Chapter 3421 Boundless Desert

At this moment, hearing what Ye Weiyang said, Ye Feng's face immediately showed a trace of gratitude, and he said: "Thank you, Lord Ye." Ye Weiyang smiled at this time and said: "Since I chose you, Ye Feng, I bet everything on you, because if I find a mediocre person, His Highness the Ninth Prince will definitely not use me again in the future, but as long as you can stand out in the royal family of the Ice and Snow Dynasty and make the Ninth Prince value you, then my status will naturally rise, so the two of us are now on the same boat. , so I naturally hope that your cultivation and methods will become stronger and stronger. When you come under the command of the Ninth Prince, you will be able to play a greater role and satisfy the Ninth Prince. And you don't have to call me the Palace Master in the future. Just call me by my name. "

"Okay."

Hearing Ye Weiyang say this, Ye Feng immediately nodded and said, "Then I will call you by your name in the future."

As Ye Feng was speaking, Ye Feng directly released his Devouring Domain and enveloped the Ice and Fire Kirin that was killed in his Dark Devouring Domain.

Boom!

Suddenly, Ye Feng felt a very majestic blood energy that was being quickly absorbed by himself, and then injected into his Dantian, rapidly strengthening his skills.

For Ye Feng, he really needs this fresh and majestic skill now, because this is the greatest nutrient for his cultivation.

At this moment, along with Ye Feng's devouring, Ye Feng's cultivation aura began to grow immediately. ??

"Boom!"

The fifth level of the Holy Ruins Realm!

"Boom!"

The sixth level of the Holy Ruins Realm!

At this time, Ye Feng's cultivation suddenly stopped.

It must be said that the energy provided by this Ice and Fire Kirin to Ye Feng was still very huge, allowing Ye Feng to break through two levels at once.

At this time, Ye Feng also obtained the bloodline talent ability of the Ice and Fire Kirin.

Because Ye Feng used the furnace of all things, he could plunder the physical talents of various other creatures.

However, the physical talent of the Ice and Fire Kirin is similar to the physical talents of the Ice Clan and the Red Flame Clan that Ye Feng had plundered before, both of which belong to the physical attributes of ice and fire.

So now the physical talent of the Ice and Fire Kirin that Ye Feng plundered is equivalent to fusing the blood of the Red Flame Clan and the Ice Clan together to form a more powerful ice and fire bloodline.

So now Ye Feng's Hongmeng Immortal Body has a total of three powerful physiques, namely the Dark Thunder Beast, the Fire Dragon Bloodline, and the Ice and Fire Bloodline that has just been formed.

The blood of the Red Flame Clan and the Ice Clan has merged into a kind of ice and fire blood.

While Ye Feng was silently sensing, Ye Weiyang beside him said: "We should keep moving forward. The battle here will definitely attract the attention of other creatures around. If a more powerful demon comes, we will be in trouble."

When Ye Feng heard Ye Weiyang say this at this moment, he immediately smiled and said jokingly: "You have such a giant spirit puppet by your side, what are we afraid of?"

When Ye Weiyang heard Ye Feng's rather relaxed tone, he couldn't help shaking his head and said with a smile: "Every attack of the giant spirit puppet will consume its energy. Once the energy of the giant spirit puppet is exhausted, it will have no attack power."

When Ye Feng heard this, he couldn't help but ask in surprise "Where does the energy of this giant spirit god puppet come from? Did we install spirit stones into it?"

"No."

Ye Weiyang shook his head and said, "The casting material of this giant spirit god puppet is a piece of bone of the ancient giant spirit god.

So this giant spirit god puppet can automatically absorb the power of heaven and earth from between heaven and earth to replenish energy. Once its power is exhausted, it will take a long time to replenish its energy. During this blank period, the giant spirit god puppet will not have any offensiveness."

Ye Feng nodded and said, "Okay, then let's move forward quickly."

Next, the two continued to follow the map in Ye Weiyang's hand and walked quickly towards the outer area of the ice and snow forest.

With the help of the giant spirit god puppet, they encountered two more demon invasions, but almost all of them were settled instantly by the giant spirit god puppet.

Ye Feng didn't even have to fight, and he directly obtained the blood energy of several powerful demons. Ye Feng's cultivation was also improved to the ninth level of the Holy Ruins Realm.

It must be said that this progress is very fast.

If this giant spirit god puppet was not Ye Weiyang's, Ye Feng even wanted to take this giant spirit god puppet and go on a killing spree in this ice and snow forest, then kill those fierce demons, devour those demons' skills, and make himself stronger quickly.

But Ye Feng knew that this was unrealistic, because the giant spirit god puppet, as Ye Weiyang said, with every attack of the giant spirit god puppet, Ye Feng could sense that the puppet's offensiveness was getting weaker and weaker, and it was obvious that too much energy was consumed.

Although this giant spirit god puppet could absorb energy from the entire world to replenish itself at all times, the replenishment speed was much greater than the consumption speed. It was estimated that this giant spirit god puppet did not have many attacks left now.

On the night of the third day, Ye Feng and Ye Weiyang finally left the ice and snow forest and came to the area outside the ice and snow forest.

At this moment, Ye Feng suddenly saw the sky full of yellow sand, covering the entire world, and there was a loneliness between heaven and earth.

The area coming out of the ice and snow forest turned out to be a vast and boundless desert.

.

At this time, Ye Weiyang spoke up and said: "From the edge of the human survival base where Fengxue Villa is located, to entering the territory of the Ice and Snow Dynasty in the center, we have to pass through three special places. They are the ones we just traveled through. The ice and snow forest, then this vast endless desert, and finally through a dark place where demons are rampant, can we truly reach the center of the snowy area and enter the territory of the Ice and Snow Dynasty. "

When Ye Feng heard what Ye Weiyang said, there was a trace of sigh in his eyes, and he said: "Fortunately, I am walking with you, otherwise, if I want to go to the center of the snowy area by myself, I'm afraid I'll really get lost because I'm really not familiar with the snowy area."

Ye Weiyang nodded at this time, then looked at the boundless desert in front of him, and said aloud: "This desert is not much safer than the ice and snow forest, because this desert has a very powerful race called the desert race, and there is a huge The boundless desert empire is stationed in this boundless desert. It is said that this desert empire has a commander, called the Desert Emperor. He is very powerful. You must not be targeted by him, because it is said that this Desert Emperor likes Treating human beings as blood food is very bloody and barbaric."

"Emperor of the Desert?"

Hearing what Ye Weiyang said, Ye Feng's eyes suddenly moved.

Because when Ye Feng was in the low-level realm, he once encountered a super strong man from the high-level realm. He tore down the barrier of the realm and tried to kill him, but failed.

That super strong man seems to be the Desert Emperor.

I didn't expect that my luck would be so "good" that I would actually meet my "old friend", the Emperor of the Desert, in this advanced realm of snow.

However, Ye Feng knew that the gap between himself and the Desert Emperor was probably too big now, and he still couldn't provoke such a terrifying existence for the time being, otherwise, he would probably die in an ugly way.

Chapter 3422 Desert Horse Thief

At this time, Ye Feng and Ye Weiyang suddenly entered this boundless desert.

As for Ye Feng, he is not so afraid of the Desert Emperor discovering him.

Because when Ye Feng met the Desert Emperor in the low-level realm, his cultivation was still very weak.

This desert king should not have sensed his own aura when he first entered the boundless desert.

At this moment, when Ye Feng and Ye Weiyuan walked into the boundless desert.

"boom!"

"boom!"

"boom!"

Suddenly, the surrounding soil exploded in an instant, and figures wearing black robes, holding metal scimitars in their hands, rushed towards Ye Feng and Ye Weiyang quickly.

"There's an ambush!"

At this moment, Ye Weiyang suddenly showed a look of surprise in his eyes, and couldn't help but said: "They are vampire horse thieves in the boundless desert. I didn't expect that we were so unlucky. We encountered these as soon as we entered the boundless desert." Evil vampire horse thief."

When Ye Feng heard what Ye Weiyang said at this moment, he immediately looked around. He found that there were a dozen men in black robes rushing toward him.

These are not humans, but demons in human form.

Ye Feng saw that under these black robes, there were human demons with livid skin, and each one had long vampire bat-like teeth, which looked very ferocious and disgusting.

This should be a very special race in the boundless desert. It is a blood-sucking demon clan. It turned the human race into a blood-sucking horse thief after demonizing their vampires.

In fact, these are not pure vampire demons, they can be said to be slaves of the vampire demons.

However, the cultivation aura of these vampire horse thieves is still quite powerful.

At this moment, the blood-sucking horse thieves who rushed over all had powerful cultivation levels at the tenth level of the Saint Ruins Realm.

Ye Feng at this time

Hou Xiuwei has already entered the ninth level of the Holy Ruins Realm, so he is not very afraid of these vampire horse thieves.

boom!

