Chapter 321 Confidence

According to what senior Li Jianyi of the Taixuan Sword Sect said before, in order to stand out in the Hundred Dynasties War and be favored by overlords such as Poseidon Academy, it is best to have a level of spiritual power, which will make those overlords shine. Then you will have the initiative.

And during this period, Ye Feng was planning to inquire around Suzaku City to see if there were any larger auctions or black markets. He wanted to buy some spiritual objects that could enhance his soul power.

If his soul power improves, he will be a huge hidden trump card in the extremely dangerous Hundred Dynasties War.

So at this time, Ye Feng asked Chu Huanxue to tie Chu Yuxiao directly to a pillar in the hall. Then he turned around and said to the old Yan with an ugly look on his face: "Go back quickly and get together." I'll give you three days of a hundred imperial elixirs. After three days, I will tie Chu Yuxiao to a carriage and show it to the public, saying that the young prince of the Sixth Prince's Palace will not pay back the money."

"you.....!"

Chu Yuxiao has always been a dandy and a scoundrel, but today he was completely driven crazy by Ye Feng's arrogance.

"puff!"

Chu Yuxiao was so angry that the young prince from the Sixth Prince's Palace spat out a mouthful of blood and fainted from anger.

"Little prince!"

Yan Lao's eyes suddenly changed, then he gritted his teeth and said to Ye Feng: "Senior, take good care of the young prince. I will go back to the Sixth Prince's Mansion to collect the elixir that senior needs."

Uh-huh!

Mr. Yan jumped up and disappeared into the distant buildings.

Ye Feng and Chu Huanxue ignored Chu Yuxiao who fainted. They walked out of the central hall and sat under a pavilion with winding water and sand.

Ye Feng was lying on a reclining chair. Chu Huanxue very obediently peeled off a grape and brought it to Ye Feng's mouth.

\u003c

br\u003e Ye Feng was eating grapes and looking at the rockery and flowing water around him, feeling very comfortable and leisurely.

This feeling is pretty good.

Chu Huanxue hesitated for a while, and finally couldn't hold it back anymore, and said: "Master, are we too cruel to Chu Yuxiao like this? After all, behind Chu Yuxiao is the entire Sixth Prince's Mansion, and the entire people of Suzaku City Everyone knows that the powerful Sixth Prince loves his only son, Chu Yuxiao, the most. That old Yan will definitely not go back to collect the elixir you want, Master, but will bring countless strong men to kill us. "

Ye Feng glanced at Chu Huanxue, smiled and said: "Little girl, you still know the urgency, but you don't have to worry, nothing will happen to you as long as I am here. What you have to do now is to practice well, as for the powerful The oppression, as long as I am here, no one can make trouble!"

Ye Feng's words were filled with a hint of domineering and strong self-confidence.

This is not because Ye Feng is arrogant, but because he really has this strength now.

The Suzaku Dynasty is said to be one of the ten super dynasties, even though the major forces in Suzaku City have much deeper foundations than those in the Great Yan Dynasty.

But after all, the Suzaku Dynasty is still an ordinary dynasty. Even if it is a super dynasty, there will be no too terrifying existence.

Ye Feng asked himself, his current cultivation level, the Nine-Step Martial Master, was only one step away from the magical realm.

Moreover, Ye Feng's combat power is definitely comparable to that of a real great monk in the magical power realm!

How can he be someone who can kill Long Zhetian?

So at this time, Ye Feng was just eating the grapes handed over by Huan Xue, lying on the chair, waiting for the next move of the Sixth Prince's Palace.

Ye Feng was enjoying himself, but Chu Huanxue was a little worried. After all, she knew how powerful the Sixth Prince's Palace was. Even the Suzaku royal family was very afraid of the Sixth Prince's Palace. Chapter 322 Domain

Time passes quietly through your fingers like quicksand.

Night fell in the blink of an eye, and the entire Seventh Prince's Mansion suddenly fell into darkness.

Under the endless starry sky, the silvery bright moon shed a cold light, giving the entire dilapidated Seventh Prince's Mansion a strangely beautiful look.

At this time, Ye Feng and Chu Huanxue were still sitting in the pavilion.

They have been waiting here for a day.

Chu Huanxue had some doubts in her eyes and couldn't help but ask: "Master, what are we waiting for?"

Ye Feng closed his eyes and rested his mind, and then said lightly: "Waiting for the people from the Sixth Prince's Palace."

"Waiting for the people from the Sixth Prince's Palace?"

Chu Huanxue's small beautiful eyes showed a hint of confusion.

But since Ye Feng said so, she naturally didn't ask any more questions.

She held her chin in her hands and waited silently in the pavilion.

Time passed quickly, and it was late at night in a blink of an eye. For some reason, there was an inexplicable chill in the air.

In the pavilion of the Seventh Prince's Mansion, Chu Huanxue was taking a nap.

And Ye Feng was lying on the chair, his eyes that were originally closed, suddenly opened at this time.

"coming."

Ye Feng suddenly spoke up.

"What's coming?"

Chu Huanxue suddenly woke up and asked quickly.

Uh-huh!

