

Ancient 3231

Chapter 3231 A scam

After half a day, the Wang family's team of several hundred people finally passed through a large jungle and arrived at the foot of a huge mountain.

Under this mountain, there is a very vast open space.

At this moment, Ye Feng saw that many teams were already stationed in the open space under the mountains.

They should all be from the major family teams in Bingquan City. Each family's team basically has hundreds of people, and the aura of cultivation exuded by them is very good.

Obviously, this time the major families really pulled out all the elite masters from their respective families.

But it's normal to think about it.

This time, the City Lord's Mansion took the lead and entered the ancient ruins. This was an excellent opportunity to enhance the family's heritage.

Therefore, in order to be able to compete with other families, each major family naturally dispatched all their elites.

At this time, Ye Feng slightly exuded some of his soul power, and went to explore not far away, and immediately discovered a lot of powerful auras.

Some of the auras even made Ye Feng feel a little bit afraid.

The fearful aura came from the area where the City Lord's Mansion was located.

It seems that this Ice Spring City still has some strength.

There are still very powerful people in the City Lord's Mansion.

However, among the other families, Ye Feng did not sense any particularly powerful aura after a slight induction.

Obviously, the background of these families is much worse than that of the City Lord's Mansion.

"Um?"

But at this moment, Ye Feng suddenly sensed some rather obscure aura fluctuations.

Ye Feng almost didn't notice this obscure aura fluctuation for a moment.

These obscure aura fluctuations are hidden in several families of the seven major families.

This kind of aura fluctuation seems to be stronger than Ye Feng's cultivation level.

Of course, the actual combat power is not clear.

But Ye Feng's cultivation level is

Among the seven major families, there is an existence that has surpassed the level of the head of the family.

Someone with a higher cultivation level than Ye Feng would definitely not be a member of any major family.

Could it be that other families have also arranged some special helpers to compete for wealth for their families at critical moments?

This speculation flashed through Ye Feng's heart.

But Ye Feng didn't care about this.

Ye Feng is not afraid of these obscure aura fluctuations.

Among such small forces, Ye Feng's strength can definitely be ranked at the forefront.

Not to mention, Ye Feng also has various powerful trump cards.

At present, Ye Feng's most powerful trump cards are, in addition to the various trump cards that Ye Feng has slowly accumulated from the low-level world. Recently, he has also obtained the three strongest trump cards, which are the art of eternal battle, the secret of the earth, and the galaxy. The royal family of the dynasty has the first three levels of the ultimate inheritance of the "Great Galaxy Eternal Magic".

At this time, Ye Feng did not reveal his aura, but instead observed slightly, sensing the various masters and various hidden existences in the audience, and then began to close his eyes and rest in the Wang family's team.

"Now that all the major families are here, let's set off."

At this time, at the front of the crowd, a majestic middle-aged man wearing black armor spoke out.

This middle-aged man has a very strong cultivation level, possessing the terrifying cultivation level of the tenth level of Xuantian Realm.

This person is the city lord of Bingquan City!

At this moment, after the Lord of Bingquan City finished speaking, he led his armored guards and a team of several thousand warriors from the seven major families, galloping towards the depths of this mountain.

Soon, the group of people arrived at the inner area of the mountain.

The surrounding area is full of dilapidated areas, with various collapsed ancient buildings.

Obviously, this mountain

The inner space of Yue is already the initial location of ancient ruins.

"Huh? There is a very strong dark demonic energy?"

The moment Ye Feng came here, he immediately sensed a rather faint demonic energy.

This kind of demonic energy was very weak, even too small to be noticed, but Ye Feng's own perception was very strong, so he naturally discovered it in an instant.

Ye Feng looked towards the depths of this mountain and looked at the devastated area around him. He secretly guessed in his heart that this ancient ruins led by the lord of Bingquan City had once been a war between humans and demons.

It is normal for demons to appear in any area of the Star Territory.

Because the Star Territory is a secondary realm, the only areas that the human race truly controls are the Galaxy Dynasty and the Northern Wasteland. ??

Other land areas are either endless wild forests controlled by ancient ferocious beasts, or they are controlled by the Heavenly Demon Realm of the attached star field, with various demons from the Heavenly Demon Realm wandering around.

However, this vast wilderness is relatively close to the northern wilderness of the human race, almost adjacent to it. There should be no demons from the heavenly demon world, otherwise they will definitely be discovered and killed by the strongest among the human race.

Although the Heavenly Demon Realm is the number one enemy of the human race in the Star Territory, the demons in the Heavenly Demon Realm simply do not dare to come to the wild forest so close to the Northern Wilderness due to the intimidation of the Galaxy Dynasty and many human clans in the Northern Wilderness for so many years.

Ye Feng thought a lot in an instant.

At this moment, the entire team had been walking for half an hour and finally arrived at the inner area of the mountain.

But not before the various families were ready to plunder the chance creations in the ancient ruins.

"boom!"

Suddenly, streaks of black light appeared on the ground around the entire mountain.

Countless black rays of light instantly formed a huge dark formation, trapping all the teams!

"what's the situation?"

At this moment, the seven major families in Bingquan City and thousands of elite masters all opened their eyes wide.

"Hahaha! Lord of Bingquan City, you have done a great job. You have successfully attracted the elite teams of the seven major families here. Once I have absorbed the blood of these thousands of elite warriors and completely recovered from my injuries, I will teach it to you. The supreme magic power allows you to join our Black Demon Sect, become the protector of the Black Demon Sect, and control one side!"

Suddenly at this moment, a very arrogant voice sounded.

I saw that there was a blood pool in the innermost part of this mountain.

In the pool of blood, sat a young man wearing a black dragon robe.

This young man has long blood-colored hair, extremely demonic eyes, and two fangs like vampire bats. He looks extremely demonic, and his body exudes a bloody demonic aura, unlike a human race.

He gives people a very scary feeling, and he is definitely an evil existence with extremely terrifying cultivation methods!

At this moment, the Lord of Bingquan City faced the young man, clasped his fists respectfully and said: "His Royal Highness, the Black God Prince, you are an influential figure in the Black Demon Sect, a powerful force in the Demon Dao. Even many core disciples of the Ice Soul Xuan Sect, I am no match for you. This time I have deceived thousands of elites from the seven major families. You can slowly enjoy it and regain your strength. I hope that in the future, I will follow the Black God Prince and you will be able to prosper!"

Wow!

The moment the Lord of Bingquan City said these words, there was a huge uproar in the entire field!

It turns out that everything is a scam!

The main purpose of the Bingquan City Lord's Mansion to launch this joint exploration of ancient ruins is to provide the core figure of the powerful demon power "Black Demon Sect", the Black God Prince, with human blood nutrients to recover from his injuries!

"hateful!"

"It's over! It's over!"

Throughout the field, thousands of elite masters from the seven major families were looking at the powerful figure of the Demonic Dao, Prince Kurokami, who was eyeing him in the distance, with deep fear in their eyes.

Chapter 3232 This is bad

It has to be said that the mood on the entire court at this moment was simply one of despair.

Ye Feng stood in the crowd, looking at the panicked people around him, with a hint of surprise in his eyes.

Because even Ye Feng didn't expect that such a change would happen.

The city lord's palace of the huge Bingquan City would actually take refuge in a demonic person.

But this Black God Prince seems to be a very impressive demonic figure near Beihuang.

It seems that he is a core member of a nearby demonic power, the Black Demon Sect, and his strength and cultivation are very strong.

"It seems that although Beihuang is a human territory and there are no demons from the Heavenly Demon Realm, the Heavenly Demon Realm will secretly support the demonic forces in the human race and work for the Heavenly Demon Realm."

At this moment, Ye Feng couldn't help but murmur in his heart.

At this time, Ye Feng did not take action rashly, because the cultivation of the Black God Prince and the Lord of Bingquan City were quite powerful. Let's take a look at the situation first.

However, Ye Feng also knew that relying on the so-called elite masters of the seven major families, it was impossible to fight against the Black God Prince.

Although the Black God Prince seemed to have suffered a heavy blow and was in a state of serious injury.

But the cultivation aura of the Black God Prince is extremely vast. It is definitely a powerful existence that surpasses the Xuantian Realm. It is the Tianzhen Realm cultivation level above the Xuantian Realm!

Such a being, and also a core member of a major demonic force, must have countless means, and his overall strength is absolutely terrifying.

Ye Feng didn't expect to rely on the seven major families to fight against the Black God Prince.

The reason why Ye Feng did not take action immediately was because Ye Feng had noticed before that there were several very obscure fluctuations hidden among the seemingly ordinary children of the seven major families.

Ye Feng sensed these obscure fluctuations from the very beginning. At that time, Ye Feng guessed what these obscure fluctuations were.

But now that Ye Feng knows about it, he probably wants to specifically target Black God Tai

Son's.

Although the City Lord's Mansion has tricked the seven major families.

But it seems that there is another force hidden among the seven major families.

"boom!"

"boom!"

"boom!"

And almost when Ye Feng was thinking, sure enough, among the thousands of ordinary people from the seven major families, three very terrifying cultivation auras suddenly broke out!

