Chapter 3451 Space Divine Power

At this moment, Ye Feng looked at the beautiful princess not far away, his eyes did not have much emotion, he just said indifferently: "Princess, I think you must be mistaken. This luxurious manor was given by the Ninth Prince. I live here, and whether you made a reservation in advance or not is none of my business."

After saying that, Ye Feng didn't bother to pay attention to this princess at all. He just took Xiaoxuan into this luxurious manor and disappeared.

"What?"

"Dare you ignore me?"

When the princess not far away saw Ye Feng actually walking directly into the luxurious manor, she immediately became so angry that she puffed her beard and stared.

This princess is called Princess Peacock, and she is the descendant of the emperor of the Ice and Snow Dynasty and the patriarch of the Peacock Saint Clan.

Princess Peacock has the bloodline of the Ice and Snow Dynasty royal family, and also has the bloodline of a powerful race like the Peacock Saint Clan.

Therefore, Princess Peacock has a high status among the royal family of the Ice and Snow Dynasty, and is very favored and valued by the emperor.

Therefore, no matter what the Peacock Princess does, others basically obey her and do not dare to resist the wishes of the Peacock Princess.

But Princess Peacock hit the "iron plate" this time.

This was the first time that Princess Peacock met someone like Ye Feng who paid no attention to her. This made Princess Peacock so angry that her lungs almost exploded.

"your Highness."

A tall guard wearing armor next to him clasped his fists and said loudly: "Do you want me to catch this human boy in front of the princess and let her teach him a lesson?"

Princess Peacock immediately nodded and said: "Tie Kai, you are the most loyal to me, and your cultivation is very strong. You are the loyal guard sent to me by my father. You should go over and kill that human right now." If you catch this kid, this princess must teach this arrogant human kid a lesson."

\u003e "Yes."

The armored guard immediately spoke out: "I have sensed it just now. The cultivation aura of that human boy is from the ninth level of the Dragon Transformation Realm. He is indeed a good master among the younger generation, but he is still far behind me. Yes, I am a powerful being at the Great Perfection level of the Tenth Heavenly Realm of the Star Realm, which is a whole level higher than him. Your Highness Princess, please wait a moment. I will go and catch that human boy and let Your Highness the Princess teach him a lesson. Dun, let him know that in the palace of our Ice and Snow Dynasty, he must abide by the rules and not be so unscrupulous and arrogant. "

After the tall armored guard finished speaking, he strode directly into the luxurious manor. As he walked, he said: "Young man from the human race, hurry up and catch him. I don't want to hurt you. After all, you may be Nine." Talents under the prince's command, but this time you have offended the beautiful and noble Princess Peacock. Then you have to come with me and let Her Royal Highness teach you a lesson. Don't resist, because there is no danger to your life. Just be good. Just lower your head, admit your mistake, and that's it."

Boom!

But at the next moment, before Princess Peacock could say anything, the tall armored guard who had just walked into the luxurious manor was directly bombarded by a terrifying force.

Snap!

This tall armored guard suddenly hit the ground at Princess Peacock's feet, looking very embarrassed.

"What?"

At this scene, Princess Peacock suddenly widened her beautiful eyes slightly, as if she couldn't believe that the extremely powerful armored guard beside her would be killed by Ye Feng in the luxurious manor in an instant.

It flew out.

You must know that this tall guard named "Iron Armor" is a powerful young genius trained by the emperor himself. Otherwise, he would not be qualified to be the bodyguard of Princess Peacock.

But even so, he still couldn't resist Ye Feng's move and was blown away.

Even though Princess Peacock is used to seeing all kinds of powerful geniuses, she has never seen someone as powerful as Ye Feng. In the Dragon Transformation Realm, he can blow away the masters of the tenth level of the Star Realm with one move.

"It's really awesome!"

At this time, even though Princess Peacock was very angry with Ye Feng just now, she couldn't help but praise: "When did the ninth prince brother have such a powerful young genius among his subordinates?"

At this moment, the anger in Princess Peacock's eyes gradually disappeared, and was replaced by a deep curiosity.

"Your Highness...Princess."

At this time, Tie Kai got up from the ground in embarrassment, with fear in his eyes, and said loudly: "This human boy is too terrifying. At that moment, I just felt that I was blasted out by the hand of a god and demon. It's impossible to fight, it's too powerful."

Princess Peacock didn't hear what Tie Kai was saying at all. She just stared curiously at the large manor in front of her.

At this time, Princess Peacock seemed to have thought of something. There was a hint of cunning in her beautiful big eyes, and then she quickly walked towards the back and murmured, "I'll beg the Ninth Prince to let him agree to live with me." Entering this luxurious manor, I can take a good look at this mysterious genius of the human race, huh."

...

At this moment, Ye Feng walked into the large manor and chose

He chose a room in the manor and lived in it.

Xiaoxuan followed Ye Feng and couldn't help but said with some worry: "Master, that was a princess's bodyguard just now. I was kicked out by you like this, master. Is it really okay?"

Ye Feng smiled, looked at the frightened girl in front of him, and said, "Don't worry, I just kicked him out and taught him a lesson. I think the princess will calm down."

After finishing speaking, Ye Feng stretched out a finger, touched Xiao Xuan's eyebrows in front of him, and said: "Now that you have settled down, I will start to lead you into a spiritual path."

When Xiaoxuan heard what Ye Feng said, his beautiful big eyes suddenly showed excitement, and he couldn't help but said in surprise: "Master, are you going to teach me peerless martial arts now?"

"Peerless martial arts?"

Hearing what Xiaoxuan said, Ye Feng couldn't help but smile dumbly, and then said aloud: "Peerless martial arts is not so easy to succeed in. I will lead you to the initial stage of practicing a path first. After that, you need a period of training." It's a long training process, but don't worry too much, you are gifted and you should get twice the result with half the effort."

Buzz!

After saying that, Ye Feng immediately released his magic power, following his fingers, covering Xiao Xuan's whole person.

At this moment, Ye Feng can take a good look at what kind of physique this beggar girl has. She is actually able to vaguely integrate with the entire world when she is an ordinary person.

The next moment, Ye Feng immediately detected something. He couldn't help but look shocked, and secretly murmured in his heart: "This is... the power of space? It can actually interact with the space gems on my body! Is Xiaoxuan a space statue? A bloodline heir of the God Emperor?"

Chapter 3452 The princess's little thoughts

At this time, Ye Feng carefully sensed the very ancient divine power of space, and then the cultivation method at the beginning of his cultivation was imprinted in the mind of Xiaoxuan, a beggar girl.

Uh-huh!

The next moment, Ye Feng retracted his fingers, and then said aloud: "I have imprinted the initial method of cultivation in your mind. Next, you can practice it by yourself, and there is a very special kind of power hidden in your body. The special power is called the divine power of space. You can feel it if you have nothing to do. This kind of divine power of space is very extraordinary. If you use it in your practice, your practice will be more effective. "

Xiaoxuan immediately said gratefully: "Thank you, Master. From today on, I am also a practitioner. It's great."

For an ordinary person like Xiaoxuan, especially a lowly beggar, being able to enter the cultivation path is definitely a great blessing for her.

So at this time, Xiaoxuan felt extremely grateful to Ye Feng, because Ye Feng had changed her tragic fate.

Ye Feng just nodded slightly at this moment, then smiled and said: "As long as you practice hard, you will make rapid progress."

"Yes, Master! Disciple will definitely live up to Master's expectations!"

Xiaoxuan's handsome little face was full of solemnity at this moment.

At this time, Ye Feng was also ready to meditate and practice.

But at this moment, Ye Feng seemed to sense something, his eyes moved slightly, and he looked towards the door of this large manor.

The next moment, a familiar and beautiful figure appeared in Ye Feng's field of vision.

It turned out to be that princess again.

It seems to be called Peacock Princess.

Ye Feng watched the Peacock Princess walk in from outside the large manor, with a hint of surprise in her eyes.

I had previously sent the Peacock Princess's guards flying away. Could it be that the Peacock Princess was here to cause trouble for me?

Ye Feng knew that all the royal princesses of the Ice and Snow Dynasty must be very aloof due to their noble status.

It is estimated that the other party is really looking for trouble for me now.

Ye Feng had actually expected it.

But Ye Feng's eyes showed no fear at all.

At this time, Ye Feng just walked towards the entrance of the manor and was about to say something.

But suddenly at this time, several people walked in behind the Peacock Princess.

In addition to Princess Peacock's personal bodyguards, there is also an old man wearing a black robe.

This old man in black robes looked very majestic. Although he was old, his brows were filled with a sense of iron-blooded coldness.

Moreover, the aura of cultivation emanating from this black-robed old man was so unfathomable that even Ye Feng could not detect it.

Ye Feng's eyes suddenly looked slightly startled. The cultivation of this black-robed old man may have far surpassed his current Dragon Transformation Realm, and even surpassed the Star Realm. He is an older man with unfathomable cultivation.

At this moment, Ye Feng's eyes showed a trace of fear.

Even though his cultivation methods are very powerful, the cultivation of this old man in black robe is too high and unfathomable. Ye Feng doesn't know whether he can beat this old man in black robe.

But just when Ye Feng was preparing to fight, suddenly a smile appeared on Princess Peacock's noble and beautiful face. Her beautiful eyes stared at Ye Feng and said aloud: "I now know your name." Yes, your name is Ye Feng, right?"

Ye Feng heard what Princess Peacock said and saw the beautiful smile on her face, with a look of astonishment in her eyes.

Logically speaking, the other party should be looking for trouble, but that's not the case now.

