

## Ancient 3481

Chapter 3481 The Dragon Emperor

"boom!"

Finally, with the devouring, Ye Feng's cultivation aura immediately began to break through.

"boom!"

The ninth level of the Star Realm!

"boom!"

Great Perfection in the Tenth Level of the Star Realm!

At this time, Ye Feng's cultivation level directly broke through two levels in a row! .??.

It has to be said that the energy of these hell demon dragons is still very powerful.

"What?!"

Ye Feng's continuous breakthroughs on the spot made many princes and princesses of the ice and snow royal family present with deep horror in their eyes.

"This kid's talent in martial arts is too terrifying. I had an epiphany before during the royal competition. I didn't expect that I would break through again when fighting these terrifying hell dragons!"

At this moment, a group of princes and princesses present could not help but murmur.

Because Ye Feng's performance at this time was really amazing and stunning.

At this time, Ye Feng's eyes revealed a hint of surprise. He seemed to have never thought that these hell dragons were so full of energy that his cultivation level continuously exceeded two levels.

"The hell dragons outside have been eliminated. Let's go down and enter the golden hall to take a look. If there are still remnants of the hell dragons inside, they must be cleared away."

At this time, Ye Feng suddenly spoke up.

After saying that, Ye Feng took the first step and walked directly towards the golden hall.

Ye Feng naturally wanted to find more energy and improve his skills.

But Ye Feng's words sounded full of a sense of responsibility to the other princes and princesses.

At this moment, even the eldest prince couldn't help but look at Ye Feng, with a hint of admiration in his eyes.

"This person is really dedicated to our Ice and Snow Royal Family."

A prince couldn't help but murmured softly.

"Uh-huh!"

At this moment, Princess Caiyun and the Ninth Prince flew to Ye Feng's side.

The Ninth Prince gave Ye Feng a thumbs up and said, "Brother Ye, what you just said was so classy. I see that the other princes and princesses admire you very much."

When Ye Feng heard this, he couldn't help but smile and said, "This is what I should do."

Caiyungong

The Lord looked at Ye Feng beside him in surprise, as if he did not expect Ye Feng to be so dedicated to the Ice and Snow Royal Family.

Because Princess Caiyun knew that Ye Feng came to the Ice and Snow Royal Family not to be loyal to the royal family, but to pursue more powerful power and soar to a higher realm.

But now, faced with such danger, Ye Feng did not hesitate and took the lead towards the golden hall.

This scene left Princess Caiyun in awe.

This Ye Feng is indeed his chosen partner.

Not only is he strong in cultivation, but he also has a huge sense of responsibility.

Ye Feng didn't know that people around him would have so many self-informed thoughts about him.

What Ye Feng wants is to see if there are any hell dragons in this golden palace that he can kill and devour.

Just now, Ye Feng swallowed so many hell dragons at once, and his cultivation skills increased greatly, making Ye Feng very happy.

Uh-huh! Uh-huh! Uh-huh!

At this moment, the other princes and princesses descended from the sky one after another, following Ye Feng and the others into the golden palace.

Buzz!

The moment everyone walked into this golden palace, they immediately saw a very shocking scene.

"This is....."

In the shocked eyes of everyone.

I saw a huge dark throne standing in the middle of this golden palace.

On this dark throne, a tall and majestic dark man is sitting at this moment.

This dark man was covered in pitch black, wearing pitch black armor. He was tall and boundless, with both eyes pure black. He looked like a dark king.

"This is...the Demonic Dragon Emperor!"

Suddenly, the eldest prince in the crowd spoke up, and his expression immediately changed.

"Great Dragon Emperor!"

Hearing what the eldest prince said, all the royal members present couldn't help showing deep horror in their eyes.

Ye Feng's eyes flashed fiercely at this moment.

The Dragon Emperor?

It sounds very powerful.

At this moment, everyone's expressions were a little uncertain.

Princess Caiyun stood next to Ye Feng and couldn't help but whisper: "Ye Feng, let's be careful. The Demon Dragon Emperor is a legendary figure and the commander of the entire Hell Demon Dragon Clan. He is very powerful and is a statue. A super strong man from ancient times."

The Ninth Prince nodded beside him at this time and said aloud: "But I have learned from ancient books that although this Demonic Dragon Emperor did not die completely back then, he also

suffered huge losses and is probably not as strong as his peak now. One ten thousandth of the time, we don't have to worry so much."

At this time, the Demonic Dragon Emperor, who was sitting on the Dark Throne not far away, suddenly spoke slowly: "I never thought that one day I would be able to see so many bloodline descendants of the Ice and Snow Dragon Clan, and they are all of the purest bloodline aura. Haha, it seems that I can improve a lot today. I will draw out all the blood of the Ice and Snow Dragon Clan in your body to strengthen my strength and restore my injuries. "

"boom!"

Almost at the moment when the Demonic Dragon Emperor finished speaking, he stretched out a dark hand.

No!

That's not a palm.

But an extremely black dragon claw!

He grabbed it directly forward.

"Pfft!"

Almost at the next moment, a prince with a weak cultivation level, without even reacting, was directly smashed into pieces by the dark dragon claws of the Demon Dragon Emperor, and was then swallowed whole by the Demon Dragon Emperor.

"Well, the blood of the Ice and Snow Dragon Clan is really delicious."

The Demon Dragon Emperor's face suddenly showed an expression of enjoyment, and it was very ferocious.

"hateful!!!"

Seeing this scene, the other princes and princesses showed extremely angry expressions on their faces.

Uh-huh!

At this time, the Demon Dragon Emperor continued to take out a dark dragon claw and stretched it out directly.

The target of his attack this time turned out to be the eldest prince!

"Sword of Ice and Snow!"

At this moment, the eldest prince of the Ice and Snow Royal Family suddenly sensed a very terrifying life and death crisis.

He quickly used a powerful inheritance and condensed a sword of ice and snow several kilometers long in front of him.

Boom!

The sword of ice and snow was instantly shattered by the Demonic Dragon Emperor, and then the black dragon claws bombarded the eldest prince's body, erupting with terrifying destructive power.

However, the entire body of the eldest prince was not penetrated, because the eldest prince seemed to be wearing a set of ancient defensive armor.

boom!

But the next moment, the eldest prince was still blown away, hit the palace wall not far away, fell hard to the ground, spurted out a mouthful of blood, and suffered heavy injuries in an instant.

"What?!"

Seeing this scene, all the princes and princesses present felt their hearts sink to the bottom.

Even the most powerful eldest prince could not defeat this Demonic Dragon Emperor, and was directly seriously injured by this Demonic Dragon Emperor's move.

How to fight this?

"Damn it, I didn't expect to meet the ancient Dragon Emperor here. We didn't even bring any of our masters here. It's really deplorable."

At this time, a prince could not help but speak angrily.

In fact, the cultivation strength of these princes and princesses is not very strong, but many of the masters under their command are very powerful.

But this time when they entered the land of their ancestors, the masters under their command were unable to enter at all. As a result, they now did not have any strong people around to protect them.

"run!"

At this moment, all the princes and princesses immediately rushed towards the outside of the golden hall, trying to escape from here.

"There's no escape."

But at this time, the Dragon Emperor just smiled cruelly and directly released an extremely powerful field.

"Dark Dragon Soul Realm!"

Buzz!

At this moment, the entire golden hall suddenly fell into darkness. The dark dragon souls formed a huge domain, shrouding all the royal members in it, making it impossible to escape.

"It's over!"

When all the royal family members saw this scene, their faces turned extremely pale.

Now they are really like lambs to be slaughtered!

Chapter 3482 Can't Save You

At this moment, all the royal members in the entire hall had deep looks of shock and anger in their eyes.

They never thought that in this golden hall, there would be such a terrifying ancient powerhouse as the Demon Dragon Emperor.

In everyone's minds, this Demonic Dragon Emperor should have died long ago, but he didn't expect to be still alive.

Although the strength of this Demonic Dragon Emperor is much weaker than at its peak, for these young princes and princesses, he is still a very terrifying existence.

At this moment, all the members of the royal family burst out with their strongest strength, wanting to confront the Demonic Dragon Emperor and break out of this dark dragon soul realm.

"Boom!"

But the Demonic Dragon Emperor didn't even take action.

The dark dragon soul realm he released was very terrifying. Dark dragons condensed directly out of the darkness, knocking all the royal family members down.

Seeing this scene, everyone became even more desperate.

It is estimated that they are really going to die here today.

"Boom!!!"

But suddenly at this moment, a terrifying roar suddenly sounded throughout the entire field.

I saw that in the dark realm not far away, a gap was suddenly blasted out by a terrifying force.

But the person who released this power was a young man dressed in white and snowy.

It's Ye Feng!

At this moment, Ye Feng released the power of the Hongmeng Immortal Body, which was fused with the Brute Force Gem. The light wave struck by a punch was extremely terrifying and extremely destructive, directly destroying the indestructible Dark Dragon Soul. A gap was created in the field mask.

"Um?"

At this time, even the Demon Dragon Emperor, who was sitting on the Dark Throne, looked at Ye Feng not far away with a hint of surprise in his eyes.

Obviously, this ancient strong man did not think

It was surprising that among this group of young juniors, such a powerful being appeared.

At this time, the eyes of the Demonic Dragon Emperor were burning with dark flames. He stared at Ye Feng who was not far away, and said slowly: "You are not a descendant of the Ice and Snow Dragon Clan, but you are actually a weak human race? But? You are not weak, your physique seems to be very ancient and powerful. When I sense the original aura of your physique, your physique aura is so powerful and noble that I feel a sense of fear. It's true. It's incredible."

Hearing what the Dragon Emperor said at this moment, all the royal members present showed deep surprise in their eyes.

Ye Feng was able to be praised by an ancient dark powerhouse like the Dragon Emperor, which was extremely powerful.

But at the next moment, the praise in the Demon Dragon Emperor's tone suddenly turned into deep cruelty and greed.

He stared at Ye Feng, as if he were staring at a piece of extremely precious jade, and said loudly: "Although I cannot sense what your physique is, the origin of your life is so powerful. Even I am amazed by the nobility of destiny. However, your cultivation is so weak, and I happened to encounter you. Even if my current strength is only one ten thousandth of that at my peak, I can still defeat you in an instant. Suppress, as long as I capture your physique and life source, then I will undergo complete transformation and evolution. Originally, I thought the biggest surprise today was that these royal descendants of the Ice and Snow Dynasty brought me pure ice and snow. The bloodline of the dynasty, but I didn't expect that the biggest surprise would come from this little human race like you!"

Hearing what the Demon Dragon Emperor said, Ye Feng's face was still very calm, and he just said indifferently: "If you, the Demon Dragon Emperor, were at your peak, then I would run away instantly without hesitation, but your current cultivation Because you are far worse than you were at your peak, even if you were a strong man from ancient times, you may not be

You can defeat this new generation of warriors like me! "

"Arrogance."

When the Demon Dragon Emperor heard what Ye Feng said, he immediately sneered.

Buzz!

At this moment, the Dragon Emperor stood up directly from his dark throne.

The next moment, the dark light emanating from the Dark Throne made the Dragon Emperor's power much stronger in an instant.

Clearly, this Dark Throne is more than just an ordinary seat.

It is a peerless treasure refined by the Demon Dragon Emperor, which can greatly enhance the strength of the Demon Dragon Emperor!

