Chapter 3391 Dark Thunder Beast Physique

Buzz!

At this time, as Chu Xiaomeng released his racial power, Ye Feng immediately felt that the ice dragon fighting him in front of him was definitely affected, and his combat effectiveness had weakened a lot.

Boom!

At this time, Ye Feng directly punched the ice dragon to the bottom of the lake, then rushed forward and suppressed the entire body of the ice dragon under his palm, making him unable to move. .

Chu Xiaomeng walked directly in front of the ice dragon at this time, then stretched out her hands directly, pressed on the ice dragon's huge and ferocious head, and then quickly released her spiritual talent.

Suddenly, the ice dragon seemed to be hypnotized and quickly fell into a psychedelic state.

Half an hour later, Chu Xiaomeng's face turned pale.

But her eyes were indeed full of joy, and she said aloud: "I have successfully hypnotized this ice dragon. It only takes a few hours for me to completely tame it."

Hearing what Chu Xiaomeng said, Ye Feng also showed a look of joy in his eyes, nodded immediately, and said loudly: "That's great."

After saying that, Ye Feng let go of his hand, regained his strength, and then looked at the surrounding lakes and found that there were many mountains standing on the surrounding lakes.

Ye Feng couldn't help but guess at this time and said: "It is estimated that this icy lake was once a land of mountains. However, with the changes of the times, the sea has turned into the mountains under the lake now."

Chu Xiaomeng immediately nodded, and then began to concentrate on taming the hypnotized ice dragon in front of him.

At this time, while Chu Xiaomeng was taming the hypnotized ice dragon, Ye Feng did not waste time. He flew to the mountains under the lake bottom to see if there were any other powerful creatures.

Because Ye Feng now knows very well that what he needs most is a strong bloodline and the blood energy provided by powerful creatures.

When Ye Feng came to the surrounding mountains, he immediately sensed a lot of vicious auras.

Obviously, there is not only a powerful ice dragon living in the mountains under the lake, but also other demons.

However, these demons are not as powerful as the ice dragon, so Ye Feng is not afraid of them.

Soon, Ye Feng found a cave under the surrounding mountains.

In this cave, Ye Feng saw a huge turtle covered with pitch black scales.

This turtle, covered with jet black scales, looked like a mutated monster at first glance, giving people an evil feeling.

This black turtle seemed to have developed its own spiritual intelligence. When he saw Ye Feng, he immediately showed a look of surprise in his eyes and said loudly: "There are actually human beings who are not afraid of death and come here and come to the cave of our demons. This place is so good. I heard that humans are very delicious, so I will eat you to see what it tastes like."

After saying that, the huge black turtle rushed out of the cave at the bottom of the mountain, exuding a majestic demonic black energy, like a big demon coming out of the cave.

It has to be said that the human race is not respected everywhere on the snowy land and is synonymous with weakness.

So when the black turtle saw that Ye Feng was a human, what he thought of was not how afraid Ye Feng was, but how much he was afraid of Ye Feng.

In an instant, he subconsciously regarded Ye Feng as his own food and was about to eat Ye Feng directly.

"You want to eat me, why don't I want to get your demon power?"

At this moment, Ye Feng immediately burst out with extremely powerful momentum. Instead of retreating directly, he charged directly towards the black turtle.

When the black turtle saw Ye Feng rushing directly towards it, he burst out laughing: "Such a weak human race dares to take the initiative directly against a powerful demon like me. I think you are trying to court death."

"Black thunder destroys the world!"

This black turtle actually displayed an extremely powerful inheritance at this moment.

boom!

On the top of the black turtle's head, a black gem burst out with a jet-black light wave, which instantly bombarded Ye Feng.

Boom!

Ye Feng's whole body was immediately attacked by this black light.

At this moment, he felt as if he had been struck by lightning, and his whole body was numb.

However, Ye Feng's Hongmeng Immortal Body was very powerful after all. At this moment, Ye Feng did not retreat, but continued to charge forward, very fiercely.

"What?"

The black turtle saw that Ye Feng was hit by his own black lightning and nothing happened. His eyes widened and he couldn't help but said: "How is it possible! How can you human race resist me with your weak body?" The natural power of black thunder? This is impossible!"

Ye Feng didn't bother to respond at all. He just smiled coldly, then rushed directly in front of the black turtle and punched it hard.

"boom!!"

Black-gold light suddenly bloomed from Ye Feng's fist, and in an instant, the black turtle was bombarded and flew backwards into the distance, directly smashing into a large mountain.

"ah!"

In the ruins, the black turtle's eyes suddenly widened, and he couldn't help but exclaimed: "How can such a terrifying power burst out from a small human body like yours?"

The black turtle was very confused and frightened at this time, because in its eyes, the human race was very weak and the food of all races, but it did not expect that Ye Feng was like a humanoid evil dragon, very terrifying.

Ye Feng's eyes were very cold at this moment, and he said loudly: "We humans are not as easy to bully as you think. We humans are not food, but hunters!"

Boom!

After Ye Feng finished speaking, he continued to rush forward and punched the black turtle one after another.

"Crack! Click!"

The black turtle's shell was shattered by Ye Feng.

Amidst bursts of screams, this powerful demon was hammered to death by Ye Feng!

Emperor Chu suddenly spoke in his mind at this time: "This black turtle's body also contains good blood. It should be that the blood of the ancient dark thunder beast can not only improve your skills, but also the power of your blood. And you can try to use the furnace of all things you awakened to see if you can plunder the racial talent of this black turtle, which is the black thunder power of the ancient dark thunder beast. If you are lucky, you can even plunder this black turtle. The turtle's dark thunder beast physique becomes his own physique. "Buzz!"

At this time, as Chu Xiaomeng released his racial power, Ye Feng immediately felt that the ice dragon fighting him in front of him was definitely affected, and his combat effectiveness had weakened a lot.

At this time, Ye Feng directly punched the ice dragon to the bottom of the lake, then rushed forward and suppressed the entire body of the ice dragon under his palm, making him unable to move. .

If you are lucky, you can even plunder this black turtle. The turtle's dark thunder beast physique becomes his own."

Chapter 3392 Deep Sea Area

At this moment, when Ye Feng heard what Emperor Chu said, he immediately nodded, with a hint of expectation in his eyes, and threw the dead black turtle directly into his furnace of all things.

The melting pot of all things is the first level of companion talent awakened by Ye Feng after activating the Hongmeng Immortal Body. It can directly plunder the physical talent of other creatures for his own use.

"Buzz!"

At this time, when Ye Feng threw the black turtle into the furnace of all things, Ye Feng immediately felt a strange energy and began to inject it into his body.

This kind of strange energy is not blood energy, but a special attribute energy similar to the innate physique.

At this moment, Ye Feng immediately sensed a very terrifying dark thunder power, which began to emerge from his body and flesh.

In other words, Ye Feng now immediately possesses the physical ability of the dark thunder beast possessed by this black turtle.

Ye Feng can control the dark thunder of the dark thunder beast!

Buzz! .??.

At this time, Ye Feng stretched out his hand. He used his power casually, and a dark thunder flashing with the light of destruction suddenly appeared in his palm.

When Ye Feng saw this scene, his eyes suddenly showed deep excitement.

Now I can possess the physique of a dark thunder beast in an instant!

The talent to control the dark thunder beast: the power of dark thunder!

This is really amazing!

If other people saw this scene, their eyes would definitely fall out in horror.

Because this method of directly forcibly plundering the physical constitution and natural abilities of other beings is really terrifying to the extreme.

In a sense, it is more terrifying than Ye Feng's simple devouring ability.

This ability to plunder the physique of other living beings cannot even be called terrifying, but should be called evil.

\u003c

\u003e At this time, Emperor Chu said aloud in his mind: "Great, Ye Feng, if you can continue to plunder the physiques of various powerful creatures through the melting pot of all things in the future, when you have gathered all the powerful creatures... When your physique is integrated into one, you will truly be invincible."

Ye Feng nodded, with a trace of horror in his eyes.

He was also shocked by the talent of the melting pot of all things awakened in the first level of his Hongmeng Immortal Body.

The Hongmeng Immortal Body is indeed the most powerful body in the Origin World.

The Hongmeng bloodline is indeed the most terrifying bloodline.

so amazing!

This awakened ability is much more powerful and powerful than the ability awakened by the Chaos Body at that time.

Of course, the most powerful thing about the Chaos Body is its devouring ability. It has always been able to help Ye Feng improve his cultivation level very quickly, which is no secret.

