

## Ancient 3651

### Chapter 3651 Evil Plant System

At this moment, the entire team continues to move forward.

Finally, on the early morning of the third day, they arrived at their destination.

I saw a huge pyramid appearing at the end of the jungle in the distance, which looked very majestic and magnificent.

"We're finally here! What's recorded in our family's ancestral history is indeed true! There are really relics of the ancient pyramid civilization here!"

At this time, the happiest person was naturally Luo Li, the eldest daughter of the Luoshen family.

Because the Luoshen scrolls in the pyramid ruins will become the key to changing their Luoshen family.

At this time, many people present looked at the pyramid not far away, with deep surprise in their eyes.

Because they never thought that in the deepest part of this primitive jungle, there really is such an ancient and boundless pyramid ruins.

At this moment, Senior Brother Gu said from the front: "Since we are about to arrive at this ancient pyramid ruins, we must be more careful. Each of these ancient lost civilization ruins is very dangerous and may be dangerous. It contains unknown horrors and even some dangers that even powerful genius students like us cannot resist. If there is really a danger that we cannot resist, then we can only run for our lives."

Hearing Senior Brother Gu say this, Luo Li nodded immediately, her beautiful eyes showed a look that seemed to be about death, and said loudly: "No matter what, I will find the Luoshen Ancient Scroll that will change the fate of our family. Really?" There is an irresistible danger. According to the regulations, you can leave without worrying about my life or death. "

Hearing what Luo Li said at this time, several people present showed a hint of surprise in their eyes. It seemed that they did not expect that this gentle-looking girl could have such a strong side that would not care about death.

At this time, Ye Feng stood beside Luo Li, looking at this girl who seemed to be carrying a huge responsibility, and also thought of himself, who was also under huge pressure.

Ye Feng actually felt the same way.

Because sometimes people live not only for themselves, but also for their families and responsibilities.

At this moment, Ye Feng suddenly

Ran said aloud: "Don't worry, Luo Li, we will try our best to find the Luoshen Ancient Scroll for you."

Luo Li waited for a long time, but no one responded. Ye Feng finally responded to her, which made Luo Li feel huge warmth in her heart.

Luo Li's beautiful eyes, with deep gratitude, looked at Ye Feng beside her and said loudly: "Thank you for never treating me as a humble member of the family. You are the only one here who truly respects me." My people, I will remember you, Lord Ye Feng."

When Ye Feng heard what Luo Li said, he just smiled slightly and didn't pay too much attention to anything, because Ye Feng also knew that the life trajectories of himself and the eldest daughter of a small family like Luo Li would probably have no intersection in the future.

However, Ye Feng probably never would have thought that the respect and warmth he showed towards Luo Li this time would be a huge help to him in the future.

At this moment, Luo Li looked at all the family guards around him, and said with a deep solemn tone: "What we have to face next may be the threat of death, but this concerns our entire Luoshen family. Are you afraid of your future luck? "

"Don't be afraid!"

"As long as we follow the eldest lady, we are not afraid of death!"

At this moment, the dozens of family guards present were all shouting loudly, and they were obviously ready to face death.

Seeing this scene, Luo Li was very satisfied and said loudly: "Okay! You are all the passionate men of the family! Let's go!"

Wow!

The next moment, the entire team headed directly and quickly towards the pyramid hidden deep in the jungle ahead.

Senior Brother Gu and others suddenly became extremely alert at this moment.

Because they know that the pyramids, ancient ruins of lost civilizations, may contain great dangers and are very dangerous.

At this moment, Ye Feng was still standing beside Luo Li,

Responsible for protecting the safety of this employer.

Bai Ling and Senior Sister Lan, flying and patrolling at high altitudes, can detect various dangerous situations at any time.

Senior Brother Gu is still standing at the forefront of the entire team at this moment, ready to take action at any time to resolve various crises.

"Crash!"

But not before the entire team reached the pyramid area in the distance.

In the surrounding jungle, a series of rapid friction sounds suddenly sounded, as if there were enemies hidden deep in the jungle on both sides, and it was impossible to see who the other party was.

"ah!"

"ah!"

And almost at the next moment, two miserable screams suddenly sounded from the edge of the team.

They were two family guards of the Luoshen family. Their heads were pierced by two vines. In an instant, all the blood was sucked out of their bodies and turned into mummies. The scene looked very strange!

"It's a vampire vine!"

Senior Brother Gu couldn't help but said, "Everyone, hurry up and gather together! There is indeed a huge danger in the jungle around the pyramid, and terrifying plant-based monsters like blood-sucking vines have actually been born!"

Wow!

But the moment Senior Brother Gu finished speaking, dense blood-sucking vines suddenly flew out from the depths of the surrounding jungle.

These blood-sucking vines look like green poisonous snakes. At the tips of the vines, there are fangs like the mouth of a poisonous snake, which looks very ferocious and strange.

"What a great evil!"

Senior Brother Gu suddenly spoke up and said in a solemn tone: "This pyramid civilization must have given birth to something very evil. Otherwise, strange and evil plant-based monsters like vampire vines would not have been born in the surrounding jungle. The blood-sucking vines must have become like this because they were contaminated with evil power."

"Wind Sword Technique!"

boom!

At this moment, Senior Brother Gu, as the leader of the entire team,

The strong combat power is simply holding three swords in his hands, displaying an extremely powerful swordsmanship inheritance.

I saw that from each of his swords, there were waves of extremely powerful sword energy, forming a violent wind of sword energy. It had very terrifying cutting power, and it suddenly hit the surrounding jungle. The dense vines were all cut into countless pieces and fell to the ground.

"ah!"

"ah!"

But suddenly at this moment, several more screams rang out.

"That is....."

What made everyone's eyes tremble was that the ground where several family guards were standing suddenly cracked. From the cracks in the ground, ferocious piranha appeared one by one, and the legs of several guards were cut off in one bite. It was bitten off, it was very scary!

"This is a land of great evil! All the creatures it breeds are evil plant-based monsters!"

Senior Brother Gu yelled at this time: "Bai Ling, Senior Sister Lan, you open the way ahead and reach the pyramid area as soon as possible. I am responsible for protecting the outside of the entire team. Junior Brother Ye, you are specifically responsible for dealing with these evil plant monsters inside the team. !"

Bai Ling and Senior Sister Lan immediately nodded in agreement, bursting out their respective powers and rushing forward to clear the way.

At this moment, Ye Feng nodded immediately and directly released the power of Emperor Yan's Dominator Bone.

"Buzz!"

Ye Feng's body suddenly surged with a large amount of flame power, instantly igniting all the piranha flowers growing deep in the ground within the entire team.

"howl!!"

Those evil piranha flowers immediately let out pitiful screams.

Because the power of Ye Feng's flames at this time was just right to restrain these evil plant monsters!

"Hahaha! That's great! Junior Brother Ye actually knows the art of controlling fire! This is a natural nemesis for plant-type monsters! No matter how evil they are, they are plants after all, and they are afraid of fire!"

Senior Brother Gu immediately laughed out loud in the distance.

Chapter 3652 Blood Crystal

The Flame Emperor's Dominant Bone is a very powerful bone that Ye Feng had fused before when he was in the low-level interface of the Demon Realm.

It is the master bone left behind by the flame interface realm master, Emperor Yan, a super powerful being who first became a master.

Therefore, after Ye Feng merged, he was naturally able to burst out the power of Emperor Yan's flames.

And you must know that this kind of flame power is not an ordinary flame power, but an extremely advanced master-level flame quality.

So at this moment, Ye Feng released this huge flame, which instantly burned all the evil piranha flowers around him to ashes.

After all, no matter how evil these monsters are, they are still plant-based creatures and cannot resist the high-level flames released by Ye Feng. They are simply their nemesis.

At this moment, Senior Brother Gu was frantically cutting away the blood-sucking vines outside.

When Ye Feng saw this scene, he immediately flew over and said loudly: "Senior Brother Gu, let me use a fire to burn away these evil things!"

Sky Flame Palm! ??

Ye Feng didn't hesitate at this time and directly used the Flame Emperor's inheritance.

Boom!

Boom!

Suddenly, heavenly fire descended on the entire sky and merged with Ye Feng. As Ye Feng's palm blasted out, the endless flames condensed into large flame hands and bombarded the surroundings.

Although Ye Feng's current cultivation strength is indeed not as good as that of veteran students with super combat power like Senior Brother Gu.

But the quality of Ye Feng's flames is very high, and it is at the dominance level.

So at this time, Ye Feng's flame attack was actually more effective than Senior Brother Gu's violent wind sword energy.

The surrounding blood-sucking vines were immediately burned to ashes.

