Chapter 3341 Shocked to the point of numbness

Boom! !

The power that Ye Feng unleashed at this moment was simply terrifying to the extreme.

Because this is Ye Feng's peak power now.

The terrifying divine light burst out from Ye Feng's body and penetrated directly through the entire sky.

Even the Holy Lord of Law Enforcement changed his face at this time and quickly held up a protective divine light to resist the power of Ye Feng's bombardment.

"Rumble..."

At this moment, the entire field suddenly fell into a chaotic collision frenzy.

At this time, everyone was retreating crazily, because the horrific aftermath of the collision was really terrifying.

When the smoke dissipated, everyone saw a horrifying scene.

I saw Ye Feng and the Holy Master of Law Enforcement, both of whom were broken and in pieces, standing opposite each other.

"Ye Feng actually fought on par with a super big shot like the Lord of Law Enforcement?!"

"This is really amazing! You know, this Ye Feng has only joined our Five Emperors Sect for only half a year!"

At this moment, everyone present could not help but exclaim in amazement.

At this moment, in the center of the battlefield, among the ruins.

The Holy Master of Law Enforcement was in a very embarrassed state at this time, and it seemed that he had obviously suffered a serious injury, and was even a little unsteady on his feet.

Ye Feng also suffered a lot of trauma at this time, but his eyes were still very bright. He was obviously full of fighting spirit and could continue to explode with strong fighting power.

At this moment, the Holy Lord of Law Enforcement can be said to have truly seen Ye Feng's extremely powerful combat power.

And what shocked him the most was that the method Ye Feng had just used was a special and incomparable eternal battle technique!

The Holy Master of Law Enforcement knows very well that this is a fighting technique only possessed by the taboo being of their Five Emperors Divine Sect!

\u003e

At this moment, the Holy Lord of Law Enforcement stared at Ye Feng, a little surprised.

Because he was suddenly a little unsure at this time. What kind of existence is Ye Feng's true identity? He actually possesses that unique eternal battle technique!

At this moment, Ye Feng suddenly said: "Do you want to continue fighting?"

Swish, swish, swish!

The next moment, the eyes of countless people in the audience were all fixed on the Holy Lord of Law Enforcement not far away.

They were waiting to see what the Enforcement Lord would do.

Some people speculate that the Holy Lord of Law Enforcement may try his best to kill Ye Feng in order to restore the majesty of the Law Enforcement Temple.

But at the next moment, the Holy Lord of Law Enforcement suddenly spoke up: "There is no need to continue fighting, I admit defeat."

"Admit defeat?"

After hearing the words of the Lord of Law Enforcement, everyone present fell into an uproar for an instant.

After all, no one expected that the powerful and majestic Holy Lord of Law Enforcement, a big shot like this, would surrender in front of Ye Feng and not dare to continue fighting.

At this time, there was a trace of surprise in Ye Feng's eyes. It seemed that he did not expect that the Enforcement Lord would admit defeat, and he would admit defeat in public. This is something very difficult for a super big shot to do.

Ye Feng nodded slightly at this time, and then said aloud: "In that case, today's matter will have nothing to do between the two of us, and you should stop causing trouble for me."

The Holy Lord of Law Enforcement nodded, and then suddenly asked in front of everyone's attention: "It is said that a hidden divine son was born in our Five Emperors Divine Sect. I wonder if it is Your Excellency?"

"

"What?!"

"Son of God?!"

After hearing the words of the Holy Lord of Law Enforcement, a gasp of air suddenly erupted from the entire field.

Swish, swish, swish!

At this moment, countless eyes were all focused on Ye Feng, with deep doubts and disbelief.

At this time, Ye Feng stared at the Law Enforcement Lord not far away, suddenly took out a token from the storage ring, and said loudly: "Look what this is."

Buzz!

The moment Ye Feng finished speaking, he slightly output some of his power and injected it into the token in his hand.

At this moment, five huge phantoms flew out from the token in Ye Feng's hand, exuding overwhelming pressure and making everyone feel a palpating feeling. They really couldn't help but Kneel down.

"This is...the Order of the Son of God!"

When the Holy Lord of Law Enforcement saw the token in Ye Feng's hand, his eyes widened immediately, and he couldn't help but exclaimed: "The legendary Son of God Order! You are indeed the hidden Son of God circulated in the sect!"

"What!"

"Ye Feng is really the Son of God!!!"

"hiss!"

At this moment, everyone's eyes widened and they were extremely shocked.

They were really shocked and shocked today!

Ye Feng was shocked to the point of numbness!

Unexpectedly, Ye Feng turned out to be the hidden son of God!

This news is so exciting and unbelievable!

"You...are actually the Son of God?"

The Holy Lord of Law Enforcement also widened his eyes at this time.

After thinking for a moment, he said aloud: "I

I'm leaving. "

Uh-huh!

After finishing speaking, the Holy Lord of Law Enforcement jumped up and left the place.

Ye Feng breathed a sigh of relief at this time, because during the last battle with the Law Enforcement Lord, Ye Feng also saw the power of the Law Enforcement Lord.

This Holy Lord of Law Enforcement is indeed a super strong man at the level of Yang God, and his strength and cultivation are truly terrifying.

It has to be said that the Yangshen Realm is an extremely powerful new realm. Although it is only one level higher than the Heart Tribulation Realm, the gap in strength between the two is really huge.

If it weren't for Ye Feng's amazing fighting power, and even being able to fight across two realms at times, he wouldn't be able to compete with the Lord of Law Enforcement.

"Swallow!"

At this time, Ye Feng secretly released the Devouring Domain, which devoured the blood and energy of Chao Tiange who killed him, as well as the Inner Sect Elder.

However, what makes Ye Feng feel a little regretful is that his cultivation level has not been directly improved, but his skill has become deeper.

However, both Chao Tiange and the inner sect elder were almost instantly killed by Ye Feng, so it was normal for them to be devoured without a breakthrough.

"Ye Feng, I am very happy that you have admitted your identity as the Son of God in public. It seems that you are ready to withstand all kinds of pressure. Very good. You can go to Beidi Mountain where I live now. I have an important matter to discuss with you. explain."

Suddenly at this time, a familiar voice sounded in Ye Feng's ears.

It was the voice of "Northern Emperor" Bei Wentian.

At this time, Ye Feng heard Bei Wentian's voice transmission, and immediately nodded slightly, left the scene, and flew quickly in the direction of Beidi Mountain.

At this moment, countless people present did not leave, and were still caught in the chain of shock caused by Ye Feng.

...

Chapter 3342 Responsibility of the Son of God

Beidi Mountain is towering and magnificent.

When Ye Feng came here, he immediately saw a young man wearing a black robe, full of endless momentum, standing on the top of the mountain.

It was Bei Wentian!

This Beidi was extremely powerful, and the aura he released was terrifying and unfathomable.

Even though Ye Feng's cultivation level has improved a lot now, when facing Bei Wentian at this moment, he still felt a deep and unpredictable feeling.

At this time, Ye Feng came over, slightly cupped his fists and said, "Senior Bei."

Bei Wentian smiled and nodded, and said aloud: "I have seen your battle just now. In just over half a year, you have improved so much. It is beyond my expectation. It is better than I imagined." You are much stronger, and you are now truly qualified to reveal the identity of the Son of God."

Ye Feng said with a smile: "All this is thanks to Senior Bei, otherwise I would not be able to obtain the identity of the Son of God of the Five Emperors Divine Sect. If we go on a killing spree today without the identity of the Son of God, then I will probably have no choice but to run away. "

"Hahaha."

Hearing what Ye Feng said, Bei Wentian immediately laughed and said: "Even if you are not the Son of God, we don't know each other. What you call a mass killing is just someone else forcing you to do it. I don't know you." I will come forward to help you. After all, in the world of martial arts, an eye for an eye and a tooth for a tooth is normal. Moreover, your cultivation talent is so high, our Five Emperors Divine Sect will definitely treat you as a priority. "

When he said this, Bei Wentian suddenly said: "You use the eternal battle technique on me, and I will help you improve this fighting technique. In the battle just now, your eternal battle technique It seems that the true essence has not been grasped yet."

