Chapter 351 Chu Linger

The speaker's tone was filled with deep hostility and sarcasm, which made people feel strange and uncomfortable.

Ye Feng looked over slightly at this time and found two figures, a girl in blue and a young woman in white.

At this time, the girl in blue was sneering not far away.

Chu Huanxue's eyes showed a cold look, staring at the girl in blue, and said: "It is normal for outstanding people to be jealous."

After saying that, Chu Huanxue didn't bother to pay attention to the aristocratic girl in blue, and immediately continued walking away.

Hearing what Chu Huanxue said, the noble girl in blue suddenly turned pale.

Obviously she didn't expect that Chu Huanxue's current mentality would be so strong.

"This little girl is finally starting to grow up."

Ye Feng smiled slightly and continued walking forward.

"You little bitch, where are you going?"

At this time, the noble girl in blue suddenly shouted coldly.

A fiery red whip instantly appeared in her hand. It was made of steel. Once it was tied, all the flesh and skin on her body might be torn off in an instant, which was very terrifying.

"Chu Linger, you are too presumptuous!"

Chu Huanxue suddenly spoke out, and a murderous light suddenly appeared in his eyes.

A long sword suddenly appeared in her hand. The sword's light was cold and it pierced the sky at once.

"Crack!"

The long whip in the hand of Chu Ling'er, the girl in blue, was immediately shattered by Chu Huanxue's sword energy and cracked inch by inch.

"Qiang!"

Along with the sound of swords, Chu Ling'er didn't even react. The long sword in Chu Huanxue's hand was already pressed against her snow-white neck.

As long as Chu

Huanxue stabbed her sword slightly at this time, and Chu Ling'er would die instantly.

"you....."

Chu Ling'er's body was extremely stiff at this time, and her eyes were filled with horror. It was obvious that she had never expected that Chu Huanxue would have such a terrifying cultivation level now.

Chu Ling'er didn't even see the sword Chu Huanxue used just now. His attack was directly broken, and then the sword was pointed at his throat.

"Anything else you want to say?"

Chu Huanxue stared coldly at Chu Ling'er in front of her with her beautiful eyes, and said, "If your father hadn't been the Third Prince and helped us once when our Seventh Prince's Palace was at its lowest, you would be dead now. "

After the words fell, Chu Huanxue snorted coldly, sheathed her sword and walked towards Ye Feng.

At this moment, Chu Ling'er suddenly looked at the young woman not far behind her and shouted: "Liu Ruyi, you are the most talented person in the Dade Dynasty. Please take action quickly and teach this princess Chu Huanxue a lesson." A meal!"

The young woman in white standing not far away opened her eyes slightly at this time.

The Dade Dynasty was a high-level dynasty second only to the ten super dynasties.

For Liu Ruyi to become the first genius of the Dade Dynasty, her cultivation must be extremely terrifying.

With her cultivation level, she is a half-step supernatural being!

Obviously, Liu Ruyi came to Suzaku City to gain the qualification to enter the Hundred Dynasties War with the help of the Suzaku Dynasty and other princely and aristocratic families.

So at this moment Chu Ling'er spoke up, she naturally would not refuse, because she also relied on the Three Princes' Mansion behind Chu Ling'er to enter the Hundred Dynasties War.

So at this time, Liu Ruyi stepped forward and immediately stared at Chu Huanxue who was not far away, and said indifferently: "Little princess of the Seventh Prince's Palace, I don't want to be your enemy, but you have offended Princess Ling'er. You should come over and apologize to Princess Ling'er, otherwise, I will have no choice but to take action." The person who spoke had a deep hostility and sarcasm in his tone, which made people feel strange and uncomfortable.

Ye Feng looked over slightly at this time and discovered two figures, a girl in blue and a young woman in white.

Chu Huanxue suddenly spoke out, and a killing light suddenly appeared in his eyes.

A long sword suddenly appeared in her hand. The sword's light was cold and it pierced the sky at once.

"Crack!"

The long whip in the hand of Chu Ling'er, the girl in blue who took action, was immediately shattered by Chu Huanxue's sword energy and cracked inch by inch.

"Qiang!"

You should come over and apologize to Princess Ling'er, otherwise, I will have no choice but to take action."

Chapter 352 Jealousy

At this time, Liu Ruyi said that a vast martial arts aura like a vast sea was released from her body, sweeping towards Chu Huanxue like a wave.

With a trace of vindictive cruelty in her eyes, Chu Ling'er said: "Liu Ruyi, directly destroy this Chu Huanxue so that she cannot participate in this royal winter hunting!"

But at this moment, a tall and straight figure of a young man in black was already standing in front of Chu Huanxue.

He stood there with his hands behind his back, his whole body like a green pine, rising nine thousand meters from the ground, standing proudly under the sky, capable of resisting the most terrifying force in the world.

"Boom!"

Ye Feng stood in front of Chu Huanxue at this moment. He really seemed to have become an iron wall, blocking all of Liu Ruyi's terrifying martial arts momentum. He stood tall and motionless.

