Chapter 3331 Heart Tribulation

"boom!"

"boom!"

"boom!"

When Ye Feng jumped into the Ancient Dragon Transformation Pond, there were suddenly terrifying dragon auras all around, which condensed into a golden dragon and charged towards Ye Feng's body, trying to destroy Ye Feng's body. destroy.

This is a very terrifying destructive force. Even Ye Feng, who possesses an extremely powerful Chaos Body, cannot help but feel that his blood and flesh are shaking and is almost about to collapse.

At this time, Ye Feng's eyes showed a hint of surprise.

Sure enough, not everyone can enjoy this ancient dragon-changing pond. Even if some masters come here, they cannot enjoy this ancient dragon-changing pond.

Because if you want to be tempered by the power of the ancient dragon in the ancient dragon pond, you need to have a very terrifying body and constitution to be able to withstand the terrifying intensity of this kind of tempering.

At this moment, Ye Feng released the Devouring Domain, withstood the terrifying destructive power, and continuously absorbed all the energy in the ancient Dragon Transformation Pond into his body, rapidly increasing his power.

When the old demon monster saw Ye Feng's violent training method, he couldn't help but sigh: "This human boy is really terrifying."

Jun Wuxie's eyes widened when he saw that Ye Feng was rapidly absorbing the violent energy in the ancient Dragon Transformation Pond. He did not expect that Ye Feng could withstand such terrifying destructive power.

But at this time, Jun Wuxie's eyes also showed a trace of happiness and excitement. He was sincerely happy for Ye Feng.

Because Ye Feng can be said to be his very good friend now. If Ye Feng's cultivation skills are greatly improved, Ye Feng's status in the Five Emperors Sect will rise in the future. Jun Wuxie thinks that he can also get a little bit of it. Light.

"Buzz!"

At this time, Ye Feng was bathing in the ancient Dragon Transformation Pond, surrounded by golden dragon energy, looking extremely sacred.

Ye Feng at this moment, the whole

The power of every body is boiling.

"Crash!"

The endless power of the ancient dragon turned into golden energy and was rapidly injected into Ye Feng's body.

This terrifying power of the Dragon Transformation Pond is not only strengthening Ye Feng's skills, but also tempering Ye Feng's physical strength.

In other words, Ye Feng's current skills are improving, and the strength of the Chaos Body is also increasing rapidly.

This ancient dragon-transforming pond is simply a precious place that can improve both physical fitness and skill.

At this moment, Ye Feng's energy accumulated to a strong enough level, and suddenly an extremely powerful cultivation aura erupted from his body.

That's the momentum of a breakthrough!

Ye Feng is currently at the bottleneck of the Half-Step Meditation Realm. He finally broke through it all at once and directly reached the first level of the real Meditation Realm!

And that's not all!

It has to be said that the energy reserve in this ancient dragon-changing pond is really huge, and Ye Feng's skill is still improving rapidly.

"boom!"

The second level of meditation!

"boom!"

The third heaven of meditation!

"boom!"

The fourth level of meditation!

"boom!"

The fifth heaven of meditation!

...

"boom!"

The tenth heavenly perfection of meditation! !

At this time, Ye Feng's eyes were filled with deep excitement.

My improvement this time is really terrifying to the extreme.

Even Ye Feng himself was amazed at his terrifying improvement speed at this time.

And at this time, the energy in Hualong Pond is still nearly half!

At this moment, Emperor Chu suddenly spoke in his mind: "Ye Feng, swallow all the remaining energy of this ancient dragon-changing pond into your body at once, and with the help of that extremely powerful The power will directly allow you to transform again, completely break through the meditation state, and step into the terrifying mental calamity state above the meditation state! Only after you enter the Heart Tribulation Realm can you truly be considered one of the masters in the Northern Wilderness of the Star Territory! "

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly became crazy.

This time, with the help of such a terrifying and precious place like the Ancient Dragon Transformation Pond, it might be possible to directly transform myself into a whole great realm! .??.

At this moment, Ye Feng didn't hesitate at all. He opened his mouth and swallowed all the remaining energy of the ancient dragon pond in one go.

Boom! !

And in the next moment, Ye Feng's skill suddenly boiled tremendously.

Ye Feng's skill level has grown explosively.

In the realm of mental calamity above the meditation realm, Ye Feng only felt that he was about to touch that level.

At this time, Emperor Chu suddenly said aloud in his mind: "If you want to step into the heart tribulation realm, you not only need huge energy to support it, but you also need to survive an inner tribulation, which is the 'heart tribulation'."

At this time, Ye Feng was suffering from the terrifying power boiling in his body, and couldn't help but ask: "What is the heart calamity?"

Emperor Chu said aloud: "Heart Tribulation, Heart Tribulation, represents a calamity in your heart. It may be a fantasy and test of past memories, similar to the Book of Reincarnation you experienced back then."

I heard Emperor Chu say this

, Ye Feng immediately nodded, preparing to face the inner calamity before entering the inner calamity realm.

Buzz!

Almost at this moment, Ye Feng suddenly felt as if his soul was rising into the sky.

The whole person fell into an inner illusion.

At this time, Ye Feng suddenly saw his oldest memories appearing in his mind, and it felt very real.

At this time, the scene changed.

An ancient palace appeared in the surrounding scene, with battles and killings everywhere.

Ye Feng looked at himself and saw that he was wearing the prince's clothes.

"I....."

Suddenly, Ye Feng became the prince of the God of Creation who was about to die, and the frail young man he was.

Then Ye Feng actually had a very sad thought in his heart, that is, he had never been reborn. The so-called rebirth after three thousand years was just a glimpse of Huang Liang before his death as a child who did not believe in rebellion. Just a dream.

Everything after rebirth is a fantasy, a beautiful imagination of Ye Feng, the weak and young prince of the God of Creation before his death.

I have to say that this experience was so real that Ye Feng almost fell into it.

But the next moment.

"boom!"

The soul gem burst out with an incomparable force, pulling Ye Feng out of this terrible fantasy.

Boom!

In the next moment, Ye Feng successfully passed through the heart tribulation, his cultivation level once again broke through, and he completely entered the heart tribulation realm above the meditation realm!

But at this time, Ye Feng's forehead was covered with cold sweat. He did not feel any joy after the breakthrough. Instead, he felt terrified about the terrible illusion he had just experienced.

Chapter 3332 Unknown Area

At this moment, after Ye Feng's cultivation realm has broken through, he is preparing to leave here. After all, most of the wealth left by the ancient dragon clan has been plundered.

But at this time, the old demon monster suddenly said: "The map in my hand also leads to other places in this ancient underground dragon cave, and it is a mysterious and unknown area."

There was a hint of surprise in Ye Feng's eyes, and he said, "Mysterious and unknown area? What do you mean?"

At this time, the old demon monster said: "About this ancient underground dragon cave, it is not as simple as you think. It turns out that this was once a place of war between the Ice and Snow Dragon Clan and the Demon Clan of the Heavenly Demon Realm, but this was not the beginning. It is the Underground Dragon Cave. It was the Ice and Snow Dragon Clan who stationed here and it became the so-called Underground Dragon Cave. It is known to the outside world. In fact, this was an area where a mysterious race lived in an older era. "

"A mysterious race from a more distant and ancient era?"

Ye Feng's eyes showed surprise. ??

The map in the hands of this old demon monster at this time is the map left by that more ancient race.

The old monster from the demon tribe spoke out: "But for this mysterious race that is older than me, even I don't know exactly what race it is, so if you go to explore those unknown areas, there may be unknown dangers."

Ye Feng thought for a moment and felt that he should investigate.

Because if you can really get the things left by that mysterious race, it will definitely make your overall strength even stronger.

Ye Feng said aloud at this time: "I want to go and investigate. After all, I have come here. If I don't go to investigate, I will be a bit unwilling."

Ye Feng made his decision at this time and prepared to follow this old demon monster to explore the unknown area pointed on the map.

