Chapter 3241 Black God Bloodline

boom!

At this moment, Ye Feng roared loudly and fully exploded his power. The power of the Four Ancient Holy Spirits was melted into Ye Feng's fist, and a bright divine beam burst out, almost penetrating the sky.

"The great devil's hand that covers the sky!"

Seeing the power that exploded from Ye Feng's body far beyond his own cultivation, the Black God Prince showed a trace of surprise in his eyes, and then he also displayed an extremely powerful demonic martial arts.

"Buzz!"

The palm of the Black God Prince's hand suddenly expanded rapidly, directly expanding into a huge black hand, exuding majestic demonic energy and filled with dark power that covered the sky and the sun.

"Boom!"

Suddenly, two terrifying forces collided together in an instant, producing an extremely terrifying roar. The chaotic power swept through the wasteland. The surrounding mountains collapsed, and the lakes were evaporated, exposing dry river bed.

Boom! ??

Boom! ??

The next moment, the two of them were retreating from each other high in the sky. They couldn't help but take a dozen steps back.

"Huh? The strength you burst out was beyond my expectation."

Prince Kurokami shook his numb hand, and his sarcastic eyes finally revealed a trace of shock.

But then, a cold smile appeared on Prince Black God's face, and he said loudly: "However, this is of no use. If you just rely on this so-called powerful inheritance power to fight against me, then you will definitely die!"

"All Souls Blood Palace!"

At this moment, the Black God Prince roared loudly and directly sacrificed the extremely powerful demon treasure he had refined.

This Ten Thousand Spirits Blood Palace is the most powerful weapon of the Black God Prince.

Ye Feng had been attacked by the Ten Thousand Spirits Blood Palace before, and knew that this weapon was very terrifying and was not his own temporarily.

The chaotic body can contend.

"Don't think that you are the only one who has the treasure, I have it too!"

Ye Feng smiled coldly, his eyes sharp, and he pulled out a pale bone sword from the void.

It is the Sword of the Ruined King of the Ancient Beast Emperor!

"boom!"

Ye Feng held the Sword of the Broken King in his hand, and instantly input a huge amount of mana into the pale sword in his hand.

The sword of the ruined king suddenly surged out with endless ferocious energy, full of terrifying and incomparable destructive power.

"Tide of corpses!"

At this time, the Black God Prince not far away had already activated the power of the Blood Palace of All Spirits. Suddenly, the rolling tide of corpses, like a black ocean, rushed out of the Blood Palace of All Spirits in an instant. The area where Ye Feng was was covered.

Countless corpses, all gathered together, with heads rolling in, were extremely terrifying.

"cut!"

Ye Feng roared loudly, showing no fear at all. His fighting power was astonishing. The Sword of the Broken King in his hand burst out with terrifying and boundless sword energy in an instant. The ferociousness was boundless, and he slashed hard not far away. On top of the tide of corpses coming.

Boom! !

This collision was even more terrifying than before.

Because this was the collision between the two treasures, and thousands of terrifying lights of chaotic power broke out.

"Click, click!"

What makes the Black God Prince's eyes look ugly is that Ye Feng is now too powerful. Holding the Sword of the Broken King in his hand, it is as if an ancient sword god has been reborn, exuding endless edge and explosive power.

It emits earth-shattering killing intent and has infinite destructive power.

At this moment, Ye Feng split open the billowing tide of corpses, his eyes shining brightly as he charged straight towards the Black God Prince high in the sky.

"I will kill you!"

Ye Feng's tone and boundless determination made the Black God Prince feel uneasy for a moment.

"Damn it! How can this kid be so powerful! Where did he get the sword in his hand?" At this time, Prince Kurokami's eyes turned completely ugly.

"boom!!"

But at this moment, the battle sword in Ye Feng's hand had slashed hard on the Ten Thousand Spirits Blood Palace.

"Click, click..."

What made the Black God Prince almost stare out of his eyes was that the battle sword in Ye Feng's hand actually slashed the surface of the All Souls Blood Palace, causing cracks to appear and almost burst.

"What?!"

At this time, Prince Heishen saw this scene, and his face suddenly became extremely ugly.

The demonic treasure he had worked so hard to refine had cracks due to chopping?

The Black God Prince stared at Ye Feng for a moment, and couldn't help but exclaimed: "What kind of sword is this sword in your hand? It must not have been refined by you! You can't have this ability!"

When Ye Feng heard what Prince Heishen said, a deep sneer suddenly appeared in his eyes: "Who said that treasures must be refined by oneself? Refining treasures by oneself is a waste of time and energy. From other sources, Wouldn't it be nice to get a powerful treasure from the old man?"

boom! !

At this moment, Ye Feng roared loudly, holding the sword in his hand and bursting out with strength.

Boom boom boom!

Ye Feng's whole body erupted with divine light, and the sword in his hand struck crazily and continuously.

When it was chopped down, the All Souls Blood Palace was completely broken into pieces.

"Puch!"

Then, under the horrified gaze of the Black God Prince, Ye Feng cut off one of the Black God Prince's arms with a sword.

"ah!"

The Black God Prince suddenly screamed, couldn't help but retreat crazily, and yelled in horror: "Impossible! Impossible! How could I be defeated by a humble boy like you? I don't believe it! Even if I exhaust myself The blood energy will completely wipe you out!"

"Black God Clan bloodline! Inspire all!"

"boom!"

The Black God Prince suddenly burst out with terrifying power, and his entire body suddenly expanded rapidly, becoming a dark giant standing tall on the sky and the earth.

"Bloodline of the Black God!"

"Black Lotus destroys the world!"

"Destroy them all!"

Boom boom boom boom...

At this moment, the Black God Prince fully unleashed his bloodline power, and brilliant black lotuses burst out from the Black God Prince's body, turning into thousands of black lotus oceans.

Each black lotus exudes a destructive wave. Each black lotus seems to be able to explode at any time, producing extremely terrifying destructive power.

"boom!"

"boom!"

When these black lotuses floated in front of Ye Feng, they immediately began to explode crazily, full of destructive fluctuations.

Even Ye Feng's chaotic body was almost seriously injured by the explosion at this moment.

When the Black God Prince saw this scene, he immediately laughed out loud: "My Black God bloodline is invincible! Even beings with a higher realm than me can't resist the bombardment of my Black Lotus bloodline! Wait for death, boy!"

Chapter 3242 Dark Ganoderma King

The Black God Prince is very proud now. He has displayed his strongest trump card and released endless explosive black lotuses, producing extremely terrifying destructive power.

Even though Ye Feng possessed an extremely powerful Chaos Body, he still suffered heavy losses from the endless explosion.

So at this time, Prince Heishen felt that Ye Feng would definitely die.

"Earth Armor!"

But at this moment, Ye Feng immediately became vigilant and stepped directly on the ground. Then the pulse and power of the entire earth were all transmitted and condensed directly on the surface around Ye Feng. A set of extremely thick earth armor!

The earth-yellow armor looks ordinary, but it contains the majestic power of the earth and is full of very solid attributes.

"Tap, step, step..."

At this moment, Ye Feng was wearing thick earth armor, like a giant steel beast, walking in the endless explosions, without any impact at all, and would not suffer any damage, directly towards the Black God. The prince walked away.

"What? How is this possible!"

Prince Kurokami had a triumphant expression, but at this moment he immediately showed a look of deep horror. .??.

He never thought that Ye Feng had so many methods, that he could draw the terrifying power of the earth from the earth, and condensed it into a set of extremely thick and sturdy armor, making Ye Feng look like a war machine. It cannot be destroyed at all.

Prince Kurokami was completely stunned at this time.

Even though he was the core figure of the Black Demon Sect, an extremely powerful demonic sect near the edge of the Northern Wilderness, he was still shocked by Ye Feng's continuous trump cards and methods.

He deeply realized that this boy had grown to the point where even he was unable to fight against him.

Uh-huh!

At this moment, the Black God Prince was so frightened that he ran away crazily in the distance.

"If you had escaped earlier, you might still be able to escape, but at this point, you have reached the end of your strength and there is no way you can escape from my grasp."

Ye Feng issued this message at this time

A cold voice sounded, as if judging the fate of the Black God Prince.

boom! !

At this moment, Ye Feng released the Eternal Battle Technique without any hesitation.

This is Ye Feng's strongest attack method now.

Suddenly a terrifying scene appeared.

Ye Feng's whole body burst out with divine light, like a huge sun, flying across the sky instantly.

Endless pressure radiated out, like a young god bursting out with ancient power.

Ye Feng's combat power was unparalleledly improved and enhanced at this moment, making the entire world dim in an instant.

The escaping Black God Prince did not even react before he was instantly destroyed by the light of power of Ye Feng's last eternal battle technique.

The whole body was torn apart and completely killed!

"Swallow!"

Without any hesitation, Ye Feng directly released the Devouring Domain, absorbing all the blood energy after the death of the Black God Prince.

"boom!"

