

Ancient 3491

Chapter 3491 Gathering Point

At this time, Ye Feng looked at Xia Bingbing in front of him, and then suddenly looked at the Ninth Prince beside him, and asked aloud: "I am quite willing to help Senior Sister Xia Bingbing to hunt down the Mantuo in Mantuo Villa. Demon Lord, if I leave, will there be any danger to you, Ninth Prince?"

For Ye Feng, the Mantuo Demon Lord of Mantuo Villa is definitely a powerful being among the extremely terrifying dark demons.

If he helped Xia Bingbing hunt it down, he would have made a considerable contribution to the Ice and Snow Dynasty, and might be rewarded with some resources.

In addition, the most important thing is that Ye Feng is very interested in this Mando Demon Lord.

Because this Mando Demon Lord is so powerful that it is worthy of the talented students of the Royal Martial Arts Academy to unite to hunt him down.

If he is killed, Ye Feng's ability to devour this Mando Demon Lord will definitely greatly improve his own ability.

Because Ye Feng discovered that the skills of these ordinary dark demons could no longer improve his own skills too much.

Therefore, Ye Feng must now find the stronger ones among the more advanced dark demons to devour them.

Only in this way can we maintain our rapid breakthrough. .???.??

After all, coming to the borderland this time is a huge opportunity for Ye Feng.

Because there are many extremely powerful dark demons here.

If you can hunt down many powerful dark demons and devour them, your skills will increase unparalleled.

So at this time, Ye Feng was also quite interested in Xia Bingbing's invitation.

But on the Ninth Prince's side, if he leaves, there may not be many powerful people left.

This is what Ye Feng is worried about.

When the Ninth Prince heard what Ye Feng said at this moment, he immediately smiled and said: "Brother Ye, don't worry, if there is really any danger, Mr. Xia will help me, and you have to know that if you keep With the help of you, Ye Feng, the team under me will never be able to grow, so it is actually good for you to leave for a while, so that the team under me can truly enter the life and death test. "

When Ye Feng heard what the Ninth Prince said, he immediately nodded slightly.

At this time, Xia Bingbing said aloud: "Since the Ninth Prince agrees to let you leave, then let's leave here directly and go to Mantuo Villa as soon as possible, so as not to waste the opportunity to hunt."

Ye Feng nodded slightly, and then said loudly: "Wait for me first."

After saying that, Ye Feng walked directly to the entire mountain ore land, and instantly released his devouring domain, directly covering all the dark demons stationed in the place that he had killed before. into his own darkness devouring realm.

"boom!!"

Although the dark demons stationed in these places are all ordinary dark demons, their skills and cultivation are not that powerful.

But there are tens of thousands of them. At this time,

After swallowing them all, it also provided Ye Feng with a lot of energy, which directly allowed Ye Feng's cultivation to break through the first level of heaven again and step into the seventh level of Silver Moon Realm!

At this time, Ye Feng was quite satisfied with taking back the Devouring Domain.

Xia Bingbing's eyes showed a trace of surprise at this time. She looked at Ye Feng, as if she didn't expect that Ye Feng's cultivation level had unexpectedly broken through.

Because they simply couldn't tell that Ye Feng's dark realm was a devouring type of realm.

They just saw that Ye Feng released a dark light that enveloped the whole place. They didn't know what Ye Feng was doing specifically.

But Xia Bingbing didn't ask any more questions at this time. After all, everyone has their own secrets.

At this moment, after Ye Feng finished devouring it, he looked at Xia Bingbing, smiled and said, "We can leave directly now."

"good."

Xia Bingbing nodded, and after saying hello to the Ninth Prince, she took Ye Feng away from here and flew quickly towards a certain direction in the wild jungle.

On the way to fly, Xia Bingbing said to Ye Feng beside her: "Ye Feng, although your combat power is very powerful, your cultivation level is still not too high after all, and you have not really grown up, so when the time comes to hunt down the Mantuo Demon Lord in Mantuo Villa, you must pay attention to your own safety. After all, you are the popular person next to the Ninth Prince, and I don't want you to be in danger, otherwise, it will not be easy for me to get along with you. The Ninth Prince explains."

When Ye Feng heard what Xia Bingbing said, he immediately smiled and said, "Okay, I will pay attention to it myself."

At this time, Ye Feng could sense that the cultivation aura of Xia Bingbing was a powerful existence that surpassed the half-step palace level above Silver Moon Realm and Sun Wheel Realm.

He is worthy of being a super genius in the Royal Martial Arts Academy, and is very powerful.

At this time, Xia Bingbing continued to speak: "This time we are hunting the Mantuo Demon Lord in Mantuo Villa, not only the two of us, but also other talented students from the Royal Martial Arts Academy. We will meet with them now. Then go to Mantuo Villa."

When Ye Feng heard what Xia Bingbing said, he couldn't help but ask: "How powerful is the Mantuo Demon King in Mantuo Villa? He actually let so many geniuses from the Royal Martial Arts Academy gather together to go there Hunting."

Xia Bingbing said aloud: "This Demon Lord Manduo is a core figure among the dark demons. We don't know her specific cultivation level, but we conservatively estimate that the cultivation level of this Demon Lord Manduo is at least the Dao Palace realm." There are powerful beings at the tenth level of heaven, and they may even be powerful people at the Tianyuan level that have surpassed the Dao palace level, so this task is very difficult. We have gathered a lot of royal martial arts students to hunt, This is also a task given to us by the upper echelons of the royal family. If we can successfully hunt, then each of us will

They can all be rewarded with resources from the upper echelons of the royal family, and each person may be able to receive a full 10 million spiritual crystal resources. "

"Everyone gets 10 million?"

Hearing Xia Bingbing say this, Ye Feng's eyes suddenly lit up.

No wonder this group of talented students from the Royal Martial Arts Academy dared to take risks and entered the endless wild jungle to hunt such a powerful Mando Demon Lord. It turned out that the reward was so generous.

While Ye Feng and Xia Bingbing were talking, they had already gone deep into the wild jungle.

At this time, Ye Feng clearly felt that the surrounding sky had become much darker. ??

Moreover, there seemed to be demon spirits roaring and roaring in the entire world, and it even began to affect people's minds.

Ye Feng immediately understood that they should be approaching the Mantuo Villa where the Mantuo Demon Lord lived.

Xia Bingbing said aloud: "The gathering point for the talented students of our Royal Martial Arts Academy should be nearby. Let's look for it."

"good."

Ye Feng nodded and started searching with Xia Bingbing.

This area was not very big, so the two quickly found the gathering point.

It was an open space under a huge mountain.

At this time, there were many figures standing in this open space, all wearing the clothes of the Royal Martial Arts Academy.

Xia Bingbing said aloud: "Ye Feng, these are talented students from our Royal Martial Arts Academy."

Hearing this, Ye Feng nodded slightly.

Buzz!

At this time, Ye Feng released his soul power and sensed the direction not far away.

He could immediately sense that these geniuses from the Royal Martial Arts Academy were all very powerful in cultivation, and they were basically masters at the level of the Sun.

There are even a few whose auras are deeper and more powerful, and are actually half-walk palace-level existences comparable to Xia Bingbing.

Ye Feng sensed this, and there was a hint of admiration in his eyes.

It is indeed the Royal Martial Arts Academy founded by the royal family of the Ice and Snow Dynasty. The geniuses who can enter it are all extraordinary.

But it also shows how powerful the Mantuo Demon Lord of Mantuo Villa they are going to hunt this time is, and he is worthy of dispatching so many powerful geniuses from the Royal Martial Arts Academy.

"Sister Xia is here!"

At this time, Xia Bingbing brought Ye Feng here, which immediately caused a sensation.

Because Xia Bingbing's cultivation among them can be said to be among the top ones.

Ye Feng could sense that among the dozens of geniuses from the Royal Martial Arts Academy, the most powerful ones were those at the half-step palace level.

There are only six in total.

Including Xia Bingbing.

So Ye Feng immediately understood that the six strongest half-step palace-level students, including Xia Bingbing, should be the leaders of this team.

So after Xia Bingbing arrived at this time, all the experts present couldn't help but look towards them and expressed their welcome.

But after their eyes fell on Ye Feng, they didn't care anymore.

Because Ye Feng's cultivation is really inconspicuous, he is only at the seventh level of Silver Moon Realm.

You know, the weakest among the masters here are the existences of the third heaven of the Sun Wheel Realm.

So everyone ignored Ye Feng, an ordinary-looking young man.

They felt that Ye Feng was probably just a young junior that Xia Bingbing wanted to train, and he just came to join in the fun and get a piece of the pie.

After all, everyone who can participate in this hunting mission will be rewarded by the upper echelons of the royal family if successful.

In this regard, no one said much, nor did they ridicule in person. After all, it was Xia Bingbing, the extremely powerful Senior Sister Xia, who brought the person. Everyone was very understanding and didn't talk much.

"Xia Bingbing, this human kid you brought is too weak. He will only hinder us if he follows us. Are you sure you want to take him with you?"

But someone finally spoke up, with a very contemptuous tone.

This person is a young man wearing a golden robe. He is very tall, has an extraordinary temperament, and has a royal nobility.

This person's name is Gu Wenyuan. Like Xia Bingbing, he is a powerful genius student at the half-step palace level. He is the top being in this team. His status is also extraordinary and he has royal blood.

When Xia Bingbing heard what Gu Wenyuan said, her face was very calm and she said: "Don't underestimate Ye Feng. Although Ye Feng is not high in cultivation and is only in the seventh level of Silver Moon Realm, his real fighting power is definitely comparable to ordinary people." The existence of the Great Perfection of the Tenth Heavenly Realm of the Sun, I saw with my own eyes that he had a fight with a troll of the Great Perfection of the Tenth Heavenly Realm of the Sun."

"What?"

Hearing Xia Bingbing say this, everyone was shocked.

Gu Wenyuan even frowned and said: "Is this kid really that powerful? Don't lie to me. This hunting mission is very important. If someone holds you back, then even you, Xia Bingbing, can't afford it. This is a huge responsibility."

Ye Feng suddenly spoke up: "Senior brother, if you don't believe me, you can fight me. Don't you know if you try?"

"What?!"

Hearing what Ye Feng said, a group of talented students from the Royal Martial Arts Academy present showed deep astonishment in their eyes.

It seems that he did not expect that Ye Feng would be so bold and dare to directly challenge Gu Wenyuan, a top senior brother.

"Is this kid really good, or is he just pretending?"

Everyone around was talking a lot, as if they didn't believe that Ye Feng, a seemingly ordinary human boy, could have such a strong fighting power, because it was too unbelievable.

Chapter 3492 Stepping into the Trap

At this moment, after hearing Ye Feng's words, Gu Wenyuan's eyes showed a trace of surprise, as if he did not expect that Ye Feng would dare to declare war with him face to face.

"I have to say that your courage is commendable, but your cultivation is too weak. I'm afraid that if I strike casually, you will be seriously injured. That would not be good."

Gu Wenyuan spoke up at this time, obviously disapproving of Ye Feng's strength to the extreme.

Ye Feng just smiled indifferently and was about to say something.

"Report!"

But suddenly at this moment, a man in black suddenly flew over from not far away, came directly in front of Gu Wenyuan and others, clasped his fists and said loudly: "Brother Gu, a special situation suddenly occurred in Mantuo Villa. Lord Tuo disappeared in the villa, who knows where? "

"What?"

Hearing what the man in black said, Gu Wenyuan and others' expressions suddenly changed.

This time they spent a huge price to come here and gathered together just to hunt down the Mando Demon Lord in Mando Villa.

But now this spy actually said that Demon Lord Mantuo disappeared in the villa. This is not good news for them.

At this moment, Gu Wenyuan didn't care about arguing with Ye Feng. He looked directly at Xia Bingbing and several other top half-step palace level masters beside him, and said loudly: "We are now Rush over immediately to see what's going on. We must not let Demon Lord Mantuo escape, otherwise we will fail."

Xia Bingbing also nodded slightly at this time, with a trace of urgency in her eyes, and said loudly: "Then let's head to Mantuo Villa as soon as possible."

"good."

After Gu Wenyuan, Xia Bingbing and other leaders decided, dozens of other geniuses from the Royal Martial Arts Academy followed suit.

Ye Feng didn't say anything more at this time, but followed Xia Bingbing and flew quickly in a certain direction in the distance, heading for Mantuo Villa.

After all, the most important thing now is not the dispute between individuals, but to hunt down the core figure of the dark demon clan, Demon Lord Mando.

Swish, swish, swish!

Swish, swish, swish!

