Chapter 3571 Demon Envoy

At this time, Ye Feng did not hesitate and directly released the Devouring Domain, covering the entire person of the killed Taishang Elder.

Boom!

A series of terrifying energy roars suddenly sounded in Ye Feng's body.

The cultivation level of this Taishang Elder is two realms stronger than Ye Feng's current fifth level of the Star Realm. He is a powerful existence at the Dao Seed Realm level where the Star Realm and the Wonderful Realm are supreme.

Therefore, the energy hidden by this Supreme Elder is very powerful.

At this time, it provided Ye Feng with very terrifying energy.

Ye Feng suddenly felt that his power was injected with new and incomparable terrifying energy.

At this moment, Ye Feng's cultivation aura suddenly began to rise.

"boom!"

The sixth level of the Constellation Realm!

"boom!"

Star Realm Seventh Heaven!

"boom!"

The eighth level of the Constellation Realm!

"boom!"

The ninth level of the constellation realm!

"boom!"

Great Perfection in the Ten Heavens of the Constellation Realm!

At this time, Ye Feng's cultivation level continued to make breakthroughs, and he actually reached the tenth level of the Constellation Realm, the Great Perfection, in a short period of time.

But that's not all.

Ye Feng has just refined nearly one-third of the Supreme Elder's energy. At this moment, Ye Feng continues to devour and refine it, striving to break through to a new level in one fell swoop.

Finally, there was a "boom"!

A terrifying roar erupted from Ye Feng once again.

Ye Feng's cultivation level directly broke through again, crossing the tenth level of the Constellation Realm to the Great Perfection, and stepped into the Half-Step Wonderful Realm above the Constellation Realm.

"boom!"

All wonderful realms are on the same level!

"boom!"

The second heaven of all wonders!

"boom!"

The third heaven of all wonders!

At this time, Ye Feng's cultivation reached the third level of the Wonderful Realm, and finally stopped.

At this moment, Ye Feng's eyes showed deep joy.

This time he devoured the Taishang Elder, which really meant that he had made a huge breakthrough in his cultivation and directly crossed a great realm.

This is a huge improvement.

Ye Feng feels that his current cultivation strength is already very powerful in the southwest of the Demon Realm.

At this moment, Ye Feng suddenly looked at the two guardian elders beside him and said, "Take me to find the heart of the ghost demon emperor in this small world of the Elders."

When the two guardian elders heard this, they immediately nodded and bowed and said, "Yes, Lord Sect Master."

After saying that, the two guardian old men immediately flew quickly towards the center of this small world.

At this time, the other demons in the small world of the surrounding elders did not dare to say anything at all, but respectfully sent Ye Feng away.

Next, Ye Feng followed the two guardian elders and soon arrived at the center of the small world of the Elders.

At first glance, Ye Feng saw a huge tree appearing in the void not far away.

And in the middle of the tree, there was a blood-red heart that was constantly beating, exuding a dark aura.

Seeing this scene, Ye Feng immediately felt a very majestic energy stored in this heart.

But this energy does not seem to be life essence or skill, but a special and incomparable wave of will.

Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but said: "This heart doesn't seem to bring me any energy."

The guardian old man beside him immediately said: "Yes, this heart is actually the will of the ghost demon emperor in the past, but it still contains the blood of the demon emperor. If the lord of the sect gets this heart, The bloodline of the Ghost Demon Emperor may be able to achieve the glory of the Ghost Demon Emperor."

Ye Feng nodded, flew over directly, and then said loudly: "You two are protecting me outside. I'll go over and take a look."

"Yes, Lord Sect Master."

The two guardian old men immediately spoke respectfully, and then stood still.

Uh-huh!

At this moment, Ye Feng flew to the huge tree and looked at the blood-red heart exuding black energy in front of him!

At this time, Ye Feng stretched out his hand and pressed it on the blood-red heart, and immediately felt a very huge will.

However, it is very easy for Ye Feng to conquer this blood-red heart.

Because Ye Feng has a soul gem.

Boom!

At this moment, Ye Feng directly released the dominant will in the soul gem, and suddenly a huge shadow of will burst out from Ye Feng's body.

That is the will of the Lord.

He directly obliterated the Demon Emperor's will in the blood-red heart, and then Ye Feng directly integrated the blood-red ghost Demon Emperor's heart into his body.

This heart has no actual blood energy, so it cannot improve Ye Feng's skills, but it can give Ye Feng the power of the Ghost Demon King.

In addition, this heart also contains the bloodline of the Ghost Demon Emperor back then, so after Ye Feng fused the ghost Demon Emperor's heart at this time, he gained the incomparable advanced bloodline power.

Ye Feng's bloodline level immediately increased rapidly.

Directly from the previous third level late stage, it transformed to the third level Dacheng level!

"Buzz!"

At this moment, Ye Feng immediately felt that his body strength had been greatly improved.

Because Ye Feng can feel his own blood

After the level has been improved, the strength of Hongmeng Immortal Body has also been strengthened.

Ye Feng now feels that the strength of his body is enough to fight against the previous Supreme Elder.

However, Ye Feng still hopes that his Hongmeng Immortal Body will be further improved, because if the Hongmeng Immortal Body continues to improve and enters a higher level, Ye Feng will once again awaken a very powerful and magical blood talent. .

At this time, Ye Feng thought secretly in his heart, and then left the small world of the Elders and flew outside.

Next, after Ye Feng dealt with the turmoil in the entire Ghost Demon Sect, he really became the top leader in the Ghost Demon Sect, which was absolutely overwhelming.

...

Three days later, Ye Feng sat on the dark throne of the Ghost Demon Sect, with very deep eyes, staring at the two demon envoys who came to the Ghost Demon Sect in front of him.

These two demon envoys come from different forces.

One comes from the Dark Sea Palace, and the other comes from the Hell Demon Cave. They are both in the southwest of the Demon Realm. They are the great transcendent forces of the demon clan on this land.

Ye Feng naturally knew these two forces.

Because among the top four demon clans that were chasing Ye Feng at that time, apart from the Ghost Demon Lord, the remaining ones were the Dark Six-Headed Dragon from the Dark Sea God Palace, and the Hell Skeleton King from the Hell Demon Cave.

Of course, there is also the most mysterious casual cultivator, the Demon Flame Phoenix.

After Ye Feng took control of the Ghost Demon Sect, he did not launch a large-scale attack on these two major forces.

Because since he saw the incomparable cultivation strength of the Taishang Elder in the Ghost Demon Sect, Ye Feng has become more and more aware that among the big forces in the southwest of the Demon Realm, in addition to the top powerhouses on the surface, there are also There is a more terrifying existence.

Therefore, Ye Feng did not act rashly.

At this moment, the two demon envoys from different major forces in front of them actually have the same purpose.

That is to invite Ye Feng, the "Ghost Demon Lord", to the prosperous place in the center of the southwest of the Demonic Domain, the Dark City, to discuss one thing, a very important thing.

Ye Feng was sitting on the Dark Throne at this time, thinking about his next plans and intentions.

Originally, according to Ye Feng's plan, he planned to directly use all the power of the entire Ghost Demon Sect to directly attack the Dark Sea God Palace closest to him.

But now, suddenly both major forces sent demon envoys to invite themselves, the leader of the Ghost Demon Sect, to attend some meeting in the Dark City to discuss some important matters.

This made Ye Feng have another plan in mind.

Ye Feng looked at the two demon releasers in front of him, nodded slightly, and said loudly: "Okay, you go back and tell your sect master that I will go to the Dark City on time."

The two demon envoys nodded respectfully and then left the central hall directly.

At this time, Ye Feng

Looking in the dark direction on both sides, he said aloud: "What do you think?"

The two guardian old men walked out of the darkness, appeared in front of Ye Feng, and said loudly: "Sect Master, I think this may be an assassination specifically targeting the Sect Master. The Sect Master has recently suppressed the Sect Master in our Ghost Demon Sect. The news about the entire elder group has probably spread out. Several big forces around are very afraid of the current strength of the sect leader, so I think this time, they specially invited you to go to the Dark City to discuss something. It may be that he wants to frame the sect master, so sect master, you'd better not go there."

Ye Feng shook his head at this time and said with a smile: "The Dark City is not controlled by any big force in the southwest of our Demonic Domain. It seems that its origin is very mysterious, so whether it is the Dark Sea God Palace or the Hell Demon Cave, this The two super powerful forces should not attack me in the Dark City, and they still invite me directly. If they really want to assassinate me, this method is too stupid. "

When the old guardian heard what Ye Feng said, his eyes showed a trace of doubt, and he said loudly: "The sect leader is right, I don't know what kind of medicine they are selling in the gourd."

Ye Feng said aloud: "Besides, I, the leader of the Ghost Demon Sect, and the other two leaders of the big forces had no enmity or grudge before. They wouldn't kill me out of fear. Now It will trigger a large-scale attack by the entire Ghost Demon Sect."

When he said this, Ye Feng looked at the old guardian in front of him and said loudly: "I have decided to leave in person and go to the Dark City to see what these two guys want to do with me. By the way, I let How is your investigation of another mysterious top-level demon powerhouse in the southwest of the Demon Realm, Demon Flame Phoenix?"

At this moment, the guardian old man immediately took out a map from the storage ring and said loudly: "Sect Master, Demon Flame Phoenix is a very mysterious and powerful figure in the southwest of our Demon Domain. No one knows where she comes from. power, but recently someone saw the Demonic Flame Phoenix appearing in a large wilderness swamp not far from the Dark City. After the sect leader goes to the Dark City, if you have time, you can go to the nearby large wilderness swamp to take a look. Maybe you can Find the mysterious existence of the Demon Flame Phoenix."

Ye Feng nodded at this time, took the map in front of him, glanced at it slightly, then put it into his storage ring, and said loudly: "Okay, I understand, after I go to the Dark City, All matters in the entire sect, big and small, will be managed by you."

The two guardian elders said very respectfully: "Don't worry, sect master, we will manage the entire sect well, and we will not let the descendants of the elders change things."

Ye Feng nodded, then moved his body slightly, and disappeared into the central hall in an instant.

After Ye Feng left the Ghost Demon Sect, he did not fly directly towards the Dark City, but towards the territory he and Shang had established before.

Because Shang has been away from Ye Feng for so long and there has been no news. Ye Feng has now finished dealing with the important matters at hand and is going to go over to see if Shang, the old demon dragon, has returned to the territory they originally established.

Chapter 3572 Shocked

Ye Feng's speed was very fast. In less than half a day, he had arrived at the previous Demon Ruins.

At this moment, Ye Feng arrived at the edge of the Demonic Ruin Land, but found that the territory he and Shang had established at that time was deserted, with only some broken buildings left.

"Um?"

Seeing this scene, Ye Feng suddenly showed a trace of surprise in his eyes, and couldn't help but murmured, "Did Shang never come back?"

At this time, Ye Feng thought of the time when he and Shang were separated, the moment when he was hunted down in the Sea of Darkness.

Ye Feng and Shang had already agreed at that time that if there was a chance in the future, they would meet each other in this territory.

But now, this territory is empty, which means that this guy Shang has not been back for a long time.

Therefore, all the various demon clans in the territory have probably left here.

Ye Feng saw this scene. After thinking about it, he took out a wooden sign from his storage ring, wrote a paragraph on it, and then inserted the wooden sign on the ground.

Immediately, Ye Feng no longer hesitated and left here directly, flying quickly towards the Dark City, the center of the southwest of the Demonic Domain.

Ye Feng's current cultivation level has been promoted to the third level of the Wonderful Realm. Even among the major forces in the southwest of the Demon Realm, he is definitely considered a first-class super strong person.

Therefore, Ye Feng did not have much fear when he went to the Dark City this time.

And you must know that Ye Feng has the golden city left behind by the Golden Burning Ancient Demon Clan.

Back then, Ye Feng's cultivation was not very strong and his skill reserves were very small, so he was unable to unleash the true power of the Golden City.

But now that Ye Feng has obtained the golden original divine power left by the golden-burning ancient demon god in the Golden City, Ye Feng has become more and more skillful in using the entire Golden City, and can unleash the true terrifying power of the Golden City.

In addition, Ye Feng's current cultivation level has entered such a high level, and his skill reserve is very large, enough to instantly awaken the hundreds of thousands of gold-burning ancient demons sleeping in the Golden City.

In other words, Ye Feng is now carrying an extremely elite demon army.

Even if you encounter any dangerous situation, it is enough to deal with it.

At this moment, Ye Feng was thinking in his heart and slowly started to hurry up.

Ye Feng is not in a hurry, because according to what the two demon envoys said, it seems that there is a mysterious figure in the Dark City, who has invited all the demon masters in the southwest of the Demon Realm to discuss an important matter. matter.

