

Ancient 3361

Chapter 3361 Desert Emperor

Ye Feng and his party were very fast. In less than half an hour, they had traveled through most of the desert and arrived at the headquarters of the Five Emperors Divine Sect that Ye Feng had previously established.

At this time, they suddenly saw an extremely chaotic scene in their field of vision.

I saw that the area around the steel city of the Five Emperors Sect that Ye Feng had built was being attacked by countless strange soldiers emerging from the desert.

These soldiers, whose entire bodies are made of desert sand, are like desert soldiers and are rapidly attacking the entire steel city.

The masters of the Five Emperors Divine Sect in the steel city were all launching their own extremely powerful attacks at this moment to resist the attack of these desert soldiers.

But what is very frightening is that after the entire body of these desert soldiers was shattered, they were not completely killed at all. Instead, the scattered sand reorganized into a desert soldier again.

In other words, there is simply an endless supply of these desert soldiers, and it is impossible to kill them all or kill them all.

Seeing this scene, Ye Feng suddenly showed deep surprise in his eyes.

When he came to this desert before, he never realized that so many desert soldiers would gather in this desert to attack the steel city.

Ye Feng couldn't help but said: "This desert is a very ordinary desert. If there is something abnormal, I must have noticed it long ago. Why do so many strange desert soldiers suddenly appear?"

Princess Meng'er, who was standing next to Ye Feng, was well-informed. She seemed to have thought of something at this time, and suddenly said: "This time, not only the major forces in our

star field are entering the trial of this ancient world. There are also beings from other realms, and perhaps these desert soldiers are races from other realms.”

The golden sword eagle suddenly made a sound at this time

Said: "In some ancient books of our race, there are records about this kind of desert soldiers. This seems to be a very special race called the desert royal family. Each desert royal family can control the power of the entire desert and condense it." With such a steady stream of desert soldiers coming out to attack the opponent, maybe there is a desert royal family lurking around here, and being able to summon thousands of desert soldiers, it is estimated that there is more than one desert royal family hidden around here, it is very likely that there are Dozens or even hundreds of desert royals.”

When Ye Feng heard what Golden Sword Eagle said, he immediately nodded and said: "It seems that in order to deal with these desert soldiers, we must eradicate the hidden desert royal family. The desert royal family is the source of power for these desert soldiers."

The Golden Sword Eagle nodded and said aloud: "But I don't know where these desert royals are hiding, and there are no records in the books."

Princess Meng'er suddenly said: "The desert royal family is able to control the entire desert and gather so many desert soldiers, which means that the desert royal family must be hidden in this desert, so if you want to fight against the constant stream of desert soldiers, Desert soldiers must turn the entire desert upside down."

When Ye Feng heard what Princess Meng'er said, he looked at the other party in surprise, then nodded and said loudly: "Now there is only one stupid way, that is to turn the entire desert upside down to find out those hidden things." Desert Royalty."

At this moment, everyone just does what they say.

Princess Meng'er led a group of experts from the Galaxy Dynasty and rushed directly towards the steel city, first helping the human experts from the Five Emperors Sect to resist the desert soldiers.

Uh-huh!

Uh-huh!

At this time, Ye Feng and the Golden Sword Eagle flew high into the sky together, and then they exploded with their own incomparable power, attacking the entire desert directly and indiscriminately.

Now even Ye Feng's soul power is unable to detect the specific location of those desert royal families.

Because Princess Meng'er guessed that the desert royal family hidden in the dark has probably integrated with the surrounding desert, making it impossible for ordinary people to detect it.

So now we can only attack the entire desert indiscriminately.

Boom! !

At the next moment, both Ye Feng and Golden Sword Eagle burst out their extremely powerful powers.

Their bodies all bloomed with rays of divine light, turning into rays of divine beams, which bombarded directly towards the entire desert, like an indiscriminate bombing, exploding the entire desert and shaking it rapidly.

It was simply extremely turbulent!

And at the next moment, as the entire desert was bombarded indiscriminately, some areas of the desert suddenly cracked open, and corpses appeared inside.

Those are the desert royalty!

These creatures of the desert royal family were apparently bombarded by the energy light waves released by Ye Feng and the Golden Sword Eagle, and died in the hidden desert underground.

You know, Ye Feng and Golden Sword Eagle's current strength has been greatly improved.

Especially Ye Feng's cultivation level, in the Demon Clan's base camp, with the help of countless Demon Clan's energy, he was promoted to the tenth level of Yangshen Realm.

It can be said that he is a top master in the ancient world!

So at this time, the power they released was naturally able to kill these so-called desert royals instantly.

Because these desert royal families are actually not very powerful themselves. What is great about them is that they can control the entire desert, gather a steady stream of desert soldiers, and use the human sea tactic to destroy enemy forces.

Therefore, their own strength was not very strong, and they were quickly killed by the destructive light waves of Ye Feng and the Golden Sword Eagle.

And as the desert royal families were killed one by one, the number of desert soldiers also dropped sharply in an instant.

Many experts from the Five Emperors Divine Sect standing on the steel city cheered: "It's the Son of God who is here! We are saved!"

And at this time.

Boom!

Accompanied by a huge roar, at the end of the desert in the distance, countless sands suddenly condensed together, and actually condensed directly into a desert giant that was more than 100,000 feet tall and majestic, covering the sky and the sun.

This desert giant is full of unparalleled power and terrifying, and it also exudes an aura of an emperor.

At this moment, this majestic desert giant of more than 100,000 feet stared at Ye Feng and the Golden Sword Eagle, and made a majestic voice: "Two hateful juniors dare to kill my subordinates. I want to I'll crush you two to death!"

The moment the desert giant finished speaking, the Golden Sword Eagle suddenly showed a trace of shock in his eyes, and said loudly: "Can the desert giant body of more than ten thousand feet be condensed, how can the desert emperor of the desert royal family Appear? But this is impossible. It is impossible for a top powerhouse like the Desert Emperor to come to this ancient world!"

At this time, Ye Feng stared at the terrifying desert giant not far away, and suddenly said: "It should be a clone of the will of the Desert Emperor, which crossed the interface barrier between the realms and landed here."

Chapter 3362 True Palm

Buzz!

At this moment, the desert giant hundreds of thousands of feet tall in the distance was really full of shocking visual impact, giving everyone present a feeling of macrophobia.

"Boom!"

"Boom!"

At this time, every step of the desert giant's fall caused the entire earth to shake violently.

Looking at the towering desert giant, everyone couldn't help but retreat in fear.

At this time, Ye Feng knew that he could not retreat.

If they retreat, the entire steel city will be completely destroyed.

And Ye Feng knew very well that this desert giant was an emperor among the desert royal family, and the condensed clone should not be as powerful as imagined.

Maybe I can fight him.

Uh-huh!

At this time, the Golden Sword Eagle came to Ye Feng's side, and Princess Meng'er also stood on the other side of Ye Feng.

The three top geniuses were staring at the towering desert giant not far away, with deep solemn expressions in their eyes.

At this moment, Ye Feng said: "Let's get started."

Boom!

The moment Ye Feng finished speaking, a terrifying and boundless cultivation aura suddenly erupted from his body.

At this time, Ye Feng completely released his extremely powerful cultivation power.

In addition, Ye Feng also instantly inspired the eternal battle technique, as well as the blessings of the gods and a series of other methods that can increase his combat effectiveness.

In addition, Ye Feng also directly used the powerful inheritance of the Panlong Divine Sect, the Panlong Divine Art, in an instant.

Buzz!

At this moment, a huge phantom suddenly appeared on Ye Feng's body. It was the phantom of the will of Panlong God, the ancient god.

At this moment, Ye Feng was the first to bear the brunt and directly collided with the desert giant.

boom!

The next moment, Ye Feng directly punched the desert giant hard.

Kick! Kick! Kick!

The entire huge body of this desert giant couldn't help but take several steps back at this moment.

"What a brute force!"

Seeing this scene, many of the human geniuses around them couldn't help but have deep surprises in their eyes.

Because this desert giant is so huge and terrifying to the extreme, it cannot be shaken by ordinary people.

But Ye Feng, a human boy who looked like an ant in front of the desert giant, knocked the desert giant back several steps with one punch.

