### Chapter 361 Ambitious

At this moment, the royal gardens outside the Suzaku Dynasty were crowded with people.

Originally, the royal hunting was going on well, but suddenly at this moment, the high priest, who was sitting calmly on the high platform, suddenly took action against the Suzaku Emperor.

"Boom!"

Emperor Suzaku's body suddenly released powerful golden dragon energy.

These body-protecting dragon auras roared and roared like real divine dragons.

In one fell swoop, he blocked the high priest's attack instantly.

But Emperor Suzaku's eyes looked extremely ugly at this time.

Because he discovered that the high priest did not want to kill him at all, but controlled him in a formation.

And at this moment, Emperor Suzaku could feel the power in his body passing away rapidly.

Obviously this formation is a very vicious refining formation. The high priest wants to refine all the body-protecting dragon energy in the Suzaku Emperor for his own use!

"High Priest, what are you doing?! Presumptuous!"

This scene shocked many people. Many loyal ministers and guards roared and rushed towards the high priest.

Poof!

Poof!

But at this moment, beside these ministers and guards, half of the other ministers and generals pulled out the swords at their waists and killed these people.

"What?!"

"Nearly half of the ministers have rebelled?!"

This scene on the field made many people around look shocked.

Originally, they were sitting peacefully outside the royal garden, waiting for the results of the competition between the young talents in the royal garden.

No one would have thought that at this moment, the ever-unpredictable high priest would actually take action, and even try to refine the Suzaku Emperor directly under the spotlight.

This is a huge change!

Everyone was stunned, and then deep fear arose in their hearts.

"Don't be arrogant to the emperor!"

At this time, suddenly the ground underneath the surrounding high platforms exploded.

There were more than a dozen men in black clothes wearing black dragon patterns, and the aura on their bodies was that they were in the half-step magical realm, and they immediately took action against the high priest.

More than a dozen half-step magical powerhouses!

This is an extremely terrifying and powerful force!

"They are the legendary Baolong clan of our Suzaku Dynasty!"

"That's right, he is definitely a strong man from the Baolong clan! A dozen or so half-step magical powers are guaranteed!"

Everyone around them was shocked, feeling extremely happy and excited.

Emperor Suzaku also had a look of pride on his lips at this time.

These trump cards are the strong men he has trained for many years.

He did not bet everything on Ye Feng. The Baolong clan was the trump card that every generation of emperors of the Suzaku Dynasty would cultivate.

"How dare the light of fireflies compete with the bright moon?"

The high priest suddenly spoke up, his tone filled with aloofness and arrogance.

She sneered and pressed her plain white palm towards the dozen or so strong men of the Baolong Clan.

Boom!

Immediately, a god's hand that looked like it was made of pure white jade appeared between the heaven and the earth. It was flowing with immortal luster and seemed to be able to obliterate any living thing in the world.

"ah!"

"ah!"

"ah!"

Almost at this moment, more than a dozen half-step magical power experts from the Baolong Clan, who had not even used their unique skills, screamed one by one and were directly obliterated, exploding into blood mist all over the sky.

"Plop!"

Seeing this horrific scene, the proud look on Emperor Suzaku's face immediately disappeared. He turned pale and fell to the ground, murmuring, "It's over..."

"A swarm of ants."

The high priest snorted coldly at this time, and she immediately grabbed Emperor Suzaku with one hand, and said coldly: "I have allowed you to be the emperor for so many years, you should be satisfied. Now that you have accumulated the innate dragon energy for so many years, , all shall become mine!"

As the high priest spoke, a cruel and cold ambition appeared on his stunning face. At this moment, the royal gardens outside the Suzaku Dynasty were crowded with people.

Chapter 362 The beautiful lady Qing Ben

Buzz!

The high priest took action at this time, and the void suddenly became extremely hard.

Emperor Suzaku was currently trapped in the refining formation, unable to escape.

"Is it really destined by God to destroy our Suzaku Dynasty?"

Emperor Suzaku sighed. As the emperor of a super dynasty, his eyes were filled with deep despair and a look of death.

He didn't expect that the high priest would take action so quickly, directly under the spotlight of everyone, without any preparation at all.

"boom!"

Just when the high priest's white jade palm condensed in the void was about to crush the Suzaku Emperor.

A figure suddenly rushed towards him from a distance, his whole body glowing with divine light.

This is a crystal figure whose entire body looks like it is made of glass crystal. Even its pupils, skin, and hair are all the color of glass crystal.

He punched out, and an unimaginable force exploded instantly, directly smashing the white jade palm of the high priest into pieces!

"What?!"

This scene made the high priest's alluring eyes suddenly change.

At this time, Ye Feng activated his glazed battle body, and his whole body was like a glazed crystal man. For a moment, the high priest did not recognize him as the person who killed the headless black knight that night.

"Master Ye! You are finally here! You have made a breakthrough!"

The happiest person at this time is the Suzaku Emperor.

He stared at the god-like young figure in front of him, and suddenly shouted excitedly: "You really broke through the shackles of the titled martial arts realm in just a few days, and stepped into the level of a great monk in the magical power realm!"

Emperor Suzaku was both happy and shocked at the same time.

