

Ancient 3521

Chapter 3521 Hongmeng Purple Qi

At this time, Ye Feng used the God Clan gloves to soften all the bones.

Then Ye Feng immediately saw that there were traces of blood-red spots inside these bones.

These are the bloodlines left behind by the ancient powerful men!

Not completely decayed yet.

Obviously, these bloodlines were protected by the bones outside and have not faded away for hundreds of thousands of years. ??

Seeing this scene, Ye Feng's eyes suddenly showed deep excitement.

Then without any hesitation, Ye Feng directly absorbed and integrated the blood of these ancient powers into his body.

"Buzz!"

At this moment, Ye Feng suddenly felt that his Hongmeng bloodline was undergoing an indescribable transformation.

You know, Ye Feng has now obtained a total of several ancient powerful bloodlines, and these different bloodlines are all very high-level bloodlines.

So at this time, Ye Feng's Hongmeng bloodline was immediately strengthened, and he completely transformed from the second level of Dzogchen.

It has transformed to a whole new level and entered the early stage of the third level!

As the Hongmeng bloodline evolved to the early stage of the third level, Ye Feng could feel that his Hongmeng immortal body had also evolved and transformed.

Hongmeng Immortal Body has also entered the early stage of the third level at this time!

Because the strength of the Hongmeng Immortal Body evolves almost simultaneously with the level of the Hongmeng bloodline.

At this time, Ye Feng could immediately feel that the power of his body had been incomparably enhanced.

The strength of his body is now many times stronger than before.

Ye Feng's eyes were filled with deep excitement.

This time, I missed the bloodline of so many ancient powerful men, allowing my Hongmeng Immortal Body to directly transform into a brand new third level. It can be said that I have received a huge opportunity!

Ye Feng knew very well that when his Hongmeng Immortal Body entered the early stage of the third level, he would reawaken an extremely powerful accompanying talent.

Buzz!

At this time, under Ye Feng's induction, Ye Feng discovered a purple gas appearing behind him.

"what is this?"

Seeing this scene, Ye Feng suddenly showed a hint of astonishment in his eyes.

My third companion talent turned out to be a purple gas, which didn't seem very powerful.

At this moment, Ye Feng immediately began to touch the purple gas, wanting to explore the role of the third-level accompanying talent he had awakened.

Buzz!

When Ye Feng stretched out his hand and touched these purple gases, Ye Feng immediately got a very mysterious piece of information about this purple gas.

Colored gas.

"This is....."

The next moment, Ye Feng suddenly showed deep joy in his eyes.

Even a little ecstatic!

Because at this time, Ye Feng knew what these purple gases were like.

It turns out that these purple gases are called "Hongmeng Purple Gas" and are a very special kind of gas.

This kind of Hongmeng Purple Qi can repair all spiritual things in the world. No matter what it is, as long as it has the spirituality of heaven and earth, it can be repaired by Hongmeng Purple Qi.

For example, if a tree is cut in half by external forces, under normal circumstances, the tree will basically die and wither.

But Ye Feng can use Hongmeng Purple Qi to help the tree grow its trunk again and return to its original state.

Or for example, if a spiritual weapon is broken in battle, even some masters of weapon refining may not be able to restore these broken weapons.

But Ye Feng's Hongmeng Purple Qi can restore these weapons to their original incomplete state.

After knowing all this at this moment, Ye Feng immediately stared at the Ice and Snow Dragon Emperor who was practicing not far away, with deep eagerness in his eyes.

I don't know if my Hongmeng Purple Qi can repair the broken root of the innate dragon vein.

Although the roots of the innate dragon veins cannot be repaired even by the ancient power of the first emperor of the Ice and Snow Dynasty.

But Ye Feng still wants to give it a try.

After all, Hongmeng Purple Qi, one of his accompanying talents, was produced from the Hongmeng bloodline created by the most powerful master of the heavens, Hongmeng Lord.

So even if there are some things that the ancient powers cannot do, Ye Feng can do it.

However, Ye Feng planned to wait for the Ice and Snow Dragon Emperor to complete his training before telling him about this matter.

After all, the most important thing now is for the Ice and Snow Dragon Emperor to completely recover his cultivation. The sooner he recovers his cultivation, the safer Ye Feng will be.

"Um?"

At this time, Ye Feng looked around and suddenly saw many remaining soldiers on the ground around him.

These remnants of the soldiers were scattered among the surrounding corpses, looking in tatters.

But Ye Feng didn't dare to look down upon these broken weapon fragments.

Because these broken weapons should be leftover from ancient powerful battles. Many of them are pitch black and completely decayed.

But there are also some weapon fragments that still emit a faint light, and obviously have a trace of spirituality.

You must know that the group of ancient powerful men back then were all ancient superpowers who could rival the first generation emperor of the Ice and Snow Dynasty.

Seeing this scene, Ye Feng's eyes suddenly moved, and he thought secretly in his heart. He couldn't help but murmured, "These weapons are all super magic weapons used by ancient powers in the past. They are very advanced. They must be spiritual weapons. These ancient and powerful weapons are definitely much more advanced than the Heavenly Dragon Sword given to me by the Ice and Snow Dragon Emperor. I wonder if my Hongmeng Purple Qi can repair these weapons and restore them to their complete state."

Thinking of this, Ye Feng suddenly became very eager to give it a try.

If you can really repair some weapon fragments to a complete state, it means that you can get an ancient powerful level natal magic weapon on the spot.

That is extremely terrifying!

Absolutely priceless!

Although Ye Feng now possesses the Heaven's Gate, the natal treasure of the Lord of Heaven, Ye Feng has not yet thoroughly studied the use of Heaven's Gate.

At present, Ye Feng can only use the power of light in the Gate of Heaven to condense energy bodies into archangels to fight and confront enemies.

In fact, the real destructive power of Heaven's Gate is not powerful, but it is restrained against the dark demons.

So Ye Feng now needs some very powerful magic weapons. After all, when fighting other practitioners, powerful magic weapons can give Ye Feng a huge attack power!

Originally, the Tianlong Sword was still very good, but now that Ye Feng's Hongmeng Immortal Body has been greatly improved, and his cultivation has also been greatly improved, the Tianlong Sword has become increasingly unable to keep up with Ye Feng's use. .

At this moment, Ye Feng stared at some weapon fragments emitting faint light around him. Without hesitation, he walked directly in front of a weapon fragment, preparing to release the Hongmeng Purple Qi to see the third-level accompanying talent he had awakened. Is it really as magical as I imagined? Is it possible to repair a small magic weapon fragment into a complete weapon and recreate the glory of the ancient powerful natal magic weapon?

"If it really succeeds, it will really be a huge profit!"

Ye Feng's eyes were full of deep anticipation at this time, staring at the piece of weapon shrouded in Hongmeng purple energy in front of him.

However, Hongmeng purple energy enveloped the weapon fragment, and after a few minutes, there was no change.

There was a hint of surprise in Ye Feng's eyes, wondering what went wrong.

But at this time, Ye Feng suddenly thought that the target of Hongmeng Ziqi's repair must have the spirituality of heaven and earth.

Ye Feng immediately understood that this piece of weapon fragment should not have the spirituality of heaven and earth, so there was no way to repair it.

At this time, Ye Feng

A piece of weapon fragment was replaced, and Hongmeng purple energy was released and enveloped it.

At this time, Ye Feng finally noticed the change.

The moment this piece of weapon fragment was enveloped by Hongmeng Purple Qi, this piece of weapon fragment slowly began to recover.

At this time, Ye Feng saw that the weapon fragments were originally very small, but the moment they were enveloped by the Hongmeng purple energy, they started to recover like a small tree sprouting.

In the end, all the fragments of the weapon were restored. Instead of fragments of the weapon, a complete golden scissor appeared.

After this golden dragon scissor was completely restored, its whole body exuded a terrifying and destructive aura that was extremely suffocating.

"This is the Golden Dragon Scissors! It is the natal magic weapon of the ancient powerful 'Golden Dragon Emperor'. It is a terrifying super magic weapon comparable to the national jade seal left by the late emperor of our Ice and Snow Dynasty!" The Ice and Snow Dragon Emperor was sitting on the mountain not far away. He suddenly spoke out, his tone full of deep surprise, as if he didn't expect that the broken weapon back then would be restored by Ye Feng.

At this time, Ye Feng looked at the very powerful golden dragon scissors in front of him, with deep excitement in his eyes.

This is an ancient and powerful natal weapon, and its power is absolutely terrifying!

Uh-huh!

At this moment, Ye Feng directly cut the golden dragon in front of him and put it into his storage ring.

Then Ye Feng's eyes were filled with deep excitement as he continued to look for the next magic weapon fragment.

With Ye Feng's continuous experiments, Ye Feng finally restored an ancient and powerful weapon.

This weapon is a thin needle as long as a person, called the Sun God Needle.

Legend has it that the magic needle is cast from the remains of the sun. It can change the size of the sun needle at will. It contains the boundless power of the sun, which is very terrifying.

"It's really a big harvest. I got two ancient powerful magic weapons at once!"

Ye Feng's eyes were very happy at this time. These were priceless things, and he got two of them at once.

At this time, the Ice and Snow Dragon Emperor not far away was already looking a little stunned.

Even though the Ice and Snow Dragon Emperor was a high-ranking figure, he was still shocked by Ye Feng's magical methods at this time.

Because he has never seen such a miraculous ability, he can actually restore a broken magic weapon fragment to its complete state, which is equivalent to picking up two ancient and powerful super magic weapons for nothing!

Before the Ice and Snow Dragon Emperor could say anything at this time, Ye Feng suddenly said something that shocked him to the extreme: "Senior Dragon Emperor, maybe I can restore the broken roots of the innate dragon veins to a complete state, and then Produce a steady stream of innate dragon vein energy."

Chapter 3522 The Top Realm of Snowy Land

Hearing Ye Feng say this at this moment, the Ice and Snow Dragon Emperor showed deep surprise in his eyes.

Then the emperor nodded expectantly and said: "Then Ye Feng, give it a try. If you can really restore the roots of the innate dragon veins, you will be able to get a steady stream of innate dragon vein energy. For You, to me, to the entire Ice and Snow Dynasty will be a huge benefit."

"OK."

Ye Feng nodded slightly at this time, and then flew directly to the mountain where the Ice and Snow Dragon Emperor was training.

At this moment, the Ice and Snow Dragon Emperor's injuries have almost recovered, and his body once again exudes a depressing aura of an unparalleled powerhouse.

But at this time, the golden light emanating from the surrounding mountains had completely dimmed.

Obviously, in order to recover from his injuries this time, the Ice and Snow Dragon Emperor had absorbed almost all the remaining innate dragon vein energy.

boom!

At this time, Ye Feng did not hesitate and simply moved the mountain off the ground. .??.

After Shan Yue was moved away, Ye Feng immediately saw something like a broken dragon's whisker appearing at the broken roots of Shan Yue, emitting a faint light.

The Ice and Snow Dragon Emperor immediately spoke out: "This is the root of the innate dragon vein. It was broken in that chaotic battle between the ancient powers. It has not recovered even a little bit after so many years. I found it before I have tried countless methods, but I can't repair the root of this innate dragon vein."

When Ye Feng heard the Ice and Snow Dragon Emperor say this, he nodded slightly, and then without any hesitation, he directly released his Hongmeng Purple Qi.

Hongmeng Purple Qi has great magical effects and can repair all spiritual things in the world.

This innate dragon vein root is something bred by nature, and it naturally has spirituality.

So at this time, when Ye Feng's Hongmeng Purple Qi covered the root of the innate dragon vein, the entire innate dragon vein root, which was originally a broken form, started to recover again at this moment.

It is equivalent to growing an innate dragon vein root!

Has been completely restored!

"So fast....."

Seeing this scene, even the Ice and Snow Dragon Emperor, a supreme emperor, could not help but widen his eyes at this time.

He seemed to have never imagined that there would be such a miraculous ability in the world, which could restore the broken roots of the innate dragon veins in an instant.

At this moment, the Ice and Snow Dragon Emperor suddenly stared at Ye Feng beside him. He stared at the young man in front of him, with a deep and bright look in his eyes.

He knew that the potential of this human boy was really terrifying. Not only did he possess extremely powerful martial arts strength, but his talent for methods was also terrifying, which was really incredible.

At this moment, Ye Feng looked at the innate dragon vein root in front of him. He was really restored by his Hongmeng Purple Qi, and his eyes showed deep surprise.

Ye Feng immediately couldn't help but said with some anticipation: "It seems that we will have a steady stream of innate dragon vein energy to absorb."

At this moment, after the roots of the innate dragon veins were restored, waves of golden aura were released all of a sudden.

These golden breaths are the Qi of the innate dragon veins, which continuously surge out from the roots of the innate dragon veins.

The Ice and Snow Dragon Emperor couldn't help but speak out at this time: "Ye Feng, we can practice together now and share the energy of this innate dragon vein root."

Buzz!

After saying that, the Ice and Snow Dragon Emperor sat directly on the spot, and then began to operate his own skills, guiding the innate dragon vein energy generated in the roots of the innate dragon veins into his body, allowing the Ice and Snow Dragon Emperor to Instantly, he began to rapidly enhance his cultivation aura.

