

## Ancient 3411

Chapter 3411 Come to life

Hearing Emperor Chu's words in his mind at this moment, Ye Feng's eyes suddenly lit up.

If the ability of the space gem can really be improved, then by using the space gem, you can open up a cross-interface space wormhole that leads directly to the outside, directly through the entire interface barrier.

In this case, you can successfully escape from the ancient ruins world where the Void Dynasty is located.

At this time, Ye Feng immediately looked at the Phoenix Goddess beside him and found that she was sitting cross-legged on the ground, rapidly recovering from her injuries.

Ye Feng said aloud: "I have a way for us to leave this world of ancient ruins of the Void Dynasty without passing through the ice chasm."

Hearing what Ye Feng said, the Phoenix Goddess immediately opened her eyes, showing a look of surprise, and couldn't help but ask: "What can you do?"

Ye Feng said aloud: "When we were approaching the ruins of the palace just now, I sensed a very strong fluctuation of spatial attributes. It should be the Void magic weapon left behind by the Void Dynasty, or there are resources related to the power of the Void. If After I get this thing and integrate it into my space gem, I can develop the more powerful power of the space gem. In this case, I can directly open a space wormhole in place, break the interface barrier, and directly let the two of us Leave this world of ruins."

The Phoenix Goddess suddenly had a look of surprise on her face and said loudly: "You mean, we are still going back to the most dangerous palace of the Void Dynasty?"

Ye Feng laughed at this time and said: "Your master may have been very dangerous there just now, but now your master is looking for traces of us everywhere in this ruin world. I guess he is not in the Void Dynasty at all now. In the palace, the place that looks most dangerous now is actually the safest place, because your master probably never imagined that we would directly return to the palace in the center at this time. "

Hearing what Ye Feng said, the Phoenix Goddess thought for a moment, then stood up and said: "If you are confident, then I will accompany you."

"good."

Ye Feng nodded at this moment, and then directly released the power of the space gem, and the two of them continued to return to the original path.

Half an hour later, when the two of them approached the palace of the Void Dynasty, they saw that the palace was completely empty and there was no one there.

Apparently the master of the Phoenix Goddess, the old man with terrifying cultivation, may be circling other places in this ruins world, trying to find traces of the two of them.

At this moment, Ye Feng immediately said: "Let's go in quickly, don't waste time, because your master will be back at any time."

The Phoenix Goddess nodded and quickly followed Ye Feng into the palace.

The palace of the Void Dynasty, the buildings are still very well preserved, and there are no signs of damage. This shows how powerful the Void Dynasty was back then.

At this time, Ye Feng and the Phoenix Goddess passed through the sculpture of the Emperor of the Void Dynasty on the square and came to the inner area of the palace.

Here, there are various ancient halls and pavilions everywhere.

The Phoenix Goddess asked: "Ye Feng, where is the thing left behind by the Void Dynasty that you need? There are so many palaces here, and we don't have so much time to search for them one by one."

Ye Feng said aloud: "Wait a moment, I will sense it."

After finishing speaking, Ye Feng asked directly in his mind: "Emperor Chu, where are the things left by the Void Dynasty that you sensed before?"

At this moment, Emperor Chu stimulated the power of the space gem for a moment, and then said aloud: "You walk towards the northwest, about three thousand meters away, the void energy fluctuation I sensed is there. "

Ye Feng nodded immediately, then opened his eyes, looked at the Phoenix Goddess beside him and said, "Follow me."

Uh-huh!

After saying that, Ye Feng flew quickly in the direction that Emperor Chu said. When the Phoenix Goddess saw Ye Feng flying over, she quickly followed.

When the two of them arrived at the location mentioned by Emperor Chu, they immediately saw that there was a spring that looked very clear in this deep palace.

In this spring, there is an ice-blue eye, which looks extremely weird.

At this moment, Emperor Chu said aloud in Ye Feng's mind: "It turns out to be the Eye of the Void. No wonder it has such strong spatial fluctuations."

When Ye Feng heard Emperor Chu's words in his mind, he immediately asked in his mind: "Then how can I make this Eye of the Void strengthen the power of my space gem?"

Emperor Chu said aloud: "Leave this to me."

Wow!

Almost at the moment Emperor Chu's words fell, a big red hand popped out of Ye Feng's head, and then grabbed the spring water directly.

The sudden appearance of the red hand of light made the Phoenix Goddess standing next to Ye Feng reveal a hint of surprise in her eyes.

Because she suddenly discovered that Ye Feng was more complicated than she imagined.

The extremely powerful space power radiated from this big red hand made the Phoenix Goddess have a hint of fear in her eyes.

Boom!

And just when the red hand that Emperor Chu transformed into grabbed the area near the spring, suddenly a huge layer of ice-blue light shot out directly from the Eye of the Void, and it was immediately blocked. This is the big red hand that Emperor Chu transformed into.

At this moment, Ye Feng immediately punched forward with a fierce punch, bursting out the power of his extremely powerful Hongmeng Immortal Body.

Click!

Almost at the next moment, Ye Feng's punch directly shattered the barrier composed of ice blue light.

boom!

The big red hand transformed by Emperor Chu directly captured the Eye of Void in his hand, and then retracted it into Ye Feng's mind again.

At this time, Ye Feng saw in his mind that after Emperor Chu obtained the Eye of the Void, he directly forcibly fused the Eye of the Void into the space gem.

boom! !

When the Eye of the Void entered the space gem, the space gem immediately erupted with very strong spatial fluctuations, making Ye Feng feel as if his entire body was about to shatter.

But at the next moment, the space gem evolved directly, and Ye Feng was able to sense a very powerful energy from the space gem, far more than before.

At this moment, Emperor Chu immediately spoke in Ye Feng's mind: "Ye Feng, the space gem has successfully evolved. Now you can use the space gem to directly break the interface barriers of this ancient ruins world and escape from this world." The world of ruins."

Ye Feng nodded immediately at this time, and then directly activated the power of the space gem.

Buzz!

Suddenly, a space wormhole that crossed the interface barrier appeared directly in front of Ye Feng and Phoenix Goddess.

Uh-huh!

The two of them prepared to enter the space wormhole and escape.

Click! !

But at the next moment, a big hand that covered the sky suddenly struck from a distance, crushing the space wormhole that crossed the interface barrier.

"What?"

The sudden change caused Ye Feng and the Phoenix Goddess to change their eyes slightly.

Because they saw that the person who took action was not the Master of the Phoenix Goddess, but the huge sculpture of the Emperor of the Void in the Palace Square.

This sculpture of the emperor of the Void Dynasty actually "comes to life" at this moment!

To prevent Ye Feng and the Phoenix Goddess from escaping this ruined world!

Chapter 3412 Space Spirit Stone

"Phoenix Power!"

"Feng Ming Jiutian!"

boom!

At this time, the Phoenix Goddess did not hesitate and directly burst out her extremely powerful power.

In an instant, a large piece of crimson flame power erupted from her body, rising directly into the sky and rushing towards the huge emperor sculpture of the Void Dynasty.

This emperor's sculpture suddenly came back to life for some reason at this moment, and it had a very terrifying power. It crushed the cross-realm space wormhole opened by Ye Feng in one fell swoop.

So at this moment, the Phoenix Goddess took action directly.

Because she also realized the horror of the sculpture of the emperor of the Void Dynasty. The power of the sculpture of the emperor of the Void Dynasty was too powerful, and it was not something Ye Feng could resist.

So at this time, the Phoenix Goddess stood directly in front of Ye Feng. A fiery red phoenix appeared on her body and charged directly towards the sculpture of the Emperor of the Void Dynasty.

Boom! !

The entire field suddenly erupted with a huge roar, causing the entire sky to shake rapidly, as if the entire world was about to be shattered.

