

Ancient 3681

Chapter 3681 Dominator level treasure

Hearing what Ye Feng said, the mysterious woman in front of him nodded and said loudly: "I know this, that's why I said that I want to share with you that huge chance creation. This chance creation is in this underground palace. The deepest part of the group is where the Lord of the Underworld plans to open up the interface channel in the future."

Hearing what the mysterious woman in front of him said, Ye Feng's eyes suddenly showed a hint of suspicion, and he couldn't help but said: "You don't want to lie to me and let me help you destroy the underworld for free. Are you planning to open up the interface channel?"

When the mysterious woman heard what Ye Feng said, she immediately shook her head and said loudly: "The huge chance creation I mentioned must first destroy the interface channel that the Lord of the Underworld is going to open, because only by destroying the interface channel first Only an unfinished interface channel can obtain the huge wealth left by the Lord of the Underworld's layout here. "

Ye Feng's eyes suddenly revealed a look of surprise, and he couldn't help but ask: "Did the Lord of the Underworld leave a lot of wealth here in advance?"

The mysterious woman nodded and said aloud: "In order to be able to come to this lost interface, the Lord of the Underworld used some great supernatural powers in advance and left three extremely powerful super magic weapons here. As the nodes of the interface channel, these three The extremely powerful super magic weapon can only be refined by beings at the level of the Lord of the Underworld. If we get it, it will be of great help to improve our strength. This is something that can be encountered but cannot be sought. After all, we rarely encounter it. To the treasure refined by the Lord."

"A master-level treasure?"

Hearing what this mysterious woman said, Ye Feng's eyes suddenly lit up.

To be honest, Ye Feng is really tempted now.

The Lord of the Underworld is the master of a powerful ancient interface and a master-level existence. The treasures he refines are naturally very precious and priceless. It can indeed be said that they are rare to find.

Ye Feng's eyes flickered at this moment, and then he said loudly: "Okay, then I will follow you to destroy the interface channel first, and then how do we divide the three master-level treasures?"

The mysterious woman said aloud: "I only need one of the three master treasures, called the 'Book of Resurrection of the Dead'."

Hearing what the mysterious woman said, Ye Feng showed a trace of surprise in his eyes, and couldn't help but ask: "It seems that you are very interested in these three master-level treasures that the Lord of the Underworld arranged in advance. He is so familiar with them that he even knows what these three treasures are."

The mysterious woman nodded and said aloud: "Because of my identity, I know more. The Lord of the Underworld has arranged the three master-level treasures left in advance. In addition to the Book of Resurrection of the Dead that I need, The other two master-level treasures of the underworld belong to you, of course, provided we can succeed."

Ye Feng nodded slightly and said aloud: "In that case, this deal is a good deal, but I know it must be very dangerous. By the way, do you know what the other two master treasures of the underworld are?"

The mysterious woman nodded and said aloud: "The other two master treasures are called the revenge soul spear and the ghost summoning flag. These two things are both soul-level weapons, which can greatly improve your soul master's skills. As for I saw the cursed crystal ball you used when you were dealing with the blood-red monster in the palace, and the two masters.

The level-to-treasure ratio is absolutely mediocre to the extreme. "

Ye Feng nodded slightly and said aloud: "My cursed crystal ball is just a treasure left by an ordinary cursed demon. If it is compared with the terrifying existence of the master level like the Lord of the Underworld, the refined treasure can be compared." Of course, it's nothing. Let me guess, the revenge soul spear should be an offensive magic weapon at the soul level, but what is the ghost attracting flag? "

The mysterious woman spoke out: "Once you use the ghost attracting flag, it can allow your soul to communicate with the legendary vast interface of the underworld. Through the ghost attracting flag, you can attract countless terrible ghosts from the underworld interface to deal with enemies, and They are ghosts at the soul level, which are hard to guard against. Ordinary physical practitioners cannot touch these ghosts at all, but ghosts can attack the souls of physical practitioners. If you can get the ghost summoning flag, and your soul power is strong enough If so, then you can summon a steady stream of ghosts and even form an undead army, which is invincible, allowing you to occupy a place in many large interfaces, and even create your own kingdom of power."

Hearing what this mysterious woman said, Ye Feng's eyes suddenly showed surprise.

It seems that this ghost attracting flag is the most powerful among the three treasures.

But Ye Feng knew that the Book of Resurrection of the Dead that this mysterious woman needed must be very ancient and mysterious.

Ye Feng didn't know what magical effect the Book of Resurrection of the Dead had, but the mysterious woman didn't introduce it either.

Regardless, this is a very good deal.

If it really succeeds, Ye Feng will get two master-level treasures, the Revenge Soul Spear and the Shadow Soul Recruiting Flag, which are also magic weapons refined by the very special Lord of the Underworld to specifically deal with the soul level.

It will definitely be of great help to the improvement of Ye Feng's comprehensive strength.

At this time, Ye Feng thought for a moment, then immediately nodded and said: "Okay, this cooperation is very attractive to me, then I will help you destroy the one laid out by the Lord of the Underworld, The interface channel has not yet been completed, but one thing I want to make clear is that if we encounter any irresistible danger, our cooperation can be stopped in an instant, and I will not die in vain. "

"good."

The mysterious woman nodded and said loudly: "Then it's settled."

At this time, the mysterious woman seemed to be quite anxious and said: "Then let's go directly there now."

Ye Feng shook his head and said aloud: "I will go find a few of my friends first to see if they are in danger."

When the mysterious woman heard what Ye Feng said, she immediately said, "Then I'll go with you."

This mysterious woman seemed to be afraid that Ye Feng, an extremely powerful young man, would run away.

After all, this mysterious woman has lived in this underground palace complex for many years, and she can't find any other helper in a short time.

Good or not

It is easy to meet Ye Feng, a young and powerful man from another interface, so she naturally wants to firmly grasp Ye Feng's powerful help.

At this moment, Ye Feng nodded slightly and did not refuse, but flew directly towards a certain direction in the distance.

He wanted to see if Baby Haoran and Big Chongzi were in danger.

But just when Ye Feng reached the second palace, he saw a very bloody scene.

The big insect's entire body was pierced, and he was nailed to the wall of the palace by a very terrifying spear.

A coffin in the palace exploded, and the monster inside disappeared.

It is estimated that the big bug came to the palace and wanted to dig up the coffin. As a result, a terrifying corpse-turned monster appeared in the coffin and killed the big bug.

After all, although the big insect was cultivated by Ye Feng Hongmeng's purple energy, after all, he was not as powerful as Ye Feng, and he did not have as many treasures as Baby Haoran, so he died directly, which is in line with common sense. After all, this underground palace complex is The place laid out by the Lord of the Underworld is so dangerous that only people with great luck or really powerful beings can survive.

At this moment, Ye Feng saw the scene in the palace, his eyes were a little downcast, he didn't expect the big insect to die like this.

At this time, Ye Feng was a little worried that something might have happened to Haoran's baby.

But no matter what, there is no resurrection after death.

At this time, Ye Feng buried the big insect in the nearby soil.

Seeing this scene, the mysterious woman who was following him could not help but be a little surprised and said: "It seems that you are an emotional person, just a bug, and you still bury it so solemnly."

When Ye Feng heard what the mysterious woman said, he didn't say much. Instead, he exuded his soul power and wanted to find Baby Haoran and see if Baby Haoran was in danger.

boom!

But just when Ye Feng was exuding soul power, suddenly in the ruins behind the palace, a headless knight riding a skeleton horse, holding a black spear in his hand, suddenly charged towards Ye Feng Come over.

At this moment, Ye Feng's eyes showed a hint of coldness, and he said loudly: "You should be the one who killed my big bug. I must avenge the big bug."

Boom!

At this moment, Ye Feng didn't hesitate at all, and directly released his extremely powerful hand of hell.

In an instant, the hand of hell turned into a size that covered the sky and the sun, and suddenly struck hard on the headless knight riding a skeleton horse.

Boom!

Accompanied by a terrifying roar, Ye Feng's Hell Hand was so powerful that he immediately knocked down the headless knight riding a skeletal horse into the ruins.

The skeleton war horse under the headless knight was directly smashed to pieces by Ye Feng's hellish hand.

The black armor on the headless horseman and the black spear in his hand were all shattered.

The headless horseman's body immediately let out a sound of fear.

But all to no avail.

"boom!"

Ye Feng rushed over and crushed the headless horseman's body with his kick.

Seeing this scene, the mysterious woman who was following Ye Feng suddenly showed a look of satisfaction in her eyes, and couldn't help but said: "You really burst out with great strength, it is really terrifying. I saw you right." , you should be a young strong man from the Origin World. Only among the advanced interfaces of the Origin World can a powerful being like you be born."

After the mysterious woman finished speaking, Ye Feng did not respond to the mysterious woman. Instead, he picked up a stone emitting blue light from the broken body of the headless horseman.

The mysterious woman said aloud: "This should be the corpse core formed after the headless horseman's corpse transformed. It contains a very huge underworld power, but I am not sure whether you can absorb this power, although you are Soul Master, but the power of the underworld

is very terrifying. Even I, a creature of the underworld who was born in the underground palace complex, dare not absorb this stone composed of pure underworld energy."

Hearing what the mysterious woman said, Ye Feng smiled slightly and said, "I can swallow any energy and contain it."

Gulu!

After saying that, in the surprised eyes of the mysterious woman, Ye Feng directly swallowed the blue stone full of underworld energy.

With a loud bang!

The next moment, Ye Feng suddenly burst out with an extremely powerful cultivation momentum.

The energy stone bred by the headless knight has greatly improved Ye Feng's skills.

Directly from the first level of the extreme change realm, he broke through to the second level of the extreme change realm!

"Not bad."

Ye Feng nodded slightly at this time, and then immediately flew quickly in a certain direction.

Because he suddenly sensed that there was a battle fluctuation in a certain direction not far away, it is very likely that Haoran baby was in danger and was fighting with the monster in the coffin of this underground palace group.

Although Haoran baby has many treasures refined by the dean of Haoran Academy and has extremely powerful defense, Ye Feng is now rushing towards the direction of the battle to rescue Haoran baby.

However, not long after Ye Feng and the mysterious woman left.

The soil where Ye Feng buried the body of the big insect suddenly exploded with a "boom".

The big bug with a pierced body actually "resurrected" and crawled out of the mud.

It muttered, "Damn it, I was randomly possessed by such a weak bug's body. All the strongest people of the Beast Taming Dynasty are buried here. How could such a weak bug's body suddenly appear and interfere with my plan? I am the Lord of the Underworld, but I was possessed by a humble bug's clone. I should have been possessed by the corpse of a strong person. It's too abominable. It seems that I have to improve the strength of this bug's clone as soon as possible. Haha, I guess the tomb keepers will never think that in addition to the plan to open the interface channel, I have another plan. Even if the interface channel plan fails, I still come to this interface..."

Chapter 3682 Tomb Keepers Clan

Swish, swish, swish!

Ye Feng and the mysterious woman were very fast, and in a blink of an eye they arrived at the place where the battle wave that Ye Feng had just noticed originated.

The next moment, Ye Feng suddenly saw a huge collapsed palace in front of him.

Baby Haoran was covered in several layers of light masks and was being attacked crazily by several non-humanoid monsters.

Among these monsters, there are blood-red monsters, which are the same as the monsters Ye Feng encountered before. Some are covered with pitch black scales, and some are covered with long blood-red hairs. Look. It looks very ferocious and scary.

