Chapter 3371 Full cooperation

Buzz!

After Ye Feng finished speaking, he jumped up and disappeared.

At this moment, Ye Feng did not hesitate or waste any time, and flew directly in the direction of the Galaxy Dynasty.

Along the way, Ye Feng crossed mountains, rivers and seas, and passed through countless dangerous areas without encountering any obstacles.

Even though Ye Feng passed through many so-called life restricted areas in the Star Territory, no Holy Spirit dared to appear to deal with Ye Feng.

Because of the terrifying aura exuding from Ye Feng, he was able to frighten everything wherever he went.

Buzz!

Half an hour later, Ye Feng crossed countless lands and finally arrived at the edge of the Galaxy Dynasty's territory.

At this time, a group of soldiers wearing golden armor suddenly appeared in front of Ye Feng and said loudly: "This is the territory of the Galaxy Dynasty. If you want to enter, you must show your identity."

When Ye Feng saw this group of golden armored guards, he just smiled indifferently and without saying anything else, he stepped directly into the territory of the Galaxy Dynasty. .??.

"presumptuous!"

Seeing Ye Feng do this, the group of guards wearing golden armor couldn't help shouting, trying to block Ye Feng's way.

Buzz!

But the next moment, just as they took action, Ye Feng's back had disappeared.

Ye Feng took one step forward and teleported thousands of miles away, disappearing directly from the sight of the group of golden armored guards.

"this....."

Seeing this scene, a large group of golden armored guards present could not help but have deep horror in their eyes.

Because it can span thousands of miles in one step, this kind of cultivation is absolutely terrifying that they can't imagine.

A golden armored guard couldn't help but said: "It seems that only the top big shots in our star field can do this. Who is this young man?"

, it's too scary! "

At this moment, the group of golden armored guards present were all in deep shock.

They were very lucky that this terrifying young man did not cause trouble for them.

Otherwise, none of them would survive.

...

After Ye Feng crossed the territory of the Galaxy Dynasty, he had arrived at the center of the Galaxy Dynasty in less than half an hour.

There is a huge golden city here, standing on the earth, looking majestic, majestic, and vast.

This city is definitely the imperial city of the Galaxy Dynasty!

Buzz!

At this moment, Ye Feng flew directly over.

Suddenly, on the walls surrounding the Imperial City of the entire Galaxy Dynasty, a large piece of golden light surged out, forming a huge light shield, blocking Ye Feng from the outside.

At this moment, the changes in the entire city wall immediately attracted the attention of countless people in the entire imperial city.

Countless residents living in the imperial city, including royal members of the Galaxy Dynasty and many noble children, all looked outside the imperial city.

They immediately saw Ye Feng's figure outside the imperial city.

A nobleman from the dynasty couldn't help but smile coldly and said aloud: "What happened during this time? How come there are always some ignorant brats who come to challenge the majesty of the imperial city of our Galaxy Dynasty? It is estimated that this brat will soon be The formations engraved on the walls of our imperial city were instantly destroyed."

Boom! !

But at the next moment, before the nobles of this dynasty could finish their words, suddenly accompanied by an extremely terrifying roar, one of Ye Feng's palms stretched out and directly

All the formations displayed on the imperial city were crushed to pieces.

"What?!"

Seeing this scene, the royal noble's eyes suddenly widened with deep horror in his eyes.

The opponent could actually crush all the powerful formations in the entire imperial city with one hand?

This kind of strength is simply too terrifying!

It's simply unimaginable!

"Who is this young man?"

"What exactly does he want to do when he comes to the imperial city of our Galaxy Dynasty?"

At this moment, the eyes of countless people in the imperial city were filled with deep horror.

Buzz!

At this time, Ye Feng was alone and had flown to the top of the entire imperial city.

Ye Feng suddenly spoke up: "Emperor Galaxy, I'm here, won't you come out to greet me?"

Emperor Xinghe is the emperor of Xinghe Dynasty!

At this moment, Ye Feng said these words, full of boundless domineering power, which shocked everyone in the entire imperial city to the extreme.

"This young man has a really strong voice!"

"No matter how powerful he is, he is probably only a young genius. How can he compete with the strong men of the older generation? He will probably be killed by the guards in our imperial city soon."

At this moment, everyone in the imperial city could not help but speak out.

"The Emperor will naturally welcome the arrival of the Divine Son of the Five Emperors Divine Sect in person."

But the next moment, what made countless people in the entire imperial city almost stare was that with a majestic voice, the Galaxy Emperor actually appeared.

The Emperor of the Galaxy is a middle-aged man who looks unparalleled in majesty. He is wearing a set of royal robes that exude the light of the galaxy. He looks like he has unparalleled power and momentum.

But at this time, Emperor Xinghe

In front of Ye Feng, he looked very polite, and everyone even felt that Emperor Xinghe still had a faint feeling of fear towards Ye Feng.

"How can this be?!"

After seeing this scene, everyone just felt that they were hallucinating.

How could the unparalleled and aloof Emperor of the Galaxy be so polite to a young man?

Even some fear? ?

This is simply incredible!

"His Majesty the Emperor just said that this young man is the divine son of the Five Emperors Divine Sect!"

"Ah? It turned out to be that legendary figure from the Five Emperors Divine Sect! No wonder! No wonder! It turned out to be him!"

"Yes! Her Royal Highness Princess Meng'er once said when she came back that all the thousands of top geniuses from superpowers who participated in the trial were wiped out by the Son of God of the Five Emperors Divine Sect. This is a super ruthless person! "

"hiss!"

At this moment, there were sudden gasps of air in the room.

Everyone in the entire imperial city immediately understood why Emperor Xinghe was so polite to such a young man.

This young man in white turned out to be the super ruthless man from the Five Emperors Divine Sect!

No wonder!

High in the sky, Ye Feng stared at the Emperor of Galaxy in front of him at this moment. He was quite satisfied with the attitude of the other party. He nodded and said loudly: "Emperor of Galaxy, I came to your Galaxy Dynasty this time not to provoke, but to provoke. It's to find an enemy of mine."

Emperor Xinghe immediately said: "Whatever the Son of God wants to do, we will fully cooperate with him."

Emperor Xinghe said at this time, there was even some cold sweat on his forehead.

It was not because Emperor Xinghe was cowardly, but because he had just received shocking news that the leader of the Thunder God Sect, who was at the same level as him, had just been killed by Ye Feng.

This news made Emperor Xinghe completely tremble.

Chapter 3372 The Demonic King of Northern Liang

At this time, Emperor Xinghe's attitude was very sincere and he was fully cooperating with Ye Feng.

Ye Feng immediately nodded and said, "Just don't stop me."

How dare I stop you!

Emperor Galaxy was thinking in his heart, but on the surface he smiled quickly and said: "Of course I won't stop you. You are the divine son of the Five Emperors Divine Sect. Our Galaxy royal family and the Five Emperors Divine Sect have always been good partners in guarding the territory of the human race." .? ?.

Hearing this, Ye Feng nodded slightly and did not say anything more to the Emperor of Galaxy. Instead, he directly released his soul power and spread it towards the entire Imperial City of Galaxy Dynasty.

Now Ye Feng's cultivation level has reached a very terrifying level.

At this moment, Ye Feng activated the soul gem, directly raising the intensity of his soul power to a very huge level.

At this time, Ye Feng had a terrifying sense of any scent.

So at this time, Ye Feng activated the breath of the curse he had been given before, and immediately sensed a breath of the same origin, hidden among the royal family of the Galaxy Dynasty.

"Come out!"

boom!

Suddenly at this moment, Ye Feng shouted coldly and stretched out a hand.

His hand suddenly turned into a majestic and boundless hand of chaos, just like the palm of a god, quickly grabbing towards a certain direction of the Galaxy Dynasty royal family.

At this moment, everyone saw that the location where Ye Feng's chaotic hand grabbed and landed turned out to be the residence of the most famous prince in their Galaxy Dynasty, King Beiliang!

"boom!"

But at the moment when Ye Feng's chaotic hand fell, a huge roar suddenly erupted from the palace of King Beiliang.

Buzz!

I saw King Beiliang holding a dark long sword in his hand, which actually blocked Ye Feng's chaotic hand.

King Beiliang's eyes were full of gloom at this time, as if he didn't expect Ye Feng to actually find the original aura of the evil curse on his body.

