Chapter 3401 Phoenix Goddess

"A strong man from the Red Flame Clan?"

There was a trace of surprise in Ye Feng's eyes, as if he didn't expect that the powerful man from the Red Flame Clan would arrive so quickly.

It seems that the third young master of the Crimson Flame Clan had some special treasure that would allow the masters of the Crimson Flame Clan to know the news of his death at the moment of his death, and then descend to the place of death.

Ye Feng immediately said: "Let's get out of here quickly. The power of the red flames outside is very terrifying. It feels like it has surpassed my current combat power. It is estimated that many strong men from the red flame tribe have arrived. "

Chu Xiaomeng also nodded immediately at this time and said loudly: "Then let's just leave here." .???.??

Uh-huh! Uh-huh!

Next, Ye Feng and Chu Xiaomeng, taking the ice dragon with them, quickly left the palace of the Ice Clan.

At this moment, the two people left from the rear of the palace.

After they left the palace, they immediately saw the direction not far away. The entire sky seemed to be burned by flames. It looked red and very scary.

Obviously, the death of the third young master of the Red Flame Tribe made the entire Red Flame Tribe completely furious and sent many super strong men from the Red Flame Tribe.

That kind of terrifying and majestic aura made Ye Feng feel very afraid.

At this time, Ye Feng said: "Let's leave this ancient ruins of the Ice Clan directly."

Chu Xiaomeng nodded, obviously she obeyed Ye Feng's words.

But at this time, the ice dragon next to him suddenly roared.

Chu Xiaomeng received the message from the ice dragon and immediately said: "Xiao Bing told me that there is a very magical place in the ancient ruins of the Ice Clan. It was at that place that Xiao Bing evolved into a dragon. "

When Ye Feng heard what Chu Xiaomeng said, his eyes suddenly lit up.

To be able to make an ice dragon fish jump over the dragon gate and directly evolve into such a powerful ice dragon, the place where the ice dragon evolved must be very extraordinary, and maybe it can also allow itself to evolve.

Get a huge boost.

At this time, Ye Feng immediately said: "Then let's go there quickly and don't waste time. After all, the strong men of the Red Flame Clan are looking for our traces."

Chu Xiaomeng immediately nodded and said, "Okay, I'll let the ice dragon lead the way."

Uh-huh!

The next moment, the ice dragon flew directly in a certain direction, and Ye Feng and Chu Xiaomeng quickly followed, completely away from the location of the ice palace. For a while, they would estimate that the group of terrifying The strong men of the Red Flame Tribe could not find them.

Swish, swish, swish!

In less than half an hour, Bingjiao led Ye Feng and Chu Xiaomeng through a large area of land in the ancient ruins world of the Ice Clan, and finally arrived at the area Bingjiao mentioned.

On the ground here, there is a huge glacier.

Surrounding this glacier are giant towers that look like they are made of ice. There are ninety-nine and eighty-one ice towers, which look very shocking.

Chu Xiaomeng couldn't help but said in amazement: "The Ice Clan must have spent a huge amount of manpower and material resources to create such a place."

Ye Feng nodded slightly and said: "This is very much like an ancient formation place. Those giant towers should be the cornerstone of the formation, and the majestic glacier in the middle is the eye of the formation."

Hearing what Ye Feng said, Chu Xiaomeng suddenly looked at the ice dragon beside him. After communicating with her, he then said: "Young Master Ye Feng, you are really amazing. Everything you said is right. According to what Xiao Bing said, He said that this is indeed an ancient formation left by the Ice Clan. As long as you practice in the glacier, you can get a steady stream of evolutionary power. "

"Then let's all go in and practice."

Uh-huh!

At this time, Ye Feng, Chu Xiaomeng, and Bingjiao

, flew directly to the middlemost glacier.

The next moment, Ye Feng suddenly felt that a very strange energy wave was gathering from the surrounding earth and then injected into his body.

At this moment, Ye Feng immediately released his Devouring Domain without any hesitation and increased the absorption.

"Buzz buzz..."

Suddenly, huge amounts of energy were directly injected into Ye Feng's body, rapidly increasing his power.

In addition, this strange energy can actually enhance Ye Feng's bloodline power.

This made Ye Feng's eyes reveal a look of deep surprise.

This kind of strange energy is really precious!

No wonder this guy, Ice Dragon, can directly cross the dragon gate from a small ice dragon fish and turn into a dragon.

At this moment, Ye Feng looked around. He suddenly felt that this place was probably the most precious training place for the Ice Clan. It could help the members of the Ice Clan to continuously improve their skills and bloodline. ??

At this time, Chu Xiaomeng and Bingjiao next to them also began to absorb this strange energy and were constantly improving themselves.

After all, this is a rare opportunity.

"Buzz buzz..."

As huge amounts of energy were injected into Ye Feng's body, Ye Feng's skills immediately began to improve rapidly, and Ye Feng's cultivation also began to make rapid breakthroughs.

"boom!"

The seventh level of Tongxu Realm!

"boom!"

The eighth level of Tongxu Realm!

"boom!"

Ninth level of Tongxu Realm!

"boom!"

The Great Perfection of the Tenth Level of Tongxu Realm! !

At this time, the energy momentum on Ye Feng's body, Jane

It was exuberant and majestic to the extreme.

Ye Feng's whole person seemed to have been completely sublimated.

At this moment, his bloodline underwent a huge transformation under the nurturing of this strange energy.

Directly from the late stage of the first level of Hongmeng bloodline, he transformed to the first level of Hongmeng bloodline, the Dacheng state!

The improvement of bloodline also means that Ye Feng's Hongmeng Immortal Body has been improved, and the Hongmeng Immortal Body has also entered the first level of perfection.

At this time, Ye Feng could feel that his physical strength had reached a new level.

At this moment, Ye Feng looked in a certain direction not far away and found that Chu Xiaomeng and Bingjiao were also in a deep state of cultivation.

"Boom!"

But just when Ye Feng was about to continue practicing, suddenly a huge roar came from a certain direction not far away.

On the northwest side not far from the glacier, several giant towers made of ice were directly destroyed by a terrifying power of fire, melting into a puddle of water and spilling all over the ground.

Along with the destruction of these giant towers, the entire formation was also destroyed. The strange energy disappeared immediately, and Chu Xiaomeng and Bingjiao also woke up.

At this time, they looked in that direction and found a beautiful woman with two flaming wings growing on her back in the sky above the destroyed ice tower area.

Like a fire phoenix, his whole body is burning with flames, he holds a long sword burning with red flames in his hand, and there is a halo of flames above his head. He looks very sacred, but full of killing power.

This woman is definitely a super master among the Red Flame Clan.

"This is....."

Chu Xiaomeng immediately exclaimed: "This is the Phoenix Goddess of the Red Flame Clan! It is said that she has both the blood of the Red Flame Clan and the blood of the ancient phoenix. She is very powerful! She is a powerful commander in the Crimson Flame Clan! No! It's terrible to think that it's the legendary Phoenix Goddess who is chasing us!"

Chapter 3402 Unable to move at all

Staring at the so-called Phoenix Goddess high in the sky, Ye Feng suddenly showed a hint of surprise in his eyes.

Because this Phoenix Goddess gave him a very terrifying feeling. She was definitely an extremely terrifying young strong man.

And you must know that this Phoenix Goddess has the bloodline talents of both the Red Flame Clan and the Ancient Fire Phoenix. She is absolutely terrifying to the extreme, and her strength and combat effectiveness must be very powerful.

The cultivation aura exuded by this Phoenix goddess is much stronger than Ye Feng's own cultivation at the tenth level of the Void Realm.

Even more powerful than the third young master of the Red Flame Clan.

You must know that the third young master of the Scarlet Flame Clan has a cultivation level in the Transcendence Realm that surpasses the Tongxu Realm.

But the Phoenix Goddess's cultivation level has probably surpassed the realm of transcendence. .??.

He is a super master at the Ruins Realm level above the Mortal Realm!

Such a strong person is definitely an extremely powerful being.

At least in the edge area of the third-level realm of Snow Domain, he is already considered a top expert.

I am afraid that even among the huge human survival base of Snow Mountain Villa, it is definitely the best.

So at this moment, Ye Feng didn't have any hesitation, nor did he have any idea to confront the Phoenix Goddess. He just took Chu Xiaomeng and Bingjiao and fled quickly in a certain direction.

