

Ancient 3191

Chapter 3191 Have you asked me?

And after this mysterious Princess Meng'er left.

Buzz!

Murong Zhentian, who had been trapped in the void field, finally escaped on his own initiative at this time.

The moment he came out of the trap, Murong Zhentian couldn't help but look at Ye Feng in front of him and asked aloud: "I was in the void field just now and couldn't hear anything. I only saw you talking for a while. What did you say? Ye Feng, how did you get to know such a mysterious and noble being?"

Ye Feng couldn't help but shrugged and said, "She and I don't know each other, but she thinks I have a good talent and wants to invite me to her second level realm."

"What?!"

Hearing what Ye Feng said, Murong Zhentian's eyes widened immediately.

Then he couldn't help but shook his head and smiled bitterly, and said aloud: "It seems that my talent is really not good. She imprisoned me in the void field and didn't even bother to talk to me, but she was so kind to you, Ye Feng. I'm so envious."

When he said this, Murong Zhentian couldn't help but said in surprise: "Then have you agreed to go with her to the second level realm where she is?"

Ye Feng shook his head and said very solemnly: "Although I am happy to go to a higher realm to pursue more powerful power, but now, I still have more important things to do in the Eastern Land, and that is I wanted to help the young sect master and the eldest lady deal with the crown prince, the great enemy, so I chose to stay temporarily and did not follow her away. "

"you....."

Hearing what Ye Feng said, Murong Zhentian was almost moved to tears.

Because if it were him, he might not be able to bear this temptation and just leave with that strong man from a higher realm.

But Ye Feng was very determined and had to fulfill his friend's promise.

Murong Zhentian couldn't help but patted Ye Feng's shoulder, held one of Ye Feng's palms, and said with great emotion: "Being able to meet Ye Feng as a friend is the greatest luck in my life."

Ye Feng looked at Murong Zhentian who seemed very emotional in front of him, couldn't help but grinned, and said loudly: "Okay, okay, stop sighing, what are the grown men doing, let's hurry back to the Yiyuan Dao Sect. Well, since the prince has chosen to return, he may have come to the Yiyuan Dao Sect now. Time is tight and we can't waste any more time. "

"good!"

Murong Zhentian let go of Ye Feng's hand, and the two of them immediately flew quickly towards the distance.

This time the two of them didn't waste any more time and went very fast.

In less than half a day, they had returned to Yiyuan Dao Sect.

But the moment I knew they had just returned to Yiyuan Dao Sect, I immediately felt a deep sense of depression.

I saw that the entire Yiyuan Dao Sect's sky had turned into a dark patch, looking very depressing, as if a storm was about to come.

When Murong Zhentian saw this strange phenomenon, his eyes suddenly darkened, and he couldn't help but said: "It seems that the prince has returned. I feel a deep sense of depression. Let's go over and take a look."

Uh-huh!

After Murong Zhentian finished speaking, he jumped up and rushed towards the distance quickly.

Ye Feng's eyes moved and he quickly followed.

Ye Feng's eyes were a little solemn.

Because he felt a very terrifying and ferocious aura from the direction of Yiyuan Dao Sect.

It was as if there was an ancient ferocious beast existing within the scope of the Yiyuan Dao Sect at this moment.

Ye Feng knew that it should be the prince's aura.

At this moment, Ye Feng was so close to the prince that he finally realized that the prince was indeed very scary. His breath alone was already making people breathless.

However, Ye Feng came back this time to confront the prince.

"call!"

At this time, Ye Feng took a deep breath, his eyes shining brightly, filled with a firm fighting spirit.

When Ye Feng and Murong Zhentian came to the area within the Yiyuan Dao Sect, they immediately saw a large number of masters wearing golden armor, with extremely powerful and fierce auras. There were hundreds of thousands of troops, standing there. Within Yiyuan Dao Sect, the entire central square of Yi Yuan Dao Sect is surrounded.

"Those are all members of the Prince Alliance! They are all fully armed!" Murong Zhentian was a little shocked.

This young sect leader

It seems that he did not expect that the prince would be so bold and lead so many troops under his command to surround the central square of the Yiyuan Dao Sect.

Is this to force the current leader of Yiyuan Dao Sect to abdicate?

Uh-huh!

Murong Zhentian flew over and immediately saw a tall young man wearing a golden robe standing at the door of the central hall of Yiyuan Dao Sect, like an eternal monument, standing between heaven and earth, giving people An unshakable sense of majesty and vastness.

This is the prince himself!

Inside the central hall, there was a group of figures standing.

This group of people are all seniors in the Yiyuan Dao Sect.

Standing in the middle was Murong Mingyue, and a middle-aged man who looked extremely calm.

This middle-aged man is obviously the head of the Yiyuan Dao Sect, the father of Murong Mingyue and Murong Zhentian.

But at this time, the leader of the Yiyuan Dao Sect looked a little pale, and there was a trace of blood on the corner of his mouth. He had obviously suffered a heavy injury. .??.

The prince stared at this group of people coldly at this time, with a domineering look on his face, and said loudly: "You old guys have controlled the Yiyuan Dao Sect for so many years, it's time to abdicate and let young people like us People have come to control everything. You have lost your spirit. When I take control of the Yiyuan Dao Sect, I will launch various conquests and command the entire Eastern Territory. "

I have to say that what the prince said was very domineering and made people's blood boil.

The leader of the Yiyuan Dao Sect just said coldly at this time: "There is an alliance between the major forces in the Eastern Region. If our Yiyuan Dao Sect launches a war, we will be destroyed by

other major forces together. Prince , everything you said is not leading Yiyuan Daozong to glory, but to destruction! "

"Stop talking nonsense!"

The prince's eyes exuded golden light, and circles of halo appeared behind him, making him as powerful as a young god. He stared at the sect master and said coldly: "You are old, no longer You are my opponent. If you can't stop my plan, hurry up and hand over the sect master's token in your hand. Maybe I can spare the lives of you two!"

"you.....!"

The sect leader of Yiyuan Dao Sect looked extremely ugly, but he had no choice but to do so because the prince's current strength had surpassed that of his sect leader.

"Prince, you injured my father, you are too presumptuous!"

Murong Zhentian suddenly rushed over from the outer area and roared angrily.

"It's just ants."

The prince looked at Murong Zhentian coldly, and two golden beams of light burst out from his eyes, which directly blew Murong Zhentian away.

Murong Zhentian spit out a mouthful of blood directly from high in the sky and fell to the ground hard.

It has to be said that the prince's power is so powerful now that he can easily defeat the top geniuses in the Eastern Region like Murong Zhentian.

"elder brother!"

When Murong Mingyue saw this scene, her face immediately became extremely ugly.

"Zhentian!"

The leader of Yiyuan Dao Sect rushed forward and helped Murong Zhentian up. He couldn't help but said with an ugly face: "If that doesn't work, just abdicate temporarily and hand over the position of leader to the prince. We simply can't fight against such a lucky person. , God is helping him, allowing him to refine the Ancient God Emperor, and his strength has greatly increased, and he is now invincible in the Eastern Region. "

The prince immediately laughed loudly and said sarcastically: "You and your family together are no match for me with even one finger. Don't resist stubbornly. Whoever is the top of the Eastern Territory will become nothing at the sight of me!"

"Oh, is it so?"

But suddenly at this moment, a young man's voice with a slight sneer sounded.

Buzz!

As this voice fell, Ye Feng's figure in white clothes, Sheng Xue, slowly walked from a short distance away and appeared in everyone's field of vision, attracting the attention of hundreds of thousands of people present.

Ye Feng stared at the prince and said slowly: "You want to become the new generation leader of the Yiyuan Dao Sect, have you asked me?"

Wow!

The moment Ye Feng's words fell, he immediately caused an uproar in the audience.

Everyone couldn't help but gasped.

Who is this kid?

How dare you talk to the prince like this?

Isn't this seeking death?

Chapter 3192 The speed is too fast

Under the spotlight, Ye Feng faced the prince alone, which shocked everyone deeply.

"Ye Feng!"

Including Murong Mingyue, the eldest lady of the Yiyuan Dao Sect, her eyes were full of deep worry at this moment, wanting to stop Ye Feng.

Murong Zhentian immediately said: "Sister, don't worry, Ye Feng is extremely powerful now, you will know later."

"What?"

Hearing what her brother said, Murong Mingyue suddenly showed deep surprise in her eyes.

She couldn't help but stare at the boy in white not far away, as if she couldn't believe that this little boy had become a super powerful being that could rival the prince.

At this time, Murong Zhentian immediately spoke out: "I have seen how powerful Ye Feng is before, so I trust him. The reason why we came back this time is to fight against the prince."

Hearing that her brother had such trust in Ye Feng, Murong Mingyue couldn't help but nodded and said nothing more.