At this time, after Ye Feng possessed the physique of the Dark Thunder Beast, he was able to control the power of Dark Thunder. In the water under the lake, his combat effectiveness became even more powerful.

Because water can conduct electricity, Ye Feng can directly use the power of dark thunder to knock out all other monsters with electric shocks.

For the next few hours, Ye Feng searched for various powerful demons in the mountains under the lake, killing them and devouring energy.

As Ye Feng's cultivation continued to accumulate, he finally crossed the bottleneck of the half-step Tongxu Realm, and finally completely entered the first-level cultivation level of the Tongxu Realm.

At this time, Ye Feng's power became even stronger.

However, Ye Feng was quite disappointed that he did not find any demon with a special physique among the mountains.

It can only be said that Ye Feng's luck is not too bad, but it is not too good either.

But it was normal for Ye Feng to think about it.

It is impossible for every kind of monster to have a special and powerful physique.

After all, this is just a very ordinary ice lake.

Ye Feng was able to meet a black turtle with the talent of a dark thunder beast at the beginning, which was already very good.

And just after Ye Feng cleaned up all the demons in the surrounding lakes and mountains, Ye Feng returned to the starting point.

He found that Chu Xiaomeng was already standing there, waiting for him.

At this moment, the huge ice dragon was hovering next to Chu Xiaomeng. It looked very docile and no longer as ferocious as before.

It was obvious that Chu Xiaomeng had successfully tamed this ice dragon.

When Ye Feng saw this scene, he immediately stepped forward happily and said: "It seems that you have tamed it well. You have succeeded."

Chu Xiaomeng immediately nodded and said with a smile: "Thank you Mr. Ye Feng for helping me this time. Otherwise, I probably wouldn't be able to tame this ice dragon by myself, because this ice dragon is bigger than I thought." Even stronger."

What Chu Xiaomeng said at this moment was naturally full of sincere gratitude.

Because if Ye Feng hadn't been traveling with her, Chu Xiaomeng knew that she would never have been able to successfully tame this ferocious ice dragon.

Because Chu Xiaomeng had witnessed the previous battle scene between Ye Feng and Bingjiao, which was very dangerous.

At this time, Ye Feng smiled and said: "Since I have promised you to help you catch this ice dragon, I will definitely do my best. Now that I have succeeded, we can explore the ice lake. The remains of the ancient ice clan hidden underneath."

Chu Xiaomeng immediately nodded and said: "Master Ye Feng, you have helped me so much. Naturally, I will find for you where the ancient ruins of the Ice Clan are. When the time comes, the ancient ruins of the Ice Clan will be found. I don't want all the wealth and treasures in the ruins, I will give them all to you, Mr. Ye Feng."

When Ye Feng heard what Chu Xiaomeng said, he immediately smiled in surprise, and then said loudly: "Okay."

At this moment, Chu Xiaomeng nodded, then looked at the huge ice dragon beside him, and said loudly: "Xiaobing, now take us to find the ancient ruins of the Ice Clan. You are inside Having survived for so long, you must know it."

The ice dragon seemed to be able to understand Chu Xiaomeng's words at this time. The huge dragon head immediately nodded and then swam quickly in a certain direction.

Uh-huh!

Uh-huh!

At this moment, Ye Feng and Chu Xiaomeng immediately followed, following closely behind the ice dragon.

With this ice dragon leading the way, the two of them went around and around in the environment under the ice lake, and finally came to a very deep area.

The water here has become a little deep and dark, and it looks like you have arrived in the deep sea area, giving people a feeling of deep sea phobia.

At this moment, the ice dragon leading the way suddenly stopped, and then let out a roar.

After Chu Xiaomeng received the message from the Ice Flood Dragon, she immediately spoke to Ye Feng beside her: "The Ice Flood Dragon told me that under this lake, the ancient ruins of the Ice Clan's existence are in this deep sea. , but the ice dragon also said that there may be very scary water-type deep sea monsters living in it. Some scary deep sea monsters, even ice dragons, are very afraid of them. We must be careful, but now I control this ice Jiao, I can make her burst into powerful combat power and help Master Ye Feng reach the ancient ruins of the Ice Clan safely."

Chapter 3393 Entrance to the ruins

After Chu Xiaomeng finished speaking at this time, he directly let the ice dragon continue to lead them to swim towards the depths of the deep sea area.

At this time, Ye Feng also exuded a touch of soul power, which spread around him, allowing him to sense possible dangers at any time.

At this time, Ye Feng's cultivation level has been improved and he has directly crossed a big realm. Therefore, Ye Feng is now considered an expert and bold, and he directly came to this very dark and deep depth of the sea.

Wow!

Suddenly at this moment, a huge amount of energy burst out from the surrounding deep sea.

"Danger!"

boom!

Ye Feng reacted directly at this moment and punched out hard, directly shattering the huge energy.

The next moment, Ye Feng saw that what was attacking them not far away was a big fish covered with golden scales.

This big golden fish is obviously a very strange mutant species. It has the bloodline of some ancient giant beast, so it can release such powerful energy.

At this moment, when the big golden fish saw that Ye Feng had smashed its energy with a fist, it immediately rushed towards Ye Feng and Chu Xiaomeng and opened its bloody mouth.

This fish is extremely ferocious. Its huge mouth is filled with densely packed jet-black teeth, making it look very ferocious.

Boom!

Ye Feng was about to take action, but the ice dragon standing next to Chu Xiaomeng suddenly roared and opened his mouth to spit out a beam of ice light, freezing all the sea water not far away. .

That big, ferocious-looking golden fish was directly frozen in a piece of ice.

When Ye Feng saw this scene, his eyes suddenly showed a look of joy, and then he rushed out and smashed the piece of ice with a fierce punch.

Click, click!

As the ice cubes shattered, the golden fish inside also turned into pieces.

At this time, the Devouring Domain released directly by Ye Feng swallowed up the blood energy of this big golden fish.

Ye Feng immediately felt that his skill had improved a lot.

Although he did not directly achieve a breakthrough in his cultivation, his skill has also increased a lot.

As long as he continues to devour some more, he should be able to break through.

And what makes Ye Feng most happy is that this big golden fish contains a special golden bloodline, which is a rather advanced bloodline and can actually improve his bloodline level.

With the improvement of bloodline level, the physical strength of Ye Feng's Hongmeng Immortal Body has also increased significantly.

This made Ye Feng quite happy.

In this icy lake, especially in the deep sea area, most of the monsters living there have quite advanced and ancient bloodlines, which can help them improve a lot.

At this time, Ye Feng looked at Chu Xiaomeng and said with a smile: "This ice dragon is indeed very powerful, and it also has the talent of this kind of freezing attribute. If the two of us join forces, we can conquer this area." In the deep sea area, there shouldn't be any big problems."

At this moment, Chu Xiaomeng smiled and touched the huge head of Bingjiao, and said with a smile: "Xiaobing's strength is indeed quite powerful, and he can help Mr. Ye Feng.

I am also very happy. "

Ye Feng nodded, and then continued to move forward.

Along the way, they encountered many monsters in the deep sea area.

But under the joint battle between Ye Feng and Bing Jiao, these monsters were basically killed instantly.

Even if they encounter some difficult monsters, they can be solved quickly with the help of Ye Feng, Bingjiao and Chu Xiaomeng.

And Ye Feng's cultivation level, along with the devouring, also broke through from the first level of Tongxu Realm to the third level of Tongxu Realm, which is also a good improvement.

In addition, Ye Feng's physique is about to reach its peak state in the middle stage of the first level, and will soon cross the middle stage and enter the late stage of the first level.

I have to say that Ye Feng's physical fitness improved quite quickly.

The main reason is that under the ice lake that Ye Feng came to at this moment, there are many demons and evil beasts passed down from ancient times.

Their bloodline energy is very high-level, allowing Ye Feng's bloodline ability to grow and improve rapidly.

At this time, Ye Feng suddenly felt that the method of improving the Hongmeng Immortal Body based on bloodline improvement was easier than increasing the strength of the Chaos Body at that time.

Because very solid things in the world are very rare and are made of rare materials.

But in a chaotic world like the snowy land where thousands of races compete for hegemony and demons run rampant, it is actually very easy to obtain high-level and powerful ancient bloodlines.

Because there are thousands of races and demons that are stronger than humans living everywhere.