At this time, Ye Feng could only nodded slightly and said, "Yes, my name is indeed Ye Feng. Princess Peacock, do you have any advice?"

Princess Peacock said: "If it were anyone else, she would have been frightened in front of me, and would respectfully call me 'Her Royal Highness', but you didn't, and instead called me by my first name. I heard that the Ninth Prince Brother, you never call him 'His Royal Highness', but directly address him as the Ninth Prince. It seems that you really

You are a unique person. In my impression, the human race is a very weak race, timid and weak, but you are very rare, but you do have this qualification. Your fighting power is the best I have ever seen. The most powerful one, although your cultivation level is still relatively low, you give me a very unfathomable feeling, which makes me very curious about what other methods you have. "

Hearing Princess Peacock speak such a long paragraph, it seemed that she was not belittling herself, but praising herself.

Ye Feng was suddenly surprised and couldn't help but said: "Princess Peacock, what do you want to do?"

Princess Peacock smiled slightly, with a hint of cunning in her beautiful eyes, and said loudly: "I don't want to do anything, I just want to live in this big manor."

Hearing this, Ye Feng couldn't help but show a look of surprise in his eyes, and said, "I have said before that it was the Ninth Prince who asked me to live in this large manor."

A slight smile appeared on Princess Peacock's beautiful face, and she said aloud: "But I also want to live in this big manor, what should I do? So I went to the Ninth Prince's brother and asked him to agree. I live here, and the Ninth Prince brother has agreed, and we will live together from now on, and we will be neighbors. "

"What?"

Hearing what the Peacock Princess said, Ye Feng suddenly had a look of astonishment on his face.

He never thought that this noble dynasty princess would be willing to live in the same large manor with him.

Although this large manor is very large and has many rooms.

But if you live in a large manor, the distance is too close, it is equivalent to living under the same roof, and you will not see each other when you look up. It is inevitable that others in the palace will gossip.

Princess Peacock seemed to have guessed Ye Feng's thoughts at this moment. She immediately curled her lips, with an inexplicable smile on her beautiful face, and said: "You don't even care about me, the princess, do you mind?" ?"

Ye Feng shrugged and said: "I don't mind. Since the Ninth Prince has agreed, I won't say anything more. If Princess Peacock is willing to live here, you can

Stay. "

After saying that, Ye Feng was about to turn around and return to his room.

Uh-huh!

But at this time, the old man in black robe standing next to Princess Peacock suddenly flashed and came not far from Ye Feng.

Ye Feng's eyes moved, and he knew that this old man in black robe was very scary.

At this moment, the old man in black robe just smiled slightly and said aloud: "Master Ye Feng, let me introduce myself first. I am the chief steward under the Ninth Prince. I am basically responsible for managing all matters of the Ninth Prince. This time I came here to bring a message to the Ninth Prince, that is, Princess Peacock is quite unruly and willful. If you offend Young Master Ye Feng in the future, please forgive Young Master Ye Feng for her childish playfulness."

The Peacock Princess immediately shouted not far away: "I am not a child anymore! I will not play pranks!"

At this moment, Ye Feng looked at the old man in black robe in front of him, and just smiled slightly and said: "Okay, I understand. You go back and tell the Ninth Prince that I will not be like the Peacock Princess."

"What do you mean by not being on the same level as me?"

When Princess Peacock heard what Ye Feng said not far away, she was immediately furious.

No one has ever dared to talk to her like this!

Not even her father dared to provoke her or make her angry.

But now, Princess Peacock, who has always been "only one", has been made angry by Ye Feng again and again.

But Princess Peacock couldn't do anything to Ye Feng, because Ye Feng was a good friend of the Ninth Prince's brother, and she couldn't use royal methods to "teach" Ye Feng.

At this time, Princess Peacock could only quickly calm down her inner anger, and then said to herself in her heart: "Don't be angry, don't be angry. When I take this Ye Feng under my control and make him respect me every day, all that will happen It's all worth it."

It turns out that Princess Peacock wanted to live in this large manor not only to observe Ye Feng, a rare human genius, but she also had a small idea of her own, which was to try her best to subdue Ye Feng under her control and obey him. Her order, in order to satisfy the Peacock Princess's sense of accomplishment.

Chapter 3453 Angry

In this way, Princess Peacock lived in Ye Feng's large manor.

Ye Feng himself didn't care about this, because having one more person living in the large manor would not have a particularly big impact on him.

On this day, Ye Feng was practicing outside the room where he lived.

Uh-huh!

Suddenly, a beautiful figure flew not far from Ye Feng, staring at Ye Feng as he practiced. .??.

Ye Feng sensed this breath, opened his eyes slightly, and immediately saw the Peacock Princess standing there, slim and graceful, with a look of deep curiosity in her eyes.

Ye Feng couldn't help but asked: "Princess Peacock has come to observe my practice every day these days. Does she want to learn practice from me?"

When Princess Peacock heard what Ye Feng said, she immediately curled her lips and said loudly: "My cultivation inheritance is the authentic royal inheritance of the Ice and Snow Dynasty. It is already strong enough, and I don't need to practice with you."

Hearing this, Ye Feng couldn't help but ask: "So Princess Peacock, what are you watching every day?"

There was a hint of cunning in Princess Peacock's beautiful eyes, and she said loudly: "Ye Feng, are you interested in becoming my left and right bodyguard?"

When Ye Feng heard what Princess Peacock said, a look of astonishment suddenly appeared in his eyes.

It seems that the reason why this peacock princess keeps staring at her and even wants to live in this large manor is because she wants to make herself her subordinate.

Ye Feng was naturally not interested in this and said, "I am working for the Ninth Prince now. Princess Peacock, are you sure you want to poach the masters of your Ninth Prince brother?"

Princess Peacock smiled and said loudly: "As long as you are willing to follow me, I will personally go to the Ninth Prince's brother."

Ye Feng shook his head and said loudly: "I am not interested in becoming your right and left bodyguard, Princess Peacock."

Princess Peacock said quickly: "Don't refuse in a hurry. You can consider it. If you become my left and right bodyguard, I can make an exception and go to my father to apply for the status of a first-class sword-wielding bodyguard for you. The level is very high." , great power."

Ye Feng smiled and shook his head, and said aloud: "I am not interested in any first-class sword-wielding guards, and I have made an agreement with the Ninth Prince to support and help each other. I will not leave here for the time being. If you don't have anything else to do, Princess Peacock, please don't come to my place and watch me practice. This will hinder my meditation practice."

After saying that, Ye Feng didn't care what Princess Peacock thought, he turned around and walked into the room.

"you.....!"

Seeing that Ye Feng ignored him and left, Princess Peacock immediately stamped her feet angrily.

Princess Peacock never imagined that others would be vying to be the bodyguards of her beautiful princess.

But Ye Feng, a young human race boy, didn't seem interested at all.

Even if Princess Peacock wanted to apply for him to be a first-class sword-wielding guard with such a high level, Ye Feng was not moved at all.

This was something the Peacock Princess did not expect.

For a moment, Princess Peacock didn't even know how to start.

But the more Ye Feng behaves like this, the more unconvinced Princess Peacock becomes.

She had to find a way to make this unruly human boy succumb to her control. Only in this way would the Peacock Princess be willing and relieved.

In the next nearly half a month, Peacock

The Lord thought of many ways, including financial benefits, various levels of power, etc., but he could not make Ye Feng surrender.

Even the Peacock Princess finally used the beauty trap, but it also hit a wall. Ye Feng ignored her at all and even thought it was a child's farce.

This made Princess Peacock more and more angry, and she was ready to think of more and more incredible ways to make Ye Feng surrender to her, the princess.

For example, one night, Princess Peacock broke into Ye Feng's room, leaving Ye Feng speechless for a long time.

...

Let's not talk about the farce of the Peacock Princess.

During this period of more than half a month, Ye Feng guided the beggar girl Xiaoxuan and successfully put Xiaoxuan's practice on the right track.

Moreover, Ye Feng possesses the space gem, which can actually promote Xiaoxuan's development and use of space divine power.

You must know that among the thousands of attributes, time is the emperor and space is the king.

Xiaoxuan, who was born with the power of space, definitely has a unique advantage in practicing.

So in just half a month, Xiaoxuan has made great progress.

Moreover, Xiaoxuan has gradually been able to control various means brought by the divine power of space.

Such as space shuttle and instant displacement, etc.

This ability makes Xiaoxuan himself a little enthusiastic.

Xiaoxuan seemed to have never imagined that one day, she, a little and humble beggar girl, would be able to possess such magical power.

However, this also made Xiaoxuan become more and more grateful to Ye Feng as his master, and he became more and more dependent on him.

Because Xiaoxuan knew that everything she had was given to her by Ye Feng. If she hadn't happened to meet Ye Feng and the master on the streets of the imperial city that day, then Xiaoxuan knew that she would still be a beggar with nothing now, and even He had been caught as a thief, beaten to death.

So this little girl has long regarded Ye Feng as her closest and dearest relative.

And in the early morning of this day, the Peacock Princess came to Ye Feng with a round bead emitting golden light in her hand, and said seductively: "Ye Feng, this round bead is the one my father brought from the sacred mountain back then. The relics left by an ancient holy monk found in the ruins are very high-grade. They were gifts given to me by my father on the day I held my coming-of-age ceremony. If you are willing to be my bodyguard, then I can give this to you. How about giving the relic to you?"

Ye Feng stared at the golden bead in Princess Peacock's hand, with a hint of surprise in his eyes.