"Um?"

Liu Ruyi's indifferent eyes suddenly changed slightly.

She wanted to say something, but at this moment, Ye Feng stretched out a palm towards her from afar.

Buzz!

In an instant, the vitality in the void exploded, and an invisible big hand in the void immediately pressed towards Liu Ruyi.

"boom!"

It was like a piece of heaven and earth suddenly covered it, possessing an irresistible terrifying power.

"boom!"

"Crack!"

Almost at this moment, Liu Ruyi felt that a pair of invisible big hands suddenly appeared between heaven and earth, pressing towards her.

The ground beneath her feet instantly shattered pieces of bluestone.

Although Liu Ruyi is a half-step powerful person in the supernatural realm and a proud daughter from the high dynasty Dade Dynasty, she is unable to resist at this time.

Block that kind of terrifying power.

"puff!"

Liu Ruyi didn't even take action. She spurted out a mouthful of blood and suffered heavy injuries in an instant.

"What?"

This scene completely shocked Chu Linger, who was standing and watching not far away.

The eyes of this little princess from the Three Princes' Palace were filled with deep horror and fear.

She was very aware of Liu Ruyi's strength. Even many of the elders and powerful men in their Three Princes' Mansion were no match for him.

But now, the young man in black standing next to Chu Huanxue just stretched out a hand and pressed it in the air, causing Liu Ruyi to suffer severe injuries. Blood spurted out and her breath weakened.

"Princess Ling'er, this person is absolutely terrifying and we cannot provoke him."

At this time, Liu Ruyi immediately said to Chu Linger.

"Damn it!"

Chu Ling'er's beautiful eyes were filled with vicious resentment at this time.

She stared at Chu Huanxue not far away, feeling extremely jealous in her heart.

Chu Huanxue could actually have such a terrifying existence, standing behind her and giving her support.

Moreover, now Chu Ling'er also knows that the person standing behind Chu Huanxue is not an old man at all, but a young man with a handsome face, peerless elegance and terrifying cultivation.

This made the jealousy in Chu Ling'er's heart burn even more fiercely. Why couldn't she encounter such a good thing?

For a moment, Chu Ling'er thought quickly in her mind, "I must surpass Chu Huanxue. My beauty is no worse than Chu Huanxue. I don't believe I can't get what she can get."

Just when Chu Ling'er was thinking secretly in her heart, Ye Feng and Chu Huanxue had already walked away. At this time, Liu Ruyi said that a vast martial arts aura like a vast sea was released from her body, sweeping towards Chu Huanxue like a wave.

Chapter 353 The Emperor invites you

In the eyes of Ye Feng and Chu Huanxue, Chu Ling'er and Liu Ruyi's actions were just a small episode.

The two of them soon arrived at the central hall of the palace.

Inside, there were already dense crowds of people, many of whom were powerful dignitaries and elders of the family, bringing their young heirs with them to participate in the royal competition and winter hunting.

However, Ye Feng and Chu Huanxue also saw many boys and girls who were alone or in groups of three or five, standing alone in a corner, either showing fear or aloofness.

These young geniuses are not accompanied by powerful elders. They must be country geniuses from other places in the entire vast territory of the Suzaku Dynasty.

Although these people do not have strong family backgrounds, not many people look down upon them.

Because this group of people rose from humble beginnings and were able to succeed in cultivation in such a difficult environment, they will definitely have unlimited potential in the future and grow into world-famous and powerful men.

"The Emperor has arrived!"

Suddenly at this moment, accompanied by a loud voice, everyone's eyes moved and they looked towards the top of the hall.

There, on the top high platform, a distinguished middle-aged man wearing a golden dragon robe walked in from the side door.

This person is the emperor of the Suzaku Dynasty!

Although Emperor Suzaku is very majestic and profound, he knows that those present today are all strong men from the major forces, and many of them are from other middle dynasties, high dynasties, and many major forces in the Southern Region besides the Suzaku Dynasty. people.

Many of these people are able to despise the imperial power of mortal dynasties.

Therefore, the Emperor of the Suzaku Dynasty appeared at this time and did not dare to let everyone kneel in front of him.

"See the Emperor."

br\u003e At this time, everyone in the hall bowed slightly to worship.

"No gift."

Emperor Suzaku was already very satisfied when he saw everyone bowing and bowing their hands.

He looked around and said to everyone: "Let's all stay in the palace during this period. Many forces will come to the palace one after another in the past few days."

When everyone heard what Emperor Suzaku said, they all immediately agreed. It happened that they were very interested in the Suzaku Dynasty, one of the ten super dynasties. They could take a good look at the luxurious palace of the Suzaku Dynasty in the past few days.

Emperor Suzaku was also happy because every winter hunting competition of the royal family not only selected the top young geniuses in the Suzaku Dynasty for the use of the royal family.

Another purpose is to show the world the profound heritage and strength of the Suzaku Dynasty royal family.

