Chapter 3621 Special Symbols

"Rumble..."

At this time, along with Ye Feng's devouring, the extremely majestic energy was absorbed by Ye Feng and injected into Ye Feng's Dantian.

This super master who came from the tenth level of the Zhou Tian Realm and the Great Perfection of the Dark Demon Sect, the skill and blood energy contained in his body were so powerful and majestic that the cultivation aura on Ye Feng's body immediately began to Breakthrough quickly and continuously.

"boom!"

Almost at this moment, Ye Feng broke through the cultivation bottleneck of Shen'an Realm and stepped into the real first level of Shen'an Realm!

"boom!"

The second level of Shen'an Realm!

"boom!"

The third level of Shen'an Realm!

"boom!"

The fourth level of Shen'an Realm! !

At this time, Ye Feng's cultivation breakthrough finally stopped.

This time he broke through several heavens in a row and directly entered the fourth heaven of the God's Shore Realm. It was really a huge improvement.

For Ye Feng, this breakthrough speed is extremely fast, much faster than his slow cultivation.

After Ye Feng's breakthrough was over at this moment, he even felt a little unfinished.

At this time, Ye Feng couldn't even wait to enter the dark world.

Because Ye Feng discovered that the most powerful people in the Demon Realm, such as Emperor Asura, he was too lazy to devour. He could not increase his energy much at all. He still had to find a more powerful existence before he could devour him. The breakthrough was quick.

At this time, Ye Feng knew very well that if so many masters from the Dark Demon Cult had not come down this time, he would not have been able to reach the fourth level of the Divine Shore Realm all of a sudden. He would probably still be wandering around the previous realm, the Golden Bridge Realm.

But now Ye Feng's cultivation level has suddenly broken through to the fourth level of Shen'an Realm. This is all due to those high-level experts from the Dark Demon Cult.

At this moment, after Ye Feng finished devouring it and plundered the inheritance of this young man in green robe, Ye Feng was ready to leave here directly.

But suddenly at this time.

Uh-huh!

\u003e

From the body of this young man in gold robe, something emitting black light suddenly rushed out, and suddenly entered Ye Feng's palm.

Ye Feng subconsciously wanted to resist this thing emitting black light, but he couldn't resist it at all.

Ye Feng immediately saw a dark symbol appearing on his right hand. It looked very ancient and exuded a faint light.

Ye Feng's eyes were a little ugly, because this thing came to him on its own initiative, and he didn't know what it was at all.

Ye Feng immediately asked aloud in his mind: "Emperor Chu, a dark symbol suddenly appeared on my left hand. Can you help me see what it is? Is it a threat?"

"good."

Emperor Chu nodded in his mind at this moment, looked at Ye Feng's left hand, with the symbol flashing, and immediately said aloud: "This seems to be a special symbol of the Dark Demon Cult, it should be a mark of attributes. The symbol should not have much impact on your own health. However, if you enter the dark world and encounter various powerful people in the dark demon sect, this symbol should guide them and let them ask questions indiscriminately. You kill him."

When Ye Feng heard what Emperor Chu said, his eyes immediately changed slightly and he said loudly: "You mean, this ancient dark symbol is like a kill order. As long as you are a strong man from the dark demon sect, wait for me Anyone who encounters them will directly regard me as their mortal enemy."

When Emperor Chu heard what Ye Feng said, he immediately nodded and said, "That's understandable."

Hearing Emperor Chu's explanation, Ye Feng nodded slightly and breathed a sigh of relief.

As long as this black symbol has no impact on your own health and life.

As for this ancient symbol being a fatwa, although this is very dangerous for Ye Feng, it is not that exaggerated.

Because Ye Feng is about to go to the dark world and enter the Ten Thousand Realms Chamber of Commerce, which specializes in cultivating geniuses.

Among the Wanjie Martial Arts Academy.

As for the Ten Thousand Realms Chamber of Commerce, it is a giant force that can remain neutral between the Dark Demon Cult and other top forces in the Great World of Origin in the dark world, so it should be relatively safe for the time being.

However, with this fatwa symbol in his hand, Ye Feng gave up the idea of sneaking into the Dark Demon Cult.

Because even if you disguise yourself as a figure in the Dark Demon Cult, with this fatwa symbol on your left hand, you will definitely be instantly recognized as an enemy by the strong men in the Dark Demon Cult.

This made Ye Feng's face look a little ugly at this moment.

Originally, Ye Feng planned to practice in the Ten Thousand Realms Martial Arts Academy for a period of time, then directly disguise himself as a figure in the Dark Demon Cult, sneak into the Dark Demon Cult, and disintegrate this behemoth from the inside.

But now it seems a little impossible.

However, Ye Feng felt that the Wanjie Chamber of Commerce might have a solution to the fatwa symbol in his hand.

At this moment, Ye Feng was thinking secretly in his heart, and then left this collapsed small world with Emperor Asura.

When Ye Feng took Emperor Asura back to the Asura Palace, Princess Caiyun was not far away and seemed to be waiting very anxiously.

She immediately greeted her and couldn't help but said: "Ye Feng, are you okay?"

Ye Feng smiled and said, "It's okay."

When Princess Caiyun heard this, she immediately breathed a sigh of relief.

Then she looked at Emperor Asura who was being carried by Ye Feng's side, and asked aloud: "My grandpa's life shouldn't be in danger, right?"

Ye Feng immediately nodded and said: "There is no big danger, I was just stunned by the aftermath of the fierce battle I just had."

After saying that, Ye Feng slapped Emperor Asura directly.

There was a "pop" sound!

Ye Feng slapped Emperor Asura on the face.

Emperor Asura woke up immediately and quickly exclaimed: "Am I already dead?"

Come to the underworld? "

Ye Feng immediately smiled and said: "You are not dead yet, you were just stunned by the aftermath of my battle just now."

After finishing speaking, Ye Feng threw Emperor Asura directly to the ground in front of Princess Caiyun, and then said aloud: "The rest of the aftermath will be left to you. I am going to the grand auction now."

Princess Caiyun nodded immediately, with a trace of expectation in her beautiful eyes, and said loudly: "Ye Feng, don't worry, I will also work hard to practice, and strive to participate in the assessment of the Wanjie Martial Arts Academy in the future. I can see you again."

Ye Feng immediately nodded, smiled slightly and said, "I look forward to that day coming."

Uh-huh!

After saying that, Ye Feng jumped up and left the scene, then quickly flew towards the grand auction.

When Ye Feng came to the Shanda Auction, he directly entered the central area of the auction venue and found the president of the Shanda Auction.

At this moment, Ye Feng stretched out his left hand and asked aloud: "Senior, please help me look at the fatwa symbol of the Dark Demon Cult in my hand. Is there any way to remove it for me?"

At this moment, the president of the grand auction saw the symbol emitting black light in Ye Feng's left hand. His face suddenly changed slightly and he couldn't help but said: "How is this possible? The behemoth of the Dark Demon Cult is Why did the fatwa symbol appear on your body? It is said that only elite members of the Dark Demon Cult will be haunted by this fatwa symbol! Ye Feng, how did you get this special thing? Wrapped in a fatwa symbol?"

When Ye Feng heard the chairman of the grand auction say this, his eyes flashed slightly, and then he couldn't help but hesitantly said: "Maybe... I should have killed an elite of the Dark Demon Cult just now. member."

"What??"

"I haven't seen you for a few days, and you're already this strong?"

Hearing Ye Feng say these words, the president of the grand auction was immediately stunned, his mouth opened, and he was speechless for a long time.

Chapter 3622: Receiving the Envoy

At this time, the president of the grand auction stared at Ye Feng in front of him, his eyes filled with deep shock.

Obviously, he never thought that Ye Feng would be so powerful now that he could kill the elite members of the Dark Demon Cult.

You must know that those who can become elite members of the Dark Demon Cult are definitely beings with extremely terrifying strength. They are simply not something that practitioners from low-level realms like them can fight against.

But now, there is a fatwa symbol shining with black light in Ye Feng's left hand. This shows that Ye Feng must have killed an elite member of the Dark Demon Cult, otherwise it would be impossible

for him to be killed by such a special and incomparable person. The fatwa symbol was attached to it.

At this moment, the president of the grand auction couldn't help but said: "Ye Feng, what have you done these days? Tell me the truth, I want to hear the truth."

Ye Feng nodded immediately at this moment and told everything he had experienced in the Asura Empire Palace.