But before Ye Feng could answer anything, a cold arrow suddenly shot out from the darkness in the distance.

This arrow was made entirely of fine iron and was as thick as an adult's arm.

This is no ordinary arrow.

Instead, it is a powerful war weapon for siege, the war repeating crossbow!

"This is a war repeating crossbow that can only be controlled by the royal family of the Suzaku Dynasty!"

"This huge arrow can shoot through an ancient city in an instant! The lethality and destructive power are terrifying!"

Chu Huanxue was born into a princely family, so she naturally has extraordinary eyesight. She immediately exclaimed: "These are definitely people from the Sixth Prince's Palace! They are actually lurking late at night to kill us!"

Ye Feng smiled and said: "The little girl has finally enlightened. This is the group of people we are waiting for!"

"boom!"

Ye Feng said and punched out fiercely. \u003c

br\u003e

His fist suddenly became as if it were made of gold, filled with a hardness and impact that shattered everything.

"Boom!"

The golden fist and the huge war crossbow arrows struck together, and the war crossbow arrows were instantly shattered into pieces!

The war arrows that could instantly penetrate the ancient majestic city walls were so fragile under Ye Feng's fist.

Uh-huh!

Uh-huh!

Uh-huh!

But almost at the next moment, eight more war crossbow arrows burst out from all directions.

"go back!"

At this time, Ye Feng suddenly stretched out his hands and pressed them around.

Suddenly, a vague spatial power rippled out from his hands.

This is a fighting method that Ye Feng has learned from the secret seeds of space that he has studied for a long time.

He has not been idle for such a long time. In addition to perfecting his martial arts cultivation, he also explored the third accompanying talent that he awakened, the divine eye of creation related to the soul.

Ye Feng also fully understood the secret seeds of space in his body, and created a method to temporarily control the space within a few meters around him.

The old demon Longshang was very amazed by this. He once told Ye Feng that this belongs to the category of "domain". Only the unparalleled powerhouses who have surpassed the magical realm have magical means that can be condensed with abilities.

But now, Ye Feng is initially able to use the comprehension space around him.

He pressed it out with both hands, and the eight huge war crossbow arrows suddenly stopped strangely in the void.

Then.....

"boom!"

"boom!"

"boom!"

The eight arrows instantly reflected back at a more ferocious speed, piercing through the eight hidden masters of war repeating crossbows in the darkness.

"ah!"

"ah!"

In the surrounding darkness, a shrill howl suddenly erupted.

"hiss!"

"What a weird and terrifying method!"

At this time, the other killers sent by the Sixth Prince's Palace who were hidden in the darkness all gasped when they saw the unscientific scene just now. Time passes quietly through your fingers like quicksand.

At this time, the other killers sent by the Sixth Prince's Palace who were hidden in the darkness all gasped when they saw the unscientific scene just now.

Chapter 323 War Repeating Crossbow

Ye Feng's eyes had a hint of coldness at this time.

Originally, he was just guessing that the Sixth Prince's Mansion might send a killer.

Finally they came.

Moreover, it also carries the kind of war repeating crossbow that can instantly penetrate an ancient city.

This kind of war repeating crossbow has extremely terrifying impact and penetration!

Continuously firing several war crossbow arrows at the same time is probably a fatal threat to ordinary martial masters.

Although Ye Feng is powerful and has a golden fighting body, he is not afraid of such mundane weapons of war at all.

But Chu Huanxue couldn't bear it.

If Ye Feng hadn't been able to initially use the mysterious power of the space field now, I'm afraid that at that moment, eight war arrows burst out at the same time, and Chu Huanxue would definitely be killed by random arrows.

"kill!"

At this time, several powerful martial arts auras burst out from the surrounding darkness.

Although the method Ye Feng used just now is very strange and terrifying.

But these killers sent by the Sixth Prince's Palace are all dead soldiers, so naturally they will not back down.

There are a dozen killers in black, all with their faces covered, so their true faces cannot be seen.

But Chu Huanxue was shocked at this moment. These dozen people were definitely the elites in the Sixth Prince's Mansion.

Because of the martial arts aura and aura on their bodies, they were all at the lowest level of the Wuzong level.

The martial arts aura of the leading man in black was as unfathomable as the abyss and the vast ocean, filled with an extremely terrifying coercion.

Obviously, this person is a legendary martial master!

A strong martial artist, with a dozen martial arts masters, and many war repeating crossbows.

With this kind of lineup, it is estimated that even assassinating the emperor of the Suzaku Dynasty would have no problem.

But now, everyone is here to assassinate Ye Feng.

"The Sixth Prince's Mansion really thinks highly of me. For the first assassination, so many strong men came...

"

Ye Feng stood under the dark sky at this time, with a slight sneer in his eyes.

Perhaps other young geniuses would really die if they encountered such a lineup.

But Ye Feng's combat power cannot be treated according to common sense.

Looking at the dozen strong men charging towards him, Ye Feng just murmured and smiled, "You have no idea what kind of existence you have provoked."

boom!

Almost at this moment, Ye Feng suddenly jumped up and jumped to high altitude in an instant.

