

## Ancient 3701

Chapter 3701 Six million level

boom! !

At this time, Ye Feng exuded a terrifying murderous aura, and slowly walked towards the Dark Ghost King on the Dark Throne.

Although the dark ghost king had been defeated by Ye Feng just now, the dark ghost king is now sitting on the dark throne, and has received the bonus of the power of the dark throne. His body and majesty have become taller, and he exudes Shining with a black light, it indeed looked very extraordinary, making Ye Feng not dare to attack rashly.

At this moment, the Dark Ghost King shouted directly: "With the power of the Dark Throne, please grant me the ability to kill the enemy."

Boom!

Almost at the moment the Dark Ghost King finished speaking, the entire seat of the Dark Throne suddenly erupted with black divine light, directly making the Dark Ghost King's body become even more majestic, and directly turned into a foot. The dark giant is thousands of meters tall.

The Dark Ghost King immediately laughed out loud: "I didn't expect that at this critical moment, the Dark Throne would give me such powerful dark energy. Human boy, you are dead!"

Boom!

Almost at this moment, the Dark Ghost King immediately roared, and then waved his huge dark palm and bombarded directly in the direction of Ye Feng, as if he could break everything.

Even though Ye Feng was very powerful now, at this moment he felt a terrible feeling that his spirit and soul were being suppressed and shattered by this dark hand.

Boom!

At this moment, Ye Feng was frantically activating his huge soul power, and directly released the power of the soul gem. On his body, he condensed a golden soul mask, which could be used to protect his spirit and soul. Don't get hurt.

Then Ye Feng frantically inputted his majestic mana into the Blizzard Battle Ax he had just obtained.

Because the Blizzard Battle Ax is naturally suppressive against this dark attribute Ghost King.

Therefore, Ye Feng naturally wants to completely explode the most powerful ice attribute power in the Blizzard Battle Ax as soon as possible, so that he can severely suppress the power of the Dark Ghost King.

Even though this Dark Ghost King has received the bonus of the dark energy in the Dark Throne, the Dark Ghost King itself is still a dark attribute creature, and the Blizzard Tomahawk still has a special suppressive effect on such dark attribute ghosts.

At this time, you must know that Ye Feng's current cultivation strength is already very powerful, so his magic power is almost endless.

At this time, Ye Feng will

All his mana was input into the Blizzard Battle Ax, obviously preparing for a desperate fight.

At this time, the Blizzard Battle Ax received all of Ye Feng's mana, and suddenly became more than 10,000 meters tall.

"Boom!!"

The huge blizzard battle ax directly burst out with terrifying and boundless ice-attribute power, and then formed an earth-shattering ray of ice light, slashing fiercely forward, killing the Dark Ghost King in one fell swoop. Hit.

At this moment, although the Dark Ghost King received the bonus from the Dark Throne, his attack was unable to cause any damage to Ye Feng's spirit and soul.

Because Ye Feng has a soul gem on his body, which protects Ye Feng's spirit and soul.

So at this time, the Dark Ghost King couldn't help but screamed in horror: "Boy, what kind of terrifying treasures do you have on you? You can actually withstand the power given to me by the Dark Throne."

Ye Feng smiled coldly at this time and didn't say much. Instead, he firmly held the Blizzard Battle Ax that had become tens of thousands of meters tall in his hand and slashed towards the Dark Ghost King.

Rumble...

At this moment, the terrifying and boundless power of the blizzard burst out from the Blizzard Tomahawk, splitting the Dark Ghost King in half.

"ah!!"

At this moment, the Dark Ghost King immediately let out an earth-shattering scream, and was finally completely killed by Ye Feng.

Ye Feng saw this scene and immediately breathed a sigh of relief.

You know, this is Ye Feng's strongest attack.

Because Ye Feng had just injected all his mana into the Blizzard Battle Ax in his hand.

So at this time, the power released by Ye Feng is naturally the strongest power that Ye Feng can currently unleash.

If the Dark Ghost King cannot be killed, the consequences will naturally be very serious for Ye Feng.

Fortunately, Ye Feng's final desperate attack finally completely cut the Dark Ghost King in half and killed him completely.

At this moment, Ye Feng immediately released the Devouring Domain, and instantly transformed the spirit that the Dark Ghost King turned into after his death.

All the soul fragments were swallowed up.

Boom!

At this moment, Ye Feng immediately felt a terrifying and boundless soul power, which was directly injected into his body, immediately causing Ye Feng's soul power to increase tremendously.

For Ye Feng, after devouring this dark ghost king, his soul power will naturally be greatly improved.

At this moment, Ye Feng could instantly feel that his soul power was improving rapidly.

The previous Ye Feng's soul power had been raised to level 5.1 million.

Now after devouring all the soul power of this dark ghost king, Ye Feng's soul power level has once again been greatly improved.

It was directly upgraded from level 5.1 million to level 6 million! !

At this time, Ye Feng's soul power had been greatly improved, and he felt that his spirit had suddenly strengthened a lot.

And Ye Feng could feel that his perception increased a lot instantly.

In any case, this time the soul power has been greatly improved. For Ye Feng, it is already an extremely powerful increase in strength.

What's more, Ye Feng had previously obtained the Blizzard Battle Ax and the Dark Throne that he was about to plunder.

At this time, after Ye Feng swallowed the Dark Ghost King, he walked towards the Dark Throne not far away with expectation in his eyes.

But just at this moment.

Boom! !

Suddenly, the whole sky changed.

The entire abyss was shattered by a terrifying force.

A majestic and boundless hand, like the palm of an ancient god, grabbed it from another interface and snatched the Dark Throne away.

Ye Feng suddenly felt a huge death threat at this time, and immediately retreated crazily.

At this time, the Demon Ancestor in his eyebrows suddenly shouted: "This is the power of the master! And it is the power of the high-level master! Oh my God! How could such a powerful creature appear!"

Hearing what Demon Ancestor said, Ye Feng immediately showed horror in his eyes.

Senior master!

A super powerful existence second only to the Lord of Dzogchen!

Currently, the only known high-level master in the entire origin world should be

It must be Dark Yuan Zun, the leader of the Dark Demon Cult.

At this moment, Ye Feng's eyes immediately revealed a look of deep horror.

Unexpectedly, the Dark Yuan Zun directly crossed countless interfaces and snatched away the Dark Throne.

However, I don't know if Dark Yuan Zun didn't notice Ye Feng's ant-like existence, so Ye Feng escaped and was not killed by Dark Yuan Zun.

But even so, the moment that big hand stretched out, the terrifying power fluctuation produced had already caused Ye Feng's entire body to burst into pieces, causing Ye Feng to suffer heavy injuries.

At this time, after everything was calm, Ye Feng's eyes were very downcast.

I didn't expect Dark Yuan Zun to be so terrifying.

Even a wisp of breath was enough to make his body almost completely collapse.

Ye Feng's eyes immediately showed a deep gloomy look at this time. This Dark Yuan Zun was really terrifying. It seemed that he had to increase his power quickly, otherwise he would not be able to resist even a wisp of the opponent's breath.

At this time, Ye Feng was not disappointed after the Dark Throne was taken away.

After all, a soul-level weapon like the Dark Throne is actually not very helpful to Ye Feng.

After all, Ye Feng now possesses master-level soul weapons such as the revenge soul spear, the ghost attracting flag, and so on.

At this time, the Demon Ancestor in Mei Zhong seemed to be even more angry and excited than Ye Feng, and he cursed loudly: "The damn Dark Yuan Zun, actually directly robbed the treasure that originally belonged to us."

Ye Feng said loudly at this time: "Dark Yuan Zun is a super strong man with dark attributes. Maybe this Dark Throne has a huge effect on him, but fortunately he probably didn't notice my ant-like

existence. Otherwise, today I His life was lost here. Being able to save his life in front of a high-level master is already the greatest luck today. "

For Ye Feng, his current mentality is still very good. After all, when you are alive, you must be content and happy, and sometimes you cannot care too much about gains and losses.

This time, Ye Feng's soul power was directly upgraded to a full six million level. In addition, he also got a truly powerful offensive weapon like the Blizzard Tomahawk, which made Ye Feng very satisfied.

At this moment, Ye Feng's eyes were very gloomy, staring at the broken entrance of the abyss, he couldn't help but murmured, and said aloud: "Dark Yuan Zun, one day, I will destroy this big man who wants to destroy the world. The villain will be completely killed!"

#### Chapter 3702 Ice and Snow Holy Body

At this moment, Ye Feng spoke, his tone full of deep determination.

Because in Ye Feng's heart, he has long regarded Dark Yuan Zun, the most powerful high-level master, as his goal.

At this time, the Demon Ancestor in the eyebrows seemed to have thought about it. He couldn't help but said: "Now we really can't fight against the Dark Yuan Zun. This Dark Yuan Zun is really terrifying. He is second only to the Great Perfection." The senior master of the master is an extremely powerful existence among the masters. We really can't fight against him. By the way, boy Ye Feng, you shouldn't lose confidence now, after all, facing such a terrifying existence as the Dark Yuan Zun. "

When Ye Feng heard what Demon Ancestor said, he immediately smiled and said: "I still have time to grow up. If I die, there is probably nothing I can do. As long as I don't die, one day I can become the best A strong presence."

When he said this, Demon Ancestor immediately smiled in the middle of his eyebrows and said: "It seems that you are quite confident and have a good attitude. After all, there are gains and losses in martial arts practice. This is normal. If it is because of a temporary If you lose confidence due to setbacks and become dejected, then it won't work."