He could sense an abundant and boundless power of Buddha's light from this relic, as if there really was an ancient Buddha contained in this round bead.

However, Ye Feng looked at it briefly and said: "A gentleman loves money and gets it wisely. I will not succumb to your service, princess, just for a relic."

When Princess Peacock heard what Ye Feng said, her expression suddenly became a little annoyed. It seemed that she didn't expect that her most precious thing could not make Ye Feng willing to surrender to her.

And just when Princess Peacock was about to say something, suddenly an old man in black robe walked out of the large manor.

It was the unfathomable butler of the Ninth Prince.

The chief steward came in at this time, looked at Ye Feng, and immediately said: "Mr. Ye Feng, His Highness the Ninth Prince has something important to discuss with you. Please also ask Mr. Ye Feng to follow me immediately to go to His Highness the Ninth Prince." In this way, Princess Peacock lived in Ye Feng's large manor.

The chief steward came in at this time, looked at Ye Feng, and immediately said: "Mr. Ye Feng, His Highness the Ninth Prince has something important to discuss with you. Please also ask Mr. Ye Feng to follow me immediately to go to His Highness the Ninth Prince. "In the main hall."

Chapter 3454 The First Battle of the Royal Family

At this moment, when Ye Feng heard what the big housekeeper said, he immediately nodded, walked quickly in the direction of the big housekeeper, and followed the big housekeeper towards the outside of the manor.

Ye Feng knew that if the Ninth Prince could ask the chief steward to inform him in person, there must be something very important, and it was best not to waste time.

Seeing Ye Feng leave immediately, Princess Peacock stamped her feet angrily.

Unexpectedly, it failed again this time.

But at this time, Princess Peacock suddenly discovered something. She couldn't help but look in a certain direction not far away, and saw Xiaoxuan practicing not far away.

Xiaoxuan was no longer the beggar girl before. She put on neat clothes, and her temperament began to look extraordinary. After all, she was suspected to be the bloodline descendant of the Space God Emperor. After activating the divine power of space, she began to practice. , naturally becoming more and more temperamental.

At this time, Princess Peacock's eyes flickered. Maybe she could win over Xiaoxuan, Ye Feng's disciple, to her side first, and then slowly win over Ye Feng.

Thinking of this, Princess Peacock, who was originally angry, suddenly felt that her new idea was very good.

Uh-huh!

She immediately walked towards Xiaoxuan, with a very gentle smile on her face, and said loudly: "Hello Xiaoxuan, I am the Peacock Princess. Do you have anything special that you need? Whatever you want, please feel free to ask. Tell me, your master and I are very good friends..."

And just when Princess Peacock changed her mind and prepared to establish a good relationship with Xiaoxuan first.

Ye Feng followed the chief steward and arrived at the central hall area of the royal garden.

When Ye Feng entered the central hall, he immediately saw many masters already waiting in the hall.

At the top of the hall, the Ninth Prince was sitting there. When he saw Ye Feng arriving, the Ninth Prince couldn't help but stand up immediately.

This shows that the Ninth Prince attaches great importance to Ye Feng.

At this moment, the Ninth Prince immediately said: "Ye Feng, you are finally here."

"

Ye Feng? "

Hearing the title of Ninth Prince, many experts in the entire hall couldn't help but have a hint of surprise in their eyes, and they all stared at Ye Feng, a very ordinary-looking human boy.

However, the eyes of everyone did not show any contempt, but instead showed great curiosity and awe.

Because they had heard before that a very powerful master under the Ninth Prince was killed by Ye Feng, a young human race man with one hand.

Therefore, many experts know that Ye Feng, a seemingly ordinary human boy, is a very scary guy.

This can be seen from the importance the Ninth Prince attaches to Ye Feng.

At this moment, Ye Feng immediately asked: "Ninth Prince, what happened? Is there anything particularly important?"

The Ninth Prince immediately nodded and said: "Our dynasty is about to hold a competition between geniuses. In fact, it is said to be a competition between geniuses, but it is actually between the major princes and the major princesses. Even my father attaches great importance to the overt and covert fight this time, so there will be many senior figures in our palace watching this fight, so I want you, Ye Feng, to participate in this fight. To win glory for me, the Ninth Prince, because this time the royal competition is all about the new generation, my father attaches great importance to it. If Ye Feng can stand out among them, you will not only enter the top five, but even enter the top ten. , and it will definitely make my father look at me with admiration, because for so many years, in every royal competition, my masters are almost always ranked at the bottom. "

When he said this, the Ninth Prince glanced at the entire hall.

All the so-called masters who were noticed by the Ninth Prince's eyes couldn't help but lower their heads, with shame in their eyes.

When Ye Feng heard what the Ninth Prince said, he immediately nodded slightly and said loudly: "Everyone under the prince's command

Can any expert participate in this royal competition? "

The Ninth Prince shook his head and said loudly: "Ye Feng, you don't have to worry too much. Not every master can participate. They must meet the realm restrictions. This royal competition is mainly to see each other. The strength of the younger generation trained under the eldest prince and princess belongs to the competition of the new generation of masters. Therefore, their cultivation is limited to the Dragon Transformation Realm and Star Realm. Only masters at the Dragon Transformation Realm and Star Realm level can participate in this competition. The royal competition of the new generation's power."

When Ye Feng heard what the Ninth Prince said, he immediately felt relieved, then smiled and said, "In this case, there should be no problem."

The Ninth Prince nodded, couldn't help but patted Ye Feng's shoulder, and said loudly: "Ye Feng, this is your first battle, and it is also a battle that I value very much. I hope you can win in the royal

competition." Good ranking. Your current cultivation level is at the ninth level of the Dragon Transformation Realm, and your combat power is generally able to leapfrog the ranks. It is estimated that you can defeat ordinary Star Realm masters. But Ye Feng, don't underestimate the other princes' subordinates too much. Because they can become the focus of training under other powerful princes, each of them must have countless methods and very strong fighting power. There are also many super geniuses like you who can leapfrog the fight and come from all major races, so Ye Feng, you should be careful when the time comes. If you really can't defeat it, put safety first. I don't want to see your life in danger."

Ye Feng nodded, smiled and said: "Ninth Prince, don't worry. Even if the masters under other princes have various methods, my methods are not weak. It just so happens that this time I can see what other princes have to do." What will happen to the young generation we have cultivated?"

Ye Feng knew that if he wanted to help the Ninth Prince achieve great things, he would eventually have to confront other princes.

This time, it was just a good time to see how the new generation forces under other princes were doing.

Moreover, Ye Feng knew that being able to compete with these masters in the core circle of Ice and Snow Dynasty would also help him hone his martial arts.

At this moment, the Ninth Prince spoke out: "In order for Ye Feng to stand out in the next royal competition, I decided to consume my only prince privilege this year and let the butler take you to the treasures in the palace. In the pavilion, choose a set of powerful inheritance and a bottle of high-level elixir that can increase your skill."

When Ye Feng heard what the Ninth Prince said, his eyes suddenly lit up and he said loudly: "If this is the case, then I will be more confident that I can stand out in the royal competition."

The Ninth Prince immediately nodded, patted Ye Feng's shoulder hard, and said in a very solemn voice: "I have never won any of the royal competitions over the years, and I have never even entered the top fifty. , This time it all depends on you, Brother Ye! Otherwise, my father would have almost forgotten about this weak ninth son. After all, the other princes and some powerful princesses are too powerful."

Ye Feng immediately nodded, with a hint of solemnity in his eyes, and said, "Ninth Prince, don't worry, I will definitely do my best."

"good."

At this time, the Ninth Prince took out a round token from the storage ring, handed it to the butler beside him, and said loudly: "Mr. Xia, could you please take Ye Feng to the Baibao Pavilion in our palace?" One trip."

The chief steward immediately said, "Yes, His Highness the Ninth Prince."

The Ninth Prince looked at Ye Feng at this moment and said loudly: "If you don't understand anything, you can ask Mr. Xia directly. As long as he knows something, he will answer it for you one by one."

Ye Feng nodded slightly and said aloud: "Okay, I hope the butler can help me select powerful inheritance and elixirs. After all, it is my first time to go to Baibao Pavilion, and I don't know where the truly precious things are."

The first steward smiled and said: "Don't worry, since the Ninth Prince asked me to accompany you, then I will definitely choose the best one for you. After all, this is the only privilege opportunity that the Ninth Prince has to enter the Baibao Pavilion this year. Can't lose money."

Chapter 3455 Choosing inheritance

At this time, the chief steward took Ye Fengjian out of the hall and quickly walked out towards a certain area inside the palace.

Because time is limited now, we must hurry up to get the powerful inheritance and panacea from Baibao Pavilion.

In this way, Ye Feng can make a quick breakthrough in a short period of time and stand out in the next royal competition.

Following the butler, Ye Feng traveled smoothly throughout the palace.

At this time, Ye Feng somewhat understood. Although this great steward was said to be a steward under the Ninth Prince, he could sense from the Ninth Prince's tone that this great steward's identity was very unusual. He was not just a servant. Simple.

Moreover, Ye Feng knew that this great butler was unfathomable and his cultivation strength must be very terrifying. He was probably a protector specially sent by the royal family to protect the Ninth Prince.

After all, even if the Ninth Prince is a very weak prince, he is still a prince and a pure blood heir of the royal family, so the royal family will definitely send guardians to protect the prince's safety.

While Ye Feng was thinking in his heart, the chief steward brought Ye Feng to Baibao Pavilion.

At this moment, a huge tower appeared in front of Ye Feng's vision.