What's even more powerful is that Ye Feng's flames ignited the surrounding plants.

The flames followed these vines and plants and soon burned towards the interior of the jungle. The flames spread very quickly, and the entire surrounding jungle was suddenly engulfed in flames.

"howl!!"

"howl!!"

"..."

Almost at the next moment, bursts of howling sounds sounded from the depths of the surrounding jungle, and the sounds were very shrill.

Hearing this shrill scream, Senior Brother Gu looked overjoyed and said: "Junior Brother Ye, it seems that your flames really hurt these evil plant monsters. Otherwise, they would not be able to scream. Such a loud sound."

"Damnable fire attribute human being! Damn it! I'm going to tear you apart!"

Suddenly at this moment, an angry roar suddenly sounded deep in the jungle.

"Boom!"

And almost at the next moment, a huge tree that was tens of thousands of meters tall, looked extremely ancient, and was wrapped with countless blood-sucking vines. It rumbled out and looked very majestic and majestic. A very shocking visual impact.

At this moment, the life breath exuding from this evil tree man was a powerful creature that was three realms higher than Ye Feng!

It has to be said that the creatures around this pyramid ruins are really ancient and powerful. Each of them is very powerful in cultivation. It is estimated that they are all powerful beings who have practiced for many years.

But at this time, the dense blood-sucking vines growing out of this evil tree man were all burning with flames, making this evil tree man extremely painful.

This evil tree man, who was tens of thousands of meters tall, shouted loudly at this moment: "Damn boy! What kind of flames are you releasing? Why can't you put them out!"

Uh-huh!

Senior Brother Gu jumped directly to Ye Feng's side at this moment to protect Ye Feng.

Because the cultivation strength of this evil tree man is very powerful, three realms higher than Ye Feng's current cultivation realm.

But Senior Brother Gu was very happy at this time and couldn't help but say: "Junior Brother Ye! Great! Your flames finally forced the evil tree man behind the scenes to come out. As long as it shows up, that's fine. Too much to deal with!"

"Heavenly Sword Way!" ??

"cut!"

At this moment, Senior Brother Gu was very fast and accurate, and directly used another extremely powerful sword technique. Suddenly his whole body turned into a bright and boundless edge, tearing the void in an instant, traveling through the sky, and suddenly it was to assassinate him in front of the giant evil tree man.

"Pfft!"

This giant evil tree man may not have even reacted before his head was instantly pierced by the sword light transformed by Senior Brother Gu.

"ah!!"

The evil tree man immediately let out a miserable cry.

At this time, the sharp sword light transformed from Senior Brother Gu's entire body was rapidly and continuously cutting through the entire body of this evil tree man.

"Fire Palm of the Sky!"

Although Ye Feng did not dare to get too close, he could attack from a distance and blasted out flame palms one after another, burning the entire trunk of the evil tree man.

Under the internal and external troubles, although this evil tree man is very powerful and very tenacious, he is ultimately unable to defeat the four enemies with just two fists.

The hand, the huge tree trunk body, suddenly fell down, completely killed.

When Senior Brother Gu saw this scene, his eyes immediately lit up with joy, and he hurriedly said: "Okay! We finally killed this evil tree man!"

At this moment, with the death and fall of the evil tree man, all the dense blood-sucking vines that threatened the entire team disappeared.

"Click."

At this time, Senior Brother Gu directly split open this giant evil tree man tens of thousands of meters tall in the front battlefield.

Gulu!

The next moment, a round crystal stone fell from the main trunk of the evil tree man that was split open, exuding a faint blood light.

Buzz!

At this moment, Senior Brother Gu directly took the round crystal in his hand, then flew in front of Ye Feng, and said loudly: "Look, this should be the inner crystal of the evil tree. It is the inner crystal of the entire evil tree." The essence is condensed and contains a huge amount of energy. After you eat it this time, you should be able to level up a lot, and you will be getting closer to the cultivation level of veteran students like us."

"Thank you, Senior Brother Gu."

Ye Feng didn't show any pretense at this time. After all, in this team, everyone helps each other and grows with each other.

Now that cultivation is Ye Feng's shortcoming, when all members of the team encounter something like this that can improve their skills, naturally the first thing they think of is to use it for Ye Feng.

Buzz!

At this time, Ye Feng took over the round crystal stone, which exuded a faint blood light, but he could sense a surging energy tide from it.

This evil tree man has grown so many blood-sucking vines. He must have accumulated countless blood energy over the years to be able to condense such a blood-colored crystal as big as a human head!

Chapter 3653 Approachable

"Gulu!"

At this time, Ye Feng had almost no hesitation. He opened his mouth and swallowed the blood-colored crystal condensed by the evil tree man in his hand.

"boom!"

Almost at the moment when the blood-colored crystal was swallowed, a terrifying and extremely powerful energy exploded in Ye Feng's body.

A kind of terrifying and majestic blood energy, more than ten times more powerful than the red scorpion inner elixir that Ye Feng swallowed before, filled Ye Feng's limbs and bones, making Ye Feng's whole body swell.

"Buzz buzz..."

At this moment, Ye Feng's cultivation momentum immediately began to rise. .??.

"boom!"

The fourth level of Zhoutian Realm!

"boom!"

The fifth level of Zhoutian Realm!

"boom!"

Zhou Tian Realm Sixth Heaven!

"boom!"

Zhoutian Realm Seventh Heaven!

At this time, Ye Feng's cultivation directly broke through the fourth level of heaven, and Ye Feng's strength suddenly increased several times!

At this moment, Ye Feng opened his eyes, and his whole body was filled with an extremely powerful aura.

At this time, Senior Brother Gu who was standing next to him stared at Ye Feng in amazement and couldn't help but said: "Junior Brother Ye, although I have already sighed once before, I still can't help but sigh, you are like this The crazy digestion ability is really incredible!"

Ye Feng just smiled slightly at this and said aloud: "The main reason why I have been able to improve so quickly in this short period of time is due to you, Senior Brother Gu. If you hadn't contacted and killed two powerful ancient creatures, I would have been If I swallow their cores, I won't be able to get such huge energy to improve my own skills."

Hearing what Ye Feng said, Senior Brother Gu immediately laughed and said: "That's right, we are a team! Not only do we need to help each other when doing tasks outside, but also in the academy, if I need help, Junior brother Ye, please help me when the time comes."

Ye Feng laughed and said, "That's for sure!"

Although he didn't get along with Senior Brother Gu for a long time, Ye Feng already regarded this forthright Senior Brother as his friend, second only to his roommate, Senior Sister Bai Ling.

Of course, what Ye Feng is less familiar with now is Senior Sister Lan who has a cold and cold personality.

But Senior Sister Lan seems to be doing very well so far. At least she is not confronting this small team and basically agrees with everyone's unanimous decision.

At this moment, Ye Feng was still very excited. This time he followed several senior brothers and sisters to this unfamiliar interface to carry out this mission. Ye Feng made a lot of money and his cultivation level was greatly improved.

If Ye Feng practiced alone, he would definitely not be able to hunt such a powerful creature, nor would he be able to continuously obtain such a huge amount of energy in a short period of time.

At this moment, the entire team continues to move forward.

Finally, half an hour later, the group successfully arrived at the edge of the pyramid civilization ruins without any danger.

At this moment, a huge pyramid with a height of tens of thousands of meters stood in front of everyone. It looked majestic and majestic, giving people a very depressing but shocking visual impact.

At this time, Luo Li stared at the ancient pyramid in front of her, with a pilgrim-like expression in her beautiful eyes.

Senior Brother Gu said aloud at this time: "Let's go in quickly. By the way, Miss Luo Li, do you know where the ancient Luo Shen scroll of your family that you are looking for is located in this pyramid?"

"this....."

Luo Li immediately shook his head at this time, couldn't help but smile bitterly, and said: "I really don't know about this. Our family's ancestral home only records that the Luoshen scrolls are in this ancient pyramid in the lost interface. As for the specific location, Where it is, I have no idea."

Hearing what Luo Li said, Senior Brother Gu frowned slightly, as if he was a little dissatisfied with the information Luo Li had in his hands.

This made Luo Li's eyes show a trace of sadness, fearing that Senior Brother Gu and a group of powerful genius students would just leave.

"We can go look for it first."

Ye Feng suddenly spoke up at this time, with a gentle tone, and said: "Brother Gu, this pyramid is a civilization relic after all, and maybe some good things can be found in it."

When Senior Brother Gu heard what Ye Feng said, his eyes moved slightly, then nodded and said, "Okay, let's go in and take a look together."