You know, Ye Feng owns the space gem, so at this time, Ye Feng took Chu Xiaomeng, took the ice dragon, directly used the space gem, and flashed away into the distance.

In just a short while, they had disappeared.

At this time, the Phoenix Goddess, with a group of Red Flame Clan masters behind her, immediately chased Ye Feng in the direction of his escape.

But what surprised the Phoenix Goddess was that although Ye Feng didn't seem to be very strong, he escaped very quickly, and he seemed to be using a very strange space attribute technique.

There was a trace of surprise in the cold and noble eyes of the Phoenix Goddess, and she couldn't help but say: "This human boy is indeed quite capable. He actually possesses a very powerful spatial attribute power. It seems that this The identity of the human race boy is very unusual."

A group of Crimson Flame Clan masters around him all complimented him and said, "No matter how powerful this human boy is, he can't be your opponent, Commander Phoenix."

Faced with these compliments, the Phoenix Goddess just smiled faintly and didn't say much. Instead, she said aloud: "You guys just wait here and see if there are any more good ones among the ancient ruins of the Ice Clan. Resources and wealth, that human boy has a powerful treasure with spatial attributes, it is impossible for you to catch up, I will chase him alone. "

"Yes, Commander Phoenix."

A group of Crimson Flame Clan masters clasped their fists and shouted, then dispersed and began to search for other wealth in the ancient ruins of the Ice Clan.

At this moment, the Phoenix Goddess suddenly jumped up and turned into a fire phoenix whose whole body was burning with flames. It turned into a red lightning and chased away in the direction of Ye Feng's escape very fast.

At this moment, Ye Feng used the space gem to take Chu Xiaomeng and Bingjiao, completely away from the ancient ruins of the ice clan, returned to the ice lake, and then returned to the surface of the ice lake. Above, completely separated from the ancient ruins of the Ice Clan.

At this time, Ye Feng looked at a certain

direction, and said aloud: "I want to continue to explore this ice lake area to see if there are any other opportunities. Xiaomeng, are you going to follow me now, or go somewhere else?"

Chu Xiaomeng seemed a little reluctant to give up at this time, but she still said aloud: "I am ready to return to my spiritual clan, because the message I just received is that my brother is calling me in the family. There should be something very special. Important things."

When Ye Feng heard what Chu Xiaomeng said, he immediately nodded slightly and said, "Okay, then you go back to your family first, and we will see you again in the future."

Chu Xiaomeng immediately nodded, glanced at Ye Feng very reluctantly, and finally left here with the ice dragon.

After all, everyone has their own things to do, and we can't be together all the time.

Uh-huh!

After Chu Xiaomeng left here, Ye Feng also began to explore other places.

Ye Feng did not return directly to Fengxue Villa, the human base, because Ye Feng felt that this ice lake was a good place, and Ye Feng was ready to continue exploring.

Maybe you can also encounter some monsters with special bloodline, which can greatly improve your skills and bloodline level.

But just when Ye Feng had just moved forward, he suddenly saw a fiery red figure not far away, and his pupils suddenly shrank!

That fiery red figure was none other than the Phoenix Goddess, the commander-in-chief of the Scarlet Flame Tribe whom Ye Feng had encountered before!

The cultivation level of this Phoenix Goddess is very terrifying. It has surpassed the Tongxu Realm and the Mortal Realm. It is very likely that she is a super powerful existence at the level of Guixu Realm.

Even if Ye Feng's combat power is incredible, he still can't cross so many levels to fight against this Phoenix Goddess.

So at this time, Ye Feng saw the Phoenix goddess standing not far away, as if she had been waiting for him for a long time, and his eyes suddenly became a little downcast.

Because Ye Feng knew very well that he probably couldn't escape now.

Because this Phoenix Goddess has probably been following me, otherwise it would be impossible for her to suddenly appear directly in front of her.

Obviously, if the Phoenix Goddess wanted to take action against herself, she would have taken action long ago.

Ye Feng couldn't help but ask at this time: "If you want to avenge your third young master of the Red Flame Clan, then just take action directly. It's impossible for me to capture you without mercy!"

Boom!

Almost at the moment Ye Feng finished speaking, an extremely powerful cultivation aura suddenly erupted from his body.

At this moment, they were all facing each other head-on. Ye Feng was naturally unable to back down and naturally chose to fight with his back to the wall.

But at this moment, the Phoenix Goddess suddenly stretched out a white palm and pressed it in Ye Feng's direction.

Boom!

Suddenly, a terrifying coercion from heaven and earth appeared around Ye Feng in an instant, suppressing all the fighting spirit in Ye Feng's body.

At this moment, Ye Feng felt that he couldn't move at all!

This made Ye Feng's eyes look horrified. The cultivation of this Phoenix Goddess might be even more terrifying than he imagined.

Sure enough, this Red Flame tribe is indeed an extremely powerful race, and the strong ones among them are really terrifying.

Ye Feng thought to himself, is his fate going to be decided here today? Staring at the so-called Phoenix Goddess high in the sky, Ye Feng suddenly showed a hint of surprise in his eyes.

Because this Phoenix Goddess gave him a very terrifying feeling. She was definitely an extremely terrifying young strong man.

You must know that the third young master of the Scarlet Flame Clan has a cultivation level in the Transcendence Realm that surpasses the Tongxu Realm.

However, the cultivation level of this Phoenix Goddess has probably surpassed the realm of transcendence.

He is a super master at the level of returning to the ruins, above the mortal realm!

Such a strong person is definitely an extremely powerful being.

At least in the edge area of the third-level realm of Snow Domain, he is already considered a top expert.

I am afraid that even among the huge human survival base of Snow Mountain Villa, it is definitely the best.

Sure enough, this Red Flame tribe is indeed an extremely powerful race, and the strong ones among them are really terrifying.

Ye Feng thought to himself, is his fate going to be decided here today?

Chapter 3403 Void Dynasty

At this time, Ye Feng was unable to move, with a look of deep horror in his eyes as he stared at the Phoenix Goddess not far away.

I have to say that this Phoenix Goddess is very powerful.

There was a faint flame burning on her body, and her hair was all fiery red. She looked very divine, but also full of a wild feeling.

Buzz!

At this time, the Phoenix Goddess slowly flew towards Ye Feng. There was no expression on her beautiful face and she looked very indifferent.

Ye Feng couldn't help but said: "If you don't kill me now, do you have something to tell me?"

The beautiful red eyes of the Phoenix Goddess stared at Ye Feng in front of her, and said slowly: "You humans are indeed very smart. That's right, I haven't killed you until now. Of course I have." I need to discuss the matter with you."

"You have something to discuss with me?"

When Ye Feng heard what the Phoenix Goddess said, there was a look of surprise in his eyes, and he couldn't help but ask: "What do you want to discuss with a weak human race like me? And I killed your Red Flame tribe. Third Young Master, I am the enemy of your Red Flame Clan, and you actually sent away all the Crimson Flame Clan masters and came to me privately just to discuss something with me, aren't you going to kill me?"

When the Phoenix Goddess heard what Ye Feng said, she just smiled indifferently, with a hint of sarcasm on her beautiful face, and said loudly: "The third young master of the Scarlet Flame Clan is

just an arrogant and domineering waste. I am The commander-in-chief of the Red Flame Clan has the noble bloodline of the Fire Phoenix. To me, that loser is dead when he dies. I only care about my own interests, because you have a great effect on me. "

Ye Feng couldn't help but ask: "I'm just a weak human boy, what use can I be to you?"

Phoenix Goddess smiled indifferently and said aloud: "You should have a very powerful magic weapon with space attributes, otherwise

You can't escape so fast. "

When Ye Feng heard what the Phoenix Goddess said, his eyes immediately moved and he couldn't help but said: "Yes, I do have a magic weapon with spatial attributes. What do you want to do?"

The Phoenix Goddess said: "I need someone like you who can control the space attribute magic weapon to do one thing for me. As long as you complete that thing for me, I will spare your life."

Ye Feng asked aloud: "What's going on?"

Phoenix Goddess said: "Use your space attribute power to open the ruins of the Void Dynasty for me."

"Void Dynasty?"

