

Ancient 3461

Chapter 3461 Jealousy

At this time, Princess Caiyun's eyes fell on Ye Feng who was next to the Ninth Prince. She smiled and said: "Ninth Prince, please introduce to me this young prodigy you have recruited. His cultivation is so strong. It's powerful and very interesting."

The Ninth Prince immediately spoke out: "Brother Ye comes from a very remote place where humans live. He is a peerless genius recommended by my subordinate Ye Weiyang."

When Princess Caiyun heard what the Ninth Prince said, a trace of surprise suddenly appeared in her eyes.

She didn't seem to expect that such an extremely powerful and peerless genius could come out of a very remote area.

Princess Caiyun stared at Ye Feng at this time, with a beautiful smile on her face, and said loudly: "Ye Feng, in our inherent impression, the human race is a very weak race that has not appeared in thousands of years. What a powerful person, but you really impress me."??

At this moment, seeing Princess Caiyun looking so eager, the Ninth Prince showed a hint of embarrassment in his eyes.

This powerful Princess Caiyun must not want to take Ye Feng away from her.

Thinking of this, the Ninth Prince immediately spoke out: "Princess Caiyun, I heard that you have also recruited many powerful peerless geniuses during this period. The talents are so powerful that they are probably much more powerful than Ye Feng. This time the royal family competition Dou, Princess Caiyun, you have a great chance of winning, maybe you can make it into the top three."

When Princess Caiyun heard what the Ninth Prince said, she immediately understood what he was thinking. She couldn't help but smile and said aloud: "Ninth Prince, don't worry, I'm not here to snatch the genius from you. I'm just saying... I was very surprised by that battle, so I came here specifically to get to know this extremely powerful human genius under your command and see what is so extraordinary about him."

The Ninth Prince smiled slightly and said aloud: "Actually, Brother Ye is not my subordinate. We have an equal and mutually supportive relationship."

Princess Caiyun nodded slightly, then looked at Ye Feng and said loudly: "If you have time, you can come to my place to live."

Have a good chat in the area. I am very interested in your extremely powerful human physique. We can exchange some knowledge about cultivation with each other. "

After saying that, the Ninth Prince's eyelids suddenly twitched. Isn't this called solicitation?

Princess Caiyun seemed to see what the Ninth Prince was thinking, and she immediately smiled and said, "I just want to make friends with Ye Feng, Ninth Prince, don't think too much."

To make friends?

When the Ninth Prince heard what Princess Caiyun said, he could only smile slightly and said nothing more.

At this time, the Ninth Prince immediately understood that although Ye Feng's battle was very enjoyable, it aroused the interest of many other princes and princesses.

Next, after Princess Caiyun finally left, the Ninth Prince immediately whispered to Ye Feng: "I am a weak prince, and suddenly a powerful peerless genius like you appears next to me, which will definitely attract the attention of all the princes and Ye Feng. If they don't get the princess's attention from you, they might find a way to destroy you. So Ye Feng, you must be careful next time, but Princess Caiyun should not be such a person. Although Princess Caiyun is a powerful person, The princess is not ruthless and will not play some dark tricks, but the seventh prince and some other princes are not necessarily so."

Hearing what the Ninth Prince said, Ye Feng immediately nodded slightly and said, "Okay, I understand. It seems that the overt and secret fighting in the royal family is much more complicated than I imagined."

When the Ninth Prince heard this, he immediately sighed and said: "This is the royal family. Everyone thinks that we, the royal family's heirs, have a noble status and can live a lifetime of

wealth and status. However, we are also in the chaotic quagmire of overt and covert struggles. For a moment, If you are not careful, you may die."

Ye Feng couldn't bear it

Zhu said: "What if you choose to lie down and not participate in the struggle between imperial powers, can you live a stable life?"

When the Ninth Prince heard what Ye Feng said, he couldn't help but smile bitterly and said: "It doesn't matter if you don't participate, because if other princes seize the throne, as long as you are a pure heir of the late emperor's blood, he will find a way Only by getting rid of you can he feel at ease. So even if I am a person who likes stability, I have to participate in this overt and covert battle for the throne, not only for the throne, but also for my future life. Safety."

Hearing this, Ye Feng nodded slightly and said nothing more.

While the two were talking, many other masters under the prince and princess came on stage to compete in the competition field not far away.

These masters come from various powerful races and possess extremely powerful methods and bloodlines.

The inheritance they practice is very ancient and advanced, so the battle is also very exciting, with divine light and flames burning the sky.

Some exciting battles made Ye Feng feel quite bright-eyed.

After each battle, the result will naturally be a loss and a victory.

But most of them are just click away.

Of course, there are also some princes and princesses who have huge hatred between them, so the fights between their masters are also very brutal, with some dying and others injured.

The reason why Ye Feng was ruthless before and killed the giant elephant clan master under the Seventh Prince was of course to vent his anger.

After all, if it was just an ordinary sparring match, Ye Feng would not go on a killing spree, but this master of the giant elephant tribe under the seventh prince was really abominable.

"The next person to appear is the master under Princess Caiyun. Zhou Tiansheng comes from the Giant Spirit Clan. He possesses the cultivation of the eighth heaven of the Star Realm. His actual combat power is comparable to that of ordinary practitioners of the sixth heaven of the Silver Moon Realm."

"His opponent is from Jiu

The prince's master, Ye Feng, is from the human race and possesses half-step star realm cultivation. His actual combat effectiveness is unknown. "

At this time, the royal family elder who presided over the entire Beidou from high above spoke up.

"Huh? I didn't expect to meet a master under Princess Caiyun so quickly."

At this moment, Ye Feng, who was standing next to the Ninth Prince, had a hint of surprise in his eyes.

At this time, the Ninth Prince looked at Ye Feng and said solemnly: "This Zhou Tiansheng is the second master under Princess Caiyun. He is very powerful. He has the blood of the ancient giant spirit god. You must be careful."

"good."

Ye Feng nodded slightly, then jumped up and flew directly to the competition platform.

At this time, Ye Feng saw a tall young man wearing a blue robe flying up from the opposite side. He looked very powerful, very stalwart, and had a majestic gaze.

At this moment, before Ye Feng could say anything, the tall Zhou Tiansheng opposite him suddenly stared at Ye Feng, his tone seemed to be inexplicably cold, and he said loudly: "Prince Princess Caiyun went to you just now. There, what did you say? From a distance, I saw Her Royal Highness Princess Caiyun smiling very happily. Did you say something sweet? You are very brave. It seems that I want to teach you a lesson and let you know. There are some noble beings that you are not qualified to approach."

Hearing what Zhou Tiansheng said, Ye Feng suddenly showed a hint of speechlessness in his eyes.

Is this Zhou Tiansheng jealous of the chat and laughter between himself and Princess Caiyun?

Ye Feng didn't bother to explain anything at all, and said directly: "If you want to fight, then fight, what are you talking nonsense here?"

"How brave!"

At this moment, Zhou Tiansheng roared loudly, and a mighty divine light suddenly surged out of his body. A huge shadow of the giant spirit god condensed directly in the sky around Zhou Tiansheng, and it moved directly towards Ye Feng to suppress it. go!

Chapter 3462 Admiration and Shock

Buzz!

At this time, Zhou Tiansheng's attack was very powerful.

After all, he has the blood of the Giant Spirit God.

So at this moment, after Zhou Tiansheng released the majesty and power of the Giant Spirit God, everyone on the field felt a deep sense of depression coming from the depths of their blood.

Some people couldn't help but exclaimed: "This Zhou Tiansheng's attack is so powerful, it seems that he doesn't want to stop it, as if he wants to cripple Ye Feng."

At this moment, many people saw that Zhou Tiansheng's attack had very terrifying killing power.

Ye Feng stood there at this time, with no fear in his eyes, but violently releasing the power of his Hongmeng Immortal Body.

It was still an ordinary fist, and it struck forward fiercely.

Boom!

Almost at the moment Ye Feng blasted out, a terrifying wave of black gold light erupted directly from Ye Feng's fist.

This wave of light was the special power of the Hongmeng Immortal Body. It was full of terrifying and incomparable destructive power, and it directly collided with the phantom of the giant spirit god on Zhou Tiansheng's body.

Boom! !

The entire field suddenly erupted with a terrifying roar.

At this moment, Ye Feng stood still, while the extremely powerful Zhou Tiansheng couldn't help but take several steps back.

Even the phantom of the giant spirit god on his body was shattered by Ye Feng's punch.

"What?"

Seeing this scene, Zhou Tiansheng couldn't help but show deep horror in his eyes, as if he never thought that Ye Feng had such a powerful power.

"good!"

At this moment, when the Ninth Prince in the audience saw this scene, he couldn't help but stood up again with excitement and murmured: "Powerful, so powerful! Such a powerful person under Princess Lian Caiyun. None of the giant spirit masters can stop Ye Feng's power!"

At this moment, the Ninth Prince completely had a deep trust in Ye Feng's strength.

At this time, Princess Caiyun came not far from the Ninth Prince, and suddenly said: "Ninth Prince, this time you really got a super wizard. His fighting power is really too strong, and he will have many achievements in the future. high."

When the Ninth Prince heard what Princess Caiyun said, he felt very happy, but on the surface he said very humbly: "Princess Caiyun, this Zhou Tiansheng under your command has the blood of the ancient giant spirit god, and his future potential is unlimited. "

Boom! !

And just as the two of them were talking, suddenly the entire arena once again erupted with a terrifying wave of energy.

I saw that Zhou Tiansheng's whole body began to expand rapidly, and he directly expanded into a majestic and tall little giant several hundred meters tall.

Moreover, Zhou Tiansheng turned into a little giant, his whole body was emitting bright silvery white light, and he looked very divine.

