Chapter 3321 Poison Ancestor

Boom! !

At this time, everyone present united together and rushed forward in an instant, colliding with countless mutant poisonous insect armies.

Ye Feng, the captain of the Tianjian team, and Bingyue, the three strongest men, joined forces at this moment to attack the seven poisonous insect kings.

"boom!"

Ye Feng had no tricks and directly released the powerful power of the Chaos Body, directly punching a poisonous insect king.

This poisonous insect king is a huge black scorpion. At this moment, Ye Feng's fist hit the black scorpion, and the black scorpion was knocked back more than ten steps and fell to the ground.

"What?!" .??.

Seeing this scene, the old man in black robe not far away who was commanding the entire battlefield immediately widened his eyes.

The old man in black robe couldn't help but exclaimed: "Human boy, what kind of physique do you have? How can you possibly be able to compete head-on with my poisonous insect king? How can such a physique appear in a little human boy like you!"

Ye Feng's eyes were extremely cold at this time, and he didn't bother to talk nonsense at all. He just continued to rush forward, and then stepped down hard.

"Click" sound!

Ye Feng's kick seemed to contain the power of a mountain, crushing the black scorpion's head directly.

"Heavenly Sword Technique!"

At this time, the captain of the Sky Sword team also unleashed his most powerful killing move. The black iron sword in his hand directly turned into a bolt of earth-shattering sword light, and instantly stabbed another poisonous insect king with a "plop" sound. Weared and torn!

"Frozen for thousands of miles!"

Bingyue naturally didn't hold anything back at this time.

She waved the ice sword in her hand, and a stream of ice energy immediately froze the three poisonous insect kings in front of her in the cold air, turning them into three huge ice sculptures, motionless.

Moved.

At this time, the captain of the Tianjian team saw this scene and his eyes were suddenly startled.

Only then did he realize that the most powerful person besides him was not Ye Feng, but the mysterious-looking strong woman next to Ye Feng.

"Damn it!"

At this time, the old man in black robe, who originally thought that he would be invincible after summoning the seven poisonous insect kings, saw that these three human masters were so powerful and defeated five poisonous insect kings in the blink of an eye. This made the black man invincible. The old man's eyes suddenly became extremely ugly.

At this moment, the old man in black robe was actually a little scared.

He instantly ordered the remaining two poisonous insect kings to attack directly in the direction of Ye Feng, Tianjian team and Bingyue.

Uh-huh!

Then the old man in black robe quickly fled in a certain direction behind him, as if he wanted to stay away from here completely.

Because he also saw the reality clearly at this time, he was no match for these people.

At this time, Ye Feng immediately said to Bingyue and the captain of the Tianjian team: "You deal with the remaining two poisonous insect kings, and I will hunt down this old man in black robe."

The captain of the Tianjian team immediately said: "Okay, little brother Ye Feng, you must be careful!"

At this time, Ye Feng nodded slightly, and then quickly chased in the direction of the black-robed old man.

Ye Feng is actually not afraid of this black-robed old man, because the black-robed old man himself is not very powerful. What is really powerful is the many poisonous insects that this black-robed old man has cultivated.

Thinking of this, Ye Feng suddenly thought of something, turned around sharply, and said to the captain of the Tianjian team and Bingyue: "Explanation."

After defeating these two kings of poisonous insects, the remaining poisonous insects should have lost their backbone and will no longer attack you. Don't kill them all, leave them to me. I want to control this army of poisonous insects. "

Hearing what Ye Feng said, the captain of the Tianjian team showed a look of surprise in his eyes. He didn't expect Ye Feng to be able to control the entire army of poisonous insects.

The captain of the Tianjian team immediately nodded and said: "Okay, we understand."

Bingyue also nodded slightly at this time, stared at Ye Feng, with a hint of worry in her beautiful eyes, and said: "That old man in black robe is a rare poison soul master who cultivates poisonous insects, Ye Feng, although you Also cultivate your soul, but you must be careful."

Ye Feng smiled slightly and said aloud: "Don't worry, no one in the soul can compete with me."

After saying that.

A "swish" sound!

Ye Feng had already flown into the distance and disappeared.

Half an hour later, Ye Feng chased the old man in black robe and came to a very remote and dark place.

This should be the deepest part of the green grassland.

"That is....."

Ye Feng came here and found the old man in black robe kneeling not far away.

Kneeling in front of a huge evil sculpture.

This evil sculpture is in human form, but it has two insect-like wings on its back, and its head is a very ferocious centipede head.

This seems to be a very ancient poisonous insect sculpture.

"Could it be that everything this black-robed old man learned came from this sculpture."

Ye Feng secretly guessed in his heart, then walked forward directly and said without any fear: "You have no chance."

The old man in black robe who was kneeling on the ground suddenly turned around and looked at Ye Feng, with a look on his face.

He showed a very ferocious and weird smile.

The old man said in a low voice: "I am going to die anyway, so I might as well dedicate my life to the great Poison Ancestor. In this case, your kid will definitely die too."

Boom!

After saying that, Ye Feng didn't even have time to intercept him. The old man in black robe actually hit his head directly on the evil sculpture and died.

Buzz...

And as the old man in black robe died, all his blood was absorbed by the evil sculpture.

Then this humanoid sculpture with insect wings and a centipede head began to slowly revive.

"Buzz!"

A very terrifying poisonous aura emanated from this sculpture.

The two green eyes on the head of the extremely ferocious centipede also seemed to have regained consciousness for a moment. They stared directly at Ye Feng who had just arrived, and let out waves of terrifying sinister laughter, which made people's hair stand on end.

At this time, Ye Feng stared at the strange sculpture of the old man in black robe, the so-called Poison Ancestor, and without any hesitation, he directly released the power of the soul gem.

"boom!"

"boom!"

Ye Feng's eyes immediately released two red lasers, which struck the strange sculpture in an instant.

"Buzz!"

But at the next moment, what made Ye Feng's eyes change slightly was that the red laser bombarded the strange sculpture, and was instantly blocked by the poisonous gas.

"What?"

Ye Feng's eyes were a little shocked.

Emperor Chu suddenly spoke in his mind: "Only powers of the same level can compete with each other. This Poison Ancestor probably has a Dominator Gem of the same level as the Soul Gem. It is very likely that it is extremely poisonous." gem!"

Chapter 3322 Poison Ancestor Yuanshen

"Poison gem?"

Hearing what Emperor Chu said in his mind, Ye Feng suddenly showed a hint of surprise in his eyes.

Unexpectedly, I encountered the legendary Dominator Gem here.

You know, Ye Feng has collected a lot of domination gems on his body, and he originally thought it would be difficult to come across them.

Unexpectedly, I encountered another domination gem so soon.

For Ye Feng, if he collects more and more gems of the gods, his power will also be greatly enhanced.

Because all the master gems combined together will produce a natural chain reaction, which will play an increasingly stronger role.

At this time, Ye Feng stared at the evil sculpture not far away, smiled coldly and said, "I didn't expect you have a domination gem on your body. It should be a poisonous gem, right?"

Hearing what Ye Feng said, the evil sculpture suddenly flashed its eyes, sneered fiercely, and said: "It seems that your boy is much more extraordinary than I thought. You can actually guess that I have a dominator gem on my body. The crimson light you released just now should also be the power of a dominator gem, but your cultivation is too weak and you are far from being able to exert the true power of the dominator gem. God helps me! As long as I kill you, kid, and snatch the Dominion Gem from you, my strength will be restored a lot, and my strength will be greatly improved."

Hearing what the evil sculpture said, Ye Feng smiled indifferently and said: "That's what I have in mind. If I kill you and get the gems of the gods from you, then my power will be restored." A huge enhancement at once."

"How presumptuous! I am the great Poison Ancestor! You, a little human boy, dare to compete with me. You are simply asking for your own death!"

"Ten Thousand Poison Domains!"

Suddenly at this moment, the evil sculpture roared loudly, and a pitch-black poisonous aura suddenly erupted from its body, directly covering the entire surrounding area.

Ye Feng was also shrouded.

A terrifying toxin spreads in the void, poisoning Ye Feng's entire body.

die.

This is a very terrifying realm that can invisibly poison all living creatures within it to death.

At this time, Ye Feng breathed in some of the surrounding toxins, and immediately felt that the chaotic body was a little weak.

This made Ye Feng couldn't help but show a look of surprise in his eyes.

This Poison Ancestor is indeed very powerful.

