Chapter 3146 No Hope

Ye Feng stared at the red sparrow who was yelling in front of him, and immediately said in a threatening tone: "You'd better cooperate with me and answer my questions, otherwise I will stew you, a little monster of unknown origin, in a pot. It just so happens that you are like this The broth should be quite delicious."

The red sparrow immediately shouted: "Boy, who do you think is the little monster of unknown origin? Sir, I am a descendant of Suzaku!"

When Ye Feng heard what the red sparrow said, he immediately said with a look of disgust: "Suzaku is one of the four ancient holy spirits, sacred and noble. Even the descendants of Suzaku should be very elegant, how can they be so slovenly like you? Sloppy and so fat? "

"You kid...!"

The red sparrow couldn't help but feel a little angry, and immediately shouted: "Boy! Stop holding my tail, put me down first! I'll prove it to you!"

When Ye Feng heard what the red sparrow said, his eyes suddenly showed a curious look. Is this red sparrow really a descendant of Suzaku?

At this moment, Ye Feng let go of the red sparrow in his hand, and then said loudly: "You'd better be able to prove your identity, otherwise, I will treat you as a little monster who cheats you by eating and drinking, and chase you away directly. Walk."

The red sparrow glanced at Ye Feng resentfully.

Originally, it lived a good life, but Shui Lingxi, a little girl from the human race, was very easy to fool, giving it delicious food and drink every day.

But I didn't expect that Ye Feng, this hateful human boy, would have such a bad attitude when he came.

The red sparrow took a deep breath at this time, then opened its mouth and spit out a stream of red flames.

This crimson flame actually condensed into the form of a Suzaku flying high in the void.

At that moment, it even exuded the great majesty of the ancient Suzaku.

Ye Feng and Shui Lingxi, who were standing in front of them, couldn't help but feel a kind of soul trembling.

Feel.

"Really a descendant of Suzaku?"

Ye Feng's eyes showed a look of astonishment at this time, staring at the fat red sparrow in front of him that looked like a fat cat.

Uh-huh!

At this moment, Ye Feng immediately rushed in front of the red sparrow, staring at the descendant of the Suzaku with bright eyes.

The chubby red sparrow was startled by Ye Feng's eyes shining, and he immediately couldn't help but said in shock: "You kid, are you really going to stew me?"

"of course not."

Ye Feng immediately smiled and said: "It's not that exaggerated, I don't want to stew you, I just need a drop of your blood."

The red sparrow glanced at Ye Feng, snorted coldly and said, "Is there any benefit?"

Shui Lingxi walked up to him at this time, stared at the red sparrow, and said with a smile: "Little sparrow, I have raised you so fat during this period, can't you give a drop of blood to my brother Ye Feng now? I The food and drinks I gave you are the most delicious things in our water holy land."

When the red sparrow heard what Shui Lingxi said, a trace of embarrassment suddenly appeared on his face.

Then the red sparrow scratched his head with his paws and said loudly: "Okay, for the sake of the little girl, I will give you, this hateful boy, a drop of blood."

Buzz!

The next moment, the red sparrow forced a drop of crimson blood directly from its little paw.

The moment this drop of blood appeared, a hazy red flame burned in the air, which looked very magical.

.

Uh-huh!

At this moment, without any hesitation, Ye Feng directly introduced this drop of blood into his body, and then began to fuse it.

"Buzz!"

The next moment, Ye Feng immediately felt that his understanding of the immortal magical skills of the Four Ancient Holy Spirits had once again improved a lot.

But now, there is only one last kind of blood left, the white tiger's blood.

At this time, Ye Feng stared at the fat red sparrow in front of him with a look of surprise in his eyes. He did not expect that Suzaku's blood could be obtained so easily and casually.

Shui Lingxi suddenly said: "Little Sparrow, I may not be able to bring you food and drink every day in the future, because I am going to Yiyuan Dao Sect to practice with Brother Ye Feng."

"What?"

The red sparrow immediately flew in front of Shui Lingxi and said helplessly: "This kid is really hateful. Not only does he want a drop of my blood, but he also wants to take away a little girl with such a good character. Then I will follow you to that place." What is the One Yuan Dao Sect?"

Shui Lingxi had a look of surprise in her eyes, as if she didn't expect that this Suzaku descendant would take the initiative to follow her.

At this time, Ye Feng suddenly said: "Shui Lingxi, just take this red sparrow with you. If you can sign a pet contract with this Suzaku descendant, in the future its Suzaku fire may be able to improve your innate ability." The body of cold evolved further and became the dual holy body of ice and fire."

