Chapter 3171 Absolutely incredible

No one thought that Ye Feng, a seemingly ordinary young man, would have such powerful means to suppress the Bone Sage.

"I knew he could do it!"

Murong Mingyue, the eldest lady, was quite excited. When she looked at the magnificent Ye Feng in the distance, she felt that everything even felt unreal.

It seemed that one second Ye Feng was just an alchemy boy following Murong Mingyue, but the next moment he had become a peerless being with unparalleled power.

"He certainly didn't let us down."

Murong Zhentian, the young sect master, couldn't help but speak out at this time. The light in his eyes was very bright, and he obviously felt that everything was worth it.

Ye Feng, an ordinary boy from a low-level world, was really trained by them to become a peerless being.

At this moment, when everyone around was sighing.

In the ruins of Danzun Hall not far away.

Ye Feng walked up to the Bone Sage who fell on the ground, with a hint of coldness in his eyes.

At this moment, Ye Feng was holding the death gem in his hand.

The death gem still exudes a very strong aura of death, trying to break free from Ye Feng's hand.

But it was imprisoned by Ye Feng's majestic vitality, and there was no way to break free.

At this time, Ye Feng looked at the Death Gem in his hand, thought for a moment, then stared at the extremely weak Bone Sage in front of him, and asked aloud: "What method did you use to sacrifice my friend Xiao Yaoxian?" How to save her if she sacrificed it to the Death Gem?"

Hearing what Ye Feng said, the Bone Sage just remained silent and didn't say a word.

But at this moment, Ye Feng continued to speak: "This is all a grudge between you and Yiyuan Daozong, and has nothing to do with this innocent girl like my friend.

relationship, now you just need to tell me how to save my friend, then I will not erase you and continue to let you exist in this world. Do you really not want to live anymore? "

When Ye Feng said this, the Sage of White Bones suddenly showed a trace of struggle in his eyes.

Buzz!

Then his entire huge skeleton slowly became smaller, and finally became as big as a person.

The Great Sage of Bones stood up and said aloud: "If you want to rescue your friend, it is actually very simple. That is to let the death gem change its host. In this case, your friend will be automatically released by the death gem."

"Change a host?"

There was a trace of surprise in Ye Feng's eyes, and he asked aloud: "You mean, let me become the new generation host of the Death Gem?"

"That's right."

The Great Sage of Bones nodded and said: "The Death Gem will not look for its old host, so I cannot become the host of the Death Gem again. Your vitality is so strong, maybe you can become the only host who can completely control the Death Gem. , the hosts of each previous generation of Death Gem must obey the orders of the Death Gem and be bound to the Death Gem, but maybe you

kid can create a miracle and become the master of the Death Gem, because I saw it from you. The possibilities are endless.”

It has to be said that after this battle, the White Bone Sage developed deep confidence in Ye Feng, a young man from the human race, and he looked at Ye Feng, an ordinary-looking young man, with admiration.

Ye Feng nodded slightly. In fact, there was no direct grudge between him and the Great Sage of Bones, so at this time Ye Feng chose to believe the words of the Great Sage of Bones.

Then he began to release his power, wanting to completely control the Death Stone.

"Buzz!"

However, when Ye Feng refined the Death Gem, endless energy of death suddenly surged out from the Death Gem, trying to corrode Ye Feng's body power.

If Ye Feng's chaotic body hadn't entered a new level, I'm afraid Ye Feng's entire body would have decayed in an instant and completely turned into a body of death.

"It's a little difficult."

There was a hint of ugliness in Ye Feng's eyes. He found that he could not completely refine the death gem now.

But at this time, the Necromancer in his mind suddenly said: "Let me give it a try."

"good."

Ye Feng nodded slightly, without any hesitation, and immediately sent the death gem into his mind space and in front of the necromancer.

At this moment, the Necromancer looked at the death gem in front of him and began to cast a very special spell.

This commander-in-chief from another world, the Archmage, naturally has a very great understanding of the mysteries of death.

After all, this is a powerful being who has become a dominator for the first time.

At this time, what made Ye Feng's eyes shine was that the Necromancer actually controlled the Death Gem very easily, and the power of the Death Gem was immediately restrained.

"As expected of a great mage from another world who specializes in the mysteries of death. He is indeed very powerful."

Ye Feng was not particularly surprised at this time. After all, the Necromancer was the supreme being who had just entered the Dominion. He was naturally many times more powerful than he had imagined. It was very normal to have such magical means.

Buzz!

At this moment,

The Necromancer cast a mysterious spell on the Death Stone.

I saw golden threads appearing on the surface of the Death Gem, covering the entire gem.

The Necromancer said aloud: "Now this Death Gem has been shrouded in my Necromantic Mystery. From now on, you can use the power of the Death Gem at will."

When Ye Feng heard the Necromancer say this, his eyes suddenly showed a look of deep surprise.

Sure enough, it is really great to have an old senior by your side, who can solve very difficult problems for you at any time.

Buzz!

At this time, Ye Feng once again took out the death gem from his mind.

However, the Death Gem no longer actively releases the energy of death to attack Ye Feng, but has become very restrained.

At this time, Ye Feng's eyes showed a hint of surprise, and he found that he could fully use the power of the Death Stone.

"boom!"

Ye Feng tried to activate the Death Gem, and a crimson death energy immediately rushed out of the Death Gem. It hit not far away and corroded a large area of soil.

"Huh? Controlling the Death Stone so quickly?"

The Bone Sage standing next to him was startled, as if he didn't expect that Ye Feng could really control the death gem.

Originally, the Bone Sage asked Ye Feng to try to control the Death Stone. He thought that it might take Ye Feng several years, even ten or even decades.

However, it seemed that Ye Feng only spent a few seconds?

What kind of talent is this?

"It's simply unbelievable..." Even the Great Sage of Bones couldn't help but sigh a little, the future life is terrible.

Chapter 3172 Follow me

With the help of the Necromancer, after Ye Feng took control of the Death Gem at this time, he directly began to activate the internal secrets of the Death Gem to save the Little Medicine Fairy.

"Buzz!"

At this moment, a crimson light was suddenly released from the Death Gem.

In this crimson light, the figure of the Little Medicine Fairy appeared, being released directly from the inner space of the Death Gem and appearing in the outside world.

Soon, the little Yaoxian opened his eyes, but asked with some confusion: "Ye Feng, why did you appear here? What happened to me? I feel like I have been in a daze during this time."

Ye Feng didn't explain much at this time. He just smiled and said, "You were in danger before, but now I have saved you."

Hearing this, the little Yaoxian suddenly revealed a look of surprise in her beautiful eyes, and said quickly: "Oh, yes! I remembered it! I was attracted by a mysterious power to the Alchemy Master we visited before. The strange mountains in the deep area of the temple, and then I seemed to see a red gem embedded in the ground, and then... then I didn't remember anything."

Ye Feng smiled and said, "It's okay now."

"ah!"

Suddenly at this time, Xiao Yaoxian saw a skeleton standing next to Ye Feng, with green soul fire coming out of the skull. She was immediately frightened, and quickly rushed to Ye Feng's side, grabbing hold of him in fear. He held Ye Feng's arm and carefully stared at the Bone Sage, a pure skeleton.

Ye Feng smiled slightly, took the little Yaoxian's hand, walked not far away, and came to the eldest lady Murong Mingyue.

At this moment, a group of super masters from the Yiyuan Dao Sect, as well as the seniors who looked down on Ye Feng, all had a hint of embarrassment in their eyes.

Ye Feng didn't care about this. He just looked at Murong Mingyue and said with a smile: "I rescued the little Yaoxian. Thank you for your trust, Miss."

Murong Mingyue's cold and beautiful face showed a slight smile at this moment, and she said loudly: "You surprised me so much. In a short period of time, you suppressed the Bone Sage. During this time, In the dark pavilion, it seems that your strength and cultivation have improved a lot."

Ye Feng smiled slightly, then looked at Murong Zhentian who was standing next to the eldest lady, and said loudly: "Thanks to the training and improvement plan of the young sect leader, my cultivation strength has improved a lot."