At this time, Ye Feng did not hesitate and directly released the poison-eating insects he had cultivated.

Wow!

The moment the poison-eating insect came out, it smelled the poisonous gas and immediately became very excited.

Densely packed poison-eating insects crawled out of Ye Feng's body, and then quickly absorbed the poisonous air around Ye Feng.

This made Ye Feng immediately relax a lot.

He circulated his chaotic body's blood energy to remove some of the toxins he had just inhaled.

At this moment, the evil sculpture not far away saw the dense poison-eating insects crawling all over Ye Feng's body. His eyes suddenly showed a look of surprise, and he couldn't help but said: "I didn't expect that you, a human boy, would have such a good chance. It's quite good that you can cultivate so many poison-eating insects. These poison-eating insects can indeed swallow a lot of poisonous energy, but if you think this can defeat me, then you are too naive!"

"The hand of all poison!"

Boom! !

Almost as soon as the evil sculpture finished speaking, he stretched out a stiff palm.

And in the void in front of this stiff palm, countless poisonous gases directly condensed into a poisonous hand, covering the sky and the sun, and fiercely bombarded Ye Feng, as towering and vast as a mountain. .

Ye Feng didn't dare to hesitate at this moment.

The hand directly released his most powerful power, directly releasing the inheritance of the Emperor of the Earth and the secret of the earth.

"boom!"

"boom!"

The endless air of the earth surged out from under Ye Feng's feet, and then condensed into earth-yellow sky pillars, which directly blocked the poisonous black air bombarded from high in the sky. .

"kill!"

The next moment, Ye Feng released the Eternal Battle Technique, and then punched the evil sculpture in front of him fiercely.

boom! !

Ye Feng's whole body suddenly burst out with divine light. At this moment, the Eternal Battle Technique greatly improved Ye Feng's combat power.

Ye Feng directly impacted in front of the evil sculpture and punched out with each punch, hitting the evil sculpture until its body almost broke into pieces.

"Damn it! How come you, a human boy, have such a powerful fighting ability all of a sudden? What kind of existence is that kind of magic you just released? Who are you to have such a terrifying fighting method! "

At this time, the evil sculpture was beaten back by Ye Feng and couldn't help but scream.

He didn't seem to expect that Ye Feng, a seemingly ordinary human boy, would be so terrifying in combat once he unleashed his truly powerful power.

After all, Ye Feng's cultivation level was not very high, but the combat power he unleashed frightened this evil sculpture.

At this moment, Ye Feng was too lazy to respond to this evil sculpture and continued to release extremely powerful attack power and bombard it wildly.

Because Ye Feng now knows very well that the magic of this evil sculpture is very terrifying, so Ye Feng can only win through close combat.

At this time, since Ye Feng had already approached the evil sculpture, he had to unleash his most powerful force to smash the evil sculpture into pieces.

Ye Fengzhi

Dao, this evil sculpture is not the Poison Ancestor itself, but probably a soul of the Poison Ancestor, attached to this evil sculpture.

So this evil sculpture is just the carrier of Poison Ancestor.

If the sculpture itself could be shattered, then the soul of Poison Ancestor would not be able to escape from his grasp.

"Damn it!"

Poison Ancestor seemed to be aware of Ye Feng's strategy at this moment, which was to destroy its carrier.

The evil sculpture immediately shouted: "Poison Ancestor Yuanshen!"

boom!

Almost at this moment, a majestic dark figure appeared directly behind the evil sculpture. It was very majestic and exuded endless majesty.

When Ye Feng saw this scene, his eyes immediately lit up, and he finally forced out the Poison Ancestor's soul.

At this moment, Ye Feng immediately said aloud in his mind: "Emperor Chu!"

"boom!"

In fact, there was no need for Ye Feng to remind him. Emperor Chu immediately merged with the soul gem at that moment and jumped out of Ye Feng's mind.

Uh-huh!

I saw a red giant of light popping out of Ye Feng's head, and then directly and fiercely attacked the Poison Ancestor Soul.

"What? This is... the breath of the soul gem!"

At this time, Poison Ancestor Yuanshen stared at the red giant of light that popped out of Ye Feng's head. He immediately realized something, his eyes immediately panicked, and he quickly controlled his Yuanshen and continued to hide in the evil sculpture.

"late!"

The red giant of light transformed by Emperor Chu smiled coldly and released a huge crimson light wave from his whole body, instantly shattering the Poison Ancestor's soul into pieces!

Poison Ancestor, die!

"Crack!"

The evil sculpture that had lost its Poison Ancestor Soul also fell to the ground.

Chapter 3323 Poison Gem

With the fall of the evil sculpture and the destruction of the poisonous ancestor soul, the threat in this area completely disappeared.

call!

Ye Feng also breathed a sigh of relief at this time. The red giant of light that Emperor Chu transformed into also returned to Ye Feng's mind at this time.

"Swallow!"

At this moment, Ye Feng directly released his Devouring Domain, quickly devouring the broken soul fragments of the Poison Ancestor Soul.

"Boom!" ??

At this moment, Ye Feng's soul power was greatly enhanced, directly from level one million to level 1.3 million.

It has to be said that the soul power of this Poison Ancestor Soul is very powerful.

The shattered soul fragments actually provided Ye Feng with a full 300,000-level soul power reserve.

This huge soul growth is really something that Ye Feng himself did not expect.

This time Ye Feng's soul power has really been greatly improved.

Uh-huh!

At this time, Ye Feng walked directly in front of the evil sculpture, and then sensed it with the soul power emanating from it.

"Crack!"

The next moment, Ye Feng stretched out his hand and crushed the evil sculpture's head.

Snap!

As the head of the evil sculpture shattered, a gem exuding a jet-black poisonous aura fell down.

This is the dominant gem, the poisonous gem, that exists in the evil sculpture!

Uh-huh!

Ye Feng's eyes showed a trace of excitement, he directly picked up this poisonous gem, and then directly refined it into his mind.

The moment the poisonous gem entered Ye Feng's mind, Ye Feng immediately sensed that this poisonous gem and the other master gems he had obtained before were related to each other.

An incredibly close connection.

Ye Feng could feel that with the addition of a Domination Gem, the power generated by using the Domination Gem became much stronger in an instant.

Emperor Chu suddenly spoke in his mind: "With this poisonous gem, Ye Feng, you will be able to continue to cultivate various mutant creatures in the future. You can transform very ordinary insects or animals through the poisonous gem." The power to cultivate and transform it into an extremely powerful mutant."

When Ye Feng heard what Emperor Chu said, he couldn't help but have a look of surprise in his eyes, and said loudly: "It seems that those poisonous insects were not created by the old man in black robe with his own strength, but by the old man in black robe." In front of this evil sculpture, so many mutant poisonous insects were cultivated through the power of the poisonous gems."

At this time, after Ye Feng finished speaking, he tried to release the power of some poisonous gems and integrated them into the poison-eating insects.

"Buzz!"

After the poison-eating insect obtained the power of the poisonous gem, its entire body grew rapidly, becoming more ferocious and ferocious.

"It seems that this poisonous gem can really evolve all kinds of life."

When Ye Feng saw this scene, he immediately continued to release the power of the poisonous gems, constantly nourishing and evolving his poison-eating insects.

For Ye Feng, the poison-eating insects helped him a lot.

If this ancient poisonous insect with infinite potential continues to be cultivated and evolved through poisonous gems, it will become a more terrifying existence, become more ferocious and powerful, and will become its own extremely powerful trump card.

At this time, Ye Feng returned towards the way he came.

Soon Ye Feng returned to the green grassland.

At this time

Hou Yefeng saw that everyone was resting on the grass.

After the countless poisonous insects around them lost the control of the old man in black robes, they all stood around at this moment and did not move at all.

"Brother Ye Feng, you are finally back. Is everything okay?"

At this time, the captain of the Tianjian team flew over directly and couldn't help but ask.

"fine."

Ye Feng smiled and said.

Uh-huh!

At this moment, Bingyue's beautiful figure also flashed over and stood in front of Ye Feng. .???.??

Bingyue sensed that there were no injuries on Ye Feng's body, so she finally felt relieved and said nothing more.

At this time, Ye Feng looked at the densely packed poisonous insects on the green grass and directly released his huge soul power, and then instantly covered the entire grass.

Now that Ye Feng has swallowed the soul fragments of Poison Ancestor Yuanshen, his soul power has been greatly improved.