When Shui Lingxi heard what Ye Feng said, her eyes suddenly showed a trace of surprise. This was the first time she heard about the Ice and Fire Twin Saints.

In fact, Ye Feng didn't know either, but Emperor Chu just said these words in Ye Feng's mind.

But at this time, after hearing Ye Feng say these words, that

The red sparrow glanced at Ye Feng in surprise, and couldn't help but said: "I didn't expect that a kid like you would know such ancient secrets? I underestimated you."

At this time, Ye Feng looked at the red sparrow and said with a smile: "Anyway, thank you for giving me a drop of Suzaku's blood. From now on, if you come to Yiyuan Dao Sect with us, if you have any problems, just come to me directly."

When the red sparrow heard what Ye Feng said, he curled his lips and said, "You kid, just stop thinking about my Suzaku blood."

At this time, Ye Feng tried to use the immortal magic power of the Four Ancient Holy Spirits.

boom! boom! boom!

Three majestic behemoths suddenly appeared in the void behind Ye Feng, namely Qinglong, Xuanwu and Suzaku. Each one was full of monstrous power and aura, with a charm of the ancient mythological era, and seemed to contain mythology. the power of.

When the red sparrow saw the strange phenomenon behind Ye Feng, he immediately said with some surprise in his eyes: "You kid can actually practice this kind of inheritance? What kind of bloodline are you? How could you be born in a race like the human race with a congenitally weak body? A kid who can withstand the energy of the four ancient Holy Spirit bloodlines? Are you..."

"Master Ye Feng!"

Suddenly at this moment, the cry of the Water God came from not far away.

Uh-huh!

The Lord of Water God came to Ye Feng, holding a thick yellowed book in his hand, and said loudly: "Master Ye Feng, I found some information about the four ancient holy spirits from our

ancestral home. According to legend, there is a direct descendant of the white tiger Holy Spirit who once haunted the depths of the primeval forest, but was swallowed by the dark nine-headed dragon, a forbidden creature in the deepest part of the forest. Mr. Ye Feng, the dark nine-headed dragon is the deepest part of the primeval forest. Dark Overlord, I guess you have no hope of getting the White Tiger bloodline."

Chapter 3147 Decision made

"I am going to go to the depths of the forest to talk to the Dark Nine-Headed Dragon."

When Ye Feng said this on the spot, the Water God Lord even wondered why Ye Feng was joking on such a serious occasion.

But when he saw that there was no joking expression on Ye Feng's face, the Lord of Water God was immediately stunned and couldn't help but said: "Master Ye Feng, are you serious?"

Ye Feng smiled slightly and said: "Of course I am serious. In order to practice the most powerful inheritance of the Four Ancient Holy Spirits' Immortal Magic Skills, I must obtain the last White Tiger Holy Spirit bloodline!"

Ye Feng spoke in a very firm tone.

But at this time, the Water God Lord said with great fear: "But in the deepest part of the primeval forest, there are taboo existences like the Dark Nine-Headed Dragon. Not to mention me, I'm afraid it's even a member of the Yiyuan Dao Sect." An unparalleled figure like the Sect Master would not dare to provoke a taboo creature like the Dark Nine-Headed Dragon."

At this time, the red sparrow flying on the side also said aloud: "Little Feng, I admire your courage, but what I have to say is that if you enter the darkest depths of the primeval forest, you will definitely be seeking death, or even... You can't even go in, and you'll die on the way. No matter how high your current cultivation level is, you may not be able to safely enter the deepest part of the dark forest."

What the red sparrow said made Ye Feng think.

yes! ??

Although I knew the Dark Nine-Headed Dragon, it would be a real loss if I couldn't even enter the deepest part of the primeval forest and encountered all kinds of terrifying beasts and died on the way.

So at this time, Ye Feng suddenly focused his interested eyes on the red sparrow, then approached it, couldn't help but smile and said: "You are a descendant of the Suzaku, and you have always lived in the primeval forest. , you should be very familiar with the depths of the virgin forest, right? How about you guide me and I will give you huge benefits? "

"Don't! Don't

Trick me! "

When the red sparrow heard Ye Feng say this, he was immediately startled. He quickly stepped back and stared at Ye Feng warily, saying loudly: "You want to die, but don't make me die. Don't tell me that you don't want to die." You may see the Dark Nine-Headed Dragon, but even if you do, you are just like an ant and will be trampled to death in an instant."

