

## Ancient 3281

Chapter 3281 Eyes widened

The head of the Law Enforcement Hall looked very gloomy at this time.

Because he never thought that behind Ye Feng, a newcomer, there would be such a terrifying and mysterious strong woman.

Although the master of the Law Enforcement Hall was a big shot, he also sensed a very threatening aura from the mysterious strong woman underneath.

The head of the Law Enforcement Hall looked a little hesitant at this time.

Because now under the spotlight, if he retreats, his reputation will be completely destroyed.

So at this time, after a short period of thinking, the master of the Law Enforcement Hall finally chose to take action directly.

"Judgement!"

boom!

At this moment, the master of the Law Enforcement Hall directly launched an extremely powerful attack.

This is a very terrifying secret technique.

After the Master of the Law Enforcement Hall displayed it, the Judgment Throne he was sitting on suddenly burst out with the power of judgment.

A black pillar of light reaching the sky was directly formed, impacting towards the ice moon below, as if it could destroy everything.

Bingyue didn't say a word at this time. She just held the ice sword in her hand and instantly went up against the sky, slashing directly towards the sky.

Boom!

Infinitely terrifying ice energy was instantly released from the ice sword in Bingyue's hand, creating an extremely terrifying ice sealing force.

At this moment, the power of judgment released by the master of the Law Enforcement Hall was directly frozen.

"What?"

Seeing this scene, the head of the Law Enforcement Hall immediately showed deep horror in his eyes.

Because the power he released at this time was almost his strongest power, and it was also the terrifying power of an ancient treasure like the Judgment Throne when he sat down.

But he didn't expect that he would be frozen by Bingyue's sword!

Uh-huh!

At this time, Bingyue jumped up, rushed directly to the sky, and even took the initiative to attack the master of the Law Enforcement Hall.

Boom!

Bingyue's attack was very simple and very direct. She held the ice sword in her hand and killed her very quickly.

go out.

Streams of ice sword energy tore through the void, froze the sky, and fell directly in front of the master of the Law Enforcement Hall.

Even if the master of the Law Enforcement Hall is a very powerful super strong man, layers of frost appear on his entire body at this time.

Even ancient treasures like the Throne of Judgment are about to be frozen!

It can be seen that the freezing power released by Bingyue not only freezes substantial things, but also freezes the skills of the master of the Law Enforcement Hall and the energy in the Judgment Throne.

This frightened the master of the Law Enforcement Hall to the extreme.

Where did this mysterious strong woman come from?

How could it be possible to possess such an ancient art of freezing?

It is far superior to the freezing technique currently spread in the world.

This is a deeper level of freezing power that can not only freeze substantial things, but also freeze some invisible energy operations and formation operations.

"ah!"

At this time, a huge scream suddenly sounded from below.

It turned out that Ye Feng had already killed all three remaining law enforcement hall elders at this time.

When the master of the Law Enforcement Hall saw this scene, his eyes suddenly showed deep shock and anger.

He immediately looked at Ye Feng and shouted: "You are a traitor to the sect. You are simply a disciple of the sect with a long head. Don't think that with this mysterious strong woman as your backer, you can defeat our black devils." If you do whatever you want in Zongzhong, you will definitely pay the price!"

The master of the Law Enforcement Hall yelled loudly at this time, and then ran away in an instant.

Obviously, although the master of the Law Enforcement Hall spoke very harshly and domineeringly, his legs were still very honest and he quickly fled away.

Because he knew that he could not fight against Bingyue, a mysterious strong woman.

"I won't allow you to threaten Ye Feng!"

At this time, Bingyue suddenly spoke up.

Uh-huh!

She suddenly threw the ice sword in her hand towards the distance.

The ice sword suddenly turned into a bright ice lightning.

In an instant, he stabbed the master of the Law Enforcement Hall who was escaping not far away.

"Pfft!"

The ice sword pierced directly through the body of the Lord of the Law Enforcement Hall.

"ah!!" ??

The master of the Law Enforcement Hall suddenly let out an earth-shattering scream.

But at the next moment, before the master of the Law Enforcement Palace could resist.

Infinite cold air surged out from the ice sword that pierced the body, directly freezing the whole person of the Lord of the Law Enforcement Hall, including the Judgment Throne where he sat.

Then the master of the Law Enforcement Hall fell to the ground with a bang, forming an ice sculpture.

"hiss!"

Countless Black Demon Sect disciples around saw this scene, with deep horror in their eyes.

There was a burst of gasps on the field.

Because no one thought that the final result would be like this.

Not only did Ye Feng not die, but he also killed the ten elders of the Law Enforcement Hall.

In addition, the arrival of the master of the Law Enforcement Hall was of no use and was directly frozen by the mysterious strong woman behind Ye Feng.

"So strong!"

Ye Feng saw this scene with deep surprise in his eyes.

I didn't expect Bingyue's strength to be so strong. It seemed that I had underestimated Bingyue's strength before.

At this moment, the huge noise caused by Ye Feng had already spread throughout the Black Demon Sect.

However, Ye Feng has no regrets and is not afraid of causing such consequences and disturbance.

Because Ye Feng came to the Black Demon Sect originally to find the Dark Ganoderma King.

Now he has found it, and his bloodline, body constitution, and chaotic body have also evolved.

Therefore, Ye Feng has long had no intention of continuing to stay in the Black Demon Sect.

Originally leaves

The wind is ready to leave here.

But he didn't expect that the Law Enforcement Palace would come to provoke him.

So Ye Feng simply killed the Law Enforcement Hall in the end, so that his friends would have no threat from the Black Demon Sect in the future.

Buzz!

At this time, a very terrifying power fluctuation suddenly appeared in the entire world.

The next moment, an old man wearing a black robe appeared high in the sky.

This old man in black robes exudes endless black light, looking like a demon god, very scary and full of depression.

"Greetings to the sect leader!"

At this time, all the disciples of the Black Demon Sect couldn't help but kneel down and speak respectfully.

This old man in black robe turned out to be the leader of the Black Demon Sect!

This is a super big shot with a higher status than the head of the Law Enforcement Hall.

The leader of the Black Demon Sect is definitely the supreme commander of the Black Demon Sect, possessing supreme majesty.

At this time, even a group of core disciples such as Zhu Wudao couldn't help but have deep awe in their eyes, and they all knelt down.

Ye Feng's eyes looked thoughtful at this time.

He seemed to be guessing whether the leader of the Black Demon Sect would take action against him.

Also, can Bingyue defeat the leader of the Black Demon Sect?

If you can't beat him, it shouldn't be a problem to just run away.

And just when Ye Feng was thinking secretly, the leader of the Black Demon Sect, who was exuding endless black divine light, like a god, suddenly made a majestic voice: "The Law Enforcement Hall abused its power privately and tortured members of my Black Demon Sect. Unparalleled geniuses, these people in the Law Enforcement Hall deserved their death."

"What?!"

After hearing the final announcement from the leader of the Black Demon Sect, everyone present could not help but have deep horror in their eyes.

Master, what does this mean?

Everything Ye Feng did had no consequences at all?

"this....."

For a moment, everyone's eyes widened.

Chapter 3282 Cooperating with the Sect Master

quiet!

Deadly quiet!

No one thought that the leader of the Black Demon Sect would actually say such words.

After all, it was the master of the Law Enforcement Hall and the ten elders who died.

These are the core figures in the entire Black Demon Sect.

But now, the sect leader has so lightly covered up the huge "crime" Ye Feng committed.

This makes everyone confused.

But Ye Feng's eyes flashed suddenly at this time.

He didn't think that the leader of the Black Demon Sect had such good intentions.

Moreover, I have never met this sect leader and have never known each other.

Why should he favor himself?

The reason is actually very simple.

Ye Feng had already guessed it.

That is, Bingyue is too powerful, so powerful that even the leader of the Black Demon Sect is extremely afraid.

At this time, although Ye Feng had his own guess in his heart.

But on the surface, Ye Feng immediately clasped his fists and said, "Thank you, Lord, for your wisdom."

Uh-huh!

At this time, Bingyue's beautiful figure moved and came behind Ye Feng, inseparable.

Without any hesitation, Ye Feng put the ice sculpture transformed by the master of the Law Enforcement Hall and the bodies of the ten elders of the Law Enforcement Hall into his storage ring.

At this time, the leader of the Black Demon Sect in the sky suddenly continued to speak: "Ye Feng, come with me, I have something to tell you."

Ye Feng's eyes moved, and he immediately nodded and flew high into the sky.

And Bingyue is always by Ye Feng's side.

Looking at the three people walking away.

Countless Black Demon Sect disciples present had deep amazement in their eyes.

"This Ye Feng is really a genius."

"Yes, there is such a powerful and beautiful woman protecting him, and he also wiped out all the big shots in the Law Enforcement Hall, and nothing happened. That's awesome!"

