

## Ancient 3711

Chapter 3711 The group is destroyed

quiet!

Deadly quiet!

At this moment, the entire field fell into a dead silence.

The group of genius disciples from Haoran Academy who had belittled Baby Haoran and Ye Feng before were all staring at the big hammer that was frozen to death with their eyes wide open at this moment, their eyes filled with deep horror.

They never thought that the young man brought back by Haoran Baby this time would have such terrifying strength that he could instantly freeze the most powerful hammer among them to death.

This group of core disciples all had deep looks of horror in their eyes.

However, they took a deep breath at the next moment, and then immediately said out loud: "You Haoran baby! You brought back such a cruel thief, and dared to kill the core disciples of our Haoran Academy. This is a serious crime."

Baby Haoran immediately shouted out: "You provoked my brother Ye Feng first, this is retribution!"

Hearing what Baby Haoran said, the group of core disciples immediately laughed coldly and said: "When this matter is reported to the Law Enforcement Hall, when the law enforcement elders come, your brother Ye Feng will definitely be able to break in instantly. In prison, he was even beheaded in public because he completely killed a member of our core disciples, which is a serious crime in our Haoran Academy."

Hearing what this group of core disciples said, Baby Haoran immediately showed a very eager expression on his face.

Because he knew that if this matter reached the Law Enforcement Hall, the consequences would be very serious.

But at this time, Ye Feng suddenly smiled lightly and said: "Since they want to go to the Law Enforcement Hall to report me, then let them all stay and don't let this matter leak out."

Hearing what Ye Feng said, even Baby Haoran was surprised. It seemed that he did not expect that his brother Ye Feng would say such bold words.

And at this moment Ye

After Feng finished speaking, the group of more than a dozen core disciples of Haoran Academy not far away immediately showed horror in their eyes.

They never thought that Ye Feng would be so cruel and want to keep all of them.

These dozen core disciples suddenly had cold expressions on their faces.

A core disciple couldn't help but come out and said: "I didn't expect that a thief like you could be so cruel. You are really a vicious person."

Ye Feng smiled coldly at this time and said loudly: "You provoked me first, and you also belittled Baby Haoran so much. You even wanted to kill me with that big hammer, so I will kill you!"

After saying that, the group of a dozen core disciples immediately laughed loudly: "If you deal with one of us alone, you may not be able to defeat you, but we are a dozen strong men, even higher than you." You've reached a whole new level, and you actually want to keep us all alone? This is impossible! Boy, you think too highly of yourself!"

Almost as soon as these dozen core disciples finished speaking, they immediately attacked in all directions.

A core disciple said: "As long as one of us can escape, we can report this thief to the Law Enforcement Hall. In this case, this thief will definitely die."

Swish, swish, swish!

Swish, swish, swish!

This group of core disciples fled in all directions.

If this scene was discovered by others, they would definitely be very horrified, and even be so shocked that their eyes would fall out.

Because there are a dozen or so super geniuses who are one level higher than Ye Feng. At this moment, they are actually in front of Ye Feng.

It's really unbelievable that he still wants to run away.

At this time, Ye Feng looked at the dozen core disciples of Haoran Academy who were fleeing, and immediately smiled indifferently and said, "You can't escape."

Boom!

Almost at this moment, Ye Feng did not release his martial arts inheritance, because Ye Feng knew that if he released his martial arts practice inheritance, he would definitely not be able to keep all the core disciples.

After all, the cultivation strength of these dozen core disciples is still very terrifying, a whole level higher than myself.

Moreover, they are all core disciples in Haoran Academy, and they must have many inheritance methods.

So at this time, Ye Feng directly used his extremely powerful soul power method.

You must know that Ye Feng's soul attack is an indiscriminate attack that can severely damage everyone's spirit and soul in an instant.

So at this time, Ye Feng released his huge soul power.

You know, Ye Feng's soul power level has truly been raised to six million.

Therefore, the moment Ye Feng released his soul power, it directly inspired the power of the revenge soul spear.

"boom!"

"boom!"

"boom!"

Suddenly, the revenge soul spear turned into a spear composed of rays of light, and instantly hit all the core disciples who were fleeing like arrows.

These core disciples want to unleash their own methods and cultivation to resist Ye Feng's attack.

But they suddenly discovered with horror that those revenge soul spears could not be defended with physical power at all, and they directly passed through their defensive light shield, attacking their spirits and souls in one fell swoop.

At this moment, all the core disciples couldn't bear it

Zhu exclaimed in surprise: "You are actually the legendary soul master!"

But the moment they finished speaking, screams suddenly sounded out.

"ah!"

"ah!"

Ye Feng's revenge soul spear attacked indiscriminately, ignored the defensive light shield released by these core disciples, and directly attacked their spirits and souls, making each of these core disciples look pale and instantly fell from the sky. Fell down.

Bang!

Bang!

...

More than a dozen core disciples all fell to the ground one after another.

Their spirits and souls were destroyed, and they were killed directly and completely.

At this moment, Ye Feng killed more than a dozen core disciples who were one level higher than himself. Baby Haoran beside him immediately shouted with joy and excitement: "Brother Ye Feng, you are so powerful. This This mysterious and unpredictable soul attack method is so effective that it directly wiped out this group of core geniuses! Hahaha!"

At this moment, there was a hint of surprise in Ye Feng's eyes, as if he didn't expect that the soul attack method that he had always ignored could be so terrifying.

However, this is also due to the huge improvement in Ye Feng's soul power this time, and the powerful weapon, the Revenge Soul Spear, forged by the Lord of the Underworld, a master-level soul-level powerhouse.

Otherwise, Ye Feng's soul attack would definitely not be so powerful.

Using Ye Feng's huge soul power to activate a master-level soul weapon like the Revenge Soul Spear, it is naturally extremely lethal to these ordinary core geniuses.

At this moment, Ye Feng did not hesitate, and directly released the Devouring Domain, and began to devour the group of core disciples in front of him who had been killed by him.

Chapter 3712 Emergency

"Rumble..."

At this time, Ye Feng released the Devouring Domain, covering all the core disciples present.

Almost at the next moment, streams of very majestic energy were immediately absorbed and then injected into Ye Feng's body, rapidly increasing Ye Feng's power.

For Ye Feng, the cultivation level of each of these dozen core disciples is a whole level higher than him.

Therefore, the blood energy and skills contained in the bodies of these core disciples are still very good and very majestic.

Although these core disciples were all killed by Ye Feng in an instant.

But you must know that it is Ye Feng's most mysterious and powerful soul attack method.

Therefore, the combat effectiveness of these core disciples is still very powerful.

It's just that he met a monster-level genius like Ye Feng.

Otherwise, they would not have died so quickly.

At this moment, Ye Feng did not hesitate and quickly absorbed the skills and energy contained in the bodies of these core disciples.

The skill in Ye Feng's Dantian was immediately greatly improved.

The next moment, Ye Feng's cultivation aura began to boil and increase.

"boom!"

The fifth level of Heshen Realm!

"boom!"

The sixth level of Heshen Realm!

At this time, Ye Feng's cultivation skills directly broke through the two heavens, making Ye Feng's eyes show a trace of satisfaction.

Although these dozen core geniuses were instantly killed by him, they were after all powerful beings at a higher level than him, so the blood energy hidden in their bodies was still very terrifying.

So at this time, after Ye Feng devoured all the core geniuses, his skills were immediately greatly improved, and his combat effectiveness was also improved a lot.

Uh-huh!

Uh-huh! Uh-huh!

At this moment, Ye Feng reached out and grabbed all the storage rings from these dozen core geniuses, and then put them into his own hands.

Ye Feng explored it slightly, and his eyes suddenly showed a look of joy.

The wealth contained in the storage rings worn by these dozen core geniuses is quite good. There are many spiritual diamonds, which are all hard currency.

Moreover, there are many inheritances and some special weapons from Haoran Academy.

However, Ye Feng wasn't very interested in these things at this time and just handed them over to Baby Haoran.

After Baby Haoran got a lot of weapons and inheritance from Haoran Academy, his eyes showed a hint of indifference and he said loudly: "I have all these things."

Ye Feng thought about it and felt that it was normal. He took back the inheritance and weapons of Haoran Academy. He could practice some when he had time. After all, he had too many skills to overcome.

And Baby Haoran is the son of the dean of Haoran Academy and the crown prince of the entire Haoran Academy.

Although these core geniuses like to bully and belittle Baby Haoran, they dare not actually do anything harmful to Baby Haoran.

So this time, they wanted to give Ye Feng a severe lesson in order to undermine Baby Haoran's confidence.

But they probably never expected that Ye Feng's cultivation strength would be so monster, so powerful, it is really incredible.

At this time, Baby Haoran spoke up and said: "After all these core disciples are destroyed, there will be no serious consequences for you, Brother Ye Feng."

Ye Feng nodded, and then said aloud: "Let's go to the place where you live, baby Haoran. I want to take care of you."

Plan how to get close to the Hundred-Faced Demon King who is pretending to be your father now, and kill him directly. "

Ye Feng knew that it was very dangerous to come to Haoran Academy this time. After all, he was facing a very powerful figure in the Dark Demon Cult, the Hundred-Faced Demon Lord.

Although this Hundred-Faced Demon Lord is not very powerful according to the dean of Haoran Academy, he is good at disguise.

Moreover, as a being entrusted with important responsibilities in the Dark Demon Cult, the Hundred-Faced Demon Lord must have a very powerful cultivation base.

Perhaps in the eyes of a big shot like the dean of Haoran Academy, a demonic powerhouse like the Hundred-Faced Demon Lord is nothing at all.

