

Ancient 3301

Chapter 3301 Mineral Embryo

"boom!"

At this time, Ye Feng suddenly burst out with an extremely powerful devouring force.

A dark devouring realm was formed directly around him, covering all the cultivation resources in front of him.

Whether it is the leader of the Night Demon Clan, the ores stored by the Night Demon Clan, or these rare trees full of energy, huge amounts of energy are quickly released in Ye Feng's Devouring Domain at this moment. It was absorbed and then injected into Ye Feng's own body.

Buzz!

At this moment, Ye Feng suddenly felt that his skill was improving at an incredible speed.

At this time, Ye Feng immediately said to Bingyue beside him: "No matter what happens, don't let anyone get close to me. I want to focus on breakthrough and cultivation."

At this time, Bingyue held the long sword in her hand and said loudly: "Don't worry, no one will approach you."

Ye Feng nodded immediately.

Ye Feng is still very relieved about Bingyue.

The other party is not only powerful, but also takes great care of himself.

At this time, Ye Feng devoted himself wholeheartedly to devouring.

"Boom!"

The huge energy in Ye Feng's body was boiling like a vast ocean.

At this moment, Ye Feng's cultivation aura suddenly began to rise rapidly and continuously.

You know, these are countless cultivation resources among the Night Demon Clan. They are very advanced and have huge energy.

Ye Feng believes that he can definitely improve a lot this time!

At this moment, Ye Feng's body suddenly erupted with huge aura of cultivation.

boom!

The second level of the Dao Transformation Realm!

boom!

The third level of Dao Transformation Realm!

Boom boom boom...

...

In the constant momentum breakthrough, Ye Feng's cultivation level is simply growing by leaps and bounds.

All of a sudden, he broke through the eighth level of heaven.

From the first level of the Transformation Dao Realm, he rushed to the ninth level of the Transformation Dao Realm!

This extremely fast breakthrough made Bingyue, who was protecting Ye Feng not far away, have a hint of surprise in his eyes.

Because she has never seen a guy as ferocious as Ye Feng, who can convert the energy of the outside world into his own energy so quickly, thus achieving unparalleled improvements and breakthroughs in his cultivation.

At this time, all the cultivation resources on the field had been completely refined by Ye Feng.

The body of the leader of the Night Demon Clan was completely suffocated, losing all energy and life essence.

And those piles of ore were absorbed by the energy stored in them and turned into fly ash.

As for the tall trees, they were all withered.

Emperor Chu suddenly said in his mind at this time: "Ye Feng, I have to say, you are simply a disaster to all things."

Of course, Emperor Chu's words contained a hint of ridicule.

At this time, Ye Feng was staring at the barren ground, and suddenly said: "It is absolutely impossible for these trees to suddenly become special trees that store energy. Underneath the roots of these trees, there should be very extraordinary things." s things."

Boom! !

After Ye Feng finished speaking, he stretched out a hand and grabbed the entire ground.

Buzz!

A huge palm of chaos suddenly appeared in the entire sky. Like a terrifying excavator, it dug up the entire ground at once, revealing the scene under the ground.

"That is....."

Ye Feng saw the scene under the ground, and his eyes suddenly showed a hint of shock.

I saw a huge ancient stone statue appearing under the ground where special trees grew.

This ancient stone statue is emitting purple-black light and contains endless energy.

Like those special trees before, the energy emitted is very pure and advanced dark energy from the demonic world.

At this moment, Ye Feng stared at this ancient stone statue, and his eyes suddenly showed deep excitement. He couldn't help but said: "This seems to be a naturally formed embryo of a mineral vein. If it takes another few thousand years, If so, perhaps this mineral vein embryo can grow into a living creature, but it seems that it has not been fully conceived yet. The formation of a mineral vein embryo is estimated to take hundreds of thousands, or even tens of millions of years, and contains the entire The essence of the earth."

At this time, Ye Feng discovered the mineral vein embryo. Without any hesitation, he directly released the Devouring Domain and continued to devour the energy of the mineral vein embryo.

You must know that the formation of this kind of mineral vein embryo requires tens of millions of years of accumulation of earth energy.

Therefore, when Ye Feng swallowed it at this time, he immediately felt huge waves of energy, which instantly entered his body.

An extremely terrifying dark energy suddenly burst out from Ye Feng's body, causing Ye Feng's whole body to erupt with black light.

It's like a demon god, reborn on the same spot!

"What a terrifying dark energy fluctuation!"

"What happened over there?"

At this time, a group of masters from the Black Demon Sect not far away were alarmed by this terrifying dark energy fluctuation, and they flew over one after another, as if they thought that some very terrifying powerful demon from the demon world had descended here.

.

But when they discovered Ye Feng's condition, they were immediately shocked by Ye Feng's condition at this moment.

At this time, the leader of the Black Demon Sect couldn't help but said: "What's wrong with Ye Feng? Has there been any magical change?"

Bingyue's eyes were extremely cold at this time, staring at everyone, and just said lightly: "Ye Feng is currently concentrating on his practice. Don't say anything more, don't disturb his practice."

Hearing what Bingyue said, the masters of the Black Demon Sect nodded and then left.

After all, they were really afraid that Ye Feng would be taken over and controlled by the will of some old monster among the night demons.

In that case, it would be more troublesome.

At this time, since Bingyue, Ye Feng's best friend, said that Ye Feng was fine, they were relieved.

At this time, Ye Feng, who had swallowed the entire mineral vein embryo, suddenly began to erupt with very powerful cultivation aura.

"boom!"

The tenth level of the Dao Transformation Realm!

"boom!"

Half step to the divine realm!

"boom!"

The first level of the divine realm! !

At this time, Ye Feng's cultivation had undergone an unprecedented transformation, and he directly stepped into the realm of spiritual connection above the realm of transformation, this new realm of cultivation.

At this moment, Ye Feng's cultivation level is already comparable to that of the master of a small sect like the Black Demon Sect!

I have to say that this time Ye Feng came to the Night Demon Clan, he really gained unprecedented gains, and his cultivation level improved too much.

It can be said to be a surge in cultivation!

This kind of opportunity is very rare, but Ye Feng completely seized it this time, devouring it to his heart's content, and achieved a huge leap in his cultivation strength!

Chapter 3302 The Real Super Sect

At this time, Ye Feng stood up directly on the spot, feeling the huge energy surging in his body, and his eyes were extremely bright.

Ye Feng never expected that this time he would break through a whole realm at once.

From the realm of Hua Dao, he directly broke through to a completely new level of the realm of Tongshen!

Originally, the realm of divine connection was a powerful cultivation level at the level of the master of the Black Demon Sect.

Ye Feng originally thought that he was still very far away from this realm.

Unexpectedly, this time when he came to the Night Demon Clan, he would actually complete a gorgeous transformation.

He was directly promoted to a powerful existence on the same level as the leader of the Black Demon Sect.

At this time, Bingyue, who was protecting the law not far away, saw Ye Feng recovering from his cultivation state and immediately walked up to him.

There was also a trace of surprise in her beautiful eyes, and she couldn't help but say: "Ye Feng, you are really the most ferocious practitioner I have ever seen."

To be able to let such a cold being as Bingyue say the word "ferocious" is enough to show her surprise at Ye Feng's cultivation method just now.

At this time, when Ye Feng heard what Bingyue said, he just grinned and said: "I have always practiced like this, otherwise, I would not be able to reach this level."

Bingyue nodded slightly and said aloud: "Your swallowing ability is the rarest ability I have ever seen. Although I have seen some creatures who can practice by swallowing the power of the outside world, I have never seen anything like you. You are not picky about food at all, you can swallow any power, even the energy of the demon world that is completely different from your own original power, you can swallow it for your own use, which is really incredible. "

Although many other practitioners, or other races, may also possess the ability to devour.

But basically they can only swallow energy of the same attribute as themselves.

If you swallow other energy with different attributes, you will explode and die.

But Ye Feng is not like this.

Ye Feng not only has the ability to devour, but he can also accommodate various attributes of power. This is the truly invincible ability.

Otherwise, the swallowing ability of a single attribute is actually not very powerful.

Being able to swallow up energy of various attributes and use it for yourself is truly powerful.

At this time, Ye Feng looked in a certain direction not far away, and suddenly seemed to notice something. He couldn't help but said: "Let's get out of here quickly. I sensed a very terrifying demonic aura. Flying this way, other powerful races in the Demon Realm must have noticed the movement here and rushed over at this time. "

Although Ye Feng's cultivation has been greatly improved and his strength has been greatly increased, he is not arrogant enough to fight against the powerful demons in the entire demon world.

So at this time, Ye Feng naturally stopped as soon as he saw the opportunity.

