

Ancient 3551

Chapter 3551 Too strong

At this time, Shang looked at the map in his hand and flew quickly towards the next very precious place on Shadow Island with Ye Feng.

For Shang, his biggest hope now is to obtain more and more training resources in Shadow Island.

Because Shang now also wants to become stronger quickly. After all, he saw Ye Feng's cultivation improve so quickly, and he also felt a sense of urgency in his heart.

At this moment, it is a good opportunity to plunder various resources in Shadow Island. You must not let such a good opportunity pass.

Because all the top powerhouses in Shadow Island are held high in the sky by major forces.

So it can be said that it is a God-given opportunity to search for the wealth in the entire Shadow Island.

Soon, Shang took Ye Feng to another place on Shadow Island.

This is an area of Shadow Island with many buildings.

When Shang brought Ye Feng to the central area, they immediately saw a very ancient nine-story tower standing on the ground in front of them.

When Shang saw this giant tower, his eyes immediately lit up, and he couldn't help but say: "According to the guidance on the map, this giant tower is the reserve place for various techniques of Shadow Island since ancient times. There are shadows in it. The various powerful inheritances of the island are the secrets of Shadow Island."

Ye Feng was also looking not far away at this moment. Looking at the giant tower, his eyes suddenly moved and he couldn't help but said: "I sensed a very powerful cultivation aura from this giant tower. , It seems that there is a super strong person hiding in this giant tower. "

When Shang heard what Ye Feng said, there was a trace of surprise in his eyes, and he couldn't help but said: "Now, almost all the top forces in the entire Shadow Island are entangled with the masters of the major forces at high altitudes. Together, fighting together, logically speaking, the top powerhouses in Shadow Island cannot appear here. They should be weaker than those top powerhouses. "

"Yes."

Ye Feng nodded slightly, and then said aloud: "Although this aura is very powerful, it is not powerful enough to compete with the top group of experts. I guess it is the guardian of the shadow island's skill reserve." "After all, this is the accumulation and inheritance of Shadow Island for tens of thousands of years, so there must be strong people guarding it."

Shang nodded slightly and said aloud: "This is possible, so what should we do now?"

Ye Feng smiled slightly and said aloud: "I swallowed so many elixirs just now in the elixir reserve place, and my cultivation strength has improved a lot. Now we may be able to communicate with the guardians in this place of inheritance and reserve. Let's take a stand."

Hearing what Ye Feng said, Shang immediately nodded very excitedly and said: "Okay! I just want to see how powerful you are, little Ye Zi, after your current cultivation strength has reached the half-step out-of-body realm. combat effectiveness."

Shang knew very well that Ye Feng's combat prowess had always been very terrifying, and it was far more than just his superficial cultivation.

It seems so simple.

So at this time, Shang naturally didn't have too much fear, but was very excited and wanted to fight with Ye Feng against the guardian in this giant tower.

Uh-huh! Uh-huh!

At this time, Ye Feng and Shang no longer wasted time and came directly to the front of the giant tower, suspended in mid-air.

Buzz!

At this moment, Ye Feng directly exuded his majestic aura and radiated towards the giant tower.

"boom!!"

As a result, at this moment, a powerful aura of power as vast as the sea suddenly burst out from the majestic and deep tower.

Buzz!

At this moment, with a burst of black light shining, an old man shrouded in black robes appeared in front of Ye Feng and Shang.

The old man in black robe stared at Ye Feng and Shang, and suddenly there was a trace of surprise in his eyes, and he said loudly: "You are not from our tribe in Shadow Island? Who are you? Why are you here? Come here at this time, our Shadow Island does not allow outsiders to enter. "

Ye Feng smiled slightly at this moment and said aloud: "We want to enter this giant tower on your Shadow Island and look for some opportunities. I don't know if it is possible."

"presumptuous!!"

At this moment, the old man in black robe immediately yelled, his eyes filled with deep coldness, and said loudly: "So you are thieves! Then suffer death!"

Boom!

The black-robed old man's body suddenly erupted with an extremely terrifying aura of cultivation.

That turned out to be a terrifying cultivation level above the Out-of-Body Realm and the first level of the Ming Dan Realm!

"It turns out to be an existence beyond the out-of-body realm. No wonder it makes me feel so powerful and threatening."

Ye Feng couldn't help but murmured at this time.

Shang was also beside Ye Feng at this moment, and said in a low voice: "This old guy is a powerful existence in the first level of Mingdan realm above the out-of-body realm. He is half a step outside the out-of-body realm than you, little Ye Zi, are now. His cultivation level is too high. If you think you can't beat him, little Ye Zi, we can escape at any time. After all, we have also obtained all the elixir reserves in Shadow Island, which is already a lot."

At this time, Ye Feng's face showed a hint of thinking, and then he said loudly: "Let's give it a try."

Uh-huh!

After saying that, Ye Feng immediately flew forward.

The old guardian of the giant tower opposite saw Ye Feng directly facing him at this moment.

Flying over in his own direction, a sarcastic smile suddenly appeared on his face, and he said loudly: "You are such a little thief, but you are only half-step out of the Aphrodisiac Realm, and you actually want to compete with me at the Underworld Core Realm. Fighting against the strong men of the First World? I can only say that young people like you are too naive. Do you really think that you can compete with the strong men of the older generation like us? Then I will let you know what it means to be real? the power of."

Uh-huh!

Almost at this moment, the old guardian of the giant tower rushed towards Ye Feng.

This guardian elder is a shadow demon, so he has the talent to travel through the void. He came to Ye Feng in an instant, and one of his hands directly turned into a black claw, like an iron claw made of metal, and moved towards Ye Feng. Feng grabbed Ye Feng's heart and seemed to kill Ye Feng with one blow.

"Hongmeng's true form!"

But at this moment, Ye Feng directly exploded with the power of his extremely powerful Hongmeng Immortal Body.

The next moment, his whole body swelled up into a little purple giant, and then his purple fist fiercely struck the claws of the old guardian.

Bang! !

Almost at the next moment, Ye Feng's purple fist collided directly with the dark claws of the guardian of the elderly, causing a huge metallic roar.

Then the two of them actually moved backwards, feeling a strong impact.

"What?!"

The old guardian of the Shadow Demon Clan suddenly showed a look of deep horror in his eyes, and couldn't help but say: "How can such a young junior like you be able to compete with my power? This is impossible!"

At this moment, Ye Feng shook his slightly painful purple fist, his eyes showed a trace of surprise, and said loudly: "I didn't expect that I can now compete with the Ming Dan who is above the out-of-body realm." It's a battle with a strong person at the same level. It seems that I've really improved a lot by swallowing half of the pills from Shadow Island this time."

"Keep fighting!"

Uh-huh!

At this moment, Ye Feng did not hesitate and continued to rush towards the black-robed old man.

Ye Feng possesses the ability of the space gem, so his competition in the power of the void is not much worse than that of the guardian elder of the Shadow Demon Clan.

This made the old guardian of the Shadow Demon Clan immediately show a look of deep horror on his face, and he became more and more horrified.

Because he had never seen other demons besides their shadow demons being able to operate the power of the void so superbly.

At this moment, the old guardian stared at Ye Feng, who was not far away, and suddenly said in shock and anger: "Who are you? How can you use the power of the void better than us, the Shadow Demon Clan?"

Even more clever! "

The guardian of the elderly was very shocked at this moment, because he used almost all his methods, but he just couldn't hurt Ye Feng.

Because Ye Feng's body is inherently very strong and difficult to destroy.

Moreover, the old guardian's method of sneak attack through the void was still of no use.

Ye Feng could sense the specific void location where he was hiding every time, and escaped various void assassinations.

So this makes the guardian of the elderly very incredible.

Because the old guardian once relied on the void lurking ability of his extremely powerful shadow demon to kill enemies that were much stronger than her.

However, Ye Feng's cultivation level is now a whole level lower than his, but he is unable to harm a young boy like Ye Feng. This really frightens the old guardian, but he is helpless.

Ye Feng just smiled coldly at this time, not bothering to talk nonsense with the old guardian, because Ye Feng knew very well that the longer the fight lasted, the more likely it would attract the attention of other top powerhouses in Shadow Island.

So at this time, if Ye Feng wants to plunder the inheritance secrets of the Shadow Island in this giant tower as soon as possible, he must deal with the old guardian in front of him as soon as possible.

At this moment, Ye Feng no longer hesitated and directly used the extremely powerful inheritance he had received before, the Golden Saint Four Seals!

Ye Feng did not directly release the power of the Golden City.

Because Ye Feng knows very well that many masters of big forces are fighting each other in the sky. If he releases even a little bit of the power of the Golden City down here, he will definitely attract the attention of all the masters of big forces. Trouble.

"boom!"

At this moment, Ye Feng used the extremely powerful demon inheritance that he had received from Lord Jinjiao before, the Golden Saint Four Seal!

Ye Feng's hands began to form seals quickly, and countless golden lights burst out from Ye Feng's body, directly condensing into a huge four-in-one mark, and struck hard in front of the old guardian in front.

The old guardian wanted to use the power of the void to escape from the place, but Ye Feng used the space gem at this moment to forcefully trap the old guardian in the void, making him unable to move at all.

So at this moment, under the horrified gaze of the old guardian, the Golden Saint Four Seal released by Ye Feng's vast magic power directly blasted it into fragments all over the sky, killing him in an instant.

"too strong!"

Shang saw this scene not far away, and immediately couldn't help shouting excitedly: "Little Ye Zi, your current combat power is even comparable to the peak existence among senior lords. If you increase your combat power, We can even call you a big lord-level figure!"

Chapter 3552 The top treasure

Regarding Shang's admiring words at this moment, Ye Feng just smiled slightly and couldn't help but said: "I am still far from the real top experts, and there is still a long way to go."

After saying that, Ye Feng didn't hesitate at all, and directly released the Devouring Domain, swallowing up all the blood and energy of the old guardian without any reservation.

You must know that the cultivation of this guardian elder is very powerful, and he is a strong man at the level of Mingdan realm above the out-of-body realm.

Even if it is only the first level of Ming Dan Realm, it still contains very rich energy.

"boom!!"

After Ye Feng absorbed the entire guardian elder's power, an extremely powerful cultivation aura suddenly burst out from his body.

Ye Feng broke through the cultivation bottleneck of the half-step out-of-body realm, and broke through to the real first level of the out-of-body realm! ??

At this time, Ye Feng's eyes were quite happy.

Coming to Shadow Island this time is really rewarding!

The cultivation level has improved too much!

At this time, Shang Ze immediately said: "Little Ye Zi, let's not waste any more time. The battle in the sky seems to be over soon. Let's quickly enter this giant tower and take away all the inheritance accumulated by Shadow Island over the years." Come on, this kind of opportunity is not common, it is simply rare."

"good."

Ye Feng immediately nodded, and then He Shang flew directly towards the giant tower quickly.

The guardian of the old man had been killed, so Ye Feng and Shang no longer encountered any danger along the way.

At most, some of the shrimp soldiers and crab generals in Shadow Island were killed casually by Ye Feng and Shang.

"This is....."

Next, when Ye Feng and Shang entered the giant tower, they were immediately shocked by the scene in front of them.

I saw many glowing light groups floating inside the entire giant tower, all gathered together, like a starry sky with countless suns suspended in it.

The light is bright and very eye-catching.

At this time, Shang looked at everything in front of him and immediately said aloud: "What are contained in these light groups floating in the high altitude should be the inheritance and secret techniques accumulated by the Shadow Demon Clan over the years."

Ye Feng nodded and said aloud: "Then let's just start plundering the inheritance in these light groups."

"Quack, quack, okay!"

Shang couldn't help it anymore and immediately screamed with excitement.

Uh-huh!

Next, Shang flew directly to the sky, stretched out a pair of dark dragon claws, and began to quickly grab the light groups formed in the sky.

Each light group contains a powerful inheritance, and Shang naturally wants to put them all into his storage ring.

But Ye Feng was too lazy to take those ordinary inheritances.

Since you want to learn, you should learn the strongest one.

Buzz! \u003c

br\u003e

Ye Feng exuded his extremely powerful soul power at this moment, and began to feel which light group contained the most powerful energy.

The one with the most powerful energy must have the most powerful inheritance.

Soon, Ye Feng locked on the two light groups with the most powerful energy among these light groups.

Uh-huh!

Ye Feng immediately rushed over, grabbed a ball of light with both hands, and began to comprehend the inheritance on the spot.

At this moment, almost the moment Ye Feng touched these light groups, two very profound inheritance secrets rushed directly into Ye Feng's mind.

The top inheritance hidden in the first light group is called "Senluo Death Seal". It is a demon inheritance that contains the secret of death. It is very terrifying.

The second top inheritance that Ye Feng sensed was called the "Secret Technique of Shadow Clone". Once used, it can instantly transform into thousands of clones.

However, these clones have no real combat effectiveness. They are a clone technique that can interfere with the enemy. The enemy cannot guess which one of the thousands of clones you are in, allowing you to instantly attack and kill the enemy.

