Chapter 3221 Difficult Confrontation

I have to say that this guardian stone statue is very powerful.

One punch instantly shattered Princess Xuelian's cold sword energy.

Princess Snow Lotus's extremely powerful attack did not cause any damage to it.

"It's impossible for you two young people to fight against me. I have absorbed the energy of the Emperor of the Earth after his death for more than three years. My stone-cast body has long been Transformed and strengthened to the point that it is as if it is made of Nine Heavens Black Iron. With your cultivation and methods, you cannot destroy me! Hahaha! After all, I am the biggest winner. All the wealth of the Earth Emperor belongs to me. Will become the second Earth Emperor!"

The guardian stone statue laughed loudly at this time.

That laughter was filled with great ambition.

Uh-huh!

Ye Feng flew high into the sky and came to Princess Xuelian.

Princess Xuelian looked at the laughing guardian stone statue not far away, looked at the huge and depressing giant, and couldn't help but said solemnly: "Ye Feng, what should we do now?"

At this moment, Princess Xuelian was obviously extremely angry.

Originally, they had gone through all the hard work and passed the test left by the Earth Emperor, and they happily thought that they could directly obtain the Earth Emperor's inheritance.

But I didn't expect that such a change would happen in the end.

Ye Feng's eyes were extremely cold and determined at this time, and he said loudly: "Whether he can become the strongest depends on whether he can get the inheritance of the Emperor of the Earth this time. Anyone who dares to stop me will be killed no matter how strong he is!"

boom! !

Almost as soon as Ye Feng finished speaking, a huge and boundless energy aura suddenly burst out from his body.

Uh-huh!

Ye Feng rushed directly towards the guardian stone statue.

"good!"

When Princess Xuelian saw Ye Feng, she immediately started fighting. The daughter of the Jiuding King was also eager to fight. In an instant, she took out more than a dozen weapons from the storage ring at once.

These dozen weapons include ice swords, flaming swords, metal sledgehammers, death cutting wheels, etc.

All of them surrounded Princess Xuelian, making Princess Xuelian become a king of weapons at this moment.

Ye Feng saw this scene, with a hint of surprise in his eyes.

I didn't expect that Princess Xuelian could control so many weapons at once, which was really rare.

Because you must know that Princess Xuelian is not a soul master, and has never practiced any spiritual skills.

Being able to control more than a dozen powerful weapons against the enemy at one time shows that Princess Snow Lotus's innate mental talent is very good.

This moment.

"boom!"

"boom!"

Princess Xuelian turned into a 'weapon madman', controlled a dozen powerful weapons, and quickly attacked the guardian stone statue not far away.

One by one, powerful weapons fell on the guardian stone statue, and huge roars suddenly erupted.

You must know that Princess Xuelian was of noble birth, coming from the royal family of the Galaxy Dynasty.

Although he is the heir of a titled king with a different surname, he is not comparable to the heirs of ordinary families.

Therefore, the weapons of Princess Xuelian are all of very good quality and are not ordinary weapons.

Under this crazy attack, the guardian stone statue was suddenly bombarded and couldn't help but take several steps back.

"The Immortal Magic Power of the Four Ancient Holy Spirits!"

At this moment, Ye Feng did not hesitate and directly activated his most powerful attack method.

boom!

boom!

boom!

boom!

At this moment, Qinglong, White Tiger, Xuanwu, and Suzaku, four extremely powerful ancient holy spirits, exuding bright divine light, appeared around Ye Feng, surrounding him.

Holding Ye Feng, Ye Feng looked like a Holy Spirit King at this moment, full of terrifying aura.

"What a powerful inheritance!"

At this time, even Princess Xuelian was slightly surprised by the battle phenomenon on Ye Feng.

It has to be said that although Ye Feng's set of immortal magical skills of the Four Ancient Holy Spirits was brought from the first level realm, it is not much worse than most inheritances in the star realm.

This can be seen from the change in the expression of Princess Xuelian, the heir of the royal family.

"boom!!!"

At this time, Ye Feng's punch, which contained the immortal power of the Four Ancient Holy Spirits, also hit the guarding stone statue hard.

At this moment, Ye Feng's fist burst out with a huge and boundless light of energy.

"Boom!"

A terrifying roar erupted instantly.

Click, click...

Countless buildings around him, including the earth and soil, all cracked and shattered.

The power of this punch is very terrifying.

"Boom!"

Even the guardian stone statue didn't react for a moment and was directly blown away by Ye Feng's punch.

The huge stone body slammed into the ground not far away, smashing a large area of land.

"good!"

When Princess Xuelian saw this scene, a trace of excitement suddenly appeared in her eyes.

Under the powerful attack of the two men, the guardian stone statue was finally knocked down.

"Don't be happy too early."

Suddenly Ye Feng spoke up, with a hint of vigilance in his eyes.

"boom!"

And almost at the moment Ye Feng's words fell, the huge and majestic body of the guardian stone statue rushed out from the smoke and dust not far away. It was so fierce that it seemed as if it was a head away.

Ancient war giant.

"Buzz!"

Visible to the naked eye, one of its arms transformed directly and quickly into a huge stone axe, containing golden light. It was the power of the Earth Emperor, and now it was controlled by this guardian stone statue.

"boom!"

The huge ax containing the power of the Earth Emperor was directly chopped down by the guardian stone statue.

"Crash!"

The many weapons spinning around Princess Xuelian were all knocked upside down at this moment.

Even Princess Xuelian couldn't help but retreat quickly at this moment.

"boom!"

At this time, even though Ye Feng was surrounded by the Four Ancient Holy Spirits, he was hit in the head by the axe. His whole body flew backwards, smashing into a large area of the earth, with rubble rolling and smoke filling the air.

"Ye Feng!"

Seeing this scene, Princess Xuelian's beautiful eyes were suddenly startled, and she couldn't help but call out: "Ye Feng, how are you? You must not die, you are my only friend at the moment!"

"I'm fine, cough."

The next moment, Ye Feng patted the dirt all over his body and walked out of the smoke and dust in a rather embarrassed manner.

Ye Feng covered his head. The ax just now almost opened his head!

Fortunately, Ye Feng's chaotic body was strong enough to block the destructive power of the axe, but the membrane was slightly damaged.

"What?!"

At this time, Ye Feng was seen covering his head, grinning, and walking out of the smoke.

The guardian stone statue not far away suddenly screamed in horror: "You withstood my axe, and your body was not broken into pieces? This is impossible! How can you, a mere human boy, with a body of flesh and blood, have such a strong body!"

Although Ye Feng was knocked away, it shocked the guardian stone statue to the extreme. It seemed that he couldn't believe that a small human boy had a terrifying body made of divine iron like it!

Chapter 3222: Real fire

At this moment, the guardian stone statue was still a little hard to accept.

It thought that its body, having absorbed the energy of the Earth Emperor, had already been tempered and strong like divine iron, and could easily break the body defense of anyone in the world.

But what the guardians of the stone statue never expected was that Ye Feng, a young human race boy who didn't know where he came from, had an incredibly strong body of flesh and blood.

Its ax head didn't even split Ye Feng's head.

"You are indeed a super human genius who can pass the test of the Earth Emperor. However, no matter how tough you are, you will be crushed by me today! If it doesn't work once, then twice, a hundred times!"

boom! ! ??

At this time, the guardian stone statue roared loudly. Its two huge stone arms expanded rapidly at this moment, and finally turned into two huge stone hammers.

Every stone hammer is like an ancient mountain, vast and majestic, and full of ultimate oppression.

Boom!

The guardian stone statue used all his strength to transform into two huge stone hammers that could destroy a steel city instantly, and wanted to bombard Ye Feng crazily and completely smash Ye Feng to pieces.

At this time, Princess Xuelian couldn't help but look at Ye Feng, who was quite embarrassed beside her, and said with some worry: "Ye Feng, why don't we avoid the edge for now and leave here first."

Ye Feng shook his head, his eyes were extremely firm, full of murderous aura, and said: "It is impossible to retreat now. Even if I use all my means to risk my life, I will still protect this Kill the stone statue!"

At this moment, Ye Feng was speaking, his tone full of deep killing and madness.

Because Ye Feng is really hot this time!

Just now, Ye Feng was so angry that he almost had his head opened by an ax from this guardian stone statue, and he insisted on destroying this guardian stone statue!

"Chaos body! Fully stimulated!"

boom! ! ??

At this moment, Ye Feng fully activated the potential of his chaotic body, and Ye Feng's entire body began to expand rapidly.

In the end, Ye Feng actually grew directly on the spot and became a majestic human giant with a height of tens of thousands of meters. His whole body was filled with the aura of chaos.