At this moment, Ye Feng punched the surroundings one after another, immediately blasting these blood-sucking horse thieves into pieces.

"What?!"

When these vampire horse thieves saw this scene, their eyes suddenly showed horror. It seemed that they did not expect Ye Feng, a seemingly ordinary human boy, to have such terrifying fighting power.

Swish, swish, swish!

Swish, swish, swish!

At this moment, a group of blood-sucking horse thieves ambushing here quickly retreated towards the surroundings, trying to escape from here.

Buzz!

But at this moment, Ye Feng smiled coldly and reached out to grab it.

As Ye Feng stretched out his palm, Ye Feng directly released the secret of the Void Locking Heaven Technique.

"boom!"

Ye Feng stretched out his palm, and his five fingers seemed to have grasped the pulse of the world. In one fell swoop, he imprisoned all the dozen or so blood-sucking horse thieves who were escaping around him, and then ingested himself. in front of.

The next moment, Ye Feng squeezed his palm, and the bodies of more than a dozen vampire horse thieves exploded with a "boom, boom, boom" and turned into blood mist all over the sky.

It has to be said that after Ye Feng's current cultivation level has been upgraded to the ninth level of the Holy Ruins Realm, killing these enemies who are in the tenth level of the Holy Ruins Realm is as easy as chopping melons and vegetables.

Seeing this scene at this moment, Ye Weiyang suddenly showed a hint of surprise in his eyes.

She saw with her own eyes that Ye Feng became so powerful step by step.

To know,

When Ye Feng first came to Fengxue Villa a few months ago, he was still very weak when he was testing his talent in the Bloodline Temple.

But now in just a few months, Ye Feng has grown to this point.

At this time, Ye Weiyang suddenly thought of Ye Feng's special and evil devouring ability, and was suddenly shocked.

Perhaps Ye Feng relied on devouring to achieve his current achievements step by step, from a small boy in a low-level realm to such a powerful state now.

"Swallow!"

At this moment, after Ye Feng killed all the vampire horse thieves, he directly released the Devouring Domain and absorbed all the blood energy of these vampire horse thieves.

It has to be said that the blood energy contained in the bodies of these demonized humans is still very terrifying, and they are worthy of being blood-sucking horse thieves.

The blood in each horse thief's body is very vigorous, providing Ye Feng with huge energy.

"boom!!!"

Ye Feng's body suddenly burst out with an extremely powerful breakthrough momentum.

Ye Feng's cultivation level once again made a breakthrough and entered the tenth level of the Holy Ruins Realm, the Great Perfection!

At this time, there was a trace of excitement in Ye Feng's eyes. Along the way, his cultivation level had been able to break through so quickly.

"Um?"

At this time, Ye Feng suddenly noticed something and suddenly looked to the left.

boom!

Then Ye Feng stretched out his foot and stomped on the ground.

Boom! !

Suddenly, the desert surface not far to the left exploded in an instant.

"ah!"

Accompanied by screams one after another, the vampire horse thieves exploded directly in the soil.

Come on, die instantly.

It turned out that there was another wave of vampire horse thieves hiding in the desert to the left, but they were discovered by Ye Feng's powerful perception.

Therefore, Ye Feng acted first and killed all the vampire horse thieves hiding in the desert.

Wow!

The next moment, Ye Feng opened his mouth and swallowed up all the cultivation energy of these vampire horse thieves.

Although Ye Feng has not made a breakthrough in cultivation, his skill has improved a lot.

At this time, Ye Feng looked at Ye Weiyang beside him, smiled and said, "Let's move on."

Ye Weiyang nodded in shock at this moment, and said aloud: "So many vampire horse thieves suddenly appeared to attack us just now. I thought they were going to use the giant spirit god puppets, but I didn't expect that you were all killed by Ye Feng. Killed, Ye Feng, your current cultivation strength is really powerful."

At this moment, Ye Feng glanced at the Giant Spirit God Puppet beside him, shook his head and said loudly: "If we encounter any danger again, if the two of us can handle it, we will not use the Giant Spirit God Puppet. Before When traveling through the ice and snow forest, the Giant Spirit God Puppet has consumed a lot of energy. Don't use it lightly now. Wait until the critical moment to use the Giant Spirit God Puppet to kill the enemy. It just so happens that I can hone my combat effectiveness along the way. "

Ye Weiyang nodded and said with a smile: "You are really a fighting maniac. Anyway, I don't like fighting. I just like to be quiet."

When Ye Feng heard what Ye Weiyang said, he just smiled and didn't say much.

In fact, Ye Feng kept the last energy of the Giant Spirit God Puppet and did not want to use it easily, just to prevent his aura from being discovered by the super powerful King of the Desert.

If his aura is really discovered by the Desert Emperor, and the Desert Emperor wants to deal with him, then the terrifying battle puppet like the Giant Spirit God Puppet will be Ye Feng's final safety guarantee.

Chapter 3423 The new dominator gem

At this time the two of them moved on.

But just when the two of them reached the center of the boundless desert, there was a sudden "rumbling" and a sound of ground shaking in the distance.

At this moment, Ye Feng immediately looked at Ye Weiyang beside him and said, "There seems to be something wrong."

Ye Weiyang shook her head at this time and said, "What should we do?"

"The shaking sound is getting closer to us. Find a place to hide first."

Ye Feng was very cautious at this time. He and Ye Weiyang directly found a relatively small low mountain nearby and hid behind it.

"That is....."

The next moment, the two of them looked into the distance and discovered a group of vampire horse thieves wearing pitch black armor, riding demonic horses with black horns. There were tens of thousands of them, and their auras were very strong. Darkness, like a large black torrent, was advancing rapidly in the desert not far away.

When Ye Weiyang saw this scene, his eyes suddenly showed surprise, and he couldn't help but said: "These are a group of well-trained vampire horse thieves, and they are wearing very heavy black armor, riding these certain The stallion horses are also very high-end. They should be the elite among vampire horse thieves. They are much stronger than those we have encountered before. Their combat effectiveness and defense power are very high. It is really rare. I have been to this boundless desert many times, but never before. I have seen so many vampire horse thieves gathered together, and they are all fully armed vampire horse thieves."

Ye Feng nodded slightly and said loudly: "It should be that something happened in the center of this boundless desert. Is it related to the Desert Empire, the power that controls this boundless desert?"

Ye Weiyang nodded and said aloud: "It's possible, but this is something we can't detect. We should just follow the route on the map and cross this boundless desert as quickly as possible. After all, our most important thing now is Not

It is to explore the opportunities in this boundless desert, but to safely reach the territory of the Ice and Snow Dynasty. "

When Ye Feng heard what Ye Weiyang said, he nodded and said, "You really shouldn't take risks now. After all, there are many dangers in this boundless desert."

If Ye Feng didn't have a grudge against the Desert Emperor, and he was afraid that the Desert Emperor would feel his aura, maybe Ye Feng would follow him to see what was going on, and maybe he would encounter some good fortune.

But now the Desert Emperor is like a time bomb on Ye Feng's head. He may sense his aura at any time and take action against him.

Therefore, Ye Feng felt that he had better leave this boundless desert as soon as possible.

At this time, the two of them waited until the dark torrent of steel not far away had completely moved away from this area, then they walked out from behind the short mountain, and then continued to move quickly along the route on the map.

But sometimes you don't want to provoke it, but it will take the initiative to encounter you.

Before Ye Feng and Ye Weiyang could walk for a long time, they suddenly saw a huge black wall on the road ahead, blocking their way.

Behind this black wall, there are vampire horse thieves wearing black iron armor guarding them, preventing others from entering.

Seeing this scene, Ye Weiyang's eyes suddenly darkened and she said: "Oh no, the route on the map is surrounded by a wall built by the vampire horse thieves. If we want to go there, we have to take a detour. Or just kill him."

"It wouldn't be wise to kill him."

Ye Feng thought for a moment, looked at the tall city wall not far away, and said: "I don't know how many vampire horse thieves are guarding behind the city wall, and these are not ordinary vampire horse thieves. These are all fully armed." The cultivation aura of the vampire horse thieves is much stronger than the ordinary vampire horse thieves we just encountered before, and all of them are powerful beings above the Saint Ruins Realm."

It has to be said that there are indeed many powerful demons in the outside world, many more powerful than those in the human survival base of Fengxue Villa where Ye Feng was before.

At this time, Ye Feng thought for a moment, and then said aloud: "Why don't we go around for a while, don't go head-on."

Ye Weiyang also nodded at this time and said: "Okay, then we will go around directly."

At this moment, after the two people had discussed it, they walked directly around the black city wall towards the other side, wanting to bypass this black city wall.

