Chapter 3561 Free meal

At this time, the Ghost Demon Lord was chasing Ye Feng crazily from behind, and Ye Feng was running away frantically at this moment.

In fact, it is very simple for Ye Feng to leave this ghost demon in an instant and avoid his tracking.

Because now Ye Feng's cultivation strength has improved a lot.

As long as Ye Feng activates the space gem, hides it in the void, and uses the shadow demon's innate power of shadow, this ghost demon will not be able to find him, no matter how powerful he is.

But Ye Feng is now deliberately holding the ghost demon king chasing behind him, just to severely deceive this powerful demon clan.

Ye Feng was very fast, and the Ghost Demon Lord was also very fast in catching up.

The two chased each other and arrived at a relatively remote place in the deep sea area.

At this time, a sky moat suddenly appeared on the sea level in front. It was very majestic and tall, connecting the entire sky and sea together. .??.

Seeing this scene, the ghost demon king chasing behind him suddenly burst out laughing: "This is already the chasm in the deep sea area of the dark sea. There is no way ahead for you to go. Now you have entered." I'm in a desperate situation, I can't run away, I'm going to kill you, this nasty boy!"

Ye Feng didn't say much at this time, but just dived hard into the deep sea ahead.

Seeing this scene, the Ghost Demon Lord immediately sneered and said: "Even if you lurk in the deep sea, there is no way to escape my pursuit."

Boom!

Almost at this moment, the ghost demon suddenly burst out with terrifying and invincible power.

I saw the Ghost Demon Lord standing on his chariot, and he immediately became tens of thousands of meters tall and majestic. Then he stretched out a big hand and grabbed it toward the deep sea area where Ye Feng had dived.

Boom!

The palm of the Ghost Demon Lord is so huge that it directly grasps the deep sea, as if it can crush everything.

"Roar!!"

But the moment the ghost demon king's dark hand reached into the deep sea, a huge roar suddenly sounded from under the deep sea.

"What?!"

Almost at this moment, the Ghost Demon Lord's eyes suddenly changed.

He seemed to realize something, and he couldn't help shouting in surprise and anger: "What's under here? Boy, where did you lead me to?"

The moment the Ghost Demon Lord finished speaking, it was already too late.

Because almost the next moment.

Boom!

Accompanied by the sound of the sea water erupting, one after another

The Blackwater Black Snake, which is tens of thousands of meters long, looks extremely shocking. It is like a black steel dragon. It rushes out of the deep sea in an instant, and then moves crazily towards the Ghost Demon Lord. rush over,

"These are... black water black snakes??"

"Damn it! Damn boy, you are deliberately setting me up!"

At this time, the Ghost Demon King finally understood everything.

He knew why Ye Feng led him here.

It turns out that Ye Feng did not simply escape here, but because Ye Feng knew that this was the lair of the Black Water Black Snake, he was lured here.

The purpose is to make him anger the entire Blackwater Black Snake's lair and let these terrifying Blackwater Black Snakes in the deep sea area deal with the Ghost Demon King himself.

After the Ghost Demon King realized all this, his face suddenly showed an expression of extreme shock and anger.

At this time, he suddenly shouted: "Damn boy, where are you now? I will cut you into pieces with a thousand knives!"

But the moment the Ghost Demon Lord finished speaking, there was no response at all, because Ye Feng had now hidden himself in the void.

At this time, Ye Feng was hiding in a nearby void, staring at the ghost demon king outside with a cold look in his eyes, without making any response at all.

Because Ye Feng's goal has now been achieved, which is to successfully introduce the ghost demon army into the lair where the Black Water Black Snake lives.

At this moment, there are thousands of black water snakes, each one is tens of thousands of meters long, and the snake scales all over the body are like pouring black molten iron, looking very cold and terrifying.

At this time, these black water snakes were very terrifying dark monsters, and they rushed towards the Ghost Demon Lord.

Because the big hand of the Ghost Demon Lord just struck into the depths of the ocean, directly smashing the nests built by these black water snakes.

Therefore, these black water black snakes are now naturally going to directly obliterate the ghost demon king, the foreign intruder.

For these cruel black water snakes, whoever dares to invade their territory will definitely kill the intruder with all their strength.

At this moment, the Ghost Demon Lord's eyes were very ugly, but the thousands of black water snakes rushing around him forced him to respond quickly.

"Ghost Shield!"

At this moment, the Ghost Demon King immediately burst out

A dark power came and condensed into a dark light shield around him, forming a huge shield that withstood the attacks of thousands of black water snakes.

Boom!

But the power of these black water snakes is really terrifying.

Even if the Ghost Demon Lord released the protective shield, thousands of majestic black water snakes collided with the black shield at this moment, which still made the Ghost Demon Lord couldn't help but a trace of blood spilled from the corner of his mouth.

The Ghost Demon Lord suddenly showed a deep gloomy look in his eyes, because the attack power of these black water black snakes was so fierce.

But the Ghost Demon Lord doesn't want to leave here at all now, because he hasn't found Ye Feng yet.

This time, the Ghost Demon King can be said to have the intention to kill Ye Feng.

He will definitely not give up until he kills Ye Feng and seizes the Golden City.

So at this time, the Ghost Demon Lord directly became murderous and wanted to kill all these black water snakes.

"Sword of the Netherworld!"

At this moment, the Ghost Demon Lord directly took out a white long sword made of bone from his storage ring, and then slashed wildly towards the surroundings.

As the Ghost Demon Lord slashed, the Netherworld Sword in his hand actually burst out the terrifying power of the ancient Netherworld interface. With the will of the Netherworld God, it surrounded the Ghost Demon Lord, making the Ghost Demon Lord look like Very majestic.

Boom!

The Ghost Demon Lord has to be said to be a very powerful existence, and he is the top demon strongman in the southwest of the Demon Realm.

His attacks are still very terrifying.

In almost a short moment, the Ghost Demon Lord used the extremely powerful weapon in his hand to directly attack the Blackwater Black Snakes surrounding it, wiping out most of them in an instant.

Many black water black snakes look very majestic, tens of thousands of meters long, and the scales on their bodies look like they are made of steel. However, they cannot withstand the sword in the

hands of this ghost demon. They are suddenly killed by the ghost. The Demon Lord used this terrifying weapon in his hand to cut it into two pieces, and they all fell from the sky.

"Plop!"

"Plop!"

At this time, the towering snake bodies of the black water black snakes all fell from the sky into the deep sea.

The ghost demon king was covered in blood and laughed ferociously: "Damn boy, you want to rely on these black water black snakes to deal with me. This does not exist. I have a powerful weapon like the Nether Sword in my hand. , these black water black snakes simply can't resist this one in my hand.

With the terrifying attack of the Nether Sword, when I cut all these black water snakes in half, I will find you, kid, and cut you to pieces with a thousand knives! "

And while the Ghost Demon King was killing like crazy, Ye Feng's eyes showed a hint of gloominess at this time.

Ye Feng never thought that the Ghost Demon Lord would possess such a powerful weapon. These black water black snakes, with their steel-like bodies, could not withstand the Netherworld Sword in the hands of the Ghost Demon Lord.

It seems that he still underestimated the methods of the Ghost Demon Lord, the master of the powerful force in the southwest of the Demonic Domain.

But at this time, Emperor Chu suddenly said aloud in his mind: "Ye Feng, why are you still standing there? The Ghost Demon Lord has killed so many black water snakes, which is equivalent to giving you a free game. Great meal, why don't you hurry up and devour it."

Hearing Emperor Chu's reminder, Ye Feng immediately reacted, with a rather excited expression on his face and said loudly: "Yes, the Ghost Demon Lord has killed so many black water snakes. The corpses of huge black water snakes fell from the sky. This was a feast for me! "

boom!

At this moment, Ye Feng no longer hesitated, and directly released the Devouring Domain in the void, frantically absorbing the blood energy of the black water snakes falling from the sky in the deep sea.

Each of these black water black snakes is tens of thousands of meters long, very majestic, and the blood energy contained in them is very vast.

After all, the black water black snake is a very terrifying dark creature in the dark sea, so at this moment, Ye Feng released the Devouring Domain and immediately gained unparalleled terrifying energy.

Ye Feng's aura of skill immediately began to rise steadily.

"What a majestic energy!"

This made Ye Feng's face look extremely excited.

The Ghost Demon King would never have thought that these black water snakes he killed would greatly improve Ye Feng's strength.

If Ye Feng was the only one who came to this Black Water Black Snake's lair, he probably wouldn't dare to provoke these Black Water Black Snakes.

Because each of these black water snakes is tens of thousands of meters long, even if it is just one black water snake, it is estimated that Ye Feng will not be able to fight against it.

But now the Ghost Demon Lord has simply become Ye Feng's free labor force. He killed all these black water snakes and dropped them from the sky, allowing Ye Feng to continuously devour them while hiding in the deep sea.

At this moment, Ye Feng's cultivation aura suddenly began to break through rapidly and continuously, and it broke through crazily at an incredible speed!

Chapter 3562 Take advantage of it

At this moment, in the void, Ye Feng's skill and cultivation are improving at an incredible speed as he swallows the blood energy of black water black snakes.

"Boom!" .??.

The second level of Mingdan Realm!

"Boom!" .??.

The third level of Mingdan Realm!

"Boom!" .??.

The fourth level of Mingdan Realm!

"Boom!" .??.

The fifth level of Mingdan Realm! !

"Boom!" .??.

The sixth level of Mingdan Realm! !

At this time, Ye Feng's cultivation level directly broke through the fifth level of heaven, from the first level of Mingdan realm to the sixth level of Mingdan realm.

At this moment, the surrounding black water snakes were finally devoured by Ye Feng.

But suddenly at this time.

"Plop!"

"Plop!"

More than a dozen corpses of black water snakes that were 10,000 meters long fell from the sky.

Ye Feng's eyes lit up, and he continued to devour the power and blood of these black water black snakes, and continued to make rapid breakthroughs.

"Boom!" .??.

The seventh heaven of Mingdan Realm!

"Boom!" .??.

The eighth level of Mingdan Realm!

"Boom!" .??.

Ninth level of Mingdan Realm!

"Boom!" .??.

Great Perfection in the Tenth Level of the Ming Dan Realm!

"Boom!" .??.

Half step to the Soul Moving Realm!

"boom!!"

Soul moving realm first level! !

At this time, Ye Feng's cultivation finally completely broke through to a higher level, directly stepping into the first level of the Soul Moving Realm above the Ming Dan Realm.

At this moment, all the black water black snakes have been killed by the ghost demon king high in the sky.

At this time, Ye Feng appeared from the void.

The Ghost Demon Lord looked a little pale at this moment.

Obviously, killing thousands of Black Water Black Snakes still consumed a huge amount of his energy.

But at this time, after the Ghost Demon Lord killed all the black water black snakes, he saw Ye Feng manifesting in the void, and immediately laughed ferociously: "Boy, now I see how you can still talk to me. Dou, I have killed all the Black Water Black Snake monsters you relied on, and now it's your turn."

Boom!

But at this moment, Ye Feng's body suddenly burst out with a terrifying aura of cultivation.

That was clearly the aura of the first level of the Soul Dynamic Realm.

The Ghost Demon Lord sensed the aura on Ye Feng's body, and his eyes suddenly showed a hint of surprise. He couldn't help but said: "I didn't expect that your kid suddenly improved so much, but it's still of no use. You Even if your cultivation level has been promoted to the first level of the Soul Movement Realm, you are still far behind me. I am a powerful existence that has surpassed the Soul Movement Realm and the Xuan Yin Realm and is at the level of the Star Realm. There is a huge gap between you and me. It's impossible for you to defeat me in both realms!"

The Ghost Demon Lord spoke at this time, his tone full of confidence.

Ye Feng smiled coldly at this moment and said: "You just fought with thousands of black water black snakes for so long, your

The power is probably almost exhausted, right? "

Hearing this, the Ghost Demon King just said disdainfully: "Even if my strength is only 50% of its peak state, I can still crush you to death with just a wave of my hand. You are two levels lower than me." With your cultivation level, you can't possibly be my opponent."

Ye Feng smiled slightly at this moment and said aloud: "It turns out that you are only half of your peak state now, so I'm relieved."

Boom!

Almost at this moment, Ye Feng directly released the Dzogchen future body.

Buzz!

Behind Ye Feng, a majestic young man appeared in the endless time and space, as if he contained boundless power.

