Chapter 3441 Hidden Dragon Emerges from the Abyss

At this time, facing this extremely powerful dark young man, Ye Feng had no fear at all. His eyes were shining brightly, and he also burst out with the powerful power of the Hongmeng Immortal Body and rushed towards this dark young man.

For Ye Feng, now that his cultivation has entered the Dragon Transformation Realm, he no longer has any fear at all.

At this moment, Ye Feng's burst of power also formed a vast wave of divine light, which collided with the dark energy of the dark young man not far away.

Boom! !

The entire field suddenly erupted with a huge roar.

The next moment, Ye Feng did not retreat, but instead advanced forward with great fighting spirit in his eyes. A golden battle ax appeared in his hand, and he slashed directly forward.

Boom! !

A terrifying golden light suddenly erupted from the golden battle axe, as if it could cut the entire world into two pieces.

Boom!

The dark frenzy that erupted from the dark young man was directly split in half by Ye Feng's golden battle axe.

"What?!"

At this moment, seeing how brave Ye Feng was, the dark young man with a dragon head suddenly showed deep horror in his eyes.

Because he never thought that this human boy whose cultivation level was no higher than the fourth level of Dragon Transformation Realm would be so terrifying in combat.

You must know that this dark young man with a dragon head is not an ordinary strong man at the tenth level of the Dragon Transformation Realm. He has the blood of the ancient black dragon flowing in his body.

Therefore, the combat power of this dark young man is definitely at the top level among those in the same realm.

The dark young man's real combat power has even surpassed his current tenth level of the Dragon Transformation Realm, and is a super powerful combat power at the Star Realm level above the Dragon Transformation Realm!

But even so, Ye Feng was still able to defeat his attack twice in a row, which is really unimaginable.

At this time, the dark young man finally looked at Ye Feng with a hint of fear.

color.

In the land of darkness, the dark young man claims to be the most talented young man and is invincible in the world. Even many strong men of the older generation are no match for this dark young man.

But now, the dark young man never thought that one day he would be confronted by a young boy from a humble race like the human race.

"hateful!"

"Then let you, a human boy, see my true power!"

"The Trapped Dragon's Ascension Technique!"

Boom! !

Almost at this moment, the dark young man yelled.

Countless terrifying dark energy suddenly erupted from his body, directly condensing into dark dragons.

Finally, a total of ten thousand dark dragons condensed at once, all roaring and roaring in the entire sky, charging towards Ye Feng.

Boom!

At this moment, even Ye Feng, who was so powerful in combat, was bombarded by the ten thousand dark dragons and was pushed backwards quickly.

At this moment, a trace of blood overflowed from the corner of Ye Feng's mouth.

Even the Hongmeng Immortal Body was unable to withstand the terrifying attack of these ten thousand dark dragons at this moment.

Because the power of ten thousand dark dragons is absolutely overwhelming and very terrifying. The Hongmeng Immortal Body of the first heaven cannot resist it for the time being.

It has to be said that this dark young man deserves to have the bloodline of the ancient dark dragon, and the power he unleashes is very powerful.

At this moment, the dark young man burst into laughter, with a deep sarcasm in his eyes, staring at Ye Feng, very aloof, and said loudly: "Now I have inspired the dark power in the deepest part of my bloodline, You can't fight against me at all, because this is the perfect dark power of my dark dragon bloodline and dark land.

With the powerful skills after fusion, it is impossible for you alone to fight against my ten thousand dark dragons. "

"Oh, is it so?"

At this time, Ye Feng stared at the dark young man in front of him, wiped away a trace of blood from the corner of his mouth, and showed a deep fighting spirit in his eyes. He grinned and said loudly: "You have already used your skills, so, I think I I should also show you my ultimate move."

"Anti-Life Dark Spell!"

Almost at the moment Ye Feng finished speaking, two dark rays of light suddenly burst out from Ye Feng's eyes.

Uh-huh!

Uh-huh!

This kind of dark light is not the light condensed by ordinary dark power, but a very terrifying anti-life force. At this moment, the two dark lights that impact from Ye Feng's eyes are 10,000 people in front of him. The giant dragons were crushed one by one.

"hold head high!"

The whole field suddenly heard the roar of dragons.

"What?!"

Seeing this scene, the dark young man not far away suddenly showed deep horror in his eyes.

Because he never thought that Ye Feng actually possessed such terrifying special power.

That kind of dark light was even more terrifying than the combination of his bloodline and the power of the dark land.

From the dark light that struck Ye Feng's eyes, he felt a terrible feeling against life.

This is an evil force that almost does not exist in the world, and is countless times more evil than the power of darkness.

Because this is completely anti-life!

A feeling more terrifying than hell.

At this moment, the dark young man suddenly understood that Ye Feng was definitely not just an ordinary human boy.

At this time, the dark young man stared at Ye Feng, who was not far away. His eyes were very solemn and cautious, and he said loudly: "Young man from the human race, what are you doing?"

who is it? "

Ye Feng smiled faintly at this moment and said: "I am just an ordinary human race. In your eyes, maybe our human race is very humble and a weak race, but when I come, I will rectify the name of the entire human race." "

boom!

At this moment, two anti-life dark rays of light burst out from Ye Feng's eyes again, shattering all the remaining dark dragons, and then instantly penetrated the body of the dark young man not far away.

"you....."

The next moment, the dark young man didn't even have a chance to react. His entire body was penetrated by the anti-life light in an instant, and his eyes widened.

His defense had no countervailing effect against this anti-life light, and he was directly killed. He fell to the ground, completely dead.

"So powerful!"

At this time, all the guards of the city lord's palace on the city wall behind, including Ye Weiyang, had deep horror and shock in their eyes.

Because they had just seen that this dark young man from the dark place was definitely not an ordinary existence, but a super terrifying dark creature.

But even so, Ye Feng was still killed on the spot, without any chance of escape.

Ye Feng's strength is truly terrifying to the extreme.

At this time, many guards in the city lord's mansion stared at Ye Feng, with deep awe in their eyes.

They also understand that the human race is not necessarily a weak race. Among the human race, there will also be extremely talented and unique geniuses who are no weaker than other powerful races!

"Ye Feng, I'm really looking forward to how terrifying you can grow..." At this moment, Ye Weiyang's beautiful eyes were staring at Ye Feng's tall figure not far away, with a deep brilliance in her eyes.

Because she finally discovered at this time that the human race boy she had originally chosen might achieve far more than she originally expected, like a hidden dragon coming out of the abyss, shocking the world!

Chapter 3442 Golden Warrior

At this moment, the entire wilderness has become a desolate place.

All the dark army has been killed.

boom!

Ye Feng released the Devouring Domain at this time, and enveloped the very powerful dark young man he had killed before in his Devouring Domain.

"Rumble..."

Suddenly, waves of very majestic energy were directly injected into Ye Feng's dantian, rapidly increasing Ye Feng's power.

For Ye Feng, the energy contained in such superpowers, especially extremely advanced dark creatures, is a huge source of nourishment for Ye Feng's cultivation.

So at this time, Ye Feng's skill immediately improved rapidly.

boom!

The fifth level of Dragon Transformation Realm!

boom!

The sixth level of Dragon Transformation Realm!

At this time, with the help of the remaining energy of the dark army and the skill of this dark young man, Ye Feng's cultivation successfully broke through the second heaven again and stepped into the sixth heaven of the Dragon Transformation Realm.

At this time, Ye Feng took a deep breath. This time, his skill has really improved a lot.

At this moment, Ye Feng looked at the city not far away and found that everyone was looking at him with awe.

At this time, Ye Feng knew that his battle had vindicated the name of the human race.

Let everyone know that the human race is not a weak race, but a race that can also produce extremely strong men.

At this moment, Ye Feng flew to the city wall and came to Ye Weiyang. He smiled and said: "The solution is pretty good, right?"

Ye Weiyang's beautiful face suddenly showed a touching smile, and she said loudly: "Ye Feng, it's really thanks to you this time. Otherwise, our small city will definitely not be able to survive." It's impossible to resist such a ferocious dark craze, let alone such a powerful dark creature master coming out of the dark place."

Hearing what Ye Weiyang said, Ye Feng just smiled slightly and said: "I have obtained the power of luck in this city, so I should do something for this city, which can be regarded as repaying the favor."

Buzz!

At this moment, a very terrifying power aura suddenly appeared in the entire world.

This breath of power has surpassed the Dragon Transformation Realm. It is definitely a transcendent existence above the Dragon Transformation Realm and at the Star Realm level.