"Has this Zhou Tiansheng actually developed his Giant Spirit God bloodline to such a powerful level?"

"Yes, he can actually directly transform into the true form of the Giant Spirit God, and can burst out part of the power of the ancient Giant Spirit God!"

"Sure enough, having a strong bloodline is the way to go, and you can draw on the sacred power of your ancestors."

At this time, everyone around could not help but exclaim in surprise.

At this moment, Zhou Tiansheng, who had transformed into a giant spirit god on the competition stage, stared at Ye Feng with ferocious eyes, and said in a voice that only two people could hear: "Ye Feng, you humble human kid ! Princess Caiyun, you are not qualified to get involved, only I am qualified, and I must eliminate all unknown possibilities!"

At this moment, Zhou Tiansheng obviously loves Princess Caiyun, and his love has reached a very extreme state.

He will kill everyone who is close to Princess Caiyun and whom Princess Caiyun seems to admire.

Boom!

After saying this moment, the little giant that Zhou Tiansheng transformed into, the giant spirit god, charged directly towards Ye Feng.

The gigantic fist like a giant spirit god directly struck in front of Ye Feng, seemingly capable of crushing everything.

"boom!"

At this moment, Ye Feng crossed his hands and directly attacked to resist.

As a result, Ye Feng was knocked back more than ten steps with a terrifying roar.

Zhou Tiansheng, on the other hand, remained motionless.

He laughed loudly, looked at Ye Feng not far away and said loudly: "The human race is a weak race after all, with weak power. I have the glory of the ancestor giant spirit god, and you can't resist me no matter what." ??.

Boom!

After saying that, Zhou Tiansheng continued to burst out with terrifying power, charging towards Ye Feng, as if he would not stop until Ye Feng was destroyed.

Seeing Zhou Tiansheng's ruthless attacks one after another, Ye Feng's eyes turned completely cold at this moment.

Ye Feng said in a voice that only two people could hear: "Zhou Tiansheng, even if you are a master under Princess Caiyun, if you are so targeted at me in this competition arena today and want to kill me, then I won't hold back any more. I've already given you a chance. If you had backed down just now, maybe I wouldn't have killed you on the spot just to save Princess Caiyun's face, but now, I will kill you! "

Boom!

Almost at this moment, without any hesitation, Ye Feng finally displayed his extremely powerful inheritance, the Eternal Thunder Dragon True God Diagram.

This is an extremely terrifying inheritance. It is an ancient Taoist technique that Ye Feng obtained from an ancient mysterious sculpture in the Royal Treasure Pavilion. It is very terrifying.

At this moment, Ye Feng displayed this powerful inheritance in an instant.

Wow!

I saw a thunderous light bursting out from his body, directly forming a majestic thunder dragon with a height of ten thousand feet, moving forward.

Fang bombarded away.

Boom! !

The vast and boundless light of thunder instantly enveloped the entire arena.

The terrifying destructive power of thunder made all the royal family members in the audience unable to help but raise their protective light shields to resist.

"What a terrifying destructive power of thunder!"

At this moment, all the royal members couldn't help but exclaimed.

No one seemed to have thought that Ye Feng's seemingly thin and frail human body actually contained such terrifying and boundless thunder and destructive power, like a thunder god!

call!

At this moment, as a breeze blew by, the entire field fell into silence.

Swish, swish, swish!

Swish, swish, swish!

At this moment, everyone in the audience could not help but stare at the competition arena.

At this time, more than half of the competition platform had been smashed into ruins.

This shows how terrifying Ye Feng's attack just now was.

And the next moment, under the horrified eyes of everyone, Ye Feng stood still and didn't move at all.

Right in front of him, Zhou Tiansheng, a master with the bloodline of the Giant Spirit God, was half-kneeling on the ground, his eyes widened, and a huge bloody hole opened in his chest.

"you....."

Zhou Tiansheng used his last strength to say one word, stared at Ye Feng opposite him, and then his whole body fell to the ground, completely dead!

"What? Killed Zhou Tiansheng instantly with one move!"

"This kind of strength! This kind of inheritance! It's so scary!"

"Is this the real power of Ye Feng, a young human race boy?"

At this moment, all the royal family members had deep horror in their eyes.

They recalled the thunder dragon released by Ye Feng just now, and their faces were full of admiration and shock.

Chapter 3463 You must call me

The entire field fell into silence at this moment.

No one expected that Ye Feng, a young boy from the human race who was not expected to be optimistic, would be able to create miraculous results every time.

This made everyone admire from the bottom of their hearts. This human boy was really too powerful.

At this time, Ye Feng looked at the corpse of Zhou Tiansheng, who was killed by him, without any emotion in his eyes.

Ye Feng did not regret killing Zhou Tiansheng.

Even if this may offend the very powerful Princess Caiyun.

Because Zhou Tiansheng had already developed a crazy murderous intention towards himself.

Therefore, in order to get rid of future troubles, Ye Feng must kill Zhou Tiansheng instantly.

At this moment, the royal family member who was standing in mid-air and presiding over the entire competition couldn't help but said: "Ye Feng, in the royal competition of our Ice and Snow Dynasty, it is best not to make such a cruel attack. Killing the opponent directly will not have a good impact. After all, most of the royal competitions are just competitions. "

Ye Feng shrugged at this moment and said: "Senior, it's not that I want to kill the opponent with a heavy blow, but this Zhou Tiansheng is really too weak. I didn't expect that I would just use a set of inheritance. He fell down before even exerting any force."

Hearing what Ye Feng said, the royal family elder in the air suddenly twitched the corners of his mouth slightly, and was speechless, not knowing what to say.

"this....."

When many members of the royal family around heard what Ye Feng said, their eyes showed astonishment.

This human boy speaks really domineeringly.

Buzz!

At this time, Ye Feng secretly released his Devouring Domain and pressed against the ground beneath his feet, plundering all the skills and blood energy of the people in front of him.

Moreover, Ye Feng also plundered Zhou Tiansheng's Giant Spirit God bloodline through the Forge of All Things and integrated it into his own physique.

Now, Ye Feng has another extremely powerful bloodline.

Zhou Tiansheng's skill was very powerful. After Ye Feng swallowed it silently, the aura of cultivation on his body exploded again.

boom!

The first level of the Star Realm!

At this time, Ye Feng's cultivation level directly broke through on the spot.

From the half-step star realm to the real star

Realm of the first level!

"What?"

Feeling the breakthrough in Ye Feng's cultivation aura, everyone present couldn't help but have deep shock in their eyes.

They never expected that Ye Feng would have another epiphany and achieve another breakthrough in his cultivation.

"What kind of talent is this?"

"It's like being blessed by the gods!"

At this moment, Ye Feng ignored everyone's horrified looks and jumped down from the competition stage very calmly, returning to the side of the Ninth Prince.

At this time, the eyes of countless people on the field were all focused on Ye Feng, and then moved to the location of the Ninth Prince.

At this moment, looking at the horrified eyes of countless people, the Ninth Prince's vanity was greatly satisfied.

In the past, the Ninth Prince was always at the bottom of this kind of royal competition, and was suppressed to the point where he could not hold his head up.

But this time, Ye Feng's two consecutive strong results made the Ninth Prince completely proud!

At this time, Ye Feng saw Princess Caiyun, a powerful princess, standing not far from the Ninth Prince.

Ye Feng looked at Princess Caiyun and said, "Your subordinate Zhou Tiansheng wants to kill me for some reason, so I can only fight back."

When Princess Caiyun heard what Ye Feng said, there wasn't much expression on her face. She just smiled and said, "Swords have no eyes. It's normal for life and death crises to arise during a fight. Ye Feng, don't think this will offend me." , I still say the same thing, if you have time after the royal

competition, come to where I live, and we can have a good exchange of martial arts practice. I really appreciate you. "

After saying that, Princess Caiyun left here directly.

The Ninth Prince looked at Princess Caiyun's leaving back at this moment, and couldn't help but whisper to Ye Feng: "Ye Feng, after the royal competition, are you really going to exchange martial arts practice with Princess Caiyun?"

Ye Feng just smiled and shook his head and said, "Let's talk about it then. I may not have time yet."

When the Ninth Prince heard what Ye Feng said, he immediately gave Ye Feng a thumbs up and said loudly: "If it were someone else,

If you are invited by such a magnificent princess as Princess Caiyun, you will probably be so happy and excited that you can't sleep. But you are so plain. I really did not misjudge you. Brother Ye, your character alone, It has already surpassed too many so-called geniuses. "

And just as the Ninth Prince was speaking, a beautiful figure suddenly emerged from the crowd not far away.

It was the Peacock Princess who had just arrived.

Princess Peacock, a good girl, came to the Ninth Prince at this moment and immediately said with a smile: "Brother Ninth Prince, I'm late."

After finishing speaking, Princess Peacock looked at Ye Feng in front of her, with a hint of provocation on her beautiful face, and said loudly: "Ye Feng, do you still remember the agreement between us? The two of us will fight together. Taibi Dou, if you lose, you will become my bodyguard and listen to me."

Hearing what Princess Peacock said, Ye Feng had not said anything, but the Ninth Prince next to him showed a hint of speechlessness on his face, and couldn't help but said: "Sister Peacock, you are indeed late. , Brother Ye's two extremely exciting battles just now shocked the whole audience and amazed all the royal family members. It's a pity that you didn't see it, and you actually thought of provoking Brother Ye? I guess Brother Ye has one hand? I can defeat you."

"What?!"

Hearing what the Ninth Prince said, Princess Peacock immediately widened her big, watery eyes.

She seemed to be unable to believe what the Ninth Prince said, nor could she believe that Ye Feng had such terrifying strength.

But Princess Peacock knew that the Ninth Prince would not lie to her. .??.