There was a trace of surprise in Ye Feng's eyes, and he couldn't help but ask: "Void Dynasty? It sounds very powerful. Are you sure that a weak human race like me can help you open the ancient ruins of Void Dynasty?" The entrance?"

The Phoenix Goddess's face remained expressionless, and she just said calmly: "You just need to come with me and give it a try. If it doesn't work, I won't kill you, as long as you follow me obediently now."

When Ye Feng heard what the Phoenix Goddess said, he asked very curiously: "Why don't you just kill me and snatch the magic weapon with the spatial attribute from me? In this case, you can use that magic weapon yourself to start the Void Dynasty. It's a relic."

Phoenix Goddess glanced at Ye Feng and said loudly: "Because you want to open the entrance to the ruins of the Void Dynasty, even if you have the power of a magic weapon with space attributes, you may be in danger of falling. After all, the Void Dynasty is a very ancient and powerful one. Even I don't know much about the methods left behind by the Dynasty, so for the sake of safety, I will not use them myself.

The space magic weapon is used to open the ruins of the Void Dynasty. I need someone who can take risks for me. "

Ye Feng: "..."

Ye Feng was immediately speechless at this time.

Unexpectedly, this Phoenix Goddess would actually let herself be used as cannon fodder and risk herself.

At this moment, Ye Feng suddenly showed deep anger in his eyes and said loudly: "Then I won't go."

Buzz!

At this moment, Phoenix Goddess's eyes suddenly turned cold and she said loudly: "You have no choice. If you don't go with me, I will burn you to ashes in an instant."

When Ye Feng heard this, his eyes became extremely dark.

This Phoenix Goddess is indeed very powerful, and she is simply not something she can fight against now.

Ye Feng couldn't help but said: "Okay, I promise to take the risk for you, but I also have a condition, that is... you must help me now and raise my cultivation to the tenth level of the Tongxu Realm. In the transcendent realm above the sky, my cultivation will become stronger. When the time comes to open the entrance to the ruins of the Void Dynasty, my safety will be more guaranteed. "

Hearing what Ye Feng said, the Phoenix Goddess's beautiful eyes showed a look of surprise, as if she didn't expect that Ye Feng would dare to make conditions with her.

But then she thought that she really needed Ye Feng to help her open the ancient ruins.

The Phoenix Goddess nodded slightly and said, "Okay."

Boom!

Almost at this moment, the Phoenix Goddess stretched out a white palm and pressed it on Ye Feng's head.

"boom!!"

Suddenly, an extremely terrifying power came from the palm of the Phoenix Goddess,

It poured into Ye Feng's body.

At this moment, what the Phoenix Goddess did was to directly give Ye Feng a cultivation initiation and forcibly help Ye Feng break through!

At this time, the Phoenix Goddess had a hint of sneer in her eyes, because her power was so violent that Ye Feng probably couldn't accept it. Obviously, the Phoenix Goddess specifically wanted to give Ye Feng a lesson and let Ye Feng stand in front of her. , don't be so arrogant.

But at the next moment, the Phoenix Goddess's eyes suddenly changed slightly, because all the power she had poured into her was absorbed by Ye Feng, and even Ye Feng took the initiative to absorb the original power of her Fire Phoenix.

"What the hell?"

This change made the Phoenix Goddess' face change slightly, and she couldn't help but say: "What kind of monster are you, a human boy! Not only can you absorb all my fire skills, but you can also actively absorb the original power of my fire phoenix. , what kind of ability do you have?"

Boom!

And the moment the Phoenix goddess's voice fell, Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

At this moment, Ye Feng's cultivation level suddenly made a huge breakthrough. In an instant, he stepped from the tenth level of the Tongxu Realm to the first level of the Transcendence Realm above the Tongxu Realm!

At this moment, Ye Feng suddenly increased his devouring power, trying to absorb more energy from the white palm pressing on his head.

Uh-huh!

But the next moment, to Ye Feng's regret, the Phoenix Goddess directly removed his palm, and Ye Feng could no longer absorb the mellow and advanced power of the Fire Phoenix.

"you....."

The beautiful eyes of the Phoenix Goddess were burning with flames. She stared at Ye Feng in front of her and said in a cold tone: "You are not human, are you! What kind of monster are you?"

Chapter 3404 Open the entrance

The Phoenix Goddess had a somewhat ugly look in her eyes at this moment.

Because she discovered that she seemed to have underestimated Ye Feng, a young human race boy.

This human boy was very different from the weak human race she had imagined. This human boy was almost like a monster.

That very terrifying absorption power made the Phoenix Goddess feel a rather terrifying feeling at this moment.

If it weren't for Ye Feng's extremely weak cultivation, the Phoenix Goddess might have felt that her entire original power would have been sucked dry by Ye Feng in an instant.

At this moment, Ye Feng just spread his hands and said: "I am not a monster, I am really a very ordinary human race, but no matter what, thank you very much for letting me break through to the first level of the transcendent realm. God, in this case, I will be more confident in helping you open the ancient ruins of the Void Dynasty."

Hearing what Ye Feng said, the Phoenix Goddess could only temporarily suppress her inner anger, and then said loudly: "Let's go, you should be fine now, right?"

Ye Feng immediately nodded and said: "There is nothing wrong now. After entering the first level of the transcendental realm, I feel a lot safer."

Hearing what Ye Feng said, the Phoenix Goddess just smiled casually, seeming to think that Ye Feng was quite innocent.

However, the Phoenix Goddess didn't say much. She just nodded lightly and said, "Then you should do good things for me."

Uh-huh!

After saying that, the Phoenix Goddess stretched out a white palm and grabbed Ye Feng's shoulders. Then, instantly, two pairs of huge wings made of flames spread out from her back, just like the wings of a fire phoenix. In an instant, he rushed quickly towards the distance.

The Phoenix Goddess took Ye Feng directly across several kilometers of land and arrived at the deepest part of the icy lake.

The cold air here can almost freeze the entire space of heaven and earth into ice cubes.

If it weren't for the strong power of flames in the Phoenix Goddess, Ye Feng would have been frozen to death, completely frozen into an ice sculpture.

At this moment, Ye

Feng Feng looked forward, and immediately saw that the entire land in front of him stood up like a moat made of ice.

This moat is like an endless wall of ice, connecting the entire sky and earth together. It is like reaching the end of the world and unable to move forward any further.

At this moment, looking at the huge icy chasm connecting the sky and the earth, the Phoenix Goddess had a hint of admiration in her eyes, as if she was amazed by the infinite creation of nature.

At this time, the Phoenix Goddess looked at Ye Feng beside her and said: "The ancient ruins of the Void Dynasty are behind this natural moat. However, if you want to cross this natural moat, you must use the power of space attributes to open the Void Dynasty. A hidden entrance left in this natural moat. "

Ye Feng looked at the majestic and boundless ice chasm and couldn't help but ask: "How should I find the secret entrance?"

The Phoenix Goddess shook her head and said aloud: "I don't know much about this. You need to find it yourself. You are very good at using the power of space attributes. You should be able to sense the specific actions of the Void Dynasty back then. Where in the chasm is the secret entrance left?"

When Ye Feng heard what the Phoenix Goddess said, he nodded slightly and said, "Take me around the entire surface of the ice chasm, and I'll take a closer look."

The Phoenix Goddess nodded, grabbed Ye Feng's shoulders, and immediately spread a pair of huge fire phoenix wings from behind, and immediately began to circle around the entire moat.

Buzz!

At this time, Ye Feng did not waste time and directly released the power of his space gem to sense other space powers.

Just when the Phoenix Goddess brought Ye Feng to the middle of the ice chasm, Ye Feng suddenly sensed a very obscure spatial fluctuation.

Ye Feng came out immediately

The voice said: "Stop! It seems to be right here."

When the Phoenix Goddess heard what Ye Feng said, her eyes suddenly lit up and she couldn't help but said: "You found it so quickly? It seems that I found the wrong person. You are really proficient in using the power of space attributes. Even I I didn't even sense such a powerful cultivation, but I was found by a human boy like you. Sure enough, what Master said is right. He asked me to find someone who can use the power of space attributes to help me find him. The entrance to this Void Dynasty."