Therefore, the leaders of several other major forces are probably just heading towards the Dark City now.

For Ye Feng, the reason why he wanted to participate in this discussion meeting was naturally to find a way to kill the other two powerful leaders who were chasing him.

They are the six-headed dragon of darkness in the Dark Sea Palace, and the Skeleton King of Hell in the Hell Demon Cave.

At this time, Ye Feng was secretly thinking of a plan, and unknowingly he had flown to the edge of the Dark City.

At this moment, Ye Feng looked forward and immediately saw a majestic and boundless city, standing on the ground in the distance. The whole body was made of black steel, and it looked full of vast momentum, like... An ancient evil beast lies on the ground.

At this time, Ye Feng flew over directly.

Swish, swish, swish!

But at this moment, on the wall of the Dark City, demon guards wearing black armor suddenly flew over. They directly stopped Ye Feng and said, "Who is coming?"

Hearing what these demon guards said, Ye Feng immediately smiled and said, "I come from the Phantom Demon Sect, and I am the Phantom Demon Lord."

"It turns out to be Lord Ghost Demon Sect!"

At this moment, the guards immediately showed respectful expressions in their eyes and hurriedly said: "The Lord of the City has been waiting for you, Ghost Demon Lord, for a long time. Lord Ghost Demon Lord, please follow me as soon as possible."

After saying this, a demon guard immediately took Ye Feng and flew quickly towards the Dark City.

When Ye Feng came to the Dark City, he immediately saw a scene of prosperity.

I saw that in the entire dark city, there were countless buildings, towers, walls, pavilions, and castles, all standing between the sky and the earth, looking vast and majestic.

At this time, there was a trace of surprise in Ye Feng's eyes. He couldn't help but ask the demon guard leading the way, and said loudly: "Is it the city lord of your Dark City who invites us this time?"

The demon guard immediately nodded and said: "Yes, this time the city lord seems to have discovered something very remarkable, so he invited the leaders of the major forces to discuss this matter together."

When Ye Feng heard what the demon guard said, his eyes suddenly showed a hint of curiosity, and he couldn't help but ask: "What is the identity of the city lord of your dark city? It feels very mysterious, even I don't know. Too clear."

The demon guard immediately smiled and said loudly: "Master Ghost Demon Lord, please forgive me, this little man cannot say that."

Ye Feng nodded slightly when he heard this, and did not dwell on this issue any more, but asked aloud: "I wonder what the city lord asked us to come to discuss this time?"

Hearing this, the demon guard immediately showed a trace of panic on his face, and said quickly: "This is really not something that a villain can discuss. Please let the demon king let me go. I still want to Live a few more days."

Seeing the demonic guard's frightened expression, Ye Feng felt bored. He immediately couldn't help shaking his head and smiled. Then he stopped asking any more questions and followed the demonic guard honestly toward the Dark City. The central area flew quickly.

When Ye Feng came to the center of the Dark City, he immediately saw a Tower of Babel, standing in the central area, seemingly connected to the entire sky, and he could not see the top at a glance, which was very shocking.

Ye Feng's eyes showed a hint of surprise at this time.

It seems that the strength of this dark city is really very powerful. No wonder it is called the most prosperous city in the southwest of the Demonic Domain.

The lord of this dark city must have a very extraordinary background.

Ye Feng knew that there were still many transcendent existences hidden in the entire Demon Realm, and it was not as simple as he imagined.

Therefore, even if Ye Feng's cultivation level has been raised to a very high level at this time, he still has a feeling in his heart.

With a cautious heart, she followed the demon guard in front of her into the Tower of Babel.

When Ye Feng entered the Tower of Babel, his eyes flashed. He saw that in this Tower of Babel, in addition to a figure shrouded in black robes whose true face and body shape could not be seen, there were two other figures. This person is an existence that Ye Feng is very familiar with. Naturally, he is the two demon masters who were chasing Ye Feng together.

They are the six-headed dragon of darkness and the skeleton king of hell.

This Babel Tower is very majestic, so it can accommodate these two very majestic beings.

The Dark Six-Headed Dragon is a giant black dragon tens of thousands of meters long with six heads. It is hovering on one side of the Babel Tower at this moment. It looks very shocking, like a mountain standing there.

The Skeleton King of Hell is a skeleton of bones several thousand meters tall, with green flames burning in his eyes. He looks very mysterious. He is sitting on a bone throne, suspended high in the sky.

Ye Feng looked much more ordinary, wearing a set of golden robes, but it made several strong demons present feel a rather fearful feeling.

At this time, Ye Feng's eyes were fixed on the figure shrouded in black robes standing in the center not far away.

This black-robed figure should be the city lord of the Dark City. He is a being with a very mysterious origin and an unusual identity.

At this moment, Ye Feng walked in, and the Skeleton King of Hell immediately said slowly: "The most famous thing in the southwest of our Demon Realm recently is probably the fact that you, the Ghost Demon Lord, suppressed the Elder Group, and I heard He said that the Golden City seems to have been captured by you. It seems that you never left the Sea of Darkness and successfully waited and killed that kid. "

When Ye Feng heard what the Skeleton King of Hell said, he just smiled faintly and said, "It's just good luck."

After finishing speaking, Ye Feng didn't say anything more, walked aside, then looked at the figure in the middle who was shrouded in black robes, and said loudly: "This person should be the Lord of the City of Darkness. "

Ye Feng felt a mysterious aura from this black-robed figure. He could not see through the specific cultivation aura of the Lord of the Dark City. This made Ye Feng's eyes reveal a trace of horror. .

After reaching the third level of the Mystic Realm, my current cultivation level is already very impressive and powerful, but I still cannot see through the city lord of this dark city.

It seems that there is a reason why this dark city has been able to stand in the southwest of the Demon Realm for so many years and become the most prosperous city in the southwest of the Demon Realm.

And the most important thing is that the city lord of this dark city is not only terrifying in his own cultivation, but his origins are also very extraordinary. Otherwise, he would not be able to stand in the southwest of the Demonic Domain where there are many powerful powers, just relying on a city. Keep your footing.

At this time, after Ye Feng finished speaking, the six-headed dragon of darkness who had been silent suddenly spoke up: "The origin of the Lord of the City of Darkness is very mysterious and noble. It is not something you can guess, the Ghost Demon Lord."

Obviously, the tone of the Dark Six-Headed Dragon seemed quite unkind, as if he felt that the Golden City finally fell into the hands of the Ghost Demon Lord, which made him very unhappy.

But now the six-headed dragon of darkness does not dare to do anything. After all, Ye Feng makes him feel very terrible.

And he also heard that Ye Feng

The Ghost Demon King, relying on the power of the Golden City, suppressed the entire group of elders. He was already an extremely terrifying existence and was not someone they could offend casually.

At this moment, Ye Feng just smiled faintly at what the Dark Six-Headed Dragon said and said: "Dark Six-Headed Dragon, if you are not convinced, we can have a fight. If I lose, I will give you the Golden City. "

When the six-headed dragon of darkness heard what Ye Feng said, his eyes suddenly lit up and he couldn't help but say, "Are you serious?"

Ye Feng nodded, and then said loudly: "But if I win, I will kill you."

"you.....!"

Hearing what Ye Feng said, the six-headed dragon of darkness immediately turned pale, but he dared not speak out in anger.

Because Ye Feng was able to suppress the entire group of elders of the Ghost Demon Sect, it meant that it was definitely difficult to deal with, and it was definitely not as weak as before.

Because the Ghost Demon King used to be ranked at the bottom among the four super powers in the southwest of the Demon Realm.

But now, it is estimated that the Ghost Demon Lord is strong enough to rank among the top.

Therefore, even the six-headed dragon of darkness did not dare to provoke Ye Feng, the "Ghost Demon Lord" too much at this time.

"Okay, everyone, stop talking. This time, the city lord asked you to come because there are important things to discuss. Let's not fight in the nest."

Suddenly at this moment, the mysterious black-robed figure of the City Lord of the Dark City suddenly spoke out.

After he finished speaking, Ye Feng's eyes suddenly moved slightly.

Because he always felt that this voice seemed familiar.

And the next moment, when the black-robed figure took off the hood covering his head and revealed his true face, Ye Feng's eyes suddenly became extremely stunned.

Because of the existence shrouded in this black robe, this city lord of the dark city, which makes all the demons in the southwest feel mysterious, is actually a friend of Ye Feng who impressed him very deeply.

It turned out to be Uncle Scar!

At this moment, Ye Feng was very familiar with the scar on the face of the City Lord of Dark City.

When Ye Feng was still very weak, he and Uncle Scar experienced a lot of things together.

Ye Feng never thought that Uncle Scar would appear here.

However, Ye Feng did not express anything directly at this time, but quickly restored his astonished eyes to calmness.

Because Ye Feng's appearance at this moment is that of a ghost demon.

Moreover, Ye Feng's voice also changed to that of the Ghost Demon King.

So Uncle Scar probably won't be able to recognize his true identity.

And Ye Feng felt that Uncle Scar would never have thought that the two fighting partners from back then would meet in such a situation.

And Ye Feng was also very confused at this time. Why did Uncle Scar, a human being, come to the Demon Realm and become the lord of a mysterious dark city?

What has Uncle Scar experienced in these years?

He unexpectedly became the unrivaled and majestic Lord of the Dark City, and his identity was also very mysterious.

This guy is just like me, he has extraordinary luck, and he has been able to get to where he is today step by step.

Chapter 3573 It's you

Ye Feng never expected that Uncle Scar would appear here.

Because this was a partner from long ago, and a friend that Ye Feng had almost forgotten.

But I didn't expect that the two of them would meet under such circumstances.

But at this time, Uncle Scar couldn't recognize Ye Feng, who had become the ghost demon king.

Ye Feng has not yet directly recognized Uncle Scar.

After all, Ye Feng is not sure now. What is Uncle Scar's purpose in becoming the lord of this dark city?

So Ye Feng decided to disguise himself as the Ghost Demon Lord first, and then recognize Uncle Scar when he had to recognize each other, or when there was no one around.

In this case, Ye Feng would be easier to operate.

At this moment, Ye Feng didn't say much, but sat quietly in this dark hall, waiting for the next plan of Uncle Scar, the lord of the dark city.

At this moment, Uncle Scar looked like a dark king. He slowly stood up from his dark throne, then looked around at the three top demon clan powerhouses in front of him, and said slowly: " This time I invite you all to go to a vast swamp near our Dark City to find a lost demon civilization called Abi Hell."

"The legendary Abi Hell?"

At this time, the Hell Skeleton King present suddenly showed a trace of surprise in his eyes.

He couldn't help but asked: "Isn't it said that Abi Hell has been lost for nearly hundreds of thousands of years? It is said that it has been destroyed by the legendary army of bright angels in heaven. I didn't expect that it would appear in our world again. In the Demon Realm?"

Uncle Scar smiled quite mysteriously at this time and said aloud: "The forces above me have told me that the ruins of Abi Hell are in the wild swamp near our Dark City, so it must be correct."

Hearing what the Dark City Lord said, several of the top demon clan experts present couldn't help but show a hint of surprise in their eyes.

Especially the "power above me" mentioned by the Dark City Lord, this also made all the top demon clan experts present guess that the origin of this Dark City Lord is from a higher realm?

Ye Feng's eyes also showed a hint of surprise at this moment.

Because he knows that now, above the Demon Realm, several higher realms have all been forcibly merged into a large world complex called the Dark World.

Most of the land has been controlled by the Dark Demon Cult.

So the true origin of Uncle Scar is that he is a member of the dark demon cult in the dark world?

Ye Feng had a guess in his mind, but he didn't say it directly.

After all, Ye Feng now knows that he cannot reveal his identity for the time being until necessary.

At this moment, Ye Feng remained silent and did not express any opinions.

At this time, the six-headed dragon of darkness had a look in his eyes.

With a hint of greed, she said aloud: "No wonder the Devil Flame Phoenix guy appeared in the wilderness swamp recently. This mysterious guy has always been practicing in seclusion in the deep mountains and forests. He rarely appears in the world, except for the last time. Once you went to fight for the Golden City, and this time you appeared in the Great Wilderness Swamp, it means that what you said, Dark City Lord, is true. The ancient ruins of Abi Hell really appeared in that Great Wilderness Swamp. "

The Skeleton King of Hell couldn't help but nodded at this time, and said loudly: "Abi Hell, that is one of the most powerful hells in the legend. If we can really find some chance of creation from the ruins of Abi Hell, That would definitely be a huge improvement for a demon warrior of our level."