Chu Huanxue had told Ye Feng before that every royal competition would last for several days.

So at this time, Ye Feng was not surprised.

At this time, palace maids came one after another from outside the main hall, and people from big powers and princely families were brought out of the main hall one after another, and they were all arranged to live in the Suzaku Dynasty Palace.

At this time, Ye Feng and Chu Huanxue were also preparing to leave here and go to rest somewhere in the palace.

But at this moment, a royal guard wearing black armor suddenly came to Ye Feng and Chu Huanxue.

He clasped his fists at the two of them and said, "Two distinguished guests, please stop. Your Majesty has invited you."

"Your Majesty invites you?"

At this time, Ye Feng and Chu Huanxue looked at each other, and both saw the confusion in each other's eyes.

Obviously, they didn't understand why Emperor Suzaku wanted to see the two of them specifically at this time. In the eyes of Ye Feng and Chu Huanxue, Chu Ling'er and Liu Ruyi's actions were just a small episode.

Chapter 354 Request

In a small side hall next to the central hall, Ye Feng and Chu Huanxue met Emperor Suzaku.

At this time, Emperor Suzaku did not have the same confident smile on his face as he did in the hall just now.

At this time, his majestic face was full of sorrow, and his brows were deeply wrinkled.

At this time, the imperial guard with Ye Feng and Chu Huanxue knelt down on one knee, clasped his fists and said, "Your Majesty, these two distinguished guests have already arrived."

Emperor Suzaku seemed to be awakened from his thoughts at this time.

He immediately turned slightly and saw Ye Feng and Chu Huanxue walking in.

Emperor Suzaku walked directly towards the two of them, with a relieved smile on his face and said: "You are finally here."

Chu Huanxue said: "The Emperor asked me and Master to come so late. Is there something wrong?"

After the fall of the Seventh Prince's Palace, the emperor had always secretly protected her, so Chu Huanxue did not die.

Therefore, for Emperor Suzaku, Chu Huanxue still had a little respect for his elders in his heart.

Seeing Emperor Suzaku looking so anxious, Ye Feng guessed something in his heart.

But he did not speak directly, but quietly looked at the Suzaku Emperor in front of him.

Emperor Suzaku hesitated for a moment, and then closed the door of this side hall tightly, giving people a feeling of guilty conscience.

He spoke slowly, with a solemn tone, and said: "I, the high priest of the Suzaku Dynasty, according to my inquiries over the past few years, she has secretly controlled nearly half of the ministers and dignitaries in the government and the public. This time the royal competition and During the winter hunting, I'm afraid she will take action directly and seize all the imperial power of the Suzaku Dynasty into her own hands!"

"What?!"

Almost as soon as Emperor Suzaku finished speaking, Chu Huanxue's little face was filled with deep shock.

She never thought that Emperor Suzaku would say such words.

\u003e

You must know that in Chu Huanxue's mind, the high priest, a woman with peerless grace who was like a god in the entire Suzaku Dynasty, was her idol.

But now, in the words of Emperor Suzaku, the magnificent high priest turned out to be a villain who was ambitious and wanted to seize the imperial power.

This made Chu Huanxue unable to accept it for a while.

But she knew that since Emperor Suzaku told them so seriously at this time, it meant that it was true.

And Chu Huanxue knew that the main reason why Emperor Zhuque asked Ye Feng and her to come was to ask Ye Feng for help through her.

Chu Huanxue knew very well that if Emperor Suzaku wanted to deal with the high priest, only a hidden peerless master like Ye Feng could do so.

At this time, Chu Huanxue looked at Ye Feng and asked, "Master, what do you think?"

Ye Feng nodded and said: "The high priest of your Suzaku Dynasty, I fought with her once. She did use a very strange method to almost empty the entire Suzaku Dynasty's government and opposition."

"What?!"

Hearing what Ye Feng said, Chu Huanxue's expression finally changed.

Her mouth widened, and her beautiful eyes revealed deep incredulity.

Even the master said so, the high priest must really be the evil person that the two people said.

This was a huge shock to Chu Huanxue.

Emperor Zhuque didn't care what Chu Huanxue thought at this time. When he heard what Ye Feng said, his face suddenly became excited and he said: "It seems that Mr. Ye is really the two mysterious and powerful people who made the high priest extremely angry that night. One of the thieves! This time I want to ask Mr. Ye to help me deal with the ambitious high priest!"

Ye Feng glanced at Emperor Suzaku in surprise, and then said with an inexplicable smile: "I was indeed one of the two people that night, but why did the emperor think that I, a weakling who could only escape under the wrath of the high priest, could compete with the great emperor? What about the priest confrontation?" In a small side hall next to the central hall, Ye Feng and Chu Huanxue met Emperor Suzaku.

At this time, Emperor Suzaku did not have the same confident smile on his face as he did in the hall just now.

What about priest confrontation?"