Hearing what Ye Feng said, Murong Zhentian immediately smiled faintly, nodded and said: "I didn't do much to help, I just provided some platforms and resources to Ye Feng. It's all because of you, Ye Feng." His talent is very good."

Ye Feng immediately smiled and said: "Young Sect Leader's training plan is very effective. This is the key."

"Stop flattering each other."

An old senior from the Yiyuan Dao Sect suddenly spoke up, as if he couldn't stand it anymore.

The old man pointed to the Bone Sage standing in the ruins not far away and said: "Now that people have been rescued, how should we deal with this evil Bone Sage?"

Murong Mingyue looked at Ye Feng and asked, "You suppressed this Bone Sage. It's up to you to decide."

Murong Zhentian, the young sect leader, said coldly: "It would be best to destroy this evil existence directly."

Ye Feng immediately said: "Leave this matter to me. I promise that he will never destroy Yiyuan Dao Sect again in the future. Trust me."

Hearing Ye Feng say this,

Murong Zhentian's eyes flashed, and then he said: "Okay, then I will listen to you Ye Feng. I hope you can discipline this Bone Sage."

"rest assured."

Ye Feng immediately said with a smile.

Then Ye Feng left the place and flew towards the ruins not far away.

Ye Fengfei arrived in front of the Great Sage White Bones and said: "You can follow me from now on. As for your resentment towards the first-generation master of the Yiyuan Dao Sect, when we reach a higher realm and find the first-generation master, Then you can settle the score with him."

The Great Sage of Bones nodded and said: "I destroyed the entire Alchemy Hall at will before, which was indeed very inappropriate. In any case, I want to thank you for giving me a chance to correct myself. Otherwise, I would probably have to fight with Yi Yuan today. Daozong died together here."

When Ye Feng heard what the Great Sage of Bones said, he looked at the Great Sage of Bones in surprise.

Unexpectedly, this seemingly evil cultivator still has such awareness.

Sure enough, there are no evil practices in the world, only evil human hearts.

At this time, Ye Feng nodded slightly and said: "Then you can follow me from now on. It just so happens that I need to use your strength to deal with a very scary opponent."

The Great Sage of White Bones nodded and said: "Okay, as long as I can help, I will definitely try my best."

After finishing speaking, the Bone Sage stood behind Ye Feng, standing silently and smiling.

However, there was no joy, anger or joy on the skull's face.

At this time, Ye Feng led the Bone Sage to the crowd not far away.

Everyone saw the Bone Sage standing behind Ye Feng, filled with the evil aura of death. Everyone couldn't help but stepped back several steps, feeling a terrible feeling.

At this time, Ye Feng just smiled slightly and said: "If nothing happens, I will take the Bone Sage away."

"Go quickly, go quickly!"

A group of seniors from the Yiyuan Dao Sect all spoke out. It was obvious that in their eyes, the Bone Sage was simply like a god of plague.

Murong Zhentian glanced at the Bone Sage behind Ye Feng, with a hint of fear in his eyes. Then he stared at Ye Feng and said loudly: "Let's continue with the improvement plan. This time, I will take you to a The ancient dragon cave is located in a primitive secret realm outside the Yiyuan Dao Sect. It is very ancient and is left over from the era when the dragon clan controlled the entire world of origin. Countless people have entered it and been transformed. Today, the Eastern Region has the most The famous Dragon King received unparalleled opportunities from that ancient dragon cave, and finally achieved such great achievements and became an unparalleled figure in the Eastern Territory. "

When Ye Feng heard what Murong Zhentian said, his eyes immediately lit up. The Ancient Dragon Cave sounded like a very good place, and it might be able to bring him huge opportunities.

"I have been to the Ancient Dragon Cave. It is indeed a very good place, but the shallow areas have been raided long ago. You need to go very deep into it to get huge fortunes." The red sparrow flew from nowhere. He came over and stood on Ye Feng's shoulders.

"You're a deceitful firebird and you're not dead yet?"

Suddenly, the taciturn Bone Sage behind Ye Feng spoke up, and his tone seemed to be filled with a hint of surprise.

The red sparrow immediately looked at the skeleton behind Ye Feng and couldn't help but said doubtfully: "Who are you? Which ancient figure are you? You actually know my dark history of deception and abduction?" With the help of the Necromancer, Ye Feng at this time After taking control of the Death Gem, he immediately began to activate the inner secret of the Death Gem to save the little Medicine Fairy.

"Buzz!"

The red sparrow immediately looked at the skeleton behind Ye Feng and couldn't help but asked in confusion: "Who are you? Which ancient figure are you? You actually know my dark history of deception and abduction?"

Chapter 3173 Ancient Dragon Cave

When the White Bone Monkey King heard what the red sparrow said, he just snorted lightly and said nothing more.

Perhaps the White Bone Monkey King was tricked by the red sparrow back then.

But after so many years, the Bone Sage is too lazy to pursue anything.

After all, he also discovered that Red Sparrow, a descendant of Suzaku, seems to be in a miserable situation now, with all his divine power disappearing.

At this time, Ye Feng looked in a certain direction not far away and said loudly: "Then shall we go directly to the ancient dragon cave now?"

Murong Zhentian nodded slightly and said loudly: "Okay, in order not to waste time, we will set off immediately."

Uh-huh!

After saying that, Murong Zhentian flew directly to the sky and flew quickly in a certain direction.

"So fast?"

Before Ye Feng could react, the young sect leader Murong Zhentian had already flown far away.

Ye Feng had to admire the young sect master's execution ability.

"Let's go too."

Uh-huh!

As Ye Feng spoke, he also jumped up, flew high into the sky, and quickly chased in the direction of Murong Zhentian in the distance.

"Ye Feng, you must be careful, you are our all hope!"

The eldest lady Murong Mingyue shouted to Ye Feng high in the sky.

Ye Feng turned around from high in the sky, grinned, and said, "Okay, don't worry, Miss."

The next moment, the group of people had disappeared not far away.

...

For the next few days, the group was constantly on the road.

The night of the third day.

Murong Zhentian, who was leading the way, finally stopped and fell from the sky.

At this time, Ye Feng's eyes flashed slightly and he also landed from high altitude.

under,

It is a deep mountain and old forest.

But what surprised Ye Feng was that in this deep mountain and old forest, people were coming and going and it was very lively.

At this moment, the red sparrow and the white-bone saint also landed.

The Bone Sage put on a black robe, covering his whole body and covering his skeletal body.

Otherwise, a skeleton following Ye Feng every day would be too shocking.

The red sparrow stood on Ye Feng's shoulder, grinning and said: "I didn't expect that after so many years, I would come back."

Ye Feng glanced at the red bird on his shoulder and said, "Are you familiar with this place?"

The red sparrow nodded and said: "When I had a good relationship with a certain fairy dragon in the ancient dragon cave, she once invited me to visit the ancient dragon cave, so I am quite familiar with the ancient dragon cave. What? You kid? Want me to guide you?"

Ye Feng nodded slightly and said: "When I come to this ancient dragon cave this time, I naturally want to get a huge opportunity to improve my cultivation."

Now, Ye Feng's chaotic body has evolved, and he has also successfully practiced the immortal magic of the Four Ancient Holy Spirits. What he lacks most now is the realm of cultivation.

So Ye Feng now really wants to improve his cultivation level quickly.

Ye Feng felt that he needed to improve at least two realms before he could compete with the prince.

Murong Zhentian looked at a mountain not far away and said loudly: "The Ancient Dragon Cave is in that mountain. That's the entrance. Let's go directly."

When Ye Feng saw that Murong Zhentian was also going, his eyes were quite surprised and he couldn't help but ask: "Is the young sect leader also coming with me?"

Murong Zhentian nodded slightly,

He said aloud: "I have only been to the ancient dragon cave once, and I have not gone deep into it. This time I want to enter the ancient dragon cave with you, and explore it very deeply. It just so happens that I am by your side, so I can Ready to help you deal with any danger."