At this moment, Princess Peacock finally noticed that it seemed that all the royal members in the audience, and even many enigmatic royal elders, were all focused on her position at this time.

To be precise, it was focused on Ye Feng next to Princess Peacock.

Princess Peacock immediately understood that what the Ninth Prince said was true. She was late and missed the wonderful battle scene.

Princess Peacock felt a little pity.

But the next moment, Princess Peacock immediately raised her head, stared at Ye Feng, and said loudly: "Since you are so powerful, it means that I lose. If I lose to you, I will abide by the agreement. What do you have?" Just ask for it directly

, as long as I can do it, I will do it, and I am willing to admit defeat. "

Ye Feng smiled slightly and said aloud: "I haven't thought of any request yet. You owe me this request first, and I will tell you after I think about it."

When Princess Peacock heard what Ye Feng said, she immediately nodded and said, "Your cultivation strength didn't seem to be very strong before. Why has it suddenly become so powerful now?"

Ye Feng hadn't spoken yet, but the Ninth Prince beside him smiled and said: "Brother Ye has always been hiding his secrets. He is just hiding his clumsiness. When he really met his opponent, Brother

Ye's attacks were simply brutal and brutal. He is also domineering. Only now do I know that Brother Ye's true fighting power is so terrifying and powerful, and Brother Ye's talent also shocked everyone. Two battles gave Brother Ye two epiphanies, and his cultivation directly broke through to the stars. Even some seniors in our royal family would be shocked by this kind of talent."

When Princess Peacock heard what the Ninth Prince said, her big beautiful eyes stared at Ye Feng in front of her, with a hint of excitement on her little face: "Ye Feng, are you so powerful? Great! I'll leave in the future The palace goes to the wilderness and ruins outside to experience it, and Ye Feng can follow me and protect me!"

"Nonsense!"

The Ninth Prince immediately couldn't help scolding him and said loudly: "Brother Ye, how can I have time to go out and play with a little girl like you?"

Princess Peacock immediately said unconvinced: "I have various treasure maps given to me by my father. I am not asking Ye Feng to protect me for free. He can follow me to find the treasures and resources in the treasure maps. These The treasure maps are all exclusive treasure maps given to me personally by my father. They are not available on the market, and all the treasures on them are very precious. "

Hearing what Princess Peacock said, the Ninth Prince's face suddenly showed a look of astonishment, and then he couldn't help but smile helplessly: "My father is really doting on your youngest daughter."

At this time, Ye Feng's eyes lit up, and he stared at Princess Peacock beside him for a moment, and said loudly: "If Princess Peacock wants to go out to practice, as a friend of your Ninth Prince brother, I will naturally do it without hesitation. To protect you, so Princess Peacock, if you want to go out to experience in the wilderness and ruins in the future, you must call me. I really do it for your safety, Princess, not for the treasure map. You have to understand this. A little! Do you know?"

Chapter 3464 Powerful

While Ye Feng, Princess Peacock and others were talking, there were several rounds of fierce competitions in the arena. They were all masters from the major princes and princesses. The battles were also very exciting.

However, everyone finally felt that there was a little bit of flavor missing, and that was the flavor of crushing.

Because in the first two battles that Ye Feng experienced, everyone was shocked with his absolutely crushing attitude.

So at this time, although the subsequent fight was very fierce, it didn't feel too exciting.

At this time, everyone was even looking forward to Ye Feng's next appearance.

In today's royal competition, Ye Feng can be said to be the biggest dark horse, making everyone look up to him with admiration.

This ordinary boy from the human race suddenly burst out with such terrifying fighting power, and at such a young age, he has unlimited potential in the future.

But just when everyone was talking about Ye Feng.

Ye Feng himself didn't have much inner fluctuations. ??

He felt that he was just participating in a very common royal competition to help the Ninth Prince gain some face, and there seemed to be nothing else worth getting excited about.

However, Ye Feng killed two powerful masters, devoured a lot of skills, and achieved a breakthrough in his cultivation. This is still a very good gain.

And in the ninth game, Ye Feng came on the stage again.

This time his opponent turned out to be another master from the Seventh Prince.

The master of the giant elephant clan who was under the command of the Seventh Prince was severely suppressed by Ye Feng.

This time, in front of Ye Feng was a young man wearing a black robe. He looked very unfathomable. He was shrouded in black light, giving the impression that he was like a god of darkness, and he exuded a very ferocious spirit. The spirit of monsters.

"This is the strongest master under the Seventh Prince, from the Black Rhino Clan!"

"

oh! It turned out to be him! He was the most amazing and talented master of the Black Rhino clan in the last royal competition! "

"Now that a full year has passed, this master of the Black Rhino clan is probably even more powerful."

At this moment, after the master of the Black Rhino clan under the Seventh Prince came on the stage, he immediately caused a shock in the audience.

Because in the last royal competition, the seventh prince relied on this master of the Black Rhino clan to defeat almost all the invincible opponents in the world, allowing the seventh prince to successfully enter the top five positions.

So at this time, the strongest Black Rhinoceros master under the Seventh Prince came on stage, which naturally attracted everyone's attention.

Moreover, the opponent of this master of the Black Rhino clan is Ye Feng, a super genius from the human race who has suddenly emerged.

This battle can be said to be a strong showdown!

Naturally, it aroused the interest and attention of everyone on the field.

At this moment, the master of the Black Rhino Clan stood in front of Ye Feng, his tone was very cold, and he said: "I don't like to kill people, but you killed the master of the Giant Elephant Clan under the Seventh Prince on the spot before. , that master of the giant elephant clan is also a good friend of mine, so today I must break my rules and completely kill you, a young human race. This is also the order given to me by the Seventh Prince before I take the stage."

When Ye Feng heard what the master of the Black Rhino clan said, he just said very calmly: "If you want to kill me, then just do it. Why talk so much nonsense."

"You are indeed an arrogant fellow."

The master of the Black Rhino clan spoke up, staring at Ye Feng with his eyes, and continued: "I have to admit that your inheritance is very powerful, but I am not one of those ordinary masters, I am a young man under the command of the Seventh Prince. The top master of the generation, in Hualong

Among the two levels of human realm and star realm, I am invincible! "

Boom! !

Almost as soon as the Black Rhino clan master finished speaking, a huge wave of dark light suddenly burst out from his body.

This kind of dark light wave condensed directly in the void behind the master of the black rhinoceros tribe into a phantom of a monster beast that was as majestic as it was thousands of meters tall. .??.

That was a huge ancient black rhinoceros!

It was very towering and terrifying, exuding a monstrous aura.

Everyone just felt that this ancient black rhinoceros was alive. It came from ancient times, crossed the time and space of years, and landed here.

Buzz!

Ye Feng felt a little bit of pressure at this time.

This master of the Black Rhino clan is indeed very powerful. He has a half-step Silver Moon Realm cultivation level, and his true combat power is estimated to be comparable to that of an ordinary Silver Moon Realm tenth level Dzogchen level being.

Boom!

The master of the Black Rhino clan launched his own attack at this moment.

He rushed towards Ye Feng, and the majestic ancient black rhinoceros shadow behind him also moved in an instant, and went directly towards Ye Feng to suppress it. It seemed that it could tear through mountains and rivers and shatter the wilderness!

At this time, Ye Feng's eyes showed a trace of terrifying fighting spirit, and he directly exploded the power of his extremely powerful Hongmeng Immortal Body.

And at this moment, Ye Feng directly used the power of the Brute Force Gem.

Hongmeng Immortal Body, plus the Brutal Power Gem!

Very scary!

"Boom!"

At this moment, a terrifying and boundless ancient brute force surged out of Ye Feng's body.

At this moment, Ye Feng directly punched forward with both fists, and instantly collided with the trampled ancient black rhinoceros silhouette.

.

Boom!

Almost at this moment, the entire field suddenly erupted with a terrifying roar.

The ground under Ye Feng's feet shattered in an instant and turned into countless ruins.

This shows how terrifying the pressure Ye Feng is under at this moment is.

But what shocked everyone was that Ye Feng relied on his two hands to withstand the trampling attack of the majestic ancient black rhinoceros.

"What a terrifying power!"

"What kind of physique does this human boy have? That seemingly thin body feels like it contains the power of ancient gods and demons!"

Everyone was shocked by this scene.

After all, in front of the majestic ancient black rhinoceros, Ye Feng was as small as a little ant.

But it was this little ant that relied on its hands to withstand the suppression of the majestic body of the ancient black rhinoceros.

This is really a visual shock.

It has a very strong impact!

Everyone felt a sense of wonder from the bottom of their hearts.

"What?!"

At this moment, the Black Rhino clan master's eyes widened slightly when he saw this scene.

He seemed to have never thought that the terrifying blood power of the ancient black rhinoceros that he had activated in his body in an instant would not be able to crush Ye Feng to death in an instant. Instead, he was blocked by Ye Feng with both hands.

This is really incredible.

Because no one knows better than the master of the Black Rhino clan himself, how terrifying and majestic the ancient Black Rhino phantom he has condensed is!

However, Ye Feng may seem small, but he is as powerful as a humanoid tyrannosaurus with monstrous strength.

Chapter 3465 The seventh prince takes action

At this moment, the entire field fell into a dead silence.

No one thought that Ye Feng's power would be so powerful.

At this time, Ye Feng stared at the master of the Black Rhino clan with a look of shock on his face, and said loudly: "From the moment you wanted to kill me, your death was destined."

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng directly burst out the most terrifying power in the brute force gem. .??.

Ye Feng's fist suddenly erupted into a terrifying and boundless shock wave, instantly shattering the ancient black rhinoceros in front of the black rhinoceros master.

boom!

Then Ye Feng's fist was like the sharpest and most terrifying spear in the world, piercing the sky directly and blasting through the entire body of the Black Rhino clan master, leaving a huge blood hole.