"Is there another super strong person coming to the dark place?"

At this moment, everyone present's eyes changed slightly, and they immediately looked towards a high altitude not far away.

"That is....."

But at the next moment, what appeared in everyone's eyes was not a dark creature, but a young man wearing golden armor. He looked very majestic, with a golden halo covering his body, like a golden god of war.

At this moment, Ye Feng felt a deep fear, because this young man wearing golden armor was very powerful, not just in the Star Realm.

"Is this a golden warrior?"

Ye Weiyang showed a trace of surprise in her eyes at this time, and couldn't help but say: "The Golden Warrior is a special unit of our Ice and Snow Dynasty. It is a warrior specially trained by the royal family to patrol the world. It is very powerful and is specially used to patrol the world. To fight against powerful foreign enemies, each golden warrior has been specially trained. Even the royal family of the Ice and Snow Dynasty will inject the blood of various ancient powerful overlord races into the bodies of these golden warriors, making them become extremely powerful warriors. They are masters of bloodline inheritance, so their combat power is very terrifying, not just because of their superb cultivation."

"Inject the blood of various ancient powerful overlord races?"

When Ye Feng heard what Ye Weiyang said, his eyes immediately revealed

He was surprised, and he didn't expect that the royal family of the Ice and Snow Dynasty would come up with such a special method to cultivate extremely powerful warriors for their royal family.

Ye Weiyang spoke up at this time: "This golden warrior is probably attracted by the dark craze here."

Buzz!

And when Ye Weiyang was talking, the tall and majestic golden warrior descended from the sky and came to the sky above the city wall, overlooking everyone.

"Greetings to the Lord Golden Warrior."

On the entire city wall, many guards of the city lord's palace knelt down on one knee, clasped their fists and shouted, their voices full of awe.

Because every golden warrior is not only extremely powerful in cultivation, but also enjoys a very high status in the territory of the Ice and Snow Dynasty.

So when these low-status guards of the city lord's palace saw the arrival of a rare golden warrior, they were naturally frightened and knelt down one after another.

At this time, the tall and majestic golden warrior's golden pupils suddenly stared at Ye Feng below, and made a majestic voice: "You have the power of luck in the city, and you stole this city. The luck of the dynasty?"

"Oops!"

Hearing what the golden warrior said, Ye Weiyang, who was standing next to Ye Feng, couldn't help but change his eyes immediately.

This golden warrior did not come here because of the tide of dark beasts, but because the luck of this city was stolen, so he came here!

No wonder a golden warrior came to such a remote place. It turned out that he came to see who had stolen part of the national destiny.

Hurry!

At this moment, Ye Weiyang immediately stood in front of Ye Feng, and quickly clasped his fists to the golden warrior and said, "Hello, sir. I am Ye Weiyang, the inspector under the command of His Royal Highness the Ninth Prince. The human boy behind me is my good friend. He also accidentally obtained the power of luck of this city, and he helped this city of our Ice and Snow Dynasty to resist the destructive dark beast tide, so please forgive him, sir." Boom! However, just as Ye Weiyang's voice fell, a powerful aura of cultivation suddenly burst out from the body of the golden warrior, and Ye Weiyang in front of him was blasted away and fell to the ground not far away. Puff! Ye Weiyang immediately couldn't help but spit out a mouthful of blood, and was severely injured in an instant. It must be said that the cultivation of this golden warrior is simply terrifying to the extreme. At this moment, the golden warrior looked at Ye Weiyang who was lying on the ground not far away, smiled coldly, and said: "A small inspector dares to talk nonsense in front of me? Be honest, or I will arrest you too." At this time, after the golden warrior finished speaking, he stared at Ye Feng directly and said majestically: "Kneel in front of me immediately, surrender, and follow me back to the prison of the dynasty to accept the judgment of the dynasty's laws." At this moment, Ye Feng stared at the golden warrior for a moment, his eyes were cold and terrifying, and said "If you want to catch me, just catch me. Why do you want to hurt my friend?"

"Friend?"

The golden warrior was very arrogant. He stared at Ye Feng and said, "You are a lowly human race. Do you have the right to question me? She is just a dog of the royal family. She is as lowly as you, a human boy. I didn't kill her directly. It is already a gift from me. As for you, a lowly human race boy who dared to steal the luck of the city, I am too lazy to take you back to the royal family for trial. I will kill you right here."

Bang!

The moment the golden warrior finished speaking, a big hand grabbed Ye Feng directly, emitting golden divine light, like the hand of the ancient golden god, full of boundless power, as if the entire universe would surrender to this hand!

Chapter 3443 Several bloodlines

Buzz!

At this time, the golden warrior's attack was very terrifying.

His big golden hand was filled with unparalleled power and terrifying and boundless destructive power, and it attacked Ye Feng in an instant.

"boom!"

Ye Feng stretched out his fist at this time and collided directly with the big golden hand.

Boom! .??.

The next moment, a terrifying roar suddenly sounded on the field.

Wow!

The next moment, Ye Feng's entire body was blown away by this big golden hand.

The whole person directly crashed into a large building in the distance and was buried in the ruins.

Seeing this scene, the golden warrior immediately smiled disdainfully and said loudly: "A humble human race who dares to fight against me is really looking for death."

Wow!

But at this moment, the ruins not far away suddenly exploded.

Uh-huh!

Ye Feng rushed out of the ruins again, completely unscathed, and did not suffer any special injuries.

"Um?"

Seeing this scene, the eyes of the golden warrior not far away suddenly revealed a look of surprise again and again. It seemed that he did not expect that Ye Feng could withstand his blow and did not suffer any damage.

At this moment, Ye Feng shook his palm and felt that the whole palm was a little numb.

Ye Feng stared at the golden warrior not far away. He had to admit that this golden warrior was still very powerful. He was worthy of being a super warrior specially trained by the royal family of the Ice and Snow Dynasty to patrol the world.

Ye Feng said slowly: "Since you want to kill me so much, I won't hold back anymore. I want you to know that even the weakest race can produce a peerless strong man. "

boom!

Almost at the moment Ye Feng finished speaking, a terrifying black gold light of the Hongmeng Immortal Body suddenly erupted from his body.

r\u003e

At this moment, Ye Feng rushed directly towards the golden warrior not far away, full of fighting spirit.

When the golden warrior saw Ye Feng taking the initiative to attack him, a hint of contempt suddenly appeared in his eyes, and he said loudly: "Even if your physique is indeed a bit special, you are far from being my opponent, because Your realm is too low, and I have a terrifyingly powerful bloodline. My body is infused with several ancient overlord race bloodlines. I can easily suppress you by stimulating the power of any bloodline. "

"Ice Qilin Bloodline!"

boom!

At this moment, the golden warrior burst out with an ancient bloodline power injected into his body. It was the legendary ice unicorn bloodline, which was very terrifying.

Wow!

A large wave of ice surged directly from the golden warrior's body, as if everything was about to be frozen in this cold wave.

"You have the power of blood, don't I?"

Ye Feng roared loudly, filled with fighting spirit.

At this moment, Ye Feng also inspired his powerful bloodline, the fire dragon bloodline!

The fire dragon bloodline is a very powerful bloodline power that Ye Feng previously plundered with the All-Things Furnace.

Boom!

At this moment, Ye Feng's body suddenly erupted with a raging light of flames.

This raging flame formed a giant flaming dragon directly on the sky above Ye Feng's head, filled with unparalleled burning power, as if it could burn the dark sky with overwhelming momentum.

This giant flame dragon directly collided with the ice frenzy sweeping over not far away, and a terrifying destructive power of ice and fire suddenly broke out.

the entire surrounding circle

The land for tens of thousands of miles was beaten to pieces, half of it was frozen, and the other half was burned to ashes.

The next moment, Ye Feng's flaming dragon directly broke through the golden warrior's ice frenzy.

This made the golden warrior's eyes suddenly show a look of astonishment, as if he did not expect that Ye Feng also had such a powerful bloodline power.

"How is it possible? You, a humble kid from the human race, actually possess the great fire dragon bloodline. This is simply impossible. However, don't think that you can defeat me like this. I also have other more powerful bloodline powers. "

At this moment, the golden warrior shouted: "Destroy the bloodline!"

Boom!

At this moment, a large amount of destructive power surged out of the golden warrior.

This was an extremely terrifying shock wave that erupted from the golden warrior, as if it could destroy everything.

Ye Feng did not hesitate at this moment and directly released his most powerful method at present, the anti-life dark spell!