Because he watched Ye Feng grow up all of a sudden.

From a half-step to the realm of magical power, in just a few days, I stepped into the real realm of magical power.

This simply smells

Unheard of.

Not to mention that it is unprecedented, but it is definitely unprecedented.

As the controller of the ten super dynasties, Emperor Suzaku has never seen such a terrifying young prodigy in his many years of reign.

Ye Feng turned back at this time, glanced at Emperor Suzaku slightly, and said: "Your Majesty, don't be too quick to be happy. I have almost swallowed up half of the treasures of heaven and earth in your Suzaku Dynasty's treasury, accumulated over thousands of years. "

When Emperor Suzaku heard this, his excited face suddenly darkened: "..."

"You were one of the two men in black that night!"

The high priest suddenly spoke not far away.

Ye Feng looked at this peerless and alluring woman and couldn't help but sigh: "This beautiful woman is a thief. Why do you want to collude with evil tribes outside the territory?"

The high priest smiled coldly and said: "What do you know? The evil tribe from outside the territory in your eyes adopted me, gave me strength and magical means, and allowed me to change my miserable fate!"

Ye Feng stared at the high priest with determined eyes. He knew that it was impossible for this high priest to look back.

"Then let's fight."

Ye Feng spoke indifferently, not showing any mercy because the other party was a peerless and alluring woman.

Because such a woman is a terrible enemy and must be eradicated!

"boom!"

At this moment, Ye Feng completely released the fourth-stage body of creation that he had just broken through, the glazed battle body!

He punched out, and the energy of the entire world boiled, and a huge roar sounded like a landslide and tsunami in the void.

"With the pure power of the body, it shook the void and produced a sonic boom in the void. What a terrifying body this is..."

At this time, when countless powerful people around saw this scene, they were so horrified that their eyes almost fell out.

Many ministers and dignitaries who had submitted to the high priest were livid at this time. They never thought that Emperor Suzaku actually hid such a terrible "trump card"! Buzz!

Chapter 363 Bronze Coffin

Boom!

Boom!

High in the sky, divine light splashed and fighting spirit boiled. Ye Feng's whole body was filled with divine light, like a young god fighting with the high priest.

At this moment, his body was undergoing transformation, and he had achieved the fourth stage of the glazed battle body, with every palm and finger containing monstrous brute force. ??

Although the high priest was blessed by the power of evil tribes outside the territory, he was retreating steadily at this moment.

Ye Feng looked like a humanoid ferocious beast running out from the depths of the wilderness, rampaging high in the sky.

His hands, elbows, fingers, head, legs, etc., have all become the most terrifying weapons. The soldiers in the hands of the high priest will be struck by Ye Feng and scream, and they will obviously be completely broken. Come.

The high priest's eyes were extremely horrified, and he exclaimed: "A few days ago, your cultivation level was still a weak half-step of the magical realm. Why did you step into the real magical realm in just a few days? It can't be so fast!"

Ye Feng's two crystal eyes were indifferent at this time, saying: "Nothing is impossible in this world, use your real sealing power, I want to see what is hidden between your eyebrows. What?"

That night, Ye Feng didn't really see the sealing power in the high priest's eyebrows.

At this time, the high priest's beautiful eyes were extremely ugly, because she knew that if she did not use that forbidden power, she would not be Ye Feng's opponent at all.

Although they were also in the supernatural realm, what frightened the high priest was that Ye Feng's combat power was really frightening.

Today's Ye Feng doesn't know how much stronger he became in that underground space a few nights ago.

"Since you want to see the power of destruction so much, then I will satisfy you."

The high priest's eyes suddenly became extremely cold and aloof.

She used the sealing power in her eyebrows, and it was as if she had turned into another person, becoming extremely noble and lonely, like the Guanghan Immortal above the nine heavens.

Like women.

This sealing power is not the same as the evil aura of the evil tribe outside the territory that Ye Feng imagined, but an ancient and profound noble power.

"I want to see what is hidden between your eyebrows?"

Ye Feng sneered and rushed directly in front of the high priest without any taboo.

The high priest was not ready yet. Ye Feng bent one finger directly, like a sharp iron hook, and instantly pierced the high priest's eyebrows. He was extremely decisive and ruthless, without any hesitation.

"ah!"

The high priest immediately let out a scream of extreme pain.

Her eyebrows suddenly split open, and Ye Feng immediately saw that there was a tiny space hidden in the high priest's eyebrows, and in that space, there was a huge bronze coffin.

"when!"

Ye Feng's fingers stretched into the tiny space and struck the bronze coffin, causing a crisp roar.

The bronze coffin remained motionless, but the lid of the bronze coffin moved slightly, and a gap appeared.

Buzz!

From that gap, a large piece of misty light suddenly burst out, and every ray of light seemed to have a weight of tens of millions.

"Crack!"

Ye Feng's eyes were startled. He touched a ray of light from the bronze coffin with one of his glazed fingers, and was suddenly crushed to the point of fracture.

"It's such a terrifying weight that even my glazed battle body was shattered at once!"

Ye Feng was shocked.