Uncle Scar spoke up at this time, "But this time, I'm afraid not only we know the news, but the strong men in other areas of our Demon Realm have probably also gotten the news, and maybe they will gather there by then, so I will tell us this time All the top demon clan masters in the southwest have gathered together for the purpose of supporting and helping each other, otherwise none of us will benefit. "

At this moment, Ye Feng suddenly thought of the situation reported to him by the old guardian before, that is, the Demon Flame Phoenix, the fourth top demon strongman who was chasing him at the beginning, seems to have appeared recently not far from the Dark City. In a vast swamp in the distance.

Moreover, Ye Feng still has a specific map of the vast swamp in his hand.

At this time, Ye Feng's eyes moved and he didn't say much. He just waited quietly for the decision of the other top demon clan experts present.

After all, the main purpose of Ye Feng's coming here this time was to figure out how to kill the top demons who were chasing him back then without anyone noticing.

So it doesn't matter to Ye Feng whether he goes to the Great Wilderness Swamp or not.

However, according to the top demon clan experts present, the ancient ruins of Abi Hell hidden in the wild swamp seemed to be very extraordinary, and Ye Feng also became somewhat interested.

And Ye Feng knows that Uncle Scar has always been unprofitable, so the ancient ruins of Abi Hell that Uncle Scar hopes to go to must be very extraordinary and contain huge opportunities.

This is an unexpected surprise for Ye Feng.

At this moment, Ye Feng immediately stood up and said aloud: "Since the ancient ruins of Abi Hell are so rich in resources, we must fight for them, even if there are top demon strongmen from other areas of the Demon Realm. It doesn't matter if we come together. If we join together, there shouldn't be any danger."

Ye Feng said this naturally to stabilize the hearts of several other top demon clan experts and make them willing to go there without hesitation.

Because Ye Feng wants to kill all the six-headed dragons of darkness and the skeleton king of hell and take revenge, then if he can

If you lure these two top demon warriors to the wild swamp area where there are no other people, maybe you can take action immediately.

After all, Ye Feng can now sense that whether it is the six-headed dragon of darkness or the skeleton king of hell, their cultivation levels are actually similar to his own.

But Ye Feng's fighting power is very terrifying.

So if Ye Feng really wants to deal with these two super strong men, he alone can defeat the combination of these two top strong men.

Originally, Ye Feng was a little worried that the city lord of the Dark City would stop him.

But now the Lord of the Dark City turns out to be his old partner, Uncle Scar. In this case, as long as Ye Feng reveals his true identity and appearance, Uncle Scar will never stop him.

So at this time, Ye Feng naturally wanted to say that he decided to go to the wilderness swamp to find the ruins of Abi Hell.

Sure enough, when they heard that Ye Feng, the ghost demon king, also wanted to go to the wilderness swamp to find the ancient ruins of Abi Hell, the six-headed dragon of darkness and the

Hell Skeleton King, they all nodded and said loudly at this moment: "Abi Hell is the legendary One of the top hells, even if it was destroyed by the legendary army of bright angels in the heavens, the ancient ruins left behind must also be hiding the rich opportunities of Abi Hell. If we can find Abi Hell there are some remnants of the Lord of Hell in hell, then we will definitely be able to soar into the sky."

For the Six-Headed Dragon of Darkness and the Skeleton King of Hell, they are already considered top demon powerhouses in the southwest of the Demon Realm, so it is difficult for them to improve their cultivation strength unless they enter a more advanced realm.

But they are unwilling to enter a more advanced realm.

Because in that case, they will instantly become weak in the high-level realm and unable to enjoy the huge power created in the low-level realm.

So at this time, when they heard the Dark City Lord say that there were ancient ruins in Abi Hell, these top demon clan experts naturally wanted to go and find the rich opportunities and blessings therein.

For Ye Feng, he is naturally very interested in going to the wilderness swamp to find the ancient ruins of the legendary Abi Hell.

So at this moment, the strong men present all reached a consensus and went directly to the wild swamp around the Dark City to look for the ancient ruins of Abi Hell.

At this moment, Uncle Scar, as the city lord of the Dark City, saw that everyone agreed, and he immediately showed a look of satisfaction on his face.

Then he stood up directly and said aloud: "In that case, we can set off directly tomorrow. Let's rest tonight in our dark city."

Several strong men present nodded and then stood up.

At this moment, Uncle Scar spoke out and said: "Choose a few beautiful maids to come over and take the strong men to the rooms where they will live tonight, so that they can have a good rest."

"Yes, Lord City Lord."

At this time, the voices of the demon guards suddenly sounded outside.

Immediately, several enchanting demon maids walked in from outside, and then walked out with several strong men in the hall.

Ye Feng also followed a demon maid to a residence in this dark city.

At night, Ye Feng simply left his place of residence and flew quickly toward the central hall of the Dark City.

When Ye Feng came to the central hall of the Dark City, Ye Feng's eyes suddenly showed a hint of astonishment.

Because he saw the city lord of the Dark City, Uncle Scar, looking very knowledgeable, standing in the central hall, staring at himself who had just arrived.

When Ye Feng saw this scene, he immediately couldn't help but said in surprise: "Have you recognized my identity?"

Uncle Scar looked very deep and said in an unpredictable voice: "I know you will definitely come here tonight, so I have been waiting for you here for a long time. I know you are definitely not the ghost demon king before. I know the previous Ghost Demon Sect very well. It is impossible for you to be so unfathomable. Who are you? What is the purpose of hiding as the Ghost Demon Lord? "

Obviously, Uncle Scar's eyesight is still very good. After all, from such a small place to today, he must be different from other strong men. In an instant, he knew that the ghost demon king who came today was already another mysterious existence.

At this time, Ye Feng suddenly smiled. Uncle Scar was still as sensitive as before, and he immediately recognized that he was not the real ghost demon.

At this moment, when he saw Ye Feng laughing directly, Uncle Scar's face suddenly became extremely serious, and a terrifying demonic power suddenly burst out from his body. It was so

terrifying that he said loudly: "You are laughing. What? Don't you know what I'm asking you? Your majesty cannot be mocked!"

At this moment, Uncle Scar's words were very domineering and his demeanor was very majestic. He really looked like a demon boss.

But at the next moment, Ye Feng suddenly said: "Uncle Scar, we meet again after so many years, who do you think I am..."

"Uncle Scar?"

Hearing this extremely special title, Uncle Scar suddenly brought back his long-standing memory.

Then he suddenly seemed to have thought of something, and stared at the ghost demon king in front of him. The majesty and depth on his face suddenly disappeared, and the rough face showed deep astonishment, and he exclaimed: " You are... Feng Xiaozi! Damn it!"

After finishing speaking, Uncle Scar immediately flashed in front of Ye Feng and shouted: "Also, when we were in the Demon City of Longyuan Continent, I told you before that I am only ten years older than you, Mr. Feng. Years old! Just look a little older! Don't call me uncle!"

Ye Feng nodded immediately: "Okay, Uncle Scar."

Chapter 3574 Merchants from all realms

Buzz!

At this time, the two of them were talking, and Ye Feng took off his disguise.

When Uncle Scar saw the familiar face in front of him, he immediately gave Ye Feng a fierce bear hug.

"You are such a cool boy!"

Obviously, for Uncle Scar, being able to meet his old friends from the same hometown in such a foreign land is naturally very exciting, and it can be said that he has mixed feelings.

Because this is a very intimate feeling.

It is the initial sense of familiarity that no later friends can match. .??.

Ye Feng also smiled slightly at this moment and said: "Okay, okay, why are you so sentimental?"

"I am willing!"

Uncle Scar gave Ye Feng another fierce bear hug, then took a step back, stared at Ye Feng in front of him, clicked his tongue twice, and couldn't help but said in surprise: "Feng boy, why did you show up? In the Demon Realm? And you even pretended to be the Ghost Demon Lord, and I really admire how powerful you are now."

Ye Feng glanced at Uncle Scar in front of him, and couldn't help but say: "You are quite powerful now. Even I can't see through your true cultivation aura."

At this time, Uncle Scar immediately smiled boldly and said: "Because I received a huge opportunity, do you still remember that the true demon body I cultivated in the past actually guided me to enter the world?" I entered the inheritance place of the ancient true demon god, and then I continued to practice in the inheritance place of the ancient true demon god. I don't know how long I have been practicing, but a teleportation appeared in that inheritance place. Channel, I entered the teleportation channel and came to the Demon Realm, and after some things happened, I became the current Lord of the Dark City."

Hearing what Uncle Scar said, Ye Feng's eyes showed deep astonishment.

Uncle Scar's experience was truly bizarre...and simple!

Ye Feng immediately said with a complicated look: "Compared to you, my experience is complicated. I don't know how much I have gone through before I finally reached this level. I always thought that I was a lucky person. , It turns out that Uncle Scar is the one with real luck."

Uncle Scar laughed, patted Ye Feng on the shoulder, and said loudly: "That's different. Although our cultivation levels are about the same now, I can feel that if we really want to fight, I will definitely not be able to beat you, Feng Boy. "

Ye Feng curled his lips and said nothing more.

He knows that Uncle Scar is also very mysterious and has many methods. It is not as simple as it seems on the surface.

At this time, Ye Feng seemed to have thought of something, and suddenly asked: "By the way, when we were in the central hall during the day, you said in front of us that the ancient ruins of Abi Hell in the Great Wilderness Swamp next to the Dark City are the ones above you. The forces above you told you, what are the forces above you?"

"Oh, you said this."

Uncle Scar immediately grinned and said loudly: "I'm bluffing you. I don't have any power from above. I'm just trying to make you, the top demon clan masters, listen to me. If I really am above, if there is any powerful force, I don't need to summon these top demon warriors from the southwest of the Demon Realm to come with me."

"A bluff?"

Hearing Uncle Scar say this, Ye Feng suddenly had a look on his face.

There was a look of astonishment on his face, as expected, Uncle Scar was still the same chicken thief as before.

Ye Feng said slowly: "I thought there really was some super power above you."

Uncle Scar curled his lips and said: "Of course not. I have personally explored the ancient ruins of Abi Hell, but it is very difficult to get in because a very powerful demon needs to be sacrificed to get through Abi." The entrance formation to the ancient ruins of hell."

Hearing what Uncle Scar said, Ye Feng suddenly showed a look of astonishment on his face, and couldn't help but said: "You summoned these top demon strongmen in the southwest of the Demon Realm just to sacrifice them. Entering the ancient ruins of Abi Hell?"

Uncle Scar nodded and said, "Yeah, that's right."

Ye Feng immediately gave a thumbs up and said: "Awesome, if I don't recognize you, maybe I will fall into your trap tomorrow."

Uncle Scar laughed loudly and said: "If you are still the ghost demon king before and the weakest among the top strong men in the southwest of the four demonic realms, then maybe you will really be sacrificed by us together. Now I didn't expect it to be you, Mr. Feng. That's just right. We can sacrifice one of the remaining Skeleton King of Hell and the Six-Headed Dragon of Darkness, which will allow both of us to enter the ancient ruins of Abi Hell."

Ye Feng immediately gave a thumbs up and said: "I also have this plan, because I also had grudges with the two top demon clan masters before. The reason why I came here disguised as a ghost demon king is for this purpose. In order to kill these two top demon clan warriors, they hunted me down in the Sea of Darkness and hunted me down terribly."

Uncle Scar's eyes moved and he asked aloud: "Is it to rob you of the Golden City?"

Ye Feng nodded, smiled and said: "Yes, the Ghost Demon Lord was waiting in the sea of darkness. He did not succeed, but was killed by me."

Uncle Scar immediately sighed and said: "No one would have thought that the Ghost Demon Lord in the southwest of the Demon Realm has been completely dead for a long time. No wonder I said, why the Ghost Demon Lord suddenly became so He is so powerful that he killed everyone in the Ghost Demon Sect, and even the ancient group of elders was suppressed by him alone. It turns out that it was you, Feng Boy, who did it. That's right. This is your way of doing things, and you can only You are the only one who has this incredible ability to do well in any interface."

Ye Feng smiled and said: "Uncle Scar, you are the same, you are doing well. You directly control the most prosperous dark city in the southwest of the Demon Realm. You are so good at it."

When Uncle Scar heard this, he suddenly smiled bitterly and shook his head, and said with a sigh: "The reason why I can control this dark city is actually because I made a deal with a mysterious existence. That mysterious existence is a world of ten thousand worlds." Businessmen shuttle between thousands of interfaces and make transactions with various existences."

Hearing what Uncle Scar said, Ye Feng's eyes showed a hint of surprise, and he couldn't help but ask: "What deal did you make with that mysterious Wanjie businessman?"

Uncle Scar said aloud: "I used my longevity in exchange for a very mysterious pill in the hands of that outside businessman, called "Dark Element Pill". As long as you take this dark element pill, you will

I am able to possess the power of the Great Perfection of the True Demonic God's constitution, so I can control an entire huge city of darkness, which stands in the southwest of the Demonic Realm to this day. "

"What?"