It looks like an ancient giant that came out of endless chaos, full of majestic momentum and power.

"this....."

Princess Xuelian's eyes widened slightly.

She watched helplessly as Ye Feng, this handsome boy in white, expanded into a chaotic giant.

This scene is really shocking and touches the soul.

At this time, Princess Xuelian could finally confirm that Ye Feng was a special human divine body with incredible power.

"boom!"

Ye Feng punched out. The Chaos Giant's fist was full of terrifying impact, and suddenly collided with the huge hammer guarding the stone statue.

Boom! !

The entire field suddenly erupted with a huge roar, resounding throughout the entire underground world.

At this time, Ye Feng transformed into a Chaos Giant, which was larger than the guardian stone statue and was very intimidating.

But the guardian stone statue possesses the energy of the Emperor of the Earth after all. This time, Ye Feng couldn't help but take a dozen steps back.

The guardian stone statue immediately laughed and said proudly: "Young boy from the human race, even if you have an ancient physique among the human race, you cannot be my opponent! I possess the energy of the Earth Emperor. I am equal to the Earth Emperor's." Reincarnated, there is no way you are my opponent! You can't kill me!"

In response, Ye Feng just smiled coldly and said: "The reincarnation of the Earth Emperor? You think too highly of yourself! You are just an ordinary stone statue who stole some of the Earth Emperor's power. , look how I smash you into pieces!"

Dominate the gem!

boom! !

At this moment, Ye Feng no longer hesitated and directly released his strongest trump card, the Domination Gem!

boom!

boom!

...

At this moment, a total of five domination gems flew out of Ye Feng's body, namely soul gems, space gems, brute force gems, chaos gems and death gems.

There are five master gems in total, each containing the mysterious and incredible power of the great master.

At this moment, everything is surrounding Ye Feng.

Behind Ye Feng, there was even a vague shadow of a majestic master.

"boom!!"

At this time, Ye Feng's chaotic body was infused with the power of the ancient master.

In an instant, Ye Feng seemed to have endless power and energy. He rushed directly in front of the guardian stone statue and struck out with one hand. .??.

"Boom!"

Accompanied by a huge roar, this time the collision did not make Ye Feng retreat anymore, but the huge body of the guardian stone statue was blown away and fell hard to the ground not far away.

"ah!"

The guardian stone statue screamed.

Because Ye Feng's slap just now not only blew away the guardian stone statue, but also directly shattered one of the guardian stone statue's arms.

"This is impossible!!"

The guardian stone statue was finally frightened, and it roared: "What kind of power is this? How did the power of your body increase so much in an instant?!"

At this time, the guardian stone statue stared at the vague figure of the majestic master in the chaotic air behind Ye Feng.

Although it didn't know what it was specifically, it felt a kind of fear coming from the origin of life from the aura of that stalwart shadow.

Even if the energy of the Earth Emperor is circulating in the guardian stone statue, the guardian stone statue cannot prevent this deep fear from arising.

At this time, the guardian stone statue shouted: "The emperor's will! The emperor's state!"

boom!

I saw that the shape of the guardian stone statue changed once again, directly transforming into a real "person".

No longer a stone statue, but became

A figure wearing armor and possessing endless splendor like a God of War.

This should be what the Earth Emperor looks like.

However, it is fake.

It was a temporary transformation of the guardian stone statue.

"The power of the earth!"

"Endless!"

After the guardian stone statue turned into the "stone" Earth Emperor state, it was actually able to use the Earth Emperor's methods.

It absorbed endless power of the earth in an instant from the vast earth beneath its feet, and pieces of extremely thick earth armor suddenly appeared on its entire body, making it indestructible.

This is a very powerful method of the Earth Emperor. It can absorb the power of the infinite earth and condense a set of earth guardian armor on the surface of the body. Even the peerless magic weapon cannot break through this layer of armor because it is infinite. The power of the earth.

You must know that the earth is endless, deep and vast, vast and vast, majestic and powerful.

The earth has always been synonymous with boundlessness.

The reason why the Emperor of the Earth is a legendary figure of a generation is because he has understood the secrets of the earth to the extreme, allowing himself to be integrated with the entire vast earth at any time, making him indestructible and unable to fall!

However, at this time, of course, the guardian stone statue cannot have the same power as the Earth Emperor. It is just a poor imitation.

Ye Feng, who had transformed into a chaotic giant, had extremely sharp eyes at this moment, staring at the guardian stone statue not far away with layers of earth armor on his body, and said slowly: "No matter how much you resist, you can't Confront the greatness of my punch!"

boom! !

At this moment, Ye Feng tried his best to stimulate the energy of all the dominating gems.

The five domination gems were spinning around Ye Feng's huge fist, and then were punched out by Ye Feng.

"Boom!!"

In an instant, both heaven and earth were destroyed.

Infinite divine light and destructive power burst out from Ye Feng's punch, instantly penetrating the void, opening up the Nine Netherworlds, and trembling forever!

Chapter 3223 The Secret of the Earth

Boom! !

Ye Feng's punch at this moment was simply terrifying to the extreme. It could be said to be the most powerful punch that Ye Feng could unleash right now.

"boom!!"

The terrifying destructive power actually shattered every inch of the earth armor guarding the stone statue in an instant.

"No!!"

The guardian stone statue immediately let out a horrified roar.

Because it never thought that Ye Feng, a small human race, could actually release the terrifying power that destroyed it.

However, it was too late.

"Pfft!"

Ye Feng's punch not only severely destroyed the earth armor on the surface of the body of the guardian stone, but also directly penetrated the entire huge body of the guardian stone statue.

"Bang!"

In the next moment, the entire huge guardian stone statue completely exploded and turned into a large piece of debris.

"call!"

When Ye Feng saw this scene, he let out a long sigh of relief.

Finally, the guardian stone statue was completely killed.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

But suddenly at this moment, the broken fragments suddenly began to fly together quickly, and actually began to reassemble into the form of the guardian stone statue.

"What?"

When Ye Feng saw this scene, his eyes suddenly changed slightly.

At this moment, Ye Feng's face looked a little pale.

Because Ye Feng's fierce battle just now consumed too much of his skill and energy.

At this time, the guardian stone statue, which was rapidly reorganizing its body, immediately burst into laughter: "I have obtained the energy of the Emperor of the Earth. The earth is immortal and I will not die!"

boom!

But suddenly in the next moment, something seemed to explode not far away.

It turned out that the tomb of the Emperor of the Earth was split open by Princess Xuelian with a sword!

"No!!!"

And with the shattering of the tomb of the Emperor of the Earth, the guardian

Without the energy supply of the Earth Emperor in the mausoleum, the stone guardian statue's body, which was rapidly reorganizing, began to collapse in an instant.

"Swish, swish, swish!"

At this moment, the numerous body fragments guarding the stone statue quickly rushed towards the Earth Emperor's mausoleum, intending to throw themselves into the mausoleum and regain the Earth Emperor's energy.

Space gem!

Ye Feng held the space gem in his hand around his body, and directly released a void turbulence, directly pulling the fast-flying body fragments of the guardian stone statue into the void turbulence.

The guardian stone statue was unable to fly to the Earth Emperor's tomb area in a short period of time, unable to obtain the energy supply from the Earth Emperor, and finally lost its energy source completely.

Snap!

Snap!

Stones fell from high altitude.

Turned into abandoned stone.

The great enemy, the guardian stone statue, finally fell completely.

Seeing this scene, Ye Feng finally breathed a long sigh of relief.

Sure enough, some existences in the advanced realm are too difficult to deal with.

For example, this guardian stone statue is much more difficult to deal with than many of the enemies Ye Feng has encountered before.

If it weren't for Ye Feng's journey along the way, he would have gained a lot of trump cards and tricks.

I'm afraid I really can't do anything with this guardian stone statue today.

Uh-huh!

Princess Xuelian flew to Ye Feng's side, looked at the other party's pale face, and couldn't help but asked worriedly: "Ye Feng, are you okay?"

Princess Snow Lotus was not excited about winning the battle for a moment. Instead, all she showed was worry about Ye Feng, her partner.

Ye Feng grinned at this moment and said loudly: "It's nothing, I just spent a lot of energy and am a little exhausted."

Swish, swish, swish!

Hearing what Ye Feng said, Princess Snow Lotus immediately took out something from her storage ring.

I took out a lot of precious supplements without hesitation.

These precious supplements are all elixirs with strong medicinal fragrance and various snow-white elixirs.

Princess Xuelian immediately said: "I took these elixirs from the royal medicine storehouse. They are of great benefit to healing wounds and restoring skills. Eat them all, Ye Feng."