Jun Wuxie couldn't help but said at this time: "Ye Feng, we can stop when we are ready, because unknown places are too dangerous."

Hearing Jun Wuxie say this,

Although he knew what the other party said was reasonable, Ye Feng didn't want to leave just like that.

At this time, Ye Feng looked at Jun Wuxie in front of him and said loudly: "How about you leave here first, the unknown area you will explore next may be very dangerous."

Ye Feng asked Jun Wuxie to go first at this time, not because he didn't want to share the wealth he might gain with Jun Wuxie, but because Jun Wuxie's cultivation strength was now simply unable to compete with Ye Feng and the old demon monster.

If Jun Wuxie and Ye Feng went to explore the unknown areas on the map together, they would most likely perish.

"OK."

Jun Wuxie hesitated for a moment, and then said, "Then I'll leave first."

The next moment, Jun Wuxie did not bear it hard to save face, but chose to give up as soon as it was good and leave the dangerous area here.

At this time, Ye Feng looked at the old demon monster in front of him and said loudly: "We can go directly to explore."

The old World of Warcraft monster nodded and took out the map from before.

Following the guidance on the map, the two walked towards the first mysterious and unknown area.

Along the way, Ye Feng and the old demon monster went deeper and deeper into this underground ruins.

Some very ancient and terrifying ferocious totems appeared around.

There are some ferocious totems that make old demon monsters feel very scary.

"These totems are more terrifying, ancient, and darker than the totems among the demons in our world of demons."

The old demon monster couldn't help but murmured.

At this time, when Ye Feng heard this, his eyes just flashed and he did not flinch, but continued to walk towards the unknown area.

Soon, they finally

So we came to the first unknown area pointed on the map.

This unknown area is a very narrow cave.

But in this cave, there are ten dark seats that look extremely noble.

Every dark seat looks very scary, with ancient ferocious totems engraved on it.

At this time, the old demon monster saw these ten dark seats, and suddenly seemed to think of something, and couldn't help but said: "These may be things left by the dark race that is older than the demons."

Ye Feng didn't say anything more. He walked into the cave at this time and wanted to examine the ten dark seats in detail to see if they were any ancient treasures.

Buzz!

But just when Ye Feng walked into the cave, the entire cave immediately began to shake rapidly.

Ye Feng seemed to have triggered something, and ten dark shadows appeared on the ten seats.

The ten dark shadows all exuded a terrifying dark aura, causing the old demon monster to kneel on the ground at this moment.

It is a fear that originates from the origin of life.

Buzz!

At this moment, Ye Feng immediately felt a very terrifying pressure exerted on himself, making Ye Feng feel like he was stuck in a quagmire and unable to move at all.

Ye Feng was immediately in crisis at this time!

The ten dark shadows on the ten seats are like ten dark kings, full of overwhelming pressure and power, making people's whole soul fall into darkness.

But at this time, Ye Feng's eyes were not afraid.

Because these ten dark shadows all exist at the soul level.

So at this moment, Ye Feng directly released the power of the soul gem.

"boom

!"

The next moment, a layer of red light appeared on the surface of Ye Feng's body, making Ye Feng seem to have become a giant of red light, resisting the pressure of these ten dark kings.

"What?"

At this time, the old demon monster who couldn't help but kneel on the ground immediately widened his eyes. It seemed that he didn't expect Ye Feng to be able to withstand the pressure of the souls of ten ancient dark kings. It was really amazing. !

"The breath of the soul gem!"

"Plunder it! The ten of us will have immortal souls and be reborn!"

Suddenly, at this moment, ten dark scepters appeared in the hands of the ten dark kings sitting on ten dark seats, and a large amount of dark light burst out, attacking Ye Feng.

"Dominate the will!"

At this moment, Ye Feng did not hesitate and directly released the core power of the soul gem, which is the will to dominate!

Buzz!

At this moment, Ye Feng's whole body suddenly condensed with a majestic and boundless will to dominate.

The supreme power of the Lord was released, which directly wiped out all the attacking lights of darkness around him.

When it comes to which dominating gem Ye Feng controls the most thoroughly and develops the most, it is the soul gem.

Therefore, Ye Feng's control over the soul gems has reached a very high level, and the power of dominating will released at this moment is very terrifying.

"What?!"

"This ant-like human boy can actually make the soul gem recognize him as its master?"

"How can this be!"

At this moment, the ten dark kings on the ten dark seats around them couldn't help but widen their eyes, stood up one after another, and stared at Ye Feng, who was guarded by the will of the master in the middle.

Chapter 3333 Scepter of Dark Judgment

Buzz!

At this moment, the incomparably great master's will exudes a bright red light, shocking the entire field.

At this time, the ten dark kings all stared wide-eyed, and they didn't know what to do for a while.

Ye Feng looked around coldly and said loudly: "Destroy!"

boom! !

At this moment, the Dominator's Will began to grow in size and became very majestic. It towered directly into the sky and became an extremely majestic giant of red light. It quickly released a terrifying energy beam towards the surroundings.

"hateful!!!"

"This human boy actually plans to destroy us all!"

At this moment, the ten dark kings all roared loudly and released a black light shield around themselves, trying to resist the crimson light beam.

Boom!

Ye Feng used the soul gem at this time, and the dominant will released was very terrifying.

The large red light bombarded the dark light shield condensed by the ten dark kings, and cracks appeared in all the dark light shields, as if the glass was about to break.

"What? So powerful?!"

"To what extent does this boy control the soul gem, and he can actually release such powerful soul power!"

The ten dark kings are all just soul bodies at this time, so they feel a sense of helpless despair when facing the soul gem.

Boom! !

Under the horrified gaze of the old demon monster not far away, Ye Feng finally used the will of dominance to smash the souls of the ten dark kings into pieces and turned them into pieces of soul fragments.

"Swallow!"

At this moment, Ye Feng directly released the Devouring Domain, quickly absorbing the soul fragments that were transformed into the souls of the ten dark kings after they were shattered.

Ye Feng knew very well that these ten dark kings

They are all super strong men from the dark clan in ancient times.

After their soul bodies are broken, the soul fragments formed have extremely huge soul reserves.

If swallowed, it can greatly enhance one's soul power.

"Buzz!!"

Sure enough, after Ye Feng absorbed the soul fragments of the ten dark kings, his soul power strength increased exponentially.

It turns out that Ye Feng's soul power level is 1.3 million.

Now it has been directly upgraded to a full two million level!

This is really a huge improvement!

Buzz!

At this moment, Ye Feng opened his eyes, and there was even a black light shining in his eyeballs.

It has to be said that after Ye Feng destroyed the soul power of these ten dark kings this time, his own soul power intensity has been greatly enhanced!

"Really destroyed the will of the ten dark kings?"

The old demon monster not far away stood up tremblingly at this time.

The eyes he looked at Ye Feng were filled with deep fear.

At this time, the old demon monster suddenly realized why this human boy was able to defeat him.

Because the way this man behaves as a young man is simply unbelievable to the extreme.

The endless methods, each trump card is more terrifying than the last, are really frightening.

Even this old demon monster who had lived for many years was filled with deep awe for Ye Feng at this time and did not dare to have the slightest thought.

At this time, Ye Feng suddenly saw that after the will of the ten dark kings was destroyed, every dark king

The seats are actually inlaid with ten dark crystals, emitting a mysterious light.

At this time, the old demon monster came from behind and couldn't help but said: "Master Ye Feng, these ten dark crystals are all left by the top ten dark kings in the past. According to the ancient records among our demon clan, These ten crystals seem to be a special key that can open up the ancient mysterious space."

"Can you open the ancient mysterious space?"

Hearing what the old demon monster next to him said, Ye Feng's eyes showed a hint of surprise.

At this time, Ye Feng looked at the old demon monster beside him and said, "How to turn it on?" .???.??