Boom!

At the next moment, a huge space sword appeared in the hand of the emperor sculpture of the Void Dynasty, and it pierced the entire body of the Phoenix Goddess at once.

"ah!"

The Phoenix Goddess immediately let out an extremely painful scream, and her life energy was rapidly disappearing.

"Phoenix!!"

Ye Feng was trying to open another space wormhole, but when he saw this scene, his eyes widened.

Although he and the Phoenix Goddess were enemies when they first met, as they got along with each other during this period, both Ye Feng and the Phoenix Goddess may have long regarded each other as their friends.

At this time, Ye Feng saw that the Phoenix Goddess was directly pierced through the body in order to protect herself, and she was almost dead. Ye Feng's face suddenly showed overwhelming anger.

At this moment, Ye Feng unleashed the power of Hongmeng's immortal body with all his strength, rushed to the sky, and punched out hard.

Boom!

Ye Feng's punch unleashed a terrifying impact that instantly knocked the huge sculpture of the Emperor of the Void Dynasty back several steps.

Uh-huh!

The next moment, the weak body of the Phoenix Goddess fell quickly from the sky. Ye Feng quickly flew over and caught her.

"Ye Feng, I think I'm going to die..."

The Phoenix Goddess's vitality was rapidly passing away at this time, and her entire beautiful face was bloodless and full of paleness.

"You're not going to die, I said so!"

Ye Feng said at this time, directly carried the Phoenix Goddess on his back, and then flew quickly towards the distance, wanting to leave here.

Boom!

But at this time, the emperor sculpture of the Void Dynasty held the space sword in his hand and once again stabbed in the direction of Ye Feng.

"kill!"

At this moment, Ye Feng took out the Ice King Sword that he had previously obtained from the remains of the Ice Clan, and slashed forward fiercely.

Boom! !

Above the Ice King Sword, an extremely terrifying freezing air immediately erupted, forming a line of ice sword light that collided with the sculpture of the emperor of the Void Dynasty, directly freezing half of his body. He was frozen in place, unable to move.

Watching Ye Feng flee quickly towards the distance, a golden soul suddenly rushed out of the emperor's sculpture.

This is exactly the will of the Emperor of the Void Dynasty!

At this moment, he actually abandoned the sculpture body, came to Ye Feng, and shouted:  
"Dedicate your body to me!"

"What you have been waiting for is this time when your soul leaves the body!"

Ye Feng immediately smiled coldly at this moment, and then directly released the power of the soul gem.

Boom!

A huge dominating will suddenly appeared on Ye Feng's body, crushing the soul of the Emperor of the Void Dynasty in an instant.

"ah!!"

The soul body of the Emperor of the Void Dynasty immediately let out a scream of terror.

He never thought that Ye Feng, a small human race, actually contained a great and boundless will to dominate.

"No!!"

Amidst the horrifying roar of the Emperor of the Void Dynasty, Ye Feng's dominant will directly crushed him to pieces.

"Boom!"

The next moment, the huge emperor sculpture not far away suddenly collapsed.

Click, click, click!

The moment the emperor's sculpture fell to the ground, the entire huge sculpture body immediately shattered, and stones emitting white holy light were revealed inside.

"It turns out to be a space spirit stone!"

Ye Feng saw the pieces of stone emitting pure white holy light that appeared after the sculpture was broken not far away. Suddenly, there was a hint of surprise in his eyes, and then there was a look of deep surprise.

At this time, Ye Feng couldn't help but said: "No wonder this emperor's sculpture can explode with such powerful space power. It turns out that the materials used to cast this sculpture are all cast from space spirit stones."

An entire emperor's sculpture the size of a mountain was estimated to be cast from hundreds of thousands of space gems!

At this moment, Ye Feng immediately returned to the ruins of the palace, put aside the Phoenix Goddess on his back, and said loudly: "This time, I will kill your master directly, and we don't have to run away anymore." Because my cultivation will be improved unparalleled."

Boom!

Almost at the moment Ye Feng finished speaking, he immediately released his Devouring Domain.

Buzz!

Suddenly, a boundless realm of darkness spread directly from Ye Feng's body, covering all the hundreds of thousands of space spirit stones present.

Boom!

At the next moment, waves of terrifying and boundless space energy were directly absorbed by Ye Feng, and then injected into his Dantian.

At this moment, Ye Feng's skill suddenly began to increase crazily at a terrifying speed.

You know, these are hundreds of thousands of space spirit stones!

The extremely advanced spatial spiritual power contained in it is definitely a huge source of nourishment for Ye Feng.

At this moment, Ye Feng's cultivation aura suddenly began to make rapid and continuous breakthroughs and improvements.

"boom!"

Soon, Ye Feng's body burst out with an extremely powerful breakthrough momentum.

He directly accumulated and broke through the tenth level of the Transcendence Realm, and stepped into the first level of the Return to Ruins Realm above the Transcendence Realm!

At this time, the huge spatial ability was far from being exhausted, and Ye Feng's cultivation aura continued to grow rapidly.

"boom!"

Return to the second level of the Ruins Realm!

"boom!"

Return to the third level of the Ruins Realm!

"boom!"

Return to the fourth level of the Ruins Realm!

"boom!"

Return to the fifth level of the Ruins Realm!

"boom!"

Return to the sixth level of the Ruins Realm!

"boom!"

Return to the seventh level of the Ruins Realm! !

Finally at this time, Ye Feng's cultivation aura stopped.

Uh-huh!

At this moment, Ye Feng stood up, with a terrifying and boundless aura of power surging all over his body. There was even a bright white light surging in his eyes, giving people the feeling that a young god had revived!

The momentum is huge!

Boundlessly powerful!

Chapter 3413 The Frightened Old Man

Buzz!

At this time, Ye Feng's cultivation level has been greatly improved, which can be described as skyrocketing.

"Um?"

Ye Feng also noticed at this moment that the soul body of the Emperor of the Void Dynasty, which was crushed by his own dominant will, was shattered at this moment and turned into countless soul fragments, exuding very majestic soul power fluctuations. .

"boom!"

At this moment, Ye Feng wasted no time and directly released the Devouring Domain, devouring and absorbing all the soul fragments produced after the Void Emperor's soul body was shattered.

Buzz!

The next moment, Ye Feng's soul power suddenly increased tremendously.

From the previous level of 2.5 million, it instantly jumped to a full level of 3.5 million!

It must be said that the soul body of this Emperor of the Void is still very powerful.

It actually directly increased the strength of Ye Feng's soul power by a million levels!

It's really terrible!

At this moment, Ye Feng could feel that the 3.5 million-level soul power he possessed was simply powerful and terrifying to the extreme.

Ye Feng's comprehensive combat power at this moment has once again been greatly improved.

At this time, Ye Feng looked at the Phoenix Goddess beside him, stretched out his hand and grabbed the Phoenix Goddess's shoulders, and then said loudly: "Now I will transfer some life energy to you. In this way, your injury can be slowed down." Recovering slowly."

Boom!

The moment Ye Feng finished speaking, Ye Feng directly activated his extremely powerful Hongmeng Immortal Body.

In an instant, the life energy of the Hongmeng Immortal Body directly transitioned into the Phoenix Goddess's Dantian.

You know, Hongmeng Immortal Body is a very powerful physique.

Therefore, the life energy produced by the Hongmeng Immortal Body is very powerful and advanced.

At this moment, the Phoenix Goddess, who originally thought she was about to die, suddenly felt warm all over her body after receiving Ye Feng's high-level and majestic life energy.

Ye Feng's extremely powerful life energy passed through the dantian of the Phoenix Goddess and towards the limbs and bones, allowing the Phoenix Goddess's injuries to be quickly healed.

At this moment, the Phoenix Goddess's originally pale face turned bloody again.

