Chapter 3201 Beast Master

Buzz!

At this time, the terrifying dark hand at the end of the void grabbed it, full of endless pressure.

"Crunch, crunch..."

I saw cracks appearing throughout the space passage that ascended to the star field, and it seemed that it would completely break like glass in the next moment.

Seeing this scene, Princess Meng'er's face suddenly became very ugly.

She never thought that at the critical moment of their ascension, a powerful demon from the demon world would take action to prevent her from bringing along the human genius.

"It can only be this way!"

Suddenly, Princess Meng'er's eyes became extremely determined and cold. She suddenly stared at Ye Feng beside her and handed Ye Feng a golden token. .??.

Princess Meng'er then spoke up and said: "I will burn all the energy of my clone later to stop the attack of the dark hand, but my clone will also dissipate in an instant. Ye Feng, take this token." Card, this is my princess token. When you arrive in the Star Territory, you can only go to the Galaxy Dynasty to find me. There are many strong people in the Star Territory. Although you are very powerful in the Eastern Territory, but when you arrive After the second level realm, although you are not considered weak based on your cultivation, you are not that powerful anymore. You must be careful and remember it!"

When Ye Feng heard what Princess Meng'er said, he immediately nodded vigorously and said, "Okay, I will definitely go to the Galaxy Dynasty as soon as possible to find the princess herself."

boom! !

Princess Meng'er nodded slightly, and then her whole body suddenly emitted a bright light.

She was burning all the energy of this clone, directly forming a bright star beam of light, which directly collided with the dark hand reaching out from the end of the void.

When Ye Feng saw this scene, his eyes suddenly moved.

The power that Princess Meng'er exerted at this time turned into a galaxy of light. It should be the royal family's natal inheritance from the Galaxy Dynasty, the first level of the Great Galaxy's eternal magic power, the galaxy is thousands of miles away!

Boom!

At this moment, the infinite galaxy collided with that big dark hand, and suddenly

At that moment, a terrifying roar erupted.

The world passage where Ye Feng was was immediately affected.

At this moment, Ye Feng felt a very violent space storm, sweeping directly towards him.

If Ye Feng hadn't been protected by a space gem, he would have been crushed to pieces by this terrifying space storm.

But in the end, Princess Meng'er's methods were quite powerful, and she successfully withstood the sudden attack of the dark hand.

Ye Feng finally succeeded in ascending from the world passage to a more advanced secondary realm, the star realm.

Buzz!

When Ye Feng reopened his eyes after a brief period of dizziness, he found that all the spatial storms around him had disappeared.

The surroundings became extremely peaceful.

Ye Feng looked around and found that he was standing on a very wide prairie.

Everything around is green and vast.

"Is this the Star Territory, the second level realm..."

At this time, Ye Feng felt slightly and found that the barriers of the entire world were indeed stronger.

For example, in the first-level realm of the Eastern Region, Ye Feng can directly tear open a space rift and travel through the void.

But now that he has arrived in the second-level realm of Star Territory, Ye Feng finds that it is difficult to break the space even if he punches it hard.

In other words, the realm of Star Territory is more stable.

This makes Ye Feng have to imagine that in higher-level realms, the power of the world will definitely be more stable, and the pressure on the creatures existing in it will be greater.

"The Great World of Origin has nine realms. I wonder what the third level realm above the star realm is called?" Ye Feng couldn't help but murmur.

"Ye Feng, be careful. There is a very scary thing in the northwest.

The breath of terror is approaching. "Suddenly at this moment, Emperor Chu in his mind spoke up.

When Ye Feng heard this, he couldn't help but look towards the northwest direction that Emperor Chu said.

What danger could there be in such a quiet prairie?

"boom!!"

But just when Ye Feng was looking in that direction, suddenly from the end of the prairie in that direction, a giant beast covered with silver scales came running quickly.

This giant beast looks like a super-large bear, but its body is covered with silver scales, its eyes are red, and it exudes a faint black aura, making it look like a monster. It feels like Warcraft again.

"This seems to be a giant beast infected with evil energy."

Ye Feng immediately sensed the breath of this silver-armored giant bear, which was very special.

"Huh? Is there someone on top of that silver-armored giant bear?"

While Ye Feng was looking for a place to hide, he saw an old man in black robes standing on the head of the huge bear. He also held a scepter inlaid with red crystals in his hand. He seemed to be controlling the silver-armored giant bear.

This silver-armored giant bear is very towering, as majestic as a castle, and the demonic aura exuding from it is very terrifying.

Even Ye Feng felt palpitations at this moment, which was enough to show how terrifying this evil beast was.

But Ye Feng didn't feel much threat from this black-robed old man.

Emperor Chu's voice suddenly sounded in his mind: "This should be a long-lost beast control method. The old man in black robe is a legendary beast control master. Although he is not very powerful, he has special methods. Able to control extremely powerful evil beasts in the wilderness as their own battle slaves."

"Beast Controller?"

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly and did not meet the black-robed old man head-on.

\u003c

br\u003e Because Ye Feng found that the other party didn't seem to notice him, or in other words, as a powerful beast master, the other party didn't care about him as a young boy at all.

"Rumble..."

The old man in black robes holding a red crystal scepter, this mysterious and powerful beast master, commanded this majestic silver-armored giant bear, and quickly passed by Ye Feng without stopping at all.

Ye Feng saw the black-robed beast master standing on the head of the silver-armored giant bear. He glanced at himself on the roadside and stopped paying attention.

This made Ye Feng couldn't help but reveal a bitter smile on his face, "It seems that my cultivation level is nothing in the Star Territory. If it were in the Eastern Territory, my cultivation level would be half of the Holy Sacrifice Realm. It will definitely attract the attention of the powerful people, but in this second level realm, it seems that half-step to the Holy Sacrifice Realm is a very common and common cultivation level."

Although Ye Feng couldn't help but smile bitterly, his heart was filled with a faint excitement and excitement.

Because this shows that the Star Territory is indeed a more prosperous practice realm, which allows one to continue to improve his strength and cultivation at a very fast speed.

Because in this star field where there are many powerful people, there must be more abundant cultivation resources.

"boom!!"

And just when Ye Feng was thinking secretly, suddenly a huge roar came from a certain direction not far away.

The roar was simply earth-shattering, causing the entire earth where Ye Feng was standing to shake.

Ye Feng immediately looked in the direction where the roar came from. That direction was exactly where the powerful beast master was rushing to!

"What happened there?"

There was a hint of curiosity in Ye Feng's eyes, and he immediately flew quickly in that direction.

Now Ye Feng has just arrived in the Star Territory, and he is not familiar with the place. It just so happens that he goes to see what is going on. If he can find some human gathering places, he can ask how to get to the imperial city of the Galaxy Dynasty.

Chapter 3202 Guangming City

Swish, swish, swish!

Ye Feng was flying rapidly in mid-air at this moment.

He could feel that he was flying very slowly, far not as fast as he could fly in the first-level realm of the Eastern Land.

Because Ye Feng is now in a higher realm, the power of the world is very stable, exerting great pressure on him.

Only by constantly breaking through to a more powerful cultivation level can Ye Feng become more skillful.

When Ye Feng arrived at the destination where the roar came from, he was immediately shocked by the scene in front of him.

The beastmaster just now was controlling the mountain-like silver-armored giant bear under his feet, and was frantically crashing into a city in the center of the prairie not far away.

The entire city is made of steel, but the steel is actually a rare white color and exudes white holy light, making it look like a sacred city.

"That is....."

Ye Feng noticed that above the gate of this city, there was a huge plaque with three ancient characters "Guangming City" written on it.

There were many strong human beings inside, all wearing armor that emitted white light, and they were frantically attacking other monsters led by the beastmaster.

But no one dared to confront the silver-armored giant bear under the beastmaster's feet, because it was such a terrifying behemoth.

Everyone can only control the formations on the surface of the entire Guangming City to constantly protect themselves.

Ye Feng's eyes were filled with surprise. He didn't expect that this powerful beast master was actually a master on the side of demons. He wanted to fight against the human city and was rapidly destroying the City of Light.

