

## Ancient 3601

Chapter 3601 Nine Billion Crystals

For Ye Feng, he can no longer stay in the Demon Realm anymore.

Because the Dark Yuan Zun and the Dark Demon Cult were so huge, Ye Feng's sense of crisis became more and more serious.

Ye Feng is preparing for the end of this auction. After his strength has improved to a certain level, he will go to see Princess Caiyun and leave the Demon Realm directly.

While Ye Feng was thinking secretly in his heart, the mysterious man in black robe standing on the high platform said slowly: "The starting price for this Supreme Bone of Emperor Yan is 900 million crystal stones!" ? ?

"What?"

"Nine hundred million crystals, is this just the starting price?"

"Why don't you go grab the money!"

At this moment, all the demon clan figures present were shocked.

Because this starting price and the previous starting price have increased too much all at once.

Nine billion crystal stones!

Even many ancient demon dynasties, and even the big shots in the demon dynasties, probably do not have this kind of wealth.

At this moment, the entire field fell into rare silence.

Because even the richest man can probably only afford 200 million or 300 million crystal stones at most at once.

But now, the starting price is simply 900 million crystal stones. Naturally, many big shots don't have that much money.

It's not that these big shots don't want to auction off the Flame Emperor's Supreme Bone, because they know that the Yan Emperor's Supreme Bone is definitely worth the price, and it's definitely worth 900 million crystal stones.

However, 900 million crystal stones is really a huge amount of wealth, and they simply cannot come up with so much money at once.

Even if the big forces behind them were sold, they probably wouldn't be able to get so much money.

Perhaps only Emperor Asura of the Asura Empire has such huge wealth.

At this moment, the entire field suddenly fell silent, and the eyes of the mysterious man in black robe suddenly showed a trace of gloominess.

In fact, he had somewhat expected it. It is estimated that most people would not be able to come up with the entire 900 million crystal stones.

But this mysterious man in black robe is particularly short of money now.

Because he wanted to do a very important thing, which required a very large crystal.

actually

During this period of time, this mysterious man in black robes has visited many auction houses, but basically no one has been able to collect the entire 900 million crystal stones.

The highest one collected 700 million crystal stones.

But the mysterious man in black robe will naturally not sell it.

After all, this Flame Emperor's Supreme Bone is really valuable. It would be a huge loss to sell it for only 700 million crystal stones.

Therefore, the price of the mysterious man in black robe is very high, directly equivalent to 900 million crystal stones, not a penny less.

At this moment, seeing the silence in the audience, the mysterious man in black couldn't help but shake his head.

Unexpectedly, no one has so much money in even the largest grand auction.

At this moment, the mysterious man in black robe felt a little disappointed and was ready to leave here directly.

However, at this moment, a young man's voice suddenly sounded throughout the auction: "Nine hundred million crystals, right? I bought it directly."

After the words fell, there was an uproar in the entire field.

No one thought that someone here could directly produce a cash flow of 900 million crystal stones in an instant.

At this moment, even the old man in charge showed surprise again and again in his eyes.

Because he didn't expect that Ye Feng had auctioned so many final auction items before and spent so much money, but he still had such a huge wealth.

At this moment, the mysterious black-robed man immediately stared at Ye Feng, who was not far away, and couldn't help but said: "Don't lie to me, I don't accept any collateral, only pure crystal stones."

Ye Feng smiled slightly at this moment and said: "Of course, I can just give you the 900 million crystal stones on the spot."

Wow!

Almost at the next moment, everyone saw Ye Feng again, pouring out all the countless crystal stones in the storage ring in his hand as if he was taking out the trash.

Then they were piled directly in front of the mysterious black-robed man, and they piled up as huge as a mountain. Everyone was fascinated by those shiny crystals.

Shi Gei was blinded.

"hiss!"

"This guy in white really has so much money!"

"It's so scary!"

At this moment, everyone couldn't help but gasped, as if they didn't expect Ye Feng to be so rich.

You know, all the previous two final auction items were auctioned off by Ye Feng, costing a huge amount of wealth. ??

But now Ye Feng still has money to buy this Flame Emperor's master bone, which is really incredible.

At this moment, the mysterious black-robed man saw the 900 million crystals piled directly in front of him, and his face immediately became overjoyed, and he quickly said: "Great, all of them are very high-grade crystals. It seems that Lian'er can be saved. "

Almost at this moment, the mysterious black-robed man immediately flew in front of Ye Feng, handed the flaming Flame Emperor's Dominator Bone into Ye Feng's hands, and said loudly: "You're taking advantage of me, kid. , This Flame Emperor's Master Bone was actually a priceless treasure, and I couldn't possibly sell it, but now I'm in desperate need of money, so I can only sell it."

After saying that, the mysterious black-robed man put the Supreme Bone of Emperor Yan into Ye Feng's hands, and then left the auction house in an instant with 900 million crystals. He went out in a hurry. He obviously had something very important to do. .

Ye Feng nodded slightly at this moment. What this mysterious man in black robe actually said was correct.

The Flame Emperor's Master Bone is indeed a priceless treasure.

After all, they are the bones left by a master, containing the original power left by a master, as well as the secrets of martial arts inheritance left by the master Yandi.

This is truly priceless.

At this moment, the old man in charge looked at Ye Feng, smiled and said: "Congratulations, young hero, for getting three final auction items directly this time. It is really a great harvest."

Ye Feng just smiled slightly at this moment and said loudly: "Although it is a great harvest, it also cost some money."

"Just spent some money?"

"I think it's hundreds of millions of dollars!"

Hearing what Ye Feng said, and all the big shots from the demon clan, they couldn't help but speak.

The horn twitched.

Ye Feng bought all the three final auction items this time, spending more than a billion crystal stones.

As a result, Ye Feng actually said that he just spent some money.

Many big shots couldn't help but feel extremely shocked.

What kind of existence is this boy?

To be so rich.

At this time, the old man in charge announced on the spot: "This grand auction has successfully concluded, everyone can leave the venue directly."

After the old man in charge finished speaking at this moment, he left the venue directly.

At this time, all the big shots present looked at Ye Feng with eyes full of deep greed.

Because Ye Feng now not only has money, but also has various peerless treasures from auctions.

If you can kill Ye Feng and divide his treasures, you will definitely become rich instantly.

However, at this time, under the astonished gazes of everyone, Ye Feng did not leave the venue. Instead, he followed the old host not far away and walked towards the inner area of the grand auction.

What made everyone even more stunned was that the old man in charge did not stop Ye Feng, but politely took Ye Feng out of the venue and entered the inner area of the grand auction.

Seeing this scene, all the demon clan figures present suddenly had extremely ugly expressions on their faces.

A big shot couldn't help but said, "Could it be that this young man has bribed the old man who hosted the grand auction so that he can stay here safely for the time being?"

Another big shot smiled coldly and said, "I don't believe this kid can stay under the protection of the grand auction for the rest of his life. We are lurking outside. As long as he comes out, he will definitely die."

Many big shots nodded one after another, their eyes full of greed and murderous intent.

Although they come from different major forces, they all seem to have reached an agreement at this moment.

That is, all the hundreds of demon clan figures must unite together, lurking outside, waiting for Ye Feng to walk out of the grand auction, and then kill Ye Feng and divide it up instantly!

Chapter 3602 President

At this moment, it would definitely be very dangerous for Ye Feng to walk directly out of the grand auction venue.

Because Ye Feng knew that he now held such a huge wealth in his hands, and he also auctioned three extremely precious final auction items in this auction.

Therefore, it is estimated that all the big shots in the Demon Realm are targeting him.

The people participating in this auction were all the leaders of major forces from all over the Demon Realm.

Their cultivation strength is very powerful, and their methods are also very terrifying.

Therefore, if Ye Feng walked out of the auction venue directly, he would probably be beaten by hundreds of top Demon Realm figures and then fall instantly.

Even if Ye Feng has many powerful methods, he probably won't be able to fight against hundreds of top demon clan figures.

Ye Feng is very clear about this, and is not arrogant enough to think that he can fight against so many superpowers alone.

So in the end, Ye Feng thought about it and decided to stay in this grand auction first. At least it was relatively safe here.

However, Ye Feng also knows very well that it is estimated that all the big figures of the demon clan have not left Asura Imperial City directly, but are all lurking in the space outside the grand auction venue, waiting for him to go out, and he will encounter endless murderous intent. .

...

At this time, Ye Feng directly followed the old host into the inner area of the grand auction venue.

At this moment, the old man in charge was walking beside Ye Feng and said with a smile: "It seems that you are quite sensible. You are not as arrogant as I thought, and you just walked out of the grand auction venue."

When Ye Feng heard what the old host said, he couldn't help grinning and said loudly: "Although I am a little crazy, I am not a fool. If I go out now, I will definitely die instantly."

The old man in charge nodded and said loudly: "Although I know that your methods are very powerful, if you want to fight against hundreds of big figures in the Demon Realm at once, you will definitely not be able to do it, even at our grand auction."

Ye Feng nodded, and then asked with some confusion: "I wonder if the president of your grand auction asked me to stay by name. Is there anything special? The cooperation you mentioned is to complete a special task. what exactly is it?"