Ye Feng's eyes showed surprise as he stared at the elixirs and elixirs that emitted spiritual light. He couldn't help but said: "These elixirs are too expensive."

"Take it!"

Princess Snow Lotus simply stuffed all these elixirs and elixirs into Ye Feng's hands and said loudly: "Ye Feng, take it quickly! Don't be polite to me! We are close fighting partners now. , Don't say it's expensive or not, as long as it can quickly restore your skills and injuries, it's worth it!"

Seeing Princess Xuelian like this, Ye Feng also felt a little warm in his heart.

After all, Princess Xuelian is still very good and cares very much about her partners and friends.

"good."

Ye Feng stopped being pretentious and swallowed all the dozens of pills that Princess Xuelian pushed over him. ??

"Huh? You can't swallow them all. Each of these pills is very high-grade and contains a huge amount of energy. They need a special period of time to take them one after another!"

Princess Xuelian was shocked when she saw Ye Feng swallowing dozens of pills all at once.

"fine."

Ye Feng grinned.

Then, Princess Snow Lotus was shocked that Ye Feng really didn't do anything at all next, but his pale face suddenly returned to normal.

"this....."

Princess Xuelian was a little surprised. Ye Feng's powerful absorption ability was really exaggerated.

At this moment, Ye Feng looked at the tomb of the Earth Emperor not far away, which was split open by Princess Xuelian's sword, and couldn't help but said: "Let's go over and take a look."

"good."

Princess Xuelian was also a little excited at this time.

Come.

The two of them walked towards the mausoleum not far away.

When they walked in front of them, they saw a human sculpture appearing in the broken tomb.

This human sculpture should be the sculpture of the Emperor of the Earth.

At this moment, a total of three iron boxes were placed in front of the sculpture of the Emperor of the Earth.

Princess Xuelian stared at the three iron boxes and said loudly: "These should be the things left by the Emperor of the Earth. I don't know what they contain."

Ye Feng's eyes fell on the three iron boxes at this moment, and he said slowly: "Open it and take a look."

"good."

Princess Xuelian stepped forward and selected the iron box on the left.

Ye Feng took the iron box on the right.

"Click."

"Click."

The two of them opened various iron boxes in their hands.

I saw that Princess Xuelian's iron box contained an ancient book.

This book was actually made of black stone, with dense symbols and ancient characters carved on it.

"This is the secret inheritance of the Emperor of the Earth, the secret of the earth!"

Princess Xuelian's beautiful eyes lit up immediately.

The Earth Emperor does not have any special inherited skills. The most precious thing about the Earth Emperor and the greatest contribution he has made is the special and incomparable mysteries of the earth that he has comprehended!

Princess Xuelian was very lucky. The first iron box she chose was the Earth Emperor's most powerful inherited method, the Secret of the Earth!

By practicing the Mysteries of the Earth, one can continuously understand and derive many powerful methods, such as the "Earth Armor" used by the previous guardian stone statue, and the ultimate super power of "The earth is immortal, I will not die".

Princess Xuelian immediately looked at Ye Feng beside her, and couldn't help but said excitedly: "Ye Feng, let's understand the secret of the earth together!"

At this time, Ye Feng was staring at the contents of the iron box in his hand, with a look of astonishment in his eyes.

#### Chapter 3224 A Letter

The reason why Ye Feng was shocked was because what was contained in this iron box was not a treasure or a secret book, but a letter with a strong book scent.

"Could this be the Earth Emperor's will?"

Ye Feng couldn't help but guess in his heart.

"What's this?"

At this time, he was stunned when he saw Ye Feng, and Princess Xuelian beside him quickly looked over.

When she saw that what was in Ye Feng's iron box was an ordinary letter, her beautiful eyes were stunned, and then she said: "Ye Feng, is this a letter belonging to the Emperor of the Earth?"

Ye Feng nodded slightly and said, "It should be, let me take a look."

After finishing speaking, Ye Feng opened the letter directly.

In the letter, dense fonts suddenly appeared.

These fonts are vigorous and powerful every stroke.

The edge of the pen is full of the sharpness of the emperor, and the arrogance of the world almost bursts out from the surface of the paper.

Obviously, this was indeed written by the Emperor of Earth himself.

Ye Feng and Princess Xuelian were all focused on the content of this letter at this moment.

"I, the Emperor of the Earth, encountered a powerful enemy from outside the territory. I was suspected of dominating the power and wanted to destroy the land of the Star Territory. In order to protect the common people in the world and protect the countless people of my lineage as the Emperor of the Earth, before I had a decisive battle with that powerful enemy from outside the territory, I , place the tribesmen in a sealed cave heaven."

"It's a pity that although I finally killed that powerful enemy from outside the territory, my life was also destroyed. Only a will was left to survive in the dark depths of this endless cave. I left behind the mysteries of the earth that I had understood throughout my life, and set up a test arch bridge. Waiting for the arrival of the peerless genius, inheriting my inheritance, and I hope you can find the Cave Heaven Paradise where my Earth Emperor clan lives, open the sealed Cave Heaven Paradise, and lead my Earth Emperor clan back to the Star Territory."

"At that time, the Earth Emperor's clan will respect you, and the countless rich resources I left behind in the Cave Heaven Paradise will all belong to you."

...

r\u003e

The above is all that is described in this letter.

"this....."

After reading it, Ye Feng and Princess Xuelian both widened their eyes slightly.

Unexpectedly, the Emperor of the Earth also left behind a "treasure house".

That is a sealed cave heaven paradise where countless members of the Earth Emperor's lineage live.

Princess Xuelian couldn't help but said: "The Emperor of the Earth was a super big man hundreds of years ago. Are his people still in the Cave Heaven Paradise now?"

Ye Feng seemed a little excited and said: "It must still be there. The Earth Emperor was able to kill the terrifying existence that was suspected of being a master from outside the territory. This shows

how glorious the Earth Emperor lineage created by the Earth Emperor was. His people, living in a paradise where no one is disturbed, will definitely become more prosperous."

Snap!

At this time, suddenly a small golden key dropped from the end of the letter.

Ye Feng picked it up, looked at it, and said, "This should be the key to unlocking the sealed Cave Paradise."

Princess Xuelian was a little surprised and couldn't help but said: "Ye Feng, are you sure you want to find the sealed Cave Heaven Paradise? I think that the people of the Earth Emperor's lineage may not respect you, but will plunder them by force. The inheritance of the Emperor of the Earth in you, the secret of the Earth."

Ye Feng smiled slightly, put the small golden key into his storage ring, and said: "I will definitely not look for it now. I will wait until my strength has increased to a certain level. Moreover, I now have specific details about the sealed Cave Heaven Paradise. I don't have any clue about the location, and the Emperor of the Earth didn't leave any message. I don't know if he forgot it or did it on purpose."

For Ye Feng, he knew very well that the letter left by the Emperor of the Earth

The letter, the Cave Heaven Paradise and the power of countless tribesmen mentioned by the emperor's lineage, is actually a double-edged sword.

If Ye Feng himself is not strong enough and forcibly opens and controls the Cave Heaven Paradise, the result may be counterproductive. Just as Princess Xuelian said, not only will he not be able to control the power of the people of the Earth Emperor's lineage, but he may in turn be The super strong man in the lineage of the Earth Emperor was killed, and he robbed himself of the pure ultimate inheritance secret of the Earth Emperor, the secret of the earth.

However, Ye Feng doesn't think this little golden key is useless, because if his strength rises to a very powerful level in the future, then he can hold the will and letter left by the Emperor of the Earth and cooperate with his powerful force. , maybe he can successfully control all the people of the Earth Emperor's lineage in the entire Cave Heaven Paradise.

In that case, Ye Feng will instantly gain countless supporters and followers.

If you think about it, you will know that all of the countless clansmen left behind by the Earth Emperor must be very powerful.

And over the past many years, many super strong people must have been born.

However, they were blocked by the Earth Emperor in a small world of Cave Heaven Paradise. They could not go out and could only live there by themselves. They must have very simple thoughts and were only loyal to their ancestors, the Earth Emperor.

Therefore, Ye Feng still put this letter and the small golden key that opened the Cave Heaven Paradise into his storage ring for later use depending on the situation.

Princess Xuelian had been staring at Ye Feng. She seemed to be aware of Ye Feng's decision and couldn't help but said: "When I return to the royal family this time, I can use my connections to send people to the Star Territory." Ask around where the Earth Emperor clan might have survived, so as to find the location of the sealed small world of Cave Heaven and Paradise, and prepare for your future, Ye Feng. I will not reveal the secrets of the earth, we will understand them together later. , only the two of us can!"