Hearing what Uncle Scar said, Ye Feng's eyes suddenly changed slightly, and he stretched out his hand and grabbed Uncle Scar's wrist.

After sensing it for a moment, Ye Feng's eyes suddenly changed, because he sensed that Uncle Scar's longevity had been depleted and there was not much left.

Logically speaking, at their current level, life span is almost endless, but if a special method is used to forcibly extract life span, life span will continue to decrease.

Ye Feng immediately asked: "Why do you do this? You can practice honestly. Even if you can't become a big shot in the demon clan, you won't be unable to survive in the demon realm."

Uncle Scar couldn't help but smile bitterly and said: "Because I have received favors from the old city lord of the Dark City. Before his death, he told me that I must support the entire Dark City. Stay here, don't let other big demon forces divide it up, and the contact information of the merchant from all realms was also told to me by the old city lord of the Dark City before, so I continued the old way of this old city lord, and the merchant from all realms There is nothing I can do in exchange for the Dark Element Pill that can make me extremely powerful."

Hearing what Uncle Scar said, Ye Feng immediately frowned, "Businessman from all realms?" ??

Uncle Scar slowly spoke out: "The reason why I am so anxious this time and want to go to the wild swamp and enter the ancient ruins of Abi Hell is to find out if there is someone who can restore the origin of my life and longevity. By chance, and if I can really find the inheritance or treasure left by the legendary Lord of Abi Hell from the ancient ruins of Abi Hell, then my cultivation strength will be greatly improved, and then I will I don't have to deal with outside merchants anymore, and I can slowly restore my longevity."

Ye Feng suddenly shook his head and said aloud: "I have sensed your longevity just now. The shortfall is too serious. The source of longevity has been permanently damaged and there is no way to recover it by my own strength."

"What?!"

Hearing what Ye Feng said, Uncle Scar's eyes widened immediately, and he couldn't help but cursed: "Damn! The deceptive Wanjie businessman! He told me personally that he won't be able to extract my life span. Destroying the origin of my lifespan and saying that if I stop doing business in the future, I can slowly restore my lifespan, this Wanjie businessman is actually cheating on me! "

At this moment, Uncle Scar's face was very ugly. He did not doubt Ye Feng's words, because Uncle Scar knew very well that Ye Feng was a very mysterious young man, and his friend would never lie to him.

At this moment, Uncle Scar fell into silence, his expression very complicated.

But at this time, Ye Feng suddenly smiled and said: "Fortunately, Uncle Scar, you met an old friend of mine. Otherwise, even if you kidnapped the Wanjie merchant, you probably wouldn't be able to restore your lifespan. It can only dry up to the extreme and then slowly wait to die."

After saying that, under Uncle Scar's strange gaze, Ye Feng suddenly stretched out his hand, and a purple gas erupted from his palm.

call!

After Uncle Scar took a sip, he immediately felt that his severely damaged longevity source was slowly recovering.

"Um?"

Logically speaking, once the origin of longevity is forcibly damaged, it will be impossible to recover unless it is a magical elixir from the legendary heaven.

At least in the low-level realm, it is irrecoverable. There is nothing that can cure such severe permanent loss.

What he didn't expect was that after Uncle Scar took a sip of the purple gas released by Ye Feng, he immediately felt as if he was alive again. It was really magical.

Uncle Scar immediately stared at Ye Feng in front of him and couldn't help but exclaimed: "Boy Feng, what kind of magical purple gas is this? Where can I buy it?"

Ye Feng smiled and said: "This is the Hongmeng Purple Qi generated by myself. It is unique to this store and has no other branches."

"What? Hongmeng Qi? You kid can actually produce such a legendary thing?"

Uncle Scar was stunned for a moment.

He seems to have heard that Hongmeng Purple Qi is a magical gas that only exists in legends.

Swish!

At this time, Uncle Scar immediately stretched out his thick hands, pressed Ye Feng's shoulders, widened his eyes and said loudly: "Boy Feng! You are really my lucky star! I love you to death!" "

Ye Feng immediately took a step back and said, "Uncle Scar, I'm not interested in a big guy like you. Don't be so enthusiastic. I'm afraid."

"Hahaha!"

Uncle Scar immediately laughed happily, and then suddenly his face became extremely cold, and he said loudly: "At midnight tonight, outside the walls of the Dark City, it happened that Wanjie and I were here again. The transaction time agreed by the merchant once a year. This time, Feng Boy, please help me. I will knock out this Wanjie merchant who cheated me and rob him!"

Ye Feng's eyes were a little stunned, and he said aloud: "This kind of businessman from all over the world can travel through thousands of interfaces and has all kinds of magical resources in his hands. Are you sure that the two of us can defeat him? Don't lose your wife by then." "Breaking troops."

When Uncle Scar heard what Ye Feng said, his face became fierce and he said loudly: "Even though this Wanjie businessman is extremely mysterious, I can't swallow this breath. He dares to trick me. Even if I can't rob him, We must also teach him a lesson. Boy Feng, I remember that you have a space gem on you, right? When the time comes, you will use the space gem to lock all the spaces in our trading position. Don't let this businessman from all realms break through the air. Run away, I will fight with him then! If I don't fight, I really can't let go of this bad temper."

Seeing Uncle Scar's angry look, Ye Feng immediately patted Uncle Scar on the shoulder and said loudly: "Okay, then I will risk my life to accompany you. I also want to take a look at this." How mysterious is the businessman from all realms who can travel through all major interfaces? If he dares to cheat my brother, I must teach him a lesson. "

"That's right."

Uncle Scar was high-spirited and said loudly: "We brothers are no longer the weak beings we once were. We can be regarded as prominent figures in the southwest of the Demonic Realm! If we join forces, even if we can't defeat a businessman from all realms, let him It should be okay if you endure some hardships."

Chapter 3575 Countless goods

At this time, after Uncle Scar and Ye Feng finished their discussion, they waited in the central hall until midnight.

Then the two of them quickly flew in a certain direction outside the city wall.

When they arrived at a deserted open space outside the city wall, Uncle Scar said aloud: "I guess the businessman from all realms will be here in a while."

Ye Feng nodded and said aloud: "I am hiding in the void now, secretly setting up various dragnets to trap that Wanjie businessman."

At this moment, Ye Feng was speaking with a hint of expectation in his tone.

After all, this is the first time Ye Feng has seen such a mysterious businessman from all realms, and he might be able to bring him a huge surprise.

Buzz!

At this time, after Ye Feng finished speaking, he directly activated the power of the space gem and lurked into the void.

You must know that the space attribute treasure in Ye Feng's hand is the master space gem left by the master. It is many times more magical than the ordinary space attribute magic weapon.

At this moment, Ye Feng entered the void and immediately began to release the power of the space gems and began to lay a dragnet around him.

Ye Feng used the power of space domination in the space gem to condense a space prison similar to an eggshell around it. He hid it in the void first and then released it when needed.

At this time, Ye Feng was fully prepared in the void and was waiting for the person who would fall into the trap, that is, the Wanjie businessman.

Next, in this desolate open space, Uncle Scar stood alone in the darkness and cold wind, waiting silently.

At midnight.

Buzz!

In the direction not far away, a figure wrapped in a black robe floated over.

This figure wrapped in a black robe is obviously a businessman from all realms.

He didn't seem to notice anything unusual at this moment, and came directly in front of Uncle Scar.

A rather deep voice came from the black robe: "It's time to trade again."

After finishing speaking, the Wanjie businessman took out a very strange container-like thing from his black robe, and then took it directly towards Uncle Scar.

Uh-huh!

But at this time, Uncle Scar suddenly took a step back.

"Um?"

When the Wanjie merchant saw this scene, he couldn't help but said: "What's wrong? Don't you want to trade with me? Then you won't get those dark element pills that can make you stronger. This one Dark City, I guess you won't be able to defend it anymore."

Uncle Scar takes it easy at this time

He said slowly: "You kept saying before that if you extract my life essence, it will not damage my origin, but I didn't expect that my origin has been damaged by you and cannot be restored. Please tell me what happened. thing?"

Uncle Scar said at this time, holding back the anger in his heart.

Because he wanted to ask what was going on.

When the Wanjie merchant heard what Uncle Scar said, the figure wrapped in a black robe was silent for a moment, and then suddenly said: "What you want to get, you have to pay for it. You have enjoyed boundless rights and powerful Strength, then you have to pay the price with your life. If you are not willing to trade, then I will leave. "

After saying that, the Wanjie merchant turned around and prepared to leave.

Uncle Scar suddenly said in a cold voice: "You have lied to me for so long and permanently damaged my longevity, and now you want to just leave? Don't you think you should make some compensation? ?"

Wanjie Merchant suddenly smiled and said aloud: "I never compensate anyone when I make a deal with anyone. That is not my style. As for me lying to you, you could have directly refused to trade with me at that time, but you It's your choice whether to trade or not."

Uncle Scar immediately shouted angrily: "You are just quibbling! If you had told me the truth earlier, then I would definitely not trade with you!"

At this time, Uncle Scar was very angry, because this businessman from all realms was so abominable.

Not only did he lie to him, but he also confidently said such quibbles in an attempt to shirk his responsibility.

It's really abominable!

"boom!"

At this moment, Uncle Scar's body suddenly erupted with a terrifying murderous aura, which was huge and dark.

Uncle Scar has now swallowed the Dark Element Pill, and his cultivation strength is very terrifying.

At this moment, Wanjie Merchant didn't seem to panic at all. He just turned around and looked at Uncle Scar, smiled slightly and said: "Although your strength and cultivation are indeed very good with the promotion of the Dark Element Pill, But if you want to kill me, it is impossible. Although I am just a businessman and not a warrior with super combat power, as a businessman from all walks of life, I shuttle between thousands of interfaces. The means are naturally beyond your imagination, and you can't catch me at all."

At this time, Uncle Scar just smiled coldly and said, "Then try running away."

The Wanjie merchant did not panic at all at this time and walked slowly towards the distance. A very mysterious space power appeared on his body, allowing him to

Wandering between void and substance.

But suddenly the next moment.

"Bang Dong" sound!

The Wanjie merchant seemed to have collided with something, and he couldn't help but take several steps back.

"this!"

At this time, the Wanjie merchant could no longer remain calm. Instead, he looked at the void in front of him and couldn't help but said, "What's going on?"

Buzz!

At this time, in the void in front of the Wanjie Merchant, an eggshell-shaped transparent void barrier was slowly revealed, directly blocking the Wanjie Merchant's way away.

Seeing this scene, Wanjie Merchant immediately looked around and couldn't help but exclaimed: "Which space attribute master is hiding in the dark and wants to stop me?" ??

Buzz!

At this time, Ye Feng no longer concealed himself and slowly appeared from the void.

Then Ye Feng said slowly: "It's me."

Seeing Ye Feng, the Wanjie businessman couldn't help but said: "Who are you and why are you going against me?"

Uncle Scar suddenly burst into laughter at this time: "Do you know why I suddenly found out that my longevity source has been permanently damaged? That's because my brother told me that my brother has countless tricks. Don't think about me running away today."

When the businessman from Wanjie heard what Uncle Scar said, his eyes suddenly became gloomy, and then he slowly said: "You two are so brave, you dare to take my idea, don't you know that I am the most mysterious businessman in all the worlds?"

"Pooh!"

Uncle Scar just smiled coldly at this time and said loudly: "No matter what kind of businessman you are, if you dare to lie to me, you must pay the price."

When Wanjie merchants heard Uncle Scar say this, he also said with a hint of coldness in his tone: "If you really want to go against me, then even if you were once my employer, I will Break the rules of our Wanjie Chamber of Commerce and kill you all."

"Wanjie Chamber of Commerce?"

At this time, Ye Feng caught the key words spoken by the Wanjie merchant, and immediately couldn't help but move his eyes, and said loudly: "It turns out that there is a larger force behind you, called the Wanjie Chamber of Commerce. No wonder your strength is not It's not very powerful, but it has the ability to travel through various interfaces."

Hearing what Ye Feng said, Wanjie Merchant immediately smiled coldly and said loudly: "If you don't want to provoke the Wanjie Chamber of Commerce behind me, then quickly release the space prison here and let me leave safely, otherwise , the consequences are not

You two will never know the true vastness and beauty of this world that you two can bear. "

At this moment, Ye Feng suddenly smiled indifferently and said: "How dare you cheat my brother and cause his longevity origin to suffer huge trauma. Now either you directly give him a panacea to cure his traumatized origin." Either restore them all, or we will arrest you and forcibly plunder all the resources and wealth from you. It's your choice."