But for today's Ye Feng, the Hundred-Faced Demon Lord is definitely still very powerful.

If he discovers something is wrong, he and Haoran's baby will die instantly.

At this time, the only thing Ye Feng relied on was to approach the impostor subtly, and then put the talisman given to him by the dean of Haoran Academy directly on the body of the impostor Hundred-Faced Demon Lord.

At this moment, Ye Feng followed Baby Haoran and soon arrived at a royal garden.

All kinds of plants and elixirs are planted around, exuding a strong medicinal fragrance, allowing people to live among them and be improved every moment. .??.

Moreover, the flesh, blood and bones of the entire body can be tempered every moment.

At this time, Ye Feng couldn't help but sigh.

Baby Haoran is worthy of being the crown prince of Haoran Academy, and the place he lives in is so wonderful.

At this time, Baby Haoran took Ye Feng directly to the central area of the royal garden.

There is a purple palace here, which looks very noble.

This is where Haoran baby lives.

At this moment, Ye Feng said aloud: "Baby Haoran, will you go first or not?"

Find out what the impostor who is pretending to be your father, the Hundred-Faced Demon Lord, is doing now. "

Baby Haoran nodded immediately and left here directly.

At this moment, Ye Feng directly lived in the palace in this royal garden.

Next, Ye Feng took out the magic talisman that the dean of Haoran Academy gave him from the storage ring and observed it carefully.

He discovered that the energy contained in this talisman was very terrifying, and even the slightest hint of aura could cause his body to collapse in an instant.

Ye Feng couldn't help but yearn for the realm of domination even more.

The existence of the master level is worthy of being the most powerful creature in the entire world and all the worlds. It is indeed very terrifying. Every move can cause the entire interface to tremble.

At this moment, Ye Feng carefully put the talisman back into the storage ring, and then thought carefully about how to assassinate the Hundred-Faced Demon King who was now disguised as the dean of Haoran Academy.

And just when Ye Feng was thinking secretly, Baby Haoran immediately flew over from the direction outside the palace.

Baby Haoran seemed a little anxious and said quickly: "Brother Ye Feng, I have found out about the Hundred-faced Demon King who is pretending to be my father now. He seems to want to summon the elders of our Haoran Academy to open up the inheritance secret realm of our Haoran Academy. , I guess this Hundred-faced Demon Lord wants to plunder all the hundreds of thousands of years of accumulation of our Haoran Academy."

When Ye Feng heard what Baby Haoran said, his eyes showed a trace of anxiety. He quickly stood up and said, "Let's go and take a look first. The situation is urgent and we can't waste any more time."

"Okay, I'll take Brother Ye Feng with you."

Baby Haoran was also very anxious at this time. He nodded quickly and took Ye Feng to fly quickly towards the inheritance treasure house of Haoran Academy.

#### Chapter 3713 The Secret Realm of Inheritance

On the way to the secret realm of inheritance, Ye Feng couldn't help but have a trace of doubt in his eyes, and asked aloud: "Baby Haoran, your Haoran Academy's secret realm of inheritance contains hundreds of thousands of years of knowledge from your Haoran Academy. Accumulation, but this

secret realm of inheritance should be opened only for the younger generation of disciples of your Haoran Academy to enter and practice, right?"

When Baby Haoran heard Ye Feng's question, he couldn't help but nodded and said loudly: "Yes, if this secret realm of inheritance is forcibly opened, the Hundred-Faced Demon King will now pretend to be my father and belong to Haoran Academy. The dean cannot enter the secret realm of inheritance, so why did he suddenly summon so many elders to open this secret realm of inheritance? If after opening this secret realm of inheritance, he forcibly enters the secret realm of inheritance, then his intentions and identity will be exposed. , We at Haoran Academy have so many superpowers and elders, we will kill him instantly, the Hundred Faced Demon Lord shouldn't be so stupid."

When Ye Feng heard what Baby Haoran said, he immediately nodded slightly and then started to think.

After a while, Ye Feng seemed to have thought of something, and he couldn't help but said: "Could it be that the reason why the Hundred-faced Demon Lord summoned so many elders to open this secret realm of inheritance is not that he wants to enter it, but that he He may have recruited a group of young masters from the Dark Demon Cult, pretending to be disciples of your Haoran Academy, and then blended in, entered the secret realm of inheritance, and then helped him find what he wanted in the secret realm of inheritance. That thing, for the Hundred-Faced Demon It must be very important to you."

When Baby Haoran heard Ye Feng's guess, his eyes immediately lit up, he nodded his head quickly, and said loudly: "Yes, yes, it should be like this. If the Hundred-Faced Demon Lord directly enters the secret realm of inheritance, it will definitely happen." He was suspected by so many seniors in our Haoran Academy, so he must have summoned many of his demon followers, infiltrated into our Haoran Academy, pretended to be disciples of our Haoran Academy, entered the secret realm of inheritance, and wanted to To enter the secret realm of inheritance of our Haoran Academy, the cultivation level of those magic masters should be limited to a relatively low level, because the secret realm of inheritance of our Haoran Academy does not allow peerless experts to enter the secret realm of inheritance, so this hundred-faced Even if the Demon Lord summons many demon masters from the dark demon sect behind him and mixes them with the disciples of the secret realm of inheritance that he is about to enter, he should not be very powerful. Otherwise, he will definitely be raped by our seniors in Haoran Academy. be identified."

Ye Feng nodded and immediately made a decision, saying: "Baby Haoran, when the time comes, we will also enter the secret realm of inheritance. You help me blend in. We must find a way to stop those magic masters who enter the secret realm of inheritance. We cannot let the Hundred-Faced Demon Lord succeed."

Baby Haoran immediately smiled and nodded, and said loudly: "Don't worry, I am the crown prince of Haoran Academy. If I let you in, even if you are not a disciple of our Haoran Academy, there will definitely be no problem."

Ye Feng immediately shook his head and said loudly: "We can't enter the secret realm of inheritance so openly. Baby Haoran, you are the prince of Haoran Academy. It's okay for you to enter the secret realm of inheritance. I think the Hundred-Faced Demon You should not be suspicious, but I can't, because I can't show up. If I show up and be seen by the Hundred-Faced Demon Lord, it will be more troublesome to get close to him and plot against him in the future. "

When Baby Haoran heard what Ye Feng said, he couldn't help but tilted his head and asked: "Brother Ye Feng, what should we do?"

Ye Feng said aloud: "Baby Haoran, I am hiding directly in the void around you. The Hundred-Faced Demon Lord has not stepped into the realm of domination, so he should not be able to detect me hidden in the void. After all, when I arrive

If you use space gems to hide yourself, as long as your cultivation level has not reached the realm of dominance, you should not be able to see through the hidden space gems, a magic weapon of the dominance gem level. "

Hearing what Ye Feng said, Baby Haoran immediately opened his mouth wide and couldn't help but said in surprise: "Brother Ye Feng actually has such a powerful treasure in his body? That's great!"

After saying that, Ye Feng nodded, directly used the space gem, and then hid himself in the void.

Baby Haoran took the void where Ye Feng was hiding and quickly flew towards a certain direction not far away.

In less than half an hour, Baby Haoran and Ye Feng, who was hidden in the void, had arrived at the entrance of the secret realm of inheritance.

At this moment, many disciples of Haoran Academy have entered the secret realm of inheritance of Haoran Academy, preparing for trials.

However, whether it is Ye Feng or Baby Haoran, they all understand that the Hundred-Faced Demon Lord disguised as the dean suddenly summoned the elders to open the secret realm of

inheritance, and it was definitely not for the ordinary chance fortunes in the secret realm of inheritance.

It must be to get something very important in the secret realm of inheritance of Haoran Academy.

Otherwise, the Hundred-Faced Demon Lord would never have gone to such great lengths to open the entire secret realm of inheritance. He might also have summoned many masters from the Dark Demon Cult, hidden among the disciples of Haoran Academy, to participate in this trial.

Uh-huh!

At this time, Baby Haoran flew over immediately.

He immediately saw the Hundred-Faced Demon Lord disguised as his father, as well as many elders from Haoran Academy, and some seniors, all standing at the entrance of the secret realm of inheritance, seeming to be discussing something.

Baby Haoran took a deep breath at this time and seemed to be very angry. Unexpectedly, in recent times, all the people he faced were pretenders and were not his biological father.

At this time, Ye Feng in the void suddenly sent a message to Baby Haoran and said: "Baby Haoran, you must not be impulsive, don't show your feet, and you must hold back the anger and impulse in your heart, otherwise everything will be ruined." All previous efforts have been wasted."

When Baby Haoran heard Ye Feng's voice in the void, he immediately nodded, then took a deep breath again, and his expression became innocent.

He flew directly to the front and said with a smile: "Dad, why did the secret realm of inheritance suddenly open? I also want to enter and play."

Hearing what Baby Haoran said, the Hundred Faced Demon Lord pretended to be the dean of Haoran Academy, and he didn't have any doubts.

After all, he knew that Baby Haoran was originally an innocent child whose nature was to play.

At this moment, the Hundred-Faced Demon Lord, disguised as the dean, immediately gave a very gentle smile and said loudly: "Okay, since baby Haoran, you want to enter and play inside, then you can go in directly, but be sure to Be careful and stay safe."

The other elders and senators did not have any doubts.

After all, they all know that Baby Haoran likes to run around, travel everywhere, and wants to participate in any interesting things.

At this moment, Baby Haoran immediately smiled and said: "Thank you, daddy."