Moreover, this beast master not only controlled the silver-armored giant bear under his feet, but also summoned many other demons and evil beasts in the jungles on the edge of the surrounding prairie, forming an army of demons, and quickly Attacking Guangming City, trying to destroy Guangming City.

This made Ye Feng have to sigh. Sure enough, a beast master is powerful enough, so one person can be compared with thousands of troops, because he can summon many monsters for his own use.

"Actually, Ye Feng, you can also become a beast master." Suddenly, Emperor Chu spoke in his mind.

When Ye Feng heard this, he was not surprised, but nodded slightly and said: "I am a soul master. I can control some monsters using soul methods. In a sense, I can also be regarded as a beast master, but I cannot control so many monsters at once like a beast master, forming an army of monster beasts. Only if I can obtain the inheritance of an orthodox beast master can I become a beast master."

For ordinary people, even if they get the orthodox inheritance of a beast master, they probably won't be able to practice, and they can only sigh in despair.

But Ye Feng can.

Because he is originally a soul master, it can be said that various cultivation systems can be extended from the soul master.

So if Ye Feng gets the inheritance of an orthodox beastmaster, Ye Feng can practice.

However, Ye Feng just talked about it casually, and did not say that he had to become a beast master.

Because Ye Feng knows very well that the real power comes from himself.

Just like the beast master not far away, although he controls so many evil beasts, he is very powerful.

But once he suffers damage, he will fall instantly.

Because Ye Feng

It has been sensed before that the black-robed beast master standing on top of the silver-armored giant bear's own cultivation aura is not that strong.

Ye Feng felt that if he faced him head-on, he could quickly kill the beast master.

But this beast master will definitely not let people approach him easily.

There were so many monsters around him, and there was also an overlord-level silver-armored giant bear.

Even some super strong people would find it difficult to get close to this beast master.

As for ordinary warriors, they would probably be slapped to pieces by the silver-armored giant bear before they even got close to him.

Ye Feng quickly flew towards the direction of Guangming City, because there were many strong human beings in Guangming City, all wearing armors that emitted white light, and they were fighting with a large number of monsters and evil beasts quickly. He could secretly absorb these Blood energy.

Moreover, Ye Feng felt that if he could enter Guangming City, he should be able to ask how to get to the imperial city of the Galaxy Dynasty.

After all, Ye Feng doesn't want to stay in such a small place in the star field for too long. Ye Feng wants to go to the Galaxy Dynasty to find Princess Meng'er as soon as possible.

Because among the top forces in the star field, there must be very abundant cultivation resources.

It is a pity that Princess Meng'er exhausted all the energy of that clone when she ascended and was unable to take her to the Galaxy Dynasty in person. She could only inquire by herself and go slowly.

However, as the Galaxy Dynasty is the unified force in the Star Territory, many people should know where the imperial city is.

However, Ye Feng also knew that if he really arrived in the imperial city, it would be more difficult to see Princess Meng'er in person.

Because, although he has a princess token in his hand, Ye Feng knows that this thing cannot be taken out easily, otherwise it is likely to arouse speculation from all parties and make him the target of public criticism.

For example, if Ye Feng holds the princess token and encounters Princess Meng'er's potential enemy in the royal family, then this potential enemy will probably kill him secretly if he knows that he is the genius chosen by Princess Meng'er.

Therefore, Ye Feng knew that this trip to the Galaxy Dynasty to find Princess Meng'er would not be as smooth as he imagined.

But Ye Feng has made up his mind and must go to the imperial city of the Galaxy Dynasty. This journey should be regarded as a period of experience for himself, which can be used to improve his cultivation.

Otherwise, in the core organization of the behemoth Galaxy Dynasty, Ye Feng's strength would be at the bottom of the entire royal family. That would be too embarrassing, and it is also a scene that Ye Feng does not want to see.

Therefore, Ye Feng feels that if he encounters any opportunity during this journey to the Galaxy Dynasty, he should try his best to improve his cultivation strength.

On the one hand, he can resist the curse from corroding his vitality. On the other hand, when he meets Princess Meng'er, it is also convenient for the princess to take a high look at him and become her key training target. In this way, he will gain more cultivation by then. resource tilt.

And just when Ye Feng was thinking secretly, he had arrived at the battlefield not far away outside Guangming City.

"Swallow."

boom!

At this moment, Ye Feng did not hesitate, and directly released the Devouring Domain, and then lurked in the surrounding void, quickly absorbing the huge blood energy generated on the entire battlefield, and quickly increasing his power! Swish, swish, swish!

Ye Feng was flying rapidly in mid-air at this moment.

He could feel that he was flying very slowly, far not as fast as he could fly in the first-level realm of the Eastern Land.

"Swallow."

boom!

At this moment, Ye Feng didn't hesitate at all. He directly released the Devouring Domain, and then lurked in the surrounding void, quickly absorbing the huge blood energy generated on the entire battlefield, and quickly increasing his power!

Chapter 3203 Discovered

"Buzz buzz..."

At this time, the blood energy absorbed by Ye Feng was very large, which greatly improved his skill.

This made Ye Feng very happy.

Unexpectedly, as soon as they arrived in the Star Territory, they encountered two behemoths and started a war.

Whether it is the demon beast summoned by the powerful beast master or the strong human race in Guangming City, each of them is very powerful.

Their cultivation strength is basically in the Holy Sacrifice Realm, and even the Kaitian Realm strongmen who have the highest Holy Sacrifice Realm.

They fought on the battlefield, and the blood energy generated after death was still very rich.

Ye Feng's skill greatly increased in this moment, and his cultivation immediately began to transform.

"boom!"

Finally, at a certain moment, Ye Feng suddenly burst out with a new and powerful cultivation aura.

At this moment, with the help of the huge blood energy, Ye Feng's cultivation successfully produced a qualitative transformation.

From the half-step Holy Sacrifice Realm, he broke through to the real first level of the Holy Sacrifice Realm!

You know, if Ye Feng still stays in the second-level realm of the Eastern Territory, it will be very difficult to break through the Holy Sacrifice Realm.

Because he will definitely need a lot of energy to break through the final bottleneck.

But the Eastern Territory, a slightly barren first-level realm, simply couldn't give him so much energy.

But just after arriving in the Star Territory, Ye Feng encountered a chaotic fight and broke through.

Ye Feng felt more and more that his choice to come to Star Territory was very wise.

But Ye Feng had to come to Star Territory this time.

Because he has been cursed by evil, he needs to find the person behind the scenes to lift the curse.

Moreover, Ye Feng himself needs to become stronger quickly in order to reach the final Sea of Chaos where the Ye family is located.

So when you come to the second level realm of Star Territory, even

Entering a more advanced realm in the future will be the result of Ye Feng's inevitable choice.

"Keep absorbing!"

At this time, Ye Feng did not waste this golden opportunity and continued to lurk in the void, constantly absorbing the blood energy generated in the entire battlefield.

Ye Feng could see that this battle would probably last a long time.

Because the overall strength of Guangming City is still very good.

Although this beast control master summoned so many evil beasts, it is probably not that simple to conquer the entire city.

So this fight is destined to last for a long time.

Ye Feng didn't know if collisions between monsters and human cities in the Star Territory happened every day.

But this time he happened to encounter it, so Ye Feng must make good use of this opportunity, devour and absorb it, and strengthen his cultivation strength as much as possible.

This is an opportunity that is rare but rare.

"Boom boom boom..."

Ye Feng used the space gem to hide in the void so that no one could find it.

Even the mentally powerful black-robed beast master was busy attacking the city and had no time to carefully explore the surroundings and notice the existence of Ye Feng in the void.

"boom!"

Half an hour later, Ye Feng's body once again erupted with a huge roar of momentum.

Ye Feng's cultivation level once again broke through and he rushed directly into the second level of the Holy Sacrifice Realm!

Next, Ye Feng continued to hide himself and continued to absorb the blood energy generated on the battlefield in the void.

Ye Feng's skill is also growing rapidly.

