

Ancient 3721

Chapter 3721 Enough

There is a special secret technique given to Ye Feng by Emperor Chu, and now Ye Feng has integrated his own blood into the body of this ancient god and demon.

Therefore, there is naturally no obstacle to Ye Feng refining the body of this ancient god and demon.

One day and one night passed, and under the protection of Baby Haoran, Ye Feng successfully refined the body of this ancient god and demon.

At this time, Ye Feng had a thought in his mind.

Boom!

Suddenly, one of the ancient gods and demons' hands immediately rose up.

Then under the control of Ye Feng, the ancient gods and demons stretched out their palms tens of thousands of meters long and quickly bombarded them in a certain direction in the distance. .??.

This palm of the ancient god and demon does not need to release any magic power at all. Just the power of the body, covering it from high in the sky, is enough to suppress everything.

Boom!

The palm of the ancient god and demon instantly smashed a huge mountain in the distance to pieces.

When Ye Feng saw this scene, his eyes suddenly showed deep excitement.

The power of this ancient god and demon's body is really terrifying.

Although all the blood energy in it has been lost.

But the shriveled body left behind still contains pure physical power at the level of ancient gods and demons, which is very terrifying.

At this moment, Ye Feng immediately stood up, looked at Baby Haoran who was protecting the law not far away, and said with a smile: "Baby Haoran, let me tell you good news. I have completely destroyed the body of this ancient god and demon. The refining was successful, and now this ancient god and demon is driven by me."

Hearing what Ye Feng said, Baby Haoran immediately shouted: "Great, brother Ye Feng, after you control the body of this ancient god and demon, you will

Now that we have an extremely powerful trump card, we can directly fight the Hundred-Faced Demon Lord. "

Ye Feng shook his head at this moment and said aloud: "If you want to destroy the Hundred-Faced Demon Lord, you still need to find a way to assassinate him and attach the talisman given by your father to his body, because the Hundred-Faced Demon Lord is of this level. Although he is not as good as your father, he is still a very terrifying super strong man. Even if I use the body of the ancient god and demon, I can't kill the Hundred Faced Demon instantly, because the Hundred Faced Demon can't stand there without stopping. Move and let the body of my ancient gods and demons attack him. Therefore, although the ancient gods and demons look very terrifying and invincible, it is still very difficult to kill a powerful enemy. After all, the enemy's mobility is very flexible. Yes, but the body of the ancient god and demon is not that flexible and very stiff, but after all, this ancient god and demon is very powerful and can play a huge role at critical moments. "

Hearing what Ye Feng said, Baby Haoran nodded suddenly, and then said loudly: "Okay, then we will continue to lurk, look for opportunities to kill the Hundred-Faced Demon Lord, and rescue my father."

Ye Feng nodded, then suddenly looked at the surrounding area and said aloud: "When does this inheritance secret realm trial usually end?"

Baby Haoran said aloud: "It is estimated that it will take another half a month."

Ye Feng immediately nodded and said, "Half a month is enough."

Baby Haoran couldn't help but asked in confusion: "What is enough?"

Ye Feng smiled and said, "It's enough for us to assassinate the Hundred-Faced Demon Lord."

Hearing what Ye Feng said, Baby Haoran's eyes were stunned, and then he said aloud: "Ye Feng

Brother Feng, do you mean that we have to leave this inheritance secret realm directly now? "

Ye Feng nodded and said loudly: "Once the trial of this inheritance secret realm is over, the Hundred-faced Demon King will know that dozens of his magic masters have died in it, so he will definitely be alert for a moment. Then there will be no chance to assassinate him. Now I have killed dozens of magic masters and destroyed their communication talismans. Therefore, the Hundred-Faced Demon Lord probably doesn't know about it until the trial of the Secret Realm of Inheritance is over. Here, the magic master he sent had an accident. At this time, the Hundred-Faced Demon Lord has not been alert enough, so it is a good opportunity for us to assassinate him. "

When Baby Haoran heard Ye Feng's analysis, he immediately nodded in enlightenment and said loudly: "Brother Ye Feng, you are right. Now is indeed a good opportunity to assassinate the Hundred-Faced Demon Lord. Generally speaking, secret realms like this are inherited. The trial, until the trial is over, there is no way to open the passage and return to Haoran Academy, but I know a special entrance to get out. "

After Baby Haoran finished speaking, Ye Feng immediately smiled and said: "You said before that you could enter and play in this secret realm of inheritance alone. I have already guessed that you should control a special passage and can enter and exit at will. This secret realm of inheritance."

Baby Haoran nodded and immediately took Ye Feng to fly quickly in a certain direction.

Soon they came to a place like a virgin forest.

Here, there is a mysterious cave.

The moment Baby Haoran took Ye Feng into the cave, Ye Feng immediately saw that a very special teleportation formation was engraved on the ground of the cave.

Baby Haoran smiled and said aloud: "As long as this teleportation formation is activated, we can teleport out of this secret realm of inheritance and return early.

In Haoran Academy. "

Ye Feng nodded, no longer hesitating, and immediately activated the teleportation formation with Baby Haoran.

Uh-huh!

The two of them disappeared into the cave of the secret realm of inheritance in an instant.

The next moment, along with a violent spatial fluctuation, they had returned to Haoran Academy.

At this moment, Ye Feng looked around and found that they were standing in the palace where Baby Haoran lived.

When Ye Feng saw this, his eyes suddenly froze and he said: "I didn't expect that we were teleported directly to your place of residence?"

Baby Haoran nodded and said with a smile: "I forgot before that you can directly enter the secret realm of inheritance through this passage, so I took brother Ye Feng with you through the entrance of the trial. I am too forgetful. , but the situation was urgent and I didn't expect this."

Ye Feng nodded, smiled and said: "In any case, we have now completely destroyed the plan and conspiracy of the Hundred-Faced Demon Lord in the secret realm of inheritance, and I have obtained the body of the ancient god and demon, and I have received it. My storage ring can be released at any time to produce extremely terrifying destructive power."

Baby Haoran asked at this time: "Brother Ye Feng, how can we sneakily approach the Hundred-Faced Demon Lord disguised as my father and assassinate him?"

When Ye Feng heard what Baby Haoran said, he immediately fell silent and began to think about how to assassinate the Hundred-Faced Demon Lord.

When Baby Haoran saw Ye Feng thinking, he did not disturb Ye Feng, but stood aside and waited anxiously.

Because Baby Haoran knows that with his underdeveloped mind, he can't think of any good solution at all, so he still has to rely on Brother Ye Feng in the end.

Chapter 3722 Approaching

After Ye Feng thought about it for a day and night in Baby Haoran's palace, his eyes suddenly lit up and he said, "I thought of a good idea, but I don't know if it will succeed."

When Baby Haoran heard what Ye Feng said, he immediately asked with great anticipation: "Brother Ye Feng, what is your solution?"

Ye Feng spoke slowly at this moment: "I have a secret technique that allows me to disguise myself as any existence. No one can discover my true identity. I can directly disguise and transform into the person who entered the secret realm of inheritance before. A master of magic goes directly to the Hundred-Faced Demon Lord, pretending to offer the ancient god-demonic body in the storage ring to the Hundred-faced Demon Lord, and then directly activates the ancient god-demonic body when the Hundred-Faced Demon Lord is not paying attention. Attacking the Hundred-Faced Demon Lord, the Hundred-Faced Demon Lord was instantly restrained by the body of the ancient god and demon, and then at that critical moment, I used the talisman your father gave me to stick to the Hundred-Faced Demon Lord. "

Hearing what Ye Feng said, Baby Haoran immediately said with bright eyes: "This is indeed a good idea, but brother Ye Feng, are you sure your disguise will not be seen by the Hundred-Faced Demon? That is the Dark Demon A central figure in the religion."

Ye Feng smiled and said very confidently: "Don't worry, you won't see it. I am not an ordinary disguise, but I can truly become that kind of magic master. Even the origin of life can be changed." The demonic life source of a master of the demonic way can never be seen by the Hundred-Faced Demon Lord."

Hearing what Ye Feng said, Baby Haoran immediately clapped his hands happily and said: "That's great, but it's also very dangerous, and Brother Ye Feng, you may not be able to get close to the Hundred-Faced Demon Lord at the critical moment. , because when you controlled the body of the ancient god and demon and attacked the Hundred-Faced Demon Lord, the Hundred-Faced Demon Lord must have known that you were no longer his subordinate, but came to assassinate him. "

When Ye Feng heard what Baby Haoran said, he also frowned and said loudly: "You are right. It seems that I need to think of a better way to allow me to get close to the Hundred-Faced Demon

Lord at the critical moment, even if I use the space gem, I probably won't be able to get close to the Hundred-Faced Demon Lord instantly. After all, I don't know exactly what level the Hundred-Faced Demon Lord's true cultivation strength is. Anyway, it must be very terrifying, and maybe he has the means to do it. Cut off the void channel opened by my space gem."

Hearing what Ye Feng said, Baby Haoran also nodded slightly and said loudly: "Brother Ye Feng, you are right, so I just said, brother Ye Feng, you may not necessarily be able to get close to the Hundred-Faced Demon King."

At this moment, both of them fell into silence.

After half a day, Ye Feng seemed to have thought of something, and immediately said: "By the way, I can sacrifice the body of the ancient god and demon first, and then I secretly let the body of the ancient god and demon attack the Hundred-Faced Demon Lord and me. I, in this case, the Hundred-faced Demon Lord must have thought that the body of the ancient god and demon might have undergone some change, and was not controlled by me. When the Hundred-faced Demon Lord was panicking, I could follow Baimian as a matter of course. The devil approaches him."