When Ye Feng heard what Murong Zhentian said, he could only nod his head and said nothing more.

However, with Murong Zhentian, the powerful young sect master, Ye Feng has a powerful helper by his side.

Uh-huh!

At this moment, Ye Feng walked quickly towards the direction of the Ancient Dragon Cave without any hesitation.

Soon, they arrived at the entrance of the Ancient Dragon Cave.

Here, there are all kinds of practitioners, all in a hurry.

Or walked out of the ancient dragon cave.

Or walk into it from the outside.

Ye Feng saw that many practitioners who came out of the ancient dragon cave had joy on their faces. It was obvious that they had gained a lot of luck and wealth in the ancient dragon cave.

However, there were also very seriously injured warriors who came out of the ancient dragon cave. They had obviously encountered terrible dangers inside.

Murong Zhentian said slightly: "There is a very ancient chance creation in the ancient dragon cave, which is related to the ancient dragon era, but it also contains extremely terrifying dangers. Even if our current cultivation strength is already very high in the Eastern Territory, It's amazing, but you still have to be vigilant. After all, even a powerful person like my father may encounter life-threatening danger if he goes too deep into this ancient dragon cave."

When Ye Feng heard what Murong Zhentian said, he was immediately shocked and couldn't help but said: "Even a big shot like the sect master might be in danger in the ancient dragon cave? This ancient dragon cave is so dangerous!"

The red sparrow was on Ye Feng's shoulder at this time and said aloud: "As long as it doesn't go too deep, there shouldn't be much danger, but I think you, Mr. Feng, will definitely take a huge risk to enter the depths of the ancient dragon cave. "This is your nature."

When Ye Feng heard this, he immediately grinned and said: "It's not that exaggerated, and I won't joke with my own life, but if there is really a huge opportunity, then I should take the risk." Take risks, after all, opportunities come with risks."

The Bone Monkey King did not speak or express an opinion. He just followed Ye Feng silently. He was wrapped in a black robe and looked extremely mysterious.

At this time, Ye Feng and Murong Zhentian no longer hesitated and walked directly into the depths of the mountain and entered the area of the ancient dragon cave.

When Ye Feng walked into the ancient dragon cave, he immediately felt a faint ancient dragon power appearing in the surrounding air, which lifted Ye Feng's spirit.

At this time, as Ye Feng and Murong Zhentian entered the deep area of the ancient dragon cave, there were fewer and fewer warriors coming and going around.

When they walked a certain distance, they suddenly saw more than a dozen stone caves in front of them.

Murong Zhentian said aloud: "The Ancient Dragon Cave is a very huge underground cave. Even a big man like my father, who is at the level of a sect master, probably cannot explore the entire range of the Ancient Dragon Cave underground cave. Since the Ancient Dragon Cave appeared in the world, a lot of time has passed. It has been thousands of years, but no one has been able to explore the entire ancient dragon cave for thousands of years. There are still many deep places in the ancient dragon cave that have never been set foot by anyone, and there may be hidden ancient treasures. Mysterious and taboo."

Ye Feng nodded slightly, then looked at the dozen caves in front of him and said, "Which entrance does the young master think we should start exploring from?"

Chapter 3174 Ruined Palace

Hearing Ye Feng's question, Murong Zhentian suddenly showed a hint of thinking in his eyes.

Then Murong Zhentian suddenly took out a small monkey-like iron puppet from his storage ring.

"Treasure Hunting Puppet?"

The red sparrow standing on Ye Feng's shoulder saw this "Iron Monkey", and suddenly a look of surprise appeared in his eyes, and he said: "This kind of treasure-hunting puppet is very rare. He is worthy of being the young master of the Yiyuan Dao Sect. There's really a lot of stuff."

Murong Zhentian nodded slightly, with a look of memory in his eyes, and said loudly: "This is something handed down by a puppet master I once encountered in an ancient ruins. It helped me during my cultivation. I have a lot."

Buzz!

At this moment, Murong Zhentian said, directly driving a piece of raw stone into the body of the iron monkey.

"boom!"

The next moment, Iron Monkey, who was motionless, immediately emitted a ray of light, as if he had a soul. He quickly ran towards the third cave on the left and disappeared in the blink of an eye.

"Let's follow." ??

Murong Zhentian said immediately.

Ye Feng also nodded and followed directly.

They moved forward quickly in the third cave, following the Iron Monkey in front.

Uh-huh!

Soon, Iron Monkey's energy was exhausted and he stopped in place.

Murong Zhentian once again struck a rough stone.

Iron Monkey began to move again.

The entire underground area of the Ancient Dragon Cave is like a huge underground maze, going around and around, making people dizzy.

Half an hour later, Iron Monkey stopped somewhere not far away.

This treasure-hunting puppet is still radiating light. Obviously, the power of the original stone is still there, and it is not because of it.

Stopped for lack of energy.

"It seems that the treasure hunting puppet has found the first good place." Red Sparrow said with a smile on Ye Feng's shoulder.

Murong Zhentian and Ye Feng dodged and flew over, and immediately saw a slightly dilapidated palace appearing in front of the iron monkey.

This palace stands alone in the cave in front of it, looking like an old man who has been in the darkness for countless years.

The surrounding atmosphere was very desolate, with no trace of life.

Murong Zhentian's eyes suddenly lit up and he said, "It seems that no one has been here yet. Let's hurry over and have a look."

It is not easy to find a place in the ancient dragon cave that no one has ever set foot on.

So at this time, Murong Zhentian was still quite excited. He didn't expect to find an untrodden place so quickly.

Uh-huh!

Ye Feng also quickly followed and stood beside Murong Zhentian.

The two of them continued walking towards the lonely palace ahead.

When the two of them walked to the entrance of the palace, they immediately saw a large square at the entrance of the palace.

Around the main square, there are huge totem poles. On the surface of the totem poles are huge sculptures that look like ancient evil beasts.

At this time, when the two of them had just walked here, the totem poles in the entire square suddenly released a vast and ancient atmosphere.

"Buzz!"

At this moment, the eyes of the evil beasts on the totem pole suddenly emitted scarlet light.

.

"careful!"

At this moment, Ye Feng shouted loudly, ducked directly behind Murong Zhentian, and punched out hard.

"Boom!"

Ye Feng's fist suddenly collided with the claws of a sculptured evil beast, and a huge roar suddenly erupted.

It turns out that at this moment, all the evil beast sculptures on the totem poles are "resurrected"!

Each of the evil beast sculptures came to life, exuding a terrifying aura, and attacked Murong Zhentian.

If it weren't for Ye Feng's fist just now, Murong Zhentian would have been clawed to death by the claw of the evil beast sculpture just now. Even if he didn't die, he would definitely be seriously injured.

Because you must know that the evil beast sculpture can give Ye Feng a hard blow.

Ye Feng's current body strength has transformed into the eighth level of the Chaos Body, and is very powerful.

However, one punch did not break the evil beast sculpture, which shows how strong and hard this evil beast sculpture is.

At this time, Murong Zhentian also reacted immediately. He stretched out his hand and pulled out a pure golden sword from the void.

"boom!"

"boom!"

"boom!"

At this time, all the evil beast sculptures on the surrounding totem poles came to life. There were more than a dozen evil beasts, all roaring and roaring, and they quickly attacked Ye Feng and Murong Zhentian.

"The sword goes against the sky!"

Murong Zhentian roared loudly, and the pure gold sword in his hand immediately moved forward to kill fiercely.

This was the first time that he showed his power in front of Ye Feng.

r\u003e “Boom!!”

All of a sudden, thousands of golden light burst out from his pure gold sword, condensing into a monstrous golden sword, which directly bombarded the over a dozen evil beast sculptures that were charging back.

It has to be said that Murong Zhentian's cultivation level is still very powerful. Ye Feng couldn't help but show a hint of surprise in his eyes. He thought to himself that he is indeed a powerful being that even Murong Mingyue recognized. Such cultivation level The strength is indeed very powerful.

"Roar!!"