But when they reached the end of the black city wall, they immediately saw a huge desert city, and there were countless vampire horse thieves wearing black armor besieging it.

In this huge city, all the people living in it are members of the Desert Clan.

At this moment, these desert clans have joined forces to build a huge desert wall to resist the attacks of these vampire horse thieves.

Ye Feng saw that there were a steady stream of fully armed vampire horse thieves riding over from a distance to support this place.

Ye Feng suddenly understood at this time. It seemed that this group of blood-sucking horse thieves were in conflict with the Desert Clan and wanted to destroy all the Desert Clan in the city.

This made Ye Feng look a little surprised. Sure enough, the outside world was full of chaos and war. In fact, it was safe.

There are not many peaceful places, and there are not many peaceful places either.

The name of the Snowy Land sounds quite beautiful, but in fact it is a realm where wars are constant. It is indeed a realm where thousands of races compete for hegemony and demons are rampant. It is really chaos everywhere.

At this time, Ye Weiyang showed a hint of surprise in his eyes, and couldn't help but said: "Why did the vampire horse thieves take the initiative to attack the Desert Clan? In this boundless desert, the Desert Clan can be said to be the recognized commander-in-chief race, let alone vampires. Horse thieves are such bastards. Even the real vampire demons behind the vampire horse thieves probably don't dare to provoke the Desert Clan too much, but there must be a reason why so many vampire horse thieves have been sent over to attack the Desert Clan's walls."

Ye Feng's eyes flashed slightly when he heard Ye Weiyang say this.

At this moment, Emperor Chu suddenly spoke in Ye Feng's mind: "Ye Feng, in this desert clan's city, I sensed the aura of a dominator, a brand new dominator gem!"

"What?"

Hearing what Emperor Chu said, Ye Feng suddenly showed a hint of surprise in his eyes.

There is a brand new domination gem in this desert city?

This is really a great opportunity!

Ye Feng knew very well that every dominator gem was unique, containing the power of ancient dominators, and was the most precious thing left by the dominators.

The domination gem that Ye Feng obtained gave Ye Feng super powers.

So when he met the Dominator Gem, Ye Feng suddenly became interested.

At this time, Ye Feng also understood why so many vampire horse thieves were attacking this desert city. It seemed that the vampire horse thieves were trying to get the domination gem!

Chapter 3424 Attacking the City

At this time, Ye Feng thought of this and looked at the group of blood-sucking horse thieves not far away who were frantically attacking the desert city. He immediately looked at Ye Weiyang beside him and said loudly: "I want to blend in and look for something. "

When Ye Weiyang heard what Ye Feng said, her eyes immediately changed slightly and she said, "What? You actually want to compete with that group of vampire horse thieves? It was a terrifying and chaotic battlefield, whether it was the vampire horse thieves or the desert city. The desert tribe is very difficult to deal with. "

Ye Feng looked at Ye Weiyang at this time, his eyes were very solemn, and he said loudly: "This thing is very important to me. I must get it. If I get it, my abilities will be enhanced unparalleled."

Hearing Ye Feng's solemn words, Ye Weiyang thought for a moment and then said, "Then I'll go with you. It's too dangerous for you to be alone."

Ye Feng shook his head and said aloud: "I have a talent for disguise, which allows me to disguise myself as the breath and appearance of any race, so it is best for me to act alone. It is very dangerous and chaotic here. "Ye Weiyang, you should go to a safe place in the distance and wait for my return. Then we will set off together and leave this boundless desert."

Ye Weiyang nodded slightly when she heard what Ye Feng said. ??

Then Ye Weiyang suddenly looked at the tall figure beside him and said loudly: "Ye Feng, for your safety, you bring this giant spirit god puppet with you, so that it can protect your life at critical moments."

Hearing this, Ye Feng's eyes immediately revealed a look of deep surprise. He didn't expect that Ye Weiyang was so kind to him that he would directly let him use a terrifying weapon like the Giant Spirit God Puppet.

You must know that the giant spirit god puppet does not have much energy left and cannot satisfy a few attacks, so the giant spirit god puppet is extremely precious now.

Even so, Ye Weiyang still allowed herself to take the giant spirit god puppet with her.

Ye Feng immediately nodded, his eyes were very serious, and he said loudly: "If I succeed and get that thing, my ability will be greatly improved. By then, if I can be in the royal family of the Ice and Snow Dynasty, I will definitely never forget your contribution."

Ye Feng knew very well that Ye Weiyang and himself had a mutually fulfilling relationship.

Ye Weiyang heard what Ye Feng said, that beautiful face

A charming smile appeared on his face, and he said aloud: "Okay, I will wait for your rise. You can go back now."

Uh-huh!

After saying that, Ye Weiyang jumped up and left the scene directly, flying towards a quiet place not far away. The voice came: "Ye Feng, I'm waiting in the desert about a few kilometers away from here. You, come to me when you come back."

Ye Feng immediately nodded, then stretched out his hand to grab the giant spirit god puppet and put it into his storage ring.

Uh-huh!

Then, Ye Feng immediately flew towards the chaotic war land not far away.

When Ye Feng was about to approach the desert city, Ye Feng directly used the ability of the Chaos Body to change his attribute power.

Buzz!

At this moment, Ye Feng's body suddenly emitted a dark demonic energy.

Ye Feng's entire skin gradually turned livid, and his aura was obviously no different from that of a vampire horse thief.

At this time, Ye Feng also covered himself with a black robe. In this way, he would be more integrated into the entire army of vampire horse thieves.

Swish, swish, swish!

At this moment, Ye Feng shuttled quickly among the army of vampire horse thieves, and none of the vampire horse thieves could identify that the person shrouded in black robes was a human race.

Ye Feng quickly approached the desert city.

He saw that many vampire horse thieves were concentrating on attacking the city gate in the center of this desert city.

Because we can only attack this city gate.

On both sides of the city gate, the desert clan has used a special secret technique and the boundless power of the desert to create towering desert walls that are simply impossible to break through.

At this time, Ye Feng realized that the abilities of these desert tribesmen were still very powerful.

But it's normal.

Because this group of desert tribes are a race born and bred in the desert. They are deeply connected with the power of the earth in the entire desert, and are very powerful in the desert.

Otherwise, tens of thousands of extremely powerful vampire horse thieves must have broken through this desert city long ago.

At this moment, Ye Feng turned into the aura of a vampire horse thief, and he was not afraid that the Desert Emperor would sense his aura of power.

At this time, Ye Feng walked towards the edge of the city wall and saw the huge gate of the desert city that was attacked by many vampire horse thieves. It was cast from a special kind of stone, with spiritual patterns engraved on it and emitting formation fluctuations. .

"No wonder these blood-sucking horse thieves can't break through this city gate."

Ye Feng couldn't help but murmur, because the formation pattern on the city gate seemed to be connected with the entire boundless desert.

In other words, this group of vampire horse thieves are not attacking the city gate, but the power of the entire desert, which must be impossible to break through.

However, this group of vampire horse thieves is naturally not as knowledgeable about formations as Ye Feng. These vampire horse thieves are all slaves of the vampire demon clan. Although they are very powerful and have a large number of people, their brains do not seem to be very good. The messenger only knows how to attack violently.

So at this time, Ye Feng decided to "help" this group of vampire horse thieves and help them conquer this desert city.

Because Ye Feng knew very well that if he only relied on his own strength, he would not be able to enter the city alone. ??

Even if a space wormhole is used, if a person enters this desert city, he will definitely be killed by countless masters of the desert clan in the desert city.

Therefore, if Ye Feng wants to get the domination gem in this desert city, the best way is to take advantage of the chaos to find the power of the domination gem.

You know, once the vampire horse thieves invade this desert city, they will definitely fight with many masters of the desert clan in the city.

Relying on his extremely powerful soul power, Ye Feng can instantly locate the specific location of the domination gem. At that time, Ye Feng can take advantage of the chaos to find it.

at this time,

Ye Feng disguised himself as a vampire horse thief and came to the edge of the city gate of this desert city.

He looked at countless vampire horse thieves holding weapons in their hands and riding war horses, frantically attacking the gate of the desert city, but they were unable to destroy the gate.

At this time, Ye Feng showed a slight smile in his eyes, and used his powerful soul power to directly cover the door.

Then he used his soul power to quickly destroy the formation patterns outlined on this door.

You know, Ye Feng's soul power has now been upgraded to a full 3.5 million level, so Ye Feng's soul power is very powerful. At this moment, his soul power turned into invisible destructive power, and he directly destroyed that single city gate. All the formations above were cut and broken.

This moment.

"Click, click!"

As the formation pattern of this city wall gate was shattered, the entire city wall gate lost the support of the power of heaven and earth. It was suddenly broken through by countless blood-sucking horse thieves and instantly shattered.

Wow! !