The old man in charge smiled slightly at this time and said aloud: "I'm not sure about this. Anyway, the president sent me a very solemn message, asking me to keep you here. As for what to do specifically, I don't know. I'll tell you later. Just ask the president directly."

When Ye Feng heard what the old host said, he suddenly showed a surprised expression on his face and asked: "Are you taking me there now to meet the president of your grand auction?"

The old man presiding over the meeting nodded and said, "Of course, the president wants to see you in person."

"Meet me in person?"

When Ye Feng heard the old host saying this, his eyes suddenly showed deep surprise.

I don't know who the president of this grand auction is, who can actually see his own extraordinary qualities and solemnly ask him to stay.

However, although Ye Feng was very confused in his heart, he didn't ask any more questions.

Because if I ask the old man who presided over it now, I can't get any useful information.

Let's go and meet the president of this so-called grand auction first, and find out what kind of existence he is.

At this moment, Ye Feng followed the old man in charge, walked through a long corridor, and finally reached the end of the auction venue.

There is actually a place like a royal garden here.

There is a pavilion in the center of the lake ahead.

Ye Feng saw at this time that a very majestic-looking middle-aged man was standing in the pavilion.

This middle-aged man wore a black robe and looked very majestic, with a towering posture and unfathomable eyes.

Buzz!

Ye Feng could immediately sense a very terrifying aura from this middle-aged man.

It was as if the other party was an unfathomable peerless master. Once he made a move, it would be absolutely earth-shattering.

Ye Feng was immediately surprised. An existence of this level would value him so much. He didn't know what exactly it was.

The matter requires help from a junior like me.

At this time, the old man in charge respectfully clasped his fists at the middle-aged man in the pavilion and said, "Mr. President, I have brought the young hero you named to see."

At this moment, the middle-aged man stood in the pavilion in the center of the lake, nodded slowly, and said in a very majestic tone: "You can go down, I want to talk to this young man alone. "

The old man nodded immediately and left the scene directly.

Uh-huh!

At this moment, Ye Feng flew to the pavilion in the center of the lake not far away, and then asked with some surprise: "The president does not seem to be a demon."

The middle-aged man immediately nodded, smiled slightly, and said loudly: "I am indeed not a demon, because I am not a local resident of the demon realm. I come from a higher-level dark world." .??.

When Ye Feng heard what this middle-aged man said, he couldn't help but look shocked, and said loudly: "It turns out that the president comes from a higher world. No wonder he can create a grand auction by himself, and he can also be in Asura." Enjoy such generous treatment in the imperial city of the empire."

The middle-aged man smiled and said: "I was indeed the founder of the grand auction, but the reason why I can enjoy such a large place in the Asura Imperial City and build such a luxurious auction hall mainly depends on me. The behemoth behind me is intimidating, otherwise, the Asura Emperor of the Asura Empire would have robbed me of all my wealth."

When Ye Feng heard what this middle-aged man said, a look of surprise suddenly appeared in his eyes, and he couldn't help but asked: "To be able to make Emperor Asura so afraid, it seems that the power behind the president is very powerful." It's huge."

The man of many years nodded and said loudly: "The force behind our grand auction is called the Chamber of Commerce of All Realms. It is a giant in the dark world."

"Wanjie Chamber of Commerce?"

When Ye Feng heard what this middle-aged man said, he couldn't help being a little surprised and said: "I have heard that the Wanjie Chamber of Commerce is a very mysterious and huge force, because I have encountered it before.

I visited a merchant from all realms, but he framed my brother, so I killed that merchant from all realms. "

When the middle-aged man heard what Ye Feng said, there seemed to be a hint of astonishment in his eyes.

It seems that he didn't expect Ye Feng to say such tough words in front of him.

However, the middle-aged man nodded slightly at the next moment and said with a smile: "The Wanjie Chamber of Commerce has very strict requirements for the transactions of its merchants. Since that Wanjie merchant did not abide by the rules and framed your brother, then you It's normal to kill them, and it can be regarded as getting rid of a trouble for our Wanjie Chamber of Commerce."

When talking about this, Ye Feng couldn't help but ask: "I want to know which camp the Ten Thousand Realms Chamber of Commerce belongs to in the more advanced dark world? Is it attached to the Dark Demon Cult, or is it attached to the surviving people? The major families and sects in the advanced realm of Origin World?"

The middle-aged man smiled slightly and said aloud: "Our Ten Thousand Realms Chamber of Commerce does not belong to any camp, but belongs to the neutral faction. We not only deal with the Dark Demon Cult, but also do business with the surviving sects in the advanced realms of the Great World of Origin. Big families deal with each other."

"It turned out to be a neutral faction."

There was a hint of surprise in Ye Feng's eyes, and he couldn't help but said: "The Wanjie Chamber of Commerce can stand alone among the two major camps. It seems that its strength is very terrifying. Otherwise, it would have been destroyed by the Dark Demon Cult or the high-level world. The surviving sect families of the Origin World were swallowed up."

The middle-aged man nodded slightly, and then said aloud: "Let's get down to business. The reason why I personally named you to stay this time is because I saw your potential and talent. During this time, I also summoned you in the Demon Realm. I have met many other young geniuses with extraordinary talents like you. I will take you to the dark world, to the base camp of our Ten Thousand Realms Chamber of Commerce, and then send you to the Ten Thousand Realms Martial Arts Academy of our Ten Thousand Realms Chamber of Commerce, which specializes in training future backbones. Let's see if any of you can pass the assessment and enter the Wanjie Martial Arts Academy. If you can successfully pass the assessment, even if I import talents to the Wanjie Chamber of Commerce, I myself will be able to receive huge resource rewards, and you can also enter. Our Wanjie Chamber of Commerce's Wanjie Martial Arts Academy, which specializes in cultivating talents, has gained incomparable power. This is the cooperation I want to talk to you about."

#### Chapter 3603 Ten Thousand Realms Martial Arts Academy

At this time, when Ye Feng heard the middle-aged man say this, there was a trace of surprise in his eyes.

Ye Feng never thought that the reason why the president of this grand auction called him and many other young geniuses was to provide powerful young geniuses to the Wanjie Chamber of Commerce behind him.

But for Ye Feng, this is good news.

Because Ye Feng didn't want to stay in the Demon Realm for long.

What he always wanted was to enter the dark world.

It's just that Ye Feng has never been too confident in his own strength, so he doesn't dare to step into the dark world easily.

Otherwise, he will die quickly.

But now, this middle-aged man actually said that he has the opportunity to directly enter the Wanjie Chamber of Commerce, a super powerful force in the dark world, and enter the Wanjie Martial Arts Academy, which is specially used to cultivate talents, to study and practice.

This is a very good thing for Ye Feng.

Because after Ye Feng entered the dark world, he temporarily had a more powerful backer.

In this way, you can grow up safely.

Since Ye Feng entered the Demon Realm, he has basically never entered any major force, so he feels very insecure.

Not to mention the more sinister dark world.

So when Ye Feng heard what the middle-aged man said, he almost didn't hesitate and said directly: "I am willing to follow the president to the dark world and enter the Wanjie Martial Arts Academy of the Wanjie Chamber of Commerce. The name of the academy sounds domineering and grand."

Hearing what Ye Feng said, the middle-aged man immediately smiled and said: "Although your talent is very extraordinary, it is very difficult to enter the Wanjie Martial Arts Academy, so you must be prepared to pass it when the time comes. But the mental preparation for being eliminated is tested."

Ye Feng

He smiled and said, "Okay, I understand."

As for Ye Feng, he has never lost to anyone in terms of talent.

At this moment, the middle-aged man nodded slightly, and then said aloud: "Next, you can rest for a while in our grand auction venue. When the time is up, I will take you to the dark world."

Ye Feng immediately nodded and did not doubt what the middle-aged man said. Because the Wanjie Chamber of Commerce has the special power to freely travel through various major interfaces, it wants to enter a higher-level dark world from the Demon Realm. For someone like the young man from the Ten Thousand Realms Chamber of Commerce, there is probably no big difficulty.

At this time, Ye Feng clasped his fists slightly, then turned around and left the royal garden.

At this moment, when Ye Feng walked to the previous corridor, he immediately saw the old abbot still waiting for him there.

When the old man in charge saw Ye Feng coming out, he immediately smiled and said, "Have you agreed to the president's request?"

Ye Feng nodded at this time, smiled and said: "I am happy to join such a giant as the Wanjie Chamber of Commerce."

The old man in charge immediately nodded slightly and said with a smile: "Our Ten Thousand Realms Chamber of Commerce is indeed a giant in the dark world, and there are forces everywhere in the entire world. It is definitely very important for you to join the Ten Thousand Realms Chamber of Commerce. Those with a promising future will not only not be threatened by the Dark Demon Cult, but will also be able to obtain huge training resources. Of course, the premise is that you have enough talent and pass the assessment of the Ten Thousand Realms Martial Arts Academy. Otherwise, you will still be Eliminated and sent back to the Demon Realm."

Ye Feng nodded, then came out

He asked loudly: "Those big figures from the demon clan who participated in today's auction should still be lurking outside the auction venue, right?"

The old host nodded slightly and said loudly: "Of course they will be lurking outside, waiting for you to go out, but you can stay in our venue from now on. There will definitely not be any danger. They don't have the guts to do it yet. Provoke our grand auction, because behind our grand auction is the Chamber of Commerce of All Realms, which is powerful in all the worlds."