Swish!

Two anti-life dark rays of light flashed out from Ye Feng's eyes, directly piercing the shock wave and the golden warrior's body.

"ah!"

The golden warrior immediately screamed.

However, the golden warrior's vitality was very strong, and he was not instantly killed by Ye Feng's anti-life dark light.

"Damn human boy! I want you to die!"

The golden warrior roared loudly, and a golden war spear appeared in his hand, charging directly in the direction of Ye Feng. Golden light erupted all over his body, like a golden god with monstrous power.

"kill!"

Ye Feng was not afraid, and fully unleashed the power of Hongmeng's immortal body. A golden battle ax appeared in his hand, and he fought fiercely with the golden warrior.

r\u003e

Boom! !

Countless divine lights flashed across the entire sky, and the two of them were like two young gods, fighting fiercely in the sky.

Finally, at a certain moment, Ye Feng seized the opportunity and once again released the anti-life dark light, directly piercing the head of the golden warrior with a "pop".

boom! !

The golden warrior didn't even have time to scream. His majestic body fell from the sky and hit the ground, killing him instantly.

Ye Feng was also a little exhausted at this time, but his eyes were full of excitement.

He actually killed such an extremely powerful golden warrior.

This shows that his combat effectiveness has now reached a very terrifying level.

You must know that this golden warrior is a super strong man at the star level that has surpassed the Dragon Transformation Realm, and also possesses several extremely powerful bloodline powers, but he was still killed by himself.

Of course, Ye Feng was not only impressed by his own fighting power, he was also very surprised by the method of anti-life dark light.

This kind of anti-life dark light is so powerful that it can be used as a trump card at critical moments to kill the opponent instantly. No living creature can withstand this anti-life force.

Uh-huh!

At this moment, Ye Feng descended from the sky and came to the front of the golden warrior.

Without any hesitation, he threw the golden warrior directly into the furnace of all things awakened by the first heaven of the Hongmeng Immortal Body.

Because this golden warrior has been injected with several powerful bloodline powers, if he plunders it, he will have several powerful bloodline powers.

Moreover, his Hongmeng Immortal Body will also be greatly improved.

Because the several bloodlines contained in this golden warrior's body are very advanced, they should be able to improve the Hongmeng Immortal Body a lot.

Chapter 3444 The second level of accompanying talents

"Buzz!"

At this moment, after Ye Feng threw the golden warrior into his furnace of all things, he immediately felt a huge power injected into his dantian.

This energy greatly improved Ye Feng's skills.

"boom!"

The seventh level of Dragon Transformation Realm!

"boom!"

The eighth level of the Dragon Transformation Realm!

This power directly caused Ye Feng's cultivation to break through two levels in a row, and he rushed directly into the eighth level of the Dragon Transformation Realm!

And in addition to this energy that can improve one's skill, there is another kind of energy.

That is blood energy!

You must know that this golden warrior is a talent specially cultivated by the royal family of the Ice and Snow Dynasty, and his body is fused with several powerful bloodlines.

So at this time, Ye Feng got two powerful bloodlines from the body of this golden warrior.

Ice Kirin bloodline and Great Destruction bloodline.

But what makes Ye Feng most happy is that the blood energy of the Golden Warrior directly transformed his Hongmeng Immortal Body.

From the first level of Great Perfection of Hongmeng Immortal Body, he rushed directly into the early stage of the second level!

In other words, the Hongmeng Immortal Body has undergone a brand new improvement. It has finally crossed a large level and entered the second level of the Hongmeng Immortal Body!

"Buzz!"

At this moment, Hongmeng's immortal body completely transformed from the first level to the second level.

Ye Feng could feel that the strength of his body had increased many times at this moment!

At this time, Ye Feng's eyes showed deep excitement.

Because Ye Feng only felt that his current fist could smash the golden warrior at his peak with one punch!

It can be seen how much the Hongmeng Immortal Body has improved Ye Feng's combat effectiveness by leaping through levels this time.

Ye Feng's pure body

The power has surged tremendously at this moment!

At this time, Ye Feng was sensing the second-level talent of the Hongmeng Immortal Body.

"Buzz!"

Almost at the next moment, Ye Feng immediately felt a very mysterious message, which was transmitted directly from his blood to his mind.

Ye Feng immediately received this kind of information. This was the second-level accompanying talent of the Hongmeng Immortal Body, called "Hongmeng True Body".

Once the Hongmeng true body is used, Ye Feng can gather endless Hongmeng energy from the void of heaven and earth.

Then Ye Feng turned into a huge purple giant, possessing some of the powerful power of the Hongmeng ancestor.

"This talent is quite good. It allows me to burst out with super strength at critical moments."

At this time, Ye Feng felt the secret of inheritance transmitted through his blood, with deep surprise in his eyes.

At this time, Ye Feng couldn't help but want to use this second accompanying talent, Hongmeng True Body.

Boom!

Almost at the moment Ye Feng performed it, Ye Feng felt that all the purple energy in the void of heaven and earth were gathered on his body.

His entire body immediately underwent a huge transformation, began to expand rapidly, and then turned into a majestic and boundless purple giant.

It is tens of thousands of feet tall, very shocking!

Everyone not far away saw this scene and their eyes widened.

At this time, even Ye Weiyang couldn't help but wonder what Ye Feng's true identity was and how he had so many terrifying cards and methods.

She became more and more aware that Ye Feng was not an ordinary human being.

May be the inheritor of some ancient race.

However, why did a powerful being like Ye Feng ascend from a low-level realm?

It stands to reason that a peerless genius like Ye Feng is likely to be the descendant of an ancient race that came down to experience in the advanced realm.

Ye Weiyang couldn't figure this out, so she could only smile bitterly and shake her head.

In any case, the more powerful Ye Feng is, the greater the benefits Ye Weiyang will get from being in the royal family in the future.

At this time, after Ye Feng transformed into Hongmeng's real body, he felt like he had become an ancient giant, full of unparalleled power, countless times more powerful than Ye Feng's simple Hongmeng immortal body.

Because the purple giant that Ye Feng turned into at this moment has some of the power of Hongmeng Ancestor.

You know, Hongmeng Ancestor is the most powerful master among the masters, so he is naturally very terrifying.

Buzz!

Next, Ye Feng dispersed Hongmeng's true body and returned to its original state.

Then Ye Feng flew not far away and came to Ye Weiyang.

Ye Feng spoke slowly: "Killing a golden warrior should be considered a huge sin in the Ice and Snow Dynasty, right?"

"fine."

Ye Weiyang shook her head and said aloud: "This golden warrior is so arbitrary that he doesn't even care about the Ninth Prince's token. He wants to kill you on the spot. It is not in compliance with the laws of the dynasty. If you kill him, There won't be any big consequences, I'll take you directly to the Ninth Prince's mansion, no one will dare to arrest you."

"good."

Ye Feng was slightly relieved when he heard what Ye Weiyang said, then nodded and said, "Then let's go directly."

Ye Weiyang immediately nodded and led Ye Feng to the center of the border city.

There is a huge

The incomparably large formation exudes dazzling light.

Ye Weiyang smiled and said aloud: "In the few days I have been in charge of this city, I have repaired the teleportation formation. We can now use it directly to teleport directly to the core of the imperial city of our Ice and Snow Dynasty. "

"Um."

Ye Feng also nodded at this time, looking forward to the royal family heading to the Ice and Snow Dynasty.

Because the Ice and Snow Dynasty is the most powerful overlord race in the entire snow region.

Seventy percent of the resources in the entire Snow Region are concentrated in the hands of the royal family of the Ice and Snow Dynasty.

Therefore, if Ye Feng wants to continue to grow rapidly, entering the royal family is the best choice, which can lay a solid foundation for him to move to more advanced realms in the future.

Moreover, if Ye Feng wants to go to a higher realm and enter the royal family, he can also get more information and learn how to enter the realm above the snow.

While Ye Feng was thinking, Ye Weiyang pulled Ye Feng and walked into the huge teleportation formation in front of him.

Buzz!

Following a violent spatial fluctuation, the two figures disappeared into the city in a flash of light.

Buzz!

And at the next moment, Ye Feng and Ye Weiyang instantly passed through the teleportation array, spanning a distance of hundreds of thousands of kilometers, and teleported to the center of the Ice and Snow Dynasty territory.

At this time, Ye Feng and Ye Weiyang opened their eyes.

In their field of vision, a huge and vast city has appeared.