At this moment, countless blood-sucking horse thieves swarmed forward, riding countless war horses, and directly charged into the desert city.

"What?"

"How come the protective formation of the power of heaven and earth outlined by the formation master in our desert city was suddenly destroyed by an invisible force!"

"What's the matter?"

At this moment, many desert clansmen in the desert city showed deep horror in their eyes.

But at this time they had no time to question why.

Because countless vampire horse thieves all rushed in.

The two sides immediately broke out into a terrifying fight.

At this moment, Ye Feng was mixed in with the team of vampire horse thieves and took advantage of the chaos to enter the desert city.

At this moment, Ye Feng immediately asked in his mind: "Emperor Chu, where exactly is the new Dominator Gem you sensed? Tell me quickly and I will go directly to look for it!"

Chapter 3425 Xinyi

Emperor Chu heard Ye Feng's call and immediately said aloud in his mind: "I will guide you in the direction later. Just quickly look for it in that direction."

At this moment, Ye Feng immediately nodded, followed Emperor Chu's instructions, and rushed quickly towards a specific location in the desert city.

But just when Ye Feng was flying in that direction, suddenly two masters from the desert clan, holding special weapons made of soil in their hands, rushed towards Ye Feng in an instant.

"boom!"

"boom!"

At this moment, Ye Feng directly punched out two fists, which instantly shattered the two masters of the desert clan into pieces of sand.

Now Ye Feng's cultivation level has been promoted to the tenth level of the Holy Ruins Realm, and the Hongmeng Immortal Body has also given Ye Feng incomparable power. Ordinary masters can no longer withstand Ye Feng's ferocious and terrifying attacks.

At this moment, after Ye Feng killed the two masters of the desert clan, he continued to fly quickly in the direction directed by Emperor Chu.

At this time, the entire desert city had fallen into huge chaos.

Countless vampire horse thieves and masters of the desert clan were fighting together, so no one noticed Ye Feng's special actions.

Soon Ye Feng arrived at the location directed by Emperor Chu, which was already a relatively remote place in the desert city.

"This is....."

At this moment, a small dungeon appeared in front of Ye Feng's eyes.

Ye Feng looked at the dilapidated dungeon, with a hint of astonishment in his eyes, and asked aloud: "Emperor Chu, are you sure that the Dominator Gem is in this dilapidated dungeon?"

Emperor Chu said with certainty in his mind: "Yes, the aura of the brand-new Dominion Gem I sensed is in it."

Ye Feng looked at the shabby little dungeon in front of him, but still chose to believe Emperor Chu and walked in directly.

Snap! Snap!

In the damp and dark dungeon, only the sound of Ye Feng's footsteps could be heard.

When Ye Feng entered the dungeon, he immediately saw that there were fierce and tall demons locked and trapped in the dungeon.

Most of these demons are demons, and they are different demons. There are giant demons as tall as mountains, ferocious demons with dense metal barbs all over their bodies, and blood-sucking demons with blood-red wings. clan.....

Ye Feng walked in and counted dozens of different types of demons, all trapped in it.

At this time, Ye Feng finally understood why those vampire horse thieves attacked this desert city.

It turns out that this desert clan captured so many demons and imprisoned them in this dungeon.

And just when Ye Feng reached the end of the dungeon, he suddenly saw an incredible scene.

I saw a girl who looked very gentle and beautiful, her whole body was penetrated by chains, and she was locked in a special prison in the deepest part of the dungeon.

Ye Feng's eyes suddenly revealed a look of deep surprise, because he saw that this gentle and beautiful girl's body was penetrated by chains, and the blood flowing out turned out to be a kind of dark blood, like ink, It feels both beautiful and evil at the same time.

This is not a human race, but a demon!

But this girl looks very gentle and seems to be harmless at all.

But Ye Feng obviously discovered that the dozens of different types of terrifying monsters in the entire dungeon seemed to be very afraid of this gentle and cute girl. They stayed in their respective prisons and did not dare to make a sound. .

At this time, Ye Feng walked outside the prison in front of this special girl and stared at her.

The girl also opened her eyes slightly at this moment.

"This is....."

The next moment, Ye Feng suddenly saw

, this girl actually has no pupils, her eyes are empty and pure white, which looks very strange.

At this time, Ye Feng suddenly had an idea in his mind, that is, the countless vampire horse thieves who were madly attacking the desert city might not come for the other monsters in the dungeon, but for this weird girl.

At this moment, Emperor Chu suddenly said aloud in his mind: "The breath of a brand new dominator gem seems to be on this demon girl. This demon girl actually exudes an aura like the ancient demon god's dominator. What kind of existence is this?"

Hearing what Emperor Chu said in his mind at this time, Ye Feng also showed a trace of surprise in his eyes.

He immediately understood that the strange girl locked in the prison in front of him definitely had an extraordinary identity.

At this time, Ye Feng walked to the prison where the strange girl was locked, looked at the girl in the prison, and tried to ask: "Who are you?"

"who I am?"

The girl suddenly spoke. Her voice was not scary, but light and gentle. She said, "I don't know who I am. I only remember that my name is Xinyi."

"Xinyi?"

Ye Feng heard the girl's self-introduction and asked, "Don't you remember anything?" .??.

The girl in the prison shook her head blankly and said aloud: "I only remember that my name is Xinyi, and I don't know who I am. Big brother, I'm in so much pain. Can you save me?"

Ye Feng looked at the confused girl with a hint of surprise in his eyes.

Should I save her?

You know, this may be a very terrifying and high-level demon, but it just takes the form of a human girl.

Ye Feng thought for a moment, and then said aloud: "I can save you, but I am here to find a domination gem. You can exchange it for the domination gem."

When Xinyi heard what Ye Feng said, her pair of pure white and empty beauties

Li, there was a trace of confusion in her eyes.

The next moment, she seemed to have thought of something.

Buzz!

Suddenly, a gap opened between Xinyi's eyebrows.

A stone emitting dark light floated out of it.

At this moment, Xinyi looked at Ye Feng with her empty and innocent eyes, and asked aloud: "Is this stone what big brother needs?"

At this moment, Ye Feng immediately felt a very strong aura of dominance from the stone that exuded the light of darkness.

"This is the essence left by the Lord of Darkness! It's the dark gem!" Emperor Chu suddenly said in his mind at this time.

"Dark Gem?"

Ye Feng stared at the stone emitting dark light at this moment, and his eyes suddenly showed surprise.

Could this girl named Xinyi be the descendant of the ancient Dark Demon Lord?

It can actually be fused with the dark gem.

While Ye Feng was thinking, Emperor Chu immediately said in his mind: "Ye Feng! This girl must be saved! She contains the blood of the Dark Demon Lord! It can bring a huge improvement to your Hongmeng blood! This girl is even more precious to you than the dark gem!"

Ye Feng's eyes were stunned and he couldn't help but said: "Emperor Chu, did you ask me to refine her?"

"of course not."

Emperor Chu immediately said in his mind: "You saved her, she will definitely repay the favor. With such a girl with the blood of the Dark Demon Lord, if she follows you by your side, she can provide you with every drop of the Dark Demon Lord at any time. Dominate the bloodline, your Hongmeng bloodline, can continue to grow. This girl has the bloodline dominated by the Dark Demon God, and her vitality is very tenacious. As long as you train her well and occasionally let her give you some bloodline dominated by the Dark Demon God, it will not cause no harm to her, so hurry up and save her! To Ye Feng, this demon girl is simply a mobile treasure trove!"

Chapter 3426 Once in a Lifetime

Hearing what Emperor Chu said, Ye Feng also showed a trace of determination in his eyes.

At this time, Ye Feng nodded and said: "Okay, then I will rescue this girl with the bloodline of the Dark Demon Lord."

After finishing speaking, Ye Feng walked to the prison, stared at the demon girl inside, and said loudly: "Your name is Xinyi, right?"

The girl nodded immediately, her big empty white eyes seemed to show a hint of expectation, and asked aloud: "Brother, do you want to save me?"

Ye Feng nodded and said, "I will save you."

Boom!

After saying that, Ye Feng punched out hard, directly hitting the surface of the prison in front of him.

However, along with a huge roar, the prison was not harmed at all.

Ye Feng's extremely powerful Hongmeng Immortal Body punch could not destroy this prison at all.

This shows how strong this prison is.

Ye Feng did not hesitate at this moment and directly released the talent he had awakened back then, the God Clan Gloves.

Ye Feng put on this god's glove and touched the prison in front of him.

Buzz!

In an instant, the prison simply softened.

Then Ye Feng pulled hard and tore it off.

Uh-huh!

Ye Feng walked directly to the prison and came to Xinyi.

At this time, Ye Feng looked at the girl in front of him who had chains all over her body, and felt that she was a little miserable.

Ye Feng reached out his hand at this moment and crushed all the iron chains.

