Chapter 3181 Huge Harvest

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up.

If the Great Darkness Technique can be enhanced, then Ye Feng will once again have a huge trump card.

In addition, the Dark God Tree is also a very special and powerful tree. It is a god-level tree and must have other great functions.

At this time, Ye Feng immediately stared at the dark young man blocking the front and said loudly: "I definitely need the devil fruit, but I have a way to prevent the dark tree from withering and dying."

"any solution?"

The dark young man stared at Ye Feng and did not take action directly. He felt a rather fearful feeling from the young man in front of him.

If it were anyone else, the black-qi young man, as the tree spirit of the dark sacred tree, would have directly killed the uninvited guest.

Ye Feng smiled slightly and said: "As long as the Dark God Tree is stationed in my body, even if the Devil Fruit is picked, the Dark God Tree will not have any problems and can grow in my body space. "

"impossible!"

Suddenly the black young man spoke coldly: "If this is the case, does it mean that you want the dark sacred tree to surrender to you, and that you want me, the tree spirit, to surrender to you? This is impossible!"

boom!

"Dagnet!"

At this moment, the black-spirited young man roared.

boom! boom! boom.....

At this time, black energy vines burst out from the body of the young man, forming a net that quickly rushed towards Ye Feng, surrounding Ye Feng.

"Since you are unwilling to accept my suggestion, you can only decide based on strength."

Ye Feng did not hesitate at this time, and immediately rushed towards the surroundings quickly.

"boom!"

"boom!"

\u003c

br\u003e "Boom!"

At this moment, Ye Feng's fist burst out with huge power, bombarding the surrounding sky and earth net, erupting with huge roars.

"Click, click!"

The black vines released by this young man with black energy were directly blasted into pieces by Ye Feng's fist.

The dark young man's eyes suddenly showed a look of horror, and he couldn't help but said: "How can your body be so powerful? What's your physique?"

Ye Feng laughed loudly and said, "You'll know soon!"

boom! !

At this moment, Ye Feng suddenly burst out with terrifying physical energy.

A huge and boundless chaotic energy suddenly burst out from Ye Feng's body, full of terrifying and boundless momentum.

"This is...the legendary Chaos Body!"

The dark young man's eyes suddenly revealed a look of horror.

"boom!!"

But at this time, Ye Feng's fist contained majestic chaos energy, which directly smashed all the black energy vines around him.

Then Ye Feng's fist struck hard in front of the black-qi young man, sending the black-qi young man's body flying away.

"puff!"

The young man with black energy immediately spit out a mouthful of blood and fell to the ground not far away.

Uh-huh!

Ye Feng stepped forward, stepped on the black-qi young man, and said coldly: "My patience is limited, the cultivation world values strength, and I will not show mercy. Now I will give you the last one." opportunity, let

The Dark Sacred Tree lives in my body space, and I can spare your life. "

The dark young man, the tree spirit of the dark sacred tree, looked extremely ugly at this moment.

Because the young man Ye Feng is really too powerful, much more powerful than he imagined.

Moreover, the opponent turned out to be the legendary Chaos Body!

This kind of physique is unparalleled in ancient times and extremely powerful. Very few creatures can compete with the Chaos Body.

At this moment, feeling the threat of death, this dark young man finally gave in, gritted his teeth and said, "Okay, I promise you, don't kill me."

Ye Feng looked at the other party's submission, and a trace of satisfaction suddenly appeared in his eyes.

Now Ye Feng has also begun to realize that his cultivation strength has now grown to a very terrifying level.

Otherwise, it would be impossible to defeat the tree spirit of the Dark God Tree so easily. It can be called a crushing. ??

"Uh-huh!"

At this moment, Ye Feng rushed to the front and grabbed the devil fruit on the crown of the tree into his hands.

"Buzz!!"

Ye Feng suddenly felt a very majestic and vast dark energy contained in the devil fruit in his hand.

It's like a vast ocean, stored in this devil fruit.

Emperor Chu was quite excited in his mind and said aloud: "This is a fully mature devil fruit! It has probably absorbed the devil's energy in the entire hell nest for thousands of years. The hell energy contained in it is absolutely It can greatly increase Ye Feng's skills!"

Hearing what Emperor Chu said, Ye Feng suddenly showed a hint of excitement in his eyes and said: "Thousands of years of Devil Fruit must be very abundant."

"Devouring the Realm!"

this one

In an instant, Ye Feng did not hesitate, and directly released the Devouring Domain, and immediately began to devour the energy in the Devil Fruit.

"boom!"

The next moment, a huge amount of hell energy was swallowed up and injected into Ye Feng's body.

"Buzz buzz!"

At this moment, the skill in Ye Feng's body was greatly improved.

The next moment, Ye Feng suddenly felt that his cultivation aura began to rise steadily.

"boom!"

Second level of Heaven Transformation Realm!

"boom!"

The third level of Heaven Transformation Realm!

"boom!"

The fourth level of Heaven Transformation Realm!

"boom!"

The fifth level of Heaven Transformation Realm!

"boom!"

The sixth level of Heaven Transformation Realm!

At this time, Ye Feng's cultivation level suddenly made a huge breakthrough, directly breaking through to the sixth level of the Heaven Transformation Realm!

You must know that even the cultivation of young sect leader Murong Zhentian is only at the fifth level of the Heaven Transformation Realm.

Because as the cultivation level continues to improve, the difficulty of breakthrough becomes more and more difficult.

It's not that easy, it can be broken through simply.

But this time, with the help of a whole Devil Fruit, Ye Feng made so many breakthroughs at once, which can be said to be a huge gain.

Ye Feng's eyes were shining brightly at this moment, and he looked very mysterious.

At this time, Ye Feng stared at the dark young man not far away, and saw that his eyes were full of fear.

The black-qi young man couldn't help but said with some trembling: "You... what kind of evil thing is this secret technique you practice?"

Chapter 3182 Iron Armored Marquis

At this time, the young man with black energy looked at Ye Feng swallowing the entire devil fruit, and his cultivation level also skyrocketed, and his eyes suddenly showed deep horror.

It seems that he never expected that this young man from the human race would practice such an evil technique and be able to swallow the power of other living beings and use it for himself.

Ye Feng didn't explain much about this, just smiled lightly and said: "There are some things that you can't ask, and you don't need to know. You just have to do your own thing obediently. Now take control." The entire dark sacred tree should be rooted in my body space."

Buzz!

When the black man heard Ye Feng's warning, he immediately did not dare to ask any more questions, but quickly integrated into the dark sacred tree.

The next moment, Ye Feng saw that the huge dark sacred tree quickly shrank, then turned into a small tree and flew into his body space.

At this moment, Ye Feng suddenly felt that his entire body began to be filled with a very dark energy.

Moreover, this is a steady stream of dark energy that can help Ye Feng greatly enhance the power of the Great Darkness Technique.

Uh-huh!

At this time, Murong Zhentian, the White Bone Monkey King, and the red sparrows who were waiting below all flew up one after another.

Murong Zhentian immediately couldn't help but ask: "Ye Feng, are you okay? I saw that the entire dark tree quickly shrank and disappeared. I thought something bad had happened to you."

When Ye Feng heard this, he smiled slightly and said, "Young Master, don't worry, there is no danger."

Murong Zhentian couldn't help but ask: "Have you found the devil fruit?"

Ye Feng smiled, released his cultivation aura, and said, "What do you think?"

"This aura is... the sixth level of Heaven Transformation Realm?

! "

Murong Zhentian sensed the aura of cultivation on Ye Feng's body, and immediately couldn't help but widen his eyes, and then his pupils shrank suddenly, and he said loudly: "How did you break through so quickly?"

Ye Feng saw Murong Zhentian's surprise and was not surprised. After all, he himself was very surprised that his cultivation level could break through so much at once.

Ye Feng said aloud: "It's a devil fruit. The devil fruit contains a lot of hell energy, which helped my cultivation skills to be greatly improved. This time I really got a huge harvest."

When Murong Zhentian heard what Ye Feng said, his eyes suddenly showed a very envious look.

Because even if he gets the Devil Fruit, he can't absorb the hell energy in it. Ordinary people simply can't withstand that kind of advanced and evil power.

