Chapter 3641 Bad luck

In less than a moment, many guards wearing armor had gathered around.

There are dozens of guards in total, and almost all of them are family elites personally selected by Luo Li, the eldest lady of the Luoshen family.

Of course, there is a huge gap between these family elites and Bai Ling and other talented students from the Wanjie Martial Arts Academy.

At this time, Luo Li walked out of the tent, looked at the people in front of him, and said loudly: "This time is related to the fate of our entire Luoshen family. We must succeed!"

At this moment, the tone of this seemingly gentle and weak girl was filled with a deep determination and strength.

"Long live the eldest lady!"

"Long live the eldest lady!"

At this time, many elite guards of the Luoshen family called out one after another, and all of them were enthusiastic.

Seeing this scene, Ye Feng's eyes showed a hint of surprise.

It seems that this Luo Li, as the eldest lady, has a high prestige in the Luoshen family.

Ye Feng could sense that Luo Li's cultivation aura was not that powerful.

It can be said that it is very difficult for her to do this, which shows that she must have her own special personality charm in some aspects.

At this moment, Senior Brother Gu and Senior Sister Lan were both emitting a faint light, floating above everyone's heads, and could observe and protect their surroundings.

Bai Ling was standing at the front of the team, probably as a pioneer.

Of course, although Ye Feng was following the veteran students this time, he was also assigned his own tasks.

That is, follow Luo Li and personally protect the eldest lady of the Luoshen family.

This eldest lady's cultivation level is actually quite good, but in front of a group of strong men, she is indeed considered weak, and her cultivation level is several levels lower than Ye Feng's.

So Ye Feng was just arranged to protect Luo Li.

And the two sturdy men in armor, whom Luo Li called "Uncle Chen" and "Uncle Gong", also

They were holding the weapons in their hands, standing guard around Ye Feng and Luo Li, protecting their eldest lady.

At this moment, the entire team immediately began to move forward, directly going deep into the virgin forest in front of them.

According to the family ancestral records in Luo Li's hands, the ruins of the lost pyramid civilization are located in the deepest part of this primeval forest.

Therefore, the entire team must go deep into this primitive forest, which is still very dangerous.

"Buzz!"

At this moment, Bai Ling stood at the front, as the vanguard of the entire team. A compass appeared in her hand, which could detect the danger of arriving early.

"I feel like this primeval forest is very unusual."

Senior Brother Gu from high in the sky suddenly spoke up.

Uh-huh!

Senior Brother Gu landed from high altitude, with a serious look on his face. He came to Bai Ling at the front and said loudly: "Junior Sister Bai, fly up and guard the whole place with Senior Sister Lan. I will clear the way. Your cultivation is weak after all." Some."

"good."

Senior Brother Gu can be said to be the leader of the entire small team, so Bai Ling will naturally not refuse Senior Brother Gu's arrangement.

Uh-huh!

At this time, Bai Ling flew to high altitude, and he and Senior Sister Lan were alerting the entire team from high altitude.

Senior Brother Gu was probably the most powerful in combat. At this time, his whole body was filled with a terrifying aura of cultivation that was like a volcanic eruption, and he pulled out three swords from behind.

That's right.

Just three swords.

When Ye Feng met Senior Brother Gu for the first time, he had already seen that Senior Brother Gu was carrying a total of three war swords of different colors on his back, and they probably had different functions.

At this moment, Senior Brother Gu was leading the way, holding three different weapons in his hands.

The swords of the same color look extremely solemn.

Senior Brother Gu said to the entire team behind him: "Everyone must be careful. I always feel that this primitive forest contains great risks, but don't worry, with our team here, there should be no big problem."

At this moment, in the middle of the team.

Ye Feng stood beside Luo Li, with his hands behind his back, saying nothing, as if he was a master.

Luo Li, the eldest lady of the Luoshen family, suddenly spoke up: "Your cultivation level seems to be a bit different from theirs. You should be a new student at the Wanjie Martial Arts Academy, right?"

Ye Feng couldn't help but froze when he heard this. He seemed to have never expected that Luo Li could actually see the specific cultivation aura of each person.

Luo Li smiled and said aloud: "I have had this talent since I was a child, and I can see through the true cultivation aura of any living being, but I can feel that although your cultivation is much lower, your combat effectiveness is... It's still very powerful."

Ye Feng nodded slightly and said, "I just passed the exam a few days ago and joined the Wanjie Martial Arts Academy."

Luo Li's beautiful eyes revealed a look of yearning, and she said, "I really envy you for being able to have such a high talent and join the Ten Thousand Realms Martial Arts Academy, which is a holy place for practice." ??.

Ye Feng saw the longing in Luo Li's eyes and knew that the other party must also really want to join the Wanjie Martial Arts Academy.

But if you want to enter the Wanjie Martial Arts Academy, you must pass an extremely strict assessment, otherwise, you will not be able to enter at all.

Of course, there are exceptions.

Dean Tianshu once personally stipulated that if the talent is not very good, as long as the family behind him can donate a huge amount of wealth to the Wanjie Martial Arts Academy, he can enter the academy to practice, but he can only practice in a specific area of the academy, and truly rely on strength. Those who enter the academy must be distinguished.

Many people once thought that the regulations of Dean Tianshu were a bit inappropriate and would make the quality of the Wanjie Martial Arts Academy vary from good to bad.

But when Dean Tianshu used all the huge wealth and resources donated to cultivate geniuses from poor families who had entered the academy through their own efforts but had little background, everyone understood everything. They finally understood Dean Tianshu's intentions. So hard.

Everyone praised this rule of Dean Tianshu and no longer questioned this rule.

Countless people admired Dean Tianshu's thinking, but almost no one would think of using this method to provide a steady stream of resources for ordinary poor disciples of the Wanjie Martial Arts Academy.

It can be said that through the reputation of the Ten Thousand Realms Martial Arts Academy, Dean Tianshu has achieved a delicate balance between the wealthy families in the spiritual world and some poor disciples in the spiritual world, which not only reduces the resource pressure of the academy, but also cultivates talents for the academy. There is a steady stream of geniuses from poor families.

"Dean Tianshu, he is truly the most amazing person in the world of spiritual practice."

This is the evaluation given by Bai Xiaosheng in the spiritual world to Dean Tianshu.

...

"There's movement!"

At this moment, Senior Brother Gu, who was opening the way in front, suddenly made a loud noise.

"What kind of monster, show yourself to me!"

boom!

Senior Brother Gu cut out the golden war sword among the three swords.

The golden war sword actually contained the power of golden Buddha. When the sword was slashed out, the shadow of a giant Buddha appeared and shattered a large area of towering trees in front of it.

"This is....."

The next moment, what made everyone present look cold.

Countless trees collapsed in front of them, revealing a death pit filled with countless corpses. It was like a mass grave, blocking the way of the entire team. This scene looked very strange.

Even a strong man like Senior Brother Gu couldn't help but frown and said aloud: "The pit of dead people is blocking the road, it's really unlucky... This is not a good sign. It is estimated that the road will be difficult to walk and there will be great dangers." "

Chapter 3642 Skeleton Mage

At this time, looking at the death pit blocking the road ahead, everyone present looked a little unhappy.

Because their team had just set off and encountered such an unlucky thing.

This could be a harbinger of great evil.

So at this moment, Senior Brother Gu did not continue moving forward, but began to take out a compass-like thing from his storage ring and began to explore something.

"Go to the left and bypass this pit of death."

At this time, Senior Brother Gu observed it and suddenly spoke out.

At this time, Luo Li did not panic directly, but was very calm and began to lead the entire family team, quickly heading towards the depths of the primeval forest.

Walk away from the area.

Ye Feng was standing near Luo Li at this time and did not leave rashly.

Because for Ye Feng, Luo Li is now his important protection object, so Ye Feng will naturally not leave Luo Li's location casually.

"Crash!"

However, although the entire team was moving very fast, they could not escape the pursuit of the faster ghosts of the death pit.

In less than a moment, the sky above the entire team was already shrouded by countless ghosts.

Senior Brother Gu couldn't help but curse at this time: "What a hellish place!"

"Crash!"

And at the next moment, those densely packed ghosts that flew over all began to attack the entire team.

"Sacred Shield!"

At this moment, Bai Ling and Senior Sister Lan, who were on alert at high altitude, were the first to take action.

Together they cast a very special treasure.

I saw Bai Ling and Senior Sister Lan each throwing out a shield, and then the shield instantly released a screen of light, exuding the aura of a saint and having the aura to drive away monsters and monsters.