At this time, dozens of geniuses from the Royal Martial Arts Academy all flew high into the sky, and then flew quickly in the direction of Mantuo Villa.

Half an hour later, Ye Feng suddenly saw in the crowd that a large open space appeared in the wild jungle ahead.

Among the mountains, a huge villa was built.

This villa is very dark and looks very desolate and desolate. At a glance, you can tell that it is a place where the dark demons live.

The demonic energy was surging everywhere, which was intimidating.

However, a group of geniuses from the Royal Martial Arts Academy who were very talented and brave, immediately descended on Mantuo Villa.

At this time, Gu Wenyuan looked around, looking at the empty Mantuo Villa, his eyes were a little ugly, and he said aloud: "Did Demon Lord Mantuo already know the news of our arrival in advance, so he ran away directly?"

boom! !

But suddenly at this moment, the originally empty Mantuo Villa suddenly appeared with terrifying dark demonic energy.

These dark demonic energies were combined together to form a ten-story building.

The terrifying demon formation trapped dozens of talented students from the Royal Martial Arts Academy of the Ice and Snow Dynasty who entered the villa.

"What?!"

Seeing this scene, all the geniuses from the Royal Martial Arts Academy present showed deep shock in their eyes.

Gu Wenyuan couldn't help but change his face at this time.

Xia Bingbing suddenly said: "This is a trap! We were deceived!"

"Hahaha!"

And at the next moment, dark demons wearing armor suddenly appeared in the originally empty villa. Their auras were very powerful. They surrounded the formation and stared at them eagerly.

Buzz!

And standing at the front of this group of dark demons was a beautiful woman wearing a red dress.

This beautiful woman has red eyes and very long teeth, like the teeth of a vampire bat. She looks very strange.

This enchanting woman is the owner of Mantuo Villa, Demon Lord Mantuo!

It is a very core existence among the dark demon clan.

At this moment, Demon Lord Mantuo stared at the dozens of geniuses from the Royal Martial Arts Academy who were trapped by the demon formation, and immediately burst into laughter and said loudly: "You stupid juniors, how dare you come to hunt them. This devil, this devil has long discovered the spies you have set up around here, and has bribed your spies a long time ago. "

At this time, in the demon formation, Gu Wenyuan suddenly looked at the man in black who came to report the situation before.

His eyes were ugly, and he immediately saw a dark look on the spy's face, and he was obviously possessed.

"Damn traitor!"

Gu Wenyuan yelled angrily at this time and slapped the spy to death instantly.

Then Gu Wenyuan looked at Demon Lord Mantuo not far away, and said coldly: "With so many of our geniuses gathered here, do you really think that one big formation can kill us all? Then you underestimate our methods!"

Demon Lord Mantuo smiled coldly at this time, and suddenly the void around him fluctuated, and a tall humanoid demon with black scales all over his body appeared.

He held a long black scythe in his hand, his body was shrouded in darkness and mysterious, his eyes glowed scarlet, and he looked like the legendary God of Death.

Demon Lord Mantuo said aloud: "Let me solemnly introduce to you that this person is Demon Lord Netherworld, specially invited to help me."

"What?"

"There are two demon kings here!"

At this time, even if this group of geniuses from the Royal Martial Arts Academy were very confident in their own strength, when faced with two powerful existences of the Demon Lord level, they all looked extremely sad and their hearts sank.

Gu Wenyuan's eyes were also extremely ugly at this time. He never expected that they would step into a trap this time.

boom!

Suddenly at this moment, a talisman was thrown out of Xia Bingbing's hand.

That talisman rushed straight towards

The sky exploded directly in the dark night sky, forming a bright light.

This is a messenger talisman, specially used to ask for help.

At this critical moment, Xia Bingbing was still relatively sober, and she threw out the talisman for help in an instant.

In this case, if there are experts from the Ice and Snow Dynasty around, they will definitely gather here immediately to help them fight against these dark demons.

"Hurry up and destroy them!"

Seeing Xia Bingbing throw out the help talisman, Demon Lord Mantuo's expression suddenly changed slightly, and he issued a very decisive order.

"kill!"

At this moment, all the dark demons wearing armor in the entire Mantuo Villa took action in an instant, and they all rushed towards the demon formation, trying to kill all the geniuses from the Ice and Snow Dynasty. extinguish. ??

At this time, Demon Lord Mando and the Demon Lord Netherworld she invited all took action.

The cultivation auras of these two people are impressively powerful beings at the tenth level of the Dao Palace Realm.

Therefore, once the battle occurs, the pressure on all the geniuses of the Royal Martial Arts Academy on Ye Feng's side will be very high.

Because this is a very terrifying offensive.

"We, the six top masters of the half-step palace, will join forces to resist the Mando Demon Lord and the Nether Demon Lord. The others will deal with those ordinary dark demon soldiers. As long as we persist long enough, we will definitely be able to wait. Strong men from other dynasties came to the rescue."

At this time, Xia Bingbing shouted coldly, with a very heroic appearance, exuding a terrifying frozen aura, and rushed directly towards Demon Lord Mantuo and Demon Lord Netherworld.

Because she knew very well that the two demon kings were the biggest threat on the field, and the other dark demons did not pose much of a threat.

At this time, Gu Wenyuan's group of other half-step palace-level genius students all followed Xia Bingbing and rushed toward Demon Lord Mantuo and Demon Lord Netherworld.

"Death Scythe!"

Suddenly at this moment, the Netherworld Demon Lord directly took the long scythe in his hand and slashed forward, full of unparalleled lethality. He actually hit Gu Wenyuan who had just rushed forward with a "Puff!" , was instantly split in half, staining the sky with blood.

Gu Wenyuan died!

"What?!"

"Senior Brother Gu died all of a sudden!"

"How can we fight this?"

At this moment, all the geniuses from the Royal Martial Arts Academy on the field showed deep horror in their eyes.

They never thought that the Netherworld Demon Lord invited by Demon Lord Manduo would be so terrifying.

Especially the Death Scythe in his hand, it was like a forbidden weapon, it was too terrifying.

"ah!"

"ah!"

When many geniuses from the Royal Martial Arts Academy hesitated, those dark demon soldiers killed many geniuses who had no time to react in an instant.

The situation on the entire field suddenly became extremely critical!

"Uh-huh!"

At this time, the Nether Demon Lord held the death sickle in his hand

, and continued to attack the second half-foot palace-level super genius.

Perhaps the Netherworld Demon Lord also feels that these six half-step palace-level super geniuses are the greatest threat, and each one of them is a being who can leapfrog and fight.

Therefore, he did not hesitate to consume a huge amount of power to activate the terrifying power of the death scythe in his hand, but also quickly killed all the super geniuses in the half-step palace realm.

In fact, the most powerful thing is not the Nether Demon Lord himself, but the death sickle in his hand.

At this moment, the Nether Demon Lord activated the terrifying lethality of the Death Scythe, and the second person he wanted to kill was Xia Bingbing!

At this moment, the Death Scythe slashed towards Xia Bingbing, emitting a monstrous scarlet light.

"Ice!"

Xia Bingbing immediately activated the frozen bracelet in her hand, releasing a large amount of frozen energy.

But the next moment, what shocked Xia Bingbing's eyes was that her freezing energy could not freeze the Death Scythe at all.

The death sickle in the hand of the Netherworld Demon Lord exuded a terrifying red light, sharp and strange. When it was slashed down, it instantly shattered all the frozen air. It seemed that it would split Xia Bingbing into pieces in the next moment. Two halves.

Buzz!

At this moment, Xia Bingbing immediately felt life-threatening, as if she was going to die next moment.

"when!!"

But at the next moment, just when the death sickle was about to hit Xia Bingbing's head, a golden long sword suddenly crossed the top of Xia Bingbing's head in an instant, and actually killed the forbidden god of death's sickle. The weapon was directly blocked.

"What?"

Seeing this scene, the Netherworld Demon Lord immediately couldn't help but change his expression, and said loudly: "The Death Scythe in my hand was personally gifted to me by Lord Demon Lord. No matter how powerful the weapon is, it can't withstand my Death Scythe." , Boy in white, what kind of sword is this in your hand? "

At this time, the person holding the golden sword was naturally Ye Feng.

The long sword in his hand is naturally the Tianlong Sword, which was personally presented to Ye Feng by His Majesty the Dragon Emperor of the Ice and Snow Dragon Clan. It can naturally withstand the Death Sickle in the hands of the Nether Demon Lord.

Xia Bingbing breathed a sigh of relief at this time, her beautiful face turned pale. Looking at Ye Feng in front of her, she immediately said gratefully: "Thank you Ye Feng, otherwise I would definitely be dead. This The Death Scythe of the Netherworld Demon Lord is too terrifying and cannot be resisted by ordinary magic weapons."

Ye Feng nodded at this time and said aloud: "I am holding the Heavenly Dragon Sword given to me by His Majesty the Dragon Emperor, which is just right to compete with the death sickle in the hands of this Netherworld Demon Lord. I will leave this Netherworld Demon Lord to me. All of you other half-step palace students, unite to deal with the other Mantuo Demon Lord."

Hearing what Ye Feng said, several other top geniuses at the half-step palace level showed deep shock in their eyes.

Like the dead Gu Wenyuan, they originally thought that Ye Feng was just a young man brought by Xia Bingbing, who was just here to get rewards for missions.

But I didn't expect that at the critical moment, Ye Feng would be able to burst out with such powerful power. Holding the Tianlong Sword in his hand, he could resist the death sickle like the Dragon Emperor descending.

Moreover, now Ye Feng actually wants to take the initiative to deal with a powerful being at the level of a demon king, which is really beyond everyone's expectations!

Chapter 3493 Can't stop at all

"Dragon Sword!"

"cut!"

At this moment, Ye Feng held the Tianlong Sword in his hand, instantly stimulating the powerful power of this sword.

"boom!"

I saw that the golden sword body suddenly erupted with thousands of feet of golden light, like the blazing sun in the sky, which could melt everything and dissipate all the surrounding demonic energy.

The sword light that was as hot as the blazing sun made the Netherworld Demon Lord holding the Death Scythe take a dozen steps back.

"So strong!"

When many talented students from the Royal Martial Arts Academy saw this scene, their eyes showed deep excitement.

Originally, their morale was very low, because Senior Brother Gu Wenyan was killed by this Nether Demon Lord all at once, which discouraged many people.

Some genius students even gave up resistance and stayed where they were, preparing to die.

Unexpectedly, Ye Feng suddenly took action, and with such terrifying strength, it was extremely powerful for one person to face an extremely powerful demon king-level dark demon.

"Very good!"

"We have a chance to win!"

At this moment, all the talented students of the Royal Martial Arts Academy shouted out and started to resist.

But at this time, I saw that Ye Feng could really fight against a demon king alone.

Xia Bingbing immediately looked at the other top geniuses at the half-step palace level and said, "Let's join forces to kill Demon Lord Mantuo!"

"Yes, Senior Sister Xia!"

Several other top geniuses in the half-step palace realm also showed deep excitement on their faces at this time, and they followed Xia Bingbing towards the other Mando Demon Lord.

At this time, the powerful power Ye Feng burst out gave everyone hope of survival.

They felt that they did not even need to rely on other experts to rescue them this time, they could solve the trap and kill this time by themselves.

"Boom!"

At this moment, the entire Mantuo Villa suddenly broke out into a chaotic fight.

"Death Scythe!"

"The power of death!"

boom! !

At this time, the Nether Demon Lord knew that he could not delay it any longer.

He frantically aroused his incomparable power, giving full play to the terrifying and destructive power of the Death Scythe in his hand.

I saw that the entire Death God's Scythe turned into a crimson light that could cut through the entire sky, and slashed towards Ye Feng, smashing the mountains along the way.

"boom!"

At this time, Ye Feng also fully mobilized the power of the Tianlong Sword in his hand, and even Ye Feng even used the Ancient True Dragon Technique that he had learned before.

hold head high!

Along with a majestic dragon roar, a golden dragon burst out from Ye Feng's body.

The Taikoo True Dragon Jue has special effects on the Tianlong Sword in Ye Feng's hand.

Great strengthening effect.

At this moment, strengthened by the Ancient True Dragon Art, the imperial majesty of His Majesty the Dragon Emperor of the Ice and Snow Dynasty even appeared in the Tianlong Sword.

The vast and boundless golden sword light collided with the crimson light of the Death Scythe, covering the entire heaven and earth.

"Boom!"

The entire field suddenly erupted into a terrifying roar.

At this moment, Ye Feng and Nether Demon Lord were enveloped in endless waves of destructive light.

"ah!!"