Chapter 355 Method

Emperor Suzaku looked at Ye Feng's half-smiling expression, and couldn't help but think carefully for a moment, and said: "The high priest was so angry some time ago, which means that she must have suffered a serious injury, or lost something very precious. Ye The young master can easily escape when the high priest is so angry, he must have the strength to fight against the high priest. "

When Ye Feng heard what Emperor Suzaku said, he couldn't help but shook his head and said: "I did make the high priest lose some precious things, but I did it with a friend of mine. I was alone against the high priest. It's not enough."

What Ye Feng said at this time was not a lie. He thought that when he and Uncle Scar escaped from the underground space below the nine-story pavilion, the extremely terrifying sealing power that surged out of the high priest's eyebrows was not a lie. I can fight it now.

Although Ye Feng devoured and refined thousands of holy stones during this period, he became much stronger than before.

But Ye Feng knew that he had not entered the true magical realm after all.

The sealing power in the eyebrows of the high priest before had obviously reached a high level of magical power.

"It's a pity that the Xiantian Tao Fei is in a semi-wasted state after fighting against the super strong man behind Long Zhetian, and can no longer exert its true magical power."

Ye Feng secretly sighed in his heart. If the innate Tao fetus had not been damaged in that battle, he would not have to fear the sealing power of the high priest at all.

So at this time, Ye Feng did not boast in front of Emperor Suzaku.

Emperor Zhuque couldn't help but frown deeply when he heard what Ye Feng said.

Because now his only hope is Ye Feng, who has fought against the high priest.

Now, nearly half of the ministers in the entire Suzaku Dynasty are secretly controlled by the high priest.

Therefore, the Emperor Suzaku

Very nervous.

Ye Feng looked at the emperor of the Suzaku Dynasty in front of him and said: "Actually, there is another way to fight against the high priest and solve the current huge crisis in the entire Suzaku royal family."

Emperor Suzaku's eyes immediately lit up and he said, "What can I do? Please give me some advice, Mr. Ye."

Ye Feng said: "Find a way for me to break through the last level and step into the true magical realm. Then I will have the power to resist, or even kill, the high priest, and completely eliminate this huge disaster for your Suzaku royal family!"

"Help Mr. Ye to step into the magical realm?"

Emperor Suzaku's eyes changed slightly and said: "Even if Mr. Ye is half-step to the realm of supernatural powers, it is very difficult to step into the real realm of supernatural powers. This step is like a chasm in the sky and requires opportunity. , understanding, state of mind, etc., all integrated together, can we finally break the shackles of the titled martial realm and finally step into the magical realm that is no longer a mortal."

Ye Feng glanced at the Suzaku Emperor in surprise. He didn't expect him to know so much about the magical realm.

Emperor Suzaku smiled and said: "There were many ancestors of our Suzaku Dynasty who broke through the realm of supernatural powers. Their experiences and understandings were all written down in books and passed down. I often read them. I am very interested in those realms. yearning."

Hearing this, Ye Feng nodded and said: "You don't have to worry about your experience, state of mind, opportunities, etc. I'm just asking you, are you willing to part with the cultivation resources in the Suzaku Dynasty's treasury? If you are willing, let me I entered the treasury of the Suzaku Dynasty. I practiced a kind of miraculous skill that can directly swallow heavenly materials and earthly treasures and heavenly and earthly elixirs, and strengthen my martial arts origin and internal strength. As long as there are sufficient training resources, I can do it in just a few days. Able to break through the shackles of the titled martial arts realm and step into the true magical power realm!"

"You want to enter the treasury of my Suzaku Dynasty?"

Emperor Suzaku's expression suddenly became a little uncertain. Emperor Suzaku looked at Ye Feng's half-smiling expression, and couldn't help but think carefully for a moment, and said: "The high priest was so angry some time ago, which means that she must have suffered a serious injury, or lost something very precious. Ye The young master can easily escape when the high priest is so angry, he must have the strength to fight against the high priest. "

When Ye Feng heard what Emperor Suzaku said, he couldn't help but shook his head and said: "I did make the high priest lose some precious things, but I did it with a friend of mine. I was alone against the high priest. It's not enough."

What Ye Feng said at this time was not a lie. He thought that when he and Uncle Scar escaped from the underground space below the nine-story pavilion, the extremely terrifying sealing power that surged out of the high priest's eyebrows was not a lie. I can fight against it now.

Although Ye Feng devoured and refined thousands of holy stones during this period, he became much stronger than before.

But Ye Feng knew that he had not entered the true magical realm after all.

The sealing power in the eyebrows of the high priest before had obviously reached a high level of magical power.

"It's a pity that the innate Tao fetus is in a semi-wasted state after fighting against the super strong man behind Long Zhetian, and can no longer exert its true power in the supernatural realm." ??

Ye Feng secretly sighed in his heart. If the innate Tao fetus had not been damaged in that battle, he would not have to fear the sealing power of the high priest at all.

So at this time, Ye Feng did not boast in front of Emperor Suzaku.

Emperor Zhuque couldn't help but frown deeply when he heard what Ye Feng said.