When Ye Feng heard what Princess Xuelian said, he immediately clasped his fists.

Said: "Thank you."

"Don't be so polite to me."

Princess Xuelian stretched out a small white hand, held Ye Feng's palm slightly, and said quite seriously: "Ye Feng, we are now partners who share weal and woe, and we will be best friends in the future. We need to help each other. In the future, you are in Beihuang and I am in Galaxy Dynasty. We can contact each other and support each other at any time. "

At this moment, Princess Xuelian spoke very solemnly, staring at Ye Feng with a pair of beautiful eyes, very seriously.

Seeing Princess Xuelian's appearance, Ye Feng nodded immediately and said, "Okay, I should temporarily live in the Northern Wasteland for a while. When the time comes, I will definitely go to the Galaxy Dynasty."

Ye Feng will definitely go to Galaxy Dynasty.

He wants to find the person behind the evil curse that has been imposed on him and find a way to lift the evil curse.

This time in the inheritance place of the Earth Emperor, I accidentally met Princess Xuelian, a member of the Galaxy Royal Family. Although she was not a member of the orthodox royal family, but a heir of a prince with a different surname, she was still part of the inner circle of the royal family. is a character, and may have a huge role in the future.

Although Ye Feng also knew Princess Meng'er, who was more noble and of pure royal blood, the relationship between Princess Meng'er and Ye Feng was just a casual relationship, a more serious relationship between superiors and subordinates.

But that was not the case with Princess Xuelian. The two of them had unknowingly become good friends who could help each other.

Although Princess Snow Lotus is only the heir of the titled prince, in Ye Feng's heart now, he values Princess Snow Lotus more than the aloof Princess Meng'er.

At this time, Ye Feng looked at the last iron box and said, "Let's take a look and see what's in the last box."

Princess Xuelian couldn't help but nodded when she heard this, and cast her curious eyes on the iron box in the middle.

Chapter 3225 Earth Gem

At this moment, Ye Feng stepped forward and picked up the last iron box.

Before starting, Ye Feng himself didn't have much expectations.

Because the most critical thing of this trip has been obtained.

That is the inheritance of the Emperor of the Earth, the secret of the earth.

So at this time, Ye Feng felt that what was in the last iron box would not cause much fluctuation in his heart.

However, as is often the case, the slap in the face comes quickly.

"Click."

The moment Ye Feng opened the last iron box, there was a gray-yellow stone lying quietly, which made Ye Feng's normally indifferent pupils shrink suddenly!

This is.....

Ye Feng sensed a deep, vast and endless aura of dominance from it.

That's right!

It is the dominant breath!

Contains the endless aura of the Lord of the Earth!

Could this be...a brand new domination gem?

However, the cultivation of the Earth Emperor is not enough to create a domination gem?

It should be the dominator gem obtained by the Emperor of Earth during his early years of practice. It is an "earth gem" with the attribute of the earth!

When Ye Feng thought of this, he suddenly felt endless waves in his heart.

I was so excited for a moment!

"What's this?"

Princess Xuelian came up at this time, glanced at the contents of the iron box, and couldn't help but said with some disgust: "Why is it a gray and broken stone? There is no energy fluctuation at all."

Ye Feng immediately grabbed this mysterious stone left by the Earth Emperor in his hand and said, "Let me study it."

"Um."

Princess Xuelian nodded, seemingly not interested in the ugly broken stone at all.

She said aloud: "Ye Feng, let's understand the secret of the earth together as soon as possible."

At this time, Princess Snow Lotus said, giving the first thing she got

A book of earth secrets engraved with countless symbols and words was taken out and placed in front of the two of them.

Ye Feng said at this time: "I can just imprint it directly. Later, I can slowly understand it in my mind. You can just take this book back."

Buzz!

At this time, Ye Feng said, and immediately began to release his soul power, wrapping up the book in front of him that contained the complete set of mysteries of the earth, and then put all the words and symbols into it. Copying is imprinted in my mind.

The next moment, Ye Feng successfully imprinted all the secrets, and then handed the original book back to Princess Xuelian.

Princess Xuelian asked in surprise: "Is this enough?"

Ye Feng smiled slightly and said, "Okay."

After finishing speaking, Ye Feng suddenly looked in the direction of the mausoleum and said loudly: "The main event comes next."

Princess Xuelian couldn't help but asked in confusion: "What do you mean?"

Ye Feng said aloud: "The reason why the guardian stone statue was so powerful before was because it obtained the energy of the Emperor of the Earth. The source of the energy of the Emperor of the Earth is hidden in this mausoleum. I want to see what it is."

In fact, from the beginning, Ye Feng was not only concerned about the inheritance of the Earth Emperor, but also the energy of the Earth Emperor stolen by the guardian stone statue.

But Ye Feng knows that his biggest gain from this trip is definitely the rare earth gem left by the earth emperor!

This is a real dominating gem!

It is of the same level as the other domination gems on Ye Feng!

The other dominance gems on Ye Feng's body are all derived from the dominance of the Chaos God Emperor.

But this dominating gem "Earth Gem" left by the Earth Emperor is a brand new dominating gem, the legendary "Earth Gem".

The earth gem derived from "Earth Master" contains infinite power of the earth.

The existences that can evolve the domination gem must be the most powerful ones in the domination level.

Beings like the Earth Emperor or the Necromancer who are new to the Dominion are far from being able to create the essence of the Dominion Gem.

At this time, Ye Feng walked towards the broken mausoleum not far away.

Princess Xuelian followed, with a hint of surprise in her beautiful eyes, and said: "The guardian stone statue can absorb that thing, Ye Feng, are you sure you can do it?"

Faced with Princess Xuelian's question, Ye Feng just smiled and said, "There is no energy in this world that I cannot absorb."

After finishing speaking, Princess Xuelian suddenly widened her beautiful eyes slightly, stared at Ye Feng in surprise, and couldn't help but smile and said: "Ye Feng, I found that you are really different from others, even among us In the imperial city of Galaxy Dynasty where there are many strong men and countless geniuses, I have never seen any young talent as special as you."

When Ye Feng heard this, he couldn't help but grinned and said, "You think I'm special? Many people say I'm ordinary."

Princess Xuelian stared at Ye Feng with her beautiful eyes very seriously, and said loudly: "To say that you are ordinary, you must be a person without vision. Anyway, in my heart, you really have a special temperament, although You don't seem to come from any big family or nobles, but you sometimes make me feel like you are the most dazzling star. You are better than the so-called noble heirs and royal family members I met in the Galaxy Dynasty Imperial City. , all should be shining and noble."

What Princess Xuelian said made Ye Feng look at her in surprise. He didn't expect her to think so highly of him. After all, they hadn't been together for long, and she had already seen so much. ?

At this moment, Ye Feng suddenly noticed that in the beautiful eyes of Princess Xuelian looking at him, in addition to the emotion of praise, there was also a very inexplicable hazy emotion.

this.....

"

Could it be that she... likes me? "

Ye Feng suddenly had such an abrupt idea in his heart for no reason.

But the next moment, Ye Feng didn't say anything, but quickly walked forward.

Princess Xuelian noticed the momentary, seemingly dodge-like change in the depths of Ye Feng's eyes.

The royal princess from the Galaxy Dynasty had an inexplicable sweet smile on her cold and beautiful face, and then she followed Ye Feng with a light step.

At this time, Ye Feng had arrived at the core area of the mausoleum.

This place is broken and full of ruins.

"That is....."

At this moment, Ye Feng looked in the direction where the guardian stone statue had absorbed energy, and immediately discovered something unusual.

At the bottom of the tomb, the earth cracked, and a huge giant body appeared.

This giant body is no longer human, but a crystal giant that seems to be composed of the essence of the earth.

A very strong energy of the Emperor of the Earth emanates from the body of this Earth Essence Crystal Giant.

It can be seen that less than half of the body of this crystal giant composed of the essence of the earth has disappeared.

"It was caused by the three years of absorption by the guardian stone statue!"

Ye Feng understood everything immediately and felt extremely regretful that a small part of it had dissipated. The abominable guardian stone statue!

But at least half of the crystal giant's body is left, and it still stores a very strong energy of the Earth Emperor.

Princess Xuelian walked over and looked at the crystal giant that looked like a work of art. She immediately couldn't help but exclaimed: "This should be the earth essence clone of the Earth Emperor!"

Ye Feng nodded slightly and said excitedly: "Xuelian, you protect me, I will try my best to absorb all the earth's essence energy left by this crystal giant!"

Chapter 3226 A new realm

"Boom!"