When Ye Feng heard what Demon Ancestor said, he nodded slightly, and then suddenly appeared and asked: "By the way, Demon Ancestor, the most powerful existence in all the heavens and worlds, including the most advanced Great World of Origin, is the Lord of Dzogchen." ?"

Hearing Ye Feng's question, Demon Ancestor immediately couldn't help but nodded and said loudly: "As far as I know, the most powerful existence is the master-level creature, and the most powerful among the masters is the big one." Perfection reigns."

Ye Feng couldn't help but ask: "What about the Lord of Great Perfection?"

Demon Ancestor shook his head at this moment and said aloud: "I don't know much about this either."

Hearing what the Demon Ancestor said, Ye Feng couldn't help but ask Emperor Chu in the soul gem again, and asked aloud: "Emperor Chu, do you know what the realm of cultivation is above the Great Perfection Lord?"

for a long time

Emperor Chu, who was silent, heard Ye Feng ask him by name, and immediately said: "There should be a more powerful existence above the Lord, but it does not exist in the world where we are. Even the most advanced interface, the Great World of Origin, cannot give birth to beings above the Overlord. As far as we know, the Overlord should be the most powerful existence anyway. As for the more powerful creatures above the Overlord, That is not an existence that we can understand. It only exists in legends. At least there is no record of this in the memory fragments of my current awakening. "

Hearing Emperor Chu say the same thing, Ye Feng immediately nodded slightly.

In any case, it currently seems that the Lord of Dzogchen should be the most powerful being in the world.

Even ancient beings like Emperor Chu or Demon Ancestor don't know if there is a stronger being above the Lord of Dzogchen.

At this moment, Ye Feng gave up some of the unrealistic thoughts in his mind and simply left this abyss.

When Ye Feng came to the abyss, without any hesitation, he flew directly towards the inheritance castle where Leng Ruoxue was at that time.

When Ye Feng arrived at this inheritance castle, he immediately saw that the entire castle was emitting a faint blue light.

Moreover, Ye Feng also sensed a very pure and advanced aura at this moment, which was being gestated.

Ye Feng immediately walked towards this inheritance castle.

Boom!

But the moment Ye Feng approached the inheritance castle, suddenly a blue light mask erupted in the entire inheritance castle.

, directly guarding the entire castle, preventing Ye Feng from entering.

When Ye Feng saw this scene, his eyes suddenly showed surprise.

It seems that Leng Ruoxue accepts the inheritance in this inheritance castle, and this inheritance castle will automatically protect the master.

At this moment, Ye Feng did not directly attack the inheritance castle, but stayed outside and waited quietly.

Ye Feng waited for nearly two days and two nights. Suddenly, the entire castle quickly shrank and then turned into a palm-sized castle.

Leng Ruoxue's figure appeared.

Leng Ruoxue's body was emitting a faint blue light at this time, looking very holy and noble. .??.

Ye Feng can sense at this moment that Leng Ruoxue's physique has been greatly improved. He is no longer an ice and snow spirit body, but has become the ultimate ice and snow holy body above the ice and snow spirit body!

At this time, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Leng Ruoxue, congratulations, you have evolved into the legendary Ice and Snow Holy Body. Now your innate ability has suddenly improved." It will improve a lot, and it should be much easier to pass the newbie assessment of Wanjie Martial Arts Academy."

Hearing Ye Feng's comments, Leng Ruoxue's beautiful eyes immediately revealed a look of deep surprise, and she said loudly: "I didn't expect that this time I would be able to get the approval of my ancestors, and directly transfer her true nature to her. I was fused with the power of the ice and snow spirit body, and then upgraded and evolved my physique from the ice and snow spiritual body to the ice and snow holy body. My physical level improved a lot all of a sudden. I feel that my cultivation speed and various cultivation abilities, There has been huge growth, it's amazing."

Ye Feng immediately nodded and said: "Since you have received the inheritance from the first generation ancestors and your physique has also evolved in this way, then I

The mission has been completed. Now you can use the Holy Body of Ice and Snow to sense other chance creations in the ancient ruins of your country of ice and snow. "

Although Ye Feng had already obtained such a powerful offensive weapon as the Blizzard Tomahawk, Ye Feng still wanted to find other better opportunities in this ice and snow country.

Because Ye Feng also learned from the Demon Ancestor at this time that the ice and snow country created by the first generation ancestor of the Wang family was still very prosperous, so there must be other opportunities and fortunes that can allow him to be greatly improved. .

At this moment, when Leng Ruoxue heard what Ye Feng said, she immediately nodded vigorously and said loudly: "Master Ye Feng has protected me until now, allowing my physique to evolve and evolve into the Ice and Snow Holy Body, then I will definitely work hard now to help Young Master Ye Feng improve his strength. After all, the stronger Young Master Ye Feng is, the safer it will be for me to practice in the Wanjie Martial Arts Academy. "

Although Leng Ruoxue was very much looking forward to this unfamiliar place, the holy land of practice at the Ten Thousand Realms Martial Arts Academy, she was also a little uneasy, fearing that she would encounter the ill intentions of many other super geniuses.

So at this time, Leng Ruoxue naturally wanted to firmly grasp Ye Feng, the only student from the Wanjie Martial Arts Academy that she knew so far.

Ye Feng smiled slightly at this time, nodded and said, "As long as you satisfy me, everything will be easy."

"As long as Mr. Ye Feng tells you specific requirements, Xue'er will definitely satisfy Mr. Ye Feng."

When Leng Ruoxue said this, she seemed to have thought of something, and her fair and beautiful face immediately showed a trace of rosy.

Leng Ruoxue directly exuded the aura of her ice and snow holy body at this time, wanting to sense other opportunities in this ice and snow kingdom and serve Ye Feng.

Chapter 3703 Ice Lizard

Buzz!

At this time, Leng Ruoxue used her ice and snow holy body to sense it casually for a while, and immediately sensed a special aura.

She immediately opened her eyes and said aloud: "Master Ye Feng, I have sensed a very strong wave of ice properties, just to the southwest of this ancient ruins of the land of ice and snow, let's go and take a look. Bar."

When Ye Feng heard what Leng Ruoxue said, his eyes suddenly lit up.

Unexpectedly, Leng Ruoxue's sensing ability has become so powerful now, and she can sense it with just a few touches.

This Leng Ruoxue has now evolved into the Ice and Snow Holy Body after receiving the inheritance from her first generation ancestor, and her sensing ability has naturally become much stronger.

Moreover, you must know that this country of ice and snow was originally an ancient relic created by Leng Ruoxue's first generation ancestor.

So most of them are created by chance with ice attributes.

As a holy body of ice and snow, Leng Ruoxue is naturally able to perceive these chance creations of the same attributes.

At this moment, Ye Feng followed Leng Ruoxue and immediately flew quickly towards a certain area in the southwest.

On the way, the demon ancestor in his eyebrows suddenly said: "Ye Feng, I have said before that in the mountains and mountains outside the ancient ruins of this country of ice and snow, there is a mysterious and unpredictable existence that is about to wake up. Well, that mysterious existence is most likely the culprit that destroyed this land of ice and snow. I think you should get out quickly. If you continue to stay here, it may be dangerous. "

When Ye Feng heard what Demon Ancestor said, he suddenly thought that the terrifying aura he had sensed before was slowly recovering.

But Ye Feng didn't want to waste the opportunity in the ancient ruins left behind by this land of ice and snow.

At this moment, Ye Feng hesitated for a moment, and then said aloud: "Okay, I will quickly look for opportunities. Anyway, Leng Ruoxue, the Ice and Snow Holy Body, can help me sense the opportunities of ice and snow around me. It should be

The speed will be very fast. After I get these opportunities, I will leave here as soon as possible. "

Hearing what Ye Feng said, Demon Ancestor nodded slightly and said nothing more.

At this moment, Leng Ruoxue and Ye Feng had arrived at the place she sensed was created by chance.

At this moment, Ye Feng and Leng Ruoxue saw a shocking scene.

I saw that there were nine towering towers in this area, like nine heavenly swords standing under the sky, which looked very shocking.

But now most of the nine towering towers have collapsed. In the middle of the nine towers, there is a small lake that looks very peaceful.

This small lake is surrounded by these nine giant towers that look like heavenly swords. It must be very extraordinary.

Leng Ruoxue said aloud: "The energy fluctuations of the ice attribute that I sensed were generated from this small, calm lake."

Ye Feng nodded slightly at this moment, and then walked directly to the small lake.

Leng Ruoxue quickly followed.

Buzz!

At this moment, Ye Feng also exuded his soul power and sensed this small lake.

But at the next moment, Ye Feng's eyes suddenly changed and he shouted loudly: "Hurry back!"

Uh-huh!

At this moment, Ye Feng almost didn't hesitate at all. He immediately grabbed Leng Ruoxue's white hand and moved back instantly.

Boom!

Almost in the next moment, this small lake that was originally calm exploded.

An ice lizard several kilometers long,

He immediately rushed out of the lake, roaring and looking very terrifying.

Leng Ruoxue was startled and couldn't help but said aloud: "The ice attribute energy I sensed is actually such an ice and snow monster? How terrifying! His cultivation seems to be better than Ye Feng's Young Master, you must be at a higher level than the Heshen Realm, and you are an existence at the level of Kongji Realm above the Heshen Realm."

Ye Feng nodded slightly and said aloud: "This ice lizard is indeed at the level of Kongji Realm. Although its cultivation is a whole realm higher than mine, there should be no problem."

After saying that, Ye Feng immediately let go of Leng Ruoxue's little hand, and then walked slowly towards the ice lizard in front of him.

