Chapter 3431 Ancient Tomb

At this moment, Ye Weiyang saw the deep curiosity in Ye Feng's eyes, and couldn't help but said with a wry smile: "You are really an adventure maniac."

Hearing what Ye Weiyang said, Ye Feng shrugged and said with a smile: "It's just a visit, it doesn't have to be a risk."

"Okay, okay, it's all up to you."

Ye Weiyang immediately smiled and said: "Anyway, you are the most powerful now, so I will listen to you. I have bet my life, life and future on you, Ye Feng. Ye Feng, please don't let me Disappointed."

Seeing the inexplicably charming smile on Ye Weiyang's face, Ye Feng couldn't help but smile and said: "Don't worry, you bet on me, then you are definitely right."

Ye Weiyang walked up to Ye Feng, with a charming smile on her beautiful face. She stared at the young man close at hand and said, "Then I'll wait and see."

"Um."

Ye Feng nodded, looking away from the beautiful and mature face in front of him, looking at the team of red-eyed bats high in the sky that were flying quickly towards somewhere ahead, and said: "Let's go directly. "

Ye Weiyang said aloud: "The dark creatures in the dark land have very powerful perceptions. We must try to control our breath. The slightest fluctuation of breath will be noticed by these dark creatures."

Ye Feng smiled and said, "Don't worry, I have a way to hide our aura."

Buzz!

After saying that, Ye Feng directly used the dark gem he had obtained before.

Suddenly, Ye Feng's body exuded a pure and incomparable power of darkness, shrouding Ye Feng and Ye Weiyang beside him in darkness, and even integrated with the entire dark land of heaven and earth. Together, there is no flaw.

\u003e

Even standing in front of them, there was no trace of the two of them.

Seeing this scene and looking at the power of darkness around him, Ye Weiyang's eyes suddenly showed surprise, and he couldn't help but said: "Ye Feng, I didn't expect you to be able to control the power of darkness, and what you have done... This kind of dark power that I control gives me the feeling that it is purer and more advanced than the power of heaven and earth in this dark place. It is really incredible. With the hiding and disguise of this dark power, then we will continue It will be really easy to travel through this dark place when you come down."

Ye Feng laughed and said: "If I didn't have this kind of means, I wouldn't dare to cause trouble and directly track down where those thousands of red-eyed bats are going. With the disguise of this dark power and Hiding, we are absolutely not in any danger."

Ye Weiyang nodded, stood next to Ye Feng, very close, and said with a smile: "Then let's go over together to see what's going on. Maybe we can really encounter some good fortune. , because I have also heard that many powerful ancient creatures have fallen here in the dark land. Maybe we can encounter a cave left by an ancient strong man. After all, these red-eyed bats especially like to find some The cave ruins left by the ancient strong men, and then absorb the blood essence left by those ancient strong men. "

Ye Feng nodded slightly, controlled the power of darkness, concealed all traces of the two of them, and lurked quickly in a direction not far away.

Swish, swish, swish!

Their speed was very fast, and they traveled through most of the dark land in a blink of an eye, arriving at the end of the dark land.

At this moment, Ye Feng suddenly looked at

When we arrived, a huge human sculpture stood on the ground in front of us.

Behind this human sculpture, there is a huge ancient tomb.

At this moment, the top of the ancient tomb was already broken.

Thousands of red-eyed bats landed on the ground one by one and were quickly digging the huge ancient tomb.

At this time, Ye Feng said aloud: "Ye Weiyang, you guessed it right, these red-eyed bats are indeed digging the remains of ancient tombs, perhaps the place where an ancient strong man fell."

Ye Weiyang stared at the scene ahead in the darkness, with a trace of surprise in her eyes. She couldn't help but said: "It seems that what is recorded in the books is correct. These red-eyed bats can really dig up all kinds of ancient things." Find the corpses of ancient powerful people in the ruins and absorb the blood essence of the ancient powerful people."

When Ye Feng heard what Ye Weiyang said, there was a hint of surprise in his eyes, and he couldn't help but said: "If you put it this way, the ancient ruins that can be selected by these red-eyed bats must contain the bodies of ancient powerful men. , said that, I was immediately interested."

Ye Weiyang immediately stared at Ye Feng beside him and said loudly: "By the way, Ye Feng, you also have the same ability as the red-eyed bat. You can swallow the blood and energy of other creatures to improve yourself."

At this time, Ye Feng suddenly said: "That's right, so I'm going to take a look. Just wait for me where you are."

Ye Weiyang shook her head and said: "I'll come with you this time, because I also want to take an adventure. With the giant spirit god puppet, I won't hold you back. I think I want to learn from you, Ye Feng. Only by taking more risks can you improve yourself."

Hearing this, Ye Feng smiled and said, "Okay, with the Giant Spirit God Puppet here, you shouldn't be in much danger."

After saying that, Ye Feng and Ye Weiyang flew forward quickly.

With the power of Ye Feng's dark gem, neither of them would be discovered by others.

Soon, the two of them approached the ancient tomb not far away.

At this time, Ye Feng and Ye Weiyang were lurking around, paying attention to the movements not far away.

Ye Feng said aloud: "Let's take a look first. It seems that the ancient tomb has not been excavated yet. Those red-eyed bats are still digging the entire ancient tomb. When they dig out the ancient tomb, we will go over to investigate."

Ye Weiyang nodded and remained silent.

Half an hour later.

"boom!"

Suddenly, there was a huge roar from the ancient tomb not far away.

At this moment, Ye Feng and Ye Weiyang immediately saw that the red-eyed bats that were digging the ancient tomb were suddenly rushed away by a terrifying force, flew out and fell to the ground.

At this moment, the ancient tomb seemed to have been dug through, and a large piece of golden light appeared in it, condensing out a huge golden giant, majestic and sacred.

At this time, Ye Feng said aloud: "It seems that this ancient tomb is very extraordinary. After so many years, it still retains such a huge amount of energy, condensing it into a golden giant, so sacred and powerful."

Ye Weiyang said: "I wonder if those red-eyed bats can break into the ancient tomb."

Ye Feng suddenly looked in a certain direction and said: "Not only the red-eyed bat clan, but also other powerful dark creatures are coming. I sensed the aura of other dark creatures, and there are more than one clan. There seem to be several kinds of darkness." The creatures are here, and it's really exciting now."

Chapter 3432 Lurking secretly

Almost at the moment Ye Feng finished speaking, a large number of dark creatures suddenly descended from the sky around the ancient tomb not far away.

These dark creatures are composed of different races. There are humanoid black centipedes, dark giant bears as tall as mountains, and creatures covered in dark mist. They look very strange.

These strange creatures are naturally powerful races from the depths of the dark land, and they all belong to the dark creature species.

At this time, Ye Feng and Ye Weiyang were lurking around, perfectly integrated into the darkness, watching the powerful dark races descending one after another.

Ye Weiyang couldn't help but said: "So many powerful dark races have arrived. It seems that this ancient tomb land is very extraordinary, otherwise it would be impossible to attract so many dark races."

Ye Feng nodded slightly and said loudly: "With so many dark races gathered here, if they join together to attack, the golden giant condensed in the ancient tomb may not be able to withstand it."

Ye Weiyang said aloud: "Then what should we do now?"

Ye Feng thought for a moment, and then said aloud: "Let's wait and see what happens."

After finishing speaking, Ye Feng and Ye Weiyang continued to lurk in the darkness, secretly observing any movement on the field.

At this time, in the ancient tomb area not far away, with the arrival of many strong men from the dark race, a group of red-eyed bats showed fear in their eyes.

Obviously, although these red-eyed bats are very ferocious and terrifying, they will naturally feel deeply threatened when they encounter so many dark races in the same dark place.

At this time, a dark giant bear wearing black iron armor suddenly said: "Let's join forces directly to kill the guardian of this ancient tomb first."

This dark giant bear wearing black iron armor is obviously the leader of the dark giant bear clan, because he is followed by

Hundreds of towering giant bears, all wearing tattered armor.

At this moment, the leader of the Dark Mist Clan also spoke up: "Yes, the biggest threat now is the guardian of this ancient tomb, that is, the golden giant. First wipe out the golden giant, otherwise everything will be in vain. It's empty."

The red-eyed bat family has the largest number, with thousands of them, but it is impossible for red-eyed bats to fight against so many other dark creatures at once.

So at this time, the red-eyed bat also chose to compromise.

boom!

At this moment, many dark creatures burst out with powerful dark power and rushed towards the golden giant quickly.

Boom!

The entire field suddenly erupted with a terrifying roar, and the surrounding ancient tombs and the earth were shaking rapidly at this moment, as if the mountains were shaking.

boom!