It is Ye Feng's Dzogchen future body!

Let Ye Feng's cultivation level skyrocket from the first level of the soul moving realm to the tenth level of the soul moving realm in a short period of time! !

"What?!"

Seeing this scene, the ghost demon king not far away suddenly shrank his pupils and couldn't help but said: "What method are you using? What kind of ancient secret technique is it? It can actually change your cultivation level all of a sudden. It's impossible to ascend to Dzogchen! Do we have such outrageous secrets in the Demon Realm?"

If Ye Feng was only in the first level of the Soul Moving Realm, then the Ghost Demon King didn't care at all.

But now Ye Feng's cultivation level has suddenly increased to the tenth level of the soul movement realm, which is only a big difference from the ghost demon king's cultivation level.

Moreover, the current state of the Ghost Demon Lord is only half of the state at its peak. In addition, the Ghost Demon Lord knows that Ye Feng has a golden city in his body, which can give Ye Feng strength.

This made the Ghost Demon Lord's eyes suddenly darken.

But when he thought about holding such a terrifying weapon as the Nether Sword in his hand, he immediately gained confidence and rushed towards Ye Feng, intending to kill Ye Feng instantly.

"Netherworld is coming!"

At this moment, the Ghost Demon Lord directly released his powerful inheritance, holding the Nether Sword in his hand, and slashed towards Ye Feng to kill him.

Buzz!

A huge shadow of the will of the Netherworld God suddenly appeared on the Sword of the Netherworld, full of unparalleled oppressive power, as if the gods of the Netherworld had descended, capable of suppressing everything.

At this time, Ye Feng did not hesitate and directly released the power of the Golden City, covering his entire body.

boom! !

At this moment, Ye Feng's whole body immediately burst out with golden light, as if he had turned into the leader of the golden burning ancient demon, blessed by the power of the Golden City.

And now Ye Feng uses the Dzogchen future body, which also allows his cultivation to directly burst from the first level of the soul movement realm to the tenth level of the soul movement realm Dzogchen.

At this time, Ye Feng didn't hold anything back, because he knew that both sides were working hard, so they used their strongest methods, which meant that the outcome could be determined with one move.

At this moment, Ye Feng still used the Nine Thunder Shocking Technique, and used the Demon-Slaying Sword, which came from the advanced world, to

When Yu Yu's powerful sword was held in his hand, he immediately triggered the power of thunder above the nine heavens, and violently burst out his strongest power.

Boom! !

The power released by Ghost Demon Lord and Ye Feng suddenly exploded separately, and then collided together, causing countless seawaters around them to shake.

The entire sky is about to collapse, and countless seawaters are evaporated. The battle between the two at this moment is simply terrifying to the extreme.

And at the next moment, Ye Feng suddenly felt a very terrifying counterattack force coming in front of him, making Ye Feng unable to help but retreat quickly.

At this moment, Ye Feng wildly burst out the power of Hongmeng's true body, greatly improving his defense. He stopped abruptly, but he still couldn't help but spit out a mouthful of blood. .??.

The terrifying collision just now caused Ye Feng to be seriously injured.

But at this time, Ye Feng looked forward and his eyes lit up.

Because he discovered that the Ghost Demon Lord's eyes widened at this time. The Nether Sword in his hand had been broken into two pieces, and there was a huge sword mark wound on the Ghost Demon Lord's chest. There was also a wound in the wound. The terrifying power of blue-purple thunder is surging and is rapidly destroying the vitality of the Ghost Demon Lord.

The Ghost Demon Lord's eyes widened at this time, staring at Ye Feng not far away, and said in disbelief: "You..."

However, the Ghost Demon Lord only said one word, and his huge body suddenly fell from the sky, killing him immediately.

Obviously, the two attacks just now were their strongest methods. One move could determine victory or defeat, and one move could determine life or death. In the end, Ye Feng won.

As for the Ghost Demon Lord, because he had killed too many black water black snakes before, his power was severely consumed, and he couldn't fight Ye Feng's ultimate move, so he was instantly killed by Ye Feng's final demon-slaying sword.

You know, the attack power of Ye Feng's combined methods is still very terrifying.

"Finally, we have completely killed this ghost demon..."

At this time, Ye Feng also breathed a sigh of relief.

After all, this ghost demon king is really terrifying and has amazing fighting power.

If thousands of black water black snakes had not consumed this ghost demon before, it is estimated that Ye Feng would not be able to defeat this extremely powerful ghost demon even if he used all his methods.

At this time, Ye Feng couldn't help but sigh, the cultivation methods of these major forces in the southwest of the Demonic Realm were really great.

However, my cultivation level has now improved to a pretty good level. If I use various trump cards and methods, I can compete with them.

You know, Ye Feng has not yet used his biggest trump card in this battle, which is the Lord of Heaven's Gate of Heaven.

The Gate of Heaven comes from the illusory world of heaven in legend, and is the natal treasure of the most powerful person in the world, the Lord of Heaven. It is probably even more advanced than the master gem of the origin of the great world.

Uh-huh!

At this time, Ye Feng quickly flew downwards, directly salvaged the body of the Ghost Demon Lord, then released the Devouring Domain and began to absorb the Ghost Demon Lord.

The majestic power of the Spirit Demon King.

The power cultivated by this ghost demon is a special and incomparable ghost power. It is very magical and very advanced. It is much more powerful than ordinary demons.

At this moment, Ye Feng's cultivation level was once again greatly improved.

"boom!"

Soul Moving Realm Second Heaven!

"boom!"

The third heaven of the Soul Moving Realm!

"boom!"

The fourth level of Soul Dynamic Realm!

"boom!"

Soul Moving Realm Fifth Heaven!

...

Boom boom boom boom...

"boom!"

The tenth heavenly perfection of the Soul Moving Realm!

"boom!"

Half a step to the Xuanyin realm! !

At this time, Ye Feng's cultivation level finally stepped into a semi-powerful realm, and once again crossed an entire realm. It was getting closer and closer to the cultivation level of the masters of the major forces in the southwest of the Demonic Domain. Getting closer.

At this time, Ye Feng's eyes were very bright.

This kind of existence at the level of the lord of a big force is indeed very terrifying. Not only is his cultivation strength extremely powerful, but after devouring it, his own skills will also be greatly improved.

But Ye Feng also knows that this kind of opportunity is rare but rare.

After all, there are only four or five existences of this level in the entire southwest of the Demon Realm.

However, Ye Feng has already devoured two, namely the owner of the Shadow Island and the ghost demon.

At this moment, Emperor Chu said aloud in his mind: "Ye Feng, what are your plans next? I think you can practice in the deep sea area."

Ye Feng's eyes flickered, he shook his head, and suddenly picked up the Nether Sword used by the Ghost Demon Lord floating on the sea, and then directly released the Hongmeng Purple Qi to repair the broken sword.

The Nether Sword has once again returned to its complete state, exuding the terrifying power of the Nether World.

Emperor Chu couldn't help but said aloud in his mind: "Ye Feng, this sword is not as good as your demon-slaying sword, why are you wasting Hongmeng Purple Qi to repair it?"

Ye Feng smiled slightly at this moment, holding the Nether Sword in his hand, and then jumped to the high altitude, on top of the ghost chariot left by the Ghost Demon Lord, and said aloud: "I thought of an excellent way. , which allows me to easily deal with the other three major power lords in the southwest of the Demonic Realm. That is, I am now holding the Nether Sword in my hand, driving a ghost chariot, and directly disguising my life force and appearance as a ghost demon king. I will now return to the Ghost Demon Sect founded by the Ghost Demon Lord and become the leader of the Ghost Demon Sect. At that time, I will directly use the huge power of the entire Ghost Demon Sect to deal with the other leaders of the other major forces who were chasing me. Let's see. It would be much better if I could kill them all one by one than wandering aimlessly in the deep sea area."

Ye Feng spoke at this time, his eyes full of wisdom.

You know, Ye Feng has the magical ability to disguise himself as any living being. This ghost demon king created such a powerful ghost demon sect. It would be a waste if we don't make use of this powerful demon clan.

Chapter 3563 Standing as the leader

Swish, swish, swish!

At this time, Ye Feng released his power and flew quickly towards the deep sea area of the Dark Sea.

For Ye Feng, he does not want to waste time in this deep sea area now. What he wants to do most now is to control the powerful force in the southwest of the Demonic Domain created by the Ghost Demon Lord, the Ghost Demon Sect.

Buzz!

On the way, Ye Feng used his life force to directly transform into the aura of the netherworld, and also disguised himself as the Ghost Demon Lord.

At this time, Ye Feng stood on the ghost chariot, looking very impressive, and with the Nether Sword on his back, it was as if the ghost demon king had appeared again, and no one could distinguish it at all.

Ye Feng used some small tricks to hide his specific cultivation aura, so others could not sense what his real cultivation aura was.

Now that Ye Feng has devoured the Ghost Demon Lord, his cultivation level has once again been greatly improved, reaching the half-step Xuanyin realm.

Ye Feng's true combat power is actually close to being at the level of the Star Realm above the Xuanyin Realm.

So even if someone wants to take action and test the impostor Ye Feng, Ye Feng's true combat power is absolutely comparable to that of the Ghost Demon Lord and will not make others doubt him.

However, Ye Feng knew that if he disguised himself as the Ghost Demon Lord, he would not be able to use some of his methods.

But even if he doesn't use some so-called trump card methods, Ye Feng's current cultivation level has entered half a step into the Xuanyin realm, and he can still deal with the masters of the big forces in the Star realm above the Xuanyin realm.

Moreover, Ye Feng went to the Ghost Demon Sect this time to obtain the huge cultivation resources in the Ghost Demon Sect, so that his cultivation strength could be greatly increased.

Ye Feng was secretly planning in his heart at this time, with a trace of expectation in his eyes.

After all, as a super powerful force in the southwest of the Demon Realm, the Ghost Demon Sect is still very large.

Therefore, if Ye Feng controls the entire Ghost Demon Sect, he will naturally be able to obtain the huge cultivation resources of the entire sect.

However, Ye Feng also knows very well that even if he disguises himself as the Ghost Demon Lord, it is not that simple to completely control the entire Ghost Demon Sect.

Ye Feng felt that in addition to the leader of the Ghost Demon Sect, there must be many other elders in the Ghost Demon Sect, and all of them must be quite powerful in cultivation.

So these all need to be considered by yourself, and it is not as simple as imagined.

However, Ye Feng naturally would not waste this once-in-a-lifetime opportunity.

Just as Ye Feng was thinking in his mind, he was extremely fast and had completely left the Sea of Darkness and returned to the southwest of the Demon Realm.

Now Ye Feng's cultivation strength has entered a very powerful level, and ordinary enemies are no longer Ye Feng's opponents.

Moreover, Ye Feng was pretending to be the Ghost Demon Lord at this time and driving a ghost chariot. Naturally, he could not be too low-key, otherwise it would not be in line with the nature of the Ghost Demon Lord.

For Ye Feng, he only has one idea now, which is to improve his strength as soon as possible and deal with the other three major forces who were chasing him.

That is, the dark six-headed dragon of the Dark Sea God Palace, the Hell Skeleton King of the Hell Demon Cave, and the most mysterious Demon Flame Phoenix.

However, I don't know which force this Demon Flame Phoenix belongs to. It is very likely that it is the only casual cultivator among the four top demon clan powerhouses.

Ye Feng felt secretly in his heart

Thinking about it, he quickly traveled through most of the southwest part of the Demon Realm, and finally came to the place where the Ghost Demon Sect was.

Not far ahead, Ye Feng saw towering black buildings, standing on the ground, and a majestic dark attic like a black mountain, suspended in mid-air. It looked like It is very imposing, antique and majestic.

In addition, Ye Feng also saw that around this countless buildings, there were dark trolls with blue sky on their heads and earth on their feet, guarding the entire building.

A huge stone tablet stood at the front, with the four characters "Ghost Demon Sect" written on it.

At this time, Ye Feng finally came to the great demon force controlled by the Ghost Demon Lord, the Ghost Demon Sect.

"call!"

At this moment, Ye Feng took a deep breath, and then drove the ghost chariot directly toward the building area of the Ghost Demon Sect.

When Ye Feng came to the gate of the Ghost Demon Sect, a group of majestic trolls around him knelt down on one knee and said respectfully in Ye Feng's direction: "Welcome the sect master to arrive."