These three cultivation auras are all half-step Heaven-Suppressing Realm experts who have surpassed the Xuantian Realm!

Although he is not as good as the Black God Prince, his cultivation level is already very terrifying, surpassing the existence of the Great Perfection of the Tenth Level of Xuantian Realm like the City Lord of Bingquan City.

Moreover, the owners of these three auras are all very young, two men and one woman, and they all exude a cold aura at this moment.

"Um?"

The unexpected change that was discovered suddenly caused a trace of surprise to appear in Prince Kurokami's eyes.

He stared at the three young strong men who rushed out from the miscellaneous fish of the seven major families not far away, suddenly smiled, and said: "The aura of the Ice Cold Art, it seems that you are genius disciples of the Ice Soul Xuanzong, I didn't expect it. I didn't expect that there are disciples of Bingpo Xuanzong lurking among these mediocre families."

At this moment, the three Ice Soul Xuanzong disciples, two men and one woman, all had stern faces.

Among the three people, the female disciple of Bingpo Xuanzong held a long ice sword in her hand. At this moment, there was a hint of sneer on her cold and beautiful face, and she said: "Prince Black God, we have been tracking you for a long time. Yes, we have known for a long time that there is collusion between the city lord of Bingquan City and you. This time we took advantage of it and lurked among the seven major families. We followed them here specifically to kill you! "

"Hahaha."

The Black God Prince immediately let out a mocking laugh and said: "Although your Ice Soul Xuan Sect and my Black Demon Sect have similar strength, if the core disciples of your Ice Soul Xuan Sect come, maybe I will be a little more wary. But you are only inner disciples, and your cultivation level is much lower than mine. How dare you, a few inner disciples, to confront me, a core member of the Black Demon Sect? It's a big joke!"

Obviously, the Black God Prince is the core disciple of the Black Demon Sect.

The three young masters who suddenly appeared at this time were all inner disciples of the Ice Soul Xuan Sect. Their cultivation was indeed much worse than that of the Black God Prince. No wonder the Black God Prince looked down upon them at all.

But at this time, among the three inner disciples of the Ice Soul Xuan Sect, a young man wearing a white gown said coldly: "Although our cultivation is not as good as yours, Prince Black God, you have just experienced a... It was a brutal battle and the injuries were serious. Our three inner disciples are all in peak condition, and we also brought the sect's treasure, which is enough to deal with you!"

After finishing speaking, the man in white shirt looked at the female inner disciple of Bingpo Xuanzong next to him, and said loudly: "Junior sister Gu, directly use that supreme treasure, and we will work together to completely destroy the evil Prince Black God. Get rid of it!"

"good!"

The female disciple of the Bingpo Xuan Sect, who was called the Ancient Junior Sister, stretched out a small white hand, and then turned her palm slightly.

Buzz!

A treasure like an emperor's jade seal, as big as a palm, appeared in the palm of this ancient junior sister's hand.

"go!"

The next moment, three inner disciples of the Ice Soul Xuan Sect output their power together and poured it into the jade seal.

boom!

The jade seal, which was originally the size of a palm, began to expand rapidly at this moment.

Eventually, it grew in size and became a huge jade seal as towering as a mountain. It exuded bright divine light and the shadow of the Human Emperor's will appeared on the jade seal.

"boom!"

At this moment, the huge jade seal exuded the will of the Human Emperor, full of overwhelming majesty, and moved directly towards the Black God Prince not far away, full of mighty power and majesty.

"The Human Emperor's Jade Seal?"

At this time, Prince Heishen showed a trace of surprise in his eyes, and couldn't help but said: "It seems that you still have some status in Bingpo Xuanzong, and you were able to bring this treasure out. However, your careful planning After all, it will end in failure, because recently I sacrificed hundreds of thousands of creatures with blood and successfully refined my Black Demon Sect's

most precious treasure, the Blood Palace of All Spirits. Next, I will let you see my most precious treasure of the Demonic Way. The horror!”

boom! !

At this moment, the Black God Prince roared loudly, and a blood-colored gap opened between his eyebrows. A huge blood-colored palace, entangled with countless floating skeletons, was filled with the terrifying aura of death, and it was an instant impact. When it came out, it directly hit the Human Emperor's Jade Seal hard.

"Boom!!"

Accompanied by a huge roar, the terrifying aura of the All Souls Blood Palace actually shattered the Human Emperor's Jade Seal.

"Puff puff!"

At this moment, the three inner disciples of the Ice Soul Xuan Sect also suffered heavy injuries. They spurted out a mouthful of blood on the spot. Their eyes were full of deep horror. It seemed that they did not expect that the Black God Prince would actually refine it. The destructive power of a terrifying demonic treasure like the Ten Thousand Spirits Blood Palace is so terrifying that it is impossible to withstand it!

"This is bad..."

The three inner disciples of the Ice Soul Xuan Sect all felt their hearts sink to the bottom at this moment!

Chapter 3233 A lot scary

No one thought that this Black God Prince actually had such a terrifying treasure in his possession.

The Blood Palace of All Spirits is a very evil demonic treasure, very terrifying. It is the most powerful treasure forged by the Black God Prince at a great cost, and it has incredible destructive power.

Otherwise, the Human Emperor's Jade Seal jointly sacrificed by the three inner disciples of Bingpo Xuanzong would not have been crushed so easily.

"Damn it..."

At this moment, the three inner disciples of the Ice Soul Xuan Sect all had deep downcast expressions in their eyes.

This time they really miscalculated!

Unexpectedly, the Black God Prince held such a terrifying demonic killing weapon in his hands.

"Walk!" .??.

At this moment, the three inner disciples of the Ice Soul Xuan Sect did not hesitate and flew quickly in a certain direction in the distance.

Because they knew very well that the three of them now joining forces could not possibly be the opponent of the Black God Prince.

Because the Black God Prince not only has a very terrifying cultivation level, but also possesses such a terrifying demonic treasure.

"Want to run? Leave them all here!"

At this moment, Prince Heishen smiled coldly and stretched out a hand.

boom!

A big bloody hand suddenly appeared in the void, and directly bombarded in a direction not far away.

"ah!"

An inner disciple of Bingso Xuanzong screamed, and his whole body was beaten to pieces!

"Senior Brother Shen!"

The remaining two inner disciples couldn't help but exclaimed in surprise.

"Don't even think about leaving!"

The Black God Prince smiled coldly and controlled the Blood Palace of All Spirits. A large amount of blood immediately poured down, which was very corrosive. In an instant, all the remaining two inner disciples, one male and one female, were directly corroded. Turned into bloody water.

Three inner disciples of the Ice Soul Xuan Sect and three super masters of the Half-Step Heaven-Suppressing Realm were killed in an instant!

I have to say that this Black God Prince is simply extremely powerful.

Coupled with the powerful magic treasure in his hand, the lethality is astonishing to the extreme.

At this moment, Ye Feng, who was standing in the crowd, had a look of deep fear in his eyes.

It's not that Ye Feng doesn't want to take action, but that this Black God Prince is indeed an extremely terrifying guy. With his current cultivation level, he rashly

If so, it may be dangerous.

Ye Feng feels that he is not a bad person, but he is not a savior either.

If he has the ability, he may take action to save the three inner disciples of the Ice Soul Xuan Sect for the sake of humankind's justice.

But now, this Black God Prince is really terrifying.

Ye Feng is not stupid enough to involve himself in order to save others.

Sometimes, some things have to be done according to one's ability.

Ye Feng's first thought was to leave secretly without exposing his traces.

"receive!"

At this moment, Ye Feng took advantage of the fact that the Black God Prince was checking the three dead Ice Soul Xuanzong disciples, and immediately opened the storage ring. In an instant, he put the entire Wang family team into the storage ring, and then he instantly activated the space gem to open up the The space wormhole left the place instantly.

Ye Feng was in the Wang family's team and collected the Wang family's team without wasting time. After all, Ye Feng still needed the Wang family's team to guide him out of the wild forest.

As for other families and other people, Ye Feng can't control that much.

"Uh-huh!"

At this moment, Ye Feng dodged directly to the distance.

"Huh? Are there other masters hidden?"

The Black God Prince stared at Ye Feng fiercely and released the Ten Thousand Spirits Blood Palace in an instant.

Boom! !

Suddenly, terrifying skulls, emitting scarlet blood light, struck Ye Feng's back in an instant.

"Earth Armor!"

At this moment, Ye Feng condensed the strongest earth armor, and his entire body was immediately covered with a thick layer of earthy yellow armor!

"Boom!"

The Ten Thousand Spirits Blood Palace bombarded Ye Feng's body, erupting with terrifying corrosiveness and destructiveness.

"Click, click!"

A large piece of earth armor was immediately shattered, and Ye Feng's body was corroded into a large piece of flesh and blood.

"puff!"

The terrifying impact made Ye Feng unable to help but spit out a mouthful of blood.

This made Ye Feng extremely shocked.

really,

My judgment is correct!

This Black God Prince's strength is terrifying. He is a core member of the great demonic forces, and his methods are astounding!

He is no match for him at all!

I chose to run away silently, which was the right and wise choice.

