Chapter 3151 Taboo inheritance

In the residential area of the Water Sacred Land.

Ye Feng took Shui Lingxi to the central hall of the Water Sacred Land.

In the central hall, Ye Feng saw the Water God practicing there.

"Um?"

The Water God sensed the breath of the visitor outside the door and immediately opened his eyes.

Ye Feng was surprised to see that the moment the Water God opened his eyes, there were wisps of black energy flashing through.

"It seems to be a kind of magic power..." .???.??

This thought flashed through Ye Feng's heart.

Why would a water attribute cultivator like the Water God Master practice magic arts?

Or maybe I saw it wrong?

However, Ye Feng did not hesitate. After all, it was quite normal for a saint-level figure like the Lord of Water to practice some other inheritances.

At this time, Ye Feng still hurriedly explained his purpose.

When I heard that a strong man was coming secretly, he wanted to steal Shui Lingxi, an innately cold body.

The Water Divine Lord immediately looked furious and said: "Bold!"

Ye Feng said slowly: "He is a master of the Prince Alliance."

"Prince Alliance?"

When the Lord of the Water God heard this, the anger on his face suddenly turned into a deep solemnity, and he asked with some confusion: "Why would a behemoth like the Prince Alliance focus on this girl Lingxi?"

Ye Feng said aloud: "I don't know the specific reason. It may be related to the prince's encounter in the ancient sacred mountain. But what is certain is that this time the prince alliance did not succeed, and there will definitely be stronger beings tracking Shui Lingxi. , Therefore, I now need to bring Shui Lingxi to Yiyuan Dao Sect as soon as possible, and it will be safe if we enter the young sect leader's secret pavilion."

The Water God Lord immediately nodded and said, "Okay, thank you very much, Mr. Ye Feng!"

Lord Water God knows that the safest place now is indeed the Young Master's Secret Pavilion of Yiyuan Dao Sect.

At this moment, the Lord of Water God suddenly thought of something. He couldn't help but take out a yellowed book from his storage ring and thrust it into Ye Feng's hand, deliberately avoiding the water spirit behind Ye Feng. Xi and the red sparrow said in a low voice: "Master Ye Feng, you have offended the Prince Alliance this time because of Ling Xi, and I vaguely guessed that

In the future, you will help the eldest lady deal with a terrifying figure like the prince. This book is what was left after our ancestors from the Water Holy Land fought an extraterrestrial evil spirit 90,000 years ago. It can give you terrifying and boundless power, but It can also bring dire consequences, so use it with caution. "

After saying that, the Lord of Water God put the book into Ye Feng's hands, then quickly stepped back and returned to the main hall to start practicing.

When Ye Feng heard this, his eyes immediately moved slightly and he glanced at the yellowing book in his hand.

On the cover of the book, there were clearly written several ancient and evil characters: Abi Eye of Hell.

This seems to be an evil secret that has been lost for endless years.

"He is also practicing?"

Ye Feng glanced at the Water God Lord not far away, with a hint of surprise in his eyes.

Logically speaking, the Water God Lord is already very powerful now, and there should be no need to practice such a dangerous and evil secret technique.

What is he going to do?

At this time, Ye Feng suddenly thought of the Holy Water Land, leaving his hometown and feeling extremely aggrieved.

Ye Feng suddenly felt that the Water God Lord wanted to return to the primitive ocean area one day, right?

But Ye Feng can't control so much. After all, everyone has their own choice.

Ye Feng can take care of himself now, which is already very good.

So Ye Feng didn't say much at this time, but took Shui Lingxi and flew towards the outside of the Water Sacred Land.

The red sparrow landed on Ye Feng's shoulder and asked curiously: "Just now I saw that the Water God Lord secretly gave you a book. What is that?"

Ye Feng glanced at the red sparrow on his shoulder and said slowly: "Don't ask about things in the world."

The red sparrow stared at her little eyes and said: "Young Feng! How dare you, a young boy like you, pretend to be a gangster in front of me? Sir, I held two evil fire lotus knives in my hands and chopped down three people in the wilderness. sky

For three nights, I didn't even blink. It was like a river of blood, and everyone was terrified. I am the old Jianghu! "

Ye Feng asked aloud: "You haven't blinked for three days and three nights? Are you sure? Your eyes won't hurt?"

The red sparrow was angry: "Boy! Don't you understand what I mean? I said I kill people without blinking an eye, but you ask me if my eyes hurt? You must have done it on purpose!"

When Ye Feng heard this, he couldn't help but grinned and said, "Yes, I did it on purpose."

Red Sparrow: "..."

When Shui Lingxi saw Ye Feng bickering with the red sparrow, she couldn't help but laugh, finding it very interesting.

This was the first time she had seen such a boastful guy like Red Sparrow, and Ye Feng was speechless and speechless.

It seems that my brother Ye Feng is really powerful.

Shui Lingxi felt very happy to have met Brother Ye Feng, a person she would never forget in her life.

On the way to Yiyuan Daozong.

In the dark night.

The red sparrow was speechless by Ye Feng.

Shui Lingxi also fell silent, seeming to be thinking about what it would be like to practice in the Yiyuan Dao Sect in the future.

At this time, Ye Feng took out the book given to him by the Water God and started to read it.

This book, called Abi's Eye of Hell, is the inheritance of an extraterrestrial evil spirit from ancient times.

According to the Master of the Water Holy Land, the ancestors of the Water Holy Land fought with the extraterritorial evil demon, and eventually both died, leaving only such an evil inheritance.

Ye Feng knew very well that for so many years, the Holy Land of Water had probably passed down this set of evil spirits as a taboo, sealed in the Holy Land of Water and not allowed to appear in the world.

Because although this set of inheritance contains extremely terrifying power, it may bring about very evil consequences, making people become possessed and become a murderous weapon in the world.

However, after taking out this taboo inheritance, the Water God Lord was probably desperate. In order to quickly pursue more powerful power, the Water God Lord finally embarked on a dark path.

However, Ye Feng did not tell Shui Lingxi about this, because the Water God obviously did not want his daughter to know all this. He could just bear it alone, and Ye Feng also respected the other party's choice.

Moreover, Ye Feng himself is now planning to practice this forbidden inheritance, Abi's Eye of Hell.

Ye Feng now has about half a year.

This time is not long, but short, it is not too short.

So Ye Feng decided to use his epiphany talent once, which is the epiphany ability that Ye Feng learned once every three months when his chaotic body entered the seventh heaven.

"Epiphany!"

At this moment, Ye Feng imprinted the meaning of Abi's Eye of Hell in his mind, and immediately activated his epiphany ability.

"Buzz..."

At this moment, countless evil symbols quickly surged out from Abi's Eye of Hell, and in the blink of an eye, Ye Feng's entire soul world was filled.

At this moment, a crack appeared in Ye Feng's eyebrows involuntarily.

The slit is a blood red eye, representing the Eye of Hell.

Moreover, it is the extremely evil Abi Hell!

The moment Ye Feng opened the third eye of hell, he immediately felt that he suddenly had the evil power to destroy the world, and he had an ultimate desire for destruction and destruction!

Buzz!

At this moment, Ye Feng quickly closed his Abi Hell Eye.

"boom!"

But at this moment, a majestic figure suddenly appeared at the end of the road in the dark night.

It was a burly body, but with a huge bull's head, exuding a majestic and majestic demonic aura, like a god and demon in the darkness, standing in the distance, blocking the way of Ye Feng and his party.

"Stop!"

At this moment, Ye Feng immediately asked Shui Lingxi beside him to retreat.