At this moment, Ye Feng did not hesitate at all and directly released his Devouring Domain. He stretched out his hand and covered the huge body of the crystal giant in front of him.

"Buzz!"

At this moment, Ye Feng immediately felt that a huge amount of energy was being rapidly injected into his body.

These energies are not ordinary energies, but the vast and boundless essence of the earth, which are the precious emperor energies left by the emperor of the earth.

The guardian stone statue before was originally just an ordinary stone statue, but it became so powerful because it absorbed the earth energy of this crystal giant.

So these energies of the emperor of the earth have an extremely incredible enhancement effect, and the origin is very powerful. It is simply the most powerful energy that Ye Feng has absorbed so far!

At this moment, Ye Feng immediately felt that his skills were being madly improved at an incredible speed.

"Boom!"

Eighth level of Kaitian Realm!

"Boom!"

Ninth level of Kaitian Realm!

"Boom!"

Tenth level of Kaitian Realm Great Perfection!

At this time, Ye Feng's cultivation momentum broke through one after another, and it was simply violent to an extreme.

And this is far from over!

Because the huge body of the crystal giant has not been completely absorbed.

"Boom!"

Finally, with the continued absorption, Ye Feng's cultivation momentum broke out again.

Directly transformed, stepped into the first level of Xuantian Realm above Kaitian Realm!

This is a huge improvement.

Ye Feng's cultivation directly crossed a big realm.

Successfully rushed into the new realm of Xuantian Realm!

Swish!

Ye Feng stood up at this moment, only to feel that his strength and life seemed to have undergone a huge transformation.

Ye Feng's eyes were a little excited.

Because the improvement this time was really too great.

Not only did his own cultivation break through.

The huge earth energy contained in the crystal giant made Ye Feng's life origin evolve, evolving towards a greater and higher level.

In addition, Ye Feng's understanding of the mysteries of the earth also rose with the tide.

"Crack, crack..."

At this moment, Ye Feng's mind moved, and the ground under his feet automatically surged with a large amount of earth energy, and directly condensed a set of heavy khaki armor on the surface of his body!

This is the "Earth Armor"!

It belongs to the first level of the earth's mystery.

"Earth Armor?"

When Princess Xuelian next to him saw this scene, her eyes immediately showed a trace of surprise, and she couldn't help but say: "Ye Feng! You have comprehended the first level of the mystery of the earth so quickly, and even used the power of the earth to condense a set of earth armor! Too amazing!"

Ye Feng smiled slightly and said: "The energy of the earth emperor contained in the body of the crystal giant gave me this subconscious understanding. However, at present, I can only absorb the earth energy within a radius of several meters, and the condensed earth armor is not very strong. When can I absorb the earth energy within a radius of tens of thousands of meters in an instant and condense the earth armor, then it will be absolutely strong like the iron cast, indestructible!"

Ye Feng is still very satisfied with the first level of energy of the mystery of the earth, the earth armor.

Because the earth armor is completely dependent on the earth energy, and does not need to consume Ye Feng's own strength.

As long as Ye Feng stands on the earth, there will be endless earth energy for him to use.

After all, the earth is vast and endless.

At this time, Ye Feng was also a little sad.

Some super strong people outside the domain are still very terrifying. They can even make such a demonic existence as the Earth Emperor die in battle.

Ye Feng felt more and more that he still had to work hard to improve his cultivation strength, otherwise, let alone going to the advanced realm to help his father, mother and the Ye family in the future, he might need them to protect himself.

After all, the higher the realm, the more likely it is that super terrifying beings outside the domain outside the origin world will come.

At this time, Ye Feng looked at Princess Xuelian beside him and said, "Let's leave here directly."

Princess Xuelian nodded.

Their purpose of this trip has been achieved.

Although there were many setbacks and hardships in the middle, they were finally overcome by the two one by one.

Princess Xuelian suddenly said, "Ye Feng, I'm leaving directly. I don't know when we will meet next time."

At this moment, Princess Xuelian said, and there seemed to be a trace of reluctance in her tone.

Ye Feng smiled rather carefreely and said, "It shouldn't be too long, because I will definitely go to the Xinghe Dynasty within three years."

"Within three years? Definitely?"

Princess Xuelian saw the determination in Ye Feng's eyes, and there was also an inexplicable meaning.

Princess Xuelian was very smart and immediately guessed that Ye Feng and the Xinghe Dynasty probably had some profound connection.

But Princess Xuelian didn't ask much at this time, after all, everyone has their own secrets.

If Ye Feng didn't take the initiative to tell her, she wouldn't ask much, she was a smart woman.

At this moment, Princess Xuelian suddenly stretched out her hand, smiled sweetly, and said, "Ye Feng, I'm very happy to meet such a special friend like you this time."

Seeing this, Ye Feng couldn't help but stretched out his hand, shook it slightly, and then said with a smile: "I am also very happy to meet the beautiful Princess Xuelian."

Hearing Ye Feng's praise, Princess Xuelian's innocent face suddenly turned red.

"Ye Feng, I'm leaving now. When we meet in the imperial city next time, I will take you to visit the imperial city of our Galaxy Dynasty. It is very prosperous."

Princess Xuelian said one last word, then jumped up, and her beautiful figure disappeared into the darkness in the distance.

At this time, Ye Feng looked at Princess Xuelian's retreating figure and thought of the experiences they had shared in the past few days, and couldn't help but smile knowingly.

Uh-huh!

Next, Ye Feng also jumped up and walked towards the other end of the arch bridge.

The direction Princess Xuelian left was directly above this cave.

Ye Feng, on the other hand, flew in the direction where he came from.

Because Ye Feng still has a very important thing to do now.

That is, to rescue senior Bei Wentian who has been trapped for three thousand years!

Bei Wentian was a peerless figure from the overlord sect of the Northern Wilderness human race and the Five Emperors Divine Sect.

Back then, I almost died here while fighting a giant in the world of demons. Fortunately, I still had a soul and a skeleton left, and there was still the possibility of resurrecting my life.

After all, a super strong human being like Bei Wentian has very tenacious vitality, and it is difficult for him to truly fall.

Chapter 3227 My own way

Ye Feng's speed was very fast. In less than a moment, he had already crossed the huge arch bridge and returned to the starting point.

At the starting point, Ye Feng continued to walk towards the cave he came from before, and soon at the end of a stone path, he once again saw Bei Wentian, a miserable old man.

Bei Wentian only had a skeleton left, hanging on the wall, with a soul emitting a faint light on his head.

Seeing Ye Feng's return, his cultivation seemed to have greatly increased.

Bei Wentian's old face suddenly showed a trace of horror. ??

His soul trembled rapidly, and he couldn't help but say: "Little friend Ye Feng, you...you succeeded?"

I have to say that Bei Wentian still found it hard to believe that Ye Feng would return so soon.

Originally, although he had hope, it was slim.

Because Bei Wentian saw too many geniuses, and when he entered them, they all disappeared without a trace.

Ye Feng understood something at this time. Maybe there was a super genius who had passed the test of the Earth Emperor, but was killed by the evil guardian stone statue.

However, Ye Feng did not say this. He just smiled and said, "Yes, I have successfully passed the test. Now, I grant you freedom."

Buzz!

At this moment, Ye Feng displayed the secret of the earth.

The power of the earth surged around Ye Feng, changing the entire surrounding world directly from the soles of Ye Feng's feet.

Bei Wentian, who had been sealed here for three thousand years by the Emperor of the Earth with the secret of the earth, his body and spirit were freed in an instant and finally broke away from their bonds.

"I am free....."

When Bei Wentian sensed all this, it seemed a little unbelievable that he was so free.

"Three thousand years..."

"Three thousand years!"

Even if Bei Wentian is a great figure of his generation, he still feels sad after being trapped for countless years.

But the next moment, Bei Wentian took a deep breath and said aloud: "It's good to be free.

It would be nice to be free. "

Buzz!

At this moment, Ye Feng saw Bei Wentian's soul reintegrating into the skeleton.

Then, huge and boundless energy swept away from the surrounding heaven and earth, even turning the surrounding space into a vacuum all of a sudden!

"Buzz buzz..."

The next moment Ye Feng discovered that Bei Wentian's skeleton was rapidly regrowing flesh and skin.

Finally, Bei Wentian's body revived.

But he has an old figure, far less graceful than he was at his peak, just like a dying old man.

But Bei Wentian had a look of relief on his face, "Not bad, it's already very good."

Uh-huh!

Bei Wentian grabbed Ye Feng's shoulders and used his magical power to fly directly from the depths of the ground to the outside space in an instant.

"boom!"

At this time, Bei Wentian opened his mouth and took a breath, and the entire sky and earth seemed to dim in an instant.