"Tonight, when you come to my territory, none of you can leave!"

Ye Feng roared loudly, his voice sounding like thunder.

This moment.

His body suddenly erupted with divine light.

Golden light burst out from Ye Feng's body, brightening the entire dark night sky.

"Master... so beautiful..."

Chu Huanxue below looked at the golden war-god-like Ye Feng high in the sky. She couldn't find the words to describe the shock in her heart.

"boom!"

At this moment, Ye Feng's golden fighting body erupted, and golden true energy surged crazily in his limbs and bones.

Ye Feng had no moves at all and just punched out with a simple and rough punch.

"ah!"

A martial arts master was directly blasted by Ye Feng's punch. He let out a miserable howl and then fell from the sky.

"Go together!"

The leader of the powerful Wu Zun was shocked and quickly ordered everyone to attack together.

Dang Dang Dang!

Dang Dang Dang!

But what horrified them was that whether it was their weapons or attacking martial arts moves, the bombardment on Ye Feng's body was like hitting a copper wall and an iron wall, unable to shake even an inch!

"How can we fight this?"

When many killers saw this scene, they couldn't help but have despair in their eyes. Ye Feng's eyes had a hint of coldness at this time.

Chapter 324 Sir, please forgive me.

"You've finished attacking, now it's my turn."

A cold smile suddenly flashed across the corner of Ye Feng's mouth.

He punched out in an instant, with wide open and close movements, which perfectly demonstrated that one punch can defeat all kinds of magic, and one force can defeat ten.

boom!

boom!

boom!

Golden power boils in the void, like a fist made of divine iron, indestructible.

One by one, the killers died under Ye Feng's fists, and the golden fists were immediately stained with blood.

Almost in an instant, most of the dozen or so experts on the field were killed or injured.

"escape!"

"This guy is unstoppable!"

Almost at this moment, all the killers flinched.

"Huanxue, use the sword move I taught you to stop them!"

Suddenly at this moment, Ye Feng spoke up.

"Yes, Master!"

Chu Huanxue's petite body suddenly jumped far away.

A long sword appeared in the girl's hand, and she immediately swung the sword in the direction where the killers were escaping.

"A Martial King ant dares to stop us. It's really ridiculous. Die to me!"

Several martial arts masters instantly sensed the martial arts aura on Chu Huanxue's body, which was just a small martial arts king.

They all had contempt in their eyes, and they all took action to kill Chu Huanxue directly on the spot.

Buzz!

But Chu Huanxue's sword was the iron chain Hengjiang taught to her by Ye Feng!

Although it was not a complete sword move, Ye Feng only taught her some sword charm.

But you must know that these are three extremely terrifying sword moves that Uncle Nan taught Ye Feng.

Iron lock across the river!

At this moment, the long sword in Chu Huanxue's hand seemed to turn into countless thick iron ropes in the sky, binding the entire space.

"how so?"

At this moment, several martial arts masters could not help but look horrified.

Because they found that the true energy in their bodies was suddenly locked by an invisible shackles, and they could not exert any power at all.

"Pfft!"

"Pfft!"

So at the next moment, the long sword in Chu Huanxue's hand pierced the throats of several martial arts masters, killing them instantly.

"So powerful."

Chu Huanxue stared at the sword in her hand in disbelief. She didn't expect that she would be so powerful.

The girl immediately cheered for joy.

Ye Feng, who was watching this scene from a distance, couldn't help but look slightly startled.

You must know that what he taught Chu Huanxue was not a real move, because he had promised Uncle Nan that he would not leak these three swords.

He just taught Chu Huanxue a trace of the sword charm of Iron Lock Hengjiang's second sword, but he didn't expect that such a powerful power would suddenly burst out.

"The Sky Locking Sword Intention can actually seal off all the power in the enemy's body in an instant. It's really weird and interesting."

Ye Feng secretly thought that he would try it if he had the chance.

But so far, Ye Feng has not encountered a powerful enemy worthy of revealing his trump card.

At this moment, there is the last strong Martial Master left on the field.

This Martial Lord was already frightened out of his courage.

He was extremely upset in his heart, why didn't he just stay at home and enjoy the happiness? In order to claim credit, he took the initiative to complete this assassination mission, but ended up offending a monster like Ye Feng.

"Sir, please spare my life!"

This powerful martial artist immediately knelt down in front of Ye Feng.

Although he is a high-ranking martial arts expert, the more powerful a person is, the more he cherishes his life, because everyone knows that cultivation is hard-won.

So in order to survive at this time, any bullshit dignity is empty.

Only living is real! "You've finished attacking, now it's my turn."

A cold smile suddenly flashed across the corner of Ye Feng's mouth.

Chapter 325 The Sixth Prince

Chu Huanxue came over at this time holding a long sword dripping with blood.

The girl walked to Ye Feng's side, looked at the powerful martial artist who was kowtowing crazily and begging for mercy, and couldn't help but said: "Master, how should we deal with this person?"

Ye Feng smiled and said: "It would be a pity to kill a strong martial artist directly, so tie him up and tie him with Chu Yuxiao, and let the people from the Sixth Prince's Palace add a hundred imperial-level elixirs to redeem him. "

"What?!"