After saying that, Baby Haoran immediately turned around, and then flew quickly towards the secret realm of inheritance. In the blink of an eye, he disappeared into the space formation at the entrance of the secret realm of inheritance, and was teleported into the secret realm of inheritance. On the way to the secret realm of inheritance, Ye Feng couldn't help but have a trace of doubt in his eyes, and asked aloud: "Baby Haoran, your Haoran Academy's secret realm of inheritance contains hundreds of thousands of years of knowledge from your Haoran Academy. Chapter 3714 Tianchi

Buzz!

Following a violent spatial fluctuation, Baby Haoran appeared in a small independent world.

There are mountains and various towering trees everywhere, and it looks like a primeval forest.

At this moment, Baby Haoran immediately asked tentatively: "Brother Ye Feng, are you still hiding in the void next to me?"

Buzz!

As a result, at the next moment, Ye Feng immediately walked out of the void, smiled and said: "I followed you and entered this secret realm of inheritance."

Buzz!

At this moment, Ye Feng took a deep breath, and immediately felt that there was a very deep spiritual energy in this secret realm of inheritance. When he took a deep breath, he felt that his skills had improved a lot.

This made Ye Feng's eyes show deep surprise, and he couldn't help but say: "Your Haoran Academy is worthy of being a super power with hundreds of thousands of years of history. The accumulated foundation is so profound that you actually have Such a magical secret realm of inheritance is a good place for cultivation. The spiritual energy around it is so rich that it is about to turn into substance." .??.

Hearing what Ye Feng said, Baby Haoran immediately said with a smile: "Our Haoran Academy is indeed a transcendent power. Otherwise, the Dark Demon Cult would not let the Hundred Faced Demon Lord disguise himself as my father and lurk in the dark." Among our Haoran Academy, if our Haoran Academy were not powerful, they would have attacked our Haoran Academy directly. They did not attack directly because they did not dare, and it was not for other reasons. After all, the Dark Demon Cult has always been very domineering. "

Hearing what Baby Haoran said, Ye Feng immediately nodded, then looked in a certain direction around him, and said loudly: "Let's look for the Hundred Faced Demon Lord's men here first. Before, Baby Haoran, you When I entered this secret realm of inheritance, I sensed the soul power emanating from me. I did sense that among the disciples of Haoran Academy who entered this secret realm of inheritance, there were many disciples who exuded a touch of demonic energy. This kind of demonic energy... "Qi, maybe the elders of your Haoran Academy are very advanced, but they can't detect it, but I am a special soul master and can detect it."

Hearing what Ye Feng said, Baby Haoran immediately nodded and said: "This Hundred-Faced Demon Lord is really hateful. After pretending to be my father, he actually wants to covet the things in our Haoran Academy's secret realm. I don't know what he wants. What are you looking for to go to such great lengths to open the entire secret realm of inheritance, and allow so many magic masters to take risks and enter it disguised as disciples of our Haoran Academy? "

Ye Feng couldn't help but shook his head and said aloud: "We can't figure this out now. Anyway, there must be something very important that needs to be found in this secret realm of inheritance. We must not let the Hundred Faced Demon Lord's conspiracy succeed. , must destroy his plan."

Buzz!

After saying that, Ye Feng directly exuded his huge soul power, sensing the entire surrounding earth.

Ye Feng wanted to directly find those Haoran Academy disciples who exuded demonic aura, because these Haoran Academy disciples exuding demonic aura must be disguised as the Hundred Faced Demon Lord's men.

At this moment, Ye Feng and Haoran's baby are in this inheritance...

Walking in the secret realm, sensing quickly.

You know, Ye Feng's soul power is very huge now, and it was directly upgraded to six million levels before.

Therefore, a total of six million levels of soul power were emitted at once, covering a huge area of more than 100,000 meters.

"Um?"

At this moment, Ye Feng immediately sensed a familiar demonic energy.

It was the demonic energy that Ye Feng sensed at the entrance to the secret realm of inheritance.

Ye Feng's eyes moved and he quickly flew in that direction with Baby Haoran.

Baby Haoran was very happy and said aloud: "I'm afraid the Hundred-Faced Demon Lord would never have thought that his plan that he thought was perfect was actually seen through by us, and that even the elders of our Haoran Academy couldn't sense the evil energy. , Brother Ye Feng, as a soul master, can easily sense it."

...

In less than half an hour, they had arrived at their destination.

At this time, Ye Feng suddenly saw an incredible scene.

I saw a group of Hundred-Faced Demon Lord's men exuding demonic aura. There were dozens of them at this moment, gathered together, and they were actually digging the ground not far away.

As they dug, an extremely ancient troll body slowly appeared.

This troll body only showed one huge finger at this moment.

But just this one finger is hundreds of thousands of meters long.

From this, you can imagine how majestic and vast this troll would be if it were fully revealed.

Ye Feng's eyes suddenly showed surprise and he couldn't help but said: "Baby Haoran, the Hundred-Faced Demon Lord sent so many of his men to lurk into this secret realm of inheritance. It seems that he is not trying to get you Haoran." The so-called chance creation in the academy's secret realm is to unearth this ancient troll buried in your Haoran academy's secret realm."

Seeing the ancient troll, Baby Haoran was also shocked at this time.

He has never seen such a large demon body.

Just one finger is hundreds of thousands of meters long.

Baby Haoran's mouth opened wide, his little eyes widened, full of shock.

He couldn't even imagine how huge and towering this ancient troll would be after it was completely dug out.

It's just like the majestic body of an ancient god and demon!

At this time, Baby Haoran immediately couldn't help but said: "Brother Ye Feng, let's hurry up and stop the men of the Hundred-Faced Demon Lord, don't let them dig out this ancient troll, otherwise there may be huge consequences." This ancient troll, I think, is very likely to be a domination-level demon. It might have been banned by some of our ancestors from Haoran Academy back then.

Imprinted in this secret realm of inheritance, the Dark Demon Cult let the Hundred Faced Demon lurk into our Haoran Academy, probably to dig out the body of this ancient troll, then resurrect it and disintegrate our Haoran Academy from the inside. "

Ye Feng nodded and said aloud: "The situation is indeed a bit urgent. I always feel that the entire Haoran Academy has a feeling that a storm is coming. The entire Haoran Academy is indeed in danger."

At this time, Baby Haoran could not help but fly towards not far away, hoping to stop the masters of the Dark Demon Cult from digging out this ancient troll.

Uh-huh!

Ye Feng immediately pulled Baby Haoran back and couldn't help but said: "Don't be impulsive. This ancient troll just had a finger dug out. It will definitely take a lot of time to completely remove it." I dug out the dozens of masters from the Dark Demon Sect. I could sense the aura of cultivation on their bodies. They were two entire realms higher than me. They were strong men in the Sky-Peeping Realm above the Heshen Realm and the Kongji Realm. If there is just one strong person in the Heaven-Peering Realm, maybe I can still fight with him, but there are dozens of Demonic Masters in the Heaven-Peering Realm. I simply can't beat them. Even if you and I join forces, baby Haoran, There is no way to defeat them, so the top priority now is to find a way to destroy these demonic masters. Although they are currently digging up the body of an ancient troll, they have only dug out a finger. We still have time."

Baby Haoran said anxiously: "Then what should we do? These dozens of demon masters are all strong men in the dark demon sect. They must be very extraordinary in identity and strength. Otherwise, they will not be selected by the Hundred Faced Demon Lord. And entrusted with important tasks, the cultivation level of each of them is two realms higher than Brother Ye Feng, it is too difficult to deal with! And I can only assist in the battle."

Ye Feng thought for a moment at this time, and then said aloud: "As long as my cultivation can break through from the Heshen Realm to the Kongji Realm, which is only one level lower than these magic masters, maybe I can beat them. "

Baby Haoran immediately spoke out and said: "Brother Ye Feng, I will take you to a special place in this secret realm of inheritance. Maybe I can help you improve your cultivation level quickly."

When Ye Feng heard what Baby Haoran said, his eyes immediately moved and he couldn't help but said: "Where? Are you familiar with this secret realm of inheritance?"

Baby Haoran said with a smile: "I have been able to enter this secret realm of inheritance at any time since I was a child. Because my father personally controls the entrance to a secret realm of inheritance, I enter this secret realm of inheritance to play when I have nothing to do, so I am very familiar with this inheritance secret realm. Some special places created by chance in the secret realm are still very familiar."

Hearing what Baby Haoran said, Ye Feng's eyes immediately lit up and he quickly said: "That's great. You can take me to improve my cultivation right now. Only in this way can I be able to deal with those dozens of dark demons." As long as my cultivation level can be raised to a higher level, it should be no problem to deal with the dozens of masters of the Dark Demon Cult, and I can stop the plan of the Hundred Faced Demon Lord."

Baby Haoran nodded immediately and quickly took Ye Feng to fly in a certain direction.

On the way, Baby Haoran felt a little uncomfortable.

He said with certainty: "Brother Ye Feng, do you think we can make it in time?"

Ye Feng said aloud: "There is no other way now. I can only go back quickly."

When Baby Haoran heard what Ye Feng said, he stopped asking any more questions and focused on taking Ye Feng on his way.

Under the leadership of Haoran Baobao, the two soon crossed the mountains and the sea, and finally arrived at the end of this inherited secret realm.

At this time, a mountain emitting white light appeared in the distance.

This mountain with white light looks quite similar to the ancient holy mountain where Haoran Academy stands outside.

However, this mountain is much smaller than the ancient holy mountain outside. It is ten times smaller, but it is still quite towering and majestic.