Leng Ruoxue was a little worried and said aloud: "Master Ye Feng, we can also look for other opportunities that are not dangerous. Anyway, I have now evolved into the Holy Body of Ice and Snow. After careful induction, this ancient ruins of the land of ice and snow There must be many other opportunities. There is no need to risk dealing with this ice lizard. This monster is too scary and dangerous. "

Hearing that Leng Ruoxue was worried about himself, Ye Feng just turned his head and smiled slightly, and said: "Don't worry, it's just a chance to test the level of cultivation strength of the second level of Heshen Realm that I just broke through."

Since Ye Feng's cultivation broke through to the Heshen realm, he can feel that his combat power has been incomparably enhanced.

So at this time, Ye Feng encountered such a powerful ice lizard, and naturally wanted to fight it to see what his true combat power was.

So at this moment, Ye Feng didn't hesitate and walked quickly towards the ice lizard.

This ice lizard looks very ferocious and majestic, like a mountain, which gives people a very visual impact.

At this moment, Leng Ruo

Xue looked at the scene in front of her not far away, her eyes naturally very worried.

Because he knew that although Ye Feng came from outside the territory and came from the Ten Thousand Realms Martial Arts Academy and was a super genius in the Ten Thousand Realms Martial Arts Academy, his combat power and methods must be very terrifying.

However, Ye Feng's current cultivation level has only just broken through to the Heshen Realm, and this ice lizard is a powerful existence at the level of Kongji Realm above the Heshen Realm.

And you must know that this ice lizard is not an ordinary practitioner, but an ancient monster with ancient power.

Ever since Leng Ruoxue received the inheritance left by her first-generation ancestors, she naturally understood deeply how terrifying their ancestors were back then.

So the ice monsters living in this ice kingdom are so terrifying.

At this time, Leng Ruoxue was naturally very worried about Ye Feng.

Because Ye Feng not only helped her and was her benefactor, but he would also take her to the holy land of cultivation, the Ten Thousand Realms Martial Arts Academy.

If Ye Feng died in the hands of this ice lizard, then his future would be over.

Just when Leng Ruoxue was worried, Ye Feng walked up to the huge ice lizard.

The ice lizard roared at Ye Feng at this time, and stretched out a huge claw to grab Ye Feng fiercely, wanting to tear Ye Feng into pieces in an instant.

After all, in front of this ice lizard, Ye Feng is just a weak human boy. If he dares to disturb his rest, he will naturally kill Ye Feng.

Moreover, there is an ancient treasure in this calm little lake. The Ice Lizard relied on that treasure to reach its current state. Naturally, he will punish any existence that comes here. Tear them all to

pieces and destroy them. No one can be allowed to overpower the treasure that it relies on for survival!

Chapter 3704 The biggest fear

Buzz!

At this time, the ice lizard suddenly erupted with a terrifying killing momentum, giving people a very terrifying feeling, as if an ancient evil beast had revived.

However, I have to say that this ice lizard is as big as a mountain and looks very much like an ancient evil beast.

Ye Feng felt that this ice lizard should contain very ancient and advanced bloodline power.

So Ye Feng wanted to take the risk and fight this ice lizard at this time, and he also took a fancy to the bloodline of the extremely powerful ancient evil beast that might be hidden in this ice lizard's body.

Because for Ye Feng, Hongmeng Immortal Body has always been Ye Feng's most powerful support.

If you can kill this ice lizard, not only will your cultivation skills be greatly increased, but your bloodline level will also be greatly improved.

In fact, what Ye Feng values more is the power of ancient blood that may be contained in the body of this ice lizard.

At this moment, Ye Feng slowly walked towards the ice lizard.

The ice lizard said almost no nonsense and rushed towards Ye Feng in an instant.

The huge claws seemed to be able to tear the heaven and the earth apart!

Ye Feng did not hesitate at this moment and directly released the powerful power of Hongmeng Immortal Body.

In addition, Ye Feng directly displayed the Hand of Hell.

Boom!

So almost at this moment, Ye Feng's palm immediately turned into a huge palm, releasing the power of hell, and instantly collided with the claws of the ice lizard rushing forward. together.

Boom! !

The moment the two collided together, an earth-shaking roar suddenly erupted, as if it could shatter the entire sky.

And at the next moment, Ye Feng couldn't help but take several steps back.

However, the ice lizard in front couldn't help but take several steps back.

The two are evenly matched!

"Amazing!"

Seeing this scene, Leng Ruoxue, who was not far away, immediately showed deep surprise in her eyes. She couldn't help but said in surprise: "Young Master Ye Feng, you are really amazing. Your cultivation level is lower than this." The ice lizard is a whole level lower, and this ice lizard looks like a monster from ancient times. Its strength must be very terrifying. It is incredible that you can still compete with him with the strength of your own body. "

I have to say that Leng Ruoxue is now extremely shocked.

, I didn't expect Ye Feng's cultivation to be so powerful. His combat power was so powerful, much stronger than his cultivation level.

Leng Ruoxue originally thought that Ye Feng might just be an ordinary student at the Wanjie Martial Arts Academy.

But now Leng Ruoxue suddenly discovered that Ye Feng was very likely to be a super genius in the Wanjie Martial Arts Academy.

And when Leng Ruoxue cried out in surprise, the Ice Lizard not far away immediately shouted in human words: "Human boy, you are just a humble human, with such a thin body, how can you possibly contain so much energy?" With such terrifying power, it can actually compete with my ancient ice claws that I have practiced for many years? This is impossible, my claws should be able to tear you apart instantly!"

When Ye Feng heard what the Ice Lizard said, he immediately smiled coldly and said: "You should have evolved slowly to the powerful level you are now. If my guess is correct, there must be something hidden in this calm little lake. What kind of precious treasure is this that allows you to lurk here for so many years and evolve for so many years?"

At this time, after Ye Feng finished speaking, the Ice Lizard not far away immediately changed his expression. He couldn't help shouting in anger and said: "Boy, don't talk nonsense! There are no treasures here at all. Hurry up and leave." , I don't want to fight with you anymore!"

What the Ice Lizard said revealed that there was a very precious treasure in this calm little lake.

The reason why Ye Feng guessed this was because this small lake looked very ordinary, but it was surrounded by so many giant towers like heavenly swords, so it must be very extraordinary.

Moreover, as soon as Ye Feng approached this calm little lake, the ice lizard immediately jumped out and tried to drive him away, indicating that there must be some very powerful treasure hidden in this calm little lake.

Therefore, Ye Feng guessed that the huge ice-attribute energy fluctuations sensed by Leng Ruoxue's Ice and Snow Holy Body should not be the ice lizard, but the mysterious treasure hidden in this calm little lake.

That's why Ye Feng made such a guess.

At this time, when he saw the furious expression on the ice lizard in front, Ye Feng immediately showed joy on his face.

It seems that I guessed it right.

Otherwise, this ice lizard would not have become so angry all of a sudden.

Uh-huh!

At this moment, Ye Feng didn't hesitate and rushed towards the ice lizard.

Hit away.

Now, after Ye Feng collided hard with the ice lizard through the hand of hell, he immediately understood that this ice lizard was not as scary as he imagined.

So at this moment, Ye Feng didn't hesitate at all, and directly released his extremely powerful means, releasing the power of Emperor Yan's master bone.

For this ice attribute monster, it is more effective to directly use the fire attribute to deal with him. ??

So at this time, Ye Feng directly released the powerful flames belonging to Emperor Yan.

"Buzz!"

At this moment, Ye Feng's body suddenly burst into endless flame power.

Ye Feng's entire body was shrouded in thousands of flames, giving the impression that he was like a king in flames, very supreme and noble.

Leng Ruoxue, who was not far away, couldn't help but take several steps back when she saw this scene.

Because she felt a very advanced and terrifying power of fire, which gave her ice and snow body a sense of crisis.

At this moment, Leng Ruoxue's eyes immediately showed deep surprise. Ye Feng's methods were really endless.

At this moment, the Ice Lizard not far away saw Ye Feng who turned into a fire god, and immediately couldn't help shouting: "How can a human boy like you control such a high-level flame? Your cultivation level is obvious How is this possible when you are so weak!"

Hearing what the Ice Lizard said, Ye Feng immediately smiled indifferently and said, "I have more tricks than you can even imagine."

Boom!

At this moment, Ye Feng didn't hesitate at all. His whole body was covered with endless flames of the Flame Emperor's Dominator, and he charged towards the Ice Lizard.

The ice lizard had almost no resistance and was immediately enveloped by Ye Feng's endless flames. In an instant, it turned into a blackened roasted lizard, fell directly from the sky, and died instantly.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the ice lizard.

Whether it is the skill energy contained in the body of this ice lizard or the advanced bloodline of the extremely advanced ancient evil beast, they are all very attractive to Ye Feng.

Ye Feng naturally couldn't wait to devour this ice lizard completely.

I have to say that this country of ice and snow built by the first generation ancestor of the Wang family is really a good place. Even though it has been destroyed for endless years, it still allows people to come after so many years.

Ye Feng got a lot of good things.

This made Ye Feng have to sigh, it must have been a very glorious practice back then. Strong people emerged in large numbers in the golden age, so there were so many powerful practice civilizations, so many treasures were built, and there were so many opportunities. .

If it was that glorious cultivation era, perhaps even if Dark Yuan Zun founded the Dark Demon Sect, he would not dare to be so presumptuous. He would kill and conquer everywhere in the world, and even bring down the highest level of the Origin World. Several realms are all integrated together.

Ye Feng couldn't help but think at this moment, wondering what happened to make the whole world and the world of origin feel that the practice was in decline and that it would never return to the glorious days of practice.

At this time, Ye Feng suddenly thought that the lost ancient interface was originally very glorious and had many ancient civilizations, but in the end it was cleansed by a mysterious force and became extremely lonely and dilapidated.