At this time, a huge golden light erupted from the golden giant, and a huge golden sword condensed in his hand, slashing towards the surroundings.

"ah!"

"ah!"

After the majestic golden sword slashed down, terrifying destructive power suddenly erupted, and screams rang out one after another.

The golden giant directly killed many red-eyed bats and many other dark creatures, all of which were killed in an instant.

But at this moment when the battle was very fierce, Ye Feng in the darkness suddenly said: "Let's go directly into the ancient tomb. Now is the best opportunity.

"

"What?"

Hearing what Ye Feng said, Ye Weiyang on the side was stunned and said, "Isn't now the most dangerous time? There is chaos everywhere at the entrance to the ancient tomb."

Ye Feng grinned and said: "These dark creatures have attracted all the attention of the golden giant, so now is the best time for us to enter the ancient tomb. There is no threat from powerful dark creatures, and the golden giant probably has no time to take care of it now. us."

Hearing this, Ye Weiyang immediately showed a trace of surprise in her eyes. She stared at Ye Feng with her beautiful eyes, showed an inexplicable smile, and said loudly: "Ye Feng, you are really charming."

"charming?"

Ye Feng looked surprised and said, "Let's go, don't waste any time."

"Um."

Ye Weiyang nodded, followed Ye Feng, and quickly approached the entrance of the ancient tomb not far away.

The place of darkness is always dark.

Not to mention, it's night time now.

So at this time, Ye Feng used the Dark Gem to cover himself and Ye Weiyang in darkness so that no one could discover them.

At this moment, when Ye Feng and Ye Weiyang arrived at the entrance area of the ancient tomb, they felt a very terrifying battle fluctuation.

Because at this moment, many dark creatures are fighting fiercely with that golden giant.

No dark creature would have thought that there would be someone sneaking and lurking at the entrance of the ancient tomb at this time.

At this moment, Ye Feng looked at the fierce battle not far away, with a strange smile on his face, and said loudly: "We will directly enter the ancient tomb now, and quickly search for wealth." \u003c

br\u003e

Ye Weiyang nodded immediately and followed Ye Feng closely without any hesitation at all, because she now fully believed in Ye Feng's decision.

At this moment, the two of them arrived at the entrance of the ancient tomb, hidden in the darkness, and directly entered the space inside the ancient tomb.

When they entered the interior of the ancient tomb, they immediately saw a shocking scene.

I saw that the internal space of the entire ancient tomb was very vast, almost like an underground palace.

At this time, Ye Weiyang looked towards the surrounding underground palaces, as if trying to find the wealth inside.

But at this time, Ye Feng grabbed Ye Weiyang and said loudly: "We don't want to look at the palace wealth around us. They are all worthless little things. Let's go directly to the deepest part of this ancient tomb. , because time waits for no one, so many dark creatures are fighting with the golden giant outside, and the golden giant will definitely be unable to support it sooner or later. When all the dark creatures have poured in, then we will not be able to resist it at all. ”

Hearing what Ye Feng said, Ye Weiyang immediately nodded, and he and Ye Feng passed directly through a large underground palace and flew towards the deepest part of the ancient tomb.

When they came to the end of the ancient tomb, they immediately saw a golden coffin engraved with countless ancient symbols, suspended in the air, exuding a mysterious and ancient aura of vicissitudes of life.

At this time, Ye Feng walked directly towards the golden coffin.

Ye Weiyang started searching around to see if there were any other resources.

When Ye Feng stood in front of the golden coffin, he suddenly looked shocked.

Because inside this golden coffin lies a mysterious sleeping beauty!

Chapter 3433 Peerless Divine Item

At this time, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, there was a beautiful person lying inside this golden coffin.

"Buzz!"

But at the next moment, Ye Feng suddenly showed a look of horror in his eyes.

Because the beauty in the coffin suddenly began to decay. Her skin fell off, her flesh rotted, and then she turned into a skeleton.

The skeleton emitted a scarlet light, and then turned into an evil spirit, rushing towards Ye Feng, trying to tear Ye Feng into pieces. .??.

At this moment, Ye Feng's eyes changed, and he punched forward fiercely.

"boom!!"

Ye Feng's punch hit the skeleton in an instant, and an earth-shaking roar erupted.

At this moment, the skeleton was directly blown away, but it did not suffer any damage and still charged towards Ye Feng relentlessly.

When Ye Feng saw this scene, his eyes showed a trace of gloominess.

This skeleton is really difficult to deal with.

Uh-huh!

At this time, Ye Weiyang flew over from not far away, her eyes were extremely ugly, and she said loudly: "Ye Feng, look around."

"This is....."

At this moment, Ye Feng looked around, and immediately saw that the surrounding walls fell off, and skeletons crawled out of the gravel and soil, looking very ferocious.

At this time, Ye Weiyang said quickly: "What should we do now?"

Ye Feng said: "Use the giant spirit god puppet to drag these skeletons, the two of us quickly loot all the wealth in this ancient tomb, and then hurry up and leave here."

"good."

Ye Weiyang immediately nodded and released the tall and majestic Giant Spirit God puppet with a "swish" sound.

boom!

The giant spirit god puppet exploded instantly

With the incomparable terrifying power, he rushed towards the surroundings and attacked the skeletons quickly.

"Rumble..."

At this moment, the entire field suddenly erupted into a terrifying roar.

After all, the giant spirit god puppet was very powerful and directly dragged down all the skeletons in the ancient tomb.

But at this time, rubble was falling off the walls of the tomb, and skeletons rushed out one after another, erupting with terrifying power.

At this moment, Ye Feng and Ye Weiyang both looked extremely shocked.

Ye Weiyang couldn't help but said in amazement: "Are there countless bones buried in the stone layers of the entire ancient tomb?"

Ye Feng said calmly: "Search for resources first."

"good."

Ye Weiyang immediately nodded and quickly searched the surrounding area.

At this time, Ye Feng exuded majestic soul power and spread towards the surroundings.

Buzz!

Almost at this moment, Ye Feng noticed a trace of energy fluctuation.

Uh-huh!

He instantly flashed to a place not far away.

At this moment, Ye Feng came to a bronze statue that was as tall as a person.

This bronze statue has a lion's head and a human body, and looks full of majesty.

At this time, Ye Feng saw in an instant that in the eyes of this bronze statue with a lion's head and a body, there were two round beads shining with purple light.

Ye Feng stared at these two purple beads, and his eyes suddenly lit up.

The purple light contained in these two purple beads seems to be the legendary innate purple energy.

Since ancient times, there has been a saying that purple energy comes from the east.

Purple air is an auspicious air, said to be the breath of the gods in the sky.

Uh-huh! Uh-huh!

At this moment, Ye Feng immediately stretched out his hand and dug out the two purple beads in the eyes of the lion-headed bronze statue.

At this time, Ye Feng swallowed the two purple beads directly.

Because if he puts the storage ring in, Ye Feng is afraid that his memory is too poor and he will forget it when the time comes, which would be too wasteful.

Even if he thinks about it later, Ye Feng's cultivation may have been raised to a whole new level and he won't be able to use it anymore.

"boom!!"

The moment Ye Feng swallowed two purple beads, a huge energy burst out in Ye Feng's body.

At this time, Ye Feng's eyes showed surprise, because he could feel that this purple energy was very advanced and pure, and it greatly improved his skills.

Ye Feng wasted no time. The moment he swallowed the purple bead, he continued running towards another location.

As a result, Ye Feng made a breakthrough while running.

"boom!"

Ye Feng's body suddenly burst out with a huge and boundless cultivation momentum, directly breaking through from the seventh level of Qingling Realm to the eighth level of Qingling Realm!

And just when Ye Feng was running to achieve breakthroughs in cultivation, he was already standing in front of a towering totem pole.

This totem pole, standing right in front of the golden coffin, looks very ancient. There are many different types of totems engraved on the totem pole, giving it a sacred vicissitude and a sense of endless wilderness.

At this time, Ye Feng felt at first glance that this ancient totem pole was definitely a good thing.

Although Ye Feng has not yet discovered what is so good about this ancient totem pole, Ye Feng decided to dig out this ancient totem pole first.

\u003e

"boom!"

At this moment, Ye Feng stepped forward, using his hands as an excavator, and began to dig up this towering ancient totem pole.

But just when Ye Feng started digging.

"Roar!!"

A roar that sounded like a beast from ancient times suddenly sounded in Ye Feng's ears.

Ye Feng immediately looked around and saw a strange scene.

I saw a unicorn shadow with its whole body burning with flames, rushing out from the ancient totem pole next to it, exuding overwhelming beast power.

And it goes far beyond that.

Because, after the flaming unicorn phantom rushed out, another phantom of an ancient evil beast appeared immediately after the flaming unicorn phantom!