At this time, Baby Haoran pointed to the mountain not far away that emitted white light, and said aloud: "This mountain is covered with snow all year round, but in the center area above the snow top, there is a Tianchi with water in it. It's very warm. I often play in the water. The last time I played in the water, I suddenly discovered that there seemed to be a mysterious cave under the Tianchi. It should have some special inheritance and luck, but I was alone at the time. I was afraid, so I didn't go in to investigate, but now that Brother Ye Feng is by my side, we can go and investigate carefully, and maybe we can improve Brother Ye Feng's cultivation to a higher level."

"The mysterious cave under Tianchi?"

Hearing what Baby Haoran said, Ye Feng's eyes suddenly lit up.

The small holy mountain emitting white light not far away looked very extraordinary.

In the Tianchi above, there is actually this ancient cave.

There must be huge opportunities hidden there.

Maybe it was the cave left by some ancient powerful men from Haoran Academy.

Ye Feng didn't waste any time at this moment. He quickly grabbed the big head of Baby Haoran and immediately used the space gem to open up a space wormhole. He and Baby Haoran crossed the space wormhole in an instant. Just arrived at the top of this small holy mountain.

Blah blah blah...

There was heavy snow falling in the surrounding sky, and the snow on the ground was already very thick, but it was not cold around.

The environment here is very beautiful.

At this moment, Ye Feng indeed saw a pool of water in the middle of the snow not far away.

That should be the Tianchi that Haoran baby mentioned.

Ye Feng immediately flew over with Baby Haoran and stood on the edge of Tianchi.

Ye Feng could feel at this time that this Tianchi exuded a very special energy, making the entire pool water very warm.

Baby Haoran immediately said anxiously: "Brother Ye Feng, let's go down quickly. I hope we can find good things in the ancient cave under the Tianchi, so that Brother Ye Feng can quickly improve your cultivation and deal with those dark demons." Taught bad guys."

Chapter 3715 Martial Arts Secrets

The mysterious cave really has a huge attraction for Ye Feng.

At this moment, Ye Feng followed Baby Haoran and lurked directly under Tianchi.

When they walked through the warm water and arrived at the bottom of Tianchi, Ye Feng saw the entrance of a cave appearing in his field of vision.

Moreover, there is a stone tablet at the entrance of this cave.

There are four characters written on the stone tablet: "Old Monster of Tianchi", which seems to be the owner of this cave.

At this time, Baby Haoran looked at the stone tablet in front of him, his eyes suddenly showed surprise, and he said loudly: "This is actually the cave of Tianchi old monster!"

When Ye Feng heard what Baby Haoran said, his eyes showed doubts, and he couldn't help but ask: "Old weirdo from Tianchi? Is he your ancestor from Haoran Academy? Why, you actually know him?"

Baby Haoran immediately shook his head and said loudly: "Old Monster Tianchi is not the ancestor of our Haoran Academy. The ancestors of our Haoran Academy are all great scholars. Old Monster Tianchi was a powerful figure in the ancient times of our Haoran Academy. The incomparable enemy is a legendary figure. Unexpectedly, he fell here, in the secret realm of inheritance of our Haoran Academy. It is said that this old monster from Tianchi could defeat ten extraordinary saints from our Haoran Academy by himself. The great Confucian relies on a very powerful martial art called the Overlord Immortal Golden Body by the old monster from Tianchi. It is said that after practicing this martial art, one can instantly transform one's entire body into the legendary Overlord Immortal Golden Body. It is indestructible, can withstand terrifying attacks, has invincible defense, and is very terrifying."

Hearing what Baby Haoran said, Ye Feng's eyes became interested and he couldn't help but said: "My physique is already very strong. If I can get the domineering and immortal golden body of this old monster from Tianchi, then I will The power of his body will reach a very incredible level."

Baby Haoran immediately nodded and said, "Let's go over and take a look."

After saying that, the two people immediately continued to dive and walked directly to the door of this mysterious cave.

Looking at the stone tablet with the words "Tianchi Old Monster" engraved on it, the two of them walked directly into the cave without hesitation.

There is no pool of water in the cave, the surrounding area is empty, and the air is very cold, giving people a feeling that their spirit and soul are freezing.

Ye Feng said slowly: "Haoran Bao

Bao, we must be careful. Since this old monster from Tianchi was a terrifying enemy of your Haoran Academy back then, it is very likely that the cave he left behind is not an ordinary inheritance cave and contains huge dangers. "

Baby Haoran nodded and directly released the treasures on his body, forming layers of protective light shields around himself to defend against possible upcoming dangers.

However, the two of them walked deep into the cave and found no danger.

They saw a skeleton glowing with golden light, sitting in the center of the cave.

In front of this skeleton, there are two boxes, which look very mysterious.

Uh-huh!

Uh-huh!

Ye Feng immediately flew over with Baby Haoran.

Suddenly at this moment, the skeleton with golden light all over its body suddenly raised its head.

Then a voice came out: "Those who are destined to come here, each of you can only get one kind of inheritance. Choose your own. I hope that after you get the inheritance, you can help me kill my enemy, a student from Haoran Academy." Great Confucianism is called Tian Yangsheng."

After finishing speaking, the golden light on the skeleton automatically dissipated, then turned into a piece of dust and disappeared into the air.

At this moment, the two boxes in front of the skeleton flew in front of Ye Feng and Haoran baby respectively.

Inside each box is a secret book.

What was contained in the first box was the immortal golden body of the Tyrant Body that Baby Haoran had mentioned before.

The other box contained something called the Heaven-Destroying Creation Skill.

Seeing this scene, Ye Feng immediately chose the Overlord Immortal Golden Body without hesitation.

Because for Ye Feng, after successfully practicing this martial arts, he can transform into the legendary immortal golden body, which will definitely greatly enhance his combat effectiveness.

As for the art of seizing heaven and earth, it should be able to seize the energy of heaven and earth to increase one's own power.

this

For Ye Feng, it can be regarded as useless.

Because Ye Feng doesn't need this kind of thing at all.

Ye Feng's devouring ability is many times more powerful than this heaven-shaking creation power.

Devouring ability, not only can it swallow the energy of the world for its own use, but it can also swallow the power of other living beings.

Everything can be swallowed.

At this moment, Baby Haoran was very happy to take this heaven-defying creation skill into his hands, and said loudly: "This is the inheritance of the old monster in Tianchi. It is very powerful. I really want it."

Hearing what Baby Haoran said, Ye Feng immediately laughed out loud: "That's just right, what I want is the domineering and immortal golden body."

At this moment, both of them took a secret book.

Baby Haoran said aloud: "Brother Ye Feng, we have really made a lot of money this time. We have obtained the inheritance of a legendary figure like Tianchi Old Monster. I feel that the combat effectiveness of both of us will be greatly improved."

Ye Feng nodded and said: "Let's practice directly now. Only by successfully cultivating this inheritance can we perhaps be able to deal with those magic masters who are digging up the bodies of ancient trolls."

Baby Haoran said aloud: "Is it too late to practice directly now? Because once those magic masters completely excavate the ancient troll's body from the earth, our entire Haoran Academy will most likely be in chaos."

Ye Feng thought for a while, and then said aloud: "Let's go over there first and wait for them to dig while cultivating this inheritance."

Baby Haoran said aloud: "Okay, that's okay."

Uh-huh! Uh-huh! Uh-huh...

But just when the two of them left Tianchi, a group of beings with very powerful cultivation auras suddenly flew over not far away.

The clothes they wore were all the disciples' clothes of Haoran Academy.

Baby Haoran's eyes were startled and he said aloud: "He is a true disciple."

Ye Feng's eyes showed doubts, and he asked aloud: "Which one has higher status, the true disciples or the core disciples I killed before?"

Baby Haoran said aloud: "Of course they are true disciples. Every true disciple is

He is a peerless genius in our Haoran Academy. He is a disciple specially trained by the elders. He is very powerful. We should leave quickly. They may rob us of the inherited secrets. "

Ye Feng nodded. He didn't want to cause trouble at this time, because what Ye Feng wanted now was to pass on the inheritance of this old monster from Tianchi to complete his cultivation successfully, and then deal with those magic masters.

However, just when Ye Feng and Baby Haoran were about to leave, a total of six true disciples flew over not far away. The cultivation auras emanating from their bodies turned out to be Kongji, which was a level higher than Ye Feng's current Heshen level. There are existences of the Great Perfection in the Tenth Heavenly Realm, and there seem to be super masters at the Half-Step Sky-Peeping Realm above the Kongji Realm.

It has to be said that the cultivation strength of this group of true disciples is indeed much stronger than the core disciples that Ye Feng dealt with before.

The moment these true disciples came here, they immediately saw Ye Feng and baby Haoran.

"Where to go!"

They immediately surrounded Ye Feng and Baby Haoran.

A true disciple wearing a blue gown immediately spoke out: "Baby Haoran, what is that in your hand? Is it the martial arts secret book of the old monster in Tianchi under Tianchi?"

When Baby Haoran heard what this true disciple said, his eyes were suddenly startled, and he couldn't help but said: "How do you know that there is the inherited secret book of the old monster of Tianchi under this Tianchi?"

The true disciple of Qing Shi immediately smiled coldly and said aloud: "This is the news that my master revealed to me. I didn't expect that you, baby Haoran, got there first. If it was in Haoran Academy, then maybe I wouldn't Dare to snatch your secret book directly, but now in this secret realm of inheritance, as long as all the trial members who participate in the secret realm of inheritance, even your baby Haoran, enter this secret realm of inheritance, then there will be no identity halo, everything will be lost. You need to rely on your own strength."