Ye Feng is still quite afraid of this Wanjie businessman, but if this Wanjie businessman dares to provoke the two of them, he will naturally have to pay a price.

After all, whether it is Ye Feng or Uncle Scar, they have been able to get to where they are today not because of friendliness, but because of their strong strength and fierce nature.

"Stop talking nonsense to this greedy Wanjie businessman! Just go ahead!"

At this moment, Uncle Scar directly released his extremely powerful power. A machete more than ten meters long appeared in his hand. It was pitch black and had incomprehensible demon symbols engraved on it. It must be a knife anyway. He rushed a very powerful weapon, filled with demonic aura, directly in front of the merchant of all realms, intending to chop the merchant of all realms into pieces.

When the Wanjie merchant saw this scene, he immediately smiled coldly and took out a small round shield directly from his storage ring.

boom!

The moment this circular shield appeared, it immediately turned into a huge shield that emitted thousands of golden light, and actually blocked the machete in Uncle Scar's hand.

boom! !

When the two collided, a huge roar suddenly erupted, causing the surrounding earth and mountains to shake and almost shatter.

However, all the space here has been cast into a space prison by Ye Feng using space gems.

So even such a huge movement did not attract the attention of anyone around.

The entire Dark City is still very peaceful.

At this moment, the Wanjie merchant immediately smiled coldly and said loudly: "I have countless goods in my hands, and I can kill you if I take them out casually."

Uh-huh!

After finishing speaking, Wanjie Merchant once again took out a very small silver needle.

This silver needle was thrown out by the Wanjie merchant, and it suddenly turned into a divine pillar that reached the sky. Like an artifact from ancient legends, it was filled with unparalleled suppressive power and directly blasted Uncle Scar's entire body. Quick reverse.

Seeing this scene, Uncle Scar immediately couldn't help but exclaimed: "I didn't expect that your cultivation level is not that good, but you have so many magic weapons that can actively attack!"

Chapter 3576 Divide

At this time, Uncle Scar was still quite shocked.

After all, this Wanjie merchant's own cultivation strength is actually very average, and he doesn't dare to confront them head-on.

But this Ten Thousand Realms Merchant's storage ring seems to contain countless treasures. If you take out something casually, it will have huge power.

And there is no need for Wanjie merchants to input mana themselves to activate these magic weapons. These magic weapons can automatically produce extremely terrifying attack power.

Seeing this scene, Uncle Scar was shocked in his heart and at the same time, there was a fiery look in his eyes.

He couldn't help but said to Ye Feng who was not far away: "Boy Feng, if we can snatch the storage ring of this businessman from all realms, all his goods will belong to us. There must be a lot of good stuff in it, and each one is priceless."

When Ye Feng heard what Uncle Scar said, he nodded slightly, stared at the Wanjie merchant who was resisting not far away, and said loudly: "In this case, let's work together to kill him, now. Don't hesitate any more, hesitation will have no effect, just kill this Wanjie merchant."

Boom!

At this moment, after Ye Feng finished speaking, he no longer hesitated and rushed directly in the direction of the Wanjie merchant.

There is a huge shield in front of the Wanjie merchant, emitting thousands of feet of golden light and possessing very terrifying defensive power.

But Ye Feng's power is very terrifying, probably even more powerful than Uncle Scar's real combat power.

At this moment, Ye Feng directly released the Golden City. The Golden City contains boundless gold-burning ancient demon power. Under Ye Feng's urging, the Golden City suddenly became a majestic size. From high in the sky, It crashed down from above, like an asteroid crashing down, with extremely terrifying impact and destructive power.

Boom! !

Ye Feng's golden city, majestic and boundless, directly hit the golden shield in front of Wanjie merchants, and immediately erupted with a terrifying roar.

Almost at the next moment, cracks appeared on the surface of the golden shield in front of Wanjie Merchant, which was directly hit by the Golden City.

Click click click!

It's like it's about to break apart!

At this moment, Wanjie Merchant's eyes suddenly changed slightly, and he once again took out a small city from the storage ring.

This small city is only the size of a palm, but the moment it was taken out by Wanjie Merchant, it suddenly turned into a towering tower of several thousand meters, like a city made of steel. The darkness protected Wanjie Merchant. around.

Seeing this scene, Ye Feng's eyes brightened even more, and he couldn't help but say: "The storage ring of this Wanjie merchant must contain all kinds of treasures that he came out to trade this time, there are too many. "

At this time, Ye Feng was also very interested in the wealth of this Wanjie businessman.

At this moment, Ye Feng did not hesitate, and directly released his strongest power, Hongmeng's true form, and then integrated the brute force gem into his fist, and immediately burst out with an extremely terrifying super impact.

You know, Ye Feng's Hongmeng Immortal Body has once again received a huge improvement after swallowing the blood of the Ghost Demon Emperor.

So now Ye Feng's body power is even more terrifying than before.

At this moment, Ye Feng's big purple fist struck hard, causing the dark steel city around Wanjie Merchant to shake rapidly.

"What?!"

When the Wanjie merchants saw this scene, they immediately couldn't help but exclaimed: "What kind of physique do you have, kid? How can you possibly shake my steel city? This steel city is a very good defense among our Wanjie Chamber of Commerce. Treasures, even in some advanced realms, have extremely strong defensive power. This time I planned to sell this steel city to the dark lord of another realm. I didn't expect that you, the boy, could actually shake it. , how is this possible, how can such a terrifying body power like yours be born in this small demon realm?"

Ye Feng didn't say anything at all at this moment. He continued to hit punch after punch wildly, making the dark steel city almost collapse completely.

When Wanjie merchants saw this scene, they suddenly panicked.

Because the magic weapon he brought out for the transaction this time was actually not too many.

Now, although the silver needle has turned into a pillar of heaven, it has resisted Uncle Scar's attack.

But Ye Feng, an ordinary-looking young man, seems to have more powerful attacks than Uncle Scar.

The businessman from Wanjie immediately yelled: "My friend, you and I have no enmity, why do you want to deal with me?"

At this moment, Ye Feng smiled coldly and said, "Uncle Scar and I are brothers. If you dare to harm him, then you are my enemy."

Hearing what Ye Feng said, Wanjie Merchant's eyes immediately became gloomy, and he couldn't help but said, "I will give you half of my wealth. How about you just leave now?"

At this moment, Ye Feng burst out laughing: "If I kill you, all your wealth will belong to me."

"you.....!"

Wanjie merchants immediately became angry.

Uncle Scar immediately laughed out loud at this time: "Businessman from Wanjie, don't try to sow discord between us. The relationship between our two brothers has been going on for many years. , you can't provoke it with just a few words."

After finishing speaking, Uncle Scar shouted directly: "A true god in the body of a true demon!"

Boom!

At this moment, Uncle Scar turned into a giant monster that was hundreds of thousands tall and majestic, and then the machete in his hand also turned into tens of thousands of feet long, and he slashed hard from high in the sky. down.

This is probably Uncle Scar's strongest attack.

Boom! !

The machete in his hand is an ancient demon artifact passed down from the previous generation of Dark City Lords.

So at this time, Uncle Scar used his true demon body and true god to urge the machete in his hand, and suddenly it burst out with terrifying and incomparable destructive power, and immediately turned the silver needle in front of him into a god. The pillar was split in half.

Click!

Then in the next moment, under the horrified gaze of the Wanjie Merchant, the Wanjie Merchant was directly split into two halves.

But the next moment, the Wanjie merchant did not die at this time, but the two halves of his body quickly approached, as if they wanted to merge again.

"This seems to be a very magical life force in space."

Ye Feng suddenly made a sound at this time, and then immediately flew between the two bodies that were approaching quickly, and then released the power of the space gem, instantly cutting off the joint force of space between the two halves of the body. .

"ah!!"

Almost at this moment, the two and a half bodies of Wanjie Merchant let out an earth-shattering scream.

Then the two halves of the body fell to the ground with a "thud" and "thud", completely dead.

Ye Feng saw this scene, his eyes showed surprise, and he immediately said: "If I didn't possess the space gem, maybe I really wouldn't be able to deal with this merchant from all realms. The methods of this merchant from all realms are still the same." Quite powerful."

Uncle Scar returned to his original state at this time, flew to Ye Feng's side, looked at the corpse on the ground, and said loudly: "The cultivation level of this Wanjie merchant is indeed not very powerful, but the goods on his body, These magic weapons are all extremely precious and powerful."

Ye Feng nodded, thought for a while and said: "But according to what the Wanjie businessman just said, he is probably just a part-time worker, not a real powerful person. The real terror is the Wanjie

Chamber of Commerce behind him. I It is estimated that there are many Wanjie merchants in the Wanjie Chamber of Commerce, free of charge in various interfaces, with the purpose of trading various resources with every employer. "

Upon hearing this, Uncle Scar nodded, with a hint of curiosity in his eyes, and said loudly: "I don't know where the Ten Thousand Realms Chamber of Commerce exists, it is most likely in a high-level realm above the Demon Realm. "

Ye Feng suddenly said: "But now several high-level realms above the Demon Realm have been integrated into a large world complex. The Dark Demon Cult, commanded by the Dark Yuan Zun, controls most of the territory and has become A veritable dark world, very dangerous, much more dangerous than the Demon Realm.

"

"What?!"

Hearing what Ye Feng said, Uncle Scar immediately showed a trace of surprise in his eyes, and couldn't help but said: "Feng Boy, how do you know all this?"

Ye Feng said slowly: "I met a super strong man from a higher realm in the depths of the Dark Sea. It was that senior who told me that there are several major powers in the entire Demon Realm. The high-level realms were all integrated into a big world complex by Dark Yuan Zun using the mighty means of the sky, because this Dark Yuan Zun wanted to refine all the nine realms of the entire origin world into one, and then integrate them with The legendary confrontation between heaven and earth wants to envelope the entire world with endless darkness, covering all the heavens and realms."

"hiss!"

"It's so scary!"

When Uncle Scar heard what Ye Feng said, he couldn't help but take a breath of cold air. Then he looked a little solemn and said slowly: "Fortunately, the war has not spread to low-level realms such as the Demon Realm."

Ye Feng nodded and said aloud: "Sooner or later it will be affected here, so I want to improve my strength as soon as possible and enter a more advanced dark world."

Uncle Scar shook his head and said aloud: "But we still don't want to go to the extremely advanced dark world. It must be very dangerous. It is better to stay stable in the Demon Realm for a while."

Ye Feng nodded and said aloud: "I really won't go there for the time being. I'll try to improve my cultivation strength to a higher level first, but sooner or later I will go to the dark world, where I have my own Tasks and Responsibilities."

Hearing what Ye Feng said, Uncle Scar's eyes flashed slightly, as if he guessed that Ye Feng's identity was very unusual.

But he didn't ask any more questions because Ye Feng didn't take the initiative to say it.

At this moment, Uncle Scar looked at the Wanjie merchant in front of him, his expression suddenly became happy, and he said loudly: "It's too far to think so much, let's divide up all the goods of this Wanjie merchant first. I don't want anything else, I'll give it all to you, Feng Boy. After all, Feng Boy, you have the greatest contribution this time. If it weren't for you, not only would I not have found that my life force was about to run out, but I would also not have been able to catch this Wanjie businessman. I only need the elixir from the merchant of all worlds that can restore the origin of my longevity, and the dark element pill, which can hurt my vitality. Although I don't want to take it anymore, in this current situation, we still need to enter In the ancient ruins of Abi Hell, I can only continue to take dark element pills for the time being."

Ye Feng nodded and said: "Don't worry, my Hongmeng Purple Qi can also slowly restore the origin of your longevity. When you come back from this trip to the ancient ruins of Abi Hell, let's retreat together for a while. I will use the Hongmeng Purple Qi to restore all your life essence."

When Uncle Scar heard what Ye Feng said, he immediately laughed out loud, patted Ye Feng's shoulder, and said excitedly: "It's great that you are here, Mr. Feng!"

Chapter 3577 Rune Gem

For Uncle Scar, Ye Feng is his most trusted partner.

So at this time, Uncle Scar was naturally very happy and excited when he saw that Ye Feng had such a powerful power that even merchants from all realms could not escape Ye Feng's methods.

At this moment, Uncle Scar was even a little excited, clasping his hands, walked up to the merchant of Wanjie, and directly took the storage ring from the merchant of Wanjie.

Then Uncle Scar started to release the contents of the storage ring without any hesitation. .??.

Wow! !

At this moment, I saw precious things flying out of the storage ring of this Wanjie merchant.

These are all the goods carried by Wanjie merchants this time, and they are probably used to trade with other employers who live in every interface.

At this moment, Ye Feng released a powerful soul force, covering the entire audience, looking for what he wanted.

