

Ancient 3291

Chapter 3291 Black Palace

Seeing the black palace in the distance, Ye Feng's eyes suddenly lit up.

This small world in the restricted area of life is full of desolation and nothing.

But such a special palace suddenly appeared in the distance, it must have some secrets.

Uh-huh!

At this time, Ye Feng flew directly towards the black palace quickly.

Anyway, Ye Feng now understands that the most terrifying thing about this forbidden area of life is the power of death and consumption, which can continuously consume the vitality of living beings, causing people to quickly deplete and grow old, and eventually die.

But now that Ye Feng has the death blessing given to him by the Necromancer, and protected by this layer of death blessing light, Ye Feng is now walking behind this restricted area of life, and he is truly fearless. ??

After all, the biggest problem, which is the problem of life consumption in this life restricted area, has been completely solved.

Uh-huh!

When Ye Feng came to this black palace, he immediately saw a very terrifying scene.

At the entrance of this black palace, white bones spread for several kilometers.

The bones of white bones paved a long road, which looked very visually impactful.

Moreover, Ye Feng could sense a very powerful and ancient energy fluctuation from these bones.

This shows that when these skeletons were alive, it can be said that almost all of them were very powerful beings.

After all, after so many years of death, the bones still emit such strong energy fluctuations.

At this time, Ye Feng was a little frightened. He walked on the bone passage and came to the black palace.

Staring at the black palace in front of him, the gates on both sides of the palace were all carved with various ancient symbols and patterns.

Ye Feng couldn't understand these symbols and patterns at all.

However, Ye Feng didn't care.

\u003e

At this time, Ye Feng dodged directly into the black hall.

Suddenly, Ye Feng saw that there was a huge blood-colored pool in this black hall.

In this bloody pool, an extremely tall dark golden demon was lying in the middle of this bloody pool.

This surprised Ye Feng.

But at the next moment, Ye Feng sensed that this tall dark golden demon was completely dead, and all the air exuding from his body was the aura of death.

At this time, Ye Feng walked over and stared at the tall dark golden devil.

Although he has been dead for countless years.

But the golden scales growing on the surface of this dark golden demon's body still exude an immortal light, as if they were made of the strongest steel in the world.

"Protoss Gloves!"

At this time, Ye Feng directly released the God Clan Gloves.

Ye Feng wore the god's gloves and pressed directly on the body of this dark golden demon who had been dead for endless years.

"Buzz!"

Almost at this moment, huge amounts of attribute energy were immediately extracted from the God Clan's gloves and injected into Ye Feng's own body, rapidly increasing the strength of Ye Feng's chaotic body.

boom!

Half an hour later, the strength of Ye Feng's chaotic body finally achieved another huge transformation and breakthrough.

Directly from the early stage of the ninth heaven of the chaotic body, it transformed to the first level of the middle stage of the ninth heaven!

At this time, Ye Feng's eyes suddenly showed joy.

You must know that every improvement and transformation in the strength of the chaotic body, even a small

A small breakthrough can definitely greatly enhance the power of Ye Feng's body, and Ye Feng's comprehensive combat power will become stronger and stronger.

At this time, Ye Feng extracted the entire dark golden demon's attribute power and continued to walk quickly towards the interior of the black palace.

When Ye Feng walked towards the inside of the black palace, he saw a lot of skeletons along the way.

All of these skeletons were white and exuded a strong aura of death.

Every once in a while, a skeleton appears.

Among these skeletons, Ye Feng discovered that there were humans, demons, and some races that even Ye Feng could not recognize.

But without exception, they all became corpses and skeletons.

Moreover, all of them have lost all their life essence.

"It seems that this black palace is very scary."

Ye Feng couldn't help but murmur at this time.

Emperor Chu suddenly spoke in his mind: "The aura of death in this black palace is indeed strong to the extreme. It is very terrifying. If you don't believe me, you can put your hand out of the black light shield formed by the Necromancer."

"I'll give it a try."

Ye Feng was also very curious at this time.

How terrible is the death energy in this black palace that it can make so many ancient powerful men fall here, and only a white bone hand is left, which really looks very weird. .

At this time, Ye Feng directly stretched out a hand and stretched it out of the black light shield around him.

Wow!

The moment Ye Feng stretched out his hand, suddenly Ye Feng's palm seemed to have entered a piece of boiling water. His entire skin and flesh rotted rapidly, and then the entire palm was corroded into A white bone

Head palm.

"hiss!"

Ye Feng endured tremendous pain, quickly retracted his hand, and then circulated his blood energy. Flesh and skin grew out of his palm again, returning to normal.

But at this time, Ye Feng had a clear understanding of the aura of death outside the black mask.

If it weren't for the death blessing cast by the Necromancer on him, and with the resistance of this black mask, he might have been the same as the skeletons around him.

At this time, Ye Feng finally understood why these ancient powerful men were so much stronger than himself and still died here.

Because the aura of death in this black palace is really terrifying.

You know, Ye Feng's current Chaos Body has been upgraded to the first level of the middle stage of the Ninth Heaven of Chaos Body.

The strength and hardness of the Chaos Body are almost comparable to some magical weapons.

But even so, Ye Feng's chaotic body was still corroded into a white bone palm by the death energy outside in an instant. This was really terrifying.

At this time, Ye Feng was very lucky that he had a necromancer from another world in his mind.

Otherwise, I might not be able to enter this black palace at all.

At this time, Ye Feng asked in his mind: "Senior Necromancer, your black light shield should be able to continue to resist these terrifying auras of death, right?"

The Necromancer said aloud in his mind: "Enter the depths of the black palace with confidence. No matter how terrifying these death auras are, they cannot harm you."

When Ye Feng heard the Necromancer's assurance, he immediately felt relieved.

The Necromancer is indeed a terrifying existence at the level of an alien master.

Although the Necromancer has just stepped into the realm of domination, it is the realm of domination after all, and it is very supreme.

Chapter 3292 The Heart of the Demon

For Ye Feng, he knew that entering this black palace this time might be a huge opportunity for him.

As for the danger contained in this black palace, it is probably related to the ancient power of death.

With the help of the Necromancer, Ye Feng felt a lot more confident.

Moreover, in fact, in addition to having the Necromancer to help him, Ye Feng also has another important reason why Ye Feng is not afraid of everything here, that is, there is a death gem in Ye Feng's body.

The death gem is the core essence left behind after the death of the master.

Ye Feng has the death gem on his body. If he really encounters the danger related to the mystery of death here, he should not die directly.

So at this time, Ye Feng actually didn't have much fear in his heart and walked directly into the deepest part of this black palace.

When Ye Feng arrived at the deepest part of the black palace, he immediately saw a shocking scene.

I saw that in the deepest direction of this black palace, there was this huge black lotus platform.

On this black lotus platform, there is actually a violently beating heart growing.

This heart exudes majestic vitality, and exudes a very terrifying black aura, which looks very strange and terrifying.

At this time, Ye Feng finally understood why all the life essence disappeared after the death of so many strong men. It seemed that they were all absorbed by this dark heart.

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, do you know what kind of existence this heart is?"

At this time, Emperor Chu also saw the heart on the lotus platform outside in Ye Feng's mind, and he was very surprised and said: "I have heard a legend that in the dark depths of the Demon Realm, there is a special place where there is a special kind of black lotus platform. It is said that the black lotus platform was planted by the extremely powerful demon gods in those days and was specially used to cultivate the next generation of young demon gods. This black lotus platform

The heart that grows should be the legendary Heart of Heavenly Demon. If anyone can obtain the Heart of Heavenly Demon and fuse it into his own heart, he can obtain the source of power of the ancient Demon God in the Heavenly Demon Realm. For the thousands of demons in the Heavenly Demon Realm, They will all have a kind of emperor-like repressive power. In other words, if Ye Feng can get this devil's heart and merge it into your own body and heart, then Ye Feng, you will be equivalent to becoming a devil. The inheritor has a natural suppressive power against any demon clan in the world of demons. "

"Really? That's great!"

