

Ancient 3501

Chapter 3501 Tiancang City

Boom! !

The entire edge of the wild jungle was plunged into boundless chaotic fluctuations at this moment.

Because the battle between Ye Feng and Gu Hai was really terrifying.

At this time, Ye Feng had a look of shock and anger in his eyes.

This Gu Hai's cultivation has been weakened so much by dozens of dynasty masters, and yet he is still so difficult to deal with, which is beyond Ye Feng's expectations.

Originally, Ye Feng thought that with the help of so many dynasty masters, he should be able to suppress Gu Hai easily.

But I didn't expect that this Gu Hai was indeed a peerless genius that was rare to see in a hundred years, and his methods and combat power were very terrifying.

In addition, this ancient sea can actually mobilize the power of the sea. His body should contain the blood of the ocean dragon, otherwise it would be impossible to have such a powerful combat power.

But at this moment, Ye Feng has an arrow on the string and has no choice but to take action.

Since he happens to be facing this Guhai, he must do his best to kill him, otherwise, it will definitely be a huge disaster for him in the future.

After all, it was impossible for him to have dozens of dynasty masters follow him wherever he went.

So at this moment, Ye Feng frantically stimulated the power of his Hongmeng Immortal Body.

Moreover, he also integrated each of his domination gems into his body.

These master gems include soul gems, space gems, brute force gems, chaos gems, death gems, earth gems, poison gems and dark gems.

All the domination gems were cast into his limbs by Ye Feng.

Boom! !

At this moment, Ye Feng immediately felt infinite energy exploding in his limbs.

If it were normal, Ye Feng would not take such a risk and release all the power of the domination gem in an instant.

Because in this case, it is very likely that your body will be unable to bear it and collapse directly.

But now in order to kill this extremely powerful Guhai, Ye Feng can only take a risk.

"Buzz!"

At this moment, Ye Feng merged all the domination gems, and his power was instantly strengthened unparalleled.

Ye Feng's every move can shatter mountains and rivers.

Boom!

At this moment, Ye Feng's fighting power soared, and Gu Hai couldn't help but retreat quickly.

Gu Hai's eyes showed deep horror at this time, and he couldn't help but said: "How come your boy's power suddenly became so strong? This is absolutely impossible!"

"Nothing is impossible in this world."

Ye Feng at this time is just

He smiled coldly, said nothing, and wildly burst out the power of the Dominator Gem.

In addition, the function of the domination gem was also brought into play by Ye Feng.

For example, the soul gem can attack Gu Hai's soul crazily, and the space gem can be used by Ye Feng to create several space cracks at any time, causing Gu Hai to almost have his entire body chopped into pieces.

There are also brute force gems that make Ye Feng's power infinitely powerful.

The Chaos Gem put Guhai in chaos and dizzy.

The Death Gem almost caused Gu Hai to fall into the abyss of death, causing him to break into a cold sweat.

The earth gem gave Ye Feng a set of earth armor with boundless defensive power, making Ye Feng not afraid of Gu Hai's attack power at all.

As for the poisonous gem, Gu Hai was poisoned in an instant. The severe toxicity caused Gu Hai's vitality and combat effectiveness to drop rapidly.

At this time, Gu Hai was caught off guard by Ye Feng's set of combos. His combat status plummeted, and he was almost killed by Ye Feng instantly.

"impossible!"

Gu Hai immediately showed a look of deep horror in his eyes. He seemed to have never thought that Ye Feng, a human boy he looked down upon, had so many terrifying methods and could exert so many powers with different attributes in an instant. Very scary.

Boom!

At this time, Ye Feng's crazy attack made Gu Hai fall into the quagmire of fighting, and he could no longer confront Ye Feng tit for tat.

At this time, Gu Hai even thought of running away.

But how could Ye Feng let Gu Hai escape.

Ye Feng released the power of the space gem, and then laid dense space cracks in the direction of Gu Hai's escape. Gu Hai could not escape at all. In the end, Ye Feng hit Gu Hai on the head with a fierce fist.

"ah!!"

In the midst of an earth-shattering scream, Gu Hai, a super genius from the Royal Martial Arts Academy, had his entire head shattered by Ye Feng, killing him instantly.

Guhai, die!

"call!"

At this time, Ye Feng finally breathed a sigh of relief, his whole face looking a little pale.

This time, even though he was very powerful, he still consumed a huge amount of power to finally kill Gu Hai.

And the dozens of dynasty masters around them all took back their power at this moment, and they were also a little exhausted.

This ancient sea is really difficult to deal with, as expected

The top genius of the Royal Martial Arts Academy is very powerful.

At this time, Ye Feng looked at Gu Hai's body not far away, with a look of surprise in his eyes that could not be concealed.

Because for Ye Feng, getting rid of this ancient sea means getting rid of a huge trouble.

Moreover, this Guhai is a super strong man at the Dzogchen level of the tenth level of Tianyuan Realm. His skill and blood energy must be extremely majestic.

In addition, this ancient sea's storage ring must be rich in resources. After all, the opponent comes from the noble Royal Martial Arts Academy. He is the top genius in the Royal Martial Arts Academy, and he is naturally rich.

At this time, Ye Feng stretched out his hand without any hesitation and put Gu Hai's body into his storage ring.

At this moment, Ye Feng turned around and looked at the dozens of Dynasty masters not far away, clasped his fists and said loudly: "Thank you for your help. If you hadn't weakened the fighting power of this ancient sea, I would definitely not be this ancient sea." opponent."

A group of dynasty masters immediately responded with a smile: "Brother Ye Feng, you don't have to be so polite. If it weren't for you, brother Ye Feng, we would probably have become the slaves of those monsters, and we will never be able to stand up again. Now brother Ye Feng You have such a powerful enemy, so we should help you."

Hearing this, Ye Feng nodded slightly and said with a smile: "It is an honor for me to get to know you all. Since we have now walked out of the endless wild jungle, I will say goodbye first."

"Wait a moment."

Among the dozens of dynasty masters, a middle-aged man wearing a black robe suddenly spoke up: "Brother Ye Feng, your combat power is so powerful, far beyond your current level. I wonder if Brother Ye Feng is willing to follow you. Let's go to Tiancang City where we were before to rescue the residents of the Ice and Snow Dynasty in Tiancang City. If brother Ye Feng goes with us, we will be sure to defeat the dark demon army outside Tiancang City. A lot, and if Brother Ye Feng can help us deal with so many dark demon armies, the city lord of Tiancang City will definitely thank you deeply, Brother Ye Feng, and maybe give you huge cultivation resources."

When Ye Feng heard the middle-aged man in black robe say this, his eyes immediately moved slightly.

Then Ye Feng thought for a moment, if he returned to Giant Spirit City where the Ninth Prince was now, he wouldn't have anything else to do.

After all, the Ninth Prince must be training his own soldiers in Giant Spirit City now.

Moreover, with Mr. Xia, a super strong man, guarding the Giant Spirit City, there shouldn't be much danger.

Now that Tiancang City, another city, is in crisis, it's time to rescue it yourself.

Moreover, Ye Feng knew very well that if there were many dark demons attacking outside Tiancang City, if he went there, he might be able to absorb a lot of blood energy, which would greatly enhance his cultivation skills.

Thinking of this, Ye Feng immediately looked at the middle-aged man in black robe in front of him, smiled and said: "Help the residents of our Ice and Snow Dynasty, this is what I should do."

After finishing speaking, many Ice and Snow Dynasty masters could not help but show deep joy in their eyes.

Because they had all seen Ye Feng's fighting power just now, it was very terrifying.

If Ye Feng is willing to go to Tiancang City with them, then the pressure on Tiancang City will suddenly be much less.

Under the cheers of a group of dynasty masters, Ye Feng followed this group of masters and flew quickly towards Tiancang City.

Everyone is a master and naturally very fast.

In less than half a day, they had completely left the endless wild jungle area and arrived at the border area of the Ice and Snow Dynasty.

At this time, in Ye Feng's field of vision, a majestic and boundless ancient city suddenly appeared on the endless land.

This majestic and boundless ancient city stands on the ground. It looks very vast and majestic, exuding a rich atmosphere of history.

"That is Tiancang City, one of the hundred frontier cities of our Ice and Snow Dynasty."

A dynasty master standing next to Ye Feng pointed at the majestic ancient city not far away and said.

Ye Feng nodded slightly at this time. The moment he arrived near Tiancang City, he felt a very strong demonic energy dissipating in the air, which was very dark.

"boom!"

At this time, Ye Feng released the Devouring Domain and began to devour Gu Hai's skill and blood energy in his storage ring.

Before really approaching Tiancang City, Ye Feng decided to improve his state to a peak level.

So at this time, Ye Feng released the Devouring Domain and directly began to devour the ancient sea in the storage ring.

"Boom!"

At this moment, Ye Feng immediately felt the boundless energy injected into his Dantian, which greatly improved his skills.

This ancient sea is definitely the most powerful creature that Ye Feng has swallowed so far.

Moreover, the ocean dragon bloodline contained in this ancient sea body immediately nourished Ye Feng's Hongmeng bloodline.

At this time, Ye Feng's cultivation level was not only beginning to skyrocket, but the strength of Hongmeng's immortal body was also undergoing rapid transformation and improvement!

Chapter 3502 What a genius

"Buzz!"

A terrifying aura quickly spread from Ye Feng's body.

At this moment, a group of dozens of dynasty masters standing around Ye Feng had deep horror in their eyes.

Because in their eyes, Ye Feng seemed to be in a very special state at this time.

The energy aura on Ye Feng's body is rapidly growing stronger.

Like a young divine dragon, it is about to break out of its shell and undergo a violent and continuous transformation.

At this time, an old man immediately said: "Everyone, please stay quiet now and don't disturb brother Ye Feng's cultivation state. According to my many years of experience, brother Ye Feng should have entered a very special state of enlightenment. If he can succeed in martial arts, he will be greatly improved."

"So that's it."

"Brother Ye Feng is really unbelievable. Not only do he possess various methods, but he also has such a great understanding of cultivation. I am really lucky for the Ice and Snow Dynasty."

"Yes, I dare to say that in ten years' time, among the top levels of our entire Ice and Snow Dynasty, Brother Ye Feng will definitely have a place."

At this time, many dynasty masters could not help but speak out.

Then the next moment they didn't say anything more, but formed a circle, surrounding Ye Feng in the middle, to help Ye Feng protect the law and prevent the dark demons from suddenly attacking around him, breaking Ye Feng's martial arts state.

"boom!"

At this moment, Ye Feng followed the devouring, and his cultivation momentum immediately began to break through rapidly.

"boom!"

The ninth level of the Sun Wheel Realm!

"boom!"

Great Perfection in the Tenth Level of the Sun Wheel Realm!

"boom!"

Half-walk to the palace!

"boom!"

Dao Palace Realm First Level!

"boom!"

Dao Palace Realm Second Heaven!

"boom!"

The third level of Dao Palace Realm!

At this time, Ye Feng's cultivation momentum finally stopped completely.

boom!

But in the next moment, Ye Feng's body once again erupted with a terrifying life fluctuation.

This is a kind of fluctuation in the essence of life!

It's as if the entire human life level has evolved.

Obviously, Ye Feng was fused with the bloodline of the ancient ocean dragon at this moment, allowing Hongmeng's immortal body to directly transform from the middle stage of the second level to the late stage of the second level!