In other words, the Ice and Snow Dragon Emperor may not only restore his cultivation this time, but may even break through his current level and take his cultivation strength to a higher level.

"boom!"

Ye Feng no longer hesitated at this moment, and began to release the Devouring Domain, frantically devouring the Innate Dragon Vein Qi generated from the roots of the Innate Dragon Vein.

Buzz!

At this moment, Ye Feng immediately felt a steady stream of high-level energy, which was immediately injected into his Dantian, rapidly increasing his power.

You must know that the innate dragon vein energy produced by the roots of the innate dragon vein is very advanced. It was the spiritual object of heaven and earth that many ancient powers fought together to fight for.

So at this time, after Ye Feng absorbed the energy of these innate dragon veins, his skill immediately increased unparalleled, and could even be described as "surge".

"boom!"

Soon, Ye Feng began to erupt with powerful breakthrough momentum.

"boom!"

The fifth level of Shenyuan Realm!

"boom!"

The sixth level of Shenyuan Realm!

"boom!"

The seventh level of the Divine Origin Realm!

"boom!"

The eighth level of the Divine Origin Realm!

"boom!"

The ninth level of Shenyuan Realm!

"boom!!"

The tenth level of Shenyuan Realm is complete! !

At this time, along with the breakthrough,

Ye Feng's whole body was emitting black-gold light, and he looked very mysterious, as if a young god was about to be born.

It has to be said that the innate dragon vein energy produced in the root of the innate dragon vein is really too advanced and powerful, and it makes Ye Feng's skill instantly improve a lot, and it is enhanced by an unknown number of times.

But it's normal to think about it. After all, this innate dragon vein energy can restore the injuries of top powerhouses like the Ice and Snow Dragon Emperor, and even advance his cultivation. For Ye Feng's current state, it will naturally have a huge improvement effect. .

At this time, the innate dragon vein energy was still being continuously generated and surging, and Ye Feng no longer wasted time and continued to devour it.

Since the root of the innate dragon vein has been repaired this time, let's swallow enough!

"boom!"

The bottleneck of the tenth level of the Divine Origin Realm was broken.

Stepping directly into the half-step Divine Tibetan Realm above the Divine Yuan Realm!

"boom!"

The first level of Shen Zang Realm! !

At this time, the Ice and Snow Dragon Emperor who was practicing on the side couldn't help but open his eyes, looking at Ye Feng's continuous breakthrough momentum, with deep surprise in his eyes.

He couldn't help but said aloud: "In a short period of time, you have absorbed more innate dragon vein energy than I have, and your cultivation level has improved so quickly. In just a short moment, you have reached the level of The first level of the Divine Treasure Realm."

Ye Feng opened his eyes and restrained his aura at this moment.

At this time, the roots of the innate dragon veins are no longer able to produce the innate dragon vein energy.

Obviously, after the roots of the innate dragon veins were repaired, the innate dragon vein energy that was suddenly generated has now been exhausted.

The next time I absorb the energy of the innate dragon vein, it will probably be many years later.

After all, the root of the innate dragon vein cannot continuously produce the innate dragon vein energy. Every time it is generated, it takes decades to recuperate.

But for powerful monks whose lifespan is almost endless, decades are nothing.

At this time, Ye Feng looked at the Ice and Snow Dragon Emperor in front of him and couldn't help but ask: "Senior Dragon Emperor, my current cultivation level has entered the first level of the Divine Treasure Realm. I feel that my strength has been improved unparalleled. The actual combat power has also undergone earth-shaking changes, but it still feels very different from the aura

exuded by you, Senior Dragon Emperor. I wonder what level of cultivation level a top powerhouse in the Snow Region like you, Senior Dragon Emperor, is at? How many realms higher than the Shenzang realm I am currently in?"

The Ice and Snow Dragon Emperor smiled, with a hint of sigh in his eyes, and said loudly: "Your current cultivation level is also very terrifying on the land of snow, and it is probably second only to

We are the top existences. As long as top strong men like us don't take action, you can be said to be the most powerful. As for the realm of cultivation that I am currently at, it is three realms higher than your current level. "

"Three realms higher?"

There was a hint of amazement in Ye Feng's eyes. Sure enough, the cultivation of top figures like the Ice and Snow Dragon Emperor was indeed much stronger than that of ordinary masters.

At this time, Ye Feng couldn't help but asked curiously: "What is the realm above the Divine Treasure Realm?"

The Ice and Snow Dragon Emperor replied: "Beyond the Divine Treasure Realm, there is the Purple Mansion Realm, then the Tuojiang Realm, and finally the level I am currently at, the Open God Realm! Turning on your own True God Spirit can communicate with the void. The power of the True God in it is currently the most powerful realm in the Snow Realm. Of the three demon gods that came from the Demon Realm, I killed one, and there are two left. They are all existences in the Open God Realm, because no matter how powerful they are, The existence is excluded by the rules of the snowy world and cannot come. "

"Shenzang Realm, Zifu Realm, Tuojiang Realm, and the strongest Kaishen Realm in the Snow Region!"

Ye Feng couldn't help but murmur at this time, with deep excitement in his eyes. He didn't expect that he was not far away from the top level of the strongest in the Snow Region without knowing it.

At this time, Ye Feng seemed to have thought of something and couldn't help but ask: "By the way, Senior Dragon Emperor, what level is the hell dragon elephant lord who escaped from the mythical confinement space?"

When the Ice and Snow Dragon Emperor heard Ye Feng's question, he showed a rare look of fear in his eyes, and said slowly: "That is an existence that can fight with an ancient power like Hua Xian, and his strength is estimated to have surpassed The upper limit of our top level in the Snow Region."

"So strong?"

Hearing this, Ye Feng couldn't help but show a trace of fear in his eyes, and then said: "Then we can't defeat this Hell Dragon Elephant Lord at all."

The Ice and Snow Dragon Emperor couldn't help but smile and said: "The Hell Dragon Elephant Lord has been imprisoned in the mythical space for so long. Even if he escapes now, his strength will not be as powerful as it was at his peak. I guess the Hell Dragon Elephant Lord will really fight now." The power should be in the tenth level of Kaishen Realm, Great Perfection."

Ye Feng asked: "Where are you, Senior Dragon Emperor?"

The Ice and Snow Dragon Emperor said: "I am currently in the ninth level of the Kaishen Realm. Those two demon gods are in the seventh level of the Kaishen Realm. The Supreme Leaders of the three major snow regions that we left before are both in the first level of the Kaishen Realm. level."

When Ye Feng heard what the Ice and Snow Dragon Emperor said, he immediately nodded.

No matter what, there is still a big gap between my current strength and these top ones.

It seems that I still need to grow up for a while before I can fight side by side with top figures like the Ice and Snow Dragon Emperor and the three masters.

Chapter 3523 Swallow enough

At this time, the Ice and Snow Dragon Emperor looked at the roots of the innate dragon veins and found that they no longer produced the innate dragon vein energy.

He immediately looked at Ye Feng and couldn't help but ask: "Ye Feng, your cultivation level has broken through so much all at once, shouldn't it cause future troubles such as unstable realm, right?"

For Ye Feng, this amazing super genius, it is obvious that the Ice and Snow Dragon Emperor still cares very much.

Ye Feng immediately smiled at this moment and said: "Senior Dragon Emperor, don't worry, I will definitely not make fun of my martial arts practice. My physique is very special and I can withstand such a majestic power. "

When the Ice and Snow Dragon Emperor heard what Ye Feng said, he couldn't help but asked in surprise: "Ye Feng, you mean, if you have other energy to swallow now, you can continue to break through your cultivation realm. ?"

When this question was asked, the Ice and Snow Dragon Emperor showed a trace of surprise on his face.

Obviously, Ye Feng's behavior of crazily improving his cultivation just now made the Ice and Snow Dragon Emperor feel a little weird.

Because the Ice and Snow Dragon Emperor's current achievements were achieved step by step through cultivation.

But for Ye Feng, practicing seems to be as simple as drinking water and eating, which really makes people a little jealous.

Ye Feng smiled at this time and said: "As long as I have enough energy, I can upgrade infinitely."

"hiss!"

Hearing what Ye Feng said, even the Ice and Snow Dragon Emperor, the emperor of the Ice and Snow Dynasty, couldn't help but take a breath of air.

He couldn't help but sigh that Ye Feng's cultivation talent was simply terrifying!

At this moment, the Ice and Snow Dragon Emperor seemed to be thinking about something, and then suddenly said: "Ye Feng, I will take you to other places in the treasury. There are many other cultivation resources in the treasury of our Ice and Snow Dynasty. If you have the ability to devour them, I allow you to devour them all. As long as your current cultivation level can be rapidly improved, it will be of great use to us, because you have a special ability to restrain dark demons.

The super powerful magic weapon with the light attribute of our family can provide us with huge help at critical moments.”

The Ice and Snow Dragon Emperor spoke in a very domineering tone at this time. It was obvious that he had spent a lot of money to help Ye Feng grow up to a level similar to theirs as soon as possible and help them fight against the threat of the dark demons.

After all, the treasury of the Ice and Snow Dynasty was accumulated by the Ice and Snow Dynasty over the years.

But now the Ice and Snow Dragon Emperor took them all out and placed them in front of Ye Feng, letting Ye Feng devour them to his heart's content.

Because the Ice and Snow Dragon Emperor knew very well that if Ye Feng could really upgrade infinitely, then with so many resources provided to Ye Feng, Ye Feng's realm could be raised to a very terrifying level in a short period of time.

Even if you can't reach it

The top-level Kaishen realm they were in could probably be promoted to the Zifu realm, which was above the Shenzang realm.

When the time comes, Ye Feng can use that special and incomparable light attribute magic weapon to provide the greatest help to the Ice and Snow Dragon Emperor.

The Ice and Snow Dragon Emperor also knew very well that if Ye Feng could really help him kill the demon god coming from the dark demon clan, then everything would be worth it.

Even if the treasury is swallowed up by Ye Feng, it is still worth it.

Because without Ye Feng's help from the Ice and Snow Dragon Emperor, the Ice and Snow Dragon Emperor alone and the three not-so-powerful Supreme Leaders would be unable to resist the invasion of the dark demons.

By then the entire Ice and Snow Dynasty will be destroyed.

So at this time, the Ice and Snow Dragon Emperor naturally seized every opportunity he could to help himself prevent the catastrophe of the Ice and Snow Dynasty.

After all, compared with the entire Ice and Snow Dynasty being destroyed by the dark demons, the loss of some resources from the treasury is really nothing.

When Ye Feng heard what the Ice and Snow Dragon Emperor said at this moment, Ye Feng's eyes suddenly lit up and he couldn't help but said: "Is what the Senior Dragon Emperor said true?"

"That's right."

The Ice and Snow Dragon Emperor nodded very seriously and said, "As long as you have the ability, I will provide you with huge training resources."

After saying that, the Ice and Snow Dragon Emperor took Ye Feng directly towards the other direction of the treasury.

Ye Feng had undisguised excitement on his face at this time, following behind the Ice and Snow Dragon Emperor.

Ye Feng never thought that the Ice and Snow Dragon Emperor would do such a lavish thing.

However, Ye Feng thought about it carefully and felt that the Ice and Snow Dragon Emperor was taking a gamble.

Use the entire treasury's training resources to bet that you can grow to the level where you can help the Ice and Snow Dragon Emperor fight against the Dark Demon God and the Hell Dragon Elephant Lord.

Ye Feng thought of this and felt a little uneasy in his heart.

After all, it would be too embarrassing if he could not grow to a level that could help the Ice and Snow Dragon Emperor fight against the Dark Demon.

However, this was a once-in-a-lifetime opportunity to quickly improve his cultivation, and Ye Feng had to seize it.

And just when Ye Feng was thinking secretly in his heart, suddenly the Ice and Snow Dragon Clan leading the way stopped.

At this moment, Ye Feng suddenly saw that the place where the Ice and Snow Dragon Emperor brought him was full of trees emitting golden light.

Ye Feng exudes golden light from these

A very strong pure dragon energy can be sensed on the awning trees.

At this time, the Ice and Snow Dragon Emperor pointed to the place where the golden light trees grew, and said loudly: "These trees are called 'Dragon Blood Ancient Trees', and they were planted by generations of our elders of the Ice and Snow Dynasty in this small world of the treasury. , what is watered is the dragon blood of our seniors of each generation, so each of these ancient dragon blood trees contains a very large amount of dragon essence, which is specially used to cultivate the descendants of our Ice and Snow Dynasty, but The crisis of the Dark Demon Tribe is too intense now, and no one around me can help me. After all, if you want to fight against the Dark Demon Tribe's Demon God and the Hell Dragon Elephant Lord, ordinary so-called geniuses are of no use at all. Many of the elders of the dynasty are not very capable in combat, so now I am most optimistic about you, Ye Feng."

What the Ice and Snow Dragon Emperor said at this time was naturally the truth.