Hearing what Ye Feng said, Baby Haoran immediately brightened up and said: "This method is okay, there should be no problem, but it still has huge risks. Anyway, brother Ye Feng, you must pay attention to safety. If it really doesn't work, If so, open a space wormhole and escape quickly."

Ye Feng immediately nodded and said with a smile: "I have a master-level gem like the space gem on my body, which allows me to escape easily, so there is no need to worry about this."

Baby Haoran immediately nodded and said loudly: "Then I will check now to see where the Hundred-Faced Demon King disguised as my father is now."

Ye Feng nodded, and then asked Baby Haoran to inquire.

In less than a moment, Baby Haoran was back.

He immediately said happily: "Brother Ye Feng, I have found out that the Hundred-Faced Demon Lord disguised as my father is now in the main hall where he lives. There is no one around the main hall where he lives, so there is no one around. If there is an extremely violent battle fluctuation at that time, it should not attract other people. "

Hearing what Baby Haoran said, Ye Feng immediately nodded, then took a deep breath and walked outside.

Baby Haoran said aloud: "Brother Ye Feng, you must be careful."

Ye Feng nodded slightly, and his back disappeared from Baby Haoran's sight.

After Ye Feng left the place where Baby Haoran lived, he went directly to the main hall area where the dean of Haoran Academy lived.

At this moment, Ye Feng was directly on the road

It is to use one's own skills, and then transform oneself into the appearance and original aura of a master of magic.

You know, Ye Feng is not an ordinary disguise, but has truly become the original power and aura of the Dark Demon Cult.

Therefore, even a big shot like the Hundred Faced Demon Lord could not detect Ye Feng's abnormality.

Because Ye Feng is not pretending at all, but has truly become a master of magic.

At this moment, after Ye Feng became a master of magic, he walked quickly towards the main hall.

The next moment, before Ye Feng reached the entrance of the hall, a majestic voice suddenly came from the hall: "The trial of the inheritance secret realm is not over yet, why are you back here?" .??.

Ye Feng's eyes flashed slightly at this moment, but on the surface he was very respectful and said: "Baby Haoran discovered that we were digging the body of the ancient god and demon, and wanted to destroy our plan, but we were Imprisoned, Baby Haoran holds in his hands the space formation that can transmit the trial of the secret realm in advance, so I came back early and dedicated the body of the ancient gods and demons to you, Lord Demon."

"Really?"

Hearing what Ye Feng said, the Hundred-Faced Demon Lord was very excited and flew out of the hall.

He couldn't help but stare at Ye Feng, and said excitedly: "Is that body of an ancient god and demon still in your body now?"

At this moment, the Hundred-Faced Demon was very excited, and it was obvious that the body of the ancient god and demon had attracted all his attention.

So he didn't find anything abnormal about Ye Feng.

After all, when a person is emotional, it is easy to overlook some seemingly trivial details.

At this moment, Ye Feng immediately nodded and said loudly: "The body of the ancient god and demon has been put into the storage ring by me. I will take it out now and show it to you, Lord Demon Lord."

When the Hundred-Faced Demon Lord heard what Ye Feng said, he immediately stretched out his hand, and then propped up a dark light shield, covering the entire area around the hall.

The Hundred-Faced Demon Lord said aloud: "Just release the body of the ancient god and demon and show it to me. The dark light shield I am using now can isolate the entire body."

The exploration of the spiritual thoughts of the super strong men of Haoran Academy. "

"Yes, Lord Demon Lord."

Ye Feng nodded immediately, without any hesitation, and honestly took out the body of the ancient god and demon from his storage ring.

Boom!

The body of the ancient god and demon was hundreds of thousands of meters tall.

The moment it came out, the entire earth shook.

At this moment, looking at the huge ancient god and demon body exuding endless ancient aura in front of him, the Hundred-faced Demon Lord was so excited that he immediately said: "Okay! Great! Great! Great! With this. Once the body of the ancient god and demon is refined by me and becomes my clone, then the entire Haoran Academy will be completely controlled by me."

After finishing speaking, the Hundred-Faced Demon Lord was preparing to refine the body of this ancient god and demon.

Boom!

But at this moment, the towering palms of the ancient gods and demons suddenly moved, and they were about to attack the Hundred-Faced Demon Lord and Ye Feng.

When the Hundred-Faced Demon Lord saw this scene, he immediately exclaimed: "What is going on?"

At this moment, Ye Feng pretended to be full of doubts, and immediately said: "Master Demon Lord, I don't know this either. Suddenly the body of this ancient god and demon moved. Let's collect this ancient god." There didn't seem to be any problems when I was in the demon body."

The Hundred-Faced Demon Lord immediately thought about it and said aloud: "It should be the body of the ancient gods and demons. It came into contact with the energy of heaven and earth in Haoran Academy, so it revived a little bit of vitality. There shouldn't be any big problem. You stand Don't be too afraid behind my back."

Ye Feng immediately said happily: "Thank you Lord Demon Lord for your protection."

Uh-huh!

After saying that, Ye Feng immediately flew behind the Hundred-Faced Demon Lord, as if he was very afraid that the ancient god and demon's body would attack him.

The Hundred-Faced Demon Lord laughed loudly: "The body of an ancient god and demon is a priceless treasure. Even if it only restores a trace of vitality, there is no danger. I will directly use a magic inheritance to restore it. Just wipe out the last trace of life force in the body of this ancient god and demon!"

Chapter 3723 Untold Secret

At this moment, the Hundred-Faced Demon Lord was staring at the moving body of the ancient god and demon, his eyes full of greed.

Because for the Hundred-Faced Demon Lord, what he has always wanted is the body of this ancient god and demon.

Therefore, if the Hundred-Faced Demon Lord obtains the body of this ancient god and demon, and can refine and control the body of this ancient god and demon, then the Hundred-faced Demon Lord knows that his strength will rise to an unimaginable level.

Because the Hundred-Faced Demon Lord is originally a master in the demonic way, if he can merge himself with the ancient gods and demons, then he will become the top powerhouse in the dark demon sect.

At this moment, the Hundred-Faced Demon Lord asked Ye Feng, a master of magic, to stay behind him and prepare to watch his performance. .??.

But suddenly at this time.

There was a "pop" sound!

The Hundred Faced Demon seemed to feel something touching his back.

Then, before the Hundred-Faced Demon Lord could react, a terrifying energy wave engulfed the Hundred-Faced Demon Lord in an instant.

At this moment, Ye Feng has attached the magic talisman to the body of the Hundred-Faced Demon Lord.

The next moment, what shocked Ye Feng was that the primary master-level attack from the Dean of Haoran Academy contained in this talisman was really terrifying, and it could destroy an extremely powerful existence like the Hundred-Faced Demon Lord in one fell swoop. .

At this time, Ye Feng did not hesitate at all, and quickly released the Devouring Domain, directly covering part of the corpse of the Hundred-Faced Demon Lord that had not yet been destroyed.

Wow!

At this moment, Ye Feng suddenly received huge amounts of energy.

However, what makes Ye Feng feel quite regretful is that this talisman contains the attack power of the Dean of Haoran Academy, and the destructive power burst out from it is really terrifying.

Almost half of the Hundred Faced Demon's entire body was destroyed.

So Ye Feng has only swallowed a small half now.

But even if it was only a small half, it was still more energy than any previous master that Ye Feng had devoured.

Because the cultivation level of this Hundred-Faced Demon Lord is really terrifying. After all, he is the core figure in the Dark Demon Cult.

At this time, Ye Feng's cultivation aura suddenly began to break through very quickly.

"boom!"

The second level of emptiness and silence!

"boom!"

The third heaven of emptiness and silence!

"boom!"

The fourth level of emptiness and silence!

"boom!"

The fifth heaven of emptiness and silence!

"boom!"

The sixth level of emptiness and silence! !

At this time, Ye Feng's cultivation level suddenly broke through many heavens, directly from the first heaven of Kongji Realm to the sixth heaven of Kongji Realm.

Ye Feng could feel that after so many breakthroughs, his strength had been greatly enhanced.

At this moment, Ye Feng looked at the destroyed Hundred-Faced Demon Lord in front of him, with a hint of sigh in his eyes.

Sure enough, the dominance level strength is really terrifying.

Even the Hundred-Faced Demon Lord, the core figure of the dark demon sect, was unable to withstand the attack of a master.

It was destroyed instantly!

There is no ability to resist or defend at all!

Dominator-level attacks are truly astonishingly destructive and terrifying.

No wonder there are rumors in the world that if a master-level powerhouse takes action, it is even possible to destroy an ordinary low-level interface in one fell swoop.

This is true.

At this moment, there was a hint of excitement in Ye Feng's eyes.

Unexpectedly, this time I assassinated the Hundred-Faced Demon Lord, which would give me such a powerful improvement in my cultivation.

However, Ye Feng also knew that if this talisman did not destroy most of the Hundred Faced Demon Lord's body, he might be able to break through even more.

But Ye Feng was already satisfied.

After all, the assassination mission has been successfully completed.

At this moment, Ye Feng reached out and grabbed the storage ring of the Hundred-Faced Demon Lord directly into his hand.

You know, the core of the Dark Demon Cult at the level of the Hundred Faced Demon Lord

Great people are not ordinary masters or young geniuses.

The wealth in his storage ring is absolutely terrifying to the extreme.