The tower cannot see the specific number of floors. I don't know how many floors it has. It is very majestic and looks very shocking as it penetrates the clouds into the sky.

At this moment, the butler immediately looked at Ye Feng beside him, smiled and said: "This is the Baibao Pavilion in our Ice and Snow Dynasty palace. Many of the elixirs and inherited treasures in our royal family are here. It can be said that this is one of the most important places in our Ice and Snow Dynasty's palace."

Ye Feng nodded slightly. He saw powerful guards wearing armor surrounding the Baibao Pavilion.

These powerful guards are not ordinary guards, but have very terrifying cultivation levels.

Moreover, Ye Feng could vaguely feel that there were mysterious strong men hidden in the void around Baibao Pavilion.

They are probably all secret guardians.

If anyone dares to trespass, no matter how powerful his cultivation is, he will probably be killed in an instant.

At this time, the chief steward stepped forward directly, took out the round token given to him by the Ninth Prince, and said aloud: "I am ordered by the Ninth Prince to select a master for the Ninth Prince's subordinate next to me. set

A powerful inheritance, and a bottle of elixir that can increase your skill. "

Several tall armored guards at the entrance of Baibao Pavilion stepped forward and took the round token from the butler's hand. After looking at it, they nodded and said, "Okay, you can go in directly. "

The chief steward immediately took Ye Feng into the Baibao Pavilion.

When the two of them walked into the Baibao Pavilion, Ye Feng immediately saw the entire internal space of the Baibao Pavilion. It was very vast and wide, almost like a small world.

The Baibao Pavilion doesn't seem very big from the outside, it's just very tall, but it's very wide inside.

Ye Feng immediately understood that the interior of the Baibao Pavilion must have used the power of space to expand its area.

The entire interior space of Baibao Pavilion is very luxuriously decorated, with the floor paved with white jade, carved beams and painted pillars, and everything is splendid.

Moreover, many complex and ancient dragon-shaped patterns are engraved on the dome, which looks full of ancient and noble qualities.

At this time, the chief steward said: "Master Ye Feng, follow me, and I will take you to the place where the most powerful inheritance is stored in the Baibao Pavilion. But whether you can get the recognition of these inheritances depends on you. Because this kind of advanced inheritance has its own spiritual wisdom, just like the spiritual creatures in heaven and earth, if you are not recognized by these inheritances, then you cannot practice. "

When Ye Feng heard what the big housekeeper said, there was a hint of surprise in his eyes. He didn't expect that the inheritance stored in the Baibao Pavilion of the Ice and Snow Dynasty was so miraculous that it actually needed the approval of the inheritance before he could practice it.

But this also shows that these inheritances are indeed very precious and very advanced. If you practice them, they will definitely bring you a huge improvement in combat effectiveness.

Ye Feng took a deep breath, nodded immediately, and said loudly: "Okay, I understand, I will definitely try my best to get the recognition of the most powerful inheritance."

"Um."

The chief steward nodded slightly and led Ye Feng towards the third floor of the Baibao Pavilion.

When they

When they arrived at the door of the third floor, the butler said: "The more powerful inheritances in Baibao Pavilion are all in this third floor. The further you go inside, the more powerful the inheritances are. Look at it. What level of inheritance can you get?"

Ye Feng nodded and walked in directly.

The chief steward followed behind Ye Feng and said loudly: "Don't try to provoke a legacy that you can't bear, because if you inspire a super powerful legacy and cannot be recognized by that legacy, it is very likely that you will be injured, but I am following you. When your life is in danger at the critical moment, I will save you. "

When Ye Feng heard the big housekeeper say this, there was a hint of astonishment in his eyes.

I didn't expect that choosing an inheritance would be so dangerous.

However, Ye Feng's eyes also showed a hint of excitement.

If he could obtain the most powerful one among these inheritances, it might be more powerful than all the inheritances he had practiced before.

Because each of these inheritances has spiritual wisdom, it must be very terrifying.

Ye Feng can't wait now.

After all, Ye Feng's heart naturally contains the element of adventure.

At this time, Ye Feng walked directly into the third layer of space and walked towards the inside.

At first, there were rows of bookshelves with ancient books on them.

But these are ordinary inheritances, Ye Feng didn't even look at them.

As Ye Feng walked deeper and deeper, he suddenly sensed a variety of terrifying energies contained in the surrounding void.

Ye Feng took a closer look and immediately saw that in this relatively deep area, many inheritances were no longer recorded in books, but were light groups floating in the surrounding mid-air.

If you want to communicate with these inheritances, you must directly reach out and touch these light groups.

However, Ye Feng did not choose a certain inheritance rashly, because now that Ye Feng is here, he must choose the most precious and powerful one.

Buzz!

At this moment, Ye Feng exuded his soul power to sense the most powerful energy.

Because the most powerful energy means that the inheritance is the most advanced.

"Um?"

Suddenly at this time, Ye Feng sensed a surging energy, like a vast ocean, in a certain direction.

Uh-huh!

Ye Feng's eyes lit up and he immediately flew quickly in that direction.

When Ye Feng came to the place where the most powerful energy he sensed existed, he immediately saw a huge statue standing in front of him.

"this....."

Ye Feng stared at the ancient and huge statue in front of him with a look of surprise in his eyes.

Unexpectedly, the inheritance with the most powerful energy that I sensed was not stored in a light group, but in this ancient statue.

At this moment, the butler following Ye Feng showed a trace of surprise in his eyes, and couldn't help but said: "This statue seems not to have been cast by our Ice and Snow Dynasty ourselves. It seems to have been cast by us." A powerful late emperor of the Ice and Snow Dynasty brought it back from the ruins of the ancient sacred mountain many years ago. Over the years, no one has learned any secrets from it. Ye Feng, did you sense something from this statue? ?"

Ye Feng nodded slightly at this moment, with a trace of excitement in his eyes, and said slowly: "I feel an unparalleled huge energy from this statue, which is stronger than all the surrounding Ice and Snow Dynasty." The inheritance is even more terrifying."

"What?"

When the chief steward heard what Ye Feng said, he was immediately startled and couldn't help but said: "You mean, there is an extremely powerful inheritance hidden in this statue, and it is more powerful than the one left by our Ice and Snow Royal Family. Are all inheritances still strong?"

Ye Feng nodded slightly and said aloud: "If we distinguish the strength of inheritance according to the strength of energy, then the energy in this statue is more powerful than the energy of any inheritance."

Hearing what Ye Feng said, the butler immediately showed a hint of surprise in his eyes.

He stared at Ye Feng, and for the first time there was a trace of curiosity in his eyes. It seemed that he did not expect that Ye Feng, a young human race boy, could sense the strength of the energy contained in the major inheritances. This was amazing. It's really an incredible ability.

Chapter 3456 Ancient Taoism

And just when the big housekeeper felt a little incredible about Ye Feng's ability.

Buzz!

Ye Feng stretched out his hand and touched the ancient statue in front of him.

Boom!

Almost at this moment, a very strong energy fluctuation was directly transmitted to Ye Feng's soul.

At this moment, Ye Feng immediately felt that his entire spirit seemed to be enveloped by a terrifying and supreme power.

Ye Feng only felt that his spirit was about to swell and burst at this moment!

"Soul Gem!"

Buzz!

At this moment, Ye Feng did not dare to hesitate and immediately activated the power of the soul gem to protect his soul.

After the soul gem emitted power, Ye Feng suddenly felt a lot more relaxed.

At this time, Ye Feng could see that the statue in front of him was no longer the lifeless look it had before, but instead burst out with divine light in an instant.

At this moment, what was in front of Ye Feng seemed to be no longer an ancient statue, but a living ancient god, standing in front of Ye Feng, teaching Taoism to Ye Feng.

"The True God Picture of the Eternal Thunder Dragon!"

At this moment, an extremely powerful ancient Taoist technique appeared in Ye Feng's mind.

This kind of inheritance is an ancient and incomparable Tao method that can activate the power of thunder between heaven and earth to condense an eternal thunder dragon.

If you practice to the extreme, you can even condense countless thunder dragons to directly form a vast and boundless thunder dragon true god map, full of unparalleled power.

At this moment, sensing this ancient Taoist heritage, Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that I would receive such a powerful inheritance.

This is definitely the top inheritance!

"Crack!"

At this time, Ye Feng's whole body was flashing with light of thunder.

The butler standing aside also felt a thunderous and destructive aura. He couldn't help but ask: "Ye Feng, are you okay?"

At this time, the chief steward was really afraid that Ye Feng would be hurt by the huge power contained in this ancient statue.

In that case, you may not be able to participate in the next royal competition.

Ye Feng opened his eyes at this moment, smiled and said: "I'm fine, don't worry, I have received a powerful inheritance from this ancient sculpture. This is an ancient Taoist technique, very powerful."

"Ancient Taoism?"

Hearing what Ye Feng said, the butler immediately showed a trace of surprise in his eyes and couldn't help but said: "For so many years, no one has been able to study what is hidden in this ancient sculpture."

Well, I didn't expect Ye Feng to study it as soon as you came here, and also got the inheritance. You are really lucky. "

Ye Feng just smiled slightly at this time and said aloud: "It's not that I am lucky, but that my soul power can communicate with the ancient will in this ancient sculpture, so I can get this powerful inheritance."

Hearing what Ye Feng said, the chief steward nodded and couldn't help but said in admiration: "This time the Ninth Prince can get the help of a super genius like Mr. Ye Feng. I'm afraid it is really like a divine help. In the future battles of the royal family, Maybe you can really compete with those powerful princes or princesses."