Ye Feng not only cultivates

It has reached a huge surge, and the strength of the body has also been improved to a higher level.

At this time, Ye Feng could feel that even if he did not use any powerful inheritance or methods, he still felt explosive power, surging through his entire body, which was extremely terrifying.

Ye Feng believes that his true combat power is now many times higher than before.

Buzz!

At this moment, Ye Feng opened his eyes, and there was a strong divine light shining in his pupils.

At this time, a group of dynasty masters around him stared at Ye Feng, feeling that this was not a human boy, but a violent beast that had fully awakened and could cause earth-shattering damage at any time.

"In just a short moment, I didn't expect Brother Ye Feng to improve so much. He is really a genius. I have lived for so many years and I have never seen anyone as powerful as Brother Ye Feng. It's

true. It's too terrifying. If we follow this talent, the entire Ice and Snow Dynasty will probably not be able to restrain Brother Ye Feng in the future."

At this moment, among this group of dynasty masters, an old man couldn't help but praise from the bottom of his heart. He was obviously shocked by the breakthrough momentum Ye Feng showed just now.

After all, Ye Feng's breakthrough speed just now was indeed a bit incredible.

It is estimated that this group of royal masters can't figure out why Ye Feng made so many breakthroughs in a state of enlightenment. It is really unreasonable.

Because enlightenment usually only makes a person's understanding of martial arts more powerful, but the realm breakthroughs are generally not that many, at most a breakthrough to the first level.

But Ye Feng broke through so many realms at once, which really made all the royal masters present feel incredible.

At this time, Ye Feng felt extremely powerful energy surging throughout his body.

Ye Feng's eyes became much more confident. He looked at the dynasty masters around him and said, "We can go directly to Tiancang City now."

"good."

The eyes of many dynasty masters also showed joy.

Ye Feng suddenly became so powerful, which was of huge benefit to them.

Because the situation in Tiancang City is very critical now, and it is besieged by many masters of the dark demon clan.

With a super genius like Ye Feng here, he should be able to help a lot.

Swish, swish, swish!

Everyone immediately turned towards the towering one not far away

The ancient city flew over to support the entire Tiancang City.

But just when they arrived not far from Tiancang City.

suddenly.

"Boom!"

"Boom!"

The surrounding ground shattered, and ferocious-looking monsters rushed out from the surrounding ground in an instant, opening their bloody mouths and killing everyone.

"Puff" "Puff"...

At this moment, several dynasty masters with slightly lower cultivation levels didn't even have time to react. They were instantly bitten through their bodies by a large group of monsters that rushed towards them, and they died immediately without even letting out a scream.

"No! There's an ambush!"

At this moment, many masters of the dynasty burst out their incomparable power. The weapons such as swords, guns, swords and halberds in their hands burst out with bright divine light, and bombarded the surroundings, temporarily blocking this group of monsters. Living.

At this moment, on the tallest and majestic monster, stood a dark demon in black robes.

This dark demon has transformed into a young man in black robes. He looks very strange and has red eyes. He looks very young.

The young man in black robe suddenly showed a cruel smile on his face, and said loudly: "Tiancang City is about to fall, and all of you reinforcements will die when they come. It seems that my choice is very correct. In Tiancang City, On the only way to Cangcheng, we have set up an ambush, and it turns out that we are able to capture so many masters of the Ice and Snow Dynasty. You'd better capture them all and become my slaves, and maybe I'll spare your lives."

The demonic aura emanating from this young man in black robes is impressively beyond the realm of Dao Palace and the third level of Tianyuan Realm. Although it is also very powerful, it is indeed much weaker than Gu Hai.

So at this time, there was no fear in Ye Feng's eyes. He just clenched the Tianlong Sword in his hand, his eyes were very cold, and he said loudly: "You want us to become slaves of you dark demons? This is absolutely impossible. ! And the entire Tiancang City, I will not let this city fall!"

"Um?"

This young man in black robe stared at Ye Feng for an instant, and said coldly: "Who are you? A weakling whose cultivation level is not higher than the third level of Dao Palace Realm. What qualifications do you have to say such arrogant words? Who are you?" Give you the courage?"

"It's my strong strength that gives me courage!"

boom!

Ye Feng didn't hesitate at all at this time. Holding the Tianlong Sword in his hand, he immediately burst out with his extremely powerful cultivation power.

You must know that Ye Feng's magical power is many times greater than those of the same level.

Now Ye Feng's cultivation level has been greatly improved, so at this moment Ye Feng activated the Tianlong Sword in his hand, and the Tianlong Sword immediately burst out with an extremely bright golden sword light, which seemed to be able to cover the entire sky. Cut off, and kill all around in one fell swoop.

"Pfft!"

"Pfft!"

"..."

Ye Feng, who is now in peak condition, has extremely terrifying fighting power.

The Heavenly Dragon Sword in his hand was like the scythe of the god of death. It was slashing wildly towards the surroundings. In an instant, a large number of monsters were cut in half. Their blood flowed into a river and they fell to the ground. superior.

"What?!"

Seeing Ye Feng destroying so many monsters in an instant, the young man in black robe from the dark demon clan immediately became furious and said, "Stop, boy! I have worked so hard to cultivate these monsters. You will They were all killed. This is simply a great sin. I will not give you any chance of survival today. Even if you kneel in front of me and beg for mercy, and you want to become my slave, I will still Completely wipe you out!"

"Dark Devil Mahamudra!"

At this moment, this young man in black robe from the dark demon clan rushed directly in front of Ye Feng, stretched out a hand, and immediately turned into a black and boundless claw, covering the sky and the sun, and the dark thunder flashed, It is full of unparalleled destructive power, as if it can smash the entire earth to pieces.

boom!

Ye Feng did not hesitate at this moment and directly activated the second level of the accompanying talent of Hongmeng Immortal Body, Hongmeng True Body.

Boom!

Because Ye Feng had previously obtained the bloodline of the ocean dragon, his Hongmeng Immortal Body had been upgraded to the late second level.

So at this time, Ye Feng activated the true form of Hongmeng, and the purple giant he turned into became much larger. It directly expanded into a purple giant several thousand meters tall, with the energy of Hongmeng surging in his body. .

Boom! !

Ye Feng punched out with both fists, bursting out with terrifying and boundless power, which instantly shattered the black devil's big handprint of the young man in black robe into pieces.

"What?!"

Seeing this scene, the young man in black robe immediately widened his eyes.

He couldn't help but exclaimed: "What kind of special physique do you, a human boy, have? Your cultivation level is a whole realm weaker than mine, but you can actually directly smash my black devil's big hand seal. This is impossible!" "

Chapter 3503 Entering the City

The young man in black robe was very shocked at this time, because he never thought that Ye Feng, a seemingly ordinary human race boy, would have such terrifying and powerful cultivation, which was simply shocking.

At this time, the young man in black robe's eyes suddenly became very solemn, and then he took out an extremely black writing brush directly from his storage ring.

This brush exudes a dark and boundless light and looks very evil.

boom!

At this moment, the young man in black robe held the black writing brush in his hand and pointed directly at Ye Feng.

In mid-air, at this moment, this black brush directly bloomed with a light of death, instantly covering Ye Feng, trying to wipe out all Ye Feng's life.

Ye Feng's eyes just showed a cold smile at this time, showing no fear at all towards this light of death.

Because Ye Feng has a death gem on his body.

This light of death, which may be very harmful to others, does no harm to Ye Feng at all.

At this moment, Ye Feng just smiled coldly, not bothering to resist at all. He faced the light of death and rushed in front of the young man in black robe.

Then under the horrified look in the opponent's eyes, a purple fist struck out fiercely.

This purple fist, Ye Feng also fused with the brute force gem, the power that exploded was naturally very terrifying, and it shattered the entire head of the young man in black robes at once.

"ah!!"

At this time, the headless body of the young man in black robes suddenly let out an earth-shattering scream, and his whole body fell directly from the sky, killing him instantly.

Seeing this scene, the surrounding royal masters showed deep horror in their eyes.

They did not expect that Ye Feng's current cultivation level was already so powerful.

This young man in black robe was a very powerful dark demon, but he was still killed by Ye Feng in just a few hits.

This kind of fighting power is really terrifying to the extreme.

It is much stronger than when he fought Gu Hai before.

It is estimated that this young man in black robe would never have thought that he would ambush Ye Feng and his party here, but in the end he would become the prey.

At this time, Ye Feng directly put the group of monsters that were killed around him and the body of the young man in black robes into his storage ring, and then secretly devoured them.

Boom!

The next moment, Ye Feng suddenly burst out with a powerful aura of cultivation.

Ye Feng directly made a breakthrough.

After reaching the first level of heaven, he stepped into the fourth level of Dao Palace Realm!

At this time, Ye Feng looked at the group of Dynasty masters around him and said loudly: "Let's keep going. Be careful that there are other ambushes around us."

When many royal masters heard what Ye Feng said, they all nodded and became alert.

Although Ye Feng successfully eliminated the ambush group of dark demons this time, he still killed several dynasty masters at the moment when this group of dark demons made a sneak attack, which made many people feel very regretful.

At this time, everyone hurried on quickly and finally arrived at the gate of Tiancang City half an hour later.

But at this time, in the field of vision of Ye Feng and his party, the gate of Tiancang City was surrounded by a dense group of dark demons.

These dark demons are holding pieces of black crystal stones in their hands, and they are placing them into grooves on the ground.

These dark demons used these black crystals to form a huge formation, surrounding the entire Tiancang City.

When Ye Feng saw this scene, a look of surprise suddenly appeared in his eyes, and he couldn't help but said: "This group of dark demons seems to be unable to break through Tiancang City's defense,

so they have arranged them around Tiancang City. An ancient and vast demonic formation wants to use the power of the formation to completely break through the entire defense of Tiancang City."

Hearing what Ye Feng said, a group of dynasty masters around them couldn't help but change their expressions, and said loudly: "Knowing this ancient and terrifying demon formation must be a very powerful existence among the dark demons. We Now how to do?"

At this moment, everyone's eyes were focused on Ye Feng.

Unknowingly, all the dynasty masters, even some dynasty masters whose cultivation was more advanced than Ye Feng, were looking at Ye Feng at this time. It was obvious that Ye Feng was the backbone and they wanted to listen to Ye Feng's words.

Ye Feng thought for a moment at this time, and then said slowly: "There is no other way now. We can only kill them directly. First kill these dark demons who have arranged the formation, and then destroy the entire formation." Formation base."

Hearing what Ye Feng said, a group of dynasty masters around them nodded one after another and said loudly: "Brother Ye Feng is right, the most important thing now is to destroy this ancient evil demon formation. In this case, The experts within Tiancang City will be much less stressed."

Ye Feng nodded and said aloud: "Then we will go directly over, destroy these formations first, and then directly attack Tiancang City, meet with the masters in Tiancang City, and then find a way to siege The entire Tiancang City

These dark demons were repelled. "

Ye Feng exuded extremely powerful soul power at this time, and he also sensed that the dark demons besieging the entire Tiancang City were very large, numbering in the hundreds of thousands.

Even though Ye Feng is very confident in his own strength, he still has no confidence that he can fight against so many dark demons alone.

Not to mention that among these dark demons, there must be terrifying superpowers hidden among them, who may not be able to deal with them.

So at this time, Ye Feng didn't care much.