Otherwise, he would lose the chance to escape and might die in the hands of the Black God Prince.

"Uh-huh!"

At this moment, with the help of the terrifying counter-shock force, Ye Feng endured the pain and finally escaped from here completely.

The Black God Prince looked at Ye Feng's disappearing back with extremely gloomy eyes.

He never expected that, apart from the three inner disciples of Bingpo Xuanzong, there would be a super genius among these ordinary families.

Moreover, Ye Feng took away a team from a large family before leaving. The Black God Prince lost the vitality of hundreds of people, and it is estimated that he will not be able to recover from his injuries.

"hateful!"

Prince Kurokami couldn't help but reveal a deeply ferocious look in his eyes.

The Black God Prince thought he had everything under control, but unexpectedly he was still negligent!

"Hmph, this kid has been infected by the corrosive power of my Ten Thousand Spirits Blood Palace. He will definitely not feel comfortable. He may be poisoned and die. I will wait until I swallow the masters of other families first, and then I will go find this poisoned kid!"

The Black God Prince spoke coldly, and then without hesitation, he directly began to kill the remaining six elite families of Bingquan City.

Suddenly, countless screams rang out across the entire field.

...

And at this moment.

In a wilderness.

Boom!

Ye Feng, who was running away at high speed, suddenly became dizzy, fell from the sky, and fell to the ground.

At this moment, Ye Feng was deeply poisoned and felt that his skills were somewhat unable to function.

"What a powerful Black God Crown Prince! He is indeed the core figure of the demonic path who can casually kill three half-step Heaven-Suppressing Realm geniuses!"

Ye Feng was a little shocked and angry at this time, but also a little happy.

To his surprise and anger, this Black God Prince was much scarier than he imagined.

Fortunately, my judgment was correct and I did not act impulsively to prop up the situation. Instead, I escaped from there at the critical moment and saved myself.

little life.

Emperor Chu suddenly said in his mind: "Ye Feng, there are too many powerful people in the advanced realm, and all of them are very powerful. It's very good that you didn't act blindly and arrogantly this time."

Hearing this, Ye Feng nodded slightly, with a hint of regret in his eyes, and said: "It is true that there are too many strong people in the Star Territory. I am indeed not a master now, but I still have to keep a vigilant heart at all times. "

Emperor Chu suddenly spoke: "Actually, Ye Feng, your strength is not too weak, but the Black God Prince you happened to meet this time is too special. He is the core figure of the Black Demon Sect, so he is naturally extremely powerful. You can escape from his hands, which is already very good. After all, you are only at the second level of Xuantian Realm. The three half-step Heaven-Suppressing Realm geniuses of Ice Soul Xuanzong all died in an instant at the hands of the Black God Prince. Don't feel frustrated in your hands. Victory and defeat are common in military affairs. This is normal."

Ye Feng nodded slightly, knowing that Emperor Chu was afraid that he would give up on himself, so Ye Feng just smiled quite freely and said: "Emperor Chu, I am an old man in the world, and my mentality will not let me get discouraged casually. Come, there have been ups and downs, and I have encountered countless ups and downs, but I have overcome them one by one. Although this Black God Prince is powerful, I will get this place back!"

Emperor Chu said aloud: "This Black God Prince's peak cultivation is estimated to be at the tenth level of the Heaven-Suppressing Realm. With the terrifying demonic treasure in his hands, the Ten Thousand Spirits Blood Palace, it is estimated that his overall strength has surpassed Having reached the Heaven-Suppressing Realm, you can compete with the Ten Thousand Tribulations Realm super masters who are above the Heaven-Suppressing Realm. You really can't fight against this kind of enemy for the time being."

Ye Feng nodded and said: "The Ten Thousand Spirits Blood Palace in his hand is indeed very powerful. Otherwise, I wouldn't be in such a mess. That treasure greatly enhanced the lethality of the Black God Prince. Sure enough, Star Territory is a The casting technology in the second-level realm is much more advanced than that in the first-level realm of the Eastern Region, and there are many powerful treasures."

At this moment, Ye Feng was talking, thinking in his mind, should he lead the Wang family team to leave this wild forest, or should he find an opportunity to counterattack the Black God Prince and regain the place?

"Master Ye Feng! I have something to say! As long as you find that place, Master Ye Feng may be able to give you, Master Ye Feng, the ability to fight against the core figure of the devil like the Black God Prince! This is the secret that my Wang family has guarded for thousands of years. Now I am willing to tell it and help Young Master Ye Feng gave me a helping hand! Young Master Ye Feng risked his life to take away all our Wang family members, I am very touched!"

Suddenly at this moment, the voice of the head of the Wang family came out from the storage ring space.

Chapter 3234 The Ancient Beast King

"Um?"

At this moment, when he heard the voice of the head of the Wang family in the storage ring, Ye Feng suddenly showed a trace of surprise in his eyes.

Unexpectedly, the head of the Wang family actually hid such a profound secret.

Can you give yourself the ability to fight against the Black God Prince?

At this moment, Ye Feng directly asked: "Head of the Wang family, please tell me clearly, what is the secret that your Wang family has guarded for thousands of years?"

The head of the Wang family spoke out in the storage ring space: "Although our Wang family is just a small family in Bingquan City now, in fact, in the ancient times, our Wang family once had a glorious era, and our Wang family once served an extremely mysterious person. The peerless powerful man who once suppressed the Great Wilderness was called the 'Ancient Beast King'."

When Ye Feng heard this, his eyes moved and he said: "The Ancient Beast King? It sounds very powerful." .??.??

"Very awesome!"

The head of the Wang family spoke out: "Many people may not have heard of the name of this ancient beast king today, but nine thousand years ago, he was a man of great influence in the wilderness. This ancient beast king was originally An ordinary human race, but for some reason, seemed to have received guidance from the gods in a dream, and suddenly created a very terrifying and powerful inheritance, which can fuse the bodies of various powerful ferocious beasts, thereby transforming his own body, and The weak human body was transformed into an increasingly terrifying beast king body, and finally exploded with monstrous power."

When Ye Feng heard what the head of the Wang family said, there was a hint of surprise in his eyes.

He intercepts the powerful bodies of various wild forest beasts and fuses them into his own body, constantly increasing his physical strength and bursting out the comprehensive power of various ferocious beasts.

This sounds like an incredible inheritance, very extraordinary.

At this time, Ye Feng's eyes showed an increasingly interested look.

It seems that the ancient beast king that the Wang family served back then was a very remarkable person.

At this time, Ye Feng asked: "How to find the Ancient Beast King?"

The head of the Wang family said: "The Ancient Beast King has fallen long ago, but he left behind a huge treasure. Only our Wang family can find the clues to the treasure. This is the secret that our Wang family has guarded for thousands of years."

Ye Feng said: "How to find clues?"

The head of the Wang family spoke up and said: "With the blood of hundreds of our Wang family's descendants, we can sense the place where the ancient Beast King left us."

"So simple?"

Ye Feng immediately said: "But, if it is so simple, why haven't your Wang family taken the initiative to search for the treasure left by the ancient beast king for so many years? This is an opportunity that can make your Wang family soar into the sky."

Hearing this, the head of the Wang family could not help but smile bitterly and said: "First, I am afraid that the news will be leaked and my Wang family will suffer disaster. Second, although the ancient beast king left behind inheritance and treasures, he must have also stayed. Various tests and defense methods, our Wang family has not had a peerless genius in so many years, so we have never dared to directly look for the inheritance treasure place left by the Ancient Beast King, for fear of wasting the opportunity, this time with Ye Feng Young Master, with a super genius like you, the possibility of success is very high."

Hearing this, Ye Feng took a deep breath and said solemnly: "Okay, thank you, Master Wang, for trusting me. Don't worry, as long as we work together to find the ancient beast emperor's inheritance treasure place, I only need to improve my cultivation resources." Cultivation strength, seeking revenge from the Black God Prince, the inheritance of the Ancient Beast King, I will

Share it directly with your Wang family. From then on, your Wang family will have a strong inheritance. As long as you continue to develop slowly and accumulate knowledge, you will definitely one day be able to completely transform into a big family. "

When the head of the Wang family heard what Ye Feng said, his eyes suddenly showed a trace of excitement.

It must be said that Ye Feng's words made the head of the Wang family have great longing for the future of his family.

But the premise is that they can successfully find the inheritance place left by the Ancient Beast King and find the treasure.

Buzz!

At this time, Ye Feng spoke up and said: "Head of the Wang family, stop fantasizing and hurry up and find the clues to the Ancient Beast King."

"Okay, okay!"

The head of the Wang family paused to think about the future. In Ye Feng's storage ring space, he spoke to hundreds of Wang family troops and said, "All members of our Wang family, cut your fingers now and force out a drop of blood."

"Yes, head of the family!"

Hundreds of members of the Wang family nodded in succession in the storage ring space, and then began to force out a drop of blood.

Hundreds of drops of blood floated in front of the head of the Wang family at this moment.

"start up!"

At this time, the head of the Wang family suddenly began to chant a spell, pulling hundreds of drops of blood, spinning quickly in front of him, and finally condensed into a huge ferocious beast face form.