Hearing what the red sparrow said, Ye Feng didn't explain much, because even if he did, they probably wouldn't believe that they would get to know a forbidden creature like the Dark Nine-Headed Dragon.

So at this time, Ye Feng directly stretched out his hand and grabbed the red sparrow.

Because Ye Feng knew that this descendant of Suzaku must know the way to the deepest part of the dark forest.

If you have it to guide you, you will be able to avoid many detours, and your safety factor will be greatly improved.

At this time, the red sparrow saw Ye Feng grabbing it and immediately fled away.

Buzz!

At this moment, Ye Feng immediately missed the opportunity.

"Um?"

Looking at the red sparrow flying far away, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, I was so fast that I didn't catch this red sparrow.

It seems that there is something about this red sparrow.

As expected of a descendant of Suzaku.

"Space gem!"

Buzz!

But at the next moment, Ye Feng directly released the power of the space gem.

boom!

Ye Feng's hand this time

, grabbing it out directly caused violent fluctuations in the distant space, directly forming a space prison, restraining the red sparrow in it.

"Dong dong dong dong!"

The red sparrow quickly collided with the surroundings. Even after releasing its Suzaku Fire, it was unable to escape from the prison of this space.

The red sparrow couldn't help but exclaimed in surprise: "You actually have a space treasure that contains the power of the gods! Where did you get it?"

It has to be said that this red sparrow still has good eyesight. He can directly see that what Ye Feng released was not some kind of method, but a very powerful space magic weapon, and it also contained the power of the gods. force.

At this time, Ye Feng just smiled and didn't say much. Instead, he walked up to the imprisoned red sparrow and said loudly: "I won't cause any harm to you. You just need to carry it with me honestly." I have entered the deepest part of the virgin forest, and then you can leave, and I will do the rest."

The red sparrow immediately said: "I don't want to die, so don't hold me back."

Ye Feng directly grabbed the red sparrow, then walked towards the depths of the primeval forest outside the Water Sacred Land, and said loudly: "You are not in any danger, and I don't need your help to fight a certain ferocious beast. I All I need is that you take me into the deepest part of this primitive forest. You have been living in the primitive forest, and you are also a descendant of Suzaku. You must know the shortcut to the deepest area of the primitive forest."

Seeing that he really couldn't resist Ye Feng, the red sparrow immediately lowered his head and said feebly: "Okay, since you want to die, then I will send you to die, but as promised, I will only keep you safe. Sent to the deepest part of the primeval forest, whether I can find the Dark Nine-Headed Dragon or not is none of my business.

. "

When Ye Feng heard what the red sparrow said, he immediately nodded and said, "Don't worry, as long as you can safely send me to the deepest part of the primitive forest, you can leave directly."

Ye Feng was only worried about the safety of the journey into the deepest part of the primeval forest.

As for walking out of the virgin forest next, Ye Feng is not worried.

Because as long as you can find the Dark Nine-headed Dragon in the deepest part of the primeval forest, you can just let the Dark Nine-headed Dragon give you a ride when you come back.

At this time, seeing that Ye Feng and Red Sparrow had discussed it, Shui Lingxi had a trace of worry in her eyes and couldn't help but said: "Brother Ye Feng, are you really going to such a dangerous place?"

Ye Feng looked at the little princess of the Water Holy Land in front of him, and immediately smiled and said, "Don't worry, I never do anything I'm not sure about."

"correct."

Seeing that Ye Feng had made up his mind, Lord Shui Chen no longer tried to persuade him, but said aloud: "Master Ye Feng, there is a map of the general distribution of the entire primeval forest in the library of our Water Holy Land. , should be able to help you reach the deepest area of the virgin forest as soon as possible."

When Ye Feng heard this, his eyes suddenly lit up: "Okay, thank you Holy Master. If there is one more map, everything should be fine."

The Lord of the Water God smiled and said: "But we need to look for it. Mr. Ye Feng, please rest in our Water God for the night and set off again tomorrow."

"good."

Ye Feng nodded slightly. This matter cannot be completed overnight. It is just right to rest for a night to recharge his batteries. After all, the place he is about to go to is the most ferocious area inside the primitive forest. Ye Feng needs to be fully energetic.

Chapter 3148 The Black Snake Arrives

At night, Ye Feng temporarily lived in the station of Water Holy Land.

At this moment, Ye Feng stood outside the door and looked at the sky, and found that there was a layer of aqua blue light under the night, covering the entire territory of the Water Holy Land.

"What a beauty."

At this time, Ye Feng couldn't help but murmur.