When Ye Feng heard what the Phoenix Goddess said, he couldn't help but said in surprise: "Your master should be a very powerful existence. He knows where this Void Dynasty is. Why doesn't he come to explore it himself and let you... Disciple came to explore and obtain the wealth, is he so kind? "

The Phoenix Goddess glanced at Ye Feng and said coldly: "Master has always been very kind to me. This time, he asked me to explore the ruins of this Void Dynasty by myself. It must be so that I can get huge opportunities from it. , so as to hone my cultivation and strength. My master is a selfless person."

When she said this, the Phoenix Goddess immediately looked at the majestic ice moat in front of her and said: "Stop talking nonsense, hurry up and see if you can open the entrance to the ruins of the Void Dynasty."

Ye Feng was helpless at this time, but he could only do as he was told.

Uh-huh!

At this moment, Ye Feng flew directly in front of the huge ice chasm in front of him, and then tried to stimulate the power of the space gem and see if he could connect with the obscure space fluctuations he had just sensed.

Buzz!

Sure enough, the moment Ye Feng just activated the power of the space gem, the icy chasm in front of Ye Feng suddenly began to shake.

On the outermost surface of the ice chasm, a huge space portal appeared instantly.

But the moment this space gate appeared, a terrifying space shock wave instantly erupted from this space gate.

\u003e

boom! !

The terrifying space shock wave hit Ye Feng in an instant, causing Ye Feng's entire body to shake and shatter.

If Ye Feng's Hongmeng Immortal Body hadn't been upgraded before and stepped into the first level of the Great Completion Realm of the Hongmeng Immortal Body, it is estimated that Ye Feng's body would have been shattered by the terrifying space shock wave just now.

But just when Ye Feng felt lucky, another even more terrifying space shock wave erupted from the space door, almost destroying Ye Feng's entire body.

"What?"

Ye Feng's eyes suddenly changed, and he immediately understood. No wonder the Phoenix Goddess did not dare to open the entrance to the ruins of the Void Dynasty in person. It was indeed extremely terrifying and dangerous.

The power of this space shock wave is probably related to the power of the Void Dynasty back then. After all, the Void Dynasty is probably an ancient dynasty that specializes in cultivating the void and space.

At this moment, Ye Feng could not escape from the terrifying space shock waves. He could only use all his strength to stimulate the power of the space gems and form a layer of space barrier around himself to resist the terrifying space. Shockwave.

The Phoenix Goddess was watching this sudden change, and her eyes showed shock for a moment.

Because of the energy fluctuations of the space shock wave, the Phoenix Goddess standing not far away felt a feeling of the shadow of death.

What horrified the Phoenix Goddess was that Ye Feng was not directly crushed by this terrifying space shock wave, but instead struggled to resist it.

At this moment, Ye Feng was within the scope of the shock wave and immediately looked at the Phoenix Goddess not far away, yelling: "Why are you still standing there? Come to me and input your powerful magic power. Let's work together." Activate the space magic weapon on my body, so that we can pass through that space door in this terrifying space shock wave and enter the ruins of the Void Dynasty behind the chasm. Now we have to work together, otherwise I will die, and so will you! Can't enter the ruins of the Void Dynasty!"

Chapter 3405 Veteran

At this time, hearing Ye Feng's roar, the Phoenix Goddess immediately nodded and said, "Okay, I'll help you."

Uh-huh!

At this moment, the Phoenix Goddess flew directly in front of Ye Feng, then came behind Ye Feng, put her hands on Ye Feng's shoulders, and directly burst out her extremely powerful Fire Phoenix magic power.

At this moment, Ye Feng suddenly felt a very terrifying energy injected into his dantian.

Then Ye Feng used this terrifying power of the Fire Phoenix to crazily activate the space gems in his mind. ??

Boom!

With the help of the Phoenix Goddess, at this moment Ye Feng's body suddenly burst out with an extremely powerful force of space, which directly collided with the shock wave formed by the space gate, and then the pressure on Ye Feng's body suddenly Much smaller.

At this time, Ye Feng, with the Phoenix Goddess behind him, quickly rushed towards the interior of the Space Gate.

boom! !

Almost at the next moment, Ye Feng and the Phoenix Goddess immediately crossed the entire space gate and came to the space behind the ice chasm.

At this moment, after they crossed the entire space gate, the terrifying space shock wave finally completely disappeared.

At this time, the two of them had arrived in the space behind the icy chasm. This was a small world that seemed very vast.

The entire land did not look as lifeless as expected, but instead was filled with a sense of vitality.

There are towering trees everywhere and endless green grassland.

There are some unknown monsters flying high in the sky, and there are many rare and exotic plants growing on the surrounding land that have never been seen before.

At this time, Ye Feng saw this scene, and his eyes suddenly showed deep surprise. He couldn't help but said: "I didn't expect the ancient ruins after the extinction of the Void Dynasty.

It is really amazing that it is filled with such vigorous vitality. "

The Phoenix Goddess looked at everything around her, with a hint of surprise in her beautiful eyes. She nodded slightly and said, "Don't waste time, let's go straight to the location of the Void Dynasty's palace. There should be the real treasure of the Void Dynasty."

Ye Feng said aloud at this time: "I want to search around to see if there are any rare fruits that can help me improve my strength."

The Phoenix Goddess said: "No, you have to go with me, otherwise you sneak away. I can't leave this ancient ruins of the Void Dynasty. When I go out, I also need you to continue to push the power of space and leave. This remains."

Hearing what the Phoenix Goddess said, Ye Feng's face suddenly darkened, and he couldn't help but say: "I have successfully helped you enter this ancient ruins, and now you are forcing me to go with you to that extremely terrifying place. The palace of the Void Dynasty. You must know that your cultivation is strong, but I am not that strong. The palace of the Void Dynasty must be very dangerous. I don't want to go there. Even if there is some treasure there, it's not Mine, but yours."

When the Phoenix Goddess heard what Ye Feng said, her eyelids twitched slightly.

This was the first time she encountered a prisoner who was so uncooperative with her.

Yes, they are prisoners.

In the eyes of the Phoenix Goddess, Ye Feng has always been her prisoner.

But this prisoner is so arrogant, and he can't do anything about him, because he needs his space power to safely enter and leave the ancient ruins of the Void Dynasty.

The Phoenix Goddess was so angry that her pretty face turned cold, but in the end she thought

After thinking about it, she didn't have an attack. After all, the Phoenix Goddess has always maintained a noble and holy feeling, which means she lost her temper several times in front of Ye Feng.

At this time, the Phoenix Goddess nodded indifferently and said: "Okay, I will only give you three days. Within three days, I will follow you, but I will not interfere in your affairs. You can find something by yourself." "It's up to you to decide. Three days later, you must immediately follow me to the center of this ancient ruins and enter the ruins of the Void Dynasty's palace."

When Ye Feng heard this, his eyes were a little surprised, as if he didn't expect the Phoenix Goddess to compromise in the end.

Ye Feng immediately nodded and said, "Okay, three days is almost enough." .???.??

For Ye Feng, he made this request casually and did not think that a woman with such a bad temper as the Phoenix Goddess would agree to it.

But unexpectedly, the Phoenix Goddess actually agreed to him and gave him three days, which made Ye Feng surprised and a little surprised at the same time.

After all, three days were enough for Ye Feng to do a lot of things and collect a lot of materials and resources.

You must know that this world of ancient ruins of the Void Dynasty is not a ruined place as imagined. Instead, it is full of vigorous vitality and has all kinds of natural materials and treasures that are not available outside.

So if Ye Feng has three days to search, he might be able to find a lot of opportunities for himself.

After all, this world was ruled by the Void Dynasty, an ancient and powerful dynasty, so it must have a lot of resources.

At this time, Ye Feng directly exuded his soul power and explored the surroundings, quickly looking for various resources growing in this world.

Uh-huh!

Ye Feng flew in a certain direction not far away, and the Phoenix Goddess followed.

Ye Feng glanced at the Phoenix Goddess following behind him and couldn't help but smile secretly in his heart.

Although the Phoenix Goddess said that she would not mind her own business, Ye Feng knew very well that if he encountered a very terrible danger that endangered his life while searching for resources, the Phoenix Goddess would definitely not watch it. If his partner dies, he will definitely take action.

In other words, Ye Feng now has a powerful female bodyguard for free.

Ye Feng is a veteran at searching for various resources and treasures in unfamiliar areas.