At this time, more than a dozen evil beast sculptures continued to roar and roar, and charged towards Murong Zhentian again.

"This is a formation!"

Ye Feng suddenly spoke up: "These evil beast sculptures cannot be destroyed by our power. The depths of the surrounding square contain the power of the formation. I will destroy the Eye of the Formation."

"good!"

Murong Zhentian immediately nodded and said: "I will resist these dozen evil beast sculptures, and you will destroy the formation eyes."

Murong Zhentian also discovered at this time that even the extremely powerful magic weapon in his hand, the Sword of the Human Emperor, could not destroy these evil beast sculptures.

Therefore, the origin of the formation must be destroyed in order to eliminate the threat of these evil beast sculptures.

The reason why Ye Feng wants to destroy the formation is also because these evil beast sculptures cannot even destroy his own chaotic body, which is really scary.

Swish, swish, swish!

At this moment, Ye Feng immediately flew quickly in a certain direction not far away, exuding powerful soul power, trying to lock the eye of the formation in the square.

The red sparrow was standing on Ye Feng's shoulder. He seemed to have seen something and suddenly shouted: "There is a living dragon in this ruined palace! Boy Feng! Look!"

Chapter 3175 A scary place

"What? A living dragon?"

Ye Feng suddenly showed a hint of surprise in his eyes.

It is estimated that no one has set foot in this dilapidated palace for endless years.

But the red sparrow saw that there was a living dragon in that lonely palace?

Ye Feng immediately said: "Don't worry about it now, destroy the Eye of Formation first, otherwise I'm afraid the young sect leader won't be able to hold on for long."

Uh-huh! .??.

After Ye Feng finished speaking, he temporarily ignored the possible living dragon in the ruined palace, but continued to fly towards the deepest part of the square.

Soon, Ye Feng came to the corner of the square, and immediately saw a bright divine light emitting and shining in the corner of the square.

Ye Feng immediately understood that this should be the formation eye of this formation.

Uh-huh! .??.

Ye Feng immediately flew over, preparing to go all out to crush this formation eye.

boom! !

But at this moment, a piece of golden divine light suddenly appeared around the formation eye, condensing into golden dragon shapes, and instantly erupted with terrifying power, bombarding directly in front of Ye Feng.

Boom!

Even though Ye Feng's current chaotic body is very powerful, at this moment, he was suddenly bombarded by those golden dragon-shaped lights and fell back.

At this moment, Ye Feng suddenly felt a very painful feeling.

There was some surprise in his eyes.

If his chaotic body had not transformed to the eighth level, his body would have been destroyed at that moment.

"Boom!"

At this time, a steady stream of golden dragon-shaped divine light appeared in the surroundings, which were full of terrifying impact and bombarded crazily towards Ye Feng.

At this moment, Ye Feng directly mobilized his Chaos Body power with all his strength, and a chaotic energy suddenly appeared all over his body. Those divine lights bombarded Ye Feng's body, and terrible damage and destructive power suddenly broke out.

"boom....."

but

At this time, Ye Feng did not hesitate at all. His body was like an ancient god, and he walked firmly forward.

Even if those dragon-shaped golden lights bombarded Ye Feng's body, Ye Feng's body was made of divine iron and he continued to move forward quickly, enduring endless pressure without any problems.

When Ye Feng walked to the corner of the square, he grinned and punched out hard.

"Boom!!"

Accompanied by a huge roar, Ye Feng's fist was so powerful that it directly shattered the formation eye into pieces.

"Crash..."

With the shattering of the Eye of Formation, the formation in the entire square suddenly began to disintegrate.

The dozen evil beast sculptures that were attacking Murong Zhentian not far away seemed to have lost their source of power at this moment. They fell from a high altitude in an instant and fell hard to the ground. A smash.

At this time, Murong Zhentian looked deep into the square and immediately understood that Ye Feng had successfully destroyed the Eye of Formation.

"so fast....."

Even Murong Zhentian had to sigh at this time. Ye Feng had really grown up now. He was no longer the weak boy before, but could now become a man of his own.

Uh-huh!

Murong Zhentian immediately flew in that direction, and soon saw Ye Feng standing near the Eye of the Formation.

"Ye Feng!"

Murong Zhentian flew over and said loudly: "Let's enter the palace directly now!"

Ye Feng said aloud: "I seemed to have seen a living dragon in that palace just now. We must be careful."

"A living dragon?"

Murong Zhentian suddenly showed a hint of surprise in his eyes, and then said with some confusion: "This dilapidated palace has not been set foot in for many years."

, and looking at the lonely and dead surroundings, logically speaking, there should be no life here for a long time. "

Ye Feng said aloud: "Let's go over and take a look. Anyway, be careful."

"good."

Murong Zhentian nodded, then followed Ye Feng and walked directly towards the lonely palace.

When the two of them arrived at the entrance of the palace, there was a hint of surprise in their eyes.

In this palace, a withered dragon corpse was seen lying in a dry pool in the middle of the palace.

And a golden dragon, made entirely of energy, was swimming around above the entire palace, seemingly in an unconscious state.

Even if Ye Feng and Murong Zhentian walked in, this golden dragon composed entirely of energy would not attack them.

Ye Feng suddenly had a look of surprise in his eyes, and said loudly: "It turns out to be the soul of this dead dragon, and it seems that the spiritual intelligence has disappeared, so I will swallow it and don't waste it."

boom!

Almost at the moment when Ye Feng's words fell, Ye Feng opened his mouth directly, and suddenly a huge dark swallowing vortex appeared in his mouth, just like the bloody mouth of an evil beast, directly swallowing the golden strip. The dragon's spirit was swallowed directly.

"boom!"

At this moment, Ye Feng suddenly felt that his soul power had been greatly replenished, directly increasing from level 800,000 to level 850,000!

At this time, Murong Zhentian walked not far away, looked at the dead dragon corpse, frowned slightly, and said loudly: "It has been dead for many years, its blood and energy have dissipated, and it has no value. , let me see if there are any Dragon Clan inheritance or treasures around."

At this time, Murong Zhentian said and directly began to explore all the surroundings inside the hall.

Ye Feng walked up to the dragon corpse at this time, explored it slightly, and couldn't help but shake his head.

This dragon corpse has indeed been too long and has no value in devouring it.

.

But at this time, the Great Sage of White Bones who followed behind him said: "Give me this dragon bone. I have absorbed the dragon bone in it, which can greatly improve the strength of my bones and make my strength stronger." Enhancement."

Ye Feng nodded immediately and said, "Then you can just use it, I don't need it either."

For Ye Feng, if the White Bone Monkey King's strength is enhanced, it will also be very important to help him.

After all, Ye Feng is about to fight against the prince, and having the Bone Monkey King as his helper will definitely have a huge effect when the time comes.

Because the prince is definitely not alone, he may also have powerful helpers and subordinates.

Buzz!

At this time, the Bone Sage walked to the side of the dragon corpse, stretched out a white bone palm from the black robe, pressed it on the dragon corpse, and began to quickly absorb the dragon bone in the dragon corpse.

Along with the absorption, ancient bone runes and lines appeared on the bones of the White Bone Monkey King, which looked very mysterious and vicissitudes of life.

Ye Feng suddenly discovered at this time that the red sparrow was touching his chin and staring at the dry pool where the dragon corpse was lying, seeming to be thinking about something.

Ye Feng couldn't help but ask: "Xiao Hong, what did you find?"

The red sparrow pointed to the dried up pool with its little paws and said, "I saw a lot of evil spirits gathering in the space under this pool."

"What?"

When Ye Feng heard this, his eyes were suddenly startled.

The Red Sparrow is a descendant of the Suzaku, a descendant of the Holy Spirit. He is born with the eyes of a divine beast and can see things that ordinary people cannot see.

Ye Feng couldn't help but said: "You mean, there is a very scary place under this pool?"

The red sparrow nodded immediately. This guy with a usually playful smile looked quite solemn at this moment and said: "It is rumored that the ancient dragon clan was appointed by the Lord of Heaven to suppress the Hell's Nest, or maybe there is a clan under this pool. An entrance to the Hell's Nest, otherwise I can't explain why I saw so many evil spirits under the pool."

