Chapter 3471 Celebration

At this time, the Ninth Prince was obviously very shocked, otherwise it would be impossible to ask such a question.

In response, Ye Feng just smiled slightly and said: "Ninth Prince, I am not a saint. You know my origin very well. I come from a human survival base in a remote place."

Hearing what Ye Feng said, the Ninth Prince couldn't help but smile bitterly and said: "But you are so powerful, so powerful that it makes me feel like a dream. I just feel that everything that happened today was because of me. dream."

"Of course you're not dreaming."

Ye Feng smiled, raised the golden dragon-patterned sword in his hand, and said loudly: "This Heavenly Dragon Sword is really powerful. It is a peerless weapon. I almost failed to surrender to this Heavenly Dragon Sword just now. "

At this time, the Peacock Princess next to her came over.

Her big beautiful eyes were fixed on the Tianlong Sword in Ye Feng's hand. She was very curious and couldn't help but said aloud: "Ever since I was a child, I have been very interested in this sword beside my father, but My father has never let me play with this Heavenly Dragon Sword, or even touch it. Ye Feng, can you let me take a good look at this Heavenly Dragon Sword?"

Ye Feng glanced at the curious Peacock Princess in front of him, and immediately smiled and said, "Of course, you can take it and take a look."

Buzz!

After finishing speaking, Ye Feng directly handed the Tianlong Sword in his hand to Princess Peacock.

Princess Peacock directly stretched out her small hands to hold the Tianlong Sword.

boom!

But almost at the next moment, a terrifying golden dragon soul suddenly burst out from the Tianlong Sword, and it was about to kill Princess Peacock directly.

Uh-huh!

The next moment, Ye Feng reacted very quickly and immediately took the Tianlong Sword in Princess Peacock's hand back into his own hand, and then the golden dragon soul disappeared.

Princess Peacock was very frightened at this time, and her face was a little pale.

At this time, Princess Peacock finally understood why her father doted on her so much but did not give her the Heavenly Dragon Sword to play with. It turned out that this Heavenly Dragon Sword was very dangerous and was definitely a very terrifying and vicious weapon.

The Ninth Prince spoke slowly at this time: "This Heavenly Dragon Sword that follows my father in battle all year round is of course not an ordinary thing. It is a very terrifying killing weapon. We ordinary warriors still don't want it. The contact is relatively good, I am afraid that only a peerless genius like Brother Ye can be recognized by a peerless weapon like the Tianlong Sword."

Ye Feng nodded slightly at this time, looking at the Tianlong Sword in his hand, with a trace of surprise in his eyes.

Ye Feng himself did not expect that this Tianlong Sword was so dangerous that others could not even touch it.

While the three of them were talking, the royal family members in the surrounding auditorium were almost gone.

At this time, the Ninth Prince said: "Brother Ye, let's leave here too. Tonight in my royal garden, I will entertain everyone. Let's have a good drink and celebrate Brother Ye's victory this time. "

...

night.

In the royal garden of the Ninth Prince.

The Ninth Prince held a luxurious banquet and invited many members of the palace to congratulate Ye Feng.

This time, many powerful people in the palace came here to congratulate Ye Feng.

Because in this royal competition, everyone saw the power of Ye Feng, a young human race boy.

They all felt that if Ye Feng did not die young, he would definitely become a great man in the future.

So naturally they all want to have a good relationship with Ye Feng at this time. In this case, it will be very helpful to their future in the future.

At this time at the banquet, many royal figures were also very polite to the Ninth Prince.

Originally, this group of big shots looked down upon the weak prince, the Ninth Prince.

But because of Ye Feng's amazing performance this time, the Ninth Prince completely entered...

Within the sight of many powerful people.

Even many ministers and princes in the royal family took the initiative to get in touch with the Ninth Prince, and even began to support the Ninth Prince.

Because for them, choosing the right prince is very important, as it is related to their future wealth and life.

Therefore, Ye Feng's outstanding performance this time brought the Ninth Prince back into the public eye.

Many dignitaries and princes also placed their bets on the Ninth Prince and sent many gifts and training resources.

The Ninth Prince also knew this, so tonight, he put on a formal suit, a large dragon-patterned python robe, and a purple-gold prince crown on his head. The whole outfit was unparalleled in majesty and looked very majestic. There is momentum.

The purpose of the Ninth Prince's rather majestic appearance was to let everyone know that he, the Ninth Prince, also had his own ambitions.

After three rounds of drinking.

When the entire banquet was over, only Ye Feng and the Ninth Prince were left.

At this moment, the joy on the Ninth Prince's face has not completely dissipated.

He drank a lot of wine and was a little drunk. He couldn't help but said: "Brother Ye, you know, this meal tonight is the most enjoyable meal I have ever had, because everyone starts to pay attention to me." Come on, it's all because of you."

Hearing what the Ninth Prince said, Ye Feng smiled and said: "When I was the weakest, the Ninth Prince valued me very much. Now I will naturally try my best to help the Ninth Prince."

Hearing what Ye Feng said, the Ninth Prince immediately nodded with emotion, then put all the gifts from the ministers and princes into storage rings and gave them to Ye Feng.

The Ninth Prince said aloud: "Take all these resources to improve your strength. I know you must be short of resources now."

Ye Feng didn't show any pretense. He took the storage ring and said, "I really need resources now so that I can continue to improve my cultivation."

Ye Feng

I saw these ministers and princes before. In order to establish a good relationship with the Ninth Prince, these gifts were very precious.

There are extremely high-level elixirs, powerful inheritances, and some good weapons that are priceless.

...

In the evening, after Ye Feng returned to his mansion, he opened all the gifts brought by the ministers and princes.

These gifts made Ye Feng's eyes happy, because many of the boxes contained high-grade elixirs that exuded a faint divine light, as well as some spiritual materials from heaven and earth. They were all very rare and of great value.

Ye Feng didn't hesitate at this time and swallowed all the elixirs like eating fried beans.

Those heaven and earth elixirs that contained energy, Ye Feng also emitted the Devouring Domain, swallowing up the energy in them.

Boom!

At this moment, Ye Feng's skill was greatly improved again.

These princes and ministers have very wealthy families, so the gifts they give, these high-grade elixirs and elixirs, are rare and can provide great nourishment to warriors.

Along with the devouring, Ye Feng's cultivation aura immediately began to grow rapidly.

"boom!"

Star Realm Third Heaven!

"boom!"

The fourth level of the Star Realm!

"boom!"

The fifth level of the Star Realm!

"boom!"

Star Realm Sixth Heaven!

In the end, Ye Feng's cultivation level broke through the fourth level!

Directly breaking through from the previous second level of the Star Realm to the current sixth level of the Star Realm.

At this time, Ye Feng opened his eyes, with a bright light shining in his eyes.

Being able to increase Ye Feng's cultivation so much in one go shows that the gifts given by these ministers and princes are not perfunctory, they are all real materials, very valuable and extremely precious.

Chapter 3472 Princess Caiyun's invitation

For Ye Feng, this royal competition not only won him a huge honor, but also made Ye Feng's cultivation strength grow tremendously.

Because Ye Feng killed several masters and devoured their skills, his cultivation level was greatly improved.

In addition, Ye Feng's current reputation has also been completely established.

Many powerful people now want to have a good relationship with Ye Feng.

Because Ye Feng can now be said to be a young genius that the Ice and Snow Dragon Emperor attaches great importance to, and he also holds the Tianlong Sword in his hand.

You know, in the eyes of many people, the Tianlong Sword is not a weapon, but a majestic symbol of His Majesty the Ice and Snow Dragon Clan.

So Ye Feng holds the Tianlong Sword in his hand. As long as he is in public, everyone will give him a bit of a thumbs down.

Buzz!

At this moment, Ye Feng took out the Tianlong Sword and looked at the sword engraved with ancient dragon patterns, his eyes becoming more and more satisfied.

This weapon really made Ye Feng very interested.

Because the Tianlong Sword contains the power of the Dragon Emperor of the Ice and Snow Dragon Clan, it can explode with extremely powerful power at critical moments.

And just when Ye Feng was observing the Tianlong Sword in his hand, Princess Peacock came over outside the large manor where he lived.

After Princess Peacock entered the big manor, she shouted directly: "Ye Feng, how is your practice going?"

Ye Feng heard Princess Peacock's words at this time, walked out of his room directly, smiled and said: "I'm almost done practicing, what can I do for you?"

Princess Peacock immediately took out an ancient map from her storage ring as if she were offering a treasure, and then said aloud: "Let's go look for the treasure in the treasure map. I still have this good thing in my hand." Several treasure maps are gifts given to me by my father every birthday. I have never had the chance to go out. Now that Ye Feng is so powerful, there will definitely be no danger if I follow you out. "

Hearing what Princess Peacock said, Ye Feng glanced at this good girl in surprise. He didn't expect Princess Peacock to be so powerful.

The royal competition has just ended, and I have to drag myself out to find the treasure in the treasure map.