The complexion of this powerful martial artist suddenly changed.

One hundred emperor-level elixirs, even if he, a powerful martial artist, were sold, he still wouldn't be able to buy so many heavenly materials and earthly treasures.

Ye Feng seemed to know the inner thoughts of this powerful martial artist. He smiled and said, "Don't worry, the Sixth Prince will definitely redeem you."

Ye Feng knew very well that if the Sixth Prince's Palace still wanted to gain a foothold in Suzaku City, it would never give up on this powerful martial artist.

This powerful martial artist lived and died for the Sixth Prince. If the Sixth Prince gave up on him because of some wealth, it would definitely chill the hearts of all the masters in the entire Sixth Prince's Mansion.

Therefore, Ye Feng was very sure that the Sixth Prince would obediently deliver the elixir to his door. .??.

The Lord Wu had obviously figured this out at this time. He immediately sighed softly and was speechless. Their young prince had actually messed with such a terrifying young man.

"I don't know who this young man in black is, where he comes from, and what his purpose is, but with his terrifying cultivation and such a deep city, it is estimated that the entire Suzaku City will be turned upside down by him. ”

The powerful warrior from the Sixth Prince's Palace thought to himself that at this time he had also accepted his fate.

In the end, at Ye Feng's request, Chu Huanxue tied the martial master of the Sixth Prince's Palace and the young prince Chu Yuxiao together, and tied them both to the pillars of the central hall.

"Uncle Li! Why are you tied here? Aren't you a powerful martial artist? You are the top master in our Sixth Prince's Palace!"

\u003c

br\u003e When Chu Yuxiao saw this powerful Martial Master, his face turned pale with fright.

Uncle Li looked very embarrassed and said with a wry smile: "Little prince, don't you know what kind of existence you have provoked?"

When Chu Yuxiao heard what Uncle Li said, her heart finally sank.

He finally understood now that the young man in black standing behind Chu Huanxue was so terrifying.

Even the powerful martial artist was no match, yet he was so aggrieved to be captured and used as a hostage.

...

But at this time, under the dark night, a blood-stained figure in black ran into the Sixth Prince's Mansion in Suzaku City in embarrassment.

He came to a study room, cupped his fists and said, "My lord, the assassination failed. The boy in black was so powerful that even Commander Li was defeated in an instant and became a prisoner!"

"What?!"

An angry voice suddenly came from the study.

A middle-aged man wearing a golden python robe came out.

His brows were full of majesty, and he had the deep aura of a superior person.

This person is the Sixth Prince of the Suzaku Dynasty!

But at this time, the Sixth Prince could not maintain his usual majesty and stability. Instead, his eyes were filled with deep astonishment and a hint of fear. He stared at the man in black in front of him and said, "Even Brother Li has been defeated." , were all arrested? It's just a young man in black?"

The blood-stained man in black was almost scared to tears, and immediately said with tears: "My subordinates saw with their own eyes that all the brothers were dead. Commander Li would have been killed if he hadn't begged for mercy in the end. That black man The young man in Yi is like a big devil. Every punch he throws will kill a person. Any martial arts moves, weapons and armor can't resist him at all, and they will all turn into powder!"

As he spoke, the man in black suddenly spurted out a mouthful of blood. It was obvious that he had suffered a serious injury. After the mouthful of blood spurted out, he died instantly and fell to the ground with a thud. Chu Huanxue came over at this time holding a long sword dripping with blood.

The girl walked to Ye Feng's side, looked at the powerful martial artist who was kowtowing crazily and begging for mercy, and couldn't help but said: "Master, how should we deal with this person?"

Ye Feng smiled and said: "It would be a pity to kill a strong martial artist directly, so tie him up and tie him with Chu Yuxiao, and let the people from the Sixth Prince's Palace add a hundred imperial-level elixirs to redeem him. "

"What?!"

The expression of this powerful martial artist suddenly changed.

One hundred emperor-level elixirs, even if he, a powerful martial artist, were sold, he still wouldn't be able to buy so many heavenly materials and earthly treasures.

Ye Feng seemed to know the inner thoughts of this powerful martial artist. He smiled and said, "Don't worry, the Sixth Prince will definitely redeem you."

Ye Feng knew very well that if the Sixth Prince's Palace still wanted to gain a foothold in Suzaku City, it would never give up on this powerful martial artist.

This powerful martial artist lived and died for the Sixth Prince. If the Sixth Prince gave up on him because of some wealth, it would definitely chill the hearts of all the masters in the entire Sixth Prince's Mansion.

Therefore, Ye Feng was very sure that the Sixth Prince would obediently deliver the elixir to his door.

The Lord Wu had obviously figured this out at this time. He immediately sighed softly and was speechless. Their young prince had actually messed with such a terrifying young man.

"I don't know who this young man in black is, where he comes from, and what his purpose is, but with his terrifying cultivation and such a deep city, it is estimated that the entire Suzaku City will be turned upside down by him. "

The powerful warrior from the Sixth Prince's Palace thought to himself that at this time he had also accepted his fate.