Ye Feng nodded slightly and didn't say much. He just drove the ghost chariot and flew quickly towards the middle area of the Ghost Demon Sect.

When Ye Feng came to the huge loft floating in the middle of the sky, he immediately saw a lot of guards in black armor, guarding in front of the huge loft.

When Ye Feng arrived, these guards still knelt down on one knee and were very respectful.

Ye Feng looked at everything around him at this moment, with a strange look in his eyes.

It was a very novel experience to suddenly become the leader of such a huge demon clan.

However, Ye Feng did not forget his own business.

He did not come here to experience becoming the leader of the Demon Clan, but to control the entire Ghost Demon Sect and utilize the resources of the entire Ghost Demon Sect.

Ye Feng came to the dark pavilion in the middle area, and then immediately called a guard to come to him.

The demon guard immediately asked respectfully: "Is there anything special that the sect leader calls his subordinates to come down?"

Ye Feng nodded slightly and said aloud: "Take me directly to the treasure house where our Ghost Demon Sect stores resources. I need to choose something."

Hearing what Ye Feng said, the demon guard showed a hint of surprise and doubt in his eyes. He didn't know why the sect leader asked him to take him to the treasure house of the Ghost Demon Sect.

Because no one knows where the Ghost Demon Sect's treasure house is better than the sect leader.

However, although the demon guard was confused, he would not ask why in person at this time.

After all, in the eyes of these demon guards, the Ghost Demon Sect is definitely a superior being and cannot be disobeyed. He must do whatever the sect leader tells him to do. The thoughts of such a big shot cannot be speculated casually.

So at this time, the demon guard immediately said respectfully: "Yes, Lord Sect Master, I will take you, Lord Sect Master, to the treasure house."

Uh-huh!

After saying that, the demon guard directly spread the black wings on his back, and then moved towards a certain person.

Flying quickly in one direction.

Ye Feng took back the ghost chariot, followed the demon guard, and flew quickly in a certain direction of the ghost demon sect.

At this moment, Ye Feng's eyes showed a hint of anticipation and excitement. Ye Feng was still very interested in the Ghost Demon Sect, the treasure house of a super powerful force in the southwest of the Demonic Domain.

Ye Feng's current cultivation level is stuck at the half-step Xuanyin realm, so Ye Feng now really wants to break through this cultivation level bottleneck.

If Ye Feng can break through the half-step Xuanyin Realm and break through to the real Xuanyin Realm first level, then Ye Feng will no longer have to fear those powerful masters at the Constellation Realm level, and there will be no problem in fighting directly face to face.

And just when Ye Feng was thinking secretly in his heart, the demon guards leading the way had arrived at the treasure house of the Ghost Demon Sect.

But just when Ye Feng arrived in front of the treasure house of the Ghost Demon Sect, suddenly an old man wearing black robes appeared in front of Ye Feng.

This old man's skin was pitch black, and his head was a black tiger's head. He looked quite ferocious, and he didn't know what kind of demon he was.

At this time, the demon guard leading the way immediately couldn't help but respectfully clasped his fists and said: "Greetings to the third elder!"

"Third Elder?"

Ye Feng's eyes flashed slightly at this time.

He could sense a very powerful cultivation aura from this third elder's body. It was the powerful cultivation of the third heaven of the Constellation Realm!

It is even more powerful than the cultivation level of the Ghost Demon King himself in the first level of the Starry Realm!

Sensing the cultivation aura of this so-called third elder of the Ghost Demon Sect, Ye Feng's pupils suddenly shrank slightly.

Sure enough, as he expected, the Ghost Demon Sect is the top power in the southwest of the Demon Realm, and the sect leader is probably just a public spokesperson.

There are still many super strong people in the Ghost Demon Sect.

However, now that Ye Feng's cultivation has reached the half-step Xuanyin realm, he is no longer afraid of existences at the Xingxu realm.

So at this time, Ye Feng's face was still very calm. No matter what the third elder suddenly appeared here for, he walked quickly towards the treasure house of the Ghost Demon Sect.

"stop!"

Suddenly at this moment, the third elder standing in front of him saw Ye Feng walking quickly towards the Ghost Demon Sect's treasure house. The third elder immediately couldn't help but said: "Hurry up and stop! "

Hearing what the third elder said, Ye Feng's heart suddenly thumped. Could it be that the third elder of the Ghost Demon Sect has discovered his identity and is not the real Ghost Demon Lord?

But Ye Feng thought about it and this was unlikely. If the third elder had seen his true identity, then he would have taken action long ago and would not have spoken directly to him.

Ye Feng had a look of doubt in his eyes at this moment, then looked at the black tiger-headed old man behind him, and asked aloud: "Third Elder, what's the matter?"

Hearing Ye Feng's question, the third elder seemed to have a hint of coldness on his face, and then said aloud: "Sect Master, this time you went to Shadow Island to find the legendary golden city, did you succeed? "

Ye Feng shrugged and said aloud: "It didn't succeed."

Hearing what Ye Feng said, the third elder immediately showed an angry expression on his face.

Feeling, he said aloud: "Sect Master, you have wasted so many resources of our Ghost Demon Sect. You have grown to this day and can't even do such a small thing well. Now you want to enter the treasure house and use the accumulated resources of our sect. Cultivation resources? This is not good."

Hearing the third elder's sinister words, Ye Feng suddenly turned cold and said, "I am the leader of the entire Ghost Demon Sect. No one can stop me no matter what I want to do."

Uh-huh!

After saying that, Ye Feng walked quickly towards the treasure house.

Ye Feng was still guessing that the third elder suddenly appeared and recognized his identity.

But I didn't expect that it turned out to be because of what I did.

This is not what Ye Feng needs to care about.

Anyway, Ye Feng is not the leader of the Ghost Demon Sect at all, so he naturally acts more unscrupulously and does not need to worry about anything at all.

Seeing Ye Feng being so arbitrary, the third elder immediately showed a cold smile on his face and said: "You have always failed as a sect leader, and you have wasted so many cultivation resources of our Ghost Demon Sect. , so the Taishang Grand Elder is already very dissatisfied with you. This time you went to rob the Golden City and failed again. Next, the Taishang Grand Elder will directly hold a meeting of elders to kill you, this useless useless sect leader. Abolish it!"

"Um?"

Hearing what the third elder said, Ye Feng's face suddenly darkened. He turned around, stared at the third elder behind him, and said word by word: "How dare you speak to this sect leader like this?"

It's really unscrupulous! Since you are so unscrupulous and rude to this sect leader, I will teach you a lesson today!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng attacked the third elder directly.

Seeing Ye Feng rushing towards him, the third elder immediately laughed out loud: "Don't think that I don't know how much you, the new sect leader, weighs. Your cultivation level is only at the first level of the Star Realm. , and this elder is an existence in the third heaven of the Star Realm. A new-generation sect master like you is simply no match for an older generation of strong men like us. Today I will let you know that if you want to be the sect master of the Ghost Demon Sect, before we You need to lower your head in front of the elders! We ask you to kneel to be the sect leader, so you have to kneel, don't think about being the sect leader while standing!"

Ye Feng actually did not expect at this time that among the Ghost Demon Sect, the Ghost Demon Lord was just a new generation sect leader and had such a huge conflict with other members of the elder group.

But Ye Feng doesn't care about this at all. As long as he is strong, there is nothing to be afraid of.

If he is a real Ghost Demon Lord, he may be more restrained in his work. After all, he has to protect the face of his sect leader. Only by listening to the words of these Ghost Demon Sect elders can he become the leader of the Ghost Demon Sect safely.

But these don't exist at all for Ye Feng.

Ye Feng originally came to the Ghost Demon Sect disguised as the Ghost Demon Lord, just to have a good time here.

Now, someone actually wants him to kneel down and become the leader of the sect. Naturally, it is impossible for Ye Feng to agree. He must stand and take the position of the sect leader!

So at this time, Ye Feng didn't restrain himself at all, and he didn't hide it. He just released his powerful power and wanted to teach this third elder who was rude to him a lesson!

Chapter 3564 Unparalleled in the Ages

Boom!

At this moment, Ye Feng rushed in front of the third elder, and then grabbed it fiercely with one hand.

Ye Feng's hand directly released the immortal power of Hongmeng's true body.

Although Ye Feng cannot release his other methods, such as the top method such as Heaven's Gate, Ye Feng can fully use Hongmeng's real body, which can increase his body's strength, and is not afraid of others recognizing it.

Because no one knows what powerful inheritance the Ghost Demon Lord has cultivated, there is nothing to doubt.

So at this moment, Ye Feng's palm turned into a huge purple palm, and then exuded a dark aura, and he grabbed it directly in front of the third elder.

The third elder did not take it seriously at this moment, but smiled coldly and said: "If you dare to attack me, I think you are tired of living!"

The third elder probably never expected that the Ghost Demon Lord, who had always been respectful to their elders in the past, would be so presumptuous this time and dare to attack him, a core member of the elders. It was really audacious to the extreme.

Because in the history of the Ghost Demon Sect, each generation of sect masters was personally selected by the elders, so each generation of sect masters must obey the orders of the elders. This also allows various members of the elders to play in the ghost demon sect. He enjoys a very high status among the clan.

Even the sect leader must be respectful and polite to the core members of the elder group.

But now, Ye Feng directly attacked the third elder, which naturally made the third elder extremely angry and wanted to teach Ye Feng a good lesson.

Boom!

But the moment the third elder's dark claws collided with Ye Feng's big purple hand.

It was accompanied by a terrifying roar.

Then only a "click" was heard.

The third elder's claws were shattered by Ye Feng's big purple hand.

"ah!!"

The third elder couldn't help but scream, feeling huge pain, bone-piercing pain.

Obviously, the third elder never thought that Ye Feng's purple palm contained such terrifying power and hardness.

The third elder couldn't help but said: "How can you have such a strong body strength! Your Nether Body has just been promoted to the Dacheng realm, so it is impossible for you to have such a strong hardness."

When Ye Feng heard the third elder say this, he just smiled faintly and did not explain anything more. Instead, he continued to stretch out a huge purple palm and grabbed it directly towards the third elder.

At this time, Ye Feng's palm was very majestic and huge, filled with boundless power. It was like a purple mountain, and it suddenly bombarded the head of the third elder.

The third elder immediately shouted: "Ghost Storm!"

Wow!

Almost at this moment, the void around the third elder suddenly split open, and ghosts flew out, and then entangled together, forming a ghost storm, shrouding the three elders, and letting the ghosts fly out. The third elder seemed to have become the King of Ghosts at this moment, possessing very powerful defensive power.

Boom! !

However, Ye Feng's purple palm contains the power of Ye Feng's Hongmeng Immortal Body, and Ye Feng also secretly released the powerful ancient power of the Golden City in his body at this time.

So at this moment, Ye Feng's big purple hand shattered all the ghost storms around the third elder, and then the big purple hand was like a mountain, suppressing the third elder at once. He fell to the ground and knelt down.

"You... actually made me kneel down... No! No!!"

At this time, the third elder was suppressed by Ye Feng's big purple hand and forced to kneel on the ground. He immediately felt huge shame and his eyes were almost broken!

"I will cut you into pieces with a thousand knives!!"

The third elder shouted loudly at this time, his tone full of monstrous anger.

He tried frantically to get up, but couldn't.

Because Ye Feng's big purple hand seemed to contain hundreds of millions of power, it suppressed the third elder to his knees on the ground, unable to get up at all.

"Baby, you...ah!!"

The third elder was about to say something at this time, but with a "pop" sound, Ye Feng gave the third elder a slap in the face and said loudly: "You still want to cut me into pieces? Then I will kill you first." You'll have to kill him later."

Boom!

At this time, Ye Feng naturally did not have any taboos, and directly struck hard at the third elder in front of him with one hand.

"Pfft!"

The third elder's head was smashed to pieces by Ye Feng like a watermelon, and exploded on the ground.

But the demon guard standing next to him who led the way before was dumbfounded at this moment.

He never expected that the sect leader would kill the third elder, a core member of the elder group, directly on the spot.

This is a huge sin.

After killing the third elder, Ye Feng's expression did not change at all.

If it were the previous Ghost Demon King himself, he would definitely take into account various things, so he would not have any conflicts with the third elder, and would probably hold back.

But this does not exist at all for Ye Feng.

