

Ancient 3581

Chapter 3581 A black palm

At this time, Ye Feng did not hesitate and directly released the rune gems.

Buzz!

At this moment, a gem emitting mysterious light flew out from Ye Feng's eyebrows.

The rune gem emits a blue light like a scan, scanning the ancient patterns carved on the floor of the entire hall.

At this moment, the ancient patterns on the entire earth seemed to come alive, and fluctuations like life energy began to appear, connected with the mysterious power in the rune gems.

"Buzz!"

At this moment, Ye Feng could feel that the rune gems were constantly analyzing various ancient patterns engraved on the floor of the entire hall.

Ye Feng naturally controlled the rune gems at this time, trying to find the source of this ancient sacrifice pattern.

Buzz!

At this moment, a ray of light suddenly appeared among the rune gems, and began to move rapidly among the ancient patterns on the floor of the entire hall, and finally converged on the same point.

That is directly underneath this ice coffin.

"found it!"

Seeing this scene, Ye Feng's eyes suddenly lit up.

Emperor Chu also spoke in his mind at this time: "It seems that the result of the analysis of rune gems, the source of the sacrificial pattern in the entire hall is at the bottom of this ice coffin."

Uh-huh!

When Ye Feng heard what Emperor Chu said, he immediately flew over with great anticipation.

Then with a "bang-dong" sound, Ye Feng slapped the ice coffin in front of him and flew it not far away.

Then Ye Feng suddenly saw that there was a mysterious dark passage under the ice coffin.

Uh-huh!

Ye Feng didn't hesitate and jumped directly.

In less than a moment, Ye Feng had arrived at the bottom space of this dark passage.

At this moment, Ye Feng looked around and discovered that the dark passage under the ice coffin in the hall actually connected to a basement.

The basement space is not large, probably only half the size of the palace on the ground.

But in the middle area of the basement, a huge altar appeared.

This huge altar is entirely made of a black material. I don't know the specific material, but it exudes a very ancient and mysterious dark atmosphere.

And there is actually a hand in this altar.

This is a dark mysterious hand. It looks very shriveled, but it is made of solid iron. It feels very scary, as if it looks like something at a glance.

Being shrouded in the shadow of this dark hand, the whole person could not escape.

Buzz!

At this moment, Ye Feng's entire spiritual will seemed to appear as if a dark hand covering the sky and the sun had appeared, capable of blasting his entire body to pieces.

This was not an attack initiated by this hand on Ye Feng.

It was Ye Feng's subconscious feeling.

Buzz!

At this moment, the soul gem in Ye Feng's mind lit up with a golden light, dispelling Ye Feng's terrible psychological shadow.

This made Ye Feng's face show a trace of cold sweat.

"This dark palm is really terrifying."

You know, Ye Feng's current soul power level is very powerful.

Ye Feng's soul power intensity has now been raised to a full 3.5 million level.

But even so, if the soul gem hadn't flashed a golden light just now, Ye Feng would have sunk into the terrifying dark shadow of death created by this dark palm.

"This is definitely the palm of a super terrifying demon." Ye Feng's eyes were full of horror at this moment.

Emperor Chu also spoke up at this time: "Although I don't know where this palm comes from, it must have been the palm of a demon comparable to a god. And I always feel that this black palm, There is a high probability that it is the palm of the Lord of Abi Hell who died in the battle."

"What? The palm of the Lord of Abi Hell?"

Hearing what Emperor Chu said in his mind, Ye Feng suddenly showed a look of deep horror on his face.

Ye Feng never expected that he would encounter the palm of the legendary Lord of Abi Hell in the middle of such a hall?

However, Ye Feng felt that it was just as Emperor Chu had guessed. The black palm in the altar in front of him was probably the palm left by the Lord of Abi Hell after he died in the battle.

Because just for a moment, Ye Feng's powerful mental power was unable to compete. Even the soul gem released its power to dispel Ye Feng's shadow.

And you must know that at that moment, it was not the black palm that actively attacked him, but his subconscious feeling.

In other words, if this black palm really attacks me, it may be difficult for the soul gem to fight against it.

The one who can compete with the Dominator Gem is definitely the strongest among the strong. The pinnacle among the best is most likely one of the terrifying Dark King, the Lord of Abi Hell.

palm.

"If it is really the palm of the Lord of Abi Hell, then this palm is absolutely priceless."

At this moment, Ye Feng immediately asked in his mind: "Emperor Chu, should I risk getting this palm?"

Emperor Chu immediately said: "Of course you have to get it. If you get this palm of the Lord of Abi Hell, not only will it give you a super powerful trump card, but if you refine and fuse this palm into In your right hand, your right hand will have the infinite power of the Lord of Abi Hell, which

is absolutely terrifying. In addition, part of the body of the Lord of Abi Hell may be able to guide us to find Abi Hell. The clues of the Gate of Abi Hell left by the Lord back then." .??.

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up, his face immediately showed deep excitement, and he walked directly towards the altar in the middle of the basement.

Walking to the altar, Ye Feng stared at the dark palm in the altar at this moment, and said slowly: "Emperor Chu, what you mean is that I will directly refine and fuse this palm into In my right hand?"

Emperor Chu immediately nodded, his tone was quite solemn and solemn, and he said: "This process may be very dangerous, but I suggest Ye Feng that you take the risk, if you can really fuse this black palm If you succeed, your right hand will become the palm of the unparalleled Lord of Abi Hell, and will be able to burst out the terrifying and infinite dark power of the legendary Lord of Abi Hell, with boundless destructive power and destructive power."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Ye Feng knew very well that Emperor Chu did not like to brag like Shang.

Since Emperor Chu said it so solemnly, it means that the Lord of Abi Hell was indeed very terrifying back then. He was the well-deserved Lord of Hell, the King of Darkness, and a person who was proclaimed emperor and respected.

But it's normal to think about it. Being able to forge the Gate of Abi Hell, train countless demon warriors, launch an attack on the legendary Heaven, and challenge the Lord of Heaven must be very terrifying and powerful.

At this moment, Ye Feng no longer hesitated, took a deep breath, stared at the black palm in front of him, and asked aloud in his mind: "Emperor Chu, how should I remove this Abi Hell Lord's hand?" Palm, forcibly refined and fused into my right hand?"

Hearing Ye Feng's question, Emperor Chu thought for a moment, and then slowly said in his mind: "Ye Feng, your physique is very special and can combine the power of any attribute in the world, but you have to know that this One hand is most likely the palm of the Lord of Abi Hell back then. I guess that one is covered in blue flames.

The tall demon wants to sacrifice the fire phoenix in the ice coffin just to revive this hand. However, Ye Feng, you can't use this method of sacrifice, because once this hand is revived, something will happen in it. The will of the Lord of Abi Hell will be very difficult to resist, even with the soul gem.

Hearing what Emperor Chu said, Ye Feng immediately asked: "Then I should destroy all the ancient patterns of sacrifice now."

Hearing what Ye Feng said, Emperor Chu immediately shook his head and said: "If you destroy that ancient sacrifice pattern now, it is very likely that you will attract the attention of the two super powerful demons who are fighting outside. Strength will affect your subsequent refining."

Ye Feng said aloud: "Then I will directly use the Gate of Heaven to forcefully suppress the palm of the Lord of Abi Hell."

Emperor Chu shook his head and said aloud: "This method will not work. It is very likely to cause subconscious resistance from the palm of the Lord of Abi Hell."

When Ye Feng heard what Emperor Chu said, he felt helpless and couldn't help but ask: "What should we do?"

Emperor Chu thought for a moment, and then suddenly said: "You can't take this black palm away directly now, because the moment Ye Feng entered this basement, you also brought in the demonic energy from the outside. This It is very likely that a palm is slowly recovering now, so you must refine this palm into your right hand as soon as possible, so that this palm of the Lord of Abi Hell can completely become your own palm. , then it's stable."

Ye Feng nodded, and suddenly seemed to have thought of something, and immediately said: "By the way, Emperor Chu, I once got a dark gem, which is also a master gem level existence. Maybe the dark gem with the same attributes can help I fuse this palm with the Lord of Abi Hell, and I won't let this black palm become resistant."

Hearing what Ye Feng said, Emperor Chu immediately said aloud in his mind: "You can give it a try. The dark gem is a very special dominating gem. As long as it has dark attribute energy, it can coexist peacefully with the dark gem. , perhaps using the dark gem as a medium, the palm of the Lord of Abi Hell can be perfectly integrated into your right hand."

"Using dark gems as a medium?"

When Ye Feng heard what Emperor Chu said, he immediately nodded thoughtfully, and then directly released the dark gem.

Buzz!

At this moment, the dark gem flew out of Ye Feng's head in an instant, and then floated in front of Ye Feng.

At this time, Ye Feng directly controlled the dark gem and approached the black palm of the Lord of Abi Hell in the altar to see if he could succeed.

Chapter 3582 Amazing destructive power

Buzz!

At this moment, as the dark gem approached, the black palm that was originally silent began to vibrate slowly.

Ye Feng could feel that this dark palm seemed to be about to revive.

It feels like there is an eternal troll hidden in this small dark palm, as if it is about to wake up.

Once he wakes up, everything will be turned upside down.

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, do you think my method is really feasible?"

Emperor Chu also shook his head in his mind at this time and said aloud: "There is no other way now. We can only use the dark gem to see if we can attract and integrate this black palm into your right hand. Ye Feng, stop being impatient and speed up. I sense that the battle between the two top demon clans outside is about to end, and we are about to arrive in the hall where you are."

When Ye Feng heard what Emperor Chu said, there was a hint of urgency in his eyes. He nodded quickly, without any hesitation, and was ready to give it a go.

Boom!

At this time, Ye Feng frantically stimulated the power of the dark gem, and a large area of dark light suddenly burst out from the small gem, wrapping the dark palm in front of him in black light. Then he pulled it towards Ye Feng.

When Ye Feng pulled the black palm in front of him, Ye Feng immediately felt a terrifying and boundless dark energy fluctuation, surging like an ocean, appearing in front of him.

Ye Feng was very amazed. The energy contained in this black palm was simply terrifying to the extreme.

At this moment, Ye Feng immediately used the dark gem as a medium to fuse the palm of the Lord of Abi Hell into his right hand without any hesitation.

Boom!

At this moment, what can be seen with the naked eye is that the dark palm of the Lord of Abi Hell slowly merges into Ye Feng's right hand under the attraction of the dark gem.

Ye Feng's right hand suddenly burst out with black light, which felt very terrifying.

"ah!"

At this moment, Ye Feng couldn't help but roar loudly.

Even with Ye Feng's incomparable endurance, he felt that his right hand was filled with endless pain at this moment. His entire right hand felt as if it was about to burst. Every inch of flesh, flesh and bone was undergoing an unbearable pain. The horrific changes in language seem to be shattering and reorganizing!

Emperor Chu immediately asked in his mind: "Ye Feng, are you okay? If it really doesn't work, stop fusing this Abi Hell Lord's palm. I guess your current cultivation and physique are not able to do it for the time being. To bear such terrifying power."

Ye Feng gritted his teeth at this time and said loudly: "I can do it, I will definitely do it!"

At this time, Ye Feng's attitude was very determined.

Because he finally obtained this huge opportunity, Ye Feng had to smelt his right hand into the most powerful hand.

In this case, Ye Feng's combat effectiveness will be greatly improved in the future.

Because Ye Feng knew very well that he could no longer continue to be ignorant.

The most important thing now is to improve your strength as soon as possible and enter the Demon Realm.

The dark world on.

Ye Feng very much hopes to go to the Sea of Chaos where the Ye family is located as soon as possible to see what is happening to his father and mother, as well as all the members of the Ye family.

Because Ye Feng has experienced countless hardships and experienced countless storms and waves since he has been practicing, but he has persevered in them all.

The strongest belief in his heart is to be able to reunite with his relatives and protect his family.

Especially my father and mother.

These are the two closest people to Ye Feng in this world.

Back then, my father had been guarding me, who was innately cursed. He even went into the sky for his own sake, was seriously injured and was dying, and got a golden elixir to help him survive.

As for my mother, she would rather have her captured and taken back to the Kingdom of God behind her than let her protector, Uncle Nan, stay in the small Longyuan Continent to help her change her destiny against the will of heaven and protect her for more than three thousand years. time.

So for Ye Feng, this family relationship is absolutely as important as anything.

In addition to protecting his family, Ye Feng also has a very strong desire to fight against the dark demon sect commanded by Dark Yuan Zun.

Because along the way, Ye Feng had many of his friends in those low-level worlds.

