

## Ancient 3511

### Chapter 3511 Advanced Energy

At this time, Ye Feng saw that everyone was rushing down. Naturally, he did not hesitate at all. Without wasting time, he instantly landed from mid-air into the underground space of the ruins of the Demon Realm.

For Ye Feng, the Nine Heavens Immortal World Map he just saw was indeed an extremely terrifying magic weapon.

Besides being an extremely powerful magic weapon, the most important thing is that the Nine Heavens Immortal World Map contains a small world, which is said to contain countless wealth resources of the Hua Shen Sect founded by the ancient great power Hua Xian.

This is what attracts Ye Feng the most.

Because Ye Feng knew that his next practice would require a huge amount of energy to maintain his rapid breakthrough in cultivation.

Therefore, if we can obtain countless wealth resources from an ancient power, it means that we can maintain the resources needed for Ye Feng's cultivation for a long period of time, allowing Ye Feng's cultivation to accumulate to an extremely terrifying level.

Buzz!

When Ye Feng entered the underground space of the Demon Realm ruins, it was like entering a small world.

Black energy was surging everywhere around him, as if he had entered a real demonic world.

In the surrounding darkness, from time to time, a demon race with black scales all over its body rushed towards Ye Feng.

Obviously, there are many dark races in the Demon Realm surviving in this ruins of the Demon Realm.

These demons are even more evil, darker, and more ferocious than the dark demons.

There are still many different types of demons in the Demon Realm.

Swish, swish, swish!

At this moment, several scaly demons with two wings on their backs rushed towards Ye Feng.

They held a pitch black steel fork in their hands, which shone with black light and looked very evil.

"This is the Yaksha clan among demons."

Ye Feng immediately recognized this race at this time. It was a very ancient and evil demon.

However, the cultivation level of the Yaksha clan is not very strong. At this time, Ye Feng flicked his fingers, and two golden lights burst out from his fingers, crushing the two demon Yakshas that rushed over in an instant.

Buzz!

At this time, Ye Feng opened his mouth and swallowed casually, directly swallowing the blood and energy of the Yaksha clan who rushed over.

At the next moment, a quite powerful energy was injected into Ye Feng's dantian, which immediately improved Ye Feng's skills a lot.

At this time, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, the cultivation level of these Yaksha clan was not very powerful, but their blood energy was quite abundant, which increased their skills a lot.

"These Yaksha clan, including the demons in the entire ancient ruins, all come from the higher level fourth realm above the snowy realm, the demon realm, so their blood energy is naturally very advanced. After you swallow it, you will naturally It can improve your skills a lot."

Emperor Chu spoke up in Ye Feng's mind at this time, and seemed to know quite a bit about the Demon Realm.

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly.

The coming of Emperor Chu

Ye Feng didn't know about the calendar, it was very mysterious anyway.

At this time, Ye Feng couldn't help but asked: "Emperor Chu, how much of your memory fragments have been restored? Do you know your true identity?"

Emperor Chu shook his head in Ye Feng's mind, sighed, and said aloud: "My memory fragments have awakened a lot recently, letting me know a lot of secrets about the entire world, but about my true origin, And my true identity, I still can't find it from my memory fragments, maybe the memory fragments about my true identity have not been recovered and awakened."

When Ye Feng heard what Emperor Chu said, he nodded slightly. Then Ye Feng seemed to have thought of something and couldn't help but asked: "By the way, Emperor Chu, I have always wanted to know your real name before, but every time I was interrupted every time. What on earth did you call Chu?"

Emperor Chu spoke slowly: "My real name is Chu Chang... Ye Feng, be careful!"

But before Emperor Chu could finish the last word, Emperor Chu immediately noticed something and screamed in his mind to remind Ye Feng.

Boom!

And the moment Emperor Chu's words fell, Ye Feng used the space gem and suddenly moved away from the place.

Where Ye Feng was just now, he grabbed an extremely black claw from the void.

There are also extremely sharp metal-like barbs growing on this sharp claw, which looks very ferocious.

"It's a demon with void attributes! Otherwise, it would be impossible to escape my soul induction!"

Ye Feng's eyes showed surprise at this time. He looked towards the spot and immediately discovered a tall demon in human form appearing in the void.

This tall demon has two dark claws with barbs on them, which actually shine with the light of space attributes.

In addition, there are two void-like wings on the back of this tall demon, giving this tall demon unparalleled space attribute power.

"This is the Void Demon! It is a very rare demon clan with space attributes. It seems that this ancient ruins is indeed extraordinary. There are so many different kinds of demons from the Demon Realm, and they are all extremely ancient demon races. , it seems that this is a good place, maybe you can get a huge improvement, Ye Feng."

Emperor Chu said aloud in Ye Feng's mind at this time.

Ye Feng nodded slightly and looked at the void demon with wings growing on his back, with a hint of fear in his eyes.

This void demon was able to evade his own senses and attack him instantly from the void. If Emperor Chu hadn't reminded him, his body might have been pierced by the claws of this void demon.

Although he couldn't die, he was still seriously injured.

And, it definitely hurts!

And just when Ye Feng was staring at the void demon, this tall demon in human form stared at Ye Feng with a pair of pitch black eyes.

The face covered with black scales showed a ferocious smile, and said aloud: "I didn't expect that a small human race

Young man, you were able to escape my void sneak attack. It seems that you are very extraordinary. You must have a space magic weapon on your body. At that moment just now, I sensed a very strong space transfer aura on your body. It seems that I I have found the right person. You are my best prey. If I kill you, the space attribute magic weapon on your body will definitely make my void life source undergo a huge evolution! "

This tall demon is a void attribute demon, so he is very interested in any void attribute treasure, which can greatly enhance his power.

Ye Feng's eyes were very calm at this moment. He stared at the void demon and said loudly: "You are not actually strong. The only thing you are good at is this kind of void sneak attack. Therefore, I am not a prey. But a hunter!"

boom!

After Ye Feng finished speaking, he rushed towards the void demon.

This void demon showed a sarcastic smile in his eyes, and said loudly: "A weak human race, with your weak body, dare to compete with my demon body? This is simply impossible! I Its sharp claws can easily tear a weak body like yours in half!"

"Claws of the Void!"

At this moment, this void demon suddenly burst out with terrifying power.

His pitch-black claws were actually attached with the power of space cutting. Each claw was like a crack in space, as if it could tear Ye Feng's body into countless pieces in an instant.

But at this moment, Ye Feng directly inspired the powerful power of Hongmeng's immortal body.

You know, Ye Feng's current Hongmeng Immortal Body has been transformed and upgraded to the second level of Dacheng state.

So at this time, Ye Feng directly used the second level talent of Hongmeng Immortal Body, Hongmeng True Body, bursting out with unparalleled power.

"boom!"

I saw Ye Feng immediately turned into a little purple giant, several thousand meters tall, and punched out fiercely.

Boom!

Ye Feng's fist was filled with terrifying power.

The void demon's space-crack-like claws were unable to cut and shatter Ye Feng's fist.

On the contrary, Ye Feng's big purple fist was like the ancient sacred mountain between heaven and earth, full of unparalleled power and solid attributes, and it instantly shattered the dark claws of this void demon.

"How can this be?"

Seeing this scene, the void demon immediately showed deep horror in his eyes.

Its claws were smashed to pieces by Ye Feng's purple fist!

It's simply devastating!

Ye Feng smiled coldly and said: "I have already shocked you to this extent before I even used any means. It seems that what I said is right. I am not a prey, but a hunter."

Boom!

After saying that, Ye Feng directly used the space gem to flash in front of the void demon. His purple fist was like an ancient sacred mountain, and he slammed out, smashing the void demon into pieces in an instant.

Killed.

"Swallow!"

Ye Feng released the devouring domain and directly devoured the void demon.

The strength of this void demon is still very good, and it is also a very rare void attribute demon, so the energy contained in his body is void energy.

This is a very advanced energy!

So after Ye Feng swallowed it, a new and powerful cultivation aura suddenly burst out from his body.

At this moment, Ye Feng's cultivation level directly broke through from the tenth level of the Dao Palace Realm to the half-step Tianyuan Realm above the Dao Palace Realm!

Buzz!

At this time, Ye Feng clenched his fists and felt that his whole body was filled with huge power.

Every time Ye Feng breaks through, even if he only breaks through a short level, it will increase Ye Feng's power unparalleled.

At this time, Ye Feng had broken through to the half-step Tianyuan realm, and there was still a trace of surprise in his eyes.

Because he didn't expect that in just a short moment, he would swallow several demons with ordinary combat power levels and break through to the next level.

Originally, Ye Feng had no idea at all to compete with many powerful men to snatch the Nine Heavens Immortal Realm map of the ancient immortal painter.

Because both the dark demons who came here and the super strong men who came from the major forces in the snowy region were very powerful. They were several realms higher than me now. It was impossible to fight against them to snatch the Painting Immortal. super magic weapon.

But now there are so many different types of high-level demons from the real demonic realm in this ancient ruins, which can greatly increase and transform their skills.

This made Ye Feng suddenly see hope.

If I can continuously kill all kinds of powerful demons in these ancient ruins first, so that my cultivation strength can be greatly improved, maybe I can eventually compete with those super strong people for the ancient power of Painting Immortal. The remaining map of the Nine Heavens Immortal Realm.

As soon as he thought of this, Ye Feng immediately said aloud in his mind: "Emperor Chu, next you inspire the most powerful perception among the soul gems and help me find the demon suitable for me to kill now. Don't look for one that is too powerful. , otherwise I might be in danger."

Emperor Chu said aloud in his mind: "Okay, I understand."

The demons living in this ancient ruins are of various demon races, but the energy contained in their bodies is very high-level, which can bring a huge improvement to Ye Feng's skills.

Because if it is an ordinary race, it is similar to Ye Feng's cultivation level, and basically has no effect on Ye Feng's skill at all.

But these demons are different.

Because they are creatures from a higher realm, even if they are similar to Ye Feng's cultivation level, they can bring huge supplements to Ye Feng's skills.

"Whether I can compete with those big shots for the final painting of the Nine Heavens Immortal Realm depends on whether I can kill enough demons in a short period of time, so that my skills and cultivation will undergo a huge transformation."

At this time, Ye Feng was murmuring secretly in his heart while he and Emperor Chu were looking for a suitable demon to kill.

Chapter 3512 Golden Six-Eyed Giant

Swish, swish, swish!

Swish, swish, swish!

At this time, Ye Feng was flying quickly throughout the underground space of the ancient ruins alone.

Although there are many powerful and evil demons living in this ancient ruins, Ye Feng is not too afraid.

After all, he has the powerful perception of Emperor Chu and the Soul Gem, and can predict the approach of dangerous creatures in advance. .??.

In addition, Ye Feng also has the Gate of Heaven that he plundered before, a super magic weapon that can specifically restrain dark creatures.

Therefore, even if Ye Feng is unlucky and encounters some extremely terrifying ancient demons, he should be able to escape even if he cannot defeat them.

As for some ordinary powerful demons, they simply cannot fight against Ye Feng and are basically crushed by Ye Feng.

Therefore, with the cooperation of Emperor Chu and Ye Feng, many demons with similar or higher cultivation levels than Ye Feng were basically killed by Ye Feng.

And Ye Feng's advanced energy cultivation level after devouring so many demons has also broken through from the half-step Tianyuan realm to the real first level of Tianyuan realm!

Successfully crossed the threshold of an entire realm!

At this time, Ye Feng's whole body was filled with bright divine light, like a young god, floating in a space filled with demons, looking very sacred.

"Young human race! How did you do it? You were able to specifically select a clan of demons who are about the same level of cultivation as you!"

Suddenly at this moment, a voice full of majesty suddenly sounded.

Almost the next moment.

Buzz!

A demonic giant with six golden eyes, boundless and majestic, filled with a vast and endless dark evil aura, appeared directly in front of Ye Feng.

This visually shocking demonic giant almost filled the entire world space directly in front of Ye Feng, filling it with an ultimate sense of oppression.

"What a terrifying smell!"

At this moment, Ye Feng's eyes suddenly showed a look of deep fear.

"This is an extremely rare golden six-eyed giant! It is a very ancient race among the demon clan. There are only a few members of the clan, but each one is extremely terrifying, and its strength is comparable to the ancient powers."

Emperor Chu's voice spoke in Ye Feng's mind: "Ye Feng, you'd better run quickly. Although this golden six-eyed giant seems to be in its infancy, its current cultivation strength is not something you can fight against. It's very terrifying. "

"You call this infancy?"

Ye Feng looked at the majestic golden six-eyed giant in front of him that towered over the entire world, and the corner of his mouth suddenly twitched.

Uh-huh!

At this moment, Ye Feng immediately activated the power of the space gem, opened up a space wormhole, and quickly rushed in a certain direction in the distance.

Because Ye Feng believed in what Emperor Chu said.

Moreover, Ye Feng himself can sense the demonic energy emanating from this golden six-eyed giant.

It is simply endless, like an ancient demon god coming, so it is not something that I can fight now.

At this time, Ye Feng didn't care much at all, and wisely opened a space wormhole to escape.

Buzz!

But at this moment, the golden six-eyed giant stretched out a huge black palm, covering ten thousand meters, directly covering the space wormhole opened by Ye Feng, and then bombarded it fiercely. Come down.

"Boom!!"

With terrifying towering power, like a flash flood, this big black hand, like the palm of a demon, actually shattered the space wormhole opened by Ye Feng.

Boom!

Then Ye Feng was knocked out of the broken space wormhole by a huge force, and fell to the ground with a "bang", looking a little disgraced.