At this time, Ye Feng couldn't help but look a little surprised in his eyes, and said aloud: "This burial place of the beast-controlling dynasty was really ruined by the Lord of the Underworld. It actually took away the remains of these beast-controlling dynasties. The corpses of super strong men have all been transformed by corpses infected with Yin Qi. Why does the Lord of the Underworld do this? "

When the mysterious woman heard what Ye Feng said, she couldn't help but said: "I have thought about this issue for a long time. Logically speaking, the Lord of the Underworld uses this place to open up the interface channel, but why did he use his magical power in advance? , through the way of Yin soldiers crossing the border, the corpses of all the super strong people in this area were transformed into infected corpses. I have been thinking about why this is. Could it be that the Lord

of the Underworld used the corpses of these powerful people to transform? What does the corpse do?"

While the mysterious woman was speaking, Ye Feng immediately rushed forward without any hesitation.

The big bug has been killed by these monsters, so Ye Feng naturally cannot see Baby Haoran being killed by these monsters again.

At this moment, Ye Feng rushed over and used the Hand of Hell, instantly sending all the monsters attacking Haoran's baby flying backwards.

At this time, Ye Feng's cultivation level has been improved, and the strength of the Hongmeng Immortal Body has been increased, which naturally makes Ye Feng's Hell Hand even more powerful.

At this moment, Ye Feng rushed over and knocked all the monsters away briefly.

Then Ye Feng looked at Baby Haoran beside him, and immediately discovered that there were already more than a dozen damaged treasures around Baby Haoran.

Apparently, Baby Haoran had more than ten layers of defensive light shields destroyed by these monsters during this period.

But even so, treasures are still flying out of Baby Haoran's body, releasing brand-new light masks to protect Baby Haoran.

When Ye Feng saw this scene, the corners of his eyes twitched slightly.

How many magic weapons did the dean of Haoran Academy refine in Baby Haoran's body? It was really a big deal.

As expected of Haoran Academy, the top hegemonic force in the world that originated from it, it is indeed rich and powerful.

However, the dean of Haoran Academy, Lai Dezi, naturally loves Baby Haoran very much, so he spent a huge price to refine countless treasures. In Baby Haoran's body, he can continuously provide care for Baby Haoran at critical moments. Withstand all kinds of attacks.

☹️ If baby Haoran didn't have so many treasures on his body, he would have been killed by these monsters long ago.

"Brother Ye Feng, you are finally here! I don't have many treasures left on me and I will be killed soon."

When Baby Haoran saw Ye Feng coming to his side, he immediately burst into tears, obviously extremely scared.

After all, Baby Haoran probably has never encountered attacks from so many monsters until now.

At this moment, Ye Feng immediately smiled and touched the big head of Haoran's baby, and said loudly: "Don't worry, I won't let you get hurt when I come."

After finishing speaking at this time, Baby Haoran suddenly saw the mysterious woman following Ye Feng, and immediately said with bright eyes: "Who is this beautiful big sister? Brother Ye Feng, why are you in this underground place?" I also met such a beautiful big sister among the ancient palaces."

When the mysterious woman saw the little guy named Haoran Baby, a smile appeared on his naturally cold face, and she said loudly: "Brother Ye Feng and I have a cooperation plan, so we stay together."

When Baby Haoran heard what the mysterious woman said, he immediately nodded in confusion, tilted his big head, and then said loudly: "Is your cooperation plan to form a spiritual partner?"

Hearing what Baby Haoran said, the mysterious woman was immediately stunned, with a hint of helplessness on her beautiful face, as if she didn't expect this little guy to speak so shockingly.

Ye Feng's eyes twitched slightly when he heard Baby Haoran say this. Where did this little guy learn such words?

But at this time, a dozen monsters not far away immediately rushed towards the crowd again.

These dozen monsters are the transformed monsters of the super strong men buried here from the Beast Control Dynasty. Although they cannot release any magic power or inheritance, they are still very terrifying just by relying on the power of their bodies.

Just now, Ye Feng's extremely powerful Hand of Hell only blew away these dozen monsters and did not harm them.

It can be seen from this that the terrifying aspects of these dozen monsters are still very powerful.

At this moment, Ye Feng did not hesitate. He still followed the previous method and released the Flame Emperor's flame in the Flame Emperor's master bone to control the movement of this group of monsters.

Then Ye Feng released the power of the cursed crystal ball, and used the power of soul curse to destroy all the residual thoughts in the heads of these dozen monsters.

In this case, a dozen monsters immediately fell to the ground, no longer able to move, and completely dead.

At this time, Ye Feng looked at the dozen monsters in front of him falling to the ground, his eyes still showed deep doubts, and said loudly: "I always feel that the Lord of the Underworld has used his great power to

Tong, use the method of Yin soldiers to cross the border, so that the burial place of the Beast Control Dynasty is filled with Yin Qi, and the corpses of these strongest Beast Control Dynasties are revitalized. It is definitely not a good thing. Maybe there is something behind it. conspiracy. "

The mysterious woman nodded and said aloud: "In any case, these are not things we can understand temporarily. The most important thing for us now is to destroy the interface channel that the Lord of the Underworld is about to build before he has completed the interface channel. , completely destroy the unfinished interface channel and prevent the Lord of the Underworld from coming to this lost interface, otherwise, the entire interface will be destroyed. "

Ye Feng nodded slightly and said loudly: "Baby Haoran, you'd better get out of here now. I want to do a very dangerous thing with this big sister."

Baby Haoran immediately tilted his head and said loudly: "I'm going too. Maybe I can be of some help. I still have a lot of treasures."

Ye Feng immediately smiled and said: "Okay, then I will take you with me. It is quite dangerous for you to leave this underground palace alone now."

After finishing speaking, Ye Feng collected all the dozen monsters that had been lost in front of him into the space between his eyebrows, and asked the Demon Ancestor to refine the corpses of these powerful men and turn them into extremely powerful puppets.

Then Ye Feng, the mysterious woman, and the little guy, Baby Haoran, immediately flew quickly towards the depths of this ancient underground palace.

On the way, the mysterious woman suddenly looked at Ye Feng beside her and said loudly: "No matter whether I can successfully destroy the unfinished interface channel later, I still want to thank you for your help at this most difficult moment. I."

Ye Feng just smiled slightly at this moment and said aloud: "No need to thank me so much, I am just doing it for profit."

After finishing speaking, the mysterious woman was silent for a moment, and then said aloud: "By the way, I haven't told you my name yet. My name is Jiuling, and my true identity is the tomb keeper of this ancient underground palace. As a clan, after the destruction of the Beast Control Dynasty, many of the powerful members of our tomb-keeper clan died in battle. In the chaos that year, only a handful of clan members survived. I was still young at the time, and I My seniors took me, who was still young at the time, to hide in this underground palace and escaped. As the years went by, my seniors eventually died in this mausoleum, because of the underworld. The qi rioted and damaged their health, but I seemed to have mutated and was able to absorb the power of yin qi, so I survived to this day. However, I have never forgotten my responsibility as a tomb keeper, and I will never tolerate the Lord of the Underworld. , wantonly destroyed the ancient mausoleum of our beast-controlling dynasty, and came to this interface to destroy this interface where I have lived for generations. This is my hometown. "

Jiuling was speaking at this time, with a hint of anger on her beautiful face.

Ye Feng nodded slightly and said aloud: "Don't worry, as long as there is an extremely powerful existence like the Lord of the Underworld, no real body will come to this mausoleum.

, then we still have hope to destroy that interface channel and prevent the arrival of the Lord of the Cloudy Sky. "

Although Baby Haoran is very young, he is listening to Ye Feng and Jiu Ling's words very seriously at this time.

At this moment, he immediately waved his little fist angrily and said loudly: "That Lord of the Underworld is really bad. If my father comes, he will definitely be able to beat that Lord of the Underworld away, but now I simply can't. There's no way to contact my dad because it's across two interfaces."

Hearing what Baby Haoran said, this mysterious woman who called herself Jiuling showed a hint of surprise in her eyes.

It seems that he did not expect that baby Haoran would have such an identity, and that he would have a father who could rival a super powerful figure like the Lord of the Underworld.

At this moment, this mysterious woman named Jiuling couldn't help but begin to guess the mysterious identities of Ye Feng and Baby Haoran.

At this time, Baby Haoran seemed to have thought of something, and couldn't help but ask: "By the way, Brother Ye Feng, where did the big bug go? Should we look for him first?"

"this....."

Ye Feng was silent for a moment, and then said in a low tone: "The big bug is dead. A headless horseman monster pierced his body with a spear and nailed him to the wall of a palace. I buried him with my own hands. "

"What?"

When Baby Haoran heard the bad news, his eyes widened immediately.

But the next moment, Baby Haoran seemed to have thought of something, and said loudly: "By the way, I had a private agreement with Da Chongzi before. He drank my wine, and I wanted to protect him, so I kept Da Chongzi. The spiritual thought of the insect is in one of my treasures and can be connected with the big insect's body at any time. Let me see if the spiritual thought of the big insect is still there."

At this time, Baby Haoran said, and immediately took out a small shrine from his storage ring, which seemed to be a special instrument used to store souls and thoughts.

At this time, Baby Haoran opened the small door on the shrine and immediately said: "Big insect, are you still there?"

Buzz!

Suddenly at this time, a small spiritual thought floated out of the shrine, turned into the illusory body of the big insect, and immediately cried loudly and said: "Master Ye Feng! Master Haoran Baby! My body is dead, but I don't know who it was. The dog is occupied! I can sense through this spiritual thought that my body is occupied by a mysterious and powerful existence, and my body has revived, but I have lost control! Damn it! The dog in my body is singled out!"

"Um?"

At this time, Ye Feng saw the spiritual thought of the big insect floating out of the shrine, and immediately said with bright eyes: "Great, you still have one spiritual thought left, then there is hope! Let's destroy the interface channel first. After the passage is destroyed, go find your body, big bug, and find out who has occupied it, then take it back and that's it!"

Chapter 3683 Forced Separation

At this time, Ye Feng said, and immediately took Haoran baby and Jiuling to fly towards the inner area of this underground palace group.

Along the way, Ye Feng saw that in many palaces, all the coffins were exploded, and many ancient strongmen who had transformed into corpses appeared, hiding in the dark, roaring and roaring.

Ye Feng did not take the initiative to provoke thousands of monsters, because there were more important things to do now.

Soon, under the guidance of Jiuling, the tomb-guarding clan, Ye Feng and others had come to the deepest area of this tomb.

At this moment, everyone immediately saw that there was an extremely huge skeleton standing on the ground at the end of the tomb not far away.

But this skeleton had died long ago and posed no threat.

Strangely, inside this skeleton, there were undead wearing transparent armor, guarding three rotating treasures.

These three rotating treasures are exactly the three master-level treasures that Jiuling, the mysterious woman, mentioned before. They were refined by the Lord of the Underworld and sent into this lost interface through the method of the Yin soldiers passing through.

These three master-level treasures are rotating in the huge skeleton at this moment, and seem to be connected to a vast and illusory world.

It can be imagined that these three master-level treasures are definitely connected to the underworld interface where the Lord of the Underworld is located.

The underworld interface is a very powerful and advanced interface, which can almost be compared with the ancient dragon world, the hell interface, etc.

Moreover, the underworld interface is very special, similar to the undead world, and is the interface where countless ghosts and undead exist.

At this moment, Jiuling immediately looked at Ye Feng beside him and couldn't help but said: "Ye Feng, what we have to do now is to break through the guards of the large group of undead guards, enter the interior of the huge skeleton, and destroy the energy connection between the three master-level treasures. As long as we can forcibly separate these three master-level treasures and disconnect the connection between the three treasures, we can destroy the interface nodes formed by these three treasures, thereby destroying the interface channel that the Lord of the Underworld wants to cast." Hearing Jiuling say this, Ye Feng immediately nodded and said: "I will lead away those undead guards." "I will lead them away." Jiuling suddenly said: "My body The power is too strong to withstand the energy release of the three master-level treasures, so you need a strong person like Ye Feng to forcibly separate the connection between the three treasures. But don't worry, I will

increase your strength. Among the spells passed down by our tomb-guarding clan since ancient times, there are secret spells that can increase teammates. "

When Ye Feng heard Jiu Ling say this, he immediately nodded and said, "There is only one way now. When the master-level treasures are forcibly separated, they will indeed release extremely powerful destructive energy waves, which ordinary people really can't bear. "

After saying this, Ye Feng flew directly towards the huge skeleton in front of him.