Buzz!

Under the exploration of Ye Feng's soul power, Ye Feng sensed a very special fluctuation in less than half an hour.

He flew quickly towards the south, flying nearly three kilometers.

The next moment, Ye Feng suddenly saw a huge tree growing on the earth and taking root deeply in the earth.

On this tree, there are red fruits growing.

The energy fluctuations that Ye Feng sensed were transmitted from this huge tree.

At this moment, Ye Feng saw these crimson fruits. There was a kind of innate and seemingly very complicated mysterious rune mark growing on them, which seemed to contain some kind of innate energy.

Before Ye Feng said anything, the Phoenix Goddess beside him said in surprise: "It's an extremely rare rune fruit tree? I didn't expect you to be so lucky. Just walking around, you came across such a good heaven and earth spirit tree. "

Apparently, the Phoenix Goddess felt that Ye Feng was lucky to have encountered this special rune fruit tree.

In this regard, Ye Feng did not explain anything, walked forward directly, and began to pick the fruits of these special rune fruit trees.

The natural runic energy contained in it can greatly enhance one's skill.

Chapter 3406 The Innate Ice Sacred Fetus

"boom!"

At this time, Ye Feng did not hesitate and directly released the devouring power and began to absorb these crimson fruits with innate runes.

"Buzz buzz..."

Almost at the next moment, Ye Feng suddenly felt a very majestic energy injected into his Dantian, rapidly increasing his power.

For Ye Feng, what he needs most now is to improve his skills.

Therefore, being able to find this kind of rune fruit that can specifically improve cultivation skills is of greatest help to Ye Feng.

On the contrary, some so-called inheritances and weapons were not of much help to Ye Feng.

After all, Ye Feng now has a very powerful weapon in his hand, the Ice King Sword.

Moreover, he had previously received the powerful inheritance of the Great Ice Domain from the ancient ruins of the Ice Clan.

So now Ye Feng does not lack weapons and inheritance.

What he lacks now is the accumulation of his own skills.

After all, in the snowy land, thousands of races compete for hegemony and countless demons run rampant. Only by quickly and continuously improving one's cultivation skills can one survive in this extremely dangerous snowy land and do his part for the human race. .

"boom!"

Soon, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

At this moment, Ye Feng's cultivation level suddenly broke through, and he directly stepped into the second level of the transcendent realm!

"You actually made a breakthrough like that?"

At this moment, seeing the aura of cultivation bursting out from Ye Feng, the Phoenix Goddess suddenly had a look of deep surprise in her eyes.

Because she never expected that Ye Feng could absorb so much energy from the rune fruits on the spot, and also be able to convert it into his own power so quickly, thus making a breakthrough.

This ability is really a bit unbelievable.

Even a proud Valkyrie like the Phoenix Goddess was surprised at this moment.

However, Ye Feng's cultivation level only broke through the first level, and it was still far behind the Phoenix Goddess's current cultivation level.

So the Phoenix Goddess didn't say much at this time, and still followed Ye Feng in silence.

Buzz!

At this time, Ye Feng did not waste time. After all, he only had three days, so Ye Feng directly continued to exude his majestic soul power, and even asked Emperor Chu to activate the power of the soul gem, expand the search range, and start Covering a large area of surrounding land.

"Huh? What a strong energy wave! At least the energy wave is several times more powerful than the rune fruit tree I just found."

At this time, Ye Feng secretly murmured in his heart, and suddenly discovered another location of energy fluctuations.

Uh-huh!

The next moment, Ye Feng flew quickly in that direction without any delay.

The Phoenix Goddess also followed behind Ye Feng and remained silent.

When Ye Feng came to the location where he sensed the energy fluctuation, he immediately saw a huge ice sculpture standing on the ground.

This ice sculpture looks like it was created naturally

, is not carved by man, it seems to be raised naturally.

However, it is exuding a very huge life fluctuation, just like a piece of ice that is about to be cultivated into essence.

When the Phoenix Goddess saw this ice sculpture, she couldn't help but said in surprise: "This seems to be the innate holy fetus bred by the legendary heaven and earth. It is the innate holy fetus with the attribute of ice. This kind of thing is very rare. , only very special places can give birth to it."

At this time, the Phoenix Goddess said, looking around, she found that there were many ancient patterns engraved on the entire ground, which seemed to form a very ancient formation pattern.

The Phoenix Goddess couldn't help but said: "It seems that this place should be the formation place left by a super strong person in the Void Dynasty. In the many years after the demise of the Void Dynasty, this formation place has gradually changed." He gathered countless energies of heaven and earth to give birth to such an innate holy fetus with ice attributes. I didn't expect that you, Ye Feng, would come across this. How come your luck is always so good? You met a talisman. Forget about the Wenguoshu, I didn't expect that not long after I left, I encountered another innate ice holy fetus, which is simply incredible. "

At this moment, the Phoenix Goddess was really shocked by Ye Feng's luck.

Because she never thought that Ye Feng had a soul gem that could scan everything around him.

After all, in the eyes of the Phoenix Goddess, Ye Feng is just an ordinary human boy.

But what she never could have guessed was that Ye Feng was not just an ordinary human being, he was a human super genius with countless trump cards.

At this time, Ye Feng didn't care what the Phoenix Goddess said. He walked up to the huge innate ice fetus, stretched out his hand and touched it.

The Phoenix Goddess seemed to know what Ye Feng was going to do. This time she did not remain silent anymore, but couldn't help but said loudly: "If you take this thing back and cultivate it well, you might be able to cultivate an extremely powerful spirit that can protect you." Use your own power to become your most powerful bodyguard."

When Ye Feng heard what the Phoenix Goddess said, he looked at the other party in surprise, and then said aloud: "I don't need any so-called bodyguards. My own cultivation is powerful, and everything else is empty, no matter how hard it is. Powerful guards will eventually be eliminated, so I don't want this kind of consumable. This innate ice holy fetus contains huge energy. I absorb the energy in it and strengthen my skills. This is what I really want. of."

boom!

After saying that, Ye Feng directly released the devouring power and began to absorb the innate holy power of the ice sculpture, rapidly growing his own strength.

When the Phoenix Goddess heard what Ye Feng said, there was a trace of surprise in her eyes. It seemed that she did not expect that Ye Feng would be willing to directly absorb and destroy this kind of natural treasure. After all, even the Phoenix Goddess herself had some I can't bear to waste so much.

However, she did not take the initiative to snatch this innate ice fetus because the Phoenix Goddess had her own aloofness.

She said she would give Ye Feng three days to look for various opportunities, and the Phoenix Goddess would not interfere if she didn't want to. Otherwise, she would be very shameless.

After all, in the Phoenix Goddess's mind, it would be absolutely embarrassing if she took the initiative to ask for the resources that Ye Feng found. So at this time, the Phoenix Goddess could only watch Ye Feng waste his natural resources, her beautiful eyes burning with a faint flame. There is a hint of helplessness in it. "boom!"

At this time, Ye Feng did not hesitate and directly released the devouring power and began to absorb these crimson fruits with innate runes.

So at this time, the Phoenix Goddess could only watch Ye Feng waste his natural resources, her beautiful eyes burning with a faint flame. There is a hint of helplessness in it.

Chapter 3407 Dark Blue Star Stone

For Ye Feng, the most important thing now is to absorb energy from the outside world to improve his own skills and cultivation.

In this way, Ye Feng can continue to become stronger and survive in this chaotic world more safely.

Therefore, Ye Feng will naturally not waste any opportunity to improve his skills.

In fact, to be honest, Ye Feng was very lucky this time. He followed the Phoenix Goddess into the ruins of such a very grand and ancient Void Dynasty.

If Ye Feng were alone, he would definitely not be able to find such a place, and he would not be able to get in.

At this time, with the absorption of the huge innate ice holy fetus in front of Ye Feng, the entire ice sculpture in front of Ye Feng suddenly began to collapse rapidly, and then was completely sucked out of its energy, turning into a shriveled The sculpture has lost any spirituality.

At this time, Ye Feng had absorbed so much energy and suddenly felt that his skill was about to change rapidly again.

After all, you must know that this innate ice holy fetus was born and raised by countless energies from heaven and earth. The power of the innate holy fetus contained in it is very high-level and very powerful, allowing Ye Feng's skills to increase rapidly. Growth and expansion.