Fortunately, Ye Feng's Hongmeng Immortal Body makes Ye Feng's body very strong. Otherwise, ordinary Tianyuan realm practitioners would be smashed to pieces and turned into ashes under the palm of this terrifying golden six-eyed giant. .

"hateful!"

There was a gloomy look in Ye Feng's eyes at this time, because he never thought that while he was hunting ordinary demons here, he would actually provoke an ancient demon clan like the Golden Six-Eyed Giant. The strength of the demons was really terrifying. Powerful.

Fortunately, Ye Feng's Hongmeng Immortal Body was very strong. It withstood the attack of this golden six-eyed giant and was not directly broken. It only caused Ye Feng to suffer some internal injuries.

Uh-huh!

Ye Feng didn't hesitate at all at this time. He got up from the ground and continued to escape quickly in a certain direction.

"Golden Demon Prison!"

Suddenly at this moment, the towering golden six-eyed giant suddenly released golden beams of light from its six huge golden eyes.

These golden beams actually formed a huge golden prison, shrouding Ye Feng's entire body.

At this moment, Ye Feng could not escape from this golden prison even if he used the space gem, which made Ye Feng's eyes even lower.

Emperor Chu spoke in Ye Feng's mind: "This is the special racial talent of the golden six-eyed giant. This golden beam is not an ordinary beam, but a beam that contains the power of space, and this kind of The power of space is very advanced, much more powerful than the ordinary void demon you encountered before. Your development of space gems has not yet reached a complete level, and there is a real gap in strength between you and this golden six-eyed giant. It's too big, so you can't escape from his golden beam prison."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly darkened, and he couldn't help but ask in his mind: "Then what should I do now? Should I just surrender?"

Emperor Chu said: "To capture him without mercy will only lead to death."

Tiao, just when you escaped, I found out the weakness of this golden six-eyed giant from some ancient memory fragments that I awakened. "

Ye Feng's eyes moved and he quickly asked: "What is the weakness of this terrible creature?"

Emperor Chu said slowly: "Soul."

Ye Feng's eyes lit up and he said: "Soul?"

"Um."

Emperor Chu continued: "Although this kind of golden six-eyed giant is majestic and majestic, like an ancient mountain, it is indestructible and cannot be shaken, but in fact, the soul power of this golden six-eyed giant is very weak, and you must know that this golden six-eyed giant The six-eyed giant is only an infant in their race, so their souls are even weaker. So as long as Ye Feng can find a way to get close to the head of this golden six-eyed giant, I can activate the power of the soul gem to turn this golden six-eyed giant The giant's soul was severely damaged, and the very evil mirror you got before Ye Feng, called the Dementor Mirror, can now be used directly. Dementors can be summoned from it to interfere with the attack of this golden six-eyed giant and assist you. Approach the head area of this golden six-eyed giant, because only if you approach its head area can I severely damage its soul in an instant, but you must be careful, because the face of the golden six-eyed giant has six golden Huge eyes possess mysterious power and may be extremely dangerous."

"Okay, I have to give it a try no matter what, because now there is no way out, I can only choose to fight with my last resort."

Uh-huh!

At this moment, Ye Feng turned around and looked at the towering demonic figure in front of him. He no longer ran away, but rushed directly in the direction of the golden six-eyed giant.

"Um?"

At this moment, he saw that Ye Feng, a weak human race, did not run away, but chose to rush towards him.

The golden six-eyed giant immediately showed a deep sarcastic smile on his face, and said loudly: "Humble human youth, in my eyes, you are not courageous, but you are here to die."

boom! !

At this moment, the golden six-eyed giant once again stretched out two majestic 10,000-meter-long hands and bombarded Ye Feng.

At this time, Ye Feng also figured out the fighting method of this golden six-eyed giant, which was to use its racial talent to release a golden beam prison to imprison the opponent, and then use its extremely powerful body to crush the opponent. pressure.

Space gem!

But at this time, Ye Feng frantically moved the space gem to avoid the attack of the golden six-eyed giant, and then directly released the soul-absorbing magic mirror he had obtained before.

Wow!

Almost at that moment, the dark and terrifying Dementors, extremely strange, rushed out of the Dementor Mirror and swarmed towards the head of the golden six-eyed giant.

"What the hell is this?!"

At this moment, the golden six-eyed giant seemed to be aware of the threat, and immediately screamed, trying to crush the dementors to death.

Ye Feng took advantage of this gap and teleported directly to the head area of the golden six-eyed giant, and then shouted: "Emperor Chu, help me!"

boom! !

Almost at the next moment, a crimson laser rushed out from the center of Ye Feng's eyebrows, filled with the incomparable dominating power of the Soul Gem. It suddenly struck in front of the golden six-eyed giant and penetrated instantly. He shot out his six golden eyes and attacked the soul of this golden six-eyed giant.

"ah!!"

At this moment, the golden six-eyed giant screamed in agony. It was obvious that his soul had suffered huge damage at this moment.

At this time, black blood even flowed out of the six eyes of the golden six-eyed giant.

At this moment, Ye Feng directly fired his ultimate move without any hesitation.

"Heaven's Gate!"

Buzz!

A portal filled with endless sacredness appeared in the void behind Ye Feng.

At this moment, the Gate of Heaven immediately released boundless bright white divine light, directly dispelling all darkness and shining on the majestic and boundless golden six-eyed giant.

"Chi, chi, chi..."

At this moment, the pure power of light shone on the golden six-eyed giant, and immediately the scales on the demon giant began to corrode rapidly.

"Ah!! Damn human boy, I'm going to crush you to death!!"

The extremely painful golden six-eyed giant roared crazily at this time and rushed towards Ye Feng, trying to crush Ye Feng.

But with the shining of the light power of the Gate of Heaven, coupled with the interference of the dementors, and the soul impact of the red laser erupting from Ye Fengmei's heart.

Even though every move of this crazy golden six-eyed giant had the power to destroy the world and crush the entire earth, it could not touch Ye Feng accurately.

Swish, swish, swish!

Swish, swish, swish!

Ye Feng was enveloped in the power of the space gem, flashing and shifting in the surrounding space. He could easily dodge every attack from the crazy golden six-eyed giant.

For half a day, Ye Feng relied on mental and physical torture to finally torture this mental six-eyed giant to death.

"Boom!"

In the end, the golden six-eyed giant, whose body and soul collapsed, could not even escape. He was tortured to death by Ye Feng. The huge and towering demon body fell to the ground, completely dead!

At this moment, Ye Feng finally breathed a sigh of relief.

Then he suddenly stared at the body of the golden six-eyed giant that looked like an ancient mountain, as if staring at a treasure mountain!

The blood energy emanating from the huge demon giant was like a beacon fire, making Ye Feng's whole blood boil completely!

Chapter 3513 Lord of the Ruins

"Swallow!"

At this moment, Ye Feng did not hesitate and directly released the huge swallowing field.

Buzz!

The next moment, a vast and endless light of darkness spread out from Ye Feng's body, shrouding the golden six-eyed giant in front of him.

"Wait a moment."

Emperor Chu suddenly spoke in Ye Feng's mind.

Uh-huh!

Emperor Chu turned into a ray of red light, rushed out from Ye Feng's eyebrows, and flew directly towards the body of the golden six-eyed giant.

The next moment, Ye Feng was surprised to see that Emperor Chu directly dug out the six golden eyes of the golden six-eyed giant, then brought them back and returned to Ye Feng's mind space.

Ye Feng couldn't help but asked in confusion: "Emperor Chu, do the six golden eyes of this golden six-eyed giant have any special function?"

Emperor Chu said aloud in his mind: "These six eyes are very special things. The racial talent of this golden six-eyed giant comes from these six golden eyes. I dug out these six golden eyes." , when Ye Feng refines these six eyes into your own body, you will have the special talent of this golden six-eyed giant, called the 'Six-Eyed Golden Demon Prison'."

"Six-Eyed Golden Demon Prison?"

Hearing what Emperor Chu said, Ye Feng suddenly showed a look of surprise in his eyes.

Ye Feng has experienced how powerful this six-eyed golden devil prison is before. Even now he can't escape using the space gem, which shows that this is a very powerful space binding talent.

If you have this kind of talent, you will have a very powerful method to deal with your enemies in the future.

"The bloodline of this golden six-eyed giant is probably very advanced and ancient. It should be able to make my Hongmeng bloodline and Hongmeng immortal body undergo a huge transformation this time."

Ye Feng murmured at this time, then no longer hesitated and instantly activated the power of devouring the realm.

Boom!

Suddenly, a huge amount of energy and blood was directly absorbed by Ye Feng from the body of this golden six-eyed giant, and then all of it was injected into Ye Feng's own Dantian.

Buzz!

At this moment, Ye Feng could immediately feel that the power in his Dantian was growing rapidly, just like a small pond that was about to accumulate into a large lake.

"As expected! What a powerful energy!"

At this time, Ye Feng's whole body was glowing with incomparable brilliance, and his aura was constantly improving.

"boom!"

Finally, Ye Feng's cultivation level began to break through.

The second level of Tianyuan Realm!

"boom!"

The third level of Tianyuan Realm!

"boom!"

The fourth level of Tianyuan Realm! !

At this time, Ye Feng felt the terrifying and boundless energy, and his whole body seemed to be screaming up to the sky. He only felt that his limbs and bones were about to burst from being filled with that huge energy.

But Ye Feng's Hongmeng Immortal Body is very strong and can hold so much energy.

Therefore, theoretically speaking, as long as there is enough energy, Ye Feng can infinitely improve his cultivation strength.

At this moment, the energy of the golden six-eyed giant has not been completely swallowed up, and Ye Feng's cultivation aura is still making rapid and continuous breakthroughs.

"boom!"

The fifth level of Tianyuan Realm!

"boom!"

The sixth level of Tianyuan Realm! ! !

Finally at this time, Ye Feng's cultivation stopped, and the golden six-eyed giant's body was

All the energy was swallowed up and turned into nourishment for his breakthrough in cultivation, making Ye Feng's vitality and strength increase countless times in an instant.

At this moment, Ye Feng's cultivation had broken through to the sixth level of Tianyuan Realm, and he felt that his combat effectiveness had been greatly improved.

Ye Feng couldn't help but sigh and said: "This is just a golden six-eyed giant in its infancy. If it is a mature, or even complete golden six-eyed giant, the blood and energy contained in it will probably be as majestic as ten." The level of horror."

Emperor Chu immediately said aloud in his mind: "Don't think so. If you meet a golden six-eyed giant in the mature stage or the complete stage today, even if you have all kinds of means, you will probably die. , there is no way to fight against such a terrifying existence."

When Ye Feng heard what Emperor Chu said, he immediately smiled and nodded, and said loudly: "Indeed, a person should be content and always happy. There are too many disturbances and dissatisfactions in the world. If you don't know how to be content, you will always be happy. You will be unhappy for the rest of your life."

Emperor Chu agreed very much and said: "Yes, if you are not happy as a human being, even if you become a god or immortal, it will not make any sense."

Swish, swish, swish!

Swish, swish, swish!

At this moment, six golden eyes suddenly flew out from Ye Feng's eyebrows.

Emperor Chu said: "I have specially processed these six golden eyes. Ye Feng, you can now directly refine them into your body. Then you can release the same innate abilities as the golden six-eyed giant." , a prison formed by condensing golden light beams."

"good."

Ye Feng nodded, and then directly began to refine the six golden eyes.

And while Ye Feng was refining these six golden eyes, Ye Feng devoured the blood of this six-eyed golden giant. He could feel that his Hongmeng blood was also undergoing constant transformation.

Directly transformed from the second level of Dacheng realm to the second level of Dzogchen!

There is only one step left to transform into the third level of the Hongmeng Immortal Body!

At that time, another very powerful bloodline talent will be awakened!

Ye Feng is very much looking forward to this.

"Buzz!"

A full half an hour passed, and Ye Feng finally refined these six golden eyes that had been specially processed by Emperor Chu into his own body.

At this time, Ye Feng thought, and six golden eyes suddenly appeared on his forehead.

Swish, swish, swish!

Swish, swish, swish!

At this moment, the six golden eyes directly released six golden beams, forming a huge golden beam prison in front, possessing the mysterious power of the void.

Moreover, Ye Feng has a space gem on his body, which can also strengthen the power of the golden six-eyed giant's talent, which is much more powerful than the golden six-eyed giant itself.

"Not bad."

Seeing such powerful power, Ye Feng couldn't help but smile and nodded with satisfaction.

Then Ye Feng restrained his power, and the six golden eyes on his forehead disappeared instantly.

As long as Ye Feng's thoughts move, the six golden eyes will reappear and appear on his forehead, looking quite magical.

At this time, after Ye Feng had finished practicing everything, he continued to fly quickly towards the surroundings.

The ruins of this Demon Realm have a very vast underground space. Ye Feng has hunted many demons during this period, but until now he has not encountered any strong men from the big forces in the Snow Realm.

Ye Feng thinks, probably

The powerful people who plan on these major forces, including the dark demons who discovered the abandoned demons in this demonic realm, will definitely not stay in the area where they are currently.

Because they all want to quickly penetrate into the deepest area of the ruins of this demonic realm, and want to find the map of the Nine Heavens Immortal World left by the ancient master Hua Xian.

After all, other strong men cannot hunt these demons and devour their power like Ye Feng, thereby increasing their own cultivation strength.

For other strong men, these demons are just an obstacle to them. They kill them as soon as they are killed, without any reward, and it is a waste of time and energy.