To be honest, Ye Feng is still very interested in the treasures in this treasure map.

But Ye Feng couldn't help but say at this time: "But in half a month, I will enter the ancestral land of the Ice and Snow Dynasty with all the royal descendants to obtain the ancient inheritance. If we leave the imperial city now and enter In the endless wilderness and ruins outside, if I look for treasures, I probably won't be able to get back in half a month. It would be a real pity if I missed entering the land of my ancestors, but the treasure map is here, what? You can look for it whenever you want."

When the Peacock Princess heard this, a trace of disappointment appeared in her beautiful big eyes.

But after all, she nodded seriously and said: "This matter is indeed very important to you, Ye Feng. Then after we enter the land of our ancestors and obtain the inheritance, we can go out to look for treasures. It will be really It's a pity, I thought I could go out and play right away."

"play?"

When Ye Feng heard Princess Peacock say this, the corners of his mouth twitched slightly.

Peacock Princess Daqing wants to take her out to play together.

If it were anyone else, with such a precious treasure map in their hands, they would probably be too excited to sleep.

\u003e

But Princess Peacock just wants to go out and play.

This princess is really not doing her job properly.

But this also makes Princess Peacock live a good girl without any pressure.

In fact, it's quite good. Staying away from the battles between royal families is also a free and easy choice.

At this moment, Ye Feng suddenly asked: "Princess Peacock, have you seen my apprentice Xiaoxuan recently? I came back from the royal competition and I haven't seen her anywhere."

When Princess Peacock heard Ye Feng's question, she immediately said with a smile: "Through my identity guarantee, I have allowed this girl Xiaoxuan to enter the Royal Martial Arts Academy of our royal family. There, she can go through a very systematic martial arts academy. Knowledge education will grow very fast."

Hearing what Princess Peacock said, Ye Feng's eyes suddenly showed a look of surprise, and he smiled and said: "I see, then I would like to thank Princess Peacock for arranging such good treatment for Xiaoxuan."

Princess Peacock raised her little head slightly, revealing her delicate and beautiful face, and said with a smile: "Ye Feng, am I more reliable than your master who is like a hands-off shopkeeper?"

"Yes Yes."

Ye Feng immediately responded with a smile and nodded.

At this moment, an uninvited guest suddenly came outside the door of the large manor.

This is a figure wearing a black robe and a mask on his face. It is not clear whether he is a man or a woman.

At this moment, the uninvited guest asked: "Is this where Mr. Ye Feng lives?"

Ye Feng's eyes showed a look of confusion. He had never seen this person before.

Ye Feng immediately nodded and said, "I am Ye Feng, what can I do?"

"Are you Mr. Ye Feng, the super genius who ranks first in royal competitions?"

The voice in the black robe was a woman's voice, and her tone seemed very surprised at this moment.

The beautiful gaze in the mask couldn't help but fall on Ye Feng, seemingly very curious.

At this time, Princess Peacock immediately said out loud: "Who are you? There has never been anyone dressed like you in our royal palace? Are you an assassin?"

Ye Feng: "..."

If he were an assassin, would he greet him in person?

At this moment, this mysterious black-robed woman wearing a mask immediately clasped her fists and said: "I have met Her Royal Highness Princess Peacock. I am an inspection envoy under Princess Caiyun. This time I am here to serve Princess Caiyun." His Highness's order is to invite Young Master Ye Feng to the Caiyun Pavilion where Princess Caiyun lives to have a good chat and exchange martial arts practice. This is the agreement that Princess Caiyun and Young Master Ye Feng made before. Young Master Ye Feng should not forget it. Bar?"

Princess Peacock's eyes widened when she heard the words of the black-robed woman. She couldn't help but look at Ye Feng beside her and said, "Ye Feng, you actually have such a secret agreement with Princess Caiyun?"

Ye Feng coughed lightly, and then said aloud: "I just went over to chat."

After finishing speaking, Ye Feng walked directly towards the door of the mansion, then looked at the masked woman in black robe in front of him and said loudly: "Take me to where Princess Caiyun lives. I am indeed with Princess Caiyun." I had such an agreement, but I didn't expect Princess Caiyun to be so anxious and invite me to exchange martial arts practice so soon." For Ye Feng, this royal competition not only won him a huge honor, but also made him proud. Ye Fengxiu's strength has grown tremendously.

Because Ye Feng killed several masters and devoured their skills, his cultivation level was greatly improved.

In addition, Ye Feng's current reputation has also been completely established.

I am indeed with Princess Caiyun." We had such an agreement, but I didn't expect Princess Caiyun to be so anxious and invite me over so quickly to exchange martial arts practice."

Chapter 3473 Great Ambition

At this moment, Ye Feng followed the black-robed woman out of the mansion and walked towards Caiyun Pavilion in the palace.

Caiyun Pavilion is where Princess Caiyun lives. It is located on the southwest side of the palace. It is very luxurious and full of lush green plants. There are also many pools of water. Together with the surrounding classical pavilions, it looks very beautiful. Gorgeous.

At this moment, the woman in black robe led Ye Feng into this pavilion.

Ye Feng immediately saw Princess Caiyun wearing a colorful dress and standing in a pavilion not far away. It seemed that she had been waiting for him there for a long time.

At this time, Ye Feng's eyes flickered and he walked over directly.

The woman in black robe who brought Ye Feng here withdrew wisely.

"Master Ye Feng, you are here."

When Ye Feng walked not far away, Princess Caiyun immediately smiled and said, "I've been waiting for you for a long time."

When Ye Feng heard what Princess Caiyun said, he immediately smiled and said, "Princess Caiyun has been waiting for a long time."

After finishing speaking, Ye Feng couldn't help but continue to ask: "Princess Caiyun specially asked me to come here. What do you want to talk about? Is it martial arts practice, or other things?"

Princess Caiyun immediately smiled and said: "There is nothing special. I just think that Ye Feng is very talented. I watched every battle you had in the arena. I was very surprised." Jueyan, so I want to make a friend with you, that's all, not to win you over to my side."

Hearing Princess Caiyun's straightforward words, Ye Feng immediately nodded, and then said loudly: "Of course it's okay to make friends, but I am the master next to the Ninth Prince after all. In

the future, if Princess Caiyun and the Ninth Prince If we fight for imperial power together, maybe we will be on opposite sides."

Princess Caiyun immediately smiled and said: "We will talk about the future things later, and to be honest, I am not that interested in the position of imperial power. Which of these princes really has the ability to become the next generation of Ice and Snow Dragon Emperor? ,I

Maybe I won't compete with it. My main interest is to pursue more powerful power and enter that higher realm. "

When Ye Feng heard what Princess Caiyun said, there was a look of surprise in his eyes, and he couldn't help but ask: "Does Your Highness the Princess have great research on higher realms?"

Princess Caiyun nodded and said aloud: "I have seen records of higher realms in some ancient books of the royal family of our Ice and Snow Dynasty. The Snowy Region where we are located is only the third of the nine realms of the Origin World. The third level realm, above the snow realm, is a more advanced realm."

When Ye Feng heard what Princess Caiyun said, he immediately asked: "What is the realm above the snow realm?"

Princess Caiyun said: "The fourth level realm, recorded in ancient books, is said to be the legendary demon realm. It is very chaotic and dark. Fortunately, it is said that there is a huge chasm between the third level realm and the fourth level realm. , blocking the two realms, so the threats in the demon realm cannot touch our snowy land. Otherwise, our entire snowy land will fall into chaos and disputes. However, although this chasm separates the two realms, The domain has been isolated, keeping our Snow Domain in relative safety, but this is not necessarily a good thing, because it prevents many masters in our Snow Domain from ascending to higher realms."

"Can't ascend?"

When Ye Feng heard what Princess Caiyun said, his brows suddenly wrinkled slightly.

Because Ye Feng knew very well that he would definitely go to a higher level realm eventually, and he could not stay in the snowy land all the time.

Princess Caiyun continued at this time: "However, recently, traces of the dark demons from the Demon Realm have appeared in many of our wild lands in the Snow Region. I always feel that the entire Snow Region is about to become chaotic, but this may also be an opportunity. , because the dark demons in the Demon Realm appear, it means that there is a way to enter the more advanced Demon Realm.

For someone like me who wants to enter a higher realm, this is a good opportunity to explore and enter a higher realm. "

When Ye Feng heard what Princess Caiyun said, he finally understood that in the eyes of others, this ambitious and powerful princess might want to compete for the imperial power, but in fact, she didn't really want to compete for the Ice and Snow Dynasty in her heart. The position of emperor is to pursue more powerful power and enter a higher realm.

This kind of overall view is much higher than other princes who are fighting for power and gain in an instant.

At this time, Ye Feng's eyes were filled with a hint of surprise as he stared at the beautiful Princess Caiyun in front of him. He seemed not to have expected that the other party was such a heroic girl with such great ambitions.

Seeing the surprise in Ye Feng's eyes, Princess Caiyun seemed to have guessed what Ye Feng was thinking at the moment.