"Uh-huh!"

Almost at the next moment, this ferocious beast face composed of the blood of the Wang family's descendants flew directly out of Ye Feng's storage ring and flew quickly in a certain direction in the distance.

"Hurry up, Master Ye Feng!" The anxious voice of the head of the Wang family immediately sounded in the storage ring.

"good."

Ye Feng immediately nodded and quickly chased towards the huge ferocious beast's face.

Swish, swish, swish!

Swish, swish, swish!

That huge ferocious beast's face was so fast that Ye Feng was quite surprised.

If Ye Feng hadn't been fast enough and exerted some power of space gems under his feet, he might not have been able to keep up with the flying speed of the ferocious beast face.

Ye Feng followed the guidance of the ferocious beast's face and soon passed through a large primitive jungle and entered the deep area of the jungle.

Along the way, Ye Feng angered many sleeping ferocious beasts due to his rampage.

However, Ye Feng has no time to fight these ferocious beasts now.

Ye Feng used space gems to walk in the void, avoiding the interference of various ferocious beasts along the way.

Finally, after half a day, Ye Feng stopped in front of a huge canyon.

The canyon in front of us is very empty and huge, like a huge basin, and looks extremely desolate.

But that ferocious beast's face was floating in the center of the canyon at this time.

Uh-huh!

Ye Feng jumped up and flew over, and immediately saw a pale sword stuck on the ground in the center of the grand canyon. It looked like it was made of bones. It had a primitive and brutal aura.

The head of the Wang family suddenly exclaimed in the storage ring: "This is the sword! This is the weapon of the ancient beast king! It is said to be made from the bones of the fallen god of death, and it is called the 'Sword of the Destroyed King' !""Um?"

At this moment, when he heard the voice of the head of the Wang family in the storage ring, Ye Feng suddenly showed a trace of surprise in his eyes.

Unexpectedly, the head of the Wang family actually hid such a profound secret.

Can you give yourself the ability to fight against the Black God Prince?

This sounds like an incredible inheritance, very extraordinary.

At this time, Ye Feng's eyes showed an increasingly interested look.

It seems that the ancient beast king that the Wang family served back then was a very remarkable person.

At this time, Ye Feng asked: "How to find the Ancient Beast King?"

The head of the Wang family said: "The Ancient Beast King has fallen long ago, but he left behind a huge treasure. Only our Wang family can find the clues to the treasure. This is the secret that our Wang family has guarded for thousands of years."

Ye Feng said: "How to find clues?"

The head of the Wang family spoke up and said: "With the blood of hundreds of our Wang family's descendants, we can sense the place where the ancient Beast King left us."

"So simple?"

Ye Feng immediately said: "But, if it is so simple, why haven't your Wang family taken the initiative to search for the treasure left by the ancient beast king for so many years? This is an opportunity that can make your Wang family soar into the sky."

Hearing this, the head of the Wang family could not help but smile bitterly and said: "First, I am afraid that the news will be leaked and my Wang family will suffer disaster. Second, although the

ancient beast king left behind inheritance and treasures, he must have also stayed. Various tests and defense methods, our Wang family has not had a peerless genius in so many years, so we have never dared to directly look for the inheritance treasure place left by the Ancient Beast King, for fear of wasting the opportunity, this time with Ye Feng Young Master, with a super genius like you, the possibility of success is very high.”

Hearing this, Ye Feng took a deep breath and said solemnly: "Okay, thank you, Master Wang, for trusting me. Don't worry, as long as we work together to find the ancient beast emperor's inheritance treasure place, I only need to improve my cultivation resources." Cultivation strength, seeking revenge from the Black God Prince, the inheritance of the Ancient Beast King, I will

Share it directly with your Wang family. From now on, your Wang family will have a strong inheritance. As long as you continue to develop slowly and accumulate knowledge, you will definitely one day be able to completely transform into a big family. "

When the head of the Wang family heard what Ye Feng said, his eyes suddenly showed a hint of excitement.

It must be said that Ye Feng's words made the head of the Wang family have great longing for the future of his family.

But the premise is that they can successfully find the inheritance place left by the Ancient Beast King and find the treasure.

Buzz!

At this time, Ye Feng spoke up and said: "Head of the Wang family, stop fantasizing and hurry up to find clues to the Ancient Beast King."

"Okay, okay!"

The head of the Wang family paused to think about the future. In Ye Feng's storage ring space, he spoke to hundreds of Wang family troops and said, "All members of our Wang family, cut your fingers now and force out a drop of blood."

"Yes, head of the family!"

Hundreds of members of the Wang family nodded in succession in the storage ring space, and then began to force out a drop of blood.

Hundreds of drops of blood floated in front of the head of the Wang family at this moment.

"start up!"

At this time, the head of the Wang family suddenly began to chant a spell, pulling hundreds of drops of blood, spinning quickly in front of him, and finally condensed into a huge ferocious beast face form.

"Uh-huh!"

Almost at the next moment, this ferocious beast face composed of the blood of the Wang family's descendants flew directly out of Ye Feng's storage ring and flew quickly in a certain direction in the distance.

"Hurry up, Master Ye Feng!" The anxious voice of the head of the Wang family immediately sounded in the storage ring.

"good."

Ye Feng immediately nodded and quickly chased towards the huge ferocious beast's face.

Swish, swish, swish!

Swish, swish, swish!

That huge ferocious beast's face was so fast that Ye Feng was quite surprised.

If Ye Feng hadn't been fast enough and exerted some power of space gems under his feet, he might not have been able to keep up with the flying speed of the ferocious beast face.

Ye Feng followed the guidance of the ferocious beast's face and soon passed through a large area of primitive jungle and entered the deep area of the jungle.

Along the way, Ye Feng angered many sleeping ferocious beasts due to his rampage.

However, Ye Feng has no time to fight these ferocious beasts now.

Ye Feng used space gems to walk in the void, avoiding the interference of various ferocious beasts along the way.

Finally, after half a day, Ye Feng stopped in front of a huge canyon.

The canyon in front of us is very empty and huge, like a huge basin, and looks extremely desolate.

But that ferocious beast's face was floating in the center of the canyon at this time.

Uh-huh!

Ye Feng jumped up and flew over, and immediately saw a pale sword stuck on the ground in the center of the grand canyon. It seemed to be made of bones, and it had a primitive and brutal aura.

The head of the Wang family suddenly exclaimed in the storage ring: "This is the sword! This is the weapon of the ancient beast king! It is said to be made from the bones of the fallen god of death, and it is called the 'Sword of the Destroyed King'!"

Chapter 3235 Opening the Land of Inheritance

"The Sword of the Ruined King?"

Ye Feng looked at the pale sword stuck on the ground in front of him, with a hint of surprise in his eyes.

Unexpectedly, this is the sword of the ancient beast king!

It seems that this pale sword is very extraordinary.

At this time, Ye Feng did not pull out the long sword rashly, but asked aloud: "Head of the Wang family, how should we open the inheritance place left by the Ancient Beast King?"

The head of the Wang family said: "This... I don't know, because our family has no records. All I can do is guide us to this place."

"Um."

Hearing this, Ye Feng nodded slightly and said, "Then do it my way."

Buzz!

At this moment, Ye Feng stretched out his hand and grasped the sword of the ruined king in front of him. ??

"boom!"

Almost at the next moment, a very terrifying and ferocious aura, as majestic as the ocean, rushed out of the pale sword and attacked Ye Feng's entire spirit.

Buzz!

The next moment, a majestic and ferocious figure suddenly appeared in Ye Feng's mind, filled with a terrifying and majestic aura.

This is definitely the shadow of the will of the Ancient Beast King!

"boom!"

This ancient beast king was still very terrifying. At this time, it appeared in Ye Feng's mind, putting great pressure on Ye Feng.

"break!"

At this moment, Ye Feng roared loudly, directly activating the soul gem.

boom!

The phantom of a master's will appeared directly in Ye Feng's mind, bursting out with terrifying power, and charged directly towards the ancient beast king.

"boom!"

The phantom of the ancient beast king's will was actually attacking towards the master's will at this moment.

Obviously, this ancient beast king has very great courage and dares to

Take action against the will of the master.

boom!

Click!

However, no matter how powerful the will of this ancient beast king is, it cannot be the opponent of the dominant will.

Almost at the moment of collision, the will of the master directly shattered the will of the ancient beast king, completely obliterating it.

"Crash!"

The will fragments of the ancient beast king's shattered wills all contain very powerful soul energy at this moment.

"Very good!"

Ye Feng's eyes suddenly brightened, and he directly began to devour and absorb these fragments of will.

Buzz!

At this moment, Ye Feng's soul power intensity was greatly improved and strengthened.

Directly upgraded from level 850,000 to level 900,000!

"I didn't expect to receive this unexpected surprise. My soul power suddenly increased by fifty thousand levels!"

Ye Feng's eyes suddenly showed a look of surprise.

And after destroying the will of the ancient beast king.

"boom!"

With a strong force, Ye Feng pulled out the sword of the ruined king in front of him from the ground.

Buzz!