But Ye Feng's reward for killing these demons was huge, because he could devour the energy of creatures of various attributes to improve his cultivation skills.

However, Ye Feng thought about it carefully at this time. He was currently in the shallow area of the ruins of the Demon Realm, and his stay was a bit too long.

Although his cultivation strength has improved a lot, what Ye Feng is actually looking forward to most is the map of the Nine Heavens Immortal World left by the ancient great figure Hua Xian.

If the Nine Heavens Immortal World Map can be obtained, it not only means that Ye Feng has obtained a powerful magic weapon, the Nine Heavens Immortal World Map also contains countless wealth resources of the Hua Shen Sect founded by Hua Xian, an ancient figure, and they are all stored in the Nine Heavens Immortal World Map. in the inner small world space.

Therefore, Ye Feng felt at this time that his cultivation level had been promoted to the sixth level of Tianyuan Realm, and his true combat power was estimated to be comparable to those at the advanced levels of Shenyuan Realm above Tianyuan Realm.

"With my current cultivation methods, I should be able to fight with those big shots."

Ye Feng no longer hesitated at this time, no longer staying in the shallow space of this demonic ruins, but flying quickly in a deeper direction.

Ye Feng knew very well that if the delay continued, the Nine Heavens Immortal World Map would really have no share of his own.

Swish, swish, swish!

At this time, Ye Feng quickly sank in the space of the Demon Realm ruins and rushed towards the deepest area underground.

However, Ye Feng restrained the fluctuations in his cultivation and chose to hide his aura.

Because there are too many powerful people competing for the Nine Heavens Immortal Realm Map this time, not only the terrifying existences of the dark demons, but also the big names from the major forces in the Snowy Region.

Therefore, although Ye Feng has made a lot of breakthroughs in cultivation now, it is best to keep a low profile. After all, the first shot is to kill the first bird, so he should lurk in the dark first and see the situation first.

With extremely powerful soul perception, Ye Feng did not encounter any other dangers on the way down, and soon arrived at the deepest area of the demonic ruins.

This is already the space closest to the underground in the entire Demon Realm ruins. The surrounding environment is pitch black, like entering a dark abyss.

The evil spirit in the whole air is getting stronger and stronger.

Ye Feng's eyes were very confused as to why a righteous super magic weapon like Hua Xian's Nine Heavens World Map would appear in such a dark ruins of the demonic realm.

"Is this powerful super magic weapon suppressing something inside?"

But this is also Ye Feng's own guess.

After all, ancient figures like Huaxian are already tens of thousands of years away from today's era.

Therefore, future generations can no longer study what happened in that era.

At this moment, Ye Feng felt that he should think more about how to get a piece of the pie.

Ye Feng looked around and found that in the darkness around him, there were many strong men from various major forces hiding in the dark, as if they wanted a piece of the pie.

"Huh? Why isn't there a strong person from the Dark Demon Clan?"

But Ye Feng discovered this time

The unusual thing is that there is no aura of dark races around here.

This is what Ye Feng is very confused about.

"Where are these strong men of the dark race?"

Ye Feng felt that everything was not that simple.

You must know that although the great figures and powerful men from all major forces descended on this demonic ruins, it was ultimately the group of dark demons who unearthed this demonic ruins.

Therefore, Ye Feng is very concerned about the movements of the dark demons. The dark demons are probably the ones who know the existence of this demonic ruins best.

"There is no point in spending time here. It seems that I am going to find where the group of dark demons are now."

Ye Feng waited for a while and felt that waiting here was not an option. He decided to find the current location of the dark demons.

"Emperor Chu, expand the sensing range of the soul gem and see where the dark demons are."

Ye Feng spoke in his mind.

Emperor Chu said in his head: "When you arrived here, I was already sensing the surroundings. Even though I searched a large area, I could not find the aura of the dark demons."

Hearing this, Ye Feng suddenly showed a trace of thinking in his eyes.

It seems that my guess may be correct. The dark demons must be doing something now. After all, the dark demons know the most about the ruins of this demonic realm.

"correct."

Emperor Chu suddenly spoke up: "Ye Feng, you can capture one of the surrounding demons and ask these local demons living in the demon realm where the dark demons are. Although the dark demons and the local demons in this ruins are not The same demon clan, but after all, there is a natural connection between the large demon clans. "

When Ye Feng heard this, he immediately nodded and flew directly around, catching a demon in a sea of demonic energy.

This is a Yaksha demon, not very powerful. It was captured casually by Ye Feng and trapped in a golden beam prison, unable to escape.

At this moment, the Yaksha demon looked at the six golden eyes on Ye Feng's forehead and turned pale with fear. He thought that Ye Feng was a noble and ancient golden six-eyed giant. He quickly knelt on the ground respectfully and said: " My lord, is there anything I can help you with?"

Ye Feng looked at the humble Yaksha Demon in front of him, and his eyes were suddenly surprised. It seemed that the other person thought that he was a master of the golden six-eyed giant clan.

Because if the demon race encounters other races, they will definitely fight to the death. Only when facing the powerful existence of their own race, will they be so respectful.

Ye Feng originally thought that he was going to interrogate this Yaksha demon, which would probably take some effort.

But now it seems that there is no need to waste time.

Ye Feng nodded slightly and stared at the Yasha demon kneeling on the ground in front of him. Naturally, he pretended to be a strong man from the golden six-eyed giant demon clan and asked: "I want to ask you, that group of outsiders who entered our place Where are the dark demons living in this ruin space now? As a Yaksha demon, you should be able to sense the aura of that group of foreign dark demons."

The Yaksha Demon immediately replied honestly: "I'm telling you, sir, that group of foreign dark demons also come from the origin of our ruin world, the Demon Realm. They came here this time to revive the ruins of our ruin world. The Lord, the great lord of the Hell Dragon Elephant Clan, helps that group of foreign dark demons to conquer the entire snowy land. "

"What?"

When Ye Feng heard the news, his eyes immediately changed slightly.

Hell Dragon Elephant Lord?

This seems to be an ancient demon clan that is more terrifying than the golden six-eyed giant demon clan in legend. It is very terrifying and once commanded the entire dark hell interface!

Chapter 3514 The Three Great Masters

The Hell Dragon Elephant Clan is a much older race than the Golden Six-Eyed Giant Clan.

Not to mention the lord of the Hell Dragon Elephant Clan, that must be an extremely ancient existence, possibly with a history of hundreds of thousands of years.

This ancient race has a very long life cycle. The longer it lives, the more terrifying its strength becomes.

Ye Feng's eyes were a little downcast at this time. If these dark demons really resurrected this terrifying Hell Dragon Elephant Lord, it would be a devastating blow to the entire snowy war.

Because the Snowy Land, a third-level realm world, is probably unable to withstand a terrifying and dark ancient existence like the Hell Dragon Elephant Lord.

At this time, Ye Feng stared at the Yaksha Demon in front of him and said, "Take me now to the place where the dark demons resurrected the Hell Dragon Elephant Lord."

"Yes, sir!"

The Yaksha demon immediately nodded respectfully, and then flew quickly in a certain direction.

Uh-huh!

At this time, Ye Feng instantly followed the Yaksha demon and flew quickly in that direction.

Ye Feng now knows that if he goes to that place, he will probably be in great danger.

But now Ye Feng had to go there to prevent these dark demons from resurrecting the terrifying Hell Dragon Elephant Lord.

In less than half an hour, Ye Feng followed this Yaksha demon and arrived at a very mysterious area.

This area is probably a very deep place in the ruins of this demonic realm.

Ye Feng saw a huge altar built on the dark land not far away.

This altar looks like a mountain, standing on the ground, tens of thousands of meters high, very majestic, and looks very visual impact.

Ye Feng observed carefully and found that there were densely packed dark demons standing around the huge mountain-like altar.

The group of dark demons standing at the front are all the leaders of the dark demons. Their cultivation is very strong, which makes Ye Feng very afraid.

At this time, this group of dark demons numbered in the tens of thousands. They all held a dark scepter in their hands, raised their hands high, and seemed to be singing some ancient and evil song.

When Ye Feng saw this scene, he immediately understood that these dark demons were probably using some special method to awaken the legendary and ancient Hell Dragon Elephant Lord.

"Buzz!"

While Ye Feng was observing, suddenly, a huge bronze door appeared on top of the huge black altar like a mountain.

This bronze gate is very old and vicissitudes of life. It is engraved with many demon symbols that Ye Feng cannot understand at all. It is like a gate to hell.

At this time, accompanied by the chants of countless dark races, this bronze door slowly opened.

Buzz!

An extremely terrifying and dark aura of hell slowly came out from the bronze door.

Even though Ye Feng was standing far away, his expression changed slightly at this moment, and he couldn't help but exclaimed: "What a great evil!"

"The great Hell Dragon Elephant Lord should be about to fully recover. These dark demons have awakened the great Hell Dragon Elephant Lord from the confinement of myth..."

The Yaksha demon standing next to Ye Feng couldn't help but knelt down all of a sudden, his head shaking.

Don't dare to lift it.

The person who is about to come out from behind the bronze door should be the legendary Hell Dragon Elephant Lord.

At this time, Ye Feng felt a sense of eternal darkness.

It was as if his life was shrouded in endless darkness and he could never escape.

Buzz!

At this moment, the gate of heaven in his body suddenly emitted white holy light, freeing Ye Feng from the terrible feeling of his life being shrouded in darkness.

At this moment, Ye Feng's eyes emitted a faint white light, which was the light of heaven, allowing Ye Feng to see everything clearly in the endless darkness around him without being disturbed by the power of darkness.

Ye Feng's face looked a little ugly at this time, because he knew that it was impossible to prevent this from happening by himself.

There were so many powerful dark demons ahead, and it was impossible for Ye Feng to get close enough to destroy everything.

Moreover, the bronze door has been opened. It is estimated that the Hell Dragon Elephant Lord will soon be released from the confinement of the myth.

"Boom!!"

And just when Ye Feng was thinking secretly in his heart, suddenly bright lights burst out from the entire sky.

These lights include the light of flames, the light of ice, and the light of power with various attributes.

Three rays of divine light suddenly appeared in the dark sky, and then fiercely attacked the mountain-like dark altar.

"Um?"

Ye Feng's eyes immediately looked in the air in that direction, and he immediately saw three figures wrapped in divine light. Their auras were overwhelmingly powerful, many times more powerful than himself, and they were attacking the dark altar.

Ye Feng understood immediately. It seemed that he was not the only one who discovered the unusualness here. There were also other super strong men from the major forces in the Snow Region who discovered the abnormality here, so they came here to stop the Hell Dragon Elephant Lord. of recovery.

At this time, Ye Feng was not in a hurry to take action, but was quietly observing everything happening on the field.

After all, this level of power struggle has transcended the levels of Tianyuan Realm and Shenyuan Realm. It is better not to participate in it, otherwise your life may be in danger.

"It's the leader of the super sect in the Snow Region! He's lurking here to destroy our final plan!"

At this time, all the dark demons present had expressions of deep shock and anger on their faces.

They never expected that three supreme figures from the Snowy Region would come here to attack the dark altar they had built at the critical moment.

Boom!

At this time, with the attacks of the three Supreme Leaders, cracks appeared on the surface of the dark altar that was as huge as a mountain.

Then the bronze door that appeared on the dark altar became a little blurry, and it seemed that it would dissipate in the next moment.

"hateful!"

At this time, a total of six demon lord-level superpowers among the six dark demons flew directly in front of the dark altar and began to release powerful power to resist the three supreme masters on the snowy land.

Buzz!

At this moment, the three attacking supreme masters also revealed their respective figures, they were two men and one woman.

Among the three people, the first one is a tall young man, whose whole body is burning with endless flames. He is wearing a fiery red robe, a crown of flames on his head, and fire dragon boots on his feet. He is the "Fire Lord"!

The other man is very young and looks like a teenager, but his eyes are full of vicissitudes of life. He holds a long knife in his hand. The blade exudes an extremely cold air, as if it can freeze the whole world, this person is the "Ice Sword King"!

The third person is a beautiful woman who looks graceful and luxurious, wearing a heroic blue robe, with black hair tied up, and her jade-like right hand holding a long sword blooming with the light of thunder.

She is the owner of Thunder Mountain Villa in the Snowy Land. The sword in her hand is the Thunder Tribulation Sword. It is said that the first generation owner of Thunder Mountain Villa used a very rare piece of eternal thunder wood to forge during the Nine Heavens Thunder Tribulation. Divine weapon.

These three super powerful men are all extremely rare master-level figures on the snowy land.

They came here this time not only to search for the map of the Nine Heavens Immortal Realm left by the Painting Fairy, but also to prevent the dark demon clan from resurrecting the conspiracy plan of the Hell Dragon Elephant Lord.

"kill!"

The Frozen Sword King seems to have the sharpest personality, just like the long knife in his hand. At this time, he burst out his terrifying power in an instant. The long knife in his hand burst out with a bright ice blue light, possessing the power of ice. The terrifying power of all things rushed towards the bottom, trying to bury all this group of dark demons.

"Let's go together. We must not let the Hell Dragon Elephant Lord come out from the confinement of the myth. Otherwise, our entire snow domain will be devastated. The Ice and Snow Dragon Emperor is fighting against the three demon gods in the ruins of this demon domain. We can only rely on the three of us here. Got it!"

The Flame Lord spoke out at this time, and in the next moment he turned into an endless flame and rushed downwards.

The owner of Thunder Manor looks like a very graceful and noble woman, but at this time she is also very heroic when she moves her hands. She holds the Thunder Tribulation Sword in her hand and transforms into a Thunder Goddess of War, carrying thousands of thunders. Collided with the group of dark demons.