Swish!

Jiuling followed Ye Feng.

Baby Haoran stayed in place and did not follow the two directly, but prepared to use long-range attacks to assist the two.

At this moment, as Ye Feng and Jiu Ling rushed to the front of the huge skeleton, the group of undead guards guarding the three treasures immediately reacted.

They all roared and rushed towards the two.

Cursed crystal ball!

At this time, Ye Feng did not hesitate at all and directly released the cursed crystal ball, releasing his extremely powerful soul attack power.

And Jiuling's body has been mutated, allowing her to absorb Yin Qi for so many years, thus having the means to attack these undead.

Buzz!

At this time, Jiuling stretched out a white palm, which was able to gather the surrounding Yin Qi around her, and then formed a long sword and a long knife,

and slashed at the surrounding undead.

Under the strong attack of the two, these undead guards were like being chopped melons and vegetables, and most of them were killed in an instant.

"Someone actually dared to come here and wanted to destroy the interface channel of the great Lord of the Underworld. It's really bold!"

But suddenly at this time, accompanied by an extremely majestic voice, a giant undead wearing thick armor suddenly appeared in front of the two, emitting a dazzling green light, looking very strange and powerful.

"It's the Undead Commander!"

At this moment, Jiuling immediately looked at Ye Feng beside him and said anxiously: "I will deal with this extremely powerful Undead Commander. You go over and separate the three treasures. I feel that the interface channel is about to open. We must hurry to forcibly separate the three treasures and destroy the space node formed by the three treasures connected together."

"Okay."

Ye Feng nodded immediately at this time, directly released the power of the space gem, and dived into the void.

At this moment, Jiuling was frantically condensing the surrounding Yin Qi, forming countless weapons, and rushing towards the undead giant.

And just when Jiuling was fighting with the undead giant, Ye Feng had come to the front of the three master-level treasures through the power of the space gem.

"Buzz..."

At this time, Ye Feng could feel that a terrifying destructive wave was emanating from the three treasures linked together.

Even though Ye Feng's current Hongmeng Immortal Body is very powerful, it has already transformed into the late fourth level of the Hongmeng Immortal Body.

But at this time, facing these three master-level treasures refined by the Lord of the Underworld, Ye Feng suddenly felt that his body was about to collapse from the impact.

At this moment, Ye Feng's eyes immediately showed horror.

If I rely on pure physical strength to forcefully separate

If you open these three treasures, you will probably be wiped out.

At this moment, Ye Feng didn't hesitate at all, and directly released the blood talent of the fourth level of the newly awakened Hongmeng Immortal Body, the Celestial Armor.

boom!

Almost at this moment, a set of armor emitting bright light suddenly appeared on Ye Feng's body.

Moreover, there are many halos of divine light surrounding this armor.

After Ye Feng put on this set of divine armor at this moment, it was as if he had become the legendary Lord of the Heavenly Gods, blessed by the power of countless divine halos.

At this moment, Ye Feng's physical strength and various other attribute powers all received a huge increase.

In addition, after wearing the God's Armor, it also provided Ye Feng with extremely terrifying defense.

Uh-huh!

At this moment, Ye Feng was exuding a divine light. He immediately rushed in front of the three master-level treasures and stretched out a pair of metal hands wrapped in armor, trying to forcefully destroy the three combined treasures. of separation.

"You actually want to destroy the interface channel that I have worked so hard to open, and I will never allow it!"

Suddenly at this moment, another very loud sound sounded.

Rumble...

I saw that the palace not far away had all collapsed, and a huge insect rushed directly from the ruins.

The entire body of this big bug was golden, no longer the silver it was before.

Baby Haoran was standing not far away, and his spiritual thoughts immediately before the big bug flew out of him.

At this moment, the big bug looked at his occupied body and immediately couldn't help but screamed: "What's going on? Is this dog that occupies my body so powerful? It actually destroyed my body in such a short time. Inside, it evolved into a legendary golden bug body! Should I laugh or cry?"

Chapter 3684 Great achievements have been made

At this moment, the big insect's eyes were filled with resentment.

Baby Haoran suddenly said: "Big bug, don't panic. Not only has your body not died, but it has evolved and become even more powerful. It's golden and beautiful. Don't worry, I will definitely help you remove your body." The body was taken back."

When the big insect's mind heard what Baby Haoran said, his eyes immediately lit up and he couldn't help but said: "Master Haoran Baby, is there any way you can help me regain my body?"

Baby Haoran scratched his head and said aloud: "I haven't thought about it yet."

Big insect: "..."

At this time, Big Chongzi stared at the giggling baby Haoran in front of him, and suddenly felt that Master Ye Feng was still reliable. This baby was too young to be reliable.

At this moment, Ye Feng, who was not far away and was about to destroy the connection between the three treasures, suddenly stared at the golden bug body that came out of the building not far away, and immediately couldn't help but say: "You have taken over the body of my big insect. Who are you?"

At this time, Ye Feng stared at the golden patch on the big insect's body with a hint of surprise in his eyes.

Because in a short period of time, it is really incredible to be able to evolve the big bug from silver to a golden body.

Even Ye Feng asked himself that he did not have the ability to evolve a big insect again in such a short period of time.

At this time, Ye Feng immediately looked at Jiu Ling who was fighting the undead giant not far away, and said loudly: "Miss Jiu Ling, be careful of that big golden bug. I feel that the existence occupying the body of the big bug must be a very extraordinary person. The presence."

"Of course I am an extraordinary existence, and a super extraordinary existence!"

Suddenly, an ancient and majestic voice came from the body of the big golden insect.

The moment this ancient and majestic voice finished speaking, Jiuling couldn't help but exclaimed: "This is the voice of the Lord of the Underworld! When I was young, the Yin Qi broke out for the first time in this mausoleum and palace complex. In an instant, I heard this sound too, a sound I will never forget."

At this time, when Ye Feng heard what Jiuling said, his eyes immediately showed a trace of shock, and he couldn't help but said: "What did you say? The one who occupies the body of the big insect is actually the Lord of the Underworld. The strongest!"

Jiuling nodded immediately, a look of surprise suddenly flashed in his beautiful eyes, and he said fiercely

Said: "I understand! I understand!!"

Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but ask: "Miss Jiu Ling, what do you understand? You should tell me quickly! I'm so anxious."

Jiuling immediately smiled apologetically, then stared at the big golden bug not far away, and said loudly: "I understand why this Lord of the Underworld, through the method of Yin soldiers crossing the border, first destroyed this underground tomb palace complex, The input of so much Yin Qi caused the corpse transformation of the strongest members of our Beast Control Dynasty. Because this Lord of the Underworld was too powerful to come to our lost ancient interface, he wanted to use the Yin Qi to , nourish and resuscitate the corpses of the most powerful people in our beast-controlling dynasty, just to let one of his divine thoughts come here and possess the body of a certain powerful person in this mausoleum, and then the Lord of the Underworld He can survive in this lost interface of ours and realize his huge ambition."

Hearing what Jiuling said, Ye Feng's eyes suddenly showed a trace of surprise. He didn't expect that the truth of the matter would be like this.

Jiuling continued to speak at this time: "This Lord of the Underworld really made a good plan and set his sights on the mausoleum of our Beast Control Dynasty, because in this mausoleum of our Beast Control Dynasty, everything is buried. The emperors or the most powerful people in our beast-controlling dynasty in the past generations, so no matter which of the most powerful people's bodies this Lord of the Underworld possesses, he can instantly become very powerful. Unfortunately, the intrusion of outsiders like Ye Feng, Disrupting the plan of the Lord of the Underworld, the unexpected death of the big insect added a useless corpse to this mausoleum land, so the Lord of the Underworld possessed the useless corpse of the big insect. In this case, this Even if the Lord of the Underworld spends a lot of money to evolve this big bug, we are still able to resist it. If the Lord of the Underworld possesses the bodies of other powerful people, then we really can't resist it. "

After Jiu Ling finished speaking, Baby Haoran not far away immediately laughed happily, clapped his little hands, looked at the big insect beside him with his spiritual thoughts, and said loudly: "Big insect, you have done a great job! Let me The Lord of the Underworld has possessed your weak body, giving Brother Ye Feng and Sister Jiuling hope to fight against the Lord of the Underworld. "

"this....."

When Big Chongzi heard what Baby Haoran said, he was immediately a little stunned and didn't know what to say.

Because there are no big insects

Thinking that my own weakness could one day be of such great help.

At this time, Ye Feng was wearing the god's armor and charged directly towards the golden insect's body.

Because Ye Feng is ready to take back the body that belongs to the big insect.

The Lord of the Underworld was occupying the body of the big insect at this time. At this time, he smiled coldly and said: "Boy, you dare to deal with me with such a weak cultivation. Don't you know that I am at the level of a master?" Is there a transcendent existence? I control the entire underworld! I am the most powerful person! You are dozens of realms away from me, so you are curious about me? Who gave you the courage?"

When Ye Feng heard what the Lord of the Underworld said, he immediately smiled faintly, without any fear, and said loudly: "If it is really your Lord of the Underworld who comes here, then maybe with one look, I will be wiped out, but now you It's just a weak insect body. No matter how powerful your methods are, you will never be able to exert any powerful power."

The Lord of the Underworld immediately laughed loudly: "Humble human boy, you think too highly of yourself. Even if I am just possessed by a weak insect, I can still crush you to death in an instant! It's like squeezing an insect to death. As simple as an ant!"

"Eye of Reincarnation!"

At this time, the Lord of the Underworld suddenly displayed a very terrifying inheritance.

Buzz!

I saw a huge eye suddenly appeared in mid-air on the big insect body occupied by the Lord of the Underworld at this time, exuding the power of reincarnation. It was very terrifying. It gathered countless auras of the underworld. It was extremely terrifying, like It can pull any living being into endless reincarnation in an instant!

I have to say that this Lord of the Underworld is still very terrifying. Even if he only occupies a weak body like a big insect, he is still able to display such a powerful underworld inheritance.

Buzz!

At this time, the Eye of Reincarnation immediately released the terrifying power of reincarnation, and it immediately covered Ye Feng.

The next moment, Ye Feng suddenly sensed a very terrifying power of reincarnation, covering his entire body.

At this moment, Ye Feng felt that his whole spirit and soul were falling into endless reincarnation, and he was completely confused.

"boom!"

But the next moment, the soul gem in Ye Feng's mind burst out with a bright golden light, instantly destroying all the power of reincarnation that enveloped Ye Feng.

At this time, Ye Feng looked not far away, his eyes suddenly started.

Jiu Ling, the guardian clan, and Baby Haoran were all trapped in reincarnation. Their faces all showed expressions that were half-smiling, half-crying, half-laughing, and they looked like they were in a daze.

At this moment, Ye Feng immediately understood that even a mutated creature like Jiuling could not withstand this terrifying power of reincarnation.

Although this Lord of the Underworld is just a weak big bug now, the methods he uses are extremely terrifying and unpredictable. The Eye of Reincarnation is so powerful that it can make people enter hallucinations in an instant, which is very scary. .