At this time, the red sparrow said angrily: "Here we go again! This bull demon must be in the same group as the black snake orochi from before!"

Chapter 3152 The powerful bull demon

At this moment, Ye Feng's eyes were fixed on the tall bull demon not far away with a hint of vigilance.

Ye Feng could feel that the cultivation aura of this bull demon was very unfathomable.

It must be much stronger than the black snake that he and the red sparrow killed together before.

Ye Feng knew that this must also be the prince's right-hand man.

At this time, Ye Feng felt more and more that the prince was definitely a very scary guy.

Otherwise, he would not be able to control these extremely powerful subordinates.

Thinking of this, Ye Feng suddenly felt stressed.

He felt that he might be much stronger than he thought before, so that he could fight against the prince.

At this time, Ye Feng's whole body suddenly exuded extremely powerful fighting spirit, and he entered a fighting state in an instant.

The bull demon in the distance finally walked out of the darkness completely at this moment, revealing its complete figure. .??.

The Bull Demon is very tall and majestic. He stands there like a huge black tower. His long hair is dancing wildly, his eyes are ferocious, and his whole body is as imposing as the King of Demons, giving people a very terrifying oppression. feel.

At this moment, Niu Mo said slowly and directly: "Is it you, the boy, who is protecting the innately cold body?"

Ye Feng stepped forward without any fear and said directly: "Are you the prince's lackey?"

"You're very brave."

The Bull Demon smiled coldly, his eyes full of ferocity, and walked directly towards Ye Feng. With every step he took, the momentum on his body became stronger. When he was about to reach Ye Feng, the momentum on the Bull Demon's body The momentum is already as majestic and vast as a mountain.

At this moment, Ye Feng immediately sensed that the level of cultivation of this bull demon was at the tenth level of the Heaven Transformation Realm and the Great Perfection!

You must know that Ye Feng's current cultivation level is only half-step to the Heaven-breaking realm, and there is a huge gap between him and this bull demon.

like

If Ye Feng's cultivation was still at the Heaven-Tong Heaven realm before, he would definitely turn around and leave.

However, after Ye Feng swallowed the black snake, his cultivation skyrocketed to the Half-Step Heaven-Breaking Realm, and he might be able to compete with this bull demon.

Moreover, there is a descendant of Suzaku who attacks in secret.

In addition, Ye Feng had just realized Abi's Eye of Hell.

That's a big killer.

At critical moments, extremely terrifying destructive power can be unleashed!

"Although I don't know what method you used to kill Black Snake, but after all, you are like an ant. Let me kill you with one punch."

boom!

At this time, the Bull Demon gave a cold shout, strode directly towards Ye Feng, stretched out a huge palm, and the palm made the surrounding space vibrate violently.

It has to be said that the power of this bull demon's body is very terrifying, and it can crush the void.

"boom!"

But at the next moment, Ye Feng directly punched out his fist, and his fist turned directly into gold, releasing the power of the Chaos Body and the Ancient Holy Body, and directly produced a huge roar and roar with the palm of this bull demon. Crash.

"Deng Deng Deng!"

"Deng Deng Deng!"

Almost immediately, both of them took several steps backward.

Ye Feng only felt that his fist was a little sore. At that moment, he felt that it had hit the iron wall. It seemed that this bull demon was indeed extremely terrifying.

"Huh? How can you, with your weak cultivation, be able to compete with the power of my body? This is impossible!"

Niu Mo suddenly became angry and felt that he had been humiliated.

Humiliation, he roared loudly in an instant, and a terrifying blood-red light wave erupted from his whole body, quickly bombarding directly in the direction of Ye Feng.

"Boom!"

When those blood-red rays of light struck in front of Ye Feng, Ye Feng immediately felt that he was trapped in an endless sea of blood, unable to break free at all.

Ye Feng's eyes suddenly showed a look of surprise. It seemed that this bull demon's magical power was also extremely powerful. After all, he was an existence with extremely powerful cultivation, and his methods were still very terrifying.

"Poseidon Crown!"

boom!

At this moment, Ye Feng put on the Poseidon Crown without any hesitation.

The three divine gems on the crown suddenly burst out with very powerful power.

Three different colors of light burst out from the Poseidon Crown, and immediately bombarded forward, blocking the blood-colored light released by the Bull Demon. .??.

Boom!

But at this moment, a huge black ax appeared in the hands of the Bull Demon. It seemed to be able to open up the world. It suddenly struck down from high in the sky, and even "clicked" the energy formed by the Poseidon Crown. The mask was chopped and cracks appeared.

"What?"

Ye Feng's eyes suddenly showed a hint of horror.

The strength of this bull demon is indeed extremely terrifying. This is the first time Ye Feng has encountered an existence that can break the protective light barrier of power of the Poseidon Crown Divine Gem.

"Suzaku Fire!"

Suddenly at this moment, the red sparrow repeated its old tricks and instantly released a large amount of flames from the surrounding void. It immediately enveloped the entire body of the bull demon and burned it quickly.

But at the next moment, the red sparrow's eyes widened

Yes, a small bottle appeared in the hands of the Bull Demon, and when he uncorked the bottle, the Suzaku fire was suddenly absorbed by the bottle.

"What?"

The red sparrow was stunned and couldn't help but exclaimed: "This is the legendary water purification bottle! How could a legendary magic weapon that specifically restrains the fire-attribute clan be in the hands of a dull-witted tauren like you?"

The Bull Demon laughed loudly and said: "I just rushed over from the place where the black snake died, and noticed that the place where he died had a very terrifying breath of Suzaku fire, so I have been prepared for it. You The sneak attack is of no use to me."

boom!

At this moment, the Bull Demon directly waved a huge palm, and blasted the red sparrow to a distance with a snap, smashing a large piece of land and being buried in the ruins.

Wow...

The red sparrow seemed to be very resistant to the beating. It did not die. Instead, it crawled out of the ruins in a very embarrassed manner, and then shouted: "It's over, it's over, we all have to die today!"

"Yes, you will all die in my hands!"

This bull demon is obviously a very terrifying demon, very powerful, and is the top-ranked existence under the prince's command.

At this time, he laughed loudly, held the ax in his hand, and slashed directly at Ye Feng, saying ferociously: "Boy, you don't have any trump cards now! Just accept your death honestly." Destiny!"

Buzz!

But at this moment, a taboo aura that made the Bull Demon change his expression suddenly spread out from Ye Feng's body.

"That's..." The Bull Demon looked shocked.

I saw Ye Feng's eyebrows slowly opening his third blood-red eye, filled with a ferocious and extremely destructive evil energy.

It's the Eye of Hell!

Chapter 3153 Swallowing the Bull Demon

"boom!"

The moment Abi's Eye of Hell appeared, a very terrifying crimson light burst out from Ye Feng's third eye and exploded directly towards the bull demon in front.

"Crash!"

Almost at this moment, the crimson light in Ye Feng's third eye actually shattered the ax in the Bull Demon's hand.

You know, the huge ax in the hands of the Bull Demon is a very terrifying treasure, but now it is unable to resist the attack of Ye Feng's Eye of Hell, and it was destroyed in an instant.

This terrifying destructive power made Ye Feng himself unable to help but reveal a look of deep horror in his eyes.

"So strong!"

When the red sparrow saw this scene, his eyes immediately showed deep surprise.

It couldn't help shouting: "Little Feng, where did you get this eye? Is it from cultivation, or is it the eye of some evil demon that you fused?"

Ye Feng ignored the screams of the red sparrow at this time. He rushed directly towards the Bull Demon, opened his third eye, and continued to emit terrifying blood-red light.