Hearing Bei Wentian say this, Ye Feng's eyes suddenly lit up and he couldn't help but say: "Okay!"

Boom!

At this moment, Ye Feng did not hesitate and directly released the eternal battle technique that he had learned.

At this moment, Ye Feng suddenly burst out with a terrifying and powerful fighting spirit, which greatly improved Ye Feng's combat effectiveness!

Facing Ye Feng's terrifying aura, Bei Wentian remained motionless and just said, "Attack me directly."

Buzz!

At this moment, Ye Feng did not hesitate and directly attacked Bei Wentian.

The power that burst out from Ye Feng's body was like a rolling tide, and it suddenly surged in front of Bei Wentian, as if it could destroy the world.

"Buzz!"

But when such a terrifying force just struck in front of Bei Wentian, Bei Wentian just casually stretched out a hand.

Suddenly, the whole world came to a standstill!

Ye Feng's extremely violent attack power was frozen in place in an instant, unable to move forward at all.

Bei Wentian's strength and cultivation were simply terrifying to the extreme. He could control Ye Feng's most powerful attack by just stretching out a hand.

"So powerful!"

At this time, Ye Feng couldn't help but show deep horror in his eyes.

Bei Wentian is indeed an unfathomable big shot!

Worthy of being called Beidi!

Before Ye Feng could say anything, Bei Wentian immediately said: "I'll demonstrate it to you personally.

."

Boom!

Almost at the moment Bei Wentian finished speaking, an extremely terrifying fighting spirit suddenly burst out from his body.

This kind of fighting spirit made Ye Feng's expression change.

Because this kind of fighting spirit can simply break through the sky and tear the world apart, as if all eternity will be completely shattered in the face of this fighting spirit.

Buzz!

This fighting spirit only appeared in Bei Wentian's body for a moment, and then completely dissipated.

Ye Feng seemed to have suffered a huge shock at this time, standing there blankly, as if he was comprehending something.

Bei Wentian didn't speak at this time, just stood quietly and looked at Ye Feng.

Buzz!

Suddenly, a terrifying fighting spirit gradually surged out of Ye Feng's body.

This kind of fighting spirit is more advanced and terrifying than the eternal battle technique that Ye Feng released before.

Now Ye Feng has understood a lot from the aura that Bei Wentian exerted just now, and the power of the Eternal Battle Technique is becoming more and more powerful.

At this time, Ye Feng's eyes regained clarity, and he quickly clasped his fists at Bei Wentian in front of him and said, "Thank you, Senior Bei, for your guidance. Now I feel that the power of the Eternal Battle Technique is several times stronger than before."

Bei Wentian seemed to be very satisfied with Ye Feng's understanding. He smiled and nodded and said: "Not bad, not bad. Your talent is indeed the most powerful I have ever seen. It is only a matter of time before you surpass us old guys."

Hearing what Bei Wentian said, Ye Feng immediately smiled bitterly and said, "Senior Bei is so ridiculous. I want to reach the level of cultivation of my seniors, but I don't know when it will take."

Bei Wentian said aloud: "Now there is an opportunity for you to transform quickly. I wonder if you are willing to do it."

When Ye Feng heard Bei Wentian say this, his eyes suddenly moved.

It seems that Bei Wentian asked him to come here not only to give him guidance, but also to do other things.

At this time, Ye Feng immediately nodded and said: "If it allows me to transform quickly, I will definitely do it, but judging from Senior Bei's tone, this matter should be very risky."

Bei Wentian nodded, smiled and said aloud: "There is definitely danger, but it is not as terrible as you think, and this matter is also your responsibility as the son of God."

"The responsibility of the Son of God?"

Hearing Bei Wentian say this, Ye Feng immediately changed his voice and showed a look of doubt, and couldn't help but ask: "What responsibility?"

Bei Wentian said slowly: "Command the younger generation of our Five Emperors Divine Sect, represent the face of our Five Emperors Divine Sect, go to the ruins of an ancient mythical dynasty, fight for ancient resources for our Five Emperors Divine Sect, and compete with other hostile forces, yours The opponents are the Galaxy Dynasty, the Demon Clan of the Demon Realm, other hidden families, and possibly even mysterious forces from higher realms. This is an arduous task, and it is also a glorious task, and it is what you, as the Son of God, must do. Things to do."

After hearing what Bei Wentian said, Ye Feng's face was filled with a look of deep surprise.

Unexpectedly, Bei Wentian would give him such an arduous task.

"The Mythical Dynasty...the Dynasty of the Mythical Age?"

Ye Feng couldn't help but murmur at this time, with nervousness, expectation and excitement in his eyes. Beidi Mountain is towering and magnificent.

When Ye Feng came here, he immediately saw a young man wearing a black robe, full of endless momentum, standing on the top of the mountain.

Chapter 3343 Wolf Travels Thousands of Miles

At this time, Ye Feng stared at Bei Wentian in front of him and asked aloud: "What dynasty is that ancient mythical dynasty?"

Bei Wentian shook his head and said aloud: "I don't know much about this, and other forces in the entire star field probably don't know either, because the place where the ancient mythical dynasty is located is an independent ruins space. We top powerful The author cannot enter it, so he doesn't know the specific conditions inside."

Ye Feng nodded and said aloud: "Then how do I go to the ancient ruins space of that mythical dynasty?"

Bei Wentian said: "I will take you with me. You need to lead the other talented disciples of our Five Emperors Sect to go with you. You have to lead them to obtain the resources."

Ye Feng asked: "How many geniuses need to be led?"

Bei Wentian said: "The masters on the mountain and river list should go with you. Your task is to lead them to fight for resources and consciously train them. If there are any top inheritance or treasures, you can have them yourself if you need them. The main purpose of this time is to test and train your ability as the Son of God."

Ye Feng immediately nodded and said, "Okay, I understand."

Bei Wentian nodded, and then led Ye Feng towards the central hall of the Five Emperors Divine Sect.

Soon they arrived at the central hall of the Five Emperors Sect.

At this time, Bei Wentian directly made a majestic voice: "All the geniuses on the Shanhe List will immediately gather in the central hall."

The moment Bei Wentian finished speaking, the masters of the Mountain and River Ranking in the entire Five Emperors Divine Sect heard the voice in an instant, and they all gathered in the direction of the central hall.

Their eyes were full of deep doubts. They didn't know why Bei Wentian, a big shot like a dragon, would issue such an order. It was really rare.

Half an hour later, hundreds of people were densely packed in the entire central hall square.

These hundreds of people are all masters on the mountain and river list, and their cultivation aura is very powerful, and each of them has their own methods and inheritance.

These can be said to be the mainstays of the future of the Five Emperors Divine Sect.

At this moment, everyone's eyes were focused on Bei Wentian at the front.

Because they were all waiting for what Bei Wentian had to say next.

After all, Bei Wentian suddenly summoned all the masters from the Mountain and River List to come over, so there must be something big going on.

At this moment, Bei Wentian looked at the large group of masters on the Mountain and River List below and said loudly: "I have called you here this time. There is a very important and honorable thing for you to do, and that is to explore the secrets of an ancient mythical dynasty. The ruins are a huge dynasty in the mythical era. It is very ancient and contains unparalleled huge resources. I want you to follow the divine son of our Five Emperors Divine Sect to plunder resources together and improve your own strength, and compete with other major The forces compete to strengthen the honor of our Five Emperors Sect."

"Wow!"

Hearing Bei Wentian say this, all the masters of the Mountain and River Ranking present fell into an uproar.

Everyone's eyes showed deep excitement and excitement.

Because they have never had so many experts set out together to go to an ancient ruins.

"It seems that this largest dynasty relic really comes from the ancient mythological era, no?"

However, Lord Beidi cannot be so solemn. "

"And the one we want to follow turns out to be the divine son of our Five Emperors Divine Sect! He should be the man in white clothes and snow standing next to Master Beidi!"