At this time, Ye Feng immediately stared at the Lord of the Underworld who was not far away and shouted loudly: "Lord of the Underworld! You can't control this place today! I'm not afraid of your Eye of Reincarnation!"

"What?"

At this moment, when he saw Ye Feng, he suddenly woke up from the power of reincarnation of the Eye of Reincarnation. The originally proud Lord of the Underworld suddenly widened his eyes and couldn't help but said: "How is this possible? ! My Eye of Reincarnation is my most powerful means. Everyone is trapped in the illusion of reincarnation, but nothing happens to you and you wake up in an instant! This is impossible!"

At this moment, Ye Feng showed a cold smile in his eyes and said loudly: "Lord of the Underworld, maybe in your eyes, I am just a humble and weak boy, but you don't understand at all, what is there in me? What a powerful method, you can't imagine it!"

At this moment, Ye Feng also saw that the Lord of the Underworld randomly possessed the big insect, which was extremely unlucky. He could not burst out the power of the body at all, and could only release various inheritances that specifically attacked the soul.

At this time, after Ye Feng understood this, he was no longer afraid and immediately charged towards the Lord of the Underworld.

Because Ye Feng has the soul gem in his mind and the thunder mark between his eyebrows, he is naturally prepared to challenge the Lord of the Underworld in a duel!

This made Ye Feng's fighting spirit boil. After all, he was facing a ruler-level being.

Even though it is just possessed by a bug, it is not something that ordinary practitioners can fight against.

Chapter 3685 I am unwilling

boom!

At this time, Ye Feng burst out with terrifying fighting spirit and charged directly towards the Lord of the Underworld.

"presumptuous!"

When the Lord of the Underworld saw Ye Feng taking the initiative to attack him, his eyes suddenly showed deep anger, and he said loudly: "You, a humble ant who is dozens of realms lower than me, actually... You dare to attack me? It's so bold! I have never seen such a brave guy! When you see me, you should bow down and worship me!"

Hearing this, Ye Feng couldn't help laughing: "Hahaha, Lord of the Underworld, you think too highly of yourself. All the power you have now cannot be exerted at all because of the weakness of the body you occupy. How dare you follow It's really ridiculous for me to say such big words, look how I killed you!"

"Thunder Mark!"

At this moment, Ye Feng did not hesitate and directly released the power of the thunder mark. .??.

So maybe the power of the Thunder Mark is not comparable to the soul gem, a master gem.

But you must know that the soul gem is more of a super defensive power at the soul level, and its attack power is not high.

But the thunder mark represents the ultimate destructive power of thunder, and its attack power is very high at the soul level.

In this regard, from the fact that the Demon Ancestor wanted to seize Ye Feng, but was instantly injured by the thunder mark in Ye Fengmei's heart, and then locked up, it can be seen that the aggressiveness of the thunder mark is very powerful.

Therefore, Ye Feng naturally used the Thunder Mark directly to fight against the divine will of the Lord of the Underworld, an extremely powerful interface lord.

"boom!"

At this moment, the thunder mark struck out from Ye Feng's eyebrows, and suddenly turned into a bolt of lightning. It was very terrifying and destructive. It suddenly bombarded the Lord of the Underworld and directly attacked the Lord of the Underworld. The divine thoughts in the body of the big insect.

"Reincarnation Spear!"

The Lord of the Underworld roared loudly at this time, and saw endless Yin Qi gathering above his head, and instantly condensed a huge war spear, exuding the bright light of the underworld, directly towards Ye The thunder mark of the wind attacked.

Because both of them were attacking at the soul level at this time, they collided with each other.

"Boom!!"

At this moment, Ye Feng's thunder mark collided with the reincarnation war spear released by the Lord of the Underworld.

And at the next moment, the Thunder Mark immediately shattered the Samsara War Spear, which was extremely destructive.

"What?!"

When the Lord of the Underworld saw this scene, his eyes widened for a moment, as if he couldn't believe what he was saying.

See everything.

The Lord of the Underworld couldn't help shouting: "This is impossible! You are just a humble ant. How could you have such a powerful thunder mark? Where did you get this thunder mark? Yes. The supreme thunder method?"

At this time, the Lord of the Underworld shouted, obviously extremely unbelievable.

At this moment, the Lord of the Underworld was finally a little panicked and felt that the situation was uncontrollable.

For the Lord of the Underworld, he originally thought he could control everything, but now, Ye Feng's endless methods really make the Lord of the Underworld feel a little uncertain.

How could this seemingly ordinary young man feel so unfathomable?

"boom!"

Suddenly at this moment, the thunder mark directly attacked the mind of the Lord of the Underworld.

"ah!!"

The Lord of the Underworld immediately screamed, and couldn't help but yell angrily: "Damn it! Damn it!! My majestic Lord of the Underworld was hurt by such an ant-like boy like you! It's unforgivable! It's unforgivable! ah!"

At this time, the Lord of the Underworld shouted: "The realm of endless reincarnation!!"

At this moment, the Lord of the Underworld was obviously really angry, and directly displayed a terrifying taboo inheritance.

"Boom!"

At this time, an infinitely terrifying realm of endless reincarnation suddenly appeared around the Lord of the Underworld.

Even this realm of endless reincarnation is directly connected to the legendary underworld interface, gaining the vast power of the entire underworld interface!

After all, as the Lord of the Netherworld, as the Lord of the Netherworld Interface, he can naturally be blessed by the vast power of the entire Netherworld Interface!

So at this time, the Lord of the Underworld released his most powerful inheritance, the realm of endless reincarnation, which directly connected the vast and infinite power of the entire underworld interface, which was very terrifying.

At this moment, Ye Feng was immediately enveloped by the terrifying and vast realm of endless reincarnation.

Buzz!

Ye Feng immediately felt that he was trapped in an endless quagmire. He could not move at all. Both his body and soul were restrained.

Even the thunder mark in Ye Fengmei's heart was frozen in the entire realm of endless reincarnation and could not be moved.

Seeing this scene, the man possessed by the big insect not far away

The Lord of the Underworld immediately showed a look of deep pride in his eyes, and laughed loudly: "Boy, are you dumbfounded now? The means and power of a powerful person like me are not as good as yours." This kid can imagine it, so just accept the reality. Even if I'm just possessed by a bug, it's enough to beat a humble kid like you like an ant!"

After all, the Thunder Mark is only the secret of the Lord of the Thunder Realm, and it is indeed incomparable to a true master-level figure like the Lord of the Underworld.

Because the thunder interface is weaker than the underworld interface.

Therefore, the Thunder Realm Lord's strength is only infinitely close to the Domination, but has not truly stepped into the Domination.

Although the Thunder Mark is powerful, it cannot really compete with the Lord of the Underworld, the most powerful method at the level of domination.

But just when the Lord of the Underworld felt that he would win.

"boom!"

A brilliant golden light suddenly burst out of Ye Feng's head, like a golden sun, causing all the restraints around Ye Feng and the shackles of the power of reincarnation to shatter!

"What?!"

Seeing this scene, the Lord of the Underworld immediately widened his eyes, and even almost dropped his eyeballs!

Just now, the thunder mark was able to hurt the Lord of the Underworld's spiritual thoughts, which already shocked the Lord of the Underworld.

But now, the Lord of the Underworld has displayed his strongest inheritance, and has even been blessed by the power of the entire underworld interface.

But even so, Ye Feng still broke the shackles of the surrounding reincarnation realm.

"This is impossible! I don't believe it! What is in your kid's head?"

The Lord of the Underworld yelled, his tone full of disbelief.

Ye Feng smiled coldly at this time and did not explain much.

The golden light emanating from Ye Feng's head is naturally the energy of the soul gem.

Although the soul gem is aggressive, it is not as fierce as the thunder mark.

But the quality of the soul gem is higher than that of the thunder mark.

After all, the soul gem is the essence left by the supreme master of Chaos.

The Thunder Seal is just the secret of the existence of the Thunder Realm Lord, who is infinitely close to being a master.

Therefore, the soul gem is naturally much higher level than the thunder mark.

The Lord of Chaos is no ordinary Lord, but an existence second only to the Lord of Great Perfection, the Lord of Hongmeng, in the Origin World.

The Lord of Chaos is very likely to be a high-level Lord second only to the Lord of Dzogchen, and the commander of the Dark Demon Cult, the Dark Yuan Zun, who now occupies most of the dark world, is estimated to be

Ji is a level, they are all high-level masters.

As for the Lord of the Underworld, and the owner of the Flame Emperor's Dominator Bone that Ye Feng obtained before, Yan Emperor, they should all be junior Lords who have just stepped into the realm of Dominance.

So at this time, Ye Feng released the power of the soul gem. Although the attack attribute may not be so fierce, the power itself is still very terrifying, enough to break the constraints of the surrounding endless reincarnation field, allowing Ye Feng to move freely.

"boom!"

At this moment, Ye Feng used the power of the soul gem to wrap himself up and shuttled freely throughout the realm of endless reincarnation. He instantly rushed in front of the Lord of the Underworld, and then attacked fiercely with one hand.

"Boom!!"

The golden insect body was directly blown away by Ye Feng, but it was not damaged.

This made the big insect spirit on Baby Haoran not far away immediately cheered: "Awesome! My body has evolved to the gold level. It is really strong and can withstand Master Ye Feng's hand of hell! It's so powerful. !"

Ye Feng did not continue to attack the big insect's body at this time, because Ye Feng also wanted the big insect to regain the golden body.

So at this time, Ye Feng quickly released the power of the soul gem.

Buzz!

I saw endless golden divine light released from Ye Feng's head, suppressing the endless reincarnation realm of the Lord of the Underworld.

Then Ye Feng continued to release the thunder mark in his eyebrows and launched the most ferocious attack.

"ah!!"

The mind of the Lord of the Underworld possessed in the body of the golden bug immediately began to scream in agony.

"I am not willing to give in!! I am the great Lord of the Underworld, how could I be defeated by a humble ant boy like you! No!!"

The Lord of the Underworld roared angrily at this time.

However, this is just impotent rage after all.

Because Ye Feng has now cracked the strongest method of the Lord of the Underworld and has completely taken the initiative in this battle.

"Die!"

At this moment, Ye Feng's eyes showed a fierce look, and he immediately used the thunder mark to give the Lord of the Underworld a final fatal blow!

"ah!!"

Accompanied by an earth-shattering scream, the lord of the underworld had planned for so many years, and the divine thought that came to this lost interface was finally completely wiped out!

At this time, Ye Feng looked at the golden body of the big bug in front of him, and immediately smiled and said to the big bug not far away, "Big bug, the Lord of the Underworld has transformed you into a super strong golden body." Insect body, although you died once, you made a lot of money in the end."

Chapter 3686 Two magic weapons

After Ye Feng finished speaking, the big insect's spiritual thoughts immediately flew out of the shrine on Baby Haoran happily and flew directly in front of Ye Feng.

At this time, Ye Feng smiled and said: "The soul of this Lord of the Underworld has been destroyed by me. Now you can directly re-inhabit your body, and it is still a golden and high-level body, which is comparable to what I have now." The existence of physical power."

Hearing what Ye Feng said, Big Chongzi immediately said excitedly: "Yes, Lord Ye Feng! It's really great! This is a blessing in disguise for me!"

At this moment, the big bug said, this spiritual thought immediately penetrated into the body of the golden bug in front of him and began to occupy his body again.

At this time, Ye Feng began to absorb the soul fragments left after the soul of the Lord of the Underworld was shattered.

You know, this is a fragment of the soul left behind by the world master of a large interface.

Therefore, the soul energy contained in each piece of spiritual thought fragment is very huge.

"Buzz!"

At this time, Ye Feng released the Devouring Domain, quickly devouring the soul fragments left behind after the Lord of the Underworld's spiritual will was shattered.