Ye Feng's body suddenly burst out with an extremely powerful breakthrough momentum.

The first level of the Heaven-Suppressing Realm! !

A qualitative transformation occurred around Ye Feng.

It must be said that the energy provided by the Black God Prince was very powerful and huge, allowing Ye Feng to achieve a breakthrough in an instant.

Originally, it was very difficult for Ye Feng to transform and break through from the half-step Heaven-Suppressing Realm to the real Heaven-Suppressing Realm, because it was a breakthrough in a big realm.

However, Ye Feng can break through very easily now.

In fact, it only looks easy.

If it weren't for the accumulation of energy from a terrifying peerless master like Prince Black God, Ye Feng wouldn't have been able to break through so quickly.

"Finally, we have entered the true heaven-suppressing realm!"

Ye Feng clenched his fists at this moment, feeling the terrifying energy surging all over his body, his eyes were very excited.

This time I killed the Black God Prince, let out a bad breath, and gained the Black God Prince's energy. It was a double surprise!

Uh-huh!

At this time, Ye Feng reached out and took out Prince Black God's storage ring.

Buzz!

Ye Feng released his soul power and began to explore the contents of the storage ring.

In addition to some fragmentary things, Ye Feng discovered something very special.

It was a dark Ganoderma-like medicinal material, exuding a faint black aura.

Perhaps ordinary people think that this is some kind of very common magic medicine.

But Emperor Chu asked Ye Feng to take out the black Ganoderma lucidum in his mind. After observing it for a moment, Emperor Chu said in surprise: "This is a special medicinal material that can enhance and develop blood vessels. It's called 'Dark Ganoderma'. It's very rare. I thought this thing was extinct a long time ago, but I didn't expect it to still exist."

When Ye Feng heard what Emperor Chu said, his eyes were suddenly startled and he said, "Can it directly enhance and develop the power of blood? Could it be that this dark Ganoderma can help me improve my chaotic blood and directly enhance my chaotic body?"

"not only that."

Emperor Chu's tone was a little deep and mysterious, and he said: "This special dark Ganoderma lucidum may even help you develop your strongest bloodline, the Hongmeng bloodline, in advance!"

"What?"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed deep surprise and excitement.

The Hongmeng bloodline is the strongest bloodline in the Origin World, and it is also Ye Feng's most powerful trump card so far.

But all this time, Ye Feng's Hongmeng bloodline has not been activated.

Moreover, Ye Feng felt that as his chaotic body came from the world of origin, it became less and less powerful than before.

Although it is still somewhat powerful, it cannot

Create a crushing force.

Therefore, Ye Feng has always hoped to inspire his true and strongest Hongmeng bloodline.

Unexpectedly, the seemingly ordinary black Ganoderma lucidum in his hand turned out to be a sacred object that can enhance and develop blood!

Emperor Chu said: "But you only have a Dark Ganoderma in your hand, which is not of much help. If you want to activate your Hongmeng bloodline, you must have a large amount of Dark Ganoderma, and you must know that your Hongmeng bloodline is the most powerful. Bloodline, ordinary Dark Ganoderma may be able to enhance your Chaos Body bloodline, but it may not have much effect on the awakening of Hongmeng Bloodline. You must need the best of the best, the most advanced 'Dark Ganoderma King'. It may be useful and can develop your Hongmeng bloodline, but the Dark Ganoderma King is the best of the best and is extremely valuable. It is estimated that it will take hundreds of thousands of years to cultivate a king-level Ganoderma among the Dark Ganoderma. However, you You can go to the Black Demon Sect and take a look. Since the Black Demon Sect has a way to cultivate dark Ganoderma lucidum, maybe there really is a legendary Dark Ganoderma King."

When Ye Feng heard what Emperor Chu said, he nodded excitedly and said, "Okay, I'll pretend to be the Black God Prince and go to the Black Demon Sect!"

At this time, Ye Feng said, grabbing the Black God Prince's Blood Palace of All Souls into his hands.

The Ten Thousand Spirits Blood Palace had been broken into many pieces by Ye Feng before, but this kind of treasure could automatically recover after absorbing the blood energy, and then completely recovered, which is still very powerful.

Ye Feng is going to pretend to be the Black God Prince and go to the Black Demon Sect to investigate the situation.

If you can really find the Dark Ganoderma King and develop and activate your own Hongmeng bloodline, you will make a lot of money!

"Young boy from the human race, I have finally found you. You killed my grandson Jin Pengniao. You must be buried with him today!"

And just when Ye Feng was about to leave here, suddenly an old and boundless voice sounded in the sky of the entire wild forest, full of endless pressure, and Ye Feng's eyes suddenly changed slightly.

Oops!

It's the Golden-winged Dapeng King!

Chapter 3243 Leaving the Wilderness

Buzz!

The terrifying and boundless pressure, as vast as the vast ocean, descended from high in the sky in an instant, making people unable to help but feel like their whole bodies were about to break.

This is the terrifying pressure of the golden-winged roc king, the grandfather of the golden roc!

Ye Feng's eyes were very ugly.

Unexpectedly, the Golden-winged Dapeng King actually found his own aura.

Ye Feng knew very well that the Golden-winged Dapeng King was not an ordinary monster master, but the dominant evil beast in the wild forest!

"boom!"

At this time, Ye Feng burst out with a terrifying momentum, directly breaking through the shackles of that layer of pressure, and instantly rushed in a certain direction.

Ye Feng fled towards the distance, because Ye Feng knew that he could not be the opponent of an overlord evil beast like the Golden-winged Dapeng King.

Buzz!

At this moment, above the endless towering ancient trees and under the sky, a golden roc appeared that covered the sky and the sun.

The body of the golden-winged roc was very majestic, exuding a vast and terrifying aura like a god, making all the monsters in the entire wild forest unable to help but kneel down.

Because the pressure is really terrifying!

This golden-winged roc, just like a mythical beast from ancient myths and legends, appeared high in the sky, blocking out the sky and the sun, staring at the fleeing Ye Feng below.

"boom!"

Suddenly, the Golden Winged Dapeng King stretched out a golden claw, full of endless sharpness, and grabbed it downwards, covering Ye Feng in an instant.

Space gem!

At this moment, Ye Feng did not hesitate and directly released the power of the space gem, opening a space wormhole directly in front of Ye Feng.

Uh-huh!

Ye Feng instantly moved to a place tens of thousands of meters away.

The golden claws of the Golden Dapeng King immediately grasped nothing, but they grabbed the entire ground tens of thousands of miles away in one fell swoop.

Broken apart.

A huge abyss appeared on the spot.

This scene is very frightening and terrifying.

It can be seen that the strength of this Golden-winged Dapeng King is simply terrifying to the extreme.

Just grabbing it with a random claw and attacking casually can cause such terrifying destructive power, which is really frightening.

This kind of destructive power is so terrifying, it is comparable to the legendary beast.

It has to be said that this golden-winged roc king is definitely the undisputed overlord of the evil beasts in the wild forest, and its power is too vast.

Ye Feng felt a little frightened when he saw the broken scene.

This golden-winged roc king is the overlord in the wild forest. At present, I can never fight against him.

Anyway, this time Ye Feng has completed his mission in the wilderness and gained a lot of benefits. There is no need to get entangled with the Golden-winged Dapeng King.

Boom boom boom!

At this moment, Ye Feng activated the space gem with all his strength and opened up several space wormholes in succession. In an instant, he quickly shuttled and jumped into the void.

"The power aura of the space gem?"

The Golden-winged Dapeng King was well-informed and immediately sensed the aura of the space gem on Ye Feng.

At this moment, the Golden-winged Dapeng King suddenly showed a trace of gloominess in his eyes.

He did not expect that Ye Feng, a little human boy, actually possessed the legendary space gem.

The warrior who possesses the space gem is equivalent to controlling the power of space, which is very difficult to capture.

"The heaven and the earth are imprisoned!"

"Golden Roc Domain!"

looking at leaves

The wind was about to escape from his sight, and the Golden-winged Dapeng King immediately roared and activated a very terrifying talent of his own.

"Buzz!"

At this moment, infinite golden light burst out from the body of the Golden-winged Dapeng King, covering the entire world, and suddenly locked all the voids around Ye Feng.

The next moment, Ye Feng's eyes were suddenly startled, and he felt as if he had fallen into a heavy field.

Even the space wormhole opened by the space gem is locked. .??.

Ye Feng's movements became very slow, as if his whole body had entered mercury, moving with difficulty.

"In front of a powerful person like me, you, a humble human ant, will definitely die!"

The Golden-winged Dapeng King made a majestic voice, as if a god was judging Ye Feng's fate.

"The art of eternal great battle!!!"

At this time, Ye Feng fully mobilized his Chaos Body power, and then used the Eternal Battle Technique, the most powerful attack technique in all eternity.

Boom! !

Suddenly, a terrifying wave of power burst out from Ye Feng's body. Ye Feng's whole body directly broke through the shackles of the void, jumped into the distance in an instant, and disappeared in an instant.