Snap!

Xinyi seemed to have lost all her strength and fell directly to the ground.

"Are you OK?"

When Ye Feng saw this scene, he immediately helped up the gentle and pleasant Xinyi in front of him.

No matter how Ye Feng looked at it at this time, this girl didn't look like a ferocious demon, but rather a weak girl with no power to restrain a chicken.

But if it weren't for the bloodline of the opponent's Dark Demon Lord,

He was very useful, so Ye Feng probably didn't dare to risk saving her.

Xinyi looked at Ye Feng in front of her and said weakly: "Big brother, please take me away. I don't know who I am, but big brother saved me. Big brother is my benefactor. Xinyi will follow the big brother from now on."

Xinyi said at this time, handed the dark gem on her body to Ye Feng, and said loudly: "Big brother wants this stone, then take it."

Buzz!

Ye Feng took the dark gem at this moment, his palms trembling a little.

Such a new and powerful domination gem, obtained so easily?

This made Ye Feng feel a bit dreamy.

At this time, Ye Feng nodded, carried Xinyi in front of him directly on his body, and then quickly flew outside.

Boom!

But the moment Ye Feng left the prison, suddenly a creature from the desert tribe that was hundreds of meters tall appeared in front of Ye Feng.

This existence is like a desert giant. The cultivation aura on his body has surpassed the Holy Ruins Realm. He is a super strong man at the level of Qingling Realm above the Holy Ruins Realm!

At this moment, the desert giant stared at Ye Feng, who had just flown out of the prison, and shouted in shock and anger: "You hateful boy, you actually sneaked here and lurked this disaster." The woman was released."

The moment the desert giant finished speaking, he punched Ye Feng hard.

This desert giant was so huge that its fist pressed down like a mountain.

Moreover, this desert giant's cultivation level is very terrifying and its power is sky-high.

At this moment, Ye Feng stretched out his arms and quickly resisted.

Boom!

Ye Feng's whole person was immediately blown away.

However, Ye Feng did not

He wasn't injured, he just took a few hundred steps back and stopped not far away.

"What a brute force!"

Ye Feng's eyes were filled with surprise. This desert clan was truly blessed with great power and special bonuses in the desert.

At this moment, Ye Feng knew that he could not confront this desert giant head-on. After all, he still had Xinyi, an extremely weak girl, with him.

So at this moment, Ye Feng flew quickly in a certain direction in the distance, wanting to leave here.

After all, Ye Feng has already obtained the most critical dark gem this time, so Ye Feng doesn't want to continue to waste time here.

"Desert Realm!"

But at this moment, the desert giant suddenly roared.

Wow!

The desert soil around Ye Feng suddenly erupted into a cloud of smoke, forming a desert domain confinement space directly around Ye Feng, blocking Ye Feng's way.

Seeing this scene, Ye Feng directly released the power of the space gem, opened up a space wormhole, and disappeared in an instant.

The desert giant looked at Ye Feng's retreating back with a look of surprise in his eyes. It seemed that he did not expect that Ye Feng had such a powerful ability to travel through space.

The desert giant couldn't help but murmured, "This vampire horse thief is a bit strange, he can actually use the ability of space attributes..."

While the desert giant was muttering, Ye Feng had already arrived on the other side of the desert city through the space wormhole.

At this time, Ye Feng was revealed. He looked behind him and found that the desert giant was not chasing him. He was relieved immediately.

Ye Feng could actually use the giant spirit god puppet to kill this desert giant.

However, the energy of the Giant Spirit God Puppet was running out, and Ye Feng did not want to waste it.

Because even if this desert giant is killed, it has no blood energy.

Because the Desert Clan is a very special race, the Desert Clan

All the existences of the Mo clan are composed of yellow sand all over the sky, and there is no blood energy that can be swallowed up.

Therefore, it would not be cost-effective for Ye Feng to use the Giant Spirit God Puppet to kill the desert giant.

At this moment, Ye Feng looked at Xinyi behind him and found that the girl had fallen asleep.

Ye Feng quickly flew towards the outside of the desert city at this time, wanting to leave here as soon as possible.

But just when Ye Feng had just flown to the edge of the desert city, he suddenly saw a very fierce battle between two super strong men in a certain direction not far away.

Among these two powerful men, one of them, Ye Feng, was very familiar with him. He was actually the emperor of the desert clan, the emperor of the desert!

And the other super strong man is not an ordinary vampire horse thief, but a real vampire demon.

This vampire demon is very majestic, more than ten meters tall, with a pair of bone wings on its back, its eyes are emitting red light, and there is a huge black horn on its forehead. It looks ferocious and terrifying, and it exudes The overwhelming demonic power is extremely terrifying.

These two super strong men were fighting fiercely at high altitude. Ye Feng sensed their aura, which made Ye Feng feel fearful.

The cultivation level of these two super strong men may have far surpassed the Saint Ruins realm where Ye Feng is currently located.

It even surpasses the Qingling Realm above the Holy Ruins Realm, and is very likely to be a super powerful existence at the Dragon Transformation Realm level above the Qingling Realm!

Even though it was so terrifying, Ye Feng even felt fear, but at the same time, Ye Feng also had a kind of madness from his heart.

That is, Ye Feng wants to use the last power of the Giant Spirit God Puppet at the critical moment to kill these two super strong men in one fell swoop!

In this case, if he could swallow up all the skills of these two superpowers, Ye Feng couldn't even imagine what level he would reach.

You know, this is a once-in-a-lifetime opportunity, something you can only encounter but cannot ask for.

However, Ye Feng knew that he still had to wait and wait for the final battle between the two super strong men to see whether they could both lose in the end.

Chapter 3427 Critical Moment

At this moment, Ye Feng was lurking around, staring at the fight between two super strong men not far away.

Boom!

At this time, the entire sky was in chaos. Both the Desert Emperor and the blood-sucking demon clan were very powerful.

Every collision and attack they make can cause the entire sky to shake.

"boom!"

"boom!"

"boom!"

The incomparable terrifying fighting energy impacted from high in the sky, bombarding the entire earth with holes in it. The scene was very terrifying.

Ye Feng was lurking around silently at this time, staring at the battle between the two super strong men high in the sky.

For Ye Feng, he has to look for the best opportunity now so that he can benefit from it.

However, Ye Feng knew that he must not be impulsive, because if his impulse was discovered by these two super strong men, he would definitely be the first person to die.

So it was a huge adventure.

If it fails, Ye Feng himself may die directly.

But if it succeeds, then Ye Feng will soar into the sky.

Ye Feng knew that if he could really swallow the power of these two super powerful men, then he would probably not be that weak when he went to the royal family of the Ice and Snow Dynasty.

At this moment, Ye Feng put Xinyi on his back into his storage ring, letting her have a good rest in the space of his storage ring.

Uh-huh!

Then, Ye Feng looked at the battle between the two strong men in the sky, waiting for the best opportunity to take action.

Along with the battle, the fighting between the two strong men became more and more intense.

From time to time, there would be terrible blood, falling from the sky and smashing a large area of land.

This moment.

Uh-huh!

Ye Feng's eyes lit up, and he immediately rushed to the ruins on the ground not far away, and secretly dropped the fallen objects.

The blood from the battle was put into his own melting pot of all things.

Buzz!

Almost at the next moment, Ye Feng felt that his bloodline ability had been greatly improved.

These falling battle blood are not from the Desert Emperor, because the Desert Emperor does not have blood, but from the blood-sucking demon clan.

The blood power of this blood-sucking demon seems to be very powerful. At this moment, Ye Feng's Hongmeng bloodline has been directly upgraded from the first level of Dacheng to the first level of Dzogchen in an instant!

There was deep joy in Ye Feng's eyes. He didn't expect that he could secretly lurk here and pick up powerful battle blood. It can be said that he got huge benefits in vain.

With the improvement of Hongmeng bloodline, the strength of Ye Feng's Hongmeng Immortal Body has also been greatly improved.

Ye Feng's combat power is now even stronger.

In addition, Ye Feng also received the blood talent of the vampire demon clan.

Ye Feng was like plundering another physique.

At this moment, Emperor Chu suddenly said aloud in his mind: "Ye Feng, you can try to use the dark gem you just got. The dark gem can make your whole body melt into the endless darkness, allowing these two super A strong person can't detect your aura at all, so you can attack at the right time."

Hearing what Emperor Chu said, Ye Feng immediately nodded and said, "Okay, let's give it a try."

At this moment, Ye Feng took the dark gem he had just obtained into his hands, and then directly inspired the power of the dark gem.

Buzz!

Almost at this moment, a boundless power of darkness enveloped Ye Feng.

At this moment, Ye Feng's entire body was directly hidden in the darkness.

accompanied by

passing of the times.

The daylight hours passed.

The two super strong men have been fighting until the night.