"Boom!"

At this moment, countless ghosts collided with the light curtain of the Holy Object Shield, and a terrifying roar suddenly erupted, but it did not directly shatter the entire Holy Object Shield's defense.

This made everyone present breathe a sigh of relief.

Senior Brother Gu, who was at the front, suddenly shouted coldly: "Who is spying on us?!"

boom!

At this moment, Senior Brother Gu held the golden sword in his hand and his whole body exploded.

The ten thousand feet of divine light, like a golden god of war, rushed out directly, and then slashed towards the void in front of him on the left.

"Boom!!"

The next moment, a huge bombardment burst out from the void.

A very majestic and tall figure was blasted out of the void by Senior Brother Gu's golden sword.

It turned out to be a figure wrapped in a black robe, and the real face could not be seen clearly, but the hands exposed turned out to be skull palms, holding an ancient staff in their hands, which looked quite extraordinary.

"It's a skeleton mage born from the dead!"

At this time, Senior Sister Lan suddenly spoke out from high in the sky: "These army of ghosts must have been secretly summoned by this skeleton mage, and they want to deal with our entire team!" .??.

"Skeleton Mage?"

At this moment, everyone in the team present had deep surprises in their eyes.

They never thought that one day they would be attacked by a legendary and strange skeleton mage.

At this moment, Senior Brother Gu's eyes also showed surprise. He did not expect that there was such a skeleton mage secretly summoning an army of ghosts to deal with them.

"die!"

The next moment, the skeleton mage suddenly made a terrifying sound.

His skeletal palm held the ancient staff in his hand, and he immediately raised it.

I saw a dark round bead at the front of the skeleton mage's staff, and suddenly a dark beam of light burst out, directly bombarding Senior Brother Gu.

"Violent Wind and Absolute Qi Slash!"

Senior Brother Gu roared, and an extremely powerful swordsmanship inheritance burst out.

I saw the battle sword in Senior Brother Gu's hand instantly blasting out a large hurricane. These hurricanes directly formed countless sword energy, which seemed to be able to tear everything apart!

"boom!"

But what horrified Senior Brother Gu was that the moment the battle sword in his hand touched the dark beam of light released by the skeleton mage, it was of no use at all. Instead, it passed directly through the dark beam of light, completely. There is no way to resist the power of this dark beam of light.

"Buzz!"

The next moment, the dark beam of light directly bombarded Senior Brother Gu, but it did not cause Senior Brother Gu to suffer any physical harm.

"ah!"

But Senior Brother Gu screamed.

Because at this moment, he felt as if his spiritual soul had been pierced by thousands of steel needles, and his whole body was numb instantly.

"Hahaha."

The skeleton mage not far away laughed immediately, with a very triumphant tone, and said loudly: "In this lost ancient interface, it is rare to see a warrior as powerful as you, but my attack is the most mysterious. My soul attack cannot be touched by any of your methods, because it is a power at the soul level that ordinary people cannot touch. "

boom!

At this moment, the skeleton mage continued to launch a terrifying soul attack. Senior Brother Gu's face was very gloomy, because he could not block this attack from the soul level at all.

At this moment, everyone on the field was in panic.

They never expected that they would encounter such a strange skeleton mage just after setting off.

This lost interface from ancient times is not as simple as imagined!

There are many special and strange creatures.

Chapter 3643 Found you

At this time, everyone present felt their hearts sink to the bottom.

Because although Senior Brother Gu's fighting power is very powerful, the skeleton mage he is facing now is an opponent who specializes in cultivating the soul level. His attacks are impossible to predict and cannot resist attacks from the soul level.

At this time, Bai Ling, who was high up in the sky, seemed to have thought of something. He looked sharply in a certain direction below and shouted, "Junior Brother Feng! You seem to be a soul master!"

Uh-huh!

At this moment, without Bai Ling's words, Ye Feng had already flown to Senior Brother Gu and helped Senior Brother Gu up who had suffered a soul trauma.

Senior Brother Gu originally told Ye Feng to leave this dangerous place quickly, but when he heard Bai Ling's scream from high in the sky, he immediately widened his eyes, stared at Ye Feng beside him, and couldn't help but exclaimed: "Junior brother Ye, you are actually a rare soul master? That's great! You can quickly help resist the attack of this skeleton mage, and then I will wait for an opportunity to kill the skeleton mage's body."

"good."

Ye Feng nodded immediately.

boom!

At this moment, the Skeleton Mage's attack not far away has struck again.

As the Skeleton Mage raised the staff in his hand, another jet-black beam of light struck directly from the bead at the front tip of his staff and struck in the direction of Senior Brother Gu.

The skeleton mage smiled coldly: "This time, I have increased the soul attack power. I will make your soul shatter and die in an instant! As for the teams you protect, the blood and energy of all living creatures will become the ghosts I have raised. Food for the army, hahaha!"

boom!

But suddenly at this moment, Ye Feng suddenly took action.

I saw Ye Feng's hand moving forward and bombarding him in an instant.

The dark beam of light was shattered.

"What?!"

Seeing this scene, the skeleton mage not far away who was so proud just now couldn't help but widen his eyes, with an expression of extreme shock on his face.

This skeleton mage seemed to have never expected that a soul master would appear among this group of teams.

This is a being who specializes in cultivating soul power just like him.

The Skeleton Mage's advantage was gone in an instant.

Because the skeleton mage's own strength is actually not that powerful.

What he relies on is the unpredictable soul level attack method.

But now, this skeleton mage met another soul master. Naturally, his methods were greatly restricted, and his advantage was gone.

"Damn it! There is actually a soul master boy among you! But it's useless. I have been practicing here for tens of thousands of years, and I finally got your living creatures from other interfaces. Your blood, You must become food for my army of ghosts!"

At this moment, the skeleton mage shouted, then directly raised the ancient staff in his hand and shouted: "Wake up! Living Dead Puppet!"

Boom!

Almost at the moment when the skeleton mage finished speaking, a huge roar suddenly sounded in the death pit not far away.

"That is....."

Almost at this moment, under the horrified eyes of everyone, they saw countless corpses piled up in the death pit.

Together, they formed a huge giant puppet!

This giant puppet is completely composed of countless bones and corpses. It looks very scary and ferocious, giving people a chilling feeling inside.

At this moment, Bai Ling and Senior Sister Lan were resisting the army of ghosts in the sky, and other family teams could not intervene at all.

Because this level of fighting is really too high-end!

At this moment, Ye Feng looked at Senior Brother Gu beside him, and immediately said: "Senior Brother Gu, you go deal with that huge puppet of the living dead. Leave this skeleton mage to me."

"What?"

When Senior Brother Gu heard that Ye Feng was going to deal with the Skeleton Mage alone, he couldn't help but said anxiously: "Hey! As senior brothers and sisters, we brought you out this time to help you grow and protect you. But now, we still need you, Junior Brother Ye, to go into danger alone with us, it's really inappropriate!"

Ye Feng smiled slightly, patted Senior Brother Gu on the shoulder, and said loudly: "Senior Brother Gu, don't worry, it's okay. Senior Brother Gu, you have the strongest combat power, suitable for dealing with behemoths like that living dead puppet, and I am a soul master. , just to deal with this skeleton mage."??

"good."

Senior Brother Gu also knew that the situation was urgent, and without wasting any time, he immediately rushed in a direction not far away, holding a sword in his hand and two other swords floating around him, heading directly towards the living creature. The dead puppets killed him crazily.

"Die to me!!"

Senior Brother Gu was also aroused to have a violent temper at this moment, and he roared loudly. The three swords in his hands quickly rotated around him, turning into a meat grinder, quickly cutting and destroying the huge... of living dead puppets. \u003c

br\u003e

After a while, nearly half of the living dead puppet's huge and towering body had been cut and destroyed.

But the next moment, before Senior Brother Gu could be happy, corpses rushed out of the pit of the dead, like a fence, quickly replenishing the entire body of the living dead puppet.

Nearly half of the living dead puppet that had just been damaged by Senior Brother Gu was restored to its complete state in an instant.

Ye Feng, who was not far away, saw this scene and his eyes suddenly sank.

"The source of everything is that weird skeleton mage. If we don't kill that skeleton mage, the army of ghosts will not be able to disperse, and the puppets of the living dead will never be completely eradicated, and will be constantly replenished."

At this time, after thinking about this, Ye Feng no longer hesitated and immediately rushed towards the skeleton mage not far away.

Buzz!