Because now his only hope is Ye Feng, who has fought against the high priest.

Now, nearly half of the ministers in the entire Suzaku Dynasty are secretly controlled by the high priest.

Therefore, the Emperor Suzaku

Very nervous.

Ye Feng looked at the emperor of the Suzaku Dynasty in front of him and said: "Actually, there is another way to fight against the high priest and solve the current huge crisis in the entire Suzaku royal family."

Emperor Suzaku's eyes immediately lit up and he said, "What can I do? Please give me some advice, Mr. Ye."

Ye Feng said: "Find a way for me to break through the last level and step into the true magical realm. Then I will have the power to resist, even kill, the high priest, and completely eliminate this huge disaster for your Suzaku royal family!"

"Help Mr. Ye to step into the magical realm?"

Emperor Suzaku's eyes changed slightly and said: "Even if Mr. Ye is half-step to the realm of supernatural powers, it is very difficult to step into the real realm of supernatural powers. This step is like a chasm in the sky and requires opportunity. , understanding, state of mind, etc., all integrated together, can we finally break the shackles of the titled martial realm and finally step into the magical realm that is no longer a mortal."

Ye Feng glanced at the Suzaku Emperor in surprise. He didn't expect him to know so much about the level of the supernatural realm.

Emperor Suzaku smiled and said: "There were many ancestors of our Suzaku Dynasty who broke through the realm of supernatural powers. Their experiences and understandings were all written down in books and passed down. I often read them. I am very interested in those realms. longing for."

Hearing this, Ye Feng nodded and said: "You don't have to worry about your experience, state of mind, opportunities, etc. I'm just asking you, are you willing to part with the cultivation resources in the Suzaku Dynasty's treasury? If you are willing, let me I entered the treasury of the Suzaku Dynasty. I practiced a kind of miraculous skill that can directly swallow heavenly materials and earthly treasures and heavenly and earthly elixirs, and strengthen my martial arts origin and internal

strength. As long as there are sufficient training resources, I can do it in just a few days. Able to break through the shackles of the titled martial arts realm and step into the true magical power realm!"

"You want to enter the treasury of my Suzaku Dynasty?"

Emperor Suzaku's expression suddenly became a little uncertain.

Treasury.

That is the foundation of a country.

It's not child's play.

So when Ye Feng said that he wanted to enter the treasury of the Suzaku Dynasty, the Suzaku Emperor immediately hesitated.

At this time, Ye Feng glanced at Chu Huanxue who seemed to be in a daze beside him.

He suddenly leaned into Emperor Suzaku's ear and whispered: "The high priest has some connections with evil tribes outside the territory."

"What?!"

Emperor Suzaku was immediately shocked.

He stared at Ye Feng, knowing that Ye Feng would definitely not lie about this kind of thing.

At this time, Emperor Suzaku was also a little stunned.

The high priest of their Suzaku Dynasty had the title and power conferred by the late emperor.

Emperor Suzaku, who was still a young man at that time, was very puzzled as to why the wise and mighty late emperor suddenly made a strange woman the high priest against all the objections.

But now Emperor Suzaku suddenly recalled the scene from that year. At that time, the late emperor was too old and decayed. His words were very strange and he seemed to have lost his mind.

"Isn't it possible that the late emperor had been controlled by the high priest through some evil means at that time?"

Emperor Suzaku figured out that the high priest actually had collusion with evil tribes outside the territory, so he had to get rid of it, otherwise the entire Suzaku Dynasty would be destroyed.

Emperor Suzaku knew that he had no ability to oppose the high priest on his own.

Emperor Suzaku nodded, looked at Ye Feng, and said solemnly: "Okay, I promise you, let you enter the treasury of our Suzaku Dynasty that has been dusty for hundreds of years, but after you become a master of cultivation, you must get rid of that weird and mysterious person for our Suzaku Royal Family. The vicious woman."

Ye Feng's eyes suddenly lit up when he heard Emperor Suzaku say this.

He said that he asked the Suzaku Dynasty to help him break through to the true magical realm, but in fact it was just talk.

br\u003e After all, the treasury of a super dynasty is a place filled with countless treasures and wealth, and it is impossible to open it to the outside world.

But now, I didn't expect that Emperor Suzaku actually agreed to his request.

This was something Ye Feng didn't expect.

"Ah? Your Majesty, do you want Master to enter the treasury of the Suzaku Dynasty?"

At this time, Chu Huanxue suddenly exclaimed, as if she had just woken up from a daze.

Emperor Suzaku looked at Chu Huanxue, laughed, and said: "Yes, your master is worthy of me."

Chu Huanxue's eyes immediately became a little excited and said, "Thank you so much, Your Majesty!"

Ye Feng becomes stronger, which is what Chu Huanxue hopes to see, because during this time, the girl knows that her master has paid a lot for her.

So if Ye Feng can really break through to the real magical realm with the help of the Suzaku Dynasty, this is what Chu Huanxue hopes to see.