"ah!!"

The master of the Black Rhino clan couldn't help but scream, and quickly retreated towards the rear, his face extremely pale.

Ye Feng's punch penetrated the body of the Black Rhino clan. Although it did not kill him directly, it deeply wounded the Black Rhino clan expert.

Even though this master of the Black Rhino Clan was very powerful in cultivation and very tenacious in vitality, he couldn't help but gasp in pain at this time, and quickly retreated, trying to avoid Ye Feng's attack.

"Don't even think about running away!"

At this time, Ye Feng would not let go of the Black Rhinoceros master at all. He exuded bright black gold light, fully exploded the power of Brute Force Gem and Hongmeng Immortal Body, and continued to attack the Black Rhinoceros master.

"Stop it!"

But suddenly at this moment, a very majestic roar suddenly sounded.

brush!

A young man wearing a blue python robe flew directly from the auditorium below to the competition arena and rushed towards Ye Feng quickly.

This young man is the seventh prince who is loyal to the masters of the Black Rhino Clan!

This master of the Black Rhino clan is obviously very important to the Seventh Prince. He is the most important among the younger generation under the Seventh Prince.

A powerful presence.

Therefore, the Seventh Prince would definitely not watch helplessly as such a genius with unlimited potential under his command was directly killed by Ye Feng.

After all, Ye Feng had already killed the giant elephant master under his command on the spot, and the seventh prince had already suffered a huge loss.

But at this time, Ye Feng didn't bother to look at the Seventh Prince who was rushing over from a distance.

Ye Feng's eyes revealed a hint of ruthlessness, and he stretched out his hand and grabbed it far ahead.

Boom!

In the entire void, a huge black gold hand suddenly appeared, crushing the entire body of the fleeing Black Rhino clan master.

Then Ye Feng also swallowed up the bloodline and skill of this Black Rhino clan master.

boom!

Ye Feng suddenly burst out with an extremely powerful cultivation aura.

He broke through directly and entered the second level of the Star Realm!

The whole process was very fast, just like a flash of lightning, it happened very quickly.

Therefore, the Seventh Prince had no time to stop him and could only watch as the top master of the younger generation under his command was killed by Ye Feng on the spot.

"you.....!"

Seeing this scene, the Seventh Prince suddenly showed a look of deep shock and anger on his face.

He never thought that he had already warned Ye Feng, but Ye Feng still went his own way and killed the master of the Black Rhino clan directly.

At this time, the seventh prince's expression suddenly became extremely gloomy.

Ye Feng simply didn't pay attention to him, the seventh prince.

At this moment, the Seventh Prince was floating in the air, his anger rising to the sky.

He stared at Ye Feng and said in a very cold voice: "Ye Feng, are you deliberately targeting me? You are attacking my subordinates one after another.

All the young masters have been killed. Don't you know that you should keep a line in life so that we can meet each other in the future? "

Hearing what the Seventh Prince said, Ye Feng immediately smiled and said: "The masters under your command want to kill me. In this unpredictable battle arena, I will naturally go all out to kill the opponent." Killing, isn't this normal? I'm not specifically targeting you, the Seventh Prince. Instead, the Seventh Prince seems to be specifically targeting me and the Ninth Prince."

"shut up!"

Hearing what Ye Feng said, the seventh prince immediately shouted: "Arrogant boy! Today I want you to know the consequences of offending a powerful prince."

Boom!

Almost at this moment, before anyone could react, the Seventh Prince burst out with his powerful Sun Wheel Realm cultivation that surpassed the Silver Moon Realm.

"The Dragon King is so angry!" ??

The Seventh Prince charged towards Ye Feng crazily, releasing his own royal energy and condensing nine long golden dragons to kill Ye Feng with his sharp sword.

Boom!

At this time, the expressions of everyone on the field changed.

Unexpectedly, the extremely powerful Seventh Prince would directly kill Ye Feng, a young master.

Even the royal family elder who was presiding over the competition in the sky was a little too late to stop this from happening at this moment.

Everyone felt that Ye Feng was dead.

Because the seventh prince himself is very powerful, far beyond the limits of this royal competition.

Buzz!

At this moment, Ye Feng immediately felt a huge danger.

The seventh prince's cultivation was still very terrifying, making Ye Fengdu feel a life-and-death threat for an instant.

But Ye Feng knew that now he had to resist the seventh prince's fatal blow.

Boom!

At this moment, Ye Feng didn't hesitate at all, he burst out his cultivation power crazily, and also

It has the power of the Hongmeng Immortal Body.

At this moment, Ye Feng even directly displayed his extremely powerful talent and perfected his future body.

Boom!

The cultivation aura on Ye Feng's body fluctuated violently, from the second level of the Star Realm to the Great Perfection of the Tenth Level of the Star Realm in a short period of time.

Then Ye Feng used his powerful magic power to directly activate the final and most powerful secret of the Eternal Thunder Dragon True God Diagram.

Boom!

At this moment, Ye Feng's body directly rushed out of Ye Feng's body. There were tens of thousands of thunder dragons. They condensed into a vast and huge divine map in the entire sky, full of unparalleled power. It directly collided with the nine golden dragons released by the Seventh Prince.

Boom! !

Along with a terrifying roar, the Seventh Prince's attack was successfully resisted by Ye Feng.

The next moment, Ye Feng just took a few steps back.

At this time, the seventh prince actually took several steps back.

The difference in cultivation between the two was two full realms, but they were still resisted by Ye Feng.

"What?"

Seeing this scene, the seventh prince's eyes suddenly became extremely gloomy.

At this time, the Seventh Prince did not take action again, because he knew that the opportunity had passed.

Buzz!

The royal elder who was presiding over the competition in the sky appeared directly in front of the two of them at this moment, isolating them.

"So powerful!"

At this moment, everyone present couldn't help but exclaimed.

The seventh prince's cultivation strength is very terrifying. He is a super master of the Sun Wheel Realm that surpasses the Star Realm and Silver Moon Realm.

But even so, at that moment the seventh prince's deadly attack was successfully resisted by Ye Feng.

Ye Feng's burst of power and inheritance at that moment shocked everyone deeply.

Chapter 3466 The First Reward

"Seventh Prince, you are so courageous. You dare to openly violate the rules and kill Ye Feng. You must know that you did such a violation of the rules and really killed Ye Feng, even if you are the prince. His identity will also be thrown into the sky prison!"

brush!

At this time, the Ninth Prince suddenly flew to Ye Feng's side and looked at the Seventh Prince not far away with very frightened and angry eyes.

At that moment, Ye Feng was almost killed by the Seventh Prince, and the Ninth Prince was almost frightened to death.

Because you must know that the Ninth Prince is able to be so proud and high-spirited, naturally it is all due to Ye Feng, a super genius of the human race.

If Ye Feng dies, all the honor of the Ninth Prince will be in vain.

He will become that mediocre prince again and be bullied by everyone.

Therefore, the Ninth Prince regarded Ye Feng very seriously.

At this time, the Ninth Prince stood beside Ye Feng and cursed the Seventh Prince angrily.

The seventh prince looked very gloomy at this moment.

Facing the Ninth Prince's scolding, the Seventh Prince knew that he was in the wrong and did not scold him back. He just smiled gloomily and said, "I just acted subconsciously to test Ye Feng's true strength. I didn't really want to kill him, I just felt itchy and wanted to fight with such a super genius."

Hearing what the Seventh Prince said, the Ninth Prince immediately shouted: "Hypocrisy!"

However, although the Ninth Prince was very angry, the Seventh Prince did not have any serious consequences.

After all, the Seventh Prince had just made a move, and Ye Feng successfully resisted it.

Even if he wanted to punish the Seventh Prince, there wasn't much reason for him at the moment.

At this time, the referee who presided over the entire competition, the royal family elder, looked at the seventh prince. He originally wanted to scold him, but when he thought of the fact that the other party was a prince after all, the old man could only say slowly: "Seventh prince, I can't do such impulsive things again."

The seventh prince immediately clasped his fists and said loudly: "Great Elder, I understand."

Uh-huh!

After saying that, the seventh prince jumped directly, flew off the competition platform, and quickly left the royal competition site.

Because the two young masters under his command had already been killed by Ye Feng.

The seventh prince will be waiting next

It doesn't make any sense here anymore.

At this time, the Ninth Prince looked at Ye Feng beside him. He saw that Ye Feng's face seemed a little pale. He couldn't help but asked: "Ye Feng, are you okay? The Seventh Prince's attack just now should have hurt you." It didn't have much impact, right?"

The Ninth Prince was really afraid that the Seventh Prince's attack would seriously injure Ye Feng, and then Ye Feng's subsequent fight would be difficult.

Ye Feng immediately smiled and said: "It's nothing. It's just that the inheritance power released instantly consumed a lot of my mana. I just need to recover it a little, but I don't have many pills to restore my mana." , If I had known earlier, I would have bought more healing elixirs from the shops in the Imperial City."

When the Ninth Prince heard what Ye Feng said, he immediately breathed a sigh of relief, nodded and said, "That's great, don't be afraid of the elixirs. I have plenty of storage rings, you can take them as you like."

After saying that, the Ninth Prince gave Ye Feng a lot of pills to restore his magic power, and then he and Ye Feng walked directly off the competition platform.

After the two arrived at the auditorium, everyone's eyes were still fixed on Ye Feng.

Because the confrontation between Ye Feng and the Seventh Prince just now was so shocking and stunning that everyone felt the power and terror of this human super genius.