His plan was to first destroy the formation that attacked the entire Tiancang City, and then forcefully invade the entire Tiancang City and meet up with the masters in Tiancang City.

At this time, Ye Feng and a group of royal masters came to a walled area in Tiancang City.

The defensive force here is the weakest, and it is easy to open a hole, allowing Ye Feng and a group of royal masters to enter Tiancang City, join the masters in Tiancang City, and then everyone can figure out a solution together. ??

boom!

At this time, Ye Feng did his duty and rushed out alone, shouting: "Kill!"

At this moment, Ye Feng's body burst out with boundless mana, and then input it into the Tianlong Sword in his hand.

hold head high!

A huge dragon roar suddenly erupted from the Tianlong Sword.

The sword body exuded bright and boundless divine light, filled with sharp and boundless cutting power, and instantly cut a large group of dark demons in front of them who were setting up formations into two halves.

"There are experts from the Ice and Snow Dynasty sneaking up on us from behind!"

These dark demons who were concentrating on setting up the formation never thought that someone would be bold enough to come directly in front of them and attack them.

So at this moment, all the dark demons were caught off guard.

By the time this group of dark demons counterattacked, Ye Feng and a group of dynasty masters had almost killed more than half of the dark demons.

Boom!

At this time, most of the remaining dark demons released their respective powers in an instant and quickly attacked Ye Feng and the others.

"The Ancient True Dragon Secret!"

At this moment, Ye Feng pursued the victory without any hesitation, and directly unleashed his most powerful power, hoping to annihilate all the dark demons guarding the small area of the city wall as soon as possible.

If we delay, other dark demons around may notice what's going on here and come to support us.

In this case, they will have no

The law has entered the city.

So at this moment, Ye Feng directly displayed the Ancient True Dragon Art.

Ye Feng's whole body immediately turned into a golden dragon, filled with unparalleled dragon power. It was towering, and it was like a divine dragon wagging its tail, killing all the dark demons in front of him. shattered.

Ye Feng instantly released the Devouring Domain at this moment, absorbing all the blood of the killed dark demons.

However, this group of dark demons are only used to set up formations and are not demons specialized in combat and attack, so they are not very powerful.

After Ye Feng devoured it, his cultivation skills only improved a lot, and he did not directly break through his own cultivation.

At this time, Ye Feng led a group of dynasty masters, directly tore a hole on the edge of the city wall and rushed into Tiancang City.

When everyone arrived inside Tiancang City, they immediately saw that many experts from Tiancang City were gathering together, releasing their extremely powerful power to form a defensive light shield to resist some flying species at high altitudes. The attack of the dark demon clan.

These flying dark demons were actually able to spray flame bombs from their mouths and bombard the entire Tiancang City. Therefore, the masters in the entire Tiancang City had to unite together to release their power and form a defensive light shield, to resist the attacks of these flying dark demons.

"Huh? That seems to be Princess Caiyun!"

At this moment, Ye Feng suddenly saw a familiar and beautiful figure among the people in Tiancang City.

It turned out to be Ye Feng's good friend, Princess Caiyun!

"Why is Princess Caiyun here?"

There was a trace of surprise in Ye Feng's eyes.

He never expected that he would meet Princess Caiyun in this border city.

Because in Ye Feng's mind, Princess Caiyun would not come to the borderland, but would only send some experts to find out how these dark demons entered the snowy land.

But at this time, since he met Princess Caiyun, Ye Feng naturally rushed over in an instant and came in front of everyone. He couldn't help but ask: "Princess Caiyun, why are you here?"

"It's you Ye Feng!"

The moment Princess Caiyun saw Ye Feng, a look of deep joy suddenly appeared on her beautiful face, as if she had found a sense of security.

Princess Caiyun immediately said: "Ye Feng, our strength is about to be unable to support this defensive mask. Join us quickly and merge with our strength. Support this defensive mask first, and then I will Tell you in detail why I am here."

Chapter 3504 The only way

"good!"

Ye Feng did not hesitate at this time, and instantly released his powerful magic power, injecting it into the entire defensive light shield of Tiancang City.

boom! !

Ye Feng's magic power was really powerful to the extreme, and it was injected into the defensive light shield at this time.

Inside the defensive mask, a bright golden light suddenly erupted, and the thickness suddenly increased by nearly several times.

The attacks of those flying dark demons can no longer break through these defensive light shields. Ye Feng alone can withstand almost half of the skills of all the masters present.

"What a powerful force!"

At this moment, many Tiancang City masters present could not help but show deep horror in their eyes.

Because Ye Feng's skill is really powerful to an extremely terrifying level.

At this time, Ye Feng smiled and said: "Okay, with so much skill I have injected into it, there should be no problems with this defensive mask for a while, and it will be impossible to break through it in a short time. "

Princess Caiyun's beautiful face also showed a trace of surprise at this time, and she couldn't help but said: "Ye Feng, your current cultivation level has actually broken through to the fourth level of Dao Palace Realm? We have only just a short time." I haven't seen you for more than half a month, and it's really incredible that I've improved so much!"

Ye Feng smiled and said: "I have indeed received a lot of opportunities during this period, and my strength has improved a lot."

After finishing speaking, a group of dynasty masters around Ye Feng couldn't help but say: "Brother Ye Feng's true combat power is even more terrifying. In just a short moment, he killed a dark demon strongman in the Tianyuan realm. "

hiss!

Hearing what a group of dynasty masters around them said, many masters in Tiancang City couldn't help but take a breath of air.

"Ye Feng, your current fighting power is so strong?"

Princess Caiyun suddenly stared at Ye Feng and said loudly: "Do you really have such a strong fighting power?"

Ye Feng smiled slightly and said, "Well, it's not bad."

"Very good!"

Princess Caiyun said: "This time I am investigating the channel through which the dark demons entered our snowy region. Now I have investigated some clues. These dark demons use a very ancient method, that is Loot various resources and build ancient teleportation altars to teleport batches of dark demon armies from higher-level demon realms."

Hearing what Princess Caiyun said, Ye Feng's eyes suddenly lit up and he couldn't help but said: "Can these teleportation altars be transported back to the Demon Realm in reverse?"

Princess Caiyun shook her head and said aloud: "I haven't investigated this clearly yet, but I already know the specific location of those teleportation altars. If there is a chance, I will take you to see them."

r\u003e

Ye Feng nodded immediately and said: "Let us solve the current problem first, and then I will go with you to explore the area where the teleportation altar was built by the dark demons."

"Uh-huh."

Princess Caiyun nodded immediately at this time, and then said aloud: "I don't know why this group of dark demons suddenly launched such a large offensive. It seems that they will not give up until Tiancang City is broken. I don't know why. In this way, after all, Tiancang City is just a small city on the frontier, and Tiancang City does not have any particularly rich cultivation resources. I don't know why this group of dark demons suddenly went crazy. "

When Ye Feng heard what Princess Caiyun said, there was a trace of surprise in his eyes, and then he asked aloud: "Is there anything special in Tiancang City? Apart from the cultivation resources."

Princess Caiyun looked at a middle-aged man wearing a golden robe not far away and said, "This is the city lord of Tiancang City. You can ask him about the specific situation."

Ye Feng nodded, looked at the city lord of Tiancang City, and asked aloud: "Let me introduce myself first. I am the peerless genius next to the Ninth Prince. This time I came here because I was invited by the masters of Tiancang City. In order to help Tiancang City overcome this difficulty."

Hearing what Ye Feng said, the city lord of Tiancang City did not dare to put on airs at all.

Because he knew that the identity of the other party was definitely very noble. He was not just a peerless genius next to the Ninth Prince. He had such a good relationship with Princess Caiyun and had such strong cultivation. He must be the top person in the royal family.

So at this moment, the city lord of Tiancang City immediately nodded and bowed in front of Ye Feng and said: "If you have any questions, sir, just ask me, and I will tell you everything I know."

Seeing that the city lord of Tiancang City had such a low profile, Ye Feng's eyes showed a trace of surprise. It seemed that he was a human being.

However, Ye Feng did not comment much on this. He just nodded slightly and asked: "In addition to cultivation resources, is there anything special in your Tiancang City?"

"Something special?"

When the city lord of Tiancang City heard what Ye Feng said, he frowned and thought for a moment, then shook his head in confusion and said: "It seems that there is nothing special. Our Tiancang City is just a very small place on the border. The city is ranked very low, and there is nothing particularly good about it. It is worthy of so many dark demons attacking here, so I can't figure out why it is like this. Fortunately, this time there are peerless geniuses like Lord Ye Feng and Her Royal Highness Princess Caiyun. This is supported, otherwise, our entire Tiancang City will probably be destroyed."

"Nothing really

Something special? "

Ye Feng's eyes showed a thoughtful look.

boom!

But suddenly at this moment, a huge blood-colored light beam suddenly burst out from high in the sky above Tiancang City, directly attacking everyone's defensive light shield.

"Boom!"

The impact of this bloody light beam was very terrifying. It hit the defensive light shield and almost shattered the entire defensive light shield at once.

"There seems to be a crack on the defensive mask!"

At this time, some experts in Tiancang City couldn't help but exclaimed.

When Ye Feng saw this scene, there was a trace of gloominess in his eyes, and he said loudly: "The formation outside seems to have been successfully arranged. The corner of the formation we destroyed just now has probably been repaired. Now This formation is formed and produces such a terrifying blood-colored light pillar that we may not be able to resist it."

Hearing what Ye Feng said, a group of experts from Tiancang City present couldn't help but change their expressions.

If even a super genius like Ye Feng couldn't resist it, the situation would be extremely critical.

Princess Caiyun saw that Ye Feng's face was a little downcast, and knew that the situation suddenly became very bad when the magic array was completed.

Princess Caiyun made a decision and immediately said: "Then let's escape from here quickly, abandon the city of Tiancang City, and all the masters will escape from here together. After all, if we keep the green mountains, we will not be afraid of running out of firewood. This is the only way now." "Since we can't resist, we can only leave here."

When the city lord of Tiancang City heard what Princess Caiyun said, he immediately nodded and said: "In order to survive, there is only one way now. I raise my hands to express my agreement and support Her Highness Princess Caiyun's decision."

Ye Feng also nodded at this moment and said: "Princess Caiyun, the Ninth Prince is currently stationed in the frontier city of Giant Spirit City. The Ninth Prince has brought his chief steward Xia Lao to guard the entire Giant Spirit City. If we escape As for Tiancang City, you can directly take all the experts from Tiancang City to Juling City to meet up with the Ninth Prince, and let the experts from Tiancang City live in Juling City for the time being, which should be safer."

When Princess Caiyun heard this, her eyes suddenly lit up and she said loudly: "The Ninth Prince has brought his guardian? That's great. With Senior Xia here, there should be no danger. Then we are now Just find a way to leave Tiancang City and attack directly. Although we may suffer heavy losses, this is the only way now."

"No need to take such risks."

Ye Feng smiled, then looked at all the experts around him and said loudly: "You all stand behind me. I have a space magic weapon that can directly open a space wormhole and shuttle through the entire Tiancang City wall. Directly through the space wormhole, displaced to the outside

area. "

"good!"

Hearing what Ye Feng said, many masters from Tiancang City had expressions of surprise on their faces. They couldn't help but secretly admire in their hearts. As expected, these peerless geniuses from the Ice and Snow Dynasty royal family were not only powerful in cultivation but also powerful in cultivation. , there are also various rare treasures on his body, which have very special functions.