But just when he was about to return quickly to escape, the old demon dragon Shang seemed to have discovered something, and suddenly yelled crazily in Ye Feng's mind: "Ye Feng! Quick! Grab the bronze coffin quickly! Grab it quickly Ah! The ray of light coming from the coffin is the legendary emperor's energy. This bronze coffin is likely to contain an ancient emperor from ancient times! "Boom!"

Boom!

High in the sky, divine light splashed and fighting spirit boiled. Ye Feng's whole body was filled with divine light, like a young god fighting with the high priest.

This bronze coffin is likely to contain an ancient emperor from the ancient times!"

Chapter 364: Beauty turns into bones

"Grab it quickly! The coffin containing the ancient emperor is of immeasurable value! It is the greatest treasure on this land!!"

Shang, the old demon dragon, seemed to be going crazy at this time, screaming crazily in Ye Feng's mind.

"What? The coffin of the ancient emperor?"

Ye Feng was shocked all of a sudden.

Although he is a genius who came from a small place, Ye Feng's soul is the crown prince of the God of Creation Dynasty three thousand years ago!

He knew that the legendary ancient emperor was an existence that surpassed all practitioners and was the strongest living being standing under the starry sky. ??

Ye Feng's father, Emperor Ye Qing, the God Emperor of the Creation God Dynasty, was at the level of the Ancient Emperor back then, and was still at the advanced level among the Ancient Emperors. He proclaimed himself God Emperor, and seemed to be on the verge of touching the legendary immortality. wonderland.

That's why the Divine Dynasty of Creation flourished for a while, and Emperor Ye Qing was also the most powerful human emperor in the spiritual world in that era of three thousand years. He was revered by all races as the "God Emperor", which meant he was aloof, like the Lord of the Nine Heavens.

Ye Feng recalled for a moment, his eyes suddenly showed a fiery light.

He immediately asked in his mind: "Shang, I can't even resist the wisp of Emperor Qi coming out of this bronze coffin, how can I snatch this coffin?"

"Don't say that you are only in the magical power realm now. Even if you have surpassed the magical power realm countless times, you still can't fight against a wisp of energy from an ancient emperor!"

Shang said in his mind: "But you kid has other ways. The crystal mirror of your natal talent that you awakened before can communicate with you in the future!"

Ye Feng's eyes moved and he said: "You mean, let me in the future fight against the great emperor's energy coming out of the bronze coffin?"

At this time, Ye Feng said this, and felt very strange in his heart.

But now there is only this way. The fourth natal talent that I awakened merged with the crystal scepter and mutated. I don't know whether it is good or bad.

Because it involves time and fate, as well as the unpredictable future, it really makes people feel very weird.

"The fourth talent, awakening!"

Ye Feng's thoughts moved, and a crystal mirror shrouded in mysterious aura suddenly appeared in front of him.

Buzz!

At this moment, Ye Feng's soul power suddenly touched the crystal mirror.

"Wow!"

A vast and vast river of time that seemed to have spread through eternity flowed out of the crystal mirror all of a sudden.

Sure enough, at the end of the long river of time, a tall and majestic figure stood.

This figure is very hazy, but the face can be vaguely seen. It is exactly the same as Ye Feng, but it is much more mature and vicissitudes than the current Ye Feng.

"Future me! Please help me!"

Ye Feng's thought traveled through the long river of time and was transmitted to the future figure standing at the end of the long river.

"Buzz!"

The future figure didn't make any sound, but at this moment he began to move slowly.

A big hand full of infinite power grabbed it from the end of the long river of time, condensed the years, traveled through the black and yellow, and suddenly grabbed the bronze coffin in the tiny space between the high priest's eyebrows.

"Dang! Dang! Dang!"

The wisp of the emperor's aura emanating from the bronze coffin was like a divine spear, piercing the hand of the future figure, but that big hand seemed to be made of the hardest material in the world and could not be penetrated at all. .

"puff!"

At this time, Ye Feng suddenly spurted out a mouthful of blood.

His face was extremely pale. It was too draining of his soul to communicate with his future figure and help his current self across the long river of time.

At this moment, blood even began to flow from Ye Feng's eyes, looking very terrifying.

"Collect it!!!"

But Ye Feng's face was fierce, and he poured all his soul power into the crystal mirror in front of him.

Boom!

The big hand of the future figure was suddenly filled with power again, and with overwhelming strength, he suddenly grabbed the bronze coffin that seemed to weigh billions of dollars.

"Uh-huh!"

A storage ring on Ye Feng's finger suddenly lit up and he collected the bronze coffin.

"Got it!"

Ye Feng suddenly withdrew his soul power, the crystal mirror dissipated, and the future figure also disappeared.

"Hoo ho!"

At this time, Ye Feng was gasping for air, his soul was extremely exhausted.

Bang!

At this moment, the high priest's eyebrows were split, his beautiful face was stained with blood, and he fell from the sky to the earth.

The high priest of a super dynasty, the supreme goddess in the eyes of countless people in the Suzaku Dynasty, finally fell from grace to death in an instant! "Grab it quickly! The coffin containing the ancient emperor is of immeasurable value! It is the greatest treasure on this land!!!"