He is very satisfied that this time the Water Sacred Station is stationed here, it can really develop here slowly and stably.

"Um?"

But at this time, Ye Feng seemed to suddenly sense something in the dark night. He suddenly looked in a certain direction and frowned slightly.

"There seems to be some movement, and an outsider breaks in, right near us."

The red sparrow also flew out of the room at this time, looked at Ye Feng and said, "This is where that little girl lives!"

When Ye Feng heard what Red Sparrow said, his eyes suddenly changed, and he immediately said, "Someone wants to secretly attack Shui Lingxi."

After saying that, Ye Feng immediately flew towards the big house where Shui Lingxi lived.

The red sparrow was startled when he heard what Ye Feng said, and quickly followed Ye Feng and flew towards the place where Shui Lingxi lived.

Because the red sparrow still has a very good impression of the little girl Shui Lingxi. After all, Shui Lingxi has always provided the red sparrow with delicious food and drinks.

It wasn't until the red sparrow met Ye Feng, the "big villain", that its lazy and comfortable life ended.

Uh-huh! Uh-huh!

Ye Feng and Red Sparrow soon arrived at the place where Shui Lingxi lived.

When they first arrived at the door of the mansion, Ye Feng immediately sensed that Shui Lingxi was still very safe and was sleeping peacefully in the house.

Ye Feng saw the red sparrow about to enter the big house at this time, and immediately grabbed the other person and said loudly: "Let Shui Lingxi sleep peacefully. Let's see who it is outside. Who dares to break in?" In the sacred land of water, if you want to target Shui Lingxi, a simple girl, she should not have any enemies. "

The red sparrow thought for a moment and said, "This little girl really won't offend anyone, but the other person might be here because of her innate extreme cold body."

"Come here for the extremely cold body?"

When Ye Feng heard the red sparrow's guess, he nodded solemnly and said, "I guess this is the truth. Anyone who can sneak into the Water Sacred Land without alerting anyone must be very extraordinary."

The red sparrow said timidly: "Do you want me to inform the Water God?"

Ye Feng shook his head and said, "It's too late."

"late?"

The red sparrow looked around with some doubts, and suddenly his eyes were startled.

Because it saw that at this moment, the entire mansion was surrounded by a layer of dark light.

That pitch-black light should be some kind of special formation that can isolate all energy fluctuations inside.

The red sparrow immediately couldn't help but said: "It seems that this visitor is very evil. He has shielded the entire surrounding area without knowing it. We can only deal with it head-on now."

As the red sparrow spoke, he stood slightly behind Ye Feng. Obviously this

The descendants of Suzaku are a bit timid.

Ye Feng glanced at the red sparrow and said loudly: "You have to know that you are a descendant of Suzaku, how can you be so timid?"

The red sparrow immediately cursed and said: "I have told you kid, I am a Suzaku who was knocked down from the mortal world, and the divine power in my body has disappeared. Otherwise, you, a hateful kid, are so rude to this Suzaku, I would have been killed by me long ago. It's a pain, huh."

When Ye Feng heard what the red sparrow said, he immediately said helplessly: "Then stand back and help me later."

The red sparrow's little eyes were very bright and he said loudly: "This is no problem, I just like to carry out sneak attacks."

Ye Feng glanced at the red sparrow beside him and couldn't help but shake his head when he saw the other's sinister look. If the noble Holy Spirit of Suzaku knew that he had such a cowardly, thieves-minded descendant, he would definitely be angry to death. , It is simply an embarrassment to the noble Suzaku clan.

"Buzz!"

And suddenly at this moment, in the darkness not far away, there was a violent fluctuation in the space.

There was a trace of vigilance in Ye Feng's eyes, and he immediately looked quickly in that direction.

In the darkness, a figure wrapped in a black robe was immediately revealed.

He exudes a very dark and ferocious aura, which makes you feel like a poisonous snake in the dark staring at you, making your whole body feel extremely cold.

Ye Feng immediately understood that this person was the energy aura he sensed.

Ye Feng instantly stared at the black-robed figure. He was accumulating powerful energy and was ready to attack at any time.

"Um?"

The moment this figure wrapped in a black robe arrived, he first saw Ye Feng guarding the door of the mansion, and suddenly there was a hint of surprise in his eyes.

It seemed that he didn't expect that he came so secretly that he still attracted the young man's attention.

The black-robed figure was none other than the black snake sent by the prince to capture Shui Lingxi, a body born with extreme cold, to detoxify the prince and undo the curse of the God of Fire on the prince's body.