Because the so-called masters and geniuses around him now, although they are quite powerful, are simply unable to participate in the top level of the realm where he is currently.

Originally, the Ice and Snow Dragon Emperor didn't have much expectations for Ye Feng. After all, Ye Feng was too young, his cultivation was too weak, and he was much lower than the top levels like them.

However, the Ice and Snow Dragon Emperor has discovered that Ye Feng can continue to break through and upgrade through constant devouring power.

This made the Ice and Snow Dragon Emperor's eyes light up in an instant, and he found hope.

If it were other geniuses or some experts from the royal family, even if they were given the training resources in the entire treasury, they would not be able to reach the top level in a short period of time.

But Ye Feng is different.

Ye Feng possesses such a demonic ability. By constantly devouring cultivation resources, he can achieve unlimited breakthroughs in an instant.

This is really incredible!

But it also made the Ice and Snow Dragon Emperor feel as if he had obtained a treasure.

The Ice and Snow Dragon Emperor knew at this time that it would be difficult for him alone to contend with the two demon gods descending from the dark demon clan, and an even more terrifying Hell Dragon Elephant Lord.

So he must have a strong helper.

Ye Feng happens to be able to upgrade infinitely, and he also has a super magic weapon with light attributes, which is perfect for restraining the dark race.

So this is simply like God giving them the savior of the Ice and Snow Dynasty.

Therefore, the Ice and Snow Dragon Emperor is naturally very generous now. What if he consumes some resources from the treasury in order to save the fate of the entire Ice and Snow Dynasty?

Nothing at all!

At this moment, Ye Feng heard what the Ice and Snow Dragon Emperor said, and his eyes showed excitement.

Ye Feng made a rough estimate of this large area of ancient dragon blood trees.

There are thousands of trees.

Every dragon blood ancient tree contains very majestic dragon energy power.

This is definitely a great supplement for Ye Feng!

At this time, Ye Feng looked at the Ice and Snow Dragon Emperor beside him and asked with some uncertainty: "Senior Dragon Emperor, are you sure that this ancient dragon's blood forest that has grown for so many years will be given to me?"

The Ice and Snow Dragon Emperor glanced at Ye Feng meaningfully, smiled and patted Ye Feng's shoulder, and said loudly: "Go ahead and devour it to your heart's content. I want to see how high you can rise to?"

"good."

Ye Feng didn't say anything more at this time. Without any pretense, he directly released the Dark Devouring Domain, covering the entire Dragon Blood Ancient Forest in front of him. "

"Buzz buzz..."

Almost at this moment, golden energy suddenly appeared on the huge ancient dragon blood trees. It was pure dragon essence, which was forcibly absorbed by Ye Feng using the Devouring Domain.

"Boom boom boom boom..."

Then, after the golden dragon essence contained in these ancient dragon blood trees was absorbed, all of it was injected into Ye Feng's physique.

Ye Feng felt it immediately, as if extremely abundant golden dragons were injected into his limbs.

It was simply a kind of majestic and explosive energy!

Ye Feng's skill suddenly began to grow at an extremely exaggerated speed at this moment.

As his skills continued to grow, Ye Feng's cultivation realm, which he had just broken through before, began to continue to improve at an explosive speed.

"boom!"

The second level of the Divine Treasure Realm!

"boom!"

The third level of Shen Zang Realm!

"boom!"

The fourth level of the Divine Treasure Realm!

"boom!"

The fifth level of the Divine Treasure Realm!

"boom!"

The sixth level of the Divine Treasure Realm! !

At this time, Ye Feng's cultivation aura finally stopped.

The originally vibrant dragon's blood ancient forest in front of them had all withered and withered at this moment. It was obvious that all the life energy had been sucked dry by Ye Feng.

"You can indeed upgrade infinitely!"

At this time, the Ice and Snow Dragon Emperor standing next to Ye Feng was obviously extremely excited.

He waved his hand and said very domineeringly: "Let's go, I will take you to the next cultivation resource area, and I will let you eat enough today!"

Chapter 3524 The troops are approaching the city

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng's eyes showed a hint of excitement.

The Ice and Snow Dragon Emperor is going to risk his life to accompany the gentleman and make himself completely crazy for once.

But Ye Feng also knew that the Ice and Snow Dragon Emperor had no other choice but to invest in his own super genius.

Thinking of this, Ye Feng immediately said to the Ice and Snow Dragon Emperor who was leading the way: "Senior Dragon Emperor, as long as I rise to a strong enough level, I will definitely help you, Senior Dragon Emperor, fight against those terrifying dark demons. Threatening."

Hearing what Ye Feng said, the Ice and Snow Dragon Emperor couldn't help but turn around, patted Ye Feng's shoulder, and said solemnly: "I really put all my bets on you this time, Qian Don't let me down."

Ye Feng immediately nodded and said, "As long as I continue to break through, I will have the confidence to fight those dark demons."

"Um."

The Ice and Snow Dragon Emperor said slowly: "But you don't have to worry too much. After all, I won't let you face such a terrifying opponent alone. This time I am alone and will fight against that Hell Dragon Elephant Lord. And Ye Feng, you Using the light attribute magic weapon can just restrain the two remaining demon gods of the dark race. When the time comes, the three supreme masters will fight with you against the two demons, so you have the help of three powerful supreme masters. No need Too worried."

Hearing what the Ice and Snow Dragon Emperor said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "If there are three supreme masters of the first level of the God Realm who help me, then the chance of winning will be even greater."

The Ice and Snow Dragon Emperor nodded, then did not say anything more, but continued to fly quickly in a certain direction ahead.

Ye Feng followed closely behind, with a very curious look in his eyes. He didn't know what kind of cultivation resources would be in the second area that the Ice and Snow Dragon Emperor took him to.

Half an hour later, the Ice and Snow Dragon Emperor finally arrived at the second area with Ye Feng.

"This is....."

Ye Feng immediately saw a very chaotic battlefield area in front of him.

Above this battlefield area, there are many fossils on the ground.

These fossils all look like amber and are very beautiful.

But Ye Feng felt an extremely terrifying energy fluctuation from each of these fossils.

Ye Feng immediately showed deep surprise in his eyes, and couldn't help but ask: "These fossils should be left behind by powerful creatures from ancient times."

"good."

The Ice and Snow Dragon Emperor immediately nodded, smiled and said: "This ancient battlefield is left over from a long time ago. Each of the fossils in it is the result of the death of the ancient superpowers. It dispersed and then condensed into a solid state, thus becoming the amber-like fossilized state it is today."

"The skills and energy of each ancient powerful person have materialized?"

When Ye Feng heard what the Ice and Snow Dragon Emperor said, a trace of surprise suddenly appeared in his eyes.

The Ice and Snow Dragon Emperor immediately nodded and said aloud: "Yes, these crystals are all solid power and energy, solidified by the power of the world in our treasury's small world.

It has been sealed here and has not dissipated after countless years. These should be good cultivation resources for you, Ye Feng. "

Ye Feng nodded expectantly and said aloud: "Senior Dragon Emperor, you're welcome."

The Ice and Snow Dragon Emperor smiled and said, "Please do so."

"Uh-huh!"

After the words fell, Ye Feng no longer hesitated and flew directly to the ancient battlefield area ahead.

At this moment, Ye Feng looked at the amber-like fossils underneath, which were the crystallizations of the power and energy of ancient powerful men. He no longer hesitated and instantly burst out his Devouring Domain.

"boom!"

A large black and boundless swallowing field immediately emanated from Ye Feng's body and spread towards the surroundings, covering the entire ancient battlefield below in an instant.

"Buzz!"

"Buzz!"

"Buzz!"

At this moment, streams of skill energy were extracted from the fossils on the ancient battlefield below, and then all injected into Ye Feng's body.

Ye Feng immediately felt that his skill had been greatly enhanced and improved.

It has to be said that the skills contained in these ancient fossils are very pure, so they have a huge improvement effect on Ye Feng at this time.

At this moment, Ye Feng could immediately feel that his cultivation was improving at an incredible speed.

Because you must know that these ancient fossils are solid energy condensed from the skills of ancient strong men.

Therefore, there is no impurity at all. After Ye Feng absorbs it, he can fully enhance his own power.

"boom!"

The Seventh Heaven of the Divine Treasure Realm!

"boom!"

The eighth level of the Divine Treasure Realm!

"boom!"

The ninth level of the Divine Treasure Realm!

"boom!"

Great Perfection in the Tenth Level of the Divine Treasure Realm! !

At this time, Ye Feng's cultivation level can be said to have improved a lot all of a sudden, directly to the tenth level of Shenzang Realm, Great Perfection!

If this kind of breakthrough speed spreads out, it will definitely shake the entire snowy land.

All strong men will be shocked.

Because it's so incredible.

"boom!"

At this time, Ye Feng once again broke through with a powerful aura of cultivation.

Directly from the tenth level of Shenzang Realm, he broke through to the half-step Zifu Realm above Shenzang Realm!

At this moment, the big shot Ice and Snow Dragon Emperor standing aside also had a look of deep amazement in his eyes as he stared at Ye Feng, but he didn't say anything more. Apparently he didn't want to say anything more. because

This feeling cannot be described in words.

"Half step to the Purple Mansion realm!"

At this time, Ye Feng's eyes suddenly showed deep excitement.

I didn't expect that I would make so many breakthroughs in such a short period of time. .???.??

In this small world of the treasury, Ye Feng really received huge cultivation resources. His improvement in cultivation was like an obsessive and crazy improvement, which shocked Ye Feng himself.

At this moment, Ye Feng looked at the Ice and Snow Dragon Emperor beside him, his eyes were glowing red, and he said loudly: "Dragon Emperor, are there any other training resources? Give them all to me! As long as I continue to make crazy breakthroughs , those so-called dark demons are nothing at all!"

Seeing Ye Feng's eyes glowing red, the Ice and Snow Dragon Emperor twitched the corner of his mouth and said loudly: "There are almost only so many high-end resources in the treasury that can

satisfy your devouring, and the others are relatively ordinary cultivation resources. It probably won't do much for you, but I can still help you, I want to give you a cultivation initiation!"

"boom!"

Almost at the moment when the Ice and Snow Dragon Emperor finished speaking, the Ice and Snow Dragon Emperor directly stretched out a hand towards Ye Feng.

As this hand stretched out towards Ye Feng, it turned into a golden dragon claw in mid-air, and then pressed directly on Ye Feng's head.

next moment.

Boom!

An incomparably terrifying dragon energy burst out from that dragon claw in an instant, pouring crazily directly into Ye Feng's entire limbs.

The Ice and Snow Dragon Emperor was actually willing to give Ye Feng a cultivation initiation. He wanted to forcibly improve Ye Feng's cultivation level, which was really crazy to the extreme.

However, Ye Feng is also a crazy person. At this time, Ye Feng did not hesitate at all. He absorbed all the energy from the Ice and Snow Dragon Emperor into his limbs and began to crazily improve his cultivation.

"Rumble..."

At this moment, Ye Feng immediately felt that a wave of extremely terrifying energy was injected into his Dantian, which felt like it was about to burst.

You know, the Ice and Snow Dragon Emperor is the top super strong man in the snow region.

Therefore, the energy released by the Ice and Snow Dragon Emperor's initiation at this time is naturally very majestic and terrifying.

At this moment, Ye Feng's cultivation that had just stopped once again made a huge breakthrough.

"boom!"

The first level of Zifu Realm!

"boom!"

The second level of Zifu Realm!

"boom!"

The third heaven of Zifu Realm!

"boom!"

The fourth level of Zifu Realm! !

At this time, Ye Feng's improvement in cultivation can be described as "crazy".

This is definitely a crazy improvement!

It was simply terrifying to the extreme!

However, the only witnesses were Ye Feng and Ice and Snow Dragon Emperor.

The Ice and Snow Dragon Emperor was also completely ready to fight at this time.

Now he doesn't care whether Ye Feng's crazy improvement in cultivation will destroy Ye Feng's martial arts foundation.

Now all the Ice and Snow Dragon Emperor's hopes are placed on Ye Feng, so the Ice and Snow Dragon Emperor must raise Ye Feng's cultivation to an extremely high level.

So at this moment, the Ice and Snow Dragon Emperor even spit out one of his own golden dragon beads and circled it around Ye Feng, allowing Ye Feng to absorb enough energy to continue to break through.

"boom!"

The fifth level of the Purple Mansion Realm!

"boom!"

The sixth level of Zifu Realm!

...

"boom!"

Perfection in the tenth level of the Purple Mansion Realm!

"boom!"

Expand the territory in half a step! !

At this time, Ye Feng's cultivation level has simply risen to an extreme level. The aura on Ye Feng's body is as violent as a tornado, which is terrible.

At this moment, the Ice and Snow Dragon Emperor even felt as if he was exhausted. He immediately retracted his hand, and his strength was also consumed a lot.

But at this time, the Ice and Snow Dragon Emperor's eyes were indeed full of surprise.

Because Ye Feng really did not disappoint him.

The direct cultivation level has been upgraded to the half-step expansion realm, which is only one level lower than the Kaishen realm.