Therefore, if I sit idly by and do nothing about the Dark Demon Cult, and wait until the entire Dark Demon Cult completely integrates the Great World of Origin, it will also have a devastating blow to those low-level worlds.

Therefore, whether it is for his family or friends, Ye Feng has long been at odds with the Dark Yuan Zun and the Dark Demon Cult whom he has never met yet.

So if Ye Feng wants to fight against all this and protect everything, he must pursue the most powerful power to be able to do all this.

At this time, Ye Feng had unparalleled faith in his heart.

He endured the horrific pain crazily, merging with the black palm of the Lord of Abi Hell.

Because Ye Feng knows very well that once the fusion is successful, his right hand will become the Abi Hell Hand that is even more terrifying than the Qilin Arm! !

Boom!

At this time, infinite terrifying dark energy surged crazily in Ye Feng's right hand.

For Ye Feng, the only thing he can do now is to persist and persist.

Because only by persisting until the end can we successfully fuse the palm of the Lord of Abi Hell.

In that case, Ye Feng will have unparalleled dark power.

Therefore, for this goal, Ye Feng is naturally gritting his teeth now, determined not to relax, and absolutely cannot give up easily.

Because once his will is relaxed, Ye Feng will fail, and then it will really be all in vain.

Not only will the will of the Lord of Abi Hell in this hand be revived, but he himself will also be put into a dangerous situation.

Dark gem!

At this critical moment, Ye Feng frantically inspired the power of the dark master, forming a bridge where his right hand and the palm of the Lord of Abi Hell merged with each other.

And the next moment.

Suddenly there was a "boom"!

Ye Feng's right hand actually exploded.

"Oops, the fusion failed!"

At this time, even Emperor Chu couldn't help but whisper in his mind.

But at the next moment, a very magical scene happened.

I saw Ye Feng's exploded right hand, and all the fragments melted into the entire black palm of the Lord of Abi Hell like ice and snow. .??.

Then the black palm of the Lord of Abi Hell merged with the dark gem and the fragments of Ye Feng's own right hand, and then re-condensed into a black-gold palm, which was connected to Ye Feng's right arm.

At this time, Ye Feng saw that his right hand had turned into a black and gold palm, and a trace of surprise suddenly appeared in his eyes.

Buzz!

At this moment, Ye Feng could feel that there was boundless power in his right hand.

Once released, it will surely turn the world upside down.

However, Ye Feng knew that his current cultivation strength was not enough to unleash the full power of this right hand.

But even so, Ye Feng still felt that he could suppress his former self with one hand.

At this moment, Ye Feng had curiosity in his eyes, staring at his brand new black and gold right hand, and said loudly: "Emperor Chu, did you also see what happened just now?"

Emperor Chu nodded in his mind and said aloud: "It should be the dark gem, the palm of the Lord of Hell Abi, and your own original palm. The three merged together and turned into this brand new Hell." hand."

Ye Feng nodded and said aloud: "I feel that my right hand is now full of endless power, and this hand of hell is even more powerful than the pure hand of the previous Abi Hell Lord, because it is also fused. There is a dark gem inside, and the palm of my Hongmeng Immortal Body is also fused into it."

When Emperor Chu heard what Ye Feng said, he immediately nodded and fell silent without saying anything more.

Ye Feng was looking at his black and gold right hand at this moment, with a trace of eagerness in his eyes.

Because Ye Feng wanted to try out how powerful and terrifying his hell hand was now.

Boom! !

Suddenly at this moment, a huge roar suddenly occurred above the hall.

Uh-huh!

Ye Feng's eyes moved and he immediately flew up from the basement.

When Ye Feng flew from the basement to the hall on the ground, he immediately saw two stunned strong men standing at the entrance of the hall.

It was the demon flame phoenix that was fighting in the broken ruins outside before, and the tall demon whose body was burning with blue flames.

At this time, the two powerful demon clan men were looking at everything in the hall with their mouths open.

What made Demon Flame Phoenix stunned was that the Fire Phoenix Sleeping Beauty in the ice coffin was thrown away like garbage and lay on the ground.

What stunned the tall demon with blue flames all over his body was that he had engraved thousands of years of sacrificial formation patterns on it.

, was forcibly destroyed directly from the source.

At this moment, looking at Ye Feng who suddenly rushed out of the basement, Demon Flame Phoenix immediately recognized the young man she had hunted down back then, and immediately couldn't help but exclaimed: "It's actually you! "

Demon Flame Phoenix naturally recognized Ye Feng's true face immediately. After all, she had hunted down Ye Feng before, so she was naturally very impressed.

At this moment, the face of the tall demon with blue flames burning all over his body suddenly showed an extremely ferocious look, and he roared angrily and said: "Damn boy, how dare you secretly destroy my life behind my back?" A thousand-year plan! I will cut you into pieces! You and

this Demon Flame Phoenix must be together! She wants to save his sister, but she has come up with such a shameful way to let people attack her behind her back. Destruction is really abominable!"

Boom!

At this moment, the tall demon with blue flames burning all over his body rushed towards Ye Feng.

The aura of cultivation emanating from this tall demon is actually a level higher than Ye Feng's current third level of the Wonderful Realm. It is a powerful existence that is perfect in the tenth level of the Dao Seed Realm above all the wonderful realms. "

At this time, the Demon Flame Phoenix suddenly stopped in front of Ye Feng and directly collided with the blue flame demon.

Then both fell back.

When Ye Feng saw this scene, there was a look of surprise in his eyes.

The Demon Flame Phoenix said aloud: "I know you came here for the treasures in this hall, but after all, you indirectly saved my sister's life and did not let her be harmed by the evil pattern formation in this hall. If you sacrifice her, then you have saved my sister's life, so I will naturally protect you."

Hearing what Demon Flame Phoenix said, Ye Feng just smiled indifferently and said, "I don't need your protection. Besides, you haven't settled the debt for chasing me before."

Boom!

Almost at this moment, Ye Feng suddenly stretched out his black-gold palm.

"What kind of palm is this?"

Demon Flame Phoenix immediately felt a very terrifying terrifying energy, surging in Ye Feng's hand.

Boom!

And at the next moment, under the stunned gaze of the super powerful Demon Flame Phoenix, Ye Feng's hand suddenly turned into a big black hand that covered the sky and the sun, filled with unparalleled dark power.

Like the hand of the ancient demon god, it is full of the evil atmosphere of hell!

Almost at the next moment, Ye Feng blasted the tall demon with blue flames who was still in a daze not far away nine thousand meters underground, and instantly wiped out the tall demon with blue flames.

"What a terrifying ancient power!"

At this time, after Ye Feng tested the amazing destructive power of his hell hand, his eyes immediately lit up.

My pain is indeed worth it. My current hell hand, my right hand, has turned into an extremely terrifying thing!

At this time, Ye Feng suddenly looked at the frightened Demon Flame Phoenix not far away, grinned, and said coldly: "I have killed this annoying guy. Next, Demon Flame Phoenix, between the two of us, It's time to settle the grievances between us."

Chapter 3583 Fire Phoenix Clan

After Ye Feng finished speaking, the demon flame phoenix not far away suddenly trembled, because now Ye Feng, the demon boy she had hunted down, had turned into a very terrifying existence.

Especially Ye Feng's right hand gave the Demonic Flame Phoenix a very terrifying feeling, almost making his soul tremble.

Demon Flame Phoenix couldn't help but take several steps back at this time.

But looking at the fire phoenix lying on the ground in the hall, she did not escape directly after all, but slowly said: "Are you going to kill me directly?"

Demon Flame Phoenix knew very well at this time that if Ye Feng wanted to kill her, she would definitely not be able to resist. ??

Because Demon Flame Phoenix had already witnessed the terrifying destructive power of Ye Feng's hand of hell, which was simply astonishing and terrifying.

At this moment, Ye Feng's eyes were killing and decisive, and he walked quickly towards the direction of the Demonic Flame Phoenix, wanting to get rid of this scourge directly, regardless of what happened to the other party.

But suddenly at this moment, Fire Phoenix lying on the ground not far away suddenly woke up. His beautiful eyes stared at Ye Feng and Demon Flame Phoenix who were present. He couldn't help but look at Demon Flame Phoenix. He asked aloud: "Sister, have you come to take me home? When will we leave the Demon Realm?"

Hearing what the Fire Phoenix said, Ye Feng's eyes suddenly moved and he couldn't help but ask: "Aren't you native creatures in the Demon Realm? Where are you from?"

Demon Flame Phoenix quickly replied at this time: "We come from the fifth level realm above the Demon Realm, but now all the advanced realms have been exerted by Dark Yuan Zun, the most supreme leader of the Dark Demon Cult. Tongtian's great abilities are all integrated together to form a big world complex, turning into a dark world where the Dark Demon Cult controls most of the territory. But we have to go back after all, and I want to take my sister with me. Go back, return to our Flame Phoenix Clan."

Hearing what Demon Flame Phoenix said, Ye Feng couldn't help but show a trace of surprise on his face, and then said: "I don't have to kill you, but you must take me out of the Demon Realm and into the final world." In the dark world."

Hearing what Ye Feng said, Demon Flame Phoenix was stunned for a moment, and then couldn't help but said, "Are you kidding, or are you serious?"

Ye Feng nodded and said loudly: "Of course I am telling the truth."

For Ye Feng, now that his cultivation has reached a very high level and he also possesses the Hand of Hell, the Demon Flame Phoenix poses no threat to Ye Feng at all.

Therefore, whether or not to kill Demon Flame Phoenix is no longer that important to Ye Feng.

If this Demon Flame Phoenix had no value to him, then Ye Feng would definitely kill it directly.

But now, this Demon Flame Phoenix actually knows how to leave

Demonic realm, enter the dark world above.

They play a huge role for Ye Feng.

It would be even more useful to keep this Demonic Flame Phoenix alive.

So at this time, Ye Feng directly stated his purpose.

Demon Flame Phoenix immediately nodded at this moment and said: "If you are willing to leave the Demon Realm with us, then I can naturally take you out of the Demon Realm and enter the dark world above."

Ye Feng said aloud: "However, I can't enter the dark world now because I feel that my cultivation is not strong enough, so you must follow me for the next period of time, and you must listen to me if."

"this....."

Hearing what Ye Feng said, Demon Flame Phoenix couldn't help but show a trace of hesitation on his face, and couldn't help saying: "This is really not possible, because my sister has suffered serious injuries now, even if After being rescued, I can't hold on for long. I must return to our Fire Phoenix Clan and receive treatment. Only our Fire Phoenix Clan has special elixirs that can cure my sister."

At this time, when Ye Feng heard what Demon Flame Phoenix said, he immediately said: "How injured is your sister? Can I check it out? In this case, maybe I can find a way to treat your sister."

For Ye Feng, the most important thing now is to keep this pair of sisters by force, so that he can take Ye Feng to the dark world.

When Ye Feng said this, there seemed to be some hesitation in the beautiful and cold eyes of Demon Flame Phoenix.

But the next moment, the fire phoenix not far away climbed out of the ice coffin, stood up, and said directly: "Sister, don't hesitate, I believe in my savior."

After finishing speaking, Huo Fenghuang, the younger sister, walked directly in front of Ye Feng, with a hint of gratitude on her beautiful face, and said, "My benefactor, you can investigate as much as you want."

Ye Feng nodded, stretched out a hand and placed it on the head of the fire phoenix in front of him.

Almost at this moment, Ye Feng immediately sensed a very strange and mysterious aura in the body of this fire phoenix.

It was an extremely dark force that was corroding and suppressing the vitality of the entire Fire Phoenix, causing her vitality to continue to flow away.

Ye Feng suddenly showed a look of surprise in his eyes, "This seems to be a very special dark force that can suppress the vitality of living beings and bring death and harm."

Loneliness. "

Hearing what Ye Feng said, Demon Flame Phoenix couldn't help but said: "Awesome, this power is indeed a very special dark power, coming from the Dark Demon Cult commanded by Dark Yuan Zun. My sister and I encountered a super strong man from the dark demon sect. My sister suffered severe injuries in order to save me, and my life origin was forcibly infected by that dark force, and then directly turned into the black demon flame that I am today. But this also gave me more power, so it was a blessing in disguise for me, but the same could not be said for my sister. My sister suffered severe injuries, so I took my sister to escape from the dark world, because we were also afraid of the super strong man of the dark demon sect. , the Fire Phoenix clan behind us will be wiped out, and the two of us will escape to the low-level realm of the Demon Realm alone, temporarily escaping the pursuit of the super powerful man of the Dark Demon Sect. "

Hearing what the Demon Flame Phoenix said, Ye Feng immediately nodded slightly.

It seems that the Dark Demon Cult is indeed very powerful in the dark world, with many super strong people.