He has received huge benefits from the Night Demon Clan.

At this moment, Bingyue also nodded slightly, and then followed Ye Feng to fly not far away.

Ye Feng found the leader of the Black Demon Sect and a group of experts. After explaining the situation, everyone immediately left here together, and soon they were completely away from the Night Demon Clan territory.

In less than half a day, everyone left the Heavenly Demon Realm and returned to the Dark Forest and the Black Demon Sect from the interface intersection.

At this time, the leader of the Black Demon Sect looked at Ye Feng in front of him, couldn't help but solemnly clasped his fists, and said gratefully: "Thank you so much this time, Ye Feng, otherwise, we might all be buried in the night. The Demon Clan leader's men have completely eliminated the Night Demon Clan this time, and our Black Demon Sect should not be in any great danger in the future."

Ye Feng just smiled slightly and said: "I also got huge benefits from it. By the way, take the next step."

Come on, I'm ready to leave here. We are destined to meet again in the world. "

Uh-huh!

After saying that, Ye Feng jumped up and disappeared directly in the sight of the Black Demon Sect leader and a group of magic masters.

Bingyue also chased in the direction Ye Feng left.

Ye Feng's cultivation has now been upgraded to the same level as the leader of the Black Demon Sect, so there is no danger at all when crossing the entire dark forest.

And there is Bingyue, a mysterious strong woman, around her.

The two quickly traveled through the entire dark forest and returned to the northern wilderness of the human race.

Bingyue asked aloud: "You left the Black Demon Sect just like that? Don't you have any nostalgia at all?"

When Ye Feng heard Bingyue's question, he immediately smiled and said: "My goal in the Black Demon Sect has been achieved, and it far exceeded my expectations. I am already very satisfied, and I don't I may have stayed in the Black Demon Sect. After all, for me, the most important thing now is to pursue more powerful power, and my final destination is to go to the Galaxy Dynasty, the center of the Star Territory. However, before heading to the Galaxy Dynasty, Before, my cultivation level had to become very strong, so the Black Demon Sect was no longer suitable for me to stay. After all, it was just a small human sect in the Northern Wilderness. What I wanted to go to now was the real super sect in the Northern Wilderness. Gate, the Five Emperors Divine Sect."

"Five Emperors Divine Sect?"

When Bingyue heard Ye Feng say the name of this sect, there was a hint of doubt in her eyes. She had obviously never heard of the Five Emperors Divine Sect.

Ye Feng's heart moved slightly when he saw Bingyue's expression.

It seems that Bingyue's true identity has nothing to do with the Five Emperors Divine Sect.

Otherwise, there would be no fluctuation at all.

Ye Feng couldn't help but guess at this moment, where did Bingyue come from?

But Ye Feng didn't hesitate. No matter what, he would help.

Bingyue found her true identity.

At this time, Ye Feng discerned the direction and flew directly towards the center of the Northern Wasteland.

Ye Feng's cultivation level was too low before and he did not dare to enter the Five Emperors Sect rashly.

But now, Ye Feng's cultivation level has been greatly improved, and he has entered the first level of the divine realm, and his strength is comparable to that of the sect masters of some small sects.

The Great Emperor of Beihuang should be considered a good master among the human race.

In this case, Ye Feng is not so worried when he goes to the Five Emperors Divine Sect.

And you must know that Ye Feng still has an old friend in the Five Emperors Divine Sect.

That is the only person in the Five Emperors Divine Sect's four thousand years to win the title of "Sixth Emperor", Senior Bei Wentian!

"When we get to the Five Emperors Divine Sect, Senior Bei Wentian will probably be shocked when he sees that my cultivation has improved so much."

Ye Feng was thinking secretly in his heart at this time.

After all, when he and Senior Bei Wentian separated, it was only a few months ago.

Having grown so much in a few months, Ye Feng felt that even a super strong person like Bei Wentian would be very shocked.

"The Five Emperors Divine Sect, this is the real super sect in the Northern Wilderness. Entering it can greatly improve my cultivation level again, and I also want to see how Senior Bei Wentian's life is going."

At this time, Ye Feng and Bingyue were rushing on their way while secretly planning in their hearts.

After all, Ye Feng knew that although Bei Wentian had been rescued from thousands of years of shackles, Bei Wentian's life source had been greatly depleted and his time was running out. He didn't know how the senior was recovering now. That's it.

Ye Feng naturally does not want senior Bei Wentian to have any life crisis. After all, Ye Feng knows that if he really wants to enter the Five Emperors Sect, Bei Wentian will be his biggest supporter.

Chapter 3303 Masters on the Mountain and River List

Along the way, Ye Feng did not waste time and walked quickly on the northern wasteland.

Bingyue was still very taciturn. Anyway, she had been following Ye Feng, inseparable.

That night, Ye Feng and Bingyue came to a huge city.

This city is where humans gather. .??.

Ye Feng was going to enter the city, take a rest, and find out where the Five Emperors Divine Sect was.

Because Ye Feng has now arrived at the center of the Northern Wilderness.

When Ye Feng arrived at the city, his eyes suddenly moved slightly.

Because he sensed a very secret dark demonic energy hidden throughout the city.

Ye Feng looked at Bingyue beside him. Bingyue also looked at Ye Feng at this time, her beautiful eyes flickered slightly, and she seemed to have noticed something was wrong.

There was a trace of surprise in Ye Feng's heart.

Unexpectedly, this place is in the central area of Northern Wasteland, and we can actually encounter the city where the demons are lurking.

However, Ye Feng didn't do much at this time. He and Bingyue found an inn in the city and stayed there temporarily.

In the afternoon, Ye Feng walked out of the inn, found a trading market in the city, and bought a map of the entire Northern Wasteland.

Although this map is not detailed, most locations in the entire Northern Wasteland are marked on it.

At this time, Ye Feng's eyes showed a hint of surprise.

Because he discovered that the location of the Five Emperors Divine Sect was not far away.

The Five Emperors Divine Sect is a super large sect, covering an extremely huge area.

Ye Feng breathed a sigh of relief. It seemed that he was flying in the right direction and was almost reaching his destination.

After buying the map, Ye Feng returned to the inn without wasting time.

night.

r\u003e

Ye Feng and Bingyue were both meditating in the room.

But in the middle of the night, Ye Feng and Bingyue suddenly opened their eyes.

"What a strong demonic energy!"

Ye Feng couldn't help but speak out at this moment.

Bingyue also nodded slightly.

At this time, Ye Feng and Bingyue opened the windows of the inn and looked outside.

The two people immediately saw that very strong demonic energy appeared in the uppermost sky of the city.

These demonic energies were very strong, covering the entire sky, blocking out the sun, and looking very dark and depressing.

At this moment, Ye Feng couldn't help but said: "Could it be that the demon clan was sensed during the day and took action at night? It seems that we are not lucky. As soon as we arrived in this city, the demon clan lurking in this city was... We have begun to take action. If we dare to take action so close to the Five Emperors Divine Sect, our cultivation methods must be very extraordinary. Let's be careful."

Hearing this, Bingyue nodded slightly.

Although Bingyue is an ancient strong woman with a very mysterious origin, her current cultivation level is far from fully recovered, so her strength is limited.

When you reach the central area of the Northern Wilderness such as the Five Emperors Divine Sect, which is the real core of the Northern Wilderness, there are all kinds of powerful people everywhere, so naturally you have to be careful.

"boom!!"

Suddenly at this moment, a huge and boundless demonic energy surged out from the depths of the city's underground and enveloped the entire city in an instant.

At this moment, Ye Feng and Bingyue saw a huge demon appearing under the night sky.

This demon has dark golden scales all over its body.

It has two wings and a huge dark golden horn on the top of its head, which looks very ferocious and terrifying.

Ye Feng sensed that the aura of cultivation exuded by this ferocious demon clan was clearly the tenth level of the Divine Realm of Perfection!

This kind of cultivation is already very terrifying!

You know, Ye Feng has grown up for so long before he broke through to the first level of the Divine Realm.

At this moment, Ye Feng saw this giant-horned demon clan, above the night sky, with a pair of red eyes, emitting a terrifying light, full of greed, staring at the entire city in the darkness.

After all, this entire city is home to thousands of human residents, and most of them have many powerful warriors.

Therefore, this giant-horned demon is very greedy. If he can devour all the human warriors in the entire city, his magic power will be greatly improved.

At this time, Ye Feng was ready to take action. After all, this was about the lives of countless human beings in the entire city.

But Ye Feng didn't wait for Ye Feng to take action.

Suddenly, a rather majestic young man's voice suddenly exploded under the night sky!

"The giant-horned demon clan! How brave you are! You dare to harm my people here! You can't escape today!"

boom!