She immediately smiled and said aloud: "Have you not thought that my real purpose is not to compete for imperial power, but to pursue a more advanced realm and power?"

Ye Feng nodded slightly and said honestly: "Indeed, I originally thought that Princess Caiyun called me here to win me over to your side, and then help you fight for the imperial power. I didn't expect that you really wanted to You just want to communicate with me about martial arts practice and greater power."

Princess Caiyun nodded and said aloud: "It is very difficult to enter a higher level realm, and you must know that the fourth level realm is a very dark and chaotic demon realm. To enter it, you must have an extremely powerful person. Strength, otherwise even if you have the opportunity to enter the Demon Realm, you will be killed by the extremely chaotic dark demons in the Demon Realm."

When Ye Feng heard what Princess Caiyun said, he immediately nodded slightly, with a hint of sigh in his eyes.

It seems that one realm is more dangerous than the other.

Originally, Ye Feng felt that the struggle for hegemony among thousands of races in the snowy land was already very dangerous.

Unexpectedly, the fourth level realm turned out to be a pure demon realm controlled by the dark demon clan.

br

Just by hearing the name, you can tell that this realm world is very chaotic and terrifying, with constant disputes.

And you must know that the dominant forces in the Demon Realm must be various demon clans.

If a human race like Ye Feng or a dragon race like Princess Caiyun entered the Demon Realm, they would definitely become the target of public criticism in an instant.

Perhaps all the major races in the Demon Realm are as humble as food.

However, Ye Feng was not too worried in his heart.

After all, Ye Feng's skill and life source can be converted into energy of any attribute at will.

Ye Feng can completely disguise himself as a dark demon in the demon realm.

However, according to Princess Caiyun, it is very difficult to enter the more advanced fourth-level demon realm.

Since ancient times, many masters have been unable to continue to ascend.

Because of a huge natural moat since ancient times, the Snow Domain was isolated from the higher-level Demonic Domain.

However, according to Princess Caiyun, this time there are traces of the dark demons in the Demon Realm in the snowy wilderness. If you follow the clues like this, maybe this is a good opportunity to enter the fourth level realm.

When Ye Feng thought of this, he immediately looked at Princess Caiyun in front of him and said: "To be honest, my first purpose is to help the Ninth Prince by his side. The second purpose is naturally to gain growth and success." Become stronger and enter a higher realm, just like you, Princess Caiyun."

Princess Caiyun's beautiful eyes were fixed on Ye Feng, knowing that the other party was telling the truth to her.

She immediately nodded and said loudly: "From the first moment I saw you, I knew that you are not a being who has been inferior to others for a long time. You are a peerless genius of the human race with extremely high ambitions, so I just invited you here to discuss and see how we can enter the fourth level of the Demonic Realm, so I said we can become friends because there is no conflict between us at all, and we can also take care of each other. "

Chapter 3474 Confidant

At this time, Ye Feng asked aloud: "Princess Caiyun, do you have any research results on entering a more advanced demonic realm?"

Princess Caiyun immediately said: "In the wild land of snow, the moment the dark demon clan of a higher realm appeared, I sent many teams of experts I secretly trained to investigate the situation. If there is any news, I will tell you as soon as possible."

When Ye Feng heard what Princess Caiyun said, he immediately clasped his fists and said, "Thank you very much, Princess Caiyun, for sharing such important information with me."

For Ye Feng, it was a very lucky thing to be able to share the news of entering a higher realm from Princess Caiyun.

Princess Caiyun just smiled at this moment and said aloud: "The reason why I am willing to share this secret news with you is naturally to get a helper, because I know that even if my cultivation level in the snowy area improves, When I reach the top level of the third-level realm of Snow Realm, when I enter the more advanced fourth-level realm of Demon Realm, I will definitely not be

that powerful, so I have been looking for a peerless genius who can rival me. , I am willing to share everything about me with him, help each other, and enter the demonic realm together, and that person is you Ye Feng. I finally found you. Your talent makes me amazed. You are definitely qualified to be My closest companion.”

Hearing what Princess Caiyun said, Ye Feng's eyes suddenly showed a hint of surprise, as if he didn't expect Princess Caiyun to have such a high opinion of him.

However, if Princess Caiyun didn't have such a high opinion of herself, she probably wouldn't invite herself to tell such important and secret things.

Ye Feng immediately nodded at this moment and said: "If you need anything, Princess Caiyun, you can come to me at any time."

Princess Caiyun smiled and said: "Okay, as long as I have your promise."

At this time, the two of them looked at each other and smiled at each other.

This is a secret and agreement exclusive to the two of them.

Next, Princess Caiyun directly pulled Ye Feng and walked to a nearby pavilion.

At this moment, the two of them sat down on opposite sides of a tea table.

Princess Caiyun pointed at the tea on the tea table, smiled movingly, and said aloud: "Now that we have finished talking about the business, we can now have a good cup of tea. These teas are all made by me personally collecting special tea leaves from Lingshan Mountain. tea, it is said that these

Tea was drunk by the gods back then, and the seeds were left behind. "

When Ye Feng heard what Princess Caiyun said, his eyes suddenly showed a hint of surprise, and then he drank the tea in front of him in one gulp.

Buzz!

At this moment, Ye Feng immediately felt a very pure energy integrated into his body.

This energy is not only extremely pure and free of impurities, but it also contains a kind of sacred power.

At this moment, Ye Feng felt that his cultivation level was about to break through.

"boom!"

Suddenly, an extremely powerful cultivation aura broke out on Ye Feng's body.

Ye Feng's cultivation at this moment suddenly broke through. As if he had an epiphany, he rushed directly from the sixth heaven of the star realm to the seventh heaven of the star realm!

This sudden breakthrough made Ye Feng himself reveal a hint of surprise in his eyes.

Ye Feng couldn't help but look at Princess Caiyun in front of him, and said loudly: "The effect of this tea is so powerful, it actually made my cultivation breakthrough."

Princess Caiyun's beautiful eyes showed a hint of smile, then she stared at Ye Feng in front of her, and explained aloud: "For most people, after drinking this kind of tea, their power will only increase a little, and they will not achieve breakthroughs on the spot. , but Ye Feng, you directly broke through, which shows that your talent is very unparalleled, because this tea also has a name, called 'Enlightenment Tea'. After ordinary warriors drink it, if the talent is not good, it will have no effect, but if If people with extraordinary talents drink it, the effects of the Enlightenment Tea will be stimulated, and it is possible to achieve breakthroughs on the spot."

"Enlightenment tea?"

When Ye Feng heard what Princess Caiyun said, his eyes immediately lit up, and then he said, "Can you give me some of this enlightenment tea?"

Princess Caiyun smiled and shook her head, and said aloud: "It's not that I don't want to give it to you, but this kind of Enlightenment Tea is very rare. It takes a whole year to pick nine tea leaves on

Lingshan Mountain and only make two pots of tea. , If you don't mind it, you can just drink the pot of tea in front of me.”

"Okay, thank you very much."

When Ye Feng heard what Princess Caiyun said, he immediately took the cup of tea in front of Princess Caiyun into his hand without any pretense, and drank it all in one gulp.

When Princess Caiyun saw Ye Feng being so bold, she couldn't help but smile, so beautiful.

"Buzz!"

After Ye Feng drank the second cup of Enlightenment Tea, an extremely powerful aura of cultivation burst out from his body again.

His cultivation level actually broke through again!

Directly from the seventh heaven of the star realm, he continued to break through to the eighth heaven of the star realm!

Ye Feng's eyes immediately revealed a look of deep surprise, and he couldn't help but say: "The effect of this enlightenment tea is really powerful, but it's a pity that it takes a whole year to brew two cups of tea, otherwise , I guess I can drink more than a dozen cups of tea without any problem.”

Princess Caiyun immediately smiled and said: "If you drink too much, it won't be of much use. Only the first few drinks will have great effects."

When Ye Feng heard what Princess Caiyun said, he nodded slightly and said with a smile: "In any case, thank you Princess Caiyun for your two cups of Enlightenment Tea, which made my cultivation reach two levels in a row. This is considered a blessing to me." It's a big chance, because it has always been difficult for me to achieve breakthroughs in cultivation, which requires a lot of energy.”

Princess Caiyun nodded, as if she had thought of something, and suddenly said: "By the way, my father has promised you that in half a month you will enter the land of your ancestors with us, the royal heirs, to search for the ancient Inheritance and opportunity, if I need anything at that time, for

example, if I encounter problems in accepting the inheritance and need your help, please also ask Mr. Ye Feng to help me. "

"no problem."

When Ye Feng heard this, he immediately nodded and said, "Don't worry, we are now partners with a common goal. If anything happens, I will definitely do my best to help you."

When Princess Caiyun heard what Ye Feng said, she immediately laughed very happily.

For a long time, Princess Caiyun had no close friends among the royal family of the Ice and Snow Dynasty and was very lonely.

Even Princess Caiyun's ambition to enter a higher realm was ridiculed by many people for overestimating her abilities.