After nearly half a day passed, Ye Feng, Chu Xiaomeng and Bingjiao finally reached the bottom of the deep sea area.

At this time, they immediately saw that at the bottom of the icy lake, a huge bronze door appeared, which looked very ancient.

The surface of this bronze gate is also engraved with very complex and ancient patterns and lines. It seems to be some kind of ancient totem, with pictures of ice phoenixes, ice archers and other very ancient powerful figures on it.

At this time, Chu Xiaomeng couldn't help but said in surprise: "This is definitely the entrance to the ancient ruins that the Ice Clan left under this frozen lake."

Ye Feng nodded slightly, with a hint of excitement in his eyes.

Because according to what Chu Xiaomeng said, the Ice Clan was also a quite powerful race on the snowy land back then.

Although it is not the top race, it can still be regarded as a relatively high-ranking race.

People of the Ice Clan are born with the ability to use the power of ice.

Therefore, if the inheritance or treasures of the Ice Clan can be obtained, or if Ye Feng can obtain the bodies of some strong men left by the Ice Clan from the relics of the Ice Clan, and extract some

of the Ice Clan's legacy from them, Blood, then Ye Feng can obtain the racial talent of the Ice Clan, which is equivalent to giving himself a brand new physique, the body of ice.

Thinking of this, Ye Feng became more and more excited. He immediately swam to the bronze gate under the deep sea, trying to find a way to open it.

Buzz!

But just when Ye Feng approached this bronze door, suddenly an extremely terrifying cold air burst out from the entire bronze door in an instant, instantly freezing all the surrounding seawater into a thick layer of ice. .

Ye Feng was also frozen in an instant and turned into an ice sculpture! After Chu Xiaomeng finished speaking at this time, he directly let the ice dragon continue to lead them to swim towards the depths of the deep sea area.

At this time, Ye Feng also exuded a touch of soul power, which spread around him, allowing him to sense possible dangers at any time.

But just when Ye Feng had just approached this bronze door, suddenly an extremely terrifying cold air burst out from the entire bronze door in an instant, instantly freezing all the surrounding seawater into a thick layer of ice. .

Ye Feng was also frozen in an instant and turned into an ice sculpture!

Chapter 3394 Red Flame Clan

"Master Ye Feng!"

At this time, when he saw Ye Feng being frozen into an ice sculpture by the cold air released from the bronze door, Chu Xiaomeng who was not far away immediately showed deep worry in his eyes.

She suddenly exclaimed and flew towards Ye Feng.

Boom!

But the moment Chu Xiaomeng flew in front of the ice sculpture transformed by Ye Feng, Ye Feng suddenly escaped from the ice sculpture and shattered the surrounding ice.

At this moment, there were some ice cubes on Ye Feng's skin, which looked very cold.

There was a hint of surprise in Ye Feng's eyes at this time, because at that moment, he simply felt like he was about to freeze to death.

But relying on the huge heat contained in the Hongmeng Immortal Body, Ye Feng survived and even smashed the ice sculpture directly.

If it were an ordinary person, he would definitely be frozen to death in an instant.

Only Ye Feng with such a strong physique could withstand the extreme cold at that moment.

At this time, Ye Feng looked at the bronze gate in front of him and couldn't help but said: "This bronze gate seems to contain the terrifying ice energy of the ancient ice clan. As soon as you get close to this bronze gate, My whole body will be frozen into an ice sculpture, and I don't know how to get in."

Chu Xiaomeng thought for a moment, then looked at the ice dragon beside him and said loudly: "Xiaobing, what can you do?"

At this time, Bingjiao glanced at the bronze door thoughtfully, and then nodded slightly.

I saw the entire dragon body of the ice dragon hovering directly above the bronze gate, and then the very cold breath in the bronze gate was being rapidly absorbed by the ice dragon.

"Um?"

Ye Feng was very surprised when he saw this scene.

This ice dragon seems to be more extraordinary than I imagined.

This ice dragon is not only powerful, it can also absorb the cold air of the ice clan, which is very cold in the world, and even use this ability to

Enough to enhance your own strength.

This ice dragon is worthy of being evolved from the ice dragon fish. It contains the bloodline of the most powerful ice and snow dragon clan and has unlimited potential.

Like a fish leaping over a dragon's gate.

At this time, Ye Feng looked at Chu Xiaomeng beside him and said solemnly: "Xiaomeng, I think you can cultivate this ice dragon well. This ice dragon is even more extraordinary than we imagined. , The talent seems to be very powerful, maybe it will actually evolve into a complete ice and snow dragon in the end. "

When Chu Xiaomeng heard what Ye Feng said, there was a look of surprise in her eyes. She seemed to have never expected that Ye Feng would rate this ice dragon so highly.

However, Chu Xiaomeng believed Ye Feng's words very much and immediately nodded fiercely and said loudly: "Master Ye Feng, don't worry, I will definitely cultivate this ice dragon well. When this ice dragon is really good in the future, It can be purified into an ice and snow dragon and become very powerful. When the time comes, I will take Mr. Ye Feng to find other more ancient ancient ruins."

And just as Chu Xiaomeng was talking, the cold air in the bronze door was finally completely absorbed by this ice dragon.

As the cold air completely disappeared, cracks suddenly appeared on the bronze door, and then it was completely broken.

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng immediately took Chu Xiaomeng and Bingjiao into the space under the bronze door.

There is no lake water in the space under this bronze door. The entire ice lake is blocked by a transparent light mask on the surface of this bronze door.

At this time, Ye Feng, Chu Xiaomeng, and Bingjiao were all standing on solid ground.

At this moment, Ye Feng looked around and saw a very shocking scene.

I just saw the world under the bronze door

, is a completely frozen world.

All the buildings, including the trees, and the entire ground were turned into a thick layer of ice, which looked very beautiful, as if they had arrived in a dreamy ice and snow kingdom.

But Ye Feng also discovered that everything around him was lifeless.

Obviously, this place was once a glorious country of the Ice Clan, but I don't know what happened, and it turned into this lifeless state.

At this time, Chu Xiaomeng seemed to have discovered something and said aloud: "Master Ye Feng, let's go directly in this direction. Bingjiao told me that she once sneaked in here secretly, but she came in from another entrance. Yes, she knows where the treasure is hidden in the ancient ruins of the Ice Clan."

When Ye Feng heard what Chu Xiaomeng said, he immediately glanced at the ice dragon beside him in surprise, then nodded slightly and said, "Okay, let this ice dragon lead the way."

Boom!

But just when they were about to leave, suddenly there was a huge roar not far from this land of ice and snow, exuding a very strong energy fluctuation.

"what's the situation?"

At this time, Ye Feng and Chu Xiaomeng looked at each other, with deep surprise in their eyes.

Because this land of ice and snow is deeply hidden under the ice lake, how could other living beings enter it?

At this time, Chu Xiaomeng suddenly looked at the ice dragon beside her. She seemed to have received the message transmitted to her by the ice dragon, and immediately said aloud: "Xiao Bing just told me that this ancient world of the ice clan There are other entrances to the ruins, and there may be other strong people entering them."

When Ye Feng heard what Chu Xiaomeng said, he immediately nodded and said: "Anyway, let's go to the place where the energy fluctuations occurred and investigate to see what's going on. If there are really other

When the race comes here, we must be more careful. "

Chu Xiaomeng nodded slightly, and then they flew quickly in the direction of the roar just now.

In less than half an hour, they had arrived at their destination.

At this time, Ye Feng, Chu Xiaomeng, and Bingjiao were all lying on the ground.

They looked not far away and immediately saw a rather surprising scene.

I saw a group of humanoid creatures covered in flames. There were dozens of flaming creatures. They were rapidly destroying an ice palace standing on the ground. They seemed to want to break through the outer buildings of the ice palace. , what do you want to gain by entering it.

"This seems to be the Red Flame clan!"

At this moment, Chu Xiaomeng immediately said to Ye Feng beside him: "The Red Flame Clan and the Ice Clan have been enemies for generations. I didn't expect that the Crimson Flame Clan would appear in the ancient ruins of the Ice Clan. , the Red Flame clan is very powerful, and it is also a well-known race on the snowy land. It is naturally capable of controlling the power of fire, and its overall strength is higher than ours. Should we continue to observe, or stay away from them? "

Ye Feng thought for a moment at this time, and then said aloud: "Since the Chiyan clan has come here and is destroying this ice palace, I estimate that this ice palace must contain the precious treasures or treasures of the Ice clan from back then. Wealth, otherwise the Chiyan clan would not

have come all the way here. I think we can observe it first and don't leave yet. At the appropriate time, we can directly snatch the wealth."

