Chapter 3631 Blue Thunder Symbol

At this time, Bai Ling was extremely excited.

Because being able to observe the sermons of a world lord-level figure is definitely something that can only be encountered but cannot be sought.

Ye Feng stood aside and looked at the middle-aged man in blue robe in the center of the field not far ahead, with a hint of surprise in his eyes.

Because Ye Feng could feel an extremely terrifying and majestic aura from this blue-robed middle-aged man, like a vast ocean or a deep hell.

Ye Feng has never seen a strong person with such a terrifying cultivation level. It is simply unfathomable and it is impossible to fathom how powerful he is.

At this time, Ye Feng even speculated whether this Thunder Realm Lord might have entered the realm of dominance.

After all, this Thunder Realm Lord is the master of a realm.

To be directly invited by a behemoth like the Ten Thousand Realms Chamber of Commerce to become one of the nine major guests of the Ten Thousand Realms Chamber of Commerce, one must be a very terrifying superpower, otherwise it would be impossible to receive such treatment. .??.

"We're still a little far away from the Dominion Realm, but it's not too far away." At this time, Emperor Chu's voice suddenly sounded in his mind.

When Ye Feng heard this, his eyes suddenly showed a trace of horror.

really!

This Thunder Realm Master is about to reach the strongest domination realm in all the heavens and realms!

At this time, Ye Feng couldn't help but ask in his mind: "Emperor Chu, do you think I should practice at the Wanjie Martial Arts Academy for a while longer, or should I find an opportunity to go to the Ye family behind me as soon as possible? I can't wait to do it." I will meet my father and mother as soon as possible, as well as other family members I have never met before."

Emperor Chu said aloud in his mind: "Ye Feng, I think you should not take risks now. You should practice in this Wanjie Martial Arts Academy for a while to fight against the dark demon sect, especially the high-level master like Dark Yuan Zun. , is your cultivation level good?"

Before entering the realm of domination, even going to the Ye family would be of no use. Instead, it would distract your father and the others. "

Hearing what Emperor Chu said, Ye Feng was silent for a moment.

Seeing Ye Feng's silence, Emperor Chu seemed to feel that his words just now were a bit too cold and heartless.

After all, Emperor Chu had watched Ye Feng's journey.

Emperor Chu knew that the reason why this young man had been practicing so hard and struggling so hard was to be reunited with his relatives.

Emperor Chu continued to speak: "Ye Feng, you..."

"Emperor Chu, I understand myself."

Ye Feng suddenly interrupted Emperor Chu's words, took a deep breath, and said with firm eyes: "I know that with my current cultivation level, even if I return to the Ye family and return to my father and mother, it will be a long time." There is no use. The most important thing now is to practice hard and improve your strength as soon as possible. Only in this way can you truly reunite with your father and mother and save the Ye family from the crisis. "

When he said this, Ye Feng's knot seemed to be untied.

Ye Feng has always wanted to enter a higher realm quickly just to see his family.

But now, Ye Feng's mood has grown.

He knew that even if they met now, it would be meaningless.

It is better to muster up the courage to improve your cultivation strength as soon as possible, so that you can do what you want to do in the future and protect your family and friends.

At this moment, when Ye Feng was thinking secretly.

Chen Bei beside him suddenly said: "It's a bit boring, I'll start with

Gone, see you again when you have the chance. "

After saying that, Chen Bei turned around and left the scene.

When Ye Feng saw this scene, a trace of surprise suddenly appeared in his eyes.

Unexpectedly, he had such a good opportunity to listen to the sermon of a super strong man who was about to enter the realm of domination. Chen Bei actually said that it was boring.

This mysterious young man in black is worthy of stepping out of the abyss of gods and demons.

Ye Feng even guessed that Chen Bei's seemingly young face was actually an old monster from ancient times.

However, Ye Feng naturally would not interfere with Chen Bei's decision.

At this moment, of course Ye Feng will not leave.

And Ye Feng also saw that Bai Ling beside him had entered a state of enlightenment.

Because Bai Ling knows that this kind of opportunity can only come by chance but cannot be sought. If you encounter it, you must seize the opportunity and understand it well.

After all, it was the most distinguished nine top guests of the Ten Thousand Realms Chamber of Commerce, the "Thunder Realm Lord", who came to preach.

I don't know who in the Ten Thousand Realms Martial Arts Academy is so proud that he has brought in big figures like the Lord of the Thunder Realm, who are invisible to the dragon.

It is estimated that only the dean of the Ten Thousand Worlds Martial Arts Academy has this kind of energy and can find a big shot like the Lord of Thunder Realm.

At this time, Ye Feng no longer wasted time or hesitated, and just like Bai Ling, he sat down on the spot, and then began to stimulate his own comprehension and begin to realize the truth.

You must know that it is very difficult for an ordinary practitioner, even a super genius disciple in the Wanjie Martial Arts Academy, to achieve enlightenment.

But now, the entire surrounding area is shrouded in the preaching field of Thunder Realm Lord. Naturally, it can make the surrounding people

Those who listen quickly realize the truth.

At this moment.

Buzz buzz...

Ye Feng suddenly discovered that he could actually absorb the blue thunder symbols released by the Thunder Realm Lord.

As long as this blue thunder symbol is absorbed by Ye Feng, Ye Feng can feel that his skill has begun to increase.

Moreover, the most bizarre thing is that as Ye Feng continues to absorb this blue thunder symbol, a looming thunder mark begins to appear between Ye Feng's eyebrows, which looks very mysterious.

This made Ye Feng's eyes immediately show joy.

Because the appearance of this thunder mark between the eyebrows basically means that he has begun to secretly comprehend the secrets of inheritance in the sermons of the Lord of Thunder Realm.

If other people knew about this, they would probably be shocked!

At this time, Ye Feng did not say anything, but secretly continued to absorb the blue thunder symbols floating in the air around him, using it to continuously perfect the mysterious thunder mark on his eyebrows!

Although Ye Feng still doesn't quite understand what the thunder mark that is constantly condensing in his eyebrows is or what it does.

But Ye Feng knew that once he absorbed enough blue thunder symbols and successfully condensed the thunder mark in his eyebrows, it would definitely be of great help and benefit to him.

So at this time, Ye Feng continued to absorb.

You must know that other people can only listen to and understand the Tao in the surrounding field, and carry out a mysterious and mysterious way of enlightenment.

But Ye Feng's method of enlightenment is much simpler and more direct. Just absorb the blue thunder symbol floating in the air and that's it!

Chapter 3632 Official Disciple

Buzz!

At this time, as Ye Feng continued to absorb it, the mysterious thunder mark in Ye Fengmei's heart became more and more solid.

Originally, this thunder mark was still vaguely visible, but now it is almost taking shape!

This thunder mark, floating in the space between Ye Feng's eyebrows, looks very mysterious and extraordinary.

"Buzz!"

And suddenly at a certain moment, this thunder mark finally took shape, and it directly exuded a very mysterious power, making Ye Feng himself feel a very unfathomable feeling.

And at this moment. ??

Suddenly, in the center of the field not far away, the Lord of Thunder opened his eyes, slowly looked around, and uttered a voice that sounded like the power of heaven: "Stop!"

Buzz!

At this moment, countless disciples from the Wanjie Martial Arts Academy who were listening and observing suddenly woke up.

The Lord of Thunder Realm said: "That's the end of today's sermon."

Buzz!

After finishing speaking, the majestic figure of the Lord of Thunder Realm moved slightly and disappeared from the place.

Obviously, the Thunder Realm Lord has completely left.

For a big shot like the Lord of the Thunder Realm, who has never seen the beginning of the dragon, there is really no need to talk nonsense.

"Congratulations to Senior Thunder Realm Master!"

At this moment, all the cultivators present clasped their fists respectfully at the location where the Lord of Thunder Realm left, and respectfully sent him away.

At this time, Bai Ling, who was sitting next to Ye Feng, finally woke up.

At this moment, Bai Ling's beautiful and fair face was full of deep joy, and he couldn't help but say out loud: "It's so wonderful! I have definitely entered the state of enlightenment that I dreamed of, and entered a state of enlightenment. Mysterious yet mysterious

In the state of practice, I feel that my state of enlightenment has improved a lot. "

When he said this, Bai Ling glanced at Ye Feng beside him, and immediately couldn't help but put his hand on his forehead, shook his head and said with a smile: "That's right, I'm telling you this, you probably don't understand, because your realm is still too high. If it is lower, when your cultivation reaches a higher level in the future, you may be able to enter that mysterious and mysterious state of enlightenment like me."

Hearing Bai Ling say this, Ye Feng couldn't help but smile.

If this senior sister Bai Ling knew that she had not only entered the state of enlightenment, but also successfully condensed the thunder mark related to the training and inheritance of the master of the thunder realm, I wonder if this senior sister Bai Ling would doubt her life.

However, Ye Feng did not say anything about the fact that he had condensed a thunder mark. After all, Ye Feng still understood the reason why it was a crime to possess a jade.

If some people with ill intentions knew that my current level of cultivation was so low, they might be directly captured by other powerful people, and then they would forcibly dig out the thunder mark from the center of their eyebrows.

So Ye Feng knew that he had to keep a low profile now.

Just hang on and grow silently!

At this time, Bai Ling suddenly looked around and asked with some confusion: "Ye Feng, where is that guy from Chen Bei?"