The leader of the Yiyuan Dao Sect looked at his son and daughter in surprise at this time, and couldn't help but said: "Is that boy in white the peerless genius Ye Feng that you often call him? This is the first time I have seen him, but The momentum is indeed extraordinary, and the courage to face the prince directly is already very rare. "

Murong Zhentian seemed to be very confident at this time. He couldn't help but smile slightly and said loudly: "Father, just watch. Even if Ye Feng cannot defeat the prince, the prince will definitely not be able to do anything to him."

"Um."

When the leader of the Yiyuan Dao Sect heard what his son said, he immediately nodded with great interest and said: "Okay, today I will take a look at what is extraordinary about the young man you have chosen. The prince is not that easy to deal with. Even I am not the prince's opponent now. If it doesn't work, I will give way. "

Obviously, the leader of Yiyuan Dao Sect is very interested in

Yu Yefeng is not that confident yet and feels that he cannot fight against the prince at all, so he has plans to withdraw from the position of sect leader.

At this time, looking at the many powerful seniors standing around, these seniors who supported the prince stared at Ye Feng, the young man in white, and couldn't help but have deep sarcasm in their eyes.

An old man wearing a white gown sneered and said: "Ye Feng, Ye Feng, you are so stupid that you dare to go against the prince. Even if you are a peerless genius, you will definitely die today."

Ye Feng looked at the old man and found that he was actually the guardian elder of the small world who had felt sorry for him before.

Ye Feng smiled faintly and said aloud: "I didn't expect that you would eventually become an old dog under the prince's command."

"Old dog?"

The face of the guardian elder of the small world suddenly turned livid, and he yelled angrily: "Boy, you just let go. Today, I can squeeze you to death with one hand without the prince taking action personally!" "

boom!

"Hands that cover the sky and the setting sun!"

At this moment, the guardian elder of the small world directly burst out with terrifying power.

He stretched out a hand and displayed the shocking inheritance. Suddenly, an earth-shattering black hand appeared in everyone's field of vision, full of terrifying power, and in an instant, it quickly bombarded in the direction of Ye Feng. .

"boom!!"

The big black hand, covering the sky and the sun, was filled with terrifying destructive power, causing the entire void to collapse, making everyone present feel a suffocating feeling.

Everyone couldn't help but sigh: "Don't talk about the prince, even the powerful men under the prince.

There is no way to fight against him. The prince is destined to be the future controller of our Yiyuan Dao Sect. "

Buzz!

Ye Feng also felt a rather depressing feeling at this moment.

But there was no fear in his eyes.

Ye Feng looked at the big black hand falling from the sky, and the power of the chaotic body burst out in an instant.

You know, Ye Feng's current chaotic body is extremely terrifying.

He punched out with a single punch, which was mediocre and did not display any martial arts.

But this punch caused a terrifying explosion of heaven and earth vitality.

A huge roar suddenly appeared in the void.

It was like thunder exploding from the sky, causing the entire sky to shake and tremble rapidly.

The moment Ye Feng's punch struck out, a kind of golden energy and chaotic energy immediately rushed out from the fist, spread and released like a vast ocean, and instantly bombarded the black covering the sky. Above the big hand.

"boom!!"

Accompanied by an earth-shattering roar, Ye Feng's punch was like the strongest and sharpest god's war spear in the world. It caused fission in the world in an instant and directly shattered the big black hand. .

"What?"

"Break the old man's hand that covers the sky and the setting sun with one punch?"

When the guardian elder of the small world saw the destructive power of Ye Feng's punch, his old eyes suddenly showed deep shock.

You must know that a few months ago, Ye Feng entered the small world and when the guardian elder made things difficult for him, the guardian elder could crush Ye Feng to death with one hand.

But now the situation is different.

"How did this kid improve so quickly?"

Even the guardian elders of this small world are

There was a deep feeling of horror in his heart, because Ye Feng's progress was so fast.

"boom!"

And just when the guardian elder of the small world was thinking secretly, Ye Feng came to the guardian elder of the small world almost in the flash of lightning, and then punched out hard.

This punch was still devastating, as if everything was shattered in an instant, and with a "plop", the chest of the guardian elder was shattered.

"ah!!"

The guardian elder immediately howled miserably, and the sky was stained with blood.

"Uh-huh!"

At this moment, the guardian elder did not die immediately, but still had some vitality. He was terrified and fled quickly towards the distance, wanting to escape back to the prince and seek refuge.

"boom!"

But at this moment, Ye Feng directly released the devouring domain, and a dark beast-like devouring mouth appeared. It seemed to be able to swallow the sky and the earth, and devoured the guardian elder in an instant. .

The next moment, the entire sky returned to calm.

The top elder, the guardian elder of the small world, has completely fallen.

"hiss!"

When everyone saw this scene, their eyes showed deep horror, and they couldn't help but sucked in a breath of cold air, one after another, for a long time.

"you....."

The prince's eyes, which were extremely proud at this time, finally turned a little ugly.

He wanted to save the guardian elder just now, but Ye Feng was too fast and killed the guardian elder in one go.

At this time, the prince finally looked at Ye Feng, his tone was as cold as a knife, and he said: "It seems that I still underestimated your growth speed, but you will still die in my hands after all, and you The luck in my body will eventually be plundered by me, and I will become a more glorious person!"

Chapter 3193 The Prince's trump card

"It's really strong!"

At this time, the leader of Yiyuan Dao Sect, who was standing not far away, could not help but show a trace of shock in his eyes when he saw the scene just now.

He couldn't help but said to the children around him with some emotion: "This young man you have chosen is indeed rare in the ages and very powerful. Even if I want to kill the guardian elder of the small world, it will take a lot of means." , but Ye Feng killed him instantly in three or two strokes, and even the prince not far away did not react to rescue him. This kind of strength is indeed very powerful, and he can definitely be called the top powerhouse in the Eastern Territory. Moreover, He is still so young."

At this moment, the leader of the Yiyuan Dao Sect was speaking, his tone full of sighs.

Before, she thought that Ye Feng might not be able to fight against the prince because his son and daughter were too conceited.

But now, the leader of the Yiyuan Dao Sect has discovered that this ordinary-looking young man in white is indeed much more terrifying than imagined, and his attack power is also very terrifying. .??.

At this time, Ye Feng swallowed the guardian elder of the small world, and immediately felt that his skill had been greatly improved.

"boom!"

The next moment, Ye Feng's cultivation aura exploded.

It broke through directly.

From the fifth level of the Immortal Realm, to the sixth level of the Immortal Realm!

"What?"

Seeing the breakthrough in Ye Feng's cultivation aura, countless people watching around showed deep shock in their eyes.

"Is this the son of destiny who can rival the prince?"

"It's really amazing! He even broke through during the battle!"

...

At this moment, there were discussions all around.

"Buzz!"

At this moment, the prince's eyes suddenly became a little gloomy.

Because everyone was talking about how powerful Ye Feng was at this moment, the prince felt that Ye Feng had stolen his limelight.

Buzz!

At this moment, the prince's body erupted with a terrifying energy aura, full of cold and boundless energy.

The murderous aura rushed towards Ye Feng in an instant.

boom!

This aura was filled with a terrifying aura of destruction, making everyone feel like their bodies were about to be broken, not to mention Ye Feng who was the first to bear the brunt.

It's hard to imagine what kind of terrifying pressure Ye Feng, who was the first to bear the brunt, was under at this moment.

At this time, the prince said coldly: "This clown has been dancing in front of me for so long. It's time for him to be completely destroyed!"

boom! !

The prince didn't even use any martial arts inheritance at this time. He just released his momentum to crush Ye Feng and kill him.

This is enough to illustrate the prince's arrogance and his desperate desire to restore his majesty.

The prince felt that his momentum was enough to crush and kill Ye Feng, a weak young man.

After all, Ye Feng's cultivation level was a whole level lower than him.

Moreover, the prince is a peerless genius, and his combat power far exceeds that of people of the same level. Therefore, based on the combination, the prince feels that he can crush Ye Feng in an instant.

But there was no fear in Ye Feng's eyes at this time. He looked at the momentum released by the prince and just smiled coldly and said: "Prince, you think too highly of yourself! Do you really think that I am A weak ant?"

Boom! !

Almost at this moment, Ye Feng directly released the power of Dzogchen's future body without any hesitation.

Ye Feng's cultivation aura immediately began to rise steadily, and then quickly increased to the level of the Great Perfection of the Ten Heavenly Stages of the Immortal Stage!

"boom!"

At this time, Ye Feng also released a terrifying aura of chaos.

This is the momentum that belongs to Ye Feng!

Talk to the prince directly

The murderous auras in their bodies collided together!

Boom! !