Almost at the next moment, in this endless wave of destructive light, a huge scream suddenly sounded.

I saw the Netherworld Demon Lord's entire body being bombarded by a tyrannical force from the destructive light wave.

At this time, a deep wound appeared on most of the Netherworld Demon Lord's body, which was obviously injured by the Tianlong Sword in Ye Feng's hand.

And in addition, more than half of the Death Scythe in the hands of this Netherworld Demon Lord was broken.

Uh-huh!

At this time, Ye Feng rushed out directly from the destructive light wave.

"Where to escape!"

Without any hesitation, Ye Feng directly used the space gem to teleport in front of the Netherworld Demon Lord, and then activated Hongmeng's true form. His casserole-sized purple fist was filled with unparalleled brute force and struck out fiercely, directly knocking him out. The Nether Demon Lord's entire head was shattered.

"ah!"

Accompanied by a shocking scream, the tall body of the Netherworld Demon Lord fell hard from the sky, killing him instantly.

Netherworld Demon Lord, die!

"What?"

Seeing this scene, the Mandala Demon Lord not far away immediately exclaimed. This beautiful Demon Lord was so frightened that her face turned pale.

Demon Lord Manduo never expected that the extremely powerful assistant she said she had invited would be killed by Ye Feng, a young human race with low cultivation level.

Uh-huh!

At this moment, Demon Lord Manduo immediately wanted to escape.

"Uh-huh!"

When Xia Bingbing saw this, she immediately activated the power of the blue frozen bracelet in her hand.

This ice blue bracelet looks extremely exquisite, but it is no ordinary decoration, but an extremely powerful magic weapon.

A terrifying cold air suddenly condensed into a huge ice wall, blocking the direction in which Demon Lord Manduo was escaping.

Uh-huh!

At this time, Ye Feng directly used the space gem to move over instantly, stretched out a big purple hand, and directly twisted off the beautiful head of Demon Lord Manduo.

Demon Lord Mandala, die!

"call!"

saw this scene

, everyone present breathed a sigh of relief.

At this time, Xia Bingbing and a group of other top geniuses in the Half-Step Palace Realm joined the battle between the ordinary masters below, and soon killed all the other ordinary dark demons.

"we won!"

All the students at the Royal Martial Arts Academy had deep excitement in their eyes at this time.

Seeing the corpses of the dark demons on the ground, as well as the corpses of the two demon kings, everyone was extremely shocked. .??.

At this moment, all the geniuses' eyes were focused on Ye Feng, a young human race boy.

Looking at this young man in white clothes, these so-called geniuses from the Royal Martial Arts Academy deeply felt that they were simply mediocre compared to Ye Feng.

You know, Ye Feng has the lowest level of cultivation among them, but his burst of fighting power is far beyond ordinary people, and it is simply terrifying to the extreme.

Although everyone also knows that this is partly because Ye Feng holds the extremely precious Tianlong Sword in his hand, it is undeniable that Ye Feng's own strength is also very powerful.

"Thank you, Senior Brother Ye Feng, for your life-saving grace this time!"

At this moment, all the geniuses from the Royal Martial Arts Academy walked up to Ye Feng, clasping their fists in submission and expressing gratitude.

Ye Feng just smiled slightly and said: "This is what I should do. We are all members of the Ice and Snow Dynasty royal family. If we encounter danger, I have the ability and will naturally help."

Having said this, Ye Feng looked at the group of geniuses around him and said: "I really need the corpses of these dark demons to refine some special weapons and elixirs. I am the only one who has the corpses of these dark demons." It's okay if someone takes it."

Xia Bingbing came to Ye Feng's side at this time and said with a smile: "Of course, but I want to keep the heads of Demon Lord Manduo and Demon Lord Netherworld as a symbol of completing this mission. "

Ye Feng nodded and said loudly: "Okay."

At this time, after Xia Bingbing collected the heads of the two demon kings, Ye Feng did not hesitate and directly used his storage ring to put the corpses of all the dark demon masters present.

In particular, Ye Feng attached great importance to the corpses of the two demon kings, Netherworld Demon Lord and Mantuo Demon Lord, and carefully put them away.

At this moment, Ye Feng would naturally not release the Devouring Domain directly in front of all the geniuses.

Otherwise, you are likely to be regarded as an evil practitioner by these people.

So Ye Feng collected all these demon bodies, and then silently and secretly devoured them.

At this time, Ye Feng collected all the dark demon masters and the corpses of the two demon kings into his storage ring, and then directly began to release the Devouring Domain to devour these demon masters in the storage ring space. of blood energy.

"Rumble..."

At this moment, huge amounts of blood energy were directly absorbed by Ye Feng and then injected into

Into his Dantian.

In particular, the two super powerful dark demons, Mantuo Demon Lord and Nether Demon Lord, provided Ye Feng with the most powerful skills and blood energy.

At this moment, Ye Feng's cultivation aura suddenly began to surge.

"boom!"

Silver Moon Realm Eighth Heaven!

Ye Feng's cultivation level immediately achieved a breakthrough.

But there's more to it than that.

Ye Feng is still quickly digesting this majestic energy.

"Huh? Breakthrough in cultivation on the spot?"

The momentum of Ye Feng's breakthrough attracted the attention of all the geniuses from the Imperial Martial Arts Academy present.

Xia Bingbing and several other top geniuses in the semi-walking palace realm couldn't help but look at each other.

"Is this Ye Feng the peerless prodigy who won first place in our royal competition?"

A top genius couldn't help but speak out.

Xia Bingbing nodded, staring at Ye Feng not far away with her beautiful eyes, and said loudly: "I have also heard about his deeds before. It is said that during the competition, he had an epiphany and a breakthrough. I didn't expect that one day I would... Being able to see his epiphany with my own eyes."

And at the moment when these top geniuses finished speaking.

"boom!"

Suddenly, Ye Feng, who was standing not far away, once again burst out with an extremely powerful cultivation aura.

"What?!"

"He actually had another epiphany and broke through to the next level?"

Several top geniuses, including Xia Bingbing, as well as all the geniuses from the Royal Martial Arts Academy on the field, were shocked with fierce eyes.

"boom!"

"boom!"

"boom!"

But at the next moment, when they were so shocked that their eyes almost fell out, Ye Feng's body once again burst out with huge aura of cultivation.

Simply can not stop!

"boom!"

Silver Moon Realm Ninth Heaven!

"boom!"

Silver Moon Realm Ten Heavenly Perfection!

"boom!"

Half-step to the Sun Wheel Realm!

"boom!"

The first level of Rilun Realm!

"boom!"

The second level of the Sun Wheel Realm!

"boom!"

The third level of the Sun Wheel Realm!

"boom!"

The fourth level of the Sun Wheel Realm!

"boom....."

...

Seeing the continuous burst of cultivation aura from Ye Feng not far away, all the royal student geniuses had their mouths wide open and their eyes were stunned to the point of being stunned.

"This is the rhythm of ascending from the spot!"

A genius from the Royal Martial Arts Academy couldn't help but speak with a trembling tone.

Chapter 3494: Arbitrary

In the end, Ye Feng's cultivation stopped at the sixth level of the Sun Wheel Realm!

I have to say, this is a huge breakthrough.

Because the energy of these dark demons that Ye Feng had devoured at this time was really huge, causing Ye Feng's skill to surge rapidly.

At this time, Ye Feng opened his eyes, and there was even a bright golden light shining in his eyes.

Ye Feng's eyes were like two golden suns at this moment, shining with the light of the sun at the level of the sun, looking like a sun god descending.

At this time, although Ye Feng's cultivation was at the sixth level of the Sun Wheel Realm, the aura he unleashed was even more majestic than that of Xia Bingbing and a group of other half-step palace-level cultivation men.

This made Xia Bingbing and a group of top geniuses look shocked.

They only felt that Ye Feng's current combat power had probably risen to a very terrifying level, and it was very likely that he could instantly kill the so-called top geniuses in the Half-Step Palace Realm within a few moves.

"To be honest, I have never seen such a powerful young prodigy."

At this moment, a top genius at the half-walk palace level next to Xia Bingbing couldn't help but speak out.

Xia Bingbing nodded with deep approval at this time, her beautiful eyes staring at Ye Feng not far away, with deep surprise in her eyes.

Because the shock that Ye Feng brought to her this time was really too great.

Originally, Xia Bingbing just wanted Ye Feng to assist them in this hunting mission, but she didn't expect that at the last moment, Ye Feng would become the main force in this assassination mission.

If Ye Feng hadn't been here, all of them would have been buried in the dark demon's trap this time.

At this time, Xia Bingbing and a group of talented students from the Royal Martial Arts Academy gathered in front of Ye Feng.

Everyone clasped their fists and said very sincerely: "Thank you Ye Feng for your help this time. Otherwise, we might all have died in this trap."

Hearing this, Ye Feng just smiled and said: "No need to thank you. I also received huge benefits from this battle. I gained a full enlightenment and my cultivation level improved a lot."

Hearing what Ye Feng said, everyone couldn't help but look horrified in their eyes, and they remembered the powerful cultivation momentum that Ye Feng kept erupting just now.

This kind of epiphany ability in battle is really terrifying.

It's really unbelievable.

Buzz!

But just as everyone was talking, a terrifying and huge energy aura suddenly descended from the entire sky.

The next moment, everyone saw a tall young man wearing a golden robe landing and appeared in front of everyone.

The aura of cultivation that he exuded was simply unfathomable.

I am afraid that it has far surpassed the Dao Palace Realm, and is definitely a powerful existence at the Tianyuan Realm level above the Dao Palace Realm!

This is an extremely terrifying and tyrannical existence.

Seeing this tall young man in golden robes, a group of geniuses from the Royal Martial Arts Academy present could not help but be shocked. They clasped their fists and said loudly: "See Senior Brother Gu Hai!"

Obviously, this powerful being named Gu Hai is the top genius in the Royal Martial Arts Academy, otherwise it would be impossible to have such a powerful cultivation level.

At this moment, Gu Hai slowly spoke out: "I just received a distress signal, so I rushed here, but now it seems that you should be out of danger."

But in this ancient sea

The moment he finished speaking, he suddenly discovered something. He couldn't help but look at the ground not far away, and immediately saw a corpse.

The moment he saw the corpse, his calm eyes suddenly became extremely frightened and angry.

That corpse was that of Gu Wenyuan!

Gu Hai immediately said coldly: "My brother is actually dead?"

A student genius immediately said: "Senior Brother Gu Wenyuan was killed by the Netherworld Demon Lord."

"Um?"

Hearing what the genius said, Gu Hai immediately showed a look of surprise in his eyes, stared at the genius, and asked aloud: "How is it possible that you are able to fight against such a powerful figure as the Nether Demon King?"

After finishing speaking, a genius immediately said excitedly: "It was Senior Brother Ye Feng who turned the tide! Although Senior Brother Ye Feng is not a student of our Royal Martial Arts

Academy, he is a super genius next to the Ninth Prince and possesses extremely powerful combat power. , one person killed the Nether Demon Lord, and also helped us kill all the other dark demons, including the Mantuo Demon Lord in Mantuo Villa."

Hearing what this genius said, Gu Hai immediately stared at Ye Feng, the young man in white clothes who beat the snow.

However, instead of showing any gratitude in his eyes, there was a deep cold look in his eyes.

boom!

The extremely powerful aura locked onto Ye Feng in an instant, covering the sky and the earth, and said loudly: "Since you have such a powerful ability, why didn't you save my brother Gu Wenyan? Are you deliberately letting him be killed by the dark demon clan? Killed?"

What? !

Hearing what Gu Hai said, everyone present couldn't help but change their expressions.

No one thought that Senior Brother Gu Hai would think so.

Although everyone and this Gu Hai are members of the Royal Martial Arts Academy, and he is also a senior brother who they respect very much.

But at this time, everyone had a look of deep horror on their faces, as if they didn't expect Gu Hai to be so unkind.

At this moment, Ye Feng also had a hint of shock and anger in his eyes. Unexpectedly, Gu Hai, as the senior brother of the Royal Martial Arts Academy, not only was not grateful to him for saving the students of their Royal Martial Arts Academy, but also blamed himself for not saving him. 's younger brother.

This is pure slander!

Ye Feng's face suddenly darkened and he said loudly: "No one knew how powerful the Death Scythe of the Nether Demon Lord was before. I didn't expect that your brother was so weak and was cut in half by the Death Scythe in an instant. This What no one expected is not that I don't want to save people."

"quibble!"

Gu Hai immediately shouted coldly, and then said loudly: "You must have had a conflict with my brother, so you deliberately killed him. Stop talking, I will arrest you and interrogate you properly!"