Although the prince has received huge opportunities in the ancient sacred mountain, he is refining the power and inheritance of the ancient divine emperor.

But the prince's time in the Taikoo Sacred Mountain was not smooth sailing. He also encountered some unknown circumstances and fell under the curse of the God of Fire that had been in the Taikoo Sacred Mountain since ancient times.

No matter how powerful the prince's methods are, he still cannot break this terrible Vulcan Heart Curse through his own power.

According to records in ancient books, the inner curse of the Vulcan must be completely unlocked by the source of life of an innate extremely cold body.

The prince was temporarily restrained in the ancient sacred mountain and could not escape. He could only send his most capable assistant and subordinate, the mysterious and powerful Black Snake, to steal the innate extreme cold body.

At this moment, Black Snake stared at Ye Feng, who was standing at the door of the mansion not far away, and suddenly said with a cold smile: "It seems that you, a young man, are gifted in perception. Even the Lord of Water God has not sensed it. I didn't expect you to sense my arrival in advance, but your cultivation aura is only at the seventh level of Heavenly Realm. In my eyes, you are just an ant, and I can easily crush you to death."

Faced with the threat of this black-robed man, Ye Feng remained unmoved. He just asked in a cold voice: "Where are you from? Why do you want to do evil to a body that is born with extreme cold?" At night, Ye Feng temporarily lived in Among the residences of the Water Sacred Land.

At this moment, Ye Feng stood outside the door and looked at the sky, and found that there was a layer of aqua blue light under the night, covering the entire territory of the Water Holy Land.

"What a beauty."

At this time, Ye Feng couldn't help but murmur. ??

He is very satisfied that this time the Water Divine Station is stationed here, it can really develop here slowly and stably.

"Um?"

But at this time, Ye Feng seemed to suddenly sense something in the dark night. He suddenly looked in a certain direction and frowned slightly.

"There seems to be some movement, and an outsider breaks in, right near us."

Ye Feng glanced at the red sparrow and said loudly: "You have to know that you are a descendant of Suzaku, how can you be so timid?"

The red sparrow immediately cursed and said: "I have told you kid, I am a Suzaku who was knocked down from the mortal world, and the divine power in my body has disappeared. Otherwise, you, a hateful kid, are so rude to this Suzaku, I would have been killed by me long ago. It's a pain, huh."

The red sparrow's little eyes were very bright and he said loudly: "This is no problem, I just like to carry out sneak attacks."

Ye Feng glanced at the red sparrow beside him and couldn't help but shook his head when he saw the other person's sinister look. If the noble Holy Spirit of Suzaku knew that he had such a cowardly, thief-minded descendant, he would definitely be angry to death. , It is simply an embarrassment to the noble Suzaku clan.

"Buzz!"

And suddenly at this moment, in the darkness not far away, there was a violent fluctuation in the space.

There was a trace of vigilance in Ye Feng's eyes, and he immediately looked quickly in that direction.

In the darkness, a figure wrapped in a black robe was immediately revealed.

He exudes a very dark and ferocious aura, which makes you feel like a poisonous snake in the dark staring at you, making your whole body feel extremely cold.

Ye Feng immediately understood that this person was the energy aura he sensed.

Ye Feng instantly stared at the black-robed figure. He was accumulating powerful energy and was ready to attack at any time.

"Um?"

The moment this figure wrapped in black robes arrived, he saw Ye Feng guarding the door of the mansion for the first time, and a look of surprise suddenly appeared in his eyes.

It seemed that he didn't expect that he came so secretly that he still attracted the young man's attention.

The black-robed figure was none other than the black snake sent by the prince to capture Shui Lingxi, a body born with extreme cold, to detoxify the prince and undo the curse of the God of Fire on the prince's body.

Although the prince has received huge opportunities in the ancient sacred mountain, he is refining the power and inheritance of the ancient divine emperor.

But the prince's time in the Taikoo Sacred Mountain was not smooth sailing. He also encountered some unknown circumstances and fell under the curse of the God of Fire that had been in the Taikoo Sacred Mountain since ancient times.

No matter how powerful the prince's methods are, he still cannot break this terrible Vulcan Heart Curse through his own power.

According to records in ancient books, the inner curse of the Vulcan must be completely unlocked by the source of life of an innate extremely cold body.

The prince was temporarily restrained in the ancient sacred mountain and could not escape. He could only send his most capable assistant and subordinate, the mysterious and powerful Black Snake, to steal the innate extreme cold body.