Almost at the moment the young voice fell, a young man wearing a white robe, holding a star-colored sword in his hand, suddenly appeared in the night sky.

This young man exuded an extremely powerful aura of cultivation, and the light from his body cut through the darkness and landed directly on the city.

At this moment, the mysterious young man's loud shout caused all the residents in the city, including the human warriors who temporarily lived here, to wake up from their deep sleep at night.

Swish, swish, swish!

r\u003e

Swish, swish, swish!

At this time, all the residents in the city ran out of their respective houses and looked at the scene high in the sky.

"Oh my god! Our city is actually completely enveloped by such a thick demonic energy!"

"That's a terrifying demon clan! I didn't expect such a terrifying demon clan to appear in a place like ours!"

At this moment, all the tribe residents screamed in surprise, their eyes filled with fear.

But when they saw the mysterious young man on the other side cutting through the darkness and glowing with light, their eyes suddenly revealed a look of deep surprise.

"That's a disciple of the Five Emperors Divine Sect! The clothes he's wearing are the clothes of a disciple of the Five Emperors Divine Sect!"

"I recognize it! This disciple of the Five Emperors Divine Sect seems to be Jun Wuxie, the younger generation of the Five Emperors Divine Sect who is ranked 108th on the 'Mountain and River Ranking'!"

At this moment, many residents in the city couldn't help but exclaimed in surprise.

"A disciple of the Five Emperors Divine Sect?"

In an inn in the city, Ye Feng's eyes moved slightly.

Hearing the comments from the people around him, he didn't expect to meet a disciple from the Five Emperors Divine Sect here, and he wasn't just an ordinary disciple, he seemed to be a super master on some ranking list.

"The Five Emperors Divine Sect is indeed the most powerful super sect in the Northern Wilderness. The disciple ranked 108th on the mountain and river list actually has a cultivation level that surpasses the first level of the Meditation Realm of the Divine Realm!"

Ye Feng couldn't help but murmur at this moment.

The young man who was known by everyone as the disciple of the Five Emperors Divine Sect was standing in the night sky with his whole body exuding light. The aura of cultivation that emanated from his body had clearly surpassed that of the Divine Realm, and he was a strong man in the Meditation Realm above!

Chapter 3304 Attack is ineffective

At this time, Ye Feng knew that he could watch the show for the time being.

This master of the Mountain and River List from the Five Emperors Divine Sect seems to be called Jun Wuxie. He is still very powerful and has a high level of cultivation.

"Damn it! I didn't expect you to come again!"

At this time, the tall and majestic giant-horned demon stared at Jun Wuxie with his red eyes, showing deep fear in his eyes.

"cut!"

Jun Wuxie shouted coldly and slashed down the long sword in his hand. ??

boom!

A sword light as bright as a star instantly cut through the darkness and killed the giant-horned demon clan directly.

Poof!

Before the giant-horned demon could even react, one of his arms had been cut in half by Jun Wuxie's sword light.

The broken arm fell directly from the sky.

"hateful!"

The giant-horned demon's eyes turned red, and he suddenly shouted: "Jun Wuxie, do you know why I am lurking here? Not only for the sake of the human blood in the entire city, but also because, buried under this city, A very ancient tomb of the ancient demon clan. Endless years have passed since this tomb of the demon clan has been able to be connected with the general trend of the surrounding world. With the help of the power of our ancient demon clan predecessors, I can burst out Far beyond my current strength, I will kill you, the hateful human master Jun Wuxie, here today!"

boom!

Almost at the moment when the giant horned demon clan finished speaking, the entire city suddenly began to shake.

Then the ground under the city quickly cracked and shattered.

Looking through the cracks in the ground toward the ground, you can see that there is actually a huge coffin and tomb deep in the ground.

Infinite terror and majestic demonic energy was released, and all of it surged out at once, and was directly poured into the body of the giant-horned demon clan.

Buzz!

Then the entire body of the giant-horned demon clan,

Suddenly it began to become very tall and majestic, turning into an ancient troll.

And in addition, the entire city, including the surrounding heaven and earth, is shrouded in a huge field of demonic energy.

In other words, the entire city, including the surrounding heaven and earth, are all trapped in this realm of demonic energy.

In this realm of demonic energy, the giant-horned demon clan's entire combat effectiveness was immediately greatly enhanced. He was blessed by the power of the demon clan's ancient tomb.

"Um?"

Seeing this scene, Jun Wuxie, a disciple from the Five Emperors Divine Sect, suddenly had a look of deep surprise in his eyes.

He never thought that the city where the giant-horned demon clan lurked would be such a special place, and that there would be a large tomb of an ancient demon clan buried under the city.

Moreover, this giant-horned demon clan can also be connected with the power of the entire tomb, which greatly enhances the combat power of the giant-horned demon clan.

"when!"

At this time, Jun Wuxie once again shot out a bright sword light, but it was unable to cut through the arm of the giant-horned demon.

Because, at this moment, this giant-horned demon clan is covered with pitch-black scales. These scales are like the strongest armor, capable of resisting the sharpest attacks in the world.

At this time, the giant-horned demon casually crushed the sword light that Jun Wuxie was killing, then showed a ferocious and evil smile on his face, stared at Jun Wuxie, and said in a bloodthirsty voice: " Jun Wuxie, although your cultivation level is higher than mine, now that I am relying on the power from the tomb of our ancient demon ancestors, my entire body is indestructible. You will definitely die today!"

boom!

When the giant-horned demon clan was fighting, the huge body of the giant demon broke through the void in an instant, and came to you in an instant.

In front of Wu Xie, a huge demonic palm suddenly stretched out and struck towards Jun Wu Xie.

This huge devil's hand is extremely terrifying, possessing boundless pressure and power.

And in addition, the palms of this giant-footed demon are also covered with pitch black scales, which are very strong.

At this moment, the bombardment hit in front of Jun Wuxie, and Jun Wuxie slashed out the star sword in his hand.

But at this time, the Star Sword was struck back by the giant-horned demon's palm.

"hateful!"

At this moment, a trace of blood overflowed from the corner of Jun Wuxie's mouth.

His eyes suddenly became a little frightened and angry, and he couldn't help but said: "How could your power increase so high all of a sudden?"

At this time, the giant-horned demon just smiled coldly and said: "Now I have been blessed by the power of our demon clan's ancient predecessors. You are just an inner sect disciple ranked at the bottom of the mountain and river rankings. There is no way you can be me." opponent."

boom! ??

boom! ??

boom! ??

At this moment, after the giant horned demon clan finished speaking, it continued to release a terrifying attack.

He doesn't use any so-called demon secret skills at all, and his physical strength alone is enough to crush a human master like Jun Wuxie.

Although Jun Wuxie's cultivation is very strong and he is a master of swordsmanship among the human race, Jun Wuxie's own strength is not strong and his body is very fragile. He cannot compete with this giant-horned demon that looks like a heavy tank.

Next, under the horrified gazes of everyone, Jun Wuxie was directly knocked to the ground and buried in the ruins, struggling with an ugly look in his eyes.

Because Jun Wuxie's attack was unable to break through the giant-horned demon's defense.

Therefore, Jun Wuxie's attack was ineffective and he could only fall into a disadvantage.

At this moment, you

Wu Xie's eyes were very ugly, and he was very embarrassed.

He never thought that this giant-horned demon clan would actually set up such a scheme to connect to the ancient dark power in the tombs of the ancient demon clan under the city, making the giant-footed demon clan itself very powerful.

"Die!"

At this moment, the giant-horned demon clan roared loudly, and then stamped hard on the ground.

If he stepped on Jun Wuxie, no matter how powerful he was, he would be crushed to pieces in an instant and fall directly.

But this time.

Uh-huh!

Suddenly, a figure of a young man in white clothes flashed directly beside Jun Wuxie, standing in the ruins.

Then, under the horrified gazes of countless people, including Jun Wuxie, this young man in white clothes slammed into the feet of the giant-horned demon with his fist, and a terrifying wave erupted in an instant. The incomparable sound waves vibrated and shattered the entire surrounding land.

At this moment, Jun Wuxie couldn't help but exclaimed: "How can we humans have such a powerful body!"

At this time, the giant-footed demon also felt some pain in the soles of his feet.

He couldn't help but widen his eyes, staring at the young man in white clothes Shengxue, and said with some fear: "Who are you? How come another human master appears in this small city? And you shouldn't be A disciple of the Five Emperors Divine Sect!"

The boy in white clothes and snow is none other than Ye Feng.

Ye Feng watched from the inn, originally thinking that Jun Wuxie, a master of the Five Emperors Divine Sect, could solve everything.

Unexpectedly, this giant-horned demon clan has its own special methods.

So in the moment of crisis, Ye Feng naturally took action directly.