"What?"

The Golden Winged Dapeng King originally thought that Ye Feng had been captured and would definitely die.

Unexpectedly, Ye Feng suddenly burst out with terrifying power that far exceeded his own cultivation. It actually broke his void restraint and disappeared in an instant. Ye Feng's breath could no longer be captured.

This made the Golden Winged Dapeng King's eyes suddenly reveal a deep gloomy look.

Just now, he threatened that Ye Feng would definitely die and would not be able to escape from his grasp.

But the next moment, Ye Feng ran away without a trace.

The Golden-winged Dapeng King grasped slightly and sensed the mysterious fluctuations left in the void. Suddenly his eyes were startled, "The art of eternal battle? It turned out to be such a rare and terrifying fighting art. This is not Bei Is it the fighting skills of that legendary figure from the human race? Is this kid the true disciple of that legendary figure..."

The Golden Winged Dapeng King fell into deep fear.

His face looked a little uncertain, and in the end he did not continue to chase Ye Feng, but ran back to the depths of the wilderness in despair.

At this time, Ye Feng revealed his figure thousands of miles away.

He looked at the terrifying aura behind him that had disappeared, and immediately breathed a long sigh of relief.

He finally escaped from the shackles of the Golden-winged Dapeng King.

This time Ye Feng was very lucky.

Fortunately, I have practiced the Eternal Great Battle Technique, which is a fighting technique that can burst out in an instant far beyond my own cultivation power. It is really powerful.

"Head of the Wang family, now you can guide me out of this vast wilderness. I will send your family back to Bingquan City first, just in time to deal with the Bingquan City Lord, the lackey of the Black God Prince."

Ye Feng said to the head of the Wang family in the storage ring space at this moment.

"good!"

The head of the Wang family nodded immediately, then flew out of the storage ring and began to lead Ye Feng.

The head of the Wang family also had a trace of expectation and excitement in his eyes at this time.

Because if Ye Feng really solves the city lord of Bingquan City, then their Wang family will be the controlling family in Bingquan City in the future.

After all, several other families died at the hands of the Black God Prince, and only their Wang family survived.

At this time, the head of the Wang family became more and more grateful. Fortunately, the Wang family accidentally met Ye Feng, a friend in advance. Otherwise, the entire Wang family would have been destroyed in the hands of the Black God Prince.

Chapter 3244 The brain is broken

Ye Feng was moving very fast. With the guidance of the head of the Wang family, in less than half a day, he had left the Great Wilderness Forest and entered the territory of the human race, the Northern Wilderness.

The Northern Wilderness is far less prosperous than the territory of the Xinghe Imperial City in the central area.

However, the strength of the Northern Wilderness should not be underestimated.

Because although there is no unified and powerful force in the Northern Wilderness, there are countless human race sects that have been passed down.

Each sect has a profound foundation.

There are two major human race sects in the more marginal areas of the Northern Wilderness, namely the Bingpo Xuan Sect of the righteous way and the Hei Mo Sect of the evil way.

Ye Feng's initial plan was to enter the Bingpo Xuan Sect to practice for a period of time to see if he could use the training resources of this powerful sect to quickly improve his strength.

However, after getting clues about the Dark Ganoderma King from the Black God Prince, Ye Feng naturally looked forward to mixing into the Black Magic Sect.

Emperor Chu guessed that the Black Magic Sect had a secret recipe for cultivating dark Ganoderma, which made Ye Feng very much looking forward to it.

Even if the extremely rare Dark Ganoderma King cannot be found in the Black Demon Sect, as long as a steady supply of Dark Ganoderma can be obtained, it will be a big profit for Ye Feng.

Because Ye Feng knows that no matter what inheritance or weapon it is, for Ye Feng, one day he will not be able to keep up with his own practice and will be eliminated.

But his own bloodline is the eternal god.

Because Ye Feng knows very well that constantly improving his bloodline is the top priority.

So Ye Feng has made up his mind, that is, to go to the Black Demon Sect.

But before going to the Black Demon Sect, Ye Feng is naturally ready to clean up the disaster of Bingquan City.

In addition to helping the Wang family solve the disaster of the Lord of Bingquan City, there is another important reason, that is, the Lord of Bingquan City and the Black God Prince have a very close connection.

He is about to disguise himself as the Black God Prince and go to the Black Demon Sect. He must eliminate the unstable factor of the Lord of Bingquan City to prevent himself from exposing his identity.

"Finally here."

At this time, the head of the Wang family on the road ahead suddenly spoke.

Ye Feng looked forward and saw a huge city standing on the ground not far away.

This is already the territory of the human race. The monsters in the northern wilderness and the dense forests dare not easily set foot here.

Swish!

At this time, Ye Feng released the hundreds of elite troops of the Wang family that he had previously put into his storage ring.

The head of the Wang family looked at Ye Feng and said, "Young Master Ye Feng, the lord of Bingquan City should be in Bingquan City now."

Ye Feng nodded slightly and said very calmly, "Let's go directly into Bingquan City now. If the lord dares to take action, I will definitely let him know what regret is."

Hearing what Ye Feng said, the head of the Wang family immediately showed deep excitement in his eyes.

As long as Ye Feng is willing to take action, everything will be stable!

Because the head of the Wang family has seen along the way during this period of time that Ye Feng's strength is very terrifying.

Even a super-powerful demon like the Black God Prince can be killed, not to mention a small Bingquan City Lord.

Tap tap tap...

At this moment, Ye Feng and the head of the Wang family led a group of Wang family elites and walked into Bingquan City.

Just when they just entered Bingquan City, some guards of the City Lord's Mansion at the gate of the city suddenly showed a trace of horror in their eyes.

These guards hurriedly ran towards the direction of the City Lord's Mansion inside the city, as if to inform the Lord of the City that someone from the family had returned. After all, the Lord of the City said that all other families were destroyed.

When the head of the Wang family saw this scene, he immediately looked at Ye Feng beside him and couldn't help saying: "Young Master Ye Feng, what should we do now?"

Ye Feng smiled slightly and said: "Go directly to the City Lord's Mansion."

"Okay."

The head of the Wang family was quite excited and immediately took Ye Feng to the direction of the City Lord's Mansion.

When they arrived outside the City Lord's Mansion, they found that the entire City Lord's Mansion had been lined up with many guards wearing black armor.

These black armored guards were all standing at the door of the City Lord's Mansion. There were tens of thousands of them, and they looked black and dense.

It was like an armored army, which looked very depressing, as if it was a steel torrent that could crush everything.

Seeing these tens of thousands of armored soldiers, even the hundreds of elite masters of the Wang family showed deep fear in their eyes at this moment.

Because tens of thousands of fully armed armored teams stood there densely, it really had a huge visual impact, and it looked very terrifying, as if it could crush everything.

"Shua!"

At this time, a middle-aged man wearing golden armor flew out of the City Lord's Mansion.

This middle-aged man in golden armor was the Lord of Bingquan City!

The cultivation of the Lord of Bingquan City seemed to be more powerful than before.

br

He must have received help from the Black God Prince, and his skills have been greatly improved. He actually has the powerful cultivation of the sixth level of the Heaven-Suppressing Realm.

At this moment, the lord of Bingquan City stared at the head of the Wang family not far away, with a trace of surprise in his eyes, and said loudly: "Head of the Wang family, I didn't expect that your entire Wang family actually escaped from the Black God Prince. Palm? But you are stupid and dare to return to Bingquan City, so I will kill you all on behalf of the Black God Prince."

"shut up!"

The head of the Wang family immediately yelled: "I have never seen such a shameless person!"

The head of the Wang family continued: "Master of Bingquan City, you are still the city lord of our human city, but you dare to collude with the evil villains and harm the seven major families in our city. People like you are simply traitors of the human race! Now you dare to do the opposite. You're talking about me? That's so shameless and I should be punished!"

"Deserves to be punished? Hahaha!"

The Lord of Bingquan City immediately laughed and said sarcastically: "Who is qualified to kill me? Just because of your little Wang family? I can only say that you are too naive!"

At this time, the head of the Wang family just sneered, then looked respectfully at the young man in white clothes Shengxue beside him, clasped his fists and said loudly: "Master Ye Feng, please take action immediately to kill the lord of Bingquan City who betrayed the human race. He has not Qualified to become the city lord of the human race city!"

"Master Ye Feng?"

When the lord of Bingquan City saw the respectful look of the head of the Wang family, his eyes immediately moved to Ye Feng, who was standing next to the Wang family.

Looking at this ordinary young man in white clothes, the Lord of Bingquan City couldn't help but asked: "Who is this young boy? Is he worthy of fighting against me? Head of the Wang family, are you out of your mind?"

Chapter 3245 Deep Fear

The Lord of Bingquan City had a look of deep doubt on his face at this time.

He didn't understand why the head of the Wang family was so confident in such a young and ordinary boy.

