

## Ancient 3271

### Chapter 3271 Fierce

The young man in golden armor spoke very domineeringly at this time, and directly wanted to kill Zhu Wudao on the spot, regardless of any sect rules.

Because this young man in golden armor is the captain of the Law Enforcement Hall in the Black Demon Sect.

Therefore, he is in charge of the power of life and death in the entire sect. For ordinary core disciples, he can directly kill them on the spot without any consequences.

Boom!

So the moment the young man in golden armor finished speaking, without any hesitation, he held the golden spear in his hand and directly stabbed Zhu Wudao not far away.

The cultivation aura of this young man in golden armor was much stronger than Zhu Wudao.

So at this moment, Zhu Wudao felt as if his soul was being wiped out instantly.

boom!

But at the next moment, a young man in white clothes and snow was standing in front of Zhu Wudao. He punched out with an ordinary punch, which actually knocked back the golden spear in the hands of the young man in golden armor. A few steps.

"Um?"

The young man in golden armor was suddenly startled, staring at the young man in white clothes and snow in front of him, and couldn't help but ask: "Who are you?"

The boy in white clothes is naturally Ye Feng.

Of course, it was impossible for Ye Feng to watch Zhu Wudao being killed by this young man in golden armor.

Moreover, Ye Feng now has strong strength and can directly face existences at the level of Nirvana.

At this time, Ye Feng said very indifferently: "I killed your brother Ying Changkong."

"What?"

When the young man in golden armor heard what Ye Feng said, a look of deep anger immediately appeared on his face.

He stared at Ye Feng for a moment and asked aloud: "Why did you kill him? Do you know how big a crime this is?"

Ye Feng's tone was still extremely indifferent and he said: "Ying Changkong and his falcon team are following us secretly and want to catch us all, so

I will retaliate with tooth for tooth, eye for eye, and kill all of their Falcon team. Is there anything wrong with this? "

"you.....!"

Hearing what Ye Feng said, the young man in golden armor immediately shouted: "Don't you know he is my brother? His status is very noble! Even if he wants to kill you, you can't kill him!"

"What a big joke! Who do you think you are?"

When Ye Feng heard what the young man in golden armor said, he immediately smiled coldly and continued: "I'm sorry, I really didn't know he was your brother, and even if I knew he was your brother, I would If you kill him directly, who stipulates that people with high status cannot be killed? "

"presumptuous!"

Hearing what Ye Feng said, the young man in golden armor held the golden spear in his hand and charged directly towards Ye Feng.

"Dragon Roars Nine Heavens!"

boom! !

The young man in golden armor knew that Ye Feng was not simple. At this moment, he directly displayed his extremely powerful inheritance.

The golden spear in his hand turned into a majestic golden dragon at this moment, roaring and roaring, blasting directly towards Ye Feng, capable of breaking everything.

"The powerful men from the sixth level of the Nirvana Realm are not enough in front of me!"

Ye Feng roared loudly at this moment, and then punched out hard, directly bursting out the powerful cultivation power he had just broken through.

Boom!

At this moment, a terrifying impact suddenly erupted from Ye Feng's fist, smashing the golden dragon to pieces in an instant.

Then Ye Feng's fist, like the sharpest war spear in the world, directly shattered the golden spear in the hand of the young man in golden armor.

"What?

! "

Seeing that his golden spear was shattered by Ye Feng's fists, the young man in golden armor immediately showed deep horror in his eyes.

He couldn't help but exclaimed: "My golden spear is made of sunset iron from the sky and is indestructible. A pair of your fists can smash my treasure into pieces. This is impossible! Can't you Not a human race?"

Ye Feng's eyes were extremely indifferent at this time, and he didn't bother to talk nonsense at all. He rushed directly in front of the young man in golden armor, and then tore him into two halves with his hands.

The young man in golden armor died!

"hiss!"

Seeing this scene, the group of silver guards surrounding the young man in golden armor couldn't help but gasp.

They knew very well how powerful their captain was. Among the core disciples, he was definitely the most delicate one.

But I didn't expect that at this moment, I would be torn to pieces by an ordinary-looking young man in white.

This is really scary!

Blah blah blah!

At this moment, a group of silver-armored guards from the Law Enforcement Palace all fled in a hurry towards the distance, just like running around.

Zhu Wudao also showed deep horror in his eyes at this time.

He never thought that after Ye Feng devoured the entire super-large mineral vein, his combat power would explode to such an extent.

The extremely powerful Ying Changkong's brother was killed in an instant, and he was simply unstoppable.

This kind of strength is really terrifying!

They are probably already comparable to some of the extremely powerful elders in their Black Demon Sect.

But at this time, Zhu Wudao still had a trace of worry on his face.

He looked at Ye Feng, hesitated for a moment, and couldn't help but said: "Brother Ye Feng, you

Killing Ying Changkong's brother directly on the spot would probably have a huge impact. Ying Changkong's brother was the captain of our Black Demon Sect's Law Enforcement Hall. His status was very high, and there was also a Law Enforcement Hall behind him. I estimate that some strong men from the Law Enforcement Hall will definitely cause trouble for you, Senior Brother Ye Feng."  
"

Ye Feng's eyes were extremely cold at this moment, and he said loudly: "If they dare to come to me, they must also consider whether they have the strength."

At this moment, Ye Feng's tone of voice was no longer as timid as when Ye Feng first came to the Black Demon Sect.

Because Ye Feng's current strength has grown to a very powerful state.

In a demonic sect like the Black Demon Sect, Ye Feng is too lazy to hide anything anymore.

Whoever dares to offend him will be killed by him.

And you must know that beside Ye Feng is Bingyue, an extremely mysterious ancient female power.

If a peerless expert from the Black Demon Sect really takes action, his life should not be in great danger.

So this is one of the reasons why Ye Feng is so confident now.

When Zhu Wudao heard what Ye Feng said, he could only smile bitterly to himself, and couldn't help but sigh secretly, this senior brother Ye Feng is really fierce.

"boom!"

At this moment, Ye Feng did not waste any time and swallowed up all the skills of Ying Changkong's brother.

Ye Feng's cultivation suddenly broke through, from the tenth level of the Ten Thousand Tribulations Realm to the Half-Step Nirvana Realm.

Uh-huh!

Suddenly at this moment, a musical instrument flew from a certain direction not far away and flew directly in front of Ye Feng.

A very familiar voice to Ye Feng suddenly came from inside.

It was the voice of Elder Gu: "Disciple Ye Feng, I sensed your breath of returning to the sect. Now you hurry up and come to the cave where I am my master. I will take you to complete the mysterious mission I mentioned before." Task."

Chapter 3272 Feral Beast

Hearing the voice from the musical instrument, Ye Feng suddenly showed a trace of surprise in his eyes.

He never expected that Elder Gu would come to him so quickly.

Ye Feng is no longer afraid of this cruel old guy.

So at this time, Ye Feng took the transmission path and walked directly towards the cave where the ancient elder was.

Bingyue is still following Ye Feng, inseparable.

But at this time, Ye Feng looked at Bingyue and couldn't help but said: "You don't have to follow me for the time being, because I have to deal with a very personal matter. You can stay in the Black Demon Sect for a while. "

After Ye Feng finished speaking, Bingyue thought for a moment, then nodded slightly and said, "Okay, then I will wait for you nearby."

Uh-huh!

After saying that, Bingyue's figure instantly jumped up and disappeared, and she didn't know where she went.

Ye Feng is not worried about Bingyue's safety, because he knows very well that this ancient strong woman's cultivation is very terrifying, and there is no need to worry about it.

Uh-huh!

At this time, Ye Feng flew quickly towards a certain direction not far away, preparing to go directly to see the ancient elder.

On the way, Ye Feng hid his extremely powerful cultivation and only revealed part of his cultivation. Otherwise, Elder Gu would definitely be suspicious.