This shadow clone secret technique is very magical. It can be said to be the inheritance and special skill of the Shadow Demon Clan.

At this time, after receiving these two extremely powerful inheritances, Ye Feng suddenly showed deep excitement in his eyes.

These two inheritances, Senluo Death Seal and Shadow Clone Secret Technique, are the two most powerful high-level inheritances among the Shadow Demon Clan that have been accumulated for tens of thousands of years. They are better than the Golden Saint Four that Ye Feng received from the Golden Horn Lord before. I don't know how many times more advanced the combined seal is.

Now Ye Feng's cultivation level has been greatly improved, and now he has obtained two sets of the most advanced inheritance among the Shadow Demon Clan, which just meets Ye Feng's needs, and is simply a pillow when he feels sleepy.

At this moment, Shang also put all the other inheritances into his storage ring.

"Hahaha! Great!"

At this time, Shang laughed loudly, obviously very happy to have received so many inheritances from the Shadow Demon Clan.

Shang immediately laughed and said: "We are getting rich. These inherited secrets can not only be practiced by ourselves. When we return to the southwest of the Demonic Domain where our territory is, we will go to the darkness of the southwest." If we sell all the inheritance in this city, we will definitely get a good price."

"Dark City?"

When Ye Feng heard what Shang said, his eyes suddenly showed a look of surprise, and he asked aloud: "Is there a trading market in the Demon Realm?"

Shang immediately nodded and said: "Of course, there is a huge city in the southwest of our Demon Realm, called the Dark City. It is probably the largest city in the southwest. It stands in the southwest. In the center, all the demons in the southwest, including some high-ranking lords, or demons

The strong men in the dynasty often go to the big market in the Dark City to trade various cultivation resources. However, it is also very chaotic there, and burning, killing and looting often occur. Therefore, if you don't have some confidence, you basically don't want to go there. Dare to go to the Dark City to trade, because as long as you have a lot of resources and treasures, you may be targeted by some demons from various religions at any time, and they may assassinate you, or more directly, rob you. "

Hearing what Shang said, Ye Feng immediately nodded and said, "Go and see it if you have a chance."

Shang spoke up at this time: "If we want to quickly develop our territory, we must go to the Dark City, because there are not many resources around the Demon Ruins and it is very barren. How can we build a golden city like this?" Planting a super magic weapon is completely unexpected, so we have to use various resources that we have but cannot use in exchange for the resources we need to develop our territory. "

In the development process of the territory, Shang obviously knows more. After all, Shang has been in the Demon Realm for much longer than Ye Feng.

Ye Feng nodded at this time and said loudly: "This time we have plundered so many inheritances in Shadow Island, which should be able to provide us with huge resource returns by then."

Shang immediately smiled and said: "Yes, that's why I mentioned these inheritances before. Not only can we practice them ourselves, but we can also sell them. We can definitely sell them at a good price."

At this time, Shang suddenly seemed to have thought of something and said aloud: "By the way, I have heard rumors before that it is said that the most precious treasure of Shadow Island is hidden on the top floor of the inheritance tower on Shadow Island, which is I don't know if it's true. We can go up and take a look and check it out. If this rumor is true, then we'll post it."

Ye Feng glanced at Shang next to him in surprise at this time, couldn't help but smile and shook his head, and said loudly: "Shang, you are really a know-it-all, how come you know everything? It feels like there is something going on in the southwest of the Demonic Realm. , there is nothing you don't know."

Shang chuckled at this time and said aloud: "Yes, the forces I know are not just Shadow Island. I have studied many places where resources are hidden among other major forces."

For Shang, when he first came to the Demon Realm, he could not compete with the high-level demons in the Demon Realm.

So when he had nothing to do, Shang didn't have the ability to fight. He could only guard his own one-third of an acre and secretly study the various resources and wealth of the major forces.

That's why Shang has accumulated so much now.

At this moment, Ye Feng also had a look of expectation in his eyes and said loudly: "I hope the gossip you heard is true."

Uh-huh!

Uh-huh!

After saying that, Ye Feng and Shang jumped directly and flew quickly toward the top of the giant tower.

But when they reached the top of the giant tower, they found that the topmost layer of the giant tower was blocked by a door made of steel.

Uh-huh!

\u003c

br\u003e At this time, Shang directly stretched out his dark dragon claws and grabbed the steel gate in front of him, hoping to smash the steel gate blocking their way.

when! !

But the moment Shang's jet-black dragon claws grasped the steel gate, a huge metallic roar suddenly erupted.

"Damn! So strong?"

At this time, Shang immediately retracted the dragon claw, feeling that the entire dragon claw was about to shatter.

At this moment, Ye Feng said aloud: "Let me do it."

Hongmeng Immortal Body!

At this moment, Ye Feng directly exploded with the power of his body.

Ye Feng punched out hard, and Ye Feng's fist turned into a big purple fist. It was the power of Hongmeng's true body, and it suddenly hit the steel door in front of him hard.

Boom! !

Almost at this moment, the entire steel gate was immediately torn into pieces and turned into countless fragments, scattered on the ground.

Shang saw this scene and immediately laughed out loud: "Little Ye Zi, your body power is getting more and more powerful! No! Your cultivation and body power are getting more and more powerful. I can't catch up. You, when I go back this time, I want to study the map on my body carefully to see if there are any ancient ruins left behind by the ancient demon dragon. I want to find an extremely powerful demon dragon body, and then change it to a more advanced one. The body of the demon dragon becomes stronger."

And while Shang was muttering, Ye Feng had already flown to the uppermost space of the giant tower.

"That is....."

Almost at this moment, Ye Feng immediately saw that in the space at the highest level of the giant tower, there was a large cauldron the size of a mountain.

This large cauldron looks very ancient, with countless mysterious patterns engraved on it. It gives people a very vicissitudes and long-lasting feeling, with an atmosphere of ancient mythological times, and at the same time a very dark feeling.

And the most bizarre thing is that around this big cauldron, nine sculptures of the heads of ancient monsters of different shapes are carved, surrounding the entire mouth of the big cauldron, which looks very imposing and very dark.

"This...this is actually the legendary Ancient Demon King Cauldron!"

Shang flew up from behind at this time and stood beside Ye Feng, staring at the big cauldron not far away. He couldn't help but exclaimed: "I didn't expect that the ancient demon king cauldron that was suddenly lost that year was actually used by Shadow. The shadow demon clan on the island has obtained it, and it is still hidden here! This is an extremely advanced magic weapon. It contains the terrifying power of the ancient demon king and can erupt with extremely terrifying destructive power! Are the nine heads of different types of monsters on the edge? Those are not sculptures! They are the ancient demon kings who entered the depths of the dark sea and killed the nine forbidden monster kings and trapped them with their heads. Their souls are integrated and refined into this cauldron, it's very terrifying!"

Chapter 3553 Too powerful

"The Ancient Demon King Cauldron?"

At this time, hearing Shang say the name of this big cauldron, Ye Feng suddenly showed a hint of surprise in his eyes.

Unexpectedly, the top floor of this giant tower of the Shadow Demon Clan actually hid such a powerful Demon Clan magic weapon.

At this time, Ye Feng asked aloud: "Can we directly refine this Ancient Demon King's Cauldron?"

Shang nodded and said aloud: "I don't have the ability to refine it now. Little Ye Zi, I can only leave this top-notch demon magic weapon to you to refine it."

"good."

Ye Feng immediately nodded, and then quickly walked in the direction of the Ancient Demon King Cauldron.

When Ye Feng walked in front of the big cauldron, he immediately sensed a very dark energy surging in the big cauldron.

Ye Feng felt as if he was facing an old monster. It was so terrifying that his soul and spirit were sinking into this dark cauldron from which he could never escape.

"call!"

Ye Feng took a deep breath at this moment, then stretched out his hands directly and pressed them on the Ancient Demon King Cauldron.

Buzz!

Almost at this moment, a large amount of dark light surged out from the Ancient Demon King Cauldron, surrounding Ye Feng who was standing in front of him.

"what's the situation?"

Seeing this scene, Shang, who was standing not far away, immediately looked shocked and couldn't help but asked: "Little Ye Zi, are you okay?"

Ye Feng shook his head at this time and said: "Don't worry, it's nothing big. These dark energies can't cause harm to me yet."

boom! boom! boom.....

But the moment Ye Feng finished speaking, the heads of the nine forbidden monster kings on the Ancient Demon King Cauldron suddenly rushed out of nine very terrifying demon souls, roaring and roaring, and charged towards Ye Feng. In the past, it seemed that he wanted to kill Ye Feng.

Shang, who was not far away, immediately exclaimed: "These are the souls of the nine forbidden monster kings! They are all revived now, and they want to swallow the little leaf that snatched the Ancient Demon King's Cauldron! Be careful!"

Ye Feng just smiled slightly at this time, without panic at all, and said: "If it is really the king of the nine forbidden monsters who appears in front of me, maybe I will not escape, but if it is just the soul, I'm not afraid at all."

Soul gem!

Almost at this moment, Ye Feng immediately activated the power of the soul gem without any hesitation.

Buzz!

I saw that Ye Feng's body suddenly burst out with a majestic and boundless phantom of will, full of vast and boundless terrifying aura.

This is the incomparable great will of the Lord!

The moment the dominant will appeared, the entire field was filled with unparalleled pressure.

The souls of the nine forbidden monster kings who were rushing toward Ye Feng not far away suddenly stopped in front of Ye Feng, seemingly stunned.

After all, they never seemed to have imagined that the ordinary young man in front of them actually possessed the supreme will to dominate.

After all, the existences at the dominance level are the most powerful existences in all the heavens and worlds, and even in all major worlds. They are immortal, supreme, and unparalleled in majesty.

"Plop!"

"Plop!"

"

..."

At this time, the souls of the nine forbidden monster kings suddenly knelt down in front of Ye Feng and kowtowed.

"this....."

Seeing this scene, Shang's eyes widened immediately, and he couldn't help but exclaimed: "Damn! Little Ye Zi! When did you possess the will of master? Where did you get such a thing?"

Ye Feng smiled slightly and said aloud: "I'm born with it."

After finishing speaking, Ye Feng walked directly to the front, looked at the souls of the nine forbidden monster kings kneeling in front of him, and immediately said: "Submit to me and I will not kill you."

"Thank you, sir!"

"We are willing to be slaves to the great Lord."

"It's an honor for us."

The souls of the nine forbidden monster kings were obviously intelligent. At this time, they immediately spoke respectfully, and then returned to the sculptures of the nine monster heads of the Ancient Demon King Cauldron.

Buzz!

Almost at the next moment, the Ancient Demon King's Cauldron shrank quickly, flew into Ye Feng's mind, and was directly controlled by Ye Feng, without Ye Feng even taking the initiative.

The Ancient Demon King Cauldron is controlled by the souls of these nine forbidden monster kings, so now it has directly surrendered to Ye Feng's hands.

At this moment, when he saw that the Ancient Demon King Cauldron actually flew into Ye Feng's mind and directly became Ye Feng's treasure, Shang's eyes widened immediately and he couldn't help but raise a dragon claw and said aloud : "Little Ye Zi, I really have you, you are so powerful. How does it feel to control this Ancient Demon King Cauldron? This is a treasure that has been lost for many years. It is very powerful."

At this time, Ye Feng had a thought in his mind and directly released the Ancient Demon King's Cauldron from his mind and suspended it in front of him.

The Ancient Demon King's Cauldron is now able to change its size according to Ye Feng's thoughts. At this moment, the Ancient Demon King's Cauldron is suspended in front of Ye Feng. It is only as big as a fist and is slowly rotating, exuding a sense of boundless darkness. The smell is very scary.

But Ye Feng reached out his hand at this time, grabbed the Ancient Demon King Cauldron, and then directly input his vast magic power.

Ye Feng has now transformed his life source into an extremely pure dark demon, so the mana Ye Feng outputs is naturally dark mana, which can stimulate the power of the Ancient Demon King's Cauldron.

"boom!"

At this moment, after the Ancient Demon King's Cauldron was infused with Ye Feng's dark attribute mana, a terrifying dark force suddenly burst out.

These dark forces directly condensed the forms of the nine forbidden monster kings at the top of the Ancient Demon King Cauldron.

They were different types of dark demons. Each of their bodies was very majestic and huge, full of ferocious and cruel auras.

Ye Feng immediately nodded with satisfaction and said aloud: "Once the Ancient Demon King Cauldron is activated, it can use dark power to condense the nine forbidden kings of monsters, and it can burst out extremely terrifying destructive power."

When Shang heard what Ye Feng said at this time, he immediately said very excitedly: "In that case, Ye Feng, you are now equivalent to directly controlling the power of nine promotions to the King of Warcraft.

Measured? "

Ye Feng nodded slightly and said aloud: "You can say that, but my current magic power is not very powerful. Even if I release the power of the Ancient Demon King's Cauldron, I probably won't be able to compete with the top powerhouses in Shadow Island. We should now Out of here."

Shang suddenly nodded.