Ye Feng didn't explain anything at this time. He just slowly took a step forward, then stared at the Bingquan City City Lord above the City Lord's Mansion, and said loudly: "It's just a little person, you can kill him casually."

"Nobody?"

When the Lord of Bingquan City heard what Ye Feng said, his eyes suddenly showed deep anger, and then he shouted loudly: "You are not a very strong boy, but you still dare to say such arrogant words. Then this city lord must crush you completely! No! I don't even have to do it myself."

After finishing speaking, the Lord of Bingquan City looked at the tens of thousands of fully armed armored guards in front of him, and immediately ordered: "All the armies advance together and crush that boy completely! The Lord of this city saw this arrogant boy die tragically from high in the sky. The scene must be very interesting."

"Yes, Lord City Lord!"

At this moment, tens of thousands of fully armed black armored guards began to advance in an instant, like a torrent of steel, capable of crushing everything, and their murderous intent was earth-shattering.

In an instant, hundreds of elite masters from the Wang family could not help but take several steps back, feeling a deep and terrifying shock.

No matter how powerful the master is, he will probably flee under the impact of tens of thousands of fully armed armored soldiers, unable to withstand the terrifying impact of this torrent of steel.

But at this time, Ye Feng stood there, still without any movement, just looking very calmly at the tens of thousands of fully armed armored soldiers who were attacking.

"Hahaha!"

The Lord of Bingquan City immediately laughed out loud. Looking at Ye Feng who was standing still not far away, he said sarcastically: "Master of the Wang Family, it seems that the boy you chose is very bad. He was actually killed by me. The tens of thousands of troops were frightened and stood there, hahaha, they were still too young and had never seen a big scene, so they were frightened."

Ye Feng suddenly laughed

, looked at the Lord of Bingquan City not far away, and said loudly: "How dare you say that I haven't seen any big scenes? Then I will let you know what a real big scene is!"

boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng suddenly stretched out a hand.

The vitality of the entire world in all directions instantly began to riot!

A big hand of chaos covering the sky and the sun, filled with endless pressure, appeared in the entire sky instantly like an endless mountain.

Then hit it hard!

"Boom!"

Accompanied by a huge and earth-shattering roar, tens of thousands of fully armed armored troops were instantly smashed into pieces by Ye Feng's big hand of chaos.

The whole world shook violently.

A huge pit appeared on the spot.

There was even an abyss!

It's like an attack from the gods!

The scene is very shocking and has a very strong visual impact!

Destroyed the steel torrent composed of tens of thousands of armored guards with one hand!

There is no ability to resist at all!

This is the real big scene!

"What?!"

When the Lord of Bingquan City saw this scene and saw the tens of thousands of troops he had worked so hard to cultivate, he was instantly slapped to pieces by Ye Feng. His eyes widened and he almost dropped his eyes. .

"You...who are you?"

The Lord of Bingquan City was completely stunned at this time.

The sarcastic smile on his face suddenly became extremely stiff, and his eyes were filled with deep fear.

Because the power Ye Feng burst out in just a moment was like a god, full of unparalleled impact and destructive power.

This is simply not something ordinary people can resist!

This is beyond the scope of power of ordinary warriors!

It was like the power of ancient gods manifested.

At this moment, Ye Feng slowly walked towards the Lord of Bingquan City not far away, with a faint smile on his face, and said loudly: "Now I can tell you who I am, I am The existence that killed the Black God Prince."

"What? The Black God Prince died in your hands? How is this possible!"

The Lord of Bingquan City immediately showed deep shock in his eyes. .??.??

Immediately, he seemed to realize something.

"This person is too scary! Run away quickly!"

boom! !

The city lord of Bingquan City didn't even have the intention of confronting Ye Feng at this time. He just burst out with all his strength and rushed in a certain direction outside Bingquan City, trying to escape from this terrifying boy in white.

"Space Confinement!"

But at this moment, Ye Feng directly stretched out a hand, grabbed it in the direction of the Bingquan City Lord's escape, and directly activated the power of the space gem.

Buzz!

The next moment, what made the Lord of Bingquan City's face change drastically was that the space he was in at this moment was suddenly imprisoned by an invisible force.

It's like the whole person is trapped in a space prison, with no way to escape!

"hateful!"

"The Demon Lord's true form! Broken!"

The Lord of Bingquan City roared loudly and unleashed his most powerful means of inheritance.

boom!

I saw that the entire body of the Lord of Bingquan City suddenly expanded rapidly, turning into an ancient demon king, full of powerful energy.

Incomparable power, and even a phantom of the demon king's will appeared in the void behind him, exuding terrifying demon pressure.

The power that the Lord of Bingquan City displayed at this time should have been given to him by the Black God Prince.

It has to be said that the Black Demon Sect, a demonic sect, has a very deep foundation.

The Lord of Bingquan City roared loudly, and at this moment, he was able to smash the surrounding space prison, causing broken cracks to appear.

But it's not completely broken, just cracks.

"Destroy!"

The next moment, Ye Feng softly uttered a word.

"boom!!"

The space prison not far away suddenly shrank rapidly, as if the void collapsed.

"ah!!"

The Lord of Bingquan City immediately let out a scream of extreme pain.

Visible to the naked eye, the Demon Lord's real body at this time, the Lord of Ice Spring City, was unable to withstand the terrifying destructive power of the void collapse. His entire body was instantly disintegrated, shattered high in the sky, and completely killed.

"boom!"

Ye Feng directly released the Devouring Domain, swallowing up all the blood on the field.

Although the cultivation level of these people is not very strong, after all, there is an army of tens of thousands of monks, and there is also a guy with good cultivation level, the Lord of Bingquan City.

Therefore, Ye Feng's cultivation level actually broke through the first level and entered the second level of Heaven-Suppressing Realm!

It can be considered a good harvest.

At this moment, Ye Feng looked at the head of the Wang family not far away, and then smiled slightly: "The disaster has been completely resolved, it's time to say goodbye."

The head of the Wang family immediately bowed deeply to Ye Feng, clasped his fists and said, "Congratulations to Mr. Ye Feng!"

Uh-huh!

Ye Feng nodded slightly, then jumped up and flew directly in the direction of the nearby Black Demon Sect.

Chapter 3246 Scorched Land

On the way to the Black Demon Sect, Ye Feng was thinking about whether to disguise himself as the Black God Prince and enter it.

Originally, Ye Feng wanted to directly disguise himself as the Black God Prince and sneak into the Black Demon Sect.

But Ye Feng thought about it carefully and directly disguised himself as the Black God Prince. Although it would be very convenient to enter the Black Demon Sect, the Black God Prince has a relatively high status in the Black Demon Sect and is a core member of the Black Demon Sect. disciple.

In this case, Ye Feng felt that pretending to be the Black God Prince would attract a lot of people's attention and possibly expose his identity.

After all, Ye Feng entered the Black Demon Sect this time to obtain the Dark Ganoderma, or even to find the Dark Ganoderma King. ??

Therefore, Ye Feng knew very well that he might stay in the Black Demon Sect for a long time.

Therefore, Ye Feng finally thought about it carefully and decided not to pretend to be the Black God Prince. The longer the time, the easier it would be to expose the secret. After all, the Black God Prince's status in the Black Demon Sect is too high and it is too easy to attract attention.

Ye Feng finally decided to enter the Black Demon Sect as a very ordinary disciple and lurk secretly to inquire for information.

You must know that Ye Feng's current cultivation strength is a super master comparable to core disciples like the Black God Prince among the Black Demon Sect.

If Ye Feng pretended to be an ordinary disciple of the Black Demon Sect, it would be much easier.

At this time, Ye Feng restrained his cultivation aura and maintained it at a very low level.

Three days later, Ye Feng successfully arrived in a dark place.

Although this is the territory of the human race, it is a very cheap place. It is the closest place to the corner of the Northern Wasteland.

The land here is completely dark, and the surrounding jungle is very dense, forming a dark forest.

According to the map given to Ye Feng by the head of the Wang family, the Black Demon Sect is standing deep in this dark forest.

Soon, Ye Feng came to Heilongjiang

The edge of the dark forest.

With a trace of doubt in his eyes, Ye Feng was looking around for the specific place where the Black Demon Sect was stationed.

Uh-huh!

Suddenly at this moment, the void fluctuated.

A young woman wearing a black gown had appeared in front of Ye Feng.

The woman in the black gown stared at Ye Feng and said coldly: "This is already the territory of the Black Demon Sect. Anyone waiting here should hurry up and leave. If you take another step forward, you will be killed without mercy!"

Ye Feng quickly said: "Senior sister, I came to the Dark Forest on the orders of our elders. I want to find the Black Demon Sect, a powerful sect, and join it."

"Huh? Are you here to become a disciple?"

The young woman in a black gown had a hint of surprise in her eyes. She looked at Ye Feng carefully and asked, "Do you have any credentials?"

"have."

Ye Feng immediately spoke out and took out a black token from his storage ring.