At this moment, Black Snake stared at Ye Feng, who was standing at the door of the mansion not far away, and suddenly said with a cold smile: "It seems that you, a young man, are gifted in perception. Even the Lord of Water God has not sensed it. I didn't expect you to sense my arrival in advance, but your cultivation aura is only at the seventh level of Heavenly Realm. In my eyes, you are just an ant, and I can easily crush you to death."

Faced with the threat of this black-robed man, Ye Feng remained unmoved and just asked in a cold voice: "Where are you from? Why do you want to plot evil against a body that is born with extreme cold?"

Chapter 3149 Suzaku Fire

Ye Feng was indeed very curious at this time, why did the other party suddenly know that Shui Lingxi was born with an extremely cold body, and also needed an innate extreme cold body.

Is it because he is interested in the potential of the innately cold body, in order to capture Shui Lingxi and train him into a capable assistant?

Or is it simple and barbaric, just to steal the extreme cold source power of the innate extreme cold body?

However, Black Snake did not answer Ye Feng's question. He just smiled coldly and said, "What nonsense are you talking to an ant? I'll kill you with one move."

Uh-huh!

Almost at this moment, Black Snake's entire body turned into a black lightning and rushed in front of Ye Feng in an instant.

boom!

One of his hands stretched out, and it turned out to be a ferocious claw like a snake's claw!

Full of extremely terrifying sharpness and tearing ability!

It was as if Ye Feng was going to be torn into pieces in an instant!

At this moment, Black Snake's eyes were full of bloodthirsty and mocking.

It seemed that the young man in front of him was already dead.

"boom!!"

But at the next moment, an ancient crown appeared above Ye Feng's head.

It's the Poseidon Crown!

The three divine gems instantly released three types of energy shields, which instantly blocked the black snake's attack.

An extremely powerful roar erupted from the scene.

The next moment, Ye Feng and Black Snake couldn't help but took a dozen steps back.

"What?!"

Black Snake felt a little shocked at this moment and couldn't help but said: "Boy, what is the crown on your head? How can you have such a powerful power? I am two realms higher than you, but I can't kill you in an instant? This is impossible! An ordinary warrior of your level will die with just one breath."

\u003c

\u003e At this time, Ye Feng's eyes finally showed a trace of shock. He did not expect that the cultivation level of this black-robed man was so powerful, two realms higher than his own.

Beings with this kind of cultivation definitely come from some extremely terrifying forces.

Although Ye Feng didn't know the identity of the other party at this time.

But Ye Feng knew that he had to keep the man in black here tonight.

Use all means to completely obliterate it.

Otherwise, there will be endless troubles!

"Buzz!"

At this moment, Ye Feng's eyes suddenly revealed a determination to kill.

"boom!"

Ye Feng tried his best to stimulate the power of Poseidon Crown.

The three divine gems immediately released an energy beam of different light, directly bombarding the man in black robe not far away.

And at this moment, Ye Feng also fully stimulated his chaotic body power.

He even inspired his own soul master methods.

Attack the man in black on three fronts!

"Rumble..."

Even though this black snake is the right-hand man of the prince, his cultivation is extremely powerful, and he is a terrifying existence in two realms more powerful than Tongtian realm.

At this moment, under Ye Feng's powerful attacks with various methods, he even retreated in a bit of embarrassment.

It has to be said that the destructive power caused by Ye Feng's various methods is still very terrifying.

This black snake felt vaguely overwhelmed.

"Damn it!"

Black Snake felt the huge shame and couldn't help roaring.

Ye Feng's cultivation level is two levels lower than him, but now he is somewhat unable to resist the attack of such ants.

This made Black Snake feel deeply unwilling, and he immediately shouted: "Ancient Black Snake bloodline! Activate! Become mad!"

boom! !

At this moment, streaks of blue thunder and lightning appeared around the black snake's entire body.

That is a very terrifying power of evolution!

His entire body immediately began to expand rapidly, eventually bursting through the black robe on his body, and then expanded directly under the night sky into a large black snake several kilometers long.

The surface of the snake's body was covered with densely packed huge scales, as if it were made of the strongest metal in the world. Under the illumination of the moonlight, it exuded a cold metallic light, making it look indestructible and extremely ferocious.

"boom!!!"

The huge black snake can be said to have gone completely crazy at this time.

It opened its bloody mouth, and suddenly a blood-red light beam burst out, directly bombarding the energy shield around Ye Feng, and erupted with a terrifying roar.

Boom!

The powerful impact caused Ye Feng's entire body to fly backwards and hit the ground hard, smashing a large area of ruins.