Moreover, Ye Feng was very curious as to what secrets the ancient elder was hiding.

So Ye Feng was going to pretend to be confused and see what Elder Gu, this old guy, wanted to do.

Ye Feng was very fast, and in a blink of an eye he arrived at the cave where the ancient elder was.

At this moment, Ye Feng saw that Elder Gu was already standing outside the cave.

At this time, Ye Feng also sensed in an instant that Elder Gu was really

The cultivation level is impressively the Dao Creation Realm above the Nirvana Realm!

The Dao Creation Realm is a very terrifying realm.

After a warrior enters this realm, he can create his own way and is difficult to kill.

So at this time, Ye Feng sensed the true cultivation level of the ancient elder, and suddenly there was a hint of surprise in his eyes.

I have to say that this ancient elder is still very scary.

With his recent crazy breakthrough, his current cultivation level is still far behind the ancient elder.

No wonder Elder Gu was so at ease with his new disciple and allowed him to use his identity token to grow as he pleased.

Because in the eyes of the ancient elder, no matter how strong a newcomer becomes, he cannot be the opponent of a terrifying and powerful person like him.

"Disciple Ye Feng, you are finally here."

At this time, Elder Gu looked at Ye Feng, who was walking not far away, with a slight smile in his eyes, and said loudly: "It seems that you have practiced very well during this period, and your cultivation has increased a lot. You are much stronger than when you first entered the sect."

The aura of cultivation that Ye Feng exuded at this moment was naturally Ye Feng's disguise, and was two entire realms lower than Ye Feng's current real cultivation.

Ye Feng possesses the Chaos Gem, which can make his aura chaotic at any time. Even a super strong person like Elder Gu cannot sense his true cultivation state.

At this moment, Ye Feng immediately clasped his fists and said, "Thanks to your identity token, Elder Gu, I have received a lot of training resources during this period, and I was able to improve so quickly."

ancient

Hearing this, Lao couldn't help but smile slightly and said: "You just know that I trained you. Now, you come with me and complete a mysterious task for me."

Ye Feng's eyes flashed slightly, but on the surface he pretended to be respectful and obedient. He quickly clasped his fists and said, "Yes, Elder Gu. Under the care of Elder Meng, this disciple is naturally willing to do anything for you, Elder Gu." matter."

Elder Gu seemed to be very satisfied with Ye Feng's performance. He immediately nodded and said, "Okay, you can follow me."

Uh-huh!

After finishing speaking, the ancient elder walked quickly towards the depths of his cave.

Seeing this, Ye Feng's eyes suddenly showed a strange look.

The place that Elder Gu wants to take him to is in the cave where Elder Gu lives?

However, Ye Feng didn't ask any more questions. Now he was considered to be an expert and bold, so he followed the ancient elder directly towards the deepest part of the cave.

Soon, Ye Feng followed Elder Gu and arrived at the deepest area of the cave.

Ye Feng immediately saw that a super large underground palace appeared at the end of the cave.

This underground palace has a huge bronze door.

Buzz!

At this moment, Ye Feng immediately sensed a very ferocious aura, emanating from behind the bronze door.

It was as if there was an evil beast lurking in the underground palace behind the bronze door.

At this time, the ancient elder in front suddenly stopped, looked at Ye Feng behind him, and said, "Disciple Ye Feng, you go directly behind that bronze door."

Ye Feng heard the words, nodded slightly, and then walked directly towards the bronze door.

Buzz!

When Ye Feng opened the bronze door, he immediately saw a very shocking scene.

In the underground palace behind the bronze door, a terrifying evil beast covered with barbs and metal scales was being tied up in the underground palace by two huge chains.

"Roar!!"

This very ferocious and terrifying beast saw Ye Feng opening the bronze door and immediately let out a terrifying roar.

Ye Feng immediately felt a very ferocious aura emanating from the body of this evil beast, which was very terrifying.

"This is....."

Ye Feng's eyes showed deep surprise, and he couldn't help but look at Elder Gu behind him, and asked aloud: "Elder Gu, you actually kept such a terrifying evil beast deep in your cave? "

The ancient elder smiled slightly, and his old eyes revealed their true colors, revealing a sinister look, and said loudly: "This is the most evil monster in the Demon World. It is called a 'ferocious beast'. It is everywhere in the Demon Realm." It is a very rare race of warcraft. As long as I feed this ferocious beast, I can sign a warcraft contract with it and control the ferocious beast. My life and strength will also be shared with the ferocious beast, thereby improving the essence of my life and heading toward In order to evolve to a greater level, I suffered serious injuries in my early years and my life is about to end. This is my last chance, which is to merge with the ferocious beast. So my disciple Ye Feng, you will become Food for the ferocious beast, you are my ninety-ninth

disciple, and also the last one, because with you as the last one, the ferocious beast will be completely full."

boom!

At this time, the ancient elder said that the ferocious beast not far away let out a terrifying roar and charged directly towards Ye Feng crazily, its eyes full of greed for food!

Chapter 3273 Confrontation with the Ancient Elder

At this time, Ye Feng's eyes were still a little bit frightened and angry.

Because he never expected that the ancient elder was so vicious that the mysterious task he asked him to complete actually regarded himself as food for the ferocious beast and wanted to feed the ferocious beast.

At this moment, Ye Feng stared at the ancient elder not far away and said coldly: "You are really vicious."

Elder Gu just smiled lightly and said, "It is your honor to dedicate your life to me."

"boom!"

At this time, the ferocious beast had completely rushed in front of Ye Feng, opened its bloody mouth, and wanted to swallow Ye Feng directly.

"Boom!"

At this moment, Ye Feng punched out hard, directly hitting the body of this ferocious beast.

Boom!

The next moment, the huge ferocious beast was directly blown away by Ye Feng's punch, hitting the wall not far away, and the entire underground palace shook violently.

"What?!"

Seeing this scene, the ancient elder not far away suddenly showed deep astonishment in his eyes.

At this time, Elder Gu stared at Ye Feng and said angrily: "How could you have such a powerful power? How is this possible!"

The next moment, Ye Feng smiled coldly, and an extremely powerful cultivation aura suddenly burst out from his body.

It's exactly the cultivation level of the Half-Step Nirvana Realm!

"What?"

Elder Gu sensed the aura of cultivation on Ye Feng's body and was immediately stunned. He couldn't help but exclaimed: "You...you have actually broken through to the half-step of Nirvana!!!"

Elder Gu was completely shocked at this time.

Because Ye Feng's cultivation was so powerful that it really exceeded Elder Gu's expectations.

It's so powerful!

But the next moment, Elder Gu said coldly: "It seems that you are not simple either. You have been hiding yourself. However, have you forgotten what I gave you before?"

That pill you took? That is a highly poisonous elixir! "

When Ye Feng heard this, there was no nervousness on his face as he was thinking about it. Instead, he smiled calmly and said loudly: "Before taking that pill, I had already guessed that it was a highly poisonous pill. The reason why I took it I dropped it because the highly poisonous elixir did no harm to me at all."

"you.....!"

Hearing what Ye Feng said, Elder Gu showed a look of shock and anger on his face, and said, "When you joined me, did you already know that I was plotting against you?"

Ye Feng smiled indifferently and said: "Yes, so during this period of time, I have been crazily improving my cultivation strength. As expected, you are a vicious old guy."

"Hmph! My good disciple, don't be too proud!"

At this time, Elder Gu immediately smiled coldly and said aloud: "Your cultivation level is half-step to the realm of annihilation, which really surprises me. However, after all, it is only half-step to the realm of annihilation, but I am better than you." It will be easy for me to kill you, a master of the Dao Creation Realm who has reached a whole higher level. Although the nutrition of dead corpses is not very good for ferocious beasts, now I can only take action personally, kill you, and then feed it to you. A ferocious beast!"

boom!