Although it is very difficult for Ye Feng to use this Eye of Hell, and it consumes a lot of his own skill and mental power.

If Ye Feng's soul power hadn't been so huge, it would have been exhausted long ago.

But now Ye Feng's soul power is still enough for Ye Feng to release his power several times.

So at this moment, Ye Feng's third eye suddenly bombarded with a piece of blood-red light, directly covering all the areas around the Bull Demon, leaving the Bull Demon with no way to retreat. .

"violent!"

The Bull Demon didn't hesitate at this moment and directly activated the violent blood in his body.

A terrible bloody storm suddenly erupted around his entire body.

At this moment, the entire body of the Bull Demon expanded rapidly.

, became very towering and tall, full of terrifying and powerful power.

"boom!"

At this moment, a majestic and boundless shadow of will appeared in the void behind the Bull Demon. It was an ancient demon god, full of vast power, as if it could shake the sky.

"Boom!"

Almost at the next moment, two terrifying powers suddenly burst out in the void, shaking the entire surrounding sky and earth.

Even the red sparrow was frightened by this terrifying destructive power and quickly retreated towards the surroundings. Shui Lingxi also retreated quickly.

Because of this terrifying destructive power, the aftermath of destruction is no longer something they can withstand.

Whether it is the terrifying demonic power that the Bull Demon has unleashed at this moment, or the Abi Hell Eye that Ye Feng has practiced, they are both terrifying and taboo-like powers.

At this time, the two parties collided with each other, causing huge damage.

Rumble...

The surrounding mountains, rivers and soil were all collapsed rapidly.

The horrific aftermath of the collision destroyed the surrounding forests for tens of thousands of miles.

The sight was terrifying!

Huhuhu...

The next moment, a breeze blew through the forest, blowing away all the dust, revealing the scene at the center of the collision.

I saw a huge pit appearing in the entire earth. It was very terrifying, like an abyss.

From this, we can imagine how terrible the destructive force was produced by the collision just now.

And at this time, in this huge

In the middle of the deep pit, there is a figure floating in the air.

It's Ye Feng's figure!

Ye Feng's third eye between his eyebrows, Ah Bi's Hell Eye, has cracks.

Obviously, at that moment, huge damage was caused, and Ye Feng's seven orifices were bleeding.

But he was still floating in mid-air, and the aura on his body was still extremely fierce.

Apparently not fatally injured, but certainly seriously injured.

But at this time, the Bull Demon not far away seemed to be even worse.

More than half of the entire huge body has been broken, suffered heavy injuries, and lies in the ruins of the earth.

Although he was still breathing and not completely dead, it was obvious that half of his life was gone.

"Pap, tap..."

Ye Feng walked slowly over and walked to the Bull Demon lying in the ruins.

Half of the Bull Demon's body was broken. At this time, his eyes widened and he stared at Ye Feng, speechless.

When Ye Feng saw Niu Mo like this, a cold smile appeared on his face, and he said loudly: "Don't say it's you, it's the prince behind you. He will die in my hands soon."

Poof!

The moment he finished speaking, Ye Feng stretched out his hand and a divine light burst out, piercing the Bull Demon's head like a sharp sword, completely killing him.

An extremely powerful bull demon just fell into this unknown forest.

"Already dead?"

The red sparrow flew to Ye Feng's side at this time, stared at the dead Bull Demon, and then breathed a sigh of relief.

This time the sneak attack failed and almost everyone was killed.

If it weren't for the terrifying eyes that Ye Feng used at critical moments, they would probably all be here today.

Ye Feng is also growing taller at this time

Breathed a sigh of relief.

Fortunately, I was smarter. After obtaining the Eye of Hell, I directly used my epiphany ability to instantly realize the profound meaning of the Eye of Hell.

Otherwise, I would definitely not be able to defeat this powerful bull demon who is two realms higher than me today.

Uh-huh!

Shui Lingxi also flew over from not far away at this time. Seeing Ye Feng's bleeding from Qiqiao, he couldn't help but said with some worry: "Brother Ye Feng, you are not seriously injured, are you?"

Ye Feng shook his head with a smile and said, "It's okay. My physique is abnormal and I recovered quickly."

boom!

Almost at the moment Ye Feng finished speaking, he directly released the Devouring Domain, immediately surrounding the Bull Demon.

"Rumble..."

At this moment, Ye Feng suddenly felt that huge waves of blood energy were integrated into his body in an instant.

This bull demon was extremely towering, with profound and boundless power. After Ye Feng devoured it, he felt that his power suddenly increased rapidly.

Ye Feng's cultivation aura immediately began to explode.

"boom!"

Breaking the first level of the Heaven Realm!

"boom!"

Breaking the Heaven Realm Second Heaven!

"boom!"

The third level of Heaven Breaking Realm!

"boom!"

The fourth level of Breaking Heaven Realm!

"boom!"

Breaking the fifth level of heaven!

"boom!"

The sixth level of Breaking Heaven Realm!

Finally, Ye Feng's cultivation stopped.

But at this moment, Ye Feng's eyes were bright and boundless. He felt that his whole body was filled with endless energy!

Chapter 3154 The Crown Prince's Fear

Buzz!

At this time, Ye Feng felt the energy in his body, which was surging like a vast ocean.

It has to be said that the skill of this bull demon is so strong that Ye Feng has grown tremendously.

Ye Feng only felt that he could kill his previous self with just one fist!

Ye Feng's current cultivation strength has indeed improved a lot all at once, and he has received huge benefits this time.

Ye Feng suddenly felt that the prince was really a good person. He sent two extremely powerful super masters one after another and let him devour them all. It was extremely comfortable.

At this time, seeing the shriveled body of the Bull Demon on the ground, the red sparrow flew onto Ye Feng's shoulder and couldn't help but said: "Feng boy, who did you learn this weird and terrifying devouring thing from? ability?"

When Ye Feng heard what the red sparrow said, he immediately smiled and said, "I understood it in a dream."

The red sparrow glanced at Ye Feng and couldn't help but said angrily: "Boy Feng, why do you talk back to me like this every time? Can't you just tell me the truth?"

When Ye Feng heard what the red sparrow said, he just smiled slightly, spread his hands, and said loudly: "Okay, then I will tell you the truth. This ability is innate to me."

"intrinsic?"

The corner of the red sparrow's mouth twitched, and she didn't know whether what Ye Feng said was true or false.

But the red sparrow saw it, and it was estimated that only Ye Feng could use this devouring ability.

Red Sparrow is not a good person. He is also a descendant of Suzaku who has been in the wilderness for many years and has met many super geniuses.

But I have never seen someone like Ye Feng possessing such terrifying and weird devouring power.

It is simply capable of plundering the creation of heaven and earth and stealing the essence of the sun and moon.

magnificent.

He even swallows the power of other living beings and uses it for himself.

This devouring ability is so outrageous and overbearing!

Even Red Sparrow, a descendant of Suzaku, felt very incredible and shocked.

At this time, Ye Feng looked in a certain direction not far away and suddenly said: "Shui Lingxi, let's just move on. Once you arrive at Yiyuan Dao Sect, you will be completely safe. No one will dare to catch you again." is you."

"Yeah, okay, brother Ye Feng."

Shui Lingxi immediately flew to Ye Feng's side, holding Ye Feng's arm. Shui Lingling's big eyes stared at Ye Feng, full of happiness.

Although there were various dangers this time, Ye Feng was able to protect her every time and was very safe, making Shui Lingxi feel a huge sense of security and reliability.

And this time.

Just as Ye Feng and Shui Lingxi continued to rush towards Yiyuan Daozong.