At this time, all the Tiancang City masters, including Princess Caiyun, stood behind Ye Feng and gathered together.

"Get ready to move!"

At this time, Ye Feng instantly displayed the power of the space gem.

Buzz!

Along with a very terrifying space fluctuation, an extremely dark space wormhole suddenly appeared in front of Ye Feng.

This end is within Tiancang City, while the other end is connected to the area outside Tiancang City.

"Follow me!"

Ye Feng instantly stepped into the space wormhole at this time.

And the group of Tiancang City masters behind Ye Feng all followed Ye Feng at this moment, and they all walked into the dark space wormhole, and all of them disappeared.

Buzz!

Everyone just felt an intense dizziness.

After being dizzy, when everyone appeared again, they had completely left Tiancang City and arrived at a barren mountain area outside.

In just a short moment, they had moved nearly dozens of kilometers.

At this time, the barren mountain area where everyone was standing was completely far away from Tiancang City not far away.

In everyone's field of vision, Tiancang City not far away was surrounded by densely packed dark demons.

Moreover, there are huge magic formations that are constantly bombarding the defensive light shield of Tiancang City. The entire city is shaking and about to collapse.

All Tiancang City masters felt chills in their hearts when they saw this scene.

If they couldn't escape from this terrifying offensive, they would all be killed.

"Thank you, Lord Ye Feng, for saving your life!"

At this moment, all the masters of Tiancang City, including the city lord of Tiancang City, clasped their fists at Ye Feng respectfully and gratefully.

Ye Feng just smiled slightly, then looked at Princess Caiyun beside him, and said loudly: "Take this group of experts from Tiancang City and go to Juling City to meet the Ninth Prince."

Princess Caiyun's beautiful eyes moved and she couldn't help but ask: "Ye Feng, why don't you leave this dangerous place together? What are you going to do?"

Ye Feng looked at Tiancang City not far away, narrowed his eyes, and said loudly: "I want to blend into this army of dark demons to see what the plot of the sky is after so many terrifying dark demons gathered here. Something in Cangcheng."

Chapter 3505 Eighteen Wings Level

When Princess Caiyun heard what Ye Feng said, her beautiful eyes flashed slightly. She didn't ask any more questions, but said loudly: "Then you must be careful. I will take this group of experts from Tiancang City to the giant spirit first." Meet the Ninth Prince in Chengdu, I'll wait for you in Giant Spirit City."

Ye Feng nodded slightly, then jumped up and disappeared from everyone's sight.

"Brother Ye Feng, this is too risky." Several dynasty experts who had walked out from the depths of the wild jungle with Ye Feng before couldn't help but look worried at this time.

Princess Caiyun was very calm and said: "Ye Feng's real methods are not something we can guess. I believe he is definitely not in danger."

After finishing speaking, Princess Caiyun looked in a certain direction not far away and said slowly: "Let's go directly to Giant Spirit City, otherwise we will be discovered by the dark demons around here, and we probably won't be able to leave."

"good."

A group of experts from Tiancang City nodded and followed Princess Caiyun, flying quickly towards the direction of Giant Spirit City.

...

After everyone left, Ye Feng had returned to the vicinity of Tiancang City at this moment.

At this time, there was no one else around, so Ye Feng no longer hid his special methods, and directly transformed his skills and life source into the dark attributes of the dark demon clan.

Buzz!

I saw Ye Feng's whole body exuding a dark aura, making Ye Feng seem to have turned into a complete dark demon.

At this time, Ye Feng took out a set of black robes from the storage ring and shrouded himself so that other dark demons could not recognize him.

Ye Feng was alone, like a lonely hero, disguised as a dark demon, lurked into the Tiancang City area again, and walked among countless dark demon teams.

Ye Feng looked at the inner area of Tiancang City in the dark demon team and found that the entire Tiancang City had been defeated. The entire city wall had collapsed, and it looked like a dilapidated ruin.

At this time, Ye Feng saw many dark demons with powerful auras, all gathered in front, as if they were digging for something.

Ye Feng stepped forward and took a closer look, and found that these powerful men from the dark demon clan were indeed digging for something.

"Crash!"

A huge pit was dug out of the entire Tiancang City's internal ground at this time.

Ye Feng looked towards the big pit and saw that the entire inside of the pit had been almost excavated. Among the masses of soil, an underground ruins like an underground palace were revealed.

When Ye Feng saw this scene, a trace of surprise suddenly appeared in his eyes.

"These black people

The dark demons are actually robbing tombs? "

This was Ye Feng's first encounter with the underground tomb ruins that even the dark demons were interested in.

It seems that the ruins of this underground tomb are very unusual. I actually think that the dark demon clan used such a huge army to attack the entire Tiancang City and dig this underground tomb.

The scene he saw also confirmed Ye Feng's guess. The reason why the dark demon clan used so much powerful power was not to kill the masters of the Ice and Snow Dynasty in Tiancang City, but to kill the masters of the Ice and Snow Dynasty in Tiancang City. area, the ruins of this ancient tomb buried underground.

At this time, the entire underground tomb ruins had been completely excavated.

Several strong dark demons covered with scales all burst out with extremely powerful power at this time, and then fiercely bombarded the excavated underground ruins.

"Boom!!"

A huge roar sounded on the field.

The cultivation levels of these powerful dark demons who took action were all very terrifying, and they were several realms stronger than Ye Feng.

Therefore, the power they released when they joined forces was very terrifying, and they suddenly blasted a big hole out of the excavated underground tomb ruins in front of them.

"Hurry in! Grab all the resources in this tomb ruins!"

At this time, the tall and invincible dark demon standing at the front spoke out to the hundreds of thousands of dark demons behind him.

"Yes, Commander-in-Chief!"

Hundreds of thousands of dark demons all quickly entered the ruins of this underground tomb at this moment.

Ye Feng followed the entire team and blended into the ruins of the ancient underground tomb.

Ye Feng did not dare to reveal his true aura directly now. After all, among this group of dark demons, there were still many beings who were several realms stronger than his own, which was very terrifying.

If his true identity is exposed, he will not be able to resist it at all.

So the best thing to do now is to take advantage of the chaos and fish in troubled waters.

At this time, Ye Feng followed all the dark demon clan into this ancient underground tomb.

According to the orders of the most powerful dark demons, all the resources collected by the dark demons must be turned over at the end, because these dark demons do not have storage rings and can be easily checked. Do you know whether every soldier of the Dark Demon Clan has any personal secrets?

Hidden wealth.

But Ye Feng has a storage ring, so Ye Feng can hide and store all the resources he collects while in the team.

At this time, Ye Feng followed the team into the ruins of the tomb, and immediately saw a shocking scene.

I saw that the entire underground ruins space was filled with very ancient demon sculptures for cultivation.

The original appearance of these sculptures looked very evil, much more evil than the dark demons. They were the darkest and most evil demon clan.

For Ye Feng, it doesn't matter what race he is. What matters is whether he can plunder as many resources as possible in this tomb ruins.

When all the dark demon army entered this underground ancient tomb, it was like locusts passing through. Everything was looted by this group of dark demons, even some sculptures. He was put into the large backpack on his back by the dark demon clan.

At this time, Ye Feng was not very interested in things that did not have any energy fluctuations. He was interested in beings that could improve his cultivation power.

Therefore, Ye Feng did not follow the team blindly, but instead exuded his soul power and covered the surrounding area to see if he could find some special resources.

Because the whole scene was so chaotic, after all, there were really hundreds of thousands of demons in the army, so Ye Feng was constantly shuttling among the troops, and no one particularly noticed Ye Feng's strange behavior.

Soon, through powerful soul power exploration, Ye Feng finally found resources worth searching for.

It was a huge wall with grooves on it.

These grooves are inlaid with pieces of stone that emit black light.

These black stones, like amber, are very large. Inside each huge black stone is an ancient demon solidified.

These ancient demons are all in their original form. For some reason, they are solidified in this piece of amber-like black stone, which looks quite strange.

But Ye Feng came to this huge wall at this time and was very excited.

Because these ancient demons solidified in these black stones may have been dead for thousands of years, or even ten thousand years.

But because these black stones are like amber, the blood and energy of these ancient demons are sealed in them, and they have not passed away in the endless years.

So at this time, the soul power emitted by Ye Feng can still sense that the ancient demons solidified in these amber stones still have majestic blood energy.

Boom!

Without any hesitation, Ye Feng stretched out his hand and blasted the wall, digging out all the black stones embedded in the grooves, and then put them into his storage ring.

The next moment, Ye Feng didn't want to waste time at all. He didn't even have time to swallow it, and flew quickly in the other direction.

Because Ye Feng instantly sensed at this moment that a spiritual energy tide appeared in the direction not far away!

In other words, there must be some unique treasure in the direction not far away, otherwise it would not be possible to cause such a rare phenomenon as a spiritual energy tide.

This kind of spiritual energy tide is very precious, and Ye Feng naturally wants to see what is going on.

When Ye Feng flew here, he instantly saw a group of powerful dark demons uniting together to fight with an ancient demon with eighteen black wings on its back.

"What level is this ancient great demon? It has eighteen black wings on its back. It is definitely of noble blood!"

Ye Feng's eyes suddenly showed a hint of surprise.

This was the first time he encountered an ancient demon with eighteen wings, and his bloodline was definitely very precious.

At this time, Ye Feng suddenly thought of something, his eyes lit up, and he flew to the battlefield not far away and began to attack the big eighteen-winged demon.

Ye Feng seemed to be helping this group of dark demons to attack this ancient demon with eighteen black wings.

However, Ye Feng actually wanted to see if he could get some of the demon blood of this ancient demon during the battle.

Even if he only gets a drop of blood, it is enough for Ye Feng to improve his Hongmeng bloodline and Hongmeng immortal body.

Ye Feng could tell at a glance that this ancient demon with eighteen black wings had absolutely noble blood.

Although the combat power does not seem to be very powerful now, that is because in the endless years, this ancient demon with eighteen black wings has consumed too much energy.

But the bloodline of this ancient great demon is still the most noble eighteen-winged level among the demon clan.

So Ye Feng wanted to get some blood of this ancient demon to improve his Hongmeng bloodline.

This is a very precious opportunity!

It can be said that it can be encountered but cannot be sought.

Normally, Ye Feng would have no way to obtain such a precious high-level bloodline.

This is a great opportunity for Hongmeng bloodline and Hongmeng immortal body to quickly transform again!

Chapter 3506 Archangel

Boom!

This battle was very chaotic because there were many strong men from the dark demon clan joining it.

Moreover, this ancient demon with eighteen wings is very terrifying, so this battle cannot be ended in a short time.

In the chaos, Ye Feng did not specifically use his strongest power. He was just pretending to attack. In fact, he was trying to see if he could get a drop of blood from this eighteen-winged ancient demon.

Uh-huh!

Soon Ye Feng seized the opportunity and reached out to grab a drop of the blood of this eighteen-winged ancient demon.

This drop of blood was from a strong man from the dark demon clan. He used his pitch-black claws to scratch a scale of this eighteen-winged ancient demon into pieces. The blood that dripped down was instantly caught by Ye Feng in his hand, and then directly Integrated into his own body.

boom!

At this moment, Ye Feng immediately felt a terrifying bloodline energy exploding inside his body.