Shang, the old demon dragon, seemed to be going crazy at this time, screaming crazily in Ye Feng's mind.

The high priest of a super dynasty, the supreme goddess in the eyes of countless people in the Suzaku Dynasty, finally fell from grace to death in an instant!

Chapter 365 Priceless Treasure

quiet!

Deadly quiet!

At this time, everyone on the field had deep shock in their eyes.

They saw with their own eyes that the high priest, the mysterious high priest, fell like this. The beauty eventually turned into withered bones and a pink skeleton, which made people sigh.

At this time, countless eyes were focused on the young man in black high in the sky.

At this moment, Ye Feng restrained his strength.

His heart was pounding at the moment.

Because in his storage spirit ring, there is a bronze coffin in which the ancient emperor is buried.

Although I don't know which ancient emperor from the ancient times is buried in this bronze coffin.

But according to Shang, even if the weakest ancient emperor is buried, this bronze coffin is still a priceless treasure.

Shang reminded in his mind at this time: "Ye Feng, you must not reveal the news about this bronze coffin, otherwise it will attract the covetousness of some supreme powerhouses, which will be troublesome."

Ye Feng nodded and said: "I know this. The ancient emperor is an otherworldly existence and the strongest existence under the starry sky. I know the importance and taboo of this matter."

When Shang heard what Ye Feng said, he couldn't help but fell silent and didn't say anything more.

Having been with Ye Feng for so long, Shang trusts Ye Feng very much. Although Ye Feng looks very young, he sometimes has the energy and domineering spirit of a young man.

But in the face of really important things, Ye Feng can definitely maintain absolute calmness and rationality.

At this time, Ye Feng descended from high altitude and walked in front of Emperor Suzaku.

Under the surrounding high platform, countless people had shocked eyes.

No one knew what Ye Feng had done just now, nor did they know what the bronze coffin meant.

What shocked them was that this mysterious young man in black who suddenly appeared had tremendous fighting power and killed the high priest. It was extremely terrifying.

Emperor Suzaku bowed his hands deeply to Ye Feng and said, "Thanks to Mr. Ye this time, otherwise the bloodline of my Suzaku royal family would have been destroyed."

Although Ye Feng said just now that he had swallowed half of the treasures in the Suzaku Dynasty's treasury, it was nothing compared to solving the huge crisis of the high priest.

The Suzaku Emperor was not that stingy. After all, Ye Feng could single-handedly turn the tide and pull the entire Suzaku Dynasty back from the quagmire of destruction.

"Catch all the rebellious ministers and behead them in public!"

At this time, Emperor Suzaku suddenly turned around and shouted to the entire field with a majestic and iron-blooded tone.

Obviously, this time so many ministers rebelled with the high priest, making Emperor Suzaku extremely angry.

Therefore, the entire Suzaku Dynasty is bound to be a bloody storm.

But all this has nothing to do with Ye Feng.

He has now entered the first level of the magical realm.

What Ye Feng is looking forward to is the future war of hundreds of dynasties.

"Poseidon Academy, I'm here..."

Ye Feng murmured.

Then he sat on a seat on a high platform in the royal garden, closed his eyes and meditated.

Now, he just needs to wait silently for Chu Huanxue to stand out in this winter hunting of the Royal Competition.

Emperor Suzaku was sitting beside Ye Feng respectfully at this time.

No one thought this scene was weird, but felt it was completely normal.

Because at this time, in the eyes of everyone, Ye Feng was already an otherworldly existence, and he was no longer on the same life level as mortals like them. quiet!

Deadly quiet!

At this time, everyone on the field had deep shock in their eyes.

They saw with their own eyes that the high priest, the mysterious high priest, fell like this. The beauty eventually turned into withered bones and a pink skeleton, which made people sigh.

At this time, countless eyes were focused on the young man in black high in the sky.

At this moment, Ye Feng restrained his strength.

His heart was pounding at the moment.

Because in his storage spirit ring, there is a bronze coffin in which the ancient emperor is buried.

Although I don't know which ancient emperor from the ancient times is buried in this bronze coffin.

But according to what Shang said, even if the weakest ancient emperor is buried, this bronze coffin is still a priceless treasure.

Shang reminded in his mind at this time: "Ye Feng, you must not reveal the news about this bronze coffin, otherwise it will attract the covetousness of some supreme powerhouses, which will be troublesome."

Ye Feng nodded and said: "I know this. The ancient emperor is an otherworldly existence and the strongest existence under the starry sky. I know the importance and taboo of this matter."

When Shang heard what Ye Feng said, he couldn't help but fell silent and didn't say anything more.

Chapter 366: The Peak of Bauhinia

In the royal garden, Ye Feng was silently waiting for the results of the winter hunting.

He closed his eyes at the moment and was silently exploring the bronze coffin in his storage ring.

However, his current cultivation level cannot detect anything. Shang suggested that he wait until he enters Poseidon Academy to see if he can find any ancient books and methods from this ancient

overlord force that has been passed down for thousands of years in order to plot to steal the bronze coffin. The power of the Great Emperor.

"Wow!"

At this moment, a spiritual crane with snow-white feathers suddenly flew over from the mountains in the distance.