Ye Feng shrugged: "He said before that listening to the sermon here was boring, so he left directly. I thought he might wait for us at the registration place in our college. After all, Chen Bei and I still have official disciple status. No entry."

When Bai Ling heard what Ye Feng said, he immediately showed a hint of helplessness in his eyes and said, "Okay, let's go over and have a look."

Uh-huh!

After saying that, Bai Ling flew quickly in a certain direction.

Ye Feng quickly followed.

Sure enough, when the two of them arrived at the hall where newcomers and disciples were registered in the Wanjie Martial Arts Academy, they saw a figure of a young man in black standing at the door of the hall where the identity was registered.

It was Chen Bei.

Bai Ling immediately flew over and said loudly: "Chen Bei, you wasted an excellent opportunity for enlightenment."

Chen Bei looked indifferent and said aloud: "I'm not interested."

Seeing Chen Bei like this, Bai Ling didn't bother to say anything. Instead, he waved his hand casually and said, "You two come in with me. Once I register you two as official disciples, I'll have nothing to do." "

Next, under Bai Ling's control, Ye Feng and Chen Bei both received their disciple tokens.

In other words, from this moment on, Ye Feng has become an official disciple of the Wanjie Martial Arts Academy!

When walking out of the registration hall, Bai Ling said: "If you are in your previous low-level realm and you still have any funeral matters to deal with, you have ten days of vacation and you can go back and deal with it."

"I don't."

Chen Bei shook his head.

After all, when Chen Bei came out of the abyss of gods and demons, all the people around him were probably dead long ago and buried in the abyss of gods and demons.

At this moment, Ye Feng also shook his head and said, "I don't have anything to deal with."

"good."

Bai Ling nodded, and then said aloud: "Next, you can directly follow the instructions in the identity token to live in your respective dormitories. Okay, that's it for now. We are destined to be together in the future.

goodbye. "

Uh-huh!

After saying that, Bai Ling jumped up and disappeared into the buildings floating in the sky in the distance.

At this moment, only Ye Feng and Chen Bei were left.

Chen Bei glanced at his identity token and did not go directly to his dormitory. Instead, he said aloud: "I'm going to take over the task and escort the Wanjie merchants to other interfaces for transactions."

When Ye Feng heard this, he couldn't help but asked in surprise: "Are you sure that your current strength can do the escort mission?"

"It should be okay, let's give it a try first."

Chen Bei said, and then left the place directly.

Ye Feng was more disciplined and flew quickly towards his place of residence according to the instructions of the identity token in his hand.

Every formal disciple who joins the Wanjie Martial Arts Academy can be assigned to a separate dormitory.

Swish, swish, swish!

At this time, Ye Feng soon came to a mountain floating in the sky in the distance.

On this mountain, many high-rise buildings with hundreds of stories have been built.

These hundreds of floors of high-rise buildings have densely packed rooms.

That should be where the new disciples live.

Ye Feng saw the hundreds of stories of high-rise buildings that looked like pigeon cages. Everyone could only live in a small room in the high-rise buildings, which made Ye Feng couldn't help but twitch the corner of his mouth.

It seems that the treatment of new disciples in the Wanjie Martial Arts Academy is not very good, and they can only be squeezed into these "pigeon cages".

However, Ye Feng will probably be practicing at the Wanjie Martial Arts Academy for a long time in the future, so he can only pinch his nose and endure it. Anyway, Ye Feng feels that he will never stay in the room for too long, and it doesn't matter.

Chapter 3633 Roommate

Ye Feng knew very well that he would not live in the college for long.

Ye Feng is also planning to learn from Chen Bei and go out directly to complete tasks and earn rewards.

If there is no reward, you will basically not be able to buy any training resources at the Wanjie Martial Arts Academy.

Therefore, the reason why the Wanjie Martial Arts Academy lets many disciples do tasks, earn rewards, and purchase training resources from the academy is to promote the masters of the Wanjie Martial Arts Academy and help the Wanjie merchants of the Wanjie Chamber of Commerce. .

The Wanjie Martial Arts Academy was originally a place used by the Wanjie Chamber of Commerce to recruit and train talents. Naturally, it wanted these talents to give back to the real headquarters of the Wanjie Chamber of Commerce.

Uh-huh!

At this moment, Ye Feng flew directly to the tall buildings in front of him, and then found his dormitory number and which room he was in from his identity token.

"In room 902 on the thirteenth floor." ??

Ye Feng found the room number from his identity token, then flew directly to the thirteenth floor and walked to the door of room 902.

The door to room 902 is open.

Ye Feng walked in and was slightly dumbfounded.

I saw two beds in this room.

In other words, this is actually a double dormitory room.

"It seems my roommate has arrived."

Ye Feng saw at this time that in this dormitory room, another bed was already filled with various living supplies, as well as various bottles and cans, with a scent of medicine. It seemed that his roommate was quite fond of alchemy. Refining medicine.

"Huh? This is..."

But when Ye Feng came closer, a look of astonishment suddenly appeared in his eyes.

Because he actually saw several sets of skirts of various colors hanging in the window next to his roommate's bed, as well as some lingerie and so on.

"Is the roommate a girl?"

Ye Feng was a little shocked all of a sudden.

He walked out of the room again and looked at the house number carefully to make sure it matched the information recorded in his identity token.

This made Ye Feng a little surprised.

However, Ye Feng is not a pedantic person, and he is willing to accept it.

Ye Feng sat down beside his bed, ready to take a good rest.

After all, after going from the Demon Realm to the Ten Thousand Realms Martial Arts Academy, even Ye Feng felt a little tired after the assessment.

But Ye Feng didn't wait long to sleep.

The door to the dormitory room was pushed open.

Immediately afterwards, there was a very surprised voice: "Ye Feng, how could it be you??"

Ye Feng opened his eyes and looked at the figure in front of him, very stunned.

Because the person standing in front of me turned out to be Bai Ling, the messenger!

"This...Senior Sister Bai Ling...how can we live in a dormitory room?"

Ye Feng was also stunned at this time.

Because Ye Feng never expected that the dormitory he was assigned to would be with Senior Sister Bai Ling.

this.....

It's incredible!

Bai Ling's beautiful eyes were staring at Ye Feng at this moment, and she was also a little dazed.

Obviously, Bai Ling probably never expected that Ye Feng would be assigned to her dormitory.

However, the allocation of living places is uniformly arranged by the registration hall of the Wanjie Martial Arts Academy, so there is nothing we can do now.

Bai Ling actually had a good sense of Ye Feng.

After all, the two of them were somewhat familiar with each other during the previous assessment.

At this time, Bai Ling's graceful figure walked directly in front of Ye Feng, showed a generous and beautiful smile quite casually, and said

: "Fortunately, the person assigned to live with me is not the zombie-faced Chen Bei. Otherwise, I really wouldn't be able to sleep at all."

When he said this, Ye Feng couldn't help but smile and said: "Actually, I think Chen Bei is okay, but he has probably been alone for too long, so he doesn't like to socialize and talk."

Bai Ling waved his hand lazily, then closed the door of the dormitory directly and lay on his bed with a very lazy and casual posture.

Bai Ling was lying on the bed at this time, squinting his eyes, looking at Ye Feng not far away, and said aloud: "Under normal circumstances, new students are usually assigned to live together with other new students, but recently I seem to have heard that the upper management of our Wanjie Martial Arts Academy suddenly changed the dormitory allocation rules. It is probably specifically to allow old students to take care of new students in the same dormitory. Junior Brother Feng, don't worry. From now on, Senior Sister, I will cover you. I will follow you and take you to do high-level tasks. I will start from low-level tasks more slowly than you. I don't know how much more money I can make."

When Ye Feng heard this, his eyes suddenly lit up and he couldn't help but said, "Thank you so much, Senior Sister Bai Ling!"

Ye Feng knew that Senior Sister Bai Ling's cultivation strength was unfathomable. At least it was several levels higher than his current cultivation level.

If Bai Ling could take him to do some high-level tasks and play soy sauce beside Bai Ling, he would probably pick up a lot of good things.

After all, many things that veteran students of Bai Ling's level look down upon are very valuable at Ye Feng's current level of cultivation.

Hearing what Ye Feng said at this time, Bai Ling waved his white hands lazily and said: "Okay, okay, it will definitely be good to follow my sister. I won't say anything anymore. My sister is going to bed. Take responsibility." You guys are quite tired after taking the exam for so long."

After saying that, Bai Ling lay down on his bed and fell asleep.

Ye Feng looked at Bai Ling, who was asleep, and his eyes flashed slightly.

This senior sister looks really good so far.

Not only is he beautiful in appearance and generous in character, but he is also very protective of his own people. He is really a good roommate.

Just when Ye Feng was thinking secretly.

"Buzz!"

Suddenly, Bai Ling, who was resting on the bed not far away, suddenly heard a crisp sound like the collision of jade from the identity token around his waist, which was particularly pleasant to hear.

"It's so annoying to bother me again just after I fell asleep!"

Bai Ling muttered for a moment, but still sat up and took the identity token around his waist to look at it.

At this time, Ye Feng was surprised to see that the shadow of a young man was projected in Bai Ling's identity token.

The moment this young man appeared, Bai Ling immediately asked: "Senior Brother Gu, what's the matter?"

Seeing this scene, Ye Feng's eyes showed surprise.

The technology of Wanjie Martial Arts Academy is really amazing. Different students can communicate with each other over long distances directly through their respective identity tokens. This is indeed very convenient.