Otherwise, the people of the ancient and powerful Fire Phoenix Clan would not be so frightened that they would not even dare to return to their original race for fear of causing disaster.

At this time, Ye Feng nodded slightly and said, "I can treat your sister's injury."

After saying that, Ye Feng directly stretched out his right hand, and then released the power of this hell hand.

Although the power of the dark demon sect seems to be somewhat different from the dark power of the demon realm, its origin is still dark.

Therefore, Ye Feng's Hell Hand can naturally absorb this power and even help Ye Feng.

At this moment, Ye Feng exerted the power of the Hand of Hell, and then directly absorbed all the dark energy from the body of the fire phoenix.

Buzz!

At this moment, Ye Feng immediately felt his hands of hell, which seemed to have become stronger.

There was a trace of surprise in Ye Feng's eyes. Could it be that his hell hand absorbed this high-level and special dark energy and could it be enhanced by evolution?

Thinking of this, Ye Feng's eyes suddenly lit up.

If you go to the dark world, then if you can continuously kill the dark superpowers in the dark demon sect and absorb their special and incomparable dark power, then you may be able to make your hand of hell stronger and stronger.

While Ye Feng was thinking secretly, the fire phoenix in front of him, which had been absorbed by the dark energy, suddenly burst into endless red flames.

It was as if she had turned into a

Like the Phoenix Goddess, she looks very sacred and noble.

Demon Flame Phoenix saw this scene and immediately couldn't help but exclaimed: "Sister, you have completely recovered?"

Fire Phoenix also nodded immediately at this time, with a beautiful face full of joy. He quickly came to Ye Feng, knelt down and said: "Thank you for your life-saving grace!"

At this moment, Ye Feng immediately pulled the Fire Phoenix sister in front of him to stand up, smiled and said: "It's just a little effort, so now you two sisters can follow me, right?" , until I need to go to the dark world."

Naturally, Huo Fenghuang didn't hesitate at all. He immediately nodded vigorously, grabbed Ye Feng's arm, and said with a smile: "I feel that my strength has been completely restored now. My benefactor is so powerful. I will follow my benefactor." I am very satisfied with my life. I can also take care of my benefactor's daily life and help him relieve his boredom."

When Demon Flame Phoenix saw his sister acting like a girl, she couldn't help but shook her head, then smiled bitterly and said, "Ye Feng, we two sisters will follow you from now on, I hope you will treat us well. "

Demon Flame Phoenix knew at this time that they were destined to follow Ye Feng.

So she didn't refuse. After all, Ye Feng was now very powerful, and she couldn't refuse even if she wanted to.

Moreover, Demon Flame Phoenix felt that Ye Feng was already qualified to make them surrender and even do some other special things.

At this time, Ye Feng nodded and said: "Don't worry, as long as you follow me obediently, obey my orders, and finally take me into a more advanced dark world, then when the darkness After the world, I will set you free and let you return to your Fire Phoenix clan. When I go to the dark world, I have my own things to do. But there is one thing we have in common, that is me and the dark world. The dark demon sect commanded by Yuan Zun is also a natural enemy."

Hearing what Ye Feng said, Demon Flame Phoenix's eyes suddenly lit up.

She originally thought that Ye Feng, as a demon in the demon realm, might fall into the arms of the dark demon sect when he entered the dark world.

But now it seems that this is not the case.

At this time, Ye Feng looked at the tall demon with blue flames burning all over his body that he had killed before, and then immediately released the Devouring Domain and began to devour the energy of this tall demon with blue flames.

After all, this tall demon with blue flames has very good cultivation. He is a whole realm higher than Ye Feng. He is a powerful existence in the tenth level of Taoism Realm in the Wonderful Realm, so after Ye Feng has swallowed it now, which can naturally improve one's own skills a lot.

Chapter 3584 Super Power

"Buzz..."

At this moment, with the devouring, Ye Feng suddenly felt a huge amount of demonic energy injected into his Dantian, causing Ye Feng's own skill to greatly increase in an instant.

After all, the cultivation skills of this blue flame demon are still very majestic.

As for being killed by Ye Feng in an instant, he can only blame Ye Feng's hell hand, which was really too powerful.

Otherwise, this tall demon with blue flames would not be able to block Ye Feng's blow.

It can be said that besides the biggest trump card of Heaven's Gate, Ye Feng's most powerful attack is the Hand of Hell.

Because this Hell Hand is the strongest arm forged from the fusion of the Lord of Hell and the Dark Gemstone, coupled with Ye Feng's own Hongmeng immortal physique.

Naturally, the power is astonishing and the destructive power is terrifying.

Boom!

At this time, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

Ye Feng's cultivation level directly broke through the first level of heaven again, followed the third level of all wonderful realms, and broke through to the fourth level of all wonderful realms.

Seeing this scene at this moment, Demon Flame Phoenix suddenly showed deep surprise in his eyes.

At this time, he finally understood why the young boy who was so weak at the time had become so powerful in a short period of time.

It turns out that he possesses this terrifying and evil ability.

Demon Flame Phoenix comes from a more advanced world, so she has seen many super powerful talents and so on.

But she has never seen such a terrifying and evil ability to directly swallow the energy of other living beings and strengthen herself. It is really terrifying!

At this time, after Ye Feng made a breakthrough in cultivation, he looked at the two sisters beside him, smiled and said, "Let's just leave here now."

This time, Ye Feng's eyes were filled with deep joy, because he came to this broken and ruined palace and got huge benefits.

This hand of hell is definitely Ye Feng's biggest gain so far, and it can provide him with very terrifying attack power.

For practitioners of the same level, once the Hand of Hell is used, it is simply a crushing existence.

At this time, hearing Ye Feng say that he wanted to leave directly, the sisters of the Fire Phoenix Clan immediately nodded their heads.

"correct."

Ye Feng seemed to have thought of something at this moment. He looked at the sisters in front of him and asked aloud: "What are your respective names?"

The younger sister immediately took Ye Feng's arm and said with a smile: "Benefactor, my name is Feng Jiuling, and my sister is Feng Jiuyao. We both have a nine in the middle of our names. That's because we are from the Fire Phoenix clan. The ninth generation descendant."

It has to be said that after her sister Feng Jiuling was rescued by Ye Feng, her favorability towards Ye Feng was extremely high, so she became very close to Ye Feng.

Seeing this scene, her sister Feng Jiuyao could only shake her head helplessly.

She knew that Feng Jiuling was probably completely fascinated by Ye Feng.

At this moment, Ye Feng nodded slightly, and then said aloud: "You go into the Golden City to practice. Next, I need someone to continue to look for other opportunities in the ancient ruins of Abi Hell. If anything happens, you can communicate with me directly in the City of Gold. It just so happens that you two can also help me cultivate other people in the City of Gold in the City of Gold."

The demon cultivators make their cultivation and strength stronger, and the power of the Golden City will naturally become more and more powerful. "

For Ye Feng, these two sisters of the Fire Phoenix Clan are very good in strength and cultivation.

Especially sister Feng Jiuyao, who combines the two special powers of fire phoenix and dark magic flame, is naturally more powerful.

With such two free labor forces, Ye Feng naturally had to make good use of them to enhance the power of his golden city.

Hearing what Ye Feng said, her sister Feng Jiuling immediately said with a smile: "Don't worry, my benefactor, I will definitely help my benefactor to train other demon cultivators in the entire Golden City. My sister will also train them carefully. Help The benefactor improves the benefactor's various trump cards and strengths."

Feng Jiuyao also nodded at this time and said aloud: "Ye Feng, I am very grateful for your grace of not killing, so I will accept all your subsequent requests as long as they are not too excessive."

When Ye Feng heard what the sisters said, he immediately nodded with great satisfaction, and then directly released the Golden City, sending Feng Jiuling and Feng Jiuyao into the inner space of the Golden City.

Next, Ye Feng absorbed the Golden City into his body.

Then Ye Feng walked out of the hall alone again and came to the ruins outside.

At this moment, Ye Feng immediately asked aloud in his mind: "Emperor Chu, now that I have successfully possessed the Hand of Hell, how can I use this Hand of Hell to sense the power forged by the Lord of Abi Hell? That supreme gate to hell?"

For Ye Feng, what he is really most interested in is the Gate of Abi Hell hidden in the ancient ruins of Abi Hell.

Because according to what Emperor Chu said, the Gate of Abi Hell can continuously attract and summon countless powerful demon warriors living in the depths of Abi Hell.

For Ye Feng, this is simply an artifact.

So Ye Feng naturally wanted it very much, even at any cost.

At this time, Emperor Chu said aloud: "I don't know how to do this for the moment, but you can use rune gems to analyze your hell hand and see the energy of the Lord of Hell in the hand of hell. , is there any connection with the ancient ruins of Abi Hell?"

Hearing what Emperor Chu said, Ye Feng suddenly showed a look of surprise in his eyes, "I didn't expect the rune gems to be able to analyze the hand of hell."

Ye Feng nodded immediately and started to run the rune gems.

Buzz!

The rune gem appeared in the center of Ye Feng's eyebrows.

The next moment, Ye Feng's eyebrows suddenly emitted a blue light, and he began to scan his hands of hell.

Almost at this moment, Ye Feng immediately discovered that there was a faintly special energy rune of the Lord of Abi Hell in the hands of Hell, which was inseparable from the surrounding ancient ruins of Abi Hell. connect.

Ye Feng's eyes suddenly brightened, and he couldn't help but said: "I didn't expect that the source of energy actually contains runes. No wonder the rune gems can analyze the hand of hell."

Emperor Chu immediately nodded and said: "Any attribute in this world

In fact, the source of energy is condensed from the most primitive runes. Therefore, the energy essence of many practitioners is that the primitive runes are combined together to form energy. I said before that rune gems are very powerful. Precious, now you should know why, because rune gems can analyze anything related to energy in the world. "

After Emperor Chu finished speaking, Ye Feng immediately nodded in agreement, and then quickly analyzed the original symbols of the Hand of Hell through the rune gems.

Then Ye Feng began to fly quickly towards a certain direction of the ancient ruins of Abi Hell based on the induction of this energy rune.

Ye Feng now has a slight connection with the Abi Hell Gate through the most original primitive runes contained in the Hand of Hell.

The direction Ye Feng is heading now is the exact location of the Abi Hell Gate guided by the most original primitive symbol contained in the Hand of Hell.

Soon, Ye Feng traveled through a large area of desolate land and came to the edge of the ancient ruins of Abi Hell.

This seems to be the end of the ruins space.

A broken interface barrier appeared in the distance.

Apparently the Abi Hell interface was shattered back then, and one of its fragments formed this ancient ruins.

At this time, Ye Feng flew to the edge of this ancient ruins, looked at the void not far away, with a trace of surprise in his eyes, and couldn't help but said: "Abi Hell's Gate guided by the Hand of Hell, is it hidden in this dark void?"

Emperor Chu also spoke out in his mind at this time: "This should be the interface of Abi Hell at that time. It was shattered in the ancient war. No one knows what is hidden in this dark void. Ye Feng, are you sure you want to go in?"

Ye Feng nodded at this time and said loudly: "Abi Hell Gate is like an artifact to me. If there is a chance, then I will try my best to get it. Now I have reached this point, there is no reason to retreat, and since I have a space gem on me, I won't die in this dark void."

After saying that, Ye Feng took a deep breath, no longer hesitated, and flew directly into the dark void.

The moment Ye Feng entered this dark void, he suddenly saw a very shocking scene.

I saw that in this dark void, there were actually huge stars, suspended in the darkness.

At this moment, Ye Feng felt as if he had entered a dark universe.

When Ye Feng saw this scene, he couldn't help but said: "Here, it is really the edge of the interface of Abi Hell, and it is connected to the endless dark starry sky."

After saying that, Ye Feng continued to activate the Hand of Hell and sensed the location of Abi's Hell Gate.

"found it!"

Suddenly, at this moment, Ye Feng felt a very strong energy fluctuation of Abi Hell Gate, which was emanating from a certain star in this dark void.

Uh-huh!

Ye Feng's eyes lit up and he immediately rushed in that direction.

Soon, Ye Feng traveled through a large area of dark void, and finally landed on the surface of a huge star.

This star is oval-shaped and very huge.

It is huge, suspended in the dark starry sky, and looks majestic.

Buzz!

The moment Ye Feng landed on the star, he immediately felt a huge gravitational force that made his whole body crack.

There was a hint of surprise in Ye Feng's eyes, "This star seems to be very dense, otherwise it would be impossible to have such a strong planetary gravity."

Next, Ye Feng quickly searched for the Gate of Abi Hell on the surface of the planet, but Ye Feng couldn't find it.