At this moment, Ye Feng immediately felt that his soul power was rapidly and continuously improving.

In the end, Ye Feng's soul power instantly increased from level 4 million to level 5 million!

At this time, Ye Feng's eyes suddenly showed a hint of horror.

Even Ye Feng himself was shocked. He didn't expect that the soul that the Lord of the Underworld had casually descended from would contain such majestic soul energy, causing his soul power to increase by a million levels in an instant!

What an incredible improvement!

This also shows how terrifying and powerful this Lord of the Underworld is.

However, Ye Feng breathed a sigh of relief that after a fierce battle, he finally destroyed the Lord of the Underworld.

Fortunately, this Lord of the Underworld was very unlucky and randomly possessed the body of the recently dead big insect, and his body's power was almost extremely weak.

If this lord of the underworld possesses a powerful beast-controlling dynasty in this land of mausoleums, it will be really difficult to deal with him.

Therefore, this battle can be said to be a pure battle at the soul level. Ye Feng possesses the soul gem left by a high-level master like the Lord of Chaos, and also possesses the secret power of the thunder mark of the Lord of Thunder. Naturally, he can destroy everything, even if The thought that the other party is the Lord of the Underworld is of no use.

At this time, Ye Feng's soul power had been greatly improved, up to one million levels, making Ye Feng feel that his spirit and soul had grown tremendously.

At this time, Ye Feng rushed to the huge skeleton not far away and discovered that Jiuling, a beauty from the Tomb Guarding Clan, was still fighting the undead giant.

Jiuling saw Ye Feng flying over and said urgently: "I seemed to have entered a kind of reincarnation illusion just now. It was so scary. Fortunately, this

The undead giant has also entered the influence of the illusion of reincarnation, otherwise, I would die. "

Hearing what Jiuling said, Ye Feng's eyes were slightly stunned. He did not expect that the power of reincarnation released by the Lord of the Underworld was an indiscriminate attack. Even his teammate the undead giant fell into the illusion of reincarnation.

It seems that the master of the underworld still does not have enough control over the power of reincarnation.

boom!

At this moment, the undead giant not far away suddenly rushed over, exuding a huge amount of Yin Qi.

"careful!"

Jiuling immediately exclaimed.

"It's a small thing."

But at this time, Ye Feng smiled faintly and said: "It's just a small undead giant, it's nothing."

boom!

At this moment, Ye Feng's soul power was much stronger than before. After all, it suddenly increased by a full million levels and entered the five million level soul power level!

So at this time, Ye Feng released the cursed crystal ball, and the infinite power of the curse, with the blessing of Ye Feng's huge soul power, instantly erupted into a terrifying wave of curses.

"Crash!"

Almost at the next moment, under the horrified gaze of Jiuling, the beauty of the Shouling clan, Ye Feng casually released a soul curse frenzy, which was like destroying the dead and destroying the undead giant. .

"Wow!"

The next moment, Ye Feng opened his mouth and swallowed the soul fragment of the undead giant.

Buzz!

At this moment, Ye Feng's soul power once again increased significantly, directly increasing to 100,000 levels of soul power.

Entered the 5.1 million level!

"This... is incredible..."

At this time, Jiu Ling, a beauty from the Shou Ling clan, had a look of deep horror in her eyes.

She stared at Ye Feng in disbelief, and couldn't help but exclaimed in amazement: "Ye Feng, why did your soul power suddenly become so terrifying? It's like you have undergone a huge transformation all of a sudden."

Ye Feng smiled slightly at this moment and said: "I have indeed undergone a huge transformation..."

"boom!!"

But just when Ye Feng was about to have a good chat with Jiuling.

Suddenly, a huge roar sounded from a direction not far away.

Among the skeletons not far away, the powerful magic weapons refined by the three Lords of the Underworld were forcibly opened up by a mysterious force to create an interface channel in advance.

"No! The Lord of the Underworld seems to be forcing the advance

Open up the interface channel, we need to organize quickly! "

Seeing this scene, Jiuling couldn't help but exclaimed.

Ye Feng didn't hesitate at this time and immediately charged towards the huge skeleton not far away.

Uh-huh!

Ye Feng used the space gems at an incredibly fast speed. In an instant, he was in front of the three magic treasures. Then, wearing the God's armor, he directly grabbed the three treasures and began to force them apart.

"Rumble..."

At this time, among the three treasures, waves of terrifying destructive light waves suddenly burst out, trying to destroy Ye Feng.

"Separate!!"

But at this time, Ye Feng roared loudly, unleashed his terrifying brute force with all his strength, and let the God Armor greatly enhance all his attribute powers.

Finally, the three treasures began to slowly separate.

At this time, Ye Feng suddenly saw that at the end of the passage that was about to be successfully opened, there was a vast and endless underworld, with light green Yin Qi surging everywhere, which looked very strange.

Buzz!

Suddenly, Ye Feng saw an endless, terrifying and towering figure appearing in this underworld.

In Ye Feng's eyes, this towering and terrifying figure immediately stared at Ye Feng and said loudly: "Boy, you dare to obliterate a divine thought that I have worked so hard to reach the lost interface. It is really a heinous crime. , I remember you, and one day, I will crush you into pieces."

Obviously, this towering and terrifying figure is the true form of the Lord of the Underworld!

But at this time, Ye Feng's eyes showed a hint of coldness, and he said loudly: "No matter how you threaten me, I'm not afraid. Now that this interface channel has been almost destroyed by me, don't even think about it." It's here, and as for the future, who can say for sure, maybe I will be able to step into the realm of dominance, and then I can fight you again."

Hearing what Ye Feng said, the Lord of the Underworld in the underworld interface immediately showed a hint of disdain in his eyes, as if he wanted to say something threatening.

But at this time, Ye Feng used a strong force to separate all three magic weapons in front of him.

Buzz!

The next moment, this interface channel disappeared immediately.

At this time, Ye Feng looked at the three separated magic weapons in front of him, with deep joy in his eyes.

These three magic weapons were all refined by an extremely powerful master-level expert like the Lord of the Underworld, and they were very terrifying.

If successfully refined, it will become one of his most powerful trump cards.

Uh-huh!

At this moment, Jiu Ling, who was not far away, also flew over.

She looked at the three magic weapons that had been separated in front of her, with deep joy in her eyes.

With a look on his face, he said loudly: "We finally succeeded. This time it is really thanks to you, Ye Feng. If it weren't for you, Ye Feng, maybe I would have died. Don't say that the mission is completed, I will do it myself." Lost his life."

When Ye Feng heard what Jiuling said, he smiled slightly and said, "The cooperation between us is quite effective, so I will take away two of these three magic weapons."

Jiuling immediately nodded and said, "Of course, I only need the Book of Resurrection of the Dead among these three magic weapons."

After finishing speaking, Jiuling directly took the Book of Resurrection of the Dead among the three magic weapons into his hands. As if he had found a treasure, his beautiful eyes were filled with deep joy.

At this time, Ye Feng took the other two magic weapons into his hands.

They are a powerful offensive magic weapon such as the Revenge Soul Spear, and the other is the Ghost Recruiting Flag, which is specially used to summon extremely powerful ghosts from the underworld interface, and can even form an army of the undead, which is very powerful.

After Ye Feng got these two treasures at this time, he started refining them on the spot without any hesitation.

Uh-huh!

At this moment, the baby Haoran who was not far away also flew over and said loudly: "Brother Ye Feng, you are so powerful. You even wiped out the divine thoughts of the Lord of the Underworld, and you also got this With these two extremely powerful magic weapons, Brother Ye Feng, your strength will definitely skyrocket."

Hearing what Baby Haoran said, Ye Feng smiled and said, "After this time is over, I will take you back to the dark world."

Baby Haoran suddenly shook his head at this time and said aloud: "I just came out not long ago, and I still want to continue walking around. Anyway, my father seems to be discussing something special and important with some big shots, and he has no time to care about me. , it's not easy for me to come out and play for a while. Brother Ye Feng, please play with me. "

When Ye Feng heard what Baby Haoran said, his eyes showed a hint of thinking.

Seeing Ye Feng's hesitation, Baby Haoran suddenly took out a map from his storage ring and said loudly: "I also have a map here that guides the chance creation in another interface. We can work together Go treasure hunting."

Hearing what Baby Haoran said, Ye Feng's eyes suddenly brightened and he said, "Okay, then it's settled."

Anyway, Ye Feng is back at Wanjie Martial Arts Academy and has nothing else to do. He might as well follow Haoran Baby, the young prince of Haoran Academy, to find opportunities.

After all, as the crown prince of a hegemonic force like Haoran Academy, Baby Haoran must be very extraordinary due to the good fortune guided by the map.

While Ye Feng was talking to Baby Haoran, the big bug not far away finally took control of the golden body, and immediately ran over and said with a smile: "Master Ye Feng. , Mr. Haoran Baby, please take me with you. I have evolved into a golden body, which is very powerful. I can definitely help you."

Chapter 3687 Galaxy Interface

At this moment, Big Chongzi wanted to follow Ye Feng and Baby Haoran to find opportunities and fortune, and his heart was very strong.

Because for Da Chongzi, he discovered that since he followed Master Ye Feng behind his back, his luck and opportunities have been almost constant.

Not only did his body evolve from a big black bug into a big golden bug.

Moreover, Big Chongzi had just seen with his own eyes that Ye Feng was able to obliterate all the master-level divine thoughts descended from the Lord of the Underworld.

This shows that Ye Feng's future is absolutely endless.

After all, Ye Feng's current cultivation level is almost dozens of realms behind the strongest master, but he is still able to use some powerful and mysterious means to obliterate the spiritual thoughts of the Lord of the Underworld, a master-level world master. , enough to illustrate Ye Feng's terror.

So at this time, Ye Feng had already become that mysterious existence in Da Chongzi's heart.

For Big Chongzi, as long as he can follow Ye Feng, he will definitely become a very powerful being one day.

Da Chongzi actually has no sense of belonging to the Beast Control Dynasty at all.

He evolved from a bunch of little bugs. ??

Therefore, the only goal of the big bug is to continue to evolve and become more and more powerful.

When he heard Big Bug say this, Baby Haoran smiled and patted one of Big Bug's beetle legs, and then said slowly: "Of course I will take you with Big Bug, after all, we are friends now. "

Baby Haoran doesn't have any disgust with this big, ferocious-looking bug, but he likes it very much.

Perhaps Da Chongzi's nervous personality is very attractive to innocent and simple children like Haoran Baby.

Ye Feng just nodded slightly at this moment and said loudly: "Big Chongzi, you are my subordinate now, I will naturally take you with me. If there is something suitable for you, then I will continue to do it." Make you stronger."

When Da Chongzi heard what Ye Feng and Haoran said, he was almost moved to tears.

He wanted to say something else, but Ye Feng at this time looked at Jiuling, a beauty from the guardian clan who had just obtained the Book of Resurrection of the Dead, and asked aloud: "What are your plans next? Are you going to follow me?" Shall we go together?"

Jiuling shook his head at this time, looked at the entire underground mausoleum around him, and said aloud: "Next, I will use the Book of Resurrection of the Dead to complete some goals I had when I was a child. I will use the energy of the surrounding heaven and earth to revive us. Some seniors of the Shou Ling clan, if we are destined, I hope we can meet again in the future. "

Hearing what Jiuling said, Ye Feng

He nodded slightly, and then said aloud: "Okay, then we will meet again if we are destined."

For Ye Feng, Jiu Ling, a beauty from the guardian clan, might just be a passing guest in his experience.

After all, everyone has a different life. They meet at certain times and then separate in a hurry. Maybe this is life.

After finishing speaking at this time, Ye Feng took Baby Haoran and Big Chongzi and left the underground mausoleum palace complex.