It was a nine-headed dragon that exuded the aura of a terrifying evil beast. It was extremely ancient. It was also in a phantom state, but it gave people the feeling that this evil beast had really appeared.

At this moment, even though Ye Feng had the soul gem to protect his body, he suddenly felt a feeling of heart palpitations.

These two phantoms of ancient evil beasts that appeared from ancient totem poles were absolutely terrifying to the extreme when they were alive. They were unparalleled demons whose cultivation reached the heavens!

At this moment, Emperor Chu suddenly spoke in his mind: "Ye Feng! This seems to be the legendary totem pole!"

When Emperor Chu spoke at this time, his tone seemed to be filled with excitement.

Ye Feng rarely saw Emperor Chu so excited, maybe only two or three times, when he encountered a peerless treasure.

At this time, Ye Feng immediately became delighted and asked, "Emperor Chu, what is the identity of this totem pole?"

Emperor Chu slowly said in his mind: "In my memory fragments, I found that this seems to be the legendary ancient beast totem pole, which was cast by the Lord of the Beasts of the glorious and boundless Kingdom of Beasts. The ultimate divine thing!"

Chapter 3434 Refining and Control

"Ancient Ten Thousand Beasts Totem Pole?"

When Ye Feng heard what Emperor Chu said, he immediately showed a hint of surprise in his eyes.

Although Ye Feng had never heard of the Ancient Ten Thousand Beasts Totem Pole.

But the Ten Thousand Beasts Divine Kingdom, which was valued so much by Emperor Chu and called "glorious and boundless", must have been very powerful in the past.

At this time, Ye Feng looked at the ancient totem pole in front of him and said, "Emperor Chu, is this totem pole really that powerful? What I saw was just the soul power of several powerful evil beasts."

Emperor Chu said, "This Ancient Ten Thousand Beasts Totem Pole is very precious. When the Lord of Ten Thousand Beasts conquered the world, he killed many ancient beasts and evil beasts on the ancient wilderness. They were all ancient beasts and evil beasts. After killing them, he merged the souls of these legendary ancient beasts and evil beasts into this Ancient Ten Thousand Beasts Totem Pole. Ye Feng, you have to know that this Every evil beast that is sealed inside is very extraordinary and horrible in strength and identity, and the most important thing is that if you can kill other powerful demons, you can use the blood and bones of other powerful demon to reshape the evil beasts in this Taikoo Wanjo Tu Teng Pillar, so that these evil beasts of the Taikoo An old age on the terrible land of the Taihe Desert have re-recovered and appeared in today's current. In the times, Taikoo's wild force broke out. "" What! "" What! "" He heard what Chu Emperor said in the end, and Ye Feng suddenly showed a deep shock in his eyes. Said: "Conservative estimates, at least 10,000 heads." "His!" Hearing that Chu Huang said, even Ye Feng couldn't help but take a breath. Because if he could really resurrected the thousands of magic beasts of the thousands of ancient

beasts in the Taikoo beast. At this time, Ye Feng immediately asked: "How can I subdue this ancient beast totem pole?"

Emperor Chu said: "Defeat the two guardian spirits of this ancient beast totem pole, the flame unicorn and the nine-headed evil dragon, then you can control this ancient beast totem pole."

"Isn't that easy?"

Ye Feng immediately said with ease: "Just use the soul gem and suppress it directly."

"No."

Emperor Chu suddenly said in his mind: "Using the power of the soul gem can certainly suppress the souls of these two ancient wild beasts instantly, but this will not make you recognized by the entire totem pole, because you rely on external forces, and the totem pole may not necessarily recognize your own potential. Therefore, for this kind of spiritual and peerless divine object, you must do it yourself."

"Do it yourself?"

When Ye Feng heard what Emperor Chu said, a trace of seriousness appeared in his eyes, and he said: "Then let me deal with the souls of these two ancient wild beasts myself!"

Boom! !

At this moment, Ye Feng directly burst out his huge soul power of 3.5 million.

Ye Feng's body suddenly surged with terrifying soul power, and a majestic and tall soul giant with a height of several thousand meters was condensed around Ye Feng.

"Boom!"

Ye Feng controlled the soul giant at this time and rushed to the sky in an instant.

It directly collided with the souls of the two ancient wild beasts in front.

"Boom!"

Suddenly, the whole field burst out with terrifying roars.

At this time, Ye Feng immediately felt that his soul giant was about to break.

Because this flame unicorn and the nine-headed evil dragon were too terrifying.

You know, these are the souls of evil beasts from the ancient wild era.

The wild beasts that were sealed in the ancient wild beast totem pole by the Lord of Ten Thousand Beasts must be very powerful.

Because ordinary ancient wild beast souls are not worthy of being sealed in this ancient wild beast totem pole.

So those who can stay are all fine products.

At this time, although Ye Feng felt that his soul giant was about to break, Ye Feng did not retreat, but chose to continue to attack.

Because he knew that he must get this ancient beast totem pole.

If he got it, he could reshape the bodies of these ancient wild beasts.

At that time, he would have an extremely powerful army of ancient wild beasts, which would sweep through thousands of troops and suppress everything.

"Soul Storm!"

At this moment, Ye Feng continued to burst out his magnificent soul power, directly forming a soul storm around the soul giant, covering the flame unicorn and the nine-headed evil dragon not far away.

At this time, Ye Feng directly erupted his extremely powerful soul power in a one-on-two battle.

This time, the flame unicorn and the nine-headed evil dragon finally couldn't hold on.

Because Ye Feng was a little crazy now, the mighty soul power was full of unparalleled pressure, so that the flame unicorn and the nine-headed evil dragon couldn't help but lie on the ground at this moment and kowtow to Ye Feng.

This shows that the guardian spirits of the two ancient beast totem poles have completely submitted to Ye Feng's talent.

Emperor Chu immediately said in his mind: "Ye Feng, you succeeded! These two guardian spirits have recognized your talent, now you can

Go directly to refine and control the ancient beast totem pole. "

"good!"

Hearing what Emperor Chu said, Ye Feng immediately showed deep surprise in his eyes and flew directly towards the huge and towering ancient totem pole not far away.

At this time, the huge souls of the flame unicorn and the nine-headed evil dragon followed Ye Feng, as if they had become Ye Feng's ministers.

At this moment, Ye Feng stretched out his hand and pressed it on the huge ancient totem pole in front of him.

"Roar!!"

At this moment, Ye Feng immediately felt that the ancient beast totem pole seemed to be roaring with the roar of beasts, full of vastness and sacredness.

At this moment, Ye Feng felt that his soul was shaking. This ancient beast totem pole was indeed a peerless divine object and very terrifying.

Buzz!

At this time, there was a bright divine light in the ancient beast totem pole, shrouding Ye Feng's body.

Ye Feng felt for a moment that he controlled this ancient totem pole of beasts.

At this moment, with a thought in Ye Feng's mind, the towering and boundless Ancient Beasts Totem Pole shrank quickly and turned into a small palm-sized totem pole, which landed in Ye Feng's palm.

At this time, Ye Feng directly put this ancient beast totem pole into his storage ring.

In this ancient tomb, perhaps the most precious thing that Ye Feng obtained was this ancient beast totem pole.

"Rumble..."

At this time, a huge roar suddenly came from the distance.

Uh-huh!

Ye Weiyang suddenly flew to Ye Feng's side and couldn't help but ask: "Ye Feng, how are you doing with your search? That group of dark creatures seems to have broken through the golden giant's defense and entered the ancient tomb space. "Chinese, shall we leave directly now?"

Chapter 3435 Anti-life dark spell

At this moment, after hearing Ye Weiyang's words, Ye Feng's eyes showed a trace of surprise.

I didn't expect that group of dark creatures to be quite powerful. They broke through the golden giant's defense so quickly and entered the ancient tomb space.

Ye Feng thought quickly at this time, and then said aloud: "It is no longer possible for us to leave from the intersection of the ancient tomb, because the army of dark creatures has already attacked, and we can only continue towards the innermost part of the ancient tomb. Rush to the area, there should be a passage leading to the outside. "

Ye Feng released his soul power at this time. After searching, he found that there seemed to be other passages in the innermost part of the ancient tomb.

So Ye Feng wanted to leave from the innermost part of the ancient tomb, instead of going head-to-head with that terrifying army of dark creatures.

In that case, it is very unwise.

After all, Ye Feng's current cultivation level is not strong enough to fight an entire army of dark creatures on his own.

"good."

Ye Weiyang naturally listened to Ye Feng at this time. After all, Ye Feng was much more experienced than her in exploring such ancient ruins.

At this moment, Ye Weiyang followed Ye Feng and rushed towards the deeper area of the ancient tomb.