The Hongmeng bloodline was transformed instantly.

The bloodline energy of the Eighteen-Winged Ancient Demon is very advanced and huge, directly causing the Hongmeng bloodline to evolve.

The next moment, the Hongmeng Immortal Body also transformed directly from the late second level to the second level of Dacheng state.

Hongmeng's immortal body was transformed, and Ye Feng immediately felt that his combat power soared.

Because besides the inheritance of mana, the most important thing about Ye Feng's combat power is the power of his body.

Now that the Hongmeng Immortal Body has entered the second level of Dacheng, Ye Feng's physique has been greatly improved.

Ye Feng could feel that he was much stronger than before.

At this moment, Ye Feng directly withdrew from the battle.

Because now that he has obtained the bloodline power of this eighteen-winged ancient demon, there is no point in participating in this battle again. Let this group of dark demons deal with this eighteen-winged ancient demon.

Ye Feng planned to go to other places to conduct a thorough investigation to see if there were any other cultivation resources.

"Hidden human master, I ask you to help me. My current power has been consumed too much in endless years. If you can help me escape from the attack of this group of dark demons, I am willing to take you to find this big The most precious treasure in the tomb, the Gate of Heaven, is the first interface in ancient times and the supreme treasure of the Lord of Heaven."

Just when Ye Feng was about to leave here, suddenly a magnetic female voice sounded in Ye Feng's mind.

"Who's talking to me?"

Ye Feng's eyes suddenly revealed a look of deep surprise at this time. Although he couldn't believe it, he had to believe that the female voice talking to him should be the one who was killed by a group of dark demons. The eighteen-winged ancient demon under siege.

Ye Feng immediately responded in his mind:

"I don't believe the words of an ancient demon. The so-called supreme magic weapon of the Lord of Heaven, the Gate of Heaven, must have been made up by you. The purpose is to let me save you first. I won't do this. This is a loss-making business, because everyone knows that the ancient demons are the most cunning race, and they usually do not keep their word, and there is no sincerity at all. "

But at this time, the magnetic female voice continued to ring in Ye Feng's mind: "I am not an ancient demon, I am an angel, the most advanced eighteen-winged archangel under the command of the Lord of Heaven."

"What? Are you an angel?"

Ye Feng was stunned when he heard what this magnetic woman said at this time.

He never thought that he would be able to meet the legendary angel, and he was also a high-level eighteen-winged archangel.

No wonder Ye Feng felt strange before. He had never seen an ancient demon with eighteen wings. It turned out to be an extremely special and advanced creature like an angel.

Ye Feng continued to communicate through souls and asked aloud: "But your form is completely different from the angel that I imagined exuding white holy light."

The eighteen-winged archangel continued to speak: "Because I was infected with the dark energy by a very evil thing in this tomb, I changed from an angel to a fallen angel, and became the devil I am now. Like."

"Fallen angel?"

When Ye Feng heard what the archangel said, his eyes suddenly showed a hint of surprise. He didn't expect that the real situation was like this.

At this time, Ye Feng thought carefully. If he took the risk and saved this eighteen-winged archangel, he would have the opportunity to obtain the legendary first interface, the supreme magic weapon of the Lord of Heaven, the Gate of Heaven.

Although Ye Feng doesn't know what the Gate of Heaven does, it is the supreme magic weapon of the Lord of Heaven. It is absolutely extraordinary and has boundless power.

After thinking carefully, Ye Feng immediately nodded and said: "Okay, then I will rescue you, but in this case, I will expose my true identity and may be besieged by the entire dark race group. , so we may not be able to escape."

At this time, Ye Feng was still quite shocked by this archangel. After all, he was able to discover his true identity in the midst of thousands of troops in an instant. He was not a dark demon, but a human race.

This was the first time Ye Feng encountered someone who could see through the origin of his life.

It seems that this archangel is indeed a very advanced creature with very powerful abilities.

At this moment, when Ye Feng heard what Ye Feng said, the eighteen-winged archangel who was fighting with difficulty immediately spoke out: "I'm sorry.

This ancient tomb is very familiar. As long as you can save me from the battle, then I can take you to escape from here and temporarily escape the pursuit of this group of dark demons. As long as you let me escape to the deepest part of this tomb. In this place, I can absorb enough light power left by the Lord of Heaven to change my form from a fallen angel to an eighteen-winged archangel of light. Then I can give all the hundreds of thousands of dark demons to Eliminate it! "

Hearing what the eighteen-winged archangel said, Ye Feng immediately nodded.

This is a big gamble for Ye Feng.

If you win the bet, you will get a huge fortune.

If he loses the bet, he can use the space gem to directly open a space wormhole and escape.

So at this moment, Ye Feng no longer hesitated, and directly burst out his terrifying power, instantly displaying the extremely powerful inheritance, the Ancient True Dragon Art.

Boom!

Ye Feng jumped up and turned directly into a majestic golden dragon, instantly attacking the dozen dark demons who were besieging the archangel.

The cultivation levels of these dozen dark demon warriors are the most powerful beings among the dark demon army, and are several realms higher than the current Ye Feng.

However, the golden dragon that Ye Feng transformed into at this moment suddenly attacked, and he was naturally caught off guard. All of them were blown away by the power of Ye Feng's majestic golden dragon.

Then the next moment, Ye Feng directly grabbed the archangel's hand and ran towards the deepest part of the ancient tomb.

At this moment, Ye Feng was not arrogant enough to fight against a dozen super powerful dark demons. The most important thing for him now was to escape with this archangel and escape from here.

At the moment of escaping, Ye Feng directly used the power of the space gem to cover the two of them with the power of space. Then he teleported directly to the distance and disappeared in the blink of an eye.

Only then did the strong men of the dark demon clan react.

But it was too late.

Ye Feng and Archangel have disappeared.

"Hurry up and chase!"

"We must catch that fallen angel! She knows the secret of the ancient Lord of Heaven! This is of great significance to us, the Dark Demon Clan!"

At this moment, a group of a dozen top dark demons roared angrily.

And just when this group of dark demon strongmen roared angrily.

Ye Feng took Archangel and used the space gem to move to the deepest area of this ancient tomb.

Buzz!

At this time, they appeared in a very dim stone path.

The archangel was exuding demonic aura, but his eyes were radiating pure white light.

Apparently after leaving the demonic area outside, her own light power is slowly recovering.

At this time, Ye Feng finally understood why when he first entered the ancient tomb space, he saw many demons sealed in those black amber stones.

It seems that they are all sealed by the Guangming clan.

At this moment, the archangel looked at Ye Feng beside him and couldn't help but said: "Friends from the human race, thank you very much for being able to help me in time."

Ye Feng just smiled slightly and said, "I'm not helping you in vain."

For Ye Feng, he has never considered himself a so-called savior.

He just does what he has to do, or what is good for him.

After all, Ye Feng is not a saint, he is just an ordinary person, with his own joys and sorrows, and his own judgment of interests.

At this moment, when the archangel heard what Ye Feng said, he just nodded tiredly and said: "Don't worry, I will definitely do what I promised you. I will take you to us now." The supreme magic weapon of the Lord of Heaven is Heaven's Gate, but whether you can be recognized by Heaven's Gate, I can't guarantee that, it depends on your own strength."

Ye Feng nodded and didn't say much. Instead, he supported the weak eighteen-winged archangel beside him and walked toward the end of the passage.

On the way, Ye Feng had some doubts in his heart. He hesitated again and again, and finally asked aloud: "Which world is more advanced, the heaven you mentioned or the world of origin?"

The archangel said: "I don't know this either. Back then, the Lord of Heaven led many of our angel legions to fight against the Lord of Darkness in the Dark Interface. The battle was very fierce and shattered many interfaces. We came to where you are at this time. In this great world of origin, the Lord of Darkness was eventually wiped out, but our huge legion of angels was almost completely wiped out. Only the highest-level archangels like me survived because of their tenacious vitality. As for the Heavenly Realm we are loyal to, Lord, the injury was too serious, but he did not die completely, so the Lord of Heaven disintegrated on his own and entered reincarnation, waiting for his reawakening in the future. Although I don't know which world is more advanced, Heaven or the Great World of Origin, But what I can be sure of is that the vastness of the heaven is definitely comparable to the combined area of the nine major realms of the Origin World."

Hearing what the archangel said, Ye Feng's eyes suddenly showed deep shock.

If the world of heaven is really comparable to the great world of origin.

So how terrifying is it that this archangel is about to take him to find the supreme magic weapon of the Lord of Heaven?

That is simply as advanced and powerful as the magic weapon of the Lord of the Great World of Origin!

Ye Feng's eyes were very excited at this time. This was definitely the biggest opportunity he had encountered since he started practicing!

Chapter 3507 Sea of Light

Follow this archangel and walk quickly through the dim stone path.

Ye Feng soon arrived at the end of the tomb ruins.

At this time, Ye Feng was shocked by the scene in front of him.

I saw that at the deepest end of the tomb, there was a long silver river, connecting the entire earth and the sky. It looked very magnificent and magnificent.

At this time, Ye Feng immediately stared at a huge statue standing in the middle of the silver river.

This statue is tens of thousands of feet tall and majestic, with the blue sky above its head and the earth under its feet. It looks like an ancient divine king.

The archangel showed respect in his eyes, and knelt down on one knee directly in front of this tall and majestic sculpture, and then said respectfully: "This is a sculpture that our Lord of Heaven cast here. Preserve your own magic weapon, the Gate of Heaven."

Ye Feng nodded, and then asked aloud: "How should I get the Gate of Heaven?"

Ye Feng looked at the archangel's extremely respectful look at this time, and was really afraid that the other party would suddenly regret it and prevent him from getting the door to heaven.

The archangel spoke out at this time: "First let me absorb some power of light, and then I will help you get the door to heaven."

Buzz!

After finishing speaking, the archangel suddenly stood up and stretched out his arms as if to welcome the sunshine.

At this moment, Ye Feng suddenly saw a very bright power of light, surging directly from the sculpture of the Lord of Heaven, giving people a very sacred feeling.

"Buzz!"

At this time, Ye Feng immediately saw a very magical scene.

I saw an extremely dark archangel like an ancient demon. After being covered by this light, the black energy on his body was quickly dissipating, and he turned into a holy angel again.

And the eighteen wings on her back also turned into white feather wings, very holy and noble.

At this time, Ye Feng could feel that the cultivation level of this archangel had once again become very strong from a weak state.

Ye Feng immediately understood that the archangel's absorption of this power of light would not only allow her to regain her original holy and noble angel appearance, but also restore the power that the archangel had consumed over the years, allowing the archangel to Back to the state of its heyday.

At this moment, when the entire archangel returned to its original appearance, Ye Feng immediately saw that this was a very beautiful woman.

appearance.

It's just that there are eighteen white feather wings on her back, which makes her look very strange, but she also has a holy feeling.

Ye Feng immediately asked: "Can you help me get the Gate of Heaven from your Lord of Heaven now?"

The archangel nodded slightly, and did not break his promise. Instead, he opened the eighteen white wings on his back and flew towards the huge statue in front of him.

"Uh-huh!"

Ye Feng also followed up at this time and came to the huge statue.

Buzz!

At this moment, Ye Feng could immediately feel a terrifying heaven-and-earth pressure exerted on himself.

It emanates from this sculpture.

This is the pressure of the Lord of Heaven. It is so majestic and magnificent that it makes people feel like they are facing an ancient god.