The entire void is about to collide and be annihilated.

A very terrifying roar resounded throughout the world, causing everyone to retreat quickly.

All the surrounding buildings and mountains began to collapse.

It's hard to imagine how terrifying this collision would be.

The eyes of everyone around were extremely horrified.

"As expected of us, the Yiyuan Dao Sect, and even the two most amazing super geniuses in the entire Eastern Territory!"

"Just the collision of momentum produced such destructive power that destroyed the world. It is really terrible."

"I originally thought that the prince could instantly crush this rising star Ye Feng, but I didn't expect that this Ye Feng is also extremely powerful. This is really exciting."

...

Many people around him couldn't help but talk aloud.

The prince heard the comments from the people around him and saw that Ye Feng was able to compete with his momentum, and his eyes suddenly became more gloomy.

Because this means that the prince's plan failed.

He wanted to crush Ye Feng's domineering behavior in an instant and failed.

"Eye of God!"

Suddenly the prince's eyebrows split open, and a huge eye appeared.

A vast white divine light rushed out of this eye, like a long river in the void, instantly illuminating the entire world and causing the entire world to shatter.

At this time, the prince was like God, able to control everything and everyone's destiny through this eye of God. It was as if everything, everything in the universe, the heaven, earth and mountains, were ups and downs in his one eye.

"This is the crown prince's unique skill! The Eye of God!"

"It is known as the eye of God that can control the laws of the universe!"

There were many older people around, and when they saw the prince actually using

This kind of trick can't help but make people cry out in surprise.

At this time, Ye Feng looked at the light from the sky that seemed to be able to cut through time and space and shatter the universe, impacting.

He did not have any fear, but his eyes were filled with overwhelming fighting spirit, and he yelled:
"Today, I will go head-to-head with you, Prince, to see who is the best in the Eastern Territory!"

boom!

At this moment, a dark and boundless light burst out from Ye Feng's eyes.

It's the Eye of Hell!

"Boom!"

Two terrifying eyes and divine lights collided together, one white and one black, and a mysterious Tai Chi-like energy wave burst out in an instant, with a terrifying roar, destroying everything.

Ye Feng is no weaker than the prince in terms of magic.

"So strong!"

"Those eyes are like hell!"

Many older people around him couldn't help but exclaimed in surprise.

They suddenly discovered that this unknown young man in white, Ye Feng, had grown to such an extent in hiding, which was really shocking!

"Abi Hell's Eye?"

There was a hint of surprise in the prince's eyes, and then he smiled coldly and said, "This is not enough! I am the destined son of fate, and I am the only protagonist in the world!"

"The Immortal Body of the God!"

boom! !

At this time, the prince really became serious and inspired the special physique he had cultivated for many years, the Immortal Body of the God!

I saw layers of purple energy aura appearing on the prince's body. This purple energy aura was supreme, just like the legendary Ziwei Emperor Star, full of terrifying and supreme feeling.

This is the prince's real powerful trump card!

The Immortal Body of God!

Once activated, the prince was shrouded in purple imperial light, like a young god-king, and with every move he made, the whole world was shaking!

Chapter 3194 King of Gods

"Boom!"

After the prince completely activated his immortal body, he immediately burst out with terrifying and boundless power, and every move he made seemed like the entire world was being oppressed.

Even Ye Feng's chaotic body couldn't help but retreat quickly at this time. There were cracks on the surface of the body, as if the porcelain was about to be broken.

"Hahaha!"

The prince's whole body was covered with the aura of the purple god. He looked extremely aloof, arrogant and conceited. His eyes were like lightning. He stared at Ye Feng who was retreating quickly. He said with high spirits: "As a god, I should suppress all enemies in the world!"

boom! .??.

The prince quickly blasted towards Ye Feng with one hand. A big purple hand was filled with the power of Ziwei Emperor Star, and directly bombarded Ye Feng's body, making Ye Feng couldn't help but cough up a mouthful of blood.

The prince continued to laugh: "The light of a firefly dares to compete with the bright moon!"

At this moment, the prince's self-confidence was at its peak. After activating the Immortal Body of the God, the prince's power was greatly enhanced, making the prince simply enter an invincible state at this time.

Ye Feng suddenly stopped at this time, a cold smile appeared in his eyes, and said loudly: "If you only have this means, then I can only say that you are not as strong as you think. "

boom! .??.!

"The Immortal Magic Power of the Four Ancient Holy Spirits!"

Ye Feng did not hesitate at this moment and directly inspired the immortal magic power of the Four Ancient Holy Spirits that he had practiced for many days.

boom! .??.

boom! .??.

boom! .??.

boom! .??.

Almost at this moment, four behemoths suddenly appeared in the void around Ye Feng.

They are Qinglong, White Tiger, Xuanwu and Suzaku!

Every behemoth exuded the terrifying ancient aura of the ancient Holy Spirit, causing Ye Feng's entire body to tremble at that moment.

The body began to be blessed with the overwhelming power of the ancient Holy Spirit.

"boom!"

Ye Feng punched out hard, and the power of the four ancient holy spirits he carried actually knocked the prince back several steps, resisting the power of the Ziwei Emperor Star of the prince's immortal body.

"What?"

The prince was successfully blocked by Ye Feng, and when he felt the power of the ancient Holy Spirit erupting from Ye Feng's fist, his eyes suddenly became extremely ugly: "The spirit of the inheritance temple actually passed this inheritance to you! Damn it! "

"That's... the power of the Four Ancient Holy Spirits!"

"This is the legendary strongest inheritance of our Yiyuan Dao Sect! When did Ye Feng learn this!"

"Since ancient times, there have been only a few people who have been able to successfully practice the immortal magic of the Four Ancient Holy Spirits for tens of thousands of years!"

Many seniors of Yiyuan Dao Sect around saw Ye Feng, surrounded by the phantoms of the four ancient holy spirits, like a heavenly emperor patrolling the world, and they couldn't help but sigh in horror.

However, Ye Feng ignored everyone's shock.

Because this is much more than that!

"Prince, you will definitely die today!"

Ye Feng spoke coldly and with boundless domineering power: "I can't save you even if the master comes, I said so!"

boom! !

"Blessings from the gods!"

At this moment, under the horrified eyes of everyone, Ye Feng once again burst out with a terrifying innate ability.

This is the blessing of the gods when Ye Feng's chaotic body steps into the eighth heaven!

Almost at this moment.

"Boom!"

companion

Following a terrifying roar, under the horrified gazes of countless people, in addition to the Four Ancient Holy Spirits, a total of 10,000 phantoms of gods emerged around Ye Feng in an instant!

Buzz!

At this time, Ye Feng's power has been enhanced thousands of times!

At this moment, Ye Feng is protected and surrounded by the four ancient holy spirits, and has the blessings of ten thousand gods. He is like a king of gods with stars holding the moon, full of overwhelming majesty. The power of breath.

That kind of extremely noble aura made everyone unable to help but want to worship him.

Even the brother and sister Murong Zhentian and Murong Mingyue, who were very familiar with Ye Feng, couldn't help but widen their eyes at this moment. Looking at Ye Feng who looked like the king of the gods, their hearts were filled with turmoil.

Because it is so noble and sacred! ??

At this moment, Ye Feng, like the king of the gods, gathered the power of ten thousand gods and the power of the four holy spirits, and directly bombarded it with one hand.

Buzz!

Suddenly, a big hand emitting thousands of bright lights, like the palm of the King of Gods, entwined with countless halos, dazzling and dazzling, containing explosive divine power, directly and fiercely pressed on the crown prince's head.

At this time, the prince looked at the palm that looked like the king of the gods. His eyes, which had always been aloof and conceited, finally showed a hint of panic.

"The Immortal Body of God!!"

The prince tried his best to inspire the power of the immortal body of the gods, and continued to display a terrifying and powerful inheritance: the wheel of life and death for all tribulations!

"Boom!"

At this moment, black outlines appeared around the prince, forming a huge clock that rotated rapidly, and collided with the palm of Ye Feng, the king of gods.

The entire world is about to be destroyed at this moment.

The entire universe was enveloped by that terrifying collision light.

"retreat!"

"Quickly retreat!"

At this moment, even the many seniors of the Yiyuan Dao Sect who were watching around them, and even the sect leader himself, could not help but retreat quickly.

Because that kind of destructive energy fluctuation is so terrifying that it makes people at the sect master level feel a sense of life crisis.

The leader of the Yiyuan Dao Sect looked at the central area enveloped by the destructive energy light wave, and couldn't help but said in shock: "The energy generated by this collision has probably surpassed the level of the Holy Sacrifice Realm, and is almost as strong as those above the Holy Sacrifice Realm." It's comparable to a terrifying existence at the level of the Open Heaven Realm!"