This black token was obtained by Ye Feng from the storage ring of the Lord of Bingquan City.

It was probably given to the Lord of Bingquan City by Prince Black God.

"This is....."

Sure enough, when she saw the black token in Ye Feng's hand, the young woman in the black gown immediately moved her eyes and took the black token in Ye Feng's hand.

She looked at the black token carefully, nodded slightly, and said: "This is a rather advanced core token of our Black Demon Sect. It seems that your elder has cultivated to a quite high status in our Black Demon Sect. Okay, You come with me, there are many newcomers coming to our Black Demon Sect this year, so you can take the exam with them."

After the woman in the black gown finished speaking, she

Then he turned around and flew quickly in a certain direction deep in the dark forest.

Ye Feng quickly followed.

However, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, I came at the right time. It seems that there are many newcomers who want to join the Black Demon Sect.

This is a good thing for Ye Feng.

Because if you are alone, you will most likely be scrutinized in various ways.

But if you take the assessment with many newcomers, you won't attract so much attention, and it will be easier for you to lurk and integrate into the Black Demon Sect as soon as possible.

As for the so-called newcomer assessment, with Ye Feng's current super strength comparable to the core members of the Black Demon Sect, it must be a piece of cake.

However, Ye Feng knew that when he participated in the so-called newcomer assessment, he would definitely need to perform more mediocrely, otherwise he would be too eye-catching.

Swish, swish, swish!

Swish, swish, swish!

Next, the two of them moved quickly through the dark forest, one behind the other.

Along the way, Ye Feng sensed spatial fluctuations in the surrounding dark forest.

Ye Feng keenly felt that every time he moved forward, the surrounding environment changed vaguely.

"It seems that the entire dark forest around has been cast with a very large space formation, which allows people to enter it without finding the direction. Only specific people can lead the way to find the specific location of the Black Demon Sect. "

Ye Feng was thinking secretly in his heart at this time.

After half a day, the female disciple of the Black Demon Sect who led the way finally brought Ye Feng to the deepest part of the dark forest.

There are no forest trees here anymore, but a scorched earth exuding evil energy everywhere.

The whole surrounding looks very desolate

.

But for demonic practitioners, it is simply a natural paradise for cultivation.

Because there is no spiritual energy here at all, and the whole world is filled with demonic energy.

Ye Feng suddenly thought that although the Black Demon Sect was a demonic force among the human race, it had the support of the demon world behind it.

Perhaps this scorched earth full of demonic aura may be bordered by the Demonic World, a world affiliated with the Star Territory.

The Black Demon Sect established its base in this place, which can largely prevent other righteous warriors from lurking.

Because only those who practice pure demonic ways can survive in this demonic land.

But this kind of thing can't trouble Ye Feng.

Ye Feng's body is a melting pot.

It can absorb and refine any power of any attribute and transform it into its own power.

"Buzz!"

Ye Feng took a deep breath at this time. The rich demonic energy in the surrounding air was sucked into his body by Ye Feng. Suddenly, Ye Feng's skill improved a lot.

"It's such a strong demonic energy, and it's also very advanced. If you practice here, your cultivation will definitely grow by leaps and bounds!"

Ye Feng's eyes were a little surprised.

At this moment, the female disciple of the Black Demon Sect who was leading the way saw Ye Feng directly absorbing and refining the surrounding demonic energy. Some of the original vigilance in his eyes also disappeared. Ye Feng was completely a pure demon. Xiu, there is no longer any identity problem.

The female disciple of the Black Demon Sect immediately said: "It seems that you have some special bloodline and can absorb the surrounding demonic energy directly through breathing. Your talent is very good. If you enter our Black Demon Sect, If you practice hard and work hard, you might be noticed by some big shots in the sect, and you might even be able to rise to the top in the future. "

Chapter 3247 Fang Family

This female disciple of the Black Demon Sect was completely relieved about Ye Feng's origin at this moment.

Because Ye Feng was able to directly swallow the demonic energy emanating from heaven and earth into his body through breathing, and then refine it.

Even many formal disciples of the Black Demon Sect cannot achieve this kind of ability.

Therefore, this female disciple of the Black Demon Sect feels that Ye Feng must have huge potential in the future.

When Ye Feng heard this female disciple of the Black Demon Sect say this, he immediately smiled and clasped his fists and said, "Thank you, senior sister, for your praise. I will work hard."

"Um."

When the female disciple of the Black Demon Sect saw Ye Feng like this, she nodded slightly, then showed a slight smile and said, "We are already here." .??.

At this time, Ye Feng looked forward and saw a quite shocking scene.

I saw that on the black scorched earth in front of me, there was a very strong demonic energy everywhere.

On this scorched land of demons, tall palaces were built one after another, surrounded by mountains.

In addition, the entire sky is dark and black, like a real demonic land, giving people a very vicissitudes of life and terrifying feeling.

For righteous practitioners, the environment here is very harsh, but for demonic practitioners, it is definitely a huge paradise.

Fortunately, Ye Feng's body is like a melting pot, able to accommodate the power of thousands of attributes in the world.

So when he came to this dark and terrifying land, Ye Feng didn't feel any discomfort. Instead, he felt like he was back at home.

At this time, the female disciple of the Black Demon Sect brought Ye Feng to a main hall.

At this moment, many people have gathered in the square in front of this hall.

There were dozens of people in total, both men and women, but they were all very young.

Now these young people are all newcomers who want to join the Black Demon Sect.

The cultivation levels of these newcomers are all very good.

After all, those who are qualified to participate in the Black Demon Sect's newcomer assessment must be geniuses.

When Ye Feng came here, he immediately felt the attention of many people.

However, Ye Feng restrained his aura and became a completely ordinary person. Therefore, after taking a look at Ye Feng, many people felt that he was ordinary and looked away.

However, there were several young female newcomers who couldn't help but reveal a trace of nymphomaniacism in their beautiful eyes when they saw Ye Feng's very handsome appearance.

In this way, many male newcomers around him who participated in the newcomer assessment suddenly began to show a deep hostility towards Ye Feng.

Ye Feng noticed the provocative looks from many new male disciples.

In response, Ye Feng was expressionless and very calm, not even bothering to respond.

After all, for Ye Feng, although these newcomers are all geniuses from various places, Ye Feng's current cultivation strength is comparable to that of the core members of the Black Demon Sect.

Therefore, in his eyes, these newcomers are just a group of children playing house.

At this time, Ye Feng didn't bother to respond at all. He just stood there, very calm, closing his eyes to rest.

Seeing Ye Feng's calm treatment, the female disciple of the Black Demon Sect who brought Ye Feng here couldn't help but show a trace of approval in her eyes. Ye Feng's mentality was very good.

"Perform well and strive to pass the newcomer assessment and become an official disciple of our Black Demon Sect."

At this time, the female disciple of the Black Demon Sect gave a warning and left directly.

Ye Feng stood among the crowd in the square, waiting for the newcomers' assessment.

"Hey, what's your name? To be able to bring an inner disciple of the Black Demon Sect here in person, you must have a very extraordinary status. Which demonic figure are you the heir of?"

Suddenly at this time, a clear female voice sounded beside Ye Feng.

Ye Feng looked to the side and found a cute girl with a baby face, wearing a red dress and carrying a sword box on her back, standing next to him, staring at him curiously.

Although this girl looks baby-faced, her beautiful eyes always reveal a shrewdness. Obviously, this cute girl is not as simple as she seems.

Ye Feng smiled slightly and said: "My name is Ye Feng. My elders have indeed practiced in the Black Demon Sect, but they are not big figures in the demon sect. You guessed it wrong."

"Ye Feng?"

The baby-faced girl didn't seem to care at all that she guessed wrong. After all, her main purpose seemed to be to find a topic to talk to Ye Feng.

A friendly smile appeared on her face, and she stretched out a jade-white hand generously and said, "My name is Fang Xiaoling. I come from the Fang family in Beihuang. We are a family that has practiced magic for generations."

Ye Feng looked at the cute girl in front of him, with a hint of surprise in his eyes.

I didn't expect that the other party looked so cute, and he actually came from a family that has been cultivating demons for generations.

At this moment, Ye Feng nodded slightly, stretched out his hand to shake Fang Xiaoling's hand, and said with a smile: "My name is Ye Feng. I come from an unknown small family. I came here thanks to my elders who have practiced in the Black Demon Sect. Participate in the newcomer assessment."

Ye Feng could sense that Fang Xiaoling's cultivation was two levels lower than his own.

However, if the other party takes the initiative to get to know him, Ye Feng will naturally not treat him coldly.

After all, Ye Feng is not the kind of person who only makes friends with others based on their strength.

\u003e

As long as he is friendly to himself, Ye Feng doesn't care about getting to know the other person.

Moreover, Fang Xiaoling comes from a family that has cultivated demons for generations, and should be very familiar with the demonic lineage. In the future, he will be involved in the Black Demon Sect for a while, and maybe the other party can provide him with some help in the demonic way.