You know, when Ye Feng communicated with his friends remotely before, he still needed to transmit notes through thousands of miles, which was a waste of time.

At this moment, the phantom of the young man projected from Bai Ling's identity token seemed to be called Senior Brother Gu. He immediately said: "Junior Sister Bai Ling, hurry up and come to the Ten Thousand Realms Teleportation Temple of the Academy to gather. You, Senior Sister Lan and I We have arrived and are waiting for you. The special mission we applied for is to escort an

expedition team from the Chamber of Commerce of All Realms to the ancient lost interface to explore the ancient pyramid civilization in that interface. It has been approved by the upper levels of the college and the reward is huge. This time we You're going to make money! By the way, congratulations on your success in getting a little boyfriend. Yes, I saw it from behind you. He's quite handsome. I can bring him with me on this mission. It's just for me and you, senior brother. Senior Sister Lan introduced."

Chapter 3634 Dean Tianshu

At this moment, when Ye Feng, who was standing behind him, heard what Senior Brother Gu said, he couldn't help but twitch the corner of his mouth.

Ye Feng never expected that Bai Ling's senior brother would be such a gossip.

But now that I and Senior Sister Bai Ling live in the same dormitory, it is normal for them to be misunderstood.

At this time, Bai Ling immediately faced the virtual image projected by the identity token and said helplessly: "Brother Gu, Ye Feng is not my little boyfriend. Ye Feng is the one I brought from a low-level realm this time. The new disciples who have returned have passed the assessment, but for some reason, we were assigned to the same dormitory."

"It turns out to be the new junior brother."

Hearing what Bai Ling said, Senior Brother Gu immediately said "Oh", but there still seemed to be a trace of suspicion in his eyes, feeling that something was wrong.

But Senior Brother Gu did not dwell on this issue anymore, but said loudly: "Since you are a new Junior Brother, then this time Bai Ling, please take this young man with you to do the task. He is in the same dormitory as you. We will definitely help each other in the future. We can lead him now and let him grow quickly. Maybe he will be a powerful help for our small team in the future. "

Senior Brother Gu doesn't look down on Ye Feng just because Ye Feng's current cultivation level is relatively low.

On the contrary, Senior Brother Gu knows very well that those who can join the Wanjie Martial Arts Academy are all geniuses.

Because Senior Brother Gu also passed that terrible assessment before entering the Ten Thousand Realms Martial Arts Academy.

It can be said that as long as they are disciples of the Ten Thousand Realms Martial Arts Academy, they are basically top geniuses everywhere, otherwise they would not be qualified to enter the Ten Thousand Realms Martial Arts Academy to practice.

The principle of recruiting disciples at the Wanjie Martial Arts Academy is that it is better to be lacking than to overdo it.

At this time, when Bai Ling heard what Senior Brother Gu said, he immediately said with a smile: "I also have this intention. I will take my junior brother Ye Feng to do tasks together and help him grow up together. I am with him." I promised that I would protect him in the Wanjie Martial Arts Academy."

"Hahaha."

When Senior Brother Gu heard Bai Ling's serious look, he immediately laughed out loud: "Senior Sister Bai Ling, when you first entered the academy, this is what you and I told you, Senior Sister Lan. Now it's your turn. Time flies really fast, and in a blink of an eye you can say something to protect the new couple. "

When he said this, Senior Brother Gu directly closed the communication between identity tokens.

The projected virtual image in front of me disappeared.

At this time, Bai Ling looked at Ye Feng behind him and immediately said with a smile: "How about it?

I'm treating you well, right? I'll take you directly on this mission. You know, this is no ordinary mission, but an expedition team guarding the Chamber of Commerce of All Realms, entering an ancient lost interface, and exploring the legendary interface. The most ancient ancient pyramid civilization, compared with escorting business missions, this kind of escorting other people's adventure missions is more precious, because in addition to getting generous rewards, we may also get some opportunities or blessings from this adventure. Lost treasures and more. "

Hearing what Bai Ling said, Ye Feng immediately nodded, and couldn't help but have a look of deep anticipation in his eyes.

The Wanjie Martial Arts Academy was indeed more exciting than I imagined.

You know, if you enter other forces in the dark world, or you come to the dark world and directly become a casual cultivator, then Ye Feng feels that he will probably be able to wander around in the big world complex of the dark world, and he may die at any time. Encountered the terrifying existence in the dark demon sect and was hunted down.

But now, in this Ten Thousand Realms Martial Arts Academy, the Ten Thousand Realms Chamber of Commerce has an independent interface that can travel to any of the thousands of interfaces in the world.

Therefore, Ye Feng can enter various major interfaces to experience, and does not need to venture into the dark world, a large world complex, for the time being, and can temporarily avoid the pursuit pressure from the dark demon sect.

At this moment, Ye Feng stared at Bai Ling in front of him and said, "Thank you, Senior Sister Bai Ling, for your cultivation."

"Ha ha."

Bai Ling was very forthright, like a big sister. She walked directly in front of Ye Feng, stretched out her white palm, patted Ye Feng's shoulder, and said loudly: "I brought you here from the Demon Realm, and we Being assigned to the same dormitory again, I think this is the legendary fate, I will definitely protect you!"

At this moment, Bai Ling was talking, with a hint of ecstasy on her beautiful face, as if she was enjoying the feeling of being a big sister covering the newlyweds.

When Ye Feng saw this scene, he just smiled dumbly and didn't say much.

For Ye Feng, it is indeed a bit risky to go out alone for training now.

Now that there is such a good opportunity, and if there are veteran students who are willing to guide me, it is natural to follow powerful veteran students like Bai Ling to do some advanced tasks in order to grow faster.

At this time, Bai Ling cleaned up briefly, then looked at Ye Feng and said loudly: "Junior Brother Feng,

Let's go and do the mission! "

"good."

Ye Feng nodded immediately, with a hint of anticipation in his eyes.

"correct."

Bai Ling seemed to have thought of something at this time. He suddenly took out a set of pure black clothes from his storage ring, threw it to Ye Feng in front of him, and said loudly: "This is the Tiantian of our Wanjie Martial Arts Academy." The special clothes developed by the Institute of Technology were named 'protective clothes' by our dean. As long as we wear them, we can protect the vitality of our entire body and not be easily invaded by any dangerous elements from the outside world."

At this time, Bai Ling said, Ye Feng put the protective clothing directly on himself.

Buzz!

At this moment, a transparent light shield suddenly appeared in the protective suit, covering Ye Feng's entire body, which was equivalent to being protected by a barrier.

Bai Ling said with a smile: "Every time we enter other interfaces to perform tasks, we will wear this kind of protective clothing, because the conditions of each major interface are different. Some interfaces are safer, while the environment of some interfaces is extremely harsh. At the extreme, everywhere is full of poisonous atmosphere, and all kinds of terrible microbial creatures can invade your body in an instant and unknowingly, killing you virtually. Therefore, the dean created Tiangongyuan and created this special Although the protective clothing does not have much defense against pure power, it has a huge protective effect against poisonous gas, miasma, deadly microorganisms and other existences that can invisibly kill you in some harsh interfaces. "

Hearing this, Ye Feng also had a look of surprise in his eyes and said: "In the past, I only thought that dangers came from visible things, but there are many invisible dangers in many interfaces. It seems that the dean of our Wanjie Martial Arts Academy Sir, your thinking and creativity are really amazing." .??.

"Of course!"

When Bai Ling mentioned the dean of the Ten Thousand Realms Martial Arts Academy, he immediately showed admiration on his pretty face and said: "In the eyes of all our students at the Ten Thousand Realms Martial Arts Academy, whether they are low-level students or senior students, doubts are Various lecturers, etc., absolutely admire the dean to the extreme. The Wanjie Martial Arts Academy was founded by the dean. It is said that the dean and the president of the Wanjie Chamber of Commerce have been good friends for many years. In order to solve the problem The external crisis of the Ten Thousand Realms Chamber of Commerce caused the dean to directly establish such a huge academy. In the Dark World, the most advanced world of the Origin World, all the founders wanted to recruit various talents from the advanced realms. He doesn't look down on anyone from the lower realms at all, but the dean did the opposite and chose to come from the heavens

New students are recruited from all low-level realms in the world and trained in the academy. "

Hearing this, Ye Feng immediately nodded and said, "There is no distinction between education and distinction. Based on this alone, our dean of the college has been praised for countless years."

"It's much more than that."

At this time, Bai Ling led Ye Feng towards the outside of the dormitory, while pointing to the dozens of high-rise buildings on the surrounding mountains, and said loudly: "Not only does the dean have a heart, but he is also very creative and creates We have done a lot of things that we never thought of, such as building dozens of floors of high-rise buildings and separating small dormitories, which can accommodate thousands of times the number of students in a limited college space, saving a lot of space and increasing the number of students. The circulation of various university students in the college, as well as the protective clothing I gave you before, although it was cast by Tiangong Institute, in fact, the first protective clothing was developed by the dean himself, and then the dean Your Excellency founded Tiangongyuan to mass-produce this kind of protective clothing. In addition, Senior Brother Gu and I can perform virtual projection through identity tokens just now. This technology was also developed by Your Excellency the Dean. There are all kinds of novel Inventions amaze all of us, even many top guests from the All Worlds

Chamber of Commerce. Sometimes they come to our All Worlds Martial Arts Academy to give lectures and are amazed when they see those convenient and novel inventions. "

When Ye Feng heard Bai Ling's words, he couldn't help but nodded, and said with some admiration: "Our dean is indeed amazing and breathtaking."