This city is extremely majestic, reaching through the clouds and into the sky. It is extremely majestic and looks very shocking.

Ye Weiyang smiled and said: "This is the imperial city of our Ice and Snow Dynasty. The imperial palace is in the center of the imperial city. Ye Feng, let me show you the excitement of our imperial city first, and then I will show you the excitement of our imperial city." Go to the palace and meet His Highness the Ninth Prince."

Chapter 3445 Beggar Girl

Hearing what Ye Weiyang said, Ye Feng nodded slightly and said with a smile: "Okay, then I will follow you to see the imperial city of the Ice and Snow Dynasty, the most prosperous overlord city in the snowy region."

The Ice and Snow Dynasty is a powerful dynasty created by the Ice and Snow Dragon Clan. It is extremely glorious and is now at its peak.

Therefore, the imperial city of the Ice and Snow Dynasty was very prosperous.

When Ye Feng was stealing luck in that small border city, the vast beam of luck that he saw reaching straight into the sky burst out from the imperial city of the Ice and Snow Dynasty.

Therefore, this is the place with the strongest luck in the entire Ice and Snow Dynasty.

However, what makes Ye Feng feel regretful is that he has not yet found any way to continue to absorb the power of the dynasty's destiny.

Of course, even if he found this method, Ye Feng probably felt that he would not dare to absorb the fate of this Ice and Snow Dynasty easily.

After all, in this important place of the Imperial City and Palace, there must be countless superpowers from the Ice and Snow Dynasty, and they cannot be so unscrupulous.

Unless you are strong enough.

At this time, Ye Feng followed Ye Weiyang and walked directly into the imperial city of the Ice and Snow Dynasty not far away.

At the entrance to the Imperial City of the Ice and Snow Dynasty, there are two huge pillars, tens of thousands of meters tall and majestic.

And on these two huge pillars, there are actually two giant dragons hovering.

It's a living dragon!

Hovering over two pillars.

It looks very shocking.

The aura emanating from the two giant dragons was so majestic that it made people feel intimidated.

Ye Weiyang immediately explained: "Ye Feng, this is the guardian dragon of our Ice and Snow Dynasty Imperial City. They are the authentic blood of our Ice and Snow Dynasty royal family. They are very powerful. If anyone dares to cause trouble in the Imperial City, or there are If a foreign enemy invades our imperial city, these two giant dragons will instantly launch a terrifying attack. One dragon is of the thunder attribute and can trigger the power of thunder from the nine heavens. The other dragon is of the fire attribute and can cause the fire of the earth and burn thousands of miles. "

When Ye Feng heard what Ye Weiyang said, he immediately nodded.

He could also feel an extremely terrifying aura from these two giant dragons.

The cultivation of these two giant dragons is probably extremely powerful, far beyond what I can match now.

At this time, Ye Feng suddenly realized that he thought he was quite powerful, but after arriving in the imperial city of the Ice and Snow Dynasty, his cultivation did not seem to be that powerful.

But Ye Feng also knows that these two

A giant dragon can become the guardian of the Imperial City of the Ice and Snow Dynasty, and it must be a top-notch existence in the Imperial City.

Ye Feng is still self-aware. Although he is considered a good master now, there is still a long way to go compared with the top powerhouses among the overlord forces in the snow region.

At this time, Ye Feng and Ye Weiyang arrived at the gate of the Ice and Snow Dynasty's imperial city. Immediately, a group of guards wearing ice armor came up and stopped the two of them, wanting to check their identities.

At this time, Ye Weiyang directly took out the Ninth Prince's token.

This group of guards wearing ice armor immediately clasped their fists and said: "It turns out that they are the subordinates of His Highness the Ninth Prince. Please come in."

A prince's identity token still has a great deterrent effect in the imperial city of Ice and Snow Dynasty.

So at this time, when the guards in ice armor saw the token in Ye Weiyang's hand, their eyes became quite respectful and they did not dare to offend the two of them.

After all, in the huge imperial city where the forces are intertwined, the royal family always represents the supreme majesty, which is unmatched by any force from the three religions and nine streams.

With the identity token of a prince, Ye Feng and Ye Weiyang entered the imperial city easily.

When Ye Feng entered the imperial city, he immediately saw a very prosperous scene.

I saw that throughout the entire imperial city, there are neighborhoods, palaces, markets, pavilions, etc., and there are huge crowds of people of various races, all wearing the costumes of their respective races, walking around the entire imperial city.

Moreover, Ye Feng discovered that although the entire imperial city was lively, it was not chaotic.

Obviously, the Ice and Snow Dragon Clan managed this imperial city very well.

Strong men from many races gathered together and did not dare to cause trouble with each other, because this would lead to suppression by the strong men of the royal family.

Therefore, even if enemies meet in this imperial city, they cannot take action against each other. It is completely different from the chaos on the outside. This is an orderly place.

At this moment, Ye Feng and Ye Weiyang were walking among the lively crowds in the imperial city, looking at the bustling things around them as if they were in another world.

While the two were walking, suddenly there was a noise from a place not far away.

On the street not far away, a girl who looked disheveled and dirty was holding a fancy girl tightly in her hand.

He went to the black bowl, which seemed to be very shabby, and was being chased by several burly men.

"People in front of you, please stop us. This thief has stolen something from our Treasure Pavilion. If you stop him for us, we will pay you."

The several burly men chasing behind him were shouting as they chased.

Several people walking on the street tried to stop the girl with disheveled and dirty hair.

But this girl seems to have very magical skills. No matter how powerful the master is, he can't stop this girl.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes. This girl looked dirty, just a little beggar, but she didn't seem simple.

Moreover, when this girl was running away, she seemed to be vaguely integrated with the power of the surrounding space.

Therefore, even if this girl is not a practitioner, but just an ordinary person, many experts walking on the street cannot catch this girl.

This made Ye Feng quite surprised.

He could sense that this girl was not a cultivator, but just an ordinary person.

But an ordinary person can innately combine with the power of the surrounding space. This is a very incredible scene.

Uh-huh!

But at this moment, the dirty beggar-like girl was almost running in front of Ye Feng.

Ye Feng subconsciously stretched out his hand to stop her.

But the girl was combined with the power of the surrounding space. When she felt that she could avoid Ye Feng, but the next moment, with a "swish" sound, Ye Feng's palm, like a ghost, directly grabbed the girl. The girl's arms stopped her in place.

"What?"

This beggar-like dirty girl seemed very surprised that Ye Feng, who seemed to be an ordinary human being, could actually grab her arm.

You know, many masters who are stronger than Ye Feng cannot do this.

The girl immediately shouted: "Don't mess with me, let me go!"

Ye Feng looked at the beggar girl in front of him with her teeth and claws arrogant, and just smiled slightly and said: "It is wrong to steal things in public."

The beggar girl stared at Ye Feng and shouted: "I want you to take care of it! Let me go!"

Swish!

At this time, several sturdy men chasing behind him had already arrived in front of Ye Feng.

These burly men seemed to be able to sense that Ye Feng was very extraordinary.

They immediately clasped their fists and said loudly: "Thank you very much, young master, for stopping this thief."

After finishing speaking, these burly men directly handed Ye Feng a storage ring and said loudly: "Master, we have agreed that if we stop this thief, we will all pay for it. This storage ring contains three thousand The spiritual crystal is considered a reward. Now you can hand over the thief in your hands to us."

There was a look of surprise in Ye Feng's eyes, and he couldn't help but say: "Is the broken bowl in this girl's hand worth so much? You are actually willing to pay three thousand spiritual crystals."

"Yes."

A burly man spoke up and said: "What this girl stole was not a broken bowl, but the treasure of our Zhenbao Pavilion, the Heaven-Swallowing Demon Bowl. It was the natal magic weapon of a demonic master back then. It was very precious. I didn't know it." How did this little beggar steal it? Logically speaking, even a practitioner with a strong cultivation level would not dare to approach or touch the Heaven-Swallowing Demonic Bowl easily, otherwise he would suffer the backlash of the demonic energy and die. However, this little beggar is just an ordinary person. It's really strange that people don't have anything wrong with them."

Hearing this, Ye Feng's eyes flashed slightly, and then he smiled and said: "I want this girl to return this devil-devouring bowl to you. I don't want the reward of three thousand spirit crystals, but I need you to give this girl back." How about leaving it to me?"

"good."

Naturally, these burly men would not refuse, and immediately said: "I am a little beggar, let me do whatever you want."

Ye Feng nodded slightly and returned the broken bowl in the hands of the beggar girl to the burly men of the Treasure Pavilion.