The Demon Dragon Emperor stared at Ye Feng not far away, and said slowly: "Today, I will give you a good education, a human boy who doesn't know the heights of heaven and earth, and let you know that in this world, people like me You can't afford to offend the ancient powerful man!"

When Ye Feng heard this, he just smiled coldly and said: "I also want to educate you, old man, so that you know what it means to not bully young people into poverty."

"presumptuous!"

Buzz!

At this moment, as the Demon Dragon Emperor stood up, a terrifying dark pressure emitted directly from the Demon Dragon Emperor's body, covering the entire sky.

At this moment, the entire Golden Palace was shaking violently, obviously unable to withstand the terrifying dark pressure erupting from the Dragon Emperor.

Thump thump thump!

At this time, all the royal family members could not help but retreat.

Because they have deep fear in their hearts.

Even Princess Caiyun couldn't help but take several steps back at this time, unable to resist the pressure of the dark dragon clan from the Demon Dragon Emperor.

Because all members of the royal family are dragons, and this Demonic Dragon Emperor is originally the strongest among the dragons, the emperor of the dark-attributed Hell Demonic Dragons.

So at this time, when they faced the Demon Dragon Emperor, it was like facing their own father, and they felt deep fear from the depths of their souls and blood.

But Ye Feng is different.

Ye Feng is not afraid of this so-called dark dragon's pressure at all.

At this moment.

Boom!

Ye Feng's body also burst out with a terrifying and shocking fighting spirit, which was faintly on par with the dark pressure of the Dragon Emperor.

"Weak and humble humans dare to show their fighting spirit to me. It's so outrageous! Kneel down!"

Boom!

At this time, the Demonic Dragon Emperor roared loudly, a terrifying power erupted from his body, and then condensed dark dragons and charged towards Ye Feng.

This kind of dark dragon is not an ordinary dragon, but is condensed from the pure dark energy of the Demon Dragon Emperor. Its attack power is very powerful. The previous members of the royal family were unable to resist these dark dragons.

"The True God Picture of the Eternal Thunder Dragon!"

Ye Feng did not hesitate at this moment and directly burst out his most powerful magic power, and then huge dragons rushed out of him.

However, these giant dragons are all giant dragons made of thunder, possessing the terrifying destructive power of thunder attributes, and have a natural suppression of dark attributes.

So at this moment, when the two collided with each other, Ye Feng's thunder dragon actually smashed those dark dragons into pieces.

"Um?"

When the Demonic Dragon Emperor saw this scene, there was a look of surprise in his eyes, and he couldn't help but said: "You actually got the inheritance of the Thunder Dragon Emperor, and you also succeeded in cultivation? A human race can actually defeat our dragon race. It's really incredible that the Thunder Dragon King's inheritance has reached this level, but even if you have a powerful inheritance, it can't save you. Your fate today is death!"

Chapter 3483 Even the soul cannot escape

At this time, the moment the Demon Dragon Emperor finished speaking, a terrifying dark wave suddenly erupted from his body.

These dark frenzy quickly gathered around the body of the Demon Dragon Emperor, and then filled it into an extremely majestic dark giant.

"The power of the ancient dark giant!"

Boom! !

At this time, the Demon Dragon Emperor turned into a dark giant, containing terrifying and boundless power.

He charged directly towards Ye Feng, full of terrifying destructive power and impact, as if he could smash a huge steel city into pieces in an instant.

At this moment, Ye Feng frantically activated the power of his Hongmeng Immortal Body, directly turning into a purple giant.

This is Hongmeng's true body!

Boom!

At this time, the purple giant transformed by Ye Feng and the dark giant transformed by the Demonic Dragon Emperor collided together, causing an extremely terrifying roar.

The two were like two ancient gods fighting together, and the aftermath of the battle caused all the royal members present to retreat quickly.

Everyone's eyes widened. They didn't expect that Ye Feng could burst out with such terrifying power. It was really shocking to stand up to an ancient powerhouse like the Dragon Emperor.

"Boom!!"

At this moment, with a huge roar, the two fighting finally separated.

The dark giant that the Demon Dragon Emperor turned into dissipated, revealing the original form of the Demon Dragon Emperor.

At this moment, the Dragon Emperor's eyes were a little gloomy, as if he did not expect that Ye Feng, a little human boy, had such a terrifying physique that he could compete with his dark giant.

At this time, the purple giant that Ye Feng transformed into still exuded a very terrifying aura of power, as if there was no trace of consumption in the battle just now.

magic

Emperor Long said slowly at this time: "I will not hold back anymore, I will kill you in an instant."

"The Wrath of the Emperor!"

At this moment, the Demonic Dragon Emperor displayed an extremely powerful inheritance.

The body of the Demonic Dragon Emperor suddenly began to change rapidly.

The next moment, the Dragon Emperor turned into a majestic and boundless dragon of darkness. His eyes were red, like two red lanterns, very ferocious and terrifying.

Boom!

Almost at the next moment, the Dragon Emperor turned into this dark dragon and charged directly towards Ye Feng, possessing extremely terrifying destructive power.

You know, this is the body of the Demonic Dragon Emperor, which contains terrifying ancient dark power.

Ye Feng knew at this time that with the power of his Hongmeng Immortal Body, he could not really kill the Demonic Dragon Emperor for the time being.

So at this time, Ye Feng finally used his extremely powerful weapon, the Tianlong Sword!

Clang!

Along with a crisp sword cry, a golden long sword appeared in Ye Feng's hand.

It is the Tianlong Sword that the Ice and Snow Dragon Emperor gave to Ye Feng before, which contains the power of the Dragon Emperor of the Ice and Snow Royal Family.

At this moment, the moment Ye Feng took out the Tianlong Sword, he slashed forward fiercely.

"boom!!"

As Ye Feng used the Tianlong Sword, a piece of majestic golden sword light burst out from the long sword in Ye Feng's hand, and there was also a golden dragon roaring in the sword light, full of terror. Incomparable power.

The next moment, the two collided together.

The golden long sword slashed at the dark dragon, causing a terrifying roar.

Click! Click!

At this time, even if the surrounding golden palace was very strong, it could no longer withstand the fighting power between the Dragon Emperor and Ye Feng at this moment, and the entire palace immediately shattered into ruins.

As the palace was shattered, the dark dragon soul realm released by the Dragon Emperor also dissipated.

Swish, swish, swish!

Each and every member of the royal family had surprise in their eyes at this moment, and they ran quickly outside.

When they arrived at the outside area, everyone breathed a sigh of relief.

Finally escaped!

"How is Ye Feng?"

But at this time, the eyes of many royal members were all focused on the ruins of the broken golden palace.

Because they didn't know at this time which one, Ye Feng or the Dragon Emperor, would win in the end.

"Crash..."

At this time, as the dust fell to the ground, a shocking scene suddenly appeared in everyone's field of vision.

I saw the golden sword in Ye Feng's hand, slashing at the shoulder of the Demon Dragon Emperor at this moment, splitting most of the Demon Dragon Emperor's body in half.

But what shocked everyone was that the black dragon claw of the Demon Dragon Emperor, which looked like it was made of steel, had pierced Ye Feng's chest at this moment.

"Ye Feng!"

Seeing this scene, Princess Caiyun was the first to change her expression, and immediately rushed towards Ye Feng, wanting to rescue Ye Feng.

"do not come!"

But at this time, Ye Feng suddenly shouted loudly.

Hearing what Ye Feng said, Princess Caiyun immediately

Stopped.

Ye Feng immediately said: "Don't get close to me. The soul of the Dragon Emperor wants to escape. If you get close to me, he may take away your bodies! The further away you are, the better!"

"What?"

Hearing what Ye Feng said, the faces of many princes and princesses changed slightly, and they immediately retreated quickly towards the distance.

But the Ninth Prince and Princess Caiyun were standing not far away, and they didn't know what to do to help Ye Feng at this time.

Ye Feng immediately spoke up and said: "You and the other princes stay away from here. I am suppressing the spirit of the Dragon Emperor now. You wait for me at a distance. Don't distract me. This is the greatest help to me."

"This..." The Ninth Prince wanted to say something.

"Okay, let's get out of here."

But Princess Caiyun nodded immediately, flew quickly towards the distance, and was far away from here in the blink of an eye.

The Ninth Prince saw Princess Caiyun flying away. Now he didn't want to say anything more and could only choose to believe Ye Feng.

"Brother Ye, you must hold on!"

After the Ninth Prince said this, he jumped up and flew quickly in a certain direction in the distance.

At this time, among the ruins of the Golden Palace, Ye Feng stared at the Demon Dragon Emperor in front of him and said coldly: "You will definitely die today! Even the soul cannot escape!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng directly inspired the power of the soul gem.

A huge shadow of the master suddenly appeared above Ye Feng's head.

Seeing this phantom of the master, the Demonic Dragon Emperor immediately couldn't help but said in horror: "You, a humble human boy, are actually the inheritors of the greatest master!! This is impossible!!"

Chapter 3484 Great Emperor Bone

At this time, Ye Feng didn't care about the dragon emperor's roar and disbelief.

At this moment, Ye Feng just sneered, and then directly controlled the will of the master above his head, and suddenly stretched out a big hand of master, and bombarded the head of the Demon Dragon Emperor.

"ah!"

The next moment, the Demonic Dragon Emperor screamed.

His spirit and soul were instantly wiped out by Ye Feng's dominant will.

At this time, there was no emotion in Ye Feng's eyes.

Because of this Demonic Dragon Emperor, he must kill him.

Otherwise, if this Demonic Dragon Emperor continues to recover his strength, it will be terrible, and it will definitely be a huge disaster in the future.

Therefore, Ye Feng will naturally not show any mercy. As long as he seizes the opportunity, he will definitely kill the Dragon Emperor in an instant.

At this moment, Ye Feng let go of the Tianlong Sword in his hand.

At this time, the Demonic Dragon Emperor's soul had been destroyed, and his body had also suffered huge injuries. He fell straight to the ground, without any vitality at all, and was immediately killed.

At this moment, Ye Feng stared at the majestic corpse of the Demon Dragon Emperor in front of him, with deep anticipation in his eyes.

Boom!

Almost at the next moment, Ye Feng didn't hesitate at all, and directly burst out his devouring domain, directly covering the entire body of the Demon Dragon Emperor.

Then Ye Feng suddenly felt waves of extremely majestic energy being injected into his body.

Buzz!

At this moment, Ye Feng could feel that his skill was rapidly and continuously increasing at an unparalleled speed.

At this time, Ye Feng immediately felt that his cultivation aura was rapidly and continuously making breakthroughs.

boom!

Almost at the next moment, this huge energy directly caused a breakthrough in Ye Feng's cultivation.

From the tenth level of the Star Realm, he suddenly transformed and broke through to the half-step Silver Moon Realm above the Star Realm!

But there's more to it than that.

After all, the body energy of this Demonic Dragon Emperor is really terrifying, so at this moment, Ye Feng's cultivation energy

The interest rate is still increasing at an extremely rapid rate.

Nearly half an hour later.

suddenly.

"boom!!!"

Ye Feng's body once again erupted with a terrifying roar.

That is naturally the momentum of a breakthrough.