Because if he didn't take action, Jun Wuxie would probably die.

Ye Feng was also planning to follow Jun Wuxie directly to the Five Emperors Divine Sect.

Chapter 3305 Not to be underestimated

At this time, everyone's eyes were focused on Ye Feng who suddenly appeared.

"Who is this boy in white? He's so powerful! He actually defeated that terrifying giant-horned demon with one fist?"

"Is this kind of terrifying power really something that we humans can possess?"

At this moment, countless residents in the entire city couldn't help but have deep horror in their eyes.

"this....."

At this time, Jun Wuxie, who was protected by Ye Feng, was lying in the ruins, staring at Ye Feng's back, with deep horror in his eyes.

Jun Wuxie knew very well how powerful this strengthened giant-horned demon was.

Not to mention the physical strength to resist, even Jun Wuxie's extremely advanced star sword in his hand was very difficult to resist. He was directly blown away and smashed a large area of land.

But the young man in white clothes in front of him used one of his fists to forcefully shake the strengthened giant-horned demon.

It has to be said that this kind of physical power is simply terrifying to the extreme.

Even though Jun Wuxie came from the Five Emperors Divine Sect, a super sect in the Northern Wilderness, he had never seen a human genius with such a powerful body.

At this time, in Jun Wuxie's mind, Ye Feng's identity immediately became mysterious.

Because Jun Wuxie knew that with such a young and terrifyingly powerful body, it was estimated that only those ancient and secluded families hidden in the Northern Wilderness could possibly cultivate such a level of super genius.

Although the cultivation aura exuding from Ye Feng was not very powerful, Jun Wuxie knew that once a genius of this level was given time to grow up, it would definitely exceed everyone's imagination.

So at this time, although Jun Wuxie could sense that Ye Feng's cultivation aura was only at the first level of the Divine Realm, he did not dare to look down on this young man in white.

His eyes even became extremely solemn, secretly guessing what kind of existence Ye Feng's specific identity was.

At this moment, the giant-horned demon who was knocked back by Ye Feng's punch also stared at Ye Feng for an instant, with a look of uncertainty in his eyes, and said loudly: "You, this human boy, where did you come from?" Are you here? I advise you not to mind your own business, you are probably not a disciple of the Five Emperors Sect."

When Ye Feng heard what the giant-horned demon said, he immediately smiled and said, "I am a human race, so naturally I want to fight against demons like you."

Hearing what Ye Feng said, the eyes of many human warriors in the city suddenly became awe-inspiring.

Including Jun Wuxie, an inner sect disciple of the Five Emperors Divine Sect, their eyes were fixed on Ye Feng at this moment, with a hint of solemnity.

Because what Ye Feng said at this time made everyone feel a sense of identity among the clan.

"court death!"

The giant horned demon clan roared loudly at this time.

Suddenly, he opened his mouth and sucked in all the dark demonic energy between heaven and earth into his body.

Then his entire body shape became more majestic and taller, filled with more terrifying impact and pressure, and he attacked directly towards Ye Feng.

Ye Feng didn't hesitate at this moment. The Black Demon Battle Ax appeared in his hand, and he also released the power of the Demon's Heart, directly bursting out with a terrifying attack force.

boom! !

A black ink battle ax rushed out

A terrifying and sharp light was slashed forward by Ye Feng.

"Boom!!"

Ye Feng's ax struck the giant-horned demon clan hard, making a huge roar but not killing the giant-horned demon clan.

"Demon Realm!"

The giant-horned demon clan roared loudly, suddenly shrinking the entire vast demonic field between heaven and earth, and then directly reduced it to the space where only Ye Feng was imprisoned.

Buzz!

At this moment, Ye Feng's whole person was shrouded in a very terrifying realm and trapped.

It is equivalent to Ye Feng alone, who has to withstand the power of the domain of all the warriors in the entire city.

But at this time, there was no fear in Ye Feng's eyes. He frantically activated the power of his chaotic body, and even tore the entire surrounding area into pieces.

"What?!"

"How can you have such a powerful body, even stronger than my troll body!"

At this time, when the giant-horned demon saw this scene, his eyes suddenly widened, as if he couldn't believe what was happening in front of him.

Because Ye Feng forcibly tore the entire demonic realm into pieces, which was really shocking.

Uh-huh!

At this moment, Ye Feng wasted no time and rushed in front of the giant-horned demon clan in an instant, and then punched out hard.

With this punch, Ye Feng secretly used the Eternal Battle Technique, which was so subtle that outsiders could not sense the power of this technique.

But the destructive power of Ye Feng's punch was greatly enhanced by the Eternal Battle Technique.

"boom!"

He punched directly through the void and hit the body of the giant-horned demon.

"Pfft"!

The armor-like solid scales that the giant-horned demon clan was proud of were shattered by Ye Feng's fist at this moment.

Then Ye Feng's fist was like the sharpest war spear in the world, indestructible, and it penetrated the body of the giant-horned demon in an instant.

"ah!!"

The giant-horned demon clan suddenly let out a painful roar, and unexpectedly did not die in an instant, but ran away quickly towards the distance.

"boom!"

Before the giant-horned demon could escape far, suddenly a very cold air burst out from the void not far away, instantly freezing the seriously injured giant-horned demon into ice. piece.

Buzz!

Then a beautiful and cold woman walked out of the void and carried the frozen body of the giant-horned demon directly in front of Ye Feng.

The mysterious strong woman who took action at this time was naturally Bingyue who had been following Ye Feng.

"Huh? There is also a super master who can't see through?"

When Jun Wuxie saw this scene not far away, his eyes were suddenly startled.

At this time, he finally understood that his master had said that not all powerful people were concentrated in the Five Emperors Divine Sect. There were many other extremely powerful people in the Northern Wasteland, and they should not be underestimated.

"God bless our city! So many masters have appeared to protect us!"

At this time, many human warriors and residents in the city could not help but cheer. At this time, everyone's eyes were focused on Ye Feng who suddenly appeared.

"Who is this young man in white? He's so powerful! He actually defeated that terrifying giant-horned demon with one fist?"

"Is this kind of terrifying power really something that we humans can possess?"

At this moment, countless residents in the entire city couldn't help but have deep horror in their eyes.

"this....."

At this time, Jun Wuxie, who was protected by Ye Feng, was lying in the ruins, staring at Ye Feng's back, with deep horror in his eyes.

Jun Wuxie knew very well how powerful this strengthened giant-horned demon was.

Not to mention the physical strength to resist, even Jun Wuxie's extremely advanced star sword in his hand was very difficult to resist. He was directly blown away and smashed a large piece of land.

But the young man in white clothes in front of him used one of his fists to forcefully shake the strengthened giant-horned demon.

It has to be said that this kind of physical power is simply terrifying to the extreme.

Even though Jun Wuxie came from the Five Emperors Divine Sect, a super sect in the Northern Wilderness, he had never seen a human genius with such a powerful body.

At this time, in Jun Wuxie's mind, Ye Feng's identity immediately became mysterious.

Because Jun Wuxie knew that with such a young and terrifyingly powerful body, it was estimated that only those ancient and secluded families hidden in the Northern Wilderness could possibly cultivate such a level of super genius.

Although the cultivation aura exuding from Ye Feng was not very powerful, Jun Wuxie knew that once a genius of this level was given time to grow up, it would definitely exceed everyone's imagination.

So at this time, although Jun Wuxie could sense that Ye Feng's cultivation aura was only at the first level of the Divine Realm, he did not dare to look down on this young man in white.

His eyes even became extremely solemn, secretly guessing what kind of existence Ye Feng's specific identity was.

At this moment, the giant-horned demon who was knocked back by Ye Feng's punch also stared at Ye Feng for an instant, with a look of uncertainty in his eyes, and said loudly: "You, this human boy, where did you come from?" Are you here? I advise you not to mind your own business, you are probably not a disciple of the Five Emperors Sect."

When Ye Feng heard what the giant-horned demon said, he immediately smiled and said, "I am a human race, so naturally I want to fight against demons like you."

Hearing what Ye Feng said, the eyes of many human warriors in the city suddenly became awe-inspiring.

Including Jun Wuxie, an inner sect disciple of the Five Emperors Divine Sect, their eyes were fixed on Ye Feng at this moment, with a hint of solemnity.

Because what Ye Feng said at this time made everyone feel a sense of identity among the clan.

"court death!"

The giant horned demon roared loudly at this time.

Suddenly, he opened his mouth and sucked in all the dark demonic energy between heaven and earth into his body.

Then his entire body shape became more majestic and taller, filled with more terrifying impact and pressure, and he attacked directly towards Ye Feng.