Because that's an ice and snow dragon

Things that the Imperial Capital cannot do.

But now, Ye Feng appears, just like one of her blue-faced confidants.

Not only does he share the same ambition with her, but he is also a handsome man who repays kindness and is very forthright.

Therefore, in Princess Caiyun's eyes, Ye Feng at this moment has simply become her most ideal partner.

Even Princess Caiyun had other thoughts in her heart, but she just showed a touching smile and did not express her inner thoughts because the time was not yet ripe.

...

After Ye Feng left Princess Caiyun's Caiyun Pavilion, he returned to his mansion and announced his retreat to practice.

But Ye Feng hasn't been in seclusion for long.

On the morning of Ye Feng's third day of retreat, the Ninth Prince hurried to the door of Ye Feng's manor, as if there was something urgent.

"Um?"

Ye Feng sensed the aura of the Ninth Prince outside the room, and walked out of the room directly. He looked at the Ninth Prince who was walking not far away, and couldn't help but asked: "You are quite surprised to see the Ninth Prince." "Hurry, anything special?"

The Ninth Prince immediately nodded and said: "I wonder if Ye Feng, you have heard about it recently. Recently, traces of the ancient dark demon clan suddenly appeared in the desolate land on the frontier of our Ice and Snow Dynasty. It is said that these The dark demons come from the legendary and terrifying advanced realm. The demon realm doesn't know how it suddenly appeared in our snowy land, but these dark demons did appear, and they are very ferocious. Many small races in the wilderness have been wiped out, and now they have even begun to pose a threat to the frontier lands of our Ice and Snow Dynasty. Occasionally, there will be some dark demons who specialize in destroying some of the guard cities on the frontiers of our Ice and Snow Dynasty. My father knows it. After this news, I was very angry and directly ordered all our princes, including other members of the royal family, to go to the border land to fight against these dark demons that suddenly appeared on the snowy land. This is also a good thing for a father to sharpen us. Opportunity, so each of our princes must wear armor and fight. This is a good opportunity to make achievements. "

When the Ninth Prince said this, there was even a trace of excitement in his eyes, and he said loudly: "This time is a good opportunity for us to become famous all over the world. Brother Ye, let's go to the border to fight together!"

Chapter 3475 Plan ahead

Seeing the excited look of the Ninth Prince, Ye Feng suddenly showed a hint of helplessness in his eyes.

This Ninth Prince brother is really a fighting maniac.

But Ye Feng actually knew very well that the reason why the Ninth Prince worked so hard was because the Ninth Prince had always been looked down upon by everyone in the entire royal family.

So with such a great opportunity this time, the Ninth Prince naturally wanted to perform well and make contributions to the entire Ice and Snow Dynasty.

In this way, he can get more achievements and be valued by his father.

At this moment, Ye Feng thought of this and immediately said with a smile: "Okay, I will follow you to fight against the Dark Demon Clan this time, just in time to see what the Dark Demon Clan from the higher realm Demon Realm has to offer. How awesome."

For Ye Feng, going to fight the dark demons together is not a dangerous thing.

Because Ye Feng's current cultivation strength is already quite strong.

Moreover, Ye Feng now works for the royal family, which is the task he should have done in the royal family.

In addition, Ye Feng knew that staying in this imperial city and palace was not an option.

Because there are not many enemies here for you to devour.

If he only cultivated by absorbing the spiritual energy of heaven and earth, Ye Feng didn't know that it would take until the Year of the Monkey to make a huge improvement in his cultivation.

Moreover, there are too many powerful people in the imperial city, and Ye Feng cannot reveal some of his secret cards, such as his devouring ability.

Therefore, Ye Feng knew that if he followed the Ninth Prince to the borderland to fight against the dark demons, then Ye Feng would be able to obtain a steady stream of energy.

Because these dark demons come from a higher realm, the blood energy contained in their bodies must be very advanced and powerful. For Ye Feng, it definitely has a huge improvement effect and is a very precious nourishment.

"Oh, right!"

At this time, the Ninth Prince seemed to suddenly think

When something happened, he immediately said: "Because all the princes and members of the royal family may have to go to the border to fight against those extremely powerful dark demons, so my father made a temporary decision to cancel the plan after half a month. The plan to enter the Land of the Ancestors has been advanced. We will now go directly to the entrance of the Land of the Ancestors to gather and enter the Land of the Ancestors to see if we can get the ancient inheritance and powerful ancient weapons of the ancestors. If we can get the things of the ancestors, It will also be of great help to us when we go to the frontier to fight against the dark demons."

When Ye Feng heard what the Ninth Prince said, his eyes suddenly lit up and he couldn't help but said, "That's great."

Originally, Ye Feng thought that if he followed the Ninth Prince to the borderland this time, he might miss the opportunity to enter the ancestral land of the Ice and Snow Dynasty royal family in half a month.

Unexpectedly, the Ice and Snow Dragon Emperor directly advanced his plan to enter the land of his ancestors this time.

It seems that the Ice and Snow Dragon Emperor is also very afraid of those dark demons. He actually allows his descendants to enter the land of their ancestors in advance to find the ancient inheritance and weapons of their ancestors. Only in this way can they be able to fight with those dark demons. Clan rivalry.

Next, Ye Feng and the Ninth Prince stopped wasting time and walked directly towards the depths of the palace.

Under the leadership of the Ninth Prince, the two quickly arrived at the deepest area of the palace.

There is a huge bronze gate here, standing between heaven and earth, looking very majestic and magnificent.

On both sides of the bronze gate, there are two huge totem poles, with two giant dragons hovering above them, both exuding a terrifying aura.

The Ninth Prince immediately spoke out: "These two giant dragons are long-standing veterans of our Ice and Snow Royal Family, and they are here to protect the land of our ancestors."

When Ye Feng heard what the Ninth Prince said, he immediately nodded slightly.

, there was also a hint of wonder in his eyes.

The power base of the Ice and Snow Royal Family is indeed much deeper than I imagined.

While Ye Feng and the Ninth Prince were talking, several figures were flying over not far away.

These figures have extraordinary temperament, and they are naturally the pure-blooded heirs of the Ice and Snow Royal Family.

The eldest prince, second prince, third prince, fourth princess, fifth prince, etc. are all among them.

Uh-huh!

At this time, suddenly a very beautiful figure flew to where Ye Feng and the Ninth Prince were standing, and then stood next to Ye Feng.

When the Ninth Prince saw this figure, his eyes were suddenly shocked. He couldn't help but clasped his fists and said, "It turns out to be Princess Caiyun."

Ye Feng looked at the beautiful lady appearing next to him, just smiled slightly, and said loudly: "Princess Caiyun, I didn't expect that you would stand with us as soon as you arrived. Aren't you afraid that other princes will gossip?"

Upon hearing this, Princess Caiyun showed a slight smile on her beautiful face, stared at Ye Feng beside her, and said loudly: "I don't care about other people's opinions at all, because you are the only one who understands me. Of course I want to be with you." You stand together, we have

agreed before, if you encounter any difficulties when entering the land of ancestors, you have to help me. "

Hearing what Princess Caiyun said, the Ninth Prince, who was standing on the other side of Ye Feng, immediately widened his eyes.

Then he looked at Ye Feng again, opened his mouth, and wanted to say something, but he didn't say anything. He seemed to be shocked.

Because Princess Caiyun was an extremely powerful princess in the eyes of the Ninth Prince or other princes.

But I didn't expect that in front of Ye Feng, he would act so girlish, which was extremely shocking.

Swish, swish, swish!

At this moment, many other princes and princesses around looked over.

"Hmm? Princess Caiyun and the Ninth Prince are so close?"

r\u003e

At this moment, many princes and princesses saw the scene not far away, and they couldn't help showing a trace of surprise in their eyes.

The two most powerful princes, the eldest prince and the third prince, had a hint of surprise in their eyes at this moment. It seemed that they did not expect that Princess Caiyun would have such a good relationship with the ninth prince. , directly standing with the Ninth Prince, the weakest prince.

"wrong!"

But suddenly at this moment, the eldest prince seemed to see something and couldn't help but said: "Princess Caiyun is not close to Lao Jiu, but to Ye Feng beside him."

Hearing what the eldest prince said, the other princes and princesses around him couldn't help showing deep surprise in their eyes.

Because Ye Feng was still an unknown person before the royal competition.

Unexpectedly, Princess Caiyun's relationship with Ye Feng would be so good in such a short period of time?

The third prince couldn't help but say at this time: "Isn't Lao Jiu afraid that Princess Caiyun will take away Ye Feng, the peerless genius, from him?"

Buzz!

And just as the princes were discussing, suddenly the bronze door in front of them began to shake.

Many of the descendants of the Ice and Snow Royal Family were all focusing their attention in the direction of the bronze door at this moment.

The eyes of each prince showed deep excitement and excitement.

Even the two most powerful princes, the eldest prince and the third prince, were no exception, with deep expectations on their faces.