Because Ye Feng came to the Ghost Demon Sect to plunder the Ghost Demon Sect's resources and use the entire Ghost Demon Sect

With the power, Ye Feng is not here to be a coward.

Therefore, if the third elder dares to be so arrogant in front of Ye Feng, he will definitely be suppressed by Ye Feng.

At this moment, Ye Feng directly released the Devouring Domain.

A dark vortex suddenly erupted on Ye Feng's body, and then a dark beast's mouth formed, swallowing up the third elder of the demon clan in front of him.

Boom!

Suddenly, a terrifying energy burst out in Ye Feng's body.

At this moment, when they saw a black monster rushing out of Ye Feng's body and swallowing the third elder, the demon guards beside him were so frightened that their legs and feet became weak and their faces turned extremely pale.

At this moment, he suddenly seemed to know the sect master again.

When did the sect master become so scary?

At this moment, after Ye Feng devoured the third elder, he immediately gained immense energy.

You must know that the cultivation level of this third elder is even more powerful than that of the previous Ghost Demon Lord, so his skill reserve is also very majestic.

Ye Feng's cultivation aura immediately made a huge breakthrough.

Boom!

With a huge roar, Ye Feng's bottleneck in the Half-step Xuanyin realm was shattered.

Ye Feng suddenly broke through to the first level of Xuanyin Realm!

At this moment, Ye Feng suddenly felt that his power had grown unparalleled.

The difference between the half-step Xuanyin realm and the real Xuanyin realm is still very big, as if a huge gap has been crossed.

At this moment, the third elder's skill has not been fully refined.

After all, this third elder is a super strong man above the Xuanyin Realm and the third heaven of the Star Realm. His skill is naturally very huge.

At this moment, Ye Feng's cultivation level continues to make rapid and continuous breakthroughs along with the devouring.

At this moment, a huge momentum began to explode from Ye Feng's body again.

"boom!"

The second level of Xuanyin Realm!

"boom!"

The third level of Xuanyin Realm!

"boom!"

The fourth level of Xuanyin Realm!

At this time, Ye Feng's cultivation finally stopped.

At this moment, the demon guard beside him said with some fear: "Sir, you directly killed the third elder, the core member of the elder group. It is estimated that there will be a lot of trouble in the future. The elder group, but The most powerful organization in our Ghost Demon Sect."

When Ye Feng heard what the demon guard beside him said, he immediately smiled and said: "If anyone dares to continue to provoke me,

Then their fate will be the same as this third elder, killed and devoured by me. "

Hearing Ye Feng's domineering words, the demon guard immediately knelt down on the ground, kowtowed, and said loudly: "Sir, the sect leader, unparalleled throughout the ages, for generations to come!"

"Hahaha!"

Seeing the demon guard on the ground who was kowtowing respectfully, Ye Feng suddenly burst out laughing in a good mood, and then walked directly into the treasure house of the ghost demon sect in front of him.

At this moment, Ye Feng hummed a little tune and walked into the treasure house of the Ghost Demon Sect, feeling very good.

Ye Feng finally understood at this time that his impromptu decision to disguise himself as the Ghost Demon Lord and come to this powerful demon clan was a very wise and correct choice.

Not only can you get a lot of resources and enjoy huge rights, but there are also so many super masters who provoke you, kill and devour you, and improve your cultivation strength. It is really three birds with one stone.

At this moment, Ye Feng walked into the treasure house of the Ghost Demon Sect, and two guardian elders suddenly appeared in front of Ye Feng.

Ye Feng glanced at the two old men and said calmly: "Are you two going to stop me too?"

The two old men immediately clasped their fists respectfully and said, "Of course not. The Sect Master is the highest-status being in our Ghost Demon Sect. The Sect Master can do whatever he wants. We opened the door to the treasure house in advance for the Sect Master."

Hearing what the two guardian elders said, Ye Feng immediately nodded and said with satisfaction: "Yes, you are very knowledgeable."

Uh-huh!

After saying that, Ye Feng flashed and entered the treasure house space.

At this moment, looking at Ye Feng's retreating back, the two old guardians of the treasure house wiped the cold sweat from their foreheads.

One of the guardian elders couldn't help but said: "Why did the sect leader suddenly become so murderous?"

Another guardian of the elders said in a low voice: "Hush! Even the third elder in the elder group was directly killed by the sect master on the spot. It's better for us not to discuss it and be honest. Just stay here. I feel that this newly promoted sect leader will probably cause a bloody storm in the entire sect in the future. The elders of the elder group will definitely not give up. They will not let the people in their hands. The agent is out of control."

The first guardian elder nodded slightly and did not dare to say anything more.

The two guardian elders both disappeared into the void.

At this moment, the moment Ye Feng entered the treasure house space, he was immediately surprised by everything in front of him.

I saw that in the entire treasure house space, there were huge piles of ore resources, as well as the training resources of various demons. The reserves were astonishing!

"Get rich!"

Ye Feng's eyes lit up immediately!

Chapter 3565 I am the rule

At this time, Ye Feng looked at the ores in the demon mines in front of him, his eyes bright, he rushed forward and stretched out his hand to press on the resources of these demon mines.

Buzz!

At this moment, Ye Feng immediately sensed the extremely majestic energy stored in these mountains of demonic ores.

At this time, Ye Feng looked around and discovered that there were many other resources, not only ores, but also many special elixirs from the demons.

And what surprised Ye Feng was that there were actually many demon slaves in the ghost demon sect's treasure house. All of them were very tall and towering, wearing heavy armor, but they were chained in their original places. The ground cannot move at all.

At this time, Ye Feng's eyes lit up again. These demon slaves of the Ghost Demon Sect were probably all tall demons captured in constant battles. Their demonic energy and blood energy were very powerful. It is definitely the best material for Ye Fengxiu to improve. .??.

Next, Ye Feng continued to look around, and suddenly found a lot of demon weapons and armor hanging around.

But Ye Feng didn't need these armor weapons at all, because they were all low-level things, not as high-end as the equipment of the sleeping gold-burning ancient demons in the Golden City.

At this time, Ye Feng no longer hesitated, and directly released the Devouring Domain, swallowing everything present, such as the mountains of demon ores and the demon slaves chained, all of which were cultivated. The best nourishment for improvement.

At this time, after Ye Feng released the Devouring Domain, a dark light enveloped the entire treasure house space.

Boom!

At this moment, waves of terrifying and majestic energy were immediately injected into Ye Feng's body.

Ye Feng immediately felt that his newly improved skills had once again been greatly improved.

Wow!

Waves of majestic energy suddenly roared crazily in Ye Feng's limbs like a mighty dragon.

Ye Feng immediately burst out with terrifying auras.

boom!

The fifth level of Xuanyin Realm!

boom!

The sixth level of Xuanyin Realm!

boom!

The seventh heaven of Xuanyin Realm!

boom!

The eighth level of Xuanyin Realm!

At this time, Ye Feng's cultivation once again broke through the fourth heaven in a row, rushing directly from the fourth heaven of Xuanyin Realm to the eighth heaven of Xuanyin Realm, getting closer and closer to the Star Realm above Xuanyin Realm.

Ye Feng could feel that his skill and combat effectiveness had been greatly improved at this moment.

At this moment, all the ores and demon slaves present had been devoured, which greatly improved Ye Feng's cultivation skills.

At this time, Ye Feng continued to walk towards the inner area of the treasure house space, wanting to see if there were any other precious resources.

After all, this is a magical southwest

The treasure trove of the great demon forces should not only consist of some demon ores and slaves.

Ye Feng continued to walk towards the inner area of the treasure house space.

However, when Ye Feng reached the end, he didn't find anything else, which caused a trace of doubt in Ye Feng's heart.

Why is there no other good things in the huge treasure house of the Ghost Demon Sect? Is this Ghost Demon Sect really so poor?

At this moment, Ye Feng returned to the entrance of the treasure house space, and then said directly: "The two guardian elders just now, come out directly to this sect leader."

Buzz! Buzz!

Almost at the moment Ye Feng finished speaking, two guardian elders wearing white robes appeared.

They were very respectful in front of Ye Feng and quickly asked: "Does the sect leader have any instructions?"

Ye Feng nodded slightly at this time, and then asked aloud: "Why are there so few resources in our sect's treasure house? Where have the huge resources accumulated by such a huge ghost demon sect gone?"

"this....."

Hearing what Ye Feng said, the two guardian elders couldn't help showing a trace of embarrassment in their eyes.

Ye Feng saw the expressions of the two guardian elders and immediately knew there was a problem. He immediately said with a majestic look: "Speak directly and I will not blame you two for your dereliction of duty."

"Yes, Sect Master."

A guardian elder immediately clasped his fists respectfully and said: "Many young men and young ladies in the elder group used their special noble status to take away all the cultivation resources in the treasure house regardless of our dissuasion. Almost half of it was taken away."

Hearing what these guardian elders said, Ye Feng suddenly had a look of surprise in his eyes.

No wonder I didn't see any high-end cultivation resources in this treasure house. It turned out to be because they were all taken away by others.

At this time, Ye Feng immediately asked: "These young men and ladies of the elder group, where are they now?"

A guardian elder immediately spoke up and said: "They are all in the small world of the elders where the core members of the elder group live. However, the sect leader, please think twice. The small world where the elder group is located has been the forbidden land of our Ghost Demon Sect since ancient times. Only the descendants of the elders can enter. If anyone else enters, it will violate the rules of the entire sect. "

"Violate the entire sect's rules?"

Ye Feng suddenly laughed at this time, and then said very domineeringly: "I am the sect master, and I am the rule!"

After finishing speaking, Ye Feng looked directly at the guardian elder in front of him and said loudly: "You two take me to the small world where the elder group is located. I am going to get those resources back."

"What?!"

Hearing what Ye Feng said, the two guardian elders immediately had expressions on their faces.

He suddenly became horrified and couldn't help but said loudly: "Sir, you must not go to that place!"

Boom!

But at this moment, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation, like a mountain, oppressing the two guardian elders, like ancient gods and demons.

At this time, Ye Feng also used some of the power and momentum of the Golden City, so the demonic power on Ye Feng was simply terrifying, and the two guardian elders suddenly felt huge pressure.

At this moment, Ye Feng immediately said: "I asked you to take me there, then you should take me there obediently and don't make me angry, otherwise the consequences will be very serious and you will not be able to bear it."

At this time, Ye Feng completely put himself into the role of the Ghost Demon Lord, so he became very domineering and arbitrary when he spoke at this moment.

At this moment, sensing the terrifying demonic power on Ye Feng, the two guardian elders suddenly felt as if they had seen the ancient demon god.

They were extremely horrified and couldn't help but wonder, why did the sect leader suddenly become so powerful and domineering?

He doesn't even care about the most terrifying group of elders among the Ghost Demon Sect?

However, the two guardian elders did not dare to ask any questions at this time, because now they felt that Ye Feng's eyes were very scary, as if he wanted to kill both of them if they disagreed.

At this time, Ye Feng spoke in a very firm tone.

Ye Feng never thought that most of the resources in this treasure house would be taken away by the descendants of the elders. It was really abominable.

So at this time, Ye Feng naturally wanted to use all these resources to take back all of them, because for Ye Feng, he came to the Ghost Demon Sect just to find various training resources, improve his own strength, and strengthen himself crazily. of cultivation.

Every time it is this group of veterans who finds fault with themselves.

Ye Feng's cultivation has been greatly improved now. If this elder group dares to continue to provoke him, then Ye Feng is ready to kill all this elder group.

In Ye Feng's eyes, there is no such thing as the so-called elder group of the Ghost Demon Sect, and they are not taken into consideration by Ye Feng at all.

If it were the original Ghost Demon Lord, he might be very afraid of the Elders.

But Ye Feng, who has many methods, is not afraid at all.

Now Ye Feng's strength has been raised to a very powerful level. As long as members of the veteran group dare to provoke him, he will kill them no matter who they are.

If he were the real leader of the Ghost Demon Sect, he might be afraid of killing the members of the elder group, thereby weakening the overall strength of the entire Ghost Demon Sect, so he would consider the overall situation and hold back.

But Ye Feng doesn't.

Because Ye Feng is not the leader of the Ghost Demon Sect at all, he is just a fake and comes here just to improve his strength.

Therefore, if something conflicts with Ye Feng's personal interests, Ye Feng will naturally not tolerate it.

The Ghost Demon Lord wanted to kill Ye Feng, but Ye Feng killed him instead. Ye Feng did not destroy the entire Ghost Demon Sect, which was already very good.