At this moment, Ye Feng could immediately feel that this sword of the ruined king contained a very terrifying and ferocious aura, as if there was a very terrifying ferocious beast contained in this sword. It may break out at any time.

It is different from the other ancient human emperor sword in Ye Feng's hand.

The ancient Human Emperor Sword had more of a virtuous and virtuous air.

But the sword of the ruined king in Ye Feng's hand was filled with ferocious aura, and its aura was extremely violent.

"What a sword!"

Ye Feng couldn't help but admired.

This sword of the ruined king is definitely a peerless weapon comparable to the All Souls Blood Palace in the hands of the Black God Prince.

"Rumble..."

And just when Ye Feng felt the sword in his hand.

Suddenly, the entire surrounding Grand Canyon began to shake rapidly, as if the world was about to be turned upside down.

"That is....."

The next moment, Ye Feng suddenly saw that at the end of the grand canyon not far away, the surrounding mountains were cracked.

A huge passage gate appeared in the center of the Grand Canyon.

At this time, Ye Feng walked in that direction.

Soon Ye Feng arrived at the end of the grand canyon.

What appeared in front of him at this moment was a huge underground passage.

The vibration just now should be the reason why this underground passage was opened.

"If you say that, it seems that my approach is right. Pulling out the Sword of the Broken King is the key to unlocking the inheritance of the Ancient Beast King, and it is also the first test for those who come."

Ye Feng was thinking secretly in his heart at this time.

At this time, Ye Feng also felt that the head of the Wang family made the right choice.

Because before the peerless genius appeared in the Wang family, they came here rashly and could not pass the test left by the Ancient Beast King.

"Pap, tap..."

Ye Feng did not hesitate at this moment and walked quickly towards the inside of the passage.

But before Ye Feng could go far, he suddenly felt several very powerful auras coming from behind him.

Uh-huh! Uh-huh! Uh-huh!

Those turned out to be three very mysterious monsters!

They are a golden-winged bird, a white crane, and a

A giant ape with a majestic head.

The cultivation auras emanating from these three monster beasts are all at the Heaven-Suppressing Realm level!

The Golden-winged Bird is the most powerful, a powerful being in the sixth level of the Heaven-Suppressing Realm!

The white crane and the giant ape are both at the third level of the Heaven-Suppressing Realm.

This kind of cultivation is very powerful.

You know, Ye Feng's current cultivation level is only at the second level of Xuantian Realm.

Regarding these three uninvited guests, Ye Feng became alert for a moment and said coldly: "What do you want to do?"

"We have been searching here for many years for the ancient beast king's inheritance treasure place. Finally, the descendant of the ancient beast king has arrived and opened the ancient beast king's inheritance place for us. It is really great!"

The golden-winged bird is very huge, with golden wings spread out, and its scales look like cast metal. Under the sunlight, they glow with a cold metallic luster, like sharp swords, and are very intimidating.

The white crane and the giant ape also smiled and said at this time: "It's great. We will soon get the inheritance and treasures of the Ancient Beast King. This time, the three of us will get essential transformation! We will definitely be able to go to the imperial court." To evolve to a greater and more advanced level!"

At this moment, these three powerful monsters were talking to themselves, looking forward to the future, and seemed to feel that the inheritance of the ancient beast king was already in their hands.

However, they do have this confidence.

Because Ye Feng's cultivation at the second level of Xuantian Realm was extremely weak in the eyes of these three powerful monsters.

Therefore, they did not take Ye Feng, a weak human race boy, seriously at all.

Uh-huh!

The golden-winged bird was flying like a roc, full of wildness. Its dark golden pupils were fixed on Ye Feng. Seeing that the other party had not escaped, he immediately smiled sarcastically and said coldly: "Human boy, get out of the way. Don't get in the way." We have the inheritance of the Ancient Beast King! Otherwise, I will tear you to pieces on the spot!"

Chapter 3236 Don't Fall Behind

I have to say that this Garuda is very arrogant.

Uh-huh!

At this time, it swooped in, and every feather on its body was like a golden sword, giving people a very oppressive feeling.

At this moment, the golden-winged bird looked up to the sky and screamed, and its extremely sharp golden claws directly grabbed Ye Feng, with great disregard for life, and wanted to tear Ye Feng into pieces.

"boom!"

But at the next moment, Ye Feng suddenly punched out fiercely, hitting the golden claws of the golden-winged bird. .???.??

"Boom!"

Suddenly, a terrifying roar sounded.

when! !

When the two collided, they made a harsh collision sound like metal being delivered.

The Golden Roc bird's golden claws did not tear Ye Feng apart, but were blocked by Ye Feng's fist.

Ye Feng's fist seemed to be made of steel at this moment and could not be cut or broken.

"Huh? The power of such a strong body?"

The golden roc bird suddenly showed a look of surprise in its eyes, as if it didn't expect that Ye Feng, a seemingly ordinary human boy, could actually have such a terrifying body strength that could withstand its sharp claws.

You must know that this golden roc is not an ordinary monster, but comes from the depths of the wilderness and has the blood of the ancient golden-winged roc.

Therefore, the strength of the golden roc bird is very terrifying. Its sharp claws can tear an ancient giant elephant into pieces almost instantly.

"Huh? That's interesting."

At this time, the other two monsters not far away, the white crane and the giant ape, both had a hint of surprise in their eyes.

After all, in their eyes, Ye Feng is just a little human boy, extremely weak and can be easily crushed to death.

But what I didn't expect was that this human boy could actually shake the Golden Roc's golden claws.

You know, even the white crane and the giant ape can't beat this golden...

The golden claws of the roc.

"I'm here to play with this kid."

At this time, the giant ape suddenly laughed loudly, and a large dark iron rod appeared directly in his hand, jumped directly not far from Ye Feng, and directly bombarded Ye Feng with the stick.

"Are you coming to mess with me too? Then I will kill you directly!"

At this moment, Ye Feng no longer needed to punch, as he could not kill the opponent with his punches.

So at this time, Ye Feng directly grasped the Sword of the Ruined King that he had just obtained, and instantly activated the terrifying power of this sword.

"Boom!"

Almost at that moment, a terrifying and ferocious aura suddenly burst out from the Sword of the Broken King in Ye Feng's hand, and an earth-shattering energy destructive frenzy broke out.

"Boom!"

Accompanied by an earth-shattering roar, the sword of the ruined king in Ye Feng's hand immediately produced extremely terrifying destructive power.

It directly smashed the big iron rod in the giant ape's hand into pieces!

Then under the horrified gaze of the giant ape, the destructive aura of Ye Feng's sword directly destroyed the entire body of the giant ape, and he fell to the ground in a bloody mess, completely dead.

The giant ape may not have thought that he wanted to play with Ye Feng, but Ye Feng was so angry at this time that he didn't give him any chance to survive. He directly used the iron-blooded killing method and killed him instantly, beyond everyone's expectation.

"What a powerful force!"

Seeing that the Sword of the Broken King actually possesses such powerful and terrifying destructive power, Ye Feng himself showed a hint of surprise in his eyes.

This was the first time he fully activated the Sword of the Broken King in his hand. He didn't expect such a terrifying thing to happen.

The destructive power was beyond Ye Feng's expectation, making Ye Feng very excited.

It is indeed a powerful weapon of the Ancient Beast King. It is indeed extremely powerful and has astonishing destructive power!

"What?!"

At this moment, the other two monsters, the Golden Roc and the White Crane saw this scene, and their eyes suddenly showed deep shock.

They stared at the bloody corpse of the giant ape, with horrified expressions on their faces. .??.

Because they never expected that their companion would be killed by the human boy so quickly.

"The sword in his hand! It seems to be the sword of the Ancient Beast Emperor back then!"

Suddenly at this time, the white crane spoke out, with a hint of shock in his tone.

The voice of the white crane was a woman's voice, which sounded quite sweet.

Jin Pengniao was still very domineering and said loudly: "This human boy will definitely die!"

"Golden Roc Heaven-Destroying Technique!"

boom!

The golden roc burst out with a kind of bloodline talent, and was covered with golden light. It transformed into an ancient golden-winged roc. Its size collided several times, and it was full of terrifying and intimidating power. It rushed towards Ye Feng in an instant.

"kill!"

Ye Feng did not hesitate at this moment and directly burst out all his power.

The sword of the ruined king in your hand is fully activated!

boom!

Behind Ye Feng, there even appeared an extremely ferocious and stalwart figure, which was the shadow of the will of the Ancient Beast King!

At this moment, Ye Feng held the war sword in his hand, and his whole body was blooming with infinite divine light. Like a young god of war, he slashed forward fiercely and directly collided with the golden roc bird.

Boom! !

Suddenly, the entire world erupted into an extremely chaotic boom.

The sound and destruction fluctuated, like two gods fighting in the sky. The mountains and rivers changed color, and the earth was broken. The scene was simply terrifying to the extreme.

Today, Ye Feng is already qualified to fight against the powerful men in the Heaven-Suppressing Realm, and he is not far behind.

"Eight Wastelands Sunset Slash!"