This demon and light

The battle between the cities lasted for nearly three days.

And Ye Feng's final cultivation level was finally promoted to the ninth level of the Holy Sacrifice Realm.

This made Ye Feng very pleasantly surprised, as he continued to absorb energy for three days and three nights.

From the first level of the Holy Sacrifice Realm, he broke through to the ninth level of the Holy Sacrifice Realm, almost crossing a huge realm.

This is a huge breakthrough and gain!

At this time, Ye Feng looked towards the battlefield and found that the entire city of Guangming City was about to collapse.

Because the black-robed beastmaster summoned monsters from the surrounding wilderness in a continuous stream, which was impossible to resist.

The masters of the Guangming City squadron were very desperate, because there was a steady stream of troops attacking from the opposite side.

Even if Guangming City is a quite powerful human city, it cannot resist the endless army of evil beasts.

Several human masters in Guangming City were all Open Heaven Realm experts who had surpassed the Holy Sacrifice Realm. They joined forces to kill the black-robed beastmaster himself.

However, several strong men could not get close at all, because the silver-armored giant bear under the feet of the black-robed beast master was a very terrifying monster beast with terrifying strength, almost comparable to the tenth level of the Open Heaven Realm.

Coupled with the black-robed beast master, it has an extremely powerful spiritual attack.

Therefore, these Open Heaven Realm powerhouses in Guangming City cannot approach the black-robed beast master at all.

They could only watch as countless monsters flooded the entire City of Light.

Ye Feng saw that the whole battle was about to end, and he was ready to leave directly. Ye Feng did not want to take this journey through muddy water.

But suddenly at this moment, the black-robed beast master standing on top of the silver-armored giant bear suddenly seemed to sense Ye Feng's aura.

"Um?"

He couldn't help but look towards the void where Ye Feng was hiding. Two blue rays of light suddenly rushed out in his eyes, and they immediately bombarded Ye Feng. He said coldly: "There are actually A thief has been practicing evil techniques here with the help of the blood energy of the demon beasts summoned by me! "Come out!"

"boom!"

At this moment, Ye Feng originally wanted to leave this place of right and wrong, but was discovered by the black-robed beast master.

Two red laser beams flashed out of Ye Feng's eyes instantly.

It is the power of the soul gem!

All of a sudden, the blue light released by the black-robed beastmaster was instantly shattered.

"Huh? He is actually a rare soul master! But he doesn't seem to be very powerful!"

The black-robed beast master immediately became interested.

Uh-huh!

He rushed towards the void where Ye Feng was, and said coldly: "I just absorbed your soul power, and my level of beast control will be greatly improved again."

"boom!"

But at this moment, Ye Feng directly punched out in the void, and instantly hit the scepter in the hand of the black-robed beast master. There was a "click" sound, and the scepter was thrown away. It was so blasted that it broke into two pieces.

"Boom!"

The black-robed beast master was thrown backward by a powerful impact, and a mouthful of blood could not help but flow from the corner of his mouth.

He looked at the broken scepter in his hand, and couldn't help but stare in horror at the young man in white clothes and snow who walked out of the void not far away, and said in disbelief: "Aren't you a soul master? Why are you so powerful in your body? You are actually a Soul Martial Fellow! Your soul is as strong as your body! What a young man, but today I will refine you into my puppet, and you will become my slave and work for me!"

Chapter 3204 Very powerful

At this moment, the black-robed beastmaster's words were so harsh and vicious that he actually wanted to directly refine Ye Feng into his puppet.

But at this time, Ye Feng's eyes showed no fear at all, instead there was a hint of sneer.

Because Ye Feng originally felt that he could not defeat this black-robed beast master. After all, Ye Feng had just arrived in the Star Territory, and he had a natural fear of the local strong men in the Star Territory.

But just now, Ye Feng punched out from the void, directly smashing the scepter in the hands of the black-robed beast master, and sending the black-robed beast master back many steps.

This made Ye Feng suddenly feel confident.

It seems that he is not too weak in the star field, but also quite powerful.

Moreover, Ye Feng had absorbed enough blood energy from this battlefield before, and his cultivation level had been promoted to the ninth level of the Holy Sacrifice Realm.

Ye Feng's combat power has naturally been greatly improved.

At this time, Ye Feng actually walked out of the void, with a hint of coldness in his eyes, staring at the black-robed beast master not far away, and said aloud: "I originally wanted to leave directly Yes, I don't want to care about what's going on here, but if you take the initiative to provoke me directly and kill me, then I won't be polite."

"Hahaha!"

When the black-robed beastmaster heard what Ye Feng said, he burst into laughter.

Uh-huh!

He flew directly to the top of the majestic silver-armored giant bear like a mountain, and then said sarcastically: "Although I may not be able to defeat you with my own strength, but I cooperate with this silver-armored giant bear, which is a top ten in the Open Heaven Realm." An existence at the level of Zhongtian Dzogchen is enough to crush you in an instant!"

The black-robed beastmaster knew that Ye Feng was a powerful soul master, and his attacks on the spiritual level would probably have little impact on Ye Feng.

But the black robe

The beast master possesses extremely powerful demon beasts that can cause huge damage to Ye Feng.

"Roar!!"

At this time, the black-robed beast master immediately controlled the silver-armored giant bear under his feet and rushed towards Ye Feng in an instant, wanting to crush Ye Feng in an instant.

But Ye Feng did not dodge at this time, but still stood in place.

"Run!"

"You can't resist this horrible beast!"

"Not even the city made of our steel can withstand it!"

At this time, not far away, many powerful people in Guangming City saw Ye Feng standing there without moving at all, and their eyes suddenly showed deep astonishment.

One of the top masters in Guangming City was a strong man in the sixth level of the Open Heaven Realm. He immediately shouted to Ye Feng: "Young hero, hurry up and come to us in Guangming City. Let's work together to deal with this evil beast master. !"

But at this time, Ye Feng still stood motionless and had no intention of joining forces with the top experts in Guangming City.

Because Ye Feng felt that he didn't have to be afraid of the silver-armored giant bear at all.

Although this silver-armored giant bear is a super demon at the Dzogchen level of the tenth level of the Open Heaven Realm, it is very terrifying and can destroy a huge city made of steel in an instant.

But Ye Feng possesses an extremely powerful Chaos Body.

Moreover, Ye Feng also has a very powerful inheritance, the immortal magical power of the Four Ancient Holy Spirits.

boom!

At this moment, Ye Feng directly displayed his powerful and invincible inheritance.

Four huge phantoms of the ancient Holy Spirit suddenly appeared around him, and then

Hou Ye Feng punched out hard.

"Boom!"

At this moment, all the powers of the four ancient holy spirits were integrated into Ye Feng's punch.

Ye Feng's punch burst out with a divine light, as if it could blast away the entire sky, instantly causing huge and terrifying destructive power, and in an instant he collided with the charging silver-armored giant bear. .

"Boom!!"

The entire field suddenly erupted with a huge roar, like two ancient mountains colliding together.

Click, click... ??

The entire surrounding prairie was shattered into pieces, and the scene looked like the end of the world. It was very scary and chaotic to the extreme.

At this time, everyone's eyes were focused on the field.

"That is....."

And at the next moment, many human masters in Guangming City suddenly discovered a very terrifying scene.

Ye Feng's punch actually blasted a huge blood hole out of the entire body of the silver-armored giant bear.

At this moment, the black-robed beast master suddenly exclaimed in disbelief: "How is it possible? This is impossible! I have refined this silver-armored giant bear with special demonic energy. The whole body is very strong, like Made of divine iron, how could a kid like you be able to blast through the body of a silver-armored giant bear with just a pair of fists? This is impossible!"

Although the black-robed beast master was very incredible, Ye Feng did not give him a chance to react at this time.

"Uh-huh!"

Almost at the next moment, Ye Feng rushed from the ground directly to the sky, then flew to the space above the head of the silver-armored giant bear, and came directly in front of the black-robed beast master.

"Soul withered!

!"