At this time, Ye Feng's momentum suddenly began to explode.

"boom!"

The third level of transcendence!

"boom!"

The fourth level of the transcendent realm!

At this time, Ye Feng's cultivation level broke through the second heaven in a row, directly breaking through from the second heaven of the transcendent realm to the fourth heaven of the transcendent realm.

I have to say, this is a very good breakthrough.

After all, Ye Feng's cultivation has now reached a very high level, and every breakthrough needs to absorb enough huge energy.

At this time, Ye Feng

Looking at the innate ice holy fetus in front of him that had completely dried up, he couldn't help but shook his head and said loudly: "I thought this innate ice holy fetus could provide me with a lot of energy, but I didn't expect it to be much. , just broke through two realms."

Hearing what Ye Feng said, the Phoenix Goddess who had been standing silently beside her couldn't help but her eyelids twitched. She said angrily: "Do you know that you just destroyed a project with great potential?" The innate holy fetus is a very rare thing. Many powerful races will take it back and cultivate it carefully when they encounter it. But you, a human boy, destroyed it directly. It is really a pity. If I hadn't been the one to say Those who do it will not interfere if they say they won't. I will definitely take this innate holy fetus back."

When Ye Feng heard what the Phoenix Goddess said, he immediately showed a look of surprise in his eyes and couldn't help but said: "I didn't expect that the noble Phoenix Goddess would actually want to rob me, a weak human race boy, of the treasures that I have found. Thoughts on resources?"

Hearing Ye Feng's seemingly sarcastic words, the Phoenix Goddess's face suddenly turned ugly, and a terrifying cold murderous aura burst out from her body, and she said, "I have tolerated you for a long time. Human boy, don't think that because I look elegant, you can say these rude words unscrupulously in front of me, my patience is limited."

Seeing that Phoenix Goddess was really angry, Ye Feng immediately smiled and said: "I was just joking, don't be angry. I still admire you, Phoenix Goddess, for holding back even after seeing such precious resources. The greed in my heart did not snatch it away, but let me absorb it by myself, which I admire very much. "

What Ye Feng said at this moment was not entirely complimentary. He really felt that this Feng

Goddess Phoenix is a principled person.

Because if it were other unreasonable strong men, they would have taken it away long ago. They would not care about promises and the like, and there was nothing they could do about it. After all, they could not defeat the other party.

But the Phoenix Goddess was not like this.

Therefore, Ye Feng feels that people like him who have the same principles are very easy to get along with, even if the other person is from the Red Flame tribe and not from the human race.

After Ye Feng finished what he said at this moment, the anger on the Phoenix Goddess's face disappeared, and she seemed to be quite satisfied with Ye Feng's complimentary words.

Phoenix Goddess nodded slightly, with a hint of pride on her beautiful face, and said loudly: "Of course, don't you see who I am? I am the noble and elegant Phoenix Goddess, the ninth commander-in-chief of the Red Flame Clan, Naturally, I always do what I say. I am different from those scoundrel people. Since I said I will not interfere in your affairs, I will definitely not interfere. Even if you find the best resources and treasures, I will not. To snatch it."

After the Phoenix Goddess finished speaking, she said no more.

At this time, Ye Feng nodded slightly, then continued to exude his powerful soul power, and began to continue exploring the surroundings.

Soon Ye Feng discovered a more powerful energy wave, and he flew over.

In less than half an hour, Ye Feng arrived at his destination and immediately saw a huge meteorite that exuded the light of stars and fell on the ground. It seemed to be several years old.

This should be a meteorite that fell from the sky, creating a big crater on the ground.

However, this meteorite is not an ordinary meteorite. It looks blue, like a huge blue crystal. It exudes a rich star power and gives people a very pure feeling.

"Dark blue star stone! And it's such a big piece!"

The Phoenix Goddess, who had been silent all this time, showed a look of deep horror on her face at this time, and couldn't help but say: "This is definitely the most advanced weapon refining material! If you bring it back to the Sky Fire Cave of our Crimson Flame Clan, it will be good. After some refining, we might be able to create a set of the most advanced 'natural disaster-level' forbidden magic weapons of our Crimson Flame Clan!"

Seeing the excited look on Phoenix Goddess's face, Ye Feng immediately spread his hands and couldn't help but said helplessly: "Who said just now that they won't interfere with the various cultivation resources I found? Someone seems to have some Extremely excited."

Hearing what Ye Feng said, the excited expression on the Phoenix Goddess's beautiful face suddenly became a little dull.

yes.

He promised that he would not rely on strong force to snatch the various resources that Ye Feng found.

However, the Phoenix Goddess was staring at the dark blue star stone emitting blue light, which was as big as a small mountain. She was so excited that she could only secretly say, "It smells so good!"

But I have already said that I will not snatch the various resources that Ye Feng finds.

But this dark blue star stone really made the Phoenix Goddess so excited.

Because the Phoenix Goddess currently lacks high-level taboo magic weapons.

This rare dark blue star stone is too precious to the Phoenix Goddess. It is something that can only be found but not sought.

Ye Feng stared at the beautiful face of the Phoenix Goddess that seemed to be very entangled, and suddenly smiled and said: "Although I found this dark blue star stone, it is only a kind of weapon refining material after all. What is contained in it The energy is mediocre, and it doesn't have much effect on improving my skills. Phoenix Goddess, if you want this dark blue star stone, you can exchange it with other high-level resources in your body that can help me improve my skills. How about it?"

Chapter 3408 Improved Views

Hearing what Ye Feng said at this moment, the Phoenix Goddess suddenly showed a trace of surprise in her eyes. It seemed that Ye Feng would take the initiative to exchange this dark blue star stone with her for other resources.

The Phoenix Goddess glanced at Ye Feng inexplicably at this time, and then said loudly: "I don't need your flattery or pity."

"Ingratiation or pity?"

Hearing what the Phoenix Goddess said, Ye Feng immediately smiled and said: "I'm not trying to please you, nor do I have mercy on you. I'm just maximizing my interests. I want to use this dark blue star stone I found. In exchange for training resources that are more suitable for me, I think you, Phoenix Goddess, should have a lot of such training resources that can improve your skills."

When the Phoenix Goddess heard what Ye Feng said, she was immediately surprised and said: "You really just want to exchange with me for higher-level resources that can improve your skills, not to please me or pity me for not being able to find resources. That's why you exchanged it with me?"

Ye Feng immediately shook his head and said, "That's not the case. You are overthinking."

When the Phoenix Goddess heard what Ye Feng said, she seemed to finally breathe a sigh of relief, nodded and said, "If that's really the case, then that's fine, then I can exchange with you."

The Phoenix Goddess is a very aloof woman, so she tried hard to make sure that Ye Feng's purpose was not to please or pity her.

At this moment, the Phoenix Goddess searched for her storage ring, then took out a gem emitting red light, and said loudly: "This piece of flame crystal was forged in the holy land of our Red Flame Clan. An innate crystal, even though it is so small, the fire energy contained in it is very huge, and it should be able to improve your skills a lot. "

When Ye Feng saw the palm-sized flame crystal, his eyes seemed to have a hint of doubt, and he said, "Are you sure that this small flame crystal can improve my cultivation a lot?"

phoenix

Goddess Phoenix nodded and said, "You will know after you use it."

Ye Feng nodded immediately, and then said loudly: "Then you can take this dark blue star stone directly."

After saying that, Ye Feng directly took the small flame crystal, walked not far away, and swallowed the small flame crystal directly.

Boom! !

Almost at the moment Ye Feng swallowed this flame crystal, he immediately felt a terrifying and boundless flame energy, surging rapidly throughout his entire body, making Ye Feng's entire body full of energy. It's like it's burning.

Huge and boundless energy, like a vast ocean, exploded in Ye Feng's entire body, causing Ye Feng's skill to be greatly improved.

At this moment, Ye Feng felt as if his whole body was about to be burned to ashes.

But it was such a terrifying power of flames that made Ye Feng's skill increase tremendously.

Ye Feng's cultivation aura immediately began to explode extremely quickly.

"boom!"

The fifth level of transcendence!

"boom!"

The sixth level of transcendence!

"boom!"

The seventh heaven of the transcendent realm!