Ye Feng nodded, and then said loudly: "Okay, I understand."

After speaking, Ye Feng, under the leadership of the old abbot, directly chose a wing and lived there temporarily.

Next, Ye Feng did not go to Princess Caiyun because there were still so many big figures from the demon clan lurking outside.

Ye Feng was prepared to wait for a while before talking.

At this moment, the most important thing for Ye Feng is to fuse the eyeball of the gods and demons and the master bone of Emperor Yan, and try to improve his cultivation strength as soon as possible, and maybe he can fight with the big shots of the demons outside.

These demon bigwigs want to rob Ye Feng's wealth. In fact, Ye Feng is also very greedy for these hundreds of demon bigwigs.

Because if he could find a way to kill all these hundreds of demon clan figures and devour the skills of all their demon clan figures, then Ye Feng wouldn't even dare to imagine what level his cultivation would reach.

Therefore, Ye Feng's only way now is to refine the God and Demon Eyes just auctioned as soon as possible, and obtain the taboo inheritance contained in the God and Demon Eyes.

Then fuse it with the Supreme Bone of Emperor Yan and obtain the inheritance of the powerful Lord Yan Emperor. Maybe it will be able to compete with the hundreds of big figures from the demon race outside.

So at this time, Ye Feng temporarily lived in the guest room of this grand auction.

In the room, Ye Feng

First, he took out the eyeballs of gods and demons that were auctioned before.

Buzz!

This jet-black eyeball is emitting bright magic light at this moment, giving people the feeling of being a diamond of great value.

But Ye Feng knew that this divine eyeball was much more precious than diamonds.

At this time, Emperor Chu said aloud in his mind: "I have researched until now, and I have come up with the safest way for you, Ye Feng, to safely fuse this god and demon eyeball, and that is to directly fuse this god and demon eyeball into In the hands of your hell."

"What?"

Hearing what Emperor Chu said, Ye Feng was immediately stunned and couldn't help but asked with some uncertainty: "Emperor Chu, are you telling the truth or not? Fuse this god-evil eyeball directly into my right hand. It's really incredible, shouldn't it be integrated into my eyes?"

At this time, Emperor Chu said aloud in his mind: "Just because I am afraid that some accident will happen and your eyes are blinded, I said that I should first fuse the eyes of gods and demons into your hands of hell, because your The Hand of Hell was previously fused with dark gems, which is a very powerful carrier, so your Hand of Hell should be able to withstand the dark power of the God and Demon Eye, and maybe, this God and Demon Eye can also turn your Hell Strengthen your hands."

When Ye Feng heard what Emperor Chu said, he thought for a moment, then nodded and said, "Okay, let's do this."

Buzz!

At this moment, Ye Feng didn't hesitate at all, and directly started to fuse this god and demon eye.

Ye Feng released the dark power of his Hell Hand, forming threads, and then pulled the God and Demon Eyes directly towards his Hell Hand, preparing to forcefully fuse these God and Demon Eyes. into the hands of your own hell.

Chapter 3604 The Eternal Curse

Buzz!

At this moment, with the fusion, the Hand of Hell officially accommodates the eyeballs of gods and demons.

The moment when the eyeballs of gods and demons entered the hands of hell.

"Boom"!

Ye Feng suddenly felt a very terrifying energy erupting in the hands of hell. .??.

This is a very terrifying power of gods and demons, which caused Ye Feng's Hell Hand to shine brightly at this moment and almost burst into pieces.

"What a terrible destructive power!"

When Ye Feng saw this scene, his eyes suddenly showed a trace of horror.

The power of the gods and demons contained in the eyes of this god and demon is really terrifying.

Sure enough, Emperor Chu was right.

If I had rashly fused this divine eyeball directly into my own eyes before, my eyes would have completely exploded and I would be blind. That would be too bad.

But now the hand of hell has forcefully withstood the terrifying power of gods and demons in the eyes of gods and demons, and he is still in good condition.

"Fusion!!!"

boom! !

At this moment, Ye Feng fully activated the power of Hell's Hand.

You must know that the Hand of Hell is a fusion of the palm of the Lord of Abi Hell and the dark gem that Ye Feng obtained before. Coupled with Ye Feng's own Hongmeng Immortal Body, the three bodies merge into one, which is naturally very terrifying.

So at this time, even if the eyeballs of gods and demons contain unparalleled power of gods and demons, they cannot destroy the Hand of Hell for a while.

Ye Feng raised his right hand high at this moment, and his entire right hand was exuding a monstrous evil aura.

At this time, Ye Feng could feel that his Hell Hand was forcibly fusing the eyes of the gods and demons, and was being tempered by the power of the gods and demons in the eyes of the gods and demons, causing the entire Hand of Hell to undergo a process. A very terrifying qualitative transformation.

"boom!"

At this moment, Ye Feng immediately roared, and suddenly, the hand of hell completely merged with the eyes of the gods and demons.

rise.

At this time, Ye Feng opened his palm and saw an eye appearing in his palm.

Those are the eyes of gods and demons!

At this time, Ye Feng could feel that if he used the Hand of Hell to attack next, terrifying power would burst out from the eyes of the gods and demons, which would give the Hand of Hell an extremely powerful boost.

The power of the Hand of Hell is even more terrifying!

At this time, Ye Feng couldn't help but said aloud in his mind: "Emperor Chu, you are so right. Letting the eyeballs of gods and demons fuse into the hands of hell is indeed a very wise choice."

Emperor Chu also said aloud in his mind at this time: "Of course, I have studied for so long and will definitely give you the best solution. This is the safest and most secure. If you need it, you can use the gods and demons to The eyeballs are then transferred to your eyes, because now the divine and demonic eyeballs are fused with your hell hand and have the same power as your body, so they should not be so violent and dangerous. "

"never mind."

Ye Feng quickly shook his head at this time and couldn't help but smile bitterly and said: "The Hand of Hell was almost exploded by the eyeballs of the gods and demons just now. I can't guarantee what symptoms will occur when the eyeballs of the gods and demons merge with my eyes. Let's

fuse the God and Demon Eyes into my Hell Hand first. Anyway, the Hell Hand can also be strengthened by the God and Demon Eyes.”

While Ye Feng was talking, Emperor Chu suddenly said in his mind: "Ye Feng, now that you have successfully fused the eyes of the gods and demons, you can explore the secrets contained in the eyes of the gods and demons. A set of eternal taboos from the abyss of gods and demons has been passed down."

For Emperor Chu, what he values most is not the God and Demon Eyes themselves, because the God and Demon Eyes can only provide some bonuses to the power of the Gods and Demons to the Hand of Hell.

What Emperor Chu really valued was the set of taboo inheritance from the era of myths and legends contained in the eyes of gods and demons.

"Okay, let me investigate carefully."

When Ye Feng heard what Emperor Chu said, he immediately nodded, and then began to explore the secrets contained in the eyes of gods and demons.

Buzz!

At this moment, Ye Feng immediately sensed that in the eyes of the gods and demons of the Hand of Hell, a huge inheritance secret appeared and was poured directly into Ye Feng's mind.

Ye Feng couldn't help but said: "This inheritance is called the Eternal Curse!"

"Eternal curse?"

When Emperor Chu heard what Ye Feng said, his eyes immediately moved, and he immediately said in his mind: "This is a very terrifying inheritance. It is a powerful spell practiced by a god and demon back then. If Ye Feng, you Releasing this eternal curse through the eyes of gods and demons will definitely increase the power of your hell hand by several levels. "

Ye Feng immediately nodded, and then couldn't help but ask: "It seems that this eternal curse needs the eyeballs of gods and demons as a medium to release it."

Emperor Chu nodded and said, "Indeed, you can give it a try if you have the opportunity in the future."

Ye Feng nodded, with a hint of coldness in his eyes.

The Hand of Hell, fused with the eyeballs of gods and demons, also obtained the eternal curse of forbidden inheritance contained in the eyeballs of gods and demons.

The power is absolutely terrifying to the extreme!

Although Ye Feng still doesn't know the specific power, but according to what Emperor Chu said, it must be very terrifying.

When the time comes, Ye Feng plans to give it a try with the various demon clan figures lurking outside the grand auction.

Because all these big figures from the demon clan are now lurking outside the auction hall, trying to divide Ye Feng's wealth.

So Ye Feng had a crazy idea, that is, after he integrated everything, he would go out directly, use himself as bait, and trap and kill all the big figures of the demon clan who wanted to kill him.

No

But to be on the safe side, Ye Feng planned to wait until he succeeded in practicing, then go to the old man who hosted the grand auction and ask him to help him fight against the big shots of the demon clan and give them a "surprise".

Originally, Ye Feng knew that no matter how much money he spent, the old man in charge would probably not come to help him. After all, he had no special relationship with him.

But now he has been spotted by the president of the grand auction, and he is even a super genius of the Wanjie Martial Arts Academy who may join the Wanjie Chamber of Commerce in the future.

In this case, your own weight will be heavier.

Maybe the elder host, a terrifying elder and strong man, would choose to help him, so as to build a good relationship and forge a good relationship.