Seeing this scene, Black Snake immediately said coldly: "Ants are just ants after all. If you dare to fight me, you will die without a burial place."

At this time, Black Snake thought he had killed Ye Feng and became very relaxed.

"boom!!"

But suddenly at this moment, a very terrifying light of flames suddenly appeared from around
burst out from the surrounding space.

Like a red lightning bolt, it directly hit the head of the black snake when it wasn't paying attention.

I have to say, this attack is very tricky and ruthless.

"boom!"

Suddenly, the huge snake head of the black snake was enveloped in a large piece of crimson flame.

"ah!!"

Black Snake immediately felt tremendous pain and couldn't help but let out a piercing scream.

"What kind of flame is this? Why can't I put it out?!"

The black snake frantically slapped its head, but was unable to extinguish the red flame.

"Crash..."

The crimson flame burned fiercely, even burning the metal scales around the black snake's head and starting to melt.

"hey-hey."

The red sparrow emerged from the surrounding void, stared at the black snake that was being burned violently by the flames, and immediately smiled mischievously and said: "This is my Suzaku Fire, Holy Spirit level flame quality, just wait. Let your head be burned to ashes."

Wow!

At this time, Ye Feng also rushed out from the ruins on the ground.

He looked at the big black snake that was howling miserably high in the sky, with a hint of surprise in his eyes.

Ye Feng originally thought that the red sparrow was unreliable, but he did not expect that it could play such a big role at the critical moment.

This actually made Ye Feng look at the red sparrow with admiration.

Although the red sparrow has lost its divine power, its natal flame is still very powerful. It is the pure and incomparable fire of the Suzaku that was passed down from the ancestors' holy spirits. Its power is still very terrifying, making this black snake with unpredictable cultivation levels... Unable to parry.

Chapter 3150 Take you away

At this time, Ye Feng instantly rushed in front of the big black snake that was screaming in pain, and immediately punched it hard.

With this punch, Ye Feng inspired the powerful brute force of the Chaos Body.

In the unprepared state of the black snake, it directly penetrated the entire body of the black snake with a "puff".

"ah!!"

Accompanied by an earth-shattering scream in the dark night, the black snake's huge body collapsed, its head was burned to char, and it was completely dead.

Ye Feng breathed a sigh of relief at this time, finally killing this mysterious strong man.

Otherwise, there will be endless troubles.

At this moment, the red sparrow used its little paws to stroke a few bird feathers on its forehead, and said aloofly: "How are you, Mr. Feng? Do you still have to rely on me at the critical moment?"

"Your Suzaku Fire is really good."

Ye Feng nodded slightly, recognizing the red sparrow.

This made the red sparrow quite happy, because Ye Feng always thought it was unreliable and liked to brag.

"Buzz!"

At this time, Ye Feng directly released the Devouring Domain and began to absorb the black snake's skills and blood energy.

"Rumble..."

Suddenly, huge waves of energy were directly absorbed by Ye Feng and poured into Ye Feng's own body.

At this moment, Ye Feng suddenly felt that his cultivation skills were growing and improving at an incredible speed.

You know, the cultivation strength of this black snake can be two entire realms higher than the current Ye Feng.

Above the Heaven-Breaking Realm is the Heaven-Breaking Realm.

And above the Breaking Heaven Realm is the Heaven Transformation Realm.

This black snake is a super master at the level of Heaven Transformation.

After all, as the prince's right-hand man, his methods are naturally extremely terrifying and powerful.

This time, Black Snake originally thought that he could evade the water lord's perception and easily take away the innately cold body.

But what he didn't expect was that near the residence of the extremely cold body

, Ye Feng, a guy with incredible combat power, sensed his existence.

Buzz!

At this moment, with the devouring, Ye Feng's cultivation aura is rapidly and continuously improving.

"boom!"

The eighth level of Tongtian Realm!

"boom!"

Tongtian Realm Ninth Heaven!

"boom!"

The tenth level of Tongtian Realm is perfect!

And it goes far beyond that.

Ye Feng could feel that the black snake's energy had not been completely refined yet.

"boom!"

The next moment, Ye Feng's body once again burst out with a huge and boundless cultivation aura.

At this moment, Ye Feng's cultivation directly surpassed the Heaven-Breaking Realm and entered the Half-Step Heaven-Breaking Realm!

I have to say that this black snake is really a great tonic for Ye Feng.

"What kind of weird devouring ability is this? It's so scary!"

The red sparrow saw the whole process and was frightened.