This kind of power is simply terrifying to the extreme!

Golden Sword Eagle and Princess Meng'er also took action instantly at this time.

Uh-huh!

At this time, the Golden Sword Eagle jumped directly, and his whole body turned into a golden lightning, directly impacting in front of the desert giant, and then severely bombarded the desert giant's arm.

Click!

A large piece of the desert giant's arm was shattered by the golden lightning that the golden sword eagle transformed into at this moment.

Buzz!

At this time, a small colorful crystal tower appeared in Princess Meng'er's hand.

The colorful crystal tower released a long colorful river, which directly penetrated the void and bombarded the other arm of the desert giant.

The desert giant's other arm was instantly shattered by Princess Meng'er's terrifying attack.

"Very good!"

Seeing this scene, the Golden Sword Eagle immediately showed deep excitement in his eyes.

But at the next moment, what made everyone's eyes sink was that Sha

The desert giant just roared, and the desert under his feet suddenly surged out with boundless desert power, directly re-condensing its broken arm.

"What?!"

Seeing this scene, the Golden Sword Eagle immediately couldn't help but exclaimed: "This desert giant actually has the same ability as the previous desert soldiers. It can improve and restore its body by absorbing the power of the entire desert. In this case, this desert giant cannot be killed at all!"

Hearing what the Golden Sword Eagle said, Ye Feng stared at the entire desert and suddenly said: "Brother Ying, you and Princess Meng'er will work together to destroy all the land in this desert. I will deal with this desert giant alone." "

Hearing what Ye Feng said, the Golden Sword Eagle couldn't help but said in surprise: "Are you sure you can deal with this desert giant by yourself?"

Ye Feng nodded and said aloud: "There is no other way now, hurry up and do as I say."

Boom!

The moment Ye Feng finished speaking, his whole body erupted with divine light. His eyes were extremely bright. Like a young God of War who was invincible in a hundred battles, he rushed directly in front of the majestic desert giant of more than 100,000 feet alone, and then directly fought with him. This desert giant fought fiercely.

Boom!

At this time, Golden Sword Eagle and Princess Meng'er did not waste any time and did exactly what Ye Feng said, quickly destroying the entire desert land.

As the entire desert was destroyed, everyone could clearly feel that the power of the desert giant was getting weaker and weaker.

At this time, Ye Feng shouted: "Death!"

Boom!

At this moment, Ye Feng also inspired the power of his domination gem, and a terrifying divine light wave erupted from his body. It had terrifying destructive and disintegrating power, directly destroying the desert giant's entire body in an instant.

At this time, the huge desert giant's entire body finally dissipated completely and turned into countless dust, scattered all over the ground, and could never be resurrected.

"call!"

At this time, Ye Feng finally breathed a sigh of relief.

"Finally killed this desert giant!"

Golden Sword Eagle and Princess Meng'er also breathed a sigh of relief.

But it didn't take long for everyone to be surprised.

Buzz!

Suddenly, a terrifying spatial fluctuation suddenly spread from the entire sky.

"That is....."

"one hand?"

At this moment, everyone looked over their heads.

They saw instantly, a boundless huge hand, filled with the power of the desert, grabbed from the sky.

This palm is not condensed from the desert, but is truly the palm of a powerful creature, with terrifying life fluctuations.

At this moment, the Golden Sword Eagle couldn't help but exclaimed: "This should be the real palm of the Desert Emperor. He actually crossed the interface barrier and stretched out his real body with one hand. This desert The power of the emperor is absolutely terrifying to the extreme!"

At this moment, Ye Feng didn't need the Golden Sword Eagle to explain at all. At this moment, he could feel that under the palm of this huge desert emperor, his entire body was going to be completely shattered. There is no way to resist this majestic power.

The strength of this super strong man is simply terrifying to the extreme, and he can actually bring his true form to this ancient world.

He directly crossed several interface barriers with one hand and wanted to forcefully kill himself!

This made Ye Feng's eyes become frightened and angry in an instant!

Because the destructive power generated by that palm has far exceeded all the power Ye Feng can use now.

Chapter 3363 Chaos Giant

At this time, the real palm descended by the Desert Emperor was filled with unparalleled destructive power.

At this moment, it was like an ancient sacred mountain descending from the sky, making everyone in the audience feel a frightened feeling.

Ye Feng, who was the first to bear the brunt, felt that his whole body was about to be broken, as if under that big hand, any power and existence would be completely wiped out.

At this moment, Golden Sword Eagle and Princess Meng'er both wanted to help Ye Feng.

But they found that the power they released was simply unable to resist the big hand that covered the sky and the sun.

Because the owner of this big hand can cross the interface barrier between the two realms and exert power.

This desert emperor is definitely a god-like existence!

He is a terrifying powerhouse and a super big shot in a higher realm.

At this moment, Ye Feng's eyes revealed a trace of gloominess. ??

Because at this time, Ye Feng instantly felt that all his power was unable to play any role in front of this big hand.

Ye Feng couldn't even move at this time.

The art of eternal battle!

Blessings from the gods!

Panlong magic!

...

At this time, Ye Feng frantically inspired various inheritances he had cultivated, hoping to break free from the shackles of this palm.

But Ye Feng found that everything was in vain.

Even Emperor Chu had no choice in his mind at this time.

At this time, Ye Feng even used the power of the Five Emperors in the Divine Son Order that he had obtained before.

But he still couldn't compete with that big hand that covered the sky and the sun.

This Desert King is a super strong man from a higher realm. He is much stronger than the top powerhouses in the Star Realm. He cannot compete with the power of the second-level realm of the Star Realm.

At this moment, Ye Feng's heart suddenly sank to the bottom.

At this moment, the golden sword eagle not far away suddenly roared: "Ye Feng, you are a chaotic body, and you have unique luck in this ancient world. Now you inspire your chaotic body, and the entire ancient world. Let's unite the energy of chaos to see if we can fight against this palm!"

Hearing what the Golden Sword Eagle said, Ye Feng

Immediately, there was a trace of surprise in his eyes, and he quickly said: "That's right! This ancient world was controlled by the Chaos Dynasty back then. As a Chaos Body, I may really be able to compete with the world of this ancient world. Strong response."

boom!

After finishing speaking, Ye Feng did not hesitate and directly released the most original power of his chaotic body.

Wow!

Ye Feng's body suddenly burst out with boundless energy of chaos, merging with the entire ancient world.

Ye Feng was standing on the ground at this time, wanting to connect himself and the whole world together.

At this time, something suddenly changed.

I saw that in the ground under Ye Feng's feet, waves of extremely strong chaotic energy suddenly surged out, covering Ye Feng's whole person.

At this moment, Ye Feng suddenly felt that the pressure on himself was much less.

This made Ye Feng's eyes reveal deep joy.

Sure enough, he was able to echo the chaotic energy in this ancient world, thus resisting the terrifying pressure emanating from that big hand.

Boom!

But at the next moment, what made Ye Feng's eyes darken was that the situation suddenly changed high in the sky.

Another towering hand that covers the sky and the sun appears!

The Desert Emperor actually stretched out two hands.

He is really determined to completely obliterate Ye Feng!

"hateful!"

Even if Ye Feng drew a lot of chaotic energy from the earth at this moment, he could not resist the terrifying power of the two big hands.

After all, this is an interface barrier that can cross two realms, and it is a transcendent existence that descends the power of the true body!

It is simply not something that the current Ye Feng can resist.

At this moment, Ye Feng's inner crisis reached the extreme, and he felt that he might really die here today.

Boom! !

But at the next moment, in a certain direction not far away, which seemed to be the central area of this ancient world, suddenly

A huge pillar of chaotic light burst out, directly penetrating the sky.

In this chaotic beam, a large area of ancient ruins and buildings floated out.

Like an abandoned sky city, it appeared in everyone's sight.

There was a gate at the front of that abandoned sky city, and the words "Chaos Dynasty" were clearly written on the gate.

"This is actually an ancient relic of the Chaos Dynasty!"

At this moment, there were people present who couldn't help but exclaimed in surprise.

"What?"

"The ancient ruins of the Chaos Dynasty actually appeared on their own initiative!"