And just when Ye Feng and Fang Xiaoling shook hands and talked happily.

"Fang Xiaoling, you actually hang out with a wild boy of unknown origin? It's really an insult to our Fang family's face."

Suddenly at this moment, a very discordant sound suddenly sounded.

Wild boy?

When Ye Feng heard this, his eyes suddenly turned cold.

Uh-huh!

At this moment, a group of people walked beside the two of them.

This group of people are all young people participating in this newbie assessment. However, each of these young people is dressed in an impressive manner. It is obvious that they all have extraordinary status and are extremely aloof.

The person who spoke just now was the leader, a young man wearing a black robe.

This young man in black robe had an extremely arrogant look in his eyes. He walked over, stared at Ye Feng beside Fang Xiaoling, and said coldly: "Our Fang family is a big family that has been cultivating demons for generations. Fang Xiaoling, you are our Fang family." A member of the family, pay attention to your status, don't lower yourself, stand with such a wild boy, come here quickly!"

Uh-huh!

The young man in black robe obviously had a sense of superiority about his identity. As he spoke, he burst out with powerful force and immediately grabbed Fang Xiaoling, trying to force Fang Xiaoling back.

In addition, the other hand of this young man in black robe actually struck Ye Feng, obviously wanting to attack Ye Feng.

It has to be said that this young man in black robe is obviously domineering to the extreme and has a strong desire for control. He will teach Ye Feng and Fang Xiaoling a lesson if they disagree with each other.

Chapter 3248 True Disciple

At this moment, this young man in black robe from the Fang family sounded very domineering and aloof.

He even directly attacked Ye Feng and Fang Xiaoling, which was very cruel.

"Fang Yuan, how dare you directly attack me and my friends?"

Fang Xiaoling suddenly screamed in shock and anger. From the sword box behind him, three divine light swords flew out with "swish", "swish" and "swish", and all of a sudden they were directed towards this young man in black robe who seemed to be named Fang Yuan. Attack away.

"boom!!"

When the two collided, a huge roar suddenly erupted.

Fang Xiaoling and Fang Yuan couldn't help but take several steps back.

It seems that Fang Xiaoling's strength in the Fang family is considered to be top-notch, and he can compete equally with Fang Yuan, the genius of the Fang family headed by him.

Fang Xiaoling whispered to Ye Feng beside him: "This Fang Yuan is the young master of our Fang family. He is extremely arrogant. He usually behaves unscrupulously in the family. Those who follow him are all geniuses of our Fang family. With him The leader is a little bully-like figure."

Hearing this, Ye Feng nodded slightly.

Just now he wanted to take action directly, but Fang Xiaoling unexpectedly blocked it in advance.

For Ye Feng, although he came to the Black Demon Sect this time, he could not easily reveal his true strength.

But this does not mean that anyone can step on him casually.

If anyone dares to provoke him, Ye Feng doesn't mind showing the tip of the iceberg of his own strength and teaching the other party a harsh lesson.

At this time, Fang Yuan, the young master of the Fang family, looked very unhappy because he did not expect that Fang Xiaoling would attack him, the young master, for an outsider.

This made Fang Yuan furious, and the venom in his eyes became deeper and deeper.

He stared at Ye Feng who was standing next to Fang Xiaoling, with a trace of sarcasm in his eyes, and said loudly: "It seems that you are a coward who only knows how to stand behind women, haha."

Hearing this, Ye Feng took a step forward slightly, seeming to be ready to take action.

"Don't."

Fang Xiaoling stretched out her white little hand and took Ye Feng's arm. She couldn't help but remind him in a low voice: "Ye Feng, this is Fang Yuan's way of provoking generals. Don't be fooled!"

Obviously, in Fang Xiaoling's mind, Ye Feng is the kind of genius who comes from a small place, and may not be a match for the young master of a big demon-cultivating family like Fang Yuan at the moment.

Although Fang Yuan is extremely domineering and his behavior is very annoying, we have to admit that as the young master of the Fang family, Fang Yuan has always had extremely rich cultivation resources and his strength is still very terrifying.

At this time, Ye Feng showed a faint smile in his eyes, looked at the cute girl beside him who seemed quite worried, and said loudly: "Don't worry, a barking dog does not pose any threat to me. Originally, I didn't want to take action, but this dog kept barking and was very annoying, so I had to take action and teach him a lesson."

When Ye Feng first arrived, he would not directly kill someone in anger, so as not to affect his own plan, but it was okay to teach the other party some lessons.

"Um?"

At this moment, when he saw Ye Feng walking out, Fang Yuan on the opposite side suddenly showed a trace of a sinister smile on his face and said, "Then, you can slowly enjoy the endless pain."

"The Dark Devil's Heaven-Destroying Hand!"

boom!

Fang Yuan suddenly released a very terrifying inheritance.

When he paused, a large surging black aura erupted from his body, all condensed together, directly forming a huge palm, like the palm of an ancient troll, full of terrifying and incomparable destructive power. The child just bombarded Ye Feng.

"No! This is the strongest inheritance of our Fang family! Fang Yuan suddenly displayed such a powerful martial arts, he must have wanted to completely destroy you, Ye Feng!"

Fang Xiaoling's beautiful little face suddenly changed suddenly, and she rushed directly in the direction of Ye Feng in front, to defend Ye Feng from the terrible life and death threat.

"boom!"

But the next moment, Ye Feng acted very calmly and just punched out with an ordinary punch.

But just this ordinary fist directly shattered the terrifying demonic hand.

Then the wind from Ye Feng's fist directly hit Fang Yuan in front, and then blasted Fang Yuan's entire body away.

"ah!!"

Along with a scream, Fang Yuan spurted out a mouthful of blood in mid-air, and then his body looked like

Like a broken sack, it fell to the ground not far away and hit the ground hard.

Then he suddenly screamed in horror: "Every bone in my body is broken! I can't move! My Dantian is also broken, and you actually crippled me!!"

"What?!"

Fang Xiaoling, who was about to help Ye Feng at this moment, saw this scene, and her beautiful eyes suddenly widened.

She seemed to have never imagined that Ye Feng could neutralize Fang Yuan's attack so easily. .???.??

Moreover, Fang Yuan's entire body was directly destroyed, which is really unbelievable.

At this time, facing Fang Yuan's screams, Ye Feng just said in surprise: "I just punched you casually, why did you just destroy it? You really can't blame me, I didn't even use any force. , you fell."

You fell down before I even exerted any force?

Ye Feng's rather casual words at this moment immediately made everyone on the field feel the infinite domineering power conveyed in his casual tone.

"This young man is too scary!"

At this moment, many young newcomers around who had looked at Ye Feng unkindly looked at Ye Feng with deep fear in their eyes.

Ye Feng noticed this change and smiled secretly in his heart.

Sure enough, sometimes you have to take action to deter those who want to cause trouble.

Ye Feng felt that he should be quiet now, and no one would disturb him.

At this time, Fang Yuan, who was lying on the ground not far away, suddenly spurted out a mouthful of blood, tilted his head, and died.

It seemed that after Fang Yuan's entire being was crippled, he was completely despairing and died of anger.

"Little Lord!!!"

The expressions of the dozen or so geniuses from the Fang family who were following Fang Yuan all changed drastically. At this time, they didn't know what to do.

Because Ye Feng's strength is so terrifying and unfathomable that they cannot fight against it.

Moreover, this is the territory of the Black Demon Sect, a super large sect, not their Fang family.

At this time, the dozen or so geniuses had no way to rely on their family's power, so they could only stand there for a moment.

r\u003e

When Fang Xiaoling saw this scene, he immediately shouted coldly at the dozen geniuses: "Hurry up and get out."

"Yes, yes, thank you Sister Xiaoling for sparing me!"

More than a dozen geniuses from the Fang family fled immediately.

Ye Feng didn't even swallow it at this time, because Fang Yuan's cultivation was too poor to have any effect.

And Ye Feng didn't expect that his casual attack would kill Fang Yuan directly. After all, Ye Feng just wanted to teach this arrogant guy a lesson at first, but he just killed him, and Ye Feng also It doesn't matter, after all, it was the other party who provoked first.

At this time, a thin old man wearing a black robe suddenly walked over not far away.

"Hello, elder!"

Many of the geniuses who were participating in the newcomer assessment saw this thin old man and couldn't help but clasp their fists respectfully.

At this moment, the thin old man in black robe didn't even look at the others and walked directly in front of Ye Feng.

"This boy is going to be in trouble! After all, who dares to directly kill someone in the sect!"

Many geniuses around looked at Ye Feng with gloating looks in their eyes.

But at the next moment, what shocked everyone was that the thin old man in black robe looked at Ye Feng and had no intention of blaming him. Instead, he smiled and said: "You are very good. Are you interested in following me?" I'll become my true disciple?"

"What?!"

When the geniuses around him heard what the black-robed elder said, they couldn't help but look in deep astonishment.