While Ye Feng was thinking about it, Emperor Chu said aloud in his mind: "If you want to fight against those big figures of the demon clan, it's not enough to just rely on the eyeballs of gods and demons and the eternal curse. You also need to successfully defeat them." The most precious Flame Emperor's Master Bone has been fused. To be honest, you just spent 900 million crystals to get it directly at auction. You really got a big deal. Things like the Yan Emperor's Master Bone are rare but hard to come by. , absolutely priceless, no amount of money can buy it."

At this moment, even Emperor Chu felt that Ye Feng had simply made a mistake.

Ye Feng also had a happy smile on his face at this time, and said aloud: "Indeed, I also feel that I got a big deal. This time I happened to meet an auctioneer who was in urgent need of money. I was really lucky. The Flame Emperor's Master Bone is indeed a priceless treasure."

At this moment, Ye Feng said, taking out the Flame Emperor's Master Bone from his storage ring, and then without any hesitation, he directly started to fuse the Yan Emperor's Master Bone.

Ye Feng wanted to use his Hongmeng Immortal Body to directly withstand the power of the Yan Emperor's Dominator Bone, and wanted to fuse the Yan Emperor's Dominator Bone into his own bones.

In this case, Ye Feng will not only be able to obtain the power of dominance left in the bones of Emperor Yan, but he will also be able to possess the terrifying inheritance and abilities of Emperor Yan back then. His absolute cultivation and strength will be greatly improved instantly!

Chapter 3605 The inheritance of Emperor Yan

Buzz!

At this time, Ye Feng did not hesitate and started to fuse the Flame Emperor's Dominator Bone directly.

For Ye Feng, Emperor Yan's Dominator Bone is a very important thing.

Because Ye Feng now wants to improve his true combat power as soon as possible, integrating the Flame Emperor's Dominant Bone can greatly improve his specific strength.

Now Ye Feng does not have any particularly advanced cultivation resources, so it is almost impossible to improve his cultivation level in a short period of time.

However, Emperor Yan's Dominator Bone can provide Ye Feng with all-round improvements.

You must know that the dominance power contained in Emperor Yan's master bone can quickly accumulate Ye Feng's cultivation skills and achieve a rapid breakthrough. ??

The inheritance of Emperor Yan contained in the master bone of Emperor Yan allows Ye Feng to obtain an extremely powerful attack inheritance, giving Ye Feng another very terrifying trump card, which naturally increases Ye Feng's combat power into the thousands. Hundreds of explosions.

So at this time, Ye Feng naturally wanted to quickly and completely fuse the Flame Emperor's master bone.

Boom!

At this moment, the moment Ye Feng had just integrated the Flame Emperor's Dominator Bone into his body, Ye Feng could immediately feel a terrifying flame power that began to erupt inside his entire body.

In addition, Ye Feng could feel that his bones seemed to be flowing with lava. It was an extremely painful feeling, as if the bones had been burned and melted, and then rearranged. Regroup.

However, Ye Feng endured this horrific pain at this time.

Because Ye Feng knew very well that only by surviving this most difficult period could he successfully fuse the master bones of Emperor Yan and gain the inheritance and power of Emperor Yan.

Boom!

At this moment, Ye Feng's body strength was rapidly increasing.

In addition, the dominance power contained in Emperor Yan's master bone is also a very powerful and huge energy.

This made Ye Feng's cultivation level immediately improve rapidly.

The cultivation aura on Ye Feng's body immediately began to rise rapidly.

"boom!"

At this moment, Ye Feng's body suddenly burst out with

There was an extremely terrifying cultivation momentum.

Previously, Ye Feng's cultivation level had been promoted to the tenth level of the Immortal Punishment Realm. Now he has directly broken through the shackles of the Great Perfection of the tenth level of the Immortal Punishment Realm and reached the half-step pulse opening level above the Immortal Punishment Realm!

But that's not all.

After all, the power contained in Emperor Yan's master bone, no matter how small the reserve, is still master-level energy. It is very advanced and has a strong origin. It will naturally improve Ye Feng's cultivation level unparalleled.

"boom!"

Opening the pulse realm to the first level!

"boom!"

The second level of Kaimai Realm!

"boom!"

The third level of the pulse-opening realm!

"boom!"

The fourth level of Kaimai Realm!

"boom!"

The fifth level of Kaimai Realm!

"boom!"

The sixth level of Kai Mai Realm! !

At this time, Ye Feng's cultivation directly crossed a big realm.

And he was directly promoted to a high level in the open pulse realm, and entered the sixth level of the open pulse realm.

At this time, the gap between Ye Feng's cultivation and those of the top demon clan figures in the Demon Realm was not that big.

It is estimated that most of those big figures in the Demon Realm are one or two realms higher than Ye Feng now.

Basically, they are the Golden Bridge Realm above the Kaimai Realm, or the powerful Shen'an Realm above the Golden Bridge Realm.

At this time, Ye Feng's eyes were filled with deep joy.

As expected, I did not spend money on this Flame Emperor Master Bone in vain, the value is really too great.

And you must know that improving your cultivation is just a trivial matter.

At this moment, Ye Feng could feel that every bone of his body contained the power of Emperor Yan.

Buzz!

Ye Feng stretched out a hand at this time, and that hand immediately began to burn with flames.

That

It is the Fire of Emperor Yan!

It is a domination-level flame, very terrifying.

At this time, Ye Feng had successfully endured all the pain and completely integrated the Flame Emperor's master bone into his own bones.

Moreover, Ye Feng also received the powerful inheritance of Emperor Yan from the master bone of Emperor Yan, called "Sky Flame Palm".

This set of Sky Flame Palms is not so much an inheritance as it is an extremely powerful offensive martial art with extremely terrifying destructive power.

When it is used, it can instantly activate the sky fire in the nine-sky sky, and then merge with the fire of Emperor Yan to condense into a huge palm burning with flames, which can smash everything and burn everything.

At this time, Ye Feng's eyes lit up immediately after receiving this set of inheritance.

The power of this inheritance is definitely beyond my imagination.

After all, it was created by a master.

Although it is just the first time to enter the realm of domination, it is still a domination-level existence. It is currently the most powerful creature in the world and controls the most powerful force in the world. The inheritance of domination is generally something that can be encountered but not something that can be encountered. Asked for.

And more importantly, Ye Feng is now fused with the Flame Emperor's master bone, and Ye Feng possesses the power of the Flame Emperor at this moment.

Therefore, when this set of Sky Flame Palms is released, it is estimated to be much more powerful than ordinary people after practicing it.

Uh-huh!

At this time, Ye Feng stood up immediately, his eyes full of strong confidence.

Now Ye Feng's cultivation has made a huge breakthrough, and he has also obtained two very powerful trump cards.

They are the eyes of gods and demons fused with the hands of hell, which can burst out the power of gods and demons from ancient myths and legends.

In addition, Ye Feng also received the inheritance from Emperor Yan. Once the Sky Flame Palm breaks out, it will trigger the Heavenly Fire Brothers on the Nine Heavens Sky to condense a huge flame palm that can smash everything. Just think about it. My scalp feels numb.

At this time, Ye Feng naturally gained great confidence. He left the room where he lived and walked towards the central area of the grand auction. \u003c

br\u003e

When Ye Feng arrived at the central area of the grand auction, he immediately saw a huge palace.

The people living in this huge palace are some of the core members of the grand auction.

At this moment, Ye Feng came over, and the guard immediately said: "It turns out to be Young Master Ye Feng. I wonder what happened to Young Master Ye Feng when he came here?"

At this moment, Ye Feng has gained the attention of the president in the grand auction, and the news has spread throughout the auction.

Therefore, all the guards naturally have a very good attitude towards Ye Feng. After all, this is a popular person in front of the president.

At this time, Ye Feng smiled and said, "I want to see the old man in charge."

Hearing what Ye Feng said, the guard immediately said: "Okay, come with me."

After saying that, the guard took Ye Feng directly into the middle hall.

The moment Ye Feng walked into the hall, he immediately saw the old man in charge, wearing a very casual nightgown, practicing something in the palace.

His whole body was surrounded by runes of light green light, which looked quite magical.

Ye Feng immediately said: "Old host, I came to talk to you about some important matters."

The old man in charge opened his eyes at this time, stood up, and was about to ask Ye Feng what happened.

"Um?"

But at this moment, the old man in charge seemed to have noticed something, and suddenly flashed in front of Ye Feng, and couldn't help but said in horror: "Ye Feng, why did your cultivation level break through so much all at once? You have directly broken through to the sixth level of the Kai Pulse Realm, and your cultivation level is only one or two realms lower than those of the big figures from the Demon Clan! This is incredible! You have grown so much in a short period of time. Could it be that you have mastered the bones of Emperor Yan? Fusion? Because only the power of

dominance in the Flame Emperor's Dominator Bone can exert such a huge miraculous effect! But if an old man like me wants to fuse something like the Flame Emperor's Dominator Bone, he will probably have to stay in seclusion for decades. , Ye Feng, you have succeeded in just a few days. Sure enough, the president is right, you are truly a unique genius!"

Chapter 3606 Let's discuss

It has to be said that at this moment, the old man hosting Ye Feng was extremely shocked.

He never thought that Ye Feng could be such a monster.

In just a few days, the master bone of Emperor Yan was successfully fused.