However, although the three of them are extremely powerful figures at the supreme level, the dark demons guarding this dark altar are also very powerful, with six demon lord level figures.

Therefore, for a while, the three supreme masters of the Snow Region were unable to break through the defense range of the six demon lords.

This made the three supreme masters reveal a trace of gloominess in their eyes.

At this moment, there are still tens of thousands of dark demon elites, continuing to hold the dark scepter in their hands and singing some unknown demon song, reviving the dark altar again.

Then the bronze door on the dark altar became solid again.

Obviously, this bronze door is the key for the Hell Dragon Elephant Lord to escape from the confinement of myth.

"Uh-huh!"

But suddenly at this moment, a young figure in white clothes suddenly entered the dark demon elite who were summoning the Hell Dragon Elephant Lord.

The cultivation aura of this young man in white is that of the sixth level of Tianyuan Realm, but he can kill those dark demons of the tenth level of Tianyuan Realm and even those of Shenyuan Realm.

The elite of the tribe are as powerful as chopping melons and vegetables.

"What?!"

Seeing this scene, the faces of the demon lords who were fighting against the three masters of the Snow Land all of a sudden became extremely ugly.

They never thought that besides the three sect masters from the Snowy Region coming here, there would be a young prodigy with terrifying combat power lurking around them.

"This human boy is just a cultivator at the sixth level of Tianyuan Realm. How did he find this secret place where we built the dark altar?"

The eyes of the demon lords of a group of dark demons became extremely downcast at this time.

The young man in white is none other than Ye Feng, who has been watching in secret.

At this time, Ye Feng saw three supreme masters being blocked by six demon lords, so he naturally wanted to take action.

Moreover, the elites of the dark demons who summoned the Hell Dragon Elephant Lord were generally at the tenth level of the Tianyuan Realm, or at a relatively shallow level of the Divine Origin Realm. Ye Feng was naturally not afraid, and he just happened to attack by himself. If you kill them, you can also devour the blood and energy. After all, you can't encounter so many dark demon elites gathering together in other places.

For Ye Feng, as long as there is no threat from super powerful people at the Demon Lord level, Ye Feng is not afraid of these dark demon elites at the Tianyuan and Shenyuan realms at all.

It is estimated that these demon lords never imagined that Ye Feng's cultivation level was not high and he would not be able to find this hidden area by himself.

But Ye Feng refined the six golden eyes of the Golden Six-Eyed Giant, making the Yasha Demon mistakenly think that he was a member of the Golden Six-Eyed Giant clan, and brought him directly here, and found the dark altar that this ordinary strong man could not find. place.

"Hahaha! Great!"

Among the three Supreme Leaders, the Flame Lord seems to be very generous.

At this time, when he saw Ye Feng killing people below, he immediately burst into laughter and said to a group of ugly-faced demon lords: "Our Snow Region is really full of talents! I just don't know this little brother below. , which young genius from a big force is this? When this battle is over, I must have a good drink with this little brother!"

The graceful and elegant female leader of the Thunder Manor, at this time, her beautiful eyes were fixed on Ye Feng, who was charging down among countless dark demon elites.

Seeing the impossibly young face of the other party, he couldn't help but show a trace of surprise in his eyes, and he couldn't help but say: "A young genius with such a strong fighting power, I should be the best in the snowy land." You should know each other, but it seems like I've never seen this little guy before."

The Frozen Sword Emperor said coldly at this time: "You two, don't be half-hearted. These six demon lords are very difficult to deal with. I'll kill them first. The bronze gate will be completely opened. You must hurry up." Before the Hell Dragon Elephant Lord came out of the confinement of the myth, he destroyed the dark altar and broke the entrance to the confinement space of the myth! "

"Um."

Hearing what the Frozen Sword Emperor said, the Flame Lord and the Thunder Villa Master nodded slightly, and then they unleashed their strongest power and attacked the six demon lords.

At this moment, without the threat of the Demon Lord, Ye Feng was happily killing and devouring underneath, and his power was growing rapidly.

These tens of thousands of dark demon elites who have lost the protection of the demon lord are really a big meal for Ye Feng!

Chapter 3515 Crazy slap in the face

"boom!"

"boom!"

"boom!"

At this time, Ye Feng quickly killed the group of dark demon elites below.

These dark demon elites may be very powerful and terrifying to ordinary masters, but they are nothing to Ye Feng.

Because Ye Feng's combat power is so terrifying, ordinary Tianyuan realm and Shenyuan realm demons are no match for Ye Feng.

At this time, Ye Feng's eyes showed deep excitement.

Because Ye Feng frantically killed these dark demon elites, the blood energy he devoured was extremely powerful.

Therefore, Ye Feng's skill at this time is constantly improving.

"boom!"

Tianyuan Realm Seventh Heaven!

"boom!"

The eighth level of Tianyuan Realm!

"boom!"

The ninth level of Tianyuan Realm!

"boom!"

Perfection in the tenth level of Tianyuan Realm! !

Finally, at this time, Ye Feng received a huge improvement.

At this moment, Ye Feng's eyes revealed a bright light, and his whole body had a huge aura.

Now all the dark demon elites down there have been killed, and everything is empty.

It has to be said that although the combat effectiveness of this group of dark demon elites is not very good, the blood energy contained in them is still very powerful, allowing Ye Feng to break through so much at once.

"Damnable human boy!!"

At this time, the six demon lords who were fighting in the sky saw the situation below, and their eyes showed deep shock and anger.

They never thought that in just a short moment, Ye Feng, a seemingly inconspicuous human boy, would have such terrifying combat power, killing all tens of thousands of dark demon elites at once.

At this time, Ye Feng suddenly looked at the dark mountain-like altar not far away and rushed towards the altar.

"Young man, don't be impulsive!"

When the Flame Lord high in the sky saw Ye Feng, he rushed directly towards the Dark Altar with his head sullenly. He couldn't help shouting: "Young man, that Dark Altar is a very evil thing forged by the dark race." , only the supreme power of our master can destroy it. If you go there rashly, it is very likely that your soul will be eroded by the darkness and eventually become an evil thing that is neither human nor demonic. Don't be impulsive. "

The Flame Lord is obviously the most approachable of the three Supreme Leaders, because he is the only one willing to talk to Ye Feng.

The other two supreme masters, the Frozen Sword Emperor and the Thunder Villa Master, seem to have

I feel good about my noble status, so I don't want to talk to a weak existence like Ye Feng.

Of course, it's also possible that they don't know what to say either.

After all, many super powerful people are overwhelmed by being in high places. Those who exist in their top circles are generally introverted and don't communicate much with other people.

At this time, when Ye Feng heard what the Flame Lord said in the sky, he immediately smiled and said: "Senior, don't worry, I have a magic weapon with light attributes that can restrain this dark power. There is no problem. You continue to fight with the six demon lords, don't let them get close to me, I will destroy the dark altar and prevent the bronze door from manifesting."

After saying that, Ye Feng rushed directly not far from the dark altar.

Buzz!

At this moment, a terrifying force of darkness suddenly burst out from the dark altar, covering Ye Feng's entire body.

Ye Feng suddenly felt a terrible sense of depression arise in his heart.

In addition, the endless darkness was rapidly eroding Ye Feng's entire body and soul.

Seeing this scene, one of the six demon lords who were fighting with the three masters in the sky immediately laughed out loud: "This kid is really a fool, and he is so stupid. If someone with such a humble cultivation in the Tianyuan realm dares to directly approach the great altar of darkness that we have worked so hard to build over the years, this kid will definitely be swallowed up by the power of darkness in an instant and become a slave of darkness. "

"boom!"

But the moment the demon lord finished speaking, Ye Feng, who had been swallowed up by darkness, suddenly erupted with a terrifying bright white light.

This bright white light looked very sacred and noble, and it burst out all of a sudden, dispelling all the darkness around Ye Feng.

"What?!"

Seeing this scene, the Demon Lord who was mocking Ye Feng suddenly opened his eyes wide, with a look of deep astonishment on his face.

He never thought that as soon as he finished speaking, Ye Feng would dispel all the darkness.

The slap in the face came so quickly that the demon lord's face became extremely gloomy.

"good!!"

He saw white holy light radiating from Ye Feng's whole body, dispelling all the darkness, and was not disturbed by the dark altar at all.

The Flame Lord, who was fighting high in the sky, immediately laughed out loud.

Obviously very enjoyable!

"Um?"

"This young man has something."

The other two supreme masters, the Frozen Sword King and the Thunder Manor owner, also had a hint of surprise in their eyes.

They didn't seem to think that Ye Feng could actually resist the extremely evil power of darkness emanating from the dark altar.

Because you must know that even the three of them at the headmaster level do not dare to approach the dark altar for fear of being eroded by the ultimate dark evil power.

They can only destroy the Dark Altar through long-range attacks.

But at this time, Ye Feng rushed directly to the dark altar without any fancy, he was really tough.

"Who is this kid? I don't know which major force in our snowy region has such a powerful young genius."

The female headmaster of Thunder Manor seemed to be very surprised. Her elegant and beautiful eyes were fixed on Ye Feng below, with a hint of surprise in her eyes.

"Uh-huh!"

At this time, Ye Feng had already flashed in front of the dark altar.

Ye Feng did not manifest the Gate of Heaven outside his body for fear of causing others to covet him.

Even though the three supreme masters in the sky seemed to be quite indifferent to themselves, once they knew that they possessed the natal super magic weapon of the Lord of Heaven, no one could tell whether they would have murderous intentions towards themselves. .

After all, in the world of martial arts cultivation, interests are always the top priority. Many super strong people don't care about benevolence, justice and morality at all in order to further their cultivation.

Although the Gate of Heaven is the natal magic weapon of the Lord of Heaven, many people do not understand it and do not know that Heaven exists at all.

However, just in case, Ye Feng did not manifest the Gate of Heaven outside his body at this time. He just let the Gate of Heaven emit the power of light within his body, allowing him to resist the evil darkness in the dark altar. The erosion of power.

At this time, Ye Feng tried to release the power of Hongmeng's true body.

Buzz!

His fist suddenly turned into a big purple fist, filled with extremely powerful power, and struck directly towards the black rock altar in front of him.

Boom! !

However, along with a huge roar, Ye Feng could not help but be shaken back several steps.

The mountain-like dark altar in front of it still stood in place, not moving at all, and there were not even any cracks on the surface.

Ye Feng saw this scene, with a trace of surprise in his eyes.

.

Unexpectedly, the material of this dark altar was so strong, as if it were made of divine iron and was indestructible.

Even the power of the Hongmeng Immortal Body, which has transformed into the second level of Dzogchen, cannot be destroyed, and it cannot even harm this dark altar at all.

A demon lord who was fighting in the sky immediately said with a cold smile: "This dark altar took us many years to build. It uses the top-level magic iron from the demon domain where we come from. Moreover, this kind of magic iron is also contaminated with the blood of ancient demon gods, so it is indestructible and possesses the attributes of gods and demons. Let alone you, a humble human kid from the Tianyuan realm, even the three extremely powerful masters who are fighting with us. Level characters also need to spend a lot of money to completely destroy the Dark Altar, so the great Lord Dragon Elephant of Hell will definitely come here. By then, your entire Snow Region will surrender to our Dark Demon. Under the clan's command, hahaha!"

The demon lord was speaking very arrogantly at this moment, obviously very confident in the dark altar they had created.

"Um?"

"What?!"

But the next moment, the slap in the face still came very quickly.

The moment the demon lord finished speaking, they immediately saw a special glove appear in Ye Feng's hand, and when it touched the dark altar, it directly caused the dark altar to begin to soften rapidly.

The altar, which was as strong and towering as a dark mountain, seemed to be slowly turning into a puddle of mud and beginning to collapse at this moment.

"This is impossible!!"

The Demon Lord, who looked arrogant just now, suddenly showed a look of deep astonishment in his eyes, and his face turned livid.

None of the demon lords expected that Ye Feng, a seemingly ordinary human boy, would hit them in the face again and again.

It's just a crazy slap in the face!

"Hahaha! It's amazing! This young man really has unlimited potential for the future!" The Flame Lord in the sky laughed very loudly.

The special gloves used by Ye Feng are naturally a talent he awakened back then, called God Clan Gloves, which can extract the attribute power of any inanimate object.

Although the improvement of Ye Feng's physique now requires the integration of various powerful bloodlines in order to improve it.

But this does not mean that the Protoss gloves cannot be used.

The Protoss Glove can also be used as a powerful special weapon, occasionally used to solve some difficult problems.

And Ye Feng suddenly discovered that the attributes of the dark altar extracted at this time contained a kind of divine and demonic attribute power, which transformed Ye Feng's temperament.

Chapter 3516 Too bad

The material used to cast this dark altar is very high-grade and is said to be contaminated with the blood of the ancient demon god.

So at this time, Ye Feng absorbed the attribute power of the dark altar material, and immediately felt that his temperament had an aura of divine and demonic attributes.

Ye Feng did not hesitate and continued to increase the extraction of the God Clan gloves.

With the extraction of Ye Feng, the entire dark altar began to soften and turned into a puddle of mud.

"No!!"

Seeing this scene, a demon lord who was fighting high in the sky immediately yelled angrily, unwilling to see their years of hard work go to waste.

"Pfft!"

But suddenly at this moment, a long knife exuding cold air cut the roaring demon lord in half in an instant, killing him instantly.

The owner of the long sword is none other than the Frozen Sword Emperor!

