Chapter 3351 Undead Bone Dragon Group

"Boom!"

At this time, the extremely powerful devouring power released by Ye Feng devoured all these demons.

The skills and blood energy provided by these demon teams are still very strong.

So at this moment, Ye Feng's skill was greatly improved.

"boom!!"

An extremely powerful breakthrough momentum suddenly burst out from his body.

Ye Feng's cultivation level once again broke through, directly reaching the tenth level of the Heart Tribulation Realm.

Seeing Ye Feng's breakthrough again, the Golden Sword Eagle couldn't help but sigh and said: "Your devouring ability is really too evil. If you keep devouring it so uncontrollably, no realm can restrain you." "

Hearing the Golden Sword Eagle talk about its devouring ability again, Ye Feng smiled slightly, but still didn't say much, and just walked towards the inner area of the Panlong Divine Sect.

The Golden Sword Eagle saw that Ye Feng was avoiding talking about the devouring ability and did not ask for trouble. He stopped asking questions and followed Ye Feng towards the inner area of the Panlong Divine Sect.

The two of them soon arrived at the inner area of the Panlong Divine Sect, and immediately saw a very desolate and dilapidated scene. There were collapsed palaces and broken buildings everywhere, forming a doomsday scene that looked like destruction.

"The cleanup of the world is so terrible. It's hard to imagine what kind of terrible cleanup process the glorious super sect Panlong Shenzong went through before it turned into the doomsday scene like the great destruction before us today."

Even the Golden Sword Eagle couldn't help but sigh at this time.

"yes."

Ye Feng also nodded slightly and said aloud: "It seems that this kind of world cleanup is really terrifying to the extreme. It is really a bit shocking."

And just as the two of them continued walking.

"Rumble..."

Suddenly, the ground around the two people walking began to shake, and huge cracks appeared on the ground of the entire ruins.

"Crunch, crunch, crunch..."

The next moment, what surprised the two people was that undead bone dragons, like demons from hell, instantly crawled out of the cracks in the surrounding earth, roaring and roaring.

The Golden Sword Eagle immediately said: "These should all be powerful dragons raised by Panlong Shenzong back then. However, after experiencing the cleansing of the world, they all died, but I don't know why they turned into undead and buried deep underground. "Xia, you should be awakened by our intrusion now."

boom!

boom!

boom!

But the moment the Golden Sword Eagle finished speaking, the undead bone dragons crawling out of the cracks in the earth were all attacking in the direction of the Golden Sword Eagle and Ye Feng.

"boom!"

At this moment, the two people naturally counterattacked instantly, bursting out with powerful power.

Ye Feng's current cultivation level has been promoted to a very high level, so the power he bursts out is very terrifying. With one fist, he can blast out terrifying destructive power and destructive power, which can directly blast an undead bone dragon rushing towards him. of broken apart.

"Crack!"

At this moment, two golden beams of light burst out from the eyes of the Golden Sword Eagle, which pierced the void and shattered an undead bone dragon in front of it.

But the next moment, more and more undead bone dragons crawled out of the cracks in the ground, roaring and roaring, very

terrible.

In addition, what made Ye Feng and Golden Sword Eagle's eyes darken was that the fragments of the undead bone dragons that they crushed were all condensed together and turned into undead bone dragons again.

At this time, Ye Feng immediately said: "We can't fight these undead bone dragons. They can't be killed at all. Let's fight and retreat."

"good."

The Golden Sword Eagle nodded immediately, and then he and Ye Feng resisted while exploring the broken buildings around them.

The first building they came to was a collapsed palace. Among the ruins, Ye Feng immediately saw a golden light shining in it.

"Wow!"

At this moment, Ye Feng stretched out his hand and smashed the ruins in front of him.

At this time, Ye Feng suddenly grabbed the golden thing shining in the ruins.

It was a golden axe, with very strong golden energy surging on it, and it was filled with a vast feeling.

"Wow!"

The next moment, the Golden Sword Eagle also found an ancient golden bow from the surrounding ruins.

Buzz!

At this time, the Golden Sword Eagle suddenly opened the golden bow in his hand. Suddenly, all the vitality of the surrounding world was condensed on the bow string, and a rod was condensed directly on the big bow in the Golden Sword Eagle's hand. Huge golden bow and arrow.

"boom!"

The golden bow and arrow burst into bright golden light and shot forward in an instant.

Boom!

The golden bow and arrow shattered an undead bone dragon chasing behind him.

r\u003e "Huh?"

Then the Golden Sword Eagle suddenly discovered that the broken bone body of the undead bone dragon could no longer be reassembled.

At this time, the Golden Sword Eagle immediately understood something and couldn't help but said to Ye Feng who was not far away: "Ye Feng, I suddenly discovered a big secret here, that is, using the Panlong Divine Sect's The weapons left behind can directly kill these undead bone dragons and will not be resurrected. The weapons left behind by the Panlong Divine Sect seem to have some mysterious power to prevent these undead ancient dragons from resurrecting. "

"good!"

When Ye Feng heard what the Golden Sword Eagle said, he immediately nodded, then held the huge golden ax in his hand and slashed directly forward.

Boom! !

Ye Feng held the golden ax in both hands. On the ax blade, a huge and boundless golden sharp light suddenly burst out. Like a divine light that created the world, it directly hit a dozen undead bone dragons that rushed over from a distance. Everything was broken into pieces.

Next, Ye Feng saw that these undead bone dragons could no longer be reassembled and resurrected after being broken.

"Then kill all these annoying undead bone dragons!"

Ye Feng spoke out at this time, holding the golden ax in his hand. His whole body and the golden ax seemed to be connected together, and his whole body began to shine with golden light.

Like a golden axe-headed war god, he rushed directly into the group of undead bone dragons in the distance and began to kill everyone.

"boom!"

"boom!"

At this time, the Golden Sword Eagle also flew high into the sky. Taking advantage of the high altitude, he continuously pulled the golden bow in his hand and fired golden arrows one after another, which bombarded the bottom, causing huge destructive power. .

Chapter 3352: Getting there first

Boom! !

Under the terrifying attacks of Ye Feng and the Golden Sword Eagle, no matter how many undead bone dragons crawled out from the ground, they were all crushed by the two of them with their incomparable power.

Moreover, the weapons currently used by Ye Feng and the Golden Sword Eagle are all gold-level weapons left over from the Panlong Divine Sect, which can completely damage these undead bone dragons.

After these undead bone dragons are broken, they can no longer be reorganized and resurrected.

"Ye Feng, look, after each undead bone dragon was broken, a bone-like life tablet fell out."

The Golden Sword Eagle said at this time, flew directly to the ruins of a broken undead bone dragon, and then stretched out his hand to grab a life tablet that exuded a faint green light.

The green light emitting from these life cards looks very strange.

"This kind of life card seems to be able to enhance the power of our body."

At this moment, the Golden Sword Eagle opened its mouth and swallowed the green light on the life tablet directly into its own body.

Buzz!

Almost at the next moment, the Golden Sword Eagle immediately felt that the power of his body had been greatly tempered, and the golden light on his body became much stronger.

When Ye Feng saw this scene, his eyes were quite surprised. He walked directly towards the entire field and began to collect the life cards left by the broken undead bone dragons.

Uh-huh!

Golden Sword Eagle also quickly collected these life cards at this time.

In the end, the two charged almost half of each person.

At this moment, Ye Feng had the life cards of hundreds of undead bone dragons in his hands.

This made Ye Feng's eyes very surprised. He didn't expect that he and the Golden Sword Eagle had killed so many undead bone dragons in a short period of time.

The Golden Sword Eagle also received the life cards of hundreds of undead bone dragons.

At this moment, both of them began to sit down cross-legged, and began to absorb the green light on the life cards of these undead bone dragons to increase their body strength.

The Golden Sword Eagle was originally the king of the demon clan, so the power of his body was also very powerful.

Naturally, he was very interested in the token of the undead bone dragon that could enhance his monster body.

Ye Feng himself is a body of chaos, and he has always relied on the power of his body to win, so the life cards of these undead bone dragons that can enhance the power of his body are of great significance to Ye Feng.

"Buzz..."

At this moment, as Ye Feng absorbed the green light on these life cards, the strength of Ye Feng's chaotic body began to increase again.

"boom!"

The seventh level of the late ninth level of the chaotic body!

"boom!"

The eighth level of the late ninth level of the Chaos Body!

"boom!"

The ninth level of the late ninth level of the chaotic body!

"boom!"

The tenth level of the late ninth heaven of the chaotic body!

"boom!"

The first level of Dzogchen, the ninth level of the chaotic body!

At this time, Ye Feng had already absorbed the dark green light on all the Undead Bone Dragon Life Cards.

At this moment, Ye Feng stood up directly, clenching his fists, and felt extremely powerful power surging rapidly in his body.

The Chaos Body has reached the final critical moment. Every improvement, even a small level improvement, can bring a transformational increase in power to Ye Feng.

this

At that moment, the Golden Sword Eagle not far away also stood up, apparently absorbing all the green light.