"That is definitely Senior Brother Ye Feng! A being with incomparable terrifying combat power! It is said that he can instantly kill the top genius in our mountain and river rankings. Even the great elder of the inner sect died in his hands, and even a super master like the Lord of Law Enforcement in the Law Enforcement Temple. Big shots can only fight to a draw with Senior Brother Ye Feng, or even admit defeat."

...

At this moment, all the masters of the Five Emperors Divine Sect, these so-called peerless geniuses, felt that they were mediocre in front of Ye Feng, and they were deeply in awe of Ye Feng.

Because Ye Feng's previous achievements were so dazzling and terrifying.

Even just imagining that kind of performance is terrifying.

So at this time, Bei Wentian didn't need to build momentum for Ye Feng at all. Ye Feng's previous battle under the spotlight had already made him famous both inside and outside the Five Emperors Divine Sect.

At this moment, Bei Wentian looked at Ye Feng beside him, smiled and said, "How about you say a few words?"

Ye Feng nodded slightly, walked directly to the front, looked at the hundreds of mountain and river masters in front of him, smiled slightly, and said loudly: "Wolves travel thousands of miles to eat meat, and they want to obtain huge resources in such ancient ruins. Then you must be as ferocious as a wolf. In addition, you must obey my orders. If we fight alone, our combat effectiveness will be completely divided. "

Hearing what Ye Feng said, a group of masters from the Mountain and River Ranking nodded and said, "You must obey Senior Brother Ye Feng's orders!"

In fact, there is no need for Ye Feng to say anything. These masters on the Mountain and River List will definitely listen to Ye Feng.

Because after the terrifying battle before, Ye Feng has completely become a mythical figure in the hearts of many young geniuses.

At this time, Bei Wentian nodded with satisfaction, said with a smile: "Since everyone is ready, let's take action directly."

Uh-huh!

After saying that, Bei Wentian suddenly stretched out a hand, and the hand turned into a huge world, including everyone present including Ye Feng, as well as hundreds of other mountains and rivers. All the top players on the list have it in their hands.

Then Bei Wentian jumped up. His speed was so fast that he broke the confinement of the void. With one jump, he directly crossed a distance of hundreds of thousands of miles. In an instant, he came to a land full of towering trees. In the virgin forest.

Buzz!

At this time, Bei Wentian opened his palm, and the world in his palm opened. Ye Feng and hundreds of mountain and river masters flew out of the world in his palm and looked at the surrounding environment.

At this moment, Ye Feng saw a virgin forest appearing here, which was sparsely populated.

Hundreds of masters on the Mountain and River List are also following behind Ye Feng. After all, they are really dominated by Ye Feng now.

At this moment, Bei Wentian suddenly said: "Let's wait here for a while. This entrance requires me and a big shot in the Galaxy Dynasty to work together to open it."

"Galaxy Dynasty?"

Hearing Bei Wentian say this, Ye Feng's eyes suddenly flashed slightly.

I wonder if this time I can meet the old acquaintance I met back then, the royal family of the Galaxy Dynasty, Princess Meng'er. At this time, Ye Feng stared at Bei Wentian in front of him and asked aloud: "What dynasty is that ancient mythical dynasty?"

Bei Wentian shook his head and said aloud: "I don't know much about this, and other forces in the entire star field probably don't know either, because the place where the ancient mythical dynasty is located is an independent ruins space. At this moment, Ye Feng saw a virgin forest appearing here, which was sparsely populated.

Hundreds of masters on the Mountain and River List are also following behind Ye Feng. After all, they are really dominated by Ye Feng now.

At this moment, Bei Wentian suddenly said: "Let's wait here for a while. This entrance requires me and a big shot in the Galaxy Dynasty to work together to open it."

"Galaxy Dynasty?"

Hearing Bei Wentian say this, Ye Feng's eyes suddenly flashed slightly.

I wonder if this time I can meet the old acquaintance I met back then, the royal family of the Galaxy Dynasty, Princess Meng'er.

Chapter 3344 City Base

The group of people waited in this virgin forest for about half a day.

Suddenly, in the evening, against the red dusk-stained sky in the distance, a huge warship suddenly flew over.

The entire body of this warship is made of gold, and it looks very majestic.

At the very front of this warship was a banner with the word "Galaxy" written on it.

Obviously, this is a warship from the Galaxy Dynasty.

At this time, on the warship of the Galaxy Dynasty, there were densely packed young people, estimated to number in the thousands.

Most of them were wearing golden armor and looked very imposing.

Obviously, this time the Galaxy Dynasty came here with full preparations, dispatching almost all the young royal geniuses, and creating very powerful armor for each young genius.

I have to say that the Galaxy Dynasty is still very powerful, and even the Five Emperors Divine Sect may not be able to match it.

Buzz!

At this time, the warship of the Galaxy Dynasty finally arrived in front of Bei Wentian.

"Beidi, long time no see. I thought you had died, but I didn't expect you to miraculously appear in the world again."

At this time, on the Galaxy Dynasty's warship, the leader was a middle-aged man wearing crimson armor.

This middle-aged man's body is filled with layers of aura of kings, and he should obviously be a noble of the Galaxy Dynasty.

"King Jiuding, long time no see."

Bei Wentian just smiled slightly at this time, and then said aloud: "It seems that your royal family has produced many peerless geniuses in the past thousands of years, but our Five Emperors Divine Sect is not weak either."

After finishing speaking, Bei Wentian asked Ye Feng to come to his side, and then said with a smile: "This is the newly promoted divine son of our Five Emperors Divine Sect. It can be said that he has the most talented person I have seen in tens of thousands of years."

This powerful existence is also the future of our Five Emperors Divine Sect. "

Hearing what Bei Wentian said, the Jiuding King led by the Galaxy Dynasty immediately set his sights on Ye Feng.

For this Jiuding King, Bei Wentian is an extremely legendary figure, so Jiuding King still believes in Bei Wentian's words.

At this time, King Jiuding knew very well that Bei Wentian could not joke casually, so at this moment, King Jiuding began to take a good look at Ye Feng to see what kind of extraordinary qualities he had.

"The cultivation of the fourth level of the Heart Tribulation Realm is indeed good."

The Jiuding King saw through Ye Feng's cultivation realm in an instant, and he nodded slightly.

Then the next moment, King Jiuding suddenly showed a look of surprise in his eyes, and said loudly: "The energy of chaos is so strong. I didn't expect that your Five Emperors Divine Sect actually got a successor of chaos body. You are really lucky."

At this time, King Jiuding couldn't help but sigh.

After all, a chaotic body is very rare, let alone a chaotic body that can be cultivated to the level like Ye Feng's current level, and its combat power is even more terrifying.

At this time, King Jiuding finally knew where Bei Wentian's confidence came from.

This divine son of the Five Emperors Divine Sect is indeed very extraordinary.

At this time, King Jiuding smiled and said: "Our Galaxy Dynasty has also produced many peerless geniuses. This time, entering the ruins of that mythical dynasty should be very exciting."

Obviously, the Jiuding King is also very confident in their Galaxy Dynasty. After all, the Galaxy Dynasty is a very powerful dynasty and can be said to be the ruler of the entire Star Territory.

.

Therefore, the foundation of the Galaxy Dynasty was extremely profound.

At this time, Bei Wentian spoke up and said: "King Jiuding, let's just join forces to open the passage and let a group of young geniuses enter it."

"good."

King Jiuding stopped talking nonsense at this time, and directly released an extremely powerful force, and then he and Bei Wentian attacked towards the highest altitude of the primeval forest.

Boom! !

The attacks of these two super strong men were very terrifying. When they joined together, they immediately punched a big hole in the sky.

But that's not a big hole, but the entrance to a small world where the ruins of the mythical dynasty exist.

At this moment, King Jiuding immediately said to all the young geniuses on the warship: "Go directly into it."

"Yes, Your Majesty!"

Thousands of young geniuses from the Galaxy Dynasty all entered the huge hole one after another.