Because they know that the land of ancestors is the most magical place among the royal family of the Ice and Snow Dynasty.

Among them are the fortunes left by generations of ancestors of the Ice and Snow Dynasty for hundreds of thousands of years. If you are lucky, entering the land of the ancestors, just a few days will be enough for them to completely transform, and they will be worthy of their normal possibility. Decades of hard work!

Chapter 3476 Ancient Palace Group

At this time, as the bronze door opened, all the royal heirs present showed deep excitement in their eyes, and they quickly walked towards the bronze door.

At this time, the Ninth Prince also spoke out: "Brother Ye, let's enter it together."

Ye Feng nodded, and Princess Caiyun followed Ye Feng and walked quickly towards the ancestral land.

When everyone crossed the bronze gate, they immediately saw a very magnificent world.

Behind this bronze gate is like a small world, very vast, and the earth is very broad.

However, the entire sky was dim and seemed to give people a depressing feeling.

Moreover, everyone also saw that there were almost no buildings on the entire land, only lonely graves on the ground, which looked a bit scary.

At this time, everyone spread out and flew around.

Obviously, the princes and princesses do not want to look for ancient inheritance and opportunities together, lest they kill each other.

After all, this time they came to this ancestral land mainly to improve their talents and strength, not to fight.

At this time, the Ninth Prince hesitated and couldn't help but ask: "Brother Ye, where should we go now? Do you have any ideas?"

Princess Caiyun did not speak at this time, she just stood beside Ye Feng, looking at Ye Feng, and seemed to be waiting for Ye Feng's decision.

Because Princess Caiyun knew that Ye Feng must have his own judgment.

Ye Feng said aloud at this time: "Let me sense it."

Buzz!

At this moment, Ye Feng directly released his extremely powerful soul power and quickly covered the surroundings, just like a radar scanner.

At this moment, Ye Feng sensed a rather powerful energy in the southwest direction.

Quantity fluctuations.

Ye Feng immediately said: "We are heading southwest to search."

"good."

The Ninth Prince and Princess Caiyun beside him didn't hesitate at all, they just nodded without questioning Ye Feng's decision.

Because they knew that in addition to being powerful in martial arts, Ye Feng was also a very mysterious soul master. Naturally, he had his own way to find this very precious inheritance place in the land of his ancestors.

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng and his party flew quickly towards the southwest.

Along the way, they saw many deserted tombs standing on the ground.

But these are ordinary tombs, not created by chance.

Soon, as the group of people hurried on, they came to a very deep place in the southwest.

Suddenly, the Ninth Prince seemed to see something at this time, and couldn't help but exclaimed: "You can't look far away! There is a huge black iron sword there!"

Ye Feng and Princess Caiyun immediately looked quickly in the direction the Ninth Prince said.

Sure enough, they immediately saw a huge black iron sword stuck on the ground in the distance.

This black iron sword is very majestic. It is several thousand meters high. It is inserted into the earth and stretches across the sky. It looks very vast and majestic.

Ye Feng said aloud: "It seems that the fluctuation I sensed before was the fluctuation of this black iron sword."

Uh-huh!

At this time, after Ye Feng finished speaking, he flew directly to the high altitude and flew to the big black iron weapon.

The hilt of the sword stood up.

Buzz!

Ye Feng stretched out his hand and touched the black iron sword.

But the next moment, Ye Feng frowned because he did not sense any special energy fluctuations from this black iron sword.

At this moment, Ye Feng showed a trace of doubt in his eyes and couldn't help but said: "This black iron sword will never be inserted here so easily. There must be something special around it." "

"Let's look for it."

At this time, the Ninth Prince and Princess Caiyun spread out and began to look for possible opportunities around this black iron sword.

At this time, Ye Feng inspired the power of the soul gem in his mind, increased the strength of his soul power, and prepared to carefully explore the surroundings.

But half an hour later, neither Ye Feng nor the Ninth Prince and Princess Caiyun who were searching underneath found anything.

There was a trace of disappointment in the eyes of the three people.

Have they come to the wrong place?

At this time, Emperor Chu suddenly spoke in Ye Feng's mind: "Ye Feng, try to input your mana into that black iron sword. This black iron sword doesn't look like It's a weapon, but a special 'key' that might open something special."

"Special key?"

Hearing what Emperor Chu said, Ye Feng immediately nodded and was ready to give it a try.

Buzz!

At this moment, Ye Feng flew to the black iron sword again, then stretched out his hand and pressed it on the hilt of the sword, and began to input his own magic power.

But the next moment, after Ye Feng input his magic power, he found that the entire black iron sword was motionless.

This makes Ye Feng

There was doubt in his eyes.

It seems that Emperor Chu guessed wrong.

"If inputting mana doesn't work, try inputting your soul power." Emperor Chu said in his mind again.

"good."

Hearing what Emperor Chu said, Ye Feng nodded and began to stop inputting mana. Instead, he exuded his soul power and integrated it into the black iron sword.

boom!

Almost the moment Ye Feng input his soul power into the black iron sword, the entire black iron sword began to vibrate rapidly, and emitted a divine light.

"what's the situation?"

The sudden movement caused surprise in the eyes of the surrounding Ninth Prince and Princess Caiyun, and they all looked over.

Boom!

At this moment, where the black iron sword was inserted into the ground, a huge gap in the ground suddenly opened.

"That is....."

Three people saw it.

Under the cracks in the ground, there is a group of extremely splendid ancient palaces, which look vast and majestic.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes.

Sure enough, Emperor Chu guessed it right. This black iron sword is the "key" to unlock this underground ancient palace complex!

Uh-huh!

At this time, Ye Feng suddenly jumped down from the sky.

The Ninth Prince and Princess Caiyun also flew over from nearby and stood on both sides of Ye Feng.

At this time, the Ninth Prince's eyes showed a look of deep surprise. He stared at the ancient palaces under the cracks in the ground and couldn't help but said: "Brother Ye, you are really amazing. I am really impressed by you." Accurately found an ancient palace complex left by an ancient ancestor!"

Chapter 3477 Clay Figurines

At this moment, Ye Feng, the Ninth Prince and Princess Caiyun did not hesitate and flew directly to the ancient palaces under the cracks in the earth.

The moment they flew into this group of ancient palaces, they immediately sensed a very ancient aura that spread throughout the underground, making people feel as if they had arrived in ancient times.

At this time, Ye Feng seemed to sense something and couldn't help but said: "Everyone, be careful. I feel a very sinister aura from here."

Princess Caiyun nodded at this time and said aloud: "I also have a palpitation-like feeling, as if there is still a living emperor in this entire ancient underground palace."

Buzz!

At this time, Princess Caiyun said that a faint colorful light emitted from her body, which had inexplicable power.

The Ninth Prince, who was the weakest in cultivation, became wary as he walked behind Ye Feng and Princess Caiyun.

At this time, suddenly the surrounding ground began to shake.

"Rumble..."

The next moment, a large number of clay figurines rushed out of every palace around them.

Just like the Terracotta Warriors and Horses, it looks very weird.

These clay figurines exude a terrifying murderous aura.

Moreover, every clay figurine still holds an ancient weapon in its hand, and some of the weapons even have some blood stains on them, as if they have just returned from a battle, which is very scary.

These ancient clay figurines are beautifully cast and carved.

Every clay figurine is covered with very ancient and heavy armor. Some of the clay figurines are even wearing large crimson cloaks. The costumes are all different, and each of them is dressed up. Like a real soldier, he has extraordinary momentum.

It can be seen that the casters at that time

, it must have taken a lot of thought.

At this moment, every clay figurine, with eyes glowing scarlet, walked out of the palaces, and immediately stared at Ye Feng and the three people who entered this ancient underground palace complex.

"It's an ancient soldier figurine. It may have been cast by an old emperor of our Ice and Snow Dynasty who spent his last time here. I didn't expect it to have spiritual intelligence now."

Princess Caiyun was well-informed and said at this moment: "They haven't taken the initiative to attack us yet. Maybe they know that we are the blood heirs of the Ice and Snow Dynasty."

Ye Feng's eyes moved slightly, then he looked at the Ninth Prince beside him, and suddenly said: "Ninth Prince, this is an opportunity for you."

"A chance for me? What chance?"

The Ninth Prince was a little confused by Ye Feng's words.

Ye Feng smiled and said: "We are going to the frontier soon to fight against the dark demons from the Demon Realm. And the Ninth Prince, you don't have many soldiers under your command. These are some old emperors from the Ice and Snow Dynasty. Each of the forged soldier figurines must be very powerful in combat, and now they have also formed spiritual intelligence. They should recognize you as the bloodline heirs of the Ice and Snow Dynasty. If you, the Ninth Prince, can surrender these soldier figurines, what will happen to us next? In the borderland, it will be of great help to fight against those dark demons, which is equivalent to having an invincible tiger and wolf warrior for you, the Ninth Prince, who is not afraid of death."