"Now it is estimated that the most influential person in our Black Demon Sect is Senior Brother Ye Feng!"

At this moment, everyone present was talking a lot. They were so impressed with Ye Feng, this new disciple.

At this time, Zhu Wudao and a group of core disciples

Zi also showed emotion in his eyes.

They feel that the greatest luck in their lives is to know Ye Feng, a peerless person.

And just when everyone in the place was talking about it.

At this moment.

Ye Feng followed the leader of the Black Demon Sect and reached the depths of the Black Demon Sect.

This is where the sect master usually lives.

Ye Feng saw that in the mid-air in the distance, a huge sky palace was built. It was majestic and vicissitudes of life, and it looked very imposing.

That is the living hall of the leader of the Black Demon Sect.

At this moment, after arriving at the palace in mid-air, the leader of the Black Demon Sect finally stopped and stared at Ye Feng behind him.

The leader of the Black Demon Sect's eyes were very deep, and it was impossible to tell what he was thinking.

He just stared at Ye Feng, seeming to be thinking about something.

Ye Feng is not afraid of the leader of the Black Demon Sect. After all, there is Bingyue, a mysterious and powerful woman behind him.

At this time, Ye Feng was also very amazed at Bingyue's strength.

You know, Bingyue had just been awakened from the ice coffin by herself, and she was far from recovering her peak strength.

But even so, Bingyue is so powerful that even the leader of the Black Demon Sect is very afraid.

At this time, the leader of the Black Demon Sect finally spoke up: "Ye Feng, the ancient elder must have been killed by you, right?"

Ye Feng couldn't help but froze when he heard this. He didn't expect that the sect leader would suddenly bring up this topic.

Ye Feng had nothing to hide, after all, he had killed a bunch of big shots in the Law Enforcement Hall.

Ye Feng nodded at this time and said: "Yes, the ancient elder kept a ferocious beast in captivity and wanted to harm me. I naturally resisted and killed him."

The leader of the Black Demon Sect said: "Actually, Elder Gu was my junior brother back then."

Ye Feng's eyes were surprised and he said: "Does the sect leader want to settle a score with me?"

"no."

The leader of the Black Demon Sect shook his head slightly and glanced at Bingyue, who had remained silent beside Ye Feng.

, and then continued to stare at Ye Feng and said aloud: "I just lamented that your talent is so powerful. Elder Gu is not so easy to deal with. Although he was seriously injured, he was killed by you alone. It can be seen that you The terrifying nature of your talent has reached this level in a short period of time. If you were given enough time, would you still be able to do it? "

Ye Feng shook his head with a smile and said: "The sect leader invited me here just to praise the disciples? To be honest, I am ready to leave the Black Demon Sect and go to the wider world of Northern Wilderness to explore and improve, so the sect leader does not need to be afraid Me and my friend Bingyue."

"friend?"

When the leader of the Black Demon Sect heard Ye Feng calling Bingyue, a mysterious strong woman, his pupils shrank slightly.

Then the leader of the Black Demon Sect said solemnly: "I also know that our little Black Demon Sect cannot trap you, a young dragon with unlimited potential. However, before you leave, I want to talk to you. Let's discuss something, that's why I asked you to come here."

Ye Feng's eyes moved and he said, "What does the sect master want to discuss with me?"

The leader of the Black Demon Sect spoke slowly: "Actually, this matter has nothing to do with you for the time being. It mainly has to do with your friends."

When Ye Feng heard this, his eyes suddenly showed a hint of surprise.

It seems that the leader of the Black Demon Sect has taken a fancy to Bingyue's strength.

After all, the strength of someone who can instantly kill the masters of the Law Enforcement Hall in a short period of time is absolutely unfathomable.

At this moment, Ye Feng knew that the master of the Black Demon Sect wanted to serve as a middleman to bridge the gap between the master of the Black Demon Sect and Bingyue.

Ye Feng glanced at Bingyue, then looked at the leader of the Black Demon Sect in front of him, and asked: "What does the leader want to cooperate with my friend? Just tell me directly. If it is good for me and my friend, maybe, I can think about it."

The leader of the Black Demon Sect nodded slightly. He could also see that Bingyue, a mysterious strong woman, seemed to listen to Ye Feng's words.

So even if Ye Feng is just a disciple-level little person with insufficient strength, the leader of the Black Demon Sect still needs to treat Ye Feng as an important person.

The leader of the Black Demon Sect spoke out: "This cooperation will have huge benefits for both you and me."

Good thing, Ye Feng, you should know that the reason why our Black Demon Sect can gain a foothold in this deep area of the dark forest is because we have the support of the Heavenly Demon Realm behind us. "

When Ye Feng heard this, his eyes flashed and he said, "Well, what next?"

The leader of the Black Demon Sect looked in the direction not far away and said aloud: "But in the past ten years or so, the race from the Heavenly Demon Realm that supports our Black Demon Sect has become more and more wanton, and even wants me, the sect leader, to do it every year Pay hundreds of thousands of disciples and give them your race as blood food."

When Ye Feng heard this, his eyes suddenly turned cold and he said: "All races in the Demon Realm should be killed!"

"Yes."

The leader of the Black Demon Sect spoke out: "So, I am going to rebel and wipe out all the abominable race of the Heavenly Demon Realm that controls our Black Demon Sect! In this way, our Black Demon Sect can occupy that race in The territory of the Heavenly Demon Realm will be of great benefit to the future development of our Black Demon Sect."

Ye Feng's eyes were suddenly shocked. He didn't expect that the leader of the Black Demon Sect would actually destroy the race in the Demon Realm behind him?

Sure enough, both the Black Demon Sect and the demons from the Heavenly Demon Realm behind them are extremely cruel.

However, this kind of killing each other in the spiritual world has nothing to do with Ye Feng. Ye Feng cannot judge who is right and who is wrong. At this moment, Ye Feng is only concerned about whether he can benefit from it.

Ye Feng immediately asked: "That demon from the Demon Realm should be very powerful, right?"

The leader of the Heavenly Demon Sect nodded and said: "It is very powerful. I have secretly communicated with many powerful casual cultivators in the Demonic Path over the years and made many friends, but I still feel a little lack of confidence. But the appearance of your friend Ye Feng, It gives me new courage and confidence. As long as your friend is willing to join us and attack the

demon clan in the demon world that day, if we succeed, all the wealth of that demon clan will be given to you. I only need to destroy that demon clan! and occupy the territory of its existence.”

Ye Feng's eyes suddenly lit up when he heard what the leader of the Heavenly Demon Sect said, and then asked: "Which specific demon clan is the Heavenly Demon Realm demon behind the Black Demon Sect?"

The leader of the Heavenly Demon Sect said slowly: "The Night Demon Clan, a demon clan born from the darkness, is very scary. It is the 96th most powerful race among the top 100 demon clans in the Heavenly Demon Clan, so this time, we must be fully prepared. ”

Chapter 3283 Are you still satisfied?

"Dark Demon Clan?"

"The ninety-sixth among the top 100 demons in the Demon Realm?"

When Ye Feng heard what the leader of the Heavenly Demon Sect said, his eyes suddenly showed a hint of surprise.

It seems that the Demon Realm is more terrifying than I imagined.

You must know that such a powerful night demon clan can only rank ninety-sixth among the demon clan in the heavenly demon world.

It's scary to think about it!

There are so many powerful demons in the Demon Realm. No wonder they have always been the strongest enemy of the human race in the entire Star Territory, posing a huge threat.

At this moment, Ye Feng thought for a moment, and then looked at Bingyue beside him, as if asking for his opinion.

Bingyue looked at Ye Feng at this time and nodded slightly, seeming to say that everything is up to you.

When Ye Feng saw Bingyue's attitude, he immediately nodded.

Then Ye Feng looked at the leader of the Heavenly Demon Sect in front of him and said loudly: "Okay, I agreed. My friends and I will go directly there at that time. About what time will it be?"

When the leader of Tianmo Sect heard Ye Feng agreed, his face suddenly showed a deep look of joy.

He didn't care much about Ye Feng's strength, but the strength of the mysterious strong woman next to Ye Feng was very terrifying. Even the leader of the Black Demon Sect couldn't tell what level Bingyue's strength was.

So at this time, Ye Feng agreed, which meant that Bingyue, a mysterious strong woman, agreed.

With such a super master joining the team, the leader of the Heavenly Demon Sect will become even more confident.

At this time, the leader of the Heavenly Demon Sect immediately said happily: "We will set off in about half a month. During this half month, you and your friends will stay in our Black Demon Sect for a while, and you will have everything you want. Can."

When Ye Feng heard what the leader of the Black Demon Sect said, his eyes suddenly lit up, and then he nodded and said, "Okay, then we will set off in half a month."