It seems that there is indeed a very mysterious force or mysterious existence in the entire world that will cleanse the entire world.

Perhaps it was because of this terrifying and mysterious world cleansing in that glorious era of cultivation that the entire cultivation civilization in the heavens and worlds dropped to a lower level and became less glorious than in ancient times.

Ye Feng was thinking secretly in his heart at this moment, and suddenly felt a huge sense of crisis.

If the next world purge comes, and my strength has not risen to a sufficient level, I wonder if I will be purged and die completely.

This huge sense of crisis is even greater than the pressure put on Ye Feng by Dark Yuan Zun.

Because the Dark Yuan Zun is visible and tangible, he is in the Dark Demon Cult and is a high-level master-level existence.

But the people behind this world cleansing are hidden in the dark, and they don't know where they are or when the next cleansing of the world will be carried out again.

This kind of elusive thing is the most terrifying thing.

Because it's unknown.

The unknown is the greatest fear.

That is Ye Feng's current state, a strange existence that is temporarily incomprehensible.

However, Ye Feng knows that no matter what, he can only survive stably in the future by doing his best to quickly improve his strength and cultivation.

So at this time, Ye Feng threw away some of the temporarily unrealistic thoughts in his mind, and immediately began to quickly devour the burnt ice lizard in front of him.

Chapter 3705 Heart of Ice

Boom!

At this moment, along with Ye Feng's devouring, streams of very majestic energy were immediately injected into Ye Feng's body.

For Ye Feng, this ice lizard is still very energetic.

Because the cultivation strength of this ice lizard is a whole level higher than that of Ye Feng.

Therefore, the blood energy contained in the body of this ice lizard is still very abundant. After Ye Feng swallowed it, his skill immediately increased tremendously.

boom! .??.??

The third level of Heshen Realm!

boom! .??.??

The fourth level of Heshen Realm!

At this time, Ye Feng's cultivation level broke through two levels in a row, which made Ye Feng's strength increase a lot.

Ye Feng's eyes suddenly showed a trace of happiness.

For Ye Feng, it was very satisfying for an ordinary ice lizard to be able to make his cultivation reach two levels in a row.

But if Ye Feng's words were heard by others, they would definitely curse him.

Because this is not an ordinary ice lizard at all, it is an ancient monster with very terrifying power.

It's just that Ye Feng's combat power is really terrible, so he can easily kill this ice lizard.

At this time, after Ye Feng made a breakthrough in cultivation, he also obtained the advanced bloodline of the ancient monster contained in the body of this ice lizard.

After Ye Feng started to fuse this bloodline, he immediately felt that his Hongmeng bloodline had also been improved.

With the improvement of Hongmeng bloodline, the strength of Ye Feng's Hongmeng Immortal Body is also rapidly increasing.

However, in the end, Ye Feng's Hongmeng Immortal Body did not break through to the late fourth level, but only grew a part.

But Ye Feng was still very happy.

After all, I was able to unexpectedly obtain this ice lizard with the bloodline of a high-level ancient monster, and my Hongmeng Immortal Body has grown a lot, which is already pretty good.

Ye Feng did not expect that by casually swallowing this ice lizard, his Hongmeng Immortal Body could directly break through the first level.

That's a bit unrealistic.

Just a little increase is enough.

After all, a drop of water can penetrate a stone, and a little can make a big difference.

As long as Ye Feng slowly accumulates, then one day Hongmeng Immortal Body can continue to break through.

Uh-huh!

At this time, Leng Ruoxue, who was not far away, flew over, looked at the ruins on the ground, and couldn't help but exclaimed in amazement: "Master Ye Feng's cultivation strength is really amazing, this Han Bing The lizard's cultivation level is very terrifying, and it is also an ancient level monster. It was wiped out by Young Master Ye Feng at once. Young Master Ye Feng released so many flames just now, it was like a god of fire. It was really shocking. People are shocked."

When Ye Feng heard what Leng Ruoxue said, he just smiled slightly and said, "This ice lizard looks ferocious, but its combat power is actually average."

After finishing speaking, Ye Feng looked at the calm lake and said aloud: "Leng Ruoxue, please wait for me outside. There should be a treasure in this small lake to give birth to such a powerful head of ice. It's a monster with attributes, so I'm going to go down and investigate, but it might be a bit dangerous, so you should stay up here."

Although Leng Ruoxue's talent has been greatly improved now, and her physique has evolved directly from the initial ice and snow spirit body to the final ice and snow holy body.

But Leng Ruoxue's current cultivation level is still not good enough after all.

Lift up.

Therefore, if you enter this small lake and encounter any huge danger, you may be in danger of falling.

So at this time, Ye Feng naturally told Leng Ruoxue not to enter it, and went in to investigate first.

When Leng Ruoxue heard what Ye Feng said, she knew that the other party was also doing it for her own good. She immediately couldn't help but nodded and said, "Then I will wait outside for Master Ye Feng's return. Master Ye Feng, you must do the same." Be careful and don't put yourself at risk."

Plop!

Ye Feng immediately nodded, then jumped directly into the calm small lake in front of him.

Ye Feng knew that this small lake was very extraordinary as soon as he arrived.

After killing the ice lizard at this moment, Ye Feng naturally had no obstacles and quickly lurked under the lake.

"Buzz..."

The more Ye Feng dives down here, the more he can feel that the water in the depths of the lake is very cold and biting.

Even though Ye Feng's Hongmeng Immortal Body is very powerful, Ye Feng's blood energy is like a dragon, flowing surging through his limbs and bones.

Ye Feng also felt an extremely terrifying cold feeling at this time, as if it could invade his own spirit and soul.

This made Ye Feng's eyes even more surprised.

What is hidden beneath this lake?

It's so terrible!

However, since it can give birth to an ancient monster as old as the Ice Lizard, it means that the treasure under this lake must be very extraordinary.

After all, it is a treasure that can be sensed by Leng Ruoxue's Ice and Snow Holy Body, so it is naturally an ancient treasure.

Ye Fengchi

At this moment, he even directly held the Blizzard Tomahawk he had obtained before in his hands.

Pieces of ice energy were automatically released from the Blizzard Tomahawk, allowing Ye Feng to blend perfectly into the cold water deep in the lake, and Ye Feng felt better.

"That is....."

When Ye Feng reached the bottom of the lake, he immediately saw a slowly beating heart growing on the rocks under the lake, emitting a faint blue light.

"This is not a heart, but a naturally raised heart of ice. It is a very ancient treasure with plant attributes."

At this moment, Demon Ancestor suddenly spoke in Ye Feng's eyebrows.

When Ye Feng heard what Demon Ancestor said, he immediately stared at the Ice Heart in front of him in surprise.

No wonder it can breed such powerful ice lizards. It turns out that there is an ancient elixir growing here.

At this moment, Ye Feng could sense a very terrifying and majestic power of ice from the heart of ice.

Once released, it seems to be able to freeze the entire world.

At this time, Demon Ancestor reminded in the middle of his eyebrows: "Young man Ye Feng, you must be careful and carefully pick off this heart of ice, because if this heart of ice is slightly broken, the contents contained in it will be destroyed." The terrifying power of ice will surge out crazily and

freeze an entire area of tens of thousands of meters in an instant. Even with your current cultivation strength, Ye Feng, you probably won't be able to withstand the force of ice. The terrifying ice power contained in the heart is likely to be frozen here forever. "

When Ye Feng heard what Demon Ancestor said, he immediately nodded solemnly.

Ye Feng knew that Demon Ancestor would not scare him intentionally, which meant that this Ice Heart was really terrifying.

Chapter 3706 Leaving

Buzz!

At this moment, Ye Feng held his breath and concentrated, quickly approaching the beating heart of ice in front of him.

Although Ye Feng's body is very strong, he also has a Blizzard Battle Axe, which releases cold air to protect Ye Feng.

But when Ye Feng was about to approach the Heart of Ice, he could still feel an extremely cold air, which completely froze his entire spirit and soul, including his entire body.

Ye Feng's eyes suddenly revealed a look of deep horror.

The power of ice contained in this heart of ice is truly terrifying to the extreme.

Even his extremely powerful Hongmeng Immortal Body is currently unable to withstand that terrifying cold air.

At this time, Ye Feng also temporarily abandoned his idea of releasing the Devouring Domain directly and devouring this Heart of Ice.

Because if he directly swallows this heart of ice, he may not be able to withstand this extreme cold power for the time being.

So at this moment, Ye Feng was still going to follow what the Demon Ancestor said and carefully pick off the Heart of Ice. He would wait until his cultivation strength increased in the future, or he would look for other ways to absorb it. The ultimate ice power in this heart of ice.

There was a hint of surprise in Ye Feng's eyes at this moment.

After all, this is the first time that I have encountered such a treasure of heaven and earth that cannot be swallowed directly.

Because the power of ice contained in this heart of ice is too advanced, too terrifying, and extremely extreme. My current level of cultivation and body strength cannot withstand the extreme power of ice in this heart of ice. force.

So at this time, Ye Feng carefully picked out the roots of the Ice Heart according to what the Demon Ancestor said.

The flesh, flesh and bones of Ye Feng's palm were so cold that they were about to burst.

But Ye Feng endured the horrific pain and finally removed the Ice Heart and put it into his storage ring.

"Click, click..."

At this moment, Ye Feng saw layers of ice appearing on his storage ring.

Demon Ancestor couldn't help but say at this time: "Ye Feng, this storage ring in your hand probably can't withstand the ice energy in the Ice Heart, and it is very likely to be destroyed by the ultimate ice energy in the Ice Heart. If the force freezes and explodes, everything in your storage ring will be lost in the void turbulence caused by the explosion of the space ring."