At this moment, Ye Feng did not hesitate at all. He directly released his soul power and began to explore the wealth in the storage ring of the Hundred-Faced Demon Lord.

Almost at the next moment, Ye Feng's eyes suddenly lit up.

This Hundred-Faced Demon Lord storage ring contains a lot of wealth.

In addition, there are many inheritances of the Hundred-Faced Demon Lord himself.

This made Ye Feng's eyes look happy.

Because this Hundred-Faced Demon Lord is the core figure in the Dark Demon Cult.

These inheritances in his storage ring were all cultivated by the Hundred-Faced Demon King himself. They are all very advanced and are secrets that are not passed down in the Dark Demon Cult.

At this time, Ye Feng took out two secret books.

These two secret books are the two most powerful inheritances of the Hundred-Faced Demon Lord, and they are called "The Art of Demon Destroying Gods" and "Dark Dragon Demonic Hand" respectively.

The Hundred-Faced Demon Lord specially placed these two sets of inheritance secrets in his storage ring, which shows that the Hundred-Faced Demon Lord has not yet succeeded in practicing these two sets of powerful inheritances, and he must still be practicing and comprehending them every day.

And this also shows that the Hundred-Faced Demon Lord attaches great importance to these two sets of inheritance.

At this moment, Ye Feng had received the inheritance of these two extremely powerful dark demon sects, and his eyes were shining.

Because these may all be untold secrets in the dark demon sect.

Only the core figures in the dark demon sect, such as the Hundred-Faced Demon Lord, can obtain this kind of inheritance to practice.

Ordinary practitioners, or practitioners from other major forces, may not be able to practice these untold secrets in the Dark Demon Cult even if they obtain them. After all, they are special inheritance in the Dark Demon Cult.

But this does not exist for Ye Feng.

Ye Feng's skill can change into any attribute, embrace all things, and accommodate thousands of attribute powers in the world.

Therefore, Ye Feng can practice these so-called dark inheritances.

At this moment, Ye Feng has nothing

His hesitation was directly related to comprehending and practicing the two sets of inheritance he had just obtained on the spot.

Under Ye Feng's incomparable power of comprehension, the Heavenly Demon Destroying God Technique and the Dark Dragon Demonic Hand were quickly successfully practiced by Ye Feng.

At this moment, Ye Feng suddenly looked in a certain direction and casually stretched out a hand.

Buzz!

Suddenly, Ye Feng's palm turned into a giant black dragon, with terrifying biting and attacking abilities.

This is the Dark Dragon Demonic Hand.

For Ye Feng, it can strengthen Ye Feng's palm power, which makes Ye Feng very satisfied.

At this moment, after Ye Feng casually tested these two sets of inheritances, he directly took back the body of the ancient gods and demons that he had released before.

Then Ye Feng began to transmit messages to Baby Haoran.

Uh-huh!

Soon, Baby Haoran flew quickly from a certain direction not far away.

When Baby Haoran came here, he immediately saw ruins everywhere.

Apparently there had just been a terrible battle here.

Baby Haoran immediately couldn't help but exclaimed: "Brother Ye Feng, have you killed the Hundred-Faced Demon Lord?"

Ye Feng nodded slightly, looked at the ruins around him, and said aloud: "The power in the talisman your father gave you is really terrifying. It is indeed the pinnacle attack of the junior master level. Even the Hundred-Faced Demon Lord can Without even a scream, the entire body was destroyed in an instant."

When Baby Haoran heard what Ye Feng said, he immediately clapped his hands happily and said loudly: "Great, great! Finally, we have killed the bad guy, the Hundred-Faced Demon Lord, and now our Haoran Academy will There is no crisis anymore."

Ye Feng nodded slightly at this moment and said loudly: "Baby Haoran, please quickly inform the seniors and elders of Haoran Academy and let them unite to rescue your father. Although there are hundreds of faces, The Demon Lord has been eliminated, but I'm afraid that without your father in charge of Haoran Academy, the powerful men of the Dark Demon Cult may have other plots."

Baby Haoran nodded immediately, and then began to transmit messages to other senior experts in Haoran Academy.

Chapter 3724 Baptism on the Holy Mountain

Not long after Haoran Baby transmitted the news, all the elders of Haoran Academy hurried over from a distance.

Because Haoran Baby said in rumors that his father, the dean of Haoran Academy, was imprisoned, the elders of Haoran Academy were very worried and rushed over.

When they arrived here, they saw ruins everywhere in the square in front of the entire central hall. The elders couldn't help but show deep shock on their faces.

One of the elders couldn't help but said: "What I can sense from the attacking aura left in the air is the dominant aura of the dean."

At this moment, Baby Haoran immediately brought Ye Feng to the front of the group of elders and said loudly: "Elders, my father is now trapped in the galaxy interface. I would like to ask everyone to come with me to rescue him. My dad."

Hearing what Baby Haoran said, a group of elders nodded one after another.

Among the rumors about Haoran Baby, Haoran Baby has already made everything clear about the cause and effect of the matter.

So naturally this group of elders knew exactly what was going on.

There are dozens of elders, and their cultivation strength is very terrifying. Ye Feng can't sense the level of cultivation of these elders at all.

But what is certain is that the cultivation realm of these elders must have reached a very high level, and they are very powerful.

On the way to the galaxy interface, this group of elders stared at Ye Feng next to Baby Haoran, with wonder in their eyes.

They never imagined that Haoran Academy's biggest crisis in hundreds of thousands of years would finally be solved by such a young boy.

It can be seen that this young man is not only very powerful in cultivation and has unlimited potential, but his knowledge and courage are also extraordinary.

At this moment, an elder couldn't help but said: "I wonder what kind of big family this young brother comes from?"

Baby Haoran immediately spoke out: "Brother Ye Feng comes from the Ten Thousand Realms Martial Arts Academy and is a super genius in the Ten Thousand Realms Martial Arts Academy."

\u003e

"All Worlds Martial Arts Academy?"

When the veteran heard what Baby Haoran said, he immediately nodded slightly and said loudly: "The Wanjie Martial Arts Academy is indeed a holy land for cultivating super geniuses, and it is even more powerful than our Haoran Academy."

After the veteran finished speaking, Ye Feng smiled and said: "Haoran Academy has a very rich heritage. After all, I have seen many powerful geniuses in this trial, and they are very powerful."

Hearing what Ye Feng said, a group of elders smiled and nodded, finding that this young man's emotional intelligence was also very high.

At this moment, Ye Feng suddenly said: "We just left Haoran Academy. Will the strong men from the Dark Demon Cult take advantage of the situation and destroy the headquarters of Haoran Academy?"

When a group of elders heard what Ye Feng said, they all laughed and said: "Brother Ye Feng, don't worry, our Haoran Academy is not only guarded by old guys like us, but also guarded by the ancient holy mountain. , the ancient holy mountain is the location of the base camp of our Haoran Academy. This mountain is also the most powerful inherited weapon created by the ancient Confucian scholars. Every dominant force in the origin world has a gate-holding artifact at the level of the Great Perfection Master. , otherwise, the Dark Demon Cult would have come to forcefully attack our Haoran Academy."

Hearing what these seniors from Haoran Academy said, Ye Feng suddenly had a look of surprise in his eyes.

When Ye Feng first arrived at Haoran Academy, he had already discovered that the ancient holy mountain where the headquarters of Haoran Academy was located was very extraordinary.

Unexpectedly, it turned out to be a weapon at the level of the Great Perfection Lord.

It seems that many super big figures were born in the Origin World back then, not just the Great Perfection Lord Hongmeng Ancestor, otherwise it would be impossible to have so many Great Perfection Lord-level weapons passed down.

At this moment, while everyone was talking, they had crossed several interfaces and finally came to the Galaxy interface

.

Under the leadership of Ye Feng and Haoran Baby, everyone quickly arrived at the Galaxy interface where the dean of Haoran Academy was trapped.

Sure enough, the dean of Haoran Academy was still trapped here, surrounded by countless steel chains, surrounding the dean of Haoran Academy.

At this time, Ye Feng did not hesitate and said directly: "Senior, I have successfully completed the task."

At this moment, seeing Ye Feng, Baby Haoran, and a group of dozens of elders of Haoran Academy, the dean of Haoran Academy immediately smiled and said: "I knew you could do it."

At this moment, a group of elders hurriedly walked to the cage and said respectfully: "See the dean."

One of the elders couldn't help but said: "The Hundred-Faced Demon Lord is so abominable. He has been playing tricks on us for so long, and he has always been the dean he pretended to be." .??.

The dean of Haoran Academy nodded slightly and said aloud: "Don't say so much now, rescue me. I have a hunch that Haoran Academy may still be in great danger. I have to go back and take charge quickly. I can't let the Dark Demon Sect The strong men took advantage of the situation and entered. Although the ancient holy mountain is protected, without me as the master, the Dark Demon Cult still has a chance to destroy the foundation of our Haoran Academy."

Hearing what the dean of Haoran Academy said, dozens of elders nodded one after another. Without saying anything more, they began to display their own extremely powerful inheritance, and joined together to begin to destroy this lock. The prison of the dean of Haoran Academy.

Although the cultivation of this group of elders has not yet reached the realm of domination, they are estimated to be infinitely close to domination. They are the most powerful group of beings in Haoran Academy.

Therefore, when they join together, the power they exert should be comparable to that of the Overlord.

Then he cooperated with the dean of Haoran Academy to attack this cage from the inside.

"Click, click..."