At this moment, the ancient elder exerted a powerful force, and a terrifying demonic energy erupted all over his body, like an old demon god, charging directly towards Ye Feng.

"Big Devil's Palm!"

The ancient elder stretched out a hand, and the infinite demonic energy on his body suddenly condensed into a huge demonic hand, full of terrifying destructive power, covering the sky and the sun, covering the top of Ye Feng's head, trying to Ye Feng was beaten to death in an instant!

"Chaos body power!"

boom! !

Ye Feng looked up to the sky and roared, bursting out with all the power of chaos, and punched forward fiercely.

"Boom!!"

Suddenly Ye Feng's

The fist of chaos and the demonic hand struck together, and an earth-shattering roar suddenly erupted, resounding throughout the entire underground space.

At this time, Ye Feng suddenly felt a huge force, which hit his fist. All of a sudden, Ye Feng's entire arm was shaking rapidly and was about to break.

"Deng Deng Deng!"

At this moment, Ye Feng couldn't help but take several steps back, feeling the huge impact.

At this time, Ye Feng's eyes suddenly showed a trace of horror.

Sure enough, the Dao Creation Realm warrior was much stronger than he thought.

"Huh? I thought my demonic hand could kill you in an instant, but I didn't expect you to hit me hard with your fist? What's your physique?"

The ancient elder was also extremely surprised at this time, because if it were an ordinary half-step annihilation realm warrior, the ancient elder could instantly obliterate it.

But what Elder Gu never expected was that the demonic hand he unleashed did not cause any harm to Ye Feng, but only knocked him back several steps.

Elder Gu immediately stared at Ye Feng, who was not far away, and said with shining eyes: "You are so weak in cultivation, but you are able to withstand my demonic hand with the strength of your body. It seems that your physique is absolutely It's extremely scary. If you are eaten by a ferocious beast, the ferocious beast will definitely be completely healed! Then I will be able to merge with the ferocious beast and gain the eternal life of the ferocious beast!"

boom! !

At this moment, the demonic power in the ancient elder's body became even more terrifying, and he shouted directly: "The true form of the demon god!"

boom!

The ancient elder's whole body expanded rapidly, and he swelled directly on the spot to become a huge and majestic demon god. Every move was full of terrifying destructive power, very ferocious, and he attacked Ye Feng directly.

"Boom!"

At this time, the ancient elder turned into a huge dark demon, full of terror.

The incomparable power beat Ye Feng back steadily.

Even if Ye Feng's current chaotic body is very powerful, it cannot compete with the dark demon god that the ancient elder has turned into at this time.

"The art of eternal great battle!"

boom! !

At this time, Ye Feng finally stopped hesitating and directly unleashed the most powerful Eternal Battle Technique.

boom!

At this moment, Ye Feng's body suddenly burst out with divine light.

Ye Feng's combat power soared directly.

Ye Feng punched out hard, and he was evenly matched with the dark demon god that the ancient elder had turned into.

"What? How is this possible? Why did your power increase so much all of a sudden!"

The Dark Demon God transformed by the ancient elder immediately made a sound of surprise.

"It's much more than that."

Ye Feng sneered at this time, and then continued to explode the blood talent of the eighth heaven of the Chaos Body that he had awakened, the blessing of the gods!

Boom boom boom boom...

At this moment, a total of 10,000 phantoms of gods suddenly appeared around Ye Feng, all of them exuding divine light, allowing Ye Feng's combat power to continue to be greatly blessed and improved!

"boom!!"

The moment Ye Feng struck out with another punch, a terrifying divine light shot out directly from Ye Feng's fist and struck hard at the dark demon in front.

"Boom!!"

Accompanied by a terrifying roar, Ye Feng's fist directly knocked the dark demon transformed by the ancient elder back a dozen steps!

"What?!"

The ancient elder felt the earth-shattering power erupted from Ye Feng's fist. Even the dark demon god he turned into could not resist it. The ancient elder immediately widened his eyes, and for the first time he felt a sense of uncontrollable danger.

Chapter 3274 Warcraft Contract

Elder Gu has always felt that he can control everything.

Because he felt that no matter how powerful Ye Feng was, he would not be able to escape from his grasp, because the ones he chose were new disciples who had just joined the sect, so no matter how

fast the new disciples grew, they would not be able to surpass the ancient elder himself. of powerful cultivation.

But what Elder Gu never expected was that Ye Feng's growth rate would be so fast. It was simply incredible and exceeded everyone's expectations.

Ye Feng's growth rate can be described as sitting on a rocket. It is absolutely extremely fast.

At this time, even Elder Gu felt that he was somewhat unable to control Ye Feng's fate.

"No! You, a little new disciple, can't possibly fight against an older and stronger person like me!"

Elder Gu was a little angry at this time.

The Dark Demon God he turned into expanded rapidly again.

It directly expanded from a few hundred meters to several thousand meters, becoming more majestic and taller.

The power of each attack is becoming more and more terrifying, and it attacks Ye Feng directly and crazily, trying to completely obliterate Ye Feng.

But at this time, Ye Feng, who had used the eternal battle technique, and the eighth talent blessing of the gods, gave Ye Feng endless power.

boom! !

At this moment, Ye Feng's whole body burst out with divine light, and he fought crazily with the majestic Dark Demon God in the entire sky. It was like chaos, and the entire underground palace was about to shake and shatter.

"Pfft!"

Finally, Ye Feng's fist hit the Dark Demon God's chest hard, directly blasting through the Dark Demon God's chest.

But a huge dark palm of the Dark Demon God also fiercely hit Ye Feng's head.

"Click" sound!

Ye Feng's skull was shattered.

A gap opened and blood flowed out.

However, Ye Feng did not die, but suffered severe injuries.

\u003e

The Dark Demon God also felt uncomfortable. The Dark Demon God's chest was directly blasted through by Ye Feng, and the ancient elder also suffered heavy injuries.

At this time, both of them were caught in a life-and-death fight.

At this moment, the dark demon god transformed by the ancient elder suddenly shouted crazily: "Demon God Frenzy!"

Boom!

At this moment, the dark demon god turned into by the ancient elder suddenly erupted with a terrifying black energy frenzy, full of unparalleled impact, quickly rushing towards Ye Feng, capable of destroying everything.

"Armor Guard!"

At this time, Ye Feng directly used the inheritance of the Emperor of the Earth, the secret of the earth. He stood with his feet on the earth, and immediately absorbed the endless power of the earth

from the ground, and condensed a layer of energy on the surface of Ye Feng's body. Thick earth armor.

These earth armors are very thick and very strong, and they can directly resist the dark craze of the Dark Demon God.

Then Ye Feng took out the Sword of the Broken King without any hesitation, and instantly unleashed the terrifying destructive power of the Sword of the Broken King.

boom! !

A ferocious and boundless violent and destructive energy immediately rushed out from the Sword of the Broken King in Ye Feng's hand, and suddenly headed towards the front to kill fiercely.

Under the horrified gaze of the ancient elder, this terrifying destructive sword energy directly split the dark demon god that the ancient elder had transformed into into two halves, killing him instantly.

Elder Gu, die!

"call!"

Seeing that the ancient elder was completely killed, Ye Feng finally breathed a long sigh of relief at this time.

Although Ye Feng's cultivation has improved a lot during this period, Ye Feng knows that the ancient elder is very powerful and cannot be easily dealt with.

Ye Feng used up almost all his strength and finally completely killed the ancient elder.

At this moment, Ye Feng looked at the dead body of the ancient elder, with a hint of coldness in his eyes.

This ancient elder had been very vicious from the beginning, but this time he was finally killed completely by himself, which was equivalent to eliminating a huge crisis.