After all, Ye Feng felt that he had nothing to hide from the president of this grand auction. It would be better to tell the truth directly and see if the president of this grand auction had any good suggestions.

At this moment, as Ye Feng spoke about his previous experience, the president of this grand auction suddenly widened his eyes, obviously shocked.

After all, Ye Feng killed so many masters of the Dark Demon Cult at once, and finally killed an elite member of the Dark Demon Cult who had reached the tenth level of the Zhoutian Realm. This was beyond the expectations of the president of the grand auction. He felt deeply shocked.

After all, even the president of the Grand Auction probably doesn't have the strength to kill a being at the level of Dzogchen, the tenth level of the Zhoutian Realm.

And you must know that this is not an ordinary strong man from the tenth level of Zhoutian Realm, but a behemoth of the Dark Demon Cult from a more advanced dark world. Its combat power must be very terrifying and terrible.

So at this time, the president of the grand auction stared at Ye Feng, with deep excitement in his eyes.

Ye Feng saw the look of the president of the grand auction, and immediately became a little confused. He couldn't help but said: "I killed an elite member of the Dark Demon Cult. I must have caused a big disaster. Why are you still looking at me, senior?" Full of excitement?"

Hearing Ye Feng's question, the president of Shanda Auction immediately said: "Our Ten Thousand Realms Chamber of Commerce and the Dark Demon Cult are not the same group. You killed the elite members of the Dark Demon Cult, and our Ten Thousand Realms Chamber of Commerce It

has nothing to do with it. On the contrary, it has proved your incomparable strength. Through your performance this time, I think you will definitely be able to pass the assessment 100% when you participate in the assessment of the Wanjie Martial Arts Academy of our Wanjie Chamber of Commerce, and thus become Wanjie Martial Arts Academy. As a student in the World Martial Arts Academy, your status will become extremely high when the time comes. Even when I see you, I have to treat you with respect. After all, those who can enter the World Martial Arts Academy are the geniuses among geniuses and the geniuses. The geniuses are very powerful and have terrifying talents. Each one of them will be able to grow into an earth-shattering figure in the future, much more powerful than others like me.”

Hearing what the chairman of the grand auction said, Ye Feng immediately smiled and said: "If I can become a big shot in the Wanjie Chamber of Commerce in the future, I will definitely not forget you, senior, because through you, senior, I can be able to enter the Wanjie Martial Arts Academy of the Wanjie Chamber of Commerce."

Hearing what Ye Feng said, the president of Shanda Auction immediately laughed and said, "Haha, I hope you can do what you say."

explain

After finishing, Ye Feng said aloud: "Senior, I don't know if there is a way to remove the fatwa symbol from me? Otherwise, I will definitely be hunted down miserably when I meet the strong men of the Dark Demon Cult in the future. ”

When the president of the grand auction heard what Ye Feng said, he immediately frowned and couldn't help but said: "I really have no way to do this, and I don't have the ability to get rid of this special dark demon sect. The fatwa symbol in the box is because this fatwa symbol is specially made by the Dark Demon Cult. My level is not high enough. Maybe there are more powerful beings in the Wanjie Martial Arts Academy who can do this, but this requires you. Go find it yourself.”

Hearing what the president of the grand auction said, Ye Feng nodded slightly without any disappointment in his eyes.

Because he had already guessed that the president of Shanda Auction was indeed incapable of solving this kind of problem.

After all, the president of the grand auction is not that powerful.

In Ye Feng's eyes, the president of the grand auction was a super powerful and terrifying existence.

But now, Ye Feng's cultivation level has been upgraded to the fourth level of Shen'an Realm, and his combat power is comparable to that of the Dzogchen level of the tenth level of Zhou Tian Realm.

Therefore, the current president of the Grand Auction is not that powerful in Ye Feng's eyes.

At this time, Ye Feng asked aloud: "Senior, when will we go to the dark world next to participate in the assessment of the Ten Thousand Realms Martial Arts Academy of the Ten Thousand Realms Chamber of Commerce?"

Hearing Ye Feng's question, the president of Shanda Auction immediately said: "This will take some time to wait for the notification from above."

And just as the president of the grand auction finished speaking, an old figure suddenly flew out from outside.

It is the old man who presides over it.

The old man in charge immediately faced the president of the grand auction. He clasped his fists respectfully and said, "Mr. President, a messenger from the headquarters has come to greet us."

Hearing what the old man in charge said, the president of the grand auction suddenly brightened up, then immediately looked at Ye Feng beside him, and said loudly: "It seems we don't have to wait anymore, we can go directly now."

After saying that, Ye Feng immediately nodded and followed the president of the grand auction to fly directly in a certain direction of the auction hall.

When they came to the southwest of the auction hall, they immediately saw a deserted place.

In this desolate place, above the ground, there is a huge teleportation formation that looks very ancient.

At this moment, standing around the teleportation formation was a young woman wearing a white robe, who looked very beautiful and elegant.

The most important thing is that the aura of cultivation in this beautiful young woman is very unfathomable.

Even if Ye Feng's cultivation level has now been upgraded to the fourth level of Shen'an Realm, and his combat power is comparable to the tenth level of Zhou Tian Realm, he still cannot see through the specific cultivation level of this young woman at this time.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This beautiful young woman is definitely an extremely powerful being.

And sure enough, at this time, the president of the grand auction immediately said respectfully to the woman in white: "Welcome to welcome the messenger."

Obviously, this woman in white is the extremely powerful messenger who came from the headquarters of the Wanjie Chamber of Commerce. At this time, the president of the grand auction stared at Ye Feng in front of him, his eyes filled with deep shock.

Obviously, he never thought that Ye Feng would be so powerful now that he could kill the elite members of the Dark Demon Cult.

Chapter 3623 Dark World

At this time, the beautiful woman in a white robe glanced at the president of the grand auction, and then said slowly: "Have all the geniuses you selected this time gathered together?"

The president of the grand auction immediately nodded and said, "I will notify them all to come over now."

After saying that, the president of the grand auction immediately used the secret technique of thousands of miles of sound transmission to start transmitting sounds to the various young talents he had recruited during this period, asking them to come to this place as soon as possible.

At this moment, Ye Feng was observing this beautiful woman wearing a white robe. The aura of cultivation on this messenger was very unfathomable.

And what surprised Ye Feng was that the aura exuded by this woman in white turned out to be the aura of light that Ye Feng was very familiar with. It had the same attribute as the Gate of Heaven.

So Ye Feng was very surprised at this time. He didn't expect that he would meet a practitioner of the light attribute. He was probably a descendant of the light clan inherited from the heaven.

However, Ye Feng did not observe for too long. After all, he was afraid of attracting the attention of the woman in white.

You must know that Ye Feng now has the Heaven's Gate, the natal magic weapon of the Lord of Heaven, which is very precious and priceless.

If he was discovered by others, Ye Feng had no doubt that others would forcibly plunder his gate to heaven, and they would not care about benevolence, justice and morality at all.

After all, in the dark world, there are often no rules.

So at this time, Ye Feng didn't pay attention for too long and simply withdrew his gaze.

Naturally, the messenger did not look at Ye Feng.

Because although Ye Feng's current cultivation level is very good, he will not be taken seriously by this messenger.

After all, this envoy came from the headquarters of the All Realms Chamber of Commerce. It is very likely that this envoy was a super genius from the All Realms Martial Arts Academy.

So she naturally doesn't have much interest in these young people from low-level realms.

Moreover, Ye Feng has deliberately restrained his aura, so naturally he will not attract the attention of the envoy.

While Ye Feng was waiting silently, not long after the chairman of the grand auction sent word, many young geniuses came around one after another.

These people are all kinds of talents that the president of the Grand Auction has recruited during this period.

Because the president of the grand auction will naturally not place bets on a certain genius.

He has found so many geniuses. As long as anyone can pass the assessment and enter the Wanjie Martial Arts Academy, the president of this grand auction will be rewarded with various resources from the Wanjie Chamber of Commerce headquarters.

At this moment, there are nearly dozens of young geniuses here, both male and female, and their cultivation auras are all very powerful.

There are even many young geniuses whose cultivation strength is higher than Ye Feng's.

But the specific combat power is probably not as powerful as Ye Feng.

At this time, the president of the grand auction led dozens of young geniuses, including Ye Feng, and walked directly in front of the envoy, and said respectfully: "Envoy, all the people I have recruited The young geniuses are already here, so you can take them directly to the headquarters."