At this time, Ye Feng's cultivation level once again made a breakthrough, directly stepping from the half-step Silver Moon Realm to the real first level of Silver Moon Realm!

At this moment, Ye Feng's eyes were filled with deep excitement. He didn't expect that he had crossed a whole realm in one go, from the star realm to the real first level of the silver moon realm.

You know, Ye Feng's body is like a bottomless pit. Every breakthrough requires a very majestic energy, not to mention that this is a breakthrough of a whole realm, which requires terrifying and boundless blood energy.

But the energy contained in the body of this Demonic Dragon Emperor was so majestic and terrifying that Ye Feng's cultivation level directly transformed into a whole realm.

However, Ye Feng still feels a little pity, because this Demonic Dragon Emperor is a super strong man in ancient times. If it hadn't been so many years ago, he suffered heavy injuries and the energy in his body became very weak. This time, he would have swallowed up this Demonic Dragon Emperor. The ancient strong men will definitely make more breakthroughs.

However, Ye Feng also knew that if the energy in the body of the Demon Dragon Emperor was even greater, it was very likely that he would not be able to defeat the Demon Dragon Emperor at all, let alone kill him.

After all, this time Ye Feng directly used a peerless weapon like the Tianlong Sword to kill the Dragon Emperor.

Otherwise, he can only be on par with the Demonic Dragon Emperor and cannot do anything to him.

At this moment, after Ye Feng devoured all the blood energy and vitality of the Demon Dragon Emperor, the body of the Demon Dragon Emperor in front of him turned into ashes.

"Huh? What is this?"

Suddenly at this moment, Ye Feng suddenly saw that after the body of the Demon Dragon Emperor turned into fly ash, a dark bone appeared among the fly ash.

This piece of pitch-black bone has a metallic luster, like a metal punch.

The same as the bones created.

Ye Feng immediately squatted down and took the dark bones of the Demon Dragon Emperor's corpse into fly ash in his hands.

Being able to retain such a dark bone despite his devouring power shows that this bone is absolutely extraordinary.

At this time, Emperor Chu suddenly said aloud in his mind: "This seems to be the "Great Emperor Bone" of the Demon Dragon Emperor. Like some natural supreme bones, it represents the original inheritance of a living being. It seems that this Demon Dragon The Great Emperor was also a born Great Emperor back then. Emperor bones actually grew out of his body. No wonder he was so powerful. Fortunately, in the endless years, the power of the Demon Dragon Emperor was consumed a lot and passed away. Otherwise, Ye Feng estimates that you There is no way we can beat this Demonic Dragon Emperor today."

When Ye Feng heard what Emperor Chu said, he immediately nodded in agreement, staring at the dark bone in front of him, with deep excitement in his eyes.

If this piece of pitch-black bone is the "Great Emperor Bone" born from the Demonic Dragon Emperor, then the value of this piece of bone will be comparable to some of the top supreme bones.

Thinking of this, Ye Feng immediately asked aloud in his mind: "Emperor Chu, do I need to fuse this piece of the Dragon Emperor's bone directly into my body?"

Emperor Chu nodded and said aloud: "Yes, directly merging the Great Emperor Bone is the fastest way to analyze the inheritance in this piece of Emperor Bone, and if this piece of Emperor Bone is fused into your body, Then it will greatly improve your physical strength, and maybe your Hongmeng Immortal Body can be improved again, because this emperor's bones contain the blood of the Demonic Dragon Emperor."

When Ye Feng heard what Emperor Chu said, he immediately nodded. Without any hesitation, he began to release his magic power and began to integrate the dark bones of the emperor in front of him into his body.

Buzz!

The next moment, a dark light was seen emanating from the entire Emperor's bones, and then began to slowly merge into Ye Feng's limbs.

Almost at the moment when this piece of Emperor's bone was integrated into Ye Feng's body, Ye Feng suddenly felt a terrifying dark power emerge in his body.

Ye Feng's eyes started to bulge at this moment.

black light.

Buzz!

At this moment, Ye Feng really felt that the strength of his Hongmeng Immortal Body was suddenly improved.

It directly transformed from the early stage of the second level of the Hongmeng Immortal Body to the middle stage of the second level of the Hongmeng Immortal Body!

It has transformed to a whole new level!

It can be said that this is a great progress!

Not to mention that this piece of emperor bone also contains the powerful inheritance of the Demon Dragon Emperor.

At this moment, after the Hongmeng Immortal Body was improved, Ye Feng concentrated on analyzing the inheritance of the Demon Dragon Emperor contained in this piece of emperor bone.

With Ye Feng's incomparable power of comprehension, he quickly analyzed the inheritance in this piece of land, called the "Dark Dragon Soul Domain".

"It turns out to be this inheritance."

After Ye Feng analyzed this set of inheritance, his eyes suddenly lit up.

It turns out that the extremely powerful dark dragon soul realm that the Demonic Dragon Emperor displayed before was his destiny inheritance.

This set of inheritance is still very powerful, and it is a relatively rare field-type inheritance. It is very good and just makes up for Ye Feng's shortcomings in the control system.

After all, Ye Feng's current inheritance, whether it is the Eternal Thunder Dragon True God Diagram, the peerless weapon Tianlong Sword in his hand, or the Ancient True Dragon Art that he has not yet begun to practice, is a powerful attack inheritance.

Now that he has inherited the control system of the Dark Dragon Soul Domain, Ye Feng can now possess a relatively complete set of combat methods.

Ye Feng's eyes still looked a little lucky at this time. This time he entered the ancestral land of the ice and snow royal family, and he could be said to have received a lot of powerful fighting inheritance, which was of great help to him.

Because Ye Feng knew that many of the inheritances he had practiced before were increasingly unable to keep up with his own cultivation level.

They can only be eliminated continuously.

Therefore, this time in the land of ancestors, I got so many powerful inheritances at once, and it was really like giving me a pillow when I was sleepy.

Next, he went to the borderland of the Ice and Snow Royal Family to fight against the dark demons from higher realms. Ye Feng also gained some confidence.

Chapter 3485: Practicing the Ancient True Dragon Art

And just after Ye Feng had just finished comprehending the inheritance in the bones of the Great Demonic Dragon, a group of princes and princesses not far away who were watching saw that Ye Feng seemed to have completely defeated the Demonic Dragon Emperor. Killed and immediately flew over.

At this time, many princes and princesses saw that the body of the Demon Dragon Emperor in front of Ye Feng had been turned into ashes, and their eyes suddenly showed deep shock.

They never thought that such an ancient and peerless figure as the Dragon Emperor would one day be wiped out into nothing but ashes by such a young human boy.

It was really miserable and the appearance of his death was very useless.

Uh-huh! Uh-huh!

At this time, Princess Caiyun and the Ninth Prince came to Ye Feng.

Princess Caiyun immediately asked with some concern: "Ye Feng, there should be nothing wrong with your injury, right?"

Because at this moment, everyone saw that there was also a black steel dragon claw piercing Ye Feng's body.

"It's nothing, just take a rest."

Ye Feng was quite casual at this time, and directly pulled out the steel dragon claw that pierced his body with a "puff", and then threw it to the ground not far away.

"this....."

Seeing this scene, many princes and princesses around had deep astonishment in their eyes.

This Ye Feng is really awesome.

The entire body was pierced by the steel dragon claws, but he could pull it out so easily and throw it to the ground not far away. This kind of endurance is really terrifying.

At this moment, the Ninth Prince said aloud: "Ye Feng, since you have been injured, let's leave this ancestral land as soon as possible, and the time to enter the ancestral land is coming soon, there are only three days. ,"

Ye Feng nodded and said aloud: "Okay, then let's go out directly."

For Ye Feng, he has received huge benefits this time in the ancestral land of the ice and snow royal family, so Ye Feng naturally has no nostalgia.

At this moment, the Ninth Prince nodded, and he and Princess Caiyun each supported Ye Feng and flew outside quickly.

The group of princes and princesses behind them were all a little frightened at this time.

They looked at the golden palace not far away that had been reduced to ruins, and they were all a little scared.

If there was no Ye Feng this time, it is estimated that all their princes and princesses would be buried in the hands of the Dragon Emperor.

However, the expressions of many princes and princesses were a little uncertain.

Although they were grateful to Ye Feng for saving their lives.

But I thought that the Ninth Prince had such a peerless master beside him, and he had such great potential.

Many princes and princesses felt tremendous pressure in their hearts.

Because this poses a great threat to their future fight for the throne.

But anyway, now is not the time to think about that.

The most important thing now is to help the entire Ice and Snow Dynasty resist the dark demons from higher realms.

After all, this time, even His Majesty the Dragon Emperor of the Ice and Snow Dynasty paid great attention to it.

You know, those are not ordinary dark demons, but dark demons from the "Demon Realm", a higher level realm above the snowy region.

The dark demons must all be very advanced and terrifying, and their strength is terrifying.

"The Snowy Territory, which has been peaceful for a long time, may fall into endless chaos again this time."

At this time, even the most stable eldest prince could not help but sigh.

The other princes and princesses fell silent when they heard the eldest prince's words.

"Let's leave here too. This time we have all gained a lot of opportunities from the land of our ancestors, which will help us to go to the border land and fight against those dark demons.

Big help. "

The third prince spoke up at this time.

Many princes and princesses nodded one after another, and then flew quickly towards the exit of the ancestral land.

...

Half a day later, Ye Feng, Princess Caiyun and the Ninth Prince left the Ancestral Land early and came to the exit of the Ancestral Land.

When they returned to the palace, the Ninth Prince spoke to Ye Feng and said, "I'm going to gather my team and manpower now. When I'm done, I'll let you know and we'll go to the borderland together."

After finishing speaking, the Ninth Prince suddenly looked at Princess Caiyun next to Ye Feng and asked aloud: "Princess Caiyun, are you going to the border with us to fight against those dark demons this time?"

Princess Caiyun immediately shook her head and said loudly: "I still have my own things to do, so I won't go there with you this time."

When the Ninth Prince heard what Princess Caiyun said, there was a look of surprise in his eyes.

Because he originally thought that Princess Caiyun would definitely go to the border land with them to suppress those dark demons.

Unexpectedly, Princess Caiyun was not with them.

Because in the eyes of the Ninth Prince, the relationship between Princess Caiyun and Ye Feng seemed to be quite close.

But this time Ye Feng went to the borderland, it was really strange that Princess Caiyun didn't go with Ye Feng.

But the Ninth Prince didn't say much, just nodded, and then quickly flew towards the palace where he lived, apparently to prepare his team.

But at this time, only Ye Feng and Princess Caiyun were left.

Ye Feng looked at Princess Caiyun and asked, "You probably want to investigate how this group of dark demons entered our snowy region, right?"

Princess Caiyun nodded and said aloud: "My focus is not to suppress those dark demons. I can leave these to you. My purpose is to find a way to enter the higher realm, the Demon Realm, so I need to. What we are doing is investigating this matter secretly."

Ye Feng immediately nodded, smiled and said: "Okay, whether we two can enter a more advanced realm depends on your subsequent investigation."

Princess Caiyun's beautiful eyes also showed a trace of determination, and she said loudly: "I will definitely investigate hard, after all, this is related to our future."

After saying that, Princess Caiyun left the place directly.

Uh-huh!

Ye Feng flew towards the big house where he lived.