A place very far away from Yiyuan Daozong.

This is the ancient sacred mountain area.

In the heart of the ancient sacred mountain, the prince was still refining the ancient divine emperor.

But at this time, the prince suddenly opened his eyes, with a look of astonishment in his eyes.

Because the Bull Demon's soul card floating in front of him actually shattered into pieces.

"What?"

No matter how aloof and indifferent the prince was, his face suddenly turned gloomy at this moment.

Because two of his capable men died one after another, and they both fell so quickly, it made Tai

Everyone felt a little incredible.

Because the cultivation base of his two men is very high. Although they are the prince's men, their real strength is very strong, and each one can stand alone.

But now, both the Black Snake and the Bull Demon just sent out have all fallen, and the soul cards are broken, making the prince suddenly become extremely gloomy.

"Return to the light."

Buzz!

At this time, the prince stretched out his hand and performed a secret technique.

The two broken soul cards in front of him suddenly became a bright light emanating from the fragments, forming a scene.

There are two scenes in total, which are the scenes that happened when the two soul card owners died.

At this moment, everything appeared in front of the prince.

"That is....."

The next moment the prince saw the same young man in two scenes.

It was this young man who killed two of his right-hand men.

"This is the Ye Feng that Black Snake mentioned to me."

The prince immediately recognized Ye Feng's identity.

Because Black Snake had previously reported to the prince that the young master and eldest lady of the Yiyuan Dao Sect had taken a fancy to a young man from the lower world named Ye Feng, and showed Ye Feng's appearance to the prince.

Although they learned about the young sect master and the eldest lady, they are vigorously cultivating the young man.

At that time, the prince thought that this strange young man named Ye Feng was nothing to be afraid of, he was just a waste and an ant.

But unexpectedly, this Ye Feng actually killed two of his capable men in succession. The prince never expected that the culprit would be

The culprit turned out to be Ye Feng.

This thing from the lower world, which he once regarded as an ant, could actually have such a remarkable record.

The prince couldn't help but murmured, "Being able to continuously kill the Black Snake and the Bull Demon is definitely not just a simple matter of his own strength. This Ye Feng's cultivation level is not high, which means that this Ye Feng must have great luck. Just like me back then, I encountered many strong enemies and dangerous dangers, but in the end they were resolved by a combination of circumstances, and my strength and cultivation level also improved. This Ye Feng is very similar to me back then. Could it be that he is another angry person? Son of Destiny?"

At this time, the prince did not want to believe that Ye Feng was a man of great luck like him.

But everything that happened in front of him made him believe it.

This ant from the lower world is an invincible little strongman and a being with great luck.

Although Ye Feng's cultivation strength is not terrible, the profound power of luck and the chance coincidence that can turn danger into safety every time make the prince very afraid.

Because once this kind of person grows up, he will be the most terrifying opponent for the prince, more troublesome than the eldest lady and the young master.

Because this is a person of the same kind as him.

They are all children of luck.

When the prince thought of this, he suddenly became extremely wary of the young man Ye Feng.

But the prince can't get away now, otherwise, his process of refining the ancient god emperor will fall short.

At this time, the prince seemed to have thought of something. He suddenly looked in a certain direction in the void and said loudly: "Holy Maid of Tianji, please come out. I have something to discuss with you. Please help me do this." Okay, I will cooperate with you, Tianji Tower, and let you, the Holy Lady of Tianji, assist me in conquering the entire Eastern Territory."

Chapter 3155 The Secret Saint

Buzz!

At this moment, when the prince's voice fell, along with a burst of space fluctuations, a figure of an extremely beautiful young woman suddenly appeared in the void not far away.

This young woman is what the prince calls the Holy Maiden of Heaven.

The face of the Holy Maiden of Heaven is covered with a delicate purple veil, revealing a pair of mysterious and deep beautiful eyes.

It was as if all the beauty and mystery in the world were gathered in this woman, stunningly beautiful, mysterious and noble.

The moment Saintess Tianji appeared, she looked at the prince under the abyss, smiled slightly, and couldn't help but said: "Prince, you finally let go, but I am very curious about what kind of thing made you need me. Go help you finish it."

The prince spoke slowly: "This is the young man in the scene in front of me. I need you to get close to him and use a special method to lift his head to me. I will promise you the master of Tianji Tower. All requirements."

Hearing what the prince said, the Holy Lady Tianji also looked at Ye Feng in that scene, and then said with some surprise: "This seems to be just a very ordinary young man, but his combat power is indeed a bit strong. Are you sure you want to spend so much time?" A big price for me to deal with this kid who only seems to know how to use brute force?"

The prince looked at Saint Tianji and said solemnly: "He is not as simple as you think. He and I are the same kind of people, and we are both beings with great luck."

The Holy Maiden of Tianji asked in surprise: "What is the existence of great luck?"

The prince said solemnly: "A person with great luck can turn disaster into good fortune every time. He seems to be very easy to deal with, but every time various accidents can happen unexpectedly, allowing him to escape by chance or turn defeat into victory, and I have grown up tremendously. This was how I was back then, so even the owner of your Tianji Building was helpless towards me, because I had grown up, but this boy had not.

When I grow up, I know that your Tianji Tower has secretarial skills that can isolate a person's luck. If you use this secret technique to deal with this young man, you will definitely not be able to let him grow up. The main reason is that I can't get away now and there is no way. Come in person. "

When the Holy Lady Tianji heard what the prince said, she immediately nodded slightly, and then said with a slight smile: "Okay, then I will help the prince to deal with this young boy, but you must keep your promise and remember what you said today. "

The prince nodded and said: "Don't worry, I will definitely keep my promise, but I still want to remind you that this young man and I are the same kind of people. Don't look at him like an ordinary genius. You must use all your strength and use various special means to kill him. As long as you come to see me with his head, I will agree to all the requirements of your Tianji Tower and cooperate with you. "

"good."

Seeing that the prince's words were very solemn and not joking, Saint Tianji immediately nodded, looked at Ye Feng's appearance in the scene, and said: "Don't worry, prince, with my means There shouldn't be any surprises when dealing with this young man, even if he is a person with great luck, don't forget that our Tianji Tower is the ancestor of playing with luck. "

The prince nodded slightly, also believing in Tianji Tower, and said loudly: "Okay, then I will wait for your good news."

Buzz!

The Holy Maiden of Tianji jumped up at this moment and disappeared directly from the place.

The prince frowned slightly as he looked at the disappearing Saint of Heaven.

He always felt that even the Holy Maiden of Heaven could not completely wipe out this young man Ye Feng.

Because the prince knew very well how difficult people of his kind were to deal with and kill, just like Xiao Qiang who could not be killed.

Because the prince is also such a person.

At this time, in the eyes of the prince, Ye Feng was even more troublesome than the young master and eldest lady of the Yiyuan Dao Sect.

Because once Ye Feng grows up, he will become the most terrifying enemy of the prince!

The prince is not afraid of other powerful super geniuses, but he is afraid of beings like himself who have innate luck.

The prince has never met a son of luck like himself, but now he has met him.

At this time, the prince stared at the ancient god emperor below, and immediately murmured, "I guess it's not enough to rely on the Holy Maiden of Heaven alone. I need to increase my strength and quickly refine this ancient god emperor, even if I have to risk the loss." Some of my original divine blood must be accelerated, and I must not let that Ye Feng grow up!" .???.??

boom!

At this time, the prince murmured, and then instantly increased the power of refining!

...

And this time.

Ye Feng took Shui Lingxi and Red Sparrow with him. There was no danger along the way, and he finally successfully arrived at Yiyuan Dao Sect!