Jiuling, who was standing there, looked at Ye Feng who was leaving not far away, and it seemed that his beautiful eyes had a trace of reluctance.

But at this time, Jiuling also knew that Ye Feng was a student from the Wanjie Martial Arts Academy.

She secretly thought that after she revived her senior, her mission would be completely completed.

At that time, maybe she will also go to the Holy Land of Cultivation in the Origin World, the Ten Thousand Realms Martial Arts Academy to practice.

At this time, Ye Feng, Baby Haoran and Big Chongzi had completely left the underground palaces and arrived in the forbidden area above the ground.

At this time, the wonders such as the Yin soldiers crossing the border have completely disappeared.

Because Ye Feng has completely destroyed the interface channel through which the Lord of the Underworld wants to descend on this lost ancient interface.

Although Ye Feng knew that doing this would anger an extremely powerful interface master.

But Ye Feng has no regrets.

After all, Ye Feng received a huge chance. Not only did his soul power increase dramatically, but he also received two extremely powerful master-level treasures.

Moreover, it is also a soul-level treasure, which is of great help to Ye Feng's soul power attack, much more powerful than the cursed crystal ball.

Whether it is the revenge soul spear or the ghost attracting flag, it is definitely a cursed crystal ball in terms of quality.

Cursed crystal ball, for Ye Feng, he was eliminated in an instant.

At this time, the Demon Ancestor in the middle of his eyebrows suddenly said: "Ye Feng, boy, I have successfully refined the puppet of the Beast Controlling Emperor that you asked me to refine."

Buzz!

After finishing speaking, Demon Ancestor directly transferred the puppet of the Beast Controlling Emperor from the space between his eyebrows.

At this moment, a hardened corpse suddenly appeared in front of Ye Feng.

This corpse looks

Very burly and tall, full of a fierce and boundless aura.

At this time, Ye Feng input a little bit of his soul power into the body of the Beast Controlling Emperor's puppet. The originally calm eyes of this Beast Controlling Emperor's puppet suddenly lit up with a faint green light.

It was obvious that Ye Feng's soul power had been re-infused and he was able to start taking action.

At this moment, Ye Feng's thoughts moved, and the puppet of the beast-controlling emperor immediately rushed toward a mountain in the distance that was tens of thousands of meters high.

"boom!!"

A pair of fists, like iron fists, struck out fiercely.

This is the power of the body, which instantly shattered the huge mountain not far away.

Rumble...

The entire ground is about to crack.

Seeing this terrifying scene, Ye Feng suddenly showed surprise in his eyes and said loudly: "The puppet of the Beast Controlling Emperor is really powerful."

The Demon Ancestor in his eyebrows immediately said: "Of course, although this Beast Controlling Emperor did not step into the realm of domination and was killed by the Lord of the Underworld, the true cultivation level of this Beast Controlling Emperor, even if he did not step into the realm of domination, Becoming a master means being infinitely close to being a master, so now I have used some special secret techniques to refine this puppet, which is also very terrifying just by relying on the power of my body. "

When Ye Feng heard what Demon Ancestor said, he immediately nodded and said: "This time, it was really thanks to Demon Ancestor that you made this beast-controlling emperor into a puppet. Otherwise, his corpse would be so powerful. , but it's really a waste."

At this moment, Ye Feng's eyes were filled with joy.

Regarding the Beast Controlling Emperor, Ye Feng really made full use of it.

Not only did he refine the beast-controlling emperor's natal magic weapon, the Burial Tomb, but he also refined the beast-controlling emperor's own corpse into an extremely powerful and indestructible puppet.

It can be said that it kills two birds with one stone.

Make full use of the various resources left by the Beast Controlling Emperor.

At this time, when they saw that the puppet in front of Ye Feng was able to burst out with such terrifying power, Baby Haoran and Big Chongzi who were standing aside were stunned.

They never seemed to have imagined that Ye Feng actually had such a powerful puppet in his body.

At this moment, Baby Haoran immediately couldn't help but said: "Brother Ye Feng's methods are really powerful, his methods are endless, he actually knows how to refine a puppet, and he even made this puppet so powerful. "

br

When Ye Feng heard what Baby Haoran said, he just smiled, touched the baby's big head, and said loudly: "With such a powerful puppet, the comprehensive combat effectiveness of our small team will definitely become stronger in the future. few."

At this moment, the big insect shouted: "My current body is not weak, and I can also help Lord Ye Feng. And if my body can continue to evolve, it will become like a diamond." indestructible."

Hearing what the big insect said, Ye Feng also laughed and said: "Okay, as long as you can encounter opportunities that can enhance your body, then you will definitely be given priority to absorb the evolution."

In fact, for Ye Feng, cultivating big insects is more important than the puppets of the Beast Controlling Emperor.

Because the puppet of the Beast Controlling Emperor is just a thing of death after all, not so flexible.

But the big bug is a real creature, with its own combat experience and judgment.

If the big bug's body can continue to evolve, its future combat effectiveness may be able to surpass that of the beast-controlling emperor's puppet.

At this time, Baby Haoran took out the previous map from his storage ring, looked at it and said loudly: "This map was stolen from my father's living hall, and the chance creation it guided should still be Very nice."

Hearing what Baby Haoran said, Ye Feng immediately couldn't help but smile and said: "That's for sure, your father is the dean of Haoran Academy, and is one of the top experts in the extremely powerful Origin World. The map in the living hall must point to an extremely ancient and terrifying destiny."

Baby Haoran nodded, looked at the map carefully, and said aloud: "But this chance creation is not in the ancient lost interface where we are at this time, but in a very huge interface next door to this ancient lost interface, called 'Galaxy Interface', it is said that the entire interface of this galaxy interface is composed of countless stars and planets, so this interface is very special, floating in the starry sky of the universe. In fact, logically speaking, it cannot be called an interface. It is a combination of countless planets and stars, which can be called a galaxy."

Hearing what Baby Haoran said, Ye Feng's eyes revealed a trace of surprise.

I didn't expect that there would be such a magical interface, an interface like a galaxy composed of countless planets and stars.

It sounds very vast and magnificent.

Ye Feng nodded slightly and said loudly: "But before leaving, I need to tell my teammates from the Wanjie Martial Arts Academy to let them go back first."

Chapter 3688 Fission Stars

"good."

At this time, hearing what Ye Feng said, Baby Haoran immediately nodded and said: "You really need to tell your teammates, brother Ye Feng, otherwise, brother Ye Feng, you will suddenly leave this ancient lost place. Interface, they might think you've died, which would be too bad."

When Ye Feng heard what Baby Haoran said, he nodded, and then took Baby Haoran and Big Chongzi directly out of the forbidden area of the Beast Control Dynasty and returned to the ancient ruins area outside the Beast Control Dynasty.

At this moment, Ye Feng did not hesitate at all. He directly took out the token of his Ten Thousand Realms Martial Arts Academy, and then directly input some of his own mana into the token, activating the real-time communication function in the token. .

Buzz!

At this moment, Ye Feng immediately saw three phantoms flashing out of his identity token.

They are Senior Sister Lan, Senior Brother Gu and Senior Sister Bai Ling.

At this moment, looking at the three shadows projected on his identity token, they are Senior Sister Lan, Senior Brother Gu and Senior Sister Bai Ling. ??

Ye Feng immediately spoke up and said: "Three senior sisters and brothers, where are you now? Are you still searching for the ancient ruins of this beast-controlling dynasty?"

Senior Brother Gu spoke first, and said with a smile: "Yes, the ancient ruins of this beast-controlling dynasty are really too big. We have been searching for days and nights but have not finished searching. We are still searching for the collapsed ruins one by one. Wealth in buildings."

Hearing what Senior Brother Gu said, Ye Feng immediately nodded and said: "Now I have met the Haoran baby from Haoran Academy, and I need to accompany him to find another interface of opportunity. Do you want to come with us? go?"

Senior Sister Lan spoke up at this time: "Baby Haoran is the crown prince of Haoran Academy. You unexpectedly met him. But since he is willing to take you to find opportunities and fortune together, it means that he trusts you very much. We still don't want to be involved."

Bai Ling also nodded at this time and said loudly: "Ye Feng, you must be careful when accompanying a noble person like Haoran Baby, we will not participate."

When Ye Feng heard what these senior brothers and sisters said, he immediately nodded and said: "Okay, then I will leave this interface first. You can continue to look for opportunities in the ancient ruins of this beast-controlling dynasty. After you have finished searching, you can return to the Wanjie Martial Arts Academy, and I might also go back by then."

After saying that, Ye Feng immediately disconnected the identity token, then looked at Baby Haoran beside him, smiled and said: "Then we will leave here directly and go to the galaxy pointed by the map in your hand. interface."

For Ye Feng, the greatest opportunity of the Beast Control Dynasty has been obtained by him. The ordinary wealth in the ruins of the dynasty outside the forbidden area has been obtained by him.

Wealth no longer has much appeal to Ye Feng.

At this time, Baby Haoran immediately nodded, and said with excitement and expectation in his eyes: "An interface completely composed of planets and stars must be very magnificent and vast. I have wanted to see this kind of interface for a long time. Take a look."

After finishing speaking, Baby Haoran took out a boundary-breaking talisman directly from the storage ring and said loudly: "This is also something my father gave me, which allows me to travel through various interfaces and play everywhere in the world. "

Seeing that Baby Haoran casually took out treasures with different uses from the storage ring, Ye Feng sighed again, Haoran Academy's family background is really rich.

As the young prince of Haoran Academy, Baby Haoran is naturally able to obtain all kinds of treasures and has huge wealth.

This is simply a little God of Wealth.

At this moment, Baby Haoran activated the boundary-breaking talisman in his hand, and then a bright beam of space light immediately enveloped Ye Feng, Baby Haoran and Big Chongzi who were present.

Buzz!

Almost at the next moment, the three of them disappeared on the spot.

When the three of them opened their eyes again, they had already passed through the interface barrier.

From that ancient lost interface, we came to another vast interface, the galaxy interface!

At this moment, the three of them looked around and immediately saw the boundless vastness of this interface.

Above the sky is the vast dark cosmic starry sky, and the ground beneath their feet is a land composed of huge planets and stars, which is very magnificent and majestic.

At this moment, Ye Feng, Baby Haoran, and Big Insect were stepping on the surface of the extremely solid planet and stars, looking at the vast land around them with wonder in their eyes.

Big Chongzi also had a deep and incredible look in his eyes at this time, because this was the first time that Big Chongzi was far away from his hometown, leaving the ancient lost interface where the Beast Control Dynasty was located, and came to this new vast interface. .

At this time, Baby Haoran said aloud: "This galaxy interface is much more advanced and vast than that ancient lost interface. I can feel that the energy in the entire universe is very huge."

Ye Feng nodded slightly and said aloud: "This galaxy interface is indeed a very strange interface. It is actually an interface composed of countless planets and stars. It is really incredible."

here and now

After Ke Yefeng finished speaking, he suddenly looked at the map in Baby Haoran's hand and asked aloud: "What is the fate of the galaxy interface guided by this map?"

Baby Haoran shook his head and said aloud: "I don't know this either, because these maps were drawn by my father, but the places they point to must be created by chance, and I feel that the places pointed to by this map It is absolutely extraordinary, because my father kept it in his personal locker, and as his son, I was able to steal it by accident."

Ye Feng nodded slightly and said loudly: "Then let's go directly to the place of chance in this galaxy interface now to see what it is that is worthy of being recorded by your father himself."

Baby Haoran nodded, looked at the map in his hand, and flew quickly towards a certain direction on the galaxy interface.

Ye Feng and Big Chongzi followed closely behind Baby Haoran.

Along the way, they saw that the entire interface was indeed composed of countless stars.