When Ye Feng returned to his mansion, he immediately saw a familiar and beautiful figure standing at the door of the mansion, seemingly waiting for him.

That is the good girl Peacock Princess.

There was a look of surprise in Ye Feng's eyes, and he couldn't help but ask: "I didn't see you, Princess Peacock, in the Land of the Ancestors. Princess Peacock, don't you want to enter the Land of the Ancestors?"

Ye Feng is indeed quite confused. After all, Princess Peacock is also a pure blood descendant of the Ice and Snow Dynasty, and she is also qualified to enter the land of ancestors.

"Ye Feng, you are finally back."

Hearing what Ye Feng said, Princess Peacock just curled her lips, with a seemingly casual expression on her beautiful little face, and said aloud: "I don't want to go to the land of my ancestors, places like this are buried everywhere. It's very impressive to see the bones. If I want any inheritance or treasure, my father will give it to me naturally. I don't need to look for it myself. "

Hearing Princess Peacock say this, Ye Feng was a little stunned and didn't know how to answer for a moment.

It seems that His Majesty the Dragon Emperor of the Ice and Snow Dynasty really dotes on this youngest daughter.

Perhaps Princess Peacock, a good girl, was born simple and tired of royal battles. She was completely different from other princes or princesses, so she was given such special treatment by His Majesty the Dragon Emperor.

"correct."

Princess Peacock spoke up at this time: "Ye Feng, I have been waiting for you here for a long time. You have finally returned from the land of your ancestors. Let's go together to find the treasure in the treasure map in my hand."

When Ye Feng heard what Princess Peacock said, he immediately smiled bitterly. Unexpectedly, Princess Peacock really never forgot about going out to play.

Ye Feng knew very well that Princess Peacock did not want to find any so-called treasures at all, because Princess Peacock had no interest in these at all. If she wanted anything, His Majesty the Dragon Emperor of the Ice and Snow Dynasty would give it to her.

So the Peacock Princess said she was going to find treasures just to go out and have fun.

Ye Feng shook his head at this time and said: "I just suffered a serious injury. My body was pierced by a dragon claw. I need a good rest."

"What?!"

Hearing what Ye Feng said, the expression on Princess Peacock's face suddenly became extremely worried. She suddenly came to Ye Feng and looked at Ye Feng's pierced back.

The next moment, Princess Peacock's beautiful little face suddenly showed a look of deep worry and panic. She quickly stretched out her white little hands, supported Ye Feng, and said loudly: "Ye Feng You won't die, right? You must not die. Who will take me out to play if you die?"

Hearing Princess Peacock say this, Ye Feng was angry and funny. He immediately said, "Of course I won't die so easily. This is just a minor injury."

After finishing speaking, Ye Feng was supported by Princess Peacock and carried to his room.

Princess Peacock said: "Ye Feng, when you recover from your injury, we will go to the borderland together. The locations pointed out in the several treasure maps in my hand are all in the endless wilderness of the borderland. It just so happens that you You can suppress those dark demons with your Ninth Prince brother, and you can go search for the treasures in the treasure map with me when you have nothing to do."

"Are you going to the borderlands too?"

When Ye Feng heard what Princess Peacock said, he immediately said, "That's too dangerous. I guess His Majesty the Dragon Emperor won't let you go."

Princess Peacock immediately said with a smile: "As long as I go to the border secretly, my father doesn't know about it. After all, he himself is too busy to take care of himself now. He seems to be secretly using his great magical power to fight against some terrifying demon in the wilderness of the border. Regardless, It's not mine, and I've already told the Ninth Prince brother, and the Ninth Prince brother agreed to let me go."

When Ye Feng heard this, his eyes showed surprise, and he asked aloud: "The Ninth Prince actually let you go out so easily?"

Princess Peacock nodded and said loudly: "Brother, the Ninth Prince, asked his chief steward, Mr. Xia, to follow me and protect me. This way there will be no danger."

"Mr. Xia?"

When Ye Feng heard what the Peacock Princess said, he felt a little enlightened.

Mr. Xia is the great butler around the Ninth Prince, and he is also a peerless old man.

If Mr. Xia follows along, there will indeed not be much danger.

At this time, Ye Feng's eyes showed a hint of surprise.

If Mr. Xia follows them to find the treasure map, it will be equivalent to having a super powerful free bodyguard.

If we really encountered any terrible danger in the endless wilderness, with Mr.

At this time, Ye Feng suddenly felt that it would be very interesting to search for the treasure in the treasure map with Princess Peacock.

Not only can the Peacock Princess have fun, but she can also use

The protector beside Princess Peacock, Mr. Xia, comes to fight against the unknown dangers in the endless wilderness.

Thinking of this, Ye Feng immediately nodded and said: "Since your Ninth Prince brother has arranged all protective measures for you, then you can go with him."

"Yeah! Great!"

Hearing what Ye Feng said, Princess Peacock was like a little girl who got candy. She immediately jumped up with joy. She couldn't help but hold Ye Feng's hand and said loudly: "That's great, too good." Well, this time I can finally go out and have a good time! It's been a long time since I went out to play. The last time I went out to the palace was when I was twelve years old. It's been six years now, and I can finally go out and have a good time. "

Seeing Princess Peacock like this, Ye Feng couldn't help but shake his head and smile.

If Princess Peacock had seen how cruel and bloody the outside world was, maybe this good girl wouldn't be as happy as she is now.

But Ye Feng also knew that it would be a good thing to let Princess Peacock go out to see the dangers outside.

After all, this is how the Peacock Princess can grow.

A girl with a simple mind like Princess Peacock has been pampered since she was a child. If she doesn't have a good experience, she will never grow up and will never be able to stand on her own.

Even though His Majesty the Dragon Emperor protects Princess Peacock, it is impossible to protect Princess Peacock for her whole life.

And although the Ice and Snow Dynasty is very powerful now, no one can say whether the Ice and Snow Dynasty will be completely destroyed in the future.

After all, since Ye Feng has been practicing, he has seen too many powerful forces along the way, and he cannot last long.

It is very likely that there will be a huge crisis and it will fall apart.

Therefore, Ye Feng felt that it would be a good thing for Princess Peacock to go out and experience something this time.

Just in case no one can protect Princess Peacock in the future, she can protect herself.

Regarding the Peacock Princess, Ye Feng originally thought that the two of them were taking advantage of their relationship.

But now as they get along with each other and see Princess Peacock's pure and innocent thoughts, Ye Feng feels that Princess Peacock is becoming more and more like his sister.

Next, Ye Feng no longer wasted time and directly began to swallow healing pills one by one in the room and began to recover from his injuries.

In addition, Ye Feng also took out the ancient true dragon secrets taught to him by the previous senior in the land of ancestors, and absorbed the true dragon energy in the emperor dragon jade pendant to continuously improve his ancient true dragon skills. The power of Dragon Art.

After all, the old senior of the royal family has said before that if you want to practice the ancient true dragon art to the extreme, it is not enough to rely on the monster's understanding. You also need to constantly absorb the true dragon's energy. Can make the Ancient True Dragon Art stronger.

After knowing this, Ye Feng practiced at this time, naturally absorbing the true dragon energy in the jade pendant while practicing the ancient true dragon art.

Princess Peacock saw Ye Feng entering a state of cultivation and quietly left the room without disturbing Ye Feng's practice.

"When Ye Feng was practicing before, he seemed to be absorbing the energy of the real dragon..."

Princess Peacock murmured after leaving the room.

Then the good girl seemed to have thought of something, and her eyes suddenly lit up: "The true dragon's energy... If you take that thing over, it may be able to help Ye Feng become stronger. That

thing contains the most pure and advanced energy." The true dragon spirit, but if I take that thing secretly, I don't know if my father will scold me if he finds out, but it's okay, as long as it can make Ye Feng stronger and please him, he will be more willing. It doesn't matter if you go out to play with me and get scolded by your father, I want to get that thing over..."

At this moment, Princess Peacock murmured and left the mansion directly, flying quickly towards a certain direction of the palace.

Chapter 3486 Jade Seal

Ye Feng practiced in his room for nearly three days. During these three days, Ye Feng absorbed a lot of the true dragon energy in the jade pendant, and finally practiced his ancient true dragon art to an initial stage. .

However, the true dragon energy in this jade pendant is still too little after all.

After Ye Feng finished absorbing it, he was only halfway through practicing the Ancient True Dragon Art, which made Ye Feng's eyes show a hint of helplessness.

Originally, Ye Feng thought that he could cultivate this ancient True Dragon Art to a very high level in one go, even to the Great Perfection.

But now, Ye Feng suddenly discovered that the true dragon energy in this jade pendant was simply not enough for him to practice to perfection.

This is the body of Ye Feng, with a golden dragon soul faintly entwined on the surface. It looks very sacred and ancient.

However, Ye Feng knew that if he could really practice the Ancient True Dragon Art to the Great Perfection, then the illusory dragon soul in his body would become as real as reality.

It is as if there is a golden dragon surrounding his body at all times. It has both very powerful defense capabilities and very terrifying attack capabilities.

But now, there is still a long way to go before the true Great Perfection of the Ancient True Dragon Art.

Ye Feng is only halfway through his cultivation now, and the remaining half may need more True Dragon Qi than the previous half.

Because the more you practice to the end, the more true dragon energy you need.

Just when Ye Feng was about to leave the room to find the Ninth Prince to see if there was any way to get some true dragon energy.

Squeak!

Suddenly the door was pushed open.

Ye Feng immediately saw the Peacock Princess.

Princess Peacock held an iron box in her hand at this time and happened to walk in.

Ye Feng suddenly showed a trace of surprise in his eyes, and couldn't help but asked: "Princess Peacock, what are you doing?"

Princess Peacock had a slight smile in her eyes at this time, and she said mysteriously: "Ye Feng, what do you think is in my box?"

When Ye Feng heard what Princess Peacock said, a look of speculation suddenly appeared on his face, and then he said uncertainly: "Is there a treasure map in your iron box?"

When Princess Peacock heard what Ye Feng said, she immediately showed a hint of helplessness on her little face and said loudly: "The treasure maps must be in my storage ring, and the treasure maps are not worth much. , it's not worth my solemnity to let you guess."

Not worth the money?

Hearing Princess Peacock say this, Ye Feng suddenly showed a look of astonishment on his face.

This peacock princess is really one

A pampered princess.

If the treasure map in her hand spreads out, who knows what kind of horrific bloodshed will result.

But for Princess Peacock, these treasure maps turned out to be worthless things, just tools for her to go out for fun.

Ye Feng couldn't help but shook his head, and then said aloud: "I really can't guess it."

Princess Peacock immediately said: "I came here so solemnly holding such a box. Can't you guess it?"

When Ye Feng heard this, his eyes immediately moved, and then he couldn't help but said: "Is it something beneficial to my cultivation?"

"Guessed it right!"

Hearing what Ye Feng said, Princess Peacock finally showed a smile on her beautiful little face, and then said aloud: "This thing is very precious, and it is something that my father attaches great importance to, but it contains a very huge truth. The dragon's energy will definitely be of great help to Ye Feng's cultivation, because before I saw Ye Feng, when you were practicing, you had been absorbing the vibrating energy from a jade pendant, but I know that there can be something in a small jade pendant. How much true dragon energy, so I thought of this thing that my father attaches great importance to, and I will bring it over for you to practice and use. "

Ye Feng's eyes suddenly moved, and he couldn't help but said: "What is something that His Majesty the Dragon Emperor attaches great importance to? What is in this iron box?"