When Chu Xiaomeng heard what Ye Feng said, her eyes immediately showed surprise. It seemed that she didn't expect that Ye Feng would be so bold to provoke dozens of powerful masters of the Red Flame clan alone.

But Chu Xiaomeng didn't say much, because Ye Feng was kind to her, and she would definitely help Ye Feng.

And now that Chu Xiaomeng has a powerful partner like Bing Jiao, he might really be able to try to compete with the masters of the Red Flame clan.

Chapter 3395 Go around to the rear

At this moment, Ye Feng, Chu Xiaomeng and Bingjiao were lurking in the dark, waiting for the best opportunity to take action.

Not far away, a group of masters from the Red Flame clan, whose bodies were burning with flames, were rapidly attacking the Ice Palace in front of them.

This ice palace should be a building left by the Ice Clan. It seems to contain some extraordinary treasures, so this group of Crimson Flame Clan masters tried their best to attack it.

The Red Flame clan is a race that specializes in controlling the power of fire, so their attacks are very effective, and they quickly completely melt the ice palace.

"That is....."

When the entire ice palace melted, Ye Feng and Chu Xiaomeng not far away immediately saw it.

Inside the gradually melting palace, there stood a huge ice phoenix.

However, this ice phoenix is not a real phoenix, but made of a special kind of ice. It is an ice sculpture, but it does feel full of majesty, as if a real phoenix is there.

At this moment, a group of experts from the Red Flame Clan showed deep excitement in their eyes.

Especially the leader of the Crimson Flame Clan master, who looked like a young man. His skin and hair were all burning with faint flames, and he looked very noble and extraordinary.

The young man from the Red Flame Tribe who took the lead immediately said: "Finally, we have found the sculpture of the legendary King of the Ice Clan. It is said that the most precious Ice Soul Yuan Pearl of the Ice Clan is hidden in this sculpture of the Ice Phoenix. Among them, if I get the Ice Soul Yuan Pearl and fuse it with my own flame origin, then I can get the legendary fusion of ice and fire power after the fusion of red flame and ice power. In that case, my strength will definitely be able to obtain With a huge improvement, he might be able to become the leader of the next generation among the Red Flame Clan."

This young man from the Crimson Flame Clan is called Chi Jiuyi. He is a young master from the Crimson Flame Clan. He is very ambitious and wants to find the Ice Soul Yuan Pearl, the most precious treasure among the Ice Clan, so as to evolve his own life source.

Buzz!

At this time, under the orders of Chi Jiuyi, several masters of the Chiyan tribe walked directly towards the ice phoenix sculpture in front, wanting to smash the ice phoenix sculpture directly and get the ice inside. Soul Pearl.

Boom!

But just when they approached the Ice Phoenix sculpture, suddenly a surge of extreme cold air surged out from the Ice Phoenix sculpture, and in an instant, it directly hit the five or six Scarlet Flame Clan masters who were approaching. frozen.

The flames on the bodies of these Scarlet Flame Tribe masters were instantly extinguished by this extremely cold air.

Several experts from the Red Flame Clan instantly turned into ice sculptures on the spot, and their vitality was probably frozen in an instant.

"What?"

"What a horrible cold!"

Seeing this scene, the other Crimson Flame Clan masters present all had their eyes changed.

And Chi Jiuyi, the young master of the Red Flame Clan, also had his eyes slightly darkened.

Because the Red Flame Clan itself has the ability to resist the cold energy of the Ice Clan. The flames on their bodies are very powerful and are natural flames.

But unexpectedly, several experts from the Red Flame Clan were instantly frozen by the cold air on the Ice Phoenix sculpture.

At this moment, Chi Jiuyi

He said slowly: "I'll try it myself."

Uh-huh!

After saying that, Chi Jiuyi immediately rushed forward, stretched out a hand and grabbed the ice phoenix sculpture.

Boom!

Sure enough, the moment Chi Jiuyi approached the Ice Phoenix sculpture, an extreme cold energy burst out from the Ice Phoenix sculpture, covering Chi Jiuyi in an instant.

As this extreme cold air approached, the flames burning on Chi Jiuyi's body suddenly dimmed a lot.

"Click, click..."

At this moment, Chi Jiuyi's stretched out palm began to freeze.

But I have to say that this Chi Jiuyi is very powerful and is definitely the top master among the Chi Yan clan.

Because his whole body was not frozen, but his palms were frozen a little, which was much more powerful than those ordinary Crimson Flame Clan masters.

At this time, Chi Jiuyi was approaching the Ice Phoenix sculpture with difficulty, trying to forcibly plunder the Ice Soul Yuan Pearl from the Ice Phoenix sculpture.

At this time, Ye Feng and Chu Xiaomeng, who were observing not far away, flashed their eyes slightly.

It seems that the treasures in the ancient ruins of the Ice Clan are not so easy to obtain.

Chu Xiaomeng asked at this time: "Master Ye Feng, what should we do now?"

Ye Feng thought for a moment, and then said aloud: "This group of Crimson Flame Clan masters are still very powerful. Ordinary Crimson Flame Clan masters have the perfect cultivation of the tenth level of Tongxu Realm, and this Crimson Flame Clan master I carefully sensed the cultivation aura of the young man who is the leader of the clan, and it seems that he has surpassed the Tongxu Realm, and is a strong person in the Transcendence Realm above the Tongxu Realm, and he is also born with the ability to control flames. It is very difficult to deal with. We should not fight with it for the time being. Otherwise, even if the ice dragon and I join forces, we will probably not be able to match this group of Scarlet Flame Clan masters. After all, this group of Crimson Flame Clan is naturally capable of restraining the ice dragon's cold power. force."

Although Ye Feng is sometimes very willing to take risks, he is not a fool, and he will not go to the tiger mountain knowing that there are tigers in the mountain.

Ye Feng's adventures are limited to small adventures. If his life is really in danger, Ye Feng will not act haphazardly and will definitely consider the best course of action.

Chu Xiaomeng nodded, and then asked aloud: "Then shall we leave directly now?"

When Ye Feng heard this, he immediately smiled and said: "Of course not, we are taking advantage of the group of Scarlet Flame Clan masters who are competing with the Ice Phoenix sculpture in front of the palace. Let's go around to the Ice Clan Palace first. In the rear, let's see what treasures

there are in the depths of this palace. We don't need to worry about this ice phoenix sculpture for the time being, just for the masters of Chiyan to spend time here."

When Chu Xiaomeng heard what Ye Feng said, his eyes suddenly lit up, and he immediately nodded and said loudly: "Master Ye Feng, your plan is great, let's take advantage of these Chi Yan masters to spend time here. "Now, let's sneak around to the back of this palace to see if we can find any treasures from the Ice Clan. If we find them, we can just sneak away."

Ye Feng nodded slightly. He really didn't want to meet this group of extremely powerful Crimson Flame masters.

After all, the opponent is a very powerful race, and their cultivation is also very strong. They have strength in numbers, and if they go head-to-head, they will only suffer losses.

So Ye Feng planned to go to the back of the palace first to see if he could get any treasures from the Ice Clan. At this moment, Ye Feng, Chu Xiaomeng and Bingjiao were lurking in the dark, waiting for the best opportunity to take action.

Not far away, a group of masters from the Red Flame clan, whose bodies were burning with flames, were rapidly attacking the Ice Palace in front of them.

As this extreme cold air approached, the flames burning on Chi Jiuyi suddenly dimmed a lot.

"Click, click..."

At this moment, Chi Jiuyi's stretched out palm began to freeze.

But I have to say that this Chi Jiu Yi is very powerful and is definitely the top master among the Chi Yan clan.

Because his whole body was not frozen, but his palms were frozen a little, which was much more powerful than those ordinary Crimson Flame Clan masters.

Although Ye Feng is sometimes very willing to take risks, he is not a fool, and he will not go to the tiger mountain knowing that there are tigers in the mountain.

Ye Feng's adventures are limited to small adventures. If there is a real life crisis, Ye Feng will not act casually and will definitely consider the best course of action.

Chu Xiaomeng nodded, and then asked aloud: "Then shall we leave directly now?"