Boom!

After saying that, Gu Hai suddenly burst out with a terrifying momentum, overwhelming like a frenzy, surging towards Ye Feng, trying to restrain and imprison Ye Feng.

"What a dictatorial person!"

Ye Feng's heart suddenly felt cold at this moment.

"Elder brother, please don't misunderstand Ye Feng. Ye Feng is not the kind of person you think."

But at this time, Xia Bingbing and several other top geniuses in the semi-walking palace realm suddenly stood on Ye Ye's side.

In front of Feng, he said to Gu Hai.

Swish, swish, swish!

At this moment, dozens of other talented students from the Royal Martial Arts Academy who were rescued by Ye Feng were all standing in front of Ye Feng, guarding Ye Feng from behind.

Everyone said to Gu Hai: "Senior Brother, Senior Brother Ye Feng really didn't intentionally frame Senior Brother Gu Wenyuan. At that time, no one knew that the death sickle in the hands of the Netherworld Demon Lord was a forbidden treasure with such a powerful power. The power killed Senior Brother Gu Wenyuan instantly, and no one could react. "

Seeing this scene, looking at the dense crowd of geniuses from the Royal Martial Arts Academy standing in front of him, Ye Feng's eyes showed a hint of warmth.

Sure enough, there is still true love in this world.

If you save everyone, everyone will protect you.

It seems that he did not save the wrong person.

"Um?"

At this moment, Gu Hai looked at dozens of geniuses from the Royal Martial Arts Academy, all standing in front of Ye Feng to protect Ye Feng.

There was also a hint of surprise on his face, as if he didn't expect that these geniuses from the Royal Martial Arts Academy would protect an outsider like Ye Feng.

At this time, Gu Hai's expression was a little uncertain.

Although he was very powerful, there were dozens of talented students from the Royal Martial Arts Academy in front of him.

No matter how powerful Guhai's majesty is, it is still a bit difficult to deal with public anger at this time.

After all, behind these dozens of talented students from the Royal Martial Arts Academy, they represent dozens of extremely powerful family forces.

Those who can enter the Royal Martial Arts Academy all have extraordinary status and background.

So at this time, Gu Hai showed a hint of fear on his face.

Although he could not care about the dozens of weak genius students from the Royal Martial Arts Academy in front of him, he could not ignore the dozens of extremely powerful forces behind these genius students.

So at this time, Gu Hai chose to compromise.

However, his eyes still exuded a fierce light, staring at Ye Feng behind everyone, and then said coldly: "Okay, since so many of you have vouched for this Ye Feng, then I will believe you for the time being. , but I will investigate it clearly."

Uh-huh!

After finishing speaking, Gu Hai jumped up, and the tall figure disappeared from the spot and left here.

At this moment, everyone was relieved to see Gu Hai leaving.

At this time, Xia Bingbing came to Ye Feng and whispered: "This Gu Hai is a very domineering and arbitrary person, and he is very small-minded. Ye Feng, you must be careful about this when you return to the palace in the future. Gu Hai secretly framed you."

"Um."

Ye Feng nodded slightly at this time. Although his face was calm, there was a cold murderous intent deep in his eyes.

When my cultivation level improves a little and becomes more powerful, I must get rid of this scourge of Gu Hai.

"It seems that my strength and cultivation are not enough. There are still many powerful young geniuses in the snowy region, who are much better than me."

Ye Feng couldn't help but murmured at this time.

After hearing Ye Feng's murmur, the beautiful Xia Bingbing beside her immediately said: "Ye Feng, don't put too much pressure on yourself. You have already grown into a mature woman in just a few months since you came to our Ice and Snow Royal Family. This level is already very impressive."

Ye Feng nodded slightly, smiled and said:

"Um."

Next, Ye Feng, Xia Bingbing and a group of geniuses from the Royal Martial Arts Academy said goodbye.

After all, they have completed the hunting mission this time and are ready to return to the palace, hand over the mission this time, and then receive the reward.

Before Xia Bingbing left, she said aloud: "Ye Feng, I will help you receive your reward of 10 million spiritual crystals first, and then when I take over another royal mission and return to the borderland, I will go to you The Giant Spirit City where the Ninth Prince is located will reward you with this ten million. "

"good."

Ye Feng immediately smiled and nodded, watching Xia Bingbing and a group of geniuses from the Royal Martial Arts Academy leave.

At this time, Ye Feng also jumped, left Mantuo Villa, and returned towards the direction of Giant Spirit City.

Ye Feng's luck is good this time. After all, he killed so many powerful dark demons in Mantuo Villa, and his cultivation skills have been greatly improved. Even without the 10 million reward, he still got a huge reward. After all, no one can directly absorb the skills and blood energy of these dark demons like Ye Feng.

Uh-huh...

But just when Ye Feng flew away from Mantuo Villa and walked in a wild jungle.

"Buzz!"

Suddenly, a terrifying and majestic aura and murderous intent came down from high in the sky in an instant, all of which locked onto Ye Feng. Ye Feng felt as if he had fallen into an ice cellar for a moment, and he felt like he was being hit by a head. The wild beasts were watching.

"Guhai!"

Almost at the next moment, Ye Feng's eyes were very frightened and angry, and he immediately saw the familiar tall figure of Gu Hai appearing in the mid-air.

Gu Hai didn't leave here!

But always nearby!

It seems that he is waiting for Ye Feng to separate from the many talented students of the Royal Martial Arts Academy, and then he will appear again to hunt Ye Feng.

"boom!"

Gu Hai didn't say a word at this time. He stretched out a big hand and attacked Ye Feng.

Ye Feng immediately burst out with all his strength to resist.

But the cultivation level of this Guhai is really terrifying. He is actually a being at the tenth level of Tianyuan Realm, Great Perfection Level.

With the power of one hand, Ye Feng's whole body was blown away, causing Ye Feng to suffer considerable damage.

"Uh-huh!"

Ye Feng had almost no hesitation at this moment, with blood overflowing from the corner of his mouth, he directly used the power of the space gem and quickly fled towards the depths of the wild jungle.

"You can't escape! I also have a space magic weapon."

At this time, Gu Hai stared at the escaping Ye Feng as if he were staring at prey. A sword of void appeared under his feet, giving Gu Hai the ability to travel through space. He immediately caught up with Ye Feng's back.

Gu Hai smiled coldly and said: "Besides the fact that you deliberately framed my brother Gu Wenyuan, I want to kill you. There is another more important reason, that is, you offended the seventh prince in the royal competition before. I am Since you are loyal to the Seventh Prince, I naturally want to completely kill you, the peerless genius next to the Ninth Prince, when you are still weak, so that you will not be able to grow up!"

It turned out that this Gu Hai was loyal to the Seventh Prince!

At this time, Ye Feng's sense of crisis became even more intense. Previously, in a royal competition, he killed two young geniuses under the seventh prince's command in front of everyone's attention.

No wonder Gu Hai had such deep hostility and murderous intent towards him from the moment he came up. It turned out that there was such a deep-seated reason.

Chapter 3495 Imprisoned Master

Swish, swish, swish!

Ye Feng never thought that he would encounter such a powerful being.

At this time, Ye Feng used the space gem to escape quickly, while Gu Hai followed closely behind.

If it had been anyone else, Ye Feng would have escaped long ago.

But Gu Hai also possesses an extremely powerful void magic weapon, a void sword, which allows him to have the ability to travel through space.

So at this time, Gu Hai was flying behind Ye Feng, chasing after him.

"We have to find a way!"

Ye Feng looked at Gu Hai who was chasing after him, thinking about countermeasures in his head.

If you fight this Gu Hai directly, you will definitely not be able to defeat him for the time being. ??

Because this Guhai possesses the cultivation level of Tianyuan Realm, the tenth level of Heavenly Dzogchen.

Moreover, as a super genius of the Royal Martial Arts Academy, Guhai's combat power must be far beyond his current level, and cannot be matched by the demon kings of the dark demon clan.

This is a very terrifying peerless genius, and his methods and inheritance must be very terrifying.

"It seems that we can only use the old method to divert trouble to the east."

Ye Feng thought of a way at this time.

Ye Feng had encountered many powerful enemies before when he was practicing.

Ye Feng couldn't defeat him, so he quickly used his soul power to search for other more powerful beings around him, and introduced the enemies who were chasing him into the territory of that more powerful being, letting them kill each other.

In the endless wild jungle outside the border, Ye Feng knew that there must be many very terrifying ancient demons.

If he could find it, he might be able to get rid of Gu Hai's pursuit by introducing the super genius Gu Hai into the place where those powerful monsters lived.

Ye Feng did not expect that the other party would kill each other, hurt both sides, and let himself benefit, because this situation was rare.

Ye Feng only hoped that he could temporarily escape from Gu Hai's pursuit.

Buzz!

At this moment, Ye Feng directly released his huge soul power and began to cover the surrounding area, trying to search for the living places of those powerful monsters around him.

"Yes!"

Under Ye Feng's extremely powerful perception, Ye Feng soon felt a very sinister aura, which was hidden in a deep mountain jungle not far away.

Ye Feng's eyes lit up and he immediately flew quickly in that direction.

Gu Hai behind him saw Ye Feng speeding up, and he also increased his strength, inputting it into the Void Sword under his feet, speeding up his speed.

Gu Hai said coldly from behind: "Ye Feng, don't try to escape from my grasp. I have long known that you have a very magical space magic weapon in your hand, so I specially prepared the Void Sword this time to let me Can also be worn casually

Shuttle Space, you can't escape my pursuit. You might as well surrender now. Maybe I can spare your life, as long as you choose to be loyal to the Seventh Prince. "

Hearing Gu Hai keep talking behind him, Ye Feng simply didn't bother to pay attention to Gu Hai, but quickly shuttled through the endless wild jungle.

Soon, Ye Feng finally came to the place where the ancient demon he sensed lived.

Buzz!

Almost at this moment, Ye Feng suddenly escaped into the void and disappeared from where he was.

"Uh-huh!"

Gu Hai flew here at this time and saw Ye Feng suddenly disappearing into the void. He just smiled coldly and said: "Don't think that you are the only one who can enter the void. I can too."

boom!

At this time, Gu Hai immediately increased his power and input it into his Void Sword, hoping to stimulate the power of the void in the Void Sword and let himself enter the void to look for Ye Feng's traces.

Boom!

But the moment Gu Hai burst out his power, his powerful aura immediately caused some very terrifying existence around him.

Accompanied by a terrifying roar, the earth suddenly shattered, and a huge hand with pitch-black scales grabbed it out.

It was a dark scale giant that lived under the ground. At this moment, it was awakened by Gu Hai's powerful cultivation aura.

"What?!"

Seeing this scene, Gu Hai immediately showed a look of surprise in his eyes, and directly released his powerful inheritance power, and collided with the palm covered with pitch-black scales that he grabbed from the depths of the ground.

Boom!

Accompanied by a terrifying roar, the hand of this dark scaly giant living in the earth did not receive any damage at all, but continued to grab Guhai.

"So powerful?"

Gu Hai's eyes suddenly changed.

At this time, he finally understood that Ye Feng had deliberately led him here.

You know, Ye Feng's own cultivation aura is not very strong, so he did not attract the attention of this dark scale giant deep in the earth.

But Gu Hai has a cultivation aura at the level of Dzogchen, the tenth level of Tianyuan Realm. When his aura was revealed at this time, it naturally caused an instant attack from the dark scale giant sleeping deep in the earth.

"Boom!"

At this moment, even if Gu Hai didn't want to get entangled, he still had to fight with this dark scale giant.

At this moment, Ye Feng didn't care about the fighting situation behind him.

It's business for him to escape quickly now.

Half an hour later, Ye Feng finally escaped Gu Hai's pursuit and came to a mountain deep in the wild jungle and hid directly.

It wasn't until night that the sky suddenly started pouring rain, with lightning and thunder. Ye Feng walked out among the mountains and sensed the surroundings. He didn't feel the breath of the ancient sea, so Ye Feng felt relieved.

At this time, Ye Feng's eyes were full of coldness.

This Gu Hai must be killed if he has the chance.

At this moment, Ye Feng did not go back to Giant Spirit City directly, but looked around in the depths of the wilderness to see if he could find any opportunities.

After all, even if Ye Feng returns to Giant Spirit City now, he will probably be noticed by Gu Hai.

So now that we have gone deep into the depths of this wild jungle, we can explore it.

After all, in the legend, in the depths of the endless wilderness, in addition to the existence of very dangerous demons, there are also many opportunities created by heaven and earth.

If you get it, your life and cultivation will definitely undergo a huge transformation.