When Ye Feng led them into the Yiyuan Dao Sect's sect, he immediately breathed a long sigh of relief.

Fortunately, the prince didn't use any tricks next, otherwise he might not be able to reach here safely.

Because Ye Feng knew very well that he was able to completely kill the Black Snake and the Bull Demon this time. It can be said that it was all a mistake.

The first time I met the black snake, if the red sparrow hadn't succeeded in sneak attack, I wouldn't have been able to kill the black snake.

As for the second time he dealt with the Bull Demon, if Ye Feng hadn't suddenly enlightened on Abi's Eye of Hell, he would definitely not have been able to defeat such a terrifying demon like the Bull Demon.

All this is like divine help from somewhere.

Ye Feng, a practicing soul master, knows very well that this is his own destiny.

But no matter how strong his luck is, he cannot always be able to help Ye Feng turn danger into safety.

In the end, you still have to rely on strong strength to control everything.

Luck, just like luck, cannot always be there.

So Ye Feng knew that he had to hurry up and speed up when he went to the primeval forest to find the original bloodline of the White Tiger Holy Spirit.

Seize the most powerful inheritance from the Heritage Temple, the immortal magical power of the Four Ancient Holy Spirits, and achieve successful cultivation.

In this case, Ye Feng's strength can be greatly improved.

At that time, assassinating the prince will be more confident.

While Ye Feng was thinking, he took Shui Lingxi to the area near the dark pavilion founded by the young sect leader Murong Zhentian.

At this time, Ye Feng did not hesitate and shouted directly to the dark pavilion: "Young Sect Master! Come out and see me!"

Swish!

But suddenly at this moment, two young men wearing special clothes from the dark pavilion flew out from inside. With a naturally aloof look in their eyes, they stared at Ye Feng and said loudly: "Young Sect Master has not been in the Dark Pavilion these days. Are you a newcomer? Great, I am worried that there are not enough cultivation resources during this period. According to our Dark Pavilion rules, newcomers need to hand over 100,000 rough stones, so hurry up and hand them over. Let's just don't try to resist because you might get beaten up really bad."

Uh-huh!

As these two old disciples spoke, they grabbed Ye Feng's direction with greedy smiles on their faces.

Chapter 3156 Somewhat incredible

These two old disciples have quite powerful cultivation auras. They are at the first level of the Breaking Heaven Realm. They should be the core members of the Dark Pavilion created by the Young Sect Master.

But in front of today's Ye Feng, it is nothing at all.

Seeing the two old disciples grabbing at him with greedy eyes, Ye Feng just smiled faintly, and then said loudly: "Go and ask your pavilion master to come see me, don't waste my time. "

Boom! !

Almost at the moment Ye Feng finished speaking, his body suddenly erupted with the super terrifying aura of the sixth level of the Breaking Heaven Realm.

This terrifying momentum, like a vast ocean, suddenly burst out from Ye Feng's body, directly sending the two powerful old disciples flying away in an instant.

Boom!

Boom!

The two old disciples fell hard to the ground, and a trace of blood immediately flowed from the corners of their mouths.

Their eyes were filled with deep horror, and they immediately stared at Ye Feng, a seemingly ordinary young man.

"How can it be so powerful?"

The two old disciples couldn't help but scream in horror at this time.

Ye Feng just smiled faintly at this time and said: "If I wanted to kill you just now, you would be completely dead now, but you are members of the Dark Pavilion, so I will forgive you for being blind this time, and don't do it again I made a mistake and immediately reported it to the young master, saying that Ye Feng is here."

Naturally, the two old disciples did not dare to disobey Ye Feng's order at this time. Instead, they nodded in fear and said quickly: "Yes, yes, let's hurry up and report to the young sect leader."

Swish!

After saying that, the two old disciples immediately entered the area of the dark pavilion and disappeared.

This

At this time, Ye Feng was very satisfied with his performance.

This time Ye Feng's cultivation level has improved so much. Among the Yiyuan Dao Sect and among the younger generation, he is definitely the top existence.

I'm afraid the only people Ye Feng needs to catch up with now are the eldest lady, the young sect leader, and the prince.

At this time, just as Ye Feng was thinking secretly for a long time, a figure wearing a black robe flew out of the dark pavilion in an instant.

It is none other than the young sect leader Murong Zhentian!

The moment Murong Zhentian saw Ye Feng, there was a hint of joy in his eyes.

Then the young sect master seemed to have discovered something extraordinary. His eyes suddenly widened, and with a "swish" sound, he flew in front of Ye Feng, held down Ye Feng's shoulders, and couldn't help but scream in horror. Said: "What? Your cultivation level has actually broken through to the sixth level of Breaking Heaven Realm? How is this possible! How did you improve so much in a short period of time?"

It has to be said that Ye Feng's progress in the past few days has been so fast that the young sect master was deeply shocked and felt a little incredible.

Because Ye Feng's cultivation has improved so much compared to before, and the breakthrough in just a few days is indeed a bit incredible.

But at the next moment, before Ye Feng said anything, Murong Zhentian seemed to have thought of something, and then couldn't help frowning and said loudly: "Ye Feng, is it that my sister and I put too much pressure on you? ? What methods have you used to encourage your growth, or have other super strong people give you power initiation? These are very bad methods and will greatly destroy your potential. Although we want to vigorously cultivate you,

Let you assassinate the prince, but we are not willing to destroy this super genius like you. We would rather confront the prince head-on when the time comes. "

Hearing what Murong Zhentian said, Ye Feng immediately smiled and patted the other party on the shoulder, and said loudly: "Young Sect Leader, don't think so much, it's not such an exaggeration. I didn't use any taboo methods to forcibly improve my skills. , My martial arts foundation is very deep, if you don't believe it, you can feel it for yourself."

Boom!

At this moment, Ye Feng was afraid that the young sect leader would not believe it, so he directly burst out his pure cultivation aura.

That kind of cultivation momentum, incomparably majestic and vast, is like a vast ocean, contained in Ye Feng's body.

It is not like the kind of skill that is forcibly improved at all, but steady and steady, very deep martial arts origins, which can produce such a terrifying cultivation momentum.

At this time, Ye Feng let the young sect leader finally feel relieved.

Murong Zhentian stared at Ye Feng with deep surprise in his eyes, and couldn't help but say: "I didn't expect your cultivation to improve so quickly. It seems that you have gained something particularly good during this period." By chance, you are really amazing. You are improving faster than the prince. You are growing so fast. I guess if the prince knows about your growth rate, he will definitely be very afraid of you and will try every means to do it. Erase you."

Hearing what Murong Zhentian said, Ye Feng smiled slightly, with a hint of coldness in his eyes, and said loudly: "To be honest, Young Master, the prince has sent two super masters to deal with me. They are Black and White." Snake and bull demons."

"What?"

When Murong Zhentian heard what Ye Feng said, his eyes suddenly showed a hint of surprise, and he couldn't help but said: "These two are the right-hand men of the prince.

, very powerful. "

Ye Feng nodded slightly, then smiled indifferently and said, "It's a pity that they all died in my hands."

"Um?"

When Murong Zhentian heard Ye Feng's seemingly domineering words, his eyes immediately moved and he stared at Ye Feng with a look of deep surprise in his eyes.

At this time, Ye Feng suddenly said: "I came here this time to bring Shui Lingxi to your secret pavilion, the young master. In fact, the prince is not specifically targeting me this time, but to get I don't know why the prince needs to be born with an extremely cold body."