"These two are so scary!"

At this moment, many of the elders of the Yiyuan Dao Sect around him could not help but sigh in horror when the sect leader said this.

At this time, the eyes of countless people were all focused on the center of the collision not far away.

Because they really want to know who wins and who loses.

This will determine the fate of Yiyuan Dao Sect in the future!

"Buzz..."

At this time, the terrifying collision and fire finally slowly dissipated, revealing a huge ruins.

Among the ruins, the figures of Ye Feng and the prince were slowly revealed.

"Who loses and who wins?"

Swish, swish, swish!

At this moment, countless eyes were focused on the two of them, eager to know what was the result of the terrifying collision just now?

Was it Ye Feng, a rising star, who succeeded in counterattacking?

Or is the prince, a veteran and peerless figure, the ultimate winner?

Chapter 3195 Dominate the Will

"Buzz..."

Under everyone's attention, suddenly, the prince made the first move.

"The prince won!"

The crowd immediately burst into cheers from countless Prince Alliance members.

"I....."

But at the next moment, the prince had just said a word, and suddenly his legs were broken at the knee level.

Boom!

The prince's upper body suddenly fell to the ground and fell into the ruins.

"What?!"

At this moment, the countless Prince Alliance members who saw this scene suddenly froze with joyful and excited smiles on their faces and became extremely frightened.

Wow...

At this time, Ye Feng also moved, slowly walking towards the direction of the prince, with a cold smile in his eyes, and said: "Prince, do you dare to say what kind of god you are? You should suppress everything in the world." Are you an enemy? Do you still dare to say that I am the light of fireflies? I think you are not qualified to say these things now."

"you....."

The prince's legs were broken at this time and could not be recovered at all. It was a devastating blow. Ye Feng used the death gem to destroy the resilience of the prince's legs.

At this moment, the prince was lying on the ground, no longer as high-spirited and arrogant as before. He was very disgraced and said with difficulty: "You...how could you have that kind of terrifying power...you...you can't... He is an ant from the lower world..."

"boom!"

Suddenly, Ye Feng suddenly raised his foot and stepped on it hard. With a "pop" sound, he trampled one of the prince's arms to pieces.

"ah!"

The prince immediately screamed in agony.

Ye Feng knelt down, patted the prince's face with his blood-stained palms, grinned, and said: "You no longer question my qualifications. Now you are just a drowned dog, worthy only Eat ashes!"

"You...poof!!"

The prince, Gao Gao, who was present, had never been so verbally insulted before. He immediately became

He was so angry that he spat out a mouthful of blood and only had half a life left.

"Die."

Ye Feng smiled coldly at this moment, and immediately raised his hand, preparing to completely kill the scourge of the prince.

"Buzz!"

But suddenly at this moment, a spiritual talisman suddenly rushed out of the prince's body.

Among the spiritual talismans, an extremely majestic figure emerged instantly.

This figure is filled with a vast and boundless aura of terror, full of a terrifying and boundless aura of destruction.

This figure's whole body is shrouded in divine light, and his face looks very blurry. The specific appearance cannot be seen clearly, but it gives people a sense of nobility and supreme majesty.

"stop."

This divine figure stared at Ye Feng and made a loud and majestic voice: "Kneel down!"

boom!

Suddenly, a terrifying pressure burst out from this divine figure, instantly oppressing Ye Feng.

At this moment, Ye Feng suddenly felt an extremely terrifying pressure exerted on himself.

He only felt that his legs were about to break, and he was about to kneel down completely.

"You want me to kneel down, that's impossible!"

Ye Feng became angry and roared, all of the potential and power in his body burst out.

Even the five domination gems were all activated.

Swish, swish, swish!

At this moment, all five domination gems flew out of Ye Feng's head and began to rotate around Ye Feng's head.

Buzz!

At this moment, a vague and majestic figure emerged and evolved from the rotating five dominating gems.

This majestic figure seemed to be the only controller between heaven and earth, full of boundless majesty.

Even the figure that emerged from the talisman on the prince's body seemed as weak as an ant in front of the majestic figure behind Ye Feng.

This is exactly the will of the master!

There were five domination gems in Ye Feng's body. At this time, they were combined and stimulated, and the supreme will of the ancient dominator actually evolved.

And you must know that this is the will of a top master like the Chaos Master.

At this moment, the pressure on Ye Feng suddenly dissipated.

"This is...the will of the Lord!"

The shadow of the powerful man that rushed out of the prince's body suddenly became extremely shocked. It seemed that he did not expect that this low-level boy had such a terrifying existence as the will to dominate.

"Die."

At this moment, Ye Feng stared at the shadow of the strong man, and immediately controlled the will of the master, and suddenly bombarded the shadow of the strong man.

Although this strong man may be a very terrifying existence, a powerful and boundless existence.

But at this moment, this strong man is just a shadow of will.

No matter how powerful he is, he is just a shadow and cannot compete with the will of the master.

"boom!"

Almost at this moment, the master's will burst out with terrifying power, blasting the shadow of the powerful man into countless pieces in an instant.

"What?!"

When the prince who fell on the ground saw this scene, his eyes suddenly showed deep horror.

He never thought that his most powerful trump card, the shadow left by the strong man from a higher realm, would be instantly shattered by Ye Feng.

What kind of existence are the five gems floating on Ye Feng's head? It's so terrible!

The will that evolved is simply supreme, full of unparalleled power and destructive power, and is simply impossible to resist.

At this moment, Ye Feng also let out a sigh of relief.

I almost died just now.

Fortunately, I obtained enough Dominate Gems and combined them together to directly evolve the Dominator's Will, which can suppress everything.

"Prince, you will definitely die this time."

Ye Feng's eyes once again became cold and murderous. He knew that such a scourge as the prince would never be allowed to stay.

"No!!!"

The next moment, under the extremely horrified look of the prince, Ye Feng punched out with a fierce punch, smashing the prince into pieces.

"ah!!!"

Accompanied by an earth-shattering scream.

The prince, this legendary figure in the Eastern Region, has finally fallen completely!

Prince, die!

"What?!"

At this time, countless members of the Prince Alliance could not help but have deep despair in their eyes.

The belief in their hearts, the prince, had really fallen and was completely dead.

"boom!"

But before Ye Feng could be happy for long, suddenly at this moment, a huge finger suddenly appeared on the dark sky.

Buzz...

This finger seemed to come from another, more advanced realm, directly breaking through the realm barrier and stretching out, like the finger of an ancient giant, full of unparalleled destructive power.

This is the body of a strong man!

The real finger on the body came across countless time and space and fell directly from the sky. It had overwhelming majesty and was about to crush Ye Feng!

"It's the true form of that strong man's shadow!"

Ye Feng's eyes suddenly became a little shocked and angry, he actually had such a huge power!

Chapter 3196 The Lord of the Eastern Region

"Click, click..."

At this time, even though Ye Feng's chaotic body was very strong, he still felt tremendous pressure under the finger that looked like an ancient giant.

There were cracks on the surface of his entire body, as if it was about to be completely broken.

This majestic power is really terrifying. The true identity of this strong man is definitely an existence in a higher realm.

Moreover, he is definitely a big shot in a higher realm!

Otherwise, it would be impossible to directly break through the boundary barrier and bring down such terrifying power.

"I didn't expect that the big man behind this prince would be so terrifying. Is he going to die here today?"

Ye Feng's eyes were extremely frightened and angry at this time.

"boom!"

But just when the giant's fingers were about to crush Ye Feng completely.

Suddenly, a middle-aged man wearing a golden robe flew from the end of the sky not far away.

He held an ancient bronze sword in his hand and slashed it down with one strike.

"Qiang!"

Suddenly, there was an extremely terrifying sword light, like the light that created the world, and it cut off the giant's finger at once.

Buzz!

The pressure on Ye Feng completely dissipated at this moment. Ye Feng's eyes suddenly became extremely surprised, and he looked up into the sky.

He recognized the middle-aged man in golden robe and the ancient bronze sword in his hand.

This middle-aged man in a golden robe is the Territory Lord of the Eastern Territory. Ye Feng once had a relationship with this Territory Lord of the Eastern Territory.

Moreover, the domain lord of the Eastern Territory seems to be quite interested in Ye Feng.

The Eastern Territory Lord once said that if he completes his mission, he will give the ancient bronze sword in his hand to Ye Feng, a destined person.

All this time, Ye Feng has never met the Eastern Territory Lord again.

Unexpectedly, the mysterious Territory Lord came here in person today and helped Ye Feng resolve the huge crisis.

Ye Feng was suddenly surprised and a little shocked.

It seems that although the Eastern Land is only the first-level realm of the Origin World, there are still many powerful and ancient figures.

It's not that the lower the realm, the weaker the top level strength.