The black-robed beast master was startled by Ye Feng who suddenly appeared in front of him, and almost subconsciously launched a very terrifying spiritual attack.

On top of his broken scepter, a jet of dark light rushed out from the crystal ball, instantly covering Ye Feng.

Ye Feng's soul gem started to look like withered flowers and grass, and then withered immediately.

But at this moment, Ye Feng directly activated the soul gem, and a crimson divine light burst out from Ye Feng's head, which instantly shattered the spirit of the black-robed beast master.

"ah!"

The black-robed beast master let out a scream at this moment, and his orifices were bleeding. He fell directly from the high altitude and fell directly to the ground, completely dead.

Rumble...

At this time, the huge silver-armored giant bear suddenly fell to the ground with its entire body, hitting the prairie, and also fell.

"All...all died?"

"Killed that terrifying existence in an instant?"

"hiss!!"

Almost at this moment, many experts watching in Guangming City couldn't help but gasped when they saw the figure of the young man in white not far away.

This kind of strength is really terrifying!

I don't know where this young man in white came from, but he actually possesses such terrifying power.

"Perhaps he is a descendant of a hidden family who came out to experience."

Some people couldn't help but speculate.

After all, the Star Territory is extremely vast, and there are many powerful families.

Some of the heirs of super big families and ancient gods, even the Galaxy Dynasty, the unifying power in the Star Territory, attach great importance to and respect them.

Chapter 3205 Dangerous Star Territory

For Ye Feng, he didn't feel too proud after killing this black-robed beastmaster.

Because the black-robed beast master's own strength is actually not very strong.

As a soul master, Ye Feng had great convenience in being able to kill this black-robed beastmaster.

In addition, Ye Feng's physique is also very powerful. Although monsters like the silver-armored giant bear are very terrifying, they cannot resist Ye Feng's extremely powerful chaotic body.

After all, the silver-armored giant bear is not a descendant of some ancient divine beast. ??

But at this time, Ye Feng sensed that what made him quite happy was that the blood energy and skill contained in the body of this silver-armored giant bear were still very powerful.

"boom!"

At this moment, without any hesitation, Ye Feng directly released the Devouring Domain and enveloped the silver-armored giant bear.

"Crash!"

The next moment, Ye Feng suddenly felt a very powerful energy, which was directly absorbed from the body of the silver-armored giant bear, and then injected into his own body, quickly increasing the skill reserve in his dantian.

"boom!!!"

Half an hour later, Ye Feng's cultivation aura suddenly broke through again, and he entered the tenth level of the Holy Sacrifice Realm.

Ye Feng's eyes suddenly exuded a strong divine light.

At this moment, Ye Feng looked at the body of the black-robed beast master who fell to the ground not far away.

Uh-huh!

Ye Feng reached out and grabbed the storage ring in the black-robed beast master's hand, instantly grabbing it into his own hand.

After careful sensing, Ye Feng discovered that the black-robed beast master's storage ring contained many treasures, many of which were materials that could enhance mental power.

In addition, Ye Feng also found a yellowed book in the storage ring.

On the cover of this book are written three ancient characters "Beast Control".

Ye Feng's eyes suddenly lit up when he saw this book.

Sure enough, this black-robed beast master had a secret book on the practice of beast control.

Ye Feng took out the yellowed book and after flipping through a few pages, he found that the meaning in it was very profound and difficult for ordinary people to understand.

"I can't understand it at all..."

At this time, Ye Feng seemed to have thought of something, and suddenly covered the yellowed book in his hand with his soul power.

Then the next moment.

"boom!"

An extremely profound secret of inheritance suddenly rushed into Ye Feng's soul and mind, allowing Ye Feng to master the secrets at once.

At this time, Ye Feng's eyes showed a trace of joy, and he instantly understood the secret of the records in this yellowed book.

I can be considered a beast master now, I just need real experience.

Ye Feng did not directly use the beast control technique at this time. The masters in Guangming City thought that he and the black-robed beast control master came from the same place.

Uh-huh! Uh-huh! Uh-huh!

At this moment, several strong men flew over from Guangming City not far away.

These strong men are all middle-aged men and look very

of calmness.

The auras of cultivation on their bodies are all at the level of Open Heaven Realm that transcends the Holy Sacrifice Realm.

The most powerful one is the existence of the ninth level of the Open Heaven Realm.

But at this time, they did not dare to look down upon Ye Feng, a young man at the tenth level of the Holy Sacrifice Realm.

Because they all saw Ye Feng's battle just now, it was very shocking and terrifying to the extreme.

At this time, several strong men in Guangming City looked at Ye Feng, and they couldn't help but respectfully said: "Thank you so much for this young hero's help this time, otherwise, our Guangming City will probably be destroyed in that Under the demon army of the evil beastmaster."

When Ye Feng heard what these experts from Guangming City said, he immediately nodded slightly and said with a smile: "I just came out of the depths of the wilderness recently, and I don't know much about the world outside the entire star field. I would like to ask how to get to the Imperial City of the Galaxy Dynasty?"

"It turns out that this young hero comes from the wilderness!"

When a group of experts from Guangming City heard what Ye Feng said, they all showed a hint of awe in their eyes, because the wilderness represented endless mystery.

At this time, a master from Guangming City immediately said: "The imperial city of the Galaxy Dynasty is naturally in the middle of our star field, but we have grown and practiced in Guangming City since ancient times, and we have not gone out much. However, the young hero can follow us back to Guangming City, and then I will ask some older people who have been out to lead the young hero out of this area. "

When Ye Feng heard this expert from Guangming City say this, his eyes suddenly froze.

These powerful people in the entire Guangming City have never been out of the surrounding area?

It seems that the star field is different from what I imagined.

It seems that there is very little interaction and communication between people.

It is somewhat similar to the kind of primitive society where there is a gathering point in one place, and there is little communication between the gathering points in various places.

However, Ye Feng also understood at this time that these masters have such powerful cultivation and have not gone out to explore much. It seems that the entire star field is very dangerous, and the human race is not the absolute controller.

Emperor Chu suddenly spoke in Ye Feng's mind at this time: "The Star Territory is indeed not as simple as you think. The so-called unified dynasty in the Star Territory, the Galaxy Dynasty, is only in the center of the Star Territory. Part of the area, most of the world area in the Star Territory, has basically fallen into the hands of the Demon Realm, and demons appear everywhere."

When Ye Feng heard what Emperor Chu said, there was a hint of surprise on his face: "It seems that I guessed it right before. The biggest enemy of the Galaxy Dynasty is this world of demons, and it gave me an evil curse." The mysterious figure in the royal family is probably a chess piece placed by the Heavenly Demon Realm in the Galaxy royal family, disguised as a member of the royal family."

Emperor Chu said in his mind: "It is possible, so Ye Feng, you can first improve your cultivation in other areas in the Star Territory. When you are strong enough, then go to the Galaxy Dynasty, the imperial city of the Galaxy Dynasty, maybe It's not as safe and stable as people think."

Ye Feng nodded slightly and didn't say anything more. Instead, he followed the strong men from Guangming City and walked towards Guangming City.

Ye Feng plans to stay in Guangming City for a while to get a good understanding of the situation in the entire world of Star Territory.

And the Demon Realm, is it an independent realm, or does it have its own nest in the Star Realm. For Ye Feng, he didn't feel too proud after killing this black-robed beastmaster.

Chapter 3206 Raging Flame City

Ye Feng followed a group of experts from Guangming City and soon arrived at Guangming City.

At this moment, there are already many warriors from Guangming City who are building the collapsed city wall buildings.

When Ye Feng arrived at Guangming City, he immediately felt a very strong energy fluctuation, spreading throughout the city.

Ye Feng was immediately surprised to find that the entire surface of Guangming City was engraved with complex lines, which seemed to be a very special formation.

A middle-aged man wearing bright armor next to him was the city lord of Guangming City. He immediately explained with a smile: "Our Guangming City spent a huge price and invited a powerful formation master to imprint it. This formation can gather the vitality of the surrounding heaven and earth for our warriors in Guangming City to practice. In addition, the entire formation can also reinforce the walls of our Guangming City and resist the ferocious beasts in the wilderness. attack."