What makes people feel very miraculous is that this spiritual crane can actually speak human words and say to Ye Feng: "Hello, Mr. Ye Feng, my master Meng Feifan and Miss Nie Qianqian are in the Bauhinia Pavilion at the top of the Bauhinia tonight. Let's have a tea party, and I would like to invite you, Mr. Ye Feng, to come and discuss martial arts, talk about life, and the upcoming Hundred Dynasties War."

Meng Feifan!

Nie Qianqian! .??.

The moment the snow-white Linghe finished speaking, before Ye Feng could say anything, countless people below immediately exploded.

"What? Meng Feifan is the most talented person in our Suzaku Dynasty, and he actually personally invited this young man in black to the top of Bauhinia?"

"Nie Qianqian, that is the number one beauty in our Suzaku Dynasty. It seems that this young man in black has attracted the attention of these two peerless figures."

Everyone below was talking a lot.

At this time, Ye Feng suddenly remembered.

It seemed that when he first came to Suzaku City, he had heard some legends about these two people.

Just before Ye Feng walked into Suzaku City, the local snake who led him seemed to have said that Meng Feifan, the first genius of the Suzaku Dynasty, and Nie Qianqian, the first beauty of the Suzaku Dynasty, were outside Suzaku City.

People were admiring the lanterns on the shores of the Bibo Lake, and countless people were attracted to admire the peerless elegance of the two legendary figures.

Ye Feng looked at the mysterious white crane in front of him, nodded slightly, and said: "Top of Bauhinia? Okay, I will go."

Meng Feifan and Nie Qianqian are both the most famous figures among the ten super dynasties such as the Suzaku Dynasty, and they are the top young geniuses.

Ye Feng naturally didn't want to refuse their invitation.

Moreover, these two people were born in a super dynasty, and they must know much more about the War of Hundred Dynasties than themselves.

This time when I went to the tea banquet, I happened to ask the two of them some things about the War of Hundred Dynasties.

Because until now, Ye Feng has almost no other understanding except that the Hundred Dynasties War seems to be taking place in a special independent small world.

"Then I would like to welcome Master Ye Feng to your arrival tonight."

The white crane made a sound, then spread its wings and flew, instantly turning into a stream of white light and disappearing into the mountains in the distance.

At this time, everyone around was talking a lot.

Even Emperor Suzaku came to Ye Feng's ear and whispered: "Master Ye, Meng Feifan and Nie Qianqian are the top beings in our Suzaku Dynasty, and the forces behind them are also unusual. If you want If you stand out in the Hundred Dynasties War, you can communicate with them more. Both of them seem to have been spotted by the super powerful people in the Overlord Force. They

are regarded as the seed figures of the Hundred Dynasties War. There is no harm in getting closer to them. "

Ye Feng nodded and said, "Thank you, Your Majesty, for reminding me. I understand."

Sure enough, a super dynasty is a super dynasty. Among them, the top geniuses, such as Meng Feifan and Nie Qianqian, were selected in advance by the super strong ones among the overlord forces. They were the seed figures in the Hundred Dynasties War. They must know many secrets. . In the royal garden, Ye Feng was silently waiting for the results of the winter hunting.

Chapter 367 I don't believe it

In the wild forest outside the royal garden, the boys and girls who were hunting in winter did not know that a thrilling event was happening outside.

They are still carrying out winter hunting with peace of mind. They want to stand out in this winter hunting and gain the attention of the almighty Suzaku Emperor. When the time comes, they will be crowned king and become famous all over the world.

As night fell, young figures walked out of the royal garden quickly.

In their hands, they all held a huge bag.

In that bag were the beast cores obtained by hunting wild beasts or plundering others.

No matter what method is used, the beast core in each person's hand ultimately represents their ranking.

When Chu Huanxue walked out of the wild forest outside, her sword was stained red with blood.

She was carrying a huge mountain-like package on her back.

"so much?!"

Everyone couldn't help but exclaimed when they saw this scene.

Ye Feng smiled slightly. In this royal winter hunting, Chu Huanxue's number one position should be secure.

"I don't believe it! She is so powerful!"

Suddenly at this moment, a discordant voice sounded throughout the field.

It's Chu Ling'er!

At this time, the little princess of the Third Prince's Palace still had deep jealousy and hatred towards Chu Huanxue.

She stared at Chu Huanxue and said, "She must have prepared a lot of animal cores in advance, put them into her storage ring, and used them as trophies for this winter hunting."

"Who gave you the courage to slander my apprentice?"

Ye Feng suddenly opened his eyes. He stared at Chu Ling'er not far away with an indifferent tone.

"You came just in time!"

Chu Ling'er suddenly said to a middle-aged man sitting on a throne in the crowd: "Dad, it's this boy who hooked up with Chu Huanxue.

Jie, you confused everyone, help me teach this boy a lesson! "

At this time, Chu Ling'er said without noticing the weird looks from the people around her.

Teach Ye Feng a lesson?

Everyone's lips twitched violently. This little princess from the Third Prince's Palace was really fearless.

Tap tap tap!

At this time, the third prince walked quickly to Chu Ling'er, facing the direction of Ye Feng.