Ye Feng didn't hesitate at this moment. The Black Demon Battle Ax appeared in his hand, and he also released the power of the Demon's Heart, directly bursting out with a terrifying attack force.

boom! !

A black ink battle ax rushed out

A terrifying and sharp light was slashed forward by Ye Feng.

"Boom!!"

Ye Feng's ax struck hard on the body of the giant-horned demon, and actually made a huge roar, but did not kill the giant-horned demon.

"Demon Realm!"

The giant-horned demon clan roared loudly, suddenly shrinking the entire vast demonic field between heaven and earth, and then directly reduced it to the space where only Ye Feng was imprisoned.

Buzz!

At this moment, Ye Feng's whole person was shrouded in a very terrifying realm and trapped.

It is equivalent to Ye Feng alone, who has to withstand the power of the domain of all the warriors in the entire city.

But at this time, Ye Feng's eyes showed no fear. He frantically activated the power of his chaotic body, and even tore the entire surrounding area into pieces.

"What?!"

"How can you have such a powerful body, even stronger than my troll body!"

At this time, when the giant-horned demon saw this scene, his eyes suddenly widened, as if he couldn't believe what was happening in front of him.

Chapter 3306 Underground Tomb

At this moment, amid the cheers of everyone, Ye Feng landed from high altitude.

Uh-huh!

Ye Feng directly stretched out his hand and put the dead giant-horned demon into his storage ring.

Then Ye Feng looked at Jun Wuxie who was not far away, smiled and said, "Are you from the Five Emperors Divine Sect?"

When Jun Wuxie saw Ye Feng's smile, a look of surprise suddenly appeared in his eyes, as if he didn't expect that the other party would actually take the initiative to talk to him.

Jun Wuxie immediately nodded, stood up from the ruins, and said loudly: "Yes, I come from the Five Emperors Divine Sect. This time, I would like to thank this little brother for helping me deal with this hateful demon clan. This demon clan is really Too cunning. I didn't expect to find a tomb of an ancient demon clan under this human city, which transformed his power. He was almost killed in his hands. If my little brother hadn't helped me in time, the consequences would have been disastrous. Not only would I have died. , all races in the entire city will die."

When Ye Feng heard what Jun Wuxie said, he immediately smiled and said, "It doesn't matter, this is what I should do. By the way, my name is Ye Feng, you can call me by my name from now on."

"Ye Feng?"

When Jun Wuxie heard Ye Feng introduce himself, a hint of surprise appeared in his eyes.

Because he had never heard of the name Ye Feng.

This made Jun Wuxie feel very strange.

Because with the strength and means Ye Feng showed just now, even if he is not a disciple of the Five Emperors Divine Sect, he should still be quite famous in the northern land.

Unexpectedly, Jun Wuxie had never heard of this name.

Ye Feng seemed to see Jun Wuxie's doubts, and immediately smiled and said: "My friends and I are both from the wild forest, so this is the first time we have come to the human territory in the northern wilderness. this one

The first time I came here was to join the Five Emperors Divine Sect. "

Hearing what Ye Feng said, Jun Wuxie immediately showed a look of astonishment and a hint of surprise in his eyes, and couldn't help but said: "Ye Feng, you want to join our Five Emperors Sect? That would be great. , I am an inner disciple of the Five Emperors Divine Sect. With my recommendation, you can directly join the Five Emperors Divine Sect. There is no need to

participate in any newbie assessment. And with your qualifications, brother Ye Feng, if you enter the Five Emperors Divine Sect, you will get The sect's training and resources are expected to grow very fast. By then, brother, you will definitely be able to enter the top of the mountain and river rankings. By then, brother Ye Feng, you may become a celebrity in the entire Northern Wilderness.

"

Hearing what Jun Wuxie said, Ye Feng immediately shook his head helplessly and said loudly: "Brother Jun, you are serious, I am not as powerful as you think, I just have a different physique than ordinary people. "

When Jun Wuxie heard Ye Feng mentioning his physique, his eyes immediately revealed a trace of surprise. He stared at Ye Feng and said loudly: "Ye Feng, what kind of physique do you have? You are so powerful that you can force yourself hard." The scales of this giant-horned demon are as strong as armor made of divine iron. However, even my star sword cannot break it. Unexpectedly, it was broken by Brother Ye Feng. It was shattered instantly."

Hearing this, Ye Feng couldn't help but smile and said, "I don't know what my physique is exactly, but since I started practicing, I have always been very powerful."

Ye Feng's words were naturally lying, because he didn't want to directly say that he was a chaotic body at this time, so as not to attract attention.

Jun Wuxie seemed to know what Ye Feng meant, and nodded slightly at this moment.

Say anything more.

At this time, Jun Wuxie looked at Bingyue standing next to Ye Feng, and couldn't help but said: "Brother Ye Feng, your martial arts partner is also very unfathomable in strength, and he is Extremely rare extreme cold attribute power, which is very rare in our northern land. "

Martial arts partner?

Upon hearing Jun Wuxie's name, both Ye Feng and Bingyue's eyes suddenly showed a hint of surprise.

Bingyue's beautiful eyes flashed with an inexplicable smile, and she didn't say much.

At this time, Ye Feng quickly explained: "This person is called Bingyue. He is just my friend, not my martial arts partner. Jun Wuxie, you guessed wrong."

When Jun Wuxie heard what Ye Feng said, she immediately slapped her forehead and said quickly: "It's my fault. I shouldn't have said such abrupt words. This Bingyue girl, please atone for your sins."

Bingyue just nodded slightly and didn't say much.

Jun Wuxie saw that Bingyue didn't say a word, and immediately looked at Ye Feng in embarrassment, quickly changed the topic, and said loudly: "By the way, Ye Feng, we can first take a look at the big tomb under the city. What is hidden there? How could that giant-horned demon be improved so much?"

When Ye Feng heard what Jun Wuxie said, he immediately nodded slightly and said, "Then let's go down and take a look together."

This time, Ye Feng saved Jun Wuxie and could directly enter the Five Emperors Sect with Jun Wuxie's guarantee, which saved Ye Feng a lot of effort.

So at this time, Ye Feng stopped worrying and jumped directly into the cracked underground with Jun Wuxie.

At this time, Bingyue was also following Ye Feng.

Uh-huh!

When the three of them approached the large underground tomb, they immediately felt a very evil and strong demonic aura.

Jun Wuxie frowned, stopped, and said loudly: "We can't get any closer. If we get closer, even with our cultivation, we will be demonized by this rich demonic energy."

When Ye Feng heard what Jun Wuxie said, he nodded slightly and said, "Then I'll go down alone to investigate."

"What?"

When Jun Wuxie heard what Ye Feng said, he immediately showed a hint of surprise on his face, and couldn't help but advise: "Ye Feng, although your physique is different from ordinary people, don't take risks, this kind of ancient demonic aura is very terrifying. It is very likely that it is the burial place left by a powerful old demon monster in the demon world. I think we should report it to the upper level of the sect so that the upper level of the sect can send more powerful beings. Explore this place thoroughly."

Ye Feng shook his head and said aloud: "The wealth of the ancient demon clan may be hidden here. If it is reported to the sect, the wealth will be taken away by others."

Hearing what Ye Feng said, Jun Wuxie's eyes suddenly froze.

His way of thinking is different from Ye Feng.

Because if Jun Wuxie encounters such a taboo thing, his first thought is to report it to the upper echelons of the sect so that the upper echelons of the sect can conduct a thorough investigation.

But Ye Feng's first thought was to take the risk to explore it by himself, and then the wealth he got would belong to him.

Jun Wuxie knew that Ye Feng had probably always been a wandering warrior before. No matter what kind of danger he encountered, he probably would have solved it on his own and was relatively independent, so it was normal to have this idea.

Jun Wuxie nodded slightly at this time and said loudly: "Okay, then Ye Feng, go and investigate on your own. If there is any danger, remember to exit in time."

Chapter 3307 The Dark Emperor's Domain

For Jun Wuxie, Ye Feng, a mysterious and powerful young man who suddenly appeared, made him very curious.

Moreover, Ye Feng had just saved Jun Wuxie's life, and Jun Wuxie still took it very seriously, so at this time, he was more concerned about Ye Feng's safety.

"Don't worry, it's nothing serious."

Ye Feng just smiled slightly at this time, and then jumped directly into a deeper place under the ground, directly coming to the entrance of the ancient demon tomb.

There was a golden door at the entrance of this tomb. Ye Feng walked in directly and immediately saw the entire tomb, which looked like a huge underground palace. It looked quite impressive.

"That is....."

This underground palace is not that big. At first glance, he saw a huge bronze coffin not far from the underground palace.

Ye Feng felt a very strong demonic energy from this bronze coffin. This should be the coffin that contained the ancient demon clan. .??.