And he never expected that the young man from the low-level realm would not die from the evil curse he had placed on him back then, and would be able to grow to this level and even come directly to the star realm to cause trouble for him. .

"It's actually the King of Northern Liang!"

At this time, everyone in the entire imperial city couldn't help but have deep shock in their eyes.

Because the King of Northern Liang can be said to be a very famous prince in the Galaxy Dynasty, and he is a highly respected figure.

But at this time, in order to resist Ye Feng's powerful hand of chaos, the Northern Liang King held a dark sword that exuded endless evil energy. Everyone suddenly had various speculations and thoughts in their hearts.

Emperor Xinghe couldn't help but have a look of surprise in his eyes at this time. He immediately stared at King Beiliang, who was deeply possessed by the demonic aura, and said loudly: "Are you possessed by a demon?"

At this time, King Beiliang showed an indifferent smile on his face and said loudly: "Emperor Galaxy, fortunately you are still the emperor of the Galaxy Dynasty and the commander-in-chief of the human race in the Star Territory. You have not discovered my true identity for so many years. "

Ye Feng flew forward at this time and flew directly towards the King of Beiliang, wanting to fight the King of Beiliang.

But at this time, Emperor Xinghe suddenly showed an angry expression on his face.

Qing, said to Ye Feng: "Son of God, the King of Northern Liang is a traitor to the human race, let me deal with him personally. Believe me, I am stronger than the King of Northern Liang."

After the Galaxy Dynasty finished speaking, it directly released the extremely powerful power of the Galaxy.

Buzz!

The whole body of the Galaxy Emperor was shining brightly, with extraordinary momentum, and the king's dragon composed of the power of the galaxy roared around the Galaxy Emperor, making the Galaxy Emperor worship him like a god from the starry sky, directly towards him. Then he attacked the King of Northern Liang and left.

It has to be said that Emperor Xinghe is still very powerful as the emperor of an ancient human dynasty in the Star Territory.

He rushed directly in front of the King of Beiliang and wanted to suppress the King of Beiliang.

King Beiliang stared at Emperor Xinghe at this time, smiled coldly, and said aloud: "Emperor Xinghe, you actually think you are stronger than me? I can only say that you are too naive! The strength I usually show, but It's just the tip of my iceberg, not to mention that I have obtained extremely powerful magic power from the Demon Realm, and even hold a peerless magic weapon like the Sword of Dark Hell!"

Boom!

Almost at that moment, King Beiliang held the pitch-black sword in his hand and slashed directly towards the Emperor of Galaxy.

The moment he slashed it, on the pitch-black sword in King Beiliang's hand, extremely evil demon symbols surged out. They were all filled with extremely powerful power, forming a pitch-black light wave. , which directly bombarded the overcoming Galaxy Emperor and quickly flew backwards into the distance.

Click, click!

Then Emperor Xinghe directly crashed into a large number of surrounding buildings and was directly buried under a pile of ruins. He didn't know whether he was alive or dead.

"What?"

Seeing this scene, everyone in the entire imperial city was horrified to the extreme.

In the minds of everyone, Emperor Xinghe is definitely the top superpower among the human race.

But he didn't expect to be knocked away by King Beiliang's sword.

At this time, everyone understood that King Beiliang had obtained the ancient magic power of the Demon Realm, and that was why he became so powerful.

At this moment, Ye Feng looked not far away and found the Emperor of Galaxy struggling to stand up in the ruins.

Emperor Xinghe looked very embarrassed at this time. He couldn't help but look at Ye Feng and said loudly: "I can't do it anymore. I can't defeat this possessed King of Beiliang. It seems that everything will be left to you, His Highness the Son of God."

"Um."

Ye Feng nodded slightly, then stared at the King of Beiliang not far away, and said slowly: "I didn't expect that you colluded with the entire Heavenly Demon Realm and obtained the power of the Heavenly Demon Realm. No wonder you were able to use it back then. Such an evil curse, but today, I want to get rid of you, this devil!"

The King of Northern Liang smiled sarcastically, stared at Ye Feng, and said loudly: "Although you are a peerless genius, a super genius who is rare to see in the human race for thousands of years, but now I have the Demon Ancestor in the Demon World who personally rewarded me The dark power, and I still hold the legendary sword of dark hell in my hand. This is the top demon weapon in the world of demons. You are no match for me. I advise you to leave here as soon as possible. Don't wait too long. Mind your own business."

Buzz!

At this time, Ye Feng stepped forward in the void, his momentum getting more and more fierce, staring at the King of Beiliang, and said in an extremely determined tone: "Since I'm here today, I'm here to cause trouble for you. , then you will definitely die!" At this time, Emperor Xinghe's attitude was very sincere and he was fully cooperating with Ye Feng.

Ye Feng immediately nodded and said, "Just don't stop me."

How dare I stop you!

Emperor Xinghe was thinking in his heart, but on the surface he smiled quickly and said: "Of course I won't stop you. You are the divine son of the Five Emperors Divine Sect. Chapter 3373 Leaving the Imperial City

Buzz!

At this time, Ye Feng did not hesitate at all and directly burst out the power of his extremely powerful Dzogchen Chaos Body.

Boom!

A large amount of chaotic energy surged out from Ye Feng's body, like a chaotic storm, roaring around Ye Feng.

At this moment, the chaotic energy in Ye Feng directly transformed into a huge field, covering the entire sky and earth.

A kind of terrifying pressure suddenly made everyone in the surrounding imperial city feel a deep sense of depression.

The King of Northern Liang, who was the first to bear the brunt, felt that he had instantly fallen into a deep quagmire, and his actions became extremely restricted, as if moving in a quagmire, which was very difficult.

"The Sword of Dark Hell!"

At this moment, King Beiliang directly activated the black sword in his hand. An extremely powerful demonic energy burst out from the sword, tearing apart the surrounding restraints, allowing King Beiliang to escape from the chaotic atmosphere. The restraint of coercion.

At this time, there was still a hint of surprise in King Beiliang's eyes.

Because the momentum Ye Feng released in an instant made his actions extremely difficult, indicating that Ye Feng's chaotic body had reached a peak level.

The King of Northern Liang even speculated that he was probably facing a terrifying figure who had reached the perfection of his Chaos Body.

Although Ye Feng's cultivation level was a big level lower than him, the Northern Liang King knew that this was definitely an extremely terrifying young enemy.

"kill!"

At this moment, King Beiliang no longer hesitated, directly held the Dark Hell Sword in his hand, and quickly killed in the direction of Ye Feng.

A series of terrifying dark sword lights instantly enveloped the entire heaven and earth, surrounding Ye Feng, and trying to tear Ye Feng into pieces in the countless violent dark sword energies.

dark hell

The sword is very terrifying. These dark sword lights contain the dark energy of the ancient hell. It is terrifying to the extreme and has astonishing destructive power.

Ye Feng didn't have any fear at this time, and a bright divine light burst out from his whole body.

His Dzogchen Chaos Body itself is a very terrifying killing weapon. Ye Feng rushed forward and relied on the strength of his body to withstand the terrifying dark sword light and sword energy.

"kill!"

Then Ye Feng directly used the Coiling Dragon Divine Art, and chaos dragons condensed from the energy of chaos suddenly appeared around Ye Feng, roaring and roaring, and bombarding King Beiliang.

At this moment, King Beiliang was bombarded by chaos dragons and retreated continuously.

At this time, Ye Feng directly used the Eternal Battle Technique and punched out hard.

The art of the eternal battle, combined with the power of the Dzogchen Chaos Body, is simply terrifying to the extreme.

With one punch, the world is shattered!

Poof!

This punch was incredibly powerful, and it directly punched a huge bloody hole in King Beiliang's chest.

"ah!"

The King of Northern Liang screamed in agony at this moment.

But he did not die directly, but still had extremely strong vitality. He frantically activated the Dark Hell Sword in his hand and stabbed Ye Feng fiercely.

Click!

The Sword of Dark Hell actually pierced one of Ye Feng's arms, but it only pierced the flesh.

After the tip of the dark hell penetrated Ye Feng's flesh and blood, it could no longer penetrate Ye Feng's bones and was directly blocked by Ye Feng's bones.

.

"die!"

Ye Feng saw this scene at this time, and without any hesitation, he clamped the Dark Hell Sword with his own bones.