In the night, Ye Feng used the dark gem to perfectly hide in the darkness, and no one could detect Ye Feng's aura. .??.

At this moment, the two super strong men fought for a whole day. During this night, the two super strong men finally suffered a lot of injuries.

At this moment, Ye Feng looked up high in the sky.

High in the sky, one of the wings of the vampire demon was torn to pieces by the Desert Emperor.

However, the Desert Emperor also felt uncomfortable. The scepter in the Desert Emperor's hand was shattered by the blood-sucking demons, and more than half of the Desert Emperor's armor was also broken.

This desert emperor obviously can't hold on for long.

Because the armor on the Desert Emperor is all armor condensed from the power of the desert. Now that the armor has been shattered, the Desert Emperor has not condensed new armor, which means that the Desert Emperor's power is almost exhausted.

"Emperor of the Desert! Hurry up and hand over the demon baby you got! I'm going to swallow it, so that the power of my bloodline can evolve infinitely!"

At this moment, the extremely tall blood-sucking demon clan spoke up, with deep greed in his tone.

The Desert Emperor looked very ugly at this time and said aloud: "I have explained it many times. The descendant of the Demon God suddenly disappeared in the prison of our desert city during the day. No one can I don't know where I went."

"snort."

The vampire demon snorted coldly and said: "Queen of the Desert, don't think that I don't know that you are hiding that demon baby in order to steal the master gem from this demon baby, but you can't kill her by force. I don't believe what you say. Even if I kill you today, I still have to snatch the demon baby. Next, let's endure my most powerful move, the Fall of the Blood Moon!"

boom! !

Almost at the moment when the blood-sucking demon clan finished speaking, a bright blood light burst out from his body, dyeing the entire moon in the dark night sky blood-colored.

Then in that blood moon, a huge crimson light wave erupted directly, bombarding down from the boundless sky, full of unparalleled destructive power, and bombarded directly towards the Desert Emperor.

"You're crazy!!"

When the Desert King saw this scene, his expression suddenly changed, and he immediately shouted: "Boundless desert, give me power! Desert Heaven and Earth Holy Shield!"

Wow!

As the words of the Desert Emperor fell, countless sand and dust suddenly gathered in the boundless desert around the Desert Emperor, and then formed a huge desert shield with a diameter of several kilometers in front of the Desert Emperor. , and then instantly collided with the blood moon light wave that hit from high in the sky.

"Boom!"

The entire field suddenly erupted with a terrifying roar, and the entire earth shook.

When the countless smoke and dust dissipated, both the vampire demons and the Desert Emperor looked a little pale.

Obviously, the terrifying collision just now was their respective ultimate moves, which consumed a huge amount of their energy. Both of them suffered severe trauma, and it is estimated that they will not be able to recover for a while.

"The power of the Lord of Darkness!"

And just when the two super strong men were ready to recover, suddenly the entire night darkened.

A huge dark giant appeared on the field.

boom!

boom!

The two dark hands blasted directly at the Desert Emperor and the Vampire Demon Clan respectively, not giving the two super powerful men any chance to breathe.

This dark giant is the dominant power of the dark gem released by Ye Feng at this critical moment!

Chapter 3428 Too Expansive

I have to say that Ye Feng's sudden attack at this moment was very determined and ruthless!

Ye Feng directly released all his magic power, inspired the power of the master in the dark gem, and condensed a clone of the dark master.

At this moment, the dark giant directly carried the terrifying and boundless power of the dark master and attacked the two super strong men who had not yet recovered their breath.

At this moment, Ye Feng was hiding in the darkness, suddenly took action, and beat the drowned dog severely, without any hesitation or mercy, and the iron-blooded killing was to the extreme.

"hateful!"

"Someone actually attacked us secretly!!"

At this time, when they saw the sudden appearance of the dark giant, whether it was the Desert Emperor or the vampire demon, their faces were extremely frightened and angry for a moment.

Because they never thought that there would be someone hiding in the darkness, and they didn't notice the other person's aura.

This is really terrible.

At this moment, neither the Desert Emperor nor the vampire demons had any chance to breathe.

They could only panic and quickly use their own methods to resist.

"Desert Shield!"

"Guardian of the Blood Demon!"

At this moment, in front of the Desert Emperor and the vampire demon clan, a shield made of sand and dust appeared, as well as a blood-red protective light shield.

Boom! !

And at the next moment, two dark hands finally bombarded in front of them, directly bombarding the energy shield in front of them, and the entire field suddenly erupted with a terrifying roar.

"ah!"

"ah!"

You know, Ye Feng's attack had been planned for a long time, and it also released the power of the dark master in the dark gem, which was very terrifying.

So even if Ye Feng's cultivation level is much different from the two super strong men, attacking them when they are at their weakest will still cause harm to the two super strong men.

Huge damage, at this moment two miserable screams suddenly sounded on the field.

The next moment, Ye Feng suddenly saw in the darkness that both the Desert Emperor and the vampire demons had suffered huge trauma from his sudden attack.

The Desert Emperor had two legs broken off, while the vampire demon's entire body was more than half broken.

"boom!"

The blood-sucking demon tried to struggle, but the next moment a golden battle ax came out of the darkness, directly cutting the body of the blood-sucking demon into two halves, killing him instantly.

"Spare your life! Spare your life!"

Seeing the miserable death of the vampire demon, the Desert Emperor lay on the ground and immediately yelled in horror.

Obviously, even a super strong man like the Desert Emperor became extremely weak in the face of the shadow of death, and even began to beg for mercy.

Buzz!

At this time, Ye Feng suddenly flew out of the darkness.

Ye Feng stared at the Desert Emperor, suddenly smiled slightly, and said loudly: "Desert Emperor, do you still remember me?"

"Who are you....."

At this moment, the Desert Emperor stared at Ye Feng, seeming to be thinking about who the other party was.

It seemed that he had not provoked such a terrifying young human boy.

But at the next moment, the Desert Emperor seemed to suddenly remember long-ago memories.

"It's you!"

He couldn't help but stared at Ye Feng in horror, and said loudly: "You are that human boy from the low-level realm! Why did you suddenly come to our snowy region and become so powerful? How come you are so powerful?" Maybe! What have you experienced in such a short period of time? It's really incredible!"

At this time, the Desert Emperor suddenly remembered a long-standing memory, that is, when he used his great magical power to travel through the entire realm, he wanted to kill a human boy from a low-level realm.

But in the end, the human boy escaped, and the Desert Emperor didn't take it seriously.

After all, what threat could a young boy from a low-level realm pose to him?

Unexpectedly, this little human boy from a low-level realm would now become his nemesis.

At this time, the Desert Emperor stared at Ye Feng, his expression extremely ugly.

And at the next moment, the Desert Emperor had not said anything.

Uh-huh!

Ye Feng rushed over without hesitation, raised his ax and killed the Desert Emperor directly.

Before the Desert Emperor died, his eyes were still full of deep shock.

Because he never thought that the human boy who he didn't take seriously back then would now become such a huge disaster.

Back then, the Desert Emperor thought that a young human race from a low-level realm like Ye Feng could not become his enemy even if he practiced for eight hundred years.

Unexpectedly, in just one or two years, Ye Feng had already arrived in the snowy region and became his talisman.

At this time, Ye Feng looked at the two superpowers who died in front of him, and his eyes suddenly showed deep excitement.

Boom!

At this moment, Ye Feng directly released his Devouring Domain, quickly devouring and absorbing all the skills of the two superpowers.

"Buzz buzz!"

At this moment, Ye Feng suddenly felt the boundless power injected into his Dantian, causing a huge transformation in his cultivation.

"boom!"

With almost no obstacles, Ye Feng broke through the bottleneck of cultivation in the tenth level of the Holy Ruins Realm in an instant and stepped into the world.

The half-step Qingling realm above the Holy Ruins realm.

At this time, the breakthrough in cultivation was far from over.

Because the two superpowers are both at the Dragon Transformation Realm level above the Clear Spirit Realm.

So their skills are very majestic.

That kind of terrifying energy gave Ye Feng another huge breakthrough in his cultivation.

"boom!"

With a rush of momentum, Ye Feng stepped directly from the half-step Qingling Realm to the first level of the Qingling Realm.

Moreover, the improvement of this aura cultivation level is still far from stopping.

"boom!"

Qingling Realm Second Heaven!

"boom!"

The third level of Qingling Realm!

"boom!"

The fourth level of Qingling Realm!

"boom!"

The fifth level of Qingling Realm!

"boom!"

The sixth level of Qingling Realm!

"boom!"

Qingling Realm Seventh Heaven!

At this time, Ye Feng's cultivation finally stopped.

At this moment, Ye Feng's body was surging with huge energy light waves, making Ye Feng's state seem to be at its peak.