The young sect leader Murong Zhentian immediately spoke up and said: "I heard a rumor that the prince was in the ancient sacred mountain. Although he was blessed with a great opportunity and was refining the ancient divine emperor, he also suffered the curse of the ancient sacred mountain. It is estimated that he wanting to obtain the innately cold body is related to the curse, but Ye Feng, don't worry, as long as Shui Lingxi is in my secret pavilion, the masters of the Prince Alliance will never dare to break in. "

Ye Feng nodded slightly, looked at Murong Zhentian in front of him, couldn't help but grinned, and said loudly: "It is because I believe in the Young Sect Master that I brought Shui Lingxi here."

Murong Zhentian suddenly seemed to think of something and said aloud: "Ye Feng, although you killed the black snake and the bull demon, you must still be careful next. Your move has completely angered the prince, and the prince also I realize that you are not an ordinary young man. Although the prince is now trapped in the ancient sacred mountain and cannot come in person, he still has some partners under his command, all of whom are very ancient and powerful. So Ye Feng, you must be careful. Some Human means are not apparent power, but some very strange and invisible killing techniques."

Ye Feng nodded immediately and said, "Don't worry."

Chapter 3158 Too unlucky

"Sea of Chaos?"

There was a hint of surprise in the red sparrow's small eyes.

It stared at Ye Feng with some suspicion, and asked aloud: "The Sea of Chaos, that is a very ancient place, and also a magical place, in the deepest part of the East China Sea."

"East China Sea?"

Ye Feng's eyes showed surprise.

This was the first time Ye Feng heard the specific location of the Sea of Chaos.

The red sparrow nodded and said aloud: "I once traveled to the end of the East China Sea and saw a piece of chaos. That should be where the Sea of Chaos is."

When Ye Feng heard what the red sparrow said, his eyes suddenly showed a trace of excitement, and he couldn't help but asked: "Then have you entered it?"

The red sparrow couldn't help but shook his head and said aloud: "Although I have traveled to the end of the East China Sea and touched the edge of the legendary Sea of Chaos, there is a very terrifying natural chaos barrier that isolates the entire world. , I can't pass through that layer of chaos barrier, so I can't enter the sea of chaos. It is said that there is an ancient family that has been passed down for endless years living in the sea of chaos. It seems to be related to the most powerful Hongmeng master in the legend of the origin of the world. "

When Ye Feng heard what the red sparrow said, there was a hint of disappointment in his eyes.

It turns out that the red sparrow failed to enter the Sea of Chaos in the end, and he didn't know what it was like there.

However, Ye Feng was still a little excited. After all, for the first time, they knew the specific location of the Sea of Chaos. It turned out to be in the deepest part of the East China Sea.

Red Sparrow glanced at Ye Feng, who seemed quite excited, and couldn't help but said: "You kid, don't you want to find the legendary place in the Sea of Chaos? I had the peak cultivation level of Suzaku back then, After going through countless hardships, I crossed the entire vast and endless East China Sea and arrived at the end of the East China Sea. Only then could I have a glimpse of the edge of the Sea of Chaos. I almost died. You are still far away. , don't think about looking for the

remains of the first master of all ages. Many people want to do this, but unfortunately they all die in the vast ocean of the East China Sea, and even if they reach the end of the East China Sea

, and cannot enter the Sea of Chaos area. "

Red Sparrow said at this time, obviously he also had great admiration and admiration for Lord Hongmeng, the first Lord of all time.

He thought that Ye Feng wanted to follow the footsteps and remains of the first master of all ages.

Ye Feng didn't explain anything at this time. He just smiled and said, "I'm just asking. I've heard others say it before, so I'm very curious. Now I'd better do the things in front of me."

After Ye Feng finished speaking at this moment, he continued to move towards the depths of the primeval forest.

With the red sparrow guiding the direction, Ye Feng knew that he would be able to avoid many detours, quickly approach the deepest part of the primeval forest, and avoid many terrifying beasts.

After all, the deep areas of the primeval forest are full of all kinds of strange and powerful evil beasts, as well as all kinds of terrifying poisonous insects, etc. If you are not careful at any time, you may die.

"Boom!"

But at this time, Ye Feng walked into a jungle, and suddenly a huge beehive fell from the tree.

"Buzz buzz!"

Almost at this moment, poisonous bees the size of a human head rushed out of the hive in an instant. There were thousands of poisonous bees, and they quickly moved directly in the direction of Ye Feng and the red sparrow. Rushing away.

When the red sparrow saw this scene, he immediately screamed: "This is the most terrifying primitive bee deep in the primitive jungle!"

Ye Feng looked at each poisonous bee not far away that looked like a human head, and immediately the corner of his mouth twitched: "You call these bees?"

"Run!"

The red sparrow flew quickly towards the distance first, shouting: "It's okay if you don't provoke these primitive bees. Once they are locked by them, they will chase you crazily until they poison you to death. You know ,where

I'm afraid even one highly poisonous bee can poison an ancient elephant in an instant, let alone thousands of highly poisonous bees. This kind of bees are invulnerable to water and fire. Even my Suzaku Fire can't do anything to so many bees. , run quickly, Feng Boy! "

At this time, Ye Feng quickly followed the red sparrow and flew quickly in a certain direction in the distance, his forehead also filled with cold sweat.

Why was he so unlucky? Suddenly, a huge beehive fell from the big tree. It was also the most terrifying poisonous bee in the primitive jungle. Each bee was the size of a human head. You can imagine how terrible its toxicity is.

At this time, Ye Feng didn't hesitate at all, and he and the red sparrow rushed quickly in a certain direction.

In the embarrassing escape of one person and one bird, they finally managed to escape from the pursuit of the swarm of poisonous bees.

However, in the middle of the journey, Ye Feng was accidentally stung by a poisonous bee, which was like an iron hook made of metal. It pierced his thigh, causing Ye Feng to gasp in pain.

These poisonous bees are indeed very terrifying. Ye Feng is a chaotic body, but he was still easily pierced through the thigh.

And the most terrifying thing is that Ye Feng's legs instantly turned into a pitch black color and even began to rot. Even the Chaos Body could not withstand this poison.

Fortunately, Ye Feng used poison-eating insects to absorb all the toxins and saved his thigh.

Moreover, after the poison-eating insects sucked these toxins, they fainted directly. Apparently the toxins were too strong.

This encounter made Ye Feng finally realize how terrifying the depths of this primeval forest were. It was a no-go zone.

The next day, Ye Feng and Red Sparrow were still very unlucky. They accidentally walked into a swamp and fell into the mire of the swamp. They were almost bitten to death by countless black poisonous snakes in the mire.

On the third day, Ye Feng had deliberately concealed his cultivation aura, but he directly bumped into a three-headed silver creature that was tens of thousands of feet tall and majestic.

The armored dragon was almost swallowed by this evil dragon. Fortunately, Ye Feng had the space gem and finally escaped with the red sparrow.

On the fourth day, Ye Feng and Red Sparrow encountered an ancient evil spirit wandering in the primitive forest. If it weren't for Ye Feng's huge soul power, Red Sparrow is a descendant of Suzaku and is protected by the Suzaku Holy Soul. The spirit was torn to pieces.

On the fifth day, they accidentally stepped into the lair of a blood-sucking demon clan and were hunted down miserably.

On the sixth day, one person and one bird met the legendary ancient demon witch who only lived in the dark abyss...

...

On the ninth day, at the foot of a mountain.

The red sparrow was exhausted and lay on the ground. He didn't even have the strength to say: "It can't be done. It really can't be done. It's so unlucky..."