But Ye Feng was able to withstand it, and he was able to refine the majestic hell energy in the Devil Fruit so quickly, which can be said to be the ultimate monster.

At this time, sensing Ye Feng's extremely powerful cultivation of the sixth level of the Heaven Transformation Realm, Murong Zhentian's eyes showed deep emotion.

He couldn't help but said aloud: "But in just over half a year, Ye Feng, you have grown from that fledgling boy to the extremely powerful and peerless genius you are now. Now your overall strength is probably even stronger than mine."

Ye Feng smiled slightly and said: "All this is thanks to the help of the eldest lady and the young sect master. If you hadn't helped me improve my cultivation strength as much as possible, I wouldn't have been able to improve so fast and reach such a powerful state now. "

Murong Zhentian nodded, couldn't help but patted Ye Feng on the shoulder, and said with a complicated expression

Said: "In any case, your cultivation has improved to this level, which is very surprising and happy for us. In this case, we will no longer be afraid of the prince."

Hearing what Murong Zhentian said, Ye Feng suddenly asked curiously: "Young Sect Master, do you know what level the prince's specific cultivation level is?"

Murong Zhentian was silent for a moment after hearing this, and then said slowly: "When the prince left the Yiyuan Dao Sect half a year ago and went to the ancient sacred mountain, his cultivation level was already at the ninth level of the Immortal Stage Realm above the Heaven Transformation Realm. Now he Refining the ancient god emperor, if you get the energy of the ancient god emperor, you will probably be able to transcend the shackles, directly break through the fairy stage realm, and step into the most terrifying holy sacrifice realm. That will be able to compete with the master of the great forces in the East like my father! Comparable existence!"

"Sendai Realm!"

"Holy Sacrifice Realm!"

After hearing Murong Zhentian's words, Ye Feng immediately understood that the realms above the Heaven Transformation Realm were the Immortal Stage Realm and the Holy Sacrifice Realm.

And beings at the level of the Holy Sacrifice Realm are super strong men at the level of the Lord of Great Powers!

Only then did Ye Feng realize that he was about to reach the cultivation level of the Lord of Great Powers.

But Ye Feng also realized that the prince was indeed more terrifying than he imagined.

If the prince can really break through the Immortal Stage Realm and step into the Holy Sacrifice Realm, then when the prince returns, the Yiyuan Dao Sect will really be lawless.

Murong Zhentian said: "Let's leave this hell nest and continue exploring the ancient dragon cave. I think, Ye Feng, your current cultivation level still needs to continue to improve."

Ye Feng nodded slightly. Although he has grown very fast during this period, he has even surpassed the level of the eldest lady and the young sect master.

But Ye Feng suddenly discovered that there was still a big gap in cultivation between himself and the prince.

\u003c

Ye Feng's eyes showed a firm look and said: "Time is running out. We must break through the Heaven Transformation Realm in the Ancient Dragon Cave and step into the Immortal Stage Realm above the Heaven Transformation Realm before we can initially compete with the Crown Prince!"

If he were an ordinary warrior, Ye Feng would be confident that he could fight across two realms.

But the prince is not an ordinary warrior, but a super genius among super geniuses. His methods and inheritance are extremely terrifying, and he is the son of unparalleled super luck.

Ye Feng didn't care much about such an enemy.

He felt that he could only compete with the prince when the gap between him and the opponent was reduced to the same level. Otherwise, it would be very difficult.

So at this time, Ye Feng, Murong Zhentian and his party left the Hell's Nest directly and returned to the Ancient Dragon Cave.

But just as they flew out of the entrance to the Hell's Nest, they suddenly saw a group of more than a dozen soldiers wearing heavy armor, searching for something in the surrounding dilapidated palaces.

The moment Ye Feng and his party came out, they immediately attracted the attention of these dozen soldiers wearing heavy armor.

The leader was a big man wearing silver armor, exuding the terrifying cultivation aura of the tenth level of Heaven Transformation Realm.

He immediately stared at Ye Feng, Murong Zhentian and his party, and said with a cold smile: "I just said that I couldn't find anything in this dilapidated palace. It turns out that someone has set foot here a long time ago, and now, I will give you young guys a chance to hand over all the wealth you have collected from around here, and I may consider sparing you a small life."

A group of powerful soldiers beside them also spoke out one after another: "Young man, this is the Iron-armored Marquis of our Shenlong Dynasty. Kneel down quickly and call Lord Marquis, or I will chop off your legs!"

Chapter 3183: Offended the wrong person

I have to say that this group of powerful men seems to come from some kind of Shenlong Dynasty. They are all very arrogant. They are probably used to being arrogant and domineering.

At this time, Murong Zhentian glanced at Ye Feng beside him and said aloud: "This Shenlong Dynasty seems to be an extremely glorious dynasty in the far end of our Eastern Territory. It has a very deep foundation of strength. It is best for us to Don't cause trouble and escape from here first. After all, that Iron Armored Lord has unfathomable cultivation and is too powerful. He is a super strong man at the tenth level of Heaven Transformation Realm."

Hearing this, Ye Feng just smiled slightly and said, "Young Master, don't be so afraid. With my current strength, there is no need to be afraid of this Iron Armored Marquis."

Uh-huh!

After Ye Feng finished speaking, he took a step forward and walked toward a group of strong men from the Dragon Dynasty not far away.

"Ye Feng!"

When Murong Zhentian saw this scene, his eyes suddenly showed a hint of worry.

After all, the opponent is an extremely powerful Marquis of the Shenlong Dynasty, and he is a strong man of an older generation. He must have many methods, and he is not an ordinary warrior.

This Tiejiahou's real combat power is definitely much stronger than his revealed cultivation, and he is definitely not that easy to deal with.

However, seeing Ye Feng's extremely confident look, Murong Zhentian could only follow him and stood next to Ye Feng, with traces of cold murderous aura exuding from his body.

No matter what, he had to face it with Ye Feng.

At this time, I saw that Ye Feng and Murong Zhentian did not kneel down to beg for mercy, but walked towards them.

Moreover, the aura exuding from his body turned out to be a killing aura.

The group of powerful men from the Shenlong Dynasty across from them suddenly widened their eyes.

They didn't seem to think that these two boys could be so reckless and stupid.

"Arrogant!

"

A soldier from the Shenlong Dynasty couldn't help but sneered. The powerful cultivation of the sixth level of the Heaven Transformation Realm broke out from his body.

Obviously, this group of soldiers are the elites of the Shenlong Dynasty, not ordinary soldiers. Each of their cultivation levels is extremely powerful.

"Master Marquis, let me kill these two arrogant boys who don't know whether to live or die." The soldier held the war gun in his hand, and his body suddenly exuded a very powerful fighting spirit.

This kind of fighting spirit is very special. The moment it appears, it directly envelopes the soldier and can greatly increase his combat effectiveness.

At this time, the Tiejiahou showed a hint of sneer in his eyes and said: "Okay, after training you for so long, it's time to show your great strength. I'll leave these two boys to you. Within a quarter of an hour, I hope you can come to see me with these two boys' heads in mind."

After finishing speaking, the Iron Armored Marquis sat directly on the floor and began to watch the show.

"Don't worry, Lord Marquis, I will complete the mission successfully."

At this time, the soldier who exuded fighting spirit was very oppressive and walked slowly towards Ye Feng and Murong Zhentian.

The next moment, Murong Zhentian was ready to take action.

"Just an ant."

Ye Feng stood in front of Murong Zhentian in advance, directly facing the fighting soldier walking slowly in front of him, his eyes full of confidence.

"Boy, you are very brave."

The warrior soldier stared at Ye Feng, with a ferocious smile on his face. He directly held the war gun in his hand and bombarded Ye Feng: "I'll kill you with one move!"

boom!

At this moment, the Zhan Ge in the soldier's hand suddenly erupted into a terrifying weapon light wave, which suddenly bombarded in the direction of Ye Feng, with the destructive power of destroying the world.

"The Immortal Magic Power of the Four Ancient Holy Spirits!"

boom! !

At this moment, Ye Feng did not hesitate, and directly released his extremely powerful body strength, and punched forward with a punch. The majestic shadows of the four ancient holy spirits suddenly appeared around him, and they were cast into Ye Feng's body. Within the power of this punch.

"Boom!"