So at this time, Ye Feng had almost no obstruction and controlled all the thousands of poisonous insects present in an instant.

Buzz!

Ye Feng thought at this time, and these thousands of poisonous insects immediately followed Ye Feng's instructions and attacked quickly in a certain direction. In the blink of an eye, they blasted several mountains not far away from this green grassland. Broken.

Seeing this scene, everyone present couldn't help but look horrified in their eyes.

They were very shocked by Ye Feng's ability to control thousands of poisonous insects in an instant.

You must know that these are not ordinary poisonous insects, but extremely powerful mutants.

At this moment, the captain of the Tianjian team came over immediately, smiled and said: "

This time, little brother Ye Feng really got an invincible army of poisonous insects. "

At this moment, it was obvious that the captain of the Tianjian team was also a little shocked, because although Ye Feng's cultivation level was not as high as his, he had endless methods.

And now that Ye Feng controls this army of thousands of mutant poisonous insects, the overall strength will become very terrifying.

Even a martial arts expert like the captain of the Tianjian team needs to be polite to Ye Fengke at this time.

At this time, Ye Feng collected all the thousands of poisonous insects present into the storage ring.

Then he said with a smile: "We should continue to explore this underground ancient dragon cave now. The old man in black robe has been completely eliminated by me. There should be no mutant poisonous insects that will continue to attack us."

"good."

The captain of the Sky Sword team also nodded happily at this time. This time, the hidden dangers lurking in the dark were finally completely solved.

Next, the group continued to explore the ancient underground dragon cave.

Soon everyone came to the first place with obvious architectural remains in the ancient underground dragon cave.

Here is a group of dilapidated palaces.

There are traces of ancient wars all around.

Although the breath is very calm, that is because endless years have passed and the fierce fighting spirit has dissipated.

Seeing this ancient building ruins, the captain of the Tianjian team immediately said excitedly: "It seems that we are lucky to have encountered the area where the ancient dragons lived so quickly. Although this place has almost been destroyed. It has been completely destroyed, leaving only some remaining ruins and dilapidated palaces. But for us, as long as we can find anything useful, it is a treasure and priceless, because this is the place where the ancient dragon clan lived. !"

Chapter 3324 Palace on Ruins

After the captain of the Tianjian team finished speaking, everyone present could not help but show a trace of excitement and excitement in their eyes.

Because they know that this is an underground dragon cave from ancient times, and a very powerful ancient dragon clan once lived there.

If we can really find some treasures left by the ancient dragon clan, they will definitely be the most precious treasures among the treasures, and they are very precious.

Many people even have a dream of soaring into the sky, which is to find the ancient dragon blood in the ruins of this ancient underground dragon cave, so that their body and life level can be transformed and evolved, so as to jump from An ordinary warrior turned into a big shot that attracted much attention.

Swish, swish, swish! .??.

Swish, swish, swish! .??.

At this time, everyone around them started to fly towards the residence of the ancient dragon clan that they suddenly encountered, and quickly searched it.

At this time, everyone's faces were full of excitement, because after experiencing so many hardships along the way, they were finally able to find the wealth left by the ancient dragon clan.

At this moment, the captain of the Sky Sword Team led a group of members of the Sky Sword Team without any hesitation and began to explore the surroundings.

At this time, Ye Feng took Jun Wuxie and Bingyue and flew in another direction.

In fact, the moment Ye Feng arrived here, he had already emitted his soul power and spread it around, trying to find any treasures that might exist around him.

At this time, Ye Feng had already detected a certain direction not far away. There were very mysterious fluctuations. Maybe he could go and take a look.

Uh-huh!

When the three of them arrived at the location where Ye Feng sensed the energy fluctuations, they saw a rather shocking scene.

What I saw here was an extremely broken battlefield.

In the middle of the battlefield, there is a huge skeleton.

This skeleton is not the skeleton of an ordinary human or dragon, but the skeleton of a very majestic and tall demon, which also exudes very strong fluctuations of demonic energy.

"This seems to be the corpse of a powerful demon in the demon world." Ye Feng stepped forward at this time and couldn't help but said in surprise.

At this time, Jun Wuxie walked to Ye Feng's side and looked at the tall and majestic skeleton, which was still exuding terrifying waves of demonic energy.

Jun Wuxie couldn't help but said in fear: "How come the corpses of the powerful demons from the Heavenly Demon Realm appear here? Could it be that the Dragon Clan here was destroyed and the home the Dragon Clan created turned into ruins, all because of the existence of the Demon Clan? Did the demons from the Heavenly Demon Realm cause the destruction here?"

Hearing what Jun Wuxie said, Ye Feng's eyes flashed slightly, and he couldn't help but nodded and said: "Maybe it is really possible, let's explore the surroundings."

Jun Wuxie nodded and explored the surrounding area to see if he could find any other clues.

Bingyue suddenly seemed to sense something at this time, and couldn't help but said: "Ye Feng, I seem to sense a very familiar feeling, in the deepest part of this ancient dragon clan ruins, I want to take a look "

Ye Feng nodded and said loudly: "Okay, wait for me, I will see if there is anything that can be used in the corpse of this ancient demon."

Uh-huh!

After Ye Feng finished speaking, he stretched out his hand and pressed it on the bones of this ancient demon clan.

Click, click...

The next moment, the bones of this towering ancient demon were shattered inch by inch.

A huge black ball appeared in it

son.

This black bead exudes very strong energy fluctuations.

"This is the magic bead of that ancient demon clan strongman!"

Ye Feng's eyes suddenly lit up when he saw this black round bead. ??

He directly stretched out his hand and grabbed the magic bead of this powerful ancient demon clan into his own hand.

Buzz!

Ye Feng immediately sensed that this magic bead contained a huge amount of dark energy.

"Swallow!"

At this moment, Ye Feng got this magic bead containing energy, without any hesitation at all, he just wanted to refine it on the spot.

Because if it is placed in the storage ring, Ye Feng's memory is not very good, and he will probably forget to swallow it, which would be such a waste.

So at this moment, Ye Feng directly released the Devouring Domain, quickly devouring the dark energy in the magic bead in his hand.

Buzz!

At this moment, Ye Feng suddenly felt that his power was growing rapidly.

The cultivation aura on Ye Feng's body is constantly making breakthroughs at this moment.

"boom!"

The Ninth Level of the Divine Realm!

"boom!"

The Great Perfection of the Tenth Level of the Divine Realm!

At this time, Ye Feng's cultivation level experienced a huge breakthrough.

He directly broke through the two heavens and entered the tenth heavenly level of the Divine Realm!

It has to be said that this powerful ancient demon clan has fallen for many years.

But the core essence left behind still contains a huge amount of energy.

It brought a huge energy supplement to Ye Feng!

At this time

Bingyue, who was standing aside, immediately said, "Ye Feng, please accompany me to take a look."

Ye Feng nodded and followed Bingyue to fly quickly towards the deepest part of the ancient ruins where the ancient dragon clan survived.

Half an hour later, they arrived at the deepest part of this ancient ruins.

This place is already deserted.

After all, most people are temporarily exploring the outer areas.

At this moment, a beautiful-looking palace appeared in their field of vision.

This palace stands on top of endless ruins, and its entire body is made of gold.

The surface of the palace is engraved with the totems of the ancient dragon clan, which looks very sacred.

But most of this palace has collapsed.

However, even though it is damaged, the glory of the dragon clan that lived here can still be seen.

At this moment, what surprised Ye Feng was that when they approached the palace in ruins, the entire surrounding air suddenly became very cold.

Buzz...

Waves of cold air seemed to be emanating from the ruined palace.

What surprised Ye Feng the most was that this cold air seemed to come from the same origin as the cold-attribute skills practiced by Bingyue.

It is the cold attribute of the same origin.

At this time, Ye Feng looked at Bingyue beside him, and found that Bingyue's eyes were also staring at the ruins of the palace with a hint of surprise.

Ye Feng suddenly understood something at this time. It seems that this place is related to Bingyue's true origin.

Bingyue also spoke up at this time: "Ye Feng, I can feel that my origin has a lot to do with the palace in the ruins. Maybe I can learn my true identity from there."

Chapter 3325 Ice and Snow Dragon Clan

After Bingyue finished speaking at this time, Ye Feng nodded slightly.

He understood Bingyue's mood very well.

After all, it is indeed a very sad thing for a person to live in this world without knowing his true identity or his origins.