Then he stretched out his hands and with a "sizzle" sound, he tore the entire King of Beiliang in front of him in half, killing him instantly.

The King of Northern Liang died!

"hiss!"

Seeing this clean and tidy battle, everyone in the entire imperial city couldn't help but take a breath of air.

Even Emperor Xinghe, the emperor of the Xinghe Dynasty, has a look of deep astonishment in his eyes at this moment.

He never thought that the extremely powerful King of Northern Liang would be killed so quickly by Ye Feng.

At this time, Emperor Xinghe thought of the news that the leader of the Thunder God Sect was killed on the spot by Ye Feng. Emperor Xinghe immediately understood. It is estimated that no one in the entire star field can stop Ye Feng's killing. .??.

This is simply a super genius that is rare throughout the ages!

At this moment, after Ye Feng killed King Beiliang, the evil curse on him was completely dissipated.

"Swallow!"

At this time, Ye Feng did not waste any time and directly released the Devouring Domain, absorbing all the blood energy and skill of King Beiliang.

The Northern Liang King's cultivation is very powerful, and he is a powerful being in the sixth level of the Shattering Void Realm.

Moreover, you must know that this King of Northern Liang has been practicing the forbidden skills in the Heavenly Demon Realm. He has received the help of a big figure like the Demon Ancestor of the Heavenly Demon Realm, and is much stronger than the previous leader of the Thunder God Sect.

So at this time, after Ye Feng absorbed the skills and blood energy of King Beiliang, he immediately felt that his cultivation level was rapidly improving and transforming.

"boom!!"

At this time, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

At this moment, Ye Feng's cultivation level finally made a complete breakthrough, from half-step of Shattering Void Realm to the real first level of Shattering Void Realm!

Ye Feng has the cultivation level of Shattering Void Realm and is already in the same realm as the top figures in the entire Star Territory.

Moreover, Ye Feng's combat power was already very strong. It is hard to imagine how powerful Ye Feng is now.

Uh-huh!

At this moment, Emperor Xinghe flew towards Ye Feng and couldn't help but clasped his fists and said loudly: "Congratulations to the Son of God for his breakthrough in cultivation, and thank you to the Son of God for helping our Galaxy Dynasty eradicate such a traitor. A huge disaster."

"Emperor Galaxy, you don't have to be so polite. I'm just doing what I should do."

Ye Feng nodded slightly at this time, then jumped directly, disappeared over the imperial city, and left here directly.

Buzz!

At this moment, Princess Meng'er's beautiful figure suddenly appeared next to her father, Emperor Xinghe.

Princess Meng'er's beautiful eyes were fixed on Ye Feng's retreating back, seemingly with deep reluctance.

The princess of the Galaxy Dynasty could not help but murmur, "I wonder if he will come back..."

...

After Ye Feng left the Galaxy Dynasty, he planned to return to the Five Emperors Sect first.

The curse on his body has been completely resolved, so Ye Feng now has to consider how to ascend from the star realm to the third level snow realm.

But just when Ye Feng arrived at the border area of the Galaxy Dynasty, he seemed to sense something.

Ye Feng suddenly turned around, looked at a certain void, and said loudly: "Your Excellency, you have been following me all the way from the Imperial City of the Galaxy Dynasty for so long, should you show up?"

Chapter 3374 Snow Wind Villa

At this moment, the moment Ye Feng finished speaking, there was a burst of space fluctuations in the void not far away.

Buzz!

A beautiful woman wearing snow-white plain clothes appeared in Ye Feng's field of vision.

At this time, Ye Feng's eyes showed surprise.

Because he discovered that he couldn't sense the cultivation aura of this woman in white at all, it was very mysterious.

This made Ye Feng's heart suddenly tremble.

This person is definitely a very scary and mysterious being.

At this time, the woman in white clothes and plain snow slowly walked not far away from Ye Feng. When she saw that Ye Feng was on alert, she immediately chuckled and couldn't help but said: "Young brother, don't be nervous. , Sister, I'm not a bad person."??

Ye Feng stared at the woman in white clothes and asked aloud: "Who are you? You should not be from the Star Realm. There will be no such unfathomable existence in the Star Realm."

"You're a good judge of people."

The woman in white clothes showed a beautiful smile and said aloud: "Let me introduce myself first. My name is Bai Jingjing. I come from the third-level realm 'Snow Domain', a human survival base, Fengxue Villa. This time I came to the low-level The purpose of the realm is to select unparalleled human geniuses for us in Snow Mountain Villa to enter the Snow Mountain Villa, strengthen the human power of our Snow Territory, and keep the incense of our human family from being extinguished. "

Hearing this, Ye Feng's eyes flashed slightly and asked: "What do you mean, do you think the human race is very weak in the snowy land?"

"That's right."

Bai Jingjing's tone at this time was a little heavy as she said: "In the snowy land, thousands of races are fighting for hegemony, demons are rampant, and the chaos is extremely chaotic. The human race is a weak race and can only survive in the cracks between countless powerful races and demons. "

"Surviving between the cracks?"

When Ye Feng heard this, his eyes suddenly showed surprise.

Ye Feng never thought that the human race would be so weak on the snowy land.

You know, in the Star Territory, although the human race cannot occupy all the land, they still control the two core areas.

They are the central area controlled by the Galaxy Dynasty and the Northern Wasteland controlled by the Five Emperors Divine Sect.

, and there are many super sects of the human race.

But in the higher-level snow realm, the human race was so weak, which Ye Feng never imagined.

Hearing what Bai Jingjing said, Ye Feng was silent for a moment, and then said aloud: "Is that why the Snowland humans often come to the low-level realm to find powerful geniuses and enter them to practice, in order to strengthen the power of the human race?"

"That's right."

Bai Jingjing nodded, and then said aloud: "But every time we take action, we take huge risks. Every time we bring super geniuses from the second level realm, we can only do it secretly, and the number of times is very limited, so I can only choose one super genius each time. This time I came to the Star Territory, originally to choose a genius from the Galaxy Dynasty, the most powerful human race in the Star Territory. Originally, I had already selected the great genius of the Galaxy Dynasty. The prince entered our Snow Wind Villa, but I didn't expect that after watching your battle with King Beiliang, I discovered that you are the most amazing super genius in the Star Territory, so I followed you all the way here. In order to choose you, I wonder if you are willing to enter a higher-level snow realm with me and do your part for the growth of the human race? "

Hearing what Bai Jingjing said, Ye Feng fell silent slightly.

If he could really add strength to the human race, Ye Feng would naturally be willing to do so.

But Ye Feng's most important thing is to enter a more advanced realm so that he can find the most powerful power.

But Ye Feng now discovered that the snowy region seemed to be more complicated than he imagined. The human race was very weak, which made it more difficult.

Because when Ye Feng first came to Star Territory, he met the great figure in the human race, Bei Wentian, Senior Bei Emperor.

Therefore, Ye Feng was unscrupulous in the Star Territory, even if his strength had not yet fully grown, because he could rely on Bei Wentian to protect his own safety.

But entering the snowy area, I guess I won't have such good luck.

Because it was a chaotic place where thousands of races fought for hegemony and demons were rampant.

At this time, Ye Feng took a deep breath, and then said aloud: "I am willing to follow you to Fengxue Villa, because I will definitely ascend to the third level realm. If you can take me directly to the Snowy Country, that would be great, I don't have to explore the method of ascending by myself, which saves a lot of time."

When Bai Jingjing heard Ye Feng agreed, her face suddenly showed a trace of joy, and she said loudly: "Okay, great, it seems that you are a super genius who has the courage to look forward. Some super geniuses are here He enjoys great power in the low-level realm and is unwilling to go to the more dangerous high-level realm. He is only satisfied with the status quo, but you are not. I admire you as a high-level pursuer who dares to take risks. "

Ye Feng nodded slightly, and then suddenly asked: "Is the most powerful race in the snowy region the Ice and Snow Dragon Clan?"

"That's right."

Bai Jingjing nodded, glanced at Ye Feng in surprise, and couldn't help but say: "I didn't expect you to know that the king race in our higher realm, the Ice and Snow Dragon Clan, has always been the most powerful in our snow realm. The race, recognized as the king race, has a very terrifying background, and the territory it controls is the most vast and vast."