In the end, at Ye Feng's request, Chu Huanxue tied the martial master of the Sixth Prince's Palace and the young prince Chu Yuxiao together, and tied them both to the pillars of the central hall.

Chapter 326: Rebellious Son

"That little brat who only knows how to eat and wait for death, what kind of terrifying existence did our Sixth Prince's Mansion get into this time?"

The eyes of the Sixth Prince were full of fear.

"My lord, what's wrong?"

At this time, a graceful middle-aged woman walked out of the pavilion next to the study.

She walked to the Sixth Prince, looked at the dead man in black on the ground, and said with some trembling: "Has Xiao'er been rescued?"

"Save this shit!"

The Sixth Prince said angrily: "This traitor has offended a being that even this king cannot afford to offend. It's all because you doted on him too much! Now, he's in big trouble! You traitor!"

"Ah? What should we do? My lord, you only have one son, you must save his life!"

The middle-aged woman in luxurious clothes suddenly panicked.

"You woman, shut up!"

The Sixth Prince shouted loudly, and then said to the darkness beside him: "Shadow, take out two hundred imperial elixirs from the palace's treasure house. Tomorrow I will personally visit the Seventh Prince's Palace to plead guilty to that young man in black!"

"What?"

When the middle-aged woman heard what the Sixth Prince said, she immediately opened her mouth.

Since marrying into the Sixth Prince's Mansion, she has never seen the dignified Sixth Prince show such a fearful emotion.

...

Early the next morning.

In the Seventh Prince's Mansion, in a courtyard with flowing water, Ye Feng was teaching Chu Huanxue how to practice swordsmanship on the martial arts field under a few green pines.

What surprised Ye Feng was that Chu Huanxue's ability to comprehend the way of the sword was quite impressive.

In less than half a day, Chu Huanxue had mastered the Four Seasons Sword Technique taught to her by Ye Feng.

"Summer swordsmanship is hot and fierce."

"winter

Swordsmanship, ice and cold. "

"Autumn swordsmanship is dry and silent."

"..."

At this time, Ye Feng put his hands behind his back and spoke out every sentence like an old master.

Swish, swish, swish!

Swish, swish, swish!

Chu Huanxue, who was standing in the open space in front of him, had a graceful figure. He thrust out his sword one after another, causing the air to become hot and cold.

A moment later, after Chu Huanxue practiced the Four Seasons Sword Technique completely, she trotted up to Ye Feng as if she was claiming credit.

The girl raised her fair and beautiful little face, smiled sweetly and said, "Master, how are you doing?"

"Well enough."

Ye Feng nodded slightly and said, "But it lacks some murderous intent."

When Chu Huanxue heard what Ye Feng said, she immediately remembered it in her heart and said: "Master's words, Huanxue has remembered them."

In the open space, the handsome young man guides the beautiful girl, looking very harmonious and beautiful.

Chu Huanxue enjoyed every moment she spent with Ye Feng, because she knew that Ye Feng would leave one day.

After she becomes the queen, it will be the day when Ye Feng leaves.

For a moment, Chu Huanxue actually had the urge not to practice Kung Fu, but just wanted to stay by Ye Feng's side.

But she didn't dare. She trained hard, otherwise the master would be angry.

"Report to the little princess and Lord Ye Feng!"

Suddenly, at this moment, a veteran wearing worn-out armor trotted over from the direction outside the open space where the two were practicing.

This is a veteran who is loyal to the Seventh Prince's Mansion and has always been guarding the Seventh Prince's Mansion.

But at this time, the veteran had a look of urgency on his face, and said to Chu Huanxue and Ye Feng: "The Sixth Prince personally came with a group of people in an aggressive manner. According to the news from Lao Zhang, they have already bypassed Xicheng Street. "We are about to arrive outside our Seventh Prince's Mansion!" "What kind of terrifying existence did that little kid who only knows how to eat and wait for death bring us into the Sixth Prince's Mansion this time?"

The eyes of the Sixth Prince were full of fear.

According to the news from Lao Zhang, they have already bypassed Xicheng Street. , we are about to arrive outside our Seventh Prince's Mansion!"

Chapter 327 An incredible scene

The veteran sounded extremely anxious at this time.

Because their Seventh Prince's Palace is in such decline now, people from the Sixth Prince's Palace come in person, which is simply a huge crisis.

Chu Huanxue's beautiful eyes flashed slightly, and she looked at Ye Feng beside her and said: "Master, do you think the Sixth Prince's Mansion suffered too much last night, so this morning the Sixth Prince came to us in person to investigate."

Ye Feng shook his head and said: "I don't know either, but we will just go to the gate of the palace and wait to find out."

"makes sense."

Chu Huanxue nodded her head and followed Ye Feng towards the door of the Seventh Prince's Mansion.

At this time, in Chu Huanxue's mind, Ye Feng was definitely the kind of invincible being.

In front of Ye Feng, it seemed that any huge crisis could be resolved instantly.

This deep sense of security made Chu Huanxue not worried at all. Instead, she walked towards the outside of the mansion with a trace of curiosity.