At this time, Golden Sword Eagle couldn't help but smile and said: "I didn't expect that the energy on these life cards could improve my monster body so much. I feel the power of my monster body, I'm afraid it's nearly half as high as before!"

Ye Feng nodded slightly, and said with a smile: "My Chaos Body has also improved a lot, but in the end it has become more and more difficult for my Chaos Body to improve. I don't know when I will be able to transform into the Chaos Body. If I can transform into the Great Perfection state of Chaos Body, then I can defeat all the geniuses of an era just by relying on the power of my body."

What Ye Feng said at this time was very domineering, but it was not that Ye Feng was conceited, but that Ye Feng really had this strength.

Because the Chaos Body is a very powerful physique, it ranks among the top in all the worlds.

If the Chaos Body can be promoted to the final Chaos Body Dzogchen, it will indeed be able to burst out with invincible power.

Hearing what Ye Feng said, Golden Sword Eagle thought for a moment, and then said aloud: "The ruler of this ancient world was the Chaos Dynasty. If the two of us can get the remains of the Chaos Dynasty from the ruins of the Chaos Dynasty, The countless wealth and resources may allow you and me to transform. The opportunity for your Chaos Body to transform into Great Perfection may be found in the ruins of the Chaos Dynasty."

Hearing this, Ye Feng nodded slightly, without saying anything more, but walked towards the inner area of the Panlong Divine Sect.

The Golden Sword Eagle also followed.

Next, the two of them found a lot of good things from the surrounding ruins.

These include some damaged weapons, ancient elixirs, and many sect inheritances from the Panlong Divine Sect, etc.

These

Something made Ye Feng's cultivation transform again, from the tenth level of the Heart Tribulation Realm to the Half-Step Yangshen Realm!

Golden Sword Eagle was very envious of Ye Feng's extremely fast breakthrough.

Because although the Golden Sword Eagle also received a lot of wealth and resources, he simply couldn't refine it on the spot like Ye Feng, and then directly improve his cultivation strength.

This is simply getting stronger and stronger.

And on the third day after they entered the ruins of the Panlong Shen Sect, they suddenly saw a very majestic giant tower.

This majestic giant tower looked very complete, with almost no damage. Ye Feng and Golden Sword Eagle couldn't help but look surprised in their eyes.

Because among the ruins of the Panlong Shen Sect, most of the buildings were basically broken, either collapsed, or completely turned into ruins.

But this ancient giant tower looks very majestic, very complete, well preserved, and has not suffered any damage at all.

This caused Ye Feng and the Golden Sword Eagle to fly towards this majestic giant tower in an instant.

Because there must be a lot of rich resources in this kind of intact building.

But the moment they entered the giant tower, they found that the inside of the giant tower was completely empty.

"this....."

This made Ye Feng and Golden Sword Eagle have a look of disappointment in their eyes.

But at this moment, Ye Feng suddenly sensed something, and suddenly stretched out his hand to grab it, and then a wisp of black breath appeared in his palm.

Ye Feng couldn't help but his eyes changed slightly, and he said aloud: "A strong man from the demon clan stayed here during this period of time. It is estimated that the strong man from the demon clan got there first and the search was completed."

Chapter 3353 The Divine Beast Protecting the Sect

"Has a demon clan arrived first?"

Hearing what Ye Feng said, the Golden Sword Eagle immediately showed deep surprise in his eyes, as if he never expected that someone would come here one step ahead of them.

Ye Feng saw the look of disbelief on Golden Sword Eagle's face, and immediately said: "Don't underestimate the strength and foundation of the demons in the demon world. The demons in the demon world can compete with us." All races in the Star Territory are competing against each other, so when they come to this ancient world this time, the Demon Realm must have sent very powerful elites here. They may have other means to enter some ancient ruins in advance to plunder all kinds of wealth. "

Hearing what Ye Feng said, the Golden Sword Eagle immediately nodded and said, "Then what should we do now?"

Ye Feng looked around and said loudly: "Continue to explore. Now we hope that the demons in the Heavenly Demon Realm have not plundered all the core wealth of the entire Panlong Divine Sect, otherwise we will be in a big loss. "

Uh-huh!

After finishing speaking, Ye Feng and Golden Sword Eagle did not waste any more time and continued to walk quickly towards the depths of the ancient ruins of the Panlong Divine Sect.

Next, Ye Feng's guess turned out to be correct.

Sure enough, it was the demons from the Youtian Demon Realm who got there first.

Because they continued to walk deeper into the ruins, they found many well-preserved buildings, but they were all empty and empty.

This made the Golden Sword Eagle's eyes suddenly darken. He couldn't help but his eyes were filled with murderous intent, and he said loudly: "If I encounter those demons who are the first to get there, I will definitely kill them all. How dare you rob them?" My wealth is truly unforgivable."

The Golden Sword Eagle is not a good person, he is also a ruthless character.

Don't think that Golden Sword Eagle seems to be quite kind, that's because he is in front of Ye Feng.

Ye Feng is a body of chaos, and the Golden Sword Eagle needs to please Ye Feng in order to seek the supreme bone of the beast that protects the country in the deepest part of the ancient ruins of the Chaos Dynasty.

At this time, Ye Feng also nodded slightly and said loudly: "Indeed, if we can encounter that group of demons, we must let them plunder all the wealth they robbed."

Ye Feng knew very well that there were no real partners in this ancient world.

Even if a human team from the Galaxy Dynasty of the same race encounters them, they must be careful.

Because, for the sake of profit, even if they are of the same race, various fightings may break out at any time, and people's hearts are always greedy.

The two of them moved on without saying anything else.

When they arrived at the deepest area of the Panlong Divine Sect, they immediately saw vibrations in the distance.

The whole earth was shaking violently, and the mountains were about to collapse.

"It seems that an extremely fierce battle must have broken out in that area in the distance."

At this moment, Ye Feng said aloud: "Let's lurk over there secretly, don't reveal our presence first, and see what's going on."

Golden Sword Eagle also agreed very much, nodded, and sneakily approached with Ye Feng in the far direction.

When the two people approached there, they immediately saw a quite shocking scene.

A group of dozens of extremely tall demons, all wearing black armor.

\u003e

They were actually fighting a golden dragon!

This giant golden dragon looks very majestic, several kilometers long, and the golden scales on its body are all shining with immortal light, and it looks very magical.

However, this giant golden dragon seems to have lost its divine power and cannot unleash the power of magic. It can only exert the power of its own body.

Therefore, this giant golden dragon was attacked by dozens of demons and was covered in scars.

These dozens of demons were holding huge iron chains in their hands, and they seemed to want to capture this golden dragon alive.

When the Golden Sword Eagle saw this scene, he suddenly thought of something and couldn't help but said in shock: "It is said that the Panlong Divine Sect had a divine beast that guarded the sect back then. Could it be this golden giant dragon? But this one It is a miracle that the golden dragon was able to survive the world cleanup that year. However, it seems to have lost the power of the divine dragon. I guess he was deprived of his divine power during the world cleanup, leaving only the body of the dragon. It's so powerful, no wonder it can't defeat these dozens of demons from the outside world."

When Ye Feng heard what the Golden Sword Eagle said, he immediately said, "Are you sure this golden dragon is the divine beast that protected the sect of the Panlong Divine Sect?"

The Golden Sword Eagle thought for a moment, then nodded and said loudly: "It should be."

Ye Feng's eyes immediately lit up when he heard this, and then he said: "That's great, we just need to help now, and we can kill these demons who have robbed our wealth, and we can also make this golden dragon grateful to us. Maybe it can lead us to the core wealth of the Panlong Divine Sect."

Hearing what Ye Feng said, Golden Sword Eagle immediately showed a look of excitement on his face and said loudly: "Ye Feng, you are right. This is a plan that kills two birds with one stone, so let's take action quickly!"

boom!

boom!

Almost at the moment when Ye Feng and Golden Sword Eagle finished speaking, they took action without any hesitation, bursting out with powerful power.

"boom!"

At this time, Ye Feng directly released the Divine Sword and Thunder Control Technique that he had learned before, and his whole body was filled with blue-purple lightning. He was like a thunder god descending from the sky.

He pushed his hands forward, and a large amount of thunder and lightning light erupted directly from his palms, forming a series of thunder and lightning swords, and assassinated dozens of demons in the distance.

Buzz!

The Golden Sword Eagle used the powerful weapon left by the Panlong Divine Sect that he had obtained before, that is, the huge golden bow. When he pulled it with both hands, there were arrows condensed with golden divine light. From Crazy killing from high in the sky.

The sudden attacks from both of them were so powerful that dozens of demons didn't even react, and half of them were killed or injured in one fell swoop.

But at the next moment, among this group of demons, one of the tallest demons suddenly shouted loudly: "Demon shield!"

Buzz!

A huge black shield suddenly appeared in front of him, blocking Ye Feng's lightning and the Golden Sword Eagle's golden arrows in an instant, which showed how powerful he was.

The cultivation aura of this tallest demon clan is that of the complete tenth level of the Yang God Realm.