Princess Peacock smiled slightly and then opened the iron box directly.

Ye Feng looked inside, and his expression suddenly changed slightly.

What was contained in this iron box turned out to be a huge jade seal!

"this....."

At this time, Ye Feng couldn't help but his face changed immediately, the corner of his mouth twitched, and he said loudly: "You actually stole the Jade Seal of the State of the Ice and Snow Dynasty? You are too brave!"

Princess Peacock said with a smile: "I'm not stealing it, I'm just using it for a while. After using it, I put it back secretly. I don't think my father will find it."

After finishing speaking, Princess Peacock very generously placed the Zhenguo Jade Seal in front of Ye Feng and said loudly: "Ye Feng, just take it and use it. There is a lot of true dragon energy stored in it. It must be It's enough for you."

When Ye Feng heard what Princess Peacock said, the corners of his mouth twitched slightly.

If this matter were known to other princes or princesses, it would probably cause an uproar.

Because whoever secretly takes the Imperial Seal of the Ice and Snow Royal Family will definitely lose their head.

But the Peacock Princess is like this

He did it, and seemed to be disapproving of it.

Ye Feng immediately understood how much the Dragon Emperor of the Ice and Snow Dynasty doted on his youngest daughter.

At this time, Ye Feng didn't show any pretense. Since the Peacock Princess had brought it, he should use it himself.

Uh-huh!

At this moment, Ye Feng took over the jade seal of Zhenguo, and he could immediately feel the majestic true dragon energy contained in it.

As soon as Ye Feng's eyes moved, he immediately began to absorb the true dragon energy and began to continue to practice and comprehend the ancient true dragon art.

"Buzz buzz!"

You must know that this is the royal seal of the Ice and Snow Royal Family in its heyday, and the true dragon energy contained in it is simply advanced and powerful to the extreme.

After Ye Feng absorbed it, he could immediately feel that his level of comprehension of the Ancient True Dragon Art was rapidly and continuously improving.

A whole day and night passed.

Finally this morning.

boom!

Ye Feng's body suddenly erupted with a terrifying golden light.

These golden rays of light directly condensed into a long golden dragon that looked like a substance, surrounding Ye Feng and looking full of a vast sense of holiness.

Buzz!

Ye Feng immediately opened his eyes at this moment, with deep joy in his eyes, and murmured, "The Ancient True Dragon Art, I have finally reached the level of Dzogchen."

At this time, Ye Feng directly handed over the Zhenguo Jade Seal in front of him to Princess Peacock, and said with a smile: "Thank you very much, Princess Peacock, otherwise, my inheritance would not be able to be carried out in such a short period of time. Cultivating directly to Dzogchen."

Hearing Ye Feng thanking herself, Princess Peacock seemed very happy, and immediately said with a smile: "As long as you accompany me to go out to play next time."

When Ye Feng heard Princess Peacock say this, a hint of surprise suddenly appeared in his eyes.

It turns out that the reason why Princess Peacock was so courageous to take all the jade seals of the country and let her practice it was so that she could accompany her to search for the treasures in the treasure map and go out to play.

When Ye Feng thought of this, he couldn't help but smile and said: "Okay, in order to repay you, I will definitely take the princess with you to find the treasure in the treasure map."

When Princess Peacock heard what Ye Feng said, she immediately nodded vigorously and said: "By the way, last night, the Ninth Prince brother came here and seemed to want to see you, but I said that you are in the state of cultivation. Didn't let him bother you."

"Um."

When Ye Feng heard what Princess Peacock said, he immediately nodded and said, "Then let's go see the Ninth Prince. We should be preparing to leave for the borderland."

"Very good!"

Hearing what Ye Feng said, Princess Peacock immediately shouted with joy, and then said, "I'll go with you."

Ye Feng nodded slightly and led Peacock Princess towards the center of the royal garden quickly.

When Ye Feng arrived at the main hall where the Ninth Prince lived in the central area, he immediately saw many fully armed teams, as well as some other masters under the Ninth Prince, all standing here.

As well as the most powerful old man around the Ninth Prince, the big housekeeper Xia Lao, was also wearing a black robe at this time and stood at the front of the entire team.

When he saw Ye Feng and Princess Peacock arriving, the Ninth Prince immediately said happily: "Brother Ye, you have finally woken up from your cultivation state. We are waiting for you. We prepared to go to the borderland last night, but Princess Peacock said that you were in a deep state of cultivation, so I didn't disturb you last night."

Ye Feng nodded slightly, smiled and said, "I have successfully practiced now."

The Ninth Prince immediately nodded happily and said aloud: "Now that you have succeeded in practicing, it seems that your strength has increased a lot, which will be of great help to us this time when we go to the frontier to fight against the Dark Demon Clan. "

After finishing speaking, the Ninth Prince looked at Princess Peacock who was following Ye Feng, smiled helplessly, and said loudly: "Princess Peacock, do you really want to follow us to the border land?"

Princess Peacock nodded vigorously and said very seriously: "I have made an agreement with Ye Feng, and Ye Feng also promised to stay with me."

Ye Feng nodded slightly, looked at the Ninth Prince, and said loudly: "It is also a good thing to let Princess Peacock go out for some experience."

When the Ninth Prince heard what Ye Feng said, he immediately nodded, then looked at the butler Xia Lao beside him, and said loudly: "The safety of Princess Peacock will be troublesome to Lao Xia next."

Mr. Xia nodded slightly at this time and said with a slight smile: "Peacock Princess Jiren has her own destiny, so she will not be in any danger, and with a peerless genius like little brother Ye Feng by her side, there should be no problem. Your Highness, Ninth Prince, don't worry."

"Um."

The Ninth Prince nodded slightly at this time, then looked at the large group of teams in front of him, and said with high spirits: "Let's set off to the border!"

"Yes, His Highness the Ninth Prince!"

boom! !

In an instant, the entire army quickly set off towards the outside of the palace.

## Chapter 3487 Giant Spirit City

The mighty team soon walked out of the palace and walked towards the outside of the imperial city.

When the team arrived in the endless wilderness outside the imperial city, the atmosphere suddenly changed.

The whole world is very dark, bleak and desolate.

At this time, the Ninth Prince was flying at the top of the entire army, looking around, looking for the map direction to the border.

Mr. Xia, on the other hand, is following Princess Peacock, hiding in the void. He will take action at any time whenever he encounters danger.

Ye Feng was standing beside the Peacock Princess at this time, exuding his majestic soul power, covering dozens of miles around, always on guard.

After all, this time Ye Feng is not fighting alone. Ye Feng needs to help the Ninth Prince build a career, so Ye Feng must pay special attention.

"Finally out!"

At this time, the Peacock Princess was like a jumping butterfly, flying beside Ye Feng while looking at the surrounding world, which seemed to be very novel.

Seeing this scene, Ye Feng couldn't help but shake his head and smile. This Peacock Princess is really a good girl. She has not stepped out of the imperial city for six years.

Obviously, the Ice and Snow Dragon Emperor protected his little daughter very well.

But Princess Peacock's joy did not last for many days.

Because, when the entire army completely left the central imperial city area and came to the frontier of the dynasty.

This is already an endless wilderness.

Along the way, everyone saw many villages or small towns, all of which were destroyed and obliterated by the dark demons.

These villages or small towns are very miserable.

The residents of the entire village or town were killed by the dark demons, leaving behind a very tragic scene.

These tragic and bloody scenes made the Peacock Princess' face become a little pale, and she no longer cheered for joy.

Seeing Princess Peacock like this, the Ninth Prince wanted to comfort her, but was stopped by Ye Feng.

"Let her digest it by herself. She has to take this step. It will be good for her future cultivation path."

Ye Feng said this to the Ninth Prince, who nodded slightly and said nothing more.

Three days later, Princess Peacock suddenly came to Ye Feng, her beautiful little face full of solemnity, and said loudly: "Let's not look for the treasure recorded in the treasure map for the time being. Let's collect it together first." After all these cruel dark demons have been eradicated, we can then go look for the treasure."

Hearing Princess Peacock say this, Ye Feng immediately nodded slightly, smiled and said, "Okay, it seems you have some insights."

"Um."

Princess Peacock nodded slightly and became silent.

Then the whole team continued to move forward, and finally arrived at their destination in the early morning of the fourth day.

This is the edge of a frontier

city.

The entire city is made of black steel. It looks very majestic and vigorous, as if it is indestructible.

In addition, the surface of the city wall is also engraved with very deep lines.

Those are the lines of the formation.

At critical moments, spiritual crystals can be consumed to activate the formations imprinted on the surface of the entire city wall, which can be used to generate a large energy mask to resist the attack of the dark demons.

When Ye Feng and the Ninth Prince arrived here, the city lord of the city immediately ran out of the city gate, then knelt on one knee respectfully and said loudly: "I am the city lord of Giant Spirit City. Today, I would like to welcome the arrival of His Highness the Ninth Prince."

Obviously, the city lord knew that the Ninth Prince came here with his team.

Because every prince and princess is assigned a task to go to different border cities and station there to resist the dark demons or even fight back against the dark demons.

Because it is said that the dark demon clan has established its own station in the endless wilderness outside the border.

This time, His Majesty the Dragon Emperor of the Ice and Snow Dynasty sent all his princes and princesses to various border cities to station themselves there, not only to resist the attack of the dark demons, but also to make every prince and princess think There is no way to eliminate the dark demon clan's garrison points in the endless wilderness, so this is a difficult task.

Uh-huh!

At this moment, the Ninth Prince, wearing a set of golden armor and a prince crown on his head, descended from the sky with extraordinary momentum.

He looked at the Lord of the Giant Spirit City who was kneeling on the ground in front of him, nodded slightly and said loudly: "Next, I will take all my troops and station them in the Giant Spirit City where you are. All personnel transfers and offensive and defensive plans are subject to my instructions. You, the city lord, will stay with me for the time being and obey my orders. "

The Lord of Giant Spirit City immediately clasped his fists respectfully and said, "Everything will be subject to the arrangements of His Highness the Ninth Prince."

For the city lord of this border city, the Ninth Prince was definitely an extremely noble being, so he did not dare to have any thoughts of resisting the Ninth Prince's orders.

At this time, the Lord of Giant Spirit City saw a young man in white standing next to the Ninth Prince.

He was suddenly shocked inside.

This boy in white looks like an ordinary human boy, but he is actually able to stand side by side with such a distinguished figure as the Ninth Prince.

This shows how noble his status is!

At this time, the Lord of Giant Spirit City silently recorded the appearance of this young man in white, knowing that this kind of person should not be provoked. He must be a big shot from the Imperial City.

The boy in white is naturally Ye Feng.

At this moment, Ye Feng looked at the Ninth Prince beside him and said aloud: "Last time in the Land of Ancestors, Ninth Prince, you got those clay figurines, now you can take them out directly and arrange them all here. Outside the city walls of the Giant Spirit City, they can serve as guards, because the soldier figurines cast from the soil are like puppets with intelligence. They do not need to consume any energy at all, and they are not afraid of pain. , not afraid of death, not afraid of wind and sun, let them guard the entire city outside, always on alert, if there is any movement, they can attack or defend at any time. "

Hearing what Ye Feng said, the Ninth Prince immediately nodded, took out thousands of terracotta warriors and horses from his storage ring, and then arranged them all outside the walls of the entire Giant Spirit City, surrounding the entire city. A week of city walls.