After all, most of the benefits have been taken by them, and now it's time to leave.

"Who dares to steal the treasure of our Shadow Island!"

Suddenly at this moment, a majestic and unparalleled roar suddenly sounded from high in the sky, full of infinite power.

Almost at the next moment, Ye Feng and Shang's eyes changed slightly, because the voice turned out to be the voice of the owner of Shadow Island!

At this moment, Ye Feng seemed to sense something.

"Get out of here!" ??

Ye Feng immediately grabbed Shang's dragon claw, released the power of the space gem, opened a space wormhole directly in front of him, and immediately teleported out of the scope of the giant tower.

Boom! !

And almost the moment they left the giant tower and came outside, a huge dark hand appeared in the sky, which directly shattered the entire giant tower.

Turned into ruins!

If Ye Feng and Shang had not had time to escape, not to mention being killed, they would have been seriously injured anyway and would have ended badly.

Seeing this scene, Shang immediately turned cold and said, "If we had been a step slower just now, we would have died under the power of this dark hand. It is such a terrifying power."

This big hand of darkness was naturally released by the island owner of Shadow Island.

The owner of the Shadow Island is a super strong man with extremely advanced cultivation. He is not something Ye Feng and Shang can fight against now.

At this moment, Ye Feng immediately saw the owner of the Shadow Island. His whole body was seriously injured, but he still exuded a terrifying aura of power.

The leaders of the major forces in the sky are fighting with other top powerhouses on Shadow Island, including various elders who have lived in Shadow Island for many years.

At this moment, Shang suddenly seemed to have thought of something, and immediately couldn't help but said: "Little Ye Zi, the owner of Shadow Island, probably wants to get the Ancient Demon King Cauldron from the top of this giant tower to help him. Fight with the other major forces! Let's run!"

Hearing what Shang said at this moment, Ye Feng immediately nodded slightly and said, "That's probably it."

However, Ye Feng is still a little confused as to why the island owner of Shadow Island would not use the Ancient Demon King Cauldron until now, instead of using the Ancient Demon King Cauldron to deal with the enemy from the beginning.

Shang spoke up at this time: "It is probably because this Ancient Demon King's Cauldron is unwilling to be controlled by the owner of Shadow Island. After all, this Ancient Demon King's Cauldron is not a treasure inherited by the Shadow Demon Clan, but was plundered by the Shadow Demon Clan from elsewhere. Yes, it is temporarily placed on the top of the giant tower on Shadow

Island. The soul of the king of the nine taboo monsters is not so easy to surrender. If you didn't have such a terrifying thing as the will of domination, little leaf, you wouldn't be able to conquer the nine taboos so smoothly. The soul of the king of monsters."

When Ye Feng heard this, he immediately nodded, and then immediately released the power of the space gem, opened up a space wormhole, and quickly fled towards the distance with Shang.

Even though the Shadow Island owner suffered heavy losses in the previous fierce battle at high altitude, Ye Feng knew very well that he was no match for the Shadow Island owner now, so it was better to leave first.

"Want to leave? This is impossible!"

At this time, the face of the Shadow Island owner suddenly showed a deep cold murderous intention. He suddenly stretched out a dark hand and instantly cut off the space wormhole opened by Ye Feng.

If it were just an ordinary big shot of the demon clan, it would probably not be possible to cut off Ye Feng's space wormhole, because Ye Feng's space wormhole was opened up by the space gem, which is very magical.

But you must know that the one who takes action at this time is the island owner of Shadow Island. His natural talent is the power of the void talent, and he has such unpredictable and super strong cultivation, so he can naturally cut off Ye Feng's space wormhole.

When Ye Feng saw this scene, his eyes suddenly darkened.

Sure enough, as he had guessed, the top powerhouses in Shadow Island could easily cut off his own space wormhole, making his means of escape immediately useless, because the other party was the inheritor of the power of the void.

"Damn it!"

At this moment, Shang's eyes were a little gloomy, and he couldn't help but ask in a low voice: "Little Ye Zi, what should we do now? Should we fight desperately, or...?"

At this time, Ye Feng stared at the owner of the Shadow Island not far away, his eyes filled with a cold murderous intent.

Seeing that the other party suffered serious injuries all over his body, Ye Feng suddenly showed a hint of madness in his eyes, and even wanted to fight the owner of the Shadow Island!

Ye Feng asked aloud: "Shang, do you know what level of cultivation this Shadow Island owner is at? How much higher is it than my current level of cultivation in the first level of the Out-of-body Realm?"

Shang shook his head and said aloud: "I'm not sure. Anyway, he is very powerful. After all, he is the master of Shadow Island."

At this moment, the owner of the Shadow Island not far away stared at Ye Feng. He seemed to have seen the crazy murderous intent in Ye Feng's eyes. A cold mocking look appeared on his face and he said: "Do you think that I have suffered a heavy blow now, so you want to kill me? Young man, you are too naive. You simply don't understand what a top demon warrior like me actually controls. What a terrifying power!"

Boom! !

Almost at the moment when the master of Shadow Island finished speaking, he directly released the power of the void, and suddenly came to Ye Feng. With lightning speed, a big black hand had already struck Ye Feng's head. before.

Immediately, a terrifying power erupted, and Ye Feng didn't even have time to react. He was directly blown away into the distance, smashed into a large piece of land, and was buried in the ruins.

"Little Leaf!"

When Shang saw this scene, he couldn't help but exclaimed, and his heart suddenly sank to the bottom!

It has to be said that this Shadow Island owner is really terrifying. He has used the power of the void to an extreme level of proficiency. Compared with the giant tower guardian of the first level of

the Ming Dan Realm that Ye Feng killed before, he doesn't know how to do it. How many times more powerful.

At that moment, Ye Feng didn't even react, and was blasted far away by the Shadow Island owner in an instant, unable to even dodge.

Because the owner of the Shadow Island is the top demon in the nearby sea, even if he is seriously injured, he is still extremely terrifying and powerful!

Chapter 3554 Become famous all over the world

boom! !

At this time, Ye Feng flew directly out of the ruins, his eyes showing deep horror.

At that moment, when the Shadow Island owner attacked him, Ye Feng didn't react at all, and was directly blown away by the Shadow Island owner's hand.

And even Ye Feng couldn't resist that kind of power.

Ye Feng didn't even have time to react, which was really scary.

At this moment, Ye Feng's only thought was to leave here quickly.

"Void Vortex!"

Suddenly at this moment, the owner of the Shadow Island not far away released a very powerful and unique inheritance.

Wow!

Almost at this moment, the owner of Shadow Island suddenly erupted with a terrifying force of space rotation, which suddenly enveloped all nearby areas.

Ye Feng immediately felt at this moment that he was enveloped by a very strong void vortex. He could not move at all and could only stay in this void vortex.

Uh-huh!

At this time, Shang quickly flew to Ye Feng's side, his eyes were a little ugly, and he said loudly: "Little Ye Zi, this Shadow Island owner is really terrifying, what should we do now?"

At this moment, Ye Feng looked at the extremely violent void whirlpool around him, his eyes suddenly showed a crazy and ruthless look, and said loudly: "Originally, I didn't dare to directly use the Golden City to deal with this Shadow Island owner. Yes, I am afraid that the aura of the Golden City will be discovered by the masters of other major forces, but now, the master of the Shadow Island has released this void vortex, making our space independent and isolating it from the battlefield high in the sky. , so I can directly use the power of the Golden City now."

At this time, Shang couldn't help but said: "The strength of this Shadow Island owner is very terrifying. Little Ye Zi, are you sure you can use the Golden City to deal with this Shadow Island owner?"

Ye Feng shook his head at this time and said aloud: "I am not sure, but now I have no choice but to carry it on. The Golden City can provide me with extremely powerful power, and you must know that this The owner of the Shadow Island has just experienced a very difficult fight at high altitude. He suffered heavy injuries all over his body. His strength is estimated to be less than half of his peak period. At this time, he can only face him head-on. I hope that the power of the Golden City will not give way. I'm disappointed."

Uh-huh!

At this time, just when Ye Feng finished speaking, the owner of the Shadow Island not far away thought that he had defeated Ye Feng, and instantly rushed towards Ye Feng, smiling coldly and saying: "Now the surrounding space has been completely enveloped by the void whirlpool I released. Boy, you can't escape, just accept the fate of death!"

Boom!

Almost at this moment, the owner of Shadow Island once again released a dark hand and bombarded Ye Feng.

Ye Feng was hit far away by such a force just now, and he couldn't resist it at all.

And at the moment when the owner of Shadow Island felt that this move could kill Ye Feng.

"Buzz!"

Suddenly in front of Ye Feng

, a majestic and majestic huge golden city appeared, which actually resisted the dark hand of Shadow Island.

Bang! !

The dark hand of the owner of Shadow Island struck the Golden City, and a huge metallic roar suddenly erupted.

The golden city stands tall and motionless.

On the contrary, the owner of Shadow Island staggered back several steps.

"What? This is... the City of Gold!"

Looking at the golden city in front of him at this moment, the owner of Shadow Island was immediately shocked to the extreme.

And at the next moment, the owner of Shadow Island seemed to understand something, and immediately couldn't help but stare at Ye Feng, and said with a big change of expression: "It turns out that you were the one who released the aura of the Golden City and framed our Shadow Island! Who are you, kid? Why are you persecuting us like this on Shadow Island?"

When Ye Feng heard what the owner of the Shadow Island said, he immediately smiled and said, "That's because your Shadow Island is going to kill me soon, so I can only take action in advance."

"What's the meaning?"

When the owner of Shadow Island heard what Ye Feng said, his eyes immediately showed doubts, but at the next moment, he seemed to have thought of something, and immediately said in shock and anger: "You are the one who killed me. My son's murderer!"

Ye Feng nodded slightly and said loudly: "Yes, it's me, but I didn't take the initiative to kill him. He wanted to assassinate me first and rob me of my wealth. Then I can only kill him. I generally don't take the initiative to provoke others, but if someone wants to kill me, I will definitely retaliate in kind!"

"So you are the murderer!"

The owner of the Shadow Island didn't care who was right or wrong at this time. Angry flames suddenly burst out from his eyes, and boundless dark energy burst out from his body. Suddenly, a huge claw was condensed in the sky. The claw burned with horrific flames from hell.

"Netherworld Claws!"

At this moment, the owner of Shadow Island didn't want to say anything more. He directly released his extremely powerful inheritance to kill Ye Feng instantly.

Almost at this moment, Ye Feng immediately felt a huge death crisis. The destructive fluctuations of the Netherworld's claws were really terrifying.

Even though he was far away, Ye Feng felt tremendous pressure.

The owner of Shadow Island seems to be serious at this moment!

Although the owner of Shadow Island suffered heavy losses, the inherited power he burst out in an instant is still very powerful.

At this moment, Ye Feng's eyes became serious, and he immediately activated the power of the Golden City.

Boom! !

At this moment, all the power of the golden flames in the Golden City was poured into Ye Feng's body, turning Ye Feng's skin into a golden color, and the flames began to burn on his body. It seems to have turned yellow

The same as the owner of Golden City.

At this moment, Ye Feng was blessed by the power of the entire Golden City, and then instantly released the terrifying top-level demon treasure like the Ancient Demon King's Cauldron that he had obtained before.

At this moment, the Ancient Demon King Cauldron suddenly rushed out with the souls of nine forbidden monster kings, surrounding Ye Feng, once again increasing Ye Feng's entire strength many times.

Then Ye Feng finally released the most powerful demon inheritance he had obtained from the Shadow Island Tower, the Senluo Death Seal!

Boom! !

At this moment, Ye Feng used up almost all his strength to release the top demon inheritance of Senluo Death Seal, and collided with the terrifying attack released by the Shadow Island owner who was attacking from the front. Together.

Boom! !

Almost at this moment, the entire field suddenly erupted with a terrifying roar.

The surrounding void whirlpool was almost shattered by the collision at this moment, and the destructive power was extremely terrifying.

Even if Shang was standing far away, he could not help but retreat quickly due to the impact of this terrifying battle wave at this moment.

And in the next moment, countless divine lights disappeared.

There were many wounds on Ye Feng's body, and blood was flowing. It was obvious that he had suffered a lot of heavy injuries.

However, the golden city is suspended above Ye Feng's head, and the soul of the magical beast of the Ancient Demon King Cauldron is guarding Ye Feng, allowing Ye Feng to quickly recover his strength at this moment.

Not far away, on the other side, the severely injured body of the owner of Shadow Island was even more dilapidated, his hair was disheveled, and his body's strength was also drained a lot.

At this time, the owner of Shadow Island stared at Ye Feng with deep incredulity in his eyes, and said in horror: "You actually learned the strongest inheritance of our Shadow Island, Senluo Death Seal! And you also learned it! How is it possible for the Ancient Demon King Ding to recognize you as the master? And the Golden City is also controlled by you!"

At this time, the owner of Shadow Island probably couldn't believe it. Ye Feng, whose cultivation was several realms weaker than him, could actually control so many super treasures that he couldn't get, and then compete with him. It was really unbelievable. .