"Thank you."

Several big men hugged Ye Feng, then turned and left.

But at this moment, the dirty beggar girl's eyes were very bright. She stared at Ye Feng and couldn't help but ask: "Why do you want to exchange three thousand spiritual crystals for me?"

Ye Feng smiled slightly and said: "Because I think you and I are very destined. Stop stealing things from now on and follow me."

Ye Feng always felt that this beggar girl who seemed like an ordinary person had absolutely extraordinary talent.

Ye Feng had never seen an ordinary person without any cultivation who could subconsciously integrate with the entire world.

This is really incredible.

Ye Feng stared at the dirty beggar girl in front of him and felt that he had found a treasure. If he cultivated it well, he would definitely become his right-hand man in the future.

Chapter 3446 The real core

Ye Feng still attached great importance to this beggar girl.

Because Ye Feng felt that the talent potential of this beggar girl was definitely greater than what he had guessed.

At this time, Ye Feng grabbed the arm of the beggar girl in front of him and said with a smile: "Follow me from now on and don't steal anything."

Although the beggar girl looks dirty, you can see through the mess that she is a pretty girl.

Hearing what Ye Feng said at this time, the beggar girl couldn't help but said: "If you don't steal things, will you support me?"

Ye Feng nodded and said, "I'll support you."

"you....."

When the beggar girl heard the words Ye Feng, her beautiful eyes seemed to twinkle slightly, and then she asked tremblingly: "Are you telling the truth or a lie?"

"of course it's true."

Ye Feng smiled and let go of the girl's arm.

The dirty girl looked at Ye Weiyang, who was standing next to Ye Feng, and saw the other person's cold and beautiful temperament, and seemed to be a little inferior.

The girl lowered her head and said in a low voice, "Can you like a humble girl like me?"

Ye Feng stretched out his hand, asked the beggar girl to raise her head, and said with a smile: "In my eyes, all living beings are equal, there is nothing mean or not, just follow me and stop wandering."

After finishing speaking, Ye Feng and Ye Weiyang walked towards the central area of the imperial city.

The beggar girl followed Ye Feng timidly, her head slightly lowered.

Because she could see that Ye Feng's identity was absolutely extraordinary, and he was most likely a descendant of a big family in the imperial city, otherwise he would not be surrounded by such a stunningly beautiful and unparalleled beauty.

At this time, Ye Feng suddenly turned around slightly, looked at the beggar girl following him, and asked, "By the way, I forgot to introduce myself."

, my name is Ye Feng, and the big sister next to me is Ye Weiyang, and what about you? "

"I?"

The beggar girl's eyes were startled, and then she said hurriedly as if she was a little embarrassed: "I don't have a name, but the grandfather who adopted me called me Xiaoxuan, because when he found me in my infancy, I had a jade pendant on my body. The seal is engraved with the word "Xuan".

"Xiao Xuan?"

Ye Feng nodded immediately and said: "Okay, then I will call you Xiaoxuan. By the way, where is the grandfather who adopted you now?"

"Dead long ago."

The beggar girl Xiaoxuan sighed and said: "I was killed by the bandits outside the imperial city. I climbed in through a dog hole in the city wall, so I didn't die in the hands of the bandits."

When Ye Feng heard this, his eyes flashed. It seemed that this beggar girl did have a miserable life experience.

Ye Feng said: "Follow me from now on, and you won't have to live a life of no fixed abode. I will teach you how to practice."

When Xiaoxuan heard this, a look of surprise suddenly appeared on his dirty little face, and he said, "Sir, are you willing to raise me and teach me how to practice?"

For this beggar girl with a tragic life experience, everything Ye Feng did was simply beyond her imagination. She had never met anyone who was so kind to her, not even the grandfather who adopted her back then. , and just wanted to raise her and then sell her to the powerful in the imperial city.

At this moment, Ye Weiyang suddenly spoke up: "Since Ye Feng said it, it must be true. To be honest, even I envy you as a girl, because, you have to know, the person who is willing to adopt you, But you will understand how terrifying it is in the future."

hear

Ye Weiyang said this, and the beggar girl Xiaoxuan suddenly felt that she seemed to be lucky.

"Thank you, sir!"

Xiaoxuan immediately approached Ye Feng and wanted to thank Ye Feng with a hug, but she was afraid that her dirty clothes would stain Ye Feng.

Ye Feng just smiled slightly and said: "You don't need to call me Sir. Since I am willing to teach you how to practice, it means that you have the potential. Just call me Master from now on."

"Yes, Master." ??

The beggar girl immediately laughed happily.

...

Half an hour later, Ye Weiyang brought Ye Feng to the central area of the imperial city.

The central area of the imperial city is where the royal palace of the Ice and Snow Dynasty is located.

At this moment, in Ye Feng's field of vision, huge buildings appeared in front of him.

This is the center of the royal palace!

The first thing that catches the eye is a huge and magnificent palace.

This huge hall feels very sacred, as if entering it can sublimate one's spirit and soul.

Ye Weiyang stood beside Ye Feng and said with a smile: "After passing through this huge palace, we have truly entered the palace of the Ice and Snow Dynasty."

"The place we are going to is actually the palace of the Ice and Snow Dynasty?"

The beggar girl Xiao Xuan standing next to Ye Feng immediately showed deep surprise in her eyes, and there was a trace of fear on her face.

Because the palace of the Ice and Snow Dynasty was an extremely sacred place for this beggar girl, a place that she might not be able to touch in her life, but now she was following Ye Feng to enter the palace.

At this time, in addition to deep fear, there was also a trace of excitement in Xiaoxuan's heart.

Because she never thought that the young adult who was willing to take her in would have such a high status and be a member of the Ice and Snow Dynasty Palace.

At this time, Ye Feng looked at Ye Weiyang beside him, smiled and said, "Then shall we go directly to see the Ninth Prince now?"

Ye Weiyang nodded and said loudly: "Let's go directly to the palace of His Highness the Ninth Prince to see if the Ninth Prince is there. If he is not there, I will settle you down first."

"good."

When Ye Feng heard what Ye Weiyang said, he immediately nodded and followed Ye Weiyang towards the interior of the palace.

When the beggar girl standing next to Ye Feng heard that they were going to meet a prince-level figure in the legendary royal family, her eyes immediately widened.

Xiaoxuan seemed to be unable to believe that one day he would be able to meet such a distinguished man.

At this time, Xiaoxuan looked at Ye Feng beside him, and was very curious in his heart. What kind of identity does the adult who took him in have now become his master?

Just when Xiaoxuan was secretly shocked, Ye Feng followed Ye Weiyang into the palace.

Buzz!

At this moment, Ye Feng's powerful perception was able to sense a very powerful and terrifying aura, lurking in every place in the palace.

Ye Feng immediately understood that he could not be too unscrupulous in the palace for the time being. After all, the dragons and crouching tigers in this palace had very powerful presences, which he could not match at the edge of the snowy land before.

This is the real core of the snowy land.

Chapter 3447: Passing a trick

Half an hour later, Ye Feng followed Ye Weiyang to the residence of the Ninth Prince.

This is a royal garden that looks very luxurious.

There are various trees planted everywhere that exude spiritual energy.

This is definitely a very rare tree.

Being able to be planted here shows that this kind of tree is of great value.

As Ye Feng approached the royal garden, he immediately felt a very rich spiritual energy, filling the entire world. .??.

If you practice here, you will definitely get twice the result with half the effort.

At this time, Ye Weiyang looked at Ye Feng beside her and said: "Because His Highness the Ninth Prince is not very old, he cannot compete with other powerful princes. Therefore, His Highness the Ninth Prince attaches great importance to peerless geniuses. As long as they are peerless geniuses who can satisfy His Highness the Ninth Prince, then His Highness the Ninth Prince will let these peerless geniuses live in his royal garden, and enjoy this extremely luxurious royal garden with His Highness the Ninth Prince. After all, this kind of royal garden only has ice and snow. Only royal members of the dynasty are eligible to live there, but His Highness the Ninth Prince is willing to share it with the masters who are loyal to him. "

Ye Weiyang was talking at this moment, obviously introducing the character and habits of His Highness the Ninth Prince to Ye Feng in advance.

After all, Ye Weiyang valued Ye Feng very much.

Ye Feng is the only person she has chosen to recommend to the Ninth Prince in all these years.

If Ye Feng can rise, then Ye Weiyang's status in front of the Ninth Prince will naturally rise.