In this case, the entire Giant City will be defended by thousands of tigers and wolves, which will make it much safer.

After all, everyone may be stationed in this Giant City for a long time in the future, so it is important to take defensive measures.

"His Royal Highness the Ninth Prince is truly generous."

Seeing this scene, the Lord of Giant Spirit City admired from the bottom of his heart.

Although the City Lord of Giant Spirit City is only the City Lord of a small border city, after all, as the City Lord, he is also a knowledgeable person.

I saw that the Ninth Prince took out thousands of soldier figurines at once, just like a tiger and wolf army that was not afraid of death. This was definitely an extremely powerful force, and it was not something that ordinary people could produce.

At this time, the Lord of Giant Spirit City suddenly felt a deep admiration and unfathomable feeling towards the Ninth Prince.

After all, when the Lord of Giant Spirit City received the imperial edict, he was still a little disappointed knowing that he was dealing with the weakest house, the Ninth Prince. .??.

But now that he saw how powerful the Ninth Prince's methods were, he immediately understood what the ancients meant when they said that three people become a tiger.

Those rumors about the weakness of the Ninth Prince are just rumors. None of these princes from the Imperial City is simple, and they all have their own powerful means.

At this time, the Ninth Prince looked at the Lord of Giant Spirit City in front of him and said loudly: "Take us directly into the city, and report to me the current combat readiness of your Giant Spirit City, how many soldiers are left, and the entire city. How many residents there are, as well as the training resources, food, and fresh water that can support the training of many soldiers. I have to know all these situations, especially the smallest things such as food, drink, and training resources. It also needs to be reported truthfully."

When the Lord of Giant Spirit City heard what the Ninth Prince said at this moment, he immediately began to report everything truthfully.

While the Lord of Giant Spirit City was talking, the Ninth Prince actually took out an animal skin scroll and started recording.

And Ye Feng, who was standing next to the Ninth Prince,

, seeing that the Ninth Prince was so professional, a look of surprise suddenly appeared in his eyes.

After all, Ye Feng had always felt that the Ninth Prince was born in the imperial city and had been pampered since childhood, so he probably didn't know these things at all.

Unexpectedly, the Ninth Prince went straight to the topic as soon as he arrived, and he was very experienced.

It seems that although the Ninth Prince's cultivation is not very good, he is still quite knowledgeable about leading troops in battle.

It is estimated that before coming to the border city, he had studied hard in the palace.

At this moment, following the report from the city lord of Giant Spirit City, the Ninth Prince and his party finally entered Giant Spirit City.

"this....."

When they arrived inside the city, everyone immediately saw a very dilapidated scene.

I saw that the entire city was deserted everywhere. The residents or warriors walking in the city all looked weak, and they had obviously been hungry for a long time.

This scene is in stark contrast to the prosperity of the Ice and Snow Imperial City.

Seeing this scene at this moment, the Ninth Prince immediately frowned and his eyes were a little ugly.

The Lord of the Giant Spirit City noticed the change in the expression of the Ninth Prince, and immediately clasped his fists and said: "Your Highness, the Ninth Prince, the attack of the dark demon tribe has been very fierce recently, and many of our warriors in the Giant Spirit City have died in the battle. "

Hearing this, the Ninth Prince couldn't help but said: "Then why do these ordinary residents look so hungry and weak? Don't you care about the residents of your city at all?"

The Lord of the Giant Spirit City immediately said: "That's not the case, it's the Dark Demon Clan! The Dark Demon Clan is very cunning. They took all the resources around our entire Giant Spirit City, including food, fresh water, and some mineral veins, all It's all under control."

The Ninth Prince frowned and said aloud: "So that's it."

The Lord of the Giant Spirit City immediately said: "His Royal Highness the Ninth Prince, I have told you the truth. Now our Giant Spirit City is almost in a desperate situation. The situation is critical. If His Highness the Ninth Prince's team does not come over, I am afraid that our entire Giant Spirit City will be destroyed." Like some of the surrounding small towns and villages, they will all be slaughtered by the dark demons sooner or later, because all our resources and food are almost exhausted and we are at the end of our rope. "

"I understand, this is not your fault. I can see that you tried your best."

When the Ninth Prince heard what the Lord of Giant Spirit City said, he frowned and nodded, and said loudly: "I didn't expect that the situation here has become so critical. Now that we are here, we must change everything. This time I will definitely We must have a good fight with this group of vicious and cruel dark demons and let them know that our Ice and Snow Dynasty is not someone to be trifled with."

After finishing speaking, the Ninth Prince looked at Ye Feng beside him and asked aloud: "You heard all the situation beside me. Brother Ye, what do you think?"

#### Chapter 3488 Taking Back Control

Hearing the Ninth Prince's question at this moment, Ye Feng immediately said: "I think the most important thing to solve now is the resource problem. Now the entire border city is controlled by the forces of the Dark Demon Clan. Including food sources, water sources, and some mineral veins, these are all necessities for war, so the most important thing for us now is to eliminate the dark demons who control these special places first, and then we can develop stably and carry out The next thing."

After Ye Feng finished speaking, several people present couldn't help but nodded.

The Ninth Prince immediately issued an order and said: "Then we will directly lead all the teams to destroy the surrounding dark demons that control these special areas, and regain control of these food, water sources and cultivation mineral veins. Take it back."

When the Lord of Giant Spirit City heard what the Ninth Prince said, he immediately showed joy in his eyes and said loudly: "Okay, I will gather all the remaining soldiers to go together now."

When the Ninth Prince heard what the Lord of Giant Spirit City said, he immediately shook his head and said: "Don't bother me so much. I'm afraid you don't have many teams left. You'd better keep the forces under your command first. This time I will Brother He and Ye will take our newly arrived team to destroy these dark demons, just so that my team can have a good experience. "

For the Ninth Prince, in addition to saving the current crisis situation of the city, he also has a more important purpose when he comes to this border city, which is to use this opportunity to train his team in actual combat. Experience, such words will be of great help in the future.

At this moment, the Ninth Prince didn't even go to the City Lord's Mansion, but just led a group of people outside with Ye Feng.

The Lord of the Giant Spirit City immediately spoke out: "If we all go out, if there is a dark demon attack, the entire city will be in crisis."

When the Ninth Prince heard what the Lord of Giant Spirit City said, he immediately smiled and patted the other party on the shoulder, and said loudly: "You don't have to worry about this. When I came to this city before, didn't you already see it? , I have arranged thousands of soldier figurines around this city. These soldier figurines are all intelligent. If the dark demons really come to attack,

these soldier figurines who are not afraid of death will The one who attacks directly is like an army of tigers and wolves, guarding the entire city, and my chief steward Xia Lao also asked him to stay in the city, so there is no need to worry. "

Hearing what the Ninth Prince said, the Lord of Giant Spirit City finally felt relieved. He immediately nodded and said loudly: "His Royal Highness the Ninth Prince is wise and martial, and my subordinates admire him. Then I will take His Highness the Ninth Prince to the court now. Walking towards the nearest special area, that place is where our Giant Spirit City grows food and keeps evil beasts in captivity. It is a place where special food comes

The place of origin. "

"good."

The Ninth Prince nodded and led a group of troops, including Ye Feng, to fly quickly in that direction following the Lord of Giant Spirit City.

When everyone arrived at the place mentioned by the Lord of Giant Spirit City, they immediately saw thousands of dark demons, all wearing heavy armor and looking murderous. They were standing there, guarding the surroundings. .

Seeing this scene, the Lord of Giant Spirit City showed a trace of fear in his eyes, and said loudly: "These thousands of dark demons are very powerful and equipped with very powerful armors. Our little borderland... The defensive force in the city is no match for these dark demons, so we even lost our food source."

The Ninth Prince nodded slightly and said loudly: "It's not your fault. The many dark demons that appeared in the borderland this time are all existences from higher realms. They are very powerful and are not ordinary demons, so This time, my father specially sent us princes to the border areas to fight against these dark demons."

After finishing speaking, the Ninth Prince looked at the team behind him and said directly: "You all attack together directly. This time you can sharpen your combat experience."

Although these teams behind the Ninth Prince are all very advanced in strength and cultivation, they are the teams carefully selected by the Ninth Prince.

But after all, they all come from the Imperial City, so they don't have much experience in war. This time they can just try their skills first.

"Yes, His Highness the Ninth Prince."

At this moment, all the experts in the entire team spoke out one after another, and then rushed forward in an instant.

Ye Feng did not take action at this time, because he also felt that the teams under the Ninth Prince should really be trained in actual battles.

After all, only in blood and fire can the most powerful team be forged.

Unless these teams suffered an irresistible devastating blow, top players like Ye Feng might take action.

"These soldiers of the Ice and Snow Dynasty are here to die again! It seems that this time we have more food!"

At this time, a group of dark demons who were guarding the food land not far away saw the soldiers of the Ice and Snow Dynasty rushing over not far away, and they all laughed out loud.

Obviously, these dark demons from the Demon Realm look down on these low-level demons very much.

A practitioner in the super realm.

"Boom!"

But at the moment of the fight, the eyes of these dark demons suddenly changed.

Because they discovered that this team of soldiers was different from the team in the border city they had encountered before.

The soldiers in that border city were all very weak, and they were killed casually.

However, the group of soldiers who rushed over this time all had extraordinary skills, and their cultivation was obviously much stronger. They were not able to fight against them at all.

So almost in one encounter, nearly half of the thousands of dark demons were killed.

"No! This is definitely not a team of soldiers from that small border city! This is definitely an elite team from the Ice and Snow Dynasty!"

"It should be reinforcements from the Ice and Snow Dynasty, but they arrived so quickly!"

At this moment, a group of dark demons finally understood everything. They immediately retreated quickly, trying to escape from here. .??.

Boom!

But at this time, Ye Feng couldn't let these dark demons escape. After all, these were all majestic energies.

So at this moment, Ye Feng stretched out his hand and grabbed it. A terrifying power aura rushed out from Ye Feng's five fingers, instantly killing nearly half of the dark demons who had escaped. .

"How scary!"

Seeing that Ye Feng killed more than a thousand dark demons in an instant with his own strength, the Lord of the Giant Spirit City who was following him widened his eyes.

At this time, he finally understood why this young man in white seemed to be ordinary, but he could stand side by side with the extremely noble Ninth Prince. It turned out that this young man in white was such a terrifying existence.

"Devouring the Realm!"

At this moment, Ye Feng released the Devouring Domain, swallowing up all the blood and energy of the thousands of killed dark demons.

Although these thousands of dark demons are all very ordinary demon soldiers, their cultivation is not very strong.

But after all, there are thousands of dark demons, a very large number.

So the blood energy gathered together is quite good.

This directly caused a breakthrough in Ye Feng's cultivation.

From the first level of Silver Moon Realm, he broke through to the second level of Silver Moon Realm.

"not bad."

At this time, Ye Fengwei

He murmured slightly.

“The source of food is finally back!”

At this moment, the happiest person is naturally the Lord of Giant Spirit City.