Originally, the owner of Shadow Island thought that even if he suffered heavy losses in the high-altitude battle, he could still crush Ye Feng to death with one hand.

After all, Ye Feng's extremely weak cultivation level of the first level of the Out-of-body Realm is just a little bug-like existence in the eyes of a top demon strongman like him in the southwest.

However, Ye Feng was able to burst out with such terrifying power and control so many super magic weapons that he could not obtain. It really made the owner of Shadow Island shocked and angry, and he didn't know what to say.

"boom!"

But at this time, Ye Feng didn't waste time.

At this moment, Ye Feng did not retreat. Instead, he charged directly towards the owner of Shadow Island, hoping to pursue the victory.

When the owner of Shadow Island saw this scene, he immediately shouted angrily: "You are provoking my majesty! How dare you take the initiative to attack me!

"

But before the words of the owner of Shadow Island could be completely finished, Ye Feng suddenly turned into thousands of different clones on the way, and it was impossible to tell which one was the real Ye Feng's body.

"This is....."

The owner of Shadow Island immediately exclaimed: "The Secret Art of Shadow Clone! You actually got the most magical inheritance of our Shadow Island, and you learned it directly in a short period of time. This is impossible, even I can't It took me many years of enlightenment to be able to transform into thousands of different clones at once! And you are not our Shadow Demon Clan, how can you possibly learn our Shadow Demon Clan's inheritance passed down from ancient times? This is only the blood of the Shadow Demon Clan! , the magical secret technique that can only be practiced!"

But at this time, no matter how shocked the owner of the Shadow Island was, Ye Feng transformed into thousands of clones and had already enveloped the owner of the Shadow Island from all directions.

The owner of Shadow Island didn't even have time to react at this time, and was directly hit by Ye Feng's true self hidden in a clone.

"Your sneak attack can't kill me! You are just a low-level creature and cannot harm a high-level demon like me!"

At this time, the owner of Shadow Island seemed not to panic at all.

"Oh, is it so?"

But Ye Feng just smiled coldly, what he was holding in his hand was the Gate of Heaven!

boom! !

The gate of heaven erupted with terrifying light power, and in an instant, the shadow island owner was directly disintegrated under the horrified gaze of the island owner!

The owner of Shadow Island, die!

This big shot of the Demon Clan and the Lord of the Shadow Demon Clan underestimated Ye Feng after all. He never thought that in addition to the Demon Clan's super magic weapons, such as the Golden City and the Ancient Demon King's Cauldron, Ye Feng also had the power of Heaven. The door is a terrifying weapon that can specifically suppress any dark attribute demons in the Demon Realm!

After dismantling the leader of Shadow Island, Ye Feng breathed a long sigh of relief, "Finally, we have killed the top powerhouse of Shadow Island!"

At this moment, Shang flew over from not far away, with a dragon's face extremely excited, and shouted loudly: "Little Ye Zi! Little Ye Zi! You are so amazing! Legendary figures like the master of Shadow Island have been... If you kill me, you will definitely become famous all over the world!"

Ye Feng just smiled helplessly at this time: "Don't think about becoming famous in the world, let's escape from here! The void vortex is disappearing quickly at this time, and the strong people in the sky will soon notice the situation here. "

At this time, Ye Feng said, and put the broken body of the dead Shadow Island owner into his storage ring, then opened up a space wormhole, and He Shang quickly headed towards the dark sea in the distance of Shadow Island. direction to escape.

Ye Feng no longer has any strength to fight against the next threat, because the battle with the seriously injured Shadow Island owner just now has consumed all of Ye Feng's skills.

The only thing Ye Feng thinks about now is to escape from here quickly and stay away from this chaotic place. He must not let others find out that he killed the seriously injured Shadow Island owner, nor can he let other big power owners know that he has the Golden City on his body. Such a priceless treasure.

Chapter 3555 Demon Clan Big Figure

Buzz!

At this time, Ye Feng opened up a space wormhole and took Shang directly through the entire space wormhole, flying quickly toward the outside of Shadow Island.

The moment they left the space wormhole, they had arrived on the Sea of Darkness, already some distance away from Shadow Island.

Seeing this scene, Ye Feng suddenly showed a hint of joy in his eyes, and couldn't help but said: "We have escaped, it's great."

Buzz!

Buzz!

But suddenly at this moment, several very terrifying auras suddenly descended from high in the sky.

Those auras are all very powerful, even more powerful than the master of Shadow Island at his peak.

Sensing this kind of aura fluctuation, Ye Feng's expression suddenly changed, and he couldn't help but say: "It seems that we are in the space whirlpool, and we will be discovered by the masters of the major forces after all. I guess they already know it." The Golden City is on my body, and now I am afraid that I will be hunted down at all costs."

"What?"

When Shang heard Ye Feng say this, his face suddenly changed, and he couldn't help but asked: "Then what should we do now?"

Ye Feng had no time to think about anything at this time. He immediately flew in a certain direction and said loudly: "Shang, if I run away alone, they will only lock the aura of the Golden City on me. Shang, hurry up now. Leave the Sea of Darkness and return to our territory. Once I escape the pursuit of this group of powerful men, we will meet in the territory."

"But....."

Shang wanted to say something at this time, but Ye Feng had completely moved away from here and disappeared.

Shang knew that Ye Feng didn't want to implicate him.

"Damn it! Damn it!"

At this time, Shang's eyes were filled with raging anger, and he was roaring in his heart, why was he not strong? If he was strong enough, then Little Leaf wouldn't have to run away in such a panic.

At this time, Shang's eyes revealed a trace of madness, and he suddenly took out a map exuding black energy from his storage ring.

At this time, Shang stared at the mysterious map in his hand, murmuring with some fear but also some madness, "It seems that I have to go to this place, either to die or to fly into the sky. I don't want to endure such a weak and powerless feeling anymore, unable to protect myself or my friends..."

Uh-huh!

After Shang muttered to himself at this time, he flew quickly in a certain direction, not towards the territory, but towards a very scary place in the southwest of the Demon Realm.

Swish, swish, swish!

At this moment, Ye Feng was moving quickly on the dark sea.

He didn't know that Shang had gone to a very scary and mysterious place.

The reason why Ye Feng ran away alone was naturally to avoid being implicated in death.

Because along the way, Ye Feng doesn't have many friends anymore.

this one

Ye Feng was very happy to meet his old friend Shang in the Demon Realm for the first time and spent a very warm time.

Now that he was facing such a big life and death crisis, Ye Feng naturally didn't want Shang to be in danger.

So Ye Feng chose to bear the terrifying pursuit alone.

"Young man, it turns out that the City of Gold is in the body of a boy like you. No wonder Shadow Island keeps saying that the aura of the City of Gold appears. They don't know what it is. It seems that they are telling the truth. But since they were captured by us today If we catch your breath, don't even think about escaping. Even Shadow Island will be destroyed in our hands, let alone you, a young man."

At this time, majestic voices came from the sky above the dark ocean behind them.

Ye Feng looked behind him. The people following him at this time were all the leaders of the major forces nearby.

The cultivation auras on each body are like the vast ocean, very vast and terrifying.

The cultivation level of these people is definitely comparable to that of the Shadow Island owner, or even surpasses that of the Shadow Island owner, and they are almost all in their prime.

"Young man, don't try to escape. As long as you are willing to hand over the Golden City to me, then I will accept you as my apprentice and let you enjoy the supreme rights."

At this time, another big figure from the demon clan spoke out from behind.

These are the masters of the powerful demon forces in the southwest of the Demon Realm and the shallow sea area of the Dark Sea. Each one of them is very powerful and their cultivation is unpredictable.

They all want to get the golden city that is Ye Feng's treasure.

But at this time, Ye Feng didn't bother to listen to what these big figures of the demon clan said, because Ye Feng knew very well that if these big figures of the demon clan really got the golden city in him, they would definitely give him up after using him. Ye Feng did not believe the so-called promises of these big shots.

Moreover, Ye Feng didn't want to hand over the golden city in his hands to these big figures from the demon clan.

Because Ye Feng wanted to create his own territory, it was absolutely impossible for such a precious treasure as the Golden City to be handed over to others.

So at this time, Ye Feng used the space gem, frantically opened up space wormholes, and teleported away into the distance.

At this moment, those who were chasing Ye Feng were the powerful men from the four major forces who had previously joined forces to obliterate the entire Shadow Island.

They are the Ghost Demon Lord of the Ghost Demon Sect.

The six-headed dragon of darkness in the Dark Sea God Palace.

The Skeleton King of Hell in the Hell Cave.

There is also a demon flame phoenix whose whole body is burning with black and red flames.

The leaders of these four major forces are all top-notch strongmen of the nearby demon clan. Their cultivation and methods are very terrifying.

And they're both at their peak now.

Because they join forces

Dealing with Shadow Island, almost no one suffered any serious injuries.

At this moment, these powerful men from the top demon clan teleported above Ye Feng's head, and then began to attack Ye Feng.

Because they don't want to talk nonsense now, they want to kill Ye Feng, a weak young man, first, and then grab more of the golden city from him.

But at this moment, Ye Feng no longer hesitated and directly released the power of the Golden City. The Golden City enveloped Ye Feng, providing Ye Feng with a steady stream of energy, allowing Ye Feng to continue flying rapidly towards the distance. go.

The attacks of these demonic figures fell on the Golden City, which was completely blocked by the Golden City.

But Ye Feng still suffered a lot of impact, and his whole face became a lot pale, and he even couldn't help but spit out a mouthful of blood.

After all, the attacks from the four top demon clan figures are still very terrifying, and they are not something Ye Feng can resist now.

Even with the protection of the Golden City, Ye Feng felt that he had suffered a huge blow at this moment.

"The City of Gold is indeed in the hands of this boy!"

At this moment, watching Ye Feng release the Golden City to protect himself, the leaders of the four major demon clans all had deep passion and greed in their eyes.

Because they all want to get the super powerful magic weapon left by the golden burning ancient demon clan in the Golden City.

At this time, Ye Feng had a bitter smile on his face while protecting himself with the Golden City.

Although this time I did take the initiative to eliminate the huge hidden danger of Shadow Island, and I also got a lot of opportunities from Shadow Island, which improved my cultivation strength and inheritance a lot.

But at the same time, he was also targeted by the masters of these demonic forces. Now he was in a huge crisis, and his life might be in danger at any time.

At this time, Ye Feng knew that he could not fight against the four top demon clan figures. He could only rely on the Golden City to protect himself and quickly escape into the distance.

The direction Ye Feng originally planned to escape was to the peripheral area of the Sea of Darkness, but Ye Feng felt that if he fled towards the peripheral area of the Sea of Darkness, he would probably not be able to escape the pursuit of these four top demon clan figures. kill.

In the end, Ye Feng determined his escape route, which was to escape towards the depths of the dark sea.

Because Emperor Chu had told Ye Feng in his mind before that there were many ancient and powerful forbidden dark creatures living in the depths of the Dark Sea, and anyone who entered would basically die.

But Ye Feng has no choice now. In order to get rid of the pursuit of four top demon clan figures, he must take risks and enter the deep area of the Dark Sea.

Because only by entering the deep sea area of the Sea of Darkness can it be possible to escape the pursuit of these four top demon clan figures.

Because Ye Feng knows very well that the only way now is

Drive away wolves and swallow tigers.

That is, he entered the deep sea area of the dark sea and attracted the attention of some forbidden deep sea dark creatures living in the deep sea area, and then it was possible to escape.

So at this time, Ye Feng unswervingly changed his direction and flew quickly towards the deep sea area.

"Um?"

"Where does this kid want to go?"

The four top demon clan figures behind him who were chasing Ye Feng saw that Ye Feng had turned around and fled towards the depths of the Sea of Darkness, and their eyes suddenly showed surprise.

A big shot from the demon clan couldn't help but said: "Boy! Are you willing to die rather than give up the Golden City to us?"

When Ye Feng heard the words of these top demon clan powerhouses behind him, he didn't bother to respond at all, because he knew very well that even if he handed over the golden city to these top demon clan powerhouses, he would not be able to escape death, so he might as well fight for it. Go directly into the depths of the dark sea and see if you can induce the ancient taboo dark creatures living in the deep sea to take action.

After all, in the deepest part of the Sea of Darkness, those taboo and terrifying dark creatures that exist have a very strong sense of territory.

If four top demon clan figures came to their territory, it might cause the dark creatures in these deep sea areas to take action.

So Ye Feng is ready to take a gamble now.

"Space gem!"

At this time, Ye Feng frantically outputted his magic power, circulated the space gem, and quickly fled towards the distance.

For Ye Feng, as long as he can survive now, that is the best outcome.

As Ye Feng fled, the four top demon warriors who were chasing Ye Feng suddenly seemed to realize something.