The surface of the entire planet is so bare that nothing seems to exist, let alone the Gate of Abi Hell.

But the energy fluctuations of Abi Hell Gate sensed by Ye Feng's Hell Hand are on this planet.

This made Ye Feng's eyes reveal a trace of doubt.

Buzz!

But suddenly at this moment, a group of strong demons with terrifying cultivation aura flew over from a certain direction not far away.

They are all wearing special strong armor, they look very tall and majestic, and their combat power and killing power are very terrifying.

Ye Feng sensed this group of powerful demons in an instant. They were probably a well-trained team.

Moreover, the cultivation aura of every strong demon has actually surpassed the Wonderful Realm and the Tao Seed Realm, and is a powerful being at the Immortal Punishment Realm level!

"What happened? Why did such a terrifying demon team suddenly come here? Could it be that they came here for the Gate of Hell? But I have the Hand of Hell, so I found the Gate of Hell hidden here. How did they find it on a planet? This is impossible. "

Ye Feng had a look of horror in his eyes at this time, and he immediately hid in the surrounding void, using the space gem to hide himself deep in the void.

Because this group of demons has hundreds of powerful beings with cultivation levels of the Immortal Punishment Realm, it is definitely not something that Ye Feng can fight against now.

Because the cultivation level of every powerful demon clan member is two entire realms higher than Ye Feng's current cultivation level!

And the moment this group of terrifying demons landed on the surface of the planet, Ye Feng immediately saw that the heavy armors worn by these powerful demons were all engraved with the three characters "Asura"!

"Could this group of terrifying demons be the super power of the top empire in the demon realm, the Asura Empire!"

At this moment, Ye Feng couldn't help but murmur secretly in the depths of the void.

Ye Feng didn't expect that he would meet the super powerful people of the Asura Empire so quickly.

Originally, Ye Feng was planning to wait until he got out of the ancient ruins of Abi Hell and then go to the Asura Empire to look for his friend, Princess Caiyun.

After all, Princess Caiyun is probably still imprisoned in the Asura Empire.

Although Princess Caiyun has the royal blood of the Asura Empire flowing through her body, Princess Caiyun still has half of the human blood. She is probably alone in the Asura Empire, and she is probably always alone.

So if Ye Feng has the ability, he naturally wants to go to the Asura Empire to rescue Princess Caiyun.

After all, Ye Feng's feelings for Princess Caiyun are also very unusual, and the two of them are like close friends.

Chapter 3585 How to refine

At this time, Ye Feng was secretly thinking, hiding in the void, observing the specific movements of this team of powerful demons from the Asura Empire.

Ye Feng guessed that the Asura Empire, as an empire-level superpower, would be able to discover the specific location of the Gate of Abi Hell, and it was probably very possible.

Therefore, Ye Feng felt that this extremely powerful demon team probably came here to find the legendary Abi Hell Gate.

After all, Abi Hell Gate is the natal magic weapon of a super powerful person at the level of the Lord of Hell.

And it can continuously summon and lead out countless demon warriors living in the depths of Abi Hell.

For a demon empire, this is definitely an artifact to supplement its troops.

So at this time, Ye Feng felt a little depressed. If this group of powerful demons from the Asura Empire could really find the Gate of Abi Hell and bring it back to the Asura Empire, then if he wanted to get the Gate of Abi Hell, it would be very difficult. It may be far away. .??.

Therefore, Ye Feng immediately had an idea in his mind. Even if he tried all means, he could not let this team of demons successfully bring the Abi Hell Gate back to the Asura Empire.

However, this group of demons is very powerful, with dozens of strong men.

Every powerful demon clan not only has very high-grade armor and is fully armed, but also has aura of cultivation that surpasses the two great realms of Ye Feng. It is the realm of immortal punishment above the realm of wonders and the realm of Taoism. Level super strong.

"As expected of a powerful force at the empire level, everyone's strength and cultivation are indeed terrifying."

Even Ye Feng couldn't help but exclaim at this moment.

Now it is obviously impossible and unrealistic to directly confront this demon team.

Therefore, Ye Feng could only observe in secret at this time.

Moreover, Ye Feng happened to be unable to find the Gate of Abi Hell, specifically where on this planet it was.

So it's time to see if this group of demons can find where the Abi Hell Gate is hidden.

Swish, swish, swish!

At this moment, while Ye Feng was observing, a team of dozens of extremely powerful demons from the Asura Empire had descended on the surface of the planet.

What surprised Ye Feng was that the moment the demon team landed on the surface of the planet, they all took out strange-looking tubular treasure-like things from their storage rings.

And at the next moment, these dozens of elite demonic teams from the Asura Empire all inserted the tubular treasures in their hands into the land on the surface of the planet.

"boom!"

"boom!"

"..."

Almost at this moment, waves of very dark energy surged out of these tube-packed treasures, filling the entire planet.

ball.

Rumble...

The next moment, Ye Feng saw in the void that the entire planet was rapidly collapsing.

As more than half of the planet's land was cracked, an extremely ancient portal appeared in the inner areas of these cracks. It looked extremely vicissitudes of life, and contained the aura of eternal loneliness.

When Ye Feng saw this scene, his eyes immediately showed deep surprise. He didn't expect that the Gate of Abi Hell was so huge, almost the size of a planet, that it was actually buried inside the planet.

No wonder I couldn't find it even after circling the surface of the entire planet. It turned out to be hidden in the body of the planet.

At this time, Ye Feng saw the huge Abi Hell Gate, and his eyes suddenly showed a deep fiery look.

Ye Feng is very eager to get this door to Abi Hell.

So in just a moment, Ye Feng didn't hesitate at all, he just crossed the void and quickly approached the ancient Abi Hell Gate inside the planet.

At this moment, these elite teams from the Asura Empire did not find any trace of Ye Feng in the void.

After they split the entire planet, they instantly jumped into the crack and were heading towards the gate of Abi Hell.

However, just as these demonic teams approached the Gate of Abi Hell, the Gate of Abi Hell suddenly released a dark light, forming a huge dark light shield, which actually blocked these demons from the Asura Empire. The clan team was all blocked from the outside.

Apparently, the Gate of Abi Hell is not so easy to obtain.

A demon commander in this team immediately said: "Don't panic, everyone. The Gate of Abi Hell is the most powerful treasure forged by the legendary Lord of Abi Hell. It is very supreme and cannot be approached casually. Yes, we are now working together to use the ancient magic weapon and treasure given to us by Lord Asura Demon God, slowly refining the Gate of Abi Hell into that ancient magic weapon, and then bring it back Asura Empire."

But the moment the demon commander of the demon team finished speaking, the void suddenly fluctuated.

Buzz!

A young man in white suddenly rushed out of the void and rushed towards the gate of Abi Hell in an instant.

Seeing this scene, the powerful demons of the Asura Empire suddenly shouted: "Commander, there are thieves who secretly followed us here and want to snatch the gate of Abi Hell!"

"Don't panic."

However, the commander-in-chief of the Asura Empire just looked coldly at this moment.

Laughing, he said aloud: "Let him grab it. I sensed the cultivation level of this thief. He is just a humble person two levels lower than us. The gate of Abi Hell is a sacred and supreme thing. Even strong people like us can't." No one can get close to him, and we all need to use the magic weapon given to us by the Demon God, let alone this little thief. We will soon see his miserable state of being torn apart. "

But just when this group of magic teams from the Asura Empire felt that Ye Feng would definitely die without a burial place.

Suddenly the next moment.

Their eyes suddenly widened.

Because they saw that Ye Feng actually entered the dark light emanating from the Abi Hell Gate without any damage. .??.

"This...how is this possible!!"

At this moment, a group of dark demons from the Asura Empire suddenly screamed out in surprise, unable to help but show deep horror in their eyes.

Because they are two levels higher than Ye Feng in cultivation, but they are still unable to compete with the dark light shield released by Abi Hell Gate. They are also planning to try to use the special magic weapon given to them by the Demon God. Let's see. Can you bring back this Abi Hell Gate?

But now, Ye Feng actually entered the dark light shield of Abi Hell Gate without any damage.

This is incredible to the extreme!

At this moment, these strong demons from the Asura Empire rushed towards Ye Feng, trying to stop Ye Feng.

But the moment they approached the dark light shield around the Gate of Abi Hell, there was a sudden "boom" and they bounced back, hitting them directly.

At this time, a group of strong demons from the Asura Empire had deep gloomy looks in their eyes.

Especially the commander of the demon team who had just said that Ye Feng would definitely be torn apart, his eyes were very ugly at this time.

He stared at Ye Feng, who was approaching the Gate of Abi Hell, and said slowly: "Everyone should guard the area around the Gate of Abi Hell, and jointly seal this space. That kid If he dares to come out, he will be killed instantly."

The other group of strong demons nodded one after another, with cruel looks in their eyes, and said loudly: "The commander-in-chief is right, even if this kid has some special method, he can enter the dark light shield of the Abi Hell Gate. But his cultivation level is two levels lower than each of our strong ones. As long as he dares to come out, we can kill him instantly. "

And just when this group of strong demons from the Asura Empire were discussing how to kill Ye Feng.

Ye Feng himself has safely arrived at the edge of the Abi Hell Gate.

The reason why Ye Feng was able to pass through the gate of Abi Hell

The dark light shield released was naturally because Ye Feng possessed a hell hand.

You must know that Ye Feng's hell hand is the hand of the Lord of Abi Hell back then, so it is natural that Ye Feng and Abi Hell Gate can have a very cordial relationship.

Therefore, the dark protective light shield produced by Abi Hell Gate will not block Ye Feng's entry.

Uh-huh!

At this moment, Ye Feng came to the door of Abi Hell. Looking at this ancient and boundless door, he felt the feeling of endless vicissitudes of life, and an infinite and terrifying secret of space.

Ye Feng immediately understood. Emperor Chu was right. The Gate of Abi Hell is a portal that can connect to different dimensions. It can summon countless demon warriors from the depths of the most mysterious Abi Hell.

At this time, Ye Feng immediately asked in his mind: "Emperor Chu, how can I refine this legendary Abi Hell Gate?"

At this moment, Ye Feng no longer felt that the group of dozens of powerful demons outside were a threat.

If it was Ye Feng before, he would definitely be very fearful.

But now Ye Feng has approached the Gate of Abi Hell earlier than them. As long as Ye Feng can refine the Gate of Abi Hell and summon a steady stream of demon warriors with the same level of cultivation as himself, even the human sea tactic will not work. It can consume dozens of powerful demons from the Asura Empire to death.

At this moment, after Ye Feng asked aloud in his mind, Emperor Chu immediately responded: "If you want to refine this Abi Hell Gate, you must use your hell hand and this one." This is the only way to create a connection with the Gate of Hell, please give it a try."

"good."

When Ye Feng heard this, he immediately nodded and used his right hand, the hand of hell, to press on the ancient Abi Hell Gate in front of him.

Boom!

Almost at the moment when Ye Feng pressed his hand of hell on the door of Abi's hell, a terrifying energy burst out the moment the two touched each other.

At this moment, Ye Feng's right hand suddenly burst out with divine light.

The Gate of Abi Hell was also shaking violently at this moment, causing the entire planet to shake violently, as if the entire planet was about to collapse. The scene was very terrifying.

At this moment, the dozens of extremely powerful demon team members of the Asura Empire who were waiting outside and wanted to kill Ye Feng felt the vibrations on the ground of the entire planet, as if the entire planet was about to collapse. A look of horror suddenly appeared on their faces.

Some strong men couldn't help but exclaimed: "Who is that kid? He can actually activate the ancient energy of the gate of Abi Hell? How is this possible? Is this kid the reincarnation of the Lord of Abi Hell who died in the battle? ?"

Chapter 3586 Reviving

"This is incredible!"

At this time, all the powerful demons from the Asura Empire could not help but exclaim.

Because they can feel that the entire planet is about to collapse.

This is definitely the Gate of Abi Hell, the oldest power guided by the boy in white just now.

Otherwise, it would be impossible to produce such a large terrifying fluctuation.

At this moment, the commander of this group of demons from the Asura Empire suddenly turned gloomy.

Originally they thought Ye Feng was just a kid who didn't know how to live or die.

But they didn't expect that this weakling, whom they looked down upon at all, could actually activate the oldest power in the Abi Hell Gate.

This is really incredible.

At this time, almost all the powerful members of the demon team in the Asura Empire were a little dumbfounded.

They never thought that the ordinary-looking young man in white would possess such incredible abilities.

And while everyone was dumbfounded, Ye Feng was alone at this moment, standing in front of the gate of Abi Hell, his eyes filled with deep excitement.