At this time, the Phoenix Goddess's eyes were full of gratitude, and of course there was also a look of shock.

Because Ye Feng's cultivation suddenly skyrocketed at that moment, which was really shocking.

Moreover, the Phoenix Goddess sensed the majestic life energy at this time, and immediately understood how powerful Ye Feng's martial arts origin was and how powerful his vitality was.

This kind of life energy is so huge that it's like an ancient dragon is giving it life energy. It doesn't look like the life energy that a human race should have.

At this moment, after Ye Feng had input a lot of life energy, he suddenly stood up and looked in a certain direction not far away.

Buzz!

At this time, an old man wearing a white robe flew over not far from the horizon.

At this moment, the old man looked at the statue of the emperor of the Void Dynasty shattered on the ground, and his eyes suddenly became ugly and extremely angry.

This old man is none other than the master of the Phoenix Goddess.

At this moment, the old man stared at Ye Feng who was not far away, and said angrily: "Human boy, what have you done?"

Ye Feng stretched out his foot and kicked it

He kicked the broken stone of the emperor's sculpture next to him and said casually: "I didn't do anything, I just broke an ordinary sculpture."

"You are committing a heinous crime!"

The old man suddenly yelled: "You, a human kid who has killed a thousand swords, are so bold that you even broke the sculptures of our Emperor of the Void Dynasty. Your Majesty, where is your will? I'm here to help you." is you."

Ye Feng suddenly smiled faintly at this time and said: "Stop calling on your bullshit emperor's will. His soul body stored in the sculpture has been obliterated by me."

"What?!"

Hearing what Ye Feng said, the old man immediately showed deep shock and anger in his eyes.

boom!

The next moment, a terrifying and violent murderous aura erupted from the old man. He looked directly in the direction of Ye Feng. The look in his eyes was like two cold knives, trying to kill Ye Feng. The wind pierced his entire body.

The old man said word by word: "This is impossible. How could you, a small human race, wipe out the great will of our Emperor? This is impossible!"

Ye Feng just shrugged and said, "If you don't believe it, then there's nothing I can do."

After Ye Feng finished speaking, the expression on the old man's face suddenly became very ugly.

Because at this moment, he really couldn't sense the fluctuation of will of His Majesty, the Emperor of the Void Dynasty.

At this time, the old man stared at the Phoenix Goddess beside Ye Feng for a moment, and said loudly: "Phoenix, you disappoint me so much. You actually betrayed me for such a human boy."

Uh-huh!

However, the Phoenix Goddess had not spoken yet, and Ye Feng suddenly blocked the Phoenix Goddess.

In front of him, he looked at the old man not far away, smiled coldly and said: "A master who trains his own disciples for the sake of conspiracy is not worthy of respect. The reason why I didn't leave here today is to wait for you, this hateful person." You cruel old man, I'm going to kill you."

"Hahahaha!"

Hearing what Ye Feng said, the old man burst out laughing, and then his tone was full of sarcasm, and he said loudly: "You, a human boy who is only in the seventh heaven of the Ruins Realm, dare to return like this to me?" Can you compete with the super strong men of the Holy Ruins Realm above the Ruins Realm? I can only say that you are too naive. Your human race is originally a weak race, but I have the blood of the noble and ancient ancient fire dragon. I can do it with just one hand. I can crush you to death."

Boom!

The moment the old man finished speaking, he stretched out a hand.

This hand directly formed a big flaming hand in the entire sky, full of terrifying burning power. In an instant, it grabbed it in the direction of Ye Feng, with a very terrifying sense of oppression.

"kill!"

At this moment, Ye Feng did not hesitate at all, and directly burst out the powerful cultivation power he had just broken through, then held the Ice King Sword in his hand and slashed forward fiercely.

Boom!

Along with a terrifying roar, Ye Feng's sword slashed out a large area of ice sword light, which actually directly competed with the flaming hand released by the old man high in the sky.

"Um?"

Seeing this scene, the old man suddenly showed a look of surprise in his eyes, and couldn't help but said: "You, a human boy, actually hold the sword of king of the ancient ice clan in your hand. Aren't you a human? How can you possibly control it? This Ice King Sword? Humph, but even if you control the Ice Clan's king's weapon, you can't stop me from killing you today, you must die!"

Chapter 3414 Fire Dragon Bloodline Physique

boom!

At this time, the moment the old man finished speaking, a brilliant crimson light burst out from his body.

"hold head high!"

The next moment, a huge flame dragon appeared around the old man, burning with endless flames and full of terrifying burning power.

At this moment, the old man obviously directly inspired the ancient fire dragon bloodline contained in his body, and a very terrifying power of fire appeared directly.

"boom!!"

At this moment, the flame dragon condensed from the old man's body roared and rushed towards Ye Feng.

"Ice King Sword!"

Ye Feng roared loudly, wildly activating the terrifying cold energy of the Ice King Sword in his hand.

A terrifying stream of cold air suddenly erupted from the Ice King Sword, directly colliding with the flame dragon released by the old man.

But this old man's cultivation skills are still very profound after all.

After all, the opponent is a super strong person at the Saint Ruins level, and his skills are very powerful.

Wow!

At this moment, the Ice King Sword in Ye Feng's hand was on fire.

The body of the Ice King Sword immediately began to burn, making Ye Feng unable to hold the hilt of the Ice King Sword tightly.

There was a look of surprise in Ye Feng's eyes. It had to be said that the Master of the Phoenix Goddess was still very scary.

"boom!"

But at this moment, Ye Feng directly released the blood talent of the Red Flame clan that he had plundered before.

At this moment, Ye Feng's body also burst out with a terrifying power of flames, directly absorbing the flames burning on the Ice King's sword.

"What?"

Seeing a red flame coming out of Ye Feng's body, the old man suddenly showed surprise in his eyes.

, couldn't help but said: "Didn't you use the ice attribute power of the Ice King Sword? Why did it suddenly become the flame attribute power of our Red Flame Clan? This is impossible!"

At this moment, the old man was really shocked, because he had never seen a practitioner who could combine the power of two completely different attributes, ice attribute and fire attribute.

This is so rare!

It's simply impossible!

It goes against common sense!

"The Great Frozen Realm!"

At this moment, Ye Feng crazily activated his power and unleashed the powerful inheritance of the Ice Clan, the Great Frozen Realm.

This is the first time Ye Feng has used the powerful inheritance of the Great Ice Domain.

Although Ye Feng also has the blood of the Red Flame Clan and can control the power of fire, Ye Feng knows that it is okay to use his own power of fire to reduce the fire damage caused by the old man to himself, but using the power of fire to fight against the old man is probably Not much chance of winning.

After all, this old man has the blood of a fire dragon and is a master of playing with fire, so Ye Feng knows that he must use the power of ice to restrain the old man.

"Boom!"

At this moment, the moment Ye Feng used the Great Ice Domain, a terrifying ice energy suddenly erupted from his body, and then in front of Ye Feng, the surrounding land was sealed in ice. Suddenly, a large layer of ice appeared, spreading directly in front of the old man, and then blocked the flames released by the old man.

The old man saw this scene, with a look of shock in his eyes, and said: "The Great Frozen Realm! You have actually learned the Ice Clan's secret art of suppressing the clan, and can you also release it?"

"kill!"

But this

At that time, Ye Feng didn't bother to respond to the old man at all, and directly released the future body of Dzogchen. Then he burst out the power of Dzogchen cultivation, activated the brute force gem, and charged directly in the direction of the old man.

"boom!!"

The next moment, Ye Feng punched out hard, and also released the terrifying destructive power of Hongmeng's immortal body.

"ah!!"

Along with the old man's screams, the old man's entire body was punched through by Ye Feng, which immediately caused the old man to suffer huge injuries.