Hearing what Ye Feng said, the Ninth Prince's eyes suddenly lit up, and he couldn't help but said, "Can I really surrender these soldier figurines?"

Ye Feng smiled and said: "It should be no problem. These soldier figurines came out of the palace and did not attack us.

, indicating that they have subconscious recognition of the pure blood descendants of the Ice and Snow Dynasty. "

When the Ninth Prince heard what Ye Feng said, he immediately nodded.

But at this time, the Ninth Prince seemed to have thought of something. He suddenly looked at Princess Caiyun beside him, with a questioning look in his eyes. He obviously thought that Princess Caiyun also wanted these soldier figurines.

Princess Caiyun seemed to understand what the Ninth Prince meant, and she immediately smiled and said: "Ye Feng and I don't care about these things at all. What we care about is the enhancement of our own strength. These soldier figurines, if you can Surrender, just take it. If there are any other opportunities, Ye Feng and I will divide it up."

"good!"

When the Ninth Prince heard what Princess Caiyun said, he immediately felt relieved.

Uh-huh!

At this moment, the Ninth Prince was alone, walking forward.

Soon, the Ninth Prince walked in front of a large group of clay figurines.

The Ninth Prince took a deep breath, and then said slowly: "I am a descendant of the Ice and Snow Dynasty, and now I am the Ninth Prince of the Royal Family. This time I came here to be inspired by the ancestors who cast the figurines of soldiers like you. The summons, so I came here to take you out and continue to conquer the world for my Ice and Snow Dynasty. "

Seeing the Ninth Prince talking in the distance, Ye Feng and Princess Caiyun standing not far behind both had a slight smile in their eyes.

"We are willing to be loyal to the blood descendants of our ancestors."

At this time, a large group of soldier figurines not far away knelt down on one knee after sensing the pure blood aura of the Ice and Snow Royal Family on the Ninth Prince.

Seeing this scene, the Ninth Prince immediately couldn't help but said with surprise: "Okay! Then you can enter me first."

Stay in your storage rings, and when you go to the borderland next, I will lead you to fight against those hateful dark demons! "

Uh-huh!

At this time, the Ninth Prince waved his hand and put all the thousands of soldier figurines in front of him into his storage ring.

Next, the Ninth Prince's face was full of excitement. He returned to Ye Feng and Princess Caiyun and said loudly: "I really got a tiger and wolf army. It's great. It solves my urgent need." !
Originally, I was still worried about going to the borderland to fight against those dark demons without many teams and soldiers, but now these warrior figurines who are not afraid of death will be my greatest help in the war. "

Ye Feng nodded slightly, then said with a smile: "Let's continue to delve deeper into this ancient underground palace complex. Since this is a place where such a powerful old man of the royal family stayed, there must be extremely precious opportunities and good fortunes inside. "

When Princess Caiyun heard what Ye Feng said, a trace of anticipation appeared in her beautiful eyes.

Next, the three of them continued to move forward, heading towards the deep area of this underground ancient palace complex.

Soon they reached the end, and immediately saw an endless silver river running across in front of them.

And right in the middle of this very strange silver river, there was actually a huge golden coffin floating.

And on top of this golden coffin, there was a tall skeleton sitting cross-legged, which looked quite strange.

Buzz!

At this time, when Ye Feng and the others arrived, the skeleton sitting cross-legged on the golden coffin actually raised its head slightly.

In those hollow skull eyes, two golden divine fires actually appeared, and they stared at Ye Feng and the three people who came here for an instant!

Chapter 3478 Gravity Field

This huge skeleton looks very weird, and there are two golden fires coming out of the empty skull eyes, which makes it feel both sacred and terrifying.

At this moment, the tall skeleton suddenly said: "You are here to find the inherited treasure left by me, right?"

Hearing this tall skeleton speak, Ye Feng and others looked at each other, and then their eyes showed surprise.

Unexpectedly, such a strange and terrifying tall skeleton would appear in the deepest area of this ancient palace complex.

At this time, Ye Feng took a step forward, then clasped his fists and said loudly: "Senior, we are really here to find the good fortune left by our ancestors."

The tall skeleton stood up from the golden coffin at this time, and then said aloud: "Whoever wants my inheritance should come directly to me. After passing my test, Jiu can get the peerless inheritance left by me."

Hearing what the tall skeleton said, Ye Feng, the Ninth Prince and Princess Caiyun next to him looked at each other.

Then the three of them spoke up and said, "We are all willing to accept the test."

Uh-huh! Uh-huh! Uh-huh!

After saying that, Ye Feng, the Ninth Prince and Princess Caiyun all flew forward.

Buzz!

But just when they flew to the silver river area, a terrifying and huge gravity was suddenly exerted on Ye Feng and the others.

"boom!"

Suddenly, all three of them felt a terrifying pressure being exerted on them.

Buzz!

This terrifying pressure suddenly caused the Ninth Prince's expression to change, and his whole body suddenly fell hard, falling directly into the silver river with a "plop".

Princess Caiyun also trembled, but the next moment a colorful light emitted from her body, stabilizing her figure.

At this time, the most stable person is naturally Ye Feng.

Ye Feng also felt this huge pressure for a moment, but Ye Feng's body was the Hongmeng Immortal Body, and his physique was very strong, and he withstood the terrifying pressure in an instant.

At this time, Ye Feng's eyes showed a trace of surprise. There seemed to be a natural gravity field in this entire silver river area.

"About twelve times gravity."

Ye Feng couldn't help but murmured at this time.

Ye Feng looked in a certain direction not far away. The Ninth Prince fell directly into the silver river.

Ye Feng couldn't help but smiled bitterly and shook his head.

The Ninth Prince's martial arts talent is indeed not that good.

But Ye Feng also knew that what the Ninth Prince was pursuing was not some super powerful power, but the throne of the emperor of the entire Ice and Snow Dynasty.

As long as he can ascend the throne of the emperor, he will be blessed by all the luck of the entire Ice and Snow Dynasty.

Even if his martial arts talent is not very good, the Ninth Prince will become a top powerhouse by then.

Of course, this so-called top powerhouse is the top powerhouse in the snowy region, and in the future, the upper limit may be so much, and there will be no infinite possibilities.

However, everyone has his own ambitions.

Ye Feng and Princess Caiyun are pursuing more powerful martial arts power.

And what the Ninth Prince pursues is the position of emperor in this interface where he is.

Everyone has different ideals and ambitions. Ye Feng didn't think the Ninth Prince's pursuit was bad. As long as a person has pursuits and ideals, he is noble.

At this time, the Ninth Prince, who fell into the silver river, couldn't help but smile bitterly.

He looked at Ye Feng and Princess Caiyun in the sky, and said loudly: "I should be considered eliminated. You two can move on. I will swim back to the shore to wait for you."

Ye Feng nodded slightly, then looked at Princess Caiyun beside him and said, "Let's move on."

"good."

Princess Caiyun also nodded, and Ye Feng continued to fly quickly towards the tall skeleton on the golden coffin in the middle area of the silver river.

However, just as they were flying forward, increasingly terrifying gravity and pressure were exerted on them.

At this time, Princess Caiyun's eyes suddenly changed slightly, and she couldn't help but said: "The closer we get to the position of the tall skeleton, the more terrifying the gravity on our bodies becomes. It seems that this senior's test is really terrifying. Ah, it's already so difficult before we even get close to him."

Ye Feng nodded and said, "Princess Caiyun, from now on I will go all out."

Princess Caiyun knew that Ye Feng's physique was very strong, so she immediately said: "Okay, you go ahead and rush with all your strength, I will advance slowly from behind."

boom!

Ye Feng didn't hesitate at this moment and directly unleashed his most powerful physical strength.

A terrifying brute force surged out of Ye Feng's limbs in an instant.

The next moment, Ye Feng's whole body was like a cannonball, impacting directly forward.

Those so-called gravity fields have no effect on Ye Feng at all.

Ye Feng seemed to have entered an uninhabited land. He moved forward quickly and soon rushed to the middle area of the silver river and arrived in front of the tall skeleton.

At this moment, the tall skeleton seemed very surprised that Ye Feng actually had such a strong physique.

His two eyes burning with golden divine fire stared at Ye Feng in front of him, and he couldn't help but said: "I didn't expect that you are not the dragon bloodline of the Ice and Snow Dynasty, but just a human boy, and you have such terrifying I have never seen a human being as powerful as you. Your physique seems to be very special. Even I can't tell what your physique is, but it gives me a very noble feeling. "

Hearing what the tall skeleton said, Ye Feng suddenly showed a smile in his eyes, and then said loudly: "Senior, you are overly praised, I am just an ordinary human boy."

"You don't have to be too modest."

Hearing what Ye Feng said, the tall skeleton immediately spoke out: "Being able to come in front of me so easily in the increasingly terrifying gravity field I have set up means that your physique has reached a certain level. A very terrifying level, but this gravity field is just a small initial test, and the next step is the main event. If you can withstand my next test, then I will pass on the peerless creation I created back then. I teach you that if you can get this peerless inheritance from me and practice it to the extreme, you basically don't have to be afraid of any other so-called powerful inheritance on the snowy land. My peerless inheritance will definitely It's the best. "This huge skeleton looks very weird, and there are two golden fires coming out of the empty skull eyes, which makes it feel both sacred and terrifying.