Chapter 3176 Senior Demon Lord

Ye Feng heard the red sparrow say this at this moment, and there was a hint of surprise in his eyes.

Could it be that there really is a dangerous nest of hell under this dry pool?

Ye Feng hesitated at this moment and wanted to dig out the pool, but if it was really a hell nest, it would be very troublesome.

"Just dig it."

Emperor Chu suddenly spoke in his mind: "I am now controlling the Soul Gem to protect your spiritual soul. If you really dig out the Hell's Nest, you will not be in danger. Instead, you may have huge opportunities."

When Ye Feng heard what Emperor Chu said in his mind, his eyes immediately moved and he couldn't help but ask: "What kind of opportunities are there in the Hell's Nest?"

Emperor Chu said: "In the depths of the Hell's Nest, if there are demons living, there is a great possibility that a very special thing, the Devil Fruit, will grow."

Ye Feng's eyes moved and he said: "Devil fruit? Does it have any special effect on me?"

"It helps a lot."

Emperor Chu explained aloud: "Devil Fruit is the essence of countless demons condensed together and then bred. It contains the energy of the entire Devil's Nest. If you are lucky and get the Devil Fruit, after swallowing it, Ye Feng, your skills will increase tremendously."

Ye Feng's eyes suddenly lit up when he heard Emperor Chu's explanation.

Uh-huh!

Suddenly at this time, Murong Zhentian, the young sect master, flew over from a short distance away, with a hint of gloominess in his eyes. He couldn't help but said: "There is nothing in this dilapidated palace. It seems that we are here in the wrong place." place."

"not at all."

Ye Feng suddenly spoke up, with a hint of mystery in his eyes, and said: "In the depths of the pool beneath our feet at this moment, there is a very ancient and dangerous place called 'Hell. The Nest' is the legendary area where evil spirits and demons live. If we dig it out..."

"etc!"

When Murong Zhentian heard what Ye Feng said, his eyes suddenly showed a trace of shock, and he couldn't help but said: "Are you sure this is the nest of hell down there?"

Ye Feng glanced at Murong Zhentian in surprise, who seemed to be in a lot of mood swings, and said, "Yeah, it is indeed the Nest of Hell, I've confirmed it."

"It's like trying hard to find something. It takes no effort at all, hahaha."

Suddenly at this time, an ancient laughter suddenly sounded from Murong Zhentian's body.

It wasn't Murong Zhentian's voice.

It was the old voice of a very ancient person.

At this moment, Ye Feng's eyes were shocked.

He immediately saw an antique black tower suddenly emerge from Murong Zhentian, the young sect leader.

In the small black tower, a pitch black energy surged out at this moment, condensing into a small person.

This black man looks like an old man and looks quite majestic. He is obviously an ancient strong man.

Seeing Ye Feng's surprised look, Murong Zhentian immediately smiled and explained: "Ye Feng, let me introduce to you. This senior is a very powerful demon master. He is famous in the entire world of origin."

In the ancient times, there was an era of glory. You can call it the 'Demon Lord' senior. He was the senior who I met when I was very weak. He lost his body and only had a black energy spirit left, accumulated here. In the Black God Tower. "

Ye Feng looked at the black-qi villain, and immediately clasped his fists slightly, saying: "Senior Demon Lord."

The villain composed of black energy immediately nodded slightly, and then said with a sigh: "What I have always wanted to find is the nest of hell. I have to absorb the original power of hell in it to strengthen my soul. , otherwise my soul will completely dissipate."

Murong Zhentian immediately nodded, looked at Ye Feng, and said loudly: "Originally, I thought that the senior demon king was going to completely dissipate, but I didn't expect that I actually accidentally encountered the Hell's Nest. Ye Feng, this time You are really helpful. If you weren't here, I'm afraid we would have missed this hell nest."

The Demon Lord also nodded slightly at this time, then looked at Ye Feng and said loudly: "You are a very good junior, and you have such a good relationship with Murong. Let's do this. This time I will take you two young people into the hell." In the nest, use the power of the hell in the nest of hell to teach you the strongest inheritance, the Ten Thousand Demons Overlord Body Technique!"

When Murong Zhentian heard what the Demon Lord said, his eyes immediately showed deep emotion and excitement, and he couldn't help but said: "Senior, you are finally willing to pass on your powerful inheritance to me!"

The Demon Lord immediately burst into laughter and said aloud: "Actually, I have been prepared for a long time, that is, when my life dissipates, I will definitely teach you the Ten Thousand Demons Overlord Body Technique, because Murong boy, you are also me now. This time, because your friend, I don't have to die, I will teach it to you two together. I hope you can use this set of Ten Thousand Demons Hegemony Body Technique that I created myself in the future to truly It just so happens that this time in the Nest of Hell, I can absorb the power of the origin of hell to restore the soul, and at the same time help you two build a foundation, so that you can quickly understand the Ten Thousand Demons Tyrant Body Technique. Your strength will be greatly improved."

Ye Feng listened to the words of Murong Zhentian and Demon Lord throughout the whole process, with a hint of surprise in his eyes.

Unexpectedly, I found the Hell's Nest by accident, and got the approval of this demon giant to pass on his most powerful inheritance to me.

In this case, he now has two sets of extremely powerful inheritances, the immortal magical power of the Four Ancient Holy Spirits and the Ten Thousand Demons Overlord Body Technique of this demon king.

These two sets of powerful inheritances can greatly enhance one's overall combat power.

In this case, Ye Feng knows that when he fights against the prince in the future, he will have an extremely powerful killing method and trump card.

Next, everyone began to dig out the entire dry pool.

And Ye Feng couldn't help but smile at Murong Zhentian beside him and said: "I didn't expect that the young sect master would have an old senior to help him. No wonder the young sect master has such terrifying strength at such a young age."

Murong Zhentian just smiled faintly at this and said: "Senior Demon Lord did help me a lot, but in the end, everything still needs to be done by myself. This time I envy you. You were recognized by Senior Demon Lord in an instant. I will teach you the Ten Thousand Demon Tyrant Body Techniques. Of course, I will also have a copy. From now on, we will be considered as masters of the same school."

Ye Feng nodded slightly, then said nothing more and concentrated on digging the dry pool under his feet, trying to dig into the Hell's Nest area as soon as possible. Ye Feng heard the red sparrow say this at this moment, and there was a hint of surprise in his eyes.

Could it be that there really is a dangerous nest of hell under this dry pool?

Ye Feng nodded slightly, then said nothing more and concentrated on digging the dry pool under his feet, trying to dig into the Hell's Nest area as soon as possible.

Chapter 3177 Hell Altar

"Crash..."

As several people dug, they soon hollowed out the dry pool under their feet.

At this time, Ye Feng suddenly saw a huge bronze door appearing in the deep area under the pool.

This bronze door was very tall and majestic, exuding a very ancient and vicissitudes of atmosphere, and also had a very terrifying evil spirit, which made several people present couldn't help but frown.

"It's this bronze door!"

The demon king transformed from black energy, this old man of the demonic path, saw the bronze door, his eyes suddenly showed deep joy, and he couldn't help but said aloud: "It is said that the entrance to the Hell's Nest is a door. It should be this very ancient bronze door. It seems we dug in the right place."

Murong Zhentian asked aloud from the side: "Then how should we open this bronze door?"

"I'll open it."

At this time, the Demon Lord immediately flew in front of the bronze door, and then directly performed a very profound and mysterious technique. ??

Buzz! Buzz! Buzz...

Suddenly, the black energy on his body condensed into ancient runes, which were then engraved on the bronze door.

Almost the next moment.

"Rumble..."

The entire bronze door suddenly shook violently, and then slowly opened towards both sides.

When Ye Feng and Murong Zhentian behind them saw this scene, their eyes showed deep surprise.

I didn't expect that this demon king would know for so many years that the bronze door at the entrance to the legendary Hell's Nest could be opened so easily.