When the woman in white heard what the president of the grand auction said, she nodded slightly and then looked at the dozens of young people.

Then, he said out loud: "From now on, all you need to do is follow me."

After finishing speaking, the woman in white took out a bead-like treasure directly from her storage ring, and then threw it forward.

The bead-like treasure immediately activated the teleportation formation on the ground in front of him. In an instant, the entire teleportation formation opened up the passage between the two realms.

At this moment, the woman in white said to the dozens of young geniuses behind her: "Follow me."

After saying that, the woman in white took a direct step forward and walked into the realm passage.

Ye Feng and other young geniuses immediately followed the woman in white and walked into the realm passage with curiosity and expectation on their faces.

At this time, the eyes of all the young geniuses were full of deep expectations and curiosity.

Because they are about to go to a more advanced world of cultivation, and it is a very chaotic dark world.

After all, being able to be recruited here by the president of the grand auction, these geniuses must know the current situation in the dark world.

So they were a little nervous inside, but they were also deeply excited.

Because what awaits them will be a more powerful and magnificent world of practice.

They will be able to obtain a more powerful inheritance and practice to become more powerful beings.

Of course, the premise is that they can pass the assessment of the Wanjie Martial Arts Academy.

Otherwise, if you are eliminated, you will have no choice but to be sent back to the Demon Realm.

At this moment, dozens of young geniuses followed the woman in white into the realm passage.

They immediately felt a very strong spatial fluctuation.

Buzz!

The next moment, everyone felt a violent dizziness.

When their vision became clear again, they found that they had arrived in front of a huge mountain.

This huge mountain is actually made of white jade. It looks very noble and has a kind of nobility.

At this moment, everyone is able to sense the power of heaven and earth in the entire world. It is very terrifying and the pressure is very high.

All the powers in the world seemed to be strengthened.

At this time, You Tiantian couldn't help but said: "This is no longer a demonic realm. Have we arrived at a more advanced dark world?"

The woman in white who was leading the way turned around at this time, smiled and said: "Of course, we have now passed through the entire realm, completely left the Demon Realm, and came to the vast world of darkness. The Big World Complex is the entrance to our Ten Thousand Realms Martial Arts Academy under the Ten Thousand Realms Chamber of Commerce. This mountain made of white jade is the entrance to our Ten Thousand Realms Martial Arts Academy. By the way, I haven't introduced myself yet. , my name is Bai Ling, I am your messenger this time, and I am also the person who will take you through the assessment. You must obey my orders in everything from now on, and don't make any decisions without authorization, do you understand?"

Hearing what Bai Ling said, all the geniuses present nodded, including Ye Feng.

Ye Feng knew that now that he was entering the dark world for the first time, it was better to listen to the words of the guide, otherwise he might be in all sorts of troubles.

After all, I don't know much about the dark world and the Ten Thousand Realms Martial Arts Academy for the time being. At this time, the beautiful woman in a white robe glanced at the president of the grand auction, and then said slowly: "Have all the geniuses you selected this time gathered together?"

The president of the grand auction immediately nodded and said, "I will notify them all to come over now."

All the powers in the world seemed to be strengthened.

At this time, You Tiantian couldn't help but said: "This is no longer a demonic realm. Have we arrived at a more advanced dark world?"

The woman in white who was leading the way turned around at this time, smiled and said: "Of course, we have now passed through the entire realm, completely left the Demon Realm, and came to the vast world of darkness. The Big World Complex is the entrance to our Ten Thousand Realms Martial Arts Academy under the Ten Thousand Realms Chamber of Commerce. This mountain made of white jade is the entrance to our Ten Thousand Realms Martial Arts Academy. By the way, I haven't introduced myself yet. , my name is Bai Ling, I am your messenger this time, and I am also the person who will take you through the assessment. You must obey my orders in everything from now on, and don't make any decisions without authorization, do you understand?"

Hearing what Bai Ling said, all the geniuses present nodded, including Ye Feng.

Ye Feng knew that now that he was entering the dark world for the first time, it was better to listen to the words of the guide, otherwise he might be in all sorts of troubles.

After all, I don't know much about the dark world and the Ten Thousand Realms Martial Arts Academy for the time being.

Chapter 3624 A group of cowards

At this time, Ye Feng was thinking secretly in his heart, and looked at Bai Ling, who was the messenger in the distance. This beautiful woman in white didn't know where he would take them next.

Of course, it was not just Ye Feng at this moment, but the dozens of other young geniuses participating in this assessment and trial, all with curious eyes, staring at the surroundings and at Bai Ling who was leading the way.

They were all curious, what would the assessment be like in a holy place of cultivation like the Ten Thousand Realms Martial Arts Academy?

But everyone knows that it must be very difficult.

Otherwise, it would be impossible for the president of the Grand Auction to find dozens of young geniuses to participate in this assessment.

He was just afraid that there would be too few people looking for him, and that it would be too embarrassing if no one could get through.

At this moment, Bai Ling, who was standing in front, suddenly said to the dozens of young geniuses behind him: "Follow me next, don't look around, don't go anywhere without permission, otherwise, say You might be killed."

Hearing what Bai Ling said, the dozens of super geniuses around him nodded their heads, not daring to ask any questions.

Whether it is Bai Ling or the strange dark world that he has entered now, it is a very dangerous and unfamiliar place for many young geniuses. Naturally, they cannot act without authorization.

Otherwise, the consequences will definitely be very serious.

Ye Feng, who was among the many young geniuses at this time, didn't say much.

After all, now Ye Feng knows that it is better for him to keep a low profile.

Although his combat power is quite strong, but now that he has come to the dark world and the Wanjie Martial Arts Academy, a holy land of cultivation, his cultivation strength may only be considered ordinary.

The most important thing now is to pass this assessment as soon as possible and officially enter the Wanjie Martial Arts Academy.

Otherwise, if you are sent back to the Demon Realm, all your previous efforts will be wasted.

While Ye Feng was thinking about all this, dozens of

The genius followed Bai Ling, who was leading the way, and had already crossed the white jade mountain in front of him and arrived at the back of the mountain.

There was an abyss behind this mountain.

Bai Ling flew high into the sky at this time, and then said aloud: "If you want to join our Wanjie Martial Arts Academy, the first part of the assessment is to cross this abyss."

At this moment, the dozens of geniuses present looked at the abyss in front of them. There was almost no edge, and the bottom of the abyss could not be seen.

Everyone's eyes showed deep fear.

Because at this time, no one can see where the boundary of this abyss is.

I don't know how deep the abyss is, and I don't know what dangers are hidden in the darkness of the abyss.

So at this time, none of the many geniuses took action.

Seeing this scene, Bai Ling, who was flying high in the sky, immediately turned cold in his eyes and said loudly: "You don't even dare to step into this abyss, so you still want to join our Ten Thousand Realms Martial Arts Academy? That's simply ridiculous. Idiot! This is just the first part of the assessment, but you are afraid. I think you have no real heart for martial arts."

Hearing what Bai Ling said, dozens of young geniuses immediately glared hard and flew into the abyss one after another.

Uh-huh!

At this moment, Ye Feng followed everyone and flew into the abyss.

Buzz!

Almost at this moment, they immediately felt a very terrifying gravity exerted on their entire body.

At this moment, the gravity was simply thousands or hundreds of times greater, causing many young geniuses to fall from high altitudes into the abyss.

middle.

Seeing this scene, many other geniuses present had deep horror in their eyes.

Because several geniuses couldn't help but fell into the abyss, and fell directly to their death in the abyss, their bodies directly pierced by the jagged rocks under the abyss.

Seeing this cruel scene at this moment, many other geniuses couldn't help but have cold eyes.

Ye Feng also had a look of surprise in his eyes at this moment.

Unexpectedly, this abyss turned out to be an extremely rare gravity abyss.

And it's not just an ordinary gravity abyss, it's one that can suddenly increase your gravity thousands of times, which is simply terrifying to the extreme.

Seeing this scene, Ye Feng's expression didn't change at all, because Ye Feng's physical strength was already very powerful and strong, so he didn't feel that there was anything sad about this first test.

But just when Ye Feng took the first step, he suddenly felt that the gravity on his body increased a hundred times.

When Ye Feng took the second step, the gravity increased again a hundred times.

A full two hundred times!

Sensing this change, Ye Feng immediately showed a hint of surprise in his eyes.