However, Ye Feng's luck seemed to have run out after leaving Mantuo Villa.

In the next few days, Ye Feng released his soul power and searched continuously, but he did not find any natural treasures growing around him.

Therefore, Ye Feng returns without success almost every day.

In addition, Ye Feng also had the misfortune to provoke several ancient demons hiding in the dark, and almost died in the mouth of the demons.

These monsters live in the deepest part of the endless wild jungle. Each one of them is very terrifying. They are not ordinary monsters at all, and they are not something Ye Feng can fight against now.

Only then did Ye Feng realize that the cultivation level of the sixth level of the Sun Wheel Realm he had just broken through was actually not as powerful as he had imagined.

Perhaps he is now considered a relatively powerful expert among the younger generation of Ice and Snow Dynasty.

But in the depths of this extremely dangerous and endless wilderness, the cultivation of the sixth level of the Sun Wheel Realm is nothing at all.

Because in the deepest part of the endless wilderness, there are all kinds of ancient demons that have lived for thousands or even tens of thousands of years.

Each of these ancient demons have very ancient bloodlines, and their supernatural powers are very terrifying. Even many of the older and stronger men in the Ice and Snow Dynasty dare not provoke them easily, let alone a young man like Ye Feng.

For several days, Ye Feng found nothing. In the end, he even turned to Emperor Chu for help and used soul gems to expand the search scope, but he still found nothing good.

This made Ye Feng feel a little helpless in his heart.

feel.

It seems that sometimes, what is recorded in some ancient books may not be true.

Unexpectedly, I could find nothing in the deepest part of this endless wilderness. It was completely different from the legendary depths of the wilderness where geniuses and treasures grew everywhere.

"Um?"

And on the afternoon of the fourth day, Ye Feng continued to search around, and suddenly he sensed some fireworks.

Ye Feng immediately flew towards the direction of the fireworks. Soon, an ancient tribe appeared in Ye Feng's field of vision.

This ancient tribe is not a human tribe, but a demon tribe.

Ye Feng suddenly saw that in this demon tribe, many masters wearing Ice and Snow Dynasty costumes were imprisoned in some iron baskets.

Seeing this scene, Ye Feng's face suddenly showed a hint of surprise.

Unexpectedly, he accidentally bumped into a demon tribe that was fighting against the Ice and Snow Dynasty.

After all, Ye Feng is now the staff of the Ninth Prince of the Ice and Snow Dynasty. Now that he has encountered this situation, Ye Feng will naturally not pretend not to see it.

Because Ye Feng could sense at this time that there didn't seem to be anything too powerful in this demon tribe.

It was just right to save this group of Ice and Snow Dynasty masters, and then ask them how to get out of this wild jungle.

Because Ye Feng has been searching for various genius treasures in the depths of the wild jungle these past few days. He has lost his way and cannot get out.

Uh-huh!

Thinking of this, Ye Feng rushed out and came to the prison where the Ice and Snow Dynasty masters were imprisoned in this demon tribe.

At this moment, there are no monsters stationed outside this large prison. It may be that these masters cannot escape at all.

"A member of our ice and snow royal family!"

At this time, a group of Ice and Snow Dynasty masters in the prison saw the white dynasty clothes that Ye Feng was wearing, and their eyes suddenly showed deep surprise.

They were originally tied into this deep mountain jungle, thinking that they were definitely dead, but they did not expect that members of their Ice and Snow Dynasty would appear in the depths of this endless wilderness.

"I'm here to save you."

At this time, Ye Feng stretched out his hand and pulled the iron frames in front of him fiercely.

But the next moment Ye Feng discovered that he couldn't pull apart these iron frames.

"So solid."

There was a hint of surprise in Ye Feng's eyes.

You know, my own Hongmeng Immortal Body is extremely powerful.

It seems that this demon tribe is not simple, and it can actually create such a strong iron frame prison.

Chapter 3496 Dark Seal

At this time, Ye Feng did not hesitate and directly released the power of Hongmeng's true body.

Buzz!

The next moment, Ye Feng's hands began to expand rapidly, swelling into two big purple hands, filled with unparalleled power.

Click click click...

The next moment, Ye Feng's two big purple hands were filled with the power of Hongmeng Qi, and finally completely tore off the iron frame in front of him.

The dozens of Ice and Snow Dynasty masters who were trapped inside were all rescued by Ye Feng.
??

At this moment, this group of experts from the Ice and Snow Dynasty immediately clasped their fists in gratitude and said, "Thank you for your help, little brother. I wonder which faction of our royal family the little brother comes from?"

Ye Feng smiled and said: "I am the master beside the Ninth Prince."

"It turns out he is the peerless genius next to His Highness the Ninth Prince. No wonder he has such great strength."

In the crowd, a master from the Dynasty couldn't help but exclaimed in admiration: "You know, these prison frames are cast from the earth's magic iron dug out by these monsters from the depths of the earth. They are very strong, even if they are some It would be difficult for a peerless magic weapon to destroy these prisons, but the little brother's two hands were able to tear off the iron frames of these prisons, which is really powerful."

Ye Feng just smiled at this and didn't say much. Instead, he looked at the entire demon tribe around him and asked, "How long have you been trapped here?"

This group of Ice and Snow Dynasty masters immediately spoke out: "We have been trapped here for nearly several days. They trapped us prisoners here so that we can become their mining slaves. "

Ye Feng nodded slightly, and then asked aloud: "Where were you kidnapped and brought here? This place is already deep in the endless wilderness."

A master from the Ice and Snow Dynasty immediately spoke up and said: "We encountered an ambush by a group of extremely powerful dark demons in the 'Tian Cang City' in the frontier land, so we were captured here. The entire Tian Cang City, now It is estimated that we are still being besieged by the strong men of the dark demon clan, but there are beings with very terrifying cultivation levels in Tiancang City. The city is no longer in danger, but now that our little brother has saved us, we must go back as soon as possible to help Tiancang City fight against those Dark Demon Clan."

Hearing this, Ye Feng nodded slightly, and then said aloud: "It seems that you know the route out of this endless wilderness."

The group of masters from the dynasty in front of them immediately nodded and said: "When we were escorted here, we had silently marked the roads along the way, just so that we could have a chance to escape and return to Tiancang City safely. "

When he said this, Ye Feng discovered that these dark demons in the entire demon tribe had not discovered them yet.

This made Ye Feng couldn't help but said in surprise.

: "Why do I feel that the demons in this demon tribe are all very inactive. Until now after I rescued you, they have not noticed anything unusual here."

A master from the Ice and Snow Dynasty immediately said with a wry smile: "Because our cultivation has been locked by a very ancient dark seal, we are now just like mortals. At most, our bodies are a little stronger than mortals, so These demons are not afraid of us escaping at all, because if we don't have cultivation, we will definitely not be able to get out if we travel through the endless wild jungle, and we will be swallowed directly by the demons and beasts along the way."

Ye Feng said aloud: "Let me see what kind of dark seal your cultivation is trapped by."

After finishing speaking, Ye Feng chose a royal master in front of him, then stretched out his hand and pressed it on the head of the royal master.

Buzz!

At this moment, Ye Feng immediately released his magic power, covering the entire body of this royal master.

At this moment, Ye Feng could immediately sense that there was indeed a very dark seal in the dantian of this royal master, which trapped all the skills of this royal master, making it impossible to use them at all. strength.

At this time, the master in front of him couldn't help but asked: "Little brother, do you have a way to unlock the seal on us?"

Ye Feng shook his head at this time and said loudly: "I tried to use my powerful magic power to attack, but I couldn't break the dark seal in the dantian, and I didn't dare to release too majestic magic power impact. Because the powerful magic power hits your Dantian, it is very likely to destroy your Dantian, and then you will become a useless person. "

"All right....."

Hearing what Ye Feng said, the dozens of experts from the dynasty around him couldn't help but look discouraged in their eyes.

They all have extremely powerful abilities, even much stronger than Ye Feng's cultivation, but now they can't use them, which is really depressing.

A master from the Dynasty said: "If little brother can escort us out safely, maybe we can return to Tiancang City and let some of the seniors in Tiancang City help us unlock the dark seal in Dantian."

When Ye Feng heard what this dynasty master said, he couldn't help but shook his head, smiled bitterly and said, "I also want to send you out, but if you are with me, your lives may be in danger."

"What's the meaning?"

Hearing what Ye Feng said, this group of dynasty masters all had deep doubts in their eyes, and couldn't help but ask: "

With my little brother's cultivation, as long as he follows the safe route we marked, he shouldn't be killed by some demons in the endless wilderness. "

Ye Feng shook his head and said loudly: "The danger I am talking about does not come from the monsters living in this endless wild jungle, but from an enemy of mine. His name is Gu Hai, who comes from the Royal Martial Arts Academy. A super genius who is at the tenth level of Tianyuan Realm. He slandered me for framing his younger brother. In fact, he wanted to kill me because he wanted to get rid of me, a genius under the ninth prince, for the seventh prince he was loyal to. , I had a chance to escape before. If I return now, Gu Hai might be waiting for me on my way back, waiting for me. If I go out with you, he will definitely kill people and silence them. Not only will he kill me, I'll kill you too."

Hearing what Ye Feng said, a group of Dynasty masters present couldn't help but show deep shock and anger on their faces.

They never thought that Gu Hai, the super genius of the Royal Martial Arts Academy, would be such a shameless person.

Now that the dark demons have invaded the entire Ice and Snow Dynasty, all the masters of the Ice and Snow Dynasty should put aside their internal fights and fight against the dark demons together.

But this Gu Hai actually wanted to kill Ye Feng, the super genius of the Ice and Snow Dynasty, for his own selfish desires.

This kind of fighting behavior made this group of dynasty masters unable to help but feel huge anger in their hearts.

But at this time, everyone was helpless. .??.

A dynasty master couldn't help but said: "We are not loyal to a certain prince, nor are we loyal to a certain princess. We are loyal to the Ice and Snow Royal Family. If our cultivation is still there, we will definitely help you, little brother. We can't fight against that shameless Gu Hai, but we can't do anything now because our cultivation is trapped by the seal of this special dark demon clan."

Hearing this group of experts say this, Ye Feng's eyes suddenly moved.

If these dozens of experts from the dynasty can help him, then he may really be able to defeat Gu Hai, or even kill him.

At this time, Ye Feng thought for a while, and then said: "Everyone, you stay here for now. I will sneak into this demon tribe to see if I can find a way to unlock the seal of the dark demons in your dantian. After all, To untie the bell, one needs to tie the bell. There may be a way to unlock the seal of this dark demon clan among this demon tribe."

Hearing what Ye Feng said, the eyes of a group of experts showed anticipation. Maybe there really was a way to unlock the dark demon seal in their dantian among this demon tribe.

However, this group of dynasty masters couldn't help but said with some worry: "There are still very terrifying demons in this demon tribe, not only the dark demons, but also the demons."

Other powerful demons are partners with the dark demons. If you, little brother, lurk in alone, you will definitely be besieged to death if you are discovered by them. Although we also believe in your cultivation strength, little brother, after all, both sides A fist is difficult to beat with four hands. "

Hearing what these dynasty masters said, Ye Feng smiled slightly and said: "To be honest with you, I have practiced a very magical camouflage technique that allows me to disguise myself as any race with any attribute. Therefore, it should be There is no problem, just wait for me here, but there is one thing I want to say in advance. If I help you recover your cultivation, I hope you can also help me deal with my enemy, Gu Hai. "

It was naturally impossible for Ye Feng to help these people for free, so at this time Ye Feng directly explained his purpose.

Sometimes, instead of being secretive and tactful, it is better to say it directly and straightforwardly, which is better.

Hearing Ye Feng say this directly, a group of Dynasty experts immediately said: "If little brother can help us unlock the current seal, in order to repay our kindness, we will definitely help little brother deal with your enemies, and that Gu Hai, to hear you say this, it is really abominable. You are so shameless, forcibly slandering others, and at this time, you are still fighting among yourself. There is no use in keeping this kind of scum. Instead, it may be our Ice and Snow Dynasty. A rebel, so we will definitely help you."

Hearing this group of royal masters say this, Ye Feng immediately felt relieved. Then Ye Feng was directly in the horrified eyes of everyone, and his whole body suddenly exuded a very strong demonic aura.

That was the pure aura of the dark demon clan!

If Ye Feng hadn't saved them before, maybe they really thought Ye Feng was a dark demon.