Ye Feng no longer has much expectations for this ancient tomb.

After all, Ye Feng has obtained the most precious and unique divine object, the ancient beast totem pole.

This peerless divine object has already made Ye Feng very satisfied with his trip.

At this time, Ye Feng and Ye Weiyang came to the depths of the ancient tomb and walked towards the passage that Ye Feng had previously explored with his soul power.

Soon, Ye Feng and Ye Weiyang were far away from the core area of the ancient tomb and arrived at the deepest part of the ancient tomb.

"Ye Feng, look, there are many ancient symbols and patterns engraved on the stone walls of the surrounding passages, which seem to have some special meaning."

At this moment, Ye Weiyang suddenly spoke up.

Ye Feng looked at the surrounding stone walls of the passage and found a lot of ancient symbols.

Some places are very sparse, while other places are densely packed.

There was a look of surprise in Ye Feng's eyes, and he couldn't help but say: "This should be a historical description left by the builder of this ancient tomb. There may be some ancient inheritance in it, but it is no longer We later generations learned about it, after all, we didn't know these things at all."

When he said this, Ye Feng suddenly seemed to think of something and asked in his mind: "Emperor Chu, do you recognize these ancient symbols and characters?"

Emperor Chu said aloud in his mind: "I don't know many of them, but some of them seem a bit familiar to me. In any case, I now use the soul gem to engrave all the words and symbols in this channel on the soul gem. , I will analyze it when the time comes. Maybe I can analyze some powerful inheritance that reaches the sky. After all, this ancient tomb is very extraordinary. It actually has the ancient beast totem pole left by the kingdom of beasts. Therefore, in these ancient tombs Everything recorded should be of great value."

Buzz!

After saying that, Emperor Chu directly inspired the power of the soul gem.

I saw a large red light suddenly shining in the center of Ye Feng's eyebrows. Just like a scanner, all the symbols and words on the stone walls of the surrounding passages were scanned and imprinted on them. In Ye Feng's mind

Among the soul gems.

Originally, Emperor Chu thought that such complicated and mysterious writing should not have much value.

But since Ye Feng obtained the ancient beast totem pole from that ancient tomb, Emperor Chu felt that everything in the ancient tomb should be very extraordinary.

So at this time, when he encountered many ancient words and symbols on the stone wall of this passage, Emperor Chu naturally chose to keep them all, waiting to analyze them slowly in the future, and maybe he could analyze something earth-shattering.

Ye Weiyang saw a large red light suddenly emitting from Ye Feng's eyebrows, scanning the surrounding stone walls, and a trace of surprise could not help but appear in his eyes.

At this time, Ye Weiyang didn't say anything more, but took out a piece of white paper from her storage ring and began to excerpt the ancient symbols and words on the wall.

Because Ye Weiyang knew that something that Ye Feng valued so much and wanted to imprint on it was absolutely extraordinary.

Although she didn't know what these symbolic words were, Ye Weiyang had a subconscious idea in her heart that if she copied them, they must be right.

Half an hour later, the two passed through this very long underground passage.

When they came to the end, they returned to the ground.

At this moment, the surrounding land has become sunny, not as dark and pitch-black as the dark land.

At this time, Ye Weiyang saw this scene and couldn't help but said: "It seems that we have left the Dark Land. Unexpectedly, another passage in the ancient tomb leads directly to a place outside the Dark Land. "

Ye Feng nodded slightly, and then said aloud: "This should already be the territory of the Ice and Snow Dynasty, right?"

Ye Weiyang looked around carefully, and then said aloud: "I'm not sure, after all, the territory of the Ice and Snow Dynasty is too vast. Let's see if we can find a certain city around us and take a look at the city. Just look at the dynasty icon above."

"OK."

Ye Feng nodded immediately, and then followed Ye Weiyang to fly quickly in a certain direction around him.

This is the territory of the Ice and Snow Dynasty, so there are not too many dangers along the way. After all, many powerful monsters do not dare to enter the territory ruled by the Ice and Snow Dragon Clan.

And just as Ye Feng and Ye Weiyang were on their way, Emperor Chu suddenly said aloud in his mind: "Ye Feng, I seem to have analyzed something very remarkable."

"Something really remarkable?"

Hearing what Emperor Chu said in his mind, Ye Feng suddenly showed a trace of surprise in his eyes, and couldn't help but ask: "What is it? Is it the information recorded on the stone wall of the passage you imprinted before??"

Emperor Chu said aloud in his mind: "Yes, it is analyzed from the symbols and words imprinted on the wall. This is a very terrible thing. It cannot be called inheritance, it should be called ancient The forbidden technique is called 'Anti-Life Dark Spell'."

"Anti-Life Dark Spell?"

Ye Feng heard Emperor Chu say this name, even though he had never heard it before. The moment he heard the name Anti-Life Dark Spell, for some reason, he immediately felt a chill and trembling in his soul.

This is definitely something very taboo! At this moment, after hearing Ye Weiyang's words, Ye Feng's eyes showed a hint of surprise.

I didn't expect that group of dark creatures to be quite powerful. They broke through the golden giant's defense so quickly and entered the ancient tomb space.

Ye Feng thought quickly at this time, and then said aloud: "It is no longer possible for us to leave from the intersection of the ancient tomb, because the army of dark creatures has already attacked, and we can only continue towards the innermost part of the ancient tomb. Rush to the area, there should be a passage leading to the outside. "

Ye Feng released his soul power at this time. After searching, he found that there seemed to be other passages in the innermost part of the ancient tomb.

So Ye Feng wanted to leave from the innermost part of the ancient tomb, instead of going head-to-head with that terrifying army of dark creatures.

That would be very unwise.

After all, Ye Feng's current cultivation level is not strong enough to fight an entire army of dark creatures on his own.

"good."

Ye Weiyang naturally listened to Ye Feng at this time. After all, Ye Feng was much more experienced than her in exploring such ancient ruins.

At this moment, Ye Weiyang followed Ye Feng and rushed towards the deeper area of the ancient tomb. .??.

Ye Feng no longer has much expectations for this ancient tomb.

After all, Ye Feng has obtained the most precious and unique divine object, the ancient beast totem pole.

This peerless divine object has already made Ye Feng very satisfied with his trip.

At this time, Ye Feng and Ye Weiyang came to the depths of the ancient tomb and walked towards the passage that Ye Feng had previously explored with his soul power.

Soon, Ye Feng and Ye Weiyang were far away from the core area of the ancient tomb and arrived at the deepest part of the ancient tomb.

"Ye Feng, look, there are many ancient symbols and patterns engraved on the stone walls of the surrounding passages, which seem to have some special meaning."

At this moment, Ye Weiyang suddenly spoke up.

Ye Feng looked at the surrounding stone walls of the passage and found a lot of ancient symbols.

Some places are very sparse, while other places are densely packed.

There was a look of surprise in Ye Feng's eyes, and he couldn't help but say: "This should be a historical description left by the builder of this ancient tomb. There may be some ancient inheritance in it, but it is no longer We later generations learned about it, after all, we didn't know these things at all."

When he said this, Ye Feng suddenly seemed to think of something and asked in his mind: "Emperor Chu, do you recognize these ancient symbols and characters?"

Emperor Chu said aloud in his mind: "I don't know many of them, but some of them seem a bit familiar to me. In any case, I now use the soul gem to engrave all the words and symbols in this channel on the soul gem. , I will analyze it when the time comes. Maybe I can analyze some powerful inheritance that reaches the sky. After all, this ancient tomb is very extraordinary. It actually has the ancient beast totem pole left by the kingdom of beasts. Therefore, in these ancient tombs Everything recorded should be of great value."

Buzz!

After saying that, Emperor Chu directly inspired the power of the soul gem.

I saw a large red light suddenly shining in the center of Ye Feng's eyebrows. Just like a scanner, all the symbols and words on the stone walls of the surrounding passages were scanned and imprinted on them. In Ye Feng's mind

Among the soul gems.

Originally, Emperor Chu thought that such complicated and mysterious writing should not have much value.

But since Ye Feng obtained the ancient beast totem pole from that ancient tomb, Emperor Chu felt that everything in the ancient tomb should be very extraordinary.

So at this time, when he encountered many ancient words and symbols on the stone walls of this passage, Emperor Chu naturally chose to keep them all, waiting to analyze them slowly in the future, and maybe he could analyze something earth-shattering.

Ye Weiyang saw a large red light suddenly emitting from Ye Feng's eyebrows, scanning the surrounding stone walls, and a trace of surprise could not help but appear in his eyes.

At this time, Ye Weiyang didn't say anything more, but took out a piece of white paper from her storage ring and began to excerpt the ancient symbols and words on the wall.