At this moment, in this ancient world, there were many masters from other families and forces undergoing trials. At this time, they were all in different places and saw the ancient ruins of the Chaos Dynasty that suddenly floated high in the sky.

At this moment, in the desert.

boom!

The next moment, in the ancient ruins of the Chaos Dynasty, countless chaotic energies suddenly surged up.

Then these chaotic energy actually condensed into a huge chaotic giant.

The moment this chaotic giant appeared, he punched directly in the direction of Ye Feng.

Boom!

In a huge shock, the Chaos Giant's fist, with its boundless power, directly smashed the two Desert Emperor's big hands above Ye Feng's head into pieces.

"ah!!"

At this moment, an earth-shattering scream seemed to be heard outside the ancient world.

It should be the Desert Emperor screaming.

After all, the Desert Emperor's hands were instantly shattered by the chaos giants.

At this moment, Ye Feng suddenly felt that all the pressure on him had disappeared.

At this time, Ye Feng's eyes showed deep shock as he looked towards the central area not far away.

Unexpectedly, the ancient ruins of the Chaos Dynasty would surface for him.

And he also condensed a chaos giant to help him resolve all crises.

.

The Golden Sword Eagle's eyes were very excited at this time, and he couldn't help but say: "Ye Feng, it is probably that you just echoed the energy of chaos in the entire ancient world, which triggered the appearance of the ancient ruins of the Chaos Dynasty. "

Boom!

But just as the two were talking, a chaotic beam of light suddenly burst out from the ancient ruins of the Chaos Dynasty, and it shone directly on Ye Feng.

Buzz!

Then Ye Feng was unable to resist at all at the next moment. He was directly led by this chaotic beam and teleported to the ruins of the Chaos Dynasty in the distance.

The whole person disappeared immediately.

"Ye Feng!"

Princess Meng'er saw Ye Feng suddenly disappearing from the spot, and she immediately exclaimed with some worry.

The Golden Sword Eagle said thoughtfully at this time: "Don't worry too much. Since the Chaos Giants have condensed in the ancient ruins of the Chaos Dynasty to help Ye Feng resolve the crisis, it means that the ancient ruins of the Chaos Dynasty have great influence on Ye Feng. The descendants of the Chaos Body do not have any malicious intentions. Perhaps Ye Feng was led to the ancient ruins of the Chaos Dynasty, and there may be a huge opportunity. "

Hearing what the Golden Sword Eagle said, Princess Meng'er's eyes moved and she nodded slightly.

But at the next moment, Princess Meng'er suddenly saw that everywhere in the ancient world, there were super masters and super geniuses from major families, all flying towards the ancient ruins of the Chaos Dynasty in the center.

Seeing this scene, Princess Meng'er suddenly said with some worry: "Although Ye Feng was led to the ancient ruins of the Chaos Dynasty, he entered this ancient ruins under the spotlight, with countless families and Masters, they have now seen Ye Feng being led in, and they are now flying quickly towards the ancient ruins of the Chaos Dynasty. It is estimated that when Ye Feng comes out, there may be a huge crisis. Looted by everyone."

When Golden Sword Eagle heard what Princess Meng'er said, his eyes darkened slightly, and then he said, "No matter what, we will rush over. When Ye Feng comes out, we will face these enemies together."

When Princess Meng'er heard what the Golden Sword Eagle said, she nodded slightly, and then everyone flew quickly towards the location of the ancient ruins of the Chaos Dynasty.

Chapter 3364 Heart of Chaos

At this time, countless people gathered around the ancient ruins of the Chaos Dynasty floating in the sky.

In addition to Golden Sword Eagle and Princess Meng'er, there are countless other masters.

These masters are all super geniuses from major families and major forces who have entered this ancient world to experience this time.

Even many native races from this ancient world came over.

"The situation is worrying."

At this moment, Golden Sword Eagle and Princess Meng'er looked around, their eyes a little downcast.

Because they saw that there were thousands of masters gathered this time, and they were all geniuses among geniuses. There were even some elders who had hidden and suppressed their cultivation, hiding among the crowd, waiting for opportunities.

These are not ordinary people. They are all of very high status and have extremely terrifying methods.

After all, when they come to this ancient world this time, they are definitely the elite among the elites of the major forces.

Moreover, what everyone is most looking forward to is the ancient ruins of the mythical and legendary dynasty in the ancient world.

So at this time, after the ancient ruins of the Chaos Dynasty came out, they naturally attracted everyone.

Thousands of super masters have gathered here, and each one of them is filled with the surging aura of cultivation.

Such a terrifying force is estimated to be enough to instantly crush any so-called overlord force in the entire star field.

Golden Sword Eagle and Princess Meng'er looked at each other, and both saw the worry in each other's eyes.

Because Ye Feng is now in the ancient ruins of the Chaos Dynasty and has been seen by everyone.

If Ye Feng comes out, he will probably become a thorn in everyone's side and be targeted by everyone.

"Let's just attack it."

Suddenly, there was an expert in the crowd who couldn't help but said something like this.

.

With this person's suggestion, other experts showed a hint of excitement in their eyes.

Many experts have united together and want to rush directly into the ancient ruins of this Chaos Dynasty.

Boom!

But when they released their attack, a chaotic light appeared around the ancient ruins of the Chaos Dynasty, forming a huge light shield composed of chaotic light, which blocked all the attacks of the masters.

No one can enter it at all!

Seeing this scene, everyone could only wait outside for the time being.

Many masters stared at the ancient ruins of the Chaos Dynasty with deep greed in their eyes, and couldn't help but say: "When that lucky boy comes out, we must control him and kill him. All the wealth was divided."

While everyone outside was waiting silently, Ye Feng was already in the center of the ancient ruins of the Chaos Dynasty.

It was empty, no one was here, and it seemed very quiet.

There are broken pieces everywhere, including collapsed palaces, broken towers, and various huge sculpture fragments.

At this time, although Ye Feng had not personally experienced the peak moments of the Chaos Dynasty, looking at the various collapsed ruins and collapsed debris around him, Ye Feng could imagine how majestic and terrifying the Chaos Dynasty was during its glory days. .

At this time, Ye Feng looked around. He didn't understand why he was suddenly teleported here by a light of chaos.

At this moment, Ye Feng felt that there should be ancient treasures in the ancient ruins of the Chaos Dynasty.

Will can control everything, otherwise it would be impossible for him to suddenly take action and repel the desert emperor when he is in danger.

Buzz!

And just when Ye Feng was silently looking around, a very huge shadow of ancient will suddenly appeared in front of Ye Feng.

This is a chaotic giant composed of chaotic light, which looks very majestic.

Ye Feng immediately clasped his fists and said, "Thank you, senior, for taking action just now and repelling the Desert Emperor."

The Chaos Giant nodded slightly and made a majestic voice: "You are the Chaos Body left behind by our Chaos Dynasty, and you are also the only Chaos Body alive today. If you happen to be touched by me, then I will naturally protect you, but that Desert Emperor He is not an ordinary person. He is the emperor of the 'Desert Empire' in the more advanced third-level realm of Snow. He is very powerful. With your qualifications, the second-level realm of Star Realm cannot restrain you at all, so when you are in the future When you ascend to the third-level realm, 'Snow Domain', you may encounter the Desert Emperor again, so you must be careful in the future."

Hearing what the Chaos Giant said, Ye Feng immediately smiled and nodded, and said loudly: "As long as you give me time, let alone the King of the Desert, even the God of the Desert, I can trample him under my feet. ." ??

"Hahaha!"

Hearing what Ye Feng said, the Chaos Giant immediately let out a hearty laugh and said: "You are worthy of being the inheritor of our Chaos Body lineage. With this strong courage, you are destined to be extraordinary in the future. , but courage alone is not enough, you also need immense power to realize your ambition."

Buzz!

At this moment, after the Chaos Giant finished speaking, he suddenly stretched out his hand and grabbed it in a certain direction in the distance.

Deep in the ancient ruins of the Chaos Dynasty, a star exudes endless energy.

The light group of chaotic energy was grabbed by the chaotic giant and suspended in front of Ye Feng at this moment.

"This is....."