Ye Feng heard what Emperor Chu said at this time, and his eyes suddenly showed deep surprise.

Because you must know that the biggest threat to the human race in the Star Territory is the thousands of demons in the Heavenly Demon Realm.

If Ye Feng can really integrate this devil's heart, it will be of huge benefit to him in the future in the Star Territory.

Because in the Star Territory, you may encounter the threat of demons from the Demon Realm at any time.

Moreover, Ye Feng will soon go to the Heavenly Demon Realm with the leader of the Black Demon Sect to fight against the Night Demon Clan.

Originally, Ye Feng's current cultivation level was still far behind that of a super strong person at the master level of the Black Demon Sect, so it probably wouldn't be of much use.

But now, Ye Feng saw hope.

If you can fuse this heart of the demon, then with the blessing of the power of the demon in the demon world, it will definitely be much easier to deal with the demons in the demon world, much easier than ordinary human warriors.

Because Emperor Chu said that human warriors who have fused the heart of the demon have a natural suppressive power against the demons in the demon world, which can reduce the combat effectiveness of the demons and increase their own lethality.

"How to integrate this devil's heart?"

Ye Feng asked in his mind.

"I don't know about this either."

Emperor Chu shook his head in his mind and said aloud: "Ye Feng, you can get close to this devil's heart first. It is said that the devil's heart has its own spiritual intelligence. You can try to communicate with it."

Hearing what Emperor Chu said, Ye Feng nodded slightly and said, "Then I will get closer first."

Buzz!

At this time, Ye Feng quickly walked to the black lotus platform.

"This is....."

Ye Feng suddenly saw that next to the black lotus platform, there was a corpse wearing black gold stripes.

Ye Feng was very familiar with this piece of clothing. It was the unique style of clothing worn by the leader of the Black Demon Sect.

"Could it be that this skeleton is the body of the previous generation sect leader?"

There was a hint of surprise in Ye Feng's eyes.

It seems that the previous generation of sect leader has died.

It's just a pity that the corpses and bones of these strong men have lost all their life energy, and there is nothing left to swallow and absorb.

"This is....."

At this time, Ye Feng suddenly noticed that the previous generation Black Demon Sect leader's bone palm was holding a huge black axe.

This black ax still looks extremely brand new, and it exudes a very terrifying energy fluctuation.

"What a weapon!"

Ye Feng's eyes lit up and he immediately picked up the black ax.

"Dark Demon Battle Axe."

Ye Feng saw that there were four large characters engraved on the surface of the axe.

The Black Demon Battle Ax should be the natal weapon of the previous generation leader of the Black Demon Sect. It is an extremely powerful warrior.

Buzz!

At this moment, Ye Feng is holding the Black Demon Battle Ax in his hand and can sense

It seems that there is an overwhelming terrifying power in it.

Once activated, it will be earth-shattering.

But it's normal to think about it.

The previous generation leader of the Black Demon Sect was an extremely powerful figure.

His natural soldier is naturally extremely terrifying.

At this time, Ye Feng put away the Black Demon Battle Ax, and then stared at the violently beating Heart of the Demon in front of him.

Buzz!

At this moment, Ye Feng took a deep breath, stretched out his hand, and touched the heart of the demon.

"boom!!"

Almost at the next moment, Ye Feng immediately sensed that the dark power like the vast ocean was contained in the heart of this demon, endless, giving people a feeling of vastness and boundlessness.

"Is this the power of the devil?"

Ye Feng's eyes were filled with excitement.

Boom! !

But at the next moment, a large amount of dark demonic energy surged out of the demon's heart.

These dark auras immediately condensed in the heart of the demon and turned into a towering and boundless shadow of the demon god.

"This is the will of the ancient demon god!"

Emperor Chu in his mind spoke out: "Ye Feng, be careful."

At this moment, Ye Feng stared at the will of the ancient demon god and said, "Ferge with me and I will spare your life."

"Hahaha!"

The Demon God's Will immediately let out a sarcastic laugh: "A small human ant dares to covet the heart of this Demon God. As long as it can absorb the blood energy of some living creatures, this Demon God will be able to be reborn. You, the life of the human race, , just give the risk to this devil!"

boom! !

After saying that, the Demon God's Will immediately stretched out a huge dark hand and blasted directly towards Ye Feng.

Chapter 3293 The real demon

The attack of the devil's will was extremely powerful and terrifying. It simply covered the sky and covered everything with darkness.

If it were an ordinary warrior, I am afraid that at this moment, his soul would be instantly wiped out by the will of the devil.

Even at this moment, Ye Feng felt that his soul was darkened for a moment, as if he was about to be pulled into an endless whirlpool of darkness.

"Death Gem!"

At this moment, Ye Feng roared loudly.

boom!

Suddenly, the death gem rushed out of Ye Feng's head.

The next moment, a huge will of domination burst out from the Death Gem.

Buzz!

The will of domination in the death gem is the will of domination at the level of domination.

At this moment, the dominator-level will of death was more majestic and majestic than the will of the devil in front of him.

"boom!"

The will of death burst out with terrifying and boundless domination power, instantly shattering the big hand stretched out by the devil's will.

"What?!"

The devil's will derived from the heart of the demon suddenly revealed a look of deep horror in his eyes: "Humble human boy, how could you possess such a terrifying will to die? Is this... the aura of power from the master? This How is it possible! You are just a humble...ah!"

However, before the words of Demon God's Will could be completely finished, an earth-shattering scream suddenly erupted.

boom!

The Death Gem suddenly struck out with a jet-black beam of light, which hit the Demon God's Will and instantly destroyed the Demon God's Will.

"Crack! Click!"

The entire body of the majestic Demon God's Will was instantly shattered and turned into countless will fragments.

"Swallow!"

At this moment, Ye Feng directly released the Dark Devouring Domain, swallowing up all the fragments of the demon's will after it was shattered.

\u003e

Buzz!

At this time, Ye Feng's soul power was greatly improved in an instant, and he began to transform rapidly.

"boom!"

Level one million!

Ye Feng's soul power intensity suddenly increased from the previous level of 910,000 to one million levels!

At this moment, when Ye Feng's soul power intensity increased to one million levels, he felt that his soul power level had undergone a qualitative transformation!

At this moment, after Ye Feng relied on the Death Stone to destroy the devil's will, Ye Feng no longer needed to communicate with the devil's heart, he could just forcibly refine it!

"boom!"

At this time, Ye Feng directly stretched out a hand and pressed it on the Demon's Heart in front of him.

Then at this moment, Ye Feng directly released his power and began to refine the heart of the demon in front of him.

At this moment, the demon's will in the heart of the demon has been destroyed by Ye Feng using the death gem.

So at this time, Ye Feng did not encounter any obstacles. He quickly completely refined the heart of the demon and then integrated it into his body.

Ye Feng has also integrated many powerful hearts before, but now Ye Feng's heart has a very strong endurance.

Therefore, after integrating the Heart of the Demon at this time, it did not have any impact on Ye Feng's body, nor did it cause any damage.

Ye Feng's heart endurance has reached a very terrifying level.

So at this time, Ye Feng was very successful in integrating the Heart of the Demon.

boom!

When Ye Feng successfully fused the Heart of the Demon, he immediately sensed a very huge dark power, which began to surge in every inch of flesh and blood in his body.

Ye Feng immediately felt that at this moment

He seemed to have inexhaustible dark power, and he was no longer afraid of the death aura around him.

At this time, the Necromancer also removed the energy mask around Ye Feng.

At this time, Ye Feng's entire body was completely exposed to the rich aura of death in the entire restricted area, but it had no impact at all.

Ye Feng's body was not corroded by the surrounding death aura. Instead, after fused with the heart of the demon, Ye Feng became very kind to this death aura.

At this time, Ye Feng tried to start swallowing these death auras.