The Ice and Snow Dragon Emperor knows very well that Ye Feng's true combat power is very powerful, so Ye Feng is currently in the Half-Step Expansion Realm. If he displays his true combat power, he is estimated to be comparable to the existence of the Great Perfection in the Tenth Level of the Expansion Realm.

And you must know that Ye Feng also has an ancient and incomparable super magic weapon with light attributes.

Coupled with the magic weapon of light attribute, Ye Feng is estimated to be able to fight against the dark demons at the level of Kai Shen.

At this time, the Ice and Snow Dragon Emperor finally felt a little relieved. In a short period of time, he finally created a person with combat power comparable to the Kai Shen realm.

But afterwards, the Ice and Snow Dragon Emperor was still quite frightened.

He never thought that Ye Feng could really withstand such a violent improvement.

"Uh-huh!"

And suddenly at this moment, a musical instrument suddenly flew over from a certain direction not far away, flying directly in front of the Ice and Snow Dragon Emperor and Ye Feng.

A very urgent voice suddenly came out from inside: "Report to Your Majesty! The dark demons suddenly invaded in large numbers, and millions of dark race troops came to the city! All the princes and princesses have returned, and now we are all in the ice and snow. Most of the dynasty's territory has been captured by the dark demons, and currently they can only defend the area near the imperial city. "

"What?"

When the Ice and Snow Dragon Emperor heard this report, his eyes suddenly became a little frightened and angry, and also a little low. He couldn't help but said aloud: "I didn't expect that in the short period of time we were in the small world of the treasury, such earth-shaking things happened outside. It seems that the dark demons have the support of the ancient dark power of the Hell Dragon Elephant Lord, and they are really starting to fight unscrupulously! "

Chapter 3525 First Grade Prince

At this moment, the Ice and Snow Dragon Emperor was speaking with a hint of shock and anger in his tone.

Because he never expected that the dark demons would come so quickly.

There was not even any time to prepare for the Ice and Snow Dragon Emperor.

The Ice and Snow Dragon Emperor looked at Ye Feng beside him and said slowly: "Ye Feng, follow me out and take a look to see what is going on now."

Ye Feng did not hesitate at this time and nodded.

Since he has received huge favor from the Ice and Snow Dragon Emperor, it is naturally impossible for Ye Feng to turn a blind eye to the crisis that the Ice and Snow Dynasty is suffering.

At this time, Ye Feng naturally wanted to help the Ice and Snow Dragon Emperor with all his strength to fight against the dark demon clan.

In addition, these top strong men from the demon clan who came to the Snowy Land were also a feast for Ye Feng.

If it can be eaten, it will definitely increase Ye Feng's power tremendously.

After all, in the snowy land, energy resources of this level are already very few.

After all, Ye Feng's cultivation level is now close to that of the top expert in the Snow Region. Ordinary training resources can no longer satisfy Ye Feng's improvement.

Just when Ye Feng was thinking about it, he followed the Ice and Snow Dragon Emperor and the Ice and Snow Dynasty guard who reported the situation, and they had already walked out of the small world of the treasury.

When they came outside, they saw that the entire palace was heavily guarded.

Moreover, the entire palace, including the entire surroundings of the imperial city and the sky, was covered with a layer of golden defensive light.

In the golden defensive light shield, there is also a dragon-shaped light shining.

Obviously, the entire army of dark demons is now approaching the city, and the situation is very dangerous.

The guards in the entire imperial city naturally had to hold up the defensive light barrier in the entire palace.

Almost all the protective formations have been activated and can protect the safety of the entire imperial city.

When Ye Feng saw this scene, his eyes showed surprise.

It seems that the invasion of the dark demons this time is really critical, making the entire palace of the Ice and Snow Dynasty so nervous.

At this moment, the Ice and Snow Dragon Emperor brought Ye Feng directly to the palace hall.

In the palace hall, Ye Feng saw that many princes had returned, and many princesses, including the ninth prince whom Ye Feng was familiar with, had returned. There were also many court officials gathered there. Here, waiting for the arrival of the Ice and Snow Dragon Emperor.

"Meet my father!"

"See Your Majesty!"

At this time, when they saw the Ice and Snow Dragon Emperor walking in, many princes and princesses, as well as many ministers in the entire hall, clasped their fists respectfully.

What surprised their eyes was that Ye Feng was actually following the Ice and Snow Dragon Clan, and seemed to be very familiar with the Ice and Snow Dragon Clan.

This made many princes and princesses look nervous, because they knew that Ye Feng was a popular person around the Ninth Prince. Ye Feng and the Ice and Snow Dragon Emperor seemed to have a close relationship now, which made other princes Both the prince and the princess felt the crisis.

But they were just thinking about it. After all, the most important thing now was to fight against the dark demons. If the dark demons could not resist and destroyed the entire Ice and Snow Dynasty, then there would be no point in their fight for the throne.

At this time, the Ninth Prince's eyes were very calm, because he knew that it was Ye Feng who saved his father.

At this time, the Ninth Prince was still very excited because Ye Feng was a popular person around him. Now that Ye Feng had saved his father, his father would definitely take Ye Feng very seriously.

And Ye Feng is a staff member beside him. His father attaches great importance to Ye Feng, which means that his father will also pay special attention to the Ninth Prince.

At this time, the Ice and Snow Dragon Emperor looked at all the princes, princesses and ministers in the entire central hall, and then said slowly: "The dark demons have bullied others too much. This time we will fight back hard."

\u003e

A prince immediately stepped forward, clasped his fists respectfully and said: "Father, the army of darkness has gathered millions of trees and is attacking the territory of our entire Ice and Snow Dynasty. Many cities have been lost, and the borders have long been occupied. Now we can only retreat to the imperial city, how should we fight back now?"

The Ice and Snow Dragon Emperor spoke slowly: "During this period, we will first guard the entire imperial city. Then I will send spies outside to inquire about the situation and see what the specific movements of the dark demons are now. After that, we will Then formulate a battle plan."

Hearing what the Ice and Snow Dragon Emperor said, many princes and princesses nodded.

At this moment, Ye Feng walked to the side of the Ninth Prince.

The Ninth Prince immediately asked in a low voice: "Brother Ye, how is my father's injury?"

It has to be said that the Ninth Prince still cares about his father very much.

Because he also knew very well that his father was the biggest pillar of the entire Ice and Snow Dynasty. If the Ice and Snow Dragon Emperor fell, then the entire Ice and Snow Dynasty would probably fall into a state of destruction.

At this time, Ye Feng smiled and said softly: "Ninth Prince, don't worry, His Majesty the Dragon Emperor has completely recovered."

Hearing what Ye Feng said, the Ninth Prince's eyes suddenly lit up, and he couldn't help but say: "That's great! By the way, Brother Ye, what level of cultivation have you reached now? I can't see through you no matter what. A specific aura of cultivation."

Ye Feng smiled slightly at this moment, and then released his cultivation power.

Buzz!

That is a terrifying cultivation level that can expand the frontier in half a step!

The existence of the Kaishen Realm, which is the highest level next to the Snow Realm!

"this....."

Sensing such a terrifying cultivation aura from Ye Feng, the Ninth Prince was completely shocked. His eyes widened and he stared at Ye Feng in front of him, unable to speak for a long time.

"What, is this a half-step to expand the realm of cultivation??"

At this time, Ye Feng did not deliberately hide his aura. The other princes and princesses around him, as well as many ministers, all felt the powerful aura of Ye Feng.

They suddenly looked like the Ninth Prince, with extremely dull expressions on their faces.

Because a few months ago, when Ye Feng first participated in the royal competition, his cultivation level was only very weak.

But now, in just a few months, he has crossed several great realms at once, directly breaking through to the half-step expansion realm. He is only one step away from the top powerhouse of the God Opening Realm like His Majesty the Dragon Emperor. realm.

This is really incredible!

The speed of this breakthrough is simply incredible!

Ordinary people would never dare to think about it.

But now it is really happening in front of their eyes, and many people are unable to accept it.

If it weren't for the fact that the aura on Ye Feng's body was indeed as vast as the abyss and the sea, everyone wouldn't be able to believe that Ye Feng was now so powerful.

At this moment, when everyone was shocked, the Ice and Snow Dragon Emperor smiled slightly, looked at Ye Feng, and slowly announced to everyone: "By the way, I have one more thing to announce, that is, Ye Feng now has the strength to fight with the most powerful people in our snowy land, and he has a special light attribute super magic weapon to restrain the dark race, so next, Ye Feng will fight with me. In addition, I now officially declare that Ye Feng will be the first-class prince of our Ice and Snow Dynasty! His status is second only to that of my emperor!"

"Wow!!"

Hearing what the Ice and Snow Dragon Emperor said, everyone present suddenly widened their eyes, and there was a violent uproar in the field.

"The first-class king

Hou! "

"I didn't expect that after hundreds of years, a first-class prince would appear again!"

At this time, many ministers present couldn't help but exclaimed.

Because there are many old ministers of the Ice and Snow Dynasty who have gone through a lot, in the history of the Ice and Snow Dynasty, there are rarely the top titles like first-class princes.

Because a first-grade prince is definitely second only to the emperor, and he absolutely enjoys unparalleled rights in the entire Ice and Snow Dynasty.

At this moment, many princes and princesses took a deep breath, with deep horror in their eyes.

They never expected that Ye Feng, a young human race boy who seemed quite ordinary before, could counterattack to such an extent in just a few months.

Not only has his cultivation level been raised to the half-step Expansion Realm, his combat power is comparable to the top powerhouses in the Kaishen Realm above the Expansion Realm, but he has also been rewarded by His Majesty the Ice and Snow Dragon Clan, and has been directly promoted to a first-class prince, enjoying the pinnacle of the entire Ice and Snow Dynasty. power, second only to the emperor.

This is really unbelievable and unbelievable.

In the history of the Ice and Snow Dynasty, there has never been such an existence.

At this time, everyone was staring at Ye Feng, who was not far away, with a deeply complicated look in their eyes.

Because Ye Feng has now become an existence that is unattainable even for princes and princesses like them. The title of first-grade prince is really too noble.

Moreover, Ye Feng's current cultivation level and real combat power have reached the level that they look up to. It really makes many princes and princesses who looked down on this human boy before feel very mixed feelings in their hearts.

At this moment, many old ministers couldn't help but say: "Your Majesty, is it a bit too hasty to directly reward such a young boy to become a first-class prince of our Ice and Snow Dynasty? Your Majesty, please think twice."

His Majesty the Dragon Emperor glanced at the old minister, and then said calmly: "This is my decision, please don't say any more. The fate of our Ice and Snow Dynasty now depends entirely on Ye Feng."

"What?!"

Hearing what the Ice and Snow Dragon Emperor said, everyone was shocked again.

What exactly happened to Ye Feng now?

He actually made the Ice and Snow Dragon Emperor pay so much attention to him!

Or even saying that the fate of the entire Ice and Snow Dynasty needs to be supported by Ye Feng?

This sentence is too exaggerated.

But what it said from the mouth of the Ice and Snow Dragon Emperor, the controller of the Ice and Snow Dynasty, must be true, Jun Wu said.

Even the Ninth Prince, who was very familiar with Ye Feng, could not help but stare at his brother Ye next to him with his eyes wide open at this moment.

He was very confused in his heart, what did Ye Feng do during this time?

Just rescuing his father shouldn't cause his father to attach such exaggerated importance to it.

At this moment, the Ice and Snow Dragon Emperor said nothing more, but waved his hand, and then disappeared into the central hall.

When everyone saw the Ice and Snow Dragon Emperor disappear, their faces showed very complicated and horrified expressions, as if they were still thinking about the incredible things that happened in the central hall today.

Ye Feng, a little person who was unknown a few months ago, suddenly became a big shot in the entire Ice and Snow Dynasty, and he was also a super big shot second only to the emperor.

Many ministers could not help but come to Ye Feng at this time. They were very respectful and began to compliment him, hoping to have a good relationship with Ye Feng, the top first-class prince.

However, Ye Feng refused one by one at this time and just followed the Ninth Prince towards the outside of the central hall.

And all the princes and princesses in the entire central hall, even the most powerful emperor

The prince and the third prince both had extremely frustrated looks on their faces at this moment.

Originally, the Ninth Prince was the weakest among them, and anyone could crush him. However, the Ninth Prince had a keen eye and took a fancy to Ye Feng, who was still very ordinary at that time.

Ye Feng's appearance was like a dimension-reducing blow to these powerful princes and princesses.

Then many princes and princesses couldn't help but smile bitterly: "The Ninth Prince is really lucky to have such a peerless talent..."

And just when everyone was sighing.

The Ninth Prince and Ye Feng have returned to the royal garden.

At this time, before Ye Feng could wait for the Ninth Prince to ask him what happened, he directly said: "Ninth Prince, before you came back from the border, was there still no news about Princess Caiyun?"