Seeing Ye Feng's back disappearing into the depths of the demon tribe, a group of royal masters showed wonder in their eyes: "This little brother is really amazing, although his cultivation seems to have not fully grown yet. But this kind of talent is really terrifying. If it can truly grow in the future, it will definitely be the backbone of our Ice and Snow Dynasty."

At this moment, another master suddenly couldn't help but said: "It is said that in the last royal competition, under the command of the Ninth Prince, who had always been very weak, a peerless genius suddenly emerged and won the first place. , seems to be from the human race, could it be this little brother?"

"It must be him!"

Another royal expert couldn't help but said: "It's definitely this little brother! He seems to be called Ye Feng! Hearing about it is better than seeing him. He is indeed a peerless genius. We are really lucky this time to be able to survive in the endless wilderness. In the depths of the world, I met a peerless genius like little brother Ye Feng. I hope that little brother Ye Feng can successfully find a way to unlock the seal of the dark demons in our dantian. "

Chapter 3497 Mysterious Soul Master

Uh-huh!

At this time, Ye Feng was alone and had lurked deep into the demon tribe.

Buzz!

At this moment, Ye Feng exuded his soul power and explored the surroundings to see if he could find some ordinary demons in the demon tribe. He communicated with them to see if he could find and unlock the dantian of those royal masters. The method of sealing the darkness. ??

For Ye Feng, this group of dynasty masters is his greatest hope.

If all their seals can be unlocked, it will be very easy for him to deal with Gu Hai next.

Because if all these royal masters unite to fight against Gu Hai, Gu Hai will definitely not be his opponent.

So at this time, Ye Feng is still very concerned about unlocking the dark seals in the dantian of these royal masters, and wants to restore their cultivation as soon as possible.

In this case, Ye Feng no longer has to fear Gu Hai, an extremely powerful super master.

It is even possible to kill Gu Hai directly and plunder all his resources, which is very attractive to Ye Feng.

After searching with his soul power, Ye Feng quickly found a demon whose cultivation was not very strong.

Ye Feng walked over directly, shrouded in a black robe.

Although Ye Feng exudes the pure aura of the dark demon clan, the demon still has doubts in his eyes, and he can't help but ask: "Boy, who are you? Why have I never seen you before?"

Ye Feng spoke out in the black robe at this time: "I'm just a very ordinary demon. It's normal that you don't know me. I want to ask you about the masters of the Ice and Snow Dynasty who are imprisoned in our demon tribe. Who set the dark seal?"

The demon in front of him didn't have any doubts. After all, Ye Feng exuded a very pure dark demon aura.

So this demon said very honestly: "Oh, you said that the dozens of masters of the Ice and Snow Dynasty imprisoned in the prison, the dark seals in their dantian were all set by the patriarch of our tribe, these masters of the Ice and Snow Dynasty, all of them are good at mining. They are cultivators, and they have dragon blood. Their bodies are very powerful. After sealing their cultivation, they can mine quickly and provide us with a steady stream of resources. Continuous mineral resources."

Hearing what the demon said, Ye Feng nodded slightly, and then asked aloud: "Where is the clan leader now?"

The demon said aloud: "The patriarch is now in the deepest part of our tribe, talking to a big man about something. We'd better not disturb the patriarch."

"Okay, I know."

Ye Feng nodded, and then walked quickly towards the deepest part of the demon tribe.

The demon behind him saw Ye Feng walking directly towards the direction of the clan leader, and immediately couldn't help but shook his head and muttered to himself.

, "This boy must be a new member of the Dark Demon Clan. He is so rude and wants to go directly to find the clan leader and disturb the clan leader. This is not a trivial matter. I estimate that he will be scolded badly by the clan leader."

Ye Feng's speed was very fast, and he had reached the deepest area of the demon tribe in less than a few minutes.

This place does not look as primitive as imagined, but there are many black palaces built here and there, which look quite brilliant.

Buzz!

At this moment, Ye Feng immediately sensed that there were two very powerful auras in the black palace in the middle of this area.

One of the powerful auras must be the leader of this demon tribe.

The other group is probably a so-called big shot who is discussing something with the leader of the demon tribe.

"Buzz!"

At this time, Ye Feng directly radiated the power of the space gem, and then he hid himself directly in the void and approached the black hall.

Almost at the next moment, Ye Feng saw two extremely tall figures sitting in the black hall.

One of the figures was wearing a very burly armor and looked as tall as an iron tower.

This burly figure wearing armor should be the demon leader of this demon tribe.

Opposite the demon clan leader, sat a mysterious figure shrouded in black robes.

This figure shrouded in black robes gave Ye Feng a very ethereal feeling, as if he didn't exist here.

At this moment, Ye Feng could immediately sense that this black-robed figure exuded a very strong soul fluctuation.

This black-robed figure should be a soul master like himself.

However, Ye Feng was not sure whether the other party was a human soul master.

If it is really a human soul master, then it is really strange that a human soul master comes together with these monsters.

At this time, Ye Feng did not take action for the time being.

After all, this mysterious soul master is here.

If he joins forces with the leader of the demon tribe to deal with him, he may really be unable to defeat four people with two fists.

After all, one of the opponents focuses on soul power, and the other focuses on body power, so he cannot have any advantage at all.

So Ye Feng is hiding in the void at this time, just waiting for the opportunity.

Next, Ye Feng didn't wait long.

In the afternoon, the mysterious soul master left

Opened this demon tribe.

Seeing this scene, Ye Feng's eyes showed a trace of brightness, and he followed directly behind the leader of the demon tribe.

"boom!"

At the critical moment, Ye Feng rushed out of the void and directly used the power of Hongmeng's true body. He turned into a little purple giant, and then fiercely bombarded the leader of the demon tribe.

Boom!

Almost at this moment, the leader of the demon tribe reacted, stretched out a claw, and collided with the purple giant's purple fist.

At this moment, the entire field suddenly erupted with a terrifying roar.

Then Ye Feng couldn't help but take several steps back, but the leader of the demon tribe also took several steps back.

Ye Feng's eyes were filled with surprise at this time, and he couldn't help but ask: "How did you know that I was hiding in the void and wanted to sneak attack you?"

The leader of the demon tribe smiled coldly and said, "Because someone told me in advance."

Buzz!

After saying that, Ye Feng seemed to sense something and looked towards the leader of the demon tribe fiercely.

Along with a fluctuation in the space, a figure shrouded in black robes appeared in the void next to the leader of the demon tribe.

It was the mysterious soul master who had discussed matters with the leader of the demon tribe before.

Ye Feng's eyes immediately became slightly downcast and he said loudly: "It turns out that you have discovered me hidden in the void a long time ago."

This mysterious soul master made a very hoarse voice: "Yes, from the moment you approached that black hall, I sensed that there was some kind of mysterious existence hidden in the surrounding void. However, I cannot determine your identity. Where is the specific location, so I can only pretend to leave here and then lure you out, but I didn't expect you to actually come out. Who are you? What is your purpose? Are you a master of Tianhun Sect? "

"Tianhun Sect?"

Ye Feng shook his head at this time and said aloud: "I don't know about Tianhun Sect. I am mainly here to deal with the leader of this demon tribe, this mysterious soul master. If you are willing to stand by and watch, I will not target him." You, you can just leave."

At this moment, Ye Feng could vaguely feel that the soul fluctuations of this mysterious soul master were still very powerful, almost no less than his own, so this was a very troublesome existence. If not forced, Ye Feng would not be willing to deal with this mysterious soul. The teachers competed with each other.

But when Ye Feng said this, the mysterious soul master just smiled faintly and said: "Now I and the leader of the demon tribe are joint partners, so if you want to deal with the leader of the demon tribe, then I'm sure too

I will help him and will not leave like this. Moreover, your soul power is very huge and your martial arts cultivation is so powerful. This is the first time I have encountered a talented soul martial fellow like you. If I can catch you, I may be able to discover the secret of the soul martial arts fellow in you. If I can also practice the soul martial arts, then I will no longer be afraid of the pursuit of the Tianhun Sect, and may even kill the Tianhun Sect. Those masters, and then won the position of the leader of Tianhun Sect. "

Hearing what this mysterious soul master said, Ye Feng's eyes suddenly turned cold, and then he said aloud: "Since you are so ignorant, then I have no choice but to catch you both."

Boom!

Almost at the moment when Ye Feng finished speaking, Ye Feng used his Hongmeng true form and turned into a purple giant. In an instant, he rushed towards the leader of the demon tribe in front, carrying a terrifying strong wind that seemed to be able to crush him. everything.

"Soul Prison!"

At this moment, the mysterious soul master directly launched a soul attack on Ye Feng.

A kind of dark prison at the soul level shrouded Ye Feng in an instant, trying to imprison Ye Feng's soul.

"Break it for me!"

At this moment, Ye Feng also released his huge soul power.

You know, Ye Feng's current soul power strength is a full 3.5 million levels.

Therefore, the moment Ye Feng released his soul power, a soul storm burst out from his mind, imprisoning the dark soul that descended, and tore it into pieces.

Then the next moment, Ye Feng's purple fist struck hard in front of the leader of the demon tribe.

The leader of the demon tribe immediately smiled coldly and said: "You have already fought against me once, and your purple fist can't cause any harm to me at all. Let's just fight 50-50... Ah!! "

But before the leader of the demon tribe could finish speaking, Ye Feng's purple fist did not compete with him this time. Instead, it violently smashed the giant claws extended by the leader of the demon tribe with a "click" sound. .

"ah!!"

The leader of the demon tribe immediately let out a scream of pain. It seemed that he had never expected why Ye Feng's fist power had suddenly increased so much this time.

Ye Feng's eyes showed a hint of coldness at this time. This time he not only used the power of Hongmeng's true body, but also integrated the brute force gem into his fist.

So this punch was from Ye Feng's peak level, and it naturally shattered the demonic tribe leader's claws.

Hongmeng real body plus brute force gem!

It's a physical nightmare.

It's simply impossible to resist!

Chapter 3498 Dementors

"boom!"

At this time, Ye Feng did not hesitate at all. The purple fist fused with the brute force gem continued to strike forward fiercely.

At this moment, the leader of the demon tribe suddenly shouted: "The demon's forbidden curse!"

boom! boom! boom.....

Almost at the next moment, spells composed of dark light rushed out from the leader of the demon tribe, and then a defensive light shield was formed directly in front of him, like a shield composed of spells. , blocking Ye Feng's purple fist.

"boom!"

At this time, the mysterious soul master's soul attack also came to Ye Feng again.

This mysterious soul master actually used a very terrifying thunder attack technique.

Moreover, this is a thunder attack at the soul level, which is extremely terrifying and destructive.

Buzz!

Ye Feng didn't hesitate at all at this moment, and immediately released the power of the soul gem, directly condensing a golden soul mask in his soul, directly blocking the thunder attack.

"What?"

Seeing this scene, the mysterious soul master immediately showed surprise in his eyes, and couldn't help but exclaimed: "My thunder attack technique is an extremely powerful soul confinement technique that I practiced in the Tianhun Sect. One of the techniques, I didn't expect you to be able to withstand my forbidden thunder technique attack."

However, Ye Feng had no time to pay attention to this mysterious soul master at this time.

Ye Feng directly displayed his powerful and invincible inherited ancient True Dragon Art.

Because Ye Feng now knows that the greatest threat is still the leader of the demon tribe.

The leader of this demon tribe is a strong man in body refining, but Ye Feng is not that afraid of attacks at the soul level.

Because Ye Feng has a soul gem in his mind, which is enough to protect him from any soul-level attacks.

So at this moment, Ye Feng's focus was to kill the leader of the demonic tribe with lightning speed first.

"Boom!"

At this moment, Ye Feng displayed the Ancient True Dragon Art.

Uh-huh!

Ye Feng instantly jumped up and turned into a majestic golden dragon in mid-air, full of unparalleled power.

Moreover, Ye Feng has also fused several dominator gems, and at this moment, the power of Hongmeng's immortal body is in them, which is simply terrifying to the extreme.

At this moment, the golden dragon bombarded the head of the demon tribe.

"Click, click..."

Everything was like destroying everything. The spell shield released by the leader of the demon tribe was unable to withstand Ye Feng's attack at this moment, and was directly shattered by the impact.

Boom!

Then the golden dragon that Ye Feng became continued to crash into the leader of the demon tribe, directly smashing the entire body of the demon tribe leader into pieces, killing him completely.

"What?!"

Seeing this scene, the man not far away was ready to continue

The mysterious soul master who attacked suddenly changed his expression.

He never thought that Ye Feng's attack would be so terrifying.

In just a short moment, the leader of this extremely powerful demon tribe was blown to pieces.

This horrific attack is simply terrifying to the extreme.