Ye Feng's fist burst out with terrifying energy, which directly shattered the attacking Zhan Ge into pieces.

"boom!"

Ye Feng's fist continued to punch forward, and with the stunned eyes of everyone around him, he punched directly through the chest of the fighting spirit soldier.

"ah!!"

The ferocious smile on the face of this fighting soldier suddenly turned into fear and great pain at this moment.

He screamed, the sound was earth-shattering.

"What?!"

"Killed with one punch?"

When Murong Zhentian saw this scene from behind, he couldn't help but look deeply shocked in his eyes. He seemed to have never expected that Ye Feng's true combat power could be so strong now.

He instantly killed a strong man of the same level with one punch!

You know, at their current level of cultivation, their methods and vitality are extremely tenacious, and it is difficult to kill each other at the same level.

However, at this moment, Ye Feng finished it with one punch!

"How can it be!"

Not far away, a group of soldiers from the Shenlong Dynasty, as well as the Iron Armored Marquis, could not help but stand up.

His eyes widened for a moment.

None of them seemed to have thought that that ordinary-looking young man could possess such terrifying strength.

"Death to me!"

At this time, Tiejiahou finally couldn't sit still and couldn't watch the show.

Because the master he was so proud of training was actually killed by Ye Feng with one punch.

Uh-huh!

At this moment, Tiejiahou charged directly towards Ye Feng, and the powerful cultivation aura of the tenth level of the Heaven Transformation Realm broke out from his body.

An emerald-colored sword appeared in his hand, which was more than ten meters long. It slashed directly towards Ye Feng, as if it could split the entire world.

The killing aura in this Tiejiahou was extremely strong and huge. He was obviously a man who fought on the battlefield, and his combat power was very terrifying.

But at the next moment, Ye Feng directly burst out the terrifying power of the Ten Thousand Demons Tyrant Body Technique.

Buzz!

I saw Ye Feng's hands directly turning into huge troll hands in the void, like two ancient mountains, full of terrible pressure, and in an instant, they directly blasted the emerald sword in Tiejiahou's hand. Broken apart inch by inch.

"How can this be?!"

Tie Jiahou's eyes suddenly revealed a look of deep horror.

But at the next moment, Ye Feng's two troll hands suddenly pressed down from high altitude, and in one fell swoop, Tie Jiahou's entire body was smashed into a meat pie, killing him instantly.

Tiejiahou, die!

"Master Hou!!"

The surrounding soldiers of the Shenlong Dynasty all widened their eyes at this moment.

They were all extremely frightened. The young man in white was as cruel as a big devil. They had offended the wrong person!

Chapter 3184 Dragon Palace Group

"Run!"

"Get away from this big devil!"

At this moment, a group of soldiers from the Shenlong Dynasty screamed in fear and fled around.

Because Ye Feng felt so terrifying to them, even their most powerful Lord Marquis was killed by Ye Feng in just a few hits.

This young man's fighting ability is truly terrifying to the extreme!

"Now that you've offended me, don't even think about escaping."

At this moment, Ye Feng's eyes were very cold, and he directly released the Devouring Domain, shrouding all the fleeing soldiers from the Dragon Dynasty in his dark domain.

"boom!!"

Then the huge devouring ability suddenly exploded.

These soldiers of the Shenlong Dynasty did not even react. Suddenly, all the blood, energy and skills in their bodies were directly absorbed by the surrounding darkness devouring realm. They were sucked dry and turned into mummies, which fell to the ground. superior.

These soldiers of the Dragon Dynasty were not very powerful in cultivation, so even if Ye Feng didn't need to kill them, he could directly absorb their skills alive just by relying on the power of the Devouring Domain.

"boom!"

At this moment, Ye Feng suddenly felt that huge amounts of energy were directly injected into his body.

Ye Feng's skill was suddenly greatly enhanced and improved.

At this time, the biggest complement was the Iron Armored Hou's skill, which was very powerful.

At this moment, Ye Feng's cultivation suddenly began to break through.

"boom!"

The seventh level of Heaven Transformation Realm!

Ye Feng's cultivation directly broke through the entire sky, and his strength once again increased a lot.

Although Ye Feng only broke through to the first level, his eyes did not reveal much.

accident.

After all, Ye Feng also knew that his current body was like a bottomless pit.

As his cultivation level improves, the energy required for each of his breakthroughs becomes larger and larger.

Even with the Iron Armored Marquis and a dozen soldiers from the Shenlong Dynasty, the accumulated energy only allowed Ye Feng to break through to the next level.

After all, they are all at the level of cultivation in the Heaven Transformation Realm. They are in the same realm as Ye Feng. It is already good to be able to break through the first level of heaven.

It shows that these people's skills are still very powerful and they are not ordinary warriors.

At this moment, Murong Zhentian, who was standing aside, had a look of deep surprise in his eyes.

He couldn't help but stare at Ye Feng and said loudly: "The skills of so many masters have been concentrated on you, and it has only allowed you to break through to the next level. Ye Feng, how strong is your martial arts foundation? That's why you absorbed so much power to break through to the first level, but this is normal. If your martial arts foundation is not strong, you will not be able to have such a strong combat power. You can defeat someone stronger than you in just a few or two moves. The tallest man was killed."

At this time, when Ye Feng heard what Murong Zhentian said, he just smiled slightly and did not explain anything more. Instead, he said loudly: "Let's continue exploring the ancient dragon cave. I hope my skills can continue to make breakthroughs. In this case, I can't deal with the prince." There won't be any problems."

boom!

Murong Zhentian nodded at this time and was about to say something, but suddenly there was a huge roar from a certain direction in the Ancient Dragon Cave.

That kind of roar contained a very terrifying energy fluctuation. Obviously something extremely terrible happened in that direction. There might be many strong men fighting.

induction

When this huge and chaotic fluctuation occurred, Ye Feng and Murong Zhentian immediately looked at each other.

Murong Zhentian immediately said excitedly: "What should have happened in that direction of the Ancient Dragon Cave?"

Ye Feng nodded and said: "I can sense very chaotic and huge energy fluctuations from that roaring sound. They are all energy fluctuations generated by the battles of extremely powerful beings. It seems that something extraordinary happened in that place." There may be an extremely precious treasure or inheritance that many powerful people are fighting for. Let's go over and see what's going on. Maybe we can get a huge opportunity, and the opportunity for my breakthrough may be there."

Murong Zhentian immediately rushed towards that direction with Ye Feng, wanting to get a piece of the pie.

Swish!

The two were very fast. In less than half an hour, they had arrived at their destination, which was the place where the chaotic energy fluctuations came from.

"This is....."

The next moment, Ye Feng and Murong Zhentian were both slightly shocked by the scene in front of them.

I saw a large and huge palace complex in the ancient dragon cave area not far away.

Among these palaces, there are powerful foreigners who are fighting with the dragons living in the palaces.

Moreover, there are several top powerhouses who are radiating light all over their bodies, fighting with a golden dragon with three heads.

"Golden three-headed dragon!"

Murong Zhentian looked at the majestic golden dragon with three heads not far away, with a body of tens of thousands of feet, and his eyes were extremely shocked, because this scene was full of huge visual impact.

Ye Feng also nodded slightly at this time, and couldn't help but sigh and said: "I didn't expect that deep in this ancient dragon cave, there is still a powerful dragon force.

Power, that golden three-headed dragon should be the controller of this palace group. The other dragon clans in those palace groups are all his descendants. Unfortunately, they were discovered by strong outsiders, and they were all fighting to snatch this gold. The various treasures and wealth in the three-headed dragon palace complex have turned into a vast battlefield, with chaotic fighting everywhere. "

Ye Feng spoke at this time, his eyes filled with deep excitement.

Because such a vast battlefield is simply a natural treasure land for Ye Feng.

Murong Zhentian seemed to have guessed what Ye Feng was thinking, and immediately said: "Ye Feng, let's go alone next. I'll go see if there are any good treasures and inheritances in this palace. I'll search for you." It should be more convenient for people to move into the battlefield and swallow this blood energy. "

When Ye Feng heard what Murong Zhentian said, he immediately nodded and said, "Young Sect Master, thank you for your understanding. Let's split up."

"good!"

Murong Zhentian nodded, then jumped up instantly and rushed towards the huge palace complex not far away.