When the Ninth Prince heard that Ye Feng's first question was to ask about Princess Caiyun, he immediately couldn't help but said: "If Princess Caiyun knew that Brother Ye was so obsessed with her and worried about her, I guess Princess Caiyun would be very moved, and even commit yourself to it, but I guess there is really a special relationship between you and Princess Caiyun? "

When Ye Feng heard what the Ninth Prince said, he immediately couldn't help laughing and said: "Princess Caiyun and I have known each other for so long, and we are very good friends, just like the Ninth Prince and I, if the Ninth Prince and I, if your life or death suddenly becomes unknown, I will definitely be worried."

When the Ninth Prince heard what Ye Feng said, he immediately couldn't help but waved his hands and said loudly: "Ye Feng, don't curse me, but Princess Caiyun, I really didn't get the news. Since Ye Feng, you brought your father with you before, After the emperor left the Giant Spirit City, I have been sending spies to explore various situations around me, trying to find traces of Princess Caiyun, but they have not been found. However, on the way to the imperial city, I saw a group of walking dark demons. Among the army of demon clan, I saw a figure very similar to Princess Caiyun. However, the situation was urgent at that time. In order to avoid being discovered by the terrifying army of dark demon clan, I did not watch carefully, but it should not be Princess Caiyun. She How could he be mixed up with the dark demon clan?"

He does not mean that.

When Ye Feng heard the Ninth Prince say this, his eyes flashed slightly.

Because Ye Feng learned from the Ice and Snow Dragon Emperor that the true identity of Princess Caiyun was not a descendant of the Ice and Snow Dynasty, but a demon princess from the royal

family of the Asura Empire among the dark demons, and a powerful fairy painter from the Snow Region. Heirs.

Therefore, Princess Caiyun has half of the blood of the demon royal family flowing in her body.

But Ye Feng feels that Princess Caiyun should not be mixed up with the dark demons. After all, Princess Caiyun's three views are still very upright.

At this time, Ye Feng had some vague speculations in his heart. Could it be that a super strong person among the dark demons discovered the special identity of Princess Caiyun, so he imprisoned Princess Caiyun in the army of the dark demons, hoping to possess this Bring back a noble heir with half the royal blood of the Asura Empire?

Because the blood flowing in Princess Caiyun's body is not just the ordinary demon blood, but the more advanced blood of the royal family of the Asura Empire in the fourth realm of the demon realm, which is very noble.

Ye Feng and Princess Caiyun have always had a private agreement, that is, to enter the Demon Realm together.

And during such a long period of getting along, Ye Feng and Princess Caiyun also have a quite close relationship.

Therefore, Princess Caiyun is now suspected to have fallen into the group of dark demons. Ye Feng decided that after the war, no matter whether Xueyu wins or loses, he must find Princess Caiyun.

Because Princess Caiyun is not only Ye Feng's good friend, but also the key figure for Ye Feng to enter the fourth realm, the Demon Realm.

"Uh-huh!"

Just when Ye Feng and the Ninth Prince were talking, suddenly a musical instrument flew over not far away, and the voice of the Ice and Snow Dragon Emperor came from inside: "Ye Feng, come to my study quickly, there is something important to do." Tell you."

Chapter 3526 Important Task

Hearing the Ice and Snow Dragon Emperor's voice transmission, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Is there a situation so soon?"

The Ice and Snow Dragon Emperor said before that he would send out scouts to investigate the fighting situation outside, and it seems that the result has been achieved.

The Ninth Prince immediately spoke up and said: "Brother Ye, since my father asked you to go over quickly, then you should go over quickly. There must be something particularly important."

"good."

Ye Feng nodded slightly, and then flew directly towards the center of the palace.

Ye Feng's current cultivation level has already entered the half-step border expansion realm, so his speed is very fast.

In less than a moment, Ye Feng had arrived at the central area of the palace.

There is a golden hall standing here, which looks very luxurious.

This is where the emperor of the Ice and Snow Dynasty lived.

Ye Feng walked directly into it without any hesitation, and then came to the study where the Ice and Snow Dragon Emperor was.

Squeak!

At this time, when Ye Feng opened the door of the study, he immediately saw a very sad-looking middle-aged man sitting in the study.

It was the Ice and Snow Dragon Emperor.

Obviously, the Ice and Snow Dragon Emperor was still very worried about this invasion of the dark demons.

After all, the opponent is very terrifying. Not only are there still two extremely powerful demon gods of the dark race, but there is also the Hell Dragon Elephant Lord who escaped from the mythical confinement space. The pressure is still very high.

Although the Ice and Snow Dragon Emperor had previously said that Ye Feng was hope in the entire hall, he actually wanted to stabilize everyone's confidence and did not want the entire imperial city to fall into chaos.

In fact, Ye Feng's current cultivation level is at the half-step expansion realm, and the Ice and Snow Dragon Clan is not too far away and feels very safe. After all, Ye Feng's cultivation level is still much lower than the real Kaishen Realm level.

In the eyes of the Ice and Snow Dragon Emperor, Ye Feng can barely help them at this level, but it is not yet at the level that can influence the outcome of the entire war.

At this moment, after Ye Feng entered the study, the Ice and Snow Dragon Emperor noticed Ye Feng's aura, turned around, and said slowly: "Ye Feng, you are here. This time, I have a very important one." The task is entrusted to you."

Ye Feng immediately nodded and said: "Senior Dragon Emperor, if you have any important tasks, just tell me directly. As long as I can do it, I will go all out to do it."

At this time, the Ice and Snow Dragon Emperor suddenly picked up a map with many marks on it from the desk in front of him, then handed it to Ye Feng and said loudly: "The spies just came to report. It is said that the dark demons are now commanding many armies. , instead of directly attacking the imperial city of our Ice and Snow Dynasty, they gathered in a primitive jungle outside the wilderness, and they didn't know what they were doing.

Well, ordinary spies from our dynasty can't detect it, but I guess there must be something very terrible going on, so I need you, Ye Feng, to go alone to investigate this matter. No one can tell it to prevent the news from leaking. Because now the dark demon army is approaching the city, many people in the imperial city want to surrender to the enemy, so this matter must not be leaked. "

Ye Feng nodded and said, "Okay, I understand."

The Ice and Snow Dragon Emperor continued: "Ye Feng, you are the new super genius of our Ice and Snow Dynasty, so the dark demons should not pay much attention to you."

When Ye Feng heard this, his eyes moved and he couldn't help but ask: "Can the dark demons still extend their tentacles into the imperial city?"

The Ice and Snow Dragon Emperor nodded and said: "Actually, including me, and the three most powerful sect masters on the snowy land, they have all been secretly locked by the demon god among the dark demons. Therefore, we cannot act rashly. We can only take action after the final decisive battle. But Ye Feng, you are different. You have just broken through to such a powerful state and have not been targeted by the demon gods in the dark demon clan. Wherever you go, the dark demon The clan should not be aware of anything."

Ye Feng's eyes showed a hint of surprise, and he couldn't help but said: "That's it."

The Ice and Snow Dragon Emperor patted Ye Feng on the shoulder and said: "Thank you for the hard work this time. Go and see what the dark demons are doing in that primitive forest, and report to me in time. I will give you a report." You have several Void Transmission Talisman. Once you find a problem, you can use this Void Transmission Talisman to tell me the information immediately."

Ye Feng immediately nodded solemnly, put the map in front of him into his storage ring, and said loudly: "Senior Dragon Emperor, don't worry, my hiding ability is still very good, and I will never be If anyone finds out, I will report it to you immediately, Senior Dragon Emperor, once I find out what's going on in that primitive jungle."

The Ice and Snow Dragon Emperor nodded slightly, couldn't help but patted Ye Feng's shoulder, sighed and said: "We must win this war, otherwise, not to mention our entire Ice and Snow Dynasty, even the entire snowy land, will be destroyed. Will be enslaved by the dark demons."

"I won't let that happen."

Ye Feng spoke very firmly at this time, then turned around and walked out.

When Ye Feng left the Ice and Snow Dragon Emperor's study, he did not directly shuttle around the palace. Instead, he directly used the space gem to open up a space wormhole, and instantly moved to the wilderness outside the imperial city.

Uh-huh!

Then Ye Feng took out the ice and snow dragon emperor gave him from the storage ring.

The map flew quickly towards the direction of the primitive jungle marked on the map.

On the way, Ye Feng used his original power to directly transform his human aura into the aura of the dark demon clan.

Ye Feng's whole body suddenly surged with dark demonic aura, and his whole body looked full of demonic aura.

The reason why Ye Feng is very confident that he will not be discovered by the dark demons is precisely because of Ye Feng's magical ability to transform his own original power.

This ability is sometimes more effective for Ye Feng than any powerful inheritance.

Uh-huh!

At this time, Ye Feng was exuding a strong demonic energy and flew quickly towards the depths of the wilderness.

The virgin forest pointed on the map is at the end of this wilderness.

Along the way, Ye Feng saw many broken walls, many broken buildings, and even several huge cities, which had been completely destroyed, leaving only ruins.

Seeing this scene, Ye Feng suddenly felt a trace of shock and anger in his heart. .??.

These dark races from the Demon Realm bring only destruction and destruction.

At this time, Ye Feng not only thought about himself, but also that he was going to the fourth realm, the Demonic Realm, where he would face thousands of even more terrifying and ferocious demons.

Because in the vast interface of the Demon Realm, there are not only the demon clan, the Asura clan, or the dark demon clan, etc.

In fact, it was not the entire Demonic Realm that invaded the Snowy Realm, but only the Asura Empire, a demonic empire.

However, Ye Feng has the ability to transform his own life source. When the time comes, he can perfectly integrate into the entire demon realm, so he doesn't have too much to worry about.

Moreover, during Ye Feng's time in the Ice and Snow Dynasty, he also read a lot of ancient books about the Demon Realm.

Ye Feng also knew that there were battles and killings everywhere in the Demon Realm, which was different from the peace in other realms.

The thousands of demon clans in the Demon Realm are all in a state of war between princes and chaotic conquests.

The Snowy Territory seems like thousands of races are vying for hegemony, but after all, there is an extremely powerful commander race, the Ice and Snow Dragon Clan, which is relatively peaceful.

But the Demon Realm is completely different.

In the vast and endless land of the Demon Realm, there is no dominant level force at all. The weak demons will be swallowed up by the powerful demons, which is very cruel.

Therefore, Ye Feng knew very well that even if he had the ability to transform his original attributes, he might not be able to survive well in the Demon Realm.

However, Ye Feng did not understand the chaotic conquest state of the Demon Realm interface recorded in ancient books.

Too much fear.

Because, Ye Feng's bones actually contain the element of fighting.

At this moment, Ye Feng secretly thought that he had traveled through a large wilderness and arrived at the end of the wilderness.

According to the markings on the map given to him by the Ice and Snow Dragon Emperor, a large number of dark demons gathered in the primitive jungle at the end of the area, and they didn't know what was going on in secret.

At this time, Ye Feng restrained all the energy fluctuations in his body, and then used the space gem to lurk in the void, slowly lurking towards the primitive jungle at the end of the wilderness.

When Ye Feng came to the depths of this primitive forest, he immediately saw densely packed dark demons appearing in the tall woods.

Seeing this scene, Ye Feng immediately understood. It seemed that the dark demons really wanted to do something here.

Otherwise, it would be impossible to be so secretive and gather together in such an inaccessible place, and there are still millions of troops here.

Buzz!

At this moment, Ye Feng was exuding a black aura, lurking into the surrounding area, and then looked toward the center.

"This is....."

The next moment, Ye Feng was shocked by the scene in front of him.

I saw that in the final middle area of this primeval forest, a huge altar was built, which looked full of unparalleled shock.

This huge altar is tens of thousands of meters high, majestic and boundless. It is made of pure black demon material and has great visual impact.

In addition, what shocked Ye Feng even more was that there was an endless sea of blood floating in this towering dark altar of 10,000 meters. In the sea of blood, there were countless corpses of living beings floating in it.

This is a scene of great evil, shocking and weird!

"This is the Altar of Ten Thousand Demons."

Suddenly Emperor Chu's voice sounded in Ye Feng's mind: "This is an extremely rare demon altar that requires killing thousands of creatures to cast it."

Ye Feng couldn't help but ask: "Altar of Ten Thousand Demons? What does it do?"

Emperor Chu said slowly: "Use the power of thousands of living beings to open up the passage between the two realms and open up a wide and boundless realm passage, which can allow hundreds of millions of armies to enter the snow realm from the Demon Realm."

"What?!"

Hearing what Emperor Chu said, Ye Feng's expression suddenly changed!

This group of dark demon armies from the Asura Empire in the demon realm want to attract hundreds of millions of demon armies from the demon realm and completely crush the last resistance force in the entire snow region!

horrible!

Chapter 3527 Relieved

At this moment, there was a hint of shock and anger in Ye Feng's eyes.

Unexpectedly, the dark demons actually forged such an altar of ten thousand demons here, hoping to open up a vast realm channel to attract other hundreds of millions of armies from the Asura Empire in the demon realm.

At this time, Ye Feng's eyes had a hint of gloominess. This was no longer something he could decide. It seemed that he had to inform the Ice and Snow Dragon Emperor as soon as possible.