Basically, they can fly across a planet or star in about half an hour.

Some stars have become completely dead, with cracks appearing on their surfaces. However, from the cracks on the surfaces of these stars, red starlight is emitted, as if they will completely fission and explode in the next moment. ??

Seeing the stars with cracks on the surface and emitting red light, Baby Haoran said loudly: "We have to stay away from these stars. My father told me that these stars are about to fission and explode. It produces extremely terrifying destructive power. If you get too close and catch up with the fission of the stars, even a super powerful monk may be wiped out instantly. "

When Ye Feng heard what Baby Haoran said, he nodded slightly and said: "Once these stars and planets in the universe reach the end of their lives and begin to fission, they will indeed release extremely terrifying destructive power. , but this star seems to have just begun to fission, and I seem to sense a very terrible energy, gestating in this star, maybe I can try to absorb this energy."

As Ye Feng said this, he stopped and flew towards the fissioning star not far away.

When Baby Haoran saw this scene, he was a little surprised and said: "Brother Ye Feng, are you a little too adventurous?"

At this time, the big insect laughed, patted the shoulder of Baby Haoran next to him, and said loudly: "Master Haoran, don't worry, Master Ye Feng is a mysterious existence, everything he does is... Don't be too suspicious."

When Baby Haoran heard what the big insect said, he immediately nodded and said: "

Indeed, Brother Ye Feng is a very powerful person. Although his cultivation is not as good as those of the super big shots in the Origin World, I always feel that in the future, Brother Ye Feng will definitely be able to surpass all the big guys in the Origin World and surpass me. His father is even the Dark Yuan Lord who surpasses the most powerful and terrifying Dark Demon Cult. "

And while Baby Haoran was talking to the big insect, Ye Feng had already arrived on the surface of the fissioning star.

At this moment, Ye Feng looked at the crimson light emanating from the cracks on the surface of the stars, and sensed an unparalleled heat that was radiating from the cracks on the surfaces of these stars, as if it could melt everything.

Ye Feng immediately spoke out at this time: "This star should have just begun to fission, and has not completely exploded with destructive power. There is no great danger yet."

After finishing speaking, Baby Haoran said aloud: "Brother Ye Feng, you can absorb all kinds of external energy. Maybe you can really absorb the energy of an entire star from this newly fissioned star."

Ye Feng immediately nodded and said with some expectation: "If it is an ordinary star, it really has no energy, but this kind of newly fissured star celestial body has undergone indescribable changes and has been released. The terrifying fission energy is just right for me to absorb."

At this moment, Ye Feng said that the Devouring Domain was released, covering the whole fissioning star under his feet.

You know, Ye Feng's cultivation has now reached a very terrifying level.

So at this time, Ye Feng's devouring domain also became extremely vast and powerful, covering a wide area, and even suddenly enveloped the entire stars in front of him.

Almost at the moment when Ye Feng used the Devouring Domain to cover the fissioning star below.

Ye Feng could immediately feel through the Devouring Domain that the energy generated by the fission inside the star was more terrifying than he imagined, as if it could destroy the world.

At this moment, Ye Feng's eyes showed surprise. He didn't expect that these celestial bodies and stars in the universe usually seemed to be very stable, but once these stars were about to die and began to fission and destruction, they could actually produce such terrifying and violent events. of destructive energy.

At this moment, Ye Feng's eyes showed a look of ecstasy. Without any hesitation, he directly began to use the Devouring Domain to absorb the violent energy inside the fissioning star.

This time Ye Feng sighed that he was so lucky. He just came to this galaxy interface and encountered such a fissioning star. This was a huge energy source for Ye Feng!

Chapter 3689 Galaxy Kingdom

At this moment, Ye Feng did not hesitate and released his Devouring Domain. After covering the entire huge star, he immediately began to absorb the energy inside the fissioning star.

The energy fissured inside the star was very terrifying and violent, almost like a volcanic eruption, which made Ye Feng feel frightened.

But at this time, Ye Feng didn't have any fear at all. Instead, he frantically released the devouring power of the Devouring Domain, quickly absorbing the fission energy in the star.

Rumble...

At this moment, Ye Feng immediately felt that the energy generated by the fission in this star was very majestic and terrifying. It was comparable to the power of a super strong man. Ye Feng immediately absorbed the extremely terrifying energy. energy.

At this moment, Ye Feng immediately felt that this energy was different from the power of ordinary powerful warriors.

This energy is a kind of heaven and earth energy, or cosmic energy, which is very terrifying and majestic, and very advanced.

If it were an ordinary practitioner, they would simply not dare to absorb the energy generated after the fission of stars.

Because it is so destructive, it can definitely make an ordinary warrior's entire body explode in an instant.

Even some super powerful people may not dare to directly absorb the energy generated by this fission.

But Ye Feng can do it now.

Because Ye Feng's physique is the Hongmeng Immortal Body, his physique and strength are very terrifying, enough to carry this extremely destructive fission power.

So at this time, with the absorption, Ye Feng's skill suddenly increased rapidly.

Moreover, Ye Feng's aura was extremely terrifying.

At this moment, Baby Haoran and Big Chongzi standing aside had deep surprises in their eyes.

They stared at Ye Feng and felt very shocked.

Baby Haoran couldn't help but said: "Brother Ye Feng is really the most powerful person I have ever seen. He is really the energy of all things in the world. He can directly swallow the energy and transform it into himself. It is really incredible." "

"yes."

At this time, Da Chongzi also nodded with deep approval and said loudly: "Perhaps the most correct decision I have made in my life is to become Lord Ye Feng's subordinate."

And while Baby Haoran was discussing with Big Chongzi, Ye Feng's cultivation finally began to explode rapidly.

Because the energy generated by this star fission is very violent, it provides Ye Feng with extremely terrifying energy.

"boom!"

The third level of extreme transformation!

"boom!"

The fourth level of extreme transformation!

"boom!"

The fifth level of extreme transformation!

"boom!"

The sixth level of extreme transformation!

At this time, Ye Feng's cultivation level suddenly broke through many realms and was directly promoted to the sixth level of the extreme transformation realm. It was really incredible to the extreme.

After all, this is just a small star, but it contains so much energy

fear.

But Ye Feng knew that ordinary stars did not have such huge energy.

Only fissioning stars can produce such terrifying energy inside.

So I have to say that the fission of stars is really a magical process, it is simply turning decay into magic.

The stars that originally had no energy or were almost exhausted were directly fissured to produce extremely terrifying destructive energy.

It's really an incredible process.

The universe is really amazing.

The power and creation of nature are simply infinite.

At this moment, after Ye Feng absorbed the energy of the entire fissioning star, his cultivation level improved so much that Ye Feng was suddenly pleasantly surprised.

Ye Feng finally changed his mind at this time.

To improve your own cultivation and devour other people's energy, you don't necessarily have to devour the skills of other warriors and practitioners. You can also devour the energy of heaven and earth produced by nature.

At this moment, Ye Feng immediately looked at the baby Haoran next to him and said: "Let's first look for any other fissioning stars around here. It can give me a huge improvement. The stronger I am, the more stars I can see. When we arrive at the place guided by this map and encounter danger, we will have a lot of confidence. After all, although my current cultivation level is very good, it is not bad compared to some real ancient strong men in the ancient interface. Relatively weak."

Baby Haoran couldn't help but nodded at this time, and said in surprise: "Brother Ye Feng has such a powerful devouring ability, he can indeed search for the fissuring stars around him and absorb the terrifying energy in these fissioning stars. , used to improve one's own cultivation skills, the speed is really fast, but the fissioning stars are very rare, and it is not something we can find if we want to find them."

Ye Feng nodded slightly and said aloud: "I know this. Anyway, this time we came to this very special Galaxy interface, so we can take a good stroll here. It's good to see the customs and customs of this Galaxy interface. By the way, look for the fissioning stars."

When Baby Haoran heard what Ye Feng said, he immediately became interested. He couldn't help but said quickly: "Okay, okay, I also like to see the customs and customs on each interface. To me, this is simply a very special event." Fun trip."

In fact, Baby Haoran came to this galaxy interface just to play, not really to find the opportunities and fortunes guided by the map.

So Ye Feng said at this moment that he wanted to wander around in this galaxy interface. Naturally, Baby Haoran forgot about looking for opportunities on the map, because he really wanted to play.

At this time, the big insect also followed the two of them obediently without saying anything.

At this moment, Ye Feng and Baby Haoran took the big bug and prepared to search for other fission stars in this galaxy interface.

But before the group of people had left for long, suddenly several people wearing blue stars descended from not far away.

A strong man in armor.

They were all fully armed and held extremely powerful war spears in their hands. In an instant, they surrounded Ye Feng, Baby Haoran and Big Chongzi.

Ye Feng immediately showed a look of surprise in his eyes.

This group of people should all be strong men in the galaxy interface.

At this moment, this group of dozens of fully armed strong men wearing armors and holding weapons surrounded all three of Ye Feng.

The leader was an extremely tall armored man.

The armored man stared at Ye Feng and said loudly: "Are you from outside the territory? If you enter our galaxy interface rashly, you must follow us and go to the Galaxy Kingdom in our galaxy interface to register. For a moment, we need to determine whether you, the powerful people from outside the territory, pose a threat to our galaxy interface, and whether you want to come here and destroy our galaxy interface."

Hearing what the armored man in front of him said, Ye Feng suddenly showed a look of astonishment in his eyes, and then said loudly: "You are overthinking. We are here just to find a special place pointed out on the map. We are here for you." There is no malicious intention in the Galaxy Interface, but I just came here to find some opportunities."

Hearing what Ye Feng said, the armored man shook his head and said loudly: "I don't believe anything you say. You only have to come with us now. We are the Galaxy Guards of the Galaxy Kingdom. You come with us." We will let you go after making sure that you will not be malicious towards our Galaxy interface."

These so-called Galaxy Guards seem to have a very sense of responsibility. Even though Ye Feng seems to be very difficult to mess with. After all, he is a strong man from outside the territory, these Galaxy Guards are still very determined.

At this time, Baby Haoran immediately shouted: "Brother Ye Feng, don't talk nonsense with them, let's leave directly."

Ye Feng's eyes flashed slightly at this time, looking at the group of Galaxy Guards in front of him, and suddenly said: "Okay, I will go with you, but I have a request, that is, I will go with you to the Galaxy Kingdom After that, you need to use the power of your Galaxy Kingdom to provide me with a map that marks the location of every fissioning star on the Galaxy interface."

"Um?"

Hearing what Ye Feng said, the captain of the Galaxy Guards immediately showed a trace of surprise in his eyes, and couldn't help but said: "These fissioning stars you mentioned, our Galaxy Kingdom does have such Investigations and records in this regard, because we need to monitor at any time whether these fissioning stars will have a destructive impact on the territory of our Galaxy Kingdom, and we also need to send professionals to deal with these dangerous fissioning stars, so as to To prevent them from harming the civilians of our Galaxy Kingdom and causing natural and

man-made disasters, I don't know what you need this kind of information for, those fissioning stars are very dangerous."

Hearing what the captain of the Galaxy Guard said, Ye Feng immediately smiled and said, "I can help you clean up these dangerous fissioning stars, and I can do it very quickly."

Hearing what Ye Feng said, Galaxy Guardian

The captain of the team was stunned for a moment, as if he didn't expect that this young and powerful man from outside the region would turn out to be a kind person.

He actually asked to help their Galaxy Kingdom clean up the dangerous stars that were fissuring.

The captain of the Galaxy Guards immediately nodded and said loudly: "Okay, I promise you, after you return to the Galaxy Kingdom with me, register your identity, and make sure that you have no ill intentions towards our Galaxy interface, I will The location of the fissioning stars within the kingdom's territory is given to you, which is also a good thing for our Galaxy Kingdom. If you can clean up these dangerous fissioning stars in time, then we will also thank you."