At this moment, Bingyue felt a sense of familiarity from the bloodline and skill attributes in the palace on the ruins.

Maybe it has something to do with the origin of Bingyue!

At this time, Ye Feng naturally agreed with Bingyue to enter the palace on the ruins to investigate, even though there may be huge dangers in the palace.

Uh-huh!

At this time, Ye Feng stared at Bingyue beside him, suddenly stretched out his hand, grabbed Bingyue's little hand, and said loudly: "I will be with you, this is what I promised."

When Bingyue saw Ye Feng's firm eyes, she nodded slightly, with a hint of emotion on her beautiful face.

At this time, the two of them walked slowly towards the palace above the ruins. ??

The closer the two of them got to this ruined palace, the more they felt that the cold air between heaven and earth was getting easier and more terrifying, as if it was freezing people's blood and energy.

However, Bingyue suddenly released his own power at this time, and a cold air suddenly emanated from Bingyue's body, which actually merged with the cold air of the surrounding world, making Ye Feng not affected by the surrounding world. The cold is affecting it.

"Sure enough! The cold air emanating from that ruined palace has the same origin as the attributes of the skills I practice! They can be so perfectly integrated together."

Bingyue couldn't help but said in surprise at this time.

Bingyue has always been cold and taciturn, like a cold beauty.

But now, she was about to discover the origin of her identity, and she couldn't help but become very excited and surprised.

Ye Feng also nodded slightly when he saw this scene.

There was also a hint of joy in his eyes.

He was also really happy that Bingyue could learn his true identity.

Buzz!

Finally, the two of them arrived at the entrance of the palace in ruins.

At this moment, the palace door was half damaged, and the two of them walked in directly.

They immediately saw that the ground inside the entire palace was covered with ice. It looked crystal clear and very beautiful, as if the entire palace was frozen.

At this moment, the two people suddenly saw a very huge dragon clan painted on the rearmost wall of the palace. This dragon clan was a dragon clan with ice attributes.

Because it can be seen from the picture that the scales on this dragon's body are like pieces of ice, and the two dragon horns are also crystal clear ice dragon horns.

"It seems to be the legendary Ice and Snow Dragon Clan." Emperor Chu suddenly spoke in Ye Feng's mind.

"Ice and Snow Dragon Clan?"

There was a hint of doubt in Ye Feng's eyes, because this was the first time he heard of this race.

However, Ye Feng also knows that the Dragon Clan is a general concept, and there are many different types of Dragon Clan within the Dragon Clan, including the Frost Dragon Clan, the Dark Dragon Clan, the Demon Dragon Clan, the Flame Dragon Clan, the Golden Dragon Clan, and so on.

At this time, Emperor Chu continued to speak in his mind: "According to the knowledge from the memory fragments that I am constantly awakening, the Ice and Snow Dragon Clan seems to be the dominant race of the third-level realm of the 'Snow Domain' that originated in the big world, commanding the entire The vast snowy land."

"What?"

Ye Feng's eyes widened slightly when he heard what Emperor Chu said in his mind.

At this time, Ye Feng couldn't help but look at the person next to him

Bingyue suddenly made a bold guess.

Could Bingyue come from a more advanced third-level realm above the star realm, the snow realm?

Moreover, isn't Bingyue not a human race, but an ice and snow dragon clan?

At this moment, Ye Feng had so many thoughts in his mind, and he immediately said to Bingyue beside him: "What is drawn in this picture should be the legendary Ice and Snow Dragon Clan."

"Ice and Snow Dragon Clan?"

Hearing Ye Feng mention this word, Bingyue's eyes suddenly became a little painful, and she couldn't help but cover her head, as if she was recalling something.

"Bingyue, what's wrong with you?"

Seeing Bingyue suddenly becoming extremely painful, Ye Feng couldn't help but grab the other person's hands, trying to calm him down.

Boom!

But at this moment, Bingyue suddenly burst out with an extremely powerful aura.

This powerful momentum actually pushed Ye Feng away three meters away.

At this moment, Bingyue suddenly saw two dragon horns that looked like they were made of ice growing out of his head, which looked very strange.

In addition, Bingyue's eyes also changed from the black pupils of the human race to the snow-white pupils of the ice and snow dragon race.

"this....."

At this moment, Ye Feng was even more certain that Bingyue was the Ice and Snow Dragon Clan from the "Snow Domain" of the third-level realm, but he didn't know why he appeared in the second-level realm of Star Territory.

Bingyue turned into the "Dragon Girl" state at this moment. She seemed to have recovered some memories. Suddenly she looked at Ye Feng in front of her. She panicked and covered the ice dragon horns on top of her head, and said loudly: " Am I ugly now?"

"No."

Ye Feng had a gentle smile on his face at this time,

Walking in front of Bingyue, she gently touched her hair and the two small ice dragon horns, and said with a smile: "Actually, you are more beautiful this way. There is a strange... Beauty."

"Really?"

Bingyue's panic disappeared at this time. When she heard what Ye Feng said and saw the sincerity in the other person's eyes, she immediately laughed happily.

At this moment, Ye Feng couldn't help but ask: "Have you recovered the memory of that year now?"

"Recovered a bit."

When Bingyue heard Ye Feng's question, her beautiful face became solemn and said: "I now know that I do come from the third level realm of 'Snow Domain', and I am related to the dominant race in the Snow Domain, Bingxue. There is a deep connection with the dragon clan, but I have not yet recalled what my specific identity is, and what kind of connection I have with the ice and snow dragon clan, because I discovered that I am not a pure ice and snow dragon clan, I still have half of the human blood, maybe, as long as I go to the snowy land, I can find my true identity."

Boom!

Suddenly at this moment, the entire broken hall suddenly shook violently.

"Click, click!"

The ice on the ground of the hall began to break at this moment.

What surprised Ye Feng and Bingyue was that a huge demon claw that looked ferocious and evil was sticking out from the broken ice, as if there was an ancient demon trying to break through. It's the same as sealing it out.

At this moment, Bingyue couldn't help but said: "Ye Feng, let's leave here quickly. This must have been a tragic battlefield between the Ice and Snow Dragon Clan and the Demon Clan in the Heavenly Demon Realm! It's very possible that the Star Territory was The warriors were unable to fight against the demons of the Heavenly Demon Realm, so they asked the strong men of the Ice and Snow Dragon Clan from the Snow Realm of the higher realm to come here in the Star Territory to fight against the strong demons of the Heavenly Demon Realm. Under this hall, It is estimated that a very terrifying ancient demon clan has been sealed!"

Chapter 3326 The old demon monster

At this moment, after hearing Bingyue's words, Ye Feng's eyes showed a trace of surprise.

Looking at the huge claws protruding from the ice, Ye Feng immediately nodded and said, "Okay, let's leave here now."

Uh-huh!

Uh-huh!

At this moment, Ye Feng and Bingyue did not hesitate and flew quickly towards the outside of the ruined palace.

But the moment they walked out, the entire ground outside was shattering rapidly, and cracks appeared. ??.

From these cracks, crawling out were terrifying demons.

These demons are covered with jet black scales, and there are sharp metal barbs growing on the scales. They look like a very special kind of demons, and their attack power is probably very terrifying.

Apparently, the two of them entered the palace on the ruins, and something seemed to have been triggered invisibly, causing these demons sealed underground to appear again.

At this time, Bingyue's eyes were a little ugly, and she couldn't help but said: "We seem to have caused something."

Ye Feng nodded slightly and said loudly: "No matter what, let's leave here first."

In fact, the cultivation of these demons crawling out from the ground are not that powerful.

But what Ye Feng and Bingyue were really afraid of was the owner of the huge devil's claw that stretched out from the palace just now.

That must be a very terrifying ancient demon clan!

It is very likely that he is an old monster-level demon strongman in the demon world.

"boom!"

"boom!"

"boom!"

But at this moment, these ordinary demons outside quickly rushed towards Ye Feng and Bingyue, and they all

It screamed and roared, sharpening its claws ferociously and grabbing at Ye Feng and Bingyue, as if it wanted to tear them apart.

Obviously, these ordinary demons should have received orders from the old demon monster in the palace to prevent Ye Feng and Bingyue from leaving this area.

At this time, Ye Feng wanted to send a signal for help, but there was no way.

Because this place is too far away from the outer areas of the ancient dragon clan ruins.

The movement happening here cannot attract other strong human beings to come and help for the time being.