The old demon monster stared at the ten dark seats at this time and said loudly: "If you take down all these ten dark crystals, you should be able to find a way to open that ancient mysterious space. These ten dark crystals left by the King of Darkness The dark crystal can guide the direction of that ancient mysterious space."

Ye Feng nodded slightly at this time, then reached out and grabbed all the crystals on the ten dark seats.

And the moment Ye Feng just picked it off.

suddenly.

"Swish, swish, swish"!

Ten dark crystals suddenly flew out of Ye Feng's hand, and then flew to the front wall of the cave.

Rumble...

Almost at this moment, the wall suddenly shook rapidly. All the soil on the surface of the wall shook off, and a huge gray-white stone door appeared.

On this stone door, each of the ten dark crystals is exactly inlaid in ten grooves.

"Um?"

Ye Feng saw this scene with surprise in his eyes, and then walked directly in front of this Shimen.

The old demon monster saw this

Mu, with deep surprise in his eyes, couldn't help but said: "Master Ye Feng, let me try to see if I can open this stone door."

Ye Feng nodded slightly and asked the old demon monster to walk in front of Shimen.

The old demon monster took a deep breath at this moment, stretched out his hand and pressed it on the stone door inlaid with ten dark crystals.

"Buzz!"

The next moment, he input some of his pure dark power.

Click!

And almost at the next moment, along with a sound that sounded like breaking, the shackles in the entire stone door seemed to be opened.

The stone door slowly opened.

As the stone door slowly opened on both sides, Ye Feng immediately saw that behind the stone door, there was a very small dark room.

"Is this the mysterious space left by the ten dark kings?"

Ye Feng couldn't help but murmured.

At this moment, in this small dark room, there was an extremely ancient golden altar standing.

This golden altar looks very noble, with many ancient dark totems engraved on its surface.

But at this time, what caught the eyes of Ye Feng and the old demon monster the most was that in the middle of the golden altar, there was a black-gold scepter that was more than three meters long. It looked very precious. , full of an ancient vicissitudes of life, seems to contain a very ancient and dark power.

"This is...the Scepter of Dark Judgment!"

When the old demon monster saw this black gold scepter, he immediately couldn't help but exclaimed: "This is the scepter of dark judgment jointly forged by the legendary ten kings of darkness! According to legend, if you can control this dark judgment, The scepter can release the ancient power of the ten dark kings. This is a very advanced ancient dark treasure among the dark races!"

Chapter 3334 Four unknown areas

"Scepter of Dark Judgment?"

At this moment, Ye Feng heard the surprised voice of the old demon monster, and immediately nodded slightly.

It seems that this so-called Dark Judgment Scepter is indeed a good treasure.

But you must know that this Dark Judgment Scepter is a powerful treasure forged by the ten ancient dark kings. It is indeed very advanced.

Uh-huh!

At this time, Ye Feng stepped forward directly, preparing to reach out and touch the Dark Judgment Scepter to see if he could refine it.

But this time.

"boom!"

Suddenly, the old demon monster behind him rushed towards the Dark Judgment Scepter in advance, with his eyes emitting black light, and said loudly: "As long as I get this Dark Judgment Scepter, I will My strength will be completely restored, and I will be able to gain the power of the ten dark kings, and I will be able to rule the world again!"

At this moment, the face of the old demon monster was full of fanaticism.

Obviously, he was completely aroused by this Dark Judgment Scepter, and wanted to snatch this Dark Judgment Scepter.

It has to be said that Ye Feng himself did not expect this sudden change.

When Ye Feng reacted, the old demon monster was already standing next to the Dark Judgment Scepter.

I saw the old demon monster stretched out a devil's claw and grasped the Dark Judgment Scepter. At this moment, his whole body burst out with dark light.

When Ye Feng saw this scene, his eyes suddenly darkened and he couldn't help but said, "Are you going against me?"

The old demon monster stared at Ye Feng and said loudly: "I have to admit that you are indeed a very powerful human genius. I don't want to be your enemy. As long as you leave here, I can let you go." "

When Ye Feng heard the old demon monster say this, he immediately laughed out loud: "Do you really think you

Can you compete with me? "

At this time, the old demon monster held the Dark Judgment Scepter in his hand, stared at Ye Feng for a moment, and said loudly: "I have given you a chance to escape, but you don't know how to cherish it. Since you are so ignorant, Then I will show you the power of the Dark Judgment Scepter."

Boom! !

Almost at this moment, the old demon monster held the Dark Judgment Scepter in his hand and directly burst out with extremely powerful dark power.

From the Dark Judgment Scepter, ten jet-black rays of light suddenly shot out, turning into the power of the ten dark kings, and suppressed Ye Feng.

Ye Feng shouted directly at this time: "Poison-eating insect!"

At this moment, the poison-eating insects that the old demon monster had swallowed before suddenly began to eat quickly in the body of the old demon monster.

"ah!!"

The old demon monster immediately felt great pain.

At this moment, the old demon monster shouted: "Dark Judgment Scepter! Protect my body!"

Buzz!

At this moment, a dark power burst out from the Dark Judgment Scepter, rushing directly into the body of the old demon monster, and then quickly tried to suppress the poison-eating insects.

"Teleport!"

But at this time, Ye Feng released the power of the space gem in an instant and directly traveled through the void.

Ye Feng actually passed directly through the blockade of the ten dark kings released by the Dark Judgment Scepter, and came directly in front of the old demon monster, which made the old demon monster's eyes widen.

"What?!"

The old demon monster couldn't help but exclaimed: "You actually have another domination gem on your body. Is that a space gem?"

The old demon monster's eyes widened at this time. It seemed that he had never thought that Ye Feng, a little human boy, actually had another domination gem besides the soul gem!

However, the old demon monster had no time to be shocked at this time, because Ye Feng had already flashed in front of the old demon monster, stretched out one hand, and twisted the head of the old demon monster with a "click" .

Boom!

The head of the old demon monster fell directly to the ground, killing him instantly.

At this time, Ye Feng sneered.

He had long expected that this old demon monster would never be willing to be under his control, so he had let this old demon monster swallow a poison-eating insect before, which could interfere with the old demon monster's combat effectiveness at a critical moment. Only then could Ye Feng kill this old demon monster so easily.

At this time, Ye Feng directly released the Devouring Domain, swallowing up all the skills of this old demon monster.

There were also resources that Ye Feng had obtained before, such as the box of dragon balls. Ye Feng also took them out at this moment and swallowed them all.

boom! !

Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

His cultivation level once again broke through.

From the first level of the Heart Tribulation Realm, he broke through to the second level of the Heart Tribulation Realm!

This made Ye Feng's eyes reveal a hint of surprise.

Unexpectedly, after devouring an old demon monster and a box of dragon balls, I was able to break through to the first level.

Sure enough, the Heart Tribulation Realm is indeed an extremely powerful realm that requires more energy.

Enough for Ye Feng to break through.

Ye Feng also realized at this time that as his cultivation level continued to improve and he was promoted to a higher level, the energy required for each breakthrough was really getting bigger and bigger. His body was like a bottomless pit, forever. Not even enough.

At this time, Ye Feng sighed, and then took the Dark Judgment Scepter in front of him directly into his hand.

Ye Feng's skill can transform and accommodate energy of various attributes, so Ye Feng can also use this Dark Judgment Scepter, even if Ye Feng is a human race.

At this time, Ye Feng refined the Dark Judgment Scepter and put it directly into his body.

Then Ye Feng's eyes were fixed on the golden altar below.

This golden altar should also be cast by the ten kings of darkness.

At this moment, Ye Feng's eyes fell on some ancient dark totems on the surface of this golden altar.

He discovered that each of these totems had a specific movement and behavior.

"This seems to be a special kind of inheritance, not through written chapters, but through totems."

Ye Feng discovered this at this time, and his eyes suddenly showed a hint of surprise.

Uh-huh!

He directly took the golden altar into his mind and asked Emperor Chu to study the ancient dark totem on the surface of the golden altar to see if it was the inheritance of some ancient dark royal family as he guessed.