What Ye Feng said at this time was not a compliment, but he really felt that these seemingly small inventions provided great convenience to all students and greatly promoted the development of the entire Wanjie Martial Arts Academy.

Bai Ling nodded fiercely, and then said: "The dean's name is Chen Tianshu. We all respectfully call him 'Dean of the Heavenly Book', which means that the dean is like a legendary heavenly book. He knows everything. It seems that in this world There's nothing he doesn't understand."

While Bai Ling and Ye Feng kept talking, the two finally arrived at the Ten Thousand Realms Teleportation Temple.

Not far away, two tall and young figures were standing.

One male and one female.

The man wore a golden robe and carried three war swords of different colors on his back.

The woman was wearing a long blue dress, with a cold and dusty temperament, and she looked like she would not let strangers in.

The man and woman standing here are none other than Senior Brother Gu and Senior Sister Lan that Bai Ling contacted before!

Obviously, they have been waiting here for a long time.

Chapter 3635 Ancient Lost Interface

At this moment, I saw Bai Ling and Ye Feng walking not far away.

Senior Brother Gu immediately greeted from afar and said, "Junior Sister Bai Ling, Junior Brother, we are here!"

Bai Ling and Ye Feng immediately walked over and came to Senior Brother Gu and Senior Sister Lan.

At this time, Ye Feng secretly sensed that the cultivation auras of Senior Brother Gu and Senior Sister Lan were even more unfathomable than Bai Ling.

Obviously, Senior Brother Gu and Senior Sister Lan are definitely much older than Bai Ling.

At this time, Senior Sister Lan glanced at Bai Ling and Ye Feng in front of her, nodded slightly, and said, "This is the junior brother you called Ye Feng. I feel pretty good."

Bai Ling nodded, immediately pulled Ye Feng to his side, and said loudly: "Junior Brother Feng's talent is still very powerful. During the previous admission examination, he basically passed every level within a few hours. , and its combat effectiveness is quite strong."

"oh?"

When Senior Brother Gu heard what Bai Ling said, a trace of surprise suddenly appeared in his eyes.

Senior Brother Gu stared at Ye Feng next to Bai Ling, couldn't help but grinned, and said: "I thought he was just a pretty boy, but when I heard you say that, Bai Ling, my talent is really great. That's it." If I have the chance, I will have a good fight with this junior brother Ye Feng."

At this moment, Senior Brother Gu was talking, as if he really wanted to gear up and have a good fight.

Obviously, this senior brother Gu seems to be a fighting maniac.

"Stop teasing this little junior brother."

Senior Sister Lan suddenly spoke up at this time: "We should rush to the destination of this trip, the ancient lost interface, and join the expedition team from the Ten Thousand Realms Chamber of Commerce, which has already arrived at the lost interface. "

"good."

Senior Brother Gu did not dare to waste any more time at this time and immediately took out one from his storage ring.

A compass-like instrument.

The surface of this compass actually had something like a very smooth crystal screen, which displayed many special marks and symbols that Ye Feng couldn't understand.

Bai Ling whispered in Ye Feng's ear at this time: "This is called the 'locator'. It was also researched by the Dean of Tianshu of our Wanjie Martial Arts Academy and named the 'locator'. It is better than the one used by other forces. I don't know how many times more accurate an ordinary compass is, but it plays a huge role in locating the specific locations of major interfaces, allowing us to arrive at a designated location on a certain interface."

When Ye Feng heard what Bai Ling said, he immediately nodded and said, "Dean Tianshu, he is indeed a peerless person."

And just when Ye Feng and Bai Ling were talking.

Senior Brother Gu in front suddenly said: "Okay, the positioning is successful, let's teleport directly there."

When he said this, Senior Brother Gu looked at Ye Feng beside him and said loudly: "This is your first time to go out to other independent interfaces to do tasks. You must pay attention to it later and protect your mind. Don't You were swept into the turbulence of the void by the space storm, otherwise the gods would not be able to save you. "

Buzz!

Almost the moment Senior Brother Gu finished speaking, he directly activated a teleportation formation in front of him.

You know, this is the Ten Thousand Realms Teleportation Temple, a place where students from the Ten Thousand Realms Martial Arts Academy are specially used to teleport to the target interface.

Therefore, this kind of teleportation array is extremely powerful. After all, it has to teleport a group of people from the dark world to another brand new interface.

Buzz!

So at this moment, when the light of the entire teleportation formation enveloped several people present, everyone

Some people feel a very terrible tearing feeling.

It was a feeling of space tearing apart, which was very uncomfortable.

Even Senior Sister Lan, Senior Brother Gu, and veteran students like Bai Ling all had traces of pain on their faces at this moment.

"Um?"

But at this time, they suddenly saw that Ye Feng beside them was shrouded in the light of the formation, without any expression on his face, as if he was nothing.

"How can this be?"

Senior Brother Gu immediately widened his eyes slightly, as if he didn't expect that Ye Feng didn't feel anything at all.

Just now, Senior Brother Gu very solemnly reminded Ye Feng, a newcomer, to hold on to it later.

But now, Ye Feng seems to be a completely fine person.

It's incredible!

"Uh-huh!"

But at the next moment, before several people were shocked by Ye Feng's performance, the entire cross-border teleportation formation was activated instantly.

The figures of several people disappeared from the place in an instant.

...

I do not know how long it has been.

Accompanied by a burst of intense spatial dizziness.

Ye Feng slowly opened his eyes.

At this moment, Senior Brother Gu, Senior Sister Lan and Bai Ling beside them disappeared.

At this moment, where Ye Feng was standing was a swamp with all kinds of weird trees growing everywhere.

The surrounding gases were of various colors and were obviously full of poison.

Fortunately, Ye Feng was wearing protective clothing, otherwise, Ye Feng might have been poisoned during the coma when he came here just now.

However, Ye Feng's physical strength is very strong. Even if he is poisoned, it is probably not a big problem. After all, Ye Feng still has poison-eating insects on his body. \u003c

"I should have arrived at that ancient lost interface, right? This should be the interface where this mission is located."

Ye Feng looked at everything unfamiliar around him, with a hint of surprise in his eyes.

Before, Ye Feng joined some big forces and went out for training, basically staying around the sect.

But now that I have joined the Wanjie Martial Arts Academy, my world view has suddenly become bigger.

When you come out to do a task, you go directly to other independent interfaces.

It is tantamount to running towards the heavens and all realms.

This is really something Ye Feng never imagined.

Although the thousands of interfaces in the heavens and worlds are inferior to the Great World of Origin.

However, after all, there are still many good things in each interface.

Especially for Ye Feng's current relatively low level of cultivation, he is not in a hurry to explore the Dark World, the most advanced and huge world of the Origin World.

"Didi didi."

Just when Ye Feng was thinking, suddenly there was a sound from the identity token on Ye Feng's waist.

Ye Feng touched the identity token on his waist.

Buzz!

Bai Ling's shadow was immediately projected on the identity token.

Bai Ling immediately said: "Junior Brother Feng, according to the prompts of the identity token, let's meet up quickly. You have just joined the students. Your cultivation level is too low and you may be in danger at any time! Damn it, this time we encountered the interface space during the transmission. The storm caused some deviation in our arrival, but I have already contacted Senior Brother Gu and Senior Sister Lan."

At this moment, Bai Ling's tone was a little urgent, different from usual, and he was obviously afraid that Ye Feng would be in danger in this unfamiliar interface.

After all, the interface for this mission is not an ordinary low-level interface, but an ancient lost interface, and there may be something very scary.

Chapter 3636 He is an alien

At this moment, Bai Ling's tone was very anxious, obviously because he was afraid that Ye Feng would be in danger.

Because Ye Feng had just joined the Wanjie Martial Arts Academy, in the minds of veteran students like Bai Ling, Ye Feng was the kind of weak junior disciple.

At this moment, after Ye Feng and Bai Ling determined their positions, they closed the projection connection between the identity tokens.

Uh-huh!

Ye Feng quickly flew towards the direction where Bai Ling was at this time.

Ye Feng had to sigh at this moment. The function of the identity token developed by Dean Tianshu, which can project communication and locate one's own position with each other, is really a sense of thinking that is beyond the current era.

At this time, Emperor Chu couldn't help but said in his mind: "This Dean of Heavenly Book is indeed a peerless person. I don't know what his identity is. I have traveled in all the worlds for countless years, and I have never seen this person before." This kind of strange person, even if he is a master, is powerful, but the thinking and research of this Dean of Heavenly Books have a feeling of being ahead of the times. "

When Ye Feng heard what Emperor Chu said, he immediately nodded, and then quickly continued towards Bai Ling's location.

But on the way, Ye Feng was walking in a swamp.

"boom!"

Suddenly, the surrounding swamp and mire exploded.

A crocodile covered with spikes, a species that Ye Feng had never seen before, rushed towards Ye Feng in an instant.

...

Half an hour later.

"The meat is so delicious."

Ye Feng and Bai Ling ate the freshly roasted crocodile meat, which melted in their mouths. It was simply the most tender meat in the world.