At this moment, Bei Wentian also looked at Ye Feng beside him and said: "Everything that happens next depends on you. The small world where this mythical dynasty is located is very unstable, and we super strong people cannot enter it. , only you young geniuses with weaker cultivation can enter it, so you need to bear all the dangers you encounter next. "

When Ye Feng heard Bei Wentian's solemn words, he nodded solemnly and said, "Don't worry, Senior Bei, I will definitely work hard."

Bei Wentian nodded and said loudly: "Then you should also enter it."

After finishing speaking, Ye Feng nodded immediately, and then flew directly with a group of hundreds of masters from the Mountain and River Ranking.

Arrived high in the sky.

When everyone passed through the huge hole, they immediately felt a very powerful space fluctuation.

At this time, following a violent spatial fluctuation, Ye Feng and hundreds of masters from the Mountain and River List had entered the ruins of the Mythical Dynasty.

At this moment, everyone looked around and found that they were landing on a desolate land.

This piece of land is very vast, with no end as far as the eye can see. At this moment, they should be landing in a lifeless desert, which is very desolate.

At this time, hundreds of mountain and river masters did not disperse, but followed closely around Ye Feng.

"Son of God, what should we do now?"

Several talented disciples of the Five Emperors Divine Sect who were ranked at the top of the Mountain and River Ranking were speaking to Ye Feng at this moment.

Obviously, everyone has regarded Ye Feng, the Son of God, as the backbone.

Ye Feng looked around and then said aloud: "This is the small ruins world where the Myth Dynasty is located. The teams of each of our forces should have randomly entered different places in this small ruins world. We came to this Myth Dynasty. The main purpose of the ruins world where the dynasty is located is to plunder resources, grow ourselves, and find various inheritances for the sect to bring back. Therefore, we don't need to collide with other forces for the time being. We can stay temporarily. This small world is very It is so vast that it is impossible to explore it all in a short time. For the time being, we will stay here first. We can first use the materials in our hands to build a city as our base, because in this ruined world, there are not only threats from external forces. , there are also crises from this small world itself, which we have not encountered yet, so we first created a city base that can serve as our safe haven."

Chapter 3345 Blue Lake

At this time, after Ye Feng finished speaking, the hundreds of mountain and river masters present nodded their heads, and then quickly took out materials one by one from their storage rings and began to build the city on the spot.

For ordinary people, building a huge city may take a lot of time and cost, but for warriors with powerful strength, building a city is actually very simple.

So in just half a day, a huge city made of powerful materials had appeared in this desert.

The huge steel city stood on the barren land, looking quite shocking.

At this time, Ye Feng took out his spiritual pattern pen and began to imprint powerful formations on the surface of the city base.

There are protective formations and attack formations. In this way, the city will become extremely stable.

Even if there is danger approaching this city base, you can react and attack proactively.

Build this base city so that everyone can have a place to rest and practice. .??.

Because Ye Feng knows very well that this time he comes to the vast world where the mythical dynasty is located, it is impossible to leave in a short time. It is very likely that he will have to continue for a long period of time to explore and plunder resources, and compete with other forces. .

Therefore, Ye Feng felt that it was necessary for them to build a city base of their own that could be used as their own base camp.

In this way, resources can be stored more efficiently and other Shanhe list masters can rest and practice.

After all, people are not machines. They still need a stable place to rest. Only in this way can they recharge their batteries and continuously strengthen the overall strength of the masters on the mountain and river list.

Ye Feng knew very well that this time when he came to the ruins world where the mythical dynasty was located, he not only needed to improve, but also needed to help all the masters of the Mountain and River Ranking to improve their overall strength, so that he could compete with other forces.

Because whether it is the Galaxy Dynasty, the demons from the Demon Realm that have never appeared before, or other powerful geniuses from various ancient hidden families, they definitely do not fight alone, they definitely gather together.

Therefore, Ye Feng also needs to make full use of the comprehensive strength of these talented disciples of the Five Emperors Divine Sect, so that he can compete with the teams of other forces.

After the huge city was built, Ye Feng led many mountain and river masters into the city and arranged their respective residences.

In addition, Ye Feng looked at the entire team and said loudly: "This will be our base camp from now on, and I have also carved many formations in the city, including attack formations, defensive formations, and The spirit-gathering formation that can provide and gather the spiritual energy of heaven and earth allows everyone to search for resources outside, and on the other hand, they can live in the city and practice silently. In this way, our team will be improved quickly. "

"Yes, Son of God!"

At this time, everyone spoke out one after another.

For them, Ye Feng had arranged everything for them, and these masters on the Mountain and River List were naturally very happy.

Although Ye Feng was originally very powerful, everyone felt that Ye Feng was still too young and might not be able to lead a team.

But now they have discovered that Ye Feng is not only powerful in his own cultivation, he is also very knowledgeable about various matters.

The arrangement is also very good.

At this time, Ye Feng said aloud: "I have used my soul to explore it just now. There should be no great danger in this desert, so it is very good to build a base here. When you go out to search for resources, the final It is better to form a team of ten people, so that the risk can be minimized, which is much better than acting alone. "

"Follow the arrangements of the Son of God!"

At this time, many geniuses on the Mountain and River List spoke out one after another.

Ye Feng nodded slightly. As long as these people obeyed his orders and did not act independently, there should not be any big problem. After all, Ye Feng himself was very powerful and could control the overall situation.

At this time, Ye Feng said aloud: "I'm not very familiar with each of you, so I'll form a team of ten people and it's up to you to assemble it yourself. In this way, you can team up with familiar friends and partners to exert the power Also, every time you go out, some people in the city base must stay to guard the city, and they can send out telegraphs in time to notify others that the city is in danger. "

After saying that, Ye Feng jumped up, left the city base, and flew quickly in the surrounding direction.

For Ye Feng, after all the masters on the Mountain and River List have been arranged, he doesn't have much pressure anymore.

Next, Ye Feng is going to search for various resources that may exist around him.

Because the main purpose of Ye Feng coming here is to improve himself.

As for cultivating these mountain and river list geniuses and fighting against other hostile forces, it is only Ye Feng's responsibility as the Son of God.

Ye Feng knew that the most important thing was to greatly improve his own strength, so that he could suppress everything and protect his team at critical moments.

Buzz!

Ye Feng flew high into the sky at this time and quickly looked around to see what else was around.

At this time, Ye Feng suddenly saw that there was a blue ocean at the end of this barren desert.

Uh-huh!

At this time, Ye Feng immediately flew over, wanting to see if there were any resources in the blue ocean.

Because Ye Feng knew very well that he was the strongest in the team, so it was best to explore various resources by himself.

Ye Feng's speed was very fast, and he arrived at the blue ocean at the end of the desert in a blink of an eye.

He immediately saw that this ocean could not be called an ocean, but could only be regarded as an inland lake.

And the lake is indeed blue.

Ye Feng saw that in the middle of the lake, there was a huge blue tree growing.

Blue trees are very rare because most trees are green.

At this time, Ye Feng saw that there was a nest on the blue tree.

"Um?"

Ye Feng flew over and found that there were three golden spherical things in the nest, which should be the eggs of some powerful beasts.

Ye Feng could feel very strong fluctuations of life energy from these three golden eggs.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain. At this time, after Ye Feng finished speaking, the hundreds of mountain and river masters present nodded their heads, and then quickly took out materials one by one from their storage rings and began to build the city on the spot.

Ye Feng could feel very strong fluctuations of life energy from these three golden eggs.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain.

Chapter 3346 Divine Sword and Thunder Control Technique

"Boom!"

The extremely dark Devouring Domain immediately spread out from Ye Feng's body, directly covering the three golden eggs in the nest in front of him.

At this moment, a majestic life energy was immediately input into Ye Feng's body.

Ye Feng immediately felt that his skill had been rapidly improved.

At this time, Ye Feng's eyes suddenly lit up.

Because this golden beast egg must have been left behind by a very high-level monster, because the life energy contained in it is extremely majestic.

Moreover, in the golden beast egg, in addition to the majestic life energy, there is also golden immortal essence, which can strengthen Ye Feng's life essence, just like the entire human life level has evolved and sublimated.