Moreover, the people in the Black Demon Sect did not know that they had killed the ancient elder.

After all, in the deepest part of this ancient elder's cave, this is a very secret place.

Even if there was a very fierce battle just now, no one would be able to notice the movement here.

Ye Feng knew that he could continue to hang out in the Black Demon Sect.

After all, Ye Feng still needs to find the Dark Ganoderma King.

This time, the ancient elder brought him to such a secret place and was killed by him. It can be said that he killed two birds with one stone.

"boom!"

At this moment, Ye Feng directly released the Devouring Domain without any hesitation.

"Crash..."

Suddenly, a huge amount of power energy was directly injected into Ye Feng's body and was swallowed up by Ye Feng.

You must know that the ancient elder is a powerful existence at the level of creation that has surpassed the realm of annihilation.

Although the ancient elder is very old, he is still a strong man at the Dao Creation level, and the power contained in his body is very powerful.

The ancient elders had cultivated their skills for hundreds of years. At this time, they all made a wedding dress for Ye Feng. They were devoured by Ye Feng and quickly strengthened Ye Feng's power.

"boom!!"

Finally, Ye Feng's body burst out with a very powerful breakthrough momentum.

At this moment, Ye Feng's realm changed.

And it's a huge transformation!

Directly from the half-step realm of annihilation to the real

The realm of Nirvana is the first level of heaven.

And it goes far beyond that.

There is still a lot of skill provided by the ancient elder, which has not been fully integrated into Ye Feng's body.

In the next half hour, Ye Feng broke through two powerful momentums in succession.

Ye Feng once again broke through two levels in a row and directly entered the third level of the Nirvana Realm!

"Buzz!"

At this time, Ye Feng clenched his fists and felt that his strength had been greatly improved.

At this moment, Ye Feng swallowed up all the ancient elder's skills, his cultivation level increased greatly, and his combat power was unknown how much higher than before.

"Roar....."

At this time, in the underground palace not far away, the very rare and special ferocious beast was roaring in fear.

Ye Feng didn't think there was anything strange about this ferocious beast. After all, he could smash this ferocious beast to pieces with one fist, which showed that this ferocious beast was not very powerful.

Ye Feng felt that he should take care of this ferocious beast.

But Emperor Chu's voice suddenly sounded in his mind: "The ferocious beast is very rare. It can sign a magical beast contract with a human warrior and become the contracted beast of the human warrior. Although the ferocious beast itself is not very powerful, once it signs a contract with a human warrior, After the Warcraft contract, it can be integrated with the human warriors and become a new fighting state, which will provide the human warriors with very terrifying battles and provide very long-lasting vitality. "

When Ye Feng heard what Emperor Chu said, there was a hint of surprise in his eyes, and he couldn't help but said: "You mean, if I sign a World of Warcraft contract with this ferocious beast, I can sign a contract with this ferocious beast at any time. This ferocious beast merged into a special fighting form, erupting with power far beyond my own? "

Emperor Chu said in his mind: "Yes, and during the battle, the ferocious beast can not only increase your combat power, but also withstand damage from the outside world and provide you with a majestic energy reserve."

Chapter 3275 Entering the forbidden area

Emperor Chu's words made Ye Feng become more and more interested in that ferocious beast that seemed to be very ordinary.

Uh-huh!

At this time, Ye Feng flew directly in front of the terrifying ferocious beast, looked at it with interest, and then said directly: "Sign a Warcraft Contract with me directly, otherwise I will kill you directly."

Ye Feng's words were very direct, simple and crude.

Because Ye Feng didn't want to waste time.

This ferocious beast seemed to know that Ye Feng was the kind of extremely cruel person, and immediately nodded very obediently, and then roared.

Buzz!

A very complex symbol immediately flew out of the ferocious beast's head, emitting a dark light and flying directly in front of Ye Feng.

Buzz!

At this time, Ye Feng subconsciously stretched out his hand and touched the dark symbol.

Then this dark symbol was directly integrated into Ye Feng's body.

The next moment, Ye Feng immediately felt that he had a blood connection with the ferocious beast.

At this moment, Ye Feng looked at his palm. As long as he thought about it, the dark symbol would appear in his palm.

Uh-huh!

At this time, Ye Feng pressed his palm against the ferocious beast in front of him.

"Buzz!"

Immediately, the huge ferocious beast quickly became smaller, and finally turned into a ray of light and was sucked into Ye Feng's palm.

"Fusion!"

The next moment, Ye Feng began to experiment, and his thoughts suddenly moved.

boom!

Immediately, the power of the ferocious beast burst out from Ye Feng's palm, and then quickly formed a thick layer of scales around Ye Feng's body, turning Ye Feng into an instant like a demon god, full of power. Incomparable attack power.

"This is what it means to be with the ferocious beast

What is the state after fusion..."

Ye Feng clenched his fists at this time and felt the surging power flowing rapidly through his body.

He looked at the black scales covering the surface of his body, which were not only filled with extremely powerful defensive power, but also filled with terrifying offensive power.

Even Ye Feng still has a burning desire to fight.

Obviously, this was influenced by the ferocious beast itself.

boom!

Ye Feng burst out with terrifying power at this moment, and even the shadow of a dark god appeared behind him.

This dark god is the ancestor of the ferocious beast, the will power of the ferocious dark god!

"Not bad."

Ye Feng was quite satisfied.

Buzz!

The next moment, Ye Feng directly withdrew the power of the ferocious beast.

Wow!

The dark power of the ferocious beast quickly dissipated and returned to the dark symbol in Ye Feng's palm.

Uh-huh!

At this time, Ye Feng searched out the ancient elder's storage ring and then left the underground palace.

This underground palace was originally in the cave of the ancient elder.

So Ye Feng returned to the ancient elder's cave, with a look of sadness in his eyes.

Unexpectedly, Elder Gu was killed by him in a short period of time.

No wonder even Elder Gu was shocked by his growth rate.

Although Ye Feng hid his cultivation at first.

However, Ye Feng's improvement in cultivation during this period was still terrifying.

At this time, Ye Feng did not go out for the time being, but lived in the cave of the ancient elder.

down.

In the next few days, Ye Feng continued to practice, stabilizing his cultivation and improving the strength of his connection with the ferocious beast in his palm.

Three days later.

Ye Feng left the cave of the ancient elder and went to the back mountain area of the Black Demon Sect, and came to his own medicine field.

The dark Ganoderma lucidum that was planted before grew again.

boom!

Immediately, Ye Feng directly released the Devouring Domain, covering all the dark Ganoderma in the medicine field in front of him.

"Crash..."

The medicinal power of the dark Ganoderma was directly absorbed and integrated into Ye Feng's body.

But what made Ye Feng's eyes look downcast was that he had become resistant to the dark Ganoderma lucidum. .??.

Therefore, these ordinary dark Ganoderma lucidum have no effect on Ye Feng and cannot continue to improve Ye Feng's chaotic bloodline.

"Damn it."

Ye Feng couldn't help but cursed secretly.

At this time, Ye Feng knew that he had to go to the forbidden land of magic that Senior Sister Leng had mentioned before to see if the Dark Ganoderma King was there.

Having made up his mind, Ye Feng walked directly towards the depths of the back mountain area.

The forbidden land of demonic land where the Dark Ganoderma King might exist that Senior Sister Leng mentioned before is located deep in the back mountain area.

Buzz!

When Ye Feng arrived at the end of the back mountain area, he immediately sensed a very terrifying dark aura coming from the forbidden land of the Demon Land.

In Ye Feng's field of vision at this time, a large area of land in front of him had turned into pitch black and was exuding a dark aura. It really looked like demon soil.

Buzz!

At this time, Ye Feng took a deep breath

, walked directly into this forbidden land of demonic land.