And you must know that in addition to his extremely powerful force, Ye Feng also has a very majestic soul power.

So at this time, this mysterious soul master actually showed a trace of fear in his eyes.

He was thinking about whether he should escape from this place immediately.

Because the feeling Ye Feng gave him was so terrifying that he couldn't resist it. He couldn't fight it.

Uh-huh!

But at this moment, Ye Feng didn't give this mysterious soul master any time to think.

After Ye Feng killed the leader of the demon tribe, he continued to attack the soul master without any delay and grabbed it with both hands.

boom!

Streams of terrifying golden light burst out from Ye Feng's five fingers, condensing into a big golden hand high in the sky.

This big golden hand was not condensed by Ye Feng's mana, but the golden power released by the soul gem in Ye Feng's head, condensed into a palm, so it was very terrifyingly offensive.

At this moment, in front of that big golden hand, the eyes of this mysterious soul master showed a trace of shock and anger. It seemed that he did not expect that Ye Feng actually possessed such a powerful treasure with soul attributes.

"Since you are chattering like this, don't blame me for using the most terrifying soul taboo weapon in my body. In fact, even I don't dare to use this soul taboo weapon because I may encounter extremely terrifying backlash. But now I have to do it, even if we die together, I have to do it!"

"The soul-catching mirror!"

At this moment, this mysterious soul master roared loudly.

Buzz!

Suddenly, a huge black mirror appeared behind him.

This mirror exudes an extremely terrifying dark energy, making it feel very strange and terrifying.

Swish, swish, swish!

Swish, swish, swish!

Almost at the next moment, accompanied by a series of terrifying demon-like roars, very strange souls, exuding black energy, like messengers of death, suddenly rushed out of this huge mirror. , then roared and rushed towards Ye Feng.

There was a trace of horror in Ye Feng's eyes at this moment, because he discovered that these souls were not ordinary souls.

The moment he got close to him, Ye Feng felt that his soul was being absorbed directly by these special and incomparable souls.

If it weren't for the soul gem to protect him, Ye Feng felt that even if his current soul power was a full 3.5 million, he would not be able to resist the terrible things flying out of the mirror.

These weird souls.

"This is not an ordinary soul, but a legendary dementor!"

Suddenly at this moment, Emperor Chu spoke in his mind, and his tone seemed to have a hint of disbelief.

Emperor Chu continued to speak: "This kind of dementors can only be bred in the legendary world of dead souls. How can such a thing appear in the world of origin? Could it be that the mirror is a very terrifying taboo weapon? Able to connect to the legendary world of dead souls and summon this kind of terrifying and strange dementors."

At this time, Ye Feng's eyes showed a trace of horror.

This was also the first time he saw Emperor Chu speaking in such a horrified tone.

Moreover, Ye Feng was shocked to discover that his soul gem was not that powerful in resisting the dementors flying out of these mirrors.

Ye Feng could feel that his soul was almost exhausted.

Ye Feng's expression suddenly changed slightly.

This was the first time he encountered it, and even the soul gems were somewhat difficult to deal with.

These dementors do not exist in the world of origin. Even the soul gems left by the masters in the world of origin are unable to fight against such terrifying and strange dementors.

It is not difficult to imagine that if it were an ordinary soul master, his soul would be wiped out by this kind of dementor in an instant.

When Ye Feng thought of this, he immediately felt a little shocked.

This was the first time he encountered a soul-level enemy that the soul gem couldn't deal with.

At this time, Ye Feng saw the mysterious soul master not far away, his eyes full of madness and ferociousness.

Obviously, this mirror is indeed a very terrifying forbidden instrument. I don't know where this mysterious soul master got it from. It is simply comparable to the soul gem.

Moreover, in a sense, it is even scarier and weirder than the Soul Stone.

Because the soul gems were left behind by the master of the Origin World, and the Dementors attracted in this mirror, according to Emperor Chu, came from another huge interface that is probably not weaker than the Origin World, called Death. Soul Realm.

"let me help you!"

At this time, even Emperor Chu couldn't stand it any longer, fearing that Ye Feng would be in danger.

boom!

At this moment, Emperor Chu directly fused the soul gem, and then turned into a giant of red light, flew out from Ye Feng's eyebrows, and then fought with the dementors.

Even with the bonus of the power of the Soul Gem, Emperor Chu was still having a very difficult time fighting at this time.

When Ye Feng saw this scene, he immediately charged towards the mysterious soul master not far away without any hesitation.

When the mysterious soul master saw this scene, his eyes showed deep horror, and he couldn't help but yelled: "I consumed my life and used this Dementor Mirror to attract these Dementors. Even soul masters who are several levels higher than me can't resist it and their souls will be wiped out in an instant. What kind of peerless treasure is hidden in your kid's head that can actually compete with the terrifying dementors I attracted? fighting in one

Get up, don't fall behind? How can this be! Not to mention this small snowy area, even many soul masters in higher realms have no way to fight against my dementors. "

boom!

Ye Feng didn't bother to explain anything at this time. He directly burst out his terrifying power and used the space gem to shuttle through the void. In an instant, he came in front of this mysterious soul master.

When the mysterious soul master saw Ye Feng appearing in front of him in an instant, he immediately panicked, because the soul master's weakest weapon was his own body.

"boom!"

Without any hesitation, Ye Feng stretched out a big purple hand and struck the mysterious soul master.

"ah!"

Along with a scream, the entire body of this mysterious soul master was blown away by Ye Feng.

But the mysterious soul master did not die. He was actually wearing a very ancient and advanced armor that withstood Ye Feng's killing punch.

The next moment, Ye Feng was ready to continue to use powerful attacks to pursue the victory.

But at this moment, Ye Feng's eyes were a little horrified.

At this moment, the mysterious soul master who was blasted away seemed to have lost control of the soul-capturing mirror behind him because of the heavy damage he suffered.

Wow!

I saw that the group of strange dementors who were trembling with Emperor Chu suddenly left the battlefield and flew in the direction of the mysterious soul master. In an instant, this mysterious soul master was enveloped.

"ah!!"

The next moment, under Ye Feng's horrified gaze, these dementors attracted from the soul-obsessing mirror drained the soul of the mysterious soul master in just a few seconds.

Snap!

The mysterious soul master turned into a mummy and fell directly from the sky. His death was extremely terrifying.

Snap!

At this time, the Dementors returned to the Demented Mirror, and the mirror fell from the sky.

After all, without the control of the owner, the mirror will lose its original power.

"call!"

At this time, Ye Feng finally breathed a sigh of relief.

If Emperor Chu and the soul gem hadn't merged into one, he might have been destroyed by these dementors long ago.

This kind of dementors was so weird and terrifying. It was really the first time for Ye Feng to encounter such a weird and dangerous thing. Even the soul gem lost its former ferocity and was suppressed by this group of dementors.

The Dementor Mirror that attracts these Dementors must be an extremely terrifying thing. It cannot be called a magic weapon. It should be a forbidden weapon.

"What kind of taboo thing is this?"

Ye Feng walked not far away and picked up the soul-capturing magic mirror on the ground. Not only was there no surprise in his eyes at this time, but there was a look of deep fear in his eyes.

According to the previous process controlled by the mysterious soul master, this strange soul-obsessing mirror has a great possibility of backlash against the user, causing the user to die in an extremely miserable manner.

Chapter 3499 Tianhun Sect

In any case, at this time, Ye Feng put this very strange soul-obsessing mirror into his storage ring.

Ye Feng has not directly refined this Soul-Capturing Demonic Realm for the time being, because this Soul-Capturing Magic Mirror is really scary and weird. He must study it clearly first and make sure there are no problems before refining it.

Otherwise, it would backfire on him and he would be sucked into a mummy by those dementors like the mysterious soul master before. That would be too bad.

boom!

At this moment, Ye Feng wasted no time and directly released his Devouring Domain, directly devouring the leader of the demon tribe.

"Rumble..."

As waves of majestic energy were injected into Ye Feng's body, Ye Feng's momentum immediately began to surge rapidly.

"boom!"

The seventh level of the Sun Wheel Realm!

"boom!"

The eighth level of the Sun Wheel Realm!

Ye Feng's cultivation level broke through two levels in a row in this instant, from the sixth level of the Sun Realm to the eighth level of the Sun Realm.

This is already a very huge improvement.

You know, the leader of this demon tribe was eliminated by Ye Feng in just a few strokes.

However, this demon clan leader still provided Ye Feng with such majestic skills, which was really good.

However, it can also be seen from this that Ye Feng's current combat power is really terrifying to the extreme.

Even beings with much higher cultivation than him would not be able to defeat Ye Feng.

At this time, Ye Feng walked up to the mysterious soul master who was sucked into a mummy, sensed it, and frowned slightly.

Ye Feng discovered that the soul of this mysterious soul master had completely disappeared and could not be swallowed by him at all.

Originally, Ye Feng wanted to devour and absorb the soul power of this mysterious soul master so that his soul power could be enhanced.

But now, Ye Feng can't sense any soul power from this mysterious soul master.

Ye Feng immediately guessed that those dementors had drained all the soul power from this mysterious soul master.

Thinking of this, Ye Feng's eyes suddenly showed a trace of fear.

This extremely mysterious and taboo weapon, the Soul-Captivating Mirror, is really weird to the extreme.

Next, after searching, Ye Feng got a storage ring from the finger of the leader of the demon tribe.

From this storage ring, Ye Feng successfully found a way to unlock those dark seals.

It turns out that this dark seal was cast by the patriarch of this demon tribe using an ancient spell.

When Ye Feng attacked the leader of the demon tribe before,

At this time, he was also resisted by the spell shield released by the leader of the demon tribe.

It seems that the leader of this demon tribe is very knowledgeable about spells.

At this moment, after Ye Feng got the method to unlock the dark seal in the storage ring, his eyes suddenly showed joy, and he quickly prepared to go back, hoping to unlock all the dark seals in the dantian of those dynasty masters. open.

If this is the case, then he will receive help from many powerful people in an instant.

But just when Ye Feng was about to leave here, suddenly the entire void around him fluctuated.

Buzz!

A beautiful woman wearing a purple dress suddenly appeared. She was holding an emerald jade ring in her hand, surrounded by colorful silk and satin. Her outfit looked very noble.

The moment the woman in the purple dress appeared, she immediately stared at the mysterious soul master who was sucked into a mummy on the ground not far away. There was surprise in her eyes, and she said loudly: "This traitor is actually dead?"

After saying that, the woman in the purple dress immediately stared at Ye Feng, and then said loudly: "Did you kill this traitor?"

Ye Feng stared at the woman in the purple dress and immediately guessed in his heart that the woman in the purple dress should be from the Tianhun Sect that the mysterious soul master had mentioned before.

Ye Feng nodded slightly and said loudly: "He and the leader of the demon tribe joined forces and wanted to kill me. I resisted and killed both of them."

The reason why Ye Feng said so directly was to make the woman in the purple dress feel wary of him and not to provoke him.

When the woman in the purple dress heard what Ye Feng said, a look of surprise appeared in her eyes.

It seems that Ye Feng, a seemingly ordinary young man from the human race, has such powerful means.

"You are actually a fellow soul martial artist? No wonder you have such great strength."

At this time, the woman in the purple dress seemed to have noticed something, and couldn't help but reveal a trace of surprise on her beautiful face.

Then she stared at Ye Feng and said aloud: "Let me introduce myself first. My name is Zixuan. I come from a hidden power in the depths of the endless wild jungle, the Tianhun Sect. Basically, all members of our sect are cultivators. Soul masters with spiritual and soul power, and talented soul masters from all major races, will all join our Heavenly Soul. As for the soul master you just killed, little brother, he is a traitor among our Heavenly Soul. He bullied The master destroyed the ancestors and also stole the forbidden weapon in our Tianhun Sect, the soul-catching magic mirror. It is a very terrifying thing and must not be leaked, otherwise, there will be a big disaster.

Disaster. "

Ye Feng was naturally pretending to be stupid at this moment, and couldn't help but ask: "The soul-catching mirror? I have never heard of it. What disaster can a small mirror cause?"

Zixuan's face was very solemn and she said aloud: "The Soul-Capturing Mirror is actually not something from the big world where we originated, but from a very terrifying interface called the World of Dead Souls. If the Soul-Capturing Mirror falls into the hands of others, it may trigger a strange invasion of the entire world of dead souls, because this forbidden mirror is connected to the ancient world of dead souls. If it is used improperly, or the controller is not strong enough to control the soul-capturing mirror in his hand, it is very likely that the soul-obsessing mirror will turn into a space portal, causing countless weird beings in the world of dead souls to fully invade our origin world, which will be a disaster for our entire origin world. "

Hearing what Zixuan said, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect that the Soul Captivating Mirror to be so terrifying.