Among the four top demon clan masters, the ghost demon king standing on the ghost chariot suddenly changed his face slightly and said loudly: "This kid is not going to die, but to lead us into the darkness. In the deep sea area of the sea, let our powerful aura trigger the dark creatures living in the deep sea area to deal with us. This is a plan to drive away wolves and swallow tigers! "

Hearing what the Ghost Demon King said, the other three demon clan figures couldn't help but change their eyes slightly, as if they realized the true intention of Ye Feng's behavior.

"We can't wait any longer. This kid is about to enter the deep sea area of the Dark Sea. Even I dare not step into that terrifying place easily."

At this time, among the four powerful demons, the Skeleton King of Hell, who was several thousand meters tall, suddenly spoke out.

With blue flames in his eyes, he stared at Ye Feng in front of him who was using the space gem to teleport, and said loudly: "Let's stop guarding each other now, and quickly join forces to imprison this kid." , or directly obliterate him, we must not let him enter the real deep sea area, otherwise, we estimate that no one can get the treasure of the Golden City. I think all of you are very afraid of the terror of those dark creatures in the deep sea area. clear."

Chapter 3556 Last Wish

Boom!

At this time, the four demon clan figures no longer hesitated and released their most powerful powers.

The Ghost Demon Lord directly stretched out a hand, and that hand immediately turned into a big ghost hand, like a palm stretched out from the underworld, it was very terrifying, covering the entire sky.

The dark six-headed dragon in the Dark Sea God Palace turned into six huge black dragon heads at this time, opening its bloody mouth, as if it could swallow everything.

As for the Hell Skeleton King from the Hell Demon Cave, at this time, a huge bone spur spear appeared in his hand, entangled with thousands of souls, and stabbed towards Ye Feng in the distance.

As for the last and most mysterious Demonic Flame Phoenix, it releases endless black-red flames that can burn everything.

The four top demon figures in the southwest of the Demon Realm released their most powerful attacks at this time, united together, and attacked Ye Feng, arriving in front of Ye Feng in an instant.

The destructive power of this joint attack is simply unimaginable. It is so terrifying that it will destroy the entire shallow sea area of the Dark Sea.

Even if Ye Feng used the space gem at this time and fled quickly, he could not escape the attacks of these four top demon clan figures. He was covered and shrouded in an instant.

"Boom!"

At this moment, Ye Feng's eyes were filled with deep horror.

Because he found that even with the protection of the Golden City, his entire body was about to collapse.

Seeing this scene, Ye Feng couldn't help but burst out Hongmeng's real body immediately to resist the terrifying destructive power.

In addition, Ye Feng integrated all his domination gems into every part of his body, releasing the most original power of domination among the domination gems and strengthening his defense.

finally!

Just the next moment!

"Boom!"

A terrifying roar suddenly sounded on the surface of the Sea of Darkness.

Even though Ye Feng was protected by the Golden City, he was suddenly blown away into the distance at this time.

Wow!

The next moment, Ye Feng's whole body hit the sea level directly, causing thousands of waves.

"Well!"

At this time, Ye Feng felt that all his bones were about to shatter.

But after all, Ye Feng did not die, but he was about to fall into a coma from serious injuries.

At this time, Ye Feng stared at the four demon clan figures who were mourning in the sky not far away, with overwhelming coldness and hatred in his eyes, and shouted angrily: "If I don't die today, the entire southwest of the Demon Realm will be destroyed in the future." There will be a bloody storm on earth, the Ghost Demon King, the Six-Headed Dragon of Darkness, the Skeleton King of Hell, and the Demon Flame Phoenix. If I don't die today, I will definitely kill you all in the future!"

Uh-huh!

The moment Ye Feng's words fell, Ye Feng no longer hesitated. Using his last power, he rushed directly into a huge ocean vortex in front, entered the real deep sea area of the dark ocean, and disappeared. trace.

"He's not dead yet..."

The four big figures from the demon clan looked a little ugly when they saw this scene.

They never expected that the terrifying attack power released by the four top experts together would not kill Ye Feng, a young man who was countless times weaker than them.

It's simply unbelievable to the extreme.

This kind of vitality is so tenacious!

At this time, the four big figures of the demon clan showed deep gloominess in their eyes.

They were gloomy not because of Ye Feng's last harsh words, but because they never believed that Ye Feng could grow to the level they did.

They gloomily did not get the City of Gold.

At this moment, among the four big figures of the demon clan, the ghost demon king was driving a ghost chariot and wanted to enter the deep sea area of the dark ocean and continue to search for Ye Feng.

But suddenly at this moment, a terrifying aura suddenly appeared in the entire world.

Countless waves were seen rolling up, and a dark monster that looked to be tens of thousands of feet appeared in the deep sea area.

Two eyes as big as lanterns emitting crimson light stared at the four big figures of the demon clan outside, and made a terrifying and majestic voice: "Deep sea restricted area, entry is prohibited."

Obviously, the auras of the four demon clan figures instantly attracted the attention of the dark monsters in the deep sea area of the dark sea.

And Ye Feng is probably too weak, and his breath is not enough to attract the attention of this dark monster in the deep sea area.

Seeing this majestic dark monster tens of thousands of feet hidden in the depths of the ocean, the four big figures from the demon race all had extremely sad expressions on their faces.

Because they know they can no longer move forward.

If you continue to move forward, you may be besieged by all the dark monsters in the entire deep sea area.

At this time, the four demon clan figures could only retreat with ugly expressions, staying away from the deep sea area of the dark sea.

Demon Flame Phoenix, Hell Skeleton King, and Dark Six-Headed Dragon, these three demon clan figures all turned around and left.

Because they know that there is no chance of getting the Golden City.

They speculated that the Golden City would eventually fall into the hands of those dark monsters deep in the dark ocean.

After all, they didn't believe that Ye Feng could survive in such a dangerous place like the deep sea after suffering such huge injuries.

As for the fourth demon clan figure, the Ghost Demon King, he was staring at the direction where Ye Feng disappeared in the deep sea area, his eyes flickering, as if he was thinking about something...

At this moment, Ye Feng was plunged into the depths of the dark sea by the huge waves. He had almost no strength left and could only drift with the tide.

Ye Feng smiled bitterly at this time.

I wonder where in the deep sea I will eventually be swept away by such a strong ocean whirlpool?

However, Ye Feng did not waste time at this time, but quickly operated his Hongmeng Immortal Body Step.

The bloodline talent awakened after entering the third level, Hongmeng Purple Qi.

The Hongmeng Purple Qi can repair any spiritual thing, including the life of living beings.

Therefore, Hongmeng Purple Qi plays a huge role in restoring Ye Feng's vitality.

At this time, Ye Feng inspired the Hongmeng Purple Qi, which spread throughout his limbs and bones, quickly recovering from his injuries.

This time, Ye Feng's trauma was too serious, and he was severely attacked by four demon clan figures.

Even with the protection of the Golden City and various domination gems, Ye Feng's entire body was almost shattered.

Fortunately, Ye Feng's Hongmeng avatar was strong enough to withstand the final devastating attack.

At this time, Ye Feng used Hongmeng Purple Qi to continuously recover from his injuries. He wanted to stabilize his injuries as soon as possible before he could find a way to escape in this deep sea area.

But just when Ye Feng used Hongmeng Purple Qi to slowly restore himself.

Buzz! ??

suddenly!

A huge dark monster appeared in front of Ye Feng!

At this moment, this dark monster was floating in the deep sea water. It was tens of thousands of feet tall and majestic. It looked like a huge dark whale. Ye Feng felt like a giant phobia for a moment. Feel.

At this time, Ye Feng saw this dark giant whale, with a pair of lantern-sized eyes emitting red light. It looked very scary and weird in the depths of the ocean, staring at him.

"Oops....."

Ye Feng's heart suddenly thumped.

Am I going to be swallowed directly by this dark whale today?

At this time, Ye Feng stared at the dark whale in the depths of the sea ahead, with a look of deep uncertainty in his eyes.

Because Ye Feng discovered that the other party did not directly swallow him, but just stared at him with his pair of lantern-sized red eyes, as if he was observing himself.

Ye Feng saw this scene at this time and felt a little relieved.

If this giant dark whale of the ocean really wanted to devour itself, it would probably have done so long ago.

At this time, Ye Feng tried to swim towards the distance, preparing to leave here.

But just when Ye Feng tried to swim away, suddenly the dark whale made a loud voice: "You are not a demon, your aura is very similar to his, you are a rare human race."

When Ye Feng heard what the dark whale said, his eyes suddenly froze and he couldn't help but said: "Senior, you can actually tell that I am a human race?"

I have to say that Ye Feng was still very shocked at this time.

After all, since Ye Feng came to the Demon Realm, he has completely transformed his life source into the Demon Clan.

Therefore, even the owner of the Shadow Island, or the top leaders of the four major forces in the southwest of the Demonic Domain who were chasing him just now, did not realize that they were not demons, but human beings.

But the dark whale in the ocean in front of us actually

Then he directly said that he was a human race, which shocked Ye Feng.

Ye Feng was guessing at this moment that the reason why this dark whale didn't swallow him was because he was a human race?

But the human race in the Demon Realm should be very weak creatures, and they seem to be basically food-like existences.

I don't know why this dark giant whale doesn't kill him because he is a human being?

Ye Feng couldn't help but asked: "Senior Dark Whale, don't you know what's special about me being a human race?"

The dark whale was silent for a while, and then slowly spoke out: "Because there was once a powerful human race, who did not know from which interface, descended to the depths of this dark sea, and saved the young man who was still young at the time. I, in the Demon Realm, humans are very rare. Now that I have met a human like you, I naturally have a good impression. You have arrived at the deep sea area of the Sea of Darkness. The four top demons who were chasing you just now A strong person from the clan would never dare to come in."

Hearing what the dark whale said, Ye Feng's eyes widened slightly.

Ye Feng never thought that the reason why this dark whale had such an attitude towards him was because an ancient strong human race saved him when this dark whale was young.

At this time, Ye Feng immediately nodded and said, "Can I leave now?"

Although this dark whale did not show any hostility towards him, Ye Feng felt that it was still very dangerous to be in front of such a terrifying dark whale.

Because these dark creatures living in the depths of the dark ocean, especially the huge monsters in this ocean, may find you interesting one second and will not kill you, but the next second their temperament will change drastically and they will become It was very cruel, so Ye Feng still wanted to stay away from this dark whale.

The dark whale heard what Ye Feng said at this time. He was silent for a moment, and then suddenly said: "No, you can't leave now."

Hearing what the dark whale said, Ye Feng suddenly felt a thump in his heart, his eyes were a bit ugly, and he couldn't help but ask: "Senior, is there anything else you want to tell me?"

Ye Feng is really afraid that this dark whale will take him as a pet.

The dark whale nodded slightly at this time and said loudly: "You are very talented. Tens of thousands of years ago, when I was young, the benefactor of the human race who saved me was too seriously injured. He died in the depths of this dark ocean. I once promised my benefactor that I would find a successor for him and carry forward his inheritance and sect once again. However, my benefactor said that it must be a human race like him. , can inherit his heritage, and no other race can, so I have been searching for tens of thousands of years, but I have not found any human race in the deep sea area, but this time I am very lucky to meet a young human race like you. , I can fulfill my benefactor's last wish."

"What?"

Hearing what this dark whale said, Ye Feng was immediately stunned.

The other party actually wants to become the successor of that ancient human race strongman?

Doesn't that mean giving yourself an extremely powerful ancient inheritance for free?

Is there such a good thing in the world?

Chapter 3557 The strong man of the ancient human race

I have to say that the fate of life is really hard to explain sometimes.

Ye Feng first harvested wealth in Shadow Island and made a lot of money.

But then he was chased by the top demon strongmen from the four southwest lands and was very miserable, and he almost died.

Unexpectedly, he survived in the end and met this dark whale who had been favored by the ancient strong man of the human race.

Not only can you protect yourself in the deep sea area, but you also have to take yourself to accept the powerful inheritance of an ancient human race tens of thousands of years ago.

Ye Feng's face looked a little sad at this time.

All this can only be said to be a result of fate.

A person's fate is sometimes really unpredictable and unpredictable.

At this time, Ye Feng no longer had any worries. Following the dark whale in front of him, he immediately swam quickly in a certain direction in the deep sea.

With this majestic and unfathomable dark whale leading the way, Ye Feng didn't worry about his own life at all.

Although in the depths of this dark sea, the deep sea area is very dangerous, and extremely terrifying dark marine creatures may exist everywhere.

But this dark giant whale, Ye Feng felt that it was probably one of the overlords in the deep sea area, otherwise it would be impossible for any dark creature to dare to approach it.

And you must know that Ye Feng also saw before that the four top demon strongmen who were chasing him still wanted to continue chasing him the moment they arrived in the deep sea area.

But in the end, this dark giant whale appeared, shocking the four top demon clan powerhouses, making them very hesitant and afraid to continue to step into the deep sea area.

At this time, Ye Feng felt more stable and safe than before.

Because this dark whale gave Ye Feng a very deep sense of security.

With this dark whale by his side, Ye Feng probably won't encounter any too terrifying dangers in the deep sea area.

At this time, Ye Feng was thinking secretly, and then suddenly saw the dark whale stopping not far ahead.