"Damn it!" .??.

The old man was feeling the pain in his body at this time, and his eyes were full of horror. It seemed that he did not expect that Ye Feng could burst out with such terrifying power.

boom!

At this time, a huge flame dragon suddenly rose from the old man's body and fled quickly towards the distance.

This old man was about to run away in front of Ye Feng at this moment, and did not dare to continue fighting with Ye Feng.

Because Ye Feng not only possesses the ice attribute power that can restrain him, but the power of Ye Feng's body is so terrifying that the old man cannot resist it at all.

"You can't run away!"

At this time, Ye Feng directly displayed the power of the space gem.

Because of the fused Eye of the Void, the space gem's abilities have improved a lot.

Uh-huh!

At this moment, Ye Feng traveled hundreds of thousands of kilometers in an instant and came directly to the old man.

Under the horrified gaze of the other party, Ye Feng stretched out a hand and crushed the old man's head directly.

The next moment, Ye Feng released the furnace of all things awakened from the first level of the Hongmeng Immortal Body and threw the old man into it.

"boom!"

At this moment, Ye Feng suddenly felt an incomparable power.

Injected into his Dantian, his cultivation momentum immediately began to increase.

In addition, Ye Feng was able to plunder the old man's special fire dragon bloodline physique in the melting pot of all things.

In other words, Ye Feng can then release the power of the fire dragon's bloodline like the old man, bursting out into a giant flame dragon whose body is burning with flames, possessing very terrifying burning power.

At this moment, after Ye Feng plundered the physique of the fire dragon bloodline, his cultivation level has also been greatly improved.

After all, this old man is a super strong man above the Guixu Realm and at the Holy Ruins Realm level.

The skill he possesses is naturally very powerful, and it is definitely a huge source of nourishment for Ye Feng's improvement.

"boom!"

Return to the eighth level of the Ruins Realm!

"boom!"

Return to the ninth level of the Ruins Realm!

"boom!"

The tenth level of Guixu Realm is complete!

At this time, Ye Feng's cultivation level made a lot of breakthroughs in an instant, and he directly stepped into the tenth level of the Return to Ruins Realm.

We are only one step away from the Holy Ruins Realm!

Buzz!

Ye Feng's cultivation aura at this moment was simply surging to its peak.

His combat power has also been improved unparalleled.

In addition, Ye Feng also plundered the old man's fire dragon bloodline physique.

It can be said that this time Ye Feng not only killed a powerful enemy, but also received huge benefits and improvements.

At this moment, the Phoenix Goddess standing not far behind saw the whole process, and her beautiful eyes were filled with deep shock.

Because she originally thought that she and Ye Feng would die this time, but the Phoenix Goddess never thought that the extremely powerful master would eventually die in Ye Feng's hands.

## Chapter 3415 Baibao Pavilion

At this time, Ye Feng felt the majestic cultivation energy of the tenth level of Gui Xu Realm in his body, and his eyes were full of joy.

For Ye Feng, he has been greatly improved now. He is many times more powerful than before when he just entered this ancient ruins world.

At this time, Ye Feng looked at the Phoenix Goddess not far away and asked: "How is your injury now?"

When the Phoenix Goddess heard what Ye Feng said, she immediately stood up, walked to Ye Feng, and said loudly: "Now I don't have any major injuries, and my strength is almost restored. This time I can really see a miracle. After all, you were such a weak human boy before. I didn't expect that you would grow to such an extent in such a short period of time. It really surprised me. To be honest, you are the strangest person I have ever seen. A person who looks very weak, but can burst out with extremely terrifying lethality. "

Hearing this, Ye Feng just smiled slightly and said aloud: "I didn't become so powerful all of a sudden. I also grew up by looking for so many resources during this period. In any case, I want to thank Phoenix. If it weren't for you, I wouldn't have grown up so fast."

When the Phoenix Goddess heard what Ye Feng said, a smile suddenly appeared on her beautiful face, and she said loudly: "I helped you grow, and you saved my life. We can repay each other's gratitude."

The Phoenix Goddess knew very well that if Ye Feng hadn't come with her this time, she would have been murdered by her master.

At this time, the Phoenix Goddess suddenly looked in a certain direction not far away and said aloud: "Since the master is dead and the emperor's sculpture of the Void Dynasty is broken, then we have nothing to do in this ruins world. It's in danger, we can take a closer look at the ruins of the Void Dynasty's palace."

At this time, Ye Feng's eyes also showed a trace of expectation, and he said: "Yes, if I can get various cultivation resources from the ruins of the Void Dynasty's palace, then my cultivation will be further enhanced. , and I already have a space gem in my body. If I can get the inheritance of this Void Dynasty, it must be an inheritance related to the power of space.

The gemstone can definitely enhance the destructive power of this inheritance, and I have gained another extremely powerful trump card. "

At this time, Ye Feng is still looking forward to the inheritance of the Void Dynasty.

Because although Ye Feng has learned a lot of martial arts and inheritance along the way, he gradually cannot keep up with Ye Feng's cultivation and use.

Many inheritances have been actively eliminated by Ye Feng and cannot exert much power.

Therefore, Ye Feng actually lacks a more powerful and advanced inheritance.

At this moment, hearing what Ye Feng said, the Phoenix Goddess nodded slightly and said: "Don't worry, I won't let you down. After all, this was the extremely powerful Void Dynasty back then. Among the ruins of this palace, There should be many treasures of the Void Dynasty hidden. You know, the Void Dynasty was a very powerful dynasty back then. This can be seen from the fact that this dynasty can carve out a small world as its own base camp, so it will definitely be. There are a lot of resources and heritage hidden there."

Ye Feng immediately nodded, and he and the Phoenix Goddess no longer wasted time and walked directly into the ruins of the palace left by the Void Dynasty.

This time, they could finally explore the palace ruins of the entire Void Dynasty safely, because the two biggest threats had been resolved.

Buzz!

When the two of them walked into the palace of the Void Dynasty, they immediately felt a sense of ancient vicissitudes.

Many of the surrounding buildings had a very historical and vast feel, and the two of them felt as if they had crossed a long river of time and arrived at the era of the Void Dynasty.

At this time, Ye Feng did not hesitate and directly released his soul power, spreading towards the surroundings.

Because for Ye Feng, he has no intention to appreciate the style of the buildings of this Void Dynasty now.

Ye Feng

The most important thing is, where are the treasures left behind by the Void Dynasty?

Ye Feng believed that the emperor of the Void Dynasty left behind a minister who wanted to resurrect himself many years later.

Therefore, the emperor of the Void Dynasty must have left a lot of resources and treasures in the ruins of the palace for him to use after the emperor is resurrected.

Buzz!

At this moment, with the soul power released by Ye Feng, he immediately sensed a lot of energy fluctuations.

At this moment, Ye Feng looked at the Phoenix Goddess beside him and said loudly: "I have found some clues, just follow me."

"good."

The Phoenix Goddess nodded immediately.

She knew very well that Ye Feng had the talent to find all kinds of treasures, so the Phoenix Goddess believed in Ye Feng very much.

Half an hour later, Ye Feng led the Phoenix Goddess through the entire palace quickly, and finally came to an antique-looking pavilion.

The three characters "Baibao Pavilion" are written on the plaque on the door of this pavilion.

The Phoenix Goddess couldn't help but said: "This should be the place where the Void Dynasty used to store various treasures."

Ye Feng nodded and walked forward with the Phoenix Goddess.

They opened the door and saw boxes of wealth in the pavilion.

These wealth include various cultivation resources and elixirs, as well as many ancient armors and weapons.

"Um?"

But at this moment, Ye Feng's eyes were instantly attracted by a golden battle ax in the middle of the pavilion.

This golden battle ax looks very textured, with a faint golden light emitting from it. Among these lights, there are even golden shadows of gods, looming, sacred and powerful.