At this time, Ye Feng's cultivation directly broke through the third heaven in a row, breaking through from the fourth heaven of the transcendental realm to the seventh heaven of the transcendental realm!

This made Ye Feng's eyes suddenly show deep joy.

Uh-huh!

At this moment, Ye Feng stood up, looked at the Phoenix Goddess not far away, and couldn't help but said, "Do you still have this kind of flame crystal?"

Phoenix Goddess glanced at Ye Feng, and then said aloud: "That's right, this kind of flame crystal is difficult to obtain even with my status. I only have this flame crystal on my body, which is very precious."

When Ye Feng heard what the Phoenix Goddess said, there was a hint of disappointment in his eyes.

If the Phoenix Goddess still had flame crystals, Ye Feng felt that he could exchange some more.

At this time, Ye Feng nodded slightly and said: "Anyway, thank you Phoenix Goddess. If it weren't for this flame crystal, my cultivation level would not have improved so fast, and I would have been promoted to the seventh level of the transcendent realm all of a sudden. " ??

The Phoenix Goddess also nodded slightly at this time. Seeing Ye Feng's seemingly sincere eyes, her opinion of Ye Feng also improved.

Phoenix Goddess said: "I want to thank you this time. If you weren't so lucky and came across this huge dark blue star stone, then I would definitely not be able to refine my forbidden treasure. This If the materials are brought back to our Red Flame Clan, they will definitely be able to create a super powerful weapon for me."

The Phoenix Goddess was speaking at this moment, with a hint of joy in her tone. Obviously, the Phoenix Goddess was very satisfied with this transaction, so her opinion of Ye Feng was getting better and better.

At this time, even the Phoenix Goddess felt that Ye Feng was not as annoying as he was at first.

At this moment, Ye Feng nodded slightly, and then continued to exude his soul power and search around.

Within the next three days, Ye Feng used his soul power to search and found a lot of special materials.

There were some unnecessary materials among them, so Ye Feng exchanged them with the Phoenix Goddess for things that could improve his cultivation skills.

So in just three days, Ye Feng's cultivation level has accumulated and reached the tenth level of the Transcendent Realm, the Great Perfection!

This progress made the Phoenix Goddess who had been following Ye Feng extremely shocked. She even couldn't help but said in amazement: "Ye Feng, your ability is really terrifying, let alone your human race. , I am afraid that many other powerful races do not have your talent of being able to absorb energy from the outside world and enhance your own skills. If you make good use of your talent, I estimate that you will be able to make a mark in the entire Snowland in the future. "

Obviously at this time, Phoenix Goddess's view of Ye Feng has completely changed.

It turns out that in the eyes of the Phoenix Goddess, Ye Feng is just that humble human boy, just her prisoner.

But now, she is treating Ye Feng more and more on an equal level with her, and her tone of voice is no longer as aloof as before, but as gentle as a friend.

Ye Feng just smiled slightly at this time and said aloud: "This time I was able to come to the ancient ruins world where the Void Dynasty is located and find so many resources. I still have to thank you Phoenix Goddess, because if it weren't for you, I would It's impossible to enter this place and find so many resources that can improve your skills."

When the Phoenix Goddess heard what Ye Feng said, she nodded slightly, and then said aloud: "Three days have come, and my promise is three days. Now let's go together to explore the ruins of the palace of the Void Dynasty in the center of the world. Well, the real wealth and treasures left by the Void Dynasty are in the ruins of the palace. With your innate ability to find various resources, I think it won't be too difficult for us to reach the ruins of the palace of the Void Dynasty. It is difficult to find the dynasty treasure house left by the Void Dynasty. "

Chapter 3409 Emperor of the Void

In the next few days, the Phoenix Goddess and Ye Feng were advancing rapidly in this world of ancient ruins of the Void Dynasty, flying quickly towards the central area.

Along the way, they did not encounter any danger, so in less than a day and a half, the two of them had arrived at the middle area of the ruins world.

The next moment, they suddenly saw a huge ancient city suddenly rising on a piece of land in the distance.

This ancient city is composed of a series of palaces and pavilions, which looks very majestic and magnificent. ??

The Phoenix Goddess looked at the continuous ancient buildings not far away, and her eyes suddenly showed a hint of joy, and she said loudly: "This is the place where the royal palace of the Void Dynasty was. It is the most precious place of the Void Dynasty. Let's hurry up. Come and take a look."

Ye Feng was following the Phoenix Goddess at this moment, but he didn't have much fear.

After all, the Phoenix Goddess's cultivation is unfathomable.

If he were to explore this place alone, Ye Feng would definitely be more careful.

But with a strong person like the Phoenix Goddess by your side, you don't need to worry too much.

If there is really a huge crisis, the Phoenix Goddess should be able to suppress the entire crowd.

At this time, as the two people approached, Ye Feng suddenly felt a very weak space power surging in the air.

Ye Feng understood immediately. It seemed that the Void Dynasty really focused on cultivating the power of space.

Ye Feng didn't say much at this time, he just followed the Phoenix Goddess quietly.

After all, Ye Feng has obtained a lot of cultivation resources in the past three days, and his cultivation has been greatly improved. It can be said that Ye Feng is satisfied. The next step is to quietly accompany the Phoenix Goddess, in the ruins of the palace of the Void Dynasty, see if you can find any treasures.

As for whether he has a share, Ye Feng still doesn't know yet.

But with the character of the Phoenix Goddess, she should be given one to herself.

Divide it.

While Ye Feng was thinking secretly, they had arrived at the entrance to the ruins of the palace.

There is a huge golden arch here, which looks very magnificent.

When the Phoenix Goddess and Ye Feng walked in, the Phoenix Goddess suddenly stared blankly.

Because she saw an extremely familiar old man standing in the middle of the palace.

In the middle area of the palace, there is a huge sculpture of the emperor.

The old man was standing in front of this majestic sculpture of the emperor.

Seeing this old man, Phoenix Goddess couldn't help but asked in surprise: "Master, why are you here?"

"Master?"

Hearing the Phoenix Goddess call her that, Ye Feng's eyes suddenly flashed.

At this moment, Ye Feng stared at the old man standing in front of the huge emperor sculpture not far away, and suddenly had some bad premonitions in his heart.

At this time, the old man who was called master by the Phoenix Goddess slowly turned around, stared at the Phoenix Goddess with his old eyes, and said with a hint of sigh in his tone: "Phoenix, you know What is your true identity?"

"My true identity?"

Phoenix Goddess couldn't help but said: "I don't understand what Master means."

The old man nodded slightly and said aloud: "Phoenix, this huge sculpture behind me is the emperor of the Void Dynasty back then, and he is also the emperor who I have been serving to this day. My identity is not just a supreme prince of the Red Flame Clan. The elder was also a minister of the Void Dynasty. Over the years, I have left this small world of the Void Dynasty and have been looking for the reincarnation of the queen of His Majesty the Emperor of the Void Dynasty. Feng

Huang, you are actually the reincarnation of the queen of the Void Dynasty. The reason why I asked you to come here is to enable you to awaken the memory of your previous life and become the queen of the Void Dynasty again, and I asked you to bring a person with space. The young man with the attribute came here just to let His Majesty the Emperor take over his body and revive, and then both the Emperor and the Queen would revive and restore the glory of our Void Dynasty. "

"What?"

Hearing what the old man said, the Phoenix Goddess' face suddenly showed a look of deep horror.

At this moment, Ye Feng couldn't help but curse secretly.

I guessed it right.

This Master of the Phoenix Goddess is indeed not a good person.

Before Ye Feng said anything, the Phoenix Goddess suddenly showed a hint of ugliness in her eyes, and couldn't help but said: "It turns out that Master, you have been lying to me for so many years. You trained me solely for the sake of making me happy." I can become the queen of the Void Dynasty again, but Master, do you know that I don't want to be the queen of the Void Dynasty at all. The last life is the previous life, this life is this life, there is no cause and effect, I am who I am, nothing The reincarnation of the Queen of the Void Dynasty."

boom! !

At this moment, the Phoenix Goddess directly grabbed Ye Feng beside her and flew quickly towards the distance.

A pair of huge flame wings appeared directly behind the Phoenix Goddess, making her very fast.

The Phoenix Goddess knows very well that her master is unfathomable and impossible to fight against. The best way now is to escape from here.