At this moment, Ye Feng found that he had followed this dark whale to the bottom of the deep sea.

There are actually broken deep-sea ruins here, as well as many buildings, most of which look very ancient.

At this time, the giant whale in the deep sea said: "The ancient strong man of the human race who saved me when I was young, finally died in this broken building. I buried him with my own hands. Here it is."

Ye Feng couldn't help but asked: "What happened to such a powerful being before he fell?"

The dark whale shook his head and said aloud: "I don't know for sure. When the ancient human race fell from another interface into the depths of the dark sea, he had already suffered huge damage. It is estimated that He had just experienced an extremely terrifying battle, in which he saved a young child among tens of thousands of black water snakes.

I then hurriedly explained some things and then died. "

When he said this, the dark whale couldn't help but sigh. It was obviously a pity that he could not save his benefactor's life.

Ye Feng nodded slightly at this time, and without asking any more questions, he said aloud: "Then what should I do now?"

"Just follow me."

At this time, the entire majestic body of the dark whale, tens of thousands of meters long, transformed into a beautiful young woman wearing black clothes in a flash of light. She was very elegant.

"Um?"

Seeing this scene, Ye Feng couldn't help but show a trace of surprise in his eyes. He obviously didn't expect that the dark whale that looked so huge and terrifying was actually a woman.

The woman in black who turned into a dark whale looked at Ye Feng with a pair of dark and cold eyes, and then said: "I will take you directly to the place where the ancient human race fell."

"good."

Ye Feng nodded immediately, didn't say anything more, and just followed behind the woman in black.

Although this dark whale restrained all the aura on his body after turning into a black woman, Ye Feng's perception is very powerful.

He could sense a very terrifying and majestic dark evil spirit from around the woman in black.

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, I can't even detect the true cultivation level of this dark whale, can you sense it?"

Emperor Chu immediately said aloud in his mind: "I can't feel how terrifying the specific cultivation aura of this dark whale is, but it is absolutely unpredictable and very powerful. Be careful, she wants to do something to you." If it's not good, it can crush you to death at any time, and you can't escape."

When Ye Feng heard what Emperor Chu said, he immediately nodded slightly.

After all, being able to directly scare away the four top demon strongmen in the southwest of the Demon Realm in the deep sea area must be a very terrifying cultivation level, and it is definitely a top existence that can rival those four top demon clan masters.

At this time, Ye Feng followed the woman in black and walked not far away. Soon Ye Feng came to the depths of the ancient ruins under the ocean.

Here, Ye Feng saw a very large palace.

This palace is golden and looks very grand and luxurious.

The woman in black looked at the golden palace at this time and said slowly: "Inside this palace is the place where the ancient human warrior who saved me finally died. He once told me that if I find I just want the successors of the human race to enter this golden palace, but I am not allowed to enter, so I

I don't know what is in the palace. You need to explore it yourself next. I hope you can successfully obtain the inheritance of that ancient strong man of the human race. In that case, I have fulfilled my promise to my benefactor. responsibility. "

Hearing what the woman in black said, Ye Feng immediately nodded and walked directly towards the golden palace.

On the way, Ye Feng's eyes showed a hint of vigilance.

After all, this is a very strange place, and Ye Feng will naturally not be very relaxed, even if he knows that this woman in black will not do any harm to him.

Although this dark giant whale may not have any hostility towards him, the fallen ancient human race powerhouse may not have any hostility towards him. After all, Ye Feng encountered too many ancient powerhouses who died, leaving behind a trace of spiritual power. The descendants who sacrifice their descendants.

Of course, this may be because Ye Feng is overthinking, after all, the other party has been dead for tens of thousands of years.

But out of caution, Ye Feng secretly manifested the Soul Gem between his eyebrows, emitting a faint golden light to protect his head. With the Soul Gem, Ye Feng felt more at ease and was not afraid at all. .

Uh-huh!

The next moment, Ye Feng dodged directly and entered the golden palace.

When Ye Feng walked in, he immediately saw a dark long sword placed in the middle area of the golden hall.

This jet-black long sword was engraved with many ancient patterns and some ancient words that Ye Feng couldn't understand. It exuded a rather dark aura.

Ye Feng slowly walked over and saw three words engraved on the body of this sword: "Demon Slaying Sword".

"Demon Slayer Sword?"

When Ye Feng saw these three words, his eyes suddenly moved.

Could it be that that ancient human race warrior killed a powerful demon somewhere outside the territory, but suffered heavy losses and fell here?

At this time, Ye Feng looked around and saw a rather tall skeleton sitting cross-legged behind the demon-slaying sword.

"This should be the corpse left behind after the death of that powerful human race..."

At this moment, Ye Feng murmured and walked in front of the skeleton transformed by this strong human race. He was looking around, looking for where the inheritance left by this ancient strong human race was.

"Buzz!"

But while Ye Feng was watching, suddenly the skeleton left by the strong human race sitting in front of Ye Feng slowly raised his head amid a "crunching" sound, with the sound of bones rubbing. , in this empty and dim hall, it looks very strange.

Uh-huh!

Ye Feng immediately couldn't help but retreat towards the back.

"Uh-huh!"

But suddenly at this moment, the huge skeleton suddenly stretched out a bone finger and touched Ye Feng's body, making Ye Feng unable to move at all.

"Oops!"

Ye Feng wanted to release the power of the space gem and soul gem at this time, but Ye Feng found that all his power was blocked, and he had no ability to use it at all.

In other words, Ye Feng's current methods cannot be released at all. His entire cultivation and strength, including all the treasures in his body, are all blocked by an invisible force!

This made Ye Feng extremely shocked.

This ancient human race strong man is so terrifying in strength. Is he really going to fall into the hands of this ancient human race strong man today?

Ye Feng felt very regretful at this time and followed the dark whale here.

However, Ye Feng guessed that the dark whale did not know that the real purpose of this ancient human race powerhouse was to seize his own body and revive again.

After all, if the dark whale really wanted to help her benefactor seize the body, he would have just forced himself here and would not have been talking to him for so long.

After all, the Dark Whale's cultivation was extremely terrifying, so there was no need to talk nonsense to him.

At this time, Ye Feng felt a huge wave of emotions in his heart.

This was the first time that he saw that even the soul gem was a powerful being that could be blocked in an instant, which showed that this ancient human race strong man must have been extremely powerful back then.

He is definitely a super strong man who descended from a realm higher than the Demon Realm.

At this time, Ye Feng was about to call out to Emperor Chu in his mind: "Emperor Chu, save me! Think of a way, how to escape?"

"Ye Feng, don't panic. If this skeleton is really the owner of the Demon-Slaying Sword, then he won't do such a shameless thing to take away your body, because the owner of the Demon-Slaying Sword should be the Demon-Slaying Sect back then. The sect leader, the Demon Slayer Sect is a powerful sect in the advanced realm that takes saving the world's common people and slaying demons as its own mission, and will not use such shameless means to seize you, Ye Feng."

Hearing what Emperor Chu said, Ye Feng suddenly showed deep surprise in his eyes.

Unexpectedly, Emperor Chu actually knew the origin of the Demon-Slaying Sword.

But at this time, Ye Feng immediately said in his mind: "But this ancient skeleton has controlled me. If he doesn't want to take my body, then what does he want to do?"

But the moment Ye Feng finished speaking, the ancient skeleton in front of him suddenly said something that shocked Ye Feng to the extreme.

The ancient skeleton spoke up: "It is not easy to meet a human race in such a remote dark sea in this Demonic Realm, but I didn't expect that you are the successor of the Hongmeng bloodline of the noble Ye family of the Sea of Chaos. It's really an honor to meet you."

Chapter 3558 Amazing changes

"Sea of Chaos?"

"Ye family?"

"Hongmeng bloodline?"

At this time, Ye Feng's eyes suddenly widened and he couldn't help staring at the skeleton in front of him. He didn't know how to be afraid. He immediately couldn't help but asked: "Which realm does the senior come from? He actually knows the Sea of Chaos." Things about the Ye family?"

Regarding the affairs of the Ye family in the Sea of Chaos, Ye Feng once heard his father, Emperor Ye Qing, say that the place where the Ye family stands is called the Sea of Chaos.

The Sea of Chaos is a heavenly paradise located in the ninth realm, the top of the nine realms of the Origin World.

At this moment, Ye Feng stared at the ancient skeleton in front of him and couldn't help but wonder, did this skeleton come from the ninth realm, the most advanced realm?

Then because of fighting with a certain strong man, he accidentally came to the fourth level realm of Demon Realm?

However, from the ninth realm to the fourth realm, this span is really too big, right?

Generally speaking, only one realm will be dropped at most.

At this moment, it seemed that he had guessed Ye Feng's inner thoughts. The skeleton in front of him suddenly smiled and said: "I am not from the ninth realm, the highest level, but from the demon realm. The fifth realm. However, the reason why I know about the Sea of Chaos and the Hongmeng bloodline of the Ye family is because now the major realms above the Demon Realm have been integrated together and are no longer distinguishable from each other. A huge change has occurred. Variety."

"What?"

Hearing what this ancient skeleton said, Ye Feng's eyes suddenly widened slightly, with a hint of horror in his eyes, as if the world view had been refreshed.

Even Emperor Chu could not help but say in his mind at this time: "Ye Feng! Hurry up and ask this skeleton what he meant by what he just said!"

Obviously, even Emperor Chu, a mysterious being, was shocked by what the ancient skeleton in front of him said.

The ancient skeleton nodded immediately at this moment and said loudly: "Honorable successor of Hongmeng bloodline, you heard it right. Now there are five realms above the Demon Realm, six

realms, seven realms, and eight realms. The first-level realm and the ninth-level realm have all merged together, turning into a vast and endless world complex."

"What?!"

When Ye Feng heard what the ancient skeleton said, his eyes immediately showed wonder, and he couldn't help but ask: "Did it happen naturally?"

"of course not."

The ancient skeleton shook his head, with a trace of anger suddenly showing in his eyes, and said loudly: "Originally, the major realms were not integrated together, and the creatures in the major realms lived peacefully, but one day, A super terrifying force from the eighth-level realm, called the Dark Demon Cult, has a heaven-defying commander named Dark Yuan Zun. In order to attack and occupy the top-level ninth realm, he forcibly Using very terrifying means, the fifth-level realm, the sixth-level realm, the seventh-level realm, and the eighth-level realm were forcibly merged together to form a vast world base camp, and then combined with the most advanced ninth-level realm The realms are connected together. In order to compete with the major forces in the ninth-level realm, the Dark Yuan Zun of this dark demon clan forcibly enslaved thousands of forces and creatures in the major realms he merged with, and established His dark army directly forced its way into the ninth level realm, causing countless battles and killings. "

"

What? ! "

When Ye Feng heard this, his eyes immediately widened.

Integrating all the major realms together?

Does this require great strength to do all this?

At this time, the ancient skeleton continued to speak: "Now, all the realms above the Demon Realm, including the top ninth realm, are all completely combined together. The Dark Yuan Lord relies on the hundreds of millions he has enslaved to The dark army with the plan has almost defeated all the major forces in the entire ninth realm. Most of the territory in the entire ninth realm has also fallen into the hands of the Dark Yuan Zun. The Dark Demon Cult The power spreads all over the world."

"hiss!"

When Ye Feng heard this, he couldn't help but gasped.

The ancient skeleton continued: "The Dark Yuan Zun has now directly named all the major realm combinations that have been integrated together as the "Dark World". This Dark Yuan Zun has very huge ambitions and seems to want to take over the entire Origin World. All nine realms are merged together to form a vast new world, and then a glorious and eternal dark world is established, comparable to the most perfect "heaven" above the legendary origin world. "

"skyline?"

When Ye Feng heard this, his eyes moved fiercely.

Heaven is not what is legendary.

Because Ye Feng knows that heaven is real.

On Ye Feng's body, there is the "Gate of Heaven", the natal treasure of the Lord of Heaven.

The ancient skeleton continued at this moment: "Of course, heaven is the legendary perfect world. It is illusory and illusory. No one knows whether it really exists. However, Dark Yuan Zun seems to be convinced of this. His ambition is to build a A new 'Dark Heaven' comparable to the legendary Heaven!"

"call!"

Listening to what this ancient skeleton said at this moment, Ye Feng took a deep breath.

I didn't expect that the major advanced realms in the world of origin would undergo such amazing changes!

At this time, Ye Feng suddenly remembered that when his father, mother and aunt left him, they said they were going to support the entire Ye family.

It seems that the crisis encountered by the Ye family is probably the threat of the dark demon sect commanded by the Dark Yuan Zun.

At this time, Ye Feng finally understood that the family that inherited the extremely powerful Hongmeng bloodline, that is, the family behind him, the Ye family, an ancient family with such a profound foundation, was actually in crisis. It turned out that he encountered the Dark Yuan Zun. This kind of terrifying and ambitious dark man.

At this time, Ye Feng suddenly realized that not only the Ye family, but probably all the top forces in the world of origin were now in dire straits, fighting against the dark demon sect commanded by the Dark Yuan Zun.