The other true disciples also had cold expressions on their faces, and they all said aloud: "Baby Haoran, we will give you a chance now to hand over your secret book, and the kid next to you should also hand over the secret book in his hand. Otherwise, I will kill you all. Anyway, I will kill

you in this secret realm of inheritance. No one knows who killed you, so cherish the opportunity I give you to survive. "

#### Chapter 3716 Soul Martial Fellows

At this moment, all the true disciples released their murderous aura and stared at Ye Feng and Baby Haoran.

Everyone looked at the two martial arts secret books in the hands of Ye Feng and Haoran baby, and their eyes were red. They were obviously very envious, jealous, and greedy, and wanted to get the martial arts secret books in the hands of Ye Feng and Haoran baby.

It has to be said that the cultivation strength of this group of true disciples is still very powerful, and their cultivation aura is very powerful. Each of them is a whole realm higher than Ye Feng, or even a realm and a half higher.

The most powerful one is a half-step sky-gazing expert who is one and a half realms higher than Ye Feng's current Heshen realm.

At this moment, Ye Feng's eyes showed a cold look. He immediately looked at the baby Haoran beside him and said loudly: "Since this group of true disciples want to rob us, then we will fight with them." "

Boom!

Almost at this moment, Ye Feng directly released his huge cultivation aura.

Sensing the aura of cultivation on Ye Feng, the six true disciples around him were stunned for a moment, and then they laughed loudly and said sarcastically: "I thought you were so powerful, but it turned out that you were just... The sixth level of the divine realm is too weak, and it is not as good as the core disciple of our Haoran Academy. Baby Haoran, I think you can only make such humble friends. "

After finishing speaking, a true disciple immediately said: "Don't talk nonsense anymore. Since they are unwilling to hand over the martial arts secrets in their hands, then kill them both completely. Since in this inheritance We killed them in the secret realm and then abandoned them in the wilderness. No one knew who killed them. There is absolutely no problem. "

After saying that, the six true disciples nodded one after another, and then released their huge killing momentum and rushed towards Ye Feng and Baby Haoran.

At this time, Baby Haoran immediately released a defensive light shield, covering himself and Ye Feng.

Ye Feng at this moment

Without any hesitation, Ye Feng was very cautious in dealing with these six extremely powerful true disciples.

Ye Feng immediately unleashed his most powerful attack.

Boom!

A huge ax made of ice suddenly appeared in Ye Feng's hand.

It's the Blizzard Tomahawk!

In addition, Ye Feng also inspired the heart of ice integrated into the Blizzard Tomahawk, giving full play to the terrifying ice power of the Blizzard Tomahawk.

"Boom!"

Ye Feng struck out with his axe, and countless blizzards immediately rushed out from the blizzard battle ax in Ye Feng's hand.

A roar!

The entire surrounding heaven and earth space was frozen!

The six true disciples, even if their cultivation was very strong, felt at this moment that layers of ice appeared on the surface of their entire bodies, restricting their mobility and causing their spirits and souls to be frozen for a moment. Same.

It has to be said that the Blizzard Tomahawk is indeed an extremely powerful ancient weapon. It is worthy of being a powerful weapon forged by the first weapon refiner in the ice and snow country.

It not only has a freezing effect on the enemy's physical body, but also has a freezing effect on the enemy's spirit and soul.

At this moment, the six true disciples immediately spoke out one after another: "This boy actually has such an ancient and powerful weapon in his hands. This boy's identity must be very extraordinary, but unfortunately his cultivation is too weak and he can't stop it at all. If he can't live with us, kill him and rob him of all his wealth!"

At this moment, the six true disciples quickly broke through the blizzard blockade released by the Blizzard Battle Axe, and quickly moved toward Ye Feng.

Get close and go.

But suddenly at this moment, Ye Feng suddenly released his extremely powerful soul power attack.

Now Ye Feng has mastered this trick. He first uses his martial arts heritage to attack the enemy, making the enemy think that he is a warrior. Then when the enemy is not paying attention, he releases his soul power attack method in an instant, which can severely damage the enemy in an instant.

So at this moment, Ye Feng first used the Blizzard Battle Ax to fight against the six true disciples, and then at the moment when the six true disciples were not paying attention, he released the revenge soul spear forged by the Lord of the Underworld.

Uh-huh! Uh-huh! Uh-huh!

Uh-huh! Uh-huh! Uh-huh!

At this moment, the revenge soul spear turned into six soul attack war spears, stabbing into the spirits and souls of the six true disciples in an instant. ??

"ah!"

"ah!"

"ah....."

Suddenly, screams sounded out one after another.

But what surprised Ye Feng was that only five true disciples were attacked by the revenge soul spear, and the queen retreated in a panic with a pale face.

The most powerful Half-Step Peeping Heaven Realm True Disciple didn't even have the slightest change in his expression.

I saw a heart-protecting mirror emitting soul light floating out from the eyebrows of this true disciple, blocking the attack of the revenge soul spear.

This most powerful true disciple, like Ye Feng, is a super genius who is a fellow soul martial artist!

Very powerful!

It was actually able to withstand Ye Feng's soul attack.

This true disciple of Soul Martial Arts fellow cultivator immediately stared at Ye Feng, smiled coldly and said: "What a cruel and cunning boy, he actually wants to use soul attacks to plot against us. Fortunately, I am also a soul master, and I have The soul protective mirror given to me by Master can withstand your soul attack."

Ye Feng looked at the soul protective mirror at this moment, with surprise in his eyes.

You must know that your revenge soul spear is a powerful soul attack weapon forged by the Lord of the Underworld. Unexpectedly, it was blocked by the soul breast mirror of this true disciple.

This shows that this Soul Breast Guard is also a very powerful soul defense weapon.

At this moment, Ye Feng's eyes showed wonder.

I have to say that this group of true disciples is indeed very powerful. They are indeed the most powerful true disciples in Haoran Academy.

Not only are each of their cultivation methods extremely terrifying, but a powerful genius who is a fellow Soul Martial practitioner has also appeared.

It has to be said that Haoran Academy, as a super power in the ninth level realm of the Origin World, does have a very deep foundation.

At this moment, the other five ordinary true disciples, after being severely injured by Ye Feng's revenge soul spear just now, looked very pale and had lost their fighting ability.

The true disciple of the Soul Martial Fellow immediately released a layer of defensive light shield, covering the other five true disciples who were seriously injured.

This true disciple of Hunwu fellow cultivator said: "Junior brothers and sisters, you should meditate on the spot first to recover your spirit and soul. I will deal with this kid now."

After saying that, this true disciple of the Soul Martial Arts Fellow immediately walked slowly towards Ye Feng, exuding a powerful cultivation aura of the Half-Step Peeping Heaven Realm that was a whole level higher than Ye Feng, and also exuded With a soul power that is extremely majestic, almost no less than that of Ye Feng.

He was very arrogant and said aloud: "Boy, I didn't expect that you are also a genius of fellow Hunwu practitioners. If you were dealing with ordinary true disciples, you might have been succeeded by your fellow Hunwu practitioners' assassination methods. But today you encountered If you are a genius like me, you will be unlucky and you will definitely die."

Chapter 3717 This guy is scary

At this moment, this true disciple of the Soul Martial Arts Fellow cultivator was speaking in a very arrogant tone.

It was obvious that he didn't take Ye Feng into consideration at all.

Because in the eyes of this true disciple of the Soul Martial Arts Fellow, Ye Feng couldn't compare to him in terms of cultivation, nor could he compare to his soul power.

This true disciple naturally felt that Ye Feng would be killed instantly by him without any doubt. ??

"boom!"

At this time, this true disciple of the Soul Martial Arts Fellow immediately burst out with his extremely powerful cultivation, and also released an attack of soul power, rushing towards Ye Feng.

Ye Feng's eyes looked solemn at this moment.

I have to say that this true disciple of fellow Soul Martial Arts practitioner is indeed very powerful and is the most difficult super genius I have ever encountered.

But Ye Feng's methods are not just a Blizzard Battle Ax and Revenge Soul Spear.

"Let you have a taste of the undead army that I have never officially unleashed!"

At this moment, Ye Feng unleashed another extremely powerful weapon forged by the Lord of the Underworld.

It was something Ye Feng had obtained from ancient ruins before, and it was called the Shadow Soul Attracting Flag.

Uh-huh!

At this moment, the ghost attracting flag floated out of Ye Feng's head, flipped it over, and suddenly opened a door to the underworld.

"Crash!"

Almost at the next moment, the terrifying undead souls rushed out like a tide in an instant, turning into an army of undead and charging towards the true disciple of the soul martial fellow practitioner who rushed forward.

"What the hell is this??"

This true disciple of fellow Hunwu cultivator, his originally complacent eyes suddenly turned into extremely frightened.

Because countless undead souls all shrouded him, this true disciple of the Soul Martial Arts Fellow cultivator suddenly felt that his spirit and soul were about to be torn apart by these undead souls.

And just when this true disciple of fellow Soul Martial Arts disciple was surrounded and torn apart by this undead army, he was in a panic.

Ye Feng directly released the powerful weapon of the Beast Controlling Emperor that he had obtained before.

Burial in the sky tomb!

"boom!"

At this moment, a huge steel tomb suddenly floated out of Ye Feng's hand. It transformed directly into a mountainous and terrifying mountain in the sky, releasing a terrifying power of death, which immediately bombarded this Soul Martial Fellow practitioner. Above the heads of the true disciples.

" ah!!"

Almost at that moment, this true disciple of fellow Hunwu cultivator let out an earth-shaking scream.

His Tianling Cap was directly blown into pieces by Ye Feng's Sky Burial Tomb, and his head exploded.