After saying that, the leader of the Black Demon Sect suddenly took out a token from his body, handed it to Ye Feng, and said loudly: "This is my sect master's token. With it, you can use it anywhere in our Black Demon Sect." You can walk freely in an area and do whatever you want."

When Ye Feng heard what the leader of the Black Demon Sect said, his eyes suddenly lit up and he quickly took the leader's token into his hands.

The next moment, the leader of the Black Demon Sect glanced at Bingyue, as if to please Bingyue, a mysterious strong woman, and then continued to speak to Ye Feng: "Next, I will announce to the entire Black Demon Sect, Ye Feng, you will become my personal disciple. In this case, no one in the Black Demon Sect will dare to bother you anymore."

The leader of the Black Demon Sect knew very well that Bingyue, a mysterious strong woman, probably didn't need anything at all.

But the leader of the Black Demon Sect is very experienced, and he knows very well the importance of Ye Feng to Bingyue.

So in order to please Bingyue, a mysterious strong woman, he only had to be nice to Ye Feng, and that would be enough.

At this moment, Ye Feng knew why the leader of the Black Demon Sect wanted to please him so much, but Ye Feng was also happy to enjoy it and immediately said, "Okay, then I will stay in the Black Demon Sect for another half month."

"good."

The leader of the Black Demon Sect said: "Then in the next half month, I will contact all the powerful people I have made friends with over the years, as well as the elite core disciple team I have cultivated over the years."

After saying that, the leader of the Black Demon Sect suddenly flew over

He rose high in the sky and spoke to the entire sect with a loud and majestic voice: "From today on, I announce that Ye Feng will become the direct disciple of our sect leader. Anyone who sees Ye Feng will treat him as if he were meeting this sect leader." , don't mess with him."

Wow!

Almost as soon as the leader of the Black Demon Sect finished speaking, the entire Black Demon Sect suddenly began to boil.

Everyone's eyes widened with an incredible look in their eyes.

After all, no one expected that Ye Feng would not only not be punished by the sect master, but would actually become the sect master's direct disciple.

Moreover, the lord of the sect made it very clear that anyone who sees Ye Feng should treat him as if he were seeing the sect master himself.

This sentence contains great meaning.

In other words, Ye Feng may not only be the true disciple of the sect master, but his status is almost comparable to that of the sect master.

At this time, after everyone realized this, their eyes were shocked, and they felt incredible to the extreme.

At this time, Zhu Wudao and other core disciples who had followed Ye Feng before heard the majestic voice of the sect leader in their place of residence, and they couldn't help showing deep shock and surprise on their faces. A look of horror.

At this time, they couldn't help but murmured: "Who is Senior Brother Ye Feng? It's so unbelievable that the sect leader can value him so much. It seems that Senior Brother Ye Feng is more important than we thought before. Unfathomable."

At this time, after the leader of the Black Demon Sect announced all this, he immediately landed from the sky.

Then he looked at Ye Feng on the ground, smiled and said, "Are you satisfied?"

Ye Feng smiled slightly, nodded and said, "I'm quite satisfied."

After finishing speaking, the leader of the Black Demon Sect glanced at Bingyue, who was always beside Ye Feng, and said with a smile: "Then I won't disturb you anymore. I'll leave first to call on other strong men. In the past half month, Ye Feng Feng, just take your friends and live in our Black Demon Sect, wherever you want."

After saying that.

Uh-huh!

The Black Demon Sect clan jumped up and disappeared immediately.

At this moment, Bingyue saw the leader of the Black Demon Sect leaving, and finally spoke out from the silence: "The Demon Realm is not as simple as you think."

Ye Feng heard what Bingyue said, nodded slightly, and then said: "But this is a huge opportunity for me. The energy of the demons in the demon world is very advanced, which can allow me to grow tremendously, not to mention Talking about the Night Demon Clan, a powerful demon clan that ranks among the top 100 demon clans. This time, with the help of the power gathered by the leader of the Black Demon Sect, I can get huge benefits from it. This is a once-in-a-lifetime opportunity that can only be met but cannot be sought. , if you miss it, you won't have such a good opportunity in the future."

When Bingyue heard what Ye Feng said, she immediately nodded slightly, with a hint of determination in her beautiful eyes, and said loudly: "If you are willing to go, Ye Feng, then I will guard you." "

When Ye Feng heard Bingyue say this, he felt quite moved in his heart.

At this time, Ye Feng stared at the frosty Bingyue in front of him, becoming even more curious about her identity.

At this time, Ye Feng couldn't help but said: "I will definitely help you find your true identity."

Bingyue nodded immediately, her beautiful eyes staring at Ye Feng with an inexplicable light. "Dark Demon Clan?"

"The ninety-sixth among the top 100 demons in the Demon Realm?"

When Ye Feng heard what the leader of the Heavenly Demon Sect said, his eyes suddenly showed a hint of surprise.

Chapter 3284 Core Talent

Ye Feng took Bingyue back to the cave where the ancient elder lived and lived there temporarily.

Standing on the top of the mountain above the cave, Bingyue can actually absorb the essence of the sun and moon between heaven and earth to continuously replenish and restore his own strength and improve his skills.

This scene made Ye Feng quite surprised.

However, Ye Feng did not pay attention for too long. Instead, he directly took out the ice sculpture of the master of the Law Enforcement Hall and the elders of the ten law enforcement halls in the cave.

"Swallow!"

boom!

At this moment, Ye Feng directly released his Devouring Domain, covering everything in front of him.

"Rumble..."

Almost at this moment, a huge amount of energy was immediately injected into Ye Feng's body.

You know, the ten elders of the Law Enforcement Hall are already very powerful.

And not to mention the two more terrifying figures, the Master of the Law Enforcement Hall.

The skill contained in their bodies is absolutely powerful to the extreme, just like the vast ocean.

So at this moment, Ye Feng suddenly felt that his entire body began to expand.

Abundant energy filled Ye Feng's limbs and bones, allowing Ye Feng's skill to be greatly improved at this time.

Ye Feng's body suddenly burst out with powerful aura of cultivation.

Ye Feng's skill cultivation began to transform and improve rapidly.

"boom!"

The fourth level of the Nirvana Realm!

"boom!"

The fifth heaven of Nirvana!

"boom!"

The sixth level of Nirvana!

"boom!"

The seventh heaven of Nirvana!

...

"boom!"

The Great Perfection of the Tenth Level of the Nirvana Realm! !

Finally at this time, Ye Feng's cultivation breakthrough momentum stopped.

This time Ye Feng simply broke through many realms.

The cultivation level skyrocketed!

It has to be said that the energy brought to Ye Feng by the ten elders and the master of the Law Enforcement Hall is truly terrifying to the extreme.

Let Ye Feng break through the seventh heaven in an instant and enter the tenth heaven of Nirvana.

There is only one step away from the Dao Creation Realm above the Nirvana Realm.

At this time, there was a divine light in Ye Feng's eyes. He clenched his fists and felt infinite terrifying power surging rapidly in his body.

This time, Ye Feng received huge benefits from the Black Demon Sect.

Not only his cultivation skills have been greatly improved.

And the most important thing is that Ye Feng's chaotic body has reached the next level of heaven, transforming into the ninth level of chaos and silence.

Although Ye Feng did not achieve the expected results this time, he did not awaken and develop the Hongmeng bloodline.

But the Chaos Body has been greatly improved, which makes Ye Feng very happy.

And at this time, Ye Feng became more and more convinced of what Emperor Chu had guessed before.

That is, only when the Chaos Body is promoted to the final tenth level of perfection and reaches the extreme, can it continue to develop a more powerful Hongmeng bloodline.

Otherwise, the energy that enhances the bloodline will almost always be plundered and absorbed by the awakened chaotic body.

The Hongmeng bloodline is still sleeping and cannot actively absorb this energy.

Only when the chaotic body is developed to the extreme and has transformed to the tenth level of perfection, and no longer needs any energy to enhance the bloodline, can the Hongmeng bloodline be indirectly activated.

At this time, Ye Fengxiu succeeded in breaking through and walked out of the cave.

At this moment, the sky outside had turned dark, and before he knew it, Ye Feng had devoured a whole day.

"You broke through very quickly."

Bingyue, who was on top of the Dongfu Mountains, looked at Ye Feng below, sensing the changes in his body's aura, and his beautiful eyes showed surprise again and again.

Ye Feng smiled slightly, and then said aloud: "If you hadn't killed the master of the Law Enforcement Hall, I wouldn't have been able to break through so fast. The energy of the ten elders of the Law Enforcement Hall is not enough for me to break through so much. The main reason is that the master of the Law Enforcement Hall Only the energy of this super big man can elevate me to so many realms at once."