Hearing this, Ye Feng nodded slightly.

The reason why Ye Feng knew about the Ice and Snow Dragon Clan was naturally because he had met a mysterious strong woman before, Bing Yue, who seemed to be the descendant of the king race of the Ice and Snow Dragon Clan in the Snowy Land. ??

At that time, in the underground ruins of an ancient dragon cave, Bingyue passed through an ancient teleportation array and headed directly to the snowy land.

Ye Feng once promised Bingyue that if he entered the snowy area, he would look for Bingyue's traces.

Seeing that Ye Feng was silent at this moment, Bai Jingjing did not ask any more questions, but said loudly: "Then let's just leave here now. Your current cultivation is in the star field. In addition to enjoying boundless power, Apart from that, there is no possibility of improvement. Among the human races in this world, you are already the most powerful."

When Ye Feng heard what Bai Jingjing said, he nodded slightly and said loudly: "I will go back to the Five Emperors Divine Sect first and say goodbye to the senior Bei Wentian I know. I will leave with you."

Open here. "

"good."

Bai Jingjing nodded, then stood next to Ye Feng, staring at Ye Feng with her beautiful eyes, and said with a smile: "Anyway, I will follow you, brother Ye Feng, before arriving at Fengxue Villa, can you We can't run away suddenly, otherwise it will be a huge loss for our Fengxue Villa."

When Ye Feng heard what Bai Jingjing said, he immediately smiled, shook his head, and said, "I will naturally not go back on what I promised."

boom! boom! boom.....

But just as the two of them were talking, suddenly the entire ground in the human territory of the Star Territory began to shake rapidly.

The earth cracked, and a large area of dark demonic energy surged out from the cracks.

The entire star field seemed to be enveloped by countless demonic energies in an instant, and the entire sky was dark.

"What happened?"

Ye Feng's eyes suddenly changed.

Bai Jingjing said thoughtfully: "It seems that the demons from the Heavenly Demon Realm have launched a massive attack on the human territory of your star domain. Look at the distance."

"That is....."

At this moment, Ye Feng looked into the distance and immediately discovered that at the junction of the Star Territory and the Heavenly Demon Realm, tall and majestic demon giants appeared, as well as countless towering monsters, all of them were dispatched. We want to conquer the entire human territory!

Bai Jingjing immediately said: "Ye Feng, what should you do? Leave as soon as possible, or...?"

Ye Feng saw that the whole world was shrouded in endless dark demonic energy, and said in a very determined tone: "It seems that we have to wait for a while before we can leave. The sky is falling, and there are tall people holding it up, but Now I am the "tall man" in the Star Territory. This time, I will fight for the entire Star Territory human race and completely eradicate this huge scourge in the Demon Realm!"

Bai Jingjing suddenly said: "Although you are now the strongest among the human races in the Star Territory, the Heavenly Demon Realm is not simple. The origins of the demons in the Heavenly Demon Realm can be traced back to one of the ten super ethnic groups in our Snow Territory. 1. 'Black Sky Demon Clan', are you sure you want to be the enemy of the entire demon world?"

Chapter 3375 Facing it alone

At this moment, Bai Jingjing spoke with a hint of advice in her tone, telling Ye Feng not to mind his own business, because she knew that the world of demons was not that simple.

Behind the world of demons, there may be the shadow of a super-large race in their snowy region.

At this moment, Ye Feng's eyes did not show the slightest fear. Instead, he said with a trace of fighting spirit: "The land of Star Territory gave birth to me, so naturally I want to fight for it, and I also have many friends. I and my predecessors are still living in the human territory of the Star Territory, so I must eradicate this scourge of the Demon World."

boom!

After finishing speaking, Ye Feng did not hesitate at all. A bright divine light erupted from his body and flew quickly in a certain direction in the distance.

The direction in which Ye Feng flew was exactly the direction of the Five Emperors Divine Sect.

Because the Demon Realm started its war in the wilderness, the first one to bear the brunt was the Five Emperors Divine Sect in the Northern Wilderness, so Ye Feng went to the Five Emperors Divine Sect first to check the situation.

"What a stubborn little guy." .??.

Seeing Ye Feng flying towards the distance, Bai Jingjing showed a hint of helplessness in her eyes, but she also flew quickly in the direction of Ye Feng.

Because Bai Jingjing knows very well that Ye Feng is definitely a rare super genius, she must take Ye Feng back. In this case, the foundation of their Fengxue Villa will be much stronger.

Moreover, at this time, Bai Jingjing seemed to want Ye Feng to stop meddling in his own business, but she also admired Ye Feng's approach in her heart.

Because if Ye Feng didn't even have this bit of blood, when Ye Feng went to the chaotic snowy land, he would probably be suppressed by countless powerful demons and races, and he would not be able to hold his head up.

Now in the entire snowy region, what the weak human race lacks is not genius, but the kind of genius who has the passion to move forward.

All the qualities that Ye Feng possesses are very suitable for Bai Jingjing's choice.

\u003c

br\u003e So Bai Jingjing is following Ye Feng at this time and cannot let this talented guy run away or die.

Bai Jingjing even thought in her heart that if Ye Feng really encountered unstoppable danger, she might risk being discovered by some super races in the snowy area and rescue Ye Feng.

Ye Feng's speed was very fast. In less than half a day, he had reached the range of the Five Emperors Divine Sect.

At this moment, outside the entire Five Emperors Divine Sect, there was a dark army of demons from the Heavenly Demon Realm.

Among them are majestic monsters that tower into the clouds and are as majestic as mountains, as well as many demon soldiers from various heavenly demon realms wearing strong armor. There are hundreds of thousands of them, and there is no end in sight.

So many terrifying demon soldiers from the demon world will definitely cause a great psychological shock to people.

At this moment, Ye Feng discovered that all the disciples of the entire Five Emperors Divine Sect were dispatched.

They all held the weapons in their hands nervously, trying to resist this demon army.

But they knew very well that they would probably be wiped out.

Because this is the power of all the demons in the entire Demon Realm, this time they are all deployed, it will definitely be a huge crisis for the entire human race in the Star Territory.

At this moment, Ye Feng also saw that the five emperors and Bei Wentian of the Five Emperors Divine Sect were all standing at the front of the sect, with very solemn expressions.

Obviously, for top seniors like them, they were extremely frightened to face so many armies from the demon world at once.

Moreover, you must know that there are many demons with top cultivation levels in the Demon World, who are very difficult to deal with.

But this time

At that moment, when Ye Feng arrived, Bei Wentian suddenly sensed Ye Feng's aura, and immediately his eyes lit up with joy, and he couldn't help but say: "Ye Feng, you are finally back."

At this moment, when they heard Bei Wentian's voice, all the disciples in the entire Five Emperors Divine Sect looked towards the sky.

When they saw Ye Feng's familiar figure, everyone suddenly felt a huge sense of security.

Because Ye Feng's extremely powerful image has already penetrated deeply into their hearts.

You know, Ye Feng can kill top senior figures like the leader of the Thunder God Sect.

Therefore, Ye Feng's strength is still higher than that of Bei Wentian and the five great emperors.

So when Ye Feng came, all the disciples of the Five Emperors Divine Sect felt deeply excited.

Now their Five Emperors Divine Sect was saved.

"Leave everything to me."

Ye Feng saw everyone making a sound at this time, and then flew towards all the demon armies in front of him alone.

At this moment, Ye Feng's figure was very shocking.

After all, being alone and facing an army of hundreds of thousands of demons simply made everyone feel a kind of heroic shock.

At this time, Bei Wentian was very worried and couldn't help but said: "Ye Feng, let's just stick to the Five Emperors Sect together."

Ye Feng smiled and shook his head, and said aloud: "I will leave the Star Territory soon. Before leaving, I will completely help you solve all crises this time."

"Completely resolve all crises?"

Hearing what Ye Feng said, Bei Wentian, several great emperors, and everyone in the Five Emperors Divine Sect widened their eyes.

They seemed to understand the meaning of Ye Feng's words.

That's Ye

The wind seems to be destroying the entire demon world.

Thinking of this, let alone the ordinary disciples of the Five Emperors Divine Sect, even the five great emperors and Bei Wentian felt deeply shocked.

They wanted to say something else, but at this time Ye Feng had already flown far away, and his back was about to disappear.

Buzz!