At this time, Ye Feng could sense a terrifying and boundless chaotic energy from the chaotic light group in front of him.

Ye Feng could even feel that the life source of his chaotic body was beginning to boil.

At this time, the Chaos Giant suddenly said: "I was the last emperor of the Chaos Dynasty, but I encountered a terrifying world cleanup, so the entire Chaos Dynasty was destroyed. However, in the end, the Chaos Lord left here and left behind You are a bloodline heir, and I sensed the bloodline energy of our Chaos Body founder, the Chaos Master, from your body, so I help you unconditionally. The strength of your Chaos Body has been raised to a very high level, but after all, it is still far from the true Great Perfection. There is a big difference. Since we are so destined this time, then I will forcibly integrate the most precious Chaos Heart of our Chaos Dynasty into your body to help you completely transform. Once your Chaos Body steps on Once you enter the state of Dzogchen, you will have infinite power that transcends the ordinary world, and the power of your body will reach a limit that is enough to suppress everything."

Boom!

Before Ye Feng could say anything, the Chaos Giant took action. He directly shot the heart of chaos that exuded infinite light into Ye Feng's body, and then began to help Ye Feng forcibly refine it. .

"ah!!"

It was a terrifying and boundless energy that was injected into Ye Feng's body in an instant.

Even though Ye Feng was extremely tenacious, he couldn't help but let out an earth-shattering roar of pain at this time.

The Chaos Giant's eyes showed no emotion at this time. He just said calmly and rationally: "Endure this pain and push through it, and you will achieve ultimate sublimation and evolution!"

Chapter 3365 Finally Great Consummation

"Boom!"

At this moment, boundless energy exploded in Ye Feng's body.

Ye Feng felt endless pain.

But Ye Feng gritted his teeth and endured this horrific pain.

Because Ye Feng knew very well that if he survived, just as the Chaos Giant said, his entire life essence and body power would be elevated to a very terrifying level, and he would evolve instantly.

At this time, Ye Feng finally understood how glorious the Chaos Dynasty was back then.

The power of chaos contained in this treasured Chaos Heart was simply too terrifying. Even though Ye Feng's body was like a bottomless pit, he felt as if his entire body was about to burst.

However, Ye Feng knew that this kind of chaotic heart could not improve his cultivation, but it could completely change his life level and finally transform his chaotic body.

A full half hour passed, but Ye Feng felt as if a century had passed.

Because painful time often passes very slowly, not to mention that what Ye Feng is experiencing now is an extreme pain.

finally.

"Boom!!"

A terrifying and boundless life fluctuation erupted from Ye Feng's body.

This is an extremely pure and extremely terrifying life fluctuation.

Ye Feng's heart was beating at this moment, just like the roar of war drums in the sky, making the surrounding void tremble.

At this moment, the flesh and blood all over Ye Feng's body seemed to be made of steel, and his blood was as heavy as mercury.

Ye Feng could feel that the power of his entire body had directly evolved to an extremely terrifying level at this moment.

Ye Feng understood almost instantly at this time that his chaotic body had finally completely transformed into the true state of perfection.

"Finally the Great Consummation!"

At this time, Ye Feng couldn't help but murmured excitedly.

At this moment, Ye Feng was preparing to thank that senior.

But at this time, Ye Feng looked forward and found that the chaos giant had disappeared.

Ye Feng suddenly thought that when he was refining the Heart of Chaos, the Chaos Giant also integrated his own power into Ye Feng's body to help Ye Feng refine the Heart of Chaos.

In other words, the Chaos Giant even used its last bit of power to help Ye Feng's Chaos Body rise to the truly perfect state of Dzogchen.

At this time, Ye Feng clasped his fists at the surrounding ancient ruins and said loudly: "I will definitely not let down the expectations of my predecessors, and I will definitely carry forward the Chaos Body."

After finishing speaking, Ye Feng did not leave the ancient ruins of the Chaos Dynasty directly.

Because Ye Feng thought of the promise he had made to the Golden Sword Eagle, which was to help the Golden Sword Eagle obtain the supreme bone of the Chaos Dynasty's national guardian beast.

Buzz!

At this time, Ye Feng exuded his huge soul power and spread towards the surroundings, looking for the aura of the beast that protected the country from the Chaos Dynasty.

Soon, Ye Feng sensed a very strong fluctuation.

Uh-huh!

He immediately flew quickly in that direction.

In less than a few minutes, Ye Feng had arrived at a relatively deep place in this ancient ruins.

There was a dilapidated palace here, and Ye Feng saw a huge skeleton in the dilapidated palace.

It is the skeleton of the beast that protected the country from the Chaos Dynasty.

At this moment, among this huge skeleton, there is a palm-sized bone, emitting bright light of chaos.

This is the supreme bone of the national guardian beast!

Ye Feng's current chaotic body has entered the state of Great Consummation and is already very perfect.

Therefore, the supreme bone of this national guardian beast is no longer of any use to Ye Feng.

Uh-huh!

Ye Feng took the Supreme Bone into his hands at this time, and then flew out towards the ancient ruins of the Chaos Dynasty.

Ye Feng didn't expect that being led into the ancient ruins of this chaotic dynasty might arouse the greed of many experts.

But now Ye Feng's face is full of deep and powerful confidence.

Because no one knows better than Ye Feng how terrifying his chaotic body is after entering the perfect state of perfection at this moment.

Ye Feng could feel that every inch of his flesh and blood contained explosive power, as if one punch could blow the entire sky apart.

Less than half an hour later, Ye Feng finally left the ancient ruins of the Chaos Dynasty and came outside.

Buzz!

In an instant, after Ye Feng appeared, countless eyes immediately focused on Ye Feng.

Ye Feng looked outside and found that there were thousands of super masters, all top geniuses from major families and forces, all staring at him.

Ye Feng felt a deep greed from these eyes.

However, Ye Feng only showed a hint of sneer on his face.

He walked directly in a certain direction not far away, and soon came to the front of Golden Sword Eagle and Princess Meng'er.

Princess Meng'er immediately said worriedly: "It's probably difficult for us to leave here today."

The Golden Sword Eagle said with cold eyes: "Whoever dares to harm Ye Feng, I will be the first to refuse. Ye Feng, let's fight out together."

Ye Feng smiled slightly at this time and said: "Don't worry, whoever dares to rob my wealth today is asking for death."

After finishing speaking, Ye Feng directly stretched out his hand and handed the Supreme Bone of the Protector Beast that he obtained from the ancient ruins of the Chaos Dynasty to the Golden Sword Eagle.

"This is....."

When the Golden Sword Eagle saw the Supreme Bone in Ye Feng's hand, his eyes immediately widened, and then he revealed a deep expression.

With a look of surprise, he couldn't help but say: "Ye Feng, thank you so much!"

At this time, Ye Feng was preparing to walk away.

Buzz!

Suddenly, a young man wearing golden armor stood in front of Ye Feng, holding a steel sword in his hand, and said loudly: "What did you get from Chaos Dynasty? Hand it all over, I will spare you a life, I am the young master of the Golden Family, don't try to fight me, otherwise you will die miserably."

When Ye Feng heard what the young man in golden armor said, he just smiled obliquely and said, "Then I'll make you the first one to operate."

Boom!

Ye Feng directly punched out at this moment, which was very ordinary.

When the young man in golden armor saw Ye Feng attacking him, he immediately laughed out loud: "I am a strong man in the distraction realm above the Yang God realm. You and I are a whole big realm apart, yet you dare to attack me." If you take action, you are really seeking death."

At this moment, the young man in golden armor held the steel sword in his hand and slashed directly towards Ye Feng, intending to kill Ye Feng instantly.

Click! Click!

But at the next moment, what shocked the eyes of countless people present was that Ye Feng's ordinary fist actually shattered the steel sword in the hand of the young master of the Golden Family into pieces in an instant.

Then in the shocked eyes of countless people, Ye Feng's fist directly penetrated the golden armor of the young master of the Golden Family, and then blasted through his entire body, instantly destroying the Golden Family of the third level of the distraction realm. The young master was killed instantly.

A top genius, died!

Killed instantly!

"What?!"

Seeing this scene, everyone's eyes suddenly widened.

This scene is really shocking.