This golden battle ax is definitely a very terrifying weapon!

Uh-huh!

\u003e

Ye Feng walked directly over and immediately saw two small words engraved on the handle of this golden battle ax: Zhantian.

"Zhantian?"

Ye Feng's eyes showed a look of surprise.

I have to say that the name of this battle ax is very domineering. It seems that after it was created, it was designed to split the entire sky.

Buzz!

Ye Feng directly took the golden shovel ax in his hand, and immediately sensed a very terrifying weapon energy fluctuation, which echoed with the small universe of his entire body.

At this time, Ye Feng looked at the Phoenix Goddess not far away and said, "I want this golden battle axe."

Phoenix Goddess nodded, smiled and said, "Whatever you want, I will agree to."

Hearing what the Phoenix Goddess said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect the Phoenix Goddess to be so easy to talk to now.

After all, the wealth of this palace ruins can be said to have been found through cooperation, and all resources should be shared equally.

At this time, Ye Feng held the golden battle ax in his hand and said, "I don't really need the rest. Phoenix, you can just take it."

The Phoenix Goddess nodded slightly and put everything else into the storage ring.

At this moment, the Phoenix Goddess suddenly found an ancient book in a box, with the words "Void Locking Heaven" written on the cover.

When the Phoenix Goddess saw this, her eyes immediately brightened, and she quickly said to Ye Feng: "This set of inheritance has been mentioned in the ancient history books. This is a very powerful inheritance of the Void Dynasty. If you can practice it, If successful, if you use this Void Locking Technique when dealing with an enemy, the entire world and space will be locked, and the enemy will be unable to move and will be at your mercy."

When Ye Feng heard what the Phoenix Goddess said, he quickly walked over and looked at the book.

After all, Ye Feng is currently very lacking in this ancient and advanced inheritance, so he is naturally very interested.

Chapter 3417 My heart went cold

"Ye Feng!"

At this time, Senior Brother Wen Cangsheng saw Ye Feng appearing in front of him, and his eyes suddenly showed deep horror.

Because in Wen Cangsheng's impression, Ye Feng was just a weak young man who had just been brought up from the low-level realm by their Fengxue Villa.

But now, Ye Feng actually split the powerful demon leader in half with a single blow of his axe! .??.

This kind of strength is really terrifying!

At this moment, Wen Cangsheng didn't know what to say, because Ye Feng suddenly burst out with such terrifying power, which was really shocking to the world.

At this time, Ye Feng looked at the senior brother in front of him who seemed to be stunned. He immediately smiled and patted the other person's shoulder, and said loudly: "Senior Brother, just go down and recover from your injuries. Just leave everything to me. "

Uh-huh!

After saying that, Ye Feng turned around and looked alone at the large area of demonic strong men outside Fengxue Villa.

The many demon clans that attacked Fengxue Villa this time included hundreds of thousands of demon clan troops. The most powerful ones were the dozens of demon clan commanders who led these hundreds of thousands of demon clan armies.

In addition to these dozens of demon leaders, there are also several unfathomable beings that make Ye Feng a little afraid.

However, it was just fear and could not make Ye Feng afraid.

Buzz!

At this moment, Ye Feng directly released his extremely powerful cultivation power.

"boom!"

Ye Feng held the golden battle ax in his hand, and a golden divine light suddenly burst out from the golden battle ax, which brightened the entire sky, like a golden sun.

At this moment, Ye Feng stared at the large army of demons in front, and said in a very domineering tone: "Today, all demons must die!"

"What a loud tone!"

The moment Ye Feng finished speaking, a very tall demon commander opposite him suddenly showed deep sarcasm in his eyes and said loudly: "Don't think that just because you killed a demon commander with one axe, you feel that you can do it." After dealing with so many powerful demons like us, I can only say that you, a human boy, are too naive. The ax you just used was definitely a sneak attack to kill!"

As the demon leader spoke, he walked directly forward, facing Ye Feng from afar.

boom!

A huge amount of demonic energy burst out from the body of this demon leader.

The aura of his cultivation has clearly surpassed that of a master in the first level of the Holy Ruins Realm of the Gui Xu Realm, and is a whole realm stronger than Ye Feng's current cultivation of the tenth level of the Gui Xu Realm.

In the hands of this demon leader, a long black knife instantly appeared. The blade of the long knife was engraved with ancient demon symbols, which seemed to possess very ancient and dark power.

"boom!"

The next moment, the demon leader rushed towards Ye Feng and said loudly: "You can't make a sneak attack this time, let me see how you can still be so cruel!"

Looking at the demon commander who was rushing towards him, Ye Feng's eyes suddenly showed a cold smile, and he said loudly: "You actually think that I killed the demon commander just because of my sneak attack. Successful? Then let me show you what real power is. Even if your cultivation level is higher than mine, it will be of no use. "

Boom! !

Almost at the moment Ye Feng's words fell, Ye Feng directly held the golden battle ax in his hand and moved forward.

Fang slashed away fiercely.

This golden battle ax is a super powerful magic weapon left by the royal family of the Void Dynasty. Coupled with the powerful special magic power of Ye Feng's incomparably majestic Hongmeng Immortal Body, Ye Feng slashed at it at this moment, just like... It was like the whole sky had fallen.

"Boom!"

At this moment, the golden battle ax burst out with terrifying and boundless destructive power, and it suddenly smashed the black long knife in the hands of the demon leader who rushed over.

Then under the horrified gaze of the demon leader, Ye Feng's ax directly split his entire body in half!

Another leader of the demon clan who was in the first level of the Saint Ruins Realm fell and was killed by Ye Feng with an axe!

"hiss!"

Seeing this scene, many human masters in Snow Mountain Villa couldn't help but take a breath of air.

Because Ye Feng's strength is really too strong.

You must know that these demons are not ordinary demons. They are demons that come out of the demon nest in the mountains in the distance. They are very terrifying.

Even the many strong men in Snow Wind Villa are unable to resist.

However, at this moment, Ye Feng killed two demon leaders in an instant, frightening the hundreds of thousands of demons into silence.

This is so majestic!

So domineering!

Many human masters in Snow Wind Villa stared at Ye Feng, the young man in white, with deep awe in their eyes.

They didn't know where Ye Feng came from, but they knew that their Fengxue Villa would be saved today.

And all the races have a feeling of elation in their hearts, especially when they see the look of fear in the eyes of the hundreds of thousands of demons on the opposite side, Fengxueshan

Many human masters in the village suddenly felt a very happy feeling.

At this moment, the dozens of demon commanders in front of the hundreds of thousands of demons on the opposite side all possess super-powerful cultivations at the Saint Ruins Realm.

They looked at each other at this moment, and they all nodded and said loudly: "Let's go together! Join forces to kill this super genius of the human race!"

Boom boom boom!

After saying that, dozens of demon leaders from the Holy Ruins Realm all joined forces and attacked Ye Feng.

In an instant, dozens of Saint Ruins Realm experts, all of whom were terrifying demon leaders, attacked together. This power was really terrifying.

In the distance, a vast expanse of demonic energy suddenly covered them, causing great pressure in the hearts of many human masters in Snow Wind Villa.

At this moment, it is difficult to imagine what kind of terrifying pressure Ye Feng, who was facing dozens of leaders of the Holy Ruins realm demons alone, was under.

But at this time, everyone saw that Ye Feng's eyes still showed no fear, but he was still very calm and calm.

At this moment, Ye Feng shouted loudly: "The Void Locking Heaven Technique!"

This set of inheritance is exactly the terrifying ancient inheritance of the Void Dynasty that Ye Feng had just obtained before, and it involves very mysterious secrets of the Void!