When Ye Feng heard this, he immediately smiled and said: "Of course not, we are taking advantage of the group of Scarlet Flame Clan masters who are competing with the Ice Phoenix sculpture in front of the palace. So Ye Feng planned to go to the back of the palace first to see if he could get any treasures from the Ice Clan.

Chapter 3396 Ice King Sword

At this time, Ye Feng and Chu Xiaomeng both restrained their auras, concealed their life fluctuations, and lurked secretly behind the ice palace.

When they came to the back of the ice palace, they immediately saw a lot of boxes, all of which were densely placed on the ground.

These boxes contain the wealth left behind by the Ice Clan back then.

Obviously, this Ice Palace should have been a place where the Ice Clan could store their wealth, so it has so many treasure boxes.

At this moment, Ye Feng's eyes suddenly lit up and he couldn't help but said: "It seems that we are in the right place. The real treasures are hidden at the back of the ice palace, but the master of the Red Flame Clan is The Ice Soul Yuan Pearl in the Ice Phoenix Sculpture is probably also a treasure."

Chu Xiaomeng also nodded at this time. Looking at the many treasure boxes in front of him, he immediately said: "Master Ye Feng, take them all. I have already said that you helped me get the ice." Jiao is my biggest gain. All the wealth in this Ice Clan belongs to you, Mr. Ye Feng."

When Ye Feng heard what Chu Xiaomeng said, there was a hint of surprise in his eyes, as if he didn't expect that the other party was really so determined and generous.

Ye Feng didn't show any pretense, he nodded immediately and said, "Okay, thank you very much."

After all, he had indeed helped Chu Xiaomeng a lot, and now it was his turn to get so much wealth.

Because that ice dragon with unlimited potential is still very valuable, and Chu Xiaomeng also knows this.

Uh-huh!

At this moment, Ye Feng grabbed a big hand and immediately put the dozen or so treasure boxes left by the Ice Clan in front of him into his storage ring.

Most of what is contained in these boxes are some very special ice crystals, which contain a lot of energy, as well as some inheritance of the ice clan, as well as many armor weapons and so on.

These things are of great value to Ye Feng now, so at this time Ye Feng collected all the treasure boxes into his storage ring, waiting to check them later.

The next moment, Ye Feng continued to explore the surroundings and discovered that at the very back of the ice palace, there was actually a huge sculpture of an ice phoenix.

However, this Ice Phoenix sculpture does not emit any particularly strong cold air, and it seems to be just a very ordinary sculpture.

But Ye Feng knew that this kind of thing might be very scary and had very cold properties, so Ye Feng did not approach the ice phoenix sculpture, but went around and continued to explore other places.

Soon, Ye Feng discovered a sculpture of a very tall young man at the very back of the ice palace.

This sculpture is not an ice sculpture, but a stone sculpture.

But in the hands of this young man who was a stone sculpture, he held a transparent long sword made purely of ice. It exuded an extreme cold air and gave people a very scary feeling.

When Chu Xiaomeng saw the ice sword in the hand of the stone young man sculpture, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Master Ye Feng, this time According to what I know, the Ice Sword seems to be the very precious and powerful Ice King Sword of the Ice Clan, and it is the natal weapon of the King of the Ice Clan."

"Ice King Sword?"

Hearing what Chu Xiaomeng said, Ye Feng suddenly showed a trace of surprise in his eyes.

He stared at the transparent ice sword in the hand of the stone sculpture young man, and couldn't help but said: "This ice sword that looks so ordinary is actually the legendary king of the ice clan. It seems we are very lucky."

Uh-huh!

After saying that, Ye Feng walked directly in the direction of the young man with the stone sculpture.

Seeing that Ye Feng was about to walk over, Chu Xiaomeng immediately couldn't help but pull Ye Feng, and said with some worry: "Master Ye Feng, although I know that you are very powerful, but this one The Ice King Sword was used by the king of the Ice Clan back then. It might be very terrifying. I think it's better not to take the risk. After all, this Ice King Sword is probably more powerful than the Ice Soul Yuanzhu that the masters of the Red Flame Clan are plundering. To be aggressive, even the master of the Transcendent Realm who has surpassed the Tongxu Realm from the Red Flame Clan would have a hard time resisting the Ice Soul Yuan Pearl in the Ice Phoenix Sculpture, let alone Mr. Ye Feng. Now I am only at the third level of Tongxu Realm. If I want to get this Ice King Sword, I will risk my life. "

At this moment, Chu Xiaomeng was talking, with a look of worry on her beautiful little face.

Because for Chu Xiaomeng, this girl from the Spirit Clan has already regarded Ye Feng as her friend in her heart, and a very good friend.

So at this time, Chu Xiaomeng naturally didn't want anything to happen to Ye Feng.

When Ye Feng heard what Chu Xiaomeng said at this time, he thought it was reasonable.

But looking at such a super powerful treasure like the Ice King Sword in front of him, if he can't get it, then Ye Feng is willing to

Ding is also unwilling to give in.

And Ye Feng knew very well that if he could control the Ice King Sword, a powerful treasure of the Ice Clan back then, he would probably not be so afraid of the group of masters from the Red Flame Clan next.

Because if an ancient treasure like the Ice King Sword is mastered, it will definitely help Ye Feng explode into super powerful combat power.

Ye Feng's eyes flickered at this moment, he thought carefully, and then said aloud: "Anyway, I have such a precious Ice King Sword in front of me. It would be a big loss if I don't get it. , Although my current cultivation level is not very high, my physique is very strong, I still want to give it a try. "

Hearing that Ye Feng still wanted to try to plunder the Ice King Sword, Chu Xiaomeng nodded slightly at this moment and stopped trying to persuade him.

She looked at the ice dragon beside her and said aloud: "Xiao Bing, you are an ice-attributed spiritual beast, and you have the powerful bloodline of the ice and snow dragon clan. You go there with Mr. Ye Feng and see if you can plunder that ice dragon." With the Ice King Sword, if there is any danger, you must protect Mr. Ye Feng."

Chu Xiaomeng knew very well that the ice dragon had evolved to its current level through the inheritance relics left by the Ice Clan.

Therefore, the ice dragon must be more able to endure the extremely cold energy of the ice clan.

So at this time, Chu Xiaomeng asked Bingjiao to help Ye Feng in case any fatal accident happened to Ye Feng, so that Bingjiao could resist damage to Ye Feng at the critical moment.

Ye Feng smiled slightly at this time and couldn't help but said: "Thank you, Xiao Meng. Don't worry, there shouldn't be any big problem. My physique is still very strong."

Ye Feng is still very confident about his Hongmeng Immortal Body.

Chapter 3397 Ice Physique

Buzz!

At this moment, as Ye Feng approached, a very strong light of ice suddenly emitted from the Ice King Sword, freezing the entire surrounding space.

"It's so cold!"

At this moment, Ye Feng immediately showed a look of horror in his eyes.

Because he had just approached the Ice King Sword, the other party released a terrifying ice energy, making Ye Feng's blood seem to be frozen and unable to flow anymore. ??

Hongmeng Immortal Body!

At this moment, Ye Feng no longer had any reservations and directly exploded with the power of his extremely powerful body.

"Crash!"

Suddenly, the blood in Ye Feng's body was like a river or a sea, surging crazily, rapidly flowing and impacting through his limbs, expelling the terrifying cold air from his body. outside.

Uh-huh!

At this time, Ye Feng quickly approached the Ice King Sword.

Because Ye Feng knew that if he wanted to completely refine the Ice King Sword, he had to touch the body of the Ice King Sword.

In this way, your own spirit and soul can be connected with the Ice King Sword to refine it.

Click, click, click...

At this moment, as Ye Feng continued to advance, layers of ice appeared on the surface of his entire body, making Ye Feng's entire body seem to have turned into an ice sculpture.

However, Ye Feng's Hongmeng Immortal Body continuously emitted extremely powerful heat, helping Ye Feng resist the cold.

In addition, the ice dragon also flew to Ye Feng's side at this time, quickly opened its mouth, and absorbed all the ice energy formed on the surface of Ye Feng's body into his stomach. In this case, It can relieve some pressure on Ye Feng.

With the cooperation of one person and one dragon, Ye Feng finally approached the Ice King Sword in front of him.

At this time, Ye Feng was already standing in front of this stone sculpture of a young man.

Uh-huh!

At this moment, Ye Feng stretched out his hand directly, wanting to grab the handful of ice

Wang Jian.

Boom!

But at this moment, the stone sculpture of a young man suddenly moved.