Emperor Suzaku stared at Chu Huanxue and said, "Girl Huanxue, actually I don't know whether I should tell you that your father was killed by a scheme set up by the high priest."

"Really?"

Chu Huanxue's eyes suddenly showed a deep cold look, and said: "I know, the high priest is no longer my idol, but my enemy!"

"very good."

Emperor Suzaku smiled and said: "You perform well in this royal competition. If you can enter the top three, I will not only return the previous title of prince to you, but also specially appoint you as the new generation of imperial goddess of our Suzaku Dynasty." !"

"Thank you, Your Majesty!"

Chu Huanxue's eyes immediately showed excitement.

The Goddess of Imperial Power represents the face of the entire Suzaku Dynasty. She has a high status. Mainly, the Goddess of Imperial Power will have the opportunity to control the entire Suzaku Dynasty in the future.

This is what Chu Huanxue values most, because in her little heart, she has a big dream because of Master Ye Feng. Treasury.

Chapter 357 The Dark King

In the area outside the treasury of the Suzaku Dynasty.

At this time, groups of Imperial Guards wearing black armor, full of murderous aura, holding cold war weapons, there were hundreds of them, standing on the ground.

In the treasury inside, Ye Feng followed Emperor Suzaku into it.

The treasury of the top ten super dynasties like the Suzaku Dynasty is extremely huge, and the space inside can easily accommodate a barren mountain.

Emperor Suzaku looked at the various wealth piled around him, including soldiers, armors, elixirs, heavenly materials and earthly treasures, as well as many ancient books, techniques, inheritances, etc. that had been handed down from ancient times.

He closed his eyes slightly, seemed a little intoxicated, and said: "This is the wealth that our entire Suzaku Dynasty has accumulated for thousands of years. Although it is not as good as those overlords in the Southern Territory, the wealth of our Suzaku Dynasty, Not much weaker than any sect or ancient family under the overlord's influence!"

Emperor Suzaku said, his tone finally revealing the ambition and tyranny of a super dynasty ruler, as well as the arrogance of an emperor.

But Ye Feng has no time to deal with the narcissistic Emperor Suzaku now.

He quickly walked to the center of the treasury and sat down cross-legged.

Obviously, for Ye Feng, the most important thing for him now is not to listen to the emperor's nonsense, but to quickly use the countless treasures in the treasury to devour enough energy to strengthen his cultivation and finally break through the title martial realm. With no shackles, he rushed into the realm of supernatural power in one fell swoop!

Now Ye Feng, most of the true energy in his body has been converted into real mana.

So what he lacks now is the accumulation of strength.

"boom!"

At this moment, Ye Feng did not hesitate and directly activated the Divine Art of Creation.

Boom!

The Divine Art of Creation is like Ye Feng's core engine, creating unparalleled power for him.

At this moment, dark and deep swallowing whirlpools appeared around Ye Feng.

Now, with the improvement of his cultivation level, Ye Feng can release thousands of swallowing vortexes at once.

This is a very shocking scene.

Ye Feng was alone, cross-legged on the ground, and in the void around him, thousands of dark swallowing whirlpools surrounded him, making him look like an unfathomable dark king, giving people a very frightening and terrifying feeling.

"What a weird boy."

Emperor Suzaku looked at the strange and even magnificent scene in front of him, and was immediately secretly shocked.

At this time, Emperor Suzaku felt even more frightened because the power in his body was rapidly passing away at this moment.

He couldn't control this flow at all. Although Ye Feng didn't target him, those thousands of swallowing vortices also caused a huge fearful swallowing field in the entire treasury space.

Emperor Suzaku was so frightened that he ran out immediately, not daring to stay another second.

After leaving the treasury, Emperor Suzaku still felt a little distressed. After all, he knew very well that Ye Feng would swallow up many years of accumulation of their Suzaku Dynasty.

But now there is no other way.

Emperor Suzaku walked out of the treasury and said to the dozens of black-armored guards outside: "Guard this place well and don't let anyone in. Mr. Ye needs a quiet environment inside."

"Yes, Your Majesty!"

Hundreds of black-armored guards immediately knelt down on one knee, clasping their fists and making noises.

"Um."

Emperor Suzaku nodded and walked outside. Today was the day of the royal competition. He wanted to see if Chu Huanxue could stand out, as well as other young geniuses. If he could stand out, Emperor Suzaku was ready to reuse him. We must accumulate strength for the Suzaku Dynasty's future hegemony. In the area outside the treasury of the Suzaku Dynasty.

Chapter 358 The fourth stage

In the huge treasury of the Suzaku Dynasty, Ye Feng was sitting in it, quickly devouring countless heavenly materials, earthly treasures and rare elixirs around him.

Since Emperor Suzaku has promised to help him break through to the true realm of magical power, you're welcome.

At this moment, Ye Feng was running the Divine Art of Creation crazily, and the thousands of black swallowing vortexes around him were rapidly absorbing the power of the medicine.