When Ye Feng heard what Demon Ancestor said, he couldn't help but asked: "Then what should we use to store this heart of ice?"

Demon Ancestor said aloud: "You can store this Heart of Ice directly.

Among the Blizzard Battle Axes in your hands, the Blizzard Battle Ax in your hands was forged by the number one weapon refiner in the country of ice and snow. It can withstand the extreme cold power in the heart of ice. Maybe this cold Heart of Ice can also enhance the power of your Blizzard Tomahawk. "

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly lit up.

Unexpectedly, the Heart of Ice can also increase the power of weapons like the Blizzard Battle Ax in his hand.

You know, the Blizzard Tomahawk is already very terrifying. One strike of the ax can freeze everything in the world.

If it is blessed by a terrifying thing like the Heart of Ice, the power of the Blizzard Tomahawk will become even more terrifying.

So at this moment, Ye Feng did not hesitate at all, and directly stored the heart of ice into the handle of the Blizzard battle ax according to what the Demon Ancestor said.

Almost the moment the Ice Heart entered the Blizzard Tomahawk, Ye Feng immediately saw that the entire Blizzard Tomahawk was shaking violently.

"Buzz!"

An extremely terrifying cold power is emanating from the Blizzard Tomahawk, causing the water in the surrounding lakes to freeze.

Ye Feng couldn't help but look at the surrounding water at this moment, with a look of surprise in his eyes.

The water in this lake is probably very powerful. It can withstand the cold power of the Ice Heart without freezing into ice.

At this moment, Ye Feng said that he directly used the storage ring to collect the water in the entire lake, which might be used in the future.

At this time, Ye Feng flew out of the lake.

Leng Ruoxue was waiting outside.

When she saw Ye Feng flying out, she immediately couldn't help but fly forward and said loudly: "Did Young Master Ye Feng gain anything?"

Ye Feng nodded slightly, smiled and said, "It's a great harvest."

After finishing speaking, Leng Ruoxue immediately said aloud: "Then I will continue to sense other opportunities."

At this moment, Leng Ruoxue said, immediately activating his ice and snow holy body, wanting to sense other opportunities for Ye Feng.

Boom! !

But suddenly at this moment, in the mountains outside this land of ice and snow, a huge and terrifying roar suddenly sounded.

The huge roar was so deafening that it felt like the entire earth and sky were about to shatter.

Feeling this terrifying shock, Leng Ruo

Xue immediately felt a subconscious sense of crisis.

Her ice and snow holy body felt an extremely terrifying feeling.

At this moment, Leng Ruoxue couldn't help but said loudly: "Master Ye Feng, my ice and snow holy body has some terrifying roaring fluctuations."

Ye Feng nodded slightly and said aloud: "When I just entered your Wang family's ancestral land, which is this independent small world, I have already noticed that there is something hidden in this

land of ice and snow and the mountains outside. This very terrifying existence should be the culprit of the ice and snow kingdom founded by your first-generation ancestors, which is why your ice and snow body feels a sense of crisis at this moment. "

When Leng Ruoxue heard what Ye Feng said, a trace of fear suddenly appeared in her beautiful eyes, and she couldn't help but said: "Master Ye Feng, what should we do?"

Ye Feng thought for a moment at this moment, and then said aloud: "Let's just leave here. We can't delay our lives because of some other opportunities. If we die here, it will be really troublesome. We are here." I've gotten a lot of good stuff once."

For Ye Feng, this time he did get a lot of good things from this ice and snow country, and he was satisfied.

Leng Ruoxue also received the inheritance from the first generation ancestor, and her physique successfully evolved into the Ice and Snow Holy Body, which can be regarded as a complete rebirth.

The two people's goals were finally achieved.

Naturally, they don't want to risk their lives.

At this time, Leng Ruoxue heard what Ye Feng said and immediately nodded. She ignored the terrifying roar and took out a yellow talisman paper from her storage ring.

Then Leng Ruoxue said aloud: "This is what grandpa gave me before. Directly stimulating it will allow us to leave the ancestral land of the Wang family."

Ye Feng immediately nodded, and then directly asked Leng Ruoxue to activate the yellow talisman in his hand.

Buzz!

At this moment, a violent spatial fluctuation suddenly rushed out of the yellow talisman, covering Ye Feng and Leng Ruoxue.

Almost at the next moment, the yellow talisman directly teleported the two of them out of this small independent world.

Uh-huh!

At this moment, Ye Feng opened his eyes and found that they had returned to the Wang family's ancestral home and left that independent small world.

At this time, the old man, Elder Wang, was waiting in front of the two of them.

At this moment, seeing the two people appear again, I immediately

He just couldn't help but said loudly: "You came out so quickly, was it successful?"

Ye Feng smiled slightly, nodded and said: "Your granddaughter has been completely transformed. Not only has she inherited the inheritance from your first generation ancestors, but her physique has also evolved from an ice and snow spirit body to a holy body. It is very good."

"What?"

"Eucharist!!"

Hearing what Ye Feng said, Elder Wang immediately became very excited and even burst into tears.

He stared at Leng Ruoxue in front of him, trembling his hands slightly, and said aloud: "Xue'er, you have finally accomplished what every generation of the head of our Wang family wants to do, which is to obtain the inheritance from the first generation ancestor, and this Once you were really lucky, and you actually got the original power of your ancestors, evolving your ice and snow spirit body into the holy body level. Now your talents will be completely released, and you will become a peerless genius. Yes, Xueer, do you know?"

Elder Wang was very excited when he said this, and Leng Ruoxue was also very excited and said: "Yes, Grandpa, this time I really got a huge chance and fortune, and I was completely reborn, but all this depends on Mr. Ye Feng, if Mr. Ye Feng hadn't protected me and helped me lure away so many

ice and snow monsters, then I would definitely not have been able to safely obtain the inheritance from my ancestors, let alone evolve into the Ice and Snow Holy Body."

Hearing what Leng Ruoxue said, Elder Wang reacted immediately, looked at Ye Feng quickly, and couldn't help but said: "By the way, Ye Feng, did you get any good luck this time? If not If so, I am willing to give you all the property of the Wang family."

Ye Feng smiled and said: "That's not necessary. I have already received a lot of good things from your Wang family's ancestral land, which is enough."

After finishing speaking, Ye Feng looked at Leng Ruoxue beside him and said loudly: "Let's go, let's go find my two partners first, Baby Haoran and Big Chongzi, and then leave the galaxy to meet, I will take you there All Worlds Martial Arts Academy."

"Okay, okay!"

Leng Ruoxue nodded immediately at this time, with deep excitement on her beautiful face, as if she was very much looking forward to the life after entering the Holy Land of Cultivation.

Because she is about to enter a new and advanced world.

At this time, Ye Feng saw the anticipation and excitement on Leng Ruoxue's face, but there was a slight smile in his eyes.

When I was about to go to the Wanjie Martial Arts Academy, it was the same with dreams and hopes.

Ye Feng couldn't help but sigh at this moment. Time really passed too fast. In the blink of an eye, he had become an old student of Wanjie Martial Arts Academy and started to teach new people.

Chapter 3707 Conspiracy Whirlpool

At this time, Ye Feng sighed, and without wasting time, he took Leng Ruoxue and left the Wang family.

Before leaving, Leng Ruoxue naturally said goodbye to his grandfather, and then Ye Feng took Leng Ruoxue directly into the imperial city of the Galaxy Kingdom.

In the imperial city, Ye Feng directly exuded his soul power, trying to find the baby Haoran and the big bug who were playing around in the imperial city before.

But before Ye Feng could find Baby Haoran and Big Bug, two familiar figures had already flown over not far away.

It's Baby Haoran and Big Bug.

There was surprise in Ye Feng's eyes, and he couldn't help but smile and said: "It seems that we are quite destined, we met directly in the imperial city."

Baby Haoran said with a smile at this time: "I have been playing in the imperial city for so many days, and I was about to go to the Wang family to look for Brother Ye Feng. Unexpectedly, I met Ye Feng just in the direction of the doorway from the Wang family. Brother Feng, you."

Ye Feng nodded slightly at this moment, then introduced Leng Ruoxue beside him, and said: "Let's leave this galaxy interface directly. It's time to go back."

Baby Haoran immediately spoke out at this time: "Brother Ye Feng, we came to the galaxy interface to find the chance creation in the map in my hand, but we haven't found it yet."

Hearing what Baby Haoran said, Ye Feng's eyes were stunned, and then he immediately slapped his forehead and said loudly: "That's right! Forget about this, we came to the Galaxy interface just to find the thing in your hand. The treasure land pointed out by a map must not be wasted. We will search for it directly now, and then leave the galaxy interface after searching." .???.??

Baby Haoran immediately nodded and couldn't help but say: "The place pointed to by that map, but I secretly took it from my father's private residence, must be very extraordinary."

Ye Feng immediately nodded, and then followed Baby Haoran to fly quickly in a certain direction not far away.

On the way, Leng Ruoxue was shocked when she learned that Baby Haoran was actually the dominant force in the ninth-level realm of the Origin World, the son of the dean of Haoran Academy, and a prince-like existence.

Unexpectedly, Ye Feng actually knew such a distinguished person.

For the first time, Leng Ruoxue had a new understanding of Ye Feng's identity.

She suddenly felt that Ye Feng was not an ordinary student of the Wanjie Martial Arts Academy, but a very mysterious existence. Otherwise, how could he possibly get to know such a noble Haoran baby.

And judging from the condition of Haoran's baby, it seems that he is very dependent on Ye Feng.

You know, this is very rare.