For the big housekeeper, the more powerful Ye Feng is, the happier he is.

Because the more powerful Ye Feng is, the greater the chance that the Ninth Prince will win in future royal battles.

After all, Ye Feng and the Ninth Prince can be said to be in the same boat now, and the chief steward is also in the same boat as the two of them.

Therefore, the greater the power of the Ninth Prince, the higher the status of the chief steward will be in the future.

Originally, the first butler felt that he was assigned by the upper echelons of the royal family to be with such a weak prince as the Ninth Prince, so the first butler was still a little worried.

He was worried that if the Ninth Prince was killed by other princes or princesses in the future, he might also end up in a very tragic situation.

But now, the arrival of Ye Feng, a super genius, has given the big butler, an unfathomable old man, a glimmer of hope.

At this time, Ye Feng digested the ancient Taoist inheritance and said, "Let's get a bottle of elixir to increase our power."

The butler immediately said, "Okay, I'll take you there."

At this time, the chief steward took Ye Feng directly to the fourth floor of Baibao Pavilion and said: "This fourth floor space is dedicated to storing various miraculous elixirs refined by many alchemists of our royal family. The most useful thing to increase one's power is the 'Blood Kirin Pill'."

At this moment, the big housekeeper said that he directly grabbed a bottle of elixir from the fourth layer of space.

This bottle contains a total of ten pills.

On each pill, there is an illusory little unicorn made of light, roaring and roaring.

The chief steward said aloud: "This blood unicorn pill is made from the essence and blood of the high-level blood unicorns specially raised by the royal family of our Ice and Snow Dynasty."

Hearing what the big housekeeper said, Ye Feng's eyes lit up slightly and he said loudly: "The elixir made from high-grade blood unicorn blood must contain extremely rich energy and will be very useful to me."

The chief steward nodded, and then said as if to remind him: "But Mr. Ye Feng, you can't swallow them all at once."

, otherwise, it is very likely to cause damage to the foundation of your cultivation, and the gain outweighs the loss. Therefore, my suggestion to you is that you'd better take a blood unicorn pill every other month, so that you can gradually progress. It will slowly improve your skills. "

When Ye Feng heard what the big housekeeper said, he felt a little dissatisfied.

After all, his body is like a bottomless pit, and there is no gradual progress at all.

As long as there is energy to devour crazily, it will be fine. .??.

However, Ye Feng also knew that the butler was doing it for his own good, so on the surface, Ye Feng didn't say much. He just smiled and said, "Okay, I understand the butler's suggestion."

Uh-huh!

After saying that, Ye Feng left the Baibao Pavilion and flew towards the Ninth Prince's royal garden.

When Ye Feng returned to the luxurious residence in the center of the Royal Garden, he walked to the manor where he lived.

He saw a very surprising scene.

I saw my female apprentice Xiaoxuan and Princess Peacock talking and laughing there, feeling quite close to each other.

Ye Feng suddenly showed a hint of thinking in his eyes and guessed something.

It is estimated that Princess Peacock saw that she was ignoring her, so she went to her apprentice Xiaoxuan.

After guessing this, Ye Feng just smiled dumbly.

Although this peacock princess looks very cold and noble, her heart is still like that of a child. Otherwise, she probably wouldn't be able to talk to Xiaoxuan, a little girl.

At this time, when she saw Ye Feng coming back, Princess Peacock immediately ran to Ye Feng and said as if asking for credit: "Ye Feng, look what I've done to you. Your apprentice, Miss Xiaoxuan, cultivates space attributes." Her technique is very short of space spirit stones, so I took a lot of space spirit stones from my private treasure house for her to practice. "

When Ye Feng heard Princess Peacock say this, he smiled slightly, nodded and said, "Xiao Xuan, why don't you come over quickly to thank Princess Peacock."

"Yes, Master."

Xiaoxuan immediately trotted over, her handsome face showing joy, and she said with a smile: "Thank you, Your Highness."

Ye Feng dared to call Princess Peacock by her first name, but Xiaoxuan knew that he could not be so bold.

Princess Peacock immediately smiled and said: "Ye Feng, how about the suggestion I gave you before?"

Ye Feng shook his head and said with a dumb smile: "I didn't expect you to care about this matter all the time. Is it really that important to let me become your bodyguard?"

There was a hint of seriousness in Princess Peacock's beautiful eyes, and she said loudly: "Of course it is important, because this means..."

Speaking of which, Princess Peacock

He immediately stopped talking.

She couldn't directly tell her purpose, she wanted Ye Feng to submit to her.

So Princess Peacock stopped talking and said with a smile: "Ye Feng, if you are willing to be my bodyguard and listen to me, then I can give you whatever you want."

Ye Feng shook his head and said aloud: "I don't have time to tell you these things now. I have to practice for a while because I will go to the royal competition with the Ninth Prince soon."

"Are you going to participate in the royal competition?"

Hearing what Ye Feng said, Princess Peacock immediately felt energetic and couldn't help but said eagerly: "I will also participate in the royal competition, and then we can compete."

When Ye Feng heard this, there was a look of surprise in his eyes, and he couldn't help but ask: "As a princess, can you also participate in the royal competition? Royal competitions should only be attended by masters under the princes and princesses. Yes."

Princess Peacock said aloud: "Anyone can participate, including the prince and the princess, but it depends on personal wishes. Originally, I was not interested in this kind of royal competition. Fighting and killing is boring, but Ye Feng, you want to. If you want to participate, then I want to challenge you. Let's make a bet. If I can defeat you, then you will become my bodyguard and listen to me. How about that?"

When Ye Feng heard what Princess Peacock said, he was about to refuse, but something seemed to have occurred to him. Instead of refusing, Ye Feng suddenly smiled and said, "What if I defeat you, Princess Peacock?"

Princess Peacock's eyes were stunned, as if she never thought that she would be defeated by Ye Feng.

After all, Ye Feng's cultivation is currently only at the ninth level of the Dragon Transformation Realm, and Princess Peacock, as a princess of the Ice and Snow Royal Family, has been very rich in resources since she was a child.

Therefore, Princess Peacock's cultivation has already reached the tenth level of the Star Realm, and she will soon break through to the Silver Moon Realm, which is above the Star Realm.

Therefore, Princess Peacock is still very confident in her own strength.

Princess Peacock thought about it for a while, and then said aloud: "If you can defeat me, then you can make a request to me, as long as I can do it."

Ye Feng nodded, smiled and said, "Okay, then it's settled."

Princess Peacock immediately stretched out her jade-like white hands and said loudly: "High-five to settle the matter."

"good."

Ye Feng also stretched out his hand and touched it slightly. It was regarded as the agreement between the two people and it officially came into effect.

At this time, Princess Peacock couldn't help but asked: "Ye Feng, what kind of request will you make?"

Ye Feng smiled and said: "I haven't thought about it yet. I will tell you when I think about it."

Ye Feng smiled secretly in his heart. It was quite a bargain to be able to make a distinguished royal princess owe him a request.

Chapter 3457 Successful practice

After bidding farewell to Princess Peacock, Ye Feng returned directly to his room and began to prepare to improve his strength.

First, Ye Feng took out the bottle of elixir directly.

This bottle contains a total of ten pills, all of which are blood unicorn pills, which are very high-end and precious.

If you are an ordinary practitioner, you need to swallow it slowly in order to continuously increase your skill.

If he swallows it all rashly, the practitioner may instantly explode and die due to the rapid increase in skill.

But for Ye Feng, all this does not exist.

Because Ye Feng's body was simply a bottomless pit.

No matter how huge the energy is, he can swallow it and then digest it.

This is the power of Hongmeng Immortal Body.

It can accommodate various attributes of power, and it can also accommodate extremely terrifying energy, without causing the so-called explosion and death.

At this time, Ye Feng no longer hesitated, opened the bottle in his hand, and swallowed all ten Blood Kirin Pills.

"boom!!"

At this moment, Ye Feng suddenly felt a huge amount of energy, which exploded directly in his dantian.

A terrifying heat wave-like energy surged through his limbs.

Ye Feng felt that what he had swallowed was not ten pills, but ten unicorns!

This kind of energy was so terrifying that Ye Feng's skills immediately increased and improved tremendously, and a powerful momentum immediately burst out from Ye Feng's body.

"boom!!"

Finally, Ye Feng's momentum underwent a qualitative transformation.

He finally broke through!

Directly from the ninth heaven of the Dragon Transformation Realm, he successfully entered the Great Perfection of the tenth heaven of the Transformation Dragon Realm!

At this time, Ye Feng's cultivation level has achieved a breakthrough, and his combat effectiveness has also improved.

A lot.

Next, Ye Feng wasted no time and took out the extremely powerful set of inheritance he had obtained.

This set of inheritance is called the "Eternal Thunder Dragon True Divine Diagram". If you have just comprehended it, the caster can activate the power of the nine-day thunder and condense it into a thousands-foot-long thunder dragon, full of unparalleled destructiveness.

If this set of inheritance can be cultivated to the extreme, then the caster can instantly condense tens of thousands of thunder dragons, and combine them together to form a vast and boundless eternal thunder dragon true god map, which has incredible power and has The power of the ancient thunder dragon god.

Therefore, this set of inheritance is still very advanced and powerful, and it has a very special thunder attribute, which is incredibly destructive.

At this time, Ye Feng directly stimulated his demonic understanding and began to understand this powerful inheritance.

For ordinary practitioners, if they obtain such a high-level and ancient inheritance, they may need to retreat for many years before they can understand a little bit.