At this time, Ye Feng looked at the two guardian elders in front of him and said, "Just take me there."

The two guardian elders naturally did not dare to say anything more at this time. They nodded respectfully, and then took Ye Feng and flew quickly towards the small world where the elders lived.

The two guardian elders were on the road at this time, with deep horror in their eyes.

Because they felt that there would be a bloody storm in the entire Ghost Demon Sect today.

This is a war between the Sect Master and the Elders, the oldest force.

The speed of the three of them was very fast. In less than a moment, Ye Feng followed the two guardian elders to the entrance of the small world where the elders were.

There are many trees planted in the entire void here, and there are many ancient buildings floating in the air. They look very luxurious, even more luxurious than Ye Feng's own sect master's pavilion.

Seeing this scene, Ye Feng's face showed a hint of sneer.

At this moment, the two guardian elders beside him immediately asked: "Sect Master, what should we do now?"

Ye Feng glanced at the two of them and said very indifferently: "What can we do? Of course, go in directly and ask for resources."

Hearing Ye Feng's fierce words, the two guardian elders showed a look of astonishment on their faces, and then said aloud: "Are you going to just break in like this? Do you want to talk to the guardians in the small world of the Elder Group? Please inform the staff?"

"What a bullshit report!"

At this moment, Ye Feng was filled with murderous aura, and he suddenly flew towards the small world where the elders lived.

Seeing Ye Feng do this, the two guardian elders behind him looked at each other in confusion.

When did the sect leader suddenly become so fierce?

One of the guardian elders immediately couldn't help but look at his companion beside him, and asked aloud: "Then what should we do now, should we break in with the sect leader?"

The second guardian elder thought for a moment, then his eyes showed a hint of determination, and he said loudly: "This may be a good opportunity for us to make a name for ourselves. Let's go in with the lord. This is how we show our loyalty." It's a good time. If the sect leader is really ferocious enough and suppresses all the elders, then in the future the sect leader will be able to dominate the entire Ghost Demon Sect. If we follow the sect leader, we will definitely be able to enjoy huge rights!"

Hearing what his companion said, the other guardian elder immediately nodded fiercely and said loudly: "Okay! Let's do it! If the sect master can really suppress everything, we will kill the one in the small world of the elder group. The biggest secret is to tell the sect master, now I am determined to become the sect master's most loyal lackey!"

Chapter 3566 The Secret of the Small World

At this moment, when Ye Feng flew to the door of the small world of the Elders, a dozen demons wearing heavy armors suddenly came to Ye Feng and said loudly: "The Elders live in an important place, and the idle people can't wait. enter!"

"Are you waiting here?"

When Ye Feng heard the words of these demon guards, a hint of sneer appeared on his face, and he said loudly: "Open your dog eyes and see! Who am I!"

After Ye Feng finished speaking at this moment, a dozen demons wearing armor remained expressionless and said loudly: "Except for the core members and descendants of the elders, we don't know anyone, and we don't need to listen to anyone. According to human orders, even if you are the sect leader, you cannot enter the residence of the elders. "

"Um?"

When Ye Feng heard what these dozen demon armored guards said, he immediately laughed angrily, and then said slowly: "Even this sect leader can't enter the small world of the elder group, so I want to take a look. What are these old guys doing inside? Is there any treasure inside?"

Uh-huh!

Almost at the moment Ye Feng finished speaking, Ye Feng continued to fly forward, trying to forcefully enter the small world where the elders lived.

"stop!"

A dozen demon armored guards immediately rushed towards Ye Feng.

boom! !

"Get away!"

Ye Feng immediately shouted loudly, and a terrifying power aura erupted from his body.

This caused the dozen or so demon armored guards who rushed in front of them to be blown away.

Their bodies all exploded and they died instantly.

Seeing this scene, the two guardian elders who followed Ye Feng were frightened. They didn't expect that the sect leader would go on a killing spree as soon as he arrived. It was so ferocious.

"Enemy attack! Enemy attack!"

At this moment, demon guards suddenly rushed out from around the small world and shouted loudly.

"What kind of enemy attack? Shut up, my sect leader!"

At this time, Ye Feng immediately shouted: "I am the leader of the entire sect. Isn't it natural for me to enter the small world of the elders? What kind of enemy attack! Those few little guards with no eyes just now, actually Dare to attack this sect leader, it is really audacious and unforgivable crime, so I killed them all directly as a warning, let me see who dares to scream now? "

Hearing what Ye Feng said, the entire group of demons at the entrance to the small world of the Elder Regiment suddenly showed shock and anger in their eyes.

They seemed to have never thought that the sect leader, who had always been extremely cowardly in front of the Elders, would be so bold today and dare to directly come to the small world of the Elders to cause trouble.

However, at this time, many of the demon guards in the small world of the Elder Regiment were instantly distraught when they heard Ye Feng's murderous words.

Anyone who dared to shout again fell silent for a moment.

Because they knew that the other party was indeed the master of the entire Ghost Demon Sect.

The eyes of these demon guards guarding the small world suddenly became a little uncertain.

A small world guard couldn't help but said: "Sir, the sect master, according to the rules of our sect since ancient times, the sect master is not allowed to enter the small world of the elder group. I hope the sect master can realize this."

Hearing what the demon guard said, Ye Feng just smiled faintly and said: "As the leader of a sect, I am the rule. If any of you dare to stop me again, the end will be the same as what happened just now." A dozen armored guards all died."

Uh-huh!

After saying that, Ye Feng flew directly towards the small world.

When a group of demon guards saw this scene, they were too angry to speak.

Because the cultivation aura on Ye Feng's body was so terrifying, almost like a god or demon, they didn't dare to resist him at all.

Because once he resists, he may be killed by Ye Feng in an instant like the dozen armored demons just now.

And at this time, many demon guards in the small world saw that the sect leader seemed different from before, becoming more powerful, like a killing star, red-eyed, and dared to kill anyone, They don't dare to get into trouble at this time.

Uh-huh!

Uh-huh!

At this time, the two guardian elders who were following Ye Feng quickly followed up and stood on both sides of Ye Feng, just like Ye Feng's two most loyal henchmen.

At this moment, Ye Feng saw two guardian elders appearing beside him. He smiled in surprise and said, "What? Are you not afraid of the elders in the small world now?"

At this time, the two guardian elders couldn't help but said respectfully: "The master of the sect has a world-class cultivation, which lasts forever. In front of the sect master, the elders are nothing."

Hearing what the two guardian elders said, Ye Feng laughed out loud, nodded with satisfaction, and said loudly: "Not bad, follow me and you will have meat to eat."

Hearing what Ye Feng said, the two guardian elders immediately clasped their fists excitedly and said, "Thank you, Sect Master! By the way, Sect Master, although we have low status, we are also the elders among the elders of the Ghost Demon Sect. We know that this small group of elders is located in One of the great secrets of the world is one that is too afraid to tell."

"The big secret?"

Hearing what the two guardian elders beside him said, Ye Feng suddenly showed a hint of surprise in his eyes, and then asked very curiously: "What's the big secret? Tell me."

That

Shi Yefeng himself also had doubts as to why the Elders had always lived in this small world and prohibited other outsiders from entering. Even the generations of sect leaders they supported were not allowed to enter the small world where the Elders were located.

There must be something fishy!

At this moment, Ye Feng flew into the small world and said loudly: "As long as this big secret you tell me is helpful to me, then I will definitely reward you heavily and I will not treat you two badly."

The two guardian elders immediately said in unison: "Sect Master, the biggest secret is... In fact, this small world where the elders have lived for generations is the first generation of the Ghost Demon Sect, the founder of our Ghost Demon Sect, Ghost The world evolved from the body of the Demon Emperor after his death. In the center of this small world, there is the heart of the ghost Demon Emperor, beating for eternity, providing the pure blood of the Demon Emperor, which can baptize every generation of the Elders. The bodies of demons make them inherently powerful and talented, so the elders can control the entire Ghost Demon Sect behind the scenes from generation to generation."

"What?"

Hearing what the two guardian elders beside him said, Ye Feng suddenly showed a trace of surprise in his eyes.

At this moment, Ye Feng looked around and saw that the entire small world was very huge, but Ye Feng could indeed feel that the entire small world seemed to have vitality.

At this time, Ye Feng couldn't help but ask: "How powerful was the Ghost Demon Emperor, the founder of your Ghost Demon Sect back then?"

The guardian elder shook his head and said aloud: "My subordinates don't know exactly how powerful he is, but he must be very powerful. After all, he is the first generation founder of our Ghost Demon Sect."

When Ye Feng heard this, he immediately nodded, and then said with a smile: "The information you provided to this sect master is very good. If this sect master can get the heart of the ghost demon emperor in this small world, I will reward you two generously and make you the guardians of the Ghost Demon Sect."

"Thank you, Lord, for the reward!"

The two guardian elders immediately said excitedly with bright eyes.

At this moment, Ye Feng was still very interested in the ghost demon emperor's heart.

Because this heart of the Ghost Demon King can cultivate generations of powerful masters for the Elders, it must be extraordinary, and it must contain extremely majestic energy and advanced blood.

For Ye Feng, whether it is the blood or the life energy contained in the heart, Ye Feng will be greatly improved.

So at this time, Ye Feng became even more interested in the small world where the elders were located.

Buzz!

At this moment, Ye Feng led two guardian elders directly into the inner space of the small world.

Ye Feng

It exudes powerful soul power and wants to sense the core of this small world.

Because the most core place should be the place that contains the heart of the Phantom Demon Emperor.

But just when Ye Feng arrived at the center of this small world, six old men with extremely powerful auras suddenly flew out of the surrounding buildings.

These old men all have white hair and look very old. They should all be elders who have experienced several eras.

Obviously, these six white-haired old men are core members of the elder group.

At this moment, the two guardian elders standing next to Ye Feng couldn't help but exclaimed: "These are the six guardians among the elders, the most powerful existence second only to the Supreme Elder. They all... Are they all waking up from their slumber just to deal with you, the sect leader?"

Ye Feng's eyes showed a trace of surprise at this moment, because he sensed that the cultivation auras of the six white-haired old men who were dealing with him were all from the sixth level of the Star Realm above the Xuanyin Realm. The powerful existence was much more powerful than the three elders that Ye Feng had killed before. He was probably the oldest existence among the elders, second only to the legendary Supreme Elder.

At this time, Ye Feng looked at the six guardians around him, seemingly boiling with murderous intent, and suddenly smiled indifferently.

If it were before, Ye Feng might still be afraid of the siege from the six powerful men of the sixth heaven of the Constellation Realm, but now Ye Feng's cultivation level has been upgraded to the eighth heaven of the Xuanyin Realm.

The strong men in the sixth level of the Star Realm are not enough to scare Ye Feng now.

So at this moment, Ye Feng looked around lightly, and then said slowly: "Do you want to go against this sect leader?"

At this time, the old eyes of the six guardians were fixed on Ye Feng, and with great majesty, they spoke out: "Although you are the sect leader, you are just a spokesperson selected by our elders. You have no actual reality." Right, now, you can either continue to work for us honestly, or we will directly depose you as the sect leader."

"presumptuous!"

At this moment, Ye Feng immediately shouted loudly, with overwhelming demonic power erupting from his body, and said loudly: "You old guys, do you really think of yourselves as the leaders of the Ghost Demon Sect? I am the sect leader. The real leader! Since you are so arrogant, I will get rid of you black sheep for the entire Ghost Demon Sect, right? From today on, there will be no so-called elders in this world! Let me die!"

boom! !

The moment Ye Feng's voice fell, he immediately burst out with his most powerful power. His eyes exuded scarlet magic light, and he instantly rushed towards the six major guards around him. Like an eagle striking the sky, he released a terrifying and boundless killing force. Cut the power!

Chapter 3567 The horror of the six guardians

For Ye Feng, now he is not afraid of the so-called masters among these veterans at all.

Because these so-called masters may be very powerful in the eyes of ordinary people. They are extremely ancient and powerful men who cannot resist their decisions.

But for Ye Feng, all this does not exist.

Because Ye Feng's current cultivation strength has also been raised to an extremely terrifying level, much more powerful than the previous Ghost Demon Lord.

At this time, Ye Feng burst out with his extremely powerful power and attacked the surroundings.

However, the six guardians just smiled coldly at this time and said loudly: "Don't think that you are invincible just because you are the sect leader. In our eyes, you are just an ignorant young junior." ??