At this moment, Ye Feng suddenly felt deeply afraid of this Dark Yuan Zun.

This is definitely a super awesome guy.

He is also an unparalleled ruthless person.

He was able to figure out how to integrate all the nine realms of the origin world, and then

Later, he created a world complex comparable to the most perfect heaven in the legend. He named it "Dark World", which shows his crazy ambition and huge vanity.

At this time, Ye Feng saw Emperor Chu in his mind also falling into silence, and seemed to be shocked by the news.

At this moment, Ye Feng took a deep breath, looked at the ancient skeleton in front of him, and said aloud: "Why has the power of the Dark Demon Cult not spread to low-level realms such as the Demon Realm?"

The ancient skeleton immediately spoke out: "Because the Dark Yuan Zun looks down on the creatures in these low-level realms, but when the Dark Yuan Zun really wipes out all the ancient families and major forces in the ninth realm, If they surrender, it is estimated that these low-level realms below will also be brutally attacked, and there will be no resistance at all. The claws of the dark demons have not reached here yet, but there is no time for the time being, because although the

dark demon sect has been integrated The top realms have formed a dark world dominated by the Dark Demon Cult. However, in the dark world, there are still many unoccupied territories in the ninth realm. After all, survival in the ninth realm is With the most powerful forces and major families in the Origin World, even if the Dark Demon Cult is extremely defiant, it will not be able to truly surrender or obliterate all the major forces in the Ninth Realm for a while. For example, you The Ye family, the inheritance family of the Hongmeng bloodline, is the key target of the Dark Demon Clan, and it is the hardest bone to crack. "

Hearing what the ancient skeleton in front of him said, Ye Feng immediately nodded, and then couldn't help but ask: "Senior should be the master of the Demon-Slaying Sword, right?"

The ancient skeleton nodded and said loudly: "Yes, I am the leader of the Demon Slayer Sect that fights against the Dark Demon Sect in the dark world. Back then, when I was fighting against a great dark protector of the Dark Demon Sect, I was seriously injured and died. I fell into the low-level realm. Since I met the successor of the noble Hongmeng bloodline today, if I give my inheritance mantle to you, it can be regarded as a contribution to the resistance to the entire dark demon sect. Because now, who is most likely to fight against the dark demon sect and the extremely powerful Dark Yuan Zun, it is probably your Ye family, because your Ye family once produced the strongest man who originated in the big world, Hongmeng Ancestor. It was the strongest existence among the dominators, but unfortunately, in order to pursue more powerful power, the ancestor of Hongmeng searched for the illusory heaven that only existed in legends in various places in the world of origin, and finally disappeared from the human world. I don't know if I have found the illusory heaven in the legend, or if I have fallen into a restricted life zone in the world of origin. So now, in the dark world controlled by the Dark Yuan Zun for most of the area, all the rebels hope Only if the Ye family can once again cultivate a peerless figure at the level of Hongmeng Ancestor can we have the opportunity to confront the supreme dark powerhouse like Dark Yuan Zun, and create a bright and prosperous world. This is our only hope."

When the ancient skeleton said this, he didn't say anything more. He stretched out his hand and grabbed the demon-slaying sword not far away. After handing it to Ye Feng, he said in a very solemn tone: "My inheritance They are all in the Demon-Slaying Sword. Although you are the successor of the Hongmeng bloodline, you still seem to be very weak and have not grown up. I hope that my inheritance and the Demon-Slaying Sword can help you."

The cultivation level of this ancient skeleton during his lifetime was absolutely terrifying. In front of Ye Feng, he was definitely the senior among seniors. However, he still called Ye Feng "Your Excellency" without any regard for the younger generation.

disrespectful.

Obviously, the Hongmeng bloodline is absolutely very noble in the world of origin, and everyone respects this supreme bloodline.

At this time, Ye Feng reached out and grabbed the Demon-Slaying Sword, and suddenly a huge amount of inherited secret was poured directly into Ye Feng's mind.

"Nine Heavens Thunder Technique!"

Ye Feng immediately obtained the inheritance of this ancient skeleton, which was able to activate the power of thunder above the nine heavens. Combined with the demon-slaying sword in his hand, it could explode with terrifying and boundless destructive power.

Especially for demonic practitioners with dark attributes, it has huge destructive and suppressive power.

And just when Ye Feng was comprehending this set of inheritance, the ancient skeleton in front of him suddenly lowered his head slowly, and seemed to be about to disappear completely.

When Ye Feng saw this, he couldn't help but exclaimed: "Is there any way for the junior to save the senior?"

The ancient skeleton immediately smiled calmly and said: "I have been dead for tens of thousands of years, and there is no chance of resurrection. If you leave the Demon Realm in the future and enter the dark world above the Demon Realm, I hope you can Help me Slay the Demon Sect to survive in troubled times, even if there is only a trace of incense left."

"good."

Ye Feng immediately nodded heavily and said, "Senior, don't worry, I will definitely do it."

After finishing speaking, Ye Feng suddenly asked: "What is your senior's name?"

The ancient skeleton said the last words: "I'm here, the Demon-Slaying Master."

Click!

At the moment when these words fell, the head of the ancient skeleton in front of him finally lowered completely, the bones in the neck were broken, and the skull fell to the ground, apparently completely disappearing.

"well."

Ye Feng saw this scene and sighed softly. This leader of the Demon Slayer Sect is a true-hearted man! What a shame to die!

Next, Ye Feng buried the leader of the Demon Slayer Sect properly in the deep sea, and then a trace of complexity appeared in Ye Feng's eyes.

Unexpectedly, all the major realms above the Demon Realm have now merged into one, turning into a vast and endless dark world.

Most of the area is controlled by the Dark Demon Cult commanded by Dark Yuan Zun. Even the major forces in the Ninth Realm, including the Ye family, could only struggle against the Dark Demon Cult. This shows how huge this dark demon sect is now.

And how terrifying is the Dark Yuan Zun who commands the entire Dark Demon Cult? He can actually fight against countless top ancient families and super powers in the entire world of origin with the power of one person. It is really shocking to the extreme.

Even Emperor Chu couldn't help but say aloud in his mind at this time: "Ye Feng, if this Dark Yuan Zun can do this, I estimate that his cultivation strength is almost comparable to that of your Ye family back then. The most powerful master is Hongmeng Patriarch."

Hearing what Emperor Chu said, Ye Feng's eyes were suddenly shocked, and then he took a deep breath, his eyes were firmer than ever before, and he said, "No matter what, I will stop this."

Chapter 3559 Heavy Heart

For Ye Feng, he learned from the ancient skeleton that all the major realms above the Demon Realm had merged into a world complex, becoming a dark world, and most of the areas had been controlled by the Dark Yuan Zun of the Dark Demon Cult. , this is the worst news Ye Feng has heard so far.

Because as Emperor Chu said, Dark Yuan Zun is definitely an eternal ruthless man and a heaven-defying genius. Otherwise, it would be impossible for him to integrate all the major realms with the power of one person to form a world complex, and also be able to integrate with the Great World of Origin. Countless powerful forces in the most terrifying Ninth Realm are confronting ancient families.

From this, we can see how terrifying this Dark Yuan Zun is. He is definitely on the verge of catching up with the most powerful master in the origin world, Ancestor Hongmeng.

At this time, Ye Feng was thinking secretly, feeling quite heavy in his heart.

However, Ye Feng also knows that it is too far to think about this now. The most important thing now is to improve his strength as soon as possible.

You know, Ye Feng's current cultivation strength is not strong in the Demon Realm, let alone the super large world complex "Dark World" above the Demon Realm.

Ye Feng knew very well that if he arrived in the dark world now, he would probably be of no use. Instead, he would be instantly killed by the huge force of the dark demon sect in the dark world.

Ye Feng feels that his next growth in the Demonic Realm is very important. He must rise to a very terrifying level before he can enter the dark world, help his father and mother, and help the entire Ye family fight against the darkness. Demonic Cult.

At this time, Ye Feng took a deep breath, held the demon-slaying sword in his hand, and walked out of the golden hall.

When Ye Feng came out, the woman in black standing not far away saw the dark demon-slaying sword in Ye Feng's hand, her eyes suddenly lit up, and she said loudly: "You have already obtained that one The legacy of our predecessors?"

Ye Feng nodded slightly and didn't say much, because Ye Feng's heart was very heavy now.

Seemingly seeing the gloomy expression on Ye Feng's face, the woman in black couldn't help but ask: "You have received a powerful inheritance from my benefactor, why do you still look so heavy?"

Ye Feng said slowly: "Because I learned a very bad news from that senior, I am under great pressure now."

When the woman in black heard what Ye Feng said, her face suddenly moved slightly, and she couldn't help but asked: "Is it about the high-level realm where my benefactor came from?"

Ye Feng nodded slightly, and then said aloud: "Now that everything is done, it's time for me to leave here."

The woman in black asked aloud: "Where are you going?"

Ye Feng said slowly: "Leave the Sea of Darkness and find a way to take revenge. I want to kill all the four masters of the major forces in the southwest of the Demon Realm. They want to covet the golden city on me and take away the golden city from me. I chased them so badly, then I will let them know what the consequences will be if they dare to mess with me."

Hearing what Ye Feng said, the woman in black shook her head and said: "You are now

Your current strength and cultivation are much worse than theirs. Even if you leave the Sea of Darkness now and look for them, it will be of no use. "

Ye Feng nodded and said aloud: "Of course I will not resist them face to face now. That would be tantamount to seeking death. I will lurk silently and seek growth."

The woman in black suddenly spoke up and said: "You can temporarily live here with me for a while. Although the deep sea area of the Dark Sea is very dangerous, with me here, basically no one can hurt you. You can stay here." Once the injury recovers, it won't be too late to go out."

Ye Feng felt the pain all over his body at this moment, as well as the dried up magic power. He immediately nodded and said gratefully: "Okay, thank you very much this time, senior."

The woman in black smiled slightly, and then said aloud: "You helped me fulfill my benefactor's last wish, and the benefactor was actually willing to tell you something about the high-level realm he came from. That shows that the benefactor has great respect for you as the successor. I am still

very satisfied. I have completed my task, the shackles in my heart have been released, and you have helped me. "

When Ye Feng heard what the woman in black said, he immediately nodded, and then said aloud: "Then I'll bother you, senior. I really need to recover from my injuries here for a while."

"Um."

At this time, the woman in black took Ye Feng and flew quickly towards a certain direction in the deep sea area. Soon Ye Feng came to an underground palace in the deep sea area.

The woman in black looked at the underground palace not far away, smiled and said, "This is where I live."

Ye Feng looked at the empty area around him, his eyes were quite surprised and he said: "A being as powerful as Senior doesn't have any subordinates?"

The woman in black smiled and said: "I usually like to be alone, so I don't recruit any subordinates, and I don't need any subordinates."

When Ye Feng heard what the woman in black said, he didn't say anything more, but went directly into the underground palace, found a random place, and began to sit down cross-legged to recover from his injuries.

Now Ye Feng no longer needs to swallow any healing pills. He directly activates the third level of talent awakened by his Hongmeng bloodline, Hongmeng Purple Qi, which can continuously repair his damaged body and depleted life.

"Huh? This kind of breath..."

At this time, the woman in black's eyes fell on Ye Feng, who was not far away, and saw that Ye Feng actually exuded a faint purple aura, and this purple aura gave the black woman a very noble and mysterious feeling.

The woman in black suddenly had a look of surprise in her eyes. He vaguely felt that the human boy he accidentally said he saved must have a very extraordinary origin.

Buzz!

At this moment, Ye Feng is rapidly and continuously recovering his cultivation strength.

With the nourishment of Hongmeng Purple Qi, Ye Feng recovered quickly from his injuries. In less than a few days, Ye Feng had returned to his full strength.

Not only were all the wounds on his body healed, but his mana and vitality were also restored to their peak state.

At this time, Ye Feng took out the broken corpse of the owner of the Shadow Island from his storage ring, then directly released the devouring domain and began to absorb the skill and blood energy of the owner of the Shadow Island.

You must know that the owner of Shadow Island is an extremely terrifying existence. He is the leader of the Shadow Demon Clan, so his cultivation is very terrifying.

At this time, after Ye Feng released the Devouring Domain and began to devour it, a stream of very majestic energy was immediately injected into Ye Feng's body, causing Ye Feng's entire cultivation aura to immediately begin to surge.

Wave after wave of energy, like a wild dragon, roared and roared in Ye Feng's limbs and bones, causing Ye Feng's skill to be unparalleledly improved and strengthened.

At this moment, Ye Feng's cultivation aura began to rise steadily.

"Boom!" .??.

The second heaven of the out-of-body realm!

"Boom!" .??.

The third heaven of the out-of-body realm!

"Boom!" .??.

The fourth level of the out-of-body realm!

"Boom!" .??.

The fifth heaven of the out-of-body realm!

"Boom!" .??.

The sixth level of the out-of-body realm!

At this moment, Ye Feng's cultivation level is still rising rapidly.