At this time, after plundering some, Ye Feng took the map in the hands of the old demon monster and rushed towards the second unknown area alone.

There are a total of four unknown areas marked on this map. Ye Feng naturally has to explore it before he is willing to do so.

Chapter 3335 Tomb Keeper

According to the map in his hand, Ye Feng was very fast and arrived at the second unknown area in a blink of an eye.

At this moment, a dark passage appeared in front of Ye Feng.

The second unknown area is in this passage.

There was a look of surprise in Ye Feng's eyes. He didn't expect that this second unknown area would be such a passage. .??.

"Is there anything extraordinary about this passage?"

Ye Feng murmured in confusion and walked in directly.

But the moment Ye Feng walked in.

suddenly.

"Crash!!"

Along with an extremely noisy sound, there were small holes in the surrounding walls, and a dark "tide" suddenly surged out from these small holes.

"That's not a tide!"

What frightened Ye Feng's eyes was that this was not a pitch-black tide, but a frenzy composed of countless densely packed black poisonous insects.

This is simply a terrifying wave of poisonous insects!

Almost at this moment, Ye Feng immediately felt a very terrible feeling, as if his whole body was poisoned.

However, facing this wave of poisonous insects that could swallow up everything, Ye Feng did not hesitate at this time and immediately released the poisonous gems he had obtained before.

The moment the poisonous gem appeared, Ye Feng immediately emitted a poisonous aura, directly forcing the dark poisonous insects to retreat quickly towards the rear.

"very good!"

When Ye Feng saw this scene, he immediately showed a look of satisfaction in his eyes, "It is indeed a poisonous gem. These dark poisonous insects dare not be contaminated by the poisonous gas in the poisonous gem!"

At this moment, Ye Feng walked quickly towards the inside of the passage, and then fully released the terrifying power of the poisonous gem.

Those dark poisonous insects were instantly enveloped by the poisonous gas of the poisonous gems.

"Hiss!"

At this moment, these dark poisonous insects all let out pitiful screams.

At this time, Ye Feng suddenly discovered that the toxins contained in the bodies of these dark poisonous insects were actually being absorbed by the poisonous gems.

After the poisonous gems absorbed the toxins of these dark poisonous insects, Ye Feng could feel that the power of the poisonous gems was getting stronger and stronger, and the toxins released became more and more terrifying.

Ye Feng immediately understood that the poisonous gem could continuously increase the power of poison.

"Unexpectedly, these poisonous insects did not swallow me up, but instead helped me increase the power of the poisonous gems."

At this moment, Ye Feng burst out laughing and unleashed the power of the poisonous gems, destroying all the dark poisonous insects in the entire passage and absorbing all the toxins.

Ye Feng's poisonous gem immediately received a huge improvement.

Next, Ye Feng explored the entire passage and found nothing.

It seems that the second unknown area pointed to by this map is the place where the dark poisonous insects live. This is not a place with wealth, but a big pit.

If anyone is guided here by the map, they will probably be devoured by those terrifying dark poisonous insects in an instant.

If it weren't for the poisonous gems that Ye Feng possessed, even if Ye Feng possessed the Chaos Body, it would have been difficult to escape from so many densely packed dark poisonous insects.

Sure enough, there are dangers everywhere here.

The places pointed to by the map may not necessarily contain wealth, but may very well be the danger of death.

At this time, Ye Feng left this passage, looked at the direction on the map, and walked towards the third unknown area.

There are a total of four unknown areas leading to the entire map.

Ye Feng soon came to the third unknown area.

Here, Ye Feng saw a very huge palace complex.

This made Ye Feng's eyes slightly happy. There should be the wealth of the dark race here.

But just when Ye Feng approached this palace group.

suddenly.

"Swish, swish, swish!"

Three mysterious men dressed in black robes appeared in front of Ye Feng.

Ye Feng saw these three figures in black robes. Although they were in human form, their heads were those of demons. They were covered with black scales and their eyes were glowing with green light. They looked very strange.

At this moment, Ye Feng immediately stared at the three black-robed men with vigilance and asked: "Who are you? Which force do you come from?"

The moment Ye Feng finished speaking, a man in black robes immediately said coldly: "We are the guardians of the tomb here. We have been guarding the tomb here for thousands of years. Outsiders, I advise you to leave here as soon as possible. , don't make the mistake, lest you lose your life."

When Ye Feng heard what the man in black robe said, a look of surprise suddenly appeared in his eyes.

Unexpectedly, there are still mausoleum guardians here.

At this moment, Ye Feng did not retreat, but said slowly: "I won't leave just like that. How about you let me directly enter this ancient palace complex and live in peace?"

"To live in peace?"

Hearing what Ye Feng said, the three guardians of the tomb immediately laughed out loud: "Young boy from the human race, you think too highly of yourself. Although your cultivation aura is quite powerful, you still want to fight against us. Three is not even close."

Boom!

Almost as soon as the three tomb guardians finished speaking, they suddenly burst into panic.

Incomparable power.

I saw three long steel forks appearing in the hands of the three tomb guards, releasing terrifying dark light waves and bombarding Ye Feng.

At this moment, Ye Feng directly released the power of the Chaos Body and punched out.

A pillar of chaotic light erupted from his fist, which collided with the three dark light waves released by the three tomb guards.

Buzz!

However, at the moment of collision, there was no roar as imagined.

Ye Feng suddenly discovered with horror that the dark light waves released by these three guardians could directly melt his chaotic light pillar.

Seeing the horrified expression on Ye Feng's face, the three tomb guardians immediately smiled contemptuously and said, "Human boy, are you stupid? We are the oldest dark power that can melt anything in the world. You can't fight against us."

"Oh, is it so?"

Hearing the arrogant words of these three tomb guardians, Ye Feng smiled coldly at this time and said: "Since it is an ancient dark power, then I will also use the ancient dark power to fight against you."

Uh-huh!

Almost at the moment Ye Feng finished speaking, he took out the Dark Judgment Scepter he had obtained before.

The moment the Dark Judgment Scepter appeared in Ye Feng's hand, the three tomb-keepers in black robes suddenly looked shocked and couldn't help but said: "What? You actually have the king of our dark royal family in your hand. Scepter, how is this possible? This Scepter of Darkness is a sacred object of our Dark Royal Family, how can we recognize a human kid as our master? No! I don't believe this!"

At this moment, the three guardians of the tomb all screamed in surprise, their eyes widened, as if they couldn't believe what they were seeing. They couldn't believe that Ye Feng, a young human race, could actually control their dark royal family. The dark relic!

Chapter 3336 Dark Giant Skeleton

Although the three tomb guards couldn't believe what was happening in front of them, at this time, even if they didn't believe it, there was nothing they could do.

Because Ye Feng really controlled the Dark Judgment Scepter in his hand at this moment, Ye Feng did not hesitate at this moment and directly released the powerful power of the Dark Judgment Scepter in his hand.

The Scepter of Dark Judgment is a sacred object among the Dark Kings. At this time, Ye Feng inspired the power of the Scepter of Dark Judgment. Suddenly, ten shadows of the Dark King appeared in front of Ye Feng, and then moved directly towards Ye Feng. He caught three tomb guards and attacked.

Buzz! Buzz! Buzz...

The ten dark kings that Ye Feng condensed through the Dark Judgment Scepter are extremely majestic and exude powerful and surging power.

You know, these ten dark kings have a natural suppression of the dark race.

So at this moment, when the ten dark kings appeared, the three tomb guardians simply couldn't bear the terrifying suppressive force coming from the depths of their bloodline, and they quickly retreated towards the back, wanting to leave here.

Because no matter how powerful they are, they simply don't have the courage to face the willpower of the ten dark kings.

Boom! !

But by this time, it was too late for them to escape.

The ten dark kings released by the Dark Judgment Scepter in Ye Feng's hand came directly in front of the three tomb guards.