As far as the six guardians were concerned, Ye Feng, the newly promoted leader of the Ghost Demon Sect, was not taken seriously by them at all.

After all, the six of them are the six most powerful and oldest super seniors in the small world of the Elders. Naturally, they do not take juniors like Ye Feng seriously.

Because in the hearts of the core members of the Elder Group, the so-called leader of the Ghost Demon Sect is just a spokesperson on the surface, with no actual power or identity at all.

At this moment, when he heard the six guardians around him saying this, Ye Feng immediately smiled coldly and said: "Since you look down on me, then today I will let the entire Ghost Demon Sect know who is the real leader of the Ghost Demon Sect. controller."

Almost at this moment, without any hesitation, Ye Feng directly burst out his extremely powerful power, and also released the power of the Golden City.

The Golden City is hidden in Ye Feng's body and can also provide Ye Feng with huge power.

Boom!

At this moment, Ye Feng's body suddenly erupted with terrifying demonic power, and then spread towards the surroundings.

At this moment, the six guardians also released their extremely powerful inheritances. Their bodies produced extremely terrifying energy fluctuations, shrouding Ye Feng, and wanted to kill Ye Feng in an instant.

But at this moment, Ye Feng's power was like a vast ocean. It was so vast and terrifying that it directly shattered all the light waves of the six guardians' power at once.

"What?!"

Seeing this scene, the six guardians couldn't help showing deep horror in their eyes.

They couldn't help but exclaimed: "You, the new sect leader, are just a young junior. Why do you have such terrifying power? You can actually deal with us in an instant.

The six protectors, this is impossible. "

One of the guardians couldn't help but said at this moment: "Yes, all the cultivation process of you from weak to strong was cultivated by us. How could you suddenly become so powerful? This is unreasonable. "

Obviously, at this moment, the six guardians couldn't figure out why the spokesperson they trained suddenly became so powerful.

Ye Feng just looked extremely indifferent at this moment, and did not explain much. Instead, his eyes boiled with murderous intent, and he said loudly: "I don't need to explain anything to you at

all, because starting from today, the entire Ghost Demon Sect will There is only one controller, and that is me. If you don't want to die, then surrender directly to me and work for me. If you continue to be stubborn and still stick to the so-called noble status and majesty of your elders, then I I will kill you all and destroy all you old stubborn. This will also be good for the entire Ghost Demon Sect, so that the Ghost Demon Sect will not be dragged down by you old guys. "

Hearing what Ye Feng said, the six guardians all showed furious looks in their eyes, because they never thought that one day they would be taught such a lesson by a young junior in front of everyone. It was really embarrassing.

At this time, the six guardians all spoke out: "It is impossible for us to surrender in the hands of a junior like you. This is simply a huge shame to our status."

When Ye Feng heard what the six guardians said, a trace of cruelty suddenly appeared in his eyes, and he said loudly: "Since you are still so stubborn, then I have no choice but to kill you all. "

"Hahaha!"

The six guardians laughed loudly at this time, and then said: "You are too young to kill us. Although your cultivation strength is indeed beyond our imagination, we six If two super strong men join forces, the strength they can unleash will definitely surprise you."

Boom!

At this moment, the six guardians all burst out their most powerful powers, and then joined together to form a huge power of formation, which enveloped Ye Feng.

This formation was released by six guardians together, forming a huge demonic shadow that directly bombarded Ye Feng.

Boom!

Ye Feng at this time

There was no fear at this moment, and he just punched out hard, and collided with the demon god condensed by the power of the formation, and a very terrifying roar suddenly broke out.

"boom!"

Then a huge counter-shock force caused Ye Feng to fly backwards and smashed into a large number of buildings.

"Hahaha!"

When the six guardians saw this scene, they immediately laughed out loud, and then said: "Boy, you are still a little young. If you want to resist the orders of our elders, it is simply impossible. You will be imprisoned. , and then become the slaves of the entire elder group, and then we will elect a new suzerain, one who listens to us. "

The six guardians united together at this time, standing in a row, and the power they released together was indeed very terrifying. ??

The two guardian elders not far away saw this scene at this moment, with worries in their eyes.

If the lord of the clan fails, then they will also be executed by the elders. There is no doubt about this.

At this moment, many members of the small world of the Elders gathered around. They were all descendants of the Elders. However, at this moment, they all had deep mockery in their eyes, staring at Ye who was not far away. wind.

Because in the history of the Ghost Demon Sect, there were many sect leaders who were unwilling to obey the orders of the elders and wanted to resist.

But in the end, without exception, they were all sanctioned by the elders.

So this kind of thing happens all the time.

These members of the elder group have nothing to worry about at all, because the strength of the elder group is really terrifying.

The Elders control the core of the entire Ghost Demon Sect and can continuously cultivate various powerful masters. Naturally, they can rule the entire Ghost Demon Sect.

At this moment, Ye Feng's eyes showed a trace of surprise. He did not expect that the combined power of these six guardians could actually blow him away.

Ye Feng no longer hesitated at this time and directly burst out the power of Hongmeng's true body.

Boom!

At this moment, Ye Feng's whole body began to swell, and he swelled into a purple giant, which was several kilometers tall. His whole body was filled with the power of an ancient demon god, and he looked very high-quality. It is shocking and has a very terrifying visual impact.

Seeing this scene at this moment, the six guardians seemed to have sensed some terrible aura, and immediately couldn't help but said: "When did your kid practice a kind of power to improve his physique?"

The secret technique? All your inheritances should have been given to you by our elders. Among the inheritances of our elders, there is no such secret technique for turning into a purple troll. "

Obviously, these six guardians thought that Ye Feng was turning into an ancient purple troll at this moment.

Ye Feng didn't explain much at this time, but directly charged towards the six guardians.

The six guardians immediately shouted: "Even if you have cultivated the body of the ancient purple troll, there is no way you can compete with us. It's not like we didn't kill the ancient purple troll back then."

Boom! !

But at the next moment, what shocked the six guardians was that the purple giant that Ye Feng transformed into struck out with a fist a terrifying force that could not be resisted at all.

"Click, click!"

The moment Ye Feng's purple fist hit the formation, the entire huge formation began to shatter inch by inch.

"What?!"

When the six guardians saw this scene, their eyes showed deep horror, and they couldn't help but said: "This can't be the body of the purple troll. The purple troll can't have such a powerful power. What exactly are you practicing?"

Ye Feng just smiled coldly at this moment and said: "You don't need to know what it is, because you will die next."

Boom!

At this moment, Ye Feng inspired the power of the dominating gem.

The brute force gem was added to his fist, and he was able to break through all the magic with one punch. The huge formation condensed by the six guardians was shattered into pieces, and then the purple fist continued to blast out. When he arrived in front of the six guardians, he flew them away directly, smashed into a large piece of ruins, and was buried on the ground. He didn't know whether he was alive or dead.

"What?!"

Seeing this scene, the descendants of the elders in the countless small worlds watching around them all had deep horror in their eyes.

They originally thought that the new sect leader would be killed instantly by the strong men among the elders like the previous sect leaders.

What I didn't expect was that this new sect leader seemed to be terrifyingly powerful beyond imagination.

"Damn it!"

At this time, the six guardians struggled to crawl out from the ruins, their eyes full of horror.

Because they never thought that the sect leader trained by their elders would suddenly become so terrifying?

This is incredible!

Chapter 3568 No one survives

At this moment, all the six guardians ran out of the ruins, and then stared at Ye Feng not far away, with the fire of hatred burning in their eyes.

Because Ye Feng had just driven them all into the ruins, causing them all to lose their face, so now they naturally hate Ye Feng to the core.

At this moment, Ye Feng, who had transformed into Hongmeng's true form, showed no mercy in his eyes as he continued to attack the six guardians.

Poof!

Almost at this moment, Ye Feng used the space gem to flash directly in front of a protector, stretched out his powerful purple hands, and tore the protector in half instantly.

"Too cruel!"

At this time, the remaining five guardians all stared wide-eyed. ??

Because now that Ye Feng has turned into a little purple giant, the power he contains is so terrifying that they simply cannot resist it.

The five guardians did not hesitate at this time and fled quickly towards the inner space of the small world. They seemed to want to escape here as soon as possible, otherwise, they would all be killed by Ye Feng.

At this time, Ye Feng saw this scene, he just smiled coldly and said: "You want to kill me, and now you want to escape, it is simply impossible, Golden City!"

boom!

At this moment, in order to stop the five escaping guardians, Ye Feng no longer concealed anything and directly released the Golden City.

Boom!

The Golden City suddenly became extremely majestic and tall, as if it had turned into a mountain, shrouding all the five fleeing guardians in the Golden City.

Buzz!

The terrifying pressure suddenly made it impossible for the five guardians to move any further.

At this moment, the five guardians looked at the Golden City suppressing them above their heads, and their eyes suddenly showed deep horror. They couldn't help but exclaimed: "So you have obtained the Golden City. Why have you kept silent and not told us about this? Maybe you have wanted to resist our elders for a long time, you are such a rebel!"

Ye Feng just smiled coldly at this time, without saying anything else, he stretched out his five fingers and grabbed forward.

Boom! !

At this moment, the Golden City suddenly erupted with a terrifying and boundless demon power. All of a sudden, the five guardians exerted a huge force on them, causing them to kneel on the ground. Unable to stand up.

Because the power of the Golden City is so terrifying, it has the weight of eternity, just like the weapons of gods and demons.

"Plop!"

"Plop!"

The five guardians were forcibly pressed to the ground at this time. They could only kneel and look at Ye Feng not far away.

They all had expressions of extreme shame on their faces, but they were helpless because Ye Feng's power was so terrifying.

At this moment, Ye Feng immediately smiled coldly and said: "Die them all!"

Boom!

At this moment, Ye Feng suddenly burst out with the most powerful power in the Golden City, and then exerted terrifying pressure on the five guardians in front of him, directly crushing them all into pieces.

So far, all the six guardians of the small world of the Elder Group have been killed, and no one has survived!

"hiss!"

Seeing this scene, all the demons couldn't help but gasped.

The two guardian old men following Ye Feng also widened their eyes. It seems that I never thought that Ye Feng actually has the terrifying super trump card of the Golden City.

"Swallow!"

At this moment, Ye Feng did not hesitate at all. He directly released the Devouring Domain without any intention of hiding it. He directly covered the six extremely powerful guardians who were killed. , and then quickly swallowed their blood energy.

at this time.

Boom!

Waves of terrifying and powerful power were directly injected into Ye Feng's body.

Ye Feng immediately felt that his skill had once again been greatly improved.

Ye Feng's cultivation momentum immediately began to rise.

You must know that the cultivation strength of these six guardians is very terrifying, so the skills provided are naturally very powerful. Ye Feng's cultivation at this moment is simply breaking through at an incredible speed.

"boom!"

The ninth level of Xuanyin Realm!

"boom!"

The tenth level of Xuanyin Realm is complete!

"boom!"

Half step to the starry realm!

"boom!"

The first level of the Star Realm!

"boom!"

Star Realm Second Heaven!

At this time, Ye Feng's cultivation momentum finally stopped.

The whole process made all the demons present feel deep fear.

Because they saw that after the death of the six guardians, they were directly swallowed by Ye Feng and became mummies.

This sight is really terrible!

This ability is too evil!

At this moment, the two guardian old men following Ye Feng had their eyes widened. At this time, they finally understood why the new sect leader's cultivation strength increased so quickly. It turned out that it was through this An extremely evil ability to devour and plunder.

This kind of ability is very rare even in the Demon Realm, and it is very terrifying, just like the evil ancient demon king has revived.

At this time, the two guardian old men were secretly thinking in their hearts that they must grow up well.

As a loyal lackey under the sect master, you must not make the sect master angry, otherwise it will be too terrible to be devoured by the sect master.

At this moment, Ye Feng's cultivation level has been upgraded to the second level of the Star Realm, directly crossing a large realm. He can feel that his combat power has been unparalleledly improved.

At this time, Ye Feng was very satisfied that his strength had grown to this extent.

At this moment, the surrounding members of the elder group were extremely frightened and their whole bodies were trembling.

The two guardian elders came to Ye Feng's side and immediately said: "My lord, your martial arts skills are unparalleled and your glory will last for eternity."