At this moment, Ye Feng did not go directly towards the splendid palaces not far away, but walked quickly around the edge of the battlefield.

boom!

Then, Ye Feng released his Devouring Domain and quickly absorbed the endless blood energy generated by the vast battlefield.

You must know that these blood energy are extremely powerful existences, and the blood energy generated by the ancient dragon clan's fighting is very advanced and powerful.

The blood in the battlefield is so vast, like a vast ocean!

At this moment, with the devouring, Ye Feng suddenly felt that his skill was rapidly improving and growing at an incredible speed!

Chapter 3185 Searching for Heavenly Materials and Earthly Treasures

"Buzz..."

Ye Feng's skill is growing rapidly at this moment.

"boom!"

In less than a moment, a huge roar erupted from Ye Feng's body.

That's the momentum of a breakthrough!

"boom!"

The eighth level of Heaven Transformation Realm!

"boom!"

The ninth level of Heaven Transformation Realm!

"boom!"

The tenth level of Heaven Transformation Realm, Great Perfection!

For half a day, Ye Feng absorbed an incomparable amount of energy, and the cultivation aura on his body directly broke through the third level of heaven, and entered the final realm of the tenth level of the Heaven Transformation Realm, the Great Perfection!

This filled Ye Feng's eyes with deep excitement.

This trip was indeed the right one.

The chaotic fighting battlefield here is indeed the best place for me to improve my strength.

But at this time, the battle on the battlefield was coming to an end, which made Ye Feng feel quite regretful.

Because there were so many powerful outsiders, even if there were many ancient dragons in this palace complex, they were unable to resist and were all killed.

For the golden three-headed dragon, this was absolutely a terrifying and devastating blow.

But there is no way, this is the case in the spiritual world.

At this time, Ye Feng followed everyone into the palace complex. He saw many people frantically grabbing all kinds of wealth.

Buzz!

Ye Feng also instantly exuded his huge soul power at this time, and was exploring all the possible wealth around him.

At this moment, Ye Feng sensed a very mysterious energy fluctuation and instantly rushed in that direction.

When Ye Feng came here, he immediately saw a purple bead in a small shrine.

"This is a dragon ball! The dragon ball of the ancient purple dragon clan!"

On Ye Feng's shoulder, the red sparrow couldn't help but said,

There seemed to be a hint of excitement in his tone.

"Uh-huh!"

Ye Feng also looked happy and reached out to grab it.

"Let go!"

But at this moment, a terrifying sword light suddenly struck from not far away, trying to cut off Ye Feng's palm and prevent Ye Feng from grabbing the dragon ball.

But Ye Feng didn't stop at all and directly grabbed the purple dragon ball in his hand.

"when!!"

Almost at the next moment, the long knife struck Ye Feng's palm, and instantly made a huge roar, as if it had struck a copper wall. It did not cause any damage to Ye Feng's palm at all. s damage.

"Uh-huh!"

At this moment, Ye Feng grabbed the purple dragon ball and looked directly in the direction where the long knife was slashing.

He immediately saw a young man wearing a black robe with a sinister face standing not far away, his face looking a little ugly at this moment.

The young man in black robe immediately spoke out: "Which sect are you a disciple of? How can you withstand the attack of my demon-drinking knife with all the strength of your body? This is impossible!"

Ye Feng just smiled coldly at this time and said loudly: "Nothing is impossible in this world!"

boom!

Ye Feng did not hesitate at this moment and rushed towards the young man in black robe, then punched him hard.

"Boom!!"

Immediately, terrifying energy light waves burst out from Ye Feng's palm, and suddenly struck in front of the young man in black robes.

"Demon-drinking knife!"

The young man in black robe wanted to resist with his sword, but the demon-drinking sword in his hand could not resist the damage caused by Ye Feng's punch.

The bad force was directly blasted into pieces.

His entire body exploded instantly, killing him immediately.

This young man in black robe is not very strong in cultivation. He is just entering the Heaven Transformation Realm for the first time, so naturally he cannot be the enemy of Ye Feng.

In fact, after Ye Feng reached the tenth level of the Transformation Realm, he no longer had many opponents among his generation in the Eastern Territory, except for some very few super monsters, such as the prince and so on.

At this time, Ye Feng killed the young man in black robe with one punch. After devouring the opponent's blood and energy, he turned around and left.

Many other warriors around looked at Ye Feng's leaving figure with deep fear in their eyes.

Because the young man in black robe also came from a large sect, and his cultivation strength was at the peerless genius level, but he was killed instantly by Ye Feng, a young man.

From this we can see how terrifyingly powerful Ye Feng, this seemingly ordinary young man, actually is.

This kind of combat power is simply appalling!

"This boy is most likely a monster secretly cultivated by some super power. We cannot provoke him."

Many strong men from other sects around him couldn't help but remember Ye Feng's face, and they couldn't provoke such a terrifying existence.

Uh-huh!

At this time, Ye Feng had already arrived at another place where the treasure was hidden.

Through his huge soul power, he can clearly and quickly sense the specific locations of these treasures.

The place Ye Feng came to at this moment was the back garden area of a palace.

In the middle of the back garden, there is a spring.

The entire spring is exuding a faint aura, and there are even colorful lights appearing, which looks very magical.

"This is a dragon source spiritual spring!"

The red sparrow stood on Ye Feng's shoulder and continued

Said out loud.

I have to say that this descendant of Suzaku still knows a lot.

Ye Feng dodged directly and stood next to the spring. He could sense that the spring contained a huge amount of dragon power.

Wow!

At this moment, Ye Feng directly stretched out his hand, dug out the entire spring water, including the earth and soil of the spring water, and packed it away directly.

Including the purple dragon ball that Ye Feng obtained before, Ye Feng has now obtained two kinds of ancient dragon clan's heavenly materials and earthly treasures.

Ye Feng did not devour them one by one for the time being. He planned to collect more of these special heavenly materials and earthly treasures, and then devour them all together. Then with the help of that huge energy, he could instantly break through the current bottleneck of the tenth level of the Heaven Transformation Realm. , rush into a more powerful realm!

Buzz!

So at this time, Ye Feng did not waste any time and continued to emit his soul power, looking for the next direction with strong energy fluctuations.

And while Ye Feng was looking for it, several top powerhouses in the sky, shrouded in divine light, were having a fierce battle with the golden three-headed dragon, the owner of this palace complex.

The destructive energy almost spread to the entire palace complex.

The entire palace complex was shattered.

Even Ye Feng was somewhat unable to withstand the aftermath of such a terrifying collision.

In the end, when Ye Feng found the sixth treasure of heaven and earth, he had to follow many warriors who were hunting for treasures and left here one after another.

Because the final moment of the war is coming soon.

The terrifying aftermath of the collision energy was really unbearable.

If you continue to stay here, you will most likely be swept in and die instantly.

So Ye Feng left here and prepared to find a safe place to refine six heavenly materials and earthly treasures including purple dragon beads and dragon source spiritual springs at once to see if he could break through the current bottleneck.

Chapter 3186 Seizing Ye Feng

Uh-huh!

Half an hour later, Ye Feng found a very safe place.

This is an underground cave in the ancient dragon cave area.

The surrounding area is deserted, and no one should come here.

At this time, Ye Feng didn't hesitate at all. In an instant, he took out the six special heavenly materials and earthly treasures he had obtained before and placed them in front of him.

"boom!"

At this moment, Ye Feng directly released his Devouring Domain, covering these heavenly materials and earthly treasures.

"Crash..."

Suddenly, huge amounts of energy were directly absorbed and injected into Ye Feng's own body.

Ye Feng's skill at this moment suddenly began to accumulate and transform rapidly.

Finally at some point.

"boom!"

Ye Feng's body suddenly erupted with a huge roar of momentum.

Ye Feng's cultivation suddenly exploded at this moment.

Directly breaking through to the half-step Immortal Stage realm above the Transformation Heaven realm!

At this moment, Ye Feng stood up immediately, his eyes shining with a strong divine light.

But after all, he did not break through to the real Immortal Realm.

Because the six heavenly materials and earthly treasures in front of Ye Feng have been sucked dry, and all the energy in them has dried up.