Boom!

After this death energy was swallowed up, it was all injected into Ye Feng's Demonic Heart. Then, after being digested by the heart, it fed back pure power, rapidly strengthening Ye Feng's skills.

This discovery made Ye Feng's eyes suddenly reveal a look of deep surprise. He directly continued to increase his devouring power and began to crazily devouring the surrounding death aura.

You must know that although this life restricted area is only a part, it is equivalent to a very wide small world, and the space is still very huge.

Therefore, the death energy contained in it is also very majestic.

At this moment, with Ye Feng's devouring, Ye Feng's skill was greatly improved, and his cultivation level also began to make rapid breakthroughs.

After all, this is an entire small world with a huge reserve of death energy.

"boom!"

The fifth level of Dao Creation Realm!

"boom!"

The sixth level of Dao Creation Realm!

"boom!"

Creation Dao Realm Seventh Heaven!

"boom!"

The eighth level of Dao Creation Realm!

"boom!"

The ninth level of Dao Creation Realm!

"boom!"

The tenth level of Dao Creation Realm is complete! !

At this time, Ye Feng's cultivation aura finally stopped completely.

Buzz!

Ye Feng's eyes were shining brightly, and he looked very powerful.

At this time, Ye Feng's cultivation level suddenly broke through so much. He went directly from the fourth level of the Creation Realm to the tenth level of the Creation Realm. His skill was greatly improved, which made Ye Feng's whole aura different. .

Ye Feng's feeling at this moment became even more terrifying and majestic.

At this time, Ye Feng could feel the power like an angry dragon surging rapidly through his limbs, which was very terrifying.

At this time, all the death energy in the entire life restricted area was completely swallowed up.

This small world cannot be called a death forbidden zone, because the most terrifying death aura was indirectly eliminated by Ye Feng.

At this time, Ye Feng walked directly towards the outside of this restricted area of life.

But at this moment, Emperor Chu suddenly spoke in his mind: "Ye Feng, wait a minute, there seems to be a very obscure energy fluctuation under this palace. Lift up this palace and take a look."

This black palace may be a sacred place among some demons in the demon world.

But for Ye Feng, there are no taboos at all.

boom!

So at this time, when Ye Feng heard what Emperor Chu said, he directly stretched out a hand, condensed a big chaotic hand in the void, and suddenly opened the black palace and threw it far away. Like pulling out a carrot.

"This is.....!"

Ye Feng immediately saw a complete and burly corpse lying on the broken ground under the palace.

When Emperor Chu saw this burly corpse that seemed to be very special, his eyes suddenly lit up, and he said excitedly in his mind: "This seems to be the most special and rare creature in the world of demons, a real demon!"

Chapter 3294 Gather in advance

"A real demon?"

When Ye Feng heard what Emperor Chu said at this moment, his eyes widened with curiosity as he stared at the burly demon corpse in front of him.

Because this was the first time Ye Feng saw a real demon.

Although there are various extremely powerful races in the Heavenly Demon Realm, including hundreds of demon clans, the truly powerful ones are naturally the original commanders of the Heavenly Demon Realm, that is, the Heavenly Demon Clan.

But now the demon clan has long been extinct in ancient times. It is said that the super forces from higher realms exterminated the demons.

That's why the so-called top 100 demon clans in the demon world were derived.

Those so-called top 100 demons are absolutely weak in front of the real demons.

But the Demon Clan has long since disappeared into the long river of history.

Not to mention the nobles in the Heavenly Demon clan, even ordinary Heavenly Demons are very rare and almost do not exist in the world.

Unexpectedly, there is a real demon buried in this forbidden area of life. This is a good thing.

Because Ye Feng had practiced the art of puppetry, he could imprint part of his soul and will into the corpse of this demon, making this demon his puppet.

It is equivalent to having a demon clone.

If he had an ancient demon clone, Ye Feng knew that his demon clone would definitely be able to explode with terrifying power.

At this time, with a hint of excitement in Ye Feng's eyes, he walked directly to the corpse of this tall demon, and then began to use the puppetry technique he had practiced, and began to imprint his soul mark on this demon. Inside the corpse's head.

Buzz!

The whole process went very smoothly.

Because this demon has completely died, and Ye Feng has now merged with the heart of the demon, so his own power has the most primitive power of the demon, and it is easy to

Able to control the corpse of this demon.

Half an hour later, Ye Feng successfully refined the corpse of the demon and turned him into his clone.

At this time, Ye Feng's thoughts suddenly moved.

A "swish" sound!

This extremely tall demon corpse stood up immediately.

Although he didn't say a word, he exuded an incomparably terrifying aura.

Ye Feng could feel at this time that this demon was indeed completely dead and could only exert its most primitive power now.

But even the most primitive power of the demon itself is very terrifying and huge, definitely much more powerful than his current self.

In particular, Ye Feng and the leader of the Black Demon Sect will go to the Heavenly Demon Realm, which is full of Heavenly Demon energy. This Heavenly Demon clone will definitely be able to explode with even more powerful power.

Ye Feng was very happy about this. He took out a black robe from his storage ring and let the demon clone wear it.

In this case, the demon clone is like a tall bodyguard, following Ye Feng at all times, exerting a natural oppressive force on outsiders.

But at this time, Ye Feng knew very well that powerful trump cards needed to be hidden, and they could have unexpected effects at critical moments.

Uh-huh!

So Ye Feng temporarily collected this demon clone into his storage ring and released it when needed.

After refining this demon clone, Ye Feng no longer missed it and simply left this small world.

When Ye Feng came out of the small world, he reappeared on the ninth floor of the pavilion.

The guardian elder outside the small world showed deep surprise in his eyes.

Because he never thought that Ye Feng actually came out of that small world alive.

And it came out so quickly!

The guardian elder immediately couldn't help but ask: "What is it like inside?"

Obviously, the guardian elder is also very curious about this small world left by the previous generation of sect masters.

Ye Feng would naturally not say that he had plundered everything inside at this time.

At this moment, Ye Feng just smiled slightly and said aloud: "It's too dangerous inside. I took a quick look and then exited. Otherwise, how could I have come out so quickly."

Hearing what Ye Feng said, the guardian elder suddenly showed a hint of disappointment in his eyes.

But it was normal for him to think about it.

After all, Ye Feng's cultivation level is not very high, he is just relatively powerful among the younger generation.

So it was normal for him to exit in time when he entered such a dangerous little world.

The guardian elder immediately nodded at this time, and then said aloud: "Oh, by the way, the lord of the sect sent me a message yesterday, saying that he had gathered a lot of strong men in advance to complete a mysterious task, lord The Lord is looking for you. I dare not tell Ye Feng that you have entered this restricted world, lest the sect leader will blame me. So Ye Feng, you should hurry up and go to the central hall of our sect to meet the lord of the race. Don't say that I let you enter the small world, otherwise I will definitely be scolded by the lord."

Hearing what the guardian elder said, Ye Feng immediately patted the other party on the shoulder, smiled and said, "Don't worry, I won't tell."

Uh-huh!

After saying that, Ye Feng left the Treasure Pavilion directly.

On the way to the central hall of the sect, Ye Feng's eyes were filled with ocean

Overflowing with joy.

This time I went to Zhenbao Pavilion, and I really got a huge harvest.

Not only has his cultivation strength been greatly improved, but he has also obtained the super weapon Black Demon Battle Ax left by the previous generation of sect masters.

In addition, he also obtained the Heart of the Demon, which contains the power of the ancient demon god.

What's more, I got the most powerful and rare creature in the world of demons, a real demon!

This time, Ye Feng has really grown tremendously.

Originally, Ye Feng and the leader of the Black Demon Sect went to the Heavenly Demon Realm to deal with the Night Demon Clan, but Ye Feng still felt a little unsure.

No matter how powerful Bingyue is, he is still someone else, and he is still very weak.