Because Ye Feng didn't display any martial arts at all, nor did he display any powerful inheritance.

It's just an ordinary fist, but the power of the body is like a god and demon, able to suppress everything!

Chapter 3366 Unable to break the defense

quiet!

Deadly quiet!

At this time, the whole place fell into a dead silence.

After all, no one thought that Ye Feng's strength would be so terrifying.

You must know that the cultivation aura on Ye Feng's body is only that of the tenth level of Yangshen Realm.

The tenth level of Yang Shen Realm is indeed very powerful, but among this group of top geniuses, they are not actually that amazing.

After all, the thousands of geniuses present are all super masters from various major forces. They are all elite-like beings and are very powerful.

But even so, Ye Feng's attack shocked everyone to the extreme. .??.

The young master from the Golden Family, a super top genius, was shattered by Ye Feng's punch in an instant. It was really terrifying.

"I see!"

At this time, someone present suddenly exclaimed: "This Ye Feng must have received incredible inheritance from the ancient ruins of the Chaos Dynasty. Otherwise, his strength would not have become so powerful. We must give him Kill him and seize this inheritance from him!"

"Yes! That's right! It must be so!"

"Yeah, I think the reason why Ye Feng's combat power has become so terrifying is because he got incredible treasures from the ancient ruins of the Chaos Dynasty."

...

Almost at this moment, the whole place was boiling.

Everyone's eyes became extremely greedy, staring at Ye Feng.

Because in their eyes, Ye Feng has now simply become a mobile treasure house.

The reason why Ye Feng became so powerful, in everyone's minds, was because he got incredible inheritance from the ancient ruins of the Chaos Dynasty, and that's why he became so powerful.

So at this time, thousands of super geniuses all surrounded Ye Feng, with deep greed in their eyes. \u003c

br\u003e

"Oops! Are these thousands of super geniuses all going to attack Ye Feng together and kill him?"

At this time, Princess Meng'er and Golden Sword Eagle, who were standing not far away, couldn't help but have deep worries in their eyes.

Because you have to know that these are not ordinary people, they are thousands of top geniuses, coming from major forces and families in the Star Territory, they are very terrifying.

With thousands of top geniuses gathered together, they would definitely be able to sweep through everything. Even some of the elders and big shots in the Star Territory would not be able to resist, let alone a young genius like Ye Feng.

At this time, Ye Feng looked at Princess Meng'er and Golden Sword Eagle beside him, and couldn't help but said: "You don't have to worry too much, I am no longer the Ye Feng before, my life has been completely transformed now." , you will know how powerful I am later."

Buzz!

After saying that, Ye Feng did not flinch at this time, but flew directly towards the thousands of top geniuses.

"Um?"

"He actually wants to take the initiative to confront us?"

"This Ye Feng is really too arrogant. Even the emperor of the Galaxy Dynasty in the Star Territory would not dare to fight against us in the face of thousands of top geniuses."

"kill!"

At this moment, thousands of super geniuses made sarcastic sounds, with deep mocking looks in their eyes.

Because they all felt that Ye Feng was absolutely crazy now and had a broken brain, that's why he took such a stupid action.

"Let's go together! Kill this kid completely, and then we will divide the wealth he got from the ancient ruins of the Chaos Dynasty together!"

Boom! !

At this time, thousands of super geniuses all started to take action, bursting out their own extremely powerful method inheritance.

"Sky Thunder Sword Technique!"

"The Great Demonic Hand of Ancient Heaven!"

"The realm of endless swordsmanship!"

"Sun True Fire Technique!"

"Holy Light of the Sky!"

"Poison Demonic Sword!"

"Abi Hell Sword Killing Way!"

"Great Destruction Technique!"

"The Blood Demon's Heaven-Destroying Sword!"

...

Boom boom boom boom...

At this moment, countless top geniuses all took action, releasing their best martial arts inheritance.

Suddenly, the power of various attributes turned into thousands of light waves and power frenzy, all of which bombarded Ye Feng's body.

What shocked everyone at this time was that Ye Feng stood there without moving at all, as if he was stupid.

"Hahaha! This kid must have been completely frightened by our horrific attack and didn't dare to move at all."

"If you dare to challenge our thousands of super powers for a few days, you will naturally end up in destruction."

At this moment, all the top geniuses looked at Ye Feng standing there without moving, with deep sarcasm in their eyes.

At this time, they all laughed at Ye Feng's arrogance and Ye Feng's impending destruction.

"Boom!"

Finally at this time, all the devastating attacks hit Ye Feng.

At this time, the place where Ye Feng stood at this moment was enveloped by countless terrifying and destructive light waves in an instant.

The entire void is about to be shattered!

At this time

At this time, all the super geniuses showed deep sarcasm in their eyes, and they couldn't help but say: "This kid is dead, I'm afraid he has turned into ashes now, I hope his storage ring is not broken."
"

"Oh, is it so?"

But at this time, Ye Feng's voice suddenly sounded in the destructive light wave, and it was very indifferent.

"What?"

Upon hearing this voice, the eyes of countless super geniuses present changed.

"This kid is not dead yet. How is this possible?"

Everyone had deep shock in their eyes at this time.

Because when all the destructive light waves not far away dissipated, Ye Feng stood where he was, not suffering any damage at all.

At this moment, Ye Feng's body is exuding the light of immortal chaos, just like the most perfect handicraft from heaven, indestructible, as if it was cast from the strongest jade in the world.

Thousands of super geniuses attack together, and the destructive force generated cannot even break through Ye Feng's defense!

"Invincible!"

"So invincible!"

At this time, when the Golden Sword Eagle not far away saw this scene, he immediately roared excitedly, with deep excitement in his eyes, because the defensive power Ye Feng displayed at this moment was simply incredible. Extremely shocking.

"Why did he suddenly become so powerful?"

At this time, all the thousands of super geniuses present were stunned for a moment.

They have never seen such a powerful body that can withstand the joint attack of thousands of super geniuses. This is really terrifying to the extreme.

While everyone was stunned, Ye Feng stared at the thousands of super geniuses present, grinned, and said slowly: "Your attack is over, now it's my turn, right?"

Chapter 3367 Let them come

boom! !

Almost at the moment Ye Feng finished speaking, a terrifying energy of chaos suddenly erupted from Ye Feng's body.

Then, Ye Feng's whole body began to grow rapidly, becoming extremely majestic and vast, directly turning into a chaotic giant with a height of tens of thousands of feet.

"boom!"

After Ye Feng turned into a majestic chaos giant, he directly attacked thousands of super geniuses not far away.

Ye Feng stretched out a hand. This hand was extremely huge. It was a big hand of chaos, full of unparalleled destructive power. In an instant, it covered the heads of dozens of super geniuses.

Buzz!

This kind of terrifying pressure suddenly made the entire bodies of dozens of super geniuses collapse.

"ah!"

"ah!"

"ah!"

Accompanied by screams, the entire bodies of these dozens of super geniuses exploded on the spot and turned into a bloody mist.

"What?!"

Seeing this horrifying scene, all the super geniuses present felt their entire bodies shiver.

Because Ye Feng's attack at this moment was really terrifying, he turned into a Chaos Giant, which was simply extremely powerful.

Swish, swish, swish!

Swish, swish, swish!

At this time, all the super geniuses were running away quickly, because they knew that they could not fight Ye Feng at all.

Because their attacks can't cause any harm to Ye Feng, how can they fight?

At this moment, the chaotic giant Ye Feng transformed into was the powerful talent awakened by Ye Feng's chaotic body after entering the tenth level of perfection, called the "True Body of Dominance".

In other words, Ye Feng can directly transform his body into the true body of the Chaos Lord at this moment, bursting out with terrifying power.

Although the true form of the Lord that Ye Feng transformed into is definitely not comparable to the real Lord of Chaos, it can definitely unleash some of the power of the Lord of Chaos.

You know, the Chaos Master is the top master.

Zai, even if he only bursts out a part of his power, it would be extremely terrifying.

So at this time, Ye Feng turned into a Chaos Giant, and his combat power reached a peak state. Every time he blasted out his palm, he was able to explode with unparalleled destructive power, and he was able to directly blast dozens of super geniuses in an instant. into pieces.