Unexpectedly, the gravity that was thousands or hundreds of times just now was just the initial gravity.

What is really difficult is walking directly through this abyss.

And this abyss, you know, you can't see the end of the boundary, where is it.

So no one knows to what extent the gravity on each person will be strengthened in the end.

After knowing this, even Ye Feng showed a dignified look in his eyes.

The Wanjie Martial Arts Academy is indeed the place where the Wanjie Chamber of Commerce specializes in cultivating all kinds of super geniuses. As expected, even the first test is so terrifying.

Those who can join the Ten Thousand Realms Martial Arts Academy must be dragons among men.

At this moment, Ye Feng was not the only one to notice such a change.

Many other geniuses have also discovered it.

Every time they take a step forward, the gravity on their bodies will suddenly increase a hundred times.

This made many geniuses unable to help but show deep horror in their eyes.

Some geniuses even couldn't help but said: "What kind of terrible test is this? It's impossible to pass! And this is the first test, it's really too exaggerated."

Bai Ling was flying high in the sky. At this moment, he looked at the complaints of many young geniuses below. He just smiled lightly and said, "I think none of you geniuses will be able to pass the examination. They are all a bunch of cowards. "

At this moment, when many geniuses heard what Bai Ling said, their eyes showed deep anger.

One genius couldn't help but said: "Even if you are the envoy of the Ten Thousand Realms Martial Arts Academy, you can't insult us like this. We are all the top young geniuses in the Demon Realm."

When Bai Ling heard this genius say this, he just smiled faintly and said: "I know you are the top genius in the Demon Realm, but when you come to our Ten Thousand Realms Martial Arts Academy, in the big world complex of the Dark World, , I guess you can no longer be called a genius, just an ordinary person."

The moment Bai Ling finished speaking, all the geniuses present fell silent.

Although what Bai Ling said was very unpleasant, they knew that from this moment on, the aura around them had indeed disappeared.

When they came to the dark world, they were no longer the top geniuses enjoying thousands of honors in the Demon Realm, but became ordinary disciples of the Ten Thousand Realms Martial Arts Academy.

Oh no.

Only after passing the assessment can one be considered an ordinary disciple.

Now they are not even considered ordinary disciples!

Chapter 3625 The mysterious boy in black

At this time, after learning the truth, all the young geniuses from the Demon Realm finally stopped shouting.

Because they know that from today on, they will start from the most ordinary disciple.

In fact, they are not even ordinary disciples now.

Because they have not passed the assessment of Wanjie Martial Arts Academy.

At this time, Bai Ling glanced at the many silent geniuses below, just smiled lightly and said nothing more.

She flew high into the sky and said slowly: "I am waiting for you at the end of this gravity abyss. The time limit is one day. If anyone has not reached the end of this gravity abyss after one day, then he will be eliminated. For those who can reach the finish line within one day, I will take you to the second assessment place. I hope you will not disappoint me."

Uh-huh!

After saying that, Bai Ling jumped up and disappeared.

When everyone saw Bai Ling's disappearing back, they all looked at each other, and then they all tried their best to burst out their own strength and fly quickly towards the end of the gravity abyss.

For these young geniuses, they naturally hope to pass the assessment of the Ten Thousand Realms Martial Arts Academy.

Because once they pass the assessment, they can become masters.

It would be really embarrassing if you failed the test and were directly sent back to the Demon Realm.

It simply brings shame to themselves and the forces behind them.

Boom! !

At this time, all the young geniuses became furious. They all exploded with their strongest strength and flew quickly towards the end area of the gravity abyss.

But sometimes, success is not achieved by hard work.

Many young geniuses, no matter how hard they tried, could not keep up with their abilities, and finally fell into the abyss halfway and died instantly.

I saw this cruel thing

At the end of the scene, many other young geniuses around had frightened expressions in their eyes.

Some geniuses finally began to consider whether they had the ability to pass this first test, and whether they should continue?

After all, this is just the first level of assessment. If it is so strenuous, it is hard to imagine how terrifying the second level of assessment is.

And you must know that this kind of assessment is life-threatening.

Even if you die, no one will care about you.

The Wanjie Martial Arts Academy will not be responsible for this kind of thing.

So many young geniuses are hesitant.

But at this time, two figures were very eye-catching, flying quickly towards the end of the gravity abyss.

They are a boy in white and a boy in black.

The boy in white is naturally Ye Feng.

Ye Feng possesses the extremely powerful Hongmeng Immortal Body, and his physique and strength are very terrifying.

Therefore, this kind of gravity abyss assessment is not a piece of cake for Ye Feng, but as long as Ye Feng works hard to pass it, there will be basically no problem.

The other young man in black looked very mysterious, with a black mask on his face.

Ye Feng looked to his side at this time, and was surprised to find that the physical strength of this young man in black could vaguely compete with him, and was even faster than him.

This is very rare.

Because Ye Feng's Hongmeng Immortal Body is still very terrifying and very advanced. There are few physiques that can match Ye Feng's.

At this time, Ye Feng suddenly sensed a very special aura.

From this young man in black, Ye Feng sensed a very familiar power of gods and demons.

Ye Feng had encountered this kind of divine and demonic power when he participated in a grand auction when he was in the Demon Realm.

At this time, Ye Feng stared at the young man in black who was walking quickly beside him, and suddenly couldn't help but have a look of surprise in his eyes.

Could it be that this boy in black is the mysterious boy who swallowed the whole corpse of gods and demons that the old man in charge of the previous auction said?

An existence that came out of the most mysterious abyss of gods and demons in the Demon Realm.

Thinking of this, Ye Feng suddenly felt that it was very possible.

This young man in black wearing a mask might be the being who came out of the abyss of gods and demons.

After all, the old host had also said before that this mysterious boy was very terrifying, coming from the abyss of gods and demons, and was probably an ancient existence from eternity ago.

Ye Feng thought of this, and suddenly he noticed the young man in black not far away, who was also suddenly looking in his direction.

The pair of extremely deep eyes in the mask made Ye Feng feel like his soul had been pierced for a moment.

The methods and cultivation of this young man in black are absolutely terrifying to the extreme.

At this time, Ye Feng was not paying attention to the young man in black.

Because Ye Feng knew that the most important thing now was to pass this first test.

The most important thing now is to pass the assessment of the Ten Thousand Realms Martial Arts Academy and enter the Ten Thousand Realms Martial Arts Academy to practice.

As for who this mysterious young man who came out of the abyss of gods and demons is and what terrifying methods he has, if there is a chance in the future, Ye Feng is willing to find out. If there is no chance, forget it.

Thinking of this, Ye Feng's eyes became extremely determined, and he rushed forward quickly, all

The power of Hongmeng's immortal body erupted in front of him.

At this moment, after Ye Feng burst out the power of Hongmeng's immortal body, his speed suddenly became extremely terrifying.

This made the mysterious young man in black not far away suddenly show a look of surprise in his eyes, as if he didn't expect that among this group of geniuses, there was someone who could rival him.

You know, he came from the abyss of gods and demons and walked out of the ancient restricted area of life.

Both the means and the power are extremely terrifying.

But at this time, the boy in black suddenly discovered that Ye Feng, the boy in white, seemed to be very good.

This made the young man in black reveal a look of interest in his eyes, "Interesting, I didn't expect there to be such a powerful person among these young people. It's so interesting."

The boy in black couldn't help but murmured at this moment.

At the next moment, the black-clothed boy activated his special physique and quickly chased forward. He soon arrived not far from Ye Feng.

At this time, the young man in black suddenly spoke up. He actually took the initiative to communicate with Ye Feng and said: "You are very good. You are the first young genius I have looked at since I came out of the Abyss of Gods and Demons. Those other so-called geniuses In my eyes, you are just a bunch of idiots without any talent, but you interest me very much. What's your name?"

At this time, Ye Feng saw the young man in black communicating directly with him, and there was a hint of surprise on his face, and then he said loudly: "My name is Ye Feng, I am just an unknown boy from the low-level realm."

Hearing what Ye Feng said, the young man in black immediately smiled and said: "You are too humble. By the way, I can also tell you my name. My name is Chen Bei. I come from the Abyss of Gods and Demons, but even I I don't even know who I am, I still need to find out all this myself."

Chapter 3626 Second Level Assessment

Hearing what the young man in black said at this moment, Ye Feng suddenly had a look of surprise in his eyes.

Unexpectedly, this young man in black actually has his own name, and he doesn't know his specific identity.