But now Ye Feng's overall strength has been greatly improved, and he has also obtained a very powerful demon clone.

In this case, Ye Feng is really not afraid of anything anymore, and he is full of confidence and confidence.

Next, on the way to the central hall, Ye Feng went back to his cave and called Bingyue, a mysterious strong woman, together.

When the two came to the central hall, Ye Feng's eyes were slightly startled.

He saw the central hall. In addition to the master of the Black Demon Sect, there were more than a dozen other super masters, and their cultivation was only a little weaker than the master of the Black Demon Sect.

These are very rare masters, and they are probably the friends that the Black Demon Sect leader has made over the years.

In addition, in front of these people, there are thousands of elite teams whose auras and cultivations fluctuate very powerfully. They should all be confidants trained by the leader of the Black Demon Sect himself.

Ye Feng's eyes narrowed slightly when he saw this formation.

He knew that this time the leader of the Black Demon Sect was probably very determined and really wanted to fight to the death with the Night Demon Clan who had been controlling the Black Demon Sect from behind.

Chapter 3295 Night Demon Clan Territory

Swish, swish, swish!

Swish, swish, swish!

Almost at the moment Ye Feng and Bingyue walked into the central hall, everyone in the field suddenly looked at them.

All these looks were filled with curiosity and doubt.

However, they seemed to know the identities of Ye Feng and Bingyue. The leader of the Black Demon Sect should have told them.

But most of the eyes stayed on Ye Feng for a moment, and then moved to Bingyue.

Because the ice moon gives all strong people a very powerful, mysterious and unfathomable feeling.

However, the cultivation aura on Ye Feng's body was relatively weak, and these masters did not care.

After all, these masters are all on the same level as the Black Demon Sect master. ??

Ye Feng's current cultivation level is probably not enough in the eyes of these powerful men.

But at this time, Ye Feng didn't care about the change in his eyes.

Because Ye Feng also knew that his current cultivation would not be favored by these masters.

But Ye Feng smiled slightly in his heart.

Because Ye Feng now has a demon clone in his body.

Once the demon's clone reaches the demon world, it will explode with terrifying power.

It is estimated that when those people see Ye Feng's demon clone, they will be shocked beyond measure by the terrifying power it unleashes.

But Ye Feng knew that the demon clone was his most powerful trump card now.

Ye Feng couldn't reveal this kind of trump card easily.

Because Ye Feng knows that this kind of trump card is a way to save his life. If it is easily revealed, it will not be good for Ye Feng himself. He will only use it at critical moments.

And just when Ye Feng was thinking secretly in his heart, the leader of the Black Demon Sect saw Ye Feng and Bingyue walking over, and immediately greeted them with a smile and said: "You are here, then we can set off directly, we will wait for you.

There are two of us. "

Ye Feng smiled slightly at this time and said: "Okay, let's set off directly."

The leader of the Black Demon Sect nodded, then jumped up and flew quickly towards the outside of the central hall.

Swish, swish, swish!

Swish, swish, swish!

Everyone saw the leader of the Black Demon Sect flying towards the outside of the central hall, and they all followed him.

Ye Feng looked at Bingyue beside him at this time, smiled and said: "Then let's go too."

Bingyue was still taciturn. At this moment, her beautiful eyes were staring at Ye Feng, and she just nodded slightly and said, "Okay."

After saying that, Bingyue was still beside Ye Feng, inseparable.

Next, the two of them also jumped up and quickly chased in the direction of everyone.

When a group of people appeared densely above the sect outside the central hall, they immediately attracted the attention of many disciples in the sect.

Many sect disciples looked at the group of people high in the sky with envy.

Because they know that only those with the most powerful talents can follow the sect leader to complete a mysterious mission.

Being able to join this team is definitely a symbol of honor.

Under the envious gazes of the Black Demon Sect disciples, the group quickly left the Black Demon Sect's sect territory and flew towards the dark forest outside.

Half a day later, the leader of the Black Demon Sect led a group of people to the intersection of the Star Territory Earth and the Heavenly Demon Realm.

There are all kinds of void turbulence and space cracks everywhere here, which is very dangerous.

But for the

For many experts in the field, they simply ignore the dangers at the intersection of interfaces.

Because whether it is a dozen super masters on the same level as the Black Demon Sect Master, or the thousands of elite teams trained by the Black Demon Sect Master himself, they are all masters among masters, very powerful.

At this time, the leader of the Black Demon Sect suddenly stopped in front and stood at the intersection of this interface.

Everyone cast their doubtful eyes on the leader of the Black Demon Sect, because they didn't know why the leader of the Black Demon Sect stopped suddenly.

At this moment, the leader of the Black Demon Sect suddenly turned around and looked at the people behind him, then took out a black palace from his storage ring, and then said aloud: "Next, I need to act alone, you guys enter Among the treasures in my hand, when I sneak into the territory of the Night Demon Clan, I will release you all and catch the Night Demon Clan by surprise."

Hearing what the leader of the Black Demon Sect said, everyone suddenly realized.

At this time, Ye Feng's eyes moved slightly.

The plan of the leader of the Black Demon Sect is really good.

At this moment, the leader of the Black Demon Sect nodded, and then threw the black palace in his hand into the air.

Wow!

Almost at the next moment, this small black palace expanded rapidly and turned into a huge palace.

At this time, the leader of the Black Demon Sect looked at the people in front of him and said loudly: "Everyone, please enter the palace quickly."

"good."

Everyone nodded and quickly flew into the palace.

At this moment, Ye Feng and Bingyue also flew into the palace.

When Ye Feng came to the palace, he immediately saw that the space inside the palace was very large.

It is very large, enough to accommodate tens of thousands of people.

At this time, after everyone entered the palace, the leader of the Black Demon Sect suddenly grabbed it, turned the huge palace into the size of a palm, and then placed it in his storage ring.

Uh-huh!

Immediately, the leader of the Black Demon Sect flew quickly towards the other side of the intersection of the interfaces alone.

Soon, the leader of the Black Demon Sect came to the interface of the Heavenly Demon Realm.

At this time, the leader of the Black Demon Sect identified the direction and flew quickly in a certain direction.

In less than half an hour, the leader of the Black Demon Sect had arrived at the edge of a continuous castle.

This continuous stretch of castle buildings is where the Night Demons live.

The Night Demons are actually not far from where the interface meets.

Otherwise, the Black Demon Sect would not be controlled by the Night Demon Clan.

At this time, the leader of the Black Demon Sect looked at the continuous castle in the distance with a trace of murderous intent in his eyes.

Then he took a deep breath and went directly to the entrance of the Night Demon Clan.

Uh-huh!

Uh-huh!

Almost at this moment, two extremely powerful night demons flew towards the entrance of the Night Demon Clan. They held steel forks in their hands, stared at the leader of the Black Demon Sect, and said loudly: "Who is coming? Give your name!"

At this moment, the leader of the Black Demon Sect took out a pitch-black token and said loudly: "I am the master of the human demon clan trained by the leader of your Night Demon Clan. Now I have something urgent to see your leader. Take me in quickly."

"This is indeed the patriarch's token."

The two night demons holding steel forks nodded immediately, and then led the leader of the Black Demon Sect and walked quickly towards the territory of the night demon clan.

Chapter 3296 The picture appears

Swish, swish, swish!

At this time, the leader of the Black Demon Sect followed the two guards of the Night Demon Clan and walked quickly towards the territory of the Night Demon Clan.

Soon, they came to the area inside the Night Demon Clan.

At this time, the leader of the Black Demon Sect originally wanted to directly release many masters in the palace.

But suddenly he had another plan.

So at this time, the leader of the Black Demon Sect temporarily endured it, but continued to walk quickly towards the central area of the Night Demon Clan with the two guards of the Night Demon Clan, as if he really wanted to go directly to see the leader of the Night Demon Clan.

"This is the place where the clan leader usually rests. You can go in directly."