Ye Feng just smiled, and then asked aloud: "Do you know where the heart left by the ghost demon emperor is in this small world? I sensed it, but I didn't sense it."

At this moment, the two guardian elders immediately spoke respectfully: "Sir, the heart of the ghost demon emperor in this small world should be in the place where the Taishang Elder lives in seclusion, but the Taishang Elder is very powerful. , is the most powerful person in our Ghost Demon Sect, do you need to fight against him now?"

Ye Feng had a slight smile on his face at this moment, and said aloud: "Of course, the reason why this sect leader came here this time is to let the entire group of elders know that I will be the only person in charge of the future Ghost Demon Sect. Others are nothing."

Hearing what Ye Feng said, the two guardian old men showed quite excited expressions on their faces.

Originally, they were worried that Ye Feng would not be able to defeat these masters from the veteran group.

But now, the terrifying power that Ye Feng had just displayed killed six guardians in an instant, and now that he had swallowed the six guardians, his cultivation skills had increased so much that the two guardian elders were both against Ye Feng. Feng's self-confidence is through the roof.

At this moment, many members of the surrounding elders stared at the two guardian old men beside Ye Feng, and they couldn't help but said angrily: "You two traitors, you two were also from the past. It's really abominable that someone who has gone out of the small world of the Elders is now tipping off the new sect leader."

However, many members of the veteran group around them now only dare to get angry, but they dare not do anything, so they just live with their words and cannot change anything at all.

Ye Feng didn't care at all about the members of the elder group around him. He took the two guardian elders and walked straight towards the center of the small world.

Because the supreme elder of this small world, the most powerful being in the elder group, lives in the center of this small world.

But at this time, Ye Feng suddenly thought of something and said loudly: "By the way, I am here. In addition to dealing with these strong men of the elder group, the most important thing is to find those who have been plundered by the descendants of the elder group." Cultivation resources in the treasure house."

The two guardian old men heard

When Ye Feng said this, he immediately spoke out: "The battle between the sect master and the six guardians just now has attracted almost all the younger generations in the elder group, and they are around now."

Hearing what the old guardian said, the faces of many members of the elder group who were watching turned stiff, and then they immediately turned around and fled from here.

"Don't even think about leaving."

But at this moment, Ye Feng directly made a majestic voice.

He controlled the Golden City and brought down unparalleled pressure, locking all the descendants of the elders in place.

At this time, many descendants of the elders, including young geniuses and young female geniuses, all looked at Ye Feng angrily and said loudly: "Let us go quickly, the cultivation resources in the treasure house are our entire Even if you are the sect leader, you don't have the right to get all the resources shared by the Ghost Demon Sect."

When Ye Feng heard what these young demon geniuses said, he immediately smiled indifferently and didn't bother to pay attention to the discussions of these demon geniuses, because Ye Feng didn't care at all and didn't need to care.

At this moment, Ye Feng directly made a majestic voice: "Everyone, take out all the resources you have and present them to me. Otherwise, no one will be able to leave."

Hearing what Ye Feng said, many of the demon geniuses and descendants of the elders present showed deep anger in their eyes.

All along, as the heirs of the elders, they had an extremely noble status. They were aloof and used to being domineering. No one dared to provoke them. Even the sect leader had to give some face to them when he met them.

But now, Ye Feng directly suppressed them all in place, and wanted to snatch their resources, which really made them feel great anger and shame.

A young female genius was extremely beautiful and said in an instant: "Don't go too far. I am the granddaughter of the Supreme Elder. I am the most potential female talent of the Ghost Demon Sect in the future. My future is not yours." Just imagine, I advise you to be more knowledgeable."

Poof!

But before the words of this unparalleled female prodigy of the demon clan could be finished, Ye Feng suddenly stretched out a hand in her direction, and shook it in the air. There was a terrifying pressure that blew this unparalleled female prodigy to pieces. .

"hiss!"

Seeing this scene, the countless demon geniuses and descendants of the many elders around them suddenly widened their eyes and turned pale.

Then they all took off their storage rings from their fingers, and presented them all in front of Ye Feng in a uniform manner, and then said respectfully: "Sir, please forgive me! We are not as pedantic as the older generation. The master's cultivation is unparalleled and lasts for thousands of generations. We will definitely follow the master's back in the future. As for the members of the older generation of the elders, the master, please kill them all. Our generation is not like these old guys. Together!"

Chapter 3569: Enough to be proud of

At this moment, Ye Feng's combat power was so powerful that all the demons present felt deep fear.

Therefore, these young demon geniuses in the small world of the Elders all succumbed to Ye Feng's majesty at this time. They knelt in front of Ye Feng and presented their storage rings.

"Not bad."

When Ye Feng saw this scene, he nodded with satisfaction and said loudly: "Those who know the current affairs are heroes. In the future, I will be the real person in charge of the entire Ghost Demon Sect."

After Ye Feng finished speaking, he suddenly looked in a certain direction of the small world and said loudly: "As long as the Supreme Elder in this small world can be made to surrender to me, or I can kill him, then , I can truly control everything."

After saying that, Ye Feng reached out and grabbed all the storage rings in the hands of all the demon geniuses in front of him, and then opened these storage rings one by one.

Ye Feng immediately saw that these storage rings contained a lot of cultivation resources.

Obviously, these young geniuses of the demon clan have indeed plundered a lot of cultivation resources from the treasure house before, and took advantage of their noble and special status to take these resources as their own.

But now all these resources belong to Ye Feng.

"Crash!"

At this moment, Ye Feng swallowed these resources into his stomach.

These cultivation resources are very abundant and are obtained from the treasure house of the Ghost Demon Sect.

So after Ye Feng swallowed it at this time, his skill once again increased and strengthened tremendously.

"Boom!"

These cultivation resources turned into incomparable power, surging through Ye Feng's limbs and bones, like angry dragons.

Ye Feng immediately felt that his cultivation strength had once again improved rapidly.

For Ye Feng, as long as Ye Feng is devoured with enough energy and resources, Ye Feng's cultivation will improve very quickly.

"boom!"

The third level of the constellation realm!

"boom!"

The fourth level of the Starry Realm!

"boom!"

The fifth level of the Starry Realm!

At this time, Ye Feng's cultivation aura finally stopped.

Ye Feng's eyes were very bright at this moment.

This time it was really a huge improvement.

Ye Feng was very lucky that at that time he was able to think of a way to disguise himself as the Ghost Demon Lord, sneak into the Ghost Demon Sect, and obtain various demon resources.

After all, the Phantom Demon Sect is one of the top demon clan forces in the southwest of the Demon Realm.

The surviving strong ones and the various cultivation resources stored by the sect are naturally very abundant.

Ye Feng came here not to become a sect leader, but to obtain various cultivation resources.

At this moment, Ye Feng's cultivation level once again achieved a breakthrough, reaching the fifth level of the Star Realm.

Ye Feng is more confident now.

Buzz!

At this moment, Ye Feng looked directly in a certain direction not far away. For a moment, his eyes were like sharp swords, staring at the center of the small world of the Elders.

There is a lonely mountain there.

On the top of this mountain, at this moment, stood an old man who looked very rickety.

But this rickety old man feels like an ancient demon god. Standing there, he feels unattainable.

It seems that there is infinite dark power in that old body. Once released, it will turn the world upside down and shake the world!

This enigmatic, rickety old man is undoubtedly the most powerful being in the small world of the Elders.

That is, the legendary Supreme Elder!

"Buzz!"

At this moment, the eyes of the Supreme Elder and Ye Feng collided invisibly in the void, causing the entire surrounding world to become dark.

An invisible force was brewing in the eyes between the two people, making everyone afraid to breathe.

It felt like there was a big mountain pressing on their hearts, making them unable to breathe at all and feeling suffocated to the extreme.

Swish, swish, swish!

Swish, swish, swish!

At this time, everyone couldn't help but quickly retreat.

Even though Ye Feng and the Supreme Elder didn't even fight, they already made everyone feel a very frightening feeling.

At this moment, even the two guardian old men around Ye Feng could not help but retreat quickly towards the rear.

Because they also felt a very big fear, brewing in the whole world. If they didn't retreat as soon as possible, maybe they would be caught in the fire at the city gate and harm Chiyu.

At this time, Ye Feng's eyes showed no fear.

Although he has sensed that the cultivation level of this supreme elder is very terrifying. It is two levels higher than Ye Feng's own cultivation level at the fifth level of the Star Realm!

Ye Feng originally thought that the cultivation level of this Supreme Elder was at most one level higher than that of Xingxu Realm.

He is a super strong person at the level of the Wonderful Realm above the Xingxu Realm.

Unexpectedly, this supreme elder had already stepped into the realm of Taoism, which is above all wonderful realms.

This Supreme Elder, who is usually a secretive person, is indeed enigmatic. He is an out-and-out transcendent being at the Taoist level.

In the southwest of the Demon Realm, he is definitely one of the top experts.

At this moment, Ye Feng's eyes showed a trace of solemnity.

However, Ye Feng did not back down, because the next battle would determine who would control the entire Ghost Demon Sect in the future.

So Ye Feng couldn't retreat.

Because Ye Feng had to control the entire Ghost Demon Sect in order to compete with the other powerful lords in the southwest who were chasing him.

At this moment, the Supreme Elder not far away suddenly stood up.

His rickety body was straightened at this moment, and a terrifying and boundless cultivation aura erupted from his whole body, giving people the impression that he was like an ancient god and demon. Under the body of this great elder, It's as if he has recovered from the disease.

This Supreme Elder obviously had deep hostility and determination to kill Ye Feng at this moment.

At this moment, Ye Feng did not hesitate at all, and also burst out with his terrifying cultivation momentum.

Ye Feng did not retreat at all, walked slowly towards the Supreme Elder, and said aloud: "I came here today just to control

The entire Ghost Demon Sect, if you, Supreme Elder, are willing to surrender to me, then today's tragic fight can be avoided, which will be of huge benefit to both of you and me, how about it? "

When the Taishang Elder heard what Ye Feng said, there was no expression on his old face. He just said indifferently: "I know why you suddenly became so powerful. You should be able to say that

you have gained the most powerful people in the Golden City." The power of the origin, the demon life has been transformed, I have to say, you are very lucky. "

Hearing what the Supreme Elder said, Ye Feng had a look of surprise in his eyes. When the Supreme Elder spoke just now, Ye Feng thought that the Supreme Elder had seen through his identity, but he didn't expect it. , this Supreme Elder did not see through his identity, but thought that he had obtained the most original power in the Golden City.

"Is there an original power in the Golden City that can quickly increase the life of the demons?"

Ye Feng heard what the Supreme Elder said at this time, and he had such a doubt in his heart.

The Supreme Elder woke up Ye Feng.

At this moment, Ye Feng was immediately searching for the source of power in the golden city floating in his body.

Because Ye Feng knows that he may not be the opponent of this Supreme Elder, because this Supreme Elder's cultivation realm is really ridiculously high, two realms higher than Ye Feng.

Therefore, Ye Feng must find a way to deal with this Supreme Elder as soon as possible.

What the Supreme Elder said unintentionally just woke up Ye Feng, allowing Ye Feng to quickly search for the original power in the Golden City.

However, Ye Feng searched quickly and could not find the so-called most original power in the Golden City.

At this time, Ye Feng had no choice but to ask for help from Emperor Chu in his mind, and said aloud: "Emperor Chu, please help me find the source of power in the Golden City now. If I can't defeat this Supreme Elder later, I may need to use The most original power in the Golden City."

Emperor Chu also knew that the situation was critical at this time, and immediately said aloud in his mind: "Okay, Ye Feng, don't worry, I will use the soul gem to communicate the will of the entire golden city to see if I can find this city. If I find the most original power in it, I will instill it in you immediately."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Then Ye Feng looked at the Supreme Elder who was not far away. Of course, his momentum could not be weakened.

At this time, Ye Feng didn't have any fear, nor did he show any solemn expression. He just said very calmly: "Since the Supreme Elder doesn't want to live in peace with me, then this battle is inevitable, and I will come too." Let's see how powerful the most powerful Supreme Elder in our Ghost Demon Sect is."

"presumptuous."

The Taishang Elder uttered these two words indifferently at this time, and then took a step directly, moving nearly tens of thousands of meters in the air, and directly arrived not far from Ye Feng.

This shows how terrifying this supreme elder is.

Everyone was shocked.

They never thought that the Supreme Elder of the Ghost Demon Sect would possess such terrifying cultivation and strength.