Bingyue heard what Ye Feng said, nodded, and then said aloud: "No wonder you want to destroy the Night Demon Clan with the Black Demon Sect Master. Although the Night Demon Clan is not too powerful in the Demon World, Race, but the Night Demon Clan is indeed a behemoth to you now. If you can wipe out the entire Night Demon Clan, then you will gain the energy of the entire Night Demon Clan. That is simply unimaginable huge energy, which may allow you to His cultivation has been improved unparalleled."

Ye Feng nodded slightly and said loudly: "Yes, it is precisely with this in mind that I am so determined to go to the Demon Realm with the Black Demon Sect Master. However, the Black Demon Sect Master is not interested in my strength. I Your strength is nothing in front of him, he mainly values your strength."

Bingyue nodded and said aloud: "Now that I'm with you, I won't leave anyway. Wherever you go, I will go. And if I can help you grow up quickly, I am also very willing. You will It is a huge kindness to me to wake up from my endless sleep, and he also said that he would help me find my true identity. Now that you need my help very much, I will naturally help you without hesitation, but Ye Feng, I always feel that your special and incomparable devouring ability is too overbearing. Your cultivation has improved so fast that it makes me feel a little scared. If this continues, I am really afraid that you will become obsessed. "

"Obsessed?"

When Ye Feng heard what Bingyue said, he just smiled slightly and said: "Don't worry, I have been practicing all the way. I don't know how many ups and downs I have experienced, and I have never been obsessed with this special and incomparable devouring ability." , It's not a bad thing, it's my best cultivation tool."

It can be said that the devouring ability is one of Ye Feng's most useful and core talents since his awakening.

Since Ye Feng started practicing, many of his awakened talents have gradually been eliminated as Ye Feng's cultivation level has improved and his realm has become stronger, and they are no longer of much use.

But it is precisely this special and incomparable swallowing ability that Ye Feng awakened at the beginning, which has accompanied Ye Feng's practice to this day, and has a huge effect on Ye Feng, and has never been eliminated.

When Bingyue heard what Ye Feng said, she didn't say anything more, but nodded slightly.

At this time, Ye Feng took out the sect master's token that the master of the Black Demon Sect had given him before from the storage ring, and said with a smile: "Let's go to the treasury of the Black Demon Sect and take a look. Is there anything I need? The Black Demon Sect is such a huge demon sect, and there should be a lot of good things in its treasure house. I hope you won't disappoint me." Ye Feng took Bingyue and returned to where the ancient elder was. Cave Mansion, temporarily settled down.

Standing on the top of the mountain above the cave, Bingyue can actually absorb the essence of the sun and moon between heaven and earth to continuously replenish and restore his own strength and improve his skills.

This scene made Ye Feng quite surprised.

However, Ye Feng did not pay attention for too long. Instead, he directly took out the ice sculpture of the master of the Law Enforcement Hall and the elders of the ten law enforcement halls in the cave.

"Swallow!"

boom!

At this moment, Ye Feng directly released his Devouring Domain, covering everything in front of him.

"Rumble..."

Almost at this moment, a huge amount of energy was immediately injected into Ye Feng's body.

You know, the ten elders of the Law Enforcement Hall are already very powerful.

And not to mention the two more terrifying figures, the Master of the Law Enforcement Hall.

The skill contained in their bodies is absolutely powerful to the extreme, just like the vast ocean.

So at this moment, Ye Feng suddenly felt that his entire body began to expand.

Abundant energy filled Ye Feng's limbs and bones, allowing Ye Feng's skill to be greatly improved at this time.

Ye Feng's body suddenly burst out with powerful aura of cultivation.

Ye Feng's skill cultivation began to transform and improve rapidly.

"boom!"

The fourth level of the Nirvana Realm!

"boom!"

The fifth heaven of Nirvana!

"boom!"

The sixth level of Nirvana!

"boom!"

The seventh heaven of Nirvana!

...

"boom!"

The Great Perfection of the Tenth Level of the Nirvana Realm! !

Finally at this time, Ye Feng's cultivation breakthrough momentum stopped.

This time Ye Feng simply broke through many realms.

The cultivation level skyrocketed!

It has to be said that the energy brought to Ye Feng by the ten elders and the master of the Law Enforcement Hall is truly terrifying to the extreme.

Let Ye Feng break through the seventh heaven in an instant and enter the tenth heaven of Nirvana.

There is only one step away from the Dao Creation Realm above the Nirvana Realm.

At this time, there was a divine light in Ye Feng's eyes. He clenched his fists and felt infinite terrifying power surging rapidly in his body.

This time, Ye Feng received huge benefits from being in the Black Demon Sect.

Not only his cultivation skills have been greatly improved.

Is there anything I need? The Black Demon Sect is such a huge demon sect and there should be a lot of good things in its treasure house. I hope you won't disappoint me."

Chapter 3285 Demon

For Ye Feng now, the most important thing for him is to improve his cultivation strength.

So now I have the token of the leader of the Black Demon Sect, and the leader of the Black Demon Sect has given me permission to do whatever I want in the Black Demon Sect.

Therefore, Ye Feng naturally would not waste this great opportunity.

"Bingyue, you continue to absorb the essence of the world, the sun and the moon here, and restore your strength. I will go to the center of the sect alone."

At this time, Ye Feng held the master token of the master of the Black Demon Sect and walked quickly towards the treasure house of the Black Demon Sect alone.

This time, the leader of the Black Demon Sect asked for something from him, so Ye Feng felt that he deserved it if he took some benefits from the Black Demon Sect's treasure house.

At this time, Ye Feng flew quickly and soon arrived at the center of the Black Demon Sect.

This is where the leader of the Black Demon Sect usually lives.

There is a huge palace suspended in mid-air, which is the palace where the leader of the Black Demon Sect lives.

Under this floating palace, a huge pavilion was built, with a total of nine floors.

This pavilion is the Treasure Pavilion of the Black Demon Sect, which is also the treasure house that stores various resources of the Black Demon Sect.

Ye Feng walked over directly with a hint of expectation in his eyes.

But as soon as he arrived not far from the pavilion, he was immediately surrounded by two tall men wearing black armor.

These two tall men should be the guards here.

Their eyes were very fierce and murderous. They stared at Ye Feng who was approaching, and said coldly: "This is an important place for the sect. No one can get close to it."

When Ye Feng heard this, he just smiled slightly, showed the sect master's token given to him by the master of the Black Demon Sect, and said loudly: "My name is Ye Feng."

"Ye Feng?!"

Hearing Ye Feng say his name and looking at the sect leader's token in Ye Feng's hand, the eyes of these two iron-blooded warriors suddenly showed deep shock.

They couldn't help but exclaimed: "You are the direct disciple Brother Ye Feng that the sect leader mentioned.

? The peerless super genius who single-handedly killed the ten elders of the Law Enforcement Hall!"

After finishing speaking, the eyes of the two black armored guards guarding the sect suddenly became very admiring, as if they had become Ye Feng's little fans.

When Ye Feng saw this scene, his eyes suddenly showed a trace of surprise. He didn't expect that he would be so famous among the entire Black Demon Sect.

But when I think about what I have done, it is indeed a bit crazy. In the eyes of normal people, it is probably very unbelievable.

Ye Feng immediately smiled and said, "Yes, I am the Ye Feng you are talking about."

After finishing speaking, the two guards in black armor immediately nodded respectfully and said: "Senior Brother Ye Feng, please come in. The sect leader has already explained that Senior Brother Ye Feng can go wherever he wants and do whatever he wants. Anything is okay."

Ye Feng smiled and said: "I don't want to do anything else. I just want to go into the treasure house and look around to see if there are any resources that can improve my cultivation and physique, because next, I want to work with the sect leader. To accomplish a very mysterious thing, you need to quickly improve your strength."

Ye Feng knew that although he was nothing in front of the leader of the Black Demon Sect, he was just a disciple-level nobody.

Going to the Heavenly Demon Realm next to annihilate the Night Demon clan may not play a big role. The main reason is to rely on the mysterious strong woman Bingyue next to him.

But Ye Feng is not willing to give in. If he can improve his cultivation strength and methods as much as possible now, he may be able to help some by then.

Moreover, by improving your own cultivation strength as much as possible, your safety will also be guaranteed.

After all, this trip to the Heavenly Demon Realm is not to look for some mineral veins, but to directly go to war with a super powerful demon clan. It must be extremely dangerous and tragic.

At this time, two people wearing black

The armored guard immediately said respectfully: "Senior Brother Ye Feng, there are many resources in the Treasure Pavilion. The two of us will take you there directly."

After finishing speaking, the two armored guards respectfully led the way, leading Ye Feng towards the pavilion quickly.

But just when they came to the pavilion.

Uh-huh!

A young man wearing a white gown suddenly appeared.

The moment this young man appeared, the two guards in black armor were startled, and they quickly clasped their fists respectfully and said, "Greetings, Lord Demon!"