Like the master of heaven and earth, he appeared in front of Ye Feng at this moment.

But at this time, Ye Feng exuded the power of the soul gem in an instant, letting his body exude a kind of will to dominate, and Wei Wei was able to compete with the coercion of the Lord of Heaven emanating from the statue.

The archangel spoke from the front at this time: "Now you enter the inside of this statue with me. The gate of heaven is sealed in the space inside this statue, but you need to withstand great pressure, because there is The terrifying power of light left behind by the Lord of Heaven."

"good."

Ye Feng nodded immediately at this time, but then he seemed to have thought of something and couldn't help but asked: "The supreme treasure of the Lord of Heaven, does this Gate of Heaven have any special function? It is offensive. Treasure, or defensive treasure?"

The Archangel spoke slowly: "The Gate of Heaven is a supreme existence created by the Lord of Heaven. This peerless treasure cannot be described simply as attack or defense. It is a very advanced thing. , the specific function needs to be explored slowly, even I don't know, it's very mysterious anyway."

Hearing what the Archangel said, Ye Feng nodded slightly, becoming more and more interested in the Gate of Heaven forged by the Lord of Heaven.

It seems that it is really a huge chance, no less than getting the most precious thing from the master of the big world.

Buzz!

At this time, the archangel took Ye Feng into the inner space of the majestic sculpture.

Ye Feng indeed saw that the entire inner space of the huge sculpture was filled with surging light power, like a sea of light, which looked very majestic and magnificent.

"Buzz!"

Ye Feng entered it and felt that he had entered a quagmire, and every move required a huge amount of strength.

However, Ye Feng's Hongmeng Immortal Body has just transformed into the second level of Dacheng state, so Ye Feng's current body constitution is already many times stronger than before, so this sea of light cannot restrain Ye Feng very much.

Ye Feng followed the archangel, acting very relaxedly.

"Um?"

When the archangel saw this scene, there was a trace of surprise in his eyes, because it was difficult for a creature that was not a light attribute to move in this sea of light filled with the power of light.

Ye Feng saw the surprise in the archangel's eyes and couldn't help but asked: "What's wrong? What are you surprised about?"

The archangel answered truthfully: "I am surprised that your power is very powerful, because you are not a creature of light attribute, so logically speaking, you cannot move at all in the sea of light, but your body is The power is very powerful, so you can move freely in it. This is what surprises me. I didn't expect that there would be a peerless wizard like you among the human race. Your methods and background are really amazing. "

"Can creatures with light attributes move freely in this sea of light?"

When Ye Feng heard what the archangel said, his eyes immediately moved. Then under the horrified gaze of the archangel, Ye Feng's whole body started to exude a very pure light aura from the inside out.

At this moment, Ye Feng's entire body surface, including his eyes and hair, began to glow with white light.

Ye Feng's whole person directly turned into a creature with the same light attribute as the archangel.

"What? How is this possible?"

Seeing this scene, the archangel was immediately stunned.

Even though the archangel has lived for tens of millions of years, followed the Lord of Heaven and experienced countless ancient wars, she was still shocked at this time.

Because she has never seen a person who can turn his life source into a rare and incomparable light attribute. It is really weird to switch the life source of various attributes at will.

Unbelievable.

For the Archangel, this was simply impossible.

Originally, the archangel thought it was incredible that Ye Feng had disguised himself as a dark demon before.

Unexpectedly, Ye Feng can now turn his life source into a light attribute, and directly become a creature of the light attribute like their archangels. This is really incredible.

"After becoming a light attribute, it turns out that this sea of light has no binding effect on me."

At this moment, Ye Feng transformed his life source into the same light attribute as the archangel.

He immediately felt that all the pressure he had felt in this sea of light had disappeared.

It was as if I had turned into a fish and could swim happily in the sea of light.

Ye Feng immediately looked at the stunned archangel beside him and said, "What are you doing standing still? Take me to the Gate of Heaven quickly."

"good."

The archangel regained his calm expression at this time, and there was a hint of thoughtful expression on that beautiful face.

She was thinking in her heart, could this human boy be the reincarnation of their heavenly master? Otherwise, how could he have such a magical ability?

Ye Feng didn't know the archangel's inner thoughts, but even if he knew, he would probably laugh it off.

The reason why Ye Feng possesses this magical ability is not because he is the reincarnation of the Lord of Heaven, but because Ye Feng has a unique chaotic bloodline, which allows him to change his life origin attributes at will.

Although the Hongmeng bloodline is the main one now, Ye Feng can still use the abilities of the Chaos bloodline.

At this time, the archangel didn't say much, and quickly flew to the middle area of this sea of light with Ye Feng.

"That is....."

Ye Feng immediately saw that in the middle of the sea of light, there was a huge portal emitting infinite white light suspended. This door looked very ancient and noble, just like the legendary door of eternal life. , giving people the illusion that they can gain eternal life if they step into the door.

At this time, the archangel did not even dare to get too close to the door that exuded infinite white light. His eyes were very respectful and he said: "This is the door to heaven left by our Lord of Heaven. It has boundless power." "Mysterious, Ye Feng, if you think you have the ability, you can go directly to see if you can be recognized by Heaven's Gate."

Chapter 3508 Refining the Gate of Heaven

At this time, Ye Feng heard what the Archangel said, nodded slightly, and then flew forward quickly in an instant.

Buzz!

At this moment, Ye Feng immediately flew to the gate of heaven.

At this moment, the Gate of Heaven is emitting white divine light, looking very holy and noble.

There was a hint of surprise in Ye Feng's eyes.

Because he discovered that after his life attribute energy was transformed into light attribute, the gate of heaven gave him no pressure, but instead was filled with a warm feeling.

"Buzz!"

At this moment, Ye Feng immediately stretched out his palm and pressed it directly on the door of heaven in front of him.

boom! !

A terrifying and unparalleled coercion, filled with a feeling of supremacy, enveloped Ye Feng.

"Click, click..."

At this time, Ye Feng instantly felt that his entire body was beginning to break apart.

The next moment, Ye Feng directly burst out the power of his Hongmeng Immortal Body.

Boom!

A terrifying and boundless blood energy burst out from Ye Feng's limbs and bones, fighting against this gate of heaven.

But what shocked Ye Feng was that the power of his Hongmeng Immortal Body had no effect at all in front of the gate of heaven at this moment, just like a fly shaking a tree.

It's like an ant trying to shake an elephant.

It's simply impossible.

At this moment, Ye Feng's eyes darkened.

This Gate of Heaven is indeed the supreme magic weapon of the Lord of Heaven, yet it is so terrifying.

The next moment, Ye Feng directly released the power of his master gem without any hesitation.

Buzz!

A huge and boundless dominating will appeared above Ye Feng's head and began to attack the gate of heaven in front of him.

Ye Feng knew that since the power of his body could not shake the gate of heaven in front of him, he would use his will to suppress it.

"boom!"

But just when Ye Feng's dominant will touched the gate of heaven, a bright and boundless white divine light suddenly burst out from the gate of heaven.

And this piece of white divine light suddenly condensed into a huge giant of white light.

This giant of white light looks very majestic and tall, exuding a terrifying and towering aura, as if the ancient emperor of heaven has arrived.

At this time, the giant of white light directly punched the dominant will on Ye Feng's head.

"Boom!!"

A terrifying roar erupted across the entire field in an instant.

The huge sculptures all around were shaking violently.

"It's the thought of the great Lord of Heaven! It's revived!"

The archangel not far away saw this scene, and his eyes suddenly showed deep shock.

The archangel couldn't help but exclaimed: "Hasn't the great Lord of Heaven already completely entered the endless cycle of reincarnation? Why is there still the thought of the Lord of Heaven in the Gate of Heaven? Now Ye Feng, you are finished, you will be obliterated by the thoughts of the Lord of Heaven!"

Ye Feng looked at the archangel who exclaimed not far away, with a slight smile in his eyes, and said loudly: "It's just a thought, nothing!"

"Emperor Chu, help me!"

At this time, Ye Feng called out to Emperor Chu in his mind.

"good."

Emperor Chu didn't hesitate at this time, because he also knew that this gate to heaven was precious and he had to get it.

boom!

At this moment, Emperor Chu burst out of Ye Feng's mind, and then merged with the soul gem, turning into a giant of red light, and directly burst out with monstrous power, fighting with the thoughts of the Lord of Heaven. together.

"Boom!"

In an instant, the entire field fell into a terrifying chaos.

At this moment, Ye Feng flew to the gate of heaven in an instant, then directly input mana and started refining.

Now the thoughts of the Lord of Heaven in the Gate of Heaven have been hindered by the red giant of light formed by the fusion of Emperor Chu and the Soul Gem.

So this time is a good opportunity for Ye Feng to use his magic power to refine the Gate of Heaven!

"boom!"

Ye Feng's magic power was extremely powerful, and it was also the special magic power of the Hongmeng Immortal Body, possessing the aura of Hongmeng.

So at this moment, Ye Feng directly refined the entire Gate of Heaven.

"No!!!"

The thought of the Lord of Heaven who was fighting Emperor Chu not far away let out a huge shout.

But the next moment, Ye Feng directly collected the Gate of Heaven into his body.

At this moment, a small Heaven's Gate was suspended in Ye Feng's Dantian, emitting a bright white divine light and looking very sacred.

At this time, the mind of the Lord of Heaven who was fighting Emperor Chu was suddenly absorbed by the Gate of Heaven and disappeared immediately.

Obviously, after Ye Feng completely controlled the entire Gate of Heaven, the thought of the Lord of Heaven in the Gate of Heaven naturally lost its source of power and was completely eliminated.

At this time, Ye

The wind was exuding white light, and it looked like a god of light had descended.

Uh-huh!

At this moment, Emperor Chu turned into a stream of light again and flew back to Ye Feng's mind.

"You actually conquered the great Gate of Heaven."

The eighteen-winged archangel flew over from not far away, with a pair of beautiful and holy eyes staring at Ye Feng at this moment, with a look of deep shock in his eyes.

At this time, the archangel suddenly understood that there was another existence in Ye Feng that could compete with the thoughts of the Lord of Heaven.

The archangel just saw that the giant of red light had the same thoughts as the great Lord of Heaven. It was really terrifying! ??

Ye Feng looked at the beautiful and holy archangel in front of him, smiled and said, "I will slowly explore the use of the Gate of Heaven. Will you leave alone or follow me?"

There was a hint of struggle in the archangel's eyes, and then he said aloud: "I actually want to go with you, Ye Feng, because I think you are a very powerful being, with unlimited achievements in the future, but, I know, My current responsibility and obligation is to find the reincarnation of our Lord of Heaven, hoping that the Lord of Heaven can be resurrected and then allow me to return to Heaven."

When Ye Feng heard what the Archangel said, he just nodded slightly and didn't say much. After all, everyone has different choices.

At this time, Ye Feng immediately said: "Okay, then I wish you can find the reincarnation body of the Lord of Heaven. We will meet again later."

Uh-huh!

After Ye Feng finished speaking, he left the place and flew towards the end of the Sea of Light.

At this moment, the archangel glanced at the surrounding environment, jumped up, turned into a bright light, and disappeared from the place.

Half an hour later, the archangel had completely moved away from here, seeming to have left this ancient underground tomb through another passage.

But at this moment, Ye Feng's figure once again appeared in the sea of light.