Thousands of super geniuses fled quickly around them, but they could not escape Ye Feng's attack range.

Because Ye Feng's current location is the center of the entire ancient world.

The energy of chaos is the strongest here.

At this time, after Ye Feng became the true form of the Lord, he was able to echo the chaotic energy of the entire world and explode with unparalleled power.

Along with the tragic screams, almost all the super geniuses were killed by Ye Feng.

When the last super genius was crushed by the Chaos Giant transformed by Ye Feng, the entire field suddenly became quiet.

Thousands of super geniuses and top elites in the entire ancient world were all wiped out by Ye Feng alone.

At this time, even Golden Sword Eagle and Princess Meng'er, who were very familiar with Ye Feng, couldn't help but widen their eyes and open their mouths, their eyes filled with deep sluggishness.

Because Ye Feng's fighting power just exploded really shocked everyone to the extreme.

At this time, Ye Feng himself was very indifferent.

Because Ye Feng knows very well how terrifying power his chaotic body can have after entering the tenth level of perfection.

These so-called super geniuses are nothing in Ye Feng's eyes.

"Boom!"

At this time, Ye Feng directly burst out the Devouring Domain and began to devour the powerful cultivation of thousands of super geniuses present.

Don't think that these thousands of super geniuses were killed quickly under Ye Feng's hands, which means that

These thousands of super geniuses are very weak.

On the contrary, these thousands of super geniuses are very powerful. The reason why they couldn't defeat Ye Feng and were killed by Ye Feng so easily is because Ye Feng's Chaos Body of the Tenth Heavenly Perfection is so terrifying, it's simply... Unable to resist.

Therefore, the blood energy and skills provided by these thousands of super geniuses are still very powerful.

After Ye Feng devoured all the skills of these thousands of super geniuses at this moment, he immediately felt that his entire body and dantian were filled with a large amount of majestic skills.

Ye Feng's cultivation level suddenly made a huge breakthrough.

Ye Feng's cultivation was previously at the tenth level of the Yangshen Realm, but now he has directly broken through to the Distracting God Realm above the Yangshen Realm, and then continues to break through.

"boom!"

The first level of distraction realm!

"boom!"

The second level of the distraction realm!

"boom!"

The third level of distraction realm!

"boom!"

The fourth level of the distraction realm!

"boom!"

The fifth level of distraction realm!

"boom!"

...

"boom!"

Perfection in the tenth level of the distraction realm! !

At this time, Ye Feng's cultivation level experienced an unparalleled breakthrough.

Directly from the tenth level of the Yangshen Realm, he crossed a whole great realm and broke through to the tenth level of the Distracting God Realm, the Great Perfection!

At this time, the power between heaven and earth in the entire ancient world began to vibrate rapidly.

Because Ye Feng's cultivation is now so powerful that the entire ancient world is almost about to collapse.

Ye Feng understood at this time that it seemed that the range of power that this ancient world could accommodate was within the distraction realm.

After knowing this, Ye Feng felt very afraid of "world cleanup".

In such a glorious ancient world, a behemoth like the Chaos Dynasty was born. As a result, after experiencing the "World Cleanup", not only did all the strong men fall, but the power of the entire world became so fragile that it could only be tolerated. A cultivation level at the level of distraction.

This shows how terrifying and terrible the world cleanup is.

However, Ye Feng knew that even if he was still afraid of cleaning up the world, he would probably have to face it in the future.

The only way is to make yourself stronger and stronger, so that you can fight against all so-called crises.

At this moment, after Ye Feng broke through to the tenth level of the distraction realm, the Golden Sword Eagle and Princess Meng'er flew in front of Ye Feng in an instant.

Princess Meng'er's beautiful eyes were filled with deep shock at this time. She stared at Ye Feng and couldn't help but said: "Ye Feng, your current cultivation level is probably not enough even if you return to the Star Territory." You can be regarded as the top powerhouse, not to mention your extremely powerful Dzogchen Chaos Body, even with your cultivation of the tenth level of the God Distraction Realm, you can be considered the top powerhouse in the Star Territory."

Ye Feng just smiled slightly at this and said aloud: "This time in the ancient ruins of the Chaos Dynasty, I did undergo a huge transformation, and these thousands of super geniuses also provided me with enough skills. "

When Princess Meng'er heard what Ye Feng said, she gave a helpless smile and said: "But you have killed so many super geniuses, and behind them they represent thousands of big families and big forces. You have returned After entering the Star Territory, it is estimated that thousands of major forces and families in the Star Territory will come to attack us."

When Ye Feng heard what Princess Meng'er said, he just smiled lightly and said, "If they dare to come, just let them come."

At this moment, Ye Feng spoke in a very casual tone, full of deep confidence.

Princess Meng'er wanted to say something more, but thinking of the terrifying destructive power produced by the chaotic giant that Ye Feng had transformed into before, she didn't say anything more.

Because she also feels that Ye Feng's current strength has reached an extremely terrifying level, and there is really no need to be afraid of the so-called big families and big forces in the Star Territory.

Chapter 3368 The Master of Thunder God Sect

At this time, Ye Feng did not waste any more time and said, "Let's go back to the star field now." Princess Meng'er nodded and said, "It is indeed possible to go back now, because all the opportunities and fortunes in this ancient world have probably been plundered, and there is no point in staying any longer." Ye Feng nodded, and then suddenly looked at the golden sword eagle standing beside him, and asked, "Brother Eagle, do you want to leave this ancient world with me?" The golden sword eagle shook his head slightly and said, "I still have a lot of clansmen in this world to arrange, so I can't leave here with you, Ye Feng, for the time being. I still need to go back to arrange some things. After I have arranged them, maybe I will leave the ancient world and go to the origin world to find you, Ye Feng." When Ye Feng heard what the golden sword eagle said, he immediately patted the other party's shoulder and said, "Okay, then I will wait for your arrival. I hope that when we meet again, you and I will have more powerful power." Swish! After saying that, Ye Feng patted the other person's shoulder, and then he and Princess Meng'er took the royal family members of the Galaxy Dynasty and a group of masters from the Mountain and River Ranking and left the place directly.

At this moment, the Golden Sword Eagle stood there, holding the Supreme Bone given to him by Ye Feng in his hand, looking at Ye Feng's back, with a sigh in his eyes.

If he hadn't met Ye Feng, an extremely powerful partner this time, perhaps he would not have been able to get the Supreme Bone in the Chaos Dynasty at all.

The Golden Sword Eagle felt very lucky to be able to meet a genius like Ye Feng. .??.

The Golden Sword Eagle even guessed that Ye Feng would definitely become an extremely terrifying and earth-shaking figure in the nine realms of the entire Origin World in the future.

...

Three days later.

Ye Feng and Princess Meng'er, as well as a group of people from their respective forces, finally left the ancient world and returned to the Star Domain.

When Ye Feng returned

to the Star Domain, he immediately felt the vitality between heaven and earth, as if he could control it at any time.

Ye Feng was very surprised by this. It seemed that after his cultivation had broken through to the tenth level of the Spiritual Realm, he was indeed a top-level powerhouse in the Star Domain. Even the power of the entire world could resonate with him.

At this moment, Princess Meng'er looked in a certain direction not far away and said, "Ye Feng, I'm going to take our royal family members away from here and return to our Xinghe Dynasty. Do you want to go with me?"

Ye Feng shook his head and said with a smile, "I still have to take so many Mountain and River List masters back to the Five Emperors Divine Sect. After all, I am now the son of the Five Emperors Divine Sect."

Princess Meng'er nodded and said, "This time you killed all the geniuses in the ancient world. It is estimated that there will still be many big families who will attack you. Even if your current cultivation strength is very strong, maybe they dare not come openly, they may come secretly, or they may hire some extremely terrifying killers to kill you. Ye Feng, you must be careful."

Ye Feng smiled and said, "Don't worry, I'm not a good person either."

Swish!

After saying that, Ye Feng leaped up and left the scene with a group of Mountain and River Ranking masters, flying quickly towards the direction of the Five Emperors Divine Sect.

Ye Feng's current cultivation is very powerful. With a group of Mountain and River Ranking masters, he soon returned to the Five Emperors Divine Sect.