At this moment, Ye Feng didn't hesitate at all. He directly took out the Void Transmission Note that the Ice and Snow Dragon Emperor had given him before. He directly entered everything that happened here into the Void Transmission Note through voice, and then directly threw it out. went.

Uh-huh!

The next moment, the void transmission note turned into a stream of light and flew quickly in a certain direction in the distance, obviously to inform the Ice and Snow Dragon Emperor.

Ye Feng continued to lurk in the surrounding area at this time, paying attention to changes in the situation at any time.

Ye Feng had been lurking here for nearly three days and three nights. Finally, in the early morning of this day, a void transmission note flew over from a distance.

This void transmission note flew in front of Ye Feng, and the voice of the Ice and Snow Dragon Emperor came from inside: "The situation is very urgent, and the Altar of Ten Thousand Demons must be destroyed. Next, I will lead all the forces of the entire Ice and Snow Dynasty to directly Attack this primitive forest area, and Ye Feng will take advantage of the chaos to try to get close to the Ten Thousand Demons Altar and use all your methods to destroy the Ten Thousand Demons Altar. This is your most important task now. "

"Senior Dragon Emperor actually wants me to secretly destroy that Ten Thousand Demons Altar?"

At this time, Ye Feng heard the voice in the Void Transmission Note, and immediately a solemn look appeared in his eyes.

It seems that the senior Dragon Emperor is also very afraid of this Altar of Ten Thousand Demons. He is afraid that the dark demons will really open the passage to the demon realm, and then all the armies of the Asura Empire will be unable to resist it.

"Boom!!"

And at the moment when Ye Feng had just finished listening to the Ice and Snow Dragon Emperor's words in this transmission note.

Suddenly, there was a huge roar from a certain direction not far away.

Ye Feng immediately looked in that direction, and in an instant he saw a majestic figure radiating golden light, with an army of more than one million dragons behind him, attacking the millions of people stationed in this primitive forest. Dark demons.

Seeing this scene, Ye Feng suddenly showed a hint of surprise in his eyes.

That majestic figure radiating golden light is none other than the Ice and Snow Dragon Emperor!

Obviously, the Ice and Snow Dragon Emperor's execution ability is very strong. Almost at the moment when he formulated the plan and sent a message to Ye Feng,

The Ice and Snow Dynasty's army of more than one million people came here directly, descended here, and wanted to fight the final war with the dark demon clan.

Behind the Ice and Snow Dragon Emperor were three figures who were also exuding divine light.

Those three figures are the three top leaders on the snowy land.

They are all super strong men at the Kai Shen level.

Ye Feng saw this scene and immediately understood that this time the Ice and Snow Dragon Emperor obviously wanted to fight to the fullest.

The future fate of the entire Snow Region depends on today's battle.

Ye Feng did not show his aura at this time, because Ye Feng knew that he had a more important task.

That is to take advantage of the chaos and destroy the Altar of Ten Thousand Demons.

We must not be able to open up a boundary channel between the Snow Realm and the Demonic Realm.

Otherwise, if the hundreds of millions of demon armies from the Asura Empire in the Demon Realm continue to arrive here, no matter how powerful the Ice and Snow Dynasty is, they will not be able to resist them.

Uh-huh!

Thinking of this, Ye Feng restrained all his aura at this time and quickly approached the Ten Thousand Demons Altar.

At this time, because the Ice and Snow Dragon Emperor led an army of more than one million people from the Ice and Snow Dynasty, they arrived here and charged directly.

Therefore, the entire army of several million dark demons hidden in this primitive forest reacted instantly and began to resist.

This land of primeval forests and wilderness became extremely chaotic in an instant, with all kinds of murderous auras everywhere, and broken divine lights flickering.

At this time, Ye Feng saw the Altar of Ten Thousand Demons not far away, and it was guarded by many strong men from the dark demon clan.

Obviously, the Altar of Ten Thousand Demons is very important this time. Even if the Ice and Snow Dragon Emperor led so many troops of the Ice and Snow Dynasty to come here at this time, there are still hundreds of thousands of dark demons left to guard here.

At this time, Ye Feng did not act rashly.

Because the three most powerful dark demons, who are also the greatest threat to Ye Feng, have not yet appeared.

These three super strong men of the dark demon clan are naturally the two remaining demon gods and the most terrifying and ancient lord of the dragon elephant in hell.

At this time, Ye Feng did not take action immediately, because the biggest threat to Ye Feng now is

They are the top experts of these three dark demon clans.

If they didn't show up, Ye Feng wouldn't directly destroy the Altar of Ten Thousand Demons.

Because no one can tell whether these three top experts from the most terrifying dark demon clan will be guarding the Ten Thousand Demons Altar.

So Ye Feng waited in secret, observing the terrifying battle not far away.

By the end, two of the top three dark demon tribes had appeared.

They are the two extremely terrifying demon gods.

The bodies of these two dark demon gods are tens of thousands of meters tall and majestic. They look very majestic, majestic and terrifying.

At this time, two demon gods appeared and fought with the Ice and Snow Dragon Emperor and the three supreme masters. .??.

At this time, Ye Feng still did not take action to destroy the Altar of Ten Thousand Demons, because there was still the most terrifying and ancient Hell Dragon Elephant Lord who had not appeared yet.

Since Ye Feng now wants to complete the task assigned to him by the Ice and Snow Dragon Emperor and destroy the Altar of Ten Thousand Demons, he must wait until everything is safe before taking action.

Because you only have one chance.

If Ye Feng's destruction of the Altar of Ten Thousand Demons is stopped by the top powerhouses among the dark demons, then all the armies of the dark demons will definitely gather at the Altar of Ten Thousand Demons to guard the Altar of Ten Thousand Demons. Then there will really be no opportunity.

So at this time, even though Ye Feng wanted to destroy the Altar of Ten Thousand Demons as soon as possible, he was still waiting. What was now testing his patience was.

"Boom!"

The battle not far away was still going on fiercely.

Whether it is an ordinary army or the battles and killings between the top experts, they are all very cruel.

Ye Feng has been holding back in secret and not taking action.

Half a day passed, and suddenly a terrifying and vast aura suddenly surged out from the deepest part of the primeval forest.

I saw a tall and majestic dark dragon elephant with a body of more than 100,000 meters. Its body was majestic and majestic, like an ancient dark beast, stepping out from the depths of the primeval forest.

Boom! !

Boom! !

With every step he took, the whole world seemed to be shaking.

This is none other than the Hell Dragon Elephant Lord!

This ancient existence finally couldn't bear it anymore and walked out from the depths of the primitive forest and joined the battle not far away.

The Hell Dragon Elephant Lord is very terrifying. When he inhales that huge nose, the whole world seems to be sucked by his nose.

It's like entering it.

Originally, the two demon gods, the Ice and Snow Dragon Emperor, and the three Supreme Leaders were fighting inextricably.

But as soon as the Hell Dragon Elephant Lord appeared, the Ice and Snow Dragon Emperor and the three supreme masters immediately retreated steadily, seemingly unable to withstand the terrifying power of the Hell Dragon Elephant Lord.

Seeing this scene, the Lord of Hell Dragon Elephant showed a look of disdain on his face and said loudly: "Ice and Snow Dragon Emperor, that scary guy who was the painting fairy was no match for me, he was killed by me, a rising star like you. You little guy can't resist my great dark power. Your entire snow region will eventually surrender to our Asura Empire, hahaha!"

"Boom!!"

But just when the Hell Dragon Elephant Lord was about to completely kill the Ice and Snow Dragon Emperor and the three supreme masters.

Suddenly, there was a huge roar from the direction behind.

I saw a young man in white, holding a huge golden dragon scissors in his hand, and cut the Altar of Ten Thousand Demons in half.

"What?!"

"There is actually a strong man hiding in the rear, waiting to destroy the Altar of Ten Thousand Demons!"

At this time, both the Hell Dragon Elephant Lord and the two demon gods of the dark demon race suddenly showed deep looks of shock and anger on their faces.

And seeing the entire Ten Thousand Demons Altar being split into two halves, the Ice and Snow Dragon Emperor and the three Supreme Leaders, who were struggling to resist, all had expressions of deep surprise on their faces.

Although the Hell Dragon Elephant Lord is very terrifying, very powerful and ancient, the Altar of Ten Thousand Demons was destroyed at this time, which means that they have room for relaxation.

The biggest threat is gone!

The Altar of Ten Thousand Demons was completely destroyed, which meant that there was no support from the rear of these dark demons, and they were unable to attract the steady stream of dark demon armies from the Asura Empire from the demon realm.

The person who destroyed this altar of ten thousand demons was naturally Ye Feng, who was lurking in the dark.

Ye Feng looked at the three top strong men among the dark demon clan, being held back by the Ice and Snow Dragon Emperor and the three supreme masters. He naturally did not hesitate at all, and directly used Ye Feng to use Hongmeng Purple Qi to repair the complete The golden dragon scissors, a super magic weapon left behind by the ancient power, cut the Altar of Ten Thousand Demons in front of him in half in an instant.

It has to be said that the ancient and powerful super magic weapon repaired by Ye Feng is extremely destructive!

"Finally destroyed!"

At this moment, Ye Feng looked at the Altar of Ten Thousand Demons in front of him, which was split into two halves with the golden dragon scissors, and he instantly breathed a sigh of relief.

Chapter 3528 Fighting against each other

"You damn boy, you are hiding in secret and destroying the Altar of Ten Thousand Demons that we have worked so hard to forge. It is really hateful. I will crush you, boy, to pieces!"

At this time, a dark demon god from the dark demon clan not far away suddenly made an extremely angry sound.

Uh-huh!

He rushed towards Ye Feng all at once. The towering body of the demon covered the sky, and it was dark, as if it could crush everything.

Not only did Ye Feng not retreat at this time, but there was a hint of eagerness in his eyes.

Because Ye Feng has now completed his mission and destroyed the Altar of Ten Thousand Demons, the next step is to eradicate all the demon gods among these dark demons.

So Ye Feng now wants to give it a try to see what level his current true combat power is.

Previously, Ye Feng followed the Ice and Snow Dragon Emperor in the treasury of the Ice and Snow Dynasty, and his cultivation level was directly and crazily improved to the half-step expansion realm, and he was only one big realm away from the Kaishen realm.

So now Ye Feng is naturally eager to test his true combat power.

Although Ye Feng knew that this dark demon clan demon was very terrifying, he still did not choose to retreat.

"boom!"

At this moment, the majestic Dark Demon Clan's Demon God rushed directly towards Ye Feng, stretching out a huge Dark Demon Clan's palm, covering the entire sky, seeming to block out the sky and the sun. It was very... Terrifying, full of unparalleled destructive power.

"boom!"

Ye Feng did not retreat at this time, but directly inspired the power of Hongmeng's immortal body.

Buzz!

I saw Ye Feng's whole body suddenly swelled into a little purple giant, and then he released his extremely powerful and terrifying cultivation of half-step expansion.

"Boom!"

Crazy power exploded in Ye Fengzhong's body. Ye Feng also clenched a fist and struck forward fiercely, hitting the entire void and almost shattering it.

Boom! !

With a terrifying roar, Ye Feng's fist collided with the devil's hand, and an extremely terrifying shock wave was immediately generated at the scene, causing the entire surrounding land and mountains to be shaken. Everything destroyed by the aftermath of the collision was shattered.

Kick, kick, kick!

The next moment, Ye Feng just took several steps back.

Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that my own strength could actually compete with such an extremely powerful demon god from the seventh level of the Kai Shen Realm.

After all, you must know that this kind of dark demon god from the higher realm of the demon realm is not just an ordinary seventh-level god, but its real combat power is very terrifying.

But now that Ye Feng's cultivation is still able to withstand the half-step expansion of the border, this is very incredible, indicating that Ye Feng's true combat power has reached an extremely terrifying level.

"How can this be?"

At this moment, the demon god's eyes widened. He seemed to have never thought that this human kid who suddenly appeared out of nowhere would have such a powerful cultivation level and could compete with him.

"When did such a powerful person appear in the Snowy Region?"

This group of dark demons has long been studied. The most powerful ones in the entire snowy land are the Ice and Snow Dragon Emperor and the three supreme masters. But now, suddenly, a human boy who can compete with him has appeared. , it is really incredible to have the cultivation level of half-step to expand the frontier.

"How could this human genius break through several major realms at once and enter the half-step expansion realm, and his combat power is so terrifying? It doesn't look like he has forcibly improved his cultivation level. This is really unbelievable. Impossible!"

At this time, the three supreme masters who saw this scene not far away were originally planning to rush over to help save Ye Feng, but now they saw Ye Feng's extremely powerful fighting power, and suddenly there was a deep look in their eyes. A look of horror.

Ye Feng and the others had known each other before and rescued the seriously injured Ice and Snow Dragon Emperor.

But at that time, although Ye Feng was very talented in their eyes, he was just a weak young junior after all.

But now, Ye Feng can actually rely on his own cultivation power to compete with a demon god!

It's incredible!

This kind of terrifying fighting power is even more terrifying than the fighting power of the three Supreme Leaders who have opened the first level of the God Realm.

Because the three supreme masters can only deal with one demon god together, but Ye Feng can deal with one demon god alone.