At this moment, Ye Feng's cultivation suddenly began to explode.

"boom!"

The fifth level of the Heart Tribulation Realm!

"boom!"

The sixth level of the Heart Tribulation Realm!

"boom!"

The seventh level of the Heart Tribulation Realm!

At this moment, Ye Feng actually broke through the third level of the sky, directly from the fourth level of the Heart Tribulation Realm to the seventh level of the Heart Tribulation Realm!

At this time, Ye Feng's eyes showed wonder.

Because he never thought that the life energy contained in just three golden beast eggs would directly allow him to break through the third level of the sky.

This kind of life energy is really majestic to the extreme.

At this time, Ye Feng immediately understood that this was indeed the land where the dynasty was located in the ancient mythical era.

This ancient land is very advanced. The plants, creatures, etc. that live in it are all of the blood of the ancient mythical era. Naturally, it contains very powerful and majestic energy.

At this time, Ye Feng's eyes fell on the entire blue lake. He always felt that this blue lake was definitely not simple.

Otherwise, it would be impossible to attract extremely powerful monsters to build their nests here.

"In the center of this blue lake, there is such a strange tree growing. Maybe you can follow this tree and explore underneath to see if there is anything special."

Ye Feng murmured and quickly lurked under the tree.

Wow!

Ye Feng entered the blue lake and continued swimming under the water.

Soon, Ye Feng came to the bottom of the water.

"This is....."

Suddenly Ye Feng saw that at the root of the tree, it was rooted in a huge blue emerald stone.

This piece of blue emerald stone looks very huge, with ancient totems engraved on it.

These ancient totems look very complicated.

Ye Feng stepped forward to take a look, and his eyes were suddenly startled. He discovered that these ancient totems were actually made of densely packed symbols.

"This seems to be a very ancient inheritance."

Emperor Chu suddenly spoke in his mind: "Ye Feng, you can use the soul gem to understand it. Maybe you can understand the powerful inheritance."

"good."

Ye Feng nodded immediately, and then sat down cross-legged directly in front of the jade stone.

Buzz!

At this time, Ye Feng released his soul power and touched the huge jade stone in front of him.

At the same time, Ye Feng also inspired the power of the soul gem, enhanced the strength of his soul power, and strived to gain enlightenment as soon as possible.

The secret on this jade stone.

Soon, along with Ye Feng's understanding, a stream of very profound inheritance secrets directly entered Ye Feng's mind.

"The True Art of Divine Sword Controlling Thunder!"

This is the inheritance recorded on this jade stone.

This is a kind of skill inheritance that has been lost for a long time in the world. It is very ancient.

It is an extremely rare thunder control technique.

Moreover, it is the true art of controlling thunder at the level of swordsmanship.

At this time, Ye Feng simply started to practice this inheritance.

For the next few days, Ye Feng was like a dry stone, sitting at the bottom of the water, constantly meditating on this set of "Sword and Thunder Control Techniques".

Soon, layers of thunder and lightning appeared on the surface of Ye Feng's body.

Next, the thunder and lightning around Ye Feng began to condense into the shape of a sword.

At this moment, Ye Feng's whole person was sharp and sharp.

There is both the edge of the sword and the destruction of thunder.

The combination of sword and thunder.

It will definitely explode with extremely terrifying destructive power!

At this time, Ye Feng opened his eyes, and thunder and lightning struck out of his eyes, transforming into the form of a sword, with a sharp and destructive aura.

At this moment, Ye Feng's eyes showed deep surprise.

This land is worthy of being the land of the mythical age. The inheritance contained therein are extremely ancient techniques, and the mysteries are very complex and magical.

Wow!

At this time, Ye Feng rushed out of the water.

Because, he noticed some special aura, a very ferocious aura.

boom!

Just when Ye Feng burst out of the water, he immediately saw a golden eagle floating high in the sky.

This golden eagle looks very powerful. The body is made of metal and is full of sharp power, as if it can tear anything into pieces in an instant.

And what makes Ye Feng feel strange is that the body of this golden eagle is not a piece of feathers, but a series of scales that look like golden swords made of metal.

"This seems to be the golden sword eagle from ancient times!"

At this time, Emperor Chu in his mind spoke up.

Ye Feng nodded slightly. He could sense that the strength of this golden sword eagle was very powerful.

But now Ye Feng's strength is not weak. At this moment, Ye Feng is staring at the golden sword eagle, with a trace of vigilance in his eyes.

boom!

At this time, the golden sword eagle suddenly stared at Ye Feng. Without any hesitation, it charged directly towards Ye Feng, and also stretched out two sharp sword-like eagle claws to kill Ye Feng. Tear it to pieces.

Ye Feng naturally did not retreat at this moment. After all, this time Ye Feng came to this land of ancient mythology to improve his strength.

This golden sword eagle should be a creature from the ancient times. The energy contained in its body is very large and advanced.

So now Ye Feng wants to find a way to kill this golden sword eagle and devour the life energy of this golden sword eagle.

Ye Feng knew very well that this time entering the land of this ancient mythical era was a great opportunity for him. Perhaps he could completely transform himself and become a first-class powerhouse in the star field from now on.

In that case, even the top experts among the elders will no longer be afraid of Ye Feng, so he must seize this opportunity to completely transform himself into a stronger transcendent existence!

Chapter 3347 Chaos Dynasty

call out!

At this moment, the golden sword eagle swooped down, just like a golden lightning striking over, full of terrifying speed and impact.

"boom!"

Ye Feng didn't hesitate at all, and directly burst out with all the power of his chaotic body. In an instant, he punched out hard, directly colliding with the golden claws of the golden sword eagle.

The entire field suddenly erupted with a huge roar, like gold and stone cracking, which made people's eardrums hurt. ??

The next moment, one person and one eagle each took a dozen steps back.

"Chaos body?"

The golden pupils of the Golden Sword Eagle stared at Ye Feng, and he couldn't help but exclaimed in surprise.

Hearing the words of the Golden Sword Eagle, Ye Feng showed a look of surprise in his eyes and said loudly: "You can actually find out that I am a chaotic body in an instant. It seems that you are indeed extraordinary."

The Golden Sword Eagle said: "You should come from outside this world. All the chaotic bodies in this world have long been extinct."

"What?"

Hearing the words of the golden sword eagle, Ye Feng immediately showed doubts on his face and couldn't help but ask: "Has a chaotic body been born in this world?"

"certainly."

The Golden Sword Eagle nodded and said loudly: "This world was once ruled by creatures of the Chaos bloodline. The most powerful Chaos Lord left this world, leaving behind a Chaos Dynasty. The Chaos Dynasty was at its peak at that time. It almost rules the entire world, so there are naturally many Chaos entities, but now they are all extinct, and the Chaos Dynasty that was so glorious back then is now in ruins."

When Ye Feng heard what Golden Sword Eagle said, he immediately felt that he had discovered some big secret. He couldn't help but said in horror: "Is it possible that the so-called mythical dynasty exists in this world?"

, turned out to be the Chaos Dynasty left behind by the Chaos Lord? What a coincidence! "

You know, half of Ye Feng's bloodline is Chaos bloodline.

The Chaos Lord went to the world where Ye Feng was born and created a cave world.

It can be said that Ye Feng is now the descendant of the Chaos Lord.

After all, almost all of the Dominion Gems on Ye Feng's body were left over after the Chaos Dominion disintegrated.

Moreover, Ye Feng's mother's bloodline was originally the bloodline left by the Chaos Lord.

Therefore, Ye Feng can be said to be one of the inheritors of the authentic Chaos Body.

At this moment, Ye Feng was very shocked. The leader of this world was actually the Chaos Body.

And that so-called dynasty in the mythical era turned out to be the dynasty left by the Lord of Chaos!

This made Ye Feng feel inexplicably excited.

At this time, the Golden Sword Eagle knew that Ye Feng was a Chaos Body and did not continue to take action. Instead, his eyes flickered, as if he was thinking about whether to become an enemy of Ye Feng.