At this moment, when there were only two of them, the Ninth Prince immediately said: "Ye Feng, no matter what, we must be careful of the Seventh Prince's revenge in the future. This time you killed two of his most powerful ones in front of everyone." You are a powerful young genius, and you have caused him such disgrace. I estimate that the Seventh Prince will definitely try every possible means to target you in the future. You must know that you only killed two young geniuses of the new generation under the Seventh Prince. There are also people around the Seventh Prince. Many other super masters did not appear, and their cultivation levels are very high. You must be careful, but as long as you live in my royal garden, there should be no big danger, because there are super strong men from the royal family at any time. , patrolling all parts of the palace every day to prevent any potential assassinations."

Ye Feng nodded and said loudly: "I understand."

While the two were talking, the good girl Princess Peacock came to them.

The peacock princess has beautiful big eyes

He fixed his eyes on Ye Feng and immediately said in amazement: "Ye Feng, your strength is really powerful. You have even resisted a powerful being like His Highness the Seventh Prince. After this royal competition is over, Let's go find the hidden treasures according to the traces on the treasure map. With a master like Ye Feng here, I won't be afraid."

When Ye Feng heard what Princess Peacock said, he immediately nodded with a smile and said: "Okay, after this royal competition is over, I don't think I have anything else to do. I will accompany you to find the treasure map." The treasure inside."

When the Ninth Prince heard what the two said, his face showed a trace of inexplicable expression, and then he suddenly said, "Can you take me with you then?"

Hearing what the Ninth Prince said, Princess Peacock immediately curled her lips, with a hint of teasing on her beautiful little face, and said loudly: "Brother Ninth Prince, who said I went out for fun before, why now? Are you going to take the initiative to go out and play with me? "

The Ninth Prince immediately smiled awkwardly and said aloud: "It's my fault, brother. Then the three of us will form a team and look for the treasures in the treasure map together. The treasure maps given by the father must be very precious. , there is a huge hidden treasure!"

At this moment, while the three of them were talking, several very exciting battles continued in the square in the middle.

Then Ye Feng continued to play.

However, when most of the young masters saw that their opponent was Ye Feng, they were so frightened that they trembled and did not dare to take action at all. They simply gave up on the spot and did not even have the courage to fight with Ye Feng.

Because the ultimate confrontation between Ye Feng and the Seventh Prince was so shocking that no one thought they could withstand Ye Feng's terrifying attack.

Moreover, Ye Feng had killed three young masters in succession before, which had given everyone a very cruel impression of Ye Feng.

So no one dared to provoke Ye Feng.

Almost everyone immediately admitted defeat when they met Ye Feng.

Ye Feng was also happy to be so direct.

Just stand there and win, it's easy and simple.

And with the end of each competition, the final battle for ranking began.

At this time, there were only three masters left on the field to reach the end.

These three

Among the masters, Ye Feng was naturally included.

The other two masters are masters under the command of the two most powerful princes.

One is a peerless prodigy of the younger generation under the eldest prince, called Feng Jiutian. She is a female genius who comes from the ancient Phoenix clan and is very powerful.

The other is a master under the third prince, named Dongfang Yue. He is tall and majestic. It is said that he is a descendant of the ancient true spirit 'Xuanwu Giant Turtle', and he is also extremely powerful.

Next, is the scene that everyone is looking forward to, that is the final battle for hegemony!

The final winner of this royal competition will be among these three young masters. produce.

"You are all very good. It seems that my Ice and Snow Dynasty has a successor."

At this time, the Ice and Snow Emperor who had always existed in the golden beam of light suddenly spoke out.

The Ice and Snow Emperor seemed to be very satisfied with this wonderful royal competition.

The supreme dragon emperor said directly on the spot: "This time, whoever can win the first place in the royal competition, I will give my sword, the Tianlong Sword, as a reward for the first place. "

Wow!

Almost as soon as the Ice and Snow Emperor finished speaking, there was an uproar in the entire field.

The Tianlong Sword is the sword of the Ice and Snow Emperor!

The sword itself is a very powerful weapon, not to mention its additional meaning.

That represents the majesty of the emperor!

It's like Shang Fang's sword is in hand, and anyone who sees it will give him some face.

Uh-huh! Uh-huh!

At this moment, even the eldest prince, who had always been enigmatic, and the third prince, who was hidden in a black robe, couldn't help but stand up, shocked by the words of the Ice and Snow Emperor.

The Ninth Prince was so excited at this time that his whole body was trembling.

Because he never thought that one day he would be able to enter the top three and fight with the eldest prince and the third prince, the two most powerful princes.

It is even possible to win first place, become the focus of the Ice and Snow Emperor, and be rewarded with the Heavenly Dragon Sword!

This is really a great opportunity!

To become famous, one battle is enough!

Chapter 3467 Black Tortoise

At this time, everyone in the audience focused their attention on the three top masters, with deep expectations in their eyes.

Because everyone wanted to know who the final winner was today.

Whoever could win the first place would get the sword of the Ice and Snow Emperor, the Tianlong Sword.

It was equivalent to getting a Shangfang sword that everyone would give a little face to.

This was a great honor.

It also represented a kind of invisible great power.

And if this master got the Tianlong Sword, it was equivalent to the prince behind him getting the attention of the Ice and Snow Emperor.

So at this time, even the very stable eldest prince stood up, obviously attaching great importance to it.

At this moment, the royal elder who presided over the duel in the air suddenly spoke: "The final duel will start now. The first to go on stage are Dongfang Yue, the master under the command of the third prince, and Ye Feng, the master under the command of the ninth prince."

Wow!

The moment the royal elder's voice fell, the whole field was immediately in a boiling state.

The final duel finally began.

No matter which one it is, it is definitely a strong duel.

Swish!

At this time, Ye Feng did not hesitate at all, and jumped directly onto the fighting field.

And his opponent, the young master Dongfang Yue under the command of the Third Prince, also flew to the fighting field and faced Ye Feng from a distance.

Dongfang Yue looked very tall and majestic, like an iron tower standing there, forever and ever.

This Dongfang Yue is the first master of the young generation under the command of the Third Prince. It is said that he is the pure blood descendant of the ancient true spirit Xuanwu giant tortoise. He was discovered by the Third Prince in the wilderness and recruited his subordinates. He is very powerful and has a terrifying defense.

In the previous fights, almost no one could break the defense of this Dongfang Yue.

Because he inherited the blood of the Xuanwu giant tortoise, the first defensive creature in the ages.

At this moment, Dongfang Yue stared at Ye Feng on the opposite side, with a hint of fighting spirit in his eyes, and said: "I have seen every battle of yours before. I have to say that I am very shocked that the human race has such a peerless genius like you. You are indeed very powerful. Originally, I wanted to spar with you just to stop, because I want to make friends with you, but this time the reward for winning the first place is too generous, it is the Emperor's Tianlong Sword, and the eldest prince also ordered me to go all out, so I will definitely go all out later. If I accidentally hurt you, Ye Feng, please forgive me, or you can retreat now and choose to admit defeat." Ye Feng just smiled slightly when he heard Dongfang Yue's words at this moment, and said: "It is definitely impossible to admit defeat now, and I will also go all out." This Dongfang Yue did not seem to be very cruel from his words, and even reminded Ye Feng that he had to go all out. This made Ye Feng have a good impression of this Dongfang Yue. So at this time, Ye Feng also responded to the other party with a rather gentle attitude. Hearing what Ye Feng said, Dongfang Yue nodded immediately, and then said: "Then let's have a hearty fight in this arena. No matter who wins or loses, after the fight, I must have a good drink with you, the super genius. Be careful, I'm going to attack!"

Boom!

At this moment, the moment Dongfang Yue's voice fell, he immediately rushed towards Ye Feng.

Buzz!

Halfway through his rush, a huge shadow of a giant black tortoise appeared on his body, making Dongfang Yue look like a heavy weapon of war at this moment, able to crush everything, and his power was very terrifying.

Ye Feng did not have any arrogance at this time, and directly released his extremely powerful inheritance, the Eternal Thunder Dragon True God Picture.

Boom!

Ye Feng's body also burst out with terrifying thunder and destructive light, forming thousands of thunder dragons. On Ye Feng's body, a huge true god pattern composed of thousands of thunder dragons condensed, with great divine power, and directly collided with Dongfang Yue who was rushing over from the opposite side.

Boom boom! !

This is a collision between big moves. Both of them went all out, without any fancy moves, and directly released their most powerful means.

At this moment, the whole field suddenly erupted with a terrifying roar.

"Crack, crack..."

The ground of the duel arena, which was poured with molten iron, was broken inch by inch at this moment, turning into ruins.

Even the formations on the pillars guarding the duel arena were almost broken by the bombardment at this moment.

It can be seen from this that the collision between the two people has such terrible destructive power.

"These two are indeed the top young masters. The fighting power and destructive power they released have far exceeded the power they can exert at their current level. They are indeed peerless geniuses who can fight beyond their level!"

At this time, everyone couldn't help but exclaim.

At this moment, in the collision of divine light, the two fought each other.

Dongfang Yue was always shrouded by the ancient true spirit phantom of a giant black tortoise, which made his every move burst out with a mighty force that could shake the mountains and rivers.

However, Ye Feng is not weak at all. His body is surrounded by countless thunder dragons, making Ye Feng look like the ancient God of Thunder has revived, possessing terrifying destructive power.

The battle between two peerless young masters in the void was an eye-opener for everyone.

This kind of battle is really exciting.

It's so shocking!

"The Wrath of Xuanwu!"

this

At this moment, Dongfang Yue suddenly displayed an extremely powerful bloodline inheritance.

I saw that his whole body rapidly expanded and turned into a huge basalt giant turtle, bursting out with a divine light that directly suppressed Ye Feng's head, making Ye Feng couldn't help but step back thousands of steps.

At this moment, Ye Feng instantly exploded the second level of accompanying talent of his Hongmeng Immortal Body, Hongmeng True Body!