At this moment, Ye Feng's cultivation level has been greatly improved, and it can even be called a skyrocketing increase.

Directly from the tenth level of the Holy Ruins Realm, he crossed an entire realm, and also directly hit the seventh level of the Qingling Realm!

This is really a huge breakthrough and a huge gain!

Ye Feng's eyes were filled with deep excitement at this moment.

Ye Feng clenched his fists and felt the mighty dragon-like power surging through his limbs.

It's as if a fist can shatter an ancient sacred mountain into pieces in an instant!

This feeling is so swollen and powerful!

Chapter 3429 Dark Place

At this time, Ye Feng looked around and found that the two super strong men did not carry storage rings.

So Ye Feng left the scene directly and flew quickly towards the outside of the desert city.

When Ye Feng arrived outside the desert city, he immediately rushed towards where Ye Weiyang was waiting.

When Ye Feng came to the area where Ye Weiyang was, he immediately saw Ye Weiyang standing on a hillside not far away, very beautiful.

Like an independent beauty.

At this time, Ye Feng immediately flew over and said loudly: "I'm back." ??

When Ye Weiyang saw Ye Feng appear, a hint of joy suddenly appeared in her beautiful eyes.

Because she was really worried that Ye Feng had suffered serious injuries in that chaotic desert city and would not be able to come back.

Seeing Ye Feng's safe return at this moment, Ye Weiyang immediately walked up to Ye Feng and couldn't help but ask: "Did you succeed?"

Ye Feng nodded, then smiled slightly, and suddenly released his extremely powerful cultivation aura.

Sensing Ye Feng's terrifying cultivation aura, Ye Weiyang's eyes widened immediately, and she couldn't help but said in horror: "Why did your cultivation level break through so much all at once? You broke through to Qing Dynasty directly. The seventh level of the spiritual realm! For many cultivators, it may take decades to break through from the tenth level of the holy ruins realm to the seventh level of the clear spirit realm, but you have already broken through so much in just a few hours. You have broken through from the desert city. What exactly did you gain? This speed of improvement is too exaggerated."

Ye Feng smiled slightly at this time and said aloud: "Because I seized a once-in-a-lifetime opportunity, I secretly plotted against two super powerful people, namely the Desert Emperor and the real vampire demon clan, and got them both. My super-powerful skills have improved so much all at once. It can be said that I have soared to the sky."

"What?"

Hearing what Ye Feng said, Ye Weiyang suddenly revealed a look of deep surprise in her beautiful eyes.

Although she seemed very relaxed listening to Ye Feng's words at this time, Ye Weiyang knew that the situation at that time was definitely very dangerous.

After all, they were the Desert Emperor and a real blood-sucking demon!

They are definitely the strongest among the strong, the masters among the masters!

Very powerful.

But Ye Feng still succeeded, which is extremely powerful.

At this time, Ye Feng seemed to have thought of something and took out the girl Xinyi from the storage ring.

"What a cute little girl!"

At this moment, Ye Weiyang saw Xinyi and immediately couldn't help but her eyes lit up.

But at this moment, Xinyi suddenly opened her eyes.

Ye Weiyang immediately saw the other person's empty and pure white eyes, which seemed very strange.

"this....."

Ye Weiyang felt a chill in her heart for no reason, and her eyes suddenly froze. She vaguely felt that this girl was definitely very unusual.

Ye Weiyang couldn't help but look at Ye Feng beside her, and asked in a low voice: "What is the identity of this girl?"

Ye Feng looked at Xinyi and said with a smile: "It's just an ordinary little girl who was imprisoned in a prison in the desert city. I rescued her easily."

Ye Feng naturally wouldn't say it

Xinyi's true identity is the bloodline heir of the Dark Demon Lord, because Ye Feng knows very well that a being with such a terrifying dark bloodline will definitely not be tolerated by the world.

So if Xinyi's true identity is revealed, and if Ye Weiyang reveals it, Xinyi will definitely become a public enemy after the Ice and Snow Dynasty.

So Ye Feng would naturally keep Xinyi a secret at this time.

At this moment, Xinyi seemed to see that Ye Weiyang had a vague suspicion.

She stretched out her white little hand and immediately took Ye Feng's arm. She seemed a little aggrieved and said in a low voice: "Brother, I'm afraid."

Ye Feng smiled slightly and said: "Don't be afraid, this sister is also a good person and will not hurt you. Moreover, I let you come out of the storage ring space to let this big sister see if you have any How can you recover from your injuries?"

Hearing what Ye Feng said at this time, Ye Weiyang noticed that there were many wounds on Xinyi's body, and the blood flowing out turned out to be black blood.

When Ye Weiyang saw this scene, there was a trace of horror in her eyes.

But she didn't say much because she could tell from Ye Feng's tone that he didn't seem to want to reveal the girl's true identity.

At this time, Ye Weiyang took out a lot of radiant elixirs from her storage ring, then handed them to Xinyi and said loudly: "These elixirs should be able to help you recover from your trauma. As for your I have no choice but to wait until I return to the Royal Family of the Ice and Snow Dynasty and go to the Ninth Prince's elixir shop to find out if there is a panacea that can heal the internal injuries."

Xinyi took these elixirs at this time, and her face suddenly showed a happy smile, and she said very innocently: "Thank you, big sister, big brother is right, big sister is also a good person."

Looking at the innocent smile on the face of the girl in front of him, the worry in Ye Weiyang's heart seemed to disappear with this innocent smile.

Ye Weiyang smiled slightly, touched Xinyi's little head, and said aloud: "Don't worry, since your elder brother values you so much, no one can hurt you."

Xinyi nodded immediately, looked at Ye Feng beside her with her big white and empty eyes, and said loudly: "Big brother is my savior and my only relative now."

When Ye Feng heard Xinyi say this, he felt a little ashamed.

After all, the purpose of saving this demon girl in the first place was to obtain her dark gem, and to allow this demon girl to provide him with her precious bloodline of the Lord of the Dark Demon God.

However, Ye Feng stared at Xinyi at this time and said very seriously: "Don't worry, no one can hurt you as long as I am here."

"Uh-huh."

Xinyi nodded immediately.

For Xinyi, Ye Feng's words seemed to be a huge promise, which made Xinyi feel very warm inside.

At this moment, Ye Feng asked Xinyi to return to his storage ring space, swallow these miraculous medicines, and recover from his injuries.

Then Ye Feng looked at Ye Weiyang beside him and said, "Let's keep going."

Ye Weiyang nodded, with a slight smile on her beautiful face, and said aloud: "Ye Feng, your cultivation has been raised to such a powerful level now. It seems that next time we pass through the boundless desert, the final step This area, the Dark Land, should not be very dangerous." At this time, Ye Feng looked around and found that the two super strong men did not carry storage rings.

So Ye Feng left the scene directly and flew quickly towards the outside of the desert city.

When Ye Feng arrived outside the desert city, he immediately rushed towards where Ye Weiyang was waiting.

When Ye Feng came to the area where Ye Weiyang was, he immediately saw Ye Weiyang standing on a hillside not far away, very beautiful.

At this time, Ye Feng flew over immediately and said loudly: "I'm back."

"What?"

Hearing what Ye Feng said, Ye Weiyang suddenly revealed a look of deep surprise in her beautiful eyes.

Although she seemed very relaxed listening to Ye Feng's words at this time, Ye Weiyang knew that the situation at that time was definitely very dangerous.

After all, that was the King of the Desert and a real vampire demon!

They are definitely the strongest among the strong, the masters among the masters!

Very powerful.

But Ye Feng still succeeded, which is extremely powerful.

At this time, Ye Feng seemed to have thought of something and took out the girl Xinyi from the storage ring.

"What a cute little girl!"

At this moment, Ye Weiyang saw Xinyi and immediately couldn't help but her eyes lit up.

But at this moment, Xinyi suddenly opened her eyes.

Ye Weiyang immediately saw the other person's empty and pure white eyes, which seemed very strange.

"this....."

Ye Weiyang felt a chill in her heart for no reason, and her eyes suddenly froze. She vaguely felt that this girl was definitely very unusual.

Ye Weiyang couldn't help but look at Ye Feng beside her, and asked in a low voice: "What is the identity of this girl?"

Ye Feng looked at Xinyi and said with a smile: "It's just an ordinary little girl who was imprisoned in a prison in the desert city. I rescued her easily."

Ye Feng naturally wouldn't say it

Xinyi's true identity is the bloodline heir of the Dark Demon Lord, because Ye Feng knows very well that a being with such a terrifying dark bloodline will definitely not be tolerated by the world.

So if Xinyi's true identity is revealed, and if Ye Weiyang reveals it, Xinyi will definitely become a public enemy after the Ice and Snow Dynasty.

So Ye Feng would naturally keep Xinyi a secret at this time.