The Frozen Sword Emperor smiled coldly at this time, looked at the corpse of the demon lord who fell from the sky, and said loudly: "You dare to be distracted when fighting a top powerhouse like me?"

At this time, as the dark altar softened and collapsed, the bronze door at the top began to slowly fade away.

"We absolutely cannot allow so many years of hard work to go to waste!"

Suddenly at this moment, the remaining five demon lords who were fighting suddenly abandoned their opponents and rushed towards the dark altar in an instant.

The Flame Lord who was fighting said coldly: "The Dark Altar has completely collapsed. You just rush over and it will have no effect."

"The Great Dark Summoning Technique!"

"We are willing to dedicate our lives for the coming of the great Lord Dragon and Elephant of Hell!"

Suddenly at this moment, five demon lords rushed over, not to kill Ye Feng at all, but to cast a very terrifying and evil spell.

Their entire bodies exploded and turned into a large amount of black blood, which was directly injected into the Bronze Gate.

The Bronze Gate, which was about to fade away and disappear, became solid once again after absorbing the power of the five demon lords, as if it were substance.

"Buzz!"

Suddenly at this moment, a huge black claw suddenly stretched out from the bronze door that was about to disappear.

This huge, pitch-black claw is like the claws of an evil dragon. What is shocking is that the power of the Great Law is wrapped around this huge pitch-black claw, and every move can trigger the rules of the world. strength.

This is a very scary scene!

"retreat!"

Ye Feng barely hesitated and immediately retreated crazily towards the rear.

Because he felt a very terrifying destructive power from that huge black dragon claw.

As long as it is contaminated, your whole person will instantly turn into ashes.

The power of the law of the avenue entwined on the dragon claw, even if it is my own Hongmeng immortal body, will be destroyed instantly once it touches it.

Unless Ye Feng's Hongmeng Immortal Body reaches the later stage, or even reaches the Great Consummation, it will be able to compete with the terrifying

The power of the world's rules is hard to shake.

But not yet.

Therefore, Ye Feng instantly sensed the huge danger of death and retreated crazily to the rear.

Ye Feng knew that this dark dragon claw should be a claw of the hell dragon elephant lord who was imprisoned in the mythical space.

"It is worthy of being imprisoned in a mythical space with fluctuations and taboos. It is indeed very terrifying."

It was just a claw that was freed from the confinement of myth and stretched out, making the whole world shake violently at this moment, and the stars and moon in the sky were about to fall down.

Ye Feng's eyes were horrified. How terrifying is the strength of this Hell Dragon Elephant Lord to cause such a terrifying phenomenon in the world?

No wonder it was sealed in the confinement of myth by the ancient power.

"Oops! This is one of the claws of the Hell Dragon Elephant Lord. It's too scary!"

Seeing this scene at this moment, the three supreme masters of Snow Region present had deep horror in their eyes.

The Flame Lord immediately looked at Ye Feng, who was not far away, and said loudly: "Young man, please step back and don't get close to the area where the claw is. This dark dragon claw is entangled with the power of the world's rules, which is very terrifying, even if It's hard for us to resist. If you come across it, you will be instantly wiped out."

Ye Feng immediately nodded and said, "Thank you, senior, for the reminder."

Uh-huh!

After saying that, Ye Feng immediately retreated quickly and retreated far away.

At this time, Ye Feng would naturally not show off, and it would be safer to retreat to the rear.

And just when Ye Feng retreated, the three supreme leaders, Flame Monarch, Frozen Sword King and Thunder Manor Master, immediately rushed forward.

Looking at the huge black dragon claw, the eyes of these three transcendent beings were extremely ugly.

The Frozen Sword King's eyes turned cold at this moment, holding the long sword in his hand, he shouted: "Ice the Nine Heavens with one sword!"

boom! !

At this moment, the Frozen Sword Emperor obviously did not hesitate at all and directly burst out his most powerful power.

At this moment, the Frozen Sword Emperor's long sword suddenly bloomed with countless cold air in the entire sky, condensing into an ice machete with a length of hundreds of thousands of meters, and then fiercely struck it. The extremely black dragon claws that were 10,000 meters long collided together.

But the next moment.

Accompanied by a huge roar.

Boom! !

"Click, click..."

The hundreds of thousands of meters long ice sword was directly shattered inch by inch by the power of the world rules on the black dragon claw.

Even the Frozen Sword Emperor, a great figure at the supreme level of teaching, couldn't help but take a dozen steps back at this moment, and even couldn't help but turn extremely pale, obviously having suffered a heavy injury.

Seeing this scene, the Flame Lord immediately said: "We can't compete with a dragon claw of this Hell Dragon Elephant Lord. Now we can only use the power of seal to seal it in the area where the Bronze Gate is. Don't let him continue to come out, otherwise, when he comes out in full force, we will not be able to resist at all. "

The owner of the Thunder Manor nodded slightly when he heard what the Flame Lord said. A trace of solemnity appeared in his graceful and beautiful eyes, and he said loudly: "Now we can only rely on the three of us to hold back this hell dragon first." With Lord Xiang's dragon claw already

stretched out, we can only hope that His Majesty the Dragon Emperor of the Ice and Snow Dynasty will kill the three demon gods hidden in the demon realm as soon as possible, and then come to help us. "

Hearing what the owner of the Thunder Villa said, the Flame Lord and the Frozen Sword Emperor nodded immediately.

The three supreme masters all released their extremely powerful power at this time, and then quickly reached a stalemate with the dragon claw of the Hell Dragon Elephant Lord extending from the bronze door.

At this moment, I saw the three supreme masters and the ten-thousand-meter-long jet-black dragon claw standing in a stalemate.

Ye Feng felt slightly relieved.

As long as the Hell Dragon Elephant Lord himself cannot continue to come out of the Bronze Gate, the temporary situation will not be too dangerous.

Ye Feng breathed a sigh of relief at this time, and then suddenly looked at the ground around him. ??

"This is....."

Suddenly he saw a body cut in half.

That was the corpse of one of the six demon lords who was split in half by the Frozen Sword King because he was distracted.

When Ye Feng saw this scene, his eyes suddenly lit up.

The cultivation strength of this demon lord level existence is very terrifying, and it contains huge energy.

Ye Feng ran over immediately, and there were no other people around. The three supreme masters probably couldn't care about a little person like him now.

So at this moment, Ye Feng directly released the Devouring Domain on the spot and began to devour the blood and energy of the Demon Lord who had just fallen from the sky.

"Boom!"

Suddenly, a terrifying and boundless energy was directly absorbed from the demon lord's body, and then all injected into Ye Feng's own Dantian, rapidly strengthening Ye Feng's power.

It has to be said that the skills of such a demon lord-level figure are very terrifying.

After all, it is a transcendent existence that transcends the Tianyuan Realm and the Divine Yuan Realm.

So at this time, Ye Feng's skill improved very quickly.

It's like absorbing the energy of the vast ocean!

Ye Feng's aura immediately began to transform again!

"boom!"

This energy is so huge!

In less than a while, Ye Feng's cultivation level directly broke through, reaching the half-step Divine Yuan Realm above the tenth level of the Tian Yuan Realm!

And that's not all. Ye Feng has only absorbed nearly one-tenth of this demon lord's energy!

"

boom! "

The first level of Shenyuan Realm!

"boom!"

The second level of Shenyuan Realm!

"boom!"

The third level of Shenyuan Realm!

"boom!"

The fourth level of Shenyuan Realm! !

At this time, Ye Feng's cultivation aura finally slowly relaxed.

Ye Feng's eyes were shining brightly at this moment, and he was obviously very excited.

I have to say that this demon lord is really terrifying, providing Ye Feng with unparalleled huge energy.

It directly allowed Ye Feng to not only cross the threshold of the whole realm from Tianyuan Realm to Shen Yuan Realm, but also directly accumulate Ye Feng's cultivation level to the fourth level of Shen Yuan Realm.

At this moment, Ye Feng could feel that his combat power had increased dozens of times in an instant!

For Ye Feng, as long as he has enough energy, he can infinitely devour and break through cultivation levels.

So when he came to this demonic ruins, Ye Feng's cultivation level improved tremendously in a short period of time, reaching the current fourth level of the Divine Origin Realm!

This kind of cultivation can probably be regarded as a first-rate master in the entire snowy land!

Mr. Xia, the chief steward who follows the Ninth Prince, has a cultivation level of the Divine Origin Realm.

But now, Ye Feng has also entered this level.

However, Ye Feng could sense at this time that the cultivation level of the three masters at the supreme level was still far beyond the current level of Shen Yuan.

But this is very normal. After all, whether it is the Flame Lord, the Ice Sword Emperor or the Thunder Villa Master, they are all the supreme leaders of the top forces in the snowy land, second only to the Ice and Snow Dragon Emperor of the Ice and Snow Dynasty.

"ah!!"

Suddenly, at this moment, an earth-shattering scream suddenly sounded from the deepest area of the ruins.

"Did His Majesty the Dragon Emperor successfully kill those three secret demons?"

The three supreme masters who were fighting against the jet-black dragon claws protruding from the bronze door were all looking towards the dim sky with surprised eyes at this moment.

But the next moment, their surprised looks suddenly turned to extreme horror.

I saw a tall, middle-aged man in royal robes, covered in blood, with several blood holes on his body, and claw marks with bone visible, falling from the dim sky, dying.

This is His Majesty the Dragon Emperor of the Ice and Snow Dynasty!

"His Majesty the Dragon Emperor was defeated?"

The expressions of the three top leaders in the snowy area suddenly became extremely ugly at this moment.

They never thought that the three demon gods who were hiding in the dark and descended from the Demon Realm would possess such terrifying cultivation strength that they were about to kill the Ice and Snow Dragon Emperor, the strongest person in the Ice and Snow Dynasty!

"Oops!"

After seeing this scene, Ye Feng, who had just finished devouring the Demon Lord not far away, immediately changed his expression.

The Snowy Land is going to be in complete chaos!

This is Ye Feng's only thought at this moment.

Chapter 3517 Rescue the Dragon Emperor

"The Dragon Emperor was also defeated!"

At this time, the eyes of the three supreme masters who were fighting against the paw of the Hell Dragon Elephant Lord became extremely ugly.

They never thought that His Majesty the Dragon Emperor, who was as powerful as the Ice and Snow Dynasty and such a magnificent figure, could not stop the invasion of the powerful men from the Demon Realm.

"boom!"

Suddenly, a huge demon-like figure appeared, stretched out a big black hand, and grabbed the Ice and Snow Dragon Emperor underneath.

This is a demon god from the Demon Realm. His cultivation and strength are very terrifying, and he wants to completely kill the Ice and Snow Dragon Emperor.

Because the Ice and Snow Dragon Emperor suffered heavy losses at this time, he had no ability to resist at all.

Seeing that this demon god was about to completely kill the Ice and Snow Dragon Emperor.

But this moment. ??

Buzz!

Suddenly a very violent spatial fluctuation appeared.

A figure in white suddenly flashed to the side of the Ice and Snow Dragon Emperor, carried the seriously injured Ice and Snow Dragon Emperor on his shoulders, and then fled away in an instant.

Boom! !

The devil's huge foot trampled down, and instead of crushing the Ice and Snow Dragon Emperor, it trampled on the spot and created a huge crater with footprints. The entire ground was shattered, and it looked very powerful. of terror.

At this time, the one who rescued the Ice and Snow Dragon Emperor was naturally Ye Feng, who was watching from a distance.

The Ice and Snow Dragon Emperor was kind to Ye Feng and once gave Ye Feng all his accessories, the Tianlong Sword.

Therefore, Ye Feng would naturally not ignore death at this time, but risked using the power of the space gem to rescue the Ice and Snow Dragon Emperor who was seriously injured and unconscious.

And Ye Feng knew very well that if the Ice and Snow Dragon Emperor really died today, the entire Ice and Snow Dynasty would collapse in an instant.

And the entire snowy land will become extremely chaotic.

This is not a good thing for Ye Feng.

Because although Ye Feng has now entered the fourth level of the Divine Origin Realm, he has not really grown up yet.

At this time, Ye Feng naturally did something he could do.

After rescuing the Ice and Snow Dragon Emperor, as long as the Ice and Snow Dragon Emperor can regain his cultivation, he should be able to withstand the attack of the Demon Realm, and at least defend the three-acre area where the Ice and Snow Dynasty is located.

At this time, Ye Feng used the space gem to fully stimulate the space attribute power of the space gem, and took the Ice and Snow Dragon Emperor to fly quickly in a certain direction in the distance, completely escaping from here.

Ye Feng can't control it at this time.

There are so many, the first thing to do is to escape quickly.

At this time, when the three supreme masters saw Ye Feng carrying away the seriously injured and unconscious Ice and Snow Dragon Emperor, they all retreated and no longer fought against the Hell Dragon Elephant Lord.

Because they know very well that there is no use for them to stay here now. It is better to escort Ye Feng and the Ice and Snow Dragon Emperor to leave as soon as possible.

Because the three supreme masters also know very well that the Ice and Snow Dragon Emperor, as the strongest man in the entire Snow Region, is the only hope for the entire Snow Region.

Now the Ice and Snow Dragon Emperor is seriously injured and must be kept safe.

If the Ice and Snow Dragon Emperor can return to his peak state, then there is still a chance for them in the Snow Region to compete with this group of dark demons.

But if the most powerful person like the Ice and Snow Dragon Emperor dies, then the entire snowy region will really be completely cold.