This is definitely an extremely powerful commander-level existence among the demon clan, and it is very terrifying. "Has a demon clan arrived first?"

Hearing what Ye Feng said, the Golden Sword Eagle immediately showed deep surprise in his eyes, as if he never expected that someone would come here one step ahead of them.

Buzz!

A huge black shield suddenly appeared in front of him, blocking Ye Feng's lightning and the Golden Sword Eagle's golden arrows in an instant, which showed how powerful he was.

The cultivation aura of this tallest demon clan is that of the complete tenth level of the Yang God Realm.

This is definitely an extremely powerful commander-level existence among the demon clan, and it is very terrifying.

Chapter 3354 The difficult leader of the demon clan

Buzz!

At this time, the aura of cultivation emanating from the demon leader was extremely powerful and majestic.

"I didn't expect that a powerful demon from the tenth level of the Yang God Realm would appear here. This time, the Demon Realm really made a lot of determination in order to search for the wealth and resources in this ancient world. It turned out that Such a powerful being was sent here."

At this time, Ye Feng's eyes flickered, staring at the demon commander not far away, and then said to the golden sword eagle beside him: "The two of us can only join forces now to see if we can defeat this demon commander." Killed, this is a very powerful enemy. "

The Golden Sword Eagle nodded solemnly at this time and said loudly: "This is indeed a very powerful enemy, but if the two of us join forces, there shouldn't be any big problems."

boom!

Ye Feng did not hesitate at this time and directly burst out his very powerful power.

A lot of chaotic energy suddenly appeared on his body, causing Ye Feng's combat power to skyrocket.

Because at this time, Ye Feng discovered that every time he released the power of the chaotic body, he would invisibly trigger the chaotic energy in the power of heaven and earth in this world, blessing his own power.

This is a secret that Golden Sword Eagle told Ye Feng.

That is, as long as it is a chaotic body, in this ancient world that was once controlled by the Chaos Dynasty, it can be blessed with huge power.

Ye Feng himself is the body of chaos, so he can be blessed by the great power of the chaotic dynasty in this ancient world.

boom! !

At this time, Ye Feng's burst of power was very terrifying. In an instant, he rushed in front of the demon leader and punched him hard.

There was a "boom", and the huge demon shield condensed by the demon commander was directly blasted into pieces.

When the demon leader saw this scene, his eyes suddenly showed a trace of surprise. It seemed that he did not expect Ye Feng, a young human race whose cultivation level was a whole level lower than him, to have such a powerful power.

"Devil's Sky-Covering Claw!"

boom!

At this time, the demon leader did not hesitate and directly burst out his extremely powerful power.

Buzz!

He stretched out a hand, and countless dark clouds suddenly appeared in the sky, forming a huge devil's claw, covering the sky and the sun, and bombarded Ye Feng in an instant.

Ye Feng immediately felt the extremely terrifying pressure coming down on him, as if his entire body was unable to move and was trembling rapidly.

Ye Feng immediately understood at this moment that this demonic claw that covered the sky was absolutely terrifying to the extreme and could shatter his chaotic body in an instant.

It must be said that this demon leader was so powerful that Ye Feng was unable to fight beyond the level for a while.

But it's normal to think about it. After all, this demon leader can be entrusted with important tasks by the demon world, sent to this ancient world to plunder all kinds of wealth, and command so many demon teams. His own strength is naturally very powerful.

Maybe the body of this demon leader still contains the blood of the ancient demon god, otherwise it would be impossible to explode.

Such terrifying power.

When the Golden Sword Eagle saw that Ye Feng was in trouble, he immediately flew over and directly released the extremely powerful golden light that he had displayed before.

boom!

At this moment, the Golden Sword Eagle suddenly turned into a golden light, like a golden lightning, instantly cut through the sky, broke through the darkness, and suddenly bombarded the demon leader.

"Click" sound!

The armor worn by the demon leader was directly shattered by the golden lightning transformed by the golden sword eagle.

The demon leader couldn't help but take a few steps back, with a look of surprise in his eyes, as if he didn't expect these two young-looking people to have such terrifying fighting power.

At this time, Ye Feng instantly burst out with the art of eternal battle, and even inspired his own bloodline talent, blessings from the gods!

All around Ye Feng, 10,000 phantoms of gods appeared in an instant, bringing Ye Feng's power to its peak.

"kill!"

Ye Feng roared loudly, and the divine light burst out all over his body. Like a bow and arrow that was ready to go, Ye Feng directly broke through the sky, rushed in front of the demon leader in an instant, and then struck hard with a punch. go out.

This punch was filled with Ye Feng's most powerful power and had extremely terrifying impact and destructive power. The leader of the demon clan couldn't help but change his eyes at this moment.

The demon leader could only resist hastily, stretched out his arms and crossed them in front of him.

"Crack!"

But the moment Ye Feng's fist, filled with divine light, hit the arms of the demon commander, it shattered the two arms of the demon commander in an instant.

The demon leader screamed in agony, and his entire huge body couldn't help but flew out, smashing into a large palace complex in the distance and being buried in the ruins.

"Damn it!"

At this moment, with a loud roar, the demon leader flew out of the ruins again.

At this time, the demonic energy surrounding his body made his two broken arms grow again.

Seeing this scene, both Ye Feng and Golden Sword Eagle's eyes darkened slightly.

This demon clan leader is really difficult to deal with.

At this moment, the Golden Sword Eagle suddenly thought of something and said loudly: "Ye Feng, this demon leader is really difficult to kill. It is estimated that even if we try our best, it will be difficult to kill him." To destroy it, I have a plan, that is, I will use all my abilities to trap this demon leader in a small space. Ye Feng, you use your special devouring ability to forcefully We must devour the leader of the demon clan alive, so that this disaster can be completely solved."

Hearing what Golden Sword Eagle said, Ye Feng's eyes lit up, and he immediately said, "Okay, this is indeed a feasible method."

"Um."

At this time, the Golden Sword Eagle nodded and immediately shouted: "Heavenly Sword Locking Magic!"

Boom boom boom...

At this moment, the Golden Sword Eagle suddenly turned into golden sword lights, which directly condensed into golden long swords. In an instant, a prison was formed, and the demon clan that had just flown out of the ruins were surrounded. The commander was trapped. Buzz!

At this time, the aura of cultivation emanating from the demon leader was extremely powerful and majestic.

"I didn't expect that a powerful demon from the tenth level of the Yang God Realm would appear here. This time, the Demon Realm really made a lot of determination in order to search for the wealth and resources in this ancient world. It turned out that Such a powerful being was sent here."

The Golden Sword Eagle nodded solemnly at this time and said loudly: "This is indeed a very powerful enemy, but if the two of us join forces, there shouldn't be any big problems."

boom!

Ye Feng did not hesitate at this time and directly burst out his very powerful power.

A lot of chaotic energy suddenly appeared on his body, causing Ye Feng's combat power to skyrocket.

Because at this time, Ye Feng discovered that every time he released the power of the chaotic body, he would invisibly trigger the chaotic energy in the power of heaven and earth in this world, blessing his own power.

This is a secret that Golden Sword Eagle told Ye Feng.

That is, as long as it is a chaotic body, in this ancient world that was once controlled by the Chaos Dynasty, it can be blessed with huge power.

Ye Feng himself is the body of chaos, so he can be blessed by the great power of the chaotic dynasty in this ancient world.

boom! !

At this time, Ye Feng's burst of power was very terrifying. In an instant, he rushed in front of the demon leader and punched him hard.

There was a "boom", and the huge demon shield condensed by the demon commander was directly blasted into pieces.

When the demon leader saw this scene, his eyes suddenly showed a trace of surprise. It seemed that he did not expect Ye Feng, a young human race whose cultivation level was a whole level lower than him, to have such a powerful power.

"Devil's Sky-Covering Claw!"

boom!

At this time, the demon leader did not hesitate and directly burst out his extremely powerful power.

Buzz!

He stretched out a hand, and countless dark clouds suddenly appeared in the sky, forming a huge devil's claw, covering the sky and the sun, and bombarded Ye Feng in an instant.

Ye Feng immediately felt the extremely terrifying pressure coming down on him, as if his entire body was unable to move and was trembling rapidly.

Ye Feng immediately understood at this moment that this demonic claw that covered the sky was absolutely terrifying to the extreme and could shatter his chaotic body in an instant.

It must be said that this demon leader was so powerful that Ye Feng was unable to fight beyond the level for a while.

But it's normal to think about it. After all, this demon leader can be entrusted with important tasks by the demon world, sent to this ancient world to plunder all kinds of wealth, and command so many demon teams. His own strength is naturally very powerful.

Maybe the body of this demon leader still contains the blood of the ancient demon god, otherwise it would be impossible to explode.

Such terrifying power.

When the Golden Sword Eagle saw that Ye Feng was in trouble, he immediately flew over and directly released the extremely powerful golden light that he had displayed before.

boom!

At this moment, the Golden Sword Eagle suddenly turned into a golden light, like a golden lightning, instantly cut through the sky, broke through the darkness, and suddenly bombarded the demon leader.