Bai Ling couldn't help but said: "Junior Brother Feng, where did you catch this kind of crocodile? Although it looks ugly and ferocious, with barbs all over its body, the meat is so delicious, even if it is just grilled. The delicious food is simply top-notch. "

Ye Feng grinned at this time and said: "When I was rushing towards Senior Sister Bai Ling just now, there was a swamp on the road.

This crocodile of unknown species rushed out of the quagmire. I originally killed it and wanted to throw it away, but when I disemboweled it, I saw that the meat of this crocodile was delicious, so I just brought it over for barbecue. Unexpectedly, my observation was good, and the taste was indeed outstanding. "

"Hmm, yes."

Bai Ling was so full of food at this time that she didn't care about her image as a lady.

At this time, Ye Feng suddenly asked: "Senior Sister Bai Ling, when are we going to meet up with Senior Brother Gu and Senior Sister Lan."

"Not in a hurry."

Bai Ling shook his head and said with a smile: "I have contacted Senior Brother Gu and Senior Sister Lan. They are looking for the nearby expedition team's station. When they find it, it will not be too late for us to go there."

Ye Feng couldn't help but stare blankly when he heard this, and then asked: "Then what are we doing now?"

Bai Ling stared at Ye Feng, smiled slightly, and said: "Of course it's a good time to have fun. I finally came out and walked around, and I was able to look for any other rare fruits around. , good luck."

Ye Feng couldn't help but smile dumbly when he heard this, and then said: "Then don't we inform Senior Brother Gu and Senior Sister Lan?"

"Need not."

Bai Ling shook his head and said: "I am here to set up a small stove for you, Junior Brother Feng. When the time comes, we will go exploring with the expedition team. With your current cultivation strength, Junior Brother Feng, you probably won't be able to get anything good." , so now I will help you grow up alone, so take advantage of it."

Ye Feng's eyes immediately lit up and he said quickly: "Thank you, Senior Sister Bai Ling!"

I have to say that this Bai Ling has a really great impression in Ye Feng's heart at this moment!

He is simply an extremely considerate roommate and senior sister.

"You're welcome."

Bai Ling chuckled and said, "You just treated me to a delicious meal, and now I should give you something good in return."

Uh-huh!

At this time, Bai Ling said, and suddenly took out a compass-like object from his storage ring, and said: "This is also something that our Dean Tianshu has researched, and it is also something he named himself. It's called 'Treasure Detector' ", as long as you input your own spiritual power into this treasure detector, you can find rare fruits and special treasures within a radius of several kilometers, and there will be no omissions. It is more detailed than your soul master's soul power exploration. and precise."

When Ye Feng heard this, his eyes moved and he said, "Is it so powerful?"

"certainly."

Bai Ling chuckled at this time and said: "I bought this at a high price. It almost cost me all my savings. Even Senior Brother Gu and Senior Sister Lan don't have it. I'm also lucky because this thing is limited. "

After saying that, Bai Ling directly began to input his power into the treasure detector in his hand.

Buzz! ??

At this moment, Ye Feng was a little unbelieving in evil, and he was also exuding his soul power. He seemed to want to compare whether his soul power could find the good things around him first, or whether this treasure detector could find the good things.

Swish!

Swish!

At this time, Ye Feng and Bai Ling immediately flew away in a certain direction.

Almost at the same time, they arrived in front of a quagmire not far away.

"Wow!"

At this moment, Bai Ling stretched out his hand and transformed a spiritual palm into the air, grabbing it directly into the quagmire in front of him.

The next moment, a lotus root emitting crimson light was grabbed directly.

This lotus root exudes red light is in the form of a dragon. Its whole body is slightly transparent, as if made of red crystal, and its roots are coiled.

It's out of place and looks very magical.

Bai Ling couldn't help but smile and said: "It's dragon blood lotus root. It's a good thing. It can greatly increase the blood energy of living beings."

Hearing this, Ye Feng couldn't help but said: "Senior Sister Bai Ling is really knowledgeable."

"No no no."

Bai Ling shook his head, with a hint of admiration in his eyes, and said: "Everything is the result of Dean Tianshu. Not only has the Dean invented many novel things, but he is also very knowledgeable in inspiring students' wisdom. The Dean does not hesitate to spend any money. Over a hundred years, I have traveled all over the world and personally compiled a book covering all kinds of knowledge, called the 'Encyclopedia'. Our students at the Wanjie Martial Arts Academy basically have one copy and are familiar with the knowledge in the encyclopedia. When doing tasks on major interfaces, you can basically find corresponding introductions from the book."

When Ye Feng heard this, he couldn't help but said in amazement: "Our dean is really a strange person. Most of the upper-level forces compile books, usually about inheritance, or alchemy, etc., all related to cultivation. There are very few encyclopedias that cover everything in one place."

Bai Ling nodded and said aloud: "The dean is indeed a wonderful person from all ages. He once warned all our students that cultivation is not only about cultivating strength, but also gaining knowledge. All kinds of seemingly useless knowledge are actually It's not just a practice of knowledge, it's beneficial."

When Ye Feng heard what Bai Ling said, he became more and more curious about the Dean of the Book of Heaven. What kind of strange person he was? His way of thinking and knowledge were completely different from other major forces in the dark world. .

Other major forces basically regard strength as king and only look at strength.

However, Dean Tianshu not only teaches students how to cultivate strength, but also invents various convenient and novel gadgets. He does not care about the origin of geniuses, and he also spends a lot of energy compiling encyclopedias that seem to be useless in the eyes of others... etc. wait.

It can be said that this Dean of the Book of Heaven is really an anomaly in this world of spiritual practice!

Chapter 3637 Isn't it good for you?

At this moment, looking at the dragon blood lotus root in front of him, Bai Ling sent it directly to Ye Feng's hands and said: "Here, I will help you upgrade in the next few days. I hope your cultivation level can rise quickly." , This can also provide greater help to our small team."

"Thank you."

Ye Feng didn't show any pretense and just started to swallow the dragon blood lotus root.

At this time, Bai Ling said with a smile: "We found this dragon blood lotus root almost at the same time. It seems that your soul power detection is also very good, but don't think that this treasure detector invented by the dean is useless. You know , even in the Dark World, the most advanced world of the Origin World, soul masters are very rare, so not everyone has the same ability to detect various hidden treasures around you, like Junior Brother Feng, but with this treasure detector , I am just like you, Junior Brother Feng, in terms of finding hidden treasures."

Ye Feng nodded and said: "Yes, Dean Tianshu is really big-hearted. He seems to want all the students of the Wanjie Martial Arts Academy to be able to enjoy various abilities that ordinary people cannot have, and this can be achieved through the assistance of external objects. "

Ye Feng spoke at this time, with a hint of exclamation in his tone.

It is very difficult to help a practitioner awaken a certain ability, because it requires talent.

Just like Ye Feng, without the talent of a soul master, Ye Feng would not be able to easily find the various hidden treasures around him.

However, Dean Tianshu researched and invented something like a treasure detector, directly assisted by foreign objects, so that every student who owns a treasure detector instantly has the ability of a soul master to detect hidden treasures.

And you should know that this thing was researched by Dean Tianshu and mass-produced by Tiangong Institute of Wanjie Martial Arts Academy. As long as the students have enough money, almost everyone can have one.

In this case, it would be terrible.

Sometimes a small invention that may seem inadvertent can directly improve the comprehensive ability of the students of the entire Wanjie Martial Arts Academy!

Therefore, even Ye Feng and Emperor Chu had to lament that the Dean of Tianshu of the Wanjie Martial Arts Academy may not necessarily be the most powerful existence in the world of cultivation, but he must be the most magical existence.

Dean Tianshu's thinking, his research inventions, and his theoretical methods for cultivating and cultivating talents seem to go beyond the current basic understanding of the cultivation world.

"Buzz!"

At this time, as Ye Feng swallowed the dragon blood lotus root, Ye Feng suddenly felt that his entire body was suddenly filled with a very terrifying majestic energy.

It seems that this ancient lost interface is quite advanced, and the rare and exotic fruits grown in it still contain very powerful medicinal power.

"boom!"

At this moment, Ye Feng's cultivation aura immediately achieved a breakthrough.

The fifth level of Shen'an Realm!

"good."

At this time, Bai Ling nodded immediately, and then said loudly: "A dragon-blooded lotus root will help you break through to the first level of heaven. It seems that the age of this dragon-blooded lotus root is pretty good."

Ye Feng nodded at this time, with a hint of joy in his eyes, and said loudly: "If I can find more of these rare treasures, then my cultivation should be able to make another qualitative leap in a short time. .

"

"Um."

Bai Ling nodded at this moment, and then said in surprise: "I didn't expect that your digestion ability is so good. After eating this dragon blood lotus root on the spot, you got the energy in it and broke through instantly. It seems that Your physique is more amazing than I imagined."

When Ye Feng heard this, he couldn't help but smile and said: "I was born with a big stomach."

Bai Ling chuckled and said, "You just ate nearly nine-tenths of the crocodiles in one go, I can tell."

When he said this, Bai Ling continued to speak: "In any case, you have the ability to digest instantly, so that's great. I can continue to look for all kinds of rare and exotic fruits to help you improve your cultivation. "

Ye Feng nodded and said: "Thank you, senior sister. Now I hope that all the fruits growing around here are of higher quality. Otherwise, no matter how much I eat, I probably won't be able to improve my skills much."

Bai Ling said: "It shouldn't be too low-level. Before doing the mission, I had learned about this interface. This interface is an interface from a lost ancient era. It should be considered a relatively advanced interface."