But Ye Weiyang also knew that Ye Feng was different from other masters.

Because along the way, she saw Ye Feng's extremely powerful strength and talent, which was very terrifying and could be described as a monster.

Therefore, Ye Weiyang knew that Ye Feng was definitely not someone who had been subordinate to others for a long time.

At this time, Ye Weiyang couldn't help but remind him: "Ye Feng,

I know that although you look very gentle, you are actually very aloof in your heart. But in this palace with many masters, don't be too unscrupulous at first, otherwise, it will be very troublesome. In this strict hierarchical palace In the palace of the Ice and Snow Dynasty, there are many rules, and everything is different from the randomness outside. "

When Ye Weiyang heard what Ye Weiyang said, he immediately nodded with a smile and said, "I'm not a young and energetic kid anymore. You don't need to remind me to know that I will definitely keep a low profile when I first come here. , Otherwise, we will definitely suffer huge disasters. Believe me, I will make my own judgment."

Ye Weiyang heard what Ye Feng said and knew that Ye Feng understood these truths in his heart, and she felt a little relieved.

Otherwise, she was really afraid that Ye Feng would cause huge trouble as soon as he came here. After all, Ye Weiyang knew that Ye Feng was a person with an adventurous element hidden in his bones.

While the two were talking, Ye Weiyang and Ye Feng had already arrived at the area inside the royal garden.

There is a palace here, which looks very luxurious.

This is the palace where the Ninth Prince lives.

At this moment, Ye Weiyang brought Ye Feng to the entrance of the palace, and immediately saw a young man wearing a golden python robe in the lobby of the palace. He looked very handsome and was talking to dozens of masters in the hall. What is being discussed.

These dozens of masters come from all major races, because their auras are all different.

Ye Weiyang whispered at this moment: "Ye Feng, these people are all masters under the Ninth Prince. They are the knowledge accumulated by the Ninth Prince over the years. They should be discussing something important in the hall now. Let's first Don't go in,

Wait until they finish their discussion before going in. "

Ye Feng nodded and didn't say much, just sensing the auras of the masters in the hall.

What surprised Ye Feng was that the cultivation strength of these masters was almost higher than his own.

You know, this Ninth Prince is only a relatively weak prince in the Ice and Snow Dynasty.

But even so, the Ninth Prince still has so many masters working for him.

It can be seen from this that how profound the royal family of this Ice and Snow Dynasty is, and Ye Feng can also see something from this incident.

At this moment, Ye Feng and Ye Weiyang were waiting outside the hall.

After waiting for half an hour, many masters in the hall finally stood up and prepared to leave.

Seeing this scene, Ye Weiyang immediately led Ye Feng into the main hall, and then said respectfully to the young man wearing a golden python robe in the main hall: "His Royal Highness the Ninth Prince, this time I came from our human race's survival base. Among them, His Highness the Ninth Prince was brought to us a peerless genius from our human race."

"oh?"

When the Ninth Prince heard what Ye Weiyang said, his eyes suddenly lit up.

The Ninth Prince's background in the royal family is very weak, so every time he can discover some peerless genius, he will definitely be very happy.

The Ninth Prince immediately looked at Ye Feng beside Ye Weiyang, and then said, "Hurry up and introduce him."

Ye Weiyang immediately nodded, cupped his fists and said loudly: "The human boy next to me is called Ye Feng. He is my best friend and the number one super genius I brought from our human base. He is very talented. His current level of cultivation may not be as powerful as that of many masters in the royal family, but his potential is very great, as long as

If His Highness the Ninth Prince pays attention to and cultivates him, then Ye Feng will definitely shock His Highness the Ninth Prince. "

Hearing Ye Weiyang's affirmative answer, the Ninth Prince immediately nodded and said: "Ye Weiyang, you have always been very loyal to me. I believe your words. It seems that you really value your side. This human boy."

But just as the Ninth Prince finished speaking, several masters not far away suddenly turned around and looked in the direction of the main hall.

Then one of the masters suddenly made something that seemed to be a bit sarcastic, and said loudly: "What so-called peerless genius can a weak race like the human race produce? Ye Weiyang, I don't think you can find a real genius, so whatever You brought a young man from your human race here to brag about what he is called a super genius, so you can defraud His Highness the Ninth Prince of his resources. You have to know that although His Highness the Ninth Prince is a member of the royal family, his resources are limited. Assigned to all the masters, you have monopolized a lot in recent years, all through this kind of deception."

"you....."

Hearing what this master said, Ye Weiyang suddenly showed a trace of anger on his face and couldn't help but said: "Ye Feng is a peerless genius. This is the potential I have seen with my own eyes. You are doubting my judgment." ?"

"Yes, I just doubt your judgment."

This master is a young man wearing a black robe, with a black horn on his forehead. He doesn't know which race he is from, but the aura on his body is quite powerful.

At this moment, the one-horned man walked to the door of the hall, then stared at Ye Feng beside Ye Weiyang, smiled coldly, and said: "Ye Weiyang, I actually want to prove whether your judgment is correct or not. It's simple, just let me compete with this human kid, hehe, but I have always been very cruel in my attacks. If I accidentally destroy this human kid, it's not my fault."

Chapter 3448 Amazed

The words of this one-horned man had a sense of cynicism and a hint of cruelty, which made people sound very angry.

So at this time, Ye Weiyang widened her eyes slightly, stared at the one-horned man, and said loudly: "You don't have to believe me, but you can't belittle my good friend Ye Feng."

"hehe."

When the one-horned man heard what Ye Weiyang said, he just sneered, seeming to be very disdainful, and said loudly: "You humans are very weak and very timid."

The Ninth Prince looked at everything that happened on the court at this time and didn't say much. It seemed that he also wanted to see whether what Ye Weiyang said was true, and whether Ye Feng was really what Ye Weiyang said. Powerful and evil.

At this time, Ye Feng's eyes flashed slightly, he walked directly in front of Ye Weiyang, smiled, and said casually: "Since this friend wants to fight with me, then just satisfy him. "

After finishing speaking, Ye Feng looked at the one-horned man not far away and said slowly: "But I also want to remind you in advance that I, like you, don't know the strength of my moves when fighting with others. So if I accidentally destroy you next, you can't blame me."

Hearing what Ye Feng said, the one-horned man immediately snorted coldly: "Arrogant! I can sense your cultivation level. It's just the eighth level of the Dragon Transformation Realm. The Eighth Level of the Dragon Transformation Realm may be in your human race's survival base. Very powerful, but in the imperial city of the Ice and Snow Dynasty, it is nothing. My cultivation level is the tenth level of the Star Realm above the Dragon Transformation Realm! Killing you is just like crushing an ant! So simple!"

boom! !

At this moment, after the one-horned man finished speaking, a terrifying aura suddenly erupted from his body. That was the aura of perfect cultivation in the tenth level of the Star Realm!

"boom!"

The moment the one-horned man burst out with breath, the breath on his body actually condensed into a scattered line.

The one-horned dragon with dark light rushed towards Ye Feng. It was very shocking and had immense power.

There was no fear in Ye Feng's eyes at this moment. He just smiled indifferently and said: "Even if your cultivation level is a whole level higher than mine, you are not my opponent. You don't understand at all what I am like." a kind of existence."

boom!

The moment he finished speaking, Ye Feng stretched out a hand.

This hand suddenly turned into a big black gold hand, filled with boundless pressure, which directly crushed the one-horned dragon.

Then the black gold hand continued to exert its force and directly suppressed the one-horned man, suppressing the one-horned man's entire body and kneeling on the ground, unable to move at all.

"What?!"

Seeing this scene, everyone present couldn't help but have deep horror in their eyes!

Because this is so incredible!

You know, Ye Feng's cultivation level is a whole level lower than this one-horned man.

Moreover, Ye Feng is also recognized as the weakest race among all races.

But Ye Feng suppressed the extremely powerful one-horned man with one hand.

It gives the impression that this one-horned man is not a master of the tenth level of the Star Realm at all, but a being even weaker than the Dragon Transformation Realm.

But the aura emanating from the one-horned man is indeed the terrifying aura of the upright and upright Tenth Heavenly Perfection of the Star Realm.

So it's not that the one-horned man is too weak, but that Ye Feng is too powerful, to a very terrifying level.

"This kind of combat power is far beyond my own level. It's really exaggerated!" Everyone around him couldn't help but scream in horror.

Uh-huh!

At this time, the Ninth Prince standing above the main hall suddenly stood up from his golden seat, holding on to the armrests on both sides of the seat with both hands, his eyes widened, and he seemed very shocked.