Ye Feng is now considered to be an expert and daring person, so he directly took a huge risk and entered the forbidden land of the Demon Land.

Buzz!

At this time, the moment Ye Feng walked into the forbidden area of the Demon Land, he immediately felt that a very cold demonic energy was pervasive, trying to penetrate into his body.

Even Ye Feng's chaotic body was somewhat unable to withstand this cold aura. He immediately felt a feeling that his whole body was about to be frozen, and his blood energy was rapidly passing away.

Ye Feng's eyes were startled. This forbidden area of the Demonic Land is indeed very scary. This dark atmosphere between heaven and earth is really difficult to resist. No wonder it is listed as a "forbidden area".

"If I have to resist this dark aura that freezes my blood the whole time, then I simply won't have the strength to find the Dark Ganoderma King."

Ye Feng was thinking at this time, wondering whether he should withdraw temporarily and come in to investigate again when his cultivation level becomes stronger.

"Buzz!"

But suddenly at this moment, the dark symbol of the ferocious beast was stored in Ye Feng's palm, and suddenly began to quickly absorb the dark aura that penetrated into Ye Feng's body, swallowing up all the dark aura.

"this....."

Ye Feng was surprised to find that the dark symbols swallowed up these dark auras, causing the ferocious beasts living in them to transform and become more and more powerful.

"The dark atmosphere in this forbidden area of the demon clan can actually allow the ferocious beast to continuously evolve?"

This discovery made Ye Feng's eyes suddenly show a hint of joy.

Because this is simply killing two birds with one stone.

It can not only solve the danger of dark breath freezing blood for oneself, but also allow the ferocious beast to continuously become stronger.

After all, the stronger the ferocious beast is, the stronger Ye Feng's combat status will be after using the fusion technique.

Chapter 3276 The Ninth Heaven of Chaos Body

At this time, Ye Feng no longer had the trouble of the dark aura and continued walking directly into the depths of this forbidden land.

The further he walked toward the inner area of the Demon Clan's forbidden land, the more Ye Feng felt a very strong dark aura.

If it were an ordinary warrior, even if it was a realm higher than Ye Feng's, he might not be able to withstand this terrifying dark aura.

But now, Ye Feng has a special creature called the ferocious beast in his palm. These terrifying dark auras have no effect on Ye Feng at all. Instead, they can continuously help the ferocious beast to evolve and transform rapidly. .??.

When Ye Feng arrived at the depths of the Demonic Forbidden Land, he immediately saw huge black trees growing on the surrounding ground, looking very prosperous and lush.

At this time, Ye Feng asked in his mind: "Emperor Chu, how can we find the Dark Ganoderma King?"

Emperor Chu said in his mind: "You simulated the breath of Dark Ganoderma, and you should be able to sense it with the Dark Ganoderma King."

Hearing this, Ye Feng couldn't help but nodded, and began to exude his own power, transforming into the aura of dark Ganoderma lucidum.

Buzz!

At this moment, as expected, Ye Feng instantly sensed a very similar energy fluctuation, which was rapidly transmitted from a certain direction in this forbidden land of magic land.

Ye Feng's eyes suddenly lit up, that should be the aura of the Dark Ganoderma King.

Uh-huh!

At this moment, Ye Feng flew quickly in the distance, trying to find the location of the Dark Ganoderma King.

On the road, Ye Feng moved forward quickly and soon arrived at the location he sensed.

There is a dark lake here, like ink, which looks very strange.

"That is....."

Ye Feng suddenly saw a small attic appearing in the middle of the dark lake.

Standing at the door of this small attic was a mysterious woman wearing a black robe.

This mysterious woman in black robe noticed Ye Feng flying not far away, and a look of surprise suddenly appeared in her eyes.

It seems that he didn't expect that someone could break into such a deep forbidden land.

"Huh? You actually have a treasure on your body that can withstand that dark aura?"

The woman in black robe couldn't help but said in surprise when she saw that those black auras did not harm Ye Feng at all.

At this time, Ye Feng stared at the woman in black robe, directly explained his purpose of coming, and said loudly: "I am here to find the Dark Ganoderma King."

"Dark Ganoderma King?"

When the black-robed woman heard what Ye Feng said, a faint smile suddenly appeared in her beautiful eyes, and she said loudly: "The Dark Ganoderma King has left here long ago, and even if the Dark Ganoderma King is still here, you can't To fight against it, the Dark Ganoderma King has been cultivating for hundreds of thousands of years, and has already entered a very terrifying level. It is estimated that he can kill you with just one look."

When Ye Feng heard this, his eyes suddenly darkened. He didn't expect that his trip was in vain.

"Everything in front of me is an illusion."

Suddenly Emperor Chu spoke in Ye Feng's mind.

"boom!"

At this moment, Emperor Chu directly activated the soul gem, and a crimson laser suddenly burst out from Ye Feng's eyes, and rushed forward in an instant.

The illusion ahead was instantly shattered by the red laser released by the soul gem.

Buzz!

The next moment, the black lake that looked like ink that Ye Feng saw, the attic on the lake, and the black-robed woman who was talking to him all disappeared in an instant.

Really revealed in front of me

Real scene.

In front of Ye Feng's eyes at this moment, there is a majestic dark Ganoderma lucidum that is several kilometers tall growing on the ground. It looks like a huge dark umbrella, blocking out the sky and the sun. It is very shocking. Very visual impact.

"This is the Dark Ganoderma King..."

At this time, Ye Feng looked at the huge dark Ganoderma lucidum in front of him, and his eyes suddenly showed a hint of surprise.

Unexpectedly, everything that happened just now was actually an illusion emitted by the Dark Ganoderma King, whose purpose was to scare him away.

In fact, the Dark Ganoderma King itself is not powerful. After all, it is just a spiritual medicine. Even if it has been cultivated for hundreds of thousands of years, it is still not as powerful as the talented human warriors. .

"Boom!"

At this time, the huge medicinal body of the Dark Ganoderma King shook rapidly, suddenly bursting out of the soil and running wildly into the distance, like a person running away.

"Wait for me!"

Ye Feng did not hesitate at this time and quickly chased towards the Dark Ganoderma King. .???.??

Because Ye Feng knew very well that this Dark Ganoderma King had a huge effect on him.

Even if you can't develop the Hongmeng bloodline, you can still greatly improve your chaotic body.

Because Ye Feng's entire body has become resistant to ordinary dark Ganoderma lucidum.

Ordinary dark Ganoderma lucidum has no effect on improving Ye Feng's bloodline and chaotic body.

Only the Dark Ganoderma King, the king of hundreds of thousands of years of elixirs, can continue to improve himself.

So at this moment, Ye Feng directly burst out with extremely powerful power and quickly attacked the Dark Ganoderma King not far away.

Boom!

Ye Feng's power was extremely powerful, and he attacked the Dark Ganoderma King, causing the huge medicinal body to crash to the ground.

But the next moment, the Dark Ganoderma King did not really fall. His body was extremely strong, worthy of the elixir he had practiced for decades, and his entire body was made as strong as divine iron.

Buzz!

At this moment, the Dark Ganoderma King actually penetrated into the ground and disappeared in an instant.

This Dark Ganoderma King is obviously able to integrate with the entire earth and escape with the help of the power of the earth.

"It is impossible to escape through the power of the earth, because I am the emperor of the earth."

Ye Feng smiled confidently at this time and stretched out his hand directly in front of him.

Boom!

A huge hand of earth suddenly burst out of the entire ground, and the palm of the hand was grasping the huge King of Dark Ganoderma.

"Swallow!"

Immediately, without any hesitation, Ye Feng directly released the Devouring Domain, and then instantly enveloped the Dark Ganoderma King in the endless Dark Domain.

"Boom!"

Almost at the next moment, streams of extremely powerful medicinal power belonging to the Dark Ganoderma King were quickly injected into Ye Feng's body.