The old man in charge had no doubt that Ye Feng's talent could not pass the assessment of the Ten Thousand Realms Martial Arts Academy of the Ten Thousand Realms Chamber of Commerce.

Because Ye Feng's talent is really terrifying to the extreme.

The old man in charge felt that perhaps only the mysterious young man who came out of the abyss of gods and demons, the boy who ate a god and demon, seemed to be called Chen Bei, could rival Ye Feng's talent.

At this time, the old man in charge immediately asked: "Ye Feng, do you have anything particularly important to discuss with me?"

Ye Feng smiled slightly at this moment and said aloud: "I came to see Senior, naturally, to cooperate with Senior and make a big deal together."

When the old man in charge heard what Ye Feng said, he couldn't help but asked in surprise: "A big deal? What big deal?"

Ye Feng looked around and seemed to want to say something.

When the old man in charge saw Ye Feng's appearance, he immediately said to the people around him: "All of you guards, please go down. I want to have a private chat with Young Master Ye Feng about some important matters."

"Yes, sir."

At this time, all the guards present clasped their fists respectfully and then retreated.

At this moment, only Ye Feng and the old man in charge were left in the entire palace.

Ye Feng finally spoke up at this time: "I want to invite seniors to work with me to catch all the hundreds of big figures in the Demon Realm lurking outside who want to carve me up."

"What??"

Hearing what Ye Feng said, the old man in charge suddenly showed a look of astonishment on his face, and couldn't help but say: "Ye Feng, you have to know that there are hundreds of big figures in the Demon Realm, and the cultivation level of each of them is , are one or even two realms higher than you. Although my cultivation level is also very good. I am a strong person in the tenth level of Shen'an Realm, which is above the Opening Meridian Realm and Golden Bridge Realm. I am better than the one lurking outside. The cultivation bases of the hundreds of big figures in the Demon Realm are all stronger, because few of them have reached the tenth level of Kamigan Realm, but it is impossible to fight against hundreds of big figures in the Demon Realm just by the two of us. You have to know , although your cultivation level has improved a lot during this period, and has been directly promoted to the sixth level of the Pulse Opening Realm, it is still one level lower than the hundreds of big demons outside, or even two levels lower. , The gap in strength and cultivation is too big."

Ye Feng smiled slightly at this time and said: "Senior, you have never seen me take action, so

You probably don't believe in my strength, so maybe you can verify my strength. "

When the old man in charge heard what Ye Feng said, he showed a rather surprised expression on his face, and asked with some interest: "How can I verify your strength?"

Ye Feng smiled slightly and said, "Let's compete in this palace."

"Let's compare notes?"

When the old man in charge heard what Ye Feng said, a trace of surprise appeared on his face.

Although he values Ye Feng very much and is very polite to Ye Feng, it is because he feels that Ye Feng has unlimited potential in the future.

But Ye Feng's potential has not yet been transformed into real strength.

Now Ye Feng is actually only a junior figure in the eyes of the old man who presided over it.

Because Ye Feng's cultivation level is only at the sixth level of the Pulse Opening Realm, which is two whole realms behind his cultivation level at the tenth level of the God's Bank Realm. The gap is really too big, and there is no significant meaning in the competition.

Because the old man in charge felt that he could defeat Ye Feng in one fell swoop.

At this time, Ye Feng seemed to have seen the inner thoughts of the old host, and immediately smiled and said: "Senior, do you think you can defeat me in an instant, so there is no point in competing."

When the old host heard what Ye Feng said, he couldn't help but smile bitterly and said: "You saw it, I didn't mean to belittle you, the main reason is that you are still too young and your cultivation is not complete yet. grow up."

Ye Feng smiled and said: "Anyway, we will know after we compare."

After finishing speaking, Ye Feng didn't wait for the old host to respond, and directly burst out his terrifying power.

boom!

At this moment, Ye Feng rushed towards the old host, and the hand of hell bombarded him instantly.

"Um?"

When the old man in charge saw this scene, he immediately smiled and said: "Okay, since Ye Feng, you want to learn from each other, then I will play with you."

Boom!

Almost at this moment, the old man in charge immediately grabbed the right hand that Ye Feng had attacked.

At this time, the old man in charge did not release any powerful power of his own.

Because he felt that if he

If the power released is too strong, Ye Feng may be injured.

But at the next moment, Ye Feng's right hand touched the hand of the old man in charge.

"Boom!!"

A kind of terrifying and huge power was transmitted immediately. The face of the old man in charge suddenly changed, and he couldn't help but exclaimed: "What a powerful power, how is this possible!"

At this moment, Ye Feng directly burst out the power of the Hand of Hell, and in the palm of his Hand of Hell, the eyeballs of gods and demons appeared at this time, bursting out a beam of light composed of the power of gods and demons, and bombarded it all at once. The old man in charge, a super old man, couldn't even resist in his haste, so he couldn't help but take several steps back.

"So strong!"

At this time, the old man in charge immediately laughed out loud: "I didn't expect Ye Feng to be so powerful, okay! Then I'll give it a try and see where the upper limit of your combat power is."

"Holy Light of the Sky!" ??

Almost at this moment, the old man in charge burst out its extremely powerful inheritance.

Thousands of white beams of light suddenly shot out from the old man in charge, as if they could destroy everything.

Ye Feng also felt a terrifying and boundless destructive power at this time.

After all, the cultivation of the old man in charge was two levels higher than him, but now Ye Feng's eyes were full of fighting spirit.

At this moment, Ye Feng did not flinch, but directly activated his most powerful method at present.

Emperor Yan dominates the bones!

"Boom!!"

At this moment, Ye Feng activated the Flame Emperor's master bone that had been fused into his own bones, releasing the power of the Flame Emperor, and also inspired the Flame Emperor's super inheritance, the Sky Flame Palm!

Boom! !

Almost at this moment, a big hand of flames that covered the sky and the sun was condensed on the nine-sky sky. It was full of unparalleled terrifying and destructive power. It was bombarded from the void, and that The Holy Light Technique of the Sky burst out by the old man in charge collided instantly.

Rumble...

Almost at this moment, the entire field suddenly erupted with an extremely terrifying roar.

The whole world seemed to be shaking and shattering crazily!

Almost at the next moment, when all the light dissipated, Ye Feng couldn't help but take a dozen steps back.

r\u003e

The other party's host, the old man, actually took more than ten steps back like Ye Feng.

This battle between the two was evenly matched!

At this moment, the eyes of the old host were full of horror, and he couldn't help but exclaimed: "Ye Feng, your fighting power is so powerful! I didn't expect that you even learned the most powerful inheritance of Emperor Yan, the Sky Flame. "Zhang, no wonder you can compete with me, hahaha, it is definitely an honor for me to meet a peerless genius like you."

At this time, the old man in charge looked at Ye Feng, full of admiration and expectation.

At this time, he even began to hope that Ye Feng would join the Wanjie Martial Arts Academy of the Wanjie Chamber of Commerce in the future and enter a broader world. Perhaps he could grow into a super big shot in the future.

Ye Feng just smiled slightly and said aloud: "Now senior, you believe in my strength."

At this moment, to be honest, even Ye Feng himself was a little shocked. He didn't expect that his current fighting power, once it fully exploded, would actually be able to fight against superpowers that were beyond his two realms.

It really made Ye Feng feel a little incredible.

At this time, the old man in charge immediately said: "Okay, Ye Feng, you have proved your strength. It seems that the two of us joining forces may really be able to kill all the hundreds of big figures of the demon clan lurking outside." "

At this moment, Ye Feng said aloud: "I invite seniors to help, and I will definitely give seniors enough rewards. As long as seniors help me kill those hundreds of big figures from the demon clan, then those hundreds of big shots from the demon clan will be dead." All the wealth in the storage ring belongs to the senior."

"What?"

Hearing what Ye Feng said, the old man in charge was a little shocked. He couldn't help but said, "Don't you want anything?"

Ye Feng smiled slightly at this time and said aloud: "What I want most is the lives of the hundreds of demons who want to divide my wealth."

For Ye Feng, he is not short of money at all now.

The only thing he wants is to kill all these hundreds of demon clan figures, and then devour the skills they have cultivated for countless years, so that his cultivation level can once again be raised to a new level of power!

This will be of great help for Ye Feng to follow the president of the grand auction to the dark world and participate in the assessment of the Ten Thousand Realms Martial Arts Academy of the Ten Thousand Realms Chamber of Commerce. He can make himself a blockbuster and get the title of the Ten Thousand Realms Martial Arts Academy. The huge resource tilt allows you to grow quickly in the dark world.

Chapter 3607 Catch them all in one go

At this time, the old man in charge couldn't help but asked: "If the two of us cooperate, it is indeed possible to kill all those hundreds of demon clan figures, but we need to think of a very careful plan to not let anyone escape, otherwise, if we let those big shots escape and return to the forces behind them, we may usher in crazy revenge."

The old man who presided over the auction was different from Ye Feng. Ye Feng was a self-employed person and had no worries about being alone. However, the old man who presided over the auction was a person in charge of a grand auction, so he naturally had his own worries.

Ye Feng smiled slightly at this time and said aloud: "I will definitely think of a very careful plan to prevent any big figures from the demon clan from escaping. In addition, senior, if you help me deal with those big figures, then I will definitely Disguise your identity."