Ye Feng also looked a little nervous at this moment, because this supreme elder gave Ye Feng a very scary feeling, as if he was facing a torrent of water.

Like wild beasts.

But the next moment, Ye Feng instantly eliminated this nervousness, and a powerful and boundless fighting will surged out of his body.

All along, the opponents Ye Feng encountered were not that scary.

This is the strongest enemy Ye Feng has encountered since coming to the Demon Realm.

Therefore, this moment inspired Ye Feng's fighting spirit deep in his bones.

"boom!!"

At this moment, Ye Feng directly exploded with the terrifying power of Hongmeng's Immortal Body.

I saw that Ye Feng's body was released with a thousand feet of divine light in an instant.

His whole body immediately began to expand, becoming a majestic purple giant several thousand meters tall. Every inch of his bones and flesh could emit monstrous energy, as if every move he made could shatter mountains and rivers and shake the world. , overturning the whole world.

The Supreme Elder spoke slowly at this time: "Your talent is indeed very good. I was blind. I didn't expect you to have such means now. However, you are the ghost demon sect trained by me." Sect Master, I will eventually end you myself."

Buzz!

At this time, the Supreme Elder stretched out a hand. In an instant, in the changing situation, that hand turned into a black claw that covered the sky and the sun. It was extremely huge.

This black claw, full of unparalleled destructive power and terrifying pressure, suddenly bombarded the top of Ye Feng's head, suppressing it like an ancient sacred mountain. No mortal could resist this majestic power.

Even if Ye Feng turned into Hongmeng's real body and turned into a purple giant at this moment, he felt that his entire body was about to shatter.

Dominate the gem!

At this moment, Ye Feng did not dare to hesitate any more and directly integrated all the dominance gems into his body, providing Ye Feng with extremely powerful power.

If Ye Feng hadn't turned into Hongmeng's real body now, his body might not be strong enough to contain the energy of so many domination gems.

If an ordinary cultivator were to hold so many Dominion Gems, his body would definitely explode in an instant, let alone using the power of the Dominion Gems.

At this moment, Ye Feng integrated all the domination gems into his body, and then in an instant, he punched the sky with both fists, colliding with the huge black claw. together.

Boom! !

The next moment, the whole world seemed to have collapsed.

Countless demons all retreated crazily.

Because they felt like they were going to bleed from all their orifices.

The aftermath of this kind of battle is really terrifying.

Kick, kick, kick!

But at the next moment, Ye Feng turned into a purple giant and was blasted away by a terrifying force. Along the way, he smashed countless buildings and trampled on countless pieces of ground.

Finally, Ye Feng stopped, gasping for air, and traces of purple blood overflowed from his purple fists.

Not far away, the Taishang Elder saw that Ye Feng was able to block his own blow. A look of surprise seemed to flash through his eyes, but his old face was still expressionless, and he was shrouded in boundless The boundless demonic energy was overwhelming, and he said indifferently: "If you can block my blow, you will be proud even if you die."

Chapter 3570 Covering the sky with one hand

At this time, the Supreme Elder's words were very domineering.

There was a cold smile in Ye Feng's eyes, and he said aloud: "Who will win and who will lose, we still can't decide yet."

Boom!

After saying that, Ye Feng fully mobilized the power of the Golden City and no longer held anything back. .??.

At this moment, a huge golden city rushed out from the center of Ye Feng's eyebrows and floated above Ye Feng's head. Thousands of golden rays of light fell down, making Ye Feng's whole person look like a Like the golden devil.

Boom!

At this moment, Ye Feng's combat power soared.

At this moment, Ye Feng stared at the Supreme Elder not far away and said slowly: "Today we will fight until death."

Boom!

After saying that, Ye Feng instantly rushed towards the Taishang Elder who was not far away, and suddenly came to the front of the Taishang Elder.

The Golden City, coupled with the power of Hongmeng's true body, is still very terrifying.

Ye Feng punched out one punch after another. The entire Dao Rules were shaking, and the world was about to collapse.

At this moment, every punch of Ye Feng hit right in front of the Taishang Elder. At this time, the Taishang Elder just gave birth to a magic claw with an expressionless face, and hit every punch of Ye Feng. Resisted.

But then, what surprised the Taishang Elder was that Ye Feng's punches were more terrifying than the last.

In the end, even the claws of the Supreme Elder could not help but start to shrink back.

The Supreme Elder couldn't help but said: "Why is your power so endless?"

Hearing what the Taishang Elder said, Ye Feng didn't respond at all and continued to punch out one after another.

In addition, Ye Feng also integrated the brute force gem into his fist.

Therefore, the power of each punch was full of the brute force of the master, making the supreme elder with terrifying cultivation somewhat unable to withstand it at this time.

The Supreme Elder immediately could no longer maintain his indifferent expression, and said coldly: "It seems that I have underestimated you. You are a young boy, so I will use more methods. You will definitely die next." "

"Ghost-killing magic!"

Suddenly at this moment, the Supreme Elder suddenly performed a very ancient and terrifying demon inheritance called the Ghost Destroying God Technique.

I saw that the entire body of the Supreme Elder immediately turned into a huge ghost that reached the sky and the earth, and bombarded Ye Feng's head in an instant.

The Supreme Elder laughed loudly: "My inheritance is designed to attack your soul. Although your body is extremely powerful, you cannot defend yourself against my method of attacking the soul."

Boom!

But at this moment, above Ye Feng's head, a bright golden light burst out from the Tianling Cap.

That's the soul gem

the power of.

He directly blocked all the Taishang Elder's attacks.

"What?!"

Seeing this scene, the Supreme Elder's eyes widened immediately. He stared at the golden divine light bursting out from Ye Fengtian's spiritual cover, and immediately couldn't help but exclaimed: "This is impossible! With my kind of skill The law can even hurt super strong people who are several realms higher than me, but you are two whole realms lower than me, and you can still withstand the attack of a terrifying inheritance like mine. This is impossible. Could it be that you There is a super treasure at the soul level in his head?"

The Supreme Elder is indeed the top expert among the elders, and he immediately thought of this possibility.

At this moment, the Supreme Elder's eyes suddenly became extremely greedy, and he immediately said loudly: "You are at such a low level, and using this soul-level magic weapon, you can resist such a terrifying attack like mine. Come on, this shows that the thing in your head is extremely advanced. If I get it, it will definitely greatly enhance the power of my inheritance. "

Boom!

Almost at this moment, the Supreme Elder changed his attack method again.

He immediately transformed his entire body into a huge demon that reached all over the sky and earth, and then fiercely bombarded Ye Feng in the direction.

At this moment, Ye Feng also burst out all his strength crazily and collided with the Supreme Elder.

Boom!

The whole world suddenly heard a huge roar.

At this time, Ye Feng's power was very terrifying.

Because Ye Feng activated almost all his methods.

He integrated the Dominion Stone into his entire body.

But at this time, Ye Feng was still blown away by the terrifying force, smashing into a large piece of land and being buried in the ruins.

After all, the Supreme Elder is very powerful, so even if Ye Feng uses all his methods at this moment, he is still unable to withstand the attack of this Supreme Elder.

In fact, if Ye Feng really wants to use all his trump cards, he can still defeat this Supreme Elder if he fights against him.

But in this case, Ye Feng almost exposed his true identity.

Because whether it is the Nine Heavens Thunder Technique, the Demon-Slaying Sword, or the most powerful Gate of Heaven, Ye Feng cannot use it for the time being.

But suddenly at this moment, Emperor Chu said aloud in his mind: "Ye Feng, I have found the most powerful power in the Golden City, which is the golden original divine power left by the ancient demon god of gold burning at that time. , now I will transmit it directly into your body, hoping to help you."

Boom!

Almost at this moment, a terrifying golden energy was directly injected into Ye Feng's body.

Although Ye Feng was blasted into the ruins on the ground, at this moment in the ruins, Ye Feng felt the terrifying and boundless energy, which was injected into his limbs and bones, giving Ye Feng an unparalleled increase in combat power. .

At this moment, Ye Feng couldn't help but yelled: "Great Elder, I'll see how you fight with me next."

Boom! !

At this moment, when everyone thought that Ye Feng had died in the ruins, Ye Feng's whole body burst into golden light, and he turned into a golden ancient god and rushed out of the ruins. , possesses boundless power, and with one grasp of his hand, the whole world will be shattered. .???.??

When the Supreme Elder saw this magical scene, his eyes widened immediately, and he couldn't help but said: "This is the power of the golden burning ancient demon god. It turns out that you have never obtained the original divine power of gold in the golden city. , just got it now!"

The Taishang Elder still had a very surprised look in his eyes at this time, because he had always thought that Ye Feng, the "Ghost Demon Lord", suddenly became so powerful because he had absorbed the ancient golden burning power in the Golden City. The golden original divine power of the God of Demons.

Unexpectedly, Ye Feng has only now obtained the golden source of divine power.

At this moment, the Supreme Elder's eyes suddenly became a little gloomy.

In this way, Ye Feng is at his true peak at this moment.

At this moment, Ye Feng's body erupted with terrifying golden power, and his combat power was directly enhanced unparalleledly.

The strengthening of this kind of power is not the strengthening of skill and cultivation, but the strengthening of the entire essence of life.

At this moment, Ye Feng charged directly towards the Supreme Elder, with unprecedented confidence in his eyes.

Boom!

At this moment, Ye Feng punched out directly, and a golden beam of light burst out from his fist, full of unparalleled destructive power, and instantly hit the front of the Taishang Elder, and the Taishang Elder. The dark claws released just now collided.

Boom! !

The entire field suddenly erupted with a terrifying roar.

Almost at this moment, the Supreme Elder couldn't help but take several steps back, unable to withstand this terrifying impact.

"What?!"

Seeing this scene, countless demons around them had deep horror in their eyes.

They originally thought that Ye Feng was dead, but they didn't expect that Ye Feng suddenly burst out with such terrifying power.

There are still powerful people among the group of demons around them.

An older demon clan immediately

I just couldn't help but exclaimed: "Sir, the sect master has obtained the original divine power of gold in the Golden City, and has been blessed by the divine power left by the golden-burning ancient demon god back then. No wonder he has become so powerful."

"Gold burns the power of the Ancient Demon God?"

Hearing what this old demon said, all the demons around him couldn't help but have deep horror in their eyes.

For the Golden Burning Ancient Demon Clan, their hearts are full of worship.

The gods among the Golden Burning Ancient Demons naturally made these demons feel deep awe from the bottom of their hearts.

So at this time, Ye Feng obtained the power of the Golden Burning Ancient Demon God, which naturally shocked all the demons.

Boom!

At this moment, the battle at high altitude became more and more intense.

Ye Feng obtained the divine power of the Golden Burning Ancient Demon God, and his whole body burst into bright and boundless golden divine light, and he had an extremely terrifying battle and fight with the Supreme Elder.

In the end, the Taishang Elder's entire body was beaten to pieces and was about to break into pieces. However, Ye Feng also suffered a lot of heavy injuries, and his head was almost cut off in half by the terrifying aura.

At this time, Ye Feng's eyes were bleeding, and he stared at the Supreme Elder not far away. He smiled with his mouth wide open, looking very ferocious and crazy, and said loudly: "Next, I want you to die!"

Boom!

At this moment, Ye Feng merged with the Golden City and turned into a golden troll.

In the extremely frightened eyes of the Taishang Elder, the Taishang Elder was directly blasted into countless pieces.

The Supreme Elder was finally completely dead.

"hiss!"

Seeing this scene, all the demons present couldn't help but gasped, with deep horror in their eyes.

Because they never thought that a terrifying figure as powerful as the Supreme Elder would eventually die in the hands of Ye Feng, and in the hands of the new sect leader, which really made everyone unbelievable.

The entire elder group was wiped out by Ye Feng single-handedly.

At this time, Ye Feng was seriously injured all over his body, but the eyes of all the demons looking at Ye Feng were full of deep awe.

Plop!

Plop!

...

At this time, all the demons present suddenly knelt on the ground, and then knelt down in awe in front of Ye Feng, and said loudly: "Sir, the master, your cultivation is unrivaled in the world and will last forever!"

Obviously, all the demons have truly surrendered to Ye Feng at this moment.

Ye Feng saw this scene, and there was a hint of satisfaction in his bleeding eyes.

After this battle, he was finally able to dominate the Ghost Demon Sect with one hand!