"Click" sound!

The armor worn by the demon leader was directly shattered by the golden lightning transformed by the golden sword eagle.

The demon leader couldn't help but take a few steps back, with a look of surprise in his eyes, as if he didn't expect these two young-looking people to have such terrifying fighting power.

At this time, Ye Feng instantly burst out with the art of eternal battle, and even inspired his own bloodline talent, blessings from the gods!

All around Ye Feng, 10,000 phantoms of gods appeared in an instant, bringing Ye Feng's power to its peak.

"kill!"

Ye Feng roared loudly, and the divine light burst out all over his body. Like a bow and arrow that was ready to go, Ye Feng directly broke through the sky, rushed in front of the demon leader in an instant, and then struck hard with a punch. go out.

This punch was filled with Ye Feng's most powerful power and had extremely terrifying impact and destructive power. The leader of the demon clan couldn't help but change his eyes at this moment.

The demon leader could only resist hastily, stretched out his arms and crossed them in front of him.

"Crack!"

But the moment Ye Feng's fist, filled with divine light, struck the arms of the Demon Clan Commander, it shattered the two arms of the Demon Clan Commander into pieces.

The demon leader immediately screamed in agony, and his entire huge body couldn't help but fly backwards, smashing into a large palace complex in the distance, and was buried in the ruins.

"Damn it!"

At this moment, with a loud roar, the demon leader flew out of the ruins again.

At this time, the demonic energy surrounding his body made his two broken arms grow again.

Seeing this scene, both Ye Feng and Golden Sword Eagle's eyes darkened slightly.

This demon clan leader is really difficult to deal with.

At this moment, the Golden Sword Eagle suddenly thought of something and said loudly: "Ye Feng, this demon leader is really difficult to kill. It is estimated that even if we try our best, it will be difficult to kill him." To destroy it, I have a plan, that is, I will use all my abilities to trap this demon leader in a small space. Ye Feng, you use your special devouring ability to forcefully We must devour the leader of the demon clan alive, so that this disaster can be completely solved."

Hearing what Golden Sword Eagle said, Ye Feng's eyes lit up, and he immediately said: "Okay, this is indeed a feasible method."

"Um."

At this time, the Golden Sword Eagle nodded and immediately shouted: "Heavenly Sword Locking Magic!"

Boom boom boom...

At this moment, the Golden Sword Eagle suddenly turned into golden sword lights, which directly condensed into golden long swords. In an instant, a prison was formed, and the demons that had just flown out of the ruins were captured in groups. The commander was trapped.

Chapter 3355 The Tradition of the Panlong Divine Sect

"Bloodline of the Demon God!"

"The true form of the devil!"

boom! !

At this time, the leader of the demon clan roared loudly, and his whole body suddenly began to grow rapidly, directly turning into a majestic demon god.

At this time, the entire body of the Demon Lord was filled with an extremely violent demonic power. His entire body was rapidly growing larger and majestic, trying to break free from the prison that the Golden Sword Eagle had become. .

Uh-huh!

But at this time, Ye Feng had already rushed over and directly released the boundless devouring domain of darkness, covering the entire demon clan commander.

Suddenly, a very terrifying absorption power appeared directly in the devouring field, and the demon power contained in the body of the demon leader quickly began to flow away, and was then absorbed by Ye Feng.

"The ancient and evil devouring power? How could it appear in you, a little human boy? And you are a human, and you can actually swallow my demonic power and contain this demonic power?? This is impossible! "

The leader of the demon clan felt that he was getting weaker and weaker, and his eyes suddenly showed deep horror.

"Commander, we are here to save you!"

When the other surrounding demon teams saw that the demon commander seemed to be in danger, they immediately rushed over at this moment.

But these demon minions were simply vulnerable to Ye Feng.

Buzz!

At this moment, Ye Feng only used soul power to instantly wipe out the souls of dozens of demons in the demon team.

It turned directly into a walking corpse and fell to the ground.

At this time, Ye Feng was running wildly in the Devouring Domain, rapidly and continuously devouring the power in the demon leader's body.

Although this great leader of the demon clan seems to be able to continuously restore his body, at this moment, his origin is...

With the continuous loss of power, the Demon Clan Commander was a little unable to bear it any longer.

The aura on his whole body was getting weaker and weaker, and all the demonic power was absorbed by Ye Feng.

At the same time, Ye Feng's own skills are rapidly improving and growing.

"boom!"

Soon, Ye Feng's body burst out with an extremely powerful aura of cultivation.

At this moment, Ye Feng's cultivation level directly broke through.

From a half-step to the Yang God Realm, he directly broke through to the real first level of the Yang God Realm!

It has to be said that the power contained in the body of this demon leader is still very strong.

Moreover, this demon leader had just inspired the demon bloodline, and all the demon power that had just surged out was swallowed up by Ye Feng, so Ye Feng was able to break through his current bottleneck so quickly and completely step into the world. The real first level of Yangshen Realm.

And when Ye Feng broke through to the first level of Yangshen Realm, Ye Feng's combat effectiveness immediately made a qualitative leap.

At this moment, in front of Ye Feng, the demon leader no longer posed any threat.

"boom!"

At this moment, Ye Feng directly increased the devouring area and quickly absorbed the demon leader into a mummy without any life energy.

Boom!

At this time, the entire body of the demon leader fell to the ground, completely losing his life.

At this time, Ye Feng continued to look not far away, swallowing up all the dozens of demons whose souls had been wiped out.

Boom!

Ye Feng's body exploded again

It emits an extremely powerful cultivation momentum.

Ye Feng's cultivation level once again broke through and he entered the second level of Yangshen Realm!

At this moment, the Golden Sword Eagle also returned to its human form.

He stared at Ye Feng, with an incredible look in his eyes, and said loudly: "Although I have already praised you once, I will praise you again. Your devouring ability is really terrifying. It makes me all the same." It's a terrible feeling."

Ye Feng smiled and patted the other party's shoulder and said loudly: "You and I are partners now, don't worry, I won't devour you."

Although the Golden Sword Eagle knew that what Ye Feng said at this moment was a joke, the Golden Sword Eagle inevitably trembled, obviously having a terrible psychological shadow on Ye Feng's terrifying devouring ability. .

At this time, Ye Feng looked towards the ruins not far away in a certain direction.

The giant golden dragon that had just been besieged by dozens of demons was lying on the ground, dying.

Uh-huh!

At this moment, Ye Feng flew directly over, looked at the scarred golden dragon, and said loudly: "Are you okay?"

The golden dragon opened his eyes at this time, looked at Ye Feng and the golden sword eagle in front of him, and couldn't help but said with some gratitude: "Thank you both very much. If it weren't for you, maybe I would have been captured by these demonic teams. Yes, even killed."

Ye Feng smiled and said: "It's normal to draw your sword to help when you see injustice on the road."

After saying that, Ye Feng and Golden Sword Eagle were ready to leave directly.

"Wait a moment."

But at this time, the golden dragon behind him suddenly spoke.

I heard the golden dragon say these three things

Ye Feng and Golden Sword Eagle, who had just turned around, looked at each other at this moment, and both saw a faint smile from the depths of each other's eyes.

At this time, both of them couldn't help but turn around.

Ye Feng pretended to be confused and asked: "Senior Golden Dragon? Is there anything else?"

The golden dragon hesitated for a moment, and then said aloud: "You two saved me, and you are both very powerful young geniuses. I want to repay you two, and now I will take you two to our Panlong Divine Sect. The final place of inheritance. In that case, you will be able to obtain the most powerful inheritance of the Panlong Shen Sect, which is the Panlong Shen Sect's Taoism. Moreover, I will take you there so that you two young geniuses can transfer me The tradition of the Panlong Divine Sect will be inherited and carried forward. If this is the case, the Panlong Divine Sect will not be considered truly dead. "

Hearing what the golden dragon said, Ye Feng and the Golden Sword Eagle looked at each other and both understood that this golden dragon was probably the divine beast that protected the sect of the Panlong Shen Sect back then.

At this moment, Golden Sword Eagle couldn't help but ask: "Senior should be the sect-protecting beast of the Panlong Divine Sect back then? I don't know why he has lost his divine power now."

When the golden dragon heard the question from the golden sword eagle, he couldn't help but laughed bitterly and said loudly: "The existence involved in this matter is too terrible and too great. It is not something you can understand for the time being. Follow me." bring it on."

The golden dragon did not choose to tell the real reason.

However, Ye Feng and Golden Sword Eagle had already guessed that when this ancient world was being cleaned up, a more advanced terrifying civilization deprived it of its divine power, so the golden dragon was able to survive.

At this moment, Ye Feng and the Golden Sword Eagle both had a look of anticipation in their eyes, following the golden dragon and flying quickly towards the deepest part of the Panlong Divine Sect ruins.

Chapter 3356 Understanding inheritance

In less than half an hour, Ye Feng and Golden Sword Eagle had arrived at the deepest part of the ruins in the Coiling Dragon God.

Under the leadership of the golden dragon, the two of them encountered no danger at all along the way and reached the deepest part of the ruins smoothly.