The old man in charge immediately nodded and said: "You are right, I will put on some disguise clothes when the time comes, and I have never made a move in front of everyone, so if I use my inheritance, they probably won't either. Know exactly who it is."

Ye Feng immediately nodded, then thought for a moment, and said: "Let's do this, senior, you disguise yourself first, and then enter my storage ring. I will walk out of the grand auction venue alone and bring these big shots to Lead it to a deserted place outside the Asura Imperial City. In this case, no one will be able to detect the movement of our actions. "

When the old man in charge heard what Ye Feng said, his eyes lit up slightly and he said: "Please put yourself in the urn. This is a good method. Then I will prepare it."

At this time, after the old host finished speaking, he immediately took out a camouflage mask from his storage ring and put it on his face. He also wore a black robe to cover himself. His whole person looked suddenly changed. It's extremely mysterious.

Then the old host nodded slightly, and Ye Feng immediately put it into his storage ring.

After Ye Feng put the old host into his storage ring, he walked towards the outside of the grand auction venue alone. .??.

"That rich guy is out!"

When Ye Feng arrived outside the auction venue, the eyes of the hundreds of demon clan figures lurking in the void suddenly lit up.

he

They never thought that Ye Feng would be so bold. In just a few days, he walked out of the venue.

However, at this time, many demon clan figures did not take action immediately. After all, this was still the imperial city of the Asura Empire, and fighting with each other was prohibited.

So Ye Feng walked directly towards the outside of the Asura Empire's imperial city at this time. Hundreds of demon clan figures were all lurking in the void, following Ye Feng's back.

They thought Ye Feng didn't know they were lurking behind him.

But in fact, Ye Feng has already had complete control over the dynamics of these demonic figures behind him.

Because Ye Feng himself is a soul master, Ye Feng's perception is very powerful.

The moment he walked out of the auction venue, he could immediately sense that there were many extremely powerful demons lurking in the void, and they were all extremely powerful.

It was those big figures from the demon clan who had participated in the auction before.

So at this time, Ye Feng just smiled coldly, pretended not to notice anything, and walked directly outside the Asura Empire's imperial city alone.

When Ye Feng walked to the deserted land outside the imperial city, he immediately disappeared into the void.

"What?"

"Why did this kid disappear suddenly?"

At this moment, the big shot of the demon clan lurking in the void saw Ye Feng suddenly disappearing in the desolate land ahead, and immediately couldn't sit still.

Swish, swish, swish!

Swish, swish, swish!

They all flew out of the void one after another, seeming to want to find Ye Feng's whereabouts.

Boom!

But suddenly at this moment, an extremely huge golden city suddenly appeared in the entire sky, covering the entire surrounding area.

Hundreds of big figures from the demon clan

, and was immediately trapped in the power prison of the Golden City.

When these big figures from the demon clan saw this scene, they immediately smiled sarcastically: "It turns out that this kid has discovered it a long time ago and wants to catch us all, but this kid is so naive. Who does he think he is? He thinks he is I, the King of Heaven, dare to fight against hundreds of us demon clan figures. I am really looking for death."

Almost at this moment, these hundreds of demon clan figures immediately shouted: "Boy, come out quickly, you are dead today."

Buzz!

At this time, Ye Feng walked out of the Golden City, looked coldly at the hundreds of demon clan figures below, and said loudly: "You are the ones who will die today. If you dare to seek my wealth, then I will kill you." Catch them all in one fell swoop."

Boom!

Almost at this moment, Ye Feng immediately burst out with the incomparable power that he had just broken through.

It is the cultivation aura of the sixth level of Kaimai Realm.

However, this did not shock the group of demon clan figures below.

Because their cultivation bases are basically at the Golden Bridge Realm above the Kaimai Realm, and there are even super masters at the Kamishan Realm above the Golden Bridge Realm.

"Hahaha!"

At this moment, these big figures from the Demon Clan immediately laughed out loud: "Boy, do you think you can compete with us after breaking through a few realms? Don't say you can deal

with hundreds of us by yourself, even if you are alone. If you deal with any one of us, you will die without a burial place, you are too weak."

Boom!

But at this moment, Ye Feng didn't bother to respond at all, and suddenly displayed the Hand of Hell.

I saw Ye Feng's right hand, which immediately expanded into an extremely terrifying dark hand in the entire sky.

Moreover, in the palm of this dark hand, there is a terrifying eye, which is the eyeball of gods and demons, giving the hand of hell the power of ancient gods and demons.

Ye Feng bombarded it all at once, and at this moment, a terrifying and boundless destructive power suddenly burst out.

The extremely dark Hand of Hell was as if the Lord of Hell in ancient legends had resurrected, causing several of the hundreds of demon clan figures present to die in an instant.

These dead demon clan figures were all relatively weak in cultivation, basically at a higher level than Ye Feng, so they were killed by Ye Feng's slap.

"What?"

"How can it be so scary!"

Seeing Ye Feng's terrifying power, the other demon clan figures present suddenly had horrified expressions on their faces.

They never thought that this boy who they looked down upon at all could have such super powerful combat power. It was really incredible.

Because they have never seen a young man at the level of Kai Pulse Realm possessing such terrifying combat power.

At this moment, a big figure from the demon clan couldn't help but said: "This kid must have used some very terrifying secret technique to forcibly increase his combat power to such a powerful level. Let's join forces quickly. I will definitely kill this kid."

At this moment, many big figures from the demon clan were preparing to join forces to kill Ye Feng.

Buzz!

But suddenly at this moment, a mysterious man in black robe wearing a mask suddenly appeared next to Ye Feng.

It was the old man in charge who flew out of Ye Feng's storage ring.

However, the old host was hiding his identity at this moment, so the big shots of the demon clan had no idea who this person was.

"boom!"

And at the next moment, the terrifying cultivation level of the tenth level of Kamigan realm suddenly burst out from the old host, which immediately made the expressions of all the big demons present become extremely ugly.

"What?!"

"This kid actually has such terrifying helpers?"

"Now we're in trouble!"

At this moment, all the big figures of the Demon Clan suddenly felt their hearts sink to the bottom.

Chapter 3608 Golden Bridge Realm

Buzz!

At this moment, the old host, who was covered in black robes and had a mask on his face, had such a strong aura of cultivation that all the demon clan figures present felt a sense of oppression.

They only felt that with Ye Feng's terrifying combat power just now and the helper of this perfect helper from the Tenth Level of the God's Shore Realm, they might really be able to kill them all.

"Run away!"

So at this moment, all the big figures of the demon clan were running away frantically towards the surroundings, trying to break through the golden city and rush out of this dangerous place.

But at this moment, the old man in charge didn't hesitate at all, and went straight to the big move.

The Holy Light Technique of the Sky! !

The presiding old man suddenly displayed his most powerful inheritance at this moment.

"boom!"

"boom!"

"boom!"

The old man in charge suddenly burst out with divine light, condensing into white divine beams.

Each divine beam is like a legendary divine sword, exuding extremely terrifying tearing abilities.

It exploded like a sun in an instant, piercing the bodies of countless demon clan figures around it.

Ye Feng didn't hesitate at this time and immediately released his strongest inheritance, the Flame Emperor's Dominator Bone.

Then the Sky Flame Palm was released.

"Boom!"

I saw countless heavenly fires being activated across the entire nine heavens, condensing into a big hand of flames that covered the sky and the sun. It was as magnificent as an epic, and it bombarded it fiercely from high in the sky, with very terrifying destructive power. and incendiary power.

For these big figures of the demon clan, Ye Feng and the old man in charge had no intention of entangled with them, and they just used amplified moves.

The two men unleashed two ultimate moves, and the energy of destruction filled the entire field.

The entire desolate land was shattered into pieces and turned into a void.

At this time, after the ultimate move was released, most of the hundreds of demon clan figures below were instantly killed or injured.

The old host laughed loudly: "Do it again."

\u003e Sky Holy Light Technique!

At this moment, the presiding old man once again released a terrifying inheritance attack, bursting out with divine light.

Ye Feng did not hesitate at all and continued to release the Sky Flame Palms one after another.

"Boom!"

"Boom!"

Next, the entire field was bombarded with wild fire, and epic flame palms fell from the sky one after another.

Countless holy beams are like divine swords, cutting and piercing everything, destroying the earth and the sky.

"ah!"

"ah!"

Suddenly there were bursts of screams on the field.

At this time, all the big figures of the demon clan were already in despair.

No matter what treasures or defensive methods they released, they were unable to withstand the repeated bombings from Ye Feng and the old man in charge.

Almost at the next moment, they were all blown to pieces and killed.

At this time, Ye Feng suddenly smiled coldly, looked at the corpses underneath, and said loudly: "If you dare to be greedy towards me and want to divide my wealth, it depends on whether you have the strength."

At this time, Ye Feng's heart was still very happy, because the bombing suddenly killed all the hundreds of demon clan figures present, which was really a very big gain for Ye Feng.

Because these hundreds of big figures from the demon clan have been coveting their own wealth, they will be a troublesome thing sooner or later. It would be great to kill them all at once.

At this time, Ye Feng immediately looked at the old host who was not beside him, smiled and said: "This time, I really want to thank my seniors for helping me deal with these big figures of the demon clan. Otherwise, I would definitely be alone." Those who are unable to accomplish this feat will kill all the demon clan figures present."