At this moment, the two Night Demon Clan guards leading the way spoke to the Black Demon Sect Master behind them.

"Thank you both."

The leader of the Black Demon Sect said immediately, and then walked quickly towards the central area.

In the central area of the Night Demon Clan, there is a huge dark castle.

The leader of the Black Demon Sect walked in and immediately saw an extremely tall demon sitting on the throne in the middle of the castle.

This tall demon was covered in pitch-black scales, wore solid armor, and wore a dark golden crown on his head. He looked very imposing and majestic.

This is the leader of the Night Demon Clan.

At this moment, the leader of the Black Demon Sect stepped forward and said respectfully: "See the noble patriarch."

The leader of the Night Demon Clan seemed to be quite confused and couldn't help but ask: "Master of the Black Demon Clan, what's the matter with you? Why did you come here suddenly? Also, the thousands of dollars I asked you to prepare. Have you prepared some ethnic food?"

It has to be said that the leader of the Night Demon Clan is very domineering and powerful. He asked so many questions from the beginning and asked him to prepare food for his clan directly in front of the head of the Black Demon Clan.

The leader of the Black Demon Sect endured the rage in his heart, and said very respectfully at this moment: "Dear patriarch, this time I suddenly passed

I came because I found a very ancient treasure map, which I specially want to dedicate to you, the patriarch. It is said that this treasure map is related to the legendary demon. "

"Demon?"

When the leader of the Night Demon Clan heard the word mentioned by the leader of the Black Demon Sect, his eyes suddenly lit up. He quickly stood up on the throne and said loudly: "Hurry up and present it to me for a look."

The leader of the Black Demon Clan immediately nodded and walked towards the leader of the Night Demon Clan.

The leader of the Night Demon Clan was not at all prepared for the approaching leader of the Black Demon Clan.

Perhaps he would never have thought that the human slave he controlled would have murderous intentions for him.

Uh-huh!

At this moment, the leader of the Black Demon Sect walked up to the leader of the Night Demon Clan, took out an ancient animal skin roll from his storage ring, and then slowly spread it out in front of the leader of the Night Demon Clan.

As the ancient animal skin roll was unfolded, a map pattern appeared inside, and the leader of the Night Demon Clan looked at it very seriously.

But just when the ancient animal skin scroll was opened to the end.

Suddenly, the picture appeared!

A dagger emitting dark light suddenly appeared at the end of the animal skin roll.

At this moment, the leader of the Black Demon Clan glared hard, grabbed the dagger, and instantly stabbed the Night Demon Clan leader who was just a short distance in front of him.

Obviously, the leader of the Black Demon Sect had just entered the territory of the Night Demon Clan and did not immediately release many masters in the palace, just to be able to directly see the leader of the Night Demon Clan and assassinate him.

Because the leader of the Black Demon Sect knows very well that the biggest threat to the Night Demon Clan is the Night Demon Clan's leader. This Night Demon Clan's leader is very powerful and terrifying.

"Pfft!"

Night Demon Clan

The leader seemed not to have thought that the leader of the Black Demon Sect, a humble human slave, would dare to take action against him.

So at this moment, he had no defense at all, and the leader of the Black Demon Sect succeeded.

The small dagger instantly pierced the Night Demon Clan leader's armor and penetrated directly into his body.

"ah!"

A huge pain suddenly made the leader of the Night Demon Clan roar wildly, and directly slapped the leader of the Black Demon Sect in front of him.

"boom!!"

The leader of the Night Demon Clan is very powerful, and a terrifying and boundless power can be unleashed with just a slap. .??.

Even a super master like the leader of the Black Demon Sect was blown away by a slap at this moment, fell hard to the ground of the castle, and spurted out a mouthful of blood.

But at this time, the leader of the Black Demon Sect was very excited.

His blood-stained face was full of deep joy, and he said aloud: "My dagger has ninety-nine of the most poisonous toxins in the world stuck on it. Head of the Night Demon Clan, even if you cultivate No matter how powerful your Night Demon clan is, you will be poisoned by this poison and die!"

"impossible!"

The leader of the Night Demon Clan immediately looked in a certain direction not far away and said loudly: "Heal me quickly!"

Uh-huh!

Almost at the next moment, a dozen demons wearing white robes flew in from an intersection not far from the castle.

When they arrived around the leader of the Night Demon Clan, a white light suddenly emitted from their bodies, which actually allowed the leader's wounds to heal quickly, and the toxins were also being quickly cleaned out.

"This is the Holy Light Demon Clan!"

The leader of the Dark Demon Clan suddenly changed his face and said loudly: "The Holy Light Demon Clan claims to be able to heal any injury in the world? I didn't expect you, the leader of the Night Demon Clan, to

Can you recruit this rare demon? But don't think you have time to treat your injuries. I'm not here alone today. I'm here just to destroy the crazy night demons like you! "

boom!

Almost at the next moment, the leader of the Black Demon Sect finally no longer hesitated and directly took out the palace containing many masters from the storage ring, and then released all the masters.

Swish, swish, swish!

Swish, swish, swish!

Almost at this moment, all the masters flew out of the palace, including Ye Feng and Bingyue.

At this moment, Ye Feng looked around and saw the huge dark castle, and also saw the leader of the Night Demon Tribe who was treating his injuries on the throne. He immediately understood something and immediately said: "Capture the thief first, capture the king.!"

Needless to say, Ye Feng didn't need to say anything at this time. The leader of the Black Demon Sect and a dozen super masters of the same level as him had already united together and attacked in the direction of the leader of the Night Demon Clan in an instant.

At this time, Ye Feng immediately spoke to Bingyue beside him: "Bingyue, help them kill the Night Demon Clan leader. If the kill is successful, remember to collect the body of the Night Demon Clan leader into storage. In the ring, I need it."

"good."

Bingyue nodded immediately, holding the ice sword in her hand, following the leader of the Black Demon Sect and a dozen super masters of the same level, and immediately moved towards the leader of the Night Demon Clan to kill him.

At this time, Ye Feng looked at the other thousands of sect elite teams trained by the Black Demon Sect masters, and shouted: "Others, follow me, go directly to destroy the other demons of the Night Demon Clan! And they will definitely We cannot allow any demons to enter this dark castle, and we cannot delay the sect master and a group of super masters from surrounding and killing the most powerful Night Demon clan leader!"

After saying that, thousands of sect elite teams all knew that Ye Feng was the true disciple of the Black Demon Sect's leader. They all nodded and said: "Okay, we all follow Brother Ye Feng's arrangements! Completely destroy this Night Demon Clan. Destroy it!"

Chapter 3297 Ace Means

At this time, Ye Feng led thousands of elite troops from the Black Demon Sect and rushed out of the black castle and rushed outside.

When they came outside, they immediately saw many members of the Night Demon Clan rushing towards them.

Obviously, the huge movement that just happened in the Black Castle attracted many members of the Night Demon Clan.

There were tens of thousands of Night Demon clan members, all holding weapons in their hands and surrounding them in the direction of the Black Castle.

"kill!"

At this time, Ye Feng's eyes were extremely cold, and he spit out a killing sound coldly.

"Boom!"

"Boom!"

Almost at this moment, Ye Feng, with thousands of elite members of the Black Demon Sect, burst out with terrifying killing energy, and instantly charged towards the Night Demons.

"Pfft!"

"Pfft!"

These members of the Night Demon Tribe may not even realize why so many powerful human beings suddenly appeared within their race.

So when they were not paying attention, Ye Feng led thousands of elite troops and rushed into the Night Demon tribe, instantly harvesting the lives of hundreds of Night Demon tribesmen.

"Damn humans!"

"Cunning humans!"

At this time, the demons of the Night Demon Clan finally reacted, and they all held the weapons in their hands and began to resist.

"Boom..."

Almost at the next moment, the entire field suddenly erupted into an earth-shattering killing aura.

After these demons of the Night Demon Clan reacted, their fighting power was still very powerful.