Visible to the naked eye, the elixirs, elixirs, etc. that exude a faint spiritual light in the treasury are all rapidly losing their luster, and then withering and turning into ashes.

All the energy contained in them was plundered by Ye Feng and became the nourishment for Ye Feng's cultivation.

At this moment, Ye Feng's cultivation power was soaring at an incredible speed.

The true energy in his body is rapidly converting into mana.

Time is like quicksand, and days and nights have passed in the blink of an eye.

At this time, at a certain moment, Ye Feng's closed eyes suddenly opened.

He immediately stood up, an unparalleled sense of strength and martial arts aura washed over him.

At this moment, Ye Feng felt that the power in his body was inexhaustible.

It's like the meridians of his body contain running rivers, providing him with a steady stream of power and strength!

"Is this the magical realm?"

Ye Feng couldn't help but murmur.

That's right!

After devouring and refining for days and nights, he was supported by countless elixirs in the Suzaku Dynasty's treasury. Under the extremely huge accumulation of medicinal power, Ye Feng finally successfully entered the magical realm!

At this moment, he has finally reached the level of a great monk!

Now Ye Feng, the surging power in his body is 100% mana, which provides Ye Feng with unparalleled power.

Sad about this

At this time, he said in his mind: "The magical power realm is divided into nine heavens. Although Ye Feng is only on the first level of the magical power realm now, I estimate that your combat power is comparable to the ordinary third level of the magical power realm, or even the third level of the magical power realm." The existence of the Fourth Heaven, if you perform well in this Hundred Dynasties War, you may be able to achieve the top three in the Hundred Dynasties War and get the great luck envelope reward in the Hundred Dynasties War! "

Ye Feng nodded and said: "Now that I have entered the magical realm, I am not as confident as before in the Hundred Dynasties War."

Ye Feng clenched his fists at this moment and stepped into the two magical realms. He knew very well how powerful and boiling combat power he now had.

I don't know how many times stronger I am now than before.

It has to be said that the realm of supernatural powers is indeed the separation between immortals and mortals. After achieving the realm of supernatural powers, living beings are no longer ordinary creatures, but have become existences at a greater level of life.

Now Ye Feng has a deep understanding that if he had stood in front of him at the half-step level of supernatural power before, he would be able to crush him to death with one hand now.

Buzz!

But at this moment, behind Ye Feng, the void suddenly trembled, and a chaotic-like power light appeared.

The moment this chaotic power light group appeared, Ye Feng immediately felt that his soul power was being rapidly absorbed by the chaotic power light group.

My soul is being consumed rapidly and will almost be exhausted soon!

"This chaotic power light group is my fourth awakened natural talent!"

At this time, Ye Feng suddenly received a message about the Divine Secret of Creation in his mind.

The moment he unexpectedly broke through to the realm of supernatural power, the Divine Art of Creation also evolved and entered the fourth stage of the Divine Art of Creation.

However, it was a bizarre awakening of a ball of chaotic power that was frantically consuming his soul power.

"My fourth natural talent, what on earth is this?"

Ye Feng, whose soul was almost exhausted, suddenly changed his expression. In the huge treasury of the Suzaku Dynasty, Ye Feng was sitting in it, quickly devouring countless heavenly materials, earthly treasures and rare elixirs around him.

Chapter 359 Crystal Mirror

The rapid consumption and withering of his soul made Ye Feng's heart suddenly sink.

It turns out that the Divine Art of Creation has evolved again and entered the fourth stage. It is a great joy to awaken the fourth natal talent.

But what Ye Feng never expected was that the unknown chaotic power light group that he awakened as his fourth natal talent was rapidly absorbing his soul power.

Shang said in his mind at this time: "Perhaps this group of power can only fully awaken to its original form after absorbing enough of your soul power."

"But I really don't know how much soul power this chaotic power light group will absorb!"

Ye Feng gritted his teeth and spoke. At this time, he could clearly feel that his soul power was about to be completely exhausted.

Ye Feng's soul power is not very strong. He has just broken through to the tenth level of soul power, so it can only be considered very weak.

But now, the chaotic power light group is like an evil beast, frantically consuming the soul power in the body.

"Take out the crystal scepter that contains the power of faith!"

Shang suddenly thought of something and said immediately.

"Crystal scepter?"

Ye Feng's eyes lit up: "That's right! Since the power of faith in the crystal scepter can cleanse my soul and strengthen my soul power, it should be able to provide sufficient energy for this chaotic power light group."

At this moment, Ye Feng immediately took out the crystal scepter.

Buzz!

Shang's guess was correct. The moment the crystal scepter came close to the chaotic power, it was directly absorbed into it.

What made Ye Feng immediately relax was that the damn chaotic power light group finally stopped absorbing soul power from his master.

boom

!

At this time, the chaotic power light group was frantically plundering the power of faith in the crystal scepter.

Click, click, click!

In the end, what made Ye Feng and Shang a little confused was that the chaotic power light group actually began to melt the crystal scepter and merged with the crystal scepter. The crystal scepter turned into liquid crystal, and then slowly condensed and formed into I got a crystal mirror that I don't know what it is used for!