At this time, Ye Feng saw a strange golden token falling from the black snake that was swallowed up and turned into ashes.

Uh-huh!

Ye Feng stretched out his hand, grabbed the golden token directly into his hand, and watched it carefully.

"This is...the token of the Prince Alliance!"

Ye Feng recognized the identity of the token.

This is the token of the Prince Alliance!

Because Ye Feng had encountered many Prince Alliance masters who intercepted him halfway before.

Therefore, Ye Feng is quite familiar with the tokens of the Prince Alliance members.

"He is a master of the Prince Alliance."

Ye Feng's eyes were a little surprised at this time.

However, Ye Feng felt that Black Snake's visit this time could not be because of his grudge against the Prince Alliance.

Because the Black Snake secretly came to the station of the Water Holy Land this time specifically for Shui Lingxi, who was born with an extremely cold body.

In other words, the Prince Alliance is in great need of Shui Lingxi's innate extremely cold body.

Ye Feng secretly guessed at this time.

Being able to allow such a powerful being as Black Snake to steal the innate extreme cold body shows that the innate extreme cold body is very important to the prince.

The prince is now located in the ancient sacred mountain.

Perhaps, something happened to the prince.

Ye Feng was thinking about all the possibilities in his heart.

At this time, the red sparrow standing beside him said aloud: "Feng Boy, do you want to tell the Lord Water God about this matter so that he can be more vigilant and increase his protective power."

"Need not."

Ye Feng shook his head and said: "This black snake came specifically for Shui Lingxi, who is born with an extremely cold body. It is not safe for Shui Lingxi to stay in the Holy Land of Water."

Ye Feng knew very well that the Prince Alliance had a profound foundation. Even if the Prince could not come in person, he would definitely continue to send more powerful beings.

Therefore, Ye Feng felt that it would be safest to take Shui Lingxi to the Yiyuan Dao Sect immediately and enter the secret pavilion of the young sect leader Murong Zhentian.

Even if the prince came in person, he might not dare to confront Murong Zhentian directly.

Unless the prince can successfully refine the ancient god emperor and gain peerless power.

At this time, Ye Feng landed directly in the mansion and woke Shui Lingxi from his sleep.

"Brother Ye Feng? It's so late, why are you here?"

Shui Lingxi looked at Ye Feng in front of her with sleepy eyes. She seemed a little confused, but she didn't know what she was thinking of. Shui Lingxi clenched her snow-white hands nervously.

Ye Feng said aloud: "It is in danger for you to live here now. I will take you out of here overnight and go to Yiyuan Dao Sect."

"What? Are you leaving now?"

Shui Lingxi was a little confused, but still chose to believe in herself

Brother Ye Feng got up directly and packed his things.

When Shui Lingxi followed Ye Feng outside, her beautiful eyes widened slightly.

The ground outside the mansion was full of broken pieces. It was completely conceivable what kind of terrifying and chaotic battle had broken out here before.

Shui Lingxi said aloud: "Do you want to tell my father?"

"Can."

Ye Feng nodded and took Shui Lingxi to fly toward the central area of the Water Sacred Land's residence. The red sparrow also quickly followed.

And just when Ye Feng and Shui Lingxi were preparing to leave the water holy land station.

I don't know how far away from here is the ancient wilderness area, in the endless ancient sacred mountains.

The prince, wearing a golden robe, was constantly refining the ancient divine emperor under the ancient sacred mountain while enduring the pain of the Vulcan Heart Curse.

At this time, the prince seemed to sense something, and he opened his eyes suddenly. There seemed to be a trace of disbelief in his eyes, and he couldn't help but said: "Black Snake, actually fell..."

He was indeed a little unbelievable, because Black Snake's strength was definitely very powerful in the Eastern Territory. Except for people at the level of the Holy Lord, it would be difficult for others to kill it.

In addition to being powerful, Black Snake is also very good at hiding.

But it suddenly fell.

The prince's eyes flashed slightly, and he suddenly looked into the void around him, and said aloud: "Black Demon Niu Tou, go to the place where the black snake fell, and see what happened, and that innately cold body, now Tell me exactly where it is."

Buzz!

A towering tauren that looked like an ancient god and demon appeared in the void where the prince looked.

This black devil Niu Tou, whose aura was even more unfathomable, immediately clasped his fists respectfully and said in a low voice: "Prince, don't worry, I'll go and see what's going on."

Buzz!

After finishing speaking, the Black Demon Bull Head's majestic body, as majestic as a god and demon, had disappeared into the void...