Ye Feng couldn't help but smile bitterly, "My current body is becoming more and more like a terrifying bottomless pit. I have absorbed so much of the terrifying wealth and energy of the ancient dragon clan, and yet I haven't made a complete breakthrough yet."

Although Ye Feng was a little disappointed, Ye Feng was still a little happy deep in his heart.

After all, he had absorbed so much energy and had only broken through to the half-step to the Immortal Stage.

It is conceivable that if you break through to the real Immortal Stage, your combat power will be incomparably enhanced.

Because the cultivation level is higher

It is difficult to break through. The more energy you absorb to break through, the more terrifying and powerful the power generated after the breakthrough is.

At this time, Ye Feng was ready to leave here and search again to see if there were any other opportunities in this ancient dragon cave.

"boom!"

But at this moment, a huge figure suddenly fell from the sky.

That turned out to be a golden three-headed dragon!

By coincidence, it fell here by Ye Feng.

Ye Feng immediately saw that the golden three-headed dragon had been seriously injured and looked very unstable.

And among the three heads, two have been broken.

There was only one dragon head left in the middle, which was relatively complete, but it was also bleeding, making it very embarrassing and miserable.

At this time, Ye Feng's eyes showed deep surprise. It seemed that this golden three-headed dragon was fighting fiercely with several other top powerhouses.

However, Ye Feng now knows that he is probably no match for this seriously injured golden three-headed dragon.

After all, the opponent is a very terrifying top powerhouse.

Even if he is seriously injured, he is probably not someone he can covet now.

So at this moment, Ye Feng did not hesitate and directly chose to leave here.

But at the next moment, the golden three-headed dragon suddenly stared at Ye Feng, and then said coldly: "What a powerful blood energy. You should be a special physique talent among the human race. If I use the power of our ancient dragon race, The Soul Power Soul Technique may be able to use your body to be reborn, but I can't hold on for long now."

boom! !

After the golden three-headed dragon finished speaking, he charged directly towards Ye Feng, waving a mountain-like

The golden dragon claw wants to capture Ye Feng.

Ye Feng was about to leave at this moment, but he discovered that the golden three-headed dragon was attacking him directly indiscriminately.

Ye Feng's eyes suddenly showed a hint of shock and anger. He didn't expect that the other party would take the initiative to attack him if he didn't provoke him.

Ye Feng immediately became angry.

"Then it's time to test the cultivation power I just broke through!"

At this moment, Ye Feng immediately burst out with the powerful aura of the half-step Immortal Stage that he had just broken through. ??

Boom!

Ye Feng burst out with extremely powerful chaos power, and then blasted forward fiercely, directly colliding with the huge golden dragon claws of this golden three-headed dragon, and a earth-shaking earthquake erupted. The roar of the ground.

Kick, kick, kick!

The next moment, Ye Feng immediately took several steps back, but he also successfully resisted the attack of the golden dragon claw.

"What?"

Seeing this scene, the golden three-headed dragon immediately showed a look of deep surprise in his eyes, and couldn't help but said: "A weak human ant like you can actually resist my dragon claws. It seems that you Your physique is really very good, it can even be called a divine body, otherwise it would be impossible to have such a powerful power. However, the better your physique is, the more I will capture you and seize your body. "

At this moment, the eyes of the golden three-headed dragon were filled with a deep look of greed.

Because of Ye Feng's strong physique, he was deeply shocked. This was definitely a very rare special physique of the human race, but it had not yet fully grown up, and the golden three-headed dragon still had a chance.

Boom! !

At this moment, the golden three-headed dragon suddenly erupted with a terrifying aura of power.

"Great Wild Dragon Qi!"

The golden three-headed dragon shouted loudly, and streams of golden dragon energy suddenly burst out from his body.

These golden dragon energy condensed into a dragon energy field, surrounding Ye Feng.

Boom!

At this moment, Ye Feng wildly punched out his fists, even bursting out powerful inheritances such as the Ten Thousand Demons Tyrant Body Technique.

But it was impossible to blast through this dragon energy field!

When the three-headed golden dragon saw this scene, he immediately laughed out loud: "Young boy of the human race, although your physique is different from ordinary people and very strong, you can't even think of breaking through the shackles of this golden dragon energy. These original dragon energy, but it took me tens of thousands of years of practice to condense it. Even I can't break it, let alone you. Although the power of your body can compete with my golden dragon claws, you are still a little short of the fire! Just accept your fate!"

At this moment, after the golden three-headed dragon finished speaking, a ferocious smile immediately appeared on his face, and then he roared: "Transfer souls and positions!"

This is a very terrifying and weird inherited secret technique.

At this moment, the golden three-headed dragon wanted to occupy Ye Feng's body. At this moment, a primordial spirit emitting bright golden light flew out from the head of the golden three-headed dragon, and went directly towards Ye Feng's head, wanting to seize Ye Feng's body as soon as possible.

But at this time, Ye Feng had a strange smile on his face and said loudly: "I'm just waiting for the moment when you take over!"

Boom!

Almost at this moment, the soul gem in Ye Feng's mind, which had been prepared for a long time, suddenly burst out with a bright crimson light, instantly impacting the soul of the golden three-headed dragon, and instantly destroyed it. Half of the golden three-headed dragon's soul was destroyed.

"ah!!"

The golden three-headed dragon immediately let out a howl of agony!

Chapter 3187 Devouring the Golden Three-Headed Dragon

At this moment, the golden three-headed dragon screamed in agony.

This ancient dragon overlord never thought that there would be such a terrifying soul-attributed treasure in the head of Ye Feng, a seemingly ordinary human boy.

Moreover, half of his Golden Dragon Soul was destroyed in an instant!

This shows that the soul attack treasure in this human boy's head must be very terrifying.

"This kid is so weird!"

At this moment, the golden three-headed dragon immediately felt deep fear and jealousy in his heart.

This human boy is definitely not as simple as he imagined.

Don't mess with it at all!

At this moment, the golden three-headed dragon immediately controlled the remaining half of his soul and flew towards his body.

Boom!

But at the next moment, the soul gem in Ye Feng's mind once again released a terrifying crimson laser, which directly hit the golden three-headed dragon's spirit, instantly destroying the golden three-headed dragon's spirit. It was destroyed in the void and completely dissipated.

"Phew! Finally done!"

Ye Feng saw this scene and finally breathed a sigh of relief.

If the golden three-headed dragon did not actively release its soul to approach him, it would be difficult for Ye Feng to fight against the golden three-headed dragon.

But this golden three-headed dragon was very bold and released his soul to occupy Ye Feng's body. In this case, it would give Ye Feng the opportunity to use the soul gem.

In an instant, the soul of this golden three-headed dragon was destroyed!

At this moment, Ye Feng's eyes were filled with deep excitement.

Because he was staring at the body of the huge golden three-headed dragon not far away. The dragon's body contained as vast and majestic blood energy as the vast ocean.

Although the golden three-headed dragon was just willing to

It must have gone through a very terrible and tragic battle, and the huge dragon body was destroyed a lot.

But the remaining dragon bodies can still provide Ye Feng with huge blood energy.

And you must know that these are the energies of the ancient dragon overlord!

Absolutely very advanced!

At this moment, Ye Feng walked over and wanted to devour it.

Buzz!

But at the next moment, a very terrifying spiritual aura suddenly covered it from high in the sky.

That kind of spiritual aura is vast and full of terrifying and terrifying feelings.

"Not good! A top powerhouse is coming!"

Ye Feng instantly felt this terrifying spiritual aura, and his eyes suddenly changed.

These are definitely the top foreign experts who fought against the golden three-headed dragon just now!

It's not something you can fight against.

"Hurry up!"

Uh-huh!

Ye Feng immediately put the body of the golden three-headed dragon that fell on the ground into his storage ring, then quickly used the space gem to open up a space wormhole, and left here in an instant.

Ye Feng's series of operations were very fast.

He completed all the actions almost instantly and fled the scene.

Even those top experts did not have time to track Ye Feng's aura, and Ye Feng had already disappeared from this area.

Uh-huh!

Uh-huh!

At this time, several top powerhouses descended from high in the sky, exuding divine light.

.

They looked at the blood on the ground around them with ugly looks in their eyes.

A top powerhouse shrouded in divine light couldn't help but said: "The three-headed golden dragon has probably escaped from here."