Then, with the fearful eyes of the three tomb guards, he killed the three tomb guards in an instant.

"ah!"

"ah!"

Accompanied by screams, the three tomb guards fell directly to the ground, losing their lives.

Uh-huh!

At this moment, Ye Feng walked directly in front of the three dead tomb guardians, and then released the Devouring Domain, swallowing up all the skills of the three tomb guardians.

I have to say, this

The cultivation of the three tomb guardians was even stronger than that of Ye Feng, and the skills they provided were still very profound, which greatly improved Ye Feng's cultivation at this moment.

"boom!"

The third level of the Heart Tribulation Realm!

"boom!"

The fourth level of the Heart Tribulation Realm!

At this time, Ye Feng's cultivation level directly broke through the second heaven and entered the fourth heaven of the Heart Tribulation Realm, and his strength was greatly improved.

At this time, Ye Feng looked at the Dark Judgment Scepter in his hand, with a look of satisfaction in his eyes.

This Dark Judgment Scepter is really a good treasure. When dealing with dark races and demons, it has a natural suppressive power and can kill enemies that are much stronger than itself.

Uh-huh!

At this time, Ye Feng withdrew the Dark Judgment Scepter and walked directly towards the ancient palace complex guarded by the three tomb guards.

"This is....."

The moment Ye Feng walked into this ancient palace complex, there was a hint of shock in his eyes.

There is nothing in this ancient palace complex, only the skeleton of a majestic dark giant tens of thousands of meters tall, lying among the broken palace complex, looking very shocking and terrifying.

"The bones of an ancient dark giant are buried here. It seems that the three tomb guards are guarding this dark giant."

Ye Feng couldn't help but murmured at this time.

He stared at this tall and majestic dark giant, which was tens of thousands of meters long.

But Ye Feng is quite disappointed that the blood energy of this dark giant's body has almost evaporated in endless years, and there is no trace of it at all.

What skills and energy do you have?

But what made Ye Feng's eyes brighten was that the skeleton of this dark giant still exuded a faint light of immortal darkness.

"The skeleton of this dark giant itself is probably a very good cultivation resource."

Ye Feng did not hesitate at this moment, and directly released the God Clan Glove, and then began to extract the attribute power from the bones of this dark giant, quickly increasing the strength of his Chaos Body.

"Buzz..."

The moment Ye Feng touched the bones of this dark giant with his divine gloves on, he immediately sensed various ancient attribute powers, which were being rapidly extracted and injected into his body, constantly tempering and improving. The strength of one's own body.

Ye Feng could feel at this moment that his chaotic body immediately began to improve rapidly and continuously.

"boom!"

The second level of the middle stage of the ninth heaven of the chaotic body!

"boom!"

The third level of the middle stage of the ninth heaven of the chaotic body!

"boom!"

The fourth level of the middle stage of the ninth heaven of the chaotic body!

"boom"

...

As Ye Feng continues to extract, the strength of the chaotic body is rapidly increasing.

Ye Feng's eyes were full of excitement.

Because now Ye Feng's biggest hope is to raise his chaotic body to the final peak level of perfection as much as possible.

In that case, when the chaotic body reaches its peak, the Hongmeng bloodline, which is truly the most powerful and invincible, may begin to awaken.

"Buzz!"

So at this time, Ye Feng increased the power he absorbed, wanting to lift all the bones of this majestic dark giant tens of thousands of meters tall.

Take a clean one.

As Ye Feng continues to absorb, it can be seen that the bones of the huge dark giant are constantly decaying from head to toe.

The eternal light of darkness on the bones has become extremely dim.

The bones that had gone through endless years and remained extremely strong were becoming increasingly fragile at this moment, and then turned into ashes.

When the bones of the tens of thousands of meters long black flame giant were all turned into fly ash, Ye Feng also received a huge improvement.

The strength of his Chaos Body has now reached the sixth level of the late ninth level of the Chaos Body!

I have to say that this is already a huge breakthrough.

For Ye Feng, this breakthrough was very satisfying.

Because every time Ye Feng's Chaos Body improves, it is very difficult, even much more difficult than improving his cultivation level.

Buzz!

At this time, Ye Feng exuded his extremely powerful soul power and enveloped the surroundings.

After he discovered that there were no special treasures in this broken palace complex, he left here directly.

On the way, Ye Feng continued to look at the map in his hand and rushed towards the fourth unknown area.

The fourth unknown area is also the last unknown area marked on the map.

Ye Feng knew that it must be very extraordinary, and he didn't know what kind of terrifying existence he would encounter.

In any case, Ye Feng is now more vigilant to prevent the car from overturning in the last unknown area, which would not be good.

Exactly half an hour later, Ye Feng finally arrived at the last unknown area marked on the map.

The next moment, in Ye Feng's field of vision, a bronze door stained with ancient blood appeared. It looked terrifying, but also full of a strange beauty.

Chapter 3337 Furious

Dark underground space.

Bloody bronze door.

Ice cold air.

It constitutes a terrifying and strange scene.

At this time, Ye Feng stared at the bloody bronze door with a hint of fear in his eyes.

For some reason, Ye Feng stared at this bloody bronze door and felt that he was about to die.

This feeling is not an illusion, but a very real feeling that comes from the soul and heart.

Ye Feng knew that it was a warning to him deep in his soul.

In other words, this bloody bronze door is absolutely terrifying to the extreme and cannot be touched easily.

But at this time, Ye Feng was not willing to retreat just like that.

After all, this is the last unknown area, and there may be huge treasures hidden there.

"call!"

Ye Feng took a deep breath at this time and slowly walked towards the bloody bronze door.

For Ye Feng, he would be very unwilling if he didn't get to the bottom of it.

So at this time, Ye Feng activated the power in his entire body, got ready to go, and walked towards the bronze door, wanting to explore what kind of existence this blood-stained bronze door was?

And can you open this strange and shocking bronze door? "

But just as Ye Feng walked to a place not far from the bronze door.

"Boom"!

Suddenly, a dark knight riding a headless horse rushed out of the surrounding darkness.

The dark knight held a pitch-black spear in his hand and stabbed Ye Feng directly.

"Earth Armor!"

Ye Feng immediately reacted at this moment and released the inheritance of the Emperor of the Earth, the secret of the earth. He directly absorbed the endless energy of the earth from the entire ground, and condensed a set of extremely strong earth armor on his body. .

boom

Long! !

At this moment, the spear in the dark knight's hand stabbed Ye Feng.

In Ye Feng's horrified eyes, the spear in the dark knight's hand actually shattered the extremely strong earth armor on his body.

With a "plop" sound, it pierced Ye Feng's chaotic body and pinned Ye Feng to the wall behind him.

At this moment, Ye Feng immediately felt huge pain.

This is the first time Ye Feng has suffered such serious injuries.

And he was defeated instantly, nailed directly to the wall.

At this moment, Ye Feng looked at the dark knight who was close at hand, and saw the dark pupils hidden in the mask. Those eyes were extremely cold and ruthless, and they looked very scary.

At this moment, Ye Feng even felt like he was about to die.

"boom!"

But at this moment, a dark gem suddenly rushed out of Ye Feng's mind.

That is the Death Gem among the Dominion Gemstones that Ye Feng once obtained!

At this moment, the death gem floated in front of Ye Feng, releasing a terrifying majesty of death that made the death knight stop.

The death knight stared at the death gem in front of Ye Feng and fell into a long silence.

After a moment, the Dark Knight suddenly spoke: "This is not a place for you to come, so hurry up and leave."

Ye Feng didn't expect that this dark knight had independent thoughts and could speak.

But at this time, Ye Feng was also very lucky. He didn't expect that the Death Stone saved his life at a critical moment.

Because Ye Feng could feel that this death knight was very terrifying and his strength was simply unfathomable.

Ye Feng couldn't help it

Asked: "What is behind this bloody bronze door?"