But at this time, Ye Feng knew that although this thing was very weird and terrifying, it was also a very terrifying killing weapon, almost comparable to the soul gem.

In a sense, it's even more powerful than the Soul Stone.

So Ye Feng just pretended to be stupid at this time and said: "I didn't find any soul-capturing magic mirror. You can see for yourself. After the traitor of your Tianhun Sect died, the storage ring was still on his finger. I didn't even have time to take it down. If you want to search it, just go ahead and search it." .??.

After saying that, Ye Feng didn't care about the soul master's storage ring and just flew away into the distance and left here.

brush!

Zixuan, who was on the spot, instantly flew to the corpse of the mysterious soul master, then took the storage ring of the mysterious soul master, and carefully inspected it, but found no soul-capturing mirror.

There was a hint of ugliness in Zixuan's eyes.

If the Soul Captivating Mirror is thrown away, it will be a huge loss for their Heavenly Soul Sect, and it will also cause danger to the entire world.

"It seems that the only thing we can do is go back and ask the master for help, and use special soul methods to see if we can find the location of the soul-capturing mirror. Where is it?"

After murmuring, Zixuan jumped up, left here, and disappeared into the void.

Zixuan did not doubt that the soul-obsessing mirror was in Ye Feng's hands.

Because once the Soul-Capturing Mirror is used, Ye Feng's current soul master methods cannot resist or control it, and it is impossible to obtain something as taboo as the Soul-Capturing Mirror.

However, Zixuan probably never thought that although Ye Feng's soul master method was not very powerful, he had obtained a soul gem left by the master very early, which was just right to fight against the evil spirits in the soul-absorbing magic mirror.

Strange power.

After Zixuan left, Ye Feng felt relieved when he observed this scene not far away.

If this Zixuan keeps tracking herself, it might really be a trouble.

After all, the other party is not just a casual cultivator, but comes from a huge and mysterious force of soul masters called Tianhun Sect.

However, Ye Feng knew that the Tianhun Sect probably had other means to find the soul-capturing mirror on him.

So at this time, Ye Feng decided to leave this endless wild jungle and return to the territory of the Ice and Snow Dynasty.

In this case, even if the Tianhun Sect uses any special means and knows that the Soul-Captivating Mirror is in his hands, he will not attack him in a large scale.

Because this involves a territorial dispute between two huge forces.

If only one or two masters from Tianhun Sect were to deal with him, Ye Feng felt that he would have no problem.

What's more, after Ye Feng goes back this time, he is ready to study it carefully to see if he can completely refine and control this soul-obsessing magic mirror and make it his own treasure.

In this case, Ye Feng will have a weird killer weapon that is even more powerful than the soul gem.

Because the soul gem is more about protecting one's soul.

And this soul-capturing magic mirror is an out-and-out offensive weapon.

Before, Ye Feng saw with his own eyes how terrifying those dementors were.

And according to what Emperor Chu said, the soul-obsessing mirror can not only attract these most basic dementors, but if it comes to the end, it can even attract more terrifying and taboo undead souls from the world of undead souls. It is very horrible.

Ye Feng thought in his mind that at this moment, he returned to the edge of this demonic tribe with a way to unlock the dark seal.

Here, Ye Feng saw the group of rescued dynasty masters again.

This group of masters from the Ice and Snow Dynasty have their current cultivation levels sealed, so naturally they won't run around.

Seeing Ye Feng back at this moment, a group of Dynasty masters couldn't help but asked with some anticipation: "Brother Ye Feng, have you succeeded?"

Ye Feng looked at everyone's expectant eyes, smiled slightly, nodded, and said aloud: "I have successfully found a way to unlock the dark seal in your current hands."

hiss!

"Very good!!!"

Hearing what Ye Feng said, everyone first gasped in shock, and then all expressed surprise.

If they can restore their cultivation, then they will have nothing to fear. After all, so many dynasty masters together are a terrifying force that cannot be ignored.

Chapter 3500 Join forces to fight

At this moment, Ye Feng did not waste time and directly started to cast the set of spells that could unlock the dark seal.

Fortunately, Ye Feng's comprehension ability had been transformed by the soul gem, and he was very evil. Otherwise, in just a short moment, it would have been impossible to comprehend this set of spells that could unlock the seal of darkness.

"Buzz!"

At this time, as soon as Ye Feng cast this spell, spells emitting black light suddenly rushed out from Ye Feng's body.

These spells fell on the dozens of Ice and Snow Dynasty masters in front of them, and they were immediately integrated into their Dantian.

At this moment, every Dynasty master could immediately feel something unusual.

They discovered that the dark seal in their dantian that trapped their cultivation was rapidly melting.

As the seal melted, waves of extremely powerful cultivation aura erupted from these dynasty masters in an instant.

Some cultivation auras are even much more powerful than Ye Feng himself.

"Our seal is really broken!"

"Great, after the seal is released, we can unleash our powerful power to our heart's content."

...

At this time, every dynasty master couldn't help but shout out in surprise.

The next moment, all the masters of the dynasty couldn't help but came to Ye Feng, and then they clasped their fists and said with great sincerity: "I really want to thank Brother Ye Feng this time, otherwise, so many of us masters would probably We will all die in the hands of these abominable monsters. Fortunately, brother Ye Feng, you are extremely powerful and have many methods. You actually found a way to lift the dark seal for us, allowing us to regain our lives, which is equivalent to giving us a new life. Next If Brother Ye Feng has anything to do, we will definitely cooperate with you, Brother Ye Feng."

At this moment, looking at the many dynasty masters holding fists and shouting in front of him, Ye Feng showed a slight smile in his eyes and said loudly: "I don't have anything special that requires your cooperation. The only thing I need your help is Come with me to deal with my most powerful enemy at the moment, the super genius from the Royal Martial Arts Academy, Gu Hai."

Hearing what Ye Feng said, this group of dynasty masters immediately spoke out very boldly: "Of course, that Gu Hai is a shameless person, killing him can be regarded as justice for heaven."

After finishing speaking, everyone stood behind Ye Feng, obviously waiting for Ye Feng's instructions.

At this time, Ye Feng looked at a large group of dozens of experts from the dynasty behind him, with a look of deep confidence in his eyes.

With his current powerful cultivation level, including these dozens of dynasty masters from the Ice and Snow Dynasty,

, if combined together, they are not afraid of that Gu Hai at all.

Even if that Gu Hai was a super strong man in the tenth level of Tianyuan Realm, he still couldn't defeat so many of them.

Uh-huh!

At this moment, Ye Feng flew directly forward.

Swish, swish, swish!

The next moment, everyone present followed Ye Feng and flew into the air.

Ye Feng spoke up at this time: "Gu Hai was fighting a powerful demon that I lured out here before. I guess he should be looking for my traces nearby, but now, it's my turn to find him."

Buzz!

The moment Ye Feng's words fell, he immediately released his huge soul power and moved towards the surrounding area, trying to find the life breath of the ancient sea.

However, Ye Feng couldn't find Gu Hai in a short period of time. After all, this endless wild jungle was so big. Finding someone was like looking for a needle in a haystack.

At this time, Ye Feng looked at the group of dynasty masters behind him and said loudly: "Since we can't find them, let's leave this endless wild jungle first and go out first. Maybe we will encounter them on the way."

Naturally, the group of dynasty masters who were following him didn't say much. Instead, they nodded and followed Ye Feng obediently, flying in a certain direction ahead.

With the guidance of this group of dynasty masters, Ye Feng soon arrived at the edge of the wild jungle and was about to leave the endless wild area.

"Hahaha, Ye Feng, I finally found you! I knew you would definitely come out. You can't always hide in this wild jungle."

Suddenly at this time a loud laughter sounded, full of deep murderous intent.

At this moment, Ye Feng immediately looked forward and found a very tall young man standing there with a cruel smile on his face.

"Guhai!"

Ye Feng smiled coldly at this time and said: "Gu Hai, you are just waiting here, but you don't know that I am also looking for you everywhere."

After the words fell, dynasty masters suddenly appeared behind Ye Feng. There were dozens of them, and the auras on them were all very powerful.

"Um?"

At this moment, Gu Hai saw dozens of dynasty masters following Ye Feng, and a look of surprise appeared on his face. It seemed that he did not expect that Ye Feng would not know when

There are so many experts gathered.

But at this moment, Gu Hai did not show fear. Instead, his eyes were full of deep ridicule, and he said loudly: "Ye Feng, do you really think you can fight with these dozens of miscellaneous fish behind you?" Can I compete? Then I can only say that you are too naive. You don't understand how powerful I am. Even if you practice for decades, you will not be my opponent. "

boom!

Almost at this moment, Gu Hai immediately burst out with a terrifying aura of power.

You must know that this Guhai is a super genius at the tenth level of Tianyuan Realm, and the power of cultivation that breaks out at this moment is very terrifying. ??

Boom! !

The boundless wave of power spread out from Gu Hai's body, shattering all the surrounding mountains and earth, and then covered it in the direction of Ye Feng.

At this moment, Ye Feng immediately felt the terrifying destructive power.

There was a hint of surprise in his eyes.

I have to say that this Gu Hai is indeed a very powerful super genius.

Even if his cultivation level has improved a lot now, he still can't compete with this ancient sea.

But at this moment, dozens of Ice and Snow Dynasty masters behind Ye Feng immediately flew out, and then instantly surrounded Gu Hai not far away.

Boom boom boom...

The next moment, every master released his own powerful power.

These forces were combined together to form a joint field like a formation, which enveloped Gu Hai's entire body, causing Gu Hai's mobility and combat effectiveness to drop a lot.

Gu Hai felt that his strength was much weaker. At this moment, his eyes were shocked and he couldn't help but said: "It turned out to be a long-lost joint attack method. What force do you people come from in our Ice and Snow Dynasty?" ?"

"Gu Hai, you are a shameless person, you have no qualifications to know our origins."

A group of dynasty masters all shouted loudly.

"A bunch of fish!"

At this moment, Gu Hai's hand flashed with light, and a golden trident appeared, and then it quickly attacked the surroundings.

"Boom!"

The terrifying power light wave suddenly exploded in the entire void.

The domain formed by dozens of dynasty masters joining forces almost collapsed Guhai at this moment.

"So strong!"

At this moment, dozens of Dynasty masters showed deep horror in their eyes.

"You continue to use this joint attack field that can weaken the power of this ancient sea, and leave the rest to me!"

Ye Feng roared loudly at this time, his whole body erupted with divine light, his fighting spirit surged into the sky, and he rushed directly towards the area where Gu Hai was.

Buzz!

When Ye Feng flew not far from Gu Hai, Gu Hai showed a cold and mocking smile in his eyes, and said loudly: "Even if my strength is weakened a lot by this field, you, a weak human boy, want to defeat me. That is absolutely impossible. Huh, you are just a waste who has cultivated to the eighth level of the Sun Wheel Realm. If you dare to confront me, I will let you know what cruelty is."

Boom!

Almost at the moment Gu Hai finished speaking, Gu Hai held the golden trident in his hand and charged directly towards Ye Feng.

The golden trident in his hand burst out with brilliant golden light, like the sharpest sword in the world, cutting through everything and almost crushing Ye Feng's entire body.

Ye Feng did not dare to make any excuses at this time, and simply took out the Tianlong Sword presented to him by His Majesty the Dragon Emperor of the Ice and Snow Dynasty.

Clang!

Ye Feng input his huge mana and entered the Tianlong Sword. The Tianlong Sword suddenly burst out with a brilliant sword light, and instantly collided with the golden trident in Gu Hai's hand.

Boom! !

The entire field suddenly erupted with a terrifying roar, and the powerful aftermath of the battle made the entire surrounding field about to collapse.

"hold onto!"

At this time, all the dynasty masters could not help but encourage each other and never let go.

Because if they relax their strength, Gu Hai's combat power will soar in an instant, and Ye Feng will definitely not be able to resist.

At this time, all they could do was try their best to share the pressure for Ye Feng.

Boom! !

At this time, Ye Feng's body erupted with black and golden light, while Gu Hai's body erupted with boundless cyan light.

The two of them were like two young gods, quickly colliding and confronting each other in the field, and the fight was fierce.

Ye Feng also fully mobilized all his methods at this time, including the Eternal Thunder Dragon True God Diagram, the power of the Tianlong Sword, and the Ancient True Dragon Art. In the end, Ye Feng even released the Dark Dragon Soul Domain and finally fought against Gu Hai. Both are comparable.