With the cooperation from inside and outside, this cage finally appeared on the surface.

There were cracks and began to break apart.

Finally at some point.

Boom!

Along with a terrifying roar, an unparalleled aura suddenly emitted.

The dean of Haoran Academy, a junior master and one of the most powerful beings in the world, finally got out of the trap completely and broke out of the prison.

At this moment, the dean of Haoran Academy immediately looked at Ye Feng and said loudly: "The great creation I promised you will definitely come true. Now you and I will continue to return to Haoran Academy, and I will take you to the ancient holy mountain. , accept the baptism of the ancient holy mountain."

"What??"

Hearing what the dean of Haoran Academy said, the surrounding elders all looked shocked.

Some elders couldn't help but exclaimed: "Master Dean, only the deans of each generation are qualified to receive the baptism of the ancient holy mountain. Although little brother Ye Feng has helped our Haoran Academy a lot this time, He is busy, but he is an outsider after all, and..."

When he said this, the dean of Haoran Academy immediately said: "Stop talking, I have made up my mind. This time Ye Feng helped our Haoran Academy solve such a big life and death crisis, and almost saved everyone in our Haoran Academy." Man, he is already qualified to be baptized by the ancient holy mountain. Even if the ancestors find out, they probably won't blame me, but will think it's reasonable."

After hearing what the dean of Haoran Academy said, all the elders fell silent and said nothing more.

At this moment, Baby Haoran's eyes widened, and he grabbed Ye Feng's sleeve with his little hands, and said excitedly: "Brother Ye Feng, you have made a lot of money! Ancient Holy Mountain Even I am not qualified to enjoy the baptism. Only my father received a baptism when he first became the dean. It can definitely transform a person. Even a pig was baptized by the ancient holy mountain of our Haoran Academy. You can also ascend on the spot and become a divine beast! Of course, this is just an exaggeration, but baptism in the Holy Mountain is really the greatest blessing of our Haoran Academy. My father is so good to you!"

Chapter 3725 For the sake of all people in the world

On the way back from the galaxy interface to the headquarters of Haoran Academy in the great world of origin, a group of elders felt very strange about the decision of the dean of Haoran Academy.

Because although Ye Feng helped their Haoran Academy solve a huge crisis, Ye Feng is still an outsider after all.

And even if Ye Feng is a disciple of Haoran Academy, if he wants to be baptized by the ancient holy mountain, according to regulations, he must become the next generation dean of Haoran Academy to have this qualification.

Therefore, this group of elders did not understand the decision of the dean of Haoran Academy.

Because in their hearts, if the dean of Haoran Academy wants to give Ye Feng a great blessing in return, there are actually many ways, such as helping Ye Feng gain power, or directly giving Ye Feng huge wealth, or giving him Very high-end weapons, or extremely powerful inheritance, are all possible.

However, many elders did not expect that the dean of Haoran Academy would directly baptize Ye Feng from the most special and precious ancient holy mountain of Haoran Academy.

This is really incredible.

At this moment, although a group of elders did not understand, they did not dare to say anything more.

Because the dean of Haoran Academy has already decided so, it should not change.

The will of the Lord cannot be doubted.

At this moment, Ye Feng himself was actually quite surprised.

I never expected that something as sacred as baptism in the ancient holy mountain would happen to me.

On the way, according to what Haoran Baby said, in hundreds of thousands of years, there has never been an exception to allow an outsider, or a successor who is not the dean of Haoran Academy, to perform the baptism on the Holy Mountain.

From this, we can see how precious this great blessing that the dean of Haoran Academy gave him this time is.

This made Ye Feng feel quite grateful. At the same time, he also felt that the decision of the dean of Haoran Academy this time was a bit strange.

After all, this great creation is so grand and precious that even Ye Feng himself feels that it is not worth doing.

But Ye Feng naturally would not refuse.

After all, this is an opportunity that comes to your door, so naturally you can't miss it.

On the way, Baby Haoran was very envious and couldn't help but said: "Brother Ye Feng, I am so envious of you."

When Ye Feng heard what Baby Haoran said, he just smiled and said, "This is your father's decision. I can't object even if I want to."

When Baby Haoran heard what Ye Feng said, he immediately said aggrievedly: "I don't know when I will be able to grow up, inherit the position of father's dean, and then be baptized by the Holy Mountain."

Hearing Haoran's baby's murmur, Ye Feng suddenly

He just smiled dumbly. As expected, Baby Haoran was still a child and said everything directly without any scheming at all.

At this moment, the dean of Haoran Academy has returned to Haoran Academy with a group of people.

To everyone's relief, after the Hundred-Faced Demon Lord was destroyed, there was indeed no other crisis in Haoran Academy.

Now that the junior master, the dean of Haoran Academy, is back, everyone is even more relieved.

At this time, the dean of Haoran Academy looked at Ye Feng and said, "Follow me, and I will take you to the deep area of the ancient holy mountain."

Hearing what the dean of Haoran Academy said, Ye Feng immediately nodded and followed behind the dean of Haoran Academy.

"Dad, I want to take a look too."

Baby Haoran suddenly said: "Even if I am not qualified to be baptized by the Holy Mountain, I will stand by and take a look at the head office."

Baby Haoran was also shouting to follow him at this time.

However, the dean of Haoran Academy, who had always doted on Baby Haoran, looked very serious this time and said loudly: "Baby, although I dote on you, there are some rules that you

cannot violate. Until you become the dean of Haoran Academy, Previously, you were not allowed to enter the deep area of the ancient holy mountain of Haoran Academy."

After finishing speaking, Baby Haoran could only nod aggrievedly, glanced at Ye Feng, and said aloud: "Brother Ye Feng, when you are baptized by the Holy Mountain, you must share the whole process with me. I'm so curious. "

Ye Feng smiled and touched baby Haoran's big head and said loudly: "Don't worry, I will definitely share it with you carefully."

After saying that, Ye Feng directly followed the dean of Haoran Academy and flew quickly towards the depths of the ancient holy mountain.

At this moment, looking at the two people's retreating figures, the group of elders present couldn't help but shake their heads, and could only sigh that the dean was too partial to this little brother Ye Feng.

At this time, the dean of Haoran Academy and Ye Feng had arrived at the deep area of the ancient holy mountain.

Deep in the ancient holy mountain, there is an extremely ancient staircase.

At the end of the stairs, there is a huge ancient square.

In the mid-air of this square, there is a huge eye suspended, which looks very magical and emits a dazzling white light.

At this time, the dean of Haoran Academy smiled and said: "That eye, called the Eye of Saints, is the symbol of the entire ancient world.

The core of the Holy Mountain. To accept the baptism of the Holy Mountain is to accept the baptism of this Eye of Saints. This Eye of Saints is the most precious thing honed by countless ancestors of our Haoran Academy. It can make a person Reborn is of great benefit to Ye Feng. If you are an ordinary genius, you may not be able to withstand the baptism of the Holy Mountain or the power of countless ancient saints in the eyes of saints. But Ye Feng, you should be able to do it. You are the most powerful person in the world. The powerful Hongmeng bloodline is also the Hongmeng immortal body. "

After saying that, Ye Feng suddenly understood why the dean of Haoran Academy made an exception and allowed himself to be baptized by the Holy Mountain.

Perhaps he wanted to transform his Hongmeng bloodline and Hongmeng immortal body, so that he could become stronger and more advanced.

And the reason why he did this may also be because he possesses the most powerful Hongmeng bloodline in the world.

At this moment, when Ye Feng was thinking secretly in his heart, the dean of Haoran Academy suddenly looked at Ye Feng beside him, smiled and said: "You may feel very strange like other elders. You must be wondering, I can give you any other opportunity, and it will definitely satisfy you, but why do I have to let you accept the baptism of the most special ancient holy mountain in our Haoran Academy?"

Ye Feng nodded slightly and said aloud: "I am indeed quite confused in my heart."

The dean of Haoran Academy nodded slightly, and then suddenly sighed.

The most powerful master-level creature in the world had a look of exhaustion on his invincible face at this moment, and he slowly said: "The power of the Dark Demon Cult is really too huge. Yes, the Dark Yuan Zun is too terrifying. The Dark Yuan Zun seems to be about to touch the most powerful realm of the Great Perfection. The entire world of origin is in crisis. After all, we have no ability to fight against the Dark Yuan Zun, but I learned from Ye Feng I see hope in you. I want you, Ye Feng, to grow up as quickly as possible and let your Hongmeng bloodline transform as soon as possible, because you inherit the most powerful talent in the entire world of origin and all the worlds, the ancestor of Hongmeng. I want you to accept the baptism of the Holy Mountain to help your most important thing, your Hongmeng bloodline, grow rapidly."

Hearing what the dean of Haoran Academy said, Ye Feng suddenly had a look of surprise in his eyes.

He finally understood why the dean of Haoran Academy insisted on letting himself be baptized in the Holy Mountain.

It turns out that it is to allow myself to transform quickly, become more powerful, and develop and grow in the direction of Hongmeng Ancestor, so that I can fight against the Dark Yuan Zun.

At this moment, it is obvious that in the heart of the dean of Haoran Academy, Ye Feng has become the most powerful person to fight against the Dark Demon Cult and the Dark Yuan Zun.

key factors.

At this time, Ye Feng couldn't help but said: "Thank you, senior, for your concern. I will definitely work harder."