The death knight said slowly: "This is not something you can understand temporarily. Even if I tell you, you still don't understand. You are the inheritor of the death gem, so I will not kill you until you reach a certain level of strength. , you can come back and open this bronze door."

After finishing speaking, the death knight did not wait for Ye Feng to say anything more, and directly pulled out the dark war spear from Ye Feng's body, and then instantly disappeared into the darkness not far away.

At this time, Ye Feng stared at the disappearing figure of the death knight, with deep horror in his eyes.

The strength of this death knight is really terrifying.

He had no power to fight back at all.

If the Death Stone hadn't played a role at the critical moment, he would probably have become a corpse by now.

At this time, Ye Feng looked at the strange bronze door stained with blood not far away, took a deep breath, turned around and left. .??.

Ye Feng knew that he had better follow the advice of the dark knight.

Because the depths of Ye Feng's soul had just warned him not to approach this bloody bronze door, otherwise he would be in danger of death.

Ye Feng asked in his mind at this time: "Emperor Chu, is it the right choice for me to leave now?"

Emperor Chu said aloud in his mind at this time: "Even if that bronze door takes your life, that death knight will take your life, so you'd better leave quickly and come back to investigate when you are stronger." Soon, this bloody bronze door seems very similar to a legendary door in my memory. It is a very terrifying thing, and it is indeed not something you can touch for the time being. "

Ye Feng nodded slightly. He also knew that in the various major realms of the Origin World, there were some more or less truly forbidden areas that were not accessible to ordinary people and would kill them instantly if touched.

Three days later, Ye Feng emerged from the winding underground

Walked out of the ancient dragon cave.

At the entrance of the ancient underground dragon cave, Ye Feng did not see Jun Wuxie, his partner.

So Ye Feng was ready to return to the Five Emperors Divine Sect directly.

Ye Feng did not waste time along the way. Within a few days, Ye Feng returned to the Five Emperors Divine Sect.

At this time, there was some sigh in Ye Feng's eyes.

Now Ye Feng's chaotic body has been greatly improved, and his cultivation has also entered the fourth level of the Heart Tribulation Realm, which is many times stronger than when he just entered the Five Emperors Divine Sect.

You must know that warriors who have cultivated in the Heart Tribulation Realm are already considered to be good masters in the Star Territory.

Not to mention that Ye Feng can explode with combat power far beyond his own level, which will be even more terrifying.

And just when Ye Feng was thinking secretly in his heart, Ye Feng had returned to the Five Emperors Divine Sect alone.

But just when Ye Feng stepped into the gate of the Five Emperors Divine Sect, he suddenly saw a scene that shocked and angered him.

He saw his partner Jun Wuxie, covered in scars, with several chains piercing his body and nailing him to a huge stone pillar.

Surrounded by countless ordinary disciples of the Five Emperors Divine Sect, they were all pointing and pointing. There were sarcastic laughter and cold looks in the crowd.

Jun Wuxie seemed to have become a figure to be ridiculed, nailed to the pillar of shame.

"Who did it?"

Ye Feng immediately became furious and flew directly in the direction of Jun Wuxie.

At this time, in mid-air, Ye Feng instantly saw several people standing under the huge stone pillar that was nailed to Jun Wuxie.

Among them was the inner sect disciple ranked ninety-ninth on the Shanhe Ranking who Ye Feng had taught him a lesson before, Yingkong Sword!

At this moment, Ye Feng suddenly understood everything. Yingkong Sword humiliated Jun Wuxie and was definitely taking revenge on himself.

Chapter 3338 One hand

"boom!"

At this time, Ye Feng's body suddenly burst out with a huge killing energy.

He flew in front of Jun Wuxie and found that the other person was already furious. He had obviously suffered huge injuries and was close to death.

"Crack!"

Ye Feng instantly crushed the iron chain on Jun Wuxie's body, carried it behind his back, and said slowly: "Brother Jun, I will avenge you."

Jun Wuxie's dead eyes suddenly burst out with a radiance. Although he was so seriously injured that he could not speak, he could still see everything. .???.??

"Hahaha, Ye Feng, you really came forward! That's great! Jun Wuxie is just my bait. The purpose is to lure Ye Feng to take action. In this case, I will be able to get you back today. That's when you taught me a lesson."

At this moment, Ying Kongjian, who was standing on the ground, suddenly spoke out, with a deep cruel meaning in his tone.

At this moment, Yingkong Jian looked directly at the young man in black robe next to him and said respectfully: "Senior Brother Chaotiang, please take action and help me teach this Ye Feng a lesson. Don't give up first. If I'm in a hurry to kill him, I'll destroy his cultivation first, and then I'll stomp on his face hard in front of everyone, and let him know the consequences of offending me."

The moment Ying Kongjian finished speaking, many disciples of the Five Emperors Divine Sect around the entire field exclaimed.

"What? The person standing next to Yingkongjian is actually the legendary super genius ranked number one on the Mountain and River Ranking, Senior Brother Chaotiang!"

"Wow! This is an extremely terrifying existence! The super powerful existence ranked first in the Mountain and River Rankings should be the most powerful talent of the younger generation among our Five Emperors Divine Sect!"

"I didn't expect Yingkong Sword to be able to recruit such a talented person as Chao Tiange!"

"The identity of Yingkongjian seems to be quite extraordinary. Otherwise, Chao Tiange, a mysterious and unparalleled genius who ranks first in the mountain and river rankings, would not be able to take action for him."

...

At this time, many Five Emperors and Gods were around

The disciples of Zong could not help but speak out one after another.

Obviously, in their minds, this Chaotiang is definitely the strongest being of the younger generation of the Five Emperors Divine Sect.

"In front of Chaotiang, any super genius will become dim."

Among the crowd, there were even some powerful elders who commented like this.

Buzz!

At this time, Chao Tiange walked out from Yingkongjian, and floated directly to the sky. He stared at Ye Feng opposite, with no emotion in his eyes, and said slowly: "You are a waste of yourself." Do you want to lose your own cultivation, or should I help you?"

overbearing!

Extremely domineering!

It has to be said that every sentence and every word spoken by Chaotiange is full of a domineering edge.

He is like a godless king. Everyone must obey every word he says unconditionally.

At this time, Chaotiange was simply judging Ye Feng's fate in public, making many disciples of the Five Emperors Divine Sect around him feel the powerful majesty of this top master in the Mountain and River Ranking.

Ye Feng stared at Chaotiange, his eyes did not waver, and he just said: "Then I will give you a piece of advice. Now kneel in front of me and beg for mercy. Maybe you can still save your life."

"presumptuous!"

When Chao Tiange heard what Ye Feng said, he immediately let out a cold shout.

boom!

He directly released an extremely powerful inheritance.

I saw thousands of sword lights appearing around Chaotian Ge.

What Chaotiang was performing at this moment was an extremely terrifying swordsmanship inheritance.

Chaotian Ge surrounded by thousands of sword lights, at this moment is simply like a

Like the supreme sword god.

He stared at Ye Feng and said majestically: "Since you are so arrogant, then I will let you know what the consequences of arrogance are."

Boom!

At this moment, Chao Tiange controlled the thousands of sword lights around him and pierced Ye Feng in an instant, killing Ye Feng instantly.

Countless disciples of the Five Emperors Divine Sect around them felt the terrifying sharpness of thousands of sword lights, and they all retreated crazily, for fear of harming Chi Yu.

"As expected of Senior Brother Chaotiang! The top genius ranked number one on the Mountain and River Rankings! Even some of the elders and strong men in our sect can't resist those thousands of sword lights, right?"

Some people on the field couldn't help but exclaimed in amazement.

But at this time, facing the thousands of sword lights, Ye Feng just smiled indifferently and said: "Since you didn't kneel in front of me and still attacked me, then I will let you know what real power is. "

Buzz!

Almost at this moment, Ye Feng stretched out a hand directly, without even using any so-called inheritance or martial arts, he just stretched out a hand.

"boom!!!"