It turned out that Ye Feng did not leave the Sea of Light at all, but waited for the Archangel to leave here completely, and then prepared to absorb the power of light in the Sea of Light.

This sea of light is the sea of power left behind by the Lord of Heaven.

The power of light contained in it is very powerful and profound.

When Ye Feng first came here, he had already sensed that this sea of light was a sea of pure energy, which was particularly helpful to him.

But when the Archangel was there before, Ye Feng did not directly use Devouring Domain.

But now that the archangel has left, Ye Feng naturally has no restraints.

"boom!"

\u003e

At this moment, Ye Feng directly released his Devouring Domain.

A dark field suddenly burst out of Ye Feng's body and spread towards the surroundings.

"Boom!"

The next moment, along with Ye Feng's devouring, waves of terrifying and extremely powerful energy were immediately injected into Ye Feng's body.

Ye Feng immediately felt that his skill was rapidly and continuously improving.

"boom!"

Dao Palace Realm Fifth Heaven!

"boom!"

Dao Palace Realm Sixth Heaven!

"boom!"

Dao Palace Realm Seventh Heaven! !

I have to say that the energy of this sea of light is really powerful.

It directly caused Ye Feng's cultivation to skyrocket by three levels in an instant!

At this time, Ye Feng's cultivation had reached the seventh level of the Dao Palace Realm, and he immediately felt that his strength had been greatly improved, and his combat effectiveness also soared.

"Boom!"

Suddenly at this moment, the wall not far away suddenly shattered.

All the extremely powerful dark demons rushed out.

It seems that this group of dark demons finally broke out from the ancient tomb.

At this moment, the dozen or so powerful dark demon clan leaders immediately stared at Ye Feng and shouted angrily: "Damn boy! Where did you take the eighteen-winged archangel?"

Ye Feng grinned and said: "You must be too slow. It has been half an hour. The archangel has left here long ago, and I have already obtained the treasure of the Lord of Heaven that you are looking for."

"What?!"

Hearing what Ye Feng said, a group of dark demons immediately shouted: "You are going to die today! The treasures on your body must be handed over!"

boom!

This group of dark demon strongmen immediately burst out with terrifying power and aura, rushing directly towards Ye Feng. Their cultivation levels were very terrifying.

"Heaven's Gate!"

But at this moment, Ye Feng directly used Heaven's Gate.

Buzz!

A noble and supreme gate to heaven opened behind Ye Feng, and then emitted infinite power of white light, instantly shining directly on several powerful dark demons who rushed forward.

Then their bodies disintegrated inch by inch!

"ah!!"

These powerful dark demon clan men immediately let out fierce screams.

It turns out that Heaven's Gate, a magic weapon with light attributes, is specifically designed to restrain dark demons!

Chapter 3509 Is there any danger?

"Isn't this kid a human? How can he control the legendary lord of heaven's natal magic weapon!"

At this time, a group of dark demon warriors shrouded in white divine light showed deep horror in their eyes.

Because they never expected that Ye Feng, a human boy, would actually obtain the Gate of Heaven they originally planned to plunder in the deepest part of this ancient tomb.

And he also completely controlled the gate of heaven!

This is incredible to the extreme.

"All the soldiers gathered together to attack this human boy. We must snatch the Gate of Heaven from him. This will play a huge role in our dark demons invading the entire snowy region!"

At this time, the dozen or so powerful dark demon clan leaders shouted loudly.

Wow!

At this moment, hundreds of thousands of dark demons surged over, like a dark ocean, surrounding Ye Feng.

"Heaven's Gate!"

"Light of Heaven."

Boom! !

At this time, Ye Feng completely inspired the power of Heaven's Gate.

The incomparably bright white divine light surged out directly from the gate of heaven, filled with unparalleled light power.

It was like a white ocean, covering all the dark demons rushing over.

"ah!!"

The next moment, screams suddenly sounded throughout the entire field.

Because after these dark demons were illuminated by those white lights, their whole bodies began to rot, and they were unable to approach Ye Feng at all.

At this moment, Ye Feng's entire body was protected by the light power of Heaven's Gate.

These dark demons are not strong enough in cultivation and cannot get close to Ye Feng's body.

Even the most powerful leaders of the dark demons endured the corrosion of the terrifying power of light. After approaching Ye Feng, they were all easily smashed to pieces by Ye Feng with one punch.

Because Ye Feng's current cultivation level has been upgraded to the seventh level of Dao Palace Realm, his combat power is also very terrifying.

At this time, Ye Feng could say that he had resisted the army of hundreds of thousands of dark demons by himself!

When all the powerful dark demons realized that it was impossible for them to fight against Ye Feng who owned the Gate of Heaven today, they immediately prepared to evacuate.

Because Ye Feng now owns the Gate of Heaven, he is the inheritor of the Lord of Heaven. For the dark demon clan, he is simply a nemesis.

At this time, several leaders of the dark demon clan immediately shouted angrily: "Let's escape from here quickly. We can't confront this kid head-on. He has the Gate of Heaven on him, and we can't get close to him at all."

Nearly half of all the dark demons were killed at this time, and the remaining half quickly retreated.

But at this time, Ye Feng smiled coldly and said: "Since you have all attacked me, it is too late to escape now. Please stay with me and become the nourishment for my strength." !”

Boom!

At this moment, Ye Feng immediately released the more terrifying functions of Heaven's Gate.

This is also another powerful ability of Heaven's Gate that Ye Feng has just communicated with Heaven's Gate and explored.

That is, it can be used

The Gate of Heaven communicates with the legendary supreme heaven, and then draws the supreme power of light in the heaven to condense the energy archangels.

Swish, swish, swish!

At this moment, angels rushed out from the entire gate of heaven.

These angels are not real creatures, but energy bodies composed of the power of light in the gate of heaven.

Each of the energy archangels composed of the power of light, holding the archangel sword in their hands, rushed forward crazily, directly colliding with the group of fleeing dark demons.

"Pfft"!

"Pfft"!

"Pfft"!

Although these archangels flying out from the gate of heaven are only composed of energy bodies, the archangel swords in their hands also contain very terrifying power of light, which can cause huge harm to these dark demons.

So at this moment, the archangel composed of thousands of energy bodies rushed into the dark demon army and wiped out nearly half of the demon army in one fell swoop.

At this moment, the entire dark demon clan is about to be completely wiped out.

Uh-huh!

Ye Feng took action directly at this time, bursting out his extremely powerful Hongmeng Immortal Body, and punched out, immediately smashing several of the most powerful dark demon leaders in front.

Although Ye Feng's actual cultivation may not be as good as the leaders of these dark demons, Ye Feng now has the blessing of the power of light given by the Gate of Heaven. Ye Feng now naturally has a natural ability to deal with these dark demons. repressive.

After half an hour, Ye Feng finally wiped out all the dark demons present.

The deepest area of the entire ancient tomb can be said to be very tragic now, because hundreds of thousands of dark demons died directly.

At this time, Ye Feng stared at the corpses of hundreds of thousands of dead dark demons in front of him, with a look of deep anticipation in his eyes. He directly released the Devouring Domain, draining all the blood and energy of all the dark demons present. It started to devour quickly.

Boom!

At this moment, waves of terrifying and majestic energy immediately entered Ye Feng's Dantian, causing Ye Feng's skill to increase rapidly and unparalleledly.

"boom!"

Dao Palace Realm Eighth Heaven!

"boom!"

Dao Palace Realm Ninth Heaven!

"boom!"

The tenth heavenly realm of the Dao Palace Realm is complete! !

At this time, Ye Feng's cultivation level achieved an extremely rapid breakthrough, and all the blood energy skills of all the dark demons on the field were swallowed up by Ye Feng.

Ye Feng took back the Gate of Heaven and left here directly, flying quickly towards the outside of this ancient tomb, because there was nothing worth exploring for Ye Feng here.

Uh-huh!

When Ye Feng flew out from the ruins of the ancient tomb underground, he found that the entire Tiancang City had been completely shattered.

The entire city was reduced to ruins.

Seeing this scene, Ye Feng shook his head slightly.

Sure enough every

Every war is very cruel.

After this Tiancang City was targeted by many armies of dark demons, it was immediately destroyed.

After Ye Feng sighed, he quickly flew in a certain direction.

The direction Ye Feng is flying now is exactly the direction of the frontier city where the Ninth Prince is, Giant Spirit City.

Now Princess Caiyun and a group of experts from Tiancang City should have arrived at Juling City.

Ye Feng is now heading to Giant Spirit City, ready to settle down after arriving in Giant Spirit City, and then explore the gate to heaven he just obtained.

This Gate of Heaven has endless magical uses. What Ye Feng is currently exploring is just a little bit of the initial functions. There are still many mysteries waiting for him to explore.

After all, this Gate of Heaven is the natal magic weapon of the supreme Lord of Heaven. It is naturally very magical and powerful, and it has a natural suppression on races with dark attributes.

Ye Feng got the Gate of Heaven and was very excited inside.

Because the next realm he wants to ascend to is the fourth realm, the Demon Realm.

If he possesses a powerful treasure like the Gate of Heaven that can specifically restrain the dark demons, then he should not be in too much danger after entering the demon realm.

Ye Feng's current cultivation level has been promoted to the tenth level of Tao Palace Realm, the Great Perfection Realm.

So now Ye Feng's various abilities have been significantly improved, and his use of space gems has become even more powerful.

Ye Feng is on his way now and doesn't need to rely on his own magic power to fly.

Directly using the space gems to create space fluctuations, Ye Feng can travel hundreds of thousands of kilometers in an instant.

So in less than half a day, Ye Feng had arrived from the Tiancang City area to the Juling City area.

When Ye Feng came to the gate of Giant Spirit City, he saw that the entire Giant Spirit City was very quiet and did not provoke any attacks from the dark demons.

Obviously, Giant Spirit City is still a very safe place at present.

But this is also very normal.

After all, the Ninth Prince came out this time, but he brought out his guardian, the great steward Xia Lao.

Therefore, if there are top elders and powerful men like Mr.

At this moment, Ye Feng walked directly into the Giant Spirit City.

"Brother Ye, you are finally back!"

The moment Ye Feng walked into the City Lord's Mansion in the middle area of Giant Spirit City, he immediately heard a familiar voice.

It was the voice of the Ninth Prince!

At this moment, the Ninth Prince was no longer wearing the golden prince robes before, but a set of very heavy black iron armor.

This made the Ninth Prince, who originally looked very weak, now have an aura of iron-blooded killing.

Obviously during this period, when Ye Feng was not in Juling City, the Ninth Prince led his team to carry out large and small killings, and he had a kind of iron-blooded temperament on the battlefield.

Ye Feng walked up to the Ninth Prince, smiled slightly and said, "It seems that the Ninth Prince has also received a lot of training during this period."

Nine Emperors

There was also a hint of sadness in Zizi's eyes, and he couldn't help but sigh and said: "Since I was a child, I have been in the palace of the imperial city, and I have not encountered any killings, but this time I came here Going to the borderland and fighting against the dark demons made me grow a lot and understand a lot of other things."

Ye Feng nodded slightly, which was a good thing for the Ninth Prince.

At this time, Ye Feng sensed it and suddenly asked in surprise: "Isn't Princess Caiyun and a group of experts from Tiancang City not in the city?"

"Princess Caiyun?"