The dean of Haoran Academy nodded slightly, then looked at Ye Feng, smiled and said: "But don't put too much pressure on you. Currently, there are still a group of junior masters and intermediate masters from our major overlord forces. For the time being, If you can withstand the pressure of the dark demon sect, you still have time to grow, and I will not reveal your existence. I am the only one in the world who knows for the time being. The Ye family still has a descendant who has awakened the blood of the most powerful Hongmeng. Maybe Among the members of the Ye family, there is no one who has awakened the purest Hongmeng immortal body like you. For countless years, the Ye family has not seen a Hongmeng immortal body. Not all Hongmeng bloodline can. Awakening the most powerful Hongmeng Immortal Body is a physique exclusive to Hongmeng Ancestor. But Ye Feng, you have awakened. I will keep this matter a secret for you so that you can grow and develop with peace of mind. If there is any If you have any crisis or problem, you can come to me for help at any time."

Ye Feng immediately clasped his fists in gratitude and said, "Thank you, senior."

The dean of Haoran Academy waved his hand and said loudly: "I help you, not for you, but for the common people in the world. You don't need to be grateful to me. I don't deserve your gratitude. In a sense, I just You use it as a tool to fight against the Dark Yuan Zun."

When Ye Feng heard what the dean of Haoran Academy said, he was immediately in awe.

The dean of Haoran Academy really didn't lie at all, nor did he make any hypocritical words to repay him or anything, but directly spoke his true heart.

This is very rare.

Ye Feng became even more solemn, and immediately said aloud: "No matter what, I will definitely remember the training that senior dean gave me, and similarly, senior dean and I have the same idea. The reason why I The hard training and hard struggle are also to fight against the Dark Demon Cult and the Dark Yuan Zun. Dean, it is for the common people in the world, and I am for my friends and family. The ultimate goal is to fight against the terror of the Dark Yuan Zun. The presence."

When the dean of Haoran Academy heard what Ye Feng said, he immediately smiled and said: "It turns out that in your heart, you have long regarded the Dark Yuan Zun as your goal. Very good, you can bear such a huge The pressure and steady practice show that your endurance is very good. It seems that you will have no problem accepting the baptism of the Holy Mountain. You will definitely be able to withstand the terrifying power and test of the Holy Mountain baptism. "

After finishing speaking, the dean of Haoran Academy looked directly at the Eyes of Saints floating in mid-air and said: "Ye Feng, you go directly to the Eyes of Saints, and I will start the holy mountain baptism for you. "

Chapter 3726 Fifth Floor

After the dean of Haoran Academy finished speaking, Ye Feng immediately nodded, then took a deep breath and walked directly to the long stairs.

Following the stairs, Ye Feng finally arrived at the ancient square and stood in front of the Eyes of the Saints.

Buzz!

The Eyes of Saints emit bright white light, giving people a very sacred feeling. ??

According to the dean of Haoran Academy, this Eye of Saints was jointly created by countless ancient Confucian saints from Haoran Academy and is the core of the entire ancient holy mountain.

So at this time, Ye Feng could indeed feel that the Eye of the Saints in front of him contained an extremely terrifying ancient aura, a very supreme feeling.

The dean of Haoran Academy spoke out at this time: "After starting the baptism of the Holy Mountain, Ye Feng, you must carefully protect your spiritual soul."

Ye Feng nodded, took a deep breath, and said, "Senior, I'm ready."

"good."

The dean of Haoran Academy nodded immediately, and then took out an ancient token directly from his storage ring.

At this moment, the dean was in awe, holding up the ancient token with both hands, and said slowly: "We respectfully welcome the will of the ancient saint, Confucianism, and start the baptism of the Holy Mountain."

"boom!!"

Almost at the moment when the dean of Haoran Academy finished speaking, a very bright white divine light burst out from the token in his hand.

Then this white divine light was directly injected into the Eyes of the Saints in the middle of the square.

Buzz!

Almost at this moment, a bright river of energy burst out from the Eyes of the Saints.

This long river of energy suddenly impacted Ye Feng's body.

"Boom!"

At this time, when this bright river of energy hit Ye Feng, Ye Feng immediately felt as if his whole spirit and soul had been hit hard.

If it weren't for Ye Feng's huge soul power, Ye Feng would probably feel like he was about to lose his soul at this moment.

At this moment, after Ye Feng withstood this terrifying impact, he found that he was already in a long and bright river.

In this area at the end of the energy river, there are actually tall figures reaching into the sky.

These figures should all be the shadows of the will of ancient saints, and they look very sacred and supreme.

Ye Feng is in this long river of energy at this moment. He only feels that he is walking in the rolling river of history, seeing the vicissitudes of the ages and seeing the ancient saints.

People create a prosperous age in the world.

At this moment, Ye Feng had a huge feeling in his heart.

In addition, Ye Feng discovered that his entire body, after being baptized by this bright river of energy, could feel that his Hongmeng bloodline and Hongmeng immortal body were undergoing huge transformations.

At this moment, an inexplicable mysterious power surged out from this baptismal energy river and quickly integrated into Ye Feng's body.

Ye Feng could feel at this moment that his physique and bloodline were undergoing rapid and continuous transformation.

The Hongmeng Immortal Body is currently at the late stage of the fourth level, but now it is growing rapidly.

And the speed of this growth is very fast.

"boom!"

The fourth level is complete!

"boom!"

The fourth level of Dzogchen!

"boom!"

Early stage of fifth level!

Buzz! !

At this moment, the power of Ye Feng's body has undergone earth-shaking changes and has been improved unparalleledly.

You must know that every improvement of Ye Feng Hongmeng's immortal body is a qualitative change, which can increase Ye Feng's combat power unparalleled.

This time, after Ye Feng was baptized by the entire ancient holy mountain, he actually allowed his Hongmeng Immortal Body to jump directly to a new level.

This made Ye Feng's eyes show deep shock.

Even if Ye Feng had expected it before, this baptism in the ancient holy mountain would definitely bring him huge benefits.

But Ye Feng never thought that the mysterious energy contained in the baptism of the Holy Mountain could cause his Hongmeng Immortal Body to undergo such a huge transformation, directly stepping into a new level of the fifth level.

At this time, Ye Feng clenched his fists and could feel the terrifying surging energy flowing through his entire body, roaring and roaring in his body like a furious dragon.

It made Ye Feng feel that he could smash the whole sky and earth with just one hand.

At this moment, Ye Feng's eyes immediately showed deep joy. This time, he really got a huge improvement.

You know, Ye Feng's most powerful method is indeed the Hongmeng Immortal Body.

This is the powerful trump card that Ye Feng is most proud of at present, and it is also the core of Ye Feng's martial arts practice.

Therefore, it is of great significance for Ye Feng that the Hongmeng Immortal Body can receive such a huge improvement this time, directly raising Ye Feng's combat effectiveness to a very terrifying level.

Although Ye Feng's cultivation level has not been improved at all this time, the Hongmeng Immortal Body has improved so much at once, making Ye Feng's true combat power at this moment many times more powerful than before. It is estimated to be thousands of times. An increase of tens of thousands of times.

Buzz!

At this time, Ye Feng opened his eyes, and there was a terrifying aura flowing all over his body.

With that kind of momentum, he vaguely felt like the ancestor of Hongmeng.

"Not bad."

At this time, the dean of Haoran Academy, who was standing not far away, immediately couldn't help but clapped his hands and said loudly: "It is indeed the legendary Hongmeng Immortal Body. The ancient holy mountain has accumulated energy for hundreds of years. You have broken through the third level, and you are worthy of being the most powerful top-level bloodline and top-level physique in all the worlds and the world of origin."

Hearing what the dean of Haoran Academy said, Ye Feng immediately flew down. He couldn't help but clasped his fists and said, "Thank you, dean, for your kindness. No matter what, I will definitely keep this kindness in my heart." "

The dean of Haoran Academy smiled and said: "This is also the greatest help I can give you. It takes hundreds of years of accumulation in the ancient holy mountain to initiate a holy mountain baptism, so it is very special. Many strong men of the older generation have I don't agree with what I'm doing, but I think it's worth it. It can help you reach a higher level, reach the peak of your cultivation strength as soon as possible, and save the entire world of origin and all the worlds."

Ye Feng immediately nodded and said: "Senior, don't worry, as long as I can break through to the final powerful level, I will definitely compete with Dark Yuan Zun."

The dean of Haoran Academy immediately said: "Practice well, and the future will be your world."

After saying that, the dean of Haoran Academy took Ye Feng and left here directly.

On the way back, Ye Feng could feel that after his Hongmeng Immortal Body entered the early stage of the fifth level, a brand new bloodline talent ability began to slowly awaken.

However, there has not yet been a complete rise.

Ye Feng still needs some time to accumulate.

Ye Feng is looking forward to this very much.

Because every time Ye Feng achieved a breakthrough in the Hongmeng Immortal Body, the awakened bloodline talent was very powerful and miraculous, and could bring great help to Ye Feng.

At this moment, Ye Feng followed the dean of Haoran Academy back to the

Outside, Baby Haoran was waiting anxiously.

After seeing them come out, Baby Haoran immediately flew to Ye Feng out of curiosity and said anxiously: "Brother Ye Feng, have you been baptized by the Holy Mountain?"

Ye Feng nodded slightly, said with a smile: "It has been baptized."

"Wow!"

When Baby Haoran heard what Ye Feng said, his eyes widened immediately, and then he said excitedly: "Hurry up and share all your experiences with me."

Ye Feng immediately smiled and nodded, and started chatting with Baby Haoran.

The dean of Haoran Academy saw this scene and showed a happy smile on his face.