There was a look of surprise in Ye Feng's eyes. He looked at the Phoenix Goddess taking him away beside him and couldn't help but said, "I thought you would listen to your master."

The Phoenix Goddess couldn't help but roll her eyes at Ye Feng, and said loudly: "How long have you been joking? Although I respect my master very much, after all, he has always been

They are all training me. Without him, I would not be where I am today. However, it is impossible for me to become the queen of the so-called Void Dynasty. I have to control my own destiny, not even my master. "

Boom!

And when the Phoenix Goddess was talking, suddenly the old man in the palace ruins stretched out a huge palm, and in an instant, it covered the sky and grabbed it in the direction of Ye Feng and the Phoenix Goddess. come over.

Buzz!

A kind of terrifying and boundless pressure was exerted on the two of them in an instant.

At this moment, Ye Feng suddenly felt that his body was about to break apart.

I have to say that the master of this Phoenix Goddess is indeed a very terrifying old monster-level existence, very powerful.

However, the Phoenix Goddess is not weak. She instantly activated the fire phoenix bloodline in her body at this moment.

Boom!

The body of the Phoenix Goddess suddenly lit up with a huge fire, forming a huge crimson flaming phoenix, which was able to compete with that big hand.

"Um?"

When the old man in the palace ruins saw this scene, there was a look of surprise in his eyes, and he couldn't help but said: "Phoenix, I didn't expect that your Fire Phoenix bloodline has awakened to this extent, and I didn't even know it. It seems that your true cultivation strength has been hidden from me, but you can't escape today. Since you have come to the ancient ruins of the Void Dynasty, I will definitely let you reawaken your previous life. You have the memory to become the Queen of the Void Dynasty, and the young man next to you has the ability of space attributes, and is also the most suitable carrier for His Majesty the Emperor of the Void Dynasty. "

When Ye Feng heard what the old man said, he immediately turned around and cursed: "You old man, don't even think about coveting my body. Even if I die, I can't resurrect that bullshit Emperor of the Void!"

Chapter 3410 What to do

Just when Ye Feng was yelling, the old man stretched out another hand.

Buzz!

Suddenly, countless forces in the sky gathered together and became a big hand that covered the sky and the sun. Together with the big hand that formed at the beginning, it formed a situation surrounded by two big hands, moving directly towards the Phoenix Goddess and the Phoenix Goddess below. Ye Feng bombarded the past.

"Feng Ming Jiutian!"

At this time, the Phoenix Goddess burst out with terrifying power of flames. A fiery phoenix rushed directly into the sky and collided with two big hands that covered the sky and the sun.

Boom!

The entire field suddenly erupted with a terrifying roar.

The entire sky was shaking rapidly.

But at this time, the Phoenix Goddess couldn't help but spit out a mouthful of blood.

Although he resisted the two big hands that covered the sky, he still suffered heavy injuries.

At this moment, Ye Feng watched the Phoenix Goddess beside him spit out a mouthful of blood, and immediately said: "Hurry up and give me your magic power to stimulate the power of the space gem, so that we can escape."

"Space gem? It turns out that the space attribute magic weapon you have is a dominating gem like the space gem!"

At this moment, the Phoenix Goddess suddenly showed surprise in her eyes.

Then she immediately nodded, put her hands directly on Ye Feng's shoulders, and input her powerful magic power into Ye Feng's Dantian.

"boom!"

At this moment, Ye Feng suddenly had super huge mana, which directly stimulated the power of the space gem.

Buzz!

Ye Feng and the Phoenix Goddess instantly traveled through a huge space wormhole, fled the scene, and disappeared in an instant.

\u003e "Huh?"

When the old man in the ruins of the palace not far away saw this scene, his eyes suddenly showed deep surprise, as if he did not expect that the two of them disappeared directly.

Uh-huh!

At this moment, the old man took a step and moved nearly hundreds of thousands of kilometers in an instant, arriving at the place where Ye Feng and the Phoenix Goddess disappeared.

At this moment, the old man sensed the air slightly, and then a look of surprise appeared in his eyes. He couldn't help but murmured: "It turned out to be the breath of the space gem. It turns out that the human boy is the inheritor of the space gem." , great, if that human boy can be captured, then the great Emperor of the Void, with the help of the power of the space gem, will not only be able to revive, but even surpass the peak state of His Majesty the Emperor back then, and become a new generation of Void Master. ”

At this time, the old man said, looked around and murmured, "Phoenix, you have been seriously injured by me, you can't escape. With that weak human boy, you can't escape from my grasp."

Uh-huh!

After the old man finished speaking, he disappeared from the spot and quickly searched everywhere in the ancient world of the Void Dynasty to see where the two of them were hiding.

At this time, while the old man was looking for the two people in the whole world, Ye Feng and Phoenix Goddess passed through the space wormhole and came to a very deserted area.

This is still the small world where the Void Dynasty is located.

The Phoenix Goddess temporarily escaped from the danger at this time, and finally couldn't help but fell to the ground.

That beautiful face is pale

Extremely white.

It was obvious that the Phoenix Goddess had suffered a huge blow just now.

After all, her master is too powerful.

At this time, Ye Feng couldn't help but help the Phoenix Goddess up, and said loudly: "We must quickly escape to the direction of the ice chasm, pass that ice chasm, and return to the snowy area. In this case, we You can escape."

The Phoenix Goddess immediately shook her head and said aloud: "Master is extremely powerful, and he must be looking for us everywhere now. We cannot easily go to the ice moat, because Master will definitely focus on guarding the world of ancient ruins of the Void Dynasty. The exit." ??

When Ye Feng heard what the Phoenix Goddess said, he couldn't help but nodded and said: "Then what should we do now? The ancient ruins world where the Void Dynasty is located is only that big. Sooner or later, your master will find us. of."

At this moment, the Phoenix Goddess's beautiful eyes also showed a hint of ugliness and a hint of pain.

Obviously she never thought that the master who was usually highly respected in Reed would secretly have such a huge conspiracy.

Seeing that the Phoenix Goddess was silent, Ye Feng said: "Since we can't think of a way at the moment, let's use the space gem to escape. Also, you'd better recover from your injuries as soon as possible, otherwise we won't even be able to escape." No chance."

The Phoenix Goddess nodded, took out a lot of elixirs exuding the power of flames from her pet ring, began to swallow them, and then recovered from her injuries.

Ye Feng asked aloud at this time: "What level of cultivation is your master at? Can we find a way to fight against him?"

The Phoenix Goddess shook her head

, couldn't help but smile bitterly and said: "My cultivation is at the tenth level of the Return to the Ruins Realm, which is above the Mortal Realm, and my master is a strong man in the Holy Ruins Realm, which is above the Return to the Ruins Realm. Moreover, the master possesses an extremely powerful fire dragon bloodline, which is not something we can fight against within a short period of time."

Ye Feng frowned when he heard the Phoenix Goddess say this.

After all, he is a whole two cultivation realms higher than himself, so it is indeed difficult to deal with him.

At this time, Ye Feng said aloud: "Do you have any resources in your storage ring that can help me improve my cultivation skills? Maybe my cultivation has broken through the tenth level of the transcendent realm and entered the return to ruins realm." , which will increase our chances of escaping."

The Phoenix Goddess shook her head and said aloud: "I came out this time specifically to find the treasures in the ancient ruins of the Void Dynasty, so I didn't carry many cultivation resources in my storage ring, because my storage ring was specially There is a lot of space reserved specifically for the treasures in the ancient ruins of the Void Dynasty."

Hearing what the Phoenix Goddess said, Ye Feng's eyes darkened for a moment. It seemed that this time there was really no way to fight against the Phoenix Goddess' master.

Suddenly at this moment, Emperor Chu spoke in Ye Feng's mind: "Ye Feng, in the ruins of the palace of the Void Dynasty, I just sensed a very strong space energy fluctuation. It is very likely that it is the Void Dynasty. If you get the rare treasures left behind from those days, Ye Feng, you may be able to greatly strengthen the power of your space gems. In this case, you may be able to become

more proficient in the use of space gems. In this case, you don't even need to You can leave this ancient ruins world through the ice chasm that you entered before, because if the space gems are strengthened, Ye Feng can directly break through the interface barrier anywhere and leave this ancient ruins world."