Ye Feng was also covered in scars at this time, and his expression was full of embarrassment and exhaustion. He said aloud: "Is the primitive forest so scary?"

The red sparrow glanced at Ye Feng beside him, twitched the corner of his mouth, and said loudly: "When I came here to travel, for the first time, I didn't encounter even one-tenth of the dangers we encountered during this period. , not to mention that this is my second time here, and I am more experienced, but why can I still encounter all kinds of dangers? And these dangers are simply unbelievable, too outrageous! He will probably die on the third day."

When Ye Feng heard the red sparrow say this, his tired eyes suddenly showed a hint of thinking, and he couldn't help but said: "Xiao Hong, do you think we are too unlucky?"

The red sparrow cursed and said: "It's not just too unlucky! It's simply unlucky to the extreme! It's so unlucky! It's really unlucky!"

Ye Feng suddenly spoke in a deep voice: "Do you think we have been cursed by some mysterious thing? That's why we have encountered so many unbelievable and terrifying encounters and dangers..."

When the red sparrow heard Ye Feng's deep tone, he suddenly tensed up and said with some uncertainty, "It's really possible."

Chapter 3159 The Fear of the Holy Maiden of Heaven

At this time, everyone and the bird were talking, and they all had a creepy feeling.

This kind of unfortunate curse is really weird and scary.

The red sparrow was silent for a moment and asked: "What should we do? We can't just be unlucky like this. Sooner or later we will die. The reason why we are still alive today is because we have many means. Ordinary people have long been played. died."

Ye Feng thought for a moment, then his eyes flickered and he said: "Let me sense it, Xiaohong, you protect me."

Buzz!

At this moment, Ye Feng sat cross-legged on the ground and began to release his huge soul power to sense everything around him.

Soul master is a very mysterious spiritual practice.

At this time, Ye Feng's soul seemed to have jumped out, and he could see a black energy surrounding his head.

Moreover, this black air connected from the top of Ye Feng's head to a place not far away.

At this moment, Ye Feng's soul directly left his body and flew quickly in a certain direction along with this black energy. ??

Swish, swish, swish...

Soon, Ye Feng's soul traveled through a jungle and saw a mysterious woman wearing a purple dress standing on a towering tree. Her face was covered with a veil, and she looked very sacred and noble.

Ye Feng immediately understood that the unlucky curse he encountered should have been cast by this mysterious woman.

At this moment, Ye Feng flew in front of this mysterious woman.

At this moment, seeing Ye Feng's soul body appearing in front of him, a trace of surprise suddenly appeared in the beautiful eyes of this mysterious woman, and she couldn't help but said: "I didn't expect you. He is actually a soul master."

Ye Feng smiled coldly and said aloud: "No wonder I have been so unlucky all this time. It turns out that someone is really secretly using this weird secret technique to bring my bad luck. You should

He must also be a master sent by the prince, right? "

This mysterious woman is indeed the Holy Maiden of Heaven sent by the prince.

The Holy Maiden of Tianji smiled slightly at this time and said aloud: "You are indeed very extraordinary. No wonder the prince is so cautious towards you. You have been cursed by my bad luck for so many days without dying. It seems that you are indeed a son of luck. Kind of, very similar to the prince, but you still haven't grown up after all, your cultivation level is too low, I will kill you now. "

"Emperor Chu!"

But at this time, Ye Feng immediately shouted loudly.

"Boom!"

Almost at the next moment, Ye Feng's body underneath suddenly opened his eyes, and two red lasers burst out in an instant, shooting straight into the sky.

This was Emperor Chu using the power of the Soul Gem. It was almost a charged blow, filled with extremely terrifying energy, and it suddenly enveloped the Holy Maiden of Heaven who was standing on the towering tree.

"ah!"

The Holy Maiden of Tianji seemed to have never thought that Ye Feng actually had such a terrifying method. She wanted to resist at this moment, but she couldn't resist at all. Her soul was severely damaged in an instant, and her face suddenly turned pale.

She couldn't help but said in horror: "What kind of power is this? It has the soul breath of the master. Is this the legendary soul gem? How is it possible? How could the soul gem be in the hands of a young man from a low-level world like you!"

Hearing what the Holy Lady Tianji said, Ye Feng immediately smiled and said, "I won't bother you to care about this. Just die now."

At this moment, Ye Feng was ready to let Emperor Chu launch a more terrifying soul attack from below to kill the Holy Maiden of Heaven.

Ye Feng has already seen that this Tianji Saint is a spiritual practitioner that is somewhat similar to a soul master, so her martial arts strength is not strong.

Now that he has the soul gem and the mental means to restrain the Holy Maiden of Heavenly Secrets, he can naturally suppress this Holy Maiden of Heavenly Secrets in an all-round way. She is no match for Ye Feng at all.

Because Ye Feng met a practitioner who specializes in cultivating spiritual souls. They are protected by soul gems and are almost invincible.

"Forgive me!"

The Holy Maiden of Tianji took off her mysterious veil, revealing a stunningly beautiful face that was full of fear and paleness.

Ye Feng smiled slightly, stretched out a finger, raised the beautiful and delicate face in front of him, and said aloud: "Are you of any value to me?"

The Holy Maiden of Tianji thought for a moment, and then said aloud: "I am different from Black Snake and the others. I am not the prince's subordinate. I only represent our Tianji Tower and cooperate with the prince."

"Tianji Tower?"

When Ye Feng heard this new term, a look of doubt appeared in his eyes. He had never heard of this force.

However, the mysterious woman in front of her has this mysterious method of controlling other people's luck and bringing bad luck, which shows that this Tianji Tower must be a very remarkable ancient force.

Seeing that Ye Feng seemed to be thinking, the Holy Lady of Tianji quickly continued: "I am the Holy Lady of Tianji Tower. If you are willing to let me go, then I will promise to help you deal with the prince. How about it? Anyway, our Tianji Tower is always ready. You can change your partners. You are also a child of luck like the prince, and it seems that your luck is even stronger than that of the prince. Maybe with the help of our Tianji Pavilion, your future achievements will be even greater than that of the prince. "

Ye Feng thought for a moment, then stared at the Holy Maiden of Heaven in front of him, and said aloud: "I can consider and

You cooperate, but in order to prevent you from betraying me, I must plant a soul mark in your soul."
"

Ye Feng knew very well that if a master like Tianji Saint, who specializes in cultivating spiritual power, forcibly hypnotizes her, it would probably not be successful. Instead, it would cause fierce resistance from Tianji Saint, and the gain would outweigh the losses.

After all, Ye Feng knew that if he could really win the Tianji Saint in front of him into his camp, it would be a huge help to deal with the prince.

Because the Holy Maiden of Tianji has always been by the prince's side, she is also very familiar with the prince and knows his weaknesses.

However, Ye Feng also knows very well that beings like the Holy Maiden of Heaven who have various mysterious means are very difficult to control, so Ye Feng must plant a soul mark before he can feel at ease.

"Plant a mark of your soul in my soul?"

When the Holy Lady Tianji heard what Ye Feng said, she immediately showed a trace of resistance on her face, as if she was very unwilling.

"Crack!"

But the next moment, Ye Feng saw the hesitant look on the face of Saint Tianji, and immediately stretched out his hand and pinched the snow-white neck of Saint Tianji.

Ye Feng's hands were like iron pliers. With just a slight exertion, he could break the neck of the Holy Maiden of Heaven.

Ye Feng's eyes looked cold and ferocious at this time, staring at the mysterious Tianji Saint in front of him, and said loudly: "Huh? You still dare to hesitate? Then I will destroy you directly, I I don't want to leave a time bomb next to me."