At this moment, Ye Feng used the power of the space gem to activate the Void Locking Heaven Technique. The moment it was performed, under the horrified eyes of countless people, dozens of demon leaders in the Holy Ruins Realm suddenly appeared. It was locked directly high in the sky by an invisible force of void, unable to move at all!

"What?!"

"What kind of terrifying method is this?!"

Seeing this scene, the hundreds of thousands of demon army suddenly felt cold.

Chapter 3418 Inner Circle

Buzz!

At this time, the aura exuding from Ye Feng was simply unfathomable.

Moreover, the Void Locking Heaven Technique that Ye Feng performed in an instant instantly pinned dozens of demon leaders at the Saint Ruins Realm level to the sky, unable to move.

It's like the space is forbidden!

This feeling is really terrible!

It gave everyone a sense of panic and fear.

At this moment, everyone saw a shocking scene.

"Pfft!" .??.

"Pfft!" .??.

I saw dozens of demon commanders frozen in the void, and then Ye Feng rushed over, raised his knife and killed all the dozens of demon commanders.

Very dashing and very bloody.

This scene has a strange and shocking feeling.

But it also makes people feel deep fear from the depths of their hearts and souls, and their whole body is shaking.

At this time, the army of millions of demons could not even hold the weapons in their hands, and they could only feel their whole bodies trembling.

"Run!"

Wow!

They immediately retreated quickly towards the rear, wanting to leave here and away from Ye Feng, the terrifying human boy.

But at this time, Ye Feng smiled coldly, suddenly stretched out his hand and grabbed it in front of him.

"The Void Locking Heaven Technique!"

He once again released this terrifying inheritance of the Void Dynasty.

At this moment, all the hundreds of thousands of demon troops in front were frozen in place.

Trapped by a terrifying void force!

At this time, all the human masters in the entire Fengxue Mountain Villa showed deep horror in their eyes.

They never thought that Ye Feng would be so terrifying now.

Every word and action is full of unparalleled power!

Let everyone feel like a super strong person.

At this moment, the eldest brother of Fengxue Villa asked Cang Sheng, his eyes filled with deep shock.

After all, how could he

No one expected that the little newcomer back then would have grown to such an extent now, which really made him, the senior brother, feel a sense of sadness.

The little junior brother who still needed his protection back then has suddenly become a super strong man, a super big shot who can stand upright and fight against the entire terrifying demon army by himself!

In an instant, he killed the leader of the Holy Ruins realm demon clan among dozens of demon clans. This feeling was really shocking, and it also made Senior Brother Wen Cangsheng feel very happy.

In their Fengxue Mountain Villa, an extremely terrifying and powerful person finally appeared.

In this case, their Fengxue Villa will not be in any danger.

At this moment, Ye Feng directly released the devouring power without any hesitation.

Buzz!

In an instant, a dark and boundless devouring domain erupted directly from Ye Feng's body, and then quickly spread towards the surroundings, quickly swallowing up dozens of the demon leaders of the Saint Ruins Realm, as well as dozens of Tens of thousands of ordinary demonic armies were all shrouded in the darkness devouring realm.

"Rumble..."

The next moment, waves of terrifying energy were instantly injected into Ye Feng's body.

Ye Feng immediately felt that his skill had grown tremendously at this moment, and Ye Feng's cultivation aura was rapidly and continuously exploding and improving at this moment.

You know, this is an army of hundreds of thousands of demons.

Even if the cultivation level of each soldier is not high, when hundreds of thousands of demon soldiers accumulate together, it is also a terrifying and majestic energy.

And you must know that there are still dozens of demon leaders at the Saint Ruins level at the front of this demon army.

Their skills are more powerful and advanced, which is a huge nourishment for Ye Feng.

So at this moment, Ye Feng's blood energy and cultivation momentum began to rapidly and continuously improve and break through as he swallowed.

"boom!"

Half step to the Holy Ruins Realm!

"boom!"

The first level of the Holy Ruins Realm!

"boom!"

The second level of the Holy Ruins Realm!

"boom!"

The third level of the Holy Ruins Realm!

"boom!"

The fourth level of the Holy Ruins Realm!

At this time, Ye Feng made an unparalleled breakthrough in his cultivation. He went directly from the tenth level of the Gui Ruins Realm to the fourth level of the Holy Ruins Realm due to the accumulation of terrifying energy.

This is a huge breakthrough!

It's also a very scary improvement!

For Ye Feng, when he was cultivating at the tenth level of the Ruins Realm, his combat effectiveness was already very strong.

Not to mention, he has now directly broken through to the fourth level of the Holy Ruins Realm.

At this moment, Senior Brother Wen Cangsheng suddenly came to Ye Feng's side and couldn't help but said in horror: "Junior Brother Ye Feng, I know why you broke through so quickly. It turns out that Junior Brother Ye Feng, you actually practiced You have learned such an evil technique, but I believe you will not become a demon."

Hearing this, Ye Feng couldn't help but smile slightly and said: "Don't worry, senior brother, the techniques do not distinguish between good and evil. Only people can distinguish between good and evil. For me, this devouring ability is just a means for me to become stronger." , I will not let it determine my values. I will kill and devour my enemies only if they want to deal with them."

After finishing speaking, Ye Feng looked at Fengxue Villa not far away and said loudly: "Elder brother, when I come back this time, I am actually preparing to say goodbye to you."

"bid farewell?"

Senior Brother Qian Sheng heard what Ye Feng said, and his eyes suddenly showed a trace of surprise: "Where are you going?"

Wen Cangsheng was very surprised at this time. He didn't seem to expect that Ye Feng had just arrived at Fengxue Villa and would suddenly leave.

At this moment, Ye Feng looked at the distant jungle and said, "I want to go to the center of our snowy area."

"You want to go to the center of the snowy area?"

Senior Brother Wen Cangsheng heard Ye Feng say this, his eyes suddenly showed surprise, and then he couldn't help but feel

Some people said solemnly: "You have to know that the land in the center of the Snowy Territory is full of all kinds of extremely powerful races. Our human race is originally very weak in the Snowy

Territory, and is even regarded as one by many powerful races. They are like pariahs, so I suggest you practice more in our edge areas first, and don't rush directly to the center of our snowy area. In that case, you may be attacked by many powerful races."

Ye Feng shook his head at this moment and said aloud: "I have stayed here long enough, and if my current cultivation level continues to stay in this marginal area, it is estimated that there will not be much improvement in a short time. , so I don't want to waste time, I want to explore the land in the center of the snowy area."

Hearing Ye Feng's resolute words, Wen Cangsheng could only nod slightly, patted Ye Feng's shoulder, and said loudly: "If you really want to leave, then you can leave. We, Fengxue Villa, can't restrain you." Stay with you, and I also hope that you can break into a new world in the central area of the Snowy Territory and make a name for our human race. After all, our human race has been bullied too much in the Snowy Territory. I have practiced all my life and made a name for myself. The goal of our struggle is also to fight for the human race, so that the human race can raise its head among all the races in the snowy land."

Ye Feng nodded and said, "Don't worry, I won't embarrass the human race."

After saying that, Ye Feng was ready to leave.

But this time.

Uh-huh!

Suddenly, a beautiful woman in a black dress came to Ye Feng's side and said loudly: "You rashly went to the central area of the snowy area. If you don't follow the correct route, you may not reach the central area. I have already killed all kinds of terrible monsters on the road. If you really want to go to the central area of the snowy area, I can provide you with an opportunity to directly enter the core circle of the central area of the snowy area, that is In the royal circle of the Ice and Snow Dynasty established by the Ice and Snow Dragon Clan."

"What?"

"Can you let me directly enter the inner circle of the Ice and Snow Dynasty's royal family?"

Hearing what the beautiful woman in a black dress next to him said, Ye Feng suddenly asked with very surprised eyes: "Who are you, Your Excellency?"