When Ye Feng heard what the city lord of Guangming City said, he immediately smiled and nodded and said: "This formation is really multi-functional. It seems that the formation master is very extraordinary."

The Lord of Guangming City immediately showed a trace of admiration in his eyes and said loudly: "That formation master can be said to be a legend walking on this land. The reason why he is willing to build such a structure for us in Guangming City The powerful formation is for the righteousness of the human race and does not require any return from us. "

When Ye Feng heard what the Lord of Guangming City said, he immediately nodded slightly.

Such a figure can indeed be called a legend and deserves to be admired in everyone's hearts.

At this moment, after arriving at Guangming City.

The Lord of Guangming City immediately spoke up and said: "Young Master Ye Feng, you come to our Guangming City this time. After you stay for a while, I will ask those older people to take you out of the area where our Guangming City is located to find the Emperor of the Galaxy Dynasty. The direction of the city."

When Ye Feng heard this, he immediately clasped his fists and said, "Thank you very much, City Lord."

Next, the Lord of Guangming City arranged a place for Ye Feng to live.

This living place is a separate small house, the surrounding is very quiet, and the spiritual energy is very rich.

Obviously, the Lord of Guangming City attaches great importance to Ye Feng, a powerful young man, and the place he arranged is a very good place to live.

After all, Ye Feng saved the entire Guangming City by taking action against the black-robed beastmaster.

It can be said that Ye Feng is now the savior of the entire Guangming City, and the city lord of Guangming City naturally does not dare to show any neglect.

For the next period of time, Ye Feng stayed in Guangming City.

During this period, Ye Feng did not waste time and obtained many books about the entire Star Territory from the Lord of Guangming City.

At this time, Ye Feng finally knew that most of the Star Territory was a wilderness. There were all kinds of wilderness and mountains everywhere, and there were many terrifying and ferocious beasts living there.

The area controlled by the real human race is in the center of the star field and is ruled by the Galaxy Dynasty. Therefore, if you want to enter the area where the Galaxy Dynasty is located, you must cross the endless wilderness to enter it.

After Ye Feng learned this, there was a trace of a wry smile in his eyes.

It seems that he wants to enter the true unification of the Galaxy Dynasty.

Shuai's territory is still quite far away, and it has to pass through a large wilderness.

However, the wild forest is very dangerous and terrifying to other people, but for Ye Feng, it is not as scary as imagined.

Because Ye Feng is originally a soul master, his perception is very powerful and he can sense the dangerous aura of various ferocious beasts in advance.

In addition, Ye Feng has a Devouring Domain, where he can fight in the wilderness, support fighting with war, and can also improve his own strength.

So Ye Feng was ready to leave Guangming City on the third day.

After all, Ye Feng doesn't want to waste too much time. His current lifespan is only three years. In three years, the evil curse will break out and kill him.

When he learned that Ye Feng was leaving Guangming City, the Lord of Guangming City called over an old man who looked very vicissitudes of life.

He introduced with a smile: "This man is the oldest old man in our Guangming City. He has been to explore the wild land outside our Guangming City. Although this old man's cultivation level is not high, he is familiar with the surrounding areas of Guangming City. He is very familiar with the wilderness area, and he can take you far away from the nearby wilderness to another human city hundreds of thousands of kilometers away from Guangming City, called Raging Flame City."

"City of Flames?"

There was a look of surprise in Ye Feng's eyes.

The Lord of Guangming City immediately said: "Yes, Lieyan City is closer to the center of the Star Territory. When you arrive at Lieyan City, you can continue to ask the city lord over there to help you go to a city closer to the center of the Star Territory. Lieyan The city lord and I are good friends. If you bring my identity token, he will receive you well. "

At this time, the Lord of Guangming City said that he took out a token emitting white light from his storage ring and handed it to Ye Feng.

Ye Feng took the token that exuded white light and said with great gratitude: "Thank you City Lord."

Ye Feng knew very well that if he did not find the city lords of each city to help him move forward, he would probably get lost in the endless wilderness outside the center of the star field.

That would be troublesome.

Therefore, while Ye Feng is practicing in the wilderness, he must also maintain the correct direction and constantly approach the center of the star field.

At this time, Ye Feng looked at the old man brought by the Lord of Guangming City, and immediately clasped his fists and said, "Then we will rely on our seniors to guide us."

This old man who looked very vicissitudes of life immediately smiled respectfully and said quickly: "Young hero, I am serious, I am just an ordinary old man. If you don't mind, you can call me Mr. Chen. My surname is Chen." "

Ye Feng immediately nodded and said, "Okay, Mr. Chen. From now on, Mr. Chen can just call me Ye Feng."

Mr. Chen immediately retaliated with his fist and said, "Okay, from now on, I will boldly call the young hero Mr. Ye Feng."

Next, Ye Feng said goodbye to the city lord of Guangming City, followed Mr. Chen, and left Guangming City directly, heading towards the endless wilderness outside Guangming City.

One side of Guangming City is a vast prairie, and the other side is an endless wilderness covered with dense jungles and countless towering ancient trees.

If Ye Feng wants to reach the territory of the Galaxy Dynasty in the center of the Star Territory, he needs to go through this endless wilderness and go to another ancient city closer to the territory of the Galaxy Dynasty, Raging Flame City. Ye Feng followed a group of experts from Guangming City and soon arrived at Guangming City.

At this moment, there are already many warriors from Guangming City who are building the collapsed city wall buildings.

At this moment, after arriving at Guangming City.

The Lord of Guangming City immediately spoke up and said: "Young Master Ye Feng, you come to our Guangming City this time. After you stay for a period of time, I will ask the elders to take you out of the area where our Guangming City is located to find the Emperor of the Galaxy Dynasty. The direction of the city."

When Ye Feng heard this, he immediately clasped his fists and said, "Thank you very much, City Lord."

Next, the Lord of Guangming City arranged a place for Ye Feng to live.

Chapter 3207 Giant Python

When Ye Feng followed Mr. Chen from Guangming City and completely stayed away from Guangming City.

Ye Feng suddenly felt a very vicious and wild aura, flowing in the surrounding air.

At this moment, Mr. Chen spoke to Ye Feng and said: "Master Ye Feng, I have explored this vast wilderness in my early years and successfully reached the Raging Flame City hundreds of thousands of kilometers away. However, I also encountered obstacles on the way. We have lost a lot of friends and partners, so we must be careful."

When Ye Feng heard this, he immediately nodded and said, "Okay, I understand. I'll ask Mr. Chen to lead the way."

"good."

Mr. Chen nodded and walked directly forward.

At this time, the two of them walked one behind the other in the surrounding wilderness.

This vast forest is very vast, surrounded by towering trees with high crowns that cover the sky.

However, Mr. Chen looked around and saw that the roads he took were all kinds of forest paths, and he was obviously very familiar with the surrounding wilderness terrain.

Ye Feng did not take Mr. Chen to fly in the wild forest, because this wild forest was very dangerous and full of dangers, so it was better not to fly at will.

I have to say that Mr. Chen is very experienced. Although the road he took was very winding, he did not encounter any danger along the way.

Occasionally, some evil beasts sprang out from the surrounding jungle. They were all ordinary evil beasts, which were easily dealt with by Ye Feng, swallowing up the blood and energy.

In this way, for the next few days, the two of them remained silent and just kept moving forward.

On the seventh day, Mr. Chen looked around, and suddenly there was a hint of doubt in his eyes.

Ye Feng noticed Mr. Chen's expression and couldn't help asking: "What's wrong?"

Mr. Chen said: "The road here is different from before. The environment has changed greatly. It seems to have been destroyed by some evil beasts fighting."

At this time Chen

As the old man spoke, he pointed around and said: "It used to be that there were several towering trees here, but now they are all broken, leaving only wooden piles. Several paths around it have also been crushed by some kind of giant. I can't see the original appearance anymore."

When Ye Feng heard what Mr. Chen said, he couldn't help but ask: "How far are we from Raging Flame City now?"