Because Ye Feng could feel at this time that there was an inseparable connection between his hell hand and Abi's hell gate.

Although I haven't completely refined Abi Hell Gate yet.

But Ye Feng felt that as long as he worked hard for a while, he could refine all the Abi Hell Gates.

Boom!

At this moment, Ye Feng quickly shrank the Abi Hell Gate, and then put it into his own Hell Hand.

Buzz!

At this moment, a small mark of the Gate of Hell appeared on the back of Ye Feng's hell hand.

After Ye Feng obtained the entire Abi Hell Gate, he quickly ran away crazily into the distance.

For Ye Feng, he doesn't have time to refine the Abi Hell Gate on the spot. He can only put the Abi Hell Gate into his hell hand first and wait for it to be slowly refined later.

At this moment, when Ye Feng took Abi's Hell Gate into his own hands.

The dark light shield released by Abi Hell Gate suddenly disappeared.

"Look!"

"The boy is out!"

A group of powerful demons from the Asura Empire not far away saw this scene at this moment, and immediately shouted angrily: "Hurry up and catch that kid, he has already escaped, and Abi has been killed." The gate of hell has been robbed, this nasty little thief must be cut into pieces!"

These elite demon warriors from the Asura Empire, at this moment, all burst out with their extremely powerful Immortal Punishment Realm level cultivation aura, and rushed towards Ye Feng crazily.

want

You know, there are dozens of powerful demons at the Immortal Punishment Realm level, and Ye Feng is simply unable to deal with them now.

Even if Ye Feng possesses the Hand of Hell, it is estimated that it will be difficult to fight against dozens of powerful demons at the Immortal Punishment Realm level.

And you must know that these powerful demons are not ordinary powerful demons, they all come from the extremely powerful Asura Empire, a super power.

Therefore, when they are fully armed, their combat effectiveness is even more astonishing.

Although Ye Feng is very confident in his Hell Hand, Ye Feng is not blindly arrogant, and there is no way he can fight against dozens of fully armed demon superpowers at the Immortal Punishment Realm level.

So at this time, Ye Feng had no intention of resisting at all. Instead, he focused on activating the space gems and quickly fled out of the starry sky, hoping to leave the ancient ruins of Abi Hell as soon as possible.

As long as Ye Feng is allowed to leave the ancient relics space of Abi Hell, then after Ye Feng returns to the Demon Realm, the sea will be as wide as a fish can leap, and the sky will be as high as a bird can fly.

Buzz! !

At this time, Ye Feng activated the power of the space gem almost to the extreme, causing space wormholes to quickly appear around Ye Feng. Ye Feng was able to quickly jump into the void between the space wormholes, heading towards Flee quickly in the direction outside.

Ye Feng's speed was very fast. In less than a moment, he had left this empty dark universe and returned to the ancient ruins of Abi Hell.

However, a group of dozens of extremely powerful demons from the Asura Empire behind him were still chasing him.

Ye Feng continued to flee towards the outside of the ancient ruins of Abi Hell.

Because Ye Feng knew very well that he simply couldn't deal with so many super powerful people now.

But what made Ye Feng's eyes look downcast was that the cultivation of these Immortal Punishment Realm powerhouses from the Asura Empire was indeed too strong, so Ye Feng was unable to escape for a while.

At this moment, Emperor Chu made a suggestion in his mind and said: "Ye Feng, you can escape while refining the Abi Hell Gate. Otherwise, there is no way for you to escape like this."

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Ye Feng felt that Emperor Chu was right.

If we keep running away now, that's not an option.

It would be better to quickly refine Abi Hell Gate.

If he could quickly completely refine and control the Abi Hell Gate, then Ye Feng would have the confidence to fight against the dozens of powerful demons from the Asura Empire.

Although the cultivation levels of these dozens of powerful demons from the Asura Empire are two realms higher than Ye Feng.

But Ye Feng possesses the Hand of Hell, which can burst out with very terrifying attack power. If coupled with Abi Hell Gate, he can summon countless demon warriors of the same level as Ye Feng.

In that case, maybe he could really kill all the dozens of strong demons from the Asura Empire who were chasing him.

At this time, thinking of this, Ye Feng immediately started refining Abi Hell Gate.

Fortunately, Ye Feng's life source is very powerful and his skill reserve is very large. He can escape while releasing his power, inputting it into the Abi Hell Gate, and constantly refining the Abi Hell Gate. ??

As the most powerful magic weapon of the Lord of Abi Hell, the Gate of Abi Hell is naturally very powerful.

You know, back then the Lord of Hell Abi forged this door to fight against the Lord of Heaven's Gate of Heaven, so it was very terrifying.

During the subsequent escape process, Ye Feng spent a long time refining before he was able to refine a little bit.

But Ye Feng was not in a hurry.

Because Ye Feng possesses the space gem, the powerful demons from the Asura Empire who are chasing him from behind cannot catch up with him at all.

With everyone chasing after each other.

Ye Feng has left the ancient ruins of Abi Hell and returned to the demonic realm outside the ruins.

Now that Ye Feng has left the ancient ruins directly, he has no way to contact Uncle Scar who entered together before.

After all, the situation was very critical now, and Ye Feng had to escape quickly.

When Ye Feng left the ancient ruins and returned to the Demon Realm, Ye Feng immediately flew quickly towards the southwest of the Demon Realm that he was most familiar with.

Because Ye Feng is not familiar with other places. Only in the southwest of the Demonic Domain, Ye Feng knows all kinds of terrain very well.

Ye Feng fled to a desert in the southwest of the Demon Realm and suddenly disappeared.

The dozens of powerful demons from the Asura Empire who came here after Ye Feng lost sight of Ye Feng at this moment, and their eyes suddenly showed a deep gloomy look.

The demon commander in the group immediately spoke out: "Everyone spread out, we must find that hateful boy."

"No need to look for me, I came out on my own initiative."

But suddenly at this moment, Ye Feng suddenly appeared from the high altitude of this desert.

At this time, an extremely ancient portal was floating behind Ye Feng.

That is the gate of Abi Hell!

At this moment, the dozens of powerful demons from the Asura Empire saw this scene, and immediately smiled coldly, and said loudly: "Boy, don't think that you can deal with us just because you have obtained the Gate of Abi Hell. You The gap between his cultivation level and ours is really huge."

At this time, Ye Feng heard this group of Asura Empire

The strong demons said this, their faces were very indifferent and expressionless, and they just said calmly: "We will know next if we can deal with you!"

During this period of pursuit, Ye Feng finally took the time to completely refine Abi's Gate of Hell.

So at this time, Ye Feng has completely controlled the Gate of Abi Hell.

At this moment, Ye Feng completely manifested the Abi Hell Gate, and then began to attract countless powerful demon warriors from it.

Boom!

At this moment, the other side of the Abi Hell Gate seemed to be connected to a very deep and dark interface space.

That is the depth of Abi Hell!

The darkness here is deep, the environment is harsh, and the demonic energy is as overwhelming as the vast ocean.

There are countless demons living there, all of them are powerful demon warriors trained by the Lord of Abi Hell.

Since the death of the Lord of Abi Hell, they can only survive in the harsh environment in the deepest part of Abi Hell.

But they are still very powerful and eager to fight and conquer.

At this time, the Gate of Abi Hell once again manifested its power and glowed with vitality. In an instant, the group of demon warriors who had been living in the harsh environment in the deepest part of Abi Hell were all ecstatic.

"Has the great Lord of Hell revived again?"

"Has our supreme commander of Abi Hell come back again?"

At this time, countless demon warriors living in the depths of Abi Hell sensed the call from the gate of Abi Hell, and immediately made ancient and terrifying sounds.

At this moment, in this desert in the southwest of the Demon Realm.

From the Abi Hell Gate behind Ye Feng, tall, fully armed demons suddenly rushed out.

These are all demon warriors who survive in the harsh environment deep in Abi Hell. They are very powerful and have terrifying fighting capabilities.

They all flew out, and then followed Ye Feng's orders and began to charge towards the dozens of powerful demons from the Asura Empire in front of them. They had no fear at all and were not afraid of death.

Dozens of demon warriors from the Asura Empire were originally frightened by the dense crowd of demon warriors. After all, the demon warriors like a torrent of steel suddenly rushed out from the Gate of Abi Hell, which was quite a visual impact.

But the next moment, they sensed the cultivation aura of these demon warriors. They were the same as Ye Feng. They were all from the fourth level of the Wonderland.

These demon warriors from the Asura Empire immediately laughed out loud and said sarcastically: "Boy, the demon warriors summoned by the gate of Abi Hell have limited cultivation. At most, they can compete with your own cultivation. If they are the same, then it seems we don't need to be afraid at all, they are just a group of weak people! We can destroy a large area in an instant with a wave of our hands!"

Chapter 3587 Damn it

At this time, many powerful demons from the Asura Empire spoke with deep sarcasm, mocking Ye Feng crazily.

Because these demon warriors summoned by Ye Feng all have the same cultivation level as Ye Feng, and they are only in the fourth level of the Wonderful Realm.

For these powerful demons at the Immortal Punishment Realm level, they are two entire realms below them.

They didn't feel afraid at all, thinking that these demon warriors were just here to die.

At this moment, Ye Feng heard the sarcastic voices of these powerful demons from the Asura Empire, but his expression was very indifferent, and he did not show any anger or annoyance. ??

Because Ye Feng has now defeated dozens of powerful demons from the Asura Empire.

These powerful demons may have thought that these demon warriors were vulnerable.

But Ye Feng knew that although these demon warriors were at the same level as himself, their fighting power was astonishing.

Because these demon warriors are not ordinary demons from Abi Hell, but demon warriors who have undergone special training by the Lord of Abi Hell.

So their fighting power is amazing.

Boom!

At this time, countless demon warriors at the same level as Ye Feng all rushed out from the gate of Abi Hell.

Then, like a black steel torrent, it instantly hit dozens of powerful demons from the Asura Empire not far away and began to attack.

boom! !

At this time, the powerful demons in the Asura Empire burst out with their extremely powerful power.

It has to be said that this group of elite demon warriors who have cultivated in the Immortal Punishment Realm are indeed very powerful. They destroyed a large number of demon warriors as soon as they came up.

But as time went by, these dozens of powerful demons from the Asura Empire suddenly discovered that their power was being consumed rapidly and was slowly becoming exhausted.

The demon warriors attacking around them were almost endless, and they rushed out from the gate of Abi Hell, causing huge pressure on them.

"Damn it... there are too many, I can't kill them all!"

At this moment, the powerful demons of the Asura Empire, whose faces were full of sarcastic smiles before, finally stopped laughing at this time, and their faces became extremely gloomy.

At this time, the demon commander of this team possesses the most powerful terrifying cultivation level of the tenth level of Immortal Punishment Realm.

He immediately yelled: "Everyone, cover me. I'm going to kill the hateful boy who controls Ah Bi Hell Gate. As long as this kid is killed, Ah Bi Hell Gate will not be able to continuously summon Demon warriors are coming out!"

"Yes, Commander."

At this time, the other powerful members of the demon team nodded one after another, and then escorted the demon commander and rushed towards Ye Feng quickly.

However, Ye Feng would not confront these powerful demons at this time. Instead, he quickly used space gems to flash in the surrounding void, making it impossible for these powerful demons from the Asura Empire to attack Ye Feng. .

\u003e

"Damn it!"

This made the commander of this group of demons extremely angry, but he could only be helpless and furious.

Because he couldn't catch Ye Feng at all.

At this moment, these powerful demons from the Asura Empire suddenly discovered a very terrifying thing.

Those were the demon warriors who flew out from the gate of Abi Hell, and their cultivation was rapidly and continuously improving.

From the fourth heaven of the Wonderful Realm, it soon became the fifth heaven of the Wonderful Realm, and then after a while, it turned into the sixth heaven of the Wonderful Realm, and it is still improving. For these dozens of Asuras The pressure on the empire to become erect is mounting.

This change is naturally due to the improvement of Ye Feng's cultivation at this moment.

The higher the cultivation level of Ye Feng, the master who controls the Abi Hell Gate, the stronger the cultivation level of the demon warriors he summons and leads.

During the whole process, after many demon warriors were killed by the strong men of the Asura Empire, the blood energy naturally gathered in the area where Ye Feng was, and they were all swallowed up by Ye Feng.

Therefore, Ye Feng's current cultivation level is directly improving rapidly and continuously, and has been promoted to the eighth level of the Wonderful Realm.

So at this time, these demon warriors who rushed out from the gate of Abi Hell, all of them had cultivation levels in the eighth level of the Wonderful Realm, bringing transcendence to these dozens of demon warriors from the Asura Empire. The increasingly terrifying pressure has made them all dumb and unable to express their sufferings.