Then when they looked at Ye Feng, their eyes no longer had the expression of gloating, but instead were full of deep envy and jealousy.

This is so lucky!

Being able to be directly noticed by an elder of the Black Demon Sect is really a step to the sky.

There is no need to take the assessment at all, and you can directly become an official disciple of the Black Demon Sect.

Moreover, he is also the elder's direct disciple, and his status suddenly surpasses that of many people!

At this time, even Fang Xiaoling stared at Ye Feng in disbelief, as if he didn't expect that this seemingly ordinary young man he accidentally met would turn out to be such a secretive guy.

Chapter 3249 Poison Pill

At this time, facing the invitation from the thin elder in black robe, Ye Feng's eyes showed a trace of surprise.

Unexpectedly, his casual move would attract the attention of a high-status elder of the Black Demon Sect.

Ye Feng could sense that the aura of this Black Demon Sect elder was so unfathomable that he was unable to detect his true cultivation level.

It seems that the Black Demon Sect is indeed a large sect on the edge of the Northern Wilderness, and its foundation is still very deep.

Ye Feng nodded immediately and said: "It is a disciple's honor to be favored by the elders."

"good!"

The thin elder in black robe immediately smiled and said: "If you say so, then you can follow me. You don't need to take the newbie assessment. I will just take you to go directly to register for entry status."

Hearing what the skinny elder in black robe said, the many young geniuses around him who were about to take part in the newcomer assessment showed deep envy in their eyes.

Because they felt that Ye Feng's luck was so good that he was favored by the elders of the Black Demon Sect before even taking the test.

However, Fang Xiaoling was staring at Ye Feng at this time, with a hint of thinking in her beautiful eyes.

She doesn't think that Ye Feng is simply lucky. That's because Ye Feng's strength and potential are very strong, otherwise he would not have been directly spotted by the elders of the Black Demon Sect and accepted him as a true disciple.

At this time, Ye Feng glanced at Fang Xiaoling behind him and said with a smile: "Come on, I hope you pass the newcomer assessment."

Fang Xiaoling's beautiful little face immediately showed a happy smile and said: "Okay! I will definitely work hard!"

"Um."

Ye Feng nodded slightly, and then followed the thin elder in black robes towards the inner area of the Black Demon Sect.

On the way, this thin elder in black robe said loudly: "What is your name?"

Ye Feng said aloud: "My disciple's name is Ye Feng."

"Yes, Ye Feng."

The thin elder in black robe spoke up and said, "Just call me Elder Gu."

Ye Feng nodded quickly and said, "Yes, Elder Gu."

Next, the ancient elder took Ye Feng and quickly completed various identity registrations to officially enter the Black Demon Sect and received a black identity token.

In this way, Ye Feng has officially become a disciple of the Black Demon Sect, and can move safely in various areas of the scale from now on.

\u003c

br\u003e Elder Gu then took Ye Feng directly to the place where he lived.

The place where the ancient elder lived was not a palace or a house, but a cave in the mountains.

This place is like a cave and looks very dilapidated.

But the surrounding area is exuding very strong demonic energy, which can provide very majestic demonic energy to the demon practitioners.

The entire mountain that Ye Feng saw was black. It should be a very special place.

Otherwise, with the noble status of the ancient elder, it would be impossible to live in such a dilapidated place.

At this time, the ancient elder seemed to see the doubt in Ye Feng's eyes, and immediately explained: "This mountain was cast by an ancestor of our Black Demon Sect. All the mountains in the entire mountain are made from It was brought here from the legendary demon world, so it contains very pure demonic energy, which is of great benefit to us demonic practitioners. Living here for a long time can not only quickly improve our skills, but also temper our demonic cultivation. The body and structure of the person can make our physique become more and more powerful, just like some extremely powerful demons in the demon world, allowing us to gradually evolve from the human race to a greater life level. "

Hearing what Elder Gu said, Ye Feng immediately nodded.

Sure enough, my guess was correct. The reason why this Black Demon Sect is so powerful, has such a profound foundation, and can be stationed stably in this demonic land is that it really has the support of the Heavenly Demon Realm behind it.

This made Ye Feng suddenly become more vigilant.

If it were just a Black Demon Sect, just such an ordinary Demonic Sect, maybe Ye Feng would be able to navigate the entire sect very easily.

But if the Black Demon Sect is supported by super powerful demons from the Heavenly Demon Realm, then you really have to be careful in the Black Demon Sect and not expose yourself too much. Otherwise, if you are discovered, you may There is no way to escape.

Thinking of this, Ye Feng felt that he should keep a low profile and silently search for the Dark Ganoderma King to see if there is a Dark Ganoderma King in the Black Demon Sect.

If not, Ye Feng is ready to leave this dangerous place directly

place, go to the Ice Soul Xuan Sect, or go directly to the deeper human territory in the Northern Wilderness, heading towards the real super sect, the Five Emperors Divine Sect.

After all, whether it is the Black Demon Sect or the Ice Soul Xuan Sect, they are just major sects on the edge of the Northern Wilderness.

Compared with the real largest super sect in the Northern Wilderness, the Five Emperors Divine Sect, these two sects can only be regarded as small shrimps.

Therefore, Ye Feng knew very well that the Black Demon Sect could not be his permanent place.

If it were not for looking for the Dark Ganoderma King that might exist in the Black Demon Sect this time, it would be impossible for Ye Feng to come to the Black Demon Sect.

At this time, Ye Feng followed the ancient elder into the cave.

After entering, Ye Feng's eyes suddenly lit up.

The demonic energy in this cave became even more intense.

Practicing here, demon practitioners can indeed make rapid progress.

At this moment, Elder Gu looked at Ye Feng who was following behind him, and said aloud: "You should practice here with me during this period, and get familiar with the sect environment of our Black Demon Sect. After a while, I will have a secret mission for you."

Ye Feng's eyes were stunned and he said: "Secret mission?"

The ancient elder nodded slightly, with a rare and inexplicable smile on his old face. He stretched out his withered palm, patted Ye Feng's shoulder, and said aloud: "I will directly tell you not to participate in the newcomer program." After the assessment, you will become an official disciple of our Black Demon Sect, or even become my true disciple. Your status will be greatly improved all of a sudden. In return, I will also need you to help me with one thing, which is what I said. That secret mission, I can't tell you what that secret mission is yet. When the time is right, I will take you to that place directly."

Seeing what the ancient elder in front of him said, Ye Feng subconsciously understood that the reason why the ancient elder chose him was probably not only because of his strong cultivation potential, but also probably for other reasons, which was what the ancient elder said. Talk about this secret mission.

This secret mission might be a very dangerous thing.

What Elder Gu said at this time naturally let Ye Feng know that he must repay his kindness.

Ye Feng naturally pretended to be stupid at this time, and said quickly: "Elder Gu values his disciple so much, and this disciple must be totally pissed off. For Gu

Elders go up to the mountain of swords and down to the sea of fire, it is their duty to do so! "

When Elder Gu heard what Ye Feng said, he immediately laughed out loud and said, "Okay, okay, I really didn't misjudge you."

Uh-huh!

At this time, the ancient elder directly took out pills exuding black energy from his storage ring, handed them to Ye Feng, and said loudly: "These are the pills that I personally refined to improve my skills. After you swallow the elixir, your power will be greatly improved. This is my gift to you."

Ye Feng took these pills and suddenly his eyes were startled, because the poison-eating insects in his body were about to move, indicating that these pills contained strong toxicity, but Ye Feng could feel that the energy in these pills was still very abundant. , it can indeed improve your skills.

It seems that these elixirs can not only improve skills, but also contain toxicity. These poisons should have been added by the ancient elder himself.

The reason why Elder Gu gave himself these poisonous elixirs was probably so that he could completely control himself after swallowing them.

Ye Feng's eyes suddenly turned cold when he thought of this. This ancient elder really came with bad intentions.

At this time, Elder Gu suddenly spoke up and said, "Just swallow all these power-improving elixirs. I want to ensure that you can safely improve your power."

When Ye Feng heard what Elder Gu said, he was even more sure that Elder Gu's pills must be highly poisonous.

But what Ye Feng is not afraid of the most is poison. He has mature poison-eating insects in his body, and he can basically get rid of any poison-eating insect in the world.

At this time, Ye Feng did not fall out on the spot. After all, this ancient elder's cultivation was still unfathomable and he was much stronger than himself.

So at this time, Ye Feng pretended not to know anything and simply swallowed those pills happily. Ye Feng's skill immediately improved a lot.

When Elder Gu saw Ye Feng swallowing the pill directly, he nodded with satisfaction and said with a smile: "Okay, then you should familiarize yourself with the sect's environment. When the time is right, I will take you there. Complete that secret mission. If you need anything during this period, just tell me. By the way, you can take my identity token directly. With my identity token, you will have various rights in our Black Demon Sect. This is a privilege. What you have to do during this period is to improve your cultivation strength as soon as possible and make yourself stronger. This will help you complete the secret mission I entrust you with."