In an instant, he turned into a headless corpse, fell from a high altitude, and died instantly.

"What??"

"How can this be!!"

At this moment, the other five true disciples who were recovering from meditation not far away suddenly opened their eyes wide, with expressions of deep and incredible shock on their faces.

They never expected that the true disciple of fellow Hunwu practitioner who was so high-spirited just now would be instantly killed by Ye Feng.

This drastic change was unexpected by everyone.

Even Baby Haoran didn't expect it.

Baby Haoran thought they were dead this time.

Unexpectedly, Ye Feng actually had more terrifying soul-level methods.

And there are also extremely powerful ancient weapons at the level of cultivation.

That tomb made of steel and as towering as a mountain caused the other five true disciples to feel tremendous pressure of terror.

"Let's run away!"

"This boy is not something we can deal with. It's too scary!"

"This guy is weird! This guy is scary!"

At this moment, the other five true disciples who were recovering from meditation immediately wanted to flee into the distance.

But at this moment, Ye Feng smiled coldly and said: "At its peak,

None of you are my opponent, let alone that your souls have been severely damaged now and you cannot escape. "

At this moment, Ye Feng stretched out his hand and grabbed it, directly releasing the thunder mark.

"Uh-huh!"

Suddenly, several rays of thunder and lightning flashed out from Ye Feng's eyebrows, directly attacking the souls and spirits of the five escaping true disciples.

It has to be said that soul attacks are simply impossible to guard against.

If he were not a soul master, he would not be able to defend against Ye Feng's soul attack.

Not to mention that the soul attack Ye Feng is releasing now is the extremely powerful thunder mark of the Thunder Realm Lord that Ye Feng has understood.

So at this moment, the five true disciples who were escaping had their spirits and souls bombarded by Ye Feng's thunder mark. All of a sudden, they screamed in agony, and their spirits and souls were all destroyed.

One by one, the true disciples turned into corpses, fell from the sky, and died one after another.

"Awesome! So awesome!!"

At this moment, Baby Haoran immediately yelled and clapped his hands, and said excitedly: "Brother Ye Feng, you are really amazing. How many more tricks do you have? You are simply the best I have ever seen." The most powerful genius ever! You know, these true disciples are almost the top geniuses in our Haoran Academy, but they are still no match for you, Brother Ye Feng."

Ye Feng just smiled slightly at this moment, and then directly released the Devouring Domain, absorbing and devouring all the skills of the six true disciples.

Boom!

At this moment, Ye Feng's body suddenly erupted with terrifying aura of cultivation.

It has to be said that the skills of these six true disciples are still very profound.

If it weren't for Ye Feng's infinite methods, he probably wouldn't be able to deal with these six true disciples.

Especially the true disciple of that soul martial fellow practitioner, whose cultivation and soul power were even more terrifying.

If Ye Feng hadn't possessed a powerful soul-level weapon like the Yin Soul Attracting Flag created by the Lord of the Underworld, he might not have been able to deal with this true disciple of a fellow Soul Martial Arts practitioner.

I guess this

The true disciples of fellow Soul Martial Arts practitioners never thought that the revenge soul spear on Ye Feng was just a very common soul attack method used by Ye Feng.

What Ye Feng is really powerful about is the Haunted Soul Summoning Flag, a terrifying attack weapon that can connect to the underworld and summon an army of undead.

At this moment, as Ye Feng devoured it, the cultivation aura on Ye Feng's body suddenly began to rise.

"boom!"

The seventh heaven of Heshen Realm!

"boom!"

The eighth level of Heshen Realm!

"boom!"

The ninth level of Heshen Realm!

"boom!"

The tenth level of Heshen Realm!

"boom!"

Half step into the realm of emptiness! !

At this moment, Ye Feng's cultivation finally stopped.

What made Ye Feng's face look deeply surprised was that his cultivation level had improved so much this time.

Directly from the sixth level of the Heshen realm, he broke through to the half-step empty silence realm.

There is only one big realm left from the Sky-Peeping Realm.

This made Ye Feng's eyes reveal deep joy.

It has to be said that these six true disciples are indeed the top super geniuses in Haoran Academy.

The purity of their skills is very high, providing Ye Feng with huge energy.

Otherwise, Ye Feng would not be able to break through so much at once.

At this moment, Ye Feng immediately looked at the baby Haoran next to him, smiled and said:  
"With my current powerful cultivation level in the Half-Step Sky Silence Realm, and if I add the

inheritance of the old monster from Tianchi I just got, I will dominate the world." If you successfully cultivate your body into an immortal golden body, then the group of demonic masters will be out of the question."

At this moment, Ye Feng was talking, with a hint of greed in his eyes.

The ancient trolls that those magic masters want to dig out are what the core figures of the dark demon sect like the Hundred Faced Demon want.

If you can get the ancient troll's hundreds of thousands of meters long god-like body, then you will have another super powerful trump card!

Chapter 3718 The situation has changed

At this time, Ye Feng and Baby Haoran rushed towards the magic masters who were digging for the bodies of ancient gods and demons not far away. At the same time, Ye Feng took out the overlord immortal golden body martial arts secret book of the old monster from Tianchi. Begin to understand.

You know, Ye Feng's comprehension ability has been transformed by the soul gem into a very monster.

So in the short time he was on the road, Ye Feng had completely succeeded in cultivating this hegemonic immortal golden body.

Boom!

Almost at this moment, Ye Feng tried to display the Overlord Immortal Golden Body.

Buzz!

Ye Feng's body suddenly emitted a bright golden light.

At this moment, every piece of Ye Feng's flesh and bones turned into a very solid golden color.

Ye Feng's whole person seemed to have turned into a golden god, with a terrifying aura from the ancient times.

The moment Ye Feng displayed the Overlord Immortal Golden Body at this moment, he could immediately feel that his power had been strengthened like never before.

And what is strengthened is the pure physical power.

Ye Feng could feel that his Hongmeng Immortal Body was already very solid and powerful.

At this moment, with the power of the Immortal Golden Body, Ye Feng felt that he could tear a god and demon into pieces with his bare hands.

Of course, this is just a feeling.

But it can be seen how much Ye Feng's power has been enhanced the moment he displays the Overlord Immortal Golden Body.

Very scary!

Ye Feng was very satisfied and felt that his defense had been infinitely improved.

At this time, Baby Haoran saw Ye Feng, who turned into a golden god beside him, and immediately couldn't help but widen his eyes, and said loudly: "Brother Ye Feng, you are too scary, aren't you? We are on our way in such a short period of time. In just a short time, this old weirdo from Tianchi succeeded in cultivating this secret in an instant. How did you cultivate it so quickly? You need to teach me quickly!"

After Baby Haoran finished speaking, Ye Feng just smiled slightly, touched the other person's big head, and said loudly: "This is a talent, there is no way to learn it."

"That's it..."

When Baby Haoran heard what Ye Feng said, he immediately nodded aggrievedly and said, "Okay."

While the two were talking, they had returned to the area where they had previously observed the group of magic masters digging into the ancient troll's body.

at this time

At this moment, the two of them looked forward and found that this group of magic masters had dug out nearly half of the ancient troll's body.

This ancient troll is very terrifying. It may be a god-demon level existence. It is not known whether it is dead or alive.

Anyway, a finger is tens of thousands of meters long.

It can be seen that its entire body is definitely hundreds of thousands of meters long, or even hundreds of thousands of meters long, which is very terrifying.

It's really like the ancient gods and demons!

It gives people a feeling of majesty, boundlessness, and infinite terror.

Baby Haoran immediately said anxiously: "Brother Ye Feng, let's kill him directly now. We can't let them continue digging. If the body of this ancient god and demon is really excavated, it will be really difficult." It's trouble."

Ye Feng's eyes flickered slightly at this moment, and he said: "Wait for now, let me understand the secret of the domineering immortal golden body a little deeper, so that my combat effectiveness can be strengthened."

Hearing what Ye Feng said, Baby Haoran believed it to be true and nodded immediately without saying anything more.

The reason why Ye Feng said this at this time was naturally to let these demon masters dig out as much of the ancient god and demon's body as possible.

Because Ye Feng also wanted to get the body of this ancient god and demon.

For Ye Feng, if he can get the body of this ancient god and demon that is hundreds of thousands of meters tall, then if he can control this ancient god and demon body, Ye Feng will get an unparalleled super trump card.

Once the body of this ancient god and demon can be controlled by himself, it will be many times more powerful than the Panwu God Master of the small family that Ye Feng obtained before.

So at this moment, Ye Feng wanted to make Baby Haoran wait.

At this moment, while the two of them were waiting, Ye Feng asked in the middle of his eyebrows: "Demon Ancestor, is there any way for me to control the body of this ancient god and demon?"

Demon Ancestor shook his head and said at this moment: "I can't do anything about this. This ancient god and demon body is really too advanced. It is probably even more advanced than I was back then, so I can't refine it."

Hearing what the Demon Ancestor said, Ye Feng could only ask for help. He kept comparing it in his mind.

The silent Emperor Chu asked aloud: "Emperor Chu, is there any way for me to control the body of this ancient god and demon? This body of the ancient god's tomb, I can feel very terrifying, very terrifying, if I can control it, I will be able to get an extremely powerful trump card. The destructive power will be absolutely astonishing. It will definitely be much more terrifying than the giant statue of Panwu God and the corpse puppet of the beast-controlling emperor that I got before."