It seems that the origin of Chen Bei is absolutely mysterious.

After all, coming from the restricted area of life in the Demon Realm, in the Abyss of Gods and Demons, it must be very extraordinary.

At this moment, Ye Feng nodded slightly, and then said aloud: "I hope that we can all pass the assessment of the Ten Thousand Realms Martial Arts Academy and enter the Ten Thousand Realms Martial Arts Academy to practice."

"certainly."

Chen Bei nodded at this time, and then there was a trace of expectation in his eyes, and he said loudly: "It is said that the training resources in the Wanjie Martial Arts Academy are very rich. After all, there is such a giant as the Wanjie Chamber of Commerce behind it. The business of the Ten Thousand Realms Chamber of Commerce is spread all over the world, so the wealth is much larger than that of ordinary sects and families. Moreover, the Ten Thousand Realms Chamber of Commerce is very dedicated to the cultivation of geniuses under its command, so as long as it stands out among the Ten Thousand Realms Martial Arts Academy, then you can get countless resources to accumulate. After all, what the Wanjie Chamber of Commerce is most afraid of is that others will destroy it. After all, the wealth that the Wanjie Chamber of Commerce has earned from doing business in these years is too huge, whether it is in the dark world. The Dark Demon Cult and some other major forces are all eyeing this piece of meat, the Ten Thousand Realms Chamber of Commerce, and want to swallow it up directly. "

Hearing what Chen Bei said, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "It seems that you are quite familiar with some situations in the dark world, but I think the biggest threat is still The Dark Demon Cult, the reason why I joined the Ten Thousand Realms Martial Arts Academy is to be able to practice successfully and fight against the Dark Demon Cult, because the Dark Demon Cult is really terrifying. It is said that the Dark Yuan Zun who commands the Dark Demon Cult has a strong cultivation base. , are about to reach the realm of the strongest master, so the world is likely to be destroyed in the hands of the Dark Demon Cult."

Hearing what Ye Feng said, Chen Bei was silent for a moment, and then suddenly said: "It doesn't matter, I will take action."

After the words fell, Chen Bei instantly increased his strength and charged forward.

When Ye Feng heard Chen Bei's plain but domineering words, his eyes suddenly froze.

boom!

Then Ye Feng grinned, and instantly burst out with the strongest power, rushing towards the front of the gravity abyss.

For Ye Feng, the most important thing now is to pass the assessment.

Boom!

Ye Feng was thinking in his heart at this time, and then he unleashed the power of the Hongmeng Immortal Body and rushed towards the end of the gravity abyss.

For Ye Feng, this first level of assessment is actually not very stressful and can be said to be relatively easy.

So half an hour later, Ye Feng had arrived at the end of the gravity abyss.

At the very end of this gravity abyss, there is a cliff.

The Chen Bei from before was already standing on the cliff at this moment, which meant that he had passed the first level of assessment.

Uh-huh!

Ye Feng also flew over at this time.

At this moment, Ye Feng could feel that his physical strength seemed to have improved a lot.

This made Ye Feng's eyes reveal a look of surprise.

Seeing the surprise in Ye Feng's eyes, Chen Bei suddenly smiled, walked over, and said loudly: "You seem to have felt it too. This gravity abyss is not only an assessment, but it also seems to be able to hone our skills." Physical strength takes our physique to the next level."

Hearing what Chen Bei said, Ye Feng nodded and said loudly: "Yes, I also feel that my strength seems to be enhanced.

I have learned a lot. It seems that even if I practice in the Wanjie Martial Arts Academy in the future, I will come to this gravity abyss to practice more if I have the opportunity. "

"You are thinking correctly."

Just as Ye Feng and Chen Bei were chatting, Bai Ling suddenly appeared high in the sky.

Obviously Bai Ling has been here a long time ago and is waiting here to see who can pass this first test.

At this moment, Bai Ling came down from high in the sky, glanced at Ye Feng and Chen Bei, with a trace of satisfaction in his eyes, and said loudly: "It's not bad, we arrived in two places within half an hour. He is a genius. It seems that the president of this grand auction is not fooling me. He has indeed selected a good genius."

When he said this, Bai Ling glanced at the gravity abyss in front of him and said aloud: "Actually, this gravity source is not only a place to assess newcomers, but also a place for training in our Ten Thousand Realms Martial Arts Academy. In this gravity abyss On the surface, gravity is actually not that powerful. What is really powerful is at the bottom of this gravity abyss. The closer you are to the bottom of the abyss, the more terrifying the gravity you bear. If you join our Wanjie Martial Arts Academy in the future, become our Members of the Wanjie Martial Arts Academy will be able to enter the depths of this gravity abyss and experience the most terrifying gravity."

When he said this, Bai Ling suddenly looked in a certain direction not far away and said loudly: "The others are probably still far away, let's wait here for a while."

When Ye Feng and Chen Bei heard what Bai Ling said, they both nodded, stopped moving, and then stood there.

After a whole day and night, five or six geniuses finally arrived one after another.

However, compared with the relaxed state of Ye Fengchen and Bei, the faces of these geniuses who came one after another were full of exhaustion.

But they finally reached the finish line and passed the first level of assessment.

\u003e

And other super geniuses basically either backed off halfway or never arrived.

Bai Ling didn't care about anyone else at this time and just said loudly: "The time has come. Let's go directly to the second assessment location. As for the other super geniuses who have not arrived, we don't have to worry about them even if they are eliminated. them."

Uh-huh!

After saying that, Bai Ling stood up and flew quickly in the other direction.

But when he saw Bai Ling, he left immediately, not caring about the other super geniuses who had not passed the examination.

At this moment, the several young geniuses who had passed the first level of assessment had complicated expressions on their faces.

The assessment of the Wanjie Martial Arts Academy is really ruthless.

As long as they don't pass the assessment, they are basically abandoned, and they are not even willing to take charge of them.

At this time, everyone followed Bai Ling and flew quickly towards the second level assessment place.

When they arrived at their destination, they couldn't help but gasp.

I saw a huge mountain and a vast ocean in front of me.

However, the surface of this mountain is covered with densely packed sharp knives.

And this vast ocean is burning with blazing flames, making people's scalp numb just looking at it from a distance.

At this moment, Bai Ling said aloud: "The second level of the assessment is called Shangdao Mountain and the Sea of Fire. This mountain is covered with sharp knives, and the ocean is burning with infinite flames. The sharp knives and flames in it are all illusions, and they are not It will cause any damage to your body and will only damage your spirit and soul. Therefore, this level is

different from the first level. The first level assessment is to assess your physical fitness, while the second level assessment is It is to test your willpower and soul endurance through the spiritual illusion of going up to the mountain of swords and under the sea of fire."

Chapter 3627 Approved

Going up a mountain of knives and into a sea of fire?

When Bai Ling said this, a group of young geniuses present who had passed the first test showed deep surprise in their eyes.

They never imagined that the second test would be so terrifying.

At this moment, everyone looked at the mountains in front of them covered with sharp knives and the ocean burning with endless flames, with deep fear in their eyes.

Although Bai Ling said that these are not real things, but illusions, just looking at them is already very scary.

But at this time, Bai Ling didn't say anything more. Instead, he flew high into the sky, towards the end of the mountain of swords and the sea of fire, and said aloud: "Same as the first level assessment, there is only one day. I am in The end of this mountain of swords and sea of fire is waiting for you. As long as you can pass through this mountain of swords and sea of fire, you will be considered to have passed the second level."

Uh-huh!

After finishing speaking, Bai Ling's figure had disappeared in the distance.

At this moment, a group of young geniuses present looked at each other, all looking at each other with complicated expressions on their faces.

Because they are very hesitant now whether to enter this sea of swords and fire.

Because they know very well that even though this sea of swords, mountains and fire is just an illusion, once their spirit and soul cannot bear this kind of pain, it is very likely that their soul and spirit will dry up and die at the same time, which is still life-threatening.

But now that they have reached this point, many geniuses will naturally not back down and step into the mountains of swords and seas of fire.

Ye Feng and Chen Bei did not hesitate at this time and stepped directly into the mountain of swords and sea of fire.

The first thing they have to experience is the "Mountain of Knives".

When they walked into the mountains filled with sharp knives, they discovered that the sharp knives on the surface of the mountains were not real, but an illusory existence.

\u003c

br\u003e But although these sharp knives could not hurt their bodies, they deeply stabbed their souls and spirits, making them feel that their spirits and souls were simply tortured.