Chapter 3250: Scheme against each other

At this moment, Elder Gu took out a dark gold token with the word "ancient" engraved on it. It was obviously his identity token that he gave directly to Ye Feng.

Ye Feng's eyes flashed slightly at this time, and he directly took the dark gold token.

Ye Feng now knows very well that the reason why Elder Gu is so kind to him, and even directly handed over his identity token to him, is of course not because he is really good to himself, but because he has now taken Elder Gu's poisonous elixir. Elder Gu felt that he had been able to control himself, so he felt comfortable giving himself various benefits.

As for Elder Gu's hope that Ye Feng would grow up as soon as possible, Ye Feng could also guess at this time that Elder Gu did not hesitate to give himself all the identity tokens, so that he could use

the privileges of Elder Gu's identity tokens to quickly grow up. Growing up must be related to the secret mission that Elder Gu will take him to complete next.

Therefore, Elder Gu was completely taking advantage of himself and used poison pills to control himself. It can be said that his intentions were extremely vicious.

However, Ye Feng did not expose Elder Gu directly. Instead, he pretended not to know anything and happily accepted Elder Gu's identity token.

Because Ye Feng knows that this ancient elder's cultivation is very unfathomable, and he is not able to fight against it now.

So now I still need to keep a low profile and bide my time.

As for Elder Gu's inner plan, and what specific secret mission he would complete next, Ye Feng didn't ask much.

Because Ye Feng knew that even if he asked, it would be of no use. Elder Gu would definitely not tell him. On the contrary, it would arouse Elder Gu's suspicion.

Ye Feng felt that it would be enough for him to pretend to be a ignorant boy now.

Then he secretly accumulates his own strength, and then gives Elder Gu a huge "surprise".

At this moment, Ye Feng took over the dark golden token and immediately said happily: "With more cultivation from the ancient elders, the disciples will definitely go to pieces for the ancient elders!"

Elder Gu heard what Ye Feng said and looked at Ye Feng's happy look. An inexplicable smile suddenly appeared in his old eyes, and then he said aloud: "Okay, okay, then you can practice by yourself." Well, I have to go into seclusion for a while. Remember, don't be lazy, improve your cultivation strength as much as possible, and with my identity token, you can go to the back mountain of our Black Demon Sect to plant elixirs. go to the place where we, the Black Demon Sect, have cultivated more

Here comes the Dark Ganoderma, this kind of thing can greatly improve your body constitution, which will be of great help for the secret mission I want you to complete next. As for if someone wants to cause trouble against you, just fight back, I will help you if you have any trouble. Pocket. "

Dark Ganoderma?

When Ye Feng heard what Elder Gu said, his eyes suddenly lit up. Sure enough, the Black Demon Sect had an exclusive secret recipe for cultivating Dark Ganoderma.

At this time, Ye Feng immediately said: "Thank you, Elder Gu, for your cultivation. I will leave first."

Elder Gu immediately nodded and waved his hand casually. Without saying anything more, he turned around and walked into the depths of the cave, disappearing from behind.

When Ye Feng looked at the retreating figure of the ancient elder, his eyes that were originally respectful and happy suddenly turned cold and frosty.

This ancient elder is really a vicious person.

However, the toxicity in the pills that Ye Feng swallowed had already been eaten by the poison-eating insects, so it had no impact at all.

At this moment, Ye Feng directly digested the power-enhancing properties of those elixirs, and his cultivation suddenly achieved a breakthrough, directly from the second level of the Heaven-Suppressing Realm to the third level of the Heaven-Suppressing Realm.

At this time, Ye Feng left the cave where the ancient elder was.

Ye Feng knew that if he wanted to fight against the ancient elder at the critical moment, he really needed to continue to improve his strength.

Although Ye Feng could not sense the specific cultivation aura of the ancient elder, he knew very well that this ancient elder's cultivation was definitely very powerful.

After all, this is a powerful elder in the Black Demon Sect, who is not comparable to ordinary core disciples. He is definitely much more powerful than the Black God Prince that Ye Feng killed before.

Ye Feng felt that this ancient elder's cultivation level might be several levels higher than his current cultivation level.

It may be the existence of the Nirvana Realm that transcends the Heaven-Suppressing Realm and the Ten Thousand Tribulations Realm!

The existence of the Nirvana Realm is definitely a first-class master in the edge area of the Northern Wasteland.

The reason why Elder Gu is relieved to let Ye Feng improve his cultivation as much as possible is because the cultivation that Ye Feng pretends to be is several levels lower than the Heaven-Suppressing Realm, so Elder Gu is very relieved.

But Elder Gu probably never thought that the new disciple Ye Feng he chose this time was a super genius in disguise.

At this time, Ye Feng was flying towards the central area of the Black Demon Sect while looking at the identity token of the ancient elder in his hand, with a hint of joy in his eyes.

Although this time it seemed that he had fallen into a big pit and was restrained by Elder Gu, a vicious older man.

But in the next period of time, I can use the identity token of this ancient elder to use various privileges, which is much better than practicing as a new disciple.

Soon Ye Feng arrived at the central area of the Black Demon Sect and saw a continuous hall standing in the direction of the central area.

Ye Feng took Elder Gu's identity token and came directly to the main hall. He looked directly at a Black Demon Sect disciple behind the counter and said loudly: "This is Elder Gu's identity token. Elder Gu said, I rely on With this token, you can get various cultivation resources in the central hall. Give me as much as you can."

The disciple of the Black Demon Sect behind the counter in the central hall was shocked when he looked at the token in Ye Feng's hand.

Because he recognized it, it was indeed the identity token of the ancient elder.

Elder Gu is no ordinary elder, he is an unfathomable existence in the Black Demon Sect.

It is said that the leader of this generation of Black Demon Sect seems to be good friends with the ancient elder.

This ancient elder is very senior and very mysterious.

So at this time, the Black Demon Sect disciple behind the counter confirmed that the token in Ye Feng's hand was indeed the ancient elder's token. His eyes immediately became extremely respectful and he said loudly: "Since you can get the ancient elder's identity token, Pai, it seems that he is the true disciple of the ancient elder. If you need training resources, then our central hall will naturally provide full support. After all, the ancient elder has a very high status in our Black Demon Sect. Even the sect leader belongs to the ancient elder. friend."

Hearing what this disciple of the Black Demon Sect said, Ye Feng showed a hint of surprise in his eyes. It seemed that this ancient elder was more unfathomable than he thought.

And when Ye Feng was thinking, what made Ye Feng's eyes light up was that the Black Demon Sect disciple behind the counter directly pulled out a huge box from behind the counter, and then poured out piles of black stones. , piled in front of Ye Feng

forward.

Every black stone contains very high-grade and pure demonic energy.

The disciple of the Black Demon Sect immediately smiled and said: "Senior Brother, these stones are all extremely pure Demon Ore dug by our mining team from the Demon Realm. They contain extremely advanced demon energy. Only those at the elder level can Only big men can enjoy this kind of pure Heavenly Demon Ore, but senior brother, you are the true disciple of the ancient elder, so you are naturally qualified to enjoy these Heavenly Demonic Ore."

Ye Feng immediately beamed with joy. It seemed that the status of this ancient elder was indeed extraordinary. He was not an ordinary elder. He could enjoy such huge rights just by holding a token.

"Elder Gu, Elder Gu, we are actually plotting against each other. While you are plotting against me, I am also plotting against you. With the help of your identity token, I can get a huge promotion, and I will definitely give you a huge boost when the time comes. surprise."

At this time, Ye Feng was thinking secretly in his heart while quickly pocketing the piles of demon ores in front of him that contained tremendous energy.

"Wait a moment!"

But just as Ye Feng was collecting the Demon Ore, a group of people suddenly walked over not far away.

There are men and women in this group of people, each one has a noble temperament, and the aura of cultivation on their body is extremely powerful.

They are all powerful beings in the tenth level of the Heaven-Suppressing Realm, and even in the Ten Thousand Tribulations Realm!

Obviously, this group of people are all core disciples of the Black Demon Sect, and are on the same level as the Black God Prince.

There are more than a dozen people in this group, and the leader is a young man wearing a golden robe, who has a powerful cultivation level in the first level of the Myriad Tribulation Realm.

This imposing young man in golden robes stared coldly at Ye Feng and the Black Demon Sect disciple behind the counter, and said majestically: "Can you get so many resources with just a token? It does not comply with the rules of our Black Demon Sect. Even the true disciples of the ancient elders do not have this right! Now many of our core disciple teams are hunting monsters in the Demon Realm and are in urgent need of resource replenishment. With this large amount of Demon Ore, I We need to take it away to replenish our team's logistical resources."

Uh-huh!

After the young man in golden robe finished speaking, he stretched out his hand and grabbed a large pile of Demon Ore in front of Ye Feng, obviously intending to take these Demon Ore by force!

Very domineering!