Just like Red Sparrow said before, many strong men who broke into the high-level realm, tired of fighting in the world, would return to the original realm where they were born, the Eastern Land, and begin to retire.

For example, the Lord of the Eastern Territory, and the Dark Nine-Headed Dragon deep in the primitive forest, etc., seem to be the strongest people under the Lord, but they all stay in the Eastern Territory, the initial first-level realm, to retire.

At this moment, the huge finger in the sky was cut off, and the pressure in the sky disappeared.

Ye Feng immediately clasped his fists at the Eastern Territory Lord who was high in the sky and said: "Thank you Lord Territory Lord for taking action. Otherwise, if I were attacked by that kind of powerful body, I would definitely die."

The Lord of the Eastern Territory held the ancient bronze sword in his hand, smiled slightly from high in the sky, and said, "It's a coincidence that I'm here to give you the sword."

Buzz!

But suddenly at this moment, the giant finger that was broken high in the sky exploded.

The blood energy all over the sky condensed into an extremely ancient evil spell in an instant, exuding black light and rushing in front of Ye Feng like lightning.

"not good!"

The eyes of the East Territory Lord suddenly changed.

Buzz!

But the next moment, neither of them had time to react, and the spell was directly integrated into Ye Feng's body.

The next moment, Ye Feng immediately sensed a very strong evil energy of death, existing in every part of his body!

At this time, a majestic and cold voice sounded from the infinite sky: "This is the curse cast by me, called the 'Ten Yamas Curse of Hell'. You will die suddenly in seven or forty-nine days. Slowly." Just enjoy this shadow of death, hahaha."

As this majestic voice fell, a huge sarcasm sounded throughout the sky.

Immediately, the strong man's aura from the higher realm finally dissipated completely.

And this time.

Uh-huh!

The Lord of the Eastern Territory instantly descended from the sky and came to Ye Feng.

He instantly pointed at various parts of Ye Feng's body.

Every point was made with a divine golden light.

At this moment, the Lord of the Eastern Territory said slowly: "I instantly used my holy power to set up holy power protection for every acupuncture point in your body, which can prevent that evil curse from corroding you. The source of life, but I estimate it can only last for three years."

I have to say that the Territory Lord of the Eastern Region is still very powerful.

It was able to directly extend Ye Feng's death period from 7749 days to a full three years.

However, three years is not a long time for mortals.

Not to mention for a martial arts practitioner like Ye Feng.

So at this time, Ye Feng's eyes were still a little downcast.

Ye Feng couldn't help but ask: "Senior Territory Lord, can't this curse be lifted no matter what?"

The Lord of the Eastern Territory shook his head and said: "This kind of curse is very special and very evil. The strong man from the second level realm is definitely not only

He is just as simple as a second-level realm powerhouse. His method is very similar to that of the legendary Lord of Hell. He can cast an ancient and evil death curse by sacrificing part of his own blood. "

When Ye Feng heard this, his eyes suddenly darkened.

The big man behind this prince is not just from the second level realm, but is also related to the legendary Lord of Hell?

This is really troublesome.

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, Senior Necromancer, is there anything you can do?"

The Necromancer said aloud: "I don't know much about this either."

Emperor Chu said in his mind: "Only stronger cultivation and more vigorous vitality can offset the erosion of your vitality by the evil curse, but this is ultimately a way to treat the symptoms rather than the root cause. If you want a thorough contact This evil curse threatens your life. To untie the bell, you need to tie the bell. You have to go to the Star Territory, a more advanced second-level star territory, to find the big shot behind the prince. Fortunately, the Lord of the Eastern Territory has set a trap for you. The protection of the holy power will give you three years to survive."

When Ye Feng heard what Emperor Chu said, he immediately realized the seriousness of the problem.

It seems that the evil curse set by the mysterious and powerful man behind the prince is indeed very scary and troublesome.

Ye Feng thought for a while, and then put the prince's body into his storage ring. The prince's storage ring was also put away by Ye Feng.

At this time, the Lord of the Eastern Region walked up to Ye Feng and asked: "What are your plans next?"

Ye Feng's eyes were cold, staring at the vast sky, and said: "Find the mysterious figure behind the prince, kill him, and lift the curse. It's that simple."

When the East Territory Lord heard this, he couldn't help but stare blankly, then smiled slightly, patted Ye Feng's shoulder and said, "Okay, I believe you can do it."

Chapter 3197 The first three floors

At this time, the Lord of the Eastern Territory seemed to have thought of something, and handed the ancient bronze sword in his hand to Ye Feng, and said solemnly: "This sword is the ancient sword of the Emperor, and it contains great power. The power of the Human Emperor also carries the destiny of the human race. I hope this sword can protect you."

"Ancient Human Emperor Sword?"

Ye Feng slowly took the ancient bronze sword from the hands of the Eastern Territory Lord, feeling the weight of the times and ancient vicissitudes contained in this sword.

Ye Feng nodded very solemnly and said: "Don't worry, I will definitely be able to do it!"

Uh-huh!

The East Territory Lord nodded slightly, then jumped up and disappeared.

"Ye Feng, are you okay?"

Murong Mingyue flew over from not far away, staring at Ye Feng with her beautiful eyes, filled with pride and a hint of worry.

Because she keenly noticed that Ye Feng's expression did not seem to be filled with joy after winning the battle, but with a trace of depression.

Ye Feng looked at the beautiful woman in front of him and just smiled slightly and said: "Miss, I'm fine. The prince has been killed by me, and the Yiyuan Dao Sect will be safe from now on." .??.

Ye Feng did not directly tell about the evil curse. He did not want to share this sense of death crisis with his friends.

At this time, Murong Zhentian also flashed over, with deep excitement in his eyes, and said loudly: "Ye Feng, you are so amazing! You really killed this peerless person like the prince! It's so terrifying! "

Buzz!

At this moment, the leader of Yiyuan Dao Sect also came over and asked: "What did the domain master just say to you?"

Ye Feng smiled slightly and said, "He came to present the sword."

Buzz!

At this time, Ye Feng said aloud: "Give me a quiet place to stay, I need to retreat for a while."

Murong Zhentian immediately nodded and said: "Now that Ye Feng has just finished the battle with the prince, he needs a good rest, so he should go directly to our Yiyuan Dao Sect's small world for retreat."

Ye Feng nodded slightly, and then left the scene as if he was a little worried, heading towards the small world of Yiyuan Dao Sect.

Fly away quickly.

When Ye Feng came to the small world, he found an uninhabited island floating in the air and sat down cross-legged.

At this time, Ye Feng directly took out the prince's body, and then released the Devouring Domain.

Although Ye Feng was very unhappy with the curse on himself.

But as long as you are alive, there is hope and life must go on.

Therefore, Ye Feng can only temporarily abandon the fear of the future, look at the present, and do well in the present.

"boom!"

Almost at this moment, Ye Feng released the devouring domain and directly absorbed all the blood energy from the prince's body.

"Rumble..."

I have to say that the prince is indeed extremely powerful, and the blood energy he generates is as majestic as the ocean, very powerful.

Buzz!

At this moment, Ye Feng's cultivation skills began to rapidly improve and grow.

"boom!"

The seventh heaven of Immortal Realm!

"boom!"

The eighth level of the Immortal Realm!

"boom!"

The ninth level of the Immortal Realm!

"boom!"

Great Perfection in the Ten Heavens of the Immortal Realm!

"boom!"

Half step to the Holy Sacrifice Realm!

Ye Feng's skill at this moment has been greatly improved.

At this time, Ye Feng's cultivation had entered the half-step Holy Sacrifice Realm, which could be regarded as touching the level of the top powerhouse in the first-level realm.

Of course, they are the top powerful people in the Eastern Region of the first-level realm, such as the leader of a super powerful force such as the leader of the Yiyuan Dao Sect.

There are also some super strong people who exist in secret, and naturally no one knows about them.

At this time, Ye Feng stood up with a hint of joy in his eyes.

Unexpectedly, the prince provided him with such majestic energy, and he directly broke through to the half-step holy sacrifice realm.

At this time, Ye Feng began to explore the prince's storage ring.

The prince's storage ring contains very rich wealth and various peerless weapons.

"Huh? What is this?"

Ye Feng suddenly discovered that in a corner of the space where the prince's ring was stored, there was a crystal ball emitting a faint golden light.

Ye Feng's eyes suddenly lit up when he saw this crystal ball emitting golden light.

Because Ye Feng is very familiar with this special crystal ball.

Only the most powerful and special inheritances will be imprinted in this crystal ball.

Buzz!

At this time, Ye Feng directly ingested the crystal ball from the prince's storage ring.

At this moment, Ye Feng put the crystal ball on his forehead and immediately began to use his mental power to sense it.