Because Ye Weiyang knew that something that Ye Feng valued so much and wanted to imprint on it was absolutely extraordinary.

Although she didn't know what these symbolic words were, Ye Weiyang had a subconscious idea in her heart, that is, if she excerpted them, they must be correct.

Half an hour later, the two passed through this very long underground passage.

When they came to the end, they returned to the ground.

At this moment, the surrounding land has become sunny, and it is not as dark and pitch-black as the dark land.

At this time, Ye Weiyang saw this scene and couldn't help but said: "It seems that we have left the Dark Land. Unexpectedly, another passage in the ancient tomb leads directly to a place outside the Dark Land. "

Ye Feng nodded slightly, and then said aloud: "This should be the territory of the Ice and Snow Dynasty, right?"

Ye Weiyang looked around carefully, and then said aloud: "I'm not sure, after all, the territory of the Ice and Snow Dynasty is too vast. Let's see if we can find a certain city around us and take a look at the city. Just look at the dynasty icon above."

"OK."

Ye Feng nodded immediately, and then followed Ye Weiyang to fly quickly in a certain direction around him.

This is the territory of the Ice and Snow Dynasty, so there are not too many dangers along the way. After all, many powerful monsters do not dare to enter the territory ruled by the Ice and Snow Dragon Clan.

And just as Ye Feng and Ye Weiyang were on their way, Emperor Chu suddenly said aloud in his mind: "Ye Feng, I seem to have analyzed something very remarkable."

"Something really remarkable?"

Hearing what Emperor Chu said in his mind, Ye Feng suddenly showed a trace of surprise in his eyes, and couldn't help but ask: "What is it? Is it the information recorded on the stone wall of the passage you imprinted before? ?"

Emperor Chu said aloud in his mind: "Yes, it is analyzed from the symbols and words imprinted on the wall. This is a very terrible thing. It cannot be called inheritance, it should be called ancient The forbidden technique is called 'Anti-Life Dark Spell'."

"Anti-Life Dark Spell?"

Ye Feng heard Emperor Chu say this name. Even though he had never heard it before, the moment he heard the name Anti-Life Dark Spell, for some reason, he immediately felt a chill and trembling in his soul.

This is definitely something very taboo!

Chapter 3436 Ancient City Lord

At this time, Ye Feng immediately said: "Does this anti-life dark spell have any special use?"

Emperor Chu said in his mind: "Once the anti-life dark spell is learned, the caster can release anti-life dark energy. As long as it is a living creature, it will be instantly killed by this anti-life dark energy. Almost There is no way to resist it, even if it is a very powerful being, it is difficult to resist it. "

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up and he said, "This seems to be a very terrifying dark energy."

"That's right."

Emperor Chu nodded in his mind and said: "Ye Feng, you can learn it. Once you learn it, this will be the fear of any living creature."

At this moment, Ye Feng directly accepted the meaning of this anti-life dark spell from Emperor Chu in his mind.

Buzz!

A huge and boundless anti-life dark spell was immediately injected into Ye Feng's mind.

At this time, Ye Feng's eyes showed deep shock.

Because as soon as Ye Feng came into contact with this terrifying anti-life dark spell, he immediately felt as if his vitality was withering away.

You know, this is just exposure to the breath of mystery, not the dark energy of the real anti-life dark spell.

This shows how terrifying this anti-life dark spell is.

At this moment, Ye Feng got the secret of this anti-life dark spell, and directly began to understand the demon's understanding after being transformed by the soul gem.

Ye Feng understood this profound secret technique very quickly.

At this moment, accompanied by Ye Feng's understanding.

Buzz!

Pieces of dark light suddenly appeared in the void around Ye Feng's body.

These dark lights are not the same as the dark power emitted by the dark gems.

This dark light contains the opposite

The dark energy of life is a terrible rebellious force that opposes life and survival. It is much more terrifying than the power of darkness.

At this moment, this anti-life dark light flashed in the void around Ye Feng, making Ye Weiyang beside him feel a feeling that his vitality was about to wither.

Suddenly, a look of deep horror appeared in her beautiful eyes.

At this moment, Ye Weiyang looked at Ye Feng beside her and felt that Ye Feng had now become a very terrifying existence.

At this time, Ye Weiyang even began to deliberately stay away from Ye Feng, otherwise she would feel that her vitality was disappearing quickly.

Next, the two of them traveled for nearly several days, and finally a medium-sized city appeared on the land not far away.

Ye Feng and Ye Weiyang rushed over quickly.

Ye Weiyang saw it at first sight. Hanging on the wall of this city was a sign with the shape of the Ice Dragon Clan engraved on it.

Ye Weiyang suddenly showed a hint of joy in his eyes, and said aloud: "This is already the territory of the Ice and Snow Dynasty. When we enter this city, I can use the royal token given to me by His Highness the Ninth Prince to use the territory in this city. The cross-domain teleportation array was teleported directly to the Ice and Snow Dynasty's palace."

You know, the territory of the Ice and Snow Dynasty is very vast, almost occupying the entire central area of the Snow Domain.

Therefore, although Ye Feng and Ye Weiyang have now arrived at the edge of the Ice and Snow Dynasty, they are still very far away from the real core of the palace.

So Ye Weiyang wanted to directly use the cross-domain teleportation array to teleport to the Ice and Snow Dynasty's palace.

When the two of them entered the city, Ye Weiyang took Ye Feng directly to the city lord's mansion.

outside the door.

At this moment, the two of them were walking towards the inner area of the City Lord's Mansion.

Uh-huh! Uh-huh!

But in the next moment, the armored guards from the two city lord's mansions flashed directly in front of the two of them and said: "The city lord's mansion is an important place. No one can enter. You two, please stop."

Ye Weiyang was very indifferent and took out a golden token directly from her storage ring.

The surface of this golden token is engraved with the image of a giant ice dragon with teeth and claws.

At this moment, seeing this golden token, the expressions of the two armored guards of the City Lord's Mansion suddenly changed.

"Plop!"

"Plop!"

The two armored guards of the city lord's palace immediately knelt down on one knee, clasped their fists and said respectfully: "It turns out they are adults from the royal family!"

Ye Weiyang nodded slightly, with a rather majestic look on her beautiful face, and said loudly: "I want to see your city lord."

Uh-huh! Uh-huh!

The two armored guards immediately stood up and said very respectfully: "Two adults, please come this way."

After finishing speaking, the two armored guards immediately led the way towards the city lord's mansion.

At this time, Ye Feng glanced at Ye Weiyang beside him in surprise, and said with a smile: "It's quite majestic."

Ye Weiyang glanced at Ye Feng and said loudly: "It's not my majesty, it's the majesty of the royal family. Because I have the royal token in my hand, that's why they are so in awe of me, in the vast territory of the Ice and Snow Dynasty, as long as it is a city under the rule of the imperial dynasty, you must maintain an attitude of awe when you see the royal family. "

At this time, Ye Feng nodded and said: "It seems that the royal family of the Ice and Snow Dynasty is very majestic."

Next, the two of them followed the two armored guards leading the way, passed through a large area of city gardens, and finally arrived here.

The end of the garden.

There is a huge palace here, which looks very grand.

Two armored guards spoke out: "This is the City Lord's Mansion. The City Lord is inside and seems to be meeting with some very important guests."

"Okay, I understand, no matter how important the guest is, they are not as important as me."

Ye Weiyang was very domineering and walked quickly towards the city lord's palace.

Ye Feng smiled slightly and followed.

Wow!

Ye Weiyang opened the door directly and immediately saw a middle-aged man in a golden robe, who was talking closely with several people.

This middle-aged man in a golden robe should be the city lord.

At this time, Ye Weiyang and Ye Feng suddenly walked in. The city lord and the group of people in front of him immediately looked at Ye Weiyang and Ye Feng.

At this moment, the city lord immediately frowned and said majestically to the outside: "Where are the guards? How come outsiders are allowed to break in directly?"

"Stop calling the guards."

Ye Weiyang took the royal token in her hand and said immediately: "You are the city lord, right? I come from the central royal family, and now I need to return to the central area where the palace is located immediately, so that I can use the cross-teleportation array in your city. "

"Someone from the royal family?"

Before the City Lord could speak, among the group of people in front of him, an old man in black robe suddenly smiled sinisterly and said: "Old City Lord, since you chose to join our Dark Alliance, then you just happened to kill this man from the royal family. Little girl, it's a vote of honor."

"What?"

Hearing what the black-robed old man said, Ye Weiyang's expression suddenly changed, and she stared at the ancient city lord in the hall for a moment, and said angrily: "You are a citizen of the Ice and Snow Dynasty, and you secretly colluded with the Dark Alliance in the Dark Land. ?"