The golden roc bird roared loudly, its whole body was extremely powerful, and every golden feather on its body burst out with super terrifying brilliance. Like golden swords, it soared into the sky and pierced the void!

Boom boom boom boom...

The incomparably terrifying light of feathers erupted with earth-shattering destructive power, causing the entire surrounding wasteland to tremble. The heaven and earth were shattered, and the sun and moon lost all light.

"Click, click..."

At this moment, the terrifying edge caused cracks to appear quickly on Ye Feng's entire body, almost to the point of being pierced and broken into pieces.

"Earth Armor!"

Ye Feng circulated the mysteries of the earth, and stepped on the earth. The infinite power of the earth surged out, and an extremely strong and thick earth armor condensed around Ye Feng, blocking those terrifying edges.

"The art of eternal great battle!"

Almost at the next moment, Ye Feng directly burst out the eternal battle technique that he had just comprehended.

At present, Ye Feng has only understood some of the ancient battle techniques, although he cannot kill enemies across several realms like Bei Wentian.

However, Ye Feng felt that he should be able to burst out with extremely powerful power.

"boom!!"

At this moment, Ye Feng unleashed the most powerful battle technique of all eternity, and his whole body's strength suddenly received an incredible and huge increase, bursting out with infinite destructive power that shook the earth.

"Boom!"

The entire field suddenly fell into endless chaos!

The mountains are shaking!

The sky is falling apart!

Chapter 3237 Golden Winged Dapeng King

Boom!

At this moment, the entire field was suddenly plunged into an endless chaos of collision energy.

The entire mountains and land were shrouded in this destructive wave, and the scene was very terrifying, as if the end of the world was coming.

"So strong..."

The white crane not far away saw this scene and couldn't help showing deep surprise in his eyes.

It seemed that he didn't expect that the little human boy in the second layer of the Xuantian Realm could burst out such a terrifying power and be able to compete with a peerless monster like the Golden Peng Bird.

"Boom!"

And suddenly at this moment, a huge roar sounded in the entire field.

Along with this roar, a burly figure flew out of the chaos and hit the ground hard.

This figure that flew out was the Golden Peng Bird!

The Golden Peng Bird was covered in blood at this moment, and it was obviously severely injured and could hardly breathe.

Snap, snap...

At this time, in the chaotic smoke and dust, Ye Feng's figure walked out, and his footsteps resounded between heaven and earth, giving people a great sense of oppression.

"This..."

The white crane not far away saw this scene and was stunned. It seemed that it did not expect Ye Feng to be able to crush the golden bird.

This is really incredible!

Because Ye Feng's cultivation is a whole realm lower than the golden bird, but the fighting power he burst out is really terrifying.

"You...how can you have such a powerful force...just at that moment, the power you burst out cannot belong to you!"

The golden bird lying on the ground looked at Ye Feng who was walking not far away. The arrogance in his eyes finally disappeared, full of deep wonder and disbelief.

Because he never thought that he thought he could crush Ye Feng, a human boy whose cultivation was only the second level of Xuantian Realm.

But he didn't expect that in the moment just now, Ye Feng seemed to be assisted by God.

The power that burst out in an instant was simply terrifying.

"Boom!"

But at this time, Ye Feng was too lazy to respond to the golden bird, and directly stepped on the other's head.

"Ah!!"

Accompanied by a terrifying scream from the body of the Golden Peng Bird, a golden soul instantly flew out of the body of the Golden Peng Bird and rushed towards a certain direction in the distance, like a golden lightning.

"I've been waiting for your soul for a long time."

Ye Feng opened his mouth and swallowed at this moment. The terrifying swallowing ability immediately emanated from Ye Feng's body, forming a big mouth of an evil beast, and directly swallowed the soul of the Golden Peng Bird.

"Buzz!"

At this moment, Ye Feng's soul power was instantly strengthened, and it was upgraded by a full 10,000 levels!

It directly transformed to 910,000 levels!

This made Ye Feng's eyes reveal a trace of joy. The soul of this Golden Peng Bird is still quite nourishing.

"You...did you really kill the Golden Peng Bird?"

The white crane not far away suddenly spoke, with a tone of disbelief and trembling, and couldn't help but speak out.

Ye Feng glanced at the white crane and said indifferently: "The Golden Peng bird treats me like an ant and tramples on my life at will. Is there anything wrong with me killing him?"

The white crane couldn't help but say: "The identity of this Golden Peng bird is very unusual. He is a noble in the Great Wilderness Forest. His grandfather is the Golden Winged Peng King, the overlord of the jungle!"

When Ye Feng heard this, there was a trace of surprise in his eyes.

The white crane said: "Do you regret it?"

"No."

Ye Feng shook his head and said:

"The Golden Winged Peng King is nothing great. Just give me time. Let alone the Golden Winged Peng King, even if it is the god of the Golden Winged Peng clan, I will kill it for you to see."

Buzz!

Hearing what Ye Feng said, the white crane couldn't help feeling dizzy, because the words of this human boy were too arrogant, simply too wild.

But the white crane knew that the human race seemed to be this kind of existence, not believing in fate, not believing in gods, but only believing in themselves.

"You can't leave either."

Ye Feng suddenly attacked the white crane at this time.

Although the white crane did not attack him directly, Ye Feng naturally could not let the white crane go, and he had to kill it directly to eliminate the trouble.

"Wait!"

The white crane suddenly spoke: "If you spare my life, I can use a secret technique to block the breath here, so that the breath of death of the golden roc bird will not be released, and it will not attract the prying of the golden winged roc king. Although I know you are not afraid of anything, but now the overlord monster beast like the golden winged roc king is really here, you will definitely not be able to resist for the time being. You don't have time to explore the inheritance treasure place of the ancient beast king."

Hearing what the white crane said, Ye Feng's eyes flashed slightly. What the white crane said made sense.

Ye Feng said: "Okay, I will spare your life. You quickly use the secret technique to block the breath of death of the golden roc bird here. However, you need to follow me at any time and cannot leave directly."

"I promise."

The white crane spoke immediately, and couldn't help but breathe a sigh of relief in his heart.

If Ye Feng really wanted to kill her, the white crane knew that she could not resist at all and could only be killed.

Buzz!

At this moment, a colorful light emanated from the white crane.

The next moment, the white crane transformed from the crane form into a human form.

In the colorful light, a beautiful young woman wearing a white dress appeared

, slim and graceful, with fairy light flowing, looking like the Guanghan Fairy above the nine heavens.

This is the human form of the white crane.

Buzz!

At this moment, the crane stretched out a pair of jade-like plain hands emitting white light and began to form seals. Symbols composed of rays of light quickly flew out from her palms, covering a large area around her.

After that, the crane looked at Ye Feng, with a touching smile in his beautiful and noble eyes, and said: "Okay, within three days, the Golden-winged Dapeng King will not find out that his grandson has died." "

Ye Feng nodded slightly, stared at the crane in front of him that had transformed into a beautiful woman, and said loudly: "You can't leave now, come with me, if you dare to escape, I will kill you without hesitation. "

Ye Feng's tone of voice was iron-blooded, making the crane tremble slightly, and then she squeezed out a forced smile on her beautiful face and said: "Okay, I understand everything, don't worry, I won't run away. of."

"Um."

Ye Feng nodded slightly. He was naturally a person who kept his promise. Since the other party helped him cover up the aura of death, Ye Feng would naturally not take action against him.

The most important thing for Ye Feng now is to get the ancient beast king's inherited treasure. After getting it, it won't matter to Ye Feng if the crane escapes again.

Buzz!

However, before entering the inheritance place of the Ancient Beast King, Ye Feng directly released the Devouring Domain, covering the Golden Roc Bird and the Giant Ape that he killed.

"boom!"

Suddenly, a huge amount of energy began to be swallowed up by Ye Feng and injected into Ye Feng's dantian, rapidly increasing Ye Feng's power.

"this....."

After seeing this scene, Xianhe, who was standing not far away, suddenly showed a trace of surprise and fear in his beautiful eyes, "Is this human boy an evil cultivator in the human race? Oh no, Will I be used as a furnace for cultivation by him..."

Chapter 3238 Treasures and Inheritance

While the crane was thinking wildly, Ye Feng had already swallowed up all the power and blood of the golden roc and the giant ape.

"boom!"

Ye Feng's body suddenly burst out with a huge aura of cultivation.

Directly break through again, breaking through to the third level of Xuantian Realm!

brush!

Ye Feng flew not far away at this time and saw a look of fear on the crane's face.

This made Ye Feng quite confused and couldn't help but ask: "What's wrong?" .??.

There was some panic on the beautiful face of the crane, and he said quickly: "It's okay, I'm just scared by your weird devouring ability."

When Ye Feng heard what Xianhe said, his eyes suddenly showed surprise. He didn't expect that the other party, a powerful demon clan, would be so timid.

However, Ye Feng didn't say much about this, but walked towards the inheritance place of the Ancient Beast King not far away, and said loudly: "You come with me."

"yes."

Xianhe quickly followed Ye Feng.

Uh-huh!

At this moment, Ye Feng walked towards the inheritance place of the Ancient Beast King ahead and walked into the passage.