"Mako?" ??

Hearing the two guards in black armor calling him this, Ye Feng's eyes showed a hint of surprise.

He has heard of this demon. He is the most powerful young generation in the Black Demon Sect. He is the commander of the younger generation of the Black Demon Sect. He has been practicing outside and is very powerful. He can be said to be the leader among the Black Demon Sect. The most influential figure of the younger generation.

Unexpectedly, he would suddenly appear here at this moment.

At this time, the devil suddenly stared at Ye Feng and said loudly: "Are you the Ye Feng who is in the limelight now?"

Ye Feng didn't know what the other party meant, so he didn't do anything more at this time. He just nodded and said, "Yes, I am Ye Feng."

There was a hint of coldness in Mozi's eyes, and he said aloud: "Although I don't understand why the sect leader treats you, a weak newcomer disciple, so favorably, but this is the Black Demon Sect, and the Black Demon Sect has According to your own rules, don't think that with the master's token, you can cheat and take advantage of all the resources in our Black Demon Sect."

Hearing what this devil said, Ye Feng's eyes suddenly became a little lowered, and he said loudly: "So, devil, do you want to stop me?"

Mako showed a slight smile and said aloud: "Yes, these resources were originally supposed to be enjoyed by me, but now that you have entered it, the resources you take are equivalent to..."

Loot my wealth, so you can't enter it. If you want to enter it, you must defeat me. "

Boom!

Almost as soon as Mozi finished speaking, an extremely powerful aura of cultivation suddenly burst out from his body.

That was the terrifying cultivation aura of the half-step Dao Realm that surpassed the Creation Dao Realm.

The Dao Transformation Realm is a more powerful realm above the Dao Creation Realm!

When a warrior enters this realm, his whole person can merge with the entire avenue between heaven and earth and become a part of the avenue, which can be said to be very terrifying.

Although this devil has half-stepped into the Dao Transformation realm, he is a half-step into the Dao Transformation realm.

But it's also very scary.

I feel like I can kill ordinary Dao Creation Realm masters instantly.

It has to be said that this devil is worthy of being the leader of the younger generation in the Black Demon Sect. His cultivation strength is indeed very terrifying, much stronger than the ten elders of the Law Enforcement Hall.

But at this time, Ye Feng's eyes did not show any fear.

If Ye Feng hadn't swallowed up a group of big shots in the Law Enforcement Hall before, he might have been a little wary of this powerful devil.

But now, Ye Feng has just made a huge breakthrough in his cultivation and entered the tenth level of Nirvana.

So at this time, Ye Feng's combat power has skyrocketed, and he has no fear even when facing a leader of the younger generation of the Black Demon Sect like Mo Zi.

boom!

At this time, Ye Feng suddenly burst out with a powerful fighting spirit. He faced this powerful demon directly and said coldly: "If you want to fight, then fight!"

"Um?"

There was a hint of surprise in Mozi's eyes, as if he didn't expect Ye Feng to really dare to fight him.

The next moment, a sarcastic smile appeared on Mozi's face, and he said aloud: "But your cultivation level in the Nirvana Realm dares to challenge me? Then today, I will take care of this arrogant new disciple like you on behalf of the sect leader!"

Chapter 3286 The Devil's Pawn

boom!

At this moment, a very terrifying aura suddenly erupted from Mozi's body.

Infinite demonic energy emanated from his body and condensed into the shadow of a dark demon god behind Mozi, full of endless coercion and majesty.

It's like a dark god has arrived!

"Hand that covers the sky!"

Mozi immediately released an extremely powerful attack at this moment, attacking Ye Feng very decisively and ruthlessly.

Obviously, for Ye Feng, a new disciple who is in the limelight, perhaps this demon has already harbored a grudge.

Because he felt that Ye Feng had stolen his limelight among the Black Demon Sect.

So this time, Mozi can be said to be deliberately looking for trouble, just to provoke Ye Feng's attack.

In this case, Mozi felt that if he accidentally killed Ye Feng when he was fighting Ye Feng, the sect leader would probably not say anything.

So at this moment, the attack launched by Mozi was very violent from the beginning. It had no intention of probing at all. It was directly the most terrifying attack and killing technique, as if he was preparing to cut through the mess with a sharp knife.

"Um?"

Ye Feng also felt Mozi's deep murderous intention towards him at this moment.

This made Ye Feng's eyes suddenly become extremely cold.

Because Ye Feng instantly understood that this devil had obviously come prepared, and the purpose was to provoke him to fight with him, and to kill him in the battle.

However, Ye Feng just smiled coldly and said, "You will definitely be the one who regrets it in the end."

Boom! !

At this moment, Ye Feng directly burst out with the extremely powerful cultivation momentum that he had just broken through, and then fully stimulated the power of the Chaos Body, and directly punched out hard.

Ye Feng's fist collided with Mozi's sky-shielding hand, and a terrifying roar suddenly erupted.

The entire surrounding ground shook violently.

Kick, kick, kick!

Kick, kick, kick!

Then Mozi and Ye Feng both

I couldn't help but take a dozen steps back.

Mozi's eyes widened immediately, and he couldn't help but exclaimed: "How could you have such a powerful attack power? Your cultivation level is so much lower than mine, but you can actually compete with my powerful martial arts moves. It's absolutely impossible!"

After Mako finished speaking, he continued to increase his power.

A dark sword appeared in his hand, filled with unparalleled dark power.

Like a dark king, the sword in his hand is filled with extremely terrifying killing power.

Ye Feng didn't hesitate at this time. He directly used the Eternal Battle Technique and released his powerful talent, God's Blessing.

Buzz! !

At this moment, Ye Feng's whole person was enveloped by countless phantoms of gods.

And at this moment, Ye Feng also used the powerful talent that the Chaos Body had just awakened after entering the ninth heaven, the Star God Crown.

"boom!"

An extremely noble crown appeared on Ye Feng's head.

Almost the moment Ye Feng put on the Star God Crown, the entire sky and earth suddenly surged with endless galactic power, all poured into Ye Feng's body.

At this moment, Ye Feng was blessed by three terrifying powers: the Eternal Battle Technique, the Blessing of the Gods, and the Star God's Crown. His momentum and combat power were instantly raised to a peak.

At this moment, Ye Feng's whole body expanded rapidly and turned into a majestic galactic giant.

Then a palm was filled with unparalleled power, spanning endless space and time, and directly bombarded the front.

Boom!

Accompanied by a terrifying roar, the Dark King Sword in Mozi's hand at this moment was directly bombarded to pieces by Ye Feng's big galaxy hand.

"

What? ! "

Seeing this scene, Demon Zi, who was originally extremely arrogant, immediately widened his eyes at this moment, and his face suddenly became extremely frightened and angry.

He never thought that Ye Feng could burst out with such terrifying destructive power.

But at the next moment, Mako was about to beg for mercy;

But Ye Feng's Galaxy Big Hand attacked again, and directly killed the arrogant Demon Zi on the spot in the eyes of Mo Zi with boundless fear.

Devil, pawn!

"This... is too powerful!"

At this time, the two armored guards standing not far away had deep horror in their eyes.

Regarding the fall of Mako, the two armored guards did not dare to comment at all.

Because this is a battle between the top young generation like Ye Feng and Mozi, and it is not something that little people like them can interfere with.

"boom!"

At this moment, Ye Feng swallowed Mozi's blood energy directly on the spot.

This devil's cultivation strength is still very strong.

At this moment, Ye Feng absorbed Mozi's blood energy, and his cultivation level immediately increased.

Directly from the tenth level of the realm of annihilation, he broke through to the half-step creation realm.

At this time, Ye Feng's eyes were extremely bright, and he was very satisfied with this devil's skill because it was so powerful.

At this moment, Ye Feng looked at Mozi's dissipated body after being swallowed, and smiled coldly, "If you go against me, you will only die."

After finishing speaking, Ye Feng looked at the two trembling armored guards not far away and said, "Take me into the treasure house."

Naturally, the two armored guards did not dare to resist in any way, and immediately said respectfully: "Yes, Senior Brother Ye Feng."

The two armored guards quickly brought Ye Feng to the treasure house.

Ye Feng acted like an innocent person and began to wander around the treasure house, looking for something that could

Various resources to improve your own cultivation skills or physical fitness.

As for the consequences of killing Mozi, Ye Feng didn't have any worries at all.

Although Mako is the leader of the younger generation among the Black Demon Sect.

But now he is a guest of the Black Demon Sect's leader, not just a direct disciple of the leader as outsiders think.

Therefore, even if the leader of the Black Demon Sect knew about the death of Mako, he probably wouldn't say much.

After all, if the master of the Law Enforcement Hall dies, there will be no consequences.

Let alone a demon.

At this moment, Ye Feng entered the treasure house and immediately started searching from the first level.