Originally, the city lord of Giant Spirit City was almost desperate, but this time His Highness the Ninth Prince brought so many powerful masters and took back the food land in an instant. The entire Giant Spirit City will definitely be able to regain its vitality immediately.

At this moment, the Ninth Prince looked at the Lord of Giant Spirit City beside him and said: "The land of food has been recaptured. Now take us to other places. The most important thing is the mineral veins around the entire city. Because all soldier battles, including the training of warriors, require the training resources in the mineral veins. These mineral vein resources are very important, and control must be regained. "

The Lord of Giant Spirit City immediately nodded, and then said very cautiously: "Your Highness the Ninth Prince, the dark demons also know that the mineral resources are very important, so the dark demons stationed around the mines must be the most powerful. We still have to Be careful, but with Lord Ye Feng beside you, the Ninth Prince, there is no big problem."

When the Ninth Prince heard what the Lord of Giant Spirit City said, he immediately laughed and said: "You are right, Brother Ye is indeed the strongest master around me. With Brother Ye here, there should be no problem. "

In fact, the most powerful among this group is the senior butler of the Ninth Prince, Mr. Xia.

However, just in case, when they left Giant Spirit City before, they still asked Mr. Xia to stay in Giant Spirit City to protect the safety of the entire city.

After all, for everyone now, Giant Spirit City, a border city, is their base camp.

So when they come out to deal with these dark demons, the safety of the base camp is very important.

Moreover, Princess Peacock also stayed in the base camp of Giant Spirit City, which was safer.

After all, this good girl originally wanted to go out and have fun, but she saw so many cruel behaviors of the dark demons along the way, as well as the tragic scenes of many villages and towns being slaughtered. Princess Peacock has now become calm. Many people no longer clamor to go out to play all day long, but stay in Julingchen, prepare to practice well, improve their cultivation strength, and be able to help when the war finally breaks out.

The Ninth Prince was very pleased with the growth of Princess Peacock.

At this moment, the Lord of Giant Spirit City led a group of Ninth Princes and continued to fly quickly in the other direction.

That direction is exactly the direction of the mineral resources around Giant Spirit City.

It is also the most important strategic place!

## Chapter 3489 Dark Energy Tower

Half an hour later, the city lord of Giant Spirit City, together with Ye Feng and the Ninth Prince, had arrived at the location of the mineral veins around Giant Spirit City.

At this moment, everyone was lurking in the surrounding bushes, looking into the distance.

They immediately saw a stretch of mountains in the distance.

At this time, the city lord of Giant Spirit City immediately said: "That mountain range is the largest mineral vein around our Giant Spirit City. Under every mountain there is a mineral vein, including spirit stone mineral veins, and many other mineral deposits. Mineral veins of attribute energy, our normal cultivation in Giant Spirit City relies on the resources in these veins, but now they are all occupied by the dark demons. "

At this time, everyone looked into the distance, and sure enough they saw many tall dark demons wearing armor, standing in the surrounding mountains, obviously guarding these mineral veins.

At this moment, everyone can feel that these dark demons wearing armor are many times more powerful than the demons that guarded the food land before. The aura on their bodies is very terrifying, and each of them is unique. Master.

There was a trace of surprise in the eyes of the Ninth Prince at this time, and he couldn't help but said: "Sure enough, this kind of mineral land is very valued. These dark demons actually sent so many strong men and masters to station there. it's here."

The Lord of the Giant Spirit City immediately nodded and said: "So we must be careful. This is just the dark demon clan on the periphery. There are many other powerful dark demon clans in this mine. There should be many people stationed here. There are thousands of dark demon masters. This time we cannot simply let the team charge as we did before, otherwise there will definitely be heavy casualties, because in this mine vein, someone from our city has explored it before. Not only are there many dark demons stationed there, but there are also many war weapons forged by the dark demons, such as some dark energy towers that can emit terrifying power through dark crystals, which are very terrifying weapons. "

Hearing what the Lord of the Giant Spirit City said, the Ninth Prince and Ye Feng's people looked not far away, and sure enough they saw huge dark towers vaguely visible in the mountains, pitch black. , exuding dark light, looking very deep and terrifying.

These should be the dark energy towers mentioned by the Lord of Giant Spirit City. ??

As long as the creatures who are not from the dark race approach these dark energy towers, they will be sensed by the dark energy towers, and then a very terrifying dark energy light wave will burst out in an instant, instantly destroying any existence that comes close.

Seeing this, the Ninth Prince had a hint of ugliness in his eyes.

It seems that the power of this mine is not so easy to compete for.

But at this moment, Ye Feng suddenly said: "If you want to gain control of this mineral resource, you must

Destroy all these dark demons. In fact, these dark demons stationed in the mines are not as powerful as you think. As long as all our team masters gather together, we should be able to fight against these dark demon armies. At a 50-50 ratio, the biggest threat is actually the dark energy towers forged by these dark demons, which have very terrifying destructive power. "

Hearing this, the Ninth Prince nodded and said, "Then what should we do now?"

Ye Feng thought for a while, and then said: "I will lurk in alone and destroy all the dark energy towers. In this case, the Ninth Prince, you will lead all the teams to carry out a large-scale attack outside. I By working together inside and outside, we should be able to completely eliminate all the dark demons stationed in this mineral land and take control of this mineral land. "

Hearing what Ye Feng said, the Ninth Prince immediately became a little worried and said: "In this case, will you be in huge danger? After all, if you go in alone, even if your cultivation level is very high, you may be killed by these The dark demon clan was immediately besieged and suffered heavy losses. No, I can't let you take the risk alone. You can think of other ways."

Ye Feng smiled and said: "Ninth Prince, don't worry, I have a very powerful disguise technique that allows me to disguise myself as any race, so I will not be in danger."

After saying that, Ye Feng immediately started to use his own energy, transforming it into the attribute aura of the dark demon clan.

Buzz!

At this moment, a terrifying dark aura emanated from Ye Feng's body.

In the eyes of everyone, Ye Feng has obviously become a "dark demon".

The aura was so strong that everyone couldn't believe that Ye Feng actually possessed such a wonderful secret technique.

"I feel like Lord Ye Feng has directly turned into a dark demon!"

When the Lord of Giant Spirit City standing aside saw this scene, he immediately exclaimed in disbelief.

The Ninth Prince stared at Ye Feng, who was full of demonic aura, with a look of deep surprise in his eyes, and couldn't help but say: "Brother Ye, I didn't expect that besides your own strength and cultivation, you also have such a magical power." With his own methods, he can actually disguise his own breath into the same breath as that of the dark demons. In this case, it will be really difficult for those dark demons to discover your true identity, Brother Ye. Maybe Brother Ye, you can really secretly Destroy all the dark energy towers."

When Ye Feng heard what the Ninth Prince said, he immediately grinned and said

Said: "So I said, Ninth Prince, don't worry, there won't be any danger. Next, I will sneak in first, and then Ninth Prince, you guys will wait for my signal outside. As long as I send the signal bomb, you will go directly with all All the masters of the team rushed in and annihilated all the dark demons stationed in the place."

Hearing what Ye Feng said, the Ninth Prince immediately nodded very solemnly and said, "Okay, I understand."

After finishing speaking, the Ninth Prince patted Ye Feng on the shoulder and said very seriously: "Brother Ye, you know that your life safety is the most important. If you really can't destroy those dark energy towers, escape in time. After all, Where there is life, there is hope."

Ye Feng nodded, then turned around and quickly flew towards the land of mountains and mineral veins not far away.

At this moment, the group of people standing there had admiration in their eyes.

After all, even with a layer of disguise, there is still a risk of being discovered by countless dark demons.

Once discovered, death may occur instantly.

After all, they are thousands of extremely powerful dark demons, and each one of them is very powerful in strength and cultivation, which is equivalent to a dragon's pond and a tiger's den.

At this moment, everyone admired Ye Feng's courage for daring to break into the terrifying dark demon camp alone. After all, if he was not careful, he would die.

"I'm so lucky to have the help of a peerless genius like Brother Ye." Even the Ninth Prince couldn't help but sigh at this time.

At this time, the Lord of Giant Spirit City finally understood why the weak Ninth Prince suddenly became so powerful. It turned out that it was all because of this Lord Ye Feng who took him away.

...

Swish, swish, swish!

At this time, after Ye Feng left the team, he was exuding a dark demonic aura and lurked directly into the mountains and mineral veins.

With this layer of demonic camouflage, Ye Feng was almost not discovered by the dark demons around him.

Soon, Ye Feng directly used the space gem and shuttled under a huge dark energy tower.

There are many dark demons guarding this dark energy tower.

Ye Feng was standing in a blind spot under the tower at this moment, thinking about ways to destroy these dark energy towers.

If someone else is disguised, they will definitely be sensed by the dark energy tower in an instant, and then the dark energy light waves will be dropped to kill them instantly.

But Ye Feng's disguise is not just a disguise, but the true attributes of his skills and the origin of his life, transforming him into a dark demon.

\u003e

So at this time, even the dark energy tower, a powerful war weapon, could not detect Ye Feng's abnormality and did not cause any harm to Ye Feng.

At this time, Ye Feng stood in front of a huge dark energy tower, then stretched out his hand and touched the tower.

Buzz!

At this moment, Ye Feng could immediately sense that this dark energy tower was definitely cast from a very special energy stone.

Perhaps it was cast from the high-grade dark energy crystals brought from the higher realm of the Demonic Realm, otherwise it would not have such powerful power.

At this time, Ye Feng wanted to directly destroy this dark energy tower.

"Um?"

But at the next moment, Ye Feng raised his eyes and suddenly his eyes were startled.

Because he discovered that there were no less than a dozen dark energy towers standing in the entire mountain ore land, and they were all very majestic.

Ye Feng suddenly felt a little embarrassed.

If you destroy the dark energy tower in front of you instantly, you will definitely be discovered by all the dark demons.

Next, there are more than a dozen other dark energy towers inside. Destroying only one dark energy tower does not seem to have any special effect.

At this time, Ye Feng had to think of a way to destroy all the dozens of dark energy towers without anyone noticing.

But Ye Feng is alone now and it is difficult to complete this matter.

"Ye Feng, use your devouring power to absorb all the dark energy in this dark energy tower. In this case, this dark energy tower will lose its effect, and it will not cause other dark demons to 's attention.

Emperor Chu's voice suddenly sounded in Ye Feng's mind, bringing new ideas to Ye Feng.

Ye Feng's eyes suddenly lit up and he couldn't help but said: "That's right! These dark energy towers are all made of high-grade dark energy crystals in the Demon Realm. As long as I can use the materials of these dark energy towers to If the dark energy is swallowed up and absorbed, then these dark energy towers will naturally lose their power and become 'waste towers'. "

Thinking of this, Ye Feng didn't hesitate at all. A swallowing vortex appeared in his hand, and then he pressed it on the tall and majestic dark energy tower in front of him, and began to quickly absorb the darkness in the materials for casting this dark energy tower. energy.

On the one hand, these dark energy towers can lose their power, and on the other hand, they can use these dark energy to supplement their own skills.

Simply kill two birds with one stone!

## Chapter 3490 Genius Student

Since this method is feasible, Ye Feng naturally does not hesitate now and directly releases his Devouring Domain, quickly absorbing the dark energy in the huge dark energy tower in front of him.