But for Ye Feng, as long as Ye Feng is given a short time, he can initially understand this set of inheritance, and even practice it to the extreme.

Because of Ye Feng's understanding, he was transformed by the soul gem into a very monster, and he could practice everything very quickly.

In the next few days, Ye Feng spent his time studying this set of Eternal Thunder Dragon True God Pictures.

Because the royal competition you are about to participate in may be very dangerous and you will encounter very powerful opponents.

When the time comes, peerless geniuses from all major overlord races will appear.

Therefore, Ye Feng now naturally seizes any opportunity to improve his strength and make his combat effectiveness as strong as possible.

After all, Ye Feng knew

, the Ninth Prince attaches great importance to this royal competition, and Ye Feng also attaches great importance to it. After all, this is his true first battle in the Ice and Snow Dynasty royal family. He must fight beautifully to be able to win. Establish a foothold in the royal family and obtain more resources.

Ye Feng knew very well that although he and the Ninth Prince said they were good friends and supported each other, if he really couldn't defeat others for the Ninth Prince, maybe the Ninth Prince wouldn't take him so seriously, and he wouldn't be able to let him go in person. The big housekeeper took him to collect various precious cultivation resources.

At this time, Ye Feng fell into deep cultivation.

Three days later.

This night.

"boom!"

Suddenly, the roof of the room where Ye Feng was located suddenly shattered.

A huge thunder dragon rushed out of the room, roaring proudly for nine days. ??

"what happened?"

At this moment, this sudden and shocking scene made many residents living in the entire royal garden look with deep horror in their eyes.

They stared at the thunder dragon that roared proudly for nine days over the large manor not far away. Everyone felt the majesty of a real ancient thunder dragon.

However, the moment this thunder dragon appeared, it dissipated, making many people very curious as to who was practicing this terrifying inheritance. It felt really scary. .

The one who condensed this thunder dragon was naturally Ye Feng.

At this moment, Ye Feng stood up in his room, with lightning flashing in his eyes.

After three days of practice, Ye Feng finally reached the initial stage of practicing the secret of the Eternal Thunder Dragon True God Diagram. At the very least, he could skillfully activate the power of the Nine Heavens Thunder to condense a giant thunder dragon with extremely terrifying power.
destructive power

.

Next, Ye Feng is ready to continue practicing.

But in the early morning of the next day, the chief steward came to the large manor where Ye Feng lived and said from a distance: "Master Ye Feng, the royal competition is about to begin. Please follow me there, Master Ye Feng." Meet the Ninth Prince."

Ye Feng stopped practicing in the room, walked out directly, came to the side of the big housekeeper, smiled and said: "Has the royal competition finally begun? I have been preparing for so long, and this time it is time to let Others know that the Ninth Prince also has a peerless genius."

Hearing Ye Feng's words, the chief steward was a little surprised in his eyes. After all, he had never heard Ye Feng praise himself before.

Obviously, Ye Feng now has very strong self-confidence, otherwise he would not say this.

At this time, the chief steward seemed to have noticed something, and couldn't help but said in surprise: "Have you successfully transferred the powerful inheritance contained in that sculpture to your cultivation?"

Ye Feng nodded slightly, smiled and said: "I think the initial practice is successful."

"hiss!"

Hearing what Ye Feng said, even the mysterious and powerful elders like the big housekeeper couldn't help but take a breath of cold air.

Although the chief steward didn't know what the inheritance contained in that sculpture was.

But the inheritance hidden in that sculpture is definitely the most powerful inheritance in the entire third floor of Baibao Pavilion.

This powerful and advanced inheritance is estimated to take a long time for even a great steward to understand, and may require several years, or even more than ten years, of seclusion.

But it only took Ye Feng a few days to successfully cultivate that powerful inheritance?

This is incredible!

"It seems that the Ninth Prince has really met a noble person this time." The chief steward couldn't help but murmured in his heart.

Chapter 3458 Seventh Prince

The chief steward took Ye Feng and soon arrived at the central hall where the Ninth Prince was.

At this moment, Ye Feng immediately saw that many experts had gathered in the central hall where the Ninth Prince was.

Obviously, the Ninth Prince attaches great importance to this royal competition and has gathered all the qualified young masters under his command.

Because those participating in this royal competition have cultivation limits, they must be in the Dragon Transformation Realm and the Star Realm, and cannot exceed the Star Realm.

At this time, when the butler brought Ye Feng over, the Ninth Prince suddenly showed a look of expectancy on his face and said loudly: "Although I have gathered so many experts this time, the one I value most is Ye Feng." Brother you."

Hearing what the Ninth Prince said, Ye Feng immediately smiled and said: "My cultivation strength has improved a lot in the past few days."

When the Ninth Prince heard this, he immediately nodded and said, "That's good."

After finishing speaking, the Ninth Prince looked at the butler beside him and said loudly: "Since all the qualified young masters have gathered together, let's go directly to the martial arts arena in the center of our palace."

"good."

The chief steward nodded and led everyone towards the central area of the palace.

The Ninth Prince has been standing next to Ye Feng, and the other young masters are following behind. This shows that the Ninth Prince attaches great importance to Ye Feng and can be equal to the Ninth Prince.

When many young masters behind him saw this scene, they had quite envious looks in their eyes. After all, if the Ninth Prince could pay such attention to him, his status in the palace would definitely rise.

But they also know that Ye Feng, a young human race, is very powerful despite being a weak human race.

Ye Feng's previous deeds of suppressing the one-horned man with one move had already spread to the ears of all the masters under the Ninth Prince.

At this moment, while walking, the Ninth Prince said to Ye Feng: "Brother Ye, although your cultivation level has been improved again, don't underestimate the young masters under other princes. Those young masters are all... They come from super powerful races, with their own methods and cultivation levels. You can leapfrog and fight, and they can also leapfrog and fight, so you must be careful. After all, your cultivation level is not too high, you are only in the dragon transformation realm. Many of the other masters under the prince are in the Star Realm, and you are at a disadvantage in this competition."

When Ye Feng heard what the Ninth Prince said, he immediately smiled and said: "Okay, I understand, this time it depends on the combat effectiveness of the young masters under the other princes. Although many geniuses can leapfrog the battle, but I

Generally, you can jump many levels. "

When the Ninth Prince heard Ye Feng's rather confident answer, he immediately smiled, and his inner worries seemed to dissipate a lot.

After all, every time he participated in a royal competition before, the Ninth Prince was almost always at the bottom, unable to compete with those powerful princes or princesses.

Because the royal battle between princes or princesses is not only a battle of their own strength, but also a comparison of the power of their subordinates.

If a prince only has strong cultivation, it means nothing. Only the masters gathered around him and the huge power under his command can mean that the prince is truly capable of commanding a powerful dynasty.

After all, the Ice and Snow Dynasty does not need a commander who can fight alone, but an emperor who can command all.

The Ninth Prince's own strength is not very strong, and the experts gathered around him are not very strong, so every royal competition has a huge psychological shadow on the Ninth Prince, because he is always the one at the bottom.

Not only did the other princes and princesses mock the ninth prince for being weak, but even his own father didn't like him very much.

Therefore, after finally meeting Ye Feng, a super genius from the human race, the Ninth Prince naturally wanted to avenge his shame and perform well in front of his father and all members of the royal family.

Just as the Ninth Prince was thinking secretly, a group of people followed the chief steward to the area where the royal competition was held.

This is an extremely huge square, and the entire surface of the square is poured with solid molten iron. Under the sunlight, it exudes a cold metallic luster.

Moreover, there are huge pillars surrounding the entire square, and the pillars are engraved with complex formation patterns.

When the masters compete in the square, these pillars will emit the power of the formation and form a defensive light shield, so that the aftermath of the battle between the masters in the square will not affect other buildings in the surrounding palace, protecting the surrounding buildings. Royal palace environment.

At this moment, the Ninth Prince and his party arrived and prepared to take their seats in the auditorium.

But at this moment, a group of noble and noble people suddenly came not far away.

The leader was a young man wearing a blue python robe, who looked majestic and extraordinary.

Behind him is a large group of masters, each of whom exudes extremely powerful fluctuations and has unique abilities.

Masters from all major races.

Obviously, this is a prince with a very profound background.

"This is the seventh prince."

At this moment, the Ninth Prince, who was sitting in the auditorium, spoke to Ye Feng beside him.

Seeing that the Ninth Prince seemed to have a gloomy look on his face, Ye Feng suddenly asked in surprise: "Ninth Prince, do you have a bad relationship with the Seventh Prince?"

The Ninth Prince nodded and said in a low voice: "This Seventh Prince had a very small disagreement with me before, so he has always been very unhappy with me. Every time the royal family competes, he will specially use his masters to fight against me. Suppress my men, so every time my masters will be seriously injured or even disabled by the strong men under the Seventh Prince, they are very cruel. "

Hearing what the Ninth Prince said, Ye Feng's face showed a hint of surprise.

But before Ye Feng could say anything, suddenly the Seventh Prince not far away, with a group of masters under his command, seemed to see the Ninth Prince and Ye Feng sitting in the auditorium.

A dark smile suddenly appeared on the seventh prince's face, and he led a group of experts and walked directly in front of the ninth prince and Ye Feng.

Seeing the Seventh Prince leading a group of experts to surround the auditorium where he was, the Ninth Prince frowned, looked at the Seventh Prince in front of him, and said loudly: "Seventh Brother, do you have any advice?"

Although the Ninth Prince is called elder brother, there is no affection or family affection between these princes at all. Although they all have the same father, they have different maternal clans behind them.