But at this moment, the Skeleton Mage didn't hesitate at all, and directly used a secret technique to escape into the void.

Then the skeleton mage's triumphant laughter immediately came from the void: "Hahaha, you will never be able to find me, and you have to continue to withstand the terrifying attacks of the ghost army and the living dead puppets, slowly enjoy this Such painful torture! Hahaha!"

Space gem!

At this moment, Ye Feng directly used the power of the space gem and entered the depths of the void. He came directly in front of the skeleton mage, grinned and said, "I found you."

"What?!"

The Skeleton Mage was still laughing triumphantly. When he saw Ye Feng coming to him in an instant, the Skeleton Mage's face suddenly showed an expression of extreme astonishment!

Chapter 3644 Black Jade Pendant

At this time, the skeleton mage looked at Ye Feng who suddenly appeared in front of him, and his eyes suddenly became extremely stunned.

"boom!"

The next moment, Ye Feng's fist had completely blasted out, and terrifying power suddenly burst out.

You know, Ye Feng's physique has now been upgraded to a very powerful level.

Therefore, even Ye Feng's casual attack contains terrifying power.

"Boom!"

The skeleton mage didn't react, and Ye Feng punched him directly in the chest.

"Crack! Click!"

Almost at the next moment, two crisp fracture sounds were heard.

Ye Feng's fist directly broke two ribs of the skeleton mage.

"ah!"

The skeleton mage immediately screamed in pain.

The skeleton mage couldn't help shouting: "How is that possible! What kind of fist is this? All the bones in my body are carefully selected from various special gods in this dead ancient lost interface. The bones of the Supreme Bone Emperor and so on were combined to form the skeleton body I have now. You broke two of my ribs with one punch! How powerful is this?"

At this moment, the skeleton mage was deeply shocked by the terrifying power of Ye Feng's fist.

"Since you have precious bones, after I kill you, your bones should be sold for a good price."

At this time, Ye Feng laughed out loud, but his tone was full of chill.

boom!

At this moment, Ye Feng immediately jumped up, with a fierce look in his eyes, and rushed directly in front of the skeleton mage.

"Soul stinging!"

The skeleton mage shouted, and instantly cast a terrifying and ancient soul-damaging technique.

Law.

"It doesn't work for me!"

Ye Feng roared loudly, directly stimulating the power of the soul gem, and condensed a golden halo around his head, resisting all soul attacks, protecting his soul and keeping him safe.

"boom!"

Ye Feng ignored the Skeleton Mage's soul attack at this time, then instantly stretched out his hands, grabbed the Skeleton Mage's head and thigh, and then pulled hard.

"Zi la!" a sound!

The skeleton mage screamed, and his entire body was torn off and scattered on the ground.

At this time, Ye Feng directly collected all the skeleton mage's bones.

Uh-huh!

Then Ye Feng walked out of the void.

But the next moment, Ye Feng suddenly discovered that the army of ghosts and living dead puppets not far away did not stop, but continued to attack the entire team.

"Huh? Why haven't you stopped yet?"

When Ye Feng saw this scene, a trace of surprise suddenly appeared in his eyes.

At this time, Ye Feng seemed to have thought of something and took out the storage ring of the previous skeleton mage.

Buzz!

Then Ye Feng released his soul power, entered the storage ring, and began to explore.

"Uh-huh!"

Almost at this moment, Ye Feng discovered something immediately and took out a black jade pendant from the storage ring.

At this moment, Ye Feng could sense that this black jade pendant seemed to have some very special power, capable of controlling the army of ghosts not far away.

Living Dead Puppet.

"It seems that this black jade pendant is the source of these methods to control the skeleton mage."

Ye Feng did not hesitate at this time and directly input his soul power into the black jade pendant in his hand.

"Jie Jie Jie, it seems that this Demon Ancestor is going to get a brand new puppet body."

Suddenly at this moment, a very strange and cold sound suddenly sounded from this black jade pendant. .??.

Buzz!

Almost at the next moment, a very strange black light burst out of the black jade pendant, and instantly penetrated into Ye Feng's eyebrows.

"Crack!"

But before Ye Feng could use the Soul Gem, the thunder mark that Ye Feng had gathered in the space between his brows when he heard the Thunder Realm Master turned into a bolt of lightning, instantly hitting the black light who claimed to be the Demon Ancestor.

"ah!!"

The Demon Ancestor suddenly let out a miserable scream.

Demon Ancestor couldn't help shouting: "Damn boy! What the hell is that in your eyebrows! How can you specifically restrain me!!"

Buzz!

At this moment, the demon ancestor wanted to escape, but the thunder mark instantly turned into a small thunder prison, imprisoning the black light-sized demon ancestor directly in the space between Ye Feng's eyebrows.

At this moment, Ye Feng's eyes also showed a hint of surprise.

It seems that he did not expect that the thunder mark that he had inadvertently condensed before would be so powerful, imprisoning an ancient dark figure like the Demon Ancestor.

Ye Feng couldn't help but said: "It seems that the strength of this demon ancestor is not very good, and he was imprisoned casually."

"dog

fart! "

The Demon Ancestor in the space between his eyebrows immediately shouted angrily: "This ancestor is the first monster in the world and the oldest monster. You, a brat who doesn't know the heights of heaven and earth, dare to say that my strength is not that great." , ah ah, I'm so angry!"

Ye Feng's eyes were stunned and he said loudly: "You were imprisoned by the thunder mark in my eyebrows. Do you still think you are powerful? I think it is too weak. It's really boring. I thought you caught a big one." As for the fish, he turned out to be a little devil."

"Ah! Damn it! You damn boy, how dare you call me a little devil! This ancestor is the first monster in the world. He is extremely powerful and knows everything in heaven and on earth..."

At this moment, the Demon Ancestor was talking and chattering endlessly.

Ye Feng ignored this demon ancestor for the time being.

Because Ye Feng knew that this Demon Ancestor was probably indeed very extraordinary.

You must know that the thunder mark in the center of his eyebrows is the inherited secret energy of the dominant-level Thunder Realm Lord.

However, the weak soul of this Demon Ancestor was not directly wiped out. It can be seen that this Demon Ancestor is still very terrifying. It is probably the first demon that created the world.

But Ye Feng has no time to talk nonsense with this demon ancestor now.

The most important thing for Ye Feng now is to rescue all the teams present as soon as possible.

"Buzz!"

Almost at this moment, Ye Feng directly activated the black jade pendant in his hand, and then began to control the countless army of ghosts attacking the team on the field, as well as the unbeatable living dead puppets composed of countless corpses.

Uh-huh!

Uh-huh!

And at the next moment, the countless army of ghosts suddenly stopped, and the huge and towering puppet of the living dead also stopped in place and stopped moving.

Chapter 3645 Demon Ancestor

"what happened?"

"Why do these monsters suddenly stop attacking us?"

At this moment, the team that was fighting many monsters all stopped when they saw each other, with deep surprise in their eyes.

The next moment, Ye Feng appeared, and everyone finally understood why.

At this moment, everyone saw that Ye Feng was holding a special-shaped black jade pendant in his hand and flying directly into the sky.

With Ye Feng holding this special black jade pendant in his hand, the army of ghosts and living dead puppets all over the sky were all directly absorbed into the black jade pendant by the black jade pendant in Ye Feng's hand.

At this time, Ye Feng's eyes were filled with joy.

This time I got two treasures.

They are the army of ghosts and the puppets of the living dead.

Ye Feng had just witnessed the power of the ghost army and living dead puppets with his own eyes.

The army of ghosts and the attacks of ghosts all over the sky make my scalp numb just thinking about it.

As for the Living Dead Puppet, it can continuously replenish its body with the bones in the pit of the dead. As long as it is not destroyed in an instant, it can continue to fight until all the enemy's power is exhausted.

For today's Ye Feng, this is indeed a very good method.

"Boy, what's so exciting about this!"

The Demon Ancestor suddenly spoke in the middle of his eyebrows, and the voice rang in Ye Feng's head: "Cultivating ghosts from the pile of dead people and refining living dead puppets are all small tricks of my ancestor, because the little skeleton before was too talented. I'm so weak. I only learned these two. Ancestor, I really hate that iron cannot become steel. Otherwise, if that skeleton boy was more talented and Ancestor taught him other powerful methods, you might not be able to defeat that skeleton today. boy."

Hearing the voice of the Demon Ancestor in his eyebrows, Ye Feng's eyes moved slightly. It seems that this Demon Ancestor has something.