"It seems that we will have to deal with it alone from now on."

At this time, Ye Feng heard a group of ferocious demons rushing around him, with a hint of cold murderous look in his eyes.

Bingyue stood with Ye Feng at this time, also nodded slightly, and said loudly: "Okay, then we will clean up all these demons."

"Chaos body!"

Boom! !

At this moment, Ye Feng directly activated the powerful power of the Chaos Body without any hesitation.

An extremely bright divine light suddenly burst out from his body, rushing towards the surroundings.

Each of Ye Feng's punches can explode with terrifying destructive power.

Although these ordinary demons all have extremely strong scales, after being hit by Ye Feng's fist, they were blown apart as if they were hit by the sharpest war spear in the world. Come.

These ordinary demons simply cannot resist Ye Feng's current fist of chaos. Anyone hit by Ye Feng's fist will be killed instantly.

At this time, Bingyue was holding the ice sword in her hand and moving towards the surroundings to kill quickly.

Every time he kills, there is a large area of cold sword light covering it, directly covering all the ordinary demons rushing over, and freezing their footsteps.

I have to say that the cooperation between Ye Feng and Bingyue is simply terrifying.

Even though there were many demons crawling out of the ground around them, tens of thousands of them, they were almost killed by the cooperation of Ye Feng and Bingyue in just a few minutes.

At this time, Ye Feng devoured a lot of demon blood and energy, and actually made a breakthrough in his cultivation.

From the tenth level of the Great Perfection of the Divine Realm, he broke through directly to the half-step meditation state above the Divine Realm!

Meditation realm, this is an extremely powerful new realm of cultivation.

Even though Ye Feng is only in the half-step meditation state, his combat power has been greatly enhanced at this time.

boom! boom! boom.....

Ye Feng's attacks became more and more fierce, and soon he killed all the ordinary demons present.

"boom!"

At this time, the palace on the ruins in the distance suddenly exploded.

The next moment, an old demon monster that was several kilometers tall and majestic crawled out from the thick ice, exuding an ancient and terrifying demonic aura.

In the field of vision of Ye Feng and Bingyue, this old demon monster stood up like an ancient black mountain, giving people a very terrible sense of depression and fear.

The aura emanating from this old demon monster made Ye Feng and Bingyue feel chilled all over for an instant.

I just feel that this is not an ancient terrifying existence that they can fight against.

"run!"

At this moment, Ye Feng and Bingyue immediately flew quickly in a certain direction in the distance, because this old demon monster was not something they could fight against.

But at the next moment, the old demon monster towering in the sky suddenly stared at Ye Feng and Bingyue not far away, and made a heavy and ancient voice: "You have killed thousands of demons here." Clan army, it's too late to escape now! You can't escape! One is a rare human chaotic body, and the other is the bloodline inheritor of the Ice and Snow Dragon Clan. If I swallow you two, my strength will be great. Definitely able to return to peak condition!"

"Demon Realm!"

Buzz!

At this moment, this old demon monster performed an ancient and incomparable demon secret technique, which was a very terrifying field.

The next moment, a large area of darkness emanated directly from the body of this old demon monster and spread to the huge surrounding area. In an instant, it enveloped Ye Feng and Bingyue who were escaping in the distance. .

At this moment, both Ye Feng and Bingyue felt that they were plunged into darkness. Whether it was vision, hearing or smell, they were all trapped in darkness and could not find their direction.

"boom!"

In the endless darkness, a huge ferocious claw suddenly attacked, directly bombarding Ye Feng's body, knocking Ye Feng back several kilometers.

"puff!"

Even though Ye Feng possessed an extremely powerful Chaos Body and had just broken through to the half-step meditation realm, he couldn't help but spit out a mouthful of blood at this moment.

This old demon monster's strength and methods are too terrifying!

Chapter 3327 The most precious treasure

"Ye Feng, are you okay?"

Seeing Ye Feng spurting out a mouthful of blood, Bingyue immediately showed a hint of worry in his eyes. He quickly came to Ye Feng, stared at Ye Feng and said loudly: "This old demon monster is too powerful. , even I am probably no match for him, let's just run away instead of fighting him."

Ye Feng couldn't help but smile bitterly at this time and said aloud: "It's not that I want to confront him, but we simply can't escape from the demon realm released by this old demon monster."

Hearing what Ye Feng said, Bingyue suddenly took out a small talisman from the storage ring and said loudly: "This talisman is called the 'Breaking Sky Talisman', and it should be able to break through this area." .??.

Uh-huh!

After Bingyue finished speaking, he directly threw the Sky Breaking Talisman in his hand.

"boom!"

The next moment, the Sky Breaking Talisman suddenly burst out with a very strong space tearing ability, which actually tore a rift in the Demon God's Domain.

"Buzz!"

But at the next moment, the old demon monster stretched out a huge claw and blocked the torn gap to prevent the two from escaping through the gap.

"Attack together!"

At this moment, Ye Feng looked at Bingyue beside him and shouted loudly.

Bingyue nodded immediately.

At this moment, the two of them immediately burst out with their most powerful strength, and combined their attacks to attack the huge claws of the old demon monster at the crack.

"Boom!!"

Almost at the next moment, the entire field suddenly erupted with a huge roar.

Ye Feng and Bingyue both released their most powerful attacks at this time, so even the claws of this old demon monster were knocked back at this moment.

At this moment, Ye Feng and Bingyue passed through the huge gap in space and fled outside.

But in the next moment, when they had just escaped outside, the old demon monster once again released the Demon God's Domain, expanded the scope of the Demon God's Domain, and enveloped the two of them again.

Seeing this scene, Ye Feng's eyes suddenly darkened.

Bingyue also looked a little ugly.

Unexpectedly, the demon realm of this old demon monster was so powerful and could continuously extend and expand its scope. They could not escape from this demon realm at all.

At this time, Ye Feng's eyes were fierce, and he suddenly turned around and said loudly: "There is no way now, and we can't escape. We can only fight with our backs against the wall."

Hearing what Ye Feng said, Bingyue also had a look of determination in her eyes. She stood with Ye Feng and said, "If you want to fight, then I will accompany you."

"good."

Ye Feng nodded at this time, and a powerful fighting spirit burst out from his body in an instant.

At this moment, Ye Feng knew that this old demon monster was very powerful and could not be resisted by ordinary means.

So at this moment, Ye Feng didn't hesitate at all and directly released his extremely powerful fighting technique, the eternal battle technique.

Buzz!

At this moment, Ye Feng suddenly burst out with an incomparably bright light.

Ye Feng's combat power immediately skyrocketed at this moment!

At this time, Ye Feng also displayed another

A powerful inheritance, the inheritance of the Emperor of the Earth.

"Boom boom boom..."

Waves of rich and huge earth energy surged out from the depths of the earth at this moment, condensing around Ye Feng, making a set of extremely powerful earth armor appear on Ye Feng's body.

In addition, there were many large khaki hands condensed from the earth's energy around Ye Feng.

boom!

At this time, Ye Feng was simply moving forward, his combat power was off the charts, and he rushed towards the front of the Demon God's Domain in an instant, opening the dark mist, and fought directly with the old demon monster. .??.

It has to be said that Ye Feng, who is wearing earth armor and has the blessing of the Eternal Great Battle Technique, is fighting at an extremely violent level at this moment.

Even the old monster from the demon clan had a look of surprise in his eyes. He didn't expect Ye Feng's combat power to suddenly increase so much.

At this moment, Bingyue was also assisting.

The ice sword in her hand released waves of freezing energy, which blocked the mobility of the old demon monster and kept it frozen at all times.

And during the battle, Bingyue was also surprised to discover that she could actually induce the cold air in the surrounding ruins, which was the cold air left by the Ice and Snow Dragon Clan back then, to bless her own strength.

This makes the old demon monster's mobility very inconvenient and has dropped a lot, which is equivalent to greatly weakening the combat effectiveness of this old demon monster.

So at this moment, Ye Feng actually had the upper hand in the battle with the old demon monster.

"Damn it! I didn't expect you two young men to be so powerful in fighting, so I don't have to hold back anymore!"

"Eternal Great

Devil's hand! "

At this moment, the old demon monster launched a terrifying attack.

Buzz!

I saw a huge dark hand appearing in the entire sky, as if it was bombarded from another dark time and space, full of unparalleled majesty and destructive power, and bombarded directly towards Ye Feng.