When Ye Feng came to the end of the passage, he immediately saw a huge sculpture of the Ancient Beast King, standing on the ground at the end.

In addition, on the ground surrounding the Ancient Beast King sculpture, there are densely packed humanoid sculptures cast from special stones.

When Ye Feng set foot here, these humanoid sculptures seemed to be affected by some kind of force. All of their eyes began to emit red light. Thousands of terracotta warriors and horses all charged towards Ye Feng. .

Like an army from ancient times, they were all mobilized in an instant and rushed towards Ye Feng, trying to crush Ye Feng.

"This should be the terracotta army left by the Ancient Beast Emperor, specifically used to protect the mausoleum where he lives."

Standing next to Ye Feng

The crane, looking at the dense army of terracotta warriors and horses, couldn't help but say.

Ye Feng just nodded slightly at this time, and then said: "You wait here, I will find the treasure left by the Ancient Beast King."

Uh-huh!

Before the crane next to him could say anything, Ye Feng suddenly burst out with a terrifying fighting spirit and attacked directly towards the dense army of terracotta warriors and horses that rushed over.

Boom!

It has to be said that Ye Feng's current physical strength is very powerful.

At this time, he didn't use any powerful martial arts moves, he just punched forward one after another.

The terracotta warriors and horses approaching Ye Feng were all shattered to pieces in an instant.

These terracotta warriors and horses should all be powerful puppet armies cast by the Ancient Beast Emperor using special materials.

But now, there is no way to stop Ye Feng, this "humanoid evil beast"!

At this moment, Ye Feng was extremely ferocious.

Every punch and kick he made was like the most destructive weapon in the world, shattering all the terracotta warriors and horses.

When the crane not far away saw this scene, a trace of horror suddenly appeared in its beautiful eyes.

Because the power of Ye Feng's body was so terrifying, she had never seen such a terrifying human boy.

You know, even in their wild forest, those so-called monster geniuses with the blood of ancient beasts cannot have such a powerful body as Ye Feng.

And you must know that Ye Feng's cultivation is not actually very strong. He is only at the third level of Xuantian Realm, but the power of his body can crush any existence of the same level.

The crane is suddenly

Understand, Ye Feng is definitely not an ordinary human race, but a being with a very terrifying origin.

At this time, this beautiful crane suddenly had some thoughts of its own.

Boom!

At this moment, Ye Feng burst out with terrifying destructive power, and finally passed through the encirclement of the entire terracotta warriors and horses army, and came to the huge sculpture of the ancient beast king.

Ye Feng immediately saw a storage ring and a yellowed book placed on the ground in front of the huge sculpture of the Ancient Beast King.

Ye Feng's eyes flashed, and he immediately understood that this should be the treasure and inheritance left by the Ancient Beast King.

All the wealth accumulated by the Ancient Beast King back then should be in that ancient storage ring.

The special inheritance of the Ancient Beast King that could fuse the bodies of various powerful monster beasts was that yellowed book.

Uh-huh!

At this moment, Ye Feng stretched out his hand without any hesitation, grabbed the storage ring and the yellowed book into his hands, and then immediately retreated towards the back.

"boom!"

But suddenly at this moment, the huge sculpture of the Ancient Beast King suddenly moved, stretched out a huge palm, and struck towards Ye Feng.

"Boom!"

Along with a huge roar, Ye Feng's entire body was directly hit by the sculpture of the Ancient Beast King.

Suddenly, there was a terrifying impact that made Ye Feng couldn't help but feel a huge pain, and his whole body was blown away.

Boom!

Ye Feng's whole body fell to the ground, and he couldn't help but gasped in pain. This sculpture of the Ancient Beast King was really amazing.

Uh-huh!

Ye Feng didn't hesitate and ran directly outside.

The ancient beast king's

I have already obtained the storage ring and inheritance book, so there is no need to get entangled with this terrifying Beast King sculpture. The gain outweighs the loss.

Swish, swish, swish!

Ye Feng was very fast. Although the Beast King sculpture was very powerful, it could not keep up with Ye Feng. In the end, Ye Feng took the crane and ran away from the inheritance place of the Ancient Beast King, completely staying away from here.

...

night.

The moon is dark and the wind is high.

Ye Feng found a very remote jungle and settled down temporarily.

Buzz!

Ye Feng controlled his natal fire and lit a bonfire.

The crane stood not far away, and under the firelight, it was breathtakingly beautiful.

Ye Feng glanced at the crane and said, "You can leave."

When Xianhe heard what Ye Feng said, a trace of surprise appeared in his beautiful eyes.

It seemed that she didn't expect that Ye Feng would let her go so quickly, and she didn't expect that Ye Feng would keep his promise so much. He would let her go if he promised to let her go.

After thinking for a moment, Xianhe said: "Thank you very much."

Uh-huh!

After saying that, the crane jumped up and disappeared into the night.

Emperor Chu said in his mind: "If you let her go so early, aren't you afraid that she will notify the Golden Winged Dapeng King to arrest you?"

Ye Feng smiled slightly and said: "Don't worry, it won't happen. This crane has helped me use the secret method to cover up the death aura of the golden roc bird. What she needs to do now is to try her best to distance herself from this matter, instead of Go and inform the Golden-winged Dapeng King."

After saying that, Ye Feng was ready to open the storage ring left by the Ancient Beast King to see what kind of treasure resources it contained.

"I hope you don't disappoint me."

Ye Feng stared at the Beast King storage ring in front of him and couldn't help but murmured.

Chapter 3239 A huge leap

Buzz!

At this time, Ye Feng did not hesitate and opened the storage ring in front of him.

Swish, swish, swish!

Suddenly, all the items flew out from the storage ring space and were placed on the ground in front of Ye Feng.

There were so many of these things that they piled up in front of Ye Feng to the size of a small mountain.

And many things are very precious resources and wealth, exuding bright light.

Ye Feng took stock, his eyes suddenly filled with surprise.

Because he found that nearly half of his wealth were natural resources that could improve his cultivation skills and were very useful to him.

Because the reason why Ye Feng came to find the inheritance place of the Ancient Beast King was mainly to obtain the countless resources left by the Ancient Beast King back then, so as to improve

his cultivation skills, so that his strength could be greatly improved. , contending with the Black God Prince.

Ye Feng knew very well that the Black God Prince was definitely looking for him quickly.

Therefore, Ye Feng's time is now limited and he must immediately obtain huge resources to improve his cultivation.

At this moment, the resources left by these ancient beast kings include very high-grade energy crystals, energy crystals, ancient elixirs, etc., and even some ancient spiritual bodies, which are innate spiritual bodies bred by nature. , contains very rich energy.

In addition to these resources, Ye Feng also saw that the Ancient Beast Emperor's storage ring also contained many various talismans, weapons, armors, etc., which were probably collected by the Ancient Beast Emperor during his campaigns in all directions.

At this moment, Ye Feng took the inheritance book in his hands and looked at it carefully.

Ye Feng immediately saw the words "Secret Technique of Ancient Orc Fusion" written on the cover of this inheritance book.

Obviously, this is the inheritance of the ancient beast king that the head of the Wang family mentioned before. It is a very special inheritance that can integrate the bodies of other monsters to strengthen one's own life constitution and gradually move towards the level of "God of Beasts" Continuous evolution.

However, Ye Feng is not very interested in the inheritance of this ancient beast king.

After all, what Ye Feng has always wanted is to obtain the numerous resources and wealth left by the Ancient Beast Emperor, which can help him improve his cultivation skills and fight against the Black God Prince.

As for the inheritance of this ancient beast king, Ye Feng is not very interested, because Ye Feng himself already has many powerful inheritances.

For others, the inheritance of the Ancient Beast King may be earth-shattering, a very rare peerless inheritance, and priceless.

But for Ye Feng today, it can only be said to be average.

But at this time, Ye Feng still imprinted the inheritance of the ancient beast king in front of him in his mind.

If you have the chance, you can practice it.

After Ye Feng completed the branding, he directly gave the inheritance of this ancient beast king to the head of the Wang family in the storage ring space.

After receiving this set of inheritance, the head of the Wang family immediately showed deep excitement in his eyes, and said gratefully: "Thank you, Mr. Ye Feng! Otherwise, our Wang family may not know when we will be able to find the Ancient Beast King." inheritance."

The head of the Wang family spoke very excitedly at this time. He knew very well that if they got the inheritance of this ancient beast king and used it as the core, the overall strength of their entire family would continue to improve.

In the end, they could even gradually grow and become a super big family on the edge of the Northern Wilderness.

After all, the reason why a small family has been unable to develop is basically because there is no strong inheritance as the core support. As long as there is a strong inheritance, that is the source of power, then everything is possible.

In addition to being grateful to Ye Feng, the head of the Wang family also has deep admiration in his heart.

Because the head of the Wang family knows very well that Ye Feng is definitely a super powerful genius. Small families like them don't need to care about existences of this level, and they don't dare to say anything.

However, Ye Feng kept his promise and did everything he had to do.

So this is why the head of the Wang family admires Ye Feng. Ye Feng is definitely a loyal person.