Hearing Ye Feng's question, the Ninth Prince showed a look of doubt in his eyes, and said loudly: "I have never seen Princess Caiyun, and she has never come to our Giant Spirit City."

"What?"

Hearing what the Ninth Prince said, Ye Feng's expression suddenly changed slightly, and he couldn't help but say, "Did Princess Caiyun and a group of experts from Tiancang City encounter any danger on the way here?"

When the Ninth Prince heard this, his eyes became a little solemn, and he said aloud: "Perhaps they really encountered some danger, because I got some news in Giant Spirit City. It is said that there is a wild land not far from our Giant Spirit City. In the land, there are a large number of strong dark demon clans. A demon domain ruins were unearthed there. It is said to be the demon domain ruins left behind by the more advanced fourth-level realm 'Demon Domain', so many dark demon clans are stationed there. "

When Ye Feng heard what the Ninth Prince said, a trace of surprise suddenly appeared in his eyes, and he said: "This group of dark demons unexpectedly discovered another ancient ruins. When I was in Tiancang City, I also found Because the dark demons discovered that there is an ancient tomb in the inner area of Tiancang City. "

The Ninth Prince nodded, his eyes were quite solemn, and he said loudly: "This group of dark demons must have a very special way to find various ancient ruins buried in this land and obtain resources from them. This is used to support their boundary war against the Snow Region."

Ye Feng's eyes were a little worried and he said: "It's possible that Princess Caiyun and the others happened to be passing through the Demon Realm ruins area where the dark demons were stationed, and encountered an obstruction."

"It's possible."

The Ninth Prince nodded, and then seemed to have thought of something, and couldn't help but said: "But Brother Ye, you don't have to worry too much, because I have heard that many big forces in the Snow Region, including our Ice and Snow Dynasty, Many powerful people rushed there, wanting to get a share of the pie, so in that Demon Realm ruins area, there were not only dark demons, but also powerful people from other big forces, as well as powerful people from our Ice and Snow Dynasty, Caiyun. The princess has a distinguished status and should be able to find help from the super masters in the Ice and Snow Dynasty. "

Ye Feng thought for a while and said: "Originally, I was planning to return to Giant Spirit City and stay in seclusion for a while, but now it seems that I can't. I have to go to the ruins of the Demon Realm to see where Princess Caiyun and the others are. Not there."

For Ye Feng, Princess Caiyun is very important to him.

Because Princess Caiyun is the key to whether Ye Feng can enter the fourth level demon realm in the future.

Princess Caiyun knows the location of the teleportation altar sent by these dark demons from the demon realm.

This news is very important.

Ye Feng must go and see if Princess Caiyun is in danger.

The Ninth Prince couldn't help but sigh and said: "If Princess Caiyun sees how worried you are for her now, Brother Ye, she will definitely be very moved."

Chapter 3510 Painting Fairy

For Ye Feng, Princess Caiyun is very important. Not only are they two very good friends, but more importantly, Princess Caiyun holds information on the specific location of the Dark Demon Teleportation Altar. Ye Feng knows it is impossible for him to stay in the snowy area forever.

Therefore, when the strength reaches a certain level, they will naturally choose to leave the Snow Realm and go to the more advanced fourth-level realm, the Demon Realm.

Because Ye Feng's ultimate goal is to enter the world of origin, the final ninth level realm, and find his true family, the Ye family, where his father and mother are now.

Ye Feng had learned before that the Ye family was located in the Sea of Chaos in the ninth level realm, the highest level in the Origin World.

And now the Ye family is in a huge crisis, so Ye Feng naturally wants to increase his strength as soon as possible and keep ascending until he enters the ninth realm and goes to the Ye family to help his father and mother, as well as his entire family. The family faces the huge crisis.

The Hongmeng blood of the Ye family flows in Ye Feng's body. Although he has never lived in the Ye family, the blood flowing in Ye Feng's body gives Ye Feng a deep sense of belonging to his final family. .

Moreover, his father and mother were both there, as well as his aunt Ye Qinglan, whom he had a close relationship with, and the patriarch of the Ye family whom he had never met before, his grandfather Ye Qingcang. They were all in the Ye family. .

So that is not only a family, but also the place where Ye Feng really comes from, where his roots lie.

At this moment, Ye Feng looked at the Ninth Prince in front of him and said aloud: "It seems that I can't rest in Giant Spirit City for a while. I have to go to the Demon Realm ruins area as soon as possible. I hope Princess Caiyun is not in danger yet."

The Ninth Prince nodded, patted Ye Feng's shoulder, and said loudly: "Brother Ye, don't worry too much. Princess Caiyun is powerful and the most powerful princess. She will not fall so easily. Moreover, Caiyun The identity of the princess is very mysterious."

"Mysterious identity?"

There was a trace of surprise in Ye Feng's eyes, and he asked: "Does Princess Caiyun have any other identities?"

"Um?"

The Ninth Prince nodded and said aloud: "The reason why I have always been so polite to Princess Caiyun is because Princess Caiyun's identity is very unusual. Sometimes I even doubt that Princess Caiyun is not my father's heir at all. , but a being from another mysterious place who only temporarily lives in the palace of our Ice and Snow Dynasty."

At this moment, Ye Feng's eyes showed a trace of surprise. He did not expect that Princess Caiyun would have such mysterious rumors.

However, Ye Feng thought about it and realized that Princess Caiyun seemed indeed different from other princes and princesses.

Because, Princess Caiyun has no interest in the fight for the throne at all. She only wants to enter the higher level four realm above the snow realm, the Demon Realm.

"Could it be that Princess Caiyun is from the Demon Realm?"

Is there some mysterious existence? "

Ye Feng thought secretly in his heart.

However, Ye Feng did not reveal this speculation. After all, finding a way into the Demon Realm was a private secret belonging to Ye Feng and Princess Caiyun and could not be revealed.

At this time, Ye Feng said goodbye to the Ninth Prince, left Giant Spirit City directly, and flew non-stop towards the ruins of the Demon Realm.

There is a map in Ye Feng's hand, which was given to Ye Feng by the Ninth Prince, which can guide Ye Feng to the Demon Realm ruins area.

Ye Feng is actually quite interested in this Demon Realm ruins area.

Because Ye Feng had previously benefited greatly from the Tiancang City Tomb excavated by the Dark Demon Clan.

Therefore, Ye Feng now strongly believes in the vision of the dark demons. The ancient ruins that can be spotted and excavated by the dark demons must be very extraordinary.

Ye Feng was very fast. In less than half a day, he finally arrived at the Demon Realm ruins area according to the guidance of the map in his hand.

At this time, Ye Feng slowed down his speed, concealed his aura, and lurked in the area around the ruins of the Demon Realm.

Because Ye Feng knew that those who came to this Demon Realm ruins this time were not only the powerful men of the dark race, but also the transcendent beings from all the major forces in the entire Snow Realm.

It is enough to show that this Demon Realm ruins must be a very large and precious place of ancient ruins.

Therefore, although Ye Feng's cultivation level has improved a lot at this time, he still feels that he should hide his strength.

Otherwise, you are likely to be regarded as a standout.

At this time, Ye Feng slowly lurked into the area around the ruins of the Demon Realm.

Buzz!

At this time, Ye Feng looked towards the inner area of the Demon Realm ruins, and he immediately discovered that many powerful beings had descended here.

The middle area is a very huge ruins that seem to be still being excavated.

Ye Feng's eyes were very surprised, because what came around the ruins of the Demon Realm were not only strong men from various races, but also dark demons.

But at this time, they were rare and did not fight together. Instead, they were excavating the entire Demon Realm ruins together very peacefully. It seemed that they would excavate the entire Demon Realm ruins first.

Ye Feng saw this scene and did not pay too much attention. Instead, he exuded his soul power and wanted to find traces of Princess Caiyun.

However, after Ye Feng circled around the entire outer area of the Demon Realm ruins, he did not find any

The traces of Princess Caiyun.

Princess Caiyun doesn't seem to be here.

This made Ye Feng's eyes reveal a hint of surprise.

If Princess Caiyun is not here, then where did Princess Caiyun go with a group of experts from Tiancang City?

After such a long time, he should have arrived at Giant Spirit City long ago.

This is what Ye Feng is very confused about.

"Maybe something else has delayed it..." .??.

At this time, Ye Feng could only guess in his heart.

But now that Ye Feng has arrived at this demonic ruins, he naturally wants to see what will happen next.

Maybe I can fish in troubled waters and find some good opportunities.

After all, so many powerful people have arrived here, which shows that this demonic domain relic must be very precious.

Maybe there is a huge opportunity hidden inside, which can greatly improve your strength again.

Previously, Ye Feng got such good luck from the ancient tomb in Tiancang City, which made Ye Feng very confident in the vision of the dark race.

Since this is the ruins of the Demon Realm chosen by the dark race, it should be very extraordinary.

And based on the name of this ruins, we can guess that this ruins is related to the higher-level fourth-level realm 'Demon Realm' above the Snowy Realm.

However, Ye Feng felt that this ancient ruins might not just be as simple as the Demon Realm ruins.

Because if it is only related to the Demon Realm ruins, then it means that there may only be dark attribute resources in this Demon Realm ruins.

Dark attribute resources only have an effect on the dark race and have no effect on other creatures at all.

But at this moment, there are so many strong men from other races and major forces appearing on the scene.

This shows that this Demon Realm ruins is definitely not just related to the Dark Demon Clan.

Although Ye Feng doesn't know what other special circumstances there are in this demonic ruins, but since so many powerful people have arrived, Ye Feng naturally has to participate.

Buzz!

At this time, Ye Feng took out a set of jet-black robes from his storage ring, covered his body, and then flew directly to the area around the Demon Realm ruins, standing among the crowd of many experts.

Ye Feng's cultivation aura is now at the tenth level of the Dao Palace Realm. It is not low, but it is not too high either, so standing among the crowd, he is inconspicuous.

After all, the masters from all major races and forces present at this moment are basically at the Dao Palace level, and there are also Tianyuan realms who are more powerful than the Dao Palace level.

There are even several terrifying cultivation auras that make Ye Feng very fearful now.

That is probably a super strong person at the level of Shenyuan Realm that has surpassed Tianyuan Realm!

At this time, Ye Feng stood on the spot, exuding his soul power and silently sensing the various cultivation auras around him.

Ye Feng had to judge what level of powerful people came here this time, so that he could enter the ruins of the Demonic Realm and know who he could mess with and who he couldn't mess with.

At this moment, Ye Feng was silently sensing the auras of many strong men around him.

"boom!!"

Suddenly, a golden beam of light burst out from the middle of the ruins of the Demon Realm ahead, which looked very grand and majestic.

With the appearance of this golden light pillar, the entire ruins ground began to shake instantly.

Almost at this moment, everyone flew into the air and watched the entire ground below crack.

Ye Feng also flew high into the sky at this time and looked down. He saw huge cracks appearing on the ground of the entire Demon Realm ruins.

As the entire ground was completely cracked, Ye Feng immediately discovered that a huge picture scroll appeared under the ground of the ruins of the Demon Realm. This picture scroll was very grand, and it seemed to contain a small... The world is the same. At this moment, there were masters around who couldn't help but exclaimed: "The painting of the Nine Heavens Immortal Realm is actually sealed in the ruins of this demonic realm!"

"Painting Fairy?"

"Nine Heavenly Immortal Realm Map?"