At this time, Senior Brother Gu said, looking at Luo Li coldly, with a somewhat unkind tone, and said loudly: "We have already made an agreement before embarking on this mission. Please tell me that you clearly know about the Luoshen Ancient Scrolls." The specific location of the pyramid can be found instantly and accurately when you arrive at the pyramid, reducing the risk level of this mission. I didn't expect you to lie to me. But this time, Junior Brother Ye said good things to you. If you dare to do this again next time, don't blame me for being rude."

Regardless of how kind-hearted Senior Brother Gu and Ye Feng were, that was because Ye Feng was qualified to be treated like this by Senior Brother Gu.

But Luo Li is just the eldest lady of a small family in the Wanjie Chamber of Commerce. To be honest, she is really not taken seriously by Senior Brother Gu and other veteran students.

But this time, it was normal for Senior Brother Gu to be angry. After all, Luo Li had indeed lied and raised the risk level of this mission.

After all, Senior Brother Gu is the leader of the entire team. After accepting the mission, he will be responsible for all members of the team. It is not surprising that he is angry at this time.

At this moment, Luo Li felt a little scared. If she angered a powerful genius from the Wanjie Martial Arts Academy like Senior Brother Gu, the consequences would be serious.

However, Ye Feng came to the rescue, which made Luo Li feel relieved.

"Thank you, Master Ye Feng."

Luo Li looked humble at this time and whispered to Ye Feng, as if she was afraid of Ye Feng's anger.

However, Ye Feng didn't think it mattered. He just smiled and said, "It's just a small matter."

Seeing the gentle smile on Ye Feng's face, Luo Li's heart felt warm again.

She found that Ye Feng had always been approachable, unlike those talented students from the lofty Wanjie Martial Arts Academy.

At this time, Luo Li's beautiful eyes showed deep gratitude and warmth, and she whispered again: "Thank you, Lord Ye Feng."

When Ye Feng heard this, he just smiled and said, "Don't shout like a lord, I'm not used to it. Just call me Young Master Ye Feng."

Luo Li's eyes froze when she heard what Ye Feng said, and then a hint of gratitude suddenly appeared on her beautiful face, and she said, "Yes, Mr. Ye Feng."

At this time, Ye Feng said loudly: "Let's go into this ancient pyramid and see what is left in this lost ancient civilization." "Gulu!"

At this time, Ye Feng had almost no hesitation. He opened his mouth and swallowed the blood-colored crystal condensed by the evil tree man in his hand.

At this time, Ye Feng said: "Let's go, let's enter this ancient pyramid and see what is left in this lost ancient civilization."

Chapter 3654 Blood Induction

At this moment, after Ye Feng finished speaking, everyone walked directly towards the inner space of the pyramid.

This pyramid is very majestic, tall and majestic, just like an ancient city. The internal space must be very vast and huge.

But the moment everyone walked into it, they saw a rather surprising scene.

I saw that the internal space of the entire pyramid was not as vast and spacious as imagined.

The space inside the pyramid is very small. Once a team of dozens of people walked in, it even felt a bit crowded. .??.

Seeing this scene, Luo Li showed a hint of joy in her eyes, and said aloud: "Since the space here is so small, it will be easy to find the ancient Luoshen scrolls left by the ancestors of our Luoshen family. There are a lot of them, there are only so many in total. If you search carefully, you might be able to find them."

After Luo Li finished speaking, he immediately ordered the dozens of elite family guards around him to quickly disperse throughout the pyramid and begin to search for every location in the pyramid.

"Yes, Miss."

A group of family guards clasped their fists and then began to scatter.

At this moment, Bai Ling and Senior Sister Lan came to Ye Feng and Senior Brother Gu.

Senior Sister Lan said aloud: "Bai Ling and I just casually explored the entire internal space of the pyramid in advance. There should be no danger."

Senior Brother Gu nodded slightly and said loudly: "We also spread out and searched for this ancient pyramid to see if there are any ancient treasures left behind. After all, this is a relic left by an ancient civilization. There will be no Nothing at all."

"good."

Senior Sister Lan and Bai Ling both nodded.

At this moment, Senior Brother Gu looked at Ye Feng and said loudly: "Junior Brother Ye, you should still follow Luo Li.

, protect the eldest lady of the Luoshen family, after all, we cannot let her be in danger. The reward for our mission this time will ultimately need to be paid by Luo Li. "

"okay, I get it."

Ye Feng nodded slightly and walked directly to Luo Li, who was not far away.

When Luo Li saw Ye Feng coming over, she couldn't help but asked in surprise: "Master Ye Feng, what's the matter with you?"

Ye Feng smiled slightly and said, "Protect your safety."

When Luo Li heard this, she couldn't help but feel sweet in her heart, and then said aloud: "Thank you, Mr. Ye Feng."

Ye Feng just smiled and said: "It doesn't matter, this is what I should do."

At this moment, Luo Li began to search for the treasure left behind by the ancestors of the Luo family, the Luo Shen Ancient Scroll.

But after searching for a long time, I couldn't find it.

At this moment, Ye Feng couldn't help but said: "Miss Luo Li, didn't your ancestors leave any hints back then?"

Luo Li shook her head and said with a wry smile: "That happened countless years ago, and there is no record of it in our family's ancestral home."

Ye Feng thought for a while and said: "It's not possible to keep searching blindly. I thought of a way, which is to use blood to sense."

Luo Li's beautiful eyes revealed a look of doubt, and she asked: "How to use blood to sense? How to use blood to sense?"

Ye Feng smiled and said: "Since that Luoshen ancient scroll is a treasure left by the ancestors of your Luoshen family, it must be psychic. Miss Luo Li, as a pure blood descendant of the Luo family, maybe you can Find the Luoshen Ancient Scrolls through blood induction.

As for how to sense blood, I can help you. "

At this moment, Ye Feng said, directly stretched out his hand and said: "Miss Luo Li, give me your hand."

"okay."

Luo Li's beautiful eyes seemed a little shy, and she put her little hand on Ye Feng's palm.

This was the first time she held a boy's hand.

Luo Li was a little nervous.

But at this time, Ye Feng didn't think much about it.

Ye Feng held Luo Li's little hand and directly released his soul power.

At this time, Ye Feng immediately said: "Miss Luo Li, I can now give our soul master ability to you for a short time. You can now use your own soul power and use your own blood fluctuations as a guide to go... Sense any corner and location in the entire pyramid and see if you can find a place that echoes your bloodline."

"good!"

Luo Li's beautiful eyes were full of strange colors at this time.

Because at this time, she was given the skills of a soul master by Ye Feng, and she felt that her entire spirit and soul were infinitely magnified, and she could sense everything outside her body.

"Buzz!"

At this moment, Luo Li immediately began to use this special soul power method to sense everything in the entire pyramid.

Buzz!

Almost half an hour later, Luo Li's eyes suddenly moved, and she couldn't help but said excitedly: "Master Ye Feng! I seem to sense something unusual."

Hearing this, Ye Feng couldn't help but his eyes lit up, and he quickly said: "Okay, then based on the position you sensed, let's hurry over and have a look. Maybe it's the one left by your ancestors."

The location where the ancient Luo Shen scroll is located. "

"good."

Luo Li immediately nodded excitedly and couldn't help but exclaimed in awe: "Master Ye Feng, your ability is really amazing."

While the two were talking, they had already arrived at the ninth level of the pyramid.

There is no one exploring here.

Because the ninth floor of this pyramid can be said to be empty. Except for some incomprehensible ancient totem patterns on the walls, there is nothing.

Uh-huh! Uh-huh!

At this time, Ye Feng and Luo Li flew to the ninth floor and looked at the empty area around them, with a hint of astonishment in their eyes.

Luo Li's eyes were a little anxious and she said aloud: "Master Ye Feng, the specific location I sensed is right here, but there is nothing here."

At this time, Ye Feng suddenly looked at the ancient totems on the surrounding walls and said loudly: "Miss Luo Li, put a drop of your blood on this wall, where your ancestors experienced a terrible tragedy. The treasures such as the Luoshen Ancient Scroll left behind in the battle must be hidden very deep, and it requires the blood of your descendants to open it. "

What Ye Feng said at this time was naturally his own guess.

But Ye Feng felt that his guess should be correct, otherwise, Luo Li would not be able to sense each other from this position.

At this moment, Luo Li had no doubts about Ye Feng, so she dropped a drop of her own blood on the ancient wall in front of her.

At this time, Demon Ancestor suddenly spoke in the center of Ye Feng's eyebrows: "Boy Ye Feng, the cursed crystal ball left by the cursed Demon Lord I mentioned before is somewhere in this pyramid. When are you going to get it? "

Chapter 3655 Mural Space

Demon Ancestor's words reminded Ye Feng.