The incomparably huge energy of heaven and earth was like a huge tide that filled the sky, and it was all swallowed up by Bei Wentian in an instant.

Buzz!

At this moment, being replenished by the infinite vitality of heaven and earth, the old aura on Bei Wentian's body suddenly began to disappear.

As Ye Feng watched helplessly, Bei Wentian gradually recovered from an old man's form, became younger, and finally became a young man in his prime, with a majestic appearance, deep eyes, and an aura that could command the world. Great talent and great strategy.

Ye Feng stared at the unfathomable young man next to him, and immediately couldn't help but clasped his fists and said, "Thank you, Senior Bei, for returning to his peak condition!"

"Peak state?"

When Bei Wentian heard this, his eyes looked extremely weathered.

God suddenly revealed a bitter smile and said: "It's still early. I just temporarily swallowed a lot of the vitality of heaven and earth to restore the form to its previous appearance. My true strength has long been greatly reduced. I hope This time I return to the Northern Wilderness and the Five Emperors Divine Sect. I can use the resources in the sect as soon as possible to repair my lost life source. Otherwise, I won't have many years to live."

Ye Feng's eyes suddenly froze and he said: "How many years do you have left to live? But the vitality in you, Senior Bei, is as strong as the ocean."

Bei Wentian shook his head and said: "It's just an appearance. By the way, you rescued me, and I will definitely do what I promised you."

Buzz!

At this moment, Bei Wentian suddenly stretched out a finger and touched Ye Feng's forehead directly.

"boom!"

An explosive secret of inheritance rushed directly into Ye Feng's mind.

It's that eternal and unparalleled "Eternal Battle Technique"!

This is the most mysterious and precious inheritance in the Northern Wilderness!

Until now, only Beiwen Genius had it.

As for Bei Wentian, it was precisely because of this set of Eternal Great Battle Techniques that had the highest attack power in all eternity that he achieved the glory of that year and became the Sixth Emperor of the Five Emperors Divine Sect - Beidi!

At this time, Ye Feng stood there blankly, deeply absorbing the eternal battle technique in his mind.

This set of inheritance secrets is really huge, even bigger than the Earth Secrets of the Emperor of the Earth that Ye Feng had obtained before.

In a sense, Ye Feng feels that the art of eternal battle is more useful to him than the secret of the earth!

Because most of the functions of the Mystery of the Earth are for defense.

But this eternal battle technique is the first attack technique in all ages, which can make Ye Feng burst out with earth-shattering attacks.

Ye Feng took a deep breath. He didn't expect that Senior Bei Wentian was such a senior who kept his promises.

Because Bei Wentian was strong enough to kill Ye Feng and rob Ye Feng of the Earth Emperor inheritance. After all, Bei Wentian had been looking forward to it for three thousand years.

But since Bei Wentian escaped from trouble, he has kept silent about the Earth Emperor's inheritance. Instead, he passed on his eternal battle technique, this unrivaled inheritance, directly to Ye Feng without any reservation.

Ye Feng looked at the young man who had gone through many vicissitudes of life. Although he seemed to be extremely handsome, he was indeed surrounded by the aura of death and his life was not long.

Ye Feng's eyes flashed and he made a decision.

"Senior Bei, I will imprint a copy of the inheritance of the Emperor of the Earth and the secret of the earth on you. Perhaps it will allow you to live longer, because the earth is immortal and I am immortal."

Ye Feng suddenly spoke up.

This sentence made Bei Wentian, who was originally indifferent, couldn't help but show a trace of alarm on his weathered face.

Bei Wentian looked at Ye Feng who seemed to be very serious, smiled with relief, and said: "Little friend Ye Feng, you are serious, but the secret of the earth cannot extend my life, because I was injured in the battle with the giant of the demon world that day. When it comes to my most primitive source of life, I actually don't need the secrets of the earth as much as before. In the past three thousand years, I have communicated with the will of the Emperor of the Earth and received a lot of guidance. Perhaps, I can create one that belongs to me. Your own way of domination does not require the secrets of the earth."

When Ye Feng heard this, his eyes couldn't help but move. He didn't expect that Bei Wentian had changed so much in the past three thousand years.

He wants to walk out of his own way.

Ye Feng took a deep breath and said: "Okay, I believe that Senior Bei can definitely walk his own path, but if Senior Bei needs the secrets of the earth, he can come to me at any time."

Bei Wentian couldn't help but pat Ye Feng's shoulder, and said with a happy smile: "Okay, I don't need it now, because I'm afraid that the secret of the earth will affect my own way. If my own way doesn't work, I'll come to you again. Little friend Ye Feng, are you going to follow me out of this wild forest and go to the Five Emperors Sect in the Northern Wilderness?"

Chapter 3228 Millennium Beast

Heading to the Five Emperors Divine Sect?

At this moment, listening to Bei Wentian's words in front of him, Ye Feng did not make an immediate decision, but fell into a brief silence.

He is thinking.

Do you want to follow Bei Wentian to the Five Emperors Divine Sect?

The Five Emperors Divine Sect is the overlord-level sect of the human race in the Northern Wilderness. It is very prosperous and forms a polar opposite with the Galaxy Dynasty in the central area, maintaining the security and prosperity of the human race territory in the entire star field.

Although Bei Wentian disappeared for three thousand years, he was still the famous Northern Emperor in the Northern Wilderness.

If he follows Bei Wentian to the Five Emperors Divine Sect, Ye Feng knows that although his status in the Five Emperors Divine Sect cannot be said to be lower than one person and higher than ten thousand people, it is definitely very noble and noble. ??

But Ye Feng knew that the Five Emperors Divine Sect, a super large sect in the Northern Wilderness, must have given birth to countless super strong men and super geniuses over countless years.

Although Ye Feng defeated countless geniuses in the first-level realm.

But in the unfamiliar and vast secondary realm of Star Territory, Ye Feng still has self-awareness, and he may not be the opponent of many super geniuses.

There must be countless super geniuses and monsters in the behemoth sects in the Northern Wilderness like the Five Emperors Divine Sect.

If he followed Bei Wentian into the Five Emperors Divine Sect, Ye Feng knew that he would definitely become the target of public criticism.

Because many people will definitely guess that they possess Bei Wentian's eternal battle technique.

Although they did not dare to fight against Bei Wentian, the Northern Emperor, they would definitely try their best to obtain the powerful inheritance of the Northern Emperor from a weak young man like themselves.

Ye Feng knew that when the time came, there would be endless murderous intent, like a rolling ocean, coming, and he would be unable to resist it.

After all, Bei Wentian can protect himself for a while, but cannot protect him for the rest of his life.

Therefore, Ye Feng feels that it is better for him to keep a low profile for now.

Moreover, Ye Feng also knew that when Bei Wentian returned to the Five Emperors Divine Sect during his trip, his own situation might not necessarily be smooth.

After all, three thousand years have passed, and among the Five Emperors and Divine Sect, maybe

An even more amazing and talented person emerged.

Bei Wentian's life is short now, so it's not certain whether the upper echelons of the Five Emperors Sect will waste huge resources on him.

Perhaps, when Bei Wentian returned from this trip, he was too busy to take care of himself.

These are Ye Feng's inner considerations.

Ye Feng is no longer the ignorant young man who first entered the cultivation path.

Nowadays, Ye Feng has experienced countless ups and downs, and his inner thinking is naturally comprehensive. He will not follow Bei Wentian to the Five Emperors Divine Sect to show off his power on impulse.

Ye Feng thought about this at this moment, took a deep breath, and said: "Senior Bei, I am not going to follow you to the Five Emperors Sect for the time being."

Bei Wentian glanced at Ye Feng in surprise, as if he didn't expect Ye Feng to refuse.

After all, if he were a normal young warrior, he would definitely be ecstatic if he had such an opportunity, because this is a good opportunity to reach the sky in one step.

Bei Wentian couldn't help but said: "You don't believe that my strength can protect you?"

Obviously, Bei Wentian was not a dull person and could see Ye Feng's inner thoughts.