It was like the entire spirit and soul had been cut into countless pieces.

This kind of pain is so terrible that many young geniuses immediately screamed.

But they continued to move forward while screaming, not wanting to give up.

At this time, Ye Feng walked into the mountain of swords, and he couldn't help but take a breath of air.

Because Ye Feng also felt that his spirit and soul were being quickly cut into countless pieces by countless sharp knives. It was really painful.

But Ye Feng's spirit and soul are very powerful after all, because Ye Feng is a soul master.

In addition, Ye Feng has experienced countless storms and waves since he entered the journey of spiritual practice, so his willpower has been sharpened to a level that is much stronger than that of ordinary people.

So at this time, Ye Feng didn't scream directly, but he still felt a very painful feeling.

At this time, Ye Feng gritted his teeth and continued to move forward.

What surprised Ye Feng was that Chen Bei, who was not far away, had no expression on his face and was very indifferent.

This made Ye Feng's eyes show surprise.

What did Chen Bei go through back then to have such terrifying willpower and endurance?

However, Ye Feng didn't have the energy to pay attention to other people at this time, but quickly rushed towards the sea of fire behind the mountain of swords.

When Ye Feng came to the sea of fire, he immediately felt his spirit and spirit.

The soul seemed to be ignited and was burning violently.

It was a terrifying feeling as if the whole person was thrown into an alchemy furnace and burned with fire.

"ah!!"

Almost at this moment, several young geniuses around him screamed, bleeding from their orifices, and fell to the ground. ??

It was obvious that he couldn't bear the terrifying burning and collapsed all of a sudden.

After all, they had just walked through the huge mountain of swords, and their spirits and souls had reached the edge of collapse, and then they entered the sea of fire. They couldn't bear it for a while, and they died suddenly.

At this moment, Ye Feng relied on his extremely powerful soul power to quickly shuttle through the sea of fire.

Finally, three hours later, Ye Feng arrived at the end of the sea of fire.

There is a small pool here.

Uh-huh!

Ye Feng jumped directly in and immediately felt a refreshing feeling all over his body.

At this time, Ye Feng was surprised to find that his soul power had increased tremendously.

Ye Feng's soul power was previously at level 3.5 million, but now it has directly increased to a full level of 4 million.

This improvement is subtle and unconscious.

Ye Feng didn't even notice it, which was really incredible.

Ye Feng knew it immediately. It is estimated that like the Gravity Abyss, this mountain of swords and sea of fire is also a place where many disciples of the Wanjie Martial Arts Academy use to practice, and it is only temporarily used as a place for assessment.

At this moment, Ye Feng couldn't help but have a hint of complexity in his eyes. The super geniuses in the Wanjie Martial Arts Academy were practicing so cruelly.

But Ye Feng also knows that if cultivation is not so cruel, in the dark world

In this huge world complex, it is estimated that it will never be able to grow.

Only the more cruel and terrifying the training method is, the faster one can improve one's strength.

Just like now, after Ye Feng has experienced the mountains of swords and the sea of fire, his spirit and soul have been greatly tempered.

Ye Feng's soul power increased a lot at this moment.

And while Ye Feng was slowly thinking about it, Bai Ling, who was high up in the sky, looked at Ye Feng who was soaking in the pool below, with a look of surprise in his eyes.

Then he said aloud: "You are very good. This time you have reached the finish line in just a few hours. Moreover, it seems that you are a very special soul master. Your talent is indeed very good."

At this time, Bai Ling looked at Ye Feng with a little more emotion.

When Bai Ling looked at these new geniuses before, his eyes were usually very cold.

But now, Bai Ling's eyes looking at Ye Feng were a little warmer.

Obviously, Ye Feng is now about to be recognized by Bai Ling, the messenger.

At this time, a figure once again stepped out of the sea of fire not far away. It was Chen Bei, the mysterious being who came out of the abyss of gods and demons.

This mysterious young man in black, with a very calm face at this time, walked out slowly, as if he couldn't feel any pain.

Ye Feng couldn't help but said: "This Chen Bei is really awesome."

When Bai Ling heard what Ye Feng said, he suddenly shook his head and said loudly: "He is not as powerful as you. You are a living person. You have endured mountains of swords and seas of fire, and you still persisted. But this man in black The young man is like a walking zombie. He seems to have no pain, and his spirit and soul seem to be numb. Therefore, it is very normal for him to walk through mountains of swords and seas of fire with a calm expression, and it is not a proud achievement. "

Chapter 3628 Ancient inheritance

Hearing Bai Ling say this at this moment, Ye Feng's eyes showed a hint of surprise.

He couldn't help but look at Chen Bei, the mysterious young man in black who was walking out of the sea of fire with an expressionless face not far away.

At this time, Ye Feng couldn't help but guess what Chen Bei had gone through. His whole spirit and soul were like a walking corpse, which was really weird.

However, Ye Feng didn't say much at this time, because he wasn't very familiar with Chen Bei yet, so it wasn't easy to ask him some in-depth questions.

At this moment, Chen Bei, who was not far away, walked towards Ye Feng, smiled slightly, and said loudly: "I didn't expect you to be faster than me. It seems that I lost to you in this second level."

Hearing what Chen Bei said, Ye Feng's eyes were stunned, and then he smiled and said: "As long as you pass the assessment, it doesn't matter whether you lose or not."

Ye Feng obviously didn't expect that Chen Bei would unintentionally regard him as his competition.

At this time, Bai Ling, who was standing next to him, the envoy of the Wanjie Martial Arts Academy, looked at Ye Feng and Chen Bei in front of him, nodded with satisfaction, and said aloud: "The talents of the two of you are Among the geniuses I have recruited in recent years, you are the most talented, and you all have your own strengths. You are very good. I believe you should be able to pass the third level assessment. In this case, as long as I can successfully guide you this time If I have two formal disciples who have passed the examination, then I have completed my mission and can explain to the superiors of Wanjie Martial Arts Academy."

After finishing speaking, Bai Ling looked in a certain direction not far away and suddenly said: "We don't have to wait for those people. The other young geniuses have basically been wiped out."

Uh-huh! ??

After saying that, Bai Ling flew directly in a certain direction and said loudly: "You two come with me. Next is the final assessment. As long as you pass it, you will become members of our Wanjie Martial Arts Academy. Official disciple."

After finishing speaking, Ye Feng and Chen Bei followed Bai Ling one after another.

Flying quickly in a certain direction not far away.

For them, there is only one final assessment left, and naturally they are very much looking forward to passing all the assessments thoroughly.

Soon they followed Bai Ling to the third level assessment place.

But at this time, Ye Feng and Chen Bei looked around and found nothing.

There was a hint of doubt in Ye Feng's eyes, and he couldn't help but ask: "Senior Bai Ling, there seems to be nothing here? What is the content of the third level assessment?"

Bai Ling smiled at this time, and then said aloud: "The assessment content of the third level is myself. I will suppress my cultivation to only about two levels higher than the current realm of the two of you, and then you and I will fight, and as long as you can hold on for a hundred moves under my hand, it means you have passed this final third test."

Hearing what Bai Ling said, Ye Feng's eyes suddenly moved.

Unexpectedly, the third level of the assessment was to directly fight Bai Ling, the messenger.

However, Ye Feng could sense that this Bai Ling's cultivation level was unfathomable and was much higher than his own.

If he were to directly fight her in her true state, she would definitely not be an enemy with one move.

But if this Bai Ling suppresses her cultivation to only two realms higher than his own, then Ye Feng is still confident to fight with him.

Sticking to a hundred moves shouldn't be too much of a problem.

At this time, Ye Feng couldn't help but said: "The first test is about our physical strength, the second test is about our mental and soul endurance, and the last test in the third test is to see our actual performance. How is the combat effectiveness?"

When Bai Ling heard what Ye Feng said, he immediately

He nodded with a smile and said aloud: "That's right, so there are three assessments in total, all testing your comprehensive martial arts ability. Only those who meet the standards in all aspects of ability will be qualified to enter our Wanjie Martial Arts Academy, because we The Ten Thousand Realms Martial Arts Academy is different from those large sects and big families that recruit disciples. Our Ten Thousand Realms Martial Arts Academy cultivates the most powerful geniuses for the Ten Thousand Realms Chamber of Commerce, so all the people we recruit are the elites among the elites, the geniuses among geniuses. It's better to lack than to overspend."