At this time, they saw that in the deepest part of the ruins, there was a huge golden portal.

At this moment, this golden portal was not damaged. Instead, it exuded immortal light and seemed indestructible.

"hold head high!"

At this time, the golden dragon opened its mouth and roared.

The roar of the golden dragon was like a key, slowly opening the golden door.

When the golden gate opened, a very ancient power aura immediately emanated from the space behind the golden gate.

Ye Feng and Golden Sword Eagle looked inside at this moment, and immediately discovered that in the space behind the golden door stood a huge sculpture, which looked full of boundless majesty.

The golden dragon spoke out: "This sculpture is the sculpture of Panlong Shenzun, the founder of our Panlong Shenzong, and the orthodoxy of our Panlong Shenzong that you are about to get is what Panlong Shenzun created back then. The powerful skill that came out is called the "Coiling Dragon Magic". As long as you successfully practice the Coiling Dragon Magic, when you activate the Panlong Magic, you can obtain the power of the ancient great god "Pailing Dragon God". It is

very powerful. This is the Panlong Magic. The God Lord observed the practice of a supreme ancestral dragon in the ancient dragon world, and the techniques he created can be practiced by both humans and monsters. "

Hearing what the golden dragon said, Ye Feng and Golden Sword Eagle couldn't help but show a trace of joy and excitement in their eyes.

At this time, the golden dragon stretched out an ancient dragon claw, pointed at the sculpture behind the golden gate, and said loudly: "You two walked directly to the sculpture of the Panlong God, and silently observed it. Just understand it."

"Thank you, senior, for your guidance."

At this time, Ye Feng and the Golden Sword Eagle nodded one after another, and then headed directly towards the space behind the golden gate.

Walk quickly.

Soon they came to the huge sculpture.

At this time, the two of them looked up and found that this huge sculpture, although it was a depiction of the Panlong God, stood there like a strong man alive, exuding a kind of aura. Very terrifying pressure.

Even the super geniuses Ye Feng and Golden Sword Eagle felt a kind of inner pressure at this moment.

At this moment, Ye Feng and Golden Sword Eagle immediately understood how terrifying the power of Panlong Shenzun, the founder of the Panlong Shenzong back then, was.

Uh-huh!

Uh-huh!

At this moment, Ye Feng and Golden Sword Eagle no longer wasted time, sitting cross-legged directly under this sculpture, and then began to comprehend the powerful inheritance of the Panlong Divine Sect, the Panlong Divine Art.

Half an hour later.

"Uh-huh!"

Suddenly Ye Feng stood up.

There were actually golden dragon-shaped lights surrounding his body.

This shows that Ye Feng has now successfully understood the Panlong Divine Art.

"What?"

Seeing this scene, the golden dragon who was protecting the law not far away suddenly widened his eyes and stared at Ye Feng. He couldn't help but said in surprise: "In just half an hour, you actually not only did he comprehend the profound meaning of the Panlong Divine Art, but he even successfully practiced the Panlong Divine Art. How is this possible? Even the most talented genius of our Panlong Divine Sect couldn't do it. At this point, this young man from the human race, are you the bloodline of the founder of our Panlong Divine Sect left behind?"

When Ye Feng heard what the golden dragon said, he immediately shook his head with a smile and said: "Senior, you are overthinking, I am just an ordinary human boy, and Panlong

In fact, Shenzong doesn't have much to do with it. The reason why I was able to understand it so quickly is because my talent is pretty good. "

"Not bad at talent?"

Hearing Ye Feng's words, the golden dragon couldn't help but twitch the corner of his mouth.

If this is just good talent, then there are really mediocre people in this world. .??.

At this moment, the golden dragon stared at Ye Feng, obviously very shocked by Ye Feng, a young man with extraordinary talents.

At this time, Ye Feng looked at the Golden Sword Eagle aside and found that the other person was still closing his eyes, comprehending the mystery of the Dragon Coiling Magic contained in this sculpture.

Ye Feng did not disturb the Golden Sword Eagle, and was not in a hurry for the time being. He sorted out the wealth in the storage rings of the previous group of demons.

Then, Ye Feng continued to wait for the Golden Sword Eagle to wake up.

But the next three days passed, and the Golden Sword Eagle was still meditating with his eyes closed.

Even Ye Feng, who was very patient, felt a little impatient at this time.

"Snapped!"

Ye Feng walked directly in front of the Golden Sword Eagle at this time, and then slapped the Golden Sword Eagle awake.

"What's wrong?"

The Golden Sword Eagle's eyes seemed a little confused, and he couldn't help but asked: "What's wrong? What happened?"

Ye Feng said aloud: "You have been meditating for too long. It is a waste of time. I will directly transmit the secret of the Panlong Divine Art to you. If you continue to meditate like this, I don't know that you will not be able to meditate until the Year of the Monkey and the Horse." come out."

Uh-huh!

At this moment, Ye Feng's tone sounded like he hated iron, and at this moment, Ye Feng directly stretched out a finger, and then clicked on the forehead of the Golden Sword Eagle.

Buzz!

Suddenly, a large amount of the secret of the Coiling Dragon Divine Art was directly transmitted into the mind of the Golden Sword Eagle by Ye Feng.

The Golden Sword Eagle got the secret of the Coiling Dragon Skill, and his eyes suddenly lit up. He couldn't help but stare at Ye Feng with great joy, and said loudly: "Ye Feng, you are so amazing. You mastered the Coiling Dragon Skill in just three days." Enlightened."

When Ye Feng heard what Golden Sword Eagle said, he was immediately speechless. He couldn't help but spread his hands and said: "Actually, I figured it out in half an hour, and then I waited here for you for three whole days and three nights. "

"What?!"

Hearing what Ye Feng said, Golden Sword Eagle's eyes widened immediately, and he suddenly fell into deep doubts about life.

Is my talent so bad?

It took Ye Feng just half an hour to figure it out, but Golden Sword Eagle himself didn't figure it out for three days and three nights.

The difference between before and after is really too big!

Uh-huh!

At this time, the golden dragon suddenly came in front of the two people and said loudly: "Since you have obtained the orthodoxy of our Panlong Shen Sect, I hope you can carry it forward after you go out. You can leave here now. The Panlong Shen Sect remains. There is nothing of great value in the ruins that have come down."

Ye Feng looked at the golden dragon at this time and said loudly: "Senior, won't you leave with us?"

The golden dragon shook his head, with a hint of sigh in his eyes, and said loudly: "The outside world is too strange to me, and I am unwilling to leave the Panlong Divine Sect, even if it has become a ruin. For me, this is always my homeland and I will stay here forever."

After saying that, the golden dragon flew into the distance and soon disappeared into the depths of the ruins.

When Ye Feng saw this scene, he didn't say anything more.

He respects the golden dragon's choice.

At this time, the Golden Sword Eagle next to him didn't seem to have recovered from the shock just now. He just murmured in a daze, "Impossible, impossible, how could I have such poor qualifications..."

Chapter 3357 The Demon King of the Heavenly Demon Realm

Seeing the golden sword eagle whispering, he seemed to be stunned.

When Ye Feng saw the Golden Sword Eagle next to him like this, he couldn't help but smile and patted the opponent's shoulder, and said loudly: "Actually, I lied to you. I didn't realize this in half an hour. It actually took me three days and three nights to perform the Panlong Magic Technique."

Hearing what Ye Feng said, the Golden Sword Eagle immediately woke up from his dazed state and couldn't help but said: "So that's it, that's great, I'm not useless!"

Hearing what Ye Feng said, Golden Sword Eagle seemed to finally let go of his obsession, and then immediately said, "We can leave here directly."

Ye Feng smiled slightly, nodded, and then walked quickly outside with the Golden Sword Eagle.

But just when they walked out of the ruins of the Panlong Shen Sect, they suddenly saw another wave of demons wearing black armor walking over from a short distance away.

The cultivation aura of this demon team is not very strong, but they are searching around.

Seeing this scene, Golden Sword Eagle couldn't help but said: "It seems that there are many demons around here. Maybe there is a demon base camp nearby." .??.

When Ye Feng heard what the Golden Sword Eagle said, he nodded slightly and said, "Let's go over and check. The senior golden dragon is living in this coiled dragon ruins. We can't let these demons disturb him anymore."

Golden Sword Eagle nodded with deep understanding and said aloud: "Senior Golden Dragon has a great kindness to us. He directly gave us the powerful inheritance of Panlong Divine Sect, so we should do the same for him now. Something has happened, wipe out these demonic teams."

Ye Feng nodded, and then said aloud: "Perhaps annihilating this small group of demons is not enough. It is best for us to directly uproot the demon base camp stationed around here. Only in this way can we eradicate the roots and completely destroy the demon clan. Senior Golden Dragon can stay safely in the ruins of Panlong Shenzhong and live quietly. "

The Golden Sword Eagle's eyes showed a trace of bright color, and he said loudly: "Yes, Ye Feng, you are right, this is the solution once and for all."

After saying that, the two of them flew high into the sky in an instant, and then flew directly towards the demonic teams who were searching the surroundings in the distance.