When Ye Feng returned to the Five Emperors Divine Sect, a group of big figures from the sect were already welcoming him at the gate of the Five Emperors Divine Sect.

Among them was the senior Bei Wentian.

When Bei Wentian saw Ye Feng's safe return at this time, he immediately laughed out loud: "Ye Feng, I knew you could return safely, and your cultivation has reached...

What?!"

At this moment, Bei Wentian suddenly sensed that Ye Feng's cultivation had reached the tenth level of the Spiritual Realm.

It was second only to Bei Wentian himself.

The old senior immediately showed a deep surprise in his eyes, and couldn't help but say: "Ye Feng, how come your cultivation suddenly improved so fast, and you have already reached the tenth level of the Spiritual Realm. You know, the top powerhouse of the Five Emperors Divine Sect like me is only one level stronger than the Spiritual Realm, the first level of the Broken Void Realm, but you are almost catching up with me. This breakthrough speed is too fast." Ye Feng smiled and said: "This time I entered the ancient world, I did get a lot of opportunities, and I killed all the super geniuses and devoured their skills, so there is such a huge improvement, otherwise I want to improve to the tenth level of the Spiritual Realm. , I don't know when it will happen."

"What? You killed all the super geniuses?"

Hearing Ye Feng say this, even Bei Wentian couldn't help but be slightly shocked, then couldn't help but shook his head with a bitter smile, and said: "Ye Feng, you really got into trouble this time. The ones who can enter the ancient world this time must be our star field, and even the extremely powerful forces in the demon world. The super geniuses sent out, you killed all the geniuses, which is equivalent to provoking all the forces in the entire star field."

Ye Feng heard Bei Wentian say this at this moment, and smiled and said: "Don't worry, Senior Bei, if they dare to come to me, then I will let them know what regret is. "

Hearing what Ye Feng said and sensing the extremely powerful confidence in Ye Feng's tone, Bei Wentian couldn't help but said: "You have finally grown up completely. Since you have such strong self-confidence, It seems that you can cope with this danger, so I will wait and see how you deal with the murderous intentions of so many super powerful forces."

r\u003e

Ye Feng smiled and said: "Senior Bei, don't worry, you just have to watch it slowly in the Five Emperors Divine Sect."

Boom!

Suddenly, while Ye Feng and Bei Wentian were talking, the whole sky suddenly changed.

Uh-huh!

An extremely huge chariot, shining with the light of thunder, suddenly flew over from the void.

On top of this thunder chariot, stood a majestic middle-aged man. The robe he wore was entirely made of thunder and lightning. He looked like an ancient thunder god, which was very terrifying.

Bei Wentian couldn't help but look shocked, and said aloud: "The leader of the Thunder God Sect in the Northern Wilderness of the Star Territory? You suddenly came to the territory of our Five Emperors God Sect. Is there something wrong?"

Hearing what Bei Wentian said, the leader of the Thunder God Sect immediately spoke out angrily: "You still dare to ask me why I came? This divine son of your Five Emperors God Sect is so audacious that he destroyed all the super geniuses of our Thunder God Sect. Kill him, all the soul cards are broken, I am here to settle the score this time!"

"this....."

Bei Wentian was about to say something.

But Ye Feng grabbed Bei Wentian, and he was alone. At this time, he stepped forward, stared at the leader of the Thunder God Sect in the sky, and said loudly: "They want to rob me of the wealth, theirs Greed led to their death."

"Shut up!"

The leader of the Thunder God Sect immediately roared, staring at Ye Feng, his body thundering with thunder, and said loudly: "No matter what the reason is, if you kill all the super geniuses in our Thunder God, you will end our Thunder God." The foundation of the next generation, this is simply a heinous crime. Even if the five great emperors of your Five Emperors Sect take action today, they cannot save you. I will completely wipe out this hateful young man like you. "

Chapter 3369 Defeated

Buzz!

The thunderous aura emanating from the leader of the Thunder God Sect at this moment was extremely terrifying and huge, as if a real ancient thunder god had arrived.

Bei Wentian looked at Ye Feng beside him and couldn't help but said: "Are you sure you can fight against the leader of the Thunder God Sect? He is an old and powerful man who has been famous for a long time. He is definitely a well-known big shot in Beihuang and has transcendence points. The tyrannical cultivation of the God Realm and the Shattering Void Realm."

At this time, Ye Feng just smiled confidently and said, "Senior Bei, just watch my performance."

Buzz!

At this moment, Ye Feng walked directly forward, facing the leader of the Thunder God Sect high in the sky alone.

"Senior Brother Ye Feng is so awesome!"

"Senior Brother Ye Feng dares to face such a big shot alone. This kind of courage is really terrifying. If it were me, I would have been so frightened that I fell to the ground."

At this moment, many disciples of the Five Emperors Divine Sect came outside and saw the scene in front of them, with deep horror and awe in their eyes.

At this time, the leader of the Thunder God Sect stared at Ye Feng, with deep sarcasm in his eyes, and said loudly: "How dare you, a junior like you, dare to confront me? I have to admire your courage, but this so-called In my eyes, your courage is just stupid behavior. Do you really think that you can suppress so many super geniuses in the ancient world and you can compete with top elders like me? This is absolutely not true? possible."

"Hands of Thunder!"

At this moment, the leader of the Thunder God Sect directly released a terrifying attack.

He stretched out a hand, and in the sky, endless thunder and lightning suddenly condensed together, forming a big hand of thunder, full of unparalleled destructive power.

thunder

The power itself has extremely terrifying destructive power, let alone being released by the leader of the Thunder God Sect at this moment.

You know, the leader of the Thunder God Sect has a powerful cultivation level in the Shattering Void Realm, and is definitely the top super strong person in the Star Territory.

At this time, the thunderous hand he had condensed was filled with unparalleled power and directly hit Ye Feng on the head.

Facing that terrifying thunder hand, Lian Bei Wentian showed a trace of solemnity in his eyes at this time.

But Ye Feng didn't use any martial arts at all at this time. He just smiled indifferently and then punched out directly.

Ye Feng's punch did not emit any divine light, it was just an ordinary punch.

But the next moment.

"boom!!"

"Crack!"

Ye Feng's fist directly smashed the big thunder hand into pieces, as if Ye Feng's fist contained unparalleled power and could break everything.

"What?"

Seeing this scene, the leader of the Thunder God Sect suddenly showed deep horror in his eyes.

He couldn't help but stare at Ye Feng, this ordinary-looking young man, and couldn't help but say: "You, a young junior, have a whole level lower than me in cultivation, how can you possibly have With such terrifying power? And what you released just now seems to be the power of your body. Why is your body so terrifying? What kind of special physique do you have among our human race?"

At this time, Ye Feng looked at the chattering leader of the Thunder God Sect and immediately sneered and said

He said in a loud voice: "Why are you talking so much nonsense?"

"presumptuous!"

When the leader of the Thunder God Sect saw Ye Feng's seemingly contemptuous eyes, he immediately became extremely angry.

"The true form of the God of Thunder!"

He is directly displaying a terrifying inheritance once again.

Wow!

I saw a large blue-purple thunder surge out of the leader of the Thunder God Sect.

These thunderous lights condensed directly behind the leader of the Thunder God Sect into a thunder giant, which was combined with the entire figure of the leader of the Thunder God Sect to form the true body of the God of Thunder. Every move can destroy the entire earth, causing The whole sky was trembling.

Ye Feng did not hesitate at this time and directly released the true form of the master of the Chaos Body Dzogchen.

Buzz!

I saw Ye Feng's whole body began to expand, and he directly turned into a chaos giant, which also had majestic and boundless power. He rushed directly to the sky and fought with the thunder giant turned into by the leader of the Thunder God Sect.

Boom! !

Under the shocked gazes of countless people, two giants with different attributes fought fiercely high in the sky. The whole world was shaking, all the wastelands were trembling, and the mountains and the earth all began to rapidly break, disintegrate and destroy.

Above the entire sky, the energy of chaos and the light of thunder all gathered together. It was so chaotic that it seemed like it could destroy the world.

Seeing this scene, Bei Wentian suddenly showed a hint of sigh in his eyes.