Hearing what Bai Ling said, Ye Feng nodded immediately.

At this moment, Chen Bei said aloud: "I'll go first."

Bai Ling nodded slightly, and then directly suppressed his own cultivation to only two levels higher than Chen Bei.

You know, two levels higher is already very scary.

After all, it may be very difficult for an ordinary warrior to fight against enemies of the same level as himself.

Even some powerful geniuses can only cross a large realm to fight against the enemy at most.

Now Bai Ling has suppressed her cultivation level to two levels higher than Ye Feng and Chen Bei. In fact, it is already considered a very high level.

At this moment, Bai Ling suppressed his cultivation level to only two realms higher than Chen Bei, and then said slowly: "You can attack me directly."

Chen Bei nodded slightly, and then walked directly towards Bai Ling.

At this moment, Chen Bei seemed to be walking normally, but every time he moved, it felt like he had teleported dozens of meters.

And step by step, his aura became more powerful.

In other words, what Chen Bei used at this time was a very special and skillful step, which could slowly and subtly increase his temperament and strength, allowing him to finally explode with stronger and stronger fighting strength.

Seeing this scene, Bai Ling showed a look of surprise in his eyes, and couldn't help but said: "This

It seems to have been lost for many years. It is a special step that can continuously accumulate strength and momentum. It is an ancient step. I didn't expect you to know it. It seems that I underestimate you a little. "

Buzz!

After saying that, Bai Ling stretched out a hand.

Her hand directly caused a riot in the vitality of the entire world. In an instant, a huge black jade palm condensed in the air, and then it was suppressed directly forward.

At this moment, Chen Bei felt a terrifying and boundless pressure.

But he didn't flinch, and a powerful and boundless momentum immediately burst out from his body.

"Ancient boxing techniques!"

At this moment, Chen Bei directly launched a set of very ancient and powerful boxing techniques.

Boom!

Boom!

He punched out one punch after another, and there was a faint roar of gods and demons, transmitted through his fists, and the black jade palm released by Bai Ling was so powerful that it could not be suppressed for a moment. .

Bai Ling couldn't help but said in surprise: "Another special ancient boxing technique? It's something that has been lost for many years. Who are you, a young man, who is so extraordinary and knows so many ancient inheritances? "

Chen Bei didn't say much at this time, his face was still very calm, and he said loudly: "I should be considered to have passed the assessment."

Bai Ling nodded slightly at this time, his face seemed to have a trace of solemnity.

Because she suddenly discovered that Chen Bei might not have really revealed his true power at all. He seemed to be a mysterious young man who had hidden his true strength deeply, so there was no need to continue to test a hundred moves.

At this time, Bai Ling looked at Ye Feng on the other side and said slowly: "It's time to test you next."

Chapter 3629 Passed the Assessment

While Bai Ling was talking, Ye Feng was recalling the scene of Chen Bei's battle just now.

Because any martial arts moves performed by Chen Bei are ancient inheritances that have been lost for many years.

This made Ye Feng's eyes reveal a look of deep surprise.

It seems that the true identity of Chen Bei is really very ancient. After all, he came out of the abyss of gods and demons. He is most likely an ancient figure.

At this moment, Ye Feng immediately walked up to Bai Ling and said, "Senior Bai Ling, just take action."

Bai Ling nodded, then smiled and said: "It's more pleasing to your eyes. That Chen Bei has an indifferent expression on his face that will never change, as if someone owes him money."

Hearing what Bai Ling said, Ye Feng had a look of surprise in his eyes, as if he didn't expect that Bai Ling, the messenger who had always been very cold and cold before, would actually say such a witty thing.

However, Ye Feng also knew that now he and Chen Bei were almost certain to join the Wanjie Martial Arts Academy.

Moreover, his talent is very high, and Bai Ling may have already regarded him as his fellow disciple, so he started to talk to him casually.

At this time, Ye Feng immediately laughed and said, "Senior Bai Ling is so complimentary."

Bai Ling spoke out at this time: "You don't need to call me senior. You can just call me Senior Sister Bai Ling. If you insist on a hundred moves under my hand, there will definitely be no problem. But I still want to test your true strength." How about your fighting ability? Just attack me directly."

Ye Feng nodded, and then said: "Okay."

Uh-huh!

After saying that, Ye Feng directly burst out his power and charged towards Bai Ling.

Ye Feng's current cultivation level is at the fourth level of Shen'an Realm, so Bai Ling suppresses his cultivation level at this moment to only two levels higher than Shen'an Realm.

At this moment, Ye Feng did not use his powerful trump card.

After all, it is just an assessment for the time being, there is no need to fight desperately.

So at this time, Ye Feng only used the initial power of his Hongmeng Immortal Body.

Then he quickly punched Bai Ling's direction with his fist.

Bai Ling also showed his Xuanyu palm at this time, and then collided with Ye Feng's fist.

Boom!

Following a terrifying roar, Ye Feng couldn't help but take a few steps back, but Bai Ling couldn't help but take a step back as well.

"Um?"

This made Bai Ling's eyes suddenly show a rather surprised expression, and he couldn't help but say: "It seems that your physique and strength are really extraordinary. My cultivation level is now two full heights higher than yours." Realm, it seems that I don't need to continue fighting with you for a hundred moves. I have already preliminary knowledge that the real fighting power of the two of you is very powerful, which makes me very satisfied. It seems that our Wanjie Martial Arts Academy will produce two more peerless ones. What a genius."

At this moment, the words "peerless genius" came out of Bai Ling's mouth, which naturally held great authority.

Because Bai Ling is the messenger who guides all geniuses, she doesn't look down on other geniuses at all, and even calls them idiots.

But for Ye Feng and Chen Bei, she

It is directly called a peerless genius.

Obviously, at this moment Bai Ling attaches great importance to these two good young talents, Ye Feng and Chen Bei.

At this time, Bai Ling said directly: "Congratulations to both of you for passing the exam."

Ye Feng and Chen Bei nodded immediately when they heard what Bai Ling said.

Chen Bei still has that cold expression that has not changed for thousands of years. It is estimated that only when facing Ye Feng, Chen Bei will show a slight smile on his face. He seems to be only interested in Ye Feng, even if he is interested in Bai Feng. Chen Bei also seemed to ignore Ling, an extremely powerful messenger.

At this moment, Ye Feng's face did not hide his joy.

Because Ye Feng has worked hard until now just to be able to join the Ten Thousand Realms Martial Arts Academy, enter the Ten Thousand Realms Martial Arts Academy to practice, and become a disciple of the Ten Thousand Realms Martial Arts Academy.

Now that he has succeeded, it is naturally something worthy of celebration and joy.

So compared to Ye Feng, Chen Bei really seems like a walking corpse.

At this time, Bai Ling said: "Next, I will take you into our Ten Thousand Realms Martial Arts Academy. I will first take you to verify your status as an official disciple. After that, you will become an official disciple of the Ten Thousand Realms Martial Arts Academy." By then you can practice among outside martial arts students, and you can also help many businessmen in the Wanjie Chamber of Commerce to do some tasks to earn wealth. After all, the Wanjie Martial Arts Academy is a place where the outside chamber of commerce specializes in cultivating super geniuses, so you are still obliged to do tasks for the merchants in the outside chamber of commerce, but I will not let you do the tasks in vain. You will definitely be given generous rewards. After all, if you want to say which force is the most powerful in the entire dark world, maybe everyone will say dark. The Demonic Cult is now at its peak and has great power, but if we want to say which force is the richest, it must be our Ten Thousand Realms Chamber of Commerce."

When Ye Feng heard what Bai Ling said, he couldn't help but asked curiously: "What tasks can we help the merchants in the Wanjie Chamber of Commerce do?"

Ye Feng is still very interested in this kind of task, because Ye Feng has met a merchant from all realms before and knows that such merchants from all realms have huge wealth.

If you can help Wanjie merchants complete tasks, you may be able to accumulate huge wealth in a short period of time.

Hearing Ye Feng's question at this moment, Bai Ling immediately smiled and said: "There are many different tasks, such as escorting a businessman from an outside chamber of commerce to enter a

very dangerous world to do transactions. Just like me, before I once escorted a senior businessman into the dragon world and did business with some dragons in the dragon world. Not only did I get generous rewards from the senior businessman, I even made some contact with some powerful dragons in the dragon world and gained a lot of benefits. There are few benefits. It can be said that my current connections are all over the world."