At this moment, the tall skeleton suddenly said: "You are here to find the inherited treasure left by me, right?"

Hearing this tall skeleton speak, Ye Feng and others looked at each other, and then their eyes showed surprise.

Unexpectedly, such a strange and terrifying tall skeleton would appear in the deepest area of this ancient palace complex.

Hearing what the tall skeleton said, Ye Feng, the Ninth Prince and Princess Caiyun next to him looked at each other. ??

Then the three of them spoke up and said, "We are all willing to accept the test."

Uh-huh! Uh-huh! Uh-huh!

After saying that, Ye Feng, the Ninth Prince and Princess Caiyun all flew forward.

Buzz!

But just when they flew to the silver river area, a terrifying and huge gravity was suddenly exerted on Ye Feng and the others.

"boom!"

Suddenly, all three of them felt a terrifying pressure being exerted on them.

Buzz!

This terrifying pressure suddenly caused the Ninth Prince's expression to change, and his whole body suddenly fell hard, falling directly into the silver river with a "plop".

Princess Caiyun also trembled, but the next moment a colorful light emitted from her body, stabilizing her figure.

At this time, the most stable person is naturally Ye Feng.

Ye Feng also felt this huge pressure for a moment, but Ye Feng's body was the Hongmeng Immortal Body, and his physique was very strong, and he withstood the terrifying pressure in an instant.

At this time, Ye Feng's eyes showed a trace of surprise. There seemed to be a natural gravity field in this entire silver river area.

"About twelve times gravity."

Ye Feng couldn't help but murmured at this time.

Ye Feng looked in a certain direction not far away. The Ninth Prince fell directly into the silver river.

Ye Feng couldn't help but smiled bitterly and shook his head.

The Ninth Prince's martial arts talent is indeed not that good.

But Ye Feng also knew that what the Ninth Prince was pursuing was not some super powerful power, but the throne of the emperor of the entire Ice and Snow Dynasty.

As long as he can ascend the throne of the emperor, he will be blessed by all the luck of the entire Ice and Snow Dynasty.

Even if his martial arts talent is not very good, the Ninth Prince will become a top powerhouse by then.

Of course, this so-called top powerhouse is the top powerhouse in the snowy region, and in the future, the upper limit may be this much, and there will be no infinite possibilities.

However, everyone has his own ambitions.

Ye Feng and Princess Caiyun are pursuing more powerful martial arts power.

And what the Ninth Prince pursues is the emperor's position in this interface where he is.

Everyone has different ideals and ambitions. Ye Feng didn't think the Ninth Prince's pursuit was bad. As long as a person has pursuits and ideals, he is noble.

At this time, the Ninth Prince, who fell into the silver river, couldn't help but smile bitterly.

He looked at Ye Feng and Princess Caiyun high in the sky, and said loudly: "I should be considered eliminated. You two can move on. I will swim back to the shore to wait for you."

Ye Feng nodded slightly, then looked at Princess Caiyun beside him and said, "Let's move on."

"good."

Princess Caiyun also nodded, and Ye Feng continued to fly quickly towards the tall skeleton on the golden coffin in the middle area of the silver river.

However, just as they were flying forward, increasingly terrifying gravity and pressure were exerted on them.

At this time, Princess Caiyun's eyes suddenly changed slightly, and she couldn't help but said: "The closer we get to the position of the tall skeleton, the more terrifying the gravity on our bodies becomes. It seems that this senior's test is really terrifying. Ah, it's already so difficult before we even get close to him."

Ye Feng nodded and said, "Princess Caiyun, from now on I will go all out."

Princess Caiyun knew that Ye Feng's physique was very strong, so she immediately said: "Okay, you go ahead and rush with all your strength, I will advance slowly from behind."

boom!

Ye Feng didn't hesitate at this moment and directly unleashed his most powerful physical strength.

A terrifying brute force surged out of Ye Feng's limbs in an instant.

The next moment, Ye Feng's whole body was like a cannonball, impacting directly forward.

Those so-called gravity fields have no effect on Ye Feng at all.

Ye Feng seemed to have entered an uninhabited land. He moved forward quickly and soon rushed to the middle area of the silver river and arrived in front of the tall skeleton.

At this moment, the tall skeleton seemed very surprised that Ye Feng actually had such a strong physique.

His two eyes burning with golden divine fire stared at Ye Feng in front of him, and he couldn't help but said: "I didn't expect that you are not the dragon bloodline of the Ice and Snow Dynasty, but just a human boy, and you have such terrifying I have never seen a human being as powerful as you. Your physique seems to be very special. Even I can't tell what your physique is, but it gives me a very noble feeling. "

Hearing what the tall skeleton said, Ye Feng suddenly showed a smile in his eyes, and then said loudly: "Senior, you are overly praised, I am just an ordinary human boy."

"You don't have to be too modest."

Hearing what Ye Feng said, the tall skeleton immediately spoke out: "Being able to come in front of me so easily in the increasingly terrifying gravity field I have set up means that your physique has reached a certain level. A very terrifying level, but this gravity field is just a small initial test, and the next step is the main event. If you can withstand my next test, then I will pass on the peerless creation I created back then. I teach you that if you can get this peerless inheritance from me and

practice it to the extreme, you basically don't have to be afraid of any other so-called powerful inheritance on the snowy land. My peerless inheritance will definitely be its top notch."

Chapter 3479 Successfully obtained

At this time, after the tall skeleton finished speaking, he stretched out a skeleton palm and pressed it on Ye Feng's Tianling Cap.

"boom!"

A terrifying and boundless pressure suddenly came out of the skeleton's palm, making Ye Feng feel as if he had entered the realm of infinite gravity.

The gravity Ye Feng experienced at this moment was simply many times more terrifying than the gravity he experienced before on the silver river.

Click, click, click!

At this moment, Ye Feng even felt that his bones were about to be shattered by the suppression.

"boom!!!"

At this moment, Ye Feng immediately frantically stimulated the power of his Hongmeng Immortal Body.

At this moment, Ye Feng's limbs and bones seemed to be filled with terrifying power, resisting the terrible pressure.

Buzz!

Even the next moment, Ye Feng inspired the second level talent of his Hongmeng Immortal Body, the Hongmeng True Body!

Ye Feng's whole body suddenly began to expand rapidly, and then became extremely majestic, turning into a purple giant.

After Ye Feng turned into a purple giant, he finally felt that the pressure on himself was reduced a lot.

But at this moment, the tall skeleton in front of him suddenly exclaimed: "This is... the legendary Hongmeng Qi!"

After saying that, the tall skeleton retracted his hand.

The two eyes burning with golden divine fire stared at Ye Feng, seeming very surprised.

The next moment, Ye Feng opened his eyes, a little confused, and couldn't help but ask: "Senior, what's wrong? Continue to test me."

The tall skeleton was silent for a moment, then nodded slightly and said loudly: "You have passed the test."

Ye Feng was stunned for a moment and couldn't help but ask: "Is it that simple?"

"Um."

The tall skeleton did not explain anything, but said: "My inheritance is given directly to you. My inheritance is called 'Ancient True Dragon Art'. Once you practice it to the extreme, you can transform your whole person into an ancient true dragon, full of ancient magic." The power of the true dragon of the era is very terrifying. However, if you want to practice this inheritance to the extreme, you cannot rely on comprehension alone. You must constantly absorb the true dragon's energy. This true dragon's energy is only available to the royal family of the Ice and Snow Dynasty. Yes, so you need to figure it out yourself."

Buzz!

After finishing speaking, the tall skeleton stretched out a bony finger and touched Ye Feng's eyebrows directly.

Boom!

A terrifying secret of inheritance was immediately injected into Ye Feng's mind.

At this moment, a set of extremely powerful inheritance secrets suddenly appeared in Ye Feng's mind.

At this moment, the tall skeleton suddenly stretched out his hand and directly took Princess Caiyun, who was still struggling to advance not far away, in front of him.

The tall skeleton looked at Princess Caiyun and said loudly: "Your talent is also very good. You should be an orthodox blood heir of our Ice and Snow Royal Family, so I will also give you a copy of this set of ancient true dragon techniques."

After saying that, the tall skeleton also put a finger on Princess Caiyun's eyebrows, and taught Princess Caiyun the secret of the inheritance of the ancient True Dragon Art. "

After both of them received this set of inheritance, they immediately clasped their fists and said, "Thank you, senior."

The tall skeleton nodded slightly, then looked at Ye Feng and said loudly: "After all, you are not a bloodline heir of our Ice and Snow Dynasty, so it must be much more difficult for you to practice this set of ancient true dragon techniques than this girl next to you. , but I will help you."

Buzz!