He finally understood why Ye Feng had such strong self-confidence. It turned out that Ye Feng's physique had been raised to the limit, and he could fight with the top experts just by relying on the strength of his body.

"boom!!!"

Suddenly at this moment, there was a huge roar in the sky, and a burly man fell from the sky, smashing a large area of land.

"That's...the leader of the Thunder God Sect!"

The next moment, everyone's eyes suddenly showed deep horror.

Because the one who fell on the ruins of the earth turned out to be the leader of the Thunder God Sect, an older and powerful man!

"The leader of the Thunder God Sect was defeated?"

At this time, everyone couldn't help but have deep shock in their eyes.

Because the leader of the Thunder God Sect is the top super strong man in the Star Territory and has almost never been defeated.

But now, he was defeated by the young genius Ye Feng.

This is really unimaginable!

"Buzz!"

At this time, Ye Feng appeared from high in the sky, surrounded by chaotic energy, like a god, standing high in the sky.

"I actually... lost..."

In the ruins, the leader of the Thunder God Sect opened his eyes wide, as if he couldn't believe what was happening in front of him.

"Not only do you lose, you also die."

boom!

Suddenly Ye Feng rushed down from the sky and crushed the head of the leader of the Thunder God Sect with one foot!

"hiss!"

"It's really killing!"

At this moment, countless people were shocked to the extreme. They did not expect that the powerful leader of the Thunder God Sect would actually fall here and die in the hands of this young man, Ye Feng.

"powerful!"

At this time, even Bei Wentian couldn't help but give Ye Feng a thumbs up, praising Ye Feng's terrifying fighting power.

Chapter 3370 Bei Wentian's overall pattern

At this time, the whole place fell into a dead silence.

Because no one thought that the leader of the Thunder God Sect would be defeated by Ye Feng.

Moreover, he died so quickly!

His head was crushed by Ye Feng's kick.

It was extremely frustrating to die.

At this moment, Ye Feng didn't care what others thought.

"boom!"

At this time, he directly released the extremely powerful devouring power, which immediately enveloped the dead Thunder God Sect leader.

Suddenly, a huge amount of skill was directly absorbed by Ye Feng, and then it quickly strengthened Ye Feng's skill.

It has to be said that the master of the Thunder God Sect is still very powerful.

You know, the leader of the Thunder God Sect is not an unknown person.

This leader of the Thunder God Sect possesses a powerful cultivation level at the third level of the Shattering Void Realm, and provides Ye Feng with very sufficient energy.

"boom!"

Suddenly, a huge aura of cultivation surged out of Ye Feng's body.

Ye Feng made a breakthrough at this moment!

From the tenth level of the distraction realm, he directly broke through and stepped into the half-step broken void realm!

At this time, Ye Feng's eyes showed a trace of happiness.

I didn't expect that the leader of the Thunder God Sect would actually provide him with such a huge amount of energy.

Ye Feng originally thought there was no way to break through.

Unexpectedly, it broke through directly.

Bei Wentian spoke up at this time: "The body of the leader of the Thunder God Sect contains the blood of the ancient thunder god, so the energy he provides you is still very high-level, which will naturally allow you to achieve breakthroughs in your cultivation."

Hearing Bei Wentian say this, Ye Feng immediately nodded.

Then Ye Feng looked around and found that the whole world was calm.

\u003e

Obviously, the death of the leader of the Thunder God Sect has served as a wake-up call to the controllers of other major forces who may be preparing to take action but are hiding in the dark, so that they dare not continue to take action against Ye Feng.

Bei Wentian smiled and said: "Ye Feng, you killed the leader of the Thunder God Sect, which is equivalent to killing the chicken to scare the monkeys. It is estimated that no big power leader will dare to deal with you in a short time."

Ye Feng shook his head helplessly and said, "I still hope they will deal with me. In this case, I can kill and devour more powerful leaders."

Bei Wentian: "..."

Seeing Ye Feng's seemingly pityful expression, Bei Wentian couldn't help but smiled bitterly and shook his head.

Buzz! Buzz...

Suddenly at this moment, the five emperors of the Five Emperors Divine Sect appeared in front of Ye Feng and Bei Wentian.

Among the five emperors, the white-haired old man in the middle said: "Ye Feng, we are going to make you the sect leader of our Five Emperors Sect."

"What?"

Hearing the five great emperors say this, and saying so in front of everyone's attention, the countless disciples or elders of the Five Emperors Divine Sect present showed deep shock in their eyes.

No one expected that the five great emperors would pay such attention to Ye Feng, and directly wanted Ye Feng to become the leader of the Five Emperors Divine Sect.

This is simply a great treatment!

But at this time, Ye Feng smiled slightly and said: "I don't want to become the leader of the Five Emperors Divine Sect, because I am destined not to stay in the Star Territory for long."

Ye Feng is not a blind person, and he will not follow the crowd. He has his own training plan.

Ye Feng knew very well that maybe he

Becoming the leader of the Five Emperors Divine Sect will enjoy boundless power in the Star Territory.

However, this is not what Ye Feng wants.

What Ye Feng wants is more powerful power and a broader world.

He also needs to find his father and mother, and help the Ye family face a huge crisis.

In addition, Ye Feng knows that now that his chaotic body has entered the Great Perfection, this does not mean that his path of cultivation has come to an end.

Ye Feng knew that there was a more terrifying and great bloodline hidden in his body, which was the Hongmeng Xuan Vein that had not yet been activated.

Only by going to higher realms to find more powerful power and various cultivation resources can he possibly inspire his most powerful Hongmeng bloodline.

In addition, after Ye Feng learned about the "world cleanup" before, he became more aware of the crisis in his heart.

Ye Feng felt his scalp numb when he thought about how the ancient world, which was so glorious back then, had become so depressed and dilapidated after being cleaned up by the world.

That kind of dimensionality reduction attack from a higher civilization is really terrifying.

It must be even stronger to be able to fight against that terrifying world cleanup.

At this moment, after Ye Feng finished speaking, the five emperors of the Five Emperors Divine Sect all showed traces of disappointment in their eyes.

Because they really hope that Ye Feng can become the leader of the Five Emperors Divine Sect, because they see Ye Feng's infinite power and potential, and can lead the Five Emperors Divine Sect to new glory.

However, Bei Wentian suddenly spoke up at this time: "Five senior brothers, please stop forcing Ye Feng to do anything. Ye Feng has his own plan, so let him practice according to his own plan. Because I don't want the second-level realm of Star Territory,

If a genius with unlimited potential like Ye Feng is restrained, it will be a loss for the entire world of origin. "

At this moment, I have to say that Bei Wentian's situation is very large. Think about this matter directly from the world view of the entire origin world.

Because in Bei Wentian's heart now, Ye Feng is no longer just a genius of the Five Emperors Divine Sect, he already regards Ye Feng as a genius of the entire Origin World.

At this moment, when the five great emperors heard what Bei Wentian said, they all nodded and then each disappeared.

At this time, Ye Feng hugged Bei Wentian's fists and said, "Thank you, Senior Bei, for helping me say these words."

Bei Wentian smiled and patted Ye Feng's shoulder and said: "Don't be so polite. You are such a super genius. I can't delay you. By the way, are you ready to fly to the third level immediately? I can provide you with some help, because I tried to ascend to the third level realm before, but failed, but I have some experience that can help you ascend to the third level realm, the snowy realm, more smoothly."

When Ye Feng heard what Bei Wentian said at this time, he shook his head and said loudly: "I still have a lot of things to do in the Star Territory. There is no need to go to the third-level realm of Snow Territory so soon. I think If I improve my strength a little more and enter the snowy realm, I won't be too weak and can deal with some ordinary crises after I reach the third level realm."

When Bei Wentian heard what Ye Feng said, he immediately nodded and said: "You are right, then you will continue to live in our Five Emperors Sect for a while."

Ye Feng shook his head and said loudly: "I have to leave the Five Emperors Divine Sect for a while. I want to go to the Galaxy Dynasty to do a very important thing. When I was in the first level realm, I was once attracted by a mysterious person from the Galaxy Dynasty. The big shot has cast an evil curse, and now I want to find out the mastermind behind it."