Ye Feng walked directly over and found that the entire underground palace was empty, with only such a lonely coffin placed there.

Ye Feng immediately guessed that the source of the giant horned demon's power should be this bronze coffin.

Uh-huh!

At this time, Ye Feng flew directly over, then stood in front of the bronze coffin, stretched out his hand and touched it, wanting to find out what the source of power was.

"boom!"

But the moment Ye Feng stretched out his hand and touched the bronze coffin.

Suddenly, the entire bronze coffin inside suddenly erupted with a very terrifying fluctuation of soul power.

Almost at the next moment, a majestic will of the devil appeared in the sky above the bronze coffin.

The demon's will stared directly at Ye Feng, and laughed loudly: "Sure enough, there are stupid and curious young people like you who came here regardless of the danger. Now your body is mine."

\u003c

br\u003e Boom!

At this moment, the devil's will composed of black energy penetrated directly into Ye Feng's body, trying to control Ye Feng's body.

But at this moment, Ye Feng didn't panic at all. He just grinned and said loudly: "Take me away through soul means? This is the stupidest thing you have ever done!"

Boom!

Almost at the moment when Ye Feng's welcome fell, the soul gem in Ye Feng's mind immediately released a dominating will.

"Is this the power of the great master's will? This...impossible! How could it appear in you, a humble human boy!"

In the horrified gaze of this devil's will, the great master's will crushed it in an instant!

At this time, Ye Feng opened the bronze coffin in front of him.

His eyes suddenly moved slightly.

Ye Feng saw that inside the demon god's coffin, there was a round bead that was emitting infinite black light.

This round bead gave Ye Feng a very majestic feeling, as if there was a black ocean of demonic energy contained in this round bead, which was inexhaustible.

"This should be the core of that ancient demon clan."

Ye Feng secretly guessed at this time and directly put the round bead into his storage ring.

Then Ye Feng saw that there were ancient symbols carved on the inner wall of the bronze coffin.

This seems to be the inheritance of an extremely powerful demon clan.

For ordinary human warriors, these things may only have collection value and have no practical value.

But for Ye Feng, he can understand them all.

Buzz!

At this moment, Ye Feng directly began to understand the demonic heritage carved on the inner wall of this bronze coffin.

Finally, a vast secret of the inheritance of the demon race was formed in Ye Feng's mind.

This inheritance is called the "Dark Emperor Realm".

Once the practice is successful, it will be able to induce the pure and incomparable demonic energy in the entire world, forming a demonic energy field, causing terrifying restraint and damage to the enemy.

At this moment, Ye Feng suddenly remembered that the Demonic Qi Domain used by the giant-horned demon clan before was probably a simplified version of the Dark Emperor's Domain, but it was already very powerful.

If it weren't for the terrifying power of his body, he wouldn't be able to tear that realm apart.

Moreover, the giant-horned demon tribe only had initial control over the demonic realm, and had not received the true inheritance of the Dark Emperor's realm at all. It was only a superficial secret of the Dark Emperor's realm.

But now, Ye Feng has obtained the true inheritance of the Dark Emperor's realm.

If Ye Feng learns it, he will have another super powerful trump card.

This surprised Ye Feng. He didn't expect that in this small city, he would actually get the inheritance and its core from a super powerful ancient demon clan.

Uh-huh!

At this time, Ye Feng jumped, left here directly, and returned to the ground again.

Jun Wuxie, who was waiting on the ground, saw Ye Feng flying up, and immediately couldn't help but asked: "What's the situation down there?"

Ye Feng smiled slightly and said loudly: "There is no big danger."

After finishing speaking, Jun Wuxie nodded slightly and didn't ask any more questions.

At this time, Ye Feng looked at Jun Wuxie and said, "It's getting late now. Let's go to the Five Emperors Divine Sect tomorrow. I want to join the Five Emperors Divine Sect, and I also know someone in the Five Emperors Divine Sect." Senior."

Jun Wuxie's eyes showed curiosity, and he couldn't help but ask: "Ye Feng, do you know a certain senior from our Five Emperors Divine Sect? Who is it? Let me see if I recognize him."

Ye Feng smiled slightly and said, "Senior Bei Wentian."

"What?"

Hearing Ye Feng say Bei Wentian's name, Jun Wuxie's expression immediately changed and he couldn't help but said: "Brother Ye Feng, this is not a joke. Senior Bei Wentian is the top of our Five Emperors Divine Sect. He is a great person with unparalleled splendor. I think it's okay to make fun of anyone, but you can't make fun of Bei Wentian, Lord Beidi."

It was obvious that Jun Wuxie didn't believe what Ye Feng said at all. After all, Ye Feng had said before that he came from the depths of the wilderness, how could he possibly know Bei Wentian, such a magnificent figure.

When Ye Feng saw Jun Wuxie's huge reaction, he just smiled and said without explaining anything more, "Let's rest for a night first. I also need to practice in seclusion."

Uh-huh!

After saying that, Ye Feng jumped up and returned directly to his inn.

Bingyue followed Ye Feng and also left the scene.

Jun Wuxie looked at Ye Feng's retreating back and couldn't help but helplessly shook his head and murmured, "Brother Ye Feng is good at everything, but he likes to brag and joke."

After finishing speaking, Jun Wuxie stopped wasting time and began to command the residents of the entire city, and began to repair the city and the land that were broken by the battle.

As a disciple of the Five Emperors Divine Sect, Jun Wuxie has the obligation to protect the safety of all races in the entire Northern Wilderness.

So at this time, he also had the right to order all the human warriors in the city to rebuild their homes.

At this moment, Ye Feng returned to the inn, and directly took out the corpse of the previous giant horned demon, as well as the dark round beads obtained from the bronze coffin, and began to devour and practice.

Chapter 3308 Special Treasure

"Rumble..."

At this time, as Ye Feng devoured it, a stream of very majestic energy was instantly absorbed by Ye Feng and injected into his Dantian, quickly increasing his power.

For Ye Feng, the most important thing now is to improve his own skills, so no matter what, Ye Feng will directly devour all the energy-containing things that he will get, and first improve his own skills. Say it again.

Whether it is the giant-horned demon clan or the dark round bead in the ancient bronze coffin, they all contain very majestic energy.

At this moment, Ye Feng's cultivation level suddenly grew and improved rapidly.

"boom!"

The second level of Tongshen Realm!

"boom!"

The Third Heaven of the Divine Realm!

"boom!"

The fourth level of the Divine Realm!

At this time, Ye Feng's cultivation breakthrough stalled.

At this moment, the giant-horned demon in front of Ye Feng had completely shriveled up, lost all its life essence, and turned into ashes.

The dark round bead that Ye Feng obtained also lost its luster and power, and Ye Feng was about to throw it away.

But suddenly at this moment.

Buzz!

Along with a very slight energy fluctuation, Ye Feng suddenly discovered to his surprise that the bead that he had swallowed up all the dark energy began to become bright again.

Ye Feng could feel at this moment that the unperceivable evil energy in the entire world was continuously re-entering the dark ball, allowing the dark ball to continuously accumulate power again.

Seeing this scene, Ye Feng's eyes suddenly lit up and he couldn't help but murmured, "This seems to be a round bead that can be recycled and swallowed. Although I have swallowed up all the energy in it now, after a while, when it is round, bead

The energy in it is full again, and you can continue to devour it. "

This discovery surprised Ye Feng.

When Ye Feng swallowed it just now, he got a lot of energy from this dark round bead.

If this dark bead is full of energy again, it will have a huge effect on Ye Feng.

And you should know that this dark round bead can be recycled repeatedly.

This is definitely a very special treasure.

At this time, Ye Feng stood up from his room.

He looked out the window and saw that the sky was getting brighter.

Uh-huh!

Ye Feng walked out of the inn and found Bingyue already waiting outside.

At this time, Ye Feng saw that the city and land destroyed by the battle last night had been almost repaired.

Jun Wuxie was outside directing everyone to carry out the final repair work. It was obvious that he had not slept all night last night.

"Ye Feng!"

At this moment, Jun Wuxie saw Ye Feng walking out of the inn from a distance, and immediately said with bright eyes: "How come the aura of cultivation in your body has broken through so much all of a sudden? It is even higher than last night." A lot stronger? It's incredible to achieve so much in just one night."

Ye Feng smiled slightly and explained casually: "I had an epiphany last night when I was practicing, so I broke through several heavens in a row."

"Epiphany?"

Hearing what Ye Feng said, Jun Wuxie's eyes suddenly froze, as if he didn't expect Ye Feng to have such a demonic talent.

At this time, Ye Feng did not dwell too much on this topic, but said loudly: "Brother Jun, let's go directly to the Five Emperors Divine Sect."