Suddenly, the vitality of the entire world was rioting rapidly.

Then Ye Feng's hand directly turned into a big hand of chaos covering thousands of miles, full of endless pressure.

Like an ancient chaos giant, it attacked across time and space.

"Click, click!"

The thousands of sword lights seemed extremely terrifying, but at this time, under Ye Feng's chaotic hand, they were crushed in an instant.

"What?"

When Chao Tiange saw this scene, his eyes widened immediately.

And at the next moment, the terrifying hand of chaos suddenly landed from high altitude.

"Pfft!"

For a moment, that one

The master of chaos wiped out Chaotiange, the so-called number one master in the mountain and river rankings, the so-called supreme genius, in an instant!

Boom!

Due to the inertia, the big hand of chaos hit the ground, and actually directly punched out a huge palm print on the entire earth, directly punching out an abyss in the shape of a palm print, which was bottomless.

"..."

At this moment, the entire field suddenly became dead silent.

quiet!

Deadly quiet!

Everyone around, whether they were ordinary disciples of the Five Emperors Divine Sect, disciples of the inner sect, or elders and powerful men of the Five Emperors Divine Sect, their eyes widened for a moment.

Countless people stared blankly at the huge abyss of palm prints, all falling into deep stagnation.

As for Yingkong Sword, at this moment, he was so frightened that he couldn't breathe.

His whole body fell to the ground with a "thud", and his legs and feet were so frightened that he could not stand up.

At this time, the entire field was completely silent without a single sound.

No one thought that Ye Feng would be so powerful.

With one hand, he destroyed Chaotiang, the top talent of the Five Emperors and Divine Sect!

This kind of strength is simply unimaginable!

It really shocked everyone beyond measure and made them tremble all over!

The big hand of chaos just now was just like the hand of an ancient giant. Everyone felt a sense of shock and immortality. It was really terrifying!

"What kind of existence is this Ye Feng? How can he be so powerful? Even the top talent ranked first in the mountain and river list is as weak as an ant in front of him! He was destroyed with one hand!"

At this moment, countless people's eyes were fixed on Ye Feng in the sky, and they all showed deep shock!

Chapter 3339 Too cruel

The entire field was in shock at this moment.

After all, no one expected that Ye Feng, a new disciple who suddenly appeared, would have such terrifying cultivation strength, and instantly wiped out Chaotian Ge, who was number one on the ranking list.

You know, it's very difficult to erase it instantly.

After all, Chaotiangen is the top genius ranked first in the Shanhe Ranking, and the most powerful young generation among the Five Emperors Divine Sect.

If Ye Feng and Chaotiangen fight each other very fiercely, and Chaotiangen is killed in the end, then everyone will feel better.

But there was no tension between Ye Feng and Chaotian Ge at all. Ye Feng killed Chaotiangen in an instant, it was like an instant kill.

This is really shocking to the extreme.

It took a long time for everyone to react.

I simply can't believe it.

At this moment, Ye Feng put Jun Wuxie down on the ground, then took out a healing elixir from his storage ring and gave it to Jun Wuxie. It should be nothing serious.

Although Jun Wuxie suffered severe trauma, Ye Feng's storage ring contained many miraculous medicines, which Ye Feng had plundered before.

Although Ye Feng could no longer use many of the miraculous elixirs, for ordinary geniuses, they were definitely valuable elixirs that could quickly restore vitality after swallowing them.

At this time, after Ye Feng settled Jun Wuxie, he suddenly looked at Yingkong Jian, who was so frightened that he collapsed on the ground not far away.

Yingkongjian saw Ye Feng's gaze at this time, and immediately turned pale with fright, and ran away quickly towards the distance.

"There's no escape."

But at this time, Ye Feng's voice was like the soul-enchanting God of Death, resounding throughout the world.

At this moment, Ye Feng stretched out a hand, and a big chaotic hand appeared, directly holding the Yingkong Sword in his hand.

For Yingkongjian, Ye Feng's strength is simply terrifying to the extreme. He has no power at all.

The power of resistance.

After all, even Chaotian Ge, who ranked first on the Shanhe Ranking, could only be killed instantly in front of Ye Feng, let alone Ying Kongjian, who ranked last.

Yingkongjian never thought that Ye Feng would be so powerful now.

You know, only a few months have passed since the last time Ye Feng taught Ying Kongjian a lesson.

But I didn't expect Ye Feng to have become stronger to such an incredible extent.

The speed of this breakthrough made Yingkongjian extremely desperate.

"Buzz!"

But suddenly at this moment, a majestic and unparalleled aura suddenly descended from high in the sky.

An old man wearing a black robe appeared in everyone's sight.

The moment the old man in black robe appeared, Yingkong Jian immediately shouted in surprise: "Uncle Third! Help me!"

The cultivation aura of this black-robed old man was very powerful. He was at the perfect level of the tenth level of the Heart Tribulation Realm. It was much stronger than Ye Feng's current fourth level of the Heart Tribulation Realm.

Obviously, this black-robed old man is definitely an extremely powerful master among the Five Emperors Divine Sect, and his status is very extraordinary.

"It's the great elder of the inner sect!"

"I didn't expect Yingkongjian's third uncle to be the great elder of the inner sect!"

"It seems that Ye Feng is about to give in now. After all, he is the great elder of the inner sect! His cultivation and status are very high, he is definitely a big shot!"

At this time, everyone present couldn't help but talk aloud, feeling that Ye Feng's rise would probably end here. After all, he was the great elder of the inner sect, a big shot among big shots.

The great elder of the inner sect had extremely cold eyes at this time, staring at Ye Feng not far away, and said slowly: "Now that we have released the Yingkong Sword immediately, maybe between us

There is still room for relaxation, and I can ask the Master of Law Enforcement Hall to punish you.  
"

Poof!

But the next moment, what made the inner sect elder's face turn extremely pale was that Ye Feng showed no expression and stretched out his hand to squeeze. The chaotic hand crushed the frightened Yingkong Sword in an instant.

"What?!"

Seeing this scene, everyone in the audience was shocked again.

"This Ye Feng is so audacious. He actually killed Yingkong Sword directly in front of the inner sect elder!"

"The great elder of the inner sect has already issued an order for Ye Feng to let Yingkong Sword go, but I didn't expect Ye Feng to be so stubborn and directly squeezed Yingkong Sword to death on the spot!"

"This is really shocking! It's really exciting! I've been joining the Five Emperors Sect for so many years, and I've never seen such a newbie who defies the will of heaven!"

At this time, everyone in the audience was in deep shock.

At this moment, the great elder of the inner sect stared at Ye Feng for an instant, his face turned ashen, and he said gloomily: "Ye Feng, you are so bold and reckless, killing my nephew directly in front of the great elder? It's a heinous crime! Kill him on the spot!"

Boom!

Almost at the moment when the Inner Sect Great Elder finished speaking, the Inner Sect Great Elder suddenly burst out with a terrifying force. He directly displayed an extremely powerful inheritance: "Galaxy Sunset Slash!"

Boom!

At this moment, the power of the galaxy in the sky was aroused, and a huge divine sword was directly condensed. From the top of the head of the inner sect elder, it was killed in the direction of Ye Feng, as if it could kill The whole world was split in half.

This attack is really terrifying.

"Ye Feng is probably dead!"

"Yes! This is the great elder of the inner sect! He is a big shot among the older generation! He is much more powerful than the younger generation like Chao Tiange, and his background is much deeper.

! "

At this moment, everyone felt that Ye Feng would definitely die.

But at this moment, facing the terrifying divine sword that could split the heaven and the earth, Ye Feng smiled indifferently and said: "Whoever dares to stop me today will die! Not even the great elder of the inner sect!"

boom! !

Almost at the next moment, Ye Feng directly burst out the inheritance of the Earth Emperor.

"The secret of the earth!"

At this moment, Ye Feng punched out hard.

Boom!