Chu Ling'er felt happy that her father finally took action.

"Snapped!"

But at the next moment, what shocked Chu Ling'er to the extreme was that the third prince actually slapped her with his backhand.

Then the third prince said respectfully to Ye Feng: "Sir, my little girl is not sensible and has caused trouble to you, please forgive me."

"What?!"

Chu Ling'er was stunned. She covered the burning and painful bright red slap mark on her face, her eyes filled with disbelief.

what's the situation?

My father has always loved me so much, why would he beat me in front of everyone?

How could Chu Huanxue's master, who was so young, let his father be so humble?

"No! I don't believe it!"

Chu Ling'er seemed to have gone crazy and shouted at the third prince: "Dad! Why? This boy is just a country boy from a small dynasty. He is just a little higher in cultivation. Why are you so afraid of him! I, Zhuque, Where is the majesty of the royal family?"

Snapped!

But the next moment, the third prince slapped Chu Ling'er again, knocking Chu Ling'er unconscious.

The third prince's face was ashen, and he said to several guards of the third prince's palace not far away: "Take him back and ground him for three months!"

After the words fell, the third prince was unable to express the pain in his heart. He smiled apologetically and said to Ye Feng: "Sir, please don't behave like ignorant children." Chapter 368 It's night

Ye Feng's expression did not change much, and he just said calmly: "I don't have general knowledge, but my apprentice may have general knowledge."

The moment the words fell, the third prince immediately caught the meaning of Ye Feng's words.

He immediately ran to Chu Huanxue, painfully took out a middle-grade holy stone from his storage ring, and said with a smile: "Niece Huanxue, take this holy stone. It will be of great benefit to your practice. Please forgive me, Sister Ling'er, for being such an ignorant child."

Chu Huanxue took the middle-grade holy stone and said without any fluctuation in her tone: "This is already the second time. If she dares to slander me like this next time, I will not show mercy."

Chu Huanxue's voice was cold and iron-blooded at this time. It didn't look like the voice and gesture that a girl should make, but a ruthless iron-blooded emperor.

The third prince was secretly shocked. Compared with before, this Chu Huanxue seemed to have been completely transformed and became a completely different person.

"Sure enough, famous teachers produce great disciples."

The third prince glanced at Ye Feng not far away and sighed secretly in his heart.

At this time, he suddenly felt that if Chu Huanxue got the position of prince, she would be the first queen in the history of their Suzaku Dynasty!

"I should pay more attention to this Chu Huanxue when I have time in the future."

The third prince thought secretly in his heart.

At this time, many other young geniuses came out one after another in the wild forest outside the royal garden.

These people were carrying huge bags in their hands. After experiencing this winter hunting, these boys and girls had been baptized by blood and fire, and they had grown a lot.

Emperor Suzaku was very happy to see this scene, because these are the talents of the future Suzaku Dynasty.

If the Suzaku Dynasty wants to grow, it must

It is necessary to attract all kinds of talents.

At this time, Emperor Zhuque glanced at Ye Feng secretly.

If this terrifying young man is from their Suzaku Dynasty, even if they don't help them, with Ye Feng's future reputation, their Suzaku Dynasty will become extremely powerful.

"I don't know which dynasty this Young Master Ye comes from. I'll have to check it out when the time comes and make friends with that dynasty as much as possible."

Emperor Suzaku thought secretly in his heart.

The next step was to start counting the number of beast cores that the young geniuses brought out from the wild forest.

There is no doubt that Chu Huanxue became the number one hunter in this winter with her strong strength and the tens of thousands of beast cores in the bag the size of a small mountain she carried on her back.

"Congratulations to little Princess Huanxue!"

Countless powerful people around him couldn't help but move forward to congratulate him.

At this time, Chu Huanxue saw Ye Feng looking towards her in the distance, smiling, which seemed to be affirmative.

Chu Huanxue immediately felt endless joy in her heart.

Obviously, for Chu Huanxue, the appreciation, congratulations and compliments from various big shots present were far inferior to Ye Feng's affirmative smile towards her.

...

That night.

Ye Feng walked out of Suzaku City. He was alone and strode towards a certain direction outside the city.

Soon Ye Feng came to a huge mountain.

He jumped up and instantly turned into an afterimage, jumping directly to the top of the mountain.

On the top of this mountain stands a purple pavilion.

"Bauhinia Pavilion"

Three powerful and powerful characters are engraved on the plaque of the purple pavilion, full of a piercing edge and a sense of historical weight. Ye Feng's expression did not change much, and he just said calmly: "I don't have general knowledge, but my apprentice may have general knowledge."

Chapter 369 Bauhinia Pavilion

Bauhinia Pavilion!

Ye Feng's eyes moved slightly, this was his destination tonight.

Squeak!

Just when Ye Feng stepped onto the first step, the vermilion door of Bauhinia Pavilion opened instantly.

"Brother Ye has come a long way, come in and have a cup of tea."

A very elegant young man's voice came from the pavilion.

Ye Feng's eyes flashed and he walked directly in.

He immediately saw two young men sitting at a small tea table in a small palace deep in the pavilion.

One male and one female respectively.