Another top powerhouse suddenly seemed to sense something and said aloud: "I sensed the power of the space gem. The golden three-headed dragon does not have space gems. It should be a strong man hiding in secret who secretly stole the golden three-headed dragon." The essence of dragon."

"Damn it! If I catch that kid stealing secretly, I will cut him into pieces!"

Another top powerhouse was very angry and immediately said: "We spent such a high price to severely injure the golden three-headed dragon. We are just one last shot away from killing it and winning it." The golden keel in the body, you know, this golden three-headed dragon is very rare. It comes from the ancient dragon clan thousands of years ago. The golden keel it grew is extremely valuable. I didn't expect it to be gone. "

"such a pity....."

A group of top experts all looked extremely ugly. .??.

...

At this time, Ye Feng quickly opened up space wormholes, completely escaping from the ancient dragon cave, and left the ancient dragon cave directly.

At this time, Ye Feng didn't even have time to wait for the young sect leader Murong Zhentian. He left the Ancient Dragon Cave alone and came to the outside area.

In order to prevent those top experts from chasing after him, Ye Feng was like a little thief who had just stolen a treasure. With anxious but excited emotions in his heart, he ran directly into the distance and completely stayed away from the ancient dragon cave. , Ye Feng felt relieved.

At this time, Ye Feng found a barren mountain and asked the Red Sparrow and the White Bone God to protect him.

Then Ye Feng took out the body of the golden three-headed dragon from a barren mountain.

The golden three-headed dragon is very majestic and majestic. Even though two dragon heads were broken in the previous fierce battle, it still looks very shocking and full of strong visual impact.

The dragon body covered with golden scales was tens of thousands of feet long and majestic. At this moment, Ye Feng took it out and lay it across the mountains, allowing some unintelligent beasts around it to They couldn't help but lie on the ground in fear, not daring to make any sound.

This golden three-headed dragon is definitely the overlord of the ancient dragon clan. Even if it dies, it still exudes a terrifying dragon power, causing thousands of evil beasts in the mountains to lie on the ground, as if they have seen the emperor. .

"boom!"

At this moment, Ye Feng did not hesitate and directly released the huge swallowing domain, covering the entire body of the golden three-headed dragon.

"Rumble..."

Almost at the next moment, Ye Feng glared.

He felt the infinite and terrifying majestic blood energy, as well as the incomparably advanced power of Dragon Yuan, rushing into his Dantian rapidly and continuously, rapidly increasing his power.

There was almost no obstacle for Ye Feng, and a terrifying breakthrough momentum burst out from his body.

In an instant, he went from half-step to the Immortal Stage, broke through the final bottleneck, and stepped into the first level of the Immortal Stage!

And that's not all!

Ye Feng could feel that his power was still improving at an incredible speed!

This golden three-headed dragon is the overlord of the ancient dragon clan.

Ye Feng got a huge advantage this time!

Chapter 3188 The Prince Returns

Buzz!

At this moment, the energy of the golden three-headed dragon has not been completely digested.

Therefore, Ye Feng's cultivation aura is still increasing rapidly and is about to reach the critical point of continuing to break through.

"boom!"

Finally, Ye Feng once again burst out with extremely powerful cultivation aura.

The second level of the Immortal Realm!

"boom!"

The third level of the Immortal Realm!

"boom!"

The fourth level of the Immortal Realm!

"boom!"

The fifth level of the Immortal Realm!

Finally, Ye Feng's cultivation aura stopped.

At this moment, Ye Feng's whole body was exuding bright divine light. This time he really made a big mistake!

Obtained the body of the ancient dragon overlord.

The energy contained in it made Ye Feng's cultivation explode like a rocket.

At this time, Ye Feng clenched his fists and felt that the energy in his body was surging to an extreme.

Ye Feng's breakthrough in cultivation during this period can simply be described as incredible.

Even Red Sparrow, a descendant of Suzaku, could not help but sigh as he stared at Ye Feng, who was glowing all over his body at this moment: "Hey, you kid is really a genius!"

The Great Sage of White Bones was wrapped in a black robe and said nothing, but he was also filled with shock. Ye Feng's breakthrough method was really crazy.

Uh-huh!

At this time, a figure suddenly ran over from a certain direction.

"Young Sect Master?"

Ye Feng's eyes suddenly moved. This figure turned out to be Murong Zhentian.

"Ye Feng?"

When Murong Zhentian saw Ye Feng standing in front of him, his eyes immediately froze, as if he did not expect to meet Ye Feng here.

But at the next moment, Murong Zhentian immediately shouted: "

Ye Feng, run! I have obtained some wealth from the ancient palace, and I am being chased by more than a dozen strong men. Don't let me implicate you, hurry up and run from the other direction! "

Uh-huh!

But at the next moment, Ye Feng walked directly in front of Murong Zhentian and said with a smile: "Don't worry, we don't need to run."

Murong Zhentian was pulled by Ye Feng, and he looked extremely anxious, and said quickly: "The people who are chasing me are the big forces from the end of the Eastern Region, Luan Dao Demon Palace, all of them are Xiantai realms that have surpassed the Heaven Transformation realm. Strong man! He is definitely a top-notch strong man in the Eastern Territory! Second only to the masters of those big forces, let's run quickly! Ye Feng, I know you are powerful, but it can't be theirs. Opponent's!"

Swish, swish, swish!

Swish, swish, swish!

Just as Murong Zhentian was talking, a dozen figures flashed from behind.

They were all wearing uniform black clothes, and the auras exuding from their bodies were all filled with extremely rich demonic energy.

Moreover, everyone is holding a bloody long knife in their hands, which looks very uniform. Everyone is a master among masters.

"boom!!"

But just when Murong Zhentian was very anxious, Ye Feng suddenly punched out.

A terrifying wave of air instantly erupted from Ye Feng's fist.

It rushes forward like a vast ocean!

In one fell swoop, the flesh and blood of those dozen so-called first-class experts were shattered by the direct impact!

It turned into more than a dozen corpses and fell to the ground.

The group of powerful demons who were chasing Murong Zhentian were instantly killed by Ye Feng without even saying a word.

Murong Zhentian watch

When this scene arrived, a look of extreme astonishment immediately appeared on his face.

He stared at Ye Feng in front of him with his eyes widened, his expression trembling.

It seems that he never expected that Ye Feng would become so much stronger again!

We haven't seen each other for just a few hours, right?

Why did Ye Feng suddenly become a super strong person that even he wanted to look up to?

What happened to him?

Murong Zhentian, who had countless questions at this time, wanted to find out.

Uh-huh!

But suddenly at this moment, a talisman emitting red light flew over not far away.

"Is this a special transmission talisman that can automatically track the target person? It's very rare." Murong Zhentian's eyes were a little surprised.

At this time, Ye Feng stretched out his hand and received the transmission note, and the voice of the Holy Maiden of Heaven suddenly sounded inside: "Ye Feng, the prince has successfully refined the

ancient god emperor, and his cultivation strength has greatly increased. Now he brings all his subordinates with him. , are rushing back to Yiyuan Daozong."

boom!

The words of the Holy Maiden of Tianji undoubtedly dealt a severe blow to the hearts of both Ye Feng and Murong Zhentian who were present.

"What?"

Murong Zhentian's eyes were full of surprise, and he couldn't help but say: "The prince has refined the ancient god emperor so quickly? In just a few months, it's impossible!"

Ye Feng said aloud: "The person who conveyed the message to me was the Holy Maiden of Heaven. She was the monitor I secretly subdued and sent to the prince's side."

"Saint of Heaven's Secret?"

Murong Zhentian suddenly looked shocked and said: "Ye Feng, the Holy Maiden of Tianji is a very mysterious existence. When did you subdue her? That's amazing! But the most important thing now is the return of the prince. This I am afraid that the entire Yiyuan Dao Sect will be shaken once, and assassination will be impossible. "

Ye Feng nodded slightly, his eyes no longer fearful at first, but with a hint of confidence, he said: "Since there is no chance of assassination, let's fight head-on. With my current means and strength, I should be able to I have to contend with the prince."

Murong Zhentian perked up when he heard what Ye Feng said. He immediately nodded and said, "Then let's go back as soon as possible. I'm afraid my sister will have problems."