This kind of fighting power has surpassed the three supreme masters!

This naturally made the three supreme masters widen their eyes. They couldn't believe it. A few days ago, a human boy who was very weak in their eyes suddenly grew up to be comparable to them.

This huge change is naturally shocking to people's hearts and makes them feel unbelievable.

"It seems that we have all underestimated this human genius. His talent is far beyond what we can guess."

Among the three supreme masters, the graceful and beautiful face of the Thunder Manor owner showed a trace of a wry smile and a hint of shock.

"good!"

At this time, the happiest thing is naturally not

The Ice and Snow Dragon Emperor was fighting against the Hell Dragon Elephant Lord in the distance.

Because the Ice and Snow Dragon Emperor spent a huge price and used almost all the highest-end resources in the entire treasury for Ye Feng alone, he cultivated Ye Feng's current state.

Now Ye Feng really did not disappoint him.

One person can stand up to a demon god.

The originally very dangerous situation on the court was turned around by Ye Feng alone.

At this time, the Ice and Snow Dragon Emperor immediately said: "I will deal with this Hell Dragon Elephant Lord. The three supreme masters have joined forces to deal with one demon god. Ye Feng, you deal with another demon god. Today is the time to fight with this group of invaders." Let's put an end to the dark demon clan in the snowy area once and for all."??

"Frost Snow Tyrant Dragon Technique!"

boom! !

The Ice and Snow Dragon Emperor burst out with terrifying power in an instant.

The Ice and Snow Dragon Emperor jumped up and turned directly into a majestic frost dragon that was hundreds of thousands of meters long, full of monstrous power.

Boom!

At this moment, the Ice and Snow Dragon Emperor, who transformed into a giant frost dragon, charged directly towards the Hell Dragon Elephant Lord ahead.

Obviously, the Ice and Snow Dragon Emperor was completely desperate at this time. Today can be said to be a crucial battle.

"Even if there is no Altar of Ten Thousand Demons, I can suppress everything and wipe out all humble creatures like you, and then I can re-cast a new Altar of Ten Thousand Demons."

At this time, the Hell Dragon Elephant Lord made a majestic and cruel voice.

The boundless dark power emitted from the body of his hell dragon elephant, which was hundreds of thousands meters tall, and surged towards the Ice and Snow Dragon Emperor.

Boom! !

A terrifying roar suddenly erupted from high in the sky.

At this moment, the three supreme masters not far away joined hands to fight a demon god.

On the other side, Ye Feng's eyes were filled with surging fighting will at this time. He stared at the second demon god, smiled coldly and said: "It seems that I am going to kill a demon god today. To me, it is still a demon god." A very rewarding challenge."

"Humble human boy, you think too highly of yourself. Don't think that just because you can block one of my hands, you think you can fight me. It was just my ordinary attack."

The second demon god made a sarcastic sound at this time, and then actually pulled out a white bone sword from his body. It was tens of thousands of meters long, exuding monstrous evil and dark power, and pointed directly towards it. Killed by Ye Feng.

"This sword is what I use my own life to

Forged from Demon God Bone, you, a humble human boy, will probably be split in half by my Demon God Bone Sword in an instant. "

The second demon laughed loudly at this moment, obviously disdainful of Ye Feng's strength.

"You have powerful weapons, don't I?"

Ye Feng smiled coldly at this time, and two super magic weapons suddenly appeared in his hands.

They are the two ancient and powerful natal magic weapons that Ye Feng had repaired before, the Golden Dragon Scissors and the Sun God Needle.

Whether it is the Golden Dragon Scissors or the Sun God Needle, they are all powerful natal magic weapons from ancient times. They were repaired to a complete state by Ye Feng using Hongmeng Purple Qi, so they can explode with terrifying power.

You must know that those ancient powers are definitely powerful beings that can rival or even surpass the Ice and Snow Dragon Emperor.

The magic weapons they forge contain overwhelming power.

Even though Ye Feng's current cultivation level is relatively low, Ye Feng's magic power is still very powerful, enough to fully activate the two super magic weapons in his hands, immediately bursting out boundless weapon power.

boom!

boom!

The golden dragon scissors on Ye Feng's right hand turned into two giant golden dragons, and then they went crazy towards the second demon god in front of them, as if they could cut everything.

The Sun God Needle in Ye Feng's other hand quickly grew in size at this time, directly transforming from a small needle into a huge golden pillar, and burst out with the burning power of the sun. , seems to be able to burn everything.

"Boom!!"

Ye Feng was very fierce at this moment. He directly used his boundless magic power to activate two ancient powerful super magic weapons, the Golden Dragon Scissors and the Sun God Needle, as well as the Demon Bone Sword in the hands of the second Demon God opposite. When they collided together, an earth-shattering roar erupted instantly.

The movement here is even more intense than the movement between the three supreme masters and the first demon god not far away.

It can be seen that Ye Feng's current true combat power has truly surpassed the level of the three supreme masters, and is probably second only to the Ice and Snow Dragon Emperor and the Hell Dragon Elephant Lord!

"I didn't expect that in just a few months, that young genius who was still competing in the royal competition would have grown into a big figure who is the pillar of our entire Ice and Snow Dynasty!"

Among the Ice and Snow Dynasty teams who were fighting countless dark demon armies in the distance, many princes and princesses, as well as some ministers, watched the battle of the top powerhouses in the sky, especially focusing on Ye Feng and the second one. When the Demon God fights, his eyes always reveal a look of deep amazement, and his expressions are very shocked, complicated, and sad.

Ye Feng's growth after coming to Ice and Snow Dynasty truly amazed everyone!

Chapter 3529 Return of the property to its original owner

At this time, the fiercest battle not far away turned out to be Ye Feng and the second demon god.

The fight between Ye Feng and the second demon was too terrifying at this time, and the scene was very scary.

At this moment, for Ye Feng, this battle happened to be a very good training for him.

Ye Feng's eyes were full of crazy fighting will. At this time, he was absolutely unleashing his terrifying power.

The golden dragon scissors and the sun god needle in Ye Feng's hands, two extremely terrifying magic weapons, burst out with extremely terrifying power at this moment.

As for the second demon god fighting Ye Feng, the demon bone sword in his hand at this moment burst out with monstrous and evil sword energy, spreading across the world.

"Boom!"

"Boom!"

The chaotic atmosphere of the battle on the entire field was very terrifying, almost terrifying to the extreme.

"You are actually able to fight me on an equal footing! How is this possible? Your cultivation level is obviously a whole level lower than mine, and you are a humble human being. How can you resist a high-level demon like me? strength!"

The second demon god stared at Ye Feng, who was fighting equally with him, with deep shock in his eyes.

Ye Feng didn't hesitate at this moment. He just smiled coldly and said: "It seems that it doesn't suit your status to say such nonsense."

"Arrogant!"

"Next, I want you to know what kind of terrifying power we, the creatures in the higher realm, possess!"

At this time, the second demon god directly burst out with the most terrifying power.

"Rumble..."

I saw that the second demon god's body suddenly erupted with endless dark aura.

Then directly around the second demon god, a set of huge armor was condensed, which could withstand the most terrifying attacks.

The golden dragon scissors and the Sun God Needle in Ye Feng's hands, the power erupted at this moment, impacted on the armor surrounding the demon god, and was unable to damage the armor in the slightest.

"What?!"

Seeing this scene, Ye Feng's eyes suddenly showed surprise again and again.

You must know that the two weapon magic weapons in Ye Feng's hands are both the natal magic weapons of ancient powerful people. They are weapons made by the top strong men in that glorious era.

For Ye Feng, this is almost the most powerful magic weapon in his hand, capable of bursting out terrifying and boundless destructive power.

But now the armor on the demon god was able to withstand the magic weapon in his hand, which made Ye Feng's eyes suddenly darken.

If the demon's body cannot be harmed, then the next battle will become very difficult.

At this moment, Ye Feng looked at the two battlefields not far away and found that the situation was also very bad.

Although the Ice and Snow Dragon Emperor is extremely powerful, the Hell Dragon Elephant Lord is also very terrifying. After all, he was the one who could fight with the most ancient and powerful painting immortal in the Snow Region back then.

So the Ice and Snow Dragon Emperor and the Hell Dragon Elephant

The battle between the lords is also inextricable now.

There is simply no way to help yourself in a short period of time.

On the other side, the battle between the first demon god and the three supreme masters was also extremely fierce.

Therefore, it is estimated that for a while, there will definitely be no help on his side.

So Ye Feng knew at this time that he would probably have to deal with this second demon by himself.

At this moment, the second demon god saw Ye Feng looking towards other battlefields, and immediately laughed out loud: "Young boy from the human race, do you finally know how to be afraid? You can't beat me at all. I am focused now." I got this set of demon armor, which was given to me by the great demon emperor of our Asura Empire. It is absolutely invulnerable. For a creature like you from a low-level realm, no matter how powerful the magic weapon is, it cannot break my armor. , that is to say, I am invincible, hahaha!"

At this time, Ye Feng suddenly withdrew the Golden Dragon Scissors and the Sun God Needle.

Because these two magic weapons can no longer damage the demon armor on this demon god.

So there is naturally no point in using the power of these magic weapons now.

However, Ye Feng did not have any fear in his eyes at this time, nor did he retreat, because Ye Feng not only had these two super magic weapons, he also had something more powerful.

That's the Dominion Gem!

For Ye Feng, the Dominion Gem is his most powerful treasure in the true sense.

boom!

boom!

At this moment, Ye Feng immediately activated the brute force gem and integrated it into his left hand.

Then he inspired the Chaos Gem and merged it into his right hand.

At this moment, Ye Feng's two hands released monstrous brute force and endless chaotic power respectively, both of which were full of terrifying destructive attributes, and they all rushed towards the second demon in front. .

When Ye Feng rushed to the front, he directly punched the second demon in front of him with both fists.

The second demon god saw Ye Feng rushing towards him, and even retracted his weapon to attack him with a pair of fists.

The second demon god immediately laughed out loud and said sarcastically: "You human boy, even your super magic weapon can't do any damage to my demon armor. It's too naive for you to just use your fists now." Bar!"

Boom! !

Boom! !

But at the next moment, Ye Feng's two fists suddenly burst out with terrifying power, like an overwhelming force, hitting the armor of the demon in front of him.

Suddenly, the armor suffered horrific damage, and cracks appeared on the surface.

"Click, click..."

"What?!"

Seeing this scene, the second demon god's eyes widened immediately, with an expression of disbelief and wonder on his face.

Because he never thought that Ye Feng's fist would be more powerful than his super magic weapon.

"Boom!"

At this time, Ye Feng continued to exert force, and his two fists directly penetrated the armor and "pierced" into the body of the demon in front of him.

"ah!!"

The second demon god immediately let out a scream of extreme pain.

He couldn't help but struggled and said, "What kind of fist are you talking about??"

Ye Feng smiled coldly and said loudly: "This is the fist of the human race!"

"The roar of all demons!!"

At this moment, the second demon god immediately roared and erupted with terrifying dark power. The entire body of the second demon god surged with extremely terrifying dark destructive power. All of a sudden, Ye Feng in front of him was enveloped in this wave of destructive light.

"Click, click..."

This kind of terrifying destructive light wave, absolutely followed by the second demon god's most original power, instantly destroyed Ye Feng's body and damaged a large area.

Even though Ye Feng's current Hongmeng Immortal Body has entered the third level and his body is as strong as divine iron, at this moment there is still some inability to withstand the terrifying dark destructive power released by this second demon.

At this moment, Ye Feng was immediately bombarded by the terrifying impact and flew backwards, falling hard to the ground in the distance, smashing the land tens of thousands of meters in radius.

At this moment, Ye Feng's entire body surface was broken into pieces, and it looked like the injury was quite serious.

However, Ye Feng knew very well at this time that the second demon god who was blasted through the body by his two master gem-enchanted fists would definitely feel very uncomfortable for him.

Sure enough, at this time, Ye Feng stood up from the ruins on the ground and looked towards the sky. He immediately saw the body of the second demon god high in the sky, which was also disintegrated.

Moreover, the power of the Domination Stone, especially the chaotic power of the Chaos Stone, is crazily destroying the body of this second demon.

Even though the body of this demon god who descended from the demon realm is very advanced and very powerful, it is still unable to withstand the chaos power of the chaos gem at this time.

The second demon god looked very ugly at this moment. He couldn't help but shouted angrily at Ye Feng: "What kind of power did you just exert on me? Why is the power of my demon god all... It's impossible to reduce this strange chaotic and destructive power! It's impossible, how can you, a human kid from a low-level realm, possess such terrifying power."

Ye Feng sneered at this moment and said loudly: "Enjoy the destructive power of this chaos!"

Ye Feng didn't even need to take action at this time, because he

I believe that if the power of my Chaos Gem penetrates the body of this second demon, he will definitely die tragically on the spot.

"Even if I die, I still have to support you, a kid like me!"

Boom!

At this time, the second demon god showed an extremely crazy look in his eyes, and he immediately rushed towards Ye Feng, and then hugged Ye Feng fiercely, intending to destroy Ye Feng together.