The man is dressed in white and has a feather fan and silk scarf. He looks like an elegant young scholar.

The woman is dressed in a very simple blue robe, her long hair is slightly curved and casually draped over her shoulders. She has a peerlessly beautiful face, which makes her look like an ethereal fairy at a glance. .

These two people must be Meng Feifan and Nie Qianqian.

They are indeed the two most amazing and talented young people in the Suzaku Dynasty. When Ye Feng looked over at this moment, he felt an aura of great simplicity from the two of them.

"Brother Ye is here."

Meng Feifan stood up, shook his feather fan, and smiled at Ye Feng.

"Brother Meng."

Ye Feng stepped over and responded with a smile.

"Young Master Ye is indeed a dragon among men. It is truly an honor for this little girl to meet him in person."

Nie Qianqian spoke up. Her voice was full of a different kind of charm, but on the surface, she looked completely different from the quiet and otherworldly person.

Ye Feng glanced at Nie Qianqian and had to admit that it was not without reason that this woman was called the most beautiful woman in the Suzaku Dynasty.

She has a beautiful face that can be admired in the world, and she is dressed extremely plainly, like a fairy who does not eat the fireworks of the world, but her eyes are always moving, rippling with a different kind of charm. meaning.

However, Ye Feng's soul power is so powerful, and his spirit is as hard as steel.

at this time

With a calm expression on his face, he smiled at the most beautiful woman in the Suzaku Dynasty and said, "I have heard about Miss Nie's stunning beauty for a long time. When I saw her today, it was indeed extraordinary. I almost fell in love with her."

Hearing what Ye Feng said, Nie Qianqian immediately covered her mouth and smiled, saying: "The little girl didn't see that Mr. Ye was almost addicted, but she saw that Mr. Ye's eyes were clear. Could it be that Mr. Ye doesn't like women?"

Ye Feng: "..."

"Okay, okay, Qianqian, please stop joking. Mr. Ye's eyes are clear, which means that his heart is pure and aboveboard."

Meng Feifan immediately stood up to smooth things over, smiled apologetically at Ye Feng, and said, "My sister is too naughty, Brother Ye, please don't take it to heart."

My sister?

Ye Feng's eyes were slightly stunned and he said: "Miss Nie is your sister?"

Meng Feifan smiled and said, "Yes, I take my father's surname, and Qianqian takes her mother's surname."

Ye Feng suddenly nodded. Everyone in the world thought that the relationship between the two people was unclear. It turned out that the two were biological brothers and sisters.

"Okay, Brother Ye, please sit down and have some tea."

Meng Feifan sat down first and couldn't wait to drink the pot of tea cooked by Nie Qianqian in one gulp and make a happy sound.

Ye Feng also sat down and drank a small cup of tea.

"boom!"

Suddenly at this moment, Ye Feng felt that his mind and spirit suddenly became extremely refreshing.

It was as if his soul had been washed by the ice water of the far north.

Even Ye Feng suddenly felt that his recent anxiety caused by fighting and killing suddenly dissipated and calmed down, and his whole person became extremely cool.

"Good tea!"

Ye Feng's eyes lit up and he said to Nie Qianqian beside him: "Miss Qianqian, please make another pot of tea for me."

"Hahaha."

Meng Feifan burst out laughing and said: "Brother Ye is so honored today. Qianqian, please take out all the wine and tea that you have collected for many years and cook them for Brother Ye. It is really great to be able to drink with a peerless genius like Brother Ye tonight." One of the great joys of life, come here! We won't go home until we get drunk!" Bauhinia Pavilion!

Ye Feng's eyes moved slightly, this was his destination tonight.

Ye Feng stepped over and responded with a smile.

"Young Master Ye is indeed a dragon among men. It is truly an honor for this little girl to meet him in person."

Nie Qianqian spoke up. Her voice was full of a different kind of charm, but on the surface, she looked completely different from the quiet and otherworldly person.

Ye Feng glanced at Nie Qianqian and had to admit that it was not without reason that this woman was called the most beautiful woman in the Suzaku Dynasty.

She has a beautiful face that can be admired in the world, and she is dressed extremely plainly, like a fairy who does not eat the fireworks of the world, but her eyes are always moving, rippling with a different kind of charm. meaning.

However, Ye Feng's soul power is so powerful, and his spirit is as hard as steel.

at this time

With a calm expression on his face, he smiled at the most beautiful woman in the Suzaku Dynasty and said, "I have heard about Miss Nie's stunning beauty for a long time. When I saw her today, it was indeed extraordinary. I almost fell in love with her."

Hearing what Ye Feng said, Nie Qianqian immediately covered her mouth and smiled, and said: "The little girl didn't see that Young Master Ye was almost addicted, but she saw that Young Master Ye's eyes were clear. Could it be that Young Master Ye doesn't like women?"

Ye Feng: "..."

"Okay, okay, Qianqian, please stop joking. Mr. Ye's eyes are clear, which means that his heart is pure and aboveboard."

Meng Feifan immediately stood up to smooth things over, smiled apologetically at Ye Feng, and said, "My sister is too naughty, Brother Ye, please don't take it to heart."

My sister?