Ye Feng said aloud: "I don't want everything. I'll take what I want first, and then give the rest to you, Uncle Scar."

Uncle Scar immediately nodded his head and said with a smile: "Feng Boy, just take whatever you want. I won't refuse anyone who comes."

Ye Feng nodded immediately, and then began to look for various precious things among these goods.

For Ye Feng, what he lacks most now is still various resources that can increase his skill.

So at this time, Ye Feng's first choice was resources containing rich energy.

The goods in this Wanjie Merchant's storage ring can be said to be all-encompassing, and naturally they have what Ye Feng needs.

Ye Feng soon discovered a stone emitting purple light. Although it was only the size of a palm, it contained very terrifying energy.

In addition, Ye Feng also discovered a fruit.

This fruit looks like a unicorn. It seems to be the legendary unicorn blood fruit, which contains the energy of unicorn.

For Ye Feng, it is also a great tonic.

Ye Feng immediately accepted it with a smile.

Next, Ye Feng discovered many powerful inheritances from the goods in front of him.

It is estimated that it was an outside chamber of commerce that asked this Wanjie merchant to go out and sell it.

These inheritances are not from the Demon Realm, but come from various major interfaces. They are messy, and there are also many inheritances from the Demon Dragon Clan.

Ye Feng also took it down. If he meets the old demon dragon Shang in the future, he can let Shang practice.

At this moment, Ye Feng finally discovered the most precious thing.

It was a stone that looked ordinary, but it made all the domination gems in Ye Feng's body tremble slightly.

This turns out to be a brand new domination gem!

Ye Feng's eyes immediately lit up and he directly took the domination gem in his hand.

Ye Feng sensed it carefully and found that the power aura contained in this domination gem was a very mysterious and mysterious rune aura.

Ye Feng input some of his own mana into this domination gem, and a very rich rune power suddenly emitted from this gem.

However, these powers don't seem to be very destructive or offensive, nor do they have defensive power, etc.

So Ye Feng is very strange.

What is the specific use of such a domination gem that contains the power of domination?

At this moment, Ye Feng had no choice but to send this brand new domination gem into his mind for Emperor Chu to study.

The moment Emperor Chu saw this domination gem, he immediately said with a twitching look: "This seems to be the rune gem left by the legendary Rune Emperor."

"Rune Emperor?"

At this time, Ye Feng heard what Emperor Chu said in his mind, and a trace of surprise suddenly appeared in his eyes.

Emperor Chu explained in his mind at this time: "The Rune Emperor is a super powerful man called the Rune Continent Interface. I discovered among the ancient fragments that I just awakened that when I was young, I seemed to have traveled through all the worlds. , so we can recognize that this aura is the ruler of Rune Continent, the ruler gem left by Rune Emperor. This is a very precious and rare rune gem, which contains all the runes related to Rune Emperor. The essence of "Ye Feng", if you carefully understand it, you can get a lot of knowledge about the Rune Path. The Rune Path is a very vast way of practice, and sometimes it has a huge effect. Ye Feng, you can do more if you have nothing to do. Understanding this rune gem may bring you different gains. "

When Ye Feng heard what Emperor Chu said, his eyes showed deep surprise.

Unexpectedly, Emperor Chu actually traveled to all heavens and realms back then.

It seems that the identity of Emperor Chu is becoming more and more mysterious.

However, Ye Feng didn't say much at this time. He just nodded and said: "Okay, I will study this rune gem carefully when I have time. Anyway, according to what you said, Emperor Chu, This rune gem is very precious, I will use it well."

Emperor Chu nodded immediately, said nothing more, and fell silent in his mind.

At this time, Ye Feng suddenly asked with some doubts: "Emperor Chu, you said that so many masters have disintegrated themselves and left behind many master gems. Why do they do this? Logically speaking, the masters It should be the most powerful realm of cultivation. As for the legendary heaven, no one knows where it is, or even whether it is destroyed now. After all, even the Lord of the heaven is dead, and what he left behind The Gate of Heaven is still here with me, so is there any specific reason for these masters to decompose themselves? Is there a more powerful existence above the master? "

When Emperor Chu heard Ye Feng's question, he was silent for a moment, and then said: "Ye Feng, I don't know this very well. There is no record of this in my memory fragments. I only know that in the major interfaces They all had master-level existences, and they were all extremely talented and powerful men from all ages, but in the end they either disintegrated themselves and turned into master gems, or they disappeared from the human world to find the legendary heaven. Or it was lost in some dark and forbidden places in the world. I don't know the details. I don't even know how I died back then."

When Ye Feng heard what Emperor Chu said, his eyes flashed slightly.

In Ye Feng's view, Emperor Chu's true cultivation level has probably reached the realm of dominance, otherwise it would be impossible for him to have experienced so many things and seem to understand everything.

This shows that Emperor Chu was not only strong in cultivation but also

Big, and very knowledgeable.

At this moment, Ye Feng didn't ask any more questions. It seemed that if he wanted to know these secrets, he still had to discover them himself.

While Ye Feng was thinking, Uncle Scar standing by the side spoke up: "Feng boy, have you made your choice? I see you have been silent for a while."

Ye Feng immediately nodded, smiled and said: "I have already chosen, and the rest belongs to you, Uncle Scar."

Uncle Scar underestimated: "I don't know why you are so happy about a broken stone."

Ye Feng smiled slightly and said aloud: "The last thing I held was not some broken stone, but a domination gem."

Uncle Scar: "....."

But Uncle Scar is very trustworthy.

Although Uncle Scar also wanted the rune gem very much, since he said he would let Ye Feng choose first, he would do what he said.

At this moment, Uncle Scar collected all the remaining goods, especially when he found a box of Dark Element Pills, and immediately said with joy: "With such a box of Dark Element Pills, I My current cultivation strength will probably last for a long time, and I still can't stop using this dark elemental pill with serious side effects."

Ye Feng nodded and suddenly took out a space container from his storage ring.

Buzz!

Then Ye Feng stretched out his palm, pressed it on the space container, and directly sprayed out a piece of Hongmeng purple energy, which was stored in the space container.

Ye Feng said aloud: "The storage ring of this businessman from all realms does not contain a panacea to help you restore the origin of longevity. I have compressed tens of thousands of cubic meters of Hongmeng purple energy into this space container, which can relieve the darkness of the elements." It not only destroys your longevity source, but also slowly restores your longevity source, and strengthens a 'Hongmeng Purple Qi City Wall' on top of the powerful longevity source, which can resist the corrosive damage of the dark elemental pill."

Hearing what Ye Feng said, Uncle Scar immediately took the space container in Ye Feng's hand with bright eyes, laughed loudly and said: "I have picked out the dominator gems for you, I knew you wouldn't do it, Mr. Feng." I will be treated badly."

After finishing speaking, Uncle Scar carefully placed the space container in his storage ring.

For Uncle Scar, the amount of Hongmeng purple energy stored in this space container is enough for him to use for a long time.

At this time, Ye Feng glanced at the corpse of the Wanjie merchant not far away and said: "Just destroy this Wanjie merchant's body and eliminate all traces. I hope the Wanjie Chamber of Commerce will not trace that we killed this Wanjie merchant. "

Uncle Scar's eyes became a little solemn at this time, nodded, and said loudly: "Since the Ten Thousand Realms Chamber of Commerce can allow its merchants from all over the world to do business, it seems that this Ten Thousand Realms Chamber of Commerce is definitely A very large transcendent force."

Ye Feng nodded and said aloud: "Perhaps the headquarters of the Ten Thousand Realms Chamber of Commerce is in the 'Dark World', a large world complex above the Demon Realm."

Uncle Scar's face showed a trace of solemnity at this time, and he said loudly: "No matter what, we must be careful next time and not to be targeted by the pursuers of the Ten Thousand Realms Chamber of Commerce. Otherwise, we probably have Big trouble."

When Ye Feng heard what Uncle Scar said, he directly released the power of the space gem, using the space crack to cut the businessman from all realms into countless pieces, and then sent him into the void turbulence.

In this case, even if the Wanjie Chamber of Commerce can trace the fragmented aura of this Wanjie merchant, they can only search for it in the turbulence of the void.

When Uncle Scar saw Ye Feng's series of operations, he immediately said aloud: "When we get a huge opportunity in the ancient ruins of Abi Hell this time, when we come back, I will move the entire Dark City base , move it to another place. In this case, even if the people from the Ten Thousand Realms Chamber of Commerce trace it here, the Dark City will not suffer. "

For Uncle Scar, the old city lord of the Dark City was very kind to him, so Uncle Scar must protect the entire Dark City.

When Ye Feng heard what Uncle Scar said, his eyes suddenly moved and he said: "I have a proposal that can reassure you about the safety of the residents in the entire Dark City, but I don't know if this proposal is appropriate or not."

Uncle Scar immediately couldn't help but asked: "What proposal? Tell me."

Ye Feng smiled slightly and said aloud: "That is, transfer all the residents in the Dark City to the Golden City on my body. In this way, I can carry them with me, and they are in the Golden City. , you can also use the original power of the Golden City left by the entire Golden Burning Ancient Demon Clan to become more and more powerful, which will also be of great help to the power of the Golden City."

The Golden City is a powerful treasure of the Golden Burning Ancient Demon Clan. The more demons that survive, the stronger the demons are, and the more terrifying the power that the Golden City unleashes. It can be said that the Golden City is a growing magic weapon.

As long as there are more and stronger demons living in the Golden City, the power of the Golden City can continue to increase.

And there is no need to worry about not having enough space in the Golden City, because the Golden City can be infinitely smaller or larger after it is developed to the end, with almost no limit.

Even in the end, Golden City can fit an entire vast interface into it.

Because this golden city is the oldest gold-burning demon artifact forged by the god of the ancient demon clan back then. It is very powerful.

Ye Feng has just not yet fully developed the potential of the Golden City. Otherwise, the Golden City will definitely not only have such a little power.

Hearing what Ye Feng said at this time, Uncle Scar's eyes immediately lit up and he quickly said: "Okay! I think this can be done! If all the demon residents in the Dark City are transferred to the Golden City, In the city, it can not only provide them with a very safe place to practice, but also

increase the power of your golden city, Mr. Feng. It is simply killing two birds with one stone. In this case, I will not be limited to staying in the dark city. , you can be free.”

Obviously Uncle Scar is a very committed person. He made a promise to the old Dark City Lord before, and he has been staying in the Dark City to this day.

Now if the follow-up planning of the Dark City is arranged, then Uncle Scar has truly fulfilled his promise to the old city lord, and he can move freely in the future.

After all, Uncle Scar is still very relieved about Ye Feng, because Ye Feng has always been a very monster in Uncle Scar's eyes.

Chapter 3578 The Wild Swamp

At this moment, after Ye Feng finished speaking, he directly released the golden city in his body.

Buzz!

A huge golden city suddenly appeared in front of Ye Feng and Uncle Scar.

At this time, looking at this majestic golden city, Uncle Scar's eyes were full of surprise, and he couldn't help but said: "Young man Feng, you are really lucky. You actually got the legendary one." The Golden City, this thing is a demon artifact forged by the leader of the Golden Burning Ancient Demon Clan, and it is almost on the same level as the Demon God Machete in my hand."

When Ye Feng heard what Uncle Scar said, there was a hint of surprise in his eyes. He couldn't help but said, "Demon Machete? This name is quite down-to-earth. Where did you get it from?"

Uncle Scar said aloud: "When I first came to the Demon Realm, I received the favor of the old city lord of the Dark City. This demon machete is the demon artifact passed down by their family from ancient times. Before I became a troll, When he became a true god, this machete also became more than 100,000 meters long, its power also increased tremendously, and it exploded with terrifying attack power. "

When Ye Feng heard what Uncle Scar said, he immediately nodded and said loudly: "Indeed, I saw it before. Your attack in the end was very terrifying. It split the Wanjie businessman into two in one go. "Half, I didn't expect that the demon machete is the same level of demon artifact as the Golden City."

Uncle Scar nodded, and then said with some envy: "But compared with your Golden City, it is nothing, because your Golden City not only has a very powerful attack power, but also a growth A magic weapon of this type can accommodate a lot of demons to survive in it. The stronger and more the surviving demons are, the more terrifying the power of your golden city will be."

When Ye Feng heard what Uncle Scar said, he immediately said with surprise in his eyes: "It seems that you know the Golden City quite well."

Uncle Scar smiled and said: "When the Golden City appeared in the Dark Sea area, if I hadn't been to explore the ancient ruins of Abi Hell in the wild swamp on the edge of the Dark City, I'm afraid I would have joined that group. The four top demon clan warriors are chasing you, Feng Xiaozi."