The Ice and Snow Dragon Emperor was seriously injured at this time. He suddenly opened his eyes with difficulty and saw Ye Feng carrying him and running away into the distance. His eyes suddenly showed surprise and he couldn't help but said: "Yes. you!"

The Ice and Snow Dragon Emperor naturally knew Ye Feng.

Because Ye Feng's performance in the royal competition was so amazing that the Dragon Emperor even rewarded Ye Feng with his own sword, the Tianlong Sword.

Ye Feng immediately spoke up and said: "Senior Dragon Emperor, are these demon gods from the Demon Realm too terrifying to fight against?"

The Ice and Snow Dragon Emperor shook his head and said aloud: "I was plotted this time. I have killed one of the three demon gods, and there are still two demon gods left. They actually arranged a very evil dark formation in the dark. Fa, they sneaked up on me and seriously injured me. Their strength is actually not as good as mine."

When Ye Feng heard what the Ice and Snow Dragon Emperor said, his heart immediately calmed down.

It seems that the Ice and Snow Dragon Emperor himself is still very powerful. He was able to kill a demon god from the demon realm, but he was seriously injured by a sneak attack.

It seems that the decision I made and the risk I took this time were well worth it.

As long as the Ice and Snow Dragon Emperor can regain his cultivation and regain his peak strength, there should still be a chance to resist the invasion of the dark demons in the Demon Realm.

At this time, Ye Feng tried his best to activate the space gem and put all his attention on escaping.

Because Ye Feng knew very well that the most important thing now was to escape. Escape first and then let the Ice and Snow Dragon Emperor have time to relax.

"This humble human boy actually dares to interfere with this...

Regarding the matter between the Demon God and the Dragon Emperor, you are really too brave! "

At this time, in the endless void behind him, another demon god suddenly appeared, making a majestic and boundless sound.

The two demon gods had crossed thousands of miles at this time, and stretched out a demon god's big hand, full of unparalleled destructive power, directly covering Ye Feng's head.

Buzz!

At this moment, Ye Feng immediately felt a terrifying and boundless pressure falling on himself, causing Ye Feng's speed to slow down a lot.

Moreover, such a big figure at the level of a demon god is very terrifying, and he is a super strong person on the same level as the Ice and Snow Dragon Emperor.

So when their big hands appeared in the sky at this moment, Ye Feng felt that the secrets of his space gems were much slower, and he didn't even have time to open up a space wormhole for displacement.

"Ten thousand fires burn the sky!"

"Ice the Nineteen States with one sword!"

"Thunder!"

But at this time, the three top masters on the snowy land suddenly appeared in the air above Ye Feng's head, and they released their most powerful attacks, and the demon gods stretched out by the two demon gods. The hands collided together, which relieved Ye Feng a lot of pressure.

At this time, the Flame Lord was burning with endless flames. He immediately turned around and shouted to Ye Feng: "Let's break up the rear. Young man, hurry up and escape from here with His

Majesty the Dragon Emperor. You must protect His Majesty the Dragon Emperor." He is our only hope for the safety of the entire snowy region."

After finishing speaking, Ye Feng immediately nodded heavily and said loudly: "Thank you all seniors for your help. I will definitely live up to your expectations."

Boom!

At this moment, Ye Feng frantically increased the use of space gems. In an instant, he opened up several space wormholes, shuttled back and forth, and left here in an instant.

At this time, Ye Feng could not control whether the three masters would fall into the hands of the two demon gods. What he had to do now was to protect the seriously injured Ice and Snow Dragon Emperor.

Ye Feng didn't know how long he had escaped. He escaped from this ancient ruins space and then fled quickly towards the outside.

Ye Feng did not flee towards the border city, because Ye Feng knew very well that the two demon gods might come after him at any time.

If he takes the Ice and Snow Dragon Emperor to escape towards the border city now, it is very likely that it will bring huge disaster to the entire Ice and Snow Dynasty's border city.

Because the strength of those two demon gods is really terrifying.

Ye Feng fled for three days and three nights, reaching a very deep place in the endless wilderness, and finally stopped.

At this moment, Ye Feng took the seriously injured Ice and Snow Dragon Emperor and found a cave nearby to live in.

Several days passed, and no terrifying murderous intention came.

Ye Feng finally breathed a sigh of relief. It seemed that he had finally escaped the lock of the two demon gods.

However, Ye Feng looked aside, with a hint of gloominess in his eyes.

Because the Ice and Snow Dragon Emperor's injury did not improve at all, and it became even more serious.

There were blood holes as big as a bowl on the Ice and Snow Dragon Emperor's body, which looked very shocking, and there were also many scratches.

These scratches exude a strong black aura, which is eroding the Ice and Snow Dragon Emperor's vitality.

Even though the Ice and Snow Dragon Emperor was an extremely powerful being, at this time he felt that his life was about to come to an end.

The Ice and Snow Dragon Emperor couldn't help but said with some pain at this time: "It seems that I can't survive the night."

When Ye Feng heard what the Ice and Snow Dragon Emperor said, there was a firm look in his eyes, and he said loudly: "Senior Dragon Emperor, please don't say that, I will find a way."

The Ice and Snow Dragon Emperor couldn't help but smiled bitterly, shook his head, and said aloud: "The injuries on my body are not ordinary injuries, but injuries caused by the two demon gods using an ancient dark spell. The ancient The dark power of the spell is constantly eroding my life and preventing me from recovering, so I estimate that I will not be able to recover from my injuries. I am not afraid of death. Dying in battle is considered glorious, but I can't worry about the entire Ice and Snow Dynasty. Not even the entire snowy land."

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng frowned and couldn't help but ask in his mind: "Is there any way you can restore the Ice and Snow Dragon Emperor's injuries?"

Emperor Chu said aloud in his mind: "Ye Feng, the method is actually very simple. What prevents the Ice and Snow Dragon Emperor from recovering from his injuries is the power of the dark spell left by the demon attached to his wound. The power of this dark spell, let alone a warrior with your level, even a transcendent existence like the Ice and Snow Dragon Emperor cannot dispel the power

of this dark spell. But Ye Feng, you have to know that you have just obtained a special weapon to restrain the dark attribute. It's an artifact."

"Heaven's Gate!"

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up and he couldn't help but said in his mind: "Emperor Chu, what you mean is that the power of light in the Gate of Heaven can cure the darkness attached to the wounds of the Ice and Snow Dragon Emperor. Spell breath?"

"Yes."

Emperor Chu nodded in his mind.

Chapter 3518 History

After knowing the method at this time, Ye Feng looked at the Ice and Snow Dragon Emperor beside him, who seemed to feel that his end was coming, with a slight smile in his eyes, and said loudly: "Senior Dragon Emperor, I have a way to heal your injury. its recovery."

"What?"

When the Ice and Snow Dragon Emperor heard what Ye Feng said, his eyes suddenly showed a trace of surprise, and he couldn't help but said: "Ye Feng, I know you are a very outstanding young genius, but my injury is very old. Even I myself cannot dispel the power of dark spells. You'd better not try easily, otherwise, you are likely to be counterattacked by the power of these dark spells attached to my wounds. If I hurt you then, it will really make me feel bad."

The Ice and Snow Dragon Emperor knew very well that it was not easy for Ye Feng to do all this and take the risk with him.

Now he still needs Ye Feng to help him treat his injuries, taking huge risks. As the emperor of the Ice and Snow Dynasty, the Ice and Snow Dragon Emperor is naturally embarrassed to let Ye Feng, a young junior, take such a risk.

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng's favorability towards the Ice and Snow Dragon Emperor increased a lot.

But Ye Feng did not agree with the Ice and Snow Dragon Emperor at this time. Instead, he smiled and said: "I have a magic weapon with light attributes that can dispel the power of this dark spell. Let me give it a try." .??.

Buzz!

After saying that, Ye Feng didn't care what the Ice and Snow Dragon Emperor thought, and directly stretched out his hand and pressed it on the top of the Ice and Snow Dragon Emperor's head.

Then the next moment, Ye Feng instantly inspired the power of Heaven's Gate.

"boom!"

Suddenly, a piece of pure white holy light appeared in Ye Feng's palm, filled with incomparably bright light power, directly covering the Ice and Snow Dragon Emperor's entire body.

At this moment, these powers of light actually caused the power of dark spells on the wounds on the Ice and Snow Dragon Emperor's body, like maggots attached to bones, to slowly dissipate.

"Um?"

When the Ice and Snow Dragon Emperor saw this scene, his eyes immediately revealed a look of deep shock. He couldn't help but exclaimed: "Ye Feng, what kind of magic weapon do you have? You actually possess such advanced power of light. It's incredible to be able to dispel the power of dark spells cast by those demons."

At this moment, even a super big man like the Ice and Snow Dragon Emperor couldn't help but show deep surprise in his eyes.

It seems that he never thought that Ye Feng, a young man, would have such ability.

Ye Feng just smiled at this time and said aloud: "I got this magic weapon accidentally. It is specifically the nemesis of the dark race."

"Very good!"

The Ice and Snow Dragon Emperor immediately nodded, as if he saw the hope of life again, and couldn't help but sighed: "It seems that my vision was not wrong at the beginning, you are really the most talented young wizard in our Ice and Snow Dynasty. , and in a short period of time, your cultivation has been raised to this level, which really surprises me. You have such a powerful light magic weapon. It seems that you will be the best one to fight against the dark demons in the future. The greatest support for our Ice and Snow Dynasty."

When Ye Feng heard what the Ice and Snow Dragon Emperor said, he couldn't help but smiled bitterly, shook his head, and said loudly: "With my current cultivation level, although I am already considered a peerless master among the younger generation, but with the real darkness If the strong ones among the demons fight against me, I think I will die miserably. Compared with those truly top-notch beings, my cultivation is still too weak."

When the Ice and Snow Dragon Emperor heard what Ye Feng said, he burst out laughing and said: "If you fight alone, then

In a short period of time, it is indeed impossible to compete with the top existence, but now, isn't it me? "

Obviously, the power of the dark spell on the Ice and Snow Dragon Emperor's injury can be dispelled, which means that the Ice and Snow Dragon Emperor can return to his peak state, which makes the Ice and Snow Dragon Emperor feel very good.

At this time, the Ice and Snow Dragon Emperor stared at Ye Feng in front of him with burning eyes, and said loudly: "You saved me this time, and I am the emperor of the Ice and Snow Dynasty. Your cultivation will naturally improve very quickly in the future. You I can find you whatever cultivation resources you want. Once your cultivation reaches a level similar to ours, and you use this light magic weapon that specifically restrains the dark attributes, your combat effectiveness will naturally increase. It will be incomparably enhanced, and it's not just as simple as using the power of light to treat injuries."

When Ye Feng heard the Ice and Snow Dragon Emperor say this, his eyes suddenly lit up.

Ye Feng naturally wouldn't think that the Ice and Snow Dragon Emperor in front of him was joking.

Because the Ice and Snow Dragon Emperor is a supreme figure, it is naturally impossible for him to make promises to himself casually.

Since he promised himself that he would find huge resources for himself, it means that the Ice and Snow Dragon Emperor will definitely do this.

So at this time, Ye Feng immediately said: "Senior Dragon Emperor, if you can really find me a huge amount of training resources, my cultivation level can indeed be raised to a very high level in a short time. Maybe I can really help Senior Dragon Emperor and all the top experts in the Snow Region to fight against the powerful existence among the dark demons."

The Ice and Snow Dragon Emperor nodded slightly, with a trace of excitement in his eyes at this time. He couldn't help but said: "I have always relied on my very strong hard core strength to fight against those dark demons. The demon gods in the game, but it is too difficult, because the bonus effect of their dark power is very powerful, but now Ye Feng, you actually have a light magic weapon that can specifically restrain the dark attributes. As long as I can cultivate Ye Feng, you If you are at the same level as me, if we join forces, we will definitely be able to kill all the invading dark demons one by one. "

When he said this, Ye Feng couldn't help but said: "But now, in addition to the remaining two demons, the dark demons have summoned an even more terrifying existence from the confinement of the myth, the Hell Dragon Elephant Lord. Senior Dragon Emperor, you should restore yourself to your peak condition as soon as possible, otherwise, I am afraid that if you waste too much time, the entire Ice and Snow Dynasty will be completely destroyed."

Hearing what Ye Feng said, the Ice and Snow Dragon Emperor immediately nodded, and then said loudly: "In the previous battle with three demon gods, although I successfully killed one demon god, the various kinds of weapons I carried with me Almost all the cultivation resources have been consumed, and now it will take a long time to return to peak condition just by absorbing the energy of heaven and earth."

Ye Feng nodded slightly and said, "But we don't have such a long time to waste it."

"That's right."

The Ice and Snow Dragon Emperor said: "So now Ye Feng, you should take me back to the imperial city of the Ice and Snow Dynasty as soon as possible. As long as I return to the imperial city and palace, I can use all the training resources in our Ice and Snow Dynasty's treasury. Not only can I return to the peak state of my cultivation, but I can also vigorously train you, Ye Feng, to grow as quickly as possible and strive to grow into a being who can fight side by side with me as soon as

possible. The light attribute magic weapon in your body has a powerful effect on these dark demons. Natural suppression, this is something I value very much.”

Ye Feng immediately nodded and said: "

There are teleportation arrays in the border cities that can be teleported directly to the imperial city. Now I will take you, Senior Dragon Emperor, directly to Giant Spirit City. The Ninth Prince is stationed in Giant Spirit City. "

The Ice and Snow Dragon Emperor immediately nodded and said loudly: "Okay, now Ye Feng has the final say on everything. I'm not very familiar with the surrounding environment."