Ye Feng's eyes were slightly stunned and he said: "Miss Nie is your sister?"

Meng Feifan smiled and said, "Yes, I take my father's surname, and Qianqian takes her mother's surname."

Ye Feng suddenly nodded. Everyone in the world thought that the relationship between the two people was unclear. It turned out that the two were biological brothers and sisters.

"Okay, Brother Ye, please sit down and have some tea."

Meng Feifan sat down first and couldn't wait to drink the pot of tea cooked by Nie Qianqian in one gulp and make a happy sound.

Ye Feng also sat down and drank a small cup of tea.

"boom!"

Suddenly at this moment, Ye Feng felt that his mind and spirit suddenly became extremely refreshing.

It was as if his soul had been washed by the ice water of the far north.

Even Ye Feng suddenly felt that his recent anxiety caused by fighting and killing suddenly dissipated and calmed down, and his whole person became extremely cool.

"Good tea!"

Ye Feng's eyes lit up and he said to Nie Qianqian beside him: "Miss Qianqian, please make another pot of tea for me."

"Hahaha."

Meng Feifan burst out laughing and said: "Brother Ye is so honored today. Qianqian, please take out all the wine and tea that you have collected for many years and cook them for Brother Ye. It is really great to be able to drink with such a peerless genius like Brother Ye tonight." One of the great joys of life, come on! We won't go home until we get drunk!"

Chapter 370: Extraterritorial battlefield

The three of them are all top young geniuses. Meng Feifan is also very generous and informal. This makes Ye Feng instantly feel that this Meng Feifan is indeed extraordinary. Not only is he powerful in cultivation, he is young and promising, but he is also extremely generous.

Nie Qianqian seemed to be very curious about Ye Feng. She also drank a little wine. At this time, her beautiful reddish face came to Ye Feng's ear. She asked with misty eyes: "Master Ye Feng, were you together with the high priest before?" "Zhan, my brother and I both saw it, and I want to ask you, didn't you feel any pain at all when you killed such a beautiful woman like the high priest?"

I have to say that every question Nie Qianqian asks is very strange.

But Ye Feng said with great certainty: "She has been determined to be an enemy. Naturally, I will not show any mercy. I also told the high priest before that this beautiful woman is nothing but a thief."

"You are a beautiful woman, why am I a thief?"

When Nie Qianqian heard Ye Feng's words, her beautiful eyes suddenly lit up. She stared at Ye Feng and said: "Master Ye Feng, for a peerless talent like you, there should be many beauties around you."

Ye Feng shrugged and said: "Do you think there is someone around me now? But if Miss Qianqian doesn't mind, it can be regarded as one."

"Pfft!"

Hearing what Ye Feng said, Nie Qianqian couldn't help but laugh.

She looked at Meng Feifan, who was reciting poetry under the influence of alcohol not far away, and said with a smile: "Brother, you have misjudged the wrong person. This Mr. Ye Feng is not pure at all, and he is also glib."

Meng Feifan was very interested in poetry at this time and had no time to talk to his sister.

The War of Hundred Dynasties is coming soon. Even though both of them have been selected by the strong ones among the overlord forces, they still have to perform well in the War of Hundred Dynasties, otherwise they will not be able to enter the overlord force that stands at the top of the pyramid.

Ye Feng asked at this time: "Miss Qianqian, which overlord force favored you and Brother Meng?"

Nie Qianqian stared at Ye Feng with her beautiful eyes, smiled seductively, and said: "Master Ye Feng, answer me first, which overlord force is your goal in participating in the Hundred Dynasties War?"

Ye Feng did not hesitate and said: "Poseidon Academy."

"Poseidon Academy?"

At this time, Meng Feifan came from not far away and said, "The two of us, brother and sister, are going to Poseidon Academy."

"What a coincidence."

Ye Feng's eyes moved.

"What a fate!"

Nie Qianqian immediately sat next to Ye Feng, and without any hesitation stretched out a pair of soft lotus-rooted arms to wrap around one of Ye Feng's arms.

Nie Qianqian smiled and said: "Master Ye Feng, from now on we will all be brothers and sisters of the same sect!"

Ye Feng looked at Nie Qianqian who was approaching him, her behavior was quite friendly, and couldn't help but smile helplessly and said: "The Hundred Dynasties War is so dangerous, I don't know if I can enter Poseidon Academy alive."

"Brother Ye is right."

Meng Feifan nodded solemnly and said: "In the Hundred Dynasties War, countless geniuses will compete and fight in an extraterritorial battlefield. Not only will there be fighting between companions, but there will also be threats from monsters in the extraterritorial battlefield."

"The war of hundreds of dynasties took place on an extraterritorial battlefield?"

Ye Feng's eyes flashed slightly.

The extraterritorial battlefields are small worlds attached to Longyuan Continent, in which ancient extraterrestrial creatures and demons live.

Ye Feng couldn't help but asked at this time: "Brother Meng, does he know how the overlords judge the performance of a young genius in the Hundred Dynasties War?" The three of them are all top young geniuses, and Meng Feifan is also very His boldness and informality made Ye Feng instantly feel that Meng Feifan was indeed extraordinary.