Moreover, even brothers with the same father and mother would probably hate each other and kill each other in front of the imperial throne.

It can be said that this is a tragedy among the royal family members.

At this moment, the seventh prince looked at the group of young masters around the ninth prince, including Ye Feng, and immediately smiled sarcastically and said loudly: "Ninth brother, it seems that you are not as good as every year. This year's In the royal competition, these young masters you brought are not as good as last year. Last year, the master of the giant spirit god clan you had named Mo Wen was pretty good, but he was defeated by the master of the black rhinoceros clan under me. Well, in this year's royal competition, it looks like you're going to be at the bottom again."

"you.....!"

When the Ninth Prince heard what the Seventh Prince said, he stood up suddenly, his eyes burning with anger.

But the next moment, the Ninth Prince took a deep breath, suppressed his anger, and said loudly: "Seventh Brother, I won't bother you to worry about whether I will be at the bottom this year."

It's quite sad to see the Ninth Prince looking like this

With a calm look, the seventh prince seemed to be very disdainful and said: "Hmph, pretending to be calm, anyway, it's the same as in previous years. As long as your masters come to the fighting platform, I will send my masters to compete on the fighting platform. Destroy your master."

The Ninth Prince suppressed the anger in his heart and said with a cold smile: "We can't tell who will be deposed this year."

When the Seventh Prince heard what the Ninth Prince said, he couldn't help but sneered, glanced at the group of young masters around the Ninth Prince, and said sarcastically: "I'm not afraid of speaking big words and flashing my tongue. Ninth Brother, who gave you the confidence? The people around you Do this bunch of losers give you confidence?"

Called trash by the Seventh Prince, the group of young masters sitting next to the Ninth Prince dared not speak out in anger.

But at this moment, an indifferent voice suddenly sounded: "Seventh prince, right? It's not good for you to openly insult us directly in front of us, isn't it?"

This indifferent voice is none other than Ye Feng!

At this moment, Ye Feng couldn't stand it anymore. He stood up in the audience next to the Ninth Prince and stared at the Seventh Prince in front of him. His eyes showed no awe for the Prince.

"Bold! How dare you disrespect His Highness the Seventh Prince!"

At this moment, a master from the giant elephant clan next to the seventh prince shouted loudly at Ye Feng.

"do not get excited."

At this moment, the Seventh Prince stopped the words of the giant elephant clan master next to him, smiled and said: "The royal family has royal rules, and you are not allowed to do anything in the audience. I guess this human boy wants to use the provocateur. Fa, let us take action first, otherwise

we will be expelled from the fighting arena, but I will not follow his wishes. I am not in a hurry to take action now. I must beat this kid after he gets on the fighting stage. ”

The Seventh Prince was staring at Ye Feng at this moment, with undisguised cruelty in his eyes.

The giant elephant clan master who spoke out, with a burly body, also smiled cruelly at this time, stared at Ye Feng, and said loudly: "Human boy, I will remember you. When the royal competition officially begins, I will go up to the competition. "Tai, I will crush every bone in your body, hahaha."

After finishing speaking, the Seventh Prince left the scene directly with a group of his masters.

The Ninth Prince was a little gloomy at this time and said aloud: "It seems that I have been targeted by the Seventh Prince again this year. Moreover, he has many more powerful men under his command. The master of the Giant Elephant Clan is also a very powerful person from the Giant Elephant Clan. A powerful race."

Ye Feng smiled indifferently and said coldly: "It's not certain who will cripple whom. When my subordinates see the truth, I will let him know what regret is."

Chapter 3459 Everyone's Contempt

After the Seventh Prince left, the Ninth Prince was not in a good mood.

After all, every time he competed in the royal family, he was deliberately targeted by the seventh prince.

Therefore, in addition to the deep hatred for the seventh prince, the ninth prince also had a trace of fear.

Because every time the masters under the Seventh Prince were able to beat the masters under the Ninth Prince half to death, or even directly cripple them and become disabled.

So over time, even though the Ninth Prince now knows that Ye Feng is very powerful and a super genius, he still lacks confidence.

Because this is already a huge psychological shadow that cannot be eliminated so easily.

At this time, Ye Feng seemed to see the gloomy look on the face of the Ninth Prince, as well as the look of fear, and immediately smiled and said: "Ninth Prince, don't worry, if I really talk to the Seventh Prince's men later, if I encounter such a master, I will definitely give him an eye for an eye and a tooth for a tooth."

When the Ninth Prince heard what Ye Feng said, he immediately smiled gratefully and said, "It's up to you, Brother Ye, today."

While the two were talking, suddenly several figures with very powerful auras descended from the top of the auditorium.

These figures are all very old and look very majestic, floating in the mid-air in the middle square.

The Ninth Prince immediately spoke up and said: "These are all senior figures of our Ice and Snow Dynasty. They are all strong men of the older generation. Their cultivation is very unpredictable and terrifying. These seniors will be the leaders in today's royal competition." The referee will preside over the entire game."

Ye Feng looked at the royal elders of the Ice and Snow Dynasty with a trace of wonder in his eyes.

The majestic cultivation aura of these elders is like several ancient mountains, standing high in the sky, very terrifying.

At this time, Ye Feng felt a great majesty and pressure from these senior members of the Ice and Snow Dynasty royal family.

Ye Feng immediately understood that the Ice and Snow Dynasty was worthy of being the overlord-level commander in the entire snowy land. As expected, its strength was very strong. There were many super strong people in the royal family, which he could not guess temporarily.

At this time, Ye Feng looked around and found that more and more people were gathering.

Among them are powerful princes, powerful princesses, and many other royal members, or some dignitaries and princes.

They all came here one after another.

Because every year's royal competition in the Ice and Snow Dynasty is a very grand event.

Even His Majesty the Emperor of the Ice and Snow Dynasty will come here in person to observe the entire game in order to examine the overall strength of each prince or princess under his command, as well as the younger generation of other princes.

Because the stronger the younger generation is, it means that there are successors to the entire Ice and Snow Dynasty.

And suddenly, at this moment.

boom! !

A terrifying and boundless force suddenly appeared on the entire field.

At this moment, everyone's eyes were attracted by this vast aura, and they all looked quickly in a certain direction.

I saw a pillar of light reaching the sky, appearing at the top of the auditorium.

In this sky-reaching pillar of light, a majestic figure sat on a huge throne, looking like a god standing tall on the sky and on the earth.

Although the face could not be seen clearly, everyone knew that this was the number one person in the Ice and Snow Dynasty.

That is, His Majesty the Emperor of the Ice and Snow Dynasty!

"Welcome Your Majesty!"

At this moment, everyone in the audience stood up and clasped their fists respectfully.

As for some low-status guards, they knelt down directly.

Ye Feng stood beside the Ninth Prince, just stood up and clasped his fists, because he had the right and identity.

At this moment, the majestic figure in the golden beam of light, the emperor of the Ice and Snow Dynasty, made a majestic voice: "This year's royal competition will officially begin now, everyone should take their places."

After the words fell, the royal family elders floating in the sky above the square nodded one after another, and then began to quickly arrange for the masters to compete on the field.

The first to participate in the competition were the masters from the royal palaces.

Then came the competition between princes and princesses, the masters of pure-blooded heirs.

Ye Feng was sitting in the audience at this time, just in time to

Let's take a look at the masters in the Ice and Snow Dynasty's palace.

However, after looking around, Ye Feng found that the masters in these palaces were quite ordinary.

Ye Feng saw that many other people around him looked at him with a hint of boredom.

Apparently many people didn't bother to pay attention to the battle between the palaces.

In the eyes of everyone, the competition between these young masters trained by the royal palace is just the opening act of this royal competition, just a warm-up.

Half an hour later, the battle between the masters of the royal palace finally came to an end.

At this time, everyone's eyes instantly became solemn.

Because next, there will be a competition between the masters of the princes and the princess.

All are given special attention. .??.

Because the future of the entire Ice and Snow Dynasty will be selected from these princes and princesses.

If anyone can be favored by the upper echelons of the royal family and the current emperor, then that prince or princess will most likely become the next generation commander of the Ice and Snow Dynasty royal family.

The Ice and Snow Dynasty is not a dynasty that favors boys over girls, so whether it is a prince or a princess, as long as they are strong and have many masters under their command, they can stand out among all the heirs of His Majesty the Emperor. Even a female princess can still control the imperial power and throne. , became the commander of the Ice and Snow Dynasty.

At this moment, the royal family elder in the square looked at a piece of paper in his hand and said loudly: "The first person to participate in the competition is the master of the giant elephant clan under the seventh prince, Mo Wentian. He has the sixth level of the star realm. He has the bloodline of an ancient giant elephant, and his actual combat power is comparable to that of a half-step Silver Moon Realm."

Wow!

After the words fell, there were bursts of exclamations from the entire field.

"Is it the extremely powerful giant elephant tribe?"

"I didn't expect that the seventh prince would recruit young masters from the giant elephant clan, and his cultivation would be so strong, and his combat effectiveness would be so terrifying!"

"The Seventh Prince has never been a powerful prince, but this time he has recruited masters from such a powerful race. In addition, the Black Rhinoceros master that the Seventh Prince recruited last year must be even more powerful now. It is estimated that this time the royal family will be more powerful than Fight, the Seventh Prince can stand out

."

"Yeah, I really feel sorry for his opponent. He is such a powerful giant from the giant elephant clan right from the beginning."

...

At this moment, many members of the royal family around him couldn't help but make comments.