This treasure house is called Treasure Pavilion, and it has nine floors in total. Each floor contains various cultivation resources.

On weekdays, probably only the top figures of the younger generation like Mako are qualified to enter this treasure pavilion to look for various cultivation resources.

But now, Ye Feng has the master token of the master of the Black Demon Sect, and has huge rights. He can choose various cultivation resources in the Treasure Pavilion and take them away directly, or even refine them on the spot.

Two armored guards accompanied Ye Feng and did not dare to look up at Ye Feng.

Because in their hearts at this time, Ye Feng has long been the kind of extremely terrifying guy. After all, even Mozi died in Ye Feng's hands. He was too powerful and terrifying.

"Um?"

Suddenly at this moment, Ye Feng discovered the first resource worth getting.

It was a box of sparkling purple crystal stones. The energy contained in it was so powerful that Ye Feng couldn't help but his eyes lit up.

An armored guard beside him immediately introduced him respectfully: "Senior brother Ye Feng has a good eye! The crystal in this box is called energy amethyst. It is an amethyst from our Black Demon Sect's mining team in the Demon Realm in the early years. The energy found in the veins can greatly improve the skills of our warriors, and these energy amethysts are the best of the best, without any impurities, and can be absorbed directly without any side effects. "

Chapter 3287 Eyes glowing

"Energy Amethyst?"

When Ye Feng heard what the armored guard said, his eyes suddenly lit up, and then he said, "Then I want this box of energy amethyst."

Uh-huh!

At this time, after Ye Feng finished speaking, he didn't hesitate at all. He stretched out his hand and grabbed the entire box of energy amethysts in his hands.

Then under the dumbfounded gazes of the two armored guards beside him, Ye Feng directly swallowed all the energy amethysts in the box, and then began to digest them quickly.

"What? Swallowed it directly?"

"Senior Brother Ye Feng, does he have an iron stomach?"

The two armored guards standing beside him had deep horror in their eyes at this moment.

They never expected that Ye Feng would swallow a whole box of energy amethysts.

You must know that these energy amethysts not only contain abundant energy, but also the hardness of energy amethysts is very high. ??

Even an extremely powerful warrior cannot break these energy amethysts with a fierce punch, let alone the fragile stomach in the human body.

But Ye Feng swallowed it directly and relied on the function of his stomach to digest it. This was really shocking.

"Buzz!"

At this time, Ye Feng swallowed all the energy amethysts, and immediately felt a huge amount of energy, which was being rapidly digested in his stomach and then transmitted to all parts of his body.

Ye Feng immediately felt that his skills were rapidly changing.

At this time, Ye Feng was refining energy amethyst on the spot and stood motionless.

The two armored guards leading the way did not dare to say anything and just stood respectfully beside Ye Feng.

A few minutes later, Ye Feng suddenly said: "It's not enough."

Obviously, although the box of energy amethyst contains very majestic energy, which has improved Ye Feng's skills a lot, it has not yet reached a level that allows Ye Feng to continue to break through the half-step Dao Dao realm.

Ye Feng still needs

Accumulate even greater energy to completely transform your cultivation.

However, this box of energy amethysts has accumulated a lot. As long as Ye Feng can find other energy that can improve his skills, he will be able to make a breakthrough in his cultivation, completely overcome the current bottleneck of the realm, and step into a new world. level.

At this time, Ye Feng looked at the two armored guards in front of him and said, "Continue to lead the way."

"yes."

The two armored guards immediately led Ye Feng towards the second floor of the pavilion.

When Ye Feng followed the two people to the second floor of the pavilion, he was immediately dazzled by the various lights in front of him.

The second floor of the Treasure Pavilion is basically filled with various weapons and armors, with various powerful soldiers.

However, after Ye Feng took a casual look, he didn't find such a powerful treasure.

After all, the treasures in Ye Feng's hands are all first-class ancient weapons, many times more advanced than the weapons in the Black Demon Sect.

So Ye Feng didn't look much at it.

But halfway through, Ye Feng's eyes suddenly fell on an armor.

The center of this armor is actually inlaid with a blue gem.

The blue gem seems to contain a vast ocean, with a very terrifying ocean power.

Uh-huh!

Ye Feng immediately stepped forward and stared at the armor.

When the two guards beside him saw this scene, they immediately explained with a smile: "Senior Brother Ye Feng's eyesight is really extraordinary. This set of armor is called Ocean Armor. It was used by our Black Demon Sect to kill a strong ocean man. What you get is a very high-grade armor that can unleash the magnificent power of the ocean after wearing it."

Ye Feng heard the words, nodded slightly and said loudly: "This set of armor is not very good, but the thing inlaid on the armor is

It's an ocean gem, and the energy in it is quite abundant, which is quite good. "

Click!

After saying that, under the horrified gazes of the two armored guards beside him, Ye Feng stretched out his hand and took off the ocean gem from the armor.

Buzz!

The next moment, the entire ocean armor suddenly lost its energy source and became extremely dim, turning into a set of useless armor.

It turns out that the most powerful thing about the entire ocean armor is this ocean gem.

Seeing Ye Feng destroying a set of very high-grade marine armor with a wave of his hand, the two armored guards beside him didn't dare to say anything, but just smiled bitterly, feeling very helpless. .??.

But they can't blame Ye Feng now. After all, Ye Feng's power is too strong now. Even the sect leader has given Ye Feng enough face, and they don't dare to be arrogant in front of Ye Feng.

So at this time, the two armored guards could only look up at the sky, pretending that they saw nothing.

At this time, Ye Feng swallowed this ocean gem directly.

"Boom!"

As expected, the ocean gems contained very terrifying ocean essence and energy, which immediately made Ye Feng's skills continue to be greatly improved.

Coupled with the entire box of energy amethysts that Ye Feng had swallowed before, this huge amount of energy immediately loosened Ye Feng's bottleneck.

boom!

Ye Feng's cultivation level broke through in an instant, directly from the half-step Dao Creation Realm, breaking through the current bottleneck, and completely stepping into the first level of the Dao Creation Realm!

"Very good!"

Ye Feng's eyes were filled with excitement at this time.

Unexpectedly, as soon as he entered the second level, he would make a complete breakthrough in his cultivation and step into the true first level of Dao Creation Realm.

Ye Feng's skill immediately improved tremendously.

Moreover, Ye Feng's combat power will also undergo a great transformation.

Because every time Ye Feng achieves a breakthrough,

All of them can bring him extremely powerful fighting power.

Moreover, Ye Feng has the miraculous talent of the Great Perfection future body, and he has broken through to the first level of the Dao Creation Realm, which means that Ye Feng can even possess the cultivation power of the Great Perfection of the tenth level of the Dao Creation Realm in a short period of time.

"very nice."

Ye Feng was very satisfied. He looked at the two armored guards beside him and said, "Let's move on and see if there are any good things left."

Ye Feng was speaking at this moment, with a tone that indicated that he did not want to leave until all the treasures in the Black Demon Sect's treasure house were collected.

While the two armored guards were shocked in their hearts, they could only continue to move forward with Ye Feng honestly.

Who makes Ye Feng have a very special status now?

After all, Ye Feng was randomly plundering various resources in the Treasure Pavilion, and the guardian elders in the Treasure Pavilion had not yet appeared.

This shows that even the guardian elders of the extremely powerful treasure house have already acquiesced. Ye Feng has long been a privileged figure in the Black Demon Sect. He can be more unscrupulous and cannot be treated like an ordinary person.

Otherwise, the guardian elder would have appeared long ago.

Buzz!

When the group of people arrived at the third floor of the Treasure Pavilion, Ye Feng suddenly became energetic.

Because on the third floor of this attic, all the ancient pills are piled up!

"This floor is good!"

Ye Feng immediately exuded his soul power in surprise, looking for any supplementary elixir that could improve his power.

In addition, Ye Feng is also quickly looking for elixirs that can improve blood and body constitution.

At this time, Ye Feng could be said to be extremely happy. This meant that all the resources of the Black Demon Sect were used to cultivate himself.

"It's really good. It seems that I will have to put in more effort when I go with the leader of the Black Demon Sect to annihilate the Night Demon Clan in the Heavenly Demon Realm, otherwise I would be really embarrassed."

Ye Feng's eyes shone and he couldn't help but murmured.

Chapter 3288 Special Ore

Buzz!

At this moment, Ye Feng exuded his huge soul power, which immediately covered the entire third floor space of the pavilion like a tide.

The third layer contains almost all elixirs.

However, not all pills are needed by Ye Feng.

Ye Feng only needs those pills that can improve his cultivation skills.

"The golden elixir is cast from the inner bladder of the ancient golden crocodile and is filled with huge energy."

"The Divine Tears Pill is rumored to be made from the tears of the gods as the essence, combined with countless other elixirs. After swallowing it, you can gain the power of the gods."