"good."

Jun Wuxie immediately jumped up and flew quickly in a certain direction in the distance.

Ye Feng and Bingyue followed immediately.

For the next several days, the three of them flew high in the sky one after the other, quickly heading towards the central area of the Northern Wilderness.

In the early morning of the sixth day, Jun Wuxie, who was leading the way, finally stopped, pointed in a certain direction in the distance, and said loudly: "That is the headquarters of the Five Emperors Divine Sect."

At this moment, Ye Feng and Bingyue both looked in the direction pointed by Jun Wuxie, and their eyes suddenly showed a hint of shock.

I saw that the mountains and rivers not far away, and the Galaxy Falls in the sky, were all connected together, forming a very special area that looked majestic, strange, and boundless.

In this magnificent and strange area, there are ancient buildings that look like they have a history of many years. They look full of a sense of historical precipitation and vicissitudes, which makes people unable to help but feel... A feeling of insignificance.

Jun Wuxie smiled slightly and said aloud: "That is the headquarters of our Five Emperors Divine Sect. This is the real headquarters, the real base camp. In other places in the Northern Wilderness, there are branches of our Five Emperors Divine Sect. Those It's nothing, it's just a name, this is where our Five Emperors Divine Sect truly cultivates super geniuses."

Ye Feng nodded slightly and said, "Can we go directly now?"

Jun Wuxie immediately nodded and said with a smile: "Of course, with me here, we can pass directly."

But at this time, after Jun Wuxie finished speaking, he said quite solemnly: "You will follow me later and be sure to stay within my surroundings. Otherwise, if you don't have the status token of an official disciple of our Five Emperors Divine Sect on you, They will be instantly killed by the super heaven and earth formation set up by the controller of our Five Emperors Sect."

Uh-huh!

At this moment, after Jun Wuxie finished speaking, he directly took out his identity token, and then activated the formation in it.

Buzz!

Suddenly, a mask of emerald green light spread out directly from the identity token. Jun Wuxie, as well as Ye Feng and Bingyue standing beside him, were all enveloped in this small area. in the space.

Then the three of them flew directly towards the magnificent headquarters of the Five Emperors Divine Sect not far away.

Protected by Jun Wuxie's identity token, they were not attacked at all and arrived at the gate of the Five Emperors Sect smoothly.

The gate of the Five Emperors Divine Sect is two metal swords that reach into the sky and penetrate the clouds. They look very shocking and visually impactful.

At this moment, there are no disciples guarding the door. The entire base camp is shrouded in a very terrifying heaven and earth formation, and people who are not from the Five Emperors Divine Sect can be checked at any time.

At this time, Jun Wuxie said aloud: "Ye Feng, I will take you directly to the central hall of our Five Emperors Divine Sect and register as a disciple. In this case, you can then casually walk around in the headquarters of our Five Emperors Divine Sect. After traveling, your friend, Miss Bingyue, can also register your identity. In this case, you can settle down in our Five Emperors Sect for the time being. After registering your identity, Ye Feng, I will take you to a good place. Here Once you saved my life in a city not far away, I will naturally repay you. "

Chapter 3309 The crushing gesture

Next, Jun Wuxie took Ye Feng and Bingyue and walked directly towards the central hall of the Five Emperors Divine Sect.

The three of them moved very quickly and arrived at the central hall of the Five Emperors Divine Sect in a blink of an eye.

The central hall of the Five Emperors Divine Sect is very majestic and vast. It is a golden hall suspended in mid-air. There are formations engraved with divine light everywhere, and it looks very majestic.

Under the guarantee of Jun Wuxie, a disciple of the inner sect, Ye Feng and Bingyue successfully obtained the disciple status tokens of the Five Emperors Divine Sect.

Jun Wuxie was quite happy at this time and couldn't help but say aloud: "From now on, you two are disciples of the Five Emperors Divine Sect like me, and we are all brothers."

At this time, Ye Feng looked at the token with a faint light in his hand and smiled slightly, feeling quite happy.

After all, Ye Feng knew that after joining the Five Emperors Divine Sect, he would definitely be able to obtain the resources of the entire super sect, which would be of great benefit to improving his strength. ??

Moreover, with such a large super sect behind them, if they encounter demons from the Heavenly Demon Realm outside and kill them, as long as they return to the sect, there will be no danger and they will not be afraid of threats from some powerful beings.

"Oh, Jun Wuxie, I didn't expect you to come back so soon. No wonder you are ranked so low on the Mountain and River Ranking. It turns out that you always hang out with some humble newcomers and disciples. You really embarrass us, the masters of the Mountain and River Ranking. "

Suddenly at this moment, a mean voice sounded from a certain direction not far away, with a tone full of derogation and ridicule.

"Um?"

At this time, Jun Wuxie's eyes suddenly darkened slightly and he looked in a certain direction not far away.

The next moment in the sight of several people, a young man wearing a silver robe walked in from outside the central hall, carrying a silver snake-shaped sword on his back. He looked very imposing.

"Yingkong Sword? It's you."

Jun Wuxie's eyes immediately moved, and he couldn't help but said in a low voice.

: "Yingkong Jian, you can belittle me, but please don't belittle my friends."

"friend?"

Yingkongjian's eyes fell in the direction of Ye Feng and Bingyue.

He couldn't see through the ice moon.

But Ye Feng, the cultivation aura on his body is only that of the fourth level of the Divine Realm, which is really ordinary to the extreme.

You must know that Yingkong Sword is a powerful existence in the sixth level of the Meditation Realm. It is a super genius ranked 99th on the Five Emperors Divine Sect Mountain and River Ranking. It is much more powerful than Jun Wuxie, who is ranked 108th.

At this time, Yingkongjian stared at Ye Feng for the last time, grinned, and said: "A humble young man deserves to be called a friend by you Jun Wuxie. Jun Wuxie, you really become more and more low-end as you live." "

"you.....!"

Jun Wuxie suddenly had an ugly look in his eyes.

"Yingkong Sword? I've never heard of your name."

Suddenly, Ye Feng took the initiative to speak out, with a hint of indifference in his eyes, and said: "Brother Jun, what kind of cat and dog is this Yingkong Sword? Why does it keep barking in front of us? It's really annoying."

"A cat or a dog?"

"Barking?"

Hearing what Ye Feng said, Jun Wuxie almost couldn't help laughing.

Jun Wuxie suddenly discovered that although Ye Feng looked delicate and gentle, his words were still very irritating when he really wanted to ridicule him.

Sure enough, the moment Ye Feng finished speaking, Ying Kongjian's expression on the opposite side immediately became extremely angry, and he said loudly: "What did you say? Cat and dog? How dare you speak to me like this? You are so presumptuous! Today I want to teach you, a newbie, a lesson and let you know what it means to be too high-minded!"

boom!

Almost at the moment when Yingkongjian finished speaking, a terrifying cultivation aura erupted from his body, and he rushed towards Ye Feng.

The sky-wide pressure pressed in front of Ye Feng. Many disciples of the Five Emperors Divine Sect in the entire central hall were attracted, and their eyes showed surprise.

"It turns out to be Senior Brother Yingkongjian who is ranked 99th on the Shanhe Ranking!"

"Did that newcomer kid offend him?"

"It seems like this newcomer is in trouble." ??

...

Immediately, there were many discussions from the disciples of the Five Emperors Divine Sect.

At this moment, Jun Wuxie did not take action at this time.

Because he knew that Ye Feng's strength was definitely above him.

So there was no need for him to take action.

At this moment, seeing that Jun Wuxie did not take action to protect Ye Feng, Ying Kongjian suddenly showed a teasing smile on his face.

He thought Jun Wuxie didn't dare to resist him, so he didn't take action.

Yingkongjian stared at Ye Feng, with a playful look in his eyes, and said loudly: "Boy, no one is protecting you now, you are dead."

"Oh, is it so?"

But just when Yingkong Sword was about to attack Ye Feng, Ye Feng suddenly raised his head slightly, with a cold look on his face, and said loudly: "I said you are a cat and a dog, then you are !"

Boom! !

Almost at this moment, Ye Feng suddenly burst out with a terrifying aura, as if an ancient giant beast had revived.

Although Ye Feng's cultivation aura is only at the fourth level of the Divine Realm, at this time Ye Feng revealed his fighting aura, giving people the feeling that an ancient evil beast has revived, full of a kind of aura that makes people feel... Horrible feeling of palpitations.

boom! !

At this moment, Ye Feng punched hard.

This fist immediately burst out with boundless power, directly shattering the overwhelming pressure generated by the Yingkong Sword.

"impossible!"

Then under the horrified gaze of Yingkongjian, Ye Feng's punch was simply devastating and indestructible, directly sending Yingkongjian flying away.