I guess there are indeed two brushes.

However, Ye Feng didn't pay much attention to this Demon Ancestor.

After all, Ye Feng felt that this Demon Ancestor was a little too proud. He was imprisoned by him now. He didn't know what it meant to be submissive, so he should wait for a few days before talking about it.

At this moment, Ye Feng solemnly refined the black jade pendant in his hand and put it into his body space, ready for use at any time.

At this time, everyone present breathed a sigh of relief.

Because all threats finally disappeared.

Uh-huh!

At this moment, Bai Ling and Senior Sister Lan descended from the sky, with deep surprise in their eyes.

Especially Senior Sister Lan.

This veteran student originally thought that taking Ye Feng with him was just a soy sauce.

Unexpectedly, at such a critical moment, it was Ye Feng who finally saved them all.

You know, although Senior Sister Lan and other veteran students are very powerful, they are still very difficult to deal with strange creatures like the Skeleton Mage.

And this is why many businessmen or small families in the All Worlds Chamber of Commerce would rather pay huge rewards to hire powerful and talented students from the All Worlds Martial Arts Academy to protect them.

Because there are thousands of interfaces in the world, and in each interface, there are all kinds of strange creatures. Some things are very weird and not easy to deal with, even if they all come from advanced worlds.

"Junior brother Ye! You really opened my eyes! Hahaha!"

At this time, with a hearty smile, Senior Brother Gu flew over from the direction of the death pit not far away.

He suddenly came to Ye Feng, stared at Ye Feng, his eyes were very surprised, and said loudly: "Junior Sister Bai didn't say anything, I didn't expect that Junior Brother Ye turned out to be a rare soul master, he is really powerful Ah, I am afraid that only a soul master like Junior Brother Ye can deal with such weird things as the Skeleton Mage."

When Ye Feng heard what Senior Brother Gu said at this time, he immediately grinned and said: "This time I was lucky and happened to meet a skeleton mage at the soul master level. Moreover, this skeleton mage is relatively weak and not good at learning. There are not many methods, otherwise, I might not be able to defeat that skeleton mage."

Ye Feng was telling the truth at this time.

If that skeleton mage is really extremely talented, he will definitely become very powerful under the guidance of Demon Ancestor for so many years. .??.

But this skeleton mage seems to have average talent. Even with the guidance and teachings of the Demon Ancestor, the first monster in the world, he is still very weak in practice.

Otherwise, it would be really difficult to deal with.

"Junior Brother Ye is so humble!"

Senior Brother Gu laughed loudly at this time and said: "Anyway, Junior Brother Ye helped us a lot this time. It seems that it is really a wise move to take Junior Brother Ye with us this time. Otherwise, The situation just now was really difficult to handle."

At this moment, Senior Brother Gu was speaking, praising Ye Feng to the extreme.

After all, Ye Feng really helped a lot.

"That's right."

At this moment, Senior Sister Lan also nodded, with a hint of sigh in her cold eyes, and said: "This is also the first time we have encountered a strange creature like the Skeleton Mage. It seems that the loss of this ancient era "Interface, something terrible must have happened back then, which caused many creatures in this interface to become extinct, and strange creatures like the Skeleton Mage were also born."

Bai Ling walked up to Ye Feng at this moment, and immediately hugged Ye Feng's shoulders very boldly, like a big sister leading her little brother, and said with a smile: "It doesn't matter who this is. My junior brother is my sister's younger junior brother, so he is naturally very powerful."

When Senior Brother Gu and Senior Sister Lan saw this scene, they couldn't help but laugh dumbly and said, "Junior Sister Bai, please pay attention to your words and deeds, don't make me shy."

"Why are you so shy?"

Bai Ling hugged Ye Feng's shoulders closer at this time, and said with a smile: "I'm going to recognize Junior Brother Feng as my godbrother. From now on, I will be his sister. It's okay to be closer, right Junior Brother Feng?"

Ye Feng could only nod in agreement.

Next, the entire team moves on.

This time, all the family guards in the team looked at Ye Feng with deep awe.

Originally, they thought that the youngest student must be the weakest.

But just now Ye Feng showed his great power and turned the tide, making all the family guards regard Ye Feng as an extremely powerful person.

At this moment, Bai Ling and Senior Sister Lan were still patrolling at high altitude, while Senior Brother Gu was leading the way as a vanguard.

Ye Feng stood next to Luo Li, who was at the center of the team. On the one hand, he protected Luo Li, his employer, and on the other hand, he could be the core of the entire team, paying close attention to all the happenings around him and protecting the entire family team.

At this moment, Luo Li looked at Ye Feng beside her, and suddenly a trace of curiosity appeared in her beautiful eyes, and she said loudly: "Master Ye Feng, I just saw how close you and Master Bai Ling were. Are you a spiritual companion?"

"Um?"

Hearing Luo Li next to him ask this question, Ye Feng's eyes suddenly froze, as if he didn't expect that the eldest lady of the Luoshen family, who had always been quite silent, would suddenly ask him such a question.

Chapter 3646 Able to bend and stretch

At this time, Ye Feng just smiled when faced with Luo Li's question and said: "Senior Sister Bai Ling and I are not training partners, she is just my senior sister, but we have a better relationship, and Senior Sister Bai Ling I still have a relatively forthright personality, so my behavior may seem a bit intimate to outsiders, but in fact, the relationship between us is still very pure."

Hearing what Ye Feng said at this time, Luo Li nodded immediately. There was a hint of look in her gentle and beautiful eyes that Ye Feng could not understand.

However, Ye Feng didn't dwell too much on it, but said loudly: "I hope you will have the opportunity to join the Wanjie Martial Arts Academy in the future."

When Luo Li heard what Ye Feng said, a bright color seemed to bloom briefly in her beautiful eyes.

But the next moment, Luo Li's eyes were a little dim, and she said aloud: "If you want to join the Wanjie Enlightenment Academy, you need extremely high cultivation talent. Although my cultivation talent is very good among ordinary people, but with Compared with the talented students of the Ten Thousand Realms Martial Arts Academy, there is still a big gap. Unless I spend a lot of money to enter the Ten Thousand Realms Martial Arts Academy, but the family behind me is now weak, so this time I am looking for the one from our Luoshen family. The treasure left by my ancestors, the Luoshen Ancient Scroll, is to revive the Luoshen family behind me. In that case, the entire family will be saved, and I can also enter the Ten Thousand Realms Martial Arts Academy and practice with you distinguished genius students. What an honor that would be."

At this moment Luo Li was talking, her beautiful eyes showing deep anticipation and yearning.

Seeing this scene, Ye Feng's eyes showed a trace of sigh.

I didn't expect that the Ten Thousand Realms Martial Arts Academy that I could enter so easily would be so difficult for the heirs of certain big families.

At this time, Ye Feng just smiled slightly and said loudly: "As long as there is hope, it can be done."

Luo Li nodded, then cupped her hands towards Ye Feng and said loudly: "This time, it is thanks to Lord Ye Feng. Otherwise, our entire family team will be completely destroyed, and I will die too, because before That skeleton mage is really weird."

When Ye Feng heard this, he just smiled and said: "It doesn't matter, it's just a small thing. If you meet me, that skeleton mage will be unlucky."

After saying that, Ye Feng stopped chatting with Luo Li, but with a trace of curiosity in his eyes, he began to study the demon ancestor trapped by the thunder mark.

This Demon Ancestor is the man behind the guidance of the Skeleton Mage. According to him, he is the first demon born in the world.

Therefore, Ye Feng was quite curious and valued about this Demon Ancestor.

After all, this is a very old big shot.

If used properly, it is a mobile treasure house.

After all, the methods of this Demon Ancestor are very magical and powerful.

At this moment, Ye Feng began to sink his mind into the space between his eyebrows.

Buzz!

Ye Feng's spiritual thoughts suddenly turned into a spiritual villain, manifesting in the space between his eyebrows.

At this moment, Ye Feng's spiritual villain walked directly to the deep area of the space between the eyebrows.

There is a thunder prison suspended in the void here.

In the Thunder Prison, there lay an old man who looked sick.

The old man was a little bored at this time, lying on the ground of Thunder Prison, drowsy.

Because once he gets close to the edge of the Thunder Prison, he will be electrocuted by the Thunder Prison that the Thunder Mark has transformed into, making his whole body numb.

At this moment, the little spirit creature that Ye Feng transformed into came over and said, "You said your name is Demon Ancestor? The first monster in the world?"

"Um?"