Ye Feng shook his head and said: "I believe in Senior Bei's strength, but I don't believe in my own strength. The Five Emperors Divine Sect is simply a behemoth to me now. It may not make much sense for me to go. On the contrary, I The eternal battle technique and the inheritance of the Earth Emperor will be guessed and coveted by others. "

When Bei Wentian heard this, his eyes showed a trace of solemnity, and he couldn't help but said: "What you said is right. I didn't think about it from your perspective. After all, your cultivation is indeed too weak. Yes, but you carry the two most powerful inheritances of the Northern Wilderness, my eternal battle technique and the inheritance of the Earth Emperor. It is indeed too jealous of others. If it is leaked out, let alone the Northern Wilderness Shock, it will The Galaxy Dynasty in the central area, or even the giant demons in the demon world, may

They will try their best to attack you, which will be an endless disaster. "

Having said this, Bei Wentian couldn't help but look at Ye Feng with approval, patted him on the shoulder, and said: "You are extremely talented, strong-willed, and so thoughtful. You are simply a

great talent. I wanted to take you with me." Go back to the Five Emperors Divine Sect and train you well, but you are right. If I take you back rashly, I will attract the attention of too many big people, which may have devastating consequences for you. Then you can wait until you are strong enough before coming to the Five Emperors Divine Sect."

Ye Feng cupped his fists and said, "Okay, thank you, Senior Bei, for understanding."

"Um."

Bei Wentian laughed loudly and said: "Although I am the Northern Emperor, with unparalleled majesty, everyone in the world must respect me, but you don't have to be so polite. You and I can be good friends."

Uh-huh!

After Bei Wentian finished speaking, he jumped directly and disappeared into the mountains in the distance. ??

Ye Feng looked at Bei Wentian's retreating back with a hint of joy in his eyes.

In any case, being able to become friends with a peerless figure like Bei Wentian and gain his approval is definitely something to be proud of.

After all, that was the Northern Emperor who was extremely majestic and powerful in the Northern Wilderness.

"call."

At this time, Ye Feng took a deep breath, and then walked towards the wild forest in the distance with extremely firm steps.

In any case, this is my decision. At present, I am destined to walk alone on the road to becoming stronger.

In the next few days, Ye Feng was not in a hurry and went directly to the Northern Wilderness human territory outside the Manglin.

Ye Feng knew that once he set foot in the Northern Wilderness, there might be a lot of disturbances that would disrupt his cultivation.

So in the next few days, Ye Feng found a desolate hilltop deep in the jungle, sat cross-legged on the top of the mountain, looked down at the green cattle by the lake, and looked at the daylight in Longtan.

While Ye Feng was meditating, he was also meditating on what had just happened.

The two most powerful inheritances he just obtained will also be Ye Feng's two strongest trump cards in the future, the Eternal Battle Technique and the Mystery of the Earth.

These two sets of inheritance are very powerful and majestic, and cannot be understood overnight.

Even though Ye Feng had the gift of enlightenment, he found that the speed of his enlightenment was also very slow, which shocked Ye Feng. It was indeed the inheritance of two ancient legends.

However, the dominator gem left by the Emperor of the Earth that Ye Feng obtained, the Earth Gem, allowed Ye Feng to continuously absorb the energy of the earth from it, quickly improving Ye Feng's understanding of the mysteries of the earth.

In just half a month, Ye Feng's understanding of the mysteries of the earth has advanced by leaps and bounds.

The Earth Gem's understanding of the earth's mysteries is simply an incredible accelerator.

In just half a month, Ye Feng was able to absorb the energy of the earth within a radius of several hundred meters, and condensed a set of indestructible earth armor on his body with astonishing defensive power.

"boom!"

At this moment, a mountain not far away suddenly exploded.

A thousand-year-old giant beast sleeping in the mountain was a humanoid monster with a dragon horn on its head. Its legs and arms were as thick as sky pillars. It was very majestic and towering, exuding a ferocious aura.

"As soon as I woke up, I saw delicious human blood food. It was great."

This huge humanoid beast with dragon horns picked up the rubble from the mountain at this moment and walked out. A pair of scarlet eyes stared directly at Ye Feng, who was sitting cross-legged on the top of the mountain opposite.

It felt the powerful blood essence from this small human race, which made this dragon-horned giant greedy. It had been sleeping for thousands of years because it was too hungry.

Ye Feng looked at the thousand-year-old giant beast coming out of the mountains in the distance, which was thousands of meters tall, but he did not leave. Instead, he slowly stood up, smiled happily, and said: "It just so happened that during this time, my The first layer of the earth's secrets, the earth armor, has been greatly improved. It is just right to use you, a thousand-year-old beast, to test the strength of the current earth armor. "

Chapter 3229 Huge fright

"boom!"

Just when Ye Feng stood up, the giant dragon-horned beast not far away was already charging towards Ye Feng crazily.

"Uh-huh!"

The dragon-horned beast smiled ferociously, and stretched out a huge earth-yellow dragon claw. It looked like a huge claw made of granite. It had terrible tearing power. In an instant, it bombarded Ye Feng's head. , to beat Ye Feng to death instantly.

"boom!!"

But at the next moment, the huge claws of the dragon-horned beast struck the top of Ye Feng's head.

Ye Feng's entire body surface was instantly covered with an extremely thick layer of earth armor.

The armor made of clay looks very ordinary, but it is extremely strong.

Ye Feng's entire body was as motionless as a mountain, and he withstood the attack of the giant dragon-horned beast without suffering any damage.

Ye Feng's original body power is the Chaos Body, which is very powerful.

Now coupled with a set of heavy armor such as the Earth Armor, it is naturally even more indestructible and immovable as a mountain.

"What?!"

But at this moment, when he saw that his attack had no effect on Ye Feng at all, the giant dragon-horned beast immediately widened his eyes, as if he couldn't believe what he was seeing.

You know, this giant dragon-horned beast has survived for tens of thousands of years. This time, it has been sleeping for thousands of years and its cultivation has greatly increased. It was just when it was hungry that it gnawed on a hard bone, that is Ye Feng.

"It seems that the earth armor is really good."

At this moment, Ye Feng endured the attack of the giant dragon-horned beast and did not feel any signs of damage to the earth armor.

This made Ye Feng's eyes reveal a hint of joy.

It seems that the Mystery of the Earth is indeed well-deserved.

The first layer of the Earth Mystery, Earth Armor, can use the energy of the earth. The condensed Earth Armor is no less than those so-called divine weapon armors.

r\u003e

"boom!"

At this time, since Ye Feng was almost done with the experiment, he took action directly.

Ye Feng didn't have any martial arts knowledge, so he just punched out.

This punch, as well as the earth armor covering Ye Feng's fist, has the power of the earth.

"Boom!!"

Ye Feng's punch directly blew away the dragon-horned giant beast that was still stunned in front of him, and fell into a mountain in the distance.

"Roar!!"

The dragon-horned giant beast immediately let out a loud roar of pain.

"Uh-huh!"

But the next moment, Ye Feng jumped up, dodged directly, and landed a fierce fist again.

"boom!"

The sword-like ancient dragon horns of the dragon-horned giant beast were all broken by Ye Feng!

"boom!"

The next moment, Ye Feng twisted off the head of the giant dragon-horned beast with one hand.

The methods are extremely cruel.

Very cruel.

"this....."

At this moment, Ye Feng suddenly noticed that there was a team that seemed to belong to a certain family stationed in the mountain range where the giant dragon-horned beast smashed down.

At this time, everyone in the family team was staring blankly at Ye Feng, their eyes filled with deep disbelief.

Originally, this group of family teams were looking for various natural resources in this wild forest close to the northern wilderness of human territory.

Unexpectedly, while they were eating, a majestic dragon-horned beast fell from the sky and slammed down.

Book

Everyone thought this was an innocent disaster, but they encountered a giant dragon-horned beast as tall as a mountain. It was too dangerous.

Unexpectedly, the next moment, a young man in white clothes fell from the sky and killed this terrifying dragon-horned beast in two or two strokes.

The strength of this boy in white is absolutely unfathomable!

At this moment, in everyone's minds, Ye Feng was already that mysterious cultivator of the wilderness, or a descendant of a super big family. He was training outside, otherwise he would not have such terrifying strength. Even a thousand-year-old behemoth like the dragon-horned behemoth can be defeated.

At this time, Ye Feng's eyes revealed a hint of surprise.

Unexpectedly, while fighting this giant dragon-horned beast, he encountered a human team in the wild forest.

But that's a good thing.

It happened that Ye Feng had been cultivating quietly in the wild forest for a long time.

Ye Feng happened to ask the people in this family team at the right time to see which direction he could take directly out of the wild forest and enter the human territory of the Star Territory, the Northern Wilderness.

Because Ye Feng's next training plan is very clear, that is, to walk out of the wild forest, enter the Northern Wilderness, and then cross the entire Northern Wilderness to the center of the Star Territory, the territory of the Galaxy Dynasty, enter the imperial city, and secretly explore The man behind the scenes who gave himself an evil curse.

Ye Feng knew that this journey was destined to be a long one, but he had no choice. Ye Feng was cursed by an evil curse and had only three years to live. He must strengthen himself as soon as possible, enter the imperial city of the Galaxy Dynasty, find the mysterious big man, and find the solution to the curse. method.