The entire field immediately fell into a fierce fighting.

At this time, Ye Feng took the lead in charging.

Ye Feng's left hand held the Sword of the Broken King, and his right hand held the Sword of the Broken King.

The Black Demon Battle Ax left behind by the leader of the Black Demon Sect was frantically killing the demons of the Night Demon Clan in front of them.

Ye Feng's combat power has now reached a terrifying level.

And you must know that Ye Feng's chaotic body is very powerful, almost like a humanoid tyrannosaurus.

Moreover, the weapons in Ye Feng's hands were very advanced and terrifying.

Whether it is the Sword of the Ruined King or the Black Devil's Battle Ax, they are both capable of unleashing unparalleled lethality and destructive power.

"Buzz!"

And when Ye Feng led many elite masters to fight against the Night Demons, Ye Feng's body also exuded a dark devouring field.

At this time, Ye Feng was fighting and killing while running the Devouring Domain, quickly devouring the entire blood energy on the battlefield.

Ye Feng's skill immediately improved rapidly.

"boom!"

At this time, Ye Feng's cultivation aura underwent a qualitative transformation.

His cultivation level has successfully transformed from the Great Perfection of the Tenth Level of the Dao Creation Realm to the Half-Step Dao Realm above the Dao Creation Realm.

"I didn't expect there to be a young master like you among the human race!"

Suddenly at this moment, in the chaotic battlefield, a majestic voice suddenly sounded.

boom!

Accompanied by a huge and fierce momentum, a tall young man wearing black armor, holding a dark golden trident in his hand, rushed out of the chaotic battlefield and came to Ye Feng.

This tall young man wearing black armor has a very powerful cultivation aura, and he is a terrifying existence in the ninth level of the Dao Transformation Realm.

He definitely has a very extraordinary status among the Night Demon Clan, otherwise he would not have such a powerful cultivation level.

At this moment, this tall young man in black armor stared at Ye Feng for an instant, and said coldly: "You should be a peerless genius among the human race. It just so happens that today I am going to fight with your peerless genius in the human race." A battle between geniuses, after all, I am very interested in killing human geniuses."

At this time, the tall young man wearing black armor said, and a ferocious smile suddenly appeared on his face.

At this time, Ye Feng's eyes were still extremely calm and indifferent, and he said loudly: "I am also very interested in you strong men of the Night Demon Clan. If I kill you and swallow your blood and energy, It should be able to increase my energy a lot." .??.

"presumptuous!"

At this time, the tall young man in black armor suddenly shouted loudly, with a cold tone: "You are so arrogant! It has always been our great demons who will devour you humans! You How dare you threaten to eat me! It's so presumptuous!"

Boom!

Almost as soon as he finished speaking, the tall young man in black armor held the dark golden trident in his hand and stabbed Ye Feng fiercely in an instant.

"boom!!"

The dark golden trident in his hand suddenly erupted into a shadow of the golden demon, containing boundless destructive power. It hit Ye Feng in an instant and seemed to be able to destroy the entire world.

It must be said that this tall young man from the Night Demon Clan is very powerful and his attacks are very ferocious. He is simply unstoppable.

"The art of eternal great battle!"

"Dark Demon Battle Ax!"

Almost at this moment, Ye Feng burst out with the Eternal Battle Technique, crazily increasing his combat effectiveness.

.

In addition, Ye Feng also grasped the Black Demon Battle Ax in his hand with all his heart, and then burst out with terrifying power, slashing forward fiercely.

boom! !

The black devil's battle ax suddenly burst out into black light, as if it could split the entire world in half, and its power was also very powerful.

After all, it is the natal weapon of the previous generation of Black Demon Sect leader, so it naturally contains boundless power.

Once released, it can simply turn rivers and oceans upside down, and its power can boil like a vast ocean.

"Boom!"

The attacks and weapons of the two collided together, and suddenly the whole surrounding world shook violently.

An earth-shaking roar suddenly erupted on the field.

At this time, after all the destructive power disappeared.

Ye Feng and the young man from the Night Demon Clan couldn't help but take several steps back.

At this time, the weapons in their hands also had cracks.

"What?"

Seeing cracks in the dark golden trident in his hand, the young man from the Night Demon Clan suddenly showed a look of deep shock on his face.

At this time, Ye Feng saw that the Black Demon Battle Ax in his hand was also damaged, and there was a look of surprise in his eyes.

It seems that this young man from the Night Demon Clan is quite powerful.

However, Ye Feng didn't have any fear at all. At this time, Ye Feng directly used his trump card.

"The devil's clone!"

Boom!

The moment the tall and towering black-robed figure of the demon clone appeared behind Ye Feng, the tall young man from the night demon clan not far away suddenly felt an inexplicable fear coming from the depths of his soul.

Chapter 3298 Like the God of War

At this moment, the demon clone appeared for a moment, and immediately exuded an extremely depressing aura.

Heavenly Demon is the rarest and most powerful creature in the Heavenly Demon Realm.

So the moment Ye Feng released the demon clone, the tall young man from the night demon clan not far away immediately felt a kind of fear from his soul.

This is a natural fear that comes from deep within the blood.

"What's this?"

The tall young man from the Night Demon Clan stared at the black-robed figure behind Ye Feng. His originally fierce eyes immediately revealed a look of deep fear.

"Boom!" .???.??

But at this time, Ye Feng didn't bother to say anything at all. He just controlled the demon clone and charged towards the tall young man from the night demon clan, which was very oppressive.

"The demon screams in the sky!"

Boom!

At this moment, the tall young man from the Night Demon Clan suddenly burst out with an extremely powerful attack.

An endless river of black energy directly hit his body, which had a very terrifying impact.

Boom! !

The huge river of black energy directly hit the demon's clone.

But what horrified the tall young man from the Night Demon Tribe was that the attack he unleashed did no harm to the black-robed figure.

The demon clone was still full of terrifying impact. It arrived in front of the tall young man from the Night Demon clan in an instant, and then stretched out a special black hand and grabbed it towards the young man from the Night Demon clan.

"This kind of hand...this is the legendary devil's hand!"

The tall young man from the Night Demon Tribe actually recognized the identity of the Demon.

But he had no time to wonder about anything at this time, because his head had been twisted off by the demon clone in the next moment.

This extremely powerful young man from the Night Demon Clan was immediately killed on the spot.

"So powerful!"

When Ye Feng, who was not far away, saw this scene, his eyes suddenly revealed a look of deep surprise.

This was also the first time he saw the power and power of the demon's clone.

Unexpectedly, the Heavenly Demon Clone has such terrifying strength, and has a natural suppression against demons like the Night Demon Clan in the Heavenly Demon Realm.

Ye Feng also saw just now that the terrifying attack released by this tall young man from the Night Demon clan did no harm to the demon clone.

It seems that the demon clone is immune to attacks from various demons?

"If that's really the case, that would be awesome!"

However, Ye Feng didn't know what the upper limit of this immunity was.

But what is certain is that the Demon Clone in the Demon Realm will definitely be able to sweep away many powerful demons.

At this moment, Ye Feng had a clear understanding of the strength of the demon clone, and he became more and more excited.

This is definitely a powerful trump card in the demon world!

"kill!"

Next, Ye Feng simply stopped hiding the demon clones and directly released the demon clones around him.

The main body and the clone fight and kill together!

No matter what kind of Night Demon you encounter, you can kill it instantly.

During the battle, Ye Feng was also constantly devouring.

Next, Ye Feng devoured many strong men from the Night Demon Clan who were similar in cultivation to that tall young man from the Night Demon Clan.

Finally, the majestic demonic energy caused Ye Feng's cultivation to undergo a qualitative transformation once again.

Boom!

Ye Feng's body suddenly exploded

There was an extremely powerful momentum of cultivation.

At this moment, Ye Feng's cultivation level went directly from the half-step Dao Transformation realm to the real first level of Dao Transformation realm!