At this moment, Xinyi seemed to see that Ye Weiyang had a vague suspicion.

She stretched out her white little hand and immediately took Ye Feng's arm. She seemed a little aggrieved and said in a low voice: "Brother, I'm afraid."

Ye Feng smiled slightly and said aloud: "Don't be afraid, this sister is also a good person and will not hurt you. Moreover, I let you come out of the storage ring space to let this big sister see if you have any How can you recover from your injuries?"

Hearing what Ye Feng said at this time, Ye Weiyang noticed that there were many wounds on Xinyi's body, and the blood flowing out turned out to be black blood.

When Ye Weiyang saw this scene, there was a hint of horror in her eyes.

But she didn't say much because she could tell from Ye Feng's tone that he didn't seem to want to reveal the girl's true identity.

At this time, Ye Weiyang took out a lot of radiant elixirs from her storage ring, then handed them to Xinyi and said loudly: "These elixirs should help you recover from your trauma. As for your I have no choice but to wait until I return to the Royal Family of the Ice and Snow Dynasty and go to the Ninth Prince's elixir shop to find out if there is a panacea that can heal the internal injuries."

Xinyi took these panacea at this time, and her face suddenly showed a happy smile, and she said very innocently: "Thank you, big sister, big brother is right, big sister is also a good person."

Looking at the innocent smile on the face of the girl in front of him, the worry in Ye Weiyang's heart seemed to disappear with this innocent smile.

Ye Weiyang smiled slightly, touched Xinyi's little head, and said loudly: "Don't worry, since your elder brother values you so much, no one can hurt you."

Xinyi nodded immediately, looked at Ye Feng beside her with her big white and empty eyes, and said loudly: "Big brother is my savior and my only relative now."

When Ye Feng heard what Xinyi said, he felt a little ashamed.

After all, the purpose of saving this demon girl in the first place was to obtain her dark gem, and to allow this demon girl to provide him with her precious bloodline of the Lord of the Dark Demon God.

However, Ye Feng stared at Xinyi at this time and said very seriously: "Don't worry, no one can hurt you as long as I am here."

"Uh-huh."

Xinyi nodded immediately.

For Xinyi, Ye Feng's words seemed to be a huge promise, which made Xinyi feel very warm inside.

At this moment, Ye Feng asked Xinyi to return to his storage ring space, swallow these miraculous medicines, and recover from his injuries.

Then Ye Feng looked at Ye Weiyang beside him and said, "Let's keep going."

Ye Weiyang nodded, with a slight smile on her beautiful face, and said aloud: "Ye Feng, your cultivation has been raised to such a powerful level now. It seems that next time we pass through the boundless desert, the final step An area, a dark place, shouldn't be that dangerous."

Chapter 3430 Red-Eyed Bat

A dark place, very dark.

When Ye Feng and Ye Weiyang traveled through the desert and came to the dark place, the entire sky seemed to be shrouded in endless light of darkness, looking very scary.

If it were before, the two of them would definitely be cautious.

But now Ye Feng's cultivation level has been greatly improved, breaking through to the seventh level of Qingling Realm, so Ye Feng is quite confident at this time.

As long as you don't encounter any particularly terrifying existence, there should be no life-threatening danger, and he also has the trump card of the giant spirit god puppet.

Ye Feng was also quite sighing at this moment. Since coming to the Snowy Land, his cultivation level has been greatly improved.

Ye Feng was very lucky to be able to come to this advanced realm.

Because if you were in the previous low-level realm, although you might not encounter any danger to your life, your cultivation strength would also increase very slowly.

But now in the advanced realm of Snowland, although he will occasionally encounter fatal dangers and huge crises, if he can get out of the crisis, then Ye Feng will be able to gain huge gains and improvements.

At this time, Ye Weiyang spoke up and said: "In this dark land, there are creatures with dark attributes. Each of these dark creatures are very scary. They are hidden in the darkness. They are very dangerous and cannot be guarded against. We must careful."

"Um."

Hearing what Ye Weiyang said, Ye Feng immediately nodded and said nothing more.

Regarding these so-called dark creatures hidden in the darkness, Ye Feng actually has nothing to fear.

Because Ye Feng just got a brand new domination gem, the dark gem.

So for Ye Feng, he is now like the king of darkness, possessing the dark gem and the power of the Lord of Darkness.

So when you come to this dark place, Ye Feng naturally

It's time to come to your home court.

However, Ye Feng also knew that he could not easily reveal the power of the dark gem.

Because if the aura of the dark gems is discovered by some taboo beings in this dark place, they will definitely take action to snatch their dark gems.

In this case, there will be huge danger.

Therefore, Ye Feng would not use dark gems unless absolutely necessary, especially in this dark place where dark creatures live everywhere.

While Ye Feng was thinking secretly, he and Ye Weiyang had arrived at the real center of the Dark Land.

Buzz!

Suddenly, at this moment, Ye Feng clearly felt a very slight energy fluctuation, which was quickly approaching him.

At this time, Ye Feng looked at Ye Weiyang beside him and found that his face was still very calm.

It seemed that Ye Weiyang was not aware of this strange energy fluctuation.

Ye Feng knew that this strange energy fluctuation should be a dark creature hiding in the darkness, perhaps coming to attack them.

At this moment, Ye Feng looked at Ye Weiyang beside him and said immediately: "Be careful, there are dark creatures lurking over."

"Dark creature?"

When Ye Weiyang heard what Ye Feng said, she immediately became vigilant, quickly took out her weapon, and then looked around.

"Uh-huh!"

Almost at this moment, Ye Feng suddenly looked to the left, and then punched out hard.

boom! !

In Ye Feng's fist, suddenly

A terrifying power burst out, and then a black-gold light wave suddenly shot out from his fist.

This black-gold light wave was the power of Hongmeng's Immortal Body. It directly impacted somewhere on the left side of Ye Feng, and then made a huge roar.

Snap!

I saw a huge black bat, as tall as a person, blasted out of the darkness by Ye Feng.

This huge bat's eyes were red, emitting a scarlet light, and looked very ferocious and terrifying. .???.??

At this moment, Ye Weiyang couldn't help but exclaimed: "This is the infamous red-eyed bat in the dark place. This is a very scary dark creature."

Ye Feng smiled slightly and said aloud: "No matter whether it is a red-eyed bat or a black-eyed bat, if it dares to mess with me, you will die."

Boom!

After Ye Feng finished speaking at this time, he became very ferocious, and a terrifying fighting spirit burst out from his whole body. He rushed directly towards the huge red-eyed bat, then tore it

apart with both hands, and with a "crash", he directly killed the red-eyed bat. The bat's entire body was torn in half.

"Huh? So much energy!"

Almost at this moment, Ye Feng suddenly noticed a very terrifying and powerful blood energy from the body of the red-eyed bat.

The skill of this red-eyed bat does not seem to be that powerful, but the blood energy contained in its body is as majestic as the vast ocean.

Ye Weiyang nodded at this time and said aloud: "Although this kind of red-eyed bat is notorious, its blood energy is very abundant, so many wandering warriors in the Ice and Snow Dynasty like to enter the dark land to capture this kind of bat. Red-eyed bats, and then extract their vigorous blood energy to refine extremely high-grade blood pills. After swallowing them, they can quickly

It is a very common high-level supplement that can restore your own lost blood energy. "

Ye Feng nodded, without any hesitation, and directly released the Devouring Domain, swallowing up all the blood and energy of the red-eyed bat.

Buzz!

Almost at the next moment, Ye Feng felt that his blood had increased tremendously.

Although there was no breakthrough in cultivation, Ye Feng felt that his skill and vitality had improved a lot.

But what makes Ye Feng feel quite regretful is that this kind of red-eyed bat does not have any special bloodline.

Therefore, Ye Feng did not plunder the physique of this red-eyed bat because it was of no use and was just an ordinary red-eyed bat.

After killing the red-eyed bat, the two continued to move forward.

But just when they hadn't walked long, a dense black "dark cloud" suddenly appeared in the sky!

But those were not dark clouds, but densely packed thousands of red-eyed bats!

At this moment, Ye Weiyang's eyes suddenly changed, and she couldn't help but said in an ugly voice: "Oh no, we seem to be being targeted by thousands of red-eyed bats!"

At this time, Ye Feng looked at the thousands of red-eyed bats in the sky, his eyes flashed slightly, and he said loudly: "These thousands of red-eyed bats don't seem to be gathered here because of us. Their focus is They are not on us, as if they are flying quickly towards a certain area ahead."

When Ye Weiyang heard what Ye Feng said, a look of surprise suddenly appeared in her eyes, and she couldn't help but ask: "What's in front of you?"

"I don't know either."

Ye Feng shook his head, with a hint of strangeness in his eyes, and said, "We'll find out when we go take a look."