At this time, Ye Feng suddenly burst out with terrifying power from the demon's heart in his body, which was naturally suppressive to the demons.

boom! !

At this moment, Ye Feng directly released the powerful power of the Demon's Heart, and a bright black beam of light burst out from his entire body, directly penetrating the sky, and suddenly shattered the big black hand. , and then bombarded the old demon monster.

"impossible!!"

Amidst the terrifying screams of the old demon monster, a huge blood hole was blasted out of the entire body of the old demon monster.

At this moment, Ye Feng released the power of the poisonous gem, and a black poisonous aura instantly invaded the body of this old demon monster.

Even though this old demon monster had an extremely powerful demon body, at this time, his whole body was stiffened by the violent toxins, and he fell directly from the sky and fell to the ground.

Uh-huh!

At this moment, Ye Feng flew directly in front of this old demon monster, stepped on his face, and said loudly: "You are defeated."

Being stepped on the ground by Ye Feng, this old demon monster seemed to have never thought that he would be defeated at the hands of a human boy.

At this time, the old demon monster immediately begged for mercy loudly and said: "Spare my life, I will take you to find the most precious treasure in this underground ancient dragon cave!"

Chapter 3328 Ancient Dragon Transformation Pond

At this moment, Ye Feng's eyes flashed when he heard the old demon monster in front of him say this.

The palm that was originally intended to kill this old demon monster was also lowered.

At this time, Ye Feng stared at the old demon monster in front of him and asked calmly: "What is the most precious treasure in this ancient underground dragon cave?"

The old demon monster immediately spoke out: "The most precious treasure of this ancient underground dragon cave is actually a very precious ancient dragon-forming pool. It is the overlord of the Ice and Snow Dragon Clan who descended from the third-level realm of 'Snow Domain'. The race remains."

Hearing what the old demon monster said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Ancient Dragon Transformation Pond? This is a good thing. I once encountered a Dragon Transformation Pond. My cultivation level has been greatly improved. I wonder if this ancient dragon pool is advanced or not?"

"Of course it's high-end!" ??

The old demon monster was trampled under Ye Feng's feet at this time. Naturally, he followed Ye Feng's words and said: "This ancient dragon-changing pool is left by the overlord race from a higher realm. It must be of great significance to you." Help, and the human woman next to you seems to have the blood of the Ice and Snow Dragon Clan. If she enters the Dragon Transformation Pond, she will definitely be able to restore her higher cultivation level."

"yes."

Hearing the old demon monster mention Bingyue, Ye Feng's eyes suddenly lit up. He immediately looked at Bingyue beside him and said loudly: "Since this is the ancient dragon-changing pond left by the overlord race you came from. , then it will definitely be of great help to you."

Bingyue stared at the old demon monster under Ye Feng's feet with a hint of vigilance at this time, and then whispered to Ye Feng: "This old demon monster has lived for so many years, and now he is stepped on by you. , maybe he is deliberately lying to you, and just wants to trick you into a very dangerous place, and then frame you. "

Hearing what Bingyue said, Ye Feng nodded slightly and said loudly: "It is necessary to be on guard against others, but I think this old demon monster should not dare to lie to me, otherwise he will definitely die without a burial place."

At this moment, in order to prevent this old demon monster from lying to him, Ye Feng took out a poison-eating insect from his storage ring, then stared at the old demon monster in front of him and

said loudly: "You will now If you swallow this poison-eating insect, I will believe what you just said."

"this....."

Looking at the ferocious and evil poison-eating insect in Ye Feng's hand, it was the size of a fist and had densely packed poisonous spots on its surface.

The eyes of this old demon monster were hesitant.

Ye Feng smiled and said: "What? Don't you dare to swallow it? Then I will kill you directly to save you from using any means to frame me next?"

"No, no, no!"

The old demon monster saw the undisguised murderous intent in Ye Feng's eyes, and immediately endured his nausea and swallowed the poison-eating insect in Ye Feng's hand with a "gurgling" sound.

When Ye Feng saw the old demon monster swallowing the poison-eating insect, he nodded with satisfaction and said with a smile: "Okay, since you are so sincere, I will not kill you for the time being, and you can follow me for the time being. "

The old demon monster said: "Now I can take you to the ancient dragon-changing pond."

"Not in a hurry."

Ye Feng shook his head and said: "I have other partners. After we finish exploring this ancient underground dragon cave, it won't be too late to go to the Hualong Pond."

Demons

The old monster did not dare to disobey Ye Feng's decision now. He immediately nodded and bowed and said: "Yes, everything will follow your arrangement."

At this moment, Ye Feng took out a black robe from his storage ring, threw it directly to the old demon monster, and said: "Use this black robe to hide yourself, so as not to cause misunderstandings by others."

"good."

The old demon monster immediately put on his black robe and stood silently beside Ye Feng.

At this time, Ye Feng looked at Bingyue and said, "Let's go meet up with the Tianjian team." .??.

"Boom!!"

But just as Ye Feng finished speaking, a huge roar suddenly sounded from a certain direction not far away.

"It seems there are special circumstances!"

Ye Feng and Bingyue looked at each other and immediately flew quickly in a certain direction not far away.

The speed of both of them was very fast. In less than a while, they had arrived at the destination where the roaring sound was heard.

At this moment, they immediately saw an ancient castle not far away exploding.

A huge demon clan was fighting with a group of members of the Sky Sword Team.

At this time, seeing Ye Feng and Bingyue flying over not far away, the captain of the Tianjian team immediately said in surprise: "We found an underground treasure house of the ancient dragon clan. It seems to be a place where the wealth of the past was stored. However, There is a demon clan stationed here, and we will not be able to conquer it for a while. Brother Ye Feng, please help us fight against this demon clan!"

Ye Feng nodded slightly at this time and looked at the demon flying out of the broken castle not far away.

This is a flying demon clan with huge wings on its back. Its body is very towering.

The surface is covered with dense purple scales, and there is a huge purple gem on the demon's head, which looks full of magic and has a strange beauty.

"The art of eternal great battle!"

Ye Feng did not hesitate at this time. He wanted to resolve the battle quickly and directly released the eternal battle technique.

Buzz!

Suddenly, Ye Feng's cultivation momentum increased steadily, and his combat effectiveness also increased linearly.

"boom!"

The next moment, Ye Feng's whole body radiated divine light, and he rushed directly to the sky, exploding the power of the Chaos Body with all his strength.

Ye Feng's fist blasted out, directly shattering the void, killing the flying demon clan in an instant.

"So strong!"

The captain of the Tianjian team saw this scene, but his eyes showed shock, and he couldn't help but said: "Brother Ye Feng, you are getting stronger and stronger!"

"Okay."

Ye Feng smiled slightly, then directly grabbed the body of the flying demon clan into his hands and began to devour it.

Buzz!

Suddenly Ye Feng's skill increased.

However, this flying demon clan is not very powerful, so Ye Feng's cultivation level is still stuck in the half-step meditation state, and there is no direct breakthrough.

But Ye Feng's own skill has indeed improved a lot. Ye Feng feels that if he swallows some more energy, he will probably be able to break through.

At this moment, watching the flying demons being sucked into mummies in Ye Feng's hands, the old demon monster in the black robe immediately broke out in cold sweat on his forehead while standing next to Ye Feng.

This human boy is so scary!

Chapter 3329 Absolute Frozen Realm

And just when the old demon monster felt that Ye Feng was very scary.

Ye Feng looked at the captain of the Sky Sword team not far away and asked: "The treasure house of the ancient dragon clan is in this broken castle?"

The captain of the Sky Sword team said excitedly: "To be precise, the treasure house is under this broken castle."

"Okay, let's go take a look."

Ye Feng and the captain of the Tianjian team led a group of people directly to the Broken Castle.

Uh-huh! Uh-huh!

At this moment, two members of the Sky Sword team stepped forward and began to dig the underground soil of the broken castle.

"boom!"

"boom!"

But at this time, not long after they had been digging, there were two roars under the ground, like artillery shells exploding.

Two members of the Tianjian team who were digging were instantly killed by this horrific explosion, leaving no trace of their bodies.

"Um?"

The captain of the Sky Sword team suddenly changed his expression and couldn't help but said: "It seems that this underground treasure house has a defense mechanism. It should be an explosion formation just now. Two of my team members triggered this explosion. The formation was directly blown to death."

Ye Feng nodded slightly at this time, and then said loudly: "Blast it away with the strongest force to avoid causing the death of other people."