"Little princess, Master Ye Feng, you just went like this, aren't you afraid of the Sixth Prince?"

At this time, the veteran of the Seventh Prince's Palace, who was wearing shabby armor, was very anxious and worried.

But he couldn't help but stamp his feet, and followed Ye Feng and Chu Huanxue towards the entrance of the palace.

Although this veteran knew that the young master recognized by the little princess of their Seventh Prince's Palace had a very powerful cultivation level, and even tied up the young prince of the Sixth Prince's Palace.

But the Sixth Prince is a majestic and profound presence in Suzaku City.

This time he came to the Seventh Prince's Mansion in person, and things got big.

But just when the veteran walked quickly to the door of the Seventh Prince's Mansion.

But he saw an incredible scene.

At this time, the Sixth Prince, who he thought was aloof, actually gave Ye Feng a distant fist.

, with a hint of awe in his tone, he said: "Sure enough, a hero comes from a young man. This young master is so handsome that I admire him very much."

"what's the situation?"

Seeing that the Sixth Prince was so polite to Ye Feng, there was even a hint of flattery in his tone.

This scene was so shocking that the veteran of the Seventh Prince's Palace was stunned.

Even when the Seventh Prince was still alive, it was impossible for him to have such power, which made the Sixth Prince bow his head.

"In the end what happened?"

This veteran of the Seventh Prince's Palace was very shocked and unbelievable.

Chu Huanxue looked at the Sixth Prince who was groveling to Ye Feng, and she finally understood why Ye Feng acted so relaxedly.

It seemed that Master had long expected that the Sixth Prince would personally come to the Seventh Prince's Mansion to apologize.

"As expected of my master!"

Chu Huanxue suddenly became extremely proud.

She stretched out her little hand, held Ye Feng's palm, and said to the Sixth Prince: "Uncle Sixth Prince, it's not that we insist on kidnapping Senior Brother Yuxiao, it's that Senior Brother Yuxiao bullies others too much."

"Yes Yes!"

The Sixth Prince had to bow his head under the eaves at this time. He quickly apologized and said with a smile: "It's my treacherous son's fault for irritating you, niece Huanxue. This treacherous son, I will teach you a lesson when I get back!"

After saying that, the Sixth Prince looked at Ye Feng beside Chu Huanxue and said very respectfully: "Master, I have brought you the two hundred imperial elixirs you asked for. Please accept it with your smile."

With that said, the Sixth Prince asked the two guards behind him to carry two huge brocade boxes to the front.

Crunch!

Crunch!

The lids of the two boxes were opened, and inside they were filled with shining elixirs. They exuded an extremely strong medicinal fragrance and were priceless! The veteran sounded extremely anxious at this time.

Because their Seventh Prince's Palace is in such decline now, and people from the Sixth Prince's Palace come in person, this is simply a huge crisis.

With that said, the Sixth Prince asked the two guards behind him to carry two huge brocade boxes to the front.

Crunch!

The lids of the two boxes were opened, and inside they were filled with shining elixirs. They exuded an extremely strong medicinal fragrance and were priceless!

Chapter 328: Redemption

At this time, the Sixth Prince looked at Ye Feng with a flattering look on his face.

This scene is incredibly incredible.

Because anyone who is a local of Suzaku City knows very well how profound and majestic this Sixth Prince is.

Moreover, every time his son Chu Yuxiao caused trouble, he could easily settle it and even make the other party admit his son's fault.

But this time, the Sixth Prince was so abnormal that he personally brought so many elixirs to the Seventh Prince's residence to admit his mistake in person. ??

At this time, several veterans of the Seventh Prince's Palace hurried over not far away, all with incredible looks in their eyes.

They could never imagine why the Sixth Prince was so polite to their Seventh Prince.

"It must be Master Ye Feng!"

Several veterans of the Seventh Prince's Palace couldn't help but feel excited.

The reason why the Sixth Prince is so subdued cannot be because of their young and ignorant little princess.

The only reason is Ye Feng!

At this time, many veterans of the Seventh Prince's Palace were thankful that their little princess had chosen such a mysterious and powerful master.

Originally, they thought that the little princess just thought Ye Feng was handsome, so she became a disciple of Ye Feng and thought it was fun.

But now it seems that the real situation is not like this. This Ye Feng actually has such unpredictable methods that the Sixth Prince even came to apologize and admit his mistakes in person.

"good."

At this time, Ye Feng collected all the two big boxes into his storage ring.

After coming to Suzaku City for so many days, I finally gained something.

Imperial-level elixirs are not ordinary treasures of heaven and earth. They are higher-level elixirs that surpass heaven-level and king-level elixirs. The spirituality contained in them is simply not comparable to ordinary elixirs.

Now Ye Feng's cultivation level is already at the level of Nine Steps Martial Master, so ordinary elixirs have no effect on Ye Feng.

But the imperial elixir definitely has a huge effect.

At this time, Ye Feng was slightly happy. With these two hundred imperial elixirs, his martial arts cultivation would definitely be able to take a further step forward.

In the imperial city of the Suzaku Dynasty, a place with turbulent undercurrents and turbulent storms, a stronger cultivation base means a stronger confidence.