Hearing Ye Feng's question, Emperor Chu nodded slightly and said loudly: "The ancient gods and demons' bodies that those magic masters are digging are indeed a very good thing. If you can control them to become your second clone, it is indeed possible for you, Ye Feng, to get an extremely powerful trump card. However, it is not that simple to make this ancient god and demon body your second avatar. However, if Ye Feng, you can really grab that ancient god and demon body, I can search through my memory fragments to see how to refine this ancient god and demon body into your second avatar, there should be a way."

Hearing what Emperor Chu said, Ye Feng's eyes immediately lit up.

It seems that Emperor Chu has a solution.

But the premise is to grab the body of the ancient god and demon.

At this time, Ye Feng suddenly stared at the group of demon masters who were digging up the bodies of ancient gods and demons not far away, with a deep greed in his eyes.

I must get this extremely rare body of an ancient god and demon!

If you can really refine it into your own second clone, as Emperor Chu said, that would be great.

While Ye Feng was thinking secretly in his heart, the magic masters not far away had almost dug out all the ancient gods and demons' bodies.

Buzz!

A terrifying aura of ancient gods and demons immediately spread to the surroundings.

Ye Feng and Baby Haoran, who were watching from a distance, were all frightened. They felt like ants facing the legendary gods.

Baby Haoran couldn't help but exclaimed in amazement: "I didn't expect that the body of such a terrifying ancient god and demon would be buried in the secret realm of inheritance of our Haoran Academy. It's really incredible."

Ye Feng couldn't help but nodded at this time, with a hint of sigh in his tone, and said aloud: "If it weren't for this group of demon masters, perhaps this precious ancient body of gods and demons would have been buried forever.

It would be such a waste to be buried here and never be unearthed. "

When Baby Haoran heard what Ye Feng said, his eyes suddenly froze, and he couldn't help but exclaimed: "Brother Ye Feng, do you want to get this ancient god and demon energy body? I feel it is too risky! If Brother Ye Feng cannot control this ancient god and demon body, it may destroy our entire Haoran Academy. Once this ancient god and demon body cannot be controlled, the damage

caused will be absolutely terrible and can even destroy our entire body. All the secret realms of inheritance in Haoran Academy have been destroyed.”

Hearing what Baby Haoran said, Ye Feng smiled slightly and said, "Don't worry, I have a way to control this ancient god and demon body. Don't worry too much, it won't have any impact on your Haoran Academy."

When Baby Haoran heard what Ye Feng said, he could only nod his head and said: "Anyway, even dad believes in your ability, brother Ye Feng, so I also believe in you, brother Ye Feng, then let's go and rob this ancient god. Demon body, it must be very interesting."

At this time, Baby Haoran became very excited and excited again.

Sure enough, children's nature is fickle.

Just now, I was worried that the body of this ancient god and demon would destroy the entire Haoran Academy, but now I am very eager to snatch the body of this ancient god's tomb.

At this moment, Ye Feng nodded, preparing to lurk quickly with Baby Haoran directly in the direction of the group of magic masters.

But just when they were halfway through lurking.

Buzz!

Suddenly, the body of the ancient god and demon moved its fingers.

Then, in the horrified eyes of Ye Feng, Baby Haoran, and the group of demon masters who were digging, this ancient god and demon who had been sleeping for endless years suddenly opened a pair of huge eyes.

"Buzz!"

"Buzz!"

The two eyes were like two crimson suns, emitting infinitely terrifying bloody light.

A towering, boundless, terrifying aura that resembled that of ancient times immediately emanated from the body of this god and demon.

A group of magic masters immediately couldn't help shouting in horror: "Oh no, this ancient god and demon still has the last bit of vitality and is not completely dead! Let's retreat quickly and contact the Lord Demon Lord through the messenger talisman to find out the situation. Something has changed!"

Chapter 3719 Chopping melons and vegetables

Buzz!

At this time, extremely terrifying aura and energy suddenly emanated from the body of the ancient god and demon, causing the entire surrounding earth, mountains, flowers, plants and trees to shatter into pieces.

The dozens of demon masters who were digging up the body of this ancient god and demon immediately changed their expressions and quickly retreated.

At this time, they took out the communication talisman and wanted to contact the Hundred Faced Demon Lord in Haoran Academy immediately.

However, suddenly at this time.

Boom!

A ray of light suddenly burst out from the void, directly shattering the communication talismans in the hands of these demon masters, causing them to lose the channel to communicate with the Hundred-Faced Demon Lord.

"What??"

"There's someone hiding in the dark!"

At this moment, this group of magic masters couldn't help but change their eyes and quickly looked not far away.

They immediately saw two figures walking out of the void.

It is Ye Feng and Haoran baby.

At this moment, the eyes of these magic masters showed deep shock and anger, and they said loudly: "You are actually a disciple of Haoran Academy. What on earth do you want to do? You destroyed our communication talisman. You must know that we need to contact the dean as soon as possible and let him handle the crisis."

When Ye Feng heard what these magic masters said at this moment, he just smiled coldly and said: "Up to now, you are still pretending to be disciples of Haoran Academy. I already knew that you are not disciples of Haoran Academy at all. , but a master in the Dark Demon Cult. In addition, the person you want to contact is not the dean of Haoran Academy at all, but the Hundred-Faced Demon Lord disguised as the dean. "

"What?"

Hearing what Ye Feng said, this group of magic masters couldn't help but show deep horror in their eyes.

They never thought that Ye Feng actually knew their true identities, and also knew that the Hundred-Faced Demon Lord was disguised as the current dean of Haoran Academy.

This made these magic masters suddenly have deep expressions on their faces.

Deeply shocked.

They couldn't figure out how this seemingly ordinary boy knew all this.

But the next moment, the leader of this group of demon masters, exuding a terrifying killing aura, said: "No matter what, kill this kid first, and we must not let this news spread, otherwise It will affect all of our Lord Demon Lord's plans."

After finishing speaking, a group of magic masters nodded and said: "Let's work together to get rid of this kid first. The body of the ancient god and demon has only released a trace of life for the time being. When the time comes, we will use some special means to remove it." The body of this ancient god and demon is sealed, so there should be no problem, and then the body of this ancient god and demon is taken away and handed over to the Lord Demon Lord."

boom!

boom!

boom!

After saying that, the group of magic masters burst out their own terrifying cultivation auras and charged directly in the direction of Ye Feng.

Ye Feng did not hesitate at this moment and instantly released the Hand of Hell.

Boom! !

One of Ye Feng's palms immediately turned into a towering tower covering the sky. It was very terrifying and contained boundless power. It directly collided with these dozens of magic masters.

Rumble...

The next moment, accompanied by a terrifying roar, Ye Feng couldn't help but take several steps back.

These dozens of magic masters immediately laughed out loud and said: "Boy, although you may be a super genius in Haoran Academy with amazing fighting power, each of us is a whole level higher than your cultivation level, and we If dozens of masters join forces to deal with you, there is no way you can fight against us."

After these magic masters finished speaking, they burst out one after another.

With their own methods and cultivation, they all moved towards Ye Feng, trying to get rid of Ye Feng as soon as possible.

Ye Feng just smiled faintly at this moment and said: "I just tested your strength just now, and my real method will be next."

Almost at this moment, without any hesitation, Ye Feng directly activated the powerful inheritance of the Tianchi old monster he had just obtained, the domineering immortal golden body!

boom!

Almost at this moment, Ye Feng suddenly erupted with a terrifying golden divine light.

I saw that every inch of Ye Feng's body and flesh had turned into gold, as bright and noble as gold, and full of extremely terrifying defensive power.

Ye Feng immediately turned into a golden god at this moment. He rushed forward and collided with dozens of magic masters.

Boom boom boom!

At this moment, all the attacks from dozens of magic masters hit Ye Feng.

Some of them use special and powerful weapons, while others release extremely powerful magical inheritance, such as the Black Dragon Art of Controlling the Sky and so on.

But all their attacks only made muffled sounds the moment they hit Ye Feng.

Ye Feng was not harmed at all.

The hegemonic immortal golden body released by Ye Feng at this time made Ye Feng's physical strength unparalleled and possessed extremely terrifying defense power.

After being coated with a layer of gold, the hardness of Ye Feng's skin has increased many times compared to before, so he can withstand the attacks of dozens of magic masters.

After seeing this scene, the faces of dozens of magic masters who were originally laughing suddenly became extremely stiff and livid.

They couldn't help but exclaimed: "How is this possible! This guy's cultivation level is a whole level lower than ours, but their body constitution can withstand us.

All attacks? This is absolutely impossible! I must be hallucinating! This must be an illusion! ! "

However, no matter how shocked these dozens of magic masters were, no matter how much they didn't believe what they were seeing.

But everything in front of me is indeed real!

After Ye Feng transformed into a domineering immortal golden body, he could indeed withstand the attacks of all magic masters and could not suffer any damage at all.

This also made Ye Feng's own eyes show surprise.

This hegemonic immortal golden body is indeed the inheritance of a legendary figure like the old monster from Tianchi. It is indeed very terrifying.

No wonder the old monster from Tianchi was able to directly fight against ten ancient scholars from Haoran Academy by relying on his domineering immortal golden body.

At this moment, Ye Feng did not hesitate at all. While activating the Immortal Golden Body, he rushed into the group of dozens of magic masters. He directly used the power of his savage body and his hands like ancient beast claws. , quickly tore each magic master into pieces.

"Crack!"

"Crack!"

"..."

At this moment, Ye Feng didn't want to release any weapons or inheritance at all. Ye Feng himself, his body, his hands, every punch and kick, were all terrifying weapons that could give these demons The master produces extremely terrifying damage.

The magic master that Ye Feng was afraid of before.

But after Ye Feng's cultivation level broke through and he obtained the domineering and immortal golden body of the Tianchi old monster, these magic masters no longer posed any threat.