Demon Ancestor suddenly woke up, woke up from his drowsiness, and immediately stared at Ye Feng outside the Thunder Prison, and said with some urgency: "Young man, I have been observing for a long time, you are simply a self-taught soul master. He is a model of talent. His spiritual talent is many times higher than that of the skeleton boy whom I taught before."

When Ye Feng heard what the Demon Ancestor said, his eyes flashed and he said loudly: "If you keep praising me, you won't let me let you go. After all, you wanted to occupy my body before, I won't just let you go and didn't kill you, I would be merciful."

Demon Ancestor immediately said: "Yes, yes! I deserve to die! I shouldn't directly occupy your body, but as long as you don't kill me, everything will be fine. I can teach you to become a great soul demon king."

Ye Feng finally heard what he was interested in, and said aloud: "Then teach me all your inheritance, and I will slowly understand it myself."

"That won't work."

Demon Ancestor immediately shook his head like a rattle and said loudly: "I actually don't have any inheritance. All my abilities and methods are given to me by the power of the first rule in the world, so this thing can only be understood, it's indescribable. I can let you understand it slowly, but I can't teach it all at once."

Hearing what the Demon Ancestor said, Ye Feng's eyes flashed slightly, and he didn't know if the real situation was really as mysterious as what this old monster said.

But Ye Feng is not in a hurry. After all, this Demon Ancestor is trapped in the Thunder Prison and cannot escape even if he wants to.

And even if there is no Thunder Prison and the Soul Gem is there, as long as the Demon Ancestor has not returned to the dominance level, there is no need to worry about the Demon Ancestor's soul causing harm to him.

At this time, Ye Feng nodded slightly and said, "Just stay here for now, don't think about going out."

"Thank you for not killing me."

At this moment, Demon Ancestor was speaking, his posture was very low, and he was obviously an old monster who could bend and stretch.

At this time, Demon Ancestor seemed to have thought of something, and asked loudly: "I think the direction you are going in is going to the lost ruins of the ancient pyramid civilization?"

When Ye Feng heard this, his eyes showed a hint of surprise and said, "That's right, how did you know?"

Demon Ancestor chuckled and said: "I am very familiar with this area. After experiencing an ancient catastrophe, my soul escaped to this ancient lost interface, so I am quite familiar with this ancient lost interface. By the way, as long as When you arrive at the ruins of the ancient pyramid, I can guide you, kid, into a special area of the pyramid. There is a good thing buried there called the 'cursed crystal ball'. It is an ancient magic weapon at the soul level. It is very powerful. I accidentally discovered what was left behind by the powerful Cursed Demon King." At this time, Ye Feng just smiled when faced with Luo Li's question and said, "Senior Sister Bai Ling and I are not training partners. , she is just my senior sister, but we have a relatively good relationship, and senior sister Bai Ling still has a more outgoing personality, so her behavior may seem a bit intimate to outsiders. Chapter 3647 I will also help you

At this time, when Ye Feng heard what Demon Ancestor said, there was a trace of doubt in Ye Feng's eyes.

Ye Feng stared at the Demon Ancestor in the Thunder Prison in front of him and said loudly: "Old man, are you trying to deliberately lead me into some dangerous trap and then try to escape, right?"

Demon Ancestor immediately shouted: "Of course not! You think too much! How could I have such an idea of harming you?"

Ye Feng said aloud: "Since you don't want to harm me, why do you know that there is an ancient magic weapon somewhere in the pyramid ruins, but you don't take it yourself, and you have to wait until now for me to get it? Are you so kind?"

Demon Ancestor looked very anxious at this time, and quickly explained: "Because that ancient soul magic weapon is considered a powerful treasure for your current soul master level, but for a big man like me, it is not useful at all. No matter what, I don't want that ancient magic weapon because I don't like it at all. Do you understand now?"

Ye Feng felt slightly relieved when he heard Demon Ancestor say this.

really. ??

As the first demon that created the world, this Demon Ancestor indeed has a very high status. He really looks down on ordinary things, unless they are some rare treasures of the universe that were born from the birth of the world.

At this time, Ye Feng nodded slightly, glanced at the Demon Ancestor in the Thunder Prison, and said loudly: "I will believe you for the time being. By the way, don't always call me a brat. I have a name, Ye Feng." "

Demon Ancestor immediately laughed and said: "Ye Feng, I have traveled in all the worlds for countless years, but I know many places where various treasures are hidden in all the worlds, as well as the places where many ancient figures died. It is estimated that many of them have not been discovered yet. If the two of us have a chance to discover them, we will definitely make you rich."

Ye Feng glanced at Demon Ancestor in surprise and said, "Why are you so nice to me all of a sudden? I won't get used to it."

Demon Ancestor chuckled and said: "Because I want Ye Feng to help me find every part of my body that was broken and broken back then. I figured it out. Instead of occupying other people's ordinary bodies, it's better to take my broken body back." I need to find all the pieces of my body and put them back together. In this way, I will be back to my peak state."

"Retrieve the body fragments and reassemble them?"

Ye Feng's eyes showed surprise, and he couldn't help but ask: "What on earth did you go through back then? Your whole body was broken into pieces. Logically speaking, you, the first monster in the world, even if you have a high level of cultivation." If you haven't reached the master level, you should be infinitely close to the master realm. Could it be that such a powerful being like you has encountered a master? But even a master would be hard-pressed to destroy you so completely."

Hearing what Ye Feng said, Demon Ancestor immediately revealed a trace of reminiscence in his eyes and said loudly: "The moment I was born, I already had the power to be infinitely close to the master. After all, I was born with The monsters I raised were innate spirits, but I was a little young and energetic, so I went straight to find the legendary heaven, and encountered a great disaster. "

Ye Feng couldn't help but ask: "What kind of disaster is it?"

Demon Ancestor said aloud: "It is an indescribable horror that cannot be described in words. Just like the five declines of heaven and man in some low-level interfaces, it is an indescribable horrific disaster."

When Ye Feng heard this, there was a hint of surprise in his eyes, wondering if this Demon Ancestor was trying to scare him.

However, Ye Feng did not hesitate, but said loudly: "As long as you are willing to help me, I will also help you. I am not a person who appreciates kindness without repaying it."

br

Demon Ancestor nodded and said aloud: "That's good, you have a much better future than the Skeleton Boy before. That Skeleton Boy is really a piece of mud that can't stand up to the wall. I have taught him for so many years, Ancestor, and his strength is still the same." vegetable."

When Ye Feng heard what Demon Ancestor said, the corners of his mouth twitched slightly and he was speechless.

In fact, that skeleton mage is quite powerful.

This time, the army of ghosts unleashed by the skeleton mage, as well as the unbeatable living dead puppet, were both very terrifying and strange methods.

You must know that whether it is Senior Brother Gu, Senior Sister Bai Ling or Senior Sister Lan, they are all powerful veteran students in the Ten Thousand Realms Martial Arts Academy, and their cultivation abilities are all very strong.

But even so, it was still too much to be attacked by the Skeleton Mage alone.

If Ye Feng hadn't been a soul master, he would have met Ye Feng, an opponent who specifically targeted the soul level.

Maybe that skeleton mage can really kill the whole team by himself.

So all in all, Skeleton Mage is still very weird and powerful.

But here at Demon Ancestor, he was criticized like crazy, and he hated iron for not being able to become steel.

It seems that Demon Ancestor has very high standards for the disciples he teaches.

At this time, Ye Feng didn't say anything more and directly withdrew his spiritual body from the space between his eyebrows.

In his mind, Emperor Chu suddenly spoke: "Ye Feng, don't doubt this Demon Ancestor's words too much. Through the soul gem, I can judge which sentence he said is the truth and which sentence is a lie. What he just told you The dialogue is basically true."

"Um?"

Hearing what Emperor Chu said, Ye Feng's eyes immediately lit up and he couldn't help but said: "It seems that Emperor Chu has discovered other abilities of the soul gem."

Emperor Chu nodded and said nothing more.

"Boom!"

At this time, right in front of the team, two majestic mountains suddenly collapsed.

A huge crimson bone scorpion appeared in the mountains, seeming to wake up from its deep sleep.

"It's the ancient man Scorpion!"

High in the sky, Bai Ling, who was constantly patrolling, made a sound in surprise.

Senior Brother Gu at the front did not panic at all, but laughed loudly: "As long as they are not those weird and untouchable enemies, I can chop them into pieces with the sword in my hand!"

boom!