Ye Feng almost forgot about the ancient soul magic weapon that Demon Ancestor said was left behind by the cursed Demon Lord.

At this time, Ye Feng did not hesitate and said to Luo Li in front of him: "You continue to use your blood to activate the ancient totem patterns on this wall here. I have something to do elsewhere, so come back when you go."

Luo Li immediately nodded and said, "Okay, Master Ye Feng, be careful."

"Um."

Ye Feng nodded slightly at this moment, then jumped up and disappeared directly.

At this time, Ye Feng asked in the middle of his eyebrows: "Demon Ancestor, where is the soul magic weapon and the cursed crystal ball you mentioned?"

Demon Ancestor immediately said: "It is buried in the pit on the southwest side of this pyramid."

Uh-huh!

Ye Feng wasted no time and immediately flew quickly in that direction.

Soon Ye Feng arrived at the location mentioned by Demon Ancestor.

Looking at the barren land in front of him, Ye Feng had some doubts about Demon Ancestor's words.

Because this place is completely desolate, it is really the most desolate area of the pyramid, and no one wants to come here to hunt for treasures.

"Wow!"

Ye Feng didn't hesitate and started digging into the barren land in front of him.

"when!"

Suddenly at a certain moment, the demon-slaying sword digging in the soil in Ye Feng's hand seemed to hit something solid.

Ye Feng's eyes lit up and he immediately dug out all the surrounding soil.

Then Ye Feng saw a very dark-looking crystal ball appearing in Ye Feng's field of vision.

This crystal ball looks very magical. It has been buried in the soil for countless years. It has no trace of decay. Instead, it emits a faint black light and looks very beautiful.

this

At that moment, the Demon Ancestor in the center of his eyebrows immediately spoke out: "This is the crystal ball, called the Cursed Crystal Ball. It was left behind by the 'Cursed Demon Lord', a great figure in the demonic world who was extremely talented and brilliant at that time. Boy Ye Feng, if you refine it, If it succeeds, the power of your soul attack will be increased to another level."

Hearing what Demon Ancestor said, Ye Feng immediately nodded and started refining the cursed crystal ball in his hand.

For Ye Feng, if this cursed crystal ball is really as powerful as the Demon Ancestor said, then he will have another powerful trump card, and it will also be a mysterious soul-level attack trump card.

Ye Feng had always ignored attacks at the soul master level before.

In fact, attacks at the soul master level can be very powerful if used properly.

The skeleton mage from before almost plunged the entire team into a quagmire of battle with his weird soul-level attacks on his own.

Even a super powerful martial arts expert like Senior Brother Gu would have a hard time dealing with a weird soul master like Skeleton Mage.

So for Ye Feng, after this experience, he felt that he should improve his soul-level attack methods.

At this time, Ye Feng's eyes revealed a hint of anticipation, and he directly began to input his soul power into his cursed crystal ball.

This cursed crystal ball is a soul magic weapon at the soul level, so if you want to refine it, the input is soul power, not your own mana or spiritual power.

"Buzz!"

At this time, as Ye Feng input his soul power, the cursed crystal ball in his hand suddenly lit up with a bright black light.

Uh-huh!

Suddenly, there is

A black soul suddenly charged towards Ye Feng.

It was a little Yuanshen man wearing a black robe, with a ferocious smile on his face. He got directly into Ye Feng's eyebrows and let out a hearty laugh: "Hahaha! How many years have passed! I cursed the Demon Lord As long as you take away this body, you can dominate the world again!"

"boom!"

But before the man who cursed the devil could finish his words, a terrifying light of thunder suddenly hit the man who cursed the devil.

"ah!!!"

This villain of the soul who cursed the demon king only had time to let out a scream, and the whole soul was instantly wiped out!

It has to be said that this Cursed Demon Lord is still much weaker than the Demon Ancestor after all, and cannot withstand an attack from the thunder mark in Ye Fengmei's heart.

The Demon Ancestor is worthy of being the first monster in the world. Even if there is only one soul left, it can still resist the destruction of the thunder secret power of the dominant level such as the Thunder Mark.

At this time, in the Thunder Prison, the Demon Ancestor looked at the Cursed Demon King that was wiped out in ashes, and sighed slightly, seeming to think of the tragic fate of being imprisoned at this time.

At this moment, after Ye Feng destroyed the villain of the cursed devil, he immediately refined the cursed crystal ball in his hand.

Buzz!

The moment he refined the cursed crystal ball, Ye Feng immediately sensed that he had very skilled control over the soul magic weapon in his hand.

At this moment, Ye Feng can realize that when he casts this cursed crystal ball, he will release a series of curse powers from the cursed crystal ball, which can curse the enemy's soul and greatly limit the enemy's mobility and vitality. .

"This seems to be a soul magic weapon that can greatly weaken the enemy's vitality."

At this time, Ye Feng couldn't help but murmured.

\u003e "Master Ye Feng, save me!"

Suddenly at this moment, an urgent cry for help suddenly came from a certain direction not far away.

"Oops! It's Luo Li!"

Ye Feng's expression changed at this moment, and he immediately flew quickly in that direction.

When Ye Feng used the space gem to teleport to the ninth floor of the pyramid where Luo Li was, he immediately saw an incredible scene.

I saw that the mural totems on the surrounding ancient walls actually emitted bright light, and Luo Li quickly absorbed it.

"Uh-huh!"

Ye Feng did not hesitate at this moment, and immediately rushed over, grabbed Luo Li's little hand, and wanted to pull Luo Li out of the mural.

"boom!!"

But the next moment, what made Ye Feng's eyes change was that the resurrected mural totem on the ancient wall was so terrifying that it pulled Ye Feng directly into the wall and disappeared together with Luo Li. trace.

"Junior Brother Ye!!"

Senior Brother Gu flew over from not far away, but he was still late because Ye Feng and Luo Li had disappeared into the mural totems on the ancient wall in front of them.

Uh-huh! Uh-huh!

At this moment, Bai Ling, Senior Sister Lan, and a group of family guards from the Luoshen family also rushed over.

Senior Brother Gu said aloud: "Let's not act rashly. There seems to be a special independent space in the mural on this wall."

Bai Ling couldn't help but said: "Brother Gu, do you mean that Junior Brother Feng and Luo Li were sucked into the mural space?"

"Yes."

Senior Brother Gu nodded and said: "Let's think of a way to see if we can reactivate the mural totem on this wall, enter the mural space, and rescue Junior Brother Ye and Luo Li, their employer."

Chapter 3656 Luo Shen Phantom

At this moment, Ye Feng and Luo Li were indeed sucked into the mural space on the wall.

This is an independent space, very vast, and the surrounding land has no end at a glance.

At this time, after a brief panic, Luo Li also calmed down. Looking at the strange space around him, he couldn't help but said: "Master Ye Feng, I'm sorry for causing you to enter this strange independent space with me. I don't know if I can go out."

If Luo Li was alone, she would probably be so helpless that she would want to cry.

But having Ye Feng by his side made Luo Li, the eldest lady of the Luoshen family, feel much more at ease.

At this time, Luo Li seemed to blame herself, lowering her head slightly, her beautiful face a little sad.

But the next moment, Ye Feng just smiled slightly and said: "It's okay, my original duty is to protect you, Miss Luo Li, and if we enter this mural space, it may not be a bad thing, maybe it's us A great opportunity for the two of them."

"Um?"

Hearing what Ye Feng said, Luo Li suddenly showed a trace of surprise in her eyes.

Ye Feng continued to speak: "Since your bloodline has sensed this mural space, it means that the mural space we are in now contains the Luo Shen ancient scrolls of your Luo family, and maybe there are others. Extraordinary opportunity."

At this time, Ye Feng said, and then directly emitted his huge soul power and began to explore the entire independent space around him.

"Um?"

At this moment, Ye Feng immediately sensed an unusual energy fluctuation and flew quickly in that direction.

"Master Ye Feng, wait for me."

Luo Li immediately followed anxiously.

In this unfamiliar mural space, perhaps only staying with Ye Feng can give Luo Li a sense of security.

So at this time, Luo Li naturally wanted to follow Ye Feng wholeheartedly and never abandon him.

When the two of them arrived at the destination of the energy Ye Feng sensed, they both saw a very shocking scene.

I saw the skeleton of a huge ancient evil beast appearing on the ground in front of me.

The skeleton of this ancient evil beast is as towering and majestic as a mountain. It is very huge and magnificent, and it looks like it has a very shocking visual impact.

At this moment, above the bones of this huge ancient evil beast, there was a scroll emitting a faint white light.