I saw that Ye Feng's whole body also quickly expanded into a small purple giant. His whole body was surging with the power of Hongmeng Qi, and he was fused with brute force gems. He used both hands to hold up the Xuanwu that Dongfang Yue had transformed into. The giant turtle then violently threw the opponent out.

brush!

The next moment, Ye Feng used the space gem without any hesitation, and his whole body instantly flashed in front of the giant basalt turtle transformed by Dongfang Yue. Then he used the power of the earth gem to draw infinite power of the earth from the ground.

This caused Ye Feng's fist to expand directly into a stone fist that was several kilometers long, and struck hard at the giant basalt turtle that Dongfang Yue had transformed into.

Boom!

This attack is extremely terrifying, as if the power of the entire earth is exerted on the giant basalt turtle.

With a terrifying roar, the giant basalt turtle was blown away by Ye Feng's terrifying punch, and fell hard to the audience outside the competition stage.

The next moment, the giant basalt turtle transformed into Dongfang Yue again.

"puff!"

Dongfang Yue couldn't help but spit out a mouthful of blood at this time, with shock in his eyes.

Then he sighed softly and said aloud: "I lost."

"Ye Feng wins!"

At this time, the Peacock Princess in the audience suddenly shouted happily.

At this moment, the Ninth Prince was standing next to Princess Peacock, holding on to the railing of the auditorium in front of him with both hands. Because he was so excited, his hands "clicked" and actually crushed the iron railing of the auditorium in front of him. Got it!

Chapter 3468 Feng Jiutian

At this time, it would be impossible for the Ninth Prince not to be excited.

Because Ye Feng defeated Dongfang Yue under the Third Prince, it meant that even if Ye Feng could not defeat the most terrifying Feng Jiutian under the First Prince in the end, Ye Feng could still rank second.

For the Ninth Prince, he was already the biggest winner today.

Because before, the Ninth Prince had always been at the bottom of the entire royal family competition, and had never been taken seriously by his father.

But today, Ye Feng helped him regain all the glory and self-esteem he had lost.

At this time, the Ninth Prince was naturally extremely excited.

At this moment, everyone on the field had deep amazement in their eyes.

Because everyone originally thought that the outcome of this royal competition was basically doomed, and the most powerful princes would definitely become the first, second, or third.

But the appearance of Ye Feng broke this inherent understanding.

Ye Feng came from the subordinates of the weakest Ninth Prince. If Ye Feng could achieve his current results, the future of the Ninth Prince would be uncertain in an instant.

Maybe the Ninth Prince can also become one of the most powerful princes with the help of Ye Feng, a super genius.

It is not impossible to go from the weakest prince to the strongest prince.

This change may cause many forces in the royal family to align themselves again.

After all, the significance of this royal competition is not just to see the strength of the masters under the princes.

More importantly, it concerns the alignment of the various forces in the entire royal family towards the princes.

Because the future imperial power of the entire Ice and Snow Dynasty will only emerge from the most powerful princes or princesses.

Therefore, the Ninth Prince's use of Ye Feng to stand out this time may allow many parties to re-select the prince they want to support.

At this time, many other princes and princesses looked at the Ninth Prince with deep envy in their eyes.

Because they were all very envious of the Ninth Prince for being able to acquire such a powerful and peerless genius like Ye Feng.

This

At this moment, the royal family elder who presided over the entire competition stood in mid-air with a trace of surprise in his eyes.

The royal family elder seemed not to have thought that Ye Feng, a young human race boy that he had not been optimistic about at the beginning, would be able to reach this point step by step.

At this moment, the royal family elder who presided over the entire competition announced the result of Ye Feng's victory in this battle, and then said aloud: "We will wait for Ye Feng to rest for a while, and then compete for the final first place."

But suddenly at this moment, Ye Feng spoke up: "Elder, I don't need to rest anymore. Just let me fight Feng Jiutian, who is under the command of the eldest prince."

"What?!"

Hearing what Ye Feng said, not only all the royal members in the audience, but also the elder who presided over the competition, all stared blankly, and then couldn't help but remind him: "Feng

Jiutian is very powerful. , and you are now at your peak. You have just had such a fierce battle with Dongfang Yue, and your strength must have been consumed a lot. Are you sure you are going to fight Feng Jiutian now? You have the right to rest."

When Ye Feng heard what the Great Elder said, he just smiled, then looked at Dongfang Yue not far away, and said loudly: "Brother Dongfang, first of all, I don't mean to belittle you. To be honest, I defeated you just now. In the whole process, I didn't actually consume much strength. I'm at my peak now and don't need to rest."

Wow!

Hearing what Ye Feng said, everyone in the entire field couldn't help but exclaimed in amazement.

It turns out that Ye Feng didn't try his best when he defeated Dongfang Yue.

This is not Ye Feng's true peak power.

At this moment, when Dongfang Yue heard what Ye Feng said, he couldn't help but smiled bitterly and said: "Brother Ye, originally I thought I was already the top and most talented super genius, but this time I found out in the battle, brother Ye Feng, you are the most powerful, but I will not be discouraged. After this competition, I will continue to practice well when I go back, and I will go deeper.

Develop the power of the blood of my extremely powerful basalt giant turtle. When I become stronger and more talented, I will fight Brother Ye Feng to see who is more powerful. "

Hearing what Dongfang Yue said, Ye Feng immediately nodded with a smile and said, "I'm waiting for the next battle with you."

After Ye Feng finished speaking, he looked directly in a certain direction of the auditorium not far away.

That position was exactly where the eldest prince was sitting. ??

A tall woman wearing red armor and long fiery red hair stood behind the eldest prince, looking very noble.

This tall woman wearing red armor is the most powerful young master under the eldest prince who participated in this royal competition. Feng Jiutian comes from the ancient Phoenix clan.

The ancient Phoenix clan is hidden in the depths of the wilderness. Some people say that the strength of the ancient Phoenix clan is not much weaker than that of the Ice and Snow Dragon clan.

The reason why the eldest prince was able to recruit Feng Jiutian, the super genius of the ancient Phoenix clan, was because the eldest prince's mother clan came from the ancient Phoenix clan.

So in a true sense, this Feng Jiutian was not actively recruited by the eldest prince, but came from the ancient Phoenix clan to help the eldest prince win the throne.

Ye Feng stared at Feng Jiutian at this time and said slowly: "Come up and fight."

There was a trace of surprise in Feng Jiutian's beautiful eyes, as if she didn't expect Ye Feng to fight her directly without taking a rest.

brush!

However, Feng Jiutian didn't say anything more. Instead, he jumped up, and the fiery red beautiful figure flew directly to the competition stage, standing opposite Ye Feng.

At this time, Feng Jiutian's fiery red eyes seemed to be burning with flames. He stared at Ye Feng opposite him and said loudly: "I have to say that you are very powerful. I was in the audience during the battle between you and Dongfang Yue just now. It is clear that you are not an ordinary human race at all, but a being with a very terrifying physique. This physique cannot even be seen by me. It must be very mysterious and powerful, but I also possess the supreme power. Ancient Phoenix bloodline, so this

Don't think you're going to win a battle. "

Ye Feng smiled and said aloud: "Whether I win or not is not that important anymore, because in this royal competition, I have helped the Ninth Prince find his most precious thing, which is what he once lost. Self-esteem and self-confidence, let's end this battle."

boom!

After saying that, Ye Feng directly released the second talent of his Hongmeng Immortal Body, Hongmeng True Body!

Buzz!

Almost at the next moment, Ye Feng's whole body expanded into a huge purple giant, containing the power of the Hongmeng Lord, and charged directly towards Feng Jiutian at the front.

The purple giant that Ye Feng turned into at this time was very visually impactful. It exuded a purple divine light all over its body, giving people a very fierce feeling.

Feng Jiutian felt the terrifying impact emanating from Ye Feng's purple giant. His beautiful eyes suddenly couldn't help showing a hint of shock and anger, and he couldn't help but say: "Use this as soon as you come up. Such a powerful physical strength, you still said that you just clicked until then? I think you want to win!"

Boom!

At this time, Feng Jiutian did not hesitate at all, and directly released his ancient phoenix bloodline.

Uh-huh! !

Uh-huh! !

A pair of huge flame wings that covered an area of several hundred meters grew directly from Feng Jiutian's back.

Those are the wings of the phoenix!

You can let Feng Jiutian, the real phoenix dance in Jiutian, burn the world.

Boom!

In the next moment, the two people were fighting together high in the sky, creating an unparalleled wave of destruction, which made everyone present couldn't help but retreat quickly towards the back of the auditorium, for fear of affecting themselves.

Because this battle was more intense and terrifying than before.

"Who is the ultimate winner?"

Everyone's eyes are full of deep expectations.

Chapter 3468 Feng Jiutian

At this time, it would be impossible for the Ninth Prince not to be excited.

Because Ye Feng defeated Dongfang Yue under the Third Prince, it meant that even if Ye Feng could not defeat the most terrifying Feng Jiutian under the First Prince in the end, Ye Feng could still rank second.

For the Ninth Prince, he was already the biggest winner today.

Because before, the Ninth Prince had always been at the bottom of the entire royal family competition, and had never been taken seriously by his father.

But today, Ye Feng helped him regain all the glory and self-esteem he had lost.

At this time, the Ninth Prince was naturally extremely excited.

At this moment, everyone on the field had deep amazement in their eyes.

Because everyone originally thought that the outcome of this royal competition was basically doomed, and the most powerful princes would definitely become the first, second, or third.

But the appearance of Ye Feng broke this inherent understanding.

Ye Feng came from the subordinates of the weakest Ninth Prince. If Ye Feng could achieve his current results, the future of the Ninth Prince would be uncertain in an instant.

Maybe the Ninth Prince can also become one of the most powerful princes with the help of Ye Feng, a super genius.