At this time, Senior Brother Gu took the lead and rushed forward, with three swords surrounding him, emitting thousands of sword lights, and looking extraordinary.

At this time, Ye Feng looked at the huge red scorpion rushing towards the mountains in the distance. It was extremely ferocious, with a look of surprise in his eyes.

The life breath of this huge ancient crimson scorpion turned out to be a powerful existence that far exceeded his current tenth level of God's Shore Realm.

It seemed like a powerful ferocious monster that was two realms higher than himself!

Ye Feng was temporarily unable to fight against such a powerful creature.

After all, there are specialties in the art industry.

At this time, warriors with super strong combat power like Senior Brother Gu will be useful.

"Boom!"

At this moment, Senior Brother Gu was carrying three ancient and powerful war swords, and they directly collided with the red scorpions rushing in front. At this time, when Ye Feng heard what Demon Ancestor said, there was a trace of doubt in Ye Feng's eyes.

Chapter 3648 Inner Alchemy

Boom!

At this time, the extremely powerful Senior Brother Gu was fighting with the red scorpion in front of him. The battle was so fierce that the surrounding mountains collapsed and smoke spread.

Seeing this scene, many of the family guards of the Luoshen family present had deep horror in their eyes.

This was the first time they had seen such a brutal battle. The scene was really terrifying and shocking.

At this time, they finally understood why the eldest lady hired talented students from the Ten Thousand Realms Martial Arts Academy to escort them here to explore the pyramid ruins, even if they paid huge rewards.

Now they finally know why.

Because this ancient lost interface is really too dangerous.

If it weren't for the talented students from the Ten Thousand Realms Martial Arts Academy to protect them, perhaps their entire army would have been destroyed by now.

At this time, Luo Li himself was very lucky that he had hired so many powerful students from the Wanjie Martial Arts Academy. Otherwise, they would have had no hope at all this time.

At this moment, a huge roar suddenly came from not far away.

"howl!!"

Immediately, along with a pitiful cry, a huge red scorpion with towering mountains not far away finally fell completely.

The ferocious scorpion heads were chopped off by Senior Brother Gu with his war sword.

At this moment, Senior Brother Gu walked out of the smoke and dust in the sky, his fighting power was boundless, and he looked very shocked.

I have to say that this senior brother Gu is still very powerful, and his combat power is astonishing.

You must know that this big red scorpion is not an ordinary evil insect, but an ancient evil insect covered with strong red scales. It is very terrifying and its cultivation is also very powerful.

But he still couldn't stop Senior Brother Gu's powerful fighting power and was killed directly.

At this time, Ye Feng flew over, with a hint of amazement in his eyes, and said loudly: "Senior Brother Gu's fighting power is really amazing."

Senior Brother Gu waved his hand at this time and said aloud: "I would rather fight a vicious insect like the big red scorpion than fight the unkillable living dead puppet from before. That kind of weird thing that can't be killed. Although it's not It's powerful, but it can't be killed, it's really disgusting."

Ye Feng couldn't help but smile when he heard this and didn't say much.

Uh-huh!

At this time, Senior Brother Gu suddenly threw out a fist-sized crimson ball and threw it into Ye Feng's hand.

"This is it?" Ye Feng's eyes were stunned.

"This is the inner elixir of the big red scorpion just now. It contains the essence energy that the big scorpion has cultivated for so many years. It is given to you as a reward for the great help you have done to our team before."

Senior Brother Gu spoke out at this time, with curiosity in his eyes, and said: "I heard Bai Ling say before, Junior Brother Ye, you can directly swallow all kinds of energy to improve your skills."

When he said this, he looked at Senior Brother Gu's expression that seemed to be extremely curious.

Ye Feng smiled slightly and said aloud: "Yes, this is the energy I have awakened since I was a child. It can quickly digest all kinds of energy."

After the words fell, Ye Feng didn't hesitate and swallowed the inner elixir of the fist-sized red scorpion in his hand.

"Really swallowed it directly?"

At this moment, seeing Ye Feng really swallowing the inner elixir, Senior Brother Gu in front of him immediately widened his eyes slightly, as if he didn't expect that this junior brother was really so fierce and swallowed the inner elixir alive.

You know, that big red scorpion is not an ordinary evil insect, but a vicious existence that contains the blood of ancient evil insects.

Even a powerful warrior like Senior Brother Gu would not dare to directly refine the inner elixir of such a ferocious insect. Instead, he would choose to directly bring the inner elixir back to the Wanjie Martial Arts Academy, and then invite some pharmacists or alchemists to refine this inner elixir. Inner elixirs, combined with various materials that can reduce poison, are refined into elixirs that warriors can consume normally, thereby increasing their power.

But now, Ye Feng in front of him has swallowed all the inner elixir of a large red scorpion, which is really incredible.

At this time, Senior Brother Gu couldn't help but said: "Junior Brother Ye, there is no need to take such risks. When I bring this inner elixir back, I can introduce you to a senior pharmacist to help you safely transform the inner elixir into something edible. Elixir."

Ye Feng smiled slightly at this moment and said: "It's okay, I have digested it."

Buzz!

At this moment, very majestic demonic energy surged and flowed through Ye Feng's limbs, rapidly increasing Ye Feng's energy.

For Ye Feng, this kind of inner elixir, and it is an extremely high-level inner elixir, the inner elixir of a ferocious insect that is two realms higher than himself, is naturally a great tonic.

So at this time, Ye Feng's skill has naturally increased greatly.

"Buzz!"

At this moment, Ye Feng's cultivation aura suddenly began to rise.

"boom!"

Ye Feng's cultivation level, which was at the tenth level of the Divine Coast Realm, was immediately broken through.

Stepping directly into the half-step Zhoutian realm above the divine shore realm!

"boom!"

The first level of Zhoutian Realm!

"boom!"

Zhoutian Realm Second Heaven!

"boom!"

Zhoutian Realm Third Heaven!

At this moment, Ye Feng's cultivation, under the accumulation of huge energy in the inner elixir, directly impacted the third level of Zhoutian Realm, causing Ye Feng's power to increase many times in an instant.

Buzz!

At this time, Ye Feng clenched his fists and could feel that his current power was many times stronger than the previous state!

Sure enough, with the continuous improvement of cultivation, the gap in combat power between each major realm is getting wider and wider.

At this time, Senior Brother Gu suddenly spoke up: "Junior Brother Ye, you actually digested all the energy in that inner elixir on the spot, and you also directly broke through! Incredible! It's really incredible! I have been practicing since , I have seen countless geniuses, but this is the first time I have met a strange person like you, Junior Brother Ye."

At this moment, Senior Brother Gu was speaking, his tone full of deep surprise and admiration.

Because Ye Feng's ability to directly swallow the inner elixir, digest it directly, and then improve his cultivation skills on the spot is really unbelievable and simply unbelievable.

No wonder Senior Brother Gu was amazed.

But at this moment, Ye Feng just smiled slightly and said aloud: "In any case, I still need to thank Senior Brother Gu for giving me the inner elixir. Otherwise, I would not be able to kill the big red man who is two or three levels higher than me." Scorpion, thus obtaining this extremely advanced inner elixir. "Boom!"

At this time, the extremely powerful Senior Brother Gu was fighting with the red scorpion in front of him. The battle was so fierce that the surrounding mountains collapsed and smoke spread.

Seeing this scene, many of the family guards of the Luoshen family present had deep horror in their eyes.

This was the first time they had seen such a brutal battle. The scene was really terrifying and shocking.

At this time, they finally understood why the eldest lady hired talented students from the Ten Thousand Realms Martial Arts Academy to escort them here to explore the pyramid ruins, even if they paid huge remuneration.

Now they finally know why.

Because this ancient lost interface is really too dangerous.

If it weren't for the talented students from the Ten Thousand Realms Martial Arts Academy to protect them, perhaps their entire army would have been destroyed by now.

At this time, Luo Li himself was very lucky that he had hired so many powerful students from the Wanjie Martial Arts Academy. Otherwise, they would have had no hope at all this time.

At this moment, a huge roar suddenly came from not far away.

"howl!!!"

Immediately, along with a pitiful cry, a huge red scorpion with towering mountains not far away finally fell completely.

The ferocious scorpion heads were chopped off by Senior Brother Gu with his war sword.

At this moment, Senior Brother Gu walked out of the smoke and dust in the sky, his fighting power was boundless, and he looked very shocked.

I have to say that this senior brother Gu is still very powerful, and his combat power is astonishing.