At this moment, Ye Feng looked at a group of family members not far away who seemed to be preparing to escape, and suddenly said: "Stand where you are and don't move!"

"Yes Yes Yes!"

Hearing Ye Feng's words, the family team consisting of several hundred people were suddenly frightened and turned pale with fear.

Because Ye Feng is definitely synonymous with cruelty in everyone's minds at this moment.

It is simply not something that a small family like theirs can fight against.

The head of this small family is a middle-aged man who looks very calm.

But the head of this small family looked a little scared at this time, because this time they really caused an unreasonable disaster.

The head of this small family was not sure whether Ye Feng was a vicious person, so when he heard Ye Feng telling them to stand still, even the head of this small family couldn't help but think quickly in his heart. Will their family be destroyed because of this?

Ye Feng didn't know that his casual words would cause so much fear and worry in the head of this small family.

Ye Feng told them not to leave, just to ask how to get out of this wild forest.

At this moment, Ye Feng directly released the Devouring Domain, and a dark bloody mouth suddenly appeared on his body, directly swallowing the towering mountain-like body of the dragon-horned beast.

The huge body of the dragon-horned beast shriveled up immediately, and all the blood and energy of the beast were swallowed up by Ye Feng.

boom!

Ye Feng's cultivation aura immediately broke through, directly breaking through the first level and stepping into the second level of Xuantian Realm!

I have to say that this dragon-horned behemoth is worthy of being a thousand-year-old behemoth, and it is still very useful.

"It's over..."

At this moment, looking at the evil dark mouth transformed from Ye Feng's body, it directly swallowed the dragon-horned beast into a mummy.

Everyone in the family team that was stopping to watch not far away was so frightened that their faces turned pale.

Especially the head of this small family, he immediately trembled, "This is an evil cultivator, our family is finished!"

Chapter 3230 Ice Spring City

At this time, the head of this small family was a little desperate.

Because, he felt that Ye Feng was the kind of extremely evil practitioner who actually swallowed a giant beast directly.

This ability is so terrifying and weird.

At this moment, Ye Feng walked towards the family team.

"what's the situation?"

Ye Feng was a little surprised to see that the head of the family not far away was trembling all over, his face was pale, and he was looking at him as if he were looking at a demon. .??.

"Am I so hideous and terrifying?"

Ye Feng touched his handsome face, feeling a little confused.

"Sir, please spare my life!"

And just when Ye Feng walked up to the head of the small family, the head of the small family suddenly knelt down without warning and cried bitterly.

"why are you crying?"

Ye Feng directly lifted the head of the small family up with one hand and said loudly: "I'm not a bad person, why are you so afraid of me?"

When the head of the small family heard what Ye Feng said, he couldn't help but froze in his eyes and said, "Your Excellency is an evil cultivator. Isn't it because he keeps us here just to kill us?"

Hearing this, Ye Feng suddenly had a look of astonishment in his eyes, then shook his head, smiled and said: "It seems that I swallowed that giant dragon-horned beast just now, which brought a lot of psychological pressure to you. , don't be afraid, relax, I'm not a bad person."

After finishing speaking, Ye Feng put down the head of the small family in front of him and asked him to stand properly and stop kneeling.

The head of the small family felt relieved when he saw the helpless smile on Ye Feng's face.

He couldn't help but ask: "Your Majesty told us not to leave. Is there something you have ordered?"

"not at all."

Ye Feng shook his head and said directly: "I am leaving you here just to ask you one thing, that is, how to get out of this jungle area?"

"It turns out that your Excellency is lost."

When the head of the small family heard what Ye Feng said, he immediately breathed a sigh of relief and couldn't help but said quickly: "Our Wang family is standing in Bingquan City, which is far away from this forest. I am very familiar with the surrounding terrain. , you can definitely take the adults out of this jungle area."

Hearing this, Ye Feng couldn't help but show a trace of surprise in his eyes, and asked: "Is Bingquan City in the Northern Wilderness?"

"Yes."

The head of the Wang family immediately nodded and said: "Our Bingquan City is at the junction of the Northern Wilderness and the Wild Forest. It is a very huge city where human races gather. It is very prosperous and vassal to a super large sect called 'Bingpo'. Xuanzong', so it is very safe. If you don't mind it, you can follow our family team and go to Bingquan City together. With your strength, you may be able to directly enter a super large sect like Bingpo Xuanzong and become a member of it. Get a job."

"Bingso Xuanzong?"

Hearing this, Ye Feng couldn't help but nodded and said: "I am going to the Northern Wilderness this time. I do plan to join some good sects first and find a more stable place to practice well."

Ye Feng knew that it would be unrealistic for him to directly go to the Five Emperors Divine Sect, the strongest in the Northern Wilderness.

Perhaps, you can join some pretty good small sects first.

For example, this Bingso Xuanzong, which is affiliated to Bingquan City, can go and see the situation when the time comes.

Ye Feng said aloud: "Then you can take me directly to Bingquan City now. I have plundered a lot of wealth in the wild forest during this period. I just need to go to Bingquan City, a large city where human races gather, to take a look. Can you sell it in exchange for the training resources I need?"

Hearing what Ye Feng said, the head of the Wang family immediately had a look on his face.

With a trace of hesitation, he said aloud: "It's not that I don't want to take you to Bingquan City immediately, but our family team came here with a mission, which is to cooperate with the city lord of Bingquan City. The Mansion Guards are exploring ancient ruins in a nearby wild forest. The entire seven major families of Bingquan City will participate. If our Wang family does not arrive in time, there will be serious consequences. "

When Ye Feng heard what the head of the Wang family said, his eyes immediately moved slightly, and then he said: "Okay, then I will follow your family for the time being. When you are done exploring, I will follow you out."

The head of the Wang family immediately said gratefully: "Thank you for your understanding!"

Ye Feng nodded slightly and said with great interest: "I have always been very fond of ancient ruins. There may be various opportunities in them. By the way, this time I will follow your Wang family's team. Don't tell anyone. To reveal my true identity, I will temporarily pretend to be a young member of your Wang family."

The head of the Wang family immediately clasped his fists and said, "It's an adult, I understand."

Ye Feng smiled and patted the other party's shoulder, and said aloud: "My name is Ye Feng, just call me Young Master Ye Feng."

The head of the Wang family immediately said with a smile: "Yes, Mr. Ye Feng."

The addition of Ye Feng made the head of the Wang family very happy.

With Ye Feng's powerful strength, if he can join the Wang family's team in the future, he will definitely have a huge protective effect on the entire Wang family's future entry into the ancient ruins.

The head of the Wang family knew very well that this time, the ancient ruins in the wild forest that the Bingquan City Lord's Palace led the seven major families to enter seemed to be a primitive ruin that had never been explored before, and it might be extremely dangerous.

Although the major families were unwilling to take risks, due to the pressure from the city lord's palace, they had no choice but to bite the bullet and bring the elites of their respective families to gather here.

However, each major family also has its own plan. Although they may be in great danger this time, they will lose many elite masters of the family.

But if they can get some great opportunity from the ancient ruins discovered in the city lord's mansion, even if it's just an ancient super skill, it can become an heirloom for major families and can essentially change a family. development potential.

After all, any family that has developed for so many years has many members and heirs.

What they lack is not people, but a powerful inheritance, a powerful inheritance that can transform the entire family.

Therefore, this time the City Lord's Mansion also grasped the mentality of the seven major families and was able to take the lead to succeed. Otherwise, it might only rely on forceful oppression, which might cause public anger.

At this moment, Ye Feng restrained his cultivation aura and followed the head of the Wang family, riding on a unicorn horse.

If Ye Feng's identity was not disclosed, no one would doubt it. After all, Ye Feng looked too young and did not look like a super master at all.

At this moment, the head of the Wang family was in a good mood. Not only was there no unforeseen disaster this time, but he also received secret help from Ye Feng, a young master with a genius.

The head of the Wang family suddenly had great confidence in the upcoming exploration of the ruins and the struggle for the interests of the major families.

Although Ye Feng may not be able to fight against the super masters in the city lord's mansion, he is definitely more than enough to deal with the so-called elite teams of other big families.

Although this time, the entire Bingquan City's city lord's palace and the seven major families are united on the surface to explore ancient ruins together.

But in fact, everyone knows that if there is a huge opportunity in the ancient ruins, the major families will definitely fight each other and compete for wealth.

Now that the head of the Wang family has joined Ye Feng, the "Dinghai Shenzhen", he suddenly feels that his waist has become stiffer.