"The Nine-fold Demonic Tribulation Pill is a powerful elixir of ancient demonic power. It is a powerful elixir made by collecting the demonic thunder and calamity above the nine heavens. It is an offensive elixir and cannot be swallowed. It can directly release the power of the nine demonic thunder and calamity."

"..."

At this moment, Ye Feng was searching for pills that contained huge amounts of energy, and he swallowed them one by one like fried beans.

This scene made the two armored guards following him show deep horror in their eyes.

They looked on with fear.

Because even a super strong person would probably explode and die instantly if he swallowed so many pills at once.

But Senior Brother Ye Feng's body is like a bottomless pit, as if he can hold any amount of pills he swallows.

Half an hour later, Ye Feng reached the end of the third floor.

He has swallowed nearly 16,000 pills!

There are probably hundreds of types!

This result made the two armored guards beside him stunned.

This is simply a big eater!

But Ye Feng patted his slightly propped-up belly at this time, with a very satisfied look in his eyes.

Because a very huge energy was being digested in his stomach and then transmitted to his entire limbs and bones.

, is growing his power crazily and rapidly.

"boom!"

"boom!"

"boom!"

Suddenly at this moment, three huge waves of cultivation aura burst out from Ye Feng's body.

That's the momentum of a breakthrough!

At this moment, Ye Feng's cultivation level directly broke through the third level of heaven.

Rushed into the fourth level of Dao Creation Realm!

This is an amazing breakthrough!

At this time, Ye Feng's eyes showed a hint of satisfaction.

Ye Feng looked at the two people beside him who seemed to be in a daze and said, "Let's go to the fourth floor."

The two armored guards looked at the entire third-level space behind them. Almost half of the elixir inventory had disappeared, and a helpless, wry smile appeared on their faces.

"Yes, Senior Brother Ye Feng."

But at this time, the two armored guards could only lead Ye Feng towards the fourth floor of the Treasure Pavilion.

"This is....."

When Ye Feng arrived at the fourth floor, there was a hint of surprise in his eyes.

The entire fourth floor, on the ground and on the surrounding shelves, were all filled with strange-shaped stones.

An armored guard immediately explained: "Senior Brother Ye Feng, you should not be interested in this fourth floor. All placed in the fourth floor are all kinds of strange ores, or some strange stones that have been handed down since ancient times."

"No."

Ye Feng's eyes lit up and he said, "I'm quite interested in these rare ores."

"What?"

The two armored guards immediately couldn't help but blurted out: "

Senior brother Ye Feng, do you even want to swallow stones? "

Ye Feng glanced at the two people next to him and said, "That's not the case. It's just that I can absorb the energy from some special ores."

Ye Feng has the God Clan Gloves, which are the bloodline talents that Ye Feng awakened when his Chaos Body evolved to the second level.

The God Clan Gloves can extract the power of the attributes of all things and then fuse them into one's own body.

At this time, Ye Feng looked at the various strange ores in the entire fourth layer of space, his eyes shining.

Because it is entirely possible for Ye Feng to find special stones with rich attributes from these ores.

In that case, Ye Feng would make a lot of money.

"Emperor Chu, help me search together. My soul power is currently unable to distinguish so many special ores." Ye Feng immediately spoke in his mind.

"good."

Emperor Chu immediately responded in his mind.

Buzz!

At this moment, Emperor Chu directly activated the soul gem.

A very huge amount of perception suddenly spread out from Ye Feng's head, covering the entire fourth floor space.

Ye Feng knew that the origin of Emperor Chu was very extraordinary and mysterious, and he also knew a lot of knowledge and was knowledgeable.

Emperor Chu must know all the types of ores that he doesn't know.

So at this time, letting Emperor Chu take action would definitely get twice the result with half the effort.

Sure enough, Ye Feng only waited for a few minutes before Emperor Chu said: "There are a total of 3,671 ores in the entire fourth level space, of which six are useful to Ye Feng. Fourteen."

"Only sixty-four?"

When Ye Feng heard what Emperor Chu said, there was a hint of surprise in his eyes. \u003c

br\u003e

At this time, Emperor Chu said aloud: "This ratio is already very good. You must know that your current Chaos Body has been promoted to a very high level. It is in the ninth level. There are many ordinary ores. Improving your Chaos Body is no longer of much use. There are actually sixty-four ores in this small Black Demon Sect, which can improve your Chaos Body. This is already very good. I originally thought there are no such high-grade ores in this small sect, but I didn't expect that there are still 64 ores that are pretty good."

When Ye Feng heard what Emperor Chu said, he could only nod his head and said, "Anyway, I'm satisfied if I can get something good."

Swish, swish, swish!

Swish, swish, swish!

Next, Ye Feng followed Emperor Chu's instructions and collected 64 pieces of ore from the entire fourth floor.

I saw that Ye Feng only took sixty-four ores from the thousands of ores on the entire fourth level.

The two armored guards following him breathed a sigh of relief.

They thought Ye Feng would collect nearly half of the ore.

After all, when Ye Feng was on the third level, he swallowed nearly half of the pills, which was frightening.

Now Ye Feng has only selected sixty-four pieces of ore, which is not bad.

But what these two armored guards didn't know was that the sixty-four ores chosen by Ye Feng could be said to be the most precious sixty-four ores in the entire fourth layer of space. The other ores were ordinary. .

At this time, Ye Feng selected sixty-four pieces of ore, placed them directly in front of him, then released the God Clan gloves, and immediately began to extract the attribute power from them on the spot.

Buzz!

At this moment, Ye Feng suddenly felt a huge power of attributes integrated into his flesh and bones, allowing his chaotic body to slowly evolve again.

Chapter 3289 Small World Fragments

"Boom!" ??

At this moment, as Ye Feng continued to absorb the sixty-four special ores in front of him, the life energy fluctuations in Ye Feng's body suddenly began to become huge.

Although the attribute power contained in these special ores cannot improve Ye Feng's skills, it can strengthen Ye Feng's life source and evolve Ye Feng's body constitution.

At this moment, the chaotic body, which had been dormant for a long time, once again transformed and improved.

"Boom!" ??

The second level of the initial stage of the ninth heaven of the chaotic body!

"Boom!" ??

The third level of the initial stage of the ninth heaven of the chaotic body!

"Boom!" ??

...

At the end, Ye Feng had extracted all the attribute powers of the sixty-four special ores and integrated them into his body.

The strength of Ye Feng's Chaos Body has finally reached the tenth level in the early stages of the Ninth Heaven.

It has to be said that Ye Feng's luck is really good this time. From the treasure house of the Black Demon Sect, not only his cultivation level has been greatly improved, but his Chaos Body has once again evolved.

You know, every evolution of Ye Feng's chaotic body can increase the strength of Ye Feng's body unparalleled.

Buzz!

Ye Feng was holding his fists at this moment, feeling that the power of his body was getting stronger and stronger.

Ye Feng even felt that in the end, his body strength would be comparable to all kinds of magical weapons, and he would definitely be able to tear apart the ancient dragon with his own hands!

Next, Ye Feng and the two armored guards continued to walk towards the fifth floor of the pavilion.

The fifth floor of the Treasure Pavilion stores all the demon inheritances of various Black Demon Sects.

However, Ye Feng did not find any particularly powerful ones among these Black Demon Sect's demonic inheritance.

After all, Ye Fengxian

The inheritance on his body, whether it is the eternal battle technique or various talents, as well as the first three layers of inheritance of the Galaxy Dynasty that Ye Feng initially obtained, the Great Galaxy Eternal Magic Skill, are all very top-notch inheritance.

Therefore, Ye Feng looked down upon the inheritance of a small sect like the Black Demon Sect.

Ye Feng did not stay on the fifth floor for too long and continued to walk towards the sixth floor with the two armored guards.

When Ye Feng arrived at the sixth floor, there was a hint of surprise in his eyes.

Because what was stored in the sixth floor turned out to be all kinds of important weapons of war.

It seems that these things are prepared for the war between the Black Demon Sect and other major sects.

"continue."

Ye Feng went directly to the seventh and eighth floors.

These two layers contain some ancient animal skin rolls.

What are recorded in these animal skin scrolls are some ancient formations or some formulas for elixirs.

Obviously, these two layers contain various secret recipes and secret books accumulated by the Black Demon Sect over the years.

"It's no use."

After Ye Feng took a quick look at it, he didn't care.

Because Ye Feng doesn't need any secret formulas or anything right now, what he needs is training resources that can quickly improve his strength.

But just when Ye Feng was about to go to the ninth floor, Emperor Chu suddenly spoke in his mind: "Ye Feng, wait a moment and pick up the animal skin roll in the last box on the eighth floor."

"Um."