"Buzz!"

Suddenly, a huge and boundless mystical meaning was directly input into Ye Feng's mind.

At this moment, Ye Feng's eyes were shocked.

This mysterious secret is called the "Great Galaxy's Eternal Divine Skill".

It seems to be a terrifying inheritance that shocks the past and the present and is unparalleled in the world.

Moreover, it is very mysterious!

However, Ye Feng was very curious as to why the prince did not practice.

Ye Feng could feel the endless vastness of this mysterious inheritance at this moment.

At this time, Emperor Chu in his mind looked at Ye Feng's Great Galaxy Eternal Magic Skill imprinted in his mind space, and suddenly said: "This seems to be the controlling force in the second level realm, the unified dynasty 'Galaxy Dynasty' The inheritance of the royal family!"

"What?!"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a trace of shock, and he said loudly: "It turned out to be the royal inheritance of that star field? Is it such an exaggeration? If you say so, the mysterious person behind the prince A big shot, someone from the royal family of the Galaxy Dynasty? Moreover, he must be a big shot, otherwise it would be impossible to inherit the royal family's destiny."

Emperor Chu said in his mind: "Ye Feng, the Princess Meng'er you met before seems to be from the Galaxy Dynasty in the second-level realm of Star Territory."

Ye Feng nodded slightly, with a hint of thinking in his eyes, and said: "That Princess Meng'er from the Galaxy Dynasty suddenly came to our first-level realm in the Eastern Region. Maybe it has something to do with the Crown Prince, or in other words, It has something to do with the mysterious big man behind the prince."

Emperor Chu said aloud: "If you put it this way, there is a 90% possibility that the mysterious figure who gave you the evil curse is in the royal family of the Galaxy Dynasty, and it is very likely that he is a member of the royal family, or A big shot in the royal family."

Ye Feng nodded, and then said with some confusion: "I don't know why the prince didn't practice the peerless inheritance of the Galaxy Dynasty that the mysterious big man gave him."

Emperor Chu looked at the profound chapter of the Great Galaxy Eternal Magic in Ye Feng's mind, and then suddenly said: "Because, this is not the complete Great Galaxy Eternal Magic, just the first three levels."

"What?"

Ye Feng's eyes suddenly froze.

Emperor Chu continued: "In the memory fragments that I am constantly awakening, there seems to be some records about this special set of inheritance. The complete Great Galaxy Eternal Magic Art has ten levels in total. What you got from the prince, Ye Feng, is just The first three floors."

When Ye Feng heard this, he couldn't help but feel a little surprised.

It seems that the prince has an agreement with the mysterious big man from the Star Territory. Maybe the prince helps this mysterious big man accomplish something, and the mysterious big man will continue to give the prince this powerful inheritance.

Ye Feng immediately said: "I will contact the mysterious Princess Meng'er immediately to see if she knows about this situation."

Chapter 3198 Jade Talisman Movement

Hearing that Ye Feng immediately contacted Princess Meng'er to tell her about this matter, Emperor Chu immediately said in his mind: "It's okay to contact the princess of the Galaxy Dynasty, but don't tell her about it for the time being, because it involves It's too big. It's the overt and covert struggle of a powerful dynasty in a high-level realm. Your current cultivation level is indeed powerful in the Eastern Region, but you are definitely not a master in the Star Region. If you are rashly involved in the struggle between these big shots, you kid It will definitely be an ugly death."

Emperor Chu's words made Ye Feng immediately wake up.

yes!

This matter must be an open and covert fight between members of the Star Realm Dynasty.

If I participate rashly, I'm afraid I will die miserably, as if I am being pulled into a huge whirlpool.

So at this time, Ye Feng immediately nodded and said loudly: "Emperor Chu, you are right. This kind of thing is indeed not something I can get involved in temporarily. I'd better pretend to be stupid."

Emperor Chu nodded, and then said aloud in his mind: "You can start practicing the Great Galaxy Eternal Divine Art. This kind of royal inheritance from the star field is absolutely very powerful. Once you practice it, it is equivalent to gaining another one." A powerful trump card."

Ye Feng's eyes showed a look of surprise and asked: "Didn't you say before that this great galaxy's eternal magic power only has the first three levels? Even the prince can't practice it."

When Emperor Chu heard what Ye Feng said, he immediately smiled and said: "You can do what the prince cannot do. Although this great galaxy's eternal magic power only has the first three levels, you can practice it first. After you arrive in the Star Territory, you will find a way to obtain the remaining inheritance."

Ye Feng immediately nodded, and then said aloud: "It is estimated that my inheritance cannot be used easily after it reaches the Star Territory, otherwise it will be very troublesome if others discover it. After all, the entire Star Territory is in the Galaxy Under the rule of the dynasty, there is a unified dynasty realm. "

Ye Fengchi

Shi said, and directly began to understand the first three levels of the great galaxy's eternal magic.

Although it is only the first three levels, the secrets contained in it are also very vast, as vast as the vast ocean.

At this time, Ye Feng continued to comprehend, and immediately found the exclusive abilities of the first three levels of the Great Galaxy Eternal Magic.

The first level is "Thousands of Miles of Galaxy", which can evolve into thousands of miles of galaxies, connect the power of the galaxies above the sky, and burst out with terrifying power.

The second level of "Endless Starry Sky", after successful cultivation, can evolve into an infinite starry sky and connect the entire universe, thereby generating terrifying world power.

The third level of "cosmic annihilation" is a very terrifying mystery of destruction, which can make the entire universe annihilate in an instant, so it illustrates the horror of the third level.

After Ye Feng understood the exclusive secrets of the first three levels, his eyes suddenly became slightly shocked.

The person who created this set of skills must be a very terrifying guy, otherwise it would be impossible to create such a magnificent and vast inheritance.

After comprehending for a period of time, Ye Feng woke up directly from his cultivation state.

At this time, Ye Feng felt that he had been able to initially master the first level of this set of Great Galaxy Eternal Magic Techniques.

Ye Feng walked out of the small world of Yiyuan Daozong and was ready to go to the Star Territory.

After all, Ye Feng is now under an evil curse. Although the Territory Lord of the Eastern Region has set up a holy power to protect him, he only has three years to survive.

So Ye Feng didn't waste any time. He was almost done with his enlightenment and was ready to leave.

After leaving the Yiyuan Dao Sect, Ye Feng seemed to have thought of something, and suddenly asked in his mind: "By the way, Emperor Chu, how are your memory fragments awakening now? Do you know your true identity now?"

Emperor Chu shook his head in his mind and said in a deep voice: "I don't know yet, but the knowledge content contained in the memory fragments I awakened is really huge. I guess my true identity is very extraordinary. "

Hearing this, Ye Feng nodded slightly, and then suddenly asked: "By the way, Emperor Chu, I asked you once before what your real name is, but before you could finish speaking, you were delayed by other things. You What's your real name?"

Emperor Chu was silent for a moment, and then replied: "My real name is Chu Chang..."

"boom!"

Suddenly at this moment, a bright light suddenly burst out from Ye Feng, interrupting Emperor Chu's words.

That is a jade talisman.

"It's the contact jade talisman that Princess Meng'er from the Star Territory gave me before!"

Ye Feng's attention was attracted.

He looked at the small jade charm floating in mid-air in front of him, emitting bright light, and was suddenly a little surprised, not knowing what was happening.

"Uh-huh!"

The next moment, the jade talisman suddenly flew quickly in a certain direction in the distance and disappeared in the blink of an eye.

"Is it Princess Meng'er who is taking the initiative to contact me?"

Ye Feng didn't hesitate at this moment and just chased the jade talisman and flew quickly in a certain direction in the distance.

Because Ye Feng knew very well that the mysterious Princess Meng'er was the key to entering a higher realm.

So at this moment, Ye Feng flew directly following the jade talisman.

Halfway through, Murong Mingyue and Murong Zhentian suddenly saw Ye Feng's retreating back.

"Ye Feng!"

A happy smile appeared on Murong Mingyue's beautiful face, and she finally waited until Ye Feng came out of seclusion.

However, she called Ye Feng, but Ye Feng didn't hear her because he was too fast, and disappeared outside the Yiyuan Dao Sect in a blink of an eye.

Murong Mingyue couldn't help but look at Murong Zhentian beside her, with a look that seemed complicated and worried in her beautiful eyes, and suddenly asked: "Brother, do you think Ye Feng will be there after he leaves?" Will you come back?"

Murong Zhentian looked at Ye Feng's retreating back, with a trace of sigh in his eyes, and said loudly: "Who knows."

...

Swish, swish, swish!

Ye Feng chased the jade talisman that was flying fast in front of him, and soon he was completely away from the Yiyuan Dao Sect's area, passing through a large forest, and finally came to a very deserted place.