Boom!

Yingkongjian was blasted to the wall of the central hall, hit hard, and then fell directly to the ground.

"puff!"

The next moment, Yingkong Jian couldn't help but spit out a mouthful of blood, his eyes widened with horror and disbelief, he was very embarrassed, and his hair was disheveled.

An arrogant master like Ying Kongjian couldn't believe that he would be defeated by a punch from an unattractive newcomer.

This is a huge shame.

But it also frightened him to the extreme.

What kind of existence is this boy in white?

How could it be possible to have such terrifying power?

This is incredible!

"What?!"

At this time, many disciples of the Five Emperors Divine Sect were watching around them. When they saw this scene, their eyes widened and their whole bodies froze in place.

Because they never expected that the extremely powerful Senior Brother Yingkongjian would be defeated by a little-known newcomer with just one punch.

And that punch was simply a crushing gesture.

This was beyond everyone's expectations.

The many disciples of the Five Emperors Divine Sect who were watching around couldn't help but feel their hearts tremble.

Chapter 3310 I'm determined
quiet!

Deadly quiet!

At this moment, everyone present fell into a dead silence.

Countless eyes, all with deep shock and shock, were fixed on Ye Feng, the young man in white.

Because they never thought that this ordinary-looking young man in white seemed to be a new disciple who had just joined their sect.

However, he was able to erupt with such terrifying power and instantly defeat Yingkongjian, a super master ranked 99th on the mountain and river list?

Ying Kongjian was lying on the ground at this time, with a deep and incredible look in his eyes. ??

Because he felt that he could crush Ye Feng instantly.

Unexpectedly, the result was exactly the opposite. He himself was instantly crushed by Ye Feng.

This was simply unacceptable to the arrogant Ying Kongjian. He suddenly became crazy and couldn't help shouting: "I don't believe you have such power. You are just a level lower than me." You, a weak newcomer, cannot unleash such a powerful force!"

"Yingkong Swordsmanship!"

At this moment, Yingkong Sword burst out with an extremely powerful sword technique.

Boom boom boom!

Cherry blossoms suddenly rushed out from his body. These cherry blossoms scattered all over the sky, and they all turned into terrifying and sharp sword energy, which rushed directly towards Ye Feng, capable of cutting everything.

Ye Feng smiled coldly at this time and just stood there without moving.

"Dang-dang-dang!"

When those cherry blossom sword energy cut into Ye Feng's body, they only made sounds like they were hitting a copper wall and an iron wall, and could not cause any harm to Ye Feng's body at all.

"What?!"

Seeing this scene, Ying Kongjian's eyes widened immediately.

This time he was completely desperate.

Because his strongest attack could not cause any damage to Ye Feng's body.

In other words, his attacks were completely ineffective against Ye Feng.

How to fight this?

At this moment, Yingkongjian felt a deep chill in his heart.

He stared at Ye Feng, the ordinary-looking young man in white.

Nian, I just felt that the other party was a hideously terrifying guy.

At this moment, Yingkong Jian finally understood why Jun Wuxie was so polite to Ye Feng, the young man in white.

It turns out that this boy in white is an extremely terrifying existence.

Uh-huh!

Ying Kongjian immediately ran away towards the distance, wanting to stay away from here.

Because this boy in white is really scary.

"You've offended me and you still want to run away?"

At this time, Ye Feng suddenly stretched out his hand, and suddenly a big chaotic hand appeared in the void. It was extremely strong and directly caught Yingkong Jian.

"Break it open for me!"

Yingkong Sword immediately struggled quickly, and sword energy burst out from his body.

But it couldn't cause any damage to the big chaotic hand that Ye Feng had condensed!

At this time, Ye Feng's chaotic body had reached a whole new level, and he was no longer afraid of attacks from ordinary warriors.

"Come here!"

Buzz!

At this time, Ye Feng smiled coldly, controlled the big hand of chaos, and grabbed the Yingkong Sword directly in front of him.

Then Ye Feng said coldly: "You offended me and just want to run away like this? It's a bit too rude."

Yingkongjian heard the killing intent in Ye Feng's words, and there was a hint of fear in his eyes.

But when I thought about my identity, I was a master on the mountain and river list.

The Five Emperors Divine Sect is not one of those unscrupulous demonic sects.

Therefore, there are rules in the sect, and disciples cannot kill each other casually.

So at this time, Ying Kongjian couldn't help but said: "What exactly do you want to do?"

Ye Feng smiled slightly and said aloud: "If I want to keep your life, I have to keep the money to buy it."

When Yingkongjian heard what Ye Feng said, he immediately understood that the other party wanted to steal money.

Yingkong Jian immediately became extremely angry and said loudly: "It's impossible

, although your cultivation is very powerful, you are only a new disciple after all, and I am the ninety-ninth master on the mountain and river list. If you force me to do anything in public, you will be punished by the sect. Punishment, the Mountain and River Ranking is not just about being strong, you also need to make a huge contribution to the sect. The fact that I can be ranked 99th on the Mountain and River Ranking is not only because I am strong, it also means that I am very important to the sect. I have made huge contributions, and my sect has a protective effect on me. "

Jun Wuxie couldn't help but whispered to Ye Feng at this time: "Every master on the mountain and river list has a special identity blessing, so Ye Feng, now you have taught this Yingkong Sword a lesson, and we will stop as soon as we are good." Bar."

When Ye Feng heard Jun Wuxie say this, he immediately shook his head slightly, his eyes were extremely cold, and he said loudly: "The person who offended me must be severely punished, otherwise he will come back. Although I won't kill this Ying Kong Jian directly, but I must teach him a lesson."

So at this time, Ye Feng directly grabbed Yingkongjian's palm, trying to grab the storage ring on Yingkongjian's finger.

Ye Feng knew very well that the wealth in the storage ring for a super genius like Ying Kongjian on the mountain and river list would definitely be very rich.

At this time, Ying Kongjian saw Ye Feng grabbing his palm and knew that Ye Feng wanted the wealth in his storage ring.

"No! That's the wealth I've accumulated over the years. It's impossible to just give it away to someone else!"

Yingkong Jian immediately clenched his fists to prevent Ye Feng from taking off his storage ring. .??.

"I want to order your storage ring!"

At this time, Ye Feng suddenly spoke resolutely.

Then, amid the gasps of air from everyone, Ye Feng was so cruel that he suddenly broke off the hand of Yingkong Sword.

"Crack!"

One palm was violently torn off, and some bone stubble was pulled out from the arm!

This scene is very cruel!

"ah!"

Yingkong Jian immediately couldn't help but scream, and cold sweat broke out on his forehead.

It was a heart-wrenching pain!

\u003e "Hiss!"

At this time, when many disciples of the Five Emperors Divine Sect around saw this scene, they couldn't help but widen their eyes and gasped.

This is really terrible!

This method is simply cruel to the extreme!

Even Jun Wuxie, who was standing aside, couldn't help but have a look of horror in his eyes, as if he didn't expect Ye Feng to be so cruel.

At this moment, Bingyue stood next to Ye Feng without any expression, because she knew exactly what kind of person Ye Feng was.

Even though Ye Feng usually looks like a frail little scholar and seems gentle and elegant, once he gets into trouble with Ye Feng, he will be more cruel than anyone else.

At this time, Ye Feng directly took the broken palm into his own hand and took off the storage ring.

Boom!

The next moment, Ye Feng threw the Yingkong Sword to the ground in the distance like a dead dog.

Then Ye Feng spoke up and said: "Next time, brighten your eyes and don't mess with people you can't mess with."

After saying that, Ye Feng took Bingyue and walked directly in a certain direction in the distance, without even looking at Ying Kong Jian, who was lying on the ground like a dead dog.

At this time, Jun Wuxie's eyes showed a hint of worry, and he quickly followed Ye Feng, and couldn't help but say: "This Yingkong Sword is not an ordinary master of the Mountain and River Ranking, he has a backer behind him."

When Ye Feng heard what Jun Wuxie said, he just smiled faintly and said, "The thing I am least afraid of is the so-called backer."

After finishing speaking, Ye Feng suddenly said: "Brother Jun, take me to the residence of Senior Bei Wentian in the Five Emperors Divine Sect. I am new here, so naturally I want to visit this old friend."

"Old friend?"

Hearing Ye Feng's name for Bei Wentian, Jun Wuxie almost fainted from fright.

He immediately covered Ye Feng's mouth and said loudly: "Don't say such nonsense! Beidi's majesty is unparalleled! Any casual ridicule is a death penalty."

Ye Feng smiled and patted Jun Wuxie's shoulder and said, "Take me there. Senior Bei Wentian and I are old friends. I'm really not bragging."