This scroll shed a bright white light, covering the entire skeleton of the ancient evil beast, making the entire world very quiet, and seemed to be suppressing the bones of this ancient evil beast, preventing this ancient evil beast from resurrecting.

However, it seems that too many years have passed, so this ancient evil beast has decayed and completely died.

At this moment, Luo Li's beautiful eyes were staring at the scroll floating in the sky not far away. Tears filled her eyes and she almost burst into tears: "Lucky Goddess Ancient Scroll, I have lived up to my fate and finally found it..."

Along the way, Luo Li, a young girl, used her thin shoulders to support almost everything, supporting the rise and fall of the entire family's future destiny.

So Luo Li seemed to be very calm, but in fact, she was under too much pressure along the way.

Perhaps this journey will be more important to Ye Feng and a group of martial arts practitioners from all realms.

For the academy's talented students, it's just a mission, and it doesn't matter if it fails.

But for Luo Li, this journey will determine the life and death of thousands of people in the entire family behind her, as well as the future destiny of the entire family.

So at this time, finally seeing the Luoshen Ancient Scrolls that she had dreamed of, it was already in front of her eyes. No matter how determined Luo Li was in her heart, she couldn't help but burst into tears at this time.

At this moment, Ye Feng said aloud: "Let me investigate first to see if the bones of the ancient evil beast are really dead, otherwise it may be dangerous."

"Uh-huh!"

Luo Li naturally nodded in agreement.

For Luo Li, now that she had seen with her own eyes the ancient Luoshen scrolls left by her ancestors, her hanging heart was finally relieved.

At this moment, as the two of them were walking, Ye Feng said aloud: "I estimate that the Luo Shen, the ancestor of your Luo family, left the Luo Shen scroll here to suppress this ancient evil beast. Countless years have passed. Now, this ancient evil beast has become a skeleton, so we should be able to take away the Luo Shen scroll."

At this time, Ye Feng said, and then asked Luo Li to wait where he was. He flew alone not far from the huge mountain-like bones of ancient evil beasts in front, wanting to carefully explore whether there was any danger.

"Buzz!"

But at the moment when Ye Feng was approaching, a bright and boundless divine light suddenly burst out from the Luoshen Ancient Scroll.

This piece of divine light directly formed a huge human-shaped shadow on the scene.

This humanoid phantom should be the phantom of will in the ancient scrolls of Luo Shen, the ancestor of the Luo family, Luo Shen.

This is a being who dares to call himself a "god". He is definitely an extremely terrifying ancient powerful man. He was probably a dominator-level figure back then.

"I sense the blood aura of my descendants."

Luo Shen Xuying suddenly spoke up at this time, with a hint of sigh in his tone.

Buzz!

Suddenly, a ray of light shone from Luo Shen Xuying's body and enveloped Luo Li not far away.

Luo Shen Xuying said aloud: "It's my fault that I left the Luo Shen Ancient Scrolls in this dark place, which caused my family to become weaker and weaker. The blood of my pure blood descendants has now become so thin that their talents are so weak." Low... Back then, our Luoshen clan was one of the most powerful bloodlines in the Origin World, but now we are in such a state of decline..."

Hearing what Luo Shen Xuying said, Luo Li immediately burst into tears, knelt directly on the ground, and said loudly: "Please ask the ancestors to revive our Luo Shen family."

"I can't do it anymore. I've been dead for too many years. I don't have time anymore."

Luoshen Phantom suddenly spoke: "However, I will reactivate and revive the Luoshen Lord bloodline in your body. In the future, you will inherit my will and power and lead our Luoshen family to glory again."

boom!

Almost at this moment, a mysterious and boundless white light burst out from Luo Shen's virtual shadow, directly covering Luo Li underneath.

At this moment, Luo Li's entire bloodline and talent were being transformed by a dominator-level figure!

Not far away, Ye Feng stopped at the edge and was sincerely happy for the miserable Luo Li girl.

From today on, Luo Li will be completely reborn and achieve the glory of the ancient Luo God! At this moment, Ye Feng and Luo Li were indeed sucked into the mural space on the wall.

From today on, Luo Li will be completely reborn and achieve the glory of the ancient Luo God!

Chapter 3657: Treat others with sincerity

Buzz!

At this moment, Luo Li's whole person was undergoing earth-shaking changes.

You must know that this is the will of the ancient Luo Shen at the dominance level. He personally cleanses Luo Li's marrow and cuts his veins, improves his bloodline level, and strengthens his cultivation talent.

So at this time, Luo Li's cultivation talent will be promoted to an unparalleled level.

After all, this is Luo Shen personally improving Luo Li's talent potential.

Ye Feng, who was not far away, saw this scene and showed a happy smile on his face.

This poor girl finally got what she deserved.

"Boy Ye Feng, that dead ancient evil beast seems to be called the 'Dark Evil Qilin'. Although it has been dead for countless years, the inherited bones of the Dark Evil Qilin should be preserved in it. You can go and check it out."

The Demon Ancestor's voice suddenly sounded in his mind.

When Ye Feng heard this, his eyes moved slightly.

It seems that this demon ancestor is still very useful in the space between his eyebrows. He seems to be quite knowledgeable about various things.

Uh-huh!

At this time, Luoshen was improving Luo Li's cultivation talent and bloodline level.

Ye Feng flew directly to the bones of the ancient evil beast not far away that had been dead for countless years.

According to the Demon Ancestor, this ancient evil beast seems to be called the Dark Evil Qilin, and it is a very powerful ferocious beast from the ancient times.

But precisely because this ancient evil beast is so ancient and ferocious, even if it has died for countless years, the huge bones left behind are still very precious and can be said to be priceless, because this kind of ancient era will certainly not appear in ordinary places. of ferocious beasts. '

Buzz!

At this moment, Ye Feng directly emitted his soul power and began to envelope the extremely ferocious dark evil unicorn from the ancient times in front of him.

Fortunately, this dark evil unicorn was completely dead, so Ye Feng did not encounter any danger. He soon discovered a bone shining with dark light, which was embedded in the center of this huge skeleton.

Uh-huh!

At this moment, Ye Feng stretched out his hand and grabbed the bone that exuded dark light.

Buzz!

At this moment, Ye Feng could sense a very ancient and sinister power from the bones that exuded dark light.

"This should be the inherited bone of this dark evil unicorn."

Ye Feng didn't hesitate at this time. He directly released his soul power and began to explore this inherited bone.

"Buzz!"

Almost at this moment, Ye Feng immediately obtained a very mysterious inheritance message from this inherited bone, called the 'Dark Kirin Malignant Transformation'.

Once this powerful inheritance is used, Ye Feng can instantly transform into the true form of a dark evil unicorn from ancient times. Just like the law of the beast tribe, Ye Feng directly transforms into

a majestic and boundless dark evil unicorn with unique characteristics. The overwhelming power of ancient evil beasts.

After getting this inheritance information, Ye Feng's eyes suddenly lit up.

I finally got a set of inheritance that can give full play to my body's strength.

Ye Feng knew that if he used this trick "

"Dark Kirin Malignant Transformation", he turned into an ancient evil beast, the Dark Evil Kirin, so combined with his extremely powerful physical strength, it will be a powerful combination. The power of the ancient evil beast plus the power of his Hongmeng Immortal Body will definitely Very scary!

"Huh? A very good young man, who can instantly understand the inheritance of this ancient evil unicorn. Your understanding is the best I have ever seen."

Suddenly at this moment, a rather appreciative voice suddenly sounded from a direction not far away.

Ye Feng immediately looked over and found the shadow of Luo Shen's will staring at him.

Ye Feng quickly clasped his fists and said, "Junior Ye Feng, I have met senior Luo Shen."

This Luo Shen was an ancient and powerful figure at the dominance level back then.

Very powerful.

At this moment, Luo Shen Xuying immediately smiled and said: "This girl Luo Li told me that you have been escorting her here, and you have not despised Luo Li because my Luo family has declined. Instead, treat her as an equal friend. That's great. A young man like you deserves to be this girl Luo Li's closest friend."

At this moment, Luo Li not far away was exuding a faint white holy light and looked extremely holy. It was obvious that her talent and bloodline had been raised to the extreme and she had become a proud woman of heaven.

But at this time, Luo Li looked at Ye Feng, not condescending at all, but said to Luo Shen Xuying very sincerely: "Ancestor, Mr. Ye Feng is very kind to me. I also ask my ancestors to give Mr. Ye Feng a chance. Good luck, Master Ye Feng can also benefit from it."

Hearing what Luo Li said, Ye Feng's eyes flashed with relief.

He didn't protect Luo Li for nothing.

This Luo Li has now had a huge improvement in his cultivation talent potential, and has also gained the power of a big shot at the level of the ancestral master.