Uh-huh!

Uh-huh!

When they arrived in front of that team of demons, these demons instantly began to attack the two of them.

But these demonic teams were not actually powerful. In front of two super masters, Ye Feng and Golden Sword Eagle, the entire demonic team was quickly wiped out, leaving only one demonic team.

Uh-huh!

At this time, Ye Feng grabbed the demon directly in front of him, and then asked aloud: "Do the demons in your heavenly demon world have a base camp around here?"

Hearing Ye Feng's question, the demon immediately said very forcefully: "Yes, but I will never tell you where the demon's base camp is."

Hearing what this demon said, Ye Feng smiled coldly and said directly: "I don't need to ask you directly."

Boom!

After saying that, Ye Feng directly unleashed his soul power, and directly performed the Soul Searching Technique, absorbing all the souls of the demon in his hand.

After Ye Feng sensed it, he immediately found the location and direction of the demon's base camp in the demon's memory.

Seeing that Ye Feng actually possessed this kind of soul-searching method, the golden sword eagle beside him couldn't help but tremble.

He was thinking in his heart, this brother Ye Feng really has many tricks, he is simply a big devil with countless evil cards!

At this time, Ye Feng knew the location of the surrounding demon clan's base camp, and immediately said to the golden sword eagle beside him: "Let's go directly."

"good."

The Golden Sword Eagle nodded, and he and Ye Feng flew quickly in the direction of the demon clan's base camp.

On the way over, Ye Feng said aloud: "There should still be many super powerful beings in the demon clan's base camp. Although our cultivation methods have improved a lot now, we still have to be careful. When the time comes, we can first let's lurk over there and take a look at the situation."

The Golden Sword Eagle nodded, agreeing very much with Ye Feng's plan.

Because the Golden Sword Eagle had fought against the demon leader before, he knew that this demon from the outside world was still very terrifying and not as weak as he imagined.

Passed by

After nearly half an hour, Ye Feng and Golden Sword Eagle were finally approaching the demon clan's base camp.

But just when they were approaching the demon clan's base camp.

"Boom!"

Suddenly there were bursts of huge roars in the distance.

This made Ye Feng and Golden Sword Eagle couldn't help but look at each other, and they both saw the surprise in each other's eyes.

Ye Feng couldn't help but said: "There should be a fierce battle ahead."

The Golden Sword Eagle also nodded and said, "Did something special happen in the Demon Clan's base camp?"

Uh-huh!

Uh-huh!

Ye Feng and Golden Sword Eagle both restrained their auras at this time and lurked forward.

When they arrived around the demon clan's base camp, they immediately saw a very chaotic scene.

I saw many strong human beings fighting and killing the demons in the demon base camp.

The entire field has simply turned into a huge battlefield, with chaos everywhere and a murderous atmosphere everywhere.

"This is....."

Ye Feng saw that the armors worn by these human teams were sets of golden armors, and they were also surging with the power of the galaxy.

Ye Feng's eyes suddenly moved, and he couldn't help but said: "These human masters should all be royal masters from the Galaxy Dynasty in the Star Territory like me."

At this moment, Ye Feng suddenly saw a very familiar and beautiful figure, leading a large group of royal members of the Galaxy Dynasty to attack the demon clan's base camp.

This beautiful figure is none other than the royal princess of the Galaxy Dynasty whom Ye Feng met before, Princess Meng'er!

Ye Feng once met this Princess Meng'er when he was in the first level realm.

However, in Ye Feng's eyes at that time, Princess Meng'er, an existence from a higher realm, was simply mysterious and as aloof as a god.

But now, Ye Feng discovered that the aura of cultivation on Princess Meng'er was in the same realm as his own, and both existed in the Yangshen realm.

Unknowingly, Ye Feng's cultivation level has caught up with the mysterious Princess Meng'er.

This made Ye Feng's eyes reveal a hint of sadness. He didn't expect that before he went to the Galaxy Dynasty, he was already comparable to the top geniuses among the royal families of the Galaxy Dynasty.

However, Ye Feng is not arrogant, because he knows very well that he is only comparable to the young geniuses in the royal family, and is definitely far behind the older members of the royal family in the Galaxy Dynasty.

At this time, Ye Feng was thinking.

suddenly.

"Boom!!"

Not far away from the demon clan's base camp, a black beam of light suddenly erupted from the sky and the earth.

In this black light pillar, a young demon man wearing a golden dragon robe appeared.

The cultivation aura of this young man from the demon clan actually surpassed the Yangshen realm, and was very unfathomable. He was just like a demon king among the demon clan.

At this time, Princess Meng'er, who was commanding many royal masters on the battlefield, suddenly couldn't help but change her eyes, stared at the young demon man, and said with some horror: "What? It turned out to be a demon emperor from the demon world. ? How is this possible? It is impossible for a being with your level of cultivation to enter the ancient world. No! Although the breath of your cultivation level is the pure Demon Emperor's breath, it is much weaker than the real Demon Emperor. Did you use it? Some kind of secret method suppresses cultivation and bloodline power to be able to enter this? "

After Princess Meng'er finished speaking, the mysterious Demon Emperor of the Demon Realm just smiled coldly and said: "Don't worry about how this Demon Emperor came in. In any case, today the royal family of your Galaxy Dynasty wants to attack our Demon Clan's base camp. This is definitely the stupidest decision you've ever made."

Boom!

After the Demon Emperor of the Demon Realm finished speaking, he stretched out a hand, and a huge, sky-covering hand appeared, directly sending hundreds of royal masters led by Princess Meng'er flying backwards.

Kick, kick, kick!

Princess Meng'er herself couldn't help but take a few thousand steps back at this time, her face was a little pale, and she seemed unable to compete at all.

"Too strong!"

At this moment, all the experts from the Galaxy Dynasty on the field suddenly widened their eyes and became extremely desperate.

This mysterious Demon King of the Heavenly Demon Realm who suddenly appeared was so terrifying that they couldn't fight against him at all.

Chapter 3358 We meet again

At this time, looking at the extremely powerful Demon Emperor of the Demon Realm, all the masters of the Galaxy Dynasty present showed deep despair in their eyes.

Because they knew very well that the most powerful among them was Princess Meng'er from the royal family.

But now even Princess Meng'er is unable to neutralize the move of the Demon King of the Heavenly Demon Realm.

It can be seen from this that the gap between Princess Meng'er and the Demon Emperor of the Demon Realm is really too big, and it is impossible to fight against them.

At this time, all the masters of the Galaxy Dynasty understood in their hearts that they would be completely destroyed here today.

At this moment, Princess Meng'er's eyes were also full of deep worry.

Originally, she thought that she could lead so many masters from the dynasty to wipe out all the demons in the demon world in this demon stronghold.

But what I never expected was that the Heavenly Demon Tribulation would be so skillful and secretly send in such a terrifying Demon King of the Heavenly Demon Realm.

The Demon King of the Heavenly Demon Realm entered this ancient world. Although his cultivation needed to be suppressed, the power he exerted was definitely much more powerful than those of the younger generation, and his methods were more terrifying.

After all, each of the Demon Emperors of the Heavenly Demon Realm is a super strong person. They have practiced for countless years. They have mastered many magical powers and various secret techniques, and their combat power is absolutely explosive.

At this time, Princess Meng'er had a hint of crisis in her eyes, and she was preparing to evacuate here with all the experts from the Galaxy Dynasty.

But at this time, the Demon Emperor of the Demon Realm seemed to understand Princess Meng'er's thoughts.

"Want to escape? Impossible."

At this time, the Demon King of the Demon Realm suddenly took out a huge black palace from his hand and threw it high into the sky.

Buzz!

Almost as soon as the black palace flew high into the sky, it suddenly emitted boundless black light.

The entire black palace became incomparable in an instant

It's huge, like a huge mountain, pressing on everyone's heads, making it impossible to move.

At this time, even Princess Meng'er felt like she was trapped in a mud, making it difficult to move.

At this time, Princess Meng'er suddenly showed a deep look of depression in her eyes.

"Is it really going to kill the fish and break the net?"

She secretly thought to herself, is it really necessary to use her life-saving means?

But if she had to use that life-saving method, she herself would probably be teleported out of this ancient world.

Because this ancient world would never allow that kind of power to appear.

And just when Princess Meng'er was very confused.

Uh-huh!

Uh-huh!

Suddenly, two figures flew over from a certain direction not far away.

It was Ye Feng and Golden Sword Eagle.

The golden sword eagle, at this time, turned into a golden light, like a golden lightning, directly collided with the huge dark palace, and directly hit the palace and flew far away.

Princess Meng'er and a group of royal experts from the Galaxy Dynasty were freed from their restraints in an instant.

The next moment, Ye Feng punched hard in a certain direction not far away.

His fists were filled with the energy of chaos and the light of thunder and lightning. Their destructive power was astonishing, and they directly smashed into pieces the black palace released by the Demon King of the Heavenly Demon Realm.

The crisis in which everyone was restrained was completely resolved in an instant.

"What?"