"Wait a moment."

At this time, the red sparrow suddenly spoke from behind: "Feng Boy, there seems to be something emitting golden light in the dead body of the golden three-headed dragon you just swallowed. Go and see what it is."

"Um?"

Ye Feng's eyes moved and he immediately walked towards the back.

Ye Feng was a little confused. Logically speaking, in his devouring domain, everything in the golden three-headed dragon's body would be sucked dry by him.

"What did you say?!"

At this time, what made Murong Zhentian almost stare out of his eyes was that he actually heard the red sparrow saying that Ye Feng had swallowed the golden three-headed dragon? ?

this?

How can it be? !

Murong Zhentian was really stunned this time, and was shocked beyond measure. After all, the three-headed golden dragon was the overlord of the ancient dragon clan. How did Ye Feng devour it?

However, Ye Feng did not have time to answer Murong Zhentian at this time. Instead, with a hint of excitement in his eyes, he grabbed the shining golden object from the decayed bones of the golden three-headed dragon.

It was a huge keel more than three meters long!

The whole body is golden, exuding golden light.

It looks very extraordinary!

The red sparrow suddenly exclaimed: "This...couldn't this be the legendary golden dragon bone? Oh my God! Maybe it really is a golden dragon bone! This is a priceless and peerless good thing!"

Chapter 3189 Second Realm

"The legendary golden dragon bone?"

When Ye Feng heard what the red sparrow said, there was a trace of surprise in his eyes, and he couldn't help but ask: "Is this golden dragon bone really as exaggerated as you said? What special function does it have? Call it a 'legendary' thing."

When the red sparrow heard Ye Feng's question, he immediately scratched his head with his little paws and couldn't help but said with some embarrassment: "Actually, I don't know what special function this golden dragon bone has. I just read it in an ancient book. I have seen in the book that only the overlords of the ancient dragon clan can give birth to such a golden dragon bone. It is very special. I guess that the top powerhouses in the past hunted down this golden three-headed dragon just to get this golden dragon bone. Dragon bone, you can integrate this golden dragon bone into your body and see what special changes there are."

Ye Feng couldn't help but twitch the corners of his eyes at this time. He didn't expect that the red sparrow was just bragging without any boundaries.

But at this time, Murong Zhentian, who was standing aside, suddenly said: "Ye Feng, this golden dragon bone is indeed a good thing. I heard my father, the leader of our Yiyuan Dao Sect, say before that in In a certain era in ancient times, there was a very weak tribal leader who accidentally obtained a golden dragon bone buried deep in the earth and integrated it into his body. He suddenly transformed from a mortal to a god-like existence. , Although that is just a legend, what is certain is that once this golden dragon bone is integrated into your body, it will definitely bring you huge benefits. "

When Ye Feng heard what Murong Zhentian said, he immediately nodded. Without any hesitation, he directly used the three-meter-long golden keel in front of him to output his magic power, and then integrated it into his body. middle.

"Buzz!"

This golden dragon bone, which was more than three meters long, suddenly turned into a golden dragon-shaped divine light and integrated into Ye Feng's body.

At this moment, Ye Feng suddenly felt a very strange energy, very high-level, continuously surging out from the golden keel and spreading throughout his entire body.

"hold head high!"

The next moment, Ye Feng tried to punch out.

Ye Feng didn't even use any magic power, just pure physical power.

But at this moment, a set of golden dragon-shaped light waves rushed out of Ye Feng's fist, full of terrifying destructive power, shattering hundreds of thousands of meters of earth in an instant.

"Strong!"

Murong Zhentian, including Red Sparrow, who was standing aside, couldn't help but have surprise in their eyes when they saw the terrifying destructive power.

You must know that this is not the damage caused by Ye Feng's use of magic power, but the pure power of his body.

Ye Feng's eyes immediately revealed a look of deep joy, and he couldn't help but say: "This golden dragon bone can actually greatly increase the power of my body? Even if I don't use any skill or magic power, I can't help but say... A single fist can activate the power of the golden dragon in the golden dragon bone, causing terrible damage. This is a huge blessing to the body's power. "

The red sparrow immediately said: "The golden dragon bone is a legendary thing. It is very rare. Only the overlords of the ancient dragon clan can breed it. It is definitely not just as simple as blessing the body. In the future, Ye Feng, you can If you study more about the golden keel integrated into your body, you may be able to develop other functions."

When Ye Feng heard what Red Sparrow said, he immediately nodded happily and said loudly: "This time I really got a huge advantage."

At this time, Murong Zhentian said aloud: "Ye Feng, do you want to continue to look for opportunities in this ancient dragon cave?"

Ye Feng immediately shook his head and said: "I got a huge opportunity this time and stole all the skills of the golden three-headed dragon, including the golden dragon bone. Now the entire

In the ancient dragon cave, those top powerhouses must be looking for traces of me everywhere, so if I continue to have a chance in this ancient dragon cave, I might be caught by those top powerhouses. My strength has also improved by the same amount now. Now, I plan to return directly to Yiyuan Daozong. After all, the prince is also rushing back to Yiyuan Daozong now, and I need to go back to stabilize the situation. "

Murong Zhentian and Murong Mingyue were very helpful to Ye Feng, allowing Ye Feng to improve tremendously in a short period of time.

Therefore, Ye Feng naturally would not sit idly by.

This time, since Ye Feng's strength has risen to a whole new level, he and the prince just settled all the accounts together.

When Murong Zhentian heard what Ye Feng said, he nodded excitedly and said loudly: "It would be great if Ye Feng you go back with me, because I'm really afraid that the prince will directly Launch a full-scale attack to seize the power of the Yiyuan Dao Sect. Now that the prince has refined the ancient divine emperor, and it is said that there is a mysterious big man from the second level support behind him, he may directly compete for the position of the leader of the Yiyuan Dao Sect. I'm afraid My father is always in danger. After all, the prince is a terrible person. He is a peerless person."

Ye Feng asked with some surprise in his eyes: "Behind the prince, is there support from a mysterious figure from the second level realm?"

Murong Zhentian nodded solemnly and said aloud: "This is my father's guess, so all this time, my father has not dared to really touch the prince for fear of angering the big shot behind the prince."

Ye Feng asked aloud: "Our current Eastern Region is a first-level realm. What is the second-level realm called?"

Murong Zhentian said: "Star Territory."

"Star Territory?"

There was a hint of surprise in Ye Feng's eyes. This was the first time he knew the name of a higher realm.

It turns out that the second-level realm above the Eastern Territory is called the "Star Territory".

The second level realm is definitely a more glorious realm with more powerful people.

At this time, the red sparrow suddenly said: "Feng Boy, the Ye family you asked me about before is located in the Sea of Chaos, which is located at the end of the East China Sea, which is the highest realm of the Origin World, the ninth level realm. Next, so, Feng Xiaozhi, you still have a long way to go."

When Ye Feng heard what the red sparrow said, a hint of complexity suddenly appeared in his eyes.

I didn't expect that I was still so far away from the Ye family and the Sea of Chaos.

Although he can now be called a peerless powerhouse in the Eastern Territory, he is only a peerless powerhouse in the first-level realm.

Now Ye Feng has not even entered the second-level realm "Star Territory".

Not to mention the supreme ninth level realm of the Origin World.

However, the confusion in Ye Feng's eyes turned into deep determination at the next moment, and he couldn't help but murmur, "One day, I will be able to ascend to the ninth level realm, find the Sea of Chaos, and find the Ye family." !"

The red sparrow seemed to sense the emotional changes in Ye Feng.

It patted Ye Feng's shoulder, and said with a little sigh and encouragement: "Brother Feng, come on, there is an old saying that goes well: Stop fighting, and life will stop. When you really reach the top, you will be finished. In all missions, you may still fall into the confusion of being overwhelmed by the cold and the invincible loneliness. I understand it all too well, so you are in good condition now."  
"

Do I understand the invincible loneliness so well?

Hearing what Red Sparrow said, Ye Feng's mouth suddenly twitched slightly.

This guy still likes to brag.

But Ye Feng nodded slightly and said: "It's true, if you stop fighting, life will stop."