At this moment, Ye Feng flew to the entire sky alone, facing an army of hundreds of thousands of demons alone.

boom! !

At this moment, Ye Feng didn't hesitate at all, and directly burst out the strongest power of the Chaos Body.

Ye Feng knew that the most powerful thing he had now was the Chaos Body's Great Perfection state.

At this moment, Ye Feng directly exerted the super power of the Dzogchen Chaos Body. His whole body began to expand rapidly, becoming extremely huge, and directly turned into a chaotic giant.

This is the strongest power of the Dzogchen Chaos Body released by Ye Feng, the true master body!

"Uh-huh!"

At this moment, after Ye Feng turned into a Chaos Giant, he rushed directly into the hundreds of thousands of demons and attacked crazily.

"Boom!"

At this time, Ye Feng didn't need to use any martial arts inheritance at all, and relied entirely on the most primitive power of his body.

Every punch of the Chaos Giant can instantly crush thousands of demon soldiers.

Even the great leader of the demon clan could not withstand Ye Feng's punch and would be torn apart immediately.

"Too powerful!"

At this time, everyone in the Five Emperors Divine Sect behind them was very shocked.

The chaotic giant that Ye Feng turned into at this time was like a heavy weapon of war. Wherever it passed, there was no grass growing. All the demons were unable to resist and were directly crushed to pieces.

Chapter 3376 Demon Race Ancestor

Boom! Rumble...

At this moment, the chaos giant that Ye Feng transformed into was extremely terrifying, and could crush everything on the battlefield.

The Chaos Giant that Ye Feng turned into at this time was like a war machine, crushing at will on the battlefield.

No matter what kind of demon they are, they can't resist Ye Feng's terrifying attack.

You know, Ye Feng's current cultivation level is already very powerful, and he has already entered the first level of Shattering Void Realm.

Not to mention, Ye Feng's chaotic body has entered the Great Consummation.

It can be said that Ye Feng is now an indestructible and terrifying existence.

"Hurry up and attack this human! Don't let him continue charging on the battlefield!"

At this time, many powerful demons in the demon army began to hold the extremely powerful soldiers in their hands and charge towards Ye Feng.

Many leaders who led the demon team, and even some demon emperors among the demon clan, began to show up and rushed towards Ye Feng, hoping to quickly destroy Ye Feng, a guy with amazing destructive power. Lose.

Otherwise, the entire demon army in their Heavenly Demon Realm would be destroyed, which would be a huge loss.

But when they came to Ye Feng, they immediately discovered the horror of Ye Feng.

Because Ye Feng was able to collide with the extremely powerful weapons in their hands just by relying on his fists, and then shatter all their weapons into pieces.

And all their attacks fell on Ye Feng, unable to cause any harm to Ye Feng at all.

Ye Feng had turned into a chaotic giant at this time. The skin on his body was as if it was made of the strongest steel in the world. It was impossible to make any cracks. This made a group of powerful demons dumbfounded. .

Even some extremely powerful demon emperors couldn't help but curse at this time: "How could such a terrifying guy be born among the human race! We can't even break through its defense, so how can we fight it?"

And when these powerful demons were yelling curses, Ye Feng didn't waste any time and smashed them all to pieces with one punch.

Moreover, Ye Feng charged on the battlefield and at the same time released a devouring domain around his body.

All the demons he killed had their blood energy absorbed by Ye Feng, strengthening Ye Feng's power.

These energies can continuously replenish Ye Feng's consumption caused by attacks.

In other words, there is no possibility of Ye Feng running out of power now, because the blood energy he has absorbed has far exceeded the speed of his consumption.

So at this time, Ye Feng can not only replenish his lost strength at any time, but also strengthen his own skills.

At this time, Ye Feng's aura was rising steadily, and he was even beginning to break through.

You know, although these demon armies are no longer powerful in Ye Feng's eyes, there are still hundreds of thousands of demons after all.

And among them there are many great leaders of the demon clan, as well as the demon king among the demon clan, etc.

The blood and energy skills contained in the bodies of these powerful demons are still very deep.

At this time, Ye Feng's crazy attack crushed all these demons.

You know, if Ye Feng had faced so many demonic armies before, he might have been very afraid.

But now, Ye Feng went to the Galaxy Dynasty, and his cultivation level broke through to the first level of Shattering Void Realm, and the Chaos Body was also perfected.

It can be said that in a relatively low-level second-level realm like Star Territory, Ye Feng is now almost invincible.

At this time, Ye Feng's crazy attack almost crushed the entire army of hundreds of thousands.

The originally dark demon army was nearly half emptied by Ye Feng.

This is a very shocking scene!

Many powerful human beings in the Five Emperors Divine Sect were already stunned.

Because Ye Feng's fighting power is so terrifying, he is just like a machine that harvests lives, very ferocious.

At this time, even the strong men leading the demon clan had despair in their eyes.

These powerful demons were originally full of confidence and led countless demon armies in the demon world to attack the entire human race and occupy the core area of the star field.

Unexpectedly, they had just arrived at the relatively peripheral human area and encountered such a terrifying guy. He was killing indiscriminately among their demon army and was unable to resist them.

Three of the ten demon emperors who led the army had already fallen at this time, and they were all shattered by Ye Feng.

The remaining seven

The Demon King was all in a panic at this time, and he quickly started shouting: "Retreat! Retreat quickly!"

At this time, the remaining seven demon kings, along with the remaining hundreds of thousands of demons, were shocked and quickly retreated towards the demon world.

And seeing the entire demon clan retreating, many humans in the entire star field were observing in secret. They were all horrified to the extreme when they saw this scene.

Ye Feng, by himself, actually killed an army of hundreds of thousands of demons. He was so frightened that he retreated directly!

Uh-huh!

But at this time, Ye Feng did not retreat. Instead, he chased directly towards the Heavenly Demon Realm and entered the Heavenly Demon Realm alone.

"What?!"

"He actually wants to pursue him?"

Seeing Ye Feng rushing directly into the Demon Realm alone, all the powerful people in the Star Territory were deeply shocked.

And Bai Jingjing, who was observing in secret, this mysterious strong woman from the snowy land, was also shocked by Ye Feng's terrifying fighting power at this moment.

At this time, Bai Jingjing's eyes were filled with excitement.

It would be so shocking if Ye Feng could go to their Fengxue Villa and, after truly growing up, be able to fight like this for the human race in the snowy battlefield.

I am afraid that the entire human race in the snowy region will feel proud in the snowy region.

At this moment, Ye Feng rushed into the demon world and frantically killed the retreating demon teams.

Ye Feng is now very determined, that is, to kill all the demons from the Demon Realm.

Because for Ye Feng, he must eradicate all these disasters before leaving. Only in this way can he leave the Star Territory and go to the Snow Territory with peace of mind.

Moreover, Ye Feng killed these demons in order to improve his own skills as much as possible.

Because Ye Feng learned from Bai Jingjing that the human race's power in the Snowy Land was very small, and there were many powerful demons. The entire land was in chaos, with demons running rampant and thousands of races fighting for hegemony.

Therefore, before Ye Feng went to the snowy land, he naturally hoped that his cultivation would be raised to a new level as much as possible, so that he would not be bullied.

Otherwise, as soon as he goes to the snowy area, he will become the weakest, which would be too bad.

at this time

, Ye Feng frantically killed those demon teams and absorbed the blood energy of hundreds of thousands of demon troops. Ye Feng finally made a huge breakthrough in his cultivation.

Directly break through the third heaven!

Breaking through from the first level of the Shattering Void Realm to the fourth level of the Shattering Void Realm!

It has to be said that this breakthrough speed is still very fast.

Ye Feng was very happy.

These days, the demons in the demon world are simply sending nutrients to themselves.

At this moment, Ye Feng was still killing the demons crazily, even chasing them to the deepest part of the demon world.

"That is....."

Ye Feng saw a huge dynasty standing on the earth.

This should be the demon dynasty in the demon world.

"They just happened to be eradicated together!"

Ye Feng didn't hesitate at all. He was very fierce. He transformed into a chaos giant and rushed directly into the demon dynasty, then wreaked havoc and killed crazily.

"Human race, you are too presumptuous!"

But finally at this time, accompanied by an extremely majestic voice, an aura that made Ye Feng very fearful appeared.

A tall demon wearing a black robe appeared in Ye Feng's field of vision.