If ordinary people come into contact with these dark energies, their entire body may be instantly infected by this dark energy, and then completely turn into a monster that has lost its mind.

But for Ye Feng, all this does not exist.

Because of Ye Feng's physical constitution, he was able to use his skills to absorb energy from thousands of attributes under the sun.

So at this time, Ye Feng can absorb the dark energy in the entire dark energy tower very casually and calmly. .??.

At this moment, as Ye Feng devoured it, the energy fluctuations on the entire dark energy tower suddenly became very small, and even disappeared in the end.

This made Ye Feng's eyes change slightly, fearing that it would attract the attention of other dark demons around him.

But these dark demons seem to be very confident in the dark energy tower they have built.

Therefore, after the energy fluctuations on the dark energy tower became smaller, these dark demons did not feel anything unusual.

"call."

Seeing this scene, Ye Feng finally breathed a sigh of relief.

Then continue to absorb the huge energy in the entire dark energy tower.

Under the injection of such a terrifying dark energy, Ye Feng's skills immediately received an unparalleled improvement.

At this moment, Ye Feng could feel that his cultivation was beginning to break through at an incredible speed.

But Ye Feng now suppressed this breakthrough in cultivation.

Because Ye Feng knew very well that if he broke through on the spot now, the aura of his breakthrough would definitely attract the attention of countless dark demons around him.

In that case, he will definitely expose his hidden position here.

So at this time, Ye Feng relied on his extremely powerful will to temporarily suppress all the majestic energy in his body, without injecting it into his Dantian.

In this case, there will be no breakthrough in one's own skill and cultivation.

After Ye Feng finished absorbing the dark energy tower in front of him, he continued to use the space gem, then shuttled through the void, and came to another dark energy tower.

Ye Feng stood in the blind spot of the surrounding dark demon guards and continued to devour and absorb the dark energy in the second dark energy tower.

Ye Feng has not injected all of this majestic dark energy into his Dantian, but only temporarily stored it in his body.

After absorbing everything, Ye Feng made another breakthrough.

As Ye Feng continued to devour, almost all the dark energy in the dozen tall and majestic dark energy towers was absorbed by Ye Feng.

At this time, Ye Feng finally breathed a sigh of relief, and his mission was completed.

At this moment, Ye Feng finally stopped hesitating and completely injected all the dark energy from the dozen dark energy towers into his Dantian.

Boom! !

With such a terrifying and boundless energy injected into Dantian, Ye Feng's cultivation level suddenly experienced an unparalleled breakthrough.

You know, this is the majestic dark energy in a dozen dark energy towers, so it is very terrifying and very huge.

Ye Feng's cultivation level immediately began to make breakthroughs rapidly and continuously.

"boom!"

Silver Moon Realm Third Level

sky!

"boom!"

The fourth level of Silver Moon Realm!

"boom!"

Silver Moon Realm Fifth Heaven!

"boom!"

Silver Moon Realm Sixth Heaven!

At this time, Ye Feng's cultivation aura finally stopped.

In just a few seconds, Ye Feng's cultivation directly broke through the fourth level!

From the second level of Silver Moon Realm, he broke through to the sixth level of Silver Moon Realm!

This was an extremely terrifying improvement and breakthrough, which made Ye Feng's eyes reveal deep excitement.

Ye Feng couldn't help but sigh, "These dark energy towers are indeed made of materials from the more advanced realm of the Demon Realm. The dark energy contained in them is so majestic that my cultivation level has improved." Great nourishment."

At this moment, Ye Feng's breakthrough momentum finally attracted the attention of countless dark demons around him.

"what's the situation?"

At this time, all the dark demons suddenly widened their eyes and looked in a certain direction not far away.

Because they never expected that an uninvited guest would appear in such a heavily guarded place and break through on the spot.

What's going on?

"No matter what, let's take down this boy with a suspicious identity first. Although he exudes the aura of our dark demon clan, it always feels like his origin is unknown!"

At this time, a group of dark demons suddenly rushed towards Ye Feng's breakthrough direction with weapons in hand.

boom!

At this time, Ye Feng didn't hesitate at all. He directly fired a signal bomb into the sky and exploded high in the sky.

Boom!

Almost at the moment Ye Feng released the signal bomb, the Ninth Prince and a group of experts who had been preparing for the attack rushed over immediately.

"kill!!"

At this moment, all the royal masters unleashed their incomparable fighting power, holding the weapons in their hands and frantically attacking and killing the dark demons.

The sudden attack caught these dark demons by surprise and caused heavy losses to the dark demons stationed in this area.

A group of dark demons immediately shouted: "It turns out to be a team of soldiers from the Ice and Snow Dynasty. Hurry up and release the power of the dark energy tower to wipe out all these hateful Ice and Snow Dynasty teams. The mineral resources of this mountain range are very precious and will be of great help to us, the Dark Demon Clan, in their invasion of the entire Snow Region. We must not miss it!"

Swish, swish, swish!

Swish, swish, swish!

At this moment, many dark demons suddenly flew to the tall dark energy towers and began to stimulate the power of the dark energy towers.

But at the next moment, what made all the dark demons look extremely ugly was that a dozen dark energy towers were unable to exert any power at this moment.

The energy in the entire dark energy tower seemed to have been drained, and it was completely turned into ruined towers.

"How can this be!"

Several commanders of the dark demon clan saw this scene at this moment, and their expressions immediately became extremely ugly.

It seems that they never thought that they had spent several hard work

So many dark energy towers that were forged in years have just failed, and they can no longer exert any power.

This is an extremely bad thing.

However, at this time, the Ninth Prince and a group of royal masters did not give these dark demons a chance to react, and directly killed these dark demons crazily.

"boom!"

At this time, Ye Feng also burst out with his terrifying fighting power, releasing the extremely powerful group attack inheritance of the Eternal Thunder Dragon True God Diagram.

Boom!

Boom!

Suddenly, giant thunder dragons burst out from Ye Feng's body, and then rushed towards the surroundings, frantically wiping out the dark demons.

Ye Feng's current cultivation strength has been raised to a very high level, so the power of the thunder dragon released by Ye Feng at this time is becoming more and more terrifying.

In addition, a golden long sword appeared in Ye Feng's hand, which was the Tianlong Sword.

boom!

At this moment, Ye Feng held the Tianlong Sword in his hand and slashed forward fiercely, directly smashing a mountain into pieces.

Among the countless rubbles, a giant monster several hundred meters tall suddenly appeared in everyone's sight.

This armored troll had a look of deep shock and anger in his eyes. He stared at Ye Feng and said loudly: "How do you know I am hiding in these mountains?"

Ye Feng just smiled slightly and said, "Of course I have a way to sense your power."

Ye Feng could feel at this moment that this armored troll was definitely the strongest being among this group of dark demons, and the aura of cultivation on his body had definitely far surpassed the Silver Moon realm he was currently in.

It is very possible that this armored giant is a strong person in the Sun Wheel Realm above the Silver Moon Realm.

And it is not the first time to enter the Sun Wheel Realm, it is very likely that it is an advanced level in the Sun Wheel Realm.

"You, a human boy, are too presumptuous. You actually dare to provoke me. Then I will kill you directly!"

Boom!

At this moment, an extremely powerful and terrifying aura suddenly erupted from the armored giant.

That is exactly the cultivation momentum of Dzogchen, the tenth level of the Sun Wheel Realm.

boom!

The armored giant suddenly rushed in front of Ye Feng. A huge steel ax appeared in his hand and struck directly at Ye Feng.

when! !

Ye Feng pulled out the Tianlong Sword at this moment and fought with the armored giant.

Boom!

The entire field suddenly erupted with terrifying battle energy fluctuations, destroying all the surrounding mountains and land.

What surprised Ye Feng was that this armored troll was much more powerful than he had imagined, and its combat power was also very strong. It was estimated that he would be unable to do anything to this armored troll for a while.

But Ye Feng is not afraid. After all, his cultivation skills are boundless and he can put it to good use against this armored giant.

But just when the two were fighting.

Suddenly the whole sky was above.

"Boom"!

A large swath of frozen light suddenly struck down from high altitude, and instantly froze the entire body of the fighting armored troll into an ice sculpture.

Unable to move.

"Um?"

Ye Feng's eyes were surprised, but without any hesitation, he struck hard with his sword, splitting the armored giant in half in an instant and killing it directly.

But at this moment, Ye Feng was looking high in the sky.

He was very confused in his heart, who was helping him?

Being able to freeze this extremely powerful armored troll in an instant, the person who came here is definitely a very powerful being, and his strength is definitely not weaker than himself, or even much stronger than himself.

At this time, Ye Feng raised his head and looked high in the sky, and immediately saw a young woman wearing a blue gown high in the sky.

On her white wrist, there was a bracelet that seemed to sparkle with ice-blue light.

The frozen air just now seemed to be released from this bracelet.

This is definitely a very precious and unique treasure!

He has a strong cultivation base and possesses very powerful peerless treasures.

This young woman wearing an ice blue gown definitely has an extraordinary status.

Ye Feng immediately asked: "Thank you for your help. I wonder where you are from? Thank you so much."

This young and beautiful woman in an ice blue gown stared at Ye Feng underneath and said loudly: "Your fighting power is very good, much stronger than I imagined. You should be the royal family of our ice and snow royal family before. Ye Feng, the young genius who stands out in the competition, after all, the Ninth Prince is here."

When Ye Feng heard what the woman in the ice blue gown said, he immediately showed a look of surprise in his eyes, and couldn't help but ask: "You are also a member of our Ice and Snow Royal Family?"

Just when Ye Feng finished speaking, the Ninth Prince flew over and said with some surprise: "Xia Bingbing? I didn't expect you to appear here. This time, it seems that my father's invasion of the dark demon clan is really serious. We take it very seriously, and even sent out talented students like you from the Royal Martial Arts Academy."

When Ye Feng heard what the Ninth Prince said, he immediately showed a hint of surprise in his eyes.

It turns out that this beautiful woman in blue named Xia Bingbing comes from the Royal Martial Arts Academy of the Ice and Snow Royal Family, which specializes in cultivating young talents.

No wonder his cultivation is so strong and he has such precious and powerful treasures on his body.

After all, those who can be called genius students in the Royal Martial Arts Academy are all the elites of the Ice and Snow Dynasty, and naturally they all have many methods.

There was a look of doubt in the eyes of the Ninth Prince, and he couldn't help but ask: "Xia Bingbing, why did you suddenly appear here?"

Xia Bingbing said aloud: "There is a super strong man of the dark demon clan near here called the 'Mantuo Demon Lord', who has established a force around him called 'Mantuo Villa'. The reason why I The reason for appearing nearby is naturally to unite with other young geniuses from our Ice and Snow Dynasty to eradicate the Mantuo Demon Lord in Mantuo Villa. This is an extremely powerful dark demon master. If not eliminated, it will pose a threat to the surrounding hidden dangers. Very big."

When she said this, Xia Bingbing suddenly looked at Ye Feng who was next to the Ninth Prince, and said aloud: "I want to invite a genius like Ye Feng to come with me to the nearby Mantuo Villa to see if I can Hunt down Demon Lord Mantuo, the core figure of the dark demon clan."

Hearing what Xia Bingbing said, Ye Feng finally understood why Xia Bingbing helped him. It turned out to be to invite him to hunt down a core figure in the dark demon clan.