The Sixth Prince saw that Ye Feng had collected the two hundred imperial elixirs. Although he felt a little sorry for this huge wealth, he also secretly breathed a sigh of relief.

After all, as long as Ye Feng collects these two hundred elixirs, it means that he will no longer embarrass himself.

Two hundred imperial-level elixirs, although extremely valuable, are worth the money spent.

After all, the people he wants to redeem are his own son and his brother. Commander Li is also the number one expert in their Sixth Prince's Palace.

At this time, Ye Feng seemed to have seen through the thoughts of the Sixth Prince's Mansion, and smiled and said: "Since

Since the Sixth Prince is so sincere, let's come in. "

With that said, Ye Feng led Chu Huanxue towards the central hall of the Seventh Prince's Mansion.

The Sixth Prince immediately followed him.

At this time, several veterans of the Seventh Prince's Palace followed.

They were curious as to why a noble prince like the Sixth Prince would pay a visit and admit his mistake in person. This was simply an exaggeration.

And when everyone followed Ye Feng and Chu Huanxue to the central hall of the Seventh Prince's Mansion, several veterans immediately understood why the Sixth Prince was so humble.

It turned out that the young prince of the Sixth Prince's Palace and Commander Li, the top master of the Sixth Prince's Palace, were all tied up and were in a very embarrassed state.

"Dad, please help me!"

The moment Chu Yuxiao saw the Sixth Prince coming in, she screamed with joy.

"Snapped!"

But the next moment, the Sixth Prince walked up to Chu Yuxiao, slapped him directly, and said:
"You traitor!"

"father!"

Chu Yuxiao was stunned for a moment.

For so many years since he was born, he has been deeply doted on by his father and has never hit him at all.

But now, Chu Yuxiao felt the slap on the face and felt very scared.

Because he knew that his father was just showing off to Ye Feng.

And why does Dad have to act like that?

That's because his father is very afraid of Ye Feng.

At this time, Chu Yuxiao was finally completely discouraged, with a listless look on her face.

"well."

The Sixth Prince sighed secretly in his heart when he saw his son like this.

But he also thought that being taught such a lesson by Ye Feng might be good for his son.

"Treason, I'll see if you dare to cause trouble like this in the future. Sooner or later, the entire Sixth Prince's Mansion will be destroyed by you."

The Sixth Prince scolded Chu Yuxiao, and then looked at Commander Li next to Chu Yuxiao.

Commander Li was also tied up. He smiled bitterly and said, "My lord, I'm sorry."

The Sixth Prince's expression immediately changed and he said, "Brother Li, don't say that. This time, I can't help you!"

When Commander Li heard what the Sixth Prince said, his eyes immediately turned red.

Not only did the prince spend a huge price to redeem him, but he was also so kind to him without blaming himself at all. This made Commander Li feel like he had to follow the prince wholeheartedly.

Ye Feng, who was standing not far away, looked at Chu Huanxue beside him, smiled slightly and said: "Huanxue, have you seen it? In the future, when you become a prince, you must learn from this Sixth Prince how to treat your subordinates."

"Master, I understand, I'm watching carefully."

Chu Huanxue immediately nodded her head. At this time, the Sixth Prince looked at Ye Feng with a flattering look on his face.

This scene is incredibly incredible.

Chapter 329 Devouring

After Chu Yuxiao and Commander Li were rescued.

They looked at Ye Feng again, their eyes showing fear unconsciously.

Apparently they were really scared.

The sudden appearance of Ye Feng, a mysterious and unpredictable young man, is really frightening.

At this time, the Sixth Prince looked at Ye Feng, smiled and said: "You see, I am already confused. By the way, there will be a grand banquet in our Sixth Prince's Mansion tonight, and the Young Master must enjoy it tonight."

Ye Feng smiled and said, "Okay, I will go. I just want to ask you a few questions."

Ye Feng knew that although Chu Huanxue was an orphan from the Seventh Prince's Palace, she was still too young. She had no idea what force secretly destroyed the Seventh Prince's Palace at that time.

But the Sixth Prince is different. This is a big shot in Suzaku City. He must know some of its secrets.

If Ye Feng wants to be qualified to enter the Hundred Dynasties War, he must take back Chu Huanxue's princely title.

When the Sixth Prince heard Ye Feng say this, he seemed to have guessed what Ye Feng wanted to ask.

But he did not say anything directly, but said with a smile: "Then I look forward to your visit tonight."

After saying that, the Sixth Prince led Chu Yuxiao and Commander Li towards the outside of the Seventh Prince's Mansion.

On the way, the Sixth Prince put his hands behind his back, looked serious, and said to Chu Yuxiao: "Xiao'er, what did you understand this time?"

Chu Yuxiao said aloud: "There are people outside the world, and there is a world outside the world. There are too many existences that I cannot afford to offend. From now on, my child must practice diligently and stop being a dandy."

When the Sixth Prince heard what Chu Yuxiao said, he couldn't help but smile with relief.

Whether Chu Yuxiao said this to deal with him, or he was really awakening, after all, this time Chu Yuxiao knew that he should restrain himself in the future.

at this time.