He actually held the Ice King Sword in his hand and slashed towards the top of Ye Feng's head.

"What?"

Ye Feng originally thought that the stone sculpture of a young man was a dead thing, but he never expected that he could do such a thing.

Fortunately, Ye Feng reacted quickly at this moment and immediately dodged and moved aside.

Boom! !

The ice sword struck the ground, and with a roar, a huge abyss was opened in the entire earth, and layers of ice appeared on the surface of the abyss.

Seeing this scene, Ye Feng's eyes suddenly showed horror.

This Ice King Sword is truly terrifying!

You must know that this stone sculpture of a young man has no power on its own. The destructive power of this sword is entirely caused by the Ice King Sword itself, which is so terrifying.

This made Ye Feng feel horrified and at the same time filled with deep excitement.

If he could control this Ice King Sword, he would be able to unleash even more terrifying destructive power.

At this moment, Ye Feng immediately rushed towards the stone sculpture.

Before the stone sculpture had time to react, Ye Feng punched the stone sculpture hard, trying to break it into pieces.

In this case, just dealing with the Ice King Sword will be much less stressful.

"Boom!"

When Ye Feng's fist hit the young man who was a stone sculpture, the Hongmeng Immortal Body immediately erupted with a terrifying impact, and Ye Feng also released the power of his brute force gem at this moment.

The combination of the two is absolutely terrifying and destructive.

Click

Crack! Click!

Along with a series of shattering sounds, the stone sculpture of the young man suddenly shattered.

"This is....."

And at this moment, Ye Feng suddenly discovered that after the sculpture was broken, a decayed skeleton was revealed. .??.

There is an ancient skeleton hidden in this human sculpture!

Ye Feng guessed that this skeleton was the body left behind by a super strong person from the Ice Clan back then.

Seeing this scene, Ye Feng suddenly showed deep excitement in his eyes, and he rushed forward, not even wanting to take care of the Ice King Sword, and directly grabbed the skeleton in his hands.

Buzz!

At this moment, Ye Feng released his soul power and quickly explored the skeleton.

The next moment, what made Ye Feng's eyes happy was that although the skeleton was withered, Ye Feng still sensed a very obscure blood fluctuation from the deepest part of the skeleton.

This bloodline is definitely the blood left by the super strong men of the Ice Clan back then. It has not completely dried up and still exists in this skeleton.

Even if there is only a drop of blood left, it means that the skeleton has not completely withered, and Ye Feng can directly plunder the physical talent of the ice clan.

"Very good!"

The melting pot of all things!

boom!

The next moment, Ye Feng did not hesitate and directly released the first-level accompanying talent of his Hongmeng Immortal Body, the melting pot of all things.

Wow!

Then Ye Feng threw the bones of the ancient strongman of the Ice Clan in his hand directly into the furnace of all things.

Buzz!

The next moment, Ye Feng immediately sensed a very special energy and injected it into his body.

At this moment, Ye Feng successfully plundered the physical talent of this ancient strong man's bones.

That is the physique of the Ice Clan!

At this time, Ye Feng's eyes showed deep joy.

Because while plundering the physique, the blood left in the skeleton that has not completely dried up has improved his bloodline ability a lot.

Ye Feng's Hongmeng Immortal Body has directly entered the late first level from the middle stage of the first level, and has been transformed and upgraded.

This is simply killing two birds with one stone!

To this day, Ye Feng's melting pot of all things has allowed him to plunder two physiques.

They are the physique of the Dark Thunder Beast and the physique of the Ice Clan.

Ye Feng can use the powerful talents of these two races.

It has to be said that Ye Feng's ability to plunder the physiques of other races is really terrifying.

At this time, Ye Feng looked at the Ice King Sword not far away, and suddenly felt that there was a vague blood connection between himself and the Ice King Sword.

Obviously, Ye Feng has now plundered the ice physique of the ancient strongman of the Ice Clan, and also has the innate ability of the Ice Clan, which can vaguely echo each other with this Ice King Sword.

Buzz!

The next moment, under Chu Xiaomeng's horrified gaze, Ye Feng stretched out his hand and made a move. The Ice King Sword actually flew directly into Ye Feng's hand, and was controlled by Ye Feng instantly.

"This...how is this done?"

Seeing this scene, Chu Xiaomeng, a girl from the Spirit Tribe, widened her beautiful eyes. She obviously couldn't figure out why Ye Feng could suddenly let the Ice King Sword take the initiative to recognize its master. This was simply unbelievable to the extreme!

"Boom!!"

And at this moment, the main hall not far away suddenly collapsed.

A group of dozens of Crimson Flame Clan masters with faint flames burning all over their bodies suddenly appeared in the sight of Ye Feng and Chu Xiaomeng.

"It's the Ice King Sword!"

At this moment, a group of Scarlet Flame Clan masters stared at the Ice King Sword in Ye Feng's hand. Their eyes were suddenly startled, and then they showed deep greed.

Chapter 3398 The Third Young Master of the Red Flame Clan

"How could the Ice King Sword, a powerful treasure of the Ice clan, be controlled by a human boy?"

"This is impossible! The Ice King Sword has extremely strong autonomy and aggressiveness. Even the strong men of our Red Flame Clan would have a hard time controlling the Ice King Sword."

At this time, a group of Crimson Flame Clan masters spoke out one after another, with a hint of horror in their tone.

It seemed that Ye Feng, a small human being, could control the legendary Ice King Sword.

At this time, a tall young man standing in front of the masters of the Red Flame Clan was none other than the young master of the Crimson Flame Clan, named Chi Jiuyi.

It was this Chi Jiuyi who was plundering the Ice Soul Yuan Pearl before.

At this moment, Chi Jiuyi indeed had an ice blue round bead in his hand, which was the Ice Soul Yuan Pearl.

Obviously, this Chi Jiuyi has plundered the ice soul pearl in the ice phoenix sculpture into his own hands.

At this time, Chi Jiuyi stared at the Ice King Sword in Ye Feng's hand, seemingly with a kind of innate pride.

Because Ye Feng is a human race, a very weak race on the snowy land.

Therefore, these Crimson Flame Clan naturally feel very contempt and contempt for Ye Feng, a human race.

Especially Chi Jiuyi.

Chi Jiuyi himself is an extremely powerful young master among the Red Flame tribe, so now that Chi Jiuyi has met Ye Feng, a young man from the human race, he is naturally very arrogant.

Because he felt that a human race like Ye Feng, a weak race, should surrender before their Red Flame tribe.

At this moment, Chi Jiuyi stared at Ye Feng, with his hands behind his back, looking like a king, and said slowly: "Humble human race, I will give you half a minute now, and offer it to you. The Ice King Sword, otherwise, I will crush you to death like an ant."

What Chi Jiuyi said was very domineering and aloof.

When Ye Feng heard Chi Jiuyi's words, he immediately showed a deep sneer in his eyes, and said slowly: "It seems that every race feels that

It seems that our human race is very weak and easily bullied, but I want to completely shatter this concept of yours! "

Boom!

The moment Ye Feng finished speaking, an extremely powerful cultivation aura suddenly erupted from his body.

At this moment, Ye Feng rushed directly in the direction of Chi Jiuyi and punched out hard. The fist contained black and gold light, which was very powerful.

"What?"

Seeing Ye Feng taking the initiative to rush towards him, Chi Jiuyi suddenly showed deep surprise in his eyes, and then he sneered deeply and sarcastically, and said aloud: "I didn't expect that a human like you could actually You have the courage to attack me directly, then I will teach you a lesson."

"Wait a moment."

At this time, a master from the Red Flame Clan next to Chi Jiuyi suddenly spoke up and said with a smile: "You don't need the third young master to do it yourself, just leave it all to your subordinates. This humble human boy, this subordinate can make a move We can capture him. After all, this human boy is only a third-level cultivator of the Tongxu Realm. He is too weak. If he dares to attack us, the Red Flame Tribe, he is extremely stupid and is seeking his own death."

Boom!

The moment the Scarlet Flame Clan master finished speaking, he walked directly towards the direction Ye Feng rushed towards, with a very aloof look in his eyes.

Then he directly grabbed it with one hand, and his hand immediately released a powerful flame, forming a big flame hand that was going to burn Ye Feng's entire body to death.

Rumble.

But the moment Ye Feng's fist struck the big flaming hand, a terrifying impact suddenly erupted.

This big flaming hand was shattered into pieces by Ye Feng's terrifying fist in an instant.