"good."

The captain of the Sky Sword Team nodded at this time, flew directly into the air, and then stabbed the ground fiercely with the black iron sword in his hand.

"boom!"

A huge sword light instantly struck out from the black iron sword in the hands of the captain of the Sky Sword Team, stabbing hard on the ground and towards the depths of the ground.

"Rumble..."

At this moment, huge roars suddenly sounded throughout the entire field.

The sword light released by the captain of the Sky Sword Team triggered all the defense mechanisms in the entire underground, and the entire earth

They were all bursting with tremors.

But the effect is also very good.

When the sword light disappeared and the smoke disappeared, everyone immediately saw the entire scene deep underground.

It turned out to be a huge underground palace.

In this underground palace, there are boxes of wealth piled inside, which should be the wealth left by the ancient dragon clan.

At this moment, the captain of the Sky Sword team, including the people in other teams, had deep excitement in their eyes, and they all rushed towards the underground palace, hoping to plunder the wealth.

At this time, Ye Feng and Bingyue also flew down instantly.

Buzz!

At this moment, Ye Feng directly released his huge soul power, covering the entire underground palace.

Ye Feng didn't look down on those ordinary wealth at all.

Because Ye Feng's current cultivation level has reached a very high level.

Ye Feng really has no use for ordinary resources and wealth.

At this time, Ye Feng only searched for the wealth that he could use.

Soon, Ye Feng's soul force sensed a very special fluctuation.

Uh-huh!

Ye Feng immediately flew quickly in that direction.

This is already a very deep place in the underground palace.

At this moment, Ye Feng immediately saw that there was a huge dragon statue in the deepest part of the underground palace.

This dragon statue is exactly the same as the ice and snow dragon in the picture that Ye Feng saw from the ruined palace before.

Ye Feng guessed that this should be the commander of the ancient dragon clan who came here.

Even if he is not the commander-in-chief, he is certainly

He is a big shot in the ice and snow dragon clan.

At this moment, Ye Feng saw a huge bronze coffin in front of the ice and snow dragon sculpture.

"this....."

Ye Feng's eyes showed surprise. Could it be that the person lying in the coffin was the big shot of the Ice and Snow Dragon Clan back then?

Wow!

At this moment, Ye Feng slowly opened the bronze coffin in front of him.

In this coffin, Ye Feng suddenly saw that there was no corpse in this coffin, but a very complicated and profound formation was carved in it.

"It's actually a formation?"

There was a trace of surprise in Ye Feng's eyes.

Uh-huh!

At this time, Bingyue also flew over behind him.

At this time, Bingyue stared at the formation and suddenly fell into deep thought.

Then Bingyue suddenly said: "This formation seems to be the teleportation formation leading to the snowy realm of the third level."

When Ye Feng heard Bingyue say this, he immediately fell silent, and then said slowly: "Are you ready to return to the Snowy Land?"

Bingyue's eyes were struggling at this time. She couldn't bear to leave Ye Feng, but she also had to return to her snowy land to find her true identity.

After Bingyue hesitated for a moment, suddenly a trace of determination appeared in her beautiful eyes. She stared at Ye Feng in front of her and said solemnly: "Ye Feng, I hope you can understand me. I want to go back. I can't." I missed this only opportunity to return to the Snow Realm, and I believe Ye Feng that you will eventually come to the Snow Realm, because the small second-level realm of the Star Realm cannot trap a super genius like you."

When Ye Feng heard what Bingyue said, he didn't feel disappointed or anything. He just understood the other party and smiled slightly and said: "No matter what, I respect your choice, and I have fulfilled my promise to you and helped you." I will find out your true identity. I will definitely contact you after we arrive in the snowy area.

to yours. "

Bingyue nodded immediately and said loudly: "We will definitely meet again."

After saying that, Bingyue flew directly to the formation on the bronze coffin.

Buzz!

Then, a divine light flashed, and Bingyue's figure disappeared.

The formation in the bronze coffin also disappeared.

Obviously this is a formation.

At this moment, Ye Feng looked at Bingyue's beautiful figure disappearing, with a trace of reluctance in his eyes.

But soon Ye Feng restrained his expression.

After all, the most important thing now is to improve your own strength.

Ye Feng knows very well that everyone has different things.

The world cannot revolve around you.

After all, no one is the protagonist of this world.

Everyone has their own life and experiences.

The most important thing is to live your life.

At this moment, Ye Feng stopped feeling sad about spring and autumn. He looked at the disappearing formation on the bronze coffin and suddenly his eyes moved.

He suddenly saw some changes. When the formation disappeared, a very complex inheritance chapter appeared on the inner wall of the coffin.

This seems to be a powerful inheritance from a higher realm.

After Ye Feng watched it carefully, he imprinted this inheritance chapter in his mind.

This set of inheritance is called "Absolute Frozen Realm".

Once the cultivation is complete and released, this absolute freezing field can instantly freeze any existence in the field around itself.

This is obviously a very domineering and powerful inheritance, coming from a more advanced third-level realm, the Snow Realm.

Ye Feng was very happy at this time. He was so lucky to have accidentally obtained such a powerful inheritance.

Chapter 3330 Acting Alone

You know, Ye Feng had obtained the Ice Ancestral Talisman in his early years.

If we could combine the power of the Ice Ancestral Talisman with the set of "Absolute Freezing Domain" that Ye Feng obtained at this moment.

The energy that bursts out will become extremely terrifying!

At this time, after Ye Feng obtained this extremely powerful inheritance, he continued to fly quickly in other directions of this ancient underground dragon clan treasure house, wanting to explore other treasures. .??.

With the help and exploration of powerful soul power, Ye Feng quickly found something very precious again.

It was a box of round beads emitting golden light.

"These should be dragon balls..."

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, there was a box of dragon balls in here.

And Ye Feng could feel that the energy contained in these dragon beads was very majestic.

At this moment, Ye Feng didn't have time to devour it, so he directly put all the dragon balls in this box into his storage ring.

Uh-huh!

Then Ye Feng continued to quickly explore in other directions around him.

After half an hour, Ye Feng found all the resources he wanted.

As for other resources that Ye Feng could not use, Ye Feng did not take them because holding them would have no effect.

Next, on the ground outside the broken castle, Ye Feng met again with the members of the Sky Sword team and other warriors.

At this time, many members of the Tianjian team showed excitement in their eyes, because they had also obtained a lot of resources from the underground treasure house.

At this moment, Ye Feng walked up to the captain of the Tianjian team and said with a smile: "I won't be able to go with you next time, I will probably act alone."

"Alone?"

Hearing what Ye Feng said, the captain of the Tianjian team showed a look of pity in his eyes.

After all, Ye Feng is very powerful. If he can continue to explore with them, it will be of great help to their team.

But now that Ye Feng has decided to act alone, the captain of the Tianjian team will not stop him.

He patted Ye Feng's shoulder, smiled and said aloud: "It is my lifelong honor to be able to know such an amazing super genius as little brother Ye Feng. I hope that both of us can achieve great things in the future." harvest."

Ye Feng immediately smiled and said: "Okay."

After finishing speaking, Ye Feng looked at Jun Wuxie who was not far away and said, "Let's go."

"Um."

Jun Wuxie naturally followed Ye Feng. At this moment, he nodded slightly and followed Ye Feng.

Next to Ye Feng, there was a burly figure wearing a black robe, who was the old demon monster that Ye Feng had conquered before.

At this moment, Ye Feng took Jun Wuxie and the old demon monster and walked quickly in the other direction of this ancient underground dragon cave.

On the way, Jun Wuxie was a little confused and couldn't help but ask: "Ye Feng, why did Miss Bingyue disappear? She has always been with you."

Ye Feng smiled slightly and said aloud: "Bingyue went to a mysterious place, and we may not meet again until later."

Hearing what Ye Feng said, Jun Wuxie's eyes flashed slightly, knowing that something special must have happened between the two of them while he was away.

matter.

So Jun Wuxie did not inquire about anything at this time, but nodded slightly and followed Ye Feng.

At this time, Ye Feng looked at the old demon monster wrapped in black robes beside him, and said loudly: "Where is the ancient dragon pool? You can take me there directly now."

"Ancient Dragon Pond?"

Hearing what Ye Feng said, Jun Wuxie next to him suddenly showed deep shock in his eyes.

At this time, he finally understood why Ye Feng wanted to leave with the Tianjian team.