Mr. Chen said: "We have crossed most of the wilderness forest, and we should be almost at the edge of the Flame City."

Hearing this, Ye Feng nodded immediately and said, "Then I can walk the rest of the way by myself. Mr. Chen, you can go back."

Mr. Chen immediately said: "How can that be done? I didn't send Mr. Ye Feng to Lieyan City. I can't just leave like this."

Ye Feng smiled slightly and said aloud: "Don't worry, there is only half the distance left, I can just walk by myself, and Mr. Chen, you don't know the rest of the way anymore. If you continue walking with me, you may not be able to return." The city of light."

Ye Feng knew that Mr. Chen didn't know the way now, so even if he followed him, it would be of no use.

Moreover, this Mr. Chen is not a strong martial artist. Following Ye Feng, Ye Feng will eventually need to protect him.

It's better to let Mr. Chen go back the same way and return to Guangming City safely.

As for the next half of the journey, Ye Feng thinks he should be fine.

When Mr. Chen heard what Ye Feng said at this moment, he thought it made sense, and immediately clasped his fists and said, "Okay, since Mr. Ye Feng has said so, I will leave first. Mr. Ye Feng must be careful next. "

Ye Feng nodded immediately and said, "Okay, be careful on the road, Mr. Chen."

Uh-huh!

Finished

After that, Ye Feng identified the general direction and quickly flew towards that direction.

Although Mr. Chen left directly now, Ye Feng has now traveled nearly half of the distance through this vast wilderness.

Ye Feng's location at this moment should not be far from Raging Flame City.

Knowing the general direction, Ye Feng felt that he would not get lost.

At this time, Ye Feng did not deliberately look for any path to avoid danger.

So when he had just walked a few kilometers, a python with huge silver horns suddenly rushed out of the surrounding jungle.

This python with huge silver horns exudes a very ferocious aura.

At this moment, this behemoth rushed directly towards Ye Feng, opening its bloody mouth, and wanted to swallow Ye Feng, a human youth with very rich blood and energy.

"boom!"

At this moment, Ye Feng didn't hesitate at all and just subconsciously punched forward fiercely.

boom! !

The entire field suddenly erupted with a huge roar.

Ye Feng's fist struck the python, causing a huge impact.

The python was blasted far away in an instant!

However, Ye Feng himself was shocked and took a dozen steps back.

This made Ye Feng's eyes show surprise.

It has to be said that the evil beasts living in this wild forest are still very terrifying.

You know, Ye Feng had punched the giant silver-armored bear through his body instantly.

But this python has many silver scales on its body, which are very strong, like a thick layer of armor, protecting this python

It's very perfect.

Even Ye Feng couldn't detect the specific weakness of this python for a moment.

"Roar....."

At this time, the ferocious python seemed to realize that Ye Feng, a young man, did not seem to be easy to mess with.

But this giant python did not leave. Instead, it let out a low roar, seeming to be looking for an opportunity to swallow Ye Feng.

"boom!"

Suddenly at this moment, the silver horn on the top of the giant python's head burst out with a bolt of thunder and lightning, directly bombarding Ye Feng.

It seems that this giant python seems to know that if it only relies on the power of its body, it cannot gain the upper hand. It can only electrocute Ye Feng through the attack of this natural talent.

"That one horn can actually discharge electricity?"

Ye Feng's eyes suddenly showed a look of surprise.

It seems that this silver-horned giant python is not an ordinary giant python, but a descendant of a very powerful ancient beast. It is very possible.

"boom!"

At this moment, while Ye Feng was thinking, the thunder erupted from the silver horn on the top of the giant python's head had already bombarded Ye Feng's body.

Ye Feng immediately felt a very terrifying destructive power, rapidly destroying his body.

But Ye Feng was running his chaotic body at this time, and a chaotic energy spread around his body, allowing Ye Feng to directly resist this thunderous attack.

At this moment, the giant python seemed to feel that his thunder would definitely be able to crush Ye Feng, a young man.

But the next moment, I saw Ye Feng still standing there, even bathing in the thunder very leisurely, like a young human god.

This made the giant python stunned all of a sudden!

Chapter 3208 The Emperor of the Earth

It is estimated that this giant python has never thought that Ye Feng, a seemingly ordinary human boy, has a body that is as powerful as some divine bodies.

"boom!!"

At this moment, the giant python's eyes became fierce and it continued to erupt with terrifying thunder.

Streams of destructive thunder and lightning burst out from the silver horns on the top of the giant python's head, like a thunder net all over the sky, directly covering Ye Feng.

Ye Feng looked at the terrifying thunder grid around him. There was no fear in his eyes. Instead, he laughed and said, "The power of thunder is of no use to me!"

boom!

At this moment, an ancient talisman flew out of Ye Feng's body.

It is the Thunder Ancestral Talisman!

"boom!"

The Thunder Ancestral Talisman released a bright light, which instantly absorbed the sky-filled thunder and lightning released by the giant python.

"Roar??"

Seeing this scene, the giant python was stunned again.

What it had just released was the thunder power that it had accumulated for a long time. Released all at once, it was enough to destroy tens of thousands of kilometers of wilderness.

But a small talisman released by Ye Feng absorbed all the light of thunder and lightning.

This made the python's attack suddenly useless.

At this time, the giant python immediately understood that the human boy in front of him was definitely a very scary figure.

Uh-huh!

The giant python did not hesitate at this time and flew quickly in a certain direction in the distance.

Because it felt a huge life danger from Ye Feng, a human boy.

"Now that you're here, don't even think about running away."

Ye Feng laughed loudly and chased directly towards the giant python.

Swish, swish, swish!

Ye Feng was very surprised

What's amazing is that this giant python escaped very quickly.

Even with Ye Feng's speed, he would not be able to catch up for a while.

But Ye Feng is not in a hurry, because he is sure to eat this python!

"Buzz!"

Half an hour later, Ye Feng finally caught up with the giant python.

But at this time, Ye Feng saw that this giant python actually got into a very hidden cave.

When Ye Feng came to the entrance of the cave, there was a hint of surprise in his eyes.

Because he saw that there was a very ancient stone tablet at the entrance of the cave.

This stone tablet has four big characters written on it: "Emperor of the Earth".

"Earth Emperor?"

Ye Feng stared at this ancient stone tablet with doubts in his eyes.

This doesn't seem to be an ordinary cave.

But when Ye Feng stared at these four characters.

"Boom!"

Suddenly he felt that his spirit and soul were shaken violently.

Ye Feng only felt that a tall figure with boundless majesty appeared in his spiritual world.

This majestic figure put a terrifying pressure on Ye Feng, just like the sole and exclusive emperor in the sky and on earth, giving people a very noble and terrifying feeling.

"This stone tablet contains a very terrifying strong will!"

Ye Feng couldn't help but take a deep breath at this time.

The next moment, Ye Feng's spirit retreated from the stone tablet.

Cold sweat broke out on his forehead.

"This stone tablet is absolutely extraordinary!"

Even if it's just a piece

The four words "Emperor of the Earth" were written on the stone, which seemed to give this ordinary stone tablet a different kind of energy.

At this moment, Ye Feng reached out and grabbed the stone tablet.

"Buzz!"

But the next moment, no matter how hard Ye Feng tried, he couldn't pull the stone tablet out of the ground.

Emperor Chu suddenly spoke in his mind: "This seems to be something left by an ancient powerful man. It is very extraordinary. This Emperor of the Earth seems to be a legendary figure."

When Ye Feng heard what Emperor Chu said, his eyes suddenly lit up: "Emperor Chu, have you ever heard of the Emperor of the Earth?"

Emperor Chu nodded in his mind and said aloud: "Among the memory fragments of my awakening, there is a record of this Emperor of the Earth. He is a very ancient existence. He is a legendary figure in the Star Territory. Character, Ye Feng, you are very lucky. You accidentally came across the relics related to the Emperor of the Earth. I can almost guess that the cave behind the stone monument and the place where the python escaped are the ancient relics left by the Emperor of the Earth. "

Hearing what Emperor Chu said, Ye Feng's face suddenly showed a look of joy.