Then Ye Feng's

With one fist, under the horrified gaze of the Crimson Flame Clan master, he directly punched through the entire chest of the Crimson Flame Clan master.

Snap!

In an instant, the Scarlet Flame Clan master fell from the sky and fell directly to the ground, completely dead.

"What?"

"This human boy actually has such powerful combat power?"

At this moment, a group of Crimson Flame Clan masters watching around showed deep surprise in their eyes.

Because the cultivation levels of these Crimson Flame Clan masters are generally in the tenth level of the Tongxu Realm.

However, Ye Feng's cultivation level is only at the third level of Tongxu Realm, but he can kill this Scarlet Flame Clan master with one punch.

This is really incredible.

Because in their impression, the human race is originally a very weak race, and there is no racial talent. Being able to transcend the realm and kill the enemy is definitely a very unnatural thing.

"Um?"

At this moment, Chi Jiuyi, who is watching from a distance, the third young master of the Chiyan clan who has a level of cultivation above the Tongxu realm, has a hint of surprise in his eyes. .

He immediately stared at Ye Feng, who was not far away, and couldn't help but said: "I didn't expect that a young human race like you would have such a strong fighting power. No wonder you are so bold and dare to attack us, the Red Flame clan, directly. , it seems that you are a peerless genius among the human race, but even if you are a genius-level figure among the human race, you are destined to be suppressed in front of me. I am the third young master of the Chi Yan clan, and I have the incomparable power of the Chi Yan clan. the power of!"

Boom!

Almost at the moment Chi Jiuyi finished speaking, he took a step forward.

And just this step taken by Chi Jiuyi caused the ground in front of Chi Jiuyi to shatter instantly.

Wow!

Then, under the ground, endless flames spurted out.

In an instant, the entire sky was burned, and Ye Feng's entire body was enveloped in endless flames.

cut! !

At this moment, Ye Feng felt the terrifying power of burning, which was about to melt his entire body.

At this moment, Ye Feng immediately held the Ice King Sword in his hand, then crazily activated the power in the Ice King Sword, and slashed directly forward.

Boom!

A huge, earth-shaking ice sword light suddenly erupted from the Ice King Sword.

In an instant, a crack was created in the surrounding infinite flames.

Uh-huh!

Then Ye Feng rushed out, holding the Ice King Sword in his hand, and continued to slash towards Chi Jiuyi.

Boom!

At this moment, Chi Jiuyi immediately stretched out his hands and held up a mask of flames.

Boom!

However, the Ice King Sword in Ye Feng's hand has super power, and it can now cooperate with Ye Feng very well. After all, Ye Feng now has the physique of the Ice Clan.

So at this time, the power that Ye Feng unleashed while holding the Ice King Sword was so terrifying that it suddenly chopped into pieces the flame shield held up by Chi Jiuyi.

Chi Jiuyi couldn't help but take a dozen steps back, looking a little embarrassed.

"hateful!"

At this moment, Chi Jiuyi's originally aloof expression suddenly turned gloomy.

Because Ye Feng, a boy who was a whole realm weaker than him, and a humble human being, was able to repel him.

This is simply a huge shame for Chi Jiuyi, the third young master of the Chiyan clan.

Chi Jiuyi stared at Ye Feng at this time, his eyes began to burn with flames, and he said gloomily: "Humble human boy, you have really angered me, I will let you die with the pain of being burned by thousands of fires! "

Chapter 3399 Leave no consequences

Boom!

At this time, after Chi Jiuyi finished speaking, the flames on his body suddenly became extremely strong.

At this moment, Chi Jiuyi suddenly displayed an extremely powerful and shocking inheritance.

"Ten thousand fires burn the sky!"

In an instant, pillars of flame light burst out from Chi Jiuyi's body.

It was really like thousands of fires burning the sky, covering directly in the direction of Ye Feng.

Each pillar of flame light is like a sky-shattering divine pillar, possessing terrifying burning power and terrifying destructive power.

At this moment, seeing the shocking scene in front of him, Ye Feng did not retreat at all, but instantly inspired the original power of his extremely powerful Hongmeng Immortal Body, and then injected it into the Ice King Sword in his hand.

Ye Feng knew that if he directly used his body to fight someone hard now, he would probably not be a match for Chi Jiuyi.

The most effective thing now is to release the power of the Ice King Sword in his hand.

Because you must know that this Ice King Sword was a treasure used by the king of the Ice Clan back then, and it was very powerful.

Moreover, the terrifying power of extreme cold in the Ice King's Sword can just restrain the power of flames from the Red Flame Clan like Chi Jiuyi.

Boom!

When Ye Feng poured all his power into the Ice King Sword in his hand, a huge and earth-shattering ice sword light suddenly erupted from the Ice King Sword, almost covering the entire world in an instant. Cut in half.

The terrifying cold air caused the flame beams that hit it to be frozen and extinguished in an instant.

Then the terrifying ice sword light struck directly on the top of Chi Jiuyi's head, blasting Chi Jiuyi's entire body away and shattering a large area of land.

"Third Young Master!"

At this moment, a group of masters from the Red Flame Tribe saw that their third young master had been defeated. Their eyes showed deep horror, and they hurriedly ran towards the distance, pulling Chi Jiuyi away from the broken earth. Get up and prepare to escape from here.

Because Ye Feng was holding the Ice King Sword at this moment, it was as if the king of the Ice Clan had resurrected, capable of erupting with terrifying power that they simply could not resist.

And you must know that the Ice King Sword originally restrained the Red Flame clan.

At this time, Chi Jiuyi, the third young master of the Red Flame clan, who was being pulled by many masters of the Scarlet Flame clan, his arrogant eyes turned into deep confusion, and he couldn't help but said: "Impossible. Impossible. The human race is an extremely humble race in our snowy land. It is simply an ant-like race. Why can he be recognized by the Ice King Sword and be able to burst out the king's power in the Ice King Sword? This is impossible. "

At this moment, it was obvious that Chi Jiuyi's Taoist heart was completely shattered and he fell deeply into self-doubt.

Because everything Ye Feng showed was really incredible to him, it was simply beyond his understanding of the human race.

"I still want to leave now, but it's impossible."

But at this time, Ye Feng suddenly spoke up.

Uh-huh!

Ye Feng held the Ice King Sword in his hand and flew directly to the sky. Then he instantly raised the Ice King Sword in his hand and struck out with one sword strike in the distance.

With this sword, Ye Feng continued to input his huge power, making Ye Feng's face become slightly pale.

Although this Ice King Sword is very terrifying and the damage caused by it is also very terrible, the consumption is really high.

If it weren't for Ye Feng's extremely powerful skills, the extremely powerful Hongmeng Immortal Body, and his abundant life source, the sword just now would have been sucked dry by the Ice King Sword.

At this moment, Ye Feng slashed out another sword. Although a lot of power was consumed, the sword light burst out and covered the entire land not far away with ice in an instant.

The dozens of Crimson Flame Clan masters who were escaping were instantly frozen in place by the terrifying coldness in the sword light.

In addition, Chi Jiuyi, the third young master of the Chi Yan clan, was also frozen in place.

His legs were all covered with ice and he couldn't move at all.

Uh-huh!

At this time, Ye Feng held the Ice King Sword in his hand, with extremely cold air surging all over his body, as if a king of the Ice Clan had arrived, and came in front of a group of Red Flame Clan.

Ye Feng stared at Chi Jiuyi with unkind eyes.

Chi Jiuyi finally felt deep fear at this time.

For the first time, he felt deep fear from such a weak race like the human race.

Chi Jiuyi immediately shouted: "What do you want to do?"

Ye Feng smiled coldly and said, "Of course I will kill you."

Chi Jiuyi's face suddenly changed, and he couldn't help but exclaimed: "I am the third young master of the Chi Yan clan, and my status is very noble. If you kill me, not only will you die, but your human race will also completely They were hunted down and exterminated by our Chiyan clan."

Hearing what Chi Jiuyi said, Ye Feng immediately smiled indifferently and said: "If our human race was really so easy to be wiped out, we would have perished on this snowy land long ago. As for you, the so-called Chi The third young master of the Yan clan, I don't care who you are, if you offend me, you will die."

Click!

Almost at the moment Ye Feng finished speaking, Ye Feng did not hesitate at all. He held the Ice King Sword in his hand and directly killed Chi Jiuyi with one sword.

Chi Jiuyi never imagined that he would die in the hands of a human boy who he regarded as very weak.