Ye Feng immediately felt that the power of his bloodline, which had been dormant for a long time, had once again been greatly improved, and the strength of the Chaos Body also began to change rapidly.

"boom!!!"

Along with a terrifying roar, Ye Feng's body suddenly erupted with a pure and huge life fluctuation!

Ye Feng's chaotic body underwent a complete transformation at this moment!

Directly from the eighth level of the Chaos Body to the tenth level of Dzogchen, it has completely evolved to a completely new level!

Entering the ninth level of the Chaos Body! !

Chapter 3277 Star God Crown

Buzz!

At this time, as the chaotic body completely transformed to a new level, the ninth level of the chaotic body.

Ye Feng could feel that the power of his body had undergone an extremely terrifying transformation.

At this moment, Ye Feng only felt that energy like a vast ocean was surging in his body.

It was like there was an evil dragon roaring and roaring among its limbs.

Even if you listen carefully, Ye Feng's blood energy continues to surge in Ye Feng's body, making a sound like thunder.

And you must know that this is just in the normal state where Ye Feng has not activated any power, yet he exudes such a terrifying aura, which is simply breathtaking.

From this, we can see how majestic and terrifying Ye Feng's vitality is now.

This time when he came to the Black Demon Sect, Ye Feng's biggest gain was actually not the improvement of his cultivation level, but the improvement of his Chaos Body's physical strength.

Now that Ye Feng's chaotic body has entered the ninth level, Ye Feng can feel the destructive power of his current body, which is definitely far beyond his current level of cultivation.

At this moment, Ye Feng even felt that just by relying on the power of his body, he could instantly crush a warrior who was a level higher than himself.

This is not because Ye Feng is arrogant, but because he really feels confident.

Chaos body, this time it transformed into something too powerful.

"Buzz!"

At this time, suddenly a bright divine light appeared behind Ye Feng.

The power of this divine light comes from Ye Feng's chaotic body.

Ye Feng knew that this should be a brand new blood talent awakened by the Chaos Body after entering the ninth heaven.

Uh-huh!

At this moment, Ye Feng looked behind him and saw that in this piece of divine light, a crown that looked extremely noble was slowly being given birth to.

This crown seems to gather all the starlight under the sky, emitting a bright light that can illuminate the entire nine heavens and ten earths.

And the next moment, Ye Feng suddenly got the information about this king.

Crown information.

"The Crown of the Star God is the legendary crown of the God of the Galaxy. After the user wears it, he can directly receive the blessings of the ancient Star God and be blessed by all the power of the galaxy contained in the entire star field."

The moment Ye Feng got this information, his eyes suddenly lit up.

You know, the second-level realm where Ye Feng is now is the Star Realm.

The entire earth contains countless galactic powers.

Above the sky, there is also infinite power of the stars.

If you wear this Star God Crown, you will be blessed by the power of the entire heaven and earth. This is really a huge help!

At this time, Ye Feng immediately couldn't wait to try it out.

"Buzz!"

At this moment, Ye Feng thought, and the blood talent of the ninth level of the Chaos Body that he had awakened, the Star God Crown, appeared directly on top of Ye Feng's head and was put on by Ye Feng.

boom! !

Almost the moment Ye Feng put on the Star God Crown, he immediately felt that the infinite galaxies in the entire sky seemed to be connected to him.

Moreover, the entire land where Ye Feng is standing, and the vast interface of the entire star field plate, also contains endless power of the galaxy, which is being poured into his entire body from his feet.

This made Ye Feng's whole body like a rapidly inflating balloon. His whole body was inflating rapidly, becoming more majestic quickly, and his whole body was exuding bright starlight.

Even Ye Feng's skin turned into the color of stars like diamonds at this moment, exuding the light of the galaxy, making Ye Feng feel like he had control over the entire heaven and earth.

This kind of Star God Crown allows Ye Feng to borrow the power of the entire sky, not to mention that Ye Feng is now in the second-level realm "Star Territory".

So at this time, Ye Feng is simply the whole sky

The strongest existence on earth.

He felt that his body was full of endless power, coming from the sky and the earth, continuously allowing Ye Feng to explode with earth-shattering destructive power.

"Too powerful!"

Ye Feng's eyes were full of excitement.

The Star God Crown that was awakened this time was really timely, allowing Ye Feng to definitely use it to the extreme in the Star Territory.

Because after the Star God Crown is put on his head, it can be connected with the entire Star Territory, as if Ye Feng has the life pulse of the entire vast Star Territory.

Buzz! ??

With a thought in his mind, Ye Feng took back the Star God Crown on his head, and then walked towards the outside of this forbidden area of the demon clan.

But just when Ye Feng turned around, he suddenly sensed a very obscure wave, which was transmitted from the soil not far away.

Uh-huh!

Ye Feng flew over instantly, squatted down, and saw a dark seed in the soil, exuding an aura of power that Ye Feng was very familiar with.

That was the aura of the Dark Ganoderma King!

"This turns out to be a seed from the Dark Ganoderma King!"

Ye Feng's eyes suddenly lit up, he didn't expect that the Dark Ganoderma King would still have the seeds left behind.

At this moment, Ye Feng directly planted the seed of the Dark Ganoderma King into his body.

After this, Ye Feng can continue to irrigate with evolutionary spring water.

When the time comes, the seeds will continue to grow into the Dark Ganoderma King, which can be swallowed again to increase the power of one's own bloodline.

But Ye Feng knew that this was destined to be a long time.

Because the Dark Ganoderma King is very difficult to mature and needs hundreds of thousands of years to grow.

Although the irrigation of evolutionary spring water can infinitely shorten the growth time of hundreds of thousands of years, it is estimated that it will also take a long time.

However, Ye Feng is not in a hurry, because as long as there are seeds, there is hope.

One day, this seed will be able to grow into a real mature Dark Ganoderma King.

Ye Feng gained a lot in the forbidden land of Demon Land.

In particular, the Chaos Body has transformed to a whole new level.

Not only has a bloodline talent been awakened, but the power of the body has also skyrocketed to a very terrifying level.

This makes every inch of Ye Feng's flesh and blood contain explosive power.

Next, Ye Feng left the Demon Land forbidden area directly and returned to the back mountain of the Black Demon Sect's sect.

In the back mountain area, Ye Feng saw that the dark Ganoderma lucidum he had planted before had grown again.

But Ye Feng no longer needs Dark Ganoderma at this time.

Because ordinary dark Ganoderma lucidum has no effect on improving his bloodline.

"Senior Brother Ye Feng! Something big has happened! The ten elders of the Law Enforcement Hall have arrested Senior Brother Zhu Wudao and all the senior brothers in other teams, and threatened

that if Senior Brother Ye Feng doesn't show up, they will all be killed in public. Kill under the spotlight! Everyone in the sect is paying attention to this matter!"

Suddenly at this moment, a young man ran in a panic not far away and immediately spoke to Ye Feng.

This young man. It was a core disciple who had gone to the Demon Realm with Ye Feng to search for super-large mineral veins.

"What?"

When Ye Feng heard what this core disciple said, he immediately showed a cold look in his eyes and said fiercely: "I was the one who killed Ying Changkong's brother, and the Law Enforcement Hall actually implicated me in this matter. This person is so abominable. Take me to the scene immediately. I will let this group of lawless law enforcement officials know how serious the consequences of offending me will be!"

Buzz!

At this moment, Ye Feng was speaking, and a majestic murderous aura suddenly emitted from his body.

That breathtaking majestic aura made the core disciples around them unable to help but feel the fear from their souls, as if the person standing in front of them was not Senior Brother Ye Feng, but a giant beast covered in human skin. !

Chapter 3278 It's so shocking

"Take me there!"