Because he knows very well what terrifying strength the Chaos Body has.

Even though the cultivation base may be a little weaker, the power erupted by the Chaos Body itself is absolutely terrifying.

And there is another secret about this world, that is, the combat power exerted by the Chaos Body in this world will be greatly blessed by the power of Chaos in the entire world.

At this time, the Golden Sword Eagle saw that Ye Feng was the chaotic body of an outsider, so he did not know the secret.

Golden Sword Eagle suddenly felt something in his heart

My own opinion.

At this time, the Golden Sword Eagle saw Ye Feng thinking, and came directly in front of Ye Feng, and then said: "Maybe there is no need for us to be enemies at all, we can cooperate."

Ye Feng's eyes showed surprise and he couldn't help but ask: "How to cooperate?"

At this moment, the golden sword eagle's body flashed with light and transformed directly into a young man wearing a golden robe.

The Golden Sword Eagle spoke out: "I know some secrets about the Chaos Body in this world, and I also know where the ruins of the Chaos Dynasty are. If you are willing to cooperate with me, I can take you to find Chaos." From the ruins left by the dynasty, you may be able to obtain any training resources and treasures related to the Chaos Body, which may greatly improve your Chaos Body."

You know, this is a once-in-a-lifetime opportunity, and I am a native creature of this world, so I know a lot more information than you.

When Ye Feng heard what Golden Sword Eagle said, he was immediately moved.

After all, this golden sword eagle is a very powerful monster, and its strength is definitely no less than his own, and may even be more terrifying than he imagined.

At this time, Ye Feng asked: "If you and I cooperate, you are willing to provide me with information, so what do I need to do for you?"

Ye Feng knew that there was no free lunch in the world, and it was impossible for others to help him for no reason.

The Golden Sword Eagle stared at Ye Feng at this time, and said with a smile: "What I want is the Supreme Bone of the Divine Beast left by the Divine Beast that protected the country in the Chaos Dynasty. That piece of Supreme Bone of the Divine Beast is hidden deep in the ruins of the Chaos Dynasty. , I can't get close to it with my own strength, so if I cooperate with you, I might be able to fulfill this wish."

mythical beast

Supreme Bone?

Hearing what the Golden Sword Eagle said, Ye Feng immediately understood that the other party's ambitions were also very great.

After all, to be able to become the national guardian beast of a peak power like the Chaos Dynasty, the supreme bones of the beast left behind must be very high-level and can reborn this Golden Sword Eagle.

Ye Feng knew that this golden sword eagle definitely wanted to be promoted to the level of ancient mythical beasts.

At this moment, Ye Feng thought about it and felt that this cooperation would be beneficial to him without any harm.

Ye Feng immediately nodded, stretched out his hand, and said, "Then let's have a happy cooperation."

When the Golden Sword Eagle saw Ye Feng like this, there was a hint of joy in his eyes.

Because he knows very well that if he can cooperate with a chaotic body, he will definitely get huge help in this world.

Because this world was left by the Chaos Lord, the world ruled by the Chaos Dynasty, the whole world will help the Chaos body invisibly.

In this world, Ye Feng can definitely be called the son of luck.

Therefore, Golden Sword Eagle chose to cooperate with Ye Feng precisely because of this fact.

In fact, the Golden Sword Eagle's own strength is also very extraordinary, and its bloodline is also very advanced.

The reason why he cooperated with Ye Feng, a young human race boy, was because he took a fancy to Ye Feng's chaotic body potential.

After all, the ancient ruins left behind by the Chaos Dynasty are very dangerous, with various restrictions and killing methods used by the Chaos Dynasty.

If anyone else enters it, no matter how powerful they are, they will most likely perish.

But as Ye Feng is a chaotic body, he will definitely be blessed with great luck if he enters it.

Chapter 3348 World Cleanup

At this time, Ye Feng and Golden Sword Eagle reached a cooperation, and the two parties shook hands and made peace.

Uh-huh!

The golden sword eagle descended from the sky and turned into a young man wearing a golden robe, standing next to Ye Feng.

As the distance got closer, Ye Feng could feel that the demonic aura on this golden sword eagle was extremely terrifying, and it was definitely an extremely tyrannical existence.

At this time, Ye Feng still felt a little happy in his heart. After all, he had received such a powerful help for no reason, which would be of huge benefit to his future exploration in the world.

And you must know that this Golden Sword Eagle is a powerful native creature in this world. He must know a lot of information. Ye Feng knows very well that in the competition for resources in

this world, there is a Golden Sword Eagle who controls so much information. The presence of native organisms must have huge benefits.

At this time, the Golden Sword Eagle said: "Shall we go directly to the ruins of the Chaos Dynasty now?"

"hold on."

Ye Feng shook his head and said: "My cultivation level is still too low now. I still need to grow for a while. During this time, I hope that Golden Sword Eagle, you can help me find various resources or mineral veins around me. I want these You should be very familiar with this stuff."

Since this Golden Sword Eagle has already cooperated with him, Ye Feng naturally has no reason not to make good use of this guy.

After Ye Feng finished speaking at this time, the Golden Sword Eagle seemed to know what Ye Feng was planning.

But the Golden Sword Eagle didn't say much, but nodded and said: "I need to use your power. Naturally, I will help you unconditionally during this period. Your strength has improved. For the next time we get rid of the ruins of the Chaos Dynasty, Obtaining the final treasure also has a huge effect. "

When Ye Feng heard what Golden Sword Eagle said, his eyes immediately showed a look of joy.

Originally he thought he would have to waste some words, but now it seems that he doesn't need to. This golden sword eagle is very knowledgeable.

At this time, the Golden Sword Eagle suddenly said: "Oh, by the way, in the lake under our feet at this moment, there is an emerald stone that was the inheritance of the Thunder God Sect. It has a powerful inheritance on it. You can try it out and see if you can succeed."

Hearing this, Ye Feng smiled slightly and said aloud: "Are you talking about the True Secret of Divine Sword Controlling Thunder? I have already successfully comprehended it, just now."

"What?"

Hearing what Ye Feng said, Golden Sword Eagle immediately showed a look of surprise in his eyes, as if he didn't expect Ye Feng to comprehend so quickly.

But the next moment, Golden Sword Eagle didn't say anything more, but nodded slightly and said loudly: "There is also a powerful sect near here called the Panlong Shen Sect. Of course, the sect I am talking about refers to the sect. The ruins of the gate, after all, the world is about to be destroyed, and all the powerful forces of the past have been reduced to ruins. "

Hearing this, Ye Feng couldn't help but ask: "Pailing Dragon Divine Sect? It seems that there were many other forces in this world back then."

The Golden Sword Eagle nodded slightly, smiled and said: "Of course, in this world back then, there was not only the behemoth Chaos Dynasty, but also other major sects, which were very glorious, but because of the Five Decays of Heaven and Man, they were all wiped out."

Ye Feng couldn't help but ask: "The Five Decline of Heavenly Man? Is it so powerful?"

The Golden Sword Eagle shook his head and said: "Anyway, it is very terrifying. It is like a purifier of the world, purifying all the glorious behemoths, leaving only some weak races in this world. Some people say that all the glorious forces in the past were wiped out because they suffered dimensionality reduction attacks from more advanced and powerful civilizations. Just like an old man in our race once said, when a world is glorious and powerful to a certain extent, There will be more advanced civilizations coming to clean up, leaving only some weak creatures. I don't know what the meaning of this cleanup is, maybe it is to maintain some kind of balance in the universe."

Hearing what Golden Sword Eagle said, Ye Feng suddenly showed a look of realization in his eyes.

Because the words of Golden Sword Eagle really gave Ye Feng a new understanding of the world.

At this time, Ye Feng was silent for a moment, then patted the other person's shoulder and said aloud: "It's unfortunate to know such a thing, but to be honest, I have practiced in many worlds, but nothing like yours has ever happened. Things of the world."