At this time, the other frozen Crimson Flame Clan masters all had deep fears in their eyes.

They quickly begged for mercy in fear: "Sir! Sir! Don't kill us. It was the third young master who provoked you, please let us go."

At this time, Ye Feng just smiled coldly and said: "Keeping you here will only cause future troubles, and I am a person who will eradicate the root of anything I do."

Boom!

The next moment, Ye Feng slashed out with another sword, directly killing all the dozens of Scarlet Flame Clan masters in front of him.

Devour!

The next moment, Ye Feng did not hesitate and directly released his Devouring Domain, immediately absorbing all the skills of these Red Flame Clan masters.

In addition, Ye Feng also threw this Chi Jiuyi into his own melting pot of all things.

Not only did it swallow up all the skills of this Chi Jiu Yi, but it also robbed this Chi Jiu Yi of the physique of the Chi Yan clan.

So far, Ye Feng has plundered three types of physiques.

They are the Dark Thunder Beast, the Ice Clan, and now the Red Flame Clan.

Ye Feng can now control the dark thunder power of the Dark Thunder Beast Clan, and can also release the ice power of the Ice Clan, and now the flame power of the Red Flame Clan.

It has to be said that this ability to constantly plunder the physiques of other races makes Ye Feng himself show deep excitement in his eyes.

If in the end, as Emperor Chu said, he really merged countless physiques into one, then he would really be invincible.

"boom!"

And while Ye Feng was thinking secretly, the aura on his body began to break through quickly along with the devouring!

"boom!"

The fourth level of Tongxu Realm!

"boom!"

The fifth level of Tongxu Realm!

"boom!"

The sixth level of Tongxu Realm!

I have to say that this group of masters from the Red Flame Clan are really a great addition.

Their blood energy and skills were very powerful, allowing Ye Feng to achieve a huge breakthrough in his cultivation in an instant, directly breaking through the third level of heaven!

Chapter 3400 The Great Frozen Realm

At this time, Ye Feng had killed so many Red Flame tribesmen, and his cultivation had grown tremendously, which made Ye Feng very satisfied.

And the most important thing is that Ye Feng also plundered the racial talent of the Red Flame Clan.

At this time, Ye Feng stretched out a hand, and a red flame suddenly rose in his palm.

When Chu Xiaomeng next to him saw this scene, his eyes suddenly showed deep surprise, and he couldn't help but said: "Master Ye Feng, why are you suddenly able to control the power of fire?"

Ye Feng smiled and said, "Because I have this kind of talent."

Hearing Ye Feng's words, an explanation meant no explanation. Chu Xiaomeng couldn't help but smile and shook his head, and didn't ask any more questions.

At this time, Ye Feng looked at the Ice King Sword in his hand with deep surprise in his eyes.

This Ice King Sword was such a surprise to him. .??.

The power contained in the Ice King Sword is truly terrifying to the extreme.

At this moment, Chu Xiaomeng suddenly found an ice-blue bead from a ruin not far away, exuding a cold air.

She immediately came to Ye Feng and said loudly: "Master Ye Feng, this is the Ice Soul Yuan Pearl obtained by the third young master of the Scarlet Flame Tribe."

Ye Feng stared at the Ice Soul Yuan Bead and took it. Holding the Ice Soul Yuan Bead in his hand, Ye Feng could sense very powerful ice energy from it.

At this time, Ye Feng nodded and said loudly: "The energy contained in this Ice Soul Yuan Pearl is very powerful. When combined with the Ice King Sword in his hand, it should be able to explode with even more powerful power."

Uh-huh!

But just when Ye Feng was observing the Ice Soul Yuan Pearl in his hand, suddenly the Ice Soul Yuan Bead flew out of Ye Feng's hand, and then turned into an icy blue light and landed directly not far away. On one wall.

There happens to be a groove on this wall where the Ice Soul Yuan Pearl can be embedded.

The moment the Ice Soul Yuan Pearl was inlaid, the entire wall's earthy surface was immediately covered with a layer of ice, emitting an icy blue light.

"Um?"

Seeing this scene, Ye Feng and Chu Xiaomeng couldn't help but have a hint of surprise in their eyes.

They looked at each other and then walked towards the wall.

When they came to the wall, this wall turned out to be like a door, opening quickly towards both sides.

When the wall opened, the two people immediately saw a cave completely shrouded and covered by ice appearing behind the wall.

In this cave, there is a beautiful sculpture that looks like a nine-day fairy.

Under this sculpture, there are two huge stone boxes, which seem to contain something.

When Chu Xiaomeng saw this scene, there was a hint of surprise in her eyes, and she couldn't help but said: "This should be the secret place left by the Ice Clan back then. What is inside these two stone boxes? What's inside is probably the most precious thing of the Ice Clan back then."

Hearing what Chu Xiaomeng said, Ye Feng immediately nodded slightly and said, "Let's go over and take a look."

Ye Feng and Chu Xiaomeng both walked to the two stone boxes at this moment, and immediately saw that the first stone box contained an ancient book.

"This should be a legacy."

Only then did Ye Feng see the cover of this ancient book with the five characters "Great Frozen Realm" written on it.

The second stone box contains an ancient map.

but

This map seems to be broken, with nearly half of it missing, and the four characters "Ice Lord" are written on it.

Seeing this scene, Ye Feng's eyes suddenly moved.

Could this map lead to the ancient ruins left by the Ice Lord?

Chu Xiaomeng stared at the map and suddenly spoke out: "It is said that the original origin of the Ice Clan came from the legendary Ice Lord. The Ice Lord controlled the entire frozen world back then. It was very... powerful."

When Ye Feng heard what Chu Xiaomeng said, he immediately nodded and put the half-broken map into his storage ring.

Then Ye Feng took out the inheritance of the "Great Frozen Realm" contained in the first stone box, and then said aloud: "Xiao Meng, let's understand this Great Frozen Realm together."

Chu Xiaomeng couldn't help but shook her head, smiled and said: "Mr. Ye Feng, I am from the spirit race and cannot practice the inheritance of other races."

Hearing what Chu Xiaomeng said, Ye Feng's eyes suddenly moved and he couldn't help but said: "Can't each race practice the inheritance of other races?"

Chu Xiaomeng thought for a moment, then nodded and said loudly: "As far as I know, it is like this. Each race has its own talents, but its own strength is also very special and cannot be compared with other races. Compatible with the power, people like you, Mr. Ye Feng, can not only exert the ice power of the Ice King Sword, but also control the flames of the Red Flame Clan. This is something I have never seen before. Maybe your human race is very powerful. special."

When Ye Feng heard what Chu Xiaomeng said, he immediately nodded, with a trace of surprise in his eyes.

It seems that I have discovered another hidden secret, that is, all major races cannot cultivate the power of other races.

But he has a physique that can integrate the power of various attributes.

r\u003e

In addition, the current Hongmeng Immortal Body can plunder the physiques of other races and use them for his own use.

In this case, as long as you give yourself enough time and enough physique, you can become a terrifying existence in the minds of thousands of races across the snowy land.

At this time, Ye Feng took the ancient book in his hand and began to comprehend on the spot.

Because this cave is filled with frozen cold air, it can help you understand this large frozen field faster.

While Ye Feng was studying and practicing, Chu Xiaomeng beside him began to observe the ancient sculpture that looked very beautiful. Chu Xiaomeng couldn't help but said: "I feel like this is the Ice Clan. The patriarch of that year."

Ye Feng opened his eyes at this moment and had successfully comprehended the Great Frozen Domain.

At this time, Ye Feng stood up and stared at the beautiful sculpture in front of him. He couldn't help but sigh and said: "The Ice Clan is so powerful and so glorious back then, but it has declined and perished after all. I don't know that we How far can it go?"

When Chu Xiaomeng heard what Ye Feng said, she immediately said with a smile: "So we must work hard to practice and survive in this chaotic snowy land."

Boom! !

While the two were observing, a huge roar suddenly sounded from a certain direction outside.

Then a very hot breath came over all of a sudden.

"What a terrifying power of flames!"

Chu Xiaomeng sensed this power, and immediately couldn't help but change his face, and said aloud: "Could it be that other strong men from the Red Flame Clan have come here? Young Master Ye Feng, I guess you killed the third young master of the Red Flame Clan. , aroused the anger of the Red Flame Clan, it seems that other strong men of the Red Flame Clan have arrived here, which is very terrifying. "