He was very happy that his baby could get to know such a genius as Ye Feng.

This will also be of great help to Haoran's baby's future.

In fact, the reason why the dean of Haoran Academy did his best to help Ye Feng grow up was that besides wanting to cultivate the second Hongmeng Ancestor to fight against the Dark Yuan Zun, there was also a deeper reason.

That is, he is trying his best to do something for Ye Feng now. If baby Haoran encounters any crisis in the future, Ye Feng can also help baby Haoran.

For the dean of Haoran Academy, apart from all the people in the world, his only son is also his heartthrob, whom he loves very much and is also very worried about.

After all, no one can say whether the Dark Demon Cult and Dark Yuan Zun will be able to disrupt the entire world in the future.

Perhaps Ye Feng hasn't grown up yet, but Dark Yuan Zun has already broken through to the level of the Great Perfection Master.

By that time, the entire universe, and even the countless super sects and super forces in the world of origin, will be unable to fight against the Dark Yuan Lord.

At that time, the world was in chaos, and as the dean of Haoran Academy, he might also fall into that kind of turmoil.

Therefore, at this time, the dean of Haoran Academy was paving the way for his son, Baby Haoran.

Because the dean of Haoran Academy knows that even if Ye Feng cannot become the second Hongmeng ancestor, Ye Feng's future cultivation level is still very impressive, and he can definitely become an earth-shattering super power.

After all, Ye Feng possesses the strongest bloodline in the world, the Hongmeng bloodline.

Even if there is no way to cultivate to become a Dzogchen Master, as long as you practice step by step, it is still very possible to eventually become an intermediate master or a high-level master.

Therefore, the dean of Haoran Academy naturally wanted to find a strong backer for his son, Baby Haoran, in the future.

Chapter 3727 Luck

After Ye Feng chatted with Baby Haoran for a while, he directly chose to leave Haoran Academy.

Because Ye Feng calculated the time and it was time for him to return to the Wanjie Martial Arts Academy.

Otherwise, if you do not return to the Ten Thousand Realms Martial Arts Academy for a long time, you may be regarded as a fallen disciple by the Ten Thousand Realms Martial Arts Academy. Then you will have to apply for an identity token again, which is really troublesome.

And now the biggest crisis in Haoran Academy has been completely resolved.

In addition, Ye Feng also received the greatest opportunity of baptism in the Holy Mountain from Haoran Academy. The Hongmeng Immortal Body was greatly improved, which made Ye Feng very satisfied.

Before leaving, Baby Haoran seemed a little reluctant, but he still waved his little hand and said loudly: "Brother Ye Feng, if you have time in the future, you must come to Haoran Academy to play with me, or wait until I have time. I will also go to the Wanjie Martial Arts Academy to find Brother Ye Feng. Dad just told me that I will practice in seclusion for a period of time to improve my strength. I don't know what it means when you say that the world will be in chaos. Brother Ye Feng, you must also work hard to improve your strength."

When Ye Feng heard what Baby Haoran said, his eyes flashed slightly.

The dean of Haoran Academy, a being of such a dominant level, said that the world is in chaos, worried about the future of baby Haoran, and asked baby Haoran to seclusion and practice, which shows that the dean of Haoran Academy still insists on fighting against the Dark Demon Cult and Dark Yuan Zun in the future. Have a pessimistic attitude.

Ye Feng didn't say much at this moment, he just smiled and said: "Okay, let's work hard to practice together, improve our cultivation, and strive to see all the worlds in the future."

"Okay, okay!"

Baby Haoran immediately clapped his hands happily.

Uh-huh!

At this time, Ye Feng jumped up, left Haoran Academy, and flew quickly in the direction of Wanjie Martial Arts Academy.

On the way, Ye Feng was not in a hurry this time. He could appreciate the great world formed by the fusion of the top realms of the Great World of Origin.

world complex.

Ye Feng saw mountains, rivers and seas, countless primitive jungles, the endless sea, the Silver Waterfall hanging upside down for nine days, the vast desert Gobi, countless rare and exotic beasts, and many vicious forbidden lands.

However, Ye Feng didn't stay too long, he just observed and left.

Because Ye Feng knows that although his current strength has been greatly improved, compared with the top powerhouses in the Origin World, he is still not that powerful, so he should not cause trouble easily.

Ye Feng's speed was very fast. In less than half a month, he had arrived at his destination, where the Wanjie Martial Arts Academy was located.

Seeing the familiar gate of the college in the distance, Ye Feng suddenly felt like he was going home.

Perhaps the first time Ye Feng came to the dark world was when he entered the Ten Thousand Realms Martial Arts Academy, so in Ye Feng's heart, the Ten Thousand Realms Martial Arts Academy is still like home.

After Ye Feng entered the Wanjie Martial Arts Academy, he returned directly to his student dormitory.

In the student dormitory, Ye Feng did not find Senior Sister Bai Ling as his roommate.

Ye Feng thought in his mind that Senior Sister Bai Ling would probably go out to do a mission again.

After all, in the Wanjie Martial Arts Academy, many students are addicted to doing various tasks to earn wealth and thus achieve huge growth.

Ye Feng didn't think much about it, after resting well in the dormitory for several days.

That night, Ye Feng suddenly discovered that he had an immortal body. After entering the fifth level, the bloodline talent he had awakened slowly appeared.

Buzz!

At this time, in the slightly dim student dormitory,

In the middle, a huge crown slowly condensed on top of Ye Feng's head.

Buzz!

Then a mysterious message was immediately transmitted into Ye Feng's mind.

Almost at the next moment, Ye Feng understood immediately.

This condensed crown is the bloodline talent that was awakened after his Hongmeng Immortal Body entered the fifth level. It is called the Crown of Luck, and it requires immense mental power to maintain.

As long as Ye Feng consumes his own mental power and condenses this luck crown, during the period of time when this luck crown is worn on Ye Feng's head, Ye Feng will secretly have huge luck, and he can do anything. Everyone will be very lucky.

After Ye Feng got this information, his eyes immediately widened slightly.

He never thought that after his Hongmeng Immortal Body stepped into the fifth level, the bloodline talent awakened would be such a magical thing.

He can actually change his luck, make his luck become very strong, and he will have good luck in everything he does.

This is completely different from ordinary talents.

This is a very special and strange talent.

It turned out to be related to the illusory luck.

It's really magical!

Ye Feng had to sigh that the talents awakened at each level of his Hongmeng Immortal Body were indeed very magical and had special effects.

Buzz!

Ye Feng immediately took back the Luck Crown at this time.

Because even if he only maintains the Luck Crown for a short time, Ye Feng can feel that his mental power has been greatly consumed.

Therefore, it is quite difficult for Ye Feng to maintain the appearance of the Luck Crown.

However, Ye Feng's current soul power is after all

Entered level 6 million.

If the soul power is strong, the mental power will naturally become stronger accordingly.

Therefore, Ye Feng's mental strength is also very good, and he should be able to maintain the appearance of the Luck Crown for several hours.

And as the soul power becomes stronger and stronger, the mental power will also increase accordingly, and the time when the luck crown will be maintained will be longer and longer.

Ye Feng is still very satisfied with this luck crown.

After all, I feel that this illusory ability to improve luck is likely to be more useful than a substantive weapon like the God Armor that was awakened on the fourth level.

Especially at some critical moments.

For example, if you encounter some dangerous places during trials in some inheritance secret realms, and Ye Feng releases the Luck Crown and wears it on his head, it is very likely that the danger will be turned into good luck.

At this moment, Ye Feng was very satisfied with the bloodline talent awakened on the fifth level of the Hongmeng Immortal Body.

Then, after Ye Feng rested for a few days in his college dormitory, he walked out of his student dormitory and flew quickly towards the central hall of Wanjie Martial Arts Academy.

This time, for the tasks completed by Ye Feng and Senior Brother Gu, they can receive some reward points in the central hall of the Wanjie Martial Arts Academy.

These reward points can be used as currency anywhere in the Wanjie Martial Arts Academy.

This is the rule set by the Dean of Tianshu of the Wanjie Martial Arts Academy.

The purpose is to encourage the super geniuses in the Wanjie Martial Arts Academy to do more tasks for the Wanjie Chamber of Commerce.

Then the wealth of the All Worlds Chamber of Commerce will flow back to the All Worlds Martial Arts Academy through the tasks performed by the super geniuses, thus forming a virtuous cycle.

This will make the Wanjie Chamber of Commerce and Wanjie Martial Arts Academy more and more closely connected, and eventually become an inseparable whole.

Chapter 3728 Still the same as when we first met

Half an hour later, when Ye Feng came to the central hall, he immediately took out the voucher for his mission.

In the hands of the elders of the central hall, Ye Feng received a full 100,000 reward points.

Regarding this, Ye Feng's eyes were still a little surprised.

Unexpectedly, this time for an ordinary mission, I could get a full 100,000 reward points.

A full 100,000 reward points should be able to be exchanged for good things in some inheritance halls or weapon halls of the Wanjie Martial Arts Academy.

"No wonder so many talented students are so obsessed with doing tasks. They are either doing tasks or on the way to do tasks every day."

Ye Feng couldn't help but sigh at this time.

Because if a student completes tasks, not only can he receive generous rewards from his employer, but after returning to the All Worlds Martial Arts Academy, he can also receive so many reward points from the central hall. In the All Worlds Martial Arts Academy, he can exchange them for various points. A kind of inheritance that enhances strength, or weapons, or elixirs, etc.