Uh-huh! Uh-huh!

After the bronze door opened, the group jumped directly into the Hell's Nest, ready to see what was inside.

thing.

When they arrived at the area inside the Hell's Nest, they immediately saw that it was a very withered and dry land.

The entire Hell Nest space is very large, and there are all weird-looking evil spirits wandering around.

When these evil spirits sensed the people coming outside, they immediately roared and roared, very ferocious, and charged towards everyone.

But the next moment, a big black hand directly manifested by the Demon Lord instantly smashed all these evil spirits into pieces.

Then the Demon Lord's eyes showed a trace of excitement, and he said aloud: "I have sensed the abundant power of hell in this hell nest. Let's go deep into it. This time I will absorb all the hell's origin. With this power, I might be able to live another life."

When he said this, the Demon Lord suddenly seemed to have thought of something. He looked at Ye Feng and Murong Zhentian behind him and said with a smile: "Of course, I won't treat you two young people badly later. I will activate the original power of hell in this hell nest and help you shape my most powerful inheritance, the Ten Thousand Demons Hegemon Body Technique. By then, your overall strength will be greatly improved. "

When Murong Zhentian heard what Demon Lord said, he was immediately a little excited and couldn't help but said, "Thank you so much, Senior Demon Lord."

At this time, Ye Feng also showed a trace of expectation in his eyes. If he could shape the Ten Thousand Demon Overlord Body and cooperate with the power of his Chaos Body, he would definitely be able to unleash even more terrifying damage.

At this time, the group of people flew directly towards the deep area of the inner space of Hell's Nest.

as they get deeper

When I entered, those evil spirits disappeared, and all that appeared were demons.

However, these demons seemed to know that they were not easy to mess with, so they all stayed out of the way.

At this time, the Demon Lord seemed to see something in a certain direction not far away.

He immediately said out loud: "Let's rush in that direction."

Ye Feng was very pleased with Murong Zhentian and naturally did not refuse at all, following behind the Demon Lord.

However, Ye Feng had some doubts in his heart. The Demon Lord seemed to be very familiar with this hell nest, as if he had been there before.

However, this thought just passed by in a flash, and Ye Feng didn't pay too much attention to it.

After all, this Demon Lord is a super strong man in the Demonic Way, and he might have actually been to the Hell's Nest back then.

At this time, when the group of people arrived at their destination, Ye Feng immediately saw a huge altar standing on the withered land in the distance.

This altar is very majestic, like a giant tower, standing under the dark sky, and it looks full of ancient vicissitudes and shock.

At this time, the Demon Lord immediately laughed out loud and said: "Sure enough, as recorded in the books, there is a hell altar cast by the Lord of Hell in the inner area of this hell nest. As long as this hell altar is By cultivating in this world, one can continuously absorb the power of the entire hell, which can completely transform a person into a greater level of life."

At this time, after the Demon Lord finished speaking, he looked directly at Ye Feng and Murong Zhentian behind him, and said loudly: "Let's climb onto this hell altar together and practice together, and we will all make great improvements and progress. "

"good!"

Murong Zhentian was very excited and excited until he

Then he followed the Demon Lord onto the majestic altar of hell.

Uh-huh!

Ye Feng also jumped up and jumped down.

At the top of this majestic altar, there are nine seats made of steel.

The Demon Lord sat on it directly.

The Demon Lord looked at Ye Feng and Murong Zhentian, and suddenly laughed ferociously, saying: "Two living young people, and their talents are so high, it's really God who helps me!"

"What?!"

Hearing the Demon Lord suddenly say this, Murong Zhentian's expression suddenly changed.

boom!

Almost at the moment the Demon Lord finished speaking, a huge and boundless black energy burst out from his body, and it actually connected with the hell altar under his feet, forming a black light shield.

The black light trapped Ye Feng and Murong Zhentian in the altar of hell.

Click, click...

Then huge gaps suddenly opened on the surface of the Hell Altar.

From these gaps, tall and ferocious demons ran out.

There are various races of demons, including bronze burning ancient demons, golden scale ancient demons, double-winged yakshas, flying demons, etc.

All kinds of weird ancient demons all ran out from the cracks in the altar, filled with terrifying killing power, roaring and attacking towards Ye Feng and Murong Zhentian.

Ye Feng and Murong Zhentian seemed not to have expected the sudden scene.

Murong Zhentian's eyes suddenly became very shocked, he stared at Demon Lord, and couldn't help but said: "Senior Demon Lord, we have known each other for so long, and I trust you so much, you actually want to harm me?"

Chapter 3178 Fierce and Brutal

Murong Zhentian never expected that the Demon Lord, who had been getting along day and night, would suddenly turn against them at a critical moment and betray them.

At this time, Murong Zhentian's eyes were filled with a painful expression.

Because he has always regarded the Demon Lord as his master.

He felt that he was growing up under the protection of the Demon Lord, and it was very warm and cozy.

Unexpectedly, at this final moment, the Demon Lord would sacrifice himself and his friend Ye Feng in order to live a new life.

This incident made Murong Zhentian simply unable to accept it for a while.

Because this is a terrible betrayal.

At this time, the Demon Lord not far away showed a slight smile in his eyes and said loudly: "Murong boy, you are indeed a very good person. Unfortunately, I am not a person who values love and justice. I value What matters is reality, what matters is profit. This time I want to completely relive my life, I must reshape my body, but I don't like the bodies of these low-level demons at all, but Murong boy and your friend, this Ye Feng, Your bodies are very strong and perfect. If you can use your blood and bones to reshape a body, it will be very perfect, so I can only sacrifice the two of you."

boom! ??

After the Demon Lord finished speaking at this time, he immediately activated some very terrifying formations in the entire Hell Altar.

Swish, swish, swish!

Swish, swish, swish!

Suddenly, rays of terrifying black light burst out from the surrounding hell altars in an instant, like terrifying sharp arrows, striking towards Ye Feng and Murong Zhentian.

Coupled with the terrifying demons that escaped from the cracks in the Hell Altar, the situation of Ye Feng and Murong Zhentian at this moment was extremely dangerous.

Murong Zhentian's eyes were a little painful. He looked at Ye Feng next to him and said, "I really hurt you this time."

Ye Feng's eyes were extremely calm at this time, and he said loudly: "No matter what, we can't sit still and wait for death. I also misjudged the person. I didn't expect that this demon king would betray us at a critical moment."

Ye Feng had actually had doubts before. After all, he saw that this Demon Lord was so familiar with the entire Hell's Nest. He didn't expect that this Demon Lord was really not so kind, but wanted to use the two of them, using their blood and blood. Bones, cast a perfect body, and then regain a new life.

Boom!

At this moment, Ye Feng did not hesitate and directly released his extremely powerful power.

Ye Feng's current physique is at the eighth level of the Chaos Body, and he is about to enter the Great Perfection state of the Chaos Body.

Therefore, Ye Feng's current power is simply terrifying to the extreme.

Ye Feng waved his fists and attacked the surroundings wildly.

The demons that ran out of the cracks were unable to harm Ye Feng at all. Instead, they were punched one by one by Ye Feng, and his entire body exploded.

The blood energy generated by the shattering of demons made Ye Feng's eyes light up. He was now able to swallow the blood energy of many demons, and his skills immediately increased tremendously.

at some point.

"boom!!"

Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

At this moment, his cultivation level actually broke through the tenth level of the Breaking Heaven Realm, and stepped into the Heaven Transformation Realm above the Breaking Heaven Realm!

Ye Feng's eyes were full of surprise at this moment. He didn't expect that so many demons hidden in this altar would provide him with such huge energy, which once again made a breakthrough in his cultivation.

break.

Seeing the breakthrough in Ye Feng's cultivation, Murong Zhentian immediately laughed out loud: "Demon Lord, Demon Lord, you have been calculating for so long, but you didn't expect that my friend is so powerful, right?"

Murong Zhentian also released his powerful power at this time. He held the pure gold sword in his hand and began to kill the surroundings quickly, resisting the attacks of formations and demons.