Unexpectedly, I chased a python and ended up at the door of the ancient ruins of a legendary figure.

"But this stone tablet is definitely a good thing. It is very likely that these four words were written by the Emperor of the Earth himself."

Ye Feng spoke up at this time: "We have to find a way to take this stone tablet away. It may contain mysterious power, and it may have a huge effect at a critical moment."

Emperor Chu also agreed in his mind: "If these four words were really written by the Emperor of the Earth himself, it is indeed a treasure, and it can indeed perform miraculous effects at critical moments, but even Ye Feng, your current chaotic body They are unable to pull out this stone tablet. It seems that this stone tablet has been deeply connected with the entire earth. Ye Feng, you can try to pull this stone tablet out.

The soil around a stone monument was dug out. "

When Ye Feng heard what Emperor Chu said, he immediately nodded with bright eyes: "That's right, although I can't pull out the body of the stone tablet, I should be able to dig it out along with the soil around it."

Crunch, crunch...

Just do it, Ye Feng stretched out his hands and started pulling out the soil.

Sure enough, Emperor Chu's method was still very effective.

Ye Feng dug out the soil around the stone monument and pulled up the entire stone monument.

Ye Feng carefully put the entire stone tablet into his storage ring, and then he was satisfied.

Then Ye Feng looked in the direction of the cave, with a hint of vigilance in his eyes, and walked directly into it.

The moment Ye Feng entered the cave, Zheng Dun felt that his field of vision became very broadened.

The entire cave looks like a small cave from the outside, but once you enter it, you find that it is like a huge underground world.

There are nine floors in the entire underground world, and there are various huge caves everywhere, which look very majestic and magnificent.

In addition, Ye Feng also saw other winding passages from these caves, which should lead to other places.

At this time, Ye Feng did not hesitate and directly began to capture the breath left by the giant python in the air, searching for it.

Because Ye Feng is now almost certain that the reason why this giant python can transform into such a powerful one is probably related to some kind of treasure in the ancient ruins left by the Emperor of the Earth.

Ye Feng is now chasing the silver-horned python, maybe he can find some unique and rare treasure.

It must be extraordinary to be able to transform an ordinary python into something covered with silver scales and with a dragon horn growing out of its head!

Chapter 3209 Mysterious Spring

Swish, swish, swish!

Ye Feng's perception is very powerful, and he can instantly capture the breath of the giant python from the air.

Following the breath, Ye Feng quickly advanced through the entire underground cave, twisting and turning, and finally came to the door of a rather huge stone chamber.

Uh-huh!

Ye Feng rushed directly into the stone chamber and immediately saw the giant python, covered in silver scales, hovering in the middle of the stone chamber.

There is a huge pit in the middle of the stone chamber, and a piece of boiling spring water is bubbling out of this pit.

Ye Feng immediately discovered that this spring contained very rich spiritual energy, and also contained a mysterious aura that seemed to be able to evolve people's physiques.

Ye Feng immediately understood that the reason why this giant python could evolve into what it is today must be dependent on this spring water.

"Roar!"

The giant python saw Ye Feng appearing at the door of the stone room, and his eyes suddenly showed deep horror.

The giant python seemed to have never thought that Ye Feng would be able to find this place.

"Uh-huh!"

At this moment, the giant python immediately rushed into the spring water, trying to escape from the water.

"boom!"

But the next moment, Ye Feng had already grabbed it with one hand like lightning, and directly grabbed the giant python in his hand.

"Roar!!"

The giant python let out a huge roar, and bursts of thunderous light burst out from the horns above its head, hitting Ye Feng's body crazily.

But it has no effect at all.

Because Ye Feng possesses the Thunder Ancestral Talisman, he can directly absorb the power of thunder awakened by this giant python.

Therefore, the python's attack did no harm to Ye Feng.

Ye Feng grabbed the giant python with one hand, and then directly released the Devouring Domain, which instantly began to swallow the entire blood energy of the giant python.

"Boom!"

this

A giant python is still very terrifying, and the blood energy contained in it is very powerful. Ye Feng's skill has been greatly improved immediately. He has directly transformed from the tenth level of the Holy Sacrifice Realm to the Half-Step Open Heaven Realm!

When Ye Feng broke through to the half-step Open Heaven realm, he immediately felt that his power had received a huge boost.

With Ye Feng's bottomless pit-like body, once he gets a breakthrough, his combat power will increase exponentially.

At this time, after Ye Feng absorbed the blood energy of the entire giant python, his eyes immediately fell on the spring in the middle of the stone chamber.

At this time, Ye Feng sensed that the spring water in this stone chamber contained a very mysterious energy, and it was not just a spiritual spring.

Emperor Chu suddenly said aloud in his mind: "Ye Feng, this spring seems to be a spring that can evolve the life essence of living beings. You can try jumping into this spring, maybe you can get your blood." Metamorphosis."

When Ye Feng heard what Emperor Chu said, his eyes immediately moved and he couldn't help but ask: "Can this kind of spring water awaken my Hongmeng bloodline?"

Ye Feng's most powerful person now is probably the Hongmeng bloodline that has never been awakened.

After all, the Hongmeng bloodline is the most powerful bloodline in the entire Origin World.

Once activated and awakened, Ye Feng will receive a huge improvement.

When Emperor Chu heard Ye Feng's question, he was silent for a moment, and then said, "I'm not sure about this, you can give it a try."

"good."

Ye Feng nodded slightly, then with a "pop" sound, he jumped directly into the spring water in front of him.

Buzz!

Almost the moment Ye Feng entered the spring water, he immediately felt every cell in his body cheering for joy.

There is a very mysterious energy in the spring water, which is quickly integrating into

In his own body, he is rapidly transforming his body and upgrading his physique and life source.

This feeling made Ye Feng feel as if he was about to ascend to immortality, giving him a feeling of elation.

At this moment, Ye Feng could sense that his Chaos Body and Chaos Bloodline were constantly improving.

"This kind of spring water can actually increase the strength of my chaotic body. Not bad."

What makes Ye Feng quite happy is that the mysterious energy contained in this spring water can greatly enhance Ye Feng's physique. .??.

At this moment, Ye Feng was no longer satisfied with the mysterious energy in the spring actively integrating into his body.

boom!

He directly released his extremely powerful swallowing ability, forcibly and quickly absorbing the mysterious energy contained in the entire spring water.

"Buzz, buzz, buzz..."

At this moment, Ye Feng's chaotic body is growing rapidly.

boom!

The second level of the early stage of the eighth heaven of the Chaos Body!

boom!

The third level of the early stage of the eighth heaven of the Chaos Body!

boom!

The fourth level of the early stage of the eighth heaven of the chaotic body!

...

A full half hour passed.

With the help of the mysterious energy in the spring, Ye Feng's chaotic body was directly promoted to the first level of the middle eighth level of the chaotic body!

It can be said that this is a huge improvement and gain.

Because the increase in the strength of Ye Feng's chaotic body was originally a very difficult task.

But this time, it suddenly improved from the early stage to the middle stage, which once again increased the strength of Ye Feng's chaotic body a lot.

Ye Feng clenched his fists and felt that his strength had increased tremendously.

Uh-huh! Uh-huh!

At this time, Ye Feng walked out of the spring and suddenly saw the door of the stone room, and suddenly flashed

Two young men in white robes came over.

The cultivation auras of these two young men are extremely powerful, and they are both powerful beings in the ninth level of the Open Heaven Realm.

Ye Feng was stunned for a moment, as if he didn't expect that there were other people in such deep ancient ruins.

Ye Feng immediately guessed that there must be other entrances and exits to the ancient ruins left by the Emperor of the Earth, not just the cave he came from.

At this moment, before Ye Feng could say anything, suddenly the two extremely powerful Open Heaven Realm Ninth Level masters at the door of the stone room stared at Ye Feng, and then asked aloud: "Boy, have you seen it?" A giant python escaped here?"

Faced with the condescending tone of these two strong men, Ye Feng frowned and said, "I didn't see it."