When Ye Feng heard this, he immediately laughed out loud: "By the way, let's get down to business, now just put all the demon residents in the Dark City into the Golden City?"

Uncle Scar immediately nodded and said, "Of course."

After saying that, Uncle Scar flew directly towards the high altitude of the Dark City.

Uh-huh!

At this moment, Ye Feng was following Uncle Scar, flying directly to the sky.

At this time, Ye Feng, the Golden City, made it very big, several times bigger than the Dark City.

Ye Feng hid the still sleeping Ancient Gold Burning Demon in the deepest part of the Golden City, so as not to scare the demon residents in the Dark City.

At this moment, Uncle Scar immediately shouted in the dark night: "All residents of the Dark City, now obey the orders of this city lord, don't sleep anymore, wake up quickly, and go to your new place of residence. It's inside this golden city suspended high in the sky."

The moment Uncle Scar finished speaking, all the demon residents in the entire Dark City woke up.

They all woke up from their sleep, with deep doubts in their eyes. They didn't know why the city lord suddenly ordered them to enter the golden city suspended in the sky.

These demon residents are relatively low-level, so they don't know that the golden city is the legendary golden city.

But they don't need to know.

At this time, many demon residents in the Dark City completely obeyed the orders of Uncle Scar, the city lord, and packed their luggage, then flew high into the sky and entered the Golden City.

Seeing this scene, Ye Feng immediately gave Uncle Scar a thumbs up and said, "It seems that your dark city is managed very well."

Uncle Scar just smiled slightly and said loudly: "The old city lord managed it well. I just took over the old city lord's work, so these demon residents gave me face."

Just as Uncle Scar was talking, a group of guards wearing black armor came to Uncle Scar, and then asked aloud: "City Lord, do we also want to enter that golden city?"

Uncle Scar nodded and said, "Yes, you will live in that golden city from now on, and you must listen to the words of my brother Ye Feng."

"It's the Lord of the City."

The guards immediately showed a trace of surprise in their eyes. They didn't know what the identity of the young man who suddenly appeared in front of Uncle Scar was, so that he deserved such attention from their Lord of the City.

However, these guards did not dare to ask any more questions. They just obeyed the orders and entered the golden city.

At this moment, the movement in the entire Dark City also attracted the other two top demon powerhouses from the southwest of the Demon Realm who lived in it, namely the Skeleton King of Hell and the Six-Headed Dragon of Darkness.

At this moment, Ye Feng immediately transformed into the Ghost Demon King again and stood in front of Uncle Scar.

At this moment, the hell skeleton

The Skull King and the Six-Headed Dragon of Darkness both had deep surprises in their eyes. They came directly in front of Uncle Scar and Ye Feng, and couldn't help but ask: "What is going on? How come in the Dark City?" Have all the demon residents entered the Golden City?"

Uncle Scar naturally would not tell the true situation at this time, but said with a smile: "I made a deal with the Ghost Demon Lord. He gave me a lot of training resources, and I put All the demon residents in my dark city gave it to him to help him strengthen the power of the golden city."

Hearing Uncle Scar, the city lord of the dark city, say this, the six-headed dragon of darkness and the skeleton king of hell showed deep surprise in their eyes.

They seemed to have never imagined that when they entered a deep sleep, the city lord of the Dark City and the Ghost Demon Lord would actually chat together.

However, the two top demon warriors in the southwest of the demon clan did not doubt anything. After all, they knew that there had never been much contact between the city lord of the dark city and the ghost demon king. It was estimated that this was just a simple incident. Just a transaction.

Looking at the empty Dark City at this moment, the Skeleton King of Hell suddenly said: "Since all the demon residents in the entire Dark City have entered the Golden City, we will set off overnight to go there. In the vast swamp nearby, I can't wait to see the ancient ruins of Abi Hell."

For the Hell Skeleton King, it would be of huge benefit to him if he could find the cultivation resources in Abi Hell.

In particular, he is very interested in the peerless inheritance left by the former Lord of Abi Hell.

You know, the Skeleton King of Hell himself is also a creature of the Skeleton Hell, so he is naturally very interested in relics with hell attributes.

At this moment, the six-headed dragon of darkness also nodded and said: "Dark City Lord, let's set off directly."

Ye Feng also nodded slightly at this moment and said: "I have no objection, you can leave at any time."

Uncle Scar immediately said with high spirits: "Okay, then we will set off directly to the Great Wild Swamp now."

Uh-huh!

After saying that, Uncle Scar took the lead and flew quickly in a certain direction not far away.

The three other top experts behind him quickly followed suit.

The cultivation of the four top experts was very powerful, so they were also very fast. In less than half a day, before dawn, they had arrived at the wilderness swamp area on the edge of the Dark City.

The sky here is filled with yellow sand, and it looks vast and desolate. At a glance, there is no trace of life at all.

at this time,

The twelve eyes of the dark six-headed dragon looked around, and then said with some confusion: "Dark City Lord, are you sure that the ancient ruins of Abi Hell are nearby? There seems to be nothing here."

The Skeleton King of Hell couldn't help but have a trace of doubt in his eyes at this time, and said loudly: "I have been here before, in order to look for the legendary desert mandala, but I didn't find it, because this place is simply Barren land, nothing."

At this time, Uncle Scar spoke out very confidently: "Don't worry, I have been here to investigate in advance. The entrance to the ancient ruins of Abi Hell is not far away."

After saying that, Uncle Scar continued flying in a certain direction.

When everyone saw this, they could only follow him quickly.

At this moment, Ye Feng's eyes flashed slightly.

He did remember that if he wanted to enter the ancient ruins of Abi Hell, he would need to sacrifice a very powerful demon.

Therefore, in the eyes of Ye Feng and Uncle Scar, both the six-headed dragon of darkness and the skeleton king of hell have become the objects of their sacrifice.

Half an hour later, Uncle Scar finally stopped.

At this moment, a huge basin appeared not far away.

At the entrance of this huge basin, a huge ancient arch appeared. The very ancient sculpture of the demon from Abi Hell was engraved on the arch. It looked very shocking. It was tens of thousands of meters tall and majestic, giving people a sense of wonder. It feels like arriving at the entrance to ancient hell.

As long as you take one step forward, you will fall into a place of no return.

But at this time, several top demon clan experts present had deep excitement in their eyes.

The Skeleton King of Hell immediately couldn't help but asked: "Dark City Lord, how do we enter the ancient ruins of Abi Hell?"

At this time, Uncle Scar suddenly grinned and said loudly: "The way to enter is actually very simple. That is to use you as a sacrifice, and you can easily enter it."

"What?"

Hearing Uncle Scar, the Dark City Lord, say this, the Skeleton King of Hell suddenly changed his face.

"ah!!"

At this moment, an earth-shattering scream suddenly came from beside the Skeleton King of Hell.

"you....."

The Hell Skeleton King looked beside him, and his eyes were suddenly horrified. He saw that at some point, the six-headed dragon of darkness had its chest pierced by a huge sword that surged with thunder from the nine heavens. The tip of the sword, from The heart was stabbed out.

The one holding this demon-slaying sword is naturally Ye Feng!

Chapter 3579 The biggest secret

"you.....!"

At this time, the six-headed dragon of darkness did not even react. Ye Feng held the demon-slaying sword in his hand and had already pierced his entire body.

The tip of the sword pierced directly from his heart.

"ah!!"

The six-headed dragon of darkness immediately felt deep pain.

And he also widened his eyes, turned his head, looked at Ye Feng behind him, and said in disbelief: "Ghost Demon Lord, how dare you frame me?"

Ye Feng suddenly smiled at this time, "Open your twelve eyes and see who I am."

Almost as soon as he finished speaking, Ye Feng suddenly turned into his original self and said loudly: "Now you know who I am!"

"It's you boy!"

At this moment, the six-headed dragon of darkness saw Ye Feng's true appearance, and his twelve eyes widened in an instant. He couldn't help but said in horror: "You didn't die in the Sea of Darkness! How could you? Will he become the Ghost Demon King? I understand! The Ghost Demon King was already killed by you in the Sea of Darkness."

At this time, the six-headed dragon of darkness finally understood everything.

But it's too late.

The demon-slaying sword in Ye Feng's hand suddenly burst out with endless thunder and lightning power, covering the entire dark six-headed dragon and destroying its entire body.

You must know that the demon-slaying sword in Ye Feng's hand is a powerful weapon left by the master of the demon-slaying sect in the dark world of a higher realm. It can trigger the power of thunder above the nine heavens.

So at this time, Ye Feng's sudden sneak attack naturally made the six-headed dragon of darkness unable to react in time, and was immediately killed.

At this moment, the Skeleton King of Hell not far away immediately said in horror: "Lord of the Dark City, you are actually united with this hateful boy. You two don't know each other at all. How is this possible? And this hateful guy Why did the boy suddenly become so powerful now? This is simply impossible. He has grown to the same level as us in a short period of time. This is absolutely impossible!"

The Hell Skeleton King was extremely shocked at this time.

He was about to run away.

But Uncle Scar laughed loudly at this time: "Ye Feng and I have been old friends for a long time. The moment we met, your fate was destined to be death!"

boom! !

At this time, Uncle Scar also took out his demon machete and slashed forward fiercely.

Boom!

The Demon God's machete suddenly became more than 100,000 meters long, and was cut down from high in the sky. In an instant, the Skeleton King of Hell who was running crazily not far away was slashed backwards.

At this time, Ye Feng released the space gem, flashed directly in front of the Hell Skeleton King, and then punched him hard.

You know, Ye Feng's current physical fitness and Hongmeng's immortal body have been upgraded to a very strong level.

Big levels.

So at this moment, the Hell Skeleton King was thrown upside down and fell hard to the barren ground, smashing a large area of land.

The Skeleton King of Hell immediately couldn't help shouting: "You are actually two against one, this is not fair!"

Boom!

But in the next moment, Uncle Scar rushed in front of the Hell Skeleton King, and then gave the Hell Skeleton King a big ear scraper, directly smashing the Hell Skeleton King's head.

Uncle Scar immediately grinned, looked at the body of the Skeleton King of Hell, and said loudly: "How long has it been, and you are still telling me whether it is fair or unfair."

After finishing speaking, Uncle Scar looked at Ye Feng, who was not far away, and said, "We can each take a corpse and throw it directly into the huge arch in front of us."

Hearing what Uncle Scar said, Ye Feng immediately nodded, directly picked up the body of the six-headed dark dragon he had killed before, and then threw it into the huge ancient arch in front of him.

Almost as soon as Ye Feng threw it in, the six-headed dark dragon immediately transformed into a huge sculpture of the six-headed dark dragon, which was reflected on the ancient huge arch in front of him.

Then, a dark light suddenly emitted from the arch, covering Ye Feng's whole person.

The next moment, Ye Feng immediately felt that he could step into this arch at will.

Seeing this scene, Ye Feng's eyes showed a strange look.

At this moment, Ye Feng stared at the various devil-pattern sculptures on the huge arch, and immediately couldn't help but said: "It is estimated that every devil and warcraft sculpture above has been sacrificed here. sacrifice."

Uncle Scar nodded and threw the Hell Skeleton King into the huge arch.

Like Ye Feng, the sculpture pattern of the Hell Skeleton King also appears on this arch.

Uh-huh!

Then a black light also enveloped Uncle Scar.

At this time, Uncle Scar smiled and said: "Feng Boy, let's go directly to the ancient ruins of Abi Hell. I hope we can have good luck and discover the good fortune in the ancient ruins of Abi Hell."

Buzz!

At this time, Ye Feng and Uncle Scar no longer hesitated and stepped directly into the huge arch.

Almost the moment the two of them entered the huge arch, Ye Feng and Uncle Scar immediately felt a very strong power of space, covering their entire bodies.

Then the next moment, the entire surrounding space began to shift.

The two of them entered another vast space in an instant.

But just there

The next moment, a very strong energy forcefully separated the two people.

Feeling this change in power, Ye Feng immediately couldn't help but said: "This is a teleportation formation that can randomly teleport us to the ancient ruins of Abi Hell. We estimate that we will be randomly teleported next." Go to any location in the ancient ruins space of Abi Hell."

Uncle Scar immediately spoke out: "Feng Boy, I hope we can all grow tremendously in this ancient ruins. Thank you for giving me the Hongmeng Purple Qi, which can sustain my life for a long time."

Buzz!

After saying that, the two of them instantly disappeared into the teleportation formation inside the huge arch.

I don't know how long it took, but Ye Feng's vision gradually recovered.

At this time, Ye Feng looked around and saw that the surrounding area was empty and the whole world was very dark.

There is a blood-colored moon high in the sky, illuminating the entire dark earth with a blood-red color.

At this moment, Ye Feng knew that he had arrived at the ancient ruins of Abi Hell.