"Damn it, why can't we catch this damn boy?"

At this moment, the demon commander was still unable to catch Ye Feng under the escort of several other powerful demons.

Because Ye Feng uses the space gem, his mobility is really terrible, and it is impossible to capture the specific traces of Ye Feng.

At this time, a group of powerful demons from the Asura Empire were drowned among countless demon warriors, and were finally completely exhausted.

At this time, they finally had the intention to retreat.

At this moment, the demon commander immediately said: "Everyone should hurry up and escape. Don't waste it here, because it is completely meaningless."

Boom!

At this time, a group of dozens of powerful demons from the Asura Empire nodded one after another, then joined forces, worked together to open a passage, and quickly fled outside.

"Hands of hell!"

But suddenly at this moment, a cold shout could be heard in the void.

Suddenly, a towering dark hand suddenly struck out from the void high in the sky.

Like a black mountain, blocking out the sky and the sun!

"Boom!!"

The next moment, the big black hand struck down hard, instantly blasting several strong men from the Asura Empire into pieces.

.

The attack power of the Hand of Hell is still very terrifying.

These powerful demons from the Asura Empire are no longer strong enough, so they cannot resist the power of Ye Feng's hell hand at this time.

And you must know that Ye Feng's cultivation has improved a lot during the whole process, and he has reached the eighth level of the Wonderful Realm.

Therefore, after Ye Feng released the Hand of Hell, the destructive power and destruction produced were naturally more powerful.

At this moment, Ye Feng laughed loudly in the void: "Didn't you say you could kill me? Now it seems that the one who really wants to die is yourselves."

"Damn it!" ??

At this time, the demon commander from the Asura Empire had deep anger in his eyes.

He immediately shouted: "Dark sky-locking spell!"

Boom!

At this time, the demon commander used a very powerful unique inheritance. Curse power suddenly erupted from the demon commander's body, and then the surrounding world was instantly locked. Ye Feng was forcefully forced out of the void.

Ye Feng's eyes showed a trace of surprise at this time. He didn't expect that this demon commander was quite capable.

However, there was no fear in Ye Feng's eyes at this moment, but he said loudly: "Even if you force me out of the void, it will be of no use. Your strength is almost exhausted now, and I am at my peak." Peak state."

Hands of hell!

At this moment, Ye Feng didn't hesitate at all and just used his strongest move.

Because other attacks are probably not of much use to these powerful demons.

The most powerful one now is the Hand of Hell.

So Ye Feng attacks directly through the Hand of Hell.

Ye Feng's right hand suddenly turned into a big dark hand that covered the sky and the sun, full of unparalleled destructive power, and directly collided with the demon commander.

Boom! !

The entire field suddenly erupted with huge roars, which made everyone feel deeply horrified.

Because of the power that Ye Fengzhong unleashed from the eighth heaven of the Wonderful Realm, he was actually able to fight with the demon commander of the tenth heaven of the Immortal Punishment Realm.

It's really incredible.

Even though the demon commander is almost exhausted now.

But you must know that the cultivation level of this demon commander is two entire realms higher than Ye Feng.

Even if his power is exhausted, he should be able to kill a weakling like Ye Feng in an instant.

But Ye Feng was able to compete with the demon commander.

This made dozens of other powerful demons from the Asura Empire sink to the bottom of their hearts.

Because they know that they probably won't be able to fight against this hateful young man today.

Boy.

Boom!

Suddenly at this moment, Ye Feng violently released the Golden City, bursting out the terrifying power of the Golden City.

You must know that the Golden City is now very powerful, so the destructive power erupted at this time is very terrifying, and it directly caught the demon commander by surprise.

Boom! !

Under the joint attack of the Golden City and the Hand of Hell, even a super strong man like the Demon Commander was somewhat unable to resist.

The entire body of the demon commander was more than half broken, and he yelled angrily: "Damn little thief! You and I are at odds with each other. Even if you kill me, there will still be thousands of me!" "

"Because I am the commander of the elite team of the Asura Empire. If you kill me, you will offend the Asura Empire!"

Hearing what the demon commander said, Ye Feng showed no expression at all. He just said lightly: "I have heard threats like this from you too many times. It is of no use to me and I will not let me do this." Instead of killing you."

Hands of hell!

The next moment, Ye Feng continued to use the Hand of Hell, bursting out the dark power of the Lord of Hell.

Directly under the horrified gaze of the demon commander, his entire body was instantly shattered into countless pieces.

Demon clan commander, die!

"The Commander-in-Chief is actually dead!"

At this time, the other powerful demons from the Asura Empire widened their eyes for a moment, as if they couldn't believe what they were seeing.

The death of the extremely powerful demon commander was a huge blow to them.

So at this time, the remaining strong men of the Asura Empire had no will to fight at all, and they all fled around frantically.

A dozen powerful demons at the Immortal Punishment Realm level all fled around, and even Ye Feng couldn't stop them all for a while.

But at this time, Ye Feng glared hard and directly released his most powerful trump card.

It is also the biggest nemesis of the dark attribute demons, that is Heaven's Gate.

Buzz!

Almost at this moment, countless white divine lights appeared behind Ye Feng, and a door that was more supreme than Abi's Hell Gate appeared, that is, the Gate of Heaven.

Infinite white holy light burst out from Ye Feng's body and directly enveloped the surroundings. The powerful demons of the Asura Empire who were fleeing were suddenly enveloped by the holy light of the Gate of Heaven. Unable to move.

Their eyes suddenly became extremely horrified, and they couldn't help but exclaim: "This kid is not a demon from our demon realm at all, but a descendant of the legendary light clan from the heaven!!"

But the moment these dozen powerful demons from the Asura Empire finished speaking, they had no time to be horrified.

Because the white holy light from the Gate of Heaven immediately cut their entire bodies into countless pieces, killing them instantly!

Chapter 3588 Asura City

At this time, Ye Feng did not hesitate and released the Devouring Domain directly, covering all the powerful demons of the Asura Empire on the scene in his Devouring Domain.

Boom!

Almost at this moment, a huge amount of energy was immediately injected into Ye Feng's body.

Ye Feng's entire skill level immediately improved tremendously.

"Buzz!"

At this moment, Ye Feng could feel that his cultivation aura was constantly rising. ??

Because you have to know that although there are only a few dozen of these powerful demons from the Asura Empire, they are all first-class super strong people, and their cultivation levels have all surpassed Ye Feng's two realms of immortal punishment. A powerful existence at the realm level.

Therefore, Ye Feng's cultivation at this moment has naturally been greatly improved.

"boom!"

The Nine Heavens of Wonderful Realms!

"boom!"

The ten heavens of all wonderful realms are perfect!

"boom!"

Half-way to plant the environment!

"boom!"

The first level of Taoism realm!

"boom!"

The second level of Taoism realm!

"boom!"

The third level of Taoism realm!

"boom!"

The fourth level of Taoism Realm!

"boom!"

The fifth level of Taoism realm!

"boom!"

The sixth level of Taoism Realm!

At this time, Ye Feng's cultivation finally stopped, and he directly broke through many levels and entered the sixth level of the Tao Seed Realm.

It has to be said that these powerful demons from the Asura Empire are still very powerful and powerful. Ye Feng is really happy that they can break through so many realms at once.

This time Ye Feng was also very lucky. He successfully obtained the Gate of Abi Hell and summoned so many demon warriors from Abi Hell.

Otherwise, there would be no way to deal with these dozens of superpowers from the Asura Empire who had joined together.

Ye Feng could only deal with them completely when all the power of these powerful demons from the Asura Empire was exhausted.

At this moment, Ye Feng's cultivation level directly broke through to the sixth level of the Tao Seed Realm and received a huge improvement.

Ye Feng left here without any hesitation.

Because Ye Feng knew very well that these super strong men sent by the Asura Empire must all have life cards on their bodies.

Maybe some powerful men from the Asura Empire will come here later to look for themselves as the culprit.

So Ye Feng immediately

I left here.

After all, for Ye Feng, although his cultivation and methods have improved a lot now.

But to be honest, compared with the Asura Empire, the top empire-level superpower in the Demon Realm, I am still far behind.

At this time, Ye Feng left the scene and flew quickly in a certain direction not far away.

The direction Ye Feng flew to was exactly the direction of the Dark City.

Ye Feng wanted to see if Uncle Scar had returned to the original location of the Dark City.

Although all the demon residents in the Dark City have entered the Golden City on Ye Feng.

But if Uncle Scar cannot find himself in the ancient ruins of Abi Hell, he may return to the original location of the Dark City, waiting for him.

Ye Feng's current cultivation level has been raised to a very high level, so his speed is very fast.

In less than half a day, he had returned to the ruins of the previous Dark City.

At this moment, a towering and boundless huge city appeared in front of Ye Feng. The entire city was made of steel, and it looked very shocking and magnificent.

But the entire city is already empty, because all the residents have entered Ye Feng's golden city.

Uh-huh!

At this moment, Ye Feng flew here and saw that after the entire city was empty, only some scattered demons were living in it. They seemed to have settled in there, and there was no sign of Uncle Scar.

This made Ye Feng's eyes reveal a trace of disappointment.

It seems that Uncle Scar has not come back.

Maybe Uncle Scar is still among the ancient ruins of Abi Hell.

But Ye Feng has no time to look for Uncle Scar now.

Because Ye Feng now needs to go to the most central area of the Demon Realm, to the Asura Empire, to find his friend from back then, Princess Caiyun.

For Ye Feng, Uncle Scar must have his own destiny, so he won't bother him.

What Ye Feng wants to do now is what he wanted to do when he first came to the Demon Realm.

When he first came to the Demon Realm, Ye Feng's cultivation level was still too low and he did not dare to go to the Asura Empire.

But now Ye Feng's cultivation level has improved to a good level, and he can try his luck in the Asura Empire.

Swish, swish, swish!

At this time, Ye Feng quickly flew across the entire Demon Realm.

Now Ye Feng's cultivation level has been promoted to the sixth level of Taoism Realm. On the land of Demon Realm, except for the top emperors,

Ye Feng is no longer afraid of the National University forces and other general forces.

So at this time, Ye Feng was flying on the earth without deliberately hiding his aura, because he didn't need it at all.

If it really aroused some powerful monster, Ye Feng would kill it and devour it.

During Ye Feng's flight, Ye Feng was also using Abi Hell's Gate to summon demon warriors of the same realm as himself to devour them.

These demon warriors flew out from the Gate of Abi Hell, and then all entered Ye Feng's devouring realm.

Ye Feng's Devouring Domain is like a big melting pot, smelting all these demon warriors into the purest energy, continuously replenishing Ye Feng's skills.

Although the energy contained in the creatures of the same realm is just a drop in the bucket for Ye Feng.

However, with a steady stream of demon warriors flying out from the gate of Abi Hell and being swallowed by Ye Feng, Ye Feng's skill has finally been greatly improved.

In half a month, Ye Feng devoured nearly hundreds of thousands of demon warriors at the same level as himself, and his cultivation level directly broke through from the sixth level of the Taoism Realm to the seventh level of the Taoism Realm.

This made Ye Feng's eyes reveal a hint of helplessness.

Unexpectedly, the energy he needed to break through now was so huge. The energy provided by these demon warriors in the same realm made it take a long time for Ye Feng to break through to the first level.

For Ye Feng, this was a waste of time.

Ye Feng's time is still very precious.

This ruined Ye Feng's original plan of finding a place to devour it silently.

At this rate, Ye Feng has not yet quietly developed into the strongest demonic realm, and the entire world of origin has probably been refined by the Dark Demonic Cult.

It seems that we still need to find those creatures that are much higher than Ye Feng's realm, so that Ye Feng can make rapid and continuous breakthroughs.

However, Ye Feng did not let Abi Hell's Gate sit idle.

Ye Feng let the Gate of Abi Hell float in his body, and then continued to receive a steady stream of demon warriors from the depths of Abi Hell, constantly entering the devouring realm inside Ye Feng's body, and then turned into a steady stream of demon warriors. Energy supplements Ye Feng's skills.

In other words, every time Ye Feng breathes out, he is rapidly smelting the energy of demons of the same realm, causing Ye Feng's skill to slowly and continuously increase.

In any case, no matter how slow the breakthrough is, it is better than Ye Feng not swallowing it at all.

At this moment, Ye Feng caused the Abi Hell Gate and his swallowing domain space to form an energy cycle, running non-stop, allowing Ye Feng's skill to continue to increase.

...

A month later, Ye Feng suddenly saw an endless stretch of tall city walls not far away, which looked majestic and boundless.