Ye Feng stared coldly at the core disciple in front of him and slowly uttered a sentence.

At this time, the core disciple in front of him immediately said with some hesitation: "Those are the ten elders of the Law Enforcement Hall. Each of them has very terrifying cultivation. They are not something we can fight against."

Hearing what this core disciple said, Ye Feng looked very calm and said: "My current strength is also very terrifying."

"good."

Seeing Ye Feng's resolute look, this core disciple was aroused with passion in his heart and took Ye Feng to fly quickly in that direction.

This core disciple is now risking his life. If he wants to die, everyone will die together!

"this....."

When Ye Feng followed the core disciples to the central hall of the Black Demon Sect, he immediately saw countless people surrounding the central square outside.

What made Ye Feng's eyes suddenly full of coldness was that there were more than a dozen pillars on the central square, and each pillar was tied to a person with a thick iron chain.

These dozen people were none other than Zhu Wudao and a group of his core disciples.

When Ye Feng saw this scene, the fire of anger in his body was about to burst out.

This is simply a great shame and humiliation for Zhu Wudao's group of core disciples.

Under the spotlight, he was tied to the central square.

In addition, Ye Feng also saw that the pillars that tied these people were huge iron pillars, and there were flames burning under the iron pillars, making Zhu Wudao and other core disciples endure the pain of being burned. .

And all of this happened because of myself.

"All must die!"

boom!

Ye Feng didn't hesitate at all at this time and flew directly to the sky. Then he looked at the ten elders of the Law Enforcement Hall who were smiling in the central square and said coldly: "None of you can escape today!"

"Boy, you are finally willing to show up!"

law enforcement

The ten elders of the temple immediately stood up one after another, with terrifying cultivation aura erupting from their bodies.

The cultivation levels of these ten elders are all powerful ones in the Dao Creation Realm that have surpassed the Nirvana Realm!

The appearance of Ye Feng at this moment also made countless people watching on the field show deep surprise in their eyes.

"Is this young man in white clothes Ye Feng? He looks so young, and he can actually kill the captain of the Law Enforcement Hall."

"Even if Ye Feng is powerful and a peerless genius among the younger generation, but now that all the ten elders are present, he can't make any waves at all."

"In any case, I still admire Ye Feng's courage. He actually came here and dared to come alone for his friends. This courage and quality are worthy of our admiration and respect."

"But his end should be tragic. He will be killed by the ten elders. No, the ten elders don't even need to join forces. One elder can kill this Ye Feng. After all, Ye Feng's cultivation is better than Every elder is at a lower level, the gap is too big."

...

At this moment, all the disciples of the Black Demon Sect present could not help but start talking.

Some admire Ye Feng's courage, which is worthy of admiration.

Some regret that this peerless genius will be killed by the ten elders later.

Almost no one is optimistic that Ye Feng can counterattack in this situation.

Because this is impossible.

The ten elders of the Law Enforcement Hall are all strong men of the older generation in the Black Demon Sect. They are very powerful in cultivation. They are all at the Dao Creation Realm level above the Nirvana Realm.

The cultivation aura exuding from Ye Feng's body was nothing but the third level of Nirvana Realm.

This kind of cultivation is indeed very powerful among the younger generation of the Black Demon Sect, but among the older generation

In front of the strong, it is nothing.

"Senior Brother Ye Feng!"

At this moment, when Zhu Wudao and a group of core disciples, who were tied to iron pillars, saw that Ye Feng really came for them, their eyes widened, and a feeling of emotion flowed in their hearts.

Because they knew that Ye Feng didn't come at all and could just run away, but Ye Feng didn't run away. Instead, he came alone under the spotlight.

If Zhu Wudao and other core disciples before, they were more afraid and reverent towards Ye Feng.

So now, they have deep respect for Ye Feng from the bottom of their hearts!

Uh-huh!

At this time, Ye Feng flew directly towards a dozen iron pillars not far away, trying to save Zhu Wudao and a group of core disciples first.

"Ye Feng, you are already here, so just die! Are you still trying to save your friends now? You are so naive!"

One of the ten elders in the Law Enforcement Hall burst into laughter at this moment, blocking Ye Feng's path.

"Get away!"

Ye Feng roared at this moment and punched out hard.

"A thing like an ant dares to take action in front of me? Arrogant! Today I will let everyone know that the ten elders of our Law Enforcement Hall are the rules! They are the beings who can control anyone's destiny!"

The elder immediately laughed coldly, and then immediately grabbed Ye Feng with one hand, very casually, as if he felt that he could crush Ye Feng to death in an instant.

"Pfft!"

But at the next moment, what made the elder's eyes widen suddenly was that Ye Feng's fist seemed ordinary, but at the moment of contact, Ye Feng's fist seemed to contain endless power. His palm was shattered in an instant.

Then his arm was shattered, and his chest was shot through.

A bloody hole appears.

"ah!!"

In a terrifying scream, Ye Feng's eyes were ruthless, and he stretched out his hands and tore the elder in front of him in half instantly, staining the sky with blood.

"What?!"

"How can this be!!"

Everything just happened too fast.

From Ye Feng rushing forward, to the elder of the Law Enforcement Hall taking action, in just a short moment, the elder of the Law Enforcement Hall, a powerful being at the Dao Creation level, was torn to pieces by Ye Feng!

Moreover, it seems that Ye Feng did not use any powerful martial arts moves, he was just mediocre and relied entirely on the strength of his body.

This is really scary!

So cruel!

It's so shocking!

The hearts of countless people watching around him beat hard, and they felt a huge fear.

The eyes of the remaining nine elders of the Law Enforcement Hall, originally full of smiles, suddenly became extremely gloomy and extremely shocked.

They never expected that their partner, an extremely powerful Dao Creation Realm elder, would be instantly torn to pieces by Ye Feng, a new disciple.

This is simply impossible to happen.

But it really happened in front of them.

"Is Senior Brother Ye Feng so powerful?"

At this time, the core disciple who had previously hesitated to bring Ye Feng here was already planning to die.

But now that he saw Ye Feng tearing apart an elder of the Law Enforcement Hall in an instant, his eyes widened suddenly, and he suddenly understood why Ye Feng's face was very calm and his tone was full of confidence before.

It turns out that Senior Brother Ye Feng has become so powerful!

It's impossible for ordinary people to guess!

It is simply unfathomable, like a god!

Chapter 3279 Unable to cause damage

"Isn't this Ye Feng a new disciple? How can he be so powerful? This is unscientific!"

At this time, the other nine elders of the Law Enforcement Hall all widened their eyes for a moment and fell into deep shock.

"Boom!"

At this time, Ye Feng didn't care what others thought. He flew not far ahead, then stretched out his hand to break all the iron pillars that trapped Zhu Wudao and other core disciples. , Zhu Wudao and a group of core disciples were all rescued.

"Senior Brother Ye Feng!"

At this time, Zhu Wudao and a group of core disciples had red eyes.

They originally thought they were dead, but they didn't expect that at the critical moment, Ye Feng appeared directly and rescued them all.

At this time, Ye Feng saw that everyone's bodies were covered in hot flesh and blood. He immediately took out a lot of healing elixirs from his storage ring and said loudly: "Swallow these healing elixirs first, and then take the next step." Just come down and leave everything to me."

"good!"

At this moment, Zhu Wudao and a group of core disciples couldn't help but nodded heavily.

The powerful strength that Ye Feng showed just now also gave them a sense of reassurance.

"Damn boy, you dare to directly kill the elders of our law enforcement hall in front of everyone. You have committed a heinous crime! You must be judged by death!"

The other nine elders of the Law Enforcement Hall, all of whom were powerful beings at the Dao Creation level, were furious at this moment. Then all nine elders burst out with their own powerful power, leaving Ye Feng alone. Surrounded.