This is already a very deep place in the virgin forest.

If it was Ye Feng before, he would definitely not dare to enter it rashly.

But now, Ye Feng's cultivation level has been upgraded to the half-step Holy Sacrifice level.

Moreover, Ye Feng's real combat power is definitely comparable to the powerful existence of the ordinary tenth level of the Holy Sacrifice Realm.

It can be said that Ye Feng has now grown to the point where he has surpassed the master of a powerful force like the leader of the Yiyuan Dao Sect.

So at this time, Ye Feng once again entered the depths of the primeval forest. He no longer had the fear and danger before, and felt that many things were under his control.

"Um?"

At this time, Ye Feng suddenly discovered that the jade talisman that had been flying suddenly stopped in a jungle in the distance.

Chapter 3199 Greater Harvest

Uh-huh!

Ye Feng flew over and came to the jungle where the jade talisman stopped.

"That is....."

Ye Feng immediately saw that in the jungle, Princess Meng'er was standing in front of a strange young man wearing a black robe.

At this time, Princess Meng'er's aura was extremely weak, as if the clone would completely dissipate in the next moment.

Princess Meng'er saw Ye Feng not far away, with a hint of surprise in her eyes, and said: "Senior Nine-headed Dragon said he knew you, so I controlled the jade talisman to attract you here."

Ye Feng's eyes were extremely surprised, because the strange young man in black robe standing not far from Princess Meng'er was the taboo existence of the overlord of the dark forest that Ye Feng accidentally rescued from the Great Leiyin Temple. Darkness Nine-headed dragon.

Ye Feng never expected that Princess Meng'er had gone through so much trouble to come to the Eastern Territory, and what she was looking for turned out to be the Dark Nine-Headed Dragon.

At this time, Ye Feng looked at the dark nine-headed dragon not far away and said, "Long time no see."

The Dark Nine-Headed Dragon walked up to Ye Feng, with a rare and unprecedented smile on his cold and mysterious face, and said loudly: "You have grown a lot and are much stronger than before."

Seeing a smile on the dark nine-headed dragon's cold face, Princess Meng'er's pupils immediately shrank slightly.

This time she went down to the Eastern Realm specifically to invite the forbidden existence of the Dark Nine-Headed Dragon to the Star Realm to help her achieve great things.

Because she is an ambitious princess who wants to become the future empress of the Galaxy Dynasty.

Unexpectedly, Princess Meng'er came to the area where the Dark Nine-headed Dragon lived, and was almost wiped out by the Dark Nine-headed Dragon with one finger.

If the Dark Nine-Headed Dragon hadn't sensed Ye Feng's aura from Princess Meng'er's surrounding aura, and after asking, he would have known that Princess Meng'er and Ye Feng had a relationship.

Perhaps, Princess Meng'er's current clone that has descended on the Eastern Territory has completely fallen.

At this moment, the Dark Nine-Headed Dragon spoke out: "Ye Feng, are you going to follow this princess of the Galaxy Dynasty to the Star Territory?"

Ye Feng nodded slightly and said aloud: "I do want to go to the Star Realm, to a higher realm, to seek more powerful power. In addition, I have other tasks."

Ye Feng did not directly tell him that he was cursed by evil.

Because this matter involves too much, and Princess Meng'er is present now, Ye Feng doesn't want this royal princess of the Galaxy Dynasty to know.

In addition, the Dark Nine-Headed Dragon is very powerful and has no research on curses. Even if it is said, the other party has nothing to do.

So Ye Feng thought it would be better not to say anything.

But at this time, the Dark Nine-Headed Dragon seemed to have discovered something, and suddenly stared at Ye Feng, and couldn't help but said: "You have a very evil curse on you, which seems to be constantly eroding your life. "

When Ye Feng heard what the Dark Nine-Headed Dragon said, he couldn't help but reveal a trace of surprise in his eyes.

The other party is indeed a taboo-like existence, and the abnormality in him can be seen at a glance.

In response, Ye Feng just nodded slightly and said: "I went to the Star Territory this time to find a way to save him."

Uh-huh!

The dark nine-headed dragon suddenly stretched out a hand and touched Ye Feng's forehead.

He sensed it, then frowned and said aloud: "It is a very evil curse, very complicated, and even I can't remove it unless I destroy it with extremely powerful force, but this kind of power, with Ye Feng, your current strength simply cannot bear it. If the curse is destroyed, your whole body will collapse instantly."

When Ye Feng heard what the Dark Nine-Headed Dragon said, he immediately smiled and said: "Don't worry, I already have some clues. After arriving in the Star Territory, I will slowly find a way to lift the curse. Besides, the Eastern Territory The Lord helped me seal the curse and applied holy power to protect me. I still have three years, and three years is enough for me."

For Ye Feng now, in the next three years, he must continue to improve his cultivation, increase the strength of his body, use his strong vitality to fight against the curse, snatch the life cycle, and extend his life.

This is also one of the reasons why Ye Feng wants to go to a higher realm to find more powerful power.

In addition, as Emperor Chu said, the solution

The bell must be tied to the bell.

He must go to the Star Territory, enter the Galaxy Dynasty, find the royal figure behind the mysterious prince, and find the real way to lift the curse.

In addition, if Ye Feng enters the Galaxy Dynasty, he can also find opportunities to obtain the strongest inheritance and the remaining secrets of the inheritance of the Great Galaxy's eternal magic.

After all, Ye Feng has only obtained the first three levels now.

In addition, Ye Feng also has an ultimate goal, which is to continuously enter higher realms, until the final ninth-level highest realm, go to the Sea of Chaos, find his father and mother, and find his roots. , that is, the Ye family.

Moreover, Ye Feng knew that if he wanted to activate the most powerful Hongmeng bloodline in his body, he could only do so in a more advanced realm.

After all, the more advanced the realm, the more brilliant it is, and the martial arts practice and various ways of cultivation will become richer.

At this time, Princess Meng'er, who was standing aside, suddenly asked in surprise: "Ye Feng, what have you experienced during this time? Why was this evil curse suddenly imposed on you?"

Ye Feng said aloud: "I killed a big enemy, but behind that big enemy was a mysterious figure from a higher realm, the second-level star realm. He imposed this curse on me. It seems that it's called the 'Curse of the Ten Yamas of Hell'."

"The curse of the Ten Yamas of Hell?"

When Princess Meng'er heard this, her beautiful and cold face suddenly showed a trace of surprise, and she couldn't help but said: "This is the terrible curse of the Lord of Hell! Back then, our Galaxy Dynasty responded to the higher realms. When the big forces called for a campaign to eradicate the dark forces of hell, they encountered this terrible curse. It was the Lord of Hell who personally cast this curse. As soon as the curse came out, our army of millions of monks in the Galaxy Dynasty grew old and died in an instant. It was so terrifying. At the extreme level, our Galaxy Dynasty almost collapsed. Fortunately, a super strong man from a higher realm took action and lured the Lord of Hell away. Otherwise, our Galaxy Dynasty would have definitely been destroyed. Now, in the second-level realm, the Star Region, it is no longer possible. It may be prosperous, but it must be dead."

When Ye Feng heard what Princess Meng'er said, there was a trace of undetectable surprise in his eyes.

It seems that the mysterious big man from the Galaxy Dynasty is probably the Hell Clan hidden in the royal family?

Ye Feng

This bold guess flashed through my mind, and I was thinking about whether to have a showdown with Princess Meng'er.

But after thinking about it carefully, Ye Feng felt that he should just pretend to be confused for the time being.

After all, on one side is the behemoth of the Galaxy Dynasty, and on the other side is a pretender suspected of being a member of the Hell Clan.

Now that I am prematurely exposed to the overt and covert struggle between two behemoths, it is really too dangerous.

Ye Feng decided to wait until the Galaxy Dynasty in the Star Territory and then investigate in secret.

At this time, Princess Meng'er suddenly spoke up: "Ye Feng, can you help me persuade Senior Nine-headed Dragon to come out and help me."

Ye Feng glanced at the reluctant Dark Nine-Headed Dragon not far away, and immediately said with a smile: "Princess Meng'er, although I want to help you, there is nothing I can do. The Dark Nine-Headed Dragon and I are just My friend, I won't force anyone to do anything."

Seeing Ye Feng like this, Princess Meng'er could only smile helplessly and said: "Well, it seems that I am destined to fail this time."

"uncertain."

The Dark Nine-Headed Dragon suddenly spoke. He stared at Princess Meng'er and said meaningfully: "This time you came to the Eastern Territory, you have already gained a greater harvest than inviting me to come out."

Princess Meng'er's beautiful eyes were puzzled, and she couldn't help but asked respectfully: "Senior, what do you mean? Please clarify, senior."