When he said this, Bai Ling said nothing more and continued to fly around with Ye Feng.

For Bai Ling, in addition to helping her little junior brother, there is another important reason why she is willing to spend time, and that is to be able to hang out and play around.

I have to say that Bai Ling still has a little girl-like nature in her heart.

Halfway through, Ye Feng suggested that the two of them search separately, which would be more efficient. Although Ye Feng did not have a treasure detector, Ye Feng had soul power and could also search for various treasures.

But Bai Ling didn't agree.

Because Bai Ling was afraid that Ye Feng would be in danger and she would be too late to rescue him.

So Ye Feng finally followed this powerful senior sister to look for various treasure resources.

Soon, under Bai Ling's leadership, Ye Feng really got a lot of special fruits, all of which contained great medicinal power, which greatly increased Ye Feng's cultivation skills.

In just a few days, under the accumulation of many rare and exotic fruits, Ye Feng's cultivation level made breakthroughs one after another, and finally broke through from the previous fifth level of Shen'an Realm to the tenth level of Shen'an Realm!

I have to say that this breakthrough speed is very fast, which can be described as terrifying!

The way Bai Ling looked at Ye Feng at this time became a little weird.

Because she discovered that Ye Feng simply refused to accept anyone who came.

It seemed that no matter how many rare fruits he was given, they would all be swallowed and digested by Ye Feng, and then become energy for Ye Feng to increase his power.

This "big stomach king" ability is really terrifying to the extreme.

However, Bai Ling was also a little complacent. Like a big sister, she patted Ye Feng on the shoulder and said loudly: "How is it? Sister is nice to you, right?"

"very nice."

Ye Feng nodded immediately, then flashed his eyes slightly and said, "I also decided to give you something in return, Senior Sister Bai Ling."

"What will you give me in return?"

Bai Ling glanced at Ye Feng and asked: "You are a new student and have not yet started to accumulate your own wealth. What can you give me in return? You can roast and stew delicious meat for me to eat, which is considered a reward!" At this moment, looking at the dragon blood lotus root in front of him, Bai Ling sent it directly to Ye Feng's hands and said: "Here, I will help you upgrade in the next few days. I hope your cultivation level can rise quickly. This can also provide greater help to our small team."

Chapter 3638 Improving the Source of Life

Bai Ling was talking at this moment, obviously not taking Ye Feng's words of repayment to heart.

After all, Bai Ling knew that Ye Feng had just arrived at the Wanjie Martial Arts Academy and had no power. Even if Ye Feng wanted to give Bai Ling any resources, Bai Ling would not take them.

So at this time, Bai Ling just patted Ye Feng on the shoulder and said with a smile: "Junior Brother Feng, don't think too much. I help you because you are my junior brother and my roommate, so I will naturally I will help you to the best of my ability. As for repayment, I have never thought about it. Don't feel pressured. If you really want to repay me, then wait until later. If one day you become a big shot in our Wanjie Martial Arts Academy, don't forget Just ask me, the senior sister who led you to upgrade."

At this time, Ye Feng's eyes showed a trace of strangeness, and he said: "Senior Sister Bai Ling, the attribute you cultivate should be the extremely rare light attribute, right?"

When Bai Ling heard this, his beautiful eyes revealed a look of surprise, and he said, "That's right, but it's not that the technique I practice has the light attribute, but that I myself have the talent of the light attribute."

Ye Feng said aloud: "Senior Sister Bai Ling seems to be from a very ancient family, otherwise it would be impossible for her to have the origin of life with the attribute of light."

When Bai Ling heard this, he suddenly fell silent, and then said: "I am an orphan, adopted by a lecturer at the All Worlds Martial Arts Academy. For me, the All Worlds Martial Arts Academy is not only an academy, but also a warm and welcoming university. Family, so I have deep feelings for Wanjie Martial Arts Academy."

Hearing what Bai Ling said, Ye Feng suddenly became slightly silent.

It seems that Senior Sister Bai Ling is even more miserable than herself.

Although Ye Feng is not able to reunite with his family yet, his father and mother are still alive and have not disappeared or died.

One day, their family will be reunited.

But Bai Ling was an orphan since childhood.

At this time, Ye Feng walked up to Bai Ling, stretched out his hand, put his hand on Bai Ling's thin shoulder, and said, "Senior sister, don't be so sad, I will be your family member from now on."

When Bai Ling heard what Ye Feng said, he couldn't help but reveal a smile on his face, and said loudly: "Don't comfort me, I have always been in a good state of mind. Maybe my biological parents haven't died yet, just because of an accident." , I had to be left behind, so I might be able to meet my biological parents one day in the future, although this hope is slim. "

When Ye Feng heard what Bai Ling said, he immediately wanted to say something.

But was stopped by Bai Ling.

Bai Ling continued: "By the way, Junior Brother Feng, you just asked me if my attribute is light. Is there anything else?"

Ye Feng nodded and said: "Actually, to be honest with Senior Sister Bai Ling, during the grand auction in the Demon Realm, the moment Senior Sister Bai Ling arrived as the guide, I stood among the many geniuses waiting for the assessment. I have instantly sensed the rich and pure aura of light attribute in you, Senior Sister Bai Ling."

When Bai Ling heard this, a look of surprise appeared in his eyes, and he couldn't help but said: "It seems that you, Junior Brother Feng, are worthy of being a soul master, and your perception is so powerful. Junior Brother Feng, do you know that your ability is really great?" It is suitable to go gold mining in some abandoned interfaces in the universe. In the universe, some interfaces are abandoned, but there are many treasures and treasures left by ancient civilizations buried there, but they are very difficult to find. Junior Brother Feng, you

This ability is really suitable. "

When Ye Feng heard what Bai Ling said, his eyes suddenly lit up and he said, "Okay, if there is a chance in the future, we can really go find this kind of abandoned interface."

After finishing speaking, Ye Feng immediately continued: "By the way, let's get down to business, Senior Sister Bai Ling, you have the life source of light attribute, so I guess that Senior Sister Bai Ling's body must have the blood of the Guangming clan flowing back then."

"The light clan?"

Bai Ling couldn't help but have a look of surprise in her beautiful eyes, and asked: "What race is the Guangming clan? I have never heard of it."

Ye Feng said: "The Guangming clan is a very ancient race. It is very rare and rare. It is the royal family in the legendary heaven, that is, the bloodline passed down from the Lord of the heaven. However, I just don't know, Senior Sister Bai Ling, you He is an ordinary member of the Guangming clan, or a member of the royal family."

Bai Ling couldn't help laughing and said: "I don't dare to become a royal family, the pressure is too much."

When Ye Feng heard this, he couldn't help but smile dumbly, and then said: "But no matter what level you are in the Guangming clan, Senior Sister Bai Ling, I may be able to help you, Senior Sister Bai Ling, to enhance the power of your bloodline and make your life the most beautiful." If you evolve deeply, your overall spiritual quality will be improved unparalleled."

"What?"

When Bai Ling heard what Ye Feng said, he immediately widened his beautiful eyes. He seemed to have never imagined that Ye Feng would say such a thing.

It directly improves one's life level and enhances one's spiritual talent and quality.

This is really incredible.

Because the life level and cultivation talent of most practitioners are basically innate, it is really difficult to improve in the later stage. Only by eating some rare and rare treasures can a person be able to heal from within. external evolution.

Even in the Ten Thousand Realms Martial Arts Academy, only those taboo-level life potions can enhance a person's life potential.

But those kinds of things are said to be life elixirs that Dean Tianshu personally traveled to all the worlds and spent a lot of money to refine. Ordinary people cannot enjoy them at all.

At this moment, Bai Ling's eyes became quite solemn, staring at Ye Feng in front of him, and said loudly: "Junior Brother Feng, I know you want to make me happy, but this kind of thing is not a joke. Are you sure what you said is true? "

Ye Feng shook his head and said with a smile: "Of course I won't joke about this kind of thing. The reason why I said something that can improve your life source, Senior Sister Bai Ling, is because I have a special kind of The ability has the same origin as the light attribute. It can release a very advanced light energy to help the bright people like you, Senior Sister Bai Ling, improve their abilities. "

Ye Feng did not directly say that he owned a peerless treasure like the Gate of Heaven, because the involvement was too great, and it would definitely cause a lot of unnecessary trouble to tell it.

So Ye Feng lied at this time, saying that he had the ability of light attribute energy.

That would be much better.

Senior Sister Bai Ling is indeed very kind to me.

Therefore, Ye Feng has the Gate of Heaven, which can release the supreme light energy of the Lord of Heaven.

Ye Feng naturally wanted to upgrade the life source of Senior Sister Bai Ling. Bai Ling was talking at this moment, obviously not taking Ye Feng's words of repayment to heart.

After all, Bai Ling knew that Ye Feng had just arrived at the Wanjie Martial Arts Academy and was powerless. Even if Ye Feng wanted to give Bai Ling any resources, Bai Ling would not take them.

So at this time, Bai Ling just patted Ye Feng on the shoulder and said with a smile: "Junior Brother Feng, don't think too much. I help you because you are my junior brother and my roommate, so I will naturally I will help you to the best of my ability. As for repayment, I have never thought about it. Don't feel pressured. If you really want to repay me, then wait until later. If one day you become a big shot in our Wanjie Martial Arts Academy, don't forget Just ask me, the senior sister who led you to upgrade."