At this time, the royal family elder in the sky continued to speak: "The opponent of Mo Wentian, the master of the giant elephant clan under the seventh prince, according to random arrangement, is the human master from the ninth prince, Ye Feng. He has the tenth level of the dragon realm. His cultivation and actual combat effectiveness are unknown."

Shh!

Compared with the uproar when the masters of the giant elephant clan appeared, when the royal family elder said Ye Feng's name at this moment, the entire field was booed.

"Ye Feng? I've never heard of it. I don't know if it's powerful or not."

"Haha, from a weak race like the human race? How can it be so powerful, and its cultivation level is still so low?"

"Under the Ninth Prince? It turns out to be the weakest prince! No wonder we can't recruit masters from powerful races. We can only recruit some so-called geniuses from small and weak races like the human race."

At this moment, everyone in the field was speaking with contempt.

Because the Ninth Prince is recognized as the weakest prince.

Moreover, Ye Feng turned out to be the weakest human race among all races, and his cultivation level was still so low.

Such a combination is naturally not recognized by all the royal members on the court.

Therefore, in the minds of all royal members, the outcome of this battle is already determined.

That is, Ye Feng under the Ninth Prince will suffer a disastrous defeat.

"I don't know if this human boy dares to take the stage. After all, the gap between his cultivation level and combat power is too big."

Someone asked this question.

And this time.

Uh-huh!

Mo Wentian, a master of the giant elephant tribe under the Seventh Prince, instantly flew to the competition stage in the middle square.

His ferocious eyes were fixed on Ye Feng in the audience for an instant, and he said in a very provocative and disdainful manner: "Young boy from the human race, do you dare to come up? I advise you to go home and hide. If you dare to come up, , I will definitely do what I say, and I will crush your bones one by one! Hahaha!"

Chapter 3460 It's so refreshing

At this time, Mo Wentian, a master of the giant elephant clan under the Seventh Prince, exuded a very terrifying and ferocious aura.

He was just like an ancient evil beast. Standing on the competition stage, everyone present felt a deep sense of depression.

Mo Wentian let everyone know that he was a very cruel person before he even took action.

At this moment, everyone's eyes fell on Ye Feng, who was beside the Ninth Prince.

They stared at this seemingly ordinary young man in white, with a look of uncertainty in their eyes.

Because they didn't believe that this human boy would have the courage to step onto the competition stage.

But at this time, under the spotlight of everyone, Ye Feng's eyes were very calm, and he jumped and flew directly to the competition platform.

"Um?"

Seeing this scene, everyone showed deep surprise in their eyes.

Even many distinguished members of the royal family, including some elders of the royal family, couldn't help but look at Ye Feng, as if they were surprised.

After all, there was no suspense in this battle in their eyes.

Not to mention, the cultivation of Mo Wentian, a master of the giant elephant tribe, was a whole level higher than that of Ye Feng.

Moreover, the fighting power of Mo Wentian, the master of the giant elephant clan, is also very terrifying.

The referee who presided over the entire competition had already said that Mo Wentian's true combat power was not just at the Star Realm, but comparable to the Silver Moon Realm, which was half a step above the Star Realm.

So at this time, no matter how many people looked at it, they felt that Ye Feng would never win this game.

At this moment, Ye Feng stood on the competition platform, staring at the giant elephant clan master Mo Wentian not far away, and said slowly: "I have already said that if the two of us meet, I will also crush every bone in your body."

Ye Feng's words at this time were very decisive and cruel, but in the minds of everyone in the surrounding audience, Ye Feng's words were just a struggle before death.

At this time, Mo Wentian, the master of the giant elephant clan, showed deep sarcasm in his eyes, and said loudly: "You guys from the human race still dare to be so harsh-spoken. I will let you know later what the consequences of being harsh-spoken are." miserable."

Boom!

Almost as soon as Mo Wentian finished speaking, a terrifying aura of monsters burst out from his body.

Mo Wentian was seen striking directly at Ye Feng with one hand.

His hand actually transformed into a huge elephant's hoof, full of terrifying pressure. It suppressed Ye Feng's head in an instant, and seemed to be able to crush Ye Feng's entire body in an instant. Crush it.

boom!

But at this moment, Ye Feng's eyes did not waver at all, and he punched out fiercely.

Boom!

At this moment, there was a huge collision between the two.

A terrifying roar resounded throughout the entire field.

And at the next moment, what shocked everyone was that Ye Feng did not move at all, standing on the same spot, like an eternal monument, standing on the earth.

Mo Wentian, the master of the giant elephant clan who took the initiative to attack Ye Feng, was immediately knocked back more than ten steps by a terrifying force.

"What?!"

Seeing this scene, even Mo Wentian himself suddenly showed deep astonishment in his eyes.

"This is impossible!"

Mo Wentian stared at Ye Feng across from him for a moment, with a look of disbelief on his face.

He couldn't help shouting: "I am the body of an extremely powerful giant elephant. How can you, a weak human race, be able to compete head-on with my ancient giant elephant physique, and I am still at a disadvantage? This is impossible!"

"The giant elephant steps on the sky!"

At this moment, Mo Wentian directly displayed his extremely powerful inheritance.

His entire body actually transformed directly into his true body, transforming into an ancient giant elephant that was several kilometers tall and majestic. His whole body was covered with pitch black scales, and he looked very ancient, deep and terrifying.

At this moment, Mo Wentian transformed into an ancient giant elephant and rushed directly towards Ye Feng's rumbling impact.

Like a heavy weapon of war, the four thick hooves were like pillars of heaven, and the entire arena shook violently when they stepped on them.

The majestic and boundless ancient giant elephant was very visually impactful. It hit directly in front of Ye Feng and tried to collide with him.

The whole body was broken.

Ye Feng still did not use his martial arts moves. Instead, he smiled coldly and directly unleashed the power of his extremely powerful Hongmeng Immortal Body.

Boom!

At this moment, Ye Feng punched out again.

This fist was Ye Feng's serious fist, containing the terrifying power of Hongmeng's immortal body. ??

"Boom!!"

The terrifying ancient power burst out from Ye Feng's fist, directly punching the ancient giant elephant that rushed in front of him, causing the scales all over its body to shatter into pieces.

Then, with a terrifying roar, the majestic ancient elephant flew out directly.

Then there was a "bang" and it fell to the ground hard, lying on the ground motionless.

The huge elephant's mouth was bleeding gurglingly, and it was obviously completely dead.

"What?"

"He actually beat Mo Wentian, a master of the giant elephant tribe, to death with two fists?"

Seeing this scene, countless royal members in the surrounding audience couldn't help but scream in horror.

"good!!"

At this moment, the Ninth Prince, who was sitting somewhere in the auditorium, was originally quite worried, fearing that Ye Feng would not be able to defeat Mo Wentian, the master of the giant elephant clan, but when he saw Ye Feng, he defeated Mo Wentian with just two fists. After being blasted to death, the Ninth Prince couldn't help but shouted excitedly, and then stood up.

How many years!

The feeling of depression in his heart was finally followed by Ye Feng's two fists, which completely let out a breath of bad breath.

"How can it be....."

But at this time, the seventh prince, who was originally prepared to watch a good show, suddenly became extremely ugly.

He looked at Mo Wentian, the master of the giant elephant clan who was completely dead on the battlefield, with a look of disbelief on his face.

Because he never thought that Ye Feng, a weak human boy, could have such terrifying combat power.

That seemingly thin human body seemed to contain the power of gods and demons, and it was extremely violent and terrifying.

"Ye Feng wins this battle."

At this time, a royal elder standing in the air spoke out

The result of this battle was announced.

Even the royal family elder was looking at the figure of the young man in white underneath, with a hint of surprise in his old eyes.

It seems that he did not expect that the final winner would be Ye Feng, a weak-looking human boy.

At this moment, Ye Feng nodded slightly to the royal elders high in the sky, and then secretly released the Devouring Domain. The devouring power stuck to the ground and plundered all the blood energy of Mo Wentian, the master of the giant elephant clan not far away.

Buzz!

At this moment, Ye Feng immediately felt that his skill had been greatly improved.

The cultivation level directly broke through to the half-step star realm above the tenth level of the dragon realm.

The changes in Ye Feng's cultivation aura shocked the surrounding royal family members who were watching the battle. They couldn't help but exclaim: "This human boy actually broke through during the battle. Is this the legendary epiphany? "

At this moment, regardless of the shock of many members of the royal family around him, Ye Feng walked out of the arena calmly and returned to the Ninth Prince's side.

"Brother Ye, you... are so good! This time it really made me let out a bad breath! Seeing the seventh prince's gloomy look like a dead father really relieved me. !"

The Ninth Prince immediately patted Ye Feng's shoulder hard, obviously very excited.

Seeing the Ninth Prince like this, Ye Feng smiled slightly and was about to say something.

But suddenly at this moment, a woman wearing a colorful dress suddenly walked up beside them. The dress exuded a faint light, and her temperament was extremely noble.

She came to the two of them, looked at the Ninth Prince, smiled and said: "Ninth Prince, I didn't expect that you would recruit such a powerful super genius this time. You are really lucky."

When the Ninth Prince saw this beautiful woman wearing a colorful dress, his eyes were immediately startled. He couldn't help but slightly cupped his hands and said loudly: "I didn't expect that Princess Caiyun would come here in person and be praised by Princess Caiyun. it's my honour."

Um?

At this moment, Ye Feng saw how polite the Ninth Prince was to Princess Caiyun, and a trace of surprise suddenly appeared in his eyes.

It seems that Princess Caiyun is a very powerful princess, not a good girl like Princess Peacock.