Because of the identity of Haoran's baby, the crown prince of Haoran Academy is so dependent on and close to Ye Feng.

This is enough to show that the relationship between the two is very extraordinary, just like brothers.

At this moment, when Leng Ruoxue was talking, Ye Feng and Baby Haoran had already arrived at the place pointed by the map in Baby Haoran's hand.

At this moment, they suddenly saw a quite shocking scene.

I saw a cliff on the ground not far away, and between the two cliffs, there were extremely thick steel chains.

These steel chains are all combined together to form a steel prison.

In this steel prison, a middle-aged man who looked gentle and elegant appeared unexpectedly, giving people a very close feeling.

At this moment, before Ye Feng could say anything, Baby Haoran couldn't help but screamed: "Daddy? Why are you here?"

Dad?

Hearing what Baby Haoran said, Ye Feng's eyes suddenly showed astonishment.

Baby Haoran's father is the dean of Haoran Academy and the controller of the overlord force in the highest level nine realm of the Origin World. How could he appear here?

And it seems to be imprisoned in a steel prison formed by these very strange-looking steel chains?

Who can imprison Haoran's baby's father?

You know, Baby Haoran's father is a transcendent figure at the junior domination level, the leader of the top realm hegemony in the Origin World.

And if the dean of Haoran Academy is locked and trapped here, then who is the dean of Haoran Academy headquarters in the Origin World now?

At this moment, Ye Feng suddenly felt that everything was a little confusing.

The situation suddenly became weird.

After all, the person trapped here is a top-notch person like the dean of Haoran Academy, who has even reached the level of dominance.

A terrifying big shot of this level could actually be trapped here, and seemed to have been impersonated. This was really terrifying to the extreme.

conspiracy!

Huge conspiracy!

Baby Haoran suddenly flew in front of this steel prison, and couldn't help but exclaimed: "Dad, why are you here? Aren't you at the headquarters of Haoran Academy?"

Suddenly, the gentle middle-aged man in the steel prison opened his eyes. He was the dean of Haoran Academy!

There didn't seem to be any fear or surprise on the face of the dean of Haoran Academy. He just stared at Baby Haoran and said with a smile that seemed quite pleased: "Baby Haoran, how did you find this place?"

Baby Haoran immediately raised the map in his hand and said aloud: "This is the map I stole from your private residence. The land of chance and creation guided by it is right here. How could Daddy be trapped?" Here? Then who is the dean of Haoran Academy now?"

Hearing Baby Haoran's question, the dean of Haoran Academy sighed and said: "That one is a fake, disguised by a strange person from the Dark Demon Cult, called the 'Hundred-faced Demon Lord'. He set up a plan to take me. He was led into this low-level interface, and then trapped me here, and he has a special ability to disguise himself as anyone. He pretended to be me and entered Haoran Academy. There seemed to be some conspiracy.

seek. "

Hearing what the dean of Haoran Academy said, Ye Feng and Baby Haoran who were present showed fear in their eyes.

Unexpectedly, even the dean of Haoran Academy, a junior master-level figure, could be plotted.

At this time, Leng Ruoxue, who was standing behind him, was already stunned. His beautiful face was full of deep horror. It seemed that he did not expect that he would be inadvertently involved in such a huge conspiracy vortex. !

But at this time, Leng Ruoxue didn't say a word.

Because at this time, she already felt that her whole body was cold.

You know, this conspiracy vortex involves a junior master. It is really terrifying and she cannot participate at all.

At this moment, Ye Feng seemed even calmer and immediately said: "Senior, baby Haoran and I are good brothers now. Senior, how can I free you from this steel prison as soon as possible? ?"

After all, Ye Feng had experienced more ups and downs, and he calmed down immediately and made the appropriate coping strategies.

The response strategy is simple, that is, as long as the dean of Haoran Academy is rescued from this steel prison, everything will be fine.

After all, the dean of Haoran Academy is a transcendent being at the junior master level, with earth-shattering strength.

However, Ye Feng knew very well that this steel prison could actually trap a junior master, which was absolutely terrifying. This steel prison could not be unlocked casually.

But their luck was better after all. Baby Haoran accidentally stole the map and ended up at the place where the dean of Haoran Academy was locked up.

Otherwise, the dean of Haoran Academy may be locked in this remote galaxy interface forever.

And Haoran Academy, a super powerful force, must be carrying out some kind of conspiracy after the Hundred-faced Demon Lord disguised himself as the dean of Haoran Academy. It must be in crisis now, and we must go back to solve this crisis as soon as possible!

#### Chapter 3708 Spirit Talisman

At this moment, after Ye Feng finished speaking, the dean of Haoran Academy, who was locked in a steel prison, immediately stared at Ye Feng with surprised eyes and said loudly: "The long-lost Hongmeng Immortal Body? You Are you the prince of the Ye family in the Sea of Chaos? But the Sea of Chaos where the Ye family is located is thousands of miles away. How did you get here? It's an honor for him to get to know you, baby Haoran."

"Um?"

Hearing what the dean of Haoran Academy said, Ye Feng suddenly showed deep horror in his eyes.

Ye Feng never expected that the dean of Haoran Academy could see his Hongmeng Immortal Body and identity at a glance.

But thinking about the dean of Haoran Academy, who is the leader of the overlord force in the ninth level realm, the highest level in the Origin World, Ye Feng thought it was normal.

After all, the other party is a junior master and one of the most powerful creatures in the world. Naturally, he can tell what his body constitution is at a glance.

If it were an ordinary master, he might not be able to see it.

But now the other party is not an ordinary master, but the master of a super powerful force like the dean of Haoran Academy.

He is not the master of some casual cultivators, and he may not have many inherited methods.

But the master of a super powerful force like the dean of Haoran Academy has cultivated to become a master. His inheritance has been passed down from ancient times. There must be many, and naturally it is very terrifying.

At this moment, Ye Feng immediately said out loud: "I am just a descendant of the Ye family left outside. I have never gone back to the real Ye family."

"Um?"

Hearing what Ye Feng said, the dean of Haoran Academy suddenly showed a look of surprise in his eyes, as if he did not expect that Ye Feng was actually a descendant of the Ye family who was left outside.

The next moment, the dean of Haoran Academy nodded slightly and did not inquire deeply about Ye Feng's life experience. He seemed to understand something.

He just said aloud: "As a descendant of the Ye family living outside, you are actually able to awaken the legendary Hongmeng Immortal Body. It seems that the purity of your bloodline is very high, and you have worked very hard to be able to do so without Relying on the huge resources of the family and relying on your own hard work, you have cultivated to the current level, and you have also developed your physique to this state. It is already very powerful, but there is no need for you to return to the Ye family now. The Ye family is now In order to prevent the Dark Yuan Zun

from forcibly plundering the most powerful artifact left by their Ye family's ancestor Hongmeng, the Sea of Chaos where the Ye family lives has been completely sealed with ancient needles. Even a high-level master like the Dark Yuan Zun cannot break it. , because the ancient formation was left behind by the Great Perfection Lord, the Hongmeng Ancestor. Only the Dark Yuan Lord can cultivate to the Great Perfection Lord, in order to break the self-isolation of the Ye family. "

After finishing speaking, the dean of Haoran Academy continued to speak: "With your current cultivation and strength, there is no way you can remove me from

It was released from this steel prison, because this steel prison was cast by Dark Yuan Zun himself. It is very strong, and even I can't break through it, let alone you. "

When Ye Feng heard what the dean of Haoran Academy said, he couldn't help but said: "Senior, just let me give it a try."

After saying that, Ye Feng directly released the divine gloves he had awakened back then.

Suddenly, a glove emitting nine colors of light appeared in Ye Feng's palm.

Then Ye Feng directly put on the gloves and touched the steel prison in front of him.

For Ye Feng, although the God Clan Gloves have not been used for a long time, Ye Feng still remembers that the God Clan Gloves can extract the attributes of all things and can soften any solid thing.

So at this time, Ye Feng released the God Clan Glove and began to extract the properties of this steel prison.

"Um?"

But the next moment, Ye Feng suddenly discovered that his God Clan gloves could not extract the attribute power of this steel prison.

This steel prison is really too advanced.

It is something cast by a high-level master like Dark Yuan Zun, and cannot be extracted by the God Clan Gloves.

This made Ye Feng couldn't help but sigh. It seemed that many of his methods back then could no longer keep up with his own use.

As the world he entered became more and more advanced, and the powerful people he met became more and more terrifying, many of the talents and cultivation inheritance that he had awakened in the past were no longer of much use.

However, what makes Ye Feng more fortunate is that the devouring ability has allowed Ye Feng to use it until now, and it can still allow Ye Feng to devour more and more advanced resources. This is something that makes Ye Feng very happy.

After all, devouring ability has always been the strongest engine for Ye Feng's cultivation to advance by leaps and bounds.

At this moment, Ye Feng immediately took a step back and said loudly: "Since we can't rescue our seniors, what should we do now? Baby Haoran should not be able to return to Haoran Academy now, otherwise it may be a bit dangerous."

The dean of Haoran Academy spoke out at this time: "Although the Hundred-Faced Demon Lord trapped me through the steel prison cast by the Dark Yuan Zun, the Hundred-Faced Demon Lord's own cultivation is not as powerful as mine. The White-faced Demon Lord has not entered the realm of dominion and is a master under dominion, so even if I cannot escape, there is still a way to deal with him. "

Ye Feng asked aloud: "What can I do?"

The dean of Haoran Academy suddenly took out a red card from his storage ring.

The red light talisman, and then slowly said: "This talisman stores the power of my peak strike. As long as I can find an opportunity to stick this talisman on the body of the Hundred-Faced Demon Lord, this talisman will A single magic talisman can automatically unleash my peak attack, which will kill the Hundred-Faced Demon Lord in an instant, destroying both his body and soul."