Hearing what Ye Feng said, Golden Sword Eagle smiled and said: "Perhaps the cultivation civilizations in the worlds you are in are not yet brilliant enough for higher-level civilizations to clean up, or in other words, they have been destroyed. It's been cleaned several times."

Buzz!

Hearing what Golden Sword Eagle said, Ye Feng suddenly felt a great sense of crisis in his heart.

Maybe Golden Sword Eagle is right. Whether it was the Longyuan Continent where Ye Feng was before, or the spiritual world, or the first universe and the second universe, or the prehistoric continent, and the great world of origin where he is now. It is not brilliant enough for more advanced civilizations to clean up.

But with the continuous development of spiritual civilization, one day it will reach a more glorious level.

By that time, perhaps a more mysterious and advanced civilization will indeed take action to clean up the origin world.

Just like cleaning up the ancient world where the Chaos Dynasty is located at this moment.

Ye Feng suddenly felt a great sense of crisis in his heart for some reason.

But then, after Ye Feng took a deep breath, he realized that he didn't need to worry about this kind of thing for the time being, because his current cultivation level was nothing in the world of origin.

At this time, the Golden Sword Eagle patted Ye Feng's shoulder, smiled and consoled him: "Ye Feng, you don't have to worry too much, even if the world you live in reaches a certain level of glory and is cleaned up by a more advanced civilization, like You won't die with such a weak cultivation."

When Ye Feng heard what Golden Sword Eagle said, he was immediately speechless. He didn't know whether the other party was belittling him or really comforting him.

However, Ye Feng did not dwell on anything at this time, but said aloud: "Golden Sword Eagle, then you can take me to the ruins of the Panlong Shen Sect you mentioned now. Anyway, what I want to do now is to improve myself." There is really no need to think too much about other things. There must be a road before the car reaches the mountain, and the water will naturally flow straight

to the bridge. I'd better do my own thing well first. Based on the present, when looking up at the stars, you also need to be down-to-earth. Only then can we do everything well."

"well said."

The Golden Sword Eagle gave a thumbs up at this time, nodded and said loudly: "Okay, let's not waste time anymore with nonsense, hurry up and improve your cultivation, let's go explore the real Chaos Dynasty, the most glorious dynasty in the world. Ancient ruins, only if you are strong enough can you cope with all crises!" At this time, Ye Feng and Golden Sword Eagle reached a cooperation, and the two sides shook hands and made peace.

Uh-huh!

The Golden Sword Eagle landed from high in the sky and transformed into a young man wearing a golden robe, standing next to Ye Feng.

As the distance got closer, Ye Feng could feel that the demonic aura on this golden sword eagle was extremely terrifying, and it was definitely an extremely tyrannical existence.

At this time, Ye Feng still felt a little happy in his heart. After all, he had received such a powerful help for no reason, which would be of great benefit to his future exploration in the world.

And you must know that this Golden Sword Eagle is a powerful native creature in this world. He must know a lot of information. Chapter 3349 Canglong Sculpture

Swish, swish, swish!

At this time, Ye Feng and the Golden Sword Eagle flew quickly towards a certain direction in this ancient world.

The place where Ye Feng and Golden Sword Eagle are going now is the ancient ruins where Panlong Shen Sect is located.

According to what Golden Sword Eagle said, the Panlong Divine Sect was also a very powerful sect in this ancient world.

It is said that in this sect, some extremely powerful dragons are often kept in captivity as a resource for disciples to practice.

This shows how glorious the Panlong Divine Sect was back then.

This made Ye Feng couldn't help but sigh that such a glorious ancient mythical world was actually cleaned up by a more advanced, terrifying and mysterious civilization.

It's really terrible.

My scalp feels numb just thinking about it.

Even the Chaos Dynasty did not escape the tragic fate of being liquidated.

Ye Feng sighed as he followed the Golden Sword Eagle and flew quickly in the direction of the Panlong Divine Sect.

The two traveled through a lot of land, and Ye Feng found that this place was far away from the barren desert area where he built the city.

This area is full of strange rocks and red flames.

Soon, the two people shuttled through this area of strange rocks and came to the end of this area.

At the end of this area, two huge sculptures appeared. They turned out to be sculptures of two black dragons. They seemed to be cast from an unknown stone. They looked very majestic and extraordinary.

Behind these two blue dragon sculptures, there is a large area of ancient ruins, with collapsed palaces, broken buildings, etc. everywhere.

The Golden Sword Eagle immediately spoke out: "This is the ancient ruins of the Panlong Shen Sect. Back then, the Panlong Shen Sect was a very powerful sect in this ancient world. There were countless super strong men who burned mountains and boiled seas. , but in the end it was cleaned up due to the world cleanup and completely destroyed, but it should have left a lot of inheritance and

Treasure, let's go in and explore it quickly. "

Ye Feng immediately nodded, and he and the Golden Sword Eagle walked quickly towards the depths of the ancient ruins of the Panlong Divine Sect.

Buzz!

Buzz!

But just when N and the others had just arrived at the door of the ancient relics of the Panlong Shen Sect, suddenly the two huge Canglong sculptures suddenly burst into bright golden light.

"Roar!"

"Roar!"

Then the two Canglongs let out a huge roar at the same time.

The two huge Canglong sculptures actually seemed to be resurrected, turning directly into living golden Canglongs, full of great majesty, and instantly attacked the two outsiders, Ye Feng and the Golden Sword Eagle.

"Um?"

Ye Feng and Golden Sword Eagle both had surprised expressions in their eyes at this time, as if they did not expect that these two ancient-looking blue dragon sculptures would still have such power after so many years.

At this moment, both of them broke out their own powerful methods.

Chaos body!

The art of eternal battle!

Ye Feng didn't hesitate at this moment, and directly exploded the incomparable power of his entire body, and then punched one of the blue dragon sculptures emitting golden light.

At this moment, the golden sword eagle beside him also burst out with two golden lasers from his eyes, full of terrifying penetrating and destructive power, which directly bombarded the other blue dragon sculpture.

Boom! !

At this moment, the entire field suddenly erupted with a huge roar, resounding throughout the entire surrounding field.

Whether it is Ye Feng or Golden Sword Eagle, they are the top masters among the younger generation, and their fighting power is very amazing.

So after they attacked at this moment, the power they unleashed was extremely terrifying.

Although the two Canglong sculptures left by the Panlong Divine Sect were very powerful, they could not stop the terrifying attacks of Ye Feng and the Golden Sword Eagle.

"Click, click..."

Not long after, dense cracks suddenly appeared on the two Canglong sculptures, as if the porcelain was about to break.

At the next moment, Ye Feng directly used the Divine Sword and Thunder Control Technique that he had just realized.

"boom!!"

At this moment, a huge sword condensed with thunderous light suddenly appeared in Ye Feng's hands, and it struck one of the blue dragon sculptures in an instant.

Boom!

Although it was Ye Feng's first time to use the Divine Sword and Thunder Control Technique, the condensed thunder and lightning was still very terrifying, and it instantly split the blue dragon sculpture into pieces.

On the other side, the Golden Sword Eagle also burst out with its own powerful methods.

"Golden light!"

boom!

His whole body turned into a golden light at this moment.

This golden light, like the divine sword that created the world, was as fast as lightning. It pierced the body of another Canglong sculpture in an instant, directly piercing this Canglong sculpture, and the entire body was instantly shattered.

Snap!

Snap!

And at the next moment, the two Canglong sculptures were shattered, and a golden dragon ball fell from the broken body of each Canglong sculpture.

Ye Feng and Golden Sword Eagle each got a golden dragon ball, and their eyes were filled with surprise.

Strange color.

It seems that what makes this blue dragon sculpture so powerful is the golden dragon ball in it.

Golden Sword Eagle directly put this golden dragon ball into his storage space. He felt that this ancient dragon ball should be able to help his monster origin and life level evolve and improve.

Ye Feng did not hesitate at this moment and directly released the Devouring Domain.

Buzz!

A swallowing vortex appeared in his palm, which was extremely dark and enveloped the golden dragon ball in his hand.