In the central hall of the Seventh Prince's Mansion.

Chu Huanxue said in a worried tone: "Master, you said that the Sixth Prince asked you to go to dinner, is it a trap?"

Ye Feng shook his head and said with a smile: "He won't be stupid enough to go against me again."

After saying that, Ye Feng walked towards the door, and a voice came: "Huanxue, tonight you go to the Sixth Prince's dinner with me, and I will help you ask how to regain your original title of prince. Don't disturb me during the day. Now, I need to retreat to refine the elixir."

After the words fell, Ye Feng's figure had disappeared into the buildings in the distance.

Chu Huanxue's small figure stood on the spot, and Ye Feng's words just now echoed in her ears.

"When I take back my title of prince, it will be the time to say goodbye. Master, I didn't expect time to fly by so fast."

The girl murmured in her heart, with deep reluctance in her beautiful eyes.

...

In a residence in the Seventh Prince's Mansion.

Ye Feng stepped over and closed the door.

He sat on a chair, and then took out all the two large boxes of elixirs sent by the Sixth Prince from the storage ring.

"The oven of creation!"

"Swallow!"

A huge, ancient oven appeared in Ye Feng's body.

In the center of the palms of his hands, two huge dark vortexes suddenly appeared, quickly absorbing the elixirs in the two large boxes.

Visible to the naked eye, the elixirs in the two large boxes were drying up rapidly.

The elixir that originally shone with light was quickly losing its divine light.

These elixirs were obviously drained of their vitality at this moment and were withering rapidly. After Chu Yuxiao and Commander Li were rescued.

They looked at Ye Feng again, their eyes showing fear unconsciously.

Chapter 330 The most important person

A total of two hundred imperial elixirs!

This contains an extremely huge medicinal power.

So almost at this moment, Ye Feng suddenly felt that the majestic energy surged in his limbs.

His cultivation, which had been silent for a long time, also began to surge at this moment.

Ye Feng spent the entire day devouring and refining.

Finally, when night was about to fall, Ye Feng suddenly burst out with a new and powerful martial arts aura.

boom! .??.

"Half-step to the realm of magical power!"

Ye Feng suddenly opened his eyes and woke up from his cultivation state.

At this moment, he finally broke through a level of cultivation and began to transcend the title martial realm, moving towards the level of a true great monk in the magical power realm.

At this time, Ye Feng saw that the hundreds of imperial elixir plants in front of him were completely withered and turned into powder when blown by the wind.

Ye Feng could feel at this time that the true energy in his body was slowly evolving towards another higher level of power essence.

"The new power that comes from the continuous evolution of true energy should be mana."

Ye Feng murmured.

Shang, who had not spoken for a long time, suddenly spoke in his mind: "Ye Feng, when all the true energy in your body is converted into mana, you will truly have entered the magical realm."

Ye Feng received Shang's confirmation and immediately nodded.

There was a trace of excitement in his eyes.

Divine power realm, magic power!

That truly transcends the mundane level and truly makes people become like gods.

Because even the most powerful mortal warriors cannot use all kinds of magical and unpredictable methods.

But practitioners in the realm of supernatural powers can do it. Divine powers and magical powers are talking about martial arts.

Through spiritual communication, the human body begins to evolve various incredible magical abilities.

Squeak!

Ye Feng calmed down the powerful momentum he had just broken through. He opened the door and walked out of the house.

Ye Feng saw the petite figure of Chu Huanxue standing outside the door at first glance, as if he had been waiting for him for a long time.

Ye Feng couldn't help but smile and asked: "What's wrong? If you don't go to practice, why are you standing here?"

Chu Huanxue changed from her usual playful tone and said in a somewhat silent tone, "I want to spend some more time with Master in this short period of time."

Ye Feng's power made Chu Huanxue know that it would only be a matter of time before he could win the title of prince.

Because this can be seen from Ye Feng casually subduing the Sixth Prince.

Seeing the girl like this, Ye Feng couldn't help but stepped forward, smiled and touched Chu Huanxue's little head, and said: "I'm just a passerby in your life, don't be so sad, it's not worth it, although you and I are worthy of being master and disciple. , but everything is just a deal, I will help you win the title of prince, and you will help me enter the Hundred Dynasties War."

Ye Feng actually said this on purpose. He didn't want to see Chu Huanxue look so disappointed.

After spending so many days together, Ye Feng had become somewhat accustomed to the girl chirping in his ear, shouting for his master.

But Ye Feng also knows that he cannot stay with Chu Huanxue for too long and will leave one day.

So at this time, what Ye Feng said was a bit hurtful.

Chu Huanxue fell silent when she heard what Ye Feng said.

Just when Ye Feng was about to sigh softly.

Wow!

Suddenly Chu Huanxue's small figure rushed into his arms.

Chu Huanxue hugged Ye Feng tightly and cried: "Maybe Master feels that Huanxue is just an insignificant passerby in your life, but in Huanxue's heart, Master is definitely the most important person in Huanxue's life. ! "A total of two hundred imperial elixirs!