These tall city walls look like a natural moat, connecting the entire sky and earth, giving people a very majestic feeling.

Ye Feng's eyes suddenly lit up when he saw this endless city wall.

He finally arrived at the border of the Asura Empire in the central area of the Demon Realm.

Ye Feng knew that this continuous tall city wall must be the country-protecting city wall built by the Asura Empire.

At this time, Ye Feng quickly approached and left.

But when he first arrived around the city wall, Ye Feng immediately saw many powerful demon soldiers, wearing strong armor and holding black demon weapons in their hands, standing guard on the tall city wall.

Ye Feng did not alert the guards of the Asura Empire who were guarding the city wall. Ye Feng directly used the space gem to open up a space wormhole, allowing Ye Feng to pass through the entire majestic city wall and enter the territory of the Asura Empire. among.

The territory of the Asura Empire contains very rich demonic energy. Ye Feng took a deep breath and felt that his strength had increased a lot.

This made Ye Feng's eyes move slightly. It seemed that the entire vast territory of the Asura Empire was engraved with a huge formation that could gather all the surrounding demonic energy, allowing the Asura Empire to survive. All the demons in the world are trained to absorb extremely strong demonic energy.

At this time, Ye Feng did not stay in the borderland for too long and flew directly towards the central area of the Asura Empire.

Because Ye Feng knew very well that Princess Caiyun must be in the palace of the Asura Empire now.

Soon, Ye Feng arrived at the city closest to the border.

This is a city of demons.

It is a city in the Asura Empire.

Ye Feng originally wanted to cross the entire territory of the Asura Empire and enter the palace area.

But after Ye Feng walked for a while, he discovered that every place in the entire Asura Empire seemed to have a very powerful presence stationed to protect the security of the entire Asura Empire.

Therefore, although Ye Feng's cultivation has been greatly improved now, he cannot be too presumptuous in a super behemoth like the Asura Empire.

Otherwise, if some forbidden strongmen in the Asura Empire take action, Ye Feng probably won't be able to resist it now.

So at this time, Ye Feng went directly to this demon city in a relatively peripheral area, preparing to find a more formal map to see if he could directly use cross-domain teleportation through some of the surrounding large cities with teleportation formations. Formation, enter the palace area of the Asura Empire.

Chapter 3589 The prosperous imperial city

At this time, Ye Feng entered the demon city of the Asura Empire.

This is a city relatively close to the border of the Asura Empire, so it is not very prosperous.

The entire city was not as lively as Ye Feng imagined, and there were very few demons coming and going on the streets.

Ye Feng was now wrapped in a black robe, and he looked quite mysterious.

At this moment, Ye Feng came directly to the trading market of this city and wanted to find out which city in the border area of the Asura Empire had a teleportation formation that could directly teleport him to the emperor in the center of the Asura Empire. urban area.

After Ye Feng's secret inquiries, Ye Feng soon found out that about a few thousand kilometers away from this border demon city, there was the main city of the Asura Empire called "City of Demonic Flames" .

This is a main city level city with a teleportation array.

As long as you spend enough demon crystals, you can directly use the cross-domain teleportation array in this city of demon flames to enter the imperial city of the Asura Empire.

After getting the news, Ye Feng immediately left the border city without stopping and flew quickly towards the main city of the Asura Empire.

While walking, Ye Feng crossed the boundless territory of the demon clan, with a look of deep amazement in his eyes.

The Asura Empire is indeed one of the top imperial forces in the Demon Realm. The territory of the entire empire is so huge that it is almost boundless.

After Ye Feng traveled for half a month, he finally arrived at the City of Demon Flame, one of the main cities of the Asura Empire.

At this moment, Ye Feng saw a huge and boundless city in front of him, stretching for thousands of kilometers. It looked very vast and spectacular.

When Ye Feng came to the gate of the Demon Flame City, he immediately saw countless demons coming and going.

This is a very prosperous city.

At this time, Ye Feng immediately walked towards the city of magic flames.

But just when Ye Feng reached the city gate, he was immediately stopped by several guards at the city gate.

These demon guards immediately said: "If you want to enter the Demon Flame City, you must have a main city pass."

"Main City Pass?"

When Ye Feng heard what these guards said, his eyes suddenly froze.

It seems that the Asura Empire has very strict identity screening for its main city.

However, Ye Feng did not respond and simply left the city gate.

Next, Ye Feng went directly around to the wall behind the City of Demonic Flames, and then used the space gem to directly open up a space wormhole and entered the City of Demonic Flames.

At this moment, the moment Ye Feng entered the City of Demonic Flames, he immediately sensed the auras of many super powerful people hidden in the City of Demonic Flames.

This made Ye Feng secretly marvel in his heart.

As expected of being one of the main cities of the Asura Empire, the powerful demons hidden in this city of demonic flames are still very terrifying.

However, Ye Feng did not reveal his aura at this time, but hid his cultivation.

After all, Ye Feng's current cultivation is quite good. If he reveals his cultivation and let those super strong people sense it, it will definitely arouse their suspicion.

So at this time, Ye Feng hid himself, came to the central area of the Demon Flame City, directly paid part of the demon crystals, started to use the space formation, and teleported away from the Demon Flame City in an instant.

Ye Feng will not stay in such a small city for too long.

The only place he wants to go this time is the imperial city of the Asura Empire

place.

Buzz!

Soon, accompanied by a violent spatial fluctuation, Ye Feng opened his eyes and found that he was already standing in a magnificent hall.

There are many teleportation formations around this hall, and powerful demons are also teleported here.

Apparently they were teleported here from other places.

At this time, Ye Feng looked at a waiter beside him and immediately asked: "Is this already the royal city of the Asura Empire?"

The demon waiter around him immediately smiled and said: "Yes, this is already the land of the imperial city."

Ye Feng immediately nodded and walked out of this magnificent teleportation hall.

When Ye Feng came outside the main hall, he immediately saw an extremely huge city suspended in the sky, which looked very majestic.

There were many demons flying in and out, and it looked like the legendary demon world fairy palace.

At this moment, Ye Feng flew directly high into the sky and flew into the huge imperial city of the Asura Empire.

At this time, Ye Feng could sense that in the imperial city of the Asura Empire, especially the central palace area, there were countless terrifying and suffocating auras of super powerful demons.

The aura of some strong demons made Ye Feng feel that his life was threatened at this moment.

Obviously, the most powerful beings in the Asura Empire are probably hidden in the palace and the imperial city.

At this time, Ye Feng was thinking about how to enter the palace and see if he could find his friend from back then, Princess Caiyun.

But for a while, Ye Feng couldn't find a chance to enter the Asura Empire's palace.

Moreover, it was unrealistic for Ye Feng to sneak into the palace.

Because the palace of the Asura Empire is heavily guarded, and there are so many powerful demons guarding it.

If you want to blend in, it will probably be very difficult.

But now that he has arrived in the imperial city of the Asura Empire, Ye Feng is not so anxious.

Ye Feng is currently in the imperial city of the Asura Empire and is staying in an inn to see if he can find a suitable opportunity to sneak into the palace and look for Princess Caiyun.

Ye Feng came here to find Princess Caiyun, and his primary purpose was naturally to help Princess Caiyun.

If Princess Caiyun wants to continue to hang out in the palace of the Asura Empire, then Ye Feng will naturally help Princess Caiyun gain a foothold in the entire demon imperial city.

If Princess Caiyun wants to leave, then Ye Feng will take Princess Caiyun away.

This is Ye Feng's primary purpose.

The second purpose is that Ye Feng came here to find more advanced training resources in the Demon Realm.

Because ordinary training resources can no longer satisfy Ye Feng.

After all, Ye Feng's cultivation has now been upgraded to a very good level, the seventh level of the Taoist realm.

Therefore, Ye Feng is basically not too interested in some ordinary territories, or some ordinary demon dynasties, or demon dynasties.

You have to go to the Demon Empire, the top one among the Demons, to find the largest and most advanced cultivation resources.

Ye Feng lived in the imperial city of the Asura Empire for a while.

During this period, Ye Feng also came from the imperial city of the Asura Empire.

I bought a lot of special and incomparable cultivation resources.

After all, if you are in a relatively remote place in the Demon Realm, or in some relatively small territories or dynasties, you cannot buy such high-end resources.

But in the imperial city of the Asura Empire, major shops have various cultivation resources.

For example, the true magic pill contains the blood of the devil.

Or the bone-strengthening soup made from the bones of the legendary demon god.

All of them can improve Ye Feng's cultivation.

Let Ye Feng's physique evolve.

Therefore, during this period of time, Ye Feng spent all his wealth of demon crystals to purchase a large amount of cultivation resources.

This allowed Ye Feng's cultivation to break through from the seventh level of the Taoist Realm to the ninth level of the Taoist Realm in a short period of time.

In addition, Ye Feng drank bone-strengthening soup made from the bones of the devil god every day, which greatly improved Ye Feng's physique.

Directly from the third level of the Hongmeng Immortal Body, he stepped into the third level of Dzogchen.

There is only one step left before you can step into the fourth level of the Hongmeng Immortal Body.

But then Ye Feng discovered that the bone-strengthening soup made from the bones of the demon god had improved his physique to the third level of Great Perfection. After that, he could no longer improve his physique. It seemed that he had developed resistance to the medicine and lost its effect.

This made Ye Feng quite disappointed.

Originally, Ye Feng wanted to drink this kind of bone-strengthening soup made from the bones of the demon god every day, trying to push his physique to a new level in one fell swoop.

But now it seems that there is probably no other way.

But this time, Ye Feng was very satisfied with being able to elevate his physique to the third level of perfection.

This greatly improved Ye Feng's combat effectiveness.

At this time, Ye Feng was very satisfied that he came to this imperial city of the Asura Empire and was able to buy so many cultivation resources.

And Ye Feng's wealth of demon crystals is still very rich.

After all, Ye Feng has killed countless enemies since he came to the Demon Realm. After plundering the opponent's storage ring, he naturally gained a lot of wealth of Demon Crystals.

These are hard currencies that can be used to purchase various cultivation resources in the shops in the imperial city of the Asura Empire.

For a moment, Ye Feng even regarded the imperial city of the Asura Empire as his home.

From the initial plan to stay for a few days, now I am planning to live in the imperial city of the Asura Empire for a long time.

Ye Feng rented a wing in an inn in Asura Imperial City for a long time and settled down there, quietly buying resources and improving his strength every day.

Moreover, during this period of time, Ye Feng heard from some black market gossip that the Asura Empire seemed to have brought back a mysterious royal princess with an extraordinary identity.

Ye Feng knew that it should be Princess Caiyun.

According to the gossip in the black market of Asura Imperial City, it is said that Princess Caiyun returned to the Asura Empire and unexpectedly awakened the most noble royal ancestral bloodline in the Asura Empire: the Asura God-level bloodline.

This Asura god-level bloodline can be said to be the most precious and top-notch bloodline among the royal family of the Asura Empire.

Therefore, Ye Feng feels that Princess Caiyun has returned to the palace of the Asura Empire and has really awakened this extremely advanced god-level bloodline. It is estimated that the situation should not be too miserable, and her status may be very high.

This made Ye Feng feel a little relieved, and he was not in a hurry to find Cai Feng for the time being.

Princess Yun.

Instead, he lived peacefully in the imperial city of the Asura Empire and practiced silently.

However, under Ye Feng's massive purchase of resources, Ye Feng's wealth has gradually shrunk visibly to the naked eye.

For Ye Feng, spending a lot in the imperial city of the Asura Empire and purchasing cultivation resources, although his cultivation and strength improved quickly, it also caused Ye Feng's wealth to shrink rapidly.

So Ye Feng was a little anxious to earn wealth.

But it is not that simple for Ye Feng to find wealth.

After all, there are basically no ancient ruins in the area outside Asura Palace, so there are no precious things to be found.

Just when Ye Feng was thinking about how to make more wealth, he suddenly got a piece of news in the black market of Asura Imperial City.

That is, many nobles of the Asura clan in the Asura Empire's imperial city are mining countless mineral resources in a desert outside the Asura Empire's imperial city and earning huge amounts of wealth.

But if you want to join the team that mines ore resources, you must have enough labor.

That is, demon slaves.

Therefore, ordinary demon strongmen cannot mine this kind of mineral resources at all, because there are simply not enough demon slaves, and the labor force is not enough to support ordinary demons in mining mineral veins.

But the nobles in the Asura Empire control many slaves, so mining these mineral resources in the desert is simply making a fortune.

After Ye Feng got the news, his eyes suddenly lit up, and he immediately contacted some people in the black market in Asura Imperial City and asked them to take him to the mineral vein resources in the desert to see if he could dig out the mineral veins. .