He quickly absorbed the ancient dragon energy from the golden dragon ball with a bang, and then strengthened the power in his dantian.

At this moment, Ye Feng felt that the energy contained in this small golden dragon ball was not as small as it seemed on the surface, but was as vast and majestic as the vast ocean.

After Ye Feng absorbed the energy from the entire golden dragon ball, his cultivation aura suddenly experienced a breakthrough.

"boom!"

The eighth level of the Heart Tribulation Realm!

"boom!"

The ninth level of the Heart Tribulation Realm!

At this moment, Ye Feng actually broke through the sky twice in a row, making Ye Feng's eyes reveal a look of deep surprise and full of deep surprise.

Ye Feng couldn't help but said: "The Panlong Divine Sect is indeed a super powerful force in this ancient world, and the things left behind are really treasures from the world."

The Golden Sword Eagle stood aside and saw that Ye Feng had directly absorbed all the energy in the dragon ball, and his aura had a breakthrough.

His eyes immediately revealed a look of deep surprise, and he couldn't help but murmur to himself: "The ancient and evil devouring power... It seems that this human boy is not just a chaotic body, but more powerful than I thought." To be unfathomable."

Chapter 3350 Demon Team

Just when the Golden Sword Eagle was muttering, Ye Feng had already finished devouring it, and his cultivation had successfully broken through to the ninth level of the Heart Tribulation Realm.

At this moment, Ye Feng's eyes were full of surprise. He didn't expect that he would come across such a good resource just after arriving at the ancient ruins of the Panlong Divine Sect.

Sure enough, cooperating with this golden sword eagle is a very wise choice.

Because Ye Feng knew very well that if the local strongman like Golden Sword Eagle hadn't brought him here, he would probably have to explore for a long time before he could explore here.

In that case, it is really a waste of time.

With the Golden Sword Eagle by his side, Ye Feng is estimated to be able to visit many of the various ruins in this ancient world very accurately, and does not need to waste so much time exploring vaguely.

And just when Ye Feng was about to enter the deepest part of the Panlong Shen Sect ruins with the Golden Sword Eagle.

Buzz! .??.

Suddenly, a dark team flew in not far away.

This team is actually composed of demons with black wings on their backs.

These demons are obviously not demons from the ancient world, because Ye Feng can clearly sense that the cultivation aura of these demons are very pure demons from the heavenly demon world.

At this time, Ye Feng had a look of surprise in his eyes. He didn't expect that he would encounter other hostile forces within a few days of coming to this ancient world.

When he entered this ancient world before, Bei Wentian once told Ye Feng that those who entered this ancient world were not only the forces of the human race, but also the forces of other major families, or the demons of the heavenly and demon world. Will appear.

Sure enough, the demons from the demon world have now appeared.

Swish, swish, swish!

At this time, the demon team came directly in front of Ye Feng and Golden Sword Eagle, directly surrounding them.

At this moment, this group of demons from the Heavenly Demon Realm stared at Ye Feng and the Golden Sword Eagle, and said with a cold smile: "We have captured two more blood eaters. The blood energy on these two blood eaters is very... If they are captured, they will definitely be able to make a big impact

The commander is satisfied. "

Another demon said with a smile: "Yes, this time the commander-in-chief has come to this ancient world, and he can capture these human geniuses who enter the trial."

At this moment, the masters of these demonic teams were talking as if no one else was watching, seemingly not paying attention to Ye Feng and Golden Sword Eagle at all.

However, the cultivation aura of these demons is indeed quite powerful. All of them are actually strong men who have reached the tenth level of the Heart Tribulation Realm and are even half-step into the Yang God Realm.

At this time, Ye Feng and Golden Sword Eagle looked at each other, nodded, and then suddenly took action and attacked the dozen demons.

Because they know very well that there is no need to talk nonsense with this kind of demons in the demon world. The two parties are definitely natural enemies, so it is better to strike first.

"Pfft!"

"Pfft!"

The attacks of Ye Feng and the Golden Sword Eagle were both very terrifying. At this moment, they immediately killed the two nearest demons instantly.

This caused other demons to suddenly change their expressions.

"Two hateful boys! How dare you sneak attack us! You must become our blood food from now on, I will destroy your cultivation!"

At this moment, the dozen or so remaining demon masters from the Demon Realm all burst out with their own cultivation.

In their hands, extremely powerful demonic weapons also appeared. They were all capable of erupting with terrifying power. They were obviously well prepared.

After all, those who can come to this ancient world this time are definitely the best of the best from all major forces and races.

So at this moment, after a dozen extremely powerful demons burst out with power, Ye Feng and Golden Sword Eagle couldn't help but take several steps back.

Uh-huh!

But at the next moment, the golden sword eagle's eyes were extremely cold, and he jumped directly, and his whole body returned to his original state, turning into a golden goshawk.

He was covered in feathery scales that looked like golden divine swords, and he charged directly towards the dozen or so demons from the Heavenly Demon Realm.

"Pfft!"

"Pfft!"

The entire body of the Golden Sword Eagle was like an unsheathed sword. It was extremely sharp, like a golden lightning bolt. It cut through the entire void in an instant and killed the two demons at the front. They were killed instantly, cutting their bodies into pieces.

At this moment, the remaining dozen demons are aware of the terror of this golden sword eagle.

They began to gather together in an instant, and then performed a special and incomparable combination attack technique.

"The majesty of the devil!"

A very profound demonic spell symbol burst out from each of their demon clans. When combined together, they turned into a huge phantom of the demon god, which actually got into a stalemate with the golden sword eagle.

Uh-huh!

At this moment, Ye Feng did not hesitate and flashed directly behind the dozen demons, and then released the Divine Sword and Thunder Control Technique that he had just practiced.

The Divine Sword Thunder Control Technique was extremely terrifying. The moment Ye Feng used it, a brilliant light of thunder and lightning burst out from his body.

These thunder and lightning lights instantly turned into thousands of thunder and lightning swords, and went towards the surroundings to assassinate crazily, piercing the bodies of more than a dozen demons at once.

"ah!"

"ah!"

"ah!"

At this moment, the entire field suddenly erupted with screams one after another.

The bodies of these dozen demons were pierced in an instant, and they died immediately, lying on the ground in despair.

They didn't think about it at this time

It's amazing that these two young-looking men actually possess such terrifying strength.

Once the power breaks out, it has extremely terrifying lethality.

I have to say that this demon team is very unlucky.

You must know that the cultivation levels of this demon team are almost all those who have reached the tenth level of the Heart Tribulation Realm, and are even demon masters who are half-step to the Yang God Realm.

Together, this team of demons can defeat many young and powerful men.

But unfortunately, they encountered two monsters, Ye Feng and Golden Sword Eagle.

Ye Feng, originally the divine son of the Five Emperors Divine Sect, was the greatest genius among the greatest geniuses.

The Golden Sword Eagle is an extremely powerful monster native to this ancient world, with unfathomable strength and means.

Therefore, when Ye Feng and the Golden Sword Eagle are combined, their absolute destructive power is astonishing, and it is simply not something that ordinary teams can fight against.

It can only be said that this demon team has messed with the wrong people. They think they are ordinary geniuses, but they are not.

Uh-huh!

At this time, the Golden Sword Eagle re-transformed into a young man wearing a golden robe. He looked at Ye Feng and said with a smile: "I didn't expect that you are so proficient in the Divine Sword and Thunder Control Technique that you just learned. It seems that you have understood It's more powerful than I imagined."

Ye Feng just smiled slightly at this and didn't say much. Instead, he directly released the Devouring Domain to devour all the demons in this group of more than a dozen teams.

You must know that the blood energy and skills contained in demons of this level of cultivation are very profound, which is definitely a great tonic for Ye Feng.

If Ye Feng were on the Star Territory, it would be difficult to encounter a strong demon of this level.

It is estimated that one must go deep into the Heavenly Demon Realm to encounter such a powerful demon of this level.

However, after experiencing in this ancient world, many forces have dispatched extremely powerful elite beings, so Ye Feng can easily encounter such top-notch powerhouses.