After saying that, the tall skeleton reached out and grabbed a dragon-shaped jade pendant from the darkness not far away, and handed it to Ye Feng.

The tall skeleton said aloud: "This jade pendant is called the Emperor Dragon Jade Pendant. It contains a lot of true dragon energy, as well as some insights from when I created this set of inheritance. It should be able to satisfy your early practice of my ancient true dragon. Goodbye."

Ye Feng took over the Emperor Dragon Jade Pendant at this moment, with deep joy in his eyes.

At this time, Ye Feng was also a little strange, why did this tall skeleton know that he was not a descendant of the Ice and Snow Dynasty, but he seemed to treat him better than a descendant of the royal family.

It's really strange.

While Ye Feng was thinking secretly in his heart, the tall skeleton said loudly: "Everything you want has been obtained. You can leave here. I will wander in this underground river again." "

Buzz!

After finishing speaking, the tall skeleton waved his hand slightly, and a terrifying and boundless power of heaven and earth immediately enveloped Ye Feng and Princess Caiyun in front of them.

The next moment the space changed, the two found that they had left the ancient underground palace complex and returned to the ground outside.

And the Ninth Prince also appeared beside them.

Ye Feng had a look of surprise in his eyes at this time.

Although this tall skeleton seems to have fallen, his power is very terrifying.

At that moment, Ye Feng didn't even have any resistance, and was sent outside by the tall skeleton.

This ability to shift bodies and positions, as if switching between heaven and earth, is really terrifying. I don't know when I will be able to practice to this level.

If this tall skeleton goes out, it is estimated that it will definitely be comparable to the top group of existences in the entire snowy land.

At this time, Ye Feng once again realized that the strength of the Ice and Snow Dynasty was really terrifying.

Even if all the surface forces of the Ice and Snow Dynasty were killed, in the Land of the Ancestors, there would still be a group of powerful beings hidden in the dark after the death of the royal ancestors.

At this time, the Ninth Prince looked at Ye Feng and Princess Caiyun beside him, and asked quickly: "Did you gain anything in it?"

Ye Feng smiled and said, "Princess Caiyun and I have successfully obtained the inheritance from this royal senior."

When the Ninth Prince heard this, he immediately said excitedly: "That's great! I also got so many soldiers and figurines! This time we really gained a lot!"

Boom!

And just as the three of them were talking, a huge roar suddenly came from a certain direction not far away.

"Huh? There seems to be a very terrifying battle wave in that direction."

Princess Caiyun immediately looked in the direction of the roaring sound.

The Ninth Prince's eyes lit up and he quickly said: "Let's go over and take a look. Maybe the other princes have found some earth-shattering inheritance treasure, otherwise there would be no such big movement." At this time, the tall skeleton After saying that, he stretched out a skeleton palm and pressed it on Ye Feng's Tianling Cap.

"boom!"

A terrifying and boundless pressure suddenly came out of the skeleton's palm, making Ye Feng feel as if he had entered the realm of infinite gravity.

Chapter 3480 Old Enemy

Swish, swish, swish!

At this time, Ye Feng and his group flew directly towards the direction of the huge roar.

For the three of them, what they are most interested in now is the various inheritances and opportunities in this place passed down by their ancestors.

At this time, Ye Feng didn't even have time to practice, he just rushed in that direction with the Ninth Prince and Princess Caiyun.

Because, in this ancestral land where opportunities are everywhere, if you miss a good opportunity, you may lose a huge opportunity.

The three of them had extraordinary cultivation and were very fast. Even Ye Feng used the displacement ability of the space gem, covering Princess Caiyun and the Ninth Prince next to him in the energy light waves of his own space gem.

So in less than half an hour, the three of them had arrived at the location where the roaring sound was heard.

The next moment, they immediately saw that in the direction of the roar, there was a huge golden palace, which looked very majestic and spectacular.

At this moment, there were actually many princes and princesses around, all gathered here.

In this golden palace, a very terrifying dragon clan covered with black scales unexpectedly rushed out, spraying flames full of lava smell towards the surroundings.

Many princes and princesses around them have released powerful powers and are fighting these dragons covered with black scales.

"This is the hell dragon clan."

Suddenly at this moment, Princess Caiyun beside Ye Feng spoke up, with a hint of surprise in her eyes, and couldn't help but continue: "Back then, the biggest opponent of our Ice and Snow Dragon Clan was the Hell Demon Dragon Clan. But in the end, many peerless powers emerged from our Ice and Snow Dragon Clan, and we killed many of the top experts from the Hell Demon Dragon Clan, which laid the foundation for our Ice and Snow Dragon Clan to command the entire snowy land. Unexpectedly, in our Ice and Snow Dragon Clan, In the land of ancestors, there is still an ancient and terrifying race like the Hell Dragon."

When the Ninth Prince heard what Princess Caiyun said, he was immediately shocked and couldn't help but said: "When I was very young, I seemed to have heard about this matter. The place of ancestors of our royal family is not only It is where some powerful seniors of our Ice and Snow Dragon Clan are buried. It is said that the Land of the Ancestors was the ancient battlefield where our Ice and Snow Dragon Clan and various other Dragon Clan had their final duel, so it is not surprising that the Hell Demon Dragon Clan appears here, but this situation is indeed very unusual. It is rare, because this ancestral land has been cleaned up by the strong men of our Ice and Snow Dragon Clan. Unexpectedly, the Hell Demon Dragon Clan appears here again. It seems that the strong men of our Ice and Snow Dragon Clan did not After cleaning it thoroughly, there are still some remnants of other dragon clans left."

When Ye Feng heard the two people beside him say this, he immediately nodded and said: "Then let's go down and help together. Since the Hell Demon Dragon Clan is the old enemy of the Ice and Snow Royal Family, we should indeed join forces now. Together, we will destroy all this hellish dragon clan."

Hearing what Ye Feng said, Princess Caiyun and the Ninth Prince nodded in agreement.

In the face of the common enemy of their royal family, no matter whether these princes or princesses want to compete for power, at this time they should unite to deal with the outside world.

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng, the Ninth Prince and Princess Caiyun all jumped from where they were and headed towards the bottom.

The area outside the golden palace flew past quickly.

When the Ninth Prince, Ye Feng and others came over, the other princes and princesses showed a hint of joy in their eyes.

Although the Ninth Prince himself is not very powerful, they all know that Ye Feng and Princess Caiyun beside him are very powerful.

At this time, the most stable eldest prince immediately looked in the direction of Ye Feng and Princess Caiyun, and said loudly: "Now we are facing a common enemy, the Hell Demon Dragon Clan. We also ask two masters to help us kill these people." Hell Demon Dragon, we must clear them all out, otherwise there will be endless troubles."

At this moment, the Ninth Prince was quite unhappy when he heard that the eldest prince did not mention him.

But at this critical moment, he didn't say much, but directly joined the battle with Ye Feng and Princess Caiyun.

"The True God Picture of the Eternal Thunder Dragon!"

Ye Feng didn't hesitate at this time. He was very fierce. As soon as he came up, he immediately released his extremely powerful inheritance and charged forward.

Boom! !

I saw that Ye Feng's body suddenly burst out with endless thunder power, and then powerful thunder dragons condensed around Ye Feng, as well as those hell dragons that rushed out of the golden palace. When they collided together, there was a huge roar.

Ye Feng's Thunder Dragon is full of unparalleled destructive power, and it seems to have a natural suppression against this dark-attributed hell dragon.

So at this time, the thousands of thunder dragons around Ye Feng directly killed many hell dragons on the field in an instant, and the lethality was very terrifying.

It can be said that the power released by Ye Feng alone instantly relieved the pressure on all the other princes and princesses around him.

Seeing this scene, many other princes and princesses couldn't help showing deep horror in their eyes.

This number one in the royal competition is indeed very terrifying. He is a peerless genius, and his fighting ability is terrifying.

The reason why Ye Feng worked so hard at this time was naturally not only to contribute to the Ice and Snow Royal Family, but mainly because Ye Feng wanted to devour the blood and energy of these hell dragons.

You know, Ye Feng basically didn't encounter any enemies in the Ice and Snow Dragon Clan's palace during this period, so he didn't have any powerful blood energy to devour, which made Ye Feng almost exhausted. The rhythm of his cultivation breakthrough All are much slower.

But now, having met so many hell demon dragons with very advanced lives, Ye Feng naturally couldn't bear it anymore.

At this moment, Ye Feng unleashed all his powerful power and killed all the hell dragons around him.

boom!

Then Ye Feng released his devouring domain, quickly devouring the majestic blood energy of the hell dragons he killed.

At this moment, Ye Feng suddenly felt that his skill had been greatly improved.

These hell dragons were a powerful race that could compete with the entire ice and snow dragon clan, so the energy contained in their bodies was naturally very powerful and majestic.

Buzz!

In an instant, Ye Feng's aura began to rise steadily, and he was about to start a rapid breakthrough. Swish, swish, swish!

At this time, Ye Feng and his group flew directly towards the direction of the huge roar.