The senior brother on the side said: "Ye Feng, this is the master of our Bloodline Temple of Fengxue Villa, Ye Weiyang."

Chapter 3419 Ninth Prince

At this time, upon hearing Senior Brother's introduction to Cang Sheng, Ye Feng suddenly showed a trace of surprise in his eyes.

He stared at Ye Weiyang, the master of the Bloodline Temple next to him who was wearing a black dress, and couldn't help but said: "Can Master Ye allow me to directly enter the royal circle of the Ice and Snow Dynasty in the center of the snowy land? "

At this moment, Ye Feng still had some doubts about this.

After all, although this Ye Weiyang is the master of the Bloodline Temple of Fengxue Mountain Villa, he may be considered a big shot in Fengxue Mountain Villa, but in the center of the snowy land, he is definitely nothing.

So Ye Feng is now very suspicious of Ye Weiyang's words.

Ye Weiyang stared at Ye Feng at this moment, with a faint smile on her beautiful face, and said loudly: "Actually, my real identity is not the master of the Bloodline Temple of Fengxue Villa, I am just here It's just in name, my real purpose in Snow Mountain Villa is to find all kinds of geniuses with very strong talent potential in the snowy land, and then bring them to the royal family of the Ice and Snow Dynasty to serve the Ninth Prince. "

"The Ninth Prince of the Ice and Snow Dynasty?"

When Ye Feng heard what Ye Weiyang said at this time, a look of surprise suddenly appeared in his eyes, and he couldn't help but ask: "The Ninth Prince is the royal heir of the overlord race of the Ice and Snow Dragon Clan. With such a noble status, he can actually Why do I find it so unreasonable to search for geniuses in the area at the edge of the snowy land, and also to look for geniuses from the extremely weak human race?"

Ye Weiyang smiled slightly and said aloud: "Because the Ninth Prince is not very old now, he is often squeezed out by other powerful princes in the Ice and Snow Dragon Clan dynasty. Therefore,

in order to compete for the throne, the Ninth Prince secretly dispatched various inspection messengers, looking for various potential young talents in the edge areas of the Snow Region to bring into the royal family, train them, and then work for the Ninth Prince. You must know that other powerful races in the Snow Region or the peerless geniuses in the central area are basically eliminated. The other powerful princes in the royal family have a monopoly, so the Ninth Prince cannot find a peerless genius to work for him in the central area or other powerful races, because no one can see

I don't like the weak Ninth Prince, but I think the Ninth Prince has the most potential, because the Ninth Prince has always kept a low profile, silently looking for geniuses from various major races in the fringe areas, and secretly training them, and the Ninth Prince has no Arrogant, extremely polite and virtuous corporal, like the reincarnation of an ancient sage. "

Hearing what Ye Weiyang said, Ye Feng suddenly had a look of surprise in his eyes.

It turns out that this Ye Weiyang has been working for the Ninth Prince of the Ice and Snow Dynasty.

She seemed to have taken a fancy to her talent at this time, so she wanted to let herself work for the Ninth Prince.

Ye Weiyang continued: "As long as you can enter the royal family of the Ice and Snow Dynasty, even if you are from a weak human race, your status will be greatly improved in an instant, and other powerful races will not dare to provoke you. In addition, if you are favored by the Ninth Prince, then you can definitely enjoy huge resources. You must know that the Ice and Snow Dragon Clan is the dominant race in the Snow Land, and the Ice and Snow Dynasty occupies almost 70% of the resources in the entire Snow Land. "

Ye Feng thought about it at this moment and felt that there was no conflict between himself and Ye Weiyang going to the royal family of the Ice and Snow Dynasty to serve the Ninth Prince, and his purpose of going to the central area of the snowy region.

The next moment, Ye Feng nodded and said: "Okay, then I will go directly with you."

Ye Feng knew very well that it would be very difficult to enter the central area of the snowy area by himself.

Because this land is full of all kinds of dangers, many powerful demons are lurking in the deep mountains and old forests, and it is easy for you to encounter them.

So now that there is an opportunity to directly enter the core circle of the Ice and Snow Dynasty in the center of the snowy area, Ye Feng will naturally seize it.

As for working for the so-called Ninth Prince, if this Ninth Prince values himself more, Ye Feng might

Xu will help him.

But if he doesn't value himself, then Ye Feng will just use this opportunity to enter the central area of the snowy area to find more powerful power.

At this time, upon hearing Ye Feng's agreement, Ye Weiyang's mature and beautiful face suddenly showed a hint of joy.

After all, Ye Weiyang has not been able to find any decent genius for so many years, which makes the Ninth Prince quite disappointed.

But this time, Ye Weiyang knew that she had definitely found a treasure for the Ninth Prince.

Ye Weiyang paid great attention to Ye Feng's talent.

Not only did Ye Feng destroy the entire demon army by himself this time, but also the last time Ye Feng awakened his bloodline talent in the Bloodline Temple, he directly absorbed all the energy in the Frozen Throne.

Therefore, Ye Weiyang feels that Ye Feng's bloodline talent is absolutely terrifying. Even for a weak human race, his future potential is unlimited.

That's why Ye Weiyang paid so much attention to Ye Feng, and even wanted to take Ye Feng directly to the royal family of the Ice and Snow Dynasty to recommend him to His Highness the Ninth Prince, a pure-blooded heir of the extremely noble Ice and Snow Dragon Clan.

At this time, senior brother Wen Cangsheng also had a look of surprise in his eyes, as if he did not expect that Ye Weiyang, the bloodline master of Fengxue Villa, would have such an identity.

But that's a good thing.

Because Wen Cangsheng is also happy that Ye Feng has a brighter future.

At this time, Ye Feng suddenly looked at Cangsheng and said, "Eldest brother, why don't you go with me."

Wen Cangsheng smiled slightly and said, "I still have my own responsibilities. I want to protect the entire Fengxue Villa."

Uh-huh!

After saying that, Wen Cangsheng turned around and walked quickly in the direction of Fengxue Villa.

leaf

Feng looked at Wen Cangsheng's back and nodded slightly. He respected the other person's decision.

At this time, Ye Feng looked at Ye Weiyang beside him and asked: "Master Ye, when should we set off?"

When Ye Weiyang heard what Ye Feng said, she looked at Fengxue Villa not far away and said, "I'm going to say goodbye to some old friends, and I'll take you away."

Hearing this, Ye Feng nodded and stood on the peak outside Fengxue Villa, waiting for Ye Weiyang's return.

Half an hour later.

Uh-huh!

Ye Weiyang flew over from the direction of Fengxue Villa.

At this moment, standing next to Ye Weiyang was a tall figure covered in black robes.

Ye Feng glanced slightly at this time and found that the tall figure shrouded in black robe was actually a steel puppet made of steel.

Ye Weiyang smiled slightly and said aloud: "This is the giant spirit god puppet that His Highness the Ninth Prince once rewarded me. It is said that the material for casting this puppet is a piece of the giant spirit god's bones found in the ruins of the sacred mountain. So, This giant spirit god puppet can emit part of the power of the ancient giant spirit god. It is very powerful. It is an amulet given to me by His Highness the Ninth Prince. This time we are going to the central area of the snowy area where the Ice and Snow Dynasty is located. Even if I have a map in my hand, I can Find the best and safest route, but you may also encounter some accidents on the way. After all, the snow area is very chaotic. Even the Ice and Snow Dynasty established by the recognized most powerful ice and snow dragon clan cannot manage the entire snow area. We can hold one-third of an acre of land in the center of the snowy area. The outside is still divided up by countless powerful races and demons, so we must be careful. But with this giant spirit god puppet guarding us, we should be fine all the way to the Ice and Snow Dynasty. The danger to life is too great. As long as we step into the territory of the Ice and Snow Dynasty and enter the central area of the snowy area, and I have the royal token given to me by the Ninth Prince, then we can mobilize the power of the major institutions of the Ice and Snow Dynasty to protect us at any time. "

Chapter 3420 Dangerous Ice and Snow Forest

At this moment, hearing what Ye Weiyang said, Ye Feng immediately nodded and said: "If this steel puppet is really made from the bones of the giant spirit god, it does have extremely terrifying power. "

When he said this, Ye Feng walked up to the steel puppet, sensed it carefully, and really felt its unfathomable feeling.