This extremely tall demon made Ye Feng feel very frightened.

Ye Feng couldn't help but said: "I didn't expect that there is a powerful demon like you in the world of demons."

The tall demon in black robes had very ugly eyes and said loudly: "I am the origin of the entire demon world and the demon ancestor of the demon world. How dare you, a human being, dare to enter our demon world so boldly today?" The core area is wreaking havoc, and I must completely wipe you out!"

"Demon ancestor?"

Hearing what the demon in black robe said, Ye Feng suddenly had a look of surprise in his eyes.

Unexpectedly, while he was killing, he would encounter the demon ancestors of the Demon Realm, the origin of life for thousands of demons. No wonder Ye Feng felt very powerful and fearful.

But at this time, Ye Feng did not retreat at all. Instead, he smiled coldly and said: "Okay, great! Now that I have met you, the ancestor of the demon clan, I will kill you, the origin of the demon clan." After that, the entire Star Territory human race will no longer have any troubles!"

Chapter 3377 Black Sky Demon God

Buzz!

At this moment, the moment Ye Feng finished speaking, a terrifying fighting spirit suddenly burst out from his body.

At this time, the Chaos Giant that Ye Feng transformed into was extremely powerful.

boom!

He didn't have any fear and charged directly towards the extremely powerful demon ancestors ahead.

The demonic energy in this demon clan ancestor was very huge. He stood there like an ancient dark mountain, standing in the void, and no one could shake it.

At this time, Ye Feng was like a human being who wanted to kill a god. He rushed in front of the demon ancestor and punched him hard.

When the demon ancestor saw Ye Feng taking the initiative to attack him, a sarcastic smile suddenly appeared on his face, and he said loudly: "Since you, a human boy, are so arrogant and dare to attack me, then my ancestor It has been decided that I am not in a hurry to kill you today, but will refine you into my ancestor's puppet, and I will make you suffer endless pain and die."??

Boom!

The moment the demon clan ancestor finished speaking, a blood-red demonic aura suddenly erupted from his body, and the evil aura soared into the sky.

And in this evil atmosphere, there are countless dead souls roaring and roaring, which looks very terrifying.

Buzz!

At this moment, Ye Feng's fist was blocked by the evil spirit of the demon ancestor, and became still in the void.

"What?"

Seeing this scene, Ye Feng suddenly showed a hint of surprise in his eyes.

This demon ancestor is indeed very powerful. Just the blood-red evil energy on his body can withstand his own fist.

The art of eternal battle!

Ye Feng did not hesitate at this time and directly released the powerful fighting technique Bei Wentian taught him back then.

"Buzz!"

Suddenly, Ye Feng's combat power was greatly increased and improved.

The Chaos Giant that Ye Feng transformed into at this moment, his entire body became even more majestic and huge once again.

Each of his punches was like a mountain being bombarded by him. The momentum was so terrifying that it seemed like it could crush everything.

Even the ancestors of the demon race were hit by Ye Feng's punch after punch and couldn't help but fall back, unable to stay in the void any longer.

There was a trace of horror in the eyes of the demon ancestor, as if he did not expect that the power of Ye Feng's body would be so terrifying.

"It turned out to be a Chaos Body at the level of Dzogchen. I didn't expect that there could be a peerless genius like you among the human race. You have really cultivated the Chaos Body to the legendary Dzogchen. No wonder it is so powerful. But after all, your cultivation is not comparable to My ancestor, you are destined to die!"

Boom!

At this moment, an extremely terrifying cultivation aura erupted from the demon ancestor.

That was a powerful existence at the level of the Tongxu Realm that surpassed the Shattering Void Realm!

The Tongxu Realm is a very terrifying level.

It is even impossible for such a powerful existence to appear in a secondary realm like the Star Territory.

But this demon ancestor has such an extremely powerful cultivation level.

This made Bai Jingjing not far away couldn't help but reveal herself, and said to Ye Feng: "Ye Feng, you must be careful. This old ancestor of the Demon Race is very likely to have blood from our

snowy region flowing in his body. As for the bloodline of the Black Sky Demon Clan in the higher realm, I would say that this Heavenly Demon Clan must be related to the powerful Black Sky Demon Clan in our Snow Region.”

Ye Feng heard Bai Jingjing's reminder not far away and immediately nodded. Then without any hesitation, he directly used the Brute Force Gem and integrated it into his body.

"boom!!"

The gem of brute force, the dominant gem, at this moment

Coupled with Ye Feng's Great Perfection Chaos Body, Ye Feng simply has super power.

At this time, Ye Feng rushed towards the demon ancestor, just like an unparalleled torrent of steel. The entire void was shaking and the space was shattered.

The demon ancestor was hit by Ye Feng's Chaos Giant at this time, and he spurted out a mouthful of blood, unable to withstand Ye Feng's terrifying power at this moment.

At this time, the demon ancestor was furious and said: "Damn human boy, you actually have a brute force gem on your body. It seems that I am going to use some real methods."

"Flag of the Ancient Demon!"

Almost at this moment, jet-black flags rushed out from the demon ancestor's body.

Each jet black flag looks like it is made of steel. The flags are engraved with very complex and ancient demon spells, and they look very ancient and dark. .???.??

At this moment, black flags, like terrifying spears, burst out with unparalleled dark power.

The ocean-like destructive power instantly rushed out from the flags and bombarded directly towards Ye Feng.

Boom!

Even though Ye Feng is now fused with the brute force gem, he can't help but take several steps back at this time.

Earth Gem!

At this moment, Ye Feng continued to use a domination gem on his body.

This is the Earth Gem of the Lord of the Earth.

Buzz!

At this moment, when Ye Feng was inspired, he immediately absorbed the endless power of the earth from the earth under his feet, and directly condensed a handful of the earth tens of thousands of meters long in Ye Feng's hands. sword!

The Sword of the Earth, majestic and boundless, pierced into the sky and instantly bombarded the demon ancestors not far away. It actually directly crushed the big flags around the demon ancestors and collapsed.

Come on.

"What?"

"Another Dominator Gem?"

This demon ancestor was immediately horrified.

He didn't even have time to let out a scream at the next moment. The tens of thousands of meters long sword condensed by the power of the earth in Ye Feng's hand was directly blasted into the abyss of the ground, and he died. Inside a large area of ruins.

At this time, the demon ancestor finally fell completely.

"call!"

Ye Feng let out a sigh of relief. This time he really used all the means to finally kill this terrifying ancestor of the demon clan.

But at the moment when the demon ancestor died, a stream of dark blood suddenly flowed out of the demon ancestor's corpse.

Buzz!

This jet-black blood actually turned into a dark shadow that towered over the sky, filled with unparalleled demonic pressure.

Uh-huh!

Bai Jingjing immediately came to Ye Feng's side at this moment, and couldn't help but exclaimed: "This is the phantom of the Black Sky Demon God. This is one of the ten super ethnic groups in our snowy area, the Black Sky Demon Clan." Under the Black Sky Demon Temple! Why does he appear here? It seems that this demon ancestor of the Black Sky Demon Clan is not just a member of the Black Sky Demon Clan. He actually has the pure blood of the Black Sky Demon God flowing through him. Why did the Demon God leave such an important heir in this low-level realm? Is there something special hidden in this realm that requires the Black Sky Demon God to leave a pure-blooded heir of his own? guard."

And just as Bai Jingjing was talking, Ye Feng faced the terrifying shadow of the black sky demon's will, without any hesitation, and directly inspired the power of the soul gem.

Buzz!

At this moment, an equally upright master's will rose up from Ye Feng's body and confronted the phantom of the Black Sky Demon God not far away.

Chapter 3378 Big Golden Hand

Buzz!

At this time, the will of domination rising up in Ye Feng was very terrifying. After all, this was the will of domination manifested by the soul gem.

So at this time, the dominant will was also very powerful, directly confronting the phantom of the Black Sky Demon God, without falling behind at all.

At this moment, Ye Feng did not hesitate at all and directly controlled the will of the master and attacked the Black Sky Demon God not far away.

"boom!"

The phantoms of the Dominant Will and the Black Sky Demon God suddenly fought together, and the entire void was about to shatter.

At this moment, Ye Feng did not hesitate at all, and continued to stimulate the power of the soul gem, crazily increasing the power of the master's will, hoping to completely obliterate the shadow of the Black Sky Demon God.