The Ninth Prince was staring at Ye Feng not far away, with deep shock and brilliance in his eyes!

Because the Ninth Prince had seen such super geniuses who could leapfrog their ranks, but those super geniuses were all gathered with other princes, and there was no one under the Ninth Prince's command.

But now, the Ninth Prince is here!

So even though the Ninth Prince was a member of the royal family and had a very deep palace, he couldn't help but lose his composure at this time, showing a look of deep excitement and shock.

At this time, Ye Weiyang saw the Ninth Prince stand up all of a sudden, with a very wonderful expression on his face. She immediately understood in her heart that Ye Feng's move completely established Ye Feng's reputation among the Ninth Prince type. The position is stable.

But the most indifferent person on the field should be Ye Feng himself.

Because Ye Feng knew very well that it was very normal for him to be able to suppress such a powerful one-horned man.

You know, Ye Feng hasn't used any of his methods yet.

Because Ye Feng's Hongmeng Immortal Body directly broke through to the early stage of the second level not long ago, Ye Feng's current physical strength is very terrifying. Just the power of his body is enough to suppress many super masters.

At this moment, Ye Feng's big black gold hand was pressing down on the one-horned man not far away.

The one-horned man's eyes were filled with deep horror at this time, and the previous sarcasm completely disappeared.

Originally, the one-horned man thought that he could easily crush Ye Feng, a little human boy, to death.

\u003e

But what I didn't expect was that when Ye Feng took action, it was like a giant dragon attacking, which was really terrifying to the extreme.

The one-horned man couldn't raise his head at all at this time, because he felt that the big black gold hand pressing on him was like an ancient sacred mountain, possessing boundless power.

"puff!"

The one-horned man was really embarrassed this time, and he spit out a mouthful of blood.

There was no emotion on Ye Feng's face at this moment, and he was very indifferent. He stared at the one-horned man kneeling on the ground in front of him and said, "Now do you know what real power is?"

"you....."

When the one-horned man heard what Ye Feng said, his face turned pale with anger. He seemed to be very unwilling to accept it, and said loudly: "Boy, don't be too arrogant. Let's see what happens next."

"after?"

Ye Feng suddenly laughed: "There is no future."

boom!

After the words fell, Ye Feng's eyes flashed sharply, and he struck out suddenly, crushing the one-horned man in front of him in an instant.

The one-horned man, dead!

When the one-horned man was dying, the expression on his face was full of deep disbelief.

He seemed not to have expected anything, that Ye Feng would directly kill him, a master of the royal family, in front of the Ninth Prince.

"Ye Feng, don't...!"

Ye Weiyang just wanted to remind Ye Feng not to be unscrupulous, but it was already too late, Ye Feng had already killed the one-horned man.

But at the next moment, Ye Weiyang was shocked that the Ninth Prince did not get angry at all, but laughed out loud: "Okay! I am amazed by Brother Ye's strength! With the help of a super genius like Brother Ye, I can The prince's grand ambition and hegemony have a promising future!"

Chapter 3449 Brothers are worthy of each other

Hearing what the Ninth Prince said at this time, Ye Feng also showed a hint of surprise in his eyes.

Unexpectedly, the personality of this Ninth Prince was quite to my liking.

Ye Feng smiled slightly at this time and said loudly: "If the Ninth Prince pays attention to me, then I will definitely help the Ninth Prince."

Uh-huh!

At this moment, the Ninth Prince came directly in front of Ye Feng, his eyes seemed to be filled with excitement, and he said loudly: "I have never seen a genius as powerful as Brother Ye, even those of mine. Brothers, among those powerful princes, there are very few people with such heaven-defying combat power as you. Maybe your current cultivation level is indeed relatively low in the palace, but your talent potential is unlimited. I Dare to conclude that your future has unlimited possibilities."

"Infinite possibilities?"

Hearing what the Ninth Prince said, Ye Weiyang's beautiful eyes showed a trace of surprise.

She has never seen His Highness the Ninth Prince praise others so much.

This is the first time.

Ye Weiyang looked at Ye Feng at this time, with a deep brilliance in his eyes.

This time she really made the right bet.

Ye Feng is an out-and-out super genius.

His talent was so powerful that even His Highness the Ninth Prince was amazed.

At this time, Ye Feng put the body of the one-horned man he killed into his storage ring, and then swallowed it silently.

The one-horned man was suppressed and killed by Ye Feng in an instant. This does not mean that the one-horned man is very weak, but that Ye Feng is too strong.

This one-horned man is still very powerful. After all, his cultivation has surpassed the level of the tenth level of the Star Realm, which is above the Dragon Transformation Realm.

After swallowing it at this moment, Ye Feng gained a lot of energy in an instant, and his cultivation level was directly

Breakthrough.

From the eighth level of the Dragon Transformation Realm, he broke through to the ninth level of the Transformation Dragon Realm!

At this moment, when he felt the breakthrough in Ye Feng's cultivation aura, the Ninth Prince was a little confused and couldn't help but asked in surprise: "Brother Ye, how come you suddenly have a breakthrough in cultivation while you are talking?"

In response, Ye Feng just smiled slightly and said with a universal reason: "Because I suddenly had an epiphany."

"What?"

Had an epiphany?

Hearing what Ye Feng said, the Ninth Prince's eyes suddenly showed a look of astonishment.

Then the astonishment in the eyes of the Ninth Prince turned into even more amazement, and he said loudly: "Awesome, so awesome! Brother Ye's qualifications are definitely among the best, it's amazing!"

I have to say that this Ninth Prince is worthy of being a member of the royal family, and worthy of being able to win over so many masters.

He is very good at talking, and every sentence is a boast about others, which makes people feel happy.

But this time, the Ninth Prince truly admired Ye Feng from the bottom of his heart.

Because all the talents and abilities that Ye Feng displayed were indeed geniuses that the Ninth Prince had never seen before.

The Ninth Prince immediately understood that this time he really got a treasure.

Originally, what troubled the Ninth Prince the most was that he had never been able to find a true genius.

Although there are many masters under his command, none of them can truly be called a "peerless genius".

But now Ye Feng's appearance gave the Ninth Prince hope.

Because just now Ye Feng

The tip of the iceberg talent revealed made the Ninth Prince feel that Ye Feng's potential was definitely not much weaker than those super geniuses under the powerful prince.

Not to mention that Ye Feng may have other methods that he hasn't discovered yet.

So at this time, the Ninth Prince thought for a moment, took out a golden token from his storage ring, handed it to Ye Feng, and said loudly: "This is my identity token, and it is different from Ye Weiyang's The authorization token, this is my real prince's order. From now on, Brother Ye, you can take this token and walk around in the royal garden where I live without any restrictions, even in the palace. , as long as there are no forbidden places, you can travel through most areas at will."

Ye Feng took the token with a hint of surprise in his eyes.

Unexpectedly, this was the first time they met, and the Ninth Prince handed over his identity token to him.

It seemed that the Ninth Prince really valued him very much, and seemed to be afraid that he would run away.

Ye Feng couldn't help but smile when he thought of this, took the identity token, and said loudly: "Aren't the Ninth Prince afraid that I will disappear directly after taking advantage of it?"

The Ninth Prince's eyes were very solemn, he stared at Ye Feng and said loudly: "Don't doubt people, don't doubt people. I believe that I treat Brother Ye sincerely, and Brother Ye will also treat me sincerely. I believe in Ye Weiyang's vision."

"Um."

When Ye Feng heard the words, he heard the solemn meaning in the Ninth Prince's tone, and couldn't help but said slowly: "Actually, to be honest, I am a very simple person. People who are helpful to me and good to me, I naturally, they will give back to the other party."

Hearing what Ye Feng said, the Ninth Prince immediately burst into laughter and said loudly: "From now on, you are no longer my subordinate. We are partners. We can treat each other as brothers."

\u003e

It must be said that this Ninth Prince is still very heroic and does not have the aloofness of a natural aristocrat.

Of course, this is also because Ye Feng is qualified to let him do this.

If it were anyone else, then the Ninth Prince would naturally have the majesty of a prince.

At this moment, the Ninth Prince looked at Ye Weiyang not far away, and said loudly: "Brother Ye, everything in the royal garden where I live will be left to you to handle. If anything happens, I will inform you in advance."

Ye Weiyang immediately bowed and clasped his fists and said, "I understand."

At this time, Ye Feng also nodded slightly towards the Ninth Prince, and then followed Ye Weiyang and left the scene.