"Buzz!"

At this time, Ye Feng's cultivation had completely entered the first level of the Dao Transformation Realm, second only to the master of the Black Demon Sect.

At this moment, Ye Feng could feel the majestic energy surging through his limbs.

The aura exuding from Ye Feng at this time was simply terrifying and depressing to the extreme.

The night demons around him who originally wanted to attack Ye Feng couldn't help but stop, their eyes filled with deep fear. ??

They stared at Ye Feng, feeling the boundless aura emanating from Ye Feng's body. Their eyes were frightened, and they felt that it was not a human boy, but an ancient evil beast wearing human skin. It was extremely terrifying!

At this time, the surrounding night demons were almost killed.

If it were just the so-called elite teams trained by the leader of the Black Demon Sect, they would not be able to defeat so many thousands of Night Demons.

After all, the Night Demons are also a very powerful race, ranking 96th among the top 100 demons in the Demon World.

But there happened to be such a scary guy as Ye Feng.

The combined fighting power of Ye Feng and the Demon's clones was simply earth-shattering.

No matter how powerful the Night Demons were, they were unable to resist the combined efforts of Ye Feng and the Demon clones, and they were all killed on the spot.

So at this time, after all the demons in the entire Night Demon Clan were killed, the elite team of the Black Demon Sect led by Ye Feng did not even lose anything.

Because most of the battles and killings were taken over by the clones of Ye Feng and the Demon.

The two clones of Ye Feng and the Heavenly Demon can be compared to thousands of troops together, killing the Night Demon clan in fear, just like a bathing statue.

Bloody Shura!

"Senior Brother Ye Feng is simply amazing!"

At this time, thousands of elite troops from the Black Demon Sect were staring at Ye Feng, who was standing at the front, with deep admiration in their eyes.

Because Ye Feng's performance just now was like an invincible God of War.

That kind of power is really too powerful, and the methods are also very shocking.

Especially the black-robed figure next to Ye Feng, the demon's clone, made everyone see how terrifying it was.

At this moment, Ye Feng's cultivation had reached the first level of the Dao Transformation Realm, and he felt that his strength had been greatly improved.

At this time, Ye Feng killed all the night demons who invaded from outside. He looked at the black castle not far away, preparing to go over and see what was going on.

"Boom!"

But just when Ye Feng was about to go over, cracks suddenly appeared on the surface of the huge black castle, and then suddenly shattered.

Boom!

Boom!

All the strong men of the human race were blasted out by an extremely powerful force and fell to the ground.

Among them is the leader of the Black Demon Sect!

Their eyes were extremely frightened and angry.

"The true form of the Night Demon Clan's Demon God! It's so terrifying!"

Some strong men couldn't help but exclaimed in surprise.

At this time, Ye Feng saw that the leader of the Night Demon Clan had turned into a huge black creature like a demon.

At this moment, the only one who can compete with the leader of the Night Demon Clan is Bingyue.

Bingyue was holding the ice sword in her hand at this time. Every time she slashed with the sword, she released a piece of freezing energy, freezing the leader of the Night Demon Clan who had turned into a black demon god in place, making it difficult for him to move.

Chapter 3299 Really made a fortune

Uh-huh!

When Ye Feng saw this scene, he immediately flew to Bingyue's side and said, "I'm here to help you deal with the leader of the Night Demon Clan."

Bingyue stared at Ye Feng beside her and couldn't help but said: "Your current cultivation level is still too low. It is too dangerous to fight with me now."

When Ye Feng heard Bingyue say this, he immediately smiled and said: "Don't worry, there is no problem, I have it to help."

Uh-huh!

After saying that, the demon clone was controlled by Ye Feng and came to his side.

At this time, Bingyue stared at the black-robed figure that suddenly appeared in front of her, and instantly felt a very threatening feeling.

Bingyue couldn't help but said in surprise: "Is this the clone you refined? I can't feel any life fluctuations, but the combat power must be very strong, even I feel a little afraid."

Ye Feng immediately smiled and said: "You are right, this is my clone, and it can exert extremely powerful power in this world of demons."

After Ye Feng finished speaking, he directly controlled the demon clone and stood with Bingyue beside him.

Then three figures instantly charged towards the Night Demon Clan leader who was not far away.

The leader of the Night Demon Clan flew out of the dark castle at this time and saw that all the Night Demon Clan members outside were dead. He immediately became extremely angry and couldn't help but yelled: "You hateful human ants. ! He actually killed all my Night Demon clan, you all will die!"

Boom! !

At this time, after the leader of the Night Demon Clan finished speaking, a terrifying dark aura suddenly erupted from his body.

At this moment, the head of the Night Demon Clan became even more majestic and taller, like an ancient dark giant, trampling madly in the direction of Ye Feng and Bingyue in an instant, trying to kill them. Crush them all.

"Thousands of miles of ice!"

At this time, Bingyue suddenly launched a very terrifying secret attack technique.

The long sword in her hand suddenly turned into thousands of miles of rivers and mountains shrouded in cold air. Like a long ice dragon, it directly bombarded the leader of the Night Demon Clan, and immediately erupted with a huge roar, directly It just knocked the leader of the Night Demon Clan back several steps.

At this time, Ye Feng controlled the demon clone and directly released the most powerful and violent power of the demon clone.

"Claws of the Demon!"

At this moment, the demon clone stretched out a very terrifying claw. It was pitch black, full of ferocious and terrifying power, and directly bombarded the head of the Night Demon clan leader.

"Pfft!"

The huge head of the leader of the Night Demon Clan was directly broken into pieces by the claws of this demon.

"ah!!"

At this moment, the leader of the Night Demon Clan suddenly let out an earth-shattering scream from his entire body.

"Take advantage of his illness to kill him!"

At this moment, Ye Feng himself had long been lurking in the surrounding void, waiting for an opportunity to move.

At this time, Ye Feng found an opportunity. In an instant, he grasped the Black Demon Battle Ax of the previous generation of Black Demon Sect master, and then directly used the Eternal Battle Technique and the blessings of the gods to crazily increase his combat power at this moment. .

"boom!!"

In an instant, the black demon battle ax in Ye Feng's hand was activated with all its strength, and an extremely terrifying dark power burst out in an instant. In an instant, it struck hard at the headless Night Demon Clan leader, directly killing Ye Feng. The leader of the demon clan was split in half, even the soul was split

Broken, instantly killed.

The leader of the Night Demon Clan is dead!

"hiss!"

Seeing this scene, the leader of the Black Demon Sect and a group of other powerful men of the same level not far away couldn't help but take a breath of air.

They never thought that in the end, they would rely on two "outsiders", Ye Feng and Bingyue.

Especially the tall figure wrapped in black robe next to Ye Feng brought an invisible and terrifying intimidation to everyone. ??

It's like a hidden demon god!

Extremely powerful!

And Ye Feng's final attack was so terrifying that everyone had to pay attention to this young man. He was definitely not as simple as a young genius. He was an existence that was about to grow to a level comparable to super masters like them.

At this time, the leader of the Black Demon Sect was very lucky.

Fortunately, this time he strongly invited Ye Feng and Bingyue to come here.

Otherwise, they would not be able to defeat the leader of the Night Demon Clan who finally transformed into the true form of the Demon God.

If that were the case, it would really be a failure. Not only would they not be able to escape, but the entire Black Demon Sect would be destroyed.

At this time, Ye Feng, with a hint of fiery eyes, put the dead Night Demon Clan leader in front of him into his storage ring.

This is an extremely powerful demon leader, and the blood energy and demon skills contained in it are absolutely unimaginable.

Swish!

At this time, the leader of the Black Demon Sect and a group of masters of the same level not far away came to Ye Feng and Bingyue. They couldn't help but apologize and said gratefully: "Thank you two for your help this time, otherwise, we will probably all die here, and the Black Demon Sect will cease to exist."