The dark nine-headed dragon's eyes suddenly fell on Ye Feng, smiled mysteriously, and said: "He is your biggest gain. Once his talent fully explodes, it will shock the nine realms of the Origin World. I am in Ye Feng In front of me, my talent can only be considered mediocre, I just practiced tens of millions of years earlier than him."

"What?!"

When Princess Meng'er heard the comment from Ye Feng of the Dark Nine-Headed Dragon Team, her beautiful big eyes widened slightly. She seemed to have never expected that this supreme Nine-Headed Dragon senior would actually have such feelings for Ye Feng, a little boy. Such an exaggerated evaluation.

Although it is hard to believe and is a bit exaggerated, Princess Meng'er knows that such a taboo as the Dark Nine-Headed Dragon exists and would not joke with her.

At this moment, Princess Meng'er, a royal princess from the Star Territory, cast her beautiful eyes on Ye Feng, and she was filled with deep curiosity for a moment.

Chapter 3200 Boundary Breaking Pearl

At this moment, after hearing the Dark Nine-Headed Dragon's evaluation of himself, Ye Feng couldn't help but smile helplessly.

The Dark Nine-headed Dragon really thought highly of himself, and he didn't expect to say such exaggerated praise to him directly in front of Princess Meng'er.

But Ye Feng also knew that the Dark Nine-Headed Dragon probably wanted to help him before leaving.

Although the Dark Nine-Headed Dragon is unwilling to go out to help Princess Meng'er, he introduced himself to Princess Meng'er, and this Princess Meng'er will definitely take him seriously.

If it were before, Princess Meng'er would only think that she was a young man with a little talent.

It is estimated that even if he and Princess Meng'er went to the Galaxy Dynasty in the Star Territory, they would only be marginal figures.

But what the Dark Nine-Headed Dragon said at this time will definitely make Princess Meng'er take her very seriously.

Ye Feng knew that this would be of great help to him in following Princess Meng'er.

Moreover, Ye Feng knows very well that he has this relationship with the Dark Nine-Headed Dragon. Even if he goes to the Star Territory alone and enters the behemoth of the Galaxy Dynasty, Princess Meng'er will definitely take more care of him. of.

After all, he is a friend of the Dark Nine-headed Dragon. ??

At this time, Ye Feng couldn't help but sigh in his heart. It was his destiny to accidentally rescue the Dark Nine-Headed Dragon under the Great Thunder Sound Temple.

Princess Meng'er finally looked at the Dark Nine-headed Dragon and asked aloud: "Senior Nine-headed Dragon really don't plan to leave the mountain? Whatever Senior Nine-headed Dragon wants, I can give it to him as long as I can satisfy it, Nine-headed Dragon" If senior can assist me in becoming the future empress of the Galaxy Dynasty, I can even bind part of the national destiny of the Galaxy Dynasty to Senior Nine-Headed Dragon and share the destiny power of our Galaxy Dynasty's national guardian beast."

At this time, Princess Meng'er said, and Ye Feng was a little shocked when he heard it.

Unexpectedly, Princess Meng'er would spend so much money in order to invite the Dark Nine-Headed Dragon to escape from seclusion.

But at this time, the Dark Nine-headed Dragon just shook his head slightly, his eyes seemed a little impatient, and said loudly: "Don't say this kind of thing again, if you say it again, even if you are destined to Ye Feng

, I also killed you on the spot, and I have already said that no one can compare to Ye Feng's future. You treat him well, he is a person who values friendship and will definitely help you in the future. "

Buzz!

After saying that, the Dark Nine-Headed Dragon glanced at Ye Feng one last time and said, "You must be careful when going to the Star Territory. If there is any danger that you cannot resist, just come to me and I will keep you safe."

As soon as the words fell, the figure of the dark nine-headed dragon disappeared from the place in an instant, and was hidden again deep in the mountains of the dark forest.

When Princess Meng'er saw the Dark Nine-Headed Dragon leaving like this, an ugly smile suddenly appeared on her beautiful and noble face.

This time, she spent a huge price to create a clone, broke through the boundary barrier, and came to the Eastern Land, specifically to invite the Dark Nine-Headed Dragon to come out of the mountain.

Unexpectedly, the other party ignored her at all and almost wiped out her clone.

For Princess Meng'er, who has always had smooth sailing, this was a very failed and bad experience.

But at this time, thinking of the last words of the Dark Nine-Headed Dragon, Princess Meng'er's eyes fell on Ye Feng, then she smiled slightly and said aloud: "Since Senior Nine-Headed Dragon is unwilling to speak out, then I won't worry about anything. In any case, this time I came to the Eastern Territory and meeting a peerless genius like Ye Feng is a reward. I'll take you directly out of the Eastern Territory."

Ye Feng nodded slightly and followed the clone of Princess Meng'er to fly in a certain direction not far away.

At this time, Ye Feng didn't care what Princess Meng'er thought of him. Anyway, as long as he could go to the more advanced secondary realm star field with Princess Meng'er, Ye Feng would be satisfied.

Because Ye Feng had consulted the Red Sparrow, a descendant of Suzaku who stayed in the sect before leaving Yiyuanzhong, if he wanted to go to a higher realm alone, he must find a way

method to break down interface barriers.

And Ye Feng's current strength is not enough to break the interface barrier.

Therefore, Ye Feng still needs to wait for a long time before he can leave the Eastern Territory.

This is not what Ye Feng wants.

Because Ye Feng's time is limited now, he only has three years to survive.

Moreover, Ye Feng will continue to grow and become stronger in these three years, using his strong vitality to resist the evil curse that corrodes his life.

At this time, Ye Feng remained silent and followed Princess Meng'er.

Ye Feng didn't think that just a few words of praise from the Dark Nine-Headed Dragon could make this distinguished royal princess from the Galaxy Dynasty treat him like a treasure.

Because that's so unrealistic.

And Ye Feng doesn't want this so-called high-quality treatment.

As long as Ye Feng is given a platform, Ye Feng will be able to continuously improve everything he does by relying on his own strength.

While Ye Feng was thinking secretly, Princess Meng'er walking in front suddenly gave birth to a small white hand.

Princess Meng'er turned her palm over, and a round bead emitting very strong spatial fluctuations appeared in her palm.

This round bead seemed to contain a small world. Even if Ye Feng just glanced at it, he felt that his whole soul was falling into it, and he was completely lost.

This made Ye Feng slightly shocked. He was indeed a noble person from a higher realm, and everything on his body was very extraordinary.

Princess Meng'er suddenly said: "This is the boundary-breaking bead, which allows us to directly break the interface barrier and return to the second-level star field where I am."

Ye Feng immediately nodded and took a deep breath. Next, he was going to a more advanced realm. He didn't know what kind of experience he was about to face.

Seeing Ye Feng's seemingly nervous look, Princess Meng'er immediately smiled softly and said, "Don't be too nervous. You have a space gem on your body. Later, you can use the space gem to create space."

Use the barrier to protect yourself, and leave the rest to me. "

Ye Feng immediately nodded and inspired the space gem to create a space barrier around him.

"Breaking the Boundary!"

At this time, Princess Meng'er instantly activated the Boundary Breaking Pearl in her hand.

boom! !

Suddenly, an extremely large space passage was created directly on the spot.

"Let's go."

Princess Meng'er and Ye Feng were instantly enveloped by this grand space passage.

Then a colorful flow of spatial light appeared around the two of them.

Ye Feng could feel that he felt like he was ascending in the daylight at this moment.

They are heading to another grand and more advanced world!

"Buzz!"

But at this moment, when they were halfway up, a huge hand suddenly appeared at the end of the vast void.

It was like the hand of an ancient giant, full of terrifying and boundless power. It grabbed it from the void and actually wanted to crush the passage through which Ye Feng and Princess Meng'er were about to ascend!

"Not good! There is a mysterious and powerful person who wants to block our world passage to the Ascension Star Territory!"

Even Princess Meng'er couldn't help but change her face suddenly when she saw the ancient giant-god-like hand reaching out from the end of the void!

Ye Feng's face also darkened, why did such unlucky things always happen to him?

Princess Meng'er immediately said solemnly: "It is very likely that the powerful demons from the Heavenly Demon Realm, the sworn enemies of our Galaxy Dynasty, have taken action to prevent me from bringing super geniuses from the human race to the lower realms and prevent me from strengthening the Galaxy Dynasty. The background is really annoying. One day I will become the empress and I will completely destroy this abominable demon world!"

When Ye Feng heard what Princess Meng'er beside him said, his heart suddenly moved slightly. It seemed that although the Galaxy Dynasty was a unified dynasty force in the second-level realm of Star Territory, there was also a terrifying opponent in the "Heavenly Demon Realm". "