Chapter 3437 So powerful

At this moment, the moment Ye Weiyang finished speaking, the ancient city lord standing in the deepest part of the palace, this tall middle-aged man, suddenly showed a trace of gloominess in his eyes, and then his tone was cold. , said aloud: "I didn't expect that people from the royal family would appear in my city in this corner area. However, your cultivation level is not strong, so I will kill you directly."

boom!

After saying that, the ancient city lord rushed towards Ye Weiyang quickly.

As for Ye Feng, who was standing next to Ye Weiyang, he was not taken seriously by everyone present.

Because Ye Feng seemed to be just a very young human boy, nothing more. Everyone thought Ye Weiyang was just a follower of Ye Weiyang, a member of the royal family.

"Boom!" .??.

At this moment, the ancient city lord was very powerful.

He stretched out one hand, and a bloody eagle claw condensed with red light suddenly appeared in the void, and it quickly grabbed it directly in the direction of Ye Weiyang.

Ye Weiyang suddenly felt a very powerful killing aura.

This ancient city lord is indeed a city lord-level figure, and his cultivation is still very powerful.

The cultivation level of the ancient city lord is impressively that of a first-level existence in the Dragon Transformation Realm, which is above the Qingling Realm.

Uh-huh!

But at this moment, Ye Feng's figure suddenly appeared in front of Ye Weiyang, and then he punched forward with an ordinary punch.

Boom!

Along with a huge roar, the red eagle claw condensed by the ancient city lord was instantly shattered into pieces by Ye Feng's punch.

Even the wind from Ye Feng's punch formed a huge hurricane, which directly caused the ancient city lord to spit out a mouthful of blood, then flew out and fell hard into the main hall not far away. On the ground, all the bones in his body were shattered by the impact, until he died.

Got killed.

"What?!"

Seeing this scene, the experts who came from the dark place who were discussing with the ancient city lord suddenly widened their eyes and felt very incredible.

"How is it possible that a human boy like you has such a strong fighting power? Your cultivation level is obviously only the eighth level of the Qingling Realm, which is one level lower than the Dragon Transformation Realm. The ancient city lord is not your enemy with one move?"

At this moment, even the old man in black robe who was leading the group couldn't help but make a sound of surprise.

In response, Ye Feng just smiled indifferently and said: "I just punched out casually without using any force. Unexpectedly, this ancient city lord fell down and died. It really made me feel helpless." To think that he is so weak."

"you....."

Hearing Ye Feng's indifferent words, but they contained deep sarcasm, the old man in black robe from the dark land immediately shouted angrily: "You are so arrogant as a human boy, let me let you go today." See what dark power is!"

"boom!"

The moment the black-robed old man finished speaking, a dark light burst out from his body.

This dark light directly turned the black-robed old man into a dark giant, full of unparalleled majesty, and quickly charged directly in the direction of Ye Feng.

The aura emanating from this black-robed old man was clearly that of a powerful being at the sixth level of the Dragon Transformation Realm.

This is definitely a master among masters, a strong among strong.

Ye Feng felt a rather fearful feeling at this time.

This old man in black robe is indeed a very strong person.

Big dark creatures.

boom!

At this moment, Ye Feng burst out with the power of Hongmeng's immortal body, and collided with the dark giant transformed by the black-robed old man.

Boom!

The entire field suddenly erupted with a terrifying roar.

At this moment, the dark giant transformed by the old man in black robe stood on the spot without moving, while Ye Feng felt his fist go numb and he took more than ten steps back.

The old man in black robes immediately laughed out loud: "Young man from the human race, no matter how strong your body is, you can't resist the dark giant I turned into. This is the pure dark power that belongs to our dark land."

Ye Feng smiled coldly at this time and said: "What you call dark power is just ordinary dark power. Today I will let you see what the real dark power is."

Buzz!

At this moment, Ye Feng directly cast the anti-life dark spell.

Uh-huh!

Almost at the moment when Ye Feng recited the anti-life dark spell, two extremely dark lights flashed out from Ye Feng's eyes, instantly piercing the void and hitting not far away. The old man in black robe.

Boom!

Almost at the moment when this anti-life dark light hit the black-haired old man, the life force of the dark giant that the black-robed old man transformed into instantly dissipated, and he fell directly to the ground, dead instantly.

Almost an instant kill!

"What?"

"So powerful?"

At this time, even Ye Feng himself couldn't help but exclaimed.

Ye Feng looked at the old man in black robe who fell on the ground not far away, with a hint of surprise in his eyes.

Even Ye Feng himself never thought that this anti-life dark spell could be so powerful.

Emperor Chu laughed loudly in his mind at this time: "Ye Feng, now you know how terrifying this anti-life force is. As long as a living creature comes into contact with this anti-life force, If you use the power, his vitality will disappear in an instant, and it will be almost impossible to resist, unless it is a being that is much higher than your realm and can use its strong vitality to resist this anti-life dark force. "

Hearing what Emperor Chu said, Ye Feng immediately nodded in agreement.

You must know that this black-robed old man is a powerful being in the sixth level of the Dragon Transformation Realm. He is a whole realm higher than himself, but he still cannot block his own anti-life dark light, which destroys him in an instant and kills him in an instant. It was extremely scary.

At this moment, he saw the old man in black robe falling to the ground, dead instantly.

Not far away, a group of dark race masters following the old man in black robes suddenly showed deep horror in their eyes.

They couldn't help but exclaimed: "Elder! Why did you die all of a sudden!"

At this time, Ye Weiyang couldn't help but stare at Ye Feng in front of her, feeling deeply shocked.

Ye Feng's strength has increased a lot compared to when Ye Weiyang first met Ye Feng, and he has become more and more unpredictable.

Especially the dark light that burst out of Ye Feng's eyes just now killed the black-robed old man instantly.

That scene was so shocking!

At this moment, Ye Feng suddenly stared at the remaining group of dark race masters, slowly walked towards them, and said with an indifferent smile: "You came here specially this time to compete with this ancient city. Discussing things with the Lord is definitely a very unusual thing. What are you discussing? Tell me truthfully, are you planning some chance?"

Chapter 3438 Dynasty Luck

The moment Ye Feng finished speaking, the dark races suddenly trembled.

Because they felt complete fear of Ye Feng at this time. After all, even their extremely powerful black-robed elder was killed by Ye Feng's eyes in an instant. It was really terrifying.

At this time, a dark race immediately spoke up and said: "What the elders are discussing here with the ancient city lord is indeed related to a chance creation."

Hearing what this dark race said, Ye Feng's eyes suddenly lit up. It seemed that he had guessed it right.

At this moment, Ye Weiyang also walked to Ye Feng's side and stared at the dark races in front of him with surprise in his eyes.

At this time, Ye Feng stared at the dark races in front of him and said slowly: "As long as you tell me what this fate is? I can spare your lives."

Hearing what Ye Feng said, these dark races suddenly showed hesitant looks on their faces.

Obviously, the matters discussed by their black-robed elders and the ancient city lord were very important and could not be disclosed casually.

"Um?"

At this moment, seeing these dark races hesitate, Ye Feng suddenly showed a cold look in his eyes.

boom!

Ye Feng snorted coldly, and the whole body of a dark race suddenly exploded, and the blood dyed the entire hall red.

"ah!"

This bloody scene made the other remaining dark races immediately tremble to the extreme.

These dark races finally stopped hesitating and immediately said in horror: "I said, I said, don't kill me. This time the elders came here to discuss with the ancient city lord to steal the entire ice and snow." Part of the dynasty's destiny."

"Stealing the power of the dynasty's destiny?"

When Ye Feng heard what this dark race said, a look of surprise suddenly appeared in his eyes, and he couldn't help but ask: "How to steal?"

This dark race immediately spoke out: "In this city lord's palace, our elders secretly helped the ancient city lord build eighteen statues of the dark devil, arranged in a special way, plus the city in the hands of the ancient city lord Jade Seal, these eighteen statues of the Dark Demon God can steal part of the Ice and Snow Dynasty's destiny."

Ye Feng's eyes couldn't help but reveal a hint of doubt, and he said loudly: "The jade seal of a small city can steal the power of destiny of the Ice and Snow Dynasty. Is it true?"

Several dark races present immediately nodded their heads and said quickly: "Because this city is affiliated to the Ice and Snow Dynasty, the jade seal of the city is invisibly connected to the national destiny of the entire Ice and Snow Dynasty. As long as it passes through our dark Some of the evil methods of the race are to use the city jade seal as a medium to steal part of the fate of the Ice and Snow Dynasty from the national destiny of the dynasty, allowing the elders and ancient city lords to receive a huge improvement. "

When Ye Feng heard the explanations of these dark races, he finally understood it completely.