At this time, Emperor Chu suddenly spoke in his mind: "Ye Feng, have you entered another new realm?"

Ye Feng immediately said out loud at this moment: "I entered the ancient ruins of Abi Hell."

When Emperor Chu heard what Ye Feng said, he immediately nodded in his mind and said aloud: "This should be the most primitive interface of Abi Hell."

"What?"

When Ye Feng heard what Emperor Chu said, his eyes immediately showed surprise, and he couldn't help but ask: "Emperor Chu, do you mean that the ancient ruins space I am in now is actually the interface of Abi Hell back then? "

Emperor Chu nodded and said loudly: "That should be the case, because I feel a very strong original aura of Abi Hell from it, and I know a very big secret of Abi Hell, in my ancient memory fragments There are some records."

"Really!"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up and he immediately asked: "What's the biggest secret?"

Emperor Chu said slowly: "Abi is the gate of hell."

"Abi's Gate to Hell?"

Ye Feng immediately showed surprise in his eyes.

He had never heard of Abi Hell Gate.

At this time, Emperor Chu explained aloud: "The Gate of Abi Hell was the natal magic weapon of the Lord of Abi Hell. It was the Gate of Heaven created by him to fight against the legendary Lord of Heaven. If it can be If you get the Gate of Abi Hell, you can continuously summon countless demon warriors who were born in the depths of Abi Hell. The Lord of Abi Hell originally forged

this portal to conquer the legendary heaven. However, the gate of heaven The main strength is too strong,

Moreover, there were countless armies of archangels, which directly suppressed the Lord of Abi Hell in the endless darkness, and he could no longer recover. "

When Ye Feng heard this, his eyes suddenly brightened and he said, "Even if he fails, the Lord of Abi Hell who dares to challenge the Supreme Lord of Heaven is already very fierce."

Emperor Chu nodded, and then said: "However, the gate of Abi Hell was lost somewhere in the interface of Abi Hell during the mythical battle that year. For thousands of years, countless practitioners I want to find this door of Abi Hell, because if I control the door of Abi Hell, it is equivalent to controlling countless demon warriors trained by the Lord of Abi Hell. And with the improvement of the user's cultivation, from Abi The demon warriors summoned from the Gate of Hell will become more and more powerful."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly moved and he couldn't help but said: "If I get the Gate of Abi Hell, then I can continuously summon countless demon warriors, all of which are living creatures." In addition to helping me fight, the demon army can also let me devour it and improve my skills, right?"

When Emperor Chu heard what Ye Feng said, he was stunned for a moment, as if he didn't expect that Ye Feng's focus was so strange.

Emperor Chu immediately nodded and said: "Of course, as long as you can control the gate of Abi Hell, and the countless demon warriors of Abi Hell summoned from it will all obey your orders, you can naturally Devour their energy to improve your own cultivation level, but you have to know that if your cultivation level is not high, the cultivation level of the demon warriors summoned from the gate of Abi Hell will not be high either. At most, they can only summon the same person as you. Demon warriors of the same level can only improve your cultivation level to a limited extent."

Ye Feng immediately laughed out loud: "Quantitative changes lead to qualitative changes. As long as I can summon enough demon warriors for me to devour, my skills will continue to improve."

When Emperor Chu heard what Ye Feng said, he immediately nodded and said, "You can give it a try then."

After finishing speaking, Emperor Chu fell silent.

Seeing that Emperor Chu was silent, Ye Feng quickly asked: "How should I find the gate of Abi Hell?"

Emperor Chu said aloud in his mind: "I don't know where exactly this is, but there seems to be a record of this in my ancient memory fragments, but it takes time to study. I will study the piece just now. Let's look at the awakened memory fragments and see if we can find any clues about Abi's Hell Gate."

Hearing what Emperor Chu said, Ye Feng immediately nodded vigorously and said loudly: "I hope Emperor Chu can find clues. In this case, maybe we can find the legendary Abi Hell Gate. , this thing is more useful to me than the Gate of Heaven for the time being. It will also be of great help to me in the future when I enter the "Dark World", the big world complex above the Demon Realm, and fight against the Dark Demon Cult, because If I had the Gate of Hell, I would be equal to countless armies by myself!"

Chapter 3580 Analysis of Ancient Patterns

At this moment, Ye Feng was talking, and there was still a hint of excitement in his tone.

Originally, Ye Feng was not very interested in the ancient ruins of Abi Hell.

But suddenly, Emperor Chu said that he had records in the memory fragments about the ancient ruins of Abi Hell. There might be the most powerful thing in it that the Lord of Abi Hell used to conquer the heaven. The Gate of Abi Hell could keep flowing. Summoned countless demon warriors living in the depths of Abi Hell.

This is an existence like an artifact!

It has a greater effect on Ye Feng than Heaven's Gate.

Because now Heaven's Gate is actually most useful to Ye Feng as a trump card to fight against enemies with dark attributes.

Moreover, if he wants to condense the Archangel of Light in the Gate of Heaven to fight against the enemy, Ye Feng needs to continuously input his own mana and consume his own skills.

But according to what Emperor Chu said, if Ye Feng possesses the Gate of Abi Hell, then he can continuously attract countless demons living in the deep space of Abi Hell from the Gate of Abi Hell without consuming any power. warrior.

This is definitely an artifact-like existence for Ye Feng.

Although Emperor Chu also said that the demon warriors summoned using Abi Hell Gate can only summon existences of the same level as himself at most. .??.??

But this is enough.

Even if Ye Feng is devoured to the end and his skills cannot be improved, these demon warriors with the same level of cultivation as Ye Feng can still help Ye Feng fight against enemies and conquer various territories.

This is an unknown level higher than the Golden City.

For a moment, Ye Feng originally valued the Golden City very much, but now the Golden City is no longer very popular in Ye Feng's eyes.

Ye Feng now really wants that Abi Hell Gate.

But now we can only rely on Emperor Chu to see if we can find any clues from his memory fragments.

Otherwise, Ye Feng's current attempt to find the door to Abi Hell among the ancient ruins of Abi Hell would be like finding a needle in a haystack.

At this time, Ye Feng had better think of something practical.

At this moment, Ye Feng exuded his soul power and moved towards the surrounding area to see where there were cultivation resources.

For Ye Feng, these demonic training resources also have huge benefits in increasing his skill.

"Boom!!"

But just at the moment when Ye Feng released his soul power, a huge roar suddenly sounded from a certain direction not far away.

When Ye Feng heard the roar, his eyes immediately moved in that direction.

Fly quickly.

Swish, swish, swish!

Next, Ye Feng traveled through a large area of barren land and finally came to the edge of a dilapidated ruin.

This dilapidated ruins are full of collapsed buildings, broken palaces, and many broken ancient buildings floating high in the sky.

The whole scene looks full of a strange and broken beauty.

At this time, Ye Feng suddenly understood that a very powerful demon cultivation civilization in Abi Hell should have been born here.

It's just that I don't know what happened, and it became what it is now.

It is very likely that the war with the heavens back then led to the fragmentation and disappearance of this place.

At this moment, Ye Feng was lurking in the void, and his eyes suddenly showed surprise.

Because he saw that the huge roar just now turned out to be the fourth most mysterious top demon strongman who was chasing Ye Feng at that time, Demon Flame Phoenix, who was burning with a man in this broken ruins. The tall demon with blue flames is fighting.

"This Demonic Flame Phoenix is indeed extremely mysterious. It appeared in the wilderness swamp and has actually entered the ancient ruins of Abi Hell."

At this moment, Ye Feng could sense that the real cultivation strength of this Demonic Flame Phoenix was actually much stronger than his current cultivation level.

Obviously, when he was chasing him before, this Demonic Flame Phoenix hid his strength in front of the top powerful demon clans.

This Demonic Flame Phoenix is the most powerful among the top demonic warriors in the southwest of the four major demonic realms.

At this time, Ye Feng did not take action rashly.

Because both this demon flame phoenix and the tall demon with blue flames burning all over his body fighting the demon flame phoenix are very powerful.

Ye Feng felt that the tall demon with blue flames should be a powerful demon native to the broken ruins of Abi Hell.

So at this time, Ye Feng sneaked towards the back of the broken ruins and moved quickly.

The Demon Flame Phoenix is fighting this tall demon with blue flames here, which shows that there must be something hidden in this broken ruins, otherwise it would not have triggered such a tragic battle.

So Ye Feng wanted to take a sneak peek to see what was hidden at the end of this broken ruins, which could allow such two super top experts to fight so fiercely here.

At this time, Ye Feng did not directly step forward to reveal his aura and identity, because Ye Feng knew very well that if he fought against one of them alone, there should be no problem.

But if these two powerful demons deal with him together, then he will not be able to fight them yet.

So at this time, while the Demon Flame Phoenix was fighting the tall demon whose body was burning with blue flames, Ye Feng used the space gem to shuttle through the depths of the void, hiding the attention of the two powerful demons. Went around to the back of this broken ruins.

Buzz!

At this time, the soul power exuded by Ye Feng wanted to find out why these two powerful demons were fighting.

Ye Feng guessed that they must be after something precious behind this broken ruins.

But before Ye Feng could radiate his soul power, he suddenly saw an ancient-looking palace standing at the back of this broken ruins.

This palace looks very complete, the workmanship is very exquisite, the carved beams and painted buildings are beautiful, and it is in great contrast with the dilapidated and desolate scene around it.

At this time, Ye Feng's eyes showed curiosity and he flew directly towards the exquisite palace.

"This is....."

When Ye Feng entered this exquisite palace, he immediately saw a rather strange scene.

This exquisite palace was completely empty, with only an ice coffin exuding cold air placed in the middle of the empty palace.

Ye Feng walked over and immediately saw a sleeping beauty who looked extremely beautiful lying inside the ice coffin.

However, this Sleeping Beauty has many crimson feathers on her body. These crimson feathers are very bright, giving the impression that her whole body is burning with flames.

"It seems to be a pure fire phoenix clan..."

Ye Feng's eyes showed surprise.

Unexpectedly, in the Demon Realm, one could encounter the extremely pure Fire Phoenix Clan.

At this time, Ye Feng suddenly thought of the Demon Flame Phoenix who was fighting the tall demon outside.

Could it be that the Demon Flame Phoenix came here just to find the Sleeping Beauty of the Fire Phoenix clan lying in this ice coffin?

The more Ye Feng thought about it, the more it seemed possible.

The Demon Flame Phoenix probably came here for the sleeping beauty in the ice coffin in front of him at this moment.

The two of them may be from the same Phoenix clan, but their appearance is

The demon flame phoenix in front of him seemed to be possessed after arriving in the demon realm, so the flames burning all over his body were not pure fiery red phoenix flames, but a black-red demon flame.

Ye Feng thought of this and shifted his gaze from the ice coffin in front of him to the surroundings.

Because Ye Feng has no interest in the sleeping beauty of the Phoenix clan frozen in the ice coffin.

Ye Feng came here to look for possible treasures or cultivation resources.

"Um?"

After Ye Feng's careful search, he really found some unusual places for Ye Feng.

Ye Feng saw that a very complete and mysterious pattern was carved on the ground of the entire hall.

This pattern appears to be a very ancient sacrificial pattern.

The center of this pattern is the sleeping beauty of the Phoenix clan in the ice coffin.

Seeing this scene, Ye Feng immediately showed surprise in his eyes, "Could it be that the tall demon who was fighting the Demon Flame Phoenix wanted to sacrifice the Phoenix Sleeping Beauty in the ice coffin as a sacrifice?" ? "What does he want to do?"

At this moment, Ye Feng followed the patterns in the hall and searched around, but did not find anything special.

This made Ye Feng a little puzzled.

At this time, Emperor Chu suddenly spoke in his mind: "Ye Feng, you can try to use the new domination gem and rune gem you just obtained to analyze the real purpose of this sacrifice pattern? "

Hearing what Emperor Chu said in his mind, Ye Feng showed a trace of surprise in his eyes, and couldn't help but said: "Can rune gems still analyze this ancient and mysterious sacrifice pattern?"

Emperor Chu nodded in his mind and said aloud: "Of course, the rune gems are the essence left by the Rune Emperor. They contain the most original meaning of the runes, and this ancient sacrificial pattern , are related to the legendary runes. There are many ancient runes contained in these patterns. Although these runes are the demon runes in Abi Hell, they are inseparable from their origins. As long as they are combined with the runes Related, rune gems can basically be analyzed."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up.

At this time, Ye Feng finally understood why Emperor Chu had said before that rune gems were very precious.

Even if it cannot exert any powerful attack power, rune gems can analyze anything related to runes in the world, including some formations smelted with runes, ancient totems, etc.

This ability is still very useful in some special occasions!