At this time, Ye Feng's eyes showed a trace of strangeness, and he said: "Senior Sister Bai Ling, the attribute you cultivate should be the extremely rare light attribute, right?"

When Bai Ling heard this, his beautiful eyes revealed a look of surprise, and he said, "That's right, but it's not that the technique I practice has the light attribute, but that I myself have the talent of the light attribute."

Ye Feng said aloud: "Senior Sister Bai Ling seems to be from a very ancient family, otherwise it would be impossible for her to have the origin of life with the attribute of light."

When Bai Ling heard this, he suddenly fell silent, and then said: "I am an orphan who was adopted by a lecturer at the All Worlds Martial Arts Academy. For me, the All Worlds Martial Arts Academy is not only a college, but also a warm big world. Family, so I have deep feelings for Wanjie Martial Arts Academy."

Hearing what Bai Ling said, Ye Feng suddenly became slightly silent.

It seems that Senior Sister Bai Ling is even more miserable than herself.

Although Ye Feng is not able to reunite with his family yet, his father and mother are still alive and have not disappeared or died.

One day, their family will be reunited.

But Bai Ling was an orphan since childhood.

At this time, Ye Feng walked up to Bai Ling, stretched out his hand, put his hand on Bai Ling's thin shoulder, and said, "Senior sister, don't be so sad, I will be your family member from now on."

When Bai Ling heard what Ye Feng said, he couldn't help but reveal a smile on his face, and said loudly: "Don't comfort me, I have always been in a good state of mind. Maybe my biological parents haven't died yet, just because of an accident." , I had to be left behind, so I might be able to meet my biological parents one day in the future, although this hope is slim. "

When Ye Feng heard what Bai Ling said, he immediately wanted to say something.

But was stopped by Bai Ling.

Bai Ling continued: "By the way, Junior Brother Feng, you just asked me if my attribute is light. Is there anything else?"

Ye Feng nodded and said: "Actually, to be honest with Senior Sister Bai Ling, during the grand auction in the Demon Realm, the moment Senior Sister Bai Ling arrived as the guide, I stood among the many geniuses waiting for the assessment. I have instantly sensed the rich and pure aura of light attribute in you, Senior Sister Bai Ling."

When Bai Ling heard this, a look of surprise appeared in his eyes, and he couldn't help but said: "It seems that you, Junior Brother Feng, are worthy of being a soul master, and your perception is so powerful. Junior Brother Feng, do you know that your ability is really great?" It is suitable to go gold mining in some abandoned interfaces in the universe. In the universe, some interfaces are abandoned, but there are many treasures and treasures left by ancient civilizations buried there, but they are very difficult to find. Junior Brother Feng, you

This ability is really suitable. "

When Ye Feng heard what Bai Ling said, his eyes suddenly lit up and he said, "Okay, if there is a chance in the future, we can really go find this kind of abandoned interface."

After finishing speaking, Ye Feng immediately continued: "By the way, let's get down to business, Senior Sister Bai Ling, you have the life source of light attribute, so I guess that Senior Sister Bai Ling's body must have the blood of the Guangming clan flowing back then."

"The light clan?"

Bai Ling couldn't help but have a look of surprise in her beautiful eyes, and asked: "What race is the Guangming clan? I have never heard of it."

Ye Feng said: "The Guangming clan is a very ancient race. It is very rare and rare. It is the royal family in the legendary heaven, that is, the bloodline passed down by the Lord of the heaven. However, I just don't know, Senior Sister Bai Ling, you He is an ordinary member of the Guangming clan, or a member of the royal family."

Bai Ling couldn't help laughing and said: "I don't dare to become a royal family, the pressure is too much."

When Ye Feng heard this, he couldn't help but smile dumbly, and then said: "However, no matter what level you are in the Guangming clan, Senior Sister Bai Ling, I may be able to help you, Senior Sister Bai Ling, to increase the power of your bloodline and make your life the most beautiful." If you evolve deeply, your overall spiritual quality will be improved unparalleled."

"What?"

When Bai Ling heard what Ye Feng said, he immediately widened his beautiful, watery eyes. He seemed to have never imagined that Ye Feng would say such a thing.

It directly improves one's life level and enhances one's spiritual talent and quality.

This is really incredible.

Because the life level and cultivation talent of most practitioners are basically innate, it is really difficult to improve in the later stage. Only by eating some rare and rare treasures can a person be able to heal from within. external evolution.

Even in the Ten Thousand Realms Martial Arts Academy, only those taboo-level life potions can enhance a person's life potential.

But that kind of thing is said to be the life potion that Dean Tianshu personally traveled to all the worlds and refined it at a great cost. Ordinary people cannot enjoy it at all.

At this moment, Bai Ling's eyes became quite solemn, staring at Ye Feng in front of him, and said loudly: "Junior Brother Feng, I know you want to make me happy, but this kind of thing is not a joke. Are you sure what you said is true? "

Ye Feng shook his head and said with a smile: "Of course I won't joke about this kind of thing. The reason why I said something that can improve your life source, Senior Sister Bai Ling, is because I have a special kind of thing in my body." The ability has the same origin as the light attribute. It can release a very advanced light energy to help the bright people like you, Senior Sister Bai Ling, improve their abilities. "

Ye Feng did not directly say that he owned a peerless treasure like the Gate of Heaven, because the involvement was too great, and it would definitely cause a lot of unnecessary trouble to tell it.

So Ye Feng lied at this time, saying that he had the ability of light attribute energy.

That would be much better.

Senior Sister Bai Ling is indeed very kind to me.

Therefore, Ye Feng has the Gate of Heaven, which can release the supreme light energy of the Lord of Heaven.

Ye Feng naturally wanted to upgrade the life source of Senior Sister Bai Ling.

Chapter 3639 Reborn

At this time, Bai Ling couldn't help but asked: "Then what should I do next?"

Ye Feng smiled and said, "Senior Sister Bai Ling, just give me your hand."

"good."

Bai Ling nodded immediately, and then stretched out a pair of white and slender palms directly in front of Ye Feng.

Ye Feng nodded slightly, then stretched out his hand and held Bai Ling's palm.

The two looked at each other. Bai Ling seemed to feel a little awkward and tilted his head slightly. .??.

Even though Bai Ling was a bit nervous, at this moment, with her junior brother Ye Feng holding her hand, Bai Ling naturally felt something strange.

But at this time, Ye Feng was very attentive and began to stimulate the ability of the Gate of Heaven that was floating in his mind.

"Buzz!"

At this moment, a bright white light surged out of Ye Feng's hands. It was very rich and felt extremely sacred.

"Um?"

At this time, Bai Ling had no other thoughts. Her attention was completely attracted by the white holy light surging out of Ye Feng's palm.

Bai Ling can feel that this white holy light is very sacred and very advanced. It is much more advanced than the power Bai Ling has cultivated himself. No, it should be said that it is countless times more advanced!

"This is really incredible."

At this time, Bai Ling couldn't help but said in surprise: "Junior Brother Feng, you obviously don't cultivate this kind of power, but you are able to produce this kind of advanced light power in your body. How did you do it? ? It's really incredible."

Ye Feng did not explain much at this moment, but said solemnly: "Senior Sister Bai Ling, don't be distracted! Pay close attention, use your life source to receive and absorb the energy I have released. This white holy light."

"Ah good!"

Bai Ling saw Ye Feng's serious expression for the first time, and immediately stopped hesitating and started

Shi started to do what Ye Feng said.

Buzz!

At this moment, Bai Ling quickly absorbed the white holy light in Ye Feng's palm.

She immediately felt that her entire life and spirit had been sublimated all of a sudden.

This made Bai Ling immediately reveal a look of deep horror in his beautiful eyes, and couldn't help but say: "Junior Brother Feng, everything you said is true! You are not bragging! I can feel that my The origin of life is rapidly improving, and my talents and my cultivation qualities are evolving rapidly. If I succeed, my overall talents will reach a new level!"

At this time, Bai Ling said it was impossible not to be excited.

Because you must know that this is not a simple improvement in cultivation strength, but an improvement in a practitioner's most essential life talent!

This is permanent!

It will benefit you for a lifetime in the future!

At this time, Bai Ling stared at Ye Feng in front of him, his beautiful eyes filled with deep surprise.

Bai Ling originally thought Ye Feng was just joking.

Unexpectedly, everything Ye Feng said was true. There was really a way to help her improve her life talent and unleash her potential in cultivation.

Bai Ling was originally a good genius in the Wanjie Martial Arts Academy.

If Ye Feng continues to improve her cultivation talent, Bai Ling has no doubt that she will even be able to compete with the top genius students in the Wanjie Martial Arts Academy in the future.

At this time, Ye Feng said attentively: "Sister Bai Ling, don't be distracted, and absorb this high-level light energy with peace of mind. I hope this time you can be reborn, which will be of endless use to you throughout your life."

"OK

!"

Bai Ling was no longer distracted at this moment, immediately closed his eyes and began to concentrate on training.

...

A full half day passed.

Buzz!

At this time, Ye Feng retracted his palm.

As for Bai Ling, who was standing in front of him, his whole person was automatically shrouded in a white light. He looked very holy and noble, with a beauty like a nine-day fairy.

At this moment, Bai Ling did not wake up and seemed to be in a special state.

It can be seen that very mysterious white symbols flew out of Bai Ling's body, which seemed to be some kind of inheritance mark in the origin of life.