Hearing what the dean of Haoran Academy said, Ye Feng couldn't help but look horrified immediately.

The pinnacle strike of a junior juggernaut?

That must be extremely destructive!

The Hundred-Faced Demon Lord has not stepped into the realm of dominion. He has endured the attack of a junior dominator and will indeed fall instantly.

Ye Feng seemed to have thought of something at the next moment, and couldn't help but exclaimed: "Senior, don't you want me to take Haoran's baby back to Haoran Academy to assassinate the Hundred-Faced Demon Lord?"

The dean of Haoran Academy immediately smiled, nodded and said loudly: "I can see your talent and potential. The future is endless, so I believe you will be able to complete this arduous task. As long as you can If the Hundred-Faced Demon King is killed, the situation in the entire Haoran Academy will be stable. At that time, you can take Baby Haoran to the small world of Haoran Academy and ask some of our veteran-level elders in Haoran Academy to unite. , come here where I am trapped, and rescue me."

At this time, Baby Haoran immediately spoke out and said: "Dad, I will go directly to find those elders and strong men in the small world now. If I invite those elders and strong men to take action together, maybe I can rescue daddy in an instant, and also... Able to deal with the Hundred-Faced Demon Lord."

"do not do that."

The dean of Haoran Academy suddenly spoke up.

He stared at Baby Haoran, smiled and said aloud: "Baby, you have to know that this matter is very secretive and cannot be alerted. If you rashly enter the small world and invite all the seniors of our Haoran Academy out, , it is very likely that the Hundred-Faced Demon Lord will notice the abnormality and then escape directly. At that time, it may bring immeasurable losses to our Haoran Academy, because the Hundred-Faced Demon Lord disguises himself as me and is definitely doing something in Haoran Academy. There is some kind of conspiracy plan, so you must first find out this conspiracy plan before taking action. Therefore, if you want to get rid of the Hundred-Faced

Demon Lord, you must be very secretive. Only you and Ye Feng can do this. You can't involve anyone in this matter, and you can't tell anyone except you."

After saying that, the dean of Haoran Academy suddenly stared at Big Chongzi and Leng Ruoxue standing behind Haoran Baby and Ye Feng.

With just one look, Big Chongzi and Leng Ruoxue suddenly fell asleep and fell to the ground.

Baby Haoran immediately couldn't help but exclaimed: "

Daddy, what did you do? "

The dean of Haoran Academy shook his head and said loudly: "I don't trust them, but don't worry, they don't have anything to do now. I just let them sleep for a while. When they wake up, they will forget what happened here today." everything."

After finishing speaking, the dean of Haoran Academy looked at Ye Feng next to Haoran's baby, and said loudly: "I have never doubted the baby's vision. Since the baby relies so much on you and trusts you, it means that you must be worthy. A place he trusts, and you are also the inheritor of Hongmeng bloodline. I hope you can take the baby back to Haoran Academy and help our Haoran Academy survive this disaster. If you can succeed, I will give you a great blessing. "

After saying that, Ye Feng's eyes couldn't help but light up, and then he immediately said: "Senior, even if you don't give me any great blessings, baby Haoran and I are brothers, and I will definitely help him. "

The dean of Haoran Academy nodded slightly and said with a smile: "If you give, you will be rewarded. This is the natural principle of this world."

After finishing speaking, the dean of Haoran Academy flicked his fingers and sent the talisman containing the peak strike of a junior master directly to Ye Feng.

Baby Haoran said aloud: "I'll take it."

The dean of Haoran Academy immediately shook his head and said: "Baby, this assassination is too important. You are not capable of it. Your brother Ye Feng must complete it."

After finishing speaking, Baby Haoran immediately nodded aggrievedly and said loudly: "Okay daddy, I understand, but I also think that Brother Ye Feng is definitely more reliable."

Ye Feng took the talisman at this moment, and his palms were trembling slightly. After all, this contained the peak blow of a junior master, and the destructive power was absolutely terrifying.

It can almost destroy an entire ordinary interface!

You know, the Lord is the strongest creature in the world.

Although the dean of Haoran Academy is only a junior master, he is also the most powerful creature.

The peak strike of a junior master can indeed destroy an ordinary small interface in an instant, no joke.

At this moment, Ye Feng accepted the talisman, and then immediately looked at the dean of Haoran Academy, and said loudly: "Okay, senior, please stay here for the time being. As long as we find a way to get rid of Bai Mr. Faced Demon, I will take Baby Haoran and the elders of Haoran Academy to rescue the senior."

"OK."

Even if the dean of Haoran Academy is trapped, he seems to have always been very calm and calm. At this moment, he smiled and said: "I am waiting for your good news."

Chapter 3709 Ancient Holy Mountain

After Ye Feng accepted the magic talisman at this time, he looked directly at the baby Haoran beside him and said loudly: "Let's leave here directly."

Baby Haoran immediately nodded, then looked at the dean of Haoran Academy in the steel prison, and said very firmly: "Dad, I will definitely come to rescue you."

The dean of Haoran Academy seemed to be very calm, and said with a smile: "Okay, after what happened this time, I hope you can grow up."

Baby Haoran immediately nodded vigorously and said loudly: "Yes, daddy, the baby will definitely work hard!"

After saying that, Ye Feng took Haoran's baby and left here.

While walking, Big Chongzi and Leng Ruoxue woke up.

Both of them looked puzzled and couldn't help but ask: "What happened? Why does it feel like they fell into a deep sleep."

Ye Feng smiled at this time and said: "It's nothing, maybe you are too tired."

Leng Ruoxue and Da Chongzi didn't have any doubts, they just nodded slightly.

At this moment, Leng Ruoxue asked with some excitement: "Master Ye Feng, shall we leave the galaxy interface directly and go to the Wanjie Martial Arts Academy?"

Ye Feng immediately nodded and said with a smile: "I have other important things to do next. I have to go to Haoran Academy in the dark world, but I will send you to the Wanjie Martial Arts Academy first. Leave again."

Hearing what Ye Feng said, Leng Ruoxue immediately nodded and said: "A super genius like Mr. Ye Feng is indeed very busy. I will not waste your time, Mr. Ye Feng. As long as Mr. Ye Feng Just take me to the Wanjie Martial Arts Academy."

Ye Feng nodded, and then the group concentrated on their way.

Ye Feng has a boundary-breaking talisman on his body. It is a special talisman specially cast by the Wanjie Martial Arts Academy and can be used to travel through various interfaces.

In the Wanjie Chamber of Commerce behind Wanjie Martial Arts Academy, Wanjie merchants use this special boundary-breaking talisman to travel through various interfaces to do business.

At this moment, Ye Feng activated the boundary-breaking talisman in his hand.

"Buzz!"

Suddenly, a terrifying space light directly enveloped the group of people present, teleporting them away from the galaxy interface in an instant.

Following a burst of extremely violent space fluctuations, the group of people instantly left the galaxy interface and came to a new place.

Advanced origin In the advanced realm of the big world, the dark world.

At this moment, Leng Ruoxue looked at the boundless land around her with deep anticipation in her eyes.

Because from now on, she is officially far away from her hometown and wants to enter this more advanced and larger world of practice and start a new practice.

At this time, Ye Feng did not waste time and took Leng Ruoxue directly back to the Wanjie Martial Arts Academy.

Ye Feng showed his identity token, and the guardian of the Wanjie Martial Arts Academy directly let Ye Feng and his party in.

Soon Ye Feng brought Leng Ruoxue to the newcomer assessment place.

After placing Leng Ruoxue, Ye Feng did not hesitate at all. He took Haoran's baby and the big insect and flew quickly towards the headquarters of Haoran Academy in the dark world.

The task this time was very difficult and urgent, so Ye Feng did not waste any time.

Baby Haoran has no intention of visiting the Wanjie Martial Arts Academy at this time.

Under normal circumstances, Baby Haoran would definitely let Ye Feng take him for a walk around the Wanjie Martial Arts Academy.

But now the situation is very urgent. His father is trapped in the galaxy interface, and the entire Haoran Academy may face a huge disaster. Therefore, although the Haoran baby is young, he is aware of the critical situation this time, so naturally there is no Without wasting any more time, he followed Ye Feng and quickly flew towards Haoran Academy.

Haoran Academy is still very far away from the Ten Thousand Realms Martial Arts Academy. After all, the entire dark world is a large world complex where several high-level realms merge together. It is very broad and almost endless.

However, Ye Feng and others' cultivation levels are very good and their speed is also very fast.

After seven days and seven nights, they finally arrived at the location of Haoran Academy.

At this time, Baby Haoran looked in a certain direction not far away and said loudly: "We are almost there. Our Haoran Academy is standing on the ancient holy mountain in the distance."

At this time, Ye Feng and Big Chongzi immediately moved quickly in that direction.

Look over quickly.

Ye Feng immediately saw that there was indeed a huge mountain standing on the ground not far away.

This mountain is very majestic, standing between heaven and earth, giving people a very majestic feeling.

Moreover, this mountain is very magical. The entire mountain exudes a holy white light, giving people the feeling of being a legendary pilgrimage place.

Baby Haoran said with a smile at this time: "This ancient holy mountain is said to have fallen from the legendary heaven. The origin of our Haoran Academy was on this holy mountain, so this ancient holy mountain , has become the base camp of our Haoran Academy."

When Ye Feng heard what Baby Haoran said at this time, he immediately nodded slightly, and then said loudly: "Don't waste time, let's return to your Haoran Academy as soon as possible."