It turned out that the place Ye Feng was going to was actually such a magical and ancient place.

Jun Wuxie is a disciple of the inner sect of the Five Emperors Divine Sect and a master on the Mountain and River Ranking. Naturally, he has heard of legendary places like the Ancient Dragon Transformation Pond.

Rumor has it that in the ancient Dragon Transformation Pond, as long as you can get the energy in it, you can temper your body like an ancient dragon. It is definitely a place where ordinary people can soar into the sky.

"It's a pity that I only have a mortal body and cannot withstand the dragon energy in the ancient Dragon Transformation Pond. Otherwise, if I follow Ye Feng, I can still get a little light." Jun Wuxie couldn't help but shook his head with regret at this time. Shake his head.

Because Jun Wuxie practices swordsmanship, Jun Wuxie's physique has never been very strong, and he simply cannot withstand the terrifying power of the ancient dragon essence in the ancient dragon dragon pool.

At this time, Jun Wuxie stared at the black-robed figure next to Ye Feng, and couldn't help but look guessing in his eyes.

I don't know where Ye Feng found such a mysterious figure, but he actually knew where the ancient Dragon Transformation Pond was.

At this moment, Jun Wuxie admired Ye Feng more and more. He was really a legendary young figure.

"In the future, Ye Feng will probably be the brightest star among the Five Emperors Divine Sect." At this moment, Jun Wuxie secretly murmured in his heart.

At this time, the old demon monster heard Ye Feng's words and immediately took out an ancient animal skin scroll from the storage ring.

This ancient animal skin scroll has some map lines drawn on it, which should be the distribution map of the entire ancient underground dragon cave.

"found it."

After looking at the map for a while, the old demon monster flew quickly in a certain direction.

Ye Feng and Jun Wuxie followed behind the old demon monster.

In less than half an hour, they had traveled through various winding underground passages and arrived at a very ancient cave.

In this cave, a huge pool of water appeared in the sight of several people.

"This is the Ancient Dragon Transformation Pond!"

The old demon monster immediately pointed to the pool in front of him and said loudly.

Ye Feng looked towards the pool of water with a look of surprise in his eyes.

This pool is filled with powerful golden dragon energy surging everywhere, and it looks very beautiful.

In addition, in the water of the pool, the faint roar of dragons can be heard. People will be shocked when they hear it.

"What a rich dragon energy. It is indeed an ancient dragon pool left by the overlord race from a higher realm!"

Ye Feng was very excited at this time and jumped directly into the ancient dragon-changing pond in front of him.

At this time, Jun Wuxie couldn't even get close to the Ancient Dragon Transformation Pond, because as soon as he got close, he would be shaken by the terrifying dragon energy and his whole body would break into pieces. You know, Ye Feng had obtained the Ice Ancestral Talisman in his early years.

If we could combine the power of the Ice Ancestral Talisman with the set of "Absolute Freezing Domain" that Ye Feng obtained at this moment.

The energy that bursts out will become extremely terrifying!

At this time, after Ye Feng obtained this extremely powerful inheritance, he continued to fly quickly in other directions of this ancient underground dragon clan treasure house, wanting to explore other treasures.

With the help and exploration of powerful soul power, Ye Feng quickly found something very precious again.

It was a box of round beads emitting golden light.

"These should be dragon balls..."

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, there was a box of dragon balls in here.

And Ye Feng could feel that the energy contained in these dragon beads was very majestic.

At this moment, Ye Feng didn't have time to devour it, so he directly put all the dragon balls in this box into his storage ring.

Uh-huh!

Then Ye Feng continued to quickly explore in other directions around him.

After half an hour, Ye Feng found all the resources he wanted.

As for other resources that Ye Feng could not use, Ye Feng did not take them because holding them would have no effect.

Next, on the ground outside the broken castle, Ye Feng met again with the members of the Sky Sword team and other warriors.

At this time, many members of the Tianjian team showed excitement in their eyes, because they had also obtained a lot of resources from the underground treasure house.

At this moment, Ye Feng walked up to the captain of the Tianjian team and said with a smile: "I won't be able to go with you next time, I will probably act alone."

"Alone?"

Hearing what Ye Feng said, the captain of the Tianjian team showed a look of pity in his eyes.

After all, Ye Feng is very powerful. If he can continue to explore with them, it will be of great help to their team.

But now that Ye Feng has decided to act alone, the captain of the Tianjian team will not stop him.

He patted Ye Feng on the shoulder, smiled and said aloud: "It is my lifelong honor to be able to know such an amazing super genius as little brother Ye Feng. I hope that the two of us can achieve great things in the future." harvest."

Ye Feng immediately smiled and said: "Okay."

After finishing speaking, Ye Feng looked at Jun Wuxie who was not far away and said, "Let's go."

"Um."

Jun Wuxie naturally followed Ye Feng. At this moment, he nodded slightly and followed Ye Feng.

Next to Ye Feng, there was a burly figure wearing a black robe, who was the old demon monster that Ye Feng had conquered before.

At this moment, Ye Feng took Jun Wuxie and the old demon monster and walked quickly in the other direction of this ancient underground dragon cave.

On the way, Jun Wuxie was a little confused and couldn't help but ask: "Ye Feng, why did Miss Bingyue disappear? She has always been with you."

Ye Feng smiled slightly and said aloud: "Bingyue went to a mysterious place, and we may not meet again until later."

Hearing what Ye Feng said, Jun Wuxie's eyes flashed slightly, knowing that something special must have happened between the two of them while he was away.

matter.

So Jun Wuxie did not inquire about anything at this time, but nodded slightly and followed Ye Feng.

At this time, Ye Feng looked at the old demon monster wrapped in black robes beside him, and said loudly: "Where is the ancient dragon pool? You can take me there directly now."

"Ancient Dragon Pond?"

Hearing what Ye Feng said, Jun Wuxie next to him suddenly showed deep shock in his eyes.

At this time, he finally understood why Ye Feng wanted to leave with the Tianjian team.

It turned out that the place Ye Feng was going to was actually such a magical and ancient place.

Jun Wuxie is a disciple of the inner sect of the Five Emperors Divine Sect and a master on the Mountain and River Ranking. Naturally, he has heard of legendary places like the Ancient Dragon Transformation Pond.

Rumor has it that in the ancient Dragon Transformation Pond, as long as you can get the energy in it, you can temper your body like an ancient dragon. It is definitely a place where ordinary people can soar into the sky.

"It's a pity that I only have a mortal body and cannot withstand the dragon energy in the ancient Dragon Transformation Pond. Otherwise, if I follow Ye Feng, I can still get a little light." Jun Wuxie couldn't help but shook his head with regret at this time. Shake his head.

Because Jun Wuxie practices swordsmanship, Jun Wuxie's physique has never been very strong, and he simply cannot withstand the terrifying power of the ancient dragon essence in the ancient dragon dragon pool.

At this time, Jun Wuxie stared at the black-robed figure next to Ye Feng, and couldn't help but look guessing in his eyes.

I don't know where Ye Feng found such a mysterious figure, but he actually knew where the ancient Dragon Transformation Pond was.

At this moment, Jun Wuxie admired Ye Feng more and more. He was really a legendary young figure.

"In the future, Ye Feng will probably be the brightest star among the Five Emperors Divine Sect." At this moment, Jun Wuxie secretly murmured in his heart.

At this time, the old demon monster heard Ye Feng's words and immediately took out an ancient animal skin roll from the storage ring.

This ancient animal skin scroll has some map lines drawn on it, which should be the distribution map of the entire ancient underground dragon cave.

"found it."

After looking at the map for a while, the old demon monster flew quickly in a certain direction.

Ye Feng and Jun Wuxie followed behind the old demon monster.

In less than half an hour, they had traveled through various winding underground passages and arrived at a very ancient cave.

In this cave, a huge pool of water appeared in the sight of several people.

"This is the Ancient Dragon Transformation Pond!"

The old demon monster immediately pointed at the pool in front of him and said loudly.

Ye Feng looked towards the pool of water with a look of surprise in his eyes.

This pool is filled with powerful golden dragon energy surging everywhere, and it looks very beautiful.

In addition, in the water of the pool, the faint roar of dragons can be heard. People will be shocked when they hear it.

"What a rich dragon energy. It is indeed an ancient dragon pool left by the overlord race from a higher realm!"

Ye Feng was very excited at this time and jumped directly into the ancient dragon-changing pond in front of him.