Bai Ling didn't exist before.

But now Ye Feng is using something as advanced as the Gate of Heaven to inspire the secret of inheritance deep in Bai Ling's bloodline.

That's why the scene in front of me at this moment appeared.

Bai Ling's whole body was surrounded by white light symbols, as if some kind of inherited secret deep in his bloodline had awakened.

At this time, Ye Feng did not disturb Bai Ling, but stood directly beside Bai Ling to protect Bai Ling.

Ye Feng knew that Bai Ling must be at a very critical time now and must be protected and not allowed to be disturbed by any outside influence. Otherwise, it may lead to serious consequences such as going crazy.

At this time, Ye Feng asked in his mind: "Emperor Chu, do you think this Senior Sister Bai Ling is the legendary descendant of heaven?"

Emperor Chu thought for a moment, and then said: "Heaven only exists in legends. However, Ye Feng, by chance, obtained the Gate of Heaven from the Lord of Heaven. It should be able to prove that in ancient times, Heaven was real. exists, but no one in the world knows where the heaven is. Even the most powerful master is looking for it.

There is no trace of heaven. "

When Ye Feng heard what Emperor Chu said, he immediately nodded.

Indeed, so far, Ye Feng's only basis for determining the existence of heaven is that he has obtained the gate of heaven and has seen the unique race of heaven, the archangel.

At this time, Emperor Chu continued in his mind: "Actually, the emergence of the Guangming clan does not mean that Bai Ling is the descendant of the heaven. Beyond the heaven, there are also rare creatures living in some ancient interfaces. The members of the light race are just not as pure as the light race in heaven. This Bai Ling is probably just an ordinary member of the light race. If he follows the established life trajectory, this Bai Ling will at most become a master in the Ten Thousand Realms Martial Arts Academy, and the rest will be No, but fate made Bai Ling and Ye Feng you meet, and Ye Feng you possess the most powerful treasure with light attributes, the Gate of Heaven, so this will make Bai Ling's future limitless, but this is not bad, Ye Feng, you have been traveling all the way from Longyuan Continent for quite a few years. You have been single for such a long time. Shouldn't it be time to consider major events in your life..."

"Stop it."

Ye Feng stopped Emperor Chu's words, feeling a little helpless.

I don't know if Emperor Chu has been in his mind for a long time and felt bored, otherwise why would he suddenly become worried about major events in his life?

Ye Feng said aloud: "I am still too weak for the time being, and there is still a huge enemy like the Dark Demon Sect. I don't have the heart to think about that. For the time being, it is best to work hard to improve my cultivation strength."

And just when Ye Feng was talking.

Bai Ling in front of him suddenly opened his eyes, with two blazing white lights in his eyes, looking very mysterious.

Bai Ling came to Ye Feng all of a sudden, couldn't help but hugged Ye Feng hard, and said loudly: "Junior Brother Feng! I love you so much! I have awakened an even more ancient and advanced bloodline inheritance! Moreover, my My cultivation talent has improved many times! I have become a genius among geniuses!"

Chapter 3640 Luo Shen Ancient Scroll

At this time, it was impossible for Bai Ling not to be excited.

Because Bai Ling now knows very well that what he has just improved is his whole person's cultivation talent potential.

The level of cultivation talent determines the level of a practitioner's highest achievement in the future.

If a person's cultivation talent is very low, then no matter how hard he works and how hard he works, he will not be able to rise to a very powerful state and will be stuck at a relatively low level of cultivation.

But if a person has a high talent for cultivation, although it cannot be said that he can become a talent without hard work, but if he works hard, his achievements will definitely be very high.

At this time, Bai Ling's cultivation talent has been greatly improved, which means that her future achievements will be greatly improved.

So now Bai Ling is naturally very happy and excited.

Because this can last a lifetime.

At this time, Ye Feng looked at the excited and happy Bai Ling in front of him and couldn't help but said: "Sister Bai Ling, the reward I mentioned is not bad, it is not as simple as just a barbecue."

"Yes Yes."

Bai Ling nodded vigorously at this time and said with a smile: "Thank you, Junior Brother Feng!"

At this moment, Bai Ling looked at Ye Feng with a look of deep surprise.

Because Bai Ling never expected that this junior brother she met accidentally would be of such great help to her.

This gave Bai Ling a dreamlike feeling for a moment.

But Bai Ling responded to the ever-growing and increasingly advanced light energy in his body.

She knew it was all true.

It's actually happening.

At this moment, Bai Ling stared at Ye Feng in front of him, finally believing that everything was destined.

"Didi didi."

At this time, the identity token on Bai Ling's waist suddenly made a sound.

Buzz!

At this time, Bai Ling input some energy into the token around his waist, and a virtual projection of a young man was immediately projected into the token.

It was Senior Brother Gu.

Senior Brother Gu saw Bai Ling and Ye Feng at this time, and immediately breathed a sigh of relief and said, "Great, you are together and not separated. Senior Sister Lan and I have found the station of the expedition team. I just sent you the location through the identity token. Come over as soon as possible and join us. We are going to set off tomorrow to explore the ancient pyramid civilization left behind in this ancient lost interface."

"Buzz!"

After saying that, Senior Brother Gu immediately cut off contact.

The projection disappeared.

At this time, Bai Ling looked at Ye Feng beside him, with a hint of expectation in his eyes, and said loudly: "Senior Brother Gu, they finally found the expedition team of the Ten Thousand Realms Chamber of Commerce that hired us, so let's hurry up Go over and join them."

Ye Feng nodded and said aloud: "Okay, my cultivation has improved a lot during this period, and I should be able to help you with some work. Although I can't become the main force, I can still do odd jobs on the side."

Ye Feng knew that Bai Ling's cultivation was very powerful, and Senior Brother Gu and Senior Sister Lan were even more unfathomable.

In this mission, they are the main force, and they are just the soy sauce.

But Ye Feng didn't feel any shame at all.

Because the reason why Ye Feng followed Bai Ling's small team this time was to gain experience and see if he could catch any mistakes.

After all, it is still a very rare opportunity to be able to do tasks with these senior veterans, and Ye Feng naturally wants to seize it.

This is a good opportunity that can only be encountered but cannot be sought, and strive to quickly improve your knowledge and strength.

Swish!

Swish!

At this time, Ye Feng and Bai Ling directly followed the position passed in the identity token and rushed towards the expedition team of the Wanjie Chamber of Commerce.

Less than half a day.

Ye Feng and Bai Ling traveled through the entire swamp, and finally saw tents appearing in the jungle ahead.

These tents are definitely where the Wanjie Chamber of Commerce's expedition team is stationed.

At this moment, Bai Ling and Ye Feng walked directly to the station without any hesitation.

The first thing they saw was that Senior Brother Gu and Senior Sister Lan were standing in a tent not far away, talking to a beautiful girl who looked extremely gentle.

"Senior Brother Gu, Senior Sister Lan."

At this moment, Bai Ling and Ye Feng walked over immediately and started to say hello.

"Junior Sister Bai, Junior Brother Ye."

At this time, Senior Brother Gu and Senior Sister Lan also immediately looked in the direction of Bai Ling and Ye Feng.

"I have met you distinguished genius students from the Ten Thousand Realms Martial Arts Academy." At this moment, the euphemistic and delicate beautiful girl in the tent also said quickly, her tone was quite awe-inspiring.

Because each of the super genius students among the Wanjie Martial Arts students is carefully selected, and their cultivation strength is very powerful and terrifying. They will naturally be respected by the employers in the Wanjie Chamber of Commerce, because this time they Exploring the pyramid ruins of this ancient lost interface mainly relies on these powerful genius students. As for the armored guards carried by their expedition team, they are basically soy sauce and can only do some menial work.

At this moment, Bai Ling looked at this beautiful girl with a gentle temperament and couldn't help but said: "You are the eldest lady of the Luoshen family who hired us, Luo Li, right?"

The beautiful girl with a gentle temperament immediately nodded and said: "I am Luo Li. In order to alleviate the crisis of our family this time, I spent a lot of money to come to this ancient lost interface to look for the legendary ancient pyramid ruins. , because according to the ancestral records of our family, the key thing that can save our family's luck is in the ancient pyramid ruins in this ancient lost interface. It was left behind by the first generation ancestor of our Luoshen family, 'Luoshen'. The 'Luo Shen Ancient Scroll' can once again enhance the luck of our Luo Shen family."

When Ye Feng heard what Luo Li said, there was a hint of surprise in his eyes.

Ye Feng originally thought he was here to hunt for treasure.

But now it seems that it is to escort the eldest lady of the Luoshen family into the ancient pyramid ruins to find the Luoshen family's most precious treasure, the Luoshen Scroll.

This may be a bit difficult.

After all, this is something recorded in ancient books and may not necessarily exist.

But Ye Feng didn't say much.

After all, in this mission, I mainly follow the group to pick up the missing items, so I don't need to worry about other things.

At this moment, Luo Li looked at the several big men in armor around him and said loudly: "Uncle Chen, Uncle Gong, you have the other family guards to prepare. The talented students from the Wanjie Martial Arts Academy are here. We You can set off directly to the area deep in the primeval forest ahead, looking for the lost ancient pyramid ruins."

"Yes, Miss."

The two big men in armor clasped their fists, then walked out of the tent directly and began to go to other tents outside to summon the dozens of family guards who had followed this time.