The sudden change did not allow the Demon Emperor of the Heavenly Demon Realm not far away to react.

By the time he reacted, the black palace he had displayed had been shattered by Ye Feng and the Golden Sword Eagle working together to attack.

At this time, Princess Meng'er suddenly stared at Ye Feng among the two. She suddenly remembered something and couldn't help but exclaimed: "It's you!"

Princess Meng'er had almost forgotten Ye Feng's name at this time.

But she still remembered that when she was in the low-level realm, she once met a very talented young man.

Princess Meng'er even gave her identity token to this young man from the low-level realm, so that he could come to seek refuge with her when he came to the second-level realm.

But what Princess Meng'er never expected was that the boy from the second level realm would have grown to this point.

Just when Princess Meng'er was very shocked, Ye Feng suddenly appeared in front of Princess Meng'er, and a token appeared in his hand.

It was the identity token that Princess Meng'er gave Ye Feng back then.

At this moment, Ye Feng smiled and said: "Her Royal Highness Princess Meng'er, we meet again." ??

Princess Meng'er didn't know what to say for a moment, because everything in front of her was so dreamy.

Originally, Princess Meng'er had almost forgotten Ye Feng, a young man from the first-level realm.

But I didn't expect that Ye Feng would grow to this point now.

And it was like a god came down to save her from the crisis.

At this moment, Princess Meng'er couldn't help but said: "I remember, your name is Ye Feng. I didn't expect that the young man from the low-level realm back then would have grown to this point now."

Ye Feng smiled slightly and didn't say much. Instead, he turned around and stared at the Demon Emperor of the Heavenly Demon Realm not far away, and said coldly: "You, the Demon Realm, are really all-powerful, and you can actually do this." A demon emperor was transferred to this

Ancient world, but this does not mean that you can suppress everything, because our human race is the strongest. "

Boom!

After finishing speaking, Ye Feng's whole body suddenly erupted with a terrifying and boundless cultivation aura.

He looked at the golden sword eagle beside him and said aloud: "Brother Ying, the other demons in the demon clan's base camp and some of the demon clan's generals will be left to you. I will personally handle the demon emperor of the heavenly demon world." Deal with him."

Golden Sword Eagle knew that Ye Feng's combat power was more terrifying than him, so he immediately nodded and said, "Okay, then you should concentrate on dealing with this Demon King."

Uh-huh!

After saying that, the Golden Sword Eagle turned into a golden lightning bolt, quickly penetrated the void, and assassinated a demon master in an instant.

Like a bolt of lightning, it quickly harvests the life of every demon.

Princess Meng'er and a group of experts from the Galaxy Dynasty saw this scene, with deep shock in their eyes.

But at the same time, there was also a deep sense of excitement.

It's really great that there are two terrifying guys coming to save them this time.

"Let's go together too!"

At this time, Princess Meng'er led many experts from the Galaxy Dynasty to kill many demons in the demon clan's base camp together with the Golden Sword Eagle.

"You are so presumptuous!"

Seeing that the demons under his command were killed one by one, the Demon King of the Heavenly Demon Realm immediately became furious and stretched out a big hand that covered the sky and the sun.

Boom!

But at this time, Ye Feng suddenly waved his fist, and a divine light burst out, directly shattering the big hand that covered the sky and the sun.

Ye Feng's momentum was overwhelming, and his whole body was radiant, like a young human god. He smiled indifferently and said: "Demon Emperor, your opponent is me."

Chapter 3359 What exactly happened?

For Ye Feng, his biggest enemy now is the Demon Emperor of the Demon Realm.

Because the strength of this Demon King of the Demon Realm is very terrifying, probably more terrifying than everyone present.

But Ye Feng couldn't retreat now.

Because if they retreat, it is estimated that all the human masters present will be annihilated. ??

Moreover, Ye Feng and Golden Sword Eagle have reached a unanimous decision, which is to eliminate all future troubles for the golden dragon living in the ruins of the Panlong Shen Sect.

Therefore, Ye Feng must wipe out all the demon clan's stronghold, including the terrifying Demon Emperor.

Moreover, if the Demon Emperor of the Heavenly Demon Realm lets him leave, then as time goes by, the strength of the Demon Emperor of the Demon Realm will slowly recover.

In this case, this Demon King of the Heavenly Demon Realm will become more and more terrifying, which will be very harmful to Ye Feng's subsequent search for the relics of the Chaos Dynasty in the ancient world.

Therefore, now is the best time for Ye Feng to kill the Demon King of the Heavenly Demon Realm.

Because the Demon King had just arrived and his cultivation was restricted, it was the time when his combat effectiveness was at his weakest.

And Ye Feng knew very well that this extremely powerful Demon King of the Heavenly Demon Realm would definitely be able to make a huge breakthrough in his cultivation.

Because although this Demon King of the Heavenly Demon Realm suppresses his own cultivation aura, once he can kill the Demon Emperor of the Heavenly Demon Realm, Ye Feng will be able to absorb all the skills of the Demon Emperor of the Heavenly Demon Realm.

That's definitely a huge amount of energy!

It can give Ye Feng a terrifying improvement!

Thinking of this, Ye Feng's eyes became more and more murderous.

At this time, when the Demon King of the Heavenly Demon Realm not far away saw Ye Feng, a young man from the human race, standing in front of him, a deep sarcasm appeared on his face, and he couldn't help but said: "A little A boy from the second level of the Yang God Realm dares to

stand in front of this emperor? He is really looking for death. The princess of the Galaxy Dynasty who is in the tenth level of the Yang God Realm can't even block my move, let alone one of my moves. You're such a brat, I can kill you completely with one move!"

"boom!"

At this moment, the Demon King of the Heavenly Demon Realm suddenly burst out with terrifying and boundless power.

The Demon Emperor of the Heavenly Demon Realm grabbed Ye Feng directly with one hand.

\u003e

Buzz!

Suddenly, a demonic claw that covered the sky and the sun struck directly at Ye Feng's head, as if it could smash everything into pieces.

This huge claw is wrapped with countless demonic energy, and it looks extremely heavy, like an ancient magic mountain, capable of suppressing everything.

Ye Feng also felt an extremely oppressive aura of power at this moment.

But at this moment, Ye Feng's eyes showed no fear at all, but rather eager to try.

Although the Demon Emperor of the Heavenly Demon Realm is very terrifying, he has suppressed his own cultivation aura in this ancient world.

Therefore, Ye Feng can now test how powerful his newly improved strength is.

Dzogchen future body!

At this moment, Ye Feng directly used his cultivation aura from the second level of Yangshen Realm to reach the perfection of the tenth level of Yangshen Realm.

Then Ye Feng continued to release two secret techniques, the Eternal Battle Technique and the Blessing of the Gods, which could enhance his combat effectiveness.

"boom!!"

At this moment, Ye Feng's body suddenly shone brightly.

Ye Feng looked like a young human god. He rushed forward in an instant, bursting out with earth-shattering power, and punched out.

Boom!

A golden beam of light instantly shot out from Ye Feng's fist, as if it could penetrate the entire sky, and directly hit the huge claw caught from high in the sky.

Boom! !

Accompanied by a terrifying roar, Ye Feng's punch actually shattered the huge claw into pieces.

"Um?"

Seeing this scene, the Demon King of the Heavenly Demon Realm not far away suddenly showed a trace of surprise in his eyes, and couldn't help but said: "I didn't expect that a human boy like you has a secret technique that can forcibly increase combat effectiveness. But this is not enough, because just now I just casually

It's just an attack. Next, you, a human boy, will be killed by this emperor in an instant. "

Boom!

At this moment, an extremely powerful black aura burst out from the body of the Demon King of the Demon Realm.

I saw that the entire body of the Demon Emperor of the Heavenly Demon Realm expanded rapidly, and then turned into a majestic dark giant with a height of tens of thousands of meters, and he also held an extremely huge black sword with a length of several thousand meters in his hand. .

Boom!

At this moment, the Demon Emperor of the Heavenly Demon Realm, who had turned into a dark giant, directly held the thousands-meter-long black sword in his hand and slashed at Ye Feng.

The moment the giant sword struck down, the whole world seemed to be cut into two halves. The sun and the moon lost all light, and the eight wastelands were shaken. It was very terrifying.

Buzz! .??.

Ye Feng also felt a huge crisis at this moment.

But Ye Feng did not retreat, but instantly used the ancient and powerful inheritance he had just received from the Panlong Divine Sect, the Panlong Divine Art.

"Boom boom boom boom..."

At this moment, Ye Feng used the Coiling Dragon Divine Art, and golden dragon-shaped lights suddenly appeared on his body.

Then a huge and majestic figure formed around Ye Feng.

That is the shadow of the will of Panlong God!

At this moment, Ye Feng seemed to have obtained the power of the ancient god Panlong Shenzun. He turned into a golden giant, and then waved his fists with unparalleled power and directly collided with the black sword.

Ye Feng's current Chaos Body has reached a certain level of strength, and every battle Ye Feng has in this ancient world can invisibly trigger the chaotic power of the Chaos Dynasty, the overlord of this ancient world.