So now Luo Li has suddenly become more powerful than Ye Feng, or even senior students such as Senior Brother Bai.

But even so, Luo Li did not abandon Ye Feng because of this, but instead begged her ancestors to give Ye Feng a chance.

Such repayment of kindness made Ye Feng feel quite warm in his heart.

Sure enough, if you treat others with sincerity, others will treat you with sincerity.

If Ye Feng hadn't formed a good relationship with Luo Li before, he probably wouldn't have been able to obtain Luo Shen's good fortune now.

At this moment, hearing Luo Li's plea for good fortune for Ye Feng, Luo Shen nodded slightly, looked at Ye Feng not far away, and said slowly: "You young man, you deserve a good fortune from me, carefully." Receive the last of my energy!"

boom!

Almost at this moment, a bright white holy light burst out from the body of Luo Shen's shadow, directly turning into a huge beam of light, directly covering Ye Feng who was standing underneath.

"Buzz!"

Almost at the moment when Ye Feng was enveloped by this white beam of light, Ye Feng immediately felt that a very high-level and pure huge energy was directly injected into his body, which was in his limbs. Surging.

Ye Feng's eyes immediately revealed a look of ecstasy, because he knew that this was the pure energy of Luo Shen, an ancient master-level figure, and it was probably the most essential energy.

"Rumble..."

At this moment, Ye Feng could feel that the power reserve in his dantian suddenly began to increase rapidly and crazily! Buzz!

At this moment, Luo Li's whole person was undergoing earth-shaking changes.

"Buzz!"

Almost at the moment when Ye Feng was enveloped by this white beam of light, Ye Feng immediately felt that a very high-level and pure huge energy was directly injected into his body, which was being injected into his limbs. Surging.

Ye Feng's eyes immediately revealed a look of ecstasy, because he knew that this was the pure energy of Luo Shen, an ancient master-level figure, and it was probably the most essential energy.

"Rumble..."

At this moment, Ye Feng could feel that the power reserve in his dantian suddenly began to increase rapidly and crazily!

Chapter 3658 The power of Luo Shen

Buzz! Buzz! Buzz...

At this time, Ye Feng's cultivation level suddenly began to rise.

"boom!"

Zhoutian Realm Eighth Heaven!

"boom!"

Zhoutian Realm Ninth Heaven!

"boom!"

The tenth level of Zhoutian Realm is complete! !

At this time, Ye Feng's eyes were filled with deep ecstasy.

Because this time, my cultivation level suddenly broke through the third level of heaven.

And it goes far beyond that.

Because the energy beam released by Luo Shen was still injecting a steady stream of majestic energy into Ye Feng.

"boom!"

At a certain moment, Ye Feng finally broke through a big bottleneck again.

From the tenth level of the Zhoutian Realm, he broke through the shackles and directly broke through to the Infinite Realm above the Zhoutian Realm! !

At this moment, Ye Feng's cultivation level has entered the first level of the Infinite Realm.

Entered a whole new level of cultivation.

Buzz!

At this moment, Ye Feng's whole body was filled with extremely terrifying energy.

At this time, Ye Feng was many times more powerful than before.

Ye Feng could feel that after he entered the new and powerful realm of the Infinite Realm, his combat effectiveness suddenly changed drastically.

This made Ye Feng look a little sad.

If you rely on your own cultivation, you still don't know when it will take you to break through to a big realm.

But now, with Luo Shen directly inputting huge energy into himself, which is equivalent to the initiation of skill, the breakthrough will naturally be very fast.

Moreover, Ye Feng could feel at this time that there was another high-level energy exclusive to Luo Shen in his body, which could make him

During the battle, part of the power belonging to Luo Shen burst out.

Because the energy input by Luo Shen's phantom to Ye Feng before was definitely the extremely advanced Luo Shen's exclusive dominating power.

Therefore, after Ye Feng absorbed this Luoshen energy, he naturally integrated part of the Luoshen attribute energy into his body, which allowed Ye Feng's power to be blessed by the Luoshen attribute.

At this moment, Luo Shen's shadow has become very dim.

Obviously, he helped Luo Li improve his bloodline and talent, and finally gave Ye Feng a cultivation initiation, which exhausted his last energy and could no longer exist in this world for much longer.

At this time, Luo Shen Xuying looked at Ye Feng and said aloud: "I hope you will continue to take good care of this girl Luo Li and protect her from truly growing up. This is my last wish, and it is also the reason why I will give you the power initiation. One last request."

Hearing this, Ye Feng immediately clasped his fists and said: "Senior Luo Shen, don't worry, I will definitely take good care of Miss Luo Li in the future! Not only is it a repayment for the skill initiation that Senior Luo Shen gave me, Miss Luo Li is also my friend."

Hearing what Ye Feng said, Luo Shen Xuying nodded and seemed relieved.

After all, although Luo Li has now been transformed into the most powerful Luo Shen talent, Luo Li's cultivation strength has not fully grown after all, and is still relatively weak.

Because Luo Li couldn't be like Ye Feng, who was directly empowered by Luo Shen's skills and could quickly improve his cultivation level.

It is estimated that only Ye Feng in the world can achieve this kind of ability.

Otherwise, Luo Shen Xuying will definitely impart his final skills to Luo Li, the descendant, instead of Ye Feng, an outsider.

But there is no way.

So Luoshen Xuying asked Ye Fengcheng to do a favor and let Ye Feng protect Luo Li, who had not yet fully grown up.

At this moment, Luo Shen Xuying finally said something to Luo Li: "Girl, I secretly took the Luo Shen ancient scrolls to suppress the ancient evil beasts here, and delayed the development of the entire Luo family for so many years. I am ashamed. To the Luo family, I hope that in the future, you can lead the Luo family to glory again. I have just helped you activate all of your current cultivation talents and bloodline potential. Moreover, your current physique is the same as mine back then. You have been reborn and become the 'Ancient Luo Shen Physique'. It is definitely no less than the top

physiques of the origin world. You must practice well and don't live up to my expectations for you. I don't have much time. I will send you back in the end. Go outside this mural space..."

Buzz!

Almost at the moment Luo Shen Xuying's words fell, a ray of light immediately enveloped Ye Feng and Luo Li below, trying to send them out of this mural space.

"By the way! There is still the skeleton of the dark evil unicorn that has not been collected. Although it has no vitality, the bones that are as majestic as a mountain are also priceless. After all, they are ancient evil beasts that can fight with the Lord."

At this moment, Ye Feng quickly stretched out his hand to grab it, and finally collected the skeleton of the dark evil unicorn into his storage ring before teleporting it out.

Although the most precious thing on this dark evil unicorn, the inheritance bone, has been obtained by Ye Feng.

But the entire skeleton of the dark evil unicorn is also of great value.

After all, this was the ancient ferocious beast that could fight the Luo Shen back then.

Buzz!

At this moment, there was a violent spatial dizziness.

Ye Feng and Luo Li were teleported out of the mural space.

"leaf

Junior brother, are you okay? "

"Junior Brother Feng!"

"Miss, are you okay?"

"As long as it's safe, young lady!"

...

At this moment, on the ninth floor of the pyramid outside the mural space, everyone was waiting for the two to come out.

At this time, seeing Ye Feng and Luo Li come out of the mural space safely, they all said happily.

"I'm fine."

At this time, Ye Feng faced the worried looks of Senior Brother Gu, Bai Ling and Senior Sister Lan, and just smiled and said, "Not only am I fine, but I have also been blessed by chance."

"Junior Brother Ye, the aura of cultivation in you has directly broken through to a great realm!"

At this moment, Senior Brother Gu was the first to notice the change in Ye Feng's cultivation aura, and his expression suddenly showed horror.

Because in a short period of time, Ye Feng suddenly crossed a huge realm, which was really an incredible feeling.

At this time, Bai Ling was also very curious and couldn't help walking up to Ye Feng and said loudly: "Junior Brother Feng, your improvement in cultivation is too outrageous. You have directly crossed a huge realm! What will you get?" What kind of chance is this? Tell us quickly and share it with us. I'm so curious!"

At this moment, the eyes of Bai Ling, Senior Brother Gu and Senior Sister Lan were full of deep curiosity.

Because they really wanted to know what luck Ye Feng got in that mysterious mural space, and how he could improve his cultivation so quickly and directly break through to the first level of the

Infinite Realm, which is so far away from them. The cultivation level of veteran students is only a few realms away, only one or two realms away.

The speed of this breakthrough is really amazing.

Chapter 3659 Too difficult

At this time, facing everyone's curiosity, Ye Feng felt that there was no need to hide it, so he directly told what he had experienced in the mural space.