Seeing how powerful each of these two young men were, the Demon Lord showed a hint of surprise in his eyes, and couldn't help but said: "I didn't expect you two boys to be quite powerful, but this It's useless, because you were tricked here today and it's impossible to escape."

Boom!

At this moment, the Demon Lord once again controlled the entire Hell Altar, and seemed to have inspired some very terrifying formation.

"Awake, ancient dark giant! Serve me!"

The Demon Lord roared.

Suddenly, dark giants composed of black lights suddenly appeared in the hell altar.

These dark giants are made entirely of energy. They are not afraid of death and have no fear. They are full of terrifying destructive power and attack Ye Feng and Murong Zhentian.

This dark giant composed of pure energy made Ye Feng and Murong Zhentian somewhat irresistible and couldn't help but retreat.

Murong Zhentian's eyes suddenly darkened, and Ye Feng said loudly at this time: "Young Sect Master, leave these dark giants and demons to me to resist. You find a way to destroy the entire hell altar. That demon king is now What we rely on is this hell altar. As long as this hell altar can be destroyed, the devil will no longer pose any threat. "

When Murong Zhentian heard what Ye Feng said, he immediately nodded.

Now Ye Feng has achieved a breakthrough

After reaching the Heaven Transformation Realm, the power that exploded was even more powerful than that of his young sect master.

So at this moment, Murong Zhentian didn't hesitate at all. He directly regarded Ye Feng as his backing, and then used the pure gold sword in his hand to quickly bombard the hell altar under his feet, trying to destroy it.

The entire hell altar was shaken quickly by Murong Zhentian's bombardment.

At this time, Ye Feng faced hundreds of dark giants and countless demon armies. Without any hesitation, he directly inspired the powerful blood talent of his newly awakened eighth-level Chaos Body.

"Blessings from the gods!"

Boom boom boom boom...

Almost at this moment, a total of ten thousand gods appeared in the void around Ye Feng.

Every phantom of the gods is full of sacred and supreme power, surrounding Ye Feng, making Ye Feng look like the emperor of the gods.

All of Ye Feng's attribute powers were directly increased ten thousand times.

"boom!"

Ye Feng's whole body was filled with light, and he punched forward with a punch.

Boom! !

Immediately, a terrifying energy wave was blasted out.

This energy light wave contained 10,000 times the power of Ye Feng. It was as devastating as destroying all the demons and dark giants in a roar.

"What?!"

Seeing Ye Feng's terrifying blow, even the Demon Lord not far away was shocked by Ye Feng's extremely powerful combat power.

He didn't seem to have thought that this young man who looked delicate and handsome would turn out to be like a ferocious and brutal dragon once he started fighting. The destructive power was terrifying!

Chapter 3179 Cultivating Demon Lord's Inheritance

"Crack!"

At this time, Murong Zhentian, who was destroying the Hell Altar not far away, had already blasted the Hell Altar with cracks and made a crisp shattering sound.

The long sword in Murong Zhentian's hand seemed to be a very solid treasure.

He was now simply treating the long sword in his hand like a sledgehammer, striking wildly.

Therefore, even the hell altar was somewhat unable to withstand Murong Zhentian's crazy bombardment at this time.

There were cracks on the surface of the altar, looking like broken porcelain.

"don't want!!!"

When the Demon Lord saw this scene, he suddenly panicked.

Because once all these plans fail, the Demon Lord will definitely fall into a place of eternal disaster.

At this moment, the Demon Lord immediately stared at Murong Zhentian and couldn't help shouting: "Murong boy, I was wrong! I shouldn't have plotted against you two! Don't destroy this hell altar. The altar of hell and I are one. If the altar of hell is broken, I will be completely annihilated!"

Hearing what the Demon Lord said, Murong Zhentian showed a trace of struggle in his eyes.

After all, the Demon Lord has always helped him so much, just like Murong Zhentian's master.

But the next moment, Murong Zhentian thought of the Demon Lord's betrayal without hesitation. Murong Zhentian's eyes suddenly became firm, and the pure gold sword in his hand was immediately inserted into the hell altar below, and then directly Arouse the terrifying sword energy in the pure gold sword.

"Boom!!"

In an instant, the entire altar exploded and tore into pieces.

"ah!!"

As the entire Hell Altar was shattered, the Demon King who lost his source of power not far away couldn't help but scream.

His entire body instantly turned into black energy and completely dissipated.

When Murong Zhentian saw this scene, he couldn't help but sigh.

If the Demon Lord really helped them, maybe they wouldn't have to fight to the death.

Buzz!

And this time

, the Demon Lord turned into a piece of black energy. In the dispersed black energy, a round bead shining with black light suddenly appeared.

Ye Feng flew over from not far away, stared at the round bead emitting dark light, and immediately couldn't help but said in surprise: "This is the core of the Demon King. It seems to be a magic bead, and there may be a demon inside." Your inheritance information."

Uh-huh!

After Ye Feng finished speaking, he stretched out his hand and grabbed the magic bead.

At this time, Ye Feng exuded his soul power and sensed the magic bead in his hand.

"Buzz!"

The next moment, Ye Feng immediately sensed that this magic bead indeed contained a lot of inheritance information.

Many of these inherited information are the methods that the Demon Lord practiced back then.

After searching carefully, Ye Feng's eyes suddenly lit up.

He successfully searched among them and found the most powerful inheritance of the Demon Lord, the Ten Thousand Demons Hegemon Body Technique!

"Buzz!"

At this moment, Ye Feng directly copied the Ten Thousand Demons Body Technique and imprinted it on his mind, so that he could understand and practice it at any time.

The next moment, Ye Feng handed the magic bead to Murong Zhentian who was standing next to him.

Looking at the other party's seemingly complicated expression, Ye Feng patted him on the shoulder, smiled and said: "Young master, you don't have to think too much. This demon lord betrayed us, and you destroyed him directly. There is no need to feel guilty, just take this magic bead, it contains the inheritance of the devil."

Murong Zhentian held the magic bead in his hand and said with some surprise: "Ye Feng, we can practice the Ten Thousand Demons Hegemony Body Technique together."

Ye Feng smiled slightly and said aloud: "I have learned it."

"What?"

Hearing what Ye Feng said, Murong Zhentian's eyes suddenly froze, and he didn't know what to say for a moment.

Ye Feng grinned at this moment,

He patted the other party's shoulder and said aloud: "Although this hell altar has been broken, it still contains a very strong source of hell power. We just happen to practice together here and strive to give the Ten Thousand Demons Tyrant Body Technique to Thorough understanding."

Hearing what Ye Feng said, Murong Zhentian smiled bitterly and said, "I would be satisfied if I could initially comprehend the Ten Thousand Demons Tyrant Body Technique. After all, not everyone is as evil as you, Ye Feng."

As he got along with Ye Feng, Murong Zhentian was now completely convinced by Ye Feng, and even felt inferior from time to time.

At first, when Ye Feng first came to Yiyuan Dao Sect, Murong Zhentian just thought that he was a very talented young man.

But now, Ye Feng's cultivation level has caught up with him in a short period of time, and he also possesses such terrifying cultivation talent.

This made Murong Zhentian, the young master of the Yiyuan Dao Sect, feel deeply shocked.

He simply witnessed the rise of a peerless genius with his own eyes.

Although Murong Zhentian has always been very confident in himself, he is proud of his peers.

But in front of Ye Feng, he knew that he was nothing, he could only be regarded as an ordinary young genius.

But Ye Feng is the most unparalleled monster in the world!

Next, after Ye Feng and Murong Zhentian cleaned up some demons around them, they both began to sit down cross-legged, and began to use the power of hell in the demon altar to practice the strongest inheritance of the demon king.

"Buzz!"

"Buzz!"

At this moment, wisps of the pitch-black original power of hell were pulled out of the broken demon altar by the two of them, and began to merge into their bodies respectively.

At this moment, Ye Feng relied on the secret of the Ten Thousand Demons' Body Technique imprinted in his mind to quickly absorb the power of this hell.