Baby Haoran suddenly spoke up at this time: "Brother Ye Feng, do you want to hide your identity?"

Ye Feng laughed at this time and said: "I don't need to hide my identity, and what special identity do I have? In the eyes of a demon master of the Hundred Faced Demon Lord's level, I am just a very humble Wanjie Martial Arts practitioner. I'm just an ordinary student in the academy, and they won't notice me at all, but you, Haoran baby. After entering Haoran Academy, if you encounter that fake person pretending to be your father again, don't be impulsive."

Baby Haoran immediately nodded vigorously and said loudly: "I understand, brother Ye Feng, I will listen to you everything this time."

Ye Feng immediately nodded, and then followed Baby Haoran and the big bug and flew directly towards the ancient holy mountain where Haoran Academy is located.

Uh-huh!

When they came to the ancient holy mountain, Ye Feng could immediately sense that this ancient holy mountain contained an extremely terrifying white energy.

This kind of white energy is very high-level and emanates from inside the mountain.

Ye Feng's eyes showed surprise. This kind of white energy can increase his power a lot even if he breathes a little.

This made Ye Feng suddenly have the urge to swallow up this ancient holy mountain.

But Ye Feng didn't dare to do this.

After all, this Haoran book

There are many super strong people in the hospital.

It is also the hometown of his brother Haoran.

Naturally, I cannot destroy it wantonly.

Ye Feng still has this principle.

Ye Feng looked around at this moment and couldn't help but said: "This holy mountain is indeed extraordinary. I can feel the extremely abundant energy in this ancient holy mountain, which is almost ready to burst out. "

Hearing what Ye Feng said, Baby Haoran immediately said with a smile: "I have been practicing in this ancient holy mountain, so my physique has become so good."

Hearing what Baby Haoran said, Ye Feng looked at the baby's small body and couldn't help but shake his head and smile.

At this time, Baby Haoran suddenly asked: "Brother Ye Feng, let me take you to see our entire Haoran Academy first and familiarize yourself with the environment."

Ye Feng nodded slightly and said loudly: "There is no rush now. After all, we need to consider all the circumstances before we can assassinate the Hundred-Faced Demon Lord. Otherwise, we must not act rashly to prevent the Hundred-Faced Demon Lord from noticing it." A different place."

Baby Haoran immediately nodded, and then flew directly to the ancient holy mountain with Ye Feng and Big Chongzi.

When he got closer, Ye Feng discovered that this ancient holy mountain was very huge and could accommodate many buildings.

Ye Feng immediately saw that there were many studies, academies, palaces, palaces, jade buildings, etc. built on this ancient holy mountain.

Men and women wearing white robes, some young and some old, all shuttled and flew freely among the buildings in the ancient holy mountain. They all exuded a faint scent of books, giving people a very... Elegance and gentleness, completely without the intrigues and intrigues among other forces.

I have to say that Haoran Academy is a bit like the Wanjie Martial Arts Academy. It is not like a sect or family that competes for power, but a place where people can truly learn and improve, and it feels very peaceful.

But thinking that the current dean of Haoran Academy is a fake, disguised as a powerful demon from the dark demon sect, Ye Feng looked at the gentle and peaceful Haoran Academy at this time, and felt a huge conspiracy. It's brewing, and I don't know when it will suddenly explode.

Chapter 3710 Kicked into the iron plate

At this time, Ye Feng followed Baby Haoran and quickly circled the entire area of Haoran Academy.

At this moment, Ye Feng was already familiar with the entire Haoran Academy.

Baby Haoran looked at Ye Feng beside him at this time, and couldn't help but said: "Brother Ye Feng, you can stay where I live next. Then we will find a way to deal with the man pretending to be my father." The Hundred-Faced Demon King."

Ye Feng nodded slightly at this moment and said: "Okay."

After saying that, Ye Feng suddenly seemed to sense something and immediately looked in a certain direction ahead.

Almost at the next moment, Ye Feng saw a group of young geniuses, both male and female, flying over from a distance.

When they flew in front of Ye Feng and Baby Haoran, these young geniuses immediately focused on Baby Haoran.

Then he looked at Ye Feng next to Baby Haoran. There seemed to be a sarcastic smile on his face, and he said loudly: "Baby Haoran, you have made some bad friends outside again. Although you are the son of the dean of our Haoran Academy, but you were born with a disability and cannot grow up. You should stay in Haoran Academy honestly. Don't go out, and don't bring some friends. Just enter our Haoran Academy. Our Haoran Academy is a holy place for spiritual practice, not a place for cats and dogs. Those who can come in will avoid tarnishing the reputation of our Haoran Academy."

Hearing what these young geniuses said, Baby Haoran immediately showed an angry expression on his little face, and couldn't help shouting: "I don't allow you to belittle my brother Ye Feng, he is not What kind of friend, brother Ye Feng, is a super genius at the Wanjie Martial Arts Academy."

"All Worlds Martial Arts Academy?"

Hearing what Baby Haoran said, this group of young geniuses suddenly showed a look of surprise on their faces.

It seems that I didn't expect that Ye Feng, a seemingly ordinary young man, would actually

From the Wanjie Martial Arts Academy.

After all, the Wanjie Martial Arts Academy is still very famous in the entire world of origin.

At this moment, this group of young geniuses seemed to be specifically trying to belittle Baby Haoran. They immediately sneered and said: "Even if he is a genius from the Wanjie Martial Arts Academy, he is still a humble existence compared to us. This kid At most, they are ordinary students of the Wanjie Martial Arts Academy, and we are all core disciples of Haoran Academy. Baby Haoran, although you are the son of our dean, our Haoran Academy is not your father's Haoran Academy alone, so in the future Stop being so presumptuous and bringing everyone in."

After finishing speaking, this group of young geniuses flew directly into the distance, as if they were here specifically to belittle Baby Haoran.

At this time, Baby Haoran couldn't help but look at Ye Feng beside him, and said a little aggrievedly: "Brother Ye Feng, I'm sorry, these young geniuses are the core disciples of our Haoran Academy, and they all have high status. No matter how they put me in their eyes, they don't dare to hurt me. After all, my father is the dean of Haoran Academy, and they only have fun with it."

When Ye Feng heard what Baby Haoran said at this moment, he suddenly grinned and said, "These so-called young geniuses are nothing more than that in my eyes. They are all weak."

Hearing what Ye Feng said, a dozen young geniuses not far away who were about to leave suddenly had expressions of astonishment on their faces.

They all turned around, stared at Ye Feng, and couldn't help but said: "Boy, you are so arrogant, are you looking for death?"

Ye Feng suddenly stared at this group of so-called core disciples of Haoran Academy and said loudly: "I am telling the truth. You are indeed

In fact, it's nothing at all in my eyes. "

"presumptuous!"

A core disciple immediately couldn't help but shouted loudly.

This is a very burly young man who seems to contain the blood of the ancient giant spirit god.

He held a huge hammer in his hand, rushed towards Ye Feng, and said loudly: "I want to teach you, this arrogant boy, a lesson, and let you know that in our Haoran Academy, there is no such thing as casualness." Able to be arrogant."

Boom!

This burly young man holding a hammer had an aura of cultivation that was a whole level higher than Ye Feng's current cultivation level at the fourth level of the Heshen Realm.

It is a powerful existence on the tenth level of Kongji Realm, above the Heshen Realm.

It has to be said that although these young geniuses are all very proud of themselves and belittle Baby Haoran, their own strength is indeed very terrifying.

But at this time, facing this super genius who was a whole level higher than himself, Ye Feng just smiled indifferently and said: "I said you are weak, then you must be weak."

Boom!

Almost at this moment, Ye Feng immediately burst out with his terrifying power and momentum.

That was clearly a cultivation level at the fourth level of the Heshen Realm.

Sensing the aura of cultivation on Ye Feng's body, a group of core disciples from Haoran Academy not far away immediately couldn't help laughing and sarcastically said: "It turns out you are just a boy in the Heshen Realm. I thought you had How powerful, it turned out to be just a tough talk. The big hammer can definitely give this boy a lesson. It is best to destroy this boy's cultivation and let him know what the consequences will be if he goes against us. "

At this moment, the burly young man holding a hammer had rushed in front of Ye Feng.

Ye Feng glanced at this burly young man indifferently at this moment, without any fear at all.

If Ye Feng had faced a being at a higher level than himself before, he might have fought quite seriously.

But this time in the ice and snow kingdom where the Wang family inherited its ancestral land, Ye Feng received a huge opportunity.

His combat effectiveness has been extremely horribly improved.

So at this time, Ye Feng took out the Blizzard Tomahawk he had obtained.

At this moment, Ye Feng directly stimulated the power of the Ice Heart in the Blizzard Tomahawk, greatly strengthening the power of the Blizzard Tomahawk in an instant.

"boom!!"

The next moment, Ye Feng struck out with an axe.

Suddenly a terrifying blizzard suddenly enveloped the entire sky and earth.

The burly young man holding a big hammer who rushed in front of him not far away was enveloped by countless blizzards in an instant. He turned into an ice sculpture and froze in place. He died in an instant. The breath of life They were all frozen and disappeared.

"What??"

Seeing this scene, the group of young geniuses from Haoran Academy not far away who were still laughing and sarcastically couldn't help but widen their eyes.

They seemed to have never imagined that the friend Haoran brought back this time would be so powerful and terrifying.

This group of young geniuses are the core disciples of Haoran Academy. They have always been very jealous of Baby Haoran's enjoyment of various resources as the son of the dean, so they always like to tease and belittle Baby Haoran, and speak harshly to Baby Haoran every time.

Seeing Haoran's baby angry and angry, they found it very interesting.

But this time they never expected that they would kick the iron plate.