After saying that, Ye Feng was ready to leave the stone room directly.

Uh-huh!

But the next moment, a young man stood directly in front of Ye Feng and said with a sneer: "You must have found some treasure in here, right? That giant python must have been transformed because of the treasure in this stone chamber, so hurry up Hand it over and I'll spare your life."

Seeing this young man standing in front of him, Ye Feng immediately showed a cold look in his eyes and said loudly: "I didn't want to cause a bloody storm, but you didn't give me a chance. Since you want to If you blackmail me, be prepared to pay the price with blood!"

"Hahaha!"

At this moment, when the two Open Heaven Realm Ninth Level masters in front of them heard what Ye Feng said, they both had deep sarcasm in their eyes.

A young man immediately sneered and said: "The aura on your boy's body is only half-step to the Open Heaven Realm, and both of us are strong men in the ninth level of the Open Heaven Realm. You dare to speak to us like this. It seems that we have no choice but to I killed you on the spot, and then searched for your storage ring. If you were able to enter this ruins, you must have obtained a lot of treasures. It seems that after killing you this time, we can make a small fortune. Rich, hahaha!"

Chapter 3210 Xiao Family

The cultivation base of these two young men is very powerful, and they are the existences of the ninth level of the Open Heaven Realm.

So when they faced Ye Feng, a boy who was only half-stepped into the Open Heaven Realm, they naturally had no fear, but were filled with a deep murderous intention.

Because they felt that Ye Feng must have a very good treasure on his body.

After all, if you can enter this ancient ruins, you must be able to collect some wealth more or less.

At this time, Ye Feng looked at the two young men not far away with eyes full of murderous intent, and said with a cold smile: "Since you two want to die so much, then I will help you!" ??

"Boy, stop talking nonsense, let me help you!"

The young man standing on the far left immediately smiled sarcastically, and then took action directly.

boom!

A long knife with black lines appeared in his hand, and it slashed directly towards Ye Feng.

The moment he chopped, the black lines on his long knife directly emitted a bright black light, condensing into the image of a demon, full of terrifying destructive power.

Obviously this is a very powerful weapon. The moment it is used, it can release the shadow of will in the sword and increase its power.

"Defeat you with one punch!"

Ye Feng did not use any of his martial arts moves at this moment, nor did he use any powerful inheritance.

Because Ye Feng had just experienced a huge improvement in his chaotic body through the mysterious special energy in the mysterious spring water, directly rising to a large level.

It has been promoted from the early stage to the middle stage, spanning ten levels!

So at this time, the strength of Ye Feng's chaotic body has reached a very terrifying level.

Buzz!

At this moment, Ye Feng punched out with an ordinary punch, causing the young man who took action not far away to have a deep sarcasm in his eyes.

He laughed loudly and said: "Boy, I suspect that your brain is broken. I can cut your entire body in half with this knife!"

Boom!

But at the next moment, Ye Feng's fist hit the black-edged sword in the young man's hand.

What made the young man's eyes look deeply horrified was that Ye Feng's fist actually shattered the extremely powerful long knife in the young man's hand into pieces.

Ye Feng's fist seemed to be made of divine iron. It was extremely strong and contained a very terrifying impact.

"What?!"

Seeing this scene, the young man was immediately stunned. He seemed to have never expected that Ye Feng's fists were like the strongest weapons in the world.

"Poof!"

And at the next moment, before the young man could react, Ye Feng's fist continued to move forward and struck out. Like lightning, it directly penetrated the young man's body, leaving a bloody hole.

"ah!!"

This young man, a strong man from the ninth level of the Open Heaven Realm, was killed by Ye Feng before he could even react.

Before he died, he widened his eyes and murmured: "I am a strong man in the ninth level of the Open Heaven Realm... You are only half a step into the Open Heaven Realm. How can you have such a powerful power?"

However, after the young man finished speaking, he tilted his head and died on the spot without a chance to listen to Ye Feng's explanation.

However, Ye Feng naturally had no intention of explaining at this time.

boom!

His eyes were fierce, and he continued to rush towards the next young man like a wolf.

The second young man is also a strong man in the ninth level of the Open Heaven Realm.

But at this time, he saw what had just happened. This strong man in the ninth level of the Open Heaven Realm was already so frightened that his hands and feet were weak.

Uh-huh!

He immediately flew towards the stone room in terror.

Because he knew that there was no way he could be a match for this young man named Ye Feng.

In his heart, this young man has become an old devil in human skin. He is very terrifying and cannot be provoked by him at all.

Boom!

But at the next moment, Ye Feng's fist was as fast as lightning and had already hit the second young man's back.

But the next moment, what surprised Ye Feng was that this young man seemed to be wearing a very powerful protective armor, and he actually blocked his fist.

But Ye Feng also saw that there was a huge dent in the protective armor, and it was obvious that it could not withstand his second punch. ??

boom!

Ye Feng continued to punch out, but the young man immediately shouted in horror: "Hero, spare your life, I am a member of the Xiao family, a big family in Lieyan City, and our Xiao family also has many super masters, all around here." Exploring this ancient ruins, if you let me go, I can give you a lot of benefits, but if you kill me, it will not do you any good, but it will anger our entire Xiao family."

Ye Feng was unmoved at this time. He just smiled coldly and said: "I have killed a member of your Xiao family just now, and now you are not the only one left. If I want to blame you, I blame you for being too greedy. I We were all ready to leave directly, but you took the initiative to provoke me, so you will only end up dead. I have said before that I didn't want to cause a bloody storm, but you didn't give me a chance. "

boom!

After saying that, Ye Feng didn't hesitate at all and punched out hard.

With a "click", the young man's guardian turned on and was directly blown to pieces by Ye Feng.

Then Ye Feng's fist was like the sharpest spear in the world, piercing the entire body of the young man and killing him completely.

In just a short moment, two strong men from the ninth level of the Open Heaven Realm died completely in Ye Feng's hands, with almost no power to resist.

If this scene spreads, everyone in the world will be shocked and will definitely be amazed by Ye Feng's fighting power.

Moreover, Ye Feng did not display any powerful inheritance.

After all, Ye Feng's chaotic body has been greatly improved this time after being transformed by the mysterious spring water.

Just the power of his body possesses a terrifying lethality, almost like a humanoid weapon!

As for what the second young man said, he came from some big family in Lieyan City, the Xiao family.

Ye Feng didn't care at all.

Because Ye Feng has never been a person who is afraid of trouble, and he will not dare to kill the enemy just because he is threatened.

What makes Ye Feng quite happy is that these two young men are from the Xiao family and are located in Lieyan City.

It seems that this place is really not far from Raging Flame City.

This ancient ruins should be in the wilderness near Raging Flame City.

Otherwise, it would be impossible for family members from Blazing City to appear here to search for treasures.

Ye Feng also confirmed his guess at this time.

Among the ancient ruins of the Earth Emperor, there could not be only the entrance to the small cave where he entered.

There must be other entrances, allowing many powerful people from big families and big forces to enter here, looking for opportunities to create magic.

But Ye Feng knew that these people probably didn't know that this ancient ruins were the ruins of the legendary Earth Emperor.

Otherwise, not only powerful people from small cities like Raging Flame City will enter, but also people from other super powerful forces in the entire star field will enter.

After all, the Earth Emperor was a very famous and legendary figure, and would even attract the attention of the entire Galaxy Dynasty.

But no one knows now that these are the ancient ruins of the Earth Emperor.

This is a good thing.

For Ye Feng, he might be able to obtain the real treasure left by the final Emperor of the Earth.

Because, if a transcendent power like the Galaxy Dynasty really came in and intervened, then the treasures left by the Earth Emperor would probably have nothing to do with Ye Feng.

After all, they are too powerful.

But just competing with big families in an ordinary city like Flame City, Ye Feng felt that he might still become the ultimate winner.

Of course, it also depends on chance and luck.

Buzz!

At this moment, Ye Feng thought in his mind and directly released the Devouring Domain, covering the two Xiao family masters.