When the old man in charge heard what Ye Feng said, he immediately smiled and said: "It doesn't matter."

At this time, Ye Feng reached out and grabbed the hundreds of dead demon adults below.

All the storage rings on the object were absorbed into his own hands.

Then, Ye Feng was sent directly to the old man in charge.

When the old man in charge saw this scene, he couldn't help but said: "Actually, we can divide it equally."

Ye Feng smiled and said: "I have promised you before that I will give you all the storage rings, so I will not break my promise."

Hearing what Ye Feng said, the old host immediately nodded solemnly, stopped being pretentious, took all these storage rings into his hands, and then said loudly: "You are a person who keeps your promises, and Making friends with people like you makes people feel trustworthy."

After the old host finished speaking, Ye Feng suddenly released the power of his storage ring and put all the corpses of hundreds of demon clan figures present into it.

Seeing this scene, the old man in charge had a look of surprise in his eyes, and couldn't help but ask: "You put the corpses of these big figures from the demon clan into the storage ring. Is there any other use for it?"

Ye Feng nodded and said aloud: "I have my own uses."

Hearing what Ye Feng said, the old man in charge immediately understood that Ye Feng probably didn't want to tell him the specific secret.

But the old man in charge didn't care.

After all, everyone has their own secrets.

Sometimes it's not good to ask too much.

So at this time, the old man in charge just nodded slightly, did not ask any more questions, and returned towards the Asura Imperial City not far away.

Uh-huh!

Ye Feng also took back the Golden City at this time, and followed the old man in charge to fly quickly in the direction of Asura Imperial City.

Half an hour later.

Ye Feng followed the old host directly back to Asura Imperial City and entered the auction hall again.

At this time, Ye Feng said some pleasantries to the old host, and then returned directly to his room.

The moment Ye Feng returned to his room, he immediately closed the door, and with a look of deep anticipation on his face, he immediately took out all the corpses of hundreds of demon clan figures from the storage ring. come out.

“Boom!

Then Ye Feng directly released the Zhu Devouring Domain to cover the whole place, and began to absorb and devour the skills and blood energy of these demon clan figures.

You must know that each of these big figures from the Demon Clan are very powerful in cultivation. Basically, they are all Golden Bridge Realm experts who are one level higher than Ye Feng's current Sixth Heaven Opening Pulse Realm.

There are even strong men in the Kamishan realm who are above the Golden Bridge realm.

So their energy and blood are very rich.

Ye Feng started to devour it at this time.

Boom! !

Suddenly, waves of terrifying energy were injected directly into Ye Feng's limbs, causing the power in Ye Feng's Dantian to rapidly grow and improve.

Ye Feng could immediately feel that his whole body was about to burst. After all, he had swallowed hundreds of big figures from the demon clan at once.

These are not ordinary demon cultivators, but the top and most powerful people in the demon realm.

So at this time, Ye Feng's cultivation suddenly made an extremely terrifying breakthrough, and his aura was also rising rapidly.

"boom!"

The Seventh Heaven of the Kai Pulse Realm!

"boom!"

The eighth level of the pulse-opening realm!

"boom!"

The ninth level of Kai Mai Realm!

"boom!"

The Great Perfection of the Ten Heavenly Levels of Opening the Pulse Realm!

"boom!"

Half step to the Golden Bridge Realm! !

"boom!!"

The first level of the Golden Bridge Realm! !

At this time, Ye Feng's cultivation aura finally slowly stopped.

Golden Bridge Realm, a new and powerful level of cultivation, makes Ye Feng's whole body radiate golden light.

Ye Feng could see that the inside of his body, from the head to the limbs of the entire body, was connected together by a bridge emitting golden light.

This is the Golden Bridge Realm!

Let Ye Feng fully unleash the power of every area of his body!

Chapter 3609 As long as you don't want to

Buzz!

At this time, Ye Feng clenched his fists and could feel the terrifying and extremely powerful energy surging through his entire body.

Ye Feng could clearly feel at this moment that his combat effectiveness had been improved unparalleled.

For Ye Feng, every small level breakthrough can bring about a huge breakthrough in his combat effectiveness.

Not to mention that it is now a huge improvement.

At this moment, Ye Feng was very confident. If he met those hundreds of demon clan figures again, with Ye Feng's current Golden Bridge realm cultivation, he would be able to defeat hundreds of demon clan figures by himself.

Because among the hundreds of big figures from the demon clan, the one with the most powerful cultivation is the third-level being in the Kamishan Realm.

Once Ye Feng releases the Dzogchen future body, his cultivation directly explodes to the tenth level of the Golden Bridge Realm, Dzogchen Dzogchen.

Even a big shot of the demon clan in the third level of Shen'an Realm can be crushed to death instantly by Ye Feng with one hand.

So at this time, Ye Feng's combat effectiveness has been unparalleledly improved.

Uh-huh!

At this moment, Ye Feng walked out of his room directly.

He still doesn't know when the president of this grand auction will take him to the dark world and go to the Wanjie Martial Arts Academy of the Wanjie Chamber of Commerce to participate in the assessment.

So Ye Feng decided that in this last moment, he would fulfill his first wish since he entered the Demon Realm.

That is to enter the palace of the Asura Empire to meet his old friend Princess Caiyun and see how she is doing now.

So at this time, Ye Feng walked out of his room and walked outside toward the auction.

For Ye Feng now, even if he forces his way into the Asura Empire's palace, there won't be any big problem.

After all, the Asura Emperor of the Asura Empire is actually only at the level of the Tenth Heavenly Perfection of the God's Bank Realm, which is one level higher than the Golden Bridge Realm. He is on the same level as the presiding elder.

In the eyes of ordinary people, such a cultivation level is definitely a superior existence, unfathomable, and cannot violate its majesty.

But for Ye Feng, who has grown crazily and become stronger now, it is actually just that, nothing.

However, Ye Feng knew that in the Asura Empire, Emperor Asura was only the apparent monarch.

There must still be very terrifying old demon monsters lurking in the palace of the Asura Empire.

Otherwise, the president of the grand auction would not be so jealous of the Asura Empire.

Fear, we still need to rely on the prestige of the Ten Thousand Realms Chamber of Commerce behind us to intimidate the Asura Empire.

But Ye Feng was not afraid at all.

Because Ye Feng has now swallowed hundreds of top demon clan figures, his cultivation level has been raised to an extremely high level.

Coupled with Ye Feng's terrifying fighting power, Ye Feng felt that even if Emperor Asura confronted him head-on, he would still be able to defeat Emperor Asura.

Unless those old monsters in the Asura Empire who have been practicing for countless years come out, they may not be able to defeat them.

But that's not necessarily the case, because Ye Feng can't yet judge how strong his true combat power is.

However, Ye Feng feels that his true combat power has now surpassed the Kami's Realm, and he is estimated to be able to fight against the Zhou Tianjing level superpowers above the Kami's Realm.

So at this time, Ye Feng felt that he would not be in any danger since he was in the Asura Palace.

Thinking of this, Ye Feng did not directly break into the Asura Empire's palace with a high profile. After all, Ye Feng and the Asura Empire had no actual grudges.

Ye Feng directly hid his cultivation at this moment, and then passed through the space wormhole and instantly entered the palace of the Asura Empire.

You know, Ye Feng is not even afraid of Emperor Asura now, and his cultivation has reached a very high level, so Ye Feng is becoming more and more skilled in the use of space gems.

So now Ye Feng opened up a space wormhole and entered the Asura Empire's palace very easily.

Next, Ye Feng did not exude his powerful soul power. After all, it might attract the attention of some old monsters in the Asura Empire who had been practicing for countless years.

So Ye Feng immediately started looking for some guards in the palace to see if he could ask anything from them.

Soon Ye Feng found a group of demon guards wearing black armor who were patrolling.

Uh-huh!

At this moment, Ye Feng stepped in front of the palace guard wearing black armor and asked: "Do you know where Princess Caiyun lives?"

Seeing the sudden appearance of Ye Feng, these imperial guards in black armor did not react.

Because these guards all know that those who can enter the Asura Palace must be people with status.

Moreover, the young man in white clothes in front of him looks very extraordinary, his cultivation is unfathomable, and he must have a very powerful background.

So at this time, a black armored guard immediately said respectfully: "If you want to go to the place where Her Royal Highness Princess Caiyun lives, I can take you with me."

When Ye Feng heard this, he couldn't help but show a look of surprise in his eyes.

I didn't expect these guards to be so talkative.

Ye Feng immediately nodded and said: "Okay, then you can take me directly there now. I have something to do with Princess Caiyun."

The black armored guard nodded immediately, and then led Ye Feng to walk quickly in a certain direction.

When Ye Feng followed the guard through the buildings, he finally came to a royal garden in the center of the palace.

In the northwest of this royal garden, Ye Feng saw an antique palace, fresh and elegant, giving people a very comfortable feeling. ??

Ye Feng immediately showed an inexplicable look in his eyes.

Because he saw a beautiful woman with a graceful figure standing at the entrance of the palace.

It is my old friend, Princess Caiyun.

However, Princess Caiyun seemed to be talking to an old maid at this time, with a trace of anger on her face.