Not long after Ye Feng followed Ye Weiyang, there was a wave of void in the empty hall beside the Ninth Prince.

Buzz!

Suddenly, a figure wrapped in a black robe appeared.

The Ninth Prince looked at the black-robed figure beside him and asked, "How is this Brother Ye?"

The black-robed figure immediately spoke out: "This guy is unfathomable."

"Unfathomable?"

Hearing that the black-robed figure next to him actually gave such a high evaluation, the Ninth Prince's eyes suddenly showed a hint of surprise, and he couldn't help but say: "I didn't expect that even you had such a high evaluation of him. , It seems that this prince's vision is not wrong, he is a peerless genius."

The mysterious black-robed figure nodded slightly and said, "If he does not die young and can truly grow up, then the position of emperor that you, Ninth Prince, expect will be within your reach."

"Um?"

Hearing the black-robed figure say this, the Ninth Prince suddenly showed a hint of fanaticism in his eyes.

Chapter 3450 Princess

After Ye Feng and Ye Weiyang left the main hall where the Ninth Prince was, they came outside.

Xiaoxuan, a beggar girl whom Ye Feng had taken in before in the imperial city, was waiting anxiously outside.

When he saw Ye Feng and Ye Weiyang coming out, Xiaoxuan immediately ran up to Ye Feng and said very happily: "Master, you finally came out. I have been waiting for you for a long time. I thought something happened inside. Well, I just heard a huge noise inside, and I was very scared. "

When Ye Feng heard what Xiaoxuan said, he immediately smiled and said, "It's nothing, let's just leave here."

There was curiosity in Xiaoxuan's eyes, and he asked aloud: "Master, where are we going now?"

Ye Feng smiled and said: "We will live in the Ninth Prince's royal garden."

"What?"

Hearing what Ye Feng said, Xiaoxuan immediately widened his innocent eyes and couldn't help but said with some shock: "We can actually live in the palace of the Ice and Snow Dynasty, and it is also the residence of a noble prince. In the royal garden, am I dreaming?"

Ye Weiyang was amused by Xiaoxuan's words at this moment and couldn't help but said: "Your master is now a popular person in front of the Ninth Prince. The Ninth Prince attaches great importance to your master and even calls him brother. Living in There is naturally no problem in the royal garden."

"What?"

Xiaoxuan immediately couldn't help but said in surprise: "Master, he can actually be brothers with a noble prince? This is incredible."

At this time, Ye Feng didn't say much.

He just looked at Ye Weiyang beside him and asked aloud: "Where should we stay next?"

Ye Weiyang looked in a certain direction and said loudly: "I will take you to the most suitable place to live in the royal garden of our Ninth Prince."

"The best place to live?"

Ye Feng's eyes showed a look of surprise, but he was actually looking forward to it.

Half an hour later, Ye Weiyang took Ye Feng to a deeper area of the royal garden.

The various tall trees around are very dense. \u003c

Moreover, these trees can emit streams of extremely pure spiritual energy, which makes people feel very refreshing.

It was as if after taking a breath of this spiritual energy, the whole person's soul had been sublimated.

At this time, Ye Feng's eyes showed a hint of surprise.

It seems that although this Ninth Prince is not very powerful among the royal family of the Ice and Snow Dynasty, he is still a prince after all.

Therefore, it is possible to create such a livable royal garden in a place as expensive as the palace.

"It's really a big deal, very luxurious."

Ye Feng couldn't help but praise at this time.

Ye Weiyang, who was standing beside him, smiled slightly and said: "As long as Ye Feng can help the Ninth Prince's status in the dynasty gradually rise and make the Emperor of the Ice and Snow Dynasty pay more and more attention to the Ninth Prince, then you can The benefits you enjoy will also get higher and higher."

Hearing what Ye Weiyang said, Ye Feng nodded slightly, smiled and said: "As long as the Ninth Prince can continuously improve my cultivation, then I will naturally make him more and more powerful in the dynasty."

When he said this, Ye Feng seemed to suddenly think of something, and couldn't help but continue to ask: "By the way, Ye Weiyang, how can we help the Ninth Prince become more and more powerful in the entire dynasty?"

Ye Weiyang said aloud: "If you want the prince's status to be improved, you must make a huge contribution to the entire Ice and Snow Dynasty. In other words, if the Ninth Prince's achievements are greater, then the Ninth Prince's status will naturally rise. And Ye Feng, your mission is to help the Ninth Prince complete the various missions assigned to him by the dynasty. "

"The mission issued by the imperial court?"

There was a hint of surprise in Ye Feng's eyes, and he asked, "Give me a few examples."

Ye Weiyang thought for a moment, and then said: "For example, to quell the chaos of dark creatures on the border of the Ice and Snow Dynasty, or to follow the Ninth Prince to an ancient ruins discovered by the Ice and Snow Dynasty.

If you explore the cultivation resources and contribute them to the royal family, then the achievements of the Ninth Prince will be strengthened, the status of the Ninth Prince will be improved, and the royal family will reward you with huge cultivation resources. Ye Feng, you will naturally get a share of the pie. "

Hearing what Ye Weiyang said, Ye Feng nodded slightly and said, "I understand."

While the two were talking, Ye Weiyang and Ye Feng had arrived at a very special place in the royal garden.

There are no tall buildings here, but a very peaceful village-like place, but it is very quiet, and the aura around it is easily overwhelming.

Inside this royal garden, the Ninth Prince actually established a place that looked like a very peaceful mountain village tribe.

But the surrounding configurations are all the highest. For example, the ground is full of patterns engraved with gathering spiritual energy. There are various special areas for practice around it. There is the Nine Heavens Thunder Tower, which is specially used by practitioners who practice the thunder attribute. There is endless earth fire. The abyss is specially used by practitioners who practice the flame attribute, and there are various special training areas...

At this moment, Ye Weiyang said aloud: "This special place is a luxurious residence in the palace that the Ninth Prince spent a lot of money to build. It is specially used for the residence of his most valued friends or subordinates. There are even many other places. Few princesses in the Ice and Snow Dynasty, or some princes' heirs, or even some dignitaries would spend a lot of money to choose to live in this place, but Ye Feng, you don't need to spend money, because you can live here for free. , enjoying everything here."

Hearing what Ye Weiyang said, Ye Feng's eyes suddenly revealed a look of deep surprise.

It seems that the Ninth Prince is not only ambitious, but also very smart. He actually chose to create such a luxurious place suitable for living and cultivating in the royal garden of the palace. It can be used to make money and win over people from all walks of life. Master.

Ye Feng nodded slightly at this moment, and Ye Weiyang walked into this luxurious living area in the royal garden.

At this time, Ye Feng did see a lot of noble-looking beings living and practicing among them.

night

At this time, Wei Yang brought Ye Feng to a very luxurious manor, and then said loudly: "The Ninth Prince has just told me that this entire manor will be given to Ye Feng for you to live in. This manor, but The most central location in this luxurious residential area can be called the 'King of the Manor'."

At this time, Ye Feng stared at the large manor in front of him. There were abundant green plants around it and it looked very luxurious.

Ye Feng immediately smiled and said, "Okay, when you go back, thank the Ninth Prince for me."

Ye Weiyang nodded, smiled slightly and said, "Then I'll leave first. You stay here for a while. I will notify you when there is a mission."

After saying that, Ye Weiyang left the scene directly.

Just because Ye Feng can live here does not mean that Ye Weiyang can live here. After all, Ye Weiyang's level is still too low.

At this moment, the beggar girl Xiaoxuan was following Ye Feng. Looking at the luxurious manor in front of her, she immediately said excitedly: "Master, will we live here in the future?"

Ye Feng smiled slightly and said aloud: "Yes, we will probably live here for a long time."

After finishing speaking, Ye Feng prepared to take Xiaoxuan directly into this large manor.

But just when Ye Feng walked to the door of this large manor and had not yet stepped in.

Suddenly, a rather arrogant female voice came from a direction not far away: "I have already booked this luxurious manor. Who are you, the boy in white? You are so bold, you dare to come here, You have entered this luxurious manor at will, stop your steps quickly!"

Hearing this voice, Ye Feng's eyes flashed slightly and he looked in the direction not far away.

In his field of vision, an extremely beautiful and graceful figure suddenly appeared.

This seemed to be a princess from the Ice and Snow Dynasty, and she was accompanied by many powerful armored guards.

At this time, this princess suddenly appeared out of nowhere, staring at Ye Feng, a little angry.