Boom!

The entire field suddenly fell into a huge roar.

After all, the Overlord's Will is very powerful. In the end, the shadow of the Black Sky Demon God was completely shattered by the Overlord's Will and turned into countless fragments.

"Swallow!"

Ye Feng did not hesitate at this time, and directly released his extremely powerful devouring power, and immediately swallowed up the soul fragments after the black sky demon god's phantom was shattered.

Buzz!

At this moment, Ye Feng suddenly felt that the intensity of his soul power was increasing rapidly.

In the end, Ye Feng's soul power strength continued to grow and improve from level 2 million to level 2.5 million!

It has to be said that this Black Sky Demon God is very ancient. The shadow it creates, the soul fragments it turns into, and the stored energy are very huge, which directly increases Ye Feng's soul power by a full half million. class.

Ye Feng's eyes were very excited at this moment. He didn't expect that the soul fragments turned into the phantom of the Black Sky Demon God,

To be able to provide himself with such huge soul power.

At this moment, Ye Feng looked directly at the ruins on the ground, and immediately discovered the corpse of the demon ancestor lying in the ruins.

"Swallow!"

At this moment, Ye Feng did not hesitate and continued to release the Devouring Domain, swallowing up all the demon energy stored in the demon ancestor's body.

Ye Feng immediately felt that his cultivation level was beginning to make rapid and continuous breakthroughs.

"boom!"

The fifth level of the Shattering Void Realm!

"boom!"

The sixth level of the Shattering Void Realm!

"boom!"

The seventh heaven of Shattered Void Realm!

At this time, Ye Feng's cultivation level broke through the third level in an instant.

It has to be said that the life energy contained in the body of this demon ancestor is still very huge, which actually allowed Ye Feng's cultivation to break through so much.

Uh-huh!

Bai Jingjing flew to Ye Feng's side and looked at the demon ancestor who had turned into a mummy, with a trace of surprise in her eyes.

Bai Jingjing said: "Ye Feng, I was curious just now, why in such a low-level realm of the Demon Realm, a supreme figure like the Black Demon God left behind such a pure blood descendant, what on earth is he doing here? "

Ye Feng shook his head, looked around and said, "We can explore the surroundings to see what is hidden here."

"Okay, I think so too."

Bai Jingjing nodded, and then talked to Ye Feng

They quickly explored both sides.

Buzz!

At this time, Ye Feng exuded his soul power and spread towards the surroundings.

Soon Ye Feng noticed an unusual energy fluctuation.

It was an extremely dark energy fluctuation that seemed to be hidden under the ground not far away.

"I seem to have noticed something unusual."

At this time, Ye Feng looked at Bai Jingjing, who was looking for him not far away, and called out.

Uh-huh! ??

Bai Jingjing's beautiful eyes suddenly revealed a look of surprise, as if she didn't expect Ye Feng to discover the unusualness here before she did.

Bai Jingjing immediately flew over and asked: "Ye Feng, what did you find?"

"Just under this land."

At this time, Ye Feng looked at the ground under his feet, then stretched out a hand and struck hard towards the ground.

Boom!

Along with a huge roar, Ye Feng's palm suddenly burst out with extremely powerful energy fluctuations, which directly shattered the entire ground.

After the entire ground was shattered, an extremely ancient ruin appeared underground.

Ye Feng and Bai Jingjing immediately saw a very shocking scene.

There is nothing in this underground ruins.

There is only one huge golden hand with a length of hundreds of thousands of kilometers, which looks like the palm of an ancient golden god.

At this moment, this single big golden hand was covered with a dense

The dark magic ring densely packed with spell symbols penetrated the entire palm and was nailed to the ground.

Ye Feng could feel that this big golden hand actually exuded a faint life activity.

In other words, this single big golden hand still has life energy after who knows how much time and years have passed. It is really terrifying to the extreme.

When Bai Jingjing saw the scene in front of her, she was also shocked by what she saw.

She stared at the huge golden hand and the very mysterious and evil dark magic sword, and couldn't help but said: "Did a terrible battle happen here back then? This golden sword The owner of the big hand had one palm cut off, and then this palm was sealed here. The owner of this big golden hand might have had a terrifying battle with the Black Sky Demon God here. Therefore, a pure blood descendant was left behind, and a demon world was created here just to guard this big golden hand."

Hearing what Bai Jingjing said, Ye Feng nodded slightly and said loudly: "A mysterious figure who can fight with such a terrifying existence as the Black Sky Demon God is absolutely terrifying."

Bai Jingjing said: "This big golden hand looks a bit like part of the body of the legendary golden god of the Celestial Clan."

Just when Ye Feng and Bai Jingjing were talking.

Buzz!

Suddenly, Ye Feng sensed a very strange fluctuation, which was connecting with him.

The god's heart that was fused in his body actually vaguely echoed this big golden hand.

This big golden hand was secretly calling Ye Feng at this moment, as if he wanted Ye Feng to pull out the dark magic sword and save this big golden hand!

Chapter 3379 What's going on?

"This big golden hand is actually calling me?"

At this moment, Ye Feng suddenly showed deep surprise in his eyes.

He never thought that this big golden hand that looked so shocking would actually be connected with the heart of the God that was fused in his body, calling him.

It seemed that Bai Jingjing's guess was correct. The owner of this big golden hand should be a golden god with great accomplishments in the Celestial Clan.

After all, it is absolutely incredible for a being to be able to fight against a terrifying demon like Black Sky Demon.

At this time, Ye Feng suddenly felt that this might be a huge opportunity for him.

Ye Feng immediately walked forward at this time, wanting to respond to the response of the big golden hand, and wanted to pull out the dark magic sword.

But at this moment, Bai Jingjing suddenly pulled Ye Feng and couldn't help but asked: "What do you want to do?"

Ye Feng turned around and said, "I want to remove the seal from this big golden hand, and I want to pull out that dark magic sword."

"What?"

Hearing what Ye Feng said, Bai Jingjing's beautiful eyes suddenly revealed a look of deep surprise.

Then she couldn't help but said helplessly: "You actually want to pull out that pitch-black magic sword? You know, this pitch-black magic sword is engraved with dense dark spells. It is very likely that it was the black magic sword that year. The terrifying things left by the demon god. If you rush to pull out this dark demon sword, you may be in irresistible danger. Everything left by super big figures like the Black Sky Demon God and the Golden God, It's best that we don't touch each other, Ye Feng, don't be impulsive, your life is important."

Bai Jingjing originally thought Ye Feng was very courageous, but now what she sees from Ye Feng is not courage, but a kind of madness that is difficult for ordinary people to understand.

Just like a madman.

At this time, Ye Feng shook his head slightly and said loudly: "This is my own choice."

After saying that, Ye Feng let go of Bai Jingjing's hand and walked quickly in the direction of the big golden hand.

When Bai Jingjing saw this scene, there was a hint of helplessness in her eyes.

However, she did not continue to stop Ye Feng because she had no right to stop Ye Feng from doing anything.

Buzz!

At this time, Ye Feng didn't have any fear at all and walked directly to the edge of the golden hand.

At this moment, Ye Feng could feel an unparalleled ocean-like terrifying power surging in it from this big golden hand.

Ye Feng immediately understood that this was definitely the palm of a god!

At this moment, Ye Feng could feel that there was a blood connection between himself and this big golden hand.

Ye Feng immediately understood that this big golden hand definitely still had vitality and had very terrifying power.

It was just temporarily sealed by this dark magic sword. It was nailed here and couldn't move at all.

"Buzz!"

At this moment, Ye Feng took a deep breath, then stretched out his hand directly and touched the dark magic sword.

Bai Jingjing saw this scene not far away, with a trace of horror in her eyes.

She didn't expect that Ye Feng would be so crazy and wanted to pull out the terrifying demon sword left by the Black Sky Demon God.

this

But there is a huge danger!

Even Bai Jingjing herself, and even Bai Jingjing felt that the owner of their Fengxue Villa might not dare to do this.

You know, the Dark Demon God is the dark god of the "Black Sky Demon Clan", one of the ten super ethnic groups in the Snow Region.

But Ye Feng did this at this moment.

At this moment, Ye Feng's hands touched the dark magic sword, and then he started to use force to pull out the magic sword. .??.