Seemingly sensing Ye Feng's real killing intent, the Holy Lady Tianji immediately understood that this was a ruthless person comparable to the prince.

The Holy Maiden of Tianji immediately nodded with difficulty, a look of surrender appeared on her beautiful face, and she quickly said: "Okay! You can plant the soul mark, as long as you don't kill me."

Chapter 3160 Thanks to the Prince

The Holy Maiden of Tianji now knows very well that her life is in Ye Feng's hands.

As long as Ye Feng's current palm exerts a little force, her neck will snap.

In that case, she would never have a chance to turn around.

So at this time, Saint Tianji felt that it would be better to surrender to Ye Feng for the time being. In this case, she could save her life for the time being.

"good."

When Ye Feng heard that Saint Tianji agreed, he was not surprised at all. After all, in the face of life and death, it is difficult for anyone not to give in.

And you must know that the Holy Maiden of Tianji is not the prince's subordinate, the two parties are only in a cooperative relationship.

Therefore, the Holy Maiden of Tianji may not necessarily be very loyal to the prince.

Ye Feng left the Heavenly Secret Saint's life behind. In addition to dealing with the prince, he also took a fancy to the Tianji Tower behind the Heavenly Secret Saint. This must be a very mysterious hidden power.

At this time, Ye Feng no longer hesitated and directly released a soul mark of his own, directly entering the mind of the Holy Maiden of Heaven in front of him.

Next, Ye Feng let go of his palm, smiled slightly, and said loudly: "From now on, we will be partners."

The Holy Maiden of Tianji touched her red neck, which was still a little burning. She quickly forced a smile and said: "Yes, from now on, you and Mr. Ye Feng will be partners, and we will stand on the same boat."

Ye Feng's eyes showed surprise and said: "Do you know my name?"

Saint Maiden Tianji nodded and said: "The prince told me that the prince seems to value you very much. This is the first time I have seen the prince be so aloof and aloof, and he would pay so much attention to a young man with weak cultivation."

When Ye Feng heard what the Holy Lady Tianji said, his eyes suddenly showed a trace of solemnity.

The prince suddenly paid so much attention to him. Not only did Ye Feng not feel happy, but he felt a deep sense of crisis.

Because now I am being raped by the prince

If you pay complete attention, the assassination will be very difficult.

Fortunately, this Holy Lady of Heavenly Secrets should know the prince very well, and when the time comes, we can work with her as a reference on how to perfectly assassinate the prince.

Uh-huh!

At this time, Ye Feng's soul body flew back again and returned to his original body.

And Saintess Tianji also followed, with a hint of awe in her beautiful eyes.

Because she knew that there was a soul gem in Ye Feng's head.

The Soul Gem, the soul essence left by the Supreme Lord, contains the power of the Lord's soul. It is the most sacred object in the eyes of practitioners who cultivate the soul and spirit.

At this time, Ye Feng returned to his true body, opened his eyes, and stood up.

The red sparrow stared at the Tianji Saint who landed next to Ye Feng, and said viciously: "Boy Feng, it must be this vicious girl who makes us so unlucky. Damn it, as expected, the more beautiful the girl is, the more cruel and vicious."

The Holy Maiden of Tianji glanced at the red sparrow who was shouting excitedly, and didn't say much. She just stood beside Ye Feng indifferently.

Although she became Ye Feng's subordinate, this does not mean that the majesty of the Holy Maiden of Heaven has disappeared.

To others, the Holy Maiden of Tianji still behaves extremely aloof.

When the red sparrow saw that the Holy Maiden of Heaven was ignoring him, he immediately became even more furious and wanted to scold him.

But Ye Feng stopped the red sparrow and said, "Xiao Hong, business matters are important. Now that I have been completely paid attention to by the prince, there is not much time left for me. Let's continue deep into the depths of the primeval forest."

The Holy Maiden of Heaven suddenly asked: "

Ye Feng, what are you going to do in the depths of the primitive forest? We can't enter the depths of the primeval forest at all. Even if I don't cast a curse of doom on you, you will eventually die miserably on the road leading to the depths of the primeval forest. "

Ye Feng shook his head and said, "I know the road ahead is difficult, but I must enter the deepest part of the primeval forest, even if I have a narrow escape."

Saint Maiden Tianji said: "I am not attacking you. With your current cultivation strength, even if you have this Suzaku descendant to lead the way, you may die accidentally before entering the deepest part of the primeval forest."

The red sparrow nodded, glanced at the Holy Maiden of Heaven, and said, "Although I am very unhappy with this vicious girl, what she said is indeed right." ??

When Ye Feng heard what they said, he also fell into thinking. Although he was plagued by bad luck during this period, Ye Feng also saw the terrifying and dangerous places deep in the primitive forest.

Maybe in the end, he didn't even see the face of the Dark Nine-Headed Dragon, and died on the way, risking his life.

Seeing Ye Feng's hesitation, the Holy Lady Tianji couldn't help but ask: "Ye Feng, what are you looking for?"

Ye Feng said aloud: "I need to find the bloodline of the White Tiger Holy Spirit."

"The bloodline of the White Tiger Holy Spirit?"

Saint Maiden Tianji's eyes were stunned, and then she took out a small jade bottle from her storage ring.

The small jade bottle was opened by the Holy Maiden of Heaven, and there were several drops of blood inside. A layer of golden light rushed out of the blood, and a small tiger condensed at the mouth of the bottle, roaring up to the sky.

Ye Feng's eyes moved and he asked: "This is it?"

The Holy Maiden of Tianji smiled slightly and said, "This is the blood of the White Tiger Holy Spirit, and I just happen to have it here."

Ye Feng: "..."

At this moment, Ye Feng was a little confused.

Unexpectedly, I worked so hard to find

There is a bottle of the White Tiger Holy Spirit bloodline in the storage ring of Saint Tianji.

At this time, Ye Feng even expressed his sincere gratitude to the prince in his heart.

Thank you, Prince, because of you, the four seasons are warm.

Not only did he give himself two super demons to devour, it also made his cultivation level skyrocket.

He also sent a right-hand man, the Holy Maiden of Heaven.

Now I directly obtained a bottle of the blood of the White Tiger Holy Spirit.

Ye Feng directly took the small jade bottle from the hand of Saint Tianji, sensed it carefully, and confirmed that it was definitely the pure blood of the White Tiger Holy Spirit!

"Very good!"

The red sparrow also cheered: "Finally, I don't have to accompany this crazy boy like Feng Boyzi to the depths of the primeval forest to die!"

Ye Feng didn't hesitate at this time and directly swallowed the white tiger's holy blood in the small jade bottle.

"Don't!"

When the Holy Maiden of Tianji saw Ye Feng's reckless behavior, she was immediately shocked and couldn't help but said: "This is the pure blood of the White Tiger Holy Spirit. A few small drops are full of energy. Ye Feng, your current cultivation level If your level is too low, you will explode and die!"

The Saint of Tianji is not really related to Ye Feng's safety, but Ye Feng is dead and she still has Ye Feng's soul imprint in her mind. At the moment of Ye Feng's death, the Saint of Tianji will be instantly destroyed by that soul imprint. Whole brain, become an idiot.

"don't worry."

At this time, the red sparrow flew next to the Holy Lady of Tianji, glanced at the Holy Lady of Tianji, and said: "This kid is not as weak as you think. Don't act like you have never seen the world. I am ashamed of you as the future successor of Tianji Tower." identity."

"boom!!"

The moment the red sparrow finished speaking, Ye Feng, who was not far away, suddenly felt a terrifying and powerful aura break through.