It is not impossible to go from the weakest prince to the strongest prince.

This change may cause many forces in the royal family to align themselves again.

After all, the significance of this royal competition is not just to see the strength of the masters under the princes.

More importantly, it concerns the alignment of the various forces in the entire royal family towards the princes.

Because the future imperial power of the entire Ice and Snow Dynasty will only emerge from the most powerful princes or princesses.

Therefore, the Ninth Prince's use of Ye Feng to stand out this time may allow many parties to re-select the prince they want to support.

At this time, many other princes and princesses looked at the Ninth Prince with deep envy in their eyes.

Because they were all very envious of the Ninth Prince for being able to acquire such a powerful and peerless genius like Ye Feng.

This

At this moment, the royal family elder who presided over the entire competition stood in mid-air with a trace of surprise in his eyes.

The royal family elder seemed not to have thought that Ye Feng, a young human race boy that he had not been optimistic about at the beginning, would be able to reach this point step by step.

At this moment, the royal family elder who presided over the entire competition announced the result of Ye Feng's victory in this battle, and then said aloud: "We will wait for Ye Feng to rest for a while, and then compete for the final first place."

But suddenly at this moment, Ye Feng spoke up: "Elder, I don't need to rest anymore. Just let me fight Feng Jiutian, who is under the command of the eldest prince."

"What?!"

Hearing what Ye Feng said, not only all the royal members in the audience, but also the elder who presided over the competition, all stared blankly, and then couldn't help but remind him: "Feng Jiutian is very powerful. , and you are now at your peak. Hearing what Ye Feng said, everyone in the entire field couldn't help but exclaimed in amazement.

It turns out that Ye Feng didn't try his best when he defeated Dongfang Yue.

This is not Ye Feng's true peak power.

At this moment, when Dongfang Yue heard what Ye Feng said, he couldn't help but smiled bitterly and said: "Brother Ye, originally I thought I was already the top and most talented super genius, but this time I found out in the battle, brother Ye Feng, you are the most powerful, but I will not be discouraged. After this competition, I will continue to practice well when I go back, and I will go deeper.

Develop the power of the blood of my extremely powerful basalt giant turtle. When I become stronger and more talented, I will fight Brother Ye Feng to see who is more powerful. "

Hearing what Dongfang Yue said, Ye Feng immediately nodded with a smile and said, "I'm waiting for the next battle with you."

After Ye Feng finished speaking, he looked directly in a certain direction of the auditorium not far away.

That position was exactly where the eldest prince was sitting. ??

A tall woman wearing red armor and long fiery red hair stood behind the eldest prince, looking very noble.

This tall woman wearing red armor is the most powerful young master under the eldest prince who participated in this royal competition. Feng Jiutian comes from the ancient Phoenix clan.

The ancient Phoenix clan is hidden in the depths of the wilderness. Some people say that the strength of the ancient Phoenix clan is not much weaker than that of the Ice and Snow Dragon clan.

The reason why the eldest prince was able to recruit Feng Jiutian, the super genius of the ancient Phoenix clan, was because the eldest prince's mother clan came from the ancient Phoenix clan.

So in a true sense, this Feng Jiutian was not actively recruited by the eldest prince, but came from the ancient Phoenix clan to help the eldest prince win the throne.

Ye Feng stared at Feng Jiutian at this time and said slowly: "Come up and fight."

There was a trace of surprise in Feng Jiutian's beautiful eyes, as if she didn't expect Ye Feng to fight her directly without taking a rest.

brush!

However, Feng Jiutian didn't say anything more. Instead, he jumped up, and the fiery red beautiful figure flew directly to the competition stage, standing opposite Ye Feng.

At this time, Feng Jiutian's fiery red eyes seemed to be burning with flames. He stared at Ye Feng opposite him and said loudly: "I have to say that you are very powerful. I was in the audience during the battle between you and Dongfang Yue just now. It is clear that you are not an ordinary human race at all, but a being with a very terrifying physique. This physique cannot even be seen by me. It must be very mysterious and powerful, but I also possess the supreme power. Ancient Phoenix bloodline, so this

Don't think you're going to win a battle. "

Ye Feng smiled and said aloud: "Whether I win or not is not that important anymore, because in this royal competition, I have helped the Ninth Prince find his most precious thing, which is what he once lost. Self-esteem and self-confidence, let's end this battle."

boom!

After saying that, Ye Feng directly released the second talent of his Hongmeng Immortal Body, Hongmeng True Body!

Buzz!

Almost at the next moment, Ye Feng's whole body expanded into a huge purple giant, containing the power of the Hongmeng Lord, and charged directly towards Feng Jiutian at the front.

The purple giant that Ye Feng turned into at this time was very visually impactful. It exuded a purple divine light all over its body, giving people a very fierce feeling.

Feng Jiutian felt the terrifying impact emanating from Ye Feng's purple giant. His beautiful eyes suddenly couldn't help showing a hint of shock and anger, and he couldn't help but say: "Use this as soon as you come up. Such a powerful physical strength, you still said that you just clicked until then? I think you want to win!"

Boom!

At this time, Feng Jiutian did not hesitate at all, and directly released his ancient phoenix bloodline.

Uh-huh! !

Uh-huh! !

A pair of huge flame wings that covered an area of several hundred meters grew directly from Feng Jiutian's back.

Those are the wings of the phoenix!

You can let Feng Jiutian, the real phoenix dance in Jiutian, burn the world.

Boom!

In the next moment, the two people were fighting together high in the sky, creating an unparalleled wave of destruction, which made everyone present couldn't help but retreat quickly towards the back of the auditorium, for fear of affecting themselves.

Because this battle was more intense and terrifying than before.

"Who is the ultimate winner?"

Everyone's eyes are full of deep expectations.

Chapter 3469 The Final Test

Boom! !

At this moment, the entire field fell into a terrifying battle fluctuation. Everyone couldn't help but retreat one after another, but their eyes were full of deep expectations.

Because they really want to know who can win the first place in this year's royal competition and become the darling of the new generation of the Ice and Snow Dynasty royal family.

And this time, high in the sky.

In the countless battle light waves, Feng Jiutian felt Ye Feng's incomparable power, threatening her to retreat. She suddenly showed a look of deep shock on her face.

Feng Jiutian never thought that Ye Feng, whose cultivation level was so much lower than him, could release power beyond the limit of what she could bear.

At this time, Feng Jiutian thought of what the eldest prince said before, that is, he must obtain the Tianlong Sword at all costs. ??

When Feng Jiutian thought of this, he immediately frantically activated the ancient phoenix bloodline contained in his body.

Boom!

Suddenly, the terrifying power of flames burned directly from Feng Jiutian's body.

Then Feng Jiutian transformed into a huge flaming phoenix, charging crazily forward.

The terrifying flames burned the entire sky, dyeing the entire sky a fiery red.

Ye Feng didn't hesitate at this time. In an instant, he frantically inspired the power of his Hongmeng avatar and waved his fist violently.

Every punch punched out seemed to be able to shatter the entire sky and earth.

In addition, Ye Feng also integrated brute force gems, earth gems, chaos gems and other domination gems, giving full play to his most powerful combat power.

finally.

Boom! !

Along with a terrifying roar, a very embarrassed figure was blasted out by the divine light and fell hard to the ground.

"That is....."

Everyone took a closer look and saw that the person who fell to the ground turned out to be the eldest prince's master, Feng Jiutian!

At this moment, this proud girl from the Phoenix Clan, her breath was very exhausted, her face was very pale, she fell to the ground, and she almost had no strength to stand.

Got up.

Buzz!

At this moment, among the countless divine lights, Ye Feng was filled with fighting spirit, appearing like a god of war, completely opposite to Feng Jiutian who was exhausted.

At this time, everyone's eyes were suddenly shocked.

Who wins and who loses, the result has come out.

The first place in this year's royal competition is Ye Feng!

Almost at this moment, the whole place was boiling.

No one expected that the final winner of this year's royal competition would be Ye Feng, a little-known human boy.

Originally, among everyone's hearts, the top three beings must be the eldest prince, the third prince, or other masters under the command of powerful princesses and princes.

But everyone never expected that the final champion of the competition would come from the subordinates of the weakest Ninth Prince.

At this moment, everyone's eyes were focused on Ye Feng, and their eyes were filled with deep shock and admiration.

Because in the eyes of many members of the royal family, the human race is a very weak race, only worthy of living in some marginal places.

But today, Ye Feng used his actual actions and his incomparable fighting power to make everyone realize that the human race can also produce peerless strong men.

Although Ye Feng's current cultivation level is not very high, the potential shown by Ye Feng in this battle simply shocked everyone.

"Ye Feng's future definitely has unlimited possibilities."

Some people couldn't help but exclaim in surprise.

But at this moment, on the battlefield.

Feng Jiutian stood up with difficulty, a trace of a wry smile appeared on her beautiful face, and said loudly: "Your power is too strong, I can't use you up at all."

When Ye Feng heard what Feng Jiutian said, he just smiled slightly and said, "Just so so."

Uh-huh!

After saying that, Ye Feng flew directly to the sky and stood in front of the old man who was presiding over the entire competition.

The royal family elder who presided over the entire competition stared at Ye Feng with a hint of complexity in his eyes at this moment.

He didn't seem to have expected that this young human race boy who had always been looked down upon by everyone would finally win the first place and become the final winner of this royal competition!

At this time, the royal family elder immediately pronounced his verdict and said: "The first place in this year's royal competition is the young master from the Ninth Prince, Ye Feng."

Wow!

When the royal family elder officially announced that the champion was Ye Feng, and the dust settled, the entire field was immediately in a state of excitement.

"Wow! Ye Feng actually won the first place! That's amazing!" ??