With the help of the soul gem, he quickly understood the Ten Thousand Demon Tyrant Body Technique.

On the surface of Ye Feng's body, there are even ancient symbols composed of black energy, which can greatly improve his physical strength.

Spend.

The vision of Murong Zhentian's cultivation on the side was not as exaggerated as Ye Feng's.

However, for Murong Zhentian, it was enough for him to initially comprehend the Ten Thousand Demons' Body Technique.

Three days later, Ye Feng suddenly stood up, and a vast dark light burst out from his body.

"boom!!"

He punched out, and the shadows of ten thousand demons suddenly appeared in his fist, and the terrifying power of "ten thousand demons" exploded, destroying the vast land of hundreds of thousands of kilometers in an instant!

This kind of destructive power is simply astonishing to the extreme!

Murong Zhentian, who was standing aside, saw this scene and immediately said in amazement: "Ye Feng, your speed of understanding is too ridiculous. In just three days, you have been able to explode the profound power of the Ten Thousand Demons Tyrant Body Technique." "

Ye Feng just smiled slightly at this moment and said aloud: "It's just a small success, not a big success yet, but if I can find the legendary devil fruit in this hell nest, not only can my cultivation In order to achieve huge growth, the Ten Thousand Demon Tyrant Body Techniques may also be able to be promoted to the realm of great success!"

When Murong Zhentian heard this, he immediately asked with doubtful eyes: "Devil fruit? What is that? I have never heard of it."

Ye Feng smiled and said: "It is a very special kind of treasure of heaven and earth. Only a place like the Hell's Nest can breed it. Therefore, I will use the young sect master's iron monkey who can hunt for treasure later. , also known as the treasure-hunting puppet, help me find the specific location of the devil fruit."

Although Ye Feng himself has the talent to sense the place where chance is created, he can only sense a general area.

Murong Zhentian's treasure-hunting puppet is more effective and can find specific locations.

When Murong Zhentian heard Ye Feng say this, he took out his treasure-hunting puppet from the storage ring without hesitation, handed it to Ye Feng, and said boldly: "You can use it! If you really can It would be great to find the Devil Fruit and increase your strength again. You don't even have to assassinate the prince, you can directly compete with him face to face!"

Chapter 3180 Dark Divine Tree

It has to be said that Murong Zhentian now has great faith in Ye Feng and feels that Ye Feng will definitely be able to compete with the prince in the future.

Buzz!

At this time, Ye Feng did not waste time and directly took out a rough stone and drove it into the treasure-hunting puppet.

"Uh-huh!"

The treasure-hunting puppet seemed to have suddenly come to life, with a divine light on its body, and it ran quickly in a certain direction not far away.

"Let's follow!"

Ye Feng and Murong Zhentian quickly followed.

Half an hour later, the treasure-hunting puppet stopped in a very deep area of this hell lair.

The earth here is even darker, and there is no light in the sky.

There are only some plant leaves around, emitting a hazy red light, allowing people to see the surrounding scene.

"Roar....."

This place is like a doomsday hell, surrounded by quagmire, and all the tall demons are struggling in the quagmire.

However, the bodies of most demons are basically starting to decay. It is obvious that their vitality has reached the end, and there is not much strength left.

At this time, Ye Feng looked forward and found the treasure-hunting puppet stopped in front of a huge tree not far away.

When Ye Feng and Murong Zhentian approached the tree, there was a trace of shock in their eyes.

I saw that this tree was so huge that hundreds of people could not even surround the entire main trunk.

In addition, this huge tree branch is very high, with thousands of branches and leaves, connecting the entire dark sky. It looks like a sacred tree that can connect the entire sky.

"This big tree is so majestic and vast, it's so shocking!" Murong Zhentian looked up at this time and couldn't see the highest point of the trunk.

Couldn't help but speak out.

At this time, Ye Feng released his soul power and began to explore where the Devil Fruit was.

Since the treasure hunting puppet stopped here, it means that the devil fruit is nearby.

However, the soul power emitted by Ye Feng carefully explored the surroundings and did not sense the breath of the Devil Fruit, nor did he sense any energy fluctuations.

This made Ye Feng's eyes show a hint of doubt. Logically speaking, the treasure-hunting puppet couldn't have found the wrong place.

At this time, Emperor Chu suddenly said aloud in his mind: "Devil Fruit might grow on the top of this big tree."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

He now also feels that Devil Fruit should grow in this dark tree that connects to the sky.

At this time, Ye Feng looked at Murong Zhentian beside him and said loudly: "Young Sect Master, I am going to board this dark tree to take a look at the situation. Devil Fruit may grow at the top of this big tree. At the top, young sect leader, please don't go up there. You can help me guard this place in case a powerful demon appears behind me and attacks me."

When Murong Zhentian heard what Ye Feng said, he immediately nodded and said: "Don't worry, I'm here to guard and won't let any demons get close to this dark tree. You can go find the demons with peace of mind." fruit."

"Okay, thank you very much, Young Master."

Ye Feng nodded slightly, jumped up, and jumped directly into the countless branches of the dense dark tree with a "swish" sound.

Swish, swish, swish!

At this moment, Ye Feng quickly rushed upward.

"Buzz

!"

"Buzz!"

But suddenly, among the dark branches around him, black branches suddenly appeared, like poisonous snakes, rushing towards Ye Feng in an instant.

Swish, swish, swish...

At this moment, Ye Feng's perception was very strong, and he suddenly punched the surroundings with a fist.

"Dang! Dang! Dang!"

At this time, Ye Feng's fist hit the branches, and there was a roar of metal collisions.

"Click, click..."

At this moment, Ye Feng's fist was filled with powerful force, blasting all the branches into pieces.

The strength of Ye Feng's Chaos Body is extremely high, and it has been greatly improved after entering the eighth heaven. ??

Ye Feng's body seemed to be made of the strongest divine iron in the world. It was extremely terrifying and could erupt with tremendous power.

Those dark branches that were enough to penetrate an ordinary Heaven Realm expert in an instant were unable to penetrate Ye Feng's body. Instead, they were shattered inch by inch by Ye Feng's fist.

But at this time, more and more branches were piercing through the surroundings, as if thousands of poisonous snakes suddenly emerged from the darkness, attacking from all directions, which was extremely terrifying.

"Gotta hurry up!"

Although Ye Feng was able to fight against these branches, he felt more and more trapped in them, as if he was stuck in a quagmire and unable to get out.

boom! !

Ye Feng didn't hesitate at all at this moment, and his whole body burst out with divine light, and he rushed towards higher places.

Ye Feng was also wearing the Poseidon Crown at this moment. The three divine gems on the crown directly released a layer of energy light shield.

“Dong dong dong!”

Thousands of venomous snake-like branches around them bombarded the energy shield, unable to penetrate that layer of energy shield at all.

At this time, all Ye Feng's power was concentrated on his own speed, and he rushed high into the sky quickly.

Finally, Ye Feng rushed to the top of the dark tree and reached the top of the tree.

"That's... a devil fruit!"

Ye Feng's eyes were filled with joy. Sure enough, he saw something like a huge black stone appearing in the center of the canopy area.

That is definitely a devil fruit!

Because the demonic aura emanating from it was so strong, it was like a vast ocean.

Uh-huh!

Ye Feng didn't hesitate and rushed towards the devil fruit quickly.

"Stop!"

boom!

But at this moment, in the area between Ye Feng and the Devil Fruit, accompanied by an ancient voice, a young man exuding black energy appeared.

This young man was wearing a robe and looked very mysterious.

At this moment, Ye Feng suddenly showed a cold look in his eyes and said loudly: "Don't block my way, otherwise, I won't be polite."

The dark young man frowned and said loudly: "Once the Devil Fruit is picked, the Dark Sacred Tree will instantly lose its core essence and wither."

Ye Feng's eyes moved, he glanced at the huge tree under his feet, and said loudly: "Is this tree the legendary dark sacred tree?"

Emperor Chu just said in his mind that the Dark God Tree is very rare and very magical. If it can be planted into his body, it can greatly enhance the power of darkness!