At this time, Bai Ling spoke with a hint of pride in his tone, obviously very satisfied with his achievements.

Hearing what Bai Ling said, Ye Feng's eyes suddenly lit up.

It sounds like the life of training in the Wanjie Martial Arts Academy will not be so boring.

At this moment, Ye Feng looked at Chen Bei beside him and immediately said, "We can work together to do tasks in the future."

Chen Bei shook his head, looked at Ye Feng and said loudly: "I am only interested in you and not in anything else. I will probably practice in seclusion among Wanjie Martial Arts students, but if you have If you are in trouble, you can ask me for help. I will help you as long as I have time." While Bai Ling was talking, Ye Feng was thinking about the scene that Chen Bei had just fought.

Because any martial arts moves performed by Chen Bei are ancient inheritances that have been lost for many years.

This made Ye Feng's eyes reveal a look of deep surprise.

It seems that the true identity of Chen Bei is really very ancient. After all, he came out of the abyss of gods and demons. He is most likely an ancient figure.

Chapter 3630 Preaching

Next, Bai Ling took Ye Feng and Chen Bei to fly quickly in a certain direction. Soon they crossed a large number of buildings and finally arrived at the vast city in the sky.

This city in the sky looks very majestic, vast and boundless. There are many pavilions, palaces, jade buildings, various huge ladders, various space wormholes, etc. all integrated into it. There are countless strong men shuttled among them, and it looks like a legendary palace in the fairy world.

At this time, Ye Feng saw the vast scene in front of him, with a hint of wonder in his eyes.

It is estimated that only a terrifying behemoth like the All Worlds Chamber of Commerce can build such a glorious base, specially used to cultivate various super geniuses to serve and work for the entire All Worlds Chamber of Commerce.

At this time, Chen Bei's face was still extremely indifferent. It seemed that the shocking scene in front of him could not make his heart fluctuate in any way. It seemed that he was used to all kinds of big scenes.

At this moment, Ye Feng looked at Bai Ling in front of him and asked: "Are we going to live and practice in this fairyland-like place from now on?"

Bai Ling nodded at this time, and said with a smile: "When I help you officially register your identity, and you officially become a member of our Ten Thousand Worlds Martial Arts Academy, then you will be qualified to live and live in this fairyland-like place. After practicing, you must know that this is the training place built by the dean of our Ten Thousand Realms Martial Arts Academy with the supreme supernatural power. Here, through the secret method of our Ten Thousand Realms Chamber of Commerce that can travel through all the heavens and all realms, we will The area where our Ten Thousand Worlds Martial Arts Academy is located is connected to all kinds of strange places in the heavens and all the worlds, so we practice here and can absorb all kinds of high-level energy from all the heavens and all the worlds every day. The speed is absolutely amazing."

"It's so magical?"

At this moment, Ye Feng heard what Bai Ling said, and his eyes suddenly revealed a look of deep surprise.

Ye Feng never thought that the training base of the Ten Thousand Realms Martial Arts Academy was connected to all places in the world and could absorb various high-level energies from all places in the world. It was really

It's a bit incredible.

At this moment, Ye Feng immediately stared at a certain direction not far away, with a trace of strangeness in his eyes, and couldn't help but ask: "Senior Sister Bai Ling, those people who shuttle through major buildings , are they all disciples of our Wanjie Martial Arts Academy?"

Bai Ling shook his head and said: "No, there are many powerful people from the Ten Thousand Realms Chamber of Commerce who come to give lectures at the Ten Thousand Realms Martial Arts Academy. Anyone who is a disciple of the Ten Thousand Realms Martial Arts Academy can listen to these super powerful people from the Ten Thousand Realms Chamber of Commerce." After listening to the lectures of those super powerful people, even those with extraordinary talents immediately realized the Tao on the spot, made breakthroughs on the spot, or understood some cultivation methods. "

When Ye Feng heard this, his eyes suddenly lit up and he said, "So magical?"

Bai Ling nodded, with a hint of longing in his beautiful eyes, and said: "You know, those who are qualified to teach in our Wanjie Martial Arts Academy are all super strong people in the Wanjie Chamber of Commerce. They are absolutely They are first-rate beings, and it is definitely a benefit to be able to listen to these great figures talk about their own cultivation methods."

"That's true."

Ye Feng nodded immediately.

For Ye Feng, if he could listen to a super powerful man's sermon, it would indeed be a great inspiration for his own cultivation.

At this moment, Chen Bei, who was standing next to Ye Feng, still had the same cold expression that had not changed for thousands of years. He seemed to be like a walking corpse and was not interested in anything.

"boom!"

Suddenly at this moment, a huge roar suddenly sounded from a certain direction.

It feels like the whole world is shaking.

"Is it an enemy attack?"

Ye Feng couldn't help but look at him immediately.

Bai Ling, who was leading the way, suddenly brightened his eyes at this moment and said loudly: "It must be a super powerful senior who is preaching!"

After finishing speaking, Bai Ling immediately looked at Ye Feng and Chen Bei beside him and said: "This opportunity is very rare. We will not certify you as official disciples now. Let's listen to the sermon first. , and then verify the identity."

"good."

Ye Feng naturally didn't have any objections and directly raised his hands in approval.

After all, for Ye Feng, he is naturally very eager to know what he can gain by listening to a super powerful man's sermon.

At this moment, Chen Bei shrugged and said, "I can do it, it doesn't matter."

"Then let's go together."

Bai Ling nodded immediately, then took Ye Feng and Chen Bei and flew quickly towards the direction of the distant roar.

On the way there, Ye Feng saw many strange practitioners, including giants covered with crimson scales, green dragons that were several kilometers long hovering in the sky, black jade unicorns burning with dark green flames, etc. .

Ye Feng knew that these should all be disciples and members of the Wanjie Martial Arts Academy.

This made Ye Feng have to admire that the founder of the Wanjie Chamber of Commerce is definitely a very visionary being.

You must know that the disciples in the Ten Thousand Realms Martial Arts Academy are basically all geniuses selected from all over the world. Naturally, all of them are very evil.

Although the world of origin is indeed the most advanced and huge world at present.

But among all the worlds, there are many ancient interfaces and there are many geniuses who defy the odds.

Even in some low-level worlds, extremely powerful beings may be born. These are all uncertain.

The Ten Thousand Realms Chamber of Commerce established the Ten Thousand Realms Martial Arts Academy to recruit all kinds of geniuses born from all the worlds and all the realms. They all gathered here, which can be described as a big deal. \u003c

br\u003e

This also makes the power and foundation of the Wanjie Chamber of Commerce become stronger and stronger.

Nowadays, even the dark demon sect in the dark world does not dare to easily touch the Chamber of Commerce of All Realms.

Because there are too many super strong men and super geniuses trained in the Wanjie Martial Arts Academy.

At this moment, Ye Feng was thinking secretly in his heart.

At this time, they finally arrived at their destination.

Ye Feng immediately saw a huge ancient circular Colosseum floating in the air in front of him.

The two sides of the venue were already crowded with disciples from the Wanjie Martial Arts Academy.

In the center of this circular venue, there sat a middle-aged man wearing a blue robe, who looked majestic and impressive.

The most miraculous thing is that at this moment, with the sermon of this middle-aged man in blue robe, with every word he speaks, a series of thunder symbols emitting blue light appear from his words, and then penetrate the whole world. On the scene, all the disciples of Wanjie Martial Arts Academy who were watching the sermon were tempered by this thunder symbol.

"This is actually..."

Bai Ling was standing outside the crowded crowd and saw the middle-aged man in blue robe preaching at the center of the venue. His beautiful eyes suddenly lit up with deep surprise.

Bai Ling immediately couldn't help but said to Ye Feng and Chen Bei beside him: "It's actually the Lord of the Thunder Realm! He is one of the nine great guests of the Wanjie Chamber of Commerce! This is the top big shot! I didn't expect that he would come here. We, the Wanjie Martial Arts Academy, are here to give a lecture! We almost missed it! Let's sit down and listen attentively!"

The Ten Thousand Realms Chamber of Commerce, doing business in all the worlds, has naturally attracted many top powerhouses from various major interfaces to serve as guests of the Ten Thousand Realms Chamber of Commerce, in order to intimidate Xiao Xiao.

Obviously, this Thunder World Master is probably the World Master of a certain thunder attribute interface. He is one of the nine guest ministers of the Wanjie Chamber of Commerce. He has a distinguished status and unfathomable cultivation strength.