It gives the impression that a demon is hidden in this black robe, making it impossible to fathom its depth.

At this time, Ye Weiyang smiled and said, "Then let's leave directly."

Ye Feng nodded and agreed.

The two of them then walked quickly towards the outside of Fengxue Mountain Villa.

Uh-huh!

At this moment, a map appeared in Ye Weiyang's hand. After looking at it for a while, she said aloud: "If we follow the safest route, the first thing we have to pass is the ice and snow forest outside Fengxue Villa. , I think you should also be very aware of the dangers of this ice and snow forest."

Ye Feng nodded and said aloud: "When I came to Fengxue Villa, if I hadn't been guarded by my senior brother along the way, I might have been buried among the terrifying monsters in the ice and snow forest, so the ice and snow I know the dangers of the forest."

Ye Weiyang nodded and said, "Then be careful."

After saying that, Ye Weiyang put the steel puppet next to her into her storage ring.

Because the aura of this steel puppet is likely to attract very terrifying monsters.

So it is better to put it into the storage ring first.

Ye Feng came to Ye Weiyang at this time, and the two walked side by side.

At this moment, Ye Weiyang glanced at Ye Feng beside her and asked: "What do you think about being loyal to the Ninth Prince?"

Ye Feng smiled slightly and said aloud: "It depends on the Ninth Prince's attitude towards me."

Ye Weiyang said aloud: "Under my guarantee, His Highness the Ninth Prince will value you, but you must also understand that as the prince of the Ice and Snow Dynasty, the Ninth Prince has a noble status and is not as good as other powerful princes, but It's royal blood after all

Pulse, there are also many other powerful men serving under his command. These powerful men come from various major races, so when you come to the royal family of the Ice and Snow Dynasty,

you may be hostile to the powerful men of other races around you. After all, as I asked Cang Sheng before Yes, our human race is a humble race in the eyes of many other powerful races in the Snow Region. "

When Ye Weiyang said this, there was a hint of coldness in her eyes.

Obviously, as a human being, Ye Weiyang was also very angry at the disdainful attitude of other races towards the human race.

In fact, Ye Weiyang chose Ye Feng to recommend to the Ninth Prince because she was betting that Ye Feng could soar into the sky under the Ninth Prince's command.

In this way, in the future, as a human race in the dynasty, she will be able to feel proud and proud, and will no longer be ridiculed by other powerful races.

While Ye Weiyang was thinking secretly, Ye Feng suddenly asked: "Master Ye, you have been among the royal family of the Ice and Snow Dynasty, and you should know the Ice and Snow Dragon Clan very well. In the past few years, among the royal family of the Ice and Snow Dynasty, Did anything special happen? For example, an important person from the royal family suddenly returned from outside."

What Ye Feng was asking at this time was naturally the friend Ye Feng had met before, the mysterious woman Bing Yue.

Ye Feng still remembers clearly that when Bing Yue left the Star Territory, she revealed the blood aura of her Ice and Snow Dragon Clan.

So Ye Feng wanted to ask if anything special happened in the Ice and Snow Dragon Clan's dynasty recently.

If so, maybe Bingyue returned to the Ice and Snow Dynasty.

Hearing what Ye Feng said at this moment, Ye Weiyang just showed a trace of doubt in his eyes, thought for a moment, and then said aloud: "The dynasty of the Ice and Snow Dragon Clan has always been in a very stable state. It seems that it has been in a very stable state recently. Nothing special happened."

When Ye Feng heard what Ye Weiyang said, he nodded slightly and didn't ask any more questions.

It seems that Bingyue is very likely to be in the snowy area and has not returned

Among the royal family of the Ice and Snow Dragon Clan.

After all, although Bingyue's cultivation is unfathomable, Bingyue may not be able to remember who she is after being away from the Ice and Snow Dragon Clan for so long.

At this time, Ye Feng was secretly thinking, and Ye Weiyang beside him had completely moved away from the edge area of Fengxue Villa.

At this time, they have to travel through the entire ice and snow forest and rush towards the land in the center of the snowy area.

Boom!

In the early morning of the next day, suddenly a huge monster covered with ice scales rushed out from the jungle in the distance.

This huge monster is like a unicorn, like an ice unicorn, but the two unicorn horns are burning with flames, and it looks very magical.

At this time, the ice unicorn with its horns burning with flames suddenly charged towards Ye Feng and Ye Weiyang.

"It's the Ice and Fire Kirin!"

There was a look of surprise in Ye Weiyang's eyes, and he said: "This kind of monster is very rare. It is a family of monsters that live in the deepest part of the ice and snow forest. Logically speaking, the route we are walking is in the outer area of the ice and snow forest. How could a fire and ice unicorn appear?"

At this moment, Ye Weiyang was talking. Before Ye Feng could take action, a purple-gold iron seal that looked only as big as a palm appeared in Ye Weiyang's hand.

Buzz!

Ye Weiyang threw out the purple gold iron seal in his hand, and saw that the palm-sized purple gold iron seal suddenly turned into a huge mountain-like shape, and bombarded the ice and fire unicorn rushing forward.

"Boom!!"

Along with a huge roar, the ice and fire unicorn was suddenly hit by the huge purple gold iron seal and flew backwards.

"What a powerful magic weapon."

When Ye Feng saw this scene, a look of surprise suddenly appeared in his eyes.

He could sense that the aura of this ice and fire unicorn was at the level of the Great Perfection of the Tenth Heavenly Realm of the Holy Ruins.

This kind of cultivation power is already very terrifying. It is worthy of being a powerful creature living deep in the ice and snow forest.

\u003e

"Roar!!"

At this moment, the ice and fire unicorn roared loudly, opened its mouth and spit out a huge beam of light that merged with ice and fire, directly bombarding the purple gold iron seal.

Boom!

The Zijin Iron Seal was immediately blown away.

boom!

That beam of light that merged with ice and fire struck right in front of Ye Weiyang, and was about to kill Ye Weiyang.

"Uh-huh!"

But the next moment, Ye Feng had already ducked in front of Ye Weiyang and punched forward hard.

"Boom!!"

The next moment, Ye Feng blasted the light pillar that was a fusion of ice and fire into pieces with a fist.

"Thank you."

Ye Weiyang's beautiful face was a little pale.

That moment just now was so dangerous!

Almost killed!

Uh-huh!

At this time, Ye Weiyang took out the giant spirit god puppet that was shrouded in black robes just to be on the safe side, which was safer.

After all, Ye Weiyang only selects various talented messengers for the Ninth Prince in various places. In fact, her own strength is not that strong.

"boom!"

At this time, the ice and fire unicorn rushed over again.

But this time, the giant spirit god puppet stretched out a palm as big as a casserole and directly broke the ice and fire unicorn's neck.

"powerful!"

Even Ye Feng couldn't help but admire at this time, this giant spirit god puppet is really powerful.

At this moment, Ye Feng looked at Ye Weiyang and said, "Let's divide this ice and fire unicorn equally."

"Take them all."

Ye Weiyang shook her head, with a slight smile on her beautiful face, and said: "It's no use even if I want a dead demon, but I know you need it very much, Ye Feng, because you have that very magical and magical ability. And a strange devouring ability."