After listening to everything Ye Feng said, several people present couldn't help but look a little sad.

They never expected that Ye Feng would actually be recognized by the ancient powerhouse, Luo Shen, and thus receive the blessing of Luo Shen's power.

No wonder it improved so quickly all of a sudden.

You must know that the legendary ancient powerhouse Luo Shen was definitely a powerful figure in the origin world. He was definitely a master-level existence, even more powerful than an ordinary interface master. .??.

Therefore, with the blessing of Luo Shen's power, it is not surprising that Ye Feng's cultivation level can improve so quickly.

"So, Miss Luo Li has now obtained all the talents and potential of the ancient Luo God?"

After hearing Ye Feng's words, Senior Brother Gu suddenly stared at Luo Li not far away with surprised eyes.

At this time, Bai Ling and Senior Sister Lan also looked over.

They immediately saw that since Luo Li came out of the mural space, her whole body was exuding a faint holy light, and she looked completely different from before.

If Luo Li was just a natural beauty before, now, Luo Li has an extraterrestrial beauty than before. She is so holy that she feels like she is looking at a nine-day fairy.

"This is like leaping through the Dragon Gate." Bai Ling said with some envy at this moment.

Because everyone can see that Luo Li has completely transformed into a greater being.

At this time, Luo Li's talent potential in cultivation may be even more powerful than the veteran students present, and it may be much more powerful, but it has not yet fully grown.

But everyone knows that once Luo Li joins the Wanjie Martial Arts Academy, her strength will undergo earth-shaking changes, and will even cause many seniors in the academy to compete to be accepted as their disciples.

Because you must know that Luo Li has now achieved the Ancient Luo God Body, and his potential in the future is limitless. As long as he practices normally, he is very likely to become a new master in the future.

The Overlord is currently the most powerful creature in the Origin World.

Therefore, if you meet a good young man who can become a master through normal cultivation, the Ten Thousand Realms Martial Arts Academy will definitely take it seriously.

At this moment, Luo Li didn't seem to know how brilliant and glorious her future would be.

At this time, the only thing she was thinking about was to quickly return to the Luo family with the Luo Shen scrolls and reverse the family's luck.

At this moment, Luo Li looked at the entire team members of the Wanjie Martial Arts Academy in front of him and said aloud: "This time I am able to come here and get the Luoshen Ancient Scroll. Thanks to you, I will definitely pay the reward I promised you." of."

After finishing speaking, Luo Li directly took off a storage ring in his hand, then handed it to Senior Brother Gu in front of him, and said loudly: "There are the rewards I promised you, all in it, and then you Just distribute it yourself."

At this time, Luo Li said, and then looked at Ye Feng in the crowd. Her eyes suddenly became different. She was very close. She walked in front of Ye Feng and whispered shyly: "Master Ye

Feng, this Thank you very much for protecting me all the way and always treating me as an equal friend, which gave me great self-esteem and confidence. Thank you.”

Ye Feng smiled slightly and said aloud: "This is as it should be. We are friends now. By the way, will you go back directly now?"

"Um."

Luo Li nodded and said aloud: "I will hurry back with the family guards and put the Luoshen scrolls I got back into the family's ancestral temple, so that we can revive the luck of our Luoshen family. Wait for everything After taking care of it, I will definitely go to the Wanjie Martial Arts Academy, and then... look for you, Mr. Ye Feng."

Ye Feng heard this and looked at Luo Li who seemed a little shy in front of him. He couldn't help showing a trace of surprise in his eyes, and then immediately said with a smile: "Okay, then I will wait for you at the Wanjie Martial Arts Academy. With Luo Li Girl, with your current talent and qualifications, it is estimated that if you enter the Ten Thousand Realms Martial Arts Academy, countless big shots will compete to accept you as a disciple. Even the upper echelons of the Ten Thousand Realms Martial Arts Academy will treat you like a treasure. When the time comes, your Because of my high status, I might forget about me, an ordinary new student."

Ye Feng said this, obviously joking.

But the girl Luo Li seemed to take it seriously.

The expression on Luo Li's beautiful face suddenly changed, she seemed to be very anxious to grab Ye Feng's palm, and said loudly: "No, no! I will never forget you, Mr. Ye Feng!" Mr. Feng is the kindest and most sincere person I have ever seen. He is different from anyone else. Only Mr. Ye Feng always treated me as a true equal when I was at my lowest, and not as a human being. One other person

In this way, I look down on you when I'm down, and I fawn over you when I'm brilliant. Mr. Ye Feng is not such a person. I like being with Mr. Ye Feng very much. "

At this moment, Luo Li was speaking, and her tone even had a changed tone, which made Ye Feng couldn't help but stare blankly.

At this time, Luo Li seemed to realize that her actions were a little too close and her words were a little too rude.

This made Luo Li immediately let go of his hand, quickly took a step back, lowered his head and whispered: "Master Ye Feng, I will leave here with the family guards first. I will definitely take care of myself when we meet again next time." Thank you very much, Mr. Ye Feng."

Buzz!

After finishing speaking, Luo Li directly threw out a boundary-breaking bead, and immediately disappeared from the scene with a group of dozens of Luo family guards.

There are only four people left in the entire pyramid: Ye Feng, Senior Brother Gu, Senior Sister Lan and Bai Ling.

At this moment, Senior Brother Gu patted Ye Feng's shoulder and said with some envy: "Junior Brother Ye, it seems that Miss Luo Li has a very unusual attitude towards you. I'm so envious. This is an innate girl." Lord, the future proud daughter of the entire Ten Thousand Realms Martial Arts Academy. Unfortunately, I didn't think of this before and failed to grasp this beautiful girl with great potential."

Ye Feng grinned and said, "Senior Brother Gu, you are overthinking. It's just that I have always been responsible for protecting Miss Luo Li's safety, so maybe she is quite close to me."

"Don't act stupid."

Senior Brother Gu glanced at Ye Feng, then looked at Senior Sister Lan and Bai Ling beside him, and said loudly: "Even a grown man like me has noticed it. You guys should also tell me what Miss Luo Li said to Junior Brother Ye in the end." Is it a confession?"

Senior Sister Lan glanced at Bai Ling beside her and found that Bai Ling's beautiful face seemed to have a different and ugly expression.

She immediately understood something. It was estimated that she, Senior Sister Bai Ling, had already secretly expressed her love for Junior Brother Ye Feng.

When Senior Sister Lan saw that Senior Brother Gu was still talking nonsense, she immediately kicked Senior Brother Gu and said, "Stop saying a few words! The most important thing for us now is to explore another ancient thing that Junior Brother Ye Feng analyzed before. Relics of civilization, relics of the beast-controlling dynasty."

Hearing what Senior Sister Lan said, Senior Brother Gu seemed to have not yet reacted, and couldn't help but said: "Why are you kicking me? What I said is true! Didn't you really see that Miss Luo Li treated Junior Brother Ye I definitely like it so much that even a grown man like me can tell..."

Uh-huh!

Sudden

Bai Ling flew into the distance and disappeared in a blink of an eye.

Senior Brother Gu quickly shouted to Bai Ling's leaving back: "Junior Sister Bai! Don't leave! You are also a girl. Let's discuss together whether Miss Luo Li means anything to Junior Brother Ye...ah!"

Next, Senior Brother Gu was kicked by Senior Sister Lan again.

At this time, Senior Sister Lan looked at Ye Feng and said, "Junior Brother Ye Feng, go and see Bai Ling. She seems a little unhappy."

Ye Feng nodded and chased Bai Ling directly.

Senior Brother Gu glanced at Senior Sister Lan and said, "Senior Sister Lan, what's wrong with each of you? Miss Luo Li may be the most noble and proud daughter of our Ten Thousand Realms Martial Arts Academy in the future. If she likes Junior Brother Ye, in the future we will This team can also be of great help, you don't want to talk about it!"

Senior Sister Lan looked at Ye Feng and Bai Ling leaving in the distance, and immediately looked at Senior Brother Gu with a cold eyebrow, and said, "Can't you see that this girl Bai Ling looks unhappy?"

Senior Brother Gu's eyes were stunned and he said, "What do you mean? You mean... Could it be that this girl Bai Ling also likes Junior Brother Ye?"

Senior Sister Lan glanced at Senior Brother Gu and said, "You stupid head has finally come to your senses."

"this....."

Senior Brother Gu was a little stunned, then frowned and said: "This is a bit difficult to handle. If I were Junior Brother Ye, it would be really difficult for me to choose. I would choose Bai Ling, who is smart, generous and considerate. Or choose the gentle, beautiful and proud girl Luo Li? It's difficult, it's too difficult..."