Even Ye Feng couldn't help but admire. The old man in black robe who was killed by him had some skills.

Ye Feng said: "Have the arrangement of the eighteen Dark Demon God sculptures been completed?"

"It's almost completed. It only takes a few days to steal the power of the dynasty's destiny." Several dark races said immediately.

"good."

Ye Feng looked at the several dark races in front of him and said: "Then you continue to arrange the luck-stealing combination formation, hurry up and complete it, and go do things for me honestly, otherwise, you will all To die."

"What?"

A dark race immediately said in horror: "You are from the Ice and Snow Dynasty, do you still want to continue to steal the power of the dynasty's destiny? This goes against your loyalty."

Suddenly there was a "pop!"

Ye Feng directly slapped this dark race away and said: "I am not a member of the Ice and Snow Dynasty yet. Everything is based on my own interests. If I have this opportunity to steal the power of the dynasty's destiny, I will naturally not let it go. However, and just stealing a part of the power of destiny is probably not painful for the entire huge Ice and Snow Dynasty, Ye Weiyang, don't you think so?"

Ye Weiyang is a subordinate of the royal family. Hearing what Ye Feng said at this moment, he could only smile bitterly and said: "No problem, a little bit of luck is nothing, I'll just pretend I didn't see it."

Hearing this, Ye Feng nodded slightly, then looked at the dark races in front of him and said, "Take us there to see."

"Yes, sir."

Several dark races immediately nodded and bowed, and walked quickly in a certain direction ahead.

Ye Feng and Ye Weiyang quickly followed.

Half an hour later, Ye Feng and the two followed the dark races and arrived at the rear area of the city lord's mansion.

There is a huge square here. The entire ground of the square is made of a special kind of black jade. It looks very dark and has a deep sense of beauty.

At this moment, Ye Feng immediately saw that on the huge black jade square in front of him, there were eighteen majestic sculptures of the Dark Demon God, which looked very breathtaking.

In the middle area of the eighteen Dark Demon God sculptures, there is a golden jade seal floating in mid-air.

This golden jade seal should be the city jade seal of this border city. It is the key thing that communicates the national destiny of the entire Ice and Snow Dynasty.

At this time, Ye Feng asked: "How many days will it take to complete?"

Several dark races spoke out while carving complicated patterns on the entire formation, "It should take two to three days to completely complete it."

"good."

Ye Feng nodded, looked at Ye Weiyang beside him, and said, "Let's come back in two days."

Ye Weiyang also nodded and said: "After the death of the ancient city lord, the entire frontier city may be in great chaos, but fortunately I have the royal token given to me by the Ninth Prince. During this time, I will maintain the stability of the entire city. Ye Feng, just feel free to steal the royal family's luck, and I hope your cultivation strength can reach a higher level."

"Okay, thank you very much."

Ye Feng clasped his fists, feeling heartfelt gratitude for Ye Weiyang's support.

"Yeah, as long as you can become more amazing and stunning, then everything I do will be worth it."

Ye Weiyang is very looking forward to Ye Feng's future.

After Ye Weiyang finished speaking, he walked directly outside the city lord's palace, obviously using his identity to stabilize the situation in the entire city.

At this time, Ye Feng returned to the city lord's hall, directly released the Devouring Domain, and began to devour the skills of the two masters, the ancient city lord and the old man in black robes, who were killed by him. The moment Ye Feng finished speaking, the dark races suddenly trembled.

Because they felt complete fear of Ye Feng at this time. After all, even their extremely powerful black-robed elder was killed by Ye Feng's eyes in an instant. It was really terrifying.

Ye Weiyang is very much looking forward to Ye Feng's future.

After Ye Weiyang finished speaking, he walked directly outside the city lord's palace, obviously using his identity to stabilize the situation in the entire city.

At this time, Ye Feng returned to the city lord's hall, directly released the Devouring Domain, and began to devour the skills of the two masters, the ancient city lord and the old man in black robes, who were killed by him.

Chapter 3439 Dark Beast Tide

"Rumble..."

Along with Ye Feng's devouring, the skills and vitality of the ancient city lord and the black-robed old man were directly absorbed, rapidly strengthening Ye Feng's skills.

At this time, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

"boom!"

At this moment, Ye Feng made a breakthrough!

Stepping into the ninth level of Qingling Realm!

"not bad."

Ye Feng nodded slightly.

...

Two days went very quickly.

On the night of the second day, a dark race came to the city lord's hall. He said to Ye Feng, who was resting with his eyes closed inside, "Sir, the formation has been completed and is just waiting to be started."

Ye Feng nodded slightly, smiled and said, "Okay, take me there quickly."

After finishing speaking, Ye Feng stood up directly and followed this dark race towards the black jade square behind the city lord's palace.

Soon, Ye Feng came to Black Jade Square again.

At this time, Ye Feng saw that the eighteen dark demon sculptures were all surrounding each other, surrounding the jade seal suspended in mid-air in the center.

At this moment, the jade seal has changed from golden yellow to pitch black, as if it has been soaked by countless dark forces.

Ye Feng asked aloud: "How can I steal the luck of the dynasty?"

A dark race next to him immediately said respectfully: "Sir, as long as you stretch out a hand and press it on this jade seal, you can steal the luck of the dynasty from it."

"good."

Hearing what this dark race said at this moment, Ye Feng immediately nodded, and then flew into the air, flying towards the jade seal surrounded by countless dark energy.

When Ye Feng came to the jade seal, he directly stretched out his hand and pressed it on the jade seal without any hesitation.

Boom!

The moment Ye Feng stretched out his hand and pressed it on the jade seal, Ye Feng felt as if his mind was exploding.

At this moment, Ye Feng felt that his soul and spirit were integrated into the jade seal in front of him.

This jade seal is like an eye, allowing Ye Feng to observe all the scenes in the vast territory of the Ice and Snow Dynasty in an instant.

At this moment, Ye Feng looked around and found that many city scenes appeared in his field of vision.

Every city, as long as it is a city awarded by the Ice and Snow Dynasty, is connected to the central destiny of the country.

Ye Feng could see that every city had a golden aura.

These golden auras should be the power of luck of the Ice and Snow Dynasty.

These powers of luck, whether strong or weak, should be distinguished based on the overall strength of each city.

The city where Ye Feng is located does not have very strong luck, but it still makes Ye Feng feel a very huge energy.

At this moment, Ye Feng subconsciously looked towards the middle, and immediately saw a quite shocking scene.

In the center of the Ice and Snow Dynasty, Ye Feng saw a golden pillar of luck that was several kilometers long, emitting thousands of feet of golden light. It was sacred and majestic, reaching straight into the sky. It looked very shocking.

Of course, normal people would not be able to see this shocking scene.

This scene can only be seen by Ye Feng now.

Because the jade seal that Ye Feng reached out to touch now became his own eye, able to see all the destiny power of the Ice and Snow Dynasty.

"boom!"

Next, Ye Feng didn't hesitate any more and directly began to absorb the power of luck attracted by this jade seal.

Although the city where Ye Feng is located is just a small border town, the power of luck is not very strong.

But when Ye Feng absorbed it, he still felt the boundless energy, which instantly filled his Dantian and flowed to his limbs.

The energy was in his limbs, roaring like an angry dragon.

At this moment,

Ye Feng suddenly felt that his skills were undergoing an unparalleled improvement and transformation.

You must know that this is the power of luck of the Ice and Snow Dynasty. It is the power of luck that is divided from the national destiny of the Ice and Snow Dynasty, the dynasty that dominates the snow region. It is very advanced and the energy is very powerful.

Even if it is just the power of luck in a small city, Ye Feng now has a huge amount of energy, which is equivalent to swallowing thousands of super powerful people in the Dragon Transformation Realm.

Buzz!

At this moment, Ye Feng's body suddenly began to erupt with new and powerful aura of cultivation.

That's the momentum of a breakthrough!

"boom!"

The tenth level of Qingling Realm!

"boom!"

Half step to the Dragon Transformation Realm!

"boom!"

The first level of Dragon Transformation Realm!

"boom!"

Second level of Dragon Transformation Realm!

"boom!"

The third level of Dragon Transformation Realm!

At this moment, Ye Feng's cultivation finally stopped.

At this time, Ye Feng opened his eyes, with unstoppable excitement in his eyes.

Because Ye Feng never expected that his cultivation would directly cross a big bottleneck.

And he also broke through to the third level of Dragon Transformation Realm one after another!

This is a very powerful and advanced level of cultivation!

You know, Ye Feng's body is like a bottomless pit.

But even so, with the help of such a force of luck, Ye Feng's cultivation suddenly experienced such a huge transformation and breakthrough.

This shows how terrifying such a force of luck is.