Ye Feng has the Abi Hell Gate on his body, which can continuously summon demon warriors of the same level as himself.

Apart from fighting, these demon warriors also have no problem mining.

Each one of them is very strong in cultivation, and they must work very hard in mining.

This is definitely the fastest way to make wealth.

Mining directly!

But if you want to mine, you must negotiate a deal with some demons in the black market.

These middlemen hold some power within the Asura royal family, allowing Ye Feng to mine safely without being suppressed by the royal family.

So after Ye Feng paid some remuneration, he immediately asked these demon middlemen in the imperial city's black market to take him to the desert land and start mining on his own to earn more wealth.

Because Ye Feng discovered that in the imperial city of Asura Empire, as long as there is enough wealth, there is no need to fight and kill, and you can buy a lot of high-level training resources to quickly improve your strength.

These high-level cultivation resources were gathered from various places in the vast territory controlled by the Asura Empire into the most prosperous imperial city.

"As long as you have enough wealth, you can buy almost anything else in the imperial city of the Asura Empire except the head of the Asura Demon God Emperor."

This is what the black market middleman said to Ye Feng after receiving the reward and preparing to take Ye Feng to mine.

Obviously, in the prosperous place of Asura Imperial City, no one is fighting and killing, everyone is making money crazily, buying countless cultivation resources gathered from all over the empire, improving their strength, and enjoying huge rights!

You must know that in the Asura Imperial City, as long as you are strong enough, you can choose to actively join the Asura Empire's system, be promoted to a higher rank, fight for the Asura Empire, and enjoy great power.

Chapter 3590 Crazy Mining

For Ye Feng, he has now entered a relatively slow pace of cultivation and is not in such a hurry.

Because he discovered that in the Asura Imperial City, you can earn wealth, buy various cultivation resources, and improve your strength without fighting or killing. This is also a very good cultivation life.

So next, Ye Feng's mentality was very stable, and he directly paid a huge amount of remuneration, followed a middleman in the black market of the imperial city, and flew towards the desert land outside the Asura Imperial City.

...

Hoo ho ho!

At this moment, in the sky full of yellow sand, Ye Feng followed a middleman and came to this desert.

Everything around is deserted.

However, Ye Feng saw many traces of mineral veins on the road.

There are no traces of demon crystals in these veins. They should all be hollowed out.

Obviously, mining has become a very mature industry in the Asura Imperial City.

At this moment, Ye Feng looked at the middleman leading the way and asked aloud: "Are you sure that the desert land you took me to has very rich mineral veins?"

This middleman is a descendant of a branch of the Asura Royal Family, and has some connections with the Asura Royal Family, so he has been in the Asura Imperial City for so many years, and he has some connections of his own.

After collecting Ye Feng's reward, this demon middleman in the imperial city's black market has promised Ye Feng that he can safely mine a mineral vein.

Hearing Ye Feng's question at this moment, the middleman immediately smiled and said: "Your Excellency Ye Feng, don't worry. I have asked my subordinates to explore the place I will take you to this time. It is absolutely There is a good mineral vein hidden. Although it is not very high-end, the reserves are very rich. As long as Mr. Ye Feng really has a lot of slaves as you said, you can get that mine in a very short time. Once a mine is mined, it is not impossible to obtain a rich sum of mineral crystals and become rich overnight. "

Hearing what the middleman said, Ye Feng nodded slightly and said loudly: "I have paid you a huge middleman's remuneration. If you dare to lie to me, then don't blame me for being rude."

Ye Feng knows that in the mining industry, there are many middlemen who cheat and get paid.

At this moment, the middleman who was walking with Ye Feng immediately smiled and said: "Don't worry, Mr. Ye Feng, I am a very reliable middleman in the black market and will never lie to you."

While the two were talking, they had arrived at a relatively peripheral area of the desert.

There are no traces of mineral veins around here, and it is obviously a place that has not been mined yet.

Uh-huh!

At this moment, the middleman suddenly stopped, pointed to a piece of ground not far away, and said loudly: "Your Excellency Ye Feng, you can start digging from here. I am sure that the mineral veins underneath are of absolute quality. It's very good. You gave me so much compensation. I definitely won't lie to you. This is the rule of doing business. Otherwise, I wouldn't be able to hang out in the black market for so many years. If I lied, I would have been killed long ago. "

Ye Feng couldn't help but nodded slightly when he heard this.

He originally found this middleman because he had been in the black market for many years without any problems, which showed that he was a middleman who kept his promise.

at this moment

, the middleman suddenly asked: "Your Excellency Ye Feng, you said you have many slaves, but I don't see any slaves now."

This middleman is still very curious about Ye Feng.

Because Ye Feng is very mysterious and does everything by himself.

Therefore, the middleman even had some doubts. Ye Feng was just an intelligence businessman who bought information, and did not really want to mine the mineral veins.

But at this time, Ye Feng smiled slightly and then directly released the Golden City.

Buzz!

A majestic and boundless golden city suddenly rushed out of Ye Feng's body, and then floated above Ye Feng's head.

At this moment, Ye Feng did not directly reveal the gate of Abi Hell.

Because that kind of treasure is so shocking that if it is leaked, it will definitely bring huge trouble to myself.

But the Golden City is relatively low-key.

The Golden City may be a treasure in a small place like the southwest of the Demon Realm, but in the imperial city of the Asura Empire, it can only be regarded as an ordinary space treasure.

So Ye Feng revealed the Golden City at this time, and then hid the Abi Hell Gate deep in the Golden City.

In this case, outsiders will not discover the traces of Abi Hell Gate.

"Crash!"

And at the next moment, when those demon warriors were summoned from the Gate of Abi Hell, they seemed to come out of the Golden City, so the existence of the Gate of Abi Hell was perfectly hidden.

At this moment, Ye Feng directly hid the Gate of Abi Hell in the Golden City, and then began to summon demon warriors with the same cultivation level as himself.

They all flew out of the Golden City one by one and started mining on the ground.

The armors worn by these demon warriors are very strong, and the weapons in their hands are also very ancient.

After all, these were the demon army trained by the Lord of Abi Hell back then, so they were naturally very powerful.

So now if they use the powerful weapons in their hands to mine, the efficiency is naturally very high. Soon they will dig out a big hole in the entire ground, and traces of mineral veins will appear.

Seeing this scene, the middleman stood beside Ye Feng and immediately couldn't help but look very surprised.

He looked at the steady stream of demon warriors flying out of the Golden City, totaling one hundred thousand in number, and he couldn't help but exclaimed: "Oh! Your distinguished Lord Ye Feng! Your slave is really There are too many, and the strength is too strong! If you let them mine these efforts, it will be overkill. "

At this time, the middleman was obviously very shocked that Ye Feng had so many demon warriors. He even called Ye Feng with the word "noble".

Obviously at this time, Ye Feng has become a very mysterious and powerful existence in the middleman's heart.

Ye Feng just smiled slightly at this moment and said aloud: "These are the demon slaves I trained with my own hands. They have very strong durability and can allow them to mine 24 hours a day without interruption.

I create wealth without any payment because they obey my orders. "

The middleman immediately couldn't help but said: "But with so many powerful slaves, they are mining non-stop every day. Even if they are not paid, the food and resources consumed by keeping them in captivity is very huge. It seems that Mr. Ye Feng is very He is so rich that he can raise so many slaves."

When Ye Feng heard the middleman say this, he immediately shook his head with a smile and said: "I don't need to feed them, and I don't need to give them any food or resources. I'll just let them die if they are exhausted." New demon slaves come out to mine for me."

"this....."

When the middleman heard what Ye Feng said, a look of astonishment suddenly appeared on his face.

This was the first time he had seen such a wealthy slave owner.

How little he values the slave's life.

You know, in the Asura Imperial City, many nobles also have many slaves, but they all care about these slaves very much.

Of course, caring about slaves is not because these noble slave owners are friendly, but because slaves are too valuable.

Because powerful slaves are very difficult to capture and tame.

Therefore, it is very difficult to tame a group of slaves who are loyal to you and mine for yourself.

Therefore, many noble slave owners in the Asura Imperial City still care about their slaves. The death of one of them is a huge loss.

But here in Ye Feng, it was so casual.

This made the middleman immediately speculate with horror in his heart. What kind of existence is Ye Feng? He actually controls so many powerful demon slaves, and he looks indifferent. It is really shocking to the extreme.

At this time, the middleman silently remembered Ye Feng in his heart. He was definitely a very noble existence.

And just when Ye Feng asked the huge demon warriors to continue mining, the middleman standing beside him suddenly seemed to have thought of something, and immediately couldn't help but said: "Your Excellency Ye Feng, I have something to discuss with you, are you interested?"

"Oh? I'm very interested in what you want to discuss with me so seriously."

When Ye Feng heard the middleman say this, his eyes suddenly showed a trace of interest.

For Ye Feng, this middleman has been in Asura Imperial City for so many years, and the connections he controls and the information he knows are quite good.

If the other party has any plans, discuss it with me, and maybe you can earn huge returns from it.

At this moment, the middleman stared at Ye Feng and said slowly: "Your Excellency Ye Feng, you have so many slaves, and they are all so powerful that you can even make them twenty slaves a day. Four hours of non-stop mining, you will die if you die, and there is a steady stream of replenishment. In this case, Mr. Ye Feng, you are really unqualified to mine in this remote place. I think Mr. Ye Feng, you can go directly. This is the most central area of the desert."

"The most central area?"

Ye Feng's eyes moved slightly and asked: "What is in the center of this desert?"

The middleman said: "Then

There are countless ancient and various mineral resources, but they are all controlled by the Asura royal family. However, I can open up some relationships through money and let Ye Feng, Sir, go directly to the place where there are mineral veins to mine. Although that There are mineral veins everywhere in the place, but the mines dug out by the Asura royal family require a total of one million kilograms of mineral crystals to be turned over every day, so many slave owners are not willing to mine in that place, because the people under their command It is impossible for slaves to keep mining all the time, but for you, Mr. Ye Feng, this is a sure profit, because you don't have to worry about the loss of slaves at all, and you can make many of your slaves work overtime. to mine. "

When he said this, the middleman seemed to have seen the scene of Ye Feng becoming rich in the future, and continued with bright eyes: "Although I don't know how many slaves you have, Mr. Ye Feng, anyway, based on the slaves you released today, There are a hundred thousand slaves. In the central area where the mineral veins gather, I estimate that we can produce 10 million jins per day. You only need to hand in 1 million jins every day, which is equivalent to a net profit of 9 million jins per day. "

When Ye Feng heard this, his eyes lit up and he said, "Keep talking."

"good."

The middleman immediately nodded and said: "If Mr. Ye Feng were to mine in a relatively remote place at this moment, not only would you waste time looking for the specific location of the mineral veins, after all, this is not like the central area. There are mineral veins everywhere. The mineral veins here are It is very rare, and the mineral vein reserves found are very small. It is probably not enough for you, Mr. Ye Feng. Therefore, Mr. Ye Feng, you have so many slaves. They should be used in better places instead of in this remote place. A waste of time."

Hearing what the middleman said, Ye Feng's eyes became brighter and brighter.

You must know that the 100,000 demon warriors released by Ye Feng are only under Ye Feng's control.

If Ye Feng doesn't control it, he can continuously summon more demon warriors.

In that case, if you can find ore mines in the central area where there are veins of minerals everywhere, you can indeed mass produce tens of millions of kilograms every day.

However, Ye Feng also knows that he cannot summon too many, otherwise, if he attracts the attention of others, his Abi Hell may be exposed.

So at this time, Ye Feng looked at the middleman in front of him, lied, and said immediately: "In fact, I have a total of 200,000 slaves under me, and their cultivation realm is the same as mine, they are all Taoist realms." "Nine Heavens."

"Oh my God!"

Hearing what Ye Feng said, the middleman immediately said excitedly: "A total of two hundred thousand! Such a huge group of slaves is estimated to be able to mass-produce 20 to 30 million kilograms of vein crystals every day. As long as they are handed over to the royal family every day, With one million crystals, the wealth that Mr. Ye Feng can earn every day will probably make Mr. Ye Feng as rich as any country in a short time."

When he said this, the middleman was very excited and excited.

Because as a middleman, according to regulations, he can also receive one percent of the remuneration of the vein crystals dug out every day.

At this time, Ye Feng stared at the middleman in front of him, and said impatiently: "Damn it, don't waste time, take me to the center of this desert land, I want to mine like crazy!"

At this moment, Ye Feng no longer looked down upon this small ore vein with very low reserves in front of him.