At this time, Princess Peacock couldn't help shouting happily in the audience, like an excited little girl.

"good!!"

At this time, the Ninth Prince was extremely excited. He clenched his fists and his nails pierced into the flesh of his fists without even noticing.

Because he was so excited.

Ye Feng won the championship of this royal competition under the spotlight, which meant that the Ninth Prince would also receive endless attention.

Because Ye Feng and the Ninth Prince are now standing on the same boat.

Ye Feng's power also represents the power of the Ninth Prince.

At this moment, the next moment when the royal family elders declared Ye Feng to be the champion.

The Ice and Snow Emperor in the huge golden beam suddenly made a majestic voice: "Ye Feng, you are very good. You have risen from humble beginnings. This emperor appreciates your peerless talent. Now you are in front of me." , I will personally give you the Tianlong Sword."

"Thank you, Your Majesty."

At this time, Ye Feng immediately clasped his fists and flew directly in front of the huge golden light beam.

At this moment, Ye Feng's eyes fell on the Ice and Snow Emperor whose specific appearance was unclear in the golden light pillar.

leaf

The wind can sense that the aura of the Ice and Snow Emperor is very vast and infinite, just like the vast ocean, which is impossible to guess.

Ye Feng's heart trembled. The Ice and Snow Emperor was indeed the most powerful person on the land of snow. His strength was indeed terrifying to the extreme.

While Ye Feng was thinking secretly in his heart, the Ice and Snow Emperor took his Tianlong Sword from his waist and threw it forward.

Buzz!

The Tianlong Sword automatically flew directly in front of Ye Feng.

At this moment, Ye Feng could see that the entire Tianlong Sword was made of golden material, with ancient dragon patterns engraved on it.

In addition, there is also the word "Emperor" imprinted on the blade of the Tianlong Sword, which looks very noble and sacred.

This Heavenly Dragon Sword, not to mention the majesty of the emperor it represents, is a peerless weapon in itself, containing the terrifying power of the Dragon Emperor.

"A good sword matches a hero, just take it."

The Ice and Snow Emperor spoke out in the golden light pillar at this time.

Ye Feng nodded immediately, no longer hesitated, stretched out his hand and directly grasped the hilt of the Tianlong Sword.

"boom!!"

But at this moment, a huge golden dragon suddenly rushed out of the Tianlong Sword, and instantly hit the top of Ye Feng's head, exuding huge and boundless power.

The Ice and Snow Emperor's voice sounded: "This Heavenly Dragon Sword has its own wisdom. If you want to be truly recognized by this Heavenly Dragon Sword, you need to surrender this golden dragon. This is for you." The final test, if you can pass this final test, not only will the Tianlong Sword be awarded to you, but I will also give you an additional opportunity."

What? !

Hearing the words of the Ice and Snow Emperor, everyone present, including countless dignitaries and members of the royal family, were shocked with fierce eyes.

It seems that His Majesty the Emperor really attaches great importance to Ye Feng, a young human race boy, and there are even other extra benefits. The Ice and Snow Dragon Emperor is obviously deliberately cultivating Ye Feng, the latest young prodigy!

Chapter 3470 Who is this?

Although everyone was very envious of Ye Feng at this time, he was able to get such attention from His Majesty the Ice and Snow Emperor. There was still one last test.

But Ye Feng himself is not feeling well now.

Because the golden dragon that rushed out of the Tianlong Sword was very terrifying.

This is indeed a very terrible test.

Boom!

At this time, the golden dragon hovered above Ye Feng's head, attacking crazily. Ye Feng's whole person, including his body and spirit, suffered a huge impact.

The golden dragon in the Tianlong Sword is an existence between illusion and reality, and it also contains the imperial aura that the Ice and Snow Emperor has cultivated over the years.

So at this time, even if Ye Feng had the soul gem on his body, he was still a little unable to withstand it.

But Ye Feng knew that he had to overcome this final test.

Only in this way can he be recognized by this peerless weapon and gain the attention of the Ice and Snow Emperor.

Ye Feng knew very well that the Ice and Snow Emperor was the most powerful being in the Ice and Snow Dynasty, and even in the entire snowy land.

Therefore, if he can get the attention of the Ice and Snow Emperor, then Ye Feng knows very well that he will be able to do well in the snowy land, even in the imperial city of the Ice and Snow Dynasty where every inch of land is precious.

So at this time, Ye Feng frantically mobilized all his strength, including spiritual strength and the physical strength of Hongmeng's immortal body, to quickly resist the golden dragon.

Even at the end, Ye Feng directly displayed his Hongmeng true form and turned into a little purple giant. His whole body erupted with extremely strong Hongmeng purple energy, and he fought with the golden giant dragon in front of everyone's attention.

Boom!

The entire field suddenly fell into a huge roar.

The whole battle was very majestic, allowing everyone to truly see Ye Feng's extremely powerful peak combat power.

"It turns out that he didn't try his best in the battle with me." Feng Jiutian, a proud woman of heaven, was watching from the audience, with a trace of wonder in her beautiful eyes.

The entire battle lasted for nearly half an hour, and everyone was amazed by Ye Feng's continuous majestic power.

If it were an ordinary person, even some so-called super geniuses with the same cultivation level as Ye Feng, they would probably have died of exhaustion long ago after fighting such a powerful golden dragon for half an hour.

But at this time, Ye Feng's fighting power was still very terrifying, and his momentum was still at its peak, as if he had not been consumed at all.

This really makes people marvel at its powerful strength and majestic skills.

At this time, Ye Feng suddenly launched his most powerful attack, the Eternal Thunder Dragon True God Picture, and combined with the power of Hongmeng's true body, finally with a terrifying roar, Ye Feng successfully knocked this giant golden dragon down.

Uh-huh!

And at the next moment, the golden dragon returned to the Tianlong Sword.

"Buzz!"

At this moment, Ye Feng held the Tianlong Sword, and the Tianlong Sword no longer resisted Ye Feng.

Because at this time, Ye Feng has completely controlled this emperor's sword.

At this moment, the Ice and Snow Emperor in the golden light pillar suddenly said: "Yes, very good, since you have passed this final test, then I will grant you another chance creation. This chance creation, It means that you are allowed to follow the pure bloodline descendants of our royal family and enter the ancestral land of our Ice and Snow Royal Family in half a month, and obtain the ancient inheritance and resources of our Ice and Snow Royal Family's ancestors."

Wow!

The moment the Ice and Snow Emperor finished speaking, the entire arena suddenly fell into a boil.

No one thought that the Ice and Snow Emperor would allow Ye Feng to follow a pure blood descendant of the royal family into the land of his ancestors.

You must know that the ancestral land of the Ice and Snow Royal Family is a very precious place and a very sacred place. Only princes and princesses of authentic bloodline can enter it.

Even some princes and princesses with quite pure blood cannot enter it.

Unexpectedly, the Ice and Snow Emperor would now allow an outsider to enter.

This is really incredible.

At this moment, even some royal family members had a hint of surprise in their eyes.

Because in the history of the Ice and Snow Dynasty, there has never been such a situation.

Even those who have made great contributions to the Ice and Snow Dynasty and have great military exploits are not qualified to enter the ancestral land of the royal family.

However, Ye Feng did not make any great contribution to the Ice and Snow Dynasty. He just stood out in a small royal competition and was able to make the Ice and Snow Dynasty do such a move. This is really incredible.

At this time, some thoughtful people even speculated whether Ye Feng had some very special identity that made the Ice and Snow Emperor make such a decision.

Otherwise, it is unlikely that the Ice and Snow Emperor would take him so seriously just by virtue of being the first in the royal competition.

"Is this Ye Feng a weak human race? How come he feels that his status is so extraordinary that His Majesty the Emperor can pay so much attention to him?"

"Yes, His Majesty the Emperor can personally invite him into the ancestral land of our ice and snow royal family. Who is this son? It can't be as simple as winning the first place in the competition?"

At this time, many people couldn't help but talk around them, with a hint of horror in their tone.

At this time, Ye Feng held the Tianlong Sword in his hand and could feel

The energy contained in this long sword is very terrifying, and it also has an imperial majesty.

This is the power and momentum exclusive to the Ice and Snow Dynasty Dragon Emperor.

At this time, Ye Feng immediately took the Tianlong Sword in his hand, cupped his fists and said, "Thank you, Your Majesty, for giving me the sword."

The Ice and Snow Dragon Emperor nodded slightly and said in the golden light beam: "Go, in half a month, you will follow Lao Jiu into the royal family's ancestral land."

Buzz!

After saying that, the entire body of the Ice and Snow Dragon Emperor disappeared into the golden light pillar.

The next moment, the golden light pillar also disappeared in an instant.

At this moment, after the Ice and Snow Dragon Emperor left, the whole place was completely boiling.

Everyone's eyes and attention were all focused on Ye Feng.

Because no one expected that Ye Feng, a master who came from the weakest Ninth Prince and a young man from a very weak human race, could become the final winner and even receive great attention and attention from His Majesty the Dragon Emperor.

You know, since ancient times, no one has been able to follow the pure heirs of the royal family into the land of their ancestors.

This is simply unprecedented.

It really shocked everyone to the extreme.

Even many royal family members were staring at Ye Feng at this moment, and they were all guessing in their hearts what part of Ye Feng their Majesty the Dragon Emperor liked, which was worthy of His Majesty the Dragon Emperor's attention to Ye Feng.

At this time, Ye Feng left the competition stage, returned to the audience, and came to the Ninth Prince.

The Ninth Prince's eyes widened at this time, and he couldn't help but say: "Father is too partial to you. Not only did he reward you with the Tianlong Sword, but he also asked you to enter with us pure royal children. This is unprecedented treatment in the land of ancestors. I dare to ask Brother Ye Feng, who are you?"