Ye Feng now finally understood why the ancient city lord did not hesitate to collude with the dark race from the dark land to steal and obtain such a power of destiny.

This force of luck is simply unparalleled energy for practitioners of any race, and can bring huge benefits to the thief.

Uh-huh!

At this time, Ye Feng flew down from the sky with a super powerful aura of powerful cultivation at the Dragon Transformation Realm level all over his body.

Several dark races beside him immediately clasped their fists respectfully and said, "Congratulations, sir, on your great achievement."

Ye Feng just smiled faintly and said aloud: "We are still far from the achievement of magical power."

After finishing speaking, Ye Feng glanced at the eighteen demon sculptures behind him and the jade seal, and asked aloud: "Can this formation also steal the power of luck in other cities?"

Several dark races shook their heads and said aloud: "Each city must arrange various arrangements and combinations according to the feng shui of each city. In this city, eighteen demon sculptures may be needed, but in another city The city may only need three demon sculptures arranged in different positions to steal. This is related to Feng Shui and the mysterious destiny. Only the elders of our dark race can do it. We don't understand it. , we can only complete some finishing work."

When Ye Feng heard this, there was a hint of disappointment in his eyes.

But Ye Feng was also satisfied. After all, being able to steal the power of luck from a city was already pretty good.

If you keep stealing, you might be noticed by the super strong men in the Ice and Snow Dynasty, and a terrifying murderous intention will come. In that case, the gain will outweigh the loss.

After all, Ye Feng is planning to hang out among the royal family of the Ice and Snow Dynasty.

"Boom!!"

Suddenly at this moment, a huge roar suddenly came from the direction of the city wall.

"what's the situation?"

Ye Feng looked in that direction.

Uh-huh!

Several armored city lord's palace guards flew in from a distance, flew in front of Ye Feng, and immediately knelt down on one knee and said respectfully: "You must be the peerless talent that Lord Ye Weiyang mentioned, right? Ye Weiyang, right? Lord Weiyang asked me to inform you that in the wilderness outside the city, for some reason, a dark beast tide of dark creatures suddenly broke out and is violently attacking the entire city. Please come with us to fight, otherwise , the entire city will be destroyed."

Chapter 3440 Retaliation

The sudden occurrence of the dark beast tide was something Ye Feng did not expect.

At this time, Ye Feng stared at the guard of the City Lord's Mansion in front of him, and immediately said: "Hurry up and take me to take a look."

The guard of the City Lord's Mansion immediately nodded and flew quickly in a direction not far away.

Ye Feng also quickly followed at this moment.

Ye Feng knew very well that once the tide of dark beasts broke out outside, all the dark creatures in the entire dark land would probably attack this city in large numbers.

With the defensive strength of this small city, it is estimated that it will not be able to withstand the frenzy formed by such terrifying dark creatures.

Moreover, even Ye Weiyang, a member of the royal family, could not resist him. After all, although Ye Weiyang had a noble status, his own strength was not that strong.

So at this time, Ye Feng decided to follow up and take a look.

If he had the ability, he might be able to help Ye Weiyang resist the entire tide of dark beasts.

If the entire dark beast tide was particularly terrifying, then Ye Feng would naturally not die and would choose to leave here directly.

This all depends on the specific circumstances.

A few minutes later, Ye Feng followed the guards of the city lord's mansion and finally arrived at the gate of the city lord's city.

When Ye Feng flew to the city wall, he immediately saw endless dark creatures, forming an invisible army of darkness, charging towards the entire city.

At this moment, although the tall city wall outside the city was engraved with ancient defensive formations and emitted bright light, forming a defensive light shield, but under the impact of the

terrifying dark craze, the entire The city walls were shaking violently, as if they were about to collapse in the next moment.

At this time, Ye Weiyang and a group of soldiers from the city lord's palace were struggling to resist the attack of dark creatures.

There were many archers lined up on the entire city wall, shooting wildly at the bottom, but it was of no use at all.

Because dark creatures come from the dark land overwhelmingly, there is no way

It couldn't be cleared completely, only a small part was cleared, but it was quickly made up again.

At this time, seeing Ye Feng arriving, Ye Weiyang suddenly showed a hint of surprise in his eyes, and said quickly: "Ye Feng, come and help me resist this dark craze, I can't hold it anymore."

Uh-huh!

Ye Feng nodded at this time and flew over.

Buzz!

At this moment, Ye Feng exuded his soul power and quickly covered the entire battlefield below.

Almost at this moment, Ye Feng immediately felt that this dark frenzy was not as terrifying as he imagined.

The cultivation strength of many dark creatures is very ordinary.

However, there are still several dark creatures among them that are very powerful.

But now you need to know that after Ye Feng swallowed the power of luck in this city, his cultivation level has been greatly improved.

At this moment, Ye Feng is an extremely powerful dragon-level super expert.

Coupled with Ye Feng's extremely powerful combat power, Ye Feng immediately jumped under the city wall at this moment.

"What?"

"Jumped directly?"

Seeing that Ye Feng jumped directly into the frenzy of countless dark creatures, the many guards of the City Lord's Mansion on the city wall showed deep horror in their eyes.

They never thought that Ye Feng would be so impulsive and jump directly into the endless army of dark creatures. They would probably be overwhelmed in an instant.

But at the next moment, what shocked everyone to the point where their eyes glazed over.

Ye Feng jumped into the dark army composed of endless dark creatures, and directly burst out with super power.

boom

rumble! !

Each of Ye Feng's punches can erupt into a terrifying shock wave, which can instantly shatter all the dark creatures within a few kilometers in front of him.

Moreover, these dark creatures could not cause any harm to Ye Feng at all.

Ye Feng's Hongmeng Immortal Body is very solid and powerful, and these ordinary dark races cannot cause damage to Ye Feng at all.

And Ye Feng's every move can cause huge destructive power and destruction.

So after Ye Feng jumped off the city wall, in just half an hour, nearly half of the endless dense army of dark creatures had been killed by Ye Feng and disappeared.

"hiss!"

This scene made all the guards of the city lord's palace on the entire city wall couldn't help but gasp.

This kind of fighting power is really terrifying.

It's absolutely terrifying!

At this moment, Ye Weiyang stood on the city wall and saw this scene, with deep surprise in her eyes.

She knew that Ye Feng must have successfully stolen the power of luck in this city, and his cultivation strength had increased tremendously.

That's why it's become so scary now.

Ye Feng stole the power of luck from the Ice and Snow Dynasty, and his cultivation strength has been enhanced. Now he helps the border city of the Ice and Snow Dynasty resist the invasion of this dark craze, which can be regarded as repaying the favor.

At this moment, Ye Feng was rushing through countless armies of dark creatures, killing endlessly.

At the same time, Ye Feng also released his Devouring Domain, quickly devouring the blood and energy of all dark creatures in the entire army.

As long as the blood of the dark creatures killed by Ye Feng was all devoured by Ye Feng.

Although these dark creatures were very ordinary and not very powerful in combat, they were easily killed by Ye Feng.

But you need to know

He said, this is a tide of dark beasts. There are countless dark creatures and dark monsters. Under such a huge accumulation, Ye Feng's cultivation skills have gained unparalleled growth and accumulation.

Therefore, the aura on Ye Feng's body is continuously rising.

In less than a few hours, Ye Feng's cultivation level once again made a breakthrough and he directly entered the fourth level of the Dragon Transformation Realm!

Nearly three-quarters of the entire frenzy of dark creatures has been wiped out.

In the wilderness outside the entire city wall, there were corpses and rivers of blood. It looked very bloody, but shocking.

Uh-huh!

At this time, suddenly a young man wearing black armor rushed out from the dark jungle not far away.

The head of this young man wearing black armor is not a human head, but actually a dragon head with six horns.

The cultivation aura exuding from this dark young man with a dragon head body at this moment is clearly the cultivation aura of the tenth level of the Dragon Transformation Realm, which is very terrifying and huge.

Obviously, this dark young man with a dragon head is a super strong man in the dark land, much more powerful than the old man in black robe before.

At this moment, this dark young man with the body of a dragon rushed directly towards Ye Feng, with deep shock and anger in his eyes. He couldn't help but yelled: "Damn human boy! You actually destroyed You have killed so many dark armies in our dark land! This is simply a heinous crime. Today, I will kill you under the blue sky!"

Boom!

The moment the dark young man finished speaking, a terrifying and boundless aura suddenly erupted from his body, and he rushed directly in the direction of Ye Feng.

The dark aura emanating from this dark young man simply formed a dark frenzy, sweeping in the direction of Ye Feng, as if it could cover the entire sky and the earth. It was very terrifying. , the scene is very scary, as if the dark doomsday is coming!