Therefore, Ye Feng's power at this moment was simply terrifying to the extreme. It was definitely Ye Feng's current peak state.

Click, click!

Ye Feng's fists blasted out one after another, breaking the black sword several kilometers long into pieces.

Then under the horrified gaze of the Demon King of the Heavenly Demon Realm, Ye Feng's fists directly shattered everything,

The dark giant was knocked back thousands of steps.

Even the entire dark giant's body was mostly broken into pieces by Ye Feng.

It has to be said that Ye Feng's current attack is simply extremely ferocious.

The Demon Emperor of the Heavenly Demon Realm was knocked back to his original form, and he spat out a mouthful of blood. He couldn't help but said in horror: "This is impossible! How could you, a little human boy, be able to release such terrifying power? And there are so many It is simply impossible that the inheritances of different attributes can be brought together in one furnace. How can a peerless and evil genius like you appear in this small secondary realm of Star Territory? It is impossible!"

The Demon Emperor of the Heavenly Demon Realm roared angrily at this moment, as if he couldn't believe that he, a majestic Demon Emperor, could actually be defeated by Ye Feng, a young human race boy.

But now Ye Feng didn't bother to talk nonsense with the Demon Emperor of the Heavenly Demon Realm. He rushed forward and continued to release his peak power, directly beating the entire body of the Demon Emperor of the Demon Realm into pieces.

"ah!!"

Accompanied by an earth-shattering scream, the Demon King of the Heavenly Demon Realm was finally completely killed.

"What?!"

"The Demon King of the Heavenly Demon Realm died like this!!"

At this time, the many human masters from the Galaxy Dynasty and the other demons in the demon clan's base camp all had their eyes widened for a moment, their eyes filled with deep shock and dullness.

Even Princess Meng'er, a royal princess from the Galaxy Dynasty, had a look of deep shock on her beautiful little face.

Because the Demon King of the Heavenly Demon Realm is no ordinary strong man, he is definitely the strongest among the strong.

But even so, he was still killed by Ye Feng.

"What has he experienced in just over a year? How did he become so powerful?"

Princess Meng'er couldn't help but murmur in her heart at this time.

She stared at Ye Feng, who was not far away and was exuding divine light. There was a trace of obsession in his beautiful eyes.

That is the awe and heartfelt admiration for the strong.

Chapter 3360 Special distress signal

But when everyone in the audience was shocked, Ye Feng looked at the entire audience and said loudly: "Kill all the remaining demons, and don't let any of them go."

Hearing what Ye Feng said, everyone immediately nodded and released their extremely powerful power to destroy all these demons.

Because everyone knows that if any missing demons escape, it may lead to very serious consequences.

At this time, everyone suddenly fell into an even more brutal fight.

At this moment, Ye Feng released his Devouring Domain, covering the entire field, absorbing the blood energy generated by these fights.

However, of course, what Ye Feng is most looking forward to is the power and energy of the Demon King of the Demon Realm he just killed.

This Demon King of the Heavenly Demon Realm is a very terrifying super strong man, and the energy contained in his body is very majestic.

The moment Ye Feng released the Devouring Domain at this time, a stream of terrifying life energy was immediately injected into Ye Feng's body.

Especially the Demon Emperor of the Heavenly Demon Realm whom he just killed provided the most enormous amount of energy.

"Buzz!"

Ye Feng suddenly felt that his skill was growing rapidly.

At this time, Ye Feng's cultivation aura suddenly began to make rapid and continuous breakthroughs.

boom!

The Third Heaven of Yangshen Realm!

boom!

The fourth level of Yangshen Realm!

boom!

The fifth level of Yangshen Realm!

boom!

The sixth level of Yangshen Realm!

boom!

The Seventh Heaven of Yangshen Realm!

...

boom! !

Perfection in the tenth heaven of Yangshen Realm! !

At this time, Ye Feng's cultivation base made rapid and continuous breakthroughs, and it actually improved directly.

It has reached the state of great perfection in the tenth heaven of Yangshen Realm.

I have to say, this is a very scary improvement!

Because you must know that Ye Feng's realm before was not very high, but now he has broken through so much all at once. This shows how huge the energy contained in the body of the Demon King of the Demon Realm is.

In fact, the energy contained in the bodies of other demons is not much, and it is just a drop in the bucket for Ye Feng. After all, they are all ordinary demon masters.

But this Demon Emperor of the Heavenly Demon Realm, a Demon Emperor, is comparable to thousands of troops, and the energy he provides Ye Feng is simply terrifying to the extreme.

At this time, Ye Feng clenched his fists and felt terrifying energy surging through his body.

Ye Feng broke through to the tenth level of the Yangshen Realm and reached the Great Perfection state, and his whole aura was simply raised to a peak state.

At this moment, Ye Feng's whole body was filled with light, giving the impression that a young god was born.

At this moment, Ye Feng suddenly looked in a certain direction not far away and found that the battle on the entire field had completely ended. All the demons had been killed, and the entire demon base camp had turned into ruins.

Uh-huh!

Uh-huh!

At this time, Princess Meng'er and the Golden Sword Eagle flew over, staring at Ye Feng with wonder in their eyes.

Golden Sword Eagle said aloud: "Ye Feng, you have improved so much, you are really enviable."

At this time, Princess Meng'er smiled and said: "Ye Feng, I didn't expect you to have grown to this point now. This is something I never thought of before."

When Ye Feng heard what the two said, he just smiled and said: "Now let's search for the wealth in this demon clan's base camp. This demon clan

The base camp has been established here for so long, and there are so many demon masters searching around, so they must have accumulated a lot of wealth. "

Hearing what Ye Feng said, Golden Sword Eagle and Princess Meng'er both brightened their eyes, and then led the team to directly start searching the demon clan's base camp.

Ye Feng did not search the Demon Clan's base camp at this time, because Ye Feng did not sense any particularly strong energy fluctuations in this Demon Clan's base camp.

In other words, the so-called wealth and resources in this demonic base camp are of little use to Ye Feng.

At this time, Ye Feng was just reminiscing about the battle between himself and the Demon Emperor of the Demon Realm.

The Demon King of the Heavenly Demon Realm is still very terrifying.

Although the true power of the Demon Emperor cannot be exerted in this ancient world, it can definitely explode with earth-shattering destructive power.

But even so, the Demon Emperor was still killed by Ye Feng.

Ye Feng was quite lucky at this time. Fortunately, he had obtained the powerful inheritance of the Panlong Divine Sect, the Panlong Divine Art.

Let yourself be able to draw on the power and will of the ancient god "Panlong Shenzun".

Otherwise, it might not be possible to kill the Demon King of the Heavenly Demon Realm.

At this time, Ye Feng suddenly remembered that he had been cast an evil spell by a mysterious figure from the Galaxy Dynasty and had only three years to live.

Uh-huh!

At this time, Ye Feng flew to Princess Meng'er who was searching for resources not far away, and couldn't help but asked: "Princess Meng'er, I want to ask you a question, are there any of the royal families in your Galaxy Dynasty? Who practices the big shots about mantras?"

Hearing Ye Feng's question, Princess Meng'er showed a look of surprise in her eyes, as if she didn't expect that Ye Feng would suddenly ask about their Galaxy Dynasty royal family.

But Princess Meng'er

At that time, he thought about it very seriously, and then couldn't help but shook his head and said aloud: "I'm not sure about this, because there are too many royal families in our Galaxy Dynasty, and there are also many big shots. There are many The princes and others are all very powerful, and the techniques or various cultivation methods they learn are also very complicated. "

Hearing what Princess Meng'er said, Ye Feng nodded slightly and didn't ask any more questions.

I'm afraid I can only investigate this matter carefully after I return to the Five Emperors Divine Sect.

After everyone finished searching the demon clan's base camp, Princess Meng'er asked Ye Feng, "Are you going to come with us next?"

Ye Feng shook his head and said with a smile: "I am now the divine son of the Five Emperors Divine Sect, which means I am the Five Emperors Divine Sect, so I should continue to lead the team of the Five Emperors Divine Sect and continue to search for various resources and inheritance in this ancient world. "

Hearing what Ye Feng said, Princess Meng'er nodded slightly, and said aloud with some reluctance: "It seems that we are going to separate."

Boom!

But at this moment, in a certain direction not far away, a huge divine light suddenly exploded from the high-altitude vehicle.

At this moment, Ye Feng saw the exploding divine light, his eyes suddenly changed slightly, and he said loudly: "This is a special distress signal from our Five Emperors Divine Sect. It seems that the headquarters of the Five Emperors Divine Sect I established in the desert, We are in great danger and I have to rush back."

Hearing what Ye Feng said, Princess Meng'er quickly said: "I will be with you. I lead so many royal teams. If we are with you, we should be able to help when the time comes."

There was a look of surprise in Ye Feng's eyes. He didn't expect that Princess Meng'er would be willing to go back with him to fight the danger.

However, Ye Feng had no time to worry about anything at this time, but immediately nodded and said: "Okay, thank you very much, then let's go back together!"