In this way, every time students complete a task, they will receive double rewards. Naturally, many students will work tirelessly to complete the task.

Because the reward for doing the task is double.

This is much more profitable than going on adventures on their own to find opportunities and fortune.

And in the process of doing tasks, you may also find various opportunities and good fortune.

At this moment, Ye Feng decided that he would also complete some tasks independently. Maybe during the task, he would be able to find good opportunities.

Moreover, after completing the task, you can also receive dual rewards from the employer and the college.

At this moment, Ye Feng was thinking not to waste time, but to hurry up and pick up the mission.

But before accepting the mission, Ye Feng naturally wanted to spend the 100,000 reward points he had just received, not to waste any opportunity to improve his strength.

After all, what Ye Feng lacks most now is his cultivation level.

Perhaps within the same age group, Ye Feng's cultivation level is pretty good.

.

But Ye Feng's current goal is to fight against the behemoth of the Dark Demon Cult, and to fight against top figures like Dark Yuan Zun.

Therefore, Ye Feng naturally has high requirements and standards for his own practice. He cannot lie down or practice slowly.

So Ye Feng took the 100,000 reward points at this moment and headed directly to the Pill Hall without any hesitation.

Because Ye Feng now wants to improve his cultivation as soon as possible, he naturally wants to get high-level pills to swallow to improve his cultivation skills.

After all, for Ye Feng, who has the ability to swallow and a special physique, the hidden dangers of ordinary geniuses swallowing pills to improve their cultivation do not exist at all.

As the old saying goes, medicine is divided into three parts poison.

However, Ye Feng's phagocytosis ability allows Ye Feng to directly absorb the medicinal energy in the elixir and filter out the toxicity in the elixir.

And even if the toxicity in the elixir is not filtered out, Ye Feng's Hongmeng physique, which is the best in the world, can easily digest those toxins without any future troubles.

Next, Ye Feng left the central hall and went to the Pill Hall, hoping that this time he could use 100,000 reward points to exchange for some high-level pills that would improve his power and cultivation.

What surprised Ye Feng was that he met an old acquaintance on the way to the Pill Hall.

That turned out to be Luo Li, the eldest lady of the Luoshen family whom Ye Feng protected during his last mission with Senior Brother Gu and the others.

Before, Luo Li was the eldest daughter of a small family from the Ordinary Ten Thousand Realms Chamber of Commerce. She was very ordinary. She probably had nothing to do with a super genius from the Ten Thousand Realms Martial Arts Academy like Ye Feng.

But at the end of that mission, Luo Li received the inheritance from Luo Shen, the first generation ancestor of the ancient Luo Shen family.

And his physique has also changed into the ancient Luo Shen body, which is the most powerful in the world.

One of several constitutions.

Therefore, Luo Li, the eldest lady of a small family, suddenly became a very powerful super genius.

Now Luo Li can naturally enter the Ten Thousand Realms Martial Arts Academy, and even become the proud daughter of the Ten Thousand Realms Martial Arts Academy. She may have been accepted as a direct disciple by some super big shots of the Ten Thousand Realms Martial Arts Academy.

Therefore, it was no surprise for Ye Feng to meet Luo Li, because Luo Li can now be said to be the proud daughter of the Ten Thousand Realms Martial Arts Academy. After all, she possesses the ancient Luo Shen body and has also obtained the Luo Shen ancient scroll.

However, Ye Feng and Luo Li have a very good relationship.

After all, when Luo Li was the humblest and weakest, Ye Feng had always been very friendly towards Luo Li and did not look down on her just because she was the eldest lady of a small family.

Therefore, Luo Li had always been very grateful to Ye Feng, grateful that Ye Feng could respect her, a humble heir of a small family.

Because only when a person is at his most depressed can he see the true nature of others towards you. .??.

"Master Ye Feng!"

At this time, Luo Li also saw Ye Feng.

That cold and beautiful face immediately revealed a very surprised smile.

Luo Li's beautiful figure quickly flew to Ye Feng and couldn't help but said happily: "Master Ye Feng, we meet again. The Ten Thousand Realms Martial Arts Academy is too big. I will enter the Ten Thousand Realms Martial Arts Academy." , I have been searching hard for Mr. Ye Feng, but I have never found it. "

When Ye Feng heard what Luo Li said, he knew that the other party had not changed his attitude towards him.

You know, Ye Feng's current identity is just an ordinary student of the Wanjie Martial Arts Academy.

Although Luo Li has become the top genius in the Wanjie Martial Arts Academy, she should have seen the top geniuses in various academies and all kinds of glory.

But Luo Li is still so close to him.

Now that the two meet, they still feel like they first met

Generally speaking, this is very rare.

Ye Feng smiled slightly at this and said aloud: "I have some special things to do outside during this period, and now they have been completed, so I am back."

As for solving the crisis of a super overlord like Haoran Academy, maybe someone else has done it and will brag about it for a lifetime.

But Ye Feng just said it lightly.

At this moment, Luo Li nodded immediately, and then stared at Ye Feng with a pair of beautiful eyes, as if she had met her close partner.

At this time, behind Luo Li stood a group of top geniuses with extremely powerful cultivation bases.

They are all core figures in the Wanjie Martial Arts Academy.

Because only those with extremely powerful talents can be in a group with them.

Luo Li is now the ancient Luo Shen body, so he is naturally the core figure in this group.

But at this time, there were many male disciples among this group of top geniuses, with deep gloomy looks in their eyes.

Because Luo Li, who ignored top geniuses like them, was actually so close to the iceberg goddess-level figure in the distance, who seemed to be an ordinary boy in white. This made a group of top geniuses feel that There was a hint of gloominess in his eyes.

They seemed to be confused as to why they had been trying for so long to get close to Luo Li, but Luo Li ignored them.

But now Luo Li is so eager and intimate with an ordinary boy.

Behind him, a top genius with a very stern face couldn't help but whisper to his friends around him: "I guess this boy is a friend that Fairy Luo Li made when she was still weak, that's why we are so close. We are all top experts, and direct pressure and influence are not good. After Luo Li and this boy are separated, we will secretly teach this boy a lesson, keep him away from Fairy Luo Li, and let this boy know that today's Fairy Luo Li It's no longer something that an ordinary kid like this can achieve."

Chapter 3729 Ordinary Students

Luo Li was obviously very happy to see Ye Feng again.

Because Luo Li suddenly remembered their previous experience when doing tasks.

At that time, Luo Li was not the proud daughter of heaven as she is today, but a low-status eldest lady from a small family.

But Ye Feng is different from other disciples of Wanjie Martial Arts Academy.

Ye Feng has always treated her with a very equal attitude and does not regard her as a humble existence.

So now that Luo Li saw Ye Feng again, she was naturally very happy and very surprised.

Because Luo Li felt that among the Wanjie Martial Arts Academy, the only one she trusted was Ye Feng.

Although the top geniuses in the academy behind them now seem to be very enthusiastic about Luo Li and simply obey her words.

But Luo Li knew that it was because he had awakened the ancient Luo Shen body and was very beautiful, which made these top geniuses so enthusiastic.

Luo Li knew very well that if she were still the eldest lady of a small family who had nothing but beauty, it is estimated that these young geniuses would not treat her like such a star, and would at best regard her as a toy. .

So at this time, Luo Li and Ye Feng had a good chat.

In the end, the two exchanged contact information through identity tokens.

Ye Feng immediately said: "Looking forward to our next meeting."

Luo Li nodded vigorously, smiled sweetly, and said loudly: "Now I am a direct disciple of the Wanjie Martial Arts Academy. When the time comes, Ye Feng, you come to my residence to find me, and I will take you to our direct disciple. If you can enter the small world to practice, Master Ye Feng, your cultivation speed will become very fast. It is really magical there. "

Ye Feng immediately smiled and nodded, and said loudly: "Okay, if there is any

If I have time, I will definitely come to you. "

After saying that, Luo Li said goodbye to Ye Feng with some reluctance.

After all, they all have their own things to do, and they can't stay together like this.

And just after everyone left, Ye Feng took the 100,000 reward points in his hand and continued to fly quickly in the direction of the Pill Hall.

However, not long after Ye Feng left the crowd and before he arrived at the Pill Hall, several young men with unkind expressions suddenly appeared in front of him.

The cultivation aura of these young men is very powerful, and they are definitely the first-class masters in their age group.

Ye Feng immediately recognized that these young men were the top geniuses among the group who stood behind Luo Li before.

At this moment, Ye Feng stared at these top geniuses with a hint of doubt in his eyes, and asked aloud: "Brothers, you suddenly blocked my way. Is there anything wrong?"

Hearing what Ye Feng said, these top geniuses immediately smiled lightly, stared at Ye Feng in a condescending manner, and said loudly: "Boy, we are here to warn you not to contact Fairy Luo Li again in the future. She is not something that a humble ordinary student like you can achieve. Perhaps the relationship between you was very close before, but now Fairy Luo Li has become a direct disciple of our Ten Thousand Realms Martial Arts Academy. Our group is very noble and very It's special and not something ordinary students like you can achieve. I hope you recognize the reality."

Another top genius also spoke up: "And some of our senior brothers are very angry that Fairy Luo Li is so close to you, so don't make yourself angry again, and stay away from us."

Fairy Li Luoli, otherwise you will not be able to bear the consequences. "

Hearing what these top geniuses said, Ye Feng suddenly realized why these top geniuses sneaked out alone to stop him.