But just when Ye Feng had just activated his power, suddenly, countless ancient dark spell symbols on the entire body of the dark magic sword flew out densely, and then all merged into Ye Feng's skin and flesh. among.

At this moment, the entire dark magic sword transformed from a physical sword into countless dark energy symbols, disappeared into Ye Feng's body and flesh, and actually merged into Ye Feng's body.

Ye Feng's eyes suddenly showed deep surprise. He never expected that such a scene would happen.

This dark magic sword did not attack him, but directly transformed into countless dark symbols and integrated into his body.

Ye Feng didn't feel anything bad about his body at this time.

It seems that this dark magic sword is not backbiting him.

"What?"

When Bai Jingjing saw this scene, she quickly flew over and couldn't help but exclaimed: "The Black Sky Demon God left this mysterious pitch black sword. How did it turn into countless dark symbols and integrate into your body?" This is really unbelievable! Ye Feng, aren't you a pure human being? How could you be fused with this dark magic sword?"

leaf

Feng spread his hands at this time, couldn't help but smile helplessly, and said aloud: "I don't know what happened, and I didn't do anything. This dark magic sword took the initiative to turn into countless dark symbols and integrated into my body. Among them, and I still can't feel the breath of this dark spell symbol, it seems to have disappeared out of thin air."

At this time, Ye Feng carefully sensed every inch of his flesh and blood, and was unable to detect the breath of those dark spell symbols.

Bai Jingjing couldn't help but said: "After arriving at Fengxue Villa, I will ask the owner of the village to help you investigate and see if you can remove these evil dark spell symbols."

Ye Feng nodded slightly, then looked at the big golden hand in front of him, wanting to communicate with it to see if this big golden hand had any consciousness.

Boom!

But just when Ye Feng was about to communicate with this big golden hand, suddenly the majestic and boundless golden hand suddenly shrank and turned into a palm-sized golden palm. It turned directly into a golden light and rushed in. In Ye Feng's mind.

"this....."

Ye Feng immediately saw a big golden hand floating in his mind in the next moment.

This palm, which seemed to be that of a golden god in the Dacheng realm among the Celestial Clan, actually flew into his head.

This is something Ye Feng didn't expect.

Moreover, Ye Feng was shocked to find this big golden hand. He ignored him at all and just stayed in his head.

Bai Jingjing was stunned when she saw everything in front of her. She couldn't help but said: "What on earth is going on? Whether it is the magic sword left by the evil Black Sky Demon God or the golden god of the Celestial Clan. Big hand, why are you inside your body?"

Chapter 3380 Prey and Hunter

Bai Jingjing was very shocked at this time, because she never imagined that everything in front of her would change like this.

Because it stands to reason that if an ordinary person touches the pitch-black magic sword left by the Black Sky Demon God, he will probably be instantly counterattacked by the dark power in the pitch-black magic sword and die suddenly. .

But Ye Feng seemed to be nothing.

Moreover, the dark magic sword also turned into countless demonic dark spells and integrated into Ye Feng's body. This is really incredible.

At this time, Ye Feng tried to communicate with the big golden hand in his mind, but found that the big golden hand was still lifeless. It just stayed in his mind and ignored him at all.

This made Ye Feng give up immediately.

It seems that this big golden hand has either lost its sense of autonomy, or it has temporarily fallen into a deep sleep and does not respond to itself at all.

But no matter what, this big golden hand in his mind should have no malicious intent.

Maybe it can play a huge role at critical moments.

After all, this is the palm of a golden god in the Dacheng realm among the Celestial Clan, and it possesses unparalleled power.

At this moment, Bai Jingjing suddenly said: "That big golden hand ran into your head. There shouldn't be any big problem. After all, this big golden hand belongs to the Celestial Clan. The Celestial Clan has always been a relatively orthodox race, but the dark energy symbols formed by the dark magic sword integrated into your body are probably going to be a big problem. After all, they are the evil things left by the Black Sky Demon God. Maybe from now on, Ye Feng, you and Hei There is an inseparable and vague connection between the demons and gods. This may be like a time bomb that may explode at any time in your body. "

When Ye Feng heard what Bai Jingjing said, he nodded solemnly and said, "But now I don't have any way, because I can't even feel where those dark spell symbols are hidden. It feels like it seems to have disappeared out of thin air, but it was indeed integrated into my body at that time. It seems that I can only solve this disaster after I become stronger in the future. "

Bai Jingjing nodded slightly, and then said aloud: "We can leave here directly now. There are no other demons in the entire demon world."

Ye Feng nodded, and Bai Jingjing flew quickly towards the outside of the Demon Realm.

When Ye Feng left the Heavenly Demon Realm and returned to the Star Territory land.

Ye Feng immediately saw a rather surprising scene.

I saw that all the powerful humans in the entire star field had gathered here.

The moment they saw Ye Feng coming out, they all bowed down.

Ye Feng understood something immediately. It seemed that these powerful human beings knew that they had entered the demon world alone, so they stayed here to watch the final result.

Ye Feng nodded slightly to everyone at this moment, and then without saying anything else, he and Bai Jingjing flew through the air and left the star field.

Wow!

Following a huge fluctuation in the void, Bai Jingjing used her own special means to take Ye Feng directly out of the Star Territory and ascended to the vast third-level realm, the Snow Territory.

"Is this the land of snow?"

Ye Feng looked at the unfamiliar land around him at this time, with a look in his eyes.

A hint of surprise.

The entire sky was a vast expanse, and goose-feather-like snowflakes were floating on the ground, which was very cold.

Ye Feng couldn't help but look at Bai Jingjing beside him, and asked aloud: "Are there such heavy snowflakes falling anywhere in the snowy area?"

Bai Jingjing nodded and said aloud: "Basically, except for some special places."

At this time, Bai Jingjing took out a compass-like thing from her storage ring, and after identifying it, she said loudly: "Ye Feng, I will take you directly to our Fengxue Villa. The snowy land is not like Those low-level realms are very safe. Demons are rampant everywhere on the snowy land, and thousands of races are vying for hegemony. If a weak race like our human race is seen by other races, they will definitely be food-like existences and will be directly attacked. Indiscriminate and devoid of any morality, our human race is the prey that lives in the cracks in the snowy land, while the monsters of all races are the hunters. "

"Humans are the prey? Monsters of all races are the hunters?"

Ye Feng nodded at this time, and then said loudly: "Then let's go directly to Fengxue Villa."

Ye Feng knew very well that when he came to the advanced third-level realm of Snow Realm, his cultivation would never be as unscrupulous as in the Star Realm. Maybe he was a relatively weak existence.

So at this time, I would like to follow Bai Jingjing and practice honestly for a while in Fengxue Villa.

Uh-huh! Uh-huh!

Bai Jingjing took Ye Feng and flew quickly in a certain direction. The two of them were very cautious when going at this moment, for fear of attracting the attention of some powerful demons.

At this time, Ye Feng exuded his soul power and explored the surroundings, so as to be alert to possible dangers.

At this moment, the two of them were walking through the vast white snow, surrounded by towering forests.

Boom!

Suddenly, just as the two people were walking through the land, a golden centipede with a length of more than ten meters rushed out from the white snow not far away. It looked very ferocious, and it suddenly headed towards Bai Jingjing and Ye Feng came to bite each other.

boom!

Ye Feng subconsciously punched out, sending the golden centipede flying away.

But the golden centipede, which was more than ten meters long, was not blown away by Ye Feng's punch. Instead, it shook its head and continued to rush towards Ye Feng and Bai Jingjing.

"What?"

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

You know, Ye Feng's current Dzogchen Chaos Body can be said to be invincible in the star field.

Even the demon ancestors were shattered by Ye Feng's fist.

But this random golden centipede was so strong that it could withstand Ye Feng's extremely powerful Dzogchen Chaos Body.

Ye Feng couldn't help but sigh at this time: "Snowland is indeed a more advanced realm. The creatures living in it are indeed very powerful. Even my Dzogchen Chaos Body doesn't have much advantage."

Ye Feng was suddenly very anxious at this time. He had to quickly find a way to activate his most powerful Hongmeng bloodline.

Only in this way can you continue to advance in this advanced realm, otherwise you will become very mediocre. Bai Jingjing was very shocked at this time, because she never imagined that everything in front of her would change like this.