Obviously at this time, they also realized how terrifying Ye Feng was. Nine elders from the Law Enforcement Hall joined forces to completely kill Ye Feng.

Because they knew that they could not be Ye Feng's opponents in one-on-one situations.

"The nine elders of the Law Enforcement Hall have actually joined forces to deal with Senior Brother Ye Feng.

A disciple? "

"This is simply unseen and unheard of. This situation has never happened to our Black Demon Sect. This Ye Feng is really powerful."

"..."

At this moment, the many disciples of the Black Demon Sect who were watching around showed deep shock in their eyes.

Because it was really the first time that they saw all the elders of the Law Enforcement Hall united together to deal with a mere young disciple.

This has simply never happened.

But today it appeared in front of everyone.

Ye Feng looked around at this time and saw the nine extremely powerful elders of the Law Enforcement Palace looking at him with eager eyes. His face was still extremely calm and he said slowly: "You don't understand what truly powerful power means. If you want to kill me, you won't be able to succeed by relying on the human wave tactic."

Buzz!

At this time, after Ye Feng finished speaking, a terrifying and boundless life fluctuation suddenly burst out from his body.

At this moment, Ye Feng gave everyone the feeling that he was like an ancient giant beast slowly waking up, making everyone feel the breath of life as heavy as a mountain.

Even though Ye Feng did not release any magic power, just relying on the majestic life energy contained in his body at this time made everyone feel deeply depressed.

"It's as if I'm not seeing a person, but an ancient behemoth that has lived for hundreds of thousands of years resurrected."

At this time, some people could not help but exclaim in amazement among the surrounding crowd.

"What a terrifying life fluctuation..."

At this time, the expressions of the nine surrounding elders of the Law Enforcement Hall also changed slightly.

Because they also felt a dangerous aura from Ye Feng.

An elder of the Law Enforcement Hall immediately shouted: "Let's take action together! This kid is very weird. We all release the most powerful power and destroy him instantly in our attack!"

"good!"

Several other elders nodded and spoke, and then burst out their own extremely powerful means and power. .??.

"Krishna's great magic hand!"

"Five Elements Heaven-locking Ring."

"Thousand-Armed Demon God!"

"Great Nine-pole Demonic Light Wave!"

"Endless Demonic Tide!"

"The Heavenly Demon's Floating Corpse Technique!"

...

At this time, the nine law enforcement hall elders all exploded with their own extremely powerful power in an instant.

These are all the most powerful methods of each of the nine elders. At this time, they were all used at once, forming an extremely terrifying wave of destruction, all surging towards Ye Feng alone.

"Quickly retreat!"

At this moment, countless Black Demon Sect disciples who were watching around felt a feeling of destruction.

They retreated crazily. Even though they were thousands of meters away, they could feel the destructive power released by the nine elders attacking together. It was really terrifying.

I'm afraid if it's even slightly affected, both body and soul will be destroyed!

"It's hard to imagine what kind of terrifying pressure Ye Feng, who is bearing the brunt of this, is under."

At this time, some people around could not help but sigh.

Everyone is speculating whether Ye Feng will be completely wiped out into ashes in this terrifying wave of destruction.

Boom!

At this time, countless terrifying waves finally hit Ye

In front of the wind.

Ye Feng seemed to be frightened at this moment, standing on the spot without moving at all.

The elders of the Nine Law Enforcement Halls saw this scene and immediately laughed out loud: "Sure enough, this kid must have used some secret technique that consumes life energy at that moment to kill our partners instantly. , now he has no remaining strength and can only be destroyed by the most powerful power of our nine super masters. "

But at the moment when the elder of the Law Enforcement Palace finished speaking.

Suddenly, someone in the surrounding crowd couldn't help but exclaimed: "Look, everyone! A figure came out of the wave of destruction, it seems to be Ye Feng!"

"What?!"

The nine elders of the Law Enforcement Hall, who were originally in a state of joy, heard the voices in the crowd, and all of them were startled and looked not far away.

And it was this look that made all the nine elders feel cold in their hearts.

They saw that Ye Feng was completely unscathed and slowly walked out of the destructive light wave.

Ye Feng's body exudes an immortal light, giving the impression that it is a body that has been forged with divine iron and cannot be harmed by mortal power at all.

"How can this be!"

The nine elders all exclaimed in surprise at this time, as if they couldn't believe what they were seeing.

Because just now they had released their most powerful offensive martial arts and moves, but even so, Ye Feng didn't even defend, nor did he use any defensive magic weapons or defensive martial arts. He was just so defenseless, his whole body being bombarded by the power of destruction, but unable to cause damage.

This is absolutely terrible!

It's so shocking to people's souls!

Looking at the frightened and angry nine elders, Ye Feng smiled and said, "It's my turn now, right?"

Chapter 3280 Lord Palace Master

At this moment, Ye Feng's smile simply made everyone feel chilled.

Because the incomparable physical power that Ye Feng showed just now was really shocking.

"Uh-huh!"

And the next moment, the moment Ye Feng finished speaking, he rushed directly in front of an elder of the Law Enforcement Hall without any hesitation like a fierce dragon out to sea.

boom! !

Then he punched out hard.

Ye Feng's punch was full of terrifying power and impact, killing the elder of the Law Enforcement Hall instantly.

The second law enforcement hall elder is dead!

"run!"

Several other law enforcement hall elders knew at this time that the situation on the field was out of control, and they all fled quickly towards the surroundings in an instant.

"The secret of the earth!"

"The power of the earth!"

At this moment, Ye Feng used the secret of the earth, and his whole body and the earth below were immediately connected.

Ye Feng was able to control the power of the entire earth under his feet in an instant.

boom! boom! boom.....

Huge earth-yellow pillars quickly protruded from the surrounding ground, and then trapped all eight remaining law enforcement hall elders in a huge cage.

Uh-huh!

At this time, Ye Feng had already rushed in front of the third law enforcement hall elder and punched him hard.

Now Ye Feng's most powerful thing is the power of his newly transformed Chaos Body, so at this moment, Ye Feng's most powerful weapon is his fist.

"Sacred Shield!"

Seeing Ye Feng rushing in front of him, the eyes of the elder of the Law Enforcement Hall suddenly became extremely frightened, and he immediately released a shield of holy light to guard in front of him.

"boom!!"

"Crack!"

But all this has no effect at all. Ye Feng's fist is like the most terrifying spear with the most destructive power in the world.

It was to blast the holy shield in front of the elder of the Law Enforcement Hall into pieces.

Then Ye Feng's fist, containing extremely terrifying destructive power, continued to bombard forward, with almost no obstruction, and with a "puff", the head of the frightened elder of the Law Enforcement Hall was shattered.

The third law enforcement hall elder is dead!

Suddenly, Ye Feng was like a wolf among the sheep, killing two extremely powerful elders of the Law Enforcement Hall.

"hiss!"

Countless people around him couldn't help but gasped when they saw this brutal scene.

Because the terrifying lethality displayed by Ye Feng was simply too terrifying and simply unheard of.

All along, in the minds of many Black Demon Sect disciples, the ten elders of the Law Enforcement Hall are simply like ten mountains, insurmountable, let alone confronting them.

But now, Ye Feng not only fought against the ten elders, but even killed three elders in charge of the palace. This kind of fighting power was simply astonishing.

"Uh-huh!"

At this time, Ye Feng continued to rush towards the fourth elder of the Law Enforcement Hall.

Boom!

Boom!

Amidst bursts of earth-shattering screams, Ye Feng successfully killed seven law enforcement hall elders, leaving only the last three.

"Too presumptuous!"

But just when Ye Feng was about to kill all the remaining three law enforcement hall elders, suddenly a majestic and unparalleled voice sounded from high in the sky.

Buzz!

And at the next moment, high in the sky, a huge figure appeared.