Ye Feng's eyes changed at this time, and he instantly felt a shadow of death hanging over his heart.

Ye Feng was severely injured just now, so he had no time to react at this time and was directly imprisoned by this second demon.

"Hahaha! Boy, you are dead!!!"

This second demon god, with a terrifying destructive power bursting out all over his body at this time, and a ferocious smile on his face, was obviously going to self-destruct and die with Ye Feng!

The situation was extremely critical. Ye Feng was seriously injured at this time and could not escape from here.

"Damn it! I didn't expect that this demon god would be so crazy. He was going to explode himself and die with himself! Are you going to die here today?"

At this moment, Ye Feng suddenly had a wry smile on his face.

Ye Feng couldn't help but said in his mind: "Emperor Chu, keep a drop of my blood, and let me be reborn with a drop of blood when the time comes."

"Uh-huh!"

But just when Ye Feng was about to be killed by this demon, suddenly a beautiful silhouette rushed past in a direction not far away.

That turned out to be Princess Caiyun!

"Ye Feng! I'm here to save you! You won't die! We are going to enter the Demon Realm together!"

At this time, Princess Caiyun's beautiful eyes suddenly revealed a look of determination, and an ancient scroll appeared in her hand, which burst out with terrifying power. In an instant, she killed the second demon who was about to self-destruct in front of Ye Feng. Boom flew out.

Ye Feng's eyes suddenly lit up, and he couldn't help but said: "Princess Caiyun, what kind of magic weapon do you have? Is it so powerful?"

Uh-huh!

Princess Caiyun chased Ye Feng, helped Ye Feng up, and said with some worry: "Ye Feng, you are so seriously injured, you shouldn't fight with such a terrifying demon. The scroll in my hand is from the Nine Heavens Immortal Realm. The picture is the magic weapon of my biological father, Hua Xian!"

"Nine Heavenly Immortal Realm Map?"

Ye Feng looked at the bright scrolls surrounding Princess Caiyun, and his eyes suddenly showed surprise.

Unexpectedly, the Nine Heavens Immortal World Map that disappeared in the ancient ruins was eventually obtained by Princess Caiyun.

However, as the biological daughter of the Painting Immortal, Princess Caiyun got the Nine Heavens Immortal World Map by chance, so it can be regarded as returning to its original owner.

Ye Feng was very happy and immediately said: "Princess Caiyun, since you have obtained your biological father's magic weapon, let's completely kill that demon together!"

Chapter 3530 It must be an illusion

Ye Feng did not directly use the most powerful magic weapon, Gate of Heaven.

Because Ye Feng knew very well that the things involved in the Gate of Heaven were really too big.

If used rashly, it is likely to cause huge consequences.

Moreover, Ye Feng also has a very deep thought in his heart, that is, the Gate of Heaven, which will be reserved to deal with the most ancient and terrifying Hell Dragon Elephant Lord.

Ye Feng knew very well that although the Ice and Snow Dragon Emperor was very powerful, he probably would not be able to kill the Hell Dragon Elephant Lord.

The Ice and Snow Dragon Emperor can have a 50-50 draw with the Hell Dragon Elephant Lord, which is already pretty good.

After all, the Hell Dragon Elephant Lord, who was the most powerful painting immortal in the Snow Region back then, could not be killed.

So Ye Feng decided to keep the Gate of Heaven as his trump card, and eventually use it to deal with the Hell Dragon Elephant Lord.

Therefore, when Ye Feng was fighting the second demon, he did not use Heaven's Gate rashly.

Because once used, it is likely to make the most ancient and powerful Hell Dragon Elephant Lord wary, and then it will be difficult to use this trump card to kill with a sneak attack.

At this time, Princess Caiyun happened to arrive, and she also got a map of the Nine Heavens Immortal Realm from her biological father, Hua Xian.

The Nine Heavens Immortal Realm Map is a powerful magic weapon forged by Hua Xian, the ancient power who was the number one in the Snow Region at that time, and there are very rich resources hidden in it. Therefore, for Princess Caiyun, she can naturally burst out extremely powerful weapons now. strength.

Even though Princess Caiyun's cultivation level is much lower than the current Ye Feng, relying on the Nine Heavens Immortal World Diagram, the most powerful natal magic weapon in ancient times, the combat power burst out by Princess Caiyun can still help Ye Feng.

Ye Feng said aloud: "Princess Caiyun, let's work together to kill this second demon as soon as possible, and then help other battlefields."

"good."

Princess Caiyun immediately nodded and stood beside Ye Feng, directly stimulating the powerful power of the Nine Heavens Immortal World Diagram.

I saw a very majestic bright light, which surged out from the Nine Heavens Immortal World in an instant, covering Princess Caiyun, making Princess Caiyun look like a fairy in the Nine Heavens Immortal World, very noble and beautiful.

At this time, Ye Feng quickly recovered from his injuries, and then instantly burst out the terrifying power of Hongmeng's Immortal Body, and continued to attack forward.

This time, Ye Feng not only fused the Brute Force Gem and the Chaos Gem in his two fists, but also fused several other Domination Gem, other Space Gem, Death Gem, Earth Gem, etc. into his arms. Ye Feng's poison gems and dark gems were all integrated into his arms at this time.

"boom!!"

The next moment, Ye Feng's two arms suddenly burst out with brilliant light, and then expanded into two arms that seemed to be able to support the entire body.

Tianqiong's super arm, like the ancient god-level unicorn arm, was full of unparalleled power, and instantly attacked the second demon.

The second demon god failed to self-destruct just now, and now he was seriously injured. Naturally, he was bombarded by Ye Feng's two god-level unicorn arms and fell back continuously. He was in a very embarrassed state.

Princess Caiyun, on the other hand, mobilized the entire Nine Heavens Immortal World Map to carry out long-range attacks from a distance.

Because Princess Caiyun's own strength is still a little bit behind, she can only use powerful magic weapons such as the Nine Heavens Immortal World Diagram to carry out long-range attacks from a distance to assist Ye Feng in the battle.

The Nine Heavens Immortal Realm Map is indeed a super magic weapon left behind by the most powerful ancient painter in the Snow Region. It is more powerful than the two magic weapons that Ye Feng repaired with Hongmeng Purple Qi, the Golden Dragon Scissors and the Sun God Needle. a lot of.

So at this time, even if Princess Caiyun's cultivation level is much lower than that of many top powerhouses present, using the Nine Heavens Immortal World Diagram to attack from a distance at this moment can also bring great help to Ye Feng and let the second demon god There is no way to retreat, and there is no way to escape even if you want to.

"ah!!"

In the end, the demon god let out an earth-shattering scream and was beaten to death by Ye Feng's two god-level unicorn-like super arms!

"A demon god has fallen!"

At this time, on the battlefield not far away, the morale of countless Ice and Snow Dynasty armies was greatly boosted.

Because they all know that the most important thing in this battle is the victory or defeat between the top warriors at high altitude.

So at this time, Ye Feng and Princess Caiyun joined forces to kill a demon god, which naturally boosted the morale of the entire Ice and Snow Dynasty.

On the other hand, looking at the team on the dark demon clan's side, all the dark demon clan's eyes suddenly widened, with incredible looks in their eyes.

They seemed to have never thought that the great and immortal demon-god-level strongman in their hearts would die in the hands of Ye Feng, a human boy. It was really terrible.

"One of the great demon gods has fallen!"

Many soldiers in the dark demon team couldn't help but feel downcast.

When the Hell Dragon Elephant Lord not far away saw this scene, a look of deep anger immediately appeared on his face: "Damn! I want all of you to die today!"

Boom!

At this moment, the Hell Dragon Elephant Lord suddenly burst out with a majestic dark power, directly blasting the Ice and Snow Dragon Emperor in front of him into the distance.

The next moment, the Hell Dragon Elephant Lord did not pursue the victory. Instead, his huge and majestic body rushed directly to the Altar of Ten Thousand Demons not far away.

area.

The Altar of Ten Thousand Demons has been cut in half by Ye Feng using golden dragon scissors.

But now the Hell Dragon Elephant Lord suddenly injected his dark power into the broken Altar of Ten Thousand Demons. The next moment, to everyone's horror, the Altar of Ten Thousand Demons was recovering at an incredible speed.

"not good!"

Seeing this scene, the Ice and Snow Dragon Emperor immediately shouted: "We must not let the Hell Dragon Elephant Lord successfully repair the Altar of Ten Thousand Demons, otherwise, when they attract the endless stream of hundreds of millions of people in the Asura Empire, The demon army, then our entire snow region will be really doomed!"

boom! boom! boom! .??.

"Hurry up and stop the Hell Dragon Elephant Lord!"

At this time, the three supreme masters all abandoned the first demon in front of them and quickly charged towards the Altar of Ten Thousand Demons.

Uh-huh!

The Ice and Snow Dragon Emperor also rushed towards the Altar of Ten Thousand Demons.

Ye Feng and Princess Caiyun's eyes suddenly changed at this moment, and they quickly flew towards the Ten Thousand Demons Altar.

They never thought that the Hell Dragon Elephant Lord had such a magical ability and could directly consume his own dark energy to repair the Altar of Outer Ten Thousand Demons.

This is something no one expected!

Boom!

But just when everyone rushed to the Ten Thousand Demons Altar area, the entire Ten Thousand Demons Altar had been renovated.

A huge black beam of light suddenly erupted from the Ten Thousand Demons Altar, rushing directly into the boundless sky, as if connecting the entire heaven and earth together.

At this moment, everyone immediately saw that on the other side of the dark light beam erupted from the Altar of Ten Thousand Demons, there was a mysterious and infinite world connected to it.

That world was full of terrifying darkness and brutal killing.

That is the fourth realm that is more advanced than the snow realm, the demon realm!

"Oops! We actually opened the passage to the Demonic Realm!"

At this time, all the strong men of the Ice and Snow Dynasty suddenly became ugly, and even had deep fear.

Because all the strong men of the Ice and Snow Dynasty are born with a deep fear of the Demon Realm, which is more advanced than the Snow Realm.

The Demon Realm has always been synonymous with cruelty and darkness in the minds of everyone.

The Altar of Ten Thousand Demons has now really opened the passage to the Demon Realm, and a steady stream of dark armies from the Demon Realm have descended. This is definitely a huge disaster for all the strong men in the Snow Realm, so at this time everyone's expressions are... It was very ugly and scary.

"It's not completely through yet!"

At this time, the Ice and Snow Dragon Emperor suddenly

After making a sound, he immediately took the current step and rushed towards the direction of the Ten Thousand Demons Altar.

Then the three masters Supreme, Ye Feng, and Princess Caiyun also quickly followed, hoping to destroy the conspiracy of the Hell Dragon Elephant Lord.

At this time, the Hell Dragon Elephant Lord immediately put up a dark light shield, covering himself and the entire Ten Thousand Demons Altar, preventing the Ice and Snow Dragon Emperor and other powerful people from attacking.

"Boom!"

At this time, the Ice and Snow Dragon Emperor and many top powerhouses' attacks all landed on the dark light shield.

But there is no way to break this dark light.

Seeing this scene, everyone's eyes became extremely ugly.

The three supreme masters immediately murmured in frustration: "It's really over now, we can't stop the Hell Dragon Elephant Lord at all!"

At this moment, the Ice and Snow Dragon Emperor suddenly looked at Ye Feng beside him and said, "Ye Feng, it's time."

Ye Feng naturally knew what the Ice and Snow Dragon Emperor meant.

But at this time, after hearing the Ice and Snow Dragon Emperor's voice, the three supreme masters present, as well as many other powerful men from the Ice and Snow Dynasty, all stared at Ye Feng with doubts.

They didn't know what Ice and Snow Dragon Emperor meant.

Even the top powerhouses like Ice and Snow Dragon Emperor cannot destroy the dark light shield. Do we still need to rely on Ye Feng, a young human race who has only half a step to expand the border?

At this moment, Ye Feng nodded towards the Ice and Snow Dragon Emperor, and then directly released his ultimate trump card, the Gate of Heaven!

This is a powerful weapon specially designed to restrain the dark race!

At this most critical moment, it is natural to start using it!

Otherwise, there is really no chance.

"Buzz!"

Almost at this moment, under the horrified and shocked eyes of countless people, a majestic and boundless door appeared behind Ye Feng.

This door, just like the door to heaven from the ancient era of myths and legends, is full of unparalleled power of light, exuding a holy and noble bright divine light, which suddenly begins to dissolve the hell that the Dragon Elephant Lord held up. That piece of dark light.

"What?"

Seeing this scene, the Hell Dragon Elephant Lord, who was originally full of confidence, immediately couldn't help shouting in shock and anger: "Impossible! How can you, a humble human boy like you, have such an anti-demon super power? magic weapon?!"

At this moment, the Hell Dragon Elephant Lord stared at Ye Feng in front of him, who was shrouded in infinite white light. Like the Lord of Light from heaven, he immediately couldn't help shouting in horror: "This is... lost for countless years. ...The legendary door to heaven? This is impossible! This... must be an illusion!"