"Um?"

When Ye Feng saw this scene, his eyes immediately moved slightly and he walked over.

When Ye Feng walked in front of her, Princess Caiyun had not yet reacted. Ye Feng simply smiled and said, "Princess Caiyun, long time no see."

"Are you...Ye Feng? Ye Feng! It's really you!"

At this moment, when she saw the young man in white in front of her, Princess Caiyun's beautiful face revealed a look of deep joy, excitement and unexpected expression.

Because she never expected that Ye Feng would suddenly appear in front of her. It was really incredible.

At this moment, Princess Caiyun said that she even came to Ye Feng excitedly and took Ye Feng's hand, looking very happy and excited.

I saw this scene at this time, especially Princess Caiyun, who actually held Ye Feng's hand.

The old maid standing next to Princess Caiyun immediately couldn't help but said in a cold voice:

"Her Royal Highness Princess Caiyun, pay attention to your words and deeds. The ninth prince of the demon clan of the Black Dragon Empire is coming to propose marriage soon. You can't have such a close relationship with other members of the opposite sex now. Otherwise, if others see it, it will anger the Black Dragon. The ninth prince of the empire."

When Ye Feng heard what the old maid said, he immediately frowned and couldn't help but asked: "What's going on?"

Princess Caiyun took Ye Feng's hand at this time, with a trace of worry and anger on her beautiful face, and said loudly: "After I was captured in the Asura Empire, even though half of my body I am of royal blood and was named a princess, but Emperor Asura did not treat me as a granddaughter at all, but regarded me as a tool for marriage. In order to win over the power of the Black Dragon Empire, Emperor Asura, my so-called grandfather, I was actually going to be betrothed to the Ninth Prince of the Black Dragon Empire. I was not willing at all, so my ruthless grandfather trapped me in the palace and refused to let me out. He asked me to wait for the Ninth Prince of the Black Dragon Empire to come and propose marriage. "

Hearing what Princess Caiyun said, Ye Feng's eyes suddenly turned cold, and then he said slowly: "You are my friend and my confidant. I will not let this happen, as long as you don't want to , then no one can force you to do anything."

Hearing Ye Feng's resolute words, Princess Caiyun immediately said with great concern: "Ye Feng, I know that your talent is very great and your strength is very strong, but in the top level of demonic realms such as the Asura Empire and the Black Dragon Empire, In front of the giant, our personal

power is too small. Ye Feng, I don't want to hurt you because of myself. In that case, I will feel guilty for the rest of my life. Ye Feng, you should leave as soon as possible. "

At this moment, it is obvious that Princess Caiyun does not know that Ye Feng has now reached a very powerful level.

She thought that Ye Feng was as weak as before. After all, Princess Caiyun knew that Ye Feng had not been in the high-level realm of the Demon Realm for a long time.

At this time, the old maid next to her also smiled coldly and said sarcastically: "Young man, I advise you not to know that the sky is high and the earth is high. In front of the empire of our Demon Realm, any personal power is nothing. You are so insignificant, you should listen to Her Royal Highness Princess Caiyun and leave here as soon as possible, otherwise you will definitely die miserably."

"Shut up!"

Ye Feng gave the old maid a cold look and said loudly: "I won't leave. I want to see if the top empire forces in the Demon Realm you call can really cover the sky with one hand. ! If they want to cover up the sky with one hand, then I will crush them all!"

Chapter 3610 Because of jealousy

For Ye Feng, he made a special trip to the Asura Empire's palace this time just to see how Princess Caiyun was doing.

If Princess Caiyun lives well and everything goes well, then Ye Feng will feel relieved and can leave the Demon Realm and go to the dark world.

But if Princess Caiyun is not doing well, then Ye Feng will naturally want to help.

After all, Princess Caiyun helped Ye Feng a lot when he was able to enter the Demon Realm.

And besides that, Princess Caiyun also has a very special place in Ye Feng's heart.

After all, they had a very close confidant time.

So at this time, Ye Feng naturally wanted to help Princess Caiyun get out of this predicament.

At this moment, Princess Caiyun looked at Ye Feng in front of her and was very moved.

Because Princess Caiyun knows very well how terrifying the empire-level forces are in the Demon Realm.

No matter how powerful Ye Feng's cultivation is, it will definitely be very difficult to face an empire-level demon force. ??

But Ye Feng was still willing to take such a huge risk to help her, which made Princess Caiyun feel moved for a moment to pledge herself to him.

At this time, the old maid next to her suddenly said: "By the way, I still don't know your identity as a kid. Why do you say you can help Princess Caiyun?"

Ye Feng looked at the old maid and said lightly: "Don't continue talking in front of me, otherwise, I will slap you away."

This old maid is obviously no ordinary maid, she must have a background, otherwise she would not be so presumptuous in front of a princess like Princess Caiyun.

Because even if Princess Caiyun is only a princess with half royal blood, that is not what ordinary maids can do.

But Ye Feng didn't care at all.

Because he is not even afraid of Emperor Asura, let alone a mere maid.

When the old maid heard what Ye Feng said, she immediately showed an angry expression on her face and said loudly: "You are so brave, you dare to talk to me like this. There are seven people standing behind me. "Your Majesty."

Snapped! !

But at the next moment, Ye Feng slapped the chattering old maid and sent her flying far away. She fell to the ground hard, with several teeth broken and her face covered in blood.

"ah!!"

The old maid immediately let out a painful scream, which was like a slaughtering pig.

Obviously she had never encountered anything like this before, and someone actually dared to slap her away in front of everyone.

At this moment, the old maid immediately stared at Ye Feng fiercely and shouted: "Damn boy, I must kill you."

After saying that, the old maid ran directly into the distance.

Ye Feng didn't bother to pay attention to this weak and old maid at this time.

Princess Caiyun, who saw this scene at this moment, said with some worry: "Ye Feng, this old maid has a very extraordinary status. Now that you have beaten her so badly, I guess she will not let you go." Yes, but don't worry, as long as I'm in the palace of the Asura Empire, I can still be regarded as a princess, and I won't let anyone else hurt you."

Ye Feng just smiled slightly at this time, looked at Princess Caiyun in front of him, and said loudly: "You don't have to worry about me, my current strength has surpassed yours."

of imagination. "

Although Ye Feng said so, Princess Caiyun did not actually see Ye Feng take action, and she did not know whether Ye Feng's specific combat power was as powerful as Ye Feng himself said.

So Princess Caiyun is still quite worried about Ye Feng.

But at this time, Princess Caiyun secretly thought that if anyone dared to hurt Ye Feng, then she would kill him.

At this time, Princess Caiyun took Ye Feng into her bedroom.

Ye Feng looked at the luxurious decoration around him and couldn't help but smile and said: "It seems that your living environment is not bad. You should not have suffered during this period."

When Princess Caiyun heard what Ye Feng said, she immediately shook her head with a wry smile and said: "Of course not, after all, I am half of the royal family, and the people in the palace are pretty good to me, but my... Grandpa is too ruthless and wants to marry me, which I can't bear. After all, my marriage must be my own decision, and I will only choose the person I am satisfied with. "

When she said this, Princess Caiyun glanced at Ye Feng secretly, with a trace of shame in her beautiful eyes.

Obviously, in Princess Caiyun's heart, she may have long regarded Ye Feng as her rightful son, and she would not marry him other than Ye Feng. .??.

However, Ye Feng did not see other meanings in Princess Caiyun's eyes at this time. He just said, "Don't worry, since I'm here, I won't let others force you to do anything."

When he said this, Ye Feng suddenly seemed to sense something. He smiled coldly and said: "The old maid seems to have found help. I didn't expect her to move so fast. Let's go out and see." one look."

After saying that, Ye Feng went straight to the bed

Walk outside the palace.

Princess Caiyun quickly followed Ye Feng out.

She was very worried about Ye Feng's safety. After all, Princess Caiyun guessed that Ye Feng had secretly lurked into the Asura Palace. If others discovered this secret, perhaps all the guards in the Asura Empire's imperial city would gather there. Here, Ye Feng was arrested.

At this moment, several people were standing outside.

One of them was the old maid who was slapped away by Ye Feng before.

The old maid still had a slap mark on her face, and her expression was very angry at this moment. She stared at Ye Feng and said viciously to the person next to her: "Commander, I hope you can kill this hateful boy." Abolish it directly."

This old maid was standing next to a tall young man wearing black armor, who looked very majestic.

This tall and mighty young man is the commander-in-chief of the imperial guards in the Asura Empire's palace!

At this moment, the commander-in-chief of the Imperial Guard was staring at Ye Feng, especially when he saw Princess Caiyun following Ye Feng, looking like a little bird, and his eyes suddenly showed deep jealousy. color.

The commander immediately spoke out: "Who are you, kid? I have never seen you before. Could it be that you are a thief who broke into the palace of our Asura Empire, and you actually intend to harm the maids of the palace of our Asura Empire, and you also For Her Royal Highness to be obsessed with you, you must have used some deceptive method or magic to do all this, so today I will kill you on the spot and get rid of you, the monster and thief!"

Obviously, the commander-in-chief of the imperial guards in the Asura Empire Palace was jealous and in order to completely suppress Ye Feng, he placed various charges on Ye Feng for no reason.