Although the power of the dark spell on the Ice and Snow Dragon Emperor's wound has been completely dispelled, the injury has not fully recovered, so Ye Feng still needs to take him to escape at this time.

Ye Feng did not waste any time at this time and directly led the Ice and Snow Dragon Emperor through the endless wild forest and flew quickly in the direction of Giant Spirit City.

Fortunately, when Ye Feng left Giant Spirit City, the Ninth Prince gave him a map of the surrounding area, so now Ye Feng can accurately judge various locations around him.

On the way to Giant Spirit City, Ye Feng seemed to have thought of something and couldn't help but ask: "Senior Dragon Emperor, there is a question that has been bothering me for a long time. I don't know whether I should ask it."

The Ice and Snow Dragon Emperor said directly: "If you have any questions, just ask them."

Ye Feng nodded, and then asked: "What is the identity of Princess Caiyun? I heard from the Ninth Prince before that Princess Caiyun seems to have a very mysterious origin. She is also a very special existence in the imperial city. It seems that she is not only It's as simple as being a princess.”

Hearing what Ye Feng said, the Ice and Snow Dragon Emperor's eyes changed slightly.

Seeing such a change in the Ice and Snow Dragon Emperor, Ye Feng immediately said: "I'm just asking. If it's not convenient for Senior Dragon Emperor to say it, then I won't force him to know."

The Ice and Snow Dragon Emperor shook his head and said loudly: "There is nothing bad to say. Princess Caiyun is indeed not my daughter. Her true origin comes from the higher level four realm above our snowy region. In the Demon Realm, his mother is a royal member of the demon clan in the Demon Realm, and is a princess of the Asura Clan Empire."

"What?"

"Princess Caiyun's true identity is actually a member of the demon clan?"

When Ye Feng heard the Ice and Snow Dragon Emperor say this, he was immediately shocked.

He never thought that Princess Caiyun turned out to be a member of the Asura clan, a royal family among demons.

When the Ice and Snow Dragon Emperor saw Ye Feng's reaction, he couldn't help but laugh and said: "You don't have to be so surprised. Princess Caiyun only has half of the blood of the Asura clan of the demon royal family, and she also has the other half of the blood. , is the bloodline of the ancient powerful painting immortal."

"The bloodline of the Painting Fairy?"

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng's eyes widened slightly and he couldn't help but say: "Painting Immortal, isn't that the ancient big shot in the ancient ruins just now who can suppress such a terrifying existence as the Hell Dragon Elephant Lord?"

The Ice and Snow Dragon Emperor nodded at this time, and then said aloud: "The mother of Princess Caiyun back then was a princess in the Asura Empire founded by the Asura clan. She fell in love with our senior painting fairy from the Snow Region who ascended to the Demon Realm. , and then the daughter Princess Caiyun was born."

When Ye Feng heard this, he couldn't help but said in surprise: "So that's it. That senior Painting Fairy is really amazing."

The Ice and Snow Dragon Emperor nodded and continued: "However, the Asura Empire is very ambitious and wants to invade the entire Snow Land and incorporate the entire Snow Land into the

territory of their Asura Empire. Senior Painter Immortal is a Snow Land The local powerful among them naturally disagreed with this matter, so they had a dispute with the Asura Empire. As a result, the Painting Immortal and the Asura Empire broke off directly. "

Hearing this, Ye Feng couldn't help but give a thumbs up and said: "Senior Painting Fairy

He is a responsible person. "

The Ice and Snow Dragon Emperor nodded and said: "Princess Caiyun's mother also followed Huaxian and betrayed the entire Asura Empire and returned to the snowy land. As a result, the Asura Empire was furious and directly dispatched the most elite members of the Asura Empire. The army, that is, the Hell Dragon Elephant Army led by the Hell Dragon Elephant Lord, fought in the entire snowy region. At that time, Hua Xian relied on his own power to almost destroy the entire Hell Dragon Elephant army, severely damaging the vitality of the Asura Empire and making the Asura Empire I don't dare to send any more troops."

Ye Feng couldn't help but said: "Senior Painting Fairy's strength, is it too terrifying? Just challenge an elite army from a high-level realm!"

The Ice and Snow Dragon Emperor couldn't help but smiled bitterly, shook his head, and said: "But the commander of this army, Lord Dragon Elephant of Hell, was very powerful. In the end, he fought with the Hua Xian who had consumed too much, and started an earth-shattering fight. After all, the Hua Xian was He consumed too much. When he finally fell, he used his own treasure, the Nine Heavens Immortal World Map, to seal all the other fragmented demon armies of the Asura Empire that entered the snowy area in that ancient ruins, and consumed himself. The last soul sealed the most terrifying army commander, the Hell Dragon Elephant Lord, in the mythical confinement space."

Hearing this, Ye Feng couldn't help but ask: "Where is Princess Caiyun's mother?"

The Ice and Snow Dragon Emperor said: "Princess Caiyun's mother was finally recaptured by the emperor of the Asura Empire, Emperor Asura, using his boundless magical powers. I was still the crown prince of the Ice and Snow Dynasty at the time, so I took her in as an infant. Princess Caiyun concealed her identity for fear that these dark demons from the Demon Realm would discover Princess Caiyun's true identity. The dark demons who invaded our Snowy Region this time are also an elite army of the Asura Empire, but they are more powerful than those back then. The army led by Lord Hell Dragon Elephant is much weaker. Otherwise, I wouldn't be able to resist it at all. In fact, we monks in the Snow Region still have to be grateful to the Painting Immortal for destroying

all the elites of the Hell Dragon Elephant clan. The army has seriously damaged the vitality of the entire Asura Empire. Otherwise, the Asura Empire will probably become even more unscrupulous. "

When Ye Feng heard the Ice and Snow Dragon Emperor talk about such past experiences, he immediately took a deep breath.

It turns out that there was such a little-known historical past back then!

Ye Feng couldn't help but ask: "Does Princess Caiyun know her true identity?"

"We don't know yet."

The Ice and Snow Dragon Emperor shook his head and said aloud: "Princess Caiyun has half the blood of the Painting Immortal, and the other half of the demon royal blood from her mother's clan. For the time being, her demon royal Asura clan has not yet awakened. , but as Princess Caiyun continues to grow, the other half of Asura blood flowing in her body is slowly and subconsciously guiding her to yearn for the demon realm. "

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng finally understood why Princess Caiyun wanted to enter the Demon Realm so much.

Not only does Princess Caiyun have great ambitions and wants to pursue more powerful power, but she must also be secretly guided by the Asura bloodline of Princess Caiyun's other half.

"I wonder where Princess Caiyun is now?"

Ye Feng couldn't help but murmured at this time.

But Ye Feng knew that the most important thing now was to escort the Ice and Snow Dragon Emperor back to the Imperial City of the Ice and Snow Dynasty.

Otherwise, there are still two demon gods from the dark demon clan, plus the Hell Dragon Elephant Lord who just escaped from the mythical confinement space.

If the Ice and Snow Dragon Emperor does not return to its peak state as soon as possible and compete with these powerful demons descending from the Demon Realm, then it will be a huge disaster for the Ice and Snow Dynasty and the entire Snow Realm!

Chapter 3519 Treasury

There were no surprises along the way, Ye Feng led the Ice and Snow Dragon Emperor through a large area of wild jungle, and finally returned to the Giant Spirit City where the Ninth Prince lived.

When arriving at this border city, the Ninth Prince immediately brought the city lord to greet him.

"Brother Ye, you are finally back after such a long time. I heard that there was a huge movement in the ruins of the Demon Realm. I am still worried about your danger. The person next to you is...Father?!"

Seeing the Ice and Snow Dragon Emperor next to Ye Feng, the Ninth Prince even thought that he was dazzled, and his eyes immediately revealed a look of deep horror. .??.

He seemed to have never expected that Ye Feng would actually bring his father back.

The Ninth Prince seemed to realize something at this time. He immediately looked at the city lord beside him and said loudly: "Seal down the entire Giant Spirit City! There are important things to discuss!"

The city lord of Giant Spirit City also said with sincerity and fear at this moment: "Yes, His Highness the Ninth Prince! I will make arrangements right away!"

The city lord of Giant Spirit City immediately went down to arrange for the entire Giant Spirit City to be sealed off.

At this moment, the Ninth Prince came directly in front of Ye Feng, looking at the Ice and Snow Dragon Emperor who seemed to be very pale next to him, with deep horror in his eyes.

This was the first time he saw his father, who looked so sick.

Because in the heart of the Ninth Prince, his father has always been unparalleled in majesty, aloof, like a god in the sky, unstoppable.

But now, it turned out to be in such a bad state, which is really unbelievable to the extreme.

The Ninth Prince immediately understood at this time that something extremely terrible must have happened in the ruins of the Demon Realm, which caused the current situation.

Ye Feng immediately explained what happened.

After hearing this, the Ninth Prince's eyes showed deep horror.

He never thought that such a terrifying existence would appear among the dark demons.

Ye Feng said aloud at this time: "The most important thing now is to send Senior Dragon Emperor back to the palace in the imperial city as soon as possible, so that Senior Dragon Emperor can return to his peak condition as soon as possible. Only in this way can we stop the next attack of the entire dark race. Invasion."

The Ninth Prince immediately nodded and said: "Okay, I will arrange the cross-domain teleportation formation now."

Uh-huh!

After saying that, the Ninth Prince flew quickly in a certain direction in the distance, and Ye Feng quickly followed him with the Ice and Snow Dragon Emperor.

At this time, the Ice and Snow Dragon Emperor looked at Ye Feng beside him, smiled and said: "It seems that you and the Ninth Prince are

The relationship is very good. You must be willing to let him compete for the next throne. "

When Ye Feng heard what the Ice and Snow Dragon Emperor said, there was a trace of surprise in his eyes, as if he didn't expect that His Majesty the Dragon Emperor would say such a sensitive thing at this time.

However, Ye Feng did not lie at this time, but nodded slightly and said loudly: "When I was very weak, the Ninth Prince treated me like a very important friend, so now that I have the ability, I will naturally support the Ninth Prince. Become the future emperor, but now the entire Ice and Snow Dynasty is in trouble internally and externally, and there are also such terrifying dark demons to resist. I think the most important thing now is not fighting for the throne, but gathering everyone's strength to resist the dark demons together. The invasion of the clan, and I think that for a long time to come, the entire Ice and Snow Dynasty will still need a transcendent existence like you, Senior Dragon Emperor, to preside over the overall situation. "

When the Ice and Snow Dragon Clan heard what Ye Feng said, they nodded slightly and said happily: "You are more sensible."

While the two were talking, they had already arrived at the cross-domain teleportation array area of Giant Spirit City.

At this moment, under the arrangement of the Ninth Prince, the entire cross-domain teleportation array emitted a bright light, containing extremely strong spatial fluctuations.

The Ninth Prince immediately said: "Ye Feng, please take my father back to the imperial city. I can't go back for the time being. I still need to resist the dark demons in the border city."

Ye Feng nodded slightly and said: "Okay, I will protect Senior Dragon Emperor. By the way, Ninth Prince, if there is any news about Princess Caiyun, remember to remind me."

"good."

The Ninth Prince nodded immediately.

Buzz!

The next moment, Ye Feng didn't hesitate at all. He supported the Ice and Snow Dragon Emperor beside him and walked directly into the cross-domain teleportation array in front of him.

Following a violent spatial fluctuation, the two figures disappeared from the spot.

At this time, the Ninth Prince looked at the two people who had disappeared from the teleportation formation, with a hint of hope in his eyes. He couldn't help but murmured, "I hope my father can restore his cultivation as soon as possible, otherwise the entire Ice and Snow Dynasty will probably be destroyed." Destroyed."

Ye Feng told the Ninth Prince what happened to them before, which frightened the Ninth Prince.

After all, even his father, who he thought was invincible, was beaten to such a serious injury, which showed how terrifying the demon god in the dark demon clan was.

And now

Another even more terrifying Hell Dragon Elephant Lord appears!

...

Buzz!

Following a burst of extremely violent space fluctuations, a huge formation lit up on the edge of the Ice and Snow Dynasty's palace.

Along with a burst of light, the figures of Ye Feng and Ice and Snow Dragon Emperor appeared here.

Nowadays, the entire Imperial City of Ice and Snow Dynasty is still very prosperous, and there seems to be no panic at all.

Obviously, the entire imperial city did not know that the most powerful person in their Ice and Snow Dynasty, His Majesty the Ice and Snow Dragon Emperor, was now seriously injured.

At this moment, the palace guard wearing golden armor who was guarding this teleportation place immediately widened his eyes when he saw the two people appearing in the teleportation array, as if he was extremely horrified.

The next moment, a group of guards around him immediately said respectfully: "See your Majesty!"

The Ice and Snow Dragon Emperor nodded slightly and said aloud: "Don't reveal my secret return, otherwise it will be a death penalty!"

"Yes, Your Majesty!"

A group of guards wearing golden armor all clasped their fists and said loudly.

At this time, although the group of guards were extremely horrified, they did not dare to guess anything for fear of losing their heads.

The Ice and Snow Dragon Emperor asked them not to spread the news of his return, naturally in order not to cause panic to the entire Ice and Snow Dynasty.

Because if everyone knew that the most powerful person in the Ice and Snow Dynasty, His Majesty the Ice and Snow Dragon Emperor, had suffered heavy losses, then the entire imperial city would probably be in chaos, and then there would be trouble.

Ye Feng did not waste any time at this time and directly supported the Ice and Snow Dragon Emperor towards the interior of the palace.