Following Ye Feng's punch, the ground around Ye Feng instantly gathered infinite earth energy, condensing into a huge earth-yellow fist, like the fist of an earth giant. In an instant, it fiercely bombarded high in the sky, directly shattering the light of the divine sword of the inner sect elder!

"Boom!"

At this time, Ye Feng also completely released his true cultivation aura.

That is clearly a powerful cultivation level at the fourth level of the Heart Tribulation Realm!

"What?!"

"Ye Feng, a newcomer, actually has a level of cultivation in the Heart Tribulation Realm!"

"This kind of cultivation is at the level of a strong elder! How did Ye Feng improve so quickly!"

Everyone in the audience was in huge shock.

And at the next moment, what shocked everyone even more.

Ye Feng suddenly rushed in front of the great elder of the inner sect, and directly released the terrifying brute force of the brute force gem, which merged with his own chaotic body. In one fell swoop, he tore the great elder of the inner sect into pieces, and his blood Dye the sky!

"Oh my god! The great elder of the inner sect was killed like this!!!"

At this moment, countless people became extremely sluggish.

This Ye Feng's fighting power is too brutal!

Simply incredible!

Chapter 3340 The Lord of Law Enforcement

The instant death of the great elder of the inner sect caused everyone present to fall into a daze.

No one thought that Ye Feng's strength would reach such a terrifying level.

Not only was the super genius who ranked first on the mountain and river list instantly killed.

Even the elders of the inner sect, such as the great elders, could not stop Ye Feng's killing attacks.

At this moment, countless people's eyes were fixed on Ye Feng, filled with deep shock.

"Who is killing at will among the sect?"

Suddenly at this moment, a more majestic and ancient voice sounded.

Buzz!

The moment the voice fell, a very tall young man, wearing a black robe and a towering head, appeared in everyone's field of vision.

The moment this towering young man appeared, everyone present became agitated.

Because the aura of cultivation on this towering young man was really terrifying.

"That is definitely a Yangshen realm cultivation level above the Heart Tribulation realm!"

"A strong man in the Yang God Realm! He is definitely a top-notch figure in our Five Emperors Divine Sect!"

"Wait a minute, I seem to have seen the appearance of this towering young man somewhere. He seems to be exactly the same as the statue in the Temple Square of the Law Enforcement Temple."

"What?! Could it be that this majestic young man is the legendary Holy Lord of Law Enforcement in the Law Enforcement Temple?"

...

At this moment, countless people present started talking one after another.

At this moment, Ye Feng's eyes finally showed a hint of fear.

Because Ye Feng felt a very terrifying feeling from the aura of this law enforcement saint.

"A being at the level of the Yang God."

Ye Feng murmured secretly.

A strong man at the Yangshen realm is indeed an extremely terrifying existence.

At this moment, the Holy Lord of Law Enforcement

He stared at Ye Feng and said loudly: "No matter how talented you are, you can't kill others at will in the sect, let alone all the people you kill are the core figures of our Five Emperors Divine Sect, no matter what Whether it is the number one in the Mountain and River Ranking or the Great Elder of the Inner Sect, it requires our Five Emperors Divine Sect to spend huge resources to cultivate them. If you kill them casually, it is tantamount to destroying the foundation of our Five Emperors Divine Sect. "

Hearing what the Holy Lord of Law Enforcement said, Ye Feng suddenly had a look in his eyes, he was coming with bad intentions.

At this moment, Ye Feng did not take action directly, but slowly said: "Holy Lord of Law Enforcement, they wanted to kill me, so I killed them back. It's no wonder that I'm here, they are seeking death themselves. "

Hearing what Ye Feng said, the eyes of the Law Enforcement Lord suddenly became a little cold.

He said slowly: "Not only did you not admit your mistake, but you still defended yourself in front of me. This attitude is not good. No matter what, I will take you back to the Law Enforcement Temple to judge your crimes."

Boom!

After finishing speaking, the Enforcement Saint Lord directly stretched out a hand, fully erupting with the power of a strong man in the Yangshen Realm.

It has to be said that the strength of the Yang Shen Realm powerhouse is very terrifying. At this moment, the moment the Law Enforcement Holy Lord takes action, the whole world seems to dim suddenly.

A big golden hand that covered the sky and the sun appeared in the sky and grabbed directly towards Ye Feng, as if it could crush the entire world.

At this time, Ye Feng saw that the Lord of Law Enforcement actually took action, and his eyes became cold.

"Then I will fight you today to see how powerful a Yang Shen realm expert is."

At this time, Ye Feng made a voice full of fighting spirit.

"What? Ye Feng actually wants to fight against a top figure like the Lord of Law Enforcement?"

this

At this moment, everyone present was shocked.

Because the Holy Lord of Law Enforcement is not an ordinary big shot, he is definitely a first-rate big shot in the sect!

Although not the top one, he is definitely the number two figure after the controllers of the Five Emperors Divine Sect!

But even so, Ye Feng did not surrender at this time, but wanted to fight the Lord of Law Enforcement.

This is incredible.

"Ye Feng's courage is too strong!"

Some people couldn't help but exclaimed, "If it were me, I probably wouldn't even have the courage to face the Lord of Law Enforcement."

Boom!

At this time, Ye Feng burst out with the most powerful power, fully stimulating all the power of the Chaos Body, rushed directly to the high altitude, and collided with the golden hand condensed by the Lord of Law Enforcement.

"Boom!"

The next moment, a terrifying roar suddenly sounded.

The power that Ye Feng exploded at this moment actually managed to resist that big golden hand.

"Um?"

Seeing this scene, the Law Enforcement Lord seemed a little surprised.

"I didn't expect that your Chaos Body has risen to this level, but no matter what, your cultivation is far behind mine, and your background is not as good as mine. I really want to suppress you today."

At this moment, the Holy Lord of Law Enforcement finally revealed his true power.

"The body of a golden god!"

At this moment, the Holy Master of Law Enforcement displayed an extremely powerful inheritance that he had cultivated.

Buzz!

The next moment, under the shocked eyes of everyone, the Holy Lord of Law Enforcement suddenly expanded rapidly, and turned into a majestic and tall golden god directly under the gaze of everyone, full of the unparalleled power of the ancient gods.

"Boom!"

At this time, the Holy Lord of Law Enforcement, who had turned into a golden god, had an unknown amount of improvement in combat power, and every move contained tremendous destructive power. He actually slapped Ye Feng far away, directly smashing a large piece of ruins.

"powerful!"

"Too strong!"

Seeing this scene, everyone around them was shocked by the powerful inheritance and strength of the Law Enforcement Lord.

Everyone couldn't help but sigh. He was worthy of being the Holy Lord of Law Enforcement. This kind of big shot was second only to the controllers of the Five Emperors Divine Sect. Each one of them had extraordinary means and tremendous power.

"Wow!"

At this time, Ye Feng suddenly flew out of the ruins, looking a little embarrassed.

But at this moment, the aura on Ye Feng's body has not exhausted, but has a tendency to become stronger and stronger.

At this time, Ye Feng's eyes were very bright, staring at the Law Enforcement Lord who turned into a golden god not far away, and said slowly: "If I can't resist you with the next blow, then I will follow you. Go to the Temple of Law Enforcement, and if I can reward you for defeat, you can't condemn me for anything I did today."

When the Lord of Law Enforcement heard what Ye Feng said, he immediately smiled contemptuously and said, "You actually have the idea of defeating me? I can only say that you are too young and too naive."

Buzz!

But at this time, Ye Feng simply ignored the disdainful words of the Lord of Law Enforcement.

At this moment, Ye Feng directly exploded his strongest power and gathered it together.

The art of eternal battle!

Blessings from the gods!

"boom!!"

At this moment, Ye Feng exploded one after another with his two strongest inheritances that enhance combat effectiveness.

The terrifying aura that erupted from his body instantly caused the eyes of the Holy Lord of Law Enforcement, who was smiling contemptuously not far away, to suddenly change at this moment.