At this time, a group of super masters no longer dared to underestimate Ye Feng.

Although Ye Feng's own cultivation level is much weaker than theirs, the real strength that Ye Feng has unleashed has almost caught up with them.

Moreover, Ye Feng's methods are also amazing and brilliant, making people amazed.

For example, the motionless black-robed figure standing next to Ye Feng has no life fluctuations, but it can burst out with terrifying and boundless power.

Everyone is not a fool and has already guessed that this is probably a puppet clone refined by Ye Feng.

It is simply unimaginable that a puppet clone can burst out with such top-notch power. It is simply too powerful.

At this time, Ye Feng was preparing to devour the blood energy of the leader of the Night Demon Tribe contained in the storage ring to increase his own power.

The leader of the Black Demon Sect suddenly said: "This is the Demon Realm after all. Let's not waste time now. We must plunder all the wealth and resources of the entire Night Demon Clan, and then leave here as soon as possible. Otherwise, if others If the demons occupy this place, we will have no chance to collect wealth."

"good."

Hearing what the leader of the Black Demon Sect said, everyone around him couldn't help but nodded excitedly.

Ye Feng's eyes lit up at this moment, he looked at Bingyue beside him, and said loudly: "Let's also quickly search for the wealth of the Night Demon Clan. Although the Night Demon Clan ranks last among the top 100 demon clans in the Heavenly Demon Realm, But after all, he is also a member of the top 100 gods, and the resources of the entire demon clan must be very rich. This time he really made a fortune! "

Bingyue saw Ye Feng's money-obsessed look, and it seemed like it was the first time she saw Ye Feng looking like this.

An inexplicable smile suddenly appeared in Bingyue's beautiful eyes, and she said aloud: "Ye Feng, I will help you find it together. I don't need any wealth from this demon clan. I will give whatever I find when the time comes." you."

Chapter 3300 Rare Trees

Swish, swish, swish!

Swish, swish, swish!

At this time, everyone took action and began to quickly search for various wealth and treasures throughout the territory of the Night Demon Clan.

Ye Feng and Bingyue also joined the search team.

However, others were searching blindly, but Ye Feng exuded his huge soul power at this time, covering the entire territory of the Night Demon Clan, looking for the most valuable wealth and treasures.

Because some things are very common and Ye Feng doesn't need them at all.

Perhaps in the eyes of others, these things are very precious and are treasures. .??.

But to Ye Feng, it was nothing.

What Ye Feng is looking for is naturally high-level and truly useful to him.

At this time, Ye Feng's eyes showed a hint of surprise.

Because he exuded huge soul power, he suddenly noticed a very powerful energy fluctuation somewhere not far away.

Uh-huh!

Ye Feng flew quickly towards the distance in an instant, and soon came to a black mountain.

The huge energy fluctuations that Ye Feng sensed were emanating from this black mountain.

"boom!"

At this time, Ye Feng suddenly stretched out his hand and condensed a huge hand of chaos in mid-air, which directly bombarded the black mountain.

Boom!

At this moment, the entire black mountain suddenly began to collapse violently, and rubble rolled, revealing the scene inside.

A huge golden gate appeared among the collapsed mountain rubble.

On this golden gate, very ancient symbols are engraved, which look like ancient magic texts.

Ye Feng couldn't understand these words, but he felt that this golden gate was definitely something extraordinary.

At this time, Ye Feng couldn't help but ask in his mind: "

Emperor Chu, do you recognize these words? "

Emperor Chu said aloud in his mind: "This is an ancient demon script that seems to be tens of millions of years old. What is recorded on this golden gate should be a very powerful demon inheritance. "

"Demon clan inheritance?"

Ye Feng's eyes suddenly lit up, and then he said loudly: "Emperor Chu, can you understand this set of demon inheritance?"

Emperor Chu nodded slightly and said loudly: "Just give me some time, it should be okay."

"good."

Ye Feng immediately nodded happily, then stretched out his hand and with a "bang", pulled out the golden door like a large stone monument from the ground, and then placed it directly in his mind space. Let Emperor Chu analyze the demonic heritage.

Buzz!

Next, Ye Feng continued to release his soul power and searched the territory of the entire Night Demon Clan inch by inch.

Soon Ye Feng continued to find good things, and he came to a very remote abandoned palace.

Although this palace was very dilapidated, Ye Feng saw at the next moment that there were a lot of raw ores that had not been processed in this abandoned palace.

These ores are all emitting purple-black light and look very magical.

The energy contained in it is very huge, all of which are special ores among the Night Demons, which can provide the Night Demons with huge cultivation energy.

Perhaps ordinary human warriors, even demon practitioners, cannot absorb this dark ore, but Ye Feng can.

Ye Feng's body is like a big melting pot, which can accommodate all things in the world and energy of various attributes, and can absorb and refine them.

"Crash!"

At this time, Ye Feng

He reached out and grabbed all the ores and put them into his storage ring.

Now Ye Feng has no time to waste, so at this time, Ye Feng puts all these cultivation resources into his storage ring, and when he leaves the Heavenly Demon Realm and returns to the Black Demon Sect, he can devour and cultivate them.

Buzz!

Next, Ye Feng continued to exude his soul power and continued to explore.

Uh-huh!

At this time, Bingyue suddenly flew over from a certain direction, directly grabbed Ye Feng's hand, flew in a certain direction, and said loudly: "Ye Feng, follow me quickly!"

Ye Feng was a little surprised and didn't know why Bingyue was so anxious.

Ye Feng couldn't help but ask: "What's going on?"

Bingyue said aloud at this time: "I found a place where many demonic plants grow. These plants are very special and contain huge amounts of life energy. They may be of great use to you."

Bingyue knew that Ye Feng had a very special swallowing power, which could swallow the energy of the outside world and improve his own skills.

So at this time, Ye Feng discovered this energy-rich plant, and naturally couldn't wait to take Ye Feng over to take a look.

At this moment, when Ye Feng heard Bingyue say this, his eyes lit up slightly, and he couldn't help but said, "Then I really want to take a look."

While the two were chatting, they had already arrived at a relatively remote area of the Night Demon Clan's territory.

The land around here is barren.

But even on these barren lands, there are many very tall trees growing at this moment.

These trees are different from ordinary plants.

Every surface of these trees exudes a faint purple-red light.

And the tree trunk is not an ordinary dry tree trunk, it is a kind of jade-like casting.

The jade-rich tree trunks look like works of art.

Looking at these trees emitting purple-black light, Ye Feng's eyes suddenly lit up and he couldn't help but said: "I did sense a very strong wave of demonic energy from them. This kind of tree is too special. It's hard to see, very rare."

At this moment, seeing the happy expression on Ye Feng's face, Bingyue's cold and beautiful face also showed a smile.

Being able to do something for Ye Feng, Bingyue felt that this feeling was very good.

"Crash!"

At this time, Ye Feng didn't hesitate at all and simply stretched out his hand to pull out all these special energy-storing trees and put them into his storage ring.

boom!

But what shocked Ye Feng at this time was that no matter how powerful he was, he could not pull out these trees.

These trees are like iron trees, deeply rooted in the earth of the demon world and cannot be pulled out at all.

Bingyue couldn't help but speak out at this time: "Even with my current cultivation, I can't uproot these special trees, so I'm anxious to bring you here. Otherwise, I would have already given up all these trees." Collected and sent directly to you."

When Ye Feng heard what Bingyue said, his eyes were slightly startled. He didn't expect that even a mysterious strong woman like Bingyue would be unable to deal with such a rare tree.

Ye Feng immediately nodded and said, "If that's the case, then I will devour the demonic energy in these trees on the spot!"

At this moment, Ye Feng was ready to practice directly on the spot.

Wow!

He took out all the Night Demon Clan's ores and the Night Demon Clan's clan leader from the storage ring.

Ye Feng is ready to devour all the resources at once, striving to bring his cultivation level to a higher level!