"Why did it become a crystal mirror?"

Ye Feng was a little dumbfounded.

But at this time, what Ye Feng wanted to test most was his evolved combat body!

Buzz!

At this moment, Ye Feng activated the Divine Art of Creation. After entering the fourth stage, Ye Feng's body, skin, flesh and bones, hair and pupils all suddenly turned into a color like crystal glass, and his whole person looked like Made of crystal glass, it is full of a perfect feeling!

"In the fourth stage of the Divine Art of Creation, the golden battle body transforms into a glazed battle body!"

Ye Feng's eyes were shocked. He punched out and felt that the power of his body had increased exponentially. It was as if he could crush mountains and destroy rivers!

At this time, Shang was looking at the condensed crystal mirror in front of him through Ye Feng's eyebrows.

There was a look of uncertainty in the eyes of the old demon dragon, and he couldn't help but said: "Ye Feng, try this crystal mirror. I always feel that this crystal mirror is very extraordinary. It seems to have a charm of time in it. flow."

"The charm of time?"

Ye Feng's eyes suddenly moved and he said: "Shang, what you mean is that the fourth natal gift of chaos power that I awakened, after merging with the crystal scepter, mutated into a side that is related to the most mysterious time secret in the world. Chapter 360 The end of the long river of time

Time is one of the most mysterious and supreme laws in the universe.

Time is the emperor and space is the king.

This is an old saying that has been passed down since ancient times, which is enough to illustrate the power of time and its incomparable supremacy.

Now Shang actually said that his fourth natal talent after mutation was related to time.

Ye Feng's heart suddenly became filled with excitement and anticipation.

"Okay, let me try what this crystal mirror does." .???.??

Ye Feng was eager to give it a try and directly injected a trace of mana into the crystal mirror.

But the crystal mirror showed no reaction at all.

Shang spoke up: "The chaotic power just now absorbed your soul power crazily. This crystal mirror should be related to your soul. You can try it with your soul power."

"good."

Ye Feng nodded. He quickly released a trace of soul power and touched the crystal mirror behind him.

Buzz!

Almost at this moment, Ye Feng saw that the crystal mirror started to tremble quickly.

Wow!

Then a ray of light like a long river of time burst out of the crystal mirror.

At the end of the long river of time, a tall and majestic figure was standing.

The tall figure exuded a vast aura that suppressed the heavens.

It gives people the feeling that he is like a god in the ancient times. He is aloof and possesses boundless power. With a thought, the mountains and rivers are shattered, and with a rage, the whole world is destroyed.

"What a scary and ancient smell!"

Even though Ye Feng had entered the magical realm at this time, the tall figure standing at the end of the long river of time brought unparalleled pressure to him, and he could not resist at all.

Buzz!

And suddenly at this moment, the figure standing at the end of the long river of time suddenly turned around.

"This is!"

What shocked Ye Feng was that the majestic figure like an ancient god actually looked exactly like him.

It's just that the face of that figure looks better than myself now

He is much more mature, and his aura is as heavy and vast as the ancient times.

The feeling that gave Ye Feng was like... seeing his future self!

"Is this crystal mirror really connected to time? It can actually allow me to see my future self, even my future self, as if it really exists!"

Ye Feng felt endless shock in his heart.

This power of time involving fate and the future is really unpredictable.

But at this time, Ye Feng suddenly felt that a lot of his soul power had been consumed.

His connection with the crystal mirror was suddenly severed.

And the future self standing at the end of the long river of time also disappeared all of a sudden.

Shang clicked his tongue and said, "Boy Ye Feng, the talent you have awakened this time is really amazing!"

Even Shang, the eternal ancient demon dragon, was shocked.

A person actually saw his future self at the end of the long river of time.

This is simply unimaginable and incredible!

"Buzz!"

Ye Feng restrained the crystal mirror and decided to study it carefully after his soul power became stronger in the future.

Because just now, I and my future self were standing at opposite ends of the long river of time, looking at each other. The feeling was really weird.

"Boom!"

Suddenly at this moment, an extremely terrifying roar came from the distance.

It was like two thousand-foot mountains colliding together, the mountains and rivers shook, and the earth shattered.

Even Ye Feng in the treasury heard it clearly.

"No! The high priest must have done it! Otherwise, it would be impossible to produce such a powerful energy wave!"

Ye Feng's eyes changed slightly. He was indeed delayed for many days while practicing in the treasury.

boom!

Thinking of this, Ye Feng's whole body suddenly bloomed with thousands of divine lights. He was like a new-born young divine king, instantly rushing out of the treasury, straight into the sky, and rushing towards the royal competition.

The hundreds of black armored guards guarding outside the treasury were all shocked when they saw this scene. Time is one of the most mysterious and supreme laws in the universe.

Time is the emperor and space is the king.

This is an old saying that has been passed down since ancient times, which is enough to illustrate the power of time and its incomparable supremacy.