After saying that, the captain of the Galaxy Guardians immediately led his team members to fly in a certain direction not far away.

Ye Feng, with Baby Haoran and Big Chongzi, also quickly followed.

On the way to the Galaxy Kingdom, Baby Haoran couldn't help but secretly give Ye Feng a thumbs up and said loudly: "Brother Ye Feng, you are really good at adapting to changes."

Big Chongzi couldn't help but admire Ye Feng's wisdom at this time.

Ye Feng smiled slightly at this moment and said aloud: "These guys said that they are from the galaxy kingdom, the controlling force of the galaxy interface, then I instantly thought, since this galaxy kingdom is the controller of this galaxy interface forces, then they must have ruled this interface for a long time, then they will definitely record those dangerous fissioning stars, so that we don't have to search for it ourselves, and we don't have to waste time. We can directly get it from this galaxy. In the hands of the kingdom, I can get the location of the fissioning stars. In this way, I can get a steady stream of energy from the fissioning stars. I can't imagine that if I swallow enough

fissioning stars, my cultivation will be It will definitely be a huge improvement to what level it has been promoted to, and I am very much looking forward to it.”

Hearing what Ye Feng said, Baby Haoran immediately clapped his little hands and said very happily: "The more powerful Brother Ye Feng is, the happier I will be. This time I am going to the Galaxy Kingdom, a big force in the galaxy interface that I have never been to before. Take a look, is it very prosperous? The lost ancient interface we were in before was full of ancient ruins and destroyed cultivation civilizations. It was not lively or interesting at all. It was still like the Galaxy interface. This interface has given birth to many powerful cultivation civilizations. It is interesting to see the customs and customs of these major interface cultivation civilizations. Maybe there are all kinds of delicious food in the royal city of the Galaxy Kingdom. "

Baby Haoran is obviously a little baby who likes to travel very much, and is very interested in the many cultivation civilizations in the world.

Ye Feng smiled at this moment and said aloud: "Baby Haoran, when you grow up, I think you can join our Ten Thousand Realms Martial Arts Academy. Our Ten Thousand Realms Martial Arts Academy is one of the major universities in the world. Doing business in the interface can be done on all major interfaces. ”

Hearing what Ye Feng said, Baby Haoran immediately clapped his hands with a smile and said loudly: "Okay, okay, when I grow up, I will tell my father that I want to go to Wanjie where brother Ye Feng is. When you train in the martial arts academy, you can complete tasks and travel to various interfaces at the same time, which will definitely be very interesting. "

Chapter 3690 Elder Wang

The group of people moved very fast. Under the leadership of the Galaxy Guards, Ye Feng, Baby Haoran and Big Chongzi quickly traveled through most of the land area of the Galaxy interface, and finally arrived at the center of the Galaxy interface. Location.

At the center of this galaxy interface is an area composed of six extremely huge planets.

In each planet, there seems to be a formation that pulls out the energy of the planet, and then gathers it into a huge formation.

As long as they enter this planet formation, everyone can feel that their power is slowly growing.

This seems to be a huge spirit-gathering formation that can gather the power of the six planets to enhance the energy of the creatures living in this area.

The captain of the Galaxy Guards came here with his team members at this moment.

The captain immediately looked at Ye Feng behind him and said with a smile: "This is the royal city of our Galaxy Kingdom."

At this moment, the captain of the Galaxy Guard finally discovered that Ye Feng really didn't seem to have any ill intentions towards their Galaxy interface.

If you just come here to find some opportunities, then there will be no problem.

But you still need to register.

At this time, the captain of the Galaxy Guards spoke up: "Ye Feng, just follow me. I'll just take you to register."

"good."

Ye Feng nodded slightly, and then followed the captain of the Galaxy Guards and flew directly to the imperial city of the Galaxy Kingdom composed of six planets.

Ye Feng immediately saw that countless ancient buildings were built among these six planets.

Each of these buildings is very tall and majestic, and they look full of visual shock.

Moreover, there are many practitioners traveling inside, and many people from the Galaxy Kingdom living in it, creating a prosperous scene.

Compared with the death and loneliness of the ancient lost interface where Ye Feng was before, there is really a huge gap.

At this time, Baby Haoran followed Ye Feng, looking curiously at the Imperial City of the Galaxy Kingdom composed of the six planets. He couldn't help but smile, clapped his hands, and said aloud: "Awesome, so awesome, who is it?" It is so powerful that it has captured six planets from the

universe. The construction of such an easy-to-defend and difficult-to-attack imperial city surrounded by six planets is really shocking. "

Hearing what Baby Haoran said, the captain of the Galaxy Guards had a look of surprise in his eyes.

He glanced at the baby Haoran next to Ye Feng, as if he didn't expect this little baby who looked to be only two or three years old.

He actually has such vision and speaks such thoughtful words.

The captain of the Galaxy Guards immediately smiled and said proudly: "The imperial city formed by the six planets surrounding each other was built by the first generation king of our Galaxy Kingdom. It allows our Galaxy Kingdom to transcend Come more prosperous."

Ye Feng also nodded slightly at this time and said loudly: "It is indeed extraordinary to be able to build such a wonder."

And while everyone was talking, they had arrived in the imperial city of the Galaxy Kingdom composed of six planets.

Then the captain of the Galaxy Guard took Ye Feng, baby Haoran, and Big Bug directly to a majestic hall in the imperial city.

This hall should be specially used to register powerful people from outside the region.

At this moment, the captain of the Galaxy Guards led Ye Feng and others into the hall and arrived at a counter.

Behind the counter is an old man who looks very old, and his cultivation aura is unfathomable.

When the captain of the Galaxy Guard saw this old man, he immediately clasped his fists respectfully and said: "Elder Wang, when I was patrolling near the territory of the kingdom, I happened to meet three creatures from outside the territory, and they were brought here by me. , you need to register your identity."

The old man behind the counter, named Elder Wang, immediately nodded and said, "Let them explain where they are from."

Big Chongzi said at this time: "I come from an ancient lost interface."

When Elder Wang heard what Big Chongzi said, he nodded slightly and recorded it.

Obviously, Elder Wang didn't seem to be interested in the interface they came to, and he didn't delve into it or ask any questions. It seemed like it was just a formality and a formality.

At this moment, Baby Haoran was about to say something, but Ye Feng spoke up in advance: "My name is Ye Feng, and the baby next to me is my little brother. We come from the Great World of Origin."

Ye Feng did not specify that he came from the most advanced dark world in the world of origin. The purpose was to hide his identity and not make himself and Baby Haoran too conspicuous.

After all, now that I am in the territory of the Galaxy Kingdom, it is better to keep a low profile, lest some thoughtful people have other ideas and want to rob me of my wealth.

Hearing what Ye Feng said, Elder Wang behind the counter just nodded slightly, didn't ask any more questions, and casually recorded it.

Then Elder Wang looked at

To the captain of the Galaxy Guards, he spoke out: "Since they are willing to follow you to our kingdom to register their identities, it means that there should be no problem with them. Let's let them go."

The captain of the Galaxy Guards immediately nodded, then looked at Ye Feng and said, "You can go directly now."

Ye Feng's eyes flashed at this moment, and he said with a smile: "Has the captain forgotten the agreement between us?"

When the captain of the Galaxy Guard heard what Ye Feng said, he immediately slapped his head and said loudly: "I almost forgot, please wait for me, I will come right away."

After saying that, the captain of the Galaxy Guards left the hall directly and flew quickly in a certain direction outside, apparently to get the map recording the fission stars.

At this moment, Elder Wang behind the counter stared at Ye Feng, with a hint of surprise in his eyes, and said loudly: "You are wearing the clothes of a student of the Wanjie Martial Arts Academy, right?"

When Ye Feng heard what Elder Wang said, his eyes showed a look of surprise. It seemed that he did not expect that this old man in the galaxy interface could actually recognize the clothes he was wearing as the clothes of a student of the Wanjie Martial Arts Academy.

After all, this time Ye Feng went out to do a mission with several senior brothers and sisters. He was indeed wearing the clothes of a student from an outside martial arts academy and did not exchange for other clothes.

At this moment, Ye Feng nodded immediately and said loudly: "Senior has seen it accurately. I am indeed a student of the World of Origins Wanjie Martial Arts Academy, but I am just an ordinary student."

Elder Wang immediately said with a smile: "Your cultivation is so powerful, and I can feel that there is a mysterious aura in you. You must be a super genius in the Wanjie Martial Arts Academy. "

After finishing speaking, Elder Wang suddenly flashed his eyes slightly and said loudly: "Since you are a student of the Wanjie Martial Arts Academy, your status should be very noble. I have a descendant who is also very talented in cultivation. No. I know if I can follow you to the Ten Thousand Realms Martial Arts Academy. You take her to the Ten Thousand Realms Martial Arts Academy to see if you can get her to join the Ten Thousand Realms Martial Arts Academy. But with his talent, there should be no problem, but We have never been able to break through the interface barriers of our Galaxy interface. The inspection messengers of the All Worlds Martial Arts Academy have never come to our Galaxy interface to look for geniuses. So this time I happened to meet you, a student of the All Worlds Martial Arts Academy. I want to I request you to take my descendant to the Wanjie Martial Arts Academy, and I hope you can help me with this."

At this moment, Elder Wang was speaking, his tone seemed to be very confident about his descendant, and he was sure that his descendant had the strength.

With talent, he can enter the Ten Thousand Realms Martial Arts Academy.

But at this moment, when Ye Feng heard what Elder Wang said, there was a hint of hesitation in his eyes.

After all, Ye Feng still has a lot of things to do, but he doesn't have time to take a new person around.

But just when Ye Feng was about to refuse, Elder Wang said directly: "If little brother can help me with this, then I am willing to share a huge opportunity with you, little brother."

Hearing what Elder Wang said, Ye Feng had a look of surprise in his eyes.

Just as he was about to say the words of rejection, he held it back.

After all, Ye Feng traveled through various interfaces this time just to find various opportunities and fortunes to improve his cultivation strength.

In this case, the stronger you are in the Wanjie Martial Arts Academy, the higher the resources and treatment you will enjoy.

When the time comes to fight against the entire dark demon sect, we will have greater confidence.

So at this time, Ye Feng will naturally not let go of any opportunity that he may be able to seize.

At this moment, Ye Feng's interested eyes were immediately fixed on the elder Wang in front of him.

Ye Feng could feel that the cultivation aura of Elder Wang was very powerful and should be several realms stronger than himself.

Such a strong man, such an elder figure, should not lie to himself.

And it must be very extraordinary to be able to talk about the chance creation from the mouth of such a powerful elder.

Ye Feng immediately asked: "Senior, can you tell me what that chance creation is? I am still very interested in the chance creation you mentioned. If it can really bring me huge benefits, then I may be able to agree to your senior's request and take your descendant to the All Worlds Martial Arts Academy. However, I cannot guarantee whether I can pass the assessment of the All Worlds Martial Arts Academy. It will depend on the talent of your descendant, senior. "

When Elder Wang heard that Ye Feng had agreed, he immediately said happily: "Okay, okay, just agree. The Wanjie Martial Arts Academy is a holy land of practice that many young geniuses hope to enter. If my granddaughter After hearing this news, I will definitely be very happy. I am just a granddaughter. Naturally, I want to create the best cultivation environment for her. In this way, she can grow into a dragon and a phoenix among people in the future, instead of being like me all her life. You will never see the real world in the galaxy interface. As for little brother Ye Feng, you don't have to worry, the luck and luck I mentioned will definitely satisfy you."