You must know that this big red scorpion is not an ordinary evil insect, but an ancient evil insect covered with strong red scales. It is very terrifying and its cultivation is also very powerful.

But he still couldn't stop Senior Brother Gu's powerful fighting power and was killed directly.

At this time, Ye Feng flew over, with a hint of amazement in his eyes, and said loudly: "Senior Brother Gu's fighting power is really amazing."

Senior Brother Gu waved his hand at this time and said aloud: "I would rather fight a vicious insect like the big red scorpion than fight the unkillable living dead puppet from before. That kind of weird thing that can't be killed. Although it's not It's powerful, but it can't be killed, it's really disgusting."

Ye Feng couldn't help but smile when he heard this and didn't say much.

Uh-huh!

At this time, Senior Brother Gu suddenly threw out a fist-sized crimson ball and threw it into Ye Feng's hand.

"This is it?" Ye Feng's eyes were stunned.

"This is the inner elixir of the big red scorpion just now. It contains the essence energy that the big scorpion has cultivated for so many years. It is given to you as a reward for the great help you have done to our team before."

Senior Brother Gu spoke out at this time, with curiosity in his eyes, and said: "I heard Bai Ling say before, Junior Brother Ye, you can directly swallow all kinds of energy to improve your skills."

When he said this, he looked at Senior Brother Gu's expression that seemed to be extremely curious.

Ye Feng smiled slightly and said aloud: "Yes, this is the energy I have awakened since I was a child. It can quickly digest all kinds of energy."

After the words fell, Ye Feng didn't hesitate at all, and directly swallowed the inner elixir of the fist-sized red scorpion in his hand.

"Really swallowed it directly?"

At this moment, seeing Ye Feng really swallowing the inner elixir, Senior Brother Gu in front of him immediately widened his eyes slightly, as if he didn't expect that this junior brother was really so fierce and swallowed the inner elixir alive.

You know, that big red scorpion is not an ordinary evil insect, but a vicious existence that contains the blood of ancient evil insects.

Even a powerful warrior like Senior Brother Gu would not dare to directly refine the inner elixir of such a ferocious insect. Instead, he would choose to directly bring the inner elixir back to the Wanjie Martial Arts Academy, and then invite some pharmacists or alchemists to refine this inner elixir. Inner elixirs, combined with various materials that can reduce poison, are refined into elixirs that warriors can consume normally, thereby increasing their power.

But now, Ye Feng in front of him has swallowed all the inner elixir of a large red scorpion, which is really incredible.

At this time, Senior Brother Gu couldn't help but said: "Junior Brother Ye, there is no need to take such risks. When I bring this inner elixir back, I can introduce you to a senior pharmacist to help you safely transform the inner elixir into something edible. Elixir."

Ye Feng smiled slightly at this moment and said: "It's okay, I have digested it."

Buzz!

At this moment, very majestic demonic energy surged and flowed through Ye Feng's limbs, rapidly increasing Ye Feng's energy.

For Ye Feng, this kind of inner elixir, and it is an extremely high-level inner elixir, the inner elixir of a ferocious insect that is two realms higher than himself, is naturally a great tonic.

So at this time, Ye Feng's skill has naturally increased greatly.

"Buzz!"

At this moment, Ye Feng's cultivation aura suddenly began to rise.

"boom!"

Ye Feng's cultivation level, which was at the tenth level of the Divine Coast Realm, was immediately broken through.

Stepping directly into the half-step Zhoutian realm above the divine shore realm!

"boom!"

The first level of Zhoutian Realm!

"boom!"

Zhou Tian Realm Second Heaven!

"boom!"

Zhoutian Realm Third Heaven!

At this moment, Ye Feng's cultivation, under the accumulation of huge energy in the inner elixir, directly impacted the third level of Zhoutian Realm, causing Ye Feng's power to increase many times in an instant.

Buzz!

At this time, Ye Feng clenched his fists and could feel that his current power was many times stronger than the previous state!

Sure enough, with the continuous improvement of cultivation, the gap in combat power between each major realm is getting wider and wider.

At this time, Senior Brother Gu suddenly spoke up: "Junior Brother Ye, you actually digested all the energy in that inner elixir on the spot, and you also directly broke through! Incredible! It's really incredible! I have been practicing since , I have seen countless geniuses, but this is the first time I have met a strange person like you, Junior Brother Ye."

At this moment, Senior Brother Gu was speaking, his tone full of deep surprise and admiration.

Because Ye Feng's ability to directly swallow the inner elixir, digest it directly, and then improve his cultivation skills on the spot is really unbelievable and simply unbelievable.

No wonder Senior Brother Gu was amazed.

But at this moment, Ye Feng just smiled slightly and said aloud: "In any case, I still need to thank Senior Brother Gu for giving me the inner elixir. Otherwise, I would not be able to kill the big red man who is two or three levels higher than me." Scorpion, thus obtaining this extremely advanced inner elixir."

Chapter 3649 Analysis of Ancient Symbols

At this moment, Senior Brother Gu just waved his hand indifferently and said boldly: "This inner elixir can be regarded as a reward for your help, Junior Brother Ye. After all, our idea before was to help you, a new student, grow together. I thought of asking Junior Brother Ye to help me a lot, so it's appropriate to give this inner elixir to you, but the various bodies of the big red scorpion are all good things, let's go over and take a look."

"good."

Ye Feng also showed a trace of interest in his eyes at this time, and he and Senior Brother Gu flew directly towards the place where the big red scorpion died not far away.

In less than a moment, Ye Feng and Senior Brother Gu had arrived in front of the body of the big red scorpion.

At this time, Ye Feng stared at the red scorpion in front of him with surprise in his eyes.

Because he saw that this big red scorpion had densely packed ancient symbols on it, which looked very strange.

"You saw it too."

Senior Brother Gu stood beside him and suddenly said: "When I was fighting this big scorpion just now, I saw it. There were dense ancient symbols growing on this scorpion's body. I couldn't understand what they were, so I killed him. After catching this big scorpion, I didn't dare to damage the body of this big red scorpion. The purpose is to let Junior Brother Ye see what the ancient symbols growing on the surface of these bodies are, and do they contain any special messages?"

At this time, Senior Brother Gu said that Ye Feng immediately understood the purpose of Senior Brother Gu asking him to come and have a look together. It seemed that he wanted to explore the special symbols on the surface of the scales of this big red scorpion.

Originally, Senior Brother Gu only thought that Ye Feng was just a new student, just a junior fellow who was following behind them, so he didn't pay much attention to him.

But Ye Feng killed the Skeleton Mage before, and suddenly used the special methods of the Soul Master, and finally he was able to control the Skeleton Mage's army of ghosts and living dead puppets.

These various methods made Senior Brother Gu look at Junior Brother Ye Feng with admiration.

Moreover, Ye Feng's methods are very mysterious in Senior Brother Gu's heart. They involve the soul level. They are naturally much more mysterious than pure warriors like them.

That's why Senior Brother Gu specially invited Ye Feng to see what the ancient symbols on the surface of the red scorpion's body were.

Buzz!

At this moment, Ye Feng nodded slightly, and then released his soul power, covering the entire surface of the red scorpion's body. He immediately sensed that the ancient symbols on the entire surface of the scorpion's body seemed to be combined together. It can really be arranged and combined into a very ancient special inheritance chapter.

At this time, Ye Feng couldn't help but his eyes lit up, and he said loudly: "This seems to be a very special secret of inheritance. All the symbols combined together are a very ancient inheritance chapter."

"An ancient inheritance chapter?"

Hearing what Ye Feng said, Senior Brother Gu immediately revealed a hint of excitement in his eyes and said, "Then we need to stay for a while and let Junior Brother Ye come to understand?"

"Can."

Ye Feng nodded and immediately said: "Let the team station here first. Maybe, I can get it from the surface of this red scorpion's body."

A very powerful ancient inheritance chapter has been extracted and can be shared with Senior Sister Bai Ling and Senior Sister Lan to practice together. "

"Uh-huh."

Senior Brother Gu immediately nodded, with a hint of excitement on his face, and said loudly: "We are a team, and we should share together. Moreover, if we can really get an ancient inheritance chapter this time, Then Junior Brother Ye, you are definitely the biggest contributor. Now if I encounter some powerful and vicious creatures, I will kill them and eat them all directly for you."

Hearing this, Ye Feng couldn't help but smile and said: "Thank you very much, Senior Brother Gu actually contributed a lot. If it weren't for Senior Brother Gu's powerful fighting power, you wouldn't be able to kill such a vicious red scorpion. Such a vicious creature is very difficult to kill." deal with it."