Murong Zhentian patted Ye Feng's shoulder and said slowly: "Stop feeling emotional and return to the Yiyuan Dao Sect as soon as possible. The most important thing now is to fight against the prince. As for the mysterious figure behind the prince, my father has already prepared to invite us to the east." The domain lord is here to fight, don't worry, we can deal with the prince with peace of mind."

Chapter 3190 The mysterious Princess Meng&#039;er

Next, Ye Feng and Murong Zhentian didn't waste any more time and rushed directly towards the Yiyuan Dao Sect.

On the way, they traveled through the vast wilderness and completely stayed away from the area where the ancient dragon cave was located.

But just when they passed a towering mountain.

"boom!"

Suddenly, a huge golden light pillar suddenly fell from the sky and landed directly on the top of this majestic mountain.

"Huh? A vision from heaven?"

Ye Feng saw the huge golden light pillar not far away, and his eyes suddenly lit up.

Murong Zhentian also paid attention to the golden beam of light at this time, his eyes showed a trace of surprise, and he couldn't help but said: "There is a vision coming from the sky, there must be a treasure born, let's go and have a look."

"good."

Ye Feng was also very interested, and he and Murong Zhentian flew quickly towards the mountain not far away. ??

When they arrived at the peak of the mountain, they saw the huge golden light pillar connecting the earth and the sky. It looked very shocking, like a pillar that could support the sky.

Ye Feng and Murong Zhentian walked in front of this golden light pillar and wanted to take a closer look.

But at this moment, the entire golden light pillar slowly dissipated.

When the golden beam of light completely dissipated, the treasure that Ye Feng and Murong were shocked to expect did not appear.

Among the golden light pillars, what appeared was a peerless young woman with a face that would captivate a country, and her temperament was very noble, giving people a mysterious and unpredictable feeling.

"No! This is not a vision of treasure appearing from the sky, but a powerful man from a higher realm who opened the realm channel and came down forcefully!"

After all, Murong Zhentian was the young master of the Yiyuan Dao Sect. At this moment, he realized something and immediately pulled Ye Feng and rushed towards the distance, trying to escape from here.

However, they fled several kilometers away, and the mysterious and noble young woman just slightly extended a white palm towards them.

Buzz!

Then the two people were moved directly over in an instant and reappeared in front of the young woman.

Ye Feng wants to release the space gem and open up a space wormhole.

But the next moment, Ye Feng was shocked to discover,

The young woman just clicked lightly. His space gem seemed to be sealed by a mysterious force and could not release the power of the space gem at all.

"What? So powerful?"

There was deep horror in Ye Feng's eyes.

This young woman is definitely a super scary character!

More powerful than any existence on the Eastern Territory!

And it's much stronger!

This is definitely a transcendent existence from a higher realm!

At this moment, Ye Feng regretted coming here with Murong Zhentian and looked at the golden beam of light.

At this moment, Murong Zhentian was also shocked and speechless.

The two peerless geniuses of the Eastern Region, in front of this mysterious woman at this moment, were like ants, being controlled casually in one hand.

At this time, Ye Feng immediately said: "Senior, I wonder where we have offended senior?"

The mysterious woman didn't have much expression on her face, she just stared at Ye Feng indifferently, and then said aloud: "Space gems, soul gems, chaos gems, brute force gems, death gems, you have quite a lot of domination gems. of."

Buzz!

Hearing this mysterious woman say so many things, Ye Feng's expression suddenly showed a deeply ugly look. He didn't expect that this mysterious woman would see through all his secrets.

What made Ye Feng's face even more ugly the next moment was that the mysterious woman continued to say with great interest: "Chaos body, a very good physique, and you also have a dark sacred tree, a golden dragon bone... huh? There are many more... Shao Tiandi Yihuo, you actually opened the soul divine aperture, fellow soul martial artist? It seems that there are many secrets of the three thousand avenues. I am quite surprised to meet such an interesting guy like you in the first level realm. Unexpected."

Ye Feng was completely shocked at this time.

He never thought that this mysterious woman could see through all his trump cards.

But what makes Ye Feng feel a little relieved is that his Hongmeng bloodline has not been seen through by this mysterious woman. That is Ye Feng's most potential, and also

The biggest trump card in the future.

But at this time, Ye Feng didn't feel too fearful in his heart.

After all, Ye Feng could feel that although this mysterious woman came from a higher realm and was a mysterious and powerful person, she did not seem to have any murderous intention towards him.

Maybe he just discovered himself when he arrived, so he was very curious about himself.

Ye Feng glanced at Murong Zhentian next to him and found that Murong Zhentian had been imprisoned in a void field by this mysterious woman using some special power. He could not hear the dialogue outside. This made Ye Feng breathe a sigh of relief. .

If all his trump cards were known to Murong Zhentian, I don't know how horrified Murong Zhentian would be.

At this time, the mysterious woman stared at Ye Feng and said loudly: "Let me introduce myself first. I am a member of the royal family from the second-level realm. Our second-level realm is

different from your first-level realm. The super realm is full of various chaotic sects fighting with each other. Our star realm is a unified dynasty realm. The supreme commander is the royal family of the Galaxy Dynasty. Therefore, my status is very noble. I I am a member of the royal family, you can call me 'Princess Meng'er'."

"Princess Meng'er?" .??.

Ye Feng's eyes showed a trace of surprise.

Unexpectedly, the mysterious woman he accidentally met turned out to be a royal princess from the second-level realm "Star Realm".

At this time, Ye Feng couldn't help but said: "Princess Meng'er has said so much, and she must have some purpose to show her noble status, right?"

Princess Meng'er, who came from a higher realm, immediately smiled and said aloud: "Originally, I came to this first-level realm to investigate a matter related to our royal family, King Beiliang, but I didn't expect that I encountered You are such an interesting guy, and I am very satisfied with your cards, methods, and cultivation talents, so I am willing to recruit you to join me and work for me. I can take you directly to the star field and enter Among the royal family, you have to know that, let alone your first-level cultivators, even local cultivators from our star field find it extremely difficult to enter the royal family. It can be said that you now have the ability to reach the sky in one step. Chance."

"Recruit me?"

Ye Feng's eyes suddenly showed surprise. He didn't expect that Princess Meng'er had been talking for so long and finally said

It's about recruiting yourself.

Naturally, he is very happy to be able to directly enter the Star Realm, because entering a higher level realm means that Ye Feng will gain more powerful power.

But Ye Feng still has his own unfinished business in the Eastern Territory, which is to fight against the prince.

Ye Feng thought for a moment, and then said solemnly: "Princess Meng'er, I am very willing to accept your solicitation, but I still have important things to complete in the Eastern Territory, and I want to help my friends. Against a great enemy, I have to do this because this is my promise to my friend."

"A promise from a friend?"

Princess Meng'er glanced at Ye Feng with her mysterious and beautiful eyes, then chuckled and said, "Okay, I appreciate that you can resist the temptation to go directly to the Star Territory and choose to stay to help your friends deal with the enemy. You are such a loyal person. It just so happens that I have other things to do in your first-level realm. I have to stay for a while until I finish my things. I hope you have helped your friends. Don't miss this opportunity. Otherwise, you I need to go to the star field by myself, my clone cannot stay in the first level realm for too long."

Uh-huh!

After finishing speaking, the mysterious Princess Meng'er left a jade talisman exuding spiritual light and said: "When you complete your promise to your friend, use this jade talisman to contact me. If you can contact me, , it means that I am still here and can take you directly to the Star Territory. If you can't be contacted by then, it means that my clone has dissipated, and you need to go to the Star Territory on your own. "

Ye Feng held this jade talisman and said loudly: "Okay, I understand."

Princess Meng'er continued: "If you really need to come to the Star Territory on your own, when you arrive, take this jade talisman and go to the Imperial City of the Galaxy Dynasty to find me, and I will personally receive you. "

Buzz!

After saying that, the extremely mysterious Princess Meng'er, with her beautiful and noble figure, had disappeared from the spot.

Ye Feng was holding the jade talisman in his hand at this time, looking at the disappearing figure of Princess Meng'er, with a hint of sigh and complexity in his eyes.

Unexpectedly, by such a coincidence today, I met a distinguished princess from the second-level star realm, and was attracted by her.

This made Ye Feng have to sigh, sometimes it is really fate that plays tricks on people.