It seemed that it was just to warn himself to stay away from Luo Li.

At this moment, Ye Feng was already used to this kind of provocation.

Ye Feng just smiled faintly and said, "It's not your turn to tell me what I do."

Uh-huh!

After saying that, Ye Feng flew directly in the direction of the Pill Hall.

When those top geniuses saw that Ye Feng was ignoring them so much, they immediately showed angry expressions on their faces. They jumped up and said angrily: "Damn you humble brat, we are a group of direct disciples. We are noble existences. You dare to say such shameless words to us, so rude, then don't blame us, you must teach your kid a lesson, otherwise you don't know what awe is."

boom! boom! boom!

After saying that, these top disciples immediately grabbed Ye Feng from behind, wanting to catch Ye Feng back and teach him a lesson.

"Get away!"

But at this moment, Ye Feng shouted loudly and almost didn't look back. He just casually waved his fist and hit it in the back.

"Boom!!"

Suddenly, a terrifying and boundless power, like a vast ocean, burst out from Ye Feng's fist, directly blowing away all the top disciples.

"puff!"

"puff!"

"puff!"

These top geniuses suddenly sprayed out high in the sky.

There was a mouthful of blood, and then he fell to the ground hard, with a bruised nose and a swollen face.

At this time, their eyes were full of deep horror.

At that moment, the terrifying power erupted from Ye Feng's fist was beyond their ability to resist. It was simply terrifying to the extreme.

At this moment, these top geniuses looked not far away and found that Ye Feng's back had disappeared from their sight.

"The power of that punch just now was so terrifying!"

These top geniuses felt extremely painful.

Ye Feng's fist just now almost killed them.

These top geniuses immediately looked at each other, with deep horror revealed in each other's eyes.

They have never seen such a powerful ordinary student.

Is this boy in white really just an ordinary student in their Ten Thousand Realms Martial Arts Academy?

How come the strength is so terrifying?

At this moment, a top genius warrior covered his bruised and swollen face and asked, "Everyone, what should we do now?"

Several other top geniuses showed deep fear in their eyes, and said loudly: "This young man in white is very mysterious. He has such terrifying cultivation. It is definitely beyond our imagination. He is not an ordinary student at all. We can no longer make the decision on this matter, so we should report it to the other senior brothers and let them think about what to do."

"good."

"That's it."

"Whoever says that Ye Feng is an ordinary student in the future, I will fight against!"

At this moment, these top geniuses all rolled away from the scene, as if they were afraid that Ye Feng would suddenly come back to beat them.

Chapter 3730 Elder Dan

At this time, after Ye Feng taught these top geniuses a lesson, he went directly to the Pill Hall.

Ye Feng did not kill these top geniuses. After all, the other party did not want to kill him, but just wanted to teach him some lessons.

If these top geniuses are killed, it will still be quite troublesome in the Ten Thousand Realms Martial Arts Academy.

After all, fighting between disciples is not allowed in the Wanjie Martial Arts Academy.

You can fight with each other and have a fight, but you can never hurt your life.

This is a rule set by the dean of Tianshu himself.

Therefore, those top geniuses only stopped Ye Feng and wanted to teach Ye Feng a lesson, but they did not directly kill Ye Feng.

Because even if they are direct disciples, they must abide by the rules of the academy in the academy.

Ye Feng still wants to practice in the Ten Thousand Realms Martial Arts Academy for a while. At present, he will naturally not violate the rules of the Ten Thousand Realms Martial Arts Academy. He just gives some lessons to the top geniuses and tells them not to provoke him.

However, Ye Feng's patience has its limit.

If those top geniuses still dare to provoke him, then Ye Feng will kill them all even if they violate the rules of the Wanjie Martial Arts Academy.

At this moment, Ye Feng came to the Pill Hall. Without any hesitation, he walked directly into the hall in front of him, then took out his 100,000 reward points and said to the old man behind the counter. : "Elder, I want to use one hundred thousand reward points to exchange for elixirs that can improve my cultivation skills."

When the elder behind the counter heard what Ye Feng said, his eyes suddenly froze, and then he said loudly: "Your aura is very deep, and your talent must be very good. You must directly swallow the pill to improve your cultivation skills." , to improve your cultivation level? This may leave hidden dangers for you in the future."

Ye Feng just grinned at this time and said loudly: "Thank you elder for your concern, but there is no hidden danger for me to swallow the pill."

Hearing Ye Feng say this,

The elder's eyes immediately froze, as if he didn't expect that there would be such an innocent young man in the world, and he thought that there was no hidden danger in taking pills to forcibly improve his cultivation.

The elder couldn't help but shook his head helplessly, and without saying anything more, he directly collected Ye Feng's 100,000 reward points, and began to grab items that could specifically improve his cultivation from the hidden compartment behind the counter. Pill.

Finally, the elder took out a box, which contained seven golden pills, three purple pills, and a white pill the size of a fist.

The elder handed the box to Ye Feng and said aloud: "The elixirs inside are all elixirs that can directly improve your cultivation skills. They are worth 100,000 reward points. You can take it, but I still have to advise. Just tell me, if you can enter our Ten Thousand Realms Martial Arts Academy, you must have extraordinary talent. After all, the entrance examination of our Ten Thousand Realms Martial Arts Academy is very strict, so I don't want to see a genius be wasted by forcibly improving his cultivation. "

When Ye Feng heard what the elder said, he smiled and said: "Don't worry, elder, I understand your kindness, but there is really no hidden danger in taking the elixir."

After saying that, Ye Feng seemed to be afraid that the elder wouldn't believe it, so he simply became depressed on the spot.

He swallowed all the pills in the box.

"Young man, you are too impulsive!"

But seeing this scene, the elder behind the counter couldn't help but exclaimed: "If you eat it like this, you will explode and die."

Uh-huh!

After saying that, the elder immediately rushed in front of Ye Feng, releasing a huge and boundless cultivation momentum, as if he wanted to help Ye Feng suppress the power of this pill.

But at the next moment, the elder's face became extremely shocked.

Surprisingly, after Ye Feng swallowed the pill, three extremely powerful cultivation auras burst out from his body.

Then Ye Feng acted like a normal person and said, "The experience of swallowing pills and improving your skills and cultivation is really good. Thank you to the elder for the pills. The potency in these pills is really sufficient." "

"You actually digest it so quickly?"

The elder behind the counter was immediately shocked. He quickly stretched out a skinny palm, pressed it on Ye Feng's shoulder, and explored it slightly.

The next moment, the elder couldn't help but said in surprise: "There are really no future troubles. Your cultivation skills and aura are still so stable. Your martial arts foundation is as good as a rock. It's amazing, so amazing! This is my first time meeting such a magical young man like you."

After finishing speaking, the elder suddenly smiled and said loudly: "Young man, are you interested in becoming my disciple? I haven't accepted a disciple for ten thousand years, but you have interested me very much. I can make an exception and accept him." You become my disciple, but there are many benefits. I am fully responsible for the entire elixir palace, and I can open a small stove for you and let you take more high-end elixirs for free. "

You haven't accepted a disciple for ten thousand years?

When Ye Feng heard what the elder said, his eyes widened slightly and he said, "The elder has lived for ten thousand years. Is he an ancient strongman from ten thousand years ago?"

Ye Feng suddenly understood that the old guard of the Pill Palace was definitely a super terrifying existence.

It is very possible that he is the kind who looks like an ordinary janitor on the surface, but is actually one of the most powerful top old monsters in the entire Wanjie Martial Arts Academy.

Thinking of this, Ye Feng immediately said: "I wonder what the senior's identity is?"

The elder behind the counter smiled slightly at this moment, squinted his eyes and said: "What am I?"

I don't even remember my identity. It's been too long. I only remember that I seemed to have a title called Dan Lao. Many people called me that. Young man, you can call me that in the future. "

After finishing speaking, this old elixir stared at Ye Feng and said loudly: "So, are you willing to become my teacher?"

Ye Feng thought for a while and said, "I am willing, as long as you give me enough high-level elixirs, senior."

For Ye Feng, becoming a disciple was nothing to do.

If such a cheap master allows him to open a small stove and take the high-end elixirs in the elixir palace.

It doesn't seem to be a big deal to become a disciple of this mysterious old man.

Hearing what Ye Feng said, Mr. Dan immediately laughed happily: "Okay, not bad. I didn't expect that after ten thousand years, I have another disciple. It's good. You just swallowed the pill." After that, your cultivation level went from the sixth level of the Sky and Silence Realm, to the third level in a row, and to the ninth level of the Sky and Silence Realm. Now Master, I will help you. Since your kid can withstand such a huge medicinal power, then Master, I will I'll give you a strong dose of medicine. I'll give you the Shiquan Dabu Dan that I just researched and refined, Master, to see if I can directly accumulate your cultivation level to the Sky-Peeping Realm above the Kongji Realm.

At this moment, Elder Dan was talking and staring at Ye Feng in front of him with a smile, seemingly looking forward to it.

Seeing the smiling smile on Mr. Dan's face, Ye Feng felt a little angry inside. He couldn't help but said: "Master accepted me as a disciple. Could it be that he is specially giving you the newly researched elixir to test?" Medicine?"

Elder Dan quickly shook his head and said aloud: "How could my master do such a wicked thing! Disciple, you have to believe in my master! I am doing it for your own good. The high-level elixir I just researched, Shiquan Dabu Dan, It has not yet been entered into the Academy's Alchemy Palace roster, so I will give it to you in advance. I am really doing it for your own good as a teacher."