After finishing speaking, Senior Brother Gu immediately nodded, and then said loudly: "I'll ask the entire team to stop and camp there overnight."

"good."

Ye Feng nodded, sat down cross-legged directly in front of the big red scorpion's body, and began to arrange and combine these ancient symbols.

Fortunately, Ye Feng's soul power is strong, so he can continue to analyze the ancient inheritance chapters contained in it.

If it were an ordinary soul master, his soul might be exhausted by such a huge workload in an instant.

And just as Ye Feng continued to comprehend, the entire team behind him stopped.

Under the order of the eldest lady Luo Li, all the family guards set up tents on the spot and began to rest.

All the family guards breathed a sigh of relief and could finally rest.

During this time, they had been traveling all night, and they were actually tired.

After all, these family guards are not as good as a group of powerful super geniuses such as Ye Feng Bailing. Their physical strength and energy are limited, and they cannot continuously absorb the energy of heaven and earth like the genius students of the Wanjie Martial Arts Academy. , continuously replenishing the consumed physical strength.

At this moment, Bai Ling and Senior Sister Lan followed Senior Brother Gu from a short distance away and walked to Ye Feng's side.

Bai Ling's beautiful big eyes were full of curiosity. She stared at Ye Feng and couldn't help but said, "I didn't expect Junior Brother Feng to be able to analyze such ancient symbols."

There was also a trace of surprise in Senior Sister Lan's cold eyes, and she said loudly: "This Junior Brother Ye is indeed not an ordinary person. Our small team has really found a treasure this time. In the future, When we take Junior Brother Ye with us on missions, the overall strength of our entire team will improve a lot."

Senior Brother Gu nodded, smiled and said, "I hope Junior Brother Ye can successfully analyze a set of ancient inheritance chapters, then we are really in luck."

Bai Ling nodded with deep understanding and said aloud: "Most of the powerful ancient inheritances in the dark world are basically controlled by the major ancient families and the dark demon sect. The high-level inheritances are almost monopolized. Even if Dean, it is also difficult to find various powerful and advanced inheritances. Therefore, in the academy, if you want to get a set of powerful inheritances, you need to spend a lot of wealth. If Junior Brother Feng can really analyze a set of ancient inheritances, we will It's equivalent to a huge fortune for everyone."

At this moment, the eyes of the three powerful veteran students were all looking forward to Ye Feng, who was sitting cross-legged in front of the big red scorpion not far away. At this moment, Senior Brother Gu just waved his hand indifferently and said boldly: "This inner elixir can be regarded as a reward for your help, Junior Brother Ye. Chapter 3650 Sense of Identity

Buzz!

In the dark night.

Ye Feng's body was emitting a faint red light, and there was an inexplicable mysterious connection with the dead red scorpion in front of him.

This scene looks very magical and beautiful, even in the dark, it has a beautiful feeling.

At this moment, everyone present was staring at Ye Feng, falling into deep amazement.

At this time, many family guards of the Luoshen family also looked in awe, staring at Ye Feng not far away.

Because they didn't know what was happening not far away, and they didn't know what the young adult was doing.

In their eyes, they only knew that Ye Feng, a young adult, must be doing something great.

At this moment, Luo Li, the eldest lady of the Luo family, looked at the talented students from the Wanjie Martial Arts Academy gathered not far away, with unabashed envy and yearning in her eyes.

.

How she wished that she could be as powerful as these talented students and gather together so freely. She also wanted to blend into this atmosphere. It would definitely be very beautiful.

But thinking of the heavy responsibility of the family and her not-so-outstanding talent, this beautiful eldest lady of the Luo family showed a trace of sadness in her gentle and beautiful eyes.

Luo Li knew that he would never be able to touch the life circle of geniuses at the level of Wanjie Martial Arts Academy.

Luo Li knew very well that Senior Brother Gu, Senior Sister Lan and Bai Ling had never looked at her directly.

Only Ye Feng, a relatively special genius student, was still willing to talk to her.

Luo Li looked at Ye Feng at this moment, with a trace of warmth and yearning in her beautiful eyes.

But she knew that she might never be able to have such a deep entanglement and interaction with a super genius like Ye Feng in her entire life.

Their fate will probably end once this expedition is completed.

"call."

At this moment, Luo Li took a deep breath and threw away some unrealistic fantasies in her mind.

She knew that the most important thing now was to find the treasure that their family ancestors had left in the pyramid ruins, the Luo Shen Scroll, which could help their Luo family to revive.

At this time, when Luo Li, the beautiful young lady, was secretly feeling sad in the dark night.

Not far ahead, in the jungle.

"Buzz!"

Suddenly, the crimson light on Ye Feng suddenly became extremely powerful.

At this moment, Ye Feng was all red, as if he had turned into a little red sun.

Seeing this scene, Bai Ling and the others who were watching and protecting the law suddenly moved their eyes.

Bai Ling first said with some worry: "Junior Brother Feng, if the analysis process is too dangerous and may damage your spirit, you should stop analyzing it."

Senior Brother Gu also nodded and said: "Junior Brother Ye, don't force it. If it doesn't work, we can bring this scorpion shell back to the academy so that it can be studied by the research institute that specializes in this kind of strange things. The dean has set up a research institute, is to provide us students with a place where we can analyze all kinds of strange things in the universe."

"It's okay, I've analyzed it."

Ye Feng suddenly spoke up at this time, with a hint of surprise in his tone, and said: "What I analyzed is not a chapter of inheritance, but a record of a lost civilization. That civilization is called 'Yu' The Beast Dynasty', this powerful red scorpion, was a demon under the Beast Dynasty back then. "

"What?"

Hearing what Ye Feng said, the eyes of several people present were slightly dazed.

They never expected that the countless ancient symbols recorded on the big red scorpion shell would eventually be arranged and combined, and what they would analyze turned out to be a record about a lost ancient civilization.

But at this time, not only were the people present not disappointed, but their eyes became more and more excited.

Because they know very well that an ancient inheritance is nothing compared to the treasures contained in the relics of an ancient civilization!

At this moment, Senior Brother Gu couldn't help but asked in a panic: "Junior Brother Ye, does the information recorded in this symbol say anything about the lost civilization of the Beast Control Dynasty, and its specific location?"

Ye Feng nodded and said, "Yes."

"Very good!"

When Senior Brother Gu heard this, he almost jumped up with excitement. He couldn't help but said excitedly: "Once we find a lost ancient civilization relic, we will definitely make a fortune!"

Bai Ling was also very excited at this time. He couldn't help but ran up to Ye Feng in small steps. His beautiful eyes were bright and full of brilliance, and he said loudly: "Junior Brother Feng, you are great! When this mission is completed and you return to the academy, I'm going to treat you well in the dormitory! I'll cook you the most delicious meal!"

"Forehead?"

When they heard that Bai Ling was about to cook, the expressions of Senior Brother Gu and Senior Sister Lan suddenly became stiff.

Seeing this, Ye Feng's mouth suddenly twitched slightly.

It seems that the food cooked by Senior Sister Bai Ling will be very difficult to swallow.

At this time, Senior Sister Lan suddenly said: "However, these lost ancient civilization relics must be very dangerous, but since we are here, we must go to explore and wait for this mission of escorting the Luoshen family. Once that's done, we'll go there alone. It should be much better if we are the only powerful genius students. Now that we have to escort ordinary people from this small family, we will definitely be stretched."

Senior Brother Gu also nodded and said: "Yes, we will go there with just a few of us. Without the burden of these small families, there shouldn't be too much danger, but first let's complete the escort mission."

Bai Ling looked at Senior Brother Gu and Senior Sister Lan at this time, and said aloud: "If we can really find the remains of the lost civilization of the beast-controlling dynasty, and if we find any resources that can improve our skills, try our best to give them to Junior Brother Feng. If It's an inherited treasure or something, so keep it for yourself."

Senior Brother Gu immediately grinned and said, "Of course. Now our small team must help Junior Brother Ye improve his weakest link as quickly as possible, which is his cultivation level."

Senior Sister Lan also nodded and said very seriously: "We are a team, so we must help each other and make up for each other's shortcomings."

Ye Feng looked at Bai Ling at this time, with a hint of warmth in his eyes. At the critical moment, it was Senior Sister Bai Ling who thought of him first.

Moreover, Senior Brother Gu and Senior Sister Lan's responses were also very responsible.

This gradually gave Ye Feng a sense of identity with this small team. Buzz!