Because the skill provided by this Shadow Island owner is too huge.

Ye Feng estimated that the true cultivation level of the Shadow Island owner had far surpassed his own out-of-body realm.

It is estimated that it far surpasses the Mingdan realm above the out-of-body realm. It is very likely that it is the soul-moving realm above the Mingdan realm. It may even be a super strong person at the Xuanyin level above the soul-moving realm. Otherwise, It is impossible to have such a majestic cultivation level.

At this time, Ye Feng's cultivation aura was still making rapid and continuous breakthroughs.

"Boom!" .??.

The seventh heaven of the out-of-body realm!

"Boom!" .??.

The eighth level of the out-of-body realm!

"Boom!" .??.

Out of Body Realm Ninth Heaven!

"Boom!" .??.

The tenth level of the out-of-body realm!

"Boom!" .??.

Half step into the Ming Dan realm!

"Boom!" .??.

The first level of Mingdan Realm! !

At this time, Ye Feng's cultivation finally broke through to the first level of the Mingdan realm, which is above the out-of-body realm.

Buzz!

At this moment, Ye Feng opened his eyes, his eyes full of excitement.

Unexpectedly, after absorbing the skills of the master of Shadow Island this time, he would suddenly improve so much.

The entire breakthrough spanned a huge realm!

The speed of this breakthrough is really extremely fast!

At this time, Ye Feng's eyes showed deep surprise. He did not expect that after the Shadow Island owner suffered serious injuries, he still had so much skill and blood energy.

If the owner of the Shadow Island was in peak condition when he died, then the energy provided would definitely be even greater.

However, Ye Feng also knew that if the Shadow Island owner was at his peak, he would never have been able to defeat the Shadow Island owner before, let alone kill him.

Only when the Shadow Island owner was seriously injured did he have the chance to kill him.

At this moment, Ye Feng stood up and looked in a certain direction not far away, and found that the black woman was looking at him in surprise.

There was a twinkle in Ye Feng's eyes. It seemed that the woman in black had been observing his practice.

He probably saw his ability to devour.

But what made Ye Feng breathe a sigh of relief the next moment was that the woman in black did not ask any more questions, but slowly said: "Now that your injuries have recovered and your cultivation has also been greatly improved, what do you want to do next?" If you want to leave here, you can leave directly, and my responsibility is considered completed. "

Ye Feng said aloud: "I want to stay for a while longer to practice the inheritance that the previous human senior taught me."

Hearing what Ye Feng said, the woman in black nodded slightly and said loudly: "I'm going out for a while, so you can practice well in my palace. There should be no other dangers here, and no one dares to come near here. "

"good."

Ye Feng immediately nodded and said, "Thank you very much."

"Um."

The woman in black nodded, jumped up, and disappeared.

Looking at the back of the woman in black disappearing into the deep sea, Ye Feng showed a slight smile on his face.

Ye Feng still has a very favorable impression of this woman in black.

After all, this woman in black is a powerful monster in the deep sea area of the dark sea.

But in order to protect his recovery from injuries during this period, he stayed here and never left.

When he really woke up, the woman in black left here, which made Ye Feng very grateful.

At this time, Ye Feng saw the woman in black leaving, and directly started to operate the powerful inheritance taught to him by the ancient skeleton before, the master of the Demon Slayer Sect, called the Nine Heavens Thunder Technique.

The inheritance of the Nine Heavens Thunder Jue needs to be coordinated with the demon-slaying sword in your hand to unleash the most powerful power.

At this time, Ye Feng immediately fell into a state of enlightenment. He must pass on this set of skills to the society in the shortest possible time, so as to greatly improve his combat effectiveness as soon as possible.

Chapter 3560 No longer in embarrassment

Ye Feng's own comprehension ability is very evil, not to mention that Ye Feng still has the talent of epiphany.

So in less than half an hour, Ye Feng had successfully comprehended the Nine Heavens Thunder Technique taught to him by the ancient skeleton.

Moreover, the demon-slaying sword in his hand was also refined by Ye Feng's input of mana.

Buzz!

At this time, Ye Feng suddenly opened his eyes.

I saw blue-purple lightning flashing in his eyeballs.

Ye Feng had obtained an extremely powerful Thunder Ancestral Talisman back then, so Ye Feng's use of the Nine Heavens Thunder Technique at this time was still very terrifying.

Boom! !

At this time, in order to test the power, Ye Feng held the demon-slaying sword in his hand and suddenly slashed forward fiercely.

Immediately, the demon-slaying sword in Ye Feng's hand erupted with a bolt of earth-shattering thunderous sword light, directly striking the tens of thousands of meters of ocean ahead in the deep sea area, slashing out a huge sword mark, which looked very shocking.

Since water is conductive, Ye Feng slashed out with his sword, causing many sea creatures around him to become numb and run away like crazy.

"Not bad."

Looking at the scene in front of him at this moment, Ye Feng's eyes showed a hint of surprise.

He was very satisfied with the power of this sword.

This Nine Heavens Thunder Technique, combined with the Demon-Slaying Sword in his hand, the power unleashed is terrifying and extremely destructive.

Uh-huh!

At this time, Ye Feng carried the Demon-Slaying Sword behind his back, then glanced at the surrounding palaces and found that the dark whale had not returned.

Ye Feng thought for a while, took out a piece of paper from his storage ring, and wrote "Thank you, senior, I will leave here first." Then he left the palace and headed towards the deep sea area. Swim outside.

Ye Feng will not stay here for too long. After all, Ye Feng is eager for revenge now, and there are dangers everywhere in the deep sea, so Ye Feng decides to leave this deep sea area first and return to the southwest of the Demon Realm. .

Because it is very dangerous in the deep sea area of the dark sea, and you may encounter very terrifying existences at any time, so it is better to stay away from here.

After all, the dark whale has left this palace, and there is no strong person who can protect him.

Uh-huh!

After Ye Feng left the palace, he immediately swam quickly towards the shallow sea area.

Although Ye Feng's cultivation level has now been upgraded to a great level and he has entered the first level of the Ming Dan Realm. In the southwest of the Demon Realm, he is already considered a good master, much stronger than before.

But in this darkness

In the deep sea area of the sea, there are very terrifying dark monsters living everywhere, and Ye Feng does not dare to be too high-profile.

So along the way, Ye Feng tried his best to restrain his aura, for fear of attracting the attention of other dark monsters.

It has to be said that Ye Feng's luck was pretty good. He did not encounter any dangers along the way and soon left the deep sea area and came to the shallow sea area.

Looking at the extremely deep dark ocean behind him, Ye Feng breathed a long sigh of relief. He finally left the deep sea area.

But just when Ye Feng came to the shallow sea area.

Buzz!

Suddenly, a terrifying power of spiritual thought locked onto Ye Feng in an instant. Even though Ye Feng's cultivation level had been greatly improved at this moment, he felt that the sweat pores all over his body stood up!

Uh-huh!

Ye Feng immediately looked forward, and immediately saw a burly middle-aged man standing on a huge chariot, with a green flame of nothingness burning on his head, staring greedily at him.

This turned out to be the Ghost Demon Lord!

One of the top demon strongmen in this four southwest lands!

"The Ghost Demon Lord hasn't left yet!"

At this moment, Ye Feng's heart suddenly pounded, and he had an ominous premonition.

At this moment, the Ghost Demon Lord stared at Ye Feng who emerged from the deep sea area. His eyes suddenly showed a deep cold look, and he said loudly: "You kid will not die so easily. It seems that I choose Waiting until today is the right choice. The other three were too stupid and just left here. If I meet you again today, then the golden city in you will definitely belong to me. "

Boom!

Almost at this moment, the Ghost Demon Lord immediately rushed towards Ye Feng, with a sneer in his eyes, and said loudly: "The dark whale has left your side, and no one can stop me now. Yes! Hahaha!"

boom!

At this moment, Ye Feng didn't hesitate at all and rushed towards the deep sea area quickly.

At this time, Ye Feng's face looked a little ugly. He originally thought that he could safely return from the deep sea area of the Dark Sea to the southwest of the Demon Realm, and then quietly seek growth and development.

But Ye Feng didn't expect that this ghost demon would be so scheming. He just stayed here for so long and waited for something to happen. It was really disgusting to the extreme.

At this moment, Ye Feng suddenly felt something in his heart.

With a vigilant look on his face, the Ghost Demon King must have realized that he was very unusual and would not die so easily.

It seems that it is very difficult to escape from the Ghost Demon Lord this time.

But this time Ye Feng was not as embarrassed as before.

After all, after Ye Feng's previous battle with the owner of Shadow Island, his strength had been exhausted, so he was hunted down by the top four powerful demon clans.

But this time, Ye Feng was at his peak, and his cultivation level had improved by a whole level.

In addition, Ye Feng also received a powerful inheritance passed on to him by the ancient skeleton.

Another important point is that this time, it is no longer four top powerhouses who are chasing him, but only one demon powerhouse.

No matter how powerful this ghost demon is, Ye Feng is not as panicked now as before.

Ye Feng did not directly confront this ghost demon at this time, because Ye Feng could sense that the cultivation strength of this ghost demon was still very terrifying, far exceeding his current cultivation, so he had better escape first.

This time Ye Feng was in peak condition, and his cultivation level had been greatly improved, so escaping at this time was effortless.

Even if the Ghost Demon Lord is driving a ghost chariot, he will not be able to catch up with Ye Feng for a while.

This gave the Ghost Demon King a gloomy look in his eyes.

Because he is now chasing Ye Feng and has entered the deep sea area of the Sea of Darkness. Even the top demon strongmen in the southwest of the Demon Domain like Ghost Demon Lord do not dare to go too deep into the deep sea area of the Sea of Darkness.

After all, no one can tell what kind of terrifying dark monsters exist in the deep sea area, which may suddenly appear.

"Ghosts follow!"

Suddenly, at this moment, the Ghost Demon Lord performed a very strange inheritance. The ghost Demon Lord's body suddenly erupted with ethereal ghosts that looked like skeletons, and flew around Ye Feng in an instant. , entangled Ye Feng, trying to block Ye Feng.

"The evil spirits are gone!"

At this time, Ye Feng's whole body was suddenly filled with the power of the Soul Gem. A bright golden light burst out from Ye Feng's body, immediately dispelling the void ghosts around him.

"What?"

Seeing this scene, the Ghost Demon Lord immediately showed a look of horror in his eyes, and couldn't help but said: "You actually have such a powerful treasure on your body? You can actually capture me from hell in an instant with all my hard work." The ghost of nothingness that came over was instantly dispelled. It seems that you not only have ancient treasures like the Golden City, but also other more powerful things. But this

Just as I wish, as long as I kill this humble boy like you, all the treasures on your body will belong to me! Hahaha! "

The Ghost Demon Lord was speaking at this time, his eyes filled with deep greed.

At this time, Ye Feng immediately looked at the Ghost Demon Lord not far away, and said coldly: "Catch up with me if you have the ability!"

Buzz!

After saying that, Ye Feng activated the space gem with all his strength, and his whole body immediately rushed towards a certain direction ahead.

The direction Ye Feng went at this time was not a random choice, but at this moment Emperor Chu used the soul gem to spread a long distance in his mind and captured a very terrifying deep sea area.

There are countless ancient dark monsters like Black Water Black Snakes living in that place, and it is the home of Black Water Black Snakes.

Ye Feng is now going to attract the Ghost Demon Lord to the lair of the terrifying deep-sea monster like the Black Water Black Snake.

Because Ye Feng does not have the ability to directly fight the ghost demon now, but he has the ability to fight the ghost demon after he is seriously injured.

So Ye Feng's only idea now is to attract this ghost demon to the Black Water Black Snake's lair, and let the terrifying dark monsters in the Black Water Black Snake's lair deal with this ghost demon, and then Ye Feng will see if he can You can't beat the drowned dog at the end.

If it were before, Ye Feng probably wouldn't even think about beating up the drowned dog.

After all, even if a top demon warrior like Ghost Demon Lord is seriously injured, his previous self is no match for him.

But now Ye Feng has devoured the main cultivation level of the Shadow Island, and has been promoted to a whole level. He has entered the first level of the Mingdan Realm, and he has also received a powerful inheritance from the master of the Demon Slayer Sect from a higher realm.

Therefore, Ye Feng felt that if this ghost demon king was not at his peak, he might be able to fight with him.

At this moment, Ye Feng was thinking secretly in his heart, and flew quickly towards the place where the Black Water Black Snake's lair was sensed by Emperor Chu.

The Ghost Demon Lord was chasing Ye Feng from behind, not knowing that Ye Feng had planned everything.

He just smiled coldly and said aloud: "Boy, even if you have the means to escape, how long can your power last? My mana is endless! When your power is exhausted, I will cut this hateful boy into pieces with a thousand cuts, and then rob you of all the treasures and opportunities you have! You cannot escape, and you will eventually die in my hands. This time, I will kill you. I've been waiting here for so long, and when you finally show up, I won't let you escape again! I won't give up until I kill you!"