"Snapped!"

Senior Sister Lan gave Senior Brother Gu a slap and said: "Stop fantasizing. I see you are drooling. You should think about how to coordinate how Junior Brother Ye and Junior Sister Bai Ling will get along in the future. After all, I don't want our team to get along because of this." Disappeared because of something."

"Yes!"

Senior Brother Gu covered the big bump on his head that was hit by a slap, and said very seriously: "We must not let this team break up because of such a trivial matter! I will persuade Junior Brother Ye to choose Junior Sister Bai Ling! I think In the future, Miss Luo Li may look down on Junior Brother Ye less and less as her status and horizons improve. I have seen many girls like this. At the beginning, her status was relatively low and she thought Junior Brother Ye was very good. But in the future She comes into contact with more and more important people, and her own conditions are getting better and better, so she will abandon Junior Brother Ye."

Senior Sister Lan nodded slightly and said, "I think so too. People will always change. Let's go and take a look."

Chapter 3660 is a bit heavy

At this moment, in a jungle outside the pyramid, Bai Ling stood there, his eyes a little red, and his mood was obviously a little low, even a little sad.

Uh-huh!

At this time, Ye Feng flew over, came behind Bai Ling, and said slowly: "Senior Sister Bai Ling, are you okay?"

At this time, Bai Ling suppressed the feeling of crying in his heart, turned around, said with a smile: "I'm fine, I just felt a little uncomfortable suddenly, so I wanted to come out for some air."

When Ye Feng heard what Bai Ling said, he sighed slightly and said: "Sister Bai Ling, there is really nothing between me and Miss Luo Li. It's just that I have always been responsible for protecting her safety, so she can I'm closer."

When Bai Ling heard this, his eyes lit up and he said, "Really?"

Ye Feng nodded and said: "That's it for now anyway. As for the future, when Miss Luo Li becomes the proud daughter of Heaven in the Wanjie Martial Arts Academy, she may forget about me."

Bai Ling's eyes showed a sad look, and he said aloud: "It would be great if I was like her, a descendant of the master."

Hearing this, Ye Feng couldn't help but smile slightly and said: "Senior Sister Bai Ling, your talent is also very powerful, and after the transformation of my light attribute treasure, your current cultivation talent, as long as you work hard, you will definitely be able to become a very good person in the future. A powerful presence."

When Bai Ling heard what Ye Feng said, he finally couldn't help but laugh. He walked up to Ye Feng, hugged Ye Feng's shoulders generously, and said loudly: "Junior Brother Feng, thank you for your comfort. I am now I feel much better, and I have figured it out, as long as I live well in the present, who can say for sure in the future, maybe one day I will encounter some good luck and become very powerful, making Junior Brother Feng look at me with admiration. "

Feeling the warmth beside him, Ye Feng couldn't help but touch his nose and said with a smile: "I have always admired Senior Sister Bai Ling."

While the two were talking, Senior Brother Gu and Senior Sister Lan flew over not far away.

They originally wanted to persuade the two of them and wanted to ease their relationship.

But now they saw Bai Ling hugging Ye Feng for the first time, seeming to be talking and laughing, and Senior Sister Lan was immediately relieved.

Senior Brother Gu was dumbfounded, and then secretly gave Ye Feng a thumbs up, "You really are a kid."

At this time, Bai Ling saw Senior Brother Gu and Senior Sister Lan coming over, he couldn't help but let go of Ye Feng, and then said loudly: "Now that everyone is here, let's go directly to the civilization ruins of the Beast Control Dynasty. I hope We get good things from the civilizational ruins of this beast-controlling dynasty."

Previously, Ye Feng analyzed the location of the ancient civilization relics of the Beast Control Dynasty from the surface of a large red scorpion.

Therefore, all members of the small team want to go there as soon as possible to see if they can get any good opportunities.

"Wait a moment."

Senior Brother Gu suddenly spoke up at this time: "Let's allocate the rewards for this mission first."

After finishing speaking, Senior Brother Gu directly opened the storage ring that Luo Li had given him before.

Wow!

At this moment, piles of shining diamonds flew out of the storage ring, and then piled up on the ground. In front of the four people, they piled up to the size of a small mountain.

Seeing this, Senior Brother Gu immediately smiled and said: "This time our employer is paid with extremely high-quality spiritual diamonds. These spiritual diamonds can be said to be the hard currency of our dark world. Among the Ten Thousand Realms Chamber of Commerce, , it also exists like a trading currency. Only in some very advanced large interfaces can such high-quality spiritual diamonds be mined, which are spiritual diamonds that contain extremely pure energy. "

Senior Sister Lan nodded at this time and said, "Let the four of us share these spiritual diamonds equally."

Bai Ling

He nodded and said, "I have no objection."

Ye Feng naturally didn't have any objections at this time.

Although during the entire mission, it seemed that Ye Feng and Senior Brother Gu contributed the most.

But the cooperation of the entire team is also very important.

And when we next went to the civilizational ruins of the Beast Control Dynasty, Bai Ling and Senior Brother Gu Senior Sister Lan both said that if they obtained any rare and exotic fruits that could increase their skills, they would be given priority to Ye Feng to use them to make up for Ye Feng's shortcomings in cultivation.

So at this time, Ye Feng naturally wouldn't say much.

And if these veteran students were not willing to take him on this mission this time, Ye Feng would not have had so many opportunities.

The inner elixir of the red scorpion that Senior Brother Gu killed before, as well as the inner crystal of the evil tree man, were given to Ye Feng, and Ye Feng kept them in his heart.

At this moment, the four people divided all the spiritual diamonds present equally.

Ye Feng did not directly swallow his share of the spiritual diamond.

Because Ye Feng knew that this kind of spiritual diamond was like currency, and it would be a pity to swallow it.

And you must know that in the future, Ye Feng will practice at the Ten Thousand Realms Martial Arts Academy. If he wants to purchase any resources from the Ten Thousand Realms Martial Arts Academy, he will need spiritual diamonds.

So at this time, Ye Feng naturally put all these hard-won spiritual diamonds into his storage ring.

Next, Ye Feng took Senior Brother Gu, Bai Ling and Senior Sister Lan and flew directly in the direction of the civilizational ruins of the Beast Control Dynasty based on the record map he had analyzed before.

The civilizational remains of the Beast Control Dynasty are also in this ancient lost interface.

On the way, Senior Brother Gu couldn't help but said: "It seems that such an ancient lost interface was once very glorious, and many powerful cultivation civilizations were born. However, I don't know what disasters happened. Many ancient cultivation civilizations were all destroyed. Destroyed, leaving only

Relics of civilization came one after another. "

Hearing what Senior Brother Gu said, Ye Feng suddenly thought of the ancient evil beast suppressed by Luo Shen in the pyramid mural space.

Ye Feng couldn't help but said: "Perhaps, this interface was attacked by ancient evil beasts and was completely destroyed, turning it into the depressed state it is now."

Senior Sister Lan's cold eyes also showed a hint of complexity, and she said aloud: "Such a huge ancient interface has been destroyed into such a depressed state. It seems that we are living in the world of origin. We are lucky in the advanced realm. At least we don't have to worry about the entire realm being destroyed."

Ye Feng suddenly spoke up: "Dark Demon Cult just wants to sweep away the entire world of origin."

Hearing Ye Feng talk about the Dark Demon Cult, Senior Brother Gu and others present couldn't help but fell silent, and their expressions became a little heavy.

Now the Dark Demon Cult is indeed huge and boundless in the dark world, the highest realm of the entire Origin World. Even the super ancient families and super large sects in the ninth level realm of the Origin World can only cower in fear. Located in a corner, it is difficult to fight.

At this time, Senior Brother Gu nodded slightly and said aloud: "In recent years, the Ten Thousand Realms Chamber of Commerce behind our Ten Thousand Realms Martial Arts Academy and the Dark Demon Cult have often had various conflicts and disputes. After all, the Dark Demon Cult's ambitions are really too big. It wants to rule the entire dark world, or even invade the heavens and worlds. It wants to disintegrate all the heavens and worlds, and then re-forge a brand new world. This will cause the devastation and death of hundreds of millions of creatures. We will eventually be a battle with the Dark Demon Cult in the future, which is inevitable, but we still have time to grow, and the Ten Thousand Realms Martial Arts Academy behind us can still protect us. "

Senior Sister Lan also nodded and said: "It is said that Dean Tianshu, along with many big figures from the academy, are secretly negotiating with other large sects and holy places in the ninth-level realm, as well as some ancient families, and want to unite. Let's stand up and fight against the Dark Demon Cult. I hope we can successfully unite together so that we have a better chance of winning."