Ye Feng killed these magic masters as easily as chopping melons and vegetables.

Baby Haoran not far away was ready to assist Ye Feng in attacking, but when he saw Ye Feng who was like a wolf entering the flock of sheep, he immediately clapped his little hands, laughed loudly and said: "Brother Ye Feng, the domineering body and the immortal golden body are real." It's so powerful, it turns you into a fighting machine, your fighting power is so amazing! "

Chapter 3720 The second clone

"ah!"

"ah!"

"ah!"

At this moment, there were bursts of screams on the field.

After Ye Feng turned into a golden domineering immortal body, it was so easy to kill these magic masters.

Because the attacks from these magic masters could not cause any harm to Ye Feng at all.

Ye Feng's attack was extremely brutal.

The golden palms of those hands were like the claws of ancient gods and demons, capable of tearing apart a demon master in an instant.

And you must know that the Overlord Immortal Golden Body can not only strengthen Ye Feng's defense, but also strengthen the strength of Ye Feng's body.

Ye Feng was originally the Hongmeng Immortal Body, but now with the blessing of the Overlord Immortal Golden Body, his power was naturally terrifying to the extreme.

The armor or some defensive weapons worn by these magic masters were nothing in front of Ye Feng's ruthless iron hands, and they were instantly shattered and torn apart.

So in less than a short moment, Ye Feng had torn all the dozens of magic masters on the field into pieces and killed them all.

"Buzz!"

At this time, Ye Feng did not hesitate at all, and immediately released the devouring power and began to cover these killed demonic masters.

Boom!

Almost at the next moment, Ye Feng suddenly felt a very terrifying skill energy being injected directly into his body.

You know, there are dozens of these magic masters, and each of them is at a higher level than themselves.

Moreover, these masters of magic all come from the dark demon sect, a huge dark force, so their skills are all very advanced.

The majestic blood energy caused Ye Feng's body's skill to increase tremendously.

Ye Feng's current state is in the half-step empty state. If he wants to break through, it will be a breakthrough of the entire state, which is very difficult.

But with the accumulation of blood energy from dozens of dark demon masters, Ye Feng's skills improved very quickly.

Finally at some point.

"Boom"!

Ye Feng's body suddenly burst out with an extremely terrifying energy.

Ye Feng's cultivation finally completely broke through the half-step empty state and entered the true first level of empty state!

At this moment, Ye Feng's eyes showed deep joy.

Because he knew that if he relied on his normal cultivation and absorbed the spiritual energy of heaven and earth to continuously accumulate, it would probably take half a year, or even a year, to completely break the

His own cultivation bottleneck broke through to the true state of emptiness and silence.

But now relying on the skills of dozens of magic masters, Ye Feng directly broke through this most critical bottleneck, and suddenly broke through to the true first level of Kongji Realm.

At this moment, Ye Feng could feel the endless energy surging through his entire body.

Obviously, after breaking through to the realm of silence, Ye Feng's combat effectiveness increased a lot, increasing by hundreds of times.

At this time, Ye Feng felt that if dozens of demonic masters of the same level appeared in front of him now, he would be able to deal with those demonic masters even if he did not use the Overlord Immortal Golden Body.

Because the improvement of a large realm brings a huge increase in combat effectiveness to practitioners, which is completely different from small-level breakthroughs in the same realm.

Uh-huh!

At this moment, Baby Haoran flew over from not far away, clapped his little hands, and said with a smile: "Congratulations to Brother Ye Feng for another breakthrough. Brother Ye Feng, you are really amazing. Ever since I met you, your cultivation breakthrough speed is simply too fast, and it does not affect your combat effectiveness at all. Your combat effectiveness has also improved amazingly, because my father once said that if you blindly seek a rapid breakthrough in cultivation, you will soon be It may cause the realm to be unstable, or the combat power to be unable to keep up with the realm, but I found that none of this exists with you, Brother Ye Feng."

When Ye Feng heard what Baby Haoran said, he immediately smiled and said, "Let's go take a look at the body of the ancient god and demon that is resurrecting first."

Hearing what Ye Feng said, Baby Haoran immediately shouted out: "Brother Ye Feng, look! That ancient god and demon actually sat up."

Uh-huh!

Ye Feng immediately looked not far away at this moment and found that the ancient god and demon who had been excavated was sitting up directly from the soil at this moment.

Half of the body is literally hundreds of thousands of meters tall, blocking out the sky and the sun, and looks very visually impactful.

It was like an ancient sacred mountain that suddenly stood before his eyes, which was very shocking.

At this moment, Ye Feng didn't hesitate at all and immediately flew quickly in that direction.

Baby Haoran also quickly followed.

The moment Ye Feng and Baby Haoran came to the body of this ancient god and demon, they immediately saw that this ancient god and demon had not fully recovered, but there was just a trace of life brewing in it.

Ye Feng at this moment

Without any hesitation, he directly asked in his mind: "Emperor Chu, what should I do now to deal with the body of this ancient god and demon?"

At this moment, Ye Feng was talking, his eyes full of excitement.

Because at this time, the moment Ye Feng came to the body of this ancient god and demon, he could immediately sense that this ancient body contained unparalleled power.

However, Ye Feng did not directly devour this ancient god and demon, because the blood energy in the opponent's body had long been lost, leaving only a shriveled body as solid as steel.

But if he could really refine it into his second clone according to what Emperor Chu said, then he would be equivalent to having a clone at the level of a god or demon.

That kind of destructive power is absolutely astonishing!

At this time, Ye Feng did not hesitate and started asking Emperor Chu in his mind.

Emperor Chu was silent for a moment, and then said aloud: "I have found a way from my memory fragments before, but this method may not be effective, but you can give it a try."

Ye Feng immediately said: "Let's try it first and then talk."

Emperor Chu nodded in his mind, and then said aloud: "The method is actually not that difficult. Just use your own blood to drip into the skull of this ancient god and demon, and then use the original power in your blood to , assimilate this ancient god and demon, and then I will teach you a secret technique for refining the second clone later. It is a secret technique that I found from my memory fragments. Then you can try to refine the body of this ancient god and demon. Made your second clone."

Hearing what Emperor Chu said, Ye Feng's eyes immediately became extremely excited. Without any hesitation, he flew directly to the head of the ancient god and demon.

This ancient god and demon had just recovered at this time, so he had no intention of attacking.

When Ye Feng flew to the top of the ancient god and demon, the ancient god and demon's body still did not make any reaction.

Ye Feng did not hesitate at this moment, and directly let a drop of his blood flow into the head of this ancient god and demon.

If it were just Ye Feng's own power, he might not be able to break through the skin of this ancient god and demon at all, because this is a body of a god and demon, which is very terrifying. It is estimated that only the Lord can break through the body of this ancient god and demon.

Fortunately, this ancient god and demon must have experienced some horrific battles back then, so he has many scars on his body.

It is naturally very easy for Ye Feng to drop a drop of his own blood and enter the old shell of this ancient god and demon. There is no need for Ye Feng to open a wound himself. \u003c

br\u003e

The moment Ye Feng dropped a drop of his own blood into the head of this ancient god and demon.

At the same time, Ye Feng also received the very mysterious secret technique of refining the second clone taught to him by Emperor Chu.

Buzz!

At this moment, Ye Feng did not hesitate. He immediately started to use this secret technique and began to interact with the body of this ancient god and demon. He wanted to control the body of this ancient god and demon as soon as possible and refine it into his second body. Doppelgänger.

Boom!

But just when Ye Feng was using his secret technique to interact with the ancient god and demon's body.

An extremely terrifying ancient divine thought suddenly burst out from the body of this ancient god and demon.

The majestic and boundless ancient divine thought manifested into a giant-like phantom of divine thought. It entered Ye Feng's mind in an instant, containing eternal hostility. He roared: "Which ant dares to occupy this place?" Your immortal body? I want to completely destroy you!"

...

"ah!!"

"It turns out to be the soul gem of the Lord of Chaos!!"

"No!!"

However, this ancient divine thought did not show its power for long, and the next moment it was destroyed by Emperor Chu using the soul gem.

Emperor Chu smiled faintly and said: "Any spiritual shadow that dares to directly enter Ye Feng's mind will be tantamount to seeking death as long as its cultivation level has not reached the advanced master realm at the same level as the Chaos Master."

You must know that the soul gem was obtained by Ye Feng's father, Emperor Ye Qing, from the sky. It is the most powerful treasure in the world transformed into the body of the Chaos Lord. It has allowed Ye Feng to use it from the beginning of his practice until now. None have been eliminated yet.

Because the Lord of Chaos is a high-level Lord in the world, second only to the Lord of Great Perfection like Hongmeng Ancestor, and is on the same level as the current leader of the Dark Demon Cult, Dark Yuan Zun.

Therefore, those who have not reached the advanced level of mastery are naturally unable to fight against soul gems.

If the divine thought of this ancient god and demon dared to enter Ye Feng's mind rashly and encountered the soul gem, it would naturally be a dead end and be destroyed directly. There would be no chance at all.

It can only be said that this ancient god and demon is relatively unlucky. He encountered a monster like Ye Feng and had too many rare treasures on his body.

If this ancient god and demon is really refined into a second clone by the Hundred-Faced Demon Lord, maybe the Hundred-faced Demon Lord will not be able to resist the divine thoughts of this ancient god and demon.

At this moment, after extinguishing the divine thoughts of the ancient gods and demons, Ye Feng began to concentrate on refining the body of the hundreds of thousands of meters tall ancient gods and demons in front of him.