Ye Feng nodded slightly, stopped, and picked up the animal skin roll in the last box on the eighth floor next to him.

this

The animal skin roll looks very old, even the edges are somewhat damaged, and there are no text or symbols on it.

Ye Feng couldn't help but ask in his mind: "Emperor Chu, is there anything extraordinary about this animal skin scroll?"

Emperor Chu said aloud: "I don't know the details, but I sensed a fleeting special aura from this animal skin roll."

Hearing this, Ye Feng nodded slightly and said, "In any case, I believe in your perception, Emperor Chu. I will store this animal skin roll for now and study it in the future."

Uh-huh!

After saying that, Ye Feng put the animal skin roll in his hand into the storage ring.

Next, Ye Feng followed the two armored guards and walked directly towards the ninth floor.

But at this time, two armored guards spoke out: "Senior Brother Ye Feng, we can only send you here. We are not qualified to enter the ninth layer of space. The sect's rules do not allow ordinary disciples to enter the Treasure Pavilion. The ninth floor."

"Um."

Hearing this, Ye Feng nodded slightly and said, "Then let me go in alone."

Uh-huh!

After saying that, Ye Feng jumped directly and flew to the ninth level of space.

"This is....."

When Ye Feng entered the ninth layer of space, a trace of surprise suddenly appeared in his eyes.

Because this ninth level of space turns out to be a small world with huge space.

The ninth floor of the Treasure Pavilion seems to have been refined into a small world by a super strong person from the Black Demon Sect and integrated into it.

"Um?"

At this time, Ye Feng saw a white-haired old man wearing a black robe, standing in the ninth floor of the small world.

entrance.

Ye Feng immediately stepped forward, clasped his fists and said loudly: "Senior, I wonder what treasures are hidden in this small world on the ninth floor?"

The old man in black robe and white hair glanced at Ye Feng, nodded slightly, and said loudly: "You are the peerless genius mentioned by the sect master. You are indeed very extraordinary in qualifications, but in this small world of the ninth level, I advise you It's better not to go in, it's very dangerous inside."

Ye Feng's eyes showed a look of confusion and asked: "What kind of dangerous method?"

The old man in black robes and white hair said aloud: "This small world is not a small world created by a super strong man of our Black Demon Sect, but a small world intercepted by the previous generation of sect masters from a forbidden life zone in the Demon Realm. Fragment, I am here just to prevent anyone from accidentally entering this small world on the ninth floor."

When Ye Feng heard what the guardian elder said, he immediately became more curious and couldn't help but ask: "A small world fragment in the restricted area of life in the Demon Realm? Doesn't anyone know what exists in it?"

The guardian elder immediately shook his head and said: "This fragment of the small world in the restricted area of life was brought back by the previous generation of sect masters. It has been stored here for many years. The previous generation of sect masters entered this fragment of the small world in the restricted area of life and stored it here for hundreds of years. Even the sect masters of this generation did not dare to enter it for fear of falling inside. "

When Ye Feng heard what the guardian elder said, his eyes suddenly showed a look of surprise.

Why did the previous generation of sect masters spend such a high price to bring back fragments of this small world in the restricted area of life?

And he seems to have fallen into it. What kind of secret does it contain?

Ye Feng thought for a moment at this time, and then said aloud: "Elder Guardian, let me go in. Others don't dare to go in, but I dare."

Chapter 3290 Life Consumption

Hearing what Ye Feng said, the ninth-floor guardian elder immediately showed a trace of hesitation in his eyes.

Because the guardian elder knew that the master seemed to value Ye Feng, a young genius.

But this ninth-floor small world fragment was brought back by the previous generation of the master from a life forbidden zone in the demon world.

Even the previous generation of the master, a super strong existence, disappeared in this small world fragment for many years. It is unknown whether he is dead or alive. It is likely that he fell in it.

Therefore, this small world fragment is part of a life forbidden zone in the demon world, which contains great danger.

Even if Ye Feng is a genius with a lot of strength and means, he is likely to be in danger of his life after entering. .??.

After Ye Feng enters, if he really encounters an accident, then the guardian elder cannot bear this responsibility.

At this time, as if seeing the inner thoughts of the Guardian Elder, Ye Feng smiled slightly and said, "Elder, don't worry. I am not a stupid person. If I really encounter any irresistible danger, I will retreat immediately." Seeing Ye Feng's determination, the Guardian Elder knew that the other party's status was very high. He finally smiled helplessly and said, "Okay, then I will open the channel, but Ye Feng, if you really encounter any terrible danger, you must retreat immediately. If you encounter an accident, I will not be able to explain it to the Sect Master." "Okay." Ye Feng nodded immediately at this time, with a hint of joy in his eyes, and immediately clasped his fists and said, "Thank you, Guardian Elder." The Guardian Elder nodded at this time and didn't say much. He took out a black token from his body and threw it towards the entrance of the small world on the ninth floor. Buzz! When this black token touched the entrance of the fragment of the small world on the ninth floor, a space transmission formation suddenly appeared. The guardian elder said: "This small world fragment was brought back here by the previous generation of the sect master. We can't move it away, so we can only use the sealing array to seal the entrance. Now I have opened the teleportation array at the entrance. You can go in directly." "Okay." Ye Feng's eyes were full of expectation at this time. He jumped directly and stepped into the teleportation array, disappearing in the space of the entrance of the small world fragment. The guardian elder saw Ye Feng's disappearing back and could only smile helplessly, "I hope he can come back safely, otherwise I really can't explain to the sect master." ... Buzz! At this time, accompanied by a very violent space fluctuation, Ye Feng had already entered the small world fragment. When Ye Feng came to the space inside the small world fragment, he immediately saw a very desolate and dark land standing in his field of vision. At this time, Ye Feng's feet were stepping on the charred black ground, surrounded by many dead bones, without the slightest breath of life, and everywhere was filled with a feeling of death and loneliness. At this time, Ye Feng thought of what the guardian elder said. This small world is not an ordinary small world, but a part of a life forbidden zone in the Heavenly Demon Realm, which was intercepted back by the previous generation of the Black Demon Sect's leader using great magic power.

However, Ye Feng is not very clear. What is the purpose of the previous generation of the leader who spent such a huge price to bring back a part of this life forbidden zone?

This is also the reason why Ye Feng wants to enter this small world to explore.

Because this small world may hide a very terrifying secret.

After all, the leader of the previous generation of the Black Demon Sect was willing to consume his life to bring back a part of the life forbidden zone in the Heavenly Demon Realm. There must be something very earth-shattering hidden in it.

And all along, no one in the Black Demon Sect dared to enter this small world.

In other words, the secrets hidden in this small world have not been discovered by anyone.

He may be the second person to enter this small world besides the previous generation of the leader.

"I don't know if the previous generation of the Black Demon Sect's leader is dead or alive now."

Ye Feng couldn't help but murmured at this time.

Because he knew very well that a super strong person like the leader of the Black Demon Sect would not die unless he encountered a very terrible crisis.

Strong people of this level have extremely strong vitality and it is difficult for them to die completely.

Swish!

At this time, Ye Feng flew quickly in the surrounding direction, wanting to see what this small world looked like.

But not long after Ye Feng left, he suddenly felt that his vitality had been consumed a lot invisibly.

The consumption of vitality made Ye Feng feel dizzy and felt that he had no strength at all.

"This whole world of the world is actually devouring my life in secret!"

Ye Feng finally realized this, and a trace of surprise appeared in his eyes.

However, thinking of this small world fragment, it is a part of a life forbidden zone in the Heavenly Demon Realm, and naturally hides all kinds of very terrible environments.

At this time, Ye Feng asked in his mind: "Senior Necromancer, you specialize in practicing the mystery of death, you should be very familiar with the death environment in this life forbidden zone, right?"

The Necromancer, who hadn't spoken for a long time, heard Ye Feng's question and immediately said in his mind: "The place you are now is indeed a very strange place. There is something hidden everywhere in the sky and the earth. This power of death is constantly devouring life even with your strong physique. So, if I give you a death blessing, there should be no problem. "

Buzz!

After the Necromancer finished speaking at this time, he immediately cast a special secret.

Ye Feng immediately saw a black mask appearing on the surface of his body.

This black mask should be what the Necromancer calls the Blessing of the Dead.

What surprised Ye Feng's eyes was that with this black mask, he seemed not to be affected at all by the death consumption power of the entire small world.

Ye Feng could now explore the entire small world with confidence and boldness.

If it were someone else, perhaps within a short period of time, their life would be exhausted by this power of death consumption, and they would be completely killed.

But in Ye Feng's mind, there is the Necromancer, a master who specializes in playing with the secrets of death.

Therefore, Ye Feng's biggest difficulty and problem was easily solved.

"Huh? That is?"

And just after Ye Feng climbed over several black mountains, he suddenly saw a huge black palace standing on the plain in the distance!