And just when the head of the Wang family was extremely excited after receiving the inheritance from the Ancient Beast King, Ye Feng began to release the Devouring Domain outside. .???.??

Buzz!

Suddenly, a large area of darkness spread out from Ye Feng's body, covering all the training resources that could improve his skills contained in the Ancient Beast Emperor's storage ring in front of him.

boom!

Next, Ye Feng began to devour it quickly, absorbing the huge energy and injecting it into his body.

Ye Feng knew very well that although these cultivation resources were extremely valuable, if they were not used, it would be an absolute waste.

After all, Ye Feng has always been very firm in his belief that no matter how valuable something is, only if it is used by himself and becomes his true strength, will it be truly useful and truly achieve its goals. value.

"Buzz buzz!"

At this time, Ye Feng's cultivation aura was rapidly growing and improving.

The Ancient Beast King was a peerless figure 9,000 years ago. He once rocked the edge of the Northern Wilderness for an era.

Therefore, the treasures left by the Ancient Beast Emperor are still very rich.

"boom!"

The fourth level of Xuantian Realm!

At this time, Ye Feng's cultivation aura began to break through rapidly.

Under the accumulation of so many cultivation resources left by the Ancient Beast King, the huge energy allowed Ye Feng's skills to undergo a qualitative transformation.

"boom!"

The fifth level of Xuantian Realm!

r\u003e "Boom!"

The sixth level of Xuantian Realm!

"boom!"

The seventh level of Xuantian Realm!

"boom!"

The eighth level of Xuantian Realm!

At this moment, Ye Feng's continuous breakthroughs in cultivation made Ye Feng feel that his power was growing at an incredible speed.

And that's not all. Ye Feng's cultivation aura is still rising.

"boom!"

The ninth level of Xuantian Realm!

"boom!"

The tenth level of Xuantian Realm is complete!

"boom!"

Half step to the Heaven-Suppressing Realm! !

Finally, Ye Feng's cultivation aura stopped.

This time there was an incredible breakthrough!

At this moment, Ye Feng's eyes were as bright as stars, emitting bright light.

It's like a young god was born, and it feels very oppressive.

"Yes, yes, I really came to the right place this time. The cultivation resources left by this ancient beast king have really enriched the extreme. This breakthrough is no less than me devouring all the skills of a super strong man!" "

Ye Feng clenched his fists, feeling the surging power contained in his body, with a look of surprise in his eyes.

After all, even Ye Feng himself did not expect that the cultivation resources left by the Ancient Beast King would be so vast, allowing him to break through from the third level of the Xuantian Realm to the Half-Step Heaven-Suppressing Realm!

This is really a huge leap!

Ye Feng's combat power increased countless times in a short period of time.

"Prince Kurokami, it's time to take care of you!"

Ye Feng looked around, with a hint of cold and cruel light in his eyes.

Chapter 3240 I have the final say

It is not a gentleman not to avenge one's grudges.

Previously, Ye Feng was hunted down miserably by the Black God Prince, the core figure of the demonic path, and was almost poisoned to death.

This time, Ye Feng received a huge improvement from the ancient beast emperor's inherited treasure.

Now that he has enough strength, Ye Feng naturally wants to regain his position as soon as possible and deal with the Black God Prince well, letting him know that the weak human boy in his eyes is not so easy to bully.

Anyone who offends Ye Feng must be punished one by one with a tooth for a tooth and an eye for an eye.

This is Ye Feng's brave heart. ??

If you don't fight bravely in the spiritual world, you will be bullied everywhere.

Buzz!

At this time, Ye Feng exuded huge soul power and explored the surroundings.

Before leaving this vast wilderness, Ye Feng naturally wanted to deal with Prince Heishen, a hateful demonic man.

"Emperor Chu, you also activate the soul gem and explore the surroundings to see where the Black God Prince is." Ye Feng spoke in his mind at this time.

"good."

Emperor Chu nodded and activated the soul gem in his mind.

Buzz!

Suddenly, a huge soul-exploring power spread towards the surroundings.

It is actually not difficult to find Prince Kurokami.

Because the Black God Prince exudes a unique demonic energy, Ye Feng has sensed it before.

Therefore, if you want to find the Black God Prince, as long as you find this ray of demonic energy, and then follow the traces of the demonic energy, you will definitely be able to find the location of the Black God Prince at this moment.

Ye Feng was searching at this moment and walking towards the area where the Black God Prince appeared before.

Because Ye Feng knew that the Black God Prince seemed to have suffered heavy injuries before, and maybe he was recovering during this period.

Cultivation, so he must not have gone far.

Swish, swish, swish!

At this time, Ye Feng was walking quickly through the endless jungle alone.

Since his cultivation reached the Half-Step Heaven-Suppressing Realm, Ye Feng's power is now many times stronger than before.

So at this time, Ye Feng's perception was even more powerful, and his speed was also faster.

"Um?"

Suddenly at this moment, Emperor Chu spoke in his mind: "I sensed the aura of Prince Black God."

"Very good!"

When Ye Feng heard this, his eyes suddenly lit up and he immediately flew quickly in the direction directed by Emperor Chu.

When Ye Feng arrived at his destination, he saw a rather tragic scene.

I saw a lake in the distance, all dyed red with blood.

There are still many corpses floating on the surface of the lake.

The figure of the Black God Prince was sitting cross-legged in the middle of the blood-colored lake at this moment. Countless bones were floating around him, which looked very scary.

At this moment, the Blood Palace of All Souls floated in front of the Black God Prince. He seemed to have killed many more creatures in order to sacrifice this demon treasure.

It can be seen that around the All Souls Blood Palace, there are countless grievances wailing. They look very terrifying, and their power is probably even more powerful than before.

The aura of the Black God Prince has also returned to its peak state.

If it were before, even if the Black God Prince was injured, Ye Feng would not be a match for the Black God Prince at all and could only run away in embarrassment.

But this

In just a few days, Ye Feng obtained countless training resources left by the Ancient Beast King, and his cultivation level almost underwent a qualitative transformation.

At this moment, Ye Feng's comprehensive combat power has been raised to a whole new level.

Even facing the Black God Prince at his peak, Ye Feng had the confidence to fight.

Although Ye Feng is not absolutely sure that he can kill the Black God Prince, he can definitely defeat the Black God Prince.

"Um?"

Ye Feng slowly floated towards the bloody lake.

The Black God Prince not far away instantly sensed the aura of Ye Feng, the uninvited guest, and immediately opened his eyes.

But when he saw that the person coming was Ye Feng, a trace of surprise suddenly appeared in his eyes. ??

Then a sarcastic smile appeared on Prince Kurokami's face, and he said aloud: "It turns out it's you, boy, who narrowly escaped death under my hands before. In just a few days, you actually dared to come to me directly. I I'm curious, who gave you the courage?"

Ye Feng smiled indifferently and said aloud: "It's my strength that gives me courage."

boom!

Almost at the moment Ye Feng finished speaking, a powerful and invincible aura of cultivation suddenly erupted from his body.

That is clearly a cultivation level of half-step to the Heaven-Suppressing Realm!

"Huh? You have made so many breakthroughs in just a few days?"

The Black God Prince sensed the aura of cultivation on Ye Feng's body, with a trace of surprise in his eyes, and then said with a sneer: "It seems that you, a human boy, are quite interesting. Not only have you not been poisoned by my corrosive power, Death, on the contrary, has improved so much. It seems that during this period of time, you have gained a lot of opportunities in this vast wilderness, but you feel that just this achievement can challenge

me? You are really too naive. My cultivation level is much higher than yours, and you can't even imagine my methods. If I want to crush you to death, it's as simple as crushing an ant to death. "

boom! !

Almost as soon as Prince Kurokami finished speaking, a terrifying and vast aura suddenly erupted from his body.

That turned out to be a terrifying cultivation level in the first level of the Ten Thousand Tribulations Realm that surpassed the Heaven-Suppressing Realm!

The Black God Prince has obviously made huge improvements during this time.

He stared at Ye Feng coldly, without concealing his sarcasm and disdain, and said loudly: "In terms of cultivation, I am much higher than you. In terms of martial arts inheritance and weapons, I come from the extremely powerful Black Army. The methods of a large sect like the Demon Sect are beyond your imagination. You, a humble young man from a small family, how can you fight with me? "

What are you fighting with me for?

The words of the Black God Prince were full of deep contempt, and he expressed contempt for Ye Feng to the extreme.

But at this time, Ye Feng was unmoved and just said very calmly: "Whether I can fight you or not is not your decision, but my decision!"

The Immortal Magic Power of the Four Ancient Holy Spirits!

boom! !

Almost as soon as Ye Feng finished speaking, he didn't bother to talk nonsense anymore and just started fighting.

Ye Feng instantly fully activated the power of his Chaos Body, and unleashed his extremely powerful attack. From the very beginning, he launched a very powerful method, the Immortal Magic of the Four Ancient Holy Spirits.

"Boom!!"

Suddenly, infinite divine light burst out from Ye Feng's body, and powerful shadows of the Four Ancient Holy Spirits condensed around Ye Feng, directly attacking the Black God Prince not far away.

Go forward indomitably, be brave and brave!