On the way, Ye Feng took out a black robe and covered it with the Ice and Snow Dragon Emperor so that others could not recognize the identity of the Ice and Snow Dragon Emperor in order not to cause panic.

Fortunately, Ye Feng had the Prince Order of the Ninth Prince on his body, and he also held the Tianlong Sword given to him by the Ice and Snow Dragon Clan at that time.

Therefore, even if the Ice and Snow Dragon Emperor did not reveal his identity, Ye Feng and the Ice and Snow Dragon Emperor wrapped in a black robe could move through the palace almost unimpeded.

Soon, Ye Feng followed the instructions of the Ice and Snow Dragon Emperor beside him and came to the deepest area of the palace.

Here stands a huge white jade gate.

There are two pillars on both sides of this white jade gate. Above the pillars are two huge ice crystal dragons, which look very majestic and have boundless momentum.

This is the Ice and Snow King

The most mysterious place in the imperial palace is the location of the treasury where all the wealth of the Ice and Snow Palace is stored.

Behind the gate made of white jade is an independent small world, which was opened up by the first emperor of the Ice and Snow Dynasty. It is specially used to store the wealth accumulated by the entire Ice and Snow Dynasty over the years.

If you think about the wealth of a whole small world, you will know that it is definitely a huge resource.

At this time, Ye Feng came here.

The ice crystal dragon hovering on the two pillars around the gate immediately made a majestic voice: "This is an important place for the royal family, and no one else can enter."

At this time, Ye Feng took out the Prince Ling and the Tianlong Sword, and said loudly: "I have important things to enter the treasury."

The two ice crystal dragons immediately said: "With these things alone, you are not qualified to enter the treasury. Leave quickly and don't make a mistake."

"Uh-huh!"

At this time, the Ice and Snow Dragon Emperor standing next to Ye Feng directly opened the black hood on his head, revealing his face.

"Huh? You are... Your Majesty!"

The two ice crystal dragons hovering on the pillars saw the Ice and Snow Dragon Emperor next to Ye Feng. They were so frightened that they flew down from the pillars and then transformed into two old men wearing white robes.

The two old men quickly and respectfully said: "Didn't Your Majesty fight against the demon god of the dark demon clan in the depths of the wild jungle on the border? Why did he suddenly come back, and his breath is still so weak!"

The Ice and Snow Dragon Emperor spoke slowly: "Except for some accidents, now I need to enter the treasury to restore my cultivation, and Ye Feng also needs to go in with me."

At this time, the two old men couldn't help but said hesitantly: "Your Majesty, only emperors of the past dynasties can enter the treasury. Outsiders cannot enter it. This is the rule set by the previous emperor."

"presumptuous!"

At this time, the Ice and Snow Dragon Emperor immediately shouted coldly: "Rules are dead, people are alive. If you want to fight against the dark demons now, you must rely on Ye Feng's power, so he must enter the treasury."

Seeing that the Ice and Snow Dragon Emperor was angry, the two old men did not dare to say anything more, but said respectfully: "Yes, Your Majesty!"

After finishing speaking, the two old men took out a token each, and then threw the token onto the gate made of white jade.

"Rumble..."

The next moment, accompanied by a huge roar, the door of the treasury slowly opened.

Chapter 3520 The Bones of Ancient Powers

At this time, as the treasury door slowly opened, the Ice and Snow Dragon Emperor looked at the two guardian elders beside him and said loudly: "Guard the entrance to the entire treasury and don't let anyone in."

The two old men immediately clasped their fists respectfully and said, "Okay, we will definitely guard the entrance."

At this time, the two guardian elders understood something. It seemed that something terrible had happened. Otherwise, their Dragon Emperor would not have been injured so seriously, and he came back incognito. It was really very shocking. of fear.

Buzz!

At this moment, the two guardian elders stood at the gate of the dynasty's treasury, and then they took out a scepter and directly released a defensive light shield, making it impossible for any being to enter.

Seeing this scene, Ye Feng's eyes showed a hint of surprise.

It seems that these seniors of the Ice and Snow Dynasty are still very loyal to the newly promoted Ice and Snow Dragon Emperor.

At this moment, the Ice and Snow Dragon Emperor looked at Ye Feng beside him, smiled and said, "Let's go directly into the treasury."

Ye Feng nodded, followed the Ice and Snow Dragon Emperor, and walked directly into the space inside the treasury.

The treasury of the Ice and Snow Dynasty is in a separate small world.

So when Ye Feng walked in, he immediately felt that the entire field of vision became extremely wide.

It's like coming to a whole new world.

At this moment, the Ice and Snow Dragon Emperor spoke out: "I want to recover from my injuries now. Ordinary things have no great effect on me. Now I need to absorb the energy of an innate dragon vein growing in our treasury. I have to absorb the innate dragon vein energy to recover from my injuries, because the energy contained in the innate dragon vein energy, the techniques I practice, and my life attributes all belong to the same source."

Ye Feng nodded and said, "Then I will go with Senior Dragon Emperor."

The Ice and Snow Dragon Emperor nodded slightly and said aloud: "I originally wanted you to absorb the energy of the innate dragon vein with me, but the source of the innate dragon vein, that is, the root of the innate dragon vein, was destroyed due to a battle. Some powerful men in ancient times were cut off and couldn't be repaired at all. Even the first emperor of our Ice and Snow Dynasty couldn't repair them, so the dragon vein energy may only be enough for me to recover from the injury."

When Ye Feng heard what Ice and Snow Dragon Emperor said, he immediately smiled and said: "Now, senior Dragon Emperor, the most important thing is for you to recover from your injuries as soon as possible. I don't care now, as long as there are other resources that can allow me to absorb energy." , it's enough to improve my cultivation, I don't choose anything, as long as it's energy."

The Ice and Snow Dragon Emperor nodded, patted Ye Feng's shoulder, and said with a smile: "This time you are a lifesaver to me, and a huge contribution to the entire Ice and Snow Dynasty. I will definitely not lose.

Wait for you, after I absorb the innate dragon vein energy and recover from the injury, I will take you to other places in the treasury to find other cultivation resources for you to absorb and improve your cultivation. "

When Ye Feng heard what the Ice and Snow Dragon Emperor said, he immediately said happily: "Thank you very much, Senior Dragon Emperor. Now I will accompany you, Senior Dragon Emperor, to recover from your injuries to avoid other accidents."

The Ice and Snow Dragon Emperor nodded slightly, and then led Ye Feng towards the deepest part of the treasury.

When they reached the deepest area of the treasury, Ye Feng immediately saw that the deepest area of the treasury turned out to be a very dilapidated place.

There are broken stones everywhere, and the stars in the sky have been shattered. There are also many star fragments floating in the sky, which looks like a strange broken beauty.

At this time, Ye Feng couldn't help but ask: "Did a terrible battle take place here in the treasury?"

Hearing this, the Ice and Snow Dragon Emperor nodded and said loudly: "Yes, there was indeed a very terrible battle in the deepest part of the treasury. The first emperor of our Ice and Snow Dynasty, and several other extremely terrifying people, The ancient strong men discovered the innate dragon vein here together, so they killed each other. In the end, our late emperor killed all the ancient strong men one by one, and then obtained this innate dragon vein, so we established the foundation of our Ice and Snow Dynasty here. However, The root of this innate dragon vein has been shattered by the battle that year, so it can no longer produce a steady stream of innate dragon vein energy. Therefore, there is very little innate dragon vein energy today, and it is only enough for me to absorb and recover. Injury."

When Ye Feng heard what the Ice and Snow Dragon Emperor said, he immediately nodded, and then without saying anything else, he followed the Ice and Snow Dragon Emperor to the deepest part of the battlefield.

There is a dragon-shaped mountain here that emits thousands of feet of golden light, standing on the earth. It looks like a mountain after the death of a dragon.

At this time, the Ice and Snow Dragon Emperor saw this mountain emitting thousands of feet of golden light, and his expression immediately became quite awed, and he said loudly: "This is where the innate dragon vein of our Ice and Snow Dynasty is located."

Obviously, this mountain formed by the innate dragon veins is probably like a holy mountain in the Ice and Snow Dynasty.

Even emperors like the Ice and Snow Dragon Emperor showed admiration on their faces when they came here.

But the next moment, the Ice and Snow Dragon Emperor sighed and said: "The injury this time is really too serious, otherwise I would not be willing to absorb the energy of the innate dragon vein, because the root of the innate dragon vein was in that battle that year. , was cut off by a terrifying ancient powerful man, so there was no way to generate a steady stream of

The energy of the innate dragon veins is already there, so use it a little less. "

Ye Feng nodded slightly at this time and said loudly: "But now, in order to recover your injury as soon as possible, Senior Dragon Emperor, we can only absorb this precious and incomparable innate dragon vein energy. There is probably no way to repair the root of the innate dragon vein." ,

because this is something that even a terrifying ancient power like the first emperor of the Ice and Snow Dynasty cannot do, and naturally we can't do it either."

"yes."

The Ice and Snow Dragon Emperor sighed and said aloud: "Since I became the commander of the Ice and Snow Dynasty, I have visited the entire snowy land, even to some extinct places, but I can't find a way to repair the innate dragon veins. Roots, because the roots of the innate dragon veins are something created by the heaven, earth and the universe, and cannot be repaired by human power. This is the creation of nature. "

Uh-huh!

After saying that, the Ice and Snow Dragon Emperor no longer hesitated and flew directly to the mountain that was emitting thousands of feet of golden light.

Then he began to operate his own skills and began to absorb the innate dragon vein energy contained in this mountain.

As the Ice and Snow Dragon Emperor practiced, Ye Feng could see with his naked eyes that the injuries on the Ice and Snow Dragon Emperor were recovering rapidly.

Seeing this scene, Ye Feng's eyes showed a hint of joy.

As long as the Ice and Snow Dragon Emperor returns to his peak state, everything will still be controllable, and the threat from the dark demons will not be as scary as imagined.

At this time, Ye Feng was sincerely happy for the Ice and Snow Dragon Emperor.

At this moment, Ye Feng was a little bored. He looked around and immediately saw many bones on the ground around him.

The flesh and blood on these bones have been completely decayed and weathered, and only the skeletons are left. It is estimated that hundreds of thousands of years have passed.

"Um?"

But suddenly at this time, Ye Feng felt a very slight energy fluctuation from these bones.

That seemed to be the energy fluctuation of an ancient bloodline!

Sensing this kind of fluctuation, Ye Feng's eyes suddenly lit up and he couldn't help but murmur in his heart, "Could it be that among the bones left behind by these ancient warriors from the battle, there are some bloodlines of the ancient warriors still preserved in the bones. Total decay?"

Thinking of this, Ye Feng immediately looked at the Ice and Snow Dragon Emperor who was cultivating on the mountain, and couldn't help but asked: "Senior Dragon Emperor, these ancient bones around here are all from that terrifying event that year. Are they left over from the battle?"

The Ice and Snow Dragon Emperor opened his eyes slightly, and then said aloud: "That's right, in order to compete for this innate dragon vein, all the ancient powerful men fought together. Basically, they were all able to compete with the first generation emperor of our Ice and Snow Dynasty. These bones are left behind by the ancient powers who are comparable to them, and they have not been cleaned up because of this.

Even if these ancient powerful men died, their bones were as heavy as billions of stones and could not be moved, but they were already decayed and had no value. "

When Ye Feng heard this, his eyes couldn't help but flash slightly.

Originally, Ye Feng felt that these bones had no value, but at that moment, Ye Feng sensed a very weak blood fluctuation from the inside of these bones.

Although the energy is very weak, as long as the bloodline still exists, even a trace of the bloodline can greatly improve Ye Feng's Hongmeng bloodline and Hongmeng immortal body.

Because you must know that these bloodlines are the bloodlines left by ancient powers that were comparable to the late emperors of the Ice and Snow Dynasty. They must be very advanced and very powerful.

At this time, Ye Feng's eyes showed a trace of expectation, and he immediately asked: "These bones should be of little value to the Ice and Snow Dynasty. Can I collect them?"

There was a look of surprise in the Ice and Snow Dragon Emperor's eyes, as if he didn't expect Ye Feng to have a special interest in such decayed bones.

The next moment, the Ice and Snow Dragon Emperor immediately smiled and said: "If you can move it, you can take it all."

"Thank you."

Ye Feng immediately clasped his fists, and then started to stretch out his hands, wanting to collect the bones left by these ancient powerful men into his storage ring.

But the next moment, Ye Feng suddenly discovered that he couldn't move these bones at all.

Even Ye Feng used the power of Hongmeng's true body and turned his hands into two big purple hands, but he was unable to move these bones.

You know, now that Ye Feng has used Hongmeng's true form, he has the power to move mountains and seas, but he is still unable to move the seemingly tiny bones of ancient powerful men.

This made Ye Feng's eyes reveal a hint of horror.

He couldn't help but be shocked to guess how powerful these ancient warriors were and what state they had reached. It was incredible that even if their bones were decayed, they still contained such a majestic weight.

When the Ice and Snow Dragon Emperor saw this scene, he immediately couldn't help shaking his head and said with a smile: "I said, these bones are not only worthless, but they are also so heavy that they cannot be moved, so we have not dealt with them."

Ye Feng thought about it at this time, no longer hesitated, and directly used the God Clan gloves to soften the bones.

Because Ye Feng wants to get the traces of blood left inside these bones, so that his Hongmeng Immortal Body can undergo a huge transformation!

Even a trace of bloodline is enough, which means that Ye Feng can directly evolve if he can get the original power of bloodline.
